

County Exceeds U. S. Bond Quota

Howard County exceeded its U. S. savings bond sales quota in 1955.

Ira L. Thurman, county and district bond sales chairman, said December sales put the county over the top, with \$60,499 in E bonds and \$54,000 in H bonds.

This boosted the year's aggregate to \$806,885, or 104.8 per cent of the quota.

Howard was the only county in the district to exceed its quota. Mitchell County's total sales were \$276,687, or 91.6 per cent of its quota. Scurry County's total was \$456,440, or 74.8 per cent. There were no reported sales from Borden County.

Thurman indicated Howard County is making a good start on 1956 sales.

New Cotton Makes Mark In Martin

STANTON — The 1517C Acala cotton that zoomed Martin County into a top cotton-producing spot may soon be an obsolete crop.

It is to be replaced in 1956 by a newer variety that will resist angular leaf spot. In trial tests last year the new cotton, now called 1217BR, performed so well that over 90 per cent of farmers growing long staple cotton will plant it next spring.

According to figures collected by County Agent Gerald Hanson, the new cotton outyielded the old, had larger bolls and produced a staple equally as good.

There are two strains of the new cotton, called A and B. From records kept, the B strain produced 18 bolls to the pound, the A required 63, while the older 1517C need 68 bolls to make a pound.

Staple length measured 1.20 inches for the A strain, 1.24 for the B and 1.25 for the older C cotton. There was also a difference in percentage of lint in each pound of seed cotton. It ran 35.6 per cent for the A, 38.6 for the B and 36.4 for the 1517C.

"These figures don't show any big difference," Hanson said. "The main advantage, of course, is that the new varieties resist the leaf spot, or blight, and make a lot more to the acre."

On the George Lewis farm the

rows of 1517C made only 397 pounds of picked cotton while the A was making 599 pounds and the B yielded 615. Results on the farms of B. J. Smith, Elma Nichols, A. C. Powell and Goe Glaze showed yields in about the same proportions.

The new strains were almost completely resistant against the leaf spot. All three types were planted in rows side by side and watered and cultivated in the same way. The 1517C was heavily damaged by the blight, ranging from a 25 to 40 per cent loss. The new strains suffered only a two per cent damage.

"This could have been because the water from the sprinklers dripped or blew over onto the other rows," Hanson said.

The new cotton was developed at Las Cruces, N. M. and Ysleta, Texas, under the supervision of Professor Lester M. Black of the New Mexico A&M College.

According to tests, the B may be slightly better than the A, but unfortunately the seed from it will not be available for another two or three years. There will be plenty of the A seed, Hanson said, and thinks the price will be only slightly higher than the regular 1517C. He is urging that farmers needing seed should get their orders in now.

GOOD GRASS FROM CONTROLLED BRUSH, GRAZING
Marion Everhart and Dick Simpson look over good cover

Brush, Grass Work Bring Good Results

Brush control and deferred grazing have worked wonders on the pastures of the Dick Simpson ranch north of Vealmoor.

Last year, with abnormally heavy rains falling on the range, results were emphasized, but even in the four preceding dry years gains were pronounced.

Simpson, a cooperator with the Upper Colorado Soil Conservation District for many years, launched upon the present program in 1951 when he had the pastures sprayed by airplane to control brush. Each year some additional acres were sprayed so that the entire ranch has now been covered.

Almost all the area has a fine cover of good grasses such as vine mesquite, sidecoats grama, cane bluestem, silver bluestem, white tridens, blue grama, black grama, and buffalo grass.

Simpson is of the opinion that brush control has paid off, but it was the summer practice of very light stocking that gave the grasses the big push toward recovery. Thus, gains were made in 1951-52-53-54, that made it possible to utilize all of 31 inches of rain which fell on the ranch last year.

Although there were some heavy downpours, cover was such that there was little water erosion. Moisture absorption apparently had been increased, and grasses held up during hot spells of the summer due to better cover that re-

duced evaporation and soil heat. The rancher estimated that he is growing more than twice as much grass per acre where brush is controlled than where it was not, even before grazing was deferred during the summer. Since the summer management program paralleled the brush control, results have been about doubled.

BIG SPRING, TEXAS

We Say "FREE!" We Mean FREE!

\$1.00 Box Pile Suppositories

Noted Clinic Makes Most Unusual Offer to Any Afflicted Person—No Coupon—No Charge

There are no "strings"; we don't mean free "with" something! We mean just this: In order to introduce it to anyone who is afflicted with Piles (Hemorrhoids) or any similar rectal condition, the Thornton Minor Clinic will send free on request, a full-size \$1.00 box of 12 (not a mere sample) of Thornton Minor Pile Suppositories—free and postage paid. Send only your full name, age and address. A post card will do. However, this offer is limited and may be withdrawn at any time, so we suggest you write at once. Address Thornton Minor Clinic, 911-S East Lincoln Blvd., Kansas City 9, Mo. This offer is exactly as stated above—no charge no obligation—no bill now or later.

Mitchell 4-H, FFA Stock Show Set Friday, Saturday

COLORADO CITY — Mitchell County's 19th Annual 4-H and FFA Livestock show is set for Friday and Saturday at the rodeo grounds, east of Ruddick Park.

L. M. Hargraves of Texas Tech will judge barrows Friday at 1 p.m. Lambs will be judged Friday at 3 p.m. and calves Saturday at 1:30 p.m.

Cash prizes will be given as well as banners and ribbons for first and second place winners. Prizes and premiums are supplied by the Mitchell County United Fund, which collected \$1,042.93 for the livestock shows at Colorado City, Loraine and Westbrook.

Actress Marries

LAS VEGAS, Nev. (AP)—Singer-actress Janis Paige, 33, has married Arthur Stander, 39, the pro-

ducer of her television show, "It's Always Jan." Dist. Judge Frank McNamee performed the double ring ceremony yesterday. It was the second marriage for each.

Ward Services Set For Friday

COLORADO CITY — Funeral services for James W. Ward, 91, will be held at 2 p.m. Friday from the Kiker and Son Chapel. Ward died Tuesday night. Rev. Rayon Hester, pastor of the Austin Street Baptist Church, will officiate. Burial is to be in the Colorado City Cemetery.

Ward had lived in Nolan County and San Angelo, but moved to Colorado City in 1923. Mrs. Ward died in San Angelo in 1916.

He is survived by six sons, Bill, Grady and D. C. Ward of Colorado City; Homer Ward of El Mirage, Ariz.; J. B. Ward, Glendale, Calif.; and Tode Ward of Salesman, Calif.; two daughters, Mrs. D. T. Shifflet, Sweetwater and Mrs. Rube Belvin of Phoenix, Ariz., and one brother, John Ward of Colgate, Okla.; 25 grandchildren and 36 great grandchildren.

Coed Kiss Downs Civil War Vet

CRESTVIEW, Fla. (AP)—The War Between the States is finally over as far as one of its veterans is concerned. He's been kissed by a Yankee.

William Allen (Uncle Bill) Lundy, surrendering to Northern charm, received the kiss from Miss Terry Broderick, 20-year-old Ohio State coed, at his 108th birthday anniversary party yesterday.

"That's the first time that I know of that I was ever kissed by a Yankee woman," he said. "Liked it fine."

Miss Broderick, whose parents recently moved to Crestview, and blonde Lois Davis, 26, who also kissed the Confederate vet, didn't seem to mind the kissing either.

Miss Davis presented gifts and telegrams. They included 108 silver dollars from Crestview businessmen, and a message from Gov. Leroy Collins.

After eating his favorite meal of fresh pork ham, turnip greens and corn pone, the "right spy" Rebel showed he has forgiven all Yankees.

"I love everybody," he said. "Glad to be here."

Uncle Bill, one of four survivors of the war which ended almost 91 years ago, repeated his recipe for longevity: "Look after your own business, keep away from doctors and look at every pretty girl you see."

Lundy was a member of the home guard at Elba, Ala., in the closing days of the war.

Other Confederate survivors are John Salling of Slant, Va., and W. W. Williams of Franklin, Tex. Albert Woolson of Duluth, Minn., is the only Yankee soldier still living.

Mrs. Luckey Is Real Lucky

SAN DIEGO, Calif. (AP)—Mrs. Doyce D. Luckey was just that yesterday.

Mrs. Luckey, working mother of three children, won the first holiday shopper vacation award, sponsored by downtown merchants. She accepted a check for \$1,000 instead of a two-week expense-paid trip for two to Hawaii.

"I guess we'll just pay bills with it," she said. Mrs. Luckey said neither she nor her husband George, a truck driver, have been lucky before.

CARD OF THANKS—Our sincere thanks to all the kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers, food and other courtesies extended to us during our recent bereavement. Special thanks to the Veterans Hospital staff.

Family of Carl F. Bauer

The modern, fully-automatic way to all-season comfort!

New ALL-ELECTRIC HEAT PUMP

...using only air and electricity!

Now you can enjoy year around central air conditioning that's completely automatic!

The new all-electric Heat Pump both heats and cools from one compact unit that switches automatically from heating to cooling or back again as needed... even within the same day or same hour.

With the Heat Pump there's no manual shut-down or start-up of heating or cooling equipment... no discomfort from unseasonably warm or

cold days. You just set the automatic thermostat once and enjoy perfect indoor climate the year around.

Adaptable to new or existing buildings, the Heat Pump takes up little floor space. In installations now operating in Texas and elsewhere it is providing practical, dependable air conditioning 365 days a year.

For a new experience in carefree comfort, investigate the advantages of an all-electric Heat Pump for your home or place of business.

Get this Free Booklet...

It tells about the Heat Pump... and gives helpful information about all types of electric heating. Phone, write or come by for your free copy soon!

A Bible Thought For Today

And Jesus, when he came out, saw much people, and was moved with compassion toward them, because they were his sheep not having a shepherd: and he began to teach them many things. (St. Mark 6:34)

Editorial

Signs Of Recession Are Missing

If there is any thought of recession or serious "readjustment" in the American economy anytime soon, the bellwethers of industry aren't showing sign of it.

Biggest bellwether of them all is the steel industry, the indispensable ingredient of nearly every segment of the national economy, "without which, not."

Direct Test Is In Order

Five years ago the Texas Supreme Court upheld the state's "right to work" law, adopted in 1947, as constitutional.

U. S. high court should have the facts as developed in Texas before it before deciding.

Walter Lippmann Dulles Article Didn't Tell Whole Truth

There is not as yet available any plausible explanation of why Mr. Dulles chose deliberately to have the "Life" magazine article written about him.

being the first Foreign Minister who has ever wanted to appear more warlike than in fact he was.

The actual condition of mutual deterrent, or military stalemate, was first discerned by Churchill when he learned the results of the hydrogen bomb test.

In Korea, we have guaranteed South Korea against aggression from North Korea and from China.

Now if there is no alternative to peace, then no one can go to the brink of war in the sense that he threatens to go to war.

