BIG SPRING, TEXAS, THURSDAY, JANUARY 3, 1957

PRICE FIVE CENTS

TWENTY PAGES TODAY

Seating The Governor

John G. Coffey, chief counsel for Roberts during his State Supreme Court fight, continues to give Gov. Dennis J. Roberts a big assist into the governor's chair in Providence, R. I., following the court decision in Roberts' favor over Mr. DeSesto, his gubernatorial opponent.

Congress Has Inquiry Power Judge Rules

WASHINGTON (AP)—Congress has the power to inquire into "beliefs and associations" while carrying out its lawmaking functions, the U. S. Court of Appeals ruled today. The court's unanimous opinion rejected the contention of a former educator that Congress, through its committees, has no constitutional authority to require a witness to answer questions as to his beliefs and associations. The decision affirmed the contempt of Congress conviction of Lloyd Barenblatt, a former instructor at Vassar College. Barenblatt received a six-month jail sentence and a fine of \$250 in U.S. District Court here last March. Judge Walter M. Basian, who wrote the court's opinion, agreed that Congress does not have general power to inquire into political beliefs and associations. But Basian said, "It does have that power when the answer to the question posed can be and is regarded by Congress as having value in the exercise of legislative duty." "Congress can legislate on internal security dangers if it has declared to have arisen from the activities of the Communist party in this country," Basian said. "It can and it has."

Senate Goes To Demos As Congress Convenes

Foreign Affairs Issue Coming Up

WASHINGTON (AP)—Democrats clinched control of the Senate today, 49-46, with the support of Sen. Frank J. Lausche (D-Ohio). This gives them control of both branches. Lausche's decision to stick with his party ended a short-lived renewal of Republican hopes that they might be able to seize control of the Senate from the Democrats despite the latter's numerical majority in the election returns. The test came on the election of a Senate president pro tempore—the official who presides in the absence of the vice president. The Democrats put up veteran Sen. Carl Hayden of Arizona as a replacement for the retired Sen. Walter George of Georgia. The Republicans then sought to substitute the name of Sen. Styles Bridges of New Hampshire. Lausche, when his name was called, voted against Bridges. When the roll call was completed on the vote 49-46, the Republicans dropped the fight. They joined in electing Hayden by acclamation. The question of whether the Democrats might run into trouble in their efforts to organize hung in some doubt until Lausche's name was reached. A stillness settled over the chamber. Lausche had refused to give advance notice of his vote. There was a round of applause from the Democrats when he voted against Bridges. Then Sen. Matthew Neely of West Virginia, just out of a hospital bed, was brought into the chamber in a wheel chair to cast his vote with fellow Democrats. Republican hopes had hinged on their having all of their members present. But Sen-elect Jacob K. Javits of New York did not respond when his name was called. His whereabouts at the moment was not known. Previous indications had been that Javits would not be on hand for the opening, but would finish out his term as New York State attorney general. With these uncertainties in mind, Sen. Knowledge of California, the GOP floor leader, had said in advance of the session the GOP would take over control "if we have 48 votes." That would have permitted Vice President Nixon to break the tie in the Republicans' favor. Hanging over the new Congress was the grave question of whether to give advance approval for U.S. troops to meet any Communist aggression in the Middle East. The administration's posing of this question—which President Eisenhower may dramatize with a personal appearance before a joint session tomorrow—added an undercurrent of solemnity. The Middle East issue overshadowed such other questions of the moment as the promised move by a group of Western and Northern senators to change Senate rules and make it easier to cut off filibusters. They believe such a step could clear the way for passage of civil rights legislation. A civil rights program is one of the domestic matters President Eisenhower has high on his list of desired legislation. He already has outlined some of his desires in conferences with Republican leaders, and will put his requests formally before the Congress in his State of the Union message to be delivered personally a week from today. Before the gavels banged at noon in the Senate and House chambers, formally launching the session, party caucuses by senators settled party leadership questions in routine fashion. The Republicans re-elected Knowland as their floor leader and elevated Sen. Saltonstall of Massachusetts to chairman of the Republican Conference. Saltonstall succeeds Sen. Eugene Millikin of Colorado who did not run for re-election. Sen. Dirksen of Illinois was made party whip. Democratic senators again chose Sen. Lyndon Johnson of Texas as floor leader and picked Sen. Mansfield of Montana as whip. Mansfield takes the job that Sen. Clements of Kentucky had in the last session. Clements was defeated for re-election. The Democrats tabbed Hayden for Senate president pro tempore. The duty of this officer is to preside over the Senate when Nixon is absent. The post carries an automobile and other prerequisites. There was applause at the Democratic meeting when Johnson announced that Adlai E. Stevenson, unsuccessful party candidate for the presidency last fall, would be in the visitor's gallery at the opening session. In the House, party caucuses were held yesterday, returning Rep. Rayburn (D-Tex.), as speaker—a job he had held longer than any other man—and Rep. Martin (Mass.) as GOP floor leader. The party division in this new Congress is: Senate, 49 Democrats and 47 Republicans; House, 233 Democrats, 200 Republicans and two vacancies.

Arab Charges, Exiles Point Up Mid-East Crisis

CAIRO (AP)—Continuing political ferment in the Arab world was evidenced today in reports ranging from Yemenite charges of aggression to plans for an Iraqi government in exile. Abdel Rahman Abutaleb, Yemen's minister to Cairo, said fighting still is going on between British troops and tribesmen in the southwest sector of the desert Arabian peninsula. "The situation is worsening," he declared. "The British are trying to justify their attacks on Yemen by an allegation that the Yemenite government is providing rebels in the British sheikhdoms and sultanates with weapons and money." The minister charged the British are reinforcing their troops in Aden and the other British protectorates adjoining Yemen and said "Yemenite tribes in the south have united, strengthening themselves." Yemen and Britain long have been involved in boundary disputes and the Yemen border area has been the scene of frequent clashes. Britain contends Yemen has stirred up unrest in the British protectorate of Aden. Yemen's chief delegate to the United Nations yesterday accused Britain of "aggression" and called on Secretary General Dag Hammarskjold to use his good offices in the situation. An Arab League statement expressed concern over what it called "British armed aggression against peaceful Yemenites." It urged the U.N. to intervene. The Cairo newspaper Al-Gumhuriya reported in a dispatch from Damascus that "contacts are under way" among Iraqi groups to form a government in exile within 10 days. It said the move was being undertaken by "free leaders" inside and outside Iraq and that the exile government would have headquarters "in a Middle Eastern capital." The newspaper said the rebel regime would "announce Iraq's withdrawal from the Baghdad Pact, sever diplomatic relations with Britain, recognize the Chinese people's republic, restore diplomatic relations with Russia and proclaim Iraq's faith in the Bandung principles. It will also ask all countries to recognize it as the legitimate government of Iraq." Iraq has been criticized by Egypt and Syria because of its adherence to the Baghdad Alliance—linking it with Iran, Pakistan, Turkey and Britain—and the generally pro-Western policy Premier Nuri Said's government follows.

Webb People Aid Hungary

Personnel at Webb Air Force Base had just about completed a collection today for the Hungarian Relief Fund. The military contribution amounted to \$78.72. There was also another gift for \$5, and this brings the fund's total to \$1,125.72. The money this week is being transmitted to the Red Cross for direct dispatch to the organization's Hungarian relief program.

Look At New Land

This is how four young Hungarian refugees looked at their new land as they arrived in New York on New Year's Day aboard the transport General LeRoy Eltinge from Bremerhaven, Germany. Boy, top left, munches on a doughnut as boy, top right, peeks from behind coffee container. Little girl, bottom left, needs a pacifier to help her astonishment at all this newness while bright-eyed girl at right looks out from a life jacket. They were among the 1,750 Hungarians brought in on the Navy ship.

SECOND RAISE IN 10 MONTHS

Commissioners Vote Selves, Other Officials Pay Increase

All of the elective county officials, with one exception, are scheduled to have their pay checks upped 10 per cent over what they were being paid in 1956, the Howard County Commissioners court voted Wednesday. Action on pay increases was officially the first act of the commissioners court. It was organized on Tuesday when two new members were officially sworn into office. Wednesday's meeting was the first of the 1957 official year. The one county office whose pay was unchanged is Frances Glenn, county treasurer. Her pay remains at \$4,800 — the same as it was in 1956. Other elective officials, who have been receiving \$6,000 per year, will be paid \$6,600 by the action of the commissioners court. County commissioners who have been receiving \$4,104 will now get \$4,514.40. Actually the county commissioners, under the new schedule will be receiving a total of \$4,514 each per year. They are allowed \$25 per month per member car expense allowance. This \$300 is not figured in their base salary of \$4,514. Their salaries and the car expense allowance for the members comes out of the county road and bridge fund. The justices of peace in Big Spring had their pay increased from \$3,300 per year to \$3,630. The constable in Big Spring was increased from \$2,187 to \$2,405.70. No pay action was taken in the case of the peace justice at Coahoma — an office which is at the moment vacant due to the resignation Jan. 1 of Mrs. Austin Coffman, who did not qualify to succeed herself after the last election. The same rule on pay was applied in the case of the constable at Coahoma. Commissioners ordered official notice published of the pay schedules with announcement that final action will be at 10 a.m. next Monday. In the notice, it is shown that Mrs. Viola Robinson is being increased from \$5,760 to \$6,360. This discrepancy as compared with the \$6,600 increases voted for others in her official category is explained by the fact that in addition to her regular salary Mrs. Robinson is paid a special salary for "extra duties." This additional pay brings her total annual stipend to \$6,600. Most of the elective posts were determined at the morning session of the court Wednesday. Wednesday afternoon, the commissioners took up their own pay checks. G. E. Gilliam moved that a flat 10 per cent increase be made in the commissioners' case. P. O. Hughes seconded the motion. Earl Hull observed that he was not in favor of an increase for the commissioners on a parity with the other elective officials, but in the

Florida Judge Overrules Bus Segregation

MIAMI, Fla. (AP)—A U.S. District Court judge today ruled that Florida laws and Miami city ordinances requiring segregated seating on municipal buses are unconstitutional. Judge Emmett Choate made the oral ruling in refusing to dismiss a petition by Florida branches of the National Assn. for Advancement of Colored People requesting an end to segregated bus seating. The judge refused to convene a three-judge court to hear arguments in the case. He said there was no substantial question of constitutional law in view of the recent U.S. Supreme Court decision banning segregated seating on buses in Montgomery, Ala.

Local Groom's Father Killed

A Fort Worth man who was in Big Spring last Saturday and Sunday for the wedding of his son to a Big Spring girl was crushed to death Wednesday under a gravel storage bin near Fort Worth. He was Jimmy Doak Thomas, 44. His son, Robert Thomas, was married here Sunday to Sandra Rhae Jennings, daughter of Mr. and Mrs. R. W. Jennings, 1008 Bluebonnet. The son and daughter-in-law are somewhere in Louisiana on their honeymoon. They were en route to New Orleans. Efforts of relatives and officers to locate the couple and advise them of the tragedy had been unsuccessful to noon Thursday. Thomas, who worked for a construction company, was operating a bulldozer at the time of the accident. Apparently the blade of the bulldozer knocked loose a beam which supported the huge bin of gravel. The bin plunged down and trapped Thomas. Mr. and Mrs. Thomas came to Big Spring last Saturday and were present at the wedding ceremonies. They returned to their home after the services.

Oil Wells Burn Out Of Control

CRANE, Tex. (AP)—Two oil wells burned out of control west of here today. One fire was burning at the Silverman 6, a mile east of Imperial. A derrick man was burned when the fire started about 9 p.m. last night. His identity was not available. Flames were licking at expensive drilling equipment which crewmen were trying to remove today.

Civilian Wage Raise At Webb Totals \$110,000

New rate schedules for wage board civilian employees have been received at Webb AFB. The new second step rates authorize an average 14 cents per hour increase. Some of the new rates for representative grades are: 2-11.63; 5-11.79; 15-12.31; 17-12.41; 22-2.57; and WBS7-12.78. Warren A. Farrow, civilian personnel officer, said that 481 base employees would receive the increase when the plan takes effect on the first pay period following Jan. 4. Based on the average wage increase, this will amount to an additional annual payroll of \$110,000.

America Ends 'Safe Haven' With Last Refugee Flight

McGUIRE AIR FORCE BASE, N.J. (AP)—America today wrapped up its historic airlift of Hungarian refugees as the Air Force flew in the final flight of "Operation Safe Haven." A huge C-118 Liftmaster landed here at 8:10 a.m. with 45 refugees aboard. Among them was passenger No. 9,700 in the stream of Hungarian refugees airlifted. He was an 11-month-old boy named Peter, who watched with bright-eyed attention as the plane landed. Peter was the last person to be signed on the manifest of refugees airlifted since the White House moved to speed their immigration. The baby's last name was not disclosed. This was the final flight of the operation.

Woman, 5 Children Die When Fire Sweeps House

READING, Pa. (AP)—A woman and five children burned to death today as flames roared through a one-story tangle-covered dwelling at Temple, Pa., five miles north of Reading. The victims were identified as: Mrs. Esther Rothermel, 48, wife of Paul Rothermel in whose home the fire occurred; Donna Rothermel, 4, and her brother, Eddie, 2, children of Mr. and Mrs. Marvin Rothermel of near Fleetwood, Pa. The children's father is a brother of Paul Rothermel; Jimmy Brobst, 1, and his sister, Peggy, 3, children of Mr. and Mrs. James Brobst of Kutztown; Mrs. Brobst is a daughter of the older Rothermels; Carol Ann Fromm, 4, daughter of Mr. and Mrs. Earl Fromm of Reading, Mrs. Fromm is a sister of Paul Rothermel. Firemen said apparently the blaze was caused by a leaking oil stove in the living room of the house. All the children were in bed at the time but it was not learned whether Mrs. Esther Rothermel had arisen before the flames swept through the house. Three occupants of the house managed to escape. They were identified as Mrs. Gertrude Paine and her two children, Lois Mary, 3, and Thomas Jerome Paine, 1. Their relationship to the others was not learned.

Woman, 5 Children Die

Discussion of the salary increases absorbed most of the day's session of the court. It had not been intended, it was said, to bring the matter up at the Wednesday meeting. P. O. Hughes and Hudson Landers, who are newly elected to the board, were sitting on the court for their first time. It was pointed out that the law requires the commissioners to set up the salary schedule at the first regular meeting in January and that it is also required that an official advertisement of the schedule must be posted 10 days in advance where any changes are made. This made it necessary for the court to take action Wednesday.

Highway Slaughter At New High, Officers Getting Tough

By The Associated Press measures — already in effect in some states and planned in others — include: 1. Increasing the number of police patrols on highways. This has top priority in most states. 2. New laws — or harsher enforcement of existing laws — calling for suspension of licenses and — or fines and imprisonment for motorists convicted of drunk driving, "chronic" negligence and speeding. 3. Tighter examinations for vehicle licenses and mandatory auto inspection programs. 4. Use of National Guard troops of sheriff's deputies to reinforce regular highway police during peak travel periods, such as holiday weekends. 5. Periodic roadblocks — with massed troopers stopping all cars and checking on licenses, intoxication and vehicle condition. 6. Expansion of the use of radar devices in catching speeders. 7. Establishing state speed limits where they are not already in force. The survey came on the heels of the Christmas and New Year weekends when 1,115 persons were killed in the combined holiday periods — a new high. Safety experts attributed the comparatively low toll of 409 during the four-day New Year weekend to increased vigilance and enforcement measures resulting from the nation's reaction to the staggering Christmas weekend total of 706 traffic deaths. The Christmas traffic toll was a record for any holiday.

