LATEST COUNTY TRAFFIC DEATH VEHICLE
 One Killed And Another Injured On Andrews Highway

1 Dead, Another Hurt In Crash Near City

Howard County has a new record for traffic fatalities in one year. To Juana Rios, 17, went the dubious distinction of being fatally No. 25, thus eclipsing the record toll of 24 traffic deaths set in 1951.

Miss Rios was killed instantly at 9:15 p.m. when the 1954 Chevrolet she was driving snaked across the highway on a curve and crumpled around a power pole.

With her and injured seriously was Clarence Yanez, 704 NW 4th, mechanic for Foremost Dairies. He was rushed to the Cowper Hospital in a Nalley-Pickle ambulance, and there it was reported he was suffering from chest and head injuries.

Identification of Miss Rios was established by an aunt, Mrs. Jose Yanez.

Ben Walker and Jimmy Parks, state highway patrolmen who investigated the wreck — as they had all except one of those producing the bloody toll — said that the eastbound car left the curve on

Papers Show Chiang Threat On Jap Peace

WASHINGTON, Dec. 1 (AP)—Confidential State Department papers for 1944 released today told how Generalissimo Chiang Kai-shek, frustrated by nondelivery of U.S. planes and military supplies early in World War II, threatened to make a separate peace with Japan.

The threat was dismissed by then U.S. Ambassador Clarence E. Gauss as a "bluff of the type that Madame Chiang was capable of concocting."

Gauss recommended to wartime Secretary of State Cordell Hull that Chiang be told "when he undertakes to negotiate a peace with Japan . . . that finishes all American assistance to China now and for the future."

The incident is reported in a 722-page volume dealing with U.S.-Chinese diplomatic relations for 1942. The book, compiled by the State Department Historical Division, is the first of a special series on relations between the two countries from 1942 until 1949.

China's wartime internal struggles between Chiang's Kuomintang party and the Chinese Communists were reported by State Department officials, some of whom later became controversial for their reporting.

John Carter Vincent, counselor of the U.S. Embassy in Chungking in 1942, predicted that if Russian armies proved to be a major factor in defeating the Japanese, "liberal and Communist elements will be strengthened" in China.

"It will be one of the major tasks of the postwar period to utilize our influence to the end that liberal elements are enabled to assume a position of leadership in the government of China," he recommended.

This view was backed up by Ambassador Gauss.

Vincent, who became a controversial figure after the fall of China, was asked to retire by Secretary of State Dulles in 1955 for "failing to meet the standard demanded of a foreign service officer."

Local United Fund Goes Over The Top

Over the top! That was the good news reported by the United Fund campaign committee Friday afternoon, after a final week of concentrated calls to contributors.

A preliminary check showed a standing of \$10,055 beyond the Fund's goal of \$87,550. The final push came when a group of generous firms and individuals increased earlier gifts so that "success" could again be written on the city's coordinated welfare effort.

The achievement means that 10 agencies will receive their allotted share of money for operations during the next year. These are the Boy Scouts, Girl Scouts, Red Cross, Salvation Army, YMCA, Cancer Society, Milk and Ice Fund, West Side Recreation Center, Servicemen's Center, and the Summer Recreation Program.

A jubilant group of workers, headed by United Fund President Champ Rainwater and Campaign Chairman D. M. McKinley, voiced warm thanks to all interests and individuals who assisted in making the drive a success. These two, with other key chairmen, had put in weeks of heavy labor in bringing the campaign to final fruition.

This year's fund effort was the more burdensome because, for the first time in several years, the drive was staged without use of professional fund-raising agencies; and more volunteer work than ever before was necessary. By this method, considerable saving in campaign administrative expense was effected, and the resulting benefits passed on to the agencies.

Rainwater particularly cited the efforts of Angie Glenn, whose services for approximately two months were made available to the UF by Cosden Petroleum Corporation, and who headed up the office staff.

He had McKinley also expressed appreciation to all division chairmen for yeoman work. "In fact, there are hundreds of people who deserve a pat on the back for fine assistance," said Rainwater. "All contributors, all workers, have our sincere thanks. We think they can have a feeling of pride in this community achievement, and its success belongs to everyone. Big Spring and Howard County have every reason to be proud, again, or their community spirit."

Yule Shopping Makes Record Start, Throngs Hit Stores

If the present tempo of Christmas buying holds in Big Spring for the three weeks yet to pass before the holiday arrives, merchants here should score 1956 as one of the record-breaking years for Yuletide shopping.

Christmas is definitely in the air in Big Spring and seems to be more firmly embedded in most folks' minds than at any time in many years.

A casual survey of the shopping district on Friday and Saturday offered ample proof that shoppers are already Christmas-minded. Traffic is picking up in the stores. Counters laden with gift merchandise are getting a real going over. Parking space, which is never abundant downtown, was nearly unfindable this weekend. Sidewalks teemed with pedestrians. These pedestrians were not just idle strollers, either — their attire was loaded with bundles and their eyes had that absorbed look which is the trademark of a shopper anytime.

They scurried along the streets, glanced at windows loaded with

Christmas merchandise and turned into store entries. The aisles in the stores were well filled with people. Clerks were busy. The snip of scissors and the harsh rasp as colorful holiday wrapping paper was torn filled the air. There were interesting vacancies on many shelves — gapping holes where just a few days ago eye-catching Christmas merchandise had reposed in all its gleaming glory.

Merchants were happy smiles as they watched the waves of shoppers come and go. Clerks eyed the throngs with vague apprehension. "If," the clerks were thinking, "if," the clerks were thinking, "this much business had developed this early — what will it be like the last week before Christmas?" They remembered the aching feet of last December and mentally resolved to hunt out their most comfortable shoes well ahead of the grand rush date.

The magnificent weather of Saturday may have contributed to swelling the crowd on the streets.

If so, it did not augment the volume materially over that which teemed through the stores and shops on Friday — and Friday, as will be remembered, was definitely on the nippy side.

Merchants have cannily prepared for just such an avalanche as seems to be building up. For days now, the shelves and counters have been angled solidly at Christmas buying. The appeal has been to shop early.

Perhaps, some observers felt the daily "gift" plan sponsored by the Big Spring Chamber of Commerce touched off the holiday fireworks. Others seem to believe the intensive advertising of the season during November stirred up the early enthusiasm.

Others think a lot of folk seem to have at long last adopted the idea of doing that Christmas shopping early.

Whatever the cause, there was plenty of evidence on the streets on Friday and Saturday that the Christmas buying season is definitely at hand.

West Unites Over Red Syria Threat

Crackdowns In Traffic Help Reduce Deaths

CHICAGO, Dec. 1 (AP)—Crackdown on traffic law violations and you cut down on traffic deaths.

That may sound like a slogan. But it's not. It's a formula distilled from reports from cities and states that have had remarkable reductions in fatalities.

The National Safety Council announced Thursday that motor vehicle deaths had dropped 12 per cent in October. NSC termed the slump "a mazing" because it bucked the normal seasonal trend and broke a rise that had carried through 19 months in a row.

The sharp reversal raised a question: How was it achieved?

The Associated Press sought the answer in a survey.

NSC statistics showed that for the first 10 months of this year the traffic death total was five per cent higher than in the corresponding period of 1955.

They also showed that many cities and states had scored marked reductions in the same 10-month period. Among larger cities and states with big decreases, and their percentage reductions, were Tennessee—15, Michigan and Kentucky—9, Rochester, N. Y.—55, Jacksonville, Fla.—42, Cincinnati, Ohio—49.

Officials were asked how they did it.

Their replies varied. But they had one common element — firm enforcement of traffic laws.

L. Arthur H. Mehring of the Cincinnati Police Department's Traffic Bureau stated:

"Reducing automobile speed through strict enforcement of the law and enforcing our pedestrian protection program has done much to reduce the number of fatal accidents.

"We cite pedestrians as quickly as drivers for failure to observe traffic signs. It really has brought results."

Cincinnati permits 35 and 40 m.p.h. driving on many streets and parkways but faster travel invites trouble. Judges have been sending speeders to jail as well as fining them. And, under state law, a drunken-driving conviction carries a mandatory three-day sentence.

Rochester's police chief, William A. Winfield, attributes his city's impressive record to:

1. Stepped-up enforcement of all traffic regulations.
2. An intensive education program by the police bureau's Safety Education Division.
3. A 50 per cent reduction in jaywalking — pegged to an ordinance under which violators are "tagged" and obliged to attend lectures on safety and the dangers of jaywalking.
4. A constant checking of streets where accidents occur, with an eye to eliminating hazards by installing traffic lights, stop signs or taking other corrective steps.

The Jacksonville mayor's office also gave credit to increased traffic engineering as well as "good traffic law enforcement."

Don Sturgill, Kentucky's acting safety commissioner, gave top priority to these factors:

1. Stepped-up schedule of enforcement in high-accident experience — most frequent — violations, with a 14 per cent increase in citations of motorists.
2. Using all man-hours of state police in active search for violators, instead of devoting about half of man-hours in off-road observation of traffic.
3. Hilton Butler, Tennessee's safety commissioner, ascribed the drop-off in deaths there to concentration of troops on highways and "spectacular" safety measures.

His strategy is to keep maximum strength on the highways, especially on weekends and holidays.

Michigan appears well on its way to a goal of reducing its annual traffic death toll by 200 — i.e., 200 fewer lives lost this year than last.

FUND NEEDING MORE FRIENDS

The Christmas Cheer Fund inched along Saturday, with a few more gifts coming in.

If all the needy children of the city are to be remembered at Christmas, though, in a way, many more gifts must be received. You are urged to send your check, made out to CHRISTMAS CHEER FUND, to The Herald, or to hand your gift to any city fireman.

Firemen use the money to buy items for toy repair, and to purchase fruit and food for distribution to poor families. A careful check is made of the aid list, so that worthy families are the recipients.

The Fund today:
 Lloyd Montgomery . . . \$1 50
 Mrs. R. B. Reeder . . . 10 00
 A Friend . . . 6 00
 Pinkie's Bowling Team . . . 5 00
 Previously Acknowledged . . . 221 00

TOTAL . . . 237 00

Youth Killed In Running Gun Battle

SHAMROCK, Tex., Dec. 1 (AP)—One youth was killed and two men were wounded today in a running gun battle between law officers from Texas and Oklahoma and two unidentified fugitives.

More than a score of officers had the two men cornered tonight in a brushy pasture on the J. B. Stephens Ranch, five miles east of Shamrock on Highway 66. The fugitives were armed with high-powered rifles.

Killed was Victor Lee Stephens, 19, son of the ranch owner who joined Policeman Luke Henley of Shamrock in an attempt to halt the two men who were fleeing in a car from Texola, Okla. Deputy Sheriff Marvin Skinner. Police gave this account of the gun battle:

Skinner started chasing the pair in Texola about 4 p.m. when their car hit another and left the scene of the accident. The men opened fire on Skinner and wounded him. In spite of his wounds, Skinner chased the men west on Highway 66 toward Shamrock. He called ahead for aid, exchanging shots with the fugitives on the way.

Accompanying Henley and Stephens was Mannon Nix of Shamrock, who was wounded by a bullet in the arm. Henley's car was shot up. The fugitives were driving a 1955 or 1956 green and white Mercury automobile with Colorado tags.

Officers from Texola and Clinton, Okla., and from Pampa, Shamrock, Wheeler, McLean, Amarillo and other nearby Texas towns were engaged in the manhunt tonight. Floodlights were brought in, and a plane from Oklahoma City was ordered to fly over and drop flares.

The Oklahoma Highway Patrol said the pair is also wanted for questioning about a slaying today at Dripping Springs, Tex., near Austin.

The Texas Department of Public Safety said the man found on a country road near Dripping Springs had been beaten badly around the head and face and had a bullet wound in the left temple.

Military bases and colleges and universities in Central Texas were checked for missing persons in an effort to establish the dead man's identity.

The dead man was between 21 and 27 years old, was about 5 feet 8 inches tall and had light brown hair clipped short.

The man also had a tattoo reading "skip and barb" on his left forearm, the word "skip" tattooed on his right forearm and a dagger tattooed on the right forearm.

The man wore light gray flannel trousers, with the laundry mark "F. B. Thompson" on them, a gray slip over sweater, white shirt and black plain-toed shoes.

Danger To Iraqi Government Posed

LONDON, Dec. 1 (AP)—The Western Powers closed ranks tonight to counter the threat of a new Communist coup in the Middle East arising from the situation in Syria. That Arab nation's reported receiving Soviet arms and under the growing influence of army leaders with Soviet leanings.

Britain and France prepared their peoples for formal announcements Monday of a quick and large-scale withdrawal of their military forces in Egypt.

President Eisenhower's dramatic offer of oil for Western Europe checked a rising tide of anti-American feeling in both countries.

Fresh efforts to heal the breach between the United States and her major Western allies were launched against the background of alarm over the future of Syria and concern for the stability of Prime Minister Nuri Said's friendly government in Iraq.

The Soviet Union, clearly acting to preserve friendships in the Arab world, put out a formal denial of reports that they have offered to sell quantities of petroleum to oil-starved Western Europe.

"All these reports are malicious fabrications calculated to deceive world opinion," the Soviet news agency Tass said in a statement broadcast by Moscow radio.

Western newspapers and public figures swung public attention to Syria, which has been reported getting arms shipments from Communist sources.

The Baghdad press said Communists in Syria were moving toward controlling positions.

Syria accused Britain, France, Israel and Turkey of preparing "armed aggression" against the Arab republic which the West says is under the growing influence of army leaders friendly to Russia.

Syrian Foreign Minister Salah Haidar called on the UN Security Council to take up "the threat to Syria's safety."

In Jerusalem, an Israeli Foreign Ministry spokesman once again declared Soviet charges of troops massing on the Israeli-Syrian border in preparation for an attack were "vicious nonsense."

Turkey's acting Foreign Minister Ethem Medresce remained in London in close touch with British leaders on developments.

The Syrian radio reported new clashes between police and demonstrators in the southern Iraqi town of Majidi and said 140 people have been killed in five days of rioting against Premier Nuri Said's government.

As tensions grew, Iraqi King Faisal III announced martial law and suspended parliament for a month, freeing political activity. The suspension of parliament was a "breathing spell," Faisal's speech from the throne said. He ordered "steps" to be taken to "love Egypt." His aim seemed to be to show Arab states that the country that the government, while allied with Britain in the Baghdad Pact, was nevertheless Arabized.

The downfall of Nuri's government presumably would wreck the Baghdad Pact, which links Iraq, Turkey, Iran, Pakistan and Britain in a military shield against the Soviet Union.

Egyptian Foreign Minister Nasser's controlled press in Cairo has been calling for a general strike throughout Iraq against the Premier.

With the Middle East in ferment, Britain and France were reported planning to base an strong five-brigade force on Cyprus after the Syrian pullout from Egypt.

Mrs. Lovelace, 103, Dies Here Friday

Grandmother D. M. Lovelace died here Friday at the age of 103 years.

Funeral for the matriarch of a pioneer West Texas family was held at 3 p.m. Saturday in the Wesley Methodist Church with the Rev. C. T. Jackson, Garden City Methodist minister, officiating. He was assisted by the Rev. C. W. Parmenter, pastor of the Wesley Church, and the Rev. Jesse Young, minister of the Park Methodist Church. Burial was in the City Cemetery beside the grave of her husband who died Nov. 22, 1925.

River Funeral Home was in charge of arrangements.

Mrs. Lovelace was the last of six children in her immediate family, and she had outlived seven of her nine children.

Last Aug. 22 she fell and broke her hip, and the night before she was to face surgery, her son, R. (See LOVELACE, Pg. 10A, Col. 3)

Christmas Gift Bargains Available On Dollar Day

The Santa Claus (Dollar Day) retail firm in the city is joining in the citywide Dollar Day offering. Top values are to be found in today's Herald advertising messages.

Free bus transportation again is offered women Dollar Day shoppers. They have only to clip this coupon below and present it on their face. This is an arrangement made possible by The Herald and the city transit company.

Weather Fair For Grid Season End

By The Associated Press

Football season all but ended in Texas Saturday under the same sunny skies and mild temperatures which typified most football weekends this fall.

Temperatures ranged to a high maximum of 82 degrees at Alice. The forecast called for fair weather Sunday, with no freezing temperatures except in western portions of the state.

Weather Bureau Cautions On Seed Hurricane Control

WEST PALM BEACH, Dec. 1 (AP)—The Weather Bureau has decided on a cautious approach to the problem of trying to control hurricanes by seeding them. P. H. Kulschreuter, assistant chief, said yesterday.

"We have no definite plans at this time to seed them. And if we make plans, the seeding wouldn't happen before late next hurricane season and would be based on research from storms earlier in the fall," he said.

Seeding the giant storms with dry ice or some other substance to produce rain has been advanced as the most likely method of steering them. Weathermen disagree on the probable effects. The matter of swinging a hurricane from its path, even only a few miles, is one of the important problems now facing meteorologists. Swerving a threatening storm around a city and letting it hit a less populous spot easily could mean the difference between minor damage and major disaster.

Ready For Scout Exposition

Four members of Den No. 2, Pack No. 1, sponsored by the Airport P-TA, show they are ready for the district Boy Scout Exposition coming up this weekend. Left to right, with their homemade guitars, are Duaine Hanson, Gary Earhart, Steven Kelley and Gary Gressett. Already 32 booths have been taken by troops, packs and

Explorer posts. Various phases of Scouting and Cubbing such as handcraft, first aid, fire fighting, pioneering, camping, knots, and many other skills will be demonstrated. Show time is 7:30 p.m. to 9:30 p.m. Friday and Saturday at the old Safeway location in the 200 block of Runnels.

Empty Pop Bottles Are Stolen Friday
 About five cases of empty pop bottles were stolen from a grocery store here Friday night. The bottles were left outside the Friendly Grocery, 801 NW 5th, Friday after closing. They were not there Saturday when the store opened.

Big Union Merger Winds Up First Year, Still Incomplete

WASHINGTON, Dec. 1 (AP)—The big AFL-CIO merger is winding up its initial year a going concern, but with a lot of work still to be done to make the amalgamation complete.

The merger of the rival AFL and CIO into a 15-million-member labor union organization will be a year old Wednesday.

It gives every promise of holding together but like other marriages, the second year is likely to be more strained than the first. Many old feuds remain, new ones have developed, and the giant labor organization still has not coordinated smoothly on basic economic and political policies.

One reason for uncertainty is that the state AFL and CIO organizations have proved more reluctant than the parent AFL and CIO to blend forces. Primary rivals for top jobs at the state level have been unable to resolve personality conflicts.

This leaves AFL-CIO President George Meany unworried. He maintains the national merger has been a success and state labor leaders holding up their own mergers will either have to get together or be forced to do so.

Meany minces no words on this and it may cause some fireworks in the labor movement in 1957.

"If we have to step in we won't go into a state to negotiate," Meany told reporters. "We'll just lift the old AFL and CIO charters, write a new constitution for a merged setup, rent a hall and let everybody come in and ratify it."

Meany points out a two-year period was left for voluntary mergers of state and local AFL and CIO outfits. After that, he said, "if the boys are still stalling and maneuvering around," the parent organization will step in and dictate the mergers.

Only 19 of the states with relatively few AFL and CIO members have merged so far. These states have, together, less than one-half million of the AFL-CIO's 15 million members. They are Missouri, Oregon, Minnesota, Iowa, Arkansas, Tennessee, Louisiana, Arizona, Montana, Vermont, Colorado, Virginia, Wyoming, South Dakota, Utah, Nebraska, New Mexico, Alabama and Maine.

In its first year the AFL-CIO had made less than terrific progress.

It has dabbled cautiously in organizing in the textile, tobacco and chemical industries. But none of the primest organizing "crusades" has developed.

It has made steady wage and other labor contract gains. But these were more a product of prospering times than anything stemming from the merger.

It has made some progress in the direction of "cleaning corruption" out of the labor movement, but nothing really substantial has been accomplished.

It has spent a busy year politically, mostly on the side of the Democrats in the fall elections. But although claiming "a large measure" of credit for election of a liberal Congress, the AFL-CIO also supported President Eisenhower's Democratic opponent, Adlai Stevenson.

Christmas Party At State Hospital Set For Dec. 19

Wednesday, Dec. 19, will be a big night for the patients at the Big Spring State Hospital.

That date has been tentatively set for the annual Christmas party for the patients at the hospital. The hour is 7 p.m. These annual Christmas features have become traditional at the hospital and are a highlight of the year to the patients.

Games are played at the party and the patients are given commissary checks. Refreshments are to be served. For patients who are unable to be at the party in person, well-filled stockings are prepared for delivery on Christmas morning.

Population of the hospital this year is at an all-time high of 800 and as a result this Christmas party will be the most ambitious undertaking of its history.

Co-ordinators of the plans for this annual event have been the Lions, Rotarians, Jaycees, Kiwanians, American Business Club members, the local lodge of the Elks and other fraternal and social organizations of the community. Any group, religious, fraternal, civic or social which desires to have a part in this enterprise is welcome to do so.

Bill Ragsdale, Commodore Ryan, Bill Gray, R. L. Heith, Joe Clark, Oliver Cofer, or M. Y. Kuykendall of the Elks Lodge committee will be pleased to hear from all groups interested in a part in the activities.

The physical work of staging this party is not great but the needs for financial support is large. No contribution is too small to help, the committee said, and yet no organization or individual should contribute more than \$25. Checks should be made out to the "State Hospital Christmas Fund" and may be given to any of the committee members listed above.

Mother, 2 Sons Fatally Gassed

GROVE CITY, Pa., Dec. 1 (AP)—A 29-year-old mother and two of her sons died from carbon monoxide fumes today before a frenzied search party found them. One other son survived.

The three bodies, along with another son who survived, were found under a snow covered blanket behind an auto near an abandoned farm house off Route 208 near the Butler-Mercer County line. The victims were:

Mrs. Lois Mong and her sons, Edward, 9, and Timothy, 3, of Grove City. The third son, Frank, 6, was revived and taken to Grove City Hospital. His condition was reported good.

Deputy Coroner Dr. L. A. Lyons issued a verdict of double murder and suicide. He said there was "definite evidence that Mrs. Mong was mentally deranged."

Dr. Lyons said Mrs. Mong attached a hose to the exhaust pipe of the family car and pulled it under the blanket.

Area FFA Tests Attract 180 Boys

Brownfield and Tahoka FFA chapters each took two first places in the annual FFA Area II Leadership contests conducted in Big Spring Saturday.

Twenty-seven chapters representing more than 40 West Texas counties participated in the all-day meet at the Big Spring High School. More than 180 boys with their leaders and advisors were on hand.

Brownfield scored first in Junior Farm Skill and first in Senior Farm Skill. The chapter also won third in Farm Radio.

Tahoka took first honors in Quiz and Junior Chapter Conducting.

Big Spring was first in Farm Radio and Flower Grove first in Senior Chapter Conducting.

Judges said competition was extremely keen and that in nearly all placings only a few points separated the first from the third and fourth place winners.

Business sessions and the presentation ceremonies were presided over by Pete Baker, Anson, who is Area II president.

A special guest, who also served as a judge for one of the contests, was Kenton Harvey, Azle, state FFA president.

All first place teams chosen here on Saturday go to Huntsville next Saturday to compete in state events.

First to fourth place teams were presented with banners for their achievement in the area competition.

Complete results of the contests: FFA Quiz: Tahoka, Robert Lee, Gail, Hawley, Fluvanna, Odessa and Pecos.

Farm Radio: Big Spring, Colorado City, Brownfield, Anson, Pecos, Robert Lee and Lamesa.

Junior Farm Skills: Brownfield, Loraine, Stanton, Seminole and Pecos.

Senior Farm Skills: Brownfield, Anson, Loraine, Dawson and Stanton.

Junior Chapter Conducting: Tahoka, Roscoe, Flower Grove, Odessa, Pecos, Hamlin and Bronte.

Senior Chapter Conducting: Flower Grove, Odessa, Marfa, Hamlin, Roby and Robert Lee.

The teams which competed here on Saturday were the winners of eight district eliminations held earlier this fall.

Clemson L. Montgomery, Big Spring, who is area supervisor, was in charge of the meet in Big Spring. He said that it was a most successful event and that the judges told him the quality of work displayed by the teams was exceptionally high.

Mental Health Problems Not Unusual, Report Says

WASHINGTON, Dec. 1 (AP)—Everybody has a mental health problem at one time or another, a nationally known psychiatrist said tonight.

Dr. William C. Menninger of the Menninger Clinic, Topeka, Kan., said in a speech prepared for the closing session of the sixth annual convention of the National Assn. for Mental Health.

"The statistics on the incidence of mental ill health, have been variously cited as (person) in 16, in 12, and in 10.

"However, even the most startling of these figures do not tell the entire story, because they refer only to the extreme cases of mental disorder.

"We have become so concerned with the severe manifestations—psychosis and acute psychoneurosis—that we have tended to overlook the common, everyday emotional disturbances which can be as upsetting and incapacitating as many of the physical illnesses."

"When we take these into account," he added, "the toll of mental ill health must be reckoned as one in one, for there isn't a person who does not experience frequently a mental or emotional disturbance severe enough to disrupt his functioning as a well-adjusted, happy and efficiently-performing individual."

GIs Give \$500,000 To Orient Charity

CAMP ZAMA, Japan, Dec. 1 (AP)—U. S. soldiers have contributed more than \$500,000 to charities in Japan and Korea this year. The bulk went to orphans and underprivileged children. The 1st Cavalry Division alone is contributing to 21 Japanese orphanages.

Uncle Ray:

Jordan Was Ancient Home Of Moabites

By RAMON COFFMAN

The kingdom of Jordan (once the home of people known as Moabites) has received some attention during recent years, and much more during recent weeks. It is small in population, and was recognized as having "full and complete" independence only 10 years ago.

Q. Who had control of Jordan before it became completely independent?

A. Great Britain held a mandate over the area, but allowed a measure of freedom for the people. As a peaceful step, the British agreed to complete freedom for Jordan.

Q. How large is Jordan, and what is its location?

A. It has about the same area as the state of Indiana. The population was estimated at one and a third million in 1953.

Jordan borders Israel on the east, and claims some of the land which was in ancient Palestine. In the time of Moses most of what we call

Jordan was comprised in Moab and Edom.

Q. Is it true that a "mere boy" became king of Jordan?

A. Yes, Prince Hussein was raised to the throne when he was only 17 years of age. That was four years ago.

Hussein's grandfather had been assassinated a year before. His father, after a short reign, was declared mentally ill.

Q. Is Syria larger than Jordan?

A. Yes. It has almost three times as many people, and the area is twice as great. Syria is a republic, and also differs from Jordan in the fact that it borders on the sea.

Syria is like Jordan, however, in being a Moslem country.

About 84 per cent of the Syrians are followers of Mohammed. The rest are Christians or Jews. The Christians are mainly "orthodox" Catholics, and differ from Roman Catholics.

SPREADING THE CHRISTMAS CHEER They start the kettles boiling Saturday

KETTLES BOIL

Salvation Army Opens Yuletide Drive

This year again the traditional Christmas kettles and the Salvation Army lassies will be on downtown streets waiting for gifts to insure that no needy person or child will be forgotten at Christmas.

Saturday morning, Dr. W. A. Hunt, president of the Salvation Army advisory board, and Robert T. Piner, long time board member and Salvation Army supporter, opened the Yuletide campaign.

ceives a portion of its budget from the Fund for regular work, none of the UF contributions are used for Christmas. Hence the special Christmas appeal.

Last year, as is the case this year, the Salvation Army cooperated with the city firemen who did the repairs and the Shell Oil Company which aided in collection, to make the toy shop available. Besides this cooperative venture which provided hundreds of playthings, the Salvation Army distributed more than 200 Christmas food baskets to needy families. The baskets contained all the traditional goodies for a Christmas dinner as well as a quantity of standby staples.

The Salvation Army also provided 700 Christmas remembrances to patients in the Big Spring State Hospital, gave 50 sunshine baskets and gifts to inmates of the jails. At the Salvation Army lodge, some 50 turkey dinners with the trimmings were served to lone men and other transients away from home at Christmas.

These individuals also got remembrances of fruit and candy as did 600 youngsters and a number of shut-ins.

"Christmas is a time of sharing," declared Capt. Breazeale. "What better and happier celebration could be made than to give a portion of the joys of Christmas to those who are less fortunate."

Grim Winter Due For Hungarians

BUDAPEST, Hungary, Dec. 1 (AP)—The Soviet-supported Hungarian Communist government warned the people today this will be a grim winter of chaos and suffering.

Only if workers end their passive resistance and return to their jobs can the future be more promising, the official radio and press declared.

The government of Premier Janos Kadar admitted that the situation remains grim nearly six weeks after revolution which was crushed by Russian tanks and infantry.

"We must be blind," said the party newspaper Nepszabadsag in an article broadcast by the Budapest radio, "if we do not realize that a solution of our present situation is still far distant."

The party paper and radio admitted what tens of thousands in Budapest know: "Thousands of our people are freezing and without roofs over their heads. Winter is approaching and we don't know whether we will have heat even for our hospitals, schools and homes. Inflation threatens. Our factories

are ready to operate but they don't have enough coal."

In the countryside the government said it has started to liquidate the Soviet-style collective farm system. This follows the example of Poland, which is also breaking up collectives and splitting up the land, livestock and implements.

Kadar's Communist party pleaded that the only road back was to "try to win back the confidence of the disillusioned masses with word and deed to repair the mistakes of the past."

Nepszabadsag also reported that Albert Konya, acting minister of education, told a meeting of university professors that henceforth Hungarian university students need not take compulsory courses on the history of the Soviet Communist party. This has always been a major topic. This was apparently a partial concession on students' demands that compulsory courses on Marx-Leninism be abandoned.

