Refused Group Trip To Russia

Three U.S. military chiefs of staff talk informally at the capitol in Washington, D.C., shortly after announcement of President Eisenhower's decision to refuse an informal Russian invitation for them to visit the USSR in a group.

'Feeling Fine' Verdict On Ike; Signs Papers

WASHINGTON (AP) - President Eisenhower today signed three documents. And his press secretary said the Chief Executive is "feeling fine" on this fourth day after his intestinal operation.

Leaders Plead For Bigger Foreign Aid

PROMISES TO TEACH CHILDREN THAT POLYGAMY IS UNLAWFUL

ST. GEORGE, Utah (AP) - Juvenile Court Judge Durham Morris ordered Mrs. Vera Johnson Black's eight children restored to her when she promised yesterday to teach them polygamy is against the law.

President Sends Personal Appeal

WASHINGTON (AP) - Administration civilian and military leaders urged Senate Republican and Democratic leaders today to restore at least 600 million dollars of the \$1,000,000,000 slashed from the foreign aid bill by the House.

Fight Looms On Division Of Money In Highway Bill

WASHINGTON (AP) - Senate House conferees held their first session on the giant highway construction bill today, with the prospect of a sharp dispute over division of money among the states.

Asked how the President is feeling, Hagerty said: "I think he feels very good." He described the documents signed today as routine in nature - about the same number as the President might normally sign in a morning at the White House.

Texans To Express Views On Race Issues In July Primary

AUSTIN (AP) - The first big test of the opinion of Texas voters on mixing white and Negro children in the public schools and on other race questions will be held in the Democratic primary July 28.

Robeson May Face Contempt Citation

WASHINGTON (AP) - The House Committee on Un-American Activities today voted to cite Paul Robeson for contempt of Congress.

Daniels Assault Charge Dropped

NEW YORK (AP) - Two assault indictments against night club star Billy Daniels were dismissed today by General Session Judge Jacob Gould Schurman.

Hagerty added in answer to a further question that Eisenhower does not yet have a telephone in his room. He keeps in touch with White House affairs through an office established on the same floor as his suite.

Hagerty's noon-day report followed a morning statement from his chief aide, Sherman Adams, who passed his most comfortable night since the operation, his spirits are high and his morale good.

The committee also ignored a plea by Reuben Senterfitt of San Saba that it bar Sen. Price Daniel's name from the July primary ballot as an ineligible candidate.

The action was virtually automatic. It was requested in petitions signed by 153,868 Democratic voters - more than the 10 per cent which would make it mandatory under the Texas election code.

South Carolina Holds Primary

COLUMBIA, S. C. (AP) - South Carolina Democrats vote in their biennial primary today with one congressional contest taking the spotlight.

Texas Railroads Ask Fare Increase

AUSTIN (AP) - Texas railroads today said a 5 per cent overall boost on all coach fares and excess baggage charges will increase their revenue an estimated \$160,146 annually.

Hear Arguments In Chapa Trial

FORT STOCKTON, Tex. (AP) - Arguments were to start today in the trial of D. C. Chapa, former tax assessor-collector of the Benavides school district, who is being tried here on embezzlement and theft charges.

The proposal drew opposition last night at San Antonio where the Bexar County Democratic Executive Committee condemned the state executive group for placing the race issues on the ballot.

A spokesman for the group said: "We will exhaust every legal means to keep the referendum off our ballot." The referendum questions will be on the ballot like this:

Three Plead Guilty In Plot To Steal Federal Document

NEWARK, N.J. (AP) - An Army sergeant and two East Orange businessmen have pleaded guilty to conspiracy charges in the theft of a secret government document from the Brooklyn Army Terminal.

Argentine Revolt Leader Is Captured, May Be Executed

BUENOS AIRES, Argentina (AP) - Gen. Juan Jose Valle, sought as a top leader of last weekend's brief but bloody revolt, was reported captured early today.

Curb On Oil Imports Urged

WASHINGTON (AP) - Rep. Icard (D-Tex) predicted today that if current oil import policies are continued domestic production will be curtailed in the next 10 years "as to mean the difference between victory and defeat in any future war."

First Heat Wave In The Mid-West

The central part of the nation continued in the grip of the season's first heat wave today but cooler Pacific air was moving eastward.

Question Suspect

Police Chief C. L. Rogers and Detective Jack Shaffer are in Big Lake today investigating a recent burglary here. There are three to question a suspect apprehended by Big Lake authorities.

Bombing Probe May Be Lengthy

BRADY, Tex. (AP) - A long-drawn out job apparently is expected by officers investigating the car bombing of Brady lawyer Sam McCollum, III.

Adenauer, Dulles Talk On Red Disarmament Proposal

WASHINGTON (AP) - Secretary of State Dulles and West German Chancellor Konrad Adenauer arranged to confer today on a variety of subjects, probably including Russia's latest disarmament proposal.

Texans To Express Views On Race Issues In July Primary

AUSTIN (AP) - The first big test of the opinion of Texas voters on mixing white and Negro children in the public schools and on other race questions will be held in the Democratic primary July 28.

Three Generations With Same Birthday
LOS ANGELES (AP)—Three generations now have the same birthday — June 11.

Raymond J. Selwyn, a retired industrial engineer, of suburban Sherman Oaks, was born June 11, 1905.

His daughter, Mrs. Lester Berke, was born June 11, 1937. Yesterday she gave birth to her first child, William Lester Berke.

Honors Go To 'Mother Of Year' Who Has Had 38 Foster Daughters

EAST BRUNSWICK, N. J. (AP)—"It all started after our only daughter got married," says Mrs.

William Yates, mother of 38 foster daughters, who will be honored today as New Jersey's Foster Mother of the Year.

Gov. Robert B. Meyner will present Mr. and Mrs. Yates, of Old Bridge, a silver tray donated by the State Board of Child Welfare.

The silver-haired woman said when her daughter, now Mrs. Albert Latschar, of Franklin Township, got married some 25 years ago, she told her husband she would be lonely.

"Since then," she said, "we've had foster children at home... sometimes as many as six or seven girls."

Yates said sometimes he would take his grandson and one of his adopted daughters and go to a swimming pool.

"Well," he said "we were the center of attraction when people

saw two kids of the same age, one calling me 'father' and the other 'grandfather'."

Mrs. Yates explained her foster children are all girls "because we want them at home, and girls spend more time at home."

"The only way to bring up a child is to teach the child to have respect for the home," she said. Her 38 foster daughters visit her very often, she said, and one lives next to her home. But despite the commotion the house is spotless.

