VOL. 29, NO. 1      AP WIRE SERVICE      BIG SPRING, TEXAS, FRIDAY, JUNE 8, 1956      PRICE FIVE CENTS      SIXTEEN PAGES TODAY

## Brady Man Victim Of Explosion

BRADY, Tex. (AP)—Sam McCollum III, whose testimony helped send state Land Commissioner Bascom Giles to the penitentiary, was critically injured in an automobile bomb trap today.

McCollum, in testimony in the veterans land scandals trials of Giles, said he overheard a telephone conversation in which Giles said he would take \$15,000 for his part in a veterans land deal in Dimmitt County, Tex.

Witnesses at the scene told Bob Wilson of the Brady Standard that McCollum's right leg "was blown off to pieces" and that his left leg was shattered.

The explosion blew the steering wheel and dashboard back against the attorney, 37, pinning him in the car. The Brady Fire Department freed him.

Police Chief Golden Jones said that the explosion occurred when McCollum turned the ignition key in his 1953 Mercury station wagon about 8 a. m.

Chief Jones said the bomb was under the hood and that it was wired to the ignition.

L. C. Atherton, manager of the Brady Hospital, said that McCollum suffered two compound fractures of each leg.

In addition, said Atherton, he suffered "puncture wounds in the abdomen and chest."

McCollum mumbled a few words while being removed from the station wagon, but they were not intelligible.

The attorney had entered the car to go to his office in downtown Brady. It was parked in front of his unpretentious, 6-room frame home.

His wife and child were in the home, 30 feet from the car, when the blast shattered the front end of the vehicle. They were not injured.

The explosion shattered the front windows of the home, and was heard in downtown Brady, 16 or 17 blocks away. The blast knocked objects from the walls of the McCollum home.

The lawyer's father was a noted West Texas attorney, and his son was considered well-to-do.

McCollum, in addition to testifying for the state against Giles, was named as a key witness in the trial of B. R. Sheffield, Brady.

## Senate To Be Battleground On Foreign Aid

WASHINGTON (AP)—The Eisenhower administration, rebuffed in the House, turned today to the Senate for support of the foreign aid program.

The White House announced Senate leaders of both parties have been asked to meet with President Eisenhower Monday in an effort to restore House cuts in the multimillion-dollar program.

A similar bipartisan conference with House leaders was held this past Tuesday, but the House yesterday ignored the President's plea and upheld a \$1,109,000,000 committee cut in his \$4,900,000,000 request.

The Monday meeting will take place at the White House at 4:30 p. m. EDT.

On the Republican side the President invited Vice President Nixon, Minority Leader Knowland (Calif.) and Sens. Millikin (Colo.), Bridges (N.H.), Saltonstall (Mass.), Wiley (Wis.) and Smith (N.J.).

Among Democrats, he asked Majority Leader Johnson (Tex.) and Sens. George (Ga.), Clements (Ky.), Hennings (Mo.) and Green (RI).

A second major battle shaped up in the House today over whether to continue military and economic help to Communist Yugoslavia.

With administration support, House Democratic and Republican leaders tried to ward off stiff congressional demands to end aid to the country whose President Tito is now visiting and soliciting closer ties with Russia.

Speaker Rayburn (D-Tex.) and House GOP Leader Martin of Massachusetts, beaten in their effort to restore funds President Eisenhower had asked for military aid, were not optimistic about their chances on the Yugoslav issue.

Eisenhower asked 30 million dollars in economic aid to Yugoslavia, plus a larger but secret amount of military assistance. The House Foreign Affairs Committee voted to chop the 30 million in half.

Chairman Richards (D-SC) scored a dramatic victory yesterday when the House backed up the committee-approved cut of \$1,109,000,000 in Eisenhower's \$4,900,000,000 request.

Eisenhower, through a "Dear Joe" letter to Martin, joined personally in strenuous efforts by Martin and Rayburn to restore 600 million dollars of the committee cut.

Martin read to a hushed House Eisenhower's letter saying "America's security and our partnership with like-minded nations in the world will be seriously impaired" by the committee slash. Rayburn said "it is necessary for the security of the country" to vote more money.

But in a rare repudiation of the joint leadership efforts, the House by a 192-112 standing vote turned down the 600-million-dollar restoration amendment offered by Rep. Brooks Hays (D-Ark.) A majority of Republicans on hand voted against Eisenhower's request.

# Ike Sent To Hospital With Intestinal Upset

Diplomatic Delivery

Georgi N. Zaroubin, left, Russia's ambassador to the United States, meets with Jacob D. Beam in the diplomatic reception room at the State Department in Washington as he calls to deliver a new letter from Soviet Premier Nikolai Bulganin. The letter is one of several exchanged between Bulganin and President Eisenhower. Beam is Deputy Assistant Secretary of State for European Affairs. (AP Wirephoto).

## All Of Odessa Jail Breakers Are Recaptured

ODESSA (AP)—West Texas officers today captured the last two men who were still at large following a jailbreak here in which six prisoners escaped.

Last to be captured was Thomas O. Collier, 21, who was seized about 8 a. m. today at the home of relatives in Odessa.

Also captured today was 26-year-old Richard W. White of Fort Worth, at the home of his mother in Odessa. Officers said both surrendered without resistance.

Four were recaptured yesterday including James Wayne Richardson, 32, of Fort Worth, the suspected leader who had been recaptured as "armed and dangerous." He capitulated meekly when officers traced him to his sister's home here.

Emmett Washington Spencer was captured north of Midland a few hours after the early morning jailbreak yesterday. James Ray Parker, 19, and Billy Joe Sisk, 21, both of Odessa, were captured late yesterday at Seminole following a 90 mile an hour chase with officers. They were driving a car taken at gunpoint from a man in Odessa.

The six managed to saw through bars of their cell and then held a knife on four jail trustees, officers said. They made the trustees lie down and tied their hands behind their backs. Then the prisoners climbed down a lattice work outside to freedom.

## No Indication Of Heart Trouble

WASHINGTON (AP)—President Eisenhower was stricken with abdominal pains early today, and in the afternoon was taken by ambulance from the White House to the Army's Walter Reed Hospital.

The White House said physicians had diagnosed the trouble as an ileitis, or inflammation of the lower portion of the small intestine, and that "there is no indication of any heart trouble."

Press secretary James Hagerty said a cardiogram—a tracing of the heart action—would be taken at Walter Reed.

He described the hospitalization as a "precautionary measure."

Asked whether the President's condition could be called critical, Hagerty replied: "I have not used any adjectives."

In response to questions, Hagerty told newsmen that physicians had not made any suggestion to him that Eisenhower's illness was a result of food poisoning.

The olive drab Army ambulance was pulled up to the south side of the White House to receive him.

It departed by the southeast gate, at 7:30 p. m., accompanied by a motorcycle escort.

Eisenhower could be seen lying in the ambulance. His hands were folded on his chest.

Some time before the ambulance wheeled away, Mrs. Eisenhower left in a White House limousine—presumably going ahead to the hospital.

As her car reached the White House gate, an Army car pulled up and her son, Maj. John Eisenhower, leaped out.

"Mother," he said, and climbed into the White House car with her. Maj. Eisenhower is stationed at Ft. Belvoir, Va., south of Washington.

Also in the car were Lt. Col. Walter R. Tkach, assistant White House physician, and Col. Robert Schulz, presidential military aide.

The President was stricken early today, White House physician Dr. Howard M. Snyder was called to his bedside at 2 a. m.

Hagerty said in his noonday report he was not going to attempt to reach any conclusions on his own as a layman. He said he would leave that to the physicians.

Hagerty issued this statement: "The President had an attack of an ileitis (inflammation of the lower portion of the small intestine)."

"His blood pressure and pulse are good."

"He has no fever."

"There is no indication of any heart trouble."

Hagerty said the President has had one intravenous injection of dextrose sugar. He said Dr. Snyder has called in Dr. Francis Pruitt, chief of medicine at Walter Reed, for consultation.

Hagerty said Snyder and Col. Pruitt had just finished an examination of the President.

Questioned as to whether the condition was the result of a virus infection, Hagerty said he did not know—"I cannot answer any medical questions."

He said the President has not been in severe pain but that there was some soreness.

Earlier, Hagerty had described the President's difficulty as an "upset stomach" and insisted "it is not an illness but an upset."

All of the President's engagements were canceled today.

See EISENHOWER, Page 10, Col. 8

## School Bonds Put On Block At 3.15

School trustees decided this morning to gamble that interest rates will remain high.

They approved a proposition whereby the Big Spring Independent School District's \$800,000 bond issue will be offered to the Texas Teachers Retirement System at an interest rate of 3.15 per cent.

The school board gave the firm of Rauscher, Pierce & Company an option on the bonds at that rate through June 16. Carter Johnson, the firm's West Texas representative and fiscal agent for the school district, proposed that his firm be given the option so that the bonds may be offered to the teacher agency.

Johnson's firm will receive a fee of \$5 per \$1,000 bond for handling the transaction, if the offer is accepted by the agency.

Trustees decided to offer the bonds after receiving a report on the sale of a similar issue at Garland last night. The Garland bonds went at an interest rate of 3.31 per cent. Johnson said the Garland market situation is similar to that in Big Spring. He called the proposal for offering the local bonds to the teacher retirement system "a good gamble for you to take."

The school board debated the advisability of holding the issue for a few months, hopes the bond market will improve. Johnson and Clyde Angel, school board president, said they doubted that the market will improve sufficiently in the near future to lower interest rates the 16 points that would be necessary to bring the Garland issue down to 3.15 per cent.

Johnson said that if the offer is accepted, the bonds can be delivered to the retirement system about Aug. 1. Interest payments would start on date of delivery.

At 3.15 per cent, the \$800,000 bond issue would have a total interest cost of \$707,000, Johnson said. His fee for handling the deal would add another \$4,500 to the cost. At 3.31 per cent—the Garland rate—the total interest cost of the Big Spring issue would be more than \$800,000—\$743,000.

Johnson said his company will take the short-term portion of the local issue at 3.15 per cent in event the Teacher Retirement System is interested in only the long-term bonds.

Trustees said that since only about \$200,000 of the issue will be needed in the next few months, remainder of the bond proceeds can be invested in U. S. Treasury bills which are now paying close to 2.5 per cent.

Johnson said interest rates on public bonds climbed above three per cent about two months ago. "I doubt that the market will improve in the next few months to give you a rate better than 3.15 per cent," he said.

The bonds will be offered to the retirement agency Monday, a board for the system probably will decide Wednesday whether it wants the issue, according to Johnson.

## Lamesan Dies In Car Mishap

LAMESA — Dawson County's ninth traffic fatality of the year occurred early today when Felix Lopez of Lamesa failed to make a turn in the north part of Lamesa.

Lopez, 20, was dead on arrival at the Lamesa General Hospital about 1:20 a. m. His car overturned at North Dallas and Lynn streets, just outside the city limits.

Frank Garcia, a passenger in the vehicle, is in the hospital with a broken collar-bone and possibly other injuries.

Highway Patrolman Ralph Ward said young Lopez' car skidded on the gravel shoulder and then overturned as the driver apparently made a belated attempt to turn off Dallas onto Lynn. The car was traveling toward downtown Lamesa, apparently at a high rate of speed, Ward said.

Funeral arrangements are pending at the Higginbotham Funeral Home.

## Russians Tell Of More Military Cuts

WASHINGTON (AP)—Soviet Premier Nikolai Bulganin has told President Eisenhower Russia intends not only to reduce its armed forces by 1,200,000 men but also to cut back armaments and military expenditures correspondingly.

In a letter delivered yesterday and undergoing intensive study by the President's advisers today, Bulganin urged the United States to follow Russia's lead by reducing its own forces, arms and military expenditures. Secretary of State Dulles, speaking for the administration, already has rejected such a course on the ground that it would not be in the United States' interest.

Bulganin also told the President, according to diplomats familiar with his letter, that the Soviet government "thinks" future negotiations in the United Nations disarmament group could be stripped of their secrecy and conducted in the open.

This was interpreted here by American officials as meaning that the Soviet government has downgraded the U. N. disarmament negotiations and feels they hold little practical prospect for agreement.

As a result some highly placed officials now think the best chance for further disarmament negotiations with Russia in the immediate future may lie in two-track talks—that is direct contact between representatives of the Soviet and American governments.

Bulganin's letter was delivered to Dulles yesterday afternoon by Ambassador Georgi N. Zaroubin. Together with an accompanying document it ran to a total of 15 pages of Russian text.

Late yesterday, Dulles gave Eisenhower a first report while State Department translators worked long hours to prepare a completed text. This was understood to have been finished this morning.

## 83 Enrolled In Band School

With approximately half the number beginning pupils, 83 are enrolled in the summer band school which continues through June.

Clyde Royce and Bobby Robbins, who are conducting the special instruction, said beginners could still be accepted through Monday, but not after that time. Advance students can be taken any time during June.

Included in the list signed for the training are 20 who are taking beginning and advanced twirling. Among the twirlers are pupils from Ackerly.

## French Divisions Move On Rebels

ALGERIA, Algeria (AP)—Elements of three French divisions landed today in a drive to wipe out rebel forces in western Algeria near the Moroccan border.

West of Oran the 4th Infantry Division crossed over from Morocco to join the 12th Division. The two outfits were reported pushing the rebels from mountain strongholds toward the sea, where the 19th Division was waiting.

Twenty rebels were reported killed.

In north central Algeria meanwhile, two French divisions overran a rebel redoubt in the Kabylie Mountains to regain scores of villages lost to the Nationalists six months ago. Most of the settlements had been abandoned before the French arrived.

## Iran Takes Over Soviet Oil Works

TEHRAN, Iran (AP)—Using the same nationalization law that drove the British from her oil fields, Iran has taken over Soviet oil works in Khuryan, 65 miles east of Tehran.

## Post Jails Cleaned Of Prisoners (2)

POST, Tex. (AP)—Every convict in both jails of this West Texas town escaped today. The total number of fugitives—two.

Sheriff Carl Rains of Post reported that when the old jail in the courthouse yard was checked this morning, the sole prisoner, Gordon Brant, about 47, of Post, who was serving a term for drunkenness, was missing. He said the lock on the jail door had been hammered off.

Officers immediately checked the one prisoner being held in the new Post jail, and found him gone also. The door to the cell of Kenneth Finchum, 24, also of Post, was unlocked. Officers theorized that Brant had released Finchum after freeing himself from the other jail.

Finchum was convicted June 1 in 10th District Court on a burglary charge and assessed a 12-year prison term. Formal sentencing had not been made at the time of the break.

A statewide alert for the two was issued.

## Four Jailed After Beating Of Sheriff

GARDEN CITY (SC)—Four young men from Post, identified by Sheriff Buster Cox as the quartet who attacked him and gave him a beating on Wednesday afternoon 31 miles south of here, are in the Glasscock County jail.

The four were arrested by the sheriff of Garza County in Post. They were returned to Garden City by Sheriff Cox, a deputy, and two highway patrol officers, Thursday afternoon.

Cox, badly beaten about the head, face and body, said Friday he felt "pretty lame."

He said that charges of driving a car while intoxicated have been filed against Fred Long, 20, driver of the car in which the four were riding.

Charges of aggravated assault are planned against the other three men by the district attorney was uncertain. Cox said whether the charges will have to be filed in Reagan County or in Glasscock County.

The actual attack occurred in the former county.

Cox identified the three being held in the Glasscock jail as Howard Jones, 20, Nolan Williams, 20 and Carroll Light, 21.

The sheriff said that the four told him they were "beered up" and did not want to be arrested and credited this as the cause for their attack on him.

Cox said that he probably owed his life to the presence of mind of a Reagan County ranch woman in a few days.

## Before you leave, call for The Herald VACATION-PAK

All copies of The Herald saved for you during your absence, then delivered to your home in a plastic bag—a fine container that you'll find a hundred uses for.

There's NO CHARGE. You don't have to miss any local news if you'll just Dial 4-4331, and order VACATION-PAK.

## It's Warm And Dry Over Most Of U.S.

More pleasant weather was the outlook for the major part of the country today.

Warm and dry weather prevailed in all but a few sections. Scattered thunderstorms occurred during the night in the Western parts of Texas and Oklahoma but rainfall amounts were light.

Temperatures averaged about 10 degrees higher over most of the northern Rockies and Northern Plains as compared to 24 hours earlier. The surge of cooler air moving eastward across the northern part of the country entered the upper Mississippi Valley but only minor drops in temperatures were reported.

## Lester Fisher Estate Settled

The estate of the late Lester Fisher has been settled, his nephew, Ed Fisher, announced Friday. The final disposition was accomplished through a friendly suit which was necessary because of the possibility of unknown heirs.

Lester Fisher was the son of the late Albert M. Fisher, who was the father of Ed Fisher. Lester Fisher had land holdings in Howard County and some real holdings in the city, including the building at Third and Main now owned by Elmo Wasson.

## Kidney Transplant Successful

Mrs. Edith Helm of Sand Springs, Okla., (center), smiles happily at her identical twin sister, Mrs. Wanda Foster, of Chandler, Okla., as her husband Lee makes an adjustment to her hair on her first day after a kidney transplant operation at the Peter Bent Brigham Hospital in Boston. Wanda donated the kidney in the first transplant case between women. Doctors report they are highly pleased with the rapid progress of both twins. (AP Wirephoto).

# Great Niagara Rock Fall Causes Death, Destruction

NIAGARA FALLS, N. Y. (AP)—The most destructive rockfall in the recorded history of the spectacular Niagara Gorge took one man's life late yesterday and left the huge Schoellkopf hydroelectric station in tumbled-down ruins. More than 40 other employees of the Niagara Mohawk Power Corp. scrambled along the precipitous bank to safety as two of the station's three sections roared into the wild rapids behind them. Some 300,000 kilowatts of power capacity was wiped out. Company officials said damage would run well into the millions. The original cost of the two completely wrecked sections was believed to have been about \$5 million dollars more than 30 years ago.

NEW CHURCH AT LAMESA  
All-day services planned Sunday.

## Lamesa Church Dedication Set

LAMESA — Members of the Assembly of God Church in Lamesa will hold a dedication service for their new building at North Seventh and Bryan Avenue Sunday with all-day services. Dinner will follow the morning worship service and at 2:30 p.m. the Rev. J. A. Thomas, district superintendent from Lubbock, will deliver the dedicatory sermon. The brick veneer structure has 4,500 square feet of floor space, including a nursery, pastor's study, and Sunday school rooms. The auditorium has a seating capacity of 300. The church is valued at \$21,700. Construction of the building was begun Jan. 15 under the leadership of the Rev. J. T. Farmer, who has been the pastor since May of 1955. The church was organized in 1924 and now has a membership of 55. Members of the Board of Trustees who have led in the building were Ben Richter, chairman; T. R. Clancy and Alvin Foster. Visitors from all over the area are expected to attend the open house and dedication.

