An Apple For The Teacher

It's "Apple for the Teacher" Week, by special proclamation of Mayor G. W. Dabney, shown here signing the document that expresses appreciation to instructors and suggests that a time-honored gesture be renewed. Shown with the mayor (center) are W. C. Blankenship, superintendent of schools (left) and W. N. (Bill) Garvin, merchandising manager for Webb-Davis Fruit Company.

People Asked To Recognize Teachers By Apple Custom

That old established method of expressing fondness for those who conduct classes has been revived. By official proclamation of Mayor G. W. Dabney, it's "Apple for the Teacher Week" in Big Spring, beginning Monday. His action called for a city-wide observance calling attention to the consistently good work being done by teachers in Big Spring schools.

Cities throughout the nation are observing "Apple for the Teacher" days during the month of March. In citing reasons for this observance, Mayor Dabney's proclamation said in part: "Good government and the American way of life are so dependent upon a sound and constructive educational program"; and "the citizens of Big Spring are proud of its staff of capable teachers who have contributed so much toward development in our youth of skills, understandings, attitudes and appreciations necessary for responsible, contributing citizenship."

PROCLAMATION

WHEREAS, it has been said the "religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged;" and

WHEREAS, this statement gives full expression to the fundamental idea that universal education is an indispensable requirement of American democracy, and

WHEREAS, the citizens of our city in particular are profoundly grateful for the distinguished and persistent contributions of our schools toward the development in all youth of the skills, understandings, attitudes and appreciations necessary for responsible, contributing citizenship, and

WHEREAS, "an apple for the teacher" is a symbolic expression in our American tradition of the feelings of friendship and appreciation which pupils have for their teachers,

NOW, THEREFORE, as Mayor of the City of Big Spring, Texas, I do hereby appoint and designate the week of March 19 as "APPLE FOR TEACHER WEEK," as one means by which a busy but grateful community takes pause to say to its teachers, "Well done and best wishes."

G. W. Dabney
MAYOR

Labor Forces Unite For Action In Texas Politics

Union labor's plans to unify for action in this spring and summer campaigns and growing tension in the governor's race were major political developments in Texas this week.

Politicians were on edge as Sen. Price Daniel delayed saying if he would seek the governorship. Daniel awaited results of his appeal to Texans to let him know what they think about it. He has another radio speech scheduled March 26.

Another prospective candidate sounded off.

He was James Hart of Austin, former chancellor of the University of Texas and former Supreme Court justice. In a speech at Snyder he took a firm stand against interposition, saying it was a futile gesture and sharply criticizing anyone who would use it in politics to stir up racial prejudice. Hart has not said when he will declare himself in or out of the governor's race.

Reubin Senterfitt of San Saba, a full-fledged candidate, hurled harsh words at Daniel, saying the senator does not have the "fortitude" to resign from the Senate to run for governor.

Daniel, at Brownwood for a non-political gathering, did not reply directly but issued a statement

saying "Let others sling mud and make wild charges to their heart's content." He said he was not going into personalities, but that he was interested in delineating a positive program for Texas.

The decision of AFL and CIO leaders to combine their forces this political year was considered significant in view of the strong statewide campaign for convention control now in progress.

Both the big labor groups have lined up with the liberals in the past, but the concentrated, combined effort now in prospect could be an important factor both in the liberal-conservative battle for delegates and in the governor's and other state races.

There are 400,000 CIO-AFL members now in the process of merging. The heart of the united front plan calls for creation of a Texas Committee on Political Education.

Any way you look at it!

At first glance, this may seem to be a strange point of view. But it is true that sometimes you can save a lot of money by spending just a little. When illness strikes, don't "economize" with home remedies. Call on your Doctor promptly. Let him get you back on the Road to Recovery. And, of course, bring his prescriptions here for careful compounding by an experienced, competent pharmacist.

Absentee Voting For City Commission Election Starts

Absentee ballots are now being accepted by the city from persons who will not be able to vote in the city commission election here April 3.

C. R. McClenny, city secretary, said Saturday that the ballots can be obtained at his office in the city hall, but they must be returned before 5 p.m. March 30. City statutes state that all absentee votes must be in three days prior to the general election.

Persons who are handicapped and are physically unable to come to the city hall to vote in absentia or who cannot vote in the general referendum may write for ballots.

Tax Office To Be Open During Noon

Mrs. Viola Robinson, Howard County tax assessor-collector, has announced that for the remainder of March her office will be open during the noon hour each day as a convenience to motorists who need to buy car tags.

She also plans to have her office open all day on Saturday, March 31. That is the deadline for acquiring 1956 tags. She pointed out that several thousand motorists are yet to report to her office for their new tags. Many of these, she believes can be better served if her staff remains on duty from 12 to 1 p.m. during week-days.

The all-day Saturday session on the last day of the car tag season will help deal with the grand rush anticipated.

Owners Leaving Autos Parked

Unknown persons are leaving cars in Big Spring.

A call to the police department Friday reported that two men had gotten out of a car at 304 Lancaster and walked off. A check of the auto revealed a note attached to the steering wheel, saying the men would be back for the car Saturday.

Another person called Saturday morning and told of a Pontiac that had been parked in the 100 block of West 3rd. The car had been at that location for the past three days.

Morris Funeral Set At Lamesa

LAMESA, March 17—Funeral for O. H. Morris, Lamesa civic leader, will be held at 3 p.m. Sunday in the First Methodist Church with Rev. J. Lloyd Mayhew, pastor, officiating.

Mr. Morris, 65, died at his home Friday morning.

Burial will be in Lamesa Memorial Park under direction of the Hig-

ginbotham Funeral Home. Survivors include Mrs. Morris, two sons, Will Q. and Louis R. Morris; a daughter, Mrs. Perry Roberts; and six grandchildren, all of Lamesa; seven sisters, Mrs. Susie Clayton, Fayetteville, Ark., Mrs. Evelyn Cayton, Pittsburg, Mrs. Louisa Williams, Houston, Mrs. Ethel M. Strain, Mrs. Una Pyatt, Mrs. Jera Coats and Mrs. Ava Coats, all of Dallas; and five brothers, Luther L. Morris, Big Spring; C. Wesley Morris of Siloam Springs, Ark.; Nathan V. Morris of Marfa, Q. B. Morris of Winnboro, and Munson Morris of Dallas.

New Supersonic Fighter

Center of attention at Webb Air Force Base Friday was one of the newer types of fighter aircraft in process of development for the Air Force. This is the F-102, built by Convair, said to be capable of supersonic speeds in level flight. It has a radical swept-back, delta wing, to the extent that seen from below in flight it looks triangular in shape. When the F-102 took off Friday afternoon, it had airman gasping at its powerful, almost-straight-up climb. It was being ferried across country, went from here to San Antonio. (USAF Photo.)

NO INTEGRATION VIOLENCE

South Cautioned Not To Bring On Carpet-Baggers

WASHINGTON, March 17 (AP)—A Southern senator cautioned his people tonight to avoid any show of violence in resisting school integration lest they invite a return of "reconstruction" government and rule by "carpetbaggers." Sen. Ellender (D-La.) told a Louisiana radio audience in an address recorded in Washington that he and other congressional signers of last Sunday's "manifesto" against integration are committed to resistance by "any lawful means." He added: "What the South must avoid at all costs is violence, lawlessness, hatred and bloodshed. The outside agitators who seek the subjugation of both the white and Negro races in the South are hovering like greedy vultures for the time when

racial antagonisms lead to chaos, the breakdown of governmental authority, and general lawlessness. "If this condition should occur, then I fear they will not hesitate to press for the use of force. If this should occur, then all our people could look forward to would be a repetition of the Reconstruction regimes which brought the South only oppression and self-seeking exploitation." In "our fight to maintain the basic principles of our federal, constitutional system," Ellender said, "we must not open our gates to an invasion of our states by a new and even hungrier breed of carpetbaggers." Carpetbaggers were Northern politicians who invaded the South after the Civil War. By the Supreme Court decision

calling for desegregation of the public schools, Ellender said, "nine men have made it possible for 165 million Americans to be made subject to a new and powerful kind of despotism." The "declaration of constitutional principles" signed by the Southern congressmen, he said, "is a sober warning" to the American people that the Supreme Court "has laid the foundation for what may yet prove to be a complete destruction of our constitutional system of checks and balances." "We have served notice that the people of the South, both white and Negro, are not going to be used as either whipping boys or political pawns in order to fulfill the Supreme Court's new doctrine of sociological justice," Ellender declared.

Crowell Youth Held Here On Check Charges

Sheriff Jess Slaughter said Saturday that arrest here of an 18-year-old youth, who claims Crowell as his home, apparently has terminated operations of a "hot check" gang which has worked its racket in a dozen Texas cities. The sheriff said that the youth was arrested Friday after he attempted to cash a check in a local establishment. When officers approached, the youth tore up the check and threw the pieces out of the window. Deputies were able to gather up most of the fragments and paste them back together, the sheriff said. Questioned after his arrest by Slaughter and two deputies, Fred Taylor and Rufus Davidson, the prisoner made a voluntary statement in which he implicated a second man and a girl. He told officers his male colleague was a 23-year-old Cisco resident. He said the group tried unsuccessfully to pass three checks in Big Spring Friday before he was arrested. Officers are seeking his partners.

REV. JOHN ENGLISH REV. BILLY PORTERFIELD

Former Pastors Speak Today

Two former pastors of the Wesley Methodist Church, the Rev. John English, left, and the Rev. Billy Porterfield, right, will participate today in the beginning of the Silver Anniversary celebration of the church. The Rev. Ansil Lynn, Dallas, officially launched the week-long celebration Saturday evening. Rev. English, now pastor of St. John's Church in Lubbock, was pastor here from November, 1939, to February, 1943. The Rev. Porterfield, now pastor at Post, was minister at Wesley from 1943 to June, 1947. The ceremonies will be climaxed with an all-day program a week from today.

Feminine Jurists

TAIPEI, Formosa, March 17 (AP)—Two feminine jurists were named this week to Nationalist China's Supreme Court. The first of their sex to attain that dignity, they are Fan Hsi-Hsiang (Sweet Fragrance) and Cheng Chin-lan (Golden Orchid).

Quit Sunday Drives

ALGIERS, March 17 (AP)—The Arab nationalist revolt is revising Sunday driving habits of Algiers' Frenchmen. French residents who once took to the open road in droves for Sunday dinner at rural inns now rarely venture beyond the suburbs.

Truman Wants Stronger Bulwarks Against Reds

SCRANTON, Pa., March 17 (AP)—Former President Truman tonight labeled as an "absolute contradiction of the facts" Eisenhower administration claims the Communists are failing throughout the world. In a speech prepared for the 51st annual dinner of the Friendly Sons of St. Patrick, he offered a four-point program which he said would rally the free nations "once again to work together in mutual trust and confidence." In brief, Truman said the American people should be told the truth about the state of world affairs, the United States should maintain its defensive strength, should strengthen its foreign aid program, and should renew its belief in independence for all men.

Bladder 'Weakness'

NUTCHUK Author-Musician

Eskimo Author, Musician Sets Program Here

The Big Spring High School student council is sponsoring the appearance March 27 of Nutchuk, widely known Eskimo author and musician.

Nutchuk will appear at the high school assembly at 8:30 a.m. The public is invited to join the student body in hearing this unusual visitor.

Nutchuk was born in a tiny Eskimo village in Alaska. He is the son of a Norwegian father and an Eskimo mother. When he was 20 he came to the states and enrolled in North Central College and the Chicago Musical College where he majored in piano. He later entered the master piano classes of Rudolf Ganz and Percy Grainger.

He is also the author of two successful books. He not only prepared the text for his books but he also illustrated them.

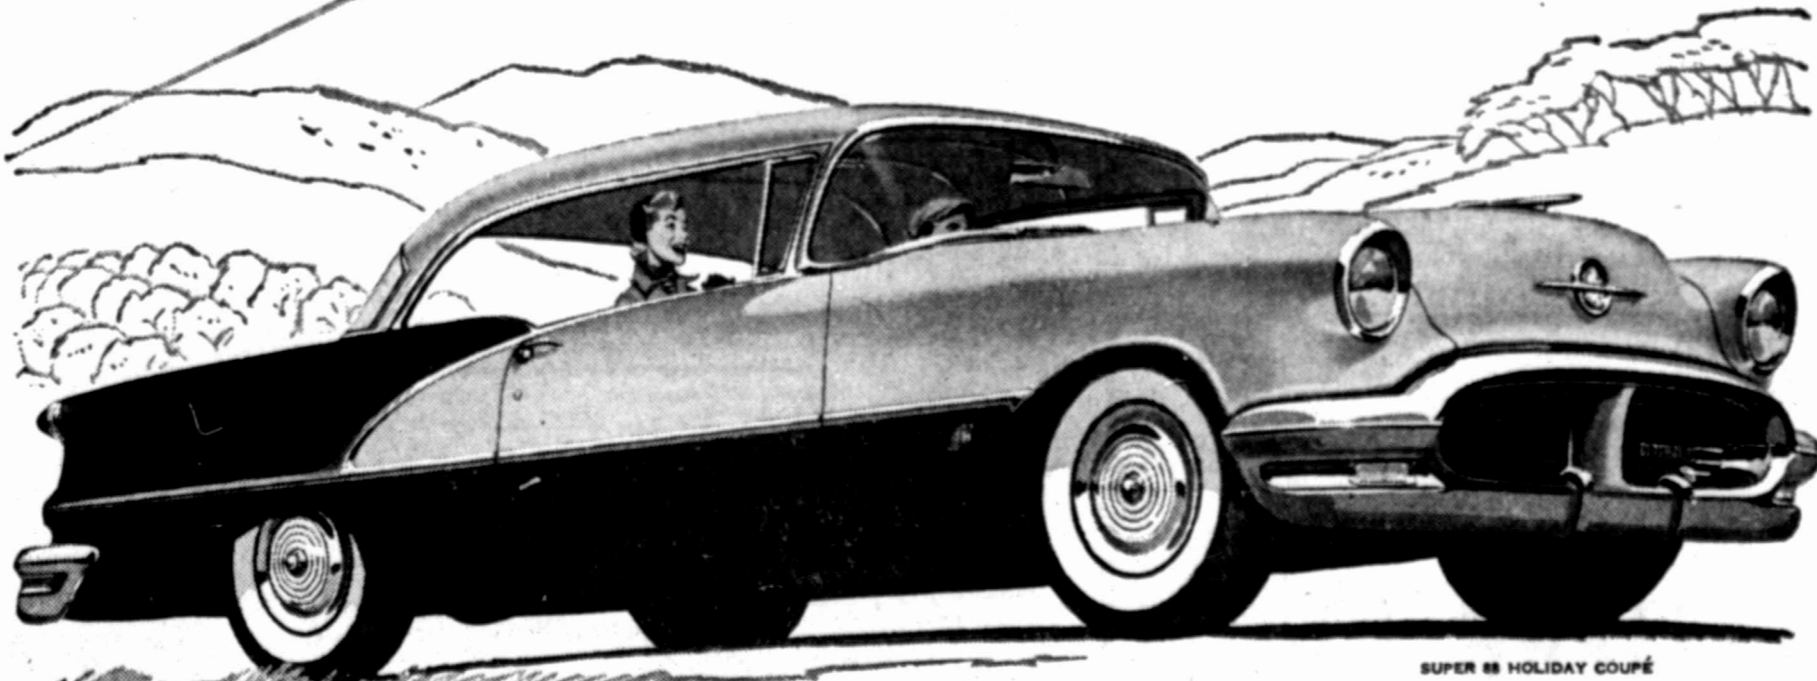

One, "Son of the Smoky Sea," for older boys was a Literary Guild selection in November 1941. Now in its 15th edition, it is still in high demand. His second book, "Back to the Smoky Sea," now in its fifth printing, was written in 1946.

He was staff pianist for seven years for units of the Columbia Broadcasting Company and has made many concert and lecture tours over the United States.

In his program before the school body here he will tell of life among the Eskimos—a subject on which he is well informed, being an Eskimo. He will describe a whale hunt, talk of the customs and habits of the people of the north and relate fairy stories that Eskimos tell, to illustrate their way of thinking. He will describe Aleut music and play examples of it.

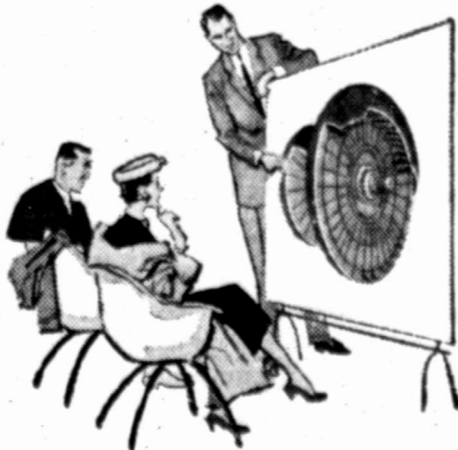

He will terminate his program with a medley of popular American numbers.

Jetaway means GETAWAY!

THE SECRET OF THE SMOOTHNESS IS IN THE SECOND COUPLING!

Jetaway features TWO fluid couplings to give you twice the smoothness! The second coupling fills and spills with jet-like speed to ease you into every driving range so quietly, so smoothly the change is almost imperceptible. Just try Oldsmobile's Jetaway . . . it's the greatest advance in automatic transmissions in 17 years!

And how you get away! With the flashing "go" that Hydra-Matic made so famous, plus a new liquid smoothness that's Jetaway's alone. Just try Jetaway*. Pour on the power! You'll see the dramatic difference, when Oldsmobile's revolutionary transmission pairs with the Rocket T-350 Engine . . . 9.25-to-1 compression big! Here's super action with power to spare. What's more, in this Olds you wing along in the solid assurance of its sure-footed Safety-Ride Chassis . . . in the smart luxury of its fashionably tailored interior . . . with the

welcome ease of the newest in modern power features! And, when it comes to looks, Oldsmobile's Starfire styling is in a class by itself with its original side treatment and trend-setting "Intargile Bumper." This Olds can be yours at a price that's amazingly low. Stop in today and see!

*Standard on Series Ninety-Eight, optional at extra cost on all other series. †Optional at extra cost. Safety Power Steering standard on Series Ninety-Eight.

Recipe For Polio Funds

Homemaking students of Edna McGregor hit upon a sure recipe for collecting funds for the Howard County March of Dimes. They compiled favorite recipes from members of the faculty and high school students, printed them in book form and sold the collections for a total of \$225. Maxine Rosson presents a check for that sum to Rod Ware, chairman of the local polio chapter. Mary Sue Hale and Mollie Benson also are pictured. Others who assisted with the project were Julie Rainwater, Nelda Tidwell, Carol Rasco, Claudia Nichols, Carol Sue Hines, Cecilia McDonald, Alice Lambert, Jackie Johnson, Dorothy Mabe, Barbara Tibbs and Mary Anne Beece.

Italian Drug Queen Nabbed, With Big Stock Of Heroin

ROME, March 17 (AP)—A grandmotherly gang queen was in an Iranian jail today—her plans smashed to smuggle two million dollars a week of illegal heroin to American dope addicts. A heroin laboratory capable of producing 110 pounds weekly and \$20,000 worth of heroin and morphine were seized with her in sudden raids by Iranian police and U. S. Bureau of Narcotics agents in Tehran. The action was announced today by Charles Siragusa, U. S. Bureau of Narcotics district supervisor for Europe and the Middle East. Siragusa flew back from Tehran last night. He praised Iranian police and their chief, Maj. Gen. Alavi Moghaddam, for their work in forestalling the flow of illicit drugs to the American underworld. Siragusa told this story from police records: For 40 years police around the world have duelled with two clever

international narcotics traffickers—Michael Kalogridi and his wife, Kalyopi. The couple served prison terms in Greece and Turkey but returned to crime. Michael was a skilled chemist. In 1948 Istanbul police grabbed the couple just as Michael was about to leave for Mexico and set up a heroin laboratory financed by New York City gangsters. He went to prison instead. Narcotics agents made a number of arrests in America and Mexico. Eighteen months ago the tough old couple disappeared from their known haunts. The reason: Michael was in enforced retirement because of illness. For a year, his wife nursed him. Three months ago he died. She was widowed—and broke. Their savings had been used up during the illness. Then word slipped around the Mediterranean underworld that Kalyopi, at 66, was back in business. A rich Iranian drug merchant financed her. A two-story villa was rented at Tehran because Istanbul and Beirut were too hot. National police have hit hard at dope smugglers there in recent months. This week Iranian police and U. S. agents struck. Three accomplices, all Iranian, were arrested. Their female leader was caught with drugs. Police say a long sentence is certain.

Over 100 Die In Lebanon Earthquake

BEIRUT, Lebanon, March 17 (AP)—Troops and rescue workers searched for bodies among the ruins of houses in 25 Lebanese earthquake-stricken towns and villages today. Altogether 127 people were believed dead and more than 200 were injured in the worst earthquakes in Lebanese memory. Three tremors at five minute intervals struck last night. They sent people rushing panic-stricken from their tottering homes into the fields and onto the beaches. The worst hit community was the little mountain village of Shiheem. Thirty-two bodies were brought out from the rubble this morning while fresh tremors rocked the village and mourning women wailed in the streets. Ruins looked like the aftermath of an air raid. Villagers crouched with their belongings in open spaces. They were afraid to return to the remains of their homes.

The first quake shook the houses and weakened the structures. It awakened most of the occupants and sent them out into the streets. There, shivering in rain and cold, they saw their homes collapse under the second tremor. One family slept through the first tremor and was wiped out by the second. Roads leading to the village were strewn with boulders, loosened by landslides. In Beirut, the capital walls shook and crumbled but little damage was done.

Whitmer Flown To San Antonio

Lt. Hollis J. Whitmer, one of three Webb AFB fliers who parachuted from jet planes Friday morning, was flown Friday night to a military hospital at San Antonio for treatment of a hand injury. Lt. Whitmer, of 1200 Blackmon, Big Spring, was the only one of the trio to receive severe injuries as a result of parachuting. A fourth man, Lt. John A. Swenson, 407 E. 8th, was killed, however, when his plane crashed. Whitmer, Capt. Richard Thompson and Lt. Otis O. Bowen parachuted after two Webb planes collided 21,000 feet above Roscoe early Friday.

Body of Lt. Swenson is to be shipped today by Nalley-Pickle Funeral Home to Worcester, Mass., where funeral arrangements will be made. He is survived by his wife, Ruth Stiles Swenson, and his parents, Mr. and Mrs. Paul E. Swenson of Pilgrim Village, Chatham, Mass.

'Troopers Drop Near North Pole

ST. JOHN'S, Nfld. (AP)—The U. S. Northeast Air Command said today 700 paratroopers this week made the first tactical air drop within 900 miles of the North Pole. They parachuted near Thule, Greenland. The men jumped from C124 Globemasters Wednesday into 40-degree-below-zero cold for the beginning of Exercise Arctic Night. The exercise was a simulated attack against an arctic air base, and designed to develop procedures and techniques for joint Army and Air Force operations. The paratroopers were members of the 82nd Airborne Division, whose home base is Ft. Bragg in North Carolina.

DR. ELTON TRUEBLOOD Looking over his favorite book. WRITER VISITOR HERE

Sees New Vitality Because Of Faith

A man who likes to think of himself as a religious leader with an amateur standing is of the opinion that faith—not fear—is turning the American nation back to Christ and Christian principles. Dr. Elton Trueblood—in Big Spring for a period of relaxation with his friends, Dr. and Mrs. J. E. Hogan—said that the nation is bursting with a "new vitality." People are becoming skeptical of the sufficiency of material means, Dr. Trueblood added, and they are turning to the deeper things of faith. The author of over 10 books on religion and religious philosophy, Dr. Trueblood is now working on his biggest book entitled "The Philosophy of Religion." The book has been outlined, and he has finished writing the first two of its 21 chapters. In a talkative mood Friday, Dr. Trueblood spoke of meeting the Hogans at a tourist retreat near Kerrville about eight years ago. Dr. Trueblood and his wife were there while he was working on one of his books, "Common Ventures of Life," when the Hogans came for a stay at the retreat. The author was in the habit of reading to the group around the fireside each night what he had written that day. "My wife and I got to know the Hogans well, and the friendship has strengthened since then," he said. Dr. Trueblood left here Saturday morning for Chattanooga, Tenn. for a series of sermons in the Lookout Mountain Presbyterian Church. Before coming to Big Spring, he had spoken to the Texas Council of Churches convention at San Antonio and at Texas A&M. Until Jan. 1, he was chief of Religious Information for the U. S. Information Agency in Washington, D. C. He is on leave from his job as professor of philosophy at Earlham College at Richmond, Ind. Dr. Trueblood will return to his teaching duties in the fall. Before then he will have finished his book on philosophy. While working for the government, he has been leading the Yokefellow Associates movement as president. The Yokefellow is a movement

"devoted to extension of the ministry through the work of laymen." A recent \$15,000 grant to the organization has made a way for establishment of a Yokefellow Institute at Richmond. In addition to the institute at Richmond, extensions of a week's duration will be sponsored throughout the nation. The movement is an outgrowth of the author's book, "Your Other Vocation" which deals with laymen's chances of ministering to others. Although a Quaker, Dr. Trueblood has spoken and preached to many faiths. As an example, he said he had spoken to the Baptist Student Union state convention in Dallas, during the past winter he preached at the First Methodist Church in Wichita Falls, and then he mentioned the coming services in the Presbyterian church in Tennessee.

Walter Grice Asks Reelection To J.P. Office

A request for support of his candidacy for Justice of the Peace, Place One, Precinct One, was issued this week by Walter Grice, who has filed for reelection subject to the Democratic primaries. "I ask consideration of the voters on the basis of my record," said Grice. "I have served five terms in the past as Justice of the Peace and one term as County Judge. Therefore I know the duties of the office, and the conditions as they exist in our county that affect the workings of the Justice Court. "I have been interested in civic activities, have worked with our young people. I deeply enjoy helping people and know that if elected Justice of the Peace I can do much toward making our community a better place to live. I ask the opportunity of continuing to serve you. "I feel that my experience in office qualifies me to make a worthy public official. I shall keep the Peace Justiceship an independent court, but I will work with other members of the law enforcement offices and courts to lend cooperation and unity which are needed if our laws are properly enforced and respected. I pledge my best efforts to maintain the office in a dignified and efficient manner, with justice for all." Grice has been a resident of the county since 1929.

Dividends Voted By T&P Directors

DALLAS, March 17—The Board of Directors of the Texas and Pacific Railway Company at its meeting here, declared dividends on both common and preferred stocks. President W. G. Vollmer announced that dividends of \$1.25 per share on the common stock and one and one-quarter per cent on the preferred, both payable March 30 to stockholders of record March 26, 1956, were voted by the board. The Board also authorized the purchase of six diesel-electric road-switch locomotives. These units will supplement the road's present motive power consisting of 202 diesel-electric locomotives.

