

Methodists Elected

Elected to two-year terms at the national Methodist Council of Evangelism at a conference held at Purdue University, LaFayette, Ind., are, left to right: D. E. Jackson, Nashville, Tenn., treasurer; Rev. George A. Fallon, Lakewood, Ohio, president; Rev. Wayne A. Lamb, Memphis, Tenn., vice president; and Rev. Gordon Pratt Baker, Nashville, Tenn., secretary. Another vice president elected, missing from picture, was Ben Cannon, Tyler, Texas.

Repatriated POW Was 'Disillusioned'

SEATTLE (AP)—An Illinois farm boy who refused repatriation after his capture by the Reds during the Korean War said last night he was disillusioned in his 3 1/2-year search for "peace" in Communist China.

But Arley Pate, 26, of Carbondale, Ill., declined to give his definition of "peace." He said there was as much "peace" in the United States as there was in China.

The talkative Pate, dressed in a shabby, blue, Chinese-tailored suit, arrived here from Tokyo with Aaron Wilson of Urania, La., another Korean War POW who cast his lot with China when prisoners were exchanged in 1953.

Pate and Wilson, a shy, quiet lad of 25, crossed over the Chinese border at Hong Kong Sunday after telling the Communists they wanted to return home.

Their applications for repatriation, filed Oct. 29, were acted upon speedily by the Reds, Pate said.

Wilson declined to answer questions.

Pate said he decided to return because of the illness of his father, the recent death of his brother Ronald in a swimming accident and "other reasons."

Pate's parents are Mr. and Mrs. Daniel H. Pate of Carbondale.

Pate said all he wanted to do was to return to Carbondale and work on his father's farm.

Asked if he considered himself a traitor, Pate replied:

"No, sir, I never have thought of myself as a traitor."

In China, Pate worked in the machine repair shop of a Tsinan paper mill. He said he was paid the equivalent of \$90 a month.

Wilson said he studied Chinese language at a Tsinan school.

Of the 21 Americans who decided to go to Red China after the Korean War, only 14 remain. Four others returned ahead of Pate and Wilson and one died in Red China.

Dozens Of Magyar Children Find Yule Spirit In U. S.

CAMP KILMER, N.J. (AP)—Dozens of Hungarian children, uprooted in bewilderment from their homes only a few days ago, awoke today to find that the spirit of St. Nicholas lives around the world.

When they looked at their shoes polished so brightly in hope, they found a wonder of wonders — St. Nicholas had paid them a visit.

Even though they were thousands of miles from their homeland and living in an Army barracks, the old gent had found them.

He left them the traditional gifts: dolls, games, candy — and switches.

They were small gifts, in their

Valley Water Unit May Not Oppose Control Plan

EDINBURG, Tex. (AP)—Mercedes Water District attorney G. A. Smith said yesterday his group probably will not contest a new water control program allotting water in the Rio Grande Valley on an acreage basis.

A meeting of attorneys in the water suit is to be held tomorrow to make final changes and to sign the plan.

Smith earlier voiced strong objections to the plan on the grounds that it would "destroy and bankrupt thousands of people."

He said, however, he now believes "it's better to get rid of

Mongrel

Mrs. George Enzinger, of Eureka Springs, Ark., the famed Irene Castle of the World War I era, poses with Tippy, a 10-year-old mongrel she claims was "switched" from her by former owners after she befriended it as a stray. She is waging a court fight for Tippy's custody and vowed to take the case to the U.S. Supreme Court if necessary. She has possession under \$200 bond. The former owners say they merely found the dog where they had left it on return from California.

Suez Fiasco, Algerian Revolt Put Mollet In Delicate Position

By GODFREY ANDERSON

PARIS (AP)—The Suez fiasco and the unending Algerian war have brought French Premier Guy Mollet under increasing political attack but most political observers agree the government is not in danger—yet.

Trouble might come when the bills roll in and the budget must be voted in January.

By then, if he makes it, Mollet will have been 12 months in office, a postwar rarity in France. Until now he has weathered the Suez crisis with far less difficulty than British Prime Minister Sir Anthony Eden.

The job which has hurt Mollet most came from 17 deputies in his own Socialist party. Declaring themselves in line with Britain's labor party in condemning the Suez affair, the 17 protested that the government's "pacification" policy in Algeria had also failed and should be scrapped. They demanded the immediate calling of a special party congress to discuss the next moves.

There has been sniping too from the far left, right and center of the National Assembly.

Perhaps because of these indications of dirty parliamentary weather ahead, the Premier today sought and obtained from the cabinet permission to stake his future on a confidence vote when the Assembly debates the treaty returning the Saar to Western Germany next week.

But the biggest threat to Mollet will come in January, just a year after he took office. With military expenses outrunning estimates

and tax receipts down — both largely because of Suez—the 1957 budget may be largely outdated even before it is voted.

By then too the worst may be known about the economic effects of the blocking of the Suez Canal. Gasoline normally gives a big revenue boost to the government, which nets about 48 cents on every gallon sold. The planned 30 per cent cut in its consumption will slash tax receipts an estimated \$385,700,000.

That is just a beginning. Three quarters of the oil used in France goes to industry in various forms. Tax losses because of reduced production in steel, automobiles, glassware, etc., cannot yet be calculated. Nor can the possible

unemployment which may result through cutbacks.

That's when the storm may really break around Mollet.

Oil Channel Repair May Take A Year

MIAMI BEACH, Fla. (AP)—A government official said today it may take a full year to restore normal oil transportation channels disrupted because of the Suez Canal crisis.

H. A. Stewart, director of the Interior Department's Office of Oil and Gas, told the Interstate Oil Compact Commission that although the Suez Canal may be cleared in six months, it may take a year to restore damaged pipelines to normal capacity.

Chou Okays U. S. Stand

MADRAS, India (AP)—Premier Chou En-Lai of Communist China today endorsed the position taken by the United States in the U.N. debate on the Egyptian conflict. He described it as "correct" but then said he was "more concerned" about two other questions of American policy in the Middle East.

"Is the United States trying to take over British and French positions in Egypt and does the United States still support the British and French idea of international control of the Suez Canal?" Chou asked.

He added that he supported the policy of the African-Asian Nations on Egypt "for an immediate withdrawal of British-

French forces, with the United Nations supervising their withdrawal and helping clean up the canal."

Relieve Bladder Irritations—Get Comfortable Again

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headaches or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an soothing effect on bladder irritations. 2—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Texas Aid Sought

DALLAS (AP)—Headquarters opened yesterday for a drive for Texas funds to help refugees from Communist oppression. Miss Elizabeth Forsling, executive director, said all funds will go to the International Rescue Committee Inc., a private institution set up to aid victims of political oppression.

Son Of Sam Bass Victim Is Dead

LAMPASAS (AP)—Ben Grimes, 80, of San Angelo died of a heart attack Wednesday while getting into his auto.

He was father of Ben Grimes Jr., of Dallas, city sanitation engineer. Grimes was a prominent Episcopal church leader and dean of the staff of Hill Printing Co. of Waco.

His father, Lige Grimes, was deputy sheriff at Round Rock on July 19, 1928, when outlaw Sam Bass was captured. Deputy Grimes was slain by Bass in the gun battle.

Bad To Worse

ST. LOUIS (AP)—Monroe Mitchell, 39-year-old laborer, appealed a 60-day sentence imposed by a judge on a charge of leaving the scene of an accident. A jury in the Court of Criminal Correction heard the case on appeal and sentenced Mitchell to a year in the city workhouse.

AF Traffic Toll In Texas Seen At 60

AUSTIN (AP)—Sixty Air Force personnel will be killed in Texas traffic accidents this year, "hitting our national defense," an Air Force official predicted yesterday. Speaking before the opening session of a state-Air Force sponsored traffic safety conference, Col. W. L. Tubbs said, "Every time we lose a man in the Air Force, we are hurting our national defense."

Tubbs headed the ground safety team at the conference from Air Force headquarters in Washington, D.C. He predicted 60 Air Force personnel will be killed in traffic accidents throughout the state this year.

Some 200 Air Force commanders and safety officers are attending the 3-day conference—the first of its kind—which ends here tomorrow. Gov. Shivers invited the Air Force to meet with state officials because of the number of Air Force personnel being killed in traffic accidents.

Director of Public Safety Col. Homer Garrison said 6 per cent of the drivers involved in rural fatal accidents are military people and half are in the Air Force. "Education and engineering are stressed heavily both within the

Air Force and in civilian life." Maj. Gen. C. P. Disoway, commander of the Flying Training Air Force at Waco, said, "We have posters, training aids, newspapers to educate the airman...but it is in the area of enforcement that the payoff comes. It is found that the commander who has the highest enforcement rate has the lowest accident rate," Disoway said.

Cold Spell Hits Northern Areas

By The Associated Press
Arctic air brought bone-chilling weather to most of the Northern Plains and sections in the Rockies today. Temperatures dropped to near 25 below zero in Montana. The icy Canadian blasts, moving southward and eastward, extended from Idaho to Lake Michigan and southward through Missouri and Oklahoma. Readings dropped rapidly toward the zero mark from Nebraska through Minnesota and were below zero in most of the Dakotas, Wyoming and Montana. It was -24 at Glasgow, Mont., early today.

Fairly heavy snow covered the ground in the frigid belt, with up to two feet in the mountain areas of Montana. In most areas south and east of the wintry weather, temperatures were mild for the season. But the cold air was expected to continue to spread into western New York and Pennsylvania and as far south as New Mexico and northern Texas.

Comeback

Barbara Lang, beautiful blonde from Eagle Rock, Calif., told three years ago she would never walk again, nevertheless walked right into an MGM contract. Polio paralyzed her for months but she says, "I had faith that God would help me." Now she is preparing to play the lone female role as Jack Palance's wife and sister-in-law (he plays dual roles) in "The House of Numbers."

U. S. Plan For NATO Council Brushed Aside

WASHINGTON (AP)—Diplomats disclosed today a U.S. plan to strengthen Atlantic Alliance unity by creating a NATO supercouncil has been brushed aside by America's European allies.

As a consequence, they said, the idea—first proposed by Secretary of State Dulles at Paris last May—is being abandoned by the United States, at least for the time being. Dulles' suggestion was ignored by a three-member committee which has just completed a report recommending changes in the North Atlantic Treaty Organization. Its report, which is understood to contain no recommendations for radical departures from the present NATO setup, will be studied at the NATO foreign ministers' session in Paris early next week.

That meeting, for which Dulles leaves Saturday, also has two other major points on its agenda. The first is a general discussion of military plans for the next 12 months. In keeping with the atomic age trend of placing more reliance on modern weapons than on manpower, some troop trimming might be recommended. The other point will be a round-robin discussion of world events, including the British-French-Israeli action in Egypt, Russia's use of force in Hungary, and the ever-present issue of German reunification.

Possible reorganization of NATO into something more than a military alliance has been under study since last May by the committee. Its three members, dubbed the "Three Wise Men," are Foreign Ministers Lester B. (Mike) Pearson of Canada, Gaetano Martino of Italy and Halvard Lange of Norway.

