Ike Giving No Hint On Plans Of Candidacy

WASHINGTON (AP)—President Eisenhower—reported making his best progress yet at the end of a week's hospitalization—today handed "quite a bit" of White House business including the signing of 21 documents.

Two American Priests Freed After 3 Years

HONG KONG (AP)—Peiping radio announced tonight two Roman Catholic missionaries from California, Father John Williams, Clifford and Thomas Leonard Phillips, were released today, after three years in prison.

The release of the two American priests had been expected all day. U.S. consular officials waited at the China border at Hong Kong for the expected arrival but the last train rolled in with neither of the two men on board.

A U.S. consular official said it might be several days or even a week before they reach this British colony.

The two Roman Catholic priests will be the first American prisoners freed by the Reds in six months. Word of their impending release raised hopes that the Reds soon would free 11 other imprisoned Americans in a move to pump new life into the long-deadlocked U.S.-Chinese negotiations at Geneva.

Writ Of Error Refused By Court In Foundation Case

The board for Malone & Hogan Clinic - Hospital Foundation probably will decide Monday whether it will ask the Texas Supreme Court for a rehearing on the foundation's appeal of a tax suit judgment from 118th District Court.

K. H. McGibbin, vice chairman of the board, said this morning that the matter hasn't been discussed but that the trustees plan a meeting for Monday, D. S. Ritley, hospital manager, and R. T. Piner, chairman of the trustees, are out of the city.

Did Last H-Bomb Miss Target? Air Force Is Keeping Quiet

WASHINGTON (AP)—The Air Force today only noncommittally replied to questions about whether the B52 which dropped an H-bomb over Bikini last month missed the target.

Brown, Eubanks Get Promotions In Police Dept.

A. V. (Curley) Brown was promoted to captain and Walter Eubanks to sergeant Thursday, as the police department filled a vacancy caused by the resignation of Jack Tramm.

Eubanks has been a patrolman on the day shift but currently is taking care of the parking meters while L. F. Trantham is on vacation. Rogers said that eight members of the department were considered for the sergeant's post.

Hot Weather Hits All Texas

The record-smashing temperatures that had West Texas sizzling Thursday were spreading over the rest of the state Friday.

New Water Record Set

Water usage hit another maximum Thursday. The record for one day until Thursday was 8,168,000 gallons, the new high is 8,183,000 gallons.

Water Restrictions

ARDMORE, Okla. (AP)—Ardmore has voted stringent water regulations which would cut consumption more than half. The city has only a 40-day supply of water.

Union Turns Down First Steel Offer

'Educational' Expenditures Under Study

WASHINGTON (AP)—Sen. McClellan (D-Ark.) said today the type of "educational" campaign waged by an oil and gas industry group "might well be calculated to wield more influence on Congress than direct lobbying."

He told newsmen at the conclusion of a hearing by the Senate Lobby Investigating Committee, however, that he was not suggesting there was "anything wrong" with the course pursued by the Natural Gas and Oil Resources Committee (NGO).

The gas committee's officers have testified to spending 1 1/2 million dollars on an "educational campaign" against federal regulation of the natural gas industry.

McClellan, chairman of the committee, said the testimony had pointed up the difficulty of defining what lobbying is.

Asked if he thought the present law should be broadened to cover public relations and educational activities by groups trying to build up public sentiment for legislation, McClellan said he wanted "to get the whole pattern" before making any recommendations.

At today's hearing Bert C. Goss, president of the New York City office of Hill & Knowlton, Inc., public relations counsel for the NGO, testified that "we certainly were interested in building public sentiment against federal regulation" of the natural gas industry.

Legislation to free natural gas producers from federal price controls passed by the Senate last February was vetoed by President Eisenhower.

Sen. Anderson (D-NM) suggested tax authorities should investigate legality of tax deductions made by oil companies on funds they contributed to the campaign.

Leonard F. McCollum of Houston, Tex., chairman of the NGO committee, testified yesterday it had not engaged in lobbying for the bill but had spent over 1 1/2 million dollars in 18 months on a public "education" program about the problems of the industry.

None of the money went for lobbying or campaign contributions, McCollum said.

Mercury Climbs To Record 105
Thursday was the hottest day so far in 1956. The temperature climbed to a scorching 105 at the U.S. Experiment Farm. Lowest reading at the farm was 69.

PHOTOGRAPHS IN TROUBLE IF THEY TAKE PICTURES OF PRINCESS

ROME (AP)—Italian police today threatened to confiscate photographers' cameras if they try to take pictures of Crown Princess Beatrix of the Netherlands on the streets of Rome.

Dutch officials announced the 18-year-old princess was here on "a strictly private vacation, the vacation of a school girl who has just passed final exams." They said the visit had "absolutely no connection" with published reports about a faith healer and Queen Juliana, the princess' mother.

Dutch newspapers have denied speculation that the reported influence of the faith healer over the Queen might force her abdication in favor of Beatrix. Government officials in The Hague last night denied rumors that the Queen and her husband, Prince Bernhard, are thinking about a divorce after disagreeing over the healer.

The German weekly magazine Der Spiegel first published the story saying Queen Juliana had come under the influence of Miss Greet Hofmans, 61-year-old faith healer, after Bernhard brought her in 1948 to treat their partly blind youngest daughter, Princess Maria Cristina.

Foreign Aid Gets 715 Million Hike
WASHINGTON (AP)—The Senate Foreign Relations Committee today boosted its foreign aid bill to \$4,515,000,000 or 715 million more than the House voted.

The committee, in a closed session, restored 100 million dollars to the President's discretionary fund for Asian economic development. The vote was 9-5.

In actions yesterday, the group had upped the \$3,800,000,000 House bill by 615 million dollars.

Congress last year authorized 200 million for the President's discretionary fund for Asian economic development. Half of this has been committed. The House voted to repeal authority to spend the other half. The Senate group struck out this repeal—in effect adding 100 million to the bill.

While the committee actions cheered administration supporters, Sen. Bridges (R-NH) expressed "great doubt" today over the outcome of the increases when the bill reaches the Senate floor next week.

Senate Republican Leader Knowland (Calif.) made the successful motion in the Foreign Relations Committee yesterday to restore 600 millions of the billion dollars the House cut in foreign military aid funds. The vote was 9-5.

Then, by voice vote, the committee raised from 63 million dollars to 78 million the sum the House voted for European defense supporting activities. The House had cut 5 millions, earmarked for Yugoslavia, from this fund.

Approval of these increases marked the first substantial victory for the Eisenhower administration in the foreign aid dispute. But Bridges' words of caution about what the full Senate will do paralleled the comment of Democratic Leader Lyndon B. Johnson (Tex.) that the program is "in deep trouble."

Chances Fade For An Early Settlement

NEW YORK (AP)—The United Steelworkers today rejected "as entirely inadequate" wage and contract proposals made by the Big Three steel firms.

David J. McDonald, union president, told newsmen: "No mathematical juggling can obscure that the steelworkers are being offered an increase in take-home pay this year of five cents an hour."

McDonald described the industry offer as "too little, too late and too long."

"The wage offer is too little," McDonald told a news conference. "The fringes are inadequate and become effective too late to have any significance. And the whole contract, instead of being modernized, is to be extended, with its obsolescent features, for too long a period."

This was a reference to a suggestion by the Big Three firms—U.S. Steel, Bethlehem and Republic—for a five-year contract.

McDonald called a news conference immediately afterward to report the development, which apparently blocked earlier hopes of the negotiators for a settlement by Sunday—the 50th anniversary of the founding of the union.

The rejection also raised the possibility of a strike in the 650,000-man industry, unless the management-union differences can be reconciled before June 30, when present contracts expire.

McDonald said he still was hopeful that an agreement could be reached.

"After a year of record profits and productivity, the industry has increased for this year six cents an hour, and a minor adjustment for skilled employees of two-tenths of a cent in their job increments," McDonald said.

"At the same time, the industry's offer would require the employees to contribute one and one-half cents more for insurance."

The industry's wage offer, therefore, would result in a take-home pay increase to the average steel worker this year of about a nickel an hour—about two per cent.

School Bonds Sold To State

Big Spring's \$900,000 of school bonds have been sold at an interest rate of 3.15 per cent.

The Texas Teacher Retirement System yesterday accepted \$750,000 of the bonds at that rate. Rauscher, Pierce & Company, fiscal agent for the school district, will take the other \$150,000 at the same price under terms of an option given the firm last week.

The retirement system took only the long-term portion of the bond issue—bonds maturing from 1977-86. Rauscher, Pierce & Company will take those maturing from 1957-76.

The teacher agency purchased \$7,000,000 worth of bonds. Clyde Angel, president of the Big Spring school board, said the Big Spring offering was on the "preferred list."

Virtually all of the other bonds were taken at rates higher than 3.15 per cent, Angel said. The bond issue will be dated July 1.

Rauscher, Pierce & Company will receive a fee of \$5 per \$1,000 with the retirement system.

Says 'Hot Money' Brought Into U. S.

WASHINGTON (AP)—The Senate Internal Security subcommittee said today that vast sums of "hot money" smuggled into this country by Communists and others are being used to "invade the U. S. economy."

Arthur I. Bloomfield, senior economist of the Federal Reserve Bank of New York, told the subcommittee at a public hearing he does know that "a considerable amount of foreign hot money" has come in since 1945. The flow has been diminishing in the past four or five years," he said.

He added that "I know next to nothing" about the real sources of the hard-to-trace capital, but that it would be "technically quite feasible for Russia or any Soviet country to get dollars through Swiss or other foreign banks and invest the money in this country anonymously."

New Date For Trial Delayed

AUSTIN (AP)—Federal Judge Ben Rice Jr. said yesterday he will not set a trial date for the tax fraud case against George Parr until the U.S. Supreme Court rules on the defendant's rehearing motion.

One of Parr's attorneys said a motion for rehearing will be filed on the high court's ruling Monday that the case could be tried in Austin, rather than at Laredo, Parr's choice.

Government attorneys said they were ready for trial but now will have to wait at least until July and maybe until after Jan. 1.

Should the Supreme Court deny the defense motion, an earlier trial date could be set then if it grants the rehearing motion.

Parr, 49, is charged with filing false tax returns for 1949, 1950, 1951. The South Texas political figure is accused of defrauding the government of several thousand dollars.

Defense attorneys Everett Looney and Thomas James of Austin have 25 days from Monday to file the motion.

Union Leader Draws Sentence For Contempt

WASHINGTON (AP)—John T. Gojack, 39, Fort Wayne, Ind., labor union leader, today was sentenced to nine months in jail and fined \$200 for contempt of Congress.

Gojack, a general vice president of the United Electrical and Machine Workers Union (UE), was convicted May 3 on six charges of contempt.

Union Leader Draws Sentence For Contempt

The union is one of several thrown out of the CIO before the CIO merger with the AFL, on the ground that its leadership followed the Communist line.

The crew of the B52 which dropped the H-bomb was not a Strategic Air Command crew. It came from Kirtland Air Force Base, New Mexico, and operates under the Air Research and Development Command.

Water Restrictions

ARDMORE, Okla. (AP)—Ardmore has voted stringent water regulations which would cut consumption more than half. The city has only a 40-day supply of water.

Lacking any definitive statement from the Air Force, a miss could have come either from personnel error or a malfunction or misapplication of the extremely complex bomb sighting equipment.

Water Restrictions

ARDMORE, Okla. (AP)—Ardmore has voted stringent water regulations which would cut consumption more than half. The city has only a 40-day supply of water.

Lacking any definitive statement from the Air Force, a miss could have come either from personnel error or a malfunction or misapplication of the extremely complex bomb sighting equipment.

Second Girl Slain In Same Rural Area

PURCELLVILLE, Va. (AP)—The discovery of a second nude body in this same rural area in less than a week has police theorizing that two girl chums were victims of a "fiendish" slaying. But police said they have no major clues.