Negroes On Trial Monday In Alabama Bus Boycott

MONTGOMERY, Ala., March 17 (AP)—Raising the issue of free speech, 93 Negroes including 25 clergymen face trial here Monday for the mass refusal of their race to ride segregated city buses. They have waived the right of jury trial, choosing instead to let Circuit Judge Eugene Carter decide their guilt or innocence. That is permissible under Alabama law in a misdemeanor. Defense attorneys declined to disclose the reasons for that decision. The Negroes were indicted by a predominantly white grand jury Feb. 21 as leaders and active participants in the 16-week-old boycott of Montgomery City Lines buses which has continued without pause since last Dec. 5. Some of the defendants, particularly the ministers, were charged with leading vocal contempt and leadership to the protest which has cost the bus line 75 to 95 per cent of its normal Negro business. Others were indicted for using their automobiles in a precisely organized car pool which has enabled thousands of workers to get to and from their jobs. In periodic mass meetings in their churches, Negroes have heard dramatic appeals from the ministers for "passive resistance to oppression" without violence. With their financial contributions, they have kept the motor pool rolling at a cost of \$200 a day. The indictments were returned

under a rarely used state law originally aimed at labor strife and never before used except in union-management disputes. The law prohibits organized boycotting "without just cause or legal excuse." Maximum penalty for each defendant is six months in jail and a \$1,000 fine. Negro defense attorneys, attacking constitutionality of the statute, have raised the issue of free speech, freedom of worship and peaceful assembly, and equal protection under the law. The bus boycott began with the arrest and conviction of a Negro seamstress, Mrs. Rosa Parks, for refusing to move to the colored section of a bus. City and state laws require separate seating facilities. At the outset, Negroes demanded only a better seating arrangement, a "first come, first served" plan where Negro riders would be seated from the rear and white passengers from the front until all places were taken. Later, as the boycott continued, the Negroes challenged the segregation pattern itself with a suit in U. S. District Court attacking the city and state laws as unconstitutional. No hearing has been scheduled on that complaint. There have been relatively few acts of violence in the lengthening dispute although the grand jury warned that trouble is "inevitable" unless race relations take a new course.

Cadillac Light Work for Lovely Hands! It's a pretty tight spot—no question about that! But it's no work for this lovely lady. For she's at the wheel of a 1956 Cadillac—and here is the world's gentlest resting place for feminine hands. In fact, even the most difficult of driving maneuvers seldom require anything beyond the merest gesture of a hand on the wheel... and the lightest touch of a toe on the accelerator. And not only is she always at her ease—but at her loveliest as well. Seldom, indeed, is a woman seen under more flattering circumstances than she is in the "car of cars"—calm, serene and rested... and surrounded by Cadillac's great luxury and beauty. And how proud and happy she is! For imagine, if you can, the priceless joy of owning and driving a motor car recognized everywhere as the "Standard of the World"! To any lady reading this advertisement, we offer this simple suggestion. Come in soon... and see for yourself. And to any gentleman who might be listening in—well, perhaps there is a lady whom you would like to see always at her ease—and at her loveliest—and at her proudest. The magic formula is waiting for you in our showroom—and we'll be delighted to assist in the transformation at any time. P.S.: We have some special news about cost and delivery that you will find difficult to resist. Better come in while the facts are so favorable. McEWEN MOTOR COMPANY 403 SCURRY DIAL 4-4354

Who's The Ugliest Boy At HCJC?

Six candidates for the distinction are pictured. The "ugliest boy" will be chosen by popular vote at the conclusion of a variety program in the junior college auditorium at 7:30 p.m. Thursday. The ugly boy contest is a feature of "Twirp Week" at the college. Girls are taking the initiative this week and any male student who doesn't want

himself a date had better hasten to the "date bureau" and have his name removed from the list of eligibles. Ugliest boy candidates, left to right, are Jimmy Robinson, Eddie Gill, Tommy Black, Silas Flournoy, Bob Jones and Kenneth Honeycutt. Another candidate is Richard Read, who was absent when the photographer called.

New Lions Club At Lamesa To Receive Charter

LAMESA, March 17 — The Lamesa evening Lions Club will receive its charter Tuesday night at a program in the high school cafeteria.

W. T. (Dub) Nelson of Childress, District 2-T-1 governor for Lions International, will present the charter and deliver the charter address on "Lionism—A Fusion of the Human and the Divine." L. K. (Bill) Nolan, president of the new club, will preside.

Nelson has an outstanding record of community service in the Childress area, Nolan said. He has worked on projects for the Lions Camp for Crippled Children at Kerrville, the Green Belt Bowl football classic which he organized at Childress, and other Lion endeavors. He has a record of more than 10 years of perfect attendance at Childress Lions Club functions. He is a wholesale food distributor at Childress.

Mrs. Nelson and the couple's daughter, Nancy Ann, will accompany Nelson to Lamesa for the charter program.

UNITED FUND AGENCY

Red Cross Chapter Operating Within Its \$15,000 Budget

By SAM BLACKBURN

In thousands of communities across the nation, March is best known as the month when the American Red Cross annual roll call is conducted. In Howard County, the roll call is not observed. The Howard-Glasscock Red Cross chapter is a member of the United Fund and its operating funds are derived in the single campaign which provides funds for several agencies.

Mrs. Moore Sawtelle, executive secretary of the chapter, said that even though the local Red Cross is not engaged in soliciting funds for operational expenses as are most chapters, the work of the local organization goes ahead at full speed. She explained that the UF allocated the Red Cross chapter a budget of slightly more than \$15,000 for the current year's work. Of this total, \$10,000 was earmarked to stay in Howard County for use in relief of distress and assistance for the needy here at home.

The balance of the money has been dispatched to the National Red Cross. Heavy demands made on the national unit this year, as exemplified by the recent flood disaster on the West Coast, has depleted national funds to a dangerously low point and the chapter here will be assessed \$1,200 as its part in rebuilding the treasury.

Senior Class Slates Play

The spring play of Big Spring High School will be presented Thursday and Friday evenings in the high school auditorium.

"Father of the Bride" is the production. Proceeds will finance the annual senior class trip at the end of the school year.

Tickets may be purchased from any member of the senior class. The price is 60 cents for both children and adult groups.

Records Say More Frost Is Possible

In case you may be wondering if it is safe now to plant tender young shrubs and be secure from possible destruction by frost, be warned that the records show frosts are still definitely possible in Big Spring.

Recent cold weather has played havoc with fruit and flowers which were brash enough to come out of winter repose too early. Green-thumbed citizens are worried. They point to the calendar and indicate the lateness of the season and inquire if it isn't reasonable to assume that freezing weather for spring 1956 isn't over.

Perhaps it is safe to go ahead with that flower planting and gardening. But on the other hand, perhaps not.

Consider the records. There are four instances in April since 1915 when temperatures locally dropped below 32 degrees. Furthermore, there are at least two occasions in May when frost has occurred.

As for the remaining days in March—well, there have been numerous years when it was not only chilly but bitter cold.

Lowest recorded temperature for the remaining days in March occurred on March 19, 1923. The temperature dropped on that date to 12 degrees. As a matter of fact the period March 16-20, 1923, never got warmer than 19 degrees minimum.

April also has had its share of subfreezing days in the past. On April 1, 1931, it was 28 degrees; on April 2, 1915, it dropped to 30 degrees; April 3, 1920, saw a minimum reading of 23; and April 4, 1945, reported a cool 29.

May, too, can be frosty. On May 4, 1907, it was 31 degrees and on May 7, 1917, it was 32.

From that date—May 7—on, there are no readings below or even with the freezing minimum.

So, if you are garden-minded and eager to get to digging up those flower beds, it is recommended you use your own judgment.

It could well be, of course, that no more frost will befall and that the little seeds you so tenderly bury and the delicate plants you set out in their beds may thrive and flourish.

But don't say it won't frost again this spring.

It could and the book shows that it has done just that on numerous occasions in Big Spring's past.

public for help. She said the local chapter is proud of its long record of operating adequately within its budget and without calling upon the public for support but at one time each year.

"We intend to keep that record as it is," she said.

Local Red Cross chapters are charged with responsibility of coping with disasters in their own communities where such incidents do not involve more than five families. Mrs. Sawtelle pointed out as a typical example of this sort of work the demands made on the chapter in the last week for relief for two families left destitute as a result of fires.

Many such calls are made on the Red Cross yearly. She said the cost of relief provided in such cases varies sharply. It can be only a few dollars or it may run as much as several hundred dollars. Where more than five families are stricken with a single disaster the national Red Cross steps in and assumes direction of rehabilitation.

The Big Spring office is also clearing house for scores of relief cases involving servicemen. Since the establishment of Webb Air Force Base, the volume of work in this field has multiplied many times. The office has a huge file of cases involving airmen and their families who have come to the Red Cross for assistance.

Loans to such families are commonly made by the chapter. Many of these, of course, are never repaid. Others are promptly settled as soon as the serviceman is able to get back on his feet.

Mrs. Sawtelle said that the Big Spring community had opportunity to watch the National Red Cross in action as a relief agency in 1954 when a flood swept through part of the town and brought numerous families into difficulty. She said that in that activity, the national organization expended \$1,200 of its own funds assisting the washed-out families restore themselves.

Normal activities of the chapter go on around the clock from season to season. Currently, a series of first aid classes are being conducted in the city. Three classes, one at junior college, a second for Girl Scout leaders and a third for city firemen, have just been completed.

The Veterans Hospital requires the operation of a large Gray Ladies organization to lend a hand in care of patients.

Summer water safety courses are a regular event on the local chapter calendar.

This year, an extremely large and active program for junior Red Cross members is under way in the schools of the city.

Combined with the Howard County activity of the Red Cross is Glasscock County. In Glasscock County, a roll call for financial support of the chapter has just been concluded under the direction of Clyde Berry and Mrs. Edward Teale. The drive netted \$300. It is possible some additional funds may be added to this total before the end of the month. The chapter offices here, located in the Howard County courthouse, conducts all Red Cross services required for Glasscock County.

"We are happy with our association with the United Fund," said Mrs. Sawtelle. "Despite the steadily increasing demand made on us for additional services, we are staying inside our budget as we have always been able to do."

"We figure our operations carefully in order to adhere strictly to our pledge that we would not ask the public for support but once each year—that time being when the annual United Fund campaign is under way."

MEN IN SERVICE

JACKIE PATTON

Completing the last year of a four-year enlistment in the Navy is Jackie Patton, son of Sam Patton of Big Spring and grandson of Mrs. Mattie Shoultz of Forsan.

He enlisted in the Navy three years ago and is due to receive his discharge next December. For the past two years he has been stationed in Japan at a base near Tokyo. His initial Navy training was received at Long Beach, Calif.

He attended the Forsan schools prior to his enlistment in the Navy. At Forsan, he resided with his grandmother.

Pvt. Jerry A. Young, 20, whose wife, Mary Ruth, lives in Big Spring, is receiving basic combat training with the 8th Infantry Division at Fort Carson, Colo.

part of Operation Gyroscope. Young, son of Mr. and Mrs. Virgle L. Young, Coahoma, was graduated from Coahoma High School in 1953 and entered the Army in February, 1956.

Leaving Monday to report for Navy duty at San Francisco is Haley L. Hodnett, 20, son of Mr. and Mrs. Merle Hodnett, 1001 E. 16th.

Young Hodnett was one of nine recruit company honoremens cited for outstanding leadership in recruit training at the San Diego Naval Training Center recently. He came home on leave following completion of nine-week recruit

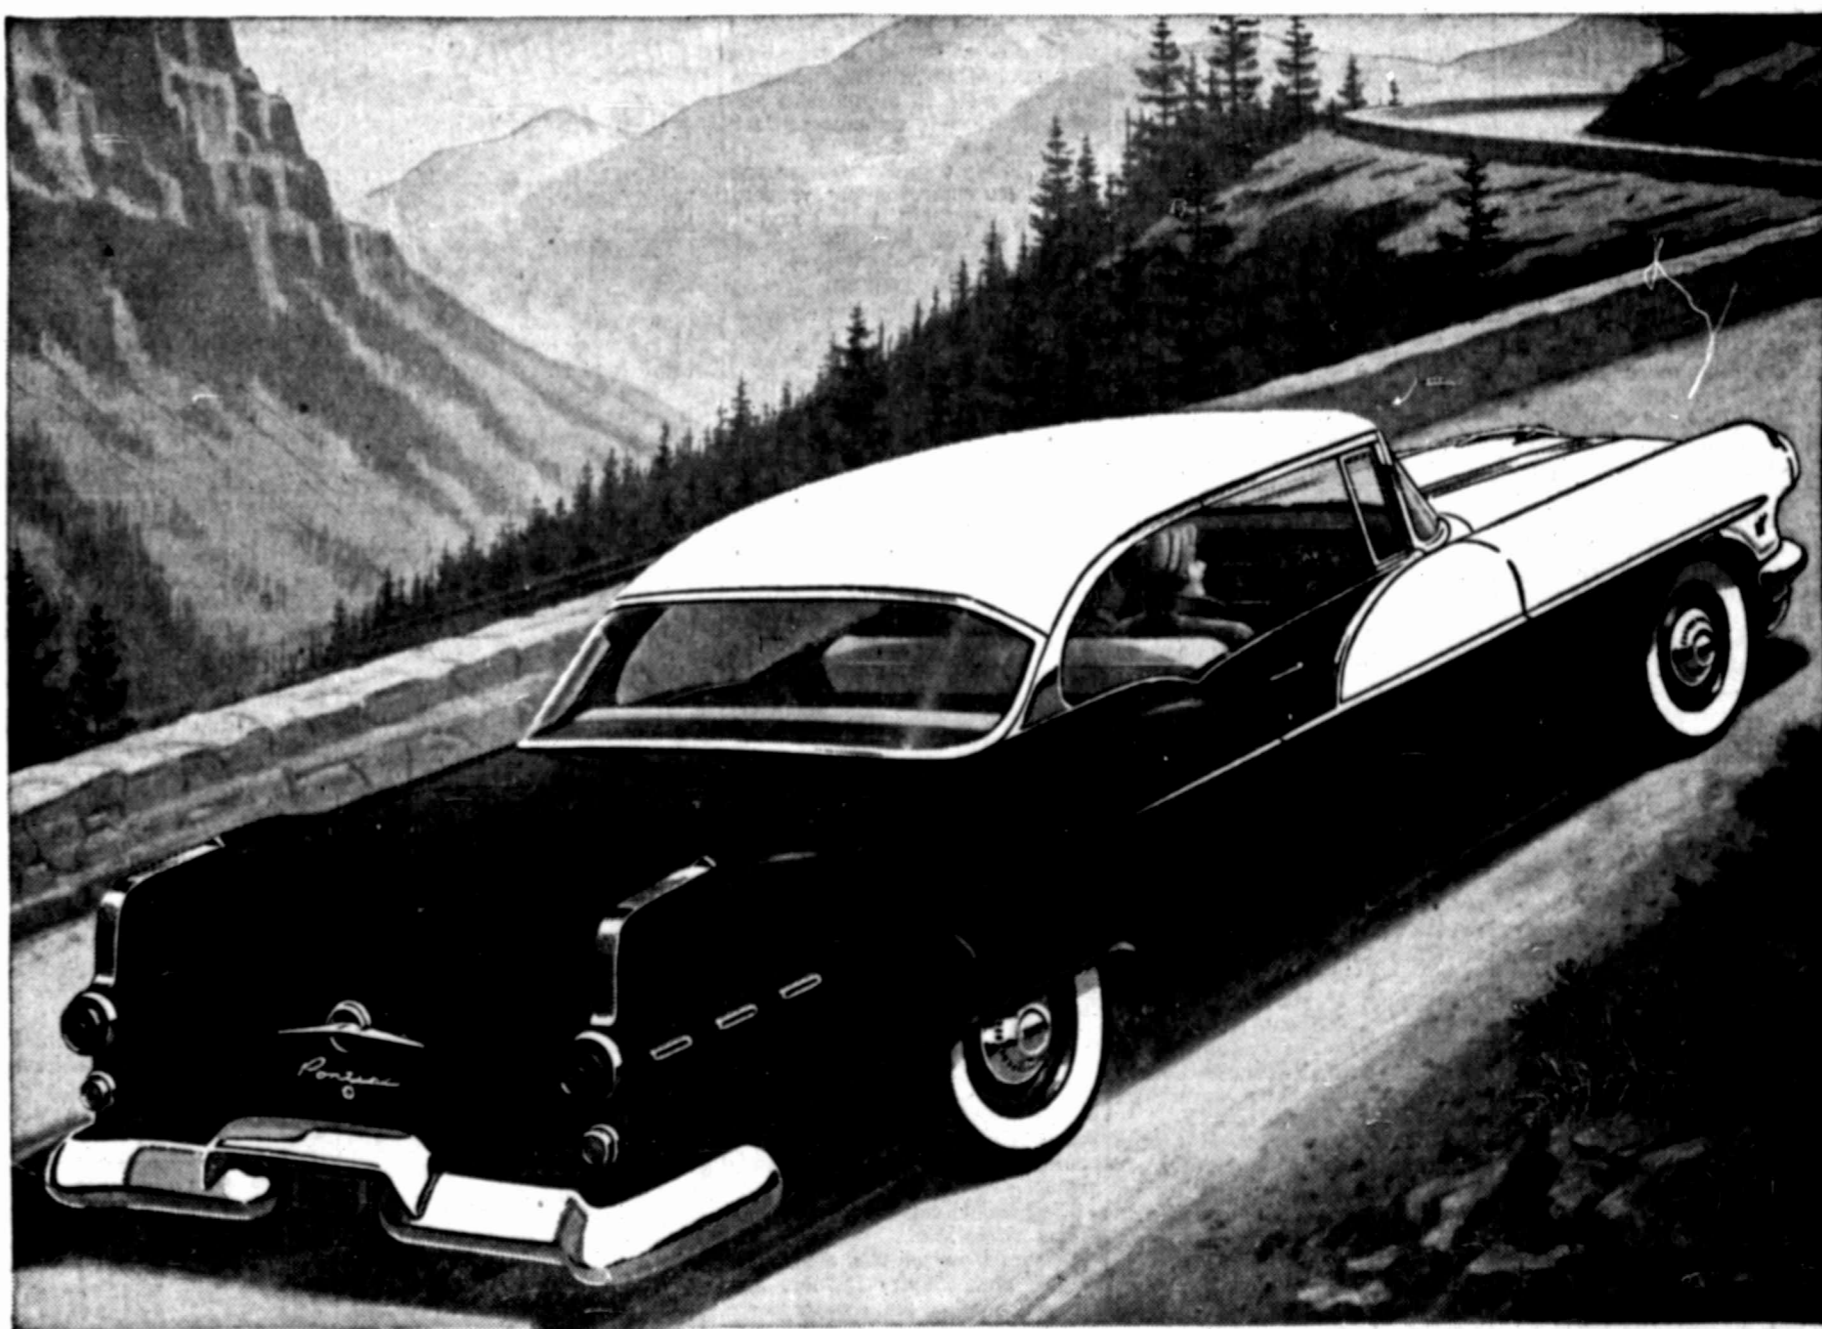

HALEY L. HODNETT

training at San Diego. He plans to leave Big Spring Monday and report to San Francisco on March 23. He is a graduate of Big Spring High School and attended Texas Tech for two years, starting a study of architecture.

Texas Accident Death Rate Down

AUSTIN, March 17 (AP)—The death rate from Texas traffic accidents in January was down slightly from last year, the Department of Public Safety said today.

The death toll was 172, compared with 195 a year earlier. The department said 25,503 driver's licenses were suspended last year for failure to file or show proof of financial responsibility resulting from either convictions or accidents.

A Chamber of Commerce budget of about \$25,400 will be submitted Monday.

Fire Damages Truck

A truck fire about one mile west of Big Spring was the lone call answered by the fire department Saturday. No cause was reported for the blaze, and only slight damage to the truck bed was recorded.

Nothing Hurt But The Car

This 1935 Mercury was all but demolished Saturday morning when it overturned four times on Highway 87 about a mile and a half south of Big Spring. The driver, Lorin S. McDowell II, 16, received only minor injuries. He was examined at the Big Spring Clinic. Another driver escaped serious injury in a similar mishap Friday. He was Billy Bob Howell, 24, Ranch Inn Apartments. His 1933 Chevrolet overturned several times and was destroyed on Highway 80 about four and a half miles west of Big Spring.

Ackerly Lions Club Chartered

ACKERLY, March 17 (SC)—At a meeting last Thursday night, the Ackerly Lions Club received its charter from Roy A. Minear, district governor from Midland.

FOX STRIPLING

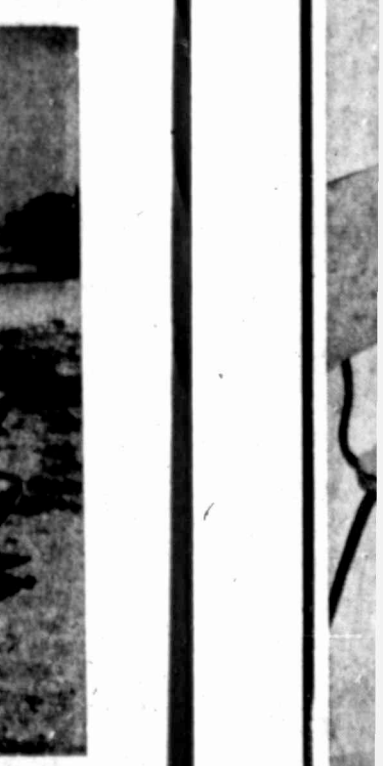

(Continued from Page 1)
and members of his family said he never really learned to drive a car although he operated a car somewhat on the buggy principle.

Always a community booster, Mr. Stripling was active in the Commercial Club and its successor, the Chamber of Commerce. He was a founder of the Wednesday Luncheon Club and served as president of this community forum which met until 1932 in the First Methodist basement.

It Was A Mistake

OTTAWA, March 17 (AP)—St. Patrick's Day got off to a bad start today for the Irish Embassy. The flag flew at half staff for more than an hour.

Nothing Hurt But The Car

This 1935 Mercury was all but demolished Saturday morning when it overturned four times on Highway 87 about a mile and a half south of Big Spring. The driver, Lorin S. McDowell II, 16, received only minor injuries. He was examined at the Big Spring Clinic. Another driver escaped serious injury in a similar mishap Friday. He was Billy Bob Howell, 24, Ranch Inn Apartments. His 1933 Chevrolet overturned several times and was destroyed on Highway 80 about four and a half miles west of Big Spring.

Parties Exchange Blasts On Delay Of Farm Bill

WASHINGTON, March 17 (AP)—Republicans and Democrats accused each other today of delaying Senate action on the election-year farm bill.

Sen. Cotton (R-NH) said "some Democrats are trying to delay and sabotage this bill" and added:

"There is a very definite and calculated conspiracy to prolong consideration. The Democrats realize that the one weak spot for attack on the administration in this year's campaign is in the farm belt."

Sen. Ellender (D-La.) replied in a separate interview that "much

of the delay is the direct responsibility of the Republicans."

"I wanted to get this bill on President Eisenhower's desk by Feb. 15th," Ellender said. "The Republicans insisted on a 10-day recess between Lincoln's and Washington's birthdays to make political speeches before taking it up."

Ellender said he agrees with Cotton that the longer Congress delays approval of the soil bank program and its offer of \$1,200,000,000 in payments, the fewer farmers will participate.

Many farmers already have completed plans for this year's

crops and in Southern areas plowing and planting are well under way.

Senators took a weekend recess because many of them had political engagements for St. Patrick's Day.

Prospects for passage Monday also are dim. Majority Leader Lyndon B. Johnson (D-Tex) got agreement to put the farm bill aside Monday to consider 194 other bills now on the calendar for passage by unanimous consent.

President Eisenhower urged speedy approval of the soil bank and other aids to farmers in a special message to Congress Jan. 9.

So far the Senate has defeated efforts to junk the flexible and lower price supports won by the administration in 1954.

Sen. Aiken (R-Vt) and other

flexible price supporters predict a veto by Eisenhower if rigid supports are nailed into the omnibus bill.

Stevenson, Kefauver Meet In Direct Minnesota Test

MINNEAPOLIS, March 17 (AP)—The two front runners in the race for the 1952 Democratic presidential nomination met head-on for the first time Tuesday in the Minnesota presidential primary election.

Both Adlai Stevenson, the party's 1952 candidate, and Sen. Estes Kefauver (D-Tenn) have been stumping this state of farmers and laborers for Minnesota's 30 votes in the Democratic National Convention.

By car and by plane each candidate has spent nearly two tightly scheduled weeks criss-crossing Minnesota in bids for votes. In

the process, each has bet heavily on his future as a presidential candidate, though the larger risk belongs to Stevenson.

Stevenson will need a definite edge in the voting to claim a clear-cut victory, because the Democratic organization in Minnesota is behind him. Kefauver supporters are certain to claim a moral victory if he gives Stevenson a close race, or carries so much as one of Minnesota's nine congressional districts.

Each has concentrated his fire almost exclusively on the Republicans. Just one or two brief ex-

changes have broken their personal truce.

Both men's names are on the ballot. Polls give Stevenson a definite statewide edge.

Further Training For German Troops

BONN, March 17 (AP)—The U.S. Army is beefing up the American staff training West German troops. New officers and enlisted men selected from units throughout Europe bring to 456 the total teaching the Germans use and maintenance of American equipment provided under the mutual aid program.

Military Men Are Returning Home

SAN FRANCISCO, March 17 (AP)—Nearly 5,000 military men, home from the far Pacific, will reach San Francisco next week.

The ships arrive tomorrow, the attack transport USS Renville, from Yokohama and Okinawa, and the Barret from Guam and Honolulu.

The Gen. Morton from Inchon and Yokohama, and the Gen. Sultan from Manila, Guam and Honolulu, dock Tuesday. The Gen. Breckinridge will arrive from Inchon and Yokohama Thursday.

Novel Shovel For Unique Project

Dan M. Krasse, manager of manufacturing for Cosden Petroleum Corporation, and George Grimes, refinery superintendent, look over a styrene plastic shovel used in breaking ground for Cosden's new \$3 million styrene plant. Styrene is used in making crystal-clear plastics, but the 20,000,000-pound annual output of the facility here likely will go to synthetic rubber manufacture. In making styrene, Cosden will be the first to employ commercially an ultratractation process to obtain ethylbenzene from the mixed xylene stream of its BTX plant. (Keith McMullin Photo).