Mahon Calls For Loan Program On Light Spot Cotton

LUBBOCK—Rep. George Mahon has wired Agriculture Secretary Ezra Benson, urging him to immediately set in motion plans which will guarantee a loan basis on light spot cotton for the 1957 crop year. This action followed a meeting in Lubbock of representative farmers from approximately 30 West Texas counties Nov. 28. At the meeting a resolution was unanimously approved calling upon the Department of Agriculture to include a specific loan on light spot cotton in the government loan program.

Mahon pointed out that cotton growers are losing millions of dollars annually by reason of the refusal of the department to grant a special loan on light spot cotton. He said that over a period of years he has joined with other West Texans in seeking a special loan on light spot cotton. This year a loan was endorsed by the House Committee on Agriculture in a report made to Congress, and a Congressional hearing was held in Greenville, Texas, in October at which time the Department of Agriculture was criticized for its failure to provide for a special loan on light spot cotton for the 1956 crop.

Mahon expressed belief that the united front which has now been presented by all farm groups should mean a great deal in the campaign for a government loan basis on light spot cotton for 1957.

Contribution Voted

Members of the Ninth Grade Hi-Y voted to contribute \$16 to YMCA World Service at their meeting Tuesday. Dennis McCullough conducted a program on "Getting Along With Parents."

Grimes Released From Hospital

Bunky Grimes, who suffered concussion and other injuries in an automobile collision at Seventh and Douglas Sunday morning, was discharged from the hospital Wednesday and is convalescing at his home, 1108 Douglas.

Although he is confined to his bed, he is allowed visitors, the family said.

Young Grimes' car was in collision with one operated by Garland Johns, 709 E. 12th Johns was charged in County Court with drunken driving, but pleaded not guilty and was released on \$500 bond Tuesday.

Fuses In Blast Said Safely Packaged

NEW YORK (AP)—A Connecticut firm says almost seven tons of detonating fuses—which some officials contend may have caused the terrific blast during a Brooklyn pier fire—were shipped "in strict conformity with all regulatory requirements."

The blaze and explosion last Monday killed 10 persons, injured 246 and caused damage estimated by city officials at 15 million dollars. A probe of the disaster continues—including the cause of the fire.

The Ensign Bickford Co. of Simsbury, Conn., said last night it shipped 1,350 cases of "Prima-cord" fuses to its West Coast distributor. Stoughton S. Ellsworth, a company vice president, said "Prima-cord" is designated by the Interstate Commerce Commission as a

Class C or minimum-hazard explosive. He said the fuse also has been approved by the Federal Bureau of Aeronautics for shipment via air freight.

City Fire Commissioner Edward F. Cavanaugh Jr., however, said yesterday that shipment of such a quantity of this material was of a "hazardous character."

Ellsworth said the fuses would be explosive only when set off by an "outside force," adding: "If acetylene gas blew, it could be set off."

Seven drums of carbide were found in the middle of the 1,700-foot pier, biggest in New York Harbor, the night of the fire. Carbide mixed with water creates acetylene gas which explodes under contained conditions.

3 Disintegrated In Nitro Blast

EAST ALTON, Ill. (AP)—All three men working in a storage shed for nitroglycerin solvent apparently were blown to bits at the Olin Mathieson Chemical Corp. yesterday.

Parts of two bodies were found. A third man was listed as missing and presumed dead.

A few hours later one employee was killed and four others were injured in an explosion at the firm's chemical plant in Niagara Falls, N.Y.

The East Alton blast demolished three buildings and damaged three others. It erupted a ball of fire which set several buildings ablaze.

Twenty-seven persons were hurt four seriously. The dead here were listed as William Schoenbaum, 61, Floyd P. Wisnasky, 36, and Gerald Dillard, 54.

The victim at Niagara Falls was Russell Thrasher, 26.

Urge Grocery Beer Sale End

AUSTIN (AP)—A 100,000 signature petition asking an end to sale of beer and other alcoholic beverages in grocery stores throughout the state will be presented to the Legislature, the Women's Christian Temperance Union said yesterday.

The union closed its state convention yesterday. A motion to limit terms for all general officers was quashed in the closing minutes.

Mrs. Claude Watts of Austin, re-elected to her 36th term as president, asked for "a standing vote." However, the vote was never officially taken. The pro-limit group said they felt only a secret ballot was valid. Mrs. J. F. Klutz of Port Arthur

presented two resolutions to the convention which approved one and took the other under consideration. Approved was her resolution asking a protest letter be written to the American Medical Assn., "condemning the American Medical Assn.'s stand for pro-modernization and anti-prohibition."

Melody Maids

The Melody Maids, a girls' chorus sponsored by the Music Study Club, will appear on the program at Andrews during the convention of Ninth District music clubs Friday and Saturday.

that same day they will be presented at the Music Study Club meeting. Also in their busy schedule is an appearance at the Veterans Hospital on Dec. 22.

JANE McELRATH ... to play at convention of music clubs.

Big Spring Musicians To Appear At Convention Of Music Clubs

Local musicians are planning to attend the convention of music clubs of Ninth District Friday and Saturday in Andrews.

Another piano solo will be played by Jane McElrath, who is a member of the Junior Harmony Club.

are Judy and Cindy Jones, Paula Leonard, Glenda Washington, Janet Curry, LaVelle Meredith, Colette Paris, Annie Lee Nuttall, Nancy Thomas, Linda Hall, Jan Jones, Sue Knox, Jean Armstrong, Caryle McCreary, Lee T. D. and Sandra Phillips, Sandra Walker and Molly Goodman.

Make daughter's favorite doll look just like new with these sew-easy clothes. Each item is one pattern piece, requires a minimum of fabric.

Joining with the choir from Sul Ross College, Alpine, the group will present several selections during a fine arts concert, slated for 8:15 Friday in the Andrews High School auditorium.

Legion Auxiliary To Have Meeting Sunday Afternoon

Members of the American Legion Auxiliary executive committee and the volunteer workers will meet Mrs. R. T. Redies at the VA Hospital Sunday afternoon at 2 o'clock.

Sorority Council

Members of the City Council of Beta Sigma Phi Sorority met Tuesday evening in the home of Mrs. D. D. Thomas.

Mrs. Watkins Will Head Ladies Aid

Mrs. Jack Watkins will head the Ladies Aid of St. Paul's Lutheran Church for the coming year.

The Rev. Wayne Dittloff opened the meeting with a prayer. Chosen first vice president was Mrs. Moran Oppgaard, second vice president, Mrs. Leslie Snow, secretary, Mrs. Gilbert Pachall, treasurer, Mrs. Clarence Schwede and reporter, Mrs. M. W. Rupp.

Lamesa Study Club Hears Gene Pearson

LAMESA - Fifteen members of the Junior Woman's Study Club met Tuesday evening at the home of Mrs. Art Johnson to hear Gene Pearson speak for the March of Dimes and show a film on the Salk polio vaccine.

Final plans were made for the chili supper to be held this evening in the Junior High cafeteria. Having made a pledge to give a stated amount to the March of Dimes, the organization is holding the supper to raise money.

Birthday Celebration

LAMESA - John Puckett, son of Dr. and Mrs. A. J. Jones, celebrated his birthday Monday afternoon with 11 boys. Football was played, followed by bingo. Roger Handals won the bingo prize. Refreshments of ice cream, birthday cake and punch were served the guests.

Mr. and Mrs. R. R. McEwen of La Jolla, Calif., are visiting their children, Mr. and Mrs. R. R. McEwen Jr., and Mr. and Mrs. Dan Krause. The senior McEwens, former Big Spring residents, are staying at the Settles Hotel.

Making Garden Center Discussed For Club

Wednesday morning members of the Big Spring Garden Club heard Bruce Frazier discuss the establishment of a garden center for Big Spring.

The speaker expressed the hope that soil will be made available for that use. He spoke of gardeners' books and bulletins now in the college library; he also told of a course in gardening for which the college will issue a certificate. It is especially planned for yard men.

It was announced that Mrs. Obie Bristow has been named director of Southern Zone One of Texas Garden Clubs. Mrs. Norman Head is to serve as parliamentarian and Mrs. J. W. Dickens, secretary. The two former are members of the Big Spring Garden Club; Mrs. Dickens is in the Planters Garden

Holiday Parties Continue With Coffee At Cosden Country Club

Continuing the whirl of Christmas gaiety was the coffee given Wednesday morning at the Cosden Country Club.

Hostesses, who alternated at the door, in the hall and at the ballroom entrance, were Mrs. Clyde Thomas Jr., Mrs. Dewey Clark, Mrs. J. B. Apple, Mrs. George Thomas, Mrs. Elvira McCrary, Mrs. Charles Harwell, Mrs. Lucian Jones, Mrs. James G. Lewis, Mrs. J. Tip Anderson, Mrs. Walter Ross, Mrs. W. D. Caldwell and Mrs. V. A. Whittington.

Featured in the pink and silver theme were pink net Christmas trees and sprayed tumbledweeds.

A large tree, fashioned of ruffles of pink nylon net stood at one end of the ballroom and was surrounded by a border of pink and silver tumbledweeds.

On the serving table was a small tree of the pink net with tiny Christmas balls attached.

Members of the house party assisted in pouring and serving as well as "just visiting."

Included in the house party were Mrs. E. V. Spence, Mrs. Raymond River, Mrs. R. R. McEwen Jr., Mrs. R. W. Thompson, Mrs. Roland Schwarzenbach, Mrs. J. O. McCrary, Mrs. J. T. Anderson Jr.,

Mrs. Jimmy Jones, Mrs. Curtis Driver, Mrs. Neil Norred, Mrs. Gagner McAdams, Mrs. C. M. Bole, Mrs. Don Williams, Mrs. Tom McAdams and Mrs. Bob McAdams.

Also, Mrs. Carl Strom, Mrs. John Knox, Mrs. R. V. Middleton, Mrs. Fred Kasch, Mrs. Douglas Orme, Mrs. Tommy Hutto, Mrs. Joe Moss, Mrs. N. K. Keller of Midland, Mrs. John Fort, Mrs. C. D. Read of Coahoma, Mrs. Jim Bill Little, Mrs. Guilford Jones, Mrs. Morris Koger, Mrs. E. P. Driver, Mrs. John Balch, Mrs. Buel Fox, Mrs. Harold Davis, Mrs. Ward Hall, Mrs. W. C. Moore, Mrs. Omar Jones, Mrs. Dorothy Reagan and Mrs. Carlson Hamilton.

Two Hyperion Clubs Have Study Of Japan, Education And Art

Blanche Yarborough, instructor of Howard County Junior College, was guest speaker for the 1956 Hyperion Club Wednesday afternoon.

Miss Yarborough told the group of her teaching in Japan, which was on the Fulbright scholarship and told of experiences she had while in that country.

She showed slides of various cities, including Hongkong, Hiroshima and Nagasaki. Members were told that the latter place is the setting for the opera, "Madame Butterfly."

In telling of the promptness of the Japanese, Miss Yarborough said that if a train is as much as

30 minutes late, one-fourth of the fare is refunded.

