Clerks Clear Color Confusion

Mrs. Luther Bean and Mrs. Oliver Cofer, election clerks, guide a voter through the complications of voting "in color" at today's school bond and tax rate election. A battery of about 20 clerks and assistants is helping Judge Lawrence Robinson conduct the election. The vote on adoption of a new school financing law requires two special ballots — one pink and the other blue — because Texas legislators got confused in declaring who is entitled to vote on the proposition. Six ballot and stub boxes are necessary. At stake in the election, along with adoption of the new law, is a \$900,000 school bond proposal. About 190 votes had been cast as noon.

### COOL FRONT

## Drenching Rains Move In On South, East Texas Areas

By The Associated Press  
Drenching rains moved in on South Central and lower East Texas Tuesday — a gift from a cool front pushing steadily toward the Gulf of Mexico.  
"There should be quite a bit of rain today below the front," the Weather Bureau said.  
Shortly before noon, the front — which churned up hail, wind and rain storms in sections of upper and West Texas Monday — stretched from just south of Lufkin to San Antonio to Del Rio.  
At least one small tornado swirled out of black rain clouds, doing minor damage Monday night in the northeast corner of Tom Green County.  
San Angelo had a 3.6-inch downpour, and half the size of baseballs pounded Highway 87 north of the West Texas city.  
The twister struck on the E. W. Hardgrave farm, four miles south of Miles. It raced over a hilltop near the home and destroyed 24 turkey shelters and toppled a water tank.  
About 60 miles south of San Angelo, the Monday night rain measured up to 4.60 inches. North Concho Lake picked up almost 3,000-acre feet of runoff—the first rise of any consequence in a year.  
Late Tuesday morning, San Antonio and Lufkin had thunderstorms. Showers played in the central Texas area around Austin and light rain fell at College Station.  
The Weather Bureau said: shower activity, with some locally heavy, is likely throughout south, South Central and lower East Texas.  
Temperatures were pleasantly cool behind the cool front, and unpleasantly warm ahead of it.  
Overnight temperatures dropped to as low as 40 degrees at Dalhart and Miami in the Texas Panhandle, and to 41 at Amarillo. The highest minimum was Corpus Christi's 61.  
Heavy hail and driving rainstorms lashed a wide belt across Texas late Monday and early Tuesday as a cool front inched its way across the state.  
The heaviest rainfall reported was in the San Angelo area where 3.6 inches fell. The storm had high winds and hailstones as big as baseballs on Highway 87 north of San Angelo.  
Hail damaged windows at Paint Rock where 1.5 inches of rain fell. The front prompted the Weather Bureau to issue severe thunderstorm warnings with possible tornadoes Monday night. By morning the intensity of the storms along the front were diminishing.  
After a lull, the cool front extended from Texarkana southwest to Austin and Junction. Skies generally were fair in the Panhandle, South Plains and El Paso areas. North Texas was clearing but clouds prevailed in Central, East and South Texas.  
Rainfalls included Wichita Falls with .69 inch, Sherman .56, Texarkana .39, Dallas .15, Worth .09, Waco and Mineral Wells .07.

## Democrat Committee Fixes Filing Fees For Candidates

Candidates for public office were given some good news by the County Democratic Committee Monday afternoon.  
A check of the records showed that published estimates of the costs of the two primary elections had been erroneous. Actual expenses involved will be only half of what was announced. As a result, the "ante" that each candidate must make toward the expenses will be less than half what was expected.  
J. W. Purser, county Democratic chairman, said the incorrect estimate announced last week was due to an oversight. Instead of the primaries costing \$5,500 as said, the actual figure is \$2,265.  
The county committee Monday afternoon apportioned the costs to the candidates.  
They are:  
District attorney, \$60; Sheriff, \$150; Constable, place 1, \$55; Constable, place 2, \$50; Commissioners, \$105; County Attorney, \$150; Tax Collector, \$150; Justice of the Peace, \$80.  
Candidates were advised by Purser that checks for their pro rata share of the primary costs must be in his hands by 5 p.m. Saturday.  
Purser was ill and unable to attend the committee meeting.  
The group elected Lawrence Robinson permanent chairman and E. L. Powell permanent secretary.  
Attendance at the committee meeting was described as relatively light.

# Russia Challenges West To Follow With Arms Cut

MOSCOW (AP)—Russia has told the world it will cut its armed forces by 1,200,000 men within the next year and challenged the Big Three Western Powers to follow the Soviet example.  
The Soviet Union announced the trimming would involve 63 army divisions and three air divisions. It said the manpower would be diverted to industry and agriculture.  
In addition, Russia said it would put 375 warships in mothballs and disband a number of military training schools. But Foreign Ministry press chief Leonid F. Ilyich, who made the announcement, would not say how many men would be left in uniform after the cut.  
The new cut apparently would bring the Soviet armed forces about to a level with those of the United States. The best figures available to the West credited the Soviet military with 4 1/2 million men in 1955. Since then, it has reported 640,000 men demobilized. As of March 1, the United States had 2,850,000 in its armed forces.  
(In Washington, a White House spokesman said the Soviet move would have more significance if the Russians had been more cooperative at the London disarmament talks. The State Department viewed the move as a switch from military to economic methods of seeking world domination. Officials said there would be no matching reductions in U.S. military manpower.)  
The Moscow announcement had been anticipated in Western capitals since the breakup of the London disarmament conference 11 days ago.  
"By undertaking these new reductions the Soviet government is striving to contribute to the practical carrying out of the disarmament program now under consideration in the United Nations," the announcement said.  
"Other governments such as those of the United States, Britain and France wishing to contribute to the strengthening of peace cannot but follow this example."  
"The Soviet government would be ready to consider the question of a further reduction in case the United States, Britain and France carry out a proportionate reduction in their armed forces and armament," the statement continued, adding:  
"The Soviet Union believes that carrying out such measures would be a way of achieving disarmament and would establish real premises for the prohibition of atomic and nuclear weapons."  
The Kremlin statement said that the program shows the Soviet Union "is a sincere and constant champion of peace and . . . relaxation of international tension."  
The new demobilization program offers the Soviet Union twin benefits of relieving its tremendous manpower shortage in agriculture and industry and bringing heavy pressure on the Western Powers to reduce their armed forces.  
Russia has announced its goal of overtaking the U. S. industrial potential within the next 10 to 15 years. Such a program will require all the manpower it can muster. Furthermore, Soviet agriculture has suffered severely from the drain of peasant youth into the armed forces.  
The military cut also bolsters the Soviet propaganda drive for peaceful coexistence and carries a broad appeal to European socialists in line with the new Moscow campaign for "unity on the left," political coalitions of Socialist and Communist parties outside the Soviet bloc.  
The reduction undoubtedly stems also from the new widespread belief that advances in thermonuclear warfare have made large, standing armies an unnecessary luxury.

## Primary Draws Little Interest In Nebraska

OMAHA (AP)—Pleasant weather was scant encouragement to Nebraska voters who showed little early interest today in the primary election.  
President Eisenhower on the Republican side, and Sen. Estes Kefauver on the Democratic, headed the ballot as unopposed presidential preference candidates. There were few other ballot choices apt to spur much voter interest.  
Party lines could be crossed only in the smaller cities and rural areas. In the 13 cities of 7,000 or more—embracing about two-fifths of the state's population—advance registration by party was required and no switching was allowed at the polls.  
Nebraska was being watched for any signs of dissatisfaction with administration farm policies.  
If a rural rebellion existed, it could show itself in a switch from Republican to Democratic ballots where voters had a free choice. But even state Democratic leaders said they expected no such a display.  
Republican ballots outnumbered Democratic ballots about 2:1 in the last two Nebraska primaries. Eisenhower was a 69-31 percentage choice over Adlai Stevenson in the 1952 general election.  
In addition to indicating presidential preferences, voters selected 15 congressional and 12 state delegate delegates to national party conventions; those candidates for four congressional seats, all elective state offices from governor on down, and a host of lesser offices.  
Little but prestige was at stake in the presidential preference voting. Results are not binding on convention delegates, who run unpledged.

State police identified one body as that of Charles E. Tonner of the Oaklawn section of Chicago.  
The craft was only a few minutes away from Louisville when it crashed into a muddy field at a 45-degree angle.  
State and Jeffersonville police had recovered nine bodies from the wreckage which was spread over a 120-yard area on the Clark Dellinger farm.  
John Vissing, living near the crash scene, had notified police a few minutes earlier that a plane appeared to be in trouble. Shortly afterward Mrs. Dellinger reported the crash.  
There was rain but no storm at the time of the accident.  
Mrs. Dellinger said she counted four bodies.  
The crash scene is rolling land about a mile north of the Ohio River.  
Vissing, a pilot, told police he was in the yard of his home when he heard a plane's motors accelerate suddenly and then become silent.

## Nine Jurors Picked For Davis Trial

MIDLAND — Nine jurors had been selected at noon Tuesday in 142nd District Court in the murder trial of Ray Davis, 36-year old former Big Spring man, state officials said today.  
It will be Davis' third trial for the death of his former wife's uncle, Robert L. (Bob) Childers, Big Spring. Childers was shot to death in the Wyoming hotel in Big Spring on March 27, 1953.  
Selection of the jury to try Davis was slow due to the extensive inquiry defense and state attorneys are making into the qualifications of the jurors. It was estimated that it would require most of Tuesday afternoon to fill the box. It was possible, however, initial statements by defense and state attorneys in the case might be made before court recesses tonight.  
Joseph H. Mims, Midland district attorney, is prosecuting the case. Calloway Huffaker of Tahoka is defense attorney.  
Davis trial was moved to Midland from Big Spring on a change of venue.  
Self defense was the plea of Davis in his first two trials. He was found guilty of murder at the first trial on Nov. 20, 1953, and sentenced to 20 years in prison was assessed against him. The verdict was reversed by the appeals court and a second hearing in December, 1954, terminated in a mistrial when the jury was unable to agree on a verdict.  
Davis' ex-wife, Patricia, who has since remarried, was a witness for the state in his second trial. She was wounded in the incident which took Childers' life.

# Russian Cut Won't Affect Air Power

## 9 People Killed In Crash Of Private Plane

JEFFERSONVILLE, Ind. (AP)—Nine persons were killed today when their twin-engine plane crashed in a rainstorm with a "terrible jar and terrible explosion" on an Indiana farm across the river from Louisville, Ky.  
The Lockheed plane owned by the Crane Plumbing Co. of Chicago was carrying executives of the firm to a convention in Louisville.  
The craft was only a few minutes away from Louisville when it crashed into a muddy field at a 45-degree angle.  
State and Jeffersonville police had recovered nine bodies from the wreckage which was spread over a 120-yard area on the Clark Dellinger farm.  
State police identified one body as that of Charles E. Tonner of the Oaklawn section of Chicago.

## Parade Planned For A. F. Day

A big parade of public school pupils has been mapped as a downtown feature of the Armed Forces Day observance here Saturday.  
Seventy-seven students, representing every grade in every school in town, will ride in the procession. After a swing through the business district, the parade will go to Webb Air Force Base where the students will watch the special review and air show from special bleachers.  
Each student will ride in his or her "private car." Chauffeurs for the students will be student officers from Webb. Automobiles will be furnished by the nine new car dealers in Big Spring.  
The parade is being arranged by the Military Affairs Committee of the Chamber of Commerce. Ike Robb is general chairman. He is assisted by Roy Bruce, Dr. Loyd Norman and H. W. Whitney.  
Robb said the parade will start at 8:30 a.m. Saturday from the high school. Cars earlier will pick up the students at the schools they represent. Signs will identify the various students and grades and schools they represent. Each grade in the various elementary schools, Lakeview High and junior high and Big Spring high and junior high is choosing its own representative.  
From the high school, the cars will go down State Street to Third, then to the business district for a loop of that area, and then west on Third to the air base where students will be escorted to special reviewing stands for the morning's activities.  
Autos for the parade are to be furnished by Truman Jones, Tarbox-Gossett, Jones, McEwen, Lone Star, Tidwell, Marvin Wood, Shroyer and McDonald motor companies, Robb said.

## Jury Forming For Lauhon Murder Trial

GALVESTON (AP)—The selection of jurors in the sanity hearing for Ellis Lauhon Jr., charged with slaying three members of a Dickinson family, continued today.  
Four were selected yesterday. The airman, 26, was scheduled for trial this week on the murder charges but defense attorneys won the sanity hearing. Lauhon is charged with shooting to death Mrs. Ruby McPherson, 44; her son, George, 12; and her mother, Mrs. Zola Norman, 63, at their home in Dickinson last June 22.

## LOUISIANA Sale Of Tideland Leases Delayed

WASHINGTON (AP)—The Interior Department today postponed the sale of federal oil and gas leases in the Gulf of Mexico which had been scheduled at New Orleans this afternoon.  
Fred G. Aandahl, assistant secretary, announced the postponement.  
The state of Louisiana went to court last Friday to try to prevent the federal sale.  
Louisiana claims the offshore lands 10 1/2 miles out into the Gulf. State Dist. Judge Mark C. Pickrel granted temporary injunctions against 25 oil companies to prevent them from bidding for leases, and against federal officials to prevent them from opening the bids.  
Yesterday U. S. Dist. Judge Edwin F. Hunter opened the way for the oil companies to bid on the leases but withheld power from the federal government to open the bids.  
Interior Solicitor J. Reuel Armstrong said today's sale was being postponed to permit the completion of appropriate legal action to clear the way for receiving bids on all tracts offered in the department's announcement of the sale.  
The announcement covered 161 tracts of submerged lands off the coast of Texas and Louisiana totaling 511,726 acres.  
Nine of the tracts totaling 23,040 acres were off Texas and were not affected by the Louisiana suit. Of the remainder, offshore from Louisiana, that state contended about 355,000 acres were being offered for sale though they lie between the three-mile line and the 10 1/2-mile line, the area in dispute between the state and the federal government.  
There is no argument over lands within the three-mile limit, but the federal government is contesting Louisiana's claim beyond that line.  
Federal law concedes state control over "historic boundaries" and Louisiana and Texas contend that takes in the area 10 1/2 miles out, which they claimed at the time they entered the union.  
The Interior Department, disagreeing with Louisiana's figures, said only 52 tracts totaling 156,560 acres lie in the disputed zone.

## Police Nab 2nd Prison Escapee Here

For the second time in less than a week, Big Spring policemen picked up a man for vagrancy and he turned out to be an escapee from prison.  
Sunday night, patrolmen Frank Glasscock and Blaz Bailon arrested Earl C. Goss under the west viaduct for vagrancy. Then Monday, police officials learned from other prisoners that Goss was not the offender's real name.  
A check revealed he was Earl T. Foster and was an escapee from the federal prison at Mount Lemmon, Ariz. He had escaped Feb. 11, and at the time he was serving five years for transporting a stolen car across a state line.  
Police are holding him for Bill Mabry, FBI agent at Abilene. Mabry said he would pick him up today, but at noon he had not arrived.  
Last week, Jess Broadwater was picked up here, and checks showed him to be an escapee from the California state prison at Folsom, Calif. He was serving a term for burglary.  
Broadwater is still being held in the city jail awaiting officers from the California prison who will take him back.

## Coast Guard Plans Probe Into Fatal Ship Collision

SAN FRANCISCO (AP)—The Coast Guard opens an official inquiry here tomorrow into the collision of two freighters near Monterey. One sank with the loss of four lives.  
Main question is how the two ships, sailing in smooth, familiar waters in clear weather, happened to collide yesterday.  
The southbound Marine Leopard, a 10,662-ton cargo ship under charter to the Luckenbach line, was en route from San Francisco to East Coast ports with a heavy load. The Howard Olson, a 2,477-ton coastwise lumber schooner out of San Pedro, was northbound in ballast for Coos Bay, Ore.  
The Leopard cut the Howard Olson in two just off Point Sur at 2:19 a.m. The stern section went down within a few minutes. The bow section wallowed in the swell for four hours before sinking.  
Bodies of the Olson's first and second assistant engineers and third mate were found later. Her steward is missing and presumed drowned.  
The Leopard put about and picked up the other 23 members of the Olson's crew. They were transferred to Monterey hospitals by Coast Guard vessels and helicopters. Except for shock and exposure, only one man was injured. The Marine Leopard reported no injuries.

Ship Cut In Two  
The bow of the coastwise steam schooner Howard Olson floats in the Pacific Ocean off Pt. Sur, 20 miles south of Monterey, Calif., a short time before it sank. The Olson was cut in two in an early morning collision with the freighter Marine Leopard. Three persons were killed and two are missing. The ship standing by is the Tydol Flying A.

