VOL. 29, NO. 109

AP WIRE SERVICE

BIG SPRING, TEXAS, FRIDAY, OCTOBER 12, 1956

PRICE FIVE CENTS

TWENTY PAGES TODAY

DEATH CAR STOPPED WITH MOST OF FRONT UNDER TRUCK. Abilene man died on impact with heavily-loaded oil field service vehicle.

ABILENE MAN DIES

Grim Reaper Adds 21st Victim To Howard County Road Toll

Sudden death continues to stalk the highways and roads of Howard County.

1956 to 21 for the county. This pushes the mark very near to the all-time record of 24 traffic fatalities recorded in this county in 1951 and is 14 ahead of the full year total for 1955.

Latest victim of the highways is Elmer Eugene Newman, 47. He was instantly killed when the 1951 Packard in which he was riding alone plowed into the rear of an east-bound Halliburton Oil Well Cementing Company truck loaded with 20,000 pounds of cement.

HONG KONG — An uneasy quiet settled today over riot-torn Kowloon and surrounding villages.

Uneasy Quiet Settles Over Hong Kong

The colony's British government also sealed Hong Kong's border with Communist China, presumably to prevent Red agents from slipping across to further inflame the atmosphere.

Boy Calmly Takes News He Must Be Blind For Life

ATLANTA — Five-year-old Johnny Pair knows now that he must live the rest of his life in darkness.

"It's a great relief for me," said his mother. "I had dreaded what might happen when he was told he was blind. But he took it like a little man. I hope he understands. I believe he does."

Smith, jarred by the impact, realized that he could not jam on his breaks with so heavy a load and was forced to let the big vehicle continue on its way for some 250 feet. It dragged along the Packard on this segment of its journey. Brought to a stop, the truck was later found to be so badly damaged that it could not be moved under its own power.

Marine Dies During Training

PARRIS ISLAND, S. C. (AP) — Necrosis, or dead tissue, in vital brain centers killed Pvt. Tomas L. Dillard Jr., 18, of Miami Fla., Marine Corps medical officers reported today.

Teacher Who Aided Fired Official To Stay In Job

MONTICELLO, Fla. (AP) — A schoolteacher who came to the defense of Dr. Deborah Coggins and says she has been asked to resign as a result, plans to continue to teach her fifth-grade class.

"The position from which it was estimated the SOS signals came was more than 800 miles beyond the missing plane's last position report. But an Air Force spokesman said the aircraft could have lost radio contact with the ocean control tower at Shannon Airport in Ireland and flown on toward its destination before going down."

POZNAN, Poland (AP) — Six young Poles were jailed today for terms up to six years for their part in the June Poznan riots. Two others were acquitted and a ninth received a suspended sentence.

6 Poles Jailed For Part In Riots

The sentences were pronounced in Poznan trial No. 2 of so-called "criminal elements" involved in the "bread and freedom" riots which began June 28.

Presence Of Armed Cops Question In NAACP Case

TYLER — Whether investigators in a civil case should be accompanied by gun-toting state patrolmen and Texas Rangers was a big question today in the NAACP hearing.

The state rested yesterday after presenting nine days of testimony in support of its plea that a temporary restraining order against the NAACP be made permanent.

Gray testified he suffered from a heart ailment. At times he appeared weak and confused. Judge Otis Dunnagan finally ordered that he be released.

Gray told NAACP Atty. W. J. Durham that he told a wealthy Texarkana undertaker, John Jones, that "he had permission to do anything to get my daughter in school."

Distress Signals Spur Plane Search

2 Yeggs Shot, Deny Quarrel Over Stripper

SAN ANTONIO (AP) — Two seriously wounded police characters, one bandaged in the blouse of a voluptuous strip tease artist, turned up in hospitals yesterday.

Leslie Tradler, 27, who has a record of 24 local arrests, arrived at Brooke Army Medical Hospital in a cab with a bullet wound in his back at about the same time Barron reached Baptist. He told authorities he had been shot and pistol-whipped by three persons.

Practical Joke

This was somebody's idea of a practical joke and farmer Sig Jarstad of Pullman, Wash., says he knows who but isn't saying.

59 Missing In Area North Of Azores Isles

LONDON (AP) — Distress signals spurred a gigantic search today for a U.S. transport plane missing with 59 servicemen aboard. There was no hint of success.

At least 80 planes from bases in a half dozen countries—including giant six-engine U.S. Stratocruiser bombers—an aircraft carrier and destroyers scoured the area north of the Azores in an effort to pin down the source of the messages.

MARGIN SMALLER

Ike Leads Adlai In Variety Of Polls

President Eisenhower is leading Adlai Stevenson in a wide variety of presidential polls, but often by a smaller margin than he did in 1952.

A compilation of polls shows that to be the general trend whether in nationwide samplings by professional public opinion experts or in regional straw ballots.

1952 but has not announced this year, conducted a poll by telephone and reported these results: Eisenhower 73; Stevenson 42; T. Coleman Andrews, independent, 25; undecided 22.

Andrews, former internal revenue commissioner, is backed by a variety of independent organizations, including pro-segregationist groups.

In Florida, the Fort Lauderdale Daily News (Independent-Democrat) polled 10 per cent of Broward County's registered voters by mail and reported this score: Eisenhower 72 per cent; Stevenson 21 per cent; Andrews 4.5 per cent, and the rest undecided.

Eisenhower carried Broward County in 1952 with 68 per cent of 37,155 votes.

Near-Riot Quelled At Football Game

DALLAS (AP) — A cone of flavored ice tossed on a girl's skirt caused a near-riot last night during a Lincoln-Madison High School football game.

\$27,000 Raised In UF Campaign

With first formal reports scheduled for this afternoon in Employee, Special and General Divisions, the Howard County and Big Spring United Fund reported more than \$27,000 of its \$87,500 goal raised this morning.

Some 22 policemen held off a crowd of 500 milling and angry Negro students trying to free three Lincoln girls, 14, 15 and 16, from arresting officers.

The girls were locked and released to their parents.

UF headquarters are in the former Chamber of Commerce offices on the ground floor of the Settles Hotel. This year's campaign is being conducted entirely with a local staff. Couden Petroleum Corporation is furnishing the services of the office manager who takes the place of a paid, professional campaign director.

Bandit Mobbed

Oswaldo Santiago, 22, hatless and with eyes closed, is shown in the hands of an angry mob at Terrazano, Italian village near Milan, as they tried to lynch him. Oswaldo and his brother, Arturo, 27, held 92 children and three teachers hostage in a school building as they demanded 200 million lire (\$380,000) for the children's release. Police were able to enter the building when one of the teachers attacked and stabbed Oswaldo with his own knife.

### 'UNIFORMITY' Mother Rebels Against Schools

CENTERTOWN, Mo. (AP)—Bright-eyed Mary Schoenheit eagerly agrees with her mother's contention Mary shouldn't have to go to school. "I don't like school," said the slender 7-year-old. "I think it's a bore. Whenever I think of it I want to cry. And my mother didn't tell me to say that either." Raymond McDaniels, acting superintendent of Moniteau County schools, said he would file charges in Magistrate's Court against Mrs. Mary L. Schoenheit unless little Mary reported for classes today. Mrs. Schoenheit, 46, and a former Illinois schoolteacher, has been tutoring Mary at home. She calls schools "antiquated institutions," says they have an "inhuman passion for uniformity," to turn children into "trained seals." Both Mary and her mother are eager to go to court. Mary takes violin lessons from her mother along with her other studies and she said she'd like to play for the judge. "Up till now I just played for

### Draft, Bomb Tests Are Still Debated

By The Associated Press Adlai Stevenson's proposals on hydrogen bomb tests and the military draft remained in the forefront of political debate today, despite President Eisenhower's assertion that he has said his "last words" on both subjects. Stevenson, the Democratic presidential candidate, told a rally in Oakland, Calif., last night that he intends to continue to push his suggestion that the United States take the lead in efforts to halt the testing of H-bombs. "Leaders must lead," Stevenson said, "and where the issue is mankind's survival, there can be no last word until the supreme goal of lasting peace is achieved." In Elko, Nev., Vice President Nixon said he felt Eisenhower is right to drop the H-bomb and draft subjects. But Nixon, who has been campaigning far and wide for the GOP ticket, said he will keep on talking on both issues "until Mr. Stevenson makes it clear he is leaving a position which is unsound." Eisenhower's main campaign activity today will be a nationwide television-radio broadcast during which he will submit to questions from a panel of 100 men and women. Stevenson moved into the southern California area today for what his aides have described as a "saturation" effort to win votes. Both Nixon and Sen. Estes Kefauver of Tennessee, the Democratic vice presidential candidate, were scheduled to make separate appearances today at the National Corn Picking Contest in Columbus, Neb. In his speech prepared for the Columbus gathering, Nixon said the Democrats were guilty of what he called a "cruel hoax" in plumping for high rigid price supports on basic farm crops. He said restoration of such props would arrest what he said is an "upward trend in farm income." Kefauver last night accused the Eisenhower administration of what he said was "political tinkering" with the soil bank. He said most soil bank money is being directed to states where Republicans are, as he put it, "in the greatest trouble."

### Drought Has State Agriculture At Standstill In Most Of State

COLLEGE STATION (AP)—The Agricultural Extension Service said today the drought has most farming activities near a standstill in most of the state. Only in irrigated areas and where scattered showers have provided a little moisture are crops being planted or harvested. "Ranchers continue feeding their herds and there's movement of large numbers of livestock to market due to shortage of grass and a lack of moisture for planting fall and winter feed crops," Director G. G. Gibson of the service said. "However, farmers in some sections continue field preparation and 'dusting-in' their seed for fall and winter crops in hopes of rain for germination and growth. Some small grain planted after late August rain is deteriorating." Gibson's report from district

### Elvis Presley Appears At Cotton Bowl

DALLAS (AP)—Elvis Presley rolled into the Cotton Bowl last night and 26,500 teen-agers and a few moms and pops went wild. It was the second largest crowd the Memphis flash ever drew. He pulled 40,000 persons into a fair at Tupelo, Miss., where he was born, he said. Elvis rolled through the Cotton Bowl ramp—where Saturday's gridiron heroes appear—in a convertible. Hundreds of flash bulbs from teen-agers' cameras lit the stadium. He climbed on an improvised stage surrounded by a 10-foot fence to keep the fans away. For a half hour he enthralled the teen-agers with such hits as "Heart-break Hotel." With each whisper from the rock 'n' roll voice the shouts of the multitude drowned out the song. The sound of 26,500 voices vibrated around the bowl when Elvis went into his peculiar knee twitching, hip swinging dance to accent pauses in the music. A hundred or so high priests of the Presley cult and newsmen were led through dank tunnels at State Fair Auditorium for an interview. The most vocal of the Presley fans was Kay Wheeler, 17, a Dallas secretary and president of the National Elvis Presley Fan Club. Kay set off a flash bulb a foot from Elvis' profile and Elvis cried: "Don't burn the sideburns!" Kay, a striking brunette with an Italian hairdo, heavily accented eyelashes and eyebrows, soberly explained the Presley cult this way: "He's different. The younger generation needed something different. We needed him." Elvis, 21, easy going and friendly, told newsmen, "I'm nervous in crowds. Sometimes I wish I could get away. Then I get lonesome for the patter of little feet." The teen-agers, who knew he was describing them, laughed. Among other comments: On saving money: "What the income tax men don't get, I save." On his stable of automobiles: "I always swore if I got any money I would buy this." On sideburns: "I don't like 'em much, but they've been with me a long time. I just got used to 'em." On his recent completion of a motion picture: "I love acting, but I still know very little about it." On the question of whether he is humble: "I got sense enough to know where it (fame and money) comes from and where it can go."

He's different. The younger generation needed something different. We needed him." Elvis, 21, easy going and friendly, told newsmen, "I'm nervous in crowds. Sometimes I wish I could get away. Then I get lonesome for the patter of little feet." The teen-agers, who knew he was describing them, laughed. Among other comments: On saving money: "What the income tax men don't get, I save." On his stable of automobiles: "I always swore if I got any money I would buy this." On sideburns: "I don't like 'em much, but they've been with me a long time. I just got used to 'em." On his recent completion of a motion picture: "I love acting, but I still know very little about it." On the question of whether he is humble: "I got sense enough to know where it (fame and money) comes from and where it can go."

### Bitng Bat Proves Carrier Of Rabies

HOUSTON, Tex. (AP)—Bill Blackmann Davis Jr. was taking rabies shots today after a bat he preserved in a freezer to show his science class was found to be infected. Davis found the small bat hanging from a tree near his home. It bit him on the right thumb. Davis didn't think about the bite and placed the bat in a jar. It died and the boy preserved it for his class. He sealed the jar and put it in a freezer. Monday the family physician found out about the bite and urged a test. The bat was found to be rabid.

### Britain Sets Off Atomic Weapon

ADELAIDE, Australia (AP)—Britain test-dropped an "operational" atomic weapon from a plane for the first time today. She pronounced the test a success. The bomb was dropped from a four-jet Valiant bomber flying about three miles high over the Maralinga test range in southern Australia. It was the third in Britain's current series of four test blasts, but the first to be described as an actual weapon ready for use in event of war.

### Fatally Stabbed

CHICAGO (AP)—A 46-year-old woman librarian, Miss Mildred Hayes, was fatally stabbed with an ice pick last night by a youth full purse snatcher in front of her West Side home. Motley County and some other Rolling Plains counties report five inches or less rain in 12 months, critically lowering crop yields and forced marketing of livestock, including breeding herds. In some counties only half or less of the grain sorghum was good enough to harvest. Stock water is being hauled to many herds. In the Edwards Plateau, heavy marketing of livestock continues, including some foundation herds. The pecan yield will be low. Nuts are poorly filled. The grain sorghum harvest is about complete with poor yields. The stock water supply is short in parts of Mason County.

### Harlem's Negro Congressman Supports Republican Ticket

NEW YORK (AP)—Rep. Adam Clayton Powell, Democratic congressman from Harlem, likes to refer to himself as "a disciple of protest." The latest protest by this grandson of a branded Virginia slave came yesterday. He announced that he's supporting the Republican presidential ticket. However, he says he's remaining a Democrat. But he proclaimed that he's voting for a Republican president and vice president. Powell, 48, has been a congressman for 11 years, and is one of three Negroes in the U.S. House of Representatives. Just how tangible his backing may be in drawing the Negro vote to Eisenhower in New York, Baltimore, Detroit, Chicago, St. Louis, Los Angeles and San Francisco—all with large Negro populations. He is not demanding an immediate end to segregation. He wants an immediate start on solving the problem. He talks of passive resistance. But there has been little that is passive in his declarations in and out of Congress. Powell's own congressional district in New York's 16th, where more than 336,000 persons—mainly Negro—live crowded together in a noisy, run-down area. Powell has represented the district for five terms. In 1952, he polled 72,562 votes to a total of 25,609 for three opponents. He won handily in 1954 and is running again on the Democratic ticket. Powell is a muscular 6 feet 3 and 190 pounds. He is light-skinned

the river, threatened a Negro boycott of voting booths on election day. However, Stevenson conferred with Powell, mollified him and won his pledge to go "the limit" for the Democratic ticket. This time, apparently, Stevenson was less quick to mollify Powell. The congressman said that his efforts to arrange a conference with the Democratic nominee got him nowhere. So yesterday, the man from Harlem dropped into the White House for a chat with President Eisenhower. When he left 30 minutes later, he announced that the Republican candidate for re-election has his support.

### Phoning Wife Slapped In Jail

LOS ANGELES (AP)—The trouble, said Irvin Berzon, was that his wife kept telephoning him at work. Not once but sometimes 60 times a day, Berzon, 47, a real estate broker, told Superior Judge Elmer D. Doyle. Judge Doyle found Mrs. Florence Berzon, 39, in contempt of a restraining order issued pending an annulment hearing. He gave her a suspended five-day jail sentence. "I only wanted to find out how he was," Mrs. Berzon said.

### 80 Rebels Killed

ALGIERS (AP)—French forces today claimed killing 80 Algerian rebels in two days of fierce fighting in the Grande Kabylie Mountain area east of here.

### GI Gets Life Term In Slaying

SALINAS, Calif. (AP)—Rejecting a prosecution demand for the death penalty, a Superior Court jury last night condemned Army Pfc. John Kruse Jr., 21, to life imprisonment for the first degree murder of a vacationing New England co-ed. After deliberating 4 hours and 40 minutes, the jury of seven men and five women convicted the Army cook from St. Paul, Minn., of slaying and attempting to rape Anne Shay, 20, of Fairfield, Conn. But the jury recommended leniency, thus sparing Kruse from the gas chamber. A life sentence is mandatory, however. In closing arguments, Dist. Atty. William Stoffers demanded Kruse be sent to the gas chamber for the slaying of Miss Shay at nearby Monterey last July 28. "This is a clear case of first degree murder and rape and there are no extenuating circumstances," Stoffers said. Defense attorney John Shepard argued that Kruse was the victim of frustration, had been drinking and experienced an explosive, aggressive outburst that he could not control. Kruse admitted meeting Miss Shay and escorting her to a party. The defense contended Miss Shay had encouraged Kruse's advances but argued that the young soldier had no recollection of the slaying.

### Doctors Give Up \$40,000 In Fees In Salk Inoculation

AUSTIN (AP)—It cost Harrison County physicians \$40,000 in lost fees, but a mass salk inoculation project there kept the county free of paralytic polio this year. Dr. Henry Holle, commissioner of health, told yesterday of results of the program, planned and put into effect by 18 doctors. During the 12 months physicians and school officials disregarded "priority" ages to give 7,600 school children from grades one through 12 their first shots of Salk polio vaccine. Not a case of paralytic polio has been diagnosed among the county's 50,000 people. About 88 per cent of the eligible Harrison County population was immunized with two shots. Third shots were given on the initiative of parents. In comparison, only 38 per cent of the state's under-20 population have received two shots as of Sept. 30. The doctors lost \$40,000 in fees but the community gained safety from polio.

### OLD PROBLEMS SOLVED

Man has suffered long with backache, nervous, painful elimination, discomfort of losing sleep. Chemists have solved the problem. Correct the ph. of the body fluids—trouble leaves. CIBACOS \$1.50 per your druggist. COLLINS BROS. DRUGS

## Authentic HANDMADE HAND LASTED BOOTS FOR THE ENTIRE FAMILY

Featuring The Largest Stock Of Handmade Boots In West Texas—In The Most Popular Colors And Heights

POPULARLY PRICED, OF COURSE

### Popular 10-Inch Top Solid Brown Boot

Truly a comfortable boot made of extra soft pliable leather. Ideal for high school or ranch wear.

Walking heel, plain foot with neat stitched top. Heavy calf glove leather lined.

ALL SIZES 6-12

\$19<sup>75</sup>

### Favorite 14-Inch Top BUTTERFLY BOOT

4-Color Patterns

\$24<sup>75</sup>

ALL SIZES 6-12

A boot adequate for dress or ranch wear. Made of heavy calf and lined with foot easing glove leather.

### WESTERN DRESS BOOT

13-Inch Top

A beautiful wine and beige color.

ALL SIZES 6-12

\$24<sup>75</sup>

Made of genuine calfskin with a dress rubber heel and leather sole. Supple glove leather lined for comfort... This is a boot all you men will like—see them today...