THE GREATEST MODERN MOVEMENT
Toward Improved Health

More than one-third of our nation's people voluntarily and freely pay for medical or hospital care in advance through cooperative insurance plans. This is probably the greatest voluntary movement toward improved health and welfare in the history of the world.

Every phase of this activity is laudable. The cooperation of industry and its employees, and the foresight of breadwinners to invest money in their families' health in advance of actual need, are evidence of progress. Active participation of the medical profession is evidence of its stature.

The desire for improved health, and the newly found personal pride and dignity of the individual are universal, and you may depend upon us, as upon your physician, in the achievement of these objectives for your family.

Cotton Classing Plan Endorsed By Growers

Plains Cotton Growers have endorsed eight cotton classing recommendations made Thursday at Lubbock by representatives of the Texas Farm Bureau, South Plains Farmer-Ginner Committee, South Plains Ginner Association, Farmers Union and PCG, according to Ralph White of Coahoma, president of the Howard County Farm Bureau.

The recommendations made by the group for improving cotton classing procedures are:

1. Establishment of uniform humidity equipment in all classing offices in this area, and that cotton be allowed to condition 12 to 24 hours before classing.

2. Multiple classing offices for this area. W. O. Fortenberry, president of PCG, appointed a committee to study this program and report later. The committee includes Curtice Boyd, Lubbock, chairman; John I. Bowling, Hale Center, and Kenneth Purcell, Brownfield.

3. More uniform samples regardless of where taken and also that the ultimate goal be the taking of automatic samples from gins.

4. The return to use of the class of "pink" sheet by the classing office and that each classer be given a code number on the pink sheet.

5. Establishment of a classing review board composed of one qualified classer each to represent the farmer, the cotton trade and the government, and the grade given by this board be a final grade.

6. The date entered on the green card be the date the sample was received at the cotton classing office instead of the date the cotton was actually classed.

7. The Commodity Credit Corporation recognize and set a value for light spotted cotton in the government loan.

8. Opposition to any proposed change of the average grade and staple from 1/8 inch to 1 inch in the government cotton program.

The group also discussed a meeting next spring or summer in Lubbock to which USDA classing officials from Washington would be invited to discuss rules and regulations which will govern classing of cotton for the next season.

The cotton representatives also went on-record as endorsing the Smith-Doxey program and pointed out the recommendations made were done so only with an eye toward improving the program and not as a criticism. George Pfeifferberger, secretary of the meeting, announced the recommendations would be presented to USDA classing officials in Washington.

Auto Dealers In Associations

Marvin K. Wood, Big Spring Pontiac dealer, who is Howard Martin County area chairman for the Texas Automobile Dealers and the National Automobile Dealers associations, spent last week in a membership campaign in the two counties.

He said Saturday that he had exceptionally good success and that most of the dealers in the two counties are now affiliated with the two organizations.

Wood was one of 200 active Texas dealers, members of the TADA and NADA, who worked last week in behalf of their organizations.

The membership drive was pushed in order that it might be as complete as possible ahead of a meeting set for Dec. 6 in Dallas of the Texas group. Wood said he would attend the Dallas meeting but that he did not know of any other Big Spring or Stanton dealers who planned to be present.

Wood explained that the two organizations work for the general benefit of all motor car and truck dealers and said that membership in the TADA and NADA provides information and help to members.

He has been an active worker in the groups for some years.

TADA members in Big Spring, he said, are Jones Motor Co., McEwen Motor Company, Shroyer Motor Company, Marvin Wood Pontiac Company and Truman Jones Motor Company. Alsup Chevrolet Company in Stanton is also a member of the TADA.

These same dealers are members of the NADA. In addition there are two dealers in Stanton—Ehrig and Rhodes Motors and Wheeler Motors—and one Big Spring firm, Fielder DeSoto Sales, who are members of the NADA, but not signed up with TADA.

Auto Assault Fine Is \$25

Delbert Coulter, 52-year-old Uniontown, Ky., man, charged with aggravated assault with a motor car in connection with the collision of his car and one occupied by two Snyder women Thursday night, was fined \$25 and costs in Howard County Court Friday afternoon.

Coulter had pleaded guilty to the charge against him at the morning session, but R. H. Weaver, county judge, postponed assessing punishment until Friday afternoon.

Highway patrol officers said that Coulter, driving a 1951 Mercury, pulled out of his lane in a no-passing zone to pass a truck. As he did so his car and a 1955 Ford occupied by Mrs. T. H. Chandler and Mrs. E. J. Holt, both of Snyder, collided.

The two women were hospitalized as a result of the accident. Their condition is not regarded as serious at the Rattenfield Hospital, in Snyder.

'SOS' On Criminal Activities Proposed

An "SOS System" to alert members when hot check writers, forgers and other criminals are known to be operating in the city will be discussed Monday at the Chamber of Commerce directors' meeting.

Gilbert Gibbs, chairman of the Chamber's Merchants Committee, and Red Smith, C-C manager, will outline operation of the proposed network of telephone warnings.

If the plan is approved by directors, the system will be set up with all participating businessmen to have a hand in spreading the alert when criminal activities are spotted. Each participant will have two or three specific telephone calls to make, once he is alerted. The wholesale spread of the warnings by telephone is calculated to require only two or three minutes, Smith said.

C-C directors also will be asked to appoint a committee to make arrangements for the 1957 membership banquet. They will be requested to establish some policy on the provision of Chamber of Commerce services to non-members.

For example, Smith explained that he would ask for a decision on whether all the city's business and professional services should be referred to in answering inquiries addressed to the C-C, or whether only member agencies should be listed.

A number of reports are on the agenda for the meeting which will be held at noon Monday in the Chamber of Commerce offices. John Dibrell will report on expenses of the bi-district football game between Merkel and Sundown. The Chamber sponsored the game here Nov. 23. R. L. Cook will report on the meeting of U.S. 87 Highway boosters in Lubbock Nov. 19. Smith will discuss returns of the program - of - work questionnaire recently mailed to C-C members. He also will tell of the results of the consumers' opinion survey conducted by the Chamber.

Court Recesses For Bus Drivers

GREENWOOD, Ark. (AP) — Justice of the Peace Lon Dunn recessed a trial in his court recently at 2:50 p.m. Reason: Dunn and two jurors were school bus drivers and had to go to work.

'You Look Through Here...'

Ma Mae Gray, Stanton, gets some pointers from Gilbert Gibbs, chairman of the Chamber of Commerce Merchants Committee, on how to operate the movie camera she won Friday at the pre-Christmas merchandise give-away sponsored by local merchants. She was the fifth prize winner since the program started Monday. Prizes are to be awarded daily through Dec. 24.

'EGYPTIANIZATION'

British, French Influence, Holdings Being Swept Away

Editor's Note: This dispatch is by an Associated Press correspondent who has just arrived in Rome from Cairo, where he was stationed during the British-French invasion of Egypt. He is an American normally assigned to the AP London bureau. Egyptian censorship prevented transmission of this revealing dispatch from Egypt.

By EDWIN SHANKE
ROME (AP)—An Egyptian policeman rolled down the shutters of a French bookstore in the heart of Cairo one day soon after the British-French assault on Egypt began. It symbolized one way the attack on Egypt has backfired on the British and French in a country where their influence has been dominant for decades.

"Egyptianization" is the new watchword of President Nasser's regime. Behind the headlines about Port Said and the U. N. Emergency police force, a thorough purge of all British, French influence and interests is taking place, from the business world through the professions, schools and cultural activities of every description. Even history is being rewritten, as Stalin did it in Russia.

By day, the government-controlled Egyptian press is recording this upheaval — unprecedented in Egypt's long history. Neutral observers generally consider the British-French invasion has finished them in Egypt and the repercussions will spread throughout the Arab world.

Many an Egyptian educated in England and France — and there are thousands — say, "they can't Egyptianize our minds." But the process goes ahead steadily, mainly under Egyptian military orders numbered 4 and 5, published Nov. 11 after the British-French-Israeli

assault began. These orders classed the British and French as "enemy nationals," provided for the confiscation of their assets and prohibited transactions with British and French citizens.

Egyptians appointed by the minister of finance replaced the managers of firms controlled by the British and French. A number of banks and wholesale and retail firms were affected. Shell Oil, one of Britain's biggest enterprises in Egypt, was among them.

Responsible informants said "no one, apart perhaps from a few authorities, really knows what is going to happen pending some final agreed settlement. Technically, the Egyptians could do practically anything with the businesses — sell them, give them away or even reorganize the firms and run them themselves."

One deterrent factor is the fact that the British have frozen 200 million dollars in Egyptian assets. Meantime, British-French businesses are in the hands of Egyptians.

Estimates of the total value of the businesses affected range all the way from 210 million dollars to a top of 980 million dollars. Finance Minister Abdel Moneim Kaissouny, has instructed banks to furnish every facility to Egyptian citizens wishing to acquire shares of "enemy" companies under negotiation to ensure that they are "speedily Egyptianized."

Cairo newspapers chronicle the systematic stripping of British-French influence from Egyptian life. Organizations regularly appeal for a boycott of all British and French products.

The government has ruled that British and French firms no longer can sue in any Egyptian court. British and French doctors, dentists, lawyers, pharmacists, engineers and architects have been dropped from their professional associations. This means they can no longer work in Egypt.

Egyptian auditors have replaced their British and French colleagues in business firms. The Ministry of Communications dismissed all its British and French technicians.

Reinsurance operations by Egyptian companies, formerly handled through London, are being shifted to other markets, especially Switzerland and West Germany. An Egyptian authority claimed Britain's net annual profit from the business had been approximately 140 million dollars.

Film censors withdrew all British and French movies picturing life in those countries from public showing, as well as films starring alleged Zionist or pro-Zionist actors.

Deputy Education Minister Hamed Nabih announced severance of all cultural relations with Britain and France. He told newsmen his ministry was "reviewing all English and French books and syllabuses now in use in schools and universities throughout Egypt with a view to removing from them any trace connected with Britain and France and their history."

English and French-run schools, he added, "from now on will be 100 per cent Egyptian in every respect."

Teacher Pay Hikes Asked

HOUSTON, Dec. 1 (AP) — The House of Delegates of the Texas State Teachers Assn. authorized its legislative committee today to ask the Legislature for emergency pay increases.

The amounts were left to the committee, which meets tomorrow in Austin.

W. H. Stillwell of Texarkana, chairman of the legislative committee, said his group will determine the amounts to be asked after interviewing state officials, representatives of citizens groups, and educational leaders.

He said the amounts will be based on how much the state can afford, how much citizens would support, and how much is needed as an emergency.

The concluding session of the association's convention also called for "full consideration" of a proposal by state Auditor C. M. Cavness to invest only 27 1/2 per cent of income from oil lands in the permanent school fund.

Cavness has suggested that a change whereby the remainder of such income could be used for current expenses would permit increased payments without tax hikes.

All income is now invested in the school fund and only the interest can be used for current expenditures. A constitutional amendment would be necessary to make the change.

Cavness has estimated a change would make 20 to 25 million dollars available a year for school aid.

Delegates said the permanent fund, now about \$50 million dollars, should not be depreciated and should be increased each year.

The group called for a study "to determine whether or not it would be feasible to employ a portion of the revenue . . . for use in meeting current obligations."

'Big John' Leaves Hospital Incubator

ROCKVILLE, Conn., Dec. 1 (AP) — "Big John" came home today from the Rockville City Hospital where he beat odds of 3,000 to 1.

"Big John," as the nurses call him, weighs only five pounds and two ounces today, but that's an even three pounds more than he weighed last Sept. 7, when he was born.

John Frederick Machowski, to give the third child and first son of Mr. and Mrs. Frederick J. Machowski his full name, spent 10 weeks in an incubator.

Hospital officials said statistics on premature births give babies who weigh as little as two pounds and two ounces only one chance in 3,000 of surviving.

"Big John" made it.

Webb's No. 1 Secretary

One of Webb AFB's best known civilian employees moved to the top secretarial post on the base last week as Mary F. Hamilton, above, became secretary to Commander C. M. Young and Executive Officer Cleon E. Freeman. Miss Hamilton's predecessor was Mrs. Dale Williams, who recently resigned to join her husband in Las Vegas, Nev. A Webb employe for several years, Miss Hamilton formerly was secretary to Col. Robert D. Whittington, commander of the base hospital and most recently served as secretary to Maj. Edward M. Schlieter, wing adjutant. A native of Pecos, she attended Texas State College for Women, majoring in business administration.

Interest Rate Up On FHA Home Loans

WASHINGTON, Dec. 1 (AP)—The government today boosted the interest rate on FHA home loans from 4 1/2 to 5 per cent in a move designed to prime the dwindling flow of mortgage funds available. Sen. Lehman (D-NY) as an add-on to prospective home buyers. The move was denounced by ed hardship on low and middle income groups. He called for a congressional investigation. But from another quarter, Rep. Barratt O'Hara (D-Ill), a member of the House subcommittee on housing, suggested the possibility of congressional action to raise the rate on government-guaranteed GI home loans as well. The increased interest rate on loans insured by the Federal Housing Administration becomes effective Dec. 4 on future FHA commitments. It was described as "a decisive step to help home buyers to obtain mortgage financing." Albert M. Cole, housing and home finance administrator, said the importance of the government action was "manyfold," asserting: "Primarily we are thinking in terms of people. People in America want to buy homes and this will assist them to get the financing they need. The practical effect of today's action should make it easier to get a home loan because of the more attractive return to lenders, but at the same time means an increase of millions of dollars in financing costs to future home owners. Translated into terms of a \$10,000 25-year mortgage, the half a per cent interest hike adds nearly \$900 in interest costs to the total amount of repayment, according to FHA figures. On such a mortgage the monthly payment would go up from \$53.60 to \$58.50, the increase reflecting the higher interest rate. The increase in FHA interest rates does not effect the 4 1/2 per cent rate on GI home loans guar-

anteed by the Veterans Administration. This rate is fixed by Congress, and any increase would have to be approved by both House and Senate. The increase in home mortgage interest does not effect home repair loans. But along with it, the government upped the interest rate on FHA multi-family housing mortgage loans from 4 1/2 to 4 3/4 per cent, and increased to 5 per cent the rate on all FHA mortgages insured under the urban renewal and rehabilitation programs. FHA Commissioner Norman P. Mason said the new rates came upon the lenders' request, to make effective on applications for mortgage insurance now in process at any point up to final endorsement. The interest rate increase came as the latest move by the government to break the bottleneck in credit on new homes, which are being started this year at a rate considerably below last. The Labor Department reported on Nov. 17 that the total of housing starts in October was 12 per cent below 1955. This reflected an annual rate of home construction of less than 1,100,000 units. Last year 1,329,000 homes were started.

Ship Captain Wives Become Third Mates

KOBE, Japan, Dec. 1 (AP)—Three middle-aged housewives crammed for months on math, astronomy and navigation and now have been certified as third mates. Wives of small coastal freight skippers—they explained—"We want to be with our husbands all the time."

Ike Cuts Red Tape For Refugee Entry

AUGUSTA, Ga., Dec. 1 (AP)—President Eisenhower shredded red tape today and ordered 21,500 Hungarian refugees from Soviet territory admitted to the United States. The original plan offered asylum to only 5,000. In announcing the big increase at the President's vacation headquarters, the White House said the greater number "will be brought here with the utmost practicable speed" under an emergency program. Eisenhower will ask Congress in January to take longer range action. The President's move—to "give practical effect to the American people's intense desire to help" the victims of Soviet oppression—came as he awaited the arrival tomorrow of Secretary of State Dulles for a review of the still tense Middle East situation and the world picture generally. Dulles will fly to Augusta tomorrow from Key West, Fla., where he has been recuperating from a Nov. 3 operation for intestinal cancer. He plans to return to his Washington desk Monday and will leave next weekend for a NATO meeting in Paris. Continuing to combine relaxation with work, Eisenhower got in another round of golf today and kept an eye on the Army-Navy football game at Philadelphia. As commander in chief of all the armed forces, the President sent telegrams to the Army and Navy coaches extending "My very best wishes for another fine game."

who once played football there. Eisenhower tacked an additional sentence to his message to cadet coach Earl "Red" Blaik. It said: "And may I add that in spite of my official neutrality, my hopes still ride with the men from the shores of the Hudson." Even as the President liked the Hungarian refugee quota by 16,500, the government hinted there may be still another increase later. "When these numbers have been exhausted, the situation will be re-examined," a White House statement said. It added that the expanded program approved by Eisenhower today will "materially assist the government of Austria, which has responded so generously to the refugees' needs, to carry out its policy of political asylum." On the current increase, the President took emergency action to deal with what he called the "emergency problem confronting Austria, into which more than 100,000 Hungarians have crossed in flight from Russian ruthlessness. He said the United States should share the burden of that problem with other countries of the free world.

Chile To Allow Oil Exploration

SANTIAGO, Chile, Dec. 1 (AP)—The Chilean government has decided to let foreign investors share with Chilean capital in exploration for and exploitation of oil resources. Mines Minister Osvaldo Salnte Marie says this is the only way the Chilean petroleum industry can be expanded.

"AMERICANS INVENT EVERYTHING BUT DON'T PROFIT BY THEM"

(Author's Name Below)
A newly invented and inexpensive Tes-Tape, dipped into a urine specimen, will immediately disclose if sugar is present. This is important because a sugar reaction would indicate a possible diabetes. For a positive diagnosis further tests would have to be made by your physician.

Are you profiting by this drug invention? If you are overweight, or there is any history of diabetes in your family, it is wise to frequently make this easy test.

108 Million Gallons Of Water Used In November

The city's water bill for the month of November topped 100,000,000 gallons. Of the total, however, the city used only 75,499,000 gallons. The remainder was consumed by Cabot and Cosden.

The total consumption was 108,017,000 gallons. The city estimated early in the year that 90,000,000 gallons would be used during the month.

Maximum consumption for a 24-hour period was recorded Nov. 25, when 3,213,000 gallons went through meters, and the low of the month came on Nov. 4. That day, usage was 1,686,000 gallons. The usage went above three million gallons on only the one day. The city used 2,785,000 gallons Friday, the last day of the month.

Army Mule Unit Abolished

WASHINGTON, Dec. 1 (AP)—The Army is abolishing its last mule-powered combat unit — the 4th Field Artillery Battalion — and assigning its honored colors to something called an "amphibious firing unit."

About 125 old Army mules and a few horses will be put out to pasture when the battalion folds up at Ft. Carson, Colo., this winter.

The new unit takes to the air at Ft. Sill, Okla., in 38 helicopters to learn new ways to move howitzers, rockets and other weapons for the ground forces.

The Army's lowly pack mules nonetheless have outlasted the fancier cavalry horses by 12 years.

The last cavalry unit turned over its mounts and took to motor-trucks and tanks in December 1944 and the cavalry was abolished as a combat branch the following year. Only the name remains, in the designation of an infantry outfit as the 1st Cavalry Division.

The Army now has 116 horses and 314 mules, all of the latter in the United States. Except for an elite ceremonial unit of seven perfectly matched greys, used in military funerals at Arlington National Cemetery, horses and mules perform only odd jobs.

With the decision made to disband the last pack animal combat unit this year, the Army is now looking to the future of its feathered friends, the homing pigeons. Although they have served with honor in every Army campaign since 1878, the pigeons are also on the way out.

This will leave the Army with only its dogs. The Army now has 1,350 sentry dogs, and is training more of them to serve for Air Force guard duty.

Chess Draws Close Attention

Two games draw attention at the Servicemen's Center where the Howard County Chess Association and the Center Chess Club have been holding regular play. In the foreground Donald Glasson is matching wits with Mrs. O. W. Cain, while Charles (Hap) Kee is contesting Reeves Moren in the background. Watching, left to right, are Charles Cain, vice president of the HCCA, Pat Flynn, president of the High School Chess Club, Donald W. Cain, Bryan Vickers, Airman Sprouls and Allen Glaser. Mrs. Cain is secretary of the HCCA and Moren is on the promotion and rules committee.

Center Chess Club, which derives its name from the meeting locale (the Servicemen's Center at 113 E. 2nd), the lead has changed no less than seven times within the last 48 hours. At latest reports, Donald W. Cain had jumped from third to first place and had forced Brian Vickers and Charles Cain into a tie for second and third.

Tickets To Gail Dinner Begging

Unless ticket sales pick up appreciably in the next two days, Big Springers don't stand to gain much good will from the "good will dinner" to be staged at Gail Tuesday evening.

Only about 10 persons had purchased tickets Saturday afternoon. The Chamber of Commerce is hoping that 75 Big Springers will attend the dinner after purchasing tickets for themselves and an equal number of Borden County guests.

The Borden County Sheriff's Posse Auxiliary, Gail sponsor of the dinner, is making plans to serve 150 persons at the dinner in the Borden County High School cafeteria. The local Chamber of Commerce, which is promoting the dinner, undertook to sell the 150 meal tickets to 75 Big Springers.

The tickets will be available Monday and Tuesday at the Chamber of Commerce or in the office of Walker Bailey, chairman of the C-C-A Rural Relations Committee.

Old Game Gets New Attention, Chess Rage Hits Big Spring

One of the oldest games in history is the newest in popularity for an increasing number of Howard County people.

Chess is not ordinarily a fast-moving game, but it has moved rapidly in local popularity since the Howard County Chess Association was formed only a month ago. To be sure there were players scattered all around, but few knew about the others who liked the game.

Today there are around 110 to 120 players in the HCCA, with some of its affiliates such as the Service Center Club, the High School Club, the Junior High School Club, and the embryonic NCO Service Club.

Already a series of red-hot tournaments has been launched. In the

Center Chess Club, which derives its name from the meeting locale (the Servicemen's Center at 113 E. 2nd), the lead has changed no less than seven times within the last 48 hours.

Monday night some of the HCCA and Center Chess Club members will meet informally with chess players at Webb AFB. The main organization "meets" there, however, is set for the following week on Dec. 10.

The game of chess may antedate historical records in some of its forms. Some scholars think it originated in China, moved across India and took firm root in Persia about the seventh century. It has long since been the most universally established and standardized international game. In fact, the local clubs play under the International Chess Association rules with minor exceptions.

Essentially chess is a game of strategy and attack. Some few get to be such wizards that they have had 14 games going simultaneously, making moves for each without even consulting the board. Just how remarkable is this feat may be appreciated from the fact that there are 64 squares to be covered on each board and 32 men to be moved.

None in the local club aspires to perfection; they are hobbyists. The rapid rise in the number of persons showing up to play or to learn has given rise to hope that after even a "fad" phase is passed there will be a large enough residue of players to keep the ancient game popular.

Planned Nuptials Arouse Royalty

NEW DELHI, Dec. 1 (AP)—Members of India's royal caste have asked the government to intervene against the proposed marriage of a beautiful American-educated princess and a commoner, a spokesman said today.

Princess Usha Devi Holkar, heir to the Maharaja of Indore, and Satish Mahotra, an employee in a Bombay business firm, plan to marry Dec. 12. Princess Usha's father and court astrologers have approved the date.

The love match of the young couple, both in their early 20s, is unusual in India, where marriages are usually arranged by a go-between.

Red Fashions

MOSCOW, Dec. 1 (AP)—The newspaper of the Young Communist League suggests that Soviet people learn to dress tastefully. Kom-somolskaya Pravda devoted two columns this week to describing new fashions.

82 Webb Trainees To Receive Wings

Members of Jet Pilot Training Class '52-E, which is slated to graduate Tuesday will hear Rev. William D. Boyd, rector of St. Mary's Episcopal Church, Big Spring, give the principal address.

The graduation ceremony for the 82-man class will be held in the Webb AFB Chapel at 7:30 p.m. A reception will be held immediately following graduation at the Officers' Club. Relatives and friends are invited to attend. Lt. Charles Webb will give organ music.

Section instructors will present wings to graduating officers. Members of the graduating class include: First Lieutenants Ralf M. Miller, Robert C. Moran, James L. Davis, Robert Novakovich, Hansford E. Polhemus Jr. and Pike G. Grubbs.

Second Lieutenants Gordon L. Cammack, James N. Hipskind, James D. Brecher, Clifford L. Gallanger, David L. Aycock, John R. Brose, Bobby E. Calderwood, James A. Ostheimer, Earl L. Krueger, Don M. Muller, James T. Rhodes, Byron L. Sharkey, Richard C. Duggan, Hilary A. Hector, Ronald J. Soule, Robert C. Rague, Van A. DePriest, George G. Shaw Jr., Warren D. Hall, Thomas M. Hoskinson, Theodore M. Tochterman Jr.

Also, Frederick H. Radach, Steven R. Sanders, Jerry D. Snell, Alexander Aros, William P. Bristol, Charles G. Daniels, Robert G. Larsen, Gerald W. Dawson, Robert J. Donaldson, Phy G. Ekins, Richard F. Cook, Carleton T. Clowe Jr., Dewey C. Fitch, Erwin K. Coffin, Jack L. DeMass, Paul M. Dvorak.

Mahrt, Gary N. Zook, Charles T. Arthur, DeLano G. Land, Jes G. Lund James S. Trowbridge, Dale E. Wingate, Thomas A. Barnett, and Charles P. Morgan.

East Reich Plans Ersatz Silk Plant

BERLIN, Dec. 1 (AP)—Communist East Germany will build one of the world's largest artificial silk factories in Red China next year, the official East German news service reports. More than 10 East German plants will cooperate in the project. The huge factory is to begin production in 1959.

Dawson Cotton Allotment Up 7,824 Acres

LAMESA, Dec. 1.—Although Dawson County Cotton Growers did not receive back all of the acreage lost last year, they gained 7,824 acres over the 1956 allotment, according to Dawson County Agricultural Stabilization and Conservation office.

The 1957 allotment is 207,405 acres. The 1956 allotment was 204,581. Only Lubbock County has a larger allotment than Dawson's. A.S.C. officials don't expect the extra acres to be distributed across the board to every farmer. Hardship cases and new grower allotments are expected to use up most of the acreage increase.

The increase was not received in all the South Plains. Neighboring Borden County, for instance, has 183 acres less allotment in 1957 than during the current year. The allotments for the 1956 crop were about 11 per cent less than the 1955 allotments in Dawson County. The increase for the 1957 crop will be 1.36 per cent over the 1956 allotment. Last year, practically every county in West Texas received decreases in allotment.

This year practically every East Texas County received a decrease, with the acreage starting a return to the more western cotton growing areas of the state.

Rites Set For Lamesa Woman

LAMESA, Dec. 1.—Funeral services for Mrs. Mary Elizabeth Wilson will be held at 2:30 p.m. Sunday. The 69-year-old woman passed away at her home at 705 North Canyon Friday morning after a long illness.

Among survivors are a daughter Mrs. Eunice Kingery, Lamesa; two sons, J. C. Wilson, Idaho, and Claude Wilson, California; two sisters, Mrs. Della Davis of Pampa and Mrs. Lilly Davis of California; and three brothers, G. E. Hester of Lamesa and James A. Hester and Arthur Hester, both of California.

Funeral services at the Higginbotham Funeral Chapel will be Rev. Milo B. Arbutckle and Rev. Giles Hankins. Burial will be in Lamesa Memorial Park.

Commissioners Okay Revised Plans For Dawson's Hospital

LAMESA, Dec. 1.—The Dawson County Commissioners Court Friday voted to accept an entirely new floor plan for the proposed hospital here.

The plan, presented by Turner Kimmel of Butler and Kimmel, architects, incorporates desirable features outlined by the medical profession and members of the hospital advisory committee here at previous meetings. It eliminates features called undesirable by the State Health Department.

The building is to be of more or less rectangular construction, instead of the "double T" shape of the first plan advanced by the designers.

The 365-foot building will, if present plans are carried through, face east on Bryan Street. All serv-

ice portions of the institution will be on the south, with the emergency entrance, operating and obstetrical rooms on the north. The patient rooms will be along the east and west walls, separated by storage and service facilities.

Kimmel told the group that the building actually has more rooms and facilities than the previous plan drawn, but that there is about 2,000 feet less floor space, most of which resulted from fewer corridors. He is to arrange a conference on the plans with representatives of the State Health Department and the U. S. Public Health Service.

He proposed to the group that the plan, if approved, be submitted for bidding as a 50-bed unit

with two alternates, 10 to 12 additional patient rooms, and terrazzo wainscotings.

The plans call for brick veneer over clay tile with plastered interior, on a concrete slab. The roof is to be a gypsum deck which, according to Kimmel, gives better insulation. The ceilings nine feet high, will be of acoustical tile. Window frames will be of aluminum and door frames of steel.

Among the features will be an automatic emergency generator, an intercommunications system, oxygen piped to each room, and phone plugs in each room.

The architect told the group he felt the cost of construction will be appreciably less than the original plan.

'The Messiah' Set At Midland

Nearly 100 voices from 15 Midland churches will present Handel's "The Messiah" next Saturday night with the Midland Symphony Orchestra under the direction of Walter Mantani. The second subscription concert will be held in the Midland High School Auditorium at 8:15 p.m. Tickets may be purchased at the door.

Three prominent Dallas soloists, Wanda Lee Saxon, soprano; Gloria Brydon, contralto; and Harry Wayne bass, will sing the solo parts and George L. DeHart, Midland, will sing the tenor part and direct the combined choruses. DeHart has had the choruses in rehearsal since September.

"The Messiah" has been presented twice before in Midland by one church. This is the largest

"Messiah" ever presented in this area.

The third subscription concert will be held Jan. 17 with the famous pianist, Claude Arrau, as guest soloist. Tickets may be purchased through the Midland Symphony Association, Mutual 2-5367.

