## Free blood pressure checks set Tuesday

To celebrate National Heart Month, Plains Memorial Hospital Home Health Agency, a service of the Castro County Hospital District, will be offering free blood pressure checks Tuesday from 11 a.m. to 1 p.m. at First United Bank and First Bank Muleshoe, Dimmitt Branch, according to Vicki Buckley, RN, agency director.

"Each person who has his or her blood pressure checked will be registered to win a free cholesterol screening from the professional laboratory at Plains Memorial Hospital," she said. "We think this is a good way to help our community stay healthy by understanding how blood pressure and cholesterol is linked to heart disease."

High blood pressure and a high cholesterol count are two risk factors that may determine a person's susceptibility to heart disease, Buckley said.

"In both cases, early detection of the problem is essential. Both high blood pressure and high cholesterol can be treated with diet and medication, but the person must discover the problem before treatment can begin," Buckley said. "High blood pressure has no symptoms, so the only way to detect it is to have your blood pressure taken."

Dr. Gary Hardee, a family practice physician, explained that there are several lifestyle choices that may determine whether a person eventually contracts heart disease.

"The leading risk factor for cardiovascular disease is cigarette smoking," he said. "This is one habit that people can control."

He pointed out that overweight is another risk factor for heart disease.

"Carrying more weight than you should makes your heart work too hard," he said. "It's just logical when you think about it that this is dangerous to the health of your heart."

Buckley said that the free blood pressure screening is one more way PMH Home Health Agency can help people learn their blood pressure numbers.

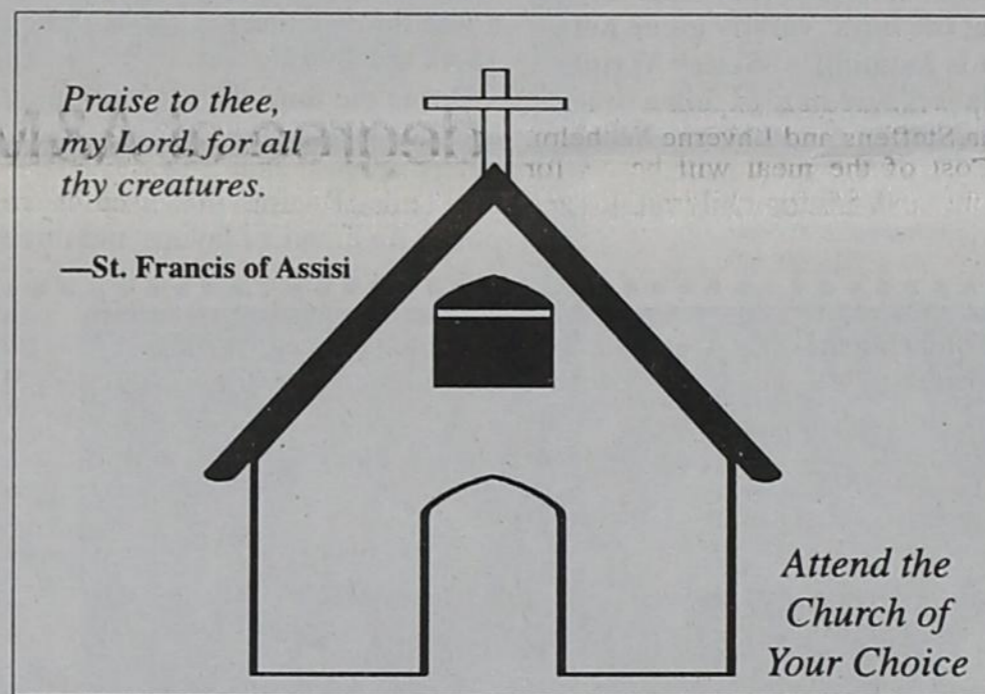

"One blood pressure reading is not necessarily significant," she said. "That's why we offer frequent blood pressure checks throughout the year. And, we especially want to invite the public out on Tuesday in observance of National Heart Month."

## Addition

Four names were left off of the Nazareth Honor Roll listings that were published recently in the *News*. Those that should have been included were: Troy Ramaekers, on the A Honor Roll for the fourth grade; and on the B Honor Roll for the freshmen, Kyla Schacher, Stephanie Thiel, and Jennifer Wilhelm.

## Hornets control boards in 54-35 payback

It was payback time in Cleveland Gym Tuesday night, and the Tulia Hornets collected big-time from the Bobcats.

The Hornets played perhaps their best game of the year in a 54-35 victory to avenge an earlier 54-45 loss to the Bobcats at home.

The tall, smooth Hornets took full advantage of their height as they shut down the Bobcats' inside game and collected most of their points close in, especially on second shots.

Whereas the Bobcats had jumped ahead and stayed ahead in the first game, this time the Hornets put the Bobcats in the hole early and kept them there, giving up only four field goals in the first half.

"You could tell their kids were really focused," Dimmitt Coach Alan Steinle said after the game. "They were certainly a different team tonight than the one we played over there."

6-5 junior wing Mikey Marshall and 6-0 senior guard Charles Sims justified their all-state status as they

scored 20 and 19 points respectively and joined 6-3 post Josh Barrow in completely dominating the boards.

Staying home along the baseline near the basket, Marshall snared no less than 28 rebounds and also blocked three shots.

6-2 senior post J. J. Thomas added 10 points from underneath to the Hornets' total as the tall Tulia lads got many of their baskets off of rebounds.

Senior guard Derek Buckley carried Dimmitt's scoring load in the first half, scoring eight points on three long shots, while the Hornets held 6-1 post Jerry Thomas scoreless in the first quarter and limited him to four free throws in the second.