## U. S. Leaders Urge Caution On Defense

WASHINGTON (AP)—Two U. S. Air Force leaders testified today the announced cutback in Russian military forces will not reduce Soviet air-atomic power or the means of increasing it.  
Both Secretary of the Air Force Quarles and Gen. Nathan F. Twining, chief of air staff, told a Senate Appropriations subcommittee that the United States should exercise the greatest caution toward changing any of its own plans as a result of Moscow's announcement that 1,200,000 men will be cut from Soviet forces.  
Secretary Quarles said that apparently only 30,000 of the announced Soviet reduction are in airborne divisions.  
Chairman Chavez (D-NM) had asked whether the Soviet announcement would make any change in Air Force requests for funds for the fiscal year that begins July 1.  
The answer to that was no.  
Twining said the requested 16 1/2 billions for the next 12-months was an "austere budget," that more money could be spent. But he said it will result in having "137 wings on board although some facilities will be short but the wings will be there in position."  
Twining said initial Air Force requests were for about 20 billion dollars but this had been trimmed with an understanding that requests for the 1958 fiscal year would be larger.  
Twining said the Soviet announcement may be an indication that the Russians "are trying to encourage peace in the world" but added:  
"We should be careful to look at it from all angles."  
Secretary Quarles said the Soviet move may be "a belated new look at their (military) forces."  
Quarles said very little is actually known of details of the Soviet arms program, and said this country should be careful not to disclose too much of its defense program.

# You Have Until 7 P. M. To Vote On School Improvements

One Of 19 Michigan Tornadoes

Pictured several miles east of Lansing, Mich., is one of a reported 19 tornadoes that struck different areas of Michigan. Most extensive damage was at Flint where several persons were killed and close to one hundred injured. This photo was made by Jerry Helman of the Detroit Free Press.

## O'Daniel Promises Cleanup For 'Younger Generation'

By The Associated Press  
Asserting he "was going back to Austin to clean up the government for the younger generation of Texas," W. Lee O'Daniel took his firetruck and hillbilly band caravan into North Texas Monday.

### Lover's Quarrel Ends In Death

LONG BEACH, Calif. (AP)—David Railsback, 17, met death in the deep water of Long Beach Harbor yesterday, police reported, after he drove the family car "screaming wide open" off a fishermen's pier.

### Knott Tax Board Slates Session

Board of equalization of the Knott Independent School District is to be in session on May 21, E. L. Roman, chairman, has announced.

Notices of the board meeting were given officially last week. Other members of the board are Harvey Adams and Jack Walker. Hours of the board meeting are from 9 a.m. to 3 p.m., and oil as well as other property owners will be invited to appear during those hours.

### Break Demanded

WASHINGTON (AP)—Sen. Jenner (Ind.) has asked the Senate to demand a break in U.S. diplomatic relations with Romania and Hungary, and their expulsion from the United Nations, unless Soviet troops are withdrawn from their borders. He says the troops make both nations "occupied provinces of the Soviet Union."

said he was going to weed out what he called the "creeping paralysis" of greed, graft and corruption.

Another candidate, Ralph Yarborough, said in Austin in his speech there Saturday had been misinterpreted by The Associated Press. The story said Yarborough "took a swipe at O'Daniel's seeking the governorship while still running an insurance company."

Yarborough said he did not refer to O'Daniel or any other private citizen directly or indirectly. His statement:

"My keynote speech to the state convention of Young Democratic Clubs of Texas May 12, 1956, in which I said: 'The people of Texas are entitled to fulltime service from public officials who hold fulltime jobs,' referred to present state officers holding fulltime state office as shown by the statement in my speech that: 'The people of Texas have not gotten their money's worth from the state government during the last seven years.'"

"I did not refer to W. Lee O'Daniel or any other private citizen either directly or indirectly." O'Daniel drew his only response at Denton when he spoke on segregation.

"I am going to Washington and

### Will Wed Friday

NEW YORK (AP)—A stage romance blossoms into a real-life marriage for Peggy Ann Garner and Albert Salmi next Friday. Miss Garner, 24-year-old former child movie star, and Salmi, 28, took out a marriage license yesterday.

### Lamesa Choir Names Officers

LAMESA — The Lamesa High School a cappella choir Monday elected officers for 1956-57. President will be Wilbert Minix. John Lee Bryant will be vice president, and Bobbie Wright was elected secretary-treasurer. Gloria Echols is to be reporter-librarian. Charles Whitlow and J. L. Mayhew student chairman, Richard E. Evans student director, and Larry Bristow assistant director. The choir is directed by Lamesa E. Cribb.

### Ike Photos, Letters To Aid Candidates For GOP

WASHINGTON (AP)—President Eisenhower apparently is going to provide Republican Senate and House candidates with autographed pictures and letters calculated to have campaign appeal. White House aides already have talked to some candidates in critical states, offering services that have been snapped up. Among others, Sen. Bender (R-Ohio), who had no primary opposition, is displaying in a glossy campaign book a picture made with Eisenhower and a laudatory letter from the President. Such material in most cases may substitute for personal appearances by Eisenhower. He has said he plans only limited campaign activity. The effectiveness of such photographs and letters may test the validity of a contention by Democratic Chairman Paul M. Butler that Eisenhower's vote appeal has "sagged" and what is left of it can't be transferred to other candidates. "Sen. Bush (R-Conn) said Butler is 'talking absolute nonsense.'" "Butler is swinging wildly and missing all of the time," Bush said. "He certainly is giving a demonstration of a frustrated politician."

### Mrs. Texas Shows 'Em How

Mrs. Texas, Mrs. Mildred Campbell, of LaGrange, removes her specialty, a baked ham, from the oven as three other contestants in the Mrs. America contest at Ormond Beach, Fla., look on. The other homemakers grouped around Mrs. Campbell, are, from left: Mrs. Mississippi, Mrs. Estelle Donahoe, Crystal Springs; Mrs. Maine, Mrs. Nancy Hill, Saco; and Mrs. Minnesota, Mrs. Marcella Higgins, of St. Paul.

### 'GO FORWARD'

## Harriman Sprays Criticism At Ike

BUTTE, Mont. (AP)—New York Gov. Averell Harriman, spraying a steady stream of criticism at President Eisenhower, urged Montana Democrats today to "go forward" in the tradition of Franklin Roosevelt and Harry Truman. "A self-described 'inactive' candidate for the 1956 Democratic presidential nomination, Harriman said in a speech prepared for a Butte luncheon. "The middle of the road is Eisenhower's trademark. Let him keep it. It's a front for inaction. "In earlier speeches in Montana and Wyoming, Harriman invited support of delegates from both states at the Democratic National Convention. And at Cody, Wyo., he said the New York delegation will place his name in nomination—and not as a favorite son. "He said President Eisenhower has shown "lack of vision in building a better life for the families of America. He has given us small objectives where we need great objectives." The Butte appearance was Harriman's last stop in Montana before flying to Spokane and Pullman, Wash., Idaho Falls, Idaho, Reno, Nev., and Salt Lake City. Yesterday he said he would be "happy" for Montana support at the Democratic National Convention. He said at Billings that he was "an active governor and my first duty is to the people of New York." He said earlier at a convention of Wyoming Democrats in Cody that he was "not making an open bid for Wyoming's delegation, but I'm very much honored to have their support." An unofficial poll of Wyoming's 29 delegates to the national convention showed 11 of them favored Harriman. The Blackfoot Indians honored Harriman at Great Falls, Mont., by inducting him into the tribe. At Missoula, Mont., Harriman declared the resignation of Douglas McKay as secretary of the interior "doesn't mean the era of the great giveaway is over." He said McKay was just Eisenhower's "willing agent." He termed the Hell's Canyon project in Idaho and the abandoned Dixon-Vates proposed power plant near Memphis, Tenn., examples of Eisenhower's "giveaway" policies.

## Estes Sees Election Victory As 'Decisive'

OAKLAND, Calif. (AP)—Sen. Estes Kefauver says a California primary victory over Adlai Stevenson could be "almost decisive" in his bid for the Democratic presidential nomination. His California managers allotted

## Adlai Aims At 'Weak Spot' In Oregon Ballot

PORTLAND, Ore. (AP)—Adlai Stevenson, making a final swing before Friday's vote test with Sen. Estes Kefauver, today pointed his campaign for Oregon's "pencil" primary at his supposed weak spot in the state's broad green farm belt. Stevenson blasted away at Eisenhower administration farm policies in a tour through the Willamette Valley yesterday. The two rivals for the Democratic presidential nomination, both write-in candidates in the party preferential vote for 16 delegates, are scheduled to wind up on the same platform in Eugene tonight after a day of campaigning in eastern and southern Oregon. Each will be allotted time at a meeting sponsored by the University of Oregon, with Stevenson speaking first. President Eisenhower is opposed for 18 delegates to the Republican National Convention. Stevenson, in a speech last night at nearby Hillsboro, continued his criticism of Republican farm policies and suggested again the GOP may "drop" Vice President Nixon from the 1956 ticket. He accused the administration of "politicking with the farmer," and warned that a farm depression could lead to a general depression in the country. He told an estimated 500 persons in the Hillsboro High School auditorium: "It seems to me that there is a great irony in the fact that the men who live in this rich Oregon countryside and work these fields and orchards should be in trouble now—at a time when the Republicans are railing 'prosperity' in place as the No. 1 plank in their 1956 platform. "But we know that it can happen here because it has happened before." He said notwithstanding President Eisenhower declared administration for his vice president, he would not be surprised if the Republicans "will have found means of extricating themselves from his (Nixon's) embrace."

took a two weeks trip to California and left their married daughter in charge of the rabbits. She says she wouldn't kill one for any amount of money, so by the time Noisy got home the hutchers were bulging with rabbits of all sizes. Mrs. Martin says they are selling from 35 to 40 dressed rabbits a week in Big Spring. The market varies but is steady enough to keep them busy. You don't count rabbits like you do cattle, Mrs. Martin says. The litters are large and they come often. Unless they are sold off regularly, the hutchers soon become overcrowded. They usually keep from 400 to 900. The Martins raise rabbits scientifically and have never been bothered with diseases. The main thing, they say, is to keep the hutchers cool during the summer months. To do this, they have a sprinkler system that sprays water on top of the shed roof during the heat of the day. "Peace will come when there is a genuine determination on all sides to have peace," he said.

him, therefore, an extra campaigning day in Oregon because of the influence Friday's write-in voting there may have on the California result. Both also plan concerted wind-up campaigns in California rural areas. Kefauver contends with Stevenson in Oregon for 16 national convention votes. The stake in California's June 5 presidential primary is 68 convention votes. The Tennessee senator flew to Portland last night with an intensive Thursday day of campaigning in Multnomah County (Portland) added to his original two-day schedule. "California is the most important contest we have," Kefauver told an Oakland dinner before flying north. "The stakes are big. "If I can carry California, it will be almost decisive in our favor in the coming convention in August." The Tennessee senator's California managers, assessing their candidates' position privately said the Friday vote in Oregon and the May 29 Florida primary would have important bearing in California. One highly placed California supporter said he estimated Kefauver and Stevenson would about break even in the state's major population areas — Los Angeles, the San Francisco Bay area and the San Diego region. The California issue, therefore, almost certainly will be settled, he said, by the 750,000 registered Democrats in the state's rural counties. Figuring a 60 per cent vote turnout, this Kefauver leader said he counted on 200,000 Kefauver rural area votes against about 200,000 for Stevenson. Kefauver has a chance to carry California, he said, by an overall margin of 100,000 in a total of 1,800,000 primary votes. In his Oakland speech, Kefauver criticized the Eisenhower administration for what he called a failure to plan a program of public works to replace armament race spending. "Peace will come when there is a genuine determination on all sides to have peace," he said.

## To Retire

Dr. Hubert A. Schmidt, former chief of the Texas Agriculture Experiment Station's division of veterinary science and professor of veterinary pathology since 1946, will retire from the Texas A&M College system in June after 43 years of service.

## Management Takes Engineers Off Jobs

LOS ANGELES (AP)—The lamented shortage of engineers in this country is more apparent than real, a Standard Oil Co. of California executive contends. W. L. Collins told the opening session of the West Coast Engineering Management Conference yesterday that the shortage is not in the number of engineers but in the number actually working at engineering. Statistics show, he said, that 20 years after graduation, half of those trained for engineering are working in administration and management.

## Martha Raye Served Notice Of Husband's Divorce Plan

NEW YORK (AP)—Comedienne Martha Raye has been served with a notice that her fifth husband, dancer Ed Begley, plans to sue her for divorce. Adultery is the only ground for divorce in New York. Nick Condos, Miss Raye's manager and one of her ex-husbands, said a process server showed up at a Brooklyn hotel where the comedienne is staying. He said Miss Raye willingly went to the hotel lobby to accept the papers. In Westport, Conn., a \$50,000 alienation of affections suit is pending against Miss Raye. The suit was filed by the wife of a Westport patrolman who once worked for Miss Raye as a bodyguard.

## Husbands! Wives! Get Pop, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted just because body lacks iron. For new younger feeling after 40, try Oxtrec Tonic Tablets. Contains iron for pep; supplement doses vitamins B1 and B2. In a single day. Oxtrec supplies as much iron as 16 dozen raw oysters. 4 lbs. of liver or 16 lbs. of beef. 7-day "get-acquainted" size costs little. Or get Economy size and save \$1.45. At all drug stores.

## Jess Talkin' by Jess Blair

If rains come to the county in time, there might be as much cotton planted as last year. The allotment is about 5,500 acres less than last year, but in 1955 much of the cotton acreage in the Coahoma, Elbow and Lomax communities didn't make enough to measure. Last year's county allotment was 81,404 acres as compared to 75,976 for 1956. No one has yet surrendered any cotton acreage, says Gabe Hammack of the Howard County ASC. He says that most likely everyone will plant it all if they get rain. If some farmer knows now, though, that he won't plant all the acreage allotted him, he should surrender it. In that way it won't be taken away from him when future allotments are computed. Hammack says farmers have only until May 22 to surrender acreage they don't intend to plant. A trip through Dawson and Gaines counties this last week-end showed a lot of sand blowing and some big dry spots where farmers can't plant yet. In Gaines County much of the land is still very dry. Farmers up there are going through the drought without going into the red. The ones that don't have caged-in houses have been working at the carbon black plants or in the oilfields. One of them I know has an even better deal. His wife has a job in town but can't drive a car. Every morning he drives her to work, then waits till evening to drive her home again. So far he has stood the pace quite well. The Cooper Feed Store has been sold to Elliott M. Long of Big Spring. Earl J. Cooper, former owner, bought the store right after World War II. Formerly from Wisconsin, he had been stationed in West Texas, liked the country and decided to stay here. He has bought an interest in a 700-acre livestock farm down on the Guadalupe River near Comfort, Texas, with about 150 acres in cultivation. Besides raising crops and livestock, he will manage a 2,000-cage poultry house. The wettest, most refreshing area right now is the lowland fields and pastures along Wild Horse Creek. Some of them were still muddy a few days ago, and weeds and grass were coming in fast. The most desolate spot in the county? Well, you could find several. Nearly any sandyland field that hasn't had rain this year would serve as an example. Farmers still need laborers but can't find enough. Bill Williams

of the Texas Employment Commission says he has placed several workers but needs twice as many. He has one job that is especially attractive. A livestock farmer near Vincent wants a family to work through the year. He will furnish a house and utilities, pay a regular salary besides giving the man a share of the profits from the farm and livestock. The most popular new crop in West Texas is blue panic. It's spreading fast in this area, and there are dozens of small fields of it. C. H. Hyden's blue panic, which was irrigated during the winter, is already knee-high and beginning to head out. Even the dryland panicum is furnishing good grazing. Last Saturday I stopped by Noisy Martin's place north of Sand Springs and found him still raising rabbits and trying to raise cotton. Martin has a living made from his rabbits, even if field crops fail. The bunnies never fail to produce a crop of baby ones. Sometimes it seems they are a little too prolific. Not long ago Martin and his wife

### Relcerce Jones Humble Station Gives Complete Service In Automotive Field

Want to have that tire repaired, or have your car serviced, or need a new battery? You can solve all those problems at one and the same time by driving your automobile to the Jones Humble Service Station, located at Fourth and Scurry Streets in Big Spring. The concern is situated so that it is within easy walking distance of any point in the downtown business district. You will find you can leave it there for servicing, complete your shopping missions and, chances are, have your vehicle waiting for you upon your return to the Jones service station.

The establishment is owned and operated by Relcerce Jones, who has long owned and made his home in Big Spring. All work executed by personnel employed by Jones is, of course, guaranteed. The establishment even offers a "pickup-and-delivery" service in that it keeps a pickup truck in readiness for use in emergency service and will deliver your car to you after work on it has been completed, if such a request is made. The finest in Humble products, including premium gasolines and motor oils, is stocked by the Jones service station. A limited amount of popular-make automobile accessories are also kept on hand by the concern. Though its working schedule is curtailed somewhat on Sundays, the station is open seven days a week.

### Smith Concern Serves Farmers

If you are a farmer and are planning or in the middle of spring plowing, you want to make certain you have an ample supply of tractor fuel on hand for the job.

The establishment which can fill your needs is the S. M. Smith Butane Company, whose offices are located on the Lamesa Highway, at the edge of the Big Spring city limits. If you haven't gotten around to your plowing and want to tackle it the economical way, have your tractor converted to butane use at the Smith concern.

The S. H. Smith Company specializes in such an undertaking and can show you where it not only offers sizeable savings over a period of time but is more economical and treats your vehicle more kindly, as well.

Other farm implements can also be converted for the use of butane, as, well, at the S. M. Smith Butane Company. Butane is one of the most popular and desired servants in rural areas. It is used to heat, to cook, to cool and even to raise chickens. The farm family now using it is likely to wonder how on earth it ever did without it before it was introduced. Complete systems can be installed by employees of the Smith concern.

