Uncle Ray:

Friday Honors Name Of Norse Goddess

By RAMON COFFMAN

The sixth day of the week is a holy day in the minds of Moslems. As a reason for choosing this day as holy, the Moslems say that Adam was created on Friday.

Q. What was the Latin name for the day?
A. Dies Veneris, or Day of Venus. The Romans honored Venus as their goddess of love and beauty. They believed that her day (which we call Friday) was a day of good fortune.

Q. Why did Friday gain the reputation of being a day of ill fortune?
A. This idea grew after the Christian faith spread through the Roman Empire. The Christians said that Friday was a day of ill because Jesus was crucified on a Friday.

Q. How did the name of Friday come to be adopted?
A. Like most days of the week, Friday was named by people of Germanic descent. These included

Freya, the beautiful goddess of love, wore a necklace which was prized highly.

the Norsemen as well as the Anglo-Saxons.

Friday honors a goddess with a name which had several spellings. The Norsemen spoke of Freya (pronounced FRY-uh) as their goddess of love. In the Rhineland the name was written Freia at times, also Fria.

The present German name of the day is Freitag. The old High German spelling was Fritag, meaning Day of Fria or Freya.

Another goddess (Frigga) became confused with Freya, and some scholars believe that the word Friday grew from her name. The scholars who say that Friday is Freya's day, however, seem to have stronger reasons.

Q. Is there good reason for a modern person to believe that Friday brings ill fortune?
A. Friday brings neither more nor less good fortune than any other day of the week, unless superstition has an influence in making certain persons nervous. A nervous person may be more likely to have an accident than one with a calm mind.

For GENERAL INTEREST section of your scrapbook.

An illustrated leaflet telling about the everyday life of the ancient Romans will be mailed without charge to any reader who encloses a stamped self-addressed envelope. Send your letter to Uncle Ray in care of this newspaper. Ask for ROME AND THE OLDEN ROMANS.

Northeast Gets Set For Hard Season Of Cold

By The Associated Press

The Northeast, already hit by floodwaters, snow and sleet, prepared today to cope with blizzards, freezing rain and bitter cold.

The Allegheny River and its tributaries ran rampant over communities in southwestern New York and northwestern Pennsylvania.

At least seven deaths were reported, two in New York state and five in Canada.

High winds and swirling snow slashed Ontario, while the adjacent New England area was walloped with a 12-inch rainfall in some sections plus heavy snow blankets and sleet in others.

The waters of the Allegheny slowly retreated from low-lying portions of Warren, Pa., as some 2,000 refugees hopefully watched for a chance to return to their homes. No casualties were reported.

Towns along the Allegheny to Pittsburgh were expecting flood conditions today, but the Weather Bureau said serious damage was not expected.

The Bureau said, however, that along the Ohio River "can expect communities below Pittsburgh trouble" late tonight and tomorrow. Communities were alerted as far south as Wheeling, W. Va., and East Liverpool, Ohio.

At Salamanca, N. Y., a city of 3,000 south of Buffalo, Allegheny flood damage estimates were put at more than a million dollars.

Some northern areas of New York state were under 10 to 15 inches of snow today with freezing rain falling.

State police reported blizzard conditions and treacherous highways throughout northern New York, the area southeast of Lake Ontario and in western Schoharie County.

Many roads were closed and ice-coated power lines were down.

Saved From Flood

Rescue workers in a boat take Charles Kringle, 35, and his dog off the top of an automobile in the Zoar Valley near Givand, N. Y., where they had been marooned in swirling flood waters for nearly 14 hours. Other rescue volunteers wait with a hand-line near the edge of the flood.

GOOD WILL MISSION

Churchmen Leave For Russian Visit

NEW YORK (AP)—A nine-member delegation of Protestant Church leaders takes off by plane today for Moscow to confer with Russian churchmen on a mission aimed at furthering mutual understanding and good will.

The delegation—seven clergymen and two laymen—will represent the National Council of Churches during a 12-day stay in the Soviet Union. Arrangements for a planned reciprocal visit to America by Russian churchmen will be discussed.

The Rev. Dr. Eugene Carson

Blake of Philadelphia, told newsmen in a prepared statement today that he hoped "no one will expect too much from our visit." He added:

"We hope at the very least that our conversations may lead to more understanding even in areas where they cannot be expected to lead to agreement."

"We must emphasize that we go as Christian churchmen and private citizens, not in any official governmental relationship." Dr. Blake added that he anticipated "a most cordial reception by our ecclesiastical hosts in Russia."

The National Council represents 30 Protestant and Eastern Orthodox denominations with 35 1/2 million members.

Algerians In Paris Region On Strike

PARIS (AP)—Strong police reinforcements were thrown around the National Assembly building today as thousands of Algerian workers in the Paris region went on strike.

The Algerian Nationalist movement ordered its followers to quit work in protest against Premier Guy Mollet's request to the Assembly for special powers to end the revolt in the North African territory.

Adlai Answers Stratton Fire

CHICAGO (AP)—Adlai Stevenson says Gov. William G. Stratton of Illinois is seeking to become the Republican hatchet man "in case Mr. Nixon falters."

Stevenson, former Illinois governor who aspires to a second Democratic presidential nomination, fired a series of verbal blasts at Stratton yesterday after Stratton had called him a poor bet for the presidency.

In a statement from his Libertyville, Ill., home, Stevenson said: "We Democrats have some curiosity about the composition of the Republican ticket. We know who is going to carry the flag, but there seems to be some question as to who will wield the hatchet."

"I gather that Gov. Stratton has entered the spring trout for this important post, in case Mr. Nixon falters now that he is officially on his own."

President Eisenhower has said Vice President Nixon is on his own regarding renomination.

Stratton attacked Stevenson's administration as governor at a news conference in New York. The Republican chief executive blamed Stevenson for Illinois prison riots, a mine disaster at West Frankfort and a breakdown in food inspection during the Democrat's four years as governor.

In reply, Stevenson criticized his Republican gubernatorial successor for "excessive cost and mismanagement of his toll road program, his undoing of the reforms I initiated in the state police system, his shocking maladministration of the Liquor Control Commission and the failures in his education and public welfare programs."

Victim Of Boat Disaster Sought

ABBEVILLE, La. (AP)—Searchers looked today for the body of the fifth victim of a boat disaster. Deputy Sheriff Lenis Dronet said near-freezing temperatures Wednesday night probably caused the men to die of exposure after a fire and explosion on their oil exploration boat forced them to dive into Vermilion Bay.

An unidentified pilot taking part in the air search yesterday spotted the five bodies, all wearing life jackets, in the water. The pilot landed, pulled the bodies to shore and took off for help. When boats arrived, only four bodies remained.

Dronet said the fifth victim, identified as Gordon Milner, 22, Eunice, La., apparently was washed back into the bay. The victims worked for the Delta Exploration Co., Jackson, Miss. The other four were identified as Henry Frith, 20, Kaplan, La., the operator of the boat; Huey Durr, 20, Intracoastal City, La.; Raymond Pelombo, 20, Abbeville, La.; and Barry Ratcliffe, 21, Brookhaven, Miss.

Breath Of Air Not As Fresh As It Used To Be

By BEM PRICE
 WASHINGTON (AP)—About 50 years ago you could fling open a window with reasonable chance of collecting a chestful of fresh air—a mixture of gases roughly one-fifth oxygen and the rest nitrogen with traces of carbon dioxide, argon, neon krypton and helium.