Thomas got his first field goal three minutes into the second quarter, and finished as the team's high scorer with 14 points, 8 of them from the free-throw line.

Buckley finished with 10, while Daniel Flores contributed 8, Wesley Wright 2 and Jacob Larra 1 for the Bobcats.

Sims set the stage with a game-opening three-pointer, which he followed with a steal and driving layup before Buckley got the Bobcats on the scoreboard with a trey at the 5:40 mark.

Then the determined Hornets, playing a fast perimeter game, ran their advantage to 13-3—all on rebound put-ups and close-in shots—before Flores got Dimmitt's fourth and fifth points from the free-throw line in the final minute of the opening period.

The Bobcats closed to within four points in the second quarter as Buckley scored a trey and a 16-ft. jumper and Thomas collected four free throws from being hammered underneath.

During the second period the Bobcats shut down every Hornet but Marshall, who scored two tip-ins and a free throw to keep Tulia ahead by 18-14 at halftime.

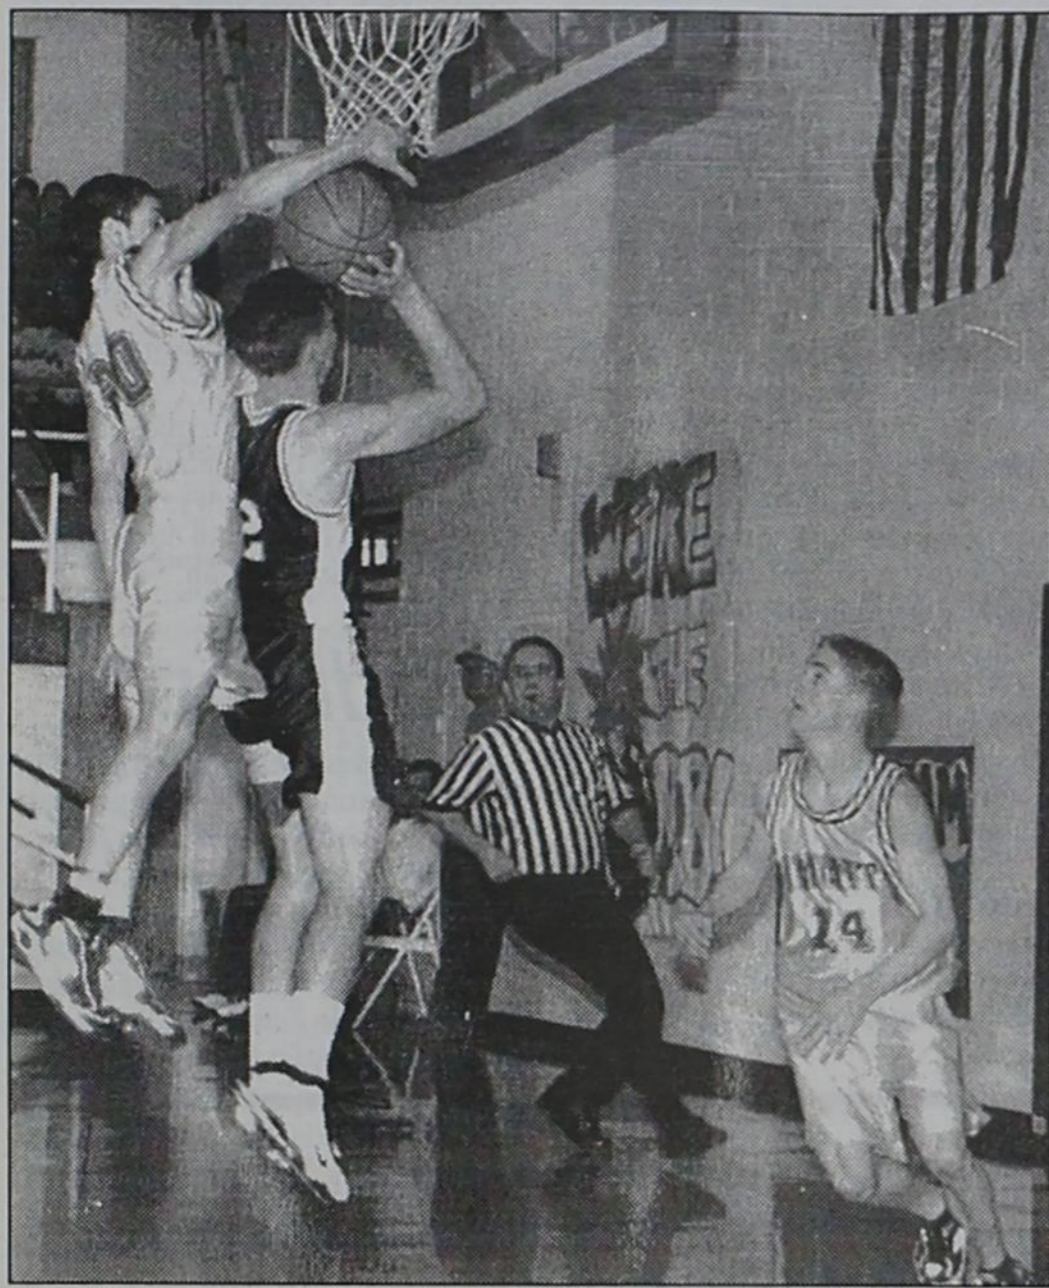

But in the third the roof fell in on the Bobcats as the Hornets' tight, stingy defense shut down everyone but Thomas, who managed seven points on a pair of layups and three

**BREAKING THROUGH**—Dimmitt post forward Tonya Robertson breaks through a double-team en route to the basket in the Bobbies' game against the

**NO, YOU DON'T!**—Dimmitt wingman Daniel Flores (20) leaps high to block a shot by a Dalhart player during the boys' varsity game here Friday night. Following the shot at right is Dimmitt's Wesley Wright (14). Flores scored 12 points from all distances and hauled down seven rebounds while Wright led in floor-play credits as the Bobcats chalked up a 71-50 victory to remain on top of the District 1-AAA race.

free throws. Tulia stretched its lead back to 13 points, 35-22.