Building Nearly Doubles 1955

Building in Big Spring during the past year almost doubled that of 1955. Valuation from building permits filed showed \$4,279,240 in construction started in the city during 1956 and \$2,518,125 during 1955. The total for December was down from the comparable period of 1955, however. December, 1956, building was \$171,580 while it was \$283,705 for December of 1955. The number of building permits issued during 1956 was less than the previous year. The number last year was 873 and in 1955 it was 839. Biggest month last year was January when the building valuation total was \$770,910. The lowest month was September, with \$130,065. December was the second lowest month.

Bank's Resources Hit All-Time High

Big Spring banks established a new all-time record on resources and came within \$400,000 of the all-time high on deposits at the end of 1956. Statements in response to calls by the United States comptroller of currency and the state banking commissioners showed \$30,405,075.43 on deposits in the First National, State National and Security State Banks. This compared with \$30,823,155.77 as of Dec. 31, 1956, the record figure for local banks just after the area's last good crop year. It was about a million above Dec. 31, 1955. Total resources stood at \$32,685,042.38, well above the \$32,163,205.14 on Dec. 31, 1956, the previous peak for total resources of Big Spring banks. The current year-end figure was up by nearly a million and a half over the comparable total of a year ago. Combined statements showed loans and discounts barely under the \$10 million mark, or \$9,574,339.83, a gain of \$944,466 over the previous year. Deposits were \$30,405,075.43, or a gain of \$1,105,919.22. Cash was \$11,843,905.18, or down by \$1,049,033.57 for the year. Total resources were \$32,685,042.38. (See BANKS, Page 4-A, Col. 4)

Banks' Resources Hit All-Time High

Table with columns: Dec. 31, 1956, Dec. 31, 1955, Gain (Loss). Rows: Loans and Discounts, DEPOSITS, Cash, Total Resources.

275 Expected For HCJC Homecoming

Over 275 HCJC exes are expected to congregate on the campus Saturday for the second annual Jayhawk Homecoming. Louis Stallings, president of the Ex-Student Association, said that plans were being made to handle 275 persons. He hopes the total would top that, however. The registration reached 261 last year, school officials reported. The day's program ranges from class reunions to a variety show to the finals of the HCJC basketball tournament being held in conjunction with the homecoming, Stallings reported. Registration will begin at 9 a.m. Saturday and continue through 11:30 a.m. in the Administration Building. After exes have registered, they will go to the cafeteria for class reunions. Jack Hendrix, of the college music department, has arranged a variety show for the afternoon, which will begin at 2 p.m. Rev. Gage Lloyd, pastor of the First Presbyterian Church, will be master of ceremonies. The program will feature vocal soloists Frances Booker, Li. Harvey Dice, and Joyce Howard. Lt. Don McClain will present piano music, and a high school quartet composed of Walter Dickinson, Ronnie King, Johnny Janak, and Frosty Forrester will sing. Julia Rainwater will accompany the four. Also on the program will be a string band directed by Tommy Birkhead. Following the variety show in the auditorium, a coffee will be staged in the cafeteria, and then exes will return to the auditorium for a business meeting at 4 p.m. The day's activities will end with the basketball tournament, finals in the HCJC gymnasium, Saturday night. Howard County J.C. held its first Homecoming last year, and exes immediately started making plans for the second this year. Stallings said a meeting of the Ex-Student Association officers and the faculty homecoming committee will be held tonight to make final arrangements for Saturday's activities.

Stock Market During 1956

The stock market made two surges into higher ground in the first half of 1956, then backed into a period of irregularity in the remainder of the year. After a year's trading, the general level of prices was not much different than it was toward the end of 1955. Brokers attributed much of the decline in the late summer to the Suez crisis.

## Daniel To Be Busy First Day In Office

AUSTIN (AP) — Price Daniel's first day as governor will be a busy one. Activities start Jan. 15 with a dedicatory breakfast for state officials and end that night with the inauguration ball. Thousands of Texans are expected to jam the capital city, already crowded by the opening of the Legislature on Jan. 8. The breakfast, sponsored by the International Christian Leadership Organization, will be at 8 a.m. in a downtown hotel with Daniel as host. Evangelist Billy Graham will be principal speaker. The official inauguration program, traditionally sponsored by citizens of Austin, gets under way at 10:30 a.m. with a parade. Leading will be the official inauguration band from Texas Tech, the Peace Military Academy honor guard drill team and the Ross Volunteers, a Texas A&M drill squad. The inauguration ceremony is set for noon. Chief Justice John Hickman of the Supreme Court will administer the oath to Lt. Gov. Ramsey, who will deliver his inauguration address. The chief justice then will give the oath to Daniel and the new govern-

## Defense Moves To Oust Case Against Randolph Chief

SAN ANTONIO (AP) — Federal Judge Ben Rice yesterday ordered written arguments presented within 30 days on a defense motion to dismiss two suits by a former Air Force lieutenant against the commander of Randolph Air Base, William Recht Jr., of Woodmere, N.Y., filed the suits last August when he was an assistant in the Judge Advocate's Office at Randolph. The first suit asked repayment of \$250,000 allegedly collected illegally by "agents" of Brig. Gen. John Persons from some 1,000 residents of bachelor officers' quarters from 1950 to 1956 for porter and maid service. The other suit requests \$10,000 damages for Recht for "false imprisonment" in an Air Force psychiatric ward for observation after he filed the larger suit.

## Grass Restoration Idea Is Advanced

DENVER (AP) — An idea for restoring grass to dust-damaged plains lands, advocated by Gov. Ed Johnson, won backing today from several state legislators. Johnson's proposal calls for federal purchase of much dust bowl land harassed by drought for several years. This would be followed by re-sale to individuals with a stipulation that it never can be plowed again. The governor did not limit application of the scheme to Colorado.

## New Blast Reported In Northern Ireland

BELFAST, Northern Ireland (AP) — An explosion blamed on the Irish Republican Army ripped through an empty police training hall last night at Newry, three miles inside Northern Ireland.

"THE MOUNTAIN"  
AT THE JET TONIGHT

## Korean Unification New Topic For U. N.

UNITED NATIONS, N.Y. (AP) — The U.N. Assembly's top Political Committee finally gets down to work today with a renewal of debate on the long-deadlocked question of Korean reunification. The discussion was expected to start with the usual Soviet bloc bid to invite Communist North Korea and Red China to sit in. In the past such attempts have been beaten down although South Korea has been invited to send an observer team. The committee voted 58-8 last night to lead off its agenda with Korea and to place disarmament second. The Soviet bloc tried unsuccessfully to give the arms question the top spot and place Korea at the end. The United States did not dispute the prime importance of disarmament but indicated it wanted a week or so to prepare for the debate. The committee, whose work has been delayed nearly two months by Assembly meetings on the Hungarian and Middle East crises, has a packed agenda. After Korea and disarmament it will take up the nationalist rebellion in Algeria, which some Asian-African nations wanted given top priority. After that comes the British-Greek dispute over Cyprus and Indonesia's claim to Dutch-held West New Guinea. The Korean question hinges on three main points this year: 1. A report from India on ex-prisoners who went to India rather than return to their own countries. 2. The report of the U.N. Commission for the Unification and Rehabilitation of Korea. 3. The report from the U.N. Command on the Neutral Nations Supervisory Commission. None of these points demands Assembly action although some sort of resolution is expected to emerge from the debate. Red China insists there can be no solution to the Korean problem until foreign forces have been pulled out and the peaceful unification of Korea achieved. Peiping says a conference of all parties concerned should be called for this purpose.

## Bishop Decries Competition Of Denominations

HOUSTON (AP) — Methodist Bishop William Martin of Dallas told the assembly of the Texas Council of Churches yesterday competition among denominations leads to spiritual and financial wastefulness. Bishop Martin said "The only thing that can draw us closer together is the one belief that it is the will of God that the Gospel be proclaimed." He was one of four in a panel discussion of "the unity we seek as denominations" at the opening session of the two-day assembly. Other participants were Dr. James Bullock, pastor of Houston's Second Presbyterian Church; the Rev. Chester Crow, state secretary of the Disciples of Christ, and Dr. Royal Embree, psychology department staff member at the University of Texas. Dr. Bullock said the first of all basic unities possessed by Protestant churches is Jesus Christ. "He is our Saviour and we belong to him—belonging is at the very heart of our unity," he said. The Rev. Mr. Crow said effective participation in councils of churches, active groups to prepare studies and reports on religious activities, adequate information for the layman and improved knowledge of the vocabularies of other churches were objectives to be strengthened if unity is to be attained. He said some church members cling to ideologies the way a little girl clings to her dolls. "If you really want to attain unity among yourselves you may have to give up some of your denominational 'dolls,'" he said.

## Trapped Mother Dies With Baby

WALPOLE, Mass. (AP) — "My God, the house is on fire! I'm trapped!" A few moments after shouting that frantic alarm into the telephone Mrs. Doris Danehey, 30, and her only child, James, 4 months, perished last night in their bungalow. Fire Chief Aaron Hill said Mrs. Danehey apparently passed up her only chance to escape by her attempt to save the baby. The woman's body was found a few feet from the baby's crib. Michael Danehey, 32, a railroad trainman, was not at home when the fire broke out in his Walpole residence. He collapsed when he arrived home and was taken to a doctor's office. Mrs. Isabel Schmidt of North Attleboro, a telephone operator in the Walpole exchange, picked up Mrs. Danehey's message and relayed it to Phyllis Metzger, telephone supervisor, who said: "It was awful. I heard her cry and moan until she died. She screamed for help several times." Fire officials said the blaze might have been caused by an exploding kitchen heater.

Moisture conditions are fairly good in the northeast part of the county. W. L. Wilson says he got two inches of rain at his ranch late in the fall and another inch a few weeks ago. They have plowed most of their land.

The Wilsons usually grow enough grain sorghum roughage to winter the cattle, but crops were short last year and he turned the cattle in on the maize fields.

The Dawson County cotton crop is supposed to grind to a stop on about 92,000 bales. The ginning figure for the county is somewhat higher, but County Agent Leroy Colgan said the county always ginned a little more cotton than it made.

The irrigated cotton acreage is about 40,000 acres and the yield 40,000 bales for a bale-to-acre average. Colgan said all the water was used on cotton and practically none of the feed crop was irrigated.

Some of the new wells have been drilled in the East part of the county around Key and Midway. Alton Youngblood, who farms just above the caprock, said most of them in that area averaged about 500 gallons per minute.

"We've done fairly well with irrigation," he said. "This year the average on cotton was a bale and a quarter per acre. In 1955 we made a bale and a half, but we had a big rain in July that helped out."

Youngblood has not yet started using fertilizer on the cotton land.

Bill Moldenhauer of the Big Spring Field Station has been transferred to Ames, Iowa, where he will be connected with Iowa

State College. A successor will take place on the local staff but has not been named yet.

The new man will be in charge of soil and water conservation practices on the station.

Dairymen in this area recently got a slight raise in milk prices, according to W. R. Osborn, milk trucker. The increase amounts to 15 cents for each 100 pounds of raw milk.

Marvin Sewell has some moisture on his place northeast of Luther. For awhile after the last rain the small grain did not grow at all, but upon examining it, he found the plants making a good root system. Now they are growing a little and he thinks he might get some grazing by February.

Sewell has no cattle on the place but is keeping about 300 old ewes. He said he had some grass but would like to turn in on the small grain pasture as soon as possible.

The local Soil Conservation people say there exists a big opportunity for irrigation farmers in growing grass for seed sale. In the Levelland and Littlefield areas, about a dozen farmers are making a lot more on grass than with cotton. Some of them are grossing several hundred dollars an acre.

Grass seed is high and the supply is short. The farmers growing it up there have had no trouble selling all the seed raised, and people are still clamoring for more.

Grass can be grown on any irrigated farm in Texas, the SCS says, especially here in the Western part where the climate is not so humid. The seed is high, of course, but really doesn't cost any

more than for a high quality cottonseed.

It is planted in 40-inch rows and requires only a few pounds per acre. After the grass gets tall enough to shade out weeds, no more cultivation is needed.

Sometimes it seems a successful man has a knack of seeing into the future and making trades that others can't see. At the local Hereford sales, J. H. Daugherty of Spur was telling about once owning some land in the El Paso Valley, but he traded it off several years ago.

"I just had an idea that someday that river would go dry and we'd be out of irrigation water," he said; "and I got out just in time. Now that place is abandoned and grown up in tumbleweeds and is practically worthless."

Some of the raw land along the Rio Grande which sold for \$550 an acre 10 years ago is not worth a tenth now, Daugherty said he got out just two years too quick because the good years lasted just that much longer. Then the whole thing started drying up in a hurry.

Daugherty now owns a ranch at Spur and keeps both registered and commercial cattle.

Midland County farmers are turning to underground concrete and steel pipe for their irrigation systems, according to Lester Herrington of the Soil Conservation Service.

He said one system had been completely recently and five others are being put in now. There are two advantages to the pipe, Herrington said. Farmers can save a lot of water, and they can also tie two or three wells together into one pipe and get a big stream of water.

The cost is fairly high, about \$1 a foot for the big lines, even after the ASC has paid its part.

Dr. P. D. O'Brien, in kidding a local banker at the recent Hereford Association banquet, told this

## Court Upholds Oil Well Ruling

AUSTIN 28—The Third Court of Civil Appeals Wednesday upheld a ruling of the 128th District Court here which overruled a Railroad Commission order.

The case was filed originally by the Texas Company seeking to gain an exception to the 10-acre spacing rule in McElroy field of Crane and Upton sections of Well No. 24 in the west end of an 182.8 acre lease.

The company argued that the well was necessary to keep oil under the lease from being confiscated by wells on adjoining leases.

The commission ruled that the Texas Company had already produced in excess of the amount of

oil originally estimated to underlie its lease. It said an exception would allow the company to drill a well on a spacing density of one well per 7.9 acres instead of one per 10 acres.

The trial court decision, affirmed today in the appeals ruling, held that the well should be allowed to prevent confiscation. It said there was no question of conservation involved and the commission should not have considered the potential oil production under the lease in making the ruling.

Uncle Ray:  
**Hyena Can Crush Buffalo Thighbone**

By RAMON COFFMAN  
It is doubtful that any wild beast has stronger jaws than the hyena. Perhaps lions and tigers equal the hyena in that respect, but they have been observed to feast on victims without cracking some of the larger bones. Then hyenas have come along and have broken the big bones. Cases are on record of hyenas which crushed thighbones of African buffaloes in order to eat the marrow.

