AP WIRE SERVICE

BIG SPRING, TEXAS, SUNDAY, JANUARY 13, 1957

PRICE TEN CENTS

FIFTY-SIX PAGES TODAY

Elaborate Inaugural Planned For Daniel

Ceremonies Scheduled Tuesday

AUSTIN, Jan. 12 (AP)—Price Daniel will be sworn in Tuesday as governor in one of the most elaborate inaugurations ever planned.

Traditionally the program is planned and presented by the citizens of Austin.

Festivities actually open tomorrow afternoon when Gov. and Mrs. Shivers and the Gov.-elect and Mrs. Daniel will be honored at a reception staged by the State Bar. Members of the Legislature also will be guests.

Inauguration day activities open Tuesday with a breakfast at 8 a.m. for state officials, legislators, the lieutenant governor and the new governor. The breakfast is sponsored by the International Christian Leadership organization of which Daniel is president.

Evangelist Billy Graham will speak and also will have a part in the inauguration ceremony later.

The inauguration parade begins at 10:30 a.m. and is expected to last more than an hour. Bands, drill teams, military organizations and other groups will march along Congress Ave. to the Capitol. The Texas Tech Band will be the official inauguration band and lead the parade.

Daniel will ride in a special car being sent here by a manufacturer just for the parade. The car has been used in the past to carry such notables as President Eisenhower and Winston Churchill in parades.

About 30 new convertibles will carry other officials and dignitaries.

Chief Justice J. E. Hickman of the Supreme Court will administer the oath to Daniel and Ramsey at the front of the Capitol at noon.

A special entertainment program will be held in the Capitol from 3:30 to 5 p.m. by the Breckenridge Boys Choir from Breckenridge and the Lamar State College Band. A special rendition of "Texas Our Texas" will be played.

Reviewing The Big Spring Week With Joe Pickle

We wouldn't know what your status is—but if you don't have a poll tax or exemption certificate, it's pretty bad. Two and a half weeks remain in which to protect that precious right to vote. Millions elsewhere would give their lives to earn such freedom as we enjoy; surely we can protect it by arming ourselves with the right to vote last week. Thursday afternoon he

Elvis Presley visited our city—that is our passenger station—again last week. Thursday afternoon he crawled off the Pullman and ambled, almost unnoticed, up the platform. Finally, word got around and the grating garbler was besieged upon by a few females in the vicinity for his autograph. Elvis obliged—see, he can write.

Monday noon brings the kickoff of the Industrial Foundation. This has been talked here for several years, and intensively for the past year. Now comes the time for "us" rather than "they" to put up, or else demonstrate just how much

(See THE WEEK, Pg. 6-A, Col. 4)

Penalty For Theft

Carrying out a sentence imposed by the court for the theft of a March of Dimes collection box containing 60 cents, Carl J. Trueden visits the police clinic at Deaconess Hospital in Milwaukee, Wis., and talks with a patient, 9-year-old Joyce Felix. Trueden, nervous and close to tears, said "I'm sure it's a sight to see. I'm sorry for what I did." Trueden, unemployed and the father of nine children, said he had been drinking when he stole the box.

'Space' Committee Suggested By Solon

WASHINGTON, Jan. 12 (AP)—It isn't that somebody's going to the moon tomorrow, but Rep. Karsten (D-Mo) wants Congress to be prepared.

So, he has introduced a bill to create a Joint Congressional Committee on Extraterrestrial Exploration.

"And I grant you there'll be very little luncheoning on that committee," Karsten said, sitting in his earthbound office here.

He said he had the idea before President Eisenhower mentioned agreements to control "outer space missile and satellite development" in his State of the Union message last Thursday. The President was talking about international control as a disarmament measure.

Karsten wants a joint committee to "make continuing studies of activities and problems relating to the development of extraterrestrial exploration and travel."

"It's way ahead of its time," he acknowledged.

He got the idea because the manned satellite which the United States plans to launch this year had no name.

Karsten, 41, a lawyer from St. Louis and a congressman since 1946, introduced a bill to name it the Astronaut, "which, freely translated, means 'Starship,'" he said.