### MEN'S WESTERN TWO-TONE BOOT

14-Inch Top

Red top, black bottom boot, walking heel, plain foot, dog ears trimmed on the sides. A truly western boot.

ALL SIZES 6-12

\$19<sup>75</sup>

### Popular Western 14-IN. TOP

New 1/4" foam rubber lined top that won't wrinkle or break down.

ALL SIZES 6-12

\$24<sup>75</sup>

Black and white with fancy trimmed dog ears down the sides. Supple glove leather lined for comfort. Also with walking heel.

### At Last - Popularly Priced - Real Handmade Fine Children's Boots

Sizes 8 to 1

\$7<sup>95</sup>

Sizes 1 1/2 to 5 1/2

\$8<sup>95</sup>

# THE ANSWER IS GOD!

WORSHIP HIM IN CHURCH EVERY SUNDAY . . . AT HOME EVERY DAY . . .

## A BOY'S PRAYER

Dear God . . . there's so much I'd like to say to You. It's that way lots of times. I want to talk to You, and then somehow I get stuck for words.

I guess I do some stupid things, sometimes . . . like that fight with Butch Hendley yesterday. He said something I didn't like and then I said something, and that was it. I guess I won, but afterwards I was kind of ashamed. I told Dad about it last night and he went for a walk with me and we looked up at the sky and the stars. Everything looked so big, all of a sudden, that it scared me. It seemed too big to understand.

Then Dad told me that there are lots of things like the sky and the stars, too big for people to ever understand. And he said that that's where Faith comes in, and that it is good to have the Church to put our trust in.

I got to thinking about that, and I told Dad that I'd kind of like to ask Butch to come to Church with us next Sunday morning, but that I was afraid he wouldn't come. Dad grinned at me and said, "Why not ask him and see?"

Dear God . . . I did ask Butch, and he's coming. Butch hasn't been to Church regularly like I have, so maybe when it comes to praying he'll get stuck for words even worse than I do. But You'll listen to him anyway, won't You? Because he needs You very much . . . just like I do . . . just like all of us do.

Thank You, God.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	3	1-18
Monday	Proverbs	3	19-35
Tuesday	Matthew	7	15-29
Wednesday	I Corinthians	9	16-27
Thursday	II Timothy	2	1-26
Friday	Titus	2	1-15
Saturday	I John	3	1-12

**MAKING NEW YORK DEBUT** — Old Glory on nearby tug provides frame for Italian motor vessel Giulio Cesare as it moves up the Hudson River on first trip to New York.

**THE FRENCH REMEMBER** — This new memorial to French soldiers who fell at the battle of Froeschwiller in Franco-Prussian War replaces the monument destroyed by Nazis.

**OUT TO OPEN WATER** — The full-rigged Danish sailing ship "Georg Stage" leads ships over starting line at Torbay, England, at outset of international race to Lisbon.

**EASY LIVING** — This outfit is designed for comfortable car travel and motel lounging. Both the tapered pants and the loose cotton overblouse are slit at the sides.

**ARMS EVERYWHERE** — Autograph seekers swarm around Audrey Hepburn and husband, Mel Ferrer, at London airport. Couple have been filming "War and Peace" in Europe.

**GETTING IN TUNE** — Duke, a member of the St. Louis Zoo's chimpanzee jazz band, strums banjo in preparation for projected series of appearances on television this fall.

**DOING HIS TURN** — Cmdr. John Davis Lodge, U. S. Ambassador to Spain, sights telescope alidade on bridge of U.S.S. Salem during naval reserve training in the Mediterranean.

**SERVES AGAIN** — T. A. M. Craven, Washington engineer, is a member of Federal Communications Commission for second time. He previously served from 1937 to 1944.

**UNUSUAL SIDELINE** — Oscar Dallons, electronic medical equipment maker, sights "space gun," one of the fantastic devices he created for Hollywood movie thrillers.

**THE LATIN INFLUENCE** — Cary Grant and Italian actress Sophia Loren "take off" while doing Cha-Cha routine between takes of film they're making near Madrid, Spain.

**ADMIRERS OF PAST** — Soviet Foreign Minister Dmitri Shepilov and his daughter, Victoria, smile as they pause during sight-seeing tour of the ancient Acropolis in Athens.

**ROLLING ALONG** — Abbott C. Dugally, 25-year-old Los Angeles, Calif., student, stops in Frankfurt, Germany, square during his global bicycle tour which started in 1951.

**THE REAL THING** — Youngsters view a flesh-and-blood baby lioness resting in Augsburg, Germany, toy shop. Animal on "display" was borrowed by shopowner from local zoo.

**OLD AND NEW** — Ruins of historic Castle Clinton, soon to be restored as national monument, provide contrast with modern skyscrapers at foot of Manhattan Island, in New York.

**VOICE OF THE PAST** — Carl Eloff tests his Kentucky long-rifle at Miami, Fla., range. The 19th century muzzle-loader, popular among gun fans, is noted for its accuracy.

For Winter Resort Wear

Bold red and white stripes enliven this penny-bank priced swim suit, worn with white terrycloth robe with decorative scrollwork and deep pockets.

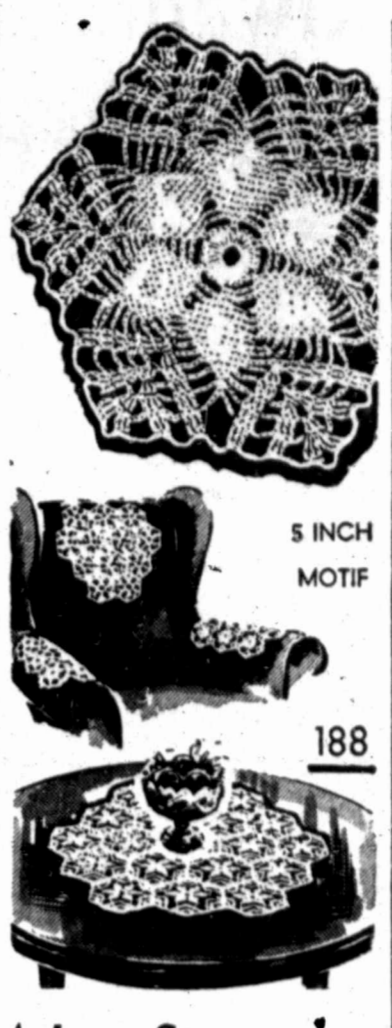

Wedding Suit

Newest resort idea as previewed in Miami, with bright embroidery.

### Two Parties Climax Pre-Nuptial Affairs

The home of Mr. and Mrs. Ted Groebels was the scene Thursday evening of the wedding rehearsal dinner for Louise Ann Bennett and Jerry Worthy. The couple will be married this evening in St. Mary's Episcopal Church. Joining the Groebels in entertaining were Mr. and Mrs. Bernie Coughlin. Guests were seated at three large tables covered with cloths of imported cutwork. Silver candelabra held pink twisted tapers. Centering each table was an arrangement of pink rosebuds with pink and silver twisted fern in silver containers. Tiny rosebuds graced the place cards. Match folders and cocktail napkins in pink and silver were marked with the names Louise and Jerry. The hosts presented the bridal pair with a silver heart shaped bon-bon dish. Attending were the honored couple, the bride's parents, Dr. and Mrs. H. M. Bennett; her uncle and aunt, Mr. and Mrs. T. E. Helton; Mrs. Roy Worthy of Donie, and Bob Worthy of Buffalo, mother and brother of the prospective bridegroom; Mr. and Mrs. George O'Brien Jr. of Midland. Also Mr. and Mrs. Dixie Kilgore of Lamesa; Mr. and Mrs. Bill Neal; Mrs. H. C. Brooks and Mrs. E. A. Fletcher, both of San Antonio; Mr. and Mrs. Don Newson; the Rev. and Mrs. William Boyd; Mr. and Mrs. Dan Krause; Mr. and Mrs. Ike Robb; Mr. and Mrs. E. N. Rea of Pottsville, and Mr. and Mrs. Rollin Bishop of Waco, uncle and aunt of the bridegroom. A bridesmaids' luncheon was given Thursday in the home of Mrs. E. H. Hatch, with Mrs. W. B. Hardy and Mrs. Ira Thurman as hostesses. The bride's table was laid with a pink linen cloth and held a large mesh wedding bell filled with pink mallow in combination with pink sweetheart roses. Base of the arrangement was silver. A gift from the hostesses marked the place of the honoree. Place cards were in pink and silver with tiny wedding bells used as decoration. Two smaller tables were covered with white linen cloths and held matching bells in a smaller size. Twenty-three were present for the affair.

A Lacy Star

Simple crochet stitches are used to make this lacy star motif. Set them together to form pretty items. No. 188 has crochet directions. Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

### Business Meet, Social Held By Baptist Class

Mrs. L. D. Harris, first elected president of the New Baptist Emily Andrews Class, presided at the business and social meeting Thursday night at the church. Other officers named were Mrs. Roy Worley, vice president; Mrs. Ollie Anderson, secretary; Mrs. H. J. Agee, stewardship; Mrs. C. W. Mahoney, social; Mrs. H. W. Kirby, Mrs. C. W. Parks, Mrs. Bill Gage, group captains one, two, and three, respectively; Mrs. Jack Irons, associate group captain. Mrs. Lacy Parsons will teach the class. Mrs. J. C. Pickle led the opening prayer and Mrs. Charles Sweeney brought the devotional on "Count Our Blessings." Hostesses for the Nov. 20 meeting, which will be held at the Worley home, will be Mrs. Worley, Mrs. Charles Tompkins and Mrs. Jack Irons. Plans were tentatively made to have the monthly meetings on the third Tuesday instead of the second Thursday. Fourteen attended the meeting which was hosted by Mrs. Harris, Mrs. Mahoney and Mrs. Anderson.

### Artists Association To Meet In Abilene

Announcement has been made of a meeting of the West Texas Artists Association, set for Oct. 27 in Abilene. Included in the association are members of Big Spring, Sweetwater, Abilene and San Angelo. Pictures will be exhibited at Mack Eplen's Cafeteria, where they must be by 11 a.m. of the day of exhibition. Anyone who has paid up membership is eligible to show two pictures. All work will be judged that day, and officers will be elected. Juanita Tuttle of Abilene is in charge of arrangements; additional information may be obtained by writing her at 2041 North Third, Abilene.

### Sew, Chatter Club Makes Bandages

Eleven members of the Sew and Chatter Club met in the home of Mrs. Lawrence Robinson Wednesday afternoon to make cancer bandages. These were presented to the Cancer Association. During the afternoon, the birthday of Mrs. C. Y. Clinkscales was observed with gifts and a birthday cake. The hostess was also presented a gift from the club. The next hostess will be Mrs. Tom Rosson, 108 Lincoln.

### Lost 29 Pounds With Barcontrate

Mrs. Lucille Knowles, 301 Star St., Bonham, Texas, writes us as follows: "I have lost 29 pounds taking Barcontrate, reducing from 165 to 139. Barcontrate not only helped me to lose weight but has helped me in other ways. I was bothered with gall bladder trouble until I began taking Barcontrate. Now I feel so much better. I don't have that swelling after every meal anymore." Get Barcontrate from your druggist. Sold on a money back guarantee.

### Legion Auxiliary

At a recent meeting of the Coahoma American Legion Auxiliary, Mrs. Jim Shelburne and Mrs. George Fowler were named color bearers for the district convention to be held at Colorado City on Oct. 20-21. Three new members were received into the auxiliary. They were: Mrs. O. D. O'Daniel Sr.; Mrs. Eva Wheeler and Mrs. O. D. O'Daniel Jr. There were six members present.

### Three-Six Club To Change Meet Date

Mrs. J. R. Wadkins was hostess to the Three-Six Club Thursday evening. Members voted to change the time of meeting from the second Thursday of the month to the third Thursday. Mrs. Vincent Best was winner of first prize and also won the floating prize. Second prize went to Mrs. Robert Hayes; third to Mrs. Cletus Piper and consolation to Mrs. Harry Heise. Low score prize was awarded to Mrs. Eudie Gregg. Refreshments were served by the hostess, assisted by Mrs. Hayes. Mrs. Robert Bishop will be hostess for the Nov. 15 meeting, with the place to be announced at a later date.

### Forsan Club Plans For Family Night

FORSAN — Members of the social committee for the Forsan Study Club met Wednesday to make plans for the Family Night celebration. The club will sponsor the affair, which will begin at 7:30 p.m. Tuesday in the school cafeteria. Following prayer meeting at the Baptist Church Wednesday evening, members of the church gave the Rev. and Mrs. Luther Garner a surprise poultice. Rev. Garner has just recently become pastor of the church. Officers of the Junior Girls' Auxiliary were elected at a recent meeting of the group in the Baptist Church. Lanell Overton was chosen president; Lynn Gray vice president; Winona Walker, secretary-treasurer. Two new members, Sue Riffe and Patsy Gooch, were introduced. A program, "That's Why," was given by the officers, with Sharon and Sandra Klahr assisting.

### College Heights P-TA Hears Floyd Parsons

Members of the College Heights P-TA heard Floyd Parsons, superintendent of schools, at their meeting Thursday at 3:30 p.m. Parsons told the group that when they voted for the proposed Fourth Amendment they would not only be voting for benefits, but would be making future generations to find the teaching profession a better field to enter. He pointed out that industries were offering many more benefits than school teachers received, and therefore offering more competition. The devotion for the afternoon was presented by Mrs. George O'Brien, Mrs. Jack Wilson and Luella Daniels were in charge of the program on "Citizenship." The group voted to sell savings stamps one day a week at the school. Mrs. E. W. Alexander's first grade won the prize for the membership drive which closed with Thursday's meeting. The room count prize was won by Miss Daniels' sixth grade room. Eighty were present for the meeting.

### Mrs. Hall Speaks At West Ward P-TA

The West Ward P-TA opened the Thursday meeting with a devotion given by Mrs. R. V. Hall. Her topic was "The Importance of the Child." Joe Pickle was guest speaker for the afternoon. His subject was "Supporting Your Teacher." During the business session, Mrs. Robert Sparks was nominated for vice president. The group also voted to hold a Halloween carnival at the school. Seventy-three were present, with Mrs. Billy A. Scott winning the special prize.

### Sorority Makes Rush Season Plans

Rush season plans were made by the Epsilon Sigma Alpha Sorority Thursday evening at a meeting in the home of Mrs. Robert Hill. Mrs. Bill Estes was cohostess. Mrs. Estes, rush captain, announced a hat auction to be held at the VA Hospital on Oct. 25 in an after-the-game party for Oct. 26 in the Estes home, and a model meeting on Nov. 8. A coffee at the Howard House is planned for Nov. 17, and the jewel pin ceremony for an evening in November. The date will be announced. Barbara Ann Eye reported on the yearbooks, which will be ready for the next meeting of the group. A new member, Mrs. Floyd Moss, who is a transfer from Ozone, was appointed on the home board. Be Bowen was appointed social service representative. Refreshments were served to 11.

### Halloween Party Is Planned By Indoor Sports Club

At a meeting of the Indoor Sports Club Thursday evening, the group made plans for a costume Halloween party. The vice president, Courtney Davies, presided, in the absence of Claudia Arrick, president, at the session in the Girl Scout Little House. During the evening, a game party was sponsored by Mr. and Mrs. Ross Hill. Fourteen attended and were served refreshments by Mr. and Mrs. Hill, Mrs. Armour Long and Adele Cole. Attending from Midland were Murray Maddox, Shelby Cole and David Walker.

### Lutherans Attend Odessa Meeting

Ten Big Spring women attended the Fall Rally of the Lutheran Women's Missionary League of West Texas which was held in Odessa Thursday at the Redeemer Lutheran Church. Mrs. Walter Pachall, Big Spring, president of the West Texas Zone, presided at the business meeting. The opening devotion was given by the Rev. Paul Heckman, pastor of the Odessa Church. Those attending from Big Spring were Mrs. Jack Watkins, president of the local group, Mrs. Elbert Lot, Mrs. Gus Oppgaard, Mrs. Wayne Dittler, Mrs. Gilbert Pachall, Mrs. Marie Smith, Mrs. Moran Oppgaard, Mrs. Ted Pachall and Mrs. John Foster.

### Flower Arranging Topic At HD Meeting

"Tips on Flower Arranging" was the answer to roll call at the Tuesday meeting of the St. Lawrence Home Demonstration Club. Mrs. Fred Hoelscher was hostess to the six members and one guest, Mrs. Robert Hayden. During the afternoon, members answered quiz games about states and capitals. They also discussed the selling of Christmas cards. The next hostess will be Mrs. A. W. Schraeder.

### Birthday Party

Mr. and Mrs. Ed Kennedy of Forsan recently honored their daughter, Debbie, on her second birthday anniversary. Refreshments were served to 16.

### Surprise Party Given

LAMESA — Mrs. Tommy Brannon was honored with a surprise coffee Monday morning in celebration of her birthday. The party was held in the home of Mrs. Hayes Walker. The serving table was laid with a gold linen cloth and featured a centerpiece of fruits in a copper chafing dish. Fourteen attended the coffee.

### H. V. Crocker Guest Speaker At East Ward

H. V. Crocker, fire chief, spoke to members of the East Ward P-TA when they met Thursday at the school. He told the group about the different kinds of fires and told how homes were inspected for fire hazards. The Rev. Jack Ware, pastor of St. Paul Presbyterian Church, gave the devotion titled "Basic Law's for Human Life." He spoke on the Ten Commandments. The group voted to hold their Halloween Carnival Oct. 29 beginning at 6 p.m., at the school. Mrs. Robert Hall, vice president of the P-TA, and M. R. Turner, principal of the school, were chosen as delegates to the state convention to be held in Amarillo. A group of volunteer mothers will telephone people in Big Spring urging them to vote Nov. 6 for the proposed Fourth Amendment. Mrs. Elwood Carlile, president of the group, announced that she would have a study club on "Mental Health" at her home, 610 Ridgeway, on Oct. 15 at 7 p.m. As the group's project of the year members voted to serve refreshments at the State Hospital on holidays. Mrs. A. C. Kloven's room won the count prize. Sixty-three were present for the meeting.

### Altrusans Discuss Projects

Projects for the coming year were discussed by members of the Altrusa Club, meeting for luncheon Thursday at the Settles Hotel. Mrs. J. B. Apple presided for the business session in the absence of the president, Mrs. Ruby Billings. Alma Gollnick, representing the local Desk and Derrick Club, distributed invitations to the Permian Basin Oil Show to be held in Odessa, Oct. 18-21. She also gave folders telling of the advances in the oil business. Mrs. Willard Sullivan, past president of the group, gave written reports of her work during the past year. The budget was submitted to the club, and a report of the executive committee was made. Tentative plans for the next social meeting were discussed. About 20 members attended.