Q. Where are hyenas found?  
A. In Africa and southern Asia.

Q. How many kinds exist?  
A. There are three main types—the spotted, the striped and the brown hyenas. All of these roam in one part of Africa or another. Asia has only the striped hyena, which lives in India, Iran, Palestine and a few other parts, as well as in northern Africa.

The spotted hyena ranges through eastern Africa, from the Union of South Africa up to Ethiopia. The brown hyena (which is more rare in zoos than the other kinds) is a South African animal.

Q. How large do hyenas become?  
A. Some of them reach a length of five feet, without counting the tail. The tail is a foot long, or a bit more.

Q. What is the laughing hyena?  
A. An illustrated leaflet telling about the everyday life of the ancient Romans will be mailed without charge to any reader who encloses a stamped, self-addressed envelope. Send your letter to Uncle Ray in care of this newspaper. Ask for ROMES AND THE GOLDEN ROMANS.

## Weekly Meetings Resumed By County Commissioners

Overriding opposition of R. H. Weaver, county judge, the Howard County Commissioners Wednesday rescinded action of last fall and voted to meet on every Monday. For some months, the court has been meeting officially on the second and fourth Mondays of each month.

G. E. Gilliam made the motion to return to the old practice of meetings on each Monday.

Weaver remarked that he felt that all of the county business could be handled with efficiency with the board meeting only on alternate Mondays.

Gilliam pointed out that the board had been meeting unofficially on nearly every Monday. Earl Hull observed that the alternate Monday meetings sometimes worked hardship on constituents who had business to discuss with the commission.

Weaver commented that in his experience all of the persons who wanted to talk to the commission invariably called him on the phone ahead of time and asked when the commission would be in session. At the conclusion of the discussion the motion, which had been seconded by P. O. Hughes, was adopted four to one. Weaver voted "no" to the proposal.

# Pro-Segregationists Made News, But Foes Made Gains

By RAYMOND HOLBROOK  
Associated Press Staff

Pro-segregationists in Texas got the bigger headlines during 1956, but less noticed were some quiet gains made by integrationists.

Crowds which barred Negro students at Mansfield and Texarkana, the suit of the attorney general against the National Assn. for the Advancement of Colored People, White Citizens Council pickets at Lamar Tech, and the three referendum proposals against integration were ranked by newspaper editors in an Associated Press poll among the biggest news stories of the year.

Less spectacular—because they were more gradual and marked with less controversy—were gains made by those seeking to abolish the color lines in Texas.

The year end found integration had made advances in three fields in Texas—education, transportation, and recreation facilities.

During the year, 25 or so more school districts abolished segregation to bring the total in the state to slightly more than 100. More

than one-fourth—or about 500,000—of the state's 1,853,492 public school students are now in "integrated situations."

That does not mean the ratio of Negroes is large in former white schools. In many instances, integration meant only a small scattering of Negroes entering former all-white classes.

More colleges also opened their doors to Negroes during the year, and some Negro colleges announced integration.

Following a U.S. Supreme Court ruling outlawing segregation in intrastate transportation, "white" and "colored" signs came down in the buses of a number of Texas cities. Other cities said they had begun making no attempt to enforce transportation segregation laws for some time.

Another Supreme Court decision affecting publicly-owned recreation facilities resulted in the opening of golf courses to Negroes in a number of Texas cities. San Antonio and Corpus Christi abolished segregation in city swimming pools.

Integration made its biggest gains in West Texas, where the percentage of Negroes is the lowest. There has been virtually no public school integration east of a line from Wichita Falls through Austin, Victoria and Corpus Christi—although Fort Arthur, in far Southeast Texas, will begin integration next fall.

Pro-segregation sentiment crystallized in East Texas, where the Negro population is the heaviest. White Citizens' Councils, which

say they will fight integration by legal means, increased. Crosses were burned in a number of cities but only in few instances were they connected with a resurgence of the outlawed Ku Klux Klan.

Segregation became a big issue in the 1956 political campaigns. The three referendum proposals—urging legislation to prevent compulsory attendance at integrated schools, strengthening of laws against intermarriage of Negroes and whites, and asking the use of interposition—carried by a big majority in the Democratic primary.

The segregation-integration controversy reached into other fields. Individual ministers blasted integration but a number of church groups throughout the state urged the end of segregation.

One of the greatest setbacks to integration forces was the temporary injunction obtained by the state against operations of the NAACP. This injunction prevents, among other things, the filing of integration suits by the association. A hearing on a permanent injunction is pending, and the association is expected to appeal if the hearing ruling is against it.

The court hearing on the important injunction brought out several interesting reports. One was that some integration suits had been filed without consent of the plaintiffs or their parents. Another was that some plaintiffs had been subsidized by the NAACP. The organization charged the state had obtained this information illegally.

Near year's end, integration

forces suffered another setback in court—a decision by Federal Judge William Atwell that Dallas schools need not integrate immediately. The judge, 87, said the Supreme Court decision declaring school segregation unconstitutional was not made according to law but on what he called "modern psychological knowledge."

Some medical societies admitted their first Negro members. Some organizations in other fields either rejected or tabled motions to admit Negroes.

Pro-segregationists appeared to be banking on legislative action as they prepared to continue their fight in 1957. East Texas legislators indicated they will press for state laws to permit continued segregation in the state. Opponents claim that any such legislation would be only a stop-gap measure as it eventually would be declared contrary to court rulings.

Integration supporters are expected to rely on voluntary compliance and, when necessary, court action in their drive to lower the color bar in Texas. Although they have lost lower court decisions in some instances, they have won victories in the higher courts.

Since the historic 1954 decision of the U.S. Supreme Court outlawing segregation in the public schools, Texas has become a "border state," part of it integrating while the other part clings tightly to segregation.

During 1956 the division became a major issue; it is expected to be no less intense during the coming year.

## Big Eye Club In Antarctic Calls For No Sleep

By DON GUY  
MCMURDO SOUND, Antarctica

—This is the land of the Big Eye. The most popular club in this Navy Deep Freeze base is the Big Eye Club. You automatically join if you try to imitate the sun by staying awake 24 hours a day.

Nobody knows who started the term Big Eye. It's a good name for the glassy stare folks give each other when they meet in the midnight sunshine. "Big Eye, huh?" you say to the other party, pretending to be on an important mission yourself.

Actually you are on your way to the mess hall to see if there is an unscheduled Big Eye movie. The other fellow is probably trying to find a poker game.

For the first time in history people are flying from New Zealand, a land of night and day, 2,250 miles to an Antarctica of continuous daylight. The sudden change jars the sleeping habits of a lifetime.

You can tell the new arrivals by the way they stand around outside late at night wondering whether a climb up Observation Hill would make them tired enough to feel like sacking down.

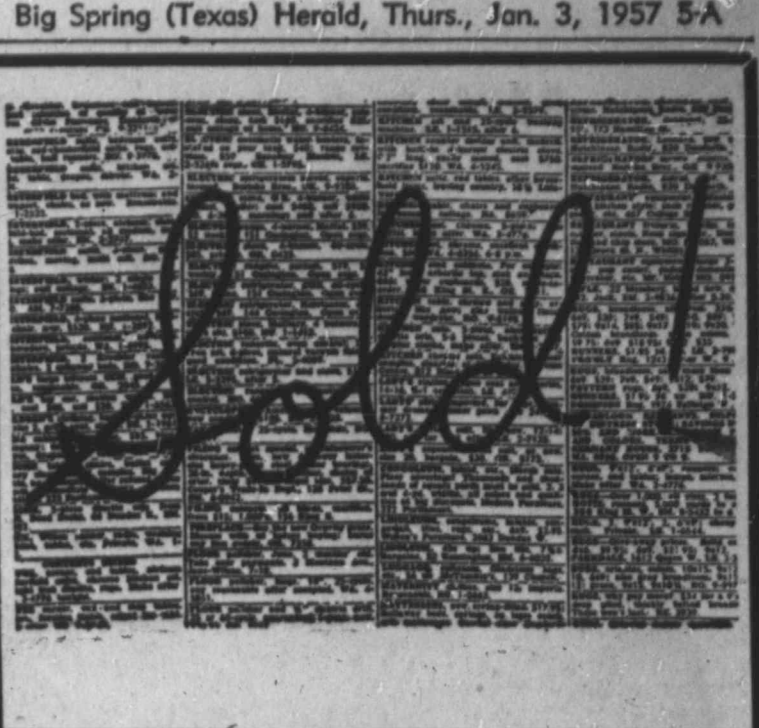

The old-timers have given up attempting to outlast the sun. They are inside the windowless Quonset huts trying, as C. W. O. Walter C. Ahlin Jr. puts it, "to get back on a sleeping schedule even if they stay awake all night in the attempt." Ahlin, in charge of photo mapping and a veteran of many flights over unexplored areas in the antarctic, is from

East Greenwich, R. I., and Arlington, Mass.

On previous expeditions to Antarctica it took weeks for a ship to battle its way through the stormy oceans and pack ice that rings the continent. The transition to constant daylight was gradual. Today you climb aboard a big Air Force Globemaster at Harewood Airport, Christchurch, N. Z., in mid-afternoon and land on an ice strip, runway about 11 hours later.

By the time you have eaten early breakfast in chow hall and unpacked your gear the rest of the camp is in full stir. A night's sleep was lost without being missed.

The first afternoon is the critical period. If you succumb to a brief nap, all is lost. You awake so refreshed you stay awake all night and the Big Eye Club has a new member.

## Ike Tells Reds Proposals Due On Arms Crisis

WASHINGTON (AP) — President Eisenhower has told the Russians the United States will make "further proposals" on disarmament at the United Nations. But he has rejected, for the present at least, a Soviet proposal for five-power talks on the problem.

The White House last night made public Eisenhower's reply to a Nov. 17 message from Soviet Premier Nikolai Bulganin. In that message, Bulganin had suggested that leaders of the United States, Russia, Britain, France and India sit down together to seek ways to bring about disarmament.

Britain and France reportedly have sent Moscow similar rejections.

In his reply, Eisenhower welcomed Bulganin's "apparent willingness" to consider even a limited form of the aerial inspection which this country has been urging since Eisenhower first proposed it at the 1955 Geneva summit conference. Previously, the Russians had opposed any such plan.

But Eisenhower shot back at what he referred to as the Soviet "attempt to dismiss as a 'slandorous campaign' the world's indignant reaction to Soviet armed actions against the people of Hungary."

On both the disarmament and Hungarian matters, Eisenhower challenged the Russians to work through the United Nations.

He told Bulganin that in his belief "deliberations within the framework of the United Nations seem most likely to produce a step forward in the highly complicated matter of disarmament." In this connection, Eisenhower said the United States "will make further proposals" on the subject at the U.N. He did not say what those proposals would be.

Eisenhower did not foreclose a possible big power conference on disarmament at some future date, saying: "I could agree to a meeting whenever circumstances would make it seem likely to accomplish a significant result."

The President wrote Bulganin that he takes "hope from your apparent willingness to consider aerial inspection as a positive factor in the problem of armaments."

This was a reference to a Russian statement issued along with the Nov. 17 Bulganin letter in which the Soviet leader broached the idea of creating an aerial inspection buffer zone extending 500 miles on either side of the Iron Curtain.

However, Eisenhower said that "much to my regret" the Russian statement "does not signify willingness to seek agreement on the basic element of my Geneva proposal of averting surprise attack through aerial inspection of the centers of our military power."

All along, the United States has taken the position that a disarmament agreement would be worthless unless it was buttressed with a foolproof inspection system designed to prevent cheating.

In his slap at Russian conduct in the Hungarian situation, Eisenhower said the Soviets ought to follow the example of the nations involved in the Middle East crisis and respond to "the constructive recommendations of the United Nations."

## Texas Delegation Gets New Members

WASHINGTON (AP) — Two new members joined Texas' 24-man congressional delegation, which includes the speaker of the House and the Senate majority leader, in the new Congress today.

But it will not be a new experience for one of the two.

Rep. Lindley Beckworth of Gladewater is resuming where he left off four years ago, after 14 years in the House, to make an unsuccessful race for the Senate. Beckworth now replaces his own successor, Brady Gentry of Tyler, who did not seek re-election.

# WARM UP

# Fullmer New Fight Champ

By ED CORRIGAN

NEW YORK (AP)—Gene Fullmer won today in a new world—a world that could lead to fame and riches. He's the middleweight champion of the world.

The muscular Ogden, Utah, apprentice welder was so eager to get a shot at the title that he received a cut of only 12 1/2 per cent of the gate last night when he lifted the crown from Sugar Ray Robinson's head in a bruising 15-rounder.

"But I don't care," he said. "I just wanted to fight for the title. It was up to me to prove that I could win it once I got my chance. It was worth it."

Sitting calmly in his Madison Square Garden dressing room after the unanimous decision, Fullmer said:

"I know it must have looked as though Ray were getting in plenty of punches. But, honest, I was taking at least 95 per cent of them on the gloves and arms. He did throw a lot of punches and he did throw a few that were hard. But he never hurt me."

"I never really opened up," he continued thoughtfully, "and you can blame that on my manager, Marv Jensen. In fact, I played it real careful with Ray—I'd have to be pretty dumb not to—and that's why I couldn't truthfully say he's the hardest puncher I ever faced. I didn't give him enough to hit me."

As for Robinson, the ex-champion refused to alibi, and said he'd decide today if he would continue fighting. He did let out a hint when he observed:

"After all, fighting is my business."

Robinson's only trace of bitterness showed through his smiles when he added as an afterthought to the question of what he thought of the decisions:

"I thought rabbit punching was against the rules."

A rabbit punch is a belt in the back of the neck. Robinson apparently thought Fullmer got in some rabbit punching during their frequent clinches.

"But understand," he continued, "I have no gripes against Ruby Goldstein (the referee), Fullmer or anybody. He never hurt me, but he won according to the officials."

Robinson was asked if he thought Fullmer was a good champion.

"Well," he grinned, "if he's no good, then I'm no good either. I've seen better champions, and I've seen worse. But he's a good champion."

"I know it must have looked as though Ray were getting in plenty of punches. But, honest, I was taking at least 95 per cent of them on the gloves and arms. He did throw a lot of punches and he did throw a few that were hard. But he never hurt me."

# GOTTLIEB MAINTAINS RUSSELL'S DEFENSIVE TRICKS NOT LEGAL

PHILADELPHIA (AP)—Eddie Gottlieb, owner of the Philadelphia Warriors, concedes that rookie Bill Russell can do some wonderful things on a basketball court, but says part of the success of the Boston Celtics' center is due to illegal maneuvers.

Gottlieb's charge yesterday was immediately termed "sour grapes" by Celtics' Coach Red Auerbach.

Gottlieb, whose defending champion Warriors trail the Celtics in the National Basketball Assn. Eastern Division and have had a rough time with Russell, says towering Bill tries to play a one-man zone and that he "goal tends" at times.

The Warriors' chief said he planned an official protest on at least one play in Tuesday's night game in Syracuse.

"Our Paul Arizin went underneath for a simple backboard lay-up and as the ball headed down toward the basket, Russell baited it away. If this isn't goal tending, I want somebody to tell me what it is."