South Field Finals Two Producers

Howard County new producers include two Howard - Glasscock wells and one in the Snyder pool. Sunray No. 8-B Denman - about 10 miles southeast of Coahoma in the Snyder field - pumped 111.80 barrels of oil in a potential, 24-hour test. Gravity is 29.2, and gas-oil ratio is 600-1. Operator fractured with 15,000 gallons. Total depth is 2,825 feet, and top of the pay area is 2,752 feet. The 5 1/2 inch casing is at 2,752 feet. Site is 330 feet from south and 1,650 feet from west lines, 16-30-1s, T&P Survey. Continental No. 33-A Settles in the Howard-Glasscock pool pumped 178 barrels of oil in finaling. Gravity is 30. Oil was reached at 2,525 feet, and the hole bottomed at 2,653 feet. Five and a half inch casing is set at 2,658 feet, and perforations are between 2,525-61 feet. Operator acidized with 1,000 gallons. The well is located at C SE NW NW, 135-29, W&NW Survey and about two miles south of Forsan. Continental No. 20-S-133 Settles pumped 30 barrels of oil in a 24-hour test. Gravity was not reported. Depth of the well is 1,293 feet, and top of the pay zone is 1,289 feet. Five and a half inch casing is at 1,293 feet. It is located 1,650 feet from south and west lines, 135-29, W&NW Survey. It is four miles west of Forsan.

'Scorpion' Ready To Sting

Top figures in the petroleum industry and government officials will be on hand Tuesday morning when the Scorpion, a nine million-pound steel off-shore drilling platform, will be commissioned. The rig, biggest ever built, was designed and built by R. G. LeTourneau Inc. Oil Well Supply of U. S. Steel supplied the rig. When the \$3 million unit floats to a location, it puts down "legs" to the ocean floor and then elevates itself to the desired height.

Borden Well To Deepen

Permission has been granted to deepen a wildcat venture in Borden County—the Seaboard and Fan American No. 1-33 Good. The location is in the southwestern part of the county. Original depth was 8,000 feet, but permission to deepen to 2,200 feet has been granted. Operator has progressed to 8,735 feet in line at last reports.

The location is C SE NE, 33-33-4n, T&P Survey and is about seven and a half miles north of Vealmoor. A location in the Pot Luck field, Texas Pacific No. 1-B Johnson is bottomed at 8,225 feet and is preparing to plug back and test a higher formation. Maximum authorized depth is 8,300 feet. Site is C SW NW, 7-32-5n, T&P Survey and about 12 miles southwest of Gail. Midwest No. 2 Scott is still coring. Last reported depth was 8,159 feet. Site is C SW SE, 413-97, H&T Survey and about 12 miles northeast of Gail.

Glasscock Adds Spraberry Well

A well pumping 118 barrels has been reported in Southwest Glasscock County in the Spraberry Trend Area. It is the Argo No. 10 Charles J. Cox. The completion was in the Clear Fork of the Spraberry field. The producer pumped 118.59 barrels of 37.2 gravity oil in a 24-hour final test. It is a plug-back completion. Gas-oil ratio in the test was 368-1. Top of the pay zone is 6,493 feet, and total depth is 7,128 feet. Seven-inch casing is set at 6,949 feet, and perforations are between 6,493-6,504 feet. Operator had acidized with 18,000 gallons. Site is 660 feet from north and east lines, 48-37-4s, T&P Survey and about 20 miles southwest of Garden City. Southern Production No. 2-A-3 R.

S. Davenport is an amended location in the Spraberry Trend Area. It is an old well and is to be plugged back. Site is 664.4 feet from north and 657 feet from west lines, 3-37-5s, T&P Survey and about 30 miles southeast of Midland. Operator will be drilling to 6,400-6,500 feet to test the Clear Fork. Old depth in the Spraberry was 7,169 feet. In Sterling County, Sun No. 1-B Stringer is now drilling past 1,715 feet in lime and shale. Operator ran drillstem test between 1,530-56 feet and recovered 70 feet of mud with no shows. Tool was open two hours. It is about 10 miles southeast of Sterling City in the Stringer (San Andres) field. Location is C NW NW NW, 14-11, SCRR Survey.

Two Locations In Mitchell Staked

H. J. Scibienski of Corpus Christi has staked two new locations in Mitchell County's Sharon Ridge 1700 field. They are the No. 2-B Mills and the No. 2 F. W. Hardee. The Mills project will be plotted 330 feet from north and 990 feet from west lines, 29-8, north half of Smith Survey. It is nine miles northwest of Colorado City and will be drilled to 1,500 feet with cable tools. Scibienski No. 2 Hardee will be nine miles northwest of Colorado City, 1,380 feet from south and 330 feet from east lines of west half, 29-16, Smith Survey. It will go to 1,700 feet with cable equipment. W. R. Weaver No. 1 Jack Holton will be located in the Westbrook field about eight miles north of Westbrook. It will be plotted 550 feet from south and 330 feet from east lines, 2-28, H&T Survey. The location will be drilled to 3,200 feet with rotary tools.

Drilling Ahead

Duncan Drilling Co. No. 1-A Turner Gregory, Mitchell County, has drilled Saturday to 5,050 feet and was continuing to make hole. This is located 330 from the west and 884 from the north lines of section 19-28-1n, T&P.

Drilling Increases Sharply In Basin

Drilling picked up during the first part of March to the tune of 44 new rigs in the Permian Basin and southeast New Mexico, according to semi-monthly survey taken by Reed Roller Bit. Figures through March 10 showed 591 rigs in operation in 47 counties while on Feb. 25, there were 547. The count stood at 554 on Feb. 10. Andrews County leads the one-county score with 87. Lea County, N. M., is next with 73, and Ector being third with 45. Crane and Gaines followed with 38 and 30, respectively. The number of rigs as to counties (plus the Feb. 25 totals in parentheses) are Andrews 87 (88), Borden 10 (8), Brewster 2 (2), Coke 9 (1), Chaves 4 (2), Crane 38 (37), Crockett 17 (2), Culbertson 1 (1), Dawson 7 (12), Dickens 0 (1), Ector 45 (43), Eddy 5 (3), Fisher 11 (12), and Gaines 30 (31). Also Garza 4 (4), Glasscock 3 (4), Guadalupe 1 (1), Hockley 6 (4), Howard 16 (15), Irton 3 (3), Kent 3 (4), Lea 73 (66), Lubbock 3 (2), Loving 2 (1), Lynn 1 (1), Martin 2 (1), Midland 22 (22), Mitchell 7 (5), Nolan 23 (18), Pecos 13 (13), Reagan 15 (11), Reeves 4 (5), Runnels 17 (13), and Scurry 13 (11).

Also Garza 4 (4), Glasscock 3 (4), Guadalupe 1 (1), Hockley 6 (4), Howard 16 (15), Irton 3 (3), Kent 3 (4), Lea 73 (66), Lubbock 3 (2), Loving 2 (1), Lynn 1 (1), Martin 2 (1), Midland 22 (22), Mitchell 7 (5), Nolan 23 (18), Pecos 13 (13), Reagan 15 (11), Reeves 4 (5), Runnels 17 (13), and Scurry 13 (11). Schleicher 2 (4), Sterling 1 (2), Stonewall 10 (10), Sutton 2 (2), Tom Green 7 (11), Terry 8 (5), Upton 19 (14), Val Verde 3 (3), Ward 15 (12), Winkler 13 (12), Yoakum 13 (10), and Spraberry 14 (10).

Texas Well Total Gain 316 In Week

AUSTIN, March 17 (AP)—Texas oil drillers brought in 316 wells this week the year's total of 3,349 compared to 3,139. Gas wells totaled 25. The year total reached 365, compared with 277. Drillers reported 167 dry holes. Of the 316 new oil wells, 10 were wildcat, as were 2 gas wells and 86 dry holes.

Nears Pay Zone

Wilbanks and Rutter No. 7 Proctor, a Spraberry test in northern Reagan County, was nearing total depth before testing Saturday. Operator reported the hole at 7,220 feet in shale and lime.

Fusselman Section Shows Good Prospects In Phillips Test

Phillips Petroleum Company No. 2 Satterwhite looked like another Fusselman producer Saturday in the Big Spring Fusselman field. Operator had run electric logs and was reportedly running casing to complete. The hole was bottomed at 9,614 feet and top of the Fusselman section was picked from samples at 9,574. Unofficial sources pegged the pay stratum at 14 feet, but it drilled extremely soft. Location of this venture is C SE NE, 12-32-1n, T&P, on the southwest edge of this relatively new area.

In the Howard-Glasscock pool, Cosden No. 9 Clay bottomed at 1,790 feet and pumped 56 barrels of 30-gravity oil in 24 hours on potential test. It is 1,650 from the north and 2,310 from the west lines of section 22-33-1s, T&P, bottomed at 3,092 with the 5 1/2-in. oil string and pumped 71 barrels of 30 gravity oil in 24 hours. Duncan No. 1-C Patterson, 2,310 from the north and 300 from the west lines of section 22-33-1s, T&P, drilled at 2,850. Holley & Grantham No. 4 Cherry, 330 from the south and west lines of section 23-33-1s, T&P, drilled below 2,993 in line Saturday. Theissa Drilling Company No. 1 M. H. O'Daniel, 330 from the south and west lines of section 34-30-1s, T&P, was at 1,778 in shale and anhydrite. This Snyder pool prospect is about nine miles southeast of Coahoma.

and prepared to run oil string. Cosden No. 8 Patterson, 990 from the south and 2,310 from the west lines of section 22-33-1s, T&P, bottomed at 3,092 with the 5 1/2-in. oil string and pumped 71 barrels of 30 gravity oil in 24 hours. Duncan No. 1-C Patterson, 2,310 from the north and 300 from the west lines of section 22-33-1s, T&P, drilled at 2,850. Holley & Grantham No. 4 Cherry, 330 from the south and west lines of section 23-33-1s, T&P, drilled below 2,993 in line Saturday. Theissa Drilling Company No. 1 M. H. O'Daniel, 330 from the south and west lines of section 34-30-1s, T&P, was at 1,778 in shale and anhydrite. This Snyder pool prospect is about nine miles southeast of Coahoma.

DEVONIAN WILDCAT SLATED IN SOUTHWESTERN DAWSON

A new wildcat location has been reported in southwestern Dawson County. The location is Superior Oil Company No. 1 Barnes-McBrayer and is about seven miles southwest of Patricia. It is staked 330 feet from south and west lines, Labor 24, League 271, Loving CSL Survey. Operator is authorized to drill to 13,000 feet with rotary equipment to test the Devonian.

oil industry, will take part in the directors meeting this afternoon. G. K. Chadd, chief chemist of Cosden, is to deliver a paper on octane numbers at the Monday afternoon technical session. Besides the technical sessions, there will be addresses at the general sessions Tuesday and Wednesday afternoons. The closing session is Wednesday afternoon. Reid Brazell, president of Leonard Refineries, Inc., Alma, Mich., has been president of this association since last year and is expected to be re-elected at the business meeting next week. In addition to Mr. and Mrs. Tollett, others with the Cosden organization who will attend the meeting are Mr. and Mrs. M. M. Miller, Mr. and Mrs. A. V. Karcher, Mr. and Mrs. R. M. Johnson, Sam Heffner, Mr. and Mrs. E. W. Richardson, Mr. and Mrs. George Grimes, Mr. and Mrs. George Harwell and Mr. and Mrs. G. K. Chadd of Big Spring, Nelson Phillips, Jr., and R. O. Wilson of Dallas.

Gas-Oil Reserves Hold Rate Of Gain

By MAX R. SKELTON HOUSTON, March 17 (AP)—Major natural gas and crude oil states lost little ground in 1955 in finding new proved reserves. Texas, California, Louisiana, Oklahoma and Wyoming still hold 84 per cent of the nation's crude reserves. Despite a decline of four per cent, Texas, Louisiana, New Mexico, Kansas, and Oklahoma hold 84 per cent of the nation's natural gas reserves. The top 10 oil states on Dec. 31 had 95.3 per cent of crude reserves, compared to 93.7 per cent a year earlier. The 12 states with a trillion cubic feet or more had 98.2 per cent of gas reserves, the same percentage as at the end of 1954. Domestic gas reserves Dec. 31 totaled 223 trillion cubic feet, a 12 trillion increase despite record production during the year. Production jumped 7 per cent to a record 10 trillion cubic feet. Crude oil production also reached a record but additions to reserves were the lowest since the American Petroleum Institute began present estimates in 1945. Crude reserves Dec. 31 totaled 30,012 million barrels, an increase

of 451 million during the year. Crude reserves increased 615 million in 1954. A record 2,199 million barrels were added in 1951. Last year's record output was 2,419 million, compared to the previous record, 2,311 million barrels in 1953. Texas' grasp on reserves declined fractionally for both oil and gas but the state still has over 48 per cent of gas reserves and over 49 per cent of crude reserves. Colorado moved among the top 10 crude oil reserve states, replacing Arkansas in 10th place. Colorado boosted its reserves from 328 to 334 million barrels. Arkansas dropped from 351 to 329 million. Natural gas states, with proved recoverable reserves in billions of cubic feet, are Texas, 108,287; Louisiana, 42,435; New Mexico, 18,584; Kansas, 16,293; Oklahoma, 13,204; California, 8,892; Wyoming, 3,196; Mississippi, 2,508; Colorado, 2,253; West Virginia, 1,564; Kentucky, 1,262; Arkansas, 1,164; Ohio, 809; Pennsylvania, 754; Montana, 719; Utah, 420; Michigan, 325; North Dakota, 280; Illinois, 233; Nebraska, 203; New York, 75; Indiana, 33; and others, 34.

DO IT YOURSELF Versatile Cabinet Is Functional, Handsome

By BILL BAKER
A good item of furniture should be both functional and versatile. And one of the most versatile and functional do-it-yourself pieces you can imagine is my modern occasional cabinet. You'll build several for your home in a few pleasant workshop hours while spending only a few dollars for materials.

"Versatile" is really the best single word to describe this handsome unit. It makes the perfect room divider for a small home—it can be used as a small buffet for dining and later as an end table. In bedroom or den it is the perfect "extra storage" place, display shelf or bookcase. To make unique tables to flank a modern sofa. And the cabinet forms an ideal lamp table.

SLEEK CABINET—EASY TO BUILD

Your cabinet is almost 4 feet long and features a smart two-level construction. An upper level, which is 30 inches long and 10 inches deep, steps down to a section which is more than a foot long. An open center section measures 30 x 15 x 10.

You'll have an easy time when you take my pattern package number 119 to your shop, even if you've never done woodworking before. Easy-to-read instructions, a full material list and diagrams of all building phases are included. You'll also receive exact-size pattern pieces made of heavy-weight paper, so all you'll have to do is tack, trace and cut. Your finished table will have that "professional" look. You'll get your pattern when you send only one dollar (\$1) in check, cash or money order, together with your name and address (clearly printed), to Bill Baker, The Big Spring Herald. Be sure to ask for pattern package number 119.

pieces made of heavy-weight paper, so all you'll have to do is tack, trace and cut. Your finished table will have that "professional" look. You'll get your pattern when you send only one dollar (\$1) in check, cash or money order, together with your name and address (clearly printed), to Bill Baker, The Big Spring Herald. Congressmen To Cuba To See Navy Vessels

WASHINGTON, March 17 (AP)—A hundred members of Congress are slated for a trip to Cuba next week in one of the first congressional tours of the season.

The lawmakers are flying to Guantanamo Bay, at the Navy's invitation, to take a look at two of the service's proudest possessions—the giant supercarrier Forrestal and the guided missile cruiser Boston.

Next month more congressmen are heading south to ride the atomic sub Nautilus, while others plan to work out at sunny Daytona Beach, Fla., in "practice" for an exhibition baseball game.

Whether the list of "junkets," as congressmen themselves often call them, will be as long this election year as in 1955 remains to be seen.

Capitol oldtimers regard 1955 as an all-time high to date. More than 200 representatives and senators went abroad last year.

Some "junkets" are paid for out of congressional committee funds. In other cases, like the Guantanamo trip, another arm of government picks up the tab for travel, food and lodging.

Sometimes the legislators pay all or part of their own way.

The "spring training" at Daytona Beach is an annual affair, scheduled for April 2-7 during Congress' Easter recess. Transportation costs come out of the lawmakers' own pockets. After arrival, the visitors become "guests" of the local Chamber of Commerce.

So far 24 congressmen are signed up for the affair. With their families, the total comes to 75 to 100. More are expected to join the list.

\$5,500 Settlement In Damages Suit

Suit for damages growing out of a motor car accident on Dec. 20, 1954, was settled in 118th District Court Friday by an agreed judgment.

D. W. Pettus of Sweetwater, acting for his minor son, Danny, 11, was awarded \$5,500 in the agreement approved by District Judge Charlie Sullivan.

Pettus had filed suit against the Jarbet Co., for \$74,500.

He alleged that the car he was driving, with his young son as a passenger, had crashed into a barricade on a highway. He claimed the defendant had erected the barricade which the petition alleged, was not properly marked. Injuries sustained by the boy were basis for the damage action.

Routine Agenda Set For Commissioners

Only routine matters are scheduled to occupy the time of the County Commissioners Court at its Monday session.

County Judge R. H. Weaver said that insofar as he was advised there was no special business to be brought up at the regular Monday morning conference.

Jury Panel Called For District Court

Civil jury cases are on tap in the 118th District Court for this week, Judge Charlie Sullivan said Saturday.

Jurors have been instructed to report Monday at 10 a.m. Cases pending on the docket will be booked for hearing during the week.

CARD OF THANKS
We wish to thank and extend our deepest appreciation to the many friends and relatives who were so generous with their cards, flowers and special prayers during our recent illness and confinement. God bless you all.

Small Boy Badly Hurt At C-City

COLORADO CITY, March 17—Danny Ray Dossey, 7, suffered fractures of both legs Friday afternoon when he was struck by a truck at Tenth and Pine Streets.

He was described as "pretty sick" Saturday, but his condition wasn't thought to be critical. He also received numerous bruises and scratches on his face and body.

The lad is the son of Mr. and Mrs. R. R. Dossey of Colorado City.

The boy was said to have darted into the path of a flatbed truck driven by Ronald Servies, Colorado City basketball coach. He was taken to the Root Memorial Hospital.

French Military Plane Crashes

DAKAR, French West Africa, March 17 (AP)—A French military transport plane crashed during a takeoff today, killing all eight persons aboard.

The crash occurred at Gao, about 1,000 miles east of Dakar and just south of the Sahara Desert.

Stamp Collectors Are Good CUSTOMERS AT POST OFFICE

Stamp collectors are among the best customers of the Big Spring post office.

Postmaster E. C. Boatler estimated that collectors have purchased \$1,000 worth of stamps at the post office during the past 12 months.

Boatler orders sheets of every new stamp that is issued by the Post Office Department, and collectors throughout West Texas are familiar with this practice. Consequently, the Big Spring post office gets calls from all over the area for the new stamps.

Collectors also ask for stamps which they think may be discontinued for some reason. One such stamp which now falls in that category is the "certified mail" stamp which could be discontinued because the new-type mail service isn't being as widely used as was anticipated.

Some stamp fans also attempt to secure stamps of every denomination that is offered, and the post office has requests for stamps to fill vacancies in the denominational collections.

Also popular are blocks of four stamps with printing plate numbers and other markings on the margins. Boatler recently received an offer of \$12.50 for four of the discontinued \$2 stamps on which plate numbers were visible.

The postmaster, of course, rejected the premium offer, and he didn't have the desired stamps anyway.

Boatler mostly appreciates the stamp collectors' business, though. Sales to collectors help keep postal receipts up, and there's no mail processing costs for stamps that go into collectors' albums.

Jap Movie Festival

TOKYO, March 17 (AP)—Japan's Education Ministry is sponsoring an international movie festival here in October. A spokesman said about 16 entries would be accepted from the United States.

Atomic Energy Study

VIENNA, March 17 (AP)—Austria plans to set up a \$280,000 government stock company for study of atomic energy. Finance Minister Reinhard Kamitz said an atomic reactor will be set up soon.

Contagious Diseases Are Prevalent Here

Four diseases each recorded more than 20 cases in the county during the past week, according to the report from the city-county health unit. The four are influenza, measles, pneumonia, and upper respiratory trouble.

Measles affected the greatest number, with 29 cases being reported.

There were 27 cases of influenza, 22 of pneumonia, and 25 of upper respiratory trouble. Seventeen cases of diarrhea were reported and 16 of tonsillitis were listed.

Chickenpox sufferers numbered 13 during the week, and there were 12 reports of gastroenteritis. Strep throat cases totaled 11, and one each case of roseola and gonorrhea completed the weekly report.

THE WORLD'S FIRST BARRETTE HEARING AID Exclusively For Women By Tonemaster

No Clothing Noise • No Dangling Cord • Worn Completely Hidden In Hair

Put it on in seconds. Just clip this new Tonemaster over the hair, comb a few strands over it and, PRESTO! You are all set for a full day or evening of complete freedom and truly relaxed, effortless hearing. You'll forget you are wearing a hearing aid.

Phone or Write: YARBER TONEMASTER CO. Box 765, San Angelo, Texas. Please send full details: Name _____ Address _____ City _____ State _____

New Heavyweight Champs—with modern short-stroke V8 power!

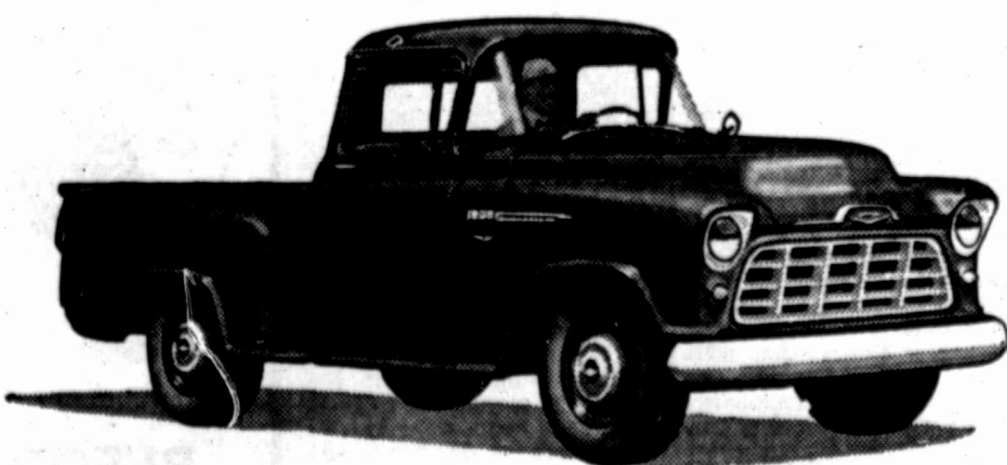

NOW! BIG, TOUGH TANDEMS!

Meet the new heavyweight champs! This new Triple-Torque Tandem is rated up to 32,000 lbs. G.V.W., up to 50,000 lbs. G.C.W.! It's built big to do big jobs! And whatever your job—light, medium or heavy hauling—there's a modern Chevrolet truck built to do it better!

NEW '56 CHEVROLET TASK-FORCE TRUCKS!

New Middleweight Champs—with ratings up to 32,000 lbs. maximum G.C.W.!

New Lightweight Champs—with High-Level ventilation and concealed Safety Steps!

In new Task-Force six-wheelers you get the last word in modern V8 power with the big new 322-cubic-inch Loadmaster. You get Power Steering, too! And a built-in 3-speed power divider lets you select the most efficient ratio for a wider range of operating conditions. With the tandem's 5-speed transmission, this gives you 15 forward speeds and 3 reverse! New rear suspension eliminates the

need for spring lubrication, permits truer tire tracking and reduces tire wear! For safer going, the rear axle can be engaged and disengaged instantly. In addition, of course, you get all the modern Task-Force truck features.

Whatever your operation, we've got a new Chevrolet truck to handle it with new hour-saving efficiency. Stop in soon and we'll show you!

Champs of every weight class!

Anything less is an old-fashioned truck!

Amarillo Sandies Wrap Up Canyon Reef Relays Title

Steers Score Seven Points

SNYDER, March 17. (SC)—The Amarillo Sandies became the champions of the fourth annual Canyon Reef Relays here Saturday by outlasting several teams in a bottle to the wire.

The Sandies only registered 19½ points in winning the meet in competition with the keenest this meet has seen.

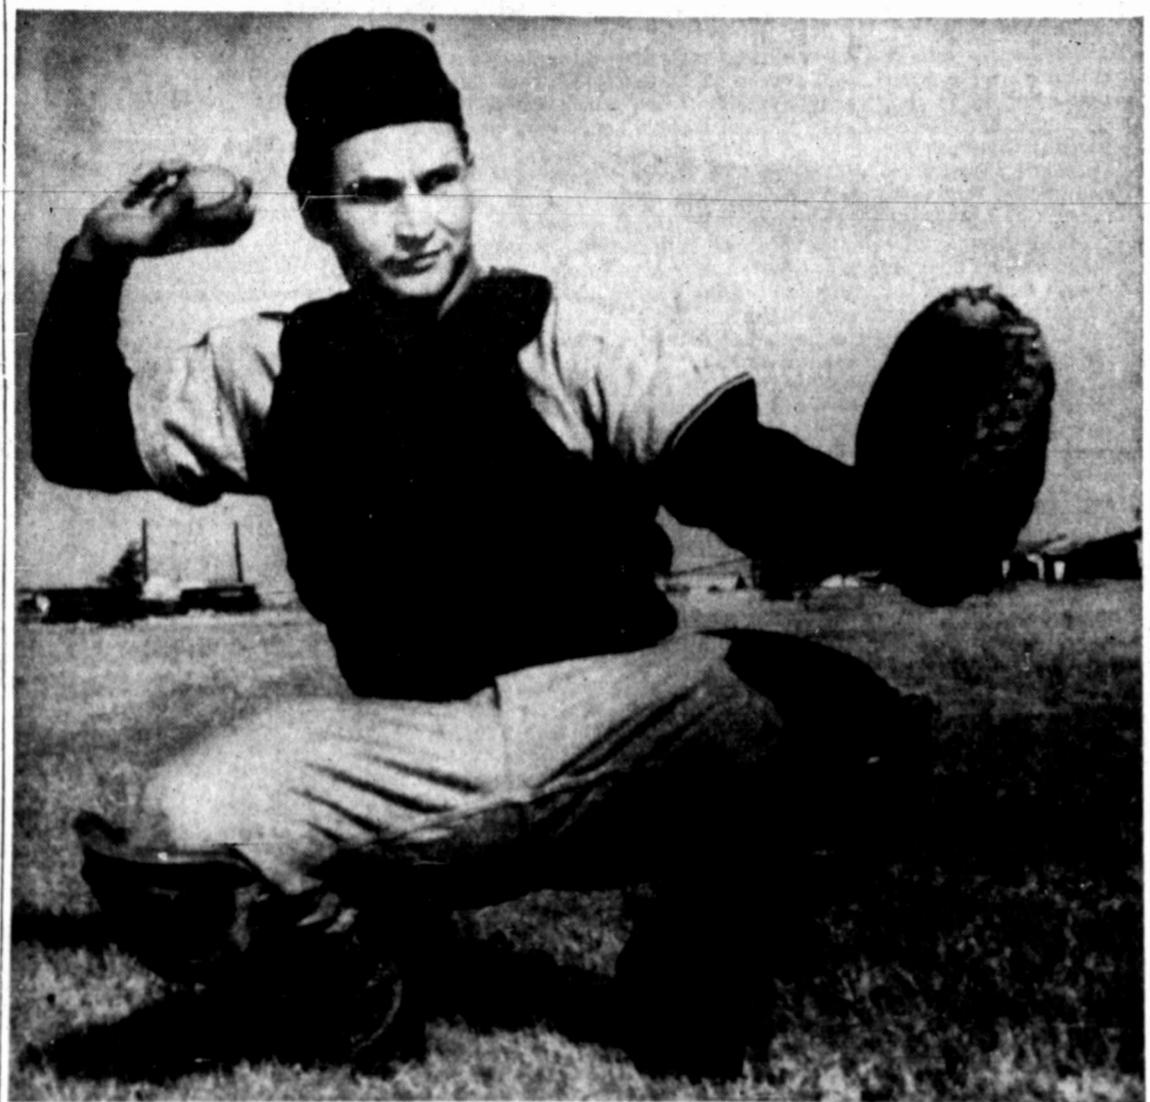

Stamford and San Angelo finished in a two-way tie for second place, with 15 points each. Colorado City was a close fourth, with 14½ points and defending champion Midland was fifth with 13½.