Scouts Hold Birthday Celebration

LAMESA - Mrs. Jack Alexander was hostess for the birthday party held recently at the Country Club for Girl Scout Troop 4.

Twelve of the girls were present of world association and Girl Scout pins in simple investiture services. They are Deborah Alexander, Rick Adams, Toni Cirvilo, Donna Erch, Judy Giddons, Patricia Hildebrand, Helen Colbus, Ruth Ann Lynch, Lynn Medlin, Judy Mills, Hene Pearce, Virginia Stephens.

Mrs. Alexander was assisted in the ceremony by the two co-leaders, Mrs. Jack Glascock and Mrs. Isaac Medlin. Ten mothers were guests for the afternoon.

The refreshment table featured the troop birthday cake as the centerpiece, decorated with the emblem and four candles. The appointments were of crystal.

duced as a new member. The next hostess will be Mrs. Ben Johnson, who will entertain the club Jan. 2.

The hostess served refreshments from a table using a pink theme to 21. A guest was Mrs. W. D. Anderson of Galv.

"Education and Art" was the study for members of the 1956 Hyperion Club, meeting in the home of Mrs. Ralph McLaughlin Wednesday afternoon.

Divided into three groups the cultural aspects of the state of Texas were discussed.

Following a business meeting, refreshments were served to 18 from a table centered with an arrangement of a large green candle and golden Christmas balls. Basis for the centerpiece was a red cloth.

Marriage Announced

Betty Cauchey, daughter of Mr. and Mrs. Arthur Cauchey of K. W. Pace of Delta, Colo., Dec. 4, is the son of Mrs. Nellie E. Pace of Delta, Colorado. Darrell, flight minister of the Birdwell Church of Christ, officiated. The bride was graduated from Knott High School and Iso Howard County Junior College from Delta High School and will finish four years in the service soon. The couple will make a home at 508 Nolan.

Parsons On State Citizenship Group

Floyd Parsons, superintendent of the local schools, was elected chairman of the citizenship committee for the state P-TA at a recent meeting in Amarillo.

This was announced at a meeting of the City Council of P-TA Tuesday morning at the school tax office.

Volunteer workers for the United States savings stamps sales were announced for each school.

A Pet's Linens

Your little one will be delighted to have linens embroidered with these cute kitten motifs.

Officer Election Is Held By GIA

The GIA of the B.F.E. met Wednesday afternoon at the IOOF Hall to elect officers.

President C. B. Sullivan was elected president; Mrs. E. C. Casey will be vice president.

Secretary is Mrs. R. D. Urey, and treasurer, Mrs. D. C. Pyle. Mrs. E. A. Iverson was elected chaplain; Mrs. J. H. Johnson, guide, and Mrs. A. C. Hart, sentinel.

A Christmas party was planned for Dec. 20 at 3 p.m. in the home of Mrs. Casey, 409 Johnson St. Urey and Mrs. W. R. McGinnis will be the hosts.

Vertical advertisements on the right edge of the page, including 'May Rising', 'BARR PH...', 'Abso...', 'ASK', and 'BUY NO...'. These ads are partially cut off and contain various promotional messages.

Mayor Bolsters 'Attack' On Rising Traffic Accident Trend

Big Spring Mayor G. W. Dabney has joined law enforcement officers in urging the city to get behind the "Back the Attack on Traffic Accidents" campaign now under way.

The mayor has proclaimed December as "Back the Attack Month" and called on citizens to drive safer and at slower speeds.

The Citizens' Traffic Commission reported that an average of 60 accidents have occurred each month this year, and the rate always jumps during December because of the holiday season. Over the nation, 609 persons were killed during the holiday period in 1955.

The four principal factors in traffic deaths during holidays are excessive speed, drunk drivers, night driving, and pedestrian mistakes. Of the 609 killed last year during the Christmas season, 128 were pedestrians.

The National Safety Council reported that 85 per cent of all accidents where persons were killed last Christmas were attributed to speeding cars. Also drunk were involved in 55 per cent of the fatal accidents, and over half of the per-

sons killed were in accidents after dark.

Of course the percentages overlap since many involved drunks who were speeding, the Safety Council added.

On a local level, the county has already topped the previous record for traffic fatalities, with the holiday season still ahead.

And for this reason, the mayor has joined the police department and CTC in urging citizens to be more careful drivers.

Police Chief C. L. Rogers said he has instructed the department to keep a closer check on traffic violators.

The CTC is distributing literature to civic organizations asking them to support the campaign. The group is also giving out Back the Attack bumper signs.

The mayor's proclamation:

WHEREAS, the nation's traffic fatality toll is approaching a record high of 41,000 and Howard County has already reached a record high of 25 fatalities; and

WHEREAS, immediate and positive action must be taken in the face of this mounting traffic toll to make every American conscious of the necessity of safe driving on highways and city streets; and

WHEREAS, the cooperation of all motorists and pedestrians with traffic activities of public officials is needed to provide efficient and safe traffic movement; and

WHEREAS, the Traffic and Transportation Conference of the National Safety Council, composed of organizations and groups concerned with the reduction of traffic accidents, such as our local Citizens' Traffic Commission, has developed plans to enlist citizen support for stepped-up official activities for traffic safety through a nationwide "Back the Attack on Traffic Accidents" program.

NOW, THEREFORE, I, G. W. Dabney, mayor of Big Spring, do hereby proclaim the month of December, 1955, as the opening month of "Back the Attack on Traffic Accidents" and call upon citizens to support officials and take a part in organized traffic safety and conduct themselves in a cautious and safe manner, both driving and walking, in order to curb the shocking traffic toll.

Further, I ask citizens to consider the four main influences on the high December traffic toll—speed too fast for conditions, driving and drinking, extended darkness, and pedestrian errors.

"I'm Always Sure of Giving Exact Dosage"

Priest Charged In Girl's Death

NANCY, France (P)—A village priest was charged today with slaying a 19-year-old girl about to become a mother. Police said the Roman Catholic priest admitted the slaying and confessed he was the father of the unborn child.

Police identified the priest as the Rev. Guy Denoyer, 37, of the village of Uruffe.

The girl was Regine Fays, a worker in a glass factory whose duties at the village church included putting flowers on the altar.

Police said the priest shot the girl in the neck, cut open her abdomen and then knifed the child. They quoted him as saying "I wanted to wipe out the traces of my sin."

The girl disappeared Monday on her way to the grocer's. Police said the priest joined in the search then admitted the slaying after a search of his home disclosed a pistol with one bullet missing.

Freed From Jail

Mrs. Patricia Arthur, ordered released from an 8-year sentence in connection with the slaying of her policeman sweetheart, carries her luggage toward the Juarez, Mexico, prison gates. Patricia, an American citizen, won freedom when Mexico's highest court decreed she had been tried as an adult for a crime occurring when she was a minor, violating her constitutional rights. She said she was going home to Louisville, Ky., and visit her mother and reunite with her 3-month-old son, born while she was in prison.

Guided Missile Progress Cited By Army Chief

NEW YORK (U)—Maj. Gen. John B. Medaris, chief of the Army's Ballistic Missile Agency, said today the Army is "well advanced in the development of Jupiter," the 1,500 mile intermediate range ballistic missile (IRBM).

In an address prepared for the American Ordnance Assn., Medaris dealt obliquely with the recent order by Defense Secretary Wilson, assigning operational use of the weapon and later financial support to the Air Force. He took no direct issue, but did make these points:

1. That the U.S. Army moved into the ballistic missile field 12 years ago, when the Germans demonstrated the value of the V2.
 2. Using elements of the 200-mile Redstone ballistic missile as a forerunner of Jupiter, "We have gained a very considerable time and reliability advantage by flight testing essential Jupiter components."
 3. The Defense Department recently ordered that operational use of the IRBM be carried out by the Air Force and that, starting next July 1, the Air Force would provide money support for the development program.
 4. "The Army has a long history of serving others than itself; we have no predilection about whom we serve. If budgetary strictures dictated the decision, existing resources and demonstrated achievements must weigh heavily in any determination of future developmental assignments."
 5. "The exceedingly rapid advance of science and technology, not confined to the United States, requires that today's concepts be translated into deployed weapons in an absolute minimum of time.
- The alternative, which must be avoided, is the undesirable situation of having no current weapons, only those which are obsolescent and those which are on the drawing boards. . . . Your Army well understands that time is of the essence and therefore appraises its firepower in terms of what we have—not what we hope to find."
- Medaris said that design, development, fabrication and test trials of components of the Jupiter weapon are being conducted at the Huntsville, Ala., Redstone Arsenal of the Army.
- Actual test firing of equipment, he said, is being carried out at Patrick Air Force Base, Fla. The range there extends southeastward over the Atlantic Ocean.

Big Spring (Texas) Herald, Thurs., Dec. 6, 1956 5-A.

Santas Grow Beards When Children Gripe

PHILADELPHIA (U)—Some of Santa's street-corner helpers are going back to beards after trying clean shaves. The kids griped.

The Volunteers of America, which employ the helpers, said it abandoned its beards because they were wearing out. It went for the clean shave after trying masks, which frightened small children.

But the clean shave brought an uproar from older children. The volunteers decided to buy better beards.

Ground Observers See 42 Airplanes

WESTBROOK — Observers spotted 42 planes in the first practice alert for the local Ground Observer Corps. Mrs. Jesse Cuthbertson, chief observer, reported.

The alert was held from 1 to 6 p.m. Sunday. Eight volunteers took part. The post is located at the telephone office.

Jess Talkin

by Jess Blair

During the recent holiday period I visited most of the irrigated areas west of the Pecos, though we didn't stop in Pecos except to eat. I spent a half day in the Wildhorse and Lobo Flats farming sections near Van Horn.

The Lobo Flats is quite a farming district. Most of the farmers have nice homes, good equipment and seem to be making money. They made a big cotton crop this year and also got a good price for their feed. Some of them made two bales per acre, and I saw one patch on the Buddy Griffin farm which will yield three bales per acre when it is all gathered. Griffin said he had put 40 tons of manure to the acre which made him an extra bale per acre.

The farmers who worked out a nice deal with the ranchers. The cattlemen have 5,000 head of cattle to feed in the flats. The farmers furnish the silage and other feed at fair prices, then haul the manure back to put on the fields.

The most desolate section I've seen since leaving the Dust Bowl in Colorado is along the Rio Grande in Hudspeh County, or Lower Valley as they call it. At one time about 20,000 acres of land was irrigated and farmers were doing well.

Then the river stopped furnishing water and the farmers drilled wells. For awhile they still did all right, until the well water started getting salty and ruined the land. Now only about 5,000 acres is cultivated and most of this is in patches.

We drove off on one country road and passed five houses, with four of them vacant. The people have left for other parts, leaving the houses empty and the fields growing up in tumbleweeds.

Nearer El Paso things are a little better, but all of it is irrigated from wells. Last year farmers were allotted only enough river water to bring up the crops, and this next year they may not get any at all.

The most prosperous place is Dell City, which is 100 miles from the nearest farming area, being located almost on the New Mexico line. These farmers are making crops almost unbelievable. One of the best farmers is a Mexican named Joe Diaz. He is making 800 bales of cotton on 347 acres.

