Gale-Whipped Brush Fire Out Of Control

MALIBU, Calif. (AP) — A gale-whipped brush and timber fire raged with new fury today as two more spots broke out and the perimeter increased to 22 miles. The fire, burning for the second day in a scenic area extending from the Pacific Ocean inland to the Santa Monica Mountains, has now consumed more than 20,000 acres. A number of substantial homes have been destroyed and one man has died. Winds up to 50 miles per hour harassed the fire crews at the lower levels and those higher up reported they were all but helpless in the face of gusts which frequently reached 70 to 80 m.p.h. The new spots appeared in the early morning hours. One raged down Corral Canyon to U.S. Highway 101, on the east. The other broke out in Sequit Canyon on the west, first burning to the ocean, then skittering back to the mouth of the canyon and flaming north. The stricken area, dotted with expensive homes, beach cottages, large and small trailers and ranches, is located where the

coastline runs east and west. It is 35 miles northwest of downtown Los Angeles. Los Angeles County Fire Chief Keith Klingler estimated that at least 27 homes have been destroyed. An uncounted number of small outbuildings also were consumed. Frightened deer, rabbits and coyotes fled from the mountains and many perished. Homes destroyed include a luxury beach house owned by Ralph Edwards, television master of ceremonies. Edwards had returned to his Beverly Hills residence after giving a party at the beach house Christmas evening. Still standing were the neighboring homes of actor Raymond Burr, composer Gordon Jenkins and producer Charles Erskine. The home of movie producer Arthur Freed and its \$150,000 orchid nursery were spared when the wind shifted but the adjoining \$75,000 home of his brother, Hugo Freed, burned. A reporter encountered actor Jackie Coogan using a residential

telephone in the Paradise Cove area. Coogan said he and his neighbors were getting out, although apparently not in immediate danger at the time. Several hundred families were evacuated as flames roared down one canyon after another. Many returned, however, after the flames passed through their particular area, leaving nothing more to burn. The fire jumped the Pacific Coast Highway in several places, closing the artery to traffic. Chief Klingler and his aides have approximately 600 men in the battle. The Red Cross set up evacuation centers. The Salvation Army sent out mobile canteens. Medical help was sent from Los Angeles emergency hospitals. In treatment of dozens of firefighters suffering from burns of smoke inhalation. Known fatality was Frank L. Dichever Jr., 32, Zuma Beach, found dead with a broken leg in his wrecked automobile. He had sent his family to safety, then had attempted to save his house when a wall of flame caught him.

U. S. Jury Indicts 4 Men For Theft Of Valuable Oil Maps

PITTSBURGH (AP) — A federal grand jury today indicted four men in connection with the interstate movement of valuable oil exploration maps stolen from Gulf Oil Corp. Charged with conspiracy in the indictment are: Odie Seagraves, 70, of Houston, Tex., and New York; Irving Milner, about 40, formerly of New York; Emanuel Lester, 41, known as Emanuel Liberman, 32, and his brother Edward Liberman, 30, both of the Bronx, N. Y. The 19 member grand jury returned the true bill after a two-hour session. U. S. District Judge Rabe F. Marsh accepted the indictment and issued bench warrants for the arrest of the four. The indictment accused the four of conspiring with "two unident-

ed co-conspirators," Thomas W. B. Smith, former Gulf Oil geologist, and John Marvin Leivia, 34, of Orange, Texas. Both Smith and Leivia testified before the grand jury. The indictment said the four defendants, Leivia and Smith conspired to transport "certain geological or seismographic maps of the Gulf Oil Corp. in interstate commerce. According to the indictment the maps were valued in excess of \$5,000 but government officials earlier said their potential value was in excess of a million dollars. Three of the four men named in the indictment were arrested by FBI agents in New York Dec. 17 when the case first came to light. Milner, the fourth man indicted,

was not publicly connected with the case until today. U. S. Atty. D. Malcolm Anderson said Milner is believed to be in Canada. He added: "We will wait a reasonable time for him to return voluntarily to stand trial. Thereafter we will seek the aid of the Department of State in extradition." Anderson said a complaint against Leivia, who was arrested with three of those indicted, will be dismissed. According to the indictment Leivia and Smith conspired in a scheme for Smith to steal geological maps from Gulf Oil Corp. and "deliver same into the possession of the defendants and Leivia." Then the indictment said the maps were transported from Pittsburgh to Houston, Tex., and New York City, and to "other places unknown." Anderson said Smith and Leivia volunteered to be witnesses for the government. He said further that their testimony is "essential to a successful conclusion of the case." Anderson said that last Saturday two large boxes of maps were recovered by the FBI from a warehouse in Pittsburgh where "Smith had stored them under an assumed name." Last Sunday, 12 cartons of maps were recovered at another warehouse in Pittsburgh, Anderson said. These maps, according to Anderson, also had been stored by Smith. No information has ever been filed against Smith.

Death Takes Maker Of 'Torpedo' Auto

YPSILANTI, Mich. (AP)—Preston Tucker, 53, whose plans to revolutionize auto making raised hopes and heartaches, died at a hospital here yesterday. With him perished the fading hope that his Tucker Torpedo might yet be seen in the nation's garages. After World War II, Tucker's plans for a rear-engine car gained widespread publicity. In February 1946, he revealed that the Torpedo would be of tear-drop design with a 150-horsepower engine capable of speeds up to 90 m.p.h. Revolutionary features included front fenders which turned with the wheels. The aluminum-and-plastic car was to sell for about \$1,000. A model was unveiled in 1947

but it never went into production at the former defense plant in Chicago which Tucker had leased from the government. Despite assets totaling 23 million dollars at one time, the corporation's troubles multiplied soon after the Securities and Exchange Commission called the Torpedo an "engineering monstrosity" and cautioned prospective stock purchasers about investing in it. Tucker and his associates were indicted in 1949 on federal charges of mail fraud and violation of the SEC law. They were found innocent in federal court Jan. 22, 1950. But Tucker was never able to revive the bankrupt company. He returned to Ypsilanti to manage the Ypsilanti Machine and Tool Co., owned by his mother Mrs. Lucille Holmes.

Actress' Ex-Husband Charged In Assault
HOLLYWOOD (AP) — A misdemeanor assault and battery complaint has been issued against the former husband of actress Jeanne Crain following a brawl Christmas Day between rivals for her affections.

Leader Of Sumatra Revolt Is Believed To Have Surrendered

JAKARTA (AP)—The leader of the army revolt in North Sumatra was believed to have surrendered to his second in command early today after tanks surrounded his home. Lt. Col. Djamin Gintings announced in a radio broadcast from Medan, the North Sumatra capital that he had replaced the rebel leader, Col. Mahidin Simbolon, as military commander of the area. Gintings pledged to "obey President Sukarno" and said "from now on connections with the central government will carry on as before." Sukarno earlier had ordered Simbolon to hand over his command to Gintings. Simbolon had supplanted the local governments named by the central regime of Premier Ali Sastroamidjojo and demanded Sastroamidjojo's resignation. There was no immediate word from Central Sumatra, where Lt. Col. Achmad Hussein took over the government last week in a bloodless coup similar to Simbolon's. Earlier the rebellious army faction on central Sumatra rebuffed attempts by the central government to negotiate. Rejection of a government peace mission came as other groups in the island chain voiced sympathy for the rebel movement and joined in demanding more independence from Jakarta rule. The government usually is dominated by men from the central

island of Java, most populous and politically advanced of the thousands of Indonesian islands. One Indonesian official likened the troubled nation's provinces to "the 13 original American colonies—each one jealous of its rights, each one afraid of too much central authority, but each one wanting to preserve our 11-year-old republic." A government delegation sent to central Sumatra to confer with the military junta in control there returned last night reporting failure. A spokesman for the group, criminal investigation chief Sulaiman, said the mission failed because it represented Sastroamidjojo's government, not President Sukarno. Sulaiman said the rebels would deal only with the President. The military groups in north and central Sumatra, Indonesia's second largest and richest island, look over the civilian provincial administrations late last week in bloodless coups. In nightly radio broadcasts since the uprising, they have reiterated that they want Sastroamidjojo to go and the reunion of Sukarno and former Vice President Mohammed Hatta, the latter a Sumatran. They also have declared they do not want to split from the republic, but seek government reforms and more autonomy for the provinces. Support for the rebels was voiced by the Sundaese of west

Java, a minority group distinct from the Javanese. A delegation from the Celebes also has arrived in Jakarta to urge that the central government grant more independence in provincial and local administration. Signs of unrest have been displayed in Borneo. In south Sumatra, the local military commander is known to be sympathetic to the action by the military juntas in the central and northern areas of the island. The army command on Java so far remained silent and aloof on the current crisis. It has not commented on Sukarno's Tuesday night speech denouncing the rebellion and ordering the military groups to return control to the Jakarta-recognized authorities. The central government yesterday canceled all military leaves. The Sastroamidjojo government refused to bow to the demands that it resign, despite signs that its coalition support is breaking up. The relatively small Veterans' party announced its withdrawal from the Cabinet. A spokesman for the party said Roman Catholic and Protestant parties in the government also were prepared to pull out. The leading Moslem parties were reported to be leaning toward a withdrawal also. Sastroamidjojo presumably still had the backing of his own party, the leftist nationalist PNI, but it holds only 65 of the 260 seats in the Parliament.