## Press Search For Kidnaper

ORANGE, Tex. (AP)—Officers continue their hunt early today in heavily wooded areas along the Red River in Louisiana for a 31-year-old Texan who has boasted he will not be taken alive. The search for James Edward Johnson of Orange centered in the Vernon Parish six miles south of Leesville, La., in the vicinity of the abandoned sawmill town of Neame. The manhunt was launched after Johnson, an ex-convict, yesterday kidnapped a deputy sheriff who sought to arrest him on burglary and child desertion charges. Later another man reported that he had been kidnapped and his car taken from him by a gunman identified as Johnson. The hunted man was believed armed with an automatic and a .38-caliber revolver. Officers pressed the search by auto and on foot during the night. During the day an airplane with radio liaison to walkie-talkie units on the ground aided in the search. Bloodhounds were also used but lost the scent on the dry ground. Deputy Sheriff Tom Eddleman said he was forced into a sheriff's department car as he sought to arrest Johnson. Later he was pushed from the car near Spinger. The second victim, Harvey Lee McCarty of Doucette, Tex., said he was picked up by a man posing as an officer and at gunpoint was forced to drive to Louisiana where he was put out of the car. The hunted man was believed armed with an automatic and a .38-caliber revolver. Officers pressed the search by auto and on foot during the night. During the day an airplane with radio liaison to walkie-talkie units on the ground aided in the search. Bloodhounds were also used but lost the scent on the dry ground. Deputy Sheriff Tom Eddleman said he was forced into a sheriff's department car as he sought to arrest Johnson. Later he was pushed from the car near Spinger. The second victim, Harvey Lee McCarty of Doucette, Tex., said he was picked up by a man posing as an officer and at gunpoint was forced to drive to Louisiana where he was put out of the car.

## Sees Atomic Fleet Within 15 Years

WASHINGTON (AP)—Rep. Patterson (R-Conn.) predicted today the U. S. fleet would be an atomic-powered one "within the next 15 years." The Navy already has atomic submarines. Legislation pending in Congress would authorize construction of the first nuclear surface warship—a cruiser designed to fire guided missiles. Patterson, a member of the House Armed Services Committee, said in a statement an atomic Navy would be virtually independent of outlying bases and "would be capable of destroying any enemy fleet that was powered by conventional engines."

## Death Takes Both Husband And Wife

PHILADELPHIA (AP)—Mrs. Gertrude Whitely, 64, telephoned her niece Frances Giorgio that Mrs. Whitely's husband had died suddenly. Miss Giorgio called the family doctor and rushed to the Whitely home. She found Mrs. Whitely dead beside the body of her husband John, also 64.

## Sen. Knowland Denies Part In Candidate Talk

WASHINGTON (AP)—Sen. Knowland (R-Calif.) disclaimed knowledge today of a move to boom him for the Republican presidential nomination if President Eisenhower should change his mind about running. Knowland said he knows nothing of the origin or sponsorship of circulars being distributed anonymously by a group which calls itself the "Knowland for President . . . if . . . Committee."

"I withdrew from the presidential race completely when Mr. Eisenhower announced for re-election," said Knowland, the Senate GOP leader. "I am an Eisenhower delegate and he has my complete support." He described as "without any support from me" the group distributing the circulars, being mailed from P.O. Box 1222, Glendale 5, Calif. They contain the names of no individuals as sponsors and do not solicit money. The circulars say the "committee" will remain strictly latent unless Eisenhower withdraws but that "it is realistic to assume . . . (he) might very easily conclude that it would be wise for him to accept the nomination."

The circulars describe Knowland as "a true right-wing patriot" who has been friendly to the late Sen. Robert A. Taft of Ohio, Sen. McCarthy (R-Wis.) and Gen. Douglas MacArthur. They say that if Eisenhower does not run, Knowland should be "drafted" lest another be nominated through the efforts of "shrewd politicians in positions of great power in the party, who have always opposed the Knowland-Taft-MacArthur elements."

## Soviet Minister Will Visit Egypt

CAIRO, Egypt (AP)—A Soviet Embassy spokesman announced today that Soviet Foreign Minister Dmitri Shepilov will visit Egypt "at the invitation of the Egyptian government." The spokesman would not say when the visit would take place, but the semi-official Middle East News Agency reported Shepilov had been invited to attend the celebration June 18 of the final evacuation of British troops from the Suez Canal zone.

## 30 Join Special Navy Company

Thirty men from the Lubbock area, have completed their papers for enlistment in the Texas-South Plains High School Graduate Company, U. S. Navy, according to Chief R. E. LaFon, Navy recruiter, Big Spring.

Deadline date for enlisting in this special company is June 22. Actual date of enlistment will be June 29, at Lubbock, and the special swearing-in ceremony will be televised. Any young man interested in enlisting in this special West Texas unit is invited to contact LaFon at the Big Spring post office building.

'Miss Lake Whitney' LAKE WHITNEY, Tex. (AP)—Jo Dodson, 18-year-old redhead from the Cleburne High School graduating class, was named "Miss Lake Whitney" over six other contestants last night.

Y., during the Russian's visit to the Corning Glass Center. (AP Wirephoto).

## Little Recognition For Man Who Captured Santa Anna

SAN SABA, Tex. (AP)—Only a modest marker identifies the burial place of the man credited with capturing Gen. Santa Anna in the battle which gave Texas its independence from Mexico. He was Sen Record Bostick, who operated the Bostick House, a hotel here for many years. Oldtimers often related his story of the capture. He was helping mop up under orders of Sgt. James A. Sylvester. He had just re-enlisted in the Army of the Republic. He came upon the Mexican general, leveled a .44 caliber pistol on him and took Santa Anna before Gen. Sam Houston. The pistol, a cap-and-ball affair, remained one of his greatest prizes. For years it was kept in the vault of J. E. Hagan, insurance man who acquired it from Bostick's grandson. Later it was bought by Dud S. Barker, former Texas ranger, and added to his gun collection. Bostick remained in the Army until the following May 15. Upon discharge, he was given 640 acres six miles northeast of San Angelo, now believed owned by the J. W. Johnson family. Records show Bostick sold the land for \$170 to J. C. Fisk of Dimmit County.

## Counter-Blast To Stop Jet Noise?

WASHINGTON (AP)—Scientists are working on a scheme to mute the roar of jets by blasting a counternoise at the plane exhausts. Asst. Secretary of the Navy Raymond H. Fogler told a House Appropriations subcommittee researchers are "giving serious thought to the possibility of partially canceling the jet noise with a highly directional external source of noise 180 degrees out of phase with that emanating from the jet."

## Committee Studies Vet Pension Issue

WASHINGTON (AP)—The House Veterans Affairs Committee met today for a closed-door battle over a \$165-a-month veterans' pension bill reported to be strongly opposed by President Eisenhower. Rep. Christopher (D-Mo.), leading the fight for the measure sponsored by the American Legion said he thinks the committee should complete action in one or two sessions. But he was cautious about predicting committee approval of the bill despite an initial victory for it when the House group, over strenuous opposition from Chairman Olin E. Teague (D-Tex.), voted last Wednesday to take up the measure today. The administration says the bill—the Legion's No. 1 legislative goal this election year—would cost \$28 million dollars the first year and a total of more than \$7 billion dollars by the year 2000. The Legion challenges these figures as too high and says its proposal is only fair for those who served their country in uniform and are now in financial need. The bill would provide pensions of \$105 a month for World War I, II and Korean War veterans at age 65, within certain income limits. Teague said the Veterans of Foreign Wars and the Disabled American Veterans have since written committee members protesting the decision to concentrate now on the Legion bill. He said the DAV was "flabbergasted" at the decision to take up the pension measure ahead of proposals to increase compensation to veterans for harm suffered because of military service.

**An Old Captain Inspects The Guard**

Cane-swinging Harry S. Truman inspects a company of the Jakobi Guard at St. Jakob am Thurm, his vacation retreat near Salzburg, Austria. The soldier company dates back to the Napoleonic wars and the guards wear long red coats and plumed hats and shoulder ancient firearms. (AP Wirephoto).

## Lamesa Council Rejects Offer Of Sites For Sewage Lagoons

LAMESA — The Lamesa City Council last night voted not to purchase additional land for sewage lagoons or to pipe water from the lagoons to the Lamesa Country Club property at city expense.

Bob Van Wie, club president, appeared before the council to propose that in return for a site for two lagoons the city pump sewage water from existing lagoons to the club property.

City Manager Carroll Taylor told the council that at the present time the city has sufficient room for expansion of lagoons on the city sewage farm and that disposition of the water is no great problem.

Ray Renner was re-appointed a director of the Canadian River Municipal Water Authority for another two-year term. He and Sam Richardson represent Lamesa on the board.

The contract of Roberts, Merriam and Bowden, Lubbock engineers, was renewed for a year. The council also authorized Mayor Bob Crawley to enter into a water rights contract with the George D. Norman Estate and Matt McCall.

Cost of the contract to the city will be about \$100 worth of water annually to the residences of the parties in the pact.

The council ordered the city manager to purchase a site in northeast Lamesa for a sewer lift station. It also granted the mayor authority to issue warrants in the amount of \$25,000 at two per cent interest to the Lamesa National Bank for paving, seal coating, and curb and gutter at the intersection of North Fourth and Dallas.

In their final action in the long session, the council approved a request of the Chamber of Commerce Sports Committee for \$125 for a girls recreation program during the summer.

The Dawson County Commissioners Court had previously approved a similar amount.

### Du Pont To Build Plant At Orange

WILMINGTON, Del. — Officials of E. I. Du Pont de Nemours Co., Inc., yesterday announced plans to build a new unit at the company's Sabine River works in Orange, Tex., which would practically double its production of "alathon" polyethylene resin.

Modernization of facilities at the Texas plant is included in the plans. With the expansion of the present plant, increased production is expected to begin in late summer and continue periodically, the officials said.

The new manufacturing unit is scheduled for completion in 1958.

Two other witnesses, Jose C. Lopez of San Diego and J. W. William Roach of Alice, employees of banks that were depositors for the school district, said they had not received large amounts of cash in deposits from the school.

Patrolmen Graduated  
AUSTIN — Fifty-four student Texas highway patrolmen were graduated today from the Department of Public Safety's training academy.

Anti-Crime Parley  
VIENNA, Austria — More than 120 delegates to the international criminal police commission gathered here today for their annual conference on methods of fighting global crime.

## Checks Cashed, Witnesses Say In Chapa Trial

FORT STOCKTON, Tex. — Witnesses in the embezzlement trial of D. C. Chapa, former tax assessor-collector of the Benavides School District, yesterday testified that tax checks for the school district had been cashed instead of being deposited at the bank.

The former official in Duval County is specifically charged with embezzling a \$6,525 school tax check paid by the Texas Eastern Transmission Co. The firm has testified it sent the check but later was dunned by the school district for the same amount.

One witness, U. S. Postal Inspector William E. Main, testified that Chapa at first refused to talk to him and also declared that he could not speak English.

Main also said he had great difficulty finding records of the school and that they later were subpoenaed by federal court. He said a Treasury agent had them in his possession at the trial scene.

Bank teller Joe Cadina of Benavides testified he cashed several large school tax checks but bank employees from San Diego and Alice, where the district's legal bank depositories are located, said they had not received these checks for deposit to the school account.

Ramario Morina, Benavides city secretary and former school tax office employe, testified he took an envelope thought to contain checks to the Merchants Exchange Bank in Benavides. Cadina identified three checks totaling near \$10,000 which he said he cashed for Morina. Morina said he gave the money to Chapa or Chapa's secretary.

None of the 17 tax-raising bills introduced since the Legislature opened May 4 has cleared both houses. Administration forces yesterday bulldozed the first Long tax bill to 78-12 House passage. The bill would increase the tax on liquor from \$1.33 per gallon to \$1.68.

Long's power will be tested next week when his bills come up for floor action. Under a new constitutional amendment, a tax increase must win two-thirds approval.

Heavy opposition was expected on taxes affecting sulphur, natural gas, pipelines, race track betting, timber and utilities.

Long personally directed proceedings as the House Ways and Means Committee approved bills to increase the severance tax on sulphur from \$1.03 to \$3 per ton and to raise the 13 per cent tax

## Long Pushing New Louisiana Taxes

BATON ROUGE, La. — Bills to raise taxes an estimated 45 million dollars today await action in the first Louisiana legislature to convene since Gov. Earl Long was elected on a promise of no new taxes.

The brother of the late Sen. Huey Long won an overwhelming victory in January on a platform which included: "I pledge there will be no increase in taxes." Afterwards the governor said more revenue was needed to meet expanding state services, boost teacher pay and increase welfare benefits.

Just So Happened 'Twas Wrong Name  
LOUISVILLE, Ky. — Mrs. Elwanda Lorey, 22, told the sales lady to charge her purchases.

"What name please?" asked the saleslady.

The answer brought a call for the store detective, and Mrs. Lorey's arrest on 55 counts of obtaining goods under false pretenses.

Police said Mrs. Lorey made a habit of copying charge customers names and using them for her own purchases.

This time the name and address given by Mrs. Lorey belonged to the saleslady.

Will Enter Baylor  
WACO — Billy Hollis, San Angelo high schooler who had a best time of 9.7 seconds in the 100-yard dash this spring, announced yesterday he would enroll at Baylor University this fall.

## Nixon Praises Foreign Visits

EASTON, Pa. — Vice President Nixon says exchanging visits by Americans and natives of the "uncommitted nations" can make friendships for the United States for years to come.

He spoke yesterday at the 121st annual commencement of Lafayette College, saying:

"I believe that often too much reliance is placed upon the effectiveness of bombarding the uncommitted countries with radio broadcasts, motion pictures and press releases which present the American viewpoint."

Though these programs are important, he declared, personal contact between students and leaders in business, government labor and education is of "overwhelming importance."

"For the cost of one large bomber," he said, "we can make friendships that will benefit the free world for generations to come."

"If the free world can teach the leaders of tomorrow in areas that may well dominate tomorrow's world, we need not fear the contest between communism and freedom."

## Tunnel Collapses

MANILA (AP) — Three Filipinos were burrowing for Japanese wartime treasure in the town of Rosario when their tunnel collapsed. Police recovered the bodies today.

REMEMBER, FATHER'S DAY IS JUNE 17TH!

# Stanton Girl Scouts To Leave For Camp

STANTON — Nancy Johnson, Linda Saunders and Mena Lou Epley will leave Sunday for Camp Booth Oaks near Sweetwater.

The three girl scouts will spend two weeks at the camp, during which time they will take swimming lessons, camp out, and take part in different studies. They are to return home June 22.

Nancy, daughter of Mrs. Virgie Johnson, and Linda, daughter of Mrs. Dee Saunders, are members of Girl Scout Troop No. Five. Mena Lou is a member of Girl Scout Troop No. One. She is the daughter of Mr. and Mrs. J. C. Epley.

Recent visitors with Mr. and Mrs. Lewis Carlisle were her sisters, Mrs. Bonnie Miller and Betty Ann and Mrs. Jeff Parker, all of El Paso, and Mrs. Olga Pardue of Lubbock.

BEVERLY JEAN RUSSELL

# Ackerly Girl Delegate To FHA Meeting

Beverly Jean Russell, daughter of Mr. and Mrs. Travis W. Russell, Ackerly, will be a delegate to the 1956 National Convention of Future Homemakers of America, July 2-6 at the Conrad Hilton Hotel in Chicago, Ill.

A senior at Ackerly High School, she has been an FHA member since 1953 and has served as chapter parliamentarian, historian and president.

Adviser for the local chapter is Mrs. John R. Johnson.

Miss Russell will be one of around 2,000 FHA members chosen to attend the national meeting.

Convention sessions will be geared to helping FHA's recognize opportunities and accept responsibilities related to improving home, school and community life.

Other activities during the five-day gathering include election of 1956-57 national officers and voting on national projects.

# Bridal Theme Used For OWC Luncheon

Decorations and prizes followed a June bride motif at the luncheon of the Officers' Wives Club Thursday in the Officers' Club.

Tables were set up as are bridal reception tables, with white candles and ivy. The speakers' table held an arrangement of white gladioli as a base for two wedding rings, in combination with wedding bells and silver candelabra. Places were marked with wedding rings tied with bows to cards.

Prizes were awarded on the basis of weddings. Mrs. James Jelinek won a prize for having the wedding date nearest to the date and hour of the luncheon.

A prize went to Mrs. Earl Peck for having been married the greatest distance from Big Spring. She was married in Germany. The most unusual circumstances prize was won by Mrs. T. J. Turnbull.

The youngest bride, Mrs. J. G. Turner, took a prize, as did Mrs. Bob Lipscomb, the bride who knew her husband the shortest time before they married.

Parcels in a white telephone sale were judged and then auctioned off.

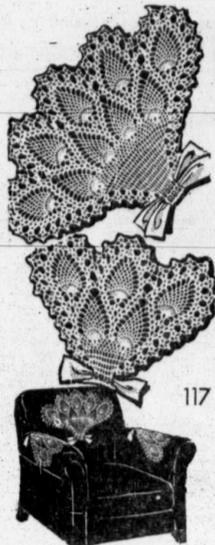

The tiniest package, about the size of a dime, went to Mrs. R. E. Yager; the prettiest wrapped parcel, to Mrs. R. Leo; the one wrapped in the cleverest manner to Mrs. Alfred Jekel, and the most amusing wrapping to Mrs. Frank Gryska.

The floral arrangement was won by Mrs. J. Houston.

# Susan Logan Is Assembly Organist

LAMESA — Susan Logan has been named as organist for the Gloriaetta Baptist Assembly of the Southern Baptist Convention in New Mexico. Miss Logan assumed her duties Monday. She is the daughter of Mr. and Mrs. Vernon Logan of Lamesa and formerly of Big Spring.

Susan will be a junior this fall at Wayland College in Plainview. She was recommended by the president of Wayland, Dr. Hope Owen, to be the organist. She is also accompanist for the Wayland International Choir.