The remainder of the scoring chart showed Pampa sixth, with 10½ points; Odessa seventh, with 9½; Sweetwater and Levelland each with nine, to tie for eighth and ninth place. Rounding out the top ten were Lamesa, with eight.

The Big Spring Steers trailed the Tornados with seven. Tom S. Lubbock was next with six. Snyder, Asperment and Plainview tied, with five each. Hale Center and Hermleigh each had four, Taboka three and Phillips 2½.

Johnny Janak picked up four of Big Spring's seven points, with three finishes in the 100 and 220. The other three Steer points came on a second place finish by Bobby Fuller in the mile run. Fuller was right in the heels of the mile winner, R. D. Hoss of Lamesa. Both broke the old Canyon Reef mile record. Hoss' winning time was 4:40.7 and Fuller was clocked at 4:41.

Nine new records were set, in all, with another tie, in today's meet. The meet was unexcelled in near perfect weather before more than 1,000 fans.

Newcomer To Hawks

Glen Brawley, a newcomer to HJJC from Hobbs, N.M., is making a spirited bid for the catcher's position on the Jayhawk baseball team. Brawley was an all-district performer while in high school and has the reputation for being a good hitter.

Baylor Achieves Upset Win At Fort Worth

By HAROLD V. RATLIFF

FORT WORTH, March 17.—Baylor won an upset championship on a foul, and Eddie Southern and Bobby Morrow, two of Texas' greatest track men, led the mightiest assault on the records in the history of the Southwestern Recreation Meet today.

Oklahoma A&M was disqualified after winning the mile relay, and Baylor was moved up to first place. Thus the Golden Bears managed to capture the university division title with 42 points.

Southern, talented University of Texas freshman, was high point man of the entire four-division meet as he won both hurdles and spearheaded two record-smashing relay teams. He featured the junior college—college freshman class, won by Texas. His great 46.9 seconds anchor lap of the mile relay was the outstanding performance of the day. He had 12½ points.

Morrow, the Abilene Christian sophomore, won both sprints in record times and anchored a record-smashing sprint relay.

Southern was chosen outstanding athlete of the meet—his second time in two years to get the trophy. He won it in the high school class last year—the year he set a national scholastic record in the 440-yard dash of 47.2.

LIONS' BANQUET Martin To Speak Here On April 5

The Big Spring Lions' Club will throw its annual feed for the local high school football team the evening of Thursday, April 5, at the Settlers Hotel.

The banquet is being held later in the year than usual but the service organization waited in order to get the speaker it has sought from the beginning.

That would be Otho (Alb) Martin, coach of the Southwest Cornered Frogs, and the conference representatives in the last Cotton Bowl game.

Martin gave the Fort Worth school a champion in his third year at the helm. He succeeded Leo (Dutch) Meyer as head coach in 1953, at which time Meyer was elevated to the job of athletic director.

Alb completed a quarter of a century in the coaching game when he took the Horned Frogs into the Cotton Bowl. A native of Jacksboro, a small community 60 miles northwest of Fort Worth, where he played high school football, Martin played end at TCU under the late Francis A. Schmidt from 1928 through 1930 and served as an assistant line coach in 1931 while finishing work toward his BA degree.

In 1932, he was an assistant to Mike Brumbelow at El Paso High. He was made head coach there in 1934, and during the next 10 years, his teams won seven district championships and tied for two others.

He was at Lufkin, after departing El Paso. He turned to the oil business in 1943 but returned to coaching the following year, at Fort Worth Paschal, where again his team ruled as conference title.

In 1945, he was named Meyer's assistant at TCU and has been there ever since.

His all-time record in high school and college shows 111 wins, 29 losses and one tie. His high school record was a remarkable 95-14-1.

Since succeeding Meyer, his TCU teams have won 13 and lost 15 games.

Considered a good speaker, Martin is in constant demand to appear at schoolboy banquets throughout the state.

He is married and has one son who is a pre-med student at TCU. The banquet will be open to the public but the price of the ducauts has not yet been set.

ABE MARTIN

Big Spring To Play Host In Two Pro-Am Tourneys

The Big Spring Country Club will play host to West Texas pro-amateur meets on May 24 and again on Aug. 3. It has been announced by C. A. DeWees, club pro.

DeWees attended a meeting of the Pro-Am committee in Lubbock earlier this week.

Large tournaments are expected in both local meets, since it was voted that pros will play in at least eight meets during the year, whereas the minimum has been four in the past.

The next pro-am will be conducted in Plainview March 29. Lamesa will play host to the professionals and amateurs on April 20.

The point system will be used in the West Texas Pro-Amateurs during 1956.

Bogies will count one point toward final scores; pars, two points, birdies, three; eagles, four; double eagles, 25 and holes-in-one, 25.

Here is the pro-am calendar for the year:

March 29—Plainview CC.
April 20—Lamesa CC.
April 23—Banchland Hills CC (Midland).
April 27—Sweetwater CC.
May 2—Odessa CC.
May 3—Abilene Municipal Course.
May 10—Lubbock CC.
May 11—Beverly Hills CC (Wichita Falls).
May 16—Childress CC.
May 17—Odessa CC.
May 24—Big Spring CC.

Senators Win CLEARWATER, Fla., March 17.—The Washington Senators scored two runs after two were out in the 11th inning to defeat the Philadelphia Phillies 5-3 today.

A crowd of 4,000 watched Baylor pull one of the big upsets of the meet's history in winning the championship. Baylor also produced two of the overall record-makers. One was Bob Herod, who ran the 220-yard low hurdles in 22.2 and the other was the Baylor sprint relay team that had a time of 40.9.

Oklahoma A&M was second with 35 points, Texas Christian third with 21, Houston fourth with 7 and Southern Methodist next with 11½.

Southern set an overall record in the low hurdles with 23.3 in this morning's preliminaries, but Herod came along to break that with his terrific race in the afternoon.

The runners were aided by a stiff south wind.

Here were the records set in two days of running, jumping and throwing:

University class — 120-yard high hurdles, Bill Curtis, Texas Christian, 14.0 (an overall meet record); 440-yard relay, Baylor, 40.9 (an overall meet record); 800-yard run, Jim Terrill, Sheppard Air Force Base, 1:36.1; pole vault, James Graham, Oklahoma A&M, 13 feet 9½ inches (an overall meet record); 220-yard low hurdles, Bob Herod, Baylor, 23.2 (an overall meet record); Clyde Hart of Baylor tied the 100-yard dash record at 9.7 (this also tied the overall meet record).

College class — pole vault, by Weldon Hill, Howard Payne, and Charley Hall, Southwest Texas State, 13 feet 5¼ inches; 440-yard dash, Abilene Christian, 9.6; discus throw, Abilene Christian, 9.6; discus throw, Ray Burrus, West Texas State, 152 feet; 800-yard run, Paul Johnson, Abilene Christian, 1:52.9 (an overall meet record); 440-yard dash, James Segrest, Abilene Christian, 48.9; 220-yard dash, Bobby Morrow, Abilene Christian, 20.7 (an overall meet record); 220-yard low hurdles, Mack Clark, Abilene Christian, 23.3; mile relay Abilene Christian, 3:19.1; Ray Burrus of West Texas State also tied the shot put record with 49 feet 2 inches.

Ponies Defeat Chiefs, 84-63, In Playoffs

LAWRENCE, Kan., March 17.—The Southern Methodist University Mustangs broke the halter early in the game and raced to a solid 84-63 win over Oklahoma City University's Chiefs in the finals of the Western NCAA playoffs tonight.

In boosting his season record to 25-2, Southern Methodist qualified for the semi-final round of the National Collegiate Tournament at Evanston, Ill., next Thursday and Friday.

Kansas State, the Big 7 champion, dropped Houston, the Missouri Valley Conference kingpin 89-70, in the first of tonight's two games played before an estimated 9,000 in Allen Field House.

Southern Methodist, with Larry Showalter and Jerry Krog setting the pace, was in front by 10 points, 44-34, at halftime and had a bulge of 27 points, 73-48, before the large entry was able to make up some ground in the fading minutes.

NEW YORK, March 17.—Jimmy Boothe, only 5-7 but a basketball player, and a pair of tall teammates, David Pointek and Frank Partaron, joined up to give unheralded Xavier of Cincinnati an 84-80 victory over St. Louis in a first-round game of the National Invitation Basketball Tournament tonight.

The little fellow from Dayton, Ky., was his team's top scorer with 21 points.

Duquesne, unseeded this year, tumbled Oklahoma A&M which tied St. Louis for second in the Missouri Valley Conference, 69-61 in an afternoon struggle starting All-America Sihugo Green. The spring legged Green, in addition to scoring 20 points, was the defensive standout in a ball-control game that sharply contrasted with the racehorse tactics of tonight's winners.

Seton Hall, travelling at a near-record pace until late in the game, crushed Marquette 96-78 in the first game of the evening program. St. Francis whipped Lafayette 85-74 in the afternoon opener.

So it's St. Francis against Niagara and Duquesne against Louisville Monday and Seton Hall against St. Joseph's and Xavier against top-seeded Dayton Tuesday.

Maxwell Has One-Stroke Lead At St. Petersburg

ST. PETERSBURG, Fla., March 17.—Billy Maxwell held doggedly to the lead in the St. Petersburg Open Golf Tournament today but Lionel Hebert led a task force of par-busters who pulled dangerously close to the young Texan.

Maxwell, a freckled face 26-year-old from Odessa, scrambled to a 36-35-71 for a total of 204 and a one-stroke lead after three rounds in this \$12,500 tourney.

Hebert, the first-round leader, picked up two strokes with his 33-36-69 and nailed down second place at 205.

Seven others in the field were within five strokes of the leader with 18 holes to go on this 6,489-yard Lakewood course where par is 36-36-72.

Mike Fetchnick of Mahopac, N. Y., fired a 68 and Ernie Vossler of Fort Worth, Tex., a 69 to pull into a tie for third at 206.

Defending champion Carry Midaleo of Dallas, helped along by an eagle 3 on No. 16, stroked out a "very, very pleasing" 66 and jumped back in the contingent at 207. Ted Kroll of Fort Lauderdale, Fla., who shot a 71, also had 207.

The leaders:

Billy Maxwell 68-67-71-204
Lionel Hebert 67-69-69-205
Mike Fetchnick 69-68-68-206
Ernie Vossler 68-69-69-206
Ted Kroll 68-67-71-207
Cary Middlecoff 70-70-68-208
Paul O'Leary 67-70-69-209
Bill Casper Jr. 67-70-71-209
Don Fairfield 70-71-68-209
Jay Herbert 68-67-71-210
Lionel Hebert 68-70-71-211
Art Wall Jr. 66-70-74-210
Frank Stranahan 66-71-74-211
Jimmy Hines 69-70-72-211
Dow Finsterwald 69-70-72-211
Dick Mahaska 69-70-72-211
George Bernardin 70-70-71-211
Cliff Barber 72-69-71-212
Don January 73-70-69-212
Bill Malmgren 69-70-71-212
Johnny Gavina 72-70-70-212
Bill Malmgren 69-70-71-212
Walter Burkemo 72-69-71-212
George Bayer 72-67-71-212
Dick Mahaska 69-70-71-212
John Barnum 69-70-71-212
Bob Harmanich 69-74-68-213

STEER HOOFPRIENTS AT FORT WORTH Black, Underwood, Curtis Show Well

FORT WORTH, March 17 (SC)—Although Howard County Junior College tracksters scored no points in the Southwestern Exposition and Fair, they turned in some good performances against senior college and university freshmen competitors.

The HCJC golf team, too short-handed to qualify, performed equally well. James Lee Underwood shot a 76, just one stroke above the low for junior college linksters.

In track events, John Curtis covered the 220 in 22.3 seconds to place second in his heat, and ran the "open 440" in 51.8 seconds. Running in second position on the mile relay team, he made his lap in 49 seconds. In fifth place when he took the baton, he was leading the pack when he passed to Jim Blassingham.

The relay team covered the mile in 3:31.2 for third place among junior college runners.

Tommy Black cleared 11 feet, and six inches, missing at 12 feet, in the pole vault to rank high among junior college vaulters.

Blassingham covered the 800 in 2:05.1 to rank first among JC entries in the half mile.

Underwood shot a 39-37-76 to tie with Jimmy Nutt of Navarro and Ken Garrison of Odessa for second place in individual golf scores by junior college representatives. The day's low of 75 was recorded by Benny Stubbs of Navarro, Wilbur Cunningham carried a score of 40-43-83.

HJCJ could not qualify for the golf competition because a four-man team was required in the university freshmen division. Junior College divisions in both track and golf were planned for the 1957 tourney. Coaches George McAlister and Harold Davis said their charges profited from the stiff competition this year, however. Harold Davis said:

Howie Johnson Takes Command

GULFPORT, Miss., March 17.—Personal coach Howie Johnson, a sharp-shooting Texan with his eye trained on the PGA circuit, pulled away from the field today to post a two-stroke lead at the halfway point in the \$5,000 Gulf Coast Invitational Golf Tournament.

The powerfully built Johnson toured the Great Southern Country Club course in a one-under-par 70 for a 36-hole total of 138.

Defending champion Tommy Morrow, tied with Johnson and veteran Frank Stiede at the start of today's round, posted a 72 for a 140 total to become Johnson's nearest pursuer.

Senators Win Lamesans Win Volleyball Tournament At Plainview

PLAINVIEW, March 17, (SC)—All-tournament performers in the B division were Carol Self, Big Spring; Barbara A. Burchett, Big Spring; Glenda Miller, Lamesa; Dolores Burch, Plainview; Judy White, Phillips; and Joy Vandenberg, Pampa.

Complete results:

A DIVISION (Championship)
FIRST ROUND—Plainview over Canyon, 15-1; Pampa over Odessa, 15-1; Lamesa over Nazareth, 15-1; Big Spring over Odessa, 15-1.
SECOND ROUND—Plainview over Pampa, 15-1; Big Spring over Phillips, 15-1; Lamesa over Nazareth, 15-1; Big Spring over Phillips, 15-1.
THIRD ROUND—Lamesa over Big Spring, 15-1; Big Spring over Phillips, 15-1.
FINALS—Lamesa over Plainview, 15-1.
THIRD PLACE—Big Spring over Pampa, 15-1; Phillips over Odessa, 15-1.

B DIVISION (Consolation)
FIRST ROUND—Spade over Canyon, 15-1; Pampa over Odessa, 15-1; Lamesa over Nazareth, 15-1; Big Spring over Phillips, 15-1.
SECOND ROUND—Phillips over Nazareth, 15-1; Spade over Odessa, 15-1; Lamesa over Nazareth, 15-1; Big Spring over Phillips, 15-1.
THIRD ROUND—Big Spring over Phillips, 15-1; Spade over Odessa, 15-1; Lamesa over Nazareth, 15-1; Big Spring over Phillips, 15-1.
FINALS—Big Spring over Lamesa, 15-1.

Venturi and Bisplinghoff Are Invited To Masters

AUGUSTA, Ga., March 17.—Ken Venturi of San Francisco and Don Bisplinghoff of Orlando, Fla., a pair of brilliant young amateur golfers, and veteran pro Fred Haas Jr., today received special invitations to the 1956 Masters Tournament, April 5-8, March 29-April 1.

Haas, who has played in 11 Masters Tournaments, missed a place on the regular invitation list by 10 Ryder Cup points. He was 11th in last year's point rankings and failed to make the team. Now a part-time player who picks his tournament spots carefully, Haas was enough in 22 tournaments last year to place ninth on the pro money list. He has played only five times on the winter tour this year.

High on the list of pros who might qualify by their winter performances are Don Fairfield, the only tournament winner not already eligible; big Mike Fetchnick, Dow Finsterwald, Paul Harney, Lionel Hebert and Bo Winstler.

Maxwell Has One-Stroke Lead At St. Petersburg

ST. PETERSBURG, Fla., March 17.—Billy Maxwell held doggedly to the lead in the St. Petersburg Open Golf Tournament today but Lionel Hebert led a task force of par-busters who pulled dangerously close to the young Texan.

Maxwell, a freckled face 26-year-old from Odessa, scrambled to a 36-35-71 for a total of 204 and a one-stroke lead after three rounds in this \$12,500 tourney.

Hebert, the first-round leader, picked up two strokes with his 33-36-69 and nailed down second place at 205.

Seven others in the field were within five strokes of the leader with 18 holes to go on this 6,489-yard Lakewood course where par is 36-36-72.

Mike Fetchnick of Mahopac, N. Y., fired a 68 and Ernie Vossler of Fort Worth, Tex., a 69 to pull into a tie for third at 206.

Defending champion Carry Midaleo of Dallas, helped along by an eagle 3 on No. 16, stroked out a "very, very pleasing" 66 and jumped back in the contingent at 207. Ted Kroll of Fort Lauderdale, Fla., who shot a 71, also had 207.

The leaders:

Monaco In Cleaning Dither, Preparing For Big Wedding

MONTE CARLO, Monaco, March 17 (AP)—This tiny Riviera realm of 20,000 people is bursting at its golden seams with painters, planters, problems and pandemonium. It's all part of getting dressed for the April 18-19 wedding of Prince Rainier III and Grace Kelly.

Green The Color, Merry The Music As Irish March

NEW YORK, March 17 (AP)—On and on they came, the Irish on parade. Today was St. Patrick's Day, and the celebration rolled along Fifth Avenue like a rippling river in spring.

Green was its color, merry was its music, and jaunty was the stride of its marchers. For hours, from noon until the bright sun was sinking low, the waves of melody, men and maidens streamed up the middle of Manhattan.

Family Swept Away In Giant Avalanche

BELGRADE, Yugoslavia, March 17 (AP)—A giant avalanche roared down a Macedonian Mountain slope today and swept away a farmhouse, killing 10 of its 11 inhabitants, Radio Belgrade reported.

along all paths in the public parks. Gardeners are planting trees to replace those killed in the recent — and oh so rare — cold wave.

Thousands upon thousands of flowers are on order from Holland. Shops, sold out of dress goods, have rushed orders for new materials. But tailors and dressmakers refuse to take more orders.

Fifty men regularly polish the marble steps of the horseshoe-shaped grand stairway in Rainier's palace overlooking the Mediterranean. The royal couple will ascend this stairway to their private apartment after the wedding.

Other workers are refurbishing the apartments where Grace's Philadelphia family and the special envoy of Pope Pius XII will stay. Monaco antique dealers have been asked to furnish their best pieces for the apartments.

Two huge tapestries trimmed in red and gold and emblazoned with the initials "R" and "G" will hang on either side of the palace's main door. Opposite the palace, an enormous fresco will show all the coats of arms of the house of Grimaldi, Rainier's own.

The Hotel de Paris, just across the street from the famous casino of Monte Carlo, has ordered 3,000 glasses, 5,000 plates and 1,000 cups and saucers for the wedding eve dinner and two luncheons after the civil and religious ceremonies on separate days.

About 300 will attend the dinner but the bridal party at each luncheon will be limited to a select 30. The new crockery presented the hotel with a major headache.

The hotel's motif is the imperial eagle and crown of the Napoleon I empire period, and far outshines the simple crown of Rainier. So the hotel ordered the china and glassware unadorned. After the wedding, it will be returned to the factory and emblazoned with the hotel emblem.

First All-Jet Soloists

2nd Lt. Bill Beavers, left, congratulates 2nd Lt. Dee Johnson as they tied for the distinction of being first students to solo under the all-jet training program at Webb AFB. They are members of Class 56-S. Lt. Beavers came here from primary training in a T-4 trainer at Bartow, Fla., and Lt. Johnson from primary training in T-28s at Bainbridge, Ga. They had completed the 10 hours transition, acrobatics and navigational training prior to the initial solo in the T-33 trainers here. Lt. Beavers' instructor is Lt. Vernon Dudley and Lt. Johnson's instructor is Lt. Gayle Cantrell. They are members of M Flight, Section III.

Yarborough's Son Is Married

ARLINGTON, Va., March 17 (AP)—Miss Ann McJinsey of Arlington and Richard Yarborough of Austin, Tex., were married today at St. George's Episcopal Church. The bride is the daughter of Mr. and Mrs. George McJinsey of Arlington and the granddaughter of Mrs. Charles Buchanan of Austin and Boston.

Two Convicted As Kidnapers

ELKO, Nev., (AP)—Two young Californians were convicted today of kidnaping two women motorists from Arizona last summer. The jury fixed the penalty as life imprisonment. The defendants were Mike Sterling, 21, and Troy Hess, 18, both of Red Bluff. Mrs. Wanda Perkins, 28, and Mrs. Elsa Oney, 48, both of Phoenix, testified the men forced them into the desert last July 15, took turns raping Mrs. Perkins, tied them up and abandoned them.

Strong Prices Paid At Local 4-H, FFA Sale

Prices were slightly stronger in the 19th annual 4-H and FFA livestock show here last week than the previous year, despite a sharp decline in the open market for most classes.

Seventeen steers averaged 50.6 cents a pound as compared with 50.41 cents a pound for 28 steers the previous year.

In the lamb division, 69 animals averaged 44.5 cents a pound as compared with 72 animals and an average of 33.7 cents a pound the previous year.

There were 33 capons averaging \$16.00 a bird this year as compared with 71 capons at an average of \$13.50 last year.

Total value of the sale approximated \$10,000, which was substantially down from last year, but most of this was accounted for in the smaller number of steers and lambs going through the sale.

Robert Lomax sold the grand champion steer at \$1.25 a pound to R. L. Tollett, First National Bank, Lorin McDowell and Howard County Hospital Foundation. This was 25 cents below last year's top.

Elsewhere, the top prices were the same as a year ago. One of the major reasons for bolstering of the average price was that Cosden Petroleum Corporation, which more often than not has bid in the grand champion steer, this time took only a share of the grand champion calf but spread its purchases throughout the show to buy in calves, lambs and capons raised by sons of Cosden employees. In this way its aggregate purchases were much higher.

The country may be as dry now as it ever was in history. Any direction you go from Big Spring you see nothing but barren fields, burnt-up pastures and dusty skies.

Northwest of Ackerly, Mrs. E. G. Murphy said their land was drier than at any time since they moved there in 1940.

"We've had a lot of dry years since then," she said, "but now there is not a drop of moisture in the ground."

Despite the dryness of the soil, most of the land has been plowed in the tighter areas. One reason is that when soil gets powder dry it often will crumble and can be plowed better than if there is a little moisture in the subsoil.

Much of the plowing is shallow, and may not do too much good when the sandstorms start up again.

Bill Wallace Jr., who farms with his father north of Ackerly, said they were ready to stop plowing. He said they were turning up nothing but sand and decided just to leave the stalks on the surface until a rain came.

The Planter's Gin at Sparenburg found a good use for cotton burrs this winter, according to manager Willard Rogers. The burrs were kept for farmers, who carried back over a hundred tons to the farms. Most of them were spread on the land for fertilizer, though some were ground and fed to cattle.

Rogers was helping build a cotton house, in preparation for this year's cotton crop. He said there had been a lot of changes in ginning procedures during the 28 years he has been in the ginning business.

Not only are the gins doing a better job, but the employees are now drawing good wages. Back during the depression he said gins managers drew \$3 a day, while the other hands got \$1.50. It was also during that time that farm hands got 75 cents a day for a long day, and bull pullers were paid 30 cents a hundred for pulling bolls.

C. J. King who farms east of Flower Grove said that local cotton pickers were cheaper at \$2 per hundred than nationals are at \$1.55.

"By the time you count all expenses," he said, "that \$1.55 or whatever it is, will amount to more than you pay natives. Firing up houses, buying bunks and providing other things adds up. And if you count the original cost of getting them here, plus the trips you have to take them to town and back, then bracero labor is the most expensive kind you can hire."

Maybe it is just as well that we don't get a rain this month. Edgar Airhart of Knott says a wet March means a dry year the rest of the way. He said in 1952 the community got a good rain in March, then didn't get a tubful the next few months.

April is the best month for the rains to start, he said. In 1952 they got a rain in April that filled the big lake just east of Middle Knott. But that was only a few compared to the ones that followed it.

Airhart has set the first week in April as the date for this year's rain to begin. If we get a good rain then, the pattern will be set, and a good year is in store for all, he says.

Ralph Neill hasn't worried too much about buying feed for his dairy cows this year. He put up between 400 and 500 tons of silage last summer and will have enough to last him until this year's feed crop is ready for the silo.

Neill plans to plant his diverted cotton acres to grain sorghum and practically all of it will be eaten into silage. Neill's place is located just northeast of Big Spring. He is selling milk from 18 cows now, but has 12 young heifers coming on, which will be put into the milking stanchions after they bring calves.

Yesterday at Ackerly three small boys were weighing themselves on a set of penny scales. One kid stepped off the platform, looking as if he had just killed three Indians with a cap pistol.

"Seventy-six pounds!" he announced proudly to the others. "Next time I'll be up to 80, and then I'll bet nobody can push me around."