Egypt Agrees To Clearing Of Southern Canal

CAIRO (AP)—Lt. Gen. Raymond A. Wheeler announced today the Egyptian government has agreed the U.N. salvage fleet can begin clearing the southern end of the Suez Canal immediately. Cairo newspapers said Egyptian technicians already had started clearing channels at Ismailia, the canal midpoint, and Suez, its southern terminus, "preparatory to conducting research about sunken ships." But this obviously referred only to the clearing of mines from the channel, begun by the Egyptians earlier this week. A British ship and two French vessels are continuing salvage operations in the Port Said harbor, the canal's northern entrance. This work was begun by the British occupation force, which also cleared a channel through the northern third of the canal to El Cap. Wheeler's statement did not make clear what salvage ships would be used in the operation around Suez. His statement was released by the U.N. information office in Cairo. A spokesman for the Egyptian Canal Authority said the U.N. announcement had not yet been confirmed by Mahmoud Yanes, canal authority director. "Frankly, I doubt if the work will begin today although some planning and studying may be done," the spokesman added. The bulk of Wheeler's existing fleet is collected around the northern end of the canal. The U.N. fleet consists of vessels hired on contract from salvage firms of several neutral nations and will eventually consist of 20 to 30 craft. Some of these are not expected to arrive on the scene until Jan. 11. The Wheeler announcement that clearing operations would now begin was the first authoritative word of an agreement by Egypt to let the work proceed. Earlier, U.N. spokesmen in Cairo said no information had been received of any agreement. An authoritative Egyptian informant reported earlier that Foreign Minister Mahmoud Fawzi and U.N. Secretary General Dag Hammarskjold had reached an agreement in principle in New York for the beginning of clearance operations. He said the "necessary instructions have been given regarding this," but disclosed no details. There was no confirmation from New York U. N. headquarters. Moscow radio said "powerful Soviet-made automatic loaders" have been shipped to Egypt for use in restoring Port Said and on "clearing the Suez Canal." The broadcast gave no details of when they would reach Egypt. Prospects of a long-range settlement of the canal's future, hanging since President Nasser nationalized the waterway last summer, dimmed with the statement from a reliable Egyptian source that Nasser's government would no longer consider negotiating with Britain and France. Before the British-French invasion, the Egyptians had agreed to enter talks with Britain and France for a Suez settlement based on the "six principles" worked out by their foreign ministers at U.N.-sponsored talks in New York. The Egyptian source said Egypt still has no objection to the principles themselves but "we cannot enter negotiations with those who attacked us, particularly since we have broken all relations with those powers."

Bus Segregation Crisis In Turmoil

Gunfire, Arrests Add To Troubles

By The Associated Press
Gunfire, suspension of a bus system, possible court action and mass arrests marked efforts to integrate seating of Negroes and white persons on city bus systems in two racially troubled Southern states. Gunshots echoed last night in Montgomery, Ala., where city buses were integrated Friday under federal court order. A blast from a shotgun loaded with birdshot hit one bus; nine .22-caliber bullets slammed into another. One bus contained four Negro passengers and a white driver. The other was empty except for the driver. No injuries were reported in these first shooting incidents since integration of buses in this Alabama capital, scene of a yearlong Negro bus boycott.

Traffic Deaths May Hit Record For New Year

CHICAGO (AP)—Traffic deaths, which soared to an all-time high for any holiday during the Christmas period, may also hit a record toll during the long New Year weekend. Deaths on the nation's highways from 6 p.m. (local time) Friday to midnight Tuesday, the National Safety Council estimates may total 490. That would be 83 more than the record of 407 deaths for a New Year period, established during a four-day span in 1952-53. The 490 traffic toll was termed possible by the council "unless there is a sharp improvement in the driving habits that shocked the nation over Christmas." It said the toll for a similar nonholiday period at this time of year would be 420. In the four-day Christmas period, traffic fatalities totaled 706, the first time during any holiday period in U. S. history they climbed above 700. The council's pre-Christmas estimate was 660. During the 1955 Christmas and 1956 New Year holidays, the combined traffic death toll hit a record of 973. The New Year period total was 364. Each holiday period for counting purposes, was three days. The final tabulation of all accidental deaths for this Christmas period of 102 hours showed a total of 884, a new all-time high for any holiday. The previous record was 805, during the Fourth of July celebration in 1955. In addition to the 706 traffic deaths, 54 persons perished in fires and 124 others lost their lives in falls and other accidents.

ANOTHER LOAD FOR POSTMEN Postmaster Boatler with income tax forms

TAX BLANKS

Calm Yourself—They've Arrived!

You can quit worrying. They are here now. Speaking of course, of the 1956 income tax reports—those forms you must fill out and mail with the proper remittance to Uncle Sugar by April 15. Elmer Boatler, postmaster, said that he had been receiving inquiries from patrons asking when the 1940's would be in the mail. So this morning he announced that the supply was on hand—14 mailbags full—and that others were due in a day or so. One mail bag of the income tax report forms arrived Wednesday. All in all, it is anticipated that 20 mailbags will be sent to the local post office for distribution. Average bag has 500 letters, so the gross total due in the county will be around 10,000. Boatler said the letters will be distributed by the carriers as rapidly as possible. Because of their bulk and number it may be that the distribution will be delayed to some addresses a few days. However, he assured the patrons that their income tax report forms will be in their hands as quickly as it is humanly possible to distribute them. Ben Hawkins, with the local internal revenue office, said that he had been receiving inquiries about the forms, too. Whether the interest being displayed indicates an eagerness on the part of taxpayers to settle their debt to Uncle Sam is debatable. The deadline for filing is still far in the distance and past history has indicated that there is generally no mad rush to get the reports on their way to the district offices until the shank of the filing time nears. At any rate, the forms are now in the post office—most of them. The others will doubtless reach Big Spring in the next day or two. They will be distributed as quickly as possible. All patrons of the post office and the tax collection office are asked to be patient. Don't bother to phone the post office or the revenue office—you'll get yours in due time. All of the forms are supposed to be on hand and distributed by Jan. 7, it was reported.

Solon Aided In Drive On Filibusters

WASHINGTON (AP)—Sen. Ives (R-NY) says he has had "encouragement from the White House" in a move to make it easier to stop Senate filibusters but he does not expect President Eisenhower to lend any active aid. "I'd resent it very much if the White House tried to tell the Senate what to do," Ives told a news conference yesterday when he anticipated backing from Eisenhower. Ives and other supporters of civil rights legislation say they will attempt, when the new Congress meets next Thursday, to raise the present rule requiring the votes of at least 64 senators to shut off debate. Southern Democrats have used the filibuster or the threat of such continuous talk to defeat moves toward enactment of civil rights legislation. Ives, holding a joint news conference with Sen. Douglas (D-III) declined to identify the "very influential" White House figure he said had given encouragement to the move—for a Senate rule change. He said it was not Eisenhower and not Vice President Nixon. Ives and Douglas agreed that their prospects will be tremendously improved if Nixon, as the Senate's presiding officer, should rule that a simple majority of 49 senators can change the filibuster rule. "I'd say he occupies a rather critical spot," Ives said. Opponents of a rules change argue that no change can be made unless 64 senators—two thirds of the total membership of 96—vote for it. The key to the question is whether the Senate is a "continuing body," since two thirds of its members normally hold their seats from one Congress to the next, and thus should keep its old rules.

Moscow Criticizes Pape Message

MOSCOW (AP)—Moscow radio says the Christmas message of Pope Pius XII "could hardly be described as that of a religious leader." Accusing the Pope of supporting preventive war and thus "doing what few Western leaders now dare do," the Moscow broadcast said he "sounded a note of dissonance contrasting with the Christmas music and hymns." In his annual message, the Pope proclaimed the morality of defensive war and called on the world to give the United Nations the right and power to prevent aggression.

Smelter Blast Kills 2 Workers

NEWNAN, Ga. (AP)—An explosion in the smelting department of an aluminum products plant early today killed two workers and injured at least four others, one critically. The blast destroyed a portion of the William L. Bonnell Co. Windows were broken in residences and tops were shorn from a number of small pine trees more than half a mile away by the explosion which was heard as much as 15 miles away.

MORE GIFTS TO HUNGARIANS

Gifts ranging from \$1 to \$100 today helped increase Big Spring's share of the national fund to provide assistance to Hungarians dispossessed in the revolt for freedom. Four fine donations brought the Fund to \$361. Gifts do not have to be large, but there needs to be more of them. If you want to make a tribute to the bravery of people who are holding the torch to light the way to a free world, please send your gift right away. The Hungarian Relief Fund should be closed by New Year's. Make checks to the RED CROSS-HUNGARIAN RELIEF, and mail to The Herald.

LOOK, MA, NO HOUSE

COLORADO SPRINGS (AP)—A surprise awaits Dr. and Mrs. James Stone when they return from a holiday vacation in Texas—their house isn't standing any more. In fact, it isn't, period. The house blew up and burned yesterday. Nothing was left standing. The expensive frame house sat across from a polo field in the fashionable Broadmoor Area southeast of the city. A blast heard nearly two miles away scattered debris 125 feet away. No one was injured. Across the street, a mattress and bedsprings were wrapped around the top of a 30-foot tree. Fire Chief Leon Witmot said a gas accumulation was the cause. Shuttlesworth said the arrests "gives us the right to ask the federal courts to enjoin the city of Birmingham from preventing us from sitting anywhere we want." Shuttlesworth's home was damaged by a dynamite bomb Christmas night. At Mobile, Ala., the Mobile City Lines, Inc., said it was no longer requiring Negroes to take rear seats on its buses and that drivers were being told to handle seating arrangements "as diplomatically as possible." Informed of this decision, the Mobile City Commission sent a letter to the bus company ordering it to enforce segregation ordinances.

Spies May Slip In Among Refugees

CAMP KILMER, N.J. (AP)—An Army spokesman said today that Hungarian Reds may try to plant secret police among refugees coming to America but that government agencies are alert to the possibility. The statement came on the heels of a published report that Hungarian refugees already had seen a Hungarian secret policeman at the camp here and at other camps in Austria. The spokesman, who asked not to be identified, said "it has been explained to us" that certain Communists may try to enter the country. He said he thought undesirable could be easily stopped. There have been rumors among refugees here for several days that at least one secret policeman had entered Camp Kilmer, but newsmen have had difficulty pinning down the information. The Newark Star-Ledger today quoted an unnamed director of a volunteer agency as saying a refugee had told him he had seen at Kilmer "the same police

4 More Days

To take advantage of The Herald's reduced rate on annual subscriptions. For delivery to your home in Big Spring, the Bargain Rate is now only \$18.50, but this rate positively will be withdrawn Dec. 31. Save money, and avoid the trouble of weekly payments for your paper. Just mail check for \$18.50 to The Herald, right away, and you'll have your paper until January 1, 1958.