### McNallens Entertain California Visitor

FORSAN — Mr. and Mrs. A. J. McNallen and Mary Kay have as their guests Mrs. Geneva Smith of Rialto, Calif. She is a sister of Mrs. McNallen. Recent guests of Mr. and Mrs. C. D. Fowler were Mr. and Mrs. Charles Gordon and Phil of Duncan, Okla., and Jack and Harold Fowler of Sadler. Mr. and Mrs. John Kubecka have been visiting Mr. and Mrs. L. W. Moore in Midland. Recent visitors in Del Rio, Eagle Pass, Piedras Negras and Villa Acuna have been Mr. and Mrs. Roy Klahr and children and Mrs. Silvia Angus of Denver, Colo. Mrs. Angus and Mrs. Klahr are sisters. Visiting in Forsan with their parents, Mr. and Mrs. J. W. Griffith and Mr. and Mrs. J. D. Gilmore, have been Mr. and Mrs. Floyd Griffith and children of Midland. Mr. and Mrs. John Cardwell have returned from a week's stay in Abilene, Dallas and Rice. Mr. and Mrs. Clifford Draper and Verna were recent visitors to Midland. Mr. and Mrs. A. P. Oglesby are on vacation in Muller.

### Luther HD Club Plans Sanatorium Work

Members of the Luther Home Demonstration Club met Thursday and discussed plans to work at McKnight Sanatorium in San Angelo. Mrs. J. H. Wilson was hostess and presented the devotion for the eight members who attended. Mrs. R. W. Harrison will be the hostess on Oct. 25.

### Lees Baptist WMU Hears Mrs. White

Mrs. A. W. White conducted the Bible study for members of the Lees Baptist WMU at their meeting recently. She spoke to the group on "Soul Winning." Others taking part on the program were Mrs. C. C. Bell, Mrs. D. Armstrong, Mrs. R. W. Dolan, Mrs. J. C. Ray, Mrs. J. J. Overton, and Mrs. T. W. Baker. Mrs. Bell will be hostess for the Oct. 16 meeting. Mrs. White will be in charge of the Bible study.

'Ike's Glasses'

Former President Harry S. Truman takes off a pair of "I Like Ike" glasses which he told a Democratic fund-raising dinner in Pittsburgh, Pa., that the "glass in them is tinted and when you put them on, everything looks rosy and serene." Truman said that wearing the glasses hides "the frowning face of Communism, threat of conflict in the Near East and the rising tide of anti-American sentiment around the world."

## Kiwanians View Radar Apparatus

Big Spring Police Department's new radar speed control apparatus was demonstrated to the Big Spring Kiwanis Club Thursday. Herb Whitney, city manager, who is a member of the club and C. L. Rogers, chief of police, were the speakers.

The little device which accurately records the speed of passing vehicles and enables officers to check traffic habits of drivers, was rigged at the speaker's table and the Kiwanians had a close hand look at the equipment.

Whitney told the club the machine is, in actuality, a small shortwave radio transmitter and receiver combined into one unit. The range of the transmitter, which is licensed by the FCC like any other transmitter — is from 175 to 200 feet. Signals strike moving vehicles and are picked up on the return bounce. An indicator on a dial immediately records the speed at which the object was moving.

Stationary cars do not effect the machine.

Rogers pointed out that Big

## Tyson Street Wins Battle

BALTIMORE (AP)—Tyson Street, where progress marches backward, won't bow to a superhighway after all.

The City Planning Commission announced yesterday it had pushed the proposed route of the east-west expressway a little north of the one-block patch of past-shaded antiquity.

During the last 10 years, residents of Tyson Street have restored the block of row houses from rock bottom slum dwellings to their "old Baltimore" flavor. Exteriors have been painted pastel colors.

Tyson Street folk say their efforts are a prime example of privately-financed urban renewal.

They complained when expressway plans called for elimination of Tyson Street. When they received little encouragement from city planners, a "Save Tyson Street Committee" called last week on Mayor Thomas D'Alesandro. He said he would see what could be done.

## Much-Patched Constitution May Undergo More Surgery

AUSTIN (AP)—Texas' much-patched Constitution may undergo more surgery next month when nine proposed amendments take the voters' test.

At 40,000 words, the Constitution is one of the longest in the country. After its adoption in 1876, Texans started changing their minds.

In all, 121 amendments have been made. The Legislature culled down more than 1,700 revampings and submitted 208 to the people and 87 were voted down.

A fumble by the Legislature resulted in the calling of two elections for the nine proposals. Eight will be voted on at the general election Nov. 6 but the ninth has to wait another week.

The final proposition was called for submission "on the second Tuesday in November" instead of the usual "first Tuesday following the first Monday."

A simple majority will result in an amendment becoming a part of the Constitution.

All proposals have enemies but perhaps two most controversial concern the teachers and the veterans land program.

Despite the scandals which sent former Land Commissioner Bascom Giles to prison, the Legislature asked for an expansion of the program. Texans are asked to authorize another 100 million dollars in bonds to finance purchase of farms and ranches for eligible veterans.

One amendment would change the teacher retirement program

so Legislatures could improve teacher pensions and add disability and death benefits. Proponents say it would broaden the benefits for employees of the schools while opponents say it would cost too much and an increase in salaries rather than retirement benefits would be more helpful.

The amendment to be voted on Nov. 13 would allow the Legislature to provide for aid to needy individuals permanently and totally disabled.

All others will be voted on Nov. 6. They would:

1. Permit the state to recompense persons erroneously convicted of crimes they did not commit.
2. Give commissioners courts leeway in reallocating between their permanent improvement, jury, road and bridge and general funds. This would let these courts reallocate annually when they are preparing county budgets. Present law requires an election before funds can be shifted.
3. Allow wide investment of the university permanent fund in an effort to secure greater returns.
4. Set up an appropriate oath of office for appointive officers of the state, who now have to use one designed only for elective officers.
5. Reduce the number of jury trials in lunacy cases by giving the accused person a choice of whether or not to have a jury.

The jury trial now is mandatory. The proposed right to waive a jury would not apply where a criminal offense is charged.

6. Give district judges the right to deny bail to persons twice convicted of felonies.

## Reservists Look For Competition

Marine reservists here are spoiling for a rifle and pistol match. So far the local platoon has been unable to get local groups to accept a challenge to test marksmanship. Any interested are asked to contact Sgt. Donald L. Lamb, in charge of the local unit.

Other activities are under way for the group, including combat judo instruction. Sgt. Lamb became expert in this during his last assignment under the Marine Corps criminal investigation division.

The reservists meet at Howard County Junior College in the Science Building each Monday evening. Young men between the ages of 17 and 18 are invited to attend and to take part. Periodically, field operations are held in Tom Green County, and each year along with all Marine reservists a two weeks training period is held. Last summer the Big Spring platoon, along with those in Brady and San Angelo, was part of the outstanding company of an estimated 1,600 reservists in training at that time.

The percentage of those firing for rifle qualification was 98.7, considered uncommonly high for men firing a strange heavy-caliber rifle.

Besides the rifle and pistol team, the platoon is organizing a drill team for exhibition purposes.

## Pink Elephants Better—No Odor

LOS ANGELES (AP)—Customers at Woody Trigg's bar looked up from their drinks and saw a skunk standing in the doorway.

"All you could hear were the ice cubes rattling in the glasses," Trigg said.

The 19 customers left hurriedly while Trigg and waitress Ruby Day, after an odorless chase, finally trapped the skunk in a rest room.

Authorities who carted the little rascal off to the animal shelter explained that it apparently strolled in from a park across the street.

## Band Jackets OK'd For Senior Members

Senior members of the Big Spring High School band again will be furnished "letter" jackets by the Band Boosters Club.

Boosters have reached this decision, along with those for carrying out usual projects, including fruit cake sales and rental of cushions at football games.

Reports to the Band Boosters indicated that the Junior High band boys and girls took in around \$700 in a highly successful tag day last Saturday. This will go into the general fund and will be applied toward activities of the junior band, including additional uniforms, trips, etc.

## Israel, Jordan Confer On Truce

JERUSALEM (AP)—The U.N. Palestine truce chief conferred today with Israel and Jordan authorities in an effort to ease tension in the wake of a seven-hour Israeli reprisal raid which left an official death toll of 59.

A U.N. spokesman said truce supervisor Maj. Gen. E. L. M. Burns "is taking measures" with authorities from both sides to clear the explosive atmosphere. The spokesman declined to specify what was planned.

Burns acted as fears rose that the Arab states might launch a combined attack against Israel to avenge the assault on Jordan's Kalkiyeh police station which touched off the border battle.

Jordan's King Hussein, who personally directed his troops in the border skirmish, has sent appeals for help to his Arab neighbors.

## Student Stirs Up Hornet's Nest

CARTHAGE, Tex. (AP)—A student brought what he thought was an abandoned hornet's nest to Mrs. Hazel Kyle's science class at Carthage High.

The hibernating hornets started moving and so did the class—with Mrs. Kyle in the lead.

One girl was stung.

## MUSIC, BALLET

### Concert Series Artists Figure In Current News

Three personalities figuring in two of the presentations of Big Spring Concert Association are in the current news.

Mantovani, the noted British conductor and recording figure, arrived for his tour of 80 American and Canadian cities with his orchestra. Although this is his second visit to the United States, it will be Mantovani's first coast-to-coast tour. He comes directly from South Africa where he completed a successful concert tour. Mantovani and his 45 superb musicians will open the local series Nov. 15 at the City Auditorium.

Memberships for this and others in the series are now being rushed by officers and volunteer workers of the Big Spring Concert Association.

Marjorie Tallchief and her husband, George Skibine, who will be the stars of the Chicago Opera Ballet in its presentation here, have just been signed as principal

dancers in the world-famous Paris Grand Opera Company, it was announced.

Miss Tallchief will be prima ballerina and Mr. Skibine will be the premier danseur and choreographer.

Their transcontinental tour of 17 weeks with the Chicago Opera Ballet begins Nov. 27 and will include two units, one based on Lehar's lively "Merry Widow" and the other "Revenge," taken from Verdi's Il Traviatore. Miss Tallchief is a member of a famous Osage Indian tribe.

Mrs. Clyde Angel, president of the concert association, said that reports so far have indicated a good response. Especially encouraging has been the number of new members subscribing. Currently she and others are making every effort to contact last year's members for renewals for the series. The third number will be the famous First Piano Quartet.

## Ike Outlines Emergency Program For Drought Areas

WASHINGTON (AP)—President Eisenhower outlined today an emergency program, topped by a rise in the feed subsidy, "to help relieve the acute distress" in drought areas of the nation.

The emergency program:

1. The government is increasing from \$1 to \$1.50 a hundred pounds the federal subsidy, paid with government-owned feed grains, to help maintain basic livestock herds. That means, in effect, that the government, through subsidies, is slicing \$1.50 a hundred pounds off the actual cost of such grains.
2. Directors of the Export-Import Bank have authorized a loan of five million dollars to Mexico to buy U.S. beef and dairy cattle. Eisenhower said that of that amount at least \$3,750,000 is ex-

pected to buy some 40,000 beef cattle from livestock owners in the Southwest who are short of feed. The loan was announced yesterday.

- 3. Allocation of five million dollars more from civil defense disaster relief funds for buying hay and other roughage to maintain foundation livestock during the rest of this fiscal year ending June 30. The President said \$10,500,000 which was available for that purpose already has been used up, with half of that amount committed in Texas.
- 4. Western railroads have been asked by the administration "to consider ways and means of assisting farm and ranch people in drought areas during this difficult period" through reduction of freight rates.

Addresses Miners

When Secretary of Labor James P. Mitchell arrived to address the convention of the United Mine Workers in Cincinnati he discovered that the podium was a wooden milk bottle case. He told the group that he didn't care for the speech he prepared and shoved it and the podium aside and spoke extemporaneously.

"Don't miss it, friends!  
Enter Gulf's 'Life of Riley'  
Contest now!"

WILLIAM BENDIX, star of "The Life of Riley" TV show... and your royal home, Maria Serenata Palace.

GRAND PRIZE:  
**LIVE THE LIFE OF RILEY IN A PALACE ON THE RIVIERA**

WIN 30 FABULOUS DAYS WITH \$200 A DAY TO SPEND

Fly via a luxurious PAN AMERICAN Super 7 Clipper

Fly direct to Nice, France, in 20 hours, via the world's most experienced airline. Live in a Riviera mansion for four fabulous weeks. Reign in a royal home, with all modern conveniences.

Servant staff, luxury furnishings, glamorous patio, private swimming and boating facilities... all this and more... all yours in a stunning setting on the Mediterranean!

It's a once-in-a-lifetime trip for two. You enjoy scores of exciting holiday adventures—with \$200 a day to spend! Your own limousine whisks you through a gay round of gala events in nearby Nice, Cannes and other Riviera playgrounds.

A world of pleasure awaits you. Golden beaches, festive occasions, dazzling scenery... sports, pleasure, regal relaxation... you live the Life of Riley for a magnificent, memorable month!

Simple to enter—Easy to win!

Just complete this jingle. Enter as often as you wish. All entries must be on official Contest Entry Blanks, which contain complete contest rules. Get yours free at any Gulf station. Contest closes midnight, Oct. 31.

Gulf No-Nox is the gasoline that's famous 'cause it burns so clean. Fill up at Gulf and you will see. (Make your last word rhyme with "see.")

Clean-burning No-Nox gives you many more miles of new-car power!

HINTS TO HELP YOU WIN!

1. No-Nox burns clean because Gulf refines out the "dirty-burning tail-end" found in ordinary gasoline.
2. No-Nox combats formation of carbon deposits which "shrink" engine power.
3. No-Nox protects your engine, keeps new-car power intact for thousands of extra miles.
4. Gulf No-Nox is a high-octane gasoline—gives more miles per gallon in short-trip driving.

# Steers Seek Second Win In Game With Tornados

## Lamesa Boasts Like Record

RECORDS:	Big Spring	LAMESA
19 Andrews	41	7
18 Level	32	10
17 Snyder	30	12
16 B'water	27	15
15 Totals	129	61

A rivalry with a storied past gains another chapter in Memorial Stadium at 8 o'clock tonight, at which time the Big Spring Steers play host to the Lamesa Tornados.

Though the teams are now in different classifications and neither boasts an outstanding record, upwards to 5,000 people — perhaps more — will be in attendance.

The two elevens boast similar records, each has won only once in four starts. Lamesa succeeded in topping Austin High of El Paso, Big Spring shocked observers all over West Texas by belting Sweetwater last weekend, 28-7.

The two teams have been meeting continuously since 1938 and Lamesa holds the edge in the all-time series, nine wins to eight. The two clubs played to a 14-14 deadlock in 1942.

Lamesa won six straight games starting in 1947 but the Steers have finished on the long end of the score the past three outings.

Last year's game was all anyone could ask for, in the way of thrills. It wasn't decided until the last few moments, when Jerry Barron booted an extra point that gave the Steers a 28-27 victory.

Prior to last week, Lamesa would have ruled an overwhelming favorite to cop the duke this time. However, the Steers improved out of sight in their game with Sweetwater and must be afforded a good chance to win this evening.

The Big Springers are still crippled but, at that, will be in better shape than they were in last weekend. For one thing, Ronnie Phillips will be ready to play for the first time this season. For another, end Jan Loudermilk is poised to get 40 minutes, if he is needed.

The Lamesas' wheelhouse is quick and dangerous John Middleton, a 160-pounder capable of exploding through the line for touchdowns from far out.

Middleton consistently leads the Tornados in yards gained and quite often serves as a pass target for Frankie McKinney.

Roger Shipp and Charles Hatchett give Middleton a lot of help in the Lamesa secondary.

The two lines shape up about evenly in weight. Lamesa, however, has not only scored more points than the Steers, it has yielded far fewer points, as well.

Lamesa appears to be a strong first quarter club. The Tornados led both Kermit and Brownfield for a quarter before yielding decisions in those games.

The "Tornados" only success came at the expense of Austin of El Paso, which they beat, 28-12. Tonight's game is the last one at home for Big Spring before it opens the District 2-AAAA season the night of Oct. 26 against Abilene.

The past series:

1938—Lamesa 13 Big Spring 6.  
1939—Big Spring 40 Lamesa 14.  
1940—Big Spring 19 Lamesa 6.  
1941—Lamesa 20 Big Spring 7.  
1942—Big Spring 14 Lamesa 14 (tie).  
1943—Big Spring 14 Lamesa 20.  
1944—Big Spring 7 Lamesa 6.

Try Klondike Today

Lettermen of the Knott High School six-man football team, pictured above, are poised to meet Klondike at Klondike in a conference game today. Front row, left to right, they are Jimmy Peacock, Woody Long and Freddie Graham. Back row, Thomas Day, Bruce Parker, and Warren Wilburn. Coach Morris Melpus is in the rear. Long and Parker may not play due to injuries.

# Yearlings Sock Lamesa For Second Win, 25-13

GAME AT A GLANCE

Big Spring	Lamesa
First Downs	13 15
Yards Rushing	236 203
Yards Passing	89 23
Passes Completed	3-4 1-7
Passes Inter. By	0 0
Fumbles	1-0 1-3
Penalties	2-20 4-30
Fumbles	4 4
Own Fumbles Ret.	1 1

The Big Spring Ninth Grade Yearlings rallied twice to defeat the Lamesa Whirlwinds, 25-13, in a rock-and-sock football game played before an estimated 1,000 fans here Thursday night.

The Yearlings never took command until the fourth period, when they scored twice to salt away the verdict.

Lamesa, intent upon improving on its 2-1 won-lost record, scored on the second play of the second period when Jerry Grisson knifed through from two yards away, clinching a 56-yard drive.

In the initial period, Big Spring had fired up for an assault on the goal but a fumble nipped the offensive in the bud.

After Lamesa had broken the ice, Big Spring came right back to get a TD without losing possession. J. B. Davis finally legged it in from the three. That particular drive carried 69 yards.

Not long before the half ended, Big Spring pounced on a Lamesa fumble on the Tornado 39, from which point Donnie Everett sought out Billy Engle for a touchdown pass.

Big Spring was hammering away at the enemy eight when the half time whistle sounded.

The Whirlwinds mounted another drive in the third and it paid off when Nat Self skirted end for 18 yards and a TD. The drive had started on Lamesa's 34.

When Howard Westmoreland booted the point, Lamesa led, 13-12.

Early in the fourth, James Drake scooted across the double stripes from the one for Big Spring's third tally. Culminating a 75-yard drive, Davis added the point on a run.

Gordon Bristow, who called a fine game throughout, added the insurance tally in the final three minutes of play when he scored from the one after Gaston Lackey had recovered a fumble on Lamesa's 34.

Drake, playing far and away his best game, was the leading ground gainer for the Yearlings with 129 yards in 15 carries. Davis, a demon on defense, picked up 99 yards in 15 tries. Freddy Brown had 19 in five tries.

For Lamesa, Self gained 59 yards in ten thrusts, James Cox 34 in 12 tries and Kirk Wiggins 32 in eight.

Big Spring was playing without the services of James Harrington, fullback; Mackie Alexander, tackle; Ronald Letcher, defensive guard; and Bobby Potts, defensive tackle.

Mike Zubiate, Davis, Bristow and Benny Edwards all distinguished themselves on defense for Big Spring, along with Tommy Jackson.

Roy Deel, Bobby Evans, Bud Bridges, Alvin Utley, Dennis McCullough, Donald Dorsey and Billy Engle sparkled on offense.

The win was the second of the season for the Yearlings, compared to one loss and two ties. Score by quarters:

Big Spring	0	12	0	13-25
Lamesa	0	6	7	0-13

### Rory Calhoun Tries John L. Sullivan In New York

CLEVELAND (AP) — Both Rory Calhoun and John L. Sullivan, who fight in a middleweight 10-rounder at the arena here tonight, hope to get Joey Giardello as next opponent. And the experts hereabouts say Calhoun will be the one whose hope is still alive tomorrow.