One man made so much cotton that no one will likely believe it, though it was on a very small acreage. His name is Lendol Barker and he lives on a homestead just across the line in New Mexico. On 3.4 acres he gathered 7,300 pounds of lint cotton. The cotton was in strips, but according to my figures averaged six bales per acre.

I wanted to get some pictures of it, so he sent the gin manager along with me. The stalks are about six feet high and some of those limbs held as many as 15 or 20 bolls. I've never seen any cotton like it anywhere.

Barker watered it plenty and put on 200 pounds of phosphates and 100 pounds of anhydrous ammonia. He said the reason he made so much is that the land was new and the insects were kept down.

Most of those farmers went out there when the area was desert. They had no roads, telephones, electricity or school. For a few years they pioneered, but they've got it made now.

No new land is being put in here or anywhere else west of the Pecos because of the cotton allotments. New farms can only get two or three acres for each 160-acre field, and there isn't any other crop that will pay for the high-priced land.

Thus far most of the wells are still holding up, though one farmer who came to Dell City nine years ago says his wells have dripped about 15 feet.

The nicest part of the trip was in spending a day and night on the 70-section ranch which my nephew manages near White City. It's really a wild and uninhabited spot. He has more antelope and deer than cattle, and quail are found in all the draws.

My nephew tried to raise a few chickens but something kept getting them. He finally found that it was a giant hoot owl. He didn't mind the chickens so much, but one night the pet duck disappeared, and the next day they found him with his head missing.

I asked him why he didn't trap or shoot the owl, and he said he liked to hear him hoot at night. Not everyone is privileged to hear a hoot owl on a dark, lonesome night, my nephew said, and the owl could eat just about anything on the ranch without being molested.

After dark we listened patiently for the cry of the big bird but never did hear him. Evidently that was one night the owl just didn't give a hoot.

Dryland farmers are on their last go-around with the cotton harvest. The nice weather has enabled some of them to finish already, and Saturday will find several other fields completely gathered.

At the Co-Op Gin in Big Spring the managers say this week is probably the final spurt, and after that it will just be a little scraping. They had ginned 1,173 bales yesterday afternoon, but don't expect many more.

Some of the late cotton west of Big Spring is coming in now, but it's a pretty low quality. That being pulled this week has a yellowish tinge and will bring only about 20.00 cents a pound.

Nearly all the older cotton has a lot of sand in it, the managers said, and farmers are not making much profit. They think most of it will be gathered, however, if the weather stays fair.

Most of the West Texas counties gained acreage in the new allotments set up for 1957, however, Cochran, Garza and Borden were penalized with slight losses.

Anthony's

C. R. ANTHONY

TRINITY END IS NAMED TO LITTLE ALL-AMERICA

NEW YORK (AP)—Four holdovers and a kid so popular with the home folks he recently drew 15 write-in votes for sheriff are among 11 seniors named to the 1956 Associated Press' Little All-America football team.

The lineup also includes the top passer among small college players, a fullback who averaged nearly nine yards a carry during a matchless four-year career, and an accompanying group of linemen averaging 6-3 and 215 pounds.

The repeaters from last year's Little All-America are end Charles Schultz of unbeaten, untied Alfred, guard Steve Myhra of North Dakota, tackle Vince Vidas of Drexel Tech, and Nate Clark, an all-purpose halfback for Hillsdale, Mich.

With Clark in the backfield are Jimmy Schlin of Brandeis, who led the little schools in passing; Bill Rhoades of Western, Colo. State, who gained 327 yards in one game this fall and averaged 8.49 yards per carry over four years; and Larry Houdek, Kansas Wesleyan's tailback who led the nation in scoring with 114 points. He attracted 15 votes for sheriff in Salina last month.

The remainder of the team includes end Milton Robichaux of Trinity, Tex., 3-4 tackle Don Owens of Mississippi Southern, guard Bob Mitchell of the College of Puget Sound, and center Bill Earp of Emory & Henry.

Illini Open Cage Play In Impressive Fashion

CHAMPAIGN, Ill. (AP)—Basketball Coach Harry Combes admits he has "a pretty good team" at Illinois but there are a lot of "ifs" connected with it.

Some of the "ifs" may have been answered last night when the Illini opened their season with a 98-81 victory over Butler.

"If Don Ohl improves as much from his sophomore year to his junior year as Harv Schmidt did it will do much to help," Combes had said in listing his "ifs."

Well, Ohl, a 6-3 guard, rattled in 20 points against Butler. Schmidt, a 6-6 senior, contributed 20 points, sent the game into overtime with a basket just as the buzzer sounded.

This combined scoring punch offset a brilliant performance by Butler's Ted Guzek, who took scoring honors with 37 points.

"We're going to be a pretty good team," said Combes. "But so are Minnesota, Northwestern, Indiana and Purdue. If Purdue's sophomores come through I look for a five-way fight for the title."

In another Midwest struggle, Bob Walczak's one-handed jump shot with five seconds remaining gave Marquette a 61-60 overtime victory over DePaul. Jim McCoy, Marquette sophomore who finished with 29 points, sent the game into overtime with a basket just as the buzzer sounded.

Elsewhere, Duke swamped South Carolina 104-76 in an Atlantic Coast Conference game; Dayton, perennial contender for national honors, trounced Miami (Fla.) 87-48; Georgetown, reputed to be one of the best in the East, looked the part in manhandling Gettysburg 88-44; Alabama's defending Southeastern Conference champs trampled Birmingham Southern 110-69; Notre Dame came within a point of its own scoring record in a 98-55 victory over St. Joseph's of Indiana.

Sweep 100 Meters Butterfly

Shelly Mann, right, of Arlington, Va., rests in Olympic pool in Melbourne with teammates Mary Sears, left, of Chevy, Md., and Nancy Jane Ramey of Mercer Island, Wash., after sweeping the Olympic women's 100 meters butterfly. Shelly led the American girls in their sweep, setting up an Olympic record of 1:11.0 to crack the mark of 1:11.9 she had established in a trial heat. Nancy came in second and Mary was third in the event.

Ed Machen Offered Bout With Jackson

SYRACUSE, N.Y. (AP)—Undeclared heavyweight Edditt Machen today was offered a bout with Tommy (Hurricane) Jackson as a stepping stone to a title match with new heavy king Floyd Patterson.

Billy Brown, matchmaker for the International Boxing Club, said after Machen's 10-round unanimous decision over sixth-ranked Johnny Summerlin last night.

"We have offered Machen a bout with Jackson and we would like to put the winner of that fight in with Patterson."

Brown said, however, that Sid Flaherty, Machen's manager, "wants to wait a couple of days before he gives us an answer."

There were no indications that Flaherty would refuse the offer. Machen's ability as a counter-puncher as displayed in last night's triumph might make him a very capable foe for the new champion.

Machen failed to record his 15th knockout in winning 15 bouts, but Summerlin withstood the heavy pounding much to the amazement of his shorter opponent and the spectators.

Machen was in command throughout. Judges Richie Fazio and Dick Albino, scored it 7-3 for the winner and Heferece Joe Palmer called it 6-4. The AP had it 7-2-1.

Machen weighed 190 1/2, Summerlin 196.

LOOKING 'EM OVER

With Tommy Hart

The Snyder team who yielded a 7-6 verdict to Graham in the playoffs last weekend could probably be compared favorably with the great 1940 Big Spring team, which wound up as the conference champion, although it never boasted much of an offense.

Each of the teams had tremendous lines. The Snyder team carried a better record into bi-district play than did the Big Spring eleven but the Steers perhaps met rougher opposition.

Up until its bi-district game with El Paso High (which lost on penetrations after the game had ended in a 27-27 tie), the Big Spring team had yielded only 60 points in ten games. On the other hand, it scored only 81 points during that period.

This year's Snyder team surrendered only 25 points up until the playoffs whereas it counted 237. Still, its rock-ribbed defense won practically all its games.

Levelland carried a fine offensive record into action against the Tigers, yet lost, 2-0. Snyder threw back a couple of serious threats before turning back Sweetwater, 3-0.

The Big Spring team of 1940, terrific from end to end on defense, played ties with Mineral Wells (6-0), Odessa (0-0) and El Paso High. Not until its fifth game of the year did it manage to win. Had it been able to muster any offense, however, it possibly would have proceeded to the state championship.

Oddly enough, one of the star guards of that 1940 team, Hal Battle, is the man credited with building Snyder's great defenses. Obviously, Hal—never very big as football players go—learned his lessons well. He had this year's Tiger outfit believing they could lick any team.

Yearling Teams Host Andrews

The three Big Spring Junior High School basketball teams return to court action here this evening, meeting Andrews in each instance.

The Seventh Graders play at 5:30 p.m. The Eighth Graders see action about an hour later while the Ninth Graders begin between 7:30 and 8 p.m.

All three local contingents lost their opening starts in Sweetwater earlier this week.

On Saturday night, the Ninth Grade club invades Midland for a 6:30 p.m. engagement with Cowden Junior High.

B And C Quints Invade Loraine

Big Spring High School B and C teams visit Loraine tonight for basketball exhibitions.

The Bees meet Loraine's varsity team while the C team plays that school's reserves.

The Shortorns will be seeking their third straight victory, having toppled Lamesa and Sweetwater in that order. The C quintet will be making its first start of the season.

The C squad sees action at 6:30 p.m. while the Bees take the floor at 8:00.

Loraine plays return games here Saturday night.

Hayworth, Wise Win Grid Monograms At McMurry

ABILENE (AP)—Six seniors are among McMurry College's 20 football lettermen for 1956, released by coach Tommy Ellis.

The senior lettermen are ends Tommy Watkins, Odessa, and Ezra Corley, Slaton; center Bill Houston, Hermleigh; quarterback Bob Hayworth, Big Spring; guard Gus Wilson, Killen; and tackle Jim Henderson, Denison.

Watkins and Corley were the only four-year football lettermen on the list. Receiving their third letters were Houston, Hayworth, and Brevard. Lettering for the second time were Wilson, Parker, McCrary, Toliver, Baker, and Ernie Davis.

McCrary wound up as the Tribe's top Indian in rushing, passing, total offense, punting and scoring. The Quannah quartet gained 540 yards rushing and 385 passing for a total offense mark of 915 yards.

He scored five touchdowns and kicked four of seven extra point

'Hangings' No Worry To Dee

LUBBOCK (AP)—DeWitt Weaver of Texas Tech is the fourth Southwest Conference football coach to be hung in effigy this year but he said today he wasn't concerned about it.

Two effigies were seen on the Texas Tech campus Monday night. The Red Raiders won only two games and tied one out of 10, winding up with a 41-4 defeat at the hands of Hardin-Simmons.

Opinion was that they were the work of students.

Weaver has been coach since 1951 and compiled an excellent record until this year. He was named Southwesterner of the Year in 1953 when his team had a 10-1 record and beat Auburn in the Gator Bowl.

This season Texas Tech had its smallest squad and fewest experienced players in Weaver's regime.

"I wasn't too surprised about it," Weaver said of the effigies, which he personally didn't see. "That can happen when your record isn't good. I don't think they speak the sentiment of the general public."