Marvie Shortes has just returned to his native Martin County, and is building one of the finest country homes in the area. It is located on his 320-acre farm a few miles northwest of the Brown store.

Shortes has been farming near Pecos the last four years, where he owns a quarter section of irrigated land.

"That is good farming country," he said, "but the summers are hot and the work is plenty hard. So

Pretty Model Shot To Death

LONDON (AP)—Friends of beautiful cover girl Valerie Murray disclosed today that she posed as "Bride of the Year" for magazine pictures a few hours before she was slain in a double shooting.

The 19-year-old blonde and her friend, Derek Roberts, a 22-year-old medical student, died in Valerie's luxurious apartment Thursday night.

Lady Dowson, Valerie's 81-year-old grandmother, told newsmen Derek wanted marriage but Valerie said no.

Scotland Yard men pieced together a picture of Derek's movements on the day of the shooting. They said he drove to London from his parents home at Salisbury and went to the apartment apparently on a last despairing effort to get her to marry him.

She said no — and was shot through the head. Seconds later Roberts lay beside her, shot through the mouth.

It's Time Now To Kill Flies

AUSTIN, March 17 (AP)—Intensive fly-killing campaigns should be started now to limit disease transmission during the period when fly densities reach their peak in Texas, state health officials said today.

Dr. Henry Holle, commissioner of health, noted that in Laredo last year, sanitarians were able to chart accurately a rise in dysentery with a rise in fly densities.

"There is an object lesson in Laredo's experience for the rest of the state," said Holle. "Right now is the most important time of the year to begin really serious fly control programs."

More than 1,100 deaths were attributed to dysentery disease last year. Most victims were babies.

Helicopter Base May Be Located At Mineral Wells

MINERAL WELLS, March 17 (AP)—Army Secy. Wilber Brucker told a Mineral Wells delegation today the Army was studying the possibility of placing a helicopter base here at Camp Wolters.

He said he expected a decision within 10 days. Brucker inspected the camp by helicopter and land. He was met here by Gen. John B. Elliott, commander of the U.S. Aviation Engineers and Col. Dudley Washington, Wolters base commander.

Brucker left for Gary AFB at San Marcos.

Nixon Cancels Talk

LINCOLN, Neb., March 17 (AP)—Vice President Richard Nixon has canceled plans to speak at Republican Founders Day in Lincoln Monday.

Says Shoemaker Not Able To Leave Vet Hospital

MCKINNEY, March 17 (AP)—A. B. Shoemaker will be discharged from the Veterans Administration Hospital as soon as a discharge is feasible, Dr. W.H. Buckholtz, manager of the Dallas and McKinney VA Hospital, said today, but he added that Shoemaker is far from being well.

A demand that the one time head of the defunct U.S. Trust and Guaranty Co. be ousted from Dallas last night at a meeting of the Preferred Deponents Assn., seeking recovery of funds lost when Shoemaker's firm collapsed.

Shoemaker made an unsuccessful attempt at suicide in January after the state moved to close his wide-spreading investments and insurance firm. He is now in the VA Hospital recovering from a bullet wound in the head.

A.M. Fairstein, president of the group, wrote Rep. Bruce Alger (D-Tex.) asking an investigation of the hospital's "harboring an indicted man accused of defrauding 6,500 citizens of Texas out of six million dollars."

The letter to Alger said: "Shoemaker is a well man now but is still being given sanctuary at the veterans hospital."

I decided to come back here and farm this place."

Shortes said some of that land which sold for \$30 an acre a few years ago was worth \$300 now. He is wondering about the future of the country, however. About the only crop that will do well out there is cotton. It makes two bales to the acre but he says the water is a little salty and seems to be damaging the soil. Thus far the farmers are keeping down salt damage by breaking the land as deep as possible with caterpillar tractors.

At the livestock show the other night, I got to noticing how people dressed, seeing if there was any difference in people of my class and those who owned a big slice of land with enough cattle to hold it down.

There was some difference but not much. If a man wore a fancy topcoat and shiny boots, he was a young business man, a fellow working for wages, or a farmer with six cows and calves.

But if a man had on drab-looking clothes and walked around in a pair of boots that looked as if they had been left behind by the buffalo hunters, then he was a real cowboy or rancher.

Another way to tell the difference is that a man with land and cattle talks quietly and doesn't say too much. He doesn't need to put up a front, because his money talks for him.

The long green stuff talks a nice language anytime, but most of us have so little of it that it only whispers.

I once knew an old rancher up the country who wore the same clothes every day, even when he went to town on Sunday. One day my uncle and I passed him and a big, flashy dressed westerner on the street. They were in a violent argument about something. We slowed down just enough to catch a little of the conversation and then kept on walking. In those days it wasn't nice manners to listen in on two cattlemen arguing. Besides, a fellow might get shot.

As we passed on down the street, my uncle said: "That old codger ought to hold his tongue. The rancher may fire him, and at his age it will be hard to get another job."

Afterwards we found that my uncle was right except he had the two men crossed. The big fellow with the fancy clothes was a forty dollar-a-month cowhand, while the old man owned two ranches and all the money in the bank except what the employees kept out for lunch fare.

LEGAL NOTICE

FOR SALE BUSINESS PROPERTY ON ELEVENTH PLACE

Sealed bids will be received by the City Commission of the City of Big Spring, Texas, until 5 p.m., Tuesday, April 18, 1956, for the sale of lot (1) twenty-five foot lot, described as Lots 13, 14, 15, and 16, Block No. 6, Highland Park Addition.

These lots comprise a tract 135 feet in depth, with 100 feet frontage on Eleventh Place. The property is zoned as "E-1" Community Business District. The bid should be addressed to C. R. McChenny, City Secretary, and must be marked "Bid on Eleventh Place Property." The City Commission reserves the right to reject any or all bids.

C. R. McChenny, City Secretary.

MEN'S WEAR OF CHARACTER

Veteran C-City Resident Was Salesman, Volunteer Fireman

By TOM JAY GOSS II
COLORADO CITY, Mar. 17.—"At liberty, will travel — anywhere" This typical actor's ad in Billboard magazine is also the motto of Colorado City's oldest "travelin' man."

Jim Shepperd, 82, has been on the road as a salesman-off and on—since 1911 and though on a reduced scale, is still at it. Still spry and active, he makes a half dozen trips a day from his home to downtown—and is ready to go out of town anytime. With relatives and friends scattered over West Texas, Jim has a place to stay in almost any direction and a typical bit of dialog is this:

"I thought I might go to Big Spring this evening—you're not going over, are you?" Jim says.

"No," says Friend. "I've got to go to Abilene this afternoon."

"Believe I'll go with you," Jim says. "I haven't been to Abilene in two, three weeks."

Or if it's Alpine, (where son J. W. lives), Hondo, (Riggs Shepperd, another son lives there), or Dallas (son Q. D. lives at Grand Prairie) or San Angelo or Snyder, Jim is still ready to go.

"I'm alone since my wife passed away," Jim says, "and with the kids grown up and gone—there's nothing to hold me here. And I guess most old folks are kind of restless."

Shepperd is one of Colorado City's genuine old timers—there's only a dozen or so left—who saw Colorado City's transition from a cow town and railroad town to the present pleasant, prim little city.

Shepperd was born at Chilton in '73 and when Jim was nine, his father, S. S. Shepperd, a carpenter, fencebuilder and sometimes farmer and rancher, came to Colorado City.

Shepperd worked at a grocery store and went to school and eventually bought his own grocery store at the corner of Second and Walnut Streets—on the City National Bank corner.

"I was in the grocery business for 11 years," Shepperd said, "and finally got burned out. Really happened twice, the first time was a scorch out and the last time was a real burn out."

Fire was an ever present hazard to early day merchants and the leveling of a building or half a block was more or less routine.

Not so ordinary was the St. James Hotel, which burned in the spring of 1912. This magnificent three-story building, brick, with marbled staircases, velvety floors and all modern conveniences including a barber shop, dining room and outside rest rooms, caught fire early one morning and burned despite the desperate efforts of the volunteer fire department to save it.

Shepperd, a volunteer fireman, threw mattresses down to us from the rooms above

J. W. SHEPPERD AND MODERN FIRE TRUCK
"This might have saved the St. James Hotel."

and we wet them and carried the hoses in behind the shield. And even though we were wet, the fire was so hot that it blistered my legs between my pants cuffs and shoe tops."

Other fires that Shepperd remembers particularly are those of S. Lapowski—a dry goods merchant across from the St. James—and the high school fire.

"We were still using a hand cart when the Lapowski Building burned," Shepperd chuckled, "and when we huffed and puffed up to the building and started to unroll the hose, we found that someone had cut it every few feet. There wasn't enough of that building left to wad a shotgun."

The high school building was a complete loss, too, and resulted in a curfew. No youngster under 21

was to be on the streets between 9 p.m. and 6 a.m. unless accompanied by his or her parents.

From about 1904 until 1912, Shepperd and Vivian Shropshire operated a carnival as a sideline. "We started with a merry-go-round," Jim says, "beautiful thing—cost \$3,000 and had a military band organ with 24 tunes. The carousel came from New York and we opened in San Angelo, from there we went to Ballinger."

The carnival expanded and eventually included an act by Molly Bailey and a western show by Cole Younger.

Girl Sent To State School

Two girls—one 14 and the other 15 years old—who have confessed to burglarizing a Big Spring residence, were brought before Judge R. H. Weaver in Juvenile Court on Saturday morning.

The 15-year-old girl, who told the court she has been twice married and is married at this time, was ordered taken to the State School For Girls at Gainesville.

The 14-year-old defendant, who is also married and whose husband was in court at the hearing, was granted probation and placed in custody of her mother who lives in Lubbock.

A. E. Long, county juvenile officer, said that the younger girl had spent most of her life in an orphanage and was only recently released from that institution.

The girls told Long they broke into the home of the older girl's sister here. They stole a savings bank and robbed it of \$25 or \$30 in cash.

The money had been spent when they were picked up.

Cecil McDonald To Attend Marketing Meeting Tuesday

Cecil D. McDonald, Packard-Clipper dealer in Big Spring will attend a closed-circuit TV marketing meeting of Packard-Clipper dealers in Dallas Tuesday.

The Dallas meeting is one of 24 such gatherings being held throughout the nation by the Packard-Clipper division of the Studebaker-Packard Corporation. Most of the 2,000 dealers are expected to participate.

Factory executives will outline a \$3 million advertising and promotion program for the second quarter of this year, a project planned to inform the public of engineering innovations and advancements in Packard and Clipper automobiles. James J. Nance, president of the corporation, will head the group of executives conducting the hour-long merchandising conference. Also on the program will be Robert A. Laughna, general manager of Packard-Clipper division.

Laughna said the Packard-Clipper division's second-quarter advertising budget provides for increased activity in all types of media with the heaviest emphasis to be placed on newspapers.

James Barber To Conduct Revival

A revival meeting is being started at the Revival Center, 1101 W. 3rd.

Conducting the services at 8 p.m. daily will be James Barber of Big Spring. The public is invited to the meetings.

... If you like fine things

They're Helped By Your Gifts

It's the time of the Easter Seal campaign — and the money you contribute through the purchase of these seals means that some little victim of crippling disease is getting a new lease on life and happiness. All of the Big Spring children pictured on this page are given regular trips to the Cerebral Palsy Center at Midland, where helpful treatments are provided, as well as information on therapy methods. The XYZ Club, under direction of Mrs. Sherman Cowan, is handling the distribution of seals in Big Spring. There is one of many contributions made to this humanitarian work, just as many other people contribute time and effort to see that these youngsters have a chance at normal happiness. It is the Easter Seal money that matches their efforts.

(Photos by Keith McMillin)

BOUND FOR MIDLAND—are Larry Dean McSwain, 23 months old, and his nurse, Addie Hutchison, with "their chauffeur," Mrs. Jack Irons, in photo below. Larry receives regular treatments in the Midland Cerebral Palsy Center, which is supported by funds from the Society for Crippled Children. He is the son of Mrs. Ruth McSwain, 603 Douglas, who alternates with Addie in administering the necessary treatments for Larry during the day and night. Mrs. Irons is one of a group of volunteers who furnish transportation to Midland for the crippled children.

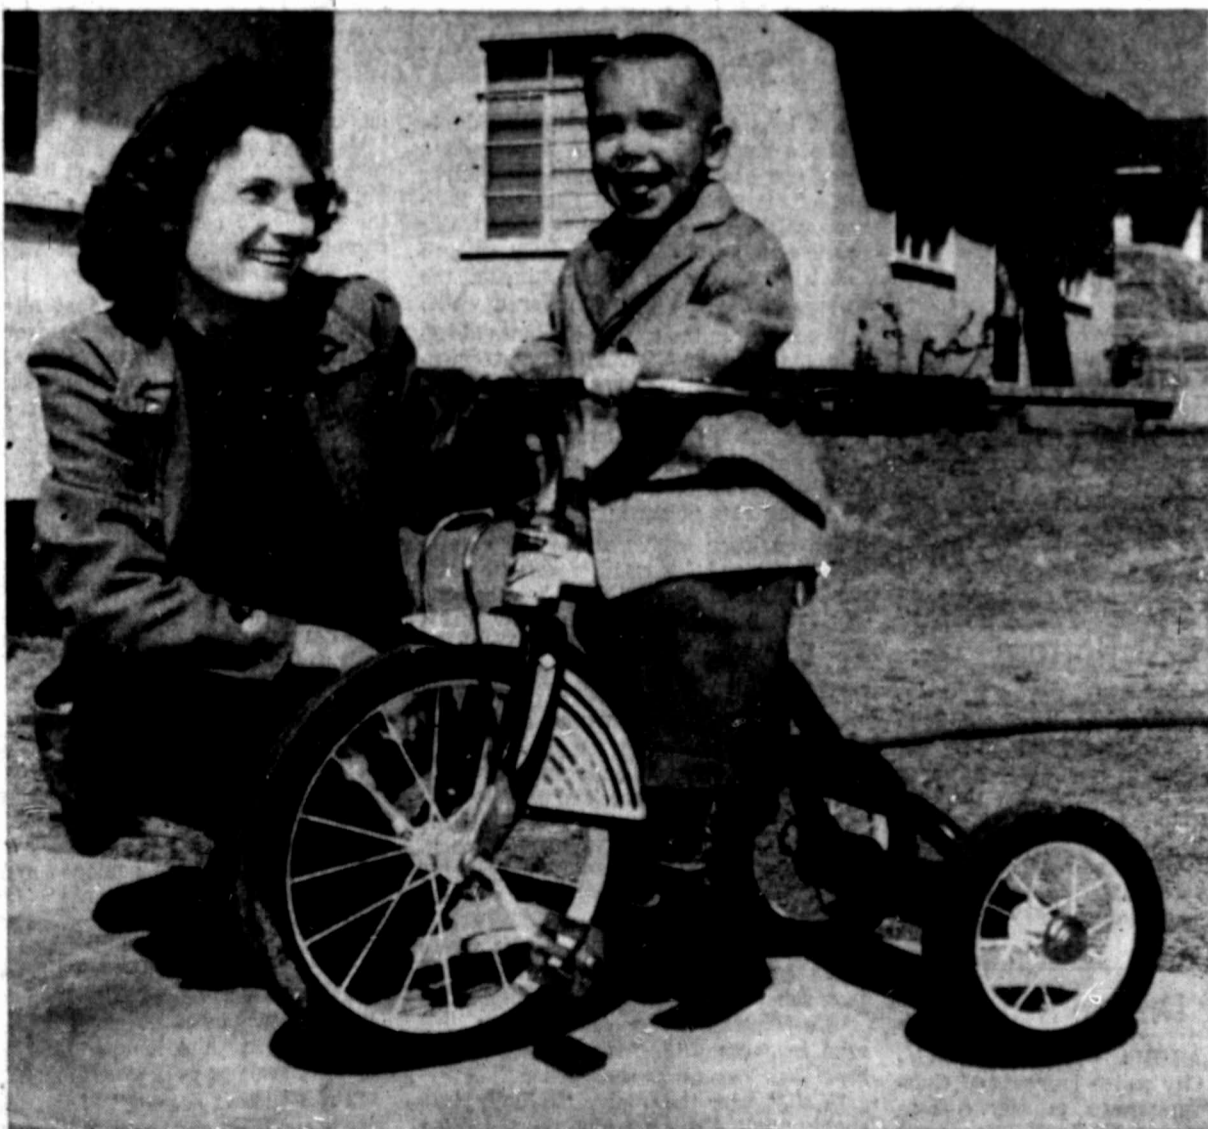

NOW IN SCHOOL — is Sammy Marquez, thanks to the treatments, braces and crutches which have been provided by the Society for Crippled Children. Help has been given this nine-year-old victim of cerebral palsy since he was two years old. The son of Mr. and Mrs. Tomas Marquez Sr., 1008 NW 3rd, Sammy attends Kate Morrison School, where he has learned to talk and is now learning to write.

A TIME OF PLAY AND FUN — are the exercise periods for four-year-old Bryant Bass, son of Mr. and Mrs. George G. Bass Jr., 1310 Stanford. "He loves the attention," said Mrs. Bass, who learned the technique of the exercises in the Dallas Cerebral Palsy Center, when Bryant was five months old. Bryant makes regular trips to the Midland Center, now, for checks on the improvement in his condition and the fit of his brace, shown in background.

A HELPFUL EXERCISE — is tricycle riding — and fun, too! That's the reason for the big smile on the face of Micky Cline, three years old. He is the son of Mr. and Mrs. Ray Cline, 408 W. Tenth. Micky has to go to Midland about every six weeks, with his mother giving him treatments between visits to the Cerebral Palsy Center.

CAPTAIN OF HIS BASEBALL TEAM — James Michael Copeland is also a Cub Scout. Born without his left hand, the eight-year-old boy rides a bicycle to Washington Place School each day, where he engages in many activities. The prosthesis, which his mother, Mrs. Hayden Harrell, helps adjust, was fitted in Midland, where James has served as an inspiration for some of the older patients. He lives at 1500A Virginia.

A Bible Thought For Today

And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me. (Psalms 50:15)

Editorial

A New Plant And A Symbol

Without fanfare, except for posing to make a pictorial record of the event, Cosden Petroleum Corporation has launched upon another epochal undertaking in the construction of a styrene plant.

Now there is a vast difference between simply taking a chance and in pioneering of the type that Cosden has done. The latter involves wisdom, imagination, foresight, boldness and initiative. These qualities have put a leavening into the willingness to risk.

Consumers Calling Tune? Not Most

NEW YORK (U.S.)—The consumer must be getting a little tired of being told he is calling the tune.

Three months ago all the amateurs were assuring the consumer of that. And now the professional analysts of the economy, in government and finance, are repeating the same thing.

Naturally!

Prosperity, Without The Farmer, Keeps Rolling Along

Few cheers rang out in rural sectors of Iowa, Kansas, North Dakota, or Nebraska when the stock market entered a new area of exuberance last week.

Companies feel the price pressure. I know of a manufacturer of electronic parts who was hit right in the middle of his contracts by the 39 per cent rise in copper.

have to see if expectations become realities. Business men, too, are optimistic. Secretary of Commerce Sinclair Weeks could not repress jubilation in announcing that business men plan to spend 22 per cent more in 1956 on new plant and equipment than last year.

WHAT BURNS THE FARMER While prices of key agricultural products drop, industrial prices go merrily higher.

'ROUND TOWN

With Lucille Pickle

With much pleasure and interest, we visited Friday evening with DR. ELTON TRUEBLOOD in the J. E. Hogan home. Though we had thought we could spend only a few minutes with him because of previous plans, we found that the two hours we stayed just melted away. He is a delightful person with a quick wit, a great love for people and an inspiring spiritual conviction. It was a great privilege to have the opportunity to be in an informal gathering with him.

Back from a trip to Texarkana, MRS. W. G. WILSON JR. says the camellia, redbud and dogwood trees in East Texas are as beautiful as she has ever seen them. While the dogwood trees have almost completed their blooming she says the redbuds decorate all the roadways with their pretty blossoms. She brought back several camellias for friends.

Are camellias and gardenias the same thing? When Mrs. T. D. Young reviewed a book for the 1948 Hyperion Club Thursday she wore a pink gardenia (I think) corsage which was very attractive on the beige lace dress.

MRS. HARRY WEEG has returned from a week's visit in Silldell where she has been with her sister, MRS. HARDIE FORTENBERRY, whose daughter was born Feb. 25. The little girl arrived in a Denton hospital and weighed only two pounds, four ounces. She is still in an incubator in the Denton hospital while her mother has returned home. Mrs. Fortenberry is the daughter of Mr. and Mrs. B. D. Rice. She is the former Betty Rice and was employed here before her marriage at the Howard County Hospital Foundation.

MRS. T. J. MITCHELL left Wednesday for Fayetteville, N. C., where she will visit with her daughter, Mrs. Rollen G. Mason, and Mr. Mason. He is stationed at Pope Air Force Base. Mrs. Mason is the former Arlene Mitchell.

Special guest in the home of Mr. and Mrs. John L. Dibrell is his mother, MRS. NORA B. DIBRELL, of San Antonio.

MR. AND MRS. JIM ZACK are in Los Angeles, Calif., on a combination business and pleasure trip.

MRS. BETH LEUDEKE and son, August Joe, have left for Denton where they will make their home.

MR. AND MRS. LEE E. YOUNG and children, Donna, Ann, and Jimmy, are spending the weekend with his brother and family, Mr. and Mrs. Donnie Young, in Midland.

Do you suppose the furs the Easter Bunny will wear will be his summer ones or will he have the good judgment to hang on to his winter ones until late June? Isn't this weather the craziest mixed-up something-or-nothing?

MR. AND MRS. W. B. YOUNGER and Jerry have as their guests this weekend Mr. and Mrs. J. C.

Stanton P-TA Hears Girl Scout Program

STANTON — The Stanton Parent-Teacher Association met recently at the school gymnasium. Elbert Steele gave the invocation. Mrs. P. M. Bristow, program chairman, introduced each Girl Scout troop and Brownie troop on the program.

Mrs. T. R. Louder, chairman of the nominating committee named the new P-TA officers for the new year. Mrs. J. M. Yater is president; Mrs. E. D. Steele, vice president; Mrs. Raymond Wheeler, second vice president; Mrs. Glenn L. Brown, third vice president; Mrs. Elmer Nichols, secretary; Mrs. Phil Berry, treasurer; Mrs. Phil Jones, historian; Mrs. James Jones, reporter.

The Happy Fords

Glenn Ford had as his luncheon guest his wife, Eleanor Powell, when they were interviewed by Lydia Lane. And the star of MGM's "Ransom" gave his impressions of women, their actions and their dress. He's happy with Eleanor's ways.

HOLLYWOOD BEAUTY

Simplicity, Good Taste Appeal To Glenn Ford

By LYDIA LANE
 HOLLYWOOD — Glenn Ford's dramatic performance in MGM's "Ransom" places him among the most likely contenders for the Oscar nominations next year. Should he receive this coveted statuette, it would take its place alongside the TV Emmy award that his wife, Eleanor Powell, won last year as the most interesting new TV personality with her NBC-TV program, "Faith Of Our Children."

This talented pair has chalked up twelve years of happy marriage which in itself is quite a record in Hollywood.

"What quality of Eleanor first attracted you?" I asked Glenn, as the three of us lunched together at MGM.

"She was about the top name dancing star in the business and yet she was completely unimpressed by her position. I admired her basic friendliness and honesty. And she was so natural. I am averse to obvious make-up and it always offends me to see a pretty girl spilling her youth and beauty with artificiality."

"Glenn has very definite likes and dislikes," Eleanor explained. "Yes, I do," Glenn agreed. "I don't like to see a woman who is overdressed or wearing something that is too fussy. I prefer to see a hairdo that is brushed back from the face and I'd rather see a woman dressed in good taste, whether or not it is the latest style."

"I have an unusually sensitive sense of smell which is not always an advantage," he explained. "A freshly scrubbed face is more appealing to me than the aroma of powder base, powder and rouge."

"Glenn likes me best without any make-up," Eleanor commented. "I inquired from Glenn if he was especially aware of perfume scents."

"I appreciate good perfume," he replied enthusiastically. "But," he added, "only when it is used with discretion. On occasion I have found perfume rather overpowering. There's great skill in creating a fine scent and it's much wiser to buy a little bit of a good perfume than a lot of cologne."

"Glenn buys all of mine," Eleanor remarked.

We chatted about the Fords' lovely home and Glenn said, "Eleanor is the most immaculate woman I've ever known. She is fastidious about the house. We have a couple who work for us six days a week, but on the seventh, Eleanor can always find something that needs cleaning."

"Cleanliness is next to godliness," Eleanor reminded her husband.

"Yes," Glenn agreed, "but any virtue carried to excess ceases to be one."

"Well, I think it's disgraceful to be disorderly," she insisted.

"Obvious beauty is ephemeral," Glenn observed. "The kind of beauty that endures is a combination of intelligence, taste, integrity and femininity."

"Femininity," he repeated, "is the most effective quality with which a woman can attract a man, and the quickest way to alienate his affection is to belittle his manhood. It isn't the woman with the most sex appeal that attracts me," he concluded as he rose to return to the set, "but the one who understands the charm of being a woman."

Eleanor and I turned our conversation to her ideas for keeping a slender figure.

"I exercise every day," she told me, "and every Saturday I come here and dance in my old studio. I enjoy the feeling of suppleness and I don't want the day to come when I can't bend over with straight knees and put the palms of my hands flat on the floor."

"I make my routine more and more difficult, the longer I work. It is so easy for me to bend over and touch the floor now, that I stand on a fat telephone book for an extra pull."

"What exercises do you suggest for the average girl?" I asked.

"It is important to maintain a supple spine, a flat stomach and slim hips," Eleanor advised. "I do two exercises that take care of all three."

"There is nothing like rolling to keep your hips down. Just sit on the floor, put your knees up and rock back and forth. I do this fifty times every day."

"The second exercise is to lie on the floor and bring your legs over your head until your toes touch the floor behind you. Keep your knees straight and slowly return your feet to the floor. This exercise gets all the kinks out of your spine and exercises your stomach muscles."

especially aware of perfume scents.

Moore, Webb Trailer Court, a boy, Frederick Coleman, March 15, 5:25 p.m., 7 pounds, 8 1/2 ounces. Born to 2nd Lt. and Mrs. Allen H. Locker, 2712 S. Monticello, a girl, Donnie Jean, March 15, 4 p.m., 7 pounds, 13 ounces.

Baptist Class Meets For Monthly Social

STANTON — Mrs. Claude Nowlin was hostess Thursday night when the Baptist Friendship Sunday School met in her home for their monthly social.