But the experts were wrong in placing their bets two weeks ago when Giardello whipped Bobby Boyd and sent his stock as a middleweight contender way up.

Giardello, who hasn't been committed to meet tonight's winner, will be on hand to watch Sullivan, veteran from England, swap punches with the 22-year-old Calhoun, an Atlanta minister's son now fighting out of White Plains, N.Y.

NBC will broadcast and telecast at 8 p.m. Big Spring time. Currently rated No. 6 contender, Calhoun had a string of 23 victories, including 12 knockouts, when Spider Webb won a split decision from him last August.

Sullivan has done more than three times as much professional fighting as Calhoun and has 35

knockouts among his 66 victories. He fought three draws and lost 20. Sullivan is expected to have a weight advantage of perhaps as much as six pounds.

# Englehardt Is Tops In Gains With 600 Yards

NEW YORK (AP)—Bill Englehardt of Omaha, the 1954 small college football total offense leader and runner-up to Jim Stehlin of Brandeis last year, was back in first place in that department this week.

Figures from the NCAA athletic Bureau disclosed today that in four games Englehardt has a total of 600 yards, 422 coming on forward passing.

Englehardt, Wofford's Charlie Bradshaw, and John McCrary of McMurry, each collected more than 200 yards last week to move past Dick Jamieson of Bradley in total offense. Jamieson netted only 74 yards against Southern Illinois and dropped to sixth.

Stehlin got 196 yards last Saturday and is in eighth place, with 447 yards in two games, his 223.5 average better than any of the leaders.

Vic de Orto of Bowling Green tops the rushing leaders with 371 yards in four games, while Chuck Haering of Colorado College is the leading passer. In four games Haering has attempted 57, completed 31 for 370 yards.

Jerry Richardson of Wofford leads in pass receiving, with 15 catches for 432 yards, while Wes Gideon of Trinity, Tex., has averaged 44.7 yards with 7 kicks in 3 games to top the punters.

Arkansas State ran up 479 yards, 453 rushing, to retain the lead in total offense and rushing. In two games Arkansas State has gained 1,062 yards, with 985 from rushing. Pacific Lutheran, (Wash.), leads in passing offense, 469 yards in two games.

The individual leaders:

### Morrow Goes West

ABILENE (AP)—Bobby Morrow, national AAU sprint champion and a member of the Olympic team, was in Berkeley, Calif., today for a meeting of the team. Some 3,000 townsfolk saw him off yesterday.

# Bullpups Outlast Roby Club, 19-18

COHAOMA (SC) — A tackle by Aubrey Darden of a Roby bull carrier trying for an extra point on an end sweep stopped the visitors shy of the goal line and enabled the Coahoma Bullpups to nose out Roby Junior High in a football game played here Thursday night, 19-18.

Roby had scored on a 70-yard pass play four seconds before the end of the game.

The win was the 15th for Coahoma over two seasons. This year the Bullpups, coached by Billy McGuire, have won four and tied one.

Roby scored first in the initial period on a 25-yard drive after recovering a Bullpup fumble.

In six plays, Coahoma tied it up. Tom Hodnett set up the tally with a 35-yard end run. Royce Abergegg finally made it from the eight.

The half ended with the score tied, 6-6.

In the third, Roby scored again after recovering a Coahoma bobble but Coahoma fought back when Willie Torres caught a pass from Abergegg and went to the Roby ten. Hodnett pushed it across from the four several plays later.

In the fourth, Gorman Finley set up Coahoma's third score with a 25-yard sprint to the 11. Dwayne Richters bruised over from the seven and Finley made the all-important extra point on a run.

On offense, Torres, Charles Linderman, Sam Buchanan, Dale Nichols, Wayne Smith, Jimmy Knous and Clarence Massey all looked good for Coahoma while Mike Payne, Darden, Buchanan, Nichols, Torres, Ronnie Lindley and Hodnett were outstanding on defense.

Robert Cearley, Coahoma fullback, had to miss the contest due to injuries.

Coahoma hosts Stanton in a game next Thursday evening and Coach McGuire said he was expecting that to be his team's toughest game.

# Sorrells In Lineup For Buffs Saturday

STANTON (SC) — Hopes are high here that the Stanton Buffaloes will break into the win column Saturday night when they take the field against Loraine in Loraine. Game time is 7:30 p.m. The contest was moved back from Friday as early as last August due to Homecoming ceremonies at Loraine, which will be climaxed with the contest.

Nolan Sorrells, a guard, returns to the Stanton lineup after missing several games due to an injury. There is no indication when Carroll Overby, letterman tackle, will be back, however. Overby was injured in the same game in which Sorrells turned up a casualty.

Tech Veteran

Senior Barton Massey, a 225-pound center from Bowie, will probably start for the Texas Tech Red Raiders against West Texas State in Lubbock Saturday night. Massey was an all-state basketball player while in high school. He's 6-4.

Coach Bowden Cook has problems in the backfield and may have to switch several players before Saturday night's game is history.

Delbert Donelson, star running back of the Buffs, has torn ligaments in his knee and may be used sparingly. Delbert Chesser will probably go in his place.

Dwayne Thompson has an injured hip but will probably go at quarterback. Loie Badgett will spell him at quarterback occasionally. Badgett will start at fullback, however.

Phil Foreman, favoring an injured leg, will start at halfback while Rodney Myrick will go at fullback.

Coaches Cook and Wayne Grable are now working with a squad of 35 boys.

The Buffaloes, who have lost to Rankin, Grandfalls and O'Donnell this season, launch conference play Oct. 19, at which time they meet Roby in Stanton.

## Dogies Visit Lamesa Field

Encouraged by their showing against Odessa last week, although they lost, 20-0, the Big Spring High School B football Shorthorns visit Lamesa Saturday for a 7:30 p.m. engagement with the Lamesa reserves.

The Dogies, coached by Sam Bell and John Yates, came back strong against Odessa after the visitors had scored all three of their touchdowns in the opening period.

The Shorthorns have looked sharp in scrimmages with the varsity Steers this week and may be about ready to roll.

Their lineup has been strengthened with the addition of Benny McCrary, who will probably play a halfback spot tomorrow night.

Billy Bob Satterwhite will call the Big Spring signals, with help from Terry Stanley and Bill French.

In starts to date, the Dogies have lost to Sweetwater, Andrews, Snyder and Odessa.

## 'Dogs Favored This Evening

COAHOMA (SC) — Coahoma's Bulldogs, although kayoed by Sonora last time out, are favored to topple the O'Donnell Eagles in their 8 o'clock engagement here this evening.

O'Donnell ambushed Stanton last week but the Buffs were badly crippled.

Coahoma will enter tonight's contest with several cripples but as long as Don White is available the Bulldog fans reason they have a good chance to win.

The Bulldogs have lost to Hermleigh, Ozona and Sonora this season, while winning from Loraine.

Kickoff time is 8 o'clock.

## Games Forfeited To Local Teams

Colorado City teams forfeited games to both the Big Spring Eighth and Seventh graders Thursday evening.

The story in Colorado City was that too many boys there were scholastically insecure for the week.

The local teams visit Sweetwater next Thursday for return games with that school's teams.

## Leaves Tomorrow

COLLEGE STATION (SC) — Col. Frank Anderson, retiring track coach of Texas A&M, leaves tomorrow for the Olympic Games in Australia. He will be an assistant coach of the United States track team.

## LOOKING 'EM OVER

With Tommy Hart

The defeat by Big Spring last weekend should make Sweetwater a better football team.

Snyder is apt to discover the Mustangs are not push-overs when the two teams collide Nov. 2 in Sweetwater.

Incidentally, Coach Elwood Turner of Sweetwater has shaken up his backfield. Ardis Galther has replaced Glenn Reed as the Fany quarterback. Reed has been switched to fullback to replace Adolph Olivera, who didn't see action in the Big Spring game.

Galther takes the place of Jimmy Hardin in the Red and White secondary.

McNeil is the only senior in the group. Reed is a junior while Scott and Galther are sophomores.

Mississippi Southern has a 248-pound 6-foot-6 tackle named Don Owens who has done the 100 in 11 seconds. He started the season weighing 275. The pros have their eyes on him.

The father of Andy Pilney, Tulane football coach, was the heavy-weight boxing champion of Czechoslovakia at one time.

The chief weakness of the Big Spring High School B football team this season obviously has been a lack of speed.

That is the big reason Benny McCrary recently returned to the Shorthorn squad and was assigned to the backfield. He is quick and nimble.

The Dogies aren't nearly as bad as their record would indicate. In fact, there's quite a bit of talent down there which is going to be of service to the Steers in 1957.

Big Spring's Pepper Martin is one of the West Texas All-Star baseball players who will oppose a team of big leaguers in San Angelo the night of Oct. 16.

Joe Adcock, Jack Harshman, Sherm Loller, Billy Klaus, Gene Woodling, Bill Skowron, Tommy Brewer, Willard Nixon, Milk Bolling, George Strickland, Freddy Hatfield, Roy Seivers and Jim Lemon are among the big leaguers due to play in the game.

Fert Worth high school football teams weren't allowed to scrimmage the first week of training this fall. They're fuming about it, too. The rule will probably be removed after this year.

There doesn't appear to be anything that can stop Abilene from setting an all-time record for consecutive wins when it plays here the night of Oct. 26.

If all goes according to plans, the mighty Eagles will bring a record of 29 straight wins into town. Lubbock High now holds the all-time mark.

Big Spring could be just the team to spoil the record, however, if the Steers improve as much in their succeeding games as they did in their last one.

If the locals knuckle to the task, no one is going to shove them around.

Junior high school coaches have received gloomy reports on their star back, James Harrington. He could be through for the season, due to a bad knee.

The aggressive Harrington doesn't lack for confidence in himself. He's been asking his buddies how good his chances are to beat out Wayne Fields for a starting job next year.

Imagine, if you will, the two in the same backfield.

## Two Regular Out As Buffs Take On Wildcats Tonight

FORSAN (SC) — Two and possibly three regulars may not see action for Forsan tonight in the Buffaloes' opening conference encounter with Water Valley in Water Valley.

Edell Ratliff, defensive back, has a torn cartilage in his neck. He'll be replaced by Gary Starr.

Tony Starr is out at least a month with torn ligaments in his knee. Ronnie Howard could go in his place.

There was some doubt this morning that Travis Schaffer would be able to play against the Wildcats. He has been sick with the virus this week.

Probable starters for Forsan include Red Brunton, George White and Gary Starr in the backfield and Joe Fields, Johnny King and Charles Skeen in the line.

In games played to date, Forsan has beaten Flower Grove, 32-12; Ackerly, 39-6; and Knott, 18-6; while losing to Norton, 32-28.

## Forsan Juniors Shade Sterling

STERLING CITY (SC) — The Forsan Junior High six-man football team humbled Sterling City, 26-18, in a game played here Thursday evening.

Gonzales scored all 18 points for the Eagles. Sterling led at half time, 6-0.

Dewey Howard came back to score three touchdowns for Forsan in the last half. Loran Howard added two points by booting a conversion try. Mike Honeycutt made the other Forsan TD on a 70-yard run.

The win was the second in a row for Forsan, which plays a return game with Sterling in Forsan next Thursday.

## O'MALLEY TO KEEP EYE ON DON NEWCOMBE, WHO OWES HIM \$100

LOS ANGELES (AP) — Newsmen asked President Walter O'Malley if he is going to keep his eyes peeled for any promising players when he takes some of his Brooklyn Dodgers on a baseball tour of Japan.

"One promising player I'm going to look at is named Don Newcombe," O'Malley said. "He borrowed \$100 from me the minute he got on the plane yesterday and promised to pay it back."

O'Malley said the big 27-game winner, who was "lost" for a time after being taken out of the final World Series game against the New York Yankees, boarded the plane in New York with no baggage.

Newcombe's wife is due here today with his luggage before the Dodgers leave by air for the Orient.

## NO. 33

# Sooners Expect Win Saturday

By MIKE RATHET

Oklahoma's Sooners expect to make it official tomorrow.

Bud Wilkinson's lads went out and lashed Kansas State 66-0 last week to apparently snap their own major college record for consecutive wins, making the Wildcats their 32nd straight victim.

But the NCAA Service Bureau

yesterday came up with a new wrinkle and decided that Pittsburgh held the previous record from 1914-1919 by accumulating 33. The Sooners should have little trouble equaling the Panthers' record against Texas.

Oklahoma, No. 1 in the weekly Associated Press poll, ironically gets an opportunity to tie the mark against the same team it defeated to start its string. In 1953 the Sooners overcame the stubborn Longhorns 19-14.

The nation's second-ranked team the Spartans from Michigan State, go after their third in a row tonight, meeting Indiana, which bowed to Notre Dame last week. The Spartans will be minus the services of their rugged halfback Walt Kowalczyk, who has an ailing ankle.

In the only major action tonight, Miami, straining to hop into the nation's top 10 teams, meets the weakened Maryland squad.

All the top teams, except Southern California, see action tomorrow. Georgia Tech, No. 3, on the basis of two tough wins—Kentucky 14-6 and Southern Methodist 9-7, will display its most potent offense against Louisiana State. For the first time this season quarterback Wade Mitchell and half George Volkert will be together.

## Hatchett May Be Through

LAMESA — While Johnny Middleton returned to full action at the right halfback slot for the Lamesa Golden Tornado this week, future plans of the Tornadoes were dealt a blow with the announcement that fullback Charles Hatchett is probably through playing football.

He is wearing a cast on the knee he re-injured last Friday night in the Brownfield game.

Reserve fullback Don White is also out for the game with the Big Spring Steers Friday night at Big Spring, as he pulled some tendons in practice Tuesday. H. W. Thurmond, who started at fullback last week, has been ill this week.

Coach O. W. Follis reported, however, that Freddy Clemmons, who before he chipped an ankle bone, had been pushing Hatchett for the starting fullback slot had returned to duty this week, and will probably get the starting nod in the game with the Steers who rocked the Sweetwater Mustangs, 28-7, last Friday night.

Follis said also that Roger Shipp will probably run some from the fullback position, alternating between his regular left half slot and the fullback position.

## Scheffing Named Manager Of Cubs

CHICAGO (AP) — Bob Scheffing, who directed Los Angeles to the Pacific Coast League pennant this year, today was named field manager of the last-place Chicago Cubs, succeeding Stan Hack.

## Ackerly Eagles To Host Gail

ACKERLY, (SC) — Ackerly plays host to Gail in a six-man football game here this evening.

The Eagles are still below full strength, due to a rash of injuries, but are slightly favored to topple the Coyotes.

# SATURDAY MORNING SPECIAL

With The "4-D" Crease

The Boss Of The Plains

\$8.88

Here is a tremendous value for you! Made by one of America's largest manufacturers of fine fur felt hats... These hats are a good value at \$15.00 or \$20.00... A special purchase enables us to sell these famous hats at \$10.00 and Saturday morning only, for just \$8.88.

Colors: Silver Belly, Sorrel Tan, Black, 3 or 3 1/2 inch brim widths.

# AT LAST ... A "CHARCOAL" WHISKY THAT HAS EVERYTHING! CHARCOAL PERFECTED

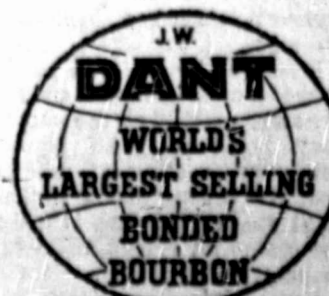

BY J. W. DANT

Made better to begin with... then it's Charcoal Perfected!

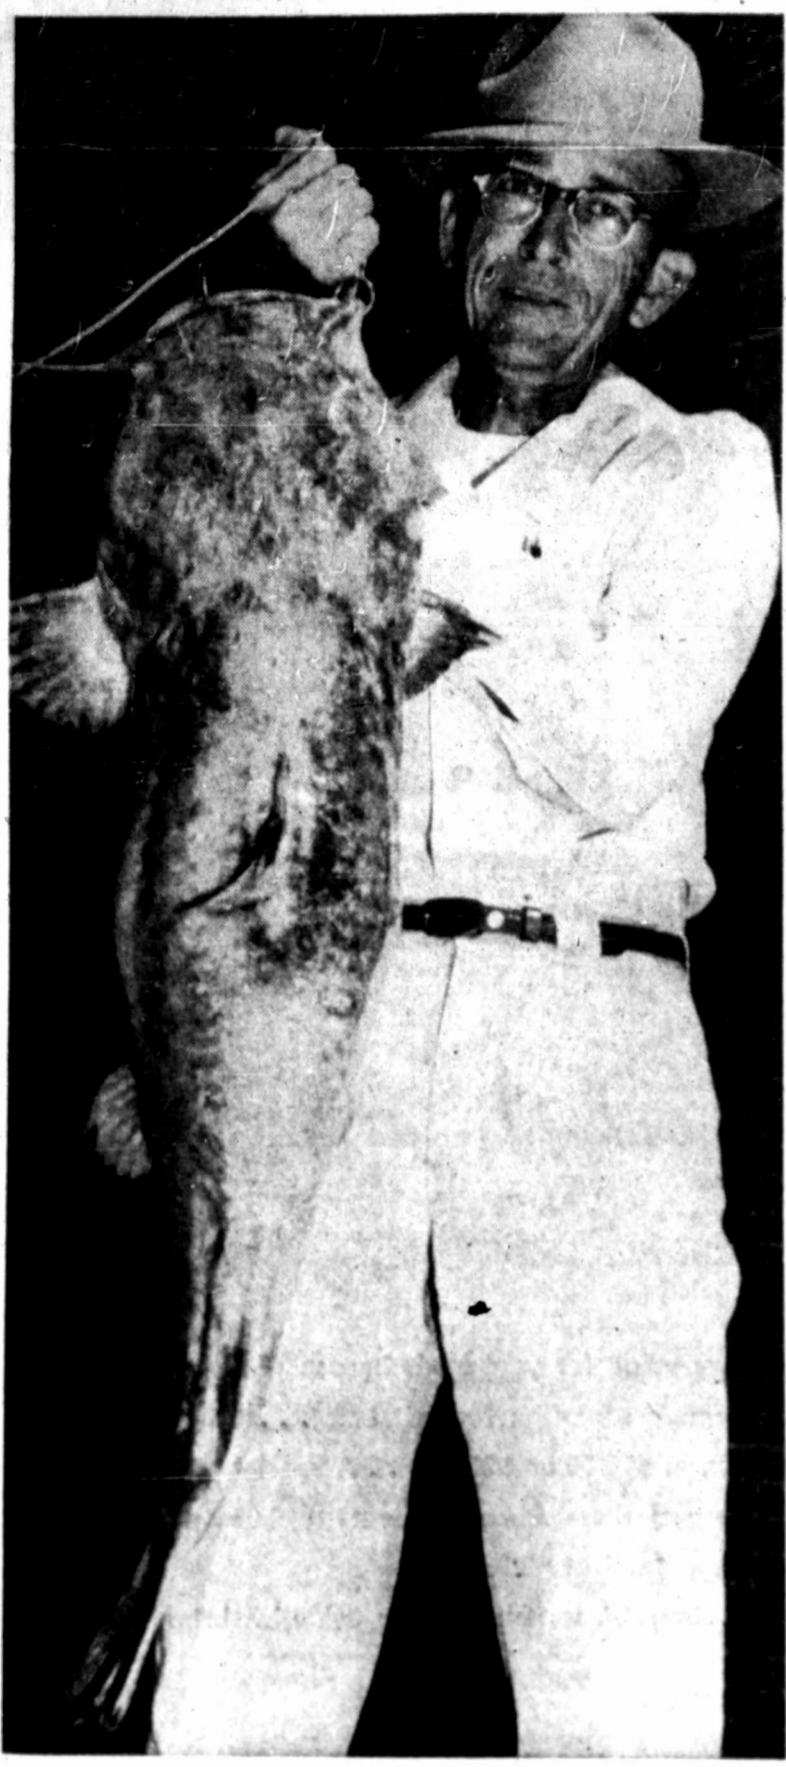

Until now, it has not been possible to buy a fine quality "Charcoal" whisky for anything but a high price. Now J. W. Dant brings you this rare and wonderful flavor you've heard so much about—at a price far lower than other products. Moreover, you get six year old whisky—all bourbon—charcoal perfected just before it's bottled. Try it! You'll say, "This has been worth while waiting for."