"Well, the parliamentarian got that bill and worried all afternoon over where to send it, which committee. Finally, he sent it to Foreign Affairs."

Karsten said he decided the satellite didn't fit into Foreign Affairs, and "it became apparent to existing committee had jurisdiction in this area."

So he introduced a bill to create a committee to be a home for his "Astronaut" bill.

Then he got to thinking that the idea of a committee on extraterrestrial travel is good.

Psychopathic Duck Gets In Trouble Again

By MERCER BAILEY
MIAMI, Fla., Jan. 12 (AP)—Well, Weeper hasn't reformed. Here he is, homeless again.

Weeper, in case you didn't know, is a psychopathic duck. Just a crazy, jinxed-up webfoot who can't learn to mind his manners. He now has misbehaved his way right out of two homes.

This addled paddler is back much to his delight—with other ducks on the University of Miami student lake. Weeper doesn't like other ducks. He doesn't like most people, either. But he gets a fiendish delight in making them miserable with all sorts of bizarre nerve-shattering antics. Draws blood, too, sometimes.

Weeper's original owner, Mrs. Peggy Bryant, exiled him to the lake when forced to choose between the wacky waddler and one of his favorite victims—her husband, Bob.

Unhappy with his "birds of a feather" life, Weeper "adopted" a father and four young boys when they visited the lake. He hopped into their car and rode away, quacking gleefully.

But Weeper wore out his welcome with his new family—wherever it was—in short order. He probably began pulling some of the unpleasant stunts which prompted his expulsion from the Bryant household. Like, for instance—

Hurling himself commando-style bill bared and webbed claws flashing, at family friends when they came to call and chasing them away.

Gobbling up the neighbors' tropical fish.

Attacking the man of the house and shredding his legs—not to mention his best flannels.

Streaking up behind someone sleeping over in the garden and scoring a duckbill bullet in the most logical target.

Shattering nerves of passing motorists with dive bomber attack tactics.

Mrs. Brandt, who said she and her 2-year-old daughter, Debbie, got along fine with Weeper, has been visiting the lake to see how long Weeper's new home life would last.

"I didn't think they'd keep him long—he can be a terror," she said today. "Sure enough, he was back on the lake day before yesterday."

"We know it's Weeper. One of our neighbors—a woman he just used to chase—went over to the lake with us. There were several other people around but Weeper paid no attention to them. He just took out after our neighbor. It's Weeper, all right."

Does Mrs. Brandt plan to reclaim the muddy aquatic?

"Oh, no! I'm afraid that would not do at all. He's probably read up on us for putting him in the lake. He'd probably be meaner than ever."

"Besides, I'm not in the market for a divorce." Weeper, old duck, it seems you've had it.

Ike Preparing For West Texas Tour

President, Aides In Drought Study

Drought-Killed Crop

Nelson McMahan kneels in the blowing sand which covered his head and killed his maize crop in drought-stricken Motley County, Tex. This is typical of scorched land President Eisenhower will see first-hand on his tour of drought areas. He flies to San Angelo for the start of his trip.

WASHINGTON, Jan. 12 (AP)—President Eisenhower takes off tomorrow for a look at millions of acres of once-rich farm and ranch lands now seared by devastating droughts and whipped by eroding winds.

What to do about it, how to help the desperate landowners, are the questions Eisenhower and aides will seek to answer on an aerial-ground inspection of stricken regions in the Southwest and Midwest.

One major move under study here is an effort to get several million acres out of crop production and into permanent grasses. The administration may ask Congress for funds for payments to landowners for this purpose.

Such payments would be in addition to the soil bank, which is a device to cut surpluses by retiring land from production of major crops.

The President is scheduled to leave Washington tomorrow afternoon aboard his private plane, Columbine III, for San Angelo, Tex., the first of seven stops in six states.

The tour will end late Tuesday when Eisenhower attends a regional strategy conference at Wichita, Kan.

Secretary of Agriculture Benson and Secretary of the Interior Stanton—aced with the job of charting additional relief measures—plan to accompany the President, along with a team of technical experts.

The President will spend tomorrow night at Goodfellow Air Force Base at San Angelo, then tour that hard-hit central Texas area by automobile Monday morning.

