Polish Reds Move To End Russ Control

WARSAW, Poland (AP)—Wladislaw Gomulka, once jailed as a Titoist, and three of his closest associates were triumphantly restored to the Central Committee of the Polish United Workers' Communist party today.

Oil Allowable Increased By 72,986 Barrels

AUSTIN (AP)—Texas oil production for November was set today by the Railroad Commission at 3,314,390 barrels daily, an increase of 72,986.

The permissive flow was based on a 15-day producing pattern despite testimony of a majority of oil buyers who recommended less than this number of days.

Only three oil buyers recommended the 15-day pattern: Humble, Sun and Texas.

The majority wanted 14 days: Magnolia, Gulf, Stanolind, Cities Service, Sinclair, Atlantic and Conoco. Shell asked for 13 days and Phillips recommended 12.

The oil regulatory body has kept at least a 15-day pattern since April, 1942.

Carl Jones of Midland for Phillips told the commission his company would continue to make purchases based on 75 per cent of its August run.

Jones said at the last statewide hearing his company was forced to prorate its purchases because of a lack of demand and excessive stocks.

Reports Urged In UF Campaign

An "urgent appeal" for all workers to turn progress reports into United Fund campaign headquarters was issued today by D. M. McKinney, general chairman of the drive.

McKinney said he is especially anxious that workers in the Advance Gifts Division turn in reports. Final report from that division was scheduled last Wednesday, but the campaign chairman said "an alarming number" of cards have not been turned in.

"We are anxious to close out that phase of the campaign," said McKinney.

He urged also that workers in other divisions turn in reports promptly, even if they haven't finished assignments. The office staff can proceed with the processing of the partial reports while workers complete their tasks, he pointed out.

The United Fund campaign is staged once each year in an effort to combine all fund-raising drives in one big effort, McKinney explained. The UF is merely a "service agency" which provides the money for the operations of the 10 cooperating welfare and character-development agencies.

The agencies are Big Spring Servicemen's Center, Salvation Army, Red Cross, Boy and Girl Scouts, YMCA, Cancer Society, Milk and Ice Fund, WestSide Recreation Center and Summer Recreation Program.

Rayburn, Johnson Fire On 'Demos - For - Ike,' Shivers

LOCKHART (AP)—The two top Democrats in Congress attacked last night the GOP and Democrats consorting with the Republicans.

Speaker Sam Rayburn and Senate Majority Leader Lyndon Johnson, centered fire on the "Democrats for Eisenhower" organization and Gov. Shivers, who is lined up with it.

An "Eisenhower Democrat," Johnson told an estimated 3,000 persons, "is a Republican who is ashamed of it."

He said that a letter written by Bob Smith, chairman of the "Democrats for Eisenhower" group to Sen. Stuart Symington on his recent visit to Texas was "insulting."

"Smith's letter had asked Symington to explain his Senate vote against the Texas stand on tidelands. Symington is one of seven Democratic senators called into Texas to boost the Adlai Stevenson campaign."

Rayburn emphasized what he called Republican failures in administration policies on small business and agriculture. He said

he was among the Texas farmers and ranchers who were in the midst of a depression. He asserted that while big business profits have gone up, small business has suffered under the GOP.

Both said winning the Nov. 6 election was important because if the Democrats lost control of Congress, key committee posts would fall to Republicans.

The 19th Senatorial District rally was one of a series being held over the state. It followed a \$5 a plate barbecue which netted around \$10,000 for the Democrats.

Among party leaders present were Reps. Homer Thornberry of Austin, Frank Icard of Wichita Falls and John Young of Corpus Christi; National Committeeman Byron Skelton of Temple; and State Executive Committee Chairman Jim Lindsey of Texarkana.

Lindsey represented the Democratic nominee for governor, Sen. Price Daniel, and reiterated for him Daniel's pledge to support the Democratic ticket "from top to bottom." This drew applause.

Also introduced was Ralph Yarborough of Austin, who lost to Daniel.

Hospital Marriage

Pretty Cherrie Thompson, 17, and LaRoy Jay, are shown after their marriage in a hospital room in Oklahoma City. After the wedding ceremony, the bride was told that her leg must be amputated to stop the spread of malignant cancer. Jay, a Korean veteran, received an emergency leave from Ft. Jackson, S. C., to wed his childhood sweetheart.

Pretty Youngster Gets A Husband, Loses Right Leg

OKLAHOMA CITY (AP)—Cherrie Lee Thompson is 17 and pretty; she has a new husband and today she loses her right leg.

The doctor said it was the only way he might save her from cancer. He told her yesterday, Cherrie thought he was kidding at first.

LaRoy Jay Thompson already knew. The 21-year-old soldier had hurried home on emergency leave from his station at Ft. Jackson, S. C., so they could be married ahead of schedule.

Cherrie looked up from her bed at LaRoy Jay.

Early Developer Of Borden County Dies

A career of more than a half-century in West Texas that included opening much of the range land to homesteaders ended Thursday with the death of Walter Bishop of Big Spring.

Mr. Bishop, 78, succumbed at 2:20 p.m. in a local hospital, following a three-year period of illness. He had been practically incapacitated since suffering a stroke in October, 1953.

But the years prior to that saw him active in the development of the West Texas empire. Born August 27, 1878 in Cass County, and married November 9, 1902, Mr. Bishop came with his wife to the Vincent area of Borden County in 1904. He had recalled that there were only three other families in the region at that time.

There, he was for some years an agent for the U. S. and Mexican Trust Company, which opened much of the Borden County area for farming and ranching. Mr. Bishop handled sales of tracts to people attracted to the new frontier, many of them brought to West Texas on excursion trains from distant midwestern points.

Later, Mr. Bishop farmed and ranched in the area himself, and played a prominent role in bringing suitable living conditions to the raw country. He was one of the organizers of the Baptist Church at Vincent, served on its board of deacons. He also helped start the school at Vincent and was on its first school board.

In 1922, Mr. Bishop moved his family to Abilene, so that growing children would have the advantages of schools there. His children attended Hardin-Simmons.

The Bishops came to Big Spring in 1935, and established residence at 1610 Benton Street. Three years later, he went to work for Cosden Petroleum Corporation, and remained with that company until illness forced his retirement. A mild-mannered man of warm and friendly disposition.

He was among the Texas farmers and ranchers who were in the midst of a depression. He asserted that while big business profits have gone up, small business has suffered under the GOP.

Both said winning the Nov. 6 election was important because if the Democrats lost control of Congress, key committee posts would fall to Republicans.

The 19th Senatorial District rally was one of a series being held over the state. It followed a \$5 a plate barbecue which netted around \$10,000 for the Democrats.

Lindsey represented the Democratic nominee for governor, Sen. Price Daniel, and reiterated for him Daniel's pledge to support the Democratic ticket "from top to bottom." This drew applause.

Also introduced was Ralph Yarborough of Austin, who lost to Daniel.

Japan And Russia Sign Peace Treaty

Rain Continues But Storms Not Expected Back

By The Associated Press

Showers continued over Texas Friday, but the Weather Bureau said the torrential rains and tornadoes which struck Thursday weren't expected back.

Rain was reported Friday at Galveston, Houston, Childress and Mineral Wells. Alice, Cotulla, San Antonio and Dalhart had fog early Friday.

Rainfall reports for the six hours ending at midnight included: P. 1.3 of an inch, Childress .96, Sherman .30, Wichita Falls .08, Dallas .03, and Beeville, Fort Worth, Corpus Christi and Lubbock, a trace.

Rains measuring as much as eight inches in some places flooded highways Thursday. Tornadoes smashed houses and utility lines in Southwest Texas.

The rains were welcomed by farmers and ranchers. They promised to temporarily re-stock pastures and replenish streams and stock ponds. But the general feeling was that more rain was needed to break the drought which has affected some areas since 1949.

A twister near Crystal City demolished two homes and a warehouse and damaged other buildings. A tornado in the Del Rio area snapped telephone and telegraph lines between Del Rio and Sycamore, toppled a television antenna and blew down service station pumps at Sycamore. There were no injuries.

Del Rio was almost isolated by flood waters and communications were badly crippled. All the main highways leading to the border city were closed by the floodwaters.

The Rio Grande rose three feet at Laredo. Falcon Reservoir, where release of water was shut off, rose a foot. But officials doubted the huge reservoir would rise much more.

Two tributaries of the Rio Grande, the Pecos and the Devil's, were rising. The Pecos was up 10 to 12 feet at Langtry and the Devil's was up three feet at Del Rio.

A blanket of moist air was covered by cold air at high altitudes, touching off the rain.

Heavy rains at Victoria dropped up to 3.50 inches. Laredo had 1.14, San Angelo 1.27, Cotulla 1.22, Childress 1.04 and Kingsville an inch. Schroeder had 3 inches, Colletonville 4 inches—both near Victoria—and Lamesa 1.21, Electra 2.14 and McAllen 1.46.

Predawn temperatures Friday ranged from 72 at Presidio to 43 at Dalhart.

11 Persons Get Rabies Shots

Eleven persons took precautionary rabies treatment here this morning after the first rabid dog here five years was discovered here this week.

Dr. Robert Hale, director of the health unit, said the treatment is being made by private doctors. The State Health Department furnished the medicine.

As far as health workers know, no one was bitten by the animal, but the 11 were around it and were advised to take the treatment.

Dr. Hale urged dog owners to have their pets immunized. He said also that persons should not shoot a dog unless necessary. Penning observation of the animal would be sufficient and if the dog was actually rabid it would show.

Any animal acting sick should be closely watched too, he said.

Dr. H. F. Schwarzenbach said that he had received a report from Austin that a dog checked this week had been positively rabid. The dog's head had been sent to Austin Tuesday.