And it got worse early in the fourth as the Bobcats watched most of their shots rim out.

After Wright opened the fourth with a mid-court steal and driving layup, the Hornets retaliated with nine straight points to build a 44-24 lead with 5:00 left in the game.

The Bobcats started collecting fouls as they went for steals early in the fourth, and the Hornets responded with an open-court offense that yielded 19 points, all from close in. A six-foot jumper by Sims was Tulia's longest shot of the fourth period.

"They were the better team tonight," Coach Steinle said. "They're bigger than we are anyway, and tonight they played a lot better, and their defense was a lot more active."

"They were at us enough defensively that we just never did get comfortable. It took us some time to attack their defense in some areas that we felt were open."

But he added, "It was a game, not a season. Nothing is settled yet. I think our kids will bounce back."

The game left the two teams tied for the District 1-AAA lead with 4-1 records.

### ★ Bobbies 57, Tulia 37

The Bobbies glided to an easy win over Tulia Tuesday night in a game that wasn't as close as the score indicated.

Dimmitt built a huge 54-22 lead in

three quarters before settling for three points and giving up 15 in the fourth.

Leading the scoring parade for the Bobbies were Tonya Robertson with 13 points and Carol Summers and Heather Wise with 12 apiece.

The ball-hawking Bobbies got four of their first five baskets on fast-break layups by Summers, Robertson and Stephanie Hinojosa, and never looked back as they built their lead to 17-8 in the first period and 35-18 by halftime.

Dimmitt forced 27 Tulia turnovers. Sheila Hawthorne with 11 points was Tulia's only scorer in double figures.

"I didn't think we moved well enough when we played them over there," Dimmitt Coach Chris Edwards said. "I wanted us to put more defensive pressure on, and we were able to do that. The main thing was to keep our kids focused."

The win kept the Bobbies unbeaten in district play (6-0) and extended their season record to 16-9.

### Naz tops Vega, 76-48

## Swift shooters burn up the nets in second half

The Nazareth Swifts couldn't miss in the third quarter Tuesday night, shooting 75% from the field to blow their District 8-A game with Vega wide open enroute to a 76-48 win.

Nazareth was 50% from the field for the game, thanks to a 67% performance over the second half.

The Swifts didn't start the game on fire, but once a spark caught, the Swifts fully engulfed the host Longhorns in a matter of seconds.

After taking a 12-4 lead with just over four minutes expired in the game, Nazareth turned cold, allowing Vega to reel off 10 points over the rest of the stanza while picking up just a free throw themselves.

A three-pointer at the buzzer gave Vega a 14-13 edge after one.

But a spark caught early in the second—after Vega went up by three, 16-13. Nazareth reeled off the game's next 16 points to take a 29-16 lead and they never looked back.

By halftime Nazareth was up by 17, 37-20, then came the explosive third quarter. The Swifts made 12-of-16 shots from the field during the quarter for a 63-31 lead, then held off the Longhorns down the stretch for the win.

Nazareth' leading scorer was Kade Wilcox, who finished with a game-high 23 points, 15 of which came from his five three pointers. Ky Wilcox tallied 16 and Mitchell Brockman chipped in 12 for the Swifts.

Nazareth improved to 5-0 in district with the win.

**Good Luck,**

# Rea sinks Swiftettes from three-point land

Cami Rea had eight three-pointers, including the game winner with 1:26 left in the game Tuesday night, lifting the No. 10-ranked Vega Lady Horns to a 50-47 win over Nazareth in Vega.

The win left Vega sitting in the cat bird's seat in District 8-A with a perfect 5-0 mark while Nazareth dropped to 2-3. The Swiftettes are battling for their lives in the district race with just three games to go. The Swiftettes must win their remaining three games over Sudan, Hart and Springlake-Earth, and have to have a little bit from other teams to get out

of district this year.

The Nazareth-Vega game was a see-saw battle from the opening tip. The lead changed hands 13 times and was tied on four different occasions during the game, including a 47-47 stalemate before Rea's three at the end of the game.

Nazareth led by as many as five early in the second quarter, but couldn't hold on. Vega's biggest lead was four early in the fourth quarter.

Rea was the game's leading scorer with 24 points. Nazareth's Shawna Gerber finished with 17 to lead the Swiftettes while Cassie Birkenfeld

added 10.

Nazareth was 17-of-40 from the field and didn't count a single three-pointer among the goals. The Swiftettes made 13-of-16 shots from the free throw line. Vega hit 20-of-46 attempts from the field, including Rea's eight treys. The Lady Horns were 2-of-7 from the line.

Nazareth took the early lead on a steal and layup by Gerber, but Vega quickly tied it at 2. After a couple of free throws by Gerber gave Nazareth a 4-2 lead, Rea buried the first of her threes for a 5-4 Vega lead. She kept

Vega in the lead with another trey less than a minute later, but Nazareth tied it at 8 on a jumper by Birkenfeld.

Kimberly May answered a pair of Gerber free throws, scoring on an inbounds lob to give Vega a 13-10 edge. But Nazareth outscored their hosts 6-2 over the final 1:32 for a 16-15 first-quarter lead.

Stephanie Thiel scored off of a penetration, then Sara Schulte added an offensive put-back for a 20-15 Swiftette lead with 5:45 left.