Weaver still has two years on his contract. He was largely instrumental in getting Texas Tech into the Southwest Conference only this year, and said he felt his football material would improve.

Texas Tech doesn't start competing for the football championship in the Southwest Conference until 1960.

Previously effigies were strung up for Ed Price, coach at Texas; Abe Martin, coach of TCU; and Woody Woodard, coach of SMU. Price and Woodard have resigned.

Sellout Crowd Due

ABILENE (AP)—A sellout crowd is already assured for a testimonial dinner Tuesday for sprinter Bobby Morrow, the Texan who won three gold medals in the Olympics. Five hundred will attend the dinner, scheduled on the Abilene Christian College campus.

Winning Gifts FOR A MAN'S CHRISTMAS

Sport Coats and Slacks Are at the Top of 'Most Every Man's "Wish List"'

Here are gifts that will rate tops with the man who rates tops with you! Add new sparkle to his casual wardrobe with a handsome sport coat or pair of slacks... or both! You'll be doubly sure to please him when you choose from our outstanding collection of styles.

SPORT COATS
Choose from solids, checks or stripes in grey, brown, tan, blue and dark shades. An ideal way to say "Merry Christmas" to that man on your list. Come in and select his new sports coat.
\$19.95 to \$32.50

SLACKS
Choose his slacks from his favorite store. You'll find the largest selection in town and can pick from blue, grey, tan, brown and many other shades to match or contrast his sports coat. Come in now for the gift he'd pick for himself.
\$9.95 to \$20.00

12-A Big Spring (Texas) Herald, Thurs., Dec. 6, 1956

Ike Plans Visit To Drought-Hurt Areas

DALLAS (AP)—President Eisenhower plans to visit the Southwest in January and he'll see farm-ranch drought scars no president ever witnessed.

Not in 700 years, say scientists, has it been so dry in some places. He also may, when he stops to talk to farm leaders, find bitterness aimed at the government.

Some farm experts claim federal drought relief has been too little and too late. And these experts say President Eisenhower is coming too late—he should have come in the summer and spring to see how brown the fields were then when they should have been green.

C. Carpenter, Missouri state commissioner of agriculture, is one of the bitter ones. He said the President will not learn much flying over Missouri.

Of course, he might see a green golf course and be interested in that," said Carpenter.

Carpenter is angry because requests for federal aid for Missouri have not brought the results he thinks are needed.

Twenty drought states by the Associated Press today brought similar reports as those of Missouri.

Arizona's situation was in some areas than the famous Dust Bowl days of the 1930s. "The drought has spread like cancer," a State Agriculture Department official says.

Utah Worst drought in 20 years. In southern part some ranches described by State Agriculture Department officials as being bare as a hardwood floor.

Arizona University of Arizona scientists inspecting tree rings, find it one of the worst droughts in 700 years. What grass can be found is bleached white.

Kansas Many fields too dry to sow to wheat, and in many other fields seed did not sprout.

New Mexico Only a light sprinkling of snow on the mountains, and reservoirs at all-time low. Plains brown and bare.

Oklahoma High winds sapping surface moisture find land so dry it faces possible wind erosion—dust storms. Many trees dying.

Texas Cold, dry winds sapping what little moisture fell in early fall, all Texas' 254 counties except five have been designated drought disaster areas by the federal government.

The cost of the drought has been staggering. Take these examples:

Ray Freeland, secretary of the Kansas Board of Agriculture, reports this year's corn crop is 33,432,000 bushels, compared with a 10-year average of 61,629,000. The wheat crop is 144,600,000 bushels compared with a 10-year average of 202,899,000. The grain sorghum harvest dropped from a 10-year average of 30,323,000 bushels to 21,968,000.

The Colorado Agriculture Department says the drought is the

principal reason for a decline in the state's farm income from 603 million dollars in 1952 to 375 million this year.

Texas Agriculture Secretary John White estimates a loss of 24 billion in the last five years—750 million this year alone.

In most states there are some local areas which have had a fortunate amount of rainfall.

But the experts say it will take lengthy rains possibly for years to restore subsoil moisture to much of the land.

What is the government doing to help?

It has extended credit, established the soil bank, provided income tax relief, subsidized cattle feed purchases and allowed railroads to lower freight rates on feed.

The Export-Import Bank also has sought to help with a five-million-dollar loan to Mexico to purchase distressed cattle in the drought area, but this program has had no effect yet.

In addition, President Eisenhower signed into law last August a bill which will allow the government to contribute up to 80 per cent of the cost for farmers setting up new land practices and crop systems. It was such land practices which whipped the Dust Bowl.

What do farmers want?

In various meetings with Agriculture Department officials they have indicated they want more long-term credit, greater feed and hay subsidies with a simplified system of operations, and a possible subsidy on feed freight costs.

But in Missouri, Carpenter says if federal drought aid to that state is delayed until January, time of the President's planned visit, it will be too late to help. He said most farmers in southwest Missouri are out of feed now and buying grain. They'll have to buy hay and roughage by Jan. 1.

Estes Opposes Lyndon Stepdown

WASHINGTON (AP)—Sen. Kefauver, D-Tenn., opposed today a suggestion that Sen. Johnson of Texas step aside as Democratic leader in any Senate debate next year on changing its filibuster rule.

Such a suggestion was made earlier this week by Americans for Democratic Action, an organization devoted to principles—it calls liberal.

The executive board of ADA, which supports revision of the Senate rule on limiting debate, said Johnson ought not to "use his post to betray the Democratic platform," Johnson has said he opposes a change in the rule. The platform called for relaxation of the requirement that 64 of the 96 senators vote favorably before debate limits can be imposed.

Very Few Obey The Sign

Four members of the fire department paint toys in front of a sign reading "Leave Toys Here," but thus far, very few persons have heeded the sign, firemen report. This year's collection of toys to be repaired and given at Christmas to needy children is small.

Citizens are urged to bring their toys to any of the four fire stations or any Shell Service station. In the picture, left to right, are A. L. Harrison, Bill Dickson, Jack Morrison and Lloyd Claxton. The men work at the Eleventh and Birdwell fire station.

Pastors Back Safe Driving, Hit Drinking

The Big Spring Pastors Association Wednesday pledged support to the Citizens Traffic Commission in a safe driving campaign and to law enforcement agencies in the assessment of stiffer penalties in cases of drunken driving.

Ministers were asked by the CTC to back its safe driving campaign. "We take note of the number of traffic deaths in Howard County this year and pledge our support to the Citizens Traffic Commission in its slogan of "Back the Attack for Safe Driving," the pastors said in a resolution. "And we also note the fact that many serious and fatal accidents involve drunken driving. We pledge our support to law enforcement agencies in meting out stiffer penalties in order to curb drunken driving."

The Rev. Richard Deats was appointed chairman of a committee to plan for a citywide New Year's Eve program for young people. The program will include social activities and worship.

Flight of Hungarian refugees also was discussed and the ministers appointed the Rev. Clyde Nichols to determine ways for local churches to lend their aid.

The Rev. Marshall Gabriel, associate pastor of Baker's Chapel Methodist Church, was introduced at the meeting as a new member of the association.

In Odessa Hospital

L. E. Christian of Odessa, father of Allen Christian of Big Spring, is in serious condition in the Medical Center Hospital at Odessa. He was hospitalized following a heart attack Nov. 29.

Go To Convention

LAMESA — Mr. and Mrs. Fred Raney were among those on the "Texas Queen Bus" leaving Lubbock Wednesday for the National Farm Bureau Convention at Miami, Fla. Raney, immediate past president of the Dawson County Farm Bureau, is a member of the Texas Farm Bureau Commodity Committee.

Coahoma Observers Spot 32 Airplanes

COAHOMA (SC) — The first alert of the Ground Observe Corps of Coahoma, sponsored by the American Legion and Auxiliary, was held recently at the headquarters at City Hall.

Thirty-two airplanes were spotted and reported to the Filter Center in Dallas. Those reporting were Mr. and Mrs. R. D. Cramer, Mr. and Mrs. Shelby Pelton, Mr. and Mrs. George Fowler, Mr. and Mrs. Jack Cauble, Mrs. J. H. Shelborne, Jo Dell Shelborne, Dick Bartlett, Elvon DeVaney and Hezlie Read. Val Best was signed as a new member.

R. D. Cramer is post supervisor and Jack Cauble is chief observer for the Coahoma unit.

They Could Have Changed The Name

HERTFORD, England — The Hertfordshire County Council last night turned down an offer of six lots on Thieves Lane for a projected police housing development.

In Club At TU

Tommie Jo Williamson, Big Spring, is among the 99 new members in the seven clubs which make up the University of Texas Sports Association. Miss Williamson, the daughter of Dr. and Mrs. T. J. Wilson, is in the touché (fencing) club.

Cholera Kills 246

NEW DELHI — The Indian government announced today that 246 persons by official count died in a cholera outbreak during the last week of November in the south Indian state of Andhra Pradesh. The government said the epidemic appeared to be under control.

C-C Is Counting Director Ballots

Chamber of Commerce employees were swamped with ballots in the director election this morning.

The task of counting the votes, numbering several hundred, started this morning. Ballots were due in by midnight Wednesday. Fifteen directors are being elected. Forty-five nominees were listed on the ballot.

Dentists Will Meet In Odessa Saturday

Dr. S. P. Crain will address the Permian Basin Dental Society at the Lincoln Hotel in Odessa. His topic will be "Causes and Diagnosis of Malocclusion." The meeting is set for 7:30 p.m.

27 On High School Honor Roll For Second Six Weeks

Twenty-seven Big Spring High School students are listed on the honor roll for the second six weeks of the fall semester.

The number is an increase of seven over the first six weeks. Each student on the honor roll is making "A" grades in all subjects, and 13 of the 27 are enrolled in five courses each.

Fourteen of the group were on the honor roll for the first six weeks.

Honor students are Pat Bradford, Sue Boykin, Wilma Cole, Sherry Coats, Kay Chadd, Marie Clackum, Rosemary Donica, Janice Downing, Bill Evans, Vincent Friendewald, Alice Gates, Bobby Grant and Barton Grooms.

Also, Eston Hollis, Paul Hon, Denise Honey, Mike Hall, Nita Jones, Michael Jarrett, Eddie Kinney, Kay Loveland, Tommy Rader, Patricia Rogers, Dorothy Robin-

son, James Stephens, Lougenia Smith, Sandra Tally and Walter Dickinson.

Mighty Hunters

Roy Walker of Kermit, holds the wings of a Mexican eagle he shot and wounded near here after his son, David, 7, right, spotted the giant bird feeding on a rabbit in the sand dunes. Walker shot the bird in the leg with a .22 calibre rifle.

Kermit Family Will Remember Eagle Incident

By TOM McLEOD
The Winkler County News
KERMIT, Tex. — For a long time the Roy Walker family will be talking about the day daddy shot the eagle.
The eagle, far from home, pounced this fall onto a rabbit. While the eagle stood in the shade of a sand dune devouring his prey, the sharp eyes of David Walker, 7, caught the unusual sight.
David is the son of Mr. and Mrs. Roy Walker, who live in House 17 of the El Paso Natural Gas Company line camp, 6 miles north of Kermit.