That Velvet Touch

This small beauty is ready for Sunday School in a sapphire blue velvet party dress with lace collar, treated for spot and crush resistance.

Elegant Look Extends To Young Belles Of '57

Party dresses are as important as orange juice and vitamins to the morale of small girls. This is a point thoughtful mothers do not overlook. This year the choice is so varied that any pint-size glamor girl should be able to find her dream dress with no difficulty. New styles and fabrics also make life easy for Mom. Some of the most elaborate concoctions of organdy, trills and lace turn out to be the miracle-fabric kind that can be dunked in the washbowl, hung on a hanger and worn without ironing, as crisp and fresh as new, with every ruffle and pleat in place. Velvet, the all-time favorite for little girls' party dresses, also does new tricks this season, with finishes giving resistance to spots, soil and wrinkles. For all those important parties that follow close on the heels of New Year — even small social butterfly needs a velvet dress with a lace collar. It's tradition.

Arizona Visitors Entertained By People Of Forsan

FORSAN—Guests in the home of Mr. and Mrs. L. T. Shoulters are Mr. and Mrs. Jack Huff and children of Tucson, Ariz. Mr. and Mrs. Charles Hall and son of Odessa have been guests of her parents, Mr. and Mrs. A. P. Oglesby and Albert. Mr. and Mrs. Sammy Porter, Mary Lavell and Dianna spent Tuesday in San Angelo with his parents, Mr. and Mrs. Sam Porter. In Odessa for Christmas Day were Mr. and Mrs. M. A. Winget, who visited their children, Mr. and Mrs. C. F. Winget. Mr. and Mrs. D. L. Knight and Mr. and Mrs. Ray Crooks and children have returned from Stephenville, where they were guests

of Mrs. Knight's parents, Mr. and Mrs. A. L. Greer. J. M. Glass is still hospitalized in Malone-Hogan Hospital. Christmas Day was spent near Coahoma by the Charles Spurgan family, who visited her parents, Mr. and Mrs. P. P. Howard were in Big Lake for Christmas Day with their children, Mr. and Mrs. Charles Ray Howard and Brenda. Mr. and Mrs. Paul Lancaster and children have returned from visiting their families in Dublin. Mr. and Mrs. C. B. Long visited his parents, Mr. and Mrs. C. C. Long in Blackwell.

Returns From Holiday

Mr. and Mrs. T. C. Thomas, Alta Vista Apartments, has returned from a month's trip to Dallas, Fort Worth and Mineral Wells in Dallas, she visited her son and his family, Mr. and Mrs. Edmond M. Brown, Diane and Nan, she was a guest of friends in Fort Worth.

Christmas Gift Plants Will Need Varied Care

Those potted plants received as Christmas gifts will require different kinds of care for the best possible blossoming. Most of them will do well with a thorough watering rather than frequent shallow applications of water. Don't burn them by giving too much food or by applying it too near the stem. Most house plants like tepid water; if it is too hot, it will injure and perhaps kill the roots. If it is too cold, it retards root growth. African violets and cyclamen should be watered by placing the pot in a pan of water and allowing it to seep through the soil until the top is moist. Then remove the pot from the water. Avoid keeping the roots too moist as it will make them rot. Begonias will rot at ground level if they are given too much water. Poinsettias should be kept damp and should be given an even temperature of between 65 and 70 degrees. Too great a change in temperature or being too dry will cause them to shed their leaves. The leaves of palms and rubber plants should be sponged off occasionally with a damp cloth. This will remove the dust and allow the plants to breathe.

'ROUND TOWN

With Lucille Pickle

MR. AND MRS. GEORGE BROOKS are happy to have their children and their families here for a holiday visit. LT. AND MRS. RALPH BROOKS and daughter, Laura Lynn, who are stationed at Albuquerque, N. M., and Mr. and Mrs. Carl Wyrick of Denver, Colo., are here until Dec. 29. Mr. and Mrs. Wyrick also are visiting his parents, Mr. and Mrs. Roy Wyrick of Coahoma.

The Brooks spent Christmas Day in Lubbock as the guests of MR. AND MRS. JOE BLUM who have recently moved back there. The Blums plan to spend New Year's Day here with the Brooks family. According to inside information, it was the library door that won the prize at high school instead of the study hall door, as was recently stated in The Herald. The art work was done by ANITA GARDNER, one of the more talented members of the senior class.

MR. AND MRS. WAYMON BROWN and children of Bonham are here visiting his brother and family, Mr. and Mrs. Eugene Brown. Brown is associated with the Veterans Hospital in Bonham. MRS. L. Z. MARCHBANKS spent Christmas in Dallas with her mother and brother. She returned here Wednesday morning.

L. R. MUNDT went a round-about-way to get to Wichita Falls, where he spent Christmas with his sister. His original plan was to meet friends in Aransas Pass for a fishing expedition. When he got there, the trip had fallen through so he decided to visit his sister. In all he traveled 1,500 miles to get to Wichita Falls.

MR. AND MRS. R. E. MCKINNEY were hosts to relatives from Dalhart Tuesday. Included were his mother, Mrs. H. C. McKinney, and an uncle and aunt, Mr. and Mrs. C. T. Pounds and Howard.

MRS. EVA PYEATT and MR. AND MRS. J. A. ETHERIDGE have returned from Longview, where they spent Christmas with their sister and her husband, Mr. and Mrs. C. P. Brandon, and other relatives.

No Tooth Trouble

Health is the basis of beauty is Actress Nancy Hadley's firm belief. As a native Californian with a father in the dried-fruit business, Nancy was raised in a household where natural sweets took the place of candy, and toothaches were unknown. Nancy is currently appearing in CBS-TV series "The Brothers."

Reunions Held By Forsan Families During Holidays

FORSAN — Family reunions marked the Christmas holidays in the Forsan groups. In the O. W. Scudday home were Mr. and Mrs. W. K. Scudday and Kerney Sue of Midland; Mr. and Mrs. Mutt Scudday, Yvette and Mike of Graham; Mr. and Mrs. Tom Limbocker and Mr. and Mrs. Tommy Holloway, all of Monahans. Joining in the festivities were Mr. and Mrs. M. M. Hines and Elray Scudday of Forsan.

Local Couple Wed In Snyder December 21

Dr. and Mrs. Quentin Conklin are on a wedding trip to Abilene, Kansas, following their marriage in Snyder Friday evening. The bride is the former Beth Phillips, daughter of Mr. and Mrs. Roy Phillips, 415 Westover Road. The bridegroom is the son of Mr. Tracey Conklin and the late Dr. Conklin of Kansas. Upon their return, they will be at home at 1009 East 15th. Dr. Conklin is associated with the VA Hospital.

FORSAN — The Rev. and Mrs. John Ferguson and children of Roby are here this week as guests of her parents, Mr. and Mrs. L. C. Alston. Here from El Paso for the holidays were Mr. and Mrs. Bob Sledge and Rickie. They were guests of her parents, Mr. and Mrs. J. W. Griffith and Gaye and Sandra.

Mr. and Mrs. R. L. Shelton and Bobby Dean were in Big Lake for Christmas Day with his mother, Mrs. Mamie Shelton, and in Sheffield to visit Mrs. R. L. Shelton's father.

Mr. and Mrs. Henry Park, Freddie, Roger and Stevie were in San Angelo Christmas Day. Christmas visitors with Mr. and Mrs. Ray Prater and sons have been Mr. and Mrs. L. N. Prater of Midland and Mr. and Mrs. Eldon Prater of Eunice, N. M. Mr. and Mrs. C. C. Suttles and James had as their Christmas Day guests Mrs. L. T. Perry, Gayle, Pal and Judy of Midland.

Mrs. W. J. White and George spent Christmas Day in Midland with her mother, Mrs. C. T. Pittman. Ronnie Gandy was in Oklahoma for Christmas with his parents; Mrs. Gandy spent the time in Big Spring with her parents, the Rev. and Mrs. A. R. Posey.

Mr. and Mrs. Les Duffer, Kenneth, Linda, Lester and Anna have been guests of her parents, Mr. and Mrs. A. W. Holt, in Colorado City.

Katherine Cooper Is Married To Mr. Bice

COLORADO CITY — Mr. and Mrs. Leon Stewart Cooper of Colorado City are announcing the marriage of their daughter, Katherine Wright Cooper, to William Jack Bice of Colorado City. The bridegroom is the son of Mrs. Ruby English of Lehigh, Okla. The couple was married in Old Mexico Saturday.

HOLLYWOOD BEAUTY

Good Health Termed The Basis Of Beauty

By LYDIA LANE
HOLLYWOOD — Before Nancy Hadley was chosen Miss Los Angeles in a Miss America contest she thought she wanted to be an artist. But the glamour of show business was so enticing she turned her pretty face toward Hollywood. She had no difficulty becoming a model and saved her money for dramatic training. Now she's had her first big break in the new CBS-TV series, "The Brothers." When I went to lunch with Nancy I soon discovered we had one thing in common — an enthusiasm for the phrase "You are what you eat." Nancy is a native Californian. "My father is in the dried-fruit business and as children we never had candy in the house so we had no problems with our teeth. When I started modeling one of my first big jobs was for a toothpaste ad. "I am glad my family taught me to have a healthy respect for my body because I seem to have more energy and fewer things wrong with me than most people I know," Nancy continued. "I am a great one for exercise. I feel so much better when I use my body. Very often after work I am so tired I have to drag myself to a gym. But after I've had a workout and relaxed a few moments in a steam room, I come out feeling amazingly refreshed. "I can't get the fatigue out of my system in the same length of time by sitting still," Nancy remarked. "Most people think of exercise as something that wears you out but when it is done with deep breathing it can be very relaxing." For one so young Nancy has a remarkably clear idea of what life is all about. "I think health is the basis of beauty and that the impression you make on other people carries you a great deal further than mere perfection of features. A pretty face just has to be backed up with other qualities," she asserts. "I was half through my cottage cheese and fresh-fruit salad when Nancy exclaimed, "My family taught me to eat slowly but I am barraged me to keep people eating." I explained I had plenty of time. "But," Nancy added, "this proves that any good quality carried to excess loses its desirability. For 37 I resolve to eat faster."