Smith's establishment is also the headquarters for a limited number of household appliances using butane products, including the famous Wedgewood kitchen range. The Wedgewood models come in styles, features and sizes to meet every requirement. It has so many exciting new features, once you try it you will never be satisfied with any other make.

### Emergency Capital

ST. PAUL, Minn. (AP) — Mankato Teachers College in southern Minnesota will become the state capital if an enemy attack makes it necessary to evacuate the capital here. Selection of the emergency site was announced by Col. Hubert Schyn, state civil defense director.

### Jones Motor Gives Spring Car Tuneup

Winter was bad enough that cars and trucks need a spring inspection and some service to restore peak pep, power, and performance. Jones Motor Company, local Dodge-Plymouth dealer, offers some timely tips to those owners who want dependable, economical, and safe performance from their vehicles this spring and summer.

There are several parts of your car or truck that need inspection in top shape for a trouble-free summer of driving. The cooling system is first. Antifreeze was needed, but with winter past, drain out the antifreeze, flush out the radiator, and refill it with clear water. Don't forget to add rust inhibitor.

The battery and generator have worked overtime all winter keeping the lights, heater and defroster fan and radio working, so they need extra attention. The battery needs inspection, testing, and also cleaning. Next comes the ignition system where adjustments must be made within thousandths of an inch. Distributor points need cleaning and

adjustments — in many cases replacing. Many gasolines cause deposits within the carburetor. So it is wise to have it checked each spring to make sure the jets and other parts are working properly. Steering and brakes require the next attention. Steering linkage, front suspension, and wheel alignment encounter many highway shocks.

If the oil filter is approaching 5,000 miles of service or has passed it, replace the filter cartridge before you order the spring oil change. With all these inspections and necessary service work, it now is time for a complete spring lubrication. This includes draining and refilling the crankcase, repacking the front wheel bearings, and checking of transmission, differential and steering gear lubricant.

All these items are necessary to a summer of safe and trouble-free driving, and the place to have it done is Jones Motor Company, at the corner of First and Gregg.

#### BEST WAY TO KILL ROACHES AND ANTS

Scientists recommend that you control roaches and ants the modern way—with Johnston's NO-ROACH II. Brushed just where you want it. (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and so easy to use. 8 oz. pint quart. Available at Safeway, Piggy Wiggly, Hull & Phillips, Newsom's, Bud Green's, Cunningham & Phillips, Big Spring Drug & your local drug or grocery store.

### Presbyterian Women Have Study On David

"Discipline and Indulgence" was the topic for study of the First Presbyterian Women of the Church Monday afternoon and evening. The discussion was woven around David as a son, a husband and a father, based on the book of Samuel.

Members of the Ella Barrick Circle met at the church Monday afternoon with Mrs. Noble Kenner as hostess. Mrs. Bob Eberly presided for the meeting.

Mrs. George Neill offered the opening prayer. Mrs. Bob Piner was in charge of the lesson discussion. Mrs. Neill gave a report on the Survey article, which dealt with the 1956 Birthday Objectives. In her report, Mrs. Neill told of the various ways that the money from the birthday offerings will be used. Plans were made for the birthday observance to be held Monday afternoon at 3 o'clock at the church.

Mrs. Gage Lloyd gave the dismissal prayer for the 16 attending.

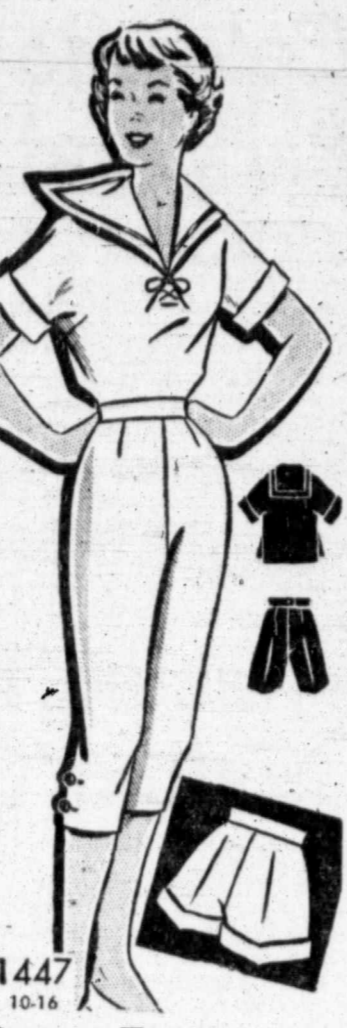

A covered dish dinner was held by the Business Women's Circle Monday evening, meeting at the church. Hostesses were Mrs. Bob Eberly and Mrs. Leon Kinney.

Mrs. Lee Porter gave a discussion of the lesson on David, and Mrs. Olen Puckett reported on the Survey article. For her talk, she chose the subject, "The Home and Its Foundation."

Thirteen attended the meeting and were dismissed with "Mizpah."

Mrs. Joe Moss was hostess to the Margaret Currie Circle Monday evening. Mrs. Gage Lloyd offered the opening prayer.

Mrs. Garrison Walker discussed the topic on discipline and indulgence. Mrs. T. A. Quinn, in giving article from the Survey magazine, spoke on "Women of the Church." Refreshments were served to 11.

### They Got Me, Pal! The TV Dealers, That Is

By ANNE LEFEVER

I have been the owner of a television set for about a week, now. The opinions expressed in this story are mine and do not necessarily constitute those of the Herald staff. However, they probably agree with me!

Having been at home only two evenings to view the various antics on the set, maybe I haven't had an opportunity to see the best presentations. But, from what I've sat through, I don't believe the programs will interfere with my yardwork, housework or entertaining!

For one thing, I think I will appreciate radio more! I had always enjoyed the music of Liberales on records or on the radio; when I saw that he was scheduled to play I looked forward to his program. Ugh! Is there any way to turn off the picture on those things and just leave the sound?

As is often said, middle-aged women really "go for" that smile and sweet simple manner. Well! Maybe I am too middle-aged or not middle-aged enough, but the further I can go FROM that simple manner, the better it will suit me! And as for his sentimental making over his mother! Brother!

When I see all that demonstrative carrying-on, I can't help thinking that they probably fuss like the well-known cats and dogs at home!

Another thing TV won't interfere with is my sleep! Why sit up to see films you remember from your childhood — well, anyway, almost childhood! When I saw a film with Ralph Bellamy the other evening, I felt as if I were seeing an old friend. And I was!

My home, like that of all other TV owners has felt the impact of the new addition. Quite a bit of time and effort (especially effort!) have been spent rearranging my furniture for the best viewing angle.

Now, instead of cozy groupings of chairs and tables, they are all lined up as if expecting a meeting of some woman's club! "Tain't pretty, but everyone will be able to see the screen."

And meals — well, I'm running free to form there, too. I do the cooking between schedules and then, balancing a tray, eat and hope for a good program.

Could be I'm retarded, but I could take more of Crusader Rabbit!

198

### Many Attended YMCA Chapter Installation

More than 200 people attended the installation and rededication services for the YMCA Hi Y and Tri Hi Y chapters Monday evening at the First Methodist Church.

The services opened with the professional and recreational hymn, "Onward Christian Soldiers," with Kenda McGibbon at the organ.

Bennie Compton, chairman of the council, presided and gave the purpose of the gathering, followed by the Hi Y prayer given in unison.

Special musical numbers were given by the HCIC choir under the direction of Orland Johnson accompanied at the organ by Jack Hendrix. They sang "Holy, Holy, Holy," and "Let Us Break Bread Together." The Eighth Psalm was given as the Scripture reading by Tommie Jo Williamson. Rodney Sheppard's reading was a entitled "Vision," Margaret Fryar read, "I Am a Dream in the Soul of Youth."

For the organ meditation, Miss McGibbon chose, "Pastorale" by Purvis, and "Ich Ruf Zi Dir Herr Jesus Christ" by Bach.

W. R. Dawes, chairman of the YMCA youth activity, conducted the installation service.

Officers installed were:

Senior Hi Y: president, Jerry McMahon; vice president, Lewis Porter; secretary, Johnny Janak; treasurer, Dennis Jones; chaplain, Donnie Bryant; parliamentarian, Logan Bole; sergeant at arms, Walter Dickerson.

Feta Tri Hi Y: president, Jacqueline Smith; 1st vice president, Lu Ann White; 2nd vice president, Danne Green; secretary, Sue Boykin; treasurer, Sue Barnes, chaplain, Janet Hogan; historian, Cecilia McDonald; parliamentarian, Linda Cook.

Two new clubs have been organized but have not as yet been named. They are composed of girls and boys who will be in their junior year at high school next year.

The officers for the girls' club will be president, Barbara Coffee; 1st vice president, Brenda Gordon; 2nd vice president, Nita Farquhar; secretary, Prissy Pond; treasurer, Lynn McMahan; historian, Robert Stripling; parliamentarian, George Peacock.

Sophomore Tri Hi Y: president, Kathleen Thomas; vice president, Glenda Greenwood; 2nd vice president, Kay Kirby; secretary, Sharon Creighton; treasurer, Peggy Isaacs; historian, Martha Cobb; reporter, Linda Woodall; parliamentarian, Judy Reagan; chaplain, Toni Thomas; social chairman, Edith Freeman and Judy Cable.

Sophomore Hi Y: president, James Howard Stephens; vice president, Bennie McCary; secretary, John Harrison; treasurer, Eddy Kinney; chaplain, Boris Craig; parliamentarian, Earl Mayer.

### Forsan Residents Visit, Report Weekend Guests

FORSAN — Mrs. Woodrow Scudgy and Berney, are in Monahans visiting relatives.

Fishing at Possum Kingdom are J. R. Asbury and son, Johnny Bob.

Recent guests of Mr. and Mrs. C. L. Gooch were his parents, Mr. and Mrs. E. B. Gooch, Abilene, and a brother and wife, Mr. and Mrs. Eddie Gooch, Lubbock.

Mr. and Mrs. M. M. Fairchild and Mary Ann are in Jal, N. M., for the weekend with her parents.

Mr. and Mrs. Jack Dempsey are in East Texas.

Mr. and Mrs. R. W. Doland were in Dallas this week at the bedside of their daughter, Mrs. Frank Thieme, a patient in Baylor Hospital.

Elizabeth Taylor is spending the weekend with her parents in Fort Worth.

Sgt. Jerry Fowler, home on a 30-day leave, is hospitalized at Webb Air Force Base. He was visiting his parents, Mr. and Mrs. C. D. Fowler.

O. W. Green is a patient in a Wichita Falls hospital.

C. C. Brunton has returned from Tulsa, Okla.

Mr. and Mrs. Frank Philley of Abilene were here on business and visiting friends.

Mrs. Bryant Averett was recently honored with a stork shower in the home of Mrs. R. A. Fuller.

J. E. Adams has returned to his home in Rollo, Mo., after visiting Mr. and Mrs. Frank Swiger.

Mrs. Dennis Hughes, Raymond and Ann, Pegasus Field, were here to visit her parents, Mr. and Mrs. B. R. Wilson and Mr. and Mrs. A. D. Barton and Van.

Mr. and Mrs. C. B. Long vacationed in Maumong, Okla., and Blackwell and South Texas.

Mr. and Mrs. H. H. Story and Mrs. John Kuback visited Mrs. B. D. Caldwell in a San Angelo hospital.

Mrs. Pat Ornsby and Dianne of Denver City are visiting her parents, Mr. and Mrs. J. C. Ray and Shirley.

Mr. and Mrs. Sam Starr and Gary Don planned a trip to Brownwood Sunday.

Mrs. R. D. Anderson and daughter and Mrs. Virgie Wolf left by bus Friday for Arkansas. The Andersons will visit in Hot Springs. Mrs. Wolf, a guest of the Harry Barnetts here, is returning to her home in Evening Shade.

Mr. and Mrs. R. A. Fuller are at the bedside of his father in Lawkin.

Mrs. Brooks Bedell has been dismissed after a week's hospitalization following a car accident. Mrs. Delmer Klahr and daughter, Mary Ann, are still in the hospital.

### Scotts Celebrate Silver Anniversary

LAMESA — Mr. and Mrs. Leonard Scott celebrated their silver wedding anniversary Sunday afternoon from 4 to 6 with a tea at the Delphin Clubhouse. Mrs. Wayland Pope and Ethel Ann Scott, daughters of the couple, were hostesses for the tea.

The serving table was laid with white cutwork linen cloth centered with a blue and white floral arrangement, and a miniature wedding cake. Silver and crystal appointments were used on the table.

Members of the houseparty included Mrs. Gene Sanders, Mrs. Marshall Middleton, Mrs. B. L. McGreggor, Mrs. Bobby Jack, Marcia Petty, Debby Peltier, Linda Currie and Charlotte Bradford. In the receiving line with the honored couple were Mr. and Mrs. Henry Norpb and Mr. and Mrs. Tracy Campbell.

During the tea hour music was furnished by Mrs. Matt McCall, Mrs. Jake Lippard, Mrs. John R. Pruitt and Mrs. Flora Barnard. Lanthorn Cribb and Early Peltier gave several vocal selections.

### Sports Togs

They're a 'must' in every teen wardrobe for the happy summer days ahead — clever sport togs to mix and match at will.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

### Las Artistas Club Plans First Show Under State Rules

Las Artistas Club will give its first show under the rules of Texas Fine Art Shows this weekend. Location for the exhibition of local artists' work is at 1011 Gregg.

The show will be open to the public at 1 p.m. Saturday and will remain open until 8 p.m. Sunday afternoon. The show will be open from 1:30 to 5:30 p.m. A special invitation is being extended to members of the armed forces to view the display.

Ten citations will be awarded to individual artists at 4 p.m. Sunday. The ten winners will be sent to Austin for competition in a state show.

Loving cups have been offered by each of three dealers. Thorp's Sherwin-Williams' and Nabors' Paint stores. A Grumbacher prize is being offered by Sherwin-Williams also.

Deadline for entries is set for Friday at 5 p.m. Following the expiration of the deadline, judging will be done by a group of out-of-town judges.

### Coahoma Seniors Honored After Graduation Event

COAHOMA — Mr. and Mrs. Melvin Tindol honored the Coahoma seniors with a reception following the baccalaureate service Sunday evening.

The serving table was laid with red streamers and red ruffled floor length cloth, the seniors' colors for the year. It was centered with a cake inscribed "1955-56 Seniors" in red. Punch was served from a crystal bowl. Twenty seniors attended, with the sponsors, Mr. and Mrs. Fred Sailing, Bill Tindol, entertained the group by showing films of the football banquet, the track meet and the junior-senior banquet.

### Washington Place P-TA Officers Are Installed Monday

Mrs. R. L. Heith was installed as president of the Washington Place P-TA Monday evening at the school. Mrs. Cliff Fisher outgoing president, acted as installing officer.

Larry Bristo gave the invocation after which Jerry McKinney, who was in charge of the program, gave the welcome. Sandra Pratt gave the tribute to the Senior members of the chapter. Richard Evans sang "Blue Bird of Happiness" and was accompanied by Marion McDonald. Purpose of the auditions are to furnish goals toward which pupils can work; to show ratings on a national basis and to give advice to both pupils and teachers.

About 50,000 piano pupils are expected to enter the auditions in about 500 different localities. Local teachers whose pupils played in the first audition are Mrs. Ann Gibson Houser, Mrs. C. A. Boyd, Elsie Willis, Mrs. R. L. Morris, Mrs. Fred Beckham, Roberta Gay and Jack Hendrix.

Beginning at 1 p.m. Wednesday, Mrs. Frazier will present Valjean LaCroix, Gloria Gene Fletcher, Gloria Coker, Phoebe Ann Rice, Sue Dunagan, Lana Lewis, Bob Settles, Linda Franks, Bennie Wall, Susanne Cook, Kenneth Crane, Jane Wall, Sally Fauchall, Elizabeth Fraser, Kathleen Soldan, Avon Greenwood, Kathy Johnson, Dianne McEwen, Erin Macrum, Lynn Green, Katherine McClure, Virginia Morris, Barbara Coffman and Dana Ruth Horton of Ackery.

The group will be divided with some of the pupils appearing Thursday.

### Barbecue Given

LAMESA — The L Association of the Lamesa High School held their annual barbecue at the Mullins Ranch Saturday night, with about 150 in attendance. A camp fire program was held with the award for the most loyal fan being presented to Mr. G. L. Blair. Thirty L members and their dates, the high school faculty, school board members and their wives attended.

### For Mother-To-Be

As pretty a smock as you will see for the mother-to-be! No. 198 has tissue-sizes 14, 16, 18 incl. hot-iron transfer for daisy motifs.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

### Lamesa FTA Fetes Senior Members

LAMESA — The Future Teachers Association of Lamesa High School held a breakfast Sunday morning honoring the senior members of the Lamesa chapter. The breakfast was held at 8 o'clock in the Delphin Clubhouse.

Larry Bristo gave the invocation after which Jerry McKinney, who was in charge of the program, gave the welcome. Sandra Pratt gave the tribute to the Senior members of the chapter. Richard Evans sang "Blue Bird of Happiness" and was accompanied by Marion McDonald. Purpose of the auditions are to furnish goals toward which pupils can work; to show ratings on a national basis and to give advice to both pupils and teachers.