Try it now. You will get the usual, but it will be diluted with plant-killing sulfur dioxides, ammonia, oxidized hydrocarbons and assorted other gases and solids, none of which is going to do you any good.

The reason for the change is that with automobiles, factories, oil burners, coal fires, back yard incinerators and burning trash dumps, people are slowly fouling the air they breathe.

This matter of air pollution has reached the point where the federal government through the Department of Health, Education and Welfare is embarking on a research program to determine the effect of dirty air on public health. The program was sparked by President Eisenhower in his 1955 State of the Union message when he said, "As a result of industrial growth and urban development, the atmosphere over some population centers must be approaching the limits of its ability to absorb air pollutants with safety to public health."

Air pollution is naturally a matter of degree from city to city, but even so, Dr. Arthur Stern, head of the Public Health Service's sanitary engineering center at Cincinnati, estimates that 10,000 U.S. cities have air pollution problems.

In Los Angeles, doctors have cited the choking, smarting smog that settles over the city from time to time as a contributing factor in some deaths.

Dr. Clarence Mills, professor of experimental medicine at the University of Cincinnati, told a pollution committee in Los Angeles in 1950 that deaths in Los Angeles County for the three previous years were up perhaps as much as a third on smoggy days. His study showed a total of 312 excess deaths from respiratory and heart causes in smoggy periods.

Last October a choking smog settled over New Orleans, triggering a wave of asthma attacks which killed two persons and sent more than 350 to hospitals.

During the last week of October 1948, a stifling foglike pall cloaked the heavy industrial area around Donora and Webster, Pa. In 36 hours 20 people were dead.

The great London smog of 1953 set off a wave of respiratory illnesses and hastened an estimated 4,000 deaths.

A study by W. C. L. Hemeon, director of the Industrial Hygiene Foundation of America at Pittsburgh, indicates the killers in the London and Donora smogs were acidic salts from coal smoke that dried the fluids in the respiratory tracts and caused irritations.

Each of these fatal smogs has been brought about by a peculiar weather condition known as temperature inversion.

Smogs occur most frequently in natural bowls and in river and lake valleys. Masses of warm air moving down from the upper atmosphere settle over the bowls and become compressed. When the mass drops low enough to touch the sides of the bowl, it is considerably warmer than the air at ground level.

Since cool air has a tendency to settle and the warm air already is pressing downward, this mass lies like a blanket over the community, holding and concentrating the air pollutants.

In most cities there is enough turbulence in the air to carry off or disperse much of the pollution.

Part of the research by the federal government will be a study of these temperature inversions. While coal smoke, blamed in the Donora tragedy, long has been a nuisance (England's King Edward I tried to curtail the use of "sea coale" 650 years ago), it can be controlled. So, for that matter, can smoke from other sources though the process is expensive.

A prime example of what can be done is New York City, which burns about 30 million tons of fuel annually — coal and oil heat and power plus over a billion gallons of gasoline.

Dr. Leonard Greenburg, commissioner of the Department of Air Pollution Control, reports that 10 years ago 62 tons of soot settled per square mile on New York each month. Now the soot level is down to 62 tons.

In no other town has air pollution been studied as extensively as in Los Angeles — and no coal is burned there.

The Stanford Research Institute of Stanford University, Calif., has found that back yard incinerators, factories, stoves and automobiles in and around Los Angeles burn over 50,000 tons of organic materials and fuels daily.

The net result is the release into the atmosphere of some 3,000 tons of solids and gases.

After a prolonged study 1,000 tons was traced to automobile exhausts, including 290 tons of eye-stinging olefins, a hydrocarbon of the ethylene series which can be used in making anesthetics — or mustard gas.

Only 229 tons of the pollutants

came from the vast petroleum industry in and around the city, Stanford said. The rest came from the back yard incinerators, the burning of natural gas and evaporation of gasoline. The petroleum industry was the heaviest financial contributor to the survey.

N. L. Faith, chief engineer for the Air Pollution Foundation in Los Angeles, said, "There is evidence that automobile exhaust is the No. 1 culprit in air pollution."

One major by-product of the air pollution study in Los Angeles was the announced discovery by Dr. Paul Koten of chemicals in the air which caused skin cancer in rats. Aside from the health problem, the economic loss because of air pollution is enormous.

Metals corrode, synthetic fabrics are damaged, buildings are streaked with soot and so, for that matter, is your home. Sooting generally is a big factor.

An economist, Weldon B. Gibson, did some figure collecting on the subject of air pollution in 1949. His was the first and last such compilation for the nation. He estimated the annual bill to be more than \$10 each for every man, woman and child.

If Gibson's figures are still valid the loss today would figure out to something like \$1,600,000,000 annually.

Even farmers have not escaped. As factories have dispersed into the countryside, cattle have been poisoned and plants damaged. Truck farms around heavy industrial areas have suffered enormously.

Texas Cold Eases Up
 By The Associated Press
 Freezing weather, which dented the state's fruit and vegetable crop Thursday hardly touched Texas today.

The lowest reported temperature was 24 degrees at Dalhart. Amarillo had 31, El Paso 29, Midland 31, Lufkin and Wink 28, Lubbock and Van Horn 30.

Austin reported 37, Abilene 44, Brownsville 50, Dallas 42, Del Rio 39, Fort Worth 41, Galveston 50, San Angelo 41, San Antonio 35, Waco 38, Texarkana 40 and Wichita Falls 41.

Skies were clear except for a few cloud patches along the coast. The forecast calls for cooler weather in the northern part of Texas late Friday and in the southern half Saturday. The Weather Bureau said temperatures were not expected to drop as low as on Thursday when freezes nipped fruit blossoms and young vegetable plants in many sections.

No rain was reported and none was in sight.

Taylor Dismissal Move Delayed
 PAULS VALLEY, Okla. (AP)—A decision whether to dismiss three remaining burglary counts against Ardmore City Commissioner Joe Taylor will not be rendered "for a few weeks," Garvin County Atty. Raymond Burger said yesterday.

Taylor was acquitted on one charge Wednesday night.

The city official also is charged on two counts in Lincoln County and faces a hearing there sometime next month. He is free under a \$2,500 bond. Also pending are burglary charges against Taylor at Wichita Falls.

Rush For Auto Tags Mounting

Grand rush for 1956 automobile license tags is beginning to manifest itself at the office of Mrs. Viola Robinson, Tax Assessor-Collector.

She said that 3,528 tags had been issued for passenger cars through Friday.

This represents about one-third of the total number of cars which will be registered in this county this year, it was said.

Deadline for the tags is March 31 (or April 1 according to some rulings). Each day, as March advances, sees an increase in the number of motorists lined up at the tag windows.

As the month draws nearer to its finish, Mrs. Robinson said that the real crowds will appear.

She suggested that motorists who value their own time and convenience could profit by coming to the tax office at once and buying their tags.

After the deadline, drivers of automobiles with 1955 tags will be subject to arrest. In addition to other expenses which may be involved, tags will cost 20 per cent more than if purchased in the regular period before March 31.

Leaves For Toledo
 James Vines, manager of the Western Glass & Mirror Company, left Thursday for Toledo, Ohio to inspect recently completed facilities of the Libbey-Owens-Ford Glass Company. The facilities are part of the \$138 million post-war expansion program. Later he will go to White Sulphur Springs, W. Va. as the company's guest at a three-day sales conference.