Owner of the dog was Mr. and Mrs. S. G. Wallace at 1801 Donley. Mrs. Wallace said it had not bitten anyone or another animal as far as she knew. She reported it did not seem violent at the time it was taken to the veterinarian.

Dr. Schwarzenbach said that this is the first rabid dog he has heard of in the past five years here.

WHERE DOES THAT LEAVE THE TEXANS?

LONG BEACH, Calif. (AP)—The wife of an outdoor advertising executive had a baby and everybody in town, well, practically everybody knows about it.

Mahlon Faust used a well-situated billboard to post an announcement of the birth of son Timothy, catching the public's eye with the words, "It's a b-o-o-y!" splashed across the top.

And at the bottom was this proud boast: "Made in California by Californians."

Practically the entire Presidium of the Soviet government and its ruling Communist party were ranged behind them in the Kremlin conference room of the Grand Kremlin Palace as they attached their signatures.

The declaration ending the state of war deferred all discussions on Japan's territorial claims to a later date. Japan failed to win the immediate return of Soviet-occupied Habomai and Shikotan Islands of Japan. The Soviet agreed to return the islands only after the conclusion of a formal peace treaty.

The trade protocol granted most-favored nation treatment by both sides. Under that formula each nation agrees to give the other treatment as good as it gives any other nation in a trade deal.

Japanese officials said they had reached "complete agreement" with the Soviet government. Russia refused to sign the San Francisco Peace Treaty in 1951.

Hatoyama's top negotiator, Agriculture Minister Ichiro Kono, said the final agreement involved concessions on both sides.

"As far as international agreement go," he added, "it was a very good result."

The Japanese Premier's official spokesman, Takizo Matsumoto, said the disputed tiny islands of Habomai and Shikotan, off north Hokkaido, were mentioned in the agreement.

Observers believed the return of the islands depended on Japanese renunciation of all claims to Soviet-occupied Etorofu and Kumsuiri, in the southern Kuriles.

The Japanese had resisted such a step for more than 16 months. But a settlement giving Habomai and Shikotan back would give them a face saver that might be accepted by the Japanese Diet (Parliament).

Before embarking on the current talks, Hatoyama made clear he wanted (1) an end to the technical state of war existing between Russia and Japan since World War II, (2) exchange of ambassadors, (3) repatriation of Japanese prisoners still held by Russia, (4) Soviet support for a Japanese seat in the United Nations, and (5) activation of a fishing treaty permitting Japanese operations in north Pacific waters controlled by the Soviet fleet.

In Tokyo, first news of the agreement got a mixed reaction. First newspaper editorials were critical. Big business circles were cool to lukewarm. Organized labor was enthusiastic. So were some members of the opposition Socialist party. Japanese with relatives still held in Russian prison camps, and individual fishermen.

MEMPHIS, Tenn. (AP)—A service station manager sported a beaut of black eye today, souvenir of a brisk fist fight with Elvis (The Pelvis) Presley, the teen-agers' rock 'n' roll idol.

The fist fight flared yesterday when station manager Ed Hopper became irate because a crowd drawn by Presley and his \$10,000 car was blocking business at the gas pumps.

Presley, 21, Hopper, 42, and a late comer to the fight, station attendant Aubrey Brown, 21, were free in \$32 bonds, all charged with assault and battery and disorderly conduct.

Both charges were dismissed against Presley when he appeared in City Court today. The courtroom, crowded with adults and a sprinkling of teen-agers, applauded when Judge Sam Friedman cleared the singer.

Hopper was fined \$25 and Brown \$15 on the assault and battery charges. Disorderly conduct charges against both men were dismissed.

Asst. Police Chief Bruns McCarroll said officers already on the scene broke up the fight and reported that Hopper was trying to unlimber a small pocket knife at the time.

Presley, home for a few days from his rock 'n' roll tours, said the trouble started after he drove his glossy, white Continental Mark II into the downtown station and asked Hopper to check the gas tank for leaks.

A crowd began to assemble, blocking traffic. Hopper finally asked Presley to move on so the station could get back to normal business.

A witness, Harvey Huff, told police that Presley, seated in his car signing autographs, agreed to move on but delayed to oblige eager fans. Huff said Hopper slapped Presley on the back of the head and snapped: "I said to move on."

Presley, 6-1 and 185 pounds, jumped from the car and crossed a right that set Hopper (5-10, 175) back on his heels and cut a half-inch gash at the corner of his left eye.

Huff said a policeman and another man broke up the fight and then Brown, 6-4 and 220 pounds, moved in and also drew a Presley right.

"He just barely did hit me in the left eye," said Brown, who was unmarked.

"I asked him three times to move, in a nice way," said Hopper. "He'd say, 'I'm fixing to move,' but he didn't. The last time I told him he started to get out and I shoved him back in the car. He started out after me."

Presley said Hopper "reached into the car and hit me. He pulled a knife on me when I got out. I hit him. The redhead (Brown) swung at me and missed and then I hit him."

"I'll regret it as long as I live," he added. "I'm sorry I went in the place I can take slurring remarks, but when somebody hits you it's a different story."

Pact Ends 11-Year State Of War

MOSCOW (AP)—Japan and the Soviet Union today signed a declaration ending the 11-year state of war between them.

Japanese Premier Ichiro Hatoyama and Soviet Premier Nicolai Bulganin signed the end-of-war declaration and a trade protocol after more than 16 months of off-and-on negotiations.

Practically the entire Presidium of the Soviet government and its ruling Communist party were ranged behind them in the Kremlin conference room of the Grand Kremlin Palace as they attached their signatures.

The declaration ending the state of war deferred all discussions on Japan's territorial claims to a later date. Japan failed to win the immediate return of Soviet-occupied Habomai and Shikotan Islands of Japan. The Soviet agreed to return the islands only after the conclusion of a formal peace treaty.

The trade protocol granted most-favored nation treatment by both sides. Under that formula each nation agrees to give the other treatment as good as it gives any other nation in a trade deal.

The United Fund Needs Your Full Support - - Right Now!

Convicted

Sgt. Alford Lee McLaughlin, Marine Medal of Honor winner, has been convicted by a special court-martial at Parris Island, S. C. In the un-publicized court-martial he pleaded guilty to drunkenness and unauthorized absence and was found guilty of disrespect to a superior non-commissioned officer.

Rains Bring Drought Relief

COLLEGE STATION (AP)—Rains brought temporary relief to Texas farmers and ranchers in many areas but general rains are still necessary to break the drought, the Texas Agriculture Extension Service said today.

"Scattered showers which have fallen in large portions of the Rolling Plains, North, Central and South Central Texas and parts of the Edwards Plateau, West and South Texas will enable germination and growth of small grains, pasture and winter soil building crops," Director G. G. Gibson said. "The Panhandle, Northeast, deep East and much of far West Texas and the Gulf coast still is very dry."

The harvest of most crops is complete or in final stages, primarily cotton and grain sorghum, district agents reported. Peanuts, one of the latest crops, has suffered much from drought. Yields are low and some are being baled for hay or grazed. Land preparation and planting has begun anew where rain fell.

The cotton and grain sorghum harvests have been slowed by rain around Lubbock and it was too late to be of much value to those crops.

In the Panhandle wheat and pastures need moisture badly. Rain skipped that section. Very little wheat is being planted. Harvest conditions for irrigated vegetables, cotton and grain sorghum are excellent and yields are good.

Ranchers in 90 per cent of the Edwards Plateau are reported culling heavily all livestock. Several counties report a shortage of stockwater. However good rains fell in Coke, Nolan, Concho and Runnels counties. The Llano County peanut harvest has begun with yields low, but an above average pecan harvest has begun in McCulloch County. Sheep and goats in Blanco County are being culled heavily, and breeding sheep in Concho County are being moved to market in large numbers. The turkey market is reported poor, but egg prices good.

Planting of small grain will begin in the Rolling Plains after rains averaging about one and one-half inches fell in some counties. The cotton harvest is 60 to 70 per cent complete with yields low and a shortage of pickers in six counties. Foundation cattle herds still are being sold due to a lack of pastures, feed and water.

Around Fort Stockton, scattered showers fell but ranges still are in critical conditions and livestock is being sold or moved to areas where there is grass. Irrigated cotton is half harvested with yields excellent and that fall sown alfalfa and small grain is up where irrigated.

North Texas took a new lease with rain measuring from a trace to over three inches. The moisture was too late to provide much grazing before cold weather.

Rain over much of Central Texas measuring from a trace to two inches offered a little temporary relief. The cotton harvest is nearly complete and peanuts are producing low yields with some being baled or grazed. Pastures are dry. A big demand for hay exists.

Garden City Needs An English Teacher

GARDEN CITY (SC) — W. A. Wilson, superintendent, is seeking a teacher for Garden City High School.

Mrs. A. M. Nunnally has resigned, he said, leaving the English post open.

Wilson said he was seeking someone who could teach three classes of English and two of typing.

Fair Weather Prevails In U. S.

By The Associated Press

There were a few rainy areas but fair weather prevailed in most of the nation today.

The Atlantic coastal storm that brought heavy rain and strong winds from Maine to New Jersey this week moved out to sea yesterday. However, rain and showers continued during the night in the Carolinas. Clear skies were in prospect for the northeastern area.

Welcome rains which fell in drought areas of Texas were expected to spread northward into southern Kansas and southwestern Missouri during the day. Scattered showers also were forecast for the northern half of the Rockies, and more rain was the outlook for western Oregon and Washington.