Mrs. N. I. Sorrell served as co-hostess. Mrs. Ivan White conducted the games.

It was decided to hold a quilting Thursday in the home of Mrs. Chalmer Wren. This is the class objective for the month of March. Refreshments were served to eight members and one visitor, Mrs. Vivian Tippit.

The Brownie Scout 11-9 met recently at the Scout Hut with Mrs. T. D. Barnhill. Assisting was Shirley Jean Nowlin.

Good health habits were discussed with each scout naming a habit. Exercises were taken and games were played.

Deanna Steele served ice cream to fourteen attending. At the next meeting a series of first aid lessons will begin.

Mrs. Derwood Clardy, Mrs. Robert White and Mrs. Joyce Carr, leaders, directed their Brownie Scout Troop 1-8 in giving the Scout promise at a recent meeting.

The troop met at the IOOF Hall with 14 attending.

Dance, Tourney Wind Up March At Country Club

A Sandstorm Dance and a Ladies Golf and Bridge Tournament for local and out-of-town country clubs will wind up the social calendar for March at the Country Club.

The informal dance for members and out-of-town guests is set for 9 p.m. to 1 a.m., Friday with Steve Birdwell's Orchestra.

Five flights in golf are planned for the all-day tournament, set for March 27. Mrs. C. A. DeWes is general chairman. Mrs. Fred Lutting is president of the Ladies Golf Association.

Players are expected from San Angelo, Lubbock, Andrews, Lamesa, Odessa, Ozona, Midland and Colorado City.

A Ladies Golf Day is scheduled for Monday. Hors d'oeuvres hours on Saturdays, March 17 and 31, are 5 to 8 p.m., and on Sunday, March 25, 4 to 7 p.m.

The Big Spring Concert Association Proudly Presents Jacques Cartier

In His Incomparable 'Figures In Fire'

Seldom have we been able to present such a dynamic, colorful and versatile personality as Jacques Cartier, regarded as America's Greatest one-man theatre... At Phoenix, Ariz., where he has appeared for four times and has been booked a fifth, the Gazette says "Cartier is dazzling, breath-taking entertainment." The Chicago American said "Cartier magnificent in inimitable performance." The Louisville Courier-Journal says "Fabulous entertainment." And so goes the endless list of praise for this striking theatrical personality.

We want to urge all our members not to miss this costumed portrayal of such "Figures in Fire" as Genghis Khan, Cochise, Lazarus, Charlie Chaplin, Jose-lito the idolized Spanish matador, Cardinal Mindszenty and many others. You'll thrill to his performance as thousands have!

Spadea's american designer pattern

PRINCESS STYLE

Young Designer Uses Graceful Silhouette

Award-winning Kasper is one of the reasons why the up and coming crop of young designers is causing seniors to look to their laurels. Cut with a sure knowledge of his trade, this dress is based on a prettily exaggerated princess silhouette, with some well placed waistline darts and some special treatment on the skirt back.

He has lengthened the bodice line in back, finished it off with a low curve and added a gathered panel. The bodice front has an effective crossed-over drape that ends in shoulder bows.

With all this detail you will find it easy to make as the pattern is custom cut and precisely perforated. Choose novelty cottons, lawns, faille, taffeta, brocade.

This pattern is cut to DESIGNER MEASUREMENTS, not Standard pattern measurements.

Size 10 bust 34, waist 24, hips

35, length from nape of neck to waist 16 1/2 inches; size 12 bust 35, waist 25, hips 36, length from nape of neck to waist 16 1/2 inches; size 14 bust 36 1/2, waist 26 1/2, hips 37 1/2, length from nape of neck to waist 17 inches; size 16 bust 38, waist 28, hips 39, length from nape of neck to waist 17 inches; size 18 bust 40, waist 30, hips 41, length from nape of neck to waist 17 1/2 inches.

Size 12 requires 5 1/2 yards of 30-inch material for dress and 1/4 yard of 35-inch material for interfacing. To order Pattern No. 1254, state size; send \$1.00; address Spadea Fashions, Inc., P. O. Box 535, G. P. O., Dept. B-5, New York 1, N. Y. Add 25 cents for Airmail handling. New 144-page Pattern Booklet XII-50 cents. Add 4 cents if paid by check.

Look for a famous American Designer Pattern next week by Claire McCardell.

CAMPUS CHATTER

By Margaret Pierce

Twirp week will begin tomorrow A date bureau will be set up on Monday and Tuesday mornings to help the girls get their dates. All girls are asked to cooperate and carry the boys' books, open the doors for them, and maybe even treat them to cold drinks. This "girl-date-boy" event will last for only one week—so you girls better begin digging out your little address and telephone books—pocket books, too.

It was a tired, but happy gang that returned from Gorman and the track meet last Saturday. The results were good. Bob Garrett, a Coahoma boy, came in first in the throwing of the shot put; Jim Blasingsame was also first in the 880 run and Tommy Black tied with an ex-jayhawker, Phil Stovall, in the pole vault. The track team

journeyed to Fort Worth this weekend for a meet.

The choir was in Abilene Monday night to hear the Fred Waring concert. Those going were Sue Neal, Mary Forehand, Willetta Hanks, Yvonne Peterson, Marcella Hill, Patty Gregory, Sharon Lewis, Pat Duncan, Claudine Butler, Martha Winans, Lela Fletcher, Mary Fairchild, Dee Phillips, James Day, Tommy Birkhead, Don Lovelace, George Pike, Kenneth Honeycutt, Ray Weathers, Dorothy Baker, Arlene Hartin, Neldon Milledale, Doyle Jenkins, Mr. Jack Hendrix, and Mr. and Mrs. Orton Johnson, Jimmy and Doris Smith, ex-Jayhawkers, met the choir at Abilene. They are now attending Hardin-Simmons University.

Another week can be marked up for the Hawkettes. On Tuesday

night, Stanton was the visitor in the HCJC gym, as their girls played the Hawkettes. On Wednesday night, the Big Spring High School girls were the challenge. Thursday night, the YWCA played a nice game. However, it was all wins for the Hawkettes except BSHS. The coming week is another full schedule for them.

An assembly was held Wednesday morning during Activity Period as an observance of Brotherhood Week. Three pastors visited the assembly.

Sue Neal, Mary Forehand, and Margaret Pierce visited at Tarzan over the weekend with Margaret's parents.

Barbara Mosely visited with her parents in Andrews over the weekend.

Marcella Hill visited in Lamesa with her parents.

The FTA Chapter of HCJC will leave Friday for Amarillo where they will attend an annual convention. They will return sometime Sunday.

That seems to be all the news for this week. See you next Sunday.

Don't Dawdle

When others are waiting for tables in a crowded restaurant, it is thoughtless to spend extra time over coffee.

Spaders Give Rules, Chairmen For Show

Committee chairmen have been appointed for the Spring Flower Show planned by the Spaders Garden Club for April 10. Rules have been set up, also, for entries in the arrangement and horticultural classes.

Using the theme, "TV Interpretations," the show will be presented at Coston Country Club, with the hours being from 2 to 8 p.m. Schedules, which will serve as tickets, may be purchased for 50 cents.

Chairman of the show is Mrs. Bob Carlisle, Mrs. Bruce Frazier is in charge of the schedule of classes and divisions. Staging will be supervised by Mrs. W. D. Caldwell.

Mrs. Raymond Moore is chairman of the entries committee, while Mrs. H. B. Perry will arrange for the hostesses. Mrs. Dewey Mark is in charge of the hospitality for the judges; Mrs. Jim-

mie Morehead is publicity chairman.

Mrs. Zack Gray has been appointed to secure judges and clerks for the show. Mrs. Don Williams is ticket chairman, and Mrs. Bruce Frazier will be in charge of the educational exhibit.

Entries will be received at the club April 10 from 9 to 11 a.m. No entry may be removed before 8 p.m. but must be removed by 8:30 p.m. Only garden club members may enter exhibits.

All horticultural entries must have been grown out of doors by the exhibitor. Specimen flowers are to be shown in a clear glass container suitable to size and length of stem. Exhibitors must furnish their container.

In arrangements, fresh flowers and foliage need not be grown by the exhibitor but must have been grown by an amateur, except

where otherwise stated. Professional help in arrangements is prohibited.

Mechanical aids may be used but must not be visible. No state conservation material may be used. A novice arranger is one who has never won a blue ribbon.

A tri-color award will be given in each division. It must be a blue ribbon winner.

The sweepstakes award will be given for blue ribbon points.

Firemen's Wives To Prepare Basket For Needy Family

Food items for an Easter basket to a needy family were listed by ten Firemen's Auxiliary members at a meeting Friday afternoon.

Mrs. W. E. Anderson was hostess in her home, 405 W. 5th. Mrs. Hubert Clawson was cohostess.

The group sewed bandages for the Welfare Department. A special prize was awarded to Mrs. B. F. Lopez.

The next meeting, 2 p.m., April 20, is in the home of Mrs. H. V. Crocker, 1707 Benton, with Mrs. Harvey Coffman as cohostess.

So right any hour of the day . . . Penney's romantic "Moon Mist" Small glowing stones set in shining metal . . . surrounded by tiny (but fiery) rhinestones . . . smart for daytime, afterdark. Necklaces, earrings, pins, bracelets in the group.

\$1 each plus federal tax

Forsan Exhibits Include Gilt Swatters, Rattlers

A ceramic exhibit copped first place for Mrs. Luther Clarke at the Homemakers Talent and Hobby Show in Forsan Thursday.

Exhibits ranged from sequined fly swatters to rattlesnake rattlers at the show, which was sponsored by Forsan Study Club as a benefit for the community park building fund.

Bernard Huchton auctioned white elephant items and baked goods. In charge of general arrangements was Mrs. Merritt Romans, assisted by Mrs. Huchton, Mrs. R. O. Sullivan and Mrs. O'Barr Smith.

The fly swatter collection included swatters gilded with gold and silver.

One display featured articles made from household scraps of material. These included oilcloth baby bibs, felt jack bags and bookmarks and plastic bookcovers.

In the school boy division, the rattlers, a stamp collection and homemade candy were exhibited.

Other exhibits were ceramics, handmade and handpainted dolls, crocheted luncheon sets of yarn, hats, scarves, a collection of silver spoons from over the nation, a set of coffee spoons from Peru and aprons.

A St. Patrick's Day theme pre-

dominated in the refreshment table decorations. Hung in the floral arrangement of Belis of Ireland greenery and white carnations was a white harp. The table was laid with a white linen cutwork cloth.

About 40 members and guests attended.

The next meeting, to be centered around a gardening theme, will be held at 4 p.m., April 5 in the school. Members will exchange plants.

"AIM AT PERFECTION" IN EVERYTHING

(Author's name below)

Perfection in the compounding of prescriptions is the aim we Pharmacists must achieve. We dare not fail because your health, often your very life, is in our care.

Your Physician knows that when he writes your prescriptions they will be compounded exactly as he specifies. Should you consult any Physician while in another city please inform him that he may prescribe a medication he wishes. We can and will compound any prescription he can write.

YOUR PHYSICIAN CAN PHONE 905 Johnson 4-2508 Petroleum Bldg. 4-8292 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Graduation Party Fetes Students Of Dancing Class

An annual graduation party on a St. Patrick's Day note honored members and guests of the Junior High ballroom class of the Bingham Dance Studio Friday night.

E. F. Bingham, studio director, was host. A grand march began an evening of dancing to Wynn's Orchestra. Refreshments were served.

Chaperoning were Dr. and Mrs. T. J. Williamson, Mr. and Mrs. J. W. Atkins, Mr. and Mrs. Bill Bonner, Mr. and Mrs. Joe Pickle, Mr. and Mrs. Q. M. Taylor, Mr. and Mrs. Paul Limer, Mr. and Mrs. R. W. Thompson, Mr. and Mrs. J. T. Morgan, Mr. and Mrs. George Amos, Mr. and Mrs. Paul F. Soldan, Mr. and Mrs. Shelby Read, Mr. and Mrs. Luther L. Bean and Mr. and Mrs. Elmo Phillips.

Mr. and Mrs. Fitts Have Baby Daughter

Mr. and Mrs. James J. Fitts, 1102 Lloyd, announce the birth of a daughter, Patricia Irene, March 14, in Malone and Hogan Clinic Hospital.

She is the couple's first child. She weighed 7 pounds, 3 ounces. Maternal grandparents are Mr. and Mrs. R. C. Johnson, 206 Benton.

HI--TALK

By Mary Sue Hale

A real credit to BSHS, LaVelle Wasson, our senior of the week, has ably proven herself a leader throughout high school. Perhaps being crowned Football Sweetheart earlier this year is LaVelle's outstanding honor, but closely following in rank is FHA work. A three-year member of this organization, she has served as vice president and historian locally and as area civil defense chairman.

Fryar, Delilah; Marilyn Morris, Miss Jones; Danna Green, Miss Bellamy; Bobby McMillan, Mr. Mashoua; Richard Engle, Joe; David Dibrell, Red; Pete, Jimmy Montgomery; Tim's man, Charlie McCarty.

"Practicing up for the future" could well be applied to the special Future Teachers of America project next week. A group of members from the organization

LaVelle was an El Rodeo staff assistant her junior year and has capably filled the position of senior editor this year.

Being president of the sophomore class and student council representative were LaVelle's outstanding achievements her first year in high school. She is a member of Feta Tri-Hi-Y and was a reporter for the Corral last year.

Ablene Christian College seems to rank high on LaVelle's list of college choices, for she plans to major in Education there after graduation this spring.

Thursday and Friday, "Father of the Bride," a musical comedy in three acts, will be presented in the Senior High School Auditorium at 8 p.m. Practice has been underway since February 20 and all factors point to success.

The plot concerns an average American family where the problem of marriage intrudes.

Student director, Marilyn Morris, has named back stage committees. In charge of makeup will be Marlene Mann, Marilyn Morris, Patsy Potter, and Rodney Sheppard. Property chairman is Sally Cowper, and Tom Guin is to be in charge of stage makeup.

The cast will be composed of Kenda McGibbon as Kay Banks, the bride; J. D. Adams, Mr. Banks; Clara Freeman, Mrs. Banks; Jimmy Simmons, Ben Banks; John Westbrook, Tommy Banks; Rodney Sheppard as Buckley Dunston, the groom; Margaret

to Mr. Rad Ware, local March of Dimes chairman. The donated money was raised by their club during the past month by means of a sale of Favorite Recipe cookbooks.

Other homemaking classes taught by Miss McGregor assisted in the sales, but the idea germinated directly from the fourth period. Direct victims of a plot that took place last Friday were LaVelle Wasson and LaRue Casey. At that time, Frances Reagan surprised the two girls at her home with a surprise birthday party. Friends helping celebrate were Maxine Rosson, Sandra Flowers, Julie Rainwater, Sandra Webb, Joyce Horne, Clara Freeman, Marilyn Morris, Barbara Tibbs, Sandy Jennings, and Sally Cowper.

During the final phase of the study of interior decoration, Mrs. Nancy Annen's FHA students constructed and completely furnished model houses. Many hours of ingenuity were spent on the details of construction, color schemes, and other numerous phases of this project. Floor coverings include blocked cork and mock carpeting.

Mary Beth Stratton, Clara Freeman, Annette Boykin, and Barbara Shields were in charge of one cottage; Pat Bradford, Darlene Agee, Denise Honey and Linda Rutledge completed a second home; and Agatha Cagle, Shirley Wilson, Fay Bennett and Betty Cain were in charge of the completion of a third house.

In accordance with Brotherhood Week, the annual brotherhood program was held Wednesday in the high school assembly.

Representatives of three creeds, Jewish, Catholic, and Protestant, were present, Rabbi Edolph Philippsborn, Lubbock; Father W. A. McCoy, Abilene; and Dr. David L. Zachariah, Lubbock.

Dr. W. A. Hunt, president of HCJC, introduced each of the speakers.

Five BSHS FHA girls have applied for the third and highest degree of their organization, the State Homemaker's Degree. Mojie Henson from Chapter One, and Darlene Agee, Pat Bradford, Denise Honey, and Annette Boykin from the Happy Homemaker's Club.

The degrees will be awarded on the basis of growth of the girls' projects for home, school and community. Last year three BSHS

girls, Frances Reagan, LaVelle Nix and Marzetta Nix, were awarded state degrees.

Gary Tidwell, J. T. Baird, Tom Guin and Rodney Sheppard journeyed to El Paso for a speech tournament this weekend. Major cities from all over the state were represented.

"Building a high school in Brazil" is the topic set for the First Presbyterian Church's PYF Department tonight. Kay Wilcox is in charge of the program, with Anita Gardner, Dennis Jones, and Betty Guthrie assisting.

Dr. T. J. Williamson was guest speaker at Senior Hi-Y Monday night with the topic "Growing Up" chosen for his lecture. Feta Tri-Hi-Y featured the film strip "How About A Date" with Sally Cowper, chairman. A discussion period followed.

"How to Relax" was the subject of the program heard by the Sophomore Tri-Hi-Y Club. A World Service project, the selling of nuts and bolts, is being attempted by the Sophomore Hi-Y Club. The club treasury and World Service program will profit by the money from the sale.

The track team spent Saturday in Snyder, where they were one of 37 high schools competing in the fourth annual Canyon Reef Relays there. Entries were Johnny Janak,

100-220; mile, Bobby Fuller; 440, Milton Davis, Guinette Gibbs; 440 relay, Johnny Janak, Ronnie King, Jerry Barron, Milton Davis; 880 relay, Ronnie King, Clyde McMahon, Ronnie Phillips, Darrell Sanders; spring medley, Ronnie King, Darrell Sanders, Johnny Janak, and Richard Engle; high hurdles, Don Anderson; low hurdles, Jerry Barron, Bobby Laudermilk, Alton McCarty; mile relay, Milton Davis, Clyde McMahon; Ronnie Phillips; Darrell Sanders.

Discus, Bunkie Grimes, McCoy Gilliland, Lewis Porter; pole vault, Frank Powell; shot put, Bunkie Grimes, McCoy Gilliland, Lewis Porter; high jump, Bobby Wallace, David Dibrell, Jimmy Bice; broad jump, Bennie Compton, Bobby Wallace.

HAMLIN, Tex. (AP) — Mrs. Ted Russell, pleading with a women's group for greater activity of their party in community affairs, also explained why there has never been a woman president.

"Our Constitution provides the president must be more than 40 years of age," Mrs. Russell explained, "and no woman will ever admit she is that old."

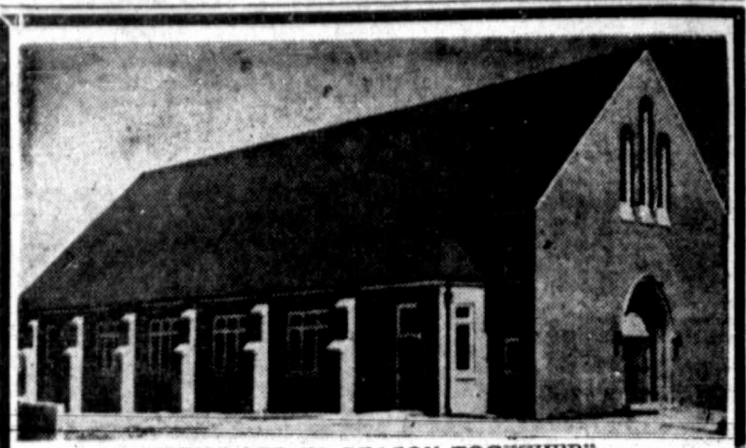

Big Spring Women Invited To Hear First Aid Lecture

Big Spring women are invited to hear a first aid and civil defense lecture at Webb Officers' Club at 1:30 p.m. Tuesday. Mrs. Bill T. Walker will use a movie to illustrate the second lecture of fractures and burns and emergency transportation. Sponsor is the Officers' Wives' Club with Block Six as hostess.

'Slim, Trim' Class Has Coffee Friday

As a climax to the Slim and Trim course completed Friday at the YMCA, a group went to Cosden Country Club for a coffee. Mrs. Jack Alexander was hostess. Thirty-eight enrolled in the four weeks course, which was taught by Mrs. Gene Eads. Another class is planned for some time in April, the date to be announced later.

Attending the coffee with Mrs. H. T. Bratcher, Mrs. Charles Pruitt, Mrs. Andy Cox, Mrs. Carl Wilhite, Mrs. Ralph Ingram, Mrs. Raymond Lilly, Mrs. Duval Wiley, Mrs. Helen Harkins and Mrs. Fred Beckham.

'Redwood' Used

This house, constructed to scale, uses a half inch to a foot. Outside walls are of balsam wood cut and finished to resemble redwood. "Architects and builders" are Mary Beth Stratton, Clara Freeman, Annette Boykin and Barbara Shields.

Detailed Work

That's what went into this house with the clothes rod in a double closet, tiny pillows for lounging and a ruffle-trimmed mirror, about the size of a postage stamp. The "construction company" on this house included Pat Bradford, Darlene Agee, Denise Homey and Linda Rutledge.

Anybody For A Modern Home? See High School Homemakers

By ANNE LEFEVER
Contractors, builders and interior decorators had better perk up when the girls in Mrs. John Annen's class in Homemaking get into the business world!
Working in groups, the girls have completed three houses, decorating and furnishing them appropriately. Color schemes were planned in advance, and outside finishes decided upon.
Using the scale of one inch or a half inch to a foot, the girls drew their house plans on a base of beaver board. Furniture built-ins and accessories are scaled accordingly.
One home is finished in "redwood." For this, the girls bought sheets of balsam wood. They cut strips, fitting them around windows and doors with great precision, and mitered the joints. The wood was then stained to resemble redwood. This house has a built-in oven in the kitchen and a fireplace in the den. Again, the balsam wood is used.
Convenience is gained with a pass-through from the kitchen to the dining room, which is combined with the living room. Here, a carpet of green turquoise is represented by a layer of velvet in that shade.

Sliding glass doors give a view of the outdoors from the den. No space is wasted, as clothes closets are conveniently placed, cedar-lined, yet! Walls are textured in harmonizing colors.
One of the four bedrooms is in pink with a rose chair for accent. In the master bedroom, the accent is a clear red, with charcoal carpet and deep blue bedspread and draperies. Cork floors used in the smaller bedrooms harmonize with the yellow walls of one and the gray walls of the other room.
Another house has a new idea incorporated in the den. It's a planter used as a divider. A terry cloth bathrug, used here for a cotton carpet, is in a chartreuse, with shades of mauve in the walls, furnishings and draperies.
The combination dining room and living room has a carpet of green, with white sheer curtains at the windows. A fireplace marks the living room, with the tiny doll furniture placed in comfortable groups. Walls of this house are papered.
In a bedroom, orchid is the predominant color, with a bedspread of tiny checks of white and orchid. Short, pleated curtains hang at the high windows of this room. The adjoining bath is done in pink. Tiny framed pictures hang on the walls of these rooms, and a

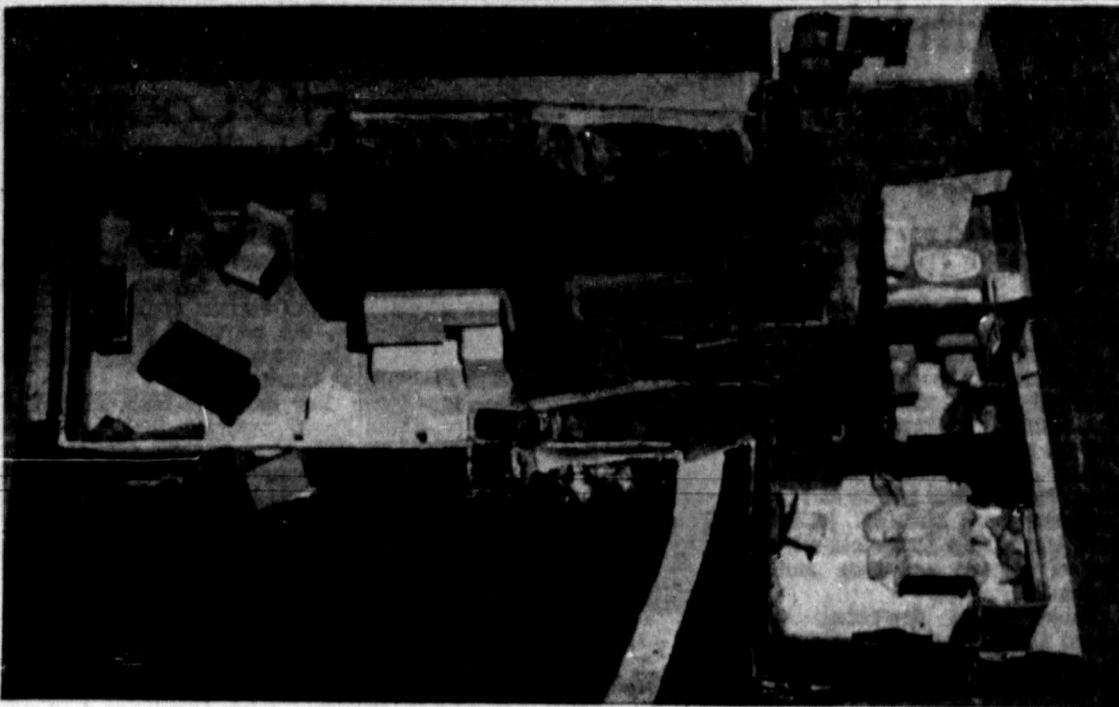

picture window adds interest to the front of the house.
In the third house, convenience is the idea in a bedroom, with its double sliding door on a clothes closet. Here, the "builders" have installed a rod for hanging clothing.
Another bedroom has a dainty vanity with ruffled organdy founce and matching curtains. A ruffle trims the tiny mirror above the vanity. Blue and cherry red combine nicely with the white. The other two bedrooms are done in pink and orchid and pink and blue, with aspirin-sized pillows on the small beds.
The hall leading into the living room uses the same carpeting as that room — a terry cloth hand towel in a cinnamon shade. Furnishings and draperies blend with the carpet with an accent of green.
In completing the project, the girls have used sets of small plastic furniture. In cases where it was not the right color, they have mixed the paint to the desired shade and painted the various objects.
Paint was also mixed for the walls. One group learned a lesson when they mixed their paint under artificial lights. What they thought was a gray shade was a disappointing lavender when they viewed it in natural light!