About 50,000 piano pupils are expected to enter the auditions in about 500 different localities. Local teachers whose pupils played in the first audition are Mrs. Ann Gibson Houser, Mrs. C. A. Boyd, Elsie Willis, Mrs. R. L. Morris, Mrs. Fred Beckham, Roberta Gay and Jack Hendrix.

Beginning at 1 p.m. Wednesday, Mrs. Frazier will present Valjean LaCroix, Gloria Gene Fletcher, Gloria Coker, Phoebe Ann Rice, Sue Dunagan, Lana Lewis, Bob Settles, Linda Franks, Bennie Wall, Susanne Cook, Kenneth Crane, Jane Wall, Sally Fauchall, Elizabeth Fraser, Kathleen Soldan, Avon Greenwood, Kathy Johnson, Dianne McEwen, Erin Macrum, Lynn Green, Katherine McClure, Virginia Morris, Barbara Coffman and Dana Ruth Horton of Ackery.

The group will be divided with some of the pupils appearing Thursday.

### Auditions In Piano Are Slated

The second session in the piano auditions presented by teachers who are members of the National Guild of Piano Teachers will be held Wednesday and Thursday.

Malcolm Frost of Portland, Ore., will be the adjudicator, or judge, of the pupils of Mrs. Nell Frazier.

Purposes of the auditions are to furnish goals toward which pupils can work; to show ratings on a national basis and to give advice to both pupils and teachers.

About 50,000 piano pupils are expected to enter the auditions in about 500 different localities. Local teachers whose pupils played in the first audition are Mrs. Ann Gibson Houser, Mrs. C. A. Boyd, Elsie Willis, Mrs. R. L. Morris, Mrs. Fred Beckham, Roberta Gay and Jack Hendrix.

Beginning at 1 p.m. Wednesday, Mrs. Frazier will present Valjean LaCroix, Gloria Gene Fletcher, Gloria Coker, Phoebe Ann Rice, Sue Dunagan, Lana Lewis, Bob Settles, Linda Franks, Bennie Wall, Susanne Cook, Kenneth Crane, Jane Wall, Sally Fauchall, Elizabeth Fraser, Kathleen Soldan, Avon Greenwood, Kathy Johnson, Dianne McEwen, Erin Macrum, Lynn Green, Katherine McClure, Virginia Morris, Barbara Coffman and Dana Ruth Horton of Ackery.

The group will be divided with some of the pupils appearing Thursday.

### Mrs. Lee To Show Work Of Pupils

Mrs. Myrtle Lee is to present members of her art class in the annual spring show Thursday afternoon.

Examples of advanced painters, in her classes for several years, as well as those of promising young pupils will be on display at the First Presbyterian Church basement.

The hours are from 2:30 to 8:30 o'clock. There will be work in all media — oil, pastel, watercolor and metal work.

### Church Honors Engaged Couple

LAMESA — Sunday night, Carol Campbell and Rodney Williams, who recently announced their engagement and approaching marriage, were honored at a short period of fellowship immediately after the church service at the Lenorah Methodist Church. Williams is pastor of the church. After refreshments were served, the couple was presented with an electric mixer from the members of the church.

The table was decorated with red roses, forming a circle around a punch bowl. The ladies of the church acted as hostesses.

Their wedding will be an event of June 4 in the Lamesa First Methodist Church.

### Loyalty Class Has Breakfast Today

Mrs. R. C. Williams and Mrs. Clarence Porter were hostesses this morning for a breakfast in the Williams home. Guests were members of the Loyalty Sunday School Class of Baptist Temple.

Mrs. U. N. Wood gave the invocation for 10 members and two guests.

The table was laid with a white cutwork cloth and decorated with spring flowers. Serving appointments were of silver.

### OWC Bridge Party

Bridge and canasta will be played at the Officers' Wives' Club Thursday afternoon at the Officers' Club. The time of the meeting is 1:30. Instructions in bridge will be given for beginners. The women of Block 3 will be hostesses.

### Westbrook People Have Guests, Trips

WESTBROOK — A guest of Mrs. Lula Davenport is her brother, John Jamar of Oklahoma.

Mr. and Mrs. R. O. Lee, Karen and Kathy are visiting in Odessa, Midland and Andrews.

Mrs. G. D. Hudson has returned to her home in the Butler Camp after being dismissed from Root Memorial Hospital in Colorado City.

Mrs. Kenneth Parrish is a patient in Root Hospital.

Mr. and Mrs. Thamon O. Robinson are parents of a daughter, Carolyn Sue, born May 5 at Root Hospital.

Eight members attended the social for the JOY Sunday School Class of the First Baptist Church recently. The hostess, Mrs. Burl Taylor brought the devotion, and Mrs. Charles Gressett offered the opening prayer. The next meeting will be a picnic in June.

### Jenkins Home Is Scene Of Reunion

Children of Mrs. J. M. Morgan gathered with her Sunday for a family dinner at the home of one of the daughters, Mrs. L. D. Jenkins.

Mrs. Kathleen Williams and Mr. and Mrs. Gene Springer and their children, Jeannine and Steve, were here from Wichita, Kan. Mrs. Springer is the former Kathleen Elizabeth Williams. Another granddaughter, the former Rose Elmore Williams, was here with her husband and children from Junction. They are Mr. and Mrs. C. W. Atchison, Karen, Lesley, and the twins, Keith and Brian.

James and Frank Morgan and their families, who make their homes here, were also present.

### South Koreans Turn Out To Elect President

SEOUL, South Korea (AP)—A big turnout of some nine million South Koreans voted today for a president and vice president. President Syngman Rhee, opposed by an ex-Communist and a dead man, appeared certain to win a third four-year term.

Only scattered minor violence was reported across the country, in contrast to hectic pre-election riots and fights which killed at least one demonstrator and sent Rhee's living opponent into hiding. The polls closed at 5 p. m. and first returns were not expected until early tomorrow. The outcome should be definite within two days.

Rhee, 61 and the only president Korea has ever had, voted with his Austrian-born wife as soon as the polls opened at 7 a. m.

Although a Rhee landslide appeared in the offing, it was expected a sizable sympathy vote would be cast for the late P. H. Shinicky. The Democratic party's candidate and the only man given an outside chance against Rhee, Shinicky died May 5 of a cerebral hemorrhage. His name remained on the ballot, but votes for him were invalid.

With Shinicky's death, interest generally shifted to the vice presidential race. Rhee's advanced age raised the strong possibility that the winner of the No. 2 post would end up in the President's chair.

Rhee's running mate, National Assembly Speaker Lee Ki Poon and Dr. Chang Myun, on Shinicky's ticket, were considered the strongest contenders in a field of six candidates. Chang, a graduate of Manhattan College and a prominent Roman Catholic, has served as ambassador to the United States and U. N. delegate.

### Press Moved To New Herald Site

In attempt to avoid the predicament of the fellow who built a boat in his basement, then couldn't get it out the door, The Herald is setting basic units of its 33-page Hoop press before erecting the walls of the new building at 8th and Scurry streets. Three units, weighing a total of more than 30,000 pounds, were moved this week to the plant site. One view here shows a segment being lowered by one of W. D. Caldwell's giant cranes. The other photo pictures the intricate foundation which was designed to minute specifications to fit the press. The press frame will be protected by a temporary framework, while building construction goes on around it. (Photos by Keith McMillan).

## Operator Still Looking For Oil At No. 1-B Johnnie Walker Well

Operators have been acidizing the Phillips No. 1-B Johnnie (Walker) in the Big Spring field of Howard County the past two days.

Monday operator acidized perforations from 9,570-76 feet with 500 gallons of acid. It swabbed three hours and recovered lead water, then swabbed four hours and recovered small amounts of water and gas but no oil.

Operator is treating today with 2,000 gallons.

A. K. Turner has received permission to deepen the No. 1 J. S. Walker, a wildcat 11 miles northwest of Big Spring. When the location was re-opened Nov. 22, 1955, the contracted depth was 4,900 feet. It now will be drilled to 7,300 feet. It was originally drilled by Sunray to 8,945 and plugged.

**Borden**

Pure No. 1 Clayton, a wildcat venture seven and a half miles southwest of Gall, has drilled to 9,347 feet in lime. Site is 660 feet from north and 1,910 feet from east lines, 15-32-4n, T&P Survey.

Continental No. 1-33 Good has deepened to 4,940 feet in lime and shale. Site is in the Arthur (Spraberry) field, at C NW SE, 33-33-4n, T&P Survey, and seven miles north of Vealmoor.

**Dawson**

Superior No. 1 Barnes-McBrayer has projected to 8,361 feet in sand and shale. It is a wildcat seven miles southwest of Patricia, at C SW SW, Labor 24, League 271, Loving CSL Survey.

Humble No. 1 Weaver has drilled on to 12,249 feet in lime after taking drillstem test from 12,110-127 feet. Tool was open 90 minutes with fair blows resulting for 90 minutes. A 1 1/2-inch choke was used. Flow pressure was 1,115-4,230, and 30-minute shutin pressure was 6,370. Operator recovered 1,500 feet of water blanket and 7,400 feet of

## Police Locate Another Bike

The police added another bicycle to their collection this morning. The count of bikes unclaimed at the police station now stands at three. Two were brought in Monday morning after being found in the downtown area.

The third was picked up in front of the Beauty Center, 1002 Eleventh Place, this morning. Night patrolmen Monday reported the vehicle but left it.

Today however, policemen picked it up and brought it to the station. It is red and black with a basket and a horn mounted on the front.

Anyone missing a bicycle can come by the station, describe it and pick it up.

## Inscription On Teeth Is Urged

OKLAHOMA CITY (AP)—If a Virginia medical examiner's investigation is followed, you'll be getting your name on your false teeth.

He says dentists should be persuaded to inscribe the wearer's name inside the upper plate. While the monogrammed choppers obviously would be a help to the absent-minded, Dr. Harold Beddoe has other ideas.

Speaking at the third annual Southwestern Homicide Investigators Seminar yesterday, the assistant state medical examiner of Virginia pointed out the help it would provide to officers in identifying victims.

He said teeth are seldom destroyed when a body is burned or decomposed.

## No Mishaps In 48 Hours

Through noon today, Big Spring had gone over 48 hours without a traffic accident. The last recorded accident occurred here at 9:28 a. m. Sunday.

The accident toll for the month stands at 29, through the mishap Sunday morning, Monday was the first accident-free day of the month.

## Legion State Commander Due Thursday Night

Top officials of the Texas Department of the American Legion — Department Commander Charles L. Downey and G. Ward Moody, adjutant — will be in Big Spring Thursday evening for an official visit to the local Legion post.

An informal buffet has been arranged for local Legionnaires and Auxiliary members to greet the visiting dignitaries. The affair will be held in the Settles Hotel ballroom beginning at 7:30. It will be a "Dutch" affair at \$1.75 per plate, and the local commander, George Zachariah, is urging full attendance of Legion and Auxiliary members.

Commander Downey will present a 100-member pin to local Legionnaire Bill Kitts, as a highlight of the visit here. Kitts has set the pace in the post's recent member sign-up campaign, has been personally responsible for 100 members.

## Earl Long Takes Post In Louisiana

BATON ROUGE, La. (AP)—Earl K. Long, advocate of racial moderation and party loyalty, today takes over as governor of Louisiana for the third time.

The 60-year-old brother of the late Kingfish, Sen. Huey P. Long, becomes the first man ever to serve three times as Louisiana's chief executive.

After a four-year lapse, Long rode back to power with a smashing victory over four opponents in the Jan. 17 Democratic primary. He was unopposed in the April general election.

Long succeeds Gov. Robert Kennon, who bolted in 1952 to support President Eisenhower.

Traditionally the governor of this staunchly Democratic state heads the delegation to the national convention. Louisiana went to Adlai Stevenson by a narrow margin in 1952.

Long, pro-Stevenson in 1952 and reportedly leaning that way again, doesn't plan to attend the Chicago convention.

But National Committeeman Camille Gravel, a Long leader, and Mrs. Long, national committeewoman, will head the 24-vote delegation.

The delegation is unstructured and Long has refused to endorse a candidate.

"All I want the members to do is stay in the Democratic party," he said, explaining he felt a third party bolt by Southerners would lead to a Republican victory in November.

And on segregation he has called for "reasonableness and caution" in handling the race issue in the Legislature, which opened a 60-day session yesterday.

Long said, "I don't see any need to pass a lot of segregation bills—even though I would favor them—when the Supreme Court probably would knock them out anyway."

## Resident's Mother Dies In Arkansas

Harvey Hooser Jr., county attorney, was notified at noon by Mrs. James Weir, his office secretary, that her mother had died at 10 a. m. today in Baylor Hospital.

Mrs. Weir has been at her mother's bedside since Thursday. The mother lived in Beebe, Ark. Hooser said that he was advised funeral services will be held in Beebe but that arrangements are not complete.

## MARKETS

**STOCK MARKET**

NEW YORK (AP)—The stock market opened lower today in a continuation of yesterday's loss.

Prices were down 1 to 2 points at the close. A number of small gainers appeared.

Yesterday's market dropped sharply in the final hour after the Houston area learned plans for a cut in military forces. The Associated Press service was off \$2.29 at 3:15 p. m.

General Dynamics, heavily engaged in defense work, opened off 1/4. Greyhound was up by 1/2. United Fruit was up 3/8. RCA off 1/2 and U. S. Steel off 1/2.

**COTTON**

NEW YORK (AP)—Cotton was 19 to 70 cents at lower levels at today's session.

July 24.95, October 22.66, December 22.76.

**FORT WORTH (AP)** — Cattle 2,000; calves 400; steady good and choice spring lambs 11.00 higher 12.00-22.00; good and choice calves 17.00-21.00; good and medium 14.00-16.00; stock steers calves 14.00-16.00; strong steers yearling 14.00-17.00.

Hog 1.30; pork 25 higher; choice 16.00-17.00; good and choice 14.00-16.00; medium 13.00-15.00; small 12.00-14.00; aged hogs 7.00-13.00.

## THE WEATHER

**NORTH CENTRAL TEXAS** — Partly cloudy through Wednesday with scattered showers in extreme south this afternoon and tonight. A little cooler tonight.

**WEST TEXAS** — Partly cloudy through Wednesday. Wisely scattered showers in eastern Texas tonight. Cooler tonight. Wind west 26-46 in Panhandle and South Plains.

**SOONER FORECAST**

Normal minimum 45-55 in Panhandle and South Plains and 56-62 elsewhere. Normal maximum 84-90. No important changes until warmer about the weekend. Moderate to heavy rain to scattered showers about the weekend and in extreme south Wednesday.

## Colorado City Acts Toward Park And Recreation Setup

COLORADO CITY—The Colorado City Council passed an ordinance Monday night, creating a 7-man Park and Recreation Board, but delayed naming of the Board until the next meeting. The ordinance came as the result of work by the Chamber of Commerce-Civic Development Committee, headed by John Merritt. The committee has been working on a year round recreation program since early in the year and has asked the council

### LETTER TO EDITOR

## Racing, Racket Called 'Disgrace'

To the Editor:

It seems ridiculous to write you about a disgrace that takes place a few feet from your office. In fact, it takes place all over town as far as I can see and is ignored by most people, but it seems especially so in the case of the police. I personally made a trip to them to complain about the situation but it was a waste of my time and a bother to them.

Drug racing in this town seems to be the most popular thing to do and 900 block of Main Street seems to be the best track. It is wide enough to line up two or three cars; it has a convenient stop light (which gets run 99 per cent of the time) from which to start. Its lack of law enforcement is quite obvious. The fact that it has a hospital on one corner and a church on the other doesn't hinder things at all. These only make the punk racers try to coax a bit more noise from their straight exhaust. They race engines, screech tires, roar their exhaust and blow horns until the early morning hours every night.

I complained of this to the police station a week ago and was told Big Spring had neither the patrolmen nor the time to do anything about it. I was told if I didn't like it that I should take the license numbers myself and appear in court for each one I took. It seems to be a pretty poor way to tell a resident that if he wants the law enforced to enforce it himself.

Perhaps when these speed and race crazed (young people) on wheels kill someone, the police will be forced to do something about it. I certainly hope it doesn't take that long to bring some action on their part.

I am quite positive that there is a Texas state law prohibiting loud mufflers and straight exhaust. If I am correct, this is a complete farce as far as Big Spring is concerned. My family and I will leave Big Spring in a few weeks. Except for the drug races and the dust, we have enjoyed our stay. We will be glad to leave, though, if for no other reason than to be able to get safely across the street without being run down by some wild youngster in a loud car. I hope that perhaps you will editorially voice the danger and disgrace of such flagrant disregard for the law and for the safety of others.

Sincerely,  
Boyd L. Williams Jr.  
902 1/2 Main Street

## Outstanding Students Are Honored In School Program

Scores of boys and girls who have achieved distinction academically, athletically or in extra-curricular activities were recognized publicly Tuesday morning at Big Spring Senior High School.

More than an hour was required to read the roll of young people who held positions of honor or who had earned special awards during the year. Roy D. Worley, principal, said that next year the recognition ceremonies might be divided between athletics and academic. Tuesday's program was the first of what is planned as an annual series.

Awards were made to athletic honor individuals by Carl Cole, national (football and golf), Harold Bentley (track), Johnny Johnson (basketball, baseball, tennis), Arak Phillips (girls volleyball and tennis). Miss Phillips, who is leaving the high school to become director of women's PE at Howard County Junior College, was given a standing ovation.