That's when Rea went to work. A three narrowed it to a bucket with 5:17 left, then another with 2:46 left broke a long scoring drought and gave the Lady Horns a 21-20 lead.

Rea's two treys started a 12-4 Vega run in the second that gave the Lady Horns a 27-24 halftime lead.

Birkenfeld and Thiel each picked up baskets early in the third to give Nazareth a lead again, 28-27, but back-to-back baskets by May had the Lady Horns up by three midway through the quarter.

Nazareth took a one-point lead again after shots by Schulte and Birkenfeld, then it was Rea time again, and just like that, Vega was up by two, 34-32.

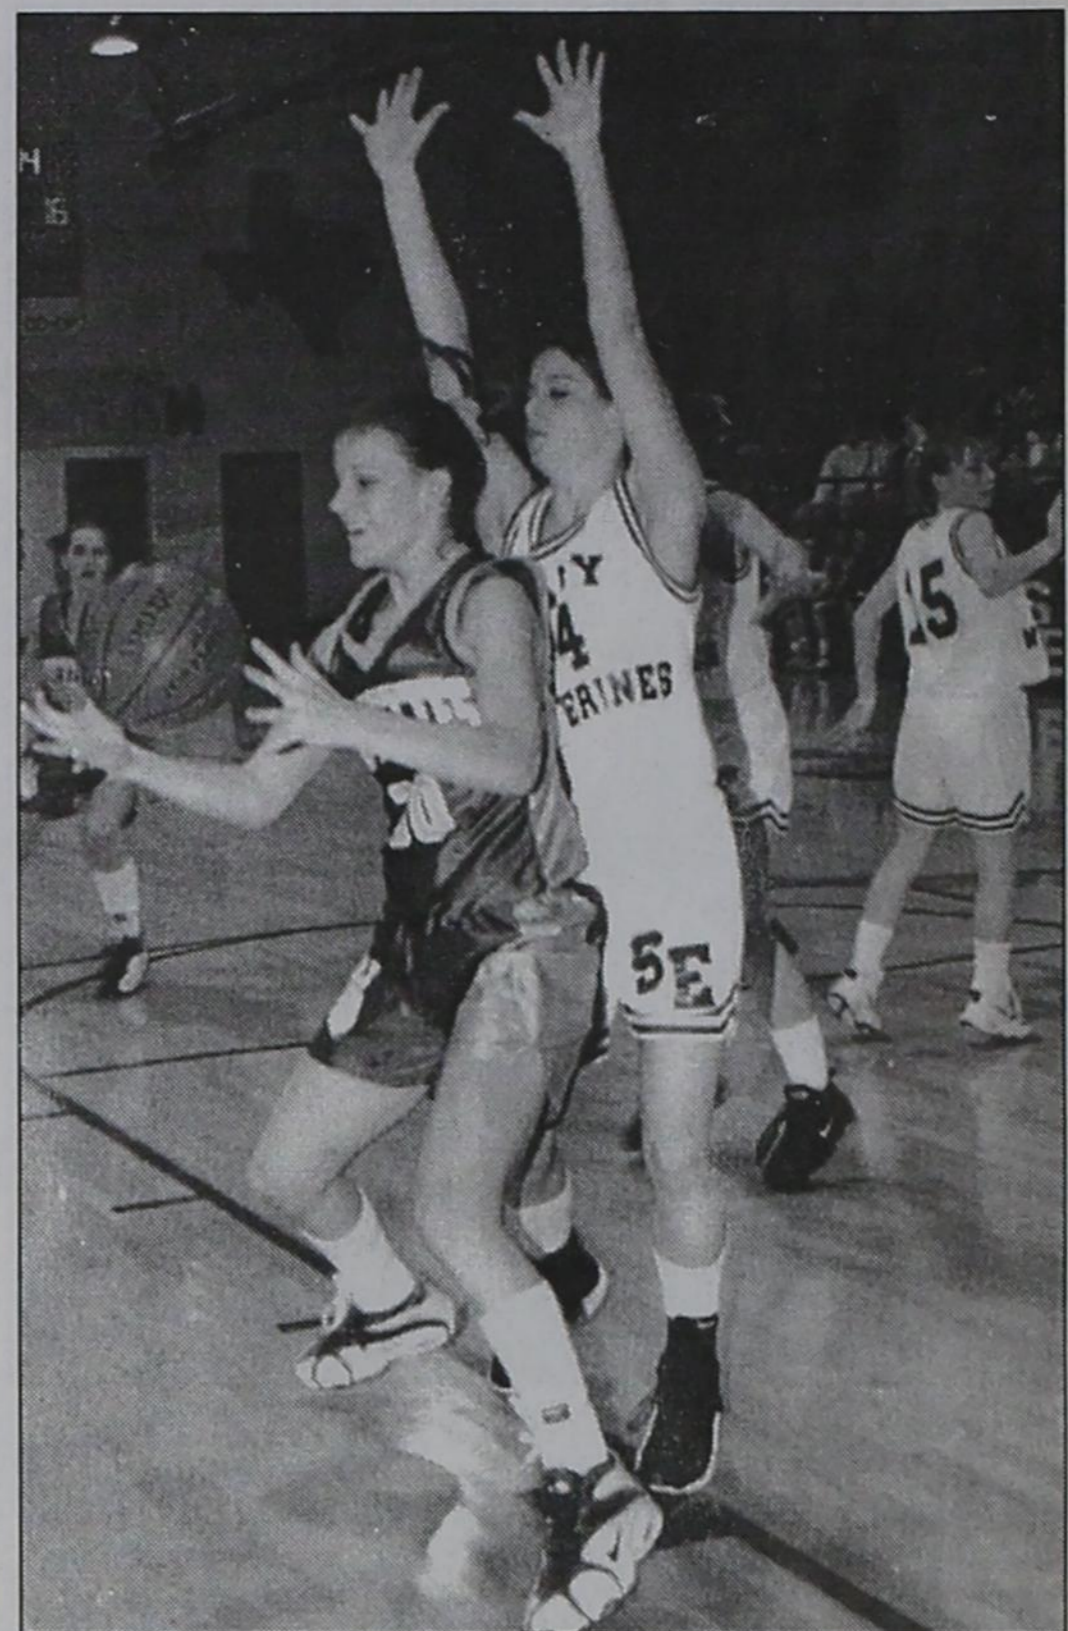

After Gerber scored on a fast-break layup, Rea connected again, giving Vega a 37-34 lead after the third.