Commissioners Due To Meet Monday

It was assumed that regular meeting of the Howard County Commissioners Court would be held Monday, but absence from the courthouse on Saturday of the county judge and members of the commission, prevented any announcement of any special matters which might be on the agenda. Lee Porter, county auditor, was not available for comment but it is the general practice to submit the monthly financial report on the county at the first meeting each month.

12-A Big Spring (Texas) Herald, Sun., Dec. 2, 1956

County Tax Payments Up To \$955,000 For Year

Tax collections in the office of Viola Robinson for the current year paid through Nov. 30 totalled \$953,954.22. This represents a gain over the total at the end of October of \$6,733.25. Total payments on Oct. 31 stood at \$949,220.97.

Mrs. Robinson said that tax payments are well along and that the taxpayers have been prompt about settling their bills.

Effective Monday, the discount rate on tax payments drops another one per cent. Throughout November taxpayers benefited by a 2 per cent discount and during October the discount rate was 3 per cent.

After Jan. 2, the discount will be dropped and all taxes left unpaid on Jan. 31 are delinquent. Mrs. Robinson emphasized that over-age voters—that is to say those who are past 60 years of age who live outside the city limits of Big Spring do not need an exemption certificate in order to vote in their own precincts. It is only those persons of 60 years or older who are residents of the city of Big Spring who have to apply and receive certificates at her office. There is no charge made to the applicant for such an exemption certificate.

All persons, regardless of place of residence, must have a poll tax receipt to vote if they are under 60 years of age. No risk demand has been made as yet for poll tax

receipts nor for exemption certificates. Less than 1,000 poll tax receipts have been issued.

An absence of any major elections on tap for this lag, Mrs. Robinson said. However, she added most poll tax receipts are issued during January.

The only elections for 1957 are county or local bond elections.

Jury Called For District Court

Judge Charlie Sullivan, 118th District Court, has scheduled a civil jury docket to open in District Court Monday at 10 a.m. A number of cases are tentatively docketed for trial but there was no estimate on how many of the cases scheduled would announce ready for trial. Jurors to serve the court have been instructed to be in the court room at 10 a.m.

Observations Slated

LAMESA, Dec. 1.—Ground observer action will get under way at the Lamesa observation post Sunday afternoon, according to Bob Bradbury, chief observer. Observers will be on duty from 1 until 6 p.m. and planes will be sent by the post for their identification.

Kick Lid Off Season Monday

The 1956-57 Big Spring High School basketball team (above) begins its season here Monday night, when the Steers host Lamesa. Coach Johnny Johnson is highly optimistic about the new campaign. Kneeling are Kelsey Meeks and Bill Norred, managers. Left to right, standing, are Coach Johnson, Adrian DeGraffenreid, Mike Musgrove, Billy Blum, Don Anderson, Frank Hardesty, Jan Loudermilk, Donald Lovelady, Jimmy Evans, Billy Bob Satterwhite and Jesse McElreath. The Longhorns play Sweetwater here Tuesday and visit Andrews Friday night.

Longhorns And Lamesa Clash

With lettermen available for every starting position, the Big Spring Steers are set to open their 1956-57 basketball season here Monday night against Lamesa.

Coach Johnny Johnson will start one and possibly two juniors against the Tornados, always tough on the locals in the past.

Jan Loudermilk is certain to go at the pivot spot. He's a junior who stands 6-foot-5 1/2. Junior Jimmy Evans or senior Donald Lovelady will open at one forward post and either Don Anderson or Billy Blum, both seniors, will open at the other front court spot.

In the back courts, it will be Mike Musgrove and Jesse McElreath, both seniors.

Evans stands an even six feet. Anderson is 6-1. Lovelady 5-11. Elreath 5-7 and Musgrove 5-10.

Frank Hardesty, another letterman who stands six feet, will also see a lot of action, as will Billy Bob Satterwhite, up from the B team.

McElreath perhaps is the most improved player in camp. Much will depend upon him in the upcoming District 2-AAAAA race.

Graduation wiped out the entire starting lineup for Lamesa. However, Wayland Holladay, 6-4, gives the Tornados plenty of height around the basket.

The Tornados will average just about six feet in height. Coach O. W. Follis will probably use Jim Barr, six-foot senior; Holladay, a junior; Ken Hubbard, 5-9, senior; J. L. Mayhew, 6-1, senior; and Webb Corbin, 6-2 senior, in his starting lineup.

Only Barr and Holladay of that group were varsity lettermen last year.

Others who could see action here for the Lamesas include Bill Gilbreath, six feet; Ewell Prather, 5-11; Doyle Goolsby, 6-2; Bobby Clement, six feet; Sam Jones, 6-1; and Frank McKinney, 5-11.

B teams of the two schools meet at 6:30 p.m.

On Tuesday night, the Longhorns entertain Sweetwater in a 7:15 engagement. That evening, the B teams take the court at 5:30 p.m.

Navy Turns Down Dallas Bid After Tying Army

By BOB HOOBING

PHILADELPHIA, Dec. 1 (AP)—Favored Navy, stunned by a ferocious Army defense, sent sophomore fullback Dick Dagampat for the fourth-period touchdown that provided a 7-7 comeback tie with the Cadets today and led to a Cotton Bowl invitation which quickly was declined by the Middies.

Navy received an official invitation to meet Texas Christian in Dallas Jan. 1 but turned it down in a dressing room announcement moments after the final gun. The indication was that Navy officials decided the team's performance was not bowl-worthy.

It was a fumble, one of several costly errors by the battling underdogs, which launched Navy's late attack as, third-string end John Kanuch fell on a loose ball at the Cadet 27.

Dagampat, a 165-pounder from Los Angeles who shared game honors with Army senior Bob Kysky, carried for five of the seven plays it took to score. Ned Oldham calmly kicked the tie-clinching point in his farewell contribution to Middie football.

Dagampat, who had just smashed a yard on fourth down for the needed inches, which spelled renewed life, piled over his right tackle for the touchdown at 7:35 of the final period.

Dagampat, who had just smashed a yard on fourth down for the needed inches, which spelled renewed life, piled over his right tackle for the touchdown at 7:35 of the final period.

Dagampat's big play en route was a dancing, darting maneuver down the sideline for 12 yards to the 11.

With the line of scrimmage on the 29, Army made one last desperate try to recapture the triumph which earlier had appeared within its grasp, but Jim Kennedy's field goal try fell very short. It was the first time Kennedy had ever tried a field goal in competition.

For a while, it appeared to the 102,000 fans jammed into huge Municipal Stadium that the fired-up Cadets would use ball control and a hard-charging line to knock Navy out of a Cotton Bowl trip for the second successive year.

Quarterback Dave Bourland, a junior quarterback who had been in only three varsity plays last year, intercepted a Tom Ferris' pass on the Navy 22 early in the third period and ran it down to the 4.

Kysky, brilliant at his fullback post this chilly day, needed just one play to plow behind Loren Reid and Dick Fadel through his left side for the touchdown.

Kysky, the much-injured senior from Ansonia, Conn., who was playing his first full season for the Cadets, set up the interception with a quick kick into the Middle end zone and later punted out of bounds on the Navy 4.

Army ball control enabled the Cadets to pile up 200 rushing yards against 31 for Navy while the Middies had only a slight 51-37 edge in passing.

Snyder Yields By 7-6 Tally

GRAHAM, Tex., Dec. 1 (AP)—Graham came from behind in the last 30 seconds today to squeeze past Snyder, 7-6, in their bi-District Class AAA high school football game.

Snyder scored first, quarterback Powell Berry going over on a quarterback sneak from the 2 yard line early in the second quarter.

But two costly SMU fumbles helped TCU make it a solid victory. Woodard resigned Wednesday after four frustrating years as coach of the Mustangs.

Sophomore guard Tom Koenig plucked a batted pass out of the air and ran it back 85 yards to the Texas Christian five to set up a touchdown in the closing minutes today to give Colorado A&M a 28-27 Skyline Conference football victory over New Mexico University.

IN COTTON BOWL

TCU, 21-6 Winner, To Play Syracuse

By HAROLD V. RATLIFF

DALLAS, Dec. 1 (AP)—Texas Christian slammed back on the passing of an unknown squadman, Carlos Vacek, and the passing and running of veterans Chuck Curtis and Dick Finney to beat Southern Methodist 21-6 today and take a 7-3 record into the Cotton Bowl.

Before the Horned Frogs had stowed away the decision that made them runners-up in the Southwest Conference race, they heard they would play Syracuse in the Jan. 1 post-season game here.

A crowd of 32,500 watched the conference finale—a game featured by its defense for a half and which looked for awhile as though it might produce an upset and hand

BY LICKING RICE

Bruins Qualify To Face Vols

By WHITEY SAWYER

WACO, Tex., Dec. 1 (AP)—Senior Del Shofner led a potent Baylor wrecking crew of Charley Dupre, Farrell Fisher, Billy Pavliska and Bill Glass to a 46-13 slaughter of the Rice Owls today and into the Sugar Bowl Jan. 1.

Coach Sam Boyd announced following the game Baylor had accepted a bid and will meet Tennessee in the Sugar Bowl. The Bears are 8-2 for the season, losing only to Texas Christian and Texas A&M.

Pass interceptions broke the Owls' back as four Bear interceptions scored one touchdown set up two more and stopped a Rice drive.

One pass by King Hill was intercepted by Baylor's mighty guard Bill Glass, who ran 45 yards to the Rice three. Fisher scored on the next burst.

Pavliska, a sophomore, intercepted another Hill pass and spurred 65 yards for a touchdown late in the game.

Rice mounted several potent passing attacks in midfield, but interceptions and crashing line play by Baylor always stopped them short of the danger point.

The score was 20-13 in favor of

Baylor as the second half started, but the Bears broke it open with two touchdowns in just under four minutes. One came when Dupre snatched a Hill pass on the Rice 48 yard line and went all the way for a touchdown, Glass' interception followed.

Late in the fourth period, Bobby Jones of Baylor passed and Frank Ryan intercepted for Rice on the Rice 25.

He was hit immediately and dropped the ball, with Shofner recovering. Shofner crashed from the Rice 25 to the 10 and apparently was shaken up, but stayed in the game and plowed over on the next play.

King Hill and David Kelley scored for Rice. Dupre scored twice for the Bears. Fisher twice, Shofner twice and Pavliska once.

The Bears were supreme on the ground with 234 yards net rushing to 150 for Rice. Rice lost 37 yards, mostly on vicious Bear line play while the Owls tried to pass.

Rice, however, got 227 yards in the air to 92 for Baylor. Rice also had 23 first downs to 18 for Baylor, but the Owls played their best game between the 20 yard lines and the Bears got the yardage where it counted.

Statistically it was no contest as the Frogs stormed to 279 yards on the ground and 97 in the air while SMU could manage only 64 rushing and 23 passing. But defensively, SMU was tough as the proverbial boot much of the time.

The Mustangs intercepted four TCU passes, two of them halting drives and SMU punters averaged 47.3 yards. But SMU also lost the ball on fumbles four times.

Three more touchdowns came in quick succession to make it 27-0 at the half.

The victors drove 90 yards with the second half kickoff, climaxed by Tommy Lorino's 19-yard sprint into the end zone. Bama then hit for a 63-yard march and a consolation touchdown by halfback Jim Loftin on an 8-yard run.

The victory gave Auburn a 4-3 record in Southeastern Conference competition and 7-3 for the year. Alabama is 2-7-1 in all competition.

The victory gave Auburn a 4-3 record in Southeastern Conference competition and 7-3 for the year. Alabama is 2-7-1 in all competition.

Auburn Coasts To Easy Win

BIRMINGHAM, Ala., Dec. 1 (AP)—Auburn used the air lanes to pour across four second-period touchdowns and then coasted to an easy 34-7 victory over arch foe Alabama today.

After Bama threatened briefly in the scoreless opening period, quarterback Howell Tubbs started the rout with a 40-yard throw to end Jimmy Phillips. Auburn scored on a 6-yard pitch to end Jerry Elliott.

Three more touchdowns came in quick succession to make it 27-0 at the half.

The victors drove 90 yards with the second half kickoff, climaxed by Tommy Lorino's 19-yard sprint into the end zone. Bama then hit for a 63-yard march and a consolation touchdown by halfback Jim Loftin on an 8-yard run.

LOOKING 'EM OVER

With Tommy Hart

Another three carloads of cinders, costing about \$1,050, have been ordered by Howard County Junior College for the school's track, already one of the finest in the state. The addition will raise the racing oval about one inch and put it in excellent shape for the spring meets. Very little is being done about the college phase of the American Business Club Relays at the present time because many of the coaches are in Melbourne, watching the Olympics. Abilene school officials have informed local parties the Eagles made more out of their game here than they did in their game with Waco, and Waco fielded another district champion this year. Some good should come out of the rhu-barb between Abilene and San Angelo, which developed following charges by the Abilene school board that the Bobcats were guilty of using "commando tactics" in that all-important district football game last week. San Angelo screamed it had been unjustly accused. Quite possibly, but several teams maintained San Angelo was the roughest team they faced all year—the roughest, mind you, not the dirtiest. The Bobcats' favorite trick in the Big Spring game seemed to be grabbing the nose guards on the helmets of the Steer linemen and shaking them. The controversy could and should make for cleaner football in District 2-AAAA, which would have Big Spring, along with all other member schools, benefitting from the blast out of Abilene. Clarendon Junior College, which plays HJC in the West Zone competition, recently defeated a good Wayland College freshman basketball team, 76-70, in a game at Silvertown. Stevy Jamigan, a Silvertown High School graduate, is one of the better Clarendon players this season. Rooster Emerson, star of the Howard College Basketball Tournament several years ago, averaged 20.6 points a game for ACC last year. The ex-Lon Morris ace counted 392 points in 1955-56.

Thurman Tucker May Manage Hobbs

Arlene White, the former HJC center from Forsan, figures largely in Howard Payne College case plans at Brownwood this season. The 6-foot-4 lad scored a total of 269 points for the Jacks last year for a game average of 11.2. He hit on 48.4 per cent of his field goal tries and 70.6 from the free throw line. HPC won 15 while losing ten games last season. Pat Stacey, the former Big Spring, may check the job of managing the Hobbs, N. M., Southwestern League entry to Thurman Tucker next year. Stacey has business interests in Hobbs that may occupy all his time. Tucker is the former big leaguer who got in one World Series with the Cleveland Indians. He later lost all his money in a taxicab company at Mineral Wells. Freddy (Tommy) Rutziger, one-time Big Spring hurler who gets a chance with the New York Giants in the spring, wound up with the best earned-run average among Texas League hurlers, 2.33. He was with

Jayhawks Look Good Against Tech

Cliff Prather, the Ackerley coach, says his girl's basketball team blew that 33-30 decision to Stanton recently largely because his ace guard, Delphine Richter, wasn't available. Only her name wasn't Richter then. She had taken time off to marry Bill Schneider. Delphine, an expert at cleaning the boards in basketball, will continue in school, however. HJC's basketball team averaged 70 points against the Texas Tech varsity in that scrimmage at Lubbock last week, despite a full court press throughout the action. Coach Harold Davis quipped the Raiders "picked up my boys when we left the bus." The Big Spring Steers have drawn Lampasas as a first round foe in the Howard Payne College basketball tournament, which takes place Dec. 27-29. The two teams are booked for 2:15 p.m. on the opening day of the meet. Pecos, where the ex-Big Spring, Eugene Walker, will be eligible, is due to have one of the finest high school basketball teams in these parts. Returning from a Pecos club that was district champion last year are three let-

Hardin-Simmons Smashes Texas Tech Raiders, 41-14

ABILENE, Tex., Dec. 1 (AP)—The Hardin-Simmons Cowboys spotted the Texas Tech Red Raiders a 14-0 first quarter lead, then ran them out of the stadium here this afternoon to take a 41-14 victory. The lopsided score established two records for the historic series between the two schools, the 41 points being the most a Cowboy team ever scored against Texas Tech, and the 27 point margin was also the biggest in their history. Tech ended the year with its worst win-loss record since 1929, when the Raiders had a 1-7-2 record. Hardin-Simmons wound up with 4-6 slate for Coach Sammy Baugh in his second year of

Missouri Sneaks Past Jayhawkers

COLUMBIA, Mo., Dec. 1 (AP)—Chuck Mehrer crashed into the Kansas backfield and dropped Bobby Robinson behind the Jayhawk goal line for a 2-point safety and a 15-13 Missouri football victory today only seconds before the final whistle. It was the season's final game for both teams. Missouri, observing its Homecoming before an estimated crowd of 28,000 in clear, cool weather, blundered frequently before Kansas helped the Tigers present retiring Coach Don Faurot his 10th victory in 19 seasons here. Twice the Tigers had to come from behind in the bitterly contested game, the last time on a 14-yard pass from substitute quarterback Dave Doane to end Larry Plumb that tied it at 13-13 with 8 minutes and 12 seconds remaining.

Ready For A New Campaign

Coach Harold Davis (above) is poised to send his 1956-57 Howard County Junior College Jayhawks out against Decatur Baptist College in their home basketball opener here Tuesday night. The contest has been moved back to 8:30 p.m. so that fans can see both the high school and JC quintet play. If they so desire, Davis had an almost complete rebuilding job to do this year. The Hawks finished second in the West Zone of the Texas Junior College Conference last season.

Jayhawks Launch Season Here Tuesday Evening

The Howard County Junior College Jayhawks kick off a 21-game schedule here Tuesday night, at which time they host the rugged Decatur Baptist College Indians. Game time has been set down for 8:30 p.m. Since the local high school is also playing that evening, the two schools will stage a unique sort of double header, although each team will play in its own gymnasium. The high school boys host Sweetwater in a game beginning at 7:15 p.m. For fans who desire to see both games, they can purchase a \$1 ticket at the high school gym and be admitted to both arenas. Adult ticket for the HJC-Decatur game alone sells for 75 cents. Coach Harold Davis of the Jayhawks had practically an entire rebuilding job on his hands this year. Only one starter—Charles Clark—returned from last year, and Clark was handicapped due to injuries much of the 1955-56 season. However, the Hawks looked good in their first start of the year when they beat Webb AFB by a score of 97-68. In that one, Coach Davis made use of every player he had. Davis still doesn't know who he'll start Tuesday night. It could be Bobby Wardell, Creed, Colo.; Capt. Al Kloven, Big Spring; Clark; Larry Glore, Potosi, Mo.; Mike Powell, Coleman; Stanley Williams, Dallas; or Johnny Watson, Doyline, La. Holdovers from last year's Jayhawk squad include Tommy Black, Lovington, N. M.; Clark; Kloven; Boddy Maves, Midland; Max McCulloch, Coleman; and Powell. Newcomers, in addition to Glore, Watson, Williams and Wardell, include Earnest Byrd, Big Spring; Alvin Cohorn, Lamesa; Ernest Hays, Andrews; James Pickett, Doyline, La.; Robert Richards, Ootso, Mo.; and Gene Young, Brownfield. At 6-6, Hays is the tallest member of the team. However, he won't be a starter. Wardell, 6-4, will be the tallest starter. The Hawks play here again Wednesday night, opposing the classy Hardin-Simmons Bulldogs of Abilene. Yale has 80 per cent of its undergraduates participating in athletics.

Bosseler Powers Miamians To 20-7 Win Over Florida

GAINESVILLE, Fla., Dec. 1 (AP)—Don Bosseler, bread and butter fullback of the unbeaten Miami Hurricanes, powered two touchdown drives and scooted 73 yards for a third as he led Miami to a 20-7 football victory over Florida today. Bosseler ran from left halfback as well as fullback in the first scoring drive of 42 yards. He operated solely from his regular fullback slot in the second drive and ran the entire 17 yards himself on four jaunts up the middle. Late in the game, from the Miami 27, he smashed over guard, cut to the sidelines and outran Florida's speedy Jim Rountree to the goal. The strongly partisan crowd of 40,000 groaned when the Florida Gators committed the same type errors that helped the nation's fourth-ranked team, Georgia Tech, whip them a week ago. Sixth-ranked Miami was just as capable of taking advantage of the opportunities. The Hurricanes covered 42 yards in the first payoff

Two Games Added To Bee Schedule

Two games have been added to the Big Spring High School B basketball team's schedule, bringing to 23 the number the Shorthorns will play. Added to the schedule was Lorraine. The Bees will meet the Lorraine regulars there Thursday, Dec. 6, and play a return game here Saturday, Dec. 8. The Shorthorns open their season Monday night, meeting the Lamesa reserves here at 6:30 p.m.

MORROW WINS THIRD GOLD MEDAL FOR U. S.

By TED SMITH
MELBOURNE, Dec. 1 (AP)—U. S. Olympians, having dominated the track and field phase of the 1956 games with a brilliant bunch of Yankee Doodle Dandies, now just look to their swimmers and divers in the final run with Russia for the unofficial team championship. It's going to be close. And the Yanks may not make it. Despite a record-smashing 15 gold medals in men's track and field, where the Americans piled up 232 points, Uncle Sam entered the last week of Olympic competition with only a 483 to 3906 edge over Russia in the point standings. Over-all, the United States had bagged 28 gold medals to 18 by the Russians. But there isn't much hope of adding many more to that U.S. total outside of the swimming competition. Swimming and diving is the last of the "blue-ribbon" events in the games. But there are a swarm of fringe sports to be decided, including gymnastics, and the Russians figure to make the most of it.

The main hope is swimming, and the Yanks gave signs of holding their own against Australia and Japan in today's finals by finishing one-two in the men's springboard diving event and adding a fourth to the gold medal in the men's 200-meter butterfly. Russia almost beat the United States in the last games at Helsinki, just by sweeping the men's and women's gymnastics. These events have been cut down somewhat here, however, and Japan, Hungary, Czechoslovakia and Sweden may help the American cause by cutting into the Russian medals. Today was a great day for America, Australia, France, Ireland, and the ninth consecutive crowd of 100,000 in the Melbourne Cricket Grounds, this time favored by a warm sun. Bobby Morrow of the United States won his third gold medal of the games—tops for the men—by anchoring the American 440-meter relay team to victory in the world record time of 39.5. Mildred McDaniel of the United States unexpectedly won the women's high jump and set a new world record of 1.76 meters, or 5 feet, 9 1/2 inches, to cap the fine all-around performance by American girls.

The United States 1,600-meter relay team with Charley Jenkins running his lap in a sparkling 45.4 won their event in 3:04.8. Slender Ron Delaney, the Villanova student from Erie, battled his way out of the pack in the greatest 1,500 meter field ever and took the metric mile in 3:41.2, an Olympic record, the equivalent of a 3:59.5 mile. This was Erie's first track championship since 1922. Australia's golden girl, Betty Cuthbert, joined Morrow as a triple gold medal winner by anchoring her nation's 400-meter relay team to victory in the world record time of 44.5. Alain Mimoun, the little Frenchman, won his nation's first gold medal in capturing the classic marathon, finishing as fresh as he started and the vast crowd loved it. They even seemed to enjoy a baseball game between an American Army team and an all-star Australian team, won by the Americans 11-5. The announcer proudly said it was the biggest crowd ever to see a baseball game and he probably was right. To cap things off, Bob Clotworthy won the men's springboard diving championship for the United States and his teammate, Bill Zorzyk, won the men's 200-meter butterfly event. Clotworthy, Mountlake, N.J., won the men's springboard diving with Don Harper, Palo Alto, Calif., second and Glen Whitten, Lakeland, Fla., fourth. Zorzyk, Northampton, Mass., who bettered his world record with a 2:18.6 clocking in the semifinals, "coasted" home with a 2:19.3 to win the 200-meter butterfly gold medal. Jack Nelson of

OLYMPICS' BOX SCORE

MELBOURNE, Dec. 1 (AP)—The winners of track and field events in the 1956 Olympic Games:
100 Meters—Bobby Morrow, U. S.

Controversial Bonus Rule To Be Discussed Again

By JOE REICHLER
 JACKSONVILLE, Dec. 1 (AP)—The bonus rule baseball's most controversial issue of the last decade will be under heavy attack again in the annual minor league meetings which get under way here Monday.

Also to be considered at the meetings will be the plight of the bankrupted franchise of the Louisville baseball club which threatens to reduce the American Assn. to a seven-club league unless a home can be found for the sorely-beset Colonels.

While the bonus rule promises to hog more of the attention, a total of 27 other amendments, four of them pertaining to the minor league relations to the majors, plus one resolution, will be acted upon at this five-day session ending Friday, Dec. 7. The convention also will feature a player draft by both the major and minor leagues.

None of the other amendments are deemed as important to the baseball structure as the proposed changes in the bonus law. They will deal mostly with changes and revisions in the major-minor agreement, radio and television, player contracts and salaries, the college rule and first-year players. One of the most interesting amendments deals with a proposed reduction in the major league player limit.

The major league draft will

open the convention at 2 p.m. Monday and will be followed by the minor league player selections on Wednesday and Thursday. The official executive sessions will start Tuesday and last through the meetings. In the meantime, various leagues will hold their annual meetings in private rooms at the George Washington Hotel headquarters.

Although the majors will have the pick of 2,356 players on 213 minor-league clubs, the pickings appear lean and the number of players selected by the big fellows is unlikely to exceed last year's total of 10, the lowest in many years.

The list of eligibles includes 14

FRANK ROBINSON

LUIS APARICIO

Robinson, Aparicio Grab Rookie Honors In Majors

NEW YORK (AP)—Frank Robinson, power hitting outfielder of the Cincinnati Red Legs, and Luis Aparicio, slick fielding Chicago White Sox's shortstop, today were named major league rookies-of-the-year for 1956.

Robinson was a unanimous selection for National League honors. The receiving all 24 votes in the balloting by members of the Baseball Writers' Assn. of America.

Aparicio got 22 votes in winning the American League award. Tito Francona of Baltimore and Rocky Colavito of Cleveland, both outfielders, each had one vote.

The 20-year-old Robinson batted .300 last season while driving in 83 runs. He also equaled the major league record for first-year

players by hitting 38 homers, a mark set by Wally Berger of the Boston Braves in 1930.

Robinson was one of the big reasons the third-place Redlegs remained in contention for the National League pennant until the season's final weekend. He played in 152 games and took up the power slack caused by injuries to Ted Kluszewski and sporadic slumps by Wally Post.

Aparicio, a native of Maracaibo, Venezuela, hit 266 in 152 games. His over-all performance exceeded the most optimistic hopes of the White Sox, who last fall traded star shortstop Chico Carrasquel to Cleveland. Carrasquel batted only .243 for the Indians in '56.

Angie Merrell 2nd At Abilene

ABILENE Dec. 1 (SC)—Big Spring women bowlers registered places in five different divisions of the third annual Women's Invitation Bowling Tournament held here for the past two weekends.

Final official results of the tournament were compiled this week.

A second place by Angie Merrell of Big Spring in the all-events handicap division was the top honor for any registered out of Howard County. She had 1,887 and ran behind Nancy Ivy of Hobbs, N. M. in the event.

Other Big Spring results: Thelma Geers and Frances Glenn, seventh in Class B doubles, with 833.

Dot Hood, sixth in Class A singles, with 552.

Olive Cauble, eighth in Class B singles with 487. Dorothy Davis, tenth in the same event with 478.

Angie Merrell, seventh in Class C singles with 429.

More than 200 women bowlers entered the Abilene tournament, held at the new VFW Bowling Lanes, owned by Post 2012 of the Veterans of Foreign Wars.

Titans Lashed By Cougars

HOUSTON, Dec. 1 (AP)—Fullback Donnie Caraway scored two touchdowns and quarterback Don Flynn ran for one score and passed for another today as the University of Houston defeated the University of Detroit, 39-7, in a Missouri Valley Conference game.

The victory left Houston with a 7-2-1 season record, its second best football campaign in history. The Cougars won the Missouri Valley title three weeks ago, their second in four years.

Houston jumped into a 20-0 lead before yielding a touchdown to Detroit in the third period and closing with three more scores in the final quarter.

Flynn scored on a 19-yard left end sweep and threw a 64-yard touchdown pass to halfback Joe Bob Smith. Caraway broke through the middle from the 22 for one score and plunged over for another from the one.

End Webb Bishop grabbed a deflected pass thrown by quarterback Sammy Blount and raced for a 52-yard touchdown, while end Bob Borah intercepted a late Detroit pass and ran 11 yards for the Cougar's final score.

Detroit saw a penalty, a fumble and a pass interception stop early threats before halfback Billy Russell moved around and raced for the 13 on the first play after a Houston punt was partially blocked in the third quarter.

Flynn kicked three extra points for Houston. Halfback Al Korpak converted for Detroit.

REAL BARGAIN IN TICKETS

A real bargain in basketball tickets is being offered by the local high school.

A season ducat, selling for \$5, will enable the user to see as many as 24 varsity, B and C team games this season.

The Steers and the Short-horns open their seasons Monday night, meeting Lamesa here.

Single game admissions cost the fan 75 cents. If the customer paid for each game separately, it would cost him \$6.

The tickets are on sale at Dibrill's Sporting Goods, Big Spring Hardware, Big Spring Insurance Company and Zale's Jewelry Store. They will also be available at the box office at the local gym Monday night.

Morrow's Parents Take News Calmly

SAN BENITO, Dec. 1 (AP)—Mr. and Mrs. B. F. Morrow were glad but not surprised when their speedy son, Bobby, picked up his third gold medal in the Olympic games as a member of the record-breaking 400-meter relay team.

"We felt like the boy would win," his father said. "All those boys are bound to be fast. They broke the world's record and that's good enough."