Charlie Johnson was recognized as the only four-letterman in high school athletics this year. Jerry Graves was recognized as an All-America schoolboy player.

Academic recognition was made by Dell McComb, and Mrs. Betty Guin, who is a past recognition for outstanding students, honor winners, club officers, etc. Tom Henry Guin, who served as student council president, also served as president of the Texas Student Council Association. Benny Compton served as speaker of the house in the Y M C A youth-in-government

## HOSPITAL NOTES

**BIG SPRING HOSPITAL**

Admissions — Pearl King, Box 724; Ima Roney, 205 Nolan; William Ledden, Coahoma; E. W. Davis, Rt. 1; Lola Sargent, Stealing City, Et.

Dismissals — William Ray Odessa; Marie Gomez, Box 382; Martha McDama, 1227 E. 17th; Bobby Webb, Brown's Motel; Marion Wildman, Bynum; Rosenda Esquivel, 506 NE 8th.

**DEATHS**

Mr. Norman is survived by his wife, two daughters, Mrs. George Hickey of Denver, Colo., and Helen Norman-of-Houston; a granddaughter, a brother and several sisters. He is an uncle of Clyde Everheart of Lamesa.

## Dedication Set On Research Center

By DAVID J. WILKIE  
AP Associated Press

DETROIT, May 15 (AP)—One of the world's greatest industrial research centers, costing more than 100 million dollars, will be dedicated next week by General Motors Corp.

General Motors calls it the Technical Center. It occupies the central 330 acres of a 900-acre site at Warren, Mich., about 18 miles northeast of Detroit. It includes five central staff organizations—research, engineering, process development, styling and a service section. There are 25 buildings, ranging from gatehouses to large laboratory, office and shop buildings.

Some 4,000 men and women work at the center, where the emphasis is on advanced engineering and research.

Harlow H. Curtice, General Motors president, said in announcing plans for the two-day dedication ceremonies on May 15-16 that the center was "conceived as a means of assuring in the years to come accelerated progress in research, engineering and design, with the objective of a steadily advancing standard of living and more and better job opportunities."

"There are no 'todays' at the Technical Center," said Curtice. "This is our investment in 'tomorrows'."

The Technical Center's landscape has a campus-like atmosphere. The buildings, none higher than three stories, have clean, functional lines of contemporary architecture.

Eleven miles of road circulate through the technical center area. Tree-shaded pedestrian walks, as well as underground tunnels, connect the major Technical Center groups.

The major buildings at the center face toward three sides of a 22-acre artificial lake. In the lake, offering a "shiny" contrast to the block-like buildings, a stainless-steel-clad water tower stands on three columns and reaches 132 feet into the sky. Two fountains add to the beauty of the lake.

Within its respective sections of the huge center, the research staff develops fundamental information which may prove useful to any of the technical groups within General Motors. But it has also contributed broadly to technical enrichment of medicine by applying engineering know-how to medical problems.

## \$1,000 Bail Set For 2 Defendants

Chester Suel, charged with driving an automobile while intoxicated, second offense, was granted bail in the sum of \$1,000 Monday. He had not made bail Tuesday noon.

Bond in the amount of \$1,000 was also set for D. W. Self, charged with burglary.

## Theft Is Alleged

Charges have been filed against Louis McPhearson in Justice Court, alleging that he had stolen a set of Texas car license plates from a car owned by Norman G. Wood.

to consider a city recreation program with a paid director of recreation.

Councilmen pointed out that the creation of the new City Board did not commit the City to any expenditure.

The council also set a public hearing for its June meeting on the drainage problem of the central residential section of Colorado City. In building new subdivisions, the city had failed to provide for

their drainage, and most of the surplus water from these areas funnels into Chestnut Street. Much of the water from Chestnut as well as from other streets runs into 10th Street, where it spreads into yards and basements.

"There are several alternatives," City Manager Rollin K. Snetten told the council. "We could build storm sewers but it's unlikely that a bond issue to drain that one single area would pass. We could do nothing and let the people along the street (10th) protect themselves by raising their yards and building curbing around their basement openings. Or we could raise the curbing from Walnut Street to Oak Street. Or we could take the crown out of 10th street from Walnut to Pine streets and pave Pine Street to 8th, and then 8th to the river."

Snetten said that this plan—which would use 10th, Pine and 8th streets as open storm sewers—would cost \$4,500 to \$5,000.

Snetten added, however, that he felt that "property owners along 10th Street would prefer to put the water underground." He added that this would be an expensive undertaking.

The council decided to discuss problem with affected property owners and invited them to appear at the meeting on June 11th.

The council voted to spend \$1,850 to resurface six blocks of paving along 8th and 8th streets, which are used to carry water into the river. These blocks are lowered and the crown inverted to produce a gutter-like effect, such as is proposed on 10th Street.

The council also:

- (1) Voted to make the City National Bank of Colorado City the depository for city funds for two years.
- (2) Appointed Deffebach and Jorgenson of Snyder to audit City Books.
- (3) Appointed Jay Craddock Jr., Marion New and Henry Billberry to the board of equalization.

## 5 Needed For Scouting Trek

At least five more boys are needed to provide the minimum number for an explorer post troop being organized for a trip to Philmont Scout Ranch in northern New Mexico this summer.

Explorer Post No. 9 is sponsoring the trek which calls for departure June 23 with return July 11. Cost is \$38 per boy. Explorers are Boy Scouts 14 years or older in regular troops are eligible. Others interested are asked to contact Marshall Day, leader, at 1404 State Park Road, phone 4-5576, or call C. M. Epps at J. C. Penny Co.

## Rites Wednesday For Ex-Lamesan

LAMESA—Funeral services will be held Wednesday in Haskell for O. B. Norman, former longtime resident of Lamesa who died Monday in a hospital at Weatherford.

Mr. Norman is survived by his wife, two daughters, Mrs. George Hickey of Denver, Colo., and Helen Norman-of-Houston; a granddaughter, a brother and several sisters. He is an uncle of Clyde Everheart of Lamesa.

# Plenty Of Discrimination In North, But Not As Bad

**By BEM PRICE**  
 DETROIT, May 15 (AP)—The problem of race relations is not confined to the South.  
 There is racial discrimination in the North, certainly in the parts I visited. Many of the harsh things Southerners say about the life of the Negro outside the South are true.  
 But there is a difference: legal and actual.  
 The last time I was in Jackson, Miss., William J. Simmons, administrator for the pro-segregation White Citizens Councils, said, "Why don't you go up North and write about the way Negroes are treated?"  
 So I went to the North-South city of Baltimore and to New York, Chicago and Detroit.  
 The schools, I found, are integrated in all these cities. Negroes are working at jobs which are closed to them in the South. With the exception of Baltimore, Negroes come and go in hotels, restaurants and theaters.  
 Further, each of these cities in the past 10 years has adopted antidiscrimination ordinances — Baltimore just last month.  
 Each city has set up an active public commission against discrimination with the expressed mission of breaking down prejudice because of race, religion, ancestry or national origin.  
 There is nothing comparable to these commissions anywhere in the South.  
 There still is discrimination against Negroes in private employment in these four cities and barriers against them in private housing. A survey in New York, for example, indicates that 90 per cent of privately owned housing is not accessible to Negroes. All public housing is open to them, however.

**FOUND PARALLEL**  
 In Los Angeles, Associated Press reporters Graham Berry and H. D. Wilhoit looked into the racial situation and found that, with the exception of the housing field, it paralleled that in the four cities I visited.  
 "The Negro population," they report, "has a greater geographic spread in Los Angeles than probably any other city of comparable size in the nation."  
 Housing is the greatest single source of racial tension in all the cities I visited.  
 There are cities such as Cicero, Ill., adjacent to Chicago, and Dearborn, Mich., next to Detroit, which exclude Negro residents through community pressures.  
 And you can find instances in the North of mob action when a Negro family moves into an all-white neighborhood.  
 Where statistics are available it can be shown that Negroes account for most of the arrests for major crimes—two-thirds of the murders in Chicago, 69 per cent of all felonies in Detroit.  
 New York City does not break down its arrest figures by race. Deputy Police Commissioner Walter Aron explained why.  
 "We find," he said, "that crime is among the poor. It is not by race."  
 The majority of people on the general relief rolls are nonwhite—69 per cent, for example, in Detroit. Chicago gives aid to 53,433 dependent children, 75 per cent of whom are Negro.  
 Does the Negro flee the South just to get on relief rolls? The question was put to Welfare Commissioners Dan Ryan of Detroit, Henry McCarthy of New York City and Alvin Rose of Chicago. Their answers:  
 "I personally don't think the Negro moves North to get on welfare," said Ryan. "I think he comes in search of job opportunity."  
**COME TO WORK**  
 McCarthy said, "They don't come to New York to get on relief. They come to work."  
 "No," answered Rose, "and besides it is almost impossible to get on relief immediately. There is a residency requirement of one year in the state and six months in Chicago. They have to have all sorts of records too before they can qualify—birth records, school records, doctors' certificates."

All three commissioners told the same story: The number of actual employables on general relief is small. More than 75 per cent of the people on relief are the aged, the ill, mothers with young children, and children.  
 Despite the slums and the discrimination, Negroes still are pouring north and westward by the thousands. Even the most menial job pays between \$1.50 and \$2 an hour.  
 There are no really reliable figures on this migration and there won't be until after the 1965 census. One study, though, estimates that Negroes are arriving in Chicago at the rate of 2,500 a month. In Los Angeles, it was found that Negroes are arriving in the area at the rate of 1,500 a month. Many are coming directly from Alabama and Mississippi. Formerly the influx came largely from Louisiana, Texas and Oklahoma.  
 In New York I asked Roy Wilkins, executive director for the National Assn. for the Advancement of Colored People, to explain this migration.  
 "There is an old expression among Negroes," Wilkins replied. "It goes 'I'd rather be a lamp post in Harlem than the governor of Georgia.' There is discrimination in the North, but here you can agitate against it, seek the outlawing of it. It is being cut down steadily—in restaurants, theaters, parks, hotels, swimming pools and even schools."  
**NO RESTRICTIONS**  
 In New York, Los Angeles, Detroit and Chicago a Negro can—and often does—go to places he wouldn't even try to enter in, say, Memphis.  
 If he is well dressed and obviously able to pay his way he can register in any hotel, eat at any restaurant (though he might be seated by the kitchen entrance) and drink at any public bar. He can ride unsegregated on any bus, subway, train or airplane. He can use any public sanitary facility, drink from any fountain and sit where he pleases in any station.  
 In Baltimore, which has a Southern orientation, the barriers are breaking down. In the last two years Negroes have begun to patronize the stand-up, quick lunch counters in five department and almost all drug stores.  
 By and large the Negro in cities still works at the day labor and semiskilled jobs, but that does not tell the whole story. There has been a breakthrough on the white collar front.  
 In Detroit, Chicago and New York, Negroes can be found as sales personnel in the leading department stores. The communications industries in New York and Detroit are beginning to hire on the basis of ability, not color.  
 Scattered here and there in office buildings you will find Ne-

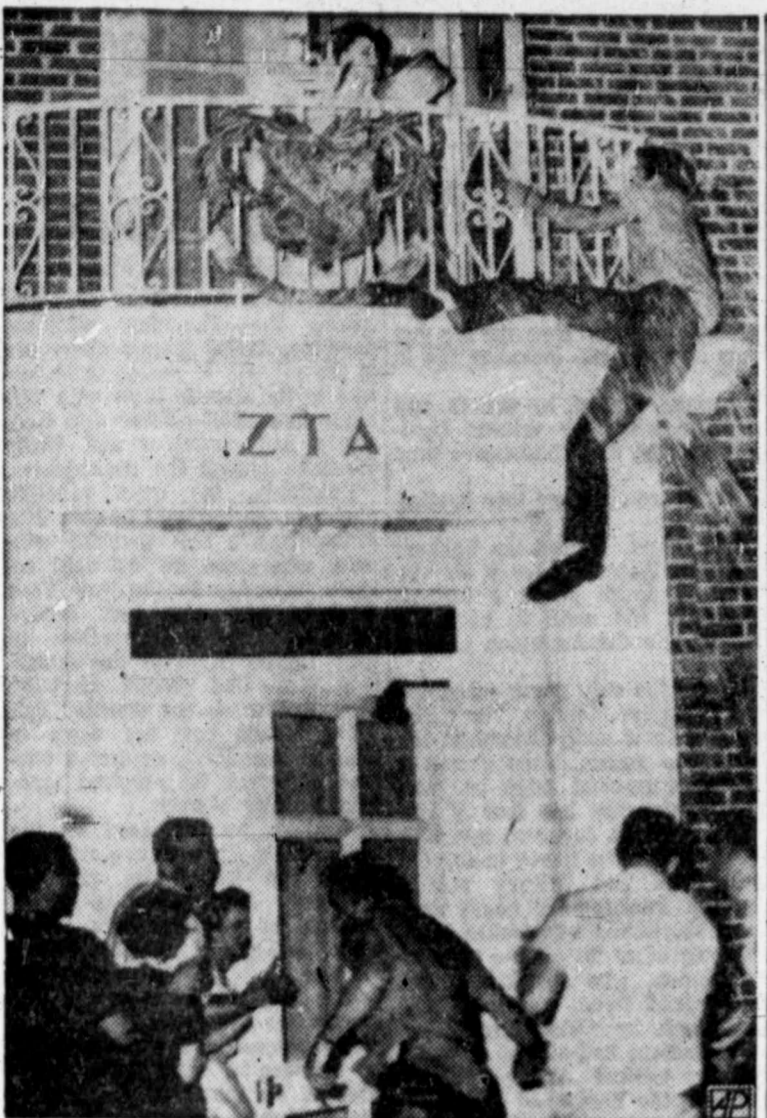

groes working as stenographers, bookkeepers and clerks. Negroes are nurses and technicians in hospitals. You will find Negroes operating buses and subway trains.  
 Detroit, Chicago and New York have opened civil service rolls to Negroes. There no longer is a place on job application forms for designation of race or religion. Baltimore recently voted to follow suit.  
 The net result is that in New York, Detroit and Chicago Negroes are working in all city government departments and as policemen and firemen.

**NOT ALL FOLLOW**  
 Even in these cities, although all labor unions incorporated in the AFL-CIO have antidiscrimination policies, not all follow the principle.  
 One of the great worries in the South, and the source of considerable agitation, is school integration. The schools in all the cities I visited are integrated. There are some all-white schools and some all-Negro, chiefly because the surrounding school districts are comprised of one race or the other. Most of the schools are mixed.  
 Another great worry to Southern parents has been "socializing" at school functions. Ed Lewis, head of the Urban League of New York, was asked how this worked out.  
 "Fine," he said. "The kids come if they want to. There are no social pressures. Negro kids are selected for positions of leadership. They go to mixed dances and have mixed bands. I find that if you give the kids a chance to handle a situation, they handle it. Monogrelization is pure propaganda."  
 In New York's Harlem I found

## New Cream-White Suppositories To SHRINK, SOOTHE, REDUCE PILES

**Use Hospital-Sponsored Formula**  
 Only pile formula sponsored by leading hospital. Experience with 76,000 rectal and colon cases at famous Thornton Minor Hospital showed how to check pain and itching and actually reduce swelling and shrink piles safely. Often puts off surgery indefinitely. Ask for new cream white Thornton Minor Pile Cones at your druggist's. \$1.00 package.

**Panty Raider Gets Doused**

An unidentified panty raider who climbed the balcony of the Zeta Tau Alpha sorority house on Southern Methodist University campus in Dallas, gets drenched with water for his efforts. About 300 male students gathered under a new moon and heralded the coming attraction by setting off aerial bombs and firecrackers. Several souvenirs of the unmentionable variety were taken by the raiders.

## Dawson Okays Widening Of U. S. 180 To Gaines

**LAMESA**—Dawson County commissioners Monday approved the 1955 audit report of Harold P. Wine, Ballinger.  
 The court also approved an order from the state binding the county to procure the necessary right-of-way for widening U. S. 180 from Lamesa to the Gaines County line.  
 Commissioners voted to modify their resolution of April 23 in regard to the purchase of an airport tract. The order was amended to include the purchase of 54 acres of land instead of 42 as previously agreed on with Raymond Orson, land owner.  
 Amendment to the order was made subject to participation of the city of Lamesa in purchase of the additional acreage.  
 Several other right-of-way matters were considered.  
 The architectural firm of Butler, & Kimmell of Lubbock was invited to meet with the court Friday to consider proposed hospital construction.

of land instead of 42 as previously agreed on with Raymond Orson, land owner.  
 Amendment to the order was made subject to participation of the city of Lamesa in purchase of the additional acreage.

## GENERAL MOTORS TECHNICAL CENTER

The 1956 Cadillac Coupe de Ville in the dramatically beautiful lobby of the new Styling Section at the General Motors Technical Center

We cordially invite you to visit our showroom this week to celebrate the formal opening of this great institution—and to see and drive the magnificent 1956 Cadillac.

The opening of the fabulous new General Motors Technical Center in suburban Detroit heralds a new era of automotive advancement. No ordinary manufacturer's laboratory, the Technical Center is the world's largest establishment devoted to research in the industrial arts and sciences. More than ten years in the building, it occupies over 330 acres and employs four thousand engineers, scientists, researchers and stylists.