Pineapple Set

Tempt your crochet hook with this pineapple-fan chair set. You'll find it fascinating to do. No. 117 has full crochet directions.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

# Spaders Hear Hints On Vacation Gardens

"Packing Up The Garden For A Vacation" was the subject of the program given for the Spaders Garden Club Thursday afternoon.

Mrs. Bruce Frazier was the speaker for the group, which met at the home of Mrs. V. A. Whittington.

Mrs. Frazier advised members to trim all the flower beds and remove the weeds; to irrigate the beds, shrubs, trees with a thorough soaking. Then, she told members, dig down below the root system to see that the soil is moist.

Mulch is important in the beds and around the roots of trees and shrubs to preserve the moisture that is provided in the soaking. Feed all flowers that will bloom in the fall, and water them thoroughly.

Give rose bushes a light cleanup by removing old canes; cut the blooms. Dust them with sulphur compound and put mulch around the base.

Hedges should be pruned. Stake lilies, and any tall plants to prevent their stems from breaking.

Apply ammonium sulphate to the lawn as a booster and water slowly so that the water will sink into the soil.

Announcement was made that the club is making an order of iris. Any member wishing to buy iris rhizomes must get the order placed with Mrs. H. B. Perry before June 25.

The resignation of Mrs. Glen White was accepted by the group. The next meeting will be in the home of Mrs. Dewey Mark, 1903 Mittel.

Mrs. Perry, parliamentarian, served as installing officer to install Mrs. Mark as president. Mrs. Don Williams is the new vice president; Mrs. Kyle Cauble, secretary, and Mrs. Raymond Moore, treasurer.

Mrs. W. D. Caldwell will serve as parliamentarian; Mrs. Jimmy Morehead, reporter, and Mrs. Tommy Hubbard, librarian.

Each officer was presented with a corsage. Two new members, Mrs. Joe Mitchell and Mrs. Don Grantham, were introduced. Thirteen attended the meeting.

# Tailored Design Popular Request In Wedding Ring

Bridal couples today are choosing tailored designs in their wedding sets, according to local jewelers.

Several years ago, the trend was toward a more elaborate setting in the engagement ring, and the wedding bands had a fistball design.

The newest thing is an old idea — a beautiful solitaire with a very plain mounting. The most popular metal is the white gold. Yellow gold in the less expensive lines is still sought.

Cost of the sets generally speaking will run between \$200 and \$250 with the price depending on the size and number of the stones.

# Rita Crawford Gives Devotion For WMU

Rita Crawford brought the devotion for the Lees Baptist WMU when the women met in the home of Mrs. D. D. Daniel recently.

Mrs. D. Armstrong presented the Royal Service program the title of which was "Thy Word—A Lamp, A Light." Taking parts on the program were Mrs. T. Baker, Mrs. A. W. White, Mrs. J. J. Overton, Mrs. C. C. Bell, Mrs. J. C. Ray, Rita Crawford and Mrs. Daniel.

Mrs. J. P. Ormsby of Crane was a visitor.

The meeting on June 12 will be held in the home of Mrs. A. W. White who will also be in charge of the Bible study on the Book of Ruth.

The meeting closed with sentence prayer.

# Box Bumping Causes Nerves; Don't Do It

By LUCILLE PICKLE

Have you ever been tempted to bump a box with your car when one was in the street and in your path?

In case you are tempted again — don't! This is the advice that might be given you by several Big Spring residents who have had some bad moments because they almost gave in to temptation.

One woman came upon a large cardboard box and the thought ran through her mind that she would run over it and flatten it. Just as she came upon it, she decided not to and was frightened limp when a small boy jumped straight up from inside it.

When she collected herself and stopped the car she went back, got the boy from the box and shook him soundly. She then got his name, took him home to his mother and reported what had happened. The mother said she should have spanked him — to which the woman replied, "If I had spanked him as hard as I wanted to, the child might really have been permanently injured!"

Another incident occurred one Halloween night when a woman came around a gradual curve in a residential area and saw what she thought was a piece of cloth in the street. When she was a few feet short of the "white cloth" it suddenly jumped up and yelled "Trick or Treat!" Needless to say there was no treat for that young man.

Very Young Man Russian Roulette might be the name of the game played by two young boys on the street between their homes. The two would sit in their yards seemingly oblivious to the cars that go near them. Then they would take turns seeing how near they could come to getting hit without it actually happening.

This didn't last long. When the mother of one spanked him soundly and the sifter for the other kept him in for the remainder of the day, the thrill was gone. However there were several drivers who didn't regain their composure for some days.

Sometimes the box in the street might be something that can be used. One man found a large sack of groceries that had apparently been left out when a car was being loaded. He got a good supply of canned goods and cigarettes. Another man hit a box with his car and when it made a thud, he investigated. He found that he had hit a full case of canned beer with only one can being damaged.

Which all goes to prove — not only will it help to keep the city clean if you pick up boxes out of the street — you may save a life or find something of value to you. Don't give in to that temptation!

Lapel Pin Doll

Give the youngsters a supply of yarn, toothpicks and alphabet soup macaroni, plus some glue, and they can turn out a supply of gay little yarn dolls.

# Lapel Pins Good For Small Fry

As any mother knows, children need something to keep them busy around the house.

Mrs. Joseph Damone of New York put her two young daughters to making little yarn doll lapel pins one day, and the results were so successful that now the girls are making them for all their friends. Here's how it's done:

Lay in a supply of bright-colored yarn, some colored party toothpicks, fabric scraps, a box of macaroni alphabet soup letters, needles, thread and glue.

Loop one hank of yarn in half, so that it is about two inches long, and tie about a half inch from the loop end, to form the doll head. Tie in middle to make the doll's waistline and divide bottom of hank in two parts, tying each near the bottom to form legs.

Tie a second hank of yarn at each end and stick through body of doll to form arms. Use fabric scrap for dress.

Then glue three colored toothpicks together, glue a tiny safety pin to the back and macaroni letters spelling out the child's name to the front.

Add eyes and mouth to doll's head with needle and thread and fasten to safety pin.

And there you have a personalized lapel pin. The children will love to make them, wear them and give them away.

# Peggy King Is Honored With Bridal Shower

As a compliment to Peggy King, bride-elect of Jim Fleming, a bridal shower was given Thursday evening in the home of Mr. and Mrs. Chester Cluck.

Other hostesses were Mrs. G. H. Briden, Mrs. A. A. Porter, Mrs. B. E. Reagan, Mrs. M. S. Toops and Mrs. Bill Tubbs.

Mrs. Cluck headed the receiving line and presented the honoree, her mother, Mrs. W. N. King, and her grandmother, Mrs. J. C. Polard of Millspass.

Irene Newcomb of Odessa registered the guests.

A ruffled white organdy cloth covered the serving table. It was banded with narrow pink satin ribbons and caught at the corners with nosegays of pink flowers.

In the center was a pink satin heart with "Peggy and Jim" written in silver. It was set in a base of pink shasta daisies and flanked on either side by silver candelabra which held pink candles. Table appointments were crystal.

Serving were Betty Wright, Sally Baber, Joyce Newton, Billy King and Mrs. Allen Holmes.

Gifts were displayed by Mrs. Bill Tubbs.

Miss King and Mr. Fleming will be married on Sunday afternoon at 3 o'clock in the Wesley Methodist Church.

# Credit Women Hear Convention Report

Highlights from three credit conventions were given by the delegates Thursday noon when members of the Credit Women's Club met in the Colonial Room of the Howard House.

Pauline Sullivan and Mrs. J. B. Apple attended three conventions in Austin in May and discussed the outlines presented for club members. They also told of the entertainment provided for convention delegates.

Mrs. Apple invited the club to a picnic supper to be held at her home on June 25 at 7 p.m.

Eighteen members and a guest, Mrs. James Tucker of Independence, Mo., were present.

# Lamesa Couple Has 65th Anniversary

LAMESA — Mr. and Mrs. G. J. Brown of 1204 Seminole Road, observed their sixty-fifth wedding anniversary at their home, Thursday.

No celebration was planned as Mr. Brown, age 88, and Mrs. Brown, 84, though in fair health for their advancing years, just "didn't feel up to anything."

The couple was married on June 7, 1891, in Talladeega, Ala.

They came to Texas 62 years ago, settling first near Mineola in East Texas.

Before moving to Dawson County in 1915, they lived in Bell County, Erath County, and in Lynn County near New Home.

They are members of the Bryan Street Baptist Church, and until he retired several years ago, Mr. Brown had spent many years farming.

Of their seven living children, five reside in Lamesa. They are Mrs. Fred Hardgrave; Mrs. Pearl Hansard; Jewel J. Brown, Leroy Draper Brown and Harvey Brown. One son, Dewey Brown, resides in India, Calif., and a daughter, Mrs. Howard Carter, lives in Fort Worth.

# Adult Discussion Group Organized

LAMESA — A new adult discussion group was organized Monday evening in the home of Mrs. Buster Reed; the topic is to be "The Great Religions of the World." In connection with the study, film strips will be shown, and the book "How the Great Religions Began" by Joseph Gaebel will be studied.

Buddhism, Jansenism, Hinduism, Confucianism, Taoism, Shintism, Zoroastrianism, Judaism, Christianity, Mohammedanism, and The Reformation will be studied in the next twelve meetings. The first of which will be held June 18 in the home of Mr. and Mrs. Richard Crawley. Eighteen are enrolled in the discussion group.

# Study Club Leaders Entertained At Lamesa

LAMESA — Mrs. Earnest Moody entertained the officers and chairmen of the Lamesa Woman's Study Club with a luncheon Wednesday in her home. The buffet table was laid with white linen and held the club flower, shasta daisies, as the centerpiece. The smaller tables were laid with linen and featured centerpieces of sweet peas and gardenias.

Following the luncheon, a business meeting was held and the program committee gave a resume of the programs for the coming year. Forty members are now in the club it was reported; \$130 has been reported from the calendar sales this year.

Mrs. Moody then appointed her committee chairmen for the coming year. Mrs. Hugh Gaines, chairman of international affairs; Mrs. R. R. Townsend, telephone; Mrs. Leo Johnson, library; Mrs. H. Tantal, scholarship; Mrs. V. Z. Rogers, legislative; Mrs. Joe Spikes, sunshine; Mrs. T. L. Higginbotham, landscape; Mrs. L. L. Burkhardt, science and health; Mrs. John Banta, grounds; Mrs. Buster Reed, history and publicity, to be assisted by Mrs. J. D. Jenkins and Mrs. Wade Alverson.

In the divisions chairmen are Mrs. Luther Standever, Americanism; Mrs. Arpie White, literature and fine arts; Mrs. C. A. Baldwin, civil defense; Mrs. Jeff Shipp, American home; Mrs. Clyde Pruitt, traffic safety; Mrs. John Banta, conservation; Mrs. Grady Acuff, gardening, and Mrs. Glen Jones, junior club advisor.

# Young People To Christian Retreat

Two groups of young people from the Christian Youth Fellowship are taking part in the Christian Retreat Conference being held at Lake Brownwood.

Attending conference two, composed of 11th and 12th grade students are Betty Earley, Jerry Lynn Girdner, Carol Letcher, Jennie McEvers and Lynn Porter. Mr. and Mrs. Glen White have been on the faculty and served as their sponsors. This group is to return Saturday.

Leaving Sunday at 1 p.m., the Rev. Clyde Nichols, will serve on the faculty and will sponsor the conference one group. They are 9th and 10th graders and include Janie Griffin, Douglas McEvers and Caroline Wilson.

# Party Honors Two In Lindsey Home

LAMESA — Mrs. Bob Lindsey Jr. entertained with a morning party Monday from 10 to 12 o'clock honoring her daughter, Mrs. Blaine Esmond and Candy from Lake Jackson.

The serving table, which was laid with red linen, held a centerpiece of white gladioli with crystal appointments. Mrs. A. V. Stanfield presided over the table.

Fifty friends called during the morning.

# Ferry Woman

MACKINAW CITY, Mich. — The only woman purser in the Mackinac ferry service will lose her job when the new Straits bridge is completed in 1957, linking Michigan's two peninsulas. Mrs. Gwen Smith has manned a toll booth for 12 years. She says her most constant problem has been trying to convince travelers they won't be in Canada when they dock at St. Ignace, on the Upper Peninsula side of the straits.

# Side Buttoner

For all your busy day activities — a simple side-buttoner frock that delights beginner and expert alike. Trim with bright contrast. No. 1482 with PATT-O-RAMA included is in sizes 12, 14, 16, 18, 20, 42. Size 14, 3 3/4 yards of 36-inch; 1/2 yard contrast. **Easy Carpet Cleaning**  
Discovery Hailed

What is said to be the easiest and "cleanest" home rug cleaner, known as Blue Lustre, is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as 1/2 gallon of concentrate cleans three 9x12 rugs.

# Yarborough And Daniel Turn Fire On GOP Farm Policies

By The Associated Press  
The tempo of the race for the Democratic gubernatorial nomination rose right along with the 100 degree temperatures in Texas this weekend.

Daniel delivered withering blasts at the Republican administration's farm program in speeches at Plainview and Olton.

## Irrigation Water Flow At Falcon Reservoir Halted

McALLEN, Tex. (AP)—The flow of U.S. water from Falcon Reservoir was shut off at midnight last night but it will be at least a week before the effect is felt in the irrigation-conscious Lower Rio Grande Valley.

group said Mexico had not responded favorably to a suggestion that she lend the U.S. some of her share of the Falcon storage. Mexico has a much larger amount of water stored behind the dam than the U.S. has.

The shutdown was ordered yesterday by the State Board of Water Engineers because of depletion of the U.S. portion of water stored behind the big dam. The board acted on the recommendation of a committee representing the valley's city officials, chambers of commerce and major irrigators.

Just a couple of more weeks of water would have made a real good crop of cotton," said C. B. Ray, head of the Valley Farm Bureau. He said a water shortage would cause a considerable loss of production, especially in late crops.

A continued water shortage also would cut down on acreage of fall vegetables which are usually planted in July and August, and could ruin the fall citrus, which needs a great deal of water during the summer.

Sen. Price Daniel said at Plainview Benson "has failed to meet the problems," while Ralph Yarborough warned at Olton that the "farm depression must be rolled back or it will roll into the cities."

It was expected some system of patrolling the river would be set up.

Asked how he would meet moves by the federal government to enforce the Supreme Court edicts on segregation and other states' rights issues, the 33-year-old former University of Texas history professor replied:

## VA Hospital Staff Members On Leave, Business Trips

Many members of the Big Spring Veterans Hospital staff are away on leave, vacations, and official business.

**JOHN A. COFFEY**  
ATTORNEY AT LAW  
308 Scurry  
Dial 4-2591

Attending to official business are Dr. Houston J. Zinn who will return Monday from a conference in St. Louis, and Sam Sonntag, O and M examiner, and G. F. Cook, chief of the fiscal division, who are attending a conference in Oklahoma City.

Boy Stuck As Airplane Waits

Seven-year-old Charles Lowe, who with his family was about to board a plane bound for Mexico City, has his arm stuck in a candy machine at International Airport in Los Angeles, Calif. While his father, Gareth Lowe (right background) holds him, airport employees vainly try to release him. They finally broke the vending machine to release the determined Charles, but by then the Pan American plane had departed. The Lowses, of Provo, Utah, and their four children will leave on another flight. (AP Wirephoto).

## Labor Charts War Against Racketeers

WASHINGTON (AP)—Organized labor today charted its own search for racketeering within union ranks.

The AFL-CIO Executive Council gave its Ethical Practices Committee full authority to proceed with an all-out investigation and recommend any punishments it deems proper. A staff and counsel also were provided. The committee promised early hearings.

The move yesterday came only a day after the White House confirmed that President Eisenhower had offered AFL-CIO President George Meany any federal help he might need in rooting crooks from the labor movement.

The Ethical Practices Committee, headed by President Al Hayes of the machinists union, had been established as part of the AFL-CIO merger six months ago.

But the committee then found it lacked power to proceed.

"Now we have the power," one member said.

The committee will look first into findings made by a Senate subcommittee after a two-year investigation.

The Senate group, headed by Sen. Douglas (D-Ill.), reported a million-dollar shortage in welfare funds of the Laundry Workers Union, and irregularities in handling funds of the Distillery Workers and Allied Industrial Workers (former AFL Auto Workers) unions.

The Executive Council, winding up a three-day quarterly session, directed Meany to meet June 15 with presidents of 19 former AFL building trades unions. These unions have balked at further AFL and CIO state and local mergers because of unsettled jurisdictional feuds with former CIO unions.

The investment of the Chevalier degree will be given to six boys from the area with three being from Lamesa, Tommy Koger, Felix Crawford and David Vandiver. This degree is awarded from Kansas City and is based on all around work done for the order. The degree will be conferred at 7:30 p.m. Friday.

Many activities have been planned for the convalescence with the climax being Saturday evening at the grand ball when the winners of the degree work will be announced and the area Sweetheart revealed.

The Big Spring unit, Battery B 132nd Field Artillery Battalion, plans to leave here about 5:30 a.m. June 17 and will be returning either June 30 or July 1.

In the group making the trip will be 70 enlisted men, one warrant officer, and eight commissioned officers. Capt. Thomas A. Harris is unit commander.

## Guard Camp To Open June 17

The 70 men of Big Spring's National Guard unit will be leaving here June 17 for the summer of summer duty at North Ft. Hood.

For the first time, the entire 36th Division will be training at the central Texas camp together. Heretofore, one of the units, the 136th Anti-Aircraft Battalion, has been training with the division only one week.

The Big Spring unit, Battery B 132nd Field Artillery Battalion, plans to leave here about 5:30 a.m. June 17 and will be returning either June 30 or July 1.

In the group making the trip will be 70 enlisted men, one warrant officer, and eight commissioned officers. Capt. Thomas A. Harris is unit commander.

## Veteran Wins 2nd Writing Contest

Elijah M. Ammons has won an award in the Hospital Veterans Writing Contest for the second year in a row.

Ammons, an ex-patient at the local VA Hospital won one of the top awards in last year's contest and this year he won an honorary award consisting of two books on writing for young people and advertising copy.

## Beard Resigns From Irving School Post

IRVING, Tex. (AP)—Dr. John L. Beard, chief figure in a Board of Education fight and teachers strike last year, quit his \$9,000 a year post as superintendent of the Irving Independent School District yesterday.

Beard, whose contract had two years to run, said "This decision is entirely my own."

His resignation came 13 months after his firing on May 7, 1955, had precipitated a series of events which included a teachers' protest strike, the abolition of the school district, its restoration, and a series of school district elections marked by large-scale propaganda campaigns.