MAGIC SPRING CLEANING DIET
It's not Spring, but it's a good time to try the famous twice-a-year "Spring Cleaning Diet" that is a favorite in Hollywood. The diet is found in Leaflet M-46. Try this if you feel sluggish or if you're overweight. This special routine makes reducing easier, eliminates toxin from the body and once these poisons are removed your skin is clearer, your eyes brighter and your entire system is benefited. For your copy send only 5 cents AND a self-addressed stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Be sure to ask for leaflet M-46, "Spring Cleaning Diet."

Retired Worker To Move To Andrews

FORSAN — Steve J. Huestis, recently retired from the Phillips Petroleum Corp., will move soon to Andrews.

Mr. and Mrs. Wayne Huestis and baby of Odessa were here for Christmas with his parents, Mr. and Mrs. H. G. Huestis.

Visitors in the home of Mr. and Mrs. A. J. Overton have been Mr. and Mrs. Everett Overton of Odessa.

Mr. and Mrs. M. M. Fairchild were in Jal, N. M., for a pre-Christmas visit with her parents, Mr. and Mrs. A. L. Armstrong. On Christmas Day, the Fairchilds entertained his mother, Mrs. A. L. Fairchild; their son and his family, Mr. and Mrs. Dan Fairchild of Jal, and their daughter and her husband, Mr. and Mrs. Larry Digby of Stanton.

Mr. and Mrs. Leo Parker, DeLores and Dena were in Luling for Christmas with his parents, C. C. Brunton was in charge of arrangements for the recent dinner for employees of the Sun Oil Company given at the Forsan Country Club. About 35 attended.

Search For Best Home Seamstress Scheduled For Dec. 31 To March 30

New Year's Eve will signal the beginning of the annual search for the best home seamstress of 1957 who will win \$25,000 for her sewing talents in the climax of the sewing contest sponsored annually by the Singer Sewing Machine Company, according to an announcement by Charles F. Bruder, vice president of that company.

The success of the first \$125,000 contest, held in 1956, prompted the company to make the contest an annual affair. The 1956 grand prize was won by Mrs. J. Floreine Doss of Portland, Oregon.

The contest is open to women over 18. Women registering for the sewing course in home dressmaking in any of the company's 1,800 local sewing centers between Dec. 31, 1956, and March 30, 1957, and completing a garment by April 27 are eligible for the contest.

Prior to the Grand Sew-Off in New York, one winner will be selected from each center in the United States and Canada; prizes on the local level will be \$30 fitted scissors sets. The winning garments will then be entered in the regional judging, and one winner will be selected from each of the 33 regions.

The first prize winner on the regional level will have a choice of two prizes: either a Singer automatic swing-needle sewing machine with finger tip control, or a Singer slant-needle portable sewing machine and the Singer canister model vacuum cleaner. Second prize winners on the regional level will receive Singer slant-needle portable sewing machines, equipped with automatic zigzaggers.

Garments winning first prize in each of the 33 regional judgments will be entered for judging in New York City. During the month of June, the 33 finalists will come to New York for several days as guests of the company, and will participate in the Grand Sew-Off for cash awards.

Each woman participating in the Grand Sew-Off will have the use of a fully equipped individual sewing room and the assistance of an advisory panel, to make a dress for a model. Each woman may select fabric, pattern and notions from a wide assortment. In the final judging, the dress will be shown on the model for whom it was made. The grand prize is \$25,000 in cash, with \$10,000 going to the second place winner. Other prizes are: \$5,000 for third prize; \$2,500 for fourth prize; \$1,500 for fifth prize, and \$1,000 each for sixth through tenth place winners. Everybody will be a winner, for 23 honorable mention prizes of \$250 each will be awarded.

1448
10-16
Teens' Basque
Here's the type of frock Teens love to wear—fitted and youthful, with the tiniest of sleeves, high waist, full skirt.
No. 1448 is in sizes 10, 12, 14, 16. Size 12, 4 1/2 yards of 85-inch Transfer provided for embroidery, if you like.

Big Auto Show To Be Racing Feature

At least 17 car and truck models plus an array of boats, house trailers and industrial equipment will be on display Sunday in connection with the first auto races sponsored by the Big Spring Timing Association.

Truman Jones, who is in charge of the automobile show, announced today that 11 firms have reserved space to display their cars, trucks and other equipment.

Both the auto show and the races will be staged on the west side of Webb Air Force Base, starting at 10 a. m. Sunday. Tickets have gone on sale and will be available at the gate, which is located on the country road bordering the air base a few miles south of U. S. 89.

Bleachers are being set up near the starting line for the 1,200-foot racing strip. A spectator parking area also is being prepared.

Souped-up cars in a variety of racing classes will participate in the event. The Lubbock Timing Association will furnish timing equipment and assist local sponsors in timing the contests. Around 30

'57 Car Tags Not Available Yet, But Numbers Assigned

Eager heavers who want to freshen up their family cars with shiny new license plates will have to wait a while, according to Viola Robinson, county tax collector.

Shipment of tags for Howard County for 1957 will be received sometime in January, but when they will be here is not yet known.

Three letter designations have been assigned to the county this year. First to be issued will be the tags prefixed "CX". Next will be the ones bearing "CY" and last in the series will be the "CZ" group.

In 1956, only two groups of tags were allocated to the county. They bore the prefixes of "CL" and "CK".

The 1957 models will feature a black and white color scheme.

Mrs. Robinson said the deadline for acquiring 1957 tags expires on April 15.

Regardless, she said, a great many motorists have already been to her office and have sought to buy their new license plates.

As soon as the plates are on hand and the sale of the tags is authorized, announcement will be made by the office, she explained.

CTC Meeting Slated Tonight

Regular monthly meeting of the Citizens' Traffic Commission will be held tonight.

The meeting will be at 7:30 p. m. in the county court room. James Eubanks, executive secretary, announced.

The group will discuss possible recommendations on Washington, Eubanks said. Several accidents have occurred on the thoroughfare in the past months, he said.

Eubanks urged all persons interested in traffic safety to attend the meeting.

Pipe Leak Causes Water Shut-Off In East Big Spring

A break in a city water line on the east side of Big Spring caused temporary shutdown of water service today.

The line leak actually developed Wednesday night but the city left it until this morning. The leak was small and the city felt it could make repairs better in daylight.

The break was on Birdwell Lane, and the city cut off the water service about 8 a. m. today. An extensive area around the break was temporarily cut off from water while the line was isolated.

However, only about a dozen residences were without water all morning while crews repair the leak. After the line was isolated, a majority of the users' water pressure returned.

The city planned to have the line back in use by noon today.

Extradition Is Sought

Guilford Jones, district attorney, said he was making application today to California for extradition of Clyde Miles, wanted here to answer an indictment alleging attempted burglary.

Jones explained that Miles was not in the state at the time of his indictment. He is at liberty at present in California.

Jones said he would push for extradition of the defendant.

Police Storing Bicycles In Patio

The patio beside the police station is turning into a bicycle lot. At the present time, there are two bikes there that have been found by policemen and not claimed.

One has been there for over a month, and the second came Wednesday. Patrolmen found it behind the Howard House. Both are red English-type vehicles.

Work On Powell Dam Starts Today

The city started a maintenance project at Powell Lake this morning.

Equipment was moved to the lake Wednesday, and gravel fills were uncovered. The actual work was not to have started until this morning, however.

The maintenance work is on the earthen dam which has been deeply cut through the years by rain. City commissioners authorized the work at their meeting Nov. 27. The work will include filling eroded gullies down the sides of the dam and also putting gravel over the entire dam.

Gravel for the work will be purchased from R. L. Powell, who owns the surrounding land. It is available about a mile and a half

Crash Victims' Remains To Be Flown To U. S.

Remains of Mr. and Mrs. Harris Gray, killed in a plane crash in Italy Saturday, will be flown from Milan, Italy, to Atlanta, Ga., for funeral services.

Dr. G. H. Wood of Big Spring, brother-in-law of the couple, said the bodies will leave Milan Saturday and arrive in Atlanta Monday. Funeral services will follow immediately.

Mr. and Mrs. Gray, who had lived in Milan for the past four years, were flying from Rome to Milan when they and 19 other persons perished in the crash of the Italian airliner.

Their children, Connie, 14, and Pamela, 6, were in Milan at the time. They will return to this country by ship and are due to reach Atlanta about Jan. 10, Dr. Wood said.

Mr. Gray, Mediterranean area supervisor for the Coca Cola Company, was the son of Mrs. P. S. Gray of Big Spring. Mrs. Wood and Miss Lady Jane Gray of Big Spring are sisters.

Mrs. Harris Gray also is survived by her mother, Mrs. Emelyne Connor of Atlanta. W. L. Gray of Mountain Home, Idaho, and J. L. Gray of Augusta, Ga., are brothers of Harris Gray.

Prospects Good For Hereford Annual Sale

Inquiries indicate a good attendance by out-of-town buyers for the annual Hereford County South Plains Hereford Breeders sale here next Wednesday.

More than 300 catalogs have been mailed to ranchers, breeders and others interested in herd and range sires and dams. The sale here is one day ahead of the Concho Hereford Association sale at San Angelo and a number of buyers will be here on the "circuit."

Forty-one bulls, all high quality and ready for service, will be offered along with seven open females. The judging will start at 9 a. m. on the morning of Jan. 2 and Stanley Anderson, member of the animal husbandry staff at Texas Tech, will be the judge. Lunch will be available at the Howard County Fair Barn through the cooperation of Home Demonstration club women. Walter Britten, Cattle Station, will begin the auction at 1 p. m.

Loy Acuff, president of the association, said that this year's sale — which is an open affair — will have the highest quality animals across the board of any of the sales. Members of the association and their guests will be here at 7 p. m. Jan. 1 for the annual banquet at the Settles. Dr. P. D. O'Brien, First Baptist pastor, will speak.

Burglars Take Money, Beer

Burglars forced the front door at Kimbell Feed Mill, 100 Lancaster, last week and made off with about \$11 in cash.