Cooler weather was reported in the Northeast, the far Northwest and the southern half of the plains and in isolated spots in the Midwest. It was below freezing—27 degrees—at Pellston, Mich., this morning while Fraser, Colo., reported a chilly 18 reading.

Fall-Out Useful In Tracing Of Water

SOCORRO, N.M. (AP)—A physics professor says he believes he has found a peaceful use for the fall-out from a hydrogen bomb blast.

Dr. Harold V. Buttler of New Mexico Institute of Mining and Technology says the normal amount of radioactive tritium in the atmosphere is multiplied a hundredfold for about six months after an H-bomb explosion.

Rain becomes supercharged with it. Progress of that water underground can be traced with instruments which register radioactivity.

The importance of underground water courses in arid country is vital to farmers and ranchers who depend on wells.

Reich Papers Attempt To Squash Reports Of Strikes

BERLIN (AP)—East Germany's Communist newspapers tried today to squash reports that thousands of factory workers are striking for better conditions.

The Red press termed the reports complete lies, and said they were invented to prevent understanding between East and West Germany.

The official Communist party newspaper Neues Deutschland said the reports were proof that West German "militarists" are trying to hinder unification.

The strikes were reported yesterday by Der Tag, an independent West Berlin newspaper, and by the League of Free Jurists, a West Berlin anti-Communist organization which claims it has a farflung network of contacts in Germany.

According to them, the strikes center in the industrial city of Magdeburg, 60 miles from Berlin. Two thousand police were reportedly rushed into the city from East Berlin.

The Telegraph, another independent West Berlin newspaper, said today the Central Committee of the East German Communist party has been called into special session to deal with the strikes. The Morgenpost, another West Berlin

paper, said the party's chief theoretician, Fred Oelssner, has been sent to Magdeburg.

So far there have been no reports of violence or arrests in Magdeburg. However, Western newsmen who wanted to visit Magdeburg were unable to get permission from the Reds.

On Tuesday the official East German labor newspaper, Tribune, admitted factory workers in Magdeburg were dissatisfied with working conditions. The workers complained about low pay and excessive work quotas, Tribune said.

The checks were for costs of a special election in which the village authorized \$190,000 in bonds to help pay for a new sewage disposal system. Polchow said the Village Board's 6-6 tie vote on the proposal to authorize the election was illegal.

Polchow said he changed his mind because "my friends have asked me to come out and lead the fight" for economy in the village government.

Reich Papers Attempt To Squash Reports Of Strikes

BERLIN (AP)—East Germany's Communist newspapers tried today to squash reports that thousands of factory workers are striking for better conditions.

The Red press termed the reports complete lies, and said they were invented to prevent understanding between East and West Germany.

The official Communist party newspaper Neues Deutschland said the reports were proof that West German "militarists" are trying to hinder unification.

The strikes were reported yesterday by Der Tag, an independent West Berlin newspaper, and by the League of Free Jurists, a West Berlin anti-Communist organization which claims it has a farflung network of contacts in Germany.

According to them, the strikes center in the industrial city of Magdeburg, 60 miles from Berlin. Two thousand police were reportedly rushed into the city from East Berlin.

The Telegraph, another independent West Berlin newspaper, said today the Central Committee of the East German Communist party has been called into special session to deal with the strikes. The Morgenpost, another West Berlin

paper, said the party's chief theoretician, Fred Oelssner, has been sent to Magdeburg.

So far there have been no reports of violence or arrests in Magdeburg. However, Western newsmen who wanted to visit Magdeburg were unable to get permission from the Reds.

On Tuesday the official East German labor newspaper, Tribune, admitted factory workers in Magdeburg were dissatisfied with working conditions. The workers complained about low pay and excessive work quotas, Tribune said.

The checks were for costs of a special election in which the village authorized \$190,000 in bonds to help pay for a new sewage disposal system. Polchow said the Village Board's 6-6 tie vote on the proposal to authorize the election was illegal.

Mayor Released After Refusing To Sign Check

CHICAGO (AP)—Mayor Herbert C. Polchow of suburban Park Ridge, who went to jail Oct. 5 for refusing to sign a check for costs of a special village election, has won his release.

Polchow, who earlier said he would stay in jail until next April's village election if necessary, signed the checks totaling \$400 yesterday. He had contended the special election illegal and was jailed for contempt of a court order directing him to sign the checks.

Polchow said he changed his mind because "my friends have asked me to come out and lead the fight" for economy in the village government.

The checks were for costs of a special election in which the village authorized \$190,000 in bonds to help pay for a new sewage disposal system. Polchow said the Village Board's 6-6 tie vote on the proposal to authorize the election was illegal.

TB Workers Hear Radio Program Presented By HCJC

During the last part of their day's conference Thursday, TB workers listened to a radio program presented by a group of HCJC students.

attending. Mrs. Zack Gray reported another meeting of the local TB Association will be held at the city-county health unit next Wednesday where dates and circumstances concerning the annual X-ray campaign will be formed.

Jordan May Act Against 'Aggression'

UNITED NATIONS, N.Y. — Jordan warned today it will take matters in its own hands unless the U. N. Security Council can stop alleged Israeli aggression immediately.

"If the Council doesn't take action to stop the Israeli aggression right away, then my country will have to seek other methods by which it could insure the safety of our borders."

"It is war," he continued, "except that it lacks the rules of war, the bravery of war and the honor and morals of war."

Rifa'i did not spell out what sort of penalties he wanted the Council to invoke. He urged action under Article 41 of the U. N. Charter which provides for the severance of diplomatic relations, economic restrictions and possible rupture of all outside communications.

Episcopal Men Resume Meetings The Men's Fellowship of the St. Mary's Episcopal Church was reactivated at a luncheon meeting today at the parish house.

Two new locations in the Albaugh (Yates) field of Howard County were reported today. Both are being drilled by Ed's Drilling Company. They are the Nos. 1-A and 2-A Otis Chalk and are about nine miles northeast of Chalk. Drilling depth with cable equipment on each is 3,500 feet.

\$55,900 First 'Soil Bank' Checks Mailed

One hundred and thirty-six negotiable certificates—checks in final analysis—aggregating \$55,900 have been mailed out by the Howard County ASC office as first payments on the Cotton Acreage Reserve Program, commonly called the Soil Bank plan.

Gabe Hammack, office manager of the ASC, said that a change in plans has been adopted in the office in connection with the payments for participating in the program. It had been announced that postal cards would be mailed to all participating landowners advising them to bring the cards to the office and get their payments.

Howard, Area 4-H Entries Win Places In State Fair Five members of Howard County 4-H Clubs exhibited steers which were included in placings of the livestock show at the State Fair in Dallas this week.

BISHOP (Continued from Page 1) affable nature, he had made a host of friends.

Funeral services will be at 10 a. m. Saturday, at the Nalley-Pickel chapel, with Dr. R. Gage Lloyd officiating. Interment will be in the City Cemetery. Pallbearers will be J. M. Smith, Jack Y. Smith, W. D. Willbanks and Lawrence Robinson; and Calvin Shipley of Seminole and Terrell Shafer of Vincent.

Prison For Silence Plot Denied

CHICAGO — Gov. William G. Stratton, appearing before a U. S. Senate committee, has denied "any implication" that onetime Auditor Orville E. Hodge was spirited off to prison to keep other names out of the 1½-million-dollar state check-cashing scandal.

Stratton, a Republican seeking re-election, testified before the Democrat-controlled Senate Banking and Currency Committee yesterday at his own request. The hearings, which have lasted two weeks, were scheduled to end today with questioning of State Treasurer Warren Wright and Charles J. Fleck, Cook County (Chicago) public administrator.

Victory Van' To Visit City

The Democratic "Victory Van," a huge truck rigged with a public address system and stocked with supplies of party literature, buttons and other political material, will be in Big Spring the last week before the election on Nov. 6.

Announcement of the visit of the van to Big Spring was made by Walter Jenkins, administrative assistant to Lyndon B. Johnson, United States senator.

Auto Overturns Fred Taylor, deputy sheriff, investigated a motor accident at Birdwell Lane and East Second at 1 p. m. Thursday. He said that a 1957 Ford, owned by Wendell Blayne Dodson of Cuthbert and driven by Wendell Wayne Workack turned over. Neither man was injured. Taylor said that damage to the car will run \$700.

Colorado Run-Away Is Sought Here Sheriff's office here has been asked to keep an eye out for a 14-year-old run-away boy from Inglewood, Colo.

Howard Ed's No. 1-A Otis Chalk is 330 feet from north and east lines of the west half of the northwest quarter, 91-29, W&NW Survey. It will project to 3,500 feet with cable equipment in the Albaugh (Yates) field.

Dawson Tidewater No. 1-A Stokes will be 660 feet from north and east lines, 2-C39, PSL Survey. It is in the Welch field and will drill to 5,000 feet.

Borden Sunray and Mid-Continent No. 1 Miller deepened to 6,135 feet in lime. It is a wildcat 13 miles northeast of Gail, C NE SW, 365-97, H&T Survey.

NAACP Chief Denies Candidates Helped

TYLER — The chief executive officer of the NAACP, Roy Wilkins, said today it is against the organization's mandates to endorse any candidate.

He asserted the National Assn. for the Advancement of Colored People has a long record of anti-Communism (kept informed on) all these Communist lines and know their methods, probably better than many other organizations," he said. "We want no part of them."

Wilkins, executive administrator of the organization, was the defense witness in the state court injunction hearing by which the state is seeking to ban the NAACP from Texas.

He claims the NAACP illegally solicited law suits and engaged in political activity, and says it had not paid its state franchise tax.

Wilkins said the association had formally opposed Communism since 1950 but had fought it since about 1929.