A fisherman yesterday found the body of a girl lying face down in Catoctin Creek, a tributary of the Potomac River. State Trooper C. L. Wood said she was identified as Shelby Jean Venable, 16, of Laurel, Md. Wood said identification was made from a broken tooth and body marks.

Last Saturday, another nude body of a girl was discovered about 10 miles away, near a Potomac bridge at Brunswick, Md. A relative identified this body as that of Mary Elizabeth Fellers, 18, of Beltsville, Md.

The two girls had been listed as missing since June 1 when Shelby and Mary Elizabeth were reported last seen getting into a car near Beltsville.

The area in which the bodies were found lies close to where Virginia, Maryland and West Virginia

come together. It is about 45 miles from Beltsville.

While Trooper Wood said police had found no firm leads in the case, he asserted they were operating on the assumption the girls were victims of what he termed "some fiendish mind."

Shelby went to Beltsville June 1 to visit Mary Elizabeth. The girls planned to return to Laurel to spend the night at the Venable home.

One of Mary Elizabeth's brothers said he saw them standing along U. S. Route 1 waiting for a bus to Laurel. He told police he watched from a distance as a blue Ford halted beside the girls. He said they climbed in. They have been reported missing since.

Relatives said neither girl had a steady boy friend, although each reportedly had occasional dates.

Panama Finally Gets Results Of May Elections

PANAMA (AP)—The slow-motion count of Panama's May 13 general election finally ended today. The ruling National Patriotic Coalition party placed 42 members in the National Assembly to 11 for the opposition.

Among the new deputies was Mrs. Cecilia Pineda Remon, widow of President Jose Antonio Remon, assassinated in January 1955. The new assembly will sit for four years, starting Oct. 1.

The new president elected in the May balloting is Ernesto de la Guardia, 51, a brewery manager and 1925 Dartmouth graduate.

Harriman Pledges Support To NATO

NEW YORK (AP)—Gov. Averell Harriman has told West German Chancellor Konrad Adenauer that a Democratic administration in Washington would continue to support the North Atlantic Treaty Organization and work for German unification.

Harriman, a candidate for the Democratic presidential nomination, told Adenauer he gave Adenauer the assurance during a visit to the chancellor made at the governor's residence yesterday.

Adenauer leaves by plane today for Chicago. He then will go to Milwaukee where he will receive an honorary degree from Marquette University.

'Stowaways' Have Fun In Hawaii

Joan Damon, of East Palo Alto, Calif., and Dudley Taylor, Redwood City, Calif., 17-year-old high school classmates pose in an outrigger canoe on a beach in Honolulu. The two youngsters cut classes and went to San Francisco to have a look at the luxury liner Lurline. They boarded the ship and before they knew it the ship was on its way to Hawaii. It wasn't determined whether the teen-agers stowed away or simply failed to heed "all ashore" warnings. Their parents paid their fares and arranged for them to fly back to California. Joan's mother, Mrs. Nadine Damon, wired: "Fare paid. Graduation present. Have fun." (AP Wirephoto via radio from Honolulu).

Holdings Of Old Deeds May Have Uranium-Rich Lands

LOS ANGELES (AP)—A search is on for thousands of persons holding supposedly worthless deeds to New Mexico land that may be rich in uranium.

The land was sold 20 years ago in an oil-promotion scheme that landed its backers in court for violation of securities laws. No oil was ever found, and the deeds gathered dust.

But rich uranium discoveries have been made in areas adjoining the "oil land" near Grants and Gallup recently and now the Phillips Petroleum Co. wants to develop the long neglected tracts.

The only catch is it can't find the owners to get leases signed. For four months a Gallup title searching firm has had representatives in southern California, where the oil promotion was handled, trying to track down the holders of the old deeds. Some 1,600 have been found, but more than 3,000 are missing. There is no telling how many destroyed the deeds in the belief they were worthless.

Stella Dysart, 70, of Los Angeles, who originally promoted the oil scheme, has filed suit to recover title to the whole area.

Maybe It Was All A Joke, But It Made A Busy Day

LUBBOCK (AP)—Mrs. Charlie Jester of Lubbock had quite a day yesterday.

At about 1:30 p.m. a service station attendant arrived to charge a battery on the family's 1955 Oldsmobile. They don't have one.

Soon a plumber showed up ready to fix a leaky sink. They have a sink but nothing was wrong.

They came an exterminator to get rid of some ants, followed by a van from a moving firm which had been called to move some furniture. They, too, weren't needed.

The harried wife had just explained it was all a mistake when the phone rang and a ready-mixed concrete employee said the load of concrete she had ordered was on its way.

While explaining she hadn't ordered concrete, the woman's young son opened the door for a repairman who had been called to repair the television set. The repairman was just about to start work when Mrs. Jester stopped him.

About that time a locksmith arrived to unlock the doors of the Oldsmobile. They still didn't have one.

Next, a laundryman arrived to pick up a \$1,000 fur coat to be put in storage.

"If I had a coat worth that much, I'd call an armored car," Mrs. Jester told him.

Capping nearly five hours of bewildering distraction, a florist arrived with a huge box of flowers, supposedly sent by her husband. Mrs. Jester called her husband and—she guessed—he knew nothing about the flowers. They also were returned.

Mrs. Jester said whoever was responsible noticed the family name and thought it would be a good joke.

"It didn't seem very funny to me," Mrs. Jester sighed.

Prince Is Married

BAGHDAD (AP)—Crown Prince Abdul Ilah, 41, heir apparent to his nephew King Faisal II of Iraq, was married today to Huyam, 23, daughter of Sheikh Mohammed Al-Habib, Amir of Iraqia. Following Moslem custom, neither the Prince nor his bride attended the ceremony.

Candidates Trade Hot Accusations

Thursday was the hottest day of the year, and the hottest day of the campaign for governor. J. Evetts Haley called Ralph Yarborough a liar. Yarborough called Haley a "minor candidate."

The ruckus developed suddenly at Hearne's Alfalfa Festival, where five of the six candidates spoke.

Haley, the cowboy historian from Canyon, was telling the 100 or so sweating listeners why he was opposed to re-election of the color line.

Haley declared that only in the South do "people have character, courage and the stamina to stand up and fight" and that the South was the last refuge of freedom.

Yarborough arose to say Americans from the North had died as bravely as others during World War II. Haley claimed Yarborough also said it wasn't true that "Southerners are the only brave fighters and the rest of the American people are cowards."

Haley grabbed the microphone and declared Yarborough's quotation "was a bald faced lie." He called Yarborough a "three time loser," referring to Yarborough's two races for governor and another for attorney general.

"I would have taken no note on this minor candidate except that after his slur on American soldiers, I saw every member of the armed forces who was in the Hearne auditorium get up and leave except for one sergeant."

For a moment it looked like a physical encounter was in the making. After Yarborough's rebuttal, Haley removed his spectacles and appeared to be about to advance on Yarborough. Bryan Russ, Robertson County attorney who was master of ceremonies, placed what looked like a restraining arm on Haley's shoulder. Yarborough stood quietly and Haley was escorted by Russ back to his seat.

Each speaker opposed integration. Lee O'Daniel didn't join the other candidates on the speakers' platform, preferring to speak from

his red firetruck in front of the auditorium. The former governor said the Supreme Court desegregation ruling was "concocted by a bunch of nincompoops" and "left-wing politicians."

J. J. Holmes of Austin proposed legalization of horse racing, and spoke out against integration and interposition.

Reuben Senterfitt of San Saba, declaring he does not believe in governors keeping office too long, said if elected to one term he would not ask reelection.

Bill Daniel, Liberty rancher representing Sen. Price Daniel, said his brother's platform consists of honesty and integrity. "Price wants to come back to Texas because he doesn't like Washington," he said.

Younger, Taller Stewardesses

WASHINGTON (AP)—United Airlines today opened its ranks to younger and taller airplane stewardesses.

United stewardesses in the future may be as tall as 5 feet 8 inches, instead of 5 feet 7, and as young as 20, instead of 21.

United said higher ceilings in modern planes made the first change possible, and that a shortage of stewardesses dictated the second.

Argentina Gives Political Asylum To Rebel Leaders

BUENOS AIRES (AP) — Argentina's provisional government gave dramatic support to the traditions of political asylum and diplomatic immunity last night. It returned much-sought rebel Gen. Raul Tanco and six other fugitives to the Haitian embassy 4 1/2 hours after machinegunners abducted them and delivered them to the army.

President Pedro Aramburu ordered the return of the rebels as soon as he received an angry protest from Haitian Ambassador Jean Briere. Although Tanco had been the object of a nationwide hunt as a top leader of Sunday's Peronist-inspired revolt, Aramburu said he was guilty only of political crimes and therefore entitled to the asylum he had reached.

Briere smiled relievedly today as he told newsmen his seven charges were safely back in their apartment over the embassy garage. In hiding since the 12-hour revolt was squashed Sunday, Tanco eluded a wide dragnet and slipped into the sprawling suburban residence before dawn yesterday.

Earlier the rebel leader had been reported in Uruguay. A

government source said this was a ruse by followers to throw Tanco's trackers off the scent.

Briere thanked the government for its speedy action in returning his wards. Presumably they will be allowed eventually to leave the country, as Juan D. Peron was following his overthrow as president last fall.

Briere said authorities had assured him the 20 men who invaded his home would be caught and punished.

Government sources identified the kidnapers as military men and civilians. Informants said they apparently were anti-Peron extremists from one of the civilian revolutionary groups that helped throw out Peron.

The band did not harm Tanco or the other six. They sped them to a Buenos Aires army base and turned them over to the military.

As soon as he heard of the abduction, Briere stormed back to the Foreign Ministry and protested to Undersecretary Luis Castaniera. Castaniera apologized and put out an urgent call to police and military authorities for the apprehension and return of the refugees.

Connelly, Caudle To Ask New Trial

ST. LOUIS (AP) — Attorneys for Matthew J. Connelly and T. L. Caudle, high officials in the Truman administration convicted of conspiring to help a tax dodger, plan to seek a new trial for their clients July 19, the same date set for sentencing.

The 48-year-old Connelly was White House appointments secretary to former President Truman. Caudle, 32, was head of the Justice Department's tax division. They were convicted by a federal court jury yesterday after it deliberated about nine hours.

Maximum penalty is five years in prison and a \$100,000 fine.

U.S. District Judge Rubey M. Helen set July 19 as the date for sentencing. Defense attorneys said they also plan to file a motion for a judgment of acquittal notwithstanding the jury's verdict.

"No comment, boys," was all the trim Connelly would say to newsmen as he hurried from the verdict. He appeared grim and tight-lipped.

Caudle, also obviously shocked, refused to talk at first but then said:

"I know I am an innocent man, convicted for something I never did. I will face my God, my sweet children and my friends when my time comes. I have no

apologies for anything I have done."

Caudle's wife, in the courtroom when the verdict was read, showed no outward emotion. Caudle was fired in 1951 for outside activities deemed in conflict with his government job.

The jury was made up of eight men and four women from rural eastern Missouri.

Caudle, now a lawyer at Wadesboro, N.C., his hometown, and Connelly, New York public relations man, were convicted of conspiring to defraud the government of their official services by trying to sidetrack criminal prosecution of Irving Sachs, St. Louis shoe manufacturer.

Sachs eventually was indicted by a federal grand jury, pleaded guilty to evading \$128,721 in income taxes and was fined \$40,000. He escaped a prison term on a plea of poor health.

Eastern U.S. Suffers Heat

By The Associated Press

Relief from the summer's first heat wave was moving into the Great Lakes area and the Upper Mississippi River Valley today but the rest of the Eastern half of the country continued to swelter.

Heat records were set in many Eastern areas yesterday. Records for the date included New York's 96.1, Newark, with 99, and Columbus with 92.