Morrow said he and his wife and Troy, 15, the only one of the three Morrow boys still living at home, "stayed up until 1 a.m. to hear about him."

The parents of the first American in 20 years to win a gold medal in three Olympic Games events live on a farm near San Benito, Morrow said they were usually "early to bed and early to rise."

Morrow said Bobby's wife, Jo Ann, would go to Los Angeles next week to meet Bobby but that the rest of the family would wait for him at home.

Georgia Tech Earns Gator Bowl Bid In 35-0 Victory

By JACK SIMS
 ATHENS, Ga., Dec. 1 (AP)—Georgia Tech's powerful Engineers whipped Georgia 35-0 today and immediately voted to accept a bid to the Gator Bowl. It will be the sixth straight bowl appearance for the Engineers.

Tech will play Pittsburgh in the Jacksonville, Fla., game Dec. 29. The boisterous acceptance came in the dressing room following the lopsided triumph.

The victory was Tech's ninth of the season against one setback. It was the eighth straight triumph for the Engineers in the series with the Bulldogs.

Georgia threw a stiff defense at Tech, the nation's fourth-ranked team, in the first half but wilted before the Engineers' potent line after intermission and the game became a rout in the final period.

It was the 100th football victory for Georgia Tech in 12 seasons under Coach Bobby Dodd.

The issue never seemed in doubt after Tech marched 86 yards for

Georgia Tech Earns Gator Bowl Bid In 35-0 Victory

its first score in the second period. Rotenberg shot over right tackle for the final 8 yards after Mattison had churned 46 yards in eight carries during the drive.

Georgia Tech took the second-half kickoff and 43 seconds and four plays later had its second tally. Jimmy Thompson returned Pud Mosteller's kickoff 18 yards to the Tech 28, then Rotenberg took a pihout from Wade Mitchell, turned right end and streaked 53 yards to Georgia's 19 where Marjion Bush hauled him down.

Thompson went for 14 and a Georgia offside penalty moved the ball to the 1, where Mitchell sneaked in.

Mattison dove in from the 1 on a Thursday midday through the fourth quarter for Tech's third touchdown.

The play climaxed a 50-yard march in which Owen gained 28 yards in seven trips.

The Engineers added two more scores in rapid fashion during the game's dying minutes.

Odessa Books Turman Fight

ODESSA, Dec. 1 (SC)—Odessa Shriners' boxing fight are now on sale for their all-star professional show Monday evening, Dec. 10, at the Odessa Coliseum. Seating arrangements to accommodate 8,000 fans.

All out-of-town fight fans can send money orders to the Odessa Shriners' boxing headquarters, Room 417, Lincoln Hotel, Odessa. Prices are ringside, \$4; box seats \$3.00, reserved seats \$2.50. General admission tickets are \$1.50. All prices include tax.

The show features two outstanding heavyweight contenders, Buddy Irish Turman of Tyler and Dallas, who meets Ponce De Leon, colored heavyweight star, formerly from Jacksonville, Fla., now making Fort Worth his home.

Turman and Ponce De Leon are anxious to meet the Texas heavyweight champion, Roy Harris, for the state title which Matchmaker Jack Laken has promised the winner.

West Texas Buffs Gore Midwestern

WICHITA FALLS, Tex., Dec. 1 (AP)—West Texas State's bowl-bound Buffaloes exploded for 21 points in a 23 minute spurt during the second half here today to defeat Midwestern 41-14.

The Buffs, using reserves freely, rushed to a 20-7 halftime lead. Midwestern narrowed the gap to 20-14 midway in the third period, but West Texas turned on the heat to win going away.

Bob Ratliff went nine yards for the Buffs' first score early in the first quarter. Midwestern retaliated with a 25 yard scoring pass, Mack Freeman to Richard Parten, to tie the score.

The Buffs scored twice in the second period, both coming on runs by Ronnie Mills.

Midwestern's Paul Martin plunged for one yard and a touchdown midway in the third quarter to bring the Buffs to within six points of the Buffs.

Jackie Weldon converted after both Tribe tallies.

Ray Coasts Past Waco, 33 To 6

CORPUS CHRISTI, Dec. 1 (AP)—Ray of Corpus Christi piled up three touchdowns in the first half and then coasted past Waco, 33-6, in a Class AAAA bi-district game here today.

Ray's victory advanced the Texans into the quarterfinal round next week against Alice.

Ray marched 47 yards in 13 plays the first time it had the ball for its initial touchdown, with Bobby Myers galloping the last seven yards. Early in the second period Arthur McCallum plunged over from the two to add another and then passed to Bart Shirley for 15 yards for another to give Ray a 20-0 halftime lead.

Ray sent in its reserves midway in the third quarter, a couple of minutes after Jimmy Parks had streaked 40 yards for a score. Bobby Oliver added the final Ray score with a 43 yard explosion down the middle.

One March Pays Off For LSU

NEW ORLEANS, Dec. 1 (AP)—Fullback Jimmy Taylor smashed one yard to climax Louisiana State University's only offensive march and added the conversion today to give his underdog team a 7-6 Southeastern Conference victory over Tulane.

Taylor's touchdown plunge came on the second play after guard Don Scully recovered a fumble, only two yards from the goal.

A crowd of 60,000 watched the traditional Southeastern Conference opponents swap fumbles through the wild second half.

Taylor broke the game open after his team had driven to the 3 yard line, only to lose the ball on downs. On the first play, substitute fullback Jimmy McCoy of Tulane fumbled to set up the LSU score.

Baytown Nudges Beaumont, 41-13

BAYTOWN, Tex., Dec. 1 (AP)—The Baytown Gaunders used quick aerial losses and power running today to smash Beaumont, 41-13, in a bi-district Class AAAA game.

Baytown meets its next opponent, Lamar of Houston, Saturday here.

The Gaunders held only a 20-13 lead at halftime, but doubled their score in the second half on runs of six, 20 and eight yards, while holding Beaumont scoreless.

New Attendance Record Is Set In S'west Conference

DALLAS, Dec. 1 (AP)—The Southwest Conference drew its largest attendance in history this football season, packing in 1,309,407 for 36 home games.

It surpassed the previous high—the 1,277,206 pulled through the gates in 1951 for 36 games.

This season the average per game was 36,372. In 1951 it was 35,478—the previous high.

SMU gained 73,834 to set the new record. Arkansas was up 2,000. Rice 12,000. TCU was down 4,915. Baylor 14,000. Texas A&M 13,000 and Texas 4,248. Baylor actually didn't show a decrease in the per game average because Baylor played only four home games this season and five in 1955. Baylor was up 1,000 per game.

New Champions Sure In Ward School Loop

Competition will get under way in the Ward School Basketball League next Saturday morning and continue on a weekly basis through Feb. 16.

A smaller ball will be employed in all games. Coach Johnny Johnson has announced.

The first two games listed in the following schedule will be staged in the high school gymnasium, the other two in the junior high gym.

The teams get an off-day Feb. 9, due to the Junior High School tournament carded here.

Coaches will serve as officials. High school and junior high mentors will keep score and time.

A new champion is certain to be crowned, since Central Ward—the titlist last year—is not fielding a team this time.

The schedule:

December 8, 1956	9:00 Washington Place vs Kate Morrison; 10:00 College Heights vs East Ward; 9:00 Airport vs West Ward; 10:00 Park Hill vs North Ward.
December 15, 1956	9:00 Park Hill vs East Ward; 10:00 North Ward vs West Ward; 9:00 Washington Place vs College Heights; 10:00 Airport vs Kate Morrison.
January 19, 1957	9:00 Park Hill vs East Ward; 10:00 Washington Place vs Airport; 9:00 North Ward vs Kate Morrison; 10:00 West Ward vs East Ward.
January 19, 1957	9:00 East Ward vs Kate Morrison; 10:00 West Ward vs College Heights; 9:00 North Ward vs Airport; 10:00 Washington Place vs Park Hill.
January 26, 1957	9:00 Washington Place vs North Ward; 10:00 West Ward vs Park Hill; 9:00 East Ward vs Airport; 10:00 College Heights vs College Heights.
February 2, 1957	9:00 Kate Morrison vs Park Hill; 10:00 College Heights vs Airport; 9:00 East Ward vs West Ward; 10:00 Washington Place vs West Ward.
February 16, 1957	9:00 Washington Place vs West Ward; 10:00 Washington Place vs East Ward; 9:00 College Heights vs North Ward; 10:00 Airport vs Park Hill.

Paschal Upsets Amarillo, 13-7

AMARILLO, Dec. 1 (AP)—Paschal of Fort Worth rocked Amarillo's Golden Sandies with a well deserved 13-7 upset triumph in a Class AAAA bi-district football game today.

Most of the 8,000 fans expected the Sandies to win with ease. Amarillo already held a 36-7 conference win over Paschal in September.

Paschal will meet Abilene in the quarter-finals next week.

The Panthers topped on a Sandies' fumble on the second play of the game at the Amarillo 28. Nine plays later, halfback David Erwin sliced over left tackle for the final 2 yards. Guard Richard John kicked the extra point.

Paschal cashed in on another Amarillo fumble to score again with 4:47 left in the first half. The Panthers recovered on the Amarillo 24. On the second play, Dan Gurley raced around left end for 23 yards. John's extra point attempt was wide.

Amarillo did not score until 9:21 before the final gun. Halfback Billy Hewlett stepped around left end for the last two yards. Royal Yarborough kicked the extra point.

Sooners Bomb Aggies, 53-0

STILLWATER, Okla., Dec. 1 (AP)—Oklahoma emphasized its claim to a second straight national football title today, smashing its traditional rival Oklahoma A&M 53-0 for a new all-time victory string of 40 straight.

Sixteen Oklahoma Sooners played their last game, completing three years of college football without tasting defeat. The Sooners beat the Aggies by the same score last year.

Today's Oklahoma victory, watched by 38,000, set several other new records, and gave Clendon Thomas, who scored two touchdowns, 108 points for the season—tops nationally this year.

It also was the 116th straight game in which Oklahoma has scored.

The Sooner team, rated among the greatest in football history, set a new national rushing record of 391 yards a game, topping the old record of 378.3 set by Texas Mines in 1948.

In their eight-touchdown romp today, even a Sooner tackle scored. With all the seniors playing, left tackle Ed Gray went into the backfield and ran over from 3 yards out. Also scoring were fullback Billy Pricer, two by David Baker, Jay O'Neal, and All-America Tommy McDonald.

The Aggies' best effort was in the first quarter when they barged 50 yards to the Sooner 25 but were halted on fourth down. Mistakes stopped several other drives.

Patterson Faces Golden Future In Fight Ring

By JERRY LISKA
 CHICAGO (AP)—Floyd Patterson, the incredible youngest world heavyweight champion in history, today peered over the wreckage of a pathetic Archie Moore to a golden future against a mixed-up crowd of contenders.

But lost in Eddie Machen, Hurricane Jackson, or Willie Pastrano as anxious challengers, and still the 21-year-old Patterson may not defend his newly-won title until June.

Patterson, the kid with tremendous class, Friday night knocked out light heavyweight champion Moore in 2:27 of the fifth round in their showdown for Rocky Marciano's vacated heavyweight crown.

This nationally televised Chicago Stadium bout was not a fight. It was a quick slaughter. The 39-year-old Moore entered the ring a 9 to 5 favorite, resplendent in a black velvet robe, trimmed in gold. That was the only time he dazzled an announced crowd of 14,000.

Moore pined hopefully for four rounds, but he had no defense for the quick-punching, relentless former Olympic middleweight champion. Archie was slashed over the bridge of his nose in the third round. This was the first time Moore, a veteran of 157 fights over 20 years, was ever cut.

Came the fifth and epic round. Patterson slipped to the floor in what appeared an amateur swipe at Moore. But sizzling Floyd quickly righted. Patterson smashed a whistling left hook to the jaw. Moore was dumped. Old Archie struggled to his feet at Referee Frank Sikora's nine count.

Patterson moved in like a butcher.

A left propped up Moore, then Patterson whammed across a right and down went Archie again. This time, he struggled to his feet as Referee Sikora counted nine or ten—it never was clear who to ringside observers. At any rate Sikora waved a finish to the fight and the bell sounded amid the roar of the crowd. For a moment, it wasn't certain whether Patterson had scored a TKO or a knockout. The officials finally said it was a knockout.

BALTIMORE, Dec. 1 (AP)—Three of the nation's oldest tracks said today there will be uniform declarations dates for three colt and three filly futures, and a single nomination for horses of each sex.

VANDY RAPPED

Sugar Bowl Trip Assured For Vols

NASHVILLE, Tenn., Dec. 1 (AP)—Little Johnny Major's passed and ran the ball—hawking Tennessee Vols into a 27-7 victory over Vanderbilt today for their 10th straight football victory and a bid to the Sugar Bowl.

The victory against a fired-up squad of Commodore greats squashed the undisputed Southeastern Conference championship and their first perfect season since 1951. A sellout crowd of 28,000 saw the contest.

The Vols, playing conservative football most of the way, took advantage of breaks to score their first two touchdowns, one in the first period and another in the second.

Vanderbilt made a ball game of it during the first half and trailed only 7-13 at the intermission. But the Orangemen from Knoxville added one more touchdown in each of the last two quarters.

The first Vol score was set up by Bill Johnson's fumble recovery on the Vandy 38. Fullback Tommy Bronson bulled over from the 1, nine plays later.

Vanderbilt tied it in the second period on fullback Jim Butler's

Nancy Smith Wins Two Swim Events

COLUMBIA, Mo., Dec. 1 (SC)—Nancy Smith of Big Spring, Texas, won first places in two events in the Junior-Senior swim meet at Christian College, a junior college for women, here last week.

She placed first in the 40-yard free style race and in diving, winning the latter with a front dive with a full twist from a low board. Miss Smith wound up with a total of 13 points, more than twice as many as any other contestant.

Nancy is the daughter of Mr. and Mrs. H. W. Smith, Big Spring.

Prager's Has The

GIFTS for him!

SPORT SHIRTS

Sport shirts will please the men on your gift list this Christmas. You can pick plaids, plains, solids, checks, stripes and many other patterns. The fabrics are silk, silk and cotton, and rayon. The colors are varied and the styles are plentiful. Come in tomorrow and wrap up your gift problems.

\$2.95 to \$9.95

BELTS

Select a new belt from our large collection of fine gifts for men and boys. You may select leather or stretch belts in brown, tan, blue, grey, black and many other colors to match his every suit. Always a welcome gift from Prager's.

From \$1.50

GIFT ITEMS

Cosden Bidding For Borden Completion

Cosden Petroleum Corporation, No. 1 M. E. Dyer was bidding Saturday as a reef producer in the Ackerly (Pennsylvanian) pool of extreme southwest Borden County.

Operator ran the 5 1/2-inch casing to 9,155 feet and prepared to test the reef section to bottom of hole at 9,214. Top of the reef was picked at 9,153 feet. On several drill-stem tests, operator recovered about 1,000 feet of free oil and no water from the formation.

In addition, good shows of oil were logged in the Dean and in the Spraberry sections up the hole.

This venture is located 660 feet from the south and east lines of section 43-33-4n, T&P, and is 2 1/2 miles northeast of Ackerly.

Meanwhile, in central Howard County, Cosden progressed on a wildcat project to test the Spraberry. Saturday it was drilling below 4,500 feet. This operation is located 1,980 feet from the south and 2,010 from the east lines of section 48-33-2n, T&P.

Cosden added another producer to its string in the Moore pool of southwest Howard County. Cosden No. 9-B, Patterson was bottomed at 3,076, set the 7-inch casing at 3,050 feet and completed 17 1/2 inch open hole to make 71 barrels of oil in 24 hours of pumping.

In the same pool, Cosden completed the No. 2 Barlett-Conally for a daily pumping potential of 73 barrels. No water came with the final test, and the oil was 30.6 degrees. Before taking potential.

operator treated with 6,000 gallons acid.

Total depth is 3,120 feet, and seven-inch string runs to 3,095. Top of the pay zone is 3,096 feet.

Location is four miles southeast of Big Spring, 990 feet from north and east lines, 28-33-1s, T&P Survey.

Five Counties Have Wildcat Tests Spotted

Five West Texas counties have reported new wildcat locations. One each is being staked in Crane, Crosby, Kent, King, and Ward counties.

The Crane-venture will explore to 4,800 feet. It is U. S. Smelting, Refining, and Mining No. 1-C TXL. It is located 330 feet from the south and west lines, 13-43-4s, T&P Survey.

Drill-site is approximately 16 miles northeast of Crane.

Dave Harris of Lubbock staked the No. 1 John Wheeler in Crosby County about 22 miles southeast of Lubbock. Plotted location is 330 feet from south and west lines of the southeast quarter, 1-03-31, H&G Survey.

Rotary drills will carry to 4,600 feet.

In Kent County, Charles O. Williams of Midland No. 1 W. A. Mays is spotted 1,980 feet from north and east lines, 48-4, H&G Survey. It is about 10 miles southwest of Clairmont.

Drilling depth is 7,100 feet.

V. A. Duffy No. 1 C. Masterson is a 5,800-foot wildcat venture in King County.

It is 1,980 feet from the south and west lines of Section 33, F. P. Knott Survey; and 18 miles northeast of Guthrie.

Gulf is staking a deep venture in Ward County. It is the Gulf No. 166 E. W. Estes and will project to 14,000 feet. Drill-site is about seven miles southeast of Wickett.

Plotted location is 660 feet from the southwest and 1,980 feet from the southeast lines, 38-34, H&G Survey.

Phillips Resumes Normal Purchases

Phillips Petroleum Company is resuming its normal purchases of crude oil in all areas in which its purchase prorations had not been lifted already.

The announcement was made by K. S. Adams, chairman, and Paul Emdacott, president of the company. The normal purchase pattern was made retroactive to Nov. 1.

The company will complete purchase of the remaining full November allowable as quickly as gathering facilities will permit.

Phillips has been buying crude oil on a curtailed basis in Texas, Oklahoma, Kansas and New Mexico since Oct. 1, but since early November has lifted its restrictions on crude oil purchases in individual fields or areas where ever possible.

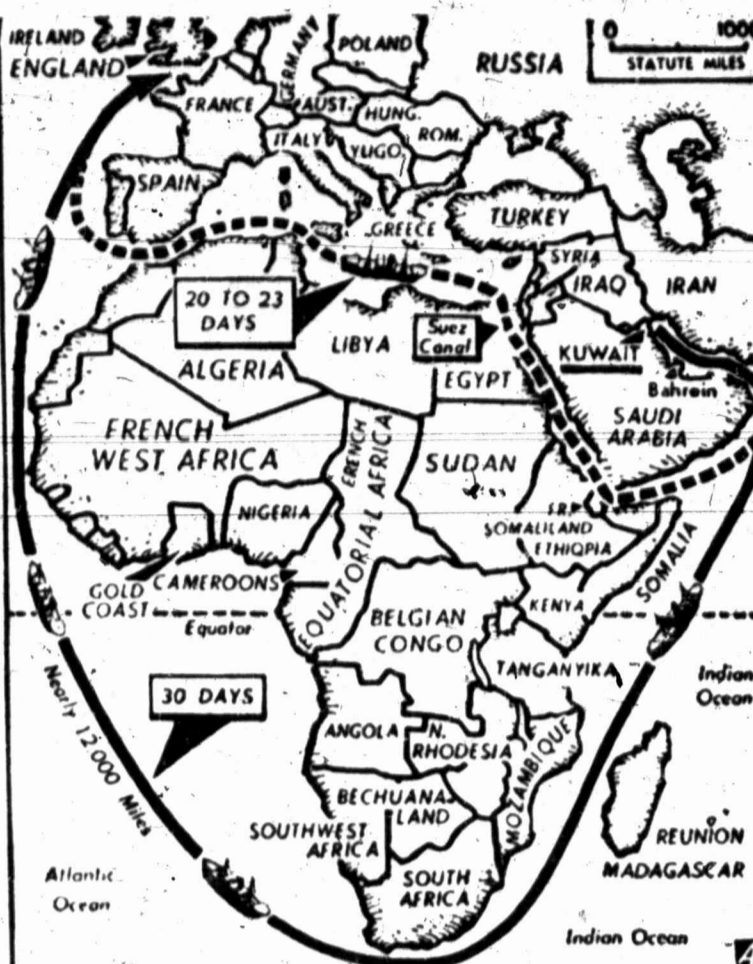

Guthrie Drilling On Two Ventures

Cecil Guthrie of Big Spring No. 1-B M. M. Edwards, in the Snyder area of east Howard, spotted location and spudded at the end of the week. Operator set the surface string at 150 feet and waited on cement to set.

In Mitchell County, two miles northwest of Westbrook, Cecil Guthrie No. 11-A Bird, 990 from the north and 1,650 from the east lines of the southeast quarter of section 34-28-1n, T&P, progressed to 2,965 feet in lime.

Bond Prospector

Bond Oil Company of Big Spring No. 1 Robertson, a Garza County venture near Post, had drilled ahead to 2,375 feet in anhydrite, gyp and redbeds Saturday.

Cape Route For Blocked Oil

The solid black line indicates the route of a tanker reaching England with the first Middle East oil since the Suez Canal was blocked. The shipment took 30 days to move the approximately 12,000-mile route around the Cape of Good Hope. The dotted line through the canal takes 20-23 days. The delay and extra shipment charges are expected to add three to four cents to the price in England of an imperial gallon — slightly larger than a U.S. gallon — of gasoline. The price in England is now about the equivalent of 67 cents a gallon.

Three Wells Ready For Early Testing

One deep and two shallow wells in southwest Mitchell County were making bids for production at the end of the week.

Ray Albough No. 1 Evabelle Scott, 407 from the north and west lines of the southwest quarter of section 12-17, SPRR, had bottomed at 8,542 feet after topping the Fusselman at 8,442. Bottom of the section was pegged at 8,482. Saturday operator was preparing to perforate and test. This venture is in the Albough (Fusselman) field.

Activity was quickening in the Albough (Yates) field where Cosden Petroleum Corporation No. 2 Chalk was bottomed at 1,332 feet. The hole had been fraced and all load oil recovered, and preparations were made to put on pump for potential. Location is 990 from the south and 330 from the east lines of section 90-29, W&NW, the south and 990 from the east lines of section 90-29, W&NW, ran the 4 1/2-inch oil string below 1,300 and prepared to treat.

Olds Associates No. 3 Chalk, 990 from the north and west lines of the east lines of section 91-29, W&NW, was perforating the oil string from 1,224-52 preparatory to treating and testing.

Both Cosden and the Olds wells are on farms for Ray Albough of Big Spring. The blossoming new shallow area is a mile east of the Hyman pool.

Eason Stakes S-E Wildcat

Wyatt Eason has staked a wildcat location in the southeast part of Howard County to explore to 4,000 feet.

It is the No. 1 Mary Douthitt and is 330 feet from south and west lines; 116-29, W&NW Survey, and four miles east of Otis Chalk.

The venture is southeast of production in the Howard-Glasscock field and is due east of a dry hole.

Small Well Completed

Continental No. 41 H. R. Clay in the Howard-Glasscock field completed this week but only for six barrels per day pumping.

The six barrels came on a 24-hour potential, along with 30 per cent water. Gravity is 32 degrees. The venture is 1,520 feet from 127-29, W&NW Survey, and two south and 330 feet from west lines, miles east of Forsam.

The hole bottoms at 1,377 feet, and drilled-out depth is 1,347. Top of the pay zone is 1,301 feet, and perforations are between 1,302-10 feet. Before testing, operator fractured with 8,000 gallons.

Southland Oil Company No. 2-35 McDowell, in northern Glasscock County, was working over. It was shot with 100 quarts of nitroglycerine Saturday afternoon.

Drilling Total Below Previous Report And Off From Last Year

Rotary drilling activity in the Permian Basin showed a slight decline during the past two weeks, and the drop left the area with a lower total than the comparable period of 1955.

The drop below the 1955 level was the first of the year.

The Reed Roller Bit Company survey conducted last week, through last Sunday, showed 586 units in operation, as compared to the 610 active a year ago. The 586 is also a drop of three rigs from the Nov. 10 check of 589.

Lea County, N. M., continued to hold on to first place among Basin counties. Reed counted 84 units active in the county, as compared to 71 for the next highest county, Andrews.

Lea had 87 however on Nov. 10, and Andrews dropped from 76 to 71 during the period.

Counties with 20 or more rigs in operation last Sunday were Lea with 84, Andrews with 71, Crane with 51, Ector with 37, Nolan with 27, Pecos with 22, and Winkler with 15.

The complete Permian Basin report (with Nov. 10 counts in parenthesis) are Andrews 71 (76), Borden 15 (19), Cochran 0 (3), Chaves 0 (1), Concho 0 (0), Coke 5 (0), Crane 51 (45), Crockett 7 (9), Crosby 1 (1), and Cluberson 0 (0). Also Dawson 6 (5), Dickens 3 (2), Ector 37 (25), Eddy 9 (12), Fisher 15 (14), Floyd 0 (0), Gaines 28 (35), Garza 8 (9), Glasscock 0 (4), Hale 0 (0), Hockley 6 (4), HOWARD 18 (16), Irion 5 (6), Kent 2 (2), Lamb 2 (1), and Lea 84 (87).

Others are Lubbock 2 (2), Loving 0 (0), Lynn 0 (3), Martin 1 (0), Midland 16 (19), Mitchell 3 (2), Nolan 27 (28), Pecos 22 (21), Presidio 0 (0), Reagan 9 (8), Reeves 5 (2), Roosevelt 1 (1), Runnels 10 (12), Scurry 16 (10), and Schleicher 6 (5).

Also Sterling 2 (0), Stonewall 12 (8), Sutton 3 (2), Tom Green 9 (4), Terry 6 (7), Upton 6 (7), Val Verde 4 (5), Ward 8 (9), Winkler 32 (25), Yoakum 11 (10), Spraberry 12 (11) and Permian Basin total 586 (589).

Kneer Honored By Shell Pipeliners For Long Service

A total of 977 years of service with Shell Pipe Line Corporation was honored Saturday night at the "Ten and Over Club" party held at the Clover Club in Abilene.

Sixty-eight Shellites (including 15 pensioners) from the West Texas Area were invited to the party which is held annually for all Shell Pipe Line personnel with upwards of 10 years employment.

Chairman of arrangements for the party was A. L. Geer, Colorado City division superintendent for Shell Pipe Line Corporation.

Prior to a social hour and banquet the entire group attended Saturday's Hardin - Simmons and Texas Tech football game.

The oldest Shell Pipe Line employee to be honored (with 30 years) was R. H. Kneer of Hamlin and formerly of Fortson.

Company employees receive a service emblem upon completion of ten years' service and another emblem every five years thereafter. Upon completion of 25 years each employee is awarded an inscribed gold watch in addition to a diamond-set service emblem.

Pair Finals In Shallow Sector

C. L. Echols of Colorado City completed two wells in the Sharon Ridge 1700 field of Mitchell County last week.

The Echols No. 4 Caroline C. Crawford, 17 miles northwest of Colorado City, pumped 76 barrels of oil, and five per cent water, on 24-hour potential. Gravity of the oil is 29 degrees, and gas-oil ratio is less than 200-1.

Pay is from perforations between 1,600-709 feet, and top of the pay zone is 1,600 feet. Total depth is 1,709, and four and a half-inch casing is set at that depth.

The well is 330 feet from north and west lines, Reiger Subdivision No. 13.

Echols No. 3-B A. C. Mills finished for 24 hours and made 61 barrels of oil, and two per cent water. It is located about seven miles southwest of Dunn, 330 feet from south and west lines, 196-3, H&G Survey.

It pumped from perforations between 1,554-604 feet, and the hole extends to 1,620 feet. Four and a half-inch casing is set in the bottom of the hole.

Wildcat Abandoned In Sterling County

Operators have abandoned another wildcat attempt in Sterling County.

It is Strouble Central, Callihart Interests, Mahoney & Gregg No. 2 E. F. Atkinson. Operator drilled to 5,014 feet and plugged and abandoned it.

Slight shows of oil and gas were found on a drillstem test from 4,222-74 last week. It is located 467 feet from north and east lines, 25-7, H&G Survey, 16 miles southwest of Sterling City, and 1 1/2 miles east of the Cope (Spraberry) field.

QUEEN SAND PRODUCER IN ANDREWS ADDED BY COSDEN

Its first well in the Queen sand in Andrews County was completed Saturday by Cosden Petroleum Corporation as a 210-barrel well.

The venture topped the pay just above 4,900 and set the 7-inch casing on bottom at 4,957. The string then was perforated from 4,900-10, and operator treated with 21,000 gallons of frac. The 210 barrels flowed through a 20-64 choke and graded 38 gravity.

Cosden has three 160-acre leases in the area, which would give a potential of 12 wells to the leases if all prove up.

Another Cosden venture, in conjunction with Wilbanks & Rutter, was ready for completion in Upton County. It is the No. 2 Elkin, which bottomed at 7,175 in the Clear Fork trend. The hole will be fraced and then tested.

Dawson Explorer Is Still Swabbing

A wildcat in the central part of Dawson County continued to swab this weekend.

The prospector, the Texas Company's No. 1 W. J. Beckham, swabbed 124 barrels of fluid, cut 85 per cent salt water, in 24 hours Friday and Saturday. Perforations are between 8,174-90 and 8,208-22 feet.

The location is 1,980 feet from south and 660 feet from west lines, 17-35-5n, T&P Survey, and six and a half miles northwest of the Sprenburg field.

In the Jo-Mill field of Dawson County, Humble No. 2 J. A. Lane pumped 17 hours and made 18 barrels of load oil, cut 83 per cent water. Operator is still testing perforations from 7,945-77 feet.