His decision came a month after four pro-Beard school board members lost bids for re-election.

"I think the new board should be given an opportunity to select a man to organize the school program," Dr. Beard said. "I do not have any plans for the future at this time."

The resignation is effective "when they get a new man to take my place, sometime between now and Aug. 31," he said.

The resignation ended a seven-year tenure for the 54-year-old educator who left a post as director of equalization for the Texas Education Agency to take the Irving job. When he arrived here, Irving, a city located between Dallas and Fort Worth, had 1,751 students. It now has 7,511.

LAMESA — Directors of the Dawson County Farm Bureau last night heard a report on the recent Farm Bureau cotton meeting in Lubbock, and on the succeeding American Cotton Congress meeting there.

County Agent Leroy Colgan who made the report painted a dark picture for the future of the cotton farmer "unless a miracle occurs."

He predicted still further cuts in cotton acreage allotments for West Texas in the next few years.

The directors also made preliminary plans for the annual county Farm Bureau queen contest, slated for the Lamesa High School gymnasium on July 26.

Named to the committee to set up the contest were Mr. and Mrs. Fred T. Raney, Mr. and Mrs. Herbert Green, Mr. and Mrs. Ralph Gary, Mr. and Mrs. Bob Koger, and Mr. and Mrs. L. D. Echols.

## Policemen Accused

MANILA (AP)—Authorities have arrested six policemen accused by a disgruntled jail inmate of stealing \$300 from 49 slot machines impounded in a local house-gow.

DOES HE STILL WIND HIS WATCH?

time you got him a *Mido* watch the watch you never have to wind!

How long has your favorite man worn his present watch? Long enough for him to rate a new one, we'd guess. So why not get him a truly modern watch—a self-winding, worry-free watch—a Mido, of course. Waterproof, shock-protected, anti-magnetic, unbreakable main-spring. A Mido winds itself as you wear it. You can swim with it, work with it, play golf with it. Nothing can dismay it. A modern watch for the modern man. Come in and see these ruggedly handsome Midos today.

As long as case, crystal and crown remain intact.

### A Bible Thought For Today

There is therefore now on condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit. (Romans 8:1)

## Editorial

### Doing Good Is Not Seasonal

Although there was no formal observance of it, we have just passed through a period designated as national Salvation Army Week. The occasion is one of appraisal and appreciation, rather than fund raising. Usually, about the only time we hear much about agencies is when we pass the hat, rather than when they are on the firing line doing the job for which funds were raised.

Locally, the Salvation Army served nearly 14 million emergency meals last year, gave comfort and aid to 104,000, helped 2 1/2 million homeless and transients, served nearly 4 million in youth centers, day nurseries, worked with 3 1/2 million servicemen and women and families, counseled with 129,000 prisoners and parolees, located 1,600 missing persons, lent a helping hand to 10,300 unwed mothers and their babies, ministered to 1 1/2 million in religious services which helped 85,000 come to religious decisions.

Locally, our figures are equally — if not more — impressive in most of these realms. The program of the Salvation Army, which is one of the participating agencies in the United Fund, goes on around the calendar and almost around the clock. Human and spiritual need are not bound by seasons. Except for the element of temperature, the transient without food or shelter faces quite as serious a problem in June as he does in January. Time hangs as heavy on the hands of an idle child in May as in December. The necessity of report is as incumbent upon the parolee in April as in November.

And so it goes. It's good to know that the Salvation Army is standing ready to deal with these and many other problems in the spirit that indeed makes us our brothers' keeper.

### New Invitation To Carnage

One of the direst pieces of news out of Russia lately was set afloat by Pioneer Pravda, a Soviet newspaper for children. It announced that the Molotov auto works at Gorki had produced a cigar-shaped, jet-propelled automobile with a speed up to 200 m.p.h.

Wait till our speed fiends hear of this. They won't rest until some American manufacturer takes up the idea and starts producing jet-propelled, cigar-shaped, 200-m.p.h. models for the American market. And if the thing becomes a fad, Lord help us. For if cars are built to go 200 m.p.h., there will always be Americans to drive them.

Meantime we're doing pretty well with the 90, 110 and 120 m.p.h. models now infesting our highways. Last year's toll of lives was 38,700, most of it due to excessive speed.

More and more power is going under the hoods of U. S. cars, and where there is power there is speed, and where there is a potential speed of 120 m.p.h. there will

always be thrill-seekers to reach for it. This excessive horsepower is spoken of in reverential tones by the hucksters. Think of all the tight spots such power can get you out of, they cry. (They never mention the tight spots high speed can get you into.)

In the age when the very trucks are geared to go 60 to 70 m.p.h. with ease, and frequently do, nobody takes speed seriously any more. Ninety to one hundred miles is not at all rare on our highways. At such speeds the driver and his passengers have very little chance of survival if anything goes wrong. And the strain put upon the working parts and running gear of a motor vehicle at 90 to 100 miles an hour is simply appalling.

If this yen for speed involved only those who indulge in that particular form of madness it wouldn't be so bad, but unfortunately that isn't the case. Everyone who uses the highways is a potential victim, and quite frequently entire families are wiped out by just getting in the way.

## David Lawrence

### The Court And The Communist Party

WASHINGTON—The confusion inside the Supreme Court of the United States seems to grow with each week's decisions. This time the Communist party can boast of its greatest victory. Three out of the nine justices have accepted the persistently expressed alibi of the Communists in this country that they are "just another political party."

The Congress has repeatedly proclaimed by law that the Communist party is not a political party but a conspiracy which waits for the opportune moment to overthrow the government of the United States.

The three justices of the Supreme Court who have accepted the argument of the Communists that they are just a political party are Chief Justice Warren, Justice Douglas and Justice Black.

The opinion of the court in the case held that an employer in California was justified in discharging an employee because of membership in the Communist party and that it was covered by the contract between the union and the employer. Justices Harlan, Reed, Burton, Clark, Minton and Frankfurter concurred in the ruling of the court.

But Justice Douglas, writing a dissenting opinion in behalf of Chief Justice Warren, Justice Black and himself, said it wasn't a matter of local contract and that the doctrine expounded by the majority "violates First Amendment guarantees of citizens who are workers in our industrial plants." Then Justice Douglas writes:

"I can better illustrate my difficulty by a hypothetical case. A union enters into a collective-bargaining agreement with an employer that allows any employee who is a Republican to be discharged for 'just cause.' Employers can, of course, hire whom they choose, arranging for an all-Democratic labor force if they desire.

"A union has no such liberty if it operates with the sanction of the state or the federal government behind it. It is

then the agency by which governmental policy is expressed and may not make discriminations that the government may not make.

"But the courts may not be implicated in such a discriminatory scheme. Once the courts put their imprimatur on a contract, government, speaking through the judicial branch, acts. And it is governmental action that the Constitution controls.

"Certainly neither a state nor the federal government could adopt a political test for workers in defense plants or other factories. It is elementary that freedom of political thought is protected by the Fourteenth Amendment against interference by the states, and against federal regimentation by the First Amendment.

"Government may not favor one political group over another. Government may not disqualify one political group from employment. And if the courts lend their support to any such discriminatory program, Shelley V. Kraemer teaches that the government has thrown its weight behind an unconstitutional scheme to discriminate against citizens by reason of their political ideology. That cannot be done in America, unless we forsake our Bill of Rights.

"The court today allows belief, not conduct, to be regulated."

Justice Douglas offered in support of his view in the California case just decided that Chief Justice Hughes in 1937 had ruled that a state couldn't punish Communists for holding a public meeting. But that was long before the true meaning of the Communist conspiracy was exposed, as it has been in the last ten years, and safeguards written into law by Congress.

Justice Douglas says a defense plant may need to protect itself against sabotage but that the worker wasn't guilty of any acts of sabotage. This means that the doctrine of prevention is being discarded, and, if the argument is fully accepted, the Congress and the states must wait till bombs are thrown and complicity of an individual is actually proved before precautions can be taken against the hiring of agents of the Communist espionage apparatus. It's all just a "political ideology" to Justice Warren, Douglas and Black.

### High Corn Yield Shown

AMES, Iowa (AP) — Iowa's 1955 corn yield test averaged 85.7 bushels per acre for all the plots harvested, a current summary of the data indicates. This is five bushels higher than the average of the 16 years of hybrid corn testing. Four of the 12 districts in the state averaged more than 100 bushels an acre. The tests are designed to compare various hybrids grown in Iowa.

### Cigarette Production

RICHMOND, Va. (AP) — Richmond cigarette factories produced 110,122,000 cigarettes in 1955 for the third highest total in the city's history. It was the 13th straight year Richmond factories have turned out more than a hundred billion cigarettes.

### Demos Problem: Can They Beat Eisenhower?

WASHINGTON (AP) — Adlai Stevenson, after knocking Estes Kefauver into the political bleachers, has the inside track for the Democratic presidential nomination, but —

The main problem of the Democrats remains exactly what it was before the primaries: Will they have issues sharp enough

and heated enough to make the voters want to scrap President Eisenhower for a Democrat?

Neither Stevenson nor Kefauver was able to set any prairie fires with primary campaign attacks on Eisenhower and his administration. The reasons are not hard to find.

In the first place, the Democrats this year lack the inflammatory issues the Republicans had or were able to create in the 1952 campaign: the Korean War, the "scandals," and the Communist scare.

A foreigner, or a person without emotional or political attachments to either party, might have difficulty recognizing any real differences between Democrats and Republicans at all.

In the third place, the Republicans have taken over the Democrats' basic programs, thus robbing them of a lot of talking points.

For the 20 years they were out of office the Republicans preached against what they called the "creeping socialism" of the New Deal and "Fair Deal."

But after Eisenhower moved into the White House the Republicans not only retained all the major programs of the Roosevelt-Truman years, including foreign policy, but even expanded them. They repudiated none of them.

In the fourth place, the country is at peace, it is enjoying high prosperity, and war with Russia seems more remote than any time since 1948, all of which makes it difficult to get voters excited.

And even one of the issues upon which some Democrats seemed to be basing a lot of hope—the charge that the administration was giving away natural resources—has been diluted.

When Democrats start talking about giveaways, the Republicans can remind the voters that Southern Democrats were the front of the fight which persuaded Congress to let the government give the states the oil-rich submerged lands.

And it was Southern Democrats who this year led the successful fight to get Congress to pass a bill taking direct federal control off the natural gas producers. Eisenhower vetoed the bill, while supporting its objectives.

### Wants To Play A Negro Cowboy

NEW YORK (AP) — Sammy Davis Jr., currently one of the hottest figures in show business, has an unusual ambition and makes no secret of it.

He wants to star in a Western movie. The idea of a film featuring a Negro cowboy doesn't seem at all singular to Sammy.

"People forget that after the Civil War many former slaves migrated and became cowboys," he said. "There were a lot of Negroes in the Old West."

"Sammy, whose mind is as restless as his agile feet, is an entertainer who always likes to try something new. He is looking forward to costarring with his friend, Frank Sinatra, in a film called 'Jazz Train,' and he'd like to do the 'Story of Bill Robinson,' the great Negro tap dancer who taught him many of his tricks.

This year Sammy — a triple threat artist who can sing, dance and mimic — made his Broadway debut in the musical, 'Mr. Wonderful.'

To him that was like stepping alive into heaven. The Harlem-born kid, who celebrated his first birthday in a crib in a dressing room of the old Hippodrome theater, had reached the top at the age of 30.

There were a lot of hard years of treading along the way, but now Sammy has it made. He has 3 1/2 million records. He and his daddy and 'Uncle Will' Mastin now have an act that fetches them from \$15,000 to \$25,000 a week. They get up to \$20,000 for a single television show.

His dad and 'Uncle Will' handle the money, give Sammy an allowance and are buying two annuities that will make him independent at 40.

"I couldn't get an extra \$2 from them if I was dying," he said, grinning.

"When Sammy goes in for some-

### Red Forgiveness Is Under Doubt

RICHMOND, Va. (AP) — The Richmond Public Library held what it termed "Forgiveness Week" — a whole week when the library charged no fines for overdue books.

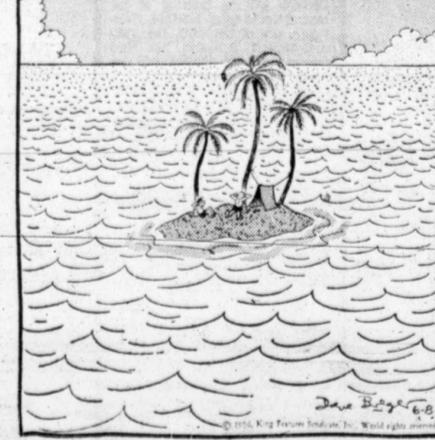

One book which turned up was "Grammar of the Arts." It was borrowed from the library 21 years ago.

A bound file of 12 anti-Communist periodicals of 1939 vintage also was turned in. It was marked "Moscow Public Library," but apparently the prankster didn't believe in "Forgiveness Week." The file, devoted to art and literature and published by Russian exiles in Manchuria, had this written on it: "Extra rubles for each day overdue. Six months overdue — Siberia. Twelve months overdue means public trial. Defendant furnished with complete confession."

### Uncle It Is

NOGALES, Ariz. (AP) — The whole class cried "uncle" at the Little Red Schoolhouse on Patagonia Road when State Rep. Robert Hathaway came to speak at the graduation exercises. The only member of the class was Glenn Hathaway, the speaker's nephew.

### Mr. Breger

'Hard to believe it's Friday already' . . . !'

## Around The Rim

### Parents Have To Keep Hep To The Jive

"See ya later, Alligator," my son sang out, with a big grin on his face.

"Bye," his mother said. At this plain, everyday, to-be-expected remark, the grin disappeared; a look of sorrow and pain covered his face.

"What's the matter?" his mother asked. "Mother," he pleaded, "don't you know what you're supposed to say?"

"Uh," (rather long and drawn out), said his mother. Finally, memory came to the rescue. "After a while, crocodile." At this the grin returned to the young face.

It isn't often this mother is called upon to show her knowledge of the latest slang, but when it is required the expression must be letter perfect. After all, wouldn't it be terrible for the other kids to know that mother was a square, or whatever the latest term is?

This experience with my son recalled another little silliness that was popular something like 10 — no, no, more like

20 (ahem) years ago — which was for hello, rather than goodbye.

One afternoon I rushed into the house and to my mother said, "Knock! Knock!"

Mother said "Yes?" This brought a sudden realization to me. For the first time in my life I knew my mother was getting older. Up to this time to my mind she was the same age as the first time I ever saw her.

"Mother, you should say 'Who's there?' Mother said the right words then, and I responded in the proper fashion. Next, mother smiled and she was restored to my world and my time.

But what I would like to know is how do parents find out what is the latest slang?

Of course, I could ask my child and thereby admit my own ignorance of such things. There is one other way. But, as I have explained to the children, eavesdropping is impolite.

—DOROTHY REDDING

## Inez Robb

### Keep Billboards Off Super Highways

Before the current session of Congress shuts up shop, it seems certain you and I shall have voted the privilege of paying, via state and federal taxes, for some 37 to 50 billion dollars worth of super-duper highways.

Unless such a national network is built to accommodate the minimum of 80,000,000 cars on the highways prospected for 1956, we shall all perish of old age trying to extricate ourselves from traffic jams.

Well, and good. I am willing to pay my share. There is nothing I enjoy more than motoring East, West, North or South over this beautiful country so blessed with magnificent scenery, whenever it can be glimpsed over, around, under or between billboards.

So I am beating the tocsin today to rouse my fellow citizens who love "America, the Beautiful" to stand up on their hind feet before it is too late, and either demand a rider to the highway bill (1) federally-supported roads by billboards or (2) that the states themselves outlaw billboards from new roadways.

The powerful billboard lobby is at work behind the scenes to prevent just such legislation. It will take hard work on the part of Americans who like their countryside undefiled to beat this group. But it can be done, and I suppose as a rallying cry for those who can still take nature on the half shell, "Billions for roads but not one cent for billboards!"

The building of 37 to 50 billions of new roads creates a ready-made billion-dollar gift bonanza for the billboard people, and

they will fight tooth and nail for it. Only equally quick and determined action on the part of citizens who can take their country straight will prevent this bonanza from going by default to the billboard trust.

Within 24 hours after this column appears, I shall begin receiving angry letters from billboard lobbyists accusing me of being (1) a Fascist, (2) a Communist, (3) an enemy of private enterprise, (4) a foe of freedom, (5) a husband-bater and (6) an enemy of the people. Nuts!

For what are the billboarders demanding freedom? They are crying aloud for freedom to deface one of the world's most lovely nations. They are beating their respective breasts and piteously crying aloud for the privilege of robbing you and me of our national heritage of beauty.

The only freedom at stake here is the freedom to despoil. For persons who really hate scenery, there are always dark glasses.

The outdoor ad fraternity would long since have loused up Niagara Falls, the Grand Canyon, Old Faithful, the redwoods and Estes Park, to name a few, if the law hadn't stepped in. Only the law has kept the Westchester and Connecticut parkways systems things of beauty and highway models to all the world.

Only the law can save the proposed new highways from a billboard grab. Let's get busy if we want to see America First.

Copyright, 1956, United Feature Syndicate, Inc.

## The Gallup Poll

### 'Prosperity' Issue Favors Demos

PRINCETON, N. J. — The first crack in the Republican armor on the issue of prosperity has shown up.

Nationwide, the Democrats have regained a slight edge in the minds of voters as the party that will do the best job of keeping the country prosperous in the next few years.

Last January, following the boom year of 1955, the Republicans were given the nod. For the first time in a decade, an Institute survey says that time found that the nation's voters had begun to link the symbol of prosperity more with the Republican party than with the Democratic party.

With the current talk of new threats to national prosperity, the Institute assigned its staff of reporters to interview voters in all walks of life and living in every section

of the country. Each voter was asked: "Looking ahead for the next few years, which political party — the Republican or Democratic — do you think will do the best job of keeping the country prosperous?"

The vote today:

WHICH PARTY WILL BEST KEEP AMERICA PROSPEROUS?

Per Cent  
Democratic ..... 38  
Republican ..... 36  
No difference ..... 12  
No opinion ..... 14

Today's results are especially significant because they show the country to be very sensitive to changes in the economic situation. It is interesting to compare the latest figures with those obtained in identical surveys in January of this year and last November also, as follows:

JANUARY, 1956  
Per Cent  
Republican ..... 38  
Democratic ..... 34  
No difference ..... 10  
No opinion ..... 18

NOVEMBER, 1955  
Per Cent  
Democratic ..... 39  
Republican ..... 37  
No difference ..... 15  
No opinion ..... 9

Obviously, replies to the question vary sharply according to the political party preference of the individual.