We hope that you will visit our showroom to help us celebrate this historic opening . . . and to see, inspect and drive one of the most brilliant examples of General Motors progress in styling and engineering—the 1956 Cadillac.  
 In beauty . . . in luxury . . . in performance . . . in everything that makes a motor car a joy to own and to utilize . . . it is unmistakably the "car of cars."  
 We will be happy to see you at any time—to give you the keys for a personal demonstration drive—and to acquaint you with some news about cost and delivery that we think you will find difficult to resist.  
 We'll be looking forward to seeing you!

# Links 'Who's Who' Expected At Dallas

## Snead, Hogan Set To Play

DALLAS (AP) — Sam Snead already is entered and Buster Hogan is expected to come in and that will give Dallas' two golf tournaments carrying \$100,000 in prize money one of the finest fields of the year.

The first tournament, the Dallas Centennial Open with a purse of \$30,000, is scheduled May 24-27. First money is \$6,000.

The next week finds a \$70,000 tournament being thrown out to the hot spots of the links trail. It's the Texas International and it will be held May 31 to June 3. This one has first money of \$14,000.

Snead has formally entered and gotten his hotel accommodations, which means the colorful veteran, who picks and chooses among his tournaments now, definitely will be here. Buster Reed, tournament coordinator, talked with Hogan yesterday and will see him later this week. The Fort Worth great, who also plays in few tournaments each year, indicated he would be here.

Al. Dabney, president of Golf International, sponsor of the tournaments, said:

Ninety entries already have been received, including just about everybody who's anything in golf. Masters champion Jack Burke, National Open champion Jack Fleck, leading money winner Mike Souchak, National PGA king Doug Ford and British Open champion Peter Thomson are included in the field.

The entry is limited to 160 in each tournament and there will be to be some qualifying. Probably 60 spots will be up for grabs in each instance. A hundred will be exempt. They are the top men—national champions, members of the Ryder Cup team, Vardon Trophy winners, Walker Cup team members, etc.

Dabney said the money necessary to operate the two tournaments is "where we can get it." Also, he said if the tournaments failed to pay for themselves it wouldn't mean there would be none next year.

"The only thing that would cause us to abandon our plan would be for the people of Dallas to show they didn't want the tournaments," said Dabney. "We plan to make them bigger next year."

# LOOKING 'EM OVER

With Tommy Hart

Sports dialogue: "JOHN LANDY, Australian miller: "There are a thousand kids in Los Angeles (where he was running at the time) who could run a 4-minute mile—if they were physically fit. In 1950, I was plodding at 4:50. They talked me into some hard training at Melbourne University and in three weeks I was down to 4:19. Any boy of 23 or 24 who can run the mile in 4:20 can do it in 4:05 if he trains. Running a 4-minute mile is basically a matter of a lot of training, a lot of organization and a lot of thinking—and most athletes don't do that."

BIRDIE TEBBETS, manager of the Cincinnati Reds: "Normalee has returned to the National League. Last year, it was Chicago rather than Brooklyn which loused up the pennant race. The Cubs knocked off all the strong western clubs in the first few weeks and dumped us on a treadmill. We had no chance of catching up. As late as the all-star game in July, the Cubs were second, where they obviously didn't belong. But the damage had been done before they started to fade."

HANK AARON, Milwaukee player, when asked which pitchers give him the most trouble: "That Mr. Roberts (Robin of the Phillies) is pretty good. But I don't know the other fellows."

JIMMY DEMARET, insisting that golfer's two temperamental players, Don Cherry and Tommy Bolt, don't warm up for a tournament by hitting shots like other players: "They go to the practice area and throw clubs at each other."

BUD WILKINSON, Oklahoma football coach: "Lonnie Holland (freshman quarterback from Plainview, Tex.) is the best looking boy at dropping back and throwing I've seen in a long time. He's a very fine prospect. Funny thing about it is that Holland hit his targets in spring training without his contact lenses. The eye aids which Lonnie used in night games in high school bothered him in afternoon play and were being exchanged. We sent him to an eye doctor for an examination and the doctor called and said the only thing Lonnie could read on the eye chart was the top line. I don't know how he passes so well. I guess he's just throwing at blurs."

WARREN GILES, president of the National League: "I'm not a clock watcher at ball games. I don't believe there is any great urgency to speed up games. Too much emphasis is being placed on the time it takes to play."

JIM TATUM, new head coach at North Carolina: "This squad showed more progress in 20 days of spring training than any I have ever coached. It also demonstrated the biggest try. We are unusually strong in backfield talent. It could be one of the classiest crops of backs in the country. Our quarterbacks showed remarkable improvement in ball handling, and I believe we have the position filled. I consider my coaching staff the best I have ever had, and everyone is working hard to give Carolina a winner."

WACO SCRIBE DAVE CAMPBELL, on the SWC's problem of adding Texas Tech as a member: "Now comes the fatel hour, whether 'tis nobler in the mind to suffer the slings and arrows of outraged West Texans or to give in to this 'sea of troubles' and by submitting end them."

# Texas Little League Will Open Monday

Play in the Texas Little League will get under way Monday, May 21, and continue through Thursday, July 26, after which the championship will take part in the city playoffs.

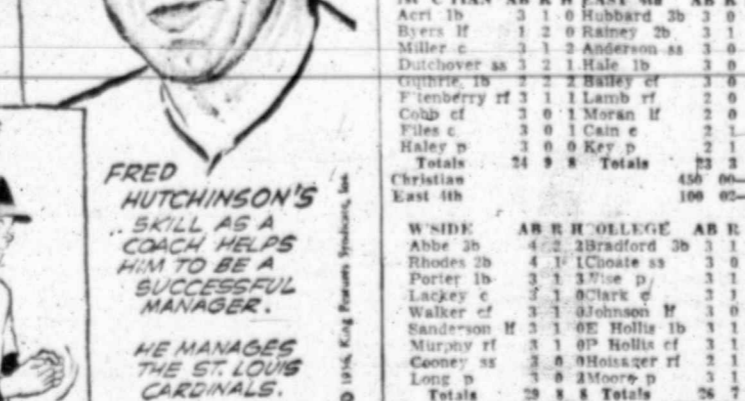

Four teams are poised for action, representing Reed Oil Company, Cosden, Local 826 and Big Spring Locker Plant or Amama Freezer. Each team will see action 18 times. The schedule will be divided into two sections, with champions to be crowned in each half. Bob Collier will serve as manager of Reed Oil. Bob White will pilot Cosden. Red Harrison heads Local 826 while Earl Morgan will boss the Amama team. All contests will be played in the Little League park on the Snyder highway, with the first game down for 6:30 p.m. and the second for 8:30 p.m.

The following schedule, the home team is listed first in all instances:

FIRST HALF: May 21—Reed Oil vs Cosden; Local 826 vs Amama; May 24—Cosden vs Local 826; Amama vs Reed Oil vs Local 826; Cosden vs Amama; May 28—Amama vs Cosden; Local 826 vs Reed Oil; June 1—Reed Oil vs Amama; Local 826 vs Cosden; June 4—Amama vs Local 826; Cosden vs Reed Oil; June 7—Reed Oil vs Local 826; Cosden vs Amama; June 11—Reed Oil vs Cosden; Local 826 vs Amama; June 14—Amama vs Local 826; Cosden vs Reed Oil; June 18—Reed Oil vs Local 826; Cosden vs Amama; June 21—Amama vs Cosden; Local 826 vs Reed Oil; June 24—Cosden vs Local 826; Amama vs Reed Oil; July 1—Amama vs Local 826; Cosden vs Reed Oil; July 4—Reed Oil vs Local 826; Amama vs Amama; July 7—Reed Oil vs Local 826; Amama vs Amama; July 11—Reed Oil vs Local 826; Amama vs Amama; July 14—Amama vs Local 826; Cosden vs Reed Oil; July 18—Reed Oil vs Local 826; Amama vs Amama; July 21—Amama vs Cosden; Local 826 vs Reed Oil; July 24—Reed Oil vs Amama; Local 826 vs Amama; July 28—Amama vs Local 826; Cosden vs Reed Oil.

SECOND HALF: June 21—Amama vs Cosden; Local 826 vs Reed Oil; July 4—Reed Oil vs Amama; Local 826 vs Cosden; July 7—Amama vs Local 826; Cosden vs Reed Oil; July 11—Reed Oil vs Local 826; Amama vs Amama; July 14—Amama vs Local 826; Cosden vs Reed Oil; July 18—Reed Oil vs Local 826; Amama vs Amama; July 21—Amama vs Cosden; Local 826 vs Reed Oil; July 24—Cosden vs Local 826; Amama vs Reed Oil; July 28—Amama vs Local 826; Cosden vs Reed Oil.

# John Harland Wins Medal Honors in Webb Tourney

John Harland has won medal honors in the first annual Webb Air Force Base golf tournament, which is being conducted at the Many Course here. Harland shot a two-over-par 75. In all, 32 players qualified and have been divided into four flights by W.O. (Junior) Maxwell, Muno pro. There is a possibility two or more players will join the field. Players have one week to complete each round of play. That means the first round must be completed by next Sunday. First round pairings:

# Sensation

A smiling lad is Dave Sime of Duke University who could potentially be the greatest sprint star of all time, according to coaches Jim Kehoe of Maryland and Weems Baskin of South Carolina. Sime bettered three records in the Atlantic Coast Conference track championships. He broke the world mark in the 220-yard dash and smashed the conference records in the 100-yard dash and 220-yard low hurdles. (AP Wirephoto).

# HC Athletes Get Awards

Varsity lettermen were announced at a banquet honoring Howard County Junior College athletes held at the Twins Cafe Monday evening.

Those winning varsity awards in basketball were Jim Blasingame, Wiley Brown, Jimmy Castles, Charles Clark, Ray Crooks, Ernie Davis, Al Kloven, Mike Powell and Jimmy Robinson.

Track lettermen are John Curtis, Tommy Black, Blasingame, Freddy Stuart, Charles Brown, Harold Hicks, Bob Jones, Max McCulloch, Robinson and Jimmy Airhart, manager.

Those earning baseball mementos are Jimmy Jolley, Glen Brawley, Don Isham, Jack Morrison, Kidd Waddill, Don Reynolds, Truett Newell, Ralph Murphree, Melvin Murphree, Gerry Hoover, Phil Gore, Jackie Williams and Powell.

Golf lettermen are James Underwood and Wilbur Cunningham. Junior varsity awards went to Bonnie Beard, Black, Silas Flournoy, James Skoen, Clyde Alexander, Buddy Mayes and McCulloch in basketball; Harold Baker and Billy McIlvain in track and Bob Patterson and Jimmy Montgomery in baseball.

# CHAMPIONSHIP FLIGHT

Harland vs Sgt. Payne; Fred Howard vs R. E. Abbot; Jerry McNoonevs Richard Murry; Sgt. Shipman vs Culin Grigsby.

# Lemon, Smith Team Up To Give Cleveland Win

By ED WILKS, The Associated Press. Last season you had to give odds to bet Bob Lemon wouldn't pitch a complete game. Now the big guy has gone the distance five straight times for the Cleveland Indians and has won 'em all—including two in a row over the suddenly not-so-terrible New York Yankees.

Lemon, troubled by a bum leg, had only five complete games all last season, although he won 18, and his last was on Memorial Day. This spring, it looked like more of the same when the veteran right-hander lasted only seven innings while losing to Chicago 2-1 opening day. It was the 21st consecutive time he had failed to finish.

He hasn't been shelled—or beaten—since, wrapping up Detroit twice, Baltimore once and then beating the Yanks in the rubber game of a three-game set last Thursday.

# SCHMIDT AND LOES Richards Takes Chance On Vets

BALTIMORE (AP)—Manager Paul Richards of the Baltimore Orioles, who sometimes shuffles his playing personnel as frequently as a deck of cards in a gambling casino, yesterday took a chance on two discarded pitchers.

In a move akin to drawing for an inside straight in poker, Richards purchased sore-arm Billy Loes from the Brooklyn Dodgers and veteran Johnny Schmitz from the Boston Red Sox.

Loes, who compiled a 10-4 record with the world champions last year, is only 26. But the eccentric right-hander has been sidelined most of this season with a sore shoulder muscle, diagnosed as tendinitis.

In his only appearance, he gave up six runs and five hits to the Pittsburgh Pirates in 1 1/3 innings. In practice since then observers said he "didn't have a thing." He had a 50-26 record with Brooklyn for five seasons.

Schmitz, presents a different problem: His record shows 93 victories and 111 losses over a 12-year major league career. During that stretch, he has played for seven different teams.

The 35-year-old left-hander had a 7-10 record for the last-place Washington Senators last season. No price was disclosed, but the Orioles were believed to have paid about \$20,000 for Loes and about \$15,000 for Schmitz.

# Goldman Feels Certain He Has A Champ In Calhoun

NEW YORK (AP)—Charley Goldman feels confident he'll have another champion to work with in another year in middleweight Remy Calhoun.

The tiny trainer of retired heavyweight champion Rocky Marciano believes he has the perfect candidate for new honors in the solidly built, 21-year-old from White Plains, N.Y.

"Another year ought to do it," said Charley after Rory blasted out reedy Randy Sandy in 2:46 of the first round of a telecast bout at St. Nicholas Arena last night. "Rory's a hard worker and learns fast."

It was the 21st straight victory and 11th knockout for the undefeated youngster, a pro only 20 months.

Getting the proper opponents is the major task for the brain trust of Goldman and manager Frank Bachman.

"We feel he's ready for anyone in the top 10 now," said Bachman. "I'm afraid though that some of those ranking fighters think he's too reedy."

Calhoun worked fast in making Sandy his fifth victim of the year. His first punch to the head—a flashing right—caught the 25-year-old New Yorker flush on the jaw and dropped him. He bounced up at two and stood for the mandatory count.

Right-hand blows to the jaw felled Sandy twice more for a total of three knockdowns in the round. After the third, Referee Ray Miller immediately waved his arms, signaling the technical knockout. Under New York rules, three knockdowns in a round and you're out.

A 34 favorite, Calhoun outweighed his victim, 160½ to 155½. "Golfers earning varsity monograms are James Lee Underwood and Wilbur Cunningham.

# Rigney Shakes Up Lineup, Hopeful Of Ending Slump

NEW YORK (AP)—Mystified at the sad state of affairs on his team, rookie manager Bill Rigney of the New York Giants ordered a "semi-shakeup" treatment for today's game with the Chicago Cubs.

Rigney is convinced the Giants are not a sixth-place team. He's equally convinced that Willie Mays is not a .299 hitter.

The shakedown system was popularized by Leo Durocher, Rigney's predecessor. When the club wasn't going well, Durocher pulled all stops and shuffled the players around willy-nilly.

Rigney doesn't want to go to that extreme, so he is concentrating on the batting order for the moment. Al Dark (0-for-13) is the new leadoff man, and Whitey Lockman (1-for-23) drops to No. 7. Don Mueller is No. 2.

"Maybe Mueller will get on base ahead of Mays," said Rigney, "and Willie will knock him in."

On the subject of Mays, who has just one hit in his last 14 trips to the plate, Rigney is hopeful that he is about to snap out of his slump.

"And if he does what I hope he will, the hits ought to start coming right away," said Rigney. "He's got to start hitting to right field, and I had him take advantage of our day off yesterday by working out. He's been trying to pull everything into the left field seats."

# All Big League Clubs Are Busy Paring Rosters

By The Associated Press. With little more than 48 hours before the Thursday midnight deadline, major league clubs are in the process of paring their rosters to the 25-man limit with veterans like relief pitcher Jim Konstanty and outfielder and Wally Westlake among the expendables.

Konstanty, the most valuable player in the National League with Philadelphia's 1950 pennant winners, was given his outright release yesterday by the New York Yankees who also sent second baseman Bobby Richardson to their Denver farm in the American Assn. and placed shortstop Billy Hunter on the disabled list.

The Yanks now are down to their 26-man limit, getting a one-man allowance for returned serviceman Billy Martin.

Westlake was released by the Philadelphia Phillies, two over the limit. The Phils also returned southpaw Bob Ross to Chattanooga of the Southern Assn. while swapping infielder Bobby Morgan for St. Louis Cardinal infielder Solly Hemus as part of last week's five-pitcher deal.

The biggest deal was the sale of sore-armed right-hander Billy Loes to Baltimore by the Brooklyn Dodgers for an estimated \$20,000. The Orioles to make room for Loes and southpaw Johnny Schmitz, purchased from Boston, sold right-hander Mel Hed to Minneapolis of the American Assn. and optioned Babe Birrer, another pitcher, to San Antonio of the Texas League.

Cincinnati sent relief pitcher Frank Smith and catcher Matt Batts to Nashville of the Southern Assn. to come within one of the 25-man limit. Cleveland optioned outfielder Dave Pope, exchanged for Hoot Evers from Baltimore Sunday, to Indianapolis of the American Assn. for a 31-man roster.

The Chicago Cubs were deciding where to ship outfielder Gale Wade and catcher Elvin Tappe to get down to the roster limit.

# Odessa JC Hosts Navarro Today

ODESSA (SC)—Odessa, baseball champion of the West Zone, plays Navarro JC of Corsicana here this afternoon, with the Texas Junior College Conference championship at stake.