Other high readings yesterday included El Paso and Phoenix, 101, San Antonio, 100, Philadelphia 95, Washington 93, Detroit 94, Cleveland 92, Milwaukee 91, Chicago and Minneapolis 89.

West of the Rockies the weather was more comfortable as a cool front moved inland from the Pacific and dropped temperatures from 5 to 20 degrees.

Scattered thundershowers occurred in the Northern Plains States. Twenty-four hour amounts included Park Falls, Wis., 1.24 inch, and Minneapolis, .95. Hartford, S.D., had hail.

Liner Bringing Pigeon Stowaway

MONTREAL (AP) — The Cunard liner Ascania, now steaming toward Montreal, reports she is bringing a stowaway who joined the ship 1,500 miles off of Britain.

A radio report from the ship said the unexpected passenger is a pigeon, found exhausted on the rear deck by a member of the crew Wednesday night.

Officials of the line suggested the bird might have been attracted by another pigeon being brought to Canada by a passenger.

Ornithologists said the stowaway's flight was "unusually long."

Brownwood Man Is Checkers Champ

DALLAS (AP) — H. L. Cravens Jr. of Brownwood won his fourth straight Checkers Assn. championship yesterday. He defeated Harry Orton of Bellevue in Clay County, a former state champ.

Rupert Boeselt of Lott was fourth.

A large Texas contingent will vie for national checker honors Aug. 13 in Galveston.

Firm Suspended

AUSTIN (AP) — The Insurance Commission has accepted the voluntary offer of Canal Insurance Co. of Greenville, S. C., to be suspended from seeking new business in Texas for one year.

Most People File Homestead Claims

Few homeowners in Howard County will be penalized in their tax bills for having failed to claim homestead tax exemption privileges, according to Mrs. Viola Robinson, county tax collector-assessor.

This is largely due to the practice adopted this year by Mrs. Robinson's office of sending assessment sheets by mail to property owners. All the owner had to do was read the sheet, attach his signature and mail it to the assessor's office.

Of the thousands of such assessment notices sent out, Mrs. Robinson said a vast majority returned the papers promptly to her office. This insured the homestead exemption credit for the taxpayer and at the same time speeded up the work of completing the tax rolls in Mrs. Robinson's office.

A few failed to return the notices. Where these could be contacted they have been permitted to reserve their homestead exemption rights.

There will be a few of course who will be penalized. This will

mean they will have to pay the levy for the state ad valorem taxes this year. The amount, of course, would be determined by the total assessed valuation of their property.

At the present time, the County Commissioners Court, acting as a tax equalization board, is going over the tax rolls for the county with Mrs. Robinson. Where there is an increase in assessed valuation above what the figure was last year, the court inquires into the reason. Such raises are approved or disapproved as the board sees fit. The board also has the power to increase other levies which it may feel are too low.

Hearings before the board for property owners whose property assessments have been increased will be held within the next two weeks. Notices will be mailed to all such taxpayers well ahead of the scheduled hearings.

Taxpayers who so desire will have the opportunity to register objections to the increases and if they can offer convincing reasons, adjustments may be made.

Happy Father's Day

TV commentator Bill Leonard and his son will wear the latest thing in father-and-son outfits—striped cotton blazer shirts inspired by the French and Italian Riviera, with smart wide collars.

Tale Of Shirts More Colorful This Year

By DOROTHY ROE
This is the year when the whole family can go to town on sport shirts for Dad.
Never before has there been such a wide variety of colors, fabrics and styles from which to choose; and never before have designers spent so much time, thought and travel on sport shirt styling.
The trend this year is strictly international. You'll find both Oriental and continental influences in the current shirt lineup, as well as patterns and colors inspired by the South Seas, the Caribbean islands, India and Hawaii.
With the lazy days of summer just ahead, what better Father's Day gift could a thoughtful family provide than a colorful wardrobe of smart, cool leisure shirts to encourage Dad to relax and enjoy life?
Once he has tried the new styles, it's a pretty safe bet that he will enjoy wearing them and will secretly admire the dashing look they give him.
He'll realize that the new Italian styling emphasizing width of shoulder and open collar makes him look more broad-shouldered and athletic.
He'll appreciate the smooth feel of the fine Egyptian cottons, the featherweight wool blends and the new miracle fibers used in the fabrics, even though he may not understand all their finer points of spot- and wrinkle-resistance and easy washability.
If Junior wants to make Dad proud as a peacock, he can do it by saving his pennies to buy matching sport shirts for himself and Dad.
This kind of gift carries with it an implicit compliment, indicating a boy's desire to look like his father—and nothing could be guaranteed better to make any Dad throw out his chest and glow with pride.

Members Of Club Name Committee

Mrs. Frank Wilson, president of the Planters Garden Club, appointed committee members at the meeting Wednesday afternoon in her home.
Mrs. John B. Knox brought the program on flower arrangement. This club will take flowers to the State Hospital in July and August. Mrs. J. W. Dickens gave the council report.
Committee members are yearbook, Mrs. Warren Sparks; Mrs. J. W. Dickens; telephone, Mrs. R. O. Carothers; Mrs. W. A. Underwood; pilgrimage, Mrs. Ennis Cochran; Mrs. Gilbert Webb; flower show, Mrs. J. W. Dickens; Mrs. R. P. Nicholson; finance and budget, Mrs. S. P. Jones; Mrs. U. E. Dickens; historian, Mrs. Ashley; scrapbook, Mrs. Cochran; Mrs. Wilson; therapy, Mrs. Underwood; Mrs. Jones; plant and seeds, Mrs. R. L. Reeves; horticulture, Mrs. Sonny Rose; assistant reporter, Mrs. Nicholson.
Ten members and three guests, Mrs. R. A. Collier, Mrs. Gordon Marchant and Mrs. Jack Armstrong, attended.
The July meeting will be held at the home of Mrs. C. R. McClenny.

84 Enroll At Knott

KNOTT—Enrollment at the vacation Bible school at the First Baptist Church totals 84.
Workers are Mrs. Porter Motley, superintendent, Mrs. T. M. Robinson, Mrs. H. R. Caffey, Mrs. L. C. Matthews, Mrs. Bobby Roman, Mrs. Grady Walker, Mrs. O. K. Fortune, Mrs. Larry Shaw, Mrs. J. E. Peugh, Mrs. Edward Burchill, Mrs. Lois Ray, Mrs. Johnny Shortes, pianist, and Mrs. Fred Parker, refreshments.
Guests of Mr. and Mrs. Edgar Airhart Wednesday afternoon were Mrs. Airhart's sister, Mrs. E. V. Ellis and daughter Peggy Joe V. Peos and Mrs. Quincy Parker. Mrs. Airhart's niece, and children Becky and Quincy Jr. from South Dakota.

Mrs. Cannon Gives Devotion For Class

Mrs. Minnie Cannon gave the devotion for members of the Park Methodist Ruth Sunday School Class Thursday evening. The class met in the home of Mrs. L. W. Barker.
"Sharing Our Religion" was the topic of Mrs. Cannon's talk. Mrs. J. W. Brigrance gave the closing prayer. Games were played, and birthday gifts were presented to Mrs. Brigrance. Refreshments were served to 10.

Dallas Guest Feted At Coffee In Lamesa

LAMESA—Mrs. Jack M. Sharp of Dallas, was honored with a coffee recently by her sister Mrs. Hugh Phillips. The serving-table was laid with a white linen cloth and centered with an arrangement of shasta daisies. A silver-service was used. Forty friends called.
Members of the houseparty who assisted with the coffee were Mrs. Tom Brannon, Mrs. Oatus Roberts and Mrs. Dudley Boldin.

Plans Made To Place Memorial Flowers

Flowers will be placed on the county war memorial on the court house square each Memorial and Armistice day according to plans made Thursday by the Gold Star Mothers.
The group met in the home of Mrs. F. H. Talbot and went in a body to the Flag Day ceremonies Thursday evening.
Nine members were present. The July 19 meeting will be held in the home of Mrs. C. B. South.

Gleaners Class Has Ice Cream Social

Members of the Gleaners Class of the East Fourth Street Baptist Church were entertained with an ice cream supper at the home of Mrs. L. R. Helms Thursday evening.
Preceding the social Mrs. Ruth Davidson opened the business meeting with a prayer. Mrs. Elgin Jones brought a devotion on "Faith" and closed with prayer. Mrs. Davidson offered the dismissal prayer.
Eight members attended.

Hart Chapter Of OES Installs Officers

Officers of the Laura B. Hart Chapter No. 1019 Order of Eastern Star were installed in ceremonies held Thursday evening at the Big Spring Masonic Hall.

Mrs. A. E. Fiveash and J. C. Douglass Jr. took the offices of worthy matron and worthy patron. Others installed were Mrs. John Puckett, associate matron; Dr. T. C. Tinkham, associate patron; Mrs. O. G. Hughes, secretary; Mrs. W. R. Smelser, treasurer; Mrs. O. N. Green, conductress; Mrs. J. E. Felts, associate conductress; Mrs. Ollie McDaniel, chaplain; Mrs. Pearl Gage, marshal; Mrs. M. K. Moelling, organist; Mrs. George Bass, Adah; Mrs. John Morris, Ruth; Mrs. Allen Christian, Esther; Mrs. Joe S. Tackness, Martha; Mrs. O. G. Burns, Electa; Mrs. M. E. Burnett, warder; and J. C. Pye, sentinel.
"Let Your Light Shine" is the theme selected for the year by Mrs. Fiveash. Her colors, yellow and brown, were used in decorating the hall for the services. The emblem is the sun; to set the theme a large paper mache sun was hung in the east and was surrounded at the base by yellow daisies, the worthy matron's chosen flower.
The Bible was presented by mothers of the worthy matron and worthy patron, Mrs. D. J. Moel-

Indoor Sports Club Has Observance Of Flag Day

Flag Day was observed by members of the Indoor Sports Club Thursday evening at their meeting in the Girl Scout Little House.
Chief R. E. LaFon of the Navy Recruiting Office spoke to the group and showed movies taken during the Korean War.
A report was given on the annual convention of Indoor and Good Sports, District 8, held last weekend in Berger. Courtney Davies was the delegate from the local club.
Others attending were Claudia and Bonnie Arrick, Mr. and Mrs. James Horton, Dollie Ward and Madeline Jones. Horton was selected as treasurer for the district, with Claudia Arrick elected second vice president. Horton was also made national director.
The next district meeting will be held in Dallas June, 1957. The next board meeting was announced.

Warm Bath Good Way To Relax

AP Newsfeature
If you're not up to sulphur and massages, try relaxation to help foil summertime's low ebb.
The daily bath is one of the most soothing treatments at hand for frayed nerves. Business girls will find it the perfect set-up before an evening date. Housewives may include while Junior and Sis are at school or napping.
If the housewife doesn't want to spare the time for this interlude in the busy day, she can justify it by doing a few chores while she bathes.
The daily meals for the week may be planned in the tub, market lists may be organized and company menus planned.
Before climbing in to your nice lather of suds scented with bath oil—if you have it, organize the things you'll need for your relaxing session.
Suction-cup a foam rubber bath pillow to the tub so it will fit under your head and shoulders. A real luxury but fun if you can afford it. Use a bath tray if you have one to hold such things as soap and pencil, morning paper, magazine, novel. Most women enjoy including an above-the-shoulder beauty treatment 'too, so be sure neck and face cream and pins for your hair are at hand.
A better plan however, is to apply all the goo to neck and face before you step into the tub. Hair could be pincurled and wrapped tightly with a bandanna. In the tub then concentrate on sluffing off grime. Rub the bathbrush with soap and whip up a good lather of suds over legs, arms and feet.
It's a good idea to keep the bathtub in mind whenever you feel jittery, over-worked, harassed or ill-tempered. A dip in a tepid tub has a calming effect that is almost instantaneous.