Kay Starr Gets Citation As Result Of Car Smash

CORONA, Calif. (AP)—Singer Kay Starr has been mailed a police traffic citation charging that she ran a boulevard stop Wednesday. Miss Starr was injured when, officers say, her auto struck another at an intersection and knocked it into an orange grove.

Police quoted her as saying she became confused when a passenger in her car suggested she continue straight ahead after she had started to make a turn at the intersection. She said she braked the car but it skidded through the stop signal and hit the auto of Augustine Sierra and his wife Francisco. They suffered minor injuries.

Miss Starr was ordered to appear before Judge W. S. Caudill

Civic Theatre Readings Delayed
 Reading of parts in "Born Yesterday," the play selected for presentation by the Big Spring Civic Theatre, will be delayed a week.

The new schedule calls for persons interested in the comedy, whether members of the organization or not, to participate on March 17 and 18. Time and place will be announced subsequently. The readings were delayed due to failure of script to arrive in time for this weekend.

We Back the Biggest Difference in Cars Today With a Total of \$25,000 Insurance

PERSONAL AUTOMOBILE ACCIDENT

Divided Equally Between Husband and Wife At No Extra Cost To You With Your New Rambler · Hudson · Nash · Metropolitan

Here's the Big Difference That Makes It Possible

EVOLUTIONARY "SINGLE UNIT" CONSTRUCTION, PIONEERED BY AMERICAN MOTORS, MAKES RAMBLER, HUDSON, NASH AND METROPOLITAN THE STRONGEST, SAFEST, BEST ALL-AROUND CARS ON THE ROAD

PRIMITIVE OCCASIONS WERE BUILT WITH FLAT WOODEN-BEAR FRAMES AND WHEELS WERE MOUNTED BELOW. A FLOOR OR BOX WAS PUT ON TOP. THE BUSBY, WAGON AND "HORSELESS CARRIAGES" USED SIMILAR FLAT FRAMES AND ATTACHED BODIES

MODERN TODAY, MOST CARS HAVE SEPARATE FLAT FRAMES WITH SEPARATE BODIES BOLTED TO THEM

ONLY AMERICAN MOTORS BUILDS CARS ON THE "SINGLE UNIT" PRINCIPLE. BODY AND FRAME ARE WELDED INTO A TOUGH, SUPER-STRONG "SINGLE UNIT" RESULT: PERFORMANCE AT LESS COST... GREATER COMFORT... MORE INSIDE ROOM... EASIER PARKING... SUPERIOR HANDLING AND CORNERING... ELIMINATION OF BODY SQUEAKS AND RATTLES... DOUBLE SAFETY... TOP RESALE VALUE

Bennett Cerf Interviews George Romney

Noted publisher, columnist and television personality gets inside story of revolutionary advance in car construction from the President of American Motors.

CERF: Mr. Romney, why do you offer a total of \$25,000 insurance with your new cars?

ROMNEY: It backs our claim that "single unit" construction makes the strongest, safest, most modern cars.

CERF: Is there really that much difference between the way you and other manufacturers make cars?

ROMNEY: All the difference between yesterday's railway coach and today's streamliner. Other cars still use a principle old as the oxcart: A flat frame bolted under a separate body. In our cars, frame and body are welded as a "single unit". It's the biggest stride since the all-steel body.

CERF: And this makes a safer car?

ROMNEY: Twice as safe. Instead of a flat frame underfoot, our frame is a steel, box-girder enclosure as big as the car. It gives you "wrap-around" protection in front, rear, sides and top.

CERF: That sounds like real protection.

ROMNEY: That's not all. Flat frames others use are stiff, so they transmit collision force throughout the car. Our big steel box-girders up front absorb most of the impact. They take the brunt of the punishment instead of passengers.

CERF: What about performance?

ROMNEY: That's a real plus. "Single unit" construction gives a better power-weight ratio. It's stronger and safer, but eliminates useless weight and bulk. Our cars have set many racing records.

CERF: And economy?

ROMNEY: They're tops. Rambler holds the gas mileage record in Mobilgas Economy Runs. Again, because our "hard-muscle" single unit avoids dead weight.

CERF: I like room and comfort.

Why a total of \$25,000 Personal Automobile Accident Insurance is given at No Extra Cost!

We back our confidence that American Motors cars are stronger, safer, more modern than others by giving each buyer of a new Rambler, Nash, Hudson or Metropolitan a total of \$25,000 Personal Automobile Accident Insurance at no extra cost—divided equally between husband and wife.

This insurance provides for the payment of \$12,500 to beneficiary or estate of either you or your spouse (if a member of your household at time of purchase)—thus providing the total of \$25,000—if either or both should be fatally injured while driving or riding (either separately or together) in your new private passenger American Motors car anywhere in the world. Both are insured for the entire first year of ownership.

Covers fatality resulting within 100 days after date of accident. Applies to privately-owned cars purchased in the continental United States and Alaska where state insurance regulations permit.

Don't buy any new car until you get the facts about the priceless protection only American Motors cars can give you! See your Nash dealer! See your Hudson dealer!

Tune in Disneyland on ABC-TV. See TV listings for Time and Channel.

Knowland Sees Compromise In Lobbying Fuss

WASHINGTON (AP)—Senate Republican Leader Knowland of California said today he thinks "there is ample room" for negotiation of a dispute over organization of a special Senate lobby investigating committee.

Other Republican senators also took the view that no unbreakable deadlock had been created by GOP insistence on what Sen. Bridges (R-NH) called "dual responsibility, dual control and dual authority" with the Democrats in directing the inquiry.

Bridges, senior Republican on the committee, said he had been in touch with Sen. Gore (D-Tenn) and that indications were a meeting of the group would be held during the day to try to reach agreement.

Gore said he hadn't had a chance to confer with his fellow Democrats on the committee and didn't know how soon a meeting could be arranged.

The eight-member committee is equally divided between Democrat and Republicans and so far its projected \$350,000 investigation has been stalled by a party-line wrangle over rules of procedure.

Gore carried the dispute to the full Senate yesterday, turning unworkable the Republicans' proposed rules and offering to withdraw as prospective chairman.

Bridges replied that the GOP proposals were fair. Knowland told reporters he thought the committee should meet again and renew efforts to reconcile the rules controversy.

Similarly, Senate Democratic Leader Lyndon B. Johnson of Texas urged further negotiations.

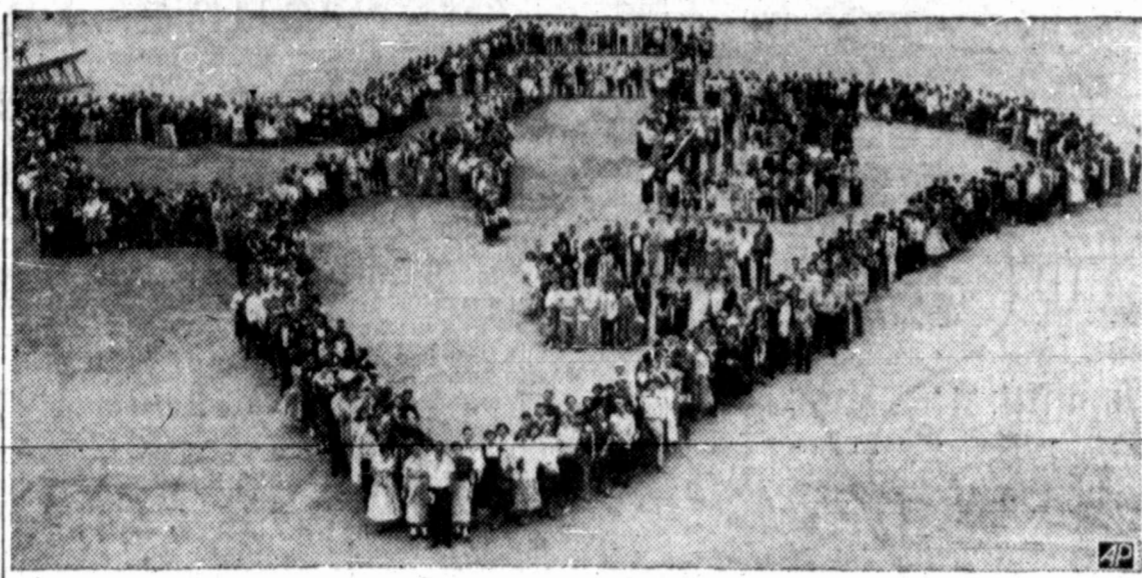

Bridges said he had been in touch with Vice President Nixon and that Nixon "is prepared at any time to call a meeting when a readiness is indicated from both sides."