In sum, the Eisenhower policy in the Far East has operated — as it had to — within the over-all condition of a military stalemate.

Result Of Wednesday's Icy Streets

The icy highways and streets caused more than a dozen accidents in and around Big Spring Tuesday night and Wednesday morning, and one of them involved six parked cars and a truck. The cars parked in front of Mead's Bakery on Gregg Street were jammed together by a large van-type truck, damaging all six cars. The first three were damaged the heaviest, but the last vehicle in the line showed signs of being hit. The back vehicle is shown by the front wheel's snow trail to have been pushed forward the length of the car.

Drought Feed Aid Extension Only To Mar. 15

Due to a misunderstanding of the telegram's wording authorizing Howard County an extension of the emergency drought feed aid program, the extension is only to March 15 instead of April 15, The Agriculture Stabilization and Conservation office has announced. Gabe Hammack, director of the ASC, said that the telegram received Monday stated the extension was for 60 days, but information received Wednesday put the end of the program as March 15. Hammack said the 60-day extension must have meant from the date of the telegram instead of the previous ending of the program. Before the extension was released, the program was to have ended Feb. 15.

Also receiving an extension on the feed relief program were Glasscock and Sterling Counties in this area. Midland, Mitchell, Nolan, Rannels, and Scurry Counties were added to the list for 60 days. All present programs will be ended March 15.

Webb Gets \$90,000 Building Program Share

WASHINGTON (AP)—The military building program submitted to Congress today includes \$90,000 for Texas, with the biggest projects at San Angelo, Wichita Falls, El Paso, Waco and Lubbock. The \$8,802,000 budgeted for work at San Angelo's Goodfellow Air Force Base was the largest. Other big Air Force projects in Texas included those at Sheppard AFB, Wichita Falls, \$6,842,000; James Connally AFB, Waco, \$4,688,000; and Reese AFB, Lubbock, \$4,164,000. The largest Army figure for Texas was \$5,301,000 for Fort Bliss at El Paso.

TWO PLACES HIT Authorities Hold Burglary Suspect

Police today reported four thefts, a burglary, and an assault. H. C. Megason of Colorado was hospitalized at Cowper Clinic with knife wounds on the hand and thigh. His condition was described as satisfactory this morning. Police said the incident apparently occurred at the Top Hat cafe. The man gave a description of the person, who assaulted him and an investigation is being conducted.

Payments Of Poll Tax Now Lagging Behind 1952 Rate

Sale of poll tax receipts were dropped below the comparable date of 1952 today. Previously, this year's total had topped 52% tabulation on comparable dates since sales began. Today's tabulation showed a total of 4,904 persons have either paid their poll tax or filed for an exemption. In 1952—the last presidential election year—the total was 5,020 for Jan. 19.

Rail Chief Cites Commuter Criticism In His Resignation

NEW YORK (AP)—Patrick B. McGinnis says he is quitting as head of the New Haven Railroad and cites "unprincipled and unbridled" commuter attacks on him as the major reason for stepping down. McGinnis, fiery, self-made financier, announced last night he has called a special meeting of the line's Board of Directors here tomorrow "for the purpose of resigning as president."

More Accidents Blamed On Ice

Police reported five more accidents as a result of the snowfall occurred Wednesday morning and during the early afternoon. Billy Jack Ivry, Menard, and James Samuel Roberts, Saginaw, were in collision at Rannels and Third. Otto Fred Zedlitz, Tahoka, and Avery Wheat, Tucson, were involved in a mishap at the same intersection.

Three Teachers At Lamesa Leave Staff

LAMESA—C. W. Tarter, superintendent of schools at Lamesa, announced the resignation of two North Elementary and one Central Elementary teachers. They are Mrs. A. L. Ledbetter, who is moving to Tahoka; Mrs. Joe Vernon, who is going to Menard to join her husband, and the Rev. Joe Vernon, who was pastor of the Midway Baptist Church here. The other resignation was Mrs. Winford Drake, who is retiring.

Fairris Funeral Awaits Relatives

15-Year Term Meted Out In Van Robbery

CANTON (AP)—A 15-year prison term was meted out to Jesse Mullins, 31, after he was convicted yesterday of robbing the First State Bank of Van of \$9,000.

EXCEED GOAL Gifts To TB Fund Reach \$4,433.12

Purchases of Christmas seals and other contributions to the Howard County Tuberculosis Association now total \$4,433.12. A few contributions still are coming in. The \$4,433 includes \$3,966.79 from sale of the Yule seals by mail, \$464.58 from sale of TB bangles in the public schools, \$167.68 from bangles booths and \$254 from the Elbert Hotel house showing. The total exceeds the \$4,000 goal set by the organization at the start of the fund raising effort in November. It is \$838.30 above last year's \$3,594.82 in contributions.

LETTER TO EDITOR Urges Vote For County Tax Change

To the Editor: A good many years ago the old timers in Texas voted for and adopted an amendment to the constitution of Texas authority for the Commissioners Court to order an election to give the people an opportunity to vote for the re-allocation of funds. Howard County's general fund has to have more money to meet the needs of modern day government. Re-allocation will solve the problem without the necessity of raising the valuations; raising the valuations would make it more burdensome on the taxpayer, therefore re-allocation is the answer.

HCJC Students Entertain Lions

Three Howard County Junior students entertained the Lions at the regular weekly meeting of the club in the Settles Wednesday. Members of the club also received their tickets for the ninth annual Lions Club minstrel show which will be held Feb. 16-17 in the municipal auditorium.

Phillips No. 1 Special Makes Barrel Of Oil, Water On Test

Phillips No. 1 Special, Big Spring (Fusselman) field project, made a barrel of oil and eight barrels of fresh water after swabbing three hours Wednesday. The project is shuttin now after operator treated with acid.

Former Resident Killed In Wreck

Mrs. Cora Dell McDonald, 55, of Crane and formerly of Big Spring, was killed instantly Wednesday in a crash resulting from icy roads. Killed with her when their car skidded into the path of an oncoming oilfield truck seven miles south of Odessa on State 51 was her mother, Mrs. Mary Eva Fogle, 78, Graham, Okla.

Webb Entertainer To Get Discharge

A. I. C. William M. Bodner, popular entertainer at Webb Air Force Base, was leaving the base today. He will receive his discharge from the Air Force in a few days and plans to return to his home in Cleveland, O.

Employers Reminded Of W-2 Deadline

Employers were reminded today that the deadline for issuing W-2 withholding statements to employees is Jan. 31, according to Ben Hawkins of the Internal Revenue Service office in Big Spring. If it becomes necessary to correct a W-2 after it has been given to an employee, a corrected statement must be issued and marked "corrected by employer."

Supplies Now Ready For Saturday Vote

With the arrival of printed ballots, all equipment for Saturday's election is ready for the various presiding judges. The ballots arrived this week, and the voting boxes are prepared and marked for the voting places. Mrs. Pauline Petty, County Clerk, reported this morning that the presiding judges of the boxes may pick up their supplies immediately.

Accident Prevention Certificates Given

Accident prevention certificates are being presented to 30 pupils at Washington Place School who have completed the Junior Red Cross's accident prevention course. As a part of their school work, the pupils studied recognition of hazards in and around the home, school, playgrounds, and streets. They also made workbooks of stories of accidents and made recommendations of how the mishaps could have been prevented.

Has Foot Injury

A. J. Beaudreau, an oilfield worker, was hospitalized at Cowper Hospital during the night with an injured foot. Attendees said x-rays were made of the limb this morning and a report on his condition will be made later today.

Jess Talkin

by Jess Blair

Some more irrigation wells are slated for Howard County. Jack Buchanan has bought a 320-acre farm just north of the Underwood place near the Luther Post Office, and plans to put down some wells.

The nearest well on the Underwood farm pumps about 70 gallons per minute, and Buchanan plans to drill about three if he finds water. However, he doesn't intend to use them for cotton, but will plant some kind of permanent pasture. He has a small herd of cattle but no grass, and thinks this might be a better bet than raising cotton with the water.

Buchanan bought the farm from Mrs. Leona Smith, and moved his family to it recently.

Several farmers say that little irrigation wells will pay off about as well as the big ones. Mainly it is because the farmer can give his crop better attention, do all the work himself and not be out so much money in making a crop.

At a Martin County irrigation school recently, Bob Thurmond, state irrigation specialist with the Extension Service, told about a man near Tahoka who had a 26-gallon well. He irrigated five acres of cotton and made seven bales on it.

Several good wells have been brought in north of Lamesa within the last few weeks. Art Davidson, farming in the Welch community, has one that will fill a 10-inch pipe.

Davidson says everyone in his community is interested in irrigation. With cotton allotments cut so low, farmers just can't grow enough on dryland to make a profit.

The sandstorm season is just around the bend. Despite the prospect of another dust bowl farther north, the outlook for this area is not so gloomy. According to information gathered by the Soil Conservation Service, Howard County has nearly 42,000 acres of cropland that is adequately protected by crop residues and a cloudy surface condition. There are also 146,000 acres not so well protected. This is cotton land or feed land where the stubble is too short to hold back the sand.

There is about 85,000 acres of rangeland that is in such poor condition that a little blowing might occur. The other 286,000 acres have at least a turf of grass, even though it may not be high enough for livestock to graze.

The same general conditions prevail in Martin and Dawson counties, says W. S. Goodlett, a conservationist. In his 12-county area conditions are better than they were a few years ago. Some blowing is expected, but it shouldn't reach the intensity of 1952 and '53. He says some of the worst blowing thus far has been on good land instead of the loose, sandy fields.

It is calving time on many of the ranches, especially among the breeding herds. Ranges in the south part of the county are in poor condition, according to County Agent James Taylor, but grass made some recovery in other parts of the county.

There hasn't been much change in livestock numbers. A few were bought to put on stubblefields. Most owners are feeding grain cubes or silage, particularly where they have mother cows. Taylor says a most of the cattle he has seen lately are in good condition.

The announcement that a caged-bird project will be started near Stanton has created a lot of interest, says C. J. Chapman, Stanton feed dealer, whose company will sponsor the program. Chapman said several farmers from Knott had come to see him about it. They are interested in putting in caged houses to supplement the uncertain crop income.

Chapman says as soon as the company district representative can come out, he will call a meeting of farmers. He has also asked us to carry the announcement in this column as soon as the date is decided upon.

A few days ago we dropped in on Judge Jim McCoy of Stanton to find out the latest official news. The judge didn't have any news. He said only two men had come into his office since Christmas and neither of them knew anything.

Tommy Newman, farming in the Lomax community, made 34 bales of cotton from a 37-acre field. He had enough extra pounds in the bales to add another two or three bales if they had been counted at 500 pounds.

Newman had two small wells making about 150 gallons each which he used until well up into the growing season. Then one sanded down and he finished the crop with the other one.