Work To Be Done On Lees HD Club House

Plans were made to make further improvements to their club house when members of the Lees Home Demonstration Club met at the club house Thursday afternoon.
The meeting opened with the members pledging allegiance to the flag; a Bob Board president.
The program was given by Cora Overton and Sue White, 4-H girls, who demonstrated a combination salad and one minute dressing, and also an uncooked orange jelly and strawberry preserves.
Mrs. J. C. Pye was hostess for the afternoon and served refreshments to nine members and the two guests.
Attending were Don Close, Marjeta, Ohio; Lewis Moss, Dee Roby Gartman, Butch Owens, Gary Echols, Jimmy Graham, Jimmy Bowerman, Gram Barnett, Frank Neil, Richard Bethell, Jerry Bethell and Mr. and Mrs. D. A. Luce.

City Park Scene Of Birthday Party

Wayne Roberts was entertained by his mother, Mrs. M. O. Roberts, on his eleventh birthday Thursday with a swimming party at the City Park. Bottled drinks were served at the party.
Attending were Don Close, Marjeta, Ohio; Lewis Moss, Dee Roby Gartman, Butch Owens, Gary Echols, Jimmy Graham, Jimmy Bowerman, Gram Barnett, Frank Neil, Richard Bethell, Jerry Bethell and Mr. and Mrs. D. A. Luce.

Watch Those Sauces

Watch your textures when you are planning a meal. Never serve a creamed meat or fish dish with a creamed vegetable. Don't serve a vegetable with a sauce when pot roast with gravy is the main course.

Television Snack

Try this for a television snack when company's viewing. Rub a bowl with a cut clove of garlic, then mash an avocado in the bowl. Mix in a little finely chopped onion, mayonnaise and salt. You may also cut up a fresh tomato that has been skinned and seeded. Serve potato chips and let guests dip them into the avocado mixture.

MRS. ROYCE VAN PRUIT

Garden City Pair Marry

GARDEN CITY—Beverly Ray Cox and Royce Van Pruit were married in Lovington, N.M. on June 8.
Mrs. Pruit is the daughter of Mr. and Mrs. D. C. Cox of Garden City, and Pruit is the son of Mr. and Mrs. C. A. Pruit of Penwell.
Wayne Mickey of the Lovington Church of Christ read the informal, single ring ceremony.
Given in marriage by her father, the bride wore a white linen princess style sheath with white accessories.
The bride and groom are both graduates of Garden City High School. They will make their home in Odessa.

Farm Bureau Queen Contest Rules Told

LAMESA—Entries are now being taken for the Farm Bureau Queen contest, which will be held July 26 at the High School Gym, according to Gerri Barrett, Farm Bureau secretary.
The girl must be between the ages of 16 and 22. Her parents must be actively engaged in farming and a member of the Farm Bureau. She will be judged on poise and personality as well as beauty. Girls wishing to enter should contact the Farm Bureau office.

Baptists Meet For Supper Thursday

Members of the Adult One Training Union of First Baptist Church were entertained Thursday evening with a buffet supper in the yard of Mr. and Mrs. Raymond Moore.
Following the supper, relay games were played under the direction of Mrs. Bob Sage. Forty-one attended the affair, including the guests, Mr. and Mrs. Willard Hendrick, Mr. and Mrs. Zack Gray and Mr. and Mrs. Forrest Gambill.

XYZ Club Plans For Party At Meeting

Members of the XYZ Club met July 12 for their social meeting when they met at the Wagon Wheel Thursday evening for their dinner affair.
Hostesses for the evening were Mrs. W. B. Younger and Mrs. C. O. Nalley.
The July social will include members of the ABC Club and will be held in the home of Mr. and Mrs. J. G. Lewis, 1601 Sycamore.
Guests were Mrs. C. L. Carr, Mrs. Roy Phillips and Mrs. Roy Cornelison.
Thirteen members attended.

Son Is Born

Mr. and Mrs. Cecil H. Drake announce the birth of a son, Ricky Robin, who was born Thursday morning at 7:30 a.m. His weight was 7 pounds, 13 1/2 ounces at birth.
Maternal grandparents are Mr. and Mrs. C. R. Moad and paternal grandparents are Mr. and Mrs. H. D. Drake.

Epsilon Sigma Alpha Committees Named

New committees were announced for the coming year at a meeting of the Epsilon Sigma Alpha Sorority Thursday evening at the home of Mrs. John Nobles. Mrs. Glen Addy was cohostess.

Mrs. Robert Hill, incoming president, has appointed Bo Bowen chairman of the yearbook committee. Assisting her will be Mrs. Bill Estes, Barbara Ann Eye and Mrs. Hill.
Chairman of the welfare committee is Mrs. Denia Baker, with other members, Frances Bartlett, Mrs. Carl Wilkinson and Miss Eye. The social committee was composed of Mrs. Nobles, Mrs. Joe Williamson, Mrs. Frank Sabbato and Miss Bowen.
Mrs. Dan Crockett heads the contact committee; with her will be Mrs. Dean Forrest, Mrs. Addy and Mrs. Hill. The ways and means committee will have Kay Ming as chairman, with Mrs. Fred Stitzell.

Altrusans Plan To Attend Midland Tea

At a luncheon meeting of the Altrusa Club Thursday at the Settles Hotel, members made plans to attend a tea in Midland June 23.
The event will honor Anita Christlieb of Mexico City, governor of district nine of Altrusa International. Scheduled for the home of Nina Krebit, 2705 W. Illinois, the tea will begin at 3 and last until 5 p.m.
A dinner is set for 7:30 p.m. that evening at the Scharbauer Hotel. Reservations should be made with Mrs. Loyd Wooten as early as possible.
Planning to attend the tea and dinner are Mrs. Lorin McDowell, Mrs. M. T. Kuykendall, Mrs. Houston Cowden, Mrs. J. B. Apple, Mrs. Willard Sullivan and Mrs. Ruby Billings. Others are to be announced at a later date.
A request was read from the San Antonio Altrusa Club asking the local group to support their candidate for second vice president.
Mrs. Kuykendall reported on the progress of improvements on the Northside Park. The city has promised to install water pipes if the club will erect a partition at one end of the building. The club voted to have this work done.
Reports were given from the various chairmen as to work accomplished and programs presented. The women were told of a conven-

Bridge Club Meets With Mrs. Ratliff

GARDEN CITY—Mrs. Arlis Ratliff entertained the Afternoon Bridge Club Wednesday in her home.
Mrs. Glen Riley won high score and Mrs. Buster Cox won guest high. Clyde Reynolds won the traveling prize; Mrs. Ray Hightower won a prize for making a slam and Mrs. Dick Mitchell won low. Bingo prizes were awarded to Mrs. Ila Keathley and Mrs. Joy Wilkerson.
Guests were Mrs. Keathley and Mrs. Cox.

Continue Inquiry Into TV Networks

WASHINGTON (AP)—Senate investigators turned their attention today to the smallest major television network — the American Broadcasting Co., in an over-all study of the TV industry.
 A commerce committee lawyer said the senators want to find out from ABC President Robert Kintner how his network fares against its competitors.
 The committee already has heard from Frank Stanton, president of Columbia Broadcasting System, and Robert W. Sarnoff, president of the National Broadcasting Co.
 Both insisted that any attempt at government regulation over networks, as advocated by Sen.

Jane Froman Gets Divorce From Man Who Saved Life

LAS VEGAS, Nev. (AP)—Jane Froman's marriage to the airline pilot who saved her life 12 years ago has ended in divorce.
 The singing star was awarded an uncontested decree from John Curtis Burn on her testimony yesterday that he left her more than a year ago and never returned. They had been married eight years.
 It was Burn who pulled the seriously injured singer from a Portuguese River after the airliner carrying her and other entertainers on a war-time USO tour crashed. Burn suffered a broken back in the accident.

This Is Safety?

SAN MATEO, Calif. (AP)—Bobby Bazell, 10, captain of the safety patrol at Shoreview Elementary School, yesterday accepted a school's safety award for the year with some chagrin.
 Bobby broke his arm Wednesday while playing baseball.

Uncle Ray:
 Lake Of Fire Offers Brilliant Spectacle

By RAMON COFFMAN
 Hawaii has been described as "the greatest volcanic island in the world." It contains two famous peaks which I mentioned earlier this week — Mauna Loa and Mauna Kea — also the mighty crater of Kilauea.
 Q. Are those volcanoes active?
 A. Mauna Kea is classed as extinct, but it erupted many times in past ages! It built up a cone which is 148 feet higher than Mauna Loa.
 Kilauea broke out with eruptions two years ago, after having been quiet for 33 years.
 Mauna Loa has an important eruption once in about seven years. Rivers of lava flow from openings in this mighty volcano, and make their way down toward the sea. Sometimes a lava stream from this volcano is several thousand feet wide and flows for a distance of 35 or 40 miles. Thirty years ago, lava reached and buried the village of Hoopuloa on the coast. Happily the residents of the village had plenty of time to escape with their lives.
 Q. Is Kilauea a part of Mauna Loa?
 A. It is a crater on the slope of the volcanic mountain known as Mauna Loa. Kilauea has a diameter of three miles.
 Q. What about the Lake of Fire?

A view of the Lake of Fire.

A. The mass of lava which rises in the mighty crater of Kilauea is called the Lake of Fire and is a sight to remember. It is most beautiful and amazing when seen after sunset. The molten lava glows with special brilliancy at night.
 Q. What causes the eruption of a volcano?
 A. Extreme heat deep in the earth causes gas pressures. When the pressures are strong enough, they lift lava and ashes up through openings commonly called craters. Sometimes the gases include oxygen and hydrogen from water.

Commies Have Over 8 Million Men In Arms

PHILADELPHIA (AP)—The Communists have more than eight million men under arms, including 2½ million in China, Secretary of the Army Wilber Brucker said yesterday. He said most of them are ground troops.
 Brucker told a Flag Day celebration at Independence Hall that the ground troops are organized into 405 "well-trained divisions ready for immediate action."
 He said the Communist force and "... a diabolical ideology of hate, atheism and intellectual perversion" are two important Communist weapons.
 Half the United States Army is deployed overseas and "our troops abroad constitute visible evidence to the leaders of the Communist world that we mean exactly what we say—that we steadfastly intend to resist aggression in any form," Brucker said.
 Present U.S. Army strength is about 1,054,000.

No Formula To Integrate The Military, Wilson Says

MAXWELL AIR FORCE BASE, Ala. (AP)—Secretary of Defense Wilson said today merger of the Army, Navy and Air Force into a single service would not end interservice differences.
 "It would only force differences of opinion to appear in other forms and could not in itself remove the cause for such differences of opinion," he said in an address prepared for the Air War College here.
 He made that comment after saying "there are those who seek a magic formula to remove all differences of opinion and who advocate such things as 'complete unification,' placing everyone in the same uniform, a single chief of staff, or similar ideas."
 Wilson referred indirectly to recent reports of hickoring between Army and Air Force staff officers in Washington, as part of which some newspapers received Army staff reports critical of claims of Air Force superiority. The reports emphasized the continuing importance of ground forces.
 Wilson conceded there are "honest differences of opinion about the best ways of doing things in Wash-

Hit The Target With Your Advertising

TO THE RIGHT PROSPECTS

The Herald's circulation is concentrated in the Big Spring area—where potential customers are. And it's concentrated coverage in this area; no "widely scattered shots." Daily delivery to Big Spring, Howard, Martin, Mitchell, Dawson, Glasscock and Borden Counties. The natural Big Spring market is covered by The Herald.

TO A GUARANTEED NUMBER

The Herald's circulation is certified by the Audit Bureau of Circulations, a national concern that backs its findings. There's no guesswork. And the ABC's report shows that for the six months period ending last March 31, The Herald had a daily circulation of 10,125 net paid circulation. The Herald goes into more than 10,000 homes every day. It's no claim; it's a fact.