Since the committee did not elect a chairman at its only meeting 10 days ago, it takes action by Nixon to call a meeting. The Senate, in creating the committee, directed it to investigate any improper or illegal attempts to influence senators or other government officials through lobbying, campaign contributions and other activities.

Sen. Hennings (D-Mo) said if the special committee has not organized and elected a chairman by next Thursday, he will move to discharge it and let its investigating functions be taken over by regular Senate committees.

The Texas Association of Student Councils are mighty proud of the size of their state and pose for this picture to show what a big place it is even though cramped by the size of the Midland High School campus.

Westinghouse Strike In 145th Day, Still Unsettled

WASHINGTON (AP)—The Westinghouse Electric Corp. strike drifted into its 145th day today with company, union and government mediators apparently all uncertain of what peace move to try next.

Company negotiators returned to Pittsburgh last night, saying they had no plans now for further bargaining.

A government-proposed peace plan submitted last Saturday was accepted without reservation by the company Tuesday but the union, refusing an outright yes or no reply, said it wanted somewhat better terms.

Officials of the federal mediation service said they had not learned from James B. Carey, president of the striking International Union of Electrical Workers, precisely what further concessions he wants.

The settlement plan was drafted by a three-man federal mediation panel which has said it will stand pat on its recommendations as fair to both sides.

Carey told reporters he wants 36 discharged strikers who are accused of strike violence restored to their jobs outright without recommended arbitration of the charges.

He also insisted on greater assurances from the company against pay or work opportunity losses for workers who may be transferred from an incentive, or piece rate pay basis, to a straight day work pay system.

The company said it needed certain latitude to shift its production methods from time to time.

Apparently not in dispute are the panel's proposals for a five-year contract with various reopening provisions, annual pay increases ranging from 5 to more than 17 cents an hour, and improved pension and insurance provisions.

Dawson Voting Supplies Arrive

LAMESA — Walter Buckel, Dawson county clerk, reported Friday that absentee voting supplies had arrived for the hospital bond and tax reallocation issues on which Dawson counties will vote March 24.

Absentee voting will continue until March 20, according to Buckel.

The questions at hand are a \$400,000 bond issue for the construction of a county hospital and the reallocation of the county's 80-cent ad valorem tax levy.

The proposed hospital would be a 60-bed structure. If it is approved, according to Fred Barbee, chairman of the hospital steering committee of the Lamesa Chamber of Commerce, local funds will be matched by federal funds under the Hill Burton act.

Dawson County Judge Aubrey Boswell said the reallocation will not be needed if the hospital issue fails. He said recently that every one voting for the hospital project should vote also for the reallocation of taxes, and by the same token those voting against the hospital issue should vote against the reallocation.

Two Transferred To Penitentiary

Katherine Nelson, who is under four-year prison sentence for perjury, and Francisco Hernandez, facing three years for assault with intent to commit murder, were removed from Howard County jail to the Huntsville State Penitentiary this morning.

Rufus Davidson, deputy sheriff, accompanied by Mrs. Davidson, left early Friday for the state prison with the two prisoners.

The Nelson woman pleaded guilty in district court to a charge of perjury. She was indicted for false testimony given at another trial.

Hernandez was found guilty of assault with intent to murder in the shooting last November of Tommie Pool, Big Spring painter.

Man Jailed For Wife Desertion

Dale Moore, charged here with wife desertion, was placed in the Howard County jail last night.

He was returned to Big Spring from Dallas by Sheriff Jess Slaughter.

Dallas police had arrested Moore on instructions from the sheriff here.

U.S. Disarmament Policy Is Revised In Face Of H-Bomb

WASHINGTON (AP)—The Eisenhower administration has drastically revised U.S. disarmament policy to meet what officials conceive to be the needs of the hydrogen bomb age.

Presidential Asst. Harold Stassen told a news conference yesterday he believes the new program will be more acceptable to Russia than was President Eisenhower's "open skies" plan for mutual aerial inspection of the two big powers when it stood alone.

In this respect, Stassen made clear, the United States has modified its position from that which drew Soviet criticism after it was presented by Eisenhower at the summit conference last July.

Stassen will fly to London tomorrow to coordinate new U. S. disarmament proposals with representatives of Britain, France and Canada in advance of a new round of negotiations with the Soviet Union there March 19.

The new policy, elements of which have been disclosed at various times, abandons the idea that substantial cuts in military manpower must be a primary aim of any effective disarmament agreement.

It concentrates instead on bringing under control nuclear weapons—atomic bombs and H-bombs—and on cutting back such things as bombers and missiles.

Stassen said it also offers a method for reducing existing stockpiles of atomic explosives even though the administration holds that it is impossible to police adequately agreements to reduce them.

The formula provides for contributing atomic materials to an international atomic pool for peaceful purposes.

Thus, even though the United States and Russia did not know the exact size of each other's nuclear stocks, each would know how much was withdrawn and therefore the amount by which existing stockpiles were being cut back.

Eisenhower sketched out the main elements of the new program in a letter to Soviet Premier Nikolai Bulganin made public Tuesday. Stassen expanded on them yesterday with reporters.

One element which remains unchanged from proposals put forth during the Truman administration is insistence that an iron-clad inspection arrangement is the first essential of any arms reduction system.

But under Eisenhower's open skies plan, this would be aimed not only at policing production of atomic materials but also at making it impossible for Russia, the United States or any other country to mobilize without detection the men and weapons needed for a surprise attack.

In this connection, a fundamental basis of the new formula apparently is that surprise attack is the key to any future aggressive war. With both this country and Russia possessing hydrogen bombs, moreover, the administration seems to believe that the size of land forces becomes a secondary consideration.

Something Luxurious happens when Bourbon becomes 7 Years Old. Charter Oak. For the full luxury of fine bourbon.

Mrs. Hull Elected College Heights P-TA President

Mrs. W. A. Cobb became president of the College Heights P-TA Thursday in a meeting at the school. Mrs. Buford Hull was made vice president, and Mrs. E. L. Cowan secretary. Mrs. D. D. Johnston was elected treasurer. The two second grades presented a part of the program. Mrs. Cowan's group gave a number of spring songs and readings. The division taught by Mrs. T. L. Newton sang a song in costume, "The Shoemaker's Song." Mrs. Bill Griese accompanied both groups at the piano. Cub Scouts and Brownies repeated the Pledge of Allegiance and sang "America." Another group, under the supervision of Mrs. R. L. Knocke, presented a skit, as did a troop in charge of Mrs. Ennis Cochran. A chorus of Girl Scouts sang "Taps." Eighty attended the meeting at which Mrs. Cowan's room was the count.