Nazareth stayed within one early in the fourth until Rea hit three No. 7 with 5:53 left for a 42-38 Vega lead.

A hoop by Whitney Hoelting and free throw by Jayme Schmucker pulled Nazareth within one. Then the Swiftettes converted a Lesley Brockman steal into a Gerber layup and free throw off of a fast-break, giving Nazareth a 44-42 edge with 3:45 left in the game.

Nazareth was able to maintain that two-point lead at the 2:29 mark, thanks to a layup and free throw by Thiel, but Vega would tie the game at 47 with 1:54 left on a baseline drive and layup.

A Gerber charge gave Vega possession seconds later and Rea canned a long three off the dribble to give her team a 50-47 lead at the 1:26 mark and that would hold down the stretch.

WHITNEY HOELTING takes a pass from a teammate and prepares to make a move against Springlake-Earth's Heather Lewis (14) Friday in a District 8-A game at Springlake-Earth. The Lady Wolverines overcame an 11-8 first-quarter deficit to take a 19-16 lead at halftime, but the second half belonged to Nazareth. The Swiftettes held Springlake to 10 second-half points while reeling off 28 for a 44-29 win.

Daryl Pohlmeier (32) and Cameron McLain (40) and Springlake's Furr (25) and Mikey Monreal (40). Nazareth handed Springlake a 55-41 loss Friday to sweep the first half of district play with a 4-0 mark.

## Naz teams use big runs to control S-E

By JILL SCHULTE

Both Nazareth basketball teams racked up victories Friday at Springlake-Earth, bringing the Swifts to 4-0 and the Swiftettes to 2-2 in District 8-A play.

The Swifts' balanced scoring attack earned them a 55-41 win, while the Swiftettes' third-quarter surge propelled them to a 44-29 victory.

Paced by Kade Wilcox's 13 points, Stanton Wethington's 10 points and Ky Wilcox's 9 points, the Swifts led the Wolverines the entire game.

"In the first half we executed well," Nazareth Coach Mike Scarbrough said. "We got the shots where we wanted them and played pretty good overall defense. The second half we came out a little less focused, but had a good stretch in the fourth quarter. We just need to develop a little more consistency."

Nazareth jumped to a 20-10 first-quarter lead. Then the Swifts took total control of the game in the second stanza, outscoring the Wolverines 16-3.

The Wolverines didn't pick up a single field goal during the period and were a poor 3-of-8 from the charity stripe.

Even though the Wolverines topped the Swifts 14-9 and 14-10 in the third and fourth quarters, respectively, Nazareth's second-quarter run assured the win.

Rounding out the scoring for the Swifts were Matt Olvera, 6 points; Matty McLain, 5 points; and Daryl Pohlmeier and Mitchell Brockman, 4 points apiece.

The Wolverines' leading scorer was Buck Angeley, who finished

with 12. Quade Furr finished with 10, nine of which came in the third quarter.

The Swifts made five three-pointers in the game, with Kade Wilcox accounting for three. The Swifts were accurate from the free throw line, sinking 8-of-10 attempts.

In the third quarter of the girls' game, the Swiftettes rebounded from a 19-16 halftime deficit, forcing several Springlake-Earth turnovers and outscoring the Lady Wolverines 16-3 in the stanza.

Sinking 9-of-11 free throws and three field goals in the final stanza enabled Nazareth to pull away for the decisive win.

Nazareth had been up 11-8 after the first period, but allowed Springlake-Earth to steal the momentum and the lead in the second period, 19-16.

"I think we played well in the second half," Nazareth Coach Johnny Hampton said. "We got into a 2-3 zone that shut down their offense, and we outscored them 28-10 in the second half."

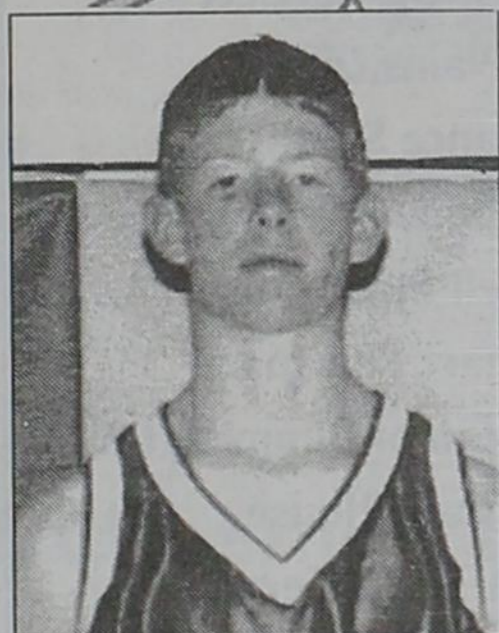

Leading the Swiftettes offensively were Shawna Gerber with 17 points and Cassie Birkenfeld with 8. Whitney Hoelting added 5 points while Jayme Schmucker, Stephanie Thiel and Sara Schulte contributed 4 points each. Mandy Hoelting hit one field goal.