Wilkins asserted that the NAACP national conventions had passed resolutions for 10 years forbidding endorsement of any candidate.

But, he said, the resolution states that the association has an "inescapable political responsibility" to make available voting records of congressmen and state legislators where such information would interest the Negro race.

He said he also felt the association should encourage campaigns for getting out the vote and paying poll taxes.

Asked whether the NAACP had contributed to any political campaign, he said, "Not only not in Texas, but not in any state."

Polar-Bound Plane Crashes, 3 Killed

WASHINGTON — A Navy plane carrying advance units of this year's South Polar expedition crashed on the antarctic ice shelf yesterday, killing three men and injuring five others, three critically.

The Navy here said six other planes landed safely after the 2,250-mile flight from New Zealand to McMurdo Sound.

All were carrying advance units of a scientific expedition to the antarctic area for work in connection with the International Geophysical Year, in which many nations are sharing their scientific discoveries.

Additional flights from New Zealand were halted temporarily by a white-out blizzard, one of the antarctic's worst features.

The Navy listed the dead as Lt. David M. Carey, the plane's pilot, of White Plains, N.Y.; Aviation Machinist Mate I. C. Marion O. Marze, Waxham, N.C.; and Aviation Electronics Technician Charles S. Miller, Providence, R. I.

Two of the men critically injured in the crash had been aboard a Navy patrol bomber which crashed-landed in Venezuela last February while heading for emergency rescue work in the antarctic.

They are Marine Capt. Rayburn A. Hudman of Sanderstown, R.I., and Marine Sgt. Robert C. Spann of Eggertsville, N.Y. They and six others were rescued from the Venezuelan jungle clearing by helicopter.

September Fire Losses Are Low Fire losses in the city during September amounted to slightly more than \$1,000. The loss came from one fire.

During the month however, the department made 17 calls. The total for September was \$1,176.85. All but \$20 of this was damage to the building housing the Southwestern Investment Company, 410 E. 3rd. September's fires brought the year's losses to \$33,209.04 or almost half of the total for 1955 at this time.

School Taxes Flowing In At Rapid Rate

Taxes have begun flowing into the Big Spring Independent School District tax office at a substantial rate, according to J. O. Hagood, assessor-collector.

He estimated Friday that his office had written up 14 per cent of the \$596,300.33 levy.

Total collections so far amount to \$87,865.55. Of this amount, \$84,498.52 has been in current collections with \$3,367.03 going to local maintenance and \$19,672.40 to interest and sinking fund. The other item was \$2,584.29 in discounts allowed.

Delinquent collections have reached \$3,333.53, said Hagood, and miscellaneous collections total \$36.50.

Hagood explained that there is a considerable volume of mail receipts in the office and that he and aides were working it out as rapidly as possible. Receipts will be mailed as quickly as they can be written.

Study Group To Meet At HCJC The World History group will change the locale for its discussions Sunday afternoon when it moves to the Howard County Junior College Library.

Until now the discussion group has been meeting in the conference room of Phillips Petroleum Company in the Permian Building.

The Great Books unit, however, will continue using the Phillips room on Monday evening since the music building, which will be used later for the discussions, is not yet complete. Both are independent groups but HCJC is cooperating by furnishing a meeting place for them.

Policeman Finds Stolen Bicycle A bicycle stolen Wednesday afternoon from the Washington Plaza School has been recovered.

Police patrolman J. C. Campbell reported he found the bicycle this morning. It was stolen from the school Wednesday and belonged to E. O. Wortham, 1212 Mulberry.

Beer Truck Rifled

A Coors beer truck was broken into here Thursday but only a pair of gloves was taken. Driving the truck was Warner Huggins of Midland.

Sixteen Howard County voters have appeared at the office of Pauline Petty, county clerk, to request absentee ballots.

Forty-one applications for such ballots have been received by mail. The mail applications have been filled. The office callers were provided with ballots which they voted and deposited in the special election box set up in the office.

Deadline for application for absentee ballots is Nov. 2. Any resident who plans to vote by this method is urged to file his request for such ballots at once. Absentee voting began on Oct. 17.

Dedication Set SAVANNAH, Ga. — The birthplace of Juliette Gordon Low, founder of the Girl Scouts, will be dedicated today. Mrs. Low established the Girl Scout organization in 1912 when she was 52. The Girl Scouts bought the 132-year-old building in 1953.

U. S., Britain Snag On Egyptian Policy WASHINGTON — The United States and Britain are reported to have a new snag in trying to work out common policies for dealing with Egypt in the Suez Canal dispute.

This one concerns the payment of tolls for ships going through the canal. However, some diplomatic officials say that at the heart of the current disagreement is the basic issue of how tough a line the Western Powers should take toward Egyptian President Gamal Abdel Nasser.

The specific problem of what the newly organized Suez Canal Users' Assn. should do about ship tolls is in active negotiation between Secretary of State Dulles and British Foreign Secretary Selwyn Lloyd.

Dulles is described as advocating that any money paid to the users association by ships going through the Suez should then be turned over to Egypt for use of the canal — less, of course, any association expenses for pilot services and the like.

Lloyd is said to have proposed that such tolls be held as blocked funds not to be paid to Egypt until there is a final settlement of the Suez controversy.

Citizen Reverts

BATON ROUGE Citizens Court drive to revert of Negro voters.

In the past voters by both sides have been 8,000 to 10,000. The efforts of the court are:

1. Challenge over the state their names rolls.

2. A constitution designed to front of a testing to restore to the rolls.

3. From the point, our only legal ally is all illegally qu

SAYS

Hong Kong Rioter Burns

When this man was burned to death in the Hong Kong rioting Oct. 11, it was believed he was a driver of the burning taxi. Five days later the cab driver was found alive, uninjured, and it was revealed the burning man had been a rioter, one of a group that had attacked and set afire the vehicle in which the Swiss vice consul Fritz Ernst and his wife were riding. Ernst escaped, but his wife died of injuries.

California Political Freshman Gives Kuchel Hard Challenge

By MORRIE LANDSBERG
SACRAMENTO, Calif. (AP) — A tireless 39-year-old political freshman, equipped with a double name, rapid-fire oratory and a partisan pitch, is giving Sen. Thomas H. Kuchel (R-Calif.) the most vigorous challenge of his career.

A few months ago most California voters outside of his own county had barely heard of Richard Richards.

By this time, there are few Main Streets in the big state that haven't seen the tall, slender state senator from Los Angeles; and there probably aren't many voters who wouldn't recognize the smiling hand-pumper with wavy blond hair and boyish good looks as the Democratic nominee for the United States Senate.

stepped up his pace to match Richards'.

Both men are law school graduates of the University of Southern California. They have little else in common. Kuchel has one daughter, Richards one son.

Kuchel is dark-haired and rather earnest, with quick, nervous mannerisms and a reputation as a conscientious legislator. He packs a lot of bounce in a slight build that gives him a youthful appearance. His speeches tend toward the heavy side.

Richards is an unusually articulate speaker whose delivery has been clocked at about 150 words a minute — but he seldom uses written texts or even notes. Poised and fast on his feet, he has been called a master of double talk by opponents. Politically he styles himself a "liberal who isn't too liberal."

gave up his Senate seat in 1953 to become vice president. Running for the short term in 1954, he defeated Democratic Rep. Samuel W. Vorty of Los Angeles by 302,000 votes.

Richards' strategy, aside from getting himself known, is to remind the voters, still 3-2 Democratic, that Kuchel after all is a Republican and, he says, "an ally of the ultraconservative, extremist wing of the Republican party."

Richards was elected to his first office just two years ago. As the lone state senator for the five million people of Los Angeles County he represents the largest constituency of any state legislator in the country. This is his first statewide race.

Kuchel is campaigning chiefly on what his accomplishments in Washington, including a high rate of public works appropriations for California. "A record," he says, "is better than a promise."

SAYS ANDREWS

Adlai And Ike, They Look Alike

RICHMOND, Va. (AP) — T. Coleman Andrews, the Virginia Democrat who supported President Eisenhower in 1952 and became chief tax collector in the Republican administration, is wearing a new campaign button in his lapel. It says: "I'm for me."

Politically it means what it says. Andrews is the presidential nominee on an independent States Rights-Tax Reform ticket. His running mate is Thomas H. Werdell of California, a former GOP congressman. They were formally handed the banner of the conservatives at a rally here Monday night at which about 20 states were represented.

Andrews, an accountant, has no illusions about any chance of victory. His ticket is on the ballot in only 14 states. What does he hope to accomplish?

"We hope to serve as a rallying point for conservative people," he said. "Our group has definitely launched a movement to lead to a realignment of the parties between conservatives and radicals."

Andrews sees the conservative coalition backing him not as a third party—but as a second party. He says now it's only a "tweeds - dum, tweeds - dee" choice between the national Democratic and Republican tickets since both have been engaged in what he calls a grasshopper race to the left. He is making his pitch mainly to those voters disenchanted by both major parties.

His candidacy could tip the scales in Virginia, which went for Eisenhower by 80,000 in 1952, and may be a factor in Florida.

Andrews said he didn't know which of the major parties would be hurt by his candidacy—he expected to draw from both. But more recently he said his Virginia supporters reported former Eisenhower supporters were coming over "in droves," especially since Rep. Powell (D-N.Y.) reported Eisenhower told him he favored jailing anyone who disobeyed the Supreme Court decision to desegregate schools.

The strapping, 57-year-old former internal revenue chief is offering a program with financial

appeal as well as the states rights appeal that is aimed at the pro-segregation South.

His platform calls for repeal of the income tax, which he calls "the worst thing that ever happened to this country." He began larrupping this prime source of federal revenue shortly after he quit as tax collector last October.