The important political fact, however, is that more independent voters — the "in-betweeners" — a U. S. politics — today believe that the Republicans will do the best job of keeping the country prosperous over the next few years.

However, the number of Independents who feel this way has dropped since the January survey.

The vote of Independents today, compared with January of this year:

INDEPENDENT VOTERS  
TO-Jan. DAY '56  
Per Cent  
Republican ..... 30  
Democratic ..... 23  
No difference ..... 23  
No opinion ..... 24

Considerable differences of opinion also show up by occupation groups.

On the one hand, among business and professional people, and also white-collar workers, the weight of sentiment is on the side of the Republicans doing the best job. Among farmers and manual workers, on the other hand, the reverse is true. Skilled workers are about evenly divided in their opinions.

By sections of the country, the industrial East is more inclined to believe that the Republicans will do the best job of keeping the country prosperous, while the South is most convinced that the Democrats will.

Voters in the Far West lean toward the Democrats, while sentiment in the Midwest is more evenly divided on the question.

### Survival Report

HOLDENVILLE, Okla. (AP) — The driver walked away from this accident reported by the Oklahoma Highway Patrol:

The car went out of control, travelled 390 feet and jumped a 12-foot ditch. It went on another 228 feet and tore out a 75-foot stretch of fence.

Then the car broke a power-line pole and three 7,200-volt lines fell. One hit the top of the car and arched out. The other two became entangled with the fence which was wrapped around the car.

### Polio-Shot Reward

RICHMOND, Va. (AP) — The children who go to the office of Dr. Phil Trimmer Jr. for polio shots think it's fun. After each shot, Dr. Trimmer writes out a prescription for his patient calling for one ice cream cone at a nearby drug store.

### Accident Pictures

ST. PAUL, Minn. (AP) — A plan to equip the state highway patrol for photographing traffic accidents has been approved by the Minnesota attorney general's office. The pictures will be used in compiling accident prevention data.

### Space Man Is Lagging

WINNIPEG (AP) — The man from Mars can't hold a candle to the western cowboy when readers pick books from the city library. Books about spacemen caught on for a time, says chief librarian A. F. Jamieson. "But the western is right back on top and will always be with us."

### The Big Spring Herald

# Reach Agreement In Aviation Strike

NEW YORK (AP) — Negotiators have agreed on terms for settlement of the 16-week strike of 11,000 machinists against the Republic Aviation Corp. on Long Island. Union members vote on ratification tomorrow.

# Jeanne Crain Fears Mate's Gun Threats

LOS ANGELES (AP) — Film actress Jeanne Crain says she has been told by friends that her estranged husband Paul Brinkman carries a gun and "if worst comes to worst he will use it."

The actress so informed a Superior Court judge yesterday as she petitioned the court to take away any guns in Brinkman's possession.

Her request was supported by an affidavit from a friend of the couple, Mrs. Marshall Kester, who said Brinkman told her in a recent conversation that he was despondent because Miss Crain seemed indifferent to his welfare.

The 30-year-old film star filed suit for divorce last March, charging cruelty, and filed an amended complaint May 16. In this she detailed accusations that he chased her around their home using cave-man tactics to show his affection, and beat her in front of their children.

Brinkman, 37, filed a cross-complaint containing generalized accusations. He has termed his wife's divorce allegations "irresponsible and totally false."

Miss Crain also asked in her petition that Brinkman be punished for contempt of court because of what she called his violation of a court order forbidding him to visit the couple's home except to see their children.

# Overcomes Handicap

DETROIT (AP) — Left paralyzed in both arms by polio 12 years ago, Norman Zemke overcame his handicap to graduate with honors yesterday from the University of Detroit College of Law.

ceplance of the settlement at a meeting at East Meadow, N.Y. The contract terms, announced last night, provide for a package increase of 17 1/2 cents an hour.

Union spokesmen said they expect employees to be called back to work, beginning Tuesday in strict order of seniority.

Republic has maintained limited production of jet planes by use of nonstriking and supervisory employees. The U.S. government is its only customer.

Last weekend a company spokesman had said the only thing holding up a settlement with the IAM was the strike against Republic by 150 members of the International Brotherhood of Electrical Workers.

A spokesman for the IAM said last night, however, that "the road to ratification was cleared" when the company agreed to give two days' notice of all layoffs or two days' pay, and accepted "a method of recall to work . . . which does not give preference to strike-breakers."

# Haiti Turns Down Loan From Russia

NEW YORK (AP) — The New York Herald Tribune said today the Republic of Haiti has rejected a proffered 100-million-dollar loan from Russia.

A Washington dispatch to the newspaper gave this account: Soviet Russia offered the loan to the Republic recently as part of Russia's new economic drive to penetrate the Western Hemisphere.

Russian "technicians" were to go to Haiti to supervise whatever was done with the money, however, and Haiti said "No, thank you," very firmly, even though it is the market for more loans to develop its economy.

# Wealthy Heiress, Mrs. Biddle, Dies

THOMPSON — Mrs. Margaret Thompson Biddle, wealthy copper heiress and divorced wife of ex-diplomat Anthony J. Drexel Biddle Jr., died early today of a cerebral hemorrhage. She was 54.

Mrs. Biddle was stricken after returning to her Paris home from the opera.

Her death came without warning. She had been planning a birthday party at her home here next week for her son and had intended to spend this weekend completing the decoration of a home she recently bought at Cap Ferjat, on the Riviera.

# Three Felled By Gunman In Tavern Raid

CHICAGO (AP) — A fast-shooting gunman invaded a North Side tavern early today, fatally shot one of the owners and a dice girl and then waltzed off with a 32-year-old news vendor.

Police said they had learned the identity of the gunman from a brother of one of the victims. They described him as an engaged exconvict who had been arrested for creating a disturbance in the tavern a month ago.

The assassin first fired three shotgun blasts at Max Epstein, 45, who was in back of the bar of Mickey and Maxie's Miracle Cabaret at 1114 Argyle St.

Police said that about half a dozen customers were in the tavern when the gunman entered and started blasting at Epstein. They ran for cover and Epstein's brother, Mickey, 37, rushed to a rear room to get a gun.

The gunman, after shooting Epstein, ran half the length of the bar and fired at the girl, identified as Lois Gates, 28.

The gunman threatened some of the customers as he fled from the tavern. Running into the street, police said, he bumped into a newsboy.

He fired one shot at the man, who was not immediately identified. He died shortly after he was taken to Edgewater Hospital.

Mickey Epstein told police that the slayer was Lawrence N. (Larry) Neumann, 28, whom he had arrested last May 9 after they had a fight in the tavern. Police said records showed Neumann had served prison sentences for armed robbery.

# Baptist Workers Set Conference

Monthly workers conference for the Big Spring Baptist Association will be held Monday evening at Lakeview Baptist Church in eastern Martin County.

The board meeting will be held at 6 p.m., followed an hour later by dinner; Billy Rudd, East Fourth Baptist, will lead the song service, and Darrell Robinson will bring the devotional. Mack Alexander, Big Spring, is to report on the camp for delinquents, while the Rev. E. B. Coon, Stanton, and Dr. P. D. O'Brien, pastor of the First Baptist Church in Big Spring, will bring messages on Christian living. Next month's worker's conference will be July 9 at Lenorah.

# City's Adjusted Tax Rate Is Lower Than Average For Size

Big Spring can boast a lower adjusted tax rate, assessed valuation, and assessment percentage than the average of cities in its population bracket. (Adjusted rate is the rate which would be charged if all cities assessed taxes on the same basis.)

Only five cities showed a smaller percentage of full evaluation than did Big Spring in a survey conducted by the League of Texas Municipalities. Big Spring is in the third largest population class, with cities between 15,000 and 49,999 citizens.

The population figures are based on the 1950 census, with Big Spring showing 17,286 persons.

The city's assessed valuation stands at \$18,327,250, as against the statewide average for Big Spring's category of \$33,382,476. The \$18.3 million is 27 per cent of true value, while the bracket's percentage of true estimate is 41.6 per cent.

The tax rate however for the group was \$1.58, while Big Spring showed \$2.05. The figures were for 1955.

Although Big Spring holds a higher adjusted curve here is well below the mean. Big Spring's amended rate for 1955 was 55.3 cents per each \$100 of real valuation, while the average for the 31 cities in the bracket was 66 cents.

In its class, Big Spring is topped on the tax rate by only four cities. Texarkana, with \$2.40, has the highest followed by Alice (\$2.25), and Paris and Borger with \$2.15 each. Pasadena has the same rate as Big Spring. McAllen and Corsicana with 90 cents have the lowest.

On the adjusted price, 15 cities have lower rates than Big Spring. University Park has the minimum

with 28.8 cents. Twelve cities have lower tax indebtedness than Big Spring. The city's tax debt stood at \$1,197,383 at the end of 1955. The total tax and revenue bond indebtedness was \$2,586,725. Ten cities had less aggregate debt.

University Park showed no indebtedness at the end of the year. Lamesa had an assessed valuation of \$10,874,114, as against its bracket average of \$11,582,819. The tax rate at Lamesa is \$1.50, with the group mean being \$1.49. The assessed valuations are 40 per cent of real value in Lamesa; the group average is 38.2 per cent.

Lamesa is in the bracket immediately below Big Spring, among cities between 7,500 and 14,999 population.

Snyder — in the same bracket — showed \$13,256,922 assessed valuation, and an assessment percentage of 33. Its tax rate is \$1.50, with an adjusted price of \$3.25.

Some of the cities in the area covered by the survey:

City	Assessed Valuation	Pop. Basis of	Total Tax Rate	Adjusted Tax Rate	Total Tax Rate Index
San Angelo	\$112,453,439	35	2.90	1.00	86.00
Odessa	66,292,835	35	2.00	.700	53.5
Midland	65,520,960	35	1.90	.650	50.0
BIG SPRING	18,327,250	27	2.05	.733	58.7
Sweetwater	18,311,630	29	1.80	.600	45.0
Spring	13,556,922	35	1.50	.500	37.5
Lamesa	10,874,114	40	1.50	.500	37.5
Colorado City	7,254,000	25	1.65	.550	41.2
Loraine	633,828	25	1.50	.500	37.5

# ACC Representatives To Speak At Local Churches Of Christ

Two speakers from Abilene Christian College will fill pulpits at local churches of Christ for the next two Sundays while their ministers are holding revivals in other cities.

At the Main Street Church of Christ W. R. Smith, vice president of ACC will be the guest speaker and Dr. Paul Witt will replace Darrell Flynt at the Birdwell Lane Church.

Several churches are bringing the Bible Schools to a close and will have the commencement exercises tonight and Sunday evening.

## Baptist

Rev. A. R. Posey at the Baptist Temple will speak on "Responsible of Boys and Girls" at the morning service and in the evening the Vacation Bible School commencement will be held beginning at 8 p.m.

The school has registered 220 and the average attendance from Tuesday through Thursday was 189.

Bible School commencement will be held at the First Baptist Church Friday evening, 7:30. On Sunday morning Dr. P. D. O'Brien will speak on "An Highway Shall Be There" Isaiah 35:8. In the evening he will talk on "A Grand Old Man," Joshua 14:12.

"Our Eternal Home" is the topic for the morning service of Rev. Maple Avery at the East Fourth Street Baptist Church. In the evening his sermon will be on "What Will Thou Have Me to Do?"

Rev. H. L. Bingham at the Hillcrest Baptist will speak on "The Eighth Commandment" Sunday morning and in the evening his topic will be "Sin, Law, and Grace." Training Union begins at 6:45.

## Catholic

Mass will be said by Father William Moore, OMI, at 7 a.m. and 10 a.m. at St. Thomas Catholic Church. Confessions will be heard from 5:30 to 6 p.m. and 7 to 8 p.m. Saturday. Benediction will follow the last Mass.

Father John Ward has changed the hour of Mass at Sacred Heart (Spanish speaking) Church to 7:30 to 10 a.m. On Saturday confessions will be heard from 5 to 5:30 p.m. and 7 to 8:30 p.m. Benediction will be at 5 p.m. on Sunday.

Mass will be said Sunday at 7 p.m. in Coahoma at St. Joseph's mission by Father Ward.

## Christian

"What Happened at Pentecost?" will be the sermon topic of Rev. Clyde Nichols at the First Christian Church Sunday morning. At the Sunday School hour, graduation exercises will be held for the Vacation Bible School and all departments will receive their certificates.

There will be no evening service.

## Church Of Christ

Dr. Paul Witt of ACC will fill the pulpit at the Birdwell Lane Church of Christ for services the next two weeks. Sunday he will speak on "We Would See Jesus" and in the evening, "He Careth For You."

Darrell Flynt is to be conducting revival services in Mercedes and later in Leander.

At the Main Street Church of Christ W. R. Smith, vice president of ACC will be the minister for the next two Sundays. Lyle P. Witt will be in Dallas to conduct revival services at the Western Heights Church of Christ.

Doyle Maynard, minister of the North Side Church of Christ, will speak on "Who Is This?" at the morning hour and in the evening his topic is "Rearranging the Furniture."

## Christian Science

Keynoting the lesson-sermon for the Christian Science members Sunday is the golden text from Psalms 37:39-40. The title is "God the Preserver of Man." From "Science and Health with Key to the Scriptures" will be read 494:10-11.

Church of Jesus Christ of Latter-Day Saints will hold services at the Girl Scout Little House, 1407 Lancaster. Sunday school is at 10 a.m. and the evening services are at 6:30 o'clock.

## Lutheran

Rev. Wayne Dittloff will conduct services at 8 and 10:30 a.m. at St. Paul's Lutheran Church Sunday morning. The Sunday School and adult Bible classes will be held at 9:30.

## Methodist

Rev. Richard Deats will be in the pulpit at the First Methodist Church. At the Park Methodist, Rev. Jesse Young will have as his morning sermon "The Greatest Blessing or The Greatest Curse" James 3. In the evening at 8 the Vacation Bible School will have their commencement exercises.

"Lovest Thou Me" is the topic

## Presbyterian

Dr. Gage Lloyd will speak on "The Gospel in Capsule" at the morning service at the First Presbyterian Church. "God's Always Present" will be the evening topic and is taken from favorite scriptures of members of the congregation.

Rev. Jack Ware at the St. Paul Presbyterian Church has chosen to speak on "Prayer - Lifeline to God" and in the evening "Abraham - Man of Faith." Vacation Bible School is to begin Monday at 8:30 a.m.

## State Hospital

At the Big Spring State Hospital Rev. William Boyd, rector of St. Mary's Episcopal Church will conduct services at 2 p.m. Special music will be furnished by the Hillcrest Mission choir.

Catholic confessions and Mass will be heard each Thursday.

## Webb AFB

Chaplain William H. Barker will be in the pulpit at Webb Air Force Base chapel Sunday for the Protestant services and will use "The Sin of Neglect" as his sermon topic. Sunday school will be held in the chapel annex.

Father Joseph Ryan of San Antonio will conduct Catholic services at 9 and 12:15 for the next two Sundays.

## 7th Day Adventist

Services at the Seventh Day Adventist Church will be at 2:30 p.m. Saturday followed by church services at 3:30 p.m.

## Temple Israel

Friday evening services of Temple Israel will be held at room 511 in the Settles Hotel at 8 o'clock.

## Bible Class

The Businessmen's Bible Class meets Sunday at 9:15 a.m. in the Settles Ballroom with Rupert Ricker as the teacher.

## Desi Arnaz Hurt

HOLLYWOOD - Television actor and bandleader Desi Arnaz is being treated for a back injury he suffered while rehearsing a dance for a TV show with his wife Lucille Ball and comedian Bob Hope.

A spokesman for Desilu Productions said Arnaz and Hope had a scene in which they were to throw Miss Ball into the air. Arnaz slipped and tore ligaments in his back.

Arnaz was scheduled to enter Cedars of Lebanon Hospital for observation.

## The Gospel Overcomes Paganism

PAUL'S MINISTRY IN EPHEBUS BRINGS JEWS AND GREEKS TO CHRIST

Scripture—Acts 18:1-18; Ephesians 5:15-18.

By NEWMAN CAMPBELL  
IN THE BEGINNING of our lesson we meet a fine man by the name of Apollo who, while he had been baptized by John the Baptist, preached Jesus Christ, the Messiah. He came to Ephesus and preached eloquently in the synagogue. He attracted the attention of Aquila and Priscilla, who took him with them and instructed him in God's ways more perfectly.

While Apollo was in Corinth Paul came to Ephesus, and finding a group of disciples there, he asked them if they had received the Holy Ghost. Upon learning that they had been baptized by John the Baptist, and had not heard that there was a Holy Ghost, Paul baptized them, then laid his hands on them and they received the Spirit.

Ephesus was a great city, but its inhabitants were idolaters, so together and told them their business was being ruined by this preacher, Paul. The men were filled with anger and they turned the whole city into an uproar shouting, "Great is Diana of the Ephesians!"

The town clerk tried to quiet the mob, saying that if the artisans had anything against Paul and his disciples, they could have the law on them, but if not they should be quiet, and he dismissed the people.

Paul, restless as ever, felt the Spirit urging him to go back to Jerusalem for the Pentecost, although he did not know what would happen to him there. He was warned that he would meet with persecution, but his courage did not desert him.

Calling the elders of the church together in Ephesus, Paul told them of his decision, and they all knelt with him in prayer, then embraced him tearfully, because he told them they probably would see him no more.

On his way to Jerusalem he and his companions came to Tyre. Here they stayed for seven days, and when they were about to sail away, whole families accompanied them to the shore. All the people, men, women, wives and children, knelt on the shore and as he prayed with them they wept bitterly.

The Apostles then went to Caesarea and stayed at the house of Philip, the evangelist, where a man prophesied that if Paul went to Jerusalem, he certainly would be bound and delivered into the hands of the Gentiles. All then begged him not to proceed, but he was adamant and they were forced to let him go, saying "God's will be done." They knew Paul was ready to be bound, even tortured or slain, for the sake of Jesus Christ.

Take your problems to Church this week

—millions leave them there!

**REFUGE and STRENGTH**

Into the House of God they have come for spiritual strength and comfort. The care or sorrow or need which brought them here is not important. It is important that the experiences of a lifetime have taught them that God is their refuge and their strength.

The beauty of faith shines in their faces, and from this devout worship they will go forth stronger in spirit.