Location is 3,100 feet from north and 1,800 feet from west lines, 45-33-5n, T&P Survey, and 20 miles southwest of Lamesa.

Humble No. 1 M. R. Stewart, in the Jo-Mill field, projected to 5,074 feet. The venture is 530 feet from north and east lines, 5-33-4n, T&P Survey, and 19 miles southeast of Lamesa.

Humble No. 1 Lunelle Hemphill deepened to 6,878 feet. It is in the Mungerville Southeast field nine miles west of Lamesa and is drilling to 9,400 feet. Drill-site is 660 feet from north and east lines, Survey.

Oilmen Say Effects Of Oil Crisis Underestimated

BY WALTER BREEDER JR.

NEW YORK, Dec. 1 (AP)—Top oil industry executives here are losing sleep these nights over the Middle East oil crisis.

From the American consumer's point of view, the current feuding between Arab Nationalists and the British and French may mean little more than a pending hike in fuel oil prices. But, say the men who guide the big international oil companies, there's plenty more at stake. And the long-range implications are anything but reassuring.

Oil industry leaders have been drafted by the federal government to help solve certain technical aspects of the Middle East oil problem. The deeper factors, involving oil as a deciding factor in the struggle between communism and the West, are subjects for top-level consideration by the Pentagon and State Department. But oil men are in close touch with the over-all problem, too.

Here's how they size it up.

In one month's time, the Middle East turmoil has driven a deepening wedge between the United States and its major European allies. The North Atlantic Treaty Organization has been dealt a telling blow. Western Europe, deprived of cheap and plentiful Middle East oil, is on the brink of economic collapse and vulnerable to Communist infiltration.

Besides shutting down the Suez Canal and the major Middle East oil pipelines, the Egyptian crisis has threatened to cut off the non-Communist world from its richest and most strategically located oil source—Middle East fields at the end of last year hoisted known crude oil reserves of 126 billion barrels—more than four times the proven oil reserves of the United States. Farflung air and naval bases constituting vital links in this nation's defense have been imperiled—without ready access to Middle East oil their striking power would be greatly reduced.

And, say oil men, the threat has grown in recent weeks that the vast oil riches of the Middle East might come under Soviet domination.

Petroleum executives contend that the damage already done to oil transport facilities in the Middle East has been greatly underestimated by the American people. It will be months before the Suez Canal can transport anything like its normal volume of oil. Full restoration of the vital Iraq Petroleum Co. pipeline—assertedly blown up in three places by Syrian saboteurs—may take a year.

As for getting U.S. oil to Europe, the shortage of tankers would prevent any great amount of oil from reaching European ports before February.

To lick the transportation bottleneck, major oil companies have reached agreement on a tanker-pooling program.

Contract Signed For Pipeline To Scurry Repressuring Unit

A contract for half a billion gallons of water per year has been executed between Monsanto Chemical Company and the Colorado River Municipal Water District.

Monsanto (Lion) will utilize the water for repressuring in the Lion Diamond M. unit of the Diamond M. Field in Scurry County. All water to be delivered under the contract will be surplus to the municipal requirements of Big Spring, Snyder and Odessa and to existing contracts with the SACROC and Sharon Ridge repressuring units in Scurry County.

Minimum payment to the district is just below \$50,000, and if the contract quantity of 1,470,000 gallons per day is delivered, the total revenue for CRMWWD would be near \$65,000 per annum.

Monsanto will advance the district \$159,942, or such additional funds as might be needed, to provide for 3 1/2 miles of 14-inch pipeline and required pumping facilities. This sum would be repaid by the district through a 3-cents per thousand rate reduction (which would make the charge per thousand 12 cents) until 5,331,400,000 gallons had been delivered. Thereafter the rate would advance to 15 cents per thousand, or to such a figure as the City of Snyder might be paying if higher than 15 cents.

The minimum payment for water per year will be \$48,299.50, even though the quantity actually taken may fall under that figure. At 12 cents per thousand the contract would figure out to \$64,896.

E. V. Spence, general manager for CRMWWD, said that he hoped that a meeting of the board would be called in January to let contracts for the pipelines and pipes needed for the project.

Monsanto (Lion) has been operating its repressuring project off the SACROC source of supply. However, demands are such that company officials preferred to secure their own supply. The pipeline will begin at the termination of the 18-inch line to the Sharon Ridge repressuring water plant north of Lake J. B. Thomas. At its northern terminus it will connect with existing lines to the SACROC treatment plant. If the exist-

Domestic Oil Touches New Peak Levels

HOUSTON, Dec. 1 (AP)—Domestic oil production set a record last week as major oil states watched market demand changes resulting from the Middle East crisis.

New record highs can be expected each week at least until Dec. 25. The increase will continue at a slow pace, however, unless December allowances are changed on an emergency basis.

Texas, Louisiana and Oklahoma—which last week produced 62.2 per cent of the nation's crude—have boosted December allowances a total of 175,503 barrels daily. No change is expected in Oklahoma. Louisiana boosted its December flow by 100,000 barrels a day to a record 973,471. Two weeks ago Texas reluctantly authorized a December boost of 75,503 barrels a day.

Domestic output last week averaged 7,195,350 barrels daily to break by 12,000 the all-time high set nine months ago. Even so, the increase since the crisis began in September has been only 151,000 barrels a day.

Sharply conflicting testimony was heard in the three states.

Bond Prospector

Bond Oil Company of Big Spring No. 1 Robertson, a Garza County venture near Post, had drilled ahead to 2,375 feet in anhydrite, gyp and redbeds Saturday.

Texas Legislators Indicate Water Is Biggest Problem

BY FRANK N. MANITZAS
AUSTIN, Dec. 1 (AP)—More than 80 per cent of the Texas legislators responding to an Associated Press poll marked water as the main problem in the state today.

Another 10-15 per cent said it is the No. 2 issue for the Legislature in January.

Few thought solutions to alleviate the drought, or city water shortages, or to find ways to provide more water for industry would be solved by the next Legislature.

Law makers gave these ideas on possible solutions:

1. Local control with cities or other political subdivisions building dams, using bonds backed with state credit.

2. Development of water conservation on a watershed or water-basin basis.

3. Use of federal aid with proper state control.

Some legislators believe a special session will be needed.

The solution to our water problem probably lies with the governor, said Rep. Louis Anderson of Midland.

Rep. J. C. Day of Brookshire said a special session will be necessary "for it is going to take the full time of everyone to deal with it."

Freshman Sen. Charles Herring of Austin urged more money for the State Board of Water Engineers "to some other agency established for that purpose."

Some aspects of the problems—such as an accurate and detailed appraisal of existing ground water resources—will take several years and substantial amounts of money, he said.

Rep. D. H. Holman of Fort Worth said the State Water Board could remedy the loss of water in evaporation and runoff if it had engineers who could work in the field.

The Water Board is the main state agency authorized to work specifically in this field. No legislator indicated a bill would be introduced to organize a new agency. The last Legislature killed a bill which would have reorganized the 3-member water board.

Water Board Chairman R. M. Dixon expressed approval of a plan for a three-member state commission working with a state water engineer similar to the Highway Department, Gibb Gilchrist, director of the Texas A&M Water Research Center, supports the idea. He was state highway engineer when the Highway Department started its climb toward modernization and streamlining.

Rep. Barefoot Sanders of Dallas said there is agreement a water problem exists but "There is sharp disagreement over methods of solution. The Legislature should provide funds and laws with which to make a survey of our present water resources, our potential water needs and distribution of water supply to various users."

Development of watersheds was offered by Sanders as a plan. Reps. Sam Parsons of Henderson and Joe Burkett of Kerrville agreed.

Sen. Searcy Bracewell of Houston said he would favor recommendations of the Texas Water Resources Committee. He said he joined with Daniel "in feeling strongly that the legislators must inaugurate a water program at this session. In all probability, the water problem eventually will be a cooperative effort between local, state and federal agencies."

The "cooperative" effort, was stressed by others, especially in finding the money for a water conservation program.

Rep. J. T. Ellis Jr. of Weslaco urged that the overall cost "not exclude such federal financing as may be available, consistent with state policy."

Use of federal aid "where feasible" was cited by Rep. Roy Harrington of Port Arthur.

"We need to pass some constitutional amendment providing for state help in financing dams," Rep. B. H. Devey Jr. of Bryan said. "We need action and less talking."

Rep. Joe Pool of Dallas said he would re-submit an amendment which failed in the last Legislature. It would allow the state to guarantee payment up to one-third of any bond issue of a water authority. The projects would be approved by the Legislature.

He said no property (ad valorem) tax was needed. Rep. Truett Latimer of Abilene said "no" to any ad valorem tax but indicated support for a water users tax.

A member of the Water Resources Committee, Rep. Leroy Saul of Kress, said problem would be "less controversial" this session and asked: "Why is a tax needed when the money for the building of dams is to be a loan and is to be repaid with interest?"

"The problem here is not only providing some financial assistance where needed," Rep. Alamo Jamison of Denton said. "It is also the challenge of setting up the proper planning and overall direction which will result in the most efficient and effective use of our water resources watershed and statewide."

Rep. Ben Ferrell of Tyler summed up in effect the legislators' answers when he said: "This will be a hot issue in the next session. Some progress will be made, but this is a subject too big for any one session of the Legislature to solve."

Former Civic Leader Of City Dies In Lubbock

Wallace W. Rix, 73, former Big Spring resident and for many years a business and civic leader in Lubbock, died Saturday shortly before noon.

Services will be held at 11 a.m. Monday at the chapel of Rix Funeral Home in Lubbock. Burial will be beside the grave of his wife.

Mr. Rix had been in ill health for several years, and for the past three years had been confined to his quarters from the effects of a stroke.

He was one of three sons of the late Mr. and Mrs. B. C. Rix, who came here from Wisconsin in 1890, after three years in Colorado City, in the late 1880s. For many years he was in partnership with his brother, Harvey L. Rix, in the Rix Furniture Company, leaving about 1926 to go to Lubbock.

Mr. Rix helped establish the Episcopal Church firmly in West Texas and was treasurer of the Northwest Texas diocese pension fund for ministers. He was an organizer of the Lubbock Symphony, a former member of the Texas Mutual Insurance Rate Board, a vice president of the West Texas Chamber of Commerce.

There he engaged in the furniture business with another brother, Jed A. Rix, and also in the operation of a funeral home. Subsequently, he devoted his entire attention to the latter. He was a long time member of the Lubbock Rotary Club.

Murder, Suicide Ruled In Deaths

CORPUS CHRISTI, Dec. 1 (AP)—The deaths of two Marines and a woman Monday was ruled a double murder and suicide Friday by Justice of Peace Johnny Roberts.

Roberts ruled that Marine Pfc. Billy Crawford, 20, of Florado, Ark., shot Marine Pfc. James Phillips, 21, of Eagles Mere, Pa., and Mrs. Helen Morrissey, 23, of Corpus Christi, wife of an Air Force enlisted man stationed in Florida.

Crawford killed the two in his apartment and then shot himself to death, Roberts said.

Inquest testimony indicated a conflict between Crawford and Phillips over Mrs. Morrissey.

November's total showed the year's aggregate to \$4,998,860. The total for the first 11 months of 1955 was only \$2,224,425.

Two projects causing the month's total to jump were started by the school system. They are additions to elementary schools here; The permits were for \$85,500 and \$78,700.

The total for November of 1955 was \$221,440.

Year's Building Over \$4 Million

With over \$350,000 in construction projects initiated in November, the city's building during the year has now moved over the \$4 million mark.

Valuations from building permits issued by the city showed \$50,240 in construction started during the month. The total came from 67 building permits.

November's total showed the year's aggregate to \$4,998,860. The total for the first 11 months of 1955 was only \$2,224,425.

Two projects causing the month's total to jump were started by the school system. They are additions to elementary schools here; The permits were for \$85,500 and \$78,700.

Small Grains At Standstill In Texas

COLLEGE STATION, Dec. 1 (AP)—Much farm activity and growth of small grain for badly needed winter livestock feed has reached a near standstill in Texas, the Agricultural Extension Service said today.

"A lack of rain and fast depletion of moisture conditions, spurred by high, dry winds, has dimmed the outlook for farmers and ranchers except in North and Central Texas," Director C. G. Gibson said.

"Livestock throughout the state is being fed. Sales have increased. Many breeders, facing a winter feed shortage, are selling foundation herd stock."

All crops are about harvested. Less than 20 per cent of the Plains cotton crop still is in the field. Cotton is about finished in the Pecos and El Paso Valleys. Vegetable crops are moving to market from the Lower Rio Grande Valley and Winter Garden.

The late peanut harvest is about ended, with yields low. Some pecans are being gathered. Yields vary from poor to good. Stock-water supplies were, improved earlier, but it still is being hauled to herds in some Rolling Plains, South and Central Texas counties.

"There's very little hope for any improvement of ranges and pastures in South Texas due to a lack of moisture and cool weather," Joe Rothe at Weslaco said. "Most livestock is on feed and some cattlemen are hauling water in the Lower Rio Grande Valley. Slight damage to vegetables was caused by light frost, but a limited acreage irrigated from wells are making good growth in the Winter Garden and Valley where tomatoes, peppers and cabbage are bringing fair to good market prices."

Check Shows Medal Of Honor Winners Have Troubles, Too

By BENNETT DE LOACH
LAKELAND, Fla., Dec. 1 (AP)—His left hand had been blown off. Minutes later he lost his right hand when he tossed back a splintering Japanese grenade at enemy soldiers attacking an American command post.

The post was saved. Dead Japanese were strewn about Sgt. Bill Harrell, and his bravery gained him the Medal of Honor.

One of 338 living heroes who currently hold the nation's highest military award, Harrell, like many others, learned that the medal is no passport to fame and fortune after the shooting ends.

Not that most of the Medal of Honor men expected it. They wear their prize lightly, and stress that they've never tried to exploit it for profit.

Today Harrell, of San Antonio, Tex., is a representative for the Veterans Administration. Many of his Medal of Honor comrades likewise work for the agency.

Without bitterness, Harrell deftly works the hooks that have replaced his hands. Did the medal help him?

Fire Starter

Gilbert Paipa, 16, an Indian, is escorted to Juvenile Hall in San Diego, Calif., after a U.S. Forest Service investigator announced the youth admitted setting the disastrous Cleveland National Forest fire which claimed 11 lives and burned 44,500 acres. The blaze was finally controlled.

Millions Of Ex-Youths Feel Regret At T. Dorsey Death

By BOB THOMAS
HOLLYWOOD (AP)—The passing last week of Tommy Dorsey was deeply felt by many of the millions who fell under the spell of his golden trombone and his great band of the '30s and '40s.

Many of us thought TD was the greatest. Maybe Benny Goodman was swifter. Maybe Glenn Miller had more commercial success. But for all-around excellence, you couldn't top Tommy. You could listen to him all night, as we often did, and not hear a dull number.

His band always was interesting. Perhaps that was due to the personality of the leader himself. Most of the swing band leaders were rather dull fellows with little animation.

Not Tommy. He was a fun-loving Irishman who obviously got a kick out of making music. Watching him cut up on the bandstand was a show in itself.

Former Civic Leader Of City Dies In Lubbock

Wallace W. Rix, 73, former Big Spring resident and for many years a business and civic leader in Lubbock, died Saturday shortly before noon.

Services will be held at 11 a.m. Monday at the chapel of Rix Funeral Home in Lubbock. Burial will be beside the grave of his wife.

Mr. Rix had been in ill health for several years, and for the past three years had been confined to his quarters from the effects of a stroke.

LOOKS AT BOOKS

By Sam Blackburn

It is not regarded as uncommon or unusual for a person to return again and again to look at a beautiful painting, to see once more a lovely landscape or to listen in rapture once more to a masterpiece of music.

Why, these things being true, do so many people look at me like they thought I had lost some of my too few marbles when I tell them I frequently re-read in a many books?

What is the difference?

A great book is no different from a fine painting or a masterpiece of sculpture. It is no different from a composition by a musical genius; it has the same elements of beauty to be found in a marvelous landscape.

Not all paintings are masterpieces; not all pieces of music possess that strange quality which

makes them classics. Not all views of nature are inspiring or magnificent.

Nor are all books important and worth remembering. Indeed, most books are of little or no lasting value at all. Some, I think, should never have been written or, once written, should never have been published.

It is on those rarer happier occasions that a book appears which is possessed of that inexplicable quality which makes it immortal. What is this touch? I have read a thousand glib theories by so-called experts and none has revealed to me the truth. Some books which have endured and which I am told by all of the intellectuals I must read if I am to call myself well-read, do not stir any response in me. I find them as devoid of magic as though they were just

off the press and but a part of the mill-run, mass production which strikes the book marts almost daily.

I do not know what it is in a book that intrigues me and sends me back to its pages again again. It is not always the author's name nor fame for some of the books I have read and re-read again and again are by writers who have not been given the royal nod of approval by the literary experts.

There is a secret something — an intangible appeal — in these books which I have not found in other books. My list of the books I re-read is my own — I do not under any circumstances suggest that you will find in them the same fascination I find. I would not regard some painting which to you may seem the world's most beautiful as the greatest of its kind; I can not expect you to see books as I see them nor to find the same common interest in one that I discover. Each to his own taste and no one, I think, is justified in criticizing.

I do not know how many times I have read "Treasure Island" by Robert Louis Stevenson. I have plans, if I stay alive and keep my

eyesight, to read it still in a few times. Each Christmas season I read "A Christmas Carol" by Charles Dickens. I have read "Growth of the Soil" by Knut Hamsun many many times and I find it just as interesting each time I pick it up. I have certain books in the Bible which I have read again and again — not for any theology they may teach but because to me they reflect the essence of literary accomplishment.

When I am tense or upset I can dig out a copy of almost anything Mark Twain wrote and find relaxation. For a sort of mental refreshment, I like to pick up a copy of O Henry and revive my memory of his delightful characters.

When I worry too much about the decline of human kind, I need but to open Pepsy's Diary and know that while mankind has not materially improved with the passing of the centuries, at least he has not deteriorated.

Why go on?

There are thousands upon thousands of books. Good books, great books, bad books. Everyone has his or her favorites. Just as all of us have our favorite selections in

Trial Of Murder Case Set Dec. 10

Special veniremen, drawn to provide jurors for the trial of O.R. (Bud) Cross, charged with murder, will be officially notified Monday, of their selection and instructed to report to the 118th District Court Dec. 10.

Wade Choate, district court clerk, said that the special venire of 90 was drawn last week from the total of 360 persons listed on the current term jury panel.

Cross is charged with murder in the death of Hugh George, 27, Cabot Carbon Company employe. George was shot to death on the night of Oct. 2 at a tavern west of Big Spring. Cross is operator of the establishment.

Trial of Cross will open at 10 a.m. Monday Dec. 10. Observers believe that the proceedings will require at least three days to complete. Jurors summoned for the special venire were taken from the

entire current term jury panel. District Attorney Guilford Jones has indicated he will be ready to proceed with the trial on the date set and George Thomas, defense attorney, said his client would be ready at that time.

Cross has been at liberty on \$5,000 bond since the afternoon following the shooting.

26 Marriages In November

Cupid had a tolerably dull month in November, check of the books of Mrs. Pauline Petty, county clerk, indicates.

Only 26 marriage licenses were issued.

Recent marriage licenses sold by the clerk include: Joe Douglas Brewer and Marilyn F. Stewart; Glenn LeRoy Tiptley and Sandra Flowers; Ernest Cleveland Beck and Elizabeth Ann Pedigo; John Leonard Berry and Shirley Ann Ward; James G. Choate and Anna B. James; Floyd Howell and Sue Ellen White; Bernard Appel and Jean Audrey Garber; Daniel Garcia Viera and Maria Natalia Gariboa; Robert Wesley Palmer and Claudine Eloise Stephens; Larry Coy Scarborough and Betty Kay Hahn.

Seasonal Occupation . . .

EAGER YOUNG FACES REFLECT THE JOYS OF CHRISTMAS as they appear at most store windows this season of the year, as evidenced in photo above. With great excitement Robin Henderson, 5, and her sister, Ronda, 3, try to decide which of the lovely dolls they would like for Santa to bring them. Robin gives her approval to the beautiful bride doll while Ronda "kinda" favors the smaller model. The girls are the daughters of Mr. and Mrs. Robert C. Henderson, Midkiff. The Hendersons were recent Christmas shoppers in Big Spring and brought the girls to visit Santa.

WONDER IF HE'LL LIKE THIS ONE, ponders Mrs. Chester A. Cluck, 1516 Vines. She finds it difficult to choose only one shirt from the array that can be found at Christmas time. Mrs. Cluck, who is employed as a secretary for Cosden, takes a few minutes at lunch time to do some early Christmas shopping for her husband.

THIS IS WHAT SHE HAS BEEN DREAMING OF, thinks Lt. Kenneth Cornwell (above) as he listens to a record on the hi-fi phonograph set he purchased for his wife's Christmas present. Although the set won't be a complete surprise to Mrs. Cornwell, it's sure to bring her many hours of pleasure. Lt. Cornwell is a pilot instructor at Webb AFB.

SHE'LL LOOK LIKE A QUEEN in this fur, decides C. E. Reel of Midland, pictured at left. Reel was only one of the many hundreds of early Christmas shoppers in Big Spring this past week. And what wife wouldn't be pleased upon receiving a beautiful fur cape-stole such as the one he is examining?

AT THE END OF A DAY'S SHOPPING TRIP Mrs. Odell Womack and her five-year-old son, Brent, admit they are tired and weary, but evidence shows they have accomplished their mission for the day. When Mrs. Womack finds her arms too small for all the packages, Brent is quite eager to "help mama."

MR. AND MRS. WHEELER GRAHAM
... 50th Wedding Anniversary

Young Pioneer Lady Sees Future That Results In 50th Anniversary

By DEIDRA HINTON
A spur-of-the-moment statement paid off 50 years ago for a young lady who had just arrived for her first visit to West Texas.

Dec. 9 will be the date celebrated as the results of that statement when Mr. and Mrs. Wheeler Graham of Coahoma will observe their 50th wedding anniversary.

An open house, to which all their friends are invited, will be held from 2 to 5 p.m. Dec. 9 in their home at 207 N. 1st in Coahoma.

Mrs. Graham first arrived in West Texas in 1905, when she came with her parents, Mr. and Mrs. T. M. Pippin. The Pippins settled about two and a half miles northeast of Coahoma.

The first time Mrs. Graham saw her future husband he was among a large group of boys congregated at the John Wheeler home.

Young Miss Pippin told her sister she was "going to do her best to get a husband out of that bunch." And "get" a husband she did!

For one year later on Dec. 24, 1906 they were married in the home of her parents. The bridegroom arrived at the wedding scene in a buggy drawn by two white horses. The couple was married by County Judge Dale and a Church of Christ minister.

Following the wedding ceremony, a lavish reception was held for about 60 guests. Forty-two pounds of turkey were served with all the trimmings, the Grahams recall. Highlight of the celebration was when the six-gallon chub of syllabub was brought forth.

For their honeymoon the Grahams took a trip in the buggy to the Coahoma Church of Christ Christmas tree party.

Reminiscing over the past fifty years Mr. Graham recalls when Big Spring had only seven or eight brick buildings. He also recalled

that a tin shop stood where the First National Bank is now located.

Mr. Graham moved to West Texas from Murfreesboro, Tenn., in 1900 when he was a lad of 20 years.

Seeing a "motor car" on the highway for the first time was a thrill for Mrs. Graham. This event took place when the Pippins were moving from East Texas out to West Texas. Mrs. Graham recalls that their horses were "scared to death."

The Grahams' three children will be present to help them celebrate 50 years of marriage. The children are a daughter, Mrs. Palmer Evans, Midland, and two sons, George Lester Graham and Jack Pippin Graham, both of Coahoma.

Six grandchildren and three great-grandchildren will also be present.

The Grahams are expecting about 20 people who attended the wedding 50 years ago to be present for the Golden Wedding Anniversary celebration.

Lamesa Bride-Elect Honored At Shower

LAMESA — A gift tea complimented Jeannette Fortenberry, bride-elect of Johnny Stanfield, Friday afternoon at the home of Mrs. C. L. Beasley. Assisting with the hostess duties were Mrs. Audrey Davis, Mrs. Dewey Drennan, Mrs. Richard Jones and Mrs. Larry Moffatt.

Guests were greeted by Mrs. Davis, and in the receiving line were the honoree, her mother, Mrs. Pat Fortenberry of Welch and the mother of the prospective bridegroom, Mrs. O. H. Stanfield of El Paso.

The bride's chosen colors of red and gold were used throughout the house. The serving table was laid with an imported lace cloth over gold. Gold and red mums in a low silver bowl formed the centerpiece.

Six grandchildren and three great-grandchildren will also be present.

The Grahams are expecting about 20 people who attended the wedding 50 years ago to be present for the Golden Wedding Anniversary celebration.

Keep Small Hands Busy At Yuletide

AP Newsfeatures
The Christmas season has its dark moments too, especially when youngsters decide to lend a hand in the festive preparations.

Mom's chores at holiday time can be doubled by cleaning up the mess from those occasions.

It's a good idea to give little ones chores that confine them to one area. If they are going to help with Christmas mailing, for instance, spread newspapers over a large table and put the young ones to work.

Handy cotton applicators, the kind used for baby care, are ideal in this arrangement. The cotton swabs may be dipped in ink, colored paint or nail polish and used to write directions and addresses on packages with a bold stroke.

Designs may be made on packages with these same materials. The swabs may be dipped into a saucer of water also, and used to wet stamps and envelope flaps.

The children can help to make

some brightly colored place cards for holiday parties, or use the swabs to paint heavy white cardboard to make holly or ivy-bordered Merry Christmas signs for the front and back doors.

Another custom is one of painting the Nativity scene on windows. Give the youngsters water colors and swabs, cover the window sill and floor with newspapers and put them to work.

Belts Are Important

Belts have new importance in the fashion picture as they are used to emphasize the empire waistline. They are on the whole narrower and often have gold and jeweled trim. Often two straps of contrasting leathers are artfully entwined. Drapes and tucks appear on others. And some rest on the waistline at back but are curved up to the bosom in front, to fasten at the side.

A BEARDED LADY IS ALL RIGHT—IN A CIRCUS

There's no excuse for letting superfluous facial hair cause embarrassing moments for you.

The Thermojetron System of hair removal can remove ugly, disfiguring facial hair, quickly, safely and efficiently.

Lamesa Girl Sponsor Of HSU Military Group

LAMESA — Martha Crawley, Hardin-Simmons University sophomore from Lamesa, was elected by members of Pershing Rifles, National Military Honor Society, as their sponsor for 1956-57. She is the daughter of Mr. and Mrs.

Holidays Observed By College Students

FORSAN — College students home for the Thanksgiving holiday were Albert Oglesby, Nancy Story and Tommy Henry, all attending North Texas State College in Denton. Nan Holladay is home from Baylor University.

Mr. and Mrs. A. D. Caldwell, Canton, have been guests of Mr. and Mrs. John Cardwell.

Thanksgiving guests of Mr. and Mrs. L. M. Hayhurst were Mr. and Mrs. L. F. Hayhurst and Pamela, Midland.

Mr. and Mrs. W. K. Scudday, Drivers Lease, were weekend guests with Mr. and Mrs. O. W. Scudday and Mr. and Mrs. M. M. Hines.

Mr. and Mrs. C. L. Gooch and children were in Abilene to attend the funeral of his father, E. B. Gooch.

"Thanksgiving Time Is Here" was the title of the program for the recent meeting of the Junior Girls' Auxiliary. Taking part on the program were Winona Walker, Sharon Klahr, Lanell Overton, Lynn Gray and Patsy Gooch.

Women At Work!

Women not only out-number the men in France, but out-vote them in the polls, with 117 women casting their ballots at election time to every 100 men, according to statistics provided by the French Embassy. More French women are owners of small businesses, too. Almost 52 per cent of these enterprises are owned — and operated — by the ladies!

The Rev. and Mrs. Joe Bailey and Ronnie, Weatherford, have been weekend guests of Mrs. Jess Coulter, 809 N. Scurry. Mrs. Bailey is the former Darlene Coulter.

Teply - Flowers Ceremony Read At Episcopal Church Friday

St. Mary's Episcopal Church was the setting for the wedding ceremony of Sandra Flowers and A.I.C. Glenn L. Teply Friday evening. The Rev. William Boyd, pastor of the church, read the double ring vows.

Parents of the bride are Mr. and Mrs. Robert Flowers, Old San Angelo Highway; parents of the bridegroom are Mr. and Mrs. Frank Teply of Cedar Rapids, Iowa.

White tapers burned in tall candelabra on each side of the altar, which was banked with white chrysanthemums.

Diane Baker, organist, played selections of nuptial music, which included "O, Perfect Love," "Traumeri" and "Romanza." "The Bridal Chorus" from "Lohengrin" was the processional, and Mendelssohn's "Wedding March," the recessional.

The bride was given in marriage by her father. Chantilly lace over satin fashioned the ballerina length wedding dress; made along empire lines. The bodice featured a Sabrina neckline and long sleeves.

A tiara of matching lace held a waist length veil of illusion; the bride's flowers were a combina-

tion of gardenias and stephanotis.

For something old, the bride carried a Bible belonging to Maxine Rosson, who served as maid of honor. Her dress was new, and pearls which she wore were borrowed from Clara Freeman. Mrs. Waymon Clark furnished a blue garter to complete the wedding tradition.

Miss Rosson was attired in a waltz length antique taffeta frock of pink, fashioned with a Peter Pan collar. Her flowers were pink baby roses, and she wore a tiara of matching roses.