He wants what he calls the confiscatory upper brackets dropped to a moderate figure and the tax ultimately scrapped and supplanted by some other revenue-producing measures.

Andrews said he became disillusioned with the Washington administration when the Supreme Court handed down its desegregation decree. The following year he quit to take a job as head of a large Richmond insurance firm.

In addition to rigid adherence to the doctrine of state rights and tax law changes, the Andrews program calls for sharp cuts in government spending and an end to what it dubs "foreign giveaways."

The candidate, himself a Marine officer in World War II, is a direct - action, blunt - spoken man. Friends describe him as a man who gets things done.

He started a business career in Richmond as an office boy in a meat packing plant after completing high school and in two years was office manager. He joined an accounting firm and four years later, in 1922, organized his own accounting firm—a firm that won enough recognition to be called in to straighten out the fiscal affairs

Knocks Himself Out Running From Cops
COVINGTON, Ky. (AP) — A man identified as Steve J. Sandercock, 29, of Chicago, knocked himself out while fleeing from police who wanted to question him.

Sandercock turned a corner too fast and ran into a marble column in front of a store. He was stunned, suffered a cut eye and forehead, a wrist injury and possible rib fractures.

Police charged Sandercock with receiving stolen property.

Citizens Councils Seek To Reverse Negro Vote Trend
BATON ROUGE, La. (AP)—White Citizens Councils today pushed a drive to reverse the upward trend of Negro voting in Louisiana.

In the past 10 years, Negro voters have climbed from less than 8,000 to more than 160,000.

The efforts by the pro-segregation councils are centered on two fronts:

1. Challenging Negro voters over the state in an effort to trim their names from registration rolls.

2. A constitutional amendment designed to throw a roadblock in front of a federal court suit trying to restore challenged voters to the rolls.

"From the long - range standpoint, our only hope in the segregation fight is to clear our rolls of all illegally qualified voters," said

State Sen. W. M. Rainach. "I think this will spread all over the South."

Rainach, chairman of the legislative "watch dog" committee on segregation, also is president of the Louisiana Assn. of Citizens Councils.

He said a Southwide purge of Negro voters from registration rolls was discussed last Friday at a 10-state meeting of the Citizens Councils of America at Jackson, Miss.

"We are not trying to clear the rolls because of the election," Rainach said. "It's a statewide drive to enforce voter registration laws without regard to race. We feel strict enforcement of the laws would solve our problems since most of the white people will qualify and that will eliminate a large block of Negro voters."

in Kansas City after the collapse of the Pendergast machine.

Between that time and his three-year stint with the Eisenhower administration in Washington, Andrews served variously as Virginia state auditor and comptroller of the city of Richmond.

He served the War and Navy departments as a fiscal officer in 1941-42 and joined the Marines the following year.

Kuchel (pronounced Kee-kul)

"...I'll stick to straight Kentucky bourbon!"

OLD CHARTER

KENTUCKY'S FINEST STRAIGHT BOURBON

One straight Kentucky bourbon...made only one way...
distilled and bottled in the same Kentucky distillery

There's a very good reason why Old Charter has a mellow richness you can find in no other bourbon. This is a straight Kentucky bourbon—distilled and bottled in a single distillery in the heart of bourbon country.

the men who are traditionally skilled in the art of making fine bourbon. There is no substitute for Kentucky skill—or for seven long years of aging in charred barrels of new white oak.

It makes a difference. For in Kentucky you'll find But judge for yourself. Try Old Charter today.

Tick-tock—the whiskey that didn't watch the clock—seven long years!

Mother Of Kidnap Victim Leaves Mental Hospital

NEW HAVEN, Conn. (AP)—A 33-year-old mother, whose infant daughter was kidnapped and murdered last month, was released from a state mental hospital yesterday.

Mrs. Eleanor Rutolo asked to be admitted to the hospital two weeks ago but asked to be released four days later. She had to stay 10 days after that because of hospital rules, which require 10 days notice before voluntary patients can leave.

State's Atty. Abraham S. Ullman, who heads the investigation into the baby's death, said he will ask for the psychiatric reports on Mrs. Rutolo, but he said he had no immediate plans to talk to her.

Her husband Stephen, an \$80-a-week salesman, called for her at the hospital in Middletown. Ullman said that a police guard requested by Mrs. Rutolo to protect her from cranks had stayed at the family's Hamden home since the kidnaping until she entered the hospital, but had not been requested again.

The infant was taken from her carriage outside a crowded apartment store Sept. 1 while her mother shopped inside. The baby's body was found in a plastic bag in a nearby lake five days later, dead of suffocation either from drowning or being put in the bag.

Couple Wed In Lovington

LAMESA — A double ring ceremony read Thursday at 8:30 p.m. united in marriage Kay O'Brien and Don J. Spears. The Rev. M. J. Mahoney read the ceremony in the parsonage of the Second Baptist Church in Lovington, N. M. Parents of the couple are Mr. and Mrs. Cecil O'Brien and Mr. and Mrs. J. R. Spears of Lamesa.

Adlai Hits Benson, Nixon As Ike Lashes H-Bomb Proposals

By The Associated Press
Democrat Adlai E. Stevenson said today a vote for President Eisenhower is a vote for Secretary of Agriculture Benson whose friendship for the farm-ers—in Stevenson's words—"depends on the proximity of an election."

In similar fashion, Stevenson attacked Vice President Nixon and other close administration associates of Eisenhower in a speech the Democratic presidential candidate prepared for a campaign stop in Lexington, Ky.

As Stevenson turned southward after whistle - stopping through Michigan and Ohio, Eisenhower went after California's 32 electoral votes.

Before leaving the Pacific Northwest, Eisenhower battered some more at Stevenson's proposals that this country take the lead in seeking a way to end H-bomb tests, and that consideration be given to ending the military draft in the "foreseeable future."

Speaking last night in Portland, Ore., Eisenhower told a cheering crowd, and a nationwide TV-radio audience, that:

"I have not promised you—I do I ever intend to—that the way to defend peace or freedom is to abandon simultaneously our military draft and testing of our most advanced military weapons, under the circumstances of today's world."

"For I know—as I believe all Americans know—that, without strength in this world of today, the road to surrender is paved with good intentions."

Eisenhower once again did not mention Stevenson's name as he hit his opponent on the draft and H-bomb test questions, and described as "frivolous" the charge by Stevenson and other Democrats that the GOP administration has been giving away the country's natural resources to private business interests.

Eisenhower was scheduled to make a major speech tonight in the Hollywood Bowl at Los Angeles. Arrangements were made to beam the speech over regional radio and TV.

As Stevenson headed for Kentucky, which he lost to Eisenhower by only 700 votes in 1952, one of the Democratic nominee's top strategists voiced the opinion that the current battle for the White House has reached a stage where he said the as-yet undecided voters may determine the outcome.

"I believe we have stopped the other side in its tracks," said James E. Finnegan, Stevenson's campaign manager. "We have reached a point where neither side is gaining. All we have to do now is get the undecided people in our column and we'll win this election."

In his Lexington speech, Stevenson said that if Eisenhower is re-elected, "the Republican party leadership team will take over."

"That a vote for Eisenhower is a vote for Richard Nixon, because if the Republican President doesn't want or can't be the real leader of the Republican party after the election, his vice president can and wants to be."

Last night, in a speech to an enthusiastic turnout in Youngstown, Ohio, Stevenson hit at the GOP on the peace question, saying:

"The uneasy position which prevails in the world today which they call 'peace' is based on a balance of terror, which is a dangerous foundation."

Meantime, Nixon rounded out a 14-state swing with scheduled appearances in Wilmington, Del., and Baltimore, Md. After a weekend of rest at his Washington home, the vice president will set out Monday on a tour, via train, through another batch of states.

After daylong stumping by car through southern New England, Nixon delivered an avowedly non-political speech last night at the annual Alfred E. Smith Memorial Dinner in New York. Smith, former New York governor, was the unsuccessful Democratic presidential nominee in 1928.

In that speech, Nixon said the United States will overcome "our present crisis" over racial desegregation in the public schools as he said "we lived through the anti-foreign riots of the Know Nothing days and the hooded terror of the Ku Klux Klan."

Sen. Estes Kefauver of Tennessee, the Democrats' vice-presidential candidate, yesterday finished a vote-hunting expedition through drought-parched southwest Missouri and Kansas. Today, he was due to hop to Las Vegas, Nev., and Salt Lake City.

At Topeka, Kan., Kefauver said that the Eisenhower administration's "performance on the farm question is one of the truly outstanding cases of incredible incompetence and mismanagement."

The men are Warner Gohmert of Alice, Gerald Weatherly of Laredo, Luther Jones Jr., Corpus Christi, and O. P. Carrillo, San Diego. They posted bonds of \$1,000 each.

The attorneys were held in contempt of court Aug. 20 by Dist. Judge Laughlin and were placed in jail on authority of a mandate signed Tuesday by Judge Morrison of the Court of Criminal Appeals. They were released on a writ of habeas corpus.

The attorneys were held in contempt for allegedly attempting to elect a special judge and hold a special court session in August, while Laughlin was on vacation.

Laughlin said the attorneys attempted to dismiss Duval County Judge Tobin and appoint a deputy commissioner to try some election contests.

Arrest Leads To Burglary Suspect
CINCINNATI (AP)—Sam Jackson, 25, was indicted when police accused him of possessing policy slips.

"You arrest me for policy," he said, "but you don't arrest the man who burglarized my home of \$130 on Sept. 28."

Jackson then gave officers the name of a man he suspected in the burglary. The man was picked up and held on an open charge. Police said a key in his possession would unlock Jackson's apartment.