Produced by the makers of

J.W. DANT, 100 PROOF, KENTUCKY STRAIGHT BOURBON WHISKY - DANT DISTILLERS COMPANY, NEW YORK, N. Y.

### Try These For Size

For fishermen who wonder if there are good sized catfish in Lake J. B. Thomas, these might be called exhibits A, B and C. Exhibited here by O. H. Ivie, production superintendent, and R. L. Cook, CRMWD director, these fish were—they admit—caught by someone else. In fact, Claude Hodnett came up with the big fellow, a yellow cat weighing 24 pounds and 8 ounces and measuring 39 inches long. So far as is known this is the biggest cat yet caught at the lake. The next largest was hooked by Henry Moates, and weighed in at 15 1/2 pounds. The other, only slightly lighter at 13 1/2 pounds, was boaled by Hiram Reid. They all were caught on trotlines baited with perch. R. A. Schooling holds the big one close-up.

## BIG CATCHES 'Catfish Week' At Lake Thomas

The past week might qualify as "yellow cat week" at Lake J. B. Thomas, for some record catches were reported. In fact, Claude Hodnett came up with a 24-pound dandy which qualified as the biggest fish yet landed at the lake. This simply set the stage for a week of good fishing by the trotline boys. Henry Moates, who usually has the championship, week in and out, landed another weighing 15 1/2 pounds, which was only slightly heavier than a 13 1/2-pounder caught by Hiram Reid, the lake patrolman. Reid had hooked another 12-pounder at the end of the week. Hodnett still has his big boy on display in the minnow trough at his Sportsman's Paradise. Jim Kinsey and Jack Price, Big Spring, landed a 16-pound yellow cat on the trotline, and then to show they could do other fishing, too, they boated a 6 1/2-pound cat with a rod and reel. With their pole fishing, they got 30 nice crappie, too. Robert Plumlee, Snyder, got eight white bass ranging from 1 1/2 to 3 pounds, using a Johnson spoon. Royce Stewart, Andrews, boated 12 crappies weighing around two pounds. Bill Faulkner and E. E. Faut, Lubbock, had a beauty of a channel cat, weighing 3 1/2 pounds, plus some 20 crappie averaging a pound each. Ocie Mason, Brownfield, came in with half a dozen 2-pound crappie, plus three black bass at about a pound each. W. J. Nichols, also of Brownfield, showed an aptitude for white bass by boating five good ones ranging around 2 1/2 pounds. He also had 10 crappie upwards of two pounds each. Jimmie Johnston and Jack W. Alderson, Lubbock, hit the jackpot with crappie fishing. They had 50 for their efforts, and some of these went up to two pounds. J. C. Mayfield, Seminole, put his 20 crappie, hitting around 1 1/2 pounds on an average, into the week's total. C. E. Greathouse, Lamesa, had about 15 crappie he kept, and they were of the two-pound variety. Dwayne Bristow, J. O. Bradshaw, Jess McMask, and Clifton Newton, all of Abernathy, polished off a crappie bonanza (they caught 40) with 10 channel cat weighing between one and two pounds. Bob Duty and Jerry Duty of Lubbock came in with some 1 1/2-pound crappie, 20 in all, plus four 1 1/2-pound black bass caught on minnows. Reid said that there were a lot of black bass caught during the week, and most of the luck on these came in the brush areas along the channels in the upper reaches of the lake. Plugs were most effective. Crappie fishing was particularly good off the islands, and on the protected side. Frank Fryar, Big Spring, came in with a nice string of crappie and with four yellow cats hitting

right at six pounds. Horace Duke, Lamesa, had a handsome luck with his crappie fishing Thursday. So did Mr. and Mrs. Harold Holmes, Lamesa, fishing off their pier. In one hour's time they had landed 34 crappie weighing between three-quarters and a pound. Mrs. Mattie Brooks, Attascadero, Calif., who lived in this area prior to 1918, came back to visit her two nieces, Mrs. H. E. Reid and Mrs. Bill Eggleston. At 82 years of age, she proved she can wield a mean hook, for at Lake Thomas she and Mrs. Eggleston and Mrs. Reid came up with 40 crappie, plus several catfish.

UNITED NATIONS, N. Y. (AP)—Both Egypt and Britain were reported unofficially today to have made conciliatory moves in private talks here on the Suez Canal dispute. But France seemed on the point of breaking off the discussions. The British, French and Egyptian foreign ministers hold their fifth private meeting today on the canal crisis with U.N. Secretary General Dag Hammarskjold. French Foreign Minister Christian Pineau, president of the U.N. Security Council, said that negotiation body would hold a private session on the canal controversy later today and perhaps a public session tomorrow. A usually well informed diplomat said that in the talks so far Egyptian Foreign Minister Mahoud Fawzi had agreed Egypt would cooperate in some respects with the Suez Canal Users' Assn. (SCUA) set up by the second London Suez conference. The same diplomat, who asked not to be identified, said British Foreign Secretary Selwyn Lloyd had dropped Britain's insistence on international operation of the canal and had agreed to Egyptian operation provided international safeguards were set up to guarantee freedom of navigation through the waterway, necessary improvements and reasonable tolls. Another source claiming to be familiar with the British position said they were willing for Egypt to hire the canal pilots and collect the tolls provided SCUA made up the canal convoys and assigned the pilots to individual ships, and if the tolls were fixed in accordance with an international treaty Egypt would sign. Of this report, a British spokesman would say only, "Bits of it are wrong—but I'm not going to tell you which bits."

WRECK (Continued from Page 1) lene; one sister Mrs. Bertie Brown, Little Rock Ark.; and three grandchildren. Newman was a member of the Immanuel Baptist Church in Abilene. His death was the third in the county in traffic accidents in the past 18 days. On Sept. 23, Eugene Cordes Jr., Big Spring grocery store official, was killed when his car was sideswiped. October 3, John Walker, Coahoma, was killed when the car in which he and a companion were riding crashed into the side of two cars, were killed in a head-on collision 10 miles south of U. S. 87. Dead in that holocaust were Mrs. Celso Sweeney, Mrs. Charles E. Arnold, Mrs. Ruby Arnold McCann, Gary Wayne McCann, Evelyn Janell Arnold and Orin Severt Wollum. Other fatalities added to the list follow: Feb. 29, Preston Townsend; March 24, J. J. Alexander—the only fatality to occur inside the city limits; April 5, (two separate accidents) Harry P. Spain and Emmett F. Russell; July 1, Ann Garcia Coquette; July 10, Mrs. Price Vanal Allen; Aug. 9, Mrs. Jewel Mann, Inez Lucian Shivers and Euna Tolton; Sept. 9, Jack Edwin Danley.

## Jury Returns Guilty Verdict In DWI Case

A. G. Eitzen, charged with driving while intoxicated, was found guilty by a Howard County court jury at 4:30 p.m. Thursday. His punishment was set at \$50 fine and three days imprisonment. Eitzen was the only defendant tried in the county court on Thursday. Trial of the case absorbed most of the day. The state claimed that Eitzen, while under influence of intoxicating liquor was driver of a car involved in a wreck on State Street Sept. 20. The car in that incident left the street, cut down a power line pole and crashed into a residence. Eitzen's defense was that he was not drinking; that he lost control of the car when he swerved sharply to miss striking a dog which he testified ran in front of his automobile. He claimed that his irregular gait, as described by state witness, was due to a head injury he received in the crash and not to intoxicants. A police officer, Jack Glasscock, and Oren Leonard, a constable, as well as other witnesses had testified for the state that the odor of alcohol was discernible on the breath of the defendant.

## Constant Rites Slated Sunday

Last rites for DeWitt S. (Doc) Constant, 51, have been set for 1:30 p.m. Sunday at the River Chapel. Mr. Constant, operator of the Big Spring Neon Company and a resident of Big Spring for the past 20 years, died suddenly of heart attack Wednesday evening at his home at 811 W. 3rd. The Rev. Maple Avery, pastor of the East Fourth Baptist Church, will officiate and burial will be in the Trinity Memorial Park. Pallbearers will be from the Eagles Lodge of which Mr. Constant was a member. Surviving are his wife and two daughters, Mrs. Alvin Moore, Big Spring, and Mrs. G. W. Sample, Cape Girardeau, Mo.

## Egypt, Britain In Conciliatory Mood

UNITED NATIONS, N. Y. (AP)—Both Egypt and Britain were reported unofficially today to have made conciliatory moves in private talks here on the Suez Canal dispute. But France seemed on the point of breaking off the discussions. The British, French and Egyptian foreign ministers hold their fifth private meeting today on the canal crisis with U.N. Secretary General Dag Hammarskjold. French Foreign Minister Christian Pineau, president of the U.N. Security Council, said that negotiation body would hold a private session on the canal controversy later today and perhaps a public session tomorrow. A usually well informed diplomat said that in the talks so far Egyptian Foreign Minister Mahoud Fawzi had agreed Egypt would cooperate in some respects with the Suez Canal Users' Assn. (SCUA) set up by the second London Suez conference. The same diplomat, who asked not to be identified, said British Foreign Secretary Selwyn Lloyd had dropped Britain's insistence on international operation of the canal and had agreed to Egyptian operation provided international safeguards were set up to guarantee freedom of navigation through the waterway, necessary improvements and reasonable tolls. Another source claiming to be familiar with the British position said they were willing for Egypt to hire the canal pilots and collect the tolls provided SCUA made up the canal convoys and assigned the pilots to individual ships, and if the tolls were fixed in accordance with an international treaty Egypt would sign. Of this report, a British spokesman would say only, "Bits of it are wrong—but I'm not going to tell you which bits."

## Spraberry Deep West Field Prospector Is Located Today

Location of a new venture in the Spraberry West Deep field of Dawson has been announced. The prospector is the John Cox of Midland No. 1 Love and is about 12 miles southeast of Lamesa. Rotary drills will carry to 7,700 feet. Operators fractured the Standard No. 1 Burton, northwest of Big Spring, and prepared to recover lost oil. Borden Sunray and Mid-Continent No. 1 Miller, deepened to 5,055 feet in lime. Location is 13 miles northwest of Gall, C NE SW, 365-97, H&C Survey. Wilshire No. 21-15 Dennis-Whately reached line at 6,975 feet. It is a wildcat five miles north of Gall, C NE NW, 15-30-5n, T&P Survey. Lone Star No. 1 Higginbotham, 3,361 feet in lime. The venture is 660 feet from southwest and southeast lines, 7-31-3n, T&P Survey. Standard No. 1-A Griffin pumped three hours and made four barrels of new oil and six barrels of water. Operator is now prepared to fracture. Location is six miles northwest of Vincent, 660 feet from north and west lines, 35-25, H&C Survey. Ambassador No. 1 Jackson perforated 8,100-14 feet opposite the Canyon and prepared to test. It is a wildcat re-entered C SW NE, 520-97, H&C Survey, and six miles northeast of Fluvanna. Dawson Texas No. 1 W. J. Beckham, C NW NW, 17-35-5n, T&P Survey, drilled through lime at 7,814 feet. The wildcat is a mile and a half south of Lamesa, six and a half miles northwest of the Sparenberg field. Operator is drilling to 10,000 feet. Seaboard No. 1 W. W. Miers, in the Mungerville Southeast field, deepened to 3,524 feet in anhydrite and salt. Location is 660 feet from south and west lines, Labor 19, League 3, Taylor CSL Survey. Camp-Jones No. 1 Wasson drilled to 7,180 feet in sandy shale. Location is six miles north of Ackerly, 550 feet from south and 660 feet from east lines, 24-34-4n, T&P Survey. In the Jo-Mill field, Humble

No. 2 J. A. Lane set surface casing and drilled to 305 feet in red-beds. Location of the venture is 3-100 feet from north and 1,800 feet from west lines, 45-33-5n, T&P Survey, and 20 miles southeast of Lamesa. McRae No. 1 Landers projected to 7,455 feet in lime and shale. It is 1,984.7 feet from north and 2,348 feet from east lines, Labor 4, League 280, Hutchinsonson CSL Survey. Cox No. 1 Love is 330 feet from north and west lines, 33-34-5n, T&P Survey, in the Spraberry West Deep pool about 12 miles southeast of Lamesa. Drilling depth is 7,700 feet. Howard Standard No. 1 C. W. Burton, C NE NE, 27-33-2n, T&P Survey, fractured the Spraberry with 15-000 gallons and prepared to recover lost oil. Perforation interval is 6,650-82 feet. It is a wildcat being re-entered. Ashburn-Hilliard-US Smelting No. 1 Grantham deepened to 4,638 feet in sandy shale and lime. Location is 1,957 feet from south and 660 feet from east lines, 8-33-2n, T&P Survey, and 1 1/2 miles northwest of Big Spring. Standard No. 1 Harvey Adams flowed back load after fracturing

REED C. CULP

## Trio To Attend Kiwanis Meet

Harve Clay, president of Big Spring Kiwanis Club, Horace Reagan, vice president and president-elect, with Jack Alexander will leave this weekend for Corpus Christi to attend Texas-Oklahoma Kiwanis Convention Oct. 14-15. Four Corpus Christi Kiwanis clubs will be hosts to the convention. Featured speaker at the convention will be Reed C. Culp, Salt Lake City, Utah. International Kiwanis president. He will be accompanied to the convention by Luman W. Holman, Jacksonville, Texas as trustee of Kiwanis International. Delegates from 262 clubs, representing 12,500 Kiwanians in Texas and Oklahoma, will be present. Culp was elected president of Kiwanis International at the recent convention of the international organization in San Francisco.

## Texas-Bound Cold Front Slows Down, Loses Punch

By The Associated Press A cold front headed for Texas had slowed down and lost a lot of punch Friday. The front was expected in the Panhandle early Saturday. The Weather Bureau said it would lower temperatures a little in the west. Predawn temperatures Friday ranged from 78 degrees at Galveston to 52 at Lubbock. Temperatures Thursday ran to 93 at Pecos and Alice. The only reported rain was 0.1 of an inch at Corpus Christi. The nation's weather showed little change today, fairly pleasant in most of the mid-section, chilly along the Eastern Seaboard and a little cooler and wet in most Western areas. The cool weather in the East Coast extended from Maine as far south as Florida with the greatest drops in temperatures in the South Atlantic Coast states. A warming trend was forecast. Considerable warming was reported in the Great Lakes region, with biggest temperature rises in the northern areas. Readings were more than 25 degrees higher in sections of Michigan than yesterday morning, and were generally in the 40s. The warming also extended over parts of the upper Mississippi Valley and in sections of the Northern Plains. Showery and cloudy weather continued along the northern and central Pacific Coast, in the northern Rockies and Central Plateau region. Rainfall in most areas was light. Generally cooler weather was reported in the rainy sections. Fair weather prevailed from the Mississippi River eastward to the Atlantic Coast.

## Auto Tag Stolen

An Austin man, R. L. Watson, reported to police that a license plate was stolen from him here. He said the rear plate was taken from his 1954 Plymouth Thursday.

## Needs Another Job To Bail Out Fox

ALBUQUERQUE, N.M. (AP)—James Rentas had his pet fox staked outside the YMCA where he was staying. A city employee re-slaked it in the pound. Rentas, a cafe dishwasher, went to bail it out. "They said the charge was 50 cents a day and \$3 to pay the charge for picking it up," he said. "All I have left after paying room and board is a little over \$2. I'll have to get another job to get him out of hook."

## Auto Tag Stolen

An Austin man, R. L. Watson, reported to police that a license plate was stolen from him here. He said the rear plate was taken from his 1954 Plymouth Thursday.

## County Democrats Set Up Stevenson-Kefauver Panels

A Stevenson-Kefauver campaign headquarters for Howard County will be set up next week in the Hotel Settles lobby. Plans for opening a headquarters were made at the organization of a Stevenson-Kefauver Campaign Committee last night. Ed Carpenter, Vincent Democratic leader, was elected chairman of the group. He said the party campaign headquarters will be opened early next week, as quickly as supplies arrive. Named to an advisory committee to assist Carpenter were Judge Charlie Sullivan, Mayor G. W. Dabney, Obie Bristow, Joe Pickle, Walter Schattal, Joe Hayden, D. F. Bigony and Burl Cramer. Mrs. Obie Bristow was elected chairman of the women's committee. She will be assisted by Mrs. Hayes Stripling, Mrs. Nora Pearl Binder, Mrs. O. T. Arnold and Mrs. Jack Irons. Campaign headquarters committee will consist of W. D. Berry, chairman, Judge R. H. Weaver, Lee Porter and Mrs. Viola Robinson. Ira Thurman will serve as treasurer for the organization, and also as finance chairman. On the finance committee with him are A. E. Suggs, Tom Rosson, H. H. Rutherford and Charles Lawrence. Publicity committee includes Frank Hardesty, chairman, Alfred Goodson and Dr. Gale Page.

## Youths Confess Theft Of Engine

Four boys, 15 and 16 years of age, all residents of Big Spring, have confessed to A. E. Long, juvenile officer, and Aubrey Standard, city policeman, that they were the persons who stole a 1950 Oldsmobile motor from a car at the Caldwell Supply Company plant on the Andrews highway a month ago. Long said the four will be brought before the juvenile court on Saturday morning. The youths told Long and Standard that they lifted the motor, which was being installed in an automobile, from the chassis and carted it away to a residence of one of the four here in Big Spring. There, they covered the stolen engine with miscellaneous material and it remained hidden until the officers located the miscreants and picked them up. The engine has been returned to the owner.

## Blimp Spends Night At Hamilton Field

Big Spring had a strange visitor Thursday night—a blimp. The blimp, advertising Goodyear Rubber Company, refueled here Thursday and left early this morning. Its departure was probably earlier than planned, however, because of winds. The lighter-than-air machine stopped at Hamilton Field for fuel after coming from El Paso. It arrived here about 6:15 p.m. but had to wait until about 7 p.m. Pilots had to wait for their ground crews and vehicles before tying up the night. It was anchored to an auxiliary mooring mast mounted on a bus. Crewmen said that the auxiliary mast would hold the blimp in winds up to about 25 miles per hour but beyond that a stationary mast was needed. This is probably the reason for leaving earlier than planned. Barney Edens, manager of the airfield, said that they planned to leave here about 4 or 5 a.m. today, but Police Sergeant Alvin Hill-

## Bad Check For Snakes

NORTH HOLLYWOOD, Calif. (AP)—In the apartment of Helen and Lee Stokes, both 21, police said they discovered a pad of checks on a defunct restaurant, evidence of a hasty departure, and in the kitchen. Two snakes—a four-foot cobra and 14-foot boa constrictor—both in cages. The couple is wanted in Sacramento and Alameda, Calif., on forgery charges, officers said. The snakes were bought last week from a nearby Burbank pet store, police said, with a bad check. "I didn't want to come down here, but Beulah did."