The police reported the burglary occurred on Saturday.

Taken were a gold watch, six rolls of pennies, three rolls of nickels, and a roll of dimes.

A burglary at the Reed Roller Bit Company, 100 Bell, netted the criminals only a case of beer. The burglars entered a rear door, the police investigators reported.

Burglars were unsuccessful at entering Hess Jewelry, 118 Main, sometime Tuesday.

Lockhart-Collins Motor Company, 1011 Gregg, reported loss of an electric drill and a set of bits sometime Friday or Saturday.

2 Cars Stolen, Another Found

Two cars were stolen here within the past two days, and another was found this morning which had been stolen in Lubbock.

A green 1950 Mercury was stolen from the Dub Bryant Used Car lot at 911 E. 4th on Tuesday. It belonged to Lee Patterson, 1003 Lancaster. Bryant told the police that the keys were hidden inside the vehicle.

This morning, Olen Olmstead, 506 E. 15th, advised the police department that his 1957 Plymouth was taken during the night.

Olmstead said the keys were in the car.

Bruce Frazier asked the police to check a car parked near the south end of Birdwell Lane early today. The check revealed that it had been stolen in Lubbock Wednesday.

WEATHER

Forecasts for all Texas: Fair and mild through Friday. Gentle to moderate variable winds on coast.

MARKETS

STOCK MARKET
NEW YORK (AP) — The stock market moved narrowly higher in early trading today. Turnover was fairly active. Small gains were registered in a number of issues. The Dow Jones industrial average closed at 164.84, up 1.25 points from 163.59. The S&P 500 index was up 1.14 points to 100.14. The volume of trading was 1.2 billion shares.

The market was quite active at the opening. Transactions for income tax purposes were still reckoned. The rail group staged a modest recovery from yesterday's slide. Other major divisions had a quiet day. New York Central and Illinois Central were higher. Southern Railway was up. Steel and Youngstown rose fractionally. General Motors rose slightly. Chrysler and Ford showed little change. Leading oils were mixed. Standard Oil of New Jersey backed away a bit. Boeing and Douglas Aircraft took fractional losses. American Telephone was up a fraction. Anacostia Copper moved ahead.

Other gains were Allied Chemical and Union Carbide.

Stinebaker was up 1/4 at 7. Union Pacific was at 30 1/2. Auk off up 1/4 at 32 1/2 and Goodyear up 1/4 at 8 1/2.

LIVESTOCK
FORT WORTH (AP) — Hogs 600, up 25; choice 6.00; lambs 50 or more lower; good to choice 10.00-11.50; ewes 5.00-7.00; stock hogs 14.00-16.50.

Cattle 2,200; calves 6.00; steady; good and choice 10.00-12.00; common and medium 10.00-15.00; fat cows 10.00-12.50; good and choice calves 15.00-18.00; common and medium 11.00-14.00.

COTTON
NEW YORK (AP) — Cotton was 10 cents a bale lower to 25 higher at noon today. March 34.00, May 33.00, July 32.24.

Locations In Iatan-E. Howard, Dawson Test In Pennsylvanian

New locations have been staked in the Iatan-East Howard pool by Fleming, Fleming, and Kimbell of Fort Worth.

The firm staked the No. 7-J Denman about five miles south of Coahoma, and the No. 32 Dodge Estate about six miles south of Coahoma. Both will project to 3,200 feet.

Operators prepared to test the Pennsylvanian at the Humble No. 1 Hemphill, a venture in the Mungerville Southeast field of Dawson County. The test will be below 9,400 feet. The venture is nine miles west of Lamesa.

Completed from the clear Fork for a daily flowing potential of 106 barrels of oil, plus four per cent water. Gravity is 32.4 degrees, and gas-oil ratio is 527-1.

Perforations are between 6,165-80 feet, and top of the pay zone is 6,150 feet. Plug-back depth is 6,367 feet, and total depth is 6,995 feet. Location is 680 feet from east and 660 feet from south lines, 45-36-45, T&P Survey.

Howard
In the Big Spring field, Williamson et al No. 1 Anderson is swabbing with no gauges on production. The project is located C 5E NE, 24-32-1n, T&P Survey, eight miles northeast of Big Spring.

Guthrie No. 1-B Sarah Hyman pumped 17 barrels of oil on 24 hour potential plus two per cent water. The well is in the Albaugh (Yates) field. Gravity is 31 degrees. The site is 330 feet from north and east lines of the south-east quarter, 89-29, W&N Survey, 11 miles southeast of Coahoma. A. Cosden No. 1 Garrett is still swabbing load from Spraberry perforations between 6,706-32 feet. The wildcat venture is 1,980 feet from south and 2,010 feet from east.

Borden
Phillips No. 1-B Clayton is pumping with no gauges on production. Perforations are between 6,050-100 feet. The site is C NW SE, 17-32-4n, T&P Survey, 12 miles southwest of Gail.

Continental No. 1 W. D. Johnson, 16 miles north of Vealmoor, deepened to 4,595 feet in lime. The wildcat is C SW SW, 31-32-5n, T&P Survey, to test the Ellenburger.

Texas No. 2-C A. M. Clayton, in the Jo-Mill field, flowed 331.20 barrels of oil, plus 10 per cent water, on 24-hour potential. The well is C SW SW, 18-30-4n, T&P Survey, 12 miles southwest of Gail.

Perforations in the Spraberry are between 7,194-290 feet, and top of the pay zone is 7,194. Total depth is 7,637 feet but the hole is plugged back to 7,605 feet. Gravity is 38.7 degrees, and gas-oil ratio is 366-1.

Blanco No. 1-27-B C. C. Canon is a new location in the Jo-Mill North field. It is 2,080 feet from south and 550 feet from east lines, 27-33-5n, T&P Survey, 18 miles west of Gail. Drilling depth is 7,500 feet.

Dawson
Humble No. 1 Hemphill prepared to drillstem test between 9,400-51 feet after taking a test from 9,383-400 feet. The tool was open one hour, and operator recovered five feet of mud. Tests are in the Pennsylvanian. The venture is 660 feet from north and east lines, Labor 31, League 3, Taylor CSL Survey.

Skelly No. 1 Frank Freeman projected to 5,965 feet in lime. It is a wildcat 2,118 feet from south and 660 feet from east lines, Labor 11, League 275, Glasscock CSL Survey.

Suspects Go To Odessa

Officers from Odessa took custody of a man and a 15-year-old boy wanted in that city for a series of break-ins, here Wednesday afternoon.

The two were arrested by Floyd Moore and Rufus Davidson, deputy sheriffs, on Christmas Day. They were found to have more than \$200 in bills and small change in their possession.

The deputies here said that the boy later told them that he and his companion had broken into four establishments in Odessa and two in Midland on Christmas Eve night.

The man made no statement. The deputies arrested the two when their attention was attracted to the erratic operation of the car in which the pair was riding. At that time, the officers had no information the suspects were wanted for anything but reckless driving.

Figure In Slaying

Wesley Allen Cox, (left), 17-year-old Arlington youth, has been charged with the pistol slaying of Linda Carroll Housewright, (right), 15, of Grand Prairie, who was shot in the bedroom of her home. Cox was a former boy friend of the girl.

No Adoptions Of Refugee Children

At least six Big Spring couples will be deeply disappointed as results of a letter which Mrs. Moore Sawtelle, the American Red Cross, has received from the area office in St. Louis.

These six couples have applied to Mrs. Sawtelle for information on how they can adopt a Hungarian refugee child.

Mrs. Sawtelle wrote to the area office. The St. Louis officials have told her that up to the present time, the future handling of little refugees of the recent revolt in Hungary has not been clarified.

Present plans, the letter relates, are to make every effort to reunite such children with their own families if possible.

It has been indicated that unaccompanied children — youngsters who have become separated from their mothers and fathers in the turmoil which has raged in Hungary — will probably be brought to the United States on a strictly temporary basis.

These will be the youngsters who are available for temporary assignment to American families.

Mrs. Sawtelle said that she would be happy to assist any family in the Big Spring area who is interested in providing a home for such a child until his relatives can be located.

There are three basic agencies which will have information relative to such children, the St. Louis Red Cross office reported.

They are: Catholic Committee for Refugees, 265 W. 14th, New York 11, N. Y.

American Branch of International Social Service, Inc., 345 E. 46th St., New York 17, N. Y.

United Hias Service, 425 Lafayette Ave., New York 3, N. Y.

Letters addressed to any of these agencies will provide the necessary current information on the child refugee program, it was said.

Meantime, Mrs. Sawtelle said that she has had no information of any plans to locate any of the hundreds of refugee Hungarians now being brought to this country in this immediate area.

She added, however, that it was quite possible some could be sent to West Texas. Decision of relocation of the refugees will be announced later.

Burlesque, Less Bumps And Grinds, Back In New York

NEW YORK (AP) — Burlesque — without the strip-tease, bumps or grinds — returned to New York City last night after a 19-year exile.

"Nothing offensive," commented License Commissioner Bernard J. O'Connell after he witnessed the 2 1/2-hour opening night performance at the Columbia burlesque theater. The show drew a half-capacity crowd.

O'Connell and two aides viewed the performance to make sure the show's management upheld its pledge to keep it clean.

The Mayor Fiorello H. LaGuardia banished burlesque from the city in 1937 on grounds it was lewd and unsavory.

The show, appropriately titled "Welcome Exile," stuck to the new script. The baggy trousers, burlesque skirts and bare midriffs were there. But the spots where strippers once cavorted were filled with attempts at ballet.

Hula dancer Donna Vea and tap dancer Shirely McGuire supplied most of the sex appeal.

"All of us have high hopes for this," declared Miss Vea, but she expressed disappointment at the crowd.

"What's the use of trying for something decent when they let that kind of people in? Yelling, 'Take it off.' Throwing money. They ought to be thrown out."

Tom Phillips, president of the Burlesque Actors' Assn., fought the city in the courts for two years for the right to stage burlesque.

new script. The baggy trousers, burlesque skirts and bare midriffs were there. But the spots where strippers once cavorted were filled with attempts at ballet.