But faith is not the exclusive possession of age. From childhood to the grave, man may find hope and comfort and peace in God. For faith banishes fear, overcomes difficulties and imparts new life.

In these troubled days, men need religion more than ever before. In the presence of vast powers hitherto unknown, we may feel frustrated and helpless. Human problems lie heavy upon our spirits. But God is a Rock of Refuge and Pillar of Strength to those who trust Him. Come to the House of the Lord.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Defense Sum Could Reach Half-Trillion

WASHINGTON (AP)—Spending for military defense over the 15-year period extending to 1965 may total more than half a trillion dollars—even with the nation at peace.

This is more, by many billions, than was spent in the previous decade and a half—which included fighting World War II.

From fiscal year 1951 through 1965—if the current spending rate continues—the cost of rearming for the jet-atomic age will be about \$28½ billion dollars. This period also includes the years of the Korean War.

That estimate will be spending

## Two Injured In Car Mishap

Two Big Spring men were injured in automobile mishaps last night.

Joe Edd Bradley suffered possible fractured ribs and a back injury when he was pinned under his car after it plunged over the retaining wall on the road leading down from scenic Drive.

Highway Patrolman Ben Walker said two of Bradley's companions removed the auto from the driver's body. Bradley was brought to Big Spring Hospital in a River ambulance. Examination had not been completed at noon today, but apparently he was not hurt critically.

Walker said Bradley's companions could not be located after the accident. They had not been identified this morning. The crash occurred about 2:40 a.m.

Harold Macon Callaway, 2700 S. Monticello, received an arm fracture when his automobile collided with the rear of a truck driven by Dwight H. Moore of Lamesa. Patrolman Walker said Callaway would have escaped injury if his arm hadn't been sticking out the window of his car.

The collision occurred on U. S. 87 about two and a half miles north of Big Spring at 10:30 p.m. Thursday. Callaway told Walker he apparently went to sleep while driving.

## James D. Lane Dies In Abilene

Funeral rites for James D. A. Lane, 86, father of R. L. (Bob) Lane, 107 E. 16th, are to be conducted at 4 p.m. Saturday in Calvary Baptist Church in Abilene.

The elder Lane died at an Abilene hospital on Thursday evening. He was victim of a heart ailment.

Survivors include five sons, C. B. Lane, Odessa; James Monroe Lane, Post; L. J. Lane, Fort Worth; R. C. Lane, Stamford; and R. L. Lane, Big Spring; two daughters, Mrs. Nellie Sewell, Abilene; and Mrs. Norman Hines, Mineral Wells. There are 19 grandchildren.

He was a farmer and operator of a grocery store for many years.

# Luther-Southeast Well Makes 124-Bbl. Flow While Testing

Lone Star Producing Company's No. 1 Bryson-Rawlings in the Luther, Southeast field flowed 124 barrels of oil while testing.

And operators still testing.

Flows were for 14 hours through a 24-64-inch choke. The test brought the 124-barrel flow and 9.9 barrels of water. Tubing pressure was 120. Operator acidized with 1,000 gallons.

Location is about 12 miles north of Big Spring. The test was in perforations from 9,894-990 feet.

## Borden

Hancock No. 1 Rogers is drilling in line at 8,110 feet. It is 1,968 feet from south and 467 feet from west lines, 28-31-in. T&P Survey.

King-Warren-Dye No. 1 Milliken has projected to 3,466 feet in sand and lime. It is a wildcat C SE SE, 523-97, H&C Survey, and about 13 miles northeast of Gail.

Amerada No. 3-A Gates is a new location in the Jo-Mill field. It will be 600 feet from north and 1,900 feet from east lines of the southeast quarter, 22-33-4n, T&P Survey and about seven miles northeast of Ackery. Rotary tools will be used in drilling to 8,000 feet.

## Dawson

Superior No. 1 Barnes-McBrayer is drilling at 9,561 feet in shale. A wildcat, C SW SW SW, Labor 24, League 27, Loving CSL Survey, it is about seven miles south of Patricia and about eight south of the Lindsey (Straw) field.

Gibson No. 1 Weaver, a wildcat one and a half miles northwest of Lamesa, has deepened to 10,530 feet in line and shale. It is 1,880 feet from south and 990 feet from east lines, 63-35-6n, T&P Survey.

Drilling and Exploration No. 2 Wells is in line and dolomite at 12,141 feet. It is 330 feet from south and 990 feet from west lines of the northwest quarter, Labor 15, League 4, Taylor CLS Survey.

by the Defense Department. The figure does not include the cost of nuclear weapons. The Atomic Energy Commission has not disclosed what part of the approximately 14 billions spent for this over-all program to date involves weapons, but it is known the great bulk of that total has been for weapon development and production.

High defense officials have stated that a critical need for military readiness probably will mean that the current annual rate of military spending—about 35 billion dollars—will be required well into the future, unless there is a change in world conditions resulting in either disarmament or another war.

Moreover, Secretary of Defense Wilson has said that continued improvements in technology and weapons "will tend to increase costs unless offsetting savings can be found."

Defense Department spending in the last six years through June 30, 1956, is estimated at 213½ billions. That does not include such items as foreign military aid nor public works projects such as rivers and harbor development. An annual spending rate of 35 billions from 1956 through 1965 would add another 315 billions to the total—to boost it above the half trillion mark.

For the 15-year period beginning with 1936, records show a total expenditure of \$34,249,000. This figure does not include the lend-lease program of the war years, but does include public works projects under the big economic recovery program of the later 1930s.

The bigger cost now arises out of two primary factors:

1. The price tag on weapons is higher. The cost of material and labor for weapons production has gone up, like everything else.
2. The weapons with which World War II was fought were relatively simple by today's standards.

Walker said Bradley's companions could not be located after the accident. They had not been identified this morning. The crash occurred about 2:40 a.m.

Harold Macon Callaway, 2700 S. Monticello, received an arm fracture when his automobile collided with the rear of a truck driven by Dwight H. Moore of Lamesa. Patrolman Walker said Callaway would have escaped injury if his arm hadn't been sticking out the window of his car.

## HOSPITAL NOTES

**BIG SPRING HOSPITAL.**  
Admissions — George Kunkle, 601 Johnson; Margaret Lancaster, 600 Lark; Ledell Jackson, Ackery; Willa Alaniz, Rt. 1; Joe Ed Bradley, City; A. V. Gresswell, Box 1411; H. H. Storey, Otischalk; H. V. Crocker, 1707 Benton; U. C. Burnett, 1111 W. 5th; Robert R. Fields, Gen. Del.

Dismissals — Odas Williams, 1504 Vines; Mattie Armstrong, Childress; Linna Castleberry, 304 Birdwell; R. D. Morrison, Odessa; Perry Peterson, 611 Douglas; Gilbert Golan, 506 NW 3rd; Francisco Lujan, 703 NW 8th.

**Watches Stolen**  
Burl Varner, 105 W. 17th, reported to the sheriff's office that one dozen Timex watches have been stolen from his place. He placed the value of \$80 on the stolen timepieces.

Davidson-Penbrook-Way No. 1 Burkett is a new producer in the Welch pool, finaling for 55 barrels of 24 gravity oil, plus 60 per cent water, in 24 hours. It is C SW SW, 14-C39, PSL Survey. Total depth is 4,983 feet, and 5½-inch casing is cemented at that depth. Top of the pay zone is reached at 4,250 feet; perforations are set from 4,892-936 feet. Operator had acidized with 3,000 gallons and 10,000 gallons of frac acid.

Tidewater No. 1 Morris finaling for 77 barrels of 23.7 gravity oil in the Welch pool. Total depth is 4,920 feet, with the 3½-inch string being at 4,814 feet. Gas-oil ratio is 238-1, and 35 per cent water accompanied the potential test. The well is 467 feet from south and 246 feet from east lines, 1-C39, PSL Survey.

Pan American No. 1 Turnbow, in the North Breedlove field, cored from 12,181-201 feet. Recovered was nine feet of lime with scattered rug of bleeding oil, three feet of highly fractured vugular dolomite also slightly bleeding oil, and one foot of white fractured dolomite. Operation is bottomed at 12,275 feet and running logs. It is preparing to run four-inch casing liner. Site is 467 feet from south and 1,000 feet from west lines, Labor 10, League 239, Borden CSL Survey.

Southland Royalty No. 2-34-A McDowell is bailing water preparatory to drilling 14C2. It is 467 feet from south and west lines, 34-34-2s, T&P Survey, and about 11 miles northeast of Garden City.

Turner-Duncan No. 1-B Gregory completed for a daily flowing potential of 71.83 barrels of oil. Gravity is .25 degrees, and a gas-oil ratio is 318-1. Perforations are between 2,676-750 feet, and fractured with 4,000 gallons and 8,000 pounds sand. Total depth is 2,700 feet, and 5½-inch casing is at that depth. Site is 1,650 feet from north and 2,310 feet from east lines, 19-23-1n, T&P Survey, and an extender to the Turner-Gregory field four miles northwest of Westbrook.

Sun No. 1 Hildebrand has drilled to 1,510 feet. It is 573 feet from north and 1,853 feet from west lines, 22-12, SPBR Survey, and about two and a half miles south-east of Sterling City.

### Mid-Air Rescue

An unidentified fireman on a 100-foot aerial ladder carries down an injured scaffolding worker, Lee DeSpain, while his partner, J. K. Miller, upper left, hangs precariously on a dangling cable. Miller was rescued a few minutes later. The workmen, repairing brickwork, were held suspended for more than 30 minutes on cables when their scaffold (hanging at right) gave way at the eighth floor level at City Towers Hotel in Dallas. Miller was uninjured and DeSpain's injuries were described as slight by the hospital where he was taken for observation.

# \$1,300 In Polio Bills To Be Paid

Bills amounting to about \$1,300 for treatment of Howard and Glasscock County polio victims were approved for payment by the board of the local polio chapter this morning.

Jewel Barton, city-county nurse, reported that a physiotherapist will be on hand each Thursday morning at the Westward Ho swimming pool to work with children crippled by polio and other diseases. She said a full staff of volunteers has been lined up to work with the youngsters in the water therapy program that started this week.

Miss Barton said all crippled children in the area are being encouraged to participate in the program which last year proved highly beneficial to handicapped youngsters. Additional aid in providing transportation for some of the group is needed, she said.

The public nurse also reported on administration of Salk polio vaccine to second and third graders in Howard and Glasscock County schools. She said some 700 children have received the three-shot vaccination series.

The vaccine is administered free each Friday at the city-county health unit to children of medical-indigent families, she said. She said efforts to get all children to take the shots should be continued.

Rad Ware, chapter president, announced at the meeting that Jack Dupree, Abilene, has replaced Bill A. Head as West Texas representative for the National Foundation for Infantile Paralysis.

## Rites Held For Mrs. Valdez

Final rites for Mrs. Louisa Valdez, 66, who died Thursday morning, were held this morning.

Requiem mass was held at 8:30 a.m. at St. Thomas Catholic Church, with the Rev. Fr. John Ward officiating. Interment was to have been in the Catholic section of City Cemetery this afternoon at 4 p.m.

Nalley-Pickler Funeral Home handled arrangements.

Mrs. Valdez is survived by three daughters, Dela and Gloria Valdez and Mrs. Mary Rodriguez, four sons, Alvin, Rene, Ramon, and Ector Valdez; and one grandchild, all of Big Spring.

## Fires Consume Two Buildings

A fire shortly before noon today practically destroyed a building at the Big Spring Trailer Court, 1314 E. 4th.

The blaze was confined to the building however. It was a combination shower-toilet for the camp. No one was injured.

The blaze consumed the inside of the building, and evidently the fixtures. No cause of the blaze has been determined.

Thursday afternoon, a fire at the Dave Christian farm 10 miles out on the Gail highway, destroyed a barn. Firemen reported the building a complete loss. All hay stored in the building was destroyed also.

A short in electrical wiring caused a small blaze at 1002 E. 4th Thursday. The residence was occupied by Elliott Yell. No damage resulted.

A feature of the YMCA tonight will be the teen-age party beginning at 8 p.m.

The success of tonight's party will depend on how many teen-agers attend. If there is enough interest shown, the party will be a permanent affair during the summer.

Sponsored by the Hi-Y Council, Clyde McMahon will be in charge of the snack bar, Mary Lane Edwards will be in charge of music, and Brenda Gordon is getting chaperones.

The party is free and is open to all Big Spring teen-agers.

Clayton-Whitcomb No. 1 Turner, in the North Breedlove field, cored from 12,181-201 feet. Recovered was nine feet of lime with scattered rug of bleeding oil, three feet of highly fractured vugular dolomite also slightly bleeding oil, and one foot of white fractured dolomite. Operation is bottomed at 12,275 feet and running logs. It is preparing to run four-inch casing liner. Site is 467 feet from south and 1,000 feet from west lines, Labor 10, League 239, Borden CSL Survey.

Turner-Duncan No. 1-B Gregory completed for a daily flowing potential of 71.83 barrels of oil. Gravity is .25 degrees, and a gas-oil ratio is 318-1. Perforations are between 2,676-750 feet, and fractured with 4,000 gallons and 8,000 pounds sand. Total depth is 2,700 feet, and 5½-inch casing is at that depth. Site is 1,650 feet from north and 2,310 feet from east lines, 19-23-1n, T&P Survey, and an extender to the Turner-Gregory field four miles northwest of Westbrook.

Sun No. 1 Hildebrand has drilled to 1,510 feet. It is 573 feet from north and 1,853 feet from west lines, 22-12, SPBR Survey, and about two and a half miles south-east of Sterling City.

## Church May Buy Hotel To Use As Home For Aged

FORT WORTH (AP)—The Central Texas Methodist Conference was told yesterday that plans were continuing to establish a home for the aged, including the possible purchase of the Crazy Water Hotel in Mineral Wells for such a home.

The Rev. M. Howard Knox of Granbury reported that the trustees of Wesleyan Homes, Inc., were continuing their study to establish such a home within the boundaries of the conference.

The conference today was to hold its annual service honoring the ministers who are retiring from active service. The Rev. Gilbert Ferrell of Waco was to be the principal speaker at the service.

The Commission on Town and Country Work yesterday awarded certificates of recognition for outstanding church work in rural areas with populations of less than 2,500.

One award went to the Red Oak Methodist Church in the Waxahachie District and the other to the Methodist Church in Cranfills Gap in the Gatesville District.

Rev. A. B. McCown, pastor, and R. C. Lowance, a layman, in the Red Oak Church and Rev. Bruce Baker, pastor, and B. T. Hamby, a layman in the Cranfills Gap church, received the awards.

Officials named yesterday included:

Trustees of retired ministers' homes—Rev. William Greenwaldt, Killen; Sidney Roberts, Grandview; and Carroll Thompson, Georgetown.

Directors of the Methodist Home, Waco, for three years: Rev. A. S. Gafford, Waco, and R. E. Cox Sr., Fort Worth. Directors-at-large for three years: J. S. Bridwell, Wichita Falls, and H. W. Meredith, Minola.

## PICKUP OF PICTURES IN ORDER

Help! We're getting swamped with pictures. That is, we're getting swamped with pictures we have used and have been holding for their owners.

Soon we will be cleaning house in anticipation of the big move into our new building and those pictures that haven't been picked up will be thrown away.

If you have left one here, please come in after 11 o'clock in the morning and we will help you locate yours.

## DeMolay Group At Area Meeting In Odessa Today

Ten members of the Leon (Pete) Moffett Chapter of DeMolay, Big Spring, are in Odessa today attending initial sessions of the annual West Texas Conclave of DeMolay. Oscar Glickman, advisor for the chapter, is also at the initial meeting. Another advisor will probably go to Odessa on Saturday and a third on Sunday—closing day of the conclave.

A ritualistic degree team from Big Spring is to compete for honors at the Odessa meeting.

A ritualistic degree team from Big Spring is to compete for honors at the Odessa meeting.

## Caudle Says He Was 'Reluctant'

ST. LOUIS (AP)—T. Lamar Caudle, head of the Justice Department's Tax Division in the Truman administration, said he reluctantly put up with a tax evader's lawyer because the lawyer was a friend of the President and others at the White House.

Caudle, whose cross-examination continues today at the conspiracy trial in Federal District Court, told the jury yesterday he flew into a rage when he learned the lawyer, Harry I. Schwimmer, bought an "oil royalty in Caudle's name."

"I was absolutely shocked," Caudle told the jury. "I cut him to ribbons. In fact, I had to apologize to my wife for the strong language I used."

Caudle and Matthew J. Connolly, who was presidential appointee as secretary under Truman, are on trial on a charge of conspiring to defraud the government by trying to stall or sidetrack prosecution of Irving Sachs, St. Louis shoe manufacturer. Schwimmer was Sachs' attorney.

## Klondike School Bid Under Study

T. E. Shelburne and Son were low in bidding on the Klondike school project in Dawson County last evening.

The proposal was for \$98,000 and was slightly over the money set up by the district. The low bid, however, was kept under advisement by the trustees and may be accepted.

## Teen-Agers Invited To Party Tonight

A feature of the YMCA tonight will be the teen-age party beginning at 8 p.m.

The success of tonight's party will depend on how many teen-agers attend. If there is enough interest shown, the party will be a permanent affair during the summer.

Sponsored by the Hi-Y Council, Clyde McMahon will be in charge of the snack bar, Mary Lane Edwards will be in charge of music, and Brenda Gordon is getting chaperones.

The party is free and is open to all Big Spring teen-agers.

## CLONDIKE SCHOOL BID UNDER STUDY

T. E. Shelburne and Son were low in bidding on the Klondike school project in Dawson County last evening.

# Auto Industry Confident Of 'Recovery' By Autumn

DETROIT (AP)—The auto industry—lambly at the charge its current ailments, may be catching and upset the nation's good times in general — is trying some stiff medicine today.

It professes confidence that by fall it will cease to be one of the nation's fever spots. And it stresses that retail sales this year of an estimated 5½ million cars or more would be higher than the average of the six years prior to 1955.

The dose, however, has a bad taste. The mixture includes: Layoffs around the nation of 185,000 or more; loss of overtime and often short weeks and paychecks for those still working; production cut back around 30 per cent from this time last year;

suppliers cutting back, too; auto dealers loudly bemoaning stocks on hand that recently topped 900,000.

Merchants watch business slide. And there's the hard to pinpoint effect on public psychology, particularly in the auto producing areas, but also throughout many other industries, and among many consumers.