The walls are covered with photographs. Many wedding pictures are also in the house.

Mrs. Yates says her fondest memory of her "daughters" is when the natural grandparents of two of her foster girls wanted them to go and live with them.

The children refused, she said, and stayed with her and grew up like natural sisters.

"One night," she said "around Christmas, I was in the house. I saw no real young children around. I immediately went to the local welfare board and brought back home a foster child."

Soviet Church Leaders Meet Those In U. S.

NEW YORK (AP)—The eight-man Soviet religious delegation talks today with leaders of the National Council of Churches on cooperation of Christians of the U.S.S.R. and the United States.

The schedule of the Soviet clerics today — the last full day of their stay in the United States — provided for a visit to the U.N., a tour of the Metropolitan Museum of Art and a dinner at Riverside Church.

The Soviet group was invited to America by the National Council of Churches. A delegation from the council visited Russia in March.

The Russians flew in from Washington yesterday and visited Trinity Church in lower Manhattan for the regular noon service.

At a luncheon given in the Soviet delegation's honor at the National City Bank, Metropolitan Nikolai, the leader of the Russian group, gave his blessing to Wall Street, long pictured in the Soviet press as the citadel of "imperialism." The prelate wished the American financial community success and prosperity.

In the evening the Russians were entertained at the Rainbow Room in Rockefeller Center, and attended a stage show.

Ships And Planes Added To Egypt's Arsenal From Reds

CAIRO, Egypt (AP)—Egypt is believed to have added ships to the planes and other arms she has received from the Communist bloc.

A brief official statement said "new units for the Egyptian navy arrived in Alexandria harbor to reinforce the Egyptian navy." It did not give the number, type or origin of the units.

It was recalled here, however, that dispatches from London more than a week ago reported two destroyers flying the Polish ensign had passed through the English Channel. British newspapers speculated then that the vessels were included in the Soviet bloc arms deal with Egypt.

That Fiddling Was Disturbing Peace

OKLAHOMA CITY (AP)—While Felix Czajkowski fiddled, his neighbors burned.

In fact, tempers got so hot, the Oklahoma City man was hauled into court on a disturbance charge. One neighbor testified she didn't believe Czajkowski knew one note from another and that he screamed on his violin "constantly." Another claimed he played the fiddle "from early afternoon and sometimes all night long and danced and jumped on the floor."

Czajkowski told Police Judge Mike Foster:

"I'm a country-style violinist. I've never had any instructions on the violin."

Judge Foster fined the 42-year-old Czajkowski \$7 for disturbing the peace.

Water Therapy Times Changed

The time of the City-County Health Unit water therapy program has been changed to Monday, Wednesday, and Thursday from 10 to 11 a.m., Nurse Jewel Barton announced Monday.

Bob Rockwell, physio-therapist from the cerebral palsy center in Midland, will be at the pool each Thursday from 9 to 11 a.m.

Money Bill OK'd

WASHINGTON (AP)—The Senate and House have passed and sent to the White House a compromise bill appropriating \$548,930,957 for the State and Justice departments and the federal courts. The funds are 50 million dollars less than President Eisenhower requested.

Blazing Pistols Chase Bank Bandit

STOCKBRIDGE, Ga. (AP)—A wide search was in progress today for

a bandit who tried to rob the Citizens Bank of Stockbridge yesterday and was driven off by the blazing pistols of the bank president and his wife.

The robber apparently was wounded before he escaped in a car from this town about 25 miles

southeast of Atlanta. Mrs. Charles T. Loder, 45-year-old cashier and wife of the bank president, said the man looked very much like the gunman who shot her in 1953, and never was captured. "I shot four times," she said. Loder, 46, said he fired at the man five times.

Texas GOP's Pledge State To Eisenhower

AUSTIN (AP)—The State Republican Executive Committee yesterday wired President Eisenhower a pledge to assure him he will carry Texas again and picked Corpus Christi as the site for its Aug. 23 state convention.

"We pledge as your fellow Texans to redouble our efforts to make sure that you again carry your native state in November by a greater majority than in 1952," the telegram said.

The committeewoman, who outnumbered the men present at yesterday's meeting, were enthusiastic about Eisenhower's campaign.

With the absence of committee state chairman John Q. Adams of Harlingen, a woman was in charge of the meeting.

Mrs. Frank Bühler of Victoria, state vice chairman, saw her committee pick Corpus Christi for its convention site by a 2-1 vote over Wichita Falls.

In Corpus Christi, the committee resolved to name 24 candidates for electors, nominate a Republican slate of state candidates for the general election and adopt a platform of principles and elect state chairman and state vice chairman.

The committee also approved two new members to the executive state committee. They are Mrs. W. D. Welder of Refugio, Dist. 18, and Lloyd Wolford of Lockney, Dist. 30.

Herbert Cartwright of Conroe was approved as chairman of Montgomery County Republicans and Don Parker of Liberty, chairman of Liberty County.

Miller Mum About Marilyn

NEW YORK (AP)—Playwright Arthur Miller, who received a divorce from his wife of 15 years in Reno yesterday, arrived here today still declining to say whether he will wed screen star Marilyn Monroe.

Asked whether he would see Miss Monroe while here, Miller replied:

"Oh, that may happen one of these days."

Miss Monroe, now here preparing for a trip to London, also has declined to say whether she and the 41-year-old dramatist are planning to marry but has said they are "very good friends."

Miller arrived by plane. Reporters asked him at Idlewild Air 1: "Are you going to marry Marilyn Monroe?"

Miller replied: "I have no comment on that."

While at Reno awaiting his divorce from the former Mary Grace Slattery of New York, the playwright was served with a subpoena to appear before the House Un-American Activities Committee in Washington.

Miller requested and obtained a postponement until June 21.

Asked why he requested the postponement, Miller said, "I've had no chance to think about it. I've got lots of business to do before I go to Washington."

He reiterated he doesn't have any idea why he has been summoned, and said he'd never been subpoenaed before.

Dawson Group At 4-H Meet

LAMESA (SC)—The Annual 4-H Club Round-up to be held in College Station today through Friday will be attended by Dawson Fields, assistant county agricultural agent, and Mrs. R. B. Adams, adult leader from Ackerly.

Sandra Adams is one of the 4-H Club girl delegates. She has specialized in sewing for five years and also has had a bedroom improvement demonstration, has carried a food demonstration and has been active in other 4-H Club activities.