Goal tending applies to the maneuver—outlawed in basketball—of deflecting a ball after it begins its downward curve on a shot. Gottlieb contends that the 6-foot-10 Russell tries to play a zone by standing under the basket and waiting to "try and bat shots out."

The zone defense, too, has been outlawed in the NBA to keep the game going at a fast pace.

Jocko Collins, NBA supervisor of officials, said he had received no official complaint. He said he had seen Russell play and "as far as I'm concerned, Russell is playing legitimate."

# I'll Be Meaner Next Time Out: Gene Fullmer

By MURRAY ROSE

NEW YORK (AP)—Gene Fullmer, freshly crowned middleweight champion, warned Sugar Ray Robinson today that he'll be "twice as mean" and gunning for a knockout the next time he fights the dethroned king.

"I fought for nothing this time," said the unmarked, 25-year-old Mormon from West Jordan, Utah. "The next fight—if Robinson wants it—I'll be out there for the big money and to keep the title. I'll be twice as mean and I'll be out for a knockout. I wanted to go for the kyo in this one but Marv (manager Marv Jensen) said I had the title wrapped up in the late rounds and not to open up."

Whether there will be a return fight—and the chances are strong that there will be one—will be decided this afternoon when the defeated 36-year-old Sugar Man meets with his brain trust to decide his future.

The fading Robinson, making the second defense of his third reign as middleweight champion, lost on a unanimous decision in 15 rounds. He was floored for six in the seventh round, cut and soundly whacked to the body throughout. Ray was gashed over the left eye in the seventh and was widened in the eighth.

Referee Ruby Goldstein, a target of heated criticism by Robinson's advisers, voted for Fullmer by 8 rounds to 5 with 2 even. Judge Frank Forbes had Gene ahead 10-5, while Judge Harold Barnes had it a shade closer, 9-6. The Associated Press card had Fullmer in front 9-6.

Fullmer, a thick-necked, brawny mine worker with a zest for fighting, got off to a fast start in the first three rounds, swept the sixth, seventh, eighth and tenth rounds, and clinched the first boxing title for Utah with a rousing surge in the 13th and 14th rounds.

Robinson, hurt five times himself, shook Gene at least three times but couldn't follow up as he did in the past when he seemed to sense when he had an opponent in trouble. Maybe the spirit was willing, but the flesh was weak and the reflexes have slowed.

Robinson, who collected a fat purse of \$139,950 to Fullmer's \$20,802, has a contract calling for a return bout within 90 days at 30-30 split if he wants it. How did he feel about continuing in the ring?

"Boxing is my business," he replied, leaving no doubt that he wants another crack at Fullmer. "If he wants it, the fight is his," said both Fullmer and his manager Marv Jensen.

Face Favorites In Opener

The Schreiner Institute Mountaineers (above) square off with the powerful Lon Morris Bears of Jacksonville in the opening round of play in the fifth annual Howard College basketball tournament here tonight. The two teams take the floor at 9 p.m. Left to right, back row, in the photo are J. L. Turnbow, Charles Johnson, Charles Lodek, Gerald Robinson, Terry Muncy, Larry Cunningham and George Pierot. (Next boy is unidentified). Lower row, Don Williams, Bill Kilgaman, Tommy Stuart, Cecil Rucker and Richard Vernon.

# HCJC Sees Tournament Action At 7 O'Clock

Eight teams bang away in earnest in first round play of the fifth annual Howard College basketball tournament today and tonight.

The mammoth meet, which attracts teams from all over the state, will continue through Saturday night. It will be played in its entirety in the Jayhawk gym.

Afternoon games are down for 1:00 and 3:00 p.m. The evening session begins with a 7:00 o'clock game. Another is carded for 9:00 p.m.

Odesa's Wranglers, coached by Larry McCulloch, are the defending champions. The Odessans surprised everyone by slipping into the throne room last year, turning the trick by toppling Wharton in the finals, 80-76.

McCulloch's team is given no better than an outside chance to repeat, however. The Wranglers bring a mediocre 4-3 won-lost record to town.

# LOOKING 'EM OVER

With Tommy Hart

Any one of the eight teams is capable of getting hot, however, and breezing to the crown. The talent appears more evenly distributed than ever before.

First round pairings, listed with starting times:

Odesa vs Decatur, 1 p.m.; San Angelo vs Wharton, 3 p.m.; HCJC of Big Spring vs Amarillo, 7 p.m.; Schreiner of Kerrville vs Lon Morris of Jacksonville, 9 p.m.

The winner of the Odesa-Decatur game opposes the survivor of the Schreiner-Lon Morris just at 7 p.m. Friday. Winners in the HCJC-Amarillo and San Angelo-Wharton contests square off at 9 o'clock tomorrow night.

HCJC and San Angelo carry the best records into play. The Jayhawks have won eight of their first nine starts while Angelo boasts a 6-1 mark.

Included in the Rams' glistening record are wins over HCJC (94-73), scored in San Angelo; and Odesa (69-62), achieved in Odesa.

Lon Morris, paper-thin choice to take it all, has beaten the National JC champion, Kilgore, among others, but has suffered three losses. Coach Marshall Brown of the Bears says his team wasn't at full strength when the Cats experienced two of those reversals, however.

Coach Johnny Frankie, the Wharton coach, had to rebuild all completely this year. He has only one sophomore on his team. The Pioneers have fared well, however, having won six of nine assignments. They've beat freshmen teams of Rice Institute and the University of Texas, among others.

Amarillo got off to a slow start this season, winning only two of six games. However, the Badgers have been playing some of the toughest teams in Kansas, Colorado and Oklahoma and could be a factor here.

Decatur brings a fine 7-3 won-lost record into the meet. Glenn Morrison has the Indians clicking this season as they haven't been in several seasons. The Warriors have beaten Odesa but have lost to HCJC.

Prizes to be given away at the conclusion of the meet rank with tournament awards anywhere in the country. Valued at more than \$350, they included a hunting outfit for the winning coach, a Baylor wrist watch for the most valuable player, trophies for the all-tournament team and etc.

HCJC has won two tournament titles in the past, Lon Morris one.

Whether there will be a return fight—and the chances are strong that there will be one—will be decided this afternoon when the defeated 36-year-old Sugar Man meets with his brain trust to decide his future.

The fading Robinson, making the second defense of his third reign as middleweight champion, lost on a unanimous decision in 15 rounds. He was floored for six in the seventh round, cut and soundly whacked to the body throughout. Ray was gashed over the left eye in the seventh and was widened in the eighth.

Referee Ruby Goldstein, a target of heated criticism by Robinson's advisers, voted for Fullmer by 8 rounds to 5 with 2 even. Judge Frank Forbes had Gene ahead 10-5, while Judge Harold Barnes had it a shade closer, 9-6. The Associated Press card had Fullmer in front 9-6.

Fullmer, a thick-necked, brawny mine worker with a zest for fighting, got off to a fast start in the first three rounds, swept the sixth, seventh, eighth and tenth rounds, and clinched the first boxing title for Utah with a rousing surge in the 13th and 14th rounds.

Robinson, hurt five times himself, shook Gene at least three times but couldn't follow up as he did in the past when he seemed to sense when he had an opponent in trouble. Maybe the spirit was willing, but the flesh was weak and the reflexes have slowed.

Robinson, who collected a fat purse of \$139,950 to Fullmer's \$20,802, has a contract calling for a return bout within 90 days at 30-30 split if he wants it. How did he feel about continuing in the ring?

"Boxing is my business," he replied, leaving no doubt that he wants another crack at Fullmer. "If he wants it, the fight is his," said both Fullmer and his manager Marv Jensen.

# TCU's Curtis Will Quarterback South

MOBILE, Ala. (AP)—Senior Bowl coaches, blessed with a wealth of material but cursed with a dearth of time, today began their tasks of developing offensive machines for Saturday's game.

Only two days are left to prepare for the annual contest.

North Coach Joe Kubarich of the Washington Redskins and the South's Paul Brown of the Cleveland Browns got their first good look at the squads yesterday, observed individual capabilities, and then tried out various backfield combinations.

Although Brown didn't get to see Texas Christian's Charley Curtis, who missed plane connections and arrived too late for the drill, the star of TCU's 28-7 Cotton Bowl victory over Syracuse is expected to call signals.

Georgia Tech's Wade Mitchell directed the backfield in his absence.

# WILDE TOP SCORER B And C Quintets Win At Sterling

STERLING CITY (SC)—Big Spring High School returned basketball contingents turned in two more impressive victories here Wednesday afternoon.

Sam Bell's Steer B team vanquished the Sterling City regulars, 76-71, for its tenth win in 12 starts after the Big Spring C team, coached by John Perry, had thrashed the Sterling B team, 59-37.

The win was the sixth without a defeat for the C team.

Harold Wilde again paced the Bees in scoring, tossing in 27 points. In two games for the Short horns, Wilde has now scored 59 points. Of his Wednesday aggregate, 20 came in the first half.

The Dogies got off to a 51-30 lead in the first half but cooled off in the third period, getting only 11 points.

Jimmy McWhorter waxed warm for Sterling, tossing in 28 points. Bill Young had 17 for the losers.

Preston Hollis tallied 15 for Big Spring and Goose Russell 12, of which he managed in the first half.

Eston Hollis led the Big Spring C team to victory, scoring 15 points.

The B team returns to action Friday in the Andrews B team tournament, meeting Monahans in the first round.

# Jayhawks Have Best Record Among West Zone Quintets

HCJC of Big Spring has posted the best record among West Zone basketball teams to date, having won eight of nine starts.

Frank Phillips, considered a real threat for the crown it won last year, won five starts in early season play but has lost to Trinidad, Colo.; Garden City, Kansas; and Panhandle A&M B team.

In all, the teams have won 23 decisions, compared to 16 losses.

Team records:

STANDING OF WEST ZONE TEAMS (NON-CONFERENCE)		Won	Lost
Team	Record		
Howard County	8-1	8	1
Frank Phillips	5-4	5	4
Odesa	4-4	4	4
Clarendon	4-4	4	4
Amarillo College	4-4	4	4

# PCC Grid Group In Long Parley

SAN FRANCISCO (AP)—Pacific Coast Conference school presidents continue their longest football session in history today when they gather around a table to revise the league's athletic code.

Top items are a plan for financial aid to football players and other athletes based on need, revision of the round-robin football schedule, increased academic standards, and more responsibility on individual schools for policing their athletic programs.

It was expected that Southern California and UCLA, two of the schools hit hardest by conference penalties for illegal aid to athletes, would make another bid to regain eligibility lost by players who received such aid. The conference ruled the athletes lose one year of competition.

# Jay Hawley Leads Angelo In Scoring

Jay Hawley is the leading scorer of the San Angelo College basketball team that opens play in the Howard College basketball tournament today against Wharton.

Hawley has scored 97 points in seven games with the Rams. A close second on the team is Frank Trevino, who has 95 points.

# Tallest Athletes Out-Of-Staters

Tallest players in this year's Howard College basketball tournament which starts today in the Jayhawk gym, are Dale Godfrey of Lon Morris and Wayne Evans of Odesa JC.

Each player stands 6-foot-7.

Oddly enough, both athletes are from out of the state. Godfrey hails from Tulsa, Okla., while Evans is a product of Cooperstown, N. Y.

# SMU OFF AND RUNNING TOWARD 3RD SW TITLE

By The Associated Press

SMU is off and running toward its third straight Southwest Conference basketball championship. The Methodists made Baylor's light zone defense a shambles in winning 79-54 in the opening game of the conference campaign Wednesday.

It was SMU's only game of the week.

Thursday Rice and Texas A&M meet at College Station. Saturday Texas and Baylor play at Waco, A&M and Arkansas at College Station and Rice and TCU at Fort Worth.

Baylor used a 2-3 zone defense in an effort to keep the ball away from high-scoring Jim Krebs. The Bears scored for awhile but it didn't help much. The Methodists just shot over Baylor, then forced the Bears out with a stall. When Baylor started pressing man-for-man SMU added its total.

Krebs wound up with 18 points but Bobby Mills was high man for SMU with 18. Tom Kelly topped Baylor with 14.

It was SMU's 17th straight conference victory and left the Methodists with an 11-1 record.

# Cayuses' Win Cage Highlight

By ED WILKS

Associate Press Staff

Time was when the Southwest Conference was upset-prone in basketball. But Southern Methodist apparently has changed all that.

The Mustangs, beaten only by Kentucky this season, opened defense of their conference crown by nailing their 17th consecutive league victory with an easy 79-64 decision over Baylor last night.

Baylor tried a zone against the Mustangs, ranked fourth in the Associated Press poll off their 11-1 record, but SMU simply shot over it.

It was a relatively light night on the college scene, with Vanderbilt the only other member of the top 10 in action. The ninth-rated Commodores cracked William and Mary 80-65 with Joe Gibbs canning 21 points.

Houston janked Drake's hopes for a winning "debut" in the Missouri Valley Conference as Andy McElveen whipped in a layup and a foul shot in the final 39 seconds for a 74-72 victory.

Alabama's little Jack Kubiszyk hit 17 of 32 field attempts for a school record of 47 points in an 86-53 job on Mississippi Southern. And Auburn, another Southeast Conference entry, surged past 100 points for the first time in history with a 101-70 decision over little Howard (Ala.).

Canisius led virtually all the way in an 80-70 victory over Detroit.

In the late finishing—and late starting—holiday tournaments was:

Amherst 87, New Hampshire 55, as the Lord Jeffs built a 31-point lead in the first half to win the first New Hampshire Invitational. Spring Hill 67, Furman 56 and Morehead (Ky.) 97, Florida State 75 in the first round of the Senior Bowl tourney at Mobile.

# Scrap Ends Cage Tilt In Oregon

LA GRANDE, Ore. (AP)—The Seattle Pacific basketball team walked off the floor last night after one of its players was knocked out by a punch from Eastern Oregon's Bill West. Eastern Oregon was awarded a forfeit victory, 64-53.

The incident started when Mickey Martino of the Seattle team jumped up for a rebound. He knocked West down. West and Martino became involved in an argument which was climaxed with West punching Martino.

Players from both teams swarmed in. The referee halted the outburst by banishing West from the game.

At this point Seattle Pacific Coach Ken Foreman walked off the floor and the Seattle Pacific team followed him. There was about five minutes remaining in the game.

# Tebbetts Undergoes Physical Checkup

BOSTON (AP)—George (Birdie) Tebbetts, manager of the Cincinnati Redlegs, is in New England Baptist Hospital undergoing a complete physical checkup.

"Every three years or so, I come here for a complete check-up," Tebbetts said yesterday. "It's merely routine and certainly is not anything induced by baseball."

# Alton (Red) McCarty, who played fine football for Cisco Junior College last fall, says he may enroll at either Ranger JC or Schreiner JC for the spring term of school.

That way, he'll be eligible for football at either school in the fall.

The scholastic average of the starting lineup of the 1956 Abilene Eagle football team was slightly under 91, with the highest average 94 and the lowest a pair of 85's.

Tulane, which met some rugged football opponents during the 1956 season, placed Walt Fondren, Texas back, on its all-oppoent team, the only Texan honored.