WHY SUFFER KIDNEY PAINS?
To stop backache, bladder irritation, and other ailments, use CIT-808. This powerful, rapidly acting, non-toxic medicine, is the only one that relieves kidney pain, backache, and other ailments.

Reds In Burma Creep South

RANGOON, Burma (AP)—Chinese Communist troops from Tibet who entered Burma through the nation's northernmost mountain passes today were reported to have moved farther south.

The report to the English-language newspaper Nation said the troops had established one camp only nine days' march from the north Burma center of Putao (Fort Hertz).

The report indicated the Reds were trying to build up a basis for demanding the area — often in dispute — for China. The nation's correspondent at Nongmung, a local administrative center north-east of Putao and only a few miles from the Red troops' reported position, said the invading soldiers were busily taking a census of Tibetan inhabitants of the area.

Three Chinese invasions across the poorly defined northern and eastern borders of Burma have been reported — one north of Putao by 3,000 troops crossing the mountain passes into Tibet, one farther south into the Kachin state, and an entrance into the Wa states in which the Reds reportedly occupied about 1,000 square miles of territory.

The Burmese government protested to Peiping.

4 Persons Killed In Gas Depot Blast

HERRIN, Ill. (AP)—A mother and her 3-year-old son and two other children were killed and nine other persons, including three children, seriously injured yesterday by an explosion at a bottled gas depot.

The blast and a flash fire spread flames over nearly a block, destroying five homes. Witnesses reported four or five separate explosions.

Doctors at Herrin Hospital said some of the injured were not expected to live.

"There are a lot of them we won't be able to do anything for," one doctor said.

Policeman Walter Lowe said six of the victims were in a yard near the depot when the first blast occurred. The flash fire covered them with flames, he said. Others injured were believed to have been in their homes.

The explosion occurred at the depot on the west side of this southern Illinois town from which cooking gas is distributed in small tanks to customers in Herrin and rural areas.

Police Chief Roy Cole said Henry Scheffler, 50, operator of the depot, was filling the small tanks from a large tank truck when a

leak apparently developed. "The area was filled with escaping gas," Cole said. "In some manner it was ignited. The flow kept increasing. Then one of the small tanks blew up and that set off the others."

Firemen were at the scene before the blast and fire, having been summoned when a leak reportedly occurred. The flames burned fiercely for about an hour before they were brought under control.

Among the injured was Mrs. Imajean Keller, 29, mother of two of the children killed and two others injured. The dead were Charlotte Jarvis, 11, a daughter by her first husband, and Robert Lee Keller, 5, injured were Charlotte's twin sister Sharon and Susan Jarvis, 7, Mrs. Keller's mother. Mrs. Gladys McGee, also was injured.

Others killed were Mrs. Violet Williams, 33, and her son Freddie, 3. Her husband Oscar, 38, and their 7-month-old son Randy were among the injured. Others hospitalized with burns and injuries were Fred Kerley, 62; his wife Elizabeth, 62; and their son Carl, 120.

Yearling Leaders

Coaches and game captains of the Big Spring Junior High School (9th Grade) Yearlings are pictured above. Standing, left to right, are Donnie Everett, Roy Deel and Mike Zabiate, tri-captains for last night's winning effort against Stanton's B team. These come Gordon Bristow and Alvin Utley, who will serve as co-leaders in Saturday's contest with Cowden of Midland here. Kneeling are Dan Lewis and Charles Caraway, coaches of the club.

Yearlings Bomb Stanton B Eleven By 34-0 Tally

GAME AT A GLANCE

Team	Yds	Passes	Penalties	Fumbles
Stanton B	137	13	1	1
Yearlings	340	10	0	0

Coaches Charles Caraway and Dan Lewis made liberal use of their substitutes as the Big Spring Ninth Grade Yearlings kayoed the Stanton B team, 34-0, here Thursday night.

The Yearlings swing back into action at 2 p.m. Saturday, at which time they clash with a strong Midland Cowden club.

Reserves started the game for the Yearlings last night and played the better part of three quarters. Stanton's lack of reserves told on it late in the game. The Buffs brought only 14 players.

Jackie Richbourg scored the first Yearling tally on a 15-yard run around left end, capping a 65-yard drive. Donnie Everett added the point.

The Yearlings didn't count again until the second. Bud Bridges blocked a punt and Billy Engle made the recovery on Stanton's 11. From that point, J. B. Davis wouldn't go down when he got the ball on the first try from scrimmage, churning into the end zones with a couple of Stanton players hanging onto him.

The Yearlings never scored again until the fourth, when James Drake set sail on a 60-yard jaunt down the east sideline that produced a score. Everett blasted over for the extra point and Big Spring led, 20-0.

Not long after that, Freddy Brown scored on a double reverse from eight yards out after Davis had intercepted a Stanton pass out on the Buff 35 and carried it

down to the eight. Davis converted on a plunge.

Davis managed the last score on a 31-yard run after the ball had gone over to Big Spring on Stanton's 8. Gordon Bristow accounted for the extra point on a run.

Roy Deel recovered on fumble that put Big Spring in business and played a good all around game. Little Mike Zabiate looked to advantage.

Big Spring uncovered promising new quarterback in Bobby Evans, who has been playing end. Bobby started the game at the position and helped produce the first two

scores, although he had a sore foot.

Stanton maneuvered as far as Big Spring's 16 in the third quarter only to lose the ball on a fumble.

Porky Britton and Don Pollock emerged as top threats for the visitors. Britton proved especially hard to get off his feet in his lunges at the line.

Score by quarters:
Big Spring 7 6 0 21-34
Stanton 0 0 0 0-0

Coahoma Bullpups Shade Stanton Juniors, 6 To 0

COAHOMA (SC) — Coahoma's Bullpups had a narrow call here Thursday night to hang on to defeat Stanton Junior High, 6-0, in their concluding football game.

The game ended with Stanton on Coahoma's two-yard line. The visitors had a single down left in its series.

The lone score of the game occurred at the end of a long drive which saw Coahoma eat up the yardage with a series of reverses and keeper play. Robert Cearley finally went over from the seven. That occurred in the third period.

Coahoma had a punt blocked in the third but took over on downs on the Bullpup 23.

With 55 seconds to go, Coahoma lined up in kicking formation but the ball was centered over the punter's head and Stanton took over on the Bullpup five. Stanton pushed down to the two on three plays but could go no farther.

Neither team threatened in the first half. Coahoma ended its season with a 5-0-1 record. The Bullpups haven't been defeated in two seasons of play.

Steers Seek Third Victory In Kermit

RECORDS:

Big Spring	Kermit
19 Andrews	41
13 Level	43
8 Snyder	29
21 Frazier	7
14 Lattanza	14
19 Totals	143

Their hopes buoyed by victories in two games where they weren't conceded much chance, the Big Spring Steers try to make it three in a row in a game with Kermit at Kermit this evening. Kickoff time is 8 o'clock.

The Longhorns, in better shape than they have been all season, have their work cut out for them. In the Yellow Jackets, they'll be meeting an undefeated and untied club that is favored in its own district.

The Longhorns will give away not only experience but weight as well. The Jackets, coached by Max Jones, are one of the beefiest clubs in West Texas.

For that reason, anything but a dry field will be working against Big Spring.

Ronnie Phillips will be ready to go 48 minutes, if he is needed. For that reason, Big Spring's stock has boomed. Phillips is a halfback of many talents, a cat-quick senior who perhaps is even better on defense than he is on offense.

Quarterback Bill Johnson is set to make full use of his talents tonight, along with those of Wayne Fields, hard-running sophomore; Johnny Janak, Herschel Stocks and others.

Buddy Barnes, a sophomore who had just about won a starting berth with the Steers until he had to undergo a foot operation last week, will have to miss tonight's contest. He can't resume workouts until late next week.

Kermit will field a line averaging slightly more than 193 pounds per man. Heaviest jacket is the 217-pound Gary McDonald, letterman tackle.

The Jackets do almost as well in the backfield. The 196-pound Jack Probst will be at the controls. He can call on big Monte LaFon, Glenn Haggard, Modesto Dominguez and Joe Harrison, among others.

Haggard is a transfer from Lamesa who has been going great guns for the Jackets.

Pat Lewis, 205-pound left tackle, is the only two-year letterman in the Kermit forward wall.

Only Frank Jones, right end, and Mike Williamson, right guard, in the Jacket primary failed to win numeral last year.

Among offensive starters for the Jackets, Haggard, Dominguez, end Sam Cates, Jones, Lewis, McDonald, Williamson and center Gerald McClarey are seniors.

Coach Jones says he has lost

several players since the season began. One is end Stan Culwell, who quit to play baseball. Another is Bob Carr, who got married.

In addition, LaFon missed school the early part of the week due to illness. He'll probably play tonight, however.

Kermit's colors are maroon and gold, which shouldn't make it difficult to distinguish between them and the Steers. The team uses

PROBABLE STARTERS

Johnny Janak	160	B	M. Dominguez	130
Herschel Stocks	180	B	Joe Harrison	170

AT 7:30 TONIGHT Bulldogs Launch Conference Play

COAHOMA (SC) — Coahoma will pit its new-found fire power against the Roscoe Plowboys in a 7:30 o'clock District 6-A game this evening.

Coach Dub Behrens says is completely satisfied with his team's performance in their last two games, adding that if they do as well tonight he has no worries about their winning.

Mac Robinson, injured in the Bulldogs' first game, has returned to action but he finds himself competing for the regular quarterbacking job with Shorty Barr.

Barr, like Robinson a junior, will start tonight's contest. Behrens says Barr has shown as much or more improvement than any boy in camp.