He didn't use any fertilizer at all, but says it probably cost him money by not doing so. This year he intends to fertilize all the cotton land. In his field he had both the long staple 1517C and the shorter staple Lankard. He thinks

Prison To Be Used In Delinquency Fight

BOSTON (AP)—Authorities hope to curb crime and juvenile delinquency in Massachusetts by taking school children on guided tours of the dingy, 150-year-old State Prison at Charlestown, now being abandoned.

Correction Commissioner Russell G. Oswald said yesterday "any youngster, no matter what his background, should be profoundly impressed by what he sees at Charlestown."

Another Atomic Test Is Disclosed

LAS VEGAS, Nev. (AP)—The first in a series of Atomic Energy Commission tests was conducted yesterday. It was presumed a small atomic device was detonated, but the AEC declined to disclose the nature of the explosion.

No atomic cloud was visible in Las Vegas, 75 miles southeast.

The AEC announcement said only that the "test resulted in a detonation of low explosive force, creating a small low altitude cloud bearing minute amounts of radioactive debris. No offset radiological problems are expected."

The tests have been delayed several times because of weather. The AEC is trying to determine the sensitivity of atomic devices to accidents during storage or handling.

ROBBER HAS A KIND HEART

DENVER (AP)—One of the two men who held up Bill Sparks was more kind-hearted than his partner. Sparks said the man who held the gun was so irritated at finding Sparks' wallet moneyless that he threatened to shoot him in the leg. But the gunman's companion talked him out of it and they vanished.

Jap Kills Father For Keeping Girl Friend

KARASUYAMA, Japan (AP)—Police said farmer Noboru Suzuki, jailed on a murder charge, confessed today that he had beaten to death his 79-year-old father "because he had a girl friend my age and kept seeing her on the sly."

Drivers Strike Hope Is Seen

NEW YORK (AP)—Mayor Robert F. Wagner says he has "high hopes" that the city's coal and fuel oil drivers' strike will be settled today.

Hugh E. Sheridan, chairman of a mayor's citizens committee, said last night the 300 struck companies had submitted a new offer of a 27 1/2-cent-an-hour package.

Wagner asked the teamsters union to give the offer its most serious consideration. He cited reports yesterday that some multiple dwellings would begin to exhaust their fuel in 24 hours, with hundreds of others running out of supplies "from hour to hour from then on."

The union said it would resume negotiations at 11 a.m. today.

Toronto Girl Is Strangled, Raped; No Clues Are Found

TORONTO (AP)—A 13-year-old girl returning home from a dancing lesson was throttled with her own scarf, raped and dumped on a deserted waterfront street corner last night. It was the latest in a rash of sex crimes in Ontario province.

Four hours after Linda Lampkin left the dancing school, a passing fuel truck driver, Douglas Judges, discovered her body sprawled across a curb. The knotted green scarf cut a quarter-inch into her neck.

"There wasn't a clue around," said one police official. "We'll have to start from scratch."

Police are still seeking the man who raped 5-year-old Susan Cadieux and left her to die of exposure in a London, Ont., lumberyard Jan. 6. Four rapes have been reported in Hamilton since just before Christmas.

Ontario Coroner Smirle Lawson said Linda had been strangled before she was raped. He added that she apparently was tossed from a car as it was driven along the well-lighted but lonely street.

The pretty brunette was still wearing the brown coat, brown skirt and pink V-necked sweater in which she had left her home about 5:30 p.m. She joined nine other girls in her class in the school, in midtown. None of them saw her after she left for home at 7:30 p.m.

Relieve Bladder Irritations—Get Comfortable Again

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today.

Modernize Your County's Financial System

With A

VOTE FOR

The Tax Reallocation Proposal Saturday

The county-wide election on Saturday is simply on this proposition: To give the County Commissioner's Court authority to reduce tax allotments by a total of 15c from three of its funds, and to increase the allotment to the General Fund by the same 15c.

This is necessary because the General Fund is running "in the red." The other funds — Jury, Road & Bridge, and Permanent Improvement — have surpluses. It takes your approval to make necessary transfers.

The tax total remains the same. Other funds will still be adequate to meet all requirements. The General Fund gets the share it needs.

This Does NOT Raise Your Taxes

The proposal Saturday does NOT affect your current tax rate and IT AUTHORIZES NO INCREASE IN TAXES. ON THE CONTRARY, FAILURE TO REALLOCATE COULD CONCEIVABLY MEAN A HIGHER TAX BILL, BECAUSE IF THE GENERAL FUND CANNOT BE REPLENISHED FROM CURRENT TAXES, THE NECESSITY OF INCREASING VALUATIONS MIGHT OCCUR.

FOR BETTER COUNTY GOVERNMENT . . . FOR HONEST, PRACTICAL FINANCING . . . FOR TODAY'S FISCAL REQUIREMENTS . . .

VOTE FOR TAX REALLOCATION

Your Last Year's Poll Tax Receipt Is Good . . . Only Property-Owning Taxpayers Eligible To Vote . . . Polls Open 8 a.m. to 7 p.m. At The Customary County Election Boxes.

Pro Football Clubs Draft 360 Players

LOS ANGELES (AP)—National Football League coaches and executives have tapped the college ranks for 360 players, most of them eligible for service next fall, and some for delivery in 1957.

East Scores On 17-Yard Pass

End Pete Pihos (83), of the East team, leaps high into the air under the foot posts to catch a pass thrown from the 17-yard line to score a touchdown in the sixth annual All-Star Pro Bowl game in Los Angeles.

LOOKING 'EM OVER

With Tommy Hart

The hottest basketball player in the West Zone could well be a professional baseball player by the name of Bob Dunn, who piles his trade for the Frank Phillips entry of Berger.

Dunn recently scored 44 points in a conference game against Clarendon. Earlier, he put together 14 field goals and eight free pitches for a total of 38 points in a contest against Trinidad, Colo.

Bob probably won't emerge as the leading scorer in the zone, however, because the Plainsmen play fewer games over the season than other league clubs.

More good reports are coming in on Jim Knotts, the HCJC ex who was supposed to go to Texas Tech but instead wound up at Louisiana Tech.

Jim chose the Ruston school for two reasons, (1) it is near his home at Doyline, and (2) he was assured of three additional years of schooling there, the last of which he will serve as a part-time coach and will work toward his master's degree.

Through Louisiana Tech's first ten games, Jim averaged 11 points a game. He was second to Raymond Germany, an all-state player from Holly Ridge, La., as a rebounder on the squad. At least four times he scored in the 20's.

Against Arkansas Tech, which beat Louisiana Tech, 79-71, Knotts wound up with 17 points.

Another HCJC ex, Charles Warren—who played high school ball here—gets out of the service in the early summer and is planning to return to Texas University, where he lettered as a basketball player a couple of years ago.

Charley, they tell me, will probably be playing under a new coach. Slue Hull's health is falling so fast he reportedly will probably step down soon. Slater Martin will probably get the job.

Bobby Maines, still another HCJC ex, continues to impress West Coast observers with his basketball play. He's performing for the Marine Recruit Depot outfit in San Diego.

They tell me Bobby has been offered four years of schooling at a California college, if he'll stay out there. Brigham Young at Provo, Utah, is also trying to land Maines.

Odessa JC's Wranglers are supposed to pick up a transfer from the freshman team at TCU at mid-term. He is the 6-foot-5 Roy Davis. Duane Jeter, 6-6, is due to rejoin OJC then, too.

The Hannibal-LaGrange JC team (of Missouri) mentioned here recently scored 145 points in one game this year. The Trojans have been averaging a little better than 100 points a game.

The nicest tribute I've heard paid to Coach Harold Davis of HCJC was by an ex-player who went off to another school and performed under another mentor whose gym demeanor isn't exactly exemplary. At the time, the player himself was planning a coaching career.

Field Of 121 Starts Play In Tampa Women's Tourney

TAMPA, Fla. (AP)—A field of 121 began play today for the Tampa Women's Open Golf Tournament championship left undefended by the great Babe Zaharias.

A field of 121 began play today for the Tampa Women's Open Golf Tournament championship left undefended by the great Babe Zaharias.

Mrs. Zaharias, a three-time winner of the 72-hole tournament, is in a hospital at Galveston, Tex., for treatment after her second attack of cancer.

The other leading women pros were shying clear of the favorite's role—so much so that they have not been reporting practice round scores for fear they would be put on the spot.

The logical successor to the Babe as the favorite would be Louise Suggs, who won the \$5,000 event twice and was only a stroke behind her last year. Miss Suggs always has scored well at the tricky, well-trapped Palm Course and shares the tournament record of 288 with Mrs. Zaharias.

In a tribute to Mrs. Zaharias, the Ladies Professional Golf Assn. announced it will award annually the "Babe Zaharias Golfer of the Year Trophy."

Nellie Fox Signs

CHICAGO (AP)—The Chicago White Sox today had one of their key performers, second sacker Nellie Fox, under contract for 1956 at a substantial salary increase.

Tarheels Upset NS State Quint By 73-69 Tally

By BEN OLAN
By The Associated Press
North Carolina pulled off one of the year's biggest basketball upsets last night.

The Tarheels, using only one substitute—and he didn't score—gained sweet revenge by whipping third-ranked North Carolina State 73-69. The Wolfpack had walloped North Carolina 82-60 in the finals of the Dixie Classic last month.

The Tarheels now have a 13-2 record for the year and their league-leading Atlantic Coast Conference mark is 8-1. Coach Frank McGuire's lads were No. 5 in the latest Associated Press poll.

Dayton's nation's second-ranked team behind San Francisco, continued unbeaten by walloping Villanova 71-50 for its 13th victory of the campaign.

In other games, Louisville, No. 10, dumped Memphis State 85-75. Louisville beat DePaul 89-71. West Virginia defeated Pitt 84-70. Georgia Tech knocked over Furman 85-75 despite Darrell Floyd's 36 points. And Columbia trampled Yale 80-54 in an Ivy League tilt.

Lennie Rosenbluth, North Carolina's sharp-shooting junior, led his team with 23 points although high man for the night was State's Ron Shaivlik with 26. The Wolfpack, who are 12-2 for the season, almost tied the game in the closing seconds but Carolina's Jerry Vayda deflected Rosenbluth's shot which would have made it 71-71.

Midway examinations will leave first place in the ACC unchanged until Feb. 4 when the Tarheels take on Duke's Blue Devils, who are runners-up with 6-1.

Dayton's Flyers had some trouble from Villanova's zone defense early in their game, but they forged ahead 13-12 and never were headed. Bill Uhl of Dayton paced the scorers with 19 points.

Louisville had to come from behind to pick up its 14th victory in 15 games. Trailing 21-13, Louisville capitalized on its superior height and a series of field goals by Charley Tyra. Jim Morgan and Herb Harrah to forge ahead 47-41 at the half.

Grady Smith was the big gun as St. Louis grabbed a 22-2 lead over DePaul and breezed in. He wound up with 29 points.

Cosden registered scores of 71-2257. Dot Cauble posted high individual game, 186. Olive Cauble and Sugar Brown tied for second, 184 each.