The United Auto Workers union has called in the mayors of 18 cities in Michigan, Indiana, Ohio and Wisconsin to discuss here today what can be done to ease the pains.

Industry spokesmen say they expect present production schedules to whittle down inventories to 750,000 by the end of this month, to 700,000 by model changeover time and perhaps to 550,000 by Sept. 1.

General Motors President Harold H. Curtis notes that GM has raised its production schedules six times and lowered them eight times during this 1956 model period. GM will take its final look around the middle of this month.

President L. L. Colbert of Chrysler thinks present schedules about right.

Ford takes a new look at schedules about once a month. President Henry Ford II calls present sales volume a return to normal after "the abnormal pace" of the 7½ million car year in 1955.

All of the Big Three says that the failure of the traditional spring pickup in sales to appear this year was a surprise to most observers but didn't affect their changeover plans.

Hopes for a good pickup in the fall are based on many things. A top job executive notes that used car sales have perked up, always a healthy sign. He notes that a 1½ employment in general around the nation is still at top levels and personal incomes at a record high.

## Peg-Leg Pitcher

Gary Moore, 17, whose crippled right leg was amputated when he was 11, has made a brilliant record as a high school pitcher despite his handicap.

Moore, a member of the pitching team for Marathon, Iowa, High School, posted a 1.16 earned run average for the spring season. He had 38 strikeouts, 19 walks and gave up only 20 hits. For sports he prefers a wooden peg, reinforced with metal, to his regular artificial leg. (AP Wire-photo.)

## Discuss Possible Site For Airport

R. H. Weaver, county judge, and Jack Cook, chairman of the Big Spring Chamber of Commerce aviation committee, are in Dallas today to talk to a land company which owns a vast tract of Howard County land.

The two men want to get their reaction of the company on a proposition to acquire some of the land it holds as a site for a proposed county airport.

Weaver and Cook left Thursday for Fort Worth. They were scheduled to interview officials at the CAA office there on the requirements the agency sets up for an airport suitable for use by commercial airlines. The CAA cancelled the interviews after the two had left Big Spring.

Highway patrol officers at Colorado City notified of the cancellation advised Weaver and Cook of the development. The two men decided to continue on their trip.

The interview with the Dallas firm, they felt, was important since one of the proposed sites is located on land owned by the company. An interview may be arranged with the CAA at a later date, it was indicated.

## Three Accidents Reported In City

Three accidents occurred in Big Spring Thursday, but police had information on only one. Of the other two, both parties departed before they did not stop.

An accident was reported at Gomez No. 3, 508 NW 4th, but when policemen arrived, both drivers were gone.

Hub caps and an air conditioner were reported stolen Thursday.

H. V. Sage, 1506B Virginia, reported that two hub caps were taken from his 1956 Pontiac sometime Thursday night. The car was parked at the Virginia residence.

The air conditioner was taken from Gussie Howard, 103 Canyon. She reported the theft this morning.

## Thieves Take Hub Caps And Cooler

Hub caps and an air conditioner were reported stolen Thursday.

The air conditioner was taken from Gussie Howard, 103 Canyon. She reported the theft this morning.

## Stanton Woman Takes New Post

STANTON — Mrs. Ruth Barnes, well-known Stanton businesswoman, has accepted a position with the Basin Growers Association, it has been announced by Oscar Fanning, manager.

Mrs. Barnes was connected with the Martin County Memorial Hospital in an administration post until recently. She assumed her new duties on June 1.

Newsmen questioned Hagerty as to the basis for his statement that there was "nothing wrong" with Eisenhower's heart.

Hagerty said Dr. Snyder told him that, but the press secretary said he was unable to go into detail.

At one point, a reporter insisted the newsmen were entitled to an explanation of the basis for the statement that Eisenhower's heart was all right.

Displaying a bit of irritation, Hagerty referred to his statement regarding the President's heart condition and declared: "I don't know how much clearer I could say it."

Last night Eisenhower attended the annual banquet of the White House News Photographers Assn. He left the affair about 11:10 p.m.

Eisenhower appeared to enjoy himself at the dinner, held at the Sheraton Park Hotel. He told his hosts in a brief talk that he also enjoyed the entertainment provided.

Among other things, Eisenhower joked about having played golf with master actor Bob Hope, who was screen of ceremonies at the dinner.

On the regular menu at the dinner was filet mignon. So far as was known the President ate the steak along with the other guests.

Hagerty's emphasis today that "there is nothing wrong" with Eisenhower's heart now recalled that the first announcement of his illness last September in Denver referred also to a stomach upset.

Peg-Leg Pitcher

Gary Moore, 17, whose crippled right leg was amputated when he was 11, has made a brilliant record as a high school pitcher despite his handicap.

## Mechanic Injured

A mechanic suffered a fractured collar bone while repairing a vehicle at Fielder DeSoto Sales, 1107 E. 3rd, this morning. R. L. Fields is being treated at Big Spring Hospital.

## THE WEATHER

NORTH CENTRAL TEXAS: Partly cloudy and warm through Saturday with widely scattered afternoon and nighttime thundershowers west and north portions.

WEST TEXAS: Partly cloudy and warm through Saturday with widely scattered afternoon thundershowers.

PART TEXAS: Partly cloudy and warm through Saturday with widely scattered afternoon and nighttime thundershowers; breeze north portion. Gentle to moderate south winds on the coast.

## BRADY MAN

(Continued from Page 1)

land promoter, also under various charges in the veterans land scandals.

The attorney also represents L. V. Ruffin, charged in the veterans land deals. Ruffin is a Brady real estate dealer and land promoter who arranged some block veterans land deals.

The veterans land scandals erupted from block deals. More than 300 criminal indictments were returned against more than 20 individuals.

The charges range from theft and fraud, on which Giles drew a 6-year penitentiary term, to failure to properly certify documents involved in the sales.

The deals involved more than 100 million dollars.

McCollum was expected to be called as a witness in the trial of Sheffield on the same charge as the one on which Giles was convicted. Giles and Sheffield were jointly indicted, but their trials were severed. Sheffield is scheduled to go to trial Sept. 17 at Cleburne, where his case was shifted on a change of venue motion after his attorney contended he could not get a fair trial in Austin.

McCollum's testimony about what he said he had heard on a telephone extension was one of the dramatic moments in the Giles trial.

Giles received a three-year sentence in the case in which McCollum gave testimony. The conviction was on a charge of being an accomplice to theft of \$6,000 of the state's veterans land program funds. Giles is now serving the term concurrent with a six-year term in other cases.

McCollum testified here in 98th District Court he had listened on an extension phone when Sheffield called Giles long distance from Brady to try to get an indicated \$160 per acre appraisal of the Dimmit County land raised.

McCollum told the jury that Sheffield had also told Giles: "You got me into this thing and you've got to get me out."

The attorney said he later told Sheffield: "If you've got any payoff deal with Mr. Giles you better get out of it right now, and I left."

McCollum testified he received \$8,600 in attorneys' fees in connection with the Dimmit County transaction.

A mistrial was sought by Giles' attorneys on the basis that prosecution questioning and McCollum's answers had been "inflammatory and prejudicial," but Dist. Judge Charles O. Betts overruled the motion.

**BUZ SAWYER**

REPORT TO SICK BAY, AND HEAVEN HELP THIS SHIP IF ONE MORE CRAMPY KEY MEN COMES DOWN WITH THE MUMPS!

WHAT? YOU MEAN TO TELL ME THIS SHIP IS IN DANGER OF STOPPING DEAD IN ITS TRACKS BECAUSE WE HAVEN'T ENOUGH QUALIFIED MEN LEFT TO STEER IT?

I'M DOWN TO MY LAST TWO MEN, CAPTAIN, AND ONE OF THEM LOOKS PUNY.

OH, NO, NO, NO! THAT COULDN'T HAPPEN! WE'D LOOK TOO RIDICULOUS!

LATER

NOBODY ANSWERS IN THE EMERGENCY STEERING ROOM, CAPTAIN, SEEMS TO BE AN ELECTRICAL FAILURE.

OH, STARS! IT HAS HAPPENED.

**DIXIE DUGAN**

WE'VE WON! ALL THE LAD NEEDS NOW IS REST AND CARE!

NOW WHERE'S HIS AIR CHAUFFEUR?

HE HAD TO GET THE HELICOPTER BACK TO THE AIRPORT, DR. LOWRY—YOU SEE HE SORT OF BROKE RULES—

BUT SAVED A LIFE—HMPH—WELL—WHERE'S THE NEAREST AIRPORT? FROM HERE, YOU'LL DRIVE YOU THERE, DOCTOR.

**NANCY**

I THINK I'LL PLAY 'BEAUTY PARLOR'

ZZZ

OH, THERE'S THE PHONE

HO-HUM--- I GUESS I FELL ASLEEP--- I'M GOING HOME

I WONDER WHAT'S SO FUNNY

**L'L ABNER**

AN' HE TRIED T'BE A GOOD BOY, AN' 'GULP'-- DONE IT!!

GOO-- BYE, HUNDEY THOUSAN--

AN' GOO-BYE, H-HEAD!! MAH TIME IS NEARLY UP!! MAH GOTTA DEE-LIVER TH' GOODS TO TH' MOOSEUM!!

AH IS HEADIN' FO' TH' LAST ROUND-UP IF Y'OLL EXCOOZE TH' HOOMER.

**BLONDIE**

HERE'S A NICE SLICE OF SAUSAGE FOR EACH OF YOU IF YOU'LL SIT UP AND SAY PLEASE

NOW ROLL OVER

NOW JUMP HIGH

WHAT'S THE MATTER? AREN'T YOU HUNGRY?

**ANNIE ROONEY**

ARE WE GONNA HANG AROUND THIS RATTY 'LITTLE ISLAND HARBOR' FOREVER, MARK?

STOP YAPPING! AT LEAST YOU CAN GO UP ON DECK. I HAVE TO STAY COOPED UP BELOW WHERE THAT NOSY PROFESSOR HAMLET CAN'T SPOT ME!

PASS THE WORD BELOW TO THE MARKER THAT I'VE MADE CONTACT WITH THE AIRPLANE THAT'S GONNA TAKE HIM AWAY. MAYBE HE'LL SIMMER DOWN NOW.

GEE, ZERO! I WISH THE PROFESSOR WOULDN'T COME BY SO OFTEN. IT'S MAKIN' EVERYBODY ON BOARD SO MEAN-LIKE, THEY GIMT TRY TO HURT HIM!

**SNUFFY SMITH**

JUDGE POTTER!! WHAT ARE YE NOSIN' AROUND THIS NECK OF TH' WOODS FER?

I HEAR TELL SUT TOOK PIERRE LOVAIR'S WRIST WATCH, SNUFFY

IS MISTOFER LOVAIR AIMIN' TO PRESS CHARGES?

NOPE--SUT GIVE TH' WATCH BACK, JUDGE--IT SAVED YE A LONG, DRAWN-OUT COURT TRIAL

SAVED ME NOTHIN'!! I GOT MOUTHS TO FEED, TOO, YE KNOW!!

**GRANDMA**

ONE POUND OF ASSORTED WARSHERS, PLEASE!

THERE'S JUST NOTHIN' SO SOUL-SATISFYIN' AS TH' MUSICAL JINGLE...

...OF A WELL-FILLED PIGGY-BANK!

**DONALD DUCK**

OKAY I CAN TRY TO LICK ME TOMORROW!

NOT TOMORROW! I'M MAD NOW!

DOGSGONE IT, I'LL BE TOO DARN'T FIGHT IN A MINUTE!

OKAY WE CAN FIGHT UP IN OUR ROOM!

UNCA DONALD WOULD LICK US B...

...HEY WHY NOT MAKE IT SORT OF A PELLOWY FIGHT, NICE AND QUIET!

**JOE PALOOKA**

IT WUZ A ACCIDENT... I DIDN'T HEAR IT??

ALL RIGHT, BREEK!

YOU OKAY, STEVE?

Y-YEAH... I'M OKAY, UNCLE MURDOCK.

QUICK! TAKE A SLUG OF THIS, STEVE!

CHRIS SCHEMEL REPORTING, FOLKS-- ROUND THREE IS UNDER WAY AND STEVE PALOOKA APPEARS TO HAVE SHAKEN THE EFFECTS OF THAT BLOW THAT CAME AFTER THE BELL. GREEN CLOSER IN LANDS A SOLID SMASH TO THE BODY.

**SCORCHY SMITH**

WHAT A SMART TRICK TO HIDE A COPTER INSIDE A DESERT CRAG!

THOSE THREE GUYS MUST BE HERE SOMEWHERE... PERHAPS BELOW THIS ROOM---

**OAKY DOAKS**

NOW, OAKY, GIT ABOARD MY MIGHTY MAGIC MISSILE LAUNCHER!

WELL, ALL RIGHT!

BUT, MURDOCK, HOW IS TH' OAKY GOING TO FIND HIS NEPHEW AND THE WITCH?

TH' MAGIC BRAIN ON HIS BACK WILL SEE TO THAT, YOUR MAJESTY!

AN' AWAY HE GOES!

**POGO**

I'M MAD AT BEN CALLED A RABBIT BY YOU FELLOWS FROM NEWSLIKE I'M GOIN HOME.

I'LL GO 'OO--OUR RESSAUCOONER CLAIN YOU'RE MIGHTY GOOD WITH A SKULLET, MR. POGO.

IT'S AN OUTRAGE LEAVIN' ME.

KEY POGO--'S HOUN DOG O' BEAUREGARD, AND POKYFINE LOOKIN' FOR YOU.

IS YOU UNDER THEE? POGS?

IT'S ABOUT TIME SOMEBODY GOT THAT TING OFF ME--I TELL YOU TAIN'T AN OUTRAGE AND--

SCORCHY TO DISTURB YOU--S, WE'LL LOOKIN' FOR POGO.

NEBBE HES OVER HOME.

**DICKIE DARE**

DON MILLER, DOES IT MAKE SENSE TO GO DOWN AND MOON AROUND POOR 'BETSY'S' EMPTY SLIP?

A THOUSAND TIMES NO! BUT I NEVER DID HAVE TOO MUCH SENSE...

PSST... HERE COMES DON!

I LOVED YOU, BETS, BLESS YOUR SWEET L'L OL' WATERLINE!

ADOLESCENT AMBER JACKS! SUFFERIN' SNOOKS! WHAT'S I'M LOOKIN' AT?

**LITTLE SPORT**

Various panels showing Little Sport and his friends playing sports.

**Play Safe While You Drive!**

**MISS YOUR HERALD?**

Keep alert--chew gum

Avoid traffic jitters and driving drowsiness. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension--helps keep you feeling fresh and alert for safer driving. Chew any brand of gum you like but chew while you drive. Naturally, we recommend Wrigley's Spearmint Gum--for lively, satisfying flavor and real chewing enjoyment.

# Patterson - Jackson Bout To Draw Banner Turnout

## Winner May Get Title Go

By MURRAY ROSE  
NEW YORK (AP)—Floyd Patterson, a graceful, precision puncher ticketed for fistic greatness, and Tommy (Hurricane) Jackson, an eccentric, unorthodox mauler, clash tonight in a 12-round elimination bout that will move the winner one step from the vacant heavyweight throne.

The 21-year old Patterson, grown into a 181-pound, six-footer, is a 2-1 favorite to whip the strong, tireless 6-2½, 193-pound Jackson and go on to a title fight against light heavyweight champion Archie Moore in September.

Not in recent years has a non-title fight whipped up such interest as this collision of heavyweights with widely contrasting styles. Although the scrap will be broadcast and telecast (NBC-TV, radio, 9 p.m., EST) locally as well as nationally, a crowd of 10,000 will pay around \$50,000 to see the live action.

Each fighter will receive \$40,000.

Patterson, beaten only by former light heavyweight champion Joey Maxim in a 30-fight career, was a 13-5 favorite early in the week. Plenty of Jackson money dropped the odds to 2-1. The price may be lower by fight time.

Jackson supporters say the indefatigable Hurricane from New York's Far Rockaway section will take everything the 1952 Olympic champion has to throw and wear him down with his mauling style.

"After the third round it will be all Jackson," said Tommy's co-trainer, Freddy Brown.

Note that Brown said "after the third round." It's the first two that worries Jackson's camp. Tommy is a notoriously slow starter, as vulnerable as a balloon to a bullet during the first two heats.

Patterson's forte is speed and he can pour it on from the opening bell. Although he has won his last 11 fights by knockouts in stretching his win streak to 16, he still hasn't won recognition as a power puncher.

On Visit Here

Football is Don Scarborough's game but he's recently taken up golf. He's shown practicing swinging a club while visiting his mother, Mrs. Kenneth Manuel, here. Don is a varsity football assistant to Pete Elliott at the University of Nebraska.

## SAYS HUSKER AIDE HERE

# 'We Want To Rise To OU Standard At Nebraska'

"We don't want to degrade Oklahoma football. Instead, we would like to build up our program up to their standard."

So spoke Don Scarborough, newly named assistant mentor at the University of Nebraska, as he returned to his job at Lincoln today after visiting his mother, Mrs. Kenneth Manuel, here.

"We have a big job ahead of us at Nebraska," said Don, former basketball star at the University of Tulsa. "But we made good headway in spring practice. It'll take time to build up our program but our boys were hitting real hard this spring and we appear to be on our way."

Scarborough was hired as a line coach at Nebraska shortly after Pete Elliott succeeded Bill Glassford as head man. Elliott resigned as an assistant to Bud Wilkinson at Oklahoma to take the Lincoln post.

Elliott's staff has not yet been completed. Elliott lured Dee Andrews away from Texas Tech and signed on Bill Jennings, former Oklahoma aide. He plans to hire at least one more assistant.

Though the Cornhuskers will have a young ball club this fall, their chances are better than fair to take part in the Orange Bowl at Miami, Fla., next Jan. 1.

Oklahoma is an overwhelming favorite to capture Big Seven honors again but is not expected to take part in the Miami classic. Thus Nebraska will contest for the honor of making the trip, along with Missouri, Colorado, Kansas, Kansas State and Iowa State.

Kansas will be much improved, Scarborough thinks, and Missouri is always tough.

The Huskers open their 1956 season against South Dakota and play, among others, Baylor. Nebraska also has an October booking with powerful Ohio State.

Scarborough has been coaching five years. He started at his alma mater, Tulsa, when Bernie Witucki

was head mentor there. Witucki is now an assistant coach at Notre Dame.

Glenn Dobb is now head coach at Tulsa and Don says he is doing a standout job in rebuilding the Hurricane's grid fortunes.