WMU Circles Form Prayer Chain Today

All circles of Baptist Temple WMU are taking part in a chain of prayer around the clock today. Times were set Thursday afternoon, when the groups met at the church. Thursday was the last of the four days being observed in the Annie Armstrong Week of Prayer. Topic of that day was "Pray With Understanding For Alaska, Cuba, Panama and the Canal Zone." Participating on the program were Mrs. Monroe Gafford, Mrs. Garland Sanders, Mrs. Sam Bennett, Mrs. James Holmes, Mrs. A. T. Boren, Mrs. Kenneth Huff and Mrs. Raymond LaFon. Each day's observance was opened with silent reading of the Bible and prayers. Mrs. Ray Winans played "Tis the Blessed Hour of Prayer." Each day the meeting closed with the song, "Sweet Hour of Prayer." Theme of the week was "Lord, Teach Me to Pray." The Fisher Circle was in charge of Monday's meeting, with prayers offered for new churches. Taking part were Mrs. Tom Buckner, Mrs. Rex Edwards, Mrs. Gafford and Mrs. H. I. Cox. On Tuesday, the members of the Evan Holme Circle gave the program, offering prayers for various language groups. Mrs. J. B. Riddle, Mrs. Boren, Mrs. Otto Couch, Mrs. W. L. Sandridge and Mrs. Holmes presented the program. Wednesday, prayers were offered for Good Will Centers, with the Horace Budden Circle members giving the study. Mrs. Paul Munden, Mrs. Melvin Baker, Mrs. Robert Hill and Mrs. Cox participated. An average of 12 women attended the meetings each day. Mrs. Winans, Mrs. Huff and Mrs. C. E. Gorney were guests.

Singer To Wed

Olga Peugnet of Managua, Nicaragua is to be wed here Saturday morning to P. R. Yanez of Big Spring. Miss Peugnet, sister of the Rev. Louis Benafides, 601 NW 4th, arrived here Friday evening via Continental Air Lines. Following the wedding, there will be a reception in her brother's home. After a wedding trip into New Mexico, the couple will be at home at 510 NW 6th. In Managua, Miss Peugnet is a professional singer. She is the daughter of Mrs. Sara Larzo Peugnet.

Party Given By Indoor, Good Sports

Marjorie Smith, a member of the Indoor Sports Club of Midland, sang for the local Club Thursday evening at a party in the Girl Scout Little House. The occasion was a Saint Patrick party for Indoor and Good Sports. Games were played after a business session. During the meeting, reports were given by Mr. and Mrs. James Horton, Claudia Arriek and Dolie Ward on the meeting of District Eight executive board. This was held in Lubbock Sunday. Announcement was made of the district convention to be held in Borger June 9 and 10. A large cake in the shape of a shamrock, frosted in green, was served with lime ice and coffee by Adele Cole and Mrs. Armour Long. Twelve attended, with Midland guests, Miss Smith, Eugene Hunter and Mr. and Mrs. Valton Smith.

Shamrock Motif Highlights Party At First Baptist

A St. Patrick's Day theme highlighted the monthly business meeting and luncheon of the Beta Beckett Sunday School Class Thursday at First Baptist Education Hall. Shiny green shamrocks were scattered over the white table cloth. An all-green floral arrangement in crystal centered the table. Napkins were green and white. Mrs. W. R. Douglas was in charge of decorations. The first of a series of character studies of women of the Bible was begun by Mrs. R. V. Jones, who spoke on "Mary and Martha." Mrs. J. H. Greene is program chairman. Mrs. Theo Andrews, a guest, gave highlights of the Women's Missionary Society Week of Prayer. Also visiting was Mrs. W. E. Bates. Leading prayers were Mrs. C. L. Andrews and Mrs. J. F. Sellers. Mrs. J. P. Dodge presided during the business session. The next luncheon is set for April 12.

Homemakers Class Has Monthly Social In Culpepper Home

Mrs. J. T. Culpepper and Mrs. A. C. Kloven were hostesses Thursday night at the monthly social of First Baptist Homemakers Class. The party, using a St. Patrick's Day theme, was held in the Culpepper home, 1508 Scurry. A white floral arrangement centered a lace-covered green cloth on the main table. Refreshments were served to seven.

Lees WMU Holds Meeting On Prayer

The Lees Baptist WMU recently held an all-day meeting for the observance of the Annie Armstrong Week of Prayer. Mrs. D. S. Armstrong was in charge of the meeting. The general topic was "Lord, Teach Us To Pray." Mrs. A. W. White discussed the subject, "Pray With Understanding For Eastabated New Churches and Missions." Mrs. J. J. Overton brought the topic on praying for different language groups. Praying for good will centers was chosen by Mrs. T. W. Baker, and Mrs. D. D. Daniels presented the study on praying for Alaska, Cuba, Panama and the Canal Zone. A playlet, "God Save America," was given by Mrs. J. C. Ray. Members repeated sentence prayers. The Royal Service Program was studied at this time. Mrs. Raymond Overton dismissed the group with a prayer. The next meeting was announced for March 13 in the home of Mrs. A. W. White.

Sweetheart

Linda Warren, daughter of Mr. and Mrs. W. W. Warren, has been selected basketball sweetheart by members of the high school cage team. Miss Warren, a junior in Lamesa High School, is active in the Booster Club, is a member of the Junior Classical League Future Homemakers National Honor Society. She is of America. Girls' chorus, and will be formally presented at the athletic banquet, to be held Friday evening in the high school cafeteria.

Mrs. Couch Hosts Luther HD Club

Mrs. Edward Simpson was chosen the Woman of the Year nominee for the Luther Home Demonstration Club, when the group met in the home of Mrs. John Couch Thursday afternoon. Mrs. Couch gave the devotion from Matthew. The club accepted recommendations on health, safety and civil defense. Mrs. W. E. Hanson and Iris Rawlings gave a discussion of the large equipment for kitchens.

Takes A Heap O' Selling

That's what Girl Scouts and Brownies realize in connection with the sale of cookies, which started this morning. Proceeds from the sales in this area have bought a campsite near Sweetwater and developed it, with more improvements to be made from this year's addition to the fund. Rachel Phelan, Scout, and Jane Thomas, Brownie, prepare to start out with a part of the 400 cartons of cookies available here.

Need A Cookie? Girl Scouts Have Plenty

The home of Mrs. Rube McNew, 1908 Settles, is full of cookies—and that doesn't mean young pretty girls! There are 400 cartons, containing 12 boxes each, of Girl Scout cookies, which the scouts hope to sell in the next few days. The sale started this morning. Boxes are priced at 50 cents. From that amount, three cents will go into the treasury of the scout troop. This is the sixth year of the cookie sales, and the goal is to build a lodge at Boothe Oaks, the scout camp near Sweetwater. From proceeds of the first year's sale, the camp site was bought by the scouts. From the second year funds, the organization erected a mess hall for \$18,000 and paid part of the cost. The third year sales finished the payment on the mess hall. A swimming pool was built with the funds obtained the fifth year, the area was fenced, and water was piped to each unit. Joining local Girl Scouts in the

Party In Stanton Honors Birthday Of Carol Frith

STANTON — Mrs. A. F. Frith honored her daughter, Carol, with a party on her 12th birthday. Bingo and other games were played, with the winners receiving prizes. Refreshments were served to 12 girls.