Mrs. Holt Hostess For WSCS

VINCENT—The Methodist WSCS met in the home of Mrs. Dan Holt recently, and the devotion was given by Mrs. Buddy Barr.
Mrs. Ed Carpenter was in charge of the program and five members were present. The next meeting will be at the home of Mrs. Barr at 9:30 a.m. on Monday.
The Gay Hill Brownies were guests of the Gandy Milk Company over Station KBST-TV on Wednesday. Among those taking part were Melinda Stearns, Teresa Foster, Linda Holt, Marilee Carr, Linda Painter, Brenda Gary, Cynthia Kay Hogan, Hortense and Yucca Ramirez, Rose Sturm and Anna Mae Sturm. They were accompanied by Mrs. Leon Stearns, the troop leader and Mr. and Mrs. Dan Holt, Mr. and Mrs. Ulisses Hall, Mrs. T. A. Norman, Mrs. Jeff Painter and Mr. and Mrs. Fred I. Carr.
Bill Hudson, Houston, was a business visitor at the Reef Fields Gasoline Corporation plant Wednesday evening.
Mr. and Mrs. Fred I. Carr have returned from Camden, Mo., where they were called by the illness of their grandmother, Mrs. Sidney Moore.
Mr. and Mrs. James C. Foster and children spent last weekend in Louisiana visiting with relatives and friends.

Forsan Residents May Attend Study On Family Living

FORSAN — A Family Living Study Course for the public will be sponsored by the Parent-Teacher Association.
Interested persons should meet at the school at 3:15 p.m. Monday to arrange a meeting time and to select a phase of the topic to be studied.
The First Baptist Women's Missionary Society, Belle Overton Circle, will send an Easter box to Round Rock Orphanage.
Participating in a Royal Service program at the church were Mrs. C. V. Wash, Mrs. R. A. Chambers, Mrs. E. E. Blankinship and Mrs. Luther Stark.

Modern Idea

Showing one of the newer ideas in home construction is the planter used as a divider in the house built by Agatha Cagle, Shirley Wilson, Fay Bennett and Betty Cain.

Woman's Forum Aids Midland Palsy Center

Members of The Woman's Forum heard a program on women in fields of science, made plans for their community project and voted financial aid to Midland's Cerebral Palsy Center at a meeting Friday in the home of Mrs. Jack Y. Smith.
Mrs. W. N. Norred spoke on Vocational Nursing and outlined the requirements set up for completion of such a nursing course. She pointed out the good of such training for women who are capable of caring for the ill and the need for their services in hospitals and private homes.
Mrs. Cecil McDonald talked on Women in Scientific Research and listed several women who had outstanding careers in medical, astronomical, textile and chemical research. She called attention to the fact that the least promising as far as a career was concerned is in the astronomical field. The most promising appeared to be in textile work.
During the business session Mrs. Charles Sweeney was named chair-

man of the project committee. Serving with her will be Mrs. Norred, Mrs. Clyde Johnston, Mrs. C. M. Boles and Mrs. Max Fitzhugh.

The Forum recently voted to sponsor the operation of the Style Shop at the Big Spring State Hospital. The group voted to donate \$15 to the Cerebral Palsy Center in Midland to help defray expenses for new equipment. Many Big Spring children are treated at the center each year.
Mrs. Leroy Tidwell was co-hostess to the 16 members who attended.

Hospital Wedding With The Trimmings

MONTGOMERY, W. Va. — When Marine Cpl. Clarence Pritt of Gausey Bridge and Miss Barbara Green of Smithers were married, the bride was given in marriage by her attending physician, Dr. Henry Agular.
Pritt and Miss Smithers were married in a hospital ward gaily decorated with flowers contributed by other patients.
The bride and groom were injured in December in an automobile accident and wanted to be married before the corporal had to return to his base in Hawaii. They called the Rev. Arthur G. Backus, hospital chaplain, and the rest was simple.

Out Of Tune

KNOXVILLE, Tenn. (AP)—Organist Frank Nelson, 88, has played the wedding march at St. John's Episcopal Church for 50 years. He is a bachelor.

Worth Bowling For

Mrs. Harry Heise, a member of the women's bowling team at Webb Air Base, looks over the array of awards donated by local merchants for the coming tournament. Four teams will participate in the play, scheduled for Saturday and Sunday. Prizes will be presented at a dinner on March 27 at the NCO Club.

Mike O'Brien Has March 17 Birthday

With a name as Irish as his birthdate, Mike O'Brien celebrated his third birthday Saturday morning. The son of former residents, Mr. and Mrs. George O'Brien, now of Midland, Mike returned to Big

Spring, where he could entertain at the playground of the Jet Theatre. His grandmother, Mrs. J. Y. Robb, assisted at the party.

Favors for guests were jumping ropes, jacks, plastic horses and cowboys, harmonicas and rabbits' feet.

The guest list included 26, to whom lunch was served. This included a birthday cake, of course.

St. Patrick Dinner For Baptist YP

"Irish Magic" was performed by T. E. Cantrell Friday evening for the Young People's Department of Baptist Temple. The group was given a banquet at the church. Lt. Ken Edwards was master of ceremonies for the program, which included Irish melodies by Martha Winan. She accompanied herself on an accordion.

Mrs. J. B. Riddle gave the welcome to the young people and their superintendent, Mrs. H. M. Jarrait. Mrs. Clyde Angel told a number of legends and true stories about St. Patrick.

Tables were decorated with green and white, using white gladioli and shamrocks. Written programs were in the shape of shamrocks. About 38 attended the dinner.

Mrs. Hanson Leads Kitchen Discussion

Mrs. H. S. Hanson led a discussion of "Large Kitchen Equipment" at a Center Point Home Demonstration Club meeting Thursday afternoon.

A guest, Mrs. Paul Bishop, gave the devotion. Mrs. J. H. Fuller won a special prize.

The group discussed a District 7 HD Association Meeting in Lamesa April 6.

The hostess, Mrs. Eugene Long, served refreshments to five.

Open House Planned

Open house is scheduled at the Midland Cerebral Palsy Center March 25. Located at 2111 Ohio, Midland, the Center will be dedicated at 2:30 p.m. with calling hours to follow until 5 p.m. The public is invited to attend the dedication and open house.

MRS. TOMMY ALLISON

Family Vows Wed Couple Saturday

Fay Bennett, daughter of Mr. and Mrs. R. E. Bennett, 1109 E. 14th, became the bride of Tommy Allison, Midland, in a family ceremony Saturday afternoon, March 17.

The bridegroom's mother is Mrs. June Hostetter of Midland.

For the double ring rites, the bride chose a gold afternoon dress with a pastel green orchid corsage. Her attendant, Sharon Choate, was attired in darker green. Her father was best man.

After Mrs. Allison's graduation from high school this spring, the couple will live in Long Beach, Calif., where the bridegroom is stationed with the Navy.

The bride is a member of the Future Homemakers of America and the Shorthand Club.

Glasscock HD Council Has Reports

When members of the Glasscock Home Demonstration Council met Friday afternoon, presidents of the various clubs gave reports on the activities of their groups. The women met in the courthouse at Garden City.

For the Lees Club, Mrs. R. H. Foard reported that the women will give a chili supper at the clubhouse Friday evening. The members are working with copper tooling and are making pictures.

Mrs. Clyde Berry, giving a report for the Garden City Club, told of a roll making project. The women have been studying flower arranging.

From the St. Lawrence Club, Mrs. Millard Saunders reported two new members and the sewing project carried on by the women.

Mrs. Fred Holscher, who attended the HD meeting in Pecos recently, gave the requirements for the meeting scheduled for April 10 in Big Lake. Each member is to make her own badge for this convention.

Mrs. Glen Overton was elected secretary. The group voted for the next meeting to be May 18. Mrs. A. J. Overton was in charge of the recreation for the afternoon.

Scout Board Slates Senior Cleanup Camp

A Girl Scout Senior Cleanup Weekend was scheduled for April 13, 14 and 15 at a recent quarterly meeting of the executive board of the West Texas Girl Scout Council in Abilene.

The weekend will be in preparation for the June camp at Boothe Oaks.

Larson Lloyd, Big Spring, presided at the meeting. The board will meet again at 4 p.m. June 17 at Boothe Oaks. A dinner with the campers will follow the meeting.

SEC. III BIG SPRING, TEXAS, SUNDAY, MARCH 18, 1956 SEC. III

REPORT FROM ALCATRAZ

More Privilege Doesn't Mean Less Security 'On The Rock'

SAN FRANCISCO (AP)—A cautious series of increased privileges for prisoners and stricter security measures has reduced violence on bloody Alcatraz. But there's no intention of abandoning the maximum security prison in the near future.

This was indicated to newsmen by Warden Paul J. Madigan in a rare mass tour of the Rock by reporters, photographers and television cameramen. The Department of Justice invited them to make the visit in response to requests.

Although they live behind rose-colored bars only 1 1/2 miles from San Francisco Bay is no bed of roses for its 281 prisoners. They are the most dangerous, the most rebellious of convicts in all federal prisons.

Major changes made over a period of 20 years include (1) permitting men to converse with their neighbors in cell blocks or at the dining table, (2) letting them see two movies a month, (3) letting them listen to the radio over earphones 3 1/2 hours a night, with a choice of two stations, and (4) reducing the work week for those permitted industrial jobs from an eight-hour day six days a week to a 6 1/2-hour day five days a week.

First of the changes, elimination of the silent system, followed the slugging of former Warden James A. Johnston as he walked through the dining room in a 1937 strike.

Security changes also followed waves of violence.

Since the three-day Battle of Alcatraz in May 1946, the most violent uprising on the island, mesh screens have protected the catwalks behind which gun guards watch the cell blocks in which inmates are locked at least 14 hours a day.

The battle was touched off when Bernard Paul Coy, a Louisville bank robber, scaled bars to the catwalk and pried them apart with a spreader made of stolen toilet connections. He slugged the guard and passed down his weapons to five companions. Before the battle was over, five men were killed and 15 wounded, mostly guards. Three convicts died in the battle and three later by execution.

The old model shop on the northwestern corner of the island has been turned into a store room. It was too easy to try to escape from there.

Among the new privileges, three

safety razor blades are issued weekly to each inmate. Formerly he had a blade only long enough to shave; then it was taken away. "If a man wants to kill himself," says the warden, "he'll kill himself."

Even after the changes, Madigan said, "discipline is strict, but not too rigid and not cruel. There are no trustees. Men are never out of sight of a guard. No one is allowed out of his cell at night. No one is paroled from Alcatraz. But they do leave, normally

after five years, by transfer to other prisons. This is contrary to the belief that the only way out of Alcatraz is in a coffin.

Alcatraz is a prison for troublemakers, all with long criminal and prison records, who couldn't get along in other federal penitentiaries.

There's been a great deal of talk of abandoning it because of its location far away from the nation's population center and the high cost of operation—\$7.50 a day per man.

Uncle Ray: First Balloon Rose In Month Of June

By RAMON COFFMAN

There is a wide difference of opinion about the origin of the name "June." Some scholars believe that it came from Junius, the name of an important clan or gens in ancient Rome.

Another suggestion is that the month obtained its name from "juniores," the Latin form of "junior," with the meaning of "young men."

Scholars in a third group believe that June honors Juno, the wife of Jupiter, king of the gods. Juno was known as the goddess of marriage and the family.

The Juno theory is supported by the fact that June is "the month of brides." The goddess was supposed to protect marriages, and it seems natural for her name to be honored in the month of June.

Q. Which important people were born in June?

A. Among them are George Stephenson, British pioneer in locomotive building; Nathan Hale, Ameri-

can patriot; Edvard Grieg, Norwegian composer; Sir Oliver Lodge, British scientist; Blaise Pascal, French scientist; John Cabot, navigator; Charles Stewart Parnell, Irish patriot; John Wesley, founder of the Methodist Church; Richard Strauss, German composer; Peter Paul Rubens, Flemish painter.

Q. What are some of the historical events which took place in June?

A. Acting in the name of Spain, DeSoto "took possession" of Florida 238 years ago. The Magna Carta was signed by King John on a June day.

The first balloon ascent took place in France and Ben Franklin made his kite test during different Junes in the eighteenth century. Sixty-nine years before Franklin flew his kite, William Penn made his famous peace treaty with Indians in the Philadelphia area.

CRMWD Near End Of Construction Outlay

Practically all construction funds of the Colorado River Municipal Water District have now been applied to capital accounts, the annual report of General Manager E. V. Spence shows.

In fact, the multi-city project which supplies water to Snyder, Big Spring and Odessa is now down to \$312,787 to complete the system. Spence said that \$260,287.36 of this would be required for booster stations between Big Spring and Odessa, \$17,500 for protection of existing wells in the Bull Creek detention area, \$25,500 for terminal water storage and \$12,500 for engineering.

As of the end of the year, a total of \$2,962,348.18 had been transferred to the dam and reservoir construction costs; \$461,933.93 to the Bull Creek diversion; \$396,987.64 to terminal water storage for Snyder-SACROC, Big Spring and Odessa; \$958,032.18 to the Snyder supply line; \$5,245,237.66 to the supply line from Lake J. B. Thomas to Odessa via Big Spring; \$754,505.13 to the Martin County well field; \$133,135.42 to the Sharon Ridge Supply line. This accounted for a total of \$10,912,300.14 to construction.

Of the funds applied, \$160,800 came from SACROC and its contribution to supply lines and pumps, \$125,000 from Sharon Ridge for lines, and \$10,939,287.50 from original allocation of bond proceeds for construction. (The original is-

Meg To Tell Nuptial Plans

NEW YORK (AP)—Margaret Truman said today she will make public on Monday the date and other details of her wedding.

She had already disclosed that her marriage to Clifton Daniel, New York newspaperman, would take place sometime in April at Independence, Mo., the home of her parents, former President and Mrs. Harry S. Truman.

On Monday at the Hotel Carlyle, where she lives here, she will hold a news conference to name the exact date, give the names of her attendants and discuss her trousseau.

She said she was calling the news conference because so many reporters had been calling her asking for further details.

There has been speculation as to whether her wedding would be on or near the same date that film actress Grace Kelly will marry Prince Rainier in Monaco. That ceremony is scheduled April 18.

was for \$11,750,000, which carried a discount of \$352,500 for financing and required \$535,712.50 to be applied to interest and sinking fund. Accrued interest and earnings on government securities have reduced the net discount now to a total of \$126,427.61.)

During 1955 a total of \$572,095 was transferred to the capital accounts out of construction, signifying the completion of that amount of work.

Last year the interest and sinking fund had receipts of \$1,453,366 (including the \$535,712.50 of bond funds transferred to meet requirements of the first two years) and disbursements of \$1,377,116, leaving a balance of \$116,250. The reserve fund had assets of \$840,896.20 at the end of the year, and will continue to accumulate until it reaches one million dollars some time this year. The contingency fund has assets of \$10,538.38, the improvement and extension fund assets of \$10,114.97, the retirement fund \$95,635.47 (the District has purchased \$92,000 of its 1961 maturities).

Receipts to date for the CRMWD amounted to \$2,529,602.58, and disbursements have reached \$2,427,673, leaving a net excess of receipts over disbursements of \$101,929.13.

In his report, which is required under terms of the bond indenture, Spence called attention to the starting of a study as to the possibility of diverting water from Deep Creek. The State Board of Water Engineers has granted a six months extension to the presentation, giving the CRMWD 18 additional months to more fully explore the project, he said.

Cohen's Wife Asks Divorce

LOS ANGELES (AP)—Florist Mickey Cohen's wife Lavonne, who stood by him for 15 years through bombs and bullets when he was a gambling boss, has sued

him for divorce. She alleged cruelty.

Cohen, who served time for income tax evasion, came out of federal prison last October. Saying he was through with gambling for good, he went into the flower and plant business.

"Mick is still the greatest little guy in the world to me, but we just can't get along," said Mrs. Cohen.

Porters At Home

In their new home, 1709 Morrison Dr., are Lt. and Mrs. Charles F. Porter and daughters, Lynda, right, and Jeannine, who was named by her father who heard and liked the name during his tour of duty in Western Europe at the close of World War II. Since his

station in Germany, Lieutenant Porter has added Alaska and Florida to his Air Force locations. His family, which accompanied him to both places, is getting adjusted to the Big Spring climate.

C. F. Porters Recall Alaskan 'Adventures'

From 12-inch snowstorm to sandstorms, career life in the Air Force is full of changes and surprises for the Charles F. Porter family.

Originally from New York, they lived in Alaska two years and last year left orange blossoms in their Florida home to drive into a Big Spring duster.

But traveling has its advantages. Eight-year-old Lynda learned to ski at six years in Anchorage and then to swim at the Big Spring YMCA when the family lived here last summer.

Scheduled for promotion to captain next week, Lieutenant Porter, a Webb instructor, attended a training school in Alabama in the fall while his family visited relatives in Newburg, N. Y. When they returned the last of January, construction had been completed on their new home, 1709 Morrison Dr.

The 5,000-mile trip from New York to Anchorage was made when Jeannine, now four, was two months old. En route, the Porters mixed formula each night on a two-burner hot plate and stored the bottles in the trunk. Since the milk froze, Mrs. Porter kept two bottles thawing at one time inside the car.

"Actually Lynda was more of a problem because she had to be entertained," recalls Mrs. Porter. Lynda celebrated her fourth birthday on the Alcan Highway. Her party was a chance event—a waitress in a Yukon cafe learned of it and presented her with comic books and candy bars.

For the first 11 months at their Alaskan station, the Porters lived

off-post in a \$155-a-month duplex. Utilities ran the amount up to \$200. A quart of milk or a loaf of bread cost 40 cents.

"But we loved Alaska," say the Porters. They ice skated—even Lynda—and skied and, eventually, were able to obtain government quarters. The thermometer sometimes hit 25 below but the cold was dry and invigorating.

In a light civilian plane, Lieutenant Porter took his wife over adjoining country, including the Harding Ice Pack.

"Weird" is the way Mrs. Porter describes their landing in an Indian village when the natives took one look at the white couple and disappeared.

Each February, the Porters enjoyed the fur rendezvous, when Eskimos flocked into town to perform folk dances, and the populace attended dog sled races.

A camera fan, Lieutenant Porter has taken over 500 slides during his service career. Many of them were made in Florida where the family lived after flying home from Alaska.

Mrs. Porter's hobby is copper-tooling, which she learned in Florida.

Stationed as an enlisted man in Germany during the war, Lieutenant Porter took bachelor and master's degrees at Ithaca College in New York after his discharge. He majored in education. In 1950, he enlisted again in the Air Force.

Mrs. Porter, a registered nurse, trained at Medical Center in New York City. The couple met in high school.

COSDEN CHATTER

Paul Meeks Entertain His Brother, Curtis

Curtis Meek, who has just received his discharge from the Air Force, is visiting his brother, Paul Meek and family.

Bill Hult, Bob King and Arnold Legaski of the Phillips Company visited the refinery offices Thursday.

H. D. Drake returned to work after an illness.

Bennett McChristian and Cecil Drake are spending the weekend fishing at Colorado City.

Bob Hallett of Refinery Engineering Company was a visitor at the refinery Wednesday.

Mr. and Mrs. Joe Roberts were guests of Mr. and Mrs. Henry Louder in Stanton Saturday.

Marguerite Smith, Evelyn Merrill and Sue Ratliff spent the day in Midland Saturday.

Mr. and Mrs. Bill Horne and

family are spending the weekend with Mrs. Horne's mother, Mrs. W. E. Shelton, in Nocona.

Howard Nevills of Arlington was a visitor at the offices Thursday.

R. W. Thompson attended a protraction hearing of the Railroad Commission in Austin Thursday and Friday.

Mrs. Doug Ward is spending the next two weeks in Livingston with relatives. She plans to attend the wedding of her cousin, Willene Whisnate, while there.

The following visitors were reported in the engineering department during the week:

B. E. Keeling and Bill Spero of Vincent Supply Company; G. R. Cannon of Bethlehem Supply Company, Odessa; Earl Button of General Electric Company, Abilene; Adrian Crumpler of Cummins Supply Company, Abilene; Hector Butler of Badger Manufacturing Company, Cambridge; Mr. Haynes of Nunn Electric Company, Lubbock; James A. Campbell of Link-Belt Company, Dallas; Roy L. Peters of Royal Electric Company, Abilene; William L. Adair of Lynn Elliott Company, Dallas.

Les Gillette and Charles Webb of Sharples Chemical Company, Wyandotte, Mich., were visitors at the refinery Thursday.

The following refinery men are on vacation and will return to work Monday: J. E. Brown, W. W. Mooser, C. R. Frazier, J. P. Hooper, Fred Franklin, Wm. Adair of the Lynn Elliott Company, visited the refinery Friday.

R. L. Tollett spent Tuesday in Fort Worth on company business.

Two Local Scouts Plan April Camp

Helen Gray and Nancy Cunningham will be among the Girl Scouts who will undergo a training session at Camp Boothe Oaks April 16, 17 and 18. They will join six girls to make up the West Texas Patrol which will represent the West Texas Council at the Senior Round-up in June at Pontiac, Mich.

Girls from surrounding areas, who will comprise the patrol, are Kay Nance, Jane McKinlin and Sidney Edwards of Sweetwater, Gale Moore of Abilene, Brenda Bostler and Judy Keller of San Angelo. More than 5,000 girl scouts are expected to take part in the national encampment.

Easter Seals Give Hope To Crippled Children

The work of the Society For Crippled Children is to provide equality of opportunity and as full a life as possible for all crippled children.

Through the proceeds of the annual Easter Seal Sale, the society sponsors clinics for treatment, for diagnostic and psychological activities, hospital care, corrective surgery, speech correction and provides other facilities for aiding the handicapped.

Over 600 volunteers and about 58 paid workers carry on the activities of the organization in Texas, with more than 2,500 children served in various ways. Over 48 different kinds of crippling conditions are represented in the children receiving treatment.

These children have been provided with braces, wheel chairs, crutches, transportation, necessary surgery, education, various therapies, recreation, artificial appliances and other care.

Twenty-six treatment centers in the state conduct treatment programs for cerebral palsied children and children with other crippling conditions. Other centers are in the process of being built, and more are in the planning stage.

Eleven local children are taken regularly to the Cerebral Palsy Center in Midland, where they receive treatment and therapy. Victims of this disease are not necessarily mental patients, and, with improvement in their condition, many are able to enter school.

At the Center, mothers, or caretakers, are taught to give the exercises, and these may be admin-

istered in the home. Regular examinations are necessary, of course, to check the progress of the patient.

Besides the 11 who go to Midland, there are 18 patients who receive treatment at other centers. These are sent to Dallas, El Paso, Galveston, Houston and San Antonio. No polio patient is included in the count.

Some of the handicaps treated at the various centers include harelip, cleft palate, club feet, diseases of the bone, congenital heart and defective speech.

Another phase of the work of the society is that of educating the public, doctors, nurses, parents and employers to the solutions of the problems connected with the handicapped. The third phase is research into the cause, treatment and prevention of crippling conditions.

In charge of the local sale is the XYZ Club, with Mrs. Sherman Cowan as the president. Assisting her have been Mrs. Jim Lewis, Mrs. Travis Carlton and Mrs. Bill Gibson.

George Zachariah is chairman of the local chapter of the Society for Crippled Children with Bob McEwen as vice president. Jewel Barton is secretary-treasurer.

Society For Children

George Zachariah, president of the Society for Crippled Children has called a meeting of the group for Monday at 5 p.m. Members will meet in the Chamber of Commerce conference room. A full attendance is urged.

Cheerio Club Spends Day As Church Guests

Twelve members of the Cheerio Club for the blind spent the day as guests of Prairie View Baptist Church Thursday.

The Rev. Dan Oglesby brought the devotion. The group said the 23rd Psalm in unison.

Roll call was answered with "My Most Embarrassing Moment."

Hostesses for the luncheon were Mrs. George Payne, Mrs. Ella Grant, Mrs. Oglesby, Mrs. W. C. Fryar, Mrs. Shirley Fryar, Mrs. Ella Hammock and Mrs. Charlene Schremsler.

Visitors were Mrs. T. B. Clifton, Mrs. J. Tom Rogers and Mrs. J. D. Kendrick.

*** THE ASSOCIATED PRESS NEWS IN PICTURES ***

MEALTIME— This kookaburra, an Australian laughing jackass, prepares to eat three-foot tree snake it caught near Sydney. Several times it took the snake up into a tree, and dropped it until the reptile was dead and ready for eating.

HUNTING FOR FOOD IN SNOW— These hungry deer search for food in a deerpark near Flach, Switzerland, during the severe European winter. As a last resort, when fields are frozen over, the animals nibble at the bark of trees.

EASY TO PET— When it comes to necking, a giraffe has the perfect equipment. Movie producer John Huston and French actress Suzanne Flon pet animal at the Paris Winter Circus where Suzanne appeared in benefit for needy show folk.

GIFT TO DOMINICANS— A statue of George Washington is presented by Carl K. Larsgard, left, president of the American colony in Ciudad Trujillo, and accepted for his people by Dominican Republic's Gov. Virgilio Alvarez Fina, right.

KITCHEN KAT— Kimbo, a five-year-old, 360-pound puma, keeps Mrs. Melvin Koonts company as she does dishes in her Thousand Oaks, Cal., home. The big cat is fond of his mistress.

CHANGE IN POST— Fletcher Warren, 59-year-old diplomat, now Ambassador to Venezuela, has been nominated by President Eisenhower to be Ambassador to Turkey.

UNUSUAL GIFT— Visitors to Tate Gallery, London, admire three-ton Menorah, Jewish ceremonial candlestick, to be presented by members of British Parliament to Israeli Parliament to mark 300th anniversary of the Jews in England.

ATOM TESTER— A soldier checks a Bendix dosimeter, pen-shaped device which records gamma radiation from any source including A or H bombs, in test at Fort Monmouth, N. J.

DAWN AS MARY— British actress Dawn Addams poses in role of Mary Stuart, 16th century ruler of Scotland, in reenactment of famous trial scenes at Rome, Italy.

CARICATURE— The "Geneva Spirit" comes in for some kidding during carnival at Basle, Switzerland, as paraders depict the U. S. delegates to Geneva conference as piccolo players.