Gerber was held to five points in the first half, but she exploded in the second half with 12 points to spark Nazareth.

Jessica Johnson paced the Lady Wolverines with 8 points.

# TCGA sets annual meeting for Feb. 26

Carl King, president of the Texas Corn Growers Association, has announced that the group's 26th annual meeting will be held Feb. 26 in Dimmitt at the County Expo Building.

Featured speakers will include Larry Mitchell of the USDA Farm Service Agency in Washington, D.C.; David Senter, a consultant for the American Corn Growers and TCGA; and Keith Dittrich of Nebraska, president of American Corn Growers.

Mitchell has been invited to speak on the "Freedom to Farm" bill and its disastrous consequences to farmers. He also may address the low

loan rate, reduced exports, and crop insurance. Senter will address the farm bill, deficiency and disaster payments, and concentration in agriculture. Dittrich will speak on the central concerns of the ACG.

King said that invitations have been issued to Pete Laney, Speaker of the Texas House of Representatives, and US Representatives Larry Combest and Mac Thornberry.

Registration for the event will start at 8 a.m., with sessions slated to begin at 9 a.m. The Expo building is located at 403 SE Fourth in Dimmitt. There is no registration charge and a luncheon is included. The meal is

sponsored by the TCGA and prepared by local members of W.I.F.E. (Women Involved in Farm Economics). The menu will include brisket, potato casserole, beans, cole slaw, rolls, tea, and chocolate cake.

In addition, credit for 2½ Continuing Education Units will be offered for those who attend the Extension

herbicides, and herbicide tolerance; Harold Kaufman of Lubbock, Extension plant pathologist—corn smut and other diseases; Leon New of Amarillo, Extension irrigation specialist—irrigation and chemigation

technology; Pat Porter of Lubbock, Extension entomologist—corn borers and spider mites; and Johnna Patterson, IPM Agent for Castro and Lamb counties—scouting update and closing.

## Laney re-elected to Speaker's post

State Rep. James E. "Pete" Laney (D-Hale Center) was unanimously re-elected as Speaker of the Texas House of Representatives by the members of the House on Jan. 12.

Laney, 55, has served as Speaker of the House since 1993. He represents Texas House District 85, which includes Bailey, Briscoe, Castro, Cochran, Crosby, Dickens, Floyd, Hale, Lamb, Motley, Parmer and Swisher counties.

In his address to the House, Laney said the legislature should continue the kind of responsible budget management that has produced a record budget surplus for the state government.

"There is no question that our remarkable economic growth in recent years has increased state revenues. But that does not tell the entire story of our state's progress from budget shortfalls to budget surplus," Laney said. "We have managed wisely. Above all, we have exercised fiscal restraint."

Laney noted that the budget surplus should be used to set the course for a secure and prosperous future by investing in public education.

"We must invest in education in ways that will help develop the tremendous potential of every child in Texas," Laney said.

Laney said his other priorities for the session include making further

progress on health care for children, addressing the dramatic increase in child abuse in Texas, assisting the economically depressed agriculture and oil production industries, and reforming campaign finance laws.

Laney lives in Hale Center in the cotton-growing region where his family has farmed for four generations. He holds a bachelor of science degree in agricultural economics from Texas Tech University.

He and his wife, the former Nelda McQuien, have three children: daughter KaLyn Laney, who is a governmental relations director of the Texas State Bar; daughter Jamey Lynn Phillips, a Lubbock attorney; and son, J. Pete Laney, a Hale Center farmer.

Laney has received many awards and honors, including being chosen the 1998 man of the Year in Service to Texas Agriculture by *Progressive Farmer* magazine. He also has been named Texan of the Year by the Texas Legislative Conference and a Texas Tech University distinguished alumnus. He was awarded an honorary Doctor of Law degree from Wayland Baptist University. He has received the Outstanding Texas Leader Award from the John Ben Shepperd Public Leadership Forum and the 1995 Headliners Leadership Award.

#### Great Hidden Truths—Words of Wisdom XXI

Don Taylor

By DON TAYLOR

I found them! There they were between the pages just waiting to be discovered. Yes, these great truths were hidden in books.

None of these words of wisdom were the central theme of the book. None were book titles when I found them. They were little gems, filler, footnotes or throwaway quotes used to make a point or balance a page.

I'll recycle them now for your use. They are hidden on the bookshelf no longer. They are now yours to use, share and ponder. I hope you enjoy them.

#### Concepts worth keeping

- The best day of your life is today.
- If you and I exchange dollars, we have one dollar still. If we exchange ideas we are both one idea richer.
- A little experience will buy a lot of theory.
- If you haven't decided where you wish to go, any road will take you there.
- Your mouth is your most valuable marketing tool.
- Three ways to add authority to your professional appearance. 1. Wear dark colors, 2. Avoid "far out" fashions and 3. Wear quality shoes and keep them shined.
- Make it easy for customers to do business with you.
- It is easier to live with your own poverty if your neighbor isn't too prosperous.
- A thoroughly wise man knows how to play the fool on occasion.
- I wish my grandfather had been a miser.
- Customers and kids have this in common: They both need education.
- Ten words that will change your life: If it is to be, it is up to me.
- It is easier to break a bad habit if you replace it with a good one.
- FEAR is False Education Appearing Real.
- LUCK is Laboring Under Correct Knowledge.
- There are two fools in each market: One charges too little, the other charges too much.
- People never forget folks who help them up when they're down, and people who don't.
- You'll never see a success who was a slow learner.
- The best idea in the world won't work if you don't.
- Money isn't the root of all evil, but it is a pretty fair measurement of services rendered.
- Regarding the restroom door: Incoming traffic has the right-of-way.
- It's pretty hard to learn about your customers' needs and wants if you're focused on what your competitors are doing.
- Now is a much more powerful word than later. Today is stronger than tomorrow. There is much to do, but so little time.
- On a gravestone: Even the undertaker was saddened by his passing.
- Courtesy is cheap. It costs nothing, but conveys much. It blesses both the giver and receiver. Courtesy has great value. Your own courtesy is your best protection against the ill manners of others.
- When you invest your time and effort in helping others who are less fortunate than yourself, no recession or depression can diminish your returns.
- When faced with a difficult challenge, it is your attitude that determines the outcome.
- Love is what causes two people to sit together on a small couch when there are two large, comfortable chairs in the room.
- Even though it costs more to live today, it's still quite popular.