WITH A MESSAGE THAT STAYS

The Herald is the welcomed companion in all these homes, as a daily companion bringing the complete news—a well-rounded report covering all items of interest in West Texas. And its advertising messages are there to stay. They're not gone in a flash; they're not lost in a minute. They can be read, can be checked again, can be used for reference. They carry a message that stays.

Is this you again this Summer?

Never again if you own...

Siege Heroine Weds

The "Angel of Dien Bien Phu," the former Genevieve de Gaulle Terraine, and her husband, French paratrooper officer Capt. Jean de Houme de Beutoseq, leave a Paris, France, church under an arch of swords after their wedding. The bride, only woman captured in the Indochina fortress Dien Bien Phu when it fell to the Communist-led Vietminh two years ago, met her husband in Hanot. (AP Wirephoto via radio from Paris).

Midland Protests Water-Need Story

Midland officials indignantly protested reports Thursday which had painted it as a "water-starved West Texas city." They, and Delbert Downing, Midland Chamber of Commerce manager, attacked a report in the San Angelo Standard-Times... The report that Midland had requested information from the UCRA on possibilities of securing water from the Colorado...

Navy Moves In On Smugglers

MANILA (AP)—All U.S. Navy commanders in the Philippines were ordered today to make a "drastic overhaul" of measures to prevent smuggling by American Navy personnel. Rear Adm. Wendell G. Switzer, commander of U.S. Naval Forces in the Philippines, issued the order after Philippine police said a suitcase of assorted jewelry had been smuggled into Manila aboard a U.S. Navy plane from Hong Kong...

Lamesa Guardsman Bitten By Spider

LAMESA—Sgt. Paul Crow of the National Guard now on duty at Fort Hood was bitten Monday by a black widow spider and is confined to the base hospital at Hood. He is "quite ill, but improving." His wife and mother left Lamesa Thursday to visit him. Crow is assistant manager of Radio Station KPET, and is a supply sergeant with the Guard. The unit is to return to Lamesa this weekend.

Nation Must Realize Dangers Of Communism, Young Warns

Americans have a habit of looking into the past and backing into the future, Col. Charles Young, commander of Webb Air Force Base, warned a Big Spring audience Thursday night. The enemies of this nation and its institutions have their back to the past and their eyes to the future, he said. Young was principal speaker at the annual Flag Day ceremonies sponsored by the Elks. The exercises were Thursday evening at the Big Spring High School stadium. Big Spring, Midland and Odessa Elks sponsor the June 14 program in tribute to Flag Day as a joint enterprise. Its locale shifts from town to town as the years pass and the 1956 edition was in Big Spring. Representatives of the Odessa and Midland Lodges were present to assist Big Spring Elks in the presentation.

East Colorado Severely Hurt By Drought

DENVER (AP)—Drought is sapping and threatening collapse for the financial structure of eastern Colorado built on livestock and agriculture. Anxiety is expressed by state and federal officials over increasing liquidations of basic herds by cattlemen unable to hang on any longer.

Civil Rights, School Bills Advance After Hot Debate

WASHINGTON (AP)—A split in the long-dominant Republican-Southern Democratic coalition on the House Rules Committee seemed to assure today early House votes on civil rights and federal school aid bills. The committee, which normally controls the flow of legislation to the House floor, had sidetracked bills dealing with both subjects. But opponents of the measures were "run over" in the words of Chairman Howard W. Smith (D-Va.) at a name-calling session yesterday.

National Guard Reserve Set Up

AUSTIN (AP)—Inactive reservists have a limited career in the newly reorganized Texas State Guard Reserve Corps, Maj. Gen. K. L. Berry, adjutant general, said yesterday. The reorganization yesterday sets the corps on a cadre basis with three types of officers. Unless transferred to the cadre reserve or ready reserve, inactive reservists will be discharged after three years, he said.

Merger Planned

PITTSBURGH (AP)—The Pittsburgh Post-Gazette said yesterday negotiations are on for a merger of the Oliver Iron and Steel Corp. and a Pittsburgh firm which has a plant in Longview, Tex. The parent firm is Pittsburgh Screw and Bolt Corp., which has other plants at Monaca, Pa., and Gary, Ind.

Thousands Stranded In N. Y. By Rush-Hour Subway Strike

NEW YORK (AP) — New York City's vast subway network was reported operating normally today after yesterday's paralyzing nine-hour strike that hit with full force during the evening rush hour.

Hundreds of thousands, heading home from offices and factories, were stranded by the first city-wide subway strike in New York history.

The strike hit the world's largest passenger-carrying railroad with startling suddenness on a day of record heat—96.1 in the shade. It began as a wildcat strike of three motormen on the BMT line,

gradually spread to all three subway lines, and built to a crescendo of confusion and congestion during the rush to get home.

When the end of the walkout came, it took several hours to restore the system to full operation. City officials threatened punitive action against the strikers, members of a new union, but steered away from enforcing the Condon-Wadlin Act, an anti-strike law requiring automatic dismissal of striking public employees.

On a normal day, about 4 1/2 million people ride over the city's 228 miles of subway and elevated track, some 800,000 of them during the morning and evening rush hours.

Although the crush of humanity caught underground, waiting for trains that never came, sometimes retreated to disperse passengers on the tracks, the strike ended without death, injury or panic.

Many night workers, including hospital employees, were unable to get to their jobs.

Overground lines, congestion was equally intense. Buses, taxis and private cars attempted to take up the transportation slack. They succeeded in producing traffic jams that approached a policeman's nightmare — that vision of cars, buses and trucks hopelessly entwined from the northern border of New Jersey to the southern tip of Connecticut.

T&P PROMOTION

Finegan Steps Up To Vice Presidency

DALLAS — James J. Finegan, currently assistant to president of the Texas and Pacific Railway Company at Dallas, will step up to the office of vice president on August 1. He will succeed executive vice president, Marshall D. Cloyd, who will retire Sept. 1, it was announced today by T&P President W. G. Vollmer.

Vollmer also announced the election of Russell L. Dearnont, vice president and general counsel of the Missouri-Pacific Railroad Co., to membership on the T&P board of directors. Dearnont succeeds Donald H. Carter, president of Southwestern States Corporation, who resigned to become a member of the New York Central board. He had been on the T&P board since 1942.

The Texas and Pacific board also elected Estel Vance, president of the Fort Worth National Bank and T&P board member for the past four years, to its executive committee.

Finegan, the only native New Yorker among T&P officers, started his railroad career as a clerk in the Texas and Pacific's New York City office in 1920. He rose to the post of secretary to the company's board chairman before transferring to Cleveland, Ohio, in 1930 when the New York offices were moved. Promoted to assistant secretary-treasurer in 1938, Finegan was appointed secretary the following year and moved then to Dallas when the Cleveland offices were transferred.

JAS. J. FINEGAN

Since 1939, Finegan's headquarters have been at Dallas and in 1945 he was named assistant to the executive vice president. In 1948 he was appointed assistant to president which title he has held up to the present.

Cloyd, a native of Nashville, Tenn., is retiring after a long and successful railroad career. He first worked for the Texas and Pacific in engineering, accounting and valuation service. In 1918 he was named corporate treasurer and was made assistant to the president in 1924. Cloyd was elected vice president in 1938 and was elected executive vice president in 1945.

CTC Hears Safety Conference Report

At a meeting of the Citizens' Traffic Commission Thursday evening in the county courtroom, Mrs. Olie Bristow gave a report of the president's committee on Traffic Safety.

The committee met recently in Miami, Fla. Mrs. Bristow gave a resume of the meetings held by the women of the group. She told of the driver re-education campaign in Virginia, sponsored by the Home Demonstration Clubs of that state.

"courtesy packs" may be secured for conventions held here. This includes a sticker for the car windshield of visitors at a convention, and will eliminate the necessity of feeding the meters.

A film, "Death On The Highway," was shown by Arnon Jones. A discussion was held as to how to increase interest and membership in the commission.

Sinclair Agrees On Labor Contract

KANSAS CITY (AP) — A spokesman for about 10,000 union employees of the Sinclair Oil Corp. said early today union and company negotiators had agreed on a new contract.

This came almost two hours after the deadline for a strike.

Offshore Activity Comes To A Halt

MORGAN CITY, La. (AP) — The Supreme Court order halting new drilling in disputed offshore lands brought a shut-down for some 300 members of a geophysical crew engaged in offshore oil exploration yesterday.

The work stoppages were the first to follow the ruling Monday. Some 86 drilling rigs also are working in offshore waters with an average of 70 men in each crew.

Saturday Last Day For Camp Enrollment

Saturday at noon is the deadline for boys to sign up for the day camp to be held at the City Park June 18 through the 27th.

A staff training meeting was held Thursday at which time the camp councilors looked over the camping area. Boys will meet at the camp each morning at 8 a. m. and transportation will be provided to the park. The camp will end at 5 p. m. each day.

Judy In Las Vegas

HOLLYWOOD, June 15 (AP) — Singer Judy Garland will open a four-week engagement at Las Vegas, Nev., hotel July 16, her first night club appearance in her long career in show business. The salary was not disclosed.

'Talent Time' Set For Teen Party

"Talent Time" is the feature of the teen-age party to be held at the Y from 8 to 11 tonight.

Dancing and games will be free to all teen-agers in Big Spring. A snack bar will be open at 9:30 p. m. under the direction of Clyde McMahon.

Chaperones for the party will be Mr. and Mrs. Lee Porter, Mr. and Mrs. Tom McAdams, Mr. and Mrs. C. W. Grigsby, Mr. and Mrs. Ray McMahan, and Jimmy Ray Smith of the summer recreation staff.

Dr. Cauley Is Installed As President Of Lions Club

Dr. Marshall Cauley was installed as president of the Lions Club in ceremonies climaxed a picnic for the Downtown Lions Club members and their families.

The affair was held Thursday evening at Scenic Pavilion and was attended by approximately 100 people.

Joe Pond, past district governor, conducted the installation of Dr. Cauley and other new officers who will take over on July 1. Larson Lloyd received his past president's pin from Gil Jones, immediate past president.

VA Official Visits

George Walker, the area VA representative for physical medicine and rehabilitation, St. Louis, was at the Big Spring Veterans Hospital Monday and Tuesday. Walker was here to make a routine visit with the staff of the local hospital.

VA Official Visits

George Walker, the area VA representative for physical medicine and rehabilitation, St. Louis, was at the Big Spring Veterans Hospital Monday and Tuesday. Walker was here to make a routine visit with the staff of the local hospital.

Farmers Union Chapter To Get Charter July 10

Charter for the Howard County Farmers Union chapter will be presented at a meeting of the group July 10, A. H. Tate, president, announced today.

Emory Jacobs of Denver, Colo., assistant to the national president of Farmers Union, will present the charter and address the membership. The meeting will be held in the Fairview Baptist Church, starting at 8:30 p. m.

About 30 persons attended a meeting of the chapter at Knott last night. A tabulation of members showed the organization now has approximately 100, enough to qualify for the charter.

Speakers last night were Willard Burk of Roby and Bill Jordan of Snyder, leaders of the Farmers Union chapters in Fisher and Scurry counties.

The chapter named A. J. Pirkle as its insurance agent. Pirkle will handle all kinds of Farmers Union insurance, including liability, life, hospitalization, fire, hail, etc.

Cadets Due At Webb Sunday

Preparations were complete at Webb AFB Friday for the arrival of 200 ROTC cadets on Sunday.

The young men, from 29 colleges across the nation, will begin a month of intensive training at Webb. This will include briefing on functions of all units on the base, elements of operational procedures, rigorous physical routines and some flying.

Col. John Weber, pilot training group commander, has relinquished his regular assignment to direct the training operation for this group, and one of similar size to follow late in July.

Communications School Slated

A communications school will be conducted for city employees two and a half days this week.

The school will be held on Monday and Tuesday evenings, with S. L. Williams, chief radio operator at Abilene, directing.

In addition to the police department, attending will be members of the water, street, and park departments, and also the driver of the pound truck. Radios are being allotted to these departments.