Scarborough, who attended high school at Altus, Okla., will get to see only five of NU's games this fall. He'll be scouting opponents while the other five are going on.

This spring, Don found time to attend eight schoolboy football banquets in his state, during which time he tried to sell countless high

school boys on the advantages of going to school at Nebraska.

Though Don lettered in both football (as an end) and basketball at Tulsa, he will confine his coaching to football exclusively at Nebraska.

Football interest there is already high, he says. No fewer than 20,000 season tickets have already been placed, with the season still three months away.

Scarborough has recently taken up golf and brought his clubs here with him. He started playing the game "because everyone else does up there."

## LOOKING 'EM OVER

With Tommy Hart

Jimmy Harris, navy quarterback of the University of Oklahoma who hails from Terrell, Texas, is now in town and will spend at least part of the summer here. He's employed by Obie Bristow.

It is the plan of the Teen-Age baseball people here to field a team in one of the area's stronger sandlot leagues, possibly as early as next year.

Look for more and more of the football teams, both college and high school, to explode out of the huddle and get their plays under way quickly next fall.

Such strategy is aimed at keeping the defense off balance, because the opposing captain does not have time to set his players.

Bud Wilkinson, the astute coach at the University of Oklahoma, has influenced the precision play to a large degree.

Of course, he didn't invent accelerated football but he did revolutionize it.

Harry Stuhldreher, one of the original Four Horsemen, says the conclusion to speeded-up football is logical: The huddle will be eliminated entirely sometime in the future.

Mario Saldana, the former San Angelo hurler, is now tossing for the Salliklo Club in the Mexican Central League.

And Cecil Davis, committed to come to Big Spring last year but who instead wound up pitching semi-pro ball in Steamboat Springs, Colo., is making the rounds in minor league baseball.

He opened in the Sally League, later was ordered to Topeka and now is with Plainview, the team with which he opened the 1955 season.

Speedy Moffett, the crafty baseball skipper at Snyder High School, will spend the summer as a counselor at Camp Stewart, near Kerrville.

Three of Moffett's pitchers—Ronnie Baker, Dwayne Prince and Tim Roberts—are pitching for non-school teams in Snyder this summer. Baker, a former Howard County boy, has thrown two hit-batters for the Ira entry in the Scurry County League. Prince plays for Snyder Furniture.

Roberts, who blanked Big Spring although only a freshman last season, is still playing Pony League ball.

Country-Club officials here are hoping to have both Bill Craig, winner of the recent Colorado City Invitational Golf Tournament, and Frank Freer in their Labor Day tournament here.

Freer, winner of three invitational crowns already this season, has suddenly emerged as West Texas' top amateur.

Craig is defending champion of the local meet.

No one takes Texas A&M for granted in football anymore. Paul Dietzel, head coach at LSU, is supposed to be gravely concerned about opening with the Aggies and puts in overtime almost daily at his office in Baton Rouge.

The game could make or break LSU, as far as getting a bowl bid is concerned.

Andre Drapp, the good-looking Frenchman who wrestled here last week, wears a Free French emblem on the back of his dressing robe.

He was supposed to have been a member of the French "underground" during World War II.

# Redlegs In Top Spot First Time Since June, '40

By HAROLD HARRISON  
CINCINNATI (AP)—Manager Birdie Tebbets, who says he's a pretty good card player, led from his weak suit yesterday and finessed the Cincinnati Redlegs right into first place in the National League.

The last time the Redlegs were in first place on the June 8 date was in 1940 when they won the pennant and the World Series.

Four starting pitchers have been carrying the load in the Redlegs' drive so Tebbets went to his admittedly weak second-line hurlers for a starter against the Philadelphia Phils.

He brought out Hal Jeffcoat and from the time Jeffcoat faded out of the picture in the sixth, Tebbets shuffled four more hurlers into the game before the Reds won it, 8-5 as the Chicago Cubs beat previous front-running Pittsburgh.

Now his first-line right-handers are ready for the Brooklyn Dodgers, who moved in for a three-game series. The Dodgers are fresh from winning three out of four from Milwaukee.

Tebbetts was quick to claim that his move in starting Jeffcoat, a onetime outfielder, was not just to save Johnny Klippstein, Art Fowler and Brooks Lawrence for the Dodgers.

"I need a fifth starting pitcher," he said. "Somewhere, I've got to find one. Jeffcoat had been doing such a good job in relief, I thought I'd try him. And I thought he did pretty good."

Tebbetts said he wanted to give his other starters four days of rest—something they haven't been getting.

"But I wasn't saving anyone for Brooklyn," he said. "Who knows, it might rain Saturday or Sunday. And if Fowler (who pitched an inning in relief yesterday) had had to go more than an inning he couldn't have been used against Brooklyn. Then we would have had to use Joe Nuxhall against them."

The Dodgers have quite a reputation for feasting on left-handers such as Nuxhall.

## Newell Gets Two Homers In Win

First Baptist nosed out College Chapel Baptist, 14-13, and West Side Baptist trounced Baptist Temple, 9-7, in YMCA Church Softball League games played at the City Park Thursday evening.

Contained fairly well for five innings, First Baptist broke loose for four runs in the sixth and followed with a five-run seventh in its game with College Chapel Baptist.

The College Chapel team countered with a run of its own and Ralph Murphree represented the tying tally at second base when the end came.

The West Side team enjoyed a five-run second inning in turning back Temple Baptist.

Newell clubbed a first inning home run for First Baptist in the opening contest and followed with a round tripper in the fourth.

First game:  
First Baptist 202 014 5-14  
College Chapel 000 075 1-13  
Newell and Jim Jennings; D. Robinson and M. Robinson.

Second game:  
Baptist Temple 400 102 0-7  
West Side 052 011 1-9  
Rhodes and Cooney; Peay and Seay.

# Yogi Takes Up Where The Mick Left Off For Yanks

By ED WILKS  
The Associated Press

Now that Kansas City Manager Lou Boudreau has Mickey Mantle "figured out," what's he going to do about Yogi Berra?

Boudreau did about as good a job of "stopping" Mantle as any one has this season, employing a shift that packs the defense to the right. The Mick got only four hits in 11 trips and his major league leading average dropped from .411 to .403 in the three-game series just completed by the A's at Yankee Stadium.

But what about Berra? The Yogi smacked six hits in nine trips in the three games, drove in five runs, scored six and hit three homers. The Yanks hardly knew Mantle was missing.

Berra, a bad ball, spray hitter, hit his 16th homer and fourth in four games—two games—the Yankees rolling on a 9-1 decision over the A's yesterday. He added two singles and drove in two runs—giving him six homers, 10 RBI's and a .545 average in six games against the A's this year.

The victory pushed New York into a 4½-game lead as runner-up Cleveland was dumped by Baltimore 5-2. The Chicago White Sox beat Washington 7-5 and Boston trimmed Detroit 6-5 in 10 innings.

Cincinnati's fugged Redlegs boomed into the National League lead, by a half game over 11 St. Louis, by blasting Philadelphia 8-5 while the Chicago Cubs dropped Pittsburgh to third 5-2. Milwaukee closed Brooklyn's winning streak at four games as Bob Buhl pitched a four-hitter to win 4-1.

Hank Bauer hit his 13th homer for the Yankees, knocking in his 34th run—not bad for a guy hitting .203. The A's didn't hit against Mantle—hitting right handed against three southpaws led by lesser Alex Kellner—and he had two-for-four, Bob Turley won it by a 2-2 record.

The Redlegs moved into the NL lead for the first time in 12 years at this late stage in the season by clipping losing reliever Bob Miller for three runs in the eighth. Smoky Burgess started the rally with his fourth homer.

The Cubs, moving out of the cellar as the Phils dropped in, shelved Erroy Face with an 11-hit attack. Walt Moryn and Eddie Miksis homered with Miksis adding a triple and two singles. Bob Rush won his fifth.

Buhl hung up his third straight decision over the Brooks while Carl Erskine, winless since his May 12 no-hitter, lost his sixth. Three runs in the sixth, two on Buhl's double, wrapped it up.

Bill Wright, who gave up all five Cleveland hits, and George Zuverink making his 23rd relief call in 47 games, checked the Indians, who moved into Yankee Stadium for a three-game series today. The Birds broke a 2-all tie against loser Cal McLish in the third with a walk, Bob Nieman's double and singles by Bob Hale and Gus Triandos.

Hiram Reid, patrolman, reported Friday that Lake J. B. Thomas is in good shape (elevation 2,253.05) with trotline fishermen having the time of their lives. Eldon Appleton, Big Spring, got one weighing 18 pounds and a Mr. Hall of Lamasa hauled in a 19½-pound catfish. Cat are biting equally well in all parts of the lake.

Crappie and white bass are being taken on both sides of the lake, said Reid as he exhibited four blacks he landed quickly Wednesday evening. One weighed 2½ pounds. Thursday he boated another one while showing with Mr. and Mrs. Bob Cook of Big Spring where to fish.

A Mrs. Robinson of Snyder carried in 22 large crappie from the lake Thursday afternoon, reported Reid.

BEAUMONT (AP)—Albert William (Dutch) Bensen, former Texas League player and manager, died last night following a heart attack. He was 65.

Highland Park reached the finals by defeating Port Arthur 3-0 with three hits. It also marked the fourteenth inning for the opposition to go scoreless against the Scots.

The Abilene-Highland Park final game is at 9 p.m. Paschal and Port Arthur clash for third place at 7 p.m.

## Abilene, Scots In State Finals

AUSTIN (AP)—Highland Park of Dallas, a team with defense and strong pitching, meets Abilene, the team with power, for the Texas schoolboy baseball championship tonight.

It will be the third try for each and the winner will be bagging its first state title.

Abilene rolled into the finals last night with an 8-3 victory over Fort Worth Paschal, with Freddie Green, all-tournament last year, batting in five runs.

Highland Park reached the finals by defeating Port Arthur 3-0 with three hits. It also marked the fourteenth inning for the opposition to go scoreless against the Scots.

The Abilene-Highland Park final game is at 9 p.m. Paschal and Port Arthur clash for third place at 7 p.m.

One taste of Seagram's 7 Crown is worth a thousand words!

The real test of a whiskey's quality is that moment when it is tasted. And all America, by more than 2 to 1, prefers the taste of Seagram's 7 Crown.

## Souchak Leads In Wykagyl

NEW ROCHELLE, N. Y. (AP)—Big Mike Souchak figures Ben Hogan will win his fifth National Open championship next week because Hogan can play all the shots and because he doesn't like to finish second.

By the same token, Souchak figures to do pretty well this week in the 15th Round Robin Tournament at Wykagyl. He held a slim lead over Bob Rosburg and Gene Little after yesterday's opening round. He's a better-than-fair hand with a driver or iron and he doesn't see any sense in being runner-up.

"Who knows who finishes second," Souchak asked after shooting a 67 and piling up 15 points in the first of the Round Robin Tournament's five rounds. "I finished second 10 times last year and nobody knew it. This year I was second a couple of times, then finally won one. Still, to be in the top 10 every week, you have to be very good. There are so many good players around."

Souchak's round of 34-35-67 over-the-par 72-72 course yesterday gave him only a one-point advantage over Bob Rosburg and Gene Little going into today's two rounds. Souchak, playing with Fred Haas, who shot a 69, Billy Maxwell and former Open champion Lloyd Mangrum, netted 15 plus points. Little and Rosburg, fattening on Fred Hawkins and England's Henry Cotton, respectively, scored 14 each.

The wild-shooting, straight-putting Rosburg had 34-34-68 for the day's second best round. Little and Haas, each with 34-35-69 were third in scoring.

The leaders:

Mike Souchak, plus 15	34-35-67
Bob Rosburg, plus 14	34-34-68
Gene Little, plus 14	34-35-69
Tommy Bolt, plus 19	36-34-70
Fred Haas, plus 7	33-36-70
Peter Thomson, plus 6	37-36-73
Sam Snead, plus 5	35-36-74
Doug Ford, plus 2	35-36-74
Jack Burke, minus 2	35-36-74
Dew Fosterwald, minus 2	37-38-75
Art Wall, minus 6	38-36-76
Billy Maxwell, minus 6	35-37-73
Lloyd Mangrum, minus 13	38-36-74
Henry Cotton, minus 18	38-36-74
Red Hawkins, minus 28	41-38-78

## Two Feature Races Slated At Ruidoso Downs Sunday

RUIDOSO, N.M. (SC) — Ruidoso Downs will present two feature races on Sunday's program.

The tenth and eleventh races feature some of the better horses stabled on the track and should result in two good contests.

The tenth race is an allowance race for three- and four-year-olds. It is sponsored by The Alamogordo Supply Co. of Alamogordo, N. M.

The early favorite for the race would seem to fall to Tom's Victory. The four-year-old son of Victory Drive and Sweet Zaca ran well at Phoenix during the winter months and although he has not had a race at the current meeting, his workouts have been satisfactory.

Double Hygro has the benefit of a race at the meeting and should be a strong contender.

Tripalaris surprised at long odds and could repeat. Destalu works well and could improve past races.

The eleventh race is sponsored by the Gillette Pipe and Supply Co. and brings together the best horses stabled at the track over the longer distances.

War Tuck, Ruidoso's "Iron horse" comes back after winning two successive days the past week. He won the feature race on Saturday and came back the next day to establish a new track record at the six furlong distance.

# Says Workers Can Use 'Think Break'

LOS ANGELES (AP)—The daily coffee break at the office should be joined by the "think break," an associate professor of psychology at the University of California, Harrison Gough, made that proposal yesterday.

He says workers should be granted a "think time" as much time as is allotted for coffee breaks—so that they can sit down and think out their problems without interruption.

Then, when they get back to work, Gough said, "their minds will be free and they'll know what they're doing."

## Fun Clubs Attract Nearly 700 Youths

With the summer vacation period only days old, nearly 700 Big Spring boys and girls have already enrolled in the summer activities program sponsored in the city by the YMCA.

Bobo Hardy, speaking before the Kiwanis Club, Thursday told the group that it was his belief there would be more than 1,000 youngsters participating in the program by the end of the summer season.

Hardy, executive secretary of the YMCA, said that, as expected, swimming is one of the major activities of interest to youngsters. Three sessions of swimming ac-

tivity are slated for this summer. Two hundred and one enrolled in the first session which is now under way and the enrollment had to be closed before all applicants could be accepted.

Fun clubs, being attempted this summer for the first time, have proved exceptionally popular and the organizations set up at several schools are drawing large numbers of youngsters at each meeting.

Hardy said that other activities include special classes, teen-age special events, activities for men and women.

He explained that the program is financed with funds derived from the United Fund, the city, the schools and from the YMCA. The program receives \$1,700 from the United Fund, and \$750 each from the city, the schools and the YMCA.

Dr. Loyal Norman was program chairman for the day.

## Soviet Pair Plan Scandinavia Tour

OSLO, Norway (AP)—"B. and K." are lining up a Scandinavian tour. Norway, Sweden and Denmark announced last night that the Soviet Union's traveling leaders—Premier Bulganin and Communist party Chief Nikita Khrushchev—have accepted invitations to visit them. Moscow radio said the trip would be made during the first half of 1957.

Bulganin and Khrushchev in the past year have visited Britain, India, Burma, Afghanistan and Yugoslavia.

The Soviet chiefs' Scandinavian tour will return visits to Moscow during the past winter by Premier Tage Erlander of Sweden, H. C. Hansen of Denmark and Einar Gerhardsen of Norway.

## Helen Hayes Joins Eisenhower Team

NEW YORK (AP)—Actress Helen Hayes has accepted the post of women's finance chairman of the National Citizens for Eisenhower.

At the official opening yesterday of the women's division headquarters Miss Hayes, commenting on her chairmanship, said: "I have never accepted any role in 50 years in the theater with greater dedication, enthusiasm or gratitude."

## City Expects All Of Its New Fire Equipment By Next Month

Big Spring will have most of its bond money voted for fire equipment by July.

At that time, only completion of the Northside fire station and construction of the fire tower will remain of the \$175,000 voted by the city in bonds last August.

The money was earmarked for two new fire stations, two fire trucks, radio equipment for the department, furniture for the two stations, and a practice fire tower.

One of the fire trucks is expected here today, and the other will be coming in about two weeks, the city learned this week. The trucks were purchased from Mack Truck Company for \$37,166 by the city commission Dec. 14.

One will be equipped with "foam action" apparatus; and Fire Chief H. V. Crocker speculated that it would be the second truck shipped. The one expected today is being driven from the New York factory.

Before it is put in operation officially, company and State Fire

Commission inspectors will be here to inspect it.

The trucks will not come equipped with hose, but commissioners will be purchasing the items at their meeting next Tuesday. Also to be purchased then will be furniture for the two new stations. In the bond issue, \$5,000 of the \$175,000 was pegged for furniture.

City officials predict that the fire station at Eleventh and Birdwell will be completed by June 25. It is being built by Pioneer Builders, who bid \$52,851 for the project. Contract was let Feb. 7.

The fire station on the Northside is to be built by G. A. Jones of Lamesa, who received the contract May 22. He submitted the low bid of \$41,667. It will be built in the block bounded by North Main, Runnels, Seventh, and Eighth.

Radio equipment for the two new stations, the old buildings and trucks was purchased from DuPont for \$6,249.96, with the Federal Civil Defense Administration to pay half the expenses.

Units will be mounted in all fire

## On Three Engines

LOS ANGELES (AP)—A Pan American Clipper from Honolulu with 62 persons aboard landed safely at International Airport early today after flying the last 1,100 miles on only three of its four engines. Capt. H. J. Blanco of San Francisco said he feathered the No. 2 engine when it started acting up.

## Negro Executed For Airman's Death

HUNTSVILLE, Tex. (AP)—Marion A. Washington, 27, died in the electric chair at the state penitentiary early today for the slaying of Airman Henry Poole of Spartanburg, S.C.

Poole, stationed at Connally Air Force Base, was slain in a struggle with an armed Negro April 2, 1955, after the airman and his fiancée were forced to leave their auto on a lonely road near Waco, Tex.

Asked if he had anything to say, Washington turned to the death chamber warden and said, "May God bless all of you."

## Employment Up By A Million

WASHINGTON (AP)—The government issues today a report on employment which Secretary of Commerce Weeks says will show a gain of a million jobs in May.

He said the monthly report of the Commerce and Labor departments will show little change in unemployment "despite layoffs in auto production." He reported 65 million persons working in May, compared with the record of 65 1/2 million set last August and an April total of 64 million.