Gardine Froman, Ackerly, is the other 4-H Club girl delegate. She has also been in 4-H Club work five years and has carried sewing as her main project with bedroom improvement demonstrations and cooking demonstrations.

Roddy Barron of the McCarty community is one of the two 4-H Club boy delegates. Roddy has been in 4-H Club work six years and fed steers and pigs as feeding demonstrations.

Stanley Cox, Lamesa, is the other 4-H Club boy delegate. He has been in 4-H Club work six years, and has carried projects in swine, steers and poultry.

All four of the delegates also have earned county award medals.

To Take Oath As Court Justice

AUSTIN (AP)—Dean Abner V. McCall of Waco, will take the oath of office as a state Supreme Court associate justice at a special session of the court Friday.

Gov. Allan Shivers, who appointed McCall to fill the vacancy created by the resignation of Will Wilson, will present McCall to the court. The oath will be administered by Chief Justice J. E. Hickman.

McCall will serve the remainder of Wilson's term, which expires Dec. 31. Wilson resigned to seek the office of attorney general. McCall is dean of the Baylor law school.

Slaying May Be Linked To Brink's

Two longshoremen booked on suspicion of murder hide their faces as they are hustled by police to arraignment in Boston, Mass. Arrest followed finding of the body of William Cameron, 49, with two bullet wounds in the head. Cameron is believed to have been an FBI informant in the million-plus Brink's robbery. Arrested men are Thomas J. Ballou, already out on \$20,000 bail on charges of being accessory after the fact in the Brink's robbery and Thomas A. Callahan, both of Boston area. (AP Wirephoto.)

Mrs. LeFevre Of Loraine Dies

COLORADO CITY.—Mrs. Rosa LeFevre, 72, of Loraine died in the West Texas Hospital in Lubbock Monday after a three weeks' illness.

Mrs. LeFevre lived in Loraine for 41 years. She was born Sept. 29, 1883, in Hamilton County. She married Roland D. LeFevre in September of 1900 in Jonesboro. LeFevre died May 2, 1952.

Funeral services were to be held Tuesday at 2 p.m. from the First Baptist Church in Loraine. Rev. Bobby Rine, pastor, was to officiate, assisted by Rev. Bob Creswell, of Hermleigh, and Rev. J. F. Selcraig of Lubbock. Burial was to be in the Loraine Cemetery under the direction of Kiker and Son of Colorado City.

She is survived by a son, Claude LeFevre of Colorado City; a daughter, Mrs. Chester Hart of Loraine; four brothers, George McAnelly, Grover McAnelly, Monroe McAnelly, and Conley McAnelly, all of Hamilton; four sisters, Mrs. John Colson of Colorado City, Mrs. Julia Elliott of Dallas, Mrs. Sally Hobin of Phoenix, Ariz., and Mrs. Ladd Holland of Tyler; four grandchildren and four great-grandchildren.

Lamesa FFA Boys Win Honors At Area Meeting

LAMESA.—The Lamesa High School chapter of Future Farmers was the highest rating group in Area II of FFA at the recent convention in Alpine.

Among the individual honor winners were Johnny Grissom, who has been area vice president for the past year and who is a candidate for the state presidency. He will be one of 10 candidates at the state meeting in Dallas July 25-27. Clovis Cline was elected area vice president and Donald Love was named star farmer of Area II.

Recognition came because of Love's outstanding program of work in both farming and leadership. Six Lamesa youths were among the 63 Future Farmers to be recommended for the Lone Star Farmer degree. They are Love, Pat Hale, Harold Houston, Walter Koemel, Ronnie Ray and David Vandiver.

Attending the convention from Lamesa were the official delegates, Bill Bartlett and Hubert Deana, Grissom, Cline, Love, Pat and Bud Hale, Tommy Hester, Miss Sunny Barrow, local chapter sweetheart, and faculty advisors A. H. Essary and Lon McDonald.

Plan Suit For Redistricting

AUSTIN (AP)—Texas congressional districts should be remodeled to distribute the state's 22 congressmen more fairly by population, state Republican national committeeman Jack Porter of Houston said yesterday.

"Our attorneys are working on a suit to file in federal court," said Porter.

He said they hope the suit can force the Legislature to pass a law and redistrict the state.

Asked if the Legislature could be forced by a federal court, Porter did not answer directly but said, "we'll carry it to the U.S. Supreme Court, if necessary."

"It is not fair to have the same numerical representation from districts of 100,000 population as you do from areas with more than a million people," Porter said. "I'm sure this same problem exists in many other states. There should be some relief."

As a solution, Porter said Texas should abolish its congressional-at-large and redistrict.

"Harris County has more population than 11 states in the Union," he said.

"Speaker Sam Rayburn is leading the fight against redistricting" because he is from one of the smallest districts in the state, Porter said.

Big Spring (Texas) Herald, Tues., June 12, 1956 3

Civic Theatre Group Will Stage 'Heaven Can Wait'

The Big Spring Civic Theatre Group, encouraged by its initial success in "Born Yesterday," announced today through its director, John Shelton Davis, that the comedy, "Heaven Can Wait," will be the next production.

Davis, who directed "Born Yesterday," will also direct "Heaven Can Wait." He will be assisted in the casting by Dewey Magee.

Magee said he expects to hold first auditions in the auditorium of the Howard County Junior College, at 7 p.m. Thursday and Friday.

According to Magee, there will be seven or eight major roles and a dozen bit parts, both male and female. Magee urges all who wish to read for any of these parts, from

the lead down, to attend one or the other of these auditions.

"Every person who comes out will be given an opportunity to be heard," said Magee.

Bob Grew, who looks after the business end of the project, directed a special appeal to those who could qualify as stage managers, carpenters, electricians, make-up artists and wardrobe keepers to turn out.

"It takes a lot of people to stage a major production like 'Heaven Can Wait,'" said Lt. Grew.

"Born Yesterday" was a major production but "Heaven Can Wait" will have more people on stage in some scenes, than "Born Yesterday" could muster for a curtain call.

Daniel And Yarborough May Stage Debate In San Antonio

A debate between two candidates for the Democratic gubernatorial nomination—Sen. Price Daniel and Ralph Yarborough—is to be held at San Antonio Tuesday. The debate, which would be sponsored by the North Central San Antonio Lions Club, is expected to be held in the city's new convention center. Daniel and Yarborough are among the major candidates for office who were common and drew large crowds.