Police Chief C. L. Rogers said he is planning to send invitations to Lamesa, Stanton, Colorado City, Garden City, and Sterling City police officials.

Another Accident Occurs On Fourth

Big Spring counted another accident on Fourth Street Thursday.

John Marvin Cooper, 2306 W. 15th, and Douglas Iverson, Wagon Wheel Courts, were in collision at Fourth and Johnson. Cooper had a 1935 Chevrolet, and Iverson was in a 1932 Buick.

Early today, a minor accident was reported at Second and Johnson. Donald Harold Anderson, Wagon Wheel Courts, driving a 1933 Chevrolet, was in an accident with a vehicle registered to D. A. Dodson. It was a 1935 Ford pickup.

Purchase Approved

HOUSTON (AP) — A proposed purchase of all assets of Mikton Oil Co. was approved yesterday by stockholders of El Paso Oil Co. Stock totaling \$91,472,500 would be paid for the Mikton Company.

MARKETS

WALL STREET — The stock market was mixed early today. Trading was quiet. Prices were up 1 to 2 points at the close. Losses were fractional.

Major divisions looked like this: Steels mixed to lower, motors steady, chemicals higher, non-ferrous metals mixed, unchanged, rubbers mixed, oils unchanged.

Down Chemical was unchanged at 6 3/4. Eastman was up 1/4. American Cyanamid and Union Carbide were up around a point on plans for expansion.

Packaging Oil started up 1/4. 3300 shares off 1/4 at 15 1/4. It was up 2 points yesterday as the day's second most active stock. Directors announced plans to merge into American Petroleum.

GRIN AND BEAR IT

"By George!... Evidence of a very high ancient civilization!... A skull this size indicates a people with heads enlarged by a lot of schemes for making a living!"

Adams Take Place On HCJC Board

Paul Adams was sworn in as a member of the Howard County Junior College board of trustees at the regular meeting of the trustees Thursday evening.

Adams, member of a well-known Howard County family and actively engaged in farming in northern Howard County for many years, succeeds Edgar Phillips, resigned.

Board members also elected Fred Short, who has been heading the Austin College speech department, to be a member of the faculty at a rate of \$4,900 per annum. Dr. W. A. Hunt said that Short, who holds both this BA and MA degrees from West Texas State College, had taken the senior college post while the head of the department was on leave of absence. In addition to his work for the degrees in speech, Short also has done 30 hours of graduate work at the University of Texas.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Clemmie Chaffin, 2108 Main; J. C. Woods, Midland; L. T. Hargrove, 1106 E. 12th; Goldie Luck, Fortson; Nora Clyde Reeves, 402 1/2 Mesquite; E. I. Wade, 1400 Scurry; Blas Alvarez, Odessa.

Dismissals — Marjorie Whiteside, Hico; Frank Morgan, 1104 E. 14th; Fern Taylor, 306 Dixie; Donna Kay Swindell, 2000 Dooley; Tommy Fletcher, 1402 Runnels; Joyce Adams, 512 Aylford.

Masonic Lodge Names Officers

E. C. Arnold was elected worshipful master of AF&AM Lodge No. 598 at its meeting last night. He will succeed C. R. McClemy in the post.

Installation of Arnold and other new officers is scheduled for June 28.

Elected with Arnold were J. H. Stewart, senior warden; J. D. Thompson, junior warden; T. S. Currie Jr., treasurer; Ervin Daniels, secretary; and Ezra Dyess, teller.

Arthur Field Well Completes With Flow Of 686 Bbls. Of Oil

An Arthur field project finished for 686 barrels of 37 gravity oil through a 14-64-inch choke from the Spraberry on a daily potential.

The location, Continental No. 1-33 Good, seven miles north of Vealmoor, had been treated with 500 gallons of acid before the 24-hour test. There was no water with the flow. Gas-oil ratio was 44-1.

Operators plugged back to 7,563 feet from 7,600 feet, and commercial pay is reached at 7,504 feet.

In the Big Spring field of Howard County, operators are still testing the Phillips No. 1-B Johnnie in the Reef. It swabbed 12 hours in perforations from 8,534-44 feet and recovered three-fourths barrel each of oil and acid water.

Dawson

Humble No. 1 Koger, a wildcat four miles southwest of Sparenburg, is drilling in anhydrite at 3,700 feet. Site is C SE SE, 32-32-4n, T&P Survey.

Warren No. 1 Burket, eight miles south of Lamesa, has projected to 1,700 feet in red bed and anhydrite. Site is C NE SW, 42-35-5n, T&P Survey.

Superior No. 1 Barnes-McDray is drilling in lime and shale at 10,665 feet. It is a wildcat 330 feet from south and west lines, Labor 24, League 271, Loving CSL Survey.

Borden

King-Warren-Dye No. 1 Milliken has deepened to 6,572 feet in lime and shale. It is a wildcat 660 feet from south and east lines, 523-97, H&TC Survey.

Continental No. 2-33 Good is bottomed at 3,160 feet but waiting on cement to set 8 1/2-inch casing one foot higher. It is C SE SE, 33-33-4n, T&P Survey, in the Arthur field.

Continental No. 1-33 Good, in the Arthur field, flowed 686 barrels of oil in finaling, through a 14-64-inch choke. Gravity is 37, and gas-oil ratio is 44-1. Site is C NW SE, 33-33-4n, T&P Survey, and seven miles north of Vealmoor. Top of the Spraberry pay zone is 7,504 feet, and the well is plugged back

Rio Grande Water Issues Resolved

BYVIEW (AP) — Representatives of Upper and Lower Rio Grande Valley water users dissolved three major areas of disagreement today and left details to be cleaned up by a committee.

The groups were redrafting proposed legislation which would provide for a state agency to regulate usage of Rio Grande water.

Agreements were reached on the geographical limits of the agency, tax levies, and a definition of water rights.

izing influence of waters in Falcon Reservoir and upon water available in the Lower Valley.

The agreement to exclude the Big Bend and El Paso areas from the agency's authority actually had little effect. An estimated total of only 100 acres are irrigated above Del Rio. The total is about 100,000 acres in the Upper Valley below Del Rio and 700,000 acres in the Lower Valley.

Management Group Maps Constitution

Members of the recently organized Big Spring Personnel and Management Association have ratified first draft of its constitution and scheduled plans for the third meeting of the group.

Second organizational meeting of the association was held Thursday night at the Officers Club at Webb Air Force base. Seven of the 23 charter members were in attendance.

Warren A. Farrow, president of the association, presided at the meeting. He is civilian personnel director at Webb.

Mrs. Campbell Dies Here At 91

Nancy Elizabeth Campbell, 91, mother of Mrs. W. M. Gage, died in her sleep Thursday night at the family home at 1200 Nolan Street.

Granny Campbell, as she was affectionately known by many, came here 12 years ago from Austin, where she had lived for approximately 75 years.

Services will be held at 4 p. m. Saturday in the Nalley-Pickle Chapel with her pastor, Dr. P. D. O'Brien, First Baptist minister, officiating. Burial will be in the Trinity Memorial Park.

Cow, Calf Killed In Dawson Crash

LAMESA — Five persons escaped without injury last night, but their 1954 Oldsmobile was damaged to the extent of about \$1,000 when it struck a cow and calf 10 miles west of Patricia.

Driver of the vehicle was George Sawyer of Lamesa. He and four passengers were on their way to work on an oil field drilling rig, according to Highway Patrolman Ralph Ward who investigated.

The cow and calf were killed by the crash. Front of the car, including air conditioning equipment, was badly damaged.

Members of the recently organized Big Spring Personnel and Management Association have ratified first draft of its constitution and scheduled plans for the third meeting of the group.

Second organizational meeting of the association was held Thursday night at the Officers Club at Webb Air Force base. Seven of the 23 charter members were in attendance.

Warren A. Farrow, president of the association, presided at the meeting. He is civilian personnel director at Webb.

Medalist Paces Angelo Tourney

Chairman Gilbert Gibbs has called a meeting of the Merchants Committee of the Chamber of Commerce for 9:30 a. m. Tuesday. Suspension of Saturday delivery service by the Railway Express Agency will be discussed by the businessmen. Chamber officials said. The meeting will be held in the Chamber of Commerce offices at the Permian Building.

Members of the recently organized Big Spring Personnel and Management Association have ratified first draft of its constitution and scheduled plans for the third meeting of the group.

Second organizational meeting of the association was held Thursday night at the Officers Club at Webb Air Force base. Seven of the 23 charter members were in attendance.

Warren A. Farrow, president of the association, presided at the meeting. He is civilian personnel director at Webb.

Three Suits Filed On Paving Liens

Three suits seeking foreclosures on paving liens were filed Friday morning in 118th District Court.

The petitions were filed by attorneys for H. B. Zachry Company. The cases are styled:

H. B. Zachry versus Mary Ethel Zimmerman; H. B. Zachry et al versus Robert Taylor et al; and H. B. Zachry versus C. E. Campbell.

Guardsmen To Pull Out For Summer Camp Early Sunday

Main party of Big Spring's National Guard unit will be leaving early Sunday morning for North Fort Hood and two weeks of summer camp.

The unit will return either June 30 or July 1.

Seven men left Wednesday morning to attend special schools being held before start of regular training and three cooks left this morning. The remainder will be leaving at 5 a.m. Sunday.

Police Issuing More Tickets

Police issued more tickets in May than in April and as result, fines totaled almost \$1,000 more during the month.

Issued in May were 1,873 tickets, and during April, 1,530 were issued. Collections in May were \$5,463, while in the previous month, the total was \$4,673. Parking tickets brought in \$930.

Industrial Foundations Are Discussed At Colorado City

COLORADO CITY—Paul D. Marable Jr., Abilene, told 55 Colorado Citizens Thursday that sound industrial development depends primarily on sound community development.

Marable, speaking at a Chamber of Commerce breakfast sponsored by the Industrial Development Committee, pointed out that more and more industrial representatives are concerning themselves with the spare time use of their employees, when they seek out new industrial locations.

Lost 30 Pounds With Barconate

"I have lost 30 pounds taking Barconate," writes Mrs. O. M. Jeffrey, 508 Juarez, Wichita Falls, Texas. Barconate is the original home recipe for taking off ugly fat. Over six million bottles sold in Texas in 10 years.

FROM LAMESA

Delegates Named For ASC Meet

LAMESA—The Lamesa Cotton Growers directors voted last night to send two delegates and an alternate to College Station for the State Agriculture Stabilization and Conservation committee meeting July 17.

Names were Jack Broyles and Ferd King, delegates, and Carson Echols, alternate. They were instructed to support the two percent reserve program of the Plains Cotton Growers Association, the West Texas Chamber of Commerce, and the Texas Farm Bureau.

from Precinct No. 1. The group decided to collect 10 cents per bale from farmers at the gin this fall and to mail businessmen statements for membership dues in the future.

The directors voted to pay the Dawson County Farm Bureau \$25 monthly rent for space used by growers as an office. The move was voluntary on the part of the directors.

will be making the trip in their private cars, but the rest will travel in the Guard's vehicles in convoy.

Commanding the Big Spring unit is Capt. T. A. Harris.

battery will take its Army Training Test, which will include moving into position, orienting the guns, and firing—under mock battle conditions.

Friday of the second week Guardsmen will have familiarization firing machine guns and bazooka-type rocket launchers.

B Battery will make the trip to camp this summer with more men than attended in 1955. The number of enlisted men has increased from 61 to 69 in the past year. Camp is being held earlier this year too. In 1955, the unit left on July 10.

Sgt. Wood said Thursday that very little trouble has arisen because Guardsmen have to be away from their jobs for two weeks each summer. He said that a majority of the men either worked for Cosden, Bell Telephone, or Texas Electric, and all three gave military leave, plus a regular vacation.