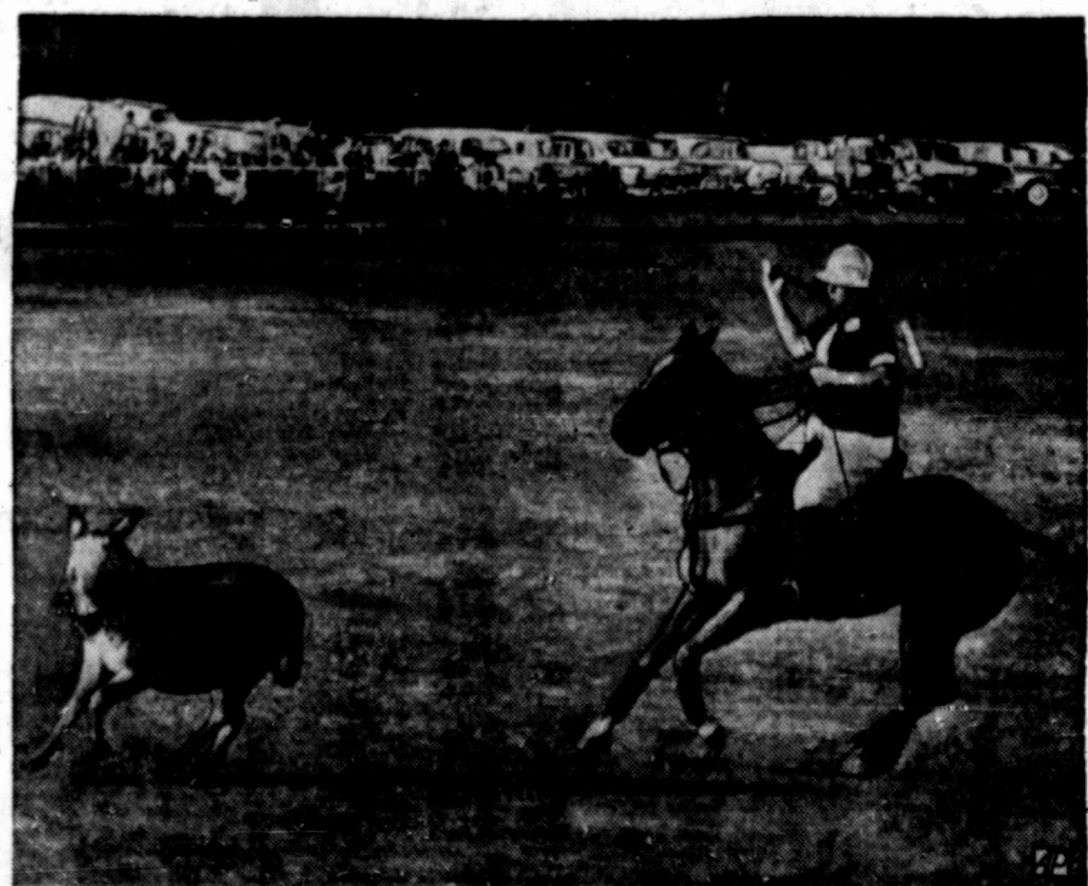

VOLCANIC LIGHTER— Gilda Vercoana, a tourist, lights her cigarette with old newspaper ignited in one of many small steam fissures on slope of Mt. Vesuvius, Italy.

REFUELING TEST— A Marine Corps helicopter trails a fuel line to another in simulated refueling test over Quantico, Va. Marines have asked contractors' bids on equipment.

INGRID'S DAUGHTER— Jennie Lindstrom, right, 17, daughter of Ingrid Bergman, appears in Salt Lake City school play, where she lives with father, Dr. Fetter Lindstrom.

HOLDING UP THE GAME— Fernando, the burro, is chased by nine-goaler Harold Barry after it got on field during polo match at Delray Beach, Fla., and delayed the game.

'Rose Tattoo,' Named For Academy Award, Is At Ritz

One of those pictures the critics say carries the mark of greatness brings a sort of tempest to the Ritz screen for three days beginning today.

The picture is "The Rose Tattoo," a nominee for the year's Motion Picture Academy Award, and a film version of Tennessee Williams' outstanding play of the same name.

And it introduces the star from Italy, Anna Magnani, who is accorded more than a fair chance to cop an Academy Oscar herself for her part of the widow. Another Oscar nominee is the picture's Marisa Pavan, for a supporting role.

As would be expected from the pen of Tennessee Williams, "The Rose Tattoo" presents, in unique and exciting setting a group of fascinating characters.

It is the story of a woman who has retreated from the world to live in the past with the enshrined ashes and memory of her husband, until fate forces her out into the glare of truth and brings her the strangest courtship a woman ever knew.

Anna Magnani, ranked at the top of the world's actresses, portrays the widow who once knew a fiery lover, who demands an incredible purity from her daughter, and yet leaves the back door open to her husband's wild successor.

Cast in the role of the lusty suitor or whose unusually violent wooing brings new love and laughter to

A Tempestuous Love

Anna Magnani receives a gift from Burt Lancaster in this scene from "The Rose Tattoo," a strange story of high emotions, based on the Tennessee Williams play. The picture, nominated for an Academy Award, is at the Ritz today through Tuesday. Miss Magnani's portrayal also has given her an inside track for an Oscar.

The widow's heart is Burt Lancaster, in an off-beat performance that might be ranked with his role in "Come Back, Little Sheba." Beautiful young Marisa Pavan plays the dark-eyed budding daughter hungering for womanhood, and cast opposite Ben Cooper. These two are shown as being torn between the first surge of youthful love and the unreasonable restrictions of the girl's mother.

Production and direction are under Hal Wallis and Daniel Mann, who were responsible for "Come Back, Little Sheba." There's strong emotional impact in this picture, to make it one of the most talked-about productions of recent vintage.

WEEK'S PLAYBILL

RITZ
Sunday through Tuesday
"THE ROSE TATTOO," with Burt Lancaster and Anna Magnani.
Wednesday and Thursday
"THE SILVER CHALICE," with Jack Palance and Virginia Mayo.
Friday and Saturday
"PICNIC," with William Holden and Rosalind Russell.

STATE
Sunday through Tuesday
"DIANE," with Lana Turner and Pedro Armendariz.
Wednesday and Thursday
"MAN FISH," with Victor Jory and John Bromfield.
Friday and Saturday
"YELLOWNECK," with Lin McCarthy and Stephen Courtleigh.

TERRACE
Sunday and Monday
"TALL MAN RIDING," with Randolph Scott and Dorothy Malone; also, "COMING ROUND THE MOUNTAIN," with Abbott and Costello.
Tuesday and Wednesday
"MA & PA KETTLE AT WAIKIKI," with Marjorie Main and Percy Kilbride; also "IRON MAN," with Jeff Chandler and Evelyn Keyes.

Thursday and Friday
"GIRL RUSH," with Rosalind Russell and Fernando Lamas; also, "CONQUEST OF SPACE," with Walter Brooks and Eric Woodward.
Saturday
"CAPT. LIGHTFOOT," with Rock Hudson and Barbara Rush; also, "CHICAGO SYNDICATE," with Dennis O'Keefe and Abbe Lane.

JET
Sunday and Monday
"AT GUN POINT," with Fred MacMurray and Dorothy Malone.
Tuesday and Wednesday
"ALWAYS FAIR WEATHER," with Gene Kelly and Dan Dailey; also, "ROGUE COP," with Robert Taylor and Janet Leigh.

"THE LIEUTENANT WORE SKIRTS," with Tom Ewell and Sheree North; also, "THE RACERS," with Kirk Douglas and Bella Darvi.

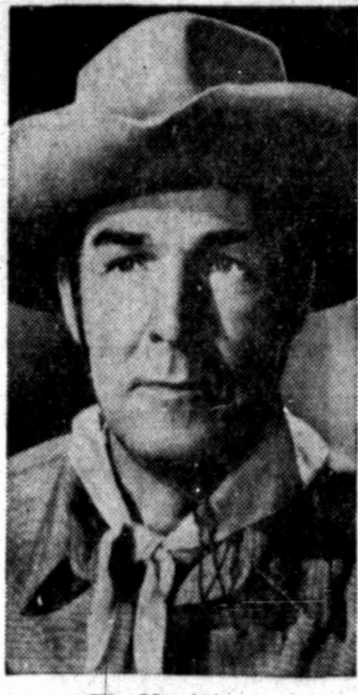

SAHARA
Sunday and Monday
"THE SNOWS OF KILIMANJARO," with Gregory Peck and Ava Gardner; also, "TOUGHEST MAN IN ARIZONA," with Vaughn Monroe and Joan Leslie.

Tuesday and Wednesday
"A SONG IN MY HEART," with Susan Hayward and Rory Calhoun; also, "OH, SUSANNA," with Rod Cameron and Adrian Booth.

Thursday and Friday
"LEAVE HER TO HEAVEN," with Gene Tierney and Cornel Wilde; also, "JUBILEE TRAIL," with Forrest Tucker and Vera Ralston.
Saturday
"GOLDEN GIRL," with Mitzo Gaynor and Dale Robertson; also, "RETURN OF THE TEXANS," with Walter Brennan and Joanne Dru.

Irene Dunne Works On Video Movies
HOLLYWOOD (U) — Irene Dunne was back before the cameras last week after too long an absence. But it was for TV, not the movies.

Miss Dunne portrays the headmistress of a girl's school in a Screen Gems film for Ford Theater. Of course, there's no pressing need for her to work, since she is one of Hollywood's most substantial citizens financially. But her light, refined touch and her mature beauty are sorely missed on the screen.

Tall Man

That ace of men-of-the-west, Randolph Scott, stars in "Tall Man Riding," at the Terrace Drive-in tonight and Monday. It's a "fightin'" drama in the land grab days of the West.

Actress Wears Aumont's Ring
HOLLYWOOD (U) — Actress Marisa Pavan is wearing French actor Pierre Aumont's engagement ring.

The 23-year-old Italian-born actress is nominated for an Oscar for her performance in "The Rose Tattoo." Aumont, 46, has a 10-year-old daughter by his late wife, actress Maria Montez.

No date has been set for the wedding.

Cary Grant Leaves For Movie In Spain
HOLLYWOOD (U) — Actor Cary Grant has left for six months in Europe. He is en route to Madrid, where he is to appear in a picture.

Randolph Scott In Action Film

That popular perennial, Randolph Scott is to be seen at the Terrace Drive-in today and Monday in an outdoor adventure, "Tall Man Riding." Dorothy Malone and Peggy Castle have the chief feminine roles and others in the cast are Bill Ching, John Baragrey and Robert Barrat.

The WarnerColor production presents Scott in the role of a man bent on revenge, who returns to Little River to find that the father of the girl he loves is the man he has sworn to kill. Dorothy Malone is Scott's leading woman and Peggy Castle is the rival for his attentions. The setting for the Warner Bros. adventure is the roaring, turbulent land-grabbing days of the West. An action highlight of the film is said to be a gun duel fought in total darkness between Scott and the land baron whose ranch becomes the battleground for the climactic action of the film.

LOOKS AT BOOKS

By Sam Blackburn

SINCERELY, WILLIS WAYDE by John P. Marquand. Little, Brown & Co. For Literary Guild.

There is no modern author more able to describe the impact of modern conditions and social customs on the average man than John P. Marquand.

Throughout his amazingly successful career as a writer, he has worked this theme over and over again and invariably the result has been an engrossing and highly entertaining product.

His newest book, "Sincerely, Willis Wayde" is no exception to his earlier books.

Willis Wayde, his hero in this new novel chosen as the March selection of the Literary Guild, is not likely to be personally liked by the reader but his career and his involvements are highly recommended as excellent reading.

The same skillful delineation of scenes and events in several eras of modern America are found in this new Marquand novel that has been found and enjoyed so much in other of his books. He has the knack to make you say to yourself as you read "Why, that's exactly the way it looked."

His character may often have feet of clay but a special touch that he has in making his reader somehow feel a little guilty. So many of the weaknesses that Marquand's heroes reveal are so much like weaknesses we all personally have.

"Sincerely, Willis Wayde" is good reading and if you are a Marquand fan (and surrounding nearly every one is) you will be urging your friends to read it.

—SAM BLACKBURN

located cattle and of stampedes, of experiences roping a wolf or chasing antelope in a car, or riding the back from Big Spring to Lamesa and later the lordly six-cylinder Premier "stage." There is the warmth of human kindness, too, in the story of how kindly Midland folk helped his family in an hour of greatest need. There is the account of drought—and the chronicle of the rain that turned Sulphur Draw into a river through Big Spring in 1903.

Every private and public library in these parts ought to have a copy of this book. It's the type of casual history that can be preserved only as a few men like Mr. Willis have the initiative and foresight to put down their reminiscences.

—JOE PICKLE

STORY OF THE BIG WEST-ERN RANCHES (W. S. Willis, 2811 Ave. E, Fort Worth 5, Texas)

Mr. Willis has published his own book, which does not carry a price tag on its format, but whatever the figure is, old timers in this area will find it a modest sum for such a crisp, folksy recollection of the early days of West Texas.

The booklet, easily read within the compass of a single evening, is packed with incidents of special interest to Big Spring, Lamesa, Colorado City, Stanton and surrounding area. In fact, Mr. Willis sort of worked in and out of Big Spring for many years and once stood on the threshold of a great fortune as an early Dawson County settler north of Lamesa.

Names and places long familiar to this area stand out on almost every page. Incidents which have long since become legends are revived with the vividness of an eye witness account.

The reader feels as though he has gone on the trail, eaten at the chuck wagon, taken part in the round up, watched land rushes or some gun play or seen the cowboys working over a few saloons after payday. There are stories of

Defender

Fred MacMurray essays the role of man against a mob, in an action picture, "At Gunpoint." This picture is at the Jet Drive-In tonight and Monday. Dorothy Malone plays opposite MacMurray, and Walter Brennan is in the cast.

'At Gunpoint' Has M'Murray

Fred MacMurray, Dorothy Malone and Walter Brennan are starred in an action thriller, "At Gunpoint," offered at the Jet Drive-In today and Monday.

This is the story of a shop keeper, played by MacMurray, in a small Texas town who faces the physical and emotional crisis of his life when the town turns against him and he is forced to stand alone against a band of gunmen and killers.

Dorothy Malone is cast as MacMurray's wife. Brennan is seen as "Doc Lacey," who points out to MacMurray that sometimes it is necessary to get "fighting mad."

The cast also includes Tommy Rettig, juvenile star of TV, and John Qualen, Skip Horner, Whit Bissell and Harry Shannon.

The action picture is in Technicolor.

In Feature At State

Lana Turner and Roger Moore are the principals in a romance in "Diane," playing at the State today through Tuesday. With lavish settings (in Cinemascope and color), this is a romance of royalty in the 16th century.

Lavish Settings Provided In Romantic Drama, 'Diane'

"Diane," a love story unfolded against a colorful background, is the attraction at the State Theatre today through Tuesday. Lana Turner is in the title role, and costars are Pedro Armendariz, Roger Moore, Marisa Pavan and Sir Cedric Hardwicke.

Directed by David Miller and written by Edwin H. Knopf, the picture can be called lavish, with 42 sets and more than 2,000 costumes.

Bringing to the screen the glittering era of the early 16th century French Renaissance, it tells the story of Diane, Countess de Breze (Lana Turner), who is befriended by the King of France (Pedro Armendariz), falls in love with the latter's son (Roger Moore), and then incurs the enmity of one of the world's most dangerous women, Catherine de Medici (Marisa Pavan), who becomes ruler of France.

A great tournament, with kings of Europe crossing lances, a boar

'King Kong' Is Thrill For New Generation

By CHARLES MERCER
NEW YORK (AP)—The other night I tuned in the TV set and there was my old pal King Kong, he of the flaming eyes and monstrous apelike breed. It gave me quite a turn.

There was a somewhat younger Bruce Cabot running around in puttees, and my old flame, Fay Wray, whom Kong coveted. I stuck right with it to that climactic scene, you remember, where Kong climbs the Empire State Building and those old World War I biplane Curtiss Hawks come slanting with the ah-ab-ab-ack of machine guns.

It all took me back to 1933 before Hollywood ever had heard of television and "King Kong" stalked the neighborhood movie houses, fascinating or horrifying us adolescents according to our natures. Personally I caught it at a movie house known as the Royal on a dark and rainy Saturday night—ALONE.

Cursed by either cowardice or an overly active imagination, I made my way uneasily home through silent, rain-swept streets. The folks were out. I turned on a lot of lights and the radio and I was pretty brave for a while there until I heard the car in the driveway. Then I was ashamed of myself—and haven't mentioned it till now.

To be honest about it, I didn't just happen to tune the set to "King Kong." I heard people talking about it. The grassroots comment I heard on the reshooting of the old movie took two turns.

First, many oldsters were interested that youngsters who weren't alive to see Kong in his original movie tour are just as excited by him as the oldsters were when they were young. It was quite heart-warming to some to find that kids are still kids after all—despite the warped notions of some adults that they're an entirely different breed these days.

I also heard one or two adults express the view that "King Kong" just ain't fittin' fun for young 'uns. At first I was inclined to agree with them. And then I remembered my own experience with Kong and through what a sanctimonious attitude to strike in my old age. True, Kong had frightened me. But not enough to send me into a decline or even put me in the hands of a psychiatrist.

Compelling Love Appeal Is Dramatized In Film, 'Picnic'

If the Motion Picture Academy nominations are any criterion, you might say there is quality on the Ritzy screen this week.

Another production listed for consideration at the Academy presentations this month is due at this show house Friday and Saturday.

This would be "Picnic," a dynamically powerful story taken from the Pulitzer Prize play. There's also Cinemascope and Technicolor.

A potent cast is presented in "Picnic," with William Holden and Rosalind Russell heading the parade, along with Kim Novak, Betty Field, Susan Strasberg, Cliff Robertson and Arthur O'Connell. The last-named also has won an Academy nomination for the best supporting role, due to his work in "Picnic."

Basically, the strong emotional appeal of the story is in showing the attraction a stranger might generate, as contrasted to people who are seen every day.

Holden appears as a stranger who drifts into a small Kansas town, looking for work and aware that it is time to settle down. His meeting with lovely Kim Novak takes place amid an electric tension, and their attraction for each other makes the girl all the more reluctant to wed a wealthy man who has been selected by her mother.

Holden joins the party at the community's annual Labor Day picnic, as the date for Kim's kid sister, Susan Strasberg. With them also are Rosalind Russell, who boards at the girl's home and her friend, Arthur O'Connell, the unromantic shopkeeper.

The powerfully built stranger with his romantic background, affects the women of the party in various ways. Kim becomes more and more interested in him; Rosemary, the school teacher, can't help but compare him to her own steady escort; Susan discovers that, with Holden, at least, she no longer is the shy, awkward and bookwormy "kid sister."

It is the picnic, with its community-wide excitement and its lusty release of inhibitions, that heightens the memorable drama of the film. Rosemary, the school

teacher, can't face the obvious absorption of the girl and the stranger in each other, the breathlessness with which they dance together. Unable to share their mood, she creates a scene which forces Holden to flee the picnic. Kim follows him into the night, despite his warning that he is no good for her.

Oscar Verdicts To Be Made Known Wednesday Night

By BOB THOMAS
HOLLYWOOD, March 17 (AP)—Will Academy voters give Hollywood's highest-honor to an actor who is dead?

Will they pass up American actresses to choose an Italian star in her first Hollywood movie? These are two of the questions that make this year's Oscar derby as exciting as any in recent history.

On Wednesday night, a nationwide television audience will watch the 28th presentation of gold statuettes to those who made the highest achievements in film art. Right up to post time, many will be engaged in one of Hollywood's most popular sports: trying to outguess the 1,740 Academy voters.

It's harder than ever this year because of complicating factors. But that won't stop the forecasters, including this one.

BEST ACTOR—Here is a toughie. For the first time, voters have the chance of presenting the acting award posthumously. James Dean, up for "East of Eden," was crushed to death in a highway accident last Sept. 30. His genius was lost before he was 25.

The strongest contender is Ernest Borgnine, the love-starved butcher of "Marty." Like Dean, he was in his first starring picture, and that's always a plus value in Academy voting. Borgnine's performance was immensely popular in Hollywood.

Choice: Ernest Borgnine.

BEST ACTRESS—As with the males, it's virtually a match race here. Will it be Anna Magnani or Susan Hayward?

Magnani as the devoted widow of "The Rose Tattoo" was a lesson in energy. Hollywood has seldom seen such a powerful performer. She even heaves a sigh with the strength of a shot putter.

Don't count out Miss Hayward. She did a brave and brilliant job of portraying Lillian Roth's battle against alcoholism in "I'll Cry Tomorrow."

Also in the running are two previous winners, Katharine Hepburn ("Summertime"), and Jennifer Jones ("Love Is a Many-Splendored Thing"), plus Eleanor Parker ("Interrupted Melody").

Choice: Anna Magnani.

BEST PICTURE—"Marty" appears to have made the biggest impact. Hollywood doesn't seem to mind that it was filmed on a quickie budget or that it was lifted from the enemy, television. The

fact remains that "Marty" was remarkably true to life.

"Mister Roberts" was perhaps the most popular film with audiences in 1955 and might win on that account. "The Rose Tattoo" was less satisfying as a movie than as a vehicle for Magnani. Lesser contenders: "Picnic" and "Love Is a Many-Splendored Thing."

Choice: "Marty."

Adventure Films On State Program

Adventure forms the basis of attractions at the State theatre the latter part of the week.

"Manfish," with Victor Jory starred, plays Wednesday and Thursday, and on Friday and Saturday the feature is "Yellowstone" with Lin McCarthy and Stephen Courtleigh.

Jerry Colonna Is Champ Commuter

HOLLYWOOD (AP)—Television's champ commuter is brush-faced Jerry Colonna, who journeys from here to New York each week for his duties as the Super Circus ringmaster.

The long-time sidekick of Bob Hope has finally found a niche for his unique talents. Jerry is capital as the slightly wacky emcee for the Sunday afternoon circus show. His stunts are imitated by the kids and can still be appreciated by adult viewers.

This blessing for his career has one disadvantage: the show is done in New York and Jerry lives here. So he has become one of the airlines' steadiest customers.

teacher, can't face the obvious absorption of the girl and the stranger in each other, the breathlessness with which they dance together. Unable to share their mood, she creates a scene which forces Holden to flee the picnic. Kim follows him into the night, despite his warning that he is no good for her.

Scholars To Honor California U. Prexy

BERKELEY, Calif. (AP)—Some of the world's distinguished scholars and scientists this week are honoring a man who has headed the University of California more than 25 years without ever possessing that basic academic badge, a Ph. D. degree.

Robert Gordon Sproul, businessman-president of the nation's, and perhaps the world's, biggest university simply never found time to acquire one.

Russia Pays Half Of Cost Of Downed Navy Aircraft

WASHINGTON (AP)—The United States disclosed today that Russia has paid \$724,947 as half the cost of a Navy Neptune plane shot down by Soviet fighters over the Bering Sea last June.

Death Takes Fred Allen, Noted Radio-TV Comedian

NEW YORK (AP)—Funeral services will be held tomorrow for Fred Allen, the veteran humorist with the baggy eyes and sharp wit.

FRED ALLEN His sharp wit is stilled

Negoes Go On Trial For Beating

TUSCALOOSA, Ala. (AP)—Two Negro brothers went on trial today charged with beating a University of Alabama student because a Negro coed had been driven from the school.

Missing Plane Search Resumes

MIAMI (AP)—Air search continued today for a private plane that vanished Thursday with five passengers, including three Texans, on a 250-mile flight from Eleuthera Island in the Bahamas to Miami.

Journalism Group Picks Meeting Site

SAN ANTONIO (AP)—The Texas chapter of Sigma Delta Chi, national journalism fraternity, chose Fort Worth yesterday for its next convention. Lee Bond of the Dallas United Press office was elected president.

High Supports Advocates May Make Last Try

WASHINGTON (AP)—Sen. Mundt (R-SD) said today advocates of higher government farm price supports may make one more effort to raise them in the pending omnibus farm bill.

There has been some discussion of adding a gadget that would freeze part of our surpluses in a national security reserve and thus permit higher supports, Mundt said in an interview.

Sen. Humphrey (D-Minn.) has such an amendment pending, but opponents of high-level supports have said they would fight its adoption.

School Election Deadline Near

With four persons already announced for three places, Wednesday is the last day for candidates to enter the Big Spring School Board race.

Passenger Forgot To Read The Book

MIAMI, Fla. (AP)—Left behind by a commercial airline passenger debarking from a Chicago-to-Miami flight last night.

O'Daniel Will Seek Governor's Office

MAJOR BREAKTHROUGH

Energy Drawn From Air To Create 3-Mile Ball Of Light

BALTIMORE (AP)—The Air Research and Development Command reports its scientists have found a way of freeing "chemically stored sunlight" in the earth's atmosphere.

Eventually, the announcement said, the experiments may lead to a means of extracting this stored energy for such uses as the propulsion of rocket ships high in the atmosphere.

Termed the discovery a "major breakthrough," ARDC headquarters here said it took place at the Holloman Air Development Center in New Mexico.

Ike Asks Foreign Aid Of Nearly \$5 Billion

WASHINGTON (AP)—President Eisenhower today asked Congress to vote \$4,859,975,000 for foreign aid, with \$1,640,000,000 in military assistance earmarked for the Middle East and Asia.

Along with his request for a big increase in appropriations, Eisenhower asked for new flexibility in administration of the program.

Pioneer Gail Druggist Dies

LAMESA — David Dorward, 83, pioneer Borden County rancher and druggist, died in a hospital here Sunday.

Malenkov Sees British Atom Plant

LONDON (AP)—Britain opened her top atomic energy research plant to former Soviet Premier Georgi Malenkov today. But she made American correspondents and other newsmen wait outside.

Mutilated Bodies Found In Mexico

CUADRA VICTORIA, Mexico (AP)—Police discovered yesterday the mutilated and unidentified bodies of a man and woman believed to be from the United States.

To Announce Candidacy In Broadcast

FORT WORTH (AP)—W. Lee O'Daniel, former governor and senator, said today he would try to regain the governor's post.

O'Daniel staged one of the biggest upsets in Texas political history in 1938 when he won the Democratic nomination over 12 opponents.

In a radio speech last week O'Daniel asked his friends to write him and let him know if he should make the race.

The Dallas businessman, owner of six insurance companies, told the manager of Radio WBAP today he would announce his candidacy in a 5:15-5:30 p.m. radio speech today.

O'Daniel's entry may pit him against Sen. Price Daniel, who a week ago offered himself as a candidate for governor if enough voters would write him their approval.

Clerics Leave For Leningrad

MOSCOW (AP)—A delegation of visiting American Protestant clergymen left for Leningrad today on the windup of their 10-day visit to the Soviet Union.

The 10 Americans set out after attending midnight Lenten services in Moscow's Russian Orthodox Yelisevskaya cathedral.

Alexei preached a sermon on forgiveness. He did not mention the American visitors. After the service the congregation filed past the visiting clergymen to kiss their hands and thank them for their visit.

Boycott Leaders Called Into Court

MONTGOMERY, Ala. (AP)—Twenty-five Negro ministers and 68 others of their race were called into court today to answer for the prolonged mass Negro boycott of segregated city buses.

But before the trials could proceed, Circuit Judge Eugene Carter had to rule on a defense petition attacking validity of the antiboycotting indictments returned by a grand jury Feb. 21.

Negro attorneys filed pretrial demurrers protesting that the prosecution under a seldom used state law violates the defendant's rights of free speech, freedom of worship and peaceful assembly, and equal protection under the law as guaranteed by the U. S. Constitution.