Navy's Missile Said Better Than Army's

WASHINGTON (AP)—The Navy's Talos anti-aircraft guided missile appears to be a "better weapon" than the Army's Nike, according to Sen. Chavez (D-NM). Chavez is chairman of a Senate Appropriations subcommittee on defense funds. Yesterday, that group heard the staff chiefs of the Army, Navy and Air Force discuss the relative merits of the Talos and the Nike. Afterward, Chavez told newsmen, "It appears from the evidence adduced at the hearing that the Talos is a better weapon than the Nike." He said it has longer range. He added that if pending tests indicate this to be true, the subcommittee probably "will recommend that only that weapon be produced in the future."

Winthrop Rockefeller Is Wed In Surprise Ceremony

HAYDEN LAKE, Idaho (AP)—Winthrop Rockefeller, 44, and his bride, the former Mrs. Jeannette Etris of New York, were married yesterday in a surprise ceremony. Although the new Mrs. Rockefeller is well known in Washington and Idaho circles, the first news of her wedding came in the form of a printed release handed out to newsmen in Spokane, some 30 miles from the Hayden Lake cabin where she was married. The couple left immediately after an informal reception at the lake home of the bride's parents for a brief wedding trip.

The 37-year-old bride, heiress to a million-dollar fortune, is the daughter of William Etris of Seattle, owner of a theater chain, a food processing plant and a large amount of Washington state real estate. She was married at 17 to Nathan Barrager, a football player from Southern California. The marriage ended in divorce within a year and three years later she was wed to Bruce Bartley, a Seattle attorney.

Statements Due 10 Days Before July Primary

Under the law covering elections, all candidates for public office must file a detailed report of campaign expenses and campaign contributions with the county clerk. However, according to Article 1408-a of the Texas election laws, such reports do not have to be filed until 10 days prior to each election. The law says that the report on expenses for the first primary which will be on July 22 must be filed with the county clerk July 18-20. Ten days after the primary a second report must be filed. Candidates left in the contest after the primary will file a report 10 days ahead of the runoff primary and the final reports will be before the general election and 10 days after that event.

Retired Colonel Dies

DALLAS (AP)—James A. Gilruth, 66, a retired Army colonel who had headed Dallas County's veterans service center since 1945, died of a heart attack yesterday.

Baby Is Born After Mother's 15-Foot Leap

FORT LAUDERDALE, Fla. (AP)—A 31-year-old woman was in "fair" condition in North Broward General Hospital today after she jumped from a window and 20 minutes later gave birth to a baby. The woman, under medication to ease the pains of childbirth, fell 15 feet from a third floor window to the roof of the first floor. Mrs. Della Albert, nursing supervisor, said a nurse found the woman standing in her bed and trying to get out of a window, which she had unlatched. The nurse, Mrs. Helen Savage, caught the woman's feet as she jumped but was unable to hold on. The woman reportedly had been despondent. Hospital authorities said she suffered lacerations of the skull and bruises.

Urges Cotton Research Fund

DALLAS (AP)—An official of the National Cotton Council today said that farmers should begin thinking about paying from \$1 to \$1.50 per bale into an industry fund for research and promotion. W. T. Wynn, Greenville, Miss., in an address prepared for the Texas Cottonseed Crushers Assn. convention, said cotton men must choose between "research or recession." "I make this proposal," he said, "knowing that we have made great progress and that fine work is being done in government and private research laboratories, and in our textile schools and textile mills. I make it, however, knowing, too, that we must continually plan for the future."

Famed Estate Of Killarney May Have To Go For Taxes

KENMARE, County Kerry, Ireland (AP)—It is a hard thing to have to tell, but Missus Beatrice Grosvenor confirmed today she wants to sell Killarney. There'll be tears in the beers of the Boston Irish and keening by tenors in Timbuctu but, says Mrs. Grosvenor, what must be done. The British tax man wants 70,000 pounds (\$196,000) inheritance duty on the family estate. Her Killarney estate embraces all of the Killarney lakes, three picturesque mountain-ringed bodies of water in central County Kerry. Mrs. Grosvenor said she will have to sell 8,300 acres, including the vast, 18-room Kenmare House, the country seat of her late grandfather, the Earl of Kenmare.

Texan Killed By Lightning

By The Associated Press. Roving thunderstorms, which raged over Texas this week, killed one man near Silsbee and blew over a drive-in theater screen at Nome in the Beaumont area. The victim was L. B. Jones, 47, of Silsbee who was killed when struck by lightning while fishing from a boat on the Neches River. A bolt struck a power pole between Beaumont and Silsbee, leaving Silsbee without power for three hours. A high wind, described by some as a twister, blew over the theater screen at Nome and ripped shingles from the roofs of homes Monday afternoon.

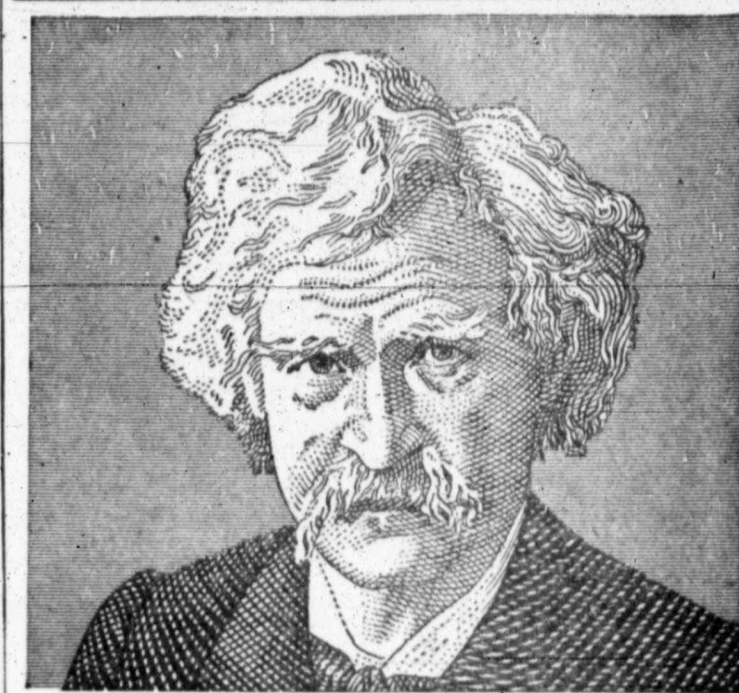

Flees Russian Group

VIENNA, Austria (AP)—Austrian police say one of the first postwar groups of Russian tourists allowed to vacation in Austria has asked for political asylum. The police said the defector was an engineer who slipped away from the Russian party while it was sightseeing.