The plan is for Eisenhower to talk to farmers and ranchers all along the six-state route, get their views and the recommendations of farm organizations and state officials at the Wichita meeting, then make a brief talk on the federal government's role.

For the government the drought of the last five to seven years—the worst in history in some areas—is no new problem. As of last Dec. 1, the Agriculture Department alone, it reported, had poured \$392,469,292 in relief of one farm or another into 15 states, starting in 1953.

But the loss to farmers and ranchers is estimated to exceed that figure by far, and many of them contend the federal government has not played an adequate role—or that help has come too late.

Farmers, Ranchers Look Forward To Ike Inspection

By MARSHALL COMBER
SAN ANGELO, Tex., Jan. 12 (AP)—Farmers and ranchers of the vast Southwest, whose crops and ranges have been ravaged by the great drought of the 1950s, looked forward today to President Eisenhower's on-the-spot inspection tour which starts tomorrow.

T. A. Kincaid, president of the Texas Sheep and Goat Raisers' Assn., summed up the general feeling:

"If there is anything the government can do to help the West Texas livestock industry we'll stand a better chance of getting help because the President has seen the country."

The President will arrive here tomorrow night for the first stop on his six-state air and motor tour to help him chart a program of additional federal aid to farmers and ranchers.

He will be accompanied by Agriculture Secretary Benson, Interior Secretary Stanton and a large party of officials and newsmen.

Other stops have been arranged for Monday and Tuesday at Woodard, Okla.; Clovis, N. M.; Tucson, Ariz.; Pueblo, Colo.; Garden City, Kan.; and Wichita, Kan.

On a 22-mile motor tour of drought country southeast of here Monday morning, the President will check once productive farms that have not had a good crop since 1949. He will also see parched pastures where only prickly pear cactus and mesquite trees now stand on the hard-as-rock land.

Several ranchmen and farmers will ride in the cars of the President and his party during the tour and tell of their experiences.

The President also will hear from ranchmen, farmers, bankers, businessmen and agriculture experts concrete proposals for a drought relief program.

The drought committee of the Texas Farm Bureau this week drew up a nine-point program for presentation. It is a summation of more than 100 suggestions received from farm groups in 31 West Texas counties.

report here tomorrow on business conditions for the President.

The President is scheduled to arrive here at 9 a.m. tomorrow by plane. Goodfellow Air Force Base will be his headquarters.

At 6:15 a.m. Monday, he is scheduled to inspect farms and ranches around San Angelo during an automobile tour. The President plans to leave at 10:15 a.m. for West Woodward Airport, near Woodward, Okla.

His tour comes at a critical time in the great drought of the 1950s, which the Weather Bureau says is the worst in 100 years.

The first signs of the drought appeared in north-central Arizona in 1944. The unbroken drought began in this West Texas area and in southern New Mexico in 1949.

Livestock herds have been depleted until the best guesses are that only 30 per cent of the sheep and 25 per cent of the cattle normally in the ranges within a 200-mile radius of San Angelo remain. Each week more cattle and sheep are being sold.

Ranchers, with the help of the federal feed programs and by their own ingenuity, struggle to keep as much of their herds as they can. In this area ranchers use flamethrowers to burn thorns from the prickly pear cactus for livestock feed.

In about two months, strong spring winds will sweep across the land denuded of vegetation by drought. They are the "dusters" that scour away the topsoil from millions of acres of land.

Most drought area the President will visit is in the southern and western part of the wheat belt. This fall many wheat farmers didn't plant. Others sowed in dry land hoping for rain.

Since then it has spread to 15 states. The story of this West Texas ranch and farm country is typical of all the drought areas.

Robert Parks Rites Today

Robert M. Parks, 35, railroad conductor well known in this area and up and down the T&P railroad, died early Saturday in a hospital here.

He had been ill for two years, suffering from a malignant condition. All last week his condition was extremely grave.

Funeral will be held at 2:30 p.m. Sunday at the First Presbyterian Church with Dr. R. Gage Lloyd, minister, officiating. Burial will be in the Trinity Memorial Park with River Funeral Home in charge of arrangements.