## Buyers' clubs seeking donations for stock show

The Castro County Junior Livestock Show is just around the corner and that means representatives from the buyers' clubs in Dimmitt, Hart and Nazareth will be asking for donations.

The buyers' clubs can help guarantee that a youngster from their community gets a premium bid for his or her animal when it makes the sale.

But these clubs operate on donations from the public, and one of the reasons the local sale is always successful is because individuals and businesses give generously to the clubs.

Dimmitt, Hart and Nazareth Buyers' Clubs provide many of the premium bids in the sale. Sometimes one of the buyers' clubs purchases a grand or reserve champion. Often during the auction, a club will make the initial bid on the animal, especially if the auctioneers seem to have a hard time finding that first bidder.

But the buyers' clubs can't operate without money and the money the clubs bid with comes from donations.

Donating to a buyers' club is ideal for a person who wants to participate

but who doesn't want to buy an animal. Contributions to buyers' clubs may be made before, during or after the show. Each club has its own table set up at the Expo Building during the show and sale.

If you want to donate to one of the clubs but haven't been contacted, you can either stop by the club's table at the Expo or contact one of the following individuals:

**Dimmitt Buyers' Club:** Greg Odom, Scott Morris, Bob Anthony, Becky Stovall, Chaun Gunstream at First Bank of Muleshoe-Dimmitt Branch or at the First United Bank of Dimmitt.

## Cotton Talks

With the new session of the Texas Legislature getting underway, Plains Cotton Growers is heading to Austin to begin working on the organization's priority issues.

At the top of Plains Cotton Growers' (PCG) list is securing cost-share funding for boll weevil eradication programs in the state.

PCG representatives Don Langston of Lubbock, Ronnie Hopper of Petersburg, Mark William of Farwell and Steve Verett of Lubbock will be in Austin Jan. 26-27 to participate in "Lubbock Day" activities sponsored by the Lubbock Chamber of Commerce. As a member of the Lubbock Chamber of Commerce PCG is providing input and leadership for a number of agriculture initiatives.

PCG's first round of Austin visits will include meetings with Lt. Gov. Rick Perry, Texas Ag Commissioner Susan Combs, House Speaker Pete Laney, Sen. Robert Duncan and the rest of the High Plains legislative delegation. In addition to boll weevil eradication, PCG officials also will be discussing issues including trade, regulatory relief and tax relief for producers and ag-related businesses.

PCG representatives are also scheduled to be back in Austin March 2 to participate in "Cotton Day" activities sponsored by the Texas Cotton Producers organization and the Texas Cotton Ginners' Association.

PCG's efforts are not limited to the State Capitol in Austin. PCG is currently taking the lead role nationally in development of alternatives to the current Federal Crop Insurance program and revitalization of the Step 2 portion of the Three-Step Cotton Competitiveness Division.

The Consumer Product Safety Commission approved final technical changes to the sizing specifications of the amended Children's Sleepwear Flammability Standard.

The changes revising the sizing specifications were the result of a five-year study by the Consumer

Product Safety Commission.

The Children's Sleepwear Flammability Standard was amended, effective January 1997, to allow the use of "tight fitting" untreated cotton sleepwear and cotton sleepwear for infants nine months and younger.

The Consumer Product Safety Commission also clarified enforcement policy to allow sale of exempted infant garments and tight fitting garments alongside other complying flame-retardant sleepwear.

Technical amendments to the standard were published in the January 18 Federal Register and will become effective in 30 days.

## Factors that contribute to living a long life

By **RON TRUSLER**, Executive Director, Central Plains Center  
It seems that, as a whole, we are living longer lives. Some who have experienced longer living have attributed it to at least five factors. You could probably add some to this list. **1. Optimism.** A positive attitude is far healthier than a negative one. Positive thoughts and attitudes add energy and peace to life. **2. Commitment to something.** Having a purpose for living adds much to our life. The purpose may not be a big one, but if it is meaningful to us personally, it will help us be healthier. **3. Ability to cope with loss.** Loss is something every one of us faces. Some people seem to face more of it than others. There is a natural

grieving process we go through even over small losses. How long the grief lasts depends a lot on our perception and our ability to go on with our lives regardless of the pain. **4. Sense of humor.** It seems that those who have the ability to laugh at themselves or not take some mistakes so seriously have a great amount of strength and longevity. Having a sense of humor does not mean a person is not dedicated or serious about responsibility or commitment. It does mean they do not whip up on themselves every time something goes wrong. **5. Activity.** Being busy just for the sake of being busy is not always the best. Meaningful activity has to do with finding pleasure and purpose in what you do. Being active with things that help make a difference in the lives of others and the community are activities that reap the most benefit. Ron Trusler is executive director of Central Plains MHMRSA. ## Lady Horns fall Longhorns top S-E in the fourth quarter

The Springlake-Earth girls used a big third quarter to win their first district game of the season Tuesday night, downing the Hart Lady Horns, 60-54, while the Longhorns enjoyed a similar run enroute to a 49-41 win over the Wolverines.