## Triot To Attend Kiwanis Meet

Harve Clay, president of Big Spring Kiwanis Club, Horace Reagan, vice president and president-elect, with Jack Alexander will leave this weekend for Corpus Christi to attend Texas-Oklahoma Kiwanis Convention Oct. 14-15. Four Corpus Christi Kiwanis clubs will be hosts to the convention. Featured speaker at the convention will be Reed C. Culp, Salt Lake City, Utah. International Kiwanis president. He will be accompanied to the convention by Luman W. Holman, Jacksonville, Texas as trustee of Kiwanis International. Delegates from 262 clubs, representing 12,500 Kiwanians in Texas and Oklahoma, will be present. Culp was elected president of Kiwanis International at the recent convention of the international organization in San Francisco.

# Outlook Good For U. S. Aid On Dam

LAMESA — Ray Renner, who with Sam Richardson, represents Lamesa on the board of directors of the Canadian River Municipal Water Authority, said Thursday that the possibility of Federal aid on the big project looks good.

Renner was named a member of the committee to try to work out a loan with the Bureau of Reclamation to finance part of the project.

Renner said the group was told at the directors meeting in Lubbock Wednesday that the bureau welcomes applications from cities or groups of cities trying to help themselves, rather than asking for grants from the bureau. The spokesman for the bureau was

Wilbur Dexheimer, commissioner of reclamation.

Said the Lamesa lawyer on the committee, "We have been hopeful that we would be able to build the dam and pipeline through private financing, but as we have been unable to secure adequate funds, we certainly welcome the assistance of the federal government."

Renner said also that the Authority is interested in securing financing that will neither disturb the existing contracts or cause further elections in the eight member cities.

## New Traffic Signals Installed In Lamesa

LAMESA — Motorists within the city of Lamesa noticed a couple of changes Thursday as directional signal lights went up at North Fourth and Dallas streets, and preparations are being made to pave North Twelfth Street between Houston and Main streets. The curbing is being laid at the latter location.

The signal lights are of the new type, allowing traffic to move on the green arrow only, thereby greatly minimizing the chance for an accident at the intersection.

## County Taxes Total \$6,500

Mrs. Viola Robinson, tax collector, said that Howard County taxpayers, who showed up in a steady stream at her office Thursday, paid in \$6,500 in taxes.

Thursday was the first full day that tax collections have been in effect. Some few taxpayers have been in since the first of the month to settle their tax bills but Thursday after most property owners received their annual tax statements, was actually the first day that what might be termed regular payment.

Mrs. Robinson said that the total paid the first day was well above the average for similar first days in the past. She said that most of the property owners who were on hand showed an eagerness to get on with their tax business.

She and her staff were preparing for an equally active day Friday.

## Rotarians Take Part In Meet

Rotarians from Big Spring participated in a Rotary information conference and the 32nd inter-city meeting of the Lubbock Rotary Club Thursday.

Headed by Jim Fryar, president of the club, local Rotarians took part in the affair at Lubbock's big coliseum. Earlier in the day Fryar, with Curtis Driver and D. M. McKinney had taken part in the information conference. It was conducted by Andy Gump, counsellor for Rotary International.

Others attending the inter-city party were Olen Puckett, Worth Peeler, Lucian Jones, D. M. McElrath, Jimmy Walker and the Rev. Richard Deans, whom the local club has nominated as a candidate for one of the Rotary International student fellowships. Should he be selected, the fellowship would carry a year's study in Scotland.

## Clinics To Enlarge Sunday Schools Set By Baptists

The 16 churches of the Big Spring Baptist Association will stage a Sunday school enlargement campaign Monday through Thursday.

R. H. Dilday, Dallas, associate state director of Sunday school work, will conduct a series of clinics for Sunday school workers and educational directors. The clinics are set for 9:45 a.m. Monday and Thursday at the First Baptist Church in Big Spring.

In addition, the participating churches will teach study books on various phases of Sunday school work each night of the period.

Churches to participate are Knott, Prairie View, Bethel, Courney, Lakeview, Lees, Salem, Hillcrest, West Side, North Side, Phillips, First, College Chapel, East Springs, Baptist Temple, and Sand Springs, according to Rev. A. R. Posey, the association's Sunday school superintendent.

## Dog Politicking Against Master

PHILADELPHIA — A Great Dane has been doing some politicking against his master here.

The dog, Hamlet by name, belongs to Joseph S. Clark, Democratic candidate for the U. S. Senate. He wanders around Chestnut Hill, exclusive Philadelphia residential section, quite a bit. The other day he came home from his meanderings with an "I Like Ike" button pinned to his collar.

## Veteran Pianist At Lamesa Church Dies

LAMESA — There will be a new pianist this Sunday at St. John's Baptist Church in Lamesa.

The pianist there for the past 19 years, Mrs. Madlene Drone, passed away at Lamesa Hospital Thursday morning. The 45-year-old Negro woman had resided in Lamesa for the past 20 years. Survivors include her husband, Linias, and a sister, Mrs. Frankie Lee of San Angelo.

Conducting funeral services Monday afternoon at two o'clock at the St. John's Baptist Church will be the pastor, the Rev. A. L. Patrick. Interment, under the direction of the Higginbotham Funeral Home, will be in the Lamesa Cemetery.

## Marilyn Sets Off Near-Riot

LONDON — Marilyn Monroe, in a dress as close fitting as a coat of paint, turned the London opening of her husband's latest play into a near riot last night.

Crowds outside the Comedy Theater burst through police lines, pushing aside critics and first nighters in evening dress like ten pins as Marilyn and her husband, playwright Arthur Miller, arrived with their party.

The famous shape was encased in an off-the-shoulder scarlet satin sheath, as tight as a glove down to a sudden flare at the knee.

"How does she manage to walk?" was the big question.

But she did — and very nicely, the renowned wiggle even more so.

Marilyn and Miller were accompanied by Sir Laurence Olivier and his wife Vivien Leigh, who looked just a bit harried by it all.

The audience garped unashamedly before the curtain and jammed the bar at intermission to look some more.

Oh yes, the play, "It Was a Wonderful Life" and the critics thought it outstanding.

Rioters Barricade Streets

Rioting Chinese barricade streets during rioting anti-Communist demonstration in Sham Shui Po, Kowloon, the mainland part of Hong Kong adjoining Red China. At least four persons have been killed and hundreds have been injured. The rioting in the British Crown Colony burst forth from celebrations of the Chinese Double Ten holiday.

# Little Stir On Columbus Day, 464th Anniversary Of Landing

Today is a holiday in many parts of the country.

In Big Spring, the only observation of the date will be that the three city banks are closed.

In the East, particularly where there are heavy congregations of members of the Catholic faith, there will be elaborate ceremonies. In New York, the traditional parade of Oct. 12 will march through the principal streets of that huge metropolis and should one be on one side of town and need to go to the other the odds are he will have to delay his journey for several hours until the gaily dressed procession passes.

This is Columbus Day.

Ask any school child and you will be told that Columbus discovered America on Oct. 12, 1492.

It isn't the school child's fault that he answers thus incorrectly. Ask any adult — well, nearly any adult — and you'll get the same answer.

Yet it is not quite accurate to make this statement if one wants to be historically accurate.

It is the 464th anniversary of the day that Christopher Columbus and his doughty crew of jail birds, adventurers and fatalists landed on San Salvador. It marked the end of weary months at sea during which terror gnawed at the hearts of the seaman and each day they

expected to literally run off the "edge of the earth" in to fathomable space.

But Christopher Columbus did not discover America proper on Oct. 12, 1492. San Salvador, one of the lesser islands of the West Indies group is not the mainland of America and Columbus did not sight the continent proper. Later, on other voyages, he may have touched on the coast of South America and Central America but it is doubtful if the generally accredited "discoverer" of this land of ours ever actually set foot on the continent proper.

Anyway he gets the credit.

It doesn't matter that perhaps 400 years earlier than 1492, a homical Viking rover, Eric and Red, and later on his equally adventurous son, Lief Ericson, had probably wandered all along the northeast coast of what is now the United States of America. The Vikings made no written records of their travels — the seas were theirs to wander over as they wished in their strange oar and sail driven galleys.

Chris was out on a commercial expedition. He did prove his basic point — that the world was not flat like a plate but rounded like a ball and that if one sailed westward from Europe far enough and long enough he would reach land. Not the land that Columbus thought he would reach — a land which he believed he had reached — but good solid land. Chris thought he had arrived in the fabled Indies. He did not know (and probably never learned) that he would have had to travel around three times as far as his journey from Spain to San Salvador to achieve this goal. He probably never really knew that he would have to cross a continent and a sea far greater than the Atlantic to achieve that goal.

And no one can deny that the high adventure of Christopher Columbus did hasten the day when the crowded European lands would spread out their surplus thousands to colonize and develop this new world which had been proved to exist westward across the broad Atlantic.

Columbus had a rather dreary life. It was a tragic career, filled with disappointments and climaxed with disaster.

It is only fair, surely that he be accorded what modicum of fame he may salvage four hundred years later.

So this is Columbus Day.

## In Jail 30 Days, Suspect Finds No Charges Filed

Paul Howard, charged with DWI, told the county court Wednesday that he had been in jail for 30 days and that he wanted to settle the case one way or another.

Harvey Hooser Jr., county attorney, checked his records, and said that he failed to find a charge filed against Howard but that the matter would be attended to promptly. Howard, it seems, has had a bond of \$500 set for some weeks but has been unable to post the security required.

Thursday afternoon, Howard was back in court. This time a charge

had been filed and he pleaded guilty. Hooser recommended three days in jail and a fine of \$50 with the stipulation that the defendant be given full credit for jail time.

Judge R. H. Weaver acted on the recommendation and so sentenced Howard.

Martin Reis, charged with tampering with a motor vehicle, pleaded not guilty. He was granted bail in the sum of \$500.

Leroy James, charged with aggravated assault on one Ruby Stevens, pleaded guilty and was fined \$50. James said he was pleading guilty but that he "hadn't assaulted nobody."

M. L. Owens, charged with writing a number of worthless checks, pleaded guilty. He was fined \$20 and ordered to pay off the checks.

## Jury Panels Are Chosen

Jury commissioners for 11th District Court completed their task of drawing the names of 360 citizens who will be posted for duty as jurors in the court during the October term. There were six panels of 60 veniremen each drawn by the commissioners.

The remainder will probably go to comprise the Howard County Grand Jury for the October term.

The commissioners submitted their report to Judge Charlie Sullivan Thursday afternoon. The court thanked the commissioners for their work and complimented their efficiency.

The grand jury will be convened on Oct. 22 to initiate the new court term. At the same time, the court has scheduled a trial of civil cases to be tried before juries.

## Soil Bank Checks Due In Dawson

LAMESA — At least 50 to 100 Dawson County farmers will receive their soil bank checks next week, according to Eddie Brown, Agricultural Stabilization and Conservation office manager here.

The remainder will probably go into the mails within the next 30 days, said Brown.

The A. S. C. spokesman also reported the long-term soil bank cut off date where the current crop year is to be a part of the contract has been extended from Oct. 15 to Nov. 30. This particular portion of the soil bank plan will make a total of six years, according to Brown. He said also that where the 1956 crop year is not to be included, March 15, 1957, is the cutoff date.

## Hitch-Hiker Overdue

Police dispatchers here sent out a message about a resident overdue from California this morning.

Mrs. O. L. Radford, 1910 W. 2nd, called that her husband, Bob Radford, was to have left San Rafael, Calif., on Oct. 1. She has not heard from him since. She said he was hitch-hiking.

## Hi-Y Training Session Slated

Officers of the local Hi-Y Clubs will participate Saturday afternoon in a training conference at Odessa.

James M. Hardy, general secretary of the YMCA, said that the young officers would meet at the Y building by 11:30 a.m. to go to the parley which starts at 1:30 p.m. They will return home immediately after the closing session at 6 p.m.

# Judge Postpones Final Jury Case

Final case scheduled for trial at the current jury criminal docket in Howard County Court was continued for the term when it was called Friday morning.

Robert Allen Thompson, charged with driving while intoxicated, was scheduled for trial. It was announced that most of the witnesses in the case were high school students. The high school students are at present engaged in the important six-week examinations and the school officials felt it inadvisable to interrupt the work.

R. H. Weaver, county judge, agreed. Thompson was informed his case will be called at a later session of the court but no date for trial was actually set.

Weaver said this case terminated the three weeks of jury trials in county court initiated in an effort

to reduce the backlog of pending matters on the county criminal docket.

No more criminal court cases involving jurors in the county court will be held until after the first of the new year.

Two defendants were brought before the court Friday morning. George Robert Masters, charged with driving a motor car while intoxicated, pleaded not guilty. His bond was fixed at \$500. He was told his trial would be scheduled during the week of Jan. 7.

Daniel Martinez, charged with transporting liquor, was fined \$100 and costs when he entered a plea of guilty. The charge was filed by the officers of the State Liquor Control Board and the offense allegedly occurred on Oct. 11.

14 Big Spring (Texas) Herald, Fri., Oct. 12, 1956  
**Florida Vote Could Move Either Way**

By HENDRIX CHANDLER

TALLAHASSEE, Fla. (AP)—The presidential race in Florida appears so close that a strong political wind the week before election could blow it either way.

More voters than usual seem to be on the fence at this late date. But the real enigma is the 200,000 new voters registered since 1952. Many are new residents. Others are natives who have just reached voting age.

The newcomers are a mixture of retired people, resort workers, industrial workers, trained technicians and others.

Harold Ballew, managing editor of the St. Petersburg Independent in Republican-conscious Pinellas County, sees in the newcomers a largely Republican group he predicts will help keep Florida in the Eisenhower column.

But over in Putnam County, a normally Democratic county in northeast Florida which went for President Eisenhower by a slim 250 votes in 1952, you can get a different interpretation.

State Sen. B. C. Pearce of Palatka, a Democrat, said that enough industrial workers with Democratic leanings have moved into that county within the past four years to tilt it to Adlai Stevenson.

One of the new crop of voters is Robert Dunn, a 23-year-old Gainesville printer. He sees the

Democratic party as more friendly to the working man and the small business man and says he will vote for Stevenson.

But the labor vote, while growing, hasn't yet developed into the statewide force it is in some of the more industrialized areas.

And the farm issue isn't too much of a factor in Florida. Florida's big crops — citrus, cattle and vegetables — get no subsidies and there has been no big clamor for them. The subsidy crops are grown in the traditionally Democratic northern tier of counties.

Generally, the state is prosperous. C. D. Bullett, a Gainesville automobile salesman, remarked, "I'm making more money than I ever made before in my life."

Stevenson has attributed his loss of the state in 1952 (by 99,096 votes) to worry over the Korean War, the submerged lands oil dispute, opposition to some "liberal" elements in the Democratic party and to his limited campaigning.

State Democratic Chairman James Milligan said all these objections had been overcome by developments. With an organizational drive the party didn't have in 1952, Milligan said, he expects Florida will swing back to traditionally Democratic status.

Republican Chairman Harold Alexander says the Republicans are considerably stronger organizationwise than in 1952 and are closer knit. Some of the Demo-

crats for Eisenhower from 1952 have been woven into the Republican organizational framework, he reported.

Biggest boost to the Stevenson drive has been supplied by some top Democratic political leaders who remained silent in 1952. One of these, U.S. Sen. Spessard Holland, said Stevenson in the current campaign is more moderate and more acceptable to Southern voters than in 1952. Holland forecast a Stevenson victory.

Alexander said the biggest source of Republican strength is the women's vote. The Democrats have been concentrating on the feminine voters in their organizational drive.

The biggest factors in the Florida picture appears to be the state of Eisenhower's health and segregation, and these are contributing to some of the fence-sitting by voters.

While Florida has had no integration in its public schools, the issue is an explosive one politically.

Any substantial development on either the health or the segregation front could upset the present balance.

There are about 150,000 registered Negro voters in the state, more than ever before, and their vote could be important in a close race.

Reports about the Negro stand are confusing. Gilbert Porter of Tallahassee, executive secretary of the Florida State Negro Teachers Assn., says he thinks the majority will vote Democratic despite the attitude of such Democrats as Sen. Eastland (D-Miss) and Senator-nominate Herpan Talmadge of Georgia.

**American Woman Jailed For Spying**

JERUSALEM (AP)—An American woman sentenced to a year in jail as a spy for Syria was transferred today to the women's prison in Ramleh, on Israel's coastal plain.

Mary Frances Hagan, 29, whose family lives in Huntington, W.Va., was found guilty on two counts on charges she spied for Syria with which Israel officially is at war.

**\$2.5 Million Suit Filed In Fatal Crash**

LOS ANGELES (AP)—A 2 $\frac{1}{2}$ -million-dollar suit has been filed against the estate of wealthy sportsman Joel W. Thorne, whose light plane crashed into a North Hollywood apartment house last year, killing him and eight others.

The suit was filed by Michael Preston, 31, a night club operator, whose wife Shirley, 25, a professional singer, and 7-week-old daughter Sherrill were killed in the crash Oct. 17, 1955.

**Nursery Rhyme**

SPRINGFIELD, Ohio (AP)—Hey diddle, diddle, the cat and the fiddle, the cow jumped over the police cruiser—well, she almost did.

A Holstein cow wandered away from an east side stockyard here and led police a merry chase. At one point, she was sprawled over the hood of a new police cruiser when she failed to get enough lift in her leap.

Although the cruiser was damaged, the cow was not charged with failure to yield the right-of-way.

**PLAGUED BY DROUGHT**

**Officials Concerned Over Prospects For Winter Wheat**

WASHINGTON (AP)—Agriculture Department officials expressed concern today over production prospects for winter wheat next year in a large Great Plains area which continues to be plagued by drought.

They also weighed the possible impact of feed shortages on the nation's livestock industry.

In its October crop report yesterday, the department said crop production this year looks as if it will be the third largest of record and only about one per cent below the record harvest of 1949.

The production prospects were said to have increased one per cent in September under influence of generally favorable late growing and harvest season conditions.

A Texas harvest of 93,480,000 bushels of sorghum grain, 25,528,000 bushels of corn, and 10,891,000 hundredweight of rice was predicted.

The department estimated Texas yields at 13.5 bushels of corn

per acre, 18.5 bushels of sorghum grains per acre, and 2,625 pounds of rice per acre.

Because of the severe drought, about half of the sorghum grain production came from the irrigated areas, principally on the High Plains of Texas.

The Great Plains drought—taking in parts of Texas, Nebraska, Kansas, Oklahoma and Missouri—was said to threaten the success of millions of acres of winter wheat land seeded for harvest next spring.

"In much of Texas, Oklahoma and parts of Kansas, the all-time low range condition for the date, poor prospects for winter wheat, pastures and other forage supplies produce a critical livestock condition," the report said.