The spot the Mexican eagle selected for his hunting was only a few hundred yards south of the Walker home in the pleasant, ponlar-shaded camp.
Running home, David yelled, "Daddy, Daddy! There's a great big eagle out there in the sand. He's eating a rabbit!"

Roy, still young enough to appreciate David's excitement, paused long enough to load an ancient single-shot, bolt-action .22 rifle, and followed David.

The majestic bird was consuming his rabbit with deliberation and nochalance. Worried? Not he. Roy crept within 60 yards of the eagle before attracting his notice. Too late, the big bird saw him and unfurled his wings. Just as he rose slightly from the sand, enough to divert the hasty shot through his right leg instead of his heart, Roy fired.

The shock and pain brought the eagle to earth, and without the leg to provide clearance, he could not rise again. The hunters, wary of his beak and talons, gathered him up and bore their unusual bag home.
David and Roy impressed the women of the Walker household: mother and little sister Cathy, 3. Neighbors assembled. An old-timer said he had never seen an eagle hereabouts. The eagle glowered malignantly at all comers.

First aid was administered to his wounded leg, and it was fastened in place with adhesive tape.

Red 'Freedom'

MOSCOW — This is the 20th anniversary of the proclamation of Russia's Stalin Constitution, and Soviet workers enjoyed one of their four national holidays of the year. Soviet newspapers told them they were much better off than they would be if they lived under the United States Constitution.

Lloyd Badly Shaken By Egyptian Crisis

LONDON — John Selwyn Lloyd rose in the House of Commons this week to announce a humiliating decision — the withdrawal of British troops from Egypt.

As he read from his prepared statement, a red glow spread over his face. Labor party hecklers interrupted him — and the veteran of thousands of public speeches lost his place in his manuscript.

Probably nothing in public life has shaken the 52-year-old foreign secretary as have events of the last four weeks.

His icy composure has cracked. His lawyer's tongue has slipped. The confidence that some foreign diplomats had in him has been strained. To many, he has seemed to be a man who misses on the spot guidance from his mentor, the absent Prime Minister Eden.

Most thoughtful Britons consider Lloyd a brilliant chief of staff rather than a supreme commander who can create policy. He has a keen mind, an ability to grasp and sort out detail. He has patience, tenacity of character and a great capacity for work. But he has yet to show the imaginative qualities that make a great foreign minister.

One reason could be that Eden, with his abiding interest and long background in foreign affairs, tended to overshadow him, and some say second-guess him, in international affairs.

Lloyd has felt deeply the failures of British government policy in recent weeks. He is used to success.

The son of a Liverpool doctor, he went to Cambridge University, studied law and became a

judge. He joined the army as a private, left as a brigadier.

He was the first Conservative backbencher Sir Winston Churchill called to high office after the Conservative election victory in 1951.

Churchill made him minister of state in the Foreign Office — chief deputy to Eden, then foreign minister. He became an Eden protégé.

He represented Britain at the United Nations and won an accolade from the late Andrei Vishinsky of Soviet Russia: "The young Englishman, he's tough."

Eden made him minister of supply in 1954, six months later gave him Cabinet rank as minister of defense, then last December put him in the Foreign Ministry.

Lloyd has a 29-year-old wife who was once his secretary, and a daughter. He is portly, plays a poorish game of golf, likes an occasional movie, and has few interests other than his job. He lacks color and makes little impact on the people, although foreign diplomats find him vigorous and cordial.

His political chestnuts may still be yanked from the Suez fires, with damage minimized. Government spokesmen in the House have been careful lately to emphasize that although Eden is absent he is still taking prime responsibility for calling signals.

Purge Begins

JOHANNESBURG — Detectives raided homes and offices in many parts of South Africa at dawn today and arrested 140 persons on charges of treason.

Aggies Ousted On Hazing Count

COLLEGE STATION, Tex. — Two Texas A&M students have been suspended for hazing, school officials announced last night.
The two juniors were tried Nov. 27 by the Military Panel, a group made up of cadet and Army officers, for violating regulations against physical hazing. They were accused of beating with a broom five freshmen, four at one time and one at another. Names were withheld.
One junior was suspended for the rest of the present semester and the other indefinitely, but with the provision he cannot re-enroll at A&M before September, 1957. It was the first expulsion for hazing this year. Last year 12 were suspended on similar charges.

Wandering Deer To Make Fine Meal

LOUISVILLE, Ky. — Two deer who wandered into town will provide dinner for the children at Kosair Crippled Childrens Hospital and the Children's Hospital today.
The deer, a buck and a doe, were captured by police and dog pound agents. However, both died shortly after they were caught in nets and taken to the city dog pound.
It was thought the deer died of exhaustion after being chased by dogs before being captured.

British Debt Plea Creates Sympathy

By G. MILTON KELLY

WASHINGTON — Great Britain's plea for permission to pass up payment of nearly 82 million dollars due this country at year's end drew promises of sympathetic consideration from some key senators today.

The reaction at the State Department was similar, but officials indicated the Eisenhower administration will ask Congress to rule on the British request. Doubt was expressed that the executive agencies had authority to take final action.

Congress does not convene until Jan. 3. The payment is due Dec. 31, but it appeared that the ques-

tion would be left hanging fire until Congress has had time to consider it.

The London appeal, coming on the heels of British-French invasion of Egypt, in effect amounted to a request to this country to share the cost of that U.S.-opposed venture.

Britain's chancellor of the exchequer, Harold Macmillan, told Parliament yesterday his country's gold and dollar reserves have shrunk. He said the request to the United States was a step essential to protect the stability of the British pound sterling and save it from devaluation which would have repercussions around the world.

Christmas Helper

Mrs. Raymond Moore finds that 18-months-old Gayle is eager to give assistance. Mrs. Moore just recently painted the Christmas scene that she displays for the camera. Featured as today's good cook, Mrs. Moore contributes her secrets for a successful party —

tasty appetizer dips. Mrs. Moore finds these tidbits easily prepared and always welcomed by guests that may "drop-in" during the holiday season.

Easily Prepared Food For Holiday Company

Simple "drop in" invitations are the ones usually extended during this holiday season. To be prepared for these guests, Mrs. Raymond Moore suggests three variations for appetizer dips.

For the expected as well as the unexpected callers during the holidays, it is a smart hostess indeed who is prepared for any number. Even the most casual form of entertaining calls for some forethought from the hostess.

That's why Mrs. Moore suggests these easily-prepared snacks.

HOT CHEESE DIP
Melt 1/2 pound American cheese in top of double-boiler. Stir in well-drained 1/2 can of tomatoes that have green chilis added.

CHEESE-GUACAMOLE DIP
To one 8 ounce package of cream cheese add one can of frozen guacamole salad.

SWEET DIP

Mix one 8 ounce package of cream cheese with one number one can of crushed pineapple. Add pecans to desired texture. Pecans should be grated or cut in fine pieces.

Mrs. Moore has found success when serving these very delicious and tasty tidbits. She serves them with corn chips, potato chips or with a cheese cracker.

All these snacks should be stored in the refrigerator until ready to serve, Mrs. Moore suggests. They may also be prepared well in advance of serving time.

Gardening is a very favorite pastime for Mrs. Moore. She is a member of the Spaders Garden Club and has been the recipient of several ribbons in horticulture and arrangements. Mrs. Moore is secretary of the garden club and is treasurer of the Child Study Club.

Use Apples In These Tasty Pudding Dishes

Puddings made with crisp, fresh apples make inviting and nourishing cold weather desserts, especially now while top quality apples are plentiful. Local markets are featuring choice varieties.

These two recipes give you a choice of preparation method, either baked or steamed. In this, the crisp, spicy apples are combined with prunes for heightened flavor and texture contrast, and the stiffly beaten egg whites lend a light and delicate airiness. The steamed pudding is made with apples alone and, if you want to accent the decorative values, you can use a patterned fruit or melon mold.

FRESH APPLE PUDDING
Ingredients:
4 apples, peeled, cored and chopped

1 1/2 cups bread crumbs
1/4 cup sugar
3 eggs
1/4 cup milk
1/4 tsp salt
1/2 tsp nutmeg
2 tbsps. melted butter or margarine
2 cups soft custard sauce, optional

Method:
Mix together chopped apples, bread crumbs and sugar. Beat eggs slightly and stir in milk, salt, nutmeg and butter. Pour over dry ingredients and toss together thoroughly. Turn into greased 1-qt. mold. Cover and steam for 2 hours. Serve hot with custard or other sauce. Serves 6.

APPLE AND PRUNE PUDDING
Ingredients:

1/2 cup flour
1 tsp. baking powder
1/2 tsp salt
2 golden apples, peeled and coarsely chopped
1 cup cooked, drained prunes, chopped
1/2 cup chopped nut meats
3 eggs, separated
1 tsp. vanilla
1/4 cup sugar

Apples, Cranberries

Here's a colorful salad that makes the most of the in-season crisp fresh red apples and cranberries. Combine 3 cups shredded cabbage, 1 cup chopped raw cranberries and 1 cup chopped red apple. Combine 1/2 cup mayonnaise, 1/4 cup sugar, 1/2 tsp salt, 2 tbsps. lemon juice in small bowl. Pour over apple-cranberry-cabbage mixture and toss lightly with two forks until well mixed. Makes 4-6 servings.

Extra Flavor For Pork

Want extra flavor for pork chops? Try adding pineapple juice or canned chunks of the fruit to the skillet while pan-frying the chops.

Rice And Waffles

Try adding leftover cooked rice to waffles or pancakes for interesting texture and new taste—use a few tablespoons to one cup of batter.

Chicken Pot Pie Is Easy, Delicious

A suggestion to make use of chickens, now that prices are unusually low, is in chicken pot pie. Quick, easy, and delicious to eat.

Ingredients:
1/4 cup chicken fat or butter
1/4 cup bisquick
1/2 tsp salt
1/4 tsp pepper
2 cups chicken stock
2 1/2 cup cream
3 to 4 cups chicken (large pieces)

Heat chicken fat; blend in bisquick, salt, pepper. Take from heat. Stir in chicken stock, cream, chicken. Bring to boil. Boil 1 min. stirring constantly. Pour into oblong baking dish. Cover with biscuit dough rolled to fit top of dish. Cut slits in center. Bake 15 min. at 450° F.

Mushroom Tips

Broil liver, bacon, tomato halves and mushrooms for a quick and fine supper.

Serve Garnished Ham For Festive Dinners

Garnished and glazed baked ham is a "picture-pretty" meat for holiday dinners. The meat not only looks attractive on the table but it combines well in flavor with other holiday foods such as baked sweet potatoes, cranberry relish and fresh fruits and nuts.

Bake the kind of ham which best suits your needs, then glaze it with a brown sugar and fruit juice mixture. A festive garnish is made with apricot halves as petals and with green pepper strips as stems.