The rest of the men—with one exception—also have no trouble in getting permission to attend. One man intimated that he might not have a job when he returned, but Sgt. Wood said he thought the man was joking.

Sgt. Wood and Warrant Officer Bill Eggleston are regular Army personnel assigned with the National Guard permanently. Eggleston is assigned full time here, while Sgt. Wood alternates between here and Lamesa's unit.

Lamesa's unit, a part of the 49th Armored Division, is at camp now.

The executive secretary of the growers association, Gerri Barrett, told the directors that 231 members have contributed \$3,070.60 in dues. A. L. Moss, president, said of the report: "We are quite pleased with the finances of the organization and feel that our membership drive is being successful."

Moss announced that there is one vacancy on the board, created when E. A. Hargrove resigned to move from Ackery to Post. He will be replaced by a businessman.

Storm Tosses Houston, Gives Needed Rain

HOUSTON (AP)—A line squall, with winds reaching 62 miles per hour, rumbled around Houston early today for three hours, bringing with it 1.40 inches of rain for the moisture starved area.

The storm, which developed in North Texas, arrived at 3:20 a.m. amid thunder and lightning. At 6:20 a.m. it was over.

The winds snapped off tree branches, toppled a few trees, smashed power lines, blew down signs and knocked out traffic signals. The brief but heavy rainfall flooded some streets and knocked out three underpasses by flooding them.

The worst damage was recorded at nearby Baytown, where two private planes and a hangar were destroyed at its airport. Two other light planes were damaged.

The large hangar was completely flattened, with only a wall left standing. One of the two planes destroyed, a light machine, was lifted by the winds and smashed on the prairie 500 feet away.

Baytown recorded 1.17 inches of rain.

The wind blew down numerous garages around the county. Several barns around LaPorte were smashed.

President In Bolivia Wins

LA PAZ, Bolivia (AP)—President Victor Paz Estenssoro's leftist National Revolutionary Movement today was assured a nearly clean sweep in weekend elections following withdrawal by the opposition Socialist Falange of all its candidates.

The action eliminated Vice President Siles Zuazo's only major opponent in the presidential race and reversed predictions of quiet polling Sunday. Most political sources figured the withdrawals increased the chance of trouble.

The government already had made an impressive show of force to discourage any attempt at revolution, moving about 3,000 extra militiamen into La Paz. Said one high official, "this in itself should dissuade those who are thinking in terms of violence."

It appeared certain, however, that the government would move more armed troops into La Paz. Bolivian revolutions traditionally are won or lost in the capital.

Landing Strip Lease Signed

LAMESA—Mayor Bob Crawley and Dawson County Judge Aubrey Bewell have signed a lease for 12 acres of land from Ray Orson to be used as a landing strip, pending CAA approval of the city-county application for an airport here. Rental and damage to the property is not exceed \$30 per acre for the site.

will be making the trip in their private cars, but the rest will travel in the Guard's vehicles in convoy.

Commanding the Big Spring unit is Capt. T. A. Harris.

The Big Spring unit, Battery "B", 132nd Field Artillery Battalion, will be taking part in training with the entire 36th Division. Other segments of the 132nd are in Lubbock (Headquarters and "C" Batteries), Plainview ("A"), and Levelland (Service Battery). The battalion is a 105 mm howitzer unit.

In the 36th Division artillery are three 105 battalions, one 155 mm battalion, and an anti-aircraft battalion.

First week of the camp will be devoted to basic Army training and duty, with the second given to field work.

Big Spring's unit will be in the field—sleeping pup-tent style—from Monday morning until Thursday afternoon of the second week. It will be firing the howitzers all four days. M-Sgt. Jessie Wood, first sergeant, said it would be firing about 1,000 rounds during the week.

On Tuesday of that week, the

GLAMOROUS, SURE-

but a tomboy at heart!

Turn Chevy out on the road to discover its real charm! For this is the beauty that raced 2,438 miles in 24 hours to set a new round-the-clock competition track performance record!

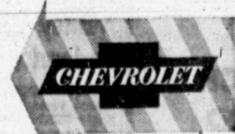

It happened at the famed Darlington Raceway, Darlington, S. C. A new Chevrolet, with 225 h.p., poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles!

Add that to Chevy's Pikes Peak record, to its great show at the Daytona Beach time trials, to its unparalleled record in stock car competition—and you come up

with the low-priced beauty that outshines everybody!

Here's proof of performance that means safer, happier highway driving. Few cars at any price can hold the road with Chevrolet's grace. And it's got the stamina to stand the gaff for 24 straight scorching hours at a pace that few other cars would even attempt to match! Drop by soon for a sample!

Take your problems to Church this week

—millions leave them there!

YER OUT!

If this has never happened to you no words can describe the awful finality of an umpire's decision. It falls like a sentence of death on a boy's heroic dream. And with it ebbs out the joy of his mightiest hit, and of the fly he caught last inning.

But thus baseball helps to build men. A fellow learns how to lose. And that's the first step in learning how to win.

But the biggest lessons of life no sport can teach. On a higher tier than sportsmanship, teamwork and the desire to win are **FAITH, BROTHERHOOD, AND DEDICATION OF LIFE.** These are the ingredients of spiritual victory—the fabric of God-inspired manhood at its best.

We can rightly be proud of our sand-lots and Little Leagues. But the character of American manhood depends most of all on our churches.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Berkeley NCAA Track And Field Show Underway

By BOB MYERS
BERKELEY, Calif. (AP)—A young army of about 300 athletes representing 87 schools swings into action today in the 35th annual National Collegiate Track and Field Championships.

Only one final event, the 10,000-meter run, was on the initial program of the two-day meet. The remainder of the schedule, starting at 4 p.m., EST was devoted to qualifying trials for the finals tomorrow.

Kansas and UCLA were favored in some quarters to win the team championship. But one discounting the possibility of a repeat triumph by the University of Southern California, which has merely won the title 19 times.

Much was at stake in this, the popularly known NCAA meet, in addition to meet laurels.

The first six finishers in each event automatically qualify to compete in the final Olympic try-outs in Los Angeles June 29-30 and a chance to make the United States Olympic team.

The 100 and 200 meter dashes and the 1,500-meter run shaped up as stand-out attractions to-morrow in the host University of California's Edwards Stadium.

For rivalry and a bit of revenge figure in the two sprints, featuring Duke's Dave Sime and Bobby Morrow of Abilene Christian College. Sime handed Bobby his only defeat of the year in the Drake Relays this spring.

Also threats in the 100 are California's Leonard King, Mike Agostini of Fresno, Calif., State, Ken Kaye and Ed Waters of Morgan State and others. All have done 9.4 or under for the 100 yards — 9 yards, 1 foot, 1 inch further than the metric distance.

The 300-meter run — about 119 yards short of one mile — features Oregon's Jim Bailey, Ron Delany of Villanova and Bobby Seaman of UCLA.

Few expect much in record breaking.

Three Futurity Trials Are On Tap At Ruidoso Track

RUIDOSO, N. M. (SC) — With an outstanding field of thoroughbred Futurity hopefuls ready to charge at what promises to be the largest purse ever offered at a New Mexican race track, Ruidoso Downs, offers a super Saturday racing card to Southern turf fans.

The throbbed two year old listed in the three trials carded for Saturday's meet will be straining to become eligible for the eight horse field that will run for an estimated poke of \$14,500 on Aug. 11.

Naughtily like, owned by Dr. S. I. Bloomfield of Phoenix, Ariz., looks to be the outstanding contender for the Futurity trials honor by virtue of a respectable win at Turf of Paradise in that spring meeting.

A possible contender could be No Gal, owned by Dick Gray of Fort Worth, Texas, who was in the money three times at Hot Springs, and Miss Irene, owned by Jack Shaw of Ruidoso, who ran well at Tucson several months ago.

Because of the large field of entries, track officials and owners agreed to run three trials on Saturday and three more to be included in the Sunday racing program.

In the ninth race a well balanced field of sprinters will try at each other and the probable favorite will be Mighty Black with strong contention from Miss Onaway and Bronze Bull, both three time winners.

Speed artists will dominate the tenth race of the day, which is a marathon for quarterhorses that can run on Florida Ariel, by virtue of past performance at this distance, should get the call, but could be seriously challenged by Be Bold and Black Minkette.

The eleventh race, a TB allowance, features Mr. Drive, who lost a thriller by the width of a lead pencil to War Tuck on the second day of the current meet. Also promising to be competitive in this event are Ole Chap and Sierra. And it will be interesting to see what Mesa II will do on his first out at this meet.

Minnesota Wins Baseball Crown

OMAHA A (AP) — Minnesota, the team that came into the series a favorite because of its hitting power, has the NCAA College World Series championship after a six-game display of clutch slugging and pitching that still surprised many with its all-around excellence.

The Big 10 champions took the championship last night with a 12-1 clubbing of Arizona, a co-favorite at the start because of its pitching. Minnesota wound up with a 5-1 record and Arizona ended at 4-2, the defeats being at the hands of each other.

Interpretation Of Rules Highlight Open Tourney

By HUGH FULLERTON JR.
ROCHESTER, N. Y. (AP) — Billy Maxwell, a chunky Texan who won the national amateur title five years ago, and Jack Isaacs, a grizzled veteran pro from Langley Air Force Base in Virginia, led the early attacks on par today as the field set out after leader Bob Rosburg in the second round of the U. S. Open Golf Championship.

Maxwell, from Odessa, and Isaacs shot one-under-par 34's on the front nine of the 6,902-yard par 35-35-70 Oak Hills East Course.

ROCHESTER, N. Y. (AP) — Golf must be played according to the rules—but rules may be interpreted. That stand by the U. S. Golf Assn. taken on no fewer than four occasions, resulted in probably the most hectic opening day in the history of the U. S. Open golf championship—a tournament that started out this year with the tag of the "Sweetest and Light" Open.

Going into today's second 18-hole round at the picturesque Oak Hill Country Club the question was not so much who is leading the tournament but who's in it?

The leader was Bob Rosburg, a rotund, bespectacled Stanford University graduate who looks about as much like a pro golfer as your maiden aunt. Rosburg, a terrific putter when he's hot, fired an early round of 34-34—68, 140's under par, and saw it stand up all day as the Rules Committee meetings overshadowed what was happening on the golf course.

Next at par 70 came Australia's two-time British Open champion Peter Thomson. Then there were a whole flock of players with 71's—including three former Open champions, Ed Furgol, Julius Boros and Cary Middlecoff.

Coach Says He Was Threatened

EL PASO (AP) — Clay Cox has said that he quit as football coach at Fabens High School because of threatening letters against his family.

Cox, 31, who moved to El Paso for a summer job as a salesman before becoming freshman coach at Bowie High School this fall, said he "was run out of Fabens."

Cox was football coach there for three years. Shortly before Christmas, he received a threatening letter telling how his wife, an expectant mother, would be attacked and how his daughter 5, would be attacked.

Cox showed the letter, filled with vulgarities and obscenities, to school authorities. He also went to the sheriff's office and U.S. Postal Inspector E. F. Strickland.

The letter had been signed with the names of two Fabens High School football players. Officers said that neither youth was involved, however.

Late in February another letter, repeating the threats, was received. It was signed with the names of 15 or 20 juvenile gangs and clubs in El Paso.

Mrs. Cox, badly frightened by the first letter, refused to go outside her home alone.

The only enemy Cox thought he might have in Fabens was a youth box duster named Jim from his football team two years ago.

Officers questioned the youth, who told them:

"I don't think the people who wrote the letters really meant to do what they said they would."

Coach Says He Was Threatened

EL PASO (AP) — Clay Cox has said that he quit as football coach at Fabens High School because of threatening letters against his family.

Cox, 31, who moved to El Paso for a summer job as a salesman before becoming freshman coach at Bowie High School this fall, said he "was run out of Fabens."

Cox was football coach there for three years. Shortly before Christmas, he received a threatening letter telling how his wife, an expectant mother, would be attacked and how his daughter 5, would be attacked.