Welby L. Smith of Lubbock served as best man. Donald Lester and Gerald Lackey seated the guests.

White chrysanthemums decorated the bride's table at the reception held in the parish house.

Assisting the couple in receiving guests were members of the bridal party.

A wedding cake in the shape of a ring was served by Miss Freeman and Betty Anderson. Guests were registered by Lou Ann White.

Others in the house party were Mrs. Roy Bruce, Mrs. James Vines and Mrs. George White. For a wedding trip to Houston,

the bride chose a beige suit with brown accessories.

Upon their return, the couple will make a home in Big Spring until August, 1957. At that time, the bridegroom will enter the University of Southern California.

Mrs. Teply is a graduate of Big Spring High School and has been a student in Howard County Junior College.

The bridegroom, a graduate of Wilson High School in Cedar Rapids, is stationed at Webb Air Force Base.

Out-of-town guests at the wedding were Mrs. Teply and Richard, brother of the bridegroom; Dr. and Mrs. S. W. Lester, Pat, Tony and Christina of Fort Lavaca.

Student Nurses Visit

Student nurses from Shannon Hospital in San Angelo who are weekend guests of their parents include Sharon Choate, daughter of Mr. and Mrs. C. C. Choate, 102 East 16th; Anna Belle Heckler, daughter of Mrs. Willie Belle Heckler, Stanton, and Nell McCutcheon of Sand Springs.

ROUND TOWN

Approaching Holidays Bring Gay Party Plans

By LUCILLE PICKLE
The Christmas season's round of parties and entertainments was enhanced last night with the Christmas party hosted by the Bob Kountzes, the Friend Talbots and the W. F. Heflins. Between now and the day before Christmas, every club and hotel will be busy with social affairs and office parties enough to keep everyone buzzing trying to find a parking place so as to do a little shopping.

The party last night was a gay affair and many out-of-town people were present. In the houseparty the women made a pretty sight with their striking cocktail dresses. Several chose black-taffeta and velvet so beautifully styled they attracted much attention.

MRS. ELI JEWELL, Mrs. Talbot's sister, wore a black taffeta, and MRS. GEORGE MERCER of Fort Worth, who is the houseguest of Mrs. Heflin, chose a full skirted black crepe and wore black accessories. MRS. WILLIAM TALBOT and MRS. BILL THORNHILL were both pretty in black taffeta. Red was the favorite of MRS. ED FARNSWORTH, Mrs. Kountz's guest, whose home is in Fort Worth, and MRS. H. G. McPHERSON's dress was of red lace.

MRS. JACK McDANIEL, who is the former Ann Talbot, wore a dress of blue velvet and her mother-in-law, MRS. BOYD McDANIEL, wore white. They both make their homes in Abilene. Pretty MRS. GRADY TURNER was dressed in a most striking orchid taffeta.

Weekend guests of MR. AND MRS. RAY SHAW are her brother and his family, Mr. and Mrs. Perry Horton and their sons, Kirk and Jay, of Mineral Wells.

It's a lonesome and suddenly very large house that the C. B. SULLIVANS live in, since their little grandson, Lynn Thomas Jr., has left with his parents, CAPT. AND MRS. LYNN THOMAS. Mrs. Thomas and the baby had been here with her parents while Capt. Thomas was in Japan. He came for them this week and they are now in Fair Oaks, Calif., where they will visit a short time with his parents. On Dec. 5, they plan to sail from San Francisco for Itaska, Japan, where they will live for the next two years.

MRS. LETHA MASSIE and Mrs. RUBY BILLINGS will return today from Dallas where they saw the SMU-TCU game. Friday night they were in Fort Worth to visit Mrs. Massie's daughter.

Off for the big city, New York, that is, are MR. AND MRS. JIM FLEMING (she's the former Peggy King) who have been living in Denton while he went to school. Jim, a trombonist, is joining the Ray McKinley orchestra for this season. McKinley was a drummer with the late Glen Miller and has just recently organized the band. The orchestra is scheduled to be on the Bandstand program, and NBC network show, beginning Dec. 10.

Mr. and Mrs. Norris King are the parents of Mrs. Fleming.

BILL HARTFIELD, who is a

Fashion Note Given For Farm Animals

At a presentation of Danish creations before Washington's fashion group, Danish Ambassador Henrik de Kauffman said his country is so fashion-conscious that even cows wear raincoats and the 'pigs are soigne in every way.' The ambassador made the remark after first insisting he was no style expert. "People seem to think," he went on, "that ambassadors and hotel porters are very much alike. We have similar jobs. There's nothing we are not supposed to know, and one way or the other, we must be able to perform any task."

Dressed Up Rice

Fancy up a dish of rice whether you prepare it for the family or are serving it to company. Minceed parsley, chopped toasted almonds, minced scallions (with green tops included), finely diced green celery are all fine to add to the rice. Stir them in with a little butter or margarine after the rice is cooked.

What! No Prize Room For Flier?

Jacqueline Auriol, France's top woman flier, in Washington to accept her third Harmon International Aviation Award, said she had no idea where she'd put the two-foot trophy in her Paris home.

"I don't have such a thing as a trophy room," explained the petite and vivacious flier who has broken world speed records piloting a jet plane more than 750 miles an hour. "I just keep all my trophies in a big box."

Mrs. Auriol, whose husband, Paul, is the son of former French President Vincent Auriol, says she doesn't want their two sons, Jean-Paul, 18, and Claude, 15, to take up flying careers. She admitted however that both have had many flying hours. They fly every chance they get.

Tangy Pink Frappe For Holiday Need

Combine tangy, ruby red cranberry juice with rich, creamy vanilla ice cream, then add a generous portion of sparkling water to tingle the nose and you'll have a party frappe to please a crowd of any size.

Here are the proportions for eight servings. Combine 1 quart of cranberry juice with 1 quart vanilla ice cream. Beat until smooth. Pour into 8 chilled tall glasses. Finish filling each glass with sparkling water.

Company Dessert

New treatment for cherries: heat a jar or can of black Bing cherries with a dash of cinnamon and a squeeze of lemon juice. Serve piping hot over angel food cake with a froth of whipped cream. If you have one of the new square angel food cake pans in which to bake your cake (made from a mix) you can cut it into neat squares for this dessert.

Small-Fry Delight

Make a funny-face on top of a bowl of applesauce using prune halves for the eyes, a marshmallow triangle for the nose and cherries for the mouth.

Choose with Confidence Now Wear with Pride... FOREVER!

MARY FRANCES NORMAN ... wins stewardess wings

Stewardess Wings Won By Former Resident

Mary Frances (Miff) Norman, daughter of Mr. and Mrs. Croftford W. Norman, 4507 Highland Dr., Wichita Falls, has won her wings as an American Airlines stewardess, after completing her course of training at the airline's stewardess school in Chicago. The Normans are former residents of Big Spring. She has been assigned to flight crew duty on American Airlines flagships operating out of the Los Angeles area. The blue-eyed brunette, who stands five feet six and weighs 126 pounds, is a native of Dalhart, but she lived most of her life in Big Spring before moving to Wichita Falls with her parents three years ago. She is a 1952 graduate of BSHS and also attended West Texas State College. At the University of Oklahoma, she was graduated with a degree in radio drama. She was a member of Alpha Epsilon Rho, national radio fraternity; Alpha Delta Pi sorority, and the Baptist Student Union. Miss Norman pointed out that America's current expansion program will require at least 750 new stewardesses during the next 12 months. Any girl interested in a flying career should write to her in care of the Stewardess Department of American Airlines, Los Angeles International Airport. Basic qualifications require that a girl have a high school education or better; be between the ages of 20 and 27 years, and stand five feet two inches to five seven inches tall.

COMING EVENTS

MONDAY

SATURDAY
1956 HYPERION CLUB will meet at 3 p.m. in the home of Mrs. M. H. Bennett, 1610 Main. This is a change in the date and time of meeting.

Ice Cream Variety Good Pie Topping

Vanilla ice cream is the customary choice for topping a wedge of warm pie. If you want to add an even more pleasing touch to your favorite pie a la mode, however, try using different flavors of ice cream occasionally. Choose an ice cream that offers taste contrast to the pie's filling, yet blends harmoniously with it. Winter pies are particularly well suited to different ice cream flavors. For instance, butter pecan ice cream is wonderful on mince pie. Spoon a dollop of strawberry ice cream over spicy apple pie for a change. Or try coffee ice cream on old-fashioned pumpkin pie.

For The Opera Fan

A good Christmas gift for the theatre goer is a smart pair of theatre glasses in a plastic case that is lightweight, attractive and sturdy.

To Wed In January

Mr. and Mrs. L. E. Beene, 545 East 14th, are announcing the engagement and approaching marriage of their daughter, Mary Ann, to Perry Hall, son of Mr. and Mrs. R. B. Hall Sr., 1907 Lancaster. The wedding will take place in January with the Rev. L. J. Power, pastor of Trinity Baptist Church, reading the vows. The prospective bridegroom has recently returned from a 19-month tour of duty with the United States Army in Germany.

Miss Parker Honored On Birthday

OTIS CHALK — Delores Parker was honored recently on her 13th birthday. The occasion was a dinner in the home of her parents, Mr. and Mrs. Leo Parker.

Nancy Story, daughter of Mr. and Mrs. H. H. Story, has been a guest of her parents during the Thanksgiving holidays. She is a student in Texas State College, Denton.

Mr. and Mrs. Ozro Allison, Rodney and DeWayne have spent part of their vacation visiting relatives and friends in Westbrook and Colorado City.

J. M. Hutcheson, Leo Parker and Ozro Allison attended a barbecue at Col-Tex Refinery in Colorado City Friday evening. Visitors in the J. M. Hutcheson home this week are her cousins, Mr. and Mrs. Howard Meek of Houston.

Mr. and Mrs. Victor Porter of Brownfield are guests of her brother, Mr. and Mrs. Sam Starr.

Containers From Cupboard To Table

Many women apparently buy some food products with one eye on the serviceability of the containers in which the food is packed as well as on the contents, a recent survey indicates. For this reason many companies who put out high grade foods have improved the appearance and usefulness of their containers too. The distinctive soy sauce bottles are attractive enough to be brought right from the cupboard to the dining table. No need to pour the sauce into a small bowl to serve it. Both the three and five ounce sizes have a special plastic insert which acts as a "no drip" dispenser top when the bottle is in use.

VERSATILE STYLE

Frock Can Be Fashioned For Formal, Casual Wear

This Spadea model is a stand-out for many reasons. First, it has a full length skirt, and the feeling of the trend for this length grows daily.

Second, it is an evening "separate" so you get mileage out of both parts. Third, it has the Dutch Boy look that made so much news in the Paris collection.

The skirt, which comes to a high point in front, is shaped to belt width in back where it billows out in a series of box pleats while the center front is smooth.

The blouse, snug on the body, has a frothy butterfly collar that gracefully covers shoulders and arms. Custom made and precisely perforated, the pattern is easy to make.

Choose any stiff fabric for the skirt such as taffeta, faille, brocade, Illon and, preferably, or-gandy for the blouse.

From this chart select the one size best for you:
Size 10: bust 34, waist 24, hips

35, length from nape of neck to waist 16 1/2 inches; size 12: bust 35, waist 25, hips 36, length from nape of neck to waist 16 3/4 inches; size 14: bust 36 1/2, waist 26 1/2, hips 37 1/2, length from nape of neck to waist 17 inches; size 16: bust 38, waist 28, hips 39, length from nape of neck to waist 17 1/4 inches; size 18: Bust 40, waist 30, hips 41, length from nape of neck to waist 17 1/2 inches.

Size 12 requires 4 1/4 yards of 36-inch material for blouse and 6 1/2 of 36-39 inch material for long skirt.

To order Pattern No. 1290, state size, enclose \$1.00. Address American Designer Patterns, Box 535, G. P. O. Dept. B-5, New York 1, N. Y.

Classic Pattern Booklet No. 12 and all new Pattern Booklet 13-X available for 50 cents each. If paid by check add 4 cents. (Next week look for Spadea's American Designer Pattern by Helen Rose of MGM.)

Candy Bar Pieces Enhance Custard

For variety with cup custards you prepare for the children, sprinkle some chopped candy in the bottom of each baking cup before adding custard mixture. You'll need only three of the youngsters' favorite candy bars to form a candy surprise in six custards.

Use this proportion: Combine 4 beaten eggs, 1/4 cup sugar and 1/4 teaspoon salt. Slowly pour 3 cups scalded milk into egg mixture, stirring constantly. Add 1 1/2 teaspoons vanilla. Pour over finely chopped candy in custard cups. Place cups in a shallow pan of hot water and bake at 325 degrees for 45 minutes, or until knife inserted near edge comes out clean.

Art Plays Second Fiddle To Stomachs

WASHINGTON — Socialites invited to the Corcoran Gallery to view works of the Venezuelan artist Armando Reveron forgot their gallery manners for a while, thinking they were back on the cocktail circuit.

There was music, and a tempting buffet was spread with Virginia ham, curried shrimp and — as at almost all Washington gatherings except funerals — the inevitable potent thirst-quenchers.

A member of the group putting on the exhibition of 55 portraits and landscapes, to which some 800 were invited, watched people avidly refreshing themselves and was prompted to ask: "Is Washington the only city that is hungry?"

Neighboring Oklahoma Home State Of Sadlers

Featured as newcomers to Big Spring this week are Lt. and Mrs. W. J. Sadler.

Lt. Sadler is in pilot training at Webb AFB. He was stationed at Moore AFB in Mission prior to coming to Webb.

Oklahoma is the home state of both the Sadlers, and Oklahoma City their hometown. Although they are enjoying their new home in West Texas, they are eagerly awaiting a holiday vacation back to the Spooner state.

Recreations from snow-skiing to horseback riding and "picking on a guitar" rank high in enjoyment for the Sadlers. Skiing is a hobby they both learned while they were attending the University of Oklahoma.

"A bunch of the college students would get together and take weekend trips to Aspen, Colo. for skiing fun," Lt. Sadler explained.

Lt. and Mrs. Sadler graduated from OU in June of 1955. He majored in chemical engineering and she majored in elementary education. At the university Lt. Sadler was a member of Sigma Alpha Epsilon fraternity and Mrs. Sadler belonged to Pi Beta Phi sorority.

Bingo is another recreation that

Lt. W. J. Sadler explains the technique of guitar playing to his pretty wife, Sue. As a matter of fact Sue was the inspiration for a Sadler "original" song entitled "Susie Baby." Sadler and one of his college roommates composed the song while attending the University

of Oklahoma where Sadler first met Sue. Lt. Sadler says the time he enjoys playing the guitar the most is when a "bunch of the boys" get together for a party, Sue and Jack Sadler are recent newcomers to Big Spring and make a home at 2206 Johnson.

Beverly Edwards Is Honored With Parties

A kitchen shower Saturday evening in the home of Mrs. B. B. Jones, 710 Johnson, complimented Beverly Edwards, bride-elect of Norman Blake, Colorado Springs, Colo.

Miss Edwards is the daughter of Mr. and Mrs. Rex Edwards. The couple will be married Jan. 1.

Co-hostesses were Mrs. Ben Hitt and Martha Winans.

The serving table was covered with a lace cloth and held a centerpiece of dried material sprayed gold and bearing tiny white wedding bells. This was flanked by white candles in crystal holders.

The honoree was presented a novelty corsage made from kitchen utensils.

About 15 attended the shower.

Pink and silver made the color scheme for the miscellaneous shower given Friday evening for Beverly

Edwards in the home of Mrs. Monroe Gafford.

The table was laid with a pink cloth under nylon net and bore double wedding rings on a silver tray. Spruce and tiny pink mums surrounded the rings and above them, hung a large pink and silver wedding bell.

Bows of pink ribbon and spruce held the cloth at each corner. Serving was done by two hostesses, Mrs. R. C. Winans and Mrs. Garland Sanders.

Mrs. Gafford greeted guests and presented the honoree and her mother, Mrs. H. M. Jarratt, a hostess, registered callers.

Other hostesses were Mrs. James S. Parks, Mrs. B. Riddle, Mrs. Morris Sneed and Mrs. Tom Buckner.

For the tea, which included 100 guests, Miss Edwards was attired in a pink flannel frock of separates, trimmed in lace and rhinestones.

CAMPUS CHATTER

By Mary Sue Hale

School spirit at HCJC has hit an all-time high to greet the first basketball game, which will be played here Tuesday at 8 p.m. with Decatur Junior College as opponents. Preceding the game by one night will be a bonfire on the campus, sponsored jointly by the cheerleaders and student council. A sock hop will follow the game Tuesday.

Succeeding the Jayhawk symbol, this year the Hawks will be playing around the "Fighting H" symbol. With the support of the student body behind them, they can make the "Fighting H" the symbol of victory.

The student council will have a called meeting Thursday, to decide the date for the Christmas Formal. As it now stands, the dance will be held either Dec. 14 or 19.

After reporting to 4th period classes for roll check, students will be dismissed Monday morning at 11 o'clock, to attend an assembly presented by McMurry College Band, in the auditorium.

Highlighting the assembly to be held Tuesday morning during activity period will be nomination of class favorites, and a pep rally.

The SUB was headquarters for a Thanksgiving social Monday night. Included in those attending were Betty and Don Isham, Julie Rainwater and Freddy Stuart.

Burchett and Charles Dobbs, Mary Lou Stages and Johnny Janak, Jimmy Smith and Mercelene Gill, and Dickie Beggs.

Fire Chief C. V. Crocker explained and demonstrated the operation of an iron lung to the First Aid Class, instructed by Miss Arah Phillips. Buddy Mayes was the "guinea pig" as he was placed in the iron lung to demonstrate uses of this instrument.

Richard Hood returned Thursday from a deer hunt staged at London, Texas.

A new Jayhawk decal has been selected by the student council, and will presently be ready for purchase from the book store, located in the SUB.

Two HCJC instructors have taken a step in a more interesting form of classroom procedure. Mr. Robert Dyer, who teaches education, and Mr. Fred E. Short, speech instructor, have made basic steps in setting up panel discussions in their respective classes. This will, for a short time, replace for regular classroom activity.

Charles Dobbs heads the education panel, with Hubert Murphy, Milton Henson and Jerry Howell serving as members. Max McCulloch is chairman of the speech panel, with assisting members, Patsy Grant, Richard Engle, Dorothy Baker, and Mary Sue Hale.

Betty Anderson was hostess to a group of local girls, and girls home from various colleges for the Thanksgiving holidays, in her home Saturday afternoon at 3 o'clock. Attending were Frances Reatan, Margaret Fryar, Sally Cowper, Tommie Jo Williamson, Marlene Mann, China Carroll and Mary Sue Hale.

Jo Ann Watkins was hostess at a birthday party given in the home of Barbara Elmore Friday night. After the birthday celebration, friends remained for a slumber party.

Mushrooms Add Flavor To Casserole

Mushroom flavoring adds zest to the familiar spaghetti casserole. Besides an enticing new taste, the dish is easily prepared.

Ingredients:
2 cups chopped onions
2 tablespoons bacon drippings
1 cup sliced green pepper
2 4-ounce cans mushrooms
2 No. 303 cans tomatoes
1 10-ounce can condensed cream of tomato soup
1/2 teaspoon salt
1/4 teaspoon pepper
2 Tablespoons Worcestershire sauce

1 pound cooked spaghetti
3 cups bread crumbs
3 tablespoons melted butter or margarine

Method:
In Dutch oven, or heavy skillet, saute onions in drippings until tender. Add green pepper and cook until onions are golden. Add mushrooms and their liquid, tomatoes, soup, salt, pepper and Worcestershire to onions.

-Boiling to boil. Combine sauce and cooked spaghetti. Refrigerate for about 6 hours. Bake in 4-quart capacity baking bowl or casserole with buttered bread crumbs on top for about 30 minutes in 375-degree F. oven.

If casserole is very well liked allow a few minutes' longer baking time and add about 1 cup of tomato juice during baking period.

Thanksgiving Spent In Various Ways This Week

J. W. Lindsey spent Thanksgiving weekend at Las Cruces, N. M.

Rube McNew had the following guests at his home for Thanksgiving: M. H. Boatler and family, Lowell Knopoff and family and R. J. Kelly and family.

W. L. Banks of Davison Chemical Company, Houston, visited the refinery Tuesday.

Roy Bennett spent the Thanksgiving weekend in Dallas.

A. C. Leslie, Jr., of the Standard Register Company, Lubbock, visited the refinery Monday.

Dan Krausse spent Wednesday in Abilene visiting the Onyx plant.

W. J. Steed of Sharples Chemical Company visited the refinery Wednesday.

Ray Piner spent Thanksgiving in Ozona.

Hubby Jones went deer hunting last weekend near Kerrville and killed two bucks.

Nina James is visiting her mother in Fort Worth over the weekend.

Mygonne Thomas is visiting her parents in Fort Worth over the weekend.

J. Hebert of Combustion Engineering Company visited the refinery Monday.

E. O. Moore of R. M. Tacker Company visited the refinery Tuesday.

Jeff Brown spent Thanksgiving in Snyder.

C. L. Brown of D. W. Haering Company visited the refinery Monday.

Evelyn Merrill spent the weekend in Dallas.

Glenna Coffey, daughter of Mr. and Mrs. J. A. Coffey, spent Thanksgiving with her parents.

J. M. Knight and W. L. Rumsay of Eastman Chemical Products visited the refinery Tuesday.

Alma Golinick visited friends in Fort Worth over the weekend.

Mr. and Mrs. Bill Horn visited his parents, Mr. and Mrs. E. R. Barber in Quanah over the weekend.

Tom Reynolds of Graybar Electric Company visited the refinery Tuesday.

Mentora Carter spent the weekend in DeLeon visiting her parents.

B. E. Wofford of Jow Chemical Company visited the refinery Tuesday.

Mr. and Mrs. Johnny Dismuke spent the weekend in Fort Worth.

Bill Spero of Vinson Supply Company visited the refinery during the week.

Gene Green of Monahan's visited in the home of Mr. and Mrs. Leslie Green over the Thanksgiving holidays.

Ham Spiral Biscuits To Top Casserole

Ham spiral biscuits add a fancy touch to a casserole dish. Not only good to look at, but delicious to eat!

Base:
2 cans cream of celery soup
1/2 cup milk
1 cup cheddar cheese
1 cup cooked green beans

Spiral Biscuits:
1 cup corn meal
2 1/4 cups sifted flour
4 teaspoons baking powder
1/4 teaspoon salt
1/2 cup shortening
1 cup milk
1 cup ground cooked ham

Combine cream of celery soup, milk, cheese cubes and green beans in a 2-quart casserole. Place in hot oven 425 degrees F. 15 minutes.

Sift together dry ingredients. Cut in shortening until mixture resembles coarse crumbs. Add milk, stirring lightly until mixture is dampened. Turn out on lightly floured board and knead gently.

Roll out dough to form rectangle 10x12 inches. Spread dough with ground ham. Roll up like a jelly roll. Slice pinwheels about 1 1/4 inches thick.

Take casserole from oven and place pinwheels on top of hot mixture. Continue baking at 425 degrees F. for an additional 20 to 25 minutes.

Use Pork, Gravy To Fill Cornbread Ring

This use of a cornbread ring filled with leftover pork and gravy will be a different way to serve as a main dish course.

Ingredients:
1 1/2 cups corn meal
1-3 cup sifted flour
1 1/2 teaspoons salt
3 teaspoons baking powder
2 eggs
1 1/4 cups sweet milk
1/4 cup butter or margarine
3 cups leftover pork roast
1 1/4 cups gravy

Method:
Mix and sift together the dry ingredients. Combine beaten eggs, melted butter or margarine, which has been cooled. Pour liquid over dry ingredients mixing only until moistened. Pour into a well greased 9-inch ring mold and bake in a 400 degree F. oven until it shrinks from the sides of the mold (about 25 minutes). Unmold and fill with pork and gravy which have been thoroughly heated together. Yield: 6 servings.

THIS IS GOOD EATING

Invite a neighbor!

Creamed Ham with Chinese Noodles
Steamed Rice
Spiced Peaches on Salad Greens Beverage

CREAMED HAM WITH CHINESE NOODLES
Ingredients: 2 tablespoons butter or margarine, 2 tablespoons flour, 1/4 cup milk, 1 cup (lightly packed) diced cooked ham, 1 can (3 ounces) sliced mushrooms (drained), salt and pepper, 1 can Chinese noodles.

Method: Melt butter in 1-quart saucepan over low heat; stir in flour. Add milk; cook and stir constantly until bubbly and thickened. Add diced ham and drained mushrooms; stir in salt and pepper to taste; reheat gently. Crisp the noodles to be used several minutes in hot oven; serve noodles as topping for creamed ham. Makes 2 large servings. (Store leftover noodles in tightly covered jar in refrigerator).

Follow Recipe In Use Of Sour Cream

When you have a cake recipe that calls for dairy sour cream, it is generally not advisable to substitute home-soured cream, say the experts.

The dairy sour cream you purchase at your grocery store is a carefully regulated product to which a special culture has been added.

Home-soured cream can vary greatly in consistency and butterfat content. The difference between the two can spell success or failure to your cake.

Gay Schedule Set For Big Spring Country Clubbers

Members of the Big Spring Country Club will begin a round of holiday gaiety according to the entertainment programs received this week. Other activities include the Christmas dance on Dec. 15, afternoon open houses and the New Year's tea dance.

Wednesday and Thursday the club rooms will be decorated for Christmas. Friday at 1 p.m. the Ladies Golf Association will have the monthly luncheon at the clubhouse. Saturday from 6 to 8 p.m. that group will give a cocktail party to which all members of the club are invited.

HI--TALK

By CAROL ROGERS

Although Homecoming was held in BSIS last month, many exes returned to visit the halls once again and to attend the Thanksgiving dance Thursday night. Decorations for the dance, featuring the music of the Skyliners, were in a Chinese theme. Some of the exes and BSIS'ers, dancing under the red streamer-covered ceiling, were Barbara Shields, Charles Johnson, Sue Boykin, Jerry Graves, Kay Kirby, Jimmie Simmons, Jo Ann Ebling, Bobby Fuller, Kathy McRee, Ben Faulkner, Valjean-LaCroix, and David Ewing.

DANNE GREEN

The cappella choir, under the direction of Bill Dawes, sang several numbers at the Thanksgiving assembly Wednesday afternoon. The annual Thanksgiving sermon was delivered by the Rev. Richard Deats, assistant pastor of the First Methodist Church.

Backball season opens Monday night as we play Lamesa here. The Steers will meet the Sweetwater Mustangs in the local gym Tuesday and will journey to Andrews for a game Friday night. It looks as if we're going to have a good team this year so let's all back the Steers!

The senior members of the band are sporting new letter jackets this week. They were awarded in the assembly Wednesday afternoon. The 1956-57 school year is one-third over. Report cards for the second six-week period were distributed to the students Wednesday.

The cold weather didn't hamper the fun of the Young People's Training Union of the First Baptist Church Saturday night. Some of those attending the paper ride were Jacqueline Smith, Glen Whittington, Londa Coker, Randell Hamby, Laura Rholon, Ben Faulkner, Kirk Faulkner, Johnny Roy Phillips, and Johnny Fuglar.

The curtain will rise Thursday on the first presentation of the fall all-school play "Dear Ruth," a two-act comedy written by Norman Krasna. The play, directed by Mack Godwin, deals with a typical New York family during the Korean War. It will be presented both Thursday and Friday nights in the high school auditorium. Tickets may be purchased from members of the junior class.

The cast of "Dear Ruth" appeared on "Channel 4 Comes Calling" Friday night and on "High School Headlines" Saturday morning. Several scenes will be presented to the students Wednesday morning.

The 1956 football season was climaxed Tuesday night with the annual banquet honoring the team and coaches given by the Quarterback Club. The Settles Hotel ballroom was the scene for the affair. Some of those enjoying the music by Eddie Sweeney and the Sportsmen were Diana Dawson, Bobby Lauderdale, Punky Boyd, Buddy Barnes, Marilou Stagg, Johnny Janak, Mary Ann Nugent, Walter Dickenson, Edith Freeman, George Peacock, Sue Barnes, Ricky Terry, Judy Masters, and Lewis Porter.

Dennis Jones took advantage of the Thanksgiving holidays by making a trip to Pecos. Dennis attended the District 3 Presbyterian Youth rally there. He returned Saturday.

At the present, the mind of the senior-of-the-week, Danne Green, is filled with thoughts of the fall all-school play, "Dear Ruth," in which she is appearing. Danne has quite

an flair for dramatics, which has been shown in two previous plays, "One Foot in Heaven," and "Father of the Bride."

Drama is not Danne's only extra-curricular interest. She is now organizations editor of El Rodeo, after one year as a staff assistant. President of the Forum, Danne has held the office of president, vice president, parliamentarian, and treasurer in Tri-Hi-Y and Chaplain in Rainbow. She is secretary of the Drama Workshop and was the Big Spring delegate to Girls' State in Austin last summer.

Danne's future plans include four years at the University of Colorado, where she will major in elementary education.

Four Pins Awarded By Sorority

Mrs. Frank Sabbath received her jewel pin at a ritual held Friday evening by the Alpha Chi Chapter of Epsilon Sigma Alpha Sorority. Meeting at the Settles Hotel the group awarded pledge pins to Mrs. George Matson, Jane Hill and Mrs. Douglas Ward.

Mrs. Robert Hill presided for the rituals and was assisted by Mrs. Bill Estes. Table decorations followed the traditional theme of large blue candles and yellow flowers. Candela holding the tapers were entwined with yellow chrysanthemums, while a base of blue styrofoam held eight candles in the center of the table.