Hula dancer Donna Vea and tap dancer Shirely McGuire supplied most of the sex appeal.

"All of us have high hopes for this," declared Miss Vea, but she expressed disappointment at the crowd.

"What's the use of trying for something decent when they let that kind of people in? Yelling, 'Take it off.' Throwing money. They ought to be thrown out."

Tom Phillips, president of the Burlesque Actors' Assn., fought the city in the courts for two years for the right to stage burlesque.

Dancer Sues TV Quiz, Claims Plot

NEW YORK (AP) — A night club dancer has filed a \$103,000 suit in U.S. District Court against the television quiz program, "The Big Surprise," asserting she "deliberately" was asked a question the producers knew she couldn't answer.

Miss Dale Logue, a red-haired dancer now appearing in a Las Vegas, Nev., club, contended yesterday that she was cheated of a chance to win the show's \$100,000 jackpot.

Miss Logue said she missed a \$10,000 question on the program Nov. 6 after she first had missed it in a "warmup session" that preceded the broadcast. Her category was astronomy.

Steve Carlin, executive producer of Entertainment Productions, Inc., which produces the NBC network show, turned the allegations "ridiculous and hopeless."

Miss Logue contended in her suit that the "true purpose" of the warmup is to give the producers "a device by which they could eliminate any contestant" by asking questions before the show until they find one the contestant can't answer.

She said they then use the same question on the program and eliminate the contestant.

The question Miss Logue missed, Carlin said, was "written

a considerable period of time before Miss Logue appeared on the show." Carlin said the warmups are used to calm down and orient contestants by getting them to discuss their subjects "in a most general way."

Carlin added that if a warmup session touched on a question asked later in the show "it would be coincidental."

Miss Logue asked for a court directive restoring her as a contestant on the program as an alternative to the \$103,000 damages. She also named the Spindel Corp., the sponsor, as a defendant.

Bolding Opens White Agency

Sid Bolding Motors, for 15 years the White and Autocar truck dealer in San Angelo, today formally announced the opening of a branch agency in Big Spring.

The firm is situated at 312 State while a new plant is under construction on U. S. 80 just east of Big Spring.

The Big Spring agency will provide a complete parts and service depot, as well as a sales headquarters for this area.

Henry King, formerly of San Angelo where he gained 12 years of experience in the truck business, is general manager of the Big Spring branch of Sid Bolding Motors. Service and parts manager is Bill Mason. Max Hudson is George Bailey and Reuben Englert are mechanics.

Promotion

Governor-elect Price Daniel announced he will appoint Zolzie Steakley as Secretary of State. Steakley, former assistant attorney general, has practiced law in Sweetwater and Austin.

Plans Postponed

WACO (AP) — Plans to abandon Lake Waco as a source of water have been postponed. The Water Department first said it would abandon Lake Waco and turn to the Brazos River.

Water Superintendent Curtis Harlan said runoff from recent rains has raised the lake's level nearly three feet and that water consumption should be less next month than last.

Fear Can Be Shackled, Says Lions Speaker

Fear, one of man's worst enemies, can be shackled, the Rev. Hal Hooker, pastor of the First Church of God and president of the Big Spring Pastors' Association, declared in an address before the Downtown Lions Club on Wednesday.

He said that authorities had estimated that 40 to 50 per cent of ailments may have had their beginnings in fear. This force can ruin businesses, sap vitality, cause insanity and break up homes, he said.

In its primitive state, fear stimulates flight or fight, but in our complex time and society, he said, it can result in organic disorder.

Anxiety is fundamentally fear of one's self, he continued, and he said that behind anxiety was a sense of personal guilt. Remove the guilt and you remove the fear.

"Because fear is a personal thing," asserted Rev. Hooker, "we must go somewhere else to overcome it. . . . We must go to God."

George Mclear reported on the club's annual Christmas party for the children of Kate Morrison School. President Marshall Cauley said efforts would be made to work up a delegation to go to Odessa or Jan. 10 when the president of Lions International will be a guest of the Odessa Club.

Valuable Estate

DALLAS (AP) — The will of geologist Everett DeGolyer showed yesterday an estate of capital and surplus valued at about \$5 million dollars. DeGolyer died Dec. 14.

Steel Industry Loses Fight For Tax Aid In Expansion

WASHINGTON (AP) — The steel industry has lost its battle for further government tax aid in expanding its facilities.

The Office of Defense Mobilization rejected yesterday the industry's request that rapid tax amortization be permitted on the cost of another round of plant expansions to meet a growing need for steel.

ODM Director Arthur S. Flemming announced also the government will not set up a priority system to channel steel supplies to tanker construction. Such a program, he said, could take steel from other needed uses and could lead eventually to a "controlled economy" in peacetime.

Under the tax amortization program in which the steel industry shared during the Korean War, a company is permitted for tax purposes to charge off a substantial portion of the cost of a new

plant within five years. Normally the depreciation must be figured over a period of 20 years or more.

At the faster rate, more of the cost could be met from money which otherwise would go to the government in income taxes.

Flemming said that to restore the program for steel plants would be "contrary to the intent of Congress" and would discriminate against other industries.

He said it has been determined that there would be sufficient steel capacity for a mobilization, and that current shortages result from "the current needs of a rapidly expanding civilian economy."

Huge Throngs Due

PASADENA, Calif. (AP) — Pasadena Police Chief Clarence Morris estimates that about a half million cars carrying 1 1/2 million people will swarm into Pasadena Tuesday for the Tournament of Roses parade and Rose Bowl football game.

Work up a delegation to go to Odessa or Jan. 10 when the president of Lions International will be a guest of the Odessa Club.

Residents' Kin Dies In DeLeon

Raymond Carter, Mr. and Mrs. R. P. Kountz and Mrs. Roy Bardwell left Wednesday for DeLeon in response to a message of the death of J. F. Carter of Olney.

Mr. Carter, who had been an automobile dealer in Breckenridge and Olney, died early Christmas Day. Funeral services will be held this afternoon in DeLeon.

He is survived by his wife and his sister, Miss Alice Carter, both of whom have visited here in the Kountz home, and Raymond Carter, a nephew. He was a brother of the late Ben R. Carter.

Powell Claims Rayburn Purge

NEW YORK (AP) — Rep. Adam Clayton Powell (D-N.Y.), who bolted the Democratic presidential ticket to support President Eisenhower, says House Speaker Sam Rayburn (D-Tex.) seems "bent on purging me."

Powell, a Negro, said last night that Rayburn sent him a letter dated Dec. 4 and told him he would not be given a set of new congressional offices. Powell said he was entitled to these offices "on the basis of seniority."

Appearing on Mike Wallace's "Night Beat" television program, Powell declared:

"As on March 1, I was entitled to new offices being vacated by Dan Reed (R-N.Y.). He (Rayburn) has given these offices to Chell of Kentucky Rep. Frank L. Chell because I did not support the nominee for president and vice president on the Democratic ticket and Chell did support these nominees.

"That seems to indicate that Rayburn is bent on purging me, but if the Democratic caucus on Jan. 2 . . . purges me as the first person in the history of the Democratic party it will be obvious that they are purging me only because I am a Negro.

"They have never done it to any of the state rights boys from Dixieland."

Powell supported the Eisenhower ticket, he said, because he preferred the President's stand on civil rights to that of Adlai E. Stevenson, the Democratic presidential nominee. Powell said at the time he was still a Democrat.

Surprise Storm

BUFFALO, N.Y. (AP) — A surprise winter storm last night dumped a inches of snow on the Buffalo area.

MEN IN SERVICE

Graduating as an honor student from training at Keesler Air Force Base, Miss., as an aircraft control and warning operator is A-3C Milton S. Davis, son of Mrs. J. M. Lee, 1600 State, Big Spring.

The airman, who attended Big Spring High School prior to enlisting in the Air Force, will be assigned to duty with the USAF in Iceland.

En route to his second assignment in Japan, Personnelman 3 C William A. Brackeen is spending the Christmas and New Year's holidays with his parents, Mr. and Mrs. L. B. Brackeen of Big Spring.

Young Brackeen has been in the Navy two years and spent six months in Japan on a previous Far East tour. Until recently he was assigned to a helicopter squadron in southern California. He is to report to San Francisco Jan. 3 for transfer to Japan.

Brackeen, 20, is a graduate of Commerce High School and attended East Texas State College and Howard County Junior College before starting a four-year hitch in the Navy.

Mrs. R. L. Johnson, Big Spring, will have a big part of her Christmas Saturday. She is expecting a telephone call from her son, James Richard Miller, who is in Japan.

Miller, who will be 20 years old Sunday, is stationed at an Air Force base in Japan. He has been in the Air Force nearly two years and expects to return to this country next summer.

He has been in Japan for more than a year. He attended Big Spring High School before enlisting in the Air Force.

FOOD ideas FOR HOLIDAY HOSPITALITY Set a Buffet-Beautiful

Cinnamon-Candy Ham—Baked ham is king of the buffet table wearing a coat of scarlet candy-glace. Peppery cinnamon candies make the basting—melted down in pineapple juice. Feature this on your buffet table right next to a smacking big bucket of ice-cold Coke. It's the party refreshment that's really fun with food!

Flaming and Festive—Make way for your buffet's crowning glory—dessert that flickers with flame! Choose a favorite cake, then top with peach halves and sugar-lumps soaked in lemon extract. What a sight when you light it! Gala as the great taste of Coca-Cola—and just as traditional at a party. Coke really sparkles wherever good friends get together!

Turkey-Pieces: Southern-Fried—No carving problem here! Plan on one piece-per-person . . . golden-brown, crunch-crisp. And team this dish with that party favorite . . . ice-cold Coca-Cola. Start with broiler-fryer size turkeys cut up into serving pieces. Fry to your taste. For best results, serve with the sparkle, the little lift, of Coca-Cola.

NEWSOM'S IS GREEN STAMP HEADQUARTERS

GREEN STAMPS GIVEN EVERY DAY

DOUBLE GREEN STAMPS ON WEDNESDAYS!