If you're planning a small dinner, select a half ham, either the cook-before-eating or, the fully-cooked style. Roast it on a rack in an open, shallow pan in a 325 degree F. oven, allowing approximately 22 to 25 minutes per pound for a cook-before-eating half ham. A fully-cooked half ham will require about 14 minutes per pound in a 325 degree F. oven — to an internal temperature of 125-130 degrees F. as registered by a meat thermometer.

GLAZING AND GARNISHING HALF HAM

To prepare the glaze and garnish remove ham from oven 30 minutes before end of cooking period. Remove rind if any, and score fat in diamonds or any preferred design. Brush on a mixture of 1 cup brown sugar and 1/4 cup juice drained from canned apricots. Return to oven to finish cooking. Arrange the garnish (canned apricot petals and green pepper stems) on top of the ham just before serving.

Here's Something Different For Next Club Luncheon

If you are looking for something out of the ordinary for your next club luncheon, cheese puffs with bacon cheese sauce may be just the answer.

The puffs are made like standard cream puff shells, except for the addition of cheese and hot pepper sauce for flavoring. Just be sure to follow directions exactly, beating in each egg thoroughly until the mixture is thick and glossy.

CHEESE PUFFS

1 1/2 dozen
1/4 cup butter
1/2 cup boiling water
1/2 cup sifted flour
1/2 teaspoon salt
Dash cayenne
Few drops hot pepper sauce
1/2 cup grated process American cheese

2 eggs
Add butter to water; stir until butter melts. Add flour and salt all at once. Stir vigorously until mixture is smooth and forms a ball. Remove from heat. Stir in cayenne, hot pepper sauce and cheese. Add eggs, one at a time, beating vigorously after each addition until mixture is thick and shiny. Drop by teaspoons onto a lightly greased cookie sheet. Bake at 400 degrees for 20 minutes. Cut a small slit in each puff to release steam. Cut off tops; fill with the following sauce. Replace tops and serve.

Bacon-Cheese Sauce Melt 2 tablespoons butter. Blend in 2 1/2 tablespoons flour. Add 1 cup milk gradually and cook until smooth and thickened, stirring constantly. Add 3 slices diced, cooked bacon and 1 cup grated process American cheese. Cook until cheese melts.

Apple Swich Spread

A light but well balanced menu for Sunday night supper or luncheon is your favorite soup, served piping hot, and spicy sandwiches made with chopped fresh vegetables and crisp red apples. For the sandwiches, combine 3/4 cups each shredded fresh carrots, shredded cabbage, 1 1/2 cup chopped raisins, and 1 cup chopped unpeeled delicious apple. Add 1 1/2 tbsps. lemon juice and 2 tbsps. mayonnaise and blend together. Spread on lightly buttered rye bread, top with another slice buttered bread. Makes 6 sandwiches.

Cookies

CHRISTMAS CARD COOKIES

Yield: 3 dozen cookies

1 1/2 cups sifted all-purpose flour
1 1/2 tbsps. Clabber Girl Baking Powder
1/2 teaspoon salt
1 1/2 tbsps. ground ginger
1/4 cup sugar
1/4 cup shortening
1/4 cup molasses
1 egg, beaten

Sift together flour, Baking Powder, salt, ginger, and sugar into a mixing bowl. Cut in shortening until mixture is fine. Add molasses and egg, mix until well blended. Roll out to 1/4-inch thickness on lightly floured board. Cut into squares or rectangles. Place on ungreased cookie sheet. Bake in a 350° F. (moderate) oven about 8 to 10 minutes. Cool. Decorate to simulate Christmas cards.

Quick Breads Favorite Snacks As Well As Fancy Yule Gifts

Spicy quick breads are favorite in most homes for between-meal snacks with beverages, for breakfast, or as a special hot bread feature at lunch or dinner. These tasty homemade breads make wonderful gifts around this time of the year too.

SPICY FRUIT BREAD

Ingredients:
1 1/2 cup shortening
2 3/4 cup sugar
1 egg
1 teaspoon vanilla extract
3 cups sifted flour
4 teaspoons baking powder
1 1/2 teaspoons salt
1 teaspoon cinnamon
1/2 teaspoon nutmeg
1/2 teaspoon cloves
1 1/2 cups liquefied instant nonfat dry milk

1 cup diced mixed candied fruit
1 cup chopped nuts
Method:
Cream together shortening and sugar. Add egg and vanilla; blend well. Sift together flour, baking powder, salt and spices. Add dry ingredients alternately with liquefied instant nonfat dry milk to creamed mixture. Beat until well blended after each addition. Fold in fruit and nuts. Turn into greased (9 x 5 x 3-inch) loaf pan. Bake in a moderate oven (350 degrees F.) 1 hour and 15 minutes or until top is golden brown. Cool in pan 5 minutes. Remove. Cool on cake rack before slicing.

BANANA NUT BREAD

Ingredients:
1/2 cup shortening
2 3/4 cup sugar
1 egg, slightly beaten
1 1/2 teaspoon vanilla extract
1 1/2 cups mashed ripe bananas (2 or 3 medium)
1 1/2 cups sifted flour
1/2 cup instant nonfat dry milk powder
2 teaspoons baking powder
1/2 teaspoon salt
1/2 teaspoon baking soda
1/2 teaspoon cinnamon
1/2 cup chopped nut meats
Method:
Cream together shortening and sugar. Add egg and vanilla; blend well. Stir in bananas. Sift together flour, instant nonfat dry milk powder, baking powder, salt, bak-

Try Filbert Cookies For Holiday Uses

By CECILY BRONSTONE

Christmas cookies on your mind? Then here are two fine recipes. One of them is a praline-type sweet — crisp and nutty. The other is similar to a cookie our grandmothers used to make. rich butter dough is shaped into small balls and a finger is pressed into the center of each to make an indentation. As soon as the cookies come from the oven, the centers are filled with semi-sweet chocolate pieces and filberts. Magically enough, the hot cookies melt the chocolate and the nuts stay in place. Both these cookies were a great success in our household, so we urge you to try them.

In taking the praline cookies from the pans, follow directions and remember that practice makes perfect. One other caution: don't substitute light brown sugar for dark brown sugar called for. We made this recipe with both sorts of sugar and find they are greatly superior with the latter. The filberts do toast slightly in the oven and give these cookies a special flavor.

CHOCOLATE FILBERTS

Ingredients:
One-half cup butter or margarine, 1/2 cup sifted confectioners' sugar, 1 teaspoon vanilla, 1 cup sifted flour, semi-sweet chocolate pieces, shelled filberts (whole or cut in half)

Method:
Cream together the butter, confectioners' sugar and vanilla. Blend in flour with beater or spoon, chill. Using 2 teaspoons of the dough for each cookie, make into small balls. Place on ungreased cookie sheet and make an indentation in the center of each with a finger. Indentations will widen during baking. Bake in moderate (350 degrees) oven until straw colored around the edges — 10 to 15 minutes. Remove from oven; working quickly, while cookies are still very hot, and on pan, place semi-sweet chocolate pieces and filberts in indentations. Remove to racks to cool. Chocolate will melt from heat of cookies and keep filberts in place. Makes 24 cookies. Recipe may be doubled if desired.

FILBERT PRALINE COOKIES

Ingredients:
One egg, 3 tablespoons butter or margarine (melted), 1 cup firmly packed dark brown sugar, 1 cup thinly sliced filberts, 1/2 cup flour, 1 teaspoon vanilla

Method:
Beat egg with rotary beater (hand or electric) until thick and ivory-colored. Mix together the melted butter, brown sugar, beaten egg, sliced filberts, flour and vanilla. Drop by teaspoonfuls on greased and floured cookie sheet, 4 to 5 inches apart, to allow for spreading. (Cookies will be very thin when baked.) Bake in moderate (350 degrees) oven until edges begin to brown — 6 to 10 minutes. Allow to cool 1 minute or so on cookie sheet before removing carefully with wide spatula to rack. If cookies get very crisp before you have removed them all, put the pan back in the oven for a few seconds and they will soften; then remove them as suggested. Makes 3 to 3 1/2 dozen cookies.

ing soda and cinnamon; add to creamed mixture; beat just until smooth. Fold in nut meats. Turn into two greased (3 1/4 x 6 1/4-inch) loaf pans. Bake in moderate oven (350 degrees F.) 45 minutes or until top is golden brown. Cool in pans 5 to 10 minutes; remove. Cool on cake rack before slicing.

APPLE COFFEE RING

Ingredients:
2 cups sifted flour
1 1/2 cup instant nonfat dry milk powder
3 teaspoons baking powder
1/2 teaspoon salt
1/4 cup shortening
2 3/4 cup water
2 tablespoons butter, melted

Apple Variety

Topping the list of best fruit buys this week and all this month are the popular, bread-shouldered red apples in "vintage year" jumbo sizes. Especially choice for use in salads and fresh fruit eating, these king-sized apples are now being featured in local markets at good value, in season prices and there's far less waste to these large sizes. No need to peel because the thin, bright red skins are tender and palatable. Grand to serve with cheese for appetizers or dessert, for refreshing TV snacks. Wonderful for holiday decorations, too.

1/2 cup finely chopped apple
3 tablespoons raisins
3 tablespoons finely chopped nut meats
1/4 cup brown sugar, firmly packed
1/2 teaspoon cinnamon
1 cup confectioners' sugar
1 tablespoon liquefied instant nonfat dry milk

Method:

Sift together flour, instant nonfat dry milk powder, baking powder and salt into a mixing bowl; cut in shortening with pastry blender or two knives until mixture resembles coarse corn meal. Add water all at once, stir only enough to moisten dry ingredients. Turn out onto floured board; knead for 30 seconds. Roll out to a rectangle about 1/4 inch thick; brush with 1 tablespoon of butter. Combine fruit, nut meats, sugar, cinnamon and remaining butter; spread evenly over dough. Roll lengthwise, jelly-roll fashion, seal edges. Place on baking sheet. Join edges to form a ring. With scissors, cut halfway through dough at 1-inch intervals. Turn each slice on its side to the flat on pan. Bake in very hot oven (450 degrees F.) about 15 to 20 minutes or until browned. Remove from baking sheet, cool on cake rack. Blend confectioners' sugar and liquefied instant nonfat dry milk; spread on coffee ring while still warm.

Light Salad Best For Festive Meal

Molded fruit salad recipes are good to have on hand for the many holiday meals that are coming up. These salads best supply the lightness and tangy flavor needed with heavier foods, at the same time they furnish the festive color your menu may otherwise lack.

For example, here's a two-tone salad mold that teams tart, red cranberries with more delicately flavored and nourishing cottage cheese and peaches. Both lemon and raspberry flavored gelatin help provide pretty color contrast in this holiday salad.

CRANBERRY PEACH MOLD

(10-12 servings)
1 No. 2 1/2 can sliced peaches, drained
1 package lemon flavored gelatin
1 cup hot water
1/2 cup peach sirup
1 cup cottage cheese
1 package raspberry flavored gelatin
1 1/4 cups hot water
1/2 cup peach sirup
1 package whole cranberry sauce

Arrange peach slices in bottom of oiled 1 1/2 quart ring mold. Dissolve lemon gelatin in 1 cup hot water. Add peach sirup and chill until slightly thickened. Fold in cottage cheese. Pour over peach slices, chill until almost set. Dissolve raspberry gelatin in 1 1/4 cups hot water. Add cranberry sauce and peach sirup. Chill until slightly thickened. Pour over lemon layer, chill until firm.