Husbands and dates of members were guests for dinner and dancing following the ceremony. Special guests were Mr. and Mrs. Gilbert Cook and Mr. and Mrs. Melvin Coleman.

Local Women Plan To Attend District Music Convention

Local musicians are planning to attend the convention of Ninth District music clubs Friday and Saturday in Andrews. To be present the first day are Mrs. J. E. Hardesty, delegate from the Music Study Club; Mrs. Fred Beckham, club president; Mrs. Norman Furlong, and Mrs. C. A. Boyd.

Mrs. Boyd will play a piano selection, "The Cat and The Mouse," by Aaron Copland. Going to Andrews Saturday will be Mrs. Bill Griese, Roberta Gay and Mrs. Ruth Burnam. The latter is district chairman for Music Week.

Howard Family Has Holiday Reunion

FORSAN — Thursday was observed as a Thanksgiving reunion for the P. P. Howard family. Children home for the holidays were Mr. and Mrs. Roland Howard, Ronnie and Dewey, Mr. and Mrs. George Abee, Betty and Glenda, Andrews, Mr. and Mrs. Jim Merchant and Sherry Ann, Corpus Christi and Mr. and Mrs. Charles R. Howard and Brenda, Big Lake.

Mrs. O. C. Mason entertained 12 children Friday in observance of her son's birthday. Ronnie Mason celebrated his fourth anniversary. The birthday cake was decorated to represent a cowboy ranch. Balloons were presented as favors. Assisting, Mrs. Mason were Mrs. Earl Beeson, Mrs. Eddie R. King and Mrs. Luther Garner. Mr. and Mrs. John Kubecka were in Midland on Thanksgiving day with the L. W. Moore family. Angela Moore came back to Forsan to spend a few days with her grandparents.

Mr. and Mrs. Gene Streety and children were recent guests of his parents, Mr. and Mrs. L. C. Alston. Dianne and Robert Wash, children of Mr. and Mrs. Bob Wash, are visiting in Lamesa with their grandparents, Mr. and Mrs. Bill Archer.

Chocolate Shake Is Extra Nourishing

A thick, double chocolate milk shake is a nourishing beverage few persons can resist. With the aid of a milk-shake mix now in stores containing dry milk solids, you can prepare such a drink in seconds. Here's what you do: Pour 1 cup of chilled milk into a pint shaker. Add 2 ice cubes and 1 package of mix. Shake container vigorously for 30 seconds. Place a heaping scoop of chocolate ice cream in two glasses and pour in the thick, creamy shake.

Grim Reminder Of Attack On Pearl Harbor

The battleship Arizona, shown in the above aerial photograph, is the one remaining relic of the Jap "sneak" attack on Pearl Harbor, Hawaii, on Dec. 7, 1941. The battered wreckage of the once proud battleship rests on the bottom of Pearl Harbor and is the tomb of 1,102 officers and men—those who perished aboard the ship out of a total crew of 1,500. A flag flies daily from the stubby mast atop the wreckage and the Navy still classifies the Arizona as "in service"—with its crew aboard and at duty stations.

PEARL HARBOR

Scorched Docks, Rusty Ships Still Tell Story

Editor's Note: Dec. 7 will mark the 15th anniversary of the Japanese attack on Pearl Harbor—page U. A new installation on Oahu, Hawaiian Islands. Two years ago, Sam Blackburn, a member of the Big Spring Daily Herald staff, was in Pearl Harbor as guest of the secretary of the United States Navy. The following article is taken from a report Blackburn wrote of his observations while at the famous installation. It is printed with an eye to keeping alive a memory of the dreadful tragedy of Dec. 7, 1941—as a reminder to readers that what happened on that terrible day can happen again.

By SAM BLACKBURN
There is no point in recapitulating all of the tragic details of the drama which befell in Pearl Harbor on Dec. 7.

It is enough to pass the blackened concrete docks which still thrust into the waters of the channel and picture again there the proud battleships of the U. S. Navy and recall what happened.

There is the dock where the USS Oklahoma was moored with the USS Maryland alongside. Four aerial bombs crashed into the Oklahoma. It capsized and 21 minutes later was bottomside up in the shallow waters of the channel. The Maryland was sheltered by the Oklahoma and was the luckiest of the vessels trapped in the harbor on that date.

Pearl Harbor, on that dreadful day, was crowded with Navy ships. There were eight battleships at anchor. Two heavy cruisers were on hand. Six light cruisers were present and a vast number of destroyers and other craft.

Our loss was terrific. In the few hundred yards that Battleship Row extends, 3,667 Americans died in the fleeting space of less than one short hour.

There were in all, 97 American Navy ships in Pearl Harbor that morning. The Japs, for all their fearsome attack, were able to sink or damage only 18 of these. Of the 18 which were sunk and damaged, all but three were back in service before the end of World War II. The three lost were the USS Oklahoma, the USS Arizona and the USS Utah.

RELIQS STILL VISIBLE
I saw the wreckage of the Utah. It and the Arizona are the only two relics of the attack which are still visible.

The poor old Utah was an abandoned and outdated battleship originally commissioned in 1911. It was no longer in service and had been made into a target ship for practice activities of the Air Force bombers.

The hulk was towed out to sea and the planes would drop light bombs on its decks. The superstructure had been removed, the decks reinforced with concrete.

The Japs, in the information they had, were in the belief there were eight battleships and one carrier in the harbor on Dec. 7. The "carrier" was the Utah. Its flat topped decks had deceived the Japanese spies and they had reported it as an aircraft carrier in the message to Tokyo.

The Japs took no chances. They sent a special mission roaring in over the ancient battleship and sunk her. She still lies on her side in the shallow water and there are still 53 men aboard—those who perished out of the maintenance crew of 100. They, like their fellows on the USS Arizona, are to remain where they are through all eternity.

and somehow it all seems remote and distant—as indeterminate of outline as though it were a description of the event in some book.

Not so at Pearl Harbor as we cruised along what they call Battleship Row. This was something far more intimate than in other instances where fortune had placed me on other fields where older battles had been fought.

I saw the flag first of all, fluttering fitfully in the downpour of rain. It was flying from a short mast which reared itself above a twisted and blackened mass of rusting iron. The outlines were softened by the deluge and only the brilliant red, white and blue colors stood out clearly against the sodden gray skies.

As we drew nearer, the charred metal which I had first seen became more visible. Atop it, I saw a sort of platform had been erected and around this a low railing. A gangplank led from the water's edge to the platform.

Our guide raised his voice to override the drone of our boat's motor and the heavy patter of the rain on the canopy above our heads.

"This is what is left of the USS Arizona," he said. "That stake you see, emerging near the shore marks the stern of the vessel; the other stake beyond the platform is the bow. With the exception of the small part which you see, the bulk of the Arizona is under water."

'ABOARD' ARIZONA
Our boat pulled alongside. A seaman stepped aboard the platform and made our picket boat fast to a stanchion.

The rain suddenly increased its tempo. "You are free to go aboard the USS Arizona," said our guide.

Without a word, the 14 of us arose to our feet. We left our hats on the boat seats. We walked up the gangplank to the platform. We stood at the base of the flagpole. We read the words which are engraved on the bronze plaque which is embedded in the platform. We stood there in the downpour, oblivious to the rain. We stood with bowed heads and we were silent.

"I think some of the more religious of our group may have whispered a prayer. If so, it was most suitable."

We were standing on the grave of 1,102 brave American seamen. Below us in the murky waters, deep inside the rusting and barnacle-crusting debris of what was once the proud battleship Arizona, many Americans sleep. They will sleep there from now on. They run the gamut in rank from an admiral to a humble seaman just enlisted. They are where they died—at their duty posts as they were when the Japs swung into Pearl Harbor on that dreadful morning

Dec. 7, 1941. Each morning, a boat puts out from Pearl Harbor with a Navy flag crew aboard. It proceeds to the USS Arizona and with full solemnity, raises our nation's flag to the top of the stubby mast. At sundown the same boat and crew return to ceremoniously lower that flag.

'STILL IN SERVICE'
For in the Navy's viewpoint, the USS Arizona is not a sunken wreck, mouldering in the mud of Pearl Harbor. The USS Arizona is still in service, the Navy says—still a ship of the line, still on duty. Its crew is on board and its flag will fly from that mast as long as there is an American seaman in Pearl Harbor.

There were 1,500 men aboard the Arizona on the morning of Dec. 7, 1941. They were about their ordinary duties in the early morning hours. Then without warning, the Jap planes roared in from the sea. They swept Battleship Row again and again. Their lethal bombs whistled down to catch the eight huge vessels at their mooring docks. The quiet of the Sunday morning was shattered by the angry snarl of motors; by the ear-splitting blasts of the exploding bombs.

The Arizona was the least lucky of all of the Navy ships trapped in the harbor. One of the Jap bombers, roaring overhead, released a bomb. It plummeted downward to disappear into the smokestack of the battleship. Far down below, it exploded and the blast split the big ship asunder. The ammunition aboard the Arizona was set off and the battleship literally disintegrated. It disappeared below the water and only the shattered fragment which today sticks above the water marks the place where it died.

400 ESCAPE
Of the 1,500 men aboard that date only 400 escaped with their lives.

When time permitted, the Navy sought to remove the 1,102 bodies trapped in the wreckage. Divers were sent below to try and make their way through the torn and twisted wreckage. One diver died, trapped in the tangled ruins. Another was rescued with great difficulty.

The Navy sent messages to the next of kin of all the men aboard the Arizona on that dreadful day. The message asked that the Arizona's dead be permitted to remain aboard, to spend their long sleep with the ship they loved.

And all of the kinsmen of these men replied: "Yes, let them stay where they are."

And so there they are today as they have been for 15 years. I think they must know that their memory is held in reverence—that the foul treachery which cost them their lives has been avenged.

'Extra-Money Schemes' Not Always On Level, C-C Says

The Chamber of Commerce has issued a warning against schemes which promise victims an opportunity to "earn extra money at home."

The warning was issued following receipt of a bulletin from the National Better Business Bureau which said some of the rackets may be worked in this area.

Envelope and postal card addressing propositions, "piece work" offers, and similar "earn extra money" approaches were cited as examples of the rackets. In one of the schemes, the promoter states that \$40 or \$50 per week can be earned addressing and mailing postcards at home.

Persons who respond receive postal cards asking them to send \$1 for "complete information and instructions."

Those who remit \$1 receive in exchange a little booklet explaining that the firm is engaged in the sale, by mail, of name plates or some other item of merchandise. The booklet urges recipients to remit an additional \$5 for a box of 250 postcards which advertise the merchandise. These cards are to be addressed and mailed by the home worker, to a mailing list which the home worker himself has compiled. The firm agrees to pay a commission, usually \$1, on each item of merchandise sold in this way.

The piece work scheme is another prominent home-work racket, according to the Chamber of Commerce. These include such offers as "100 monthly for doing assembly work at home," or "sewing machine owners—earn extra cash." The real purpose of these advertisements is to sell inferior

piece work to persons who respond to the ad, usually at an exorbitant price.

In a variation of this scheme, the promoter promises to buy back the work which is completed by the prospective victim. Later, they simply inform the home worker that the completed work is "not good enough," or "not up to our standard."

Another category of home work schemes involves the sale of "professional instructions" on how to set up a business at home, according to the BBB bulletin. These instructions allegedly provide the home workers with information, but they are actually of a worthless nature. For example, one promoter offered instructions on how to start a catalog addressing business at home. In exchange for the victim's \$2.00, he merely sent out a list of mail order companies, with the advice to write these companies offering to furnish names and addresses from telephone directories.

The requirement that a payment be made before the firm will reveal the nature of its proposition is a warning that the proposition should be thoroughly investigated before acceptance, or before any money is sent in, the C-C said.

The Chamber of Commerce said.

A Bible Thought For Today

Now the just shall live by faith; but if any man draw back, my soul shall have no pleasure in him. But we are not of them who draw back unto perdition; but of them that believe to the saving of the soul. (Hebrews 10:38-39)

Editorial

A New Note Of Urgency

The Chamber of Commerce is in the process of getting suggestions from the membership and others on items which may go to make up a program of work for 1957.

While we can't pinpoint the items that will constitute the final product, we can assume safely that they will be in the major fields of revenue and of service. For instance, there is bound to be something on industrial impetus, on highways, water and soil, on business and trade promotion, on tourist development. These things are basic, and while their order or priority may be altered, they must all be included.

One of the major dangers is to become expansive with a program, in a bid for popular support, that we might spread our efforts too thin. In the end, we could end up with a program that was "much ado about nothing."

But the board and the management is well aware of this pitfall, having faced it year upon year.

What we would like to direct attention toward is a fact which seems to dictate an added note of urgency to the community program—and that includes the planning by the city, county, schools and college as well as the chamber. This fact is simply that we are only two years away from the next decennial census on business and agriculture, and only three years removed from the decennial census on population.

It may seem silly to say that we ought to be at our biggest and best at these milestones. Of course, we do not hold with

the misguided practice in some quarters which advocates spread and inflation to produce a distorted picture just at census time. But the fact remains that we are in a competitive society, and anything we can do to prevent an undue lagging of our economy and other development within the next two or three years may be repaid in many years.

Almost all business men, and some in public affairs, are familiar with the advantages which may accrue to cities and counties, which reach according to the census a certain business level, which possess a certain number of people, which have a specified volume of agricultural production, etc.

The best way to bring ourselves to these places, without having to resort to distortions, tricks and inflations, is to start early enough building and consolidating our fences. What we do within the next two or three years then will have a solid foundation and will represent lasting benefits to our community. It will be more than something on paper.

Hence, we believe there should be a note of urgency in this year's Chamber program. We believe the city should be looking ahead to a policy of where and how to expand, if such seems warranted. And so it goes with all the agencies serving our community life. Perhaps all of this may yield some specific goals and target dates, and if so, we'll come a lot nearer realizing them than to await that ephemeral and tempting "more propitious moment."

Walter Lippmann
The Long-Range View For Europe

There can be few in this country who have not felt how sharp is the contrast between what we have been saying about Hungary and what we are doing. The stark and brutal fact of the situation is that Hungary lies wholly within the iron grip of the Red Army, and that neither we nor our Allies in the Atlantic alliance have the means to intervene and to challenge the Red Army.

This has left us doing two things—protesting and trying to arouse world opinion on the one hand, and on the other doing something to bring aid and comfort to the large and growing mass of refugees who are fleeing into Austria. This, most of us would feel, is not nearly enough, and that besides words and charity the country should at least be preparing, even if it is too early to propose, a solution of the underlying problem from which these horrors and agonies arise.

The essence of the underlying problem is manifest in the plight of the refugees. According to the latest figures available, nearly 90,000 refugees have fled across the border into Austria before they came there were already in Austria—a small country of about 7,000,000 inhabitants—170,000 refugees from the world war. Austria does not have the buildings to house this mass of refugees, and as a makeshift the Austrian government has closed all the schools in eastern Austria and most of them in Vienna, and it is using all public buildings available and also railroad cars. The temperature in Austria is now about eight degrees above zero.

Obviously, Austria cannot carry the burden except on an emergency basis. Nearly 20,000 of the refugees have found at least temporary asylum in other countries, foremost among them Switzerland. According to the United Nations estimate, it may be possible to resettle outside of Austria some 30,000, which would include 10,000 for the United States. But this leaves a mass of 60,000 to be cared for in Austria, not taking into consideration the refugees who will be coming from now on. At the last official count available here they were still coming at the rate of 3,500 a day.

What the figures do is to raise a fundamental question of policy. Is the Western world going to assume that the refugees are permanent expatriates from Hungary for whom new homes and new jobs must be found in Europe and in the New World? If so, there is a work of planning and of international cooperation to be done on a scale and of a scope beyond anything now being improvised.

Or in the Western World to assume as the principle of its policy that the great mass of these refugees should regard their exile as temporary, and that they can expect to go back to Hungary? If so,

Investment Bankers See Need For Stable Money

HOLLYWOOD — "Money's so tight in America that Scotsmen are leaving to grouse."

That wisecrack, at the meeting of the Jim Daisies, a newspaperman-banker organization associated with the Investment Bankers Association convention at the Hollywood Beach Hotel here, characterized the entire convention.

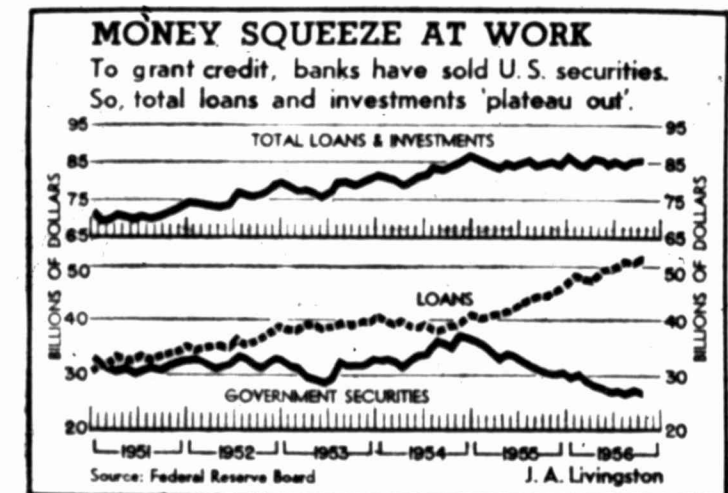

Just before the words were uttered, government bond prices sold down to the lowest levels since the early 'thirties.

The speaker elaborated the satire by denying the Bond Buyer, bible of the bond trader, would change its name to the Bond Seller.

"It was seriously considered, but the board of directors could not agree on how to spell 'seller'."

Many investment firms support endorsing the very policy that hurts. Emil J. Pattberg Jr., chairman of the executive committee of the influential First Boston Corporation, which, like other firms, has wounds to lick, presented a unanimous report of the IBA Governmental Securities Committee, a report unusual for courage and objectivity. Here's the key paragraph:

"With business activity nearing the limits set by manpower, materials and plant capacity... Federal Reserve policy continued to be directed toward restraint in carrying out this policy, the Federal Reserve did not make tight money; but, rather, the system refused to close with inflationary dollars the gap between savings and the demand for capital."

Cut-Rate Tickets

BARTLESVILLE, Okla. — Bartlesville police are offering reduced rates on traffic tickets. A parking meter has been installed inside police headquarters. If a motorist gets a parking ticket, he can settle it cheap by getting to headquarters within 45 minutes and depositing a nickel in the meter. If he doesn't, it costs a dollar.

Double Steal

OCALA, Fla. — Byron Craig, phosphate firm executive, reported both his cars stolen in different cities while he was off on a football weekend.

Craig said he left one car in Lake City and the other in the garage of his home here. Both were taken, as well as several valuables from his house.

Police figured whoever stole Craig's car at Lake City found his address and house key in it and came here to add to the loot.

Hot Lawn

LITTLE ROCK, Ark. — Clinton Anderson strolled from his house to the front lawn and lit a cigarette. The lawn burst into flames. Anderson ran. Firemen spent about 45 minutes putting out the fire, which was caused by a leaking gas line. Anderson was not hurt.

No Pinko Elephants

SACRAMENTO, Calif. — Alcoholism is rare in Russia.

Rigid controls on worker absenteeism send drinkers to hospitals, says Dr. Ephraim C. Korol, a California mental hospital physician. He said he found no delirium tremens cases or alcoholic brain disease during a recent study tour of Russian hospitals.

Little Travel

KALAMAZOO, Mich. — The student of the future will live within easy commuting distance of higher education, says Michigan's superintendent of public instruction.

Dr. Clair L. Taylor says that by 1970 there will be a network of nearby colleges for high school graduates.

Bible Words for Today

II CORINTHIANS 4:16 — "So we do not lose heart, though our outer nature is wasting away, our inner nature is being renewed every day." (RSV)

In these words is the secret of Paul's sustaining faith. It was not so much what took place on the outside but what happened inwardly that counted. Paul won out because he did not lose heart. He did not lose heart because he trusted in the invisible resources of God.

Life has a way of wearing out our physical bodies but in the process our souls may grow. That is, if we lay hold upon the realities of God. For in so doing the real self gradually transcends the body and dwells more and more in the eternal order of God. Only as one finds sustenance in God is his inner nature renewed. Only as one's inner nature is renewed day by day is he able to survive the struggle of life.

Though our outer nature wastes away, we will not lose heart because our inner nature is being renewed day by day.

Dr. John V. Leach
Professor of Religion
Dakota Wesleyan University
Mitchell, S. D.

Around The Rim

Where Man Is King, And Can Rest, Too

Some folks say that Mexico is one of the backward countries. Or, in governmentese, one of the "newly developing" countries.

This may be true in some respects. Air-conditioned automobiles and mink stoles doubtless are fewer in Mexico than in the United States, and the natives probably don't go in for canned tamales.

But an expert on the neighbor to the South—after three days in Monterrey—might uncover some evidence to dispute this "backward business. Maybe we could acknowledge that the good people are 'way ahead of us in some respects."

Consider the pace of living. Many a paean of praise has been written on the siesta, and not without purpose. In those places in Mexico not yet corrupted by Yankee hustle, there's no point in trying to accomplish anything, business, social or otherwise, from around 11:30 or so until 2 or 2:30 p.m. It's just naturally the time for wheels to stop turning, shutters to close, and even for dogs to stop barking. It's the time for rest, period.

The statistics are not immediately at hand, but it's a good venture that the ratio of heart attacks, cases of high blood pressure and the like is far below that of the United States. One wonders why Mexicans don't have ulcers from all that tabasco, but they ain't got ulcers from traveling at too fast a pace.

So what if a business transaction is delayed for a few hours, or even until manana. Won't we be here then, senator, to close out the worrisome details? Of a certainty!

So the siesta is a custom that could well be emulated in these here parts of the world. All it takes is for us to agree to get together on this and no fudging.

—BOB WHIPKEY

Norman Vincent Peale
Joy In Giving—Old But True

A few months ago I visited that famous old castle that still broods over the waters of Lake Geneva in Switzerland. Built eleven centuries ago, this is the castle of Chillon, immortalized by Lord Byron's poem about its tragic prisoner. You can see the dungeon where the prisoners were confined, forced to go round and round working a grindstone, year after year.

Byron's poem tells how, inside that dungeon, one by one, the other prisoners died. Finally, this one prisoner was confined there alone. In time he almost forgot he was a man. His keepers no longer felt they had to keep him in chains; he was a beaten man, chained psychologically.

Then, one day, a bird perched on a high casement and sang to him. And that song awakened something within his soul. Without chains, he was able to climb to an aperture where he could look out over the lake and see the shining mountains in the distance. As he looked, he knew he must be free.

A prison of stone and iron bars almost destroyed this man—but the prisons we create for ourselves are even worse. As Charles Dickens said, "we forge the chains we wear in life." We raise our own walls, put the bars in place and forge the chains around us when we live entirely for ourselves, for what we can get for our own creature comforts. The soul, the real essence of ourselves, cannot survive selfishness. As Dr. Smiley Blanton says in his current best-seller, we must "love or perish."

We cannot find real life for our souls until we lose ourselves in service and love for our fellow men. If you really want to be free from yourself and have the time of your life all your life, try the joy of giving.

It is easier to prove this at this time of year than at any other. Go out and watch people doing their Christmas shopping. See them in the streets and shops. Attend to your own gift purchases. Doesn't a strange and exciting change come over you and all the people you meet? Somehow, everyone seems gay and happier. A sense of joyous expectancy fills the air.

The gifts we buy and send to those we love at Christmas are material things. It's fine to be able to afford to give them, but to find real joy in giving, especially at Christmas and all the year round too, there's something beside material things you will need to give your loved ones and friends.

And that is the gift of life itself. You and I were given life to share, not to hoard. Lonely people know that you cannot gain happiness by retiring from human fellowship; you find only misery and a sense of self-pity. You can only be happy with yourself by giving yourself away to others, by becoming genuinely outgoing.

A good way to start becoming that sort of person is to do something for someone else, not because it will increase your income or your social standing, but for the pure joy of doing it.

"That's old stuff," you may say. "I've heard that many times before." You're right—it's as old as Christmas. But don't write it off because it's old. It must be good to have lasted so long.

Start this Christmas season right. Find real joy this year by giving yourself away. You'll get back more real love and happiness than you ever had before.

David Lawrence
An Opportunity For Moral Law

WASHINGTON—This is a time to keep things in perspective. It is not a time for recriminations. The outburst of anti-American feeling in the British and French press is understandable. Nobody likes oil rationing.

It wasn't the American government which blocked the Suez Canal or blew up the pipelines in Syria. These were the consequences when national passions were aroused.

The problem now is how to cool things down—not how to inflame them more. The British editorials which point to the "disruption" of the Western Alliance—and the angry expressions of some of the conservatives in the British Parliament who think America is not cooperating in getting oil to Europe, but is chastising the British and French for their use of force—will not help move things toward a solution.

If there is to be a post-mortem on mistakes and errors of policy in the last few years Americans could refer back to the British restraint which stopped the United Nations army from using maximum military power in Korea and securing a victory there. Yet one of the London editorials proudly claims now that Britain "backed America to the hilt in Korea."

It isn't all white or all black. To conduct international relations in a world of turmoil is very difficult, indeed, especially in a world that has not been truly stabilized for a long, long time.

Then there's the matter of paying for the Suez mess. The United States is expected abroad to put up the cash to get the oil so that the automobile users of Western Europe can enjoy normal conditions once more. American taxpayers are generous but will not be browbeaten by French or British spokesmen in the press or in the parliaments. Congress holds the purse strings and is sensitive about foreign criticism.

The demands for America to side with Britain and France and forget everything else that has happened will only add to the complications. London and Paris should know that American hearts are close to the British and French people no matter what the issues or the criticisms.

But "an all is said and done, a realistic course has to be followed by the United States. A policy has to be shaped to fit the changing circumstances of a troubled world. It will not avail to have the United States play the part of a leader who tries to boss the show and tell other nations

Rebuked Reptile

BATESVILLE, Ark. — Dr. George Hollis, a biology professor at Arkansas College, has little hope anyone will take him up on a standing offer. He wants to give away an alligator. The 4½-foot reptile has been living in the professor's bathtub.

In The Mood

LEWISTOWN, Mont. — "She looks like just another cow, but she's a walking assembly line," said Robert Lucas, manager of the Ferguson County Farm. "He was referring to the farm's star registered cow," Ferguson County judge gave birth to two sets of twins within 10 months.

Deer's Clothing

DRYDEN, Ont. — Maybe Mr. Wolf shouldn't go around in deer's clothing. Frank Wolf, wearing a brown-colored jacket, was shot in the leg by mistake for a deer by an over-zealous hunter in this northwestern Ontario district.

Parking Pays

MADISON, Wis. — When Earl E. Wheeler of Madison dropped a penny in a downtown parking meter it paid off like a slot machine. After his penny rang up 12 minutes of parking, the front dropped to the ground and 59 pennies rolled out.

'Best All-Around'

Bobby Campbell and Wanda Williams, above, have been chosen for honors as the best all-around boy and girl in Ackerly High School. Bobby, son of Mr. and Mrs. Cecil Campbell, has been prominent as a basketball and football player, ran track for two years and has been president of the Ackerly FFA for two years. Wanda, daughter of Mr. and Mrs. Covie Williams, also has been active in sports, playing both basketball and volleyball. She was chosen all-district player for three years. In addition, she has been a major-ette for two years, drummer for one year, participated in two class plays and was a class officer for two years. She has a perfect attendance record for more than 11 years of schooling.

Jess Talkin

In response to a questionnaire sent out through the public schools of Big Spring, 27 boys and girls indicate they would like to become 4-H Club members and start a project of some kind.

Assistant County Agent Bill Sims intends to call a meeting before Christmas and get started with these youngsters. Since the towns are growing so fast, with people in urban areas outnumbering those in rural communities, the Extension Service plans also on working with city youngsters.

Sims says there will probably be other boys and girls who will join the club once the work gets started.

One can sympathize with the dairyman whose milk prices are regulated by the government, yet he buys feed on a market that is not controlled. And feed is going up steadily.

A few days ago cottonseed was selling in Stanton for \$73 a ton, while hulls were keeping pace.

"It's not the gins doing it," said one gin manager. "The mills are in need of cottonseed and they're the ones who are raising prices."

Down near Waco the dairymen saved their herds temporarily by getting the railroads to ship in hay at half the regular freight rates. Some of it comes from states as far away as Nevada, Idaho and Montana.

One spokesman said if it hadn't been for the railroad's generosity and the government's help of \$7.50 a ton on hay, the dairymen would have been forced to sell their cows and quit the business.

The Glasscock County 4-H Club and FFA members will carry about 10 lambs to the Odessa Livestock Show early in January. The animals will be divided into about five taker by each club.

Gerald Oakes, agriculture teacher at Garden City, said the best lambs would be entered but these would not be determined until nearer the show date.

Caged hen operations at Stanton are still growing, with the building of another 2,016-capacity hen house. Tom Houston, one of the original four to build these houses, decided to add another one and now has it under construction.

The houses are 24 by 160 feet in size. The producers are using lightweight hens and small cages,

and are able to get more into a house than poultrymen in other areas do.

The Garden City School Board did a nice thing for the 4-H Club members of the county. The school had an old school bus which was no longer used, so it was given to the club. The motor was no good, so the club borrowed the money for another one and also fixed up the body.

Now County Agent Oliver West says they are planning to put a lavatory and butane stove in the bus and fix it up with two tiers of bunks.

"I sure saves us money on the livestock shows and trips," West said. "When fixed up, it will sleep about 15 boys, and we can also do part of our own cooking in it."