When Don Hutson, who still holds many all-time National Football League pass-catching and scoring records, heard about the "dirty-play" accusations of the Chicago Cardinals and the Detroit Lions, it reminded him of another player in another era—Bronko Nagurski.

"These people never saw the equal of Bronko for rough football. And nobody ever complained about Nagurski's play. He was a very polite man . . . he would tear your head off, but he'd always put it back on for you."

Though he's long since turned to practicing law, the ex-Big Springer, Peppy Blount, remains active as a football official.

He started out as a high school arbiter while still in college but last fall worked several college games, the Baylor-Arkansas engagement among others.

His ambition is to officiate one of the bowl games.

Leo Thomas, the one-time Abilene infielder, will manage Salinas of the California League this summer.

Thomas went to the big leagues after departing Abilene. He later was active in the Pacific Coast circuit.

# Long Reappointed Juvenile Officer For Two-Year Term

A. E. (Shorty) Long, county juvenile officer, was reappointed for a two-year term by action of the Howard County Commissioners court on Wednesday afternoon. Long had made formal application for reappointment to the post he holds.

One other application was read. This was from W. R. Weatherford Jr., who wrote the court that he would be "happy to appear before the commission and answer any questions on his qualifications."

Before a vote was taken on Long's reappointment, R. H. Weaver, county judge, read a letter to the commission from R. J. Walker, principal of Lakeview Separate Schools.

Walker voiced his personal appreciation and that of his faculty for the "fine work" he said that the juvenile officer has performed with students in the school. Walker said that a similar letter of appreciation had been sent to Long. Earl Hull moved that Long be reappointed to the post for another two-year term. The motion was seconded by Hudson Landers.

G. E. Gilliam declined to vote on the matter but the motion carried. Weaver, Hull, Landers and Hughes all voted "aye."

# Mrs. Coffman Quits Coahoma Justice Office

The justice of peace office in Coahoma is vacant.

Mrs. Austin Coffman, who has served as justice of peace for some time, has resigned from the job. She notified the Howard County Commissioners court that her health would no longer permit her to perform the duties of the office and that she was relinquishing it effective Jan. 1.

R. H. Weaver, county judge, told the commissioners that he had one application for the position. G. L. (Buck) Graham, Coahoma, has officially applied for the office. His letter was read to the board.

After some discussion, the board tabled action on appointing a successor to Mrs. Coffman. The office pays \$300 per year.

At the same time the court declined to act on a pay increase for the office. The court had increased the remuneration of the justices of peace in Big Spring by 10 per cent of their annual salaries.

When the pay will be filled was not determined.

# Three Wrecks Occur On Main

Four accidents occurred here Wednesday, and three of them were on Main Street.

Charles Briggs, 1905 N. Monticello, and Allen Tinsley, Webb AFB, were drivers of cars colliding at 18th and Main. Briggs was in a 1949 Oldsmobile, and Tinsley was driving a 1940 Ford.

At 21st Main, Christine White, Rt. 1, and George Daren, 1405 State, were in collision. The third one on Main came in the 500 block Wednesday night. Vada Thomas, 309 NW 10th, driving a 1952 Chevrolet, was involved, but while she was reporting to the police department, the other driver left.

Charles Lewis, Sweetwater, and John LeGons, 1804 Nolan, collided at the Fourth and Nolan corner. John Calvin O'Keefe, 404 NW 9th, and Carl Christensen, 201 Princeton, were in an accident at Fifth and Bell. They were involved in a mishap today.

# Slum Clearance Meeting Slated

Representatives of the City of Big Spring and the local Chamber of Commerce will be in Lubbock Jan. 11 for an urban-renewal (slum-clearance) conference.

Representatives of the various federal housing, public health and welfare agencies will be on hand to explain the new program whereby cities can secure federal funds to assist in renewal projects.

Public health aspects of such work will receive considerable attention, along with steps that can be taken to replace substandard housing.

The conference will be held at Hotel Lubbock with the Lubbock Chamber of Commerce as sponsor. Talks will last all day.

# Cain, Tate Lead Chess

Chess listings in the current round of the Howard County Chess Association's tournaments show Charles Cain leading in the first division.

Roger Tate is a close second and A. H. Tate and G. C. Cunningham Jr. tied for third and fourth.

In the second division Charles Kee is first, Pat Flynn second and Allen Glasser third.

In the association's charter member tournament, begun Nov. 1, Roger Tate has a firm grip on first place. A. H. Tate is second and E. R. Moren third. In the Center Chess Club tournament, begun Nov. 8, D. W. Cain has nailed down first. C. Cain is second and Jack Horn third. In both these contests, other players still have chances of finishing second or third.

Meetings are held every Thursday, Friday and Saturday night at the Big Spring Servicemen's Center, 113 East Second street. This evening plans will be announced for the first annual meeting of the association on Jan. 10.

### Battling Couple Kiss, Make Up In Divorce Court

DETROIT (AP)—Katherine and Louis Wnuczek of Detroit kissed and made up right in Divorce Court yesterday.

Circuit Judge Frank B. Ferguson said he had never seen anything like it.

Katherine, 56, and Louis, 60, have been married 21 years.

Louis filed for divorce last

April.

When Judge Ferguson asked Katherine if she wanted it granted, she replied:

"No, not particularly."

The judge turned to Louis, who said:

"Well, if she'll quit saying I'm no good I'll call off the divorce."

"I promise, your honor," answered Katherine.

Louis pressed his advantage.

"If she'll kiss me, your honor, everything will be all right," Katherine did.

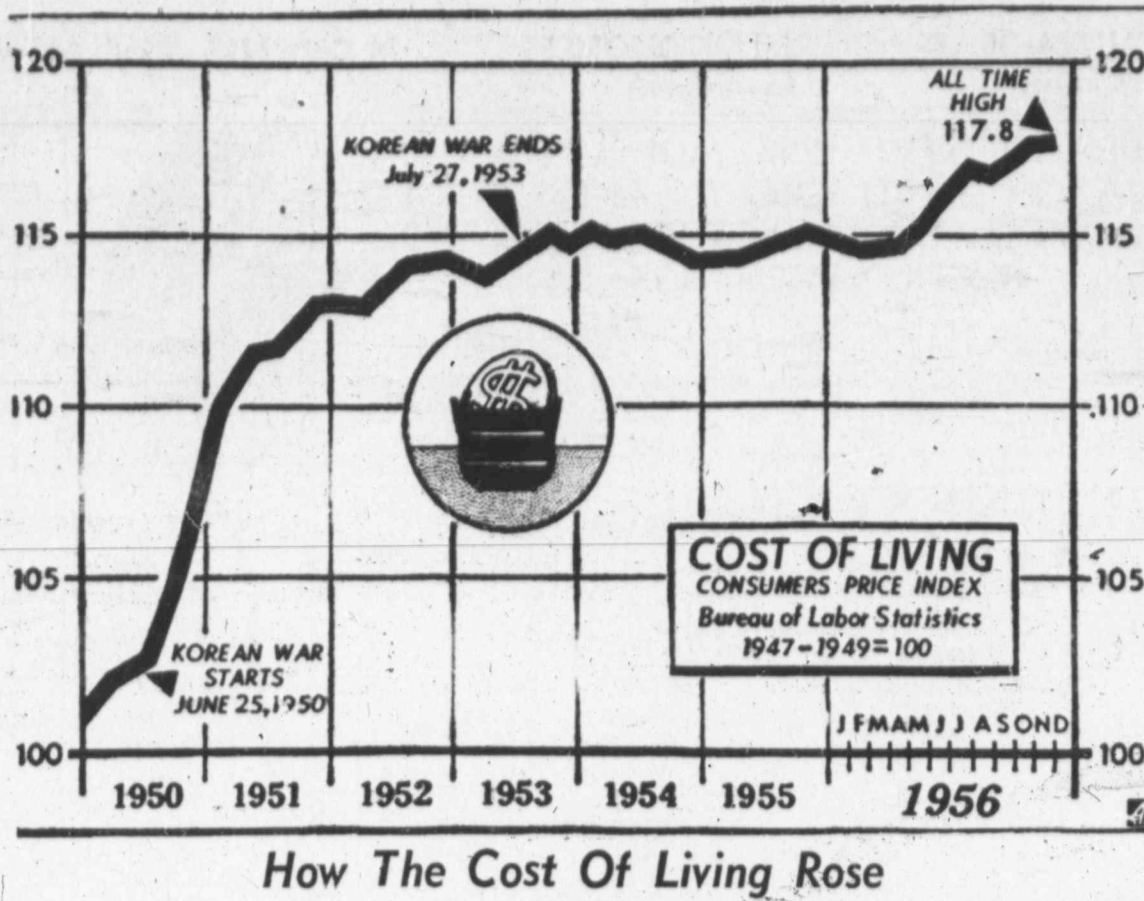

### Egyptian Assets To Stay Frozen

NEW YORK (AP)—The New York Herald Tribune said today the United States will refuse to release 40 million dollars in frozen Egyptian government assets until the Suez Canal dispute is settled.

In a dispatch from Washington, the newspaper said Egypt had made an emergency appeal for release of the impounded funds because it is short of dollars and needs the assets to pay for imports of essential items.

The Treasury Department froze the dollar assets of the Egyptian government and the old international Suez Canal Co. July 31 after nationalization of the canal by Egyptian President Nasser.

The Herald Tribune said the United States has decided the freeze must remain in force until there has been a settlement of the financial problems created by the nationalization and the later blocking of the canal. It added that the United States is particularly interested in protecting the claims of American citizens who are stockholders in the old canal company or its creditors.

The cost of living, as measured by the government's consumer price index, took a hop in 1956 after holding relatively steady for several years. The index, official yardstick of living costs for the average city family, climbed during the year from 114.9 to 117.8 of the 1947-49 average which equals 100 for purposes of comparison. The all time high was reached during November.

### Ike To Make Congress Appeal For Mid-East Troops Power

WASHINGTON (AP)—President Eisenhower will make a personal plea to Congress, probably tomorrow, for standby authority to use U. S. military forces in the Middle East in the event of Russian aggression.

His secretary of state, John Foster Dulles, told congressional leaders yesterday the situation in that area "is highly dangerous" and the "Soviet Union may well move to expand its own influence" there.

Whether Eisenhower's address to a joint session will come tomorrow, or early next week, depends on how quickly the Senate and House can get organized and extend him a formal invitation.

The resolution Eisenhower seeks as outlined in tentative form by Dulles, would:

1. Authorize the President to "undertake programs of military and economic cooperation with free nations in the general area of the Middle East in order to strengthen and defend the independence of those nations."

2. Authorize the spending of 400 million dollars in economic aid to the Middle East over a period of two years beginning next July 1.

Those terms of the resolution, still in tentative form, were described in a statement released by the Senate Foreign Relations Committee with Dulles' approval after Dulles met with its members and Senate leaders for more than two hours in a closed-door night session.

The secretary viewed the resolution as a deterrent to aggression and as a positive action on behalf of peace. The statement said: "Without the resolution, he thought the danger of war would be increased."

Earlier, Dulles spent more than

an hour with a similar group from the House.

Afterward, Rep. Gordon (D-Ill), chairman-designate of the House Foreign Affairs Committee, said: "We've got to do all we can to go along with the administration's policy on this."

Hearings will be started next week, he said.

Some senators voiced outright opposition and most of those attending the meeting with Dulles said they would ask further explanations before they commit themselves. But they appeared more concerned with getting the administration to "make out a case" for the proposal than with directly opposing it.

Sen. Dirksen (R-Ill) predicted Eisenhower "will make a case" and gain approval.

Chairman Vinson (D-Ga) of the House Armed Services Committee said Congress should approve the proposal. He said it would give Eisenhower "a hand sufficiently strong that it might well prevent a situation which would require the use of our armed forces."

Sen. Aiken (R-Vt) said the proposal "will take a lot of looking at."

Sen. Ellender (D-La) was unequivocal in his opposition.

"I am of the belief it might lead us into war to give the President blanket authority to use troops," he said, adding:

"The Russian threat has been magnified all out of proportion. We ought to cut out all aid in the Middle East."

### Pace Of Salvage Work Up In Suez

PORT SAID, Egypt (AP)—The pace of salvage work in the Suez Canal picked up today with divers and crews working on two of the biggest obstructions—the collapsed Ferdan bridge and the sunken Egyptian landing ship Akka.

West German teams pushed their work at the Ferdan bridge, 3½ miles south of Port Said. Divers attached wire cables to sections of the sunken span. The salvage vessels Energie and Ausdauer, largest of their type in the world, stood by to lift parts of the damaged structure as they were cut away.

Divers made underwater surveys of the Akka. Her removal is expected to be one of the toughest jobs in the clearance operation.

The possibility that some of the 13 ships stranded in the canal during the British-French-Israeli attack on Egypt might be able to move out in a few days was reported by Egypt's Middle East News Agency. The agency quoted Mahmud Yunis, managing director of the Egyptian Suez Canal Authority, as saying large ships would be able to sail for Port Said within the next four days.

U. S. Lt. Gen. Raymond A. Wheeler, U. N. boss of the clearance project, has estimated the entire canal will be open in May to the largest type vessels it can handle. He hopes to have a channel open by early March that can accommodate oil tankers and other vessels up to about 10,000 tons.

Work in the immediate Suez city area was taken over by salvage crews from the Egyptian

canal authority. The Egyptians went to work on the sunken tug Atlas. An Egyptian spokesman said they expected the tug could be moved in four days.

Wheeler, on an inspection tour of work at the Ferdan bridge, told reporters the clearance operation "is going on very well."

### 'Best-Dressed' Titles Announced

NEW YORK (AP)—Mrs. William Paley, wife of the chairman of the Columbia Broadcasting System, retains her position as the world's best dressed woman in the New York Dress Institute's annual selection.

Second and third place winners last night are the Duchess of Windsor and Princess Grace of Monaco, the former Grace Kelly. Mrs. Paley first appeared on the best-dressed list in 1940 and has taken first or second place for 10 years. She tied with Grace Kelly for first place last year.

Other choices are: 4. Mrs. Winston Guest of New York; 5. Audrey Hepburn and Marlene Dietrich, tied; 6. Mrs. William Randolph Hearst Jr., New York; 7. Countess Consuelo Crespi, Rome; 8. Rosalind Russell; 9. the Duchess of Kent and Princess Margaret Rose of Britain, tied; 10. the Countess of Quintanilla, Madrid; 11. Mrs. Henry Ford 2d, Detroit and 12. Countess Mona von Bismarck, Paris (the former Mrs. Harrison Williams).

Donates 'Fine'

Air Force Lt. Richard J. Stiles of Houston turns over 1,109 pennies to Brigadier John Bivans, commander of Salvation Army activities in Houston. Lt. Stiles received the money from Oklahoma City citizens who collected it to pay the \$11 fine levied on Lt. Stiles, who was arrested on a loitering charge. Stiles said he was struck by arresting officers and his fine was set aside by the court.

MILLER HARRIS IN HIS OFFICE  
The county's new sheriff is disappointed

## 8TH AIDE DENIED

### Sheriff's Proposed Staff Suffers Cut

Miller Harris, new sheriff of Howard County, has eight persons working in his department at present but the county commissioners Wednesday afternoon ruled the sheriff had one too many.