Parents, Teachers To Watch Movie, 'Childhood Fears'

FORSAN — A film, "Fears of Children," will be shown by W. M. Romans at 7:30 p.m. Monday at a Parent-Teacher Association meeting at the school. Sixty-five students attended a recent athletic banquet sponsored by the P-TA. George White gave the invocation. Mary Lou McElrath was mistress of ceremonies. Reporting the year's sports history were Gary Starr, Lovelle Fletcher, George White, Belvin Martin, Edell Ratliff and Oleta Swindell. Gays Griffith presented vocal solos. Chequita Fowler underwent surgery at Baylor Hospital, Dallas. Helen Jo Holladay is spending the weekend at Baylor University, Waco, with her sister, Nan, a freshman.

Mr. and Mrs. J. E. Frith of Vernon visited with their son and family. Mr. and Mrs. A. Frith. Mr. and Mrs. J. D. Graves and family of Abilene spent Friday night in the home of his mother, Mrs. Fannie Graves. The senior class is selling magazine subscriptions. The proceeds will boost the senior trip. Richard Lewis is a patient in Malone and Hogan Hospital in Big Spring. Stanton Hospital patients are Bobby Martin, Mrs. Ollie Richter, Mrs. Myrtle Morris, Mrs. Lula Burleson, and S. A. Debnam. Patients dismissed were Norman Wood and Geneva Paz. Mrs. Leo Turner recently visited in Midland. Mr. and Mrs. Frank Roquemore have returned from Presidio where they visited. Mrs. John Burnham has been released from Memorial Hospital, and she is now at the Payton home. Albert Johnson was released from the Veterans Hospital in Big Spring for several days. He visited in the home of his mother, Mrs. Virgie Johnson. Dee Cravens is a medical patient at Medical Arts Hospital in Big Spring. The Stanton Parent-Teacher Association will have a regular meeting Tuesday night in the high school gymnasium. Deputy Sheriff A. C. Fleming and Ed McCain made a business trip to Austin. Mr. and Mrs. Ted Laughlin of Garden City visited Tuesday night with Mr. and Mrs. "Straw" Garrett. Mrs. Emma Garrett has moved back to Stanton after having lived in Midland several months. Mrs. Garrett is the mother of Mrs. Roy Linney. They visited in Midland Monday. Mr. and Mrs. G. A. Bridges and Mrs. Walter Graves were visitors in Big Spring with Mrs. Mary Bridges. Mr. and Mrs. A. L. Frith recently visited in Snyder with Mr. and Mrs. J. D. Frith.

Lamesa AAUW Plans Musicales

Plans are complete for the Sunday afternoon musicale to be sponsored by the Lamesa chapter of the AAUW. Scheduled to begin at 3 Sunday afternoon, the affair will be given in the First Methodist Church. Following the program, a silver tea will be held. Proceeds will go into the organization's Fellowship Fund. It is used in the furtherance of college educations for girls. Appearing on the program will be Lambeth Cribb, baritone, chorale director of Lamesa High School; and the Rev. Charles Cooke, tenor, minister of Clark Methodist Church. From Webb Air Force Base will be Howard Klein, concert pianist. The public is invited to attend.

Altrusans Hear Program On Club Development

The Altrusa Club, meeting at the Settles for luncheon, heard a program on information about the organization. Mrs. J. B. Apple was in charge of the meeting. Various members participated by reading bits from each year giving the developments of the club. A report from the executive board was made. Mrs. M. T. Kuykendall reported on the prospects of establishing a park on the north side. Mrs. Apple announced plans for the next meeting.

Brownies Practice At Troop Session

STANTON — Brownie Scout Troop 11-8 met at IOOF Hall Tuesday afternoon to practice for a program for a P-TA meeting next Tuesday night at the school gym. Mrs. Derwood Clardy, leader, and coleaders, Mrs. Robert White and Mrs. Joyce Carr, met with the troop. Sandra Wilkes and Brenda Stander served refreshments to 17.

Troop 22 To Meet

Girl Scout troop No. 22 has scheduled its next meeting for Monday evening in the Gay Hill School with the program based on the theme of Girl Scout Week, "International Friendship." Leader of the troop is Mrs. O. R. Crow, and she is assisted by Mrs. Dean Self and Mrs. Lucille Lockhart.

Pastor To Be Installed At Presbyterian Church

Installation services for the Rev. Jack Ware, new pastor of St. Paul Presbyterian Church, will be held at the church at 7:30 p.m. The sermon will be delivered by the Rev. D. Burke Kerr, Seminole. Assisting in the installation will be the Rev. R. Gage Lloyd, First Presbyterian Church, and the Rev. David Zacharias and L. E. Milling of Lubbock.

Three guest speakers will substitute in local pulpits this Sunday. The Rev. I. W. Fulgham, a member of Baptist Temple, will bring both morning and night sermons for the regular pastor, the Rev. A. R. Posey. A Hardin-Simmons student, the Rev. Jimmy Smith, will bring Sunday sermons at College Chapel Baptist Church in the absence of the pastor, the Rev. H. W. Bartlett. At First Baptist, the evening speaker has not been announced. The Dr. P. D. O'Brien, pastor, will be in the pulpit for the morning service. His topic will be "The Second Coming of Christ," Heb. 9:28.

Installation services for the Rev. Jack Ware, new pastor of St. Paul Presbyterian Church, will be held at the church at 7:30 p.m. The sermon will be delivered by the Rev. D. Burke Kerr, Seminole. Assisting in the installation will be the Rev. R. Gage Lloyd, First Presbyterian Church, and the Rev. David Zacharias and L. E. Milling of Lubbock.

Jesus Interprets History

CHRIST PROPHESES THE COURSE AND END OF AN AGE

By NEWMAN CAMPBELL
IN A RECENT lesson we studied the prophetic statement about the coming of the kingdom of God in answer to the demand of the Pharisees, ending with the statement that "the kingdom of God is within you." That was a burning question of the day. When would the Messiah come, bringing with him the kingdom of God on earth? However, the Pharisees had already renounced the Messiah sent to them, and would shortly put an end to His life on earth.

When they asked Christ when His coming: "And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares." "Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass and to stand before the Son of man." In the parable of the fig tree, Christ points out how with the bursting of the leaves of the fig and all other trees, men know that summer is near. We all know that when the leaves and buds come on the fruit trees, summer is on the way, and we hope that no killing frost will blight the harvest. Let us so live that we need not fear whatever comes, but can be serene knowing that we can never live "beyond God's love and care."

When they asked Christ when His coming: "And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares." "Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass and to stand before the Son of man." In the parable of the fig tree, Christ points out how with the bursting of the leaves of the fig and all other trees, men know that summer is near. We all know that when the leaves and buds come on the fruit trees, summer is on the way, and we hope that no killing frost will blight the harvest. Let us so live that we need not fear whatever comes, but can be serene knowing that we can never live "beyond God's love and care."

Wife's Sitdown Strike Ends

HAMILTON, Ohio (AP)—A Middle-town woman's sitdown strike in the Butler County Courthouse has ended but the threat of legal repercussions still remained today. After sitting for 30 hours outside the office of County Building Mrs. Thomas Cooney gave up and went home at the insistence of her husband. Mrs. Cooney took up her vigil Wednesday in protest against the issuance of a permit for erection of a one-story concrete block building in Dixie Heights, a residential suburb of nearby Middletown. She claimed that Clinton Centers, the builder, planned to use the building for business purposes in violation of the building code. Although she gave up her sitdown strike, Mrs. Cooney indicated legal action may be taken in the case. The fuss all started when Centers received a permit to erect the building—connected with his own home by a breezeway—as a dwelling. Mrs. Cooney contended he intended to start an upholstery shop. Building Commissioner Coning declared, however, the permit was for a dwelling and that "unless he violates the code, there is nothing we can do."