THE OLD CROW DISTILLERY COMPANY, DIVISION OF NATIONAL DISTILLERS PRODUCTS CORPORATION, FRANKFORT, KY.

JULY 1ST IS C-DAY

(Change Day)

ALL BIG SPRING TELEPHONE NUMBERS CHANGE SUNDAY, JULY 1, AT 1:01 A. M.

At that time, the Metropolitan Numbering Plan will be placed in operation and all telephone numbers will have two letters and five numerals. The five numerals of the number will be preceded by the first two letters of the central office name — AMherst.

you'll get **TWO LETTERS** and **FIVE NUMERALS** on **C-DAY**

Just as easy — only different. Beginning July 1, dial two letters and five numerals of the new telephone numbers. For example, to call AM herst 3-5252, you will dial A-M-3-5-2-5-2.

When you give a telephone number to the operator or a friend, the easy way to say it is to break it up like this:

"AM herst three... five-two... five-two." This is the best way to say it — to understand it — to remember it.

Use your new telephone directory. Many Big Spring telephone numbers will contain the same five numerals they now have — and simply be preceded by the first two letters of the central office name. For technical reasons, however, some numbers will be changed entirely. All numbers will consist of two letters and five numerals. Use your new telephone directory beginning Sunday, July 1. All numbers will be new numbers on Sunday, July 1.

Chemical Procedure Shown To Produce Valuable Metals

By RENNIE TAYLOR
Associated Press Science Reporter
SEATTLE — A chemical trick which can increase this country's stockpiles of three strategic metals and yield uranium as a by-product was reported today by two U.S. Bureau of Mines researchers from Oregon.

The procedure consists mainly of adding a little salt to a 30-year-old formula which utilizes chlorine to separate groups of metals from their crude ores.

Addition of the salt, researchers said, results in a simple, low-cost production of tan-

alum, titanium and columbium from black sands taken from Bear Valley, Idaho. These three metals are much used in electronics, aircraft building and atomic sciences.

Left over from the process are compounds of uranium, thorium, iron and a series of chemicals called the rare earths. The uranium, of course, is useful in nuclear science. Thorium is a possible substitute for uranium in atomic energy.

Many varieties of black sand are available around the world as sources of these much-wanted substances.

The process was reported by A. W. Henderson and S. L. May of the Bureau of Mines laboratory at Albany, Ore. They presented it to a meeting of the American Society of Chemical Engineers, held in connection with the annual convention of the Pacific Division of the American Assn. for the Advancement of Science.

So far production at Albany has been only on a laboratory scale but it is ready for commercial use, the researchers said.

Basically the process consists of mixing black sands or concentrates with chlorine gas and subjecting the mixture to heat. At a high temperature tantalum and columbium emerge from this mixture in the form of gas. At a lower temperature titanium is separated from it. This leaves the uranium, thorium and iron in nongaseous form as by-products.

Uncle Ray: Gigantic Peaks Rose From Ocean Bottom

By RAMON COFFMAN
One day a new island appeared in the Mediterranean Sea! That was 125 years ago. The event took place south of Sicily.

Given the name of Graham Island, the new little piece of land was the product of material blown from a volcano. The island reached a height of 200 feet, and was a mile in diameter. Then the waves of the sea pounded against the mound, which was composed largely of ashes. The top of the cone was destroyed, and the island vanished from sight.

That was one of several volcanic islands born during modern times. Geologists declare that before the human race started to write history, thousands of islands were produced by eruptions of volcanoes. It took more than one eruption when the water was deep.

A vast number of volcanic islands rose in the Pacific Ocean. We know, for example, that the islands of Japan and the Hawaiian Islands were largely, if not entirely, made by volcanoes.

The depth of the ocean around Hawaii is about three and a half miles. At some time far back in the past, openings were produced in the bottom of the ocean by vol-

A part of the Valley of Craters in Chile.

With passing ages, hundreds of additional eruptions took place. These sent out lava, and the lava hardened into rock.

Mountains kept growing on the islands, chiefly on Hawaii, the largest in the group. It was there that the volcanic peaks, Mauna Kea and Mauna Loa, rose to height of more than two and a half miles above sea level. If we combine the figures below and above sea level, we have a total height of six miles.

Fabulous Party For Break-Up Of Art Collection

HOLLYWOOD — The film famous gathered among the old masters last night to say farewell to Hollywood's most famous art collection at a lavish party given by Mrs. Edward G. Robinson.

It was one of those parties that is seldom seen in these times of TV and Taxes. There were champagne and cordials, crab from Alaska, shrimp from Louisiana and desserts that were out of this world.

Greer Garson, Van Johnson and Susan Hayward were among the 150 who tasted of the delights and revelled in the greatest art collection west of the Mississippi.

The reason for the farewell was the broken marriage of Edward G. and Gladys Lloyd Robinson after 29 years of wedded life and art collecting. Their divorce comes up in court July 20. Robinson is now starring on Broadway in "Middle of the Night."

"I suppose we will divide the collection in half," Gladys said. "Half of it belongs to me and I intend to take it with me."

Mrs. Robinson, an artist in her own right who has had 40 shows throughout the world, is leaving this week for a month tour of the Orient. She plans to return in time for the divorce proceedings.

Records at the Chene precinct police station show the 64-year-old bachelor's troubles started the night newspapers carried reports that he owned a winning ticket. The police account told the story this way:

Glinski stepped into a neighborhood bar where he met an acquaintance, Stanley Pluta, 41. Pluta ordered drinks for all.

The bartender asked for the money, some \$6 or \$7, and Pluta replied:

"Joe's going to pay because he just won all the money."

"The heck I am," Glinski declared. "You ordered them; you pay."

At that point, Pluta punched Glinski.

Pluta was held overnight by police and released without charge.

Miami Segregation Faces Court Test

MIAMI, Fla. — The first test of Miami's racial segregation law appeared likely today after the arrest of a 19-year-old Negro who refused to move to the rear of a Miami Transit Co. bus. A bus boycott was also possible.

Rudolph Reid, organizer of a Miami youth council in the National Assn. for the Advancement of Colored People, was arrested last night and charged with tending to create a breach of the peace. He was released in \$500 bond.

Buses in Miami operate on a segregated basis as do others throughout Florida. The city's ordinances governing segregation are patterned after state laws and signs in buses specify that white persons seat from the front and Negroes from the rear.