Brown posted 502 for top aggregate, followed by Olive Cauble's 493.

Pinkie's remained in the running with a 2-1 victory over Schlitz. Pinkie's recorded scores of 807-2194.

Marion McDonald had high singles and second high aggregate, 172-469. Frances Glenn finished with the next best one-game effort and the top total, 170-464.

ACKERLY (SC) — Ackerly's Eagles won their first conference basketball game in four starts by whacking Loop, 50-49, here Tuesday night.

The Longhorns trailed by six at six points late in the contest but whittled it to one just before the end game.

Joe Cook waxed warm for Ackerly, scoring 20 points. Robert Taylor counted 12. James Savell ten and Jerry Hall eight for the winners.

For Loop, Hallbrook tallied 17, Faulkenberry 15, Floyd eight, Henry five and Smith four.

Ackerly trailed at the end of the first period, 11-10, and the half, 25-20. After three rounds, Loop's advantage had been sliced to 39-38.

Loop won the girls' game, 45-40, to take exclusive hold on first place in district standings. Loop is undefeated in four starts.

Wanda Williams kept Ackerly in contention with 21 points. Dorothy Williams counted 17 and Patricia Iden two.

Akins Will Scrap Cook In Dallas

DALLAS (AP)—Virgil Akins of St. Louis, Mo., ranked sixth among welterweights by Ring Magazine, will meet Clarence Cook of Bastrop, La., in a 10-round main event here tonight.

Akins arrived here yesterday in time for a brief workout.

After seeing Akins in a television fight a few months ago, Cook said he could "whip 'em both," but he is still a heavy underdog for the fight.

Ex-Deacon Coach Seeks SMU job

DALLAS (AP)—Woodward Methodist Head Coach Woody Woodward has interviewed a second prospect for the backfield coaching job vacated by Bo Hagan. He is John (Red) Cochran, recently resigned Wake Forest backfield coach.

Saddler Sets His Sights On Lightweight Crown

SAN FRANCISCO (AP)—Ringwise Sandy Saddler, his world featherweight crown still intact although somewhat battered, set his sights today on a crack at the lightweight title.

The 32-year-old Saddler, trailing by one point on all three official scorecards after nine rounds, retained his 126-pound championship with a technical knockout of Filipino Flash Elorde at 59 seconds of the 13th round last night.

The game little challenger, who weighed 125 pounds to Saddler's 126, suffered the cut in the eighth round that he could have gone on.

The crowd, almost 100 per cent on his side, boomed lustily when Flores' decision to stop it was concurred in by ring physician Dr. Robert Laddon.

"I finish strong," Elorde declared in his dressing room. "The eye was not bothering me. He never did hurt me."

Dr. Laddon disagreed on his third look at the cut. Twice previously—in the 10th and 11th rounds—Flores had stopped the action for an examination and both times Dr. Laddon sent Elorde back. In the 13th, at the obviously worried Flores' request, he called a halt.

Saddler, whose infighting tactics brought frequent boos from the crowd, took full advantage of the bleeding cut to swing the fight in his favor.

Elorde's manager Lope Sarreal declared, "We would like to fight Saddler again but I don't believe he'll agree to it because Elorde is too good."

Elorde was awarded a 10-round non-title decision over Saddler in Manila.

Saddler said he'd like a crack at Wallace "Bud" Smith's lightweight crown and his manager Charley Johnston agreed it was a good idea.

"No featherweight can punch with Sandy," Johnston said. "He's as strong as any welterweight."

The approximately 5,000 who saw the bout paid \$28,273. Saddler had a \$25,000 guarantee. Elorde's take was not estimated.

Other new hurlers include Marlon Murzewski, 9-14 at Indianapolis; Stan Pittala, 14-7 at Tulsa; Dick Tomanek, 7-13 at Indianapolis and 22-year-old Wilbur Striker, 5-4 with three clubs.

Three outfielders, four infielders and two catchers comprise the rest of the rookies crew. The players figured most likely to stick is Rocky Colavito, a 22-year-old St. Louis outfielder born in the Bronx, not far from where Greenberg was raised. Hank is very green on the kid.

BALTIMORE (AP)—Roger Maris and Gordon Soder, two 18-year-old pitchers, today returned their contracts to play for the Baltimore Orioles next season.

STANTON (SC) — Dr. Pepper Bottling Company is now leading the City Basketball League standings here, with a record of three wins in as many starts.

Billington Motor Company has a 2-1 win-loss record, followed by Stanton Walgreen, 1-2; and Friendly Food, 0-3.

The four teams start their second of three round-robins of play Saturday night, Jan. 28, in the Stanton High School gym.

Badgers, Plainsmen's Bob Dunn Dominate Statistics

Amarillo College and Bob Dunn of Frank Phillips of Border are dominating overall play among region five basketball teams.

The figures, prepared by Hank Brown of Amarillo, involve games against junior college competition, exclusively. Contests against college B or freshman teams, of course, do not count.

Amarillo won 127 of its first 14 starts, scoring 1,027 points to 874 for the opposition.

Dunn, Frank Phillips sophomore, averaged 34 points a game in his team's first four starts. His best effort was against Clarendon on Jan. 12, when he tossed in 44.

The figures, prepared by Hank Brown of Amarillo, involve games against junior college competition, exclusively. Contests against college B or freshman teams, of course, do not count.

PHILADELPHIA (AP)—Panchito Gonzales' lead over Tony Trabert stood at 13-6 in their pro tennis tour today after giving a stunning demonstration of baseline shooting.

Trabert was able to handle Gonzales' usual big service, but he couldn't match his accuracy as Panchito swept to a 6-4, 6-4 win before 2,823 at the Arena last night.

In other matches Rex Hartwig defeated Panchito Segura 8-2 and Trabert and Hartwig took a doubles match from the two Panchos 6-2, 6-2.

Several of those who have inquired into the sale of the club have mentioned Veck's name," Briggs said. "It seems odd to me that he should be mentioned by several groups, and not just one."

When the sale of the Tigers is eventually completed, Briggs said it probably will mean the end of his job as president of the club.

"There is no time limit on the sale of the club," Briggs said. "It could happen this year, or next year, or even in 1958."

Briggs said that, thus far, there have been 25 "inquiries" into the sale of the club.

He said the name of Bill Veck, former owner of the Cleveland Indians and St. Louis Browns, keeps popping up.

Rotary Favored In Tournament

STANTON (SC) — The Rotary Engineers of Midland are favored to win championship honors in the City Basketball League Tournament, which gets under way here this evening and continues through Saturday night.

All eight teams entered in the meet see action this evening.

First round pairings: Billington Motor Company, Stanton, vs. Rotary Engineers, Midland, 6 p.m.; Friendly Food, Stanton, vs. Stanolind Oil and Gas Company, Midland, 7 p.m.; Dr. Pepper Bottling, Stanton, vs. Shell Oil Company, Midland, 8 p.m.; and Stanton Walgreen vs. James Motor Company, Midland, 9 p.m.

Second round games in the championship bracket take place at 5 and 6 p.m. Saturday. The title will be on the line at 8 p.m. Saturday.

Consolation semi-finals are booked for 3 and 4 p.m. Saturday while the consolation finals go on at 7 p.m. Saturday.

FORSAN (SC) — Junior High School boys' and girls' basketball team representing Forsan will play in Garden City Friday afternoon. The girls' game starts at 1 p.m.

THE HAMBLETONIAN SOCIETY and Bill Case announced 78 top 3-year-olds have been kept eligible at \$25 each as of Jan. 1 for the 31st sulky derby at Good Time Park Aug. 8. A final starting fee of \$1,000 must be paid 48 hours before the big event, and it is estimated the gross purse will hit \$90,000.

PHILADELPHIA (AP)—Panchito Gonzales' lead over Tony Trabert stood at 13-6 in their pro tennis tour today after giving a stunning demonstration of baseline shooting.

Trabert was able to handle Gonzales' usual big service, but he couldn't match his accuracy as Panchito swept to a 6-4, 6-4 win before 2,823 at the Arena last night.

Briggs said that, thus far, there have been 25 "inquiries" into the sale of the club.

He said the name of Bill Veck, former owner of the Cleveland Indians and St. Louis Browns, keeps popping up.

New Pitchers To Be Brought Up By Indians

By JOE REICHLER
NEW YORK (AP)—The Cleveland Indians, who failed to produce a 20-game winning pitcher for the first time since 1945 last season, have taken the hint. They are bringing ten younger hurlers to their spring training camp in Tucson, Ariz., next month.

Hank Greenberg, the astute general manager, realizes as well as anyone else that age has caught up with his once-famed Big Four. Halit of Fame candidate Bob Feller, now 37, has been reduced to a once-a-week performer; Bob Lemon is 35, Early Wynn is 36 and Mike Garcia is 32. It would not surprise too many folks if the 22-year-old Herbie Score, last year's rookie sensation, takes over as the staff's No. 1 pitcher this year.

There are no new Fellers, or even a Score, among this year's rookie crop, but two or three may have a chance to stick. Those with the best chance appear to be Hank Acquire, a 24-year-old southpaw; and righthanders Bud Daley, 23, Cal McLish, 30, and Dolan Nichols, 25. A dark horse may be Ed Gasque, a returning serviceman who divided 14 decisions with Tulsa and Indianapolis last year. The 24-year-old righthander from Dade City, Fla., broke in sensationally with the Gavilanes Club of the Occidental League this winter with two successive shutouts.

The only 20-game winner of the lot is Don (Magic) Minnick, a slender 6-3 righthander, who pitched the Reading club to the Eastern League pennant. The 24-year-old Virginian hurled 20 complete games in posting a 20-4 record, but observers say he doesn't have the necessary fast ball to make it in the big time. A number of his complete games were attributed to his prowess as a batter. He hit over .300 and never had to be taken out for a pinch hitter.

Daley, purchased from Sacramento, comes up with a well-recommended 18-16 record that includes 18 complete games and 118 strikeouts in 259 innings. Acquire had a mediocre 11-9 record at Indianapolis but looked impressive in several outings with the Indians last September. McLish, who was up with Brooklyn briefly about a dozen years ago, was purchased from San Diego where he had a fine year. He won 17 games, hurled 233 innings and completed 21 of 28 starts. Nichols was 17-15 at Tulsa.

Other new hurlers include Marlon Murzewski, 9-14 at Indianapolis; Stan Pittala, 14-7 at Tulsa; Dick Tomanek, 7-13 at Indianapolis and 22-year-old Wilbur Striker, 5-4 with three clubs.

Three outfielders, four infielders and two catchers comprise the rest of the rookies crew. The players figured most likely to stick is Rocky Colavito, a 22-year-old St. Louis outfielder born in the Bronx, not far from where Greenberg was raised. Hank is very green on the kid.

BALTIMORE (AP)—Roger Maris and Gordon Soder, two 18-year-old pitchers, today returned their contracts to play for the Baltimore Orioles next season.