Red Leaders To Visit Britain

LONDON.—The Foreign Office announced today Soviet Premier Bulganin and Communist party boss Nikita Khrushchev will arrive in London April 18 and will stay in Britain 19 days—two days longer than originally planned. The visit was extended by mutual agreement a spokesman said. The Foreign Office announcement mentioned only Bulganin specifically, probably because the original invitation was extended to him by Prime Minister Eden during last year's Geneva summit conference. But it has long been known that Khrushchev also would make the trip. Moments after the announcement a Moscow radio interrupted its broadcasts to announce that the two top Soviet leaders would go to Britain April 18 and stay through April 27.

Give God A Chance—God Will Open Doors For You!

READING LESSON

Dr. Standish has had years of experience reading X-Rays like this one. To his trained eyes, each light and shadow means something, and this understanding has given new health and new life to countless persons. But to most of us, this X-Ray is undecipherable. To understand its message, we would have to take a new kind of reading lesson; we would have to spend long hours at study. Like the X-Ray, many of life's questions

seem at first glance unanswerable. Indeed, some are beyond man's understanding. But in Church, we can be taught a new way of reading that makes mysteries far greater than that of this X-Ray seem suddenly, miraculously clear. If you are interested in the meaning of life for yourself and your children, then profit by the teachings of the Church that have stood the test of centuries for millions of people.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalm	97	1-12
Monday	John	4	21-42
Tuesday	John	6	60-71
Wednesday	I Thessalonians	3	1-18
Thursday	James	1	2-26
Friday	I Peter	1	2-21
Saturday	II Peter	3	8-18

BUZ SAWYER

WELL, BY GEORGE! SO YOU'RE BUZ SAWYER, THE TEST PILOT! HAVE YOU BEEN CHECKED OUT IN THE NEW FIVE-TIGER?

YEP, BUT IT WAS SOME TIME AGO.

GREAT! YOU'RE JUST THE MAN WE'RE LOOKING FOR. THE NAVY IS IN A RUSH FOR SOME MOVIE SHOTS OF THE TIGER LANDING ON A CARRIER AT SUNDOWN.

I'D LIKE TO HELP YOU OUT, FLETCH, BUT I'M MEETING MY WIFE FOR DINNER AT 7:30.

YOU'LL BE BACK BY SEVEN, I'LL GUARANTEE IT. YOU'VE GOT TO HELP US OUT, SAWYER. THE ONLY OTHER PILOT AVAILABLE IS IN THE HOSPITAL WITH AN APPENDECTOMY.

OKAY, YOU WIN.

N.A.S. CECIL FIELD, FLORIDA

DIXIE DUGAN

YOU ALL RIGHT, DIXIE?

JUST CALL ME SANDY!

I'LL HELP YOU UP.

WOW--WEE! YOU FELL INTO...?!!

NANCY

SLUGGO--- I BAKED A CAKE FOR YOU

OH, BOY! I'LL TAKE IT RIGHT HOME

ERNE BUSHMILLER

HELLO, SLUGGO--- ARE YOU ALL RIGHT?

AMBULANCE

L'I'L ABNER

READY, DAISY MAE?

FORGETS FOR TWO YEARS I'LL HAVE HER ALL TO MYSELF!

GAYLORD ROUSER!

RIGHT!! BUT MY APPOINTMENT WITH YOUR SPORTS-TEAM RECEPTIONIST IS TONIGHT!

WE HAVE A TREMENDOUS AMOUNT OF WORK TO DO--

THEN--AH BETTER NOT GO OUT--

WHY WERE YOU DATING HIM?

AH FIGGER IT'S MAH DUTY-- AS A WIDDER SCOUT AROUND!

BLONDIE

DAISY, BE A GOOD DOG AND GET MY CLIFF BUTTON-- IT ROLLED UNDER THE BED

AH, SHE'S GOT IT-- I CAN TELL BY THE WAY HER TAIL'S WAGGING-- GOOD DOG!

WELL, LET'S HAVE IT-- COME ON-- COME ON-- GIVE IT TO ME

I DIDN'T MEAN YOU SHOULD SWALLOW IT

ANNIE ROONEY

I'M SORRY I HAD TO STEP ON DAD YESTERDAY WHEN HE BROUGHT THAT SEA-BELL'S NECKLACE TO ME. BUT I AM VERY, VERY SURE IT WASN'T BECAUSE OF ANY SUDDEN SURGE OF PATERNAL LOVE FOR ME!

HE'S BUYING ALL THOSE THINGS ONLY AS AN EXCUSE TO VISIT THAT SILVER-HAIRED CHARLES SANDY, THE OLD GENT-- AND I MAY NOT BE VERY FATHER-- DAUGHTER PALSY-WALSY, BUT I CAN READ HIM LIKE A CELLOPHANE BOOK!

GOOD HEAVENS! IT'S BIG PAT AN GUNN'S STATION WAGON, AGAIN-- AND SO EARLY IN THE MORNING! WHAT GOES?!

I DUNNO! BUT I DO KNOW THAT EVERY TIME HE SHOWS UP HE BUYS SOMETHING

SNUFFY SMITH

MAW--YE KNOW WHAT I AM TO DO WHEN I GET ELECTED MAYOR?

I AIN'T GOT TH' SLIGHTEST IDEA, PAW--

I AIM TO TAKE LIFE EASY FER A SPELL AN' NOT TARN MY HAND TO DO A SINGLE, SOLITARY THING

WAA!-- IT'S GOOD TO KNOW TH' JOB WON'T CHANGE YE NONE

GRANDMA

GRANDMA, DON'T EAT ANY O' THAT MULLIGAN STEW I BROUGHT OVER THIS MORNIN'!

MOM ATE A DISH OF IT AN' TOOK REAL SICK!!

GOLLY, I ALREADY FINISHED IT!! BUT I LAID MY NOT FEELIN' SO WELL...

...T' TH' SIX BANANAS I ATE BEFORE I TRIED TH' MULLIGAN!

DONALD DUCK

WANT SOMETHING PALP?

ER--AH--SORRY, WRONG ADDRESS!

JOE PALOOKA

HA... THERE'S LOTS OF GOOD OPPORTUNITIES LISTED... I'LL CHECK 'EM AN' WHEN JERRY GETS HERE WE'LL LOOK INTO 'EM?

WOW! SHE'S B'YOOTIFUL! I'D SURE LIKE T' MEET HER! HA... LOOKS LIKE TH' FOCK GALS LOST OR SOMETHIN'?

ULP! SHE'S HEADIN' STRAIGHT FER M-ME!

FORGEE ME FOR SPEAKING WEEH YOU, MEESTER... I AM DESPAIRATE??

SCORCHY SMITH

NO, TANGO! WAIT-- BE REASONABLE!

WHING!

HEY! I'M TAKING WATER-- I'LL SINK AND ALL THIS GOLD WILL BE LOST!

YOU KEEP MY SHARE, PARTNER! THAT LOOT IS BAD LUCK!