Odessa beat out HCJC by one game for the West Zone title and won a first round bye in the playoffs.

Navarro nudged Paris, 4-3, last Saturday to gain the finals. Odessa is due to pitch Jimmy Coulter against the visitors.

# Lamesa Small Fry Launches Season

LAMESA—Little League play in Lamesa formally gets under way today with a doubleheader at Forest Park. The first game starts at 4 p.m.

In the opener engagement, the Lions meet the Kiwanians while the Jaycees oppose the Rotarians in the second go.

# All Stars Meet Goodfellow Nine

LAMESA—The Lamesa All-Stars, who recently split two games with the Fort-Bliss Falcons, meet Goodfellow Field of San Angelo in an 8 o'clock engagement here tonight.

# INSIDE BASEBALL for Little Leaguers

When giving signals to Little League players, the coach should not make them complicated. Nor should they be so simple that the opposing team can recognize them. One of the favorite signals in professional baseball is the skin-to-skin sign. Any time a coach rubs his hands together, touches his hand against his face or forearm or any other bare skin on his body, the signal is on. One danger in using this sign is that an absent-minded coach might scratch an itch on his chin and find the batter bunting the next pitch when the coach wanted him to hit away.

Coaches often give several signals in a row to confuse their opponents. The players on the team will be told that they should follow the first signal given in the first inning, the second signal given in the second inning, et cetera. To keep from tipping off the sign to their foes, the players should continue to watch the coach until he completes his signaling.

### LEGAL NOTICE

NOTICE TO BIDDERS  
Sealed proposals, addressed to the City of Big Spring, Texas, for the construction of a Fire Station will be received at the City Hall, Big Spring, Texas, until 5 o'clock P.M. on the day of May 15th, and then publicly opened and read. Bids must be plainly marked with the name of the bidder and the project proposed.

# Officers Plan Georgia Trip For Autopsy

JASPER, Tex. (AP) — Officers prepared today to go to Atlanta, Ga., to seek an autopsy on the body of a man slain in a gun fight on a ranch Christmas Day, 1954.

They hope to obtain bullets from the body of the victim, Roy Muench, 51, and determine the gun that fired them.

The duel flared when hunters were looking for a missing Gog near the hog and cattle pastures of two brothers, Sterling Garlington, 35, and Dalphin, 55.

The hunters, who accused the brothers of opening fire with only a hastily-called warning, were acquitted in July of charges of assault to murder the Garlingtons.

Released were Gerald Sanford, Travis Ellis and his son, Charlie, all of Jasper; Richard Morris, who since has died; and Clarence Willingham of Beaumont, a relative of Muench.

The brothers testified Muench was killed with bullets fired from the gun of one of the party of hunters.

Muench's body remained at a funeral home for 24 hours. No autopsy was performed before it was taken to Atlanta.

A Jasper County grand jury in January urged the commissioners court to provide expenses for the sheriff to go to Atlanta and request the autopsy.

Sheriff R. C. Pace, who took office six days after the gunfight and said he "inherited" the case, drew expense money yesterday to make the trip. He wouldn't say when he would go. County Atty. Ward Markley said "I've been invited to go and my bags are packed."

Dr. Joe Dickerson, who testified at the trial last July, and Ranger Harvey Phillips said they would leave Jasper for Atlanta tomorrow.

Miss World Splash Day

Miss Anna Laura Smith, 19, of Houston, was named Miss World Splash Day at the annual affair held in Galveston. Here the pretty miss holds the trophy awarded her for being picked over 13 other charming contestants.

# Attempt To Ferry Food To Plant Results In 2 Deaths

NIAGARA FALLS, N. Y. (AP) — An attempt to ferry food to the strike-bound local plant of the E. I. du Pont de Nemours Co. ended tragically yesterday when a boat overturned, drowning two of the company's chemical engineers.

George E. Wise Jr., 33, of Tonawanda, and Allan N. Brown, 31, of Niagara Falls, had been using an outboard motor boat to reach the plant on the Niagara River. A company spokesman said the two men were part of a non-striking supervisory force attempting to continue what he called "critical operations."

The factory has been picketed since yesterday morning by members of an 1,800-member independent union.

The strike is over contract details.

# Elderly Convict Writes Himself To Freedom

CLINTON, Ill. (AP) — An elderly convict with a prison record in six states and three foreign countries yesterday won his freedom on a writ of habeas corpus which he wrote himself.

James P. Duty, 68, said he wasn't "mad at anyone" after Circuit Court Judge Grover W. Watson upheld his writ and ordered him released from Menard Prison.

The white-haired and frail Duty, described by Warden Ross Randolph as a "very egotistical man who hated to be contradicted," composed the writ himself and wrote it out in longhand.

Duty was sent to Menard nearly two years ago for parole violation. The third time in five years he had been returned to prison on the same charge.

Randolph said Duty claimed to have been a lawyer but he said he doubted it "because he was in prison on and off again for the last 46 years and wouldn't have had time to go to law school."

Duty contended Illinois lost jurisdiction when he was paroled and voluntarily extradited to Virginia in 1934 after serving five years on a one-year to life sentence for burglary and larceny. Duty was arrested in 1929 near Waynesville, Ill., while driving an allegedly stolen car.

He was wanted in Virginia, where he escaped from prison in 1919 after serving a year following his conviction for burglary and larceny in Richmond.

Randolph said prison records show Duty was first arrested in 1910 at Little Rock, Ark., for grand larceny and served a 10-month sentence. Then, Randolph said, began a prison trail that led Duty to cells in Virginia, Arkansas, Illinois, Missouri, Colorado, Kansas and three foreign countries.

After his escape from a Virginia prison in 1919, Duty served short jail terms in Brazil, in 1920, London in 1921 and Paris in 1923. The sentences were for burglary, fraud and larceny.

Duty said he plans to visit a friend in Springfield, Mo., and then will go to California. He said he is not married and has no relatives.

# Boy, 15, Kills His Mother Over Auto

CHICAGO (AP) — A 15-year-old boy admitted last night police said, he fatally stabbed his mother because he wanted her car.

# Civil War Vet 110 Years Old

FT. BLACKMORE, Va. (AP) — This tiny southwest Virginia town basked once more today in the reflected glory of an old, old man.

It was the 110th birthday of John B. Salling, one of four remaining Civil War survivors.

Given good weather, the genial, black-haired old soldier expected to don his Confederate uniform, clamp a cigar in his mouth and go to the front porch in his wheel chair to greet the friends and well-wishers who usually drop around on his birthday.

And there was one thing you could bet on. He'd be wearing a hat.

Salling attributes his jet black hair to wearing a hat and never washing his hair.

The "General," as he's known to his friends, still has good eyesight, but his hearing is poor.

He can't get around by himself any more, but he retains a hearty laugh, still smokes two or three cigars a day and eats well.

The presents for Salling today included a Confederate shirt to go with his uniform and a 10-gallon hat. The uniform was given to him several years ago. The shirt is a gift of Virginia Gov. Thomas B. Stanley; the hat was sent by the Texas Rangers.

Salling's Civil War service was limited to digging salt-peter, which was used in the manufacture of gunpowder.

However, nobody dares belittle his service. The old Rebel asserts that he was in a company commanded by Capt. Lon Collins, and that he dug salt-peter for Gen. Robert E. Lee himself.

Salling is one of three surviving veterans of the Confederate Army. The others are William Allen Lundy of Crestview, Fla., and W. W. Williams of Franklin, Tex. The only surviving Union Army veteran is Albert Woolson of Duluth, Minn.

# 81 Cities Asked To TLM Meeting

Letters have been sent to 81 cities of West Texas inviting them to the regional meeting of the Texas League of Municipalities here May 23.

Big Spring is site of one of eight such conferences being held throughout the state. One will be conducted in San Antonio Wednesday, another will be in Amarillo May 21.

The first was at Harlingen April 24.

Others will be held in Mineral Wells on May 30, Greenville on May 31, Houston on June 22, and Henderson on June 13.

The meeting is for mayors, city managers, secretaries, and attorneys.

One of the topics to be discussed will be legislation which concerns city organization.

The program will begin at 9 a.m. at the Settles Hotel and continue through 4 p.m.

## BIG SPRING HERALD

# Martin And Barnes Due Degrees From No. Texas State

Floyd Martin and Glen Barnes of Big Spring are among 494 students who have applied for bachelor's degrees at North Texas State College this semester.

Baccalaureate services will be held Sunday, May 27, in the NTSU main auditorium, with the sermon by the Rev. John Marvin of the First Presbyterian Church, U.S.A., of Denton. Commencement exercises are scheduled for 8 p.m. June 1 in the west stadium of Fouts Field.

Martin, the son of Mrs. Ruby E. Martin, 1503-Vine, is a candidate for the degree of bachelor of science administration. He is a member of Phi Kappa Sigma social fraternity and the Interfraternity Council.

Barnes, the son of Mr. and Mrs. Wiley J. Barnes, 2206 Johnson, is a candidate for the degree of bachelor of science in physical education.

## George Cautious But Hopeful On Soviet Union's Arms Cut

WASHINGTON (AP)—Sen. George (D-Ga.) today cautiously described as a possibly encouraging development Russia's announcement it is slashing its armed forces by 1,200,000 men. George, chairman of the Senate Foreign Relations Committee, said the announcement "ought not to be hastily dismissed without careful evaluation."

Sen. H. Alexander Smith (R-N.J.) said in a separate interview he favors a "wait and see" attitude until "we can determine if Russia is really sincere." Sen. Humphrey (D-Minn.) commented that "Russia again has seized the initiative." And Sen. Fulbright (D-Ark.) said the Eisenhower administration had been outmaneuvered. All three serve on the Foreign Relations Committee.

The Russians said the announced cut of 1,200,000 men does not include 640,000 demobilized last year. And they added all the reduction will be in effect by next May 1.

The Moscow statement said the Soviet Union is "trying to make a contribution to disarmament." It challenged the United States, Britain and France to "contribute to the strengthening of peace" by following Moscow's example. It took no note of Western armed forces cutbacks since World War II.

The United States, at least, is expected to reject Russia's suggestion that it trim its armed forces further.

The Soviet move came as no surprise to officials here.

Secretary of State Dulles is known to feel it would be unsafe for the Western Powers to try to

match Russia in any manpower reductions. His argument is based on a premise that the West needs long lines of supply and communications while the Russians are set up with short lines in areas of potential conflict.

The Soviets now have roughly 4 1/2 million men under arms as compared with 2,849,695 for the United States.

Senators Wiley (R-Wis.) and Humphrey interpreted the Soviet move as a new effort to weaken the North Atlantic Treaty Organization, and as a possible blow at the administration's \$4,900,000,000 foreign aid program.

George, who accepted late yesterday Eisenhower's offer of a post as personal ambassador to NATO, said of the Moscow statement:

"It is impossible to tell what the Soviet leaders may mean by this announcement. It is too early to accept the conclusion that they have made any changes in their basic program which free people have long understood."

"However, the move toward the reduction of armies is encouraging and ought not to be hastily dismissed without careful evaluation. We shouldn't let our guard down, but we ought to be quite willing to take a careful examination which will take time."

## Henry Sample To Head Knott Board

KNOTT — The board of trustees for the Knott Independent School District has reorganized the board with all officers being re-elected. They are Henry Sample, president; Don Allred, vice president; and M. A. Cockrell, secretary.

The board will take part in the elementary school promotion exercises at 8 p.m. Thursday when the Rev. Ed Welsh, Phillips Baptist pastor, speaks, and in the senior commencement at 7:30 p.m. Friday when Walker Bailey, county superintendent, will talk.

## Students Register For Summer School

Pre-registration for summer classes at Big Spring High School has started and will continue through this week.

Principal Roy D. Worley urged pupils who anticipate taking work during the summer term to sign for the desired courses. The subjects to be offered during the summer will be based upon the demand, he said.

Registration may be accomplished in the high school office.

## Eden Wins Two Confidence Votes

LONDON (AP)—Prime Minister Eden won two votes of confidence by increased majorities last night on his refusal to give the facts about Britain's missing frogman and the government campaign to put down rebellion on Cyprus.

The Conservatives in the House of Commons beat back Labor motions against the government by an 87-vote margin on the frogman mystery and by 79 votes on the Cyprus issue. Nominally the government has only about a 60-vote majority over the combined Labor-Liberal opposition.

Despite strong Laborite criticism, Eden refused to give any more details about the disappearance of retired naval commander Lionel (Buster) Crabb. The 66-year-old war hero was last seen skimming in Portsmouth Harbor, near the Soviet cruiser which brought Premier Bulganin and Nikita Khrushchev to Britain.

Implying that further disclosures might reverse a trend toward improvement in British-Soviet relations, Eden gravely told the House:

"In this business I do not rest only on the national interest. There is also a very important international interest. I confess that what I care is that the outcome of our discussions (with Bulganin and Khrushchev) should, in truth, prove to be, as I have said—the beginning of the beginning. I intend to safeguard that possibility at all costs. I believe that that is the policy of the Soviet leaders and it is for that reason that I deplore this debate, and will say no more."

The Admiralty has said only

that Crabb disappeared while making diving tests and is "presumed dead." In a statement widely taken as confirmation that the diver was spying, Eden told the House last week that Crabb was operating "without authorization" and "what was done was done without the authority of (Cabinet) ministers." He added that disciplinary action was being taken.

The government also expressed regret to the Soviets after they protested in a diplomatic note.

## 'Cobalt Kids' Healthy Again

SYDNEY, Australia (AP)—Sydney's "Cobalt Kids" are reported back in normal health.

Four-year-old Christopher Richards and his playmate Mary Coleman, 3, picked up a capsule of radioactive cobalt 60 while playing near their home last month.

The capsule had been used by a company examining joints in newly laid gas mains.

Tests showed the children's blood count low and doctors believed they might be victims of radiation.

Christopher's mother Mrs. A. F. Richards said that the children's blood count is back to normal. They received no special treatment, she added, only blood tests.

## Graduation Events Set At Westbrook

WESTBROOK—Commencement exercises for graduates of Westbrook high school for 1956 are scheduled for May 21.

The grade school graduates will receive their certificates on May 18 at 8 p.m.

The Rev. Jack Ellzey, pastor of the First Methodist church, Colorado City, will deliver the commencement address for the seniors. Exercises are scheduled to begin at 8 p.m. The ceremonies will be in the Westbrook gymnasium.

Bill Basham, minister of the North Side Church of Christ, Colorado City, will deliver the baccalaureate sermon on May 20.

Graduates who are to receive their diplomas are Mary Beth Lewis, Faye Cook, Jannette Crenshaw, Sue Clark, Sandra Langley, Lloyd Hart Jr., Lloyd Raschke, Jimmy Moody, Mike McKenney, Emmitt Matlock, Gwynn Andrews, J. E. Salley and Ray Moore.

Class sponsors are Mrs. S. A. Walker and Mrs. Bass Hines.

The seniors are to leave on May 23 for their annual graduation trip to cities in South Texas and Louisiana.

Grade school graduates are Brenda Butler, Rex Casewell, Grady Davis, Linda Hart, Dickie Lowry, Linda McMahon, Gary Parrish, Lynell Phillips, Brenda Putnam, Jeanette Read, and Charles Rees.

## Coahoma Grads To Hear Dean Of McMurry College

COAHOMA (SC)—Dr. Joe C. Humphrey, academic dean of McMurry College, will deliver the commencement address for the graduating class at Coahoma High School at 8:15 p.m. Thursday in the school auditorium.

Dr. Humphrey's topic will be "Three Great Decisions." He was extended the invitation to give the commencement address by H. L. Miller, superintendent.

A former member of the Texas Legislature, Dr. Humphrey became academic dean at the Abilene Methodist college in August, 1955. Prior to that, he was dean of the faculty at Shepherd College in Shepherdstown, West Virginia, for three years.

Dr. Humphrey was formerly connected with the Abilene public schools as teacher and administrator for 17 years. He first came to Abilene in 1931 to teach history and government for two years at McMurry.

From 1933 to 1945, Dr. Humphrey was head of the social studies department at Abilene High School, and was assistant principal from 1939 to 1945, when he became principal. Dr. Humphrey resigned at Abilene High School in 1950 to teach and study at George Peabody College in Nashville, Tenn., where he received his doctor's degree in 1952.

He holds the B. A. degree from

DR. JOE HUMPHREY

Southwestern University, and the M. A. from Southern Methodist University. From 1940 to 1945 Dr. Humphrey represented Taylor County in the Texas House of Representatives.

The McMurry dean is a past chairman of the association's legislative committee during the time in which the Gilmer-Sikes school legislation was being formulated and enacted.

### FIRST CHANGE IN 40 YEARS

## Coca-Cola Distributing Two New Larger Bottles

The familiar Coca-Cola bottle now has two "big brothers."

New king-size and family-size bottles of the famed soft drink—the first packaging change in 40 years—will go on sale this week in local food and beverage stores in the territory served by the Texas Coca-Cola Bottling Company.

Jack Roden, manager of the Big Spring plant, announced that shoppers here will be seeing the new-size bottles in advance of most of the rest of the country.

"It will be at least several months before the new sizes are sold on a national scale," Roden said. "The reason more cities don't now have them is because certain plant equipment has to be converted to handle the new packages. In some cases, this is a relatively simple change, in others it is a major job. Also, many plants have to install completely new machinery, as in our case."