STANTON (SC) — Dr. Pepper Bottling Company is now leading the City Basketball League standings here, with a record of three wins in as many starts.

Billington Motor Company has a 2-1 win-loss record, followed by Stanton Walgreen, 1-2; and Friendly Food, 0-3.

The four teams start their second of three round-robins of play Saturday night, Jan. 28, in the Stanton High School gym.

PHILADELPHIA (AP)—Panchito Gonzales' lead over Tony Trabert stood at 13-6 in their pro tennis tour today after giving a stunning demonstration of baseline shooting.

Trabert was able to handle Gonzales' usual big service, but he couldn't match his accuracy as Panchito swept to a 6-4, 6-4 win before 2,823 at the Arena last night.

In other matches Rex Hartwig defeated Panchito Segura 8-2 and Trabert and Hartwig took a doubles match from the two Panchos 6-2, 6-2.

Several of those who have inquired into the sale of the club have mentioned Veck's name," Briggs said. "It seems odd to me that he should be mentioned by several groups, and not just one."

When the sale of the Tigers is eventually completed, Briggs said it probably will mean the end of his job as president of the club.

"There is no time limit on the sale of the club," Briggs said. "It could happen this year, or next year, or even in 1958."

Briggs said that, thus far, there have been 25 "inquiries" into the sale of the club.

He said the name of Bill Veck, former owner of the Cleveland Indians and St. Louis Browns, keeps popping up.

Several of those who have inquired into the sale of the club have mentioned Veck's name," Briggs said. "It seems odd to me that he should be mentioned by several groups, and not just one."

When the sale of the Tigers is eventually completed, Briggs said it probably will mean the end of his job as president of the club.

"There is no time limit on the sale of the club," Briggs said. "It could happen this year, or next year, or even in 1958."

Briggs said that, thus far, there have been 25 "inquiries" into the sale of the club.

Podres Signs For Big Raise

BROOKLYN (AP) — Winning two games in the World Series, including the deciding "meat I had graduated," says Johnny Podres.

"To me it meant that I had arrived as a pitcher," said the 23-year-old Brooklyn southpaw today. "I knew I had graduated from being just a thrower to a pitcher. There's quite a difference."

"I'm sure sure was Johnny's big win brought the Dodgers \$9,768 each against the Yanks' \$5,508 for the series. Podres found a nice raise in the 1956 contract he signed Wednesday, boosting him to about \$15,000.

"If I can handle my change-up like I did against the Yankees, I'll have a real big year—if I'm not in the Army," said Podres.

The stocky left-hander's control of his change of pace pitch gave him the final piece of equipment he needed to become one of baseball's outstanding hurlers. He has plenty of speed and a good curve.

The changeup kept the Yankee batters off-stride and Johnny hopes to do the same in his own league this year if Uncle Sam doesn't call him up.

STANTON (SC) — Dr. Pepper Bottling Company is now leading the City Basketball League standings here, with a record of three wins in as many starts.

Billington Motor Company has a 2-1 win-loss record, followed by Stanton Walgreen, 1-2; and Friendly Food, 0-3.

The four teams start their second of three round-robins of play Saturday night, Jan. 28, in the Stanton High School gym.

PHILADELPHIA (AP)—Panchito Gonzales' lead over Tony Trabert stood at 13-6 in their pro tennis tour today after giving a stunning demonstration of baseline shooting.

Trabert was able to handle Gonzales' usual big service, but he couldn't match his accuracy as Panchito swept to a 6-4, 6-4 win before 2,823 at the Arena last night.

Youths On Line

BALTIMORE (AP)—Roger Maris and Gordon Soder, two 18-year-old pitchers, today returned their contracts to play for the Baltimore Orioles next season.

STANTON (SC) — Dr. Pepper Bottling Company is now leading the City Basketball League standings here, with a record of three wins in as many starts.

Billington Motor Company has a 2-1 win-loss record, followed by Stanton Walgreen, 1-2; and Friendly Food, 0-3.

Pay Poll Tax By Mail!

APPLICATION FOR POLL TAX OR
CERTIFICATE OF EXEMPTION:

Overage exemptions must be secured each and every year between October 1 and January 31 of the following year.

You may pay your Poll Tax by Mail by filling out the following form:

TO VIOLA H. ROBINSON,
Assessor and Collector of Taxes,
Howard County, Texas.

I hereby apply for Poll Tax Receipt or Exemption Certificate, and by this instrument furnish you the information to enable you to prepare such receipt.

Name

Home Address

Age years; Resident in Texas years;

in Howard County years; and city of

..... years. Native born

Naturalized; Alien

If exempt from poll tax give reason, or birth date

(SEAL) Signed

Sworn to and subscribed to before me this the

day of 19

Signed

To obtain a poll tax receipt fill out the above form and mail it to the assessor-collector's office with \$1.75 for each poll tax. No fee is required for exemption. Exemption certificates are required to be renewed annually. Twenty-one-year-olds are required to obtain exemptions regardless of where they live. Overage persons living outside city limits are not required to obtain exemption.

You are entitled to an exemption if you became 60 years of age before January 1, 1955, or if you became 21 after January 1, 1955, or if you will become 21 years of age 30 days prior to an election.

Either the husband or the wife may sign this affidavit for both. Fill out carefully and write plainly. You will not receive a voting certificate if your letter is postmarked after January 31, 1956.

Hardpan-Cutting Legume To Be Tried In Area

A legume with a tap root capable of penetrating hardpan will be grown experimentally by several farmers in this area this summer.

The crop is Sesbania. Officials of the Martin-Howard Soil Conservation District said some seed would be available for trial plantings. The agricultural conservation program in Howard County includes Sesbania in the list of summer legumes eligible for conservation payments retreating up to 50 per cent of the cost of seed.

Sesbania is a native to the United States and has been grown for years in other areas of the South. It is, however, relatively new to this area. Last year plantings were made by Cecil Brashear east of Lubbock and on the J. S. Bridwell farm near Crosbyton. In both instances plantings were dryland, affording a summer test that indicated ability of the plant to take drought and heat.

These particular plantings attained an average height of five feet and had good noderation on the root system. A yield of 200 to 300 pounds of seed per acre was considered average, with much higher yields possible in favorable seasons. Studies in these areas will be continued to determine what, if any, effect will be had on crops following Sesbania. Moisture penetration following planting of Sesbania, apparently was stepped up.

The crop offers some advantages over cowpeas, guar or other legumes tried experimentally in that it may be harvested and still leave a stubble ample to reduce wind erosion. It also offers some cash crop possibilities along with its soil protecting and soil-improving qualities. Seed costs run about \$10 per hundred. Anyone interested in plantings should contact the Soil Conservation Service.

MOD Square Dance Jamboree Planned

STANTON — A big March of Dimes square dance jamboree is planned for Stanton the evening of Jan. 27.

The festivities will be held at the American Legion Hall with Jimmy King and his Cosmo Playboys furnishing the music. Proceeds will go to the March of Dimes fund, said C. J. Chapman, general chairman of the MOD campaign. Admission charge will be \$1 per person.

Stanton High School groups are selling "peanuts for polio" in the downtown and residential areas, and the Lions Club is selling miniature blue crutches. The traditional Mothers' March will be held Jan. 31 under direction of Mrs. Lila Flanagan.

Unplanted Cotton Acreage May Be Given Other Farms

Although cotton allotments have been made to growers in Howard County for the coming season, there is a possibility that some growers will receive more acreage than at first allotted.

And the possibility does not concern the protests lodged by farmers to the state and county committees for additional acreage. Some farmers may for some reason decide not to plant cotton this year although they have received an allocation. This took place in the amount of 400 acres in the county last year.

If those who might not use their acreage will notify the Agriculture Stabilization and Conservation office of the decision, they can reallocate the land. That is, if they are notified in time. This year, the cotton growers have until May 22 to call the ASC office and notify them they allotted acreage. The ASC then has until May 26 to reassign the acreage that might be turned back to other growers in the county. The ASC is urging all farmers who do not plan to use the acreage to notify the office prior to the May 22 deadline. If the intentions not to plant are not known and the acreage not reallocated, the county loses on a permanent or temporary basis the acreage and the farm gets no credit on its historical base. Further information concerning reallocation of unused acreage — either basis — can be obtained from the ASC office.

Reallocation Ballot Easy To Understand

The ballot for Saturday's tax reallocation election shouldn't confuse anyone. You simply vote "for" or "against" the reallocation of tax rates to the county's general fund. There's nothing tricky about the wording of the propositions on the ballot.

If you vote "for," you are in favor of authorizing the commissioners court to reallocate the constitutional tax rates, taking eight cents from the jury fund, four cents from the road and bridge fund, and three cents from the permanent improvement fund and placing the total of 15 cents in the general fund.

If you vote "against," you are opposed to giving commissioners that authority. County officials say that the general fund, which runs into the red nearly every year, needs the extra 15 cents per \$100 of property valuations. The other funds can spare the sums they are to give up if the proposition passes. That's the reason commissioners gave for requesting voters to sanction the reallocation. No increase or reduction in taxes is involved in the election.

Only property-owning taxpayers will be permitted to vote in the election. The voter must present his last year's poll tax receipt at the polls. Voting boxes will open at 8 a.m. Saturday in all 16 of the county's

Business Views To Be Aired

A "business leaders" conference, possibly some time in April, will be sponsored here as an undertaking of the Chamber of Commerce national affairs and education committees.

Les Flesher, Houston, representative of the United States Chamber of Commerce, explained details of the one-evening symposium on current affairs at a meeting of the two committees here Tuesday afternoon. The committee voted unanimously to sponsor an evening meeting later at which Flesher would highlight key national issues in an address, "How To Build a Better Business Climate." Discussion groups would follow with each reporting back its conclusions at a final general session.

Any business or professional person, or anyone interested in current legislative affairs for that matter, will be welcomed to the meeting. Dr. Hunt said that facilities of HJC would be available for the meeting if desired. In his visit here Tuesday, Flesher reviewed the basic issues confronting Congress as it enters upon the new session. He suggested means whereby individuals could make their views felt to their representatives, or whereby group action, such as by the Chamber of Commerce, could be expressed. Ten members of the two committees were on hand. They, together with the board of directors, will take the lead in promoting the April evening meeting.

Thief Drops Charm, Is Caught By Cops

SACRAMENTO, Calif. (AP)—Wesley G. Wallace, 44, dropped a medal portraying St. Dismas, the good thief, and wound up in jail yesterday charged with burglary. Police found the medal on a roof near a window in Wallace's downtown hotel room. They also found clothing in the room reported stolen from a clothing store next door. The place had been entered from the roof via skylight. Det. Carl Blaisoff said Wallace, a parolee, admitted the burglary.

Elks Agree To MOD Contest With Odessans

Oliver Cofer, Big Spring, a and Jack Laird, Odessa, will be battling to stay out of the iron lung Saturday when Elks of the two cities embark on their March of Dimes drives.