YEEOW, HE'S GONE-- AND I'M LEAKING TOO FAST-- I'LL DROWN-- WHAT'S THAT--? A SANDBAR!

OAKY DOAKS

SIR BASHER HAD HARDLY STARTED TO WOO PRINCESS POMONA BEFORE SHE BEGAN TO WOO HIM!

I'M JUST CRAZY ABOUT THAT PERFUME YOU USE ON YOUR MUSTACHE!

BABY, I GOT A FEELIN' WE'RE BEIN' SPIED ON!

DON'T LEAVE ME!

I'M GOIN' TO FIND OUT--

I T'INK SOMEBODY'S BEHIND DAT TREE!

D-DOAKS!

SIR JOHN JONES!

POGO

WESSE! I CAN CARRY YOU HOME AN' GIVE YOU A HOT BATH--

HEY-- YOU GONNA LEAVE ME IN TH' POSITION?

CAN'T HELP IT-- CAN'T MOVE NO MORE.

MY MOUTH IS FREEZIN'-- SHUT, TOO-- CAN'T TALK

CMSER, WOODPECKER CHILE-- WANNA JOB?

PECK AWAY, SON-- TRY AN' CHOP HIM FREE WHUSIT I GETS A KEET-- I GETS A KEET-- I GETS A KEET-- WATER TO MEET HIM DOWN

DICKIE DARE

IT'S NIGHT-- DICK CHECKED TO SEE THE SHIP WAS SAILING REIKSELF, THEN STRETCHED OUT ON THE COCKPIT CUSHIONS...

LITTLE SPORT

FORE!

FOUR!

Play Safe While You Drive!

Keep alert--chew gum

Avoid traffic jitters and driving drowsiness. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension--helps keep you feeling fresh and alert for safer driving. Chew any brand of gum you like but chew while you drive. Naturally, we recommend refreshing, delicious Wrigley's Spearmint Gum--for lively, satisfying flavor and real chewing enjoyment.

Transit Strike Ended By State In Baltimore

BALTIMORE (AP) — Foot-weary transit riders boarded buses and trolleys today for the first time in 40 days and found it cost more to ride with the state operating the system.

The first bus left the garage at 3:30 a.m. ending, by gubernatorial decree, the longest transit strike in the city's history.

Strikers were operating the vehicles as temporary employees of the state. Had they refused to work for the state during a period of seizure, they could have been fired.

Last Monday, Gov. Theodore R. McKeldin invoked authority vested in him by the State Legislature and seized the Baltimore Transit Co. Joseph Allen, chairman of the State Tax Commission, was named to supervise operations.

Allen announced he was temporarily increasing the 18-cent basic fare to 20 cents. The increase will be in effect only until the company is returned to its owners. After that, the Public Service Commission must act on the company's request for higher rates.

If the transit system is still under seizure after 60 days, Allen said, the fare proposals will be reviewed to determine results.

Meanwhile, the company and the striking Amalgamated Assn. of Street, Electric Railway and Motor Coach Employees will resume negotiations Monday.

Under the seizure law, negotiations will continue under mediation for up to 60 days. If a settlement isn't reached by that time, all unresolved differences will be submitted to compulsory arbitration.

The company and the union are still far apart. Representatives of the 2,000 striking operators and maintenance men have asked for a 20-cent increase in the \$1.90 hourly wage—10 cents immediately and 10 cents on July 1—in a one-year contract.

The company's "final offer," since withdrawn, was an 18-cent increase spread through a three-year contract.

Make your own Easter ensemble of

Pure Silks

Rich in texture and in the loveliest of colors
 ... ideal for dresses and those new fashion duster or jacket and dress ensembles.

Action Seen In Auto Industry

WASHINGTON (AP)—Asst. Atty. Gen. Stanley N. Barnes says action will have to be taken "some day soon" if what he termed "economic concentration in the automobile industry" should continue "as in the recent past."

Barnes told a newsman yesterday the Justice Department's Antitrust Division, which he heads, still is studying the entire automobile industry, along with "other basic industries of the nation."

Repeatedly in the past, Barnes has voiced concern over concentration of automobile sales among the Big Three of the industry—General Motors, Ford and Chrysler.

Odessa Buys Auto At Shoemaker Auction

WACO (AP)—Dick Clark of Odessa paid \$2,575 last night for the air-conditioned sedan that used to belong to A. B. Shoemaker, wounded president of the defunct U.S. Trust and Guaranty Co. The 1954 Chrysler was one of the 112 cars put up at auction in the liquidation of the assets of the firm. Shoemaker is recovering from a self-inflicted bullet wound in his head.

Aid 'Welcome' In Boycott

MONTGOMERY, Ala. (AP)—Mayor W. A. Gayle says any contributions would be welcomed to help city buses out of a financial problem brought on by a Negro boycott over segregated seating.

He made the statement after announcing that Sunday service will be discontinued this Sunday on 12 of the 14 city bus routes because the passenger load hasn't warranted continued operations.

Gayle said he received a \$55 money order from an anonymous group of 53 persons in Atlanta to be used in the "valiant struggle to maintain segregation in city buses."

An unsigned letter accompanying it said the Atlanta group is working to promote additional support "of your cause" in the belief that "the struggle in Montgomery... will act as a predecessor of future segregation issues in the South."

The mayor said he also received a \$1 check from Atlanta.

Since the boycott began Dec. 5, the company has discontinued service along most predominantly Negro routes and has hiked fares from 10 cents to 15 cents.

Unofficial sources estimate the boycott has cut the bus company's revenue as much as 50 per cent.

Easter perfect

Select your boys' Easter Sport Coat from our fine collection... many fabrics and colors... sizes to fit all boys...

Caesarian Birth Set For 'Medic' Show
 HOLLYWOOD (AP)—An actual birth by Caesarian section will be shown on film next Monday on NBC's television program Medic. An unidentified mother and father gave permission for the filming of the operation, which lasted about five minutes, and it will be shown from beginning to end, NBC said. The parents will watch the show. It's the first Caesarian to be shown on TV, NBC said.

Glubb Warns Against Hard British Policy On Jordan
 LONDON (AP)—Jordan's ousted British military chief warned Britain today not to let his dismissal provoke a get-tough policy toward the strategic Middle East kingdom. He said that might drive Jordan into the arms of Egypt, Saudi Arabia and Syria.

Lt. Gen. John Bagot Glubb headed Jordan's Arab Legion until young King Hussein fired him last week.

Meanwhile, the government chiefs of Saudi Arabia, Egypt and Syria went into the fourth day of their summit conference in Cairo, promising that an important announcement would be made. They were expected to offer formally to replace the British subsidy of some 30 million dollars a year which has been supporting the Arab Legion.

In a letter to the Times of London, Glubb told the British government it would "be a serious political error to get tough with Jordan at this stage."

Britain pulled 15 of its top officers out of Jordan after King Hussein fired Glubb. Members of Parliament also urged that the subsidy to the Arab Legion be cut off.

Shell Man Sees Oil Rate Hike
 SAN ANTONIO (AP)—King Hubert of the Shell Development Co. predicted yesterday that peak oil production in the United States would be reached in 10 or 15 years and after that there will be a gradual decline.

The economist and geologist declared that a deficit "already exists between domestic consumption and oil production and this deficit is being made up by imports which already amount to about 20 per cent of domestic production and are continuously increasing."

Such utterances have been challenged by Texas oilmen. They claim more oil is being imported than is needed and Texas production is being curbed to the detriment of the Texas industry.