Plentiful Food List For Month

Potatoes, canned sweet corn and broilers and fryers are featured on the U. S. Department of Agriculture's December plentiful foods list.

These products are in the heaviest supply in relation to normal holdings at this season in all of the trade territories surveyed in the southwest as well as on a national basis, says the chief of the southwest food and distribution division, John J. Slaughter of Dallas.

Meats and other protein rich foods also continue to dominate the plentiful list. Such holiday favorites as turkey, pork, beef, canned tuna, fish sticks, frozen haddock and ocean perch filets, dry beans, peanut butter, eggs, milk and other dairy products are all listed as being in heavy supply.

Fruits listed for December include winter pears, dried prunes and canned purple plums. Vegetables, other than those featured, include onions and cabbage. Rounding out the list are rice, lard and dates.

Freeze Before Baking

You'll never long for freshly baked cookies when you keep a roll of refrigerator cookie dough in your freezer. You can roll it as usual, freeze, wrap and seal. When ready to bake, slice with a sharp knife and bake in the usual manner.

Serve Two Fancy Beef Dinners For One Price

Women may dress to please other women (or so it's said), but they cook to please their men. A man's idea of good eating is a hearty beef dinner, especially as the days get nippier.

Their vote will go for stick-to-the-sausage main dishes like this rolled rib roast of beef. And they love their beef served with oven-browned or baked potatoes, or broiled tomatoes topped with fresh, crisp onion slices and stuffed olives.

Extravagant? Not at all! Not when two simple rules of economy are followed: First, proper preparation; second, efficient utilization of left-overs.

A handsome, plump rolled rib beef roast is like a fine woolen dress. Who would consider washing an expensive woolen in hot, scalding water? Nobody — it would shrink too much. Yet, for many years, homemakers inadvertently shrank their expensive roasts, believing it was necessary to cook meat at high temperatures.

"Sugar is the juices and preserves its flavor, retains the natural juiciness of the meat and produces a full, uncharred appearance. A note of caution: do not add water, do not cover and do not baste your rolled rib of beef roast. This succeeds only in producing a

pepper. Pour over meat and simmer 15 to 30 minutes. Serve over a 7-ounce package of spaghetti, or rice, and sprinkle with Parmesan cheese.

Platter Of Wafers For Holidays

These little tasty delicacies are quick and easy to make, only three ingredients. Yet add distinction to your Christmas platter of cookies.

CREAM WAFERS

1 cup soft butter
1-3 cup thick cream (35 per cent)
2 cups sifted flour

Mix ingredients together thoroughly. Chill at least 1 hour. Roll out 1/4 in. thick. Cut into 1 1/2 in. rounds. Transfer to waxed paper heavily sprinkled with sugar, turning rounds with spatula to coat both sides. Place on ungreased baking sheet. Prick with fork. Bake at 375 degrees for 7 to 9 min. until slightly puffy but not brown. Cool, put two together with filling. Makes 5 doz. double cookies.

CREAMY BUTTER FILLING

Blend together 1/4 cup soft butter, 3/4 cup sifted confectioners' sugar, 1 egg yolk, 1 tsp. vanilla. Tint as desired.

Now packed in this Exclusive "Early American" Glassware

NEW BIG TOP

The PEANUT BUTTER with the fresh-roasted flavor of peanuts at the circus!

Imagine! You get this beautiful crystal-clear glassware every time you buy Big Top Peanut Butter. Never before offered by any other product—these lovely matching water goblets and dessert dishes are so gracefully shaped, so sparkling clear—you'll want to build a whole set to dress up your table!

And once you try Big Top, you'll find it brings you something new in peanut butter, too! At last here's peanut butter with all the flavor of fresh-roasted peanuts! Remember those delicious hot-roasted peanuts you loved as a kid at the circus? Well, all that flavor's captured in easy-spread Big Top. The secret's in its special Roto-roasting process—it brings out all the golden goodness of the peanuts. Then they're whip-blended to a smooth creaminess for perfect spreading. Treat your family to Big Top soon.

ANOTHER GREAT NEW FOOD PRODUCT FROM PROCTER & GAMBLE

Also comes in handy "Refrigerator" Jars

The same fresh-roasted flavor you get in peanuts at the circus!

HEER! CAN I TAKE EVERYTHING WHEN I RUN IN THE PENTAGON? - ROLL THE SHOT!

WE'LL NOT BE CRICKET BUT A P. COLEY.

MIND! DON'T DROP THE DISCUS! EVERYTHING MUST BE FAIR PINKUM.

RIGHTO! I MEAN O.KAY!

OOFS! THE SHOT WENT DOWN SOMEBODY'S BURROW!

YOU'LL GET NO TIME ALLOWANCE, JOKER! YOU'VE GOT TO HAVE BUCKLEY'S CHANCE OF A RECORD!

A METEOR! A METEOR! A METEOR! NATORIUM! A BLOOMY SCENTED PHEE-NON-NEAM!

ANNIE ROONEY

TAKE MRS. LA MARNE HOME, HARVEY!

OF COURSE I'LL BE ALONE WHEN I CALL TO TAKE YOU OUT TO DINNER LOLA. WHO ELSE DID YOU THINK I WAS BRINGING ALONG?

NORODY J K - NOBODY AT ALL, I DIDN'T MEAN IT THE WAY IT SOUNDED.

WATCH IT, LOLA! YOU ALMOST SAID "I SUPPOSE YOU'LL BE DRAGGING THAT LITTLE BRAT ANNIE ALONG - WATCH IT, OR YOU'LL NEVER BE MRS. J. K. GOLDMINE!"

I CAN READ LA SHARPSHOOTER'S MIND LIKE A BOOK. SHE'S IN A PANIC OVER THE BOSS'S INTEREST IN THAT KID.

YEAH, YOU'LL HAVE TO EAT ALONE TONIGHT, KID. I'M GOING OUT TO DINNER... BUT IT'S FUNNY! I REALLY WISH I WEREN'T!

DICKIE DARE

A SAFETY PIN WOULD MAKE A FISHHOOK, COOK. HAVE YOU GOT ONE?

NOPE - NOTHIN' IN MY JEANS BUT A COUPLA BUTTONS AND AN OLD WORLD SERIES PROGRAM.

HEY - I WONDER IF A BELT BUCKLE ... NO, THAT WOULDN'T WORK.

THERE'S NOTHIN' IN THE BOAT WE CAN USE!

M/GOSH COOK, DOES THIS MEAN WE JUST KNOCK AROUND UNTIL WE DIE?

SEEMS IT'S US THAT'S HOOKED CADET, NOT THE FISH!

SNUFFY SMITH

UNK SNUFFY!! I MADE ALL AS ON MY REPORT CARD THIS TIME

WAAL, GOODY!! I'M PLUMB TICKLED TO HEAR THAT LITTLE JUGHAID

DON'T FERGIT - YE PROMISED TO GIVE ME A DIME IF I DONE IT

I AINT FERGOT, HONEY POT - LET ME RUN SHOW SUT THAT THAR REPORT CARD

UNK SNUFFY SHORE IS PROUD OF ME - AINT HE, AUNT LOWEZZY?

LANDS, YES!! SPECIAL SINCE HE BET SUT THREE DOLLARS YED AT ALL TH' WAY

LITTLE SPORT

GRANDMA

H-M!! THERE MUST BE QUITE A STORM GOIN' UP!!

I'D BETTER GET MY DRY CLEAN CLOTHES IN OFF TH' LINE!!

BOOM!

BOOM!

BOOM!

BOOM!

Ape Stolen From Jungle Restaurant

ANAHEIM, Calif. (AP) — Stolen one tall, thin ape.

George Craybill, a partner in the Jungle Restaurant, Anaheim, made this complaint to police yesterday. The ape—a young female gibbon worth about \$300 — was taken from its cage the night before.

"Somebody took a small lion one time," said Craybill. Another time a boa constrictor was taken, he said, adding: "The people who took them brought them back."

"But they never did bring back the alligators they stole," he added, thoughtfully.

Social Security Checks Due Out

WASHINGTON (AP) — About 300,000 women under 65 years of age will begin receiving federal old age and survivors insurance checks this week, the Social Security Administration said today.

Commissioner Charles I. Schottland said that more than a third of the women who could get benefits for November under amendments passed by Congress this year will get checks.

The amendments permit payments at age 62, at reduced rates, to eligible wives and retired women workers and at full rates to widows and mothers of deceased insured workers.

Uncle Ray:

Elk's Antlers Are Dropped In Winter

By RAMON COFFMAN

Among the large members of the deer family is the American elk. Some persons call it the "Rocky Mountain elk," which is a fairly good name. This animal seldom is found outside the Rocky Mountain area of the United States and Canada.

Q. Is the American elk the same as the wapiti?

A. Yes. "Wapiti" (pronounced WOP-i-tee) is a common name it was taken from the language of the Shawnee Indians.

Q. How large is an American elk?

A. A large male measures eight feet in length, and is likely to weigh from 600 to 700 pounds. A few gigantic ones have been reported with weights of from 900 to 1,000 pounds.

Q. How large are the antlers?

A. A big bull elk (described as "the king of the red deer") may have antlers which rise three or four feet above the head and spread out five feet between the farthest points on the sides.

Q. Are the antlers shed in the winter?

A. Like other members of the deer family, the American elk loses his pointed weapons. They are dropped in winter, usually in December or January.

After the loss of their antlers, these animals are in special danger of harm from wolves, cougars and bears. Partly to protect themselves from attacks, they gather in a herd at the end of the breeding season. Then they go to an area where they can obtain at least a small amount of food. Some males in the herd keep their antlers longer than the rest, and these fight off wolves and other enemies. In addition, the animals defend themselves with blows of their feet. Their antlers, however, are more effective in battle.

Q. Can a full-antlered American elk whip a bear?

A. This has happened in single combat.

For NATURE section of your scrapbook.

FREE: A ROCKET TRIP TO OUTER SPACE is the title of a new booklet which tells of the probable sights and sensations of a flight through the universe. For your copy, send a stamped, addressed envelope to Uncle Ray in care of this newspaper.

2 More Witnesses At NAACP Hearing

TYLER (AP)—Two witnesses took the stand yesterday as another snag was hit in the hearing on the National Assn. for the Advancement of Colored People's request for a change of venue in the trial seeking a permanent injunction against the organization in Texas.

The state got into the record 150 exhibits. The NAACP filed a single objection to all, saying the witnesses presenting the exhibit not testify the exhibits truly reflected the actions of the organization, and that they could only purport to be records of NAACP branches.

Dinner For Dogs

RICHMOND, Va. (AP)—Christmas dinner for the dogs at the city pound has arrived from an anonymous donor—just as it has for the past four years. Accompanying the 48 cans of dog food and four boxes of biscuits was a card identical to one received each year and signed "In memory of Chubby and Beauty."