Cofer is exalted ruler of the Big Spring Elks Lodge. Laird holds the same office in Odessa. The two have agreed that the lodge with the lowest per capita collections for the March of Dimes Saturday will entertain the ruler of the other.

The "entertainment" will consist of an hour in an iron lung. If Big Spring Elks win, Laird will be confined in a lung in front of Zale's Jewelry for an hour. But if the Big Springers lose, Cofer will spend an hour in Odessa's iron lung on the Ector County square.

Long Plans Hunting Trip

NEW ORLEANS (AP)—Earl Long made plans today to go hog hunting after bagging the Louisiana governorship for an unprecedented third time. The 60-year-old younger brother of the late Huey P. Long swept to a rare first primary victory Tuesday, bowing over the administration of Gov. Robert Kennon and the mansion dreams of New Orleans Mayor deLesseps Morrison of New Orleans.

Long was governor twice before, from 1948-52, and from 1939 - 40 when he stepped up from lieutenant-governor.

High on his list of plans for the new term beginning May 15 is to rewrite the state's 42-year-old constitution, longest in the land. With only 148 of the state's 2,039 precincts still unheard from, Long had 387,907 votes; Morrison, 176,453; Fred Preaus, 90,379; Francis Grevenberg, 57,851; and James McLemore 44,521. The defeat was particularly harsh for Kennon, who was banking on the tradition that the governor, unable by law to succeed himself, always has the power to get his man in a runoff. Preaus, the administration choice, ran third.

First Federal Shows Growth; All Officials Are Reelected

Stockholders of the First Federal Savings & Loan Association heard a report of continued growth Wednesday, as they met for their annual meeting.

They re-elected to additional three-year terms on the directorate, R. L. Cook and R. V. Middleton. These serve with holdover directors Elmo Wasson, K. H. McGibbon and Robert Stripling.

Stripling's report showed 182 new savings accounts in the Association this past year, to run the total to 954. New savings, in dollars, amounted to \$543,428.91 for a total of \$2,913,215.05.

First Federal made 142 new loans during the past year, for a total of 775. These added \$630,616.93, for total amount outstanding of \$2,868,176.03. The Association's total reserves are \$278,064.43. Paid out in dividends was the sum of \$78,897.93.

Dies Before Wife

NEW HAVEN, Conn. (AP)—Clarence H. Knox, 81, parked his car and walked to the hospital to visit his dying wife. On the way he was struck down by a heart attack and died in the hospital shortly after, a few minutes before his wife.

RESEARCH WORK

Tall Texan To Ride Herd On Tornadoes

By TIM PARKER

JACKSBORO (AP)—A tall Texan with a history of daring has been hired by the U. S. Weather Bureau to take a very close look at tornadoes.

He is Jim Cook, who has been flying since he was a 13-year-old sheriff's son in Sanderson, West Texas. His work with tornadoes may enable science to unravel their secrets.

By flying with recording instruments into the boiling thunderheads which spawn tornadoes, Cook will give man what he has never had before: exact measurements of wind, air pressure and humidity near the storm itself.

With that information, the Weather Bureau hopes to improve its warning system and advance man's knowledge of tornadoes with one long leap.

The broad-shouldered Cook, a part-time rancher, will fly his own 400-mile-an-hour F51, the Mustang fighter of World War II. He will be paid \$45,000 for 300 hours of flying.

That looks like \$150 an hour until you take into account that Jim is providing a \$30,000 plane and paying all operating expenses.

Anyway, you could quadruple the figure without coaxing many competent pilots to fly near a tornado. And, at 34, Jim is competent, a lifelong flier who got his commercial license when he was a teen-ager.

His training ground for tornado chasing was the Nebraska Panhandle. For the past three years he was a "hall suppressor" there, and no place in the world has such frequent and vicious hailstorms as the Nebraska Panhandle.

His mission was to fly head-on into the ugliest storms before they could spew their hail into the intensely cultivated North Platte Valley near Scottsbluff, Neb. Sugar beet growers say he reduced their hail-damaged acreage by more than half.

Once inside the storm he seeded the clouds with silver iodide crystals, on which moisture collected. The result was many small hailstones which melted before reaching the ground instead of larger, crop-damaging hail.

What little man knows about tornadoes is based on piecemeal information—a good eyewitness description in many cases, a few lucky humidity and air pressure records and sometimes an idea of electrical charges built up in a storm.

"What is needed is to get all these coons up the same tree at the same time," Cook says.

His plane will carry all the instruments needed to tree them simultaneously. Synchronized with the 500 pounds of automatic measuring instruments and also recorded will be Jim's story of what he sees, spoken into a microphone inside his oxygen mask.

There'll also be four cameras. A fixed, gun-type movie camera, firing a specified number of exposures per minute, will be aimed straight ahead. Mounted on a swivel in the cockpit will be another movie camera, which Jim is expected to aim and trigger. There will be a small still camera, and finally a camera which will take pictures of the instrument panel.

"Fantastic, unbelievable!" is the way Cook describes what he has seen—and which will now be photographed extensively for the first time—inside severe storms. All the cameras except the one for the instrument panel can use color film.

A vortex thermometer will record temperature changes, and a radiometer will show at what height the various recordings are made. A sensitive device—an infrared hygrometer developed in the Weather Bureau's own instrument division—will measure humidity.

The tornado project had its beginning in Jim's curiosity about some storms he ran into in Nebraska.

"Some of those storms had a heck of a lot more muscle than others, and I couldn't figure out

why," he recalls. "Some of them I couldn't seem to do anything with."

That's how he happened to be in the audience when three men from the Kansas City Weather Bureau addressed a meeting of meteorologists at Stillwater, Okla., last October. After the meeting he button-holed the three.

Much coffee went cold as the four men talked. Besides Cook, they were C. F. Van Thullen, regional director of the Weather Bureau and one of the nation's top weather experts; Donald House, supervisor of the Severe Local Storm Warning Center at Kansas City, and research meteorologist Robert G. Beebe.

It was a fateful combination. On one side of the table, the expert pilot with first-hand experience in bad-weather flying. He had turned to scholars to unravel the sky's puzzles. On the other side of the table were the scholars who knew the sorriest gap in man's study of tornadoes was lack of exact, complete information from near the storm itself. Only a pilot could get that information.

Cook's tornado-chasing will be under the direction and control of the Severe Local Storm Center at Kansas City—pronounced "sells" for short by pilots and weathermen.

"I won't fly into tornadoes, of course, nor even fly directly toward them as I approach," Cook said. "I intend to keep getting closer and closer, until I get to where I know the winds are too much. I'll have to approach at an angle, so I can get away fast if I hit severe turbulence. If you head a plane directly toward a tornado... well, you can't turn a plane on a dime, you have to allow room to make your turn."

His main goal will be to gather, with his instruments, all the temperature, moisture, wind and other data he can—at varying levels—before, after and during tornadoes.

Holder of a commercial license at the age of 18 and an Army Air Corps instructor when he was 19, Cook got into "weather flying" after piloting Air Transport Command planes all over the world during World War II.

He never expects to match his first success, known in this North Texas cattle town as the "Gibtown Flood." It was after the war and ranchers were complaining about the drought. Cook and a friend bought 50 pounds of dry ice in blocks, shredded the teeth off an ice crusher trying to break it up, finally cracked it up with hammers, and took to the air to break the drought.

They made several passes through the cloud scattering dry ice, some of it in chunks an inch thick.

Minutes later a small area around the little town of Gibtown was drenched. Cars got stuck in the mud, dry cattle carried a full head of water, and long-dry range got a washing. But it was only a small area and the rest of Jack County stayed under-dry.

Then Cook became a "duster pilot" in Nebraska, Wyoming and Colorado. Dusters make a hard-earned living spraying insecticide on crops, dipping up and down to avoid power lines at the ends of fields. It's not a life for the timid.

It was while serving as a duster pilot that Cook got the idea he could cut crop losses from the appalling hailstorms over the rich valley surrounding Scottsbluff, Neb. An association of 2,500 farmers, businessmen and ranchers hired him.

He went through a succession of experiments on different planes, each time discovering he needed to get higher, to the tops of seven-mile-high thunderheads and finally bought the F51 he will use in tornado work.

Cook will also be carrying a .45 caliber revolver and a Bible on the tornado flights.

"I might need either or both if I'm forced down in rough country," he explains dryly.

Volunteers Help Fill Draft Quotas

The desire of some men to go on active duty with the Armed Forces for two years rather than wait until called has caused many a draftee's induction date to be set back for a month or even longer. Under the Selective Service Act, anyone wishing to "volunteer for the draft" may do so by signing an application to the effect that the person is asking for induction and is not being forced to be inducted prior to his time.

Mrs. Louise Nuckolls, director of the Selective Service office here, reports that occasionally men will ask for induction one month and then a period of six or eight months will pass before another presents himself for voluntary induction.

For instance, three of the four men taken from the local board for induction last Tuesday were draftee volunteers. That left the three originally slated for induction this month with another month of "freedom."

These three will naturally be the first three on next month's call, but they could be passed again in February if the number of volunteers for the draft reaches or ex-

ceeds six—the local board's quota for February.

Mrs. Nuckolls reported they usually ask the person to discuss the problem with his parents or relatives before signing the application for immediate induction.

She said that many men come in during a period of despondency or anger—and state they wish to be called in the next quota, but after a few hours of thinking over the decision they are ready to renege.

Many men having finished high school, college, or a certain job may wish to start their military obligation but yet do not wish to volunteer for three or four years. Regular Army enlistment is three years, while the Air Force and Navy terms are four years.

So they present themselves at the draft office and ask for induction. If, after considering the problem, they sign the application they are then placed on the next call roster. They are inducted and serve two years as do regular draftees. In this way, they have completed their obligation and still the tour of duty has not cut into their plans

Officer's Slayer Hangs Himself

ALEXANDRIA, La. (AP) — Marion Alton DeJean, 29, who confessed to the slaying of an Air Force captain and the officer's father-in-law in a Christmas burglary attempt, hanged himself in a jail cell early today.

Kelly Jr., and Coroner Walter Burrell said DeJean, a native of Bunkie, La., stripped the blanket in his cell, stuck it through an air vent, wrapped it around his neck and stepped off his bunk. The jailer found the body on a routine check at 5 a.m. DeJean admitted breaking into the home of Air Force Capt. Edward Felkner Dec. 22 and killing Felkner and his father-in-law, Frank E. Miller, when they found him in the living room. Miller was from Clinton S. C.