Harris had filed a formal application for approval of his staff and listed eight names. These include five field deputies, an office deputy a jailer and a jail cook. The jailer had been provided for the sheriff's office by the approval of the budget last fall. The cook, likewise, is already authorized.

Harris, under the plan he seeks to put in operation, proposes to use two of his deputies for full time night duty.

The commissioners, after reading the letter from the sheriff, observed that Jess Slaughter, who preceded Harris in the office had a smaller force. G. E. Gilliam and County Judge R. H. Weaver said they were opposed to allowing the sheriff an extra deputy.

On a motion made by Hudson Luges and seconded by P. O. Hughes, the commissioners approved appointment of five deputies, one jailer and one cook for the sheriff's staff.

Harris was disappointed at the action taken.

"We are already being rushed to death," he said. "The extra man

I asked would have rounded out my crew and enabled me to operate around the clock as I planned.

"It would have added only \$3,000 to the office budget and I have been assured by Lee Porter, county auditor, that the money is available."

Harris listed the following deputies and their salaries in his letter to the commission:

Jack Shaffer, \$4,500; Tommy Cole, \$4,200; Milton Cox, \$3,900; Rachel Shaffer, \$3,000; Bill Cartwright \$4,200; Randal Sherrod, \$4,200; Joe Pierce, (jailer) \$2,400 and jail cook \$1,000.

Harris said that he would renew his appeal to the commissioners at Monday's meeting.

## Suspect Held Here For New Mexico

Jody G. Roberson, wanted in New Mexico on worthless check charges, has been picked up in Big Spring and is being held in the Howard County jail, Miller Harris, sheriff, said Thursday.

Roberson has signified he is willing to waive extradition and will be returned to New Mexico. Officials from that state are expected to come for him in a short time.

## 46 Herefords Bring \$11,000

Forty-six head of top Hereford breeding cattle sold for a total of \$11,141.50 at the auction following the annual show of the Howard County South Plains Hereford Breeders Association here Wednesday.

The averages were well below those of a year ago, but sponsors said the sale brought better prices than some other auctions in Texas which has been pining the cattle country.

The 29 individual bulls averaged out at \$305 per head. Eight cows brought an average of \$184 each. Three pens of three bulls each were sold, and these averaged \$274 per group.

Top bull was WB Anxiety A 9th consigned by Winston Brothers of Snyder. He brought \$820 and sold to Tom Good of Big Spring.

The best price for cows was \$250. Two animals brought the sum.

CC Princess Mildred 18th, consigned by Charlie Creighton of Big Spring, sold to C. V. Hewett of Big Spring for \$250, and OHR Miss Publican Domino 2nd, consigned by R. H. Odom Jr. of Snyder, sold to Hewett for the same price.

Odom's grand champion bull of the show, a small fellow one day less than on year old, brought a disappointing \$415. The animal was OHR Zato Heir 2nd.

Creighton's reserve champion bull, CC Master Mischief 315th, sold for \$450.

The grand champion cow, AY Zato Heir 5th, consigned by FFA Youngblood of Lamesa, brought \$200.

Miss Gwen Brummel, reserve female, consigned by McBride Brothers of Blanket, also brought \$200.

By exhibiting the grand champion bull for the third consecutive year, Odom took permanent possession of the trophy which had been rotated by the Big Spring Chamber of Commerce. Odom relinquished the champion cow trophy which he had held for two years.

The auction, conducted by Walter Britten of College Station, got off to a slow start despite the championship caliber of all of the cattle. Breeders and commercial cattle raisers from a broad area were on hand for the show and sale.

Outcome of the auction, with name of the animal, consignor in parenthesis, price and purchaser:

**COWS**  
— CC Princess Mildred 18th (Charlie Creighton), \$250, C. V. Hewett of Big Spring.  
— AY Zato Heir 5th (Youngblood), \$200, F. A. Youngblood of Lamesa.  
— Princess Publican 18th (Arthur Elkins), \$150, J. T. Masters of Big Spring.  
— Princess Publican 27th (Elkins), \$102, Masters.  
— Miss Gwen Brummel (McBride Brothers), \$200, F. J. Cass of Plains.

— Zato Rex B 11th (T. D. Young), \$185, W. H. Y. Zato Heir 9th (F. A. Youngblood & Son), \$185, Curtis Irwin of Stanton.  
— FFA Zato Heir 5th (Youngblood), \$200, Clyde Randall of Garden City.

**PENS OF THREE BULLS**  
— TY Proud Mixer M 1st (Jo Gregory Knox), TY Proud Mixer M 2nd (George W. Knox) and TY Proud Mixer M 3rd (George W. Knox), \$322, B. B. Dunbar.  
— OHR Prince Larry 50th (OHR Prince Larry 50th and OHR Prince Larry 50th (R. H. Odom Jr.), \$355, Arnold Scarborough.  
— AY Zato Heir 11th, AY Zato Heir 7th and AY Zato Heir 16th (F. A. Youngblood & Son) \$12.50, E. T. Daniel of Coahoma.

Readings in the Southeast and along the Gulf Coast were 5 to 15 degrees lower than yesterday morning.

## Chilled Midwest Gets Warm Winds

Southerly winds brought a warming trend to chilled Midwest areas today and relief was in prospect for the Northeast but icy air dipped into the Southeast.

Temperatures tumbled below freezing in sections of Georgia, the Carolinas and northern Florida as the cold air moved south-eastward from the northern Midlands and Northeast.

## Dr. O. W. Carter To Speak At Kiwanians' Installation

Dr. Orion W. Carter, district superintendent for the Methodist Church, whose home is in Big Spring, will be speaker at the annual installation banquet of the Big Spring Kiwanis Club Thursday night at the Cosden Country Club. The dinner will be served at 7 p.m.

Wives of Kiwanians will be special guests.

Sam Blackburn will be toastmaster for the evening. He will present Mrs. Don Newsom and Lt. Charles Webb who are to be featured in mustered selections. Robert Stripling will introduce Dr. Carter.

New officers of the club will be installed by Frank Wilson, lieutenant governor for Kiwanis Division No. 22. His home is in Colorado City.

Horace Reagan is president-elect of the Kiwanis Club. He succeeds Harve Clay to that position.

The committee in charge of arrangements estimated that around 120 Kiwanians, their wives and special guests would be present for the occasion.

## Criminal Assault Charge Is Filed

Charges of rape have been filed against Jesse Navarez in the justice court of Walter Grice. Sheriff's officers said the offense is alleged on Dec. 25 and that the victim was a girl of 14 years of age.

Bobby West, district attorney's investigator, said that Navarez had made a statement to him relative to the charge. Bond was set at \$3,000 in the case.

Forgery charges have been filed against Roger Edelman in a complaint also lodged in Judge Grice's court. Bond had not been set in the case this morning.

# A Bible Thought For Today

For nation shall rise against nation, and kingdom against kingdom; and there shall be earthquakes in divers places, and there shall be famines and troubles: these are the beginnings of sorrows. (St. Mark 13:8)

## Editorial

### Congress May Go Along—Slowly

The prospect that Congress will grant President Eisenhower's request for authority to use troops in the Middle East if occasion arises is deemed to be fair, but Democratic leaders are expected to ask some sharp questions before going along.

Similarly, the threat of using U. S. troops in the Middle East may cause the anti-Western Arab nations to hurry up their schedule of blasting Western influence out of there without further delay.

### It Looks Like Another Good Year

"You can expect 1957 to be another good year — the best year yet, taken as a whole," is the way U. S. News & World Report introduces its survey of the outlook in its first edition of the new year.

and will rise still higher to 117.0 in 1957. Production on the same 1947-49 base was 90 in 1946, rose to 143 in 1956, and is estimated at 144 for this year.

## Marquis Childs

### Opportunities In Hungary Crisis

WASHINGTON — Too often statements by American officials have sounded as though Hungary were in some way a great triumph for the West. We have been told that it proved Communism was a failure.

rejected out of hand but explored with due caution for the customary booby traps. Unquestionably the West, and the United States in particular, has been the beneficiary in world opinion of Russia's ruthless suppression of the Hungarian uprising.

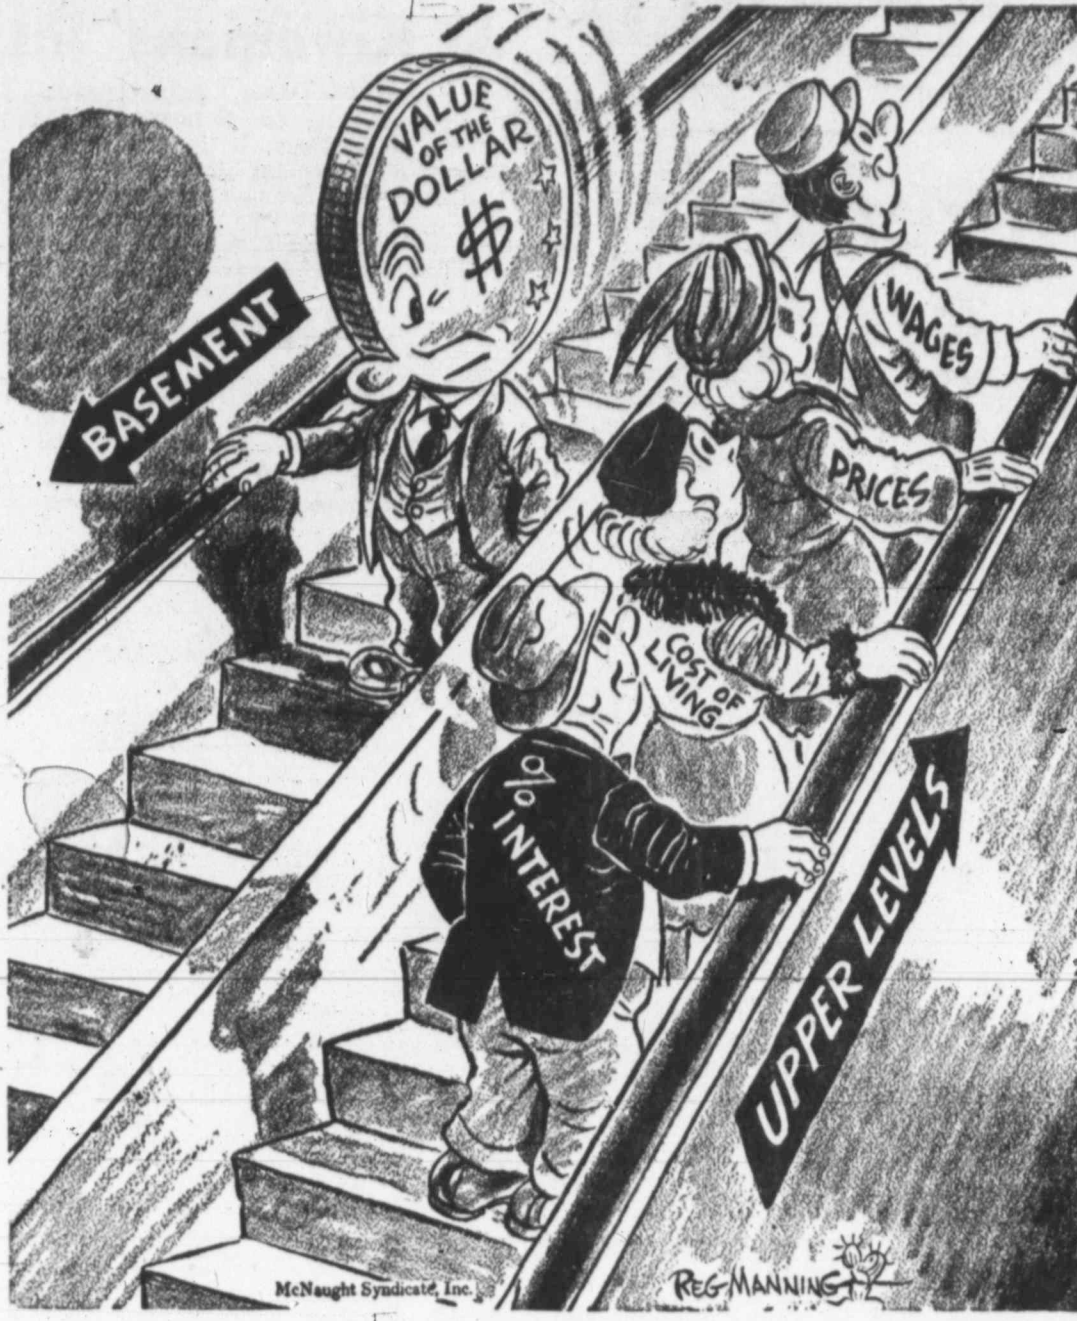

### The Big Spring Herald

Published Sunday morning and weekday afternoons except Saturday by AFFILIATED NEWSPAPERS, Inc. 710 Scurry, Dal. Ad. 4-231. Big Spring, Texas. Entered as second class matter July 18, 1926, at the Post Office at Big Spring, Texas under the act of March 3, 1879.

Even a cursory look at '57 makes clear that if the dangers are great, so are the opportunities for a new and constructive approach to the great unresolved issues hanging like lowering thunderclouds in the sky.

### All Expenses Counted

WICHITA, Kan. — Attorney John Stice, elected judge of the Court of Common Pleas, listed these campaign expenses:

The Escalator

## James Marlow

### Filibustering Death Not Likely

WASHINGTON — Any chance the Senate will kill filibustering? Almost none.

Both House and Senate have rules for doing business. The 435 House members could never get any work done unless they put a time limit on their own talking.

## Hal Boyle

### Lay In Your Vitamin Pills

NEW YORK — A glance in our cloudy crystal ball at what lies ahead in 1957 shows one thing clearly:

It will be the most memorable year since 1961.

The forecast is for a fast, fabulous, fantastic, frenzied, frustrating 12 months, full of much folly and faldorl— a year formidable to the wise, fatal to the foolish.

More and more Americans will try to get rich quick in the stock market—and more stock brokers actually will get rich.

The greatest threat to world peace will come from inside the Soviet colossus, as its leaders split anew in a deadly game of "Russian roulette," each seeking to grab ultimate power.

CONGRESS — It will start 86 new and separate investigations, each headed by a senator or congressman hoping his inquiry will make him a presidential possibility.

Other forecasts, some not as zany as they sound: Anglo-American amity will increase, keyed by British declarations of a "forgive and forget" policy.

SPORTS — After winning another World Series, Manager Casey Stengel of the New York Yankees will retire to head a program to teach gymnastics to American Olympic athletes.

### Mr. Bregar

"No, no, dear! We put hot water in the FRONT end!"

## Around The Rim

### Got Your 'Second' Car Yet?

Does it upset your day for your busy helpmeet to ask (or announce) just as you're fixing to leave for work, "Honey, can I use the car this morning?"

more years. After that, they'll probably be ready to start a "third car" promotion. New car sales are expected to total 35,000,000 by the start of 1962.