Of course, Coahoma's attack will again be built around blockbusting Don White, 170-pound junior. As long as White is shipshape, Behrens has no worries about his offense clicking.

Minor changes have been made in the Bulldog lineup. Jim Cearley will start at left end in place of Bobby Myrick. Royce Tull, who was at left tackle, will open at right guard.

White and end Joe Hill have become Coahoma's top contenders for all-district honors. Hill is a 145-pound senior who has been little short of sensation in recent games.

Frog Harrington, fullback, who

played no defense last week, will be in there tonight when the other team has the ball. He's one of the Bulldogs' top defensive performers.

Probable starters for Coahoma tonight include Cearley, 135 pounds, and Hill, 145, at ends; Cariker Roy Wright, 175, and Bobby Null, 225, at tackles; David Stoker, 160, and Hull, 205, at guards; Ted Thomas, 145, at center; Barr, 129, at quarter; White, 170, and Rickey Phinney, 140, at halfbacks; and Harrington, 145, fullback.

Gil Turner Tries Giambria Tonight

NEW YORK (AP)—Crowd-pleasing Gil Turner, who has made almost as many television appearances as Rin Tin Tin, fights in front of the cameras again tonight as a 3-1 underdog against streaking Joey Giambria.

This could be the last video shot in a long time for the 26-year-old muscular Turner unless he finds his way back on the winning path. The muscular Philadelphian dropped his last three fights and his fistic rating has plummeted.

Gil has had some 30 TV shots and usually pleased the fans with his windmill attack. Lately the 153-pounder has shown a tendency to tire about the eighth round. The onetime welterweight and middleweight contender may be nearing the end of the trail although his 50-13-1 record is a good one.

Giambria, a handsome, dark-haired, 25-year-old boxer-puncher, has won four straight in a drive to get back with the middleweight elite and earn a shot at the title.

Once the No. 3 contender, the tall huffalo left hooker has moved into the No. 10 spot on the strength of his victories over Al Andrews, Johnny Sullivan (twice), and Rocky Castellani this year. His record is 45-4-1, including 24 kayos.

NBC will broadcast and telecast at 8 p.m., Big Spring time.

Stanton To Host Roby In 6-A Go

STANTON, (SC)—Enheartened by a 21-20 victory scored over Lorraine last week, the Stanton Buffaloes will take on Roby here tonight in their opening District 6-A game. Kickoff time is 7:30 o'clock.

Delbert Donelson set the pace for Stanton against Lorraine, scoring two touchdowns on long runs. He may be hard to contain tonight.

Stanton can also take heart from the fact that Nolan Sorrells, veteran guard, has returned to action. Sorrells rode the sidelines in the early game due to an injury.

Delton Chesser and Dwayne Thompson are two who will lend Donelson help in the Stanton secondary.

Roby is being picked to topple Stanton by many observers but all agree that it will be close.

Eagles Favored Over Bearcats

GARDEN CITY, (SC)—Sterling City is slightly favored to topple Garden City in their district six-man football game here tonight. Kickoff time is 8 o'clock.

Sterling whammed Imperial recently, which earlier had turned back Garden City.

The Bearcats will lean heavily upon Jimmy Davee and Lloyd Jones tonight. Lorin McDowell is due to try some fancy passing for the Cats, too.

It takes a **GIANT** to build a business...

a \$575,000,000 business!

"Newspaper advertising has built our business." So spoke H. V. McNamara, president of the National Tea Company, America's fifth largest food chain. In a recent address to the members of the Illinois Daily Newspaper Markets, Mr. McNamara made it clear that, "newspaper advertising has been the greatest contributing factor in our sales increase... from \$99,000,000 in 1944 to \$575,000,000 in 1955."

Newspapers Get Results

"Newspaper advertising, both national and local, brings results, the kind of results you can measure on the cash register, or in stock movement, actual sales results, not next week, not next year, but as soon as the newspaper hits the streets. That's real ACTION ADVERTISING. That's the kind of impact that gets results—and that's the kind of advertising in which we like to invest our money."

Two-Thirds For "Action" Advertising

Since 1944 the National Tea Company has spent over \$30,000,000 for advertising and sales promotion...and at least 66% per cent of these advertising dollars has been invested in newspaper space.

"Until someone invents another medium that will do a better job of delivery of our advertising wrapped up in a fast reading package of news, pictures, and interesting, educational features, that will get deeper and more dominant home penetration than the daily newspaper, I will continue to recommend... that we earmark at least two-thirds of all advertising dollars for newspapers. Newspaper advertising is ACTION ADVERTISING that drives home the impact to get immediate results."

Nothing Sells Like Newspapers

Advertisers in every field share Mr. McNamara's views. They know that building sales in today's competitive market is a job for a giant... a job for newspapers. Only newspapers are big enough to reach into the smallest hamlet or to blanket the biggest city. That's why advertisers—big and small, national and local—are investing in newspapers at a record pace—\$3,087,800,000 last year, more than was spent in radio, TV, magazines and outdoor combined. Put the giant to work building sales for you.

All business is local... and so are all newspapers.

At Least 4 Die In Norway Blast

OSLO, Norway (AP)—At least four persons perished and a dozen were hurt in an explosion today at an atom bombproof government ammunition works dug into the mountains 65 miles north of Oslo.

A spokesman for the Raufoss works said four bodies had been recovered three hours after the blast occurred, in a hall where normally about 100 persons work. There was no immediate word as to the cause of the explosion.

The Raufoss works, owned by the Norwegian government, makes ammunition and high explosives including ammunition for NATO forces.

Immediately after the explosion, the area around Raufoss was blocked to civilian traffic. Civilian defense units from Oslo were dispatched and police from the Raufoss and Gjevik areas were called in for emergency service. Hospitals as far away as 30 miles from Raufoss were commandeered.

Five Sentenced At Colorado City

COLORADO CITY — Judge A. S. Mauzey, 32nd District Court, heard six pleas of guilty Thursday, including one from J. C. Moore, 39-year-old Colorado City taxi driver. He was given a suspended sentence of five years after pleading guilty to charges of fondling a minor girl.

Convicted on forgery counts were Reuben Sparks Jr. of Abilene, and R. L. Whitworth of Sweetwater. Both were assessed suspended sentence of five years each.

Three were given Mitchell County jail time for a second offense of driving while intoxicated. They were: George Prescott of Lorraine, Arvel Gray Patterson and Gerald B. Harrison of Midland.

Lamesa Guard Unit Is Rated 'Excellent'

LAMESA—The 112th Armored Cavalry Regiment of the National Guard, stationed here, has received official notification of being ranked excellent in the recent inspector general's tour of the facilities of the National Guard Armory. This is the second honor bestowed on the unit this year. Members were awarded a "superior" rating during the command inspection last spring. Capt. Louis R. Morris is commanding officer of the unit and the first sergeant is Acalee Kincaid.

Rio Grande Up Slightly

MALLEN — The Rio Grande rose yesterday from heavy rains in the Laredo-Del Rio area, but the rains were not expected to cause much of a rise in the level of Falcon International Reservoir, the International Boundary and Water Commission said.

A peak of 4,130 second feet was hit in the flow at Laredo, where 1.75 inches of rain fell Wednesday night and early yesterday.

It receded about two hours later, but has been slowly rising since then. Locally heavy showers in the Brownsville area caused moderate local rises in the river, the Weather Bureau said. Stages of 4 to 6 feet are indicated in the river between Del Rio and Laredo and 3 to 5 feet from Laredo to Falcon Dam, the bureau said. The rises were expected to continue last night and today, the report said. John Selleck, engineer of the IB&WC, said the rise in the river was a relatively "little peak," and it was not expected to cause a large inflow in Falcon Reservoir. Yesterday Falcon Dam storage measured 263,000 acre feet. Both the United States and Mexico have shut off releases in an effort to use up all the water that resulted from scattered rains below the dam earlier this week. The reservoir would need more than even a heavy inflow to greatly affect its 2,800,000 acre feet capacity. The flow of the river below Falcon Dam was running slightly higher than it has been during recent weeks.

Kiwanis Sponsored Scouts Give Club Example Of Skill

Members of Troop 3, Boy Scouts of America, sponsored by Big Spring Kiwanis Club, were special guests of the club at its Thursday luncheon meeting. They presented demonstrations of Scout training as the program. Dick Gray, scoutmaster of the troop, was in charge of the presentation. Todd Dittloff, senior patrol leader and soon to be an Eagle Scout, was on hand with a special pack in which he had stowed all of the elementary supplies an individual would need to keep him alive for three days. The pack, compact and light enough to be no great burden to the packer, was displayed. Its contents were removed and the Kiwanis members given opportunity to see what has been proved as essential to survival of a human. A dozen other members of the troop staged demonstrations in first aid. A "victim" with a broken leg, head injuries, several severe

Abandoned Dog Is In Good Hands

LEXINGTON, Mass. — To the little boy who used to own "Spotty," the dog: Don't worry about him, he is in good hands. He is living with Air Force Major and Mrs. Lorenzo J. Bonnanno. Mrs. Bonnanno found the hungry-looking mongrel pup. Attached to the dog's collar was this note: "Whoever finds this dog, please take care of him. He is a good watchdog. His name is Spotty. We can't keep him because my husband isn't working. He belonged to my little boy. Please be good to him. My son is praying for someone to take his dog in and be good to him. He loved him so much. So did we. Thank you, whoever you may be, and God bless you." Mrs. Bonnanno said she wants the youngster, whoever he is, to know that "Spotty" is in good hands.

Agent Loses Badge

Weather Watcher

T-Sgt. Wayne Bacon, whose home is in Dallas, scans the operating console of the Storm Tracker at the Hahn Air Base in Germany. The radar equipment can pick up menacing weather conditions 400 miles away, providing new safety to airmen flying in the area. Four such stations are to be constructed.