Uncle Ray: Magicians May Err In Performing

By RAMON COFFMAN

A man who once worked for the Howard Thurston show had this to say about the famous magician: "Howard Thurston was the most successful of all magicians in reaching the hearts of the public. He treated children with special attention. He was fond of them and knew that they would later become his grown audience." About 25 years ago, I had the pleasure of a long talk with Thurston. In answer to my questions, he told me many facts about his life. I asked Thurston whether his tricks ever had "gone wrong" and he replied: "Oh, yes, that has happened now and then. I was giving a magic show at the White House, and borrowed a watch from President Coolidge. The trick called for a cheap imitation watch to be smashed with a hammer. I was about to strike when my assistant whispered, 'You've got the wrong watch!' I was able to hold back the blow, and the President's watch was saved." At another time things went wrong while Thurston was on the stage performing the trick of "sawing a lady in half." He had done this trick dozens of times, and always had been able to put the two halves of the lady together, so she could step from the box and prove to everyone that she remained alive. That night someone forgot to turn

Thurston and helper "sawing lady in half."

a hidden saw. Thurston wanted to start sawing, but George Boston, his assistant, refused to hand him the big saw. "Hurry up, George, and give me the saw!" exclaimed the magician. "I want to saw this woman in half!" "You will do exactly that unless you are careful!" replied Boston. "What do you mean?" "Someone has forgotten to work the gimmick!" Happily for the lady, the "gimmick" was worked before the sawing started. For GENERAL INTEREST section of your scrapbook. Salzburg Sets Music Week

SALZBURG, Austria (AP) — Salzburg will lead the entire musical world in the coming weeks in celebrating the 200th birthday of Wolfgang Amadeus Mozart on Jan. 27. To honor its greatest son, born here as the seventh child of a court musician, the medieval city is preparing a Mozart week filled with concerts, opera performances, chamber music evenings and matinees, all devoted to his works. The festivities will end with a performance of Mozart's opera "Idomeneo" by the Vienna State Opera company on the birthday night. Earlier that day, ceremonies will be staged in the house where the composer was born. Commemorative Masses will follow in several of Salzburg's old churches.

\$76,875 Asked In Suit For Damages

C. E. Hall of Big Spring asks judgment for \$76,875 in a suit for damages against William Henry Martin Sr. of San Angelo. The suit in 118th District Court alleges negligence on the part of the defendant contributed to an accident at Galveston and West Highway 80 last December. Hall asks the judgment for damages to his car, injuries suffered by Mrs. Hall and loss of earning capacity.

'Long' Engagements

Dear Miss Brandow: My boy friend seems to think it's "the thing to do" to dance very close. I don't like it. What can I say to him without hurting his feelings?
Janice
This is the wrong way for nice

people with decent minds to dance. Spare his feelings of course, but make it clear that you definitely are not going to continue to dance this way.
"Please don't hold me so close. Tom, I can't dance as well this way," should be enough said. It is true, too, that one needs a little freedom even to follow well.

Dear Miss Brandow: What is your opinion of long engagements? My parents want us to be engaged six months before marrying. I have already gone with the girl six weeks and we are sure we are meant for each other.
Ken

Long engagements are a tribulation and generally unwise, however I do not consider six months a long engagement. Three or four years might come under that heading, but never six months.
People rarely get married who do not honestly believe they will love each other forever, yet there are large numbers of divorced people.

There are some things that only time will prove. Love is one of them. When you marry, you marry forever. Even a year is a brief time to spend making sure the rest of your entire life will be happy.
People you have known six months are not the same as those you have known a year. With new acquaintances we are on our best behavior. It takes time to discover the real person and to know how that person reacts in all sorts of circumstances. —And unless you can love her when things go wrong and tempers are short, you won't be happy. Married life is not spent at a party with party manners.
(You may write Miss Brandow in care of The Herald.)

Conversion Of Salt Water In Irrigation 'Definitely In Sight'

WASHINGTON (AP)—Secretary of Interior McKay said today economical conversion of brackish waters for many irrigation uses "is definitely in sight."
McKay said in his annual report on the department's saline water conversion program that progress is being made toward low-cost conversion to fresh water of seawater and brackish inland waters.
"Estimates of the probable cost of large-scale conversion of seawater show that it is approaching the maximum existing costs of municipal water in the United States and is considerably below those of industrial water, although still several times higher than those of currently used irrigation supplies," McKay said.

"The gap between present conversion costs and those being sought is being steadily narrowed."
He noted that estimated conversion costs are based on laboratory scale operations and said that any extensive industrial use of freshened saline water is dependent on reducing costs.
McKay said the prospect of lowered costs justifies more research on four methods of conversion, including distillation, the use of electric and osmotic membranes and solar distillation.

Test Pilot To U. S.

TOKYO (AP)—Japan's top test pilot, who flew the first Japanese jet 11 years ago for the old Imperial Navy, leaves tomorrow for training at San Antonio as a modern jet fighter pilot. He is Lt. Col. Takaoka, 44.

GENUINE California MONTEREY DINNERWARE

6 GORGEOUS COLORS:
Pacific Turquoise
Catalina Pink
Avocado Green
Desert Charcoal
Mission Yellow
Sierra Sand

Monterey Dinnerware was designed and made in California—in the kilns of one of the largest, most modern ceramic plants in this country, devoted exclusively to the manufacture of fine pottery! You'll love the striking modern confetti design . . . the graceful coupe-shape . . . the handsome colors that won't fade, mar, wash off in the dishwasher or with years of use! Pick up a cup and notice how light it is, how well-balanced! Yes, every woman will adore this dinnerware! The dishes are packed one color to a box and remember . . . you receive S&H Green Stamps for each box that you buy of this beautiful dinnerware.

Hot Bread From The Oven

Mrs. E. V. Swift takes a loaf of homemade bread from the oven for her two children, Virginia and Charlie. Mrs. Swift bakes most of the bread for her family.

Recipes For Complete Meal Are Given By Local Doctor's Wife

For someone who could not cook at all when she married, Mrs. Edward V. Swift, 603 Edwards, certainly has done a remarkable job in educating herself in the arts of the kitchen.

Can you imagine baking practically all the bread for a family of four? Well, that is exactly what our cook for this week does. She makes up to six or eight loaves at a time, and puts them in her freezer, and then takes them out and re-heats them as she needs them.

"I always put the entire loaf on a tray and slice it as we want it, for sliced homemade bread certainly will dry out quickly," Mrs. Swift said.

Mrs. Swift said that she was always trying out new recipes and that she had much rather read a cookbook than a novel. Her favorite practice is experimenting with recipes.

"I usually find that the average recipes do not have enough seasoning of liquids," she explained.

Main Dish Features Cheese Halo

This is a delicious low cost main dish baked in a pie plate. The crust is seasoned ground beef, with a filling of tender rice and mixed vegetables. Tomato sauce and a halo of cheese are toppings.

You can use up left-over vegetables or use fresh, frozen or canned ones. This main dish is right for company because it's unique and so tasty, yet inexpensive.

MEAT-VEGETABLE PIE WITH CHEESE HALO

- 1-3 cup water
- 2-3 cup uncooked white rice
- 1 teaspoon salt
- 2 slices fresh white bread
- 2-3 cup milk
- 1 teaspoon steak sauce
- 1 teaspoon salt
- 1-8 teaspoon black pepper
- 1 egg
- 1-lb. ground beef
- 1-1-2 to 2 cups mixed vegetables, cooked and seasoned with salt, pepper and butter or margarine
- 1 cup grated American Cheese
- 1 can tomato sauce

Put the water, rice and 1 teaspoon salt in 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 14 minutes. Remove saucepan from the heat but leave lid on 10 minutes.

While the rice cooks, tear the bread into small pieces. Place in a mixing bowl. Add the milk, steak sauce, 1 teaspoon salt, black pepper and egg. Mix well. Add the beef and mix well. Place in a greased 10-inch pie plate. (Pie plate should hold 5 1/2 to 6 cups of liquid.)

Press the meat over the bottom and up the sides. Build the sides up as high as possible. Place in a pre-heated 350 F. oven for 10 minutes. Remove from the oven and spread the rice over the bottom. Top with the mixed vegetables. Pour the tomato sauce over the vegetables. Place the grated cheese around the edge. Place in the 350 F. oven and bake 30 minutes.

This recipe makes 8 servings.

Liver Omelet

Ever serve a chicken-liver omelet? Make your omelet as usual; but before doing so dice four chicken livers and cook them in a little butter or margarine with a tablespoon or so of chopped onion, salt and pepper. Just before turning the omelet out of the skillet, sprinkle it with the chicken-liver mixture. You can buy chicken livers at a chicken-parts market or you can buy them frozen and packaged.

Calorie Counters Can Gain Will Power By Using Dietetic Foods

Just a few short days ago a lot of resolutions were made with many a stout-hearted soul pressing the remains of the Christmas candy into the moist palms of the neighbor's children. The annual "I'm going to diet" is wearing thin by now even if the lettuce leaves haven't quite done their job.

Despite the more alluring fad diets there is no substitute for calorie cutting. One way to adjust to better eating habits and a sound nutritional program is to start out by cooking with special dietetic foods. The so-called non-caloric sweeteners, dietetic canned foods, and non-fat milk all help the struggling dieter to wear himself away from the pitfalls of too many rich foods.

LOW CALORIE SALAD

- 1 can (16 ounces) green asparagus spears
- French dressing
- 4 ripe tomatoes
- Salad greens
- 1 pint cottage cheese
- Cucumber slices
- Drain asparagus and cover with French dressing; chill. Make tomato flowers by cutting peeled tomatoes into 6 sections, halfway through. Put on salad greens and fill with cottage cheese. Drain asparagus and insert some in the cheese. Spears may be cut in half if desired. Garnish with cucumber slices and remaining asparagus. Four servings.

SPICED PEARS

- 2-3 cup cider vinegar
- 1 cup water
- 4 tablespoons cyclamate solution,

- 1/4 teaspoon ascorbic acid powder
- 1 1/2 sticks cinnamon
- 6 winter cooking pears (1 1/2 pounds)
- 18 cloves

(Combine vinegar, water, cyclamate, and ascorbic acid powder in saucepan. Add stick cinnamon and pared whole pears. Cover and simmer over low heat about 30 minutes, or until pears are tender. Stud each pear with 3 cloves. Put in a quart container. Store in refrigerator several hours before serving. Makes 6 servings with each containing 61 calories as opposed to 232 if made with sugar.)

BANANA FRUIT MOLD

- 1 medium banana
- 8-ounce can dietetic fruit cocktail

- 1 cup orange juice
- 1 envelope unflavored gelatin
- 2 teaspoons cyclamate or 16 tablets, crushed
- 1/4 cup hot water

Slice banana into bottom of 1-quart mold. Drain fruit cocktail; add fruit to mold. Add juice from fruit cocktail to orange juice. Soften gelatin in 1/4 cup of mixed juices. Heat cyclamate and hot water to boiling; add to gelatin, stir until dissolved. Add remaining fruit juices; chill to consistency of unbeaten egg white. Pour into mold; chill until firm. Unmold; garnish with salad greens. Makes 4 servings. Each serving contains 80 calories.