## David Lawrence

### New Preventive Against World War III

WASHINGTON — The United States government is about to take a most important step toward preventing the outbreak of World War III.

force peace that the American policy now is being implemented. Congressional authority to enable the United States to play its part instantly in these emergencies has heretofore been lacking.

## Inez Robb

### To Make Conversation Snappier

Ever since I can remember, the long-hairs have bemoaned the fact that the gentle art of conversation is as dead as the dodo.

earthly approach. It says: "YOU HERE AGAIN? — another hour shot to hell!" However, from my point of view, the most helpful and succinct card is one that deals, and adequately, too, with my favorite bete noir and pet peeve — the person who walks up and says, belligerently, "You don't remember me, do you?"

## Penny Pay

SAN DIEGO, Calif. — Among Andrew Winthrop's prized possessions is a U. S. Treasury check for one cent.

## Sad Observation

STILLWATER, Okla. — M. Sgt. Roger Tibbets, a veteran of the Pearl Harbor attack, observed the 15th anniversary flat on his back.

## Girl-Watching Costly

ELGIN, Ill. — Girl-watching—sometimes can be costly. Jacobson Rodriguez lost control of his car when he took his eyes off the road to look at two girls he was passing.

## Left Alone

FORT SMITH, Ark. — The 20 eligible voters in Sebastian County's Bill Johnson Township can take their franchise or leave it alone. In the latest general election they left it alone and not a vote was cast.

# 'ROUND TOWN

With Lucille Pickle

A delightful holiday celebration was enjoyed by MR. AND MRS. LEE NUCKELS and their children, Annette and James, when they attended the golden wedding anniversary of Mrs. Nuckels' parents.

Another family gathering was enjoyed by the J. P. DODGE family in Baytown at the home of MR. AND MRS. W. H. SCHWEITZER.

MR. AND MRS. ROBERT T. MASON have returned from Hays, Kan., where they spent the holidays with relatives.

The J. W. FURQUERON family who visits in Arkadelphia, Ark., during the holiday season have returned to their home here.

## 1953 Hyperion Club Has Health Program

Public health was the principal study of the 1953 Hyperion Club Wednesday when the group met in the home of Mrs. Jackson Friedlander.

## Coahoma Baptist Youth Group Has Progressive Dinner, Party

COAHOME — The Youth of the Baptist Church enjoyed a progressive New Year's party and dinner Monday. Salad was served in the Gordon Cress home.

CROCHETED 207

## Baby Toggs

Baby will love wearing this soft set crocheted in the easy-to-do afghan stitch. No. 207 has directions for five-piece set.

much as if they had never left home.

When the rush of Christmas died down the P. DRIVER family put some necessities in their car and went to their ranch and there they stayed until just time to get back home to bring the New Year in.

MR. AND MRS. J. D. JONES returned from Dallas Wednesday evening.

MR. AND MRS. A. L. HOLLEY returned by train Tuesday from Corpus Christi, where they spent the holidays with their daughter, Mrs. J. R. Bizzell, and her family.

W. R. DAWES and his three sons have returned from Fort Stockton, where they visited with Dr. and Mrs. Tyrre Hardy. Mrs. Hardy is a sister of Mr. Dawes.

MRS. ORRA MAE GRAY is visiting relatives in Warren, Ark.

If you are one of the 92 Big Spring folks who take fox trot and rhumba lessons at Cosden Country Club from Tito and Marjorie Montilla, you will be interested to know that the dance instructors recently spent four days at the Statler-Hilton in Dallas where the Dancing Teachers Convention met.

At a New Year's Eve party at the L. B. MAULDEN home we were delighted to meet MR. AND MRS. GEORGE THOMAS, who are here in the employ of Sinclair.

The meeting on Feb. 6 will be a guest day tea, with a book review to be given by Mrs. B. L. LeFever.

## Scouts Have Cookout

Girl Scouts of Troop Six made and followed trail signs on a cookout, held Wednesday at Lake J. B. Thomas.

Mr. and Mrs. Bob Hickson and children, and Mr. and Mrs. A. L. Holley of Big Spring were guests in the F. M. Holley home New Year's Day.

Mr. and Mrs. H. L. West had as guests this week Mr. West's sister, Mrs. Alma Yates of Hamilton.

Mr. and Mrs. Ed Martin honored Mr. and Mrs. Bobby Cathey with a birthday dinner in their home recently.

Mr. and Mrs. Roy Phillips and Bethie of Big Spring were dinner guests in the home of Mr. and Mrs. Fred Adams.

The men's class of the Church of Christ honored the ladies' classes with a barbecue in the home of Mr. and Mrs. Byron Wolfe.

Mr. and Mrs. J. D. Miller spent Sunday in San Angelo in the J. E. Miller home.

Beverly Meadow of Abilene spent the holidays with her parents, Mr. and Mrs. Jim Meadow.

Mr. and Mrs. Tom Barber and Fan attended the Sugar Bowl game in New Orleans, La.

Mr. and Mrs. Bruce May Field and Mrs. Olive spent the holidays in Fort Worth.

Bill Read, Bill Tindol and Bob Garret left Wednesday for Sul Ross in Alpine.

Mr. and Mrs. Tom Barber and Fan attended the Sugar Bowl game in New Orleans, La.

She's Able To Relax

ZaSu Pitts started her career in the silent-movie days with continued success to the present.

## HOLLYWOOD BEAUTY

### Beat Tension With Outside Interests

By LYDIA LANE HOLLYWOOD — "They tell me I have been an encouragement to every offbeat type who wanted to be an actress."

"I like everything to be as clean and fresh as an operating room. I remember when I was a little girl my hair was so long I could sit on it."

"My mother had two sisters named Liza and Susan. In order to make them both happy she lopped the last two letters off one name and combined them with the first two letters of the other."

"I have never had any trouble with tension," she admitted. "I think the secret of being relaxed is in having interest outside of yourself."

"I am a great admirer of simplicity and it is usually the top designers who are masters of this. But there is also great charm in cleanliness," she added.

State College in San Marcos after spending the holidays with his parents, Mr. and Mrs. N. B. Hoover.

Mr. and Mrs. Elvon DeVaney and Windell Shive were guests of Mr. and Mrs. Wayne DeVaney in Lubbock New Year's Day.

Mark Reeves Jr. has returned to Hardin-Simmons in Abilene. He spent the holidays with his parents, Rev. and Mrs. Reeves.

Arlon DeVaney who is stationed in Fort Eustis, Virginia, is spending a ten-day leave with his parents, Mr. and Mrs. C. H. DeVaney.

Mr. and Mrs. P. F. Sheedy are visiting relatives in Comanche.

Mr. and Mrs. J. D. Miller spent Sunday in San Angelo in the J. E. Miller home.

Mr. and Mrs. J. D. Miller spent Sunday in San Angelo in the J. E. Miller home.

## Big Spring Garden Club Hears Discussions On Landscaping

Members of the Big Spring Garden Club, meeting Wednesday morning in the home of Mrs. Robert Stripling, heard a discussion of landscaping the home grounds.

## BLF&E Ladies Have Officer Installation

Officers of the Ladies of the BLF&E were installed in a ceremony at the regular meeting of the group Wednesday afternoon.

## Lamesa Girl Scouts Will See Film On International Work

LAMESA — Three special showings will be held in Lamesa Wednesday of "The Wider World," a colorful new film showing the wide scope of Girl Scout and Guide service in various parts of the world.

## First Baptist WMS Plans Focus Week

Plans are being made by members of the Women's Missionary Society of First Baptist Church for Focus Week, which will be observed Jan. 13-18.

## Something wonderful has happened to PREMIUM SALTINES!

ONLY PREMIUM SALTINES Golden Glow HAVE NEW they're not toasted, not browned...they have a radiant Golden Glow that makes 'em tastier, flakier, snapping crisp.

## Jim Hodnetts Entertain At Watch Party

Games of 42 were the diversion at a Watch Night Party given Monday evening in the home of Mr. and Mrs. Jim Hodnett at Vincent.

## For Stubborn Cork

You can remove a cork that has been pushed into a bottle by pouring in enough ammonia to float the cork and letting the bottle sit for 24 hours.

## Tighten Knobs

Loose knobs on cabinet and dresser drawers can be tightened with sandpaper. Make a small washer from a piece of fine sandpaper and thread it onto the screw with the rough side next to the drawer.

## Mrs. Scrimshire's Recipes May Help Post-Holiday Appetites

Tired of fruit cake and plum pudding? Then try making one or all of the dishes recommended today by Mrs. James Scrimshire, 1509 East 6th.

All are easily and quickly prepared. The nut bread is especially good to have on hand for lunches, quick sandwiches or to serve with coffee for family or guests.

The Scrimshires, who have lived here about two and a half years, have two sons, Perry, 4, and Hollis—"Jaybird" to the family—who is 22 months old. Borger was their former home.

Mike, one-half Chihuahua and one-half Manchester, completes the family, unless you include a stray kitty who has become quite at home in the household.

Mrs. Scrimshire is a member of the Child Study Club and works with the Parents of Crippled Children Society.

Her fruit cobbler may just "hit the spot" for dessert after all the holiday dainties. Here's the recipe:

### FRUIT COBBLER

Cream together until light and fluffy, 1/2 cup soft butter and 1/2 cup sugar. Sift together 1 cup flour, 2 teaspoons baking powder and 1/4 teaspoon salt.

Stir dry ingredients into shortening and sugar mixture alternately with 1/2 cup milk. Beat until smooth.

Pour batter into greased casserole and top with drained fruit, sweetened with 1/4 to 1/2 cup sugar, from a No. 2 can. Peaches, blackberries, raspberries or similar fruit may be used.

Spread 1 cup sugar over mixture and bake about 45 to 50 minutes in a moderate oven. Serve with cream, whipped cream or ice cream.

This is an easy recipe for Applesauce Cake, another dessert that will keep well.

### Ingredients:

- 1/2 cup shortening
- 1/2 cup sugar
- 1 cup thick applesauce
- 2 cups flour
- 1/4 teaspoon salt
- 1 teaspoon baking powder
- 1/2 teaspoon soda
- 1 teaspoon cinnamon
- 1/2 teaspoon cloves
- 1 cup chopped seeded raisins
- 1 cup nuts, chopped

**Method:** Thoroughly cream shortening and sugar; add eggs and beat well. Add applesauce and then sifted dry ingredients. Beat until smooth and fold in nuts and raisins.

Line an 8-inch square pan with waxed paper and pour batter in pan; bake in moderate oven about 45 minutes to an hour. The cake may be served plain or frosted with a favorite frosting.

Here's Mrs. Scrimshire's recipe for Nut Bread:

### Ingredients:

- 3 cups sifted flour
- 4 1/2 teaspoons baking powder
- 1 cup milk
- 1/2 cup melted butter
- 2 eggs, well beaten
- 1/4 teaspoon salt
- 1/2 cup sugar
- 1 cup nuts and raisins

**Method:** Mix flour, baking powder, salt and sugar and sift together twice. Add eggs, milk, nuts and raisins and melted butter. Blend thoroughly and turn into a well-greased loaf pan. Bake an hour in a moderate oven.

### Beef Stroganoff

Leftover rare roast beef may be made into Beef Stroganoff. Cut it into strips about 1/2 inch thick and a couple of inches long. Mix with strips of onion and sliced mushrooms that have been cooked in butter. Add sour cream, bouillon, prepared mustard and heat thoroughly but do not boil. Season to taste with salt and pepper.

MRS. JAMES SCRIMSHIRE  
... Mike, Hollis and refreshments

## Rice Used In This New Version Of Pizza Pie

Several of the foods and seasonings characteristic of the popular Pizza are used in this recipe. They are that delightful herb oregano, tomato sauce and sharp cheese. Instead of the time-consuming dough used as the base for Pizza, this recipe uses easily cooked rice. Rice is grown and eaten a great deal in Italy and is just as Italian a food item as Pizza. Cooked rice is placed in a shallow baking dish or on a large oven-proof platter. It's topped with crisp cooked bacon, grated sharp cheese, tomato sauce, then more rice. The top is covered with a generous amount of grated cheese and oregano. This dish may be prepared ahead of time. It's quickly heated under the broiler.

### RICE A LA PIZZA

- Ingredients:**
- 2 cups water
  - 1 cup uncooked white rice
  - 1 teaspoon salt
  - 1/4 teaspoon black pepper
  - 1 small clove garlic, minced
  - 1 1/2 to 2 cups grated sharp cheese
  - 10 bacon slices, fried crisp
  - 2 8-ounce cans tomato sauce
  - 1 teaspoon oregano

**Method:** Put the water, rice, salt, black pepper and garlic in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes.

Grease a large oven-proof platter or shallow baking dish about 10" x 6". Place half the rice over the bottom. Add 1/2 cup of the cheese. Crumble the bacon over the cheese. Pour on some of the tomato sauce. Top with the rest of the rice. Pour on the remaining

tomato sauce. Cover as much of the top as possible with the rest of the cheese. Sprinkle the oregano over the cheese.

Place under the broiler until the cheese melts, about 10 minutes. If the rice becomes cold before preparing the dish, heat the tomato sauce until very hot before adding it to the dish. If desired, the dish may be prepared ahead of time and stored, covered in the refrigerator. If this is done, leave out the tomato sauce in preparing the dish. Allow the dish to come to room temperature before broiling. Heat the tomato sauce and pour through the rice just before broiling. This recipe makes 6 servings.

### Quick To Prepare Salmon Patties

Like Grandma used to make!

### SALMON PATTIES

- Ingredients:**
- 1 can (about 8 ounces) salmon
  - 1 small onion (finely grated)
  - 1/2 cup fine dry bread crumbs, pepper, 1 egg, 2 tablespoons butter or margarine.

**Method:** Turn salmon, including liquid in can, into a mixing bowl; remove any large bones; flake with a fork. Mix in grated onion (pulp and juice), 1/4 cup of the bread crumbs and pepper to taste. Beat egg until thick and lemon colored; fold into salmon mixture. Shape into 6 small patties; roll in remaining bread crumbs. Fry patties in butter in skillet (about 9 inches), using low heat and browning on both sides. Makes 3 servings.

## Chili Pie Uses Steak-And Biscuits

For a cold winter night is this South of the Border pie which features chili and biscuits. Served with a crispy green salad and hot garlic bread, nothing could make a bigger hit with the family!

- Ingredients:**
- 2 tablespoons shortening
  - 2 pounds round steak
  - 1/2 cup chopped onion
  - 1/2 teaspoon salt
  - 1/4 teaspoon pepper
  - 3 teaspoons chili powder
  - 1/2 teaspoon cayenne
  - 3/4 cups cooked tomatoes.

**Method:** Melt shortening in large frying pan; brown meat cubes in hot shortening. Add onion, seasonings and tomatoes to browned meat; cover and cook on low heat about 30 minutes.

### BISCUIT DOUGH

- 1 1/2 cups cornmeal
- 3 cups sifted flour
- 5 teaspoons baking powder
- 1 1/2 teaspoons salt
- 1 cup shortening
- 1-1/2 cups milk

For biscuit dough, sift together dry ingredients. Cut in shortening until mixture resembles coarse crumbs. Add milk, stirring lightly only until mixture is dampened. (Add a little more milk if necessary to make a soft dough.) Turn out on lightly floured board and knead gently a few seconds. Divide dough in half and roll each half to form a circle 10 inches in diameter. Place circles on separate cookie sheets. Bake in hot oven (425 degrees F.) about 15 minutes.