New Radar Stations Provide Air Safety

BY TOM STONE

HAHN, Germany (AP) — The U. S. Air Force's new radar storm tracker here, one of four planned for Europe, can keep a watchful eye on menacing weather 400 miles away.

It can spot a storm, track it and help Air Force weather forecasters in predicting the amount of rain, snow or hail the storm will produce.

The information spells safety to airmen and aircraft in flight or on the ground.

The other three towers are under construction at U. S. Air Force bases at Bordeaux, France, and Sculthorpe and Prize Norton, both in England.

When all four are operational, they will give a continuous picture of approaching weather in an area from Northern Scotland to the

Alps, and from the Iron Curtain west to Ireland, the Bay of Biscay and Spain.

The station at Bordeaux will for the first time permit the probing into of unplotted areas of the Bay of Biscay off the coast of France and Spain.

In the past, damaging storms have developed there unobserved and swept over the continent without warning.

The four radar sets are the first in Europe specifically designed for weather forecasting, the Air Force said.

The radar storm trackers, which cost approximately \$180,000 each, are mounted atop 100-foot towers. Radar consoles and remote indicators are scanned by Air Force weathermen.

The information they gather helps determine whether or how Uncle Sam's jet pilots fly.

Polish Beauty Held On Call-Girl Charge

NEW YORK, Oct. 19 (AP) — A red-haired beauty was held for grand jury action today on charges of operating an internationally flavored call-girl racket with "fantastic" revenues.

She was identified as Nelda Bogacki, alias Nella Bogart, 32, a Polish displaced person who came here in 1951.

Asst. U.S. Atty. John A. Keefe tabbed her as "the heir apparent to Polly Adler"—the well-known madam of the 1920s who later wrote a book about the operation of her plush houses of prostitution.

Keefe said Miss Bogacki employed alien girls from Haiti, Cuba and Italy to entertain customers at fees of \$25 to \$125 in three New York apartments and "the best hotels."

He said the operation was uncovered by immigration and FBI men investigating alien girls who had overstayed visitors' visas.

Miss Bogacki was arrested in a swanky Manhattan apartment last night with an 18-year-old girl, one of 10 young women allegedly working for her at present.

She was formally charged with violating the federal Mann Act by transporting Ariadne Yvonne Chene, also known as Lillian Scott, from New Jersey to New York for the purpose of prostitution.

Keefe asserted that Miss Bogacki "was meticulous in her fashion and yearly sent out fancy embossed, engraved Christmas cards to subscribers." He added: "The yearly proceeds from her racket were fantastic and are simply impossible to estimate at this time."

Keefe said she operated between New York and Chicago, but did not give details. She launched her racket shortly after reaching the United States, he said.

Miss Bogacki, fashionably attired in a blue dress and with a knitted gray and black mantilla over her shoulders, made no comment and kept her eyes on the floor as she was arraigned today. Bail was set at \$3,000.

Keefe said she could receive a maximum sentence of five years in prison and a \$10,000 fine if convicted, and also could be deported even though she has taken out her first papers toward citizenship.

Talking Organ Under Study

BLACKPOOL, England (AP) — A church organ which gives out weather reports in a strong British accent was placed under experimental observation today.

Harry Wynne, organist at St. John Vianney church, called for technicians after trying in vain to keep the instrument from talking about flying conditions in the British Isles. He does not suspect a gale.

Wynne told a reporter he clicks down a stop for strings and instead gets a crisp male voice saying, "A trough of low pressure is moving in from the North Sea."

A flick of the diapason stop is apt to produce the unsolicited information that there is fog in the English Channel, or winds of gale force around the Faroes.

"I can keep the voice down to a whisper by staying off the loud pedal," said Wynne. "Still, even that is hardly the thing for a church service, is it?"

A Royal Air Force spokesman said the organ seems to be picking up RAF weather advisories from a radio transmitter at Barton — 12 miles away.

"Rather uncanny," he called it. The people who built the organ agreed. They sent a team of workmen to tinker around.

Wynne told a reporter he clicks down a stop for strings and instead gets a crisp male voice saying, "A trough of low pressure is moving in from the North Sea."

A flick of the diapason stop is apt to produce the unsolicited information that there is fog in the English Channel, or winds of gale force around the Faroes.

Credit Program On Channel Four

A special film presentation, "The Good Things of Life on Credit," is announced for telecasting this evening at 7:30 over KBST-TV (Channel 4).

The program is sponsored by the Retail Merchants Association, the Credit Women's Club, and the Merchants Committee of the Chamber of Commerce. The film was made at the University of Oklahoma, and is made available locally through the Retail Credit Executives of Texas.

Local presentations, including Webb Air Force Base and Howard County Junior College, are scheduled within the near future.

Senator, You Are So Right

A ticket headed by Adlai Stevenson is "an unacceptable package to the majority of the voters... What was not good enough to win in 1952 will not be good enough in 1956..."

The words were spoken by Senator Estes Kefauver at Lake Wales, Fla., last May.

A great many Texas Democrats do not agree with Senator Kefauver on most things, but in this instance they think he hit the nail on the head.

If you agree, write Texas Democrats for Eisenhower, 308 West 15th Street, Austin, Tex.

THE ANSWER IS GOD!

WORSHIP HIM IN CHURCH EVERY SUNDAY . . . AT HOME EVERY DAY . . .

No. It's just a rope . . . at the breaking point. But, frankly, it's a good illustration of how a man feels when his nerves are "worn to a frazzle."

The Church has never claimed that religion is a cure for frazzled nerves. But a man's Christian faith does *this* for him:

It shows him a Purpose in life more important than mere existence. It shows him a Power more effective than his own strength. It shows him a Future more rewarding than selfish gain. And it gives him courage more lasting than the sheer force of his human will.

With these spiritual resources, founded in the certainty that God understands and helps, a man never reaches "the breaking point." For when his human reserve is exhausted . . . he has only begun to tap the vast reservoir of Divine Strength.

THE CHURCH OF YOUR CHOICE CAN SHOW YOU THE WAY!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tranquility Pills Good For Postmen
SAN ANTONIO, Tex. (AP)—Dr. Jack Knowles, a Miami, Fla., veterinarian, thinks the tranquilizing drugs may be the answer to the postman's prayer. He told the American Medical Veterinary Assn. that use of the "happiness pills" to transform mean mutts into docile dogs is growing. They seem to work better on dogs than on humans, he said, but not on cats—"Cats are unpredictable."

Uncle Roy: Grant Had Moderate Popular Majorities

Horace Greeley and U. S. Grant.

By RAMON COFFMAN
The shooting of President Lincoln is one of the strange events in American history. When the Civil War was just about over, the president fell victim to an assassin's bullet.
There is now a widespread belief in the South, as well as the North, that things would have gone along better if Lincoln had lived. His heart was stirred by suffering, and he would have tried to bind the wounds of the defeated states.
Johnson took Lincoln's place. Johnson was well meaning. He tried to follow the policies of the dead president, but failed to some degree. He came within one vote of being convicted by the United States Senate after being impeached by the House of Representatives. When he took over the presidency, Johnson was regarded as a second rate man, and there has been little change of opinion about him since then.
Q. Who was nominated by the Republicans for the next campaign?
A. General U. S. Grant became their candidate for president. He was a war hero, having commanded the Union forces in the last stages of the Civil War. Many persons supposed that he would "win in a walk," but his majority was moderate. Horatio Seymour, a New York Democrat, obtained 47 per cent of the popular vote.
Q. What about Grant's second term?
A. This time he did a little better, receiving 55 per cent of the popular vote.
Q. Who opposed Grant for the second term?
A. Horace Greeley was the candidate of the Democrats and Liberal Republicans. He has been described as "one of the greatest editors America has produced." Greeley lived in New York City most of his life, and founded the "New York Tribune." He was deeply shocked when he received only 42 electoral votes, and this may have hastened his death, which took place soon after the election.
Instead of worrying about that, he should have thought of his handsome popular vote.
For GENERAL INTEREST section of your scrapbook.
Facts about Mexico's people and their customs, also about the ancient Aztecs, appear in the leaflet, called MEXICO AND THE MEXICANS. This leaflet will be sent to you without charge if you enclose a stamped, self-addressed envelope. Send your letter to Uncle Roy in care of this newspaper.

Ace Suffers Fatal Ailment

PAWTUCKET, R. I. (AP)—John T. Godfrey, 34, credited with shooting down 37 German aircraft during World War II, says he is suffering from an ailment which may kill him in a year or two.
He told the Pawtucket Times by telephone from his home in South Freeport, Maine, that doctors advised him he has amyotrophic lateral sclerosis.
Godfrey also said last night that the ailment is similar to muscular dystrophy, which damages the motor pathways and cells of the central nervous system.
He said a doctor told him he has "one to two years left."
Godfrey is married and is the father of two sons, aged 10 and 8. "I'm not discouraged," he said. "I guess the Lord was pretty kind to give me those extra 14 years to live. When I recall all the close ones (in World War II) I feel pretty grateful and lucky for the extension."
Godfrey received numerous military decorations for his heroism.

Plane Falls Upside Down, Pilot Lives

LOUISVILLE, Ky. (AP)—A pilot whose single engine plane ran out of gas and crashed upside down in a residential area two blocks from the airport lived to tell about it.
"I just thought I could make it," said 30-year-old George B. Babcock Jr., from his hospital bed. Doctors said his condition was good.
Babcock said his plane ran out of gas just as it approached the airport. He was flying home from a business trip to Dallas.