Neal Adams of the NAACP told the Miami Herald that the bus company "will be sued" and that "it could mean a bus boycott."

Such boycotts previously have been put into effect at Montgomery, Ala., and Tallahassee, Fla.

"This was not planned as a test case, but there will probably be repercussions and a test case had to come sooner or later," Adams said.

He added he would consult an attorney today about suing the bus company "because we don't want this fine boy (Reid) to have a criminal record to hurt him the rest of his life."

The bus company provides "a service to the public and has no ax to grind," said Octavio Cuevas, executive vice president of the privately owned transportation firm.

Sweepstakes Win Gets Him Only A Punch In The Nose

DETROIT — Joseph Glinski, who won \$140,000 on the Irish Sweepstakes last week, hasn't collected anything yet but a punch on the nose.

Records at the Chene precinct police station show the 64-year-old bachelor's troubles started the night newspapers carried reports that he owned a winning ticket. The police account told the story this way:

Glinski stepped into a neighborhood bar where he met an acquaintance, Stanley Pluta, 41. Pluta ordered drinks for all.

The bartender asked for the money, some \$6 or \$7, and Pluta replied:

"Joe's going to pay because he just won all the money."

"The heck I am," Glinski declared. "You ordered them; you pay."

At that point, Pluta punched Glinski.

Pluta was held overnight by police and released without charge.

Candy Consumption 16.6 Pounds A Year

WASHINGTON — If you ate more than 16.6 pounds of candy last year, you ate more than your share. The Commerce Department says that was an average consumption per person in 1955, as the confectionery industry turned out 2,724,000,000 pounds of candy and set a new dollar sales record of \$1,031,000,000.

Dulles Notes Encouraging Developments From Moscow

WASHINGTON (AP)—Secretary of State Dulles said today there are encouraging developments in Soviet behavior. But he said it is hard to judge yet whether the Russian regime will become more responsible to the people or revert to the "evils" of Stalinism.

Military Trials Upheld

Mrs. Dorothy Krueger Smith (left) and Mrs. Clarice B. Covert are two wives of servicemen specifically affected by the Supreme Court ruling which upheld military trials for civilians who accompany the Armed Forces overseas.

Optimist Groups Install Officers

Officers of the Big Spring Optimist and of the Opti-Mrs. Clubs were installed in a special ceremony Monday evening at the City Park.

Garza In 'Fair' Condition Today

Juan Garza, 50-year-old Knott resident gravely injured in a car-truck collision last Saturday, was reported in "fair" condition Tuesday morning at the Malone and Hogan Hospital.

C-City Planning Industrial Unit

COLORADO CITY — The Colorado City Chamber of Commerce will hold its first community breakfast at 7 a.m. Thursday with Paul Marable, manager of the industrial development department of the West Texas Chamber of Commerce as speaker.

School Trustees To Meet Tonight

The school board will meet at 7:30 p.m. today. Agenda for the June session calls for a report from the superintendent on rejections or teacher contracts.

responsible to the people or revert to the "evils" of Stalinism. Dulles told a news conference that what he called the evil fruits of Stalin's rule, as reported in the famous Khrushchev speech, were

the product of a "system of dictatorship." "We can hope," Dulles said, "that Khrushchev's revelations will mark the beginning of a change away from that system of dictatorship. But that, I fear, may not be his purpose.

Under questioning, Dulles said he regarded as probably true reports that the present regime is giving Soviet workers greater freedom to choose their jobs. He said he had talked this over two weeks ago with President George Meany of the AFL-CIO.

Bonds Set For Three Airmen

Bonds in the sum of \$5,000 have been set for each of the three airmen from Webb Air Force Base held in county jail on charges of robbery by assault.

Keese To Attend Austin Meeting

B. M. Keese, registrar for Howard County Junior College, was to leave Tuesday afternoon for Austin and a conference of junior college registrars.

New Dawson Well Flows From Two Formations Of Spraberry

A Dawson County venture produced more than 630 barrels of oil through partial chokes in completion from two formations. The well is in the Spraberry, West Deep field.

Borden

King-Warren-Dye No. 1 Milliken, a wildcat 13 miles northeast of Gal, is drilling in sandy lime at 6,038 feet. It is 660 feet from south and east lines 523-97, H&T Survey.

Dawson

Humble No. 1 Koger has projected to 2,026 feet in anhydrite and salt. It is a wildcat at CSE SE 32-35-4n, T&P Survey, and four miles southwest of Sparenberg.

Great Dam And Hydroelectric Plant Dedicated

BRIDGEPORT, Wash. (AP) — The \$160-million-dollar Chief Joseph Dam, one of the world's largest hydroelectric plants and a downstream neighbor of the massive Grand Coulee, was dedicated today as "a mighty symbol of our times."

Harold E. Stassen, special assistant to President Eisenhower, said in his prepared dedication address the federal dam is "a magnificent tribute to the industry and initiative that flows, everlastingly from the wellsprings of freedom."

\$100 Fine Set In Liquor Case

L. G. McVay, charged with transporting intoxicating liquor in a dry precinct, pleaded guilty before County Judge R. H. Weaver Tuesday morning.

Bonds Set For Three Airmen

Bonds in the sum of \$5,000 have been set for each of the three airmen from Webb Air Force Base held in county jail on charges of robbery by assault.

Two Women Lose Purses Monday

Two reports of missing purses were made Monday. A purse belonging to Patricia Ann Russell containing \$2 and \$3 was taken from the city swimming pool sometime Monday.

No Replacement Yet For Capt. Tranum

No new police captain had been appointed this morning to succeed Jack Tranum. Tranum resigned Monday to move back to Midland. He had been captain since Jan. 15. At present, Sgt. A. V. (Curley) Brown is in charge of the night shift.

Vandals Shoot Grader Tires

Riflemen, using a 22-caliber gun, fired four shots into the tire of a Howard County road maintainer which had been left parked on a vacant lot southwest of Webb Air Force Base on the Wasson Road.

Lions Planning 'Family Picnic'

A picnic Thursday evening will take the place of the regular Wednesday meeting of the Downtown Lions Club. The picnic, a family affair, has been set for 7 o'clock on Scenic Mountain. Where members are expected to bring food, they are being notified. Club officials are anticipating a large turnout for the occasion.

Three Accidents In City This Morning

Three accidents had been recorded in Big Spring by 11 a.m. today. At 910 Lamesa Drive, Alton Delmona Detto, Knott, and Mary Hooper Graham Ackerly, were in collision. Both were driving Fords, with the latter being a 1952 and the former a 1953 model.