Bob Parks was born in Big Spring on Aug. 13, 1921, and was one of the sons of Mr. and Mrs. J. R. Parks. His father, like one other brother, was a conductor also. He grew up and spent his entire life in Big Spring and for two score years was associated with the Texas & Pacific Railway Company.

When he was 18 years of age he began his railway career as a call boy on the old Rio Grande division. The following year, in 1937, he was made a brakeman, and since that time he had served as brakeman and then as conductor.

Mr. Parks was a member of the Brotherhood of Railway Trainmen and of the Order of Railway Conductors. He had been a member of the First Christian Church since boyhood.

He was married here on June 28, 1929 to Miss Zoe Hardy, who survives him. He also leaves two brothers, Harold Parks and R. Wendell Parks; Big Spring; two sisters, Mrs. Allene White, Amarillo, and Mrs. Claude Summers, Dallas.

Klan Leader Says End Of Bus Segregation Not Here

TALLADEGA, Ala., Jan. 12 (AP)—A Ku Klux Klan leader today said the end of racial segregation on Montgomery, Ala., buses "is the last concession we will make."

But the Rev. Alvin Horn, once indicted for murder in a night-riding killing, said the Klan's weapon in the fight for segregation will be votes and education, not violence.

The Baptist minister and construction worker said he has received "bushel baskets" of letters from the North because of a statement he made at a Klan meeting in Montgomery.

The statement, which he said later he wanted to retract, was: "Negroes who try to force their way into white schools aren't looking for an education—they're looking for a funeral."

The bespectacled Horn said the KKK intends to urge that all "unqualified Negro voters be stricken from the voting lists."

Horn said Klansmen in his organization have specific instructions "to stay out of trouble, to stay within the law. We have got to stay within the law and that is what we intend to do."

The KKK spokesman said he deplored the bombings and shootings of recent months as "barbaric to our cause in the South."

Probe Asked
WASHINGTON, Jan. 12 (AP)—Sen. Humphrey (D-Minn.) today urged investigations of increases in gasoline and crude oil prices.

County Commissioners To Act On Salary Proposals Monday

Howard County Commissioners court is scheduled to put its final official stamp of approval on pay increases for members of the board and for elective county officers at its meeting Monday morning at 10.

Around the courthouse Saturday there was a prevailing impression the commissioners are likely to have a sizable gallery of citizens and taxpayers on hand when they begin consideration of the proposed pay increases.

There were rumors that some would voice disapproval of some of the increases when the matters are presented to the board.

At least one taxpayer has already written a letter to the court protesting the increase in pay for the commissioners.

flat \$10 per month raise across the board.

There is some grumbling in official circles over this plan in face of the action of the commission increasing its own and the salaries of other elective officials 10 per cent. The sentiment seems to be that the deputies feel that \$10 a month is not enough to be of much help and that it would be more equitable to adopt a plan of a 10 per cent increase based on present salaries.

If the salary schedule drawn at the first meeting of the court this year is adopted as it now stands, elective officials—assessor, judge, sheriff, county attorney, district clerk, county clerk, justices of the peace and constables in Big Spring—would be paid 10 per cent more salary than last year. This would bring the pay of major offices to \$6,000 a year.

The commissioners also voted themselves a 10 per cent raise which would bring their pay from \$4,104 to \$4,514.40. In addition to this compensation, the commission

members are paid \$300 each per year for car expenses. This makes their gross pay \$4,814.40.

Justices of the peace in Big Spring were increased from \$3,300 to \$3,630. Constables in Big Spring were granted boosts from \$2,100 to \$2,405.70. No action was taken by the board in connection with the justices of peace offices at Coahoma—a post which is now vacant.

The commissioners at the meeting at which this schedule was adopted rejected a proposal to increase the pay of the county treasurer from its present \$4,800 base. However, at a later meeting, the court indicated a change of heart and discussed the advisability of granting Mrs. Frances Glenn a pay boost equal to that granted her colleagues. However, if this is done, it cannot be approved tomorrow. Harvey Blosser Jr., county attorney, has advised the court that if it rescinds its original motion for no increase and adopts a new plan to grant the

(See COUNTY, Pg. 6-A, Col. 3)

Foundation Drive Set

The Big Spring Industrial Foundation, a non-profit agency which hopes to be the instrument for industrializing Big Spring, will launch its first major project Monday.