Pleases The Guests

This attractive and friendly kitchen at the Vernon S. Smith home, Western Hills Addition, pleases the family and guests alike, according to Mrs. Smith. The kitchen area is at the end of the large living room and is separated by the snack bar. The area is decorated in shades of brown and the appliances and tile work are done in

cooper. For informal serving, Mrs. Smith uses the snack bar and she says that when "company comes" they enjoy just sitting at the snack bar and chatting. For the food page today, Mrs. Smith contributes a delicious way to use leftover turkey.

Mrs. Smith Suggests Deluxe Turkey Casserole For Leftovers

What to do with leftover turkey? That's the problem that most holiday cooks are contemplating. To solve that problem Mrs. Vernon Smith recommends this deluxe turkey casserole. Mrs. Smith acquired this recipe several years ago from a friend in Okmulgee, Okla. This is certainly a way to treat the family to more turkey — and they'll enjoy it.

DELUXE TURKEY CASSEROLE

Ingredients:
3 tablespoons butter or margarine
1 1/2 tablespoons flour
1/4 cup milk
2 cups cubed turkey
1 cup light cream
1 teaspoon salt
3 egg yolks (slightly beaten)
1/2 teaspoon grated onion
1/4 cup grated cheese
2 small cans baby peas

Method:
For white sauce, melt butter in saucepan; stir in flour; gradually add 1 cup milk, stirring constantly until thick. Meanwhile, cook turkey in cream over low heat for 15 minutes. Add to this 1/4 cup white sauce mixture and salt. Heat broiler ten minutes. Combine 2 egg yolks with remaining 1/2 cup milk. Add to white sauce and onion. Cook, stirring until

thick. Add 1 tablespoon butter and half of cheese. Turn turkey mixture into casserole. Sprinkle with rest of cheese.
To peas, add the remaining 1 egg yolk and cook until thick. Arrange on top of turkey mixture. Bake in 350 degree oven for 5-10 minutes or until golden brown on top.

For Another Holiday Treat, and especially to have ready for unexpected guests, Mrs. Smith suggests this recipe for Angel Food Gelatin Cake.

"This is particularly a favorite with my daughter," Mrs. Smith said. And since the Smiths will have their daughter and her husband, Mr. and Mrs. Ray Able, Fort Worth, as guests during the New Year's holidays, Mrs. Smith is

well prepared.
HOLIDAY ANGEL FOOD CAKE
Ingredients:
1 cup whipping cream
1 package cherry gelatin
Small bottle cherries
3 slices of pineapple
1 angel food cake
Method:
Mix gelatin as directed (use only 1 cup water); whip cream until stiff. Mix gelatin and cream and fold in chopped cherries and pineapple. Cut larger hole in angel food cake than mold makes. Fill hole with gelatin mixture and store in refrigerator. Cake must be kept in refrigerator at all times.
The Smiths are now in their new home in Western Hills Addition. They have a son, Taylor, who is in the fifth grade.

Frozen Dessert Is Good In Winter Too

A frozen dessert is as refreshing in cold weather as it is when days are hot.

PINEAPPLE SHERBET

Ingredients:
One can (9 ounces) crushed pineapple, 1 teaspoon grated orange rind, 3 tablespoons lemon juice, 1/2 cup sugar, 1 cup milk
Method:
Turn pineapple (including syrup) into mixing bowl. Stir in grated orange rind and lemon juice. Add sugar to milk and stir until dissolved; add to pineapple mixture, mix thoroughly. Turn into refrigerator tray. Freeze until mushy — 1/2 to 3/4 hour. Turn mixture into chilled bowl and whip with rotary beater (hand or electric) until fluffy. Turn back into tray and freeze until firm — about 2 hours with refrigerator control turned at lowest freezing point. Makes 4 to 6 servings.

Greet New Year With Snacks For Company

By CECILY BROWNSTONE
Associated Press Food Editor

Start off the new year with a new-old recipe. It's elegant to serve to friends on New Year's Eve, and to use for other evening parties and afternoon-coffees the whole year through.

This snack — toasted mushroom rolls — was a specialty of our family's house when we were very young. The memory of its delicious flavor and texture has lingered all these years — and recently when we made and tasted it again, we weren't one whit disappointed.

One reason the mushroom rolls were a company favorite in our family was that they could be made well ahead and refrigerated. We can still remember the pattern of the linen tea towel — dampened and wrung out — that was always carefully placed over them to keep them fresh! Just before the rolls were to be served, they were toasted in the oven or under the broiler.

Along with the mushroom rolls, you might serve cheese straws. In our mother's kitchen the straws were always prepared from extra pie dough sprinkled with grated cheddar cheese and paprika. That is still a good way though nowadays a prepared mix is likely to be used for the pastry. If you do use a mix enrich it by cutting in a little butter or margarine when you empty it from the package; or use cream instead of water to moisten the mix.

Should you want to have a cheese spread on hand, we suggest using an excellent combination we tasted recently: Roquefort cheese mixed with butter and minced walnuts. If you have one of the French rotary nut graters, be sure to use it for mincing the nuts. This mixture is delectable with crackers or rounds of crusty French rolls as well as with slices of fresh apples or pears.

TOASTED MUSHROOM ROLLS

Ingredients:
One-half pound mushrooms, 2 tablespoons butter or margarine, 1 tablespoon lemon juice, 1/2 teaspoon salt, 1/4 teaspoon curry powder, 1/4 teaspoon onion powder, pepper, 12 to 14 thin slices bread, extra butter.
Method:
Wipe mushrooms with damp cloth; with a sharp knife, chop both

caps and stems fine. Melt 2 tablespoons butter in a 9- or 10-inch skillet; add chopped mushrooms; sprinkle with lemon juice, salt, curry powder, onion powder and pepper to taste. Cook quickly until wilted, about 5 minutes, and stir several times; very little juice should collect in pan. Remove crusts from bread; roll each slice well with a rolling pin to flatten; this technique prevents bread from breaking when it is being made into a roll. Lightly spread one side of each slice of bread with extra soft butter. Spread about 1 tablespoon of the mushroom mixture over each buttered side of bread slice. Roll up each slice as for a jelly roll. (Ends of rolls may be fastened with wooden picks although we do not find this necessary if seam side of bread slice, after it is rolled, is rested on baking sheet.) Brush rolls lightly, on all sides, with melted extra butter or spread lightly with very soft butter. Place rolls on baking sheet, leaving a little space between each. (A baking sheet — or jelly-roll pan — that is about 9 by 13 by 1 inches across the top will hold the number of rolls made by this recipe.) Bake in hot (425 degrees) oven about 10 minutes or until browned. Turn rolls half way through baking period if bottoms are browning faster than tops. Serve at once while very hot. Note: Firm compact slices of bread, each about 3/8 inch thick, are fine for this recipe.

Try Corned Beef For Hearty Menu

BAKED CORNED BEEF AND CABBAGE

A genteel but hearty version of corned beef and cabbage.
Ingredients:
Two tablespoons butter or margarine, 2 tablespoons flour, 1 teaspoon salt, 1/2 teaspoon dry mustard, 1/2 cups milk, 1 tablespoon cider vinegar, 1 teaspoon kitchen bouquet, 4 cups finely shredded cabbage (packed down), 1/2 pound cooked corned beef (cut in match-stick strips to make 2 cups packed down).
Method:
Melt butter in a 1-quart saucepan over low heat. Stir in flour, salt and mustard. Add milk; cook and stir constantly over moderately low heat until thickened and bubbly. Remove from heat and stir in vinegar and kitchen bouquet. Spread one-half of the cabbage over bottom of baking pan (11 1/4 by 7 1/2 by 1 3/4 inches is a good size). Spread corned beef over cabbage; cover with layer of remaining cabbage. Pour sauce over and cover pan with aluminum foil. Bake in moderate (350 degrees) oven 40 minutes; bake uncovered 10 minutes longer. Makes 6 servings.

Delicious Flavor

For a different twist in seasoning, try adding a pinch of cinnamon or nutmeg to your fried chicken.

Banana Filling

Add mashed banana to part of the butter frosting you're planning to use for a layer cake; use the banana part for a filling.

Orange Date Bread Is Easily Prepared

A hot bread makes a simple menu seem special.
QUICK ORANGE DATE BREAD

Ingredients:
One cup sifted flour, 2 teaspoons double-acting baking powder, 1 teaspoon salt, 1/4 cup sugar, 1 cup uncooked rolled oats (quick or old-fashioned), 1/2 cup milk, 1/2 cup orange juice, 1/2 cup chopped pitted dates, 1 egg, 1/2 cup milk, 1/4 cup butter or margarine (melted).
Method:
Sift together the flour, baking powder, salt and sugar. Stir in rolled oats, orange rind and chopped dates. Beat egg enough to combine yolk and white; add milk and beat again to combine. Stir in melted butter. Add liquid ingredients to dry mixture; stir just until dry ingredients are moistened. Turn into buttered cake pan (8 by 8 by 2 inches). Bake in a hot (425 degrees) oven 20 to 25 minutes or until cake tester inserted in center comes out clean. Cut in squares in pan; remove with spatula; serve hot.

Potatoes Popular Served With Cheese

Potatoes are always popular when served this creamy way.
POTATOES WITH CHEESE

Ingredients:
Five medium-sized potatoes, 2 tablespoons butter or margarine, 3 tablespoons flour, 2 cups milk, salt and pepper, 1/2 cup grated cheddar cheese, 1/2 cup soft bread crumbs, 1 tablespoon butter or margarine, 1/4 teaspoon paprika.
Method:
Cook potatoes in skins in boiling salted water until tender; peel and dice; there should be 3 cups. Make a white sauce of the 2 tablespoons of butter, flour and milk. Mix with diced cooked potatoes; add salt and pepper to taste. Turn into 1 1/2 quart casserole; sprinkle with grated cheese. Mix bread crumbs with 1 tablespoon melted butter; sprinkle over cheese; dust with paprika. Bake in a hot (400 degrees) oven until crumbs are lightly tipped with brown — about 20 minutes. Makes 6 servings.