SUGARLESS CHIFFON CAKE

- 2 1/2 cups sifted cake flour
- 1 tablespoon baking powder
- 1 teaspoon salt
- 1/4 cup salad oil
- 2-3 cup water
- 1/2 cup sugar
- 2 tablespoons lemon juice
- 2 teaspoons finely grated lemon rind
- 2 teaspoons vanilla
- 1 cup (7 or 8) egg whites
- 1 1/2 teaspoons cream of tartar
- 3 tablespoons cyclamate solution
- 1/4 teaspoon yellow food coloring

(Have eggs at room temperature for best volume and texture.) Sift flour, baking powder and salt into small mixer bowl. Make well in center; add oil, yolks, water, lemon juice, rind, and vanilla. Beat until smooth, 1 minute. In large mixer bowl, beat whites unbeaten; add cream of tartar, cyclamate and coloring. Beat on high speed until very stiff peaks are formed, 4 minutes. Do not underbeat. Gently fold in batter, smoothing out egg white bumps. Do not stir. Pour at once into a 9 or 10-inch tube pan; smooth top. Bake in a slow oven (300 degrees F.) 40 minutes, or until top springs back when lightly touched. Invert pan until cool.

PINEAPPLE UPSIDE DOWN CAKE

- 1 teaspoon butter or margarine
- 1 8-ounce can dietetic pineapple
- 2-3 cup sifted cake flour
- 1 teaspoon baking soda
- 2 tablespoons cooking oil
- 2 tablespoons sugar
- 1 egg, beaten
- 1/4 cup lemon juice
- 1 teaspoon vanilla

Melt butter in 8-inch baking dish or pie pan. Arrange drained pineapple on bottom of pan. Sift flour and baking soda together; add egg, sugar and oil and beat well. Add flour alternately with milk and then vanilla. Spread batter over fruit. Bake in moderate oven at 350 degrees F. for 40 minutes. Remove from oven and cool. Place serving plate over cake pan and invert; the cake will drop easily to serving plate as it cools. Serves 6. Each serving, 139 calories.

LEMON LIME FLUFF

- 1 cup cold water
- 1 tablespoon unflavored gelatin
- 1/4 cup sugar
- 1 cup hot water
- 1/4 cup lime juice
- 1/2 cup lemon juice
- 1 tablespoon grated lemon rind
- 1 tablespoon lemon juice
- 1/2 cup nonfat dry milk

Soften gelatin in 1/2 cup of the cold water. Let stand 5 minutes. Add softened gelatin and sugar to hot water; stir until dissolved. Blend in lime juice, 1/4 cup lemon juice and lemon rind. Chill until slightly thickened. Pour remaining 1/2 cup water and 1 tablespoon lemon juice into 1-quart bowl. Sprinkle milk powder over surface. Beat with rotary beater or electric mixer until stiff, about 8 to 10 minutes. Beat gelatin mixture until foamy; fold in whipped dry milk. Rinse a 1 1/2-quart mold with cold water. Pour in mixture. Chill until firm, about 4 hours. Unmold. Garnish as desired. Makes 6 to 8 servings.

LOW-CALORIE SLAW SALAD

- 2 teaspoons cornstarch
- 1 1/2 teaspoons sugar
- 1/4 teaspoon salt
- 1/2 teaspoon paprika
- 1/4 cup water
- 1 tablespoon salad oil
- 1/4 cup vinegar
- 1/2 teaspoon Worcestershire sauce
- 2 tablespoons catsup

Mix cornstarch, sugar, salt and paprika together in 1-quart saucepan. Add 1/4 cup of the water, stirring slowly until smooth. Add remaining water. Stir and cook over low heat 5 minutes. Cool. Stir in salad oil, vinegar, Worcestershire sauce and catsup. Store, covered, in refrigerator and use as needed, shaking well before each use. Makes one cup.

Ham Loaf Topping

Topping for a ham loaf; wash and slice an unpeeled orange; sprinkle the slices with sugar and arrange on top of the loaf about a half hour before the meat is ready.

Butterscotch-Rice Pudding Made Easy

Here's a dandy extra-quick dessert. Use quickly cooked, low cost rice, and instant butterscotch pudding! This dessert is low in cost and makes six to eight servings!

QUICK BUTTERSCOTCH-RICE PUDDING WITH WHIPPED CREAM

- 2-3 cup uncooked white rice
- 1-2 teaspoon salt
- 1-1-3 cups water
- 1 cup milk
- 1-3 cup beet or cane sugar
- 1 teaspoon vanilla
- 1 package butterscotch instant pudding mix

Milk as called for in pudding directions

Sweetened whipped cream, if desired

Put the rice, salt and water in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and

leave over this low heat for 14 minutes. Stir in the milk. Cook over this low heat 14 more minutes or until most of the milk is absorbed and the mixture is creamy. Stir in the sugar and vanilla.

Make up the instant pudding following the package directions. Stir in the rice before the pudding sets. Cover and store in the refrigerator until time to serve.

Serve with sweetened whipped cream if desired. Garnish whipped cream with chopped red or green maraschino cherries or toasted chopped nuts. This recipe makes 6 to 8 servings.

Make your favorite soup taste better with the best tasting Saltine!

DOUBLE WAX WRAPS seal in all the "KRISPY" FLAVOR and FRESHNESS!

Report On Caged Hens Given C-City Chamber

COLORADO CITY — W. J. McMurry, president of the First National Bank in Seagraves, spoke to a group of farmers in Colorado City's Civic House Tuesday afternoon in a report on the caged layer program at Seagraves.

The meeting was arranged by the Chamber of Commerce Agriculture Committee, as a way of pointing out additional sources of revenue available to Mitchell County farmers.

McMurry said that in contrast to the 25 million bales of cotton storage, that the nation had a three-day supply of eggs.

Approximately 80 per cent of the eggs used in Texas are imported from out of state, he pointed out. "We are sixth in the nation in consumption and 36th in production."

"Around Seagraves," he continued, "we have 130,000 laying hens in 116 different houses — all set up by our bank. We put these farmers in business 100 per cent, we built the farmer a factory and he's to furnish the labor — which is a big part of the enterprise." Buildings and supplies and feed

to bring 1,100 hens to the laying stage will cost about \$6,500, he said.

One owner is selling \$1,200 worth of eggs per month from 1,140 hens, he pointed out.

"They're making more than \$8 a day more than we'd expected," he said.

McMurry said that the program had been originally planned to make the "factory" owner about \$300 per month.

Culling is one of the most important things, he added, and the cull will about half way pay for her replacement.

Curtis Latimer, a member of the Chamber of Commerce committee, said Tuesday night that if sufficient interest was shown in the program, County Agent Jack Burkhalter would call a meeting to plan a similar program for Mitchell County.

McNair Heads Snyder C Of C

Wael D. McNair, former city editor of the Herald and now editor of the Snyder Daily News, has been elected president of the Snyder Chamber of Commerce for 1956.

He will succeed Nolan Von Roeder. Other officers elected at the board meeting Tuesday evening in Snyder were H. A. Johnson, vice president; Harold Bennett, second vice president; Jay Rogers, treasurer.

McNair becomes the second member of the News staff to serve as head of the organization. Herbert Feather, publisher and also formerly advertising manager for the Herald, was president two years ago. McNair, 35 worked first for The Herald in 1942 and then returned in 1946 after separation from service. He and Mrs. McNair have three sons.

JUMPING FROG LEAVES PASTOR HOPPING MAD

SAN ANTONIO — A musical presentation of the story of Mark Twain's celebrated jumping frog of Calaveras County was criticized today by a Baptist minister who charged that the frog leaped about in an atmosphere of sin.

Rev. Claud Bonam called a children's program about the jumping frog which he called "cheap" and "shameful."

"I saw the jumping frog," he said. "It was a cheap burlesque show, staged in a saloon, with liquor bottles, bartenders, barmaid and all. This taught our children to drink. It glamorized liquor. It connected liquor to the 'symphony'."

"Then the men bet \$40 on the jumping frog. They laid their money down. Just a new 'symphony way' to teach our little children to gamble."

The second act opened with men rolling dice, "shooting craps." What wholesome entertainment for thousands of little children, and all in the name of education.

"The whole program was shameful. This wholesome, dignified 'symphony' program ended with all the characters going to the bar and having another drink. What precious memories to linger in the minds of our little children."

Dawson Cotton Council Studied

LAMESA — The Dawson Farm Bureau has called a meeting for Friday evening in the district courtroom to discuss forming a Dawson County Cotton Council.

Purpose of the council would be to provide a forum for discussing local farm problems, exchanging ideas on farming methods, "usefulness and professional men and anyone with even an indirect interest in cotton are invited to participate."

Dawson County will send representatives to Lubbock on Jan. 24 when the formation of a South Plains Cotton Council will be attempted. The area council's objectives would parallel the local ones.

New Drive-In Sets Opening For Feb. 1

Owners have tentatively set opening date of the Sahara Drive-In, Big Spring's first twin-view theatre, for Feb. 1, and also announced they plan to bring live shows to the theatre at regular intervals.

The theatre will be operated by All-State Theatres, of Abilene, and will employ local personnel and also a local manager. The company has not named the manager, but they reported he would be named by the Feb. 1 opening.

Constructed alongside the access road on Highway 80, the theatre is just beyond Webb AFB on the north side of the highway.

The Sahara will be the largest twin-view drive-in in the state with a car capacity of 1,500 — with spaces for 750 facing each screen. The capacity is equivalent to an indoor theatre seating 4,500.

All-State Theatres said they plan to show only first-run features and bring Texas premieres to the theatre whenever possible. They are constructing stages in front of the concession-projection building for presentation of a variety of live shows periodically.

The theatre is equipped to show 35 mm Cinemascope, regular Cinemascope, VistaVision, and Super-scope productions, in addition to regular features on the 120 by 60 foot screens. High fidelity sound equipment is being installed.

Entrance to the theatre will be made from the east side of the screens with the exit to the opposite. Both gateways will open onto the access road instead of directly onto Highway 80.

The snack bar in the concession-projection building is reported to be one of the biggest in the area, and the rest room facilities were constructed to adequately handle capacity crowds at the theatre, the owners claimed.

Work was begun on the project the middle part of November. The two-week layoff for Christmas holidays set the project back from its original opening date.

Retired Teacher Gets \$32,000

NEW YORK — Mrs. Mabel Morris, a 75-year-old retired school teacher who has been receiving city financial aid, took her \$32,000 winnings and quit The \$64,000 Question CBS television quiz show last night.

She said doctors had examined her pulse and told her the excitement of trying for the grand prize would be too great.

Mrs. Morris, an English-born widow, had reached the \$32,000 mark in four previous sessions of the show by answering complicated questions about Charles Dickens and his books—her chosen category.

She has been a resident of the Home for Aged and Infirm Hebrews for several years.

Mrs. Morris has said she would repay \$6,000 or \$7,000 to the City Welfare Department, which has contributed to her upkeep at the home. Approximately \$14,000 in federal taxes and \$2,000 in state taxes will have to be paid.

Even though she will have about \$9,000 or \$10,000 left for herself, an official at the home said her desire to remain there would be worked out somehow.