Howard County gins had turned out 4,400 bales of cotton when the Texas Employment Commission stopped keeping score a couple of weeks ago. There is no way of determining at this date how many were grown in Howard County. Possibly a thousand bales came from Martin, Glasscock and Borden counties.

Gins are still operating but the cotton is coming in slowly now. Ginners estimate the season is 90 per cent over.

I don't know of anything much lonelier than an abandoned rural school house. There are several of them in Howard and Martin counties, and without exception they have been left to decay and fall apart. All were the victims of consolidation and have been empty from 10 to 20 years. The yards have grown up in weeds, varminths have made dens underneath them and many families, who educated their children there have left the communities.

I have a lot of affection for the little rural school. What little education I have was mostly gained in a rural school, where the terms often didn't last over six months. Those were the days of the tin dinner buckets, the long willow switches which the professor used to keep the big boys in line. Older memories are of grubby-faced kids playing marbles, little girls with long pigtails and games such as town ball, wolf over the river and one old cat.

The best school teacher I ever knew was head of a small three-room school. He was a little man but at least 35 per cent of him was made up of salt and pepper. He was a deeply religious man and taught more than just books. By his own example he taught hard work and how to behave like men and women.

He didn't seem to be an ambitious man, yet people kept pushing him into bigger jobs. He moved to a larger school, became county school superintendent, then a state legislator, and finally was appointed to the presidency of a college.

Though I never became half the teacher he was, he has been my ideal and idol, even after a third of a century.

PLATTER PALAVER

By Mary Sue Hale

Has the Christmas spirit captured your fancy, already? One of the most outstanding singers of songs pertaining to this holiday is Bing Crosby. Just released in time for this year's festivities is his LP record by Decca, "Merry Christmas." Included in the 12 seasonal numbers sung by him, accompanied in certain numbers by Carole Richards and the Andrews Sisters, are "White Christmas," "Adeste Fideles," "Silver Bells" and "Silent Night."

Guy Lombardo, who has also been said to have been gifted with a knack for doing up Christmas music in special wrapping, has a new LP release, "Jingle Bells." With his Royal Canadians, he issues "sweetest music this side of heaven" in the songs, "Jingle Bells," and "Rudolph The Red-Nosed Reindeer," plus ten other yuletide tunes.

Currently one of the most popular vocal groups is the Teen Agers. Frankie Lyman receives special billing as he takes the lead in their latest release, "Baby, Baby," on a Gee label; the flip side is "I'm Not A Juvenile Delinquent."

Jaye P. Morgan and Eddy Arnold team up on RCA Victor for a disc that is going very well locally. "If'n." The number is buoyant by hopping with rhythm, and should attain a much greater popularity than it now rates.

One of the most beautifully assembled new releases is "Boulevard of Love" by Hugo Winterhalter on RCA Victor. Watch this one! It has great potentiality.

Has it really happened, or are we merely imagining things? "Love Me Tender" as recorded by Henri Rene is listed as being the more popular version than Elvis Presley's recording of the same number.

A number that is being teased around quite a bit by the younger set is "Soda Pop Hop" as recorded by Eydie Gorme for Columbia. Watch for Tony Bennett to be in the spotlight with his new recording on Columbia, "Just In Time." One of the newest recording artists is Betty Johnson. Lew Douglas and his orchestra back her latest bid for notice, "I Dreamed."

Seldom is one person, or entertainer in this case, blessed with the versatility that is Gisele MacKenzie's. Her latest LP release, on Vic, isn't the least unusual in the selections contained—they are all exceptionally well known. The pitch is that Miss MacKenzie sings portions of a number of the songs in French.

At Hilburn's—A 1947 PENNY Can Be Worth \$100 TO YOU DURING OUR BIG ANNIVERSARY CELEBRATION

1957 Model General Electric WASHERS-DRYERS

The New General Electric automatic washer for 1957 washes clean and recycles the wash water to give you lint-free clothes. Two washer speeds, two spin speeds to meet your every need. The 1957 dryer dries your clothes with air instead of heat. Clothes aren't "baked dry", come out sweet and fresh every time. Buy now at these special pre-Christmas discounts to save up to \$100 on the pair.

Bonds Assure Appearance Of Defendants At Time Of Trial

By SAM BLACKBURN

If you should be arrested for some crime and propose to go to court to prove your innocence, you are entitled to be released from jail on bond.

In most offenses, the amount of the bond is more or less a fixed amount; in some cases, the bond will be whatever the prosecuting or the arresting officer may recommend to the examining magistrate before whom you may be taken.

For example, there was a man arrested in this county a few months ago charged with causing the death of another person by automobile. He was charged with murder by automobile which is a special offense under Texas law but which does not usually bear a penalty in excess of five years in prison. Bond in his case was set at \$25,000.

Not too long after this matter, another man was arrested and charged with murder — it being alleged that the defendant had shot and killed a man. His bond was fixed at \$5,000. Murder in Texas courts can mean life imprisonment or even execution to a person convicted by a jury.

Why the difference? The defendant in the first case cited was a former convict. He

had what officers call a "record." He was a transient and officers felt it was essential to the cause of justice that he be placed under sufficient surety to guarantee that he remain available for trial.

The defendant in the second case was a local resident. He had no previous record. It was rather obvious officials believed, that he would not run out — that he would be on hand when his case was called for trial.

The first defendant was unable to post bond and was kept in jail. The second was released on bond within relatively few hours after he had surrendered to officers following the shooting.

Some states have what are called professional bondsmen. Some states issue license to these persons and they are usually found hunting the offices of police and other arresting officers. They make their living by posting bond for prisoners who pay the bondsmen an agreed fee for the service. Professional bondsmen must have sufficient capital or resources to make it possible for the county to collect the amount of the bail they have guaranteed in event their client disappears and does not show up for trial.

Texas does not recognize such bondsmen and no provision is made for them to practice their peculiar profession in this state. Bondsmen who sign bail for Texas prisoners are usually their friends or, many times, friends of their friends.

When a person is arrested for a crime, it is usual for some member of his family to make suitable arrangements either personally or through another person to post bond for the prisoner. This is done after the amount of bail has been fixed by the examining magistrate.

It is required that persons signing the bond must convince the authorities they have cash or property, free of obligation, sufficient

ly valuable, to "put up" as security for the prisoner. The rule is that the amount of collateral the signers of the bond can show must be well in excess of the amount of the bond.

In the event that the man they bail out disappears and fails to show up for trial when the case is called, the bondsmen must either produce him in court or they forfeit the security they posted guaranteeing his presence.

Professional bondsmen charge a fee for their services. They gamble on the chance their client will be available. If fees are paid for making bonds for Texas prisoners, these are privately arranged deals and are not made matters of record.

Officers who are empowered to accept bonds for arrested persons are generally well enough advised they can evaluate with a fair degree of accuracy the stated assets the signers claim to have. Officers are required, if they do not have good reason to believe that sureties are adequate and truthfully reported, to investigate before accepting the signature of the bondsmen. If they are not satisfied with the findings, they can refuse the bond and the prisoner either has to remain in jail or find signers who qualify satisfactorily.

Recently, a prisoner in an adjacent county sought release from jail. The sheriff of the county refused the bond—holding that the signers had not proved their possession of the properties they offered as collateral. The prisoner filed a petition for a writ of habeas corpus.

In the hearing, the persons who

signed his bond were placed on the witness stand and sworn. Under oath, they recited their list of possessions — lands and other valuables — which they said they were offering as surety for the appearance in court of the prisoner. The court ordered the bond approved.

By their action in swearing that they owned the property named, the signers made themselves liable for perjury prosecution in the possibility that it was necessary to forfeit the bond of the prisoner. This, the court ruled, was sufficient to justify acceptance of the proposed bond.

Unlike some states, all offenses in Texas are bondable. However, in capital crimes or in certain specific instances where circumstances merit, the officials can demand bond of such large amount that most prisoners may have great difficulty making it.

In such cases, if the prisoner elects to do so, he can petition for his release on lesser bond through a writ of habeas corpus. If he can convince the court that the bond set in his case is excessive or unreasonable, the court has jurisdiction to reduce the amount. By the same rule, if the court so chooses he can uphold the officials who set the original sum and deny the relief asked by the petitioner.

Indian Band Sets 3 Concerts Here

The McMurry College Indian Band will be presented in three concerts here this evening and Monday.

The band, directed by Raymond T. Bynum, will give its "worship through music" program at 7:30 p.m. today at the First Methodist Church.

Monday concerts are slated for 9 a.m. at Big Spring High School and 11 a.m. at Howard County Junior College.

The McMurry band was invited to appear at the First Methodist Church by Dr. Jordan Grooms, pastor. Associate pastor of the church is the Rev. Richard Deats of Big Spring, an ex-member of the McMurry Band and a 1953 graduate of the Methodist college.

Don Hamilton, Seymour junior, will be in charge of rituals, prayer and benediction for the band's church service. He will also play a cornet solo, "The Holy City."

A mixed quartet will sing "My God and I." A trombone-cornet duet of "The Beautiful Garden of Prayer" will be played by Willis Giddens and Don Davis.

Dorothy King, Throckmorton junior, will sing "The Lord's Prayer," and the band will play "The Bells of St. Mary's." Peggy Campbell of Lamesa will play a vibrato harp medley of religious selections.

The band's mixed choir will sing two numbers — "The Nation's Prayer," and "Battle Hymn of the Republic."

The program to be presented at the Big Spring school and college assemblies will be similar to that given by the band on its recent concert tour of five European capitals, Bynum said.

Miss King will sing "One Kiss," from the opera "The New Moon," "My Hero," from "The Chocolate Soldier," and "People Will Say We're in Love," from "Oklahoma." Instrumental soloists to be featured on the concert tour will be Stella Bergen of Phillips, saxophone; Don Davis of Santa Anna.

SINGS WITH BAND ... DOROTHY KING

trombone, and Ann Bynum of Abilene, piccolo.

Miss Bynum, daughter of the McMurry director, won first-division solo honors in interscholastic league competition in 1953, '54 and '55.

There will be novelty pieces, Latin-American rhythms, marches and Overtures.

Bynum, who has been professor of music and director of the band at McMurry since 1946, is a member of the highly selective American Bandmasters Association. He is a past-president of the Texas Music Educators Association and the Texas Bandmasters Association.

Schizophrenia Cure Nearer

WASHINGTON (AP)—Possibilities of partial or total recovery from schizophrenia have markedly increased in the past 40 years, the National Assn. for Mental Health was told today.

Schizophrenia, commonly called split personality, is the most widespread of the serious mental illnesses. It is marked by loss of touch with reality, delusions of persecution and hallucinations.

Dr. George Stevenson of New York, medical consultant to the association, said a 40-year study of mental hospital patients disclosed that victims of schizophrenia now have at least a 60 per cent chance of partial or complete recovery if they get early and adequate hospital treatment. The odds may become even brighter in the next few years, he said.

Egypt Mine Plot Believed Sham

ROME (AP)—The U.S. Fleet which evacuated 1,200 civilian men, women and children from Alexandria, Egypt, earlier this month moved through waters which Navy men thought might have been mined. Authoritative American sources now believe these fears stemmed from a deliberate Egyptian effort to mislead them.

A triumphant later message from the fleet — "safely at sea" — ended the worry over mines.

The Navy went ahead with the evacuation because of the urgent need to get the refugees, most of them American, out of the battle area. Two Egyptian minesweepers finally sailed ahead of the ships after U.S. authorities insisted.

Spiked Arrow

OKLAHOMA CITY (AP)—An Indian man called Running-After-Arrow ran away from an Oklahoma City police court judge and a drunkenness charge yesterday.

But Officers S. D. Orr and R.L. Forge said they were faster runners. They nabbed the fugitive and returned him to court to face fines totaling \$32.

See the '57 Chevrolet now on display. It's sweet, smooth and sassy!

Chevy's lower and longer... and

every inch a beauty!

Chevrolet's new Bel Air Sport Coupe. Body by Fisher, of course, with all that means in extra fineness of construction, materials and details.

Sure it's longer and lower. And lovelier, with the smartest, smoothest design anybody's come up with for '57. And livelier, with new power (even fuel injection!) plus Turboglide automatic drive — the first and only triple-turbine transmission.

Here the bright new ideas begin, and they go on and on, inside and out. Things you'll especially like: A colorful choice of 20 new models. Remarkable pep and handling ease. New V8 horsepower options that range up to 245.* And a choice of two automatic drives as extra-cost options. There's famous, frisky Powerglide. Or Turboglide, Chevy's new automatic that brings you triple-turbine takeoff and the smoothest going of them all.

You may find it hard to put your finger on the thing you like best about this sassy new Chevy. Could be its happy feeling of lively, easy-going fun. Or the pure satisfaction of driving a car that's so agile and responsive. And so new and daring in design! Could be any or all of those things—all good reasons to stop by and pick out your favorite among the 20 sweet, smooth and sassy new Chevrolet models.

*270-h.p. engine also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p. in Corvette and passenger car models.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE!

Only franchised Chevrolet dealers display this famous trademark

Disney's 'Fantasia' Is Result Of Blending Of Music, Color

Some years ago, Walt Disney began experimenting in a new medium — the relating of colors and pictures to sound. What he came up with at the end of the experiment was one of the most unusual motion pictures yet produced.

The production, "Fantasia," plays Thursday through Saturday at the Ritz Theatre. Leopold Stokowski and the Philadelphia Orchestra are prominently featured as creators of the music heard in "Fantasia," and Deems Taylor, noted music critic, narrates.

The job of translating notes of music into color and sound was a big enough job, but the expert blending of color and motion into music is remarkable. "Fantasia" has been described as "seeing music and hearing pictures."

Several classics are on the program. Bach's Toccata and Fugue, written without thought of telling a story, but merely for the beauty of its own tone patterns, is a study in moving patterns and colors on the screen.

Tchaikovsky's "Nutsacker Suite" is interpreted in its six movements with dancing figures drawn from fancy. The "Sorcerer's Apprentice" by Dukas presents Disney's Mickey Mouse as the apprentice and his misadventures as told in the music.

The brutal music of Stravinsky's "Rites of Spring" suggested to Disney a vast pageant of the primitive past, and the result is a sweeping panorama of the Earth's first two billion years — convulsions of a new born planet, cataclysmic upheavals, death battles of reptile monsters.

Disney planned the intermission to follow Stravinsky's violent music, as he puts it "to allow the audience to recover."

Beethoven's "Pastoral Symphony" is a departure from tone paintings and violent music. Disney's imagination leaped to Mount Olympus and the Greek gods to illustrate the pastoral theme. Pachelbel's "Dance of the Hours" also is light, featuring various animals in a grand spoof on ballet.

The last two numbers on the program are a contrasting in music and pictures of the contending forces of good and evil. Mussorgsky's "Night on Bald Mountain" is a weird collection of terror, death and evil, and its strains have left a chill in more than one listener. Bald Mountain, near Kiev in southern Russia, was once the meeting place of devil worshippers in pagan times.

There is an emotional, as well as musical, bridge into Schubert's "Ave Maria." In this, monks are shown wending their way through a primeval forest, whose tall trees gradually merge into a stately cathedral that human architects could never build.

Following the two-hour classic of "Fantasia" is a Disney cartoon short titled "Foot Whistle Plunk Boom," the story of music's development from earliest times.

Those who like Spanish dance and music are in for a thrill this afternoon and evening. Carmen Amaya, the V. S. of Spanish dance, will appear here today with a troupe of musicians, dancers, and singers. Prominent among the stars is Sabicas, famed Spanish guitarist.

Miss Amaya carries a heavy load of praise from U. S. critics and professional musicians. Her dancing is built around the traditional flamenco forms, and being a pure-blood gypsy, she literally throws herself into an orgy. Her dancing has been described as "frantic."

Miss Amaya is not just, often putting her own interpretations into the more traditional Spanish movements, but the dances are the more fiery for it.

We feel sure all Big Springers with a smidgen of culture will enjoy Miss Amaya's program.

The Elvis Presley movie, being held over this week, is adequate from the standpoint of acting, direction etc. But the general rule still holds: if you can't stand Elvis, then "Love Me Tender" is not for you. And there's no need to recommend him to his fans; they know already.

We still haven't been able to figure out if Elvis can act. Between the screaming of his girlish fans and wise cracks by his detractors, we couldn't hear much of his dialogue. He didn't really have a chance. He couldn't open his yap without bringing down the house.

In judging Presley's acting ability, it must be remembered that he has had no previous dramatic training or experience. This was his first acting role as well as his first movie, and most Hollywood newcomers have already had years of experience and training.

"The Bad Seed" returns this week. Based on a Broadway production, the film version is considerably less shocking and certainly less satisfying, all of which does not mean it's not worth seeing. It's the story of a girl born without a conscience, fated to kill ruthlessly until she finally comes to a bad end.

The stage version showed the tiny murderer, at the end, still alive and happy, and all those about her either dead or slightly bemused. The moralists who pressure Hollywood, however, would have none of it. In the film version, the girl comes to a bad and somewhat ridiculous end — struck by a bolt of lightning.

Another ridiculous ending comes after the movie is over. The Hollywood producers apparently felt the audience must be shown it was all in fun, for Miss Patty McCormack, who plays the little girl, gets a spanking from Nancy Kelly, who portrayed her mother. And the cast comes in for a curtain call.

The best way to enjoy this movie is to see it from the first and leave at the night scene depicting Miss McCormack taking a flashlight and raincoat and going out into the rain. That way you'll miss the phony ending.

Both versions paid too much attention to the "controversy" over whether criminal tendencies can be inherited. There is no such controversy, except by a handful of mostly non-scientific amateurs. Some characteristics are inherited, most are acquired through environment.

All in all, however, the film is dramatic, somewhat shocking and, as far as we can see, not very harmful to the younger generation.

"It's been a long time since we first saw 'The Moon Is Blue,' but we haven't forgotten it. The picture stirred up a hornet's nest when it first came out. Being the story of a virgin's adventures, it was attacked by various groups as "immoral." "The Moon Is Blue" is racy and makes use of forthright dialogue, but is certainly not to be classed as immoral.

One of the most amusing films we've seen.

We just go all to pieces over Walt Disney's films. "Fantasia," a cartoon feature especially aimed at music lovers, returns this week. Disney, in his own inimitable style, translates some of the world's greatest music into a series of fantasies. For example, that old veteran, Mickey Mouse, is cast as the "Sorcerer's Apprentice," as the studio orchestra plays that old classic by Dukas.

An added attraction is the cartoon short, "Toot Whistle Plunk Boom," which tells of the development of music from the earliest days.

It's one of Disney's best.

Some more cartoon title puns: Unexpected Pest, From A to Z-Z-Z, The Ostrich Egg And I, Roman Legion Hare, My Little Duckaroo.

Those who have read W. Somerset Maugham's "The Beachcomber" will still get a charge out of

6-D Big Spring (Texas) Herald, Sun., Dec. 2, 1956

On A Rampage

Robert Newton, a drink-sodden castaway on a South Sea isle, battles native police in this scene from "The Beachcomber," satirical comedy about a missionary sister's attempts to reform a perfectly happy drunken bum.

'Beachcomber' Is Tale Of Bum And Lady Missionary

One of Somerset Maugham's best tales has been made into a movie, "The Beachcomber," starring the late Robert Newton, Glynis Johns and Donald Sinden plays Sunday through Wednesday at the Sahara Theatre. It is one of the year's top comedies.

Newton is cast as a drunken bum, offspring of wealthy parents who have exiled him to a South Sea island, sending him a monthly remittance. Newton plays his part well, staying under the weather most of the time, betting up the native police, smashing up the local beer joint and making love to all the native girls.

Miss Johns, as a missionary's sister, is prim and prudish. She detests Newton and tries to have him deported. Instead, she finds herself alone with Newton and two natives, spending the night on a

deserted isle, convinced her virtue is about to be pilfered. Newton and his buddies prove more interested in the bottle, but Miss Johns is convinced her virtue was saved only because of a spark of decency remaining in Newton.

She decides to salvage his soul, and Newton is in for a hard life. The climax comes after Newton volunteers to aid Miss Johns in halting an epidemic spreading through the islands.

Clerical Error

A clerk's error was almost the undoing of Dawn Adams, the girl with the ample figure who plays in "The Moon Is Blue." During the war in England, Dawn, being evacuated from London, was accidentally enrolled in a boy's school.

CINEMA COMMENT

By BOB SMITH

The film version, even if it has been re-written a wee bit. The re-writing has not changed the basic theme to the usual extent. It's the story of a rum-dum castaway on a South Pacific isle and a missionary's sister who takes it into her mind to save his soul. The original short story was humorous and satiric all the way through, but the film version has added a bit of adventure. Another change from the original is in using beautiful Glynis Johns in the role of the missionary's sister, whereas in the short story she wasn't much to look at. The late Robert Newton portrays the rum-dum.

All in all, "The Beachcomber" is top film entertainment, with a good story and excellent acting.

Singer Charged

LOS ANGELES (AP)—Singer Kay Starr is charged with driving at "wanton and reckless speed" in a \$124,066 suit filed against her after an auto collision March 7, Augustine Sierra, 36, and his wife filed the suit yesterday.

Parker 61

The only fountain pen that fills itself by itself—it has no moving parts

In its first Christmas Season, the Parker 61 is the distinguished gift for those friends who appreciate the new, the unusual—quite flattering to them and to you.

The Parker 61, with its frankly revolutionary capillary ink system, fills itself, writes effortlessly, dependably—even on a high-flying plane.

Other wonderful Parker gifts from \$2.95

Parker 51—Coronet Set—The world-renowned Parker 51 men's fountain pen with matching pencil, packaged in a silver-lined cuff-link and jewelry box. \$19.50

Parker 61—The famous Parker 61 lady's pen and matching pencil in a two-piece evening case. \$19.50

Parker 41—New medium-priced Parker fountain pen that works like the famous 51. Gift-boxed, of course. \$8.75

Margò Jones Unit Planning 'Macbeth'

By MARSHALL COMERER

The holiday season means Shakespeare time at the Margò Jones Theater '56, the Dallas professional arena theater.

This year brings "Macbeth," a possible production in which the cast is more often than not tripped by trying to mouth the Bard's blank verse. Its best scenes are Edwin Willner as King Duncan and Martha Thompson, who carries every bit of the ovation she gets, in the Lady Macbeth sleep-walking scene.

The Victoria Civic Theater, which came into being 13 months ago, has gotten the rights to put on the first performance of a new play by the authors of the popular radio and television program "One Man's Family." The play, "The Man on a Stick," is scheduled to open Jan. 30.

Still to be seen at Houston's professional playhouses are "Antastasia" at the Alley and "The Royal Family" at the Playhouse.

On little theater stages, at Fort Worth, Conair's Wig

and Masque Players present their second show, "The Biggest Thief in Town."

Baylor University Theater turns to the romantic comedy, "The Rainmaker," opening Dec. 7.

The Lamar Tech Curtain Club will present the Greek classic "Oedipus the King" Dec. 13-14.

El Paso's Playhouse's new show is "Reclining Figure." It will be given three weekends and have Sunday matinees.

"Green Grow the Lilacs" is the second production of the San Angelo College Theater and the fall project of the San Angelo College a Capella Choir Dec. 13-14.

The Lubbock Little Theater children's workshop climaxes its fall season's work with the experimental play "Alice in Wonderland" as adapted by Eva LeGalienne. It will be given Dec. 16.

The Texas Tech speech department will give a Shakespearean play, "The Merchant of Venice," Dec. 1-15.

Midwestern University Art Department has set its production

of Shaw's "Pygmalion" for Dec. 12-15.

Iden Payne, authority on Shakespeare and University of Texas teacher, has recorded 13 15-minute programs which will be heard on 43 educational stations in this country and on a number of commercial stations.

"In the symphony orchestra concert halls..."

The Houston Symphony has filled its open dates with five concerts featuring light music. On New Year's Eve Conductor Andre Kostelanetz and pianist Andre Previn will appear in a George Gershwin program. The other dates in the series are pianist Alec Templeton Jan. 8, Skitch Henderson, the television conductor, Feb. 8, Jose Turbi as pianist and conductor April 2 and Fred Warren, conducting Houston's "Pop's Chorus," April 8.

The Midland Symphony Orchestra also will give "The Messiah" Dec. 11.

The Fort Worth Opera Assn. is presenting Rossini's "Barber of Seville" Dec. 5 and 7.

Flamenco Dancers To Appear Today

The Carmen Amaya Spanish dance troupe will appear at two performances in Big Spring today at City Auditorium. A matinee performance will be given at 2 p.m. and the evening show is slated for 8 p.m.

CARMEN AMAYA

Miss Amaya has been hailed by the nation's critics as the fiercest exponent of the Spanish dance.

Featured on the program is Sabicas, one of Spain's top guitarists. In addition is an entire company of Spanish dancers, singers and musicians.

The dances are built around the traditional Spanish flamenco, which finds its origin in the music and dances of Egypt, Greece, Arab, Persia and India. Miss Amaya, a full-blooded gypsy, gives the dance her all, swirling and stamping, according to some critics, in a "frenetic" outburst of energy.

Those who have praised Miss Amaya's dance interpretations include Arturo Toscanini and Leopold Stokowski, noted conductors; Walter Winchell, columnist and radio commentator; and Cecil B. DeMille, motion picture producer.

Court Refuses To Dismiss Suit Against Disney

LOS ANGELES (AP)—A court has refused to dismiss actor Kirk Douglas' \$415,000 suit against Walt Disney Productions.

Superior Judge Leon T. David denied the defense motion yesterday and gave Disney 20 days to answer Douglas' claim that pictures of the actor and his children taken at the Disney home Aug. 1 were used without authorization.

"It is not enough to say that because he is a motion picture personality and a public character, he has no private rights in the matter," said the court, adding: "Motion picture actors are not altogether 'goldfish in a bowl,' as the defense had argued.

Once In A Blue Moon

David Niven, the middle-aged roue, makes a play for innocent chat-box Maggie McNamara in this scene from "The Moon Is Blue." William Holden co-stars in this entertaining spoof on sex.

'Moon Is Blue' Is Flip, Frisky Farce On Sex

"The Moon Is Blue," playing Sunday and Monday at the Jet Drive-In Theatre, is a flip and frisky farce on sex, presented with a forthrightness that is disarming and refreshingly free of snickers and leers. Or, as Hollywood punsters put it, it is a story that comes along once in a blue moon.

It is a comedy about two men on the make for a maiden, fashioned from the original Broadway version that ran three successful years. The plot picks up with a pickup atop the Empire State Building, and ends with a proposal at the same place.

In between there is some frank and rather fresh "talk and maneuvering which any boy on the make and any girl on the defense will recognize. The girl is played by Maggie McNamara, who proves a girl doesn't have to be a Busty Brown to be attractive. William Holden plays the enamoured arch-

Special Yule Programs For Kids On Channel 4

Christmas programming on Channel Four takes shape with the announcement from FBST-TV of two presentations slanted toward children's interest in the holiday ahead.

Next Friday, Mrs. George O'Brien begins a weekly program of Bible stories in which she traces the true origin of the annual observance, with the use of unique illustrations and a flannel board background.

In a lighter vein, "Stand By For Santa" started this past week, with Dean Johnson interviewing local children who appear on television and talk with St. Nick at the North Pole by remote control.

particular show, (one of four filmed in Europe last summer) was actually taken in part on the streets of London. It shows many of the city's famous buildings and one scene was actually filmed in the historic Tower of London.

From California, Ed Sullivan presents the 15th annual Modern Screen awards tonight on his show, and special guests will include Frank Sinatra, Doris Day, Louella Parsons, Tony Curtis, Debbie Reynolds, Natalie Wood and Tony Perkins. Leading off the show will be Rosemary Clooney and Sophie Tucker.

Rosemary Clooney, Sophie Tucker, Frank Sinatra, Jack Benny, Kim Hunter and a number of other notables are included on Channel Four's line-up of entertainment this afternoon and evening.

Jack Benny and his actress wife, Mary Livingstone, tour London, but unlike most tourists, Jack manages to get himself involved in several complicated and hilarious situations on the "Jack Benny Program" tonight at 6:30. This

Ronald Reagan and Kim Hunter play the leading roles in a warm and tender drama, "Orphans" on "The General Electric Theatre" tonight at 7. Miss Hunter plays the role of a young girl living in Northern Ireland who has just received the blessings of her mother and her priest on the announcement of her engagement to a friend of long standing. Her fiancé knows that she was in love with a young American killed in the war and when his twin brother turns up, the girl's romantic life becomes complicated by memories of a dead man.

Walter Szlezak and Lili Darvas have the leading roles in "Portrait Of A Citizen" to be seen Monday evening on "Studio One." It's a Norman Katkov story about an immigrant family's terrible secret and one man's courageous resolve.

'Tamed' Viruses Found Beneficial

CHICAGO (AP)—Medical researchers reported today they stimulated body defenses against polio in infants by bottle feeding them two types of living but "tamed" polio viruses.

They said long-time follow-up studies may "give substance to the hope" that the babies have been given lifetime protection against the disease.

Use of live, attenuated polio virus is another approach to the problem of finding permanent protection against polio.

In the Salk polio vaccine in general use the polio virus is killed by a powerful chemical, but still possesses the ability to create antibodies that fight and kill the invading virus.

Unusual Animal Fight Filmed

One of the most unusual animal movie fights was caught by cameramen on a South Pacific island filming "The Beachcomber." The participants were an elephant and a crocodile.

The crocodile regarded himself as lord of the lagoon, and the elephant regarded the same spa as his private watering place. There already had been several skirmishes, and the film's director ordered a movie cameraman to keep watch for any further battle.

Star

Jeanne Crain stars in "The Second Sex," with George Nader, playing at the Terrace Drive-In Theatre Sunday and Monday.