Burleson Against Refugee Quota Hike

By LEWIS GULICK

WASHINGTON (AP)—Rep. Burleson (D-Tex.) said today he will oppose any legislative proposal by President Eisenhower to boost the number of Hungarian refugees allowed to come to America.

But Rep. Burdick (R-ND) said he would favor raising the Hungarian refugee quota, now fixed at 2,500. Burdick is a member of the Judiciary Committee which would consider such legislation. Burleson is not, but heads a special national security subcommittee of the House Foreign Affairs Committee.

The opposing views, given in separate interviews, were a sign that an Eisenhower proposal to ease the refugee problem might not have entirely smooth sailing in Congress.

Yesterday Eisenhower ordered U. S. agencies to continue processing applications of refugees who want to come here, even though the present quota is all allotted. Assistant press secretary Murray Snyder, in announcing the President's action, made clear it is a tentative move pending a final decision on whether to raise the quota.

Vice President Nixon, just returned from a trip to the Austro-Hungarian border, met with Eisenhower yesterday to tell of his view that America "must do more" to help the escapees from Communist oppression. He said Eisenhower assigned a "top priority" to the quota matter.

Burleson said admitting the refugees cannot be justified either for national interest or humanitarian reasons.

He said the large number of escapees allowed shows the Russians feel it is to their advantage to have the mass exodus. Further, he said, the escapees are not carefully screened and there could be Communist secret police among them.

Burdick said flatly, "I'd be in favor of raising the quota."

"Any time they're murdering people I'm in favor of helping the victims," he said. "They know more about communism than we ever will here. They've lost their jobs and risked their lives opposing it."

Insurance Chief

John Osorio, of Austin, executive secretary to the governor, has been named by Gov. Shivers to the State Insurance Commission. He succeeds Chairman J. Byron Saunders, who resigned effective Jan. 1, 1957, and Osorio's appointment will be for the unexpired term ending Feb. 10, 1959.

Meteors Hit Earth's Air At 2,300 A Second

NEW YORK (AP)—Speedy visitors from space kiss the earth 2,300 times a second, by new calculations reported today.

These visitors are meteors or shooting stars.

They are so numerous they might literally blast open a space ship long before it could journey to the moon or Mars. They could be one of the greatest barriers to the promised age of space travel.

The new calculations are that 200 million shooting stars visible to the naked eye zing into the earth's atmosphere every day.

They range from the size of dust specks to BB shot or bigger. In total, the 200 million daily visitors weigh at least 10 tons. They travel at speeds from 30,000 to 180,000 miles per hour, and most perish in incandescent brightness from friction of our planet's air.

They all come from so-called empty space, which man is on the eve of exploring with little man-made moons.

The new estimate was prepared for presentation to the American Astronomical Society and American Assn. for the Advancement of Science by Peter M. Millman and Miriam S. Burland of the National Research Council, Dominion Observatory, in Canada.

The estimate is based upon the number of meteors actually seen over a 23-year period by groups of human observers.

NOW, you can WASH WOOLS Successfully!

AMAZING NEW **Woolite** JUST FOR WOOL Cold Water Soaps

Cold water washing is the secret; and only Woolite washes woven or knitted fabrics so fast, so successfully. Pure, highly concentrated, Woolite dissolves completely, floats dirt out. Leaves garments soft, fluffy as new with colours amazingly brightened and refreshed. No stretchers, no re-blocking necessary. Woolite will not let wools shrink! Baby fannels, argyle socks, handsome hunting shirts, cashmeres... try Woolite once, you'll trust Woolite forever.

ECONOMICAL TO USE. A teaspoonful does socks or sweaters. Over 30 washings in one pound... less than 5¢ each.

Former Loraine Resident Dies

COLORADO CITY—William Hudjins, 65, of Grand Saline, died Monday in the Baylor Hospital in Dallas.

Funeral services were held Tuesday at 3 p. m. in Grand Saline and at 3 p. m. Wednesday in the Kiker and Son Chapel in Colorado City with A. C. Polk, minister of the Smiley Church of Christ in Loraine officiating. Burial was in the Loraine Cemetery.

He was born May 20, 1891, in Grand Saline and married Ernie Browning in Pittsburg in 1912. He had lived in Loraine for a few years but later years were spent in Grand Saline.

Survivors include his wife and his mother, Mrs. Eliza Hudjins, both of Grand Saline; two sons, one of Loraine and Herman of Grand Saline; three daughters, Mrs. Frank Morris Jr. of Irving, Mrs. J. D. Brown of Ben Wheeler and Mrs. B. C. Alexander of Dallas; four sisters, Mrs. R. N. Estlack of Rockdale, Mrs. Leonard Stewart of San Antonio, Mrs. W. R. Woods of Loraine and Mrs. S. J. Neal of Grand Saline, and eight grandchildren.

Blonde Relates Abduction Story

KANSAS CITY (AP)—Mrs. Joan Franklin, pretty 39-year-old blonde, returned home almost in hysterics last night and told police she had been abducted by two young men who drove her almost to St. Louis and back.

She had been missing since Christmas noon.

Police said they were able to get only a fragmentary story before Mrs. Franklin was put under a physician's care.

Her husband, Walter Franklin, once was a nationally known billiard player. He now is promoting uranium claims.

Mrs. Franklin said two men about 20 years old accosted her as she drove into a drustore parking lot at 40th and Main in her white Cadillac convertible. One of them held a knife against her, she said. One of them struck her several times when she asked them to release her near Jonesburg, Mo., 190 miles east of Kansas City on U. S. 40.

They left her in her car in a wooded area on the east edge of Kansas City, she related.

Franklin said the men took \$48 his wife had but did not take her fur coat, a four-carat sapphire dinner ring or a wedding band with six diamonds.

Maid Of Cotton Contest Due

MEMPHIS (AP)—Blonde, blue-eyed Llewellyn Watson of Lasara, Tex., was the first to arrive yesterday of 23 cottonbelt beauties chosen as finalists for the 1957 Maid of Cotton Contest.

Other finalists from Texas include Sharon Henson, Austin, Sherry Sinex, Longview, and Margaret Wunderlich, Dallas.

The contest will get underway tomorrow with a briefing of the contestants, a luncheon and dinner dance.

The maid will be named Friday after a panel of judges sizes up the finalists for beauty, charm, the ability to model, and family background.

She will be given a snappy convertible, a lavish cotton wardrobe, and six-month tour of this country and Western Europe during which she will model the cotton creations.

Honest Tourists Send Nickel Back To Pay For Gum

Some weeks ago, two tourists stopped at the Twins Cafe in Big Spring for lunch.

The meal check \$1.10—55 cents for each of the two women.

A few days before Christmas, the proprietors received a letter from Phoenix, Ariz.

In the envelope was a five cent piece.

The letter related that on the occasion when the two women had dined at the cafe, one had picked up a package of chewing gum and had gone on to the car while her companion was paying the check.

She assumed that the proprietor had seen her action and that her friend would pay for the gum.

The pair discovered that such was not the case after they had traveled some distance from Big Spring.

The letter expressed the regret of both at the oversight and hoped that the nickel would make things straight.

The cafe operator was happy with the situation.

"There are still honest folk in this world," he mused.

U. S.-Mexico Farm Pact Is Extended

WASHINGTON (AP)—The United States-Mexico farm labor agreement has been extended to June 30, 1959, the Labor Department said yesterday.

The program will continue on "fundamentally the same basis" as during the past year, the department said.

The agreement is in accordance with a 1955 act of Congress.

Officials estimated that about 455,000 Mexican farm workers were admitted to the United States this year.

The extended program was put into effect with notes exchanged between the U. S. and Mexican governments Dec. 20.

American employers will pay the U. S. Employment Service \$7 for each laborer to help cover the cost of bringing Mexicans to the five reception centers in this country.

The centers are at Hidalgo, Eagle Pass and El Paso, Tex., Nogales, Ariz., and El Centro, Calif.

The employer also must pay the cost of transportation and subsistence for the braceros while going from the centers to the place of employment and back after the contract expires.

The employer also furnishes housing and occupational insurance to the Mexicans and must pay the prevailing wage for similar labor in his area.

Contracts may run up to six months, subject to renewal for another six months.

Discussions are still under way on Mexico's request that it be permitted to handle the non-occupational insurance program for the braceros.

Rep. Joe Kilgore (D-Tex.) told a reporter he is opposed to the Mexican request. He said the proposal was in effect a monopoly for the government.

Kilgore said he thought all qualified American insurance companies should be permitted to write policies under the program. He said the Mexican proposal would allow the country to designate about four United States companies to write such policies.

Kilgore said he will protest to American officials any consideration of yielding to the Mexican request.

U. S.-Mexico Farm Pact Is Extended

WASHINGTON (AP)—The United States-Mexico farm labor agreement has been extended to June 30, 1959, the Labor Department said yesterday.

The program will continue on "fundamentally the same basis" as during the past year, the department said.

The agreement is in accordance with a 1955 act of Congress.

Officials estimated that about 455,000 Mexican farm workers were admitted to the United States this year.

The extended program was put into effect with notes exchanged between the U. S. and Mexican governments Dec. 20.

American employers will pay the U. S. Employment Service \$7 for each laborer to help cover the cost of bringing Mexicans to the five reception centers in this country.

The centers are at Hidalgo, Eagle Pass and El Paso, Tex., Nogales, Ariz., and El Centro, Calif.

The employer also must pay the cost of transportation and subsistence for the braceros while going from the centers to the place of employment and back after the contract expires.

The employer also furnishes housing and occupational insurance to the Mexicans and must pay the prevailing wage for similar labor in his area.

Contracts may run up to six months, subject to renewal for another six months.

Discussions are still under way on Mexico's request that it be permitted to handle the non-occupational insurance program for the braceros.

Rep. Joe Kilgore (D-Tex.) told a reporter he is opposed to the Mexican request. He said the proposal was in effect a monopoly for the government.

Kilgore said he thought all qualified American insurance companies should be permitted to write policies under the program. He said the Mexican proposal would allow the country to designate about four United States companies to write such policies.

Kilgore said he will protest to American officials any consideration of yielding to the Mexican request.