School Addition Planned At Lamesa

LAMESA — Board of education of the Lamesa Independent School District last night employed Allen and Allen, Lamesa architects, to draw plans for a six-classroom addition to the Blackshear Elementary school. The superintendent, C. W. Tarter, this morning estimated cost at \$50,000 to \$60,000.

New Fire Truck Getting Tests

Firemen and agents from Mack Truck Company are testing a new fire truck which arrived Monday night. The truck must be tested and approved by the State Fire Insurance Commission before it can be put in use, but officials called the city and said that they would approve on the recommendation of the city. Mack inspectors were here to witness the tests also.

Vocalist Performs At Church Meeting

LAMESA — About 25 members of Methodist Men last night heard Kay Wiggins, student at SMU, in vocal solos, "I Walked Today Where Jesus Walked," and "Without A Song." She was accompanied by Peggy Campbell, McMurry student. Both are in Lamesa for the summer.

DWI Penalty Set

Jesus Alvarez, charged with driving while intoxicated, pleaded guilty to the offense and was fined \$75 and sentenced to serve three days in jail. He was brought before the court of County Judge R. H. Weaver Monday.

Rich Texas Leader, H. H. Weinert, Dies

SEGUIN, Tex. (AP)—Hilmar H. Weinert, 69, wealthy member of a pioneer South Texas family, died yesterday after five years' illness. Funeral services will be held at 10 a. m. tomorrow from the Weinert home. A banker, oilman and rancher, he was the husband of Mrs. Hilda Weinert, who is retiring after 12 years service on Democratic National Committee. Weinert, whose wealth was estimated by associates at 20 million dollars, had often accompanied his wife to state and national Democratic conventions. A soft-spoken, retiring man, he had avoided public attention, however. Weinert was president and chairman of the board of Seguin Bank and Trust Co., president of both the Trio Oil Co. and Tex-III Oil and Royalty Co., and owned a large ranch near Seguin. He had oil holdings in Illinois, Kentucky and Texas. Although he had a lawyer's degree, Weinert practiced only a short time before taking up banking. He was mayor here in 1910, the only elective public office he ever held, although he served many terms as University of Texas regent, a post to which he was appointed and reappointed by three successive governors. Weinert's father, the late F. C. Weinert, served in both the Texas Senate and House. His brother is state Sen. R. A. Weinert of Seguin. Other survivors include three sisters, Miss Ella Weinert, Seguin; Mrs. Clara Breudstedt, Seguin; and Mrs. Katie Eilers, Austin, and one daughter, Mrs. Roland Blumberg, Seguin.

ROY BELL

Bell New State Eagles Leader

Roy F. Bell, 112 E. 17th, is the new state president of the Fraternal Order of Eagles. Bell was elected to the top FOE office in Texas at the organization's annual convention in Corpus Christi last weekend. He was state vice president prior to the convention. Mrs. Lillian Bowen, Big Spring, was elected a state trustee for the women's auxiliary for District 4. Other district auxiliary officers named included Mrs. Eria Mae Johnson, Odessa, chairman; and Mrs. Darlene French, Midland, outside guardian. Bell succeeds J. K. Bartlett as state president. The Big Spring Eagle has been a member of the FOE since 1928 when he was initiated in Akron, O. He joined the Big Spring aerie in 1949.

Some Texas Congressmen Oppose Sam On Foreign Aid

WASHINGTON (AP)—The fight over foreign aid in the House has precipitated a rare situation in which many Texas congressmen find themselves aligned against their colleague, Speaker Sam Rayburn of Bonham. Their views already were known to Rayburn, but the standing vote on a vital amendment to the bill last Thursday graphically pointed over the break. Most of the 22-man House delegation joined in defeating, 192 to 112, an amendment which would have restored 600 million dollars of the \$1,100,000,000 which the House Foreign Affairs Committee had cut from the bill as proposed by President Eisenhower. Rayburn had urged adoption of the amendment. Rep. Omar Burleson (D) of the Abilene district is the only Texan on the Foreign Affairs Committee. He was a leader in bringing about the cut, and was expected to vote against the entire bill on final passage today. The position of most of the Texans was expressed by Rep. J. T. Rutherford of Odessa in an interview. "We find ourselves in a tough spot. We hate to go against Mr. Rayburn, because he is an able leader and a mentor to many of us. But on this issue many of us just fundamentally disagree. Then, too, we know that we have been reminded over and over in the past, that when we are the least bit undecided as to the wisest course to take, we should follow the recommendation of the committee which has carefully considered a measure." Rutherford said he intends to vote against passage of the foreign aid bill, and is sure at least four other Texans will join with him in opposing appropriation of any foreign aid funds. "This program was started 12 years ago as a temporary relief measure," he continued. "It's getting to be too much of a permanent thing. It's like a man asking originally for an aspirin, then giving him the whole medicine cabinet for keeps."

Flood Problem Gets Attention Of C-City Council, Citizens

COLORADO CITY — Colorado City's council met with property owners Monday night to discuss flooding problems in the area of Tenth and Chestnut Streets. The problem, as outlined by city officials, is that 10 years or more of residential expansion and a "cut-and-try" street building have resulted in funneling almost all of the water from new developments in Colorado City into Chestnut and Tenth Streets. Mayor Trevor Crawford pointed out that water falling as far north as the Drive In Theatre — almost a mile north on Highway 208 — could find its way down Chestnut and into Tenth. The resulting flood fills Tenth Street from curb to curb, flows across lawns and into garages and basements. Property owners present — including Jerold Riordan, J. D. Norman, V. R. Trulock, O. B. Trulock, R. A. May, Perry Adams, Roy Buchanan, Tom Glover, Nedda Garrett and Sam Cobb — were cool to the idea advanced by City Manager Rollin Sneathen to divert storm sewers westward so that it could carry more water. Cobb, Norman and others suggested that part of the water be diverted before it reached the area. "It's no solution if you drain this block today, when other people will be getting water into their yards tomorrow," said Cobb, pointing out that other homeowners above Tenth were suffering from flooding during showers. He suggested that water be rechanneled three ways at 17th and Austin to "take care of a lot of people." As a temporary measure, the council voted to pave Tenth from Oak to Pine, Pine to Eighth and Eighth to the Colorado River. The paving will have an inverted crown to carry more water. The change will prevent water standing in pools on Tenth, but will not eliminate the flooding along the three blocks from Chestnut to Oak Streets. Sneathen told the group that storm sewer construction would cost about \$305,000. Both Sneathen and Crawford pointed out that storm sewers were an ideal solution but doubted that a bond issue would carry. The council also named appointments to the newest city board — the Parks and Recreation Board. Nominees included Mrs. W. S. Rhode, Mrs. Ken Cowan, Roy Fox, W. W. Westervelt, Rev. Earl Clary, E. F. Rothwell and Councilman Jeff Taylor. Taylor was appointed tentatively, pending a ruling as to the legality of a councilman serving on a city board. Councilman R. B. Baker called for a discussion of extending the city limits to include the East Hill area. "Do they want in?" asked Sneathen. "I don't guess there's anyone out there that wants in," Baker said. Sneathen pointed out that under the city's charter, it was necessary for residents desiring admission to petition for the city to vote on admission.