The Hart girls fell behind 15-11 in the first quarter, but came back in the second, outscoring Springlake-Earth for a 30-28 halftime lead. The Lady Wolverines got those points back plus some in the third, going on a 16-8 run in the stanza to take a lead that would stand up through the fourth quarter for the six-point win. Hart was paced by Veronica Gonzales, who finished with 18 points. Geneva Finch finished with 17 and Angelica Perales tallied 11 for the Lady Horns.

The boys' game was a slow-

starter, with the Wolverines managing just two points over the first eight minutes. Hart didn't fare much better on offense, but still held a lead, 5-2, at the end of the period. Hart sharpened its edge in the second, gaining another two on the Wolverines to lead 18-13 at halftime. Springlake-Earth would come back in the third quarter to tie the game at 28, but that was as close as they would get to Hart. The Longhorns finally found their mark in the fourth quarter and outscored Springlake-Earth 21-13 to pull off the win. Leading scorers for Hart were Jeremiah Velasquez, who finished with 19; and Keith Finch, who had 14.

## Bobbies face biggest test Friday night at Perryton

Dimmitt's Bobbies can practically put themselves into the District 1-AAA throne room with a second victory over the tall, tough Perryton Lady Rangers Friday night.

There are just a couple of aggravating problems:

1. The game will be at Perryton—the longest road game of the year—and the tiring distance of the trip could be a factor.

2. The Lady Rangers, the original favorites for the 1-AAA title, are still miffed about their 58-48 loss to the Bobbies here three weeks ago.

"By far, this will be our biggest district game," Dimmitt Coach Chris Edwards said. I feel like we're playing for the district championship."

But he added that he expects Friday night's shootout on the North Plains to be the Bobbies' toughest test also.

"First, we've struggled on the road this year," Edwards said. "Second, we're playing at their place, and it's such a long drive. Third, they're a good ball club—a real good ball club. They want to prove to us on their home court that they can beat us."

"Of course, we've still got three games left after this one, and we don't want our kids looking too far down the road," he said. "But we need to go and win this one on the road. We need to take care of business and let everyone else worry about the mathematics of it."

The Bobcats need a win, too, in their first meeting with the Rangers, who are 6-17 on the season and 2-3 in district play.

"When you start comparing records and scores, they can fool you," Steine said. "For instance, Dalhart stayed with us for a good while, and Perryton handled Dalhart pretty well."

He added, "They've got some good players—Jordan Bailey, Mark McLarty, Cory Dear and some others—and I'm sure that they feel like when they play us up there at their place, they've got an opportunity to beat us."

"And a lot of teams, if they win very few games but beat Dimmitt, they feel like they've accomplished something."

## NCE reports earnings

New Century Energies (NYSE: NCE) has reported higher year-end and fourth-quarter earnings compared with the same periods in 1997.

NCE is the parent company of Public Service Co. of Colorado and Southwestern Public Service Co., which merged in August of 1997.

For the 12 months ending Dec. 31, 1998, NCE reported net income of \$342 million or \$3.06 basic earnings per share (\$3.05 diluted earnings per share) on revenues of \$3.6 billion. Diluted earnings per share includes the dilutive effect of outstanding common stock options which, if exercised, would impact the reported earnings.

For the same period in 1997, net income was \$261.5 million (excluding a one-time extraordinary charge of \$110.6 million due to the United Kingdom windfall tax on Yorkshire Electricity—a 50% owned investment), or \$2.50 basic and diluted earnings per share on revenues of \$3.3 billion. Including the extraordinary item, 1997 earnings were \$1.44 basic and diluted earnings per share.

The increase in the current year's earnings was primarily attributed to increased electricity sales during the hot summer months coupled with continued strong customer growth in Colorado. Improved earning from NCE's investment in Yorkshire Electricity, which was acquired in April 1997, also contributed positively to the higher 1998 earnings.

For the fourth quarter of the year, which ended Dec. 31, 1998, NCE reported net income of \$108.4 million, or 96¢ basic earnings per share (95¢ diluted earnings per share) on revenues of \$895.9 million. For the same period in 1997, net income was \$85.9 million, or 82¢ basic and diluted earnings per share on revenues of \$883.9 million.

While the 1998 fourth-quarter results were negatively impacted by warmer than normal weather, which served to depress natural gas sales, this was more than offset by a gain recognized in connection with the sale of generating assets at Yorkshire Electricity in the U.K. and to increased electricity sales in US operations.

mestic violence incidents in the City of Dimmitt have declined.

The county does have several programs available that are geared toward the problems identified.

Schools and other agencies in the county have held special event days geared toward alcohol and drug education and prevention. Drug testing programs have been implemented at Hart Independent School District to help identify at-risk youth and hopefully prevent their substance use from continuing.

The Dimmitt and Hart schools

have adopted Peer Assistance Leadership training (PALs) in an effort to curb juvenile crime, and Dimmitt established a Teen Court during the past year.

The 4-H Club, Kids, Inc., Boy Scouts and church youth groups have developed programs to help keep youngsters involved in their community.

Catholic Family Services is hoping to obtain a grant in the near future that would enable it to develop programs for underprivileged children during the summer.

While there are several boards and groups geared toward helping families cope with problems, there is still a need for a local victim's assistance program in the county, and plans for that project are underway. So far, nine individuals have applied as volunteers for the program, but others are needed, and Delbert Morris, Castro County's Crime Victim Assistance Coordinator, said he's working on establishing a training program for those volunteers.

Victims of family violence currently have several agencies to which they can turn for help including the Child Protective Services Board, Child Protective Services, the Hale County Crisis Center and Hereford Crisis Center.