Officials were concerned lest the feed shortage start a heavy run of cattle to market—a development which could easily depress livestock prices.

A short wheat crop would not create a shortage for the con-

sumer standpoint because of the existence of surpluses, but it would adversely affect producers' incomes.

The corn crop was indicated at 3,369,000,000 bushels, third largest of record. Because of the existence of surplus supplies stored under government price support programs, the department had recommended a smaller crop this year.

The wheat crop, at 975 million bushels, was little different from that forecast a month ago and compares with 936 million last year and the 10-year average of 1,148,000,000.

The hay crop was estimated at 110 million tons, second largest of record. Last year's production was 108 million tons.

Because of the Great Plains drought, this year's crop of sorghum grain is falling below last year's. Estimated at 165 million bushels, the crop is 76 million below last year, but 24 million more than average.

**Body Of Widow Found In Car**

PASADENA, Calif. (AP)—The body of a pretty red-haired widow, a bullet fired into the back of her head, was found today in the trunk of an expensive car.

An insurance man told police he put it there Tuesday night and has been "driving around aimlessly ever since trying to make up my mind what to do."

Officers said Walter G. Brochers Jr., 45, telephoned them early today and told them of the body after being advised to do so by his attorney.

Detective Capt. Carl A. Lindholm said Brochers told this story: Last Tuesday he and Mrs. Mary Dorothy McCully, 31, with whom he had been keeping company, had a quarrel while parked in his car near the Rose Bowl.

She grabbed a .32 revolver he kept in his glove compartment. They struggled. The gun went off accidentally during the struggle.

"I became frightened and didn't know what to do. I put her body in the trunk. I've been driving around aimlessly ever since trying to make up my mind what to do."

Early today he called a friend, private investigator Jack Fagg of West Covina, and told him the story. Fagg advised him to call his attorney. The attorney told him to call police.

Mrs. McCully's body, clad in an expensive gray suit, was found in the trunk. Police said she had last been seen Tuesday evening by a baby sitter she engaged to tend her 4-year-old son, Tony.

**Uncle Ray: Many Lakes Were Made By Glaciers**

By RAMON COFFMAN

Rivers have currents, and so do many lakes. When a lake has a current, the motion of the water may be so gentle that we hardly notice it is there. Waves caused by the wind often go in an opposite direction to the current.

Nevertheless there are thousands of lakes with rivers which enter at one end and go out the other. Year in and year out the water keeps moving in a certain direction—say southward or northward, eastward or westward.

The Great Lakes offer an excellent illustration of the point I am making. Winds and waves move in many directions on the Great Lakes, but the general trend of the water is eastward toward the Atlantic Ocean.

Q. Does a lake ever have two currents?

A. Yes, it may have two currents, or half a dozen, which are set up by rivers flowing from different places. At length, however, they tend to gather into a single current to take the water out of the lake and into the river outlet.

Q. Are there any lakes without currents?

A. Yes. Some are without any outlet to take the water away.

Q. How do glaciers make lakes?

A. Ancient glaciers transported large amounts of gravel and soil, also many boulders. When melting took place in a river valley, a large amount of solid material was likely to be dumped there. This served as a dam, and the river might be blocked so that its water would form a lake. Later an outlet would be forced at one point or another.

For SCIENCE section of your newspaper.

Articles about Mexico's people and their customs, also about the ancient Aztecs, appear in the leader called MEXICO AND THE MEXICANS. This leader will be sent to you without charge if you enclose a stamped, self-addressed envelope. Send your letter to Uncle Ray in care of this newspaper.

Two stages in retreat of the ice sheet which left the Great Lakes behind.

Salt lakes are of that type. Certain lakes are hollow places filled with rain water. Old craters of volcanoes sometimes hold lakes. Best known of these is Crater Lake in the state of Washington.

Q. Did glaciers play a part in making lakes?

A. Yes, they played a big part. The glaciers or ice sheets which once stretched across large sections of North America, Europe and Asia left many lakes. This was done chiefly by the blocking of river valleys.

**Doctor Warns Sex Mixed Children Present Tragedy**

SAN FRANCISCO (AP)—A surgeon today urged parents and doctors to be more alert to the chance babies are born tragically mixed up in sex.

Far more often than realized, there can be doubts or wrong guesses about a child's real sex, said Dr. Goodwin C. Schaffner of Portland, Ore.

Boys can be mistaken for girls, or girls for boys, because they have characteristics or signs of both sexes, he told the American College of Surgeons. They are often reared as members of the opposite sex, and nothing is done for them, with tragic consequences later for their own happiness.

Careful examinations and tests can determine true or predominant sex. Modern treatments of surgery and hormones can do much to correct the abnormalities early in life, Dr. Schaffner said.

"Too often, such children are neglected. Parents may be allowed to determine the sex and rear the child according to whether they had wished for a boy or girl."

He urged that parents get med-

**Whose Candidate Is Adlai?**

"There is no doubt that Walter Reuther... will have his choice of several cabinet posts if Adlai Stevenson turns in a surprise win on election night. Reuther is closer to the Democratic candidate than Arthur Miller is to Marilyn Monroe..."

Victor Riesel, the courageous labor writer recently blinded by an acid-throwing thug, made that comment in his nationally-syndicated column on September 10, 1956.

If you don't want Union Boss Reuther running the country, write: Texas Democrats for Eisenhower, 308 West 15th Street, Austin, Texas.

(Pol. Adv.—Paid for by Texas Democrats for Eisenhower, Weldon Hart, Director)

**Wrong Target Worth \$7,500**

PUNTA GORDA, Fla. (AP)—Getting shot by mistake for a turkey has proved worth \$7,500 to a Miami business man.

A jury awarded that sum last night to Ray Clement, who was hit in the back of the neck by a load of birdshot while hunting in a swamp near here.

The defendant, Douglas Parker, a book store owner of Fort Myers testified he shot Clement, but said Clement's head, decked in a red trimmed hunting cap, bore a great resemblance to a turkey.

Clement said he suffered permanent injuries from shot still lodged near his spinal cord.

**SEVENTEEN**

"You were magnificent in defeat... as usual..."

**Court Rules On Youngsters Who Murdered Father**

LOS ANGELES (AP)—The case of three little boys who murdered their sleeping father came up for final disposition in Juvenile Court yesterday.

Judge William B. Neeley put Bobby Parker, 9, in the custody of an uncle. He sent Tommy, 10, and Richard, 7, to separate institutions for psychiatric treatment.

It was Richard who placed a .22-caliber rifle against his father's head Sept. 11 and killed him with a single shot. Tommy, investigators said, masterminded the plot.

Thomas R. Parker, 31, had confined the boys to the house as punishment for misdeeds in the neighborhood.

"Well, what's the answer?" Judge Neeley asked.

"It may be in the way children are raised these days. It is nothing for youngsters to see eight or ten killings a night on television. People are slaughtered every day on the highways. We have cheapened death terribly."

**Ike Wins SMU Mock Election**

DALLAS (AP)—President Eisenhower won over Adlai Stevenson 1,744 to 530 in a mock election at SMU yesterday.

Ballots cast for other candidates totaled 41 and about 2,500 students didn't vote.

Dr. John Clauch, government department head, sponsored the straw vote as an experiment for his political dynamics class.

**Reason For Running**

ALBUQUERQUE, N.M. (AP)—Former Sheriff John Flaska, Democratic candidate for another term, has good reason to seek the office. A few days ago his son's auto was stolen. It was found rammed against a utility pole. A few months ago a bicycle belonging to another son was stolen. It has not been recovered.

# Churches Will Start Revivals, Honor Laymen

The Hillcrest Baptist and Baptist Temple Churches will honor laymen of their churches with special services Sunday. Joe Peay, deacon of the Baptist Temple Church, will speak at services Sunday at that church.

The Hillcrest Church will have a special speaker, Dalton Myers, Lamesa, at services Sunday.

Revivals begin and continue in several churches throughout Big Spring. The Airport Baptist will continue their revival meetings. The Rev. Ben Kelly of Kansas City, Mo., is guest speaker at the church.

Revival services begin Sunday morning at the Wesley Memorial Methodist Church. Guest speaker for services through next week will be the Rev. Everett Shrum, Malakoff.

**Catholic**

Mass will be said by the Rev. Fr. William J. Moore at 7 a.m. and 10 a.m. at St. Thomas Catholic Church. Confessions will be heard from 5 to 6 p.m. and 7 to 8 p.m. on Saturday. Benediction will follow the last Mass.

At the Sacred Heart (Spanish speaking) Church, Mass will be held at 9:30 a.m. and 6:30 p.m. On Saturday, confessions will be heard from 5 to 6:30 p.m. and 7:30 to 8 p.m. Benediction will be at 5 p.m. on Sunday.

Mass will be said Sunday at 7:30 a.m. in Coalfield at St. Joseph's Mission by the Rev. Fr. John Ward.

**Baptist**

Laymen's Day will be observed at the Baptist Temple Church Sunday. The men's choir will sing a special service. Joe Peay, chairman of the deacons and president of the Brotherhood of the church, will speak at the morning and evening worship hours. At 3 p.m. an ordination service will be held for two new deacons of the church, Monroe Gafford and Everett Rayburn.

H. W. Bartlett, pastor of the College Chapel Baptist Church, will be guest speaker at both services Sunday at the First Baptist Church. His morning message will be "The New Birth," John 3:1-18. At evening services he will speak on "The Holy Spirit in the Church," Eph. 2:19-22.

Laymen of the Hillcrest Baptist Church will be honored at services Sunday. Guest speaker will be Dalton Myers from the Friendship Baptist Church of Lamesa. During the evening service, colored slides will be shown of the Holy Land.

"Christ Above All" will be the subject for the Rev. W. A. Jones at morning worship services at the Airport Baptist Church. His evening message will be "A Soul Winning Church." A revival will begin Friday, Oct. 19, at the church.

Guest speaker for the revival, which will run through Oct. 28, will be the Rev. Ben Kelly, of Kansas City, Mo. Prayer services will be held each day at 7 p.m. with worship services following at 7:30 p.m.

Jimmy Smith, ministerial student at Hardin-Simmons University, will be the speaker at both services Sunday at the College Chapel Baptist Church.

**Methodist**

A revival will begin Sunday morning at the Wesley Memorial Methodist Church. The Rev. Wayne Parmenter will speak on "Be Sure Your Sins Will Find You Out" at the 8:30 a.m. service. At the 10:55 Everett Shrum, Malakoff, will be guest speaker during the revival week. He will begin his services Sunday evening. Services will be held each morning at 9:45 a.m. and in the evening at 7:30 o'clock. Prayer meeting will be held each evening at 7 o'clock. Richard Shields will be the song leader during the revival.

"Christian Maintenance" will be the Dr. Jordan Grooms' subject for Sunday morning services at the First Methodist Church. His evening message will be "Strengthened With Power."

**Presbyterian**

"What Follows Conversion?" will be the Rev. R. Gage Lloyd's topic for services Sunday morning at the First Presbyterian Church. Mrs. Norman Furlong will sing "Come Ye Blessed." The Rev. Lloyd's subject for Sunday evening will be "Faith That Makes Men Marvel."

The Rev. Jack Ware, pastor of the St. Paul Presbyterian Church, will speak on "Rest At Last" at services Sunday morning. In the evening from 7:30 o'clock the congregation will continue the study of home missions.

A motion picture, "The Rivers Still Flow," will be shown, Tuesday at 7 p.m. the men of the church will have a meeting and supper. A guest speaker from Webb AFB will be present.

**Church of Christ**

Darrell Flynt, minister of the Birdwell Lane Church of Christ, will speak on "The Judgement" at services Sunday morning. His evening message will be "Amos."

Doyle Maynard, minister of the Northside Church of Christ, will speak on "Rebuilding the Walls of Jericho" at Sunday morning services. His evening topic will be "Thyatira."

**Christian**

"For Their Sake" will be the sermon delivered by the Rev. Clyde Nichols at Sunday morning services at the First Christian Church. A dedication service will be held during the morning worship hour for parents and children. In the evening, Rev. Nichols will deliver the second in a series of lessons of the life of David. The title of the sermon will be "Not Waiting Until Tomorrow."

**Church of God**

The Rev. Hal Hooker, pastor of the First Church of God, will be speaking at both worship services Sunday at the church.

Evangelistic services will continue this week at the Galveston Street Church of God. The Rev. R. D. Ashcraft, pastor of the church, will speak on "A Determination To Serve Christ," Luke 8:46, at services Sunday morning.

**FREE WILL BAPTIST CHURCH**  
404 Young St.

Morning Worship ..... 11 a.m.  
League ..... 7 p.m.  
Evening Worship ..... 8 p.m.

PRAYER MEETING  
Wednesday ..... 8 p.m.  
Rev. J. E. Rogers, Pastor

**State Hospital**

Services in the State Hospital will be held at 2 p.m. with the Rev. William D. Boyd, chaplain, in charge.

Special music will be provided by the choir of Baker A.M.E. Memorial Chapel.

**Episcopal**

Services in St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a.m.; the family service at 9:30 a.m. and morning worship and sermon by the rector, Rev. William D. Boyd, at 11 a.m.

The Instructions Class will meet in the rector's office at 4 p.m.

**Latter-Day Saints**

Church of Jesus Christ of Latter-Day Saints will hold services at the Girl Scout Little House, 1400 Lancaster. Sunday School is at 10 a.m. and the evening services are at 6:30 o'clock.

**7th Day Adventist**

Services of the Seventh Day Adventist Church will be at 2:20 p.m. Saturday followed by church services at 3:30 p.m.

**Temple Israel**

Friday evening services of Temple Israel will be held at room 311 in the Settles Hotel at 8 o'clock.

**Bible Class**

The Businessmen's Bible Class meets Sunday at 9:15 a.m. in the Settles Ballroom with Rupert Ricker as the teacher.

**Christian Science**

The vital importance of applying the rules for living taught and practiced by Christ Jesus will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Doctrine of Atone-ment."

Selections to be read from "Science and Health with Key to the Scriptures" include the following (37:22-25): "It is possible, yea, it is the duty and privilege of every child, man, and woman, — to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

## The Ten Commandments

THE LORD GIVES HIS PEOPLE THE LAWS BY WHICH THEY SHOULD LIVE IN THE LAND HE HAS GIVEN THEM.

Scripture—Exodus 20:1-21.

By NEWMAN CAMPBELL

MOUNT SINAI in Arabia, was the place God chose to reveal to Moses and all the people the way they should live in the land He had given them after their escape from bondage in Egypt. Moses and Aaron were the only human beings to be with the Lord in the mountain, which was smoking, with thunder and lightning and the loud sound of a trumpet.

The Lord told Moses to go down the mountain to the people to warn them that none must come near the mountain, not even the priests. So Moses went down and cautioned the people to stand far off, and then the Lord spoke to His people, giving them His laws to guide them in living happily in this beautiful country.

And God spake these words, saying, I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage.

"Thou shalt have no other gods before Me. Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth: Thou shalt not bow down thyself to them, nor serve them; for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them

moral laws into the minds and hearts of the young in this day of violence, crime and disregard of the rights of others? We can teach them to obey the laws of bodily health—to live temperately, eat correctly, etc., but it seems the laws of moral health are more difficult to inculcate, or are they? The misdemeanors of the younger set are head-lined in our newspapers and many articles deal with this "juvenile delinquency" problem.

What we should remember always is that these "delinquents" are exceptional cases, and that there are many, many more well behaved young people than there are of the criminally inclined.

The first commandment tells us to worship one God and one only, the God who loves us. The worship of idols is forbidden, although it was a form of worship that had a great attraction for the ancient Israelites, as you remember from previous lessons.

"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain." The modern tendency to use profanity in ordinary conversation by men and women is a deplorable one to be corrected.

The observance of the Sabbath is the next commandment. Surely in our busy lives we should keep this one day sacred to wor-

**MEMORY VERSE**  
"He that keepeth the law, happy is he."—Proverbs 29:18.

that hate Me; and showing mercy unto thousands of them that love Me, and keep My commandments.

"Thou shalt not take the name of the Lord thy God in vain. Remember the Sabbath day to keep it holy. Six days shalt thou labor and do all thy work. But the seventh day is the Sabbath of the Lord thy God; in it thou shalt do no work... for in six days the Lord made heaven and earth, the sea, and all that in them is, and rested on the seventh day; wherefore the Lord blessed the Sabbath day and hallowed it."

"Honor thy father and thy mother. Thou shalt not kill. Thou shalt not commit adultery. Thou shalt not steal. Thou shalt not bear false witness against thy neighbor. Thou shalt not covet thy neighbor's wife, nor his manservant nor his maid servant, nor his ox, nor his ass, nor anything that is thy neighbor's."

These were the laws not only for the Jewish people, but for all of us. They are the moral laws to be obeyed universally, a part of our religion which, when we obey them, we may be happy. Disobedience will bring only sorrow, failure and bondage.

How can we parents, teachers, and clergymen so drill these

ship God and refrain from unnecessary labors.

"Honor thy father and thy mother." The neglect of parents, especially when they are old, is certainly not a way of life conducive to happiness or morality.

"Thou shalt not kill. Thou shalt not commit adultery. Thou shalt not steal. Thou shalt not bear false witness against thy neighbor. Thou shalt not covet thy neighbor's house, nor his wife, nor any thing that is thy neighbor's."

As we have no space to comment on each of the commandments, the teacher may enlarge upon each one, if only briefly, to fix them in the hearts of the young so that they may remember them when tempted and strive to obey them, with the help of God.

The sight of the smoking mountain with the lightning flashes, the noise of the thundering and of the trumpet awed the people and they stood far off, and asked Moses to speak to them, but "let not God speak with us, lest we die," they said.

Moses comforted them saying, "Fear not; for God is come to prove you, and that His fear may be before your faces, that ye sin not."

## A Bible Thought For Today

But the LORD said unto Samuel, Look not on his countenance, or on the height of his stature; because I have refused him: for the LORD seeth not as man seeth; for man looketh on the outward appearance, but the LORD looketh on the heart. (1 Samuel 16:7)

## Editorial

### Unhappy Conflict Of Interests

Before, during and after World War II "appeasement" was an ugly word. It was used to describe the Western world's avoidance of stern action against—successively—Tojo, Mussolini and Hitler to stop them from building up another global conflict.

Eventually the free world learned that "appeasement" did not mean peace, but quite the opposite.

Once more we are seeing the fruits of appeasement in the Suez Canal dispute. Britain started it back in the early 1950s when Egypt, without warrant of authority, denied use of the canal to ships bearing cargoes destined for Israel. Stern action then by the Western powers or by the United Nations might have reduced Nasser to nonentity before he even got started.

Then, a matter of weeks ago, the West had its second big chance to slap Nasser down. Britain and France were all set to take that kind of stern action against Nasser that would have kept Hitler from remilitarizing the Rhineland back in the mid-1930s. On that former occasion France was all eagerness to slap Hitler down—and it is known now that Hitler was ready to withdraw if his forces met with even token resistance—but Britain was appeasement-minded, so not a hand was lifted against Hitler. Appeasement did not mean peace.

In the case of Nasser, the U. S. threw cold water on the bold plans of Britain and France. This division of Western sentiment emboldened Nasser still more. In-

stead of unity of opposition, he was presented with divided counsel.

It is too late now to go back and retrieve the lost ground suffered in this Western debacle.