A shift in the public's consuming and buying habits has brought about the new bottles, Roden explained.

"Only ten years ago, most soft drinks were sold in drug stores, luncheonettes, ball parks, offices, and factories," he said. "Today all that has changed. Now people are drinking more soft drinks at home than anywhere else. And the trend is growing. Take-home sales, for example, have increased every year since 1948. Five years ago, 40 per cent of the soft drinks were consumed at home. Now it's over 50 per cent."

For home consumption, Roden pointed out, the public has shown it wants soft drinks in a variety of bottle sizes because of the convenience.

"We know, for instance, that when buying for the home, eight out of ten people buy soft drinks in one size only," he said. "Whether it's standard, medium or large. This means people don't usually switch from one bottle size to another. So, by making it available in a second and third size, we hope to put Coca-Cola into many more

homes where a larger bottle is preferred."

A second reason for introducing the new packages, he said, is the trend toward suburban shopping, particularly in large food stores.

"Today more people are buying their groceries one day a week. With larger bottles, they can carry home more drinks at a time. Also, larger bottles require less storage space than the same quantity in smaller bottles."

The emphasis on food store buying, said Roden, is shown by the fact that soft drink sales in these stores have increased 500 per cent since 1938. He added that today three-fourths of all take-home sales are made in food stores.

He pointed out the introduction of the king-size and family-size bottles—still of the traditional "pinch-waist" shape—doesn't mean Coca-Cola intends to neglect the standard 6½-ounce bottle, which traces back to 1915.

"We think there's a need for all three," he explained. "Surveys show the majority of the public prefer the standard size, since it is ideal for individual drinks. In fact, a million cartons of it are sold every day. But we also think there are many people who want the convenience of another size, depending on the occasion."

Roden said the new bottles will not be in all food and beverage stores this week. Complete distribution throughout the territory will take several more days.

## Students Begin Vacation Early

POMONA, Calif. (AP)—Some 1,500 students are beginning their summer vacation a month early because fire destroyed this city's only high school.

The student body left the 35-year-old structure quickly and without any injury yesterday when flames swept through its rooms, causing a loss estimated by school officials at \$500,000.

Two months ago voters approved a 7½-million-dollar bond issue, including two million dollars for a new high school in West Pomona.

## Guns Blaze In Formosa Region

TAIPEI, Formosa (AP)—Guns blazed in the Amoy-Quemoy area today in the heaviest action between Chinese Nationalists and Communists in more than two weeks.

The Nationalist Defense Ministry said the Reds fired 638 shells at the two offshore islands of Quemoy and Little Quemoy during a three-hour period. The Communists let go 150 shells in the first 15 minutes.

The Nationalists began firing back soon after the Reds opened up, but the volume of the counter-fire was not disclosed.

## Bad Start On Job

WALLINS, Ky. (AP)—Charles Harris isn't so sure he will like being Wallins town marshal.

He was appointed to the job Monday.

His parked car was destroyed by fire Wednesday and he believes it was deliberately set.

State police are helping with an investigation.

## U.S. Families Join Men On Formosa

TAIPEI, Formosa (AP)—Ninety-six wives and children of U.S. servicemen in Formosa have arrived at the north coast port of Keelung aboard the military transport W. A. Mann. The families joined men attached to the U.S. Military Assistance Advisory Group.

## Legislature Rejects Tax, Office Bills

BOSTON (AP)—The Massachusetts Legislature has rejected proposals for four-year terms for the govern-

nor and other state officials and for a graduated state income tax. The rejections came in marathon joint session which started at 3 p.m. yesterday and ran until 3:15 a.m. today.

County 4-H Selects Delegates To State

Rosalie DeVaney, Neva Jackson, Tommy Newman and Muri Bailey are the official delegates selected to represent the Howard County 4-H clubs at the Texas 4-H Club roundup in College Station on June 12, 13, and 14.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled as they ate. Just the thought of eating in fear of this happening to you just sprinkle a little PASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

Artistic Little Man Leads Indonesia From Colonialism

By OLEN CLEMENTS
JAKARTA, Indonesia (AP)—Had Achmed S. Soekarno been born under different circumstances and at a different time he might have been an artist, although maybe not a very good one.

dabble with paints, reads Western philosophy, loves music and, through Moslem law, has two wives. To Soekarno fell the role of leading Indonesia out from under Dutch colonial rule which had lasted 27 years, during which Soekarno spent 12 years in prison, and

another period, during World War II, as a Japanese puppet. Because of this background the man who tomorrow begins a two-week visit to the United States as a guest of President Eisenhower has rarely been separated from controversy.

No one here doubts Soekarno's leadership in achieving independence for 82 million Indonesians, most of them illiterate, scattered in an island chain as long as the distance from Seattle to Miami.

# Supreme Court Bans Review On Sedition Laws

WASHINGTON (AP)—The Supreme Court Monday refused to reconsider its decision that state sedition laws have been superseded by the 1940 Smith Act and subsequent federal acts.

The April 2 decision threw out the Pittsburgh conviction of Communist leader Steve Nelson under Pennsylvania's sedition law. Nelson also was convicted under the Smith Act and has an appeal pending in that case.

Chief Justice Warren, author of the high court's 6-3 opinion in the state sedition case, said a study of federal laws led to the conclusion that Congress intended to occupy the field of sedition.

Bills have been introduced in Congress to nullify the effect of the decision.

Thirty-four states, Alaska, and counsel for Allegheny County, Pa., joined in a petition asking reconsideration and reversal by the court "for the safety, security and best interests of the entire nation."

In a separate action Monday the Supreme Court agreed to speed up official notification of its April 30 decision in which it put off indefinitely a ruling on legality of the 1950 Communist registration law.

The court said the Subversive Activities Control Board should reconsider a finding that the U. S. Communist party is controlled by Moscow and must register under the 1950 law. It told the board to give the party a chance to discredit three government witnesses, or disregard their testimony entirely.

The Supreme Court's mandate, or notice of its decision, normally is issued only after 25 days or so. The Justice Department asked that the notice go at once to the Court of Appeals here, so the board may carry out promptly the April 30 instructions.

An answer by the Communist party opposed the government request. The party said it may wish to file a petition asking the high court to reconsider its April 30 decision, and urged that the customary time be taken to send out the mandate.

Rejecting the Communist party opposition, the court in an order Monday said the mandate would be issued "forthwith," meaning just as soon as this can be done by the clerk's office.

In other actions the court:

1. Refused to review unsuccessful government efforts to cancel the citizenship of Albert Anastasia, reported head of the old Brooklyn Murder, Inc., mob.
2. Refused to rule on a University of Alabama challenge of an order requiring it to admit Autherine J. Lucy and other Negroes qualified to become students. The university contended U. S. District Judge H. H. Grooms of Birmingham lacked authority to issue the order.
3. Denied four Maryland farmers a review of efforts to bar from their properties Department of Agriculture agents who sought to determine the acreage planted in wheat.

A Visit To Storybook Land

Blind since infancy, 4-year-old Kathy Smith learned just what groupings are talking about when they read stories about woolly lambs when she and six other blind children visited Storybook Land, a new children's playground in Dallas. Many of the stories that have lulled the children to dreamland in their own beds came alive as they wandered from one wonder to another, reaching out their exploring fingers to everything.

# Johnson Faces Tussle If Adlai Loses In California

WASHINGTON (AP)—Sen. Lyndon Johnson (D-Tex.) apparently will be in the thick of efforts to find a substitute candidate for the Democratic nomination if Adlai Stevenson is knocked out of the race by a loss to Estes Kefauver June 5 in California.

That's the thinking of most politicians in Washington.

Johnson, assured of a favorite son designation, will share with Speaker Sam Rayburn control of Texas 56 presidential nominating votes at the national convention.

The Senate majority leader has indicated he is not going to foreclose himself from the nomination until he can be relatively certain that it will go to a "moderate."

Close friends said Johnson doesn't want the nomination this year but would like to remain in a position to bid for it in 1960 if he feels the time is ripe.

As a favorite son candidate at Chicago, Johnson's friends said votes from other Southern states may add about 200 votes to the Texas total in early balloting. This could put Johnson up among the leaders, if present trends continue.

On the basis of his present health Johnson apparently could accept the presidential nomination if it should come his way. He doesn't believe it will, however, and is considerably more concerned about getting a nominee who will keep the party together.

Johnson has said he wants the "forces of moderation" to take control at Chicago and "write a platform on which both Sen. Lister Hill of Alabama and Sen. Herbert Lehman of New York can run together for re-election."

If Stevenson survives the California primary battle with Kefauver he will have to get a "moderate" party platform to get Johnson's backing.

# Methodist Cabinet Meeting Set Here

Bishop William C. Martin has convoked his cabinet meeting for a pre-conference session here Friday at 3 p.m. in preparation for the annual Northwest Texas Methodist conference.

The annual meeting, which will attract approximately 1,000 lay and clerical delegates to Big Spring during five days next week, will have Bishop H. Bascom Watts of the Nebraska Area as the conference preacher. The Youth Fellowship is being held this year in connection with the conference.

The cabinet will be in session at the First Methodist Church Friday afternoon and evening and part of Saturday. Bishop Martin will go to Abilene Saturday evening for special services at McMurry College.

Preparations for housing delegates are being rounded out by the host First Methodist Church, along with the Wesley and Park Methodist Churches. The conference proper begins May 23.

Business will include the presentation to the conference of the continuation of the campaign for funds to build a dormitory and a classroom building at McMurry college, Abilene, and to add to the \$900,000 authorized to be raised by the last annual conference the amount of \$310,000.

Recommendation from the conference board of missions will be the continuation of Advance Specials for Latin American work, educational work in Japan and Alaska; and a building program for the West Texas State College Wesley Foundation at Canyon, which will be the conference Advance Special.

Advance Specials are projects covered by over and above conference or local budget giving. This quadrennial campaign for the Canyon Wesley Foundation is expected to cost \$40,000, \$20,000 for a parsonage and \$20,000 for remodeling and enlarging the present student center. Methodists enter a new quadrennium June 1 and emphases adopted for the new period are to be completed June 1, 1960. Total program of the church is based on four-year periods.

Also expected is a report from a special commission on study and action in the annual conference. This commission was established at the last conference session to study ways in which the conference can serve more effectively. It will report its study and suggest plans to the conference.

Commission on town and country work members have requested time on the conference program in order that they may present rural pastor awards.

Dr. J. Chess Lovern of First Methodist Church, Lubbock, will preach the memorial service on the opening morning.

Episcopal Men To Hold Meeting

The Men's Club of St. Mary's Episcopal Church will meet at 7:30 p.m. today at the Howard House for the regular third Tuesday gathering.

Dan Krausse and Capt. Harold Tibbs have planned the program for the evening. All men of the church are urged to attend the fellowship meeting.

# Kitchen space does double duty

## with a combination Freezer-Refrigerator

If you need more frozen food storage space, but are limited in kitchen floor space, the Combination Electric Freezer-Refrigerator offers a practical solution to your problem.

Two appliances in one, the Combination Electric Freezer-Refrigerator provides a big capacity freezer section for storing large quantities of frozen foods... plus a

roomy refrigerator section for fresh foods of all kinds. Its compact, space-saving design makes possible the benefits of "freezer living" for any home, regardless of kitchen size.

Combination Freezer-Refrigerators are available with the freezer section at top, bottom or at one side. See them at your favorite store that sells electric appliances.

# Now! The ride that's amazing the country!

NOT just other trucks, but even cars, are being put to shame by the astonishing ride of our Blue Chip GMC with Road Shock Damper Suspension!

It smoothes every jolt and jounce. It blots up even little sharp vibrations from road joints. You drive at normal speed over washboard roads where others crawl—and there's no slewing.

no wheel wrench, no punishment for truck OR driver.

This sensational performance already is creating a landslide demand. You'll see why when you try the RSD ride. And we want to book you for one right away.

So come in. We'll give you the details and arrange for the proof. Drop in today.

\*Standard on the Suburban; optional at moderate extra cost on all other 3/4-ton models.

## Supreme Court's 'Error' May Cost Railroad Worker \$90,000

NEW HAVEN, Conn. (AP)—"Oh my God," said Raymond G. Cahill. "You mean they are going to take it away?"

The 24-year-old railroad brakeman was talking about \$90,000 he was awarded by a U.S. District Court jury for injuries received while working on the New Haven Railroad.

A reporter had just told Cahill that the U.S. Supreme Court, which upheld the award last fall, had reversed itself and sent the suit back to a U.S. circuit court. The railroad already had paid Cahill the money, and he has spent a good part of it.

"I'll be honest with you," he said. "I have three children, and I bought a piece of property and I'm building a nominally priced house on it, about \$12,000. I paid all my bills, about \$20,000, and I bought a station wagon. I haven't even bought a suit of clothes for myself."

As Cahill talked to the reporter on the telephone, a woman at his home started to sob in the background.

"That's my wife," Cahill said. "I'll have to hang up now. I've been disappointed so many times, one of us has kind of got to keep from going to pieces."

The Supreme Court's decision yesterday was 5-4. Last fall it was 5-4 in upholding Cahill's award.

The justice who changed his mind and swung the court the other way yesterday was Sherman Minton.

The minority four protested reopening the case and sending it back to the lower court. "There should be a finality somewhere," the minority opinion said.

Cahill was injured by a truck that started up suddenly while he was flagging traffic behind a stalled train here. He claimed he was told to work in a dangerous place without being warned.

A District Court jury awarded him \$90,000.

Then a circuit court reversed the award and last Nov. 21 the Supreme Court upheld the award.

But in March the railroad asked the Supreme Court to send the case back to the circuit court for consideration of a single point—whether the trial judge properly admitted evidence of previous accidents at the spot where Cahill was injured.

Now the Supreme Court has sent the case back, saying, "We deem our original order erroneous and recall it in the interests of fairness."

**Protests Noise Of Trucks On Streets**

To the Editors:

We have been transferred to your city, and we think it a very fine place to live. Your people here are most friendly and each one in his own way tries to help.

We are living here at the Howard House and enjoy it to the utmost. Your streets are nice and wide and the traffic seems to flow pretty smoothly—except, why do we, that make our homes in your hotels, . . . have to contend with those motor trucks day and night. They go rushing up Third Street, gears clashing, shifting and that exhaust pipe puffing like mad.

No one can get a complete night's sleep. In our living room you cannot carry a conversation without waiting for trucks to pass. Isn't there some way they can be re-routed? Isn't it detrimental to the pavement, that constant pounding of the wheels? Doesn't the city or state have an ordinance against this?

Respectfully,  
Mrs. D. J. Hamahan

**Jury Forming For Ranch Death Trial**

MERIDIAN (AP)—Some 22 veniremen of a panel of 54 remained to be questioned today in the murder trial of Dallas attorney Norman Hamilton in the slaying Dec. 11 of his ranch foreman, Clarence Bethke, 28.

Five jurors were selected yesterday.

Bethke was killed at Hamilton's ranch home between Meridian and Lake Whitney.

**Rhodesia Seeking U.S. Immigrants**

NEW YORK (AP)—Hubert Pontier, president of the Federation of Rhodesian Industries, says he is seeking 3,000 to 4,000 young American couples to settle in the Central African Federation. He is starting a tour of college campuses in his effort to recruit emigrants for the new country.

**Small Crop Seen**

WASHINGTON (AP)—The U.S. 1956 domestic cotton crop "may be the smallest in 75 years," the Agriculture Department predicted yesterday.

## Texas Tall Tale No Denomination, Just Speculation

HAMILTON, Bermuda (AP)—The U. S. housing commissioner told a Texas tale today to show how big the building boom is in the Lone Star state.

In a message sent to a convention of the National Savings & Loan League aboard the cruise ship Queen of Bermuda, Norman P. Mason said:

"I recently visited a part of Texas where a lot of building was taking place. Homes were rising in all directions and among them was a fine modern church. I gazed with admiration at this structure and naturally asked what was the denomination.

"The answer from the builder was unexpected. He said, 'It hasn't got any denomination. I am building it on speculation.'"

## Army Review Board Tosses Out POW Death Conviction

WASHINGTON (AP)—An Army review board has thrown out the court-martial conviction of Sgt. James C. Gallagher on charges of killing two fellow U.S. soldiers in a Communist prison camp in Korea.

The three-man board's action is subject to review by the U.S. Court of Military Appeals, which may approve its findings or reinstate the original life sentence.

Gallagher, 44, of Brooklyn, N.Y., is confined at Ft. Leavenworth, Kan. He was sentenced Aug. 19, 1955, to life imprisonment after being convicted of throwing two fellow prisoners of war out of a hut and leaving them to die in subzero weather.

The prisoners were Cpl. John W. Jones of Detroit and Cpl. Donald

T. Baxter of Waukon, Iowa.

The review board held that the court-martial lacked jurisdiction. It said Gallagher was discharged after his enlistment expired Oct. 27, 1953, and that he re-enlisted the following day. The board, citing a 1949 Supreme Court decision, said this constituted a break in his service which precluded bringing charges against him based on events in his previous enlistment.

**Study Date Set**

WASHINGTON (AP)—The Federal Reserve Board has set early 1957 as target date for completion of a study of consumer installment credit. The survey may help to determine whether standby credit controls are needed.