To assemble chili pie, place one of the large biscuit circles on platter and pour about half the chili mixture over it. Place other biscuit circle on top of chili and pour remaining chili mixture over top. Cut in pie shaped wedges.

## Skillet Beef Dish Served With Rice

Flavorful — this skillet beef!

### SKILLET BEEF

- Ingredients:**
- One-fourth cup knife-chopped beef suet, 2 medium-sized onions (chopped), 1 1/2 pounds beef round steak (cut in 1-inch squares and about 1/2 inch thick), 3 medium-sized tomatoes (each peeled and cut into quarters), 1/2 cup water, 1 clove garlic (minced or crushed), 1 1/2 teaspoons chili powder, 1 1/2 teaspoons wine vinegar, 1 1/2 teaspoons dark brown sugar, 1 1/4 teaspoons salt, pepper.

**Method:** Slowly heat suet in 10-inch skillet until it melts; add onions. Cook, stirring occasionally, until onions are wilted. Push onions to one side of pan; add beef and brown, stirring often. Add tomatoes, water, garlic, chili powder, wine vinegar, sugar, salt and pepper to taste; stir well. Bring to a boil; cover and simmer, stirring often, over low heat until meat is tender — about 1 1/2 hours. Serve over rice. Makes 3 servings.

### Try Creole Shrimp For Company Dish

If you use frozen, peeled and deveined shrimp for this recipe you can prepare it in jiffy.

### JIGTIME CREOLE SHRIMP

- Ingredients:**
- Two tablespoons butter or margarine, 2 tablespoons flour, 1 can (1 pound) stewed tomatoes, 1 clove garlic (crushed), 1 1/2 cups small cooked shrimp (peeled and deveined), salt, pepper.

**Method:** Melt butter over low heat in medium-sized skillet or saucepan. Stir in flour. Remove from heat. Stir in gradually the juice from the stewed tomatoes; make sure mixture is smooth. Add stewed tomatoes. Cook and stir constantly over low heat until thickened and bubbly. Add shrimp and salt and pepper to taste. Reheat but do not boil. Makes 4 servings.

## Brazil Nuts Glamorize Dishes Used Everyday

By CECILY BROWNSTONE  
Associated Press Food Editor

Brazil nuts can transform everyday fish fillets into a dish that's "good enough for company."

We stuffed the fillets with a nut-and-bread-crumbs combination, served them to supper guests, and had requests for the recipe. We find the fish rolls delicious both with and without the sauce garnish; guests who are strict weight-watchers may shun it, but others will appreciate this accompaniment. Here's how we prepared the fish and garnish.

### STUFFED FISH ROLLS

- Ingredients:**
- 1/4 cup butter or margarine, 2 tablespoons finely diced onion, 2 1/2 cups soft bread crumbs (crusts removed), 1/2 cup chopped (medium-size) Brazil nuts, 1 1/2 cup finely diced celery, 2 tablespoons minced parsley, 1 teaspoon salt, 1/4 teaspoon pepper, 3 tablespoons water, 4 large or 6 small fish fillets (about 2 pounds), sauce garnish (if desired).

**Method:** Melt butter in 9-inch or 10-inch skillet over low heat. Add onion and cook, stirring a few times, until wilted but not brown — about 5 minutes. Add bread crumbs, nuts, celery, parsley, salt and pepper. Sprinkle with water and mix lightly. Spread stuffing over each fillet; roll and place carefully in shallow baking dish — 11 1/2 by 8 1/2 by 2 inches is a good size. Bake in moderate (350 degrees) oven until fish is opaque through and flakes easily — about 30 minutes. Serve with sauce garnish if desired. Makes 4 servings.

Note: Rolls may be skewered or tied with string if necessary to keep them together. Fillets of lemon sole are fine for this recipe. If you use 3 large fillets you can cut each fillet in half crosswise and have enough fish for 6 small rolls.

### SAUCE GARNISH

- Ingredients:**
- One-fourth cup butter or margarine, 1/2 cup sliced Brazil nuts, 2 tablespoons lemon juice.

**Method:** Melt butter over low heat in a small skillet. Add nuts and cook slowly 5 minutes or until butter is slightly brown; stir often. Stir in lemon juice; heat and serve with stuffed fish rolls.

### SANDWICH-SALAD LUNCH

One of our favorite luncheon sandwiches is made from bread and cheddar cheese browned in plenty of butter or margarine in a heavy skillet or on a griddle. A salad we like with this sandwich is a mixture of apple, celery, Brazil nuts and mayonnaise, plus romaine or water cress. This crunchy mixture is just right with the smooth toasted cheese.

### VEGETABLE LIFF

When you want to dress up buttered snap beans to serve with poultry or meat, you'll find they're delightful sprinkled with browned-but-brazil nuts. After you've cooked the beans—fresh or frozen

### Family Will Like Potato Biscuits

Just right for family eating; biscuits that are fluffy and delicious, but not rich.

### QUICK POTATO BISCUITS

- Ingredients:**
- Two cups biscuit mix, 1/2 cup mashed potatoes, 1/2 cup milk.

**Method:** Put biscuit mix in a mixing bowl; cut in mashed potatoes with pastry blender until well worked in. Add milk and mix vigorously with fork. Turn out on lightly floured board or prepared pastry cloth; shape and pat smooth with fingers; roll out about 1/2-inch thick. Cut out biscuits with round floured cutter (3 inches in diameter). Place on ungreased baking sheet a couple of inches apart; bake in hot (450 degrees) oven 10 to 15 minutes or until lightly browned on top. Serve at once with butter. Makes about 10 biscuits.

## Yam Dish Is Good With Pork

This sweet potato dish is nice for Sunday dinner.

### ORANGE SWEET POTATOES

- Ingredients:**
- One can (1 pound and 2 ounces) sweet potatoes, 2 1/4 teaspoons cornstarch, 1/4 cup granulated sugar, 1/4 cup firmly-packed dark brown sugar, 1 teaspoon orange rind, 1/4 cup orange juice, 1 tablespoon butter or margarine.

**Method:** Cut potatoes in half lengthwise; arrange in a heat-resistant glass pie plate (9 1/2 inches across the top inside and 1 1/2 inches deep). Stir cornstarch and sugars together thoroughly in 1-quart saucepan; add orange rind and orange juice gradually, stirring until there are no lumps. Stir constantly over moderate heat until thickened; cook a few minutes longer. Remove from heat and stir in butter until melted. Pour over sweet potatoes. Bake in moderate (350 degrees) oven 20 minutes. Makes 6 servings.

## Green Beans With Mushrooms Added

Different way with snap beans.

### GREEN GODDESS BEANS

- Ingredients:**
- Two cups cut green snap beans, 2 tablespoons butter or margarine, 1 cup celery (cut in short lengths the size of the beans), 1 can (3 ounces) sliced broiled mushrooms, 1 tablespoon cornstarch, 1/2 teaspoon salt, 1-1/2 teaspoon dried crushed basil, 1/4 teaspoon garlic powder.

**Method:** Cook beans in boiling salted water (as small an amount as possible) until barely tender. Meanwhile melt butter in a skillet over moderate heat. Add celery to skillet and cook until slightly tender and lightly brown, about 10 minutes; stir often. Drain mushrooms and mix mushroom liquid with cornstarch, salt, basil and garlic powder until smooth. Add to celery and cook and stir constantly until thickened. Add mushrooms and drained cooked beans. Toss lightly and reheat. Makes 4 servings.

### Nuts To Pancakes

Add nutmeats to extra-rich pancake batter and serve with preserves for dessert.

"Thomas," a boa constrictor which Johnny O'Neal received for Christmas, apparently is already aware that he is a welcome playmate as he wraps himself around his new owner. The Wichita Falls youngster's parents bought the snake from a Florida dealer.

## Copter Pilots Save 8 Stranded Climbers

CHAMONIX, France (AP) — Daring helicopter pilots today snatched eight marooned Alpinists from the snowswept slopes of Mt. Blanc but gave up hope for two more frostbitten climbers marooned on Europe's highest peak for 12 days.

The rescue pilots had hoped to hover above the pair—Frenchman Jean Vincendon, 23, and Belgian Francois Henry, 24—and lower men to put them in baskets hanging from the aircraft, but this proved impossible.

Both may already have died.

The rescue operation got underway at dawn with the first favorable helicopter flying weather in two weeks. The harried pilots got the eight men down within three hours.

The dangerous rescue operation was carried out 12,000 feet up the slopes of the 15,781-foot peak.

The two had set out two days before Christmas to scale Mt. Blanc despite adverse weather forecasts.

The eight men had been trapped on the 15,781-foot mountain in earlier rescue attempts, four when their helicopter crashed near the two climbers. The other four had parachuted to the site.

Unable to move the helpless pair far because the hazardous weather conditions, the would-be rescuers bundled them into sleeping bags in the wreckage and then made the perilous climb to the shelter.

All the rescued men were hospitalized, suffering from various degrees of frostbite. Some were in serious condition.

## E. German Students Battle Red Police

BERLIN (AP) — A West Berlin newspaper reported East German students battled Communist police during a New Year's Eve party in Jena. The Independent Morgenpost said two policemen were seriously injured and four students were arrested.

The Japanese coast guard announced today the 18,717-ton U. S. tanker Orion Planet and a 25-ton Japanese fishing boat collided 160 miles south of Shikoku Island and the fishing boat sank. The tanker rescued 13 Japanese fishermen and brought them to Yokohama. Coast guard officers began an investigation.

## Tax Reduction Ruled Out As Congress Opens

WASHINGTON (AP) — Higher government costs and an anticipated record peacetime budget all but ruled out any general income tax reduction action in the Congress session opening today.

Although some pressures for individual income tax relief were expected, the consensus of key members of the tax-writing House Ways and Means Committee seemed to be: "Not a chance."

This, however, did not foreclose the possibility of some relief for certain groups of taxpayers.

Bipartisan support has developed in Congress during the recess for some revision of business excise (sales) tax laws and for tax aid to small business men.

The big block to general individual and corporate income tax cuts is the 1958 fiscal year budget due to be sent to Capitol Hill by President Eisenhower later this month.

Congress expects it to put federal spending requests at around 72 billion dollars for the year starting next July 1.

This would be the largest budget ever sent to Congress when the nation was not at war. It would leave little room for any sizable reduction in tax revenues, despite forecasts of a treasury surplus of as much as \$1,700,000,000 dollars.

The Treasury steadfastly has opposed tax reduction this year, contending it cannot be accomplished without serious loss of needed revenue. And the President's economic advisers are understood to oppose such action because of inflationary pressures.

Fear of touching off a new inflation spiral through untimely tax cuts also has been voiced by influential House Democrats.

While Congress is expected to leave unchanged present income tax rates, a number of selective changes in the tax laws are in the making. These may not cause any important net change in tax revenues.

## Ships Collide

YOKOHAMA, Japan (AP) — The Japanese coast guard announced today the 18,717-ton U. S. tanker Orion Planet and a 25-ton Japanese fishing boat collided 160 miles south of Shikoku Island and the fishing boat sank. The tanker rescued 13 Japanese fishermen and brought them to Yokohama. Coast guard officers began an investigation.

## Talks Bog Down On Airport Land Value

Howard County Commissioners court dug into the problem of acquiring land needed for the Howard County airport Wednesday afternoon, but bogged down when a disagreement arose on the character of some of the acreage involved.

R. H. Weaver, county judge, said that it was his impression all of the 88 acres on the Anderson farm was pasture land. The commissioners expressed the belief that part of the land was in cultivation.

Unable to agree, it was decided that the commissioners would visit the site—including the two new members of the court, P. O. Hughes and Hudson Landers, who were sitting on the court for their first time. The visit will probably be made on Thursday.

On the other two tracts of land, however, the court reached a decision on a tentative offer to the owners. The commissioners approved a motion by Landers to offer the owners of the Sherrill land \$125 an acre for their 270-acre tract and that an offer of \$85 per acre be made for the Johnson tract of 46 acres.

A meeting will probably be held soon with the owners in an effort to determine what solution can be made to the problem.

It was indicated that the offers made by the commissioners would probably be acceptable to the owners. If this turns out to be the case, the next step would be naming a special commission to appraise the land and set a price. The meeting with the owners will probably not be attempted until the commissioners are agreed

on what price to suggest for the Anderson property.

Landers, now member of the board, bluntly told the court that he wanted to "go on record as saying that in my opinion the county had gone away out of bounds on the overall cost of the proposed airport."

He also said that it was his personal opinion that the airport could be built on the site which has been selected but that construction of such an installation at that place is "highly impractical."

R. H. Weaver, county judge, told Landers that the site was one of a number which were submitted to the CAA and the airspace subcommittee and that it was the only one on which these agencies would approve.

Other suggested locations, he said, were rejected by the agencies.

"Our engineers," said Weaver, "upon whose advice we are relying tell us that the port can be built on the site within the \$500,000 allocated. We have to go along with their opinion."

## Plea Is Denied

DALLAS (AP)—Dist. Judge Joe Brown denied an application for a writ of habeas corpus for Billy Houston yesterday. Houston is sentenced to die Jan. 14 for raping a Dallas oil executive's wife.

## Chou Returns

HONG KONG (AP) — Communist Chinese Premier Chou En-lai returned to Peiping today after a tour of five South Asian countries, Radio Peiping reported.

## Cross Burned In Front Of Integration Leader's Home

TALLAHASSEE, Fla. (AP) — A four-foot cross was burned last night in front of the church served by the Rev. C. K. Steele, leader of the Negroes who are campaigning for integrated seating on Tallahassee's buses.

Steele was at a church on the other side of town at the time, presiding at a meeting of the Negro Inter-Civic Council, which has spearheaded the integration drive.

Police were summoned by Mrs. Steele but were not in time to make any arrests.

It was the second incident directed at the Steeles, who live next door to the church, in as many days. The Steeles have five children. Rocks were thrown at their windows early Tuesday morning and four panes of glass were shattered.

Mrs. Steele and a neighbor

knocked the cross over and threw water on it. It was wrapped with Spanish moss which police said had been soaked in kerosene.

Asked if the Steeles would be given special protection, Police Sgt. Eugene Christie said the incident is being investigated and "We're going to keep law and order in town."

Mrs. Steele had this to say about the cross burning:

"I'm a little afraid for my children but you can't fight anything that's in the dark. Whoever did it, I don't believe they could possibly know anything about what Christianity means."

Last night's Inter-Civic Council meeting included an observance of the anniversary of the Emancipation Proclamation signed Jan. 1, 1863, by President Abraham Lincoln.

## U. S. Accused Of Violating Armistice

HONG KONG (AP) — Peiping radio reported today that armistice inspection teams had accused the United States of violating the Geneva armistice by "illegally sending personnel and materials to South Viet Nam between December 1955 and July 1956." There was no immediate confirmation or comment from other sources. Canada, India and Poland supply the truce inspectors.