Hollywood's own Professional Hair Care... now Yours!

LANOLIN RICH HAIR CONDITIONER Used for years in every Hollywood movie studio. Recommended by most leading beauty salons and barber shops, VO5 is the professional formula for adding lustre and gleaming highlights to your hair. How to serve well-planned meals in minutes with the help of an Electric Food Freezer

Planning and cooking nutritious, appetizing meals three times a day is a time-consuming job — yet you can serve your family good, wholesome meals any time in just minutes with the help of an Electric Food Freezer. Delicious steaks, vitamin-packed vegetables, frosty desserts, rolls that melt in your mouth... practically all of your favorite foods can be pre-cooked or prepared ahead and frozen to serve in a jiffy when minutes count. By doubling or tripling recipes and freezing the extra portions, you soon build up a supply of varied healthful foods. Add fresh fruits and vegetables, frozen at the peak of their goodness, Dad's prize catch of last season... and you have a fascinating year-around assortment of foods for quick, nutritious meals. And with your freezer on the job, you eliminate frequent shopping trips and having to cook when you don't feel up to the task. Electric Food Freezers are available in either chest or upright models, in a size that's just right for your kitchen space and food storage requirements... see them at your favorite appliance dealer's.

Questions Use Of Bus Boycott Funds

MONTGOMERY, Ala. (AP)—A Baptist preacher said last night that leaders of the Negro protest against bus segregation here have been playing fast and loose with boycott funds.

The Rev. U. J. Fields did not specify any individual members of the Montgomery Improvement Assn., set up to coordinate the boycott for the city's 50,000 Negroes, but declared in resigning his post as recording secretary: "All the money coming in here for transportation is not being used for that." He did not elaborate.

Officials of the MIA quickly denied any financial misconduct. "No money received by this association has been misappropriated," said Dr. Moses W. Jones, second vice president.

"Definitely false," said the Rev. R. J. Glasco in referring to Fields' accusations. Glasco is chairman of the MIA Finance Committee. Glasco's comment was echoed by C. W. Lee, the organization's assistant treasurer, and by Mrs. Erna Dungee, the financial secretary.

Fields, one of the MIA founders, also said, "I no longer can identify myself with a movement in which the few are exploiting the many."

The 25-year-old Negro minister said boycott leaders "have become egotistical and interested in perpetuating themselves."

"Individuals who are handling money contributed throughout the nation to support the boycott 'are using it for selfish purposes,'" he said.

He estimated that an amount "up in the thousand of dollars" had been diverted from the announced purpose of providing private transportation for boycotting Negroes.

The MIA has been paying about \$3,000 a week to provide car pool transportation for the boycotters.

Tractors Haven't Replaced Camel

ROME (AP)—Tractors are replacing horses on farms all over the world but camels are more than holding their own in Asia and Africa, the U.N. Food and Agriculture Organization reports.

There are now 7,100,000 tractors in the world, exclusive of Russia, which did not provide any figures. The number of tractors is increasing at the rate of nearly 500,000 yearly, FAO said.

The number of horses dropped to 59,100,000 by 1954 from a prewar figure of 74,700,000 — again exclusive of Russia. But camels, used as pack and draft animals in Asia and Africa, increased 24 per cent there over prewar to a total of 9,700,000.

Parole Revoked At His Own Wish

ST. JOSEPH, Mo. (AP)—Johnny Curtis, 25, has his wish. His parole has been revoked.

He was paroled to a relative from a two-year sentence for burglary, but a month ago he told authorities the relative was making it too hard on him. He said he'd rather serve his sentence.

The County Parole Board sent him back to jail.

MEN IN SERVICE

Cornelius Price, son of Mr. and Mrs. E. L. Warren of 904 NW 2nd, and husband of the former Miss Pearl J. McGriff of 711 N. Bell, is scheduled to graduate from recruit training June 16 at the Naval Training Center, Great Lakes, Ill.

The nine weeks of "Boot Camp" includes drill and instruction in seamanship, gunnery, life saving, sea survival, boat handling, and the use of small arms.

Following two weeks leave, graduates will be assigned to ship-board duties or service schools depending on the qualifications each has demonstrated.

GERALD ZODIN

S-Sgt. Doyce Piper left June 7 for Frankfurt, Germany, where he will be stationed by the Air Transport Command. Sgt. Piper, a veteran since his initial enlistment in 1939, was flown to his new post via Newfoundland. Before leaving he was in Washington, D. C., to visit briefly with his brother, M-Sgt. Brady Piper who has been in service since 1937. They are the sons of Mrs. A. E. True, Sand Springs.

Due home this week for a few days of leave before reporting to San Diego for sea duty is Ensign Gerald Zodin, 22, son of Mr. and Mrs. Julius Zodin of Big Spring. Young Zodin received his en-

Russ Island Is Military Base

MAIZURU, Japan (AP)—A Japanese repatriate from the U.S.S.R. says Russia has turned the island of Sakhalin, off the Siberian coast, into a huge military, jet plane and naval base.

Nobukatsu Murooka, 38, who was a railroad worker on the island, told newsmen:

"Russian jet planes fly overhead every day. Russian soldiers are walking every place. Concrete and steel buildings are going up all over. The southern port of Korsakov is being turned into a naval base and no 'Orientals' are permitted there."

He said the Russians started a steady flow of North Korean labor into Sakhalin—the southern half of which Japan owned until the end of World War II—as soon as the Korean War was over.

Murooka was one of 62 Japanese repatriated from Siberia last week. He said he was sent to Siberia from Sakhalin two years ago after being jailed on "slow-down" charges.

All former Japanese air bases have been expanded for use by jets, he said.