While the United Nations argues the question of international controls, Egypt not only has taken over ownership of the canal, which was due in 1969 in any case, but it has taken over the canal lock, stock and barrel and is operating it as a private Egyptian enterprise.

Only a miracle can shake Egypt loose from her control of the canal at this late day, and this is hardly the age of miracles in international relations.

At this stage it looks as though Nasser is loose with the halter gone. Next step in the rapid eclipse of Western power and prestige—and more important, respect—in the Middle East will be the progressive taking over of all the West's oil interests in Iran, Iraq and wherever else the West operates there.

But the real tragedy is the separation of the United States from its traditional friends and allies in that solid front of kindred interests without which the West cannot long survive.

With hardly more than a shirt-tail full of real assets, but plus a monumental gall and an unhappy conflict of interests between the U. S. and its allies, Abdul Nasser has made himself the Mr. Big of the Middle East and the darling of Soviet Russia.

### Some Sweet Day

The long-range USWB forecast of rainfall and temperature from now until the end of October shows our general area to be in the "much above normal" category, as to temperature and the "light" category as regards rainfall.

In general these long-range forecasts are pretty accurate—unfortunately.

Even the possibility of a major tropical disturbance is beginning to fade—as forecast by the USWB's hurricane expert.

Personally we do not feel bullish regarding the prospect for drought-breaking rains. A great many farmers, optimistic souls, have "dusted in" their small grain crops, and we hope their faith will be justified. We are now in the seventh year of the most intense drought of record in the

Southwest, and how most of our farmers and stockmen have managed to hold on is more than we can understand. Only a people inured to hardship and disappointment could stand up under such conditions.

This high-hearted courage, plus the happy circumstances that jobs have been fairly plentiful in this and other cities where a building boom has been under way, plus great activity in the oil fields, has kept them going.

One hope sustains them—the Biblical seven lean years probably will be followed by seven fairly fat ones, and all the heartache of the drought and much of its economic blight will be wiped out.

This we devoutly hope. This we should all be praying for.

## Walter Lippmann

### Ike's Influence In The Future

It is rather generally agreed among experienced newspaper correspondents that the campaign is a contest between a resurgent Democratic Party and Eisenhower personally, who is so much stronger than his party. The observers are also agreed that they are not finding the contest interesting. I wonder whether the main reason for that does not lie in the fact that while the real issue turns on Eisenhower personally, it is almost impossible to debate that issue. This would account in a large part for the widespread feeling in both parties that the issues which are being discussed do not come to grips with the realities of the election.

At his press conference on Friday the President was asked two questions by E. P. Morgan of the American Broadcasting Company. They skirted the central issue of the campaign. Morgan reminded the President that "one of the reasons impelling you to run for reelection" was your desire to strengthen and re-vitalize the Republican Party. He then asked the President whether the new constitutional amendment, which prohibits a third term, would not "blunt" his leadership in a second term and cause it to pass to Mr. Nixon. He followed this up with a second question, whether the President considered Sen. Dirksen and Sen. Bender, whom he has endorsed, "completely revitalized as Eisenhower Republicans."

The point of these two questions was to raise, though indirectly, the problem of the relation between Eisenhower personally and the Republican Party. Morgan's first question, about the third term amendment, points to the probability, which is al-

most a certainty, that the President's control of his party will decline during a second term. For during his second term the question of who is to succeed him will play a deciding part in the calculations of candidates, of the party leaders in Congress, and of the managers of the party organization.

Speaking literally, the third term amendment is in regard to Eisenhower of no practical consequence. This is because it is so utterly improbable that four years hence Mr. Eisenhower would even consider running for a third term. The President had no personal axe to grind when he called the amendment unwise. For in his case it is irrelevant. Whereas Roosevelt was 53 when he finished his second term and ran for a third, Eisenhower would be 70. For that reason alone, he himself, the country and above all the professional politicians, will, if he is re-elected, treat him as President who will retire at the end of his term.

There can be little doubt, therefore, that his influence will be diminished and that he will as time goes on become increasingly a political lame duck.

The basic problem, which is so hard to discuss in the campaign, is that of the succession: How is the power of the President's office to be exercised in the next four years? This problem has many facets since no one can predict what will actually happen. Morgan's first question raises the problem of Eisenhower's declining influence in a second term, even assuming that his health and vigor are wholly adequate.

Morgan's second question, whether to consider Dirksen and Bender as Eisenhower Republicans, also points to the problem of the succession, from 1956 to 1960 if the President is incapacitated, after 1960 in any event. Dirksen and Bender are of no great consequence in themselves. They merely illustrate the question whether Eisenhower has in fact done anything serious and substantial about what he dreams of doing, to make a revitalized and modernized Republican party. For Dirksen was a virulent opponent of Eisenhower's first nomination and Bender is an undistinguished old-fashioned Republican.

The President's answer to Morgan's question was that Sen. Bender has supported his legislative program and Sen. Dirksen, at his request, led the fight for the foreign aid appropriation. That was hardly an answer to the real meaning of the question. For this is an election year. Both Dirksen and Bender are up for reelection. Self preservation has demanded that they cling to Eisenhower's coat tails.

It is hard, I repeat, to spell out the basic problem of Eisenhower's reelection. But the crux of it is whether Eisenhower's popularity is evanescent, something peculiar to him personally, or whether it is substantial and enduring in the sense that he has provided for the future, and has rallied the men who will carry on, if necessary without him.

Columbus Day

### Political Scorecard Needed

WASHINGTON (AP)—You need more than a scorecard to follow the players in the presidential campaign.

For a while yesterday it seemed Adlai Stevenson would be in a one-sided conversation if he wanted to keep on talking about ending the draft and the H-bomb tests.

President Eisenhower said he was finished discussing it. But Vice President Nixon said he'd

continue talking about it although he said Eisenhower was right in not talking about it.

And while Eisenhower picked one issue as the main one in the campaign, Nixon picked another and said he saw no conflict. Meanwhile, Stevenson seems to have trouble deciding what the main issue is.

Stevenson had drawn Eisenhower into an argument about the

draft and the bomb test by suggesting efforts toward ending both. Eisenhower repeatedly answered "No" but this didn't keep Stevenson quiet.

Then yesterday at his news conference Eisenhower was asked to comment on a rumor that his "Republican strategists" had

planned to announce an end to the draft and the bomb tests but that Stevenson beat them to the punch.

Eisenhower said this was news to him. He added: "Now, I tell you frankly I have said my last words on these subjects."

Perhaps because Eisenhower and Nixon are on opposite sides of the country they haven't been comparing notes lately. Or maybe they didn't compare them in the first place on what the main campaign issues are.

On Wednesday Nixon said the issue most persons are concerned about is peace. Yesterday Eisenhower said the big campaign issue is management of this country's internal affairs. Since, he said, nobody is against peace, progress or prosperity.

Nixon, when he learned of this in Nevada, said he saw no conflict between what he said and what Eisenhower said.

### Slithery Situation

ADA, Okla. (AP)—"Snakes alive," Mrs. Walter Goyne gasped. She had just pulled up her small runnow trap at a farm lake and found it loaded with snakes. She counted 12 cottonmouth water moccasins who got in but couldn't squeeze back out.

### Bicycle Thief

DECATUR, Ill. (AP)—The Roger Read family is a little irked because a bicycle thief shows preference for its bikes. One owned by a son, Bruce, was stolen while he was visiting his aunt. Another owned by a daughter, Sandra, was wheeled away from its front porch parking place.

### Reason Evident

LOS ANGELES (AP)—Short story, told in signs on a closed furniture store. First sign: "I pass credit where others fail. No down payment." Second sign: "Receiver in Bankruptcy, U. S. District Court."

### Camel Capers

SAN DIEGO, Calif. (AP)—Visitors who lease animals at the San Diego Zoo should take caution if they try it with the dromedary camel, according to Dr. George Pournelle, curator of mammals. Pournelle says the dromedary possesses means of revenge. He spits in the face of his tormentor.

### Hold Those Taxes

MONROE, Pa. (AP)—Post collector Ray D. Herne gave Monroe residents a break. He went on a week's vacation and asked all persons to wait until his return before paying their taxes.

### News Gets Around

COLESBURG, Iowa (AP)—This community of 325 persons has no newspaper but news gets around just the same. J. C. Eelsingner, a business man here for 49 years, gave use of a piece of downtown property on which the community club has erected an electrically-lighted, glass-enclosed bulletin board for public use.

## Around The Rim

### A Few Horrible Thoughts

News item: Thimble-sized radios that will fit in the ear are in the offing. These small transistor-type radios can be mass produced for as little as \$1.50 each.

It sparks a feeling of horror to see another prediction of science fiction on the way to coming true. We once read a story in which just such a development as the ear-sized radio was predicted and also formed the basis of the plot. In its way, it was as terrible in its consequence as Huxley's "Brave New World" or Orwell's "1984."

In the story, the ear-plug radios had been taken to their ultimate extreme. People walked around in a daze, only half aware. If at all, of the world about them. They were attuned since childhood to listening constantly to their ear plug radios which cut out all other sound. It was so much a part of their environment they didn't even turn off the radios to watch TV. They simply got two programs at the same time. The situation was made possible largely through automation, which had reduced most work to a routine.

The advertisers were in their seventh heaven. They had a captive audience whom they could manipulate (and confuse) at will. Their commercials were sandwiched into the regular programs so neatly that listeners never turned off their radios. They'd miss part of the program, and besides they were accustomed to commercials along with regular programs since childhood.

Most of the world's population was in a mild state of hypnosis. But the hero of the story wasn't. He was one of the few who refused to wear an ear plug radio, and because of this, was considered rather

odd. (Even today, people who can afford, but who do not own, a TV set are considered rather odd.) The hero's wife was one of millions of housewives who, through years of constant listening, couldn't get along without her radio, even in her sleep. She, along with a horde of other housewives, had come to identify herself completely with the soap opera heroes. Her husband had found that making love to his own wife was like wooing a wooden dummy. He could find few with whom to carry on an intelligent conversation, or any conversation at all.

Most of us, of course, do not expect such a state of affairs ever to happen. Neither do the authors of the science fiction which predicts such states of affairs. They merely point out what could happen should present trends and possibilities be carried to their ultimate extremes. Happily rarely arrives at such ultimate extremes, but it has been known to happen.

There is one comforting thought: If the brave new world turns out to be anything like that described above, it will separate the men from the boys. Because it will come at the same time as space travel. Only the cream of the human crop will take to interplanetary travel and eventually populate the stars. They will leave common humanity behind on the Earth to die of disease. That brave new world turns into a repulsive thing, intelligent men and women will have plenty of reason to leave it. The horror of mediocrity could be the spark that sets off human conquest of the universe.

—BOB SMITH

## Marquis Childs

### The Realities Of Military Manpower

WASHINGTON — When Adlai Stevenson first suggested that it might be possible "within the foreseeable future" to end the draft, he touched on a sore point in the Administration and the result has been a massive attack on the Democratic candidate led by President Eisenhower.

The latest blast from the President accused Stevenson of endangering America's security in a bid for votes. At his Washington press conference Stevenson had sought to amplify his original statement by stressing the need for a highly-trained, highly-mobile, professional force which cannot be obtained through the draft.

What Stevenson has not yet disclosed is that he has been informed by authoritative sources that the postwar weapons revolution is about to move into a new and even more revolutionary phase. The intercontinental ballistic missile — both the one-stage and the two-stage 5,500-mile missile — is shortly to be ready for testing.

This is a triumph for the Air Force's development program. The program on both the East and West Coasts has been for the past six months almost the equivalent of the Manhattan Project which during the war produced the atomic bomb. According to Stevenson's informants, the test date will come well under the deadline set by the National Security Council.

The ICBM, with a range of 5,500 miles and an atomic warhead, means the opening of a vast new technological era in warfare. Stevenson believes it underscores his argument for a highly-trained force with a continuity of service.

Whether the Administration is ready to announce the progress that has been made in development of the ICBM is not known. But obviously such an announcement could have been linked with the need for a new approach to military manpower eliminating the draft.

When Trevor Gardner resigned as Assistant Secretary of Defense in charge of research and development early this year, he gave as his reason the failure of the Administration to back the rocket and missile program with sufficient funds.

His public attack caused deep resentment within the Administration. It is believed, however, to have spurred the White House and the Defense Department to a more intensive effort.

Behind the campaign charges and countercharges on the draft is the failure since the end of World War II to resolve the problem of military manpower in peacetime.

General George C. Marshall believed the only fair solution was a system of universal military training. He argued that the draft was a far too expensive method for providing the men essential to meet America's military responsibilities in various parts of the world.

President Truman backed Marshall's proposal for universal military training, but political leaders of both parties in Congress made it plain that universal training would never be acceptable.

As Chief of Staff of the Army from 1945 to '48, General Eisenhower also advocated a system of universal military service. To try to meet the need for a continuing trained reserve, the Administration last year put over a reserve training program. But as finally approved by the Congress, it incorporated so many compromises that it has thus far been a failure.

The need to hold trained and skilled manpower has in recent months become acute. Top Air Force officers have testified that their inability to retain men trained to operate the machines of the jet and the electronic era in competition with private industry is a severe handicap.

The rate of re-enlistment has dropped perilously low and a Senate investigating committee was told that this impairs the effectiveness of the Strategic Air Command which, with its atomic striking power, is the chief deterrent to aggression.

These are the stern realities. Perhaps it is too much to hope that they would be discussed reasonably in a political campaign. But whoever is President after the inauguration in January cannot postpone for much longer some tough decisions.

## Inez Robb

### Troubles In The House Of Orange

Things are tough all over. Former King Peter of Yugoslavia is reported on his uppers. The papers say the Shah of Iran may be forced to divorce his beautiful wife because she has failed to produce a son. And there is no blinking at the hard fact that Princess Margaret is a spinster. But this is royal trouble I can roll with. What jolts me is trouble in the House of Orange.

Whoever would have dreamed that the solid, stolid royal family of the Netherlands would be a gossip item? But once more there are upsetting reports that a Queen Juliana is on the outs with (1) her government and (2) her husband, Prince Bernhard, over a faith healer. And that she may abdicate.

"In the meantime," says the latest news dispatch from abroad, "Prince Bernhard hardly bothers any longer to conceal his annoyance with his Queen." Land sakes! That is comparable to picking up the paper and reading that the solid, stolid royal family of the Netherlands would be a gossip item? But once more there are upsetting reports that a Queen Juliana is on the outs with (1) her government and (2) her husband, Prince Bernhard, over a faith healer. And that she may abdicate.

Now the American heiress, who was Princess Paul de Kotzebue at the time of her death in 1955, is no longer here to mediate or offer him sage advice. And as a prophet, I need radar. For in 1947, when I saw Juliana at the wedding of the present Queen of England to the Duke of Edinburgh, I wrote that she looked more sure of her job than any other crowned head in Europe.

### No Rooster Boosters

TALLAHASSEE, Fla. (AP)—Tallahassee's city commission has passed an ordinance which makes the keeping of roosters in the city a misdemeanor punishable by a fine up to \$500 and 60 days in jail. Hens are OK.

### Woman Engineer

PHOENIX, Ariz. (AP)—The Arizona Highway Department has its first woman engineer. Mrs. Frances Sprawls Walker, 23, was employed as an engineering-in-training upon her graduation from the University of Arizona.

## Hal Boyle

### Actress Hates Pigs, Loves Cows

NEW YORK (AP)—"Pigs are not open-minded — they're sneaky," said Siobhan McKenna, positively, "and I won't have them on my farm."

"But I love cows. They have such beautiful long eyelashes."

The farm that Miss McKenna, brightest star of the current drama season, spoke of was the one she dreams of owning and retiring to some future day in her native Ireland. After, of course, she achieves another dream — to play Hamlet. No, not Ophelia. Hamlet! And she'll probably get her wish.

Every now and then an actress comes along who can scratch a match in your veins and set your brain and heart aflame. For several weeks young Miss McKenna has been doing just that to audiences in the off-Broadway Phoenix Theater with her electric portrayal of the tomboy saint in Bernard Shaw's "St. Joan."

Critics have acclaimed her the "Greatest Joan of the century," and, indeed, who before her ever played Joan in Gaelic in Dublin . . . in English in London . . . with an Irish accent in Manhattan . . . and planned to do it in French in Paris?

What is Siobhan pronounced "Shh-vawn") like offstage? Well, she is so busy — almost every day a new Hollywood producer suddenly "discovers" her — that seeing her alone is only slightly less difficult than it would be to arrange a private game of crab-

grass billiards with President Eisenhower.

Siobhan, daughter of a Galway University mathematics professor, is a graduate mathematician herself and has a sister who is a dentist. As a child she wrote and acted out her own plays in a neighbor's barn. She spent three years with the Abbey Theater in Dublin. She has played everything from Lady Macbeth to Charlie in "Charlie's Aunt."

She finds the offers of quick Hollywood gold pouring in on her somewhat disturbing. "I don't like to plan far ahead. Here you obey time so much. I like to live in the present, and have no desire to know the day and hour I'll pass on."

"Before I do anything else I want to go back to Ireland. I miss my son, Don. He's only eight. 'You know the country people in Ireland are very honest. They tell you straight out what they think. Instead of telling me how nice I look, they'll say, 'Oh, Siobhan, how you've failed!'"

Miss McKenna's green eyes glowed as she talked of her future farm.

"Actresses are so foolish with their money," she said. "They should save it and buy a little farm they can retire to and live comfortably."

"I want a farm of only 40 acres. No swimming pool. No pigs. I've tried hard to like pigs, and I can't. But horses, yes. And cows. And a few fattening bullocks to pay the bills — so that I can gamble a bit on the horses."

**Pliers Needed To Free Finger**

CHICAGO (AP)—A little girl put a stainless steel band on the little finger of her left hand yesterday but she couldn't get it off. Neither could attendants at three hospitals where she was taken by her mother. Also stumped was a fire department rescue squad. Mrs. Ollie Woodard, 34, first took her daughter, Darlene, 7, to the Provident Hospital to have the band removed. Attendants tried water and soap, but the band didn't budge. They suggested the Cook County Hospital. Doctors and nurses at the County Hospital tried clipping off the band with ring snippers, which didn't work on stainless steel. They suggested a visit to Illinois Research Hospital. Attendants at Illinois Research had no luck and called a fire department rescue squad. The firemen failed to remove the band. A rescuer appeared, however. The hospital's building engineer, Francis Gaughan, 40, said he would try a special pair of "diagonal pliers." Three firemen held the squirming Darlene while Gaughan snipped off the steel band eight hours after Darlene had slipped it on her finger.

**Beauty Can't Face Bathing Suit Test, Leaves Pageant**  
BIRMINGHAM, England (AP)—Honey-blonde Miss New Zealand said today she has walked out on the Miss World contest because she can't face parading in a bathing suit. And besides, she has hardly a thing to wear. The reluctant beauty, 26-year-old Jeanette de Montalk, vanished from London two days ago. She was to have competed against girls from a score of nations next Monday for the title of Miss World. A reporter found her living in a YWCA hostel here, adamant in her decision not to participate. "I'm finished with it," announced the green-eyed young lady. "I do not want to parade in a bathing costume before hundreds of people. Furthermore, I do not own the sort of clothes to compete with some of the girls. My wardrobe is only a normal one bought by my family and friends who rallied around at home. Some of the girls have Dior gowns."