Cox showed the letter, filled with vulgarities and obscenities, to school authorities. He also went to the sheriff's office and U.S. Postal Inspector E. F. Strickland.

The letter had been signed with the names of two Fabens High School football players. Officers said that neither youth was involved, however.

Chop Van Pelts Plan Visit Here

Billy (Chop) Van Pelt, onetime football standout of the Big Spring Steers and a regular with the HCCJ Jayhawks the only year that school had football, was to start a visit of several weeks here today with his parents, Mr. and Mrs. P. P. Van Pelt.

Accompanying him will be his wife, the former Mary Evans of Odessa, and their year-old son, Chipper.

Van Pelt was discharged June 8 from the U.S. Navy. He has seen extensive duty aboard the aircraft carrier Philippines.

Chop reports July 8 to the summer football camp of the Los Angeles Rams of the NFL.

He is regarded as one of the outstanding football guards in the history of Austin College.

ONE OF THE BEST Sportsmen's Club Range Opens Soon

The Western Sportsmen's Club is pointing to an early July opening of facilities which will give it one of the most versatile firing layouts in the nation.

When complete, the range will permit pistol, gun and rifle firing over any sanctioned distance from 25 yards to as much as 1,000 yards.

The plant and range are located half a mile south of the Andrews highway, two miles west of Big Spring.

Shooting will be from a long covered area, both for pistol and rifle shooters.

Trap shooters will blast away at targets hurled from a Western White Flower trap. This device tosses the targets at a variety of angles on an unpredictable pattern.

Bunkers have been thrown up for the rifle and pistol exponents, and ground has been bladed and filled so that all targets are on the level.

The roadway from the Andrews highway to the club's range has been given asphalt top. All the parking area and shooting sheds have been paved also, thanks to a big assist from Cosden.

Now under construction is a concrete block building for restrooms, tool shed and a caretaker's apartment.

Nearby is a well to furnish water (it is perhaps too brackish for drinking purposes) for sanitary facilities. Experiments are being run now to ascertain if the water will support some native grasses for cover.

The trap shooting mechanism is in a structure of concrete and concrete block.

One big need remains, explained Dr. Calvin Guilliams, one of the club's most enthusiastic boosters. This is a clubhouse. If means can be found for financing a suitable structure, estimated to cost \$8,000, Dr. Guilliams believed that the club would be self-supporting.

Not only this, he added, but it probably could get enough members and other support to underwrite an extensive junior program for boys and girls interested in learning the mastery of firearms.

Two Tie Games Played In TL

After three hours of spirited action at the Little League baseball park last night, nothing was settled.

Two contests were unrecalled and as many ties were played to complicate the Texas League standings.

In the opening engagement, Local 826 played a 14-14 deadlock with the Cosden Oilers. Then Reed Oil and Amanna's Lions took the field and proceeded to play to a 15-15 deadlock.

In the opener, Local 826 had ten hits, two errors and left six runners stranded. Cosden collected 12 hits, made three boots and also left six men on base.

Young and Martinez composed the Local 826 battery. Martinez and Nelson hurried for Cosden.

The Locals crowded seven runs across the plate in the first inning but Cosden fought back with a five-run fourth and added four in the sixth.

In the second engagement, Reed Oil collected 14 hits, made four errors and left nine runners aboard. Amanna drove out eight hits, was guilty of four errors and left seven on base.

Amanna led by a score of 15-1 at the end of the third inning but Reed sent 15 men to base in the fifth, scoring ten runs on eight hits.

Reed finally grabbed a 15-13 advantage but Amanna came up with two tallies in the fifth and had the 'go-ahead' run on third when the game ended.

Joe Flores and Jesse Flores pitched for Reed and Dutocher and Emelio Ramirez for Amanna.

Robert Hammock clubbed a grand slam home run for Reed Oil in the fourth.

No More Hoof Beats

The "Grow is" a noisy place these days but the sounds are vastly different from the noise thousands of racing fans make. Havre de Grace racetrack, where Man O'War once won with 138 pounds on his back, now rumbles with tanks, airplane motors and truck gears. It has been taken over by the Maryland National Guard.

Yanks' June Slump No Help To Tribe

By ED WILKS
The Associated Press
Cleveland's Indians are like the horse player who stayed up all night figuring the angles for a sure thing, then overslept and couldn't get his bet down.

When the New York Yankees built their American League lead to 6½ games with a hot 13-4 streak late last month, Manager Al Lopez and the Tribe shrugged it off. "It can't last," said the Indians. "They can't keep hitting like that. Their pitching isn't really that good."

The Tribe was right. The Yankees have won only five of 12 in June—the worst record of any club in the AL, including last place Washington. Cleveland, however, has won but eight of 15 in that stretch and has managed to trim New York's lead by a mere 1½ games.

Pitching — Bob Lemon, Early Wynn, Herb Score and Mike Garcia — was to be Cleveland's trump card. But in the 15 games played in June, Lemon, Wynn and Garcia have a combined 3-5 mark. Score, sidelined by a tummyache, worked only one game, and won it.

LOOKING 'EM OVER

Despite the fact that he's been offered a four-year scholarship by SMU, Bobby Fuller, ace miler of the Big Spring Steers the past three years, may wind up at HCJC this fall.

Bobby wants to study chemical engineering and the course isn't offered at SMU. He would spend two years at the local college, then perhaps transfer to Texas Tech, where an uncle of his teaches.

Fuller's good friend, Milton Davis, a quarter miler, will probably be at HCJC, too.

Milton would, no doubt, have been one of West Texas' best 440 men had he not broken a foot a couple of years ago. As it was, he developed very well his senior year and could come onto his own in college. He's long on desire.

Fred Thompson, the Stinnett sprinter sought by ACC, HCJC and many other schools, will probably end up at Oklahoma A&M. He said as much in a conversation with a local party.

Dr. C. W. Deats, Big Spring's best known trapshooter, is making plans to go back to the Grand American Trapshoot Tournament, which will be held in Vandalia, Ohio, in August.

Dr. Deats got one of his big thrills in last year's Vandalia show when he was one of eight contestants scoring 96x100, getting his from 13 yards back. The feat earned him \$300. Had he hit one more target, he would have won an additional \$400.

Doe has been going to Midland and Lubbock for practice but the Western Sportsman Club here is building a shoot on its new range northwest of town, so he'll be practicing here.

Another local gun enthusiast, this one proficient at skeet, is now only one bird behind the world leader.

That would be R. V. Thomas, now of Akron, Ohio, who contributed a brilliant performance at a Dallas meet recently and who is due in Midland for a similar show in a few weeks.

R. V. is a twin brother to R. C. Thomas. Both were recognized as top-notch schoolboy basketball players in this county before World War II.

R. V. will take part in a skeet shoot at Louisville, Ky., before moving on to Midland.

World champions are determined on the total score an entry makes in all accredited meets during a year's time and R. V., of course, could easily emerge as the best of them all.

With tongue in cheek, Red Sanders, the UCLA coach, has suggested that UCLA and the University of Washington meet in the Prohibition Bowl after the current football season.

They're expecting a crowd of 18,000 to 20,000 for the Texas Coaches Association all-star football game in Lubbock in August.

Many local fans are planning to attend because (1) it's only a short drive up to Lubbock from here and (2) Our Town's Jerry Graves will perform in the contest.

All seats, priced at \$2 each, will be reserved. High School students can gain admission for 50 cents but they will have to sit in the end zone.

Bass Fishing Conditions Improve At Lake Thomas

Conditions were breaking better for the bass fishermen at Lake J. B. Thomas at the end of the week. Water was clear in most of the lake and Hiram Reid, patrolman, reported that bass fishing was fair to good.

Jack Graham took three large black bass on a Black Bomber with trawler.

Dick Simpson, using a top water lure and fishing in the general vicinity of the dam, landed a scappy five-pounder. T. M. n Jones, in the same party, said he didn't scratch. But then he had polished his luck recently fishing in the Lake of the Ozarks and landing a six-pound walleye. On the whole, however, he found the fishing no better in that area than in Texas lakes.

Ernest Rhodes and Ross Woodson of Lamesa caught a catfish at Lake Thomas weighing in at 18 pounds. They also landed nine channel cats running from two to five pounds, and had a string of 15 crappie.

Reid reported that several large bass had been caught near the Bull Creek channel and near the dam.

Jack Dunn caught a large yellow cat weighing 15 pounds and rounded out his luck with about 20 channel cats of nice size.

Roy Shaffer, Leslie Barr and Henry Moates have been at it again, but then it is more news when they miss than when they come home with a big catch.

D. L. Boyd of Forsan has been fishing on the Concho near San Angelo.

A week ago Crockett Hale, Forsan, and his father, R. T. Hale, Big Spring, fished at Inks Dam. Mr. and Mrs. N. E. Dietz got in some good fishing at Lake Brownwood.

George Ely reported a fine string of crappie at Lake J. B. Thomas.

Roy Pickle, caretaker for the telephone company, devotes prac-

Farm Conditions Termed Best In Upper Part Of The State

COLLEGE STATION — The vice today said North Texas, the Texas Agricultural Extension Ser- South Plains and the Panhandle

appear to have the best farm conditions in the state. In other areas, the service said, crops, ranges and pastures are in serious condition or becoming that way fast, except where local rains have given temporary relief.

A general rain is needed over the entire state, Director G. G. Gibson said in a report from district agricultural agents. "All crops in North Texas are making satisfactory growth and cotton is making excellent growth," said Ted Martin at Denton. "Some cotton squares are beginning to form, but light insect damage is reported. Ranges are making improvement and livestock is in fair condition."

Wheat yields higher than expected still are being harvested. The U.S. Agriculture Department forecast a large increase of wheat over an earlier forecast of 18,450,000 bushels. The estimate now is 22,550,000 bushels, or about 11 bushels an acre average yield. Much of the increase is due to higher yields than estimated earlier in North Central Texas.

"Record showers" for almost three weeks in the South Plains left conditions ranging from too wet for field work in the northern part of Lamb County to too dry in the southern part, said Welton Jones, at Lubbock. In most of the area crop prospects look good.

"At Amarillo, Knox Parr said cattlemen now have enough grass and don't have to feed herds. Planting of grain sorghum and cotton is about complete and wheat harvest has begun."

Holling Plains are moisture conditions range from good in the Wichita Falls-Graham area generally to extremely critical in the Spur-Haskell area. J. A. Scofield reported from Vernon. High temperatures and hot winds speed moisture evaporation and already parts of some counties are very dry. Small grains recently planted need moisture to survive. Cotton is up to a good stand where rain was received.

Northeast Texas is now dry enough to force many farmers with a water supply to irrigate crops and pasture, said John Surovic at Mount Pleasant.

Cattlemen in Central Texas are making light cuttings of hay from grass produced by late April and early May rains, and they are baling about 25 per cent of the oat crop for hay because it failed to produce grain, reported R. C. Burwell from Stephenville. Cotton growth ranges from just up to blooming. Corn stands are irregular and grain sorghum is in all stages of growth with some heading, but both crops show ill effects from a lack of moisture.

Some counties in South Texas haven't had any rain for several months and feed crops are "burning up," forcing further feeding and sales of livestock, reported Joe Rothe at Weslaco. The Lower Rio Grande Valley cotton harvest is under way.

Church Observes 175th Birthday

ELIZABETHTOWN, Ky. — A church that was established when the Indians still roamed most of Kentucky will celebrate its 175th anniversary next week.

The Severns Valley Baptist Church was organized in June 18, 1781, in a wilderness that posed a constant threat of Indian attacks on the white settlers.

Eighteen persons were listed on the first membership roll, and for 20 years the settlers were too busy keeping their scalps to put up a building.

The first pastor, John Garrard, lost his life in an Indian raid. Services continued, however, and the church says its functions have been continuous over the 175-year period.