A luncheon in the Settles ballroom will signal the start of a drive for \$50,000 which the foundation will use for purchase of an 100-acre industrial site east of the city.

Bob Hunt of Kilgore, leader of one of the first industrial foundations formed in Texas, will be speaker at the luncheon. He will describe operations and successes of similar organizations in East Texas.

J. H. Green, former Chamber of Commerce manager who is coordinating the foundation campaign, said 100 or more are expected for the luncheon. Leroy Tidwell, IF president, will preside.

The foundation has until Feb. 19 to raise \$50,000 with which to exercise option on the 100-acre tract about four miles east of the city. The other \$12,000 to be sought in the drive is for erection of signs and other improvements.

Martin Stock Show Proves Profitable; 42 Animals Sold

The Martin County Junior Livestock Show was one of the most profitable in years for the boys and girls who showed their pigs and lambs. A total of 42 animals were sold to buyers who bid spiritedly until the last sale was made.

In the calf division, Bobby Sale made a grand slam home by showing both the grand champion and reserve champion. He also took second place in the heavy-weight and lightweight divisions, while his sister Marjory came in third with the heavy-weight calf. Both champion calves were lightweights, with the first place winner being the smaller of the two.

Wenens Williams had the third place calf in lightweights, Phillip Bryant fourth and the Stanton FFA Chapter fifth.

In the swine division, Butch Haggard won the grand championship with his 775 - pound pig, while Martha Carmichael showed the reserve champion, which weighed 190. Both hogs were lightweights. In the heavyweight barrow class

Kenneth Carmichael was first, Mike Holcomb, second; John Paul Cave, third and fourth, and Jerry Kilgore fifth.

Lightweight barrows were shown by the following boys and girls: Butch Haggard and Martha Carmichael, grand and reserve champions; Butch Haggard also third, Delbert Holcomb, fourth, and Alton Barkowsky, fifth.

Heavy Cross Breed Lambs: Jerry Batson, first; Arthur Carstensen, second and fourth; Craig Beckmeyer, third, and Kenneth Hazelwood, fifth.

Lightweight Crossbred Lambs: Jerry Kilgore, first; Jimmy Miller, second; Leon Doaks, third; Lennie Price, fourth, and Edward Barkowsky, fifth.

Grand champion hog, owned by Butch Haggard, was sold to Midland Walgreen Drug Company for \$150.00. Reserve champion hog, owned by Martha Carmichael, was bought by the First National Bank of Stanton for \$65.00.

Grand champion lamb, shown by Jerry Batson of Ackery, was a bought by Lester Brown of Ackery for \$55.00. Reserve champion lamb, owned by Freddy Martin, went to Ray C. Ayers and Son for \$50.00.

Other hogs sold, owner, price and purchaser listed, with price being

(See LIVESTOCK, Pg. 6-A, Col. 3)

Regains Sight

A decade of darkness ended in one unblinding instant for John Howard Griffin, Mansfield, author of best-seller, "The Devil Rides Outside." Griffin is shown with his wife, Elizabeth Ann, whom he saw for the first time when his sight returned. He had been blind for 10 years.

Egypt Reacts To Fears Of Isolation

CAIRO, Jan. 12 (AP)—Egypt has begun maneuvers to avoid being isolated from its neighbors by President Eisenhower's new Middle East doctrine. Diplomatic consultations opened soon after Eisenhower laid his plan before the U. S. Congress last Saturday.

Fears are expressed here privately that the United States is now pursuing the former British policy of driving a wedge between President Nasser's avowedly neutral government and its Arab allies.

There are signs Saudi Arabia, Jordan and Lebanon, to the east, may desert the neutralist camp and move toward real cooperation with Libya, on the west, already permitting both Britain and the United States to maintain military bases on its territory, there is a possibility Egypt may be left as an island of neutralism surrounded by pro-Western states.

Egyptian newspapers take the view the Arabs themselves can fill the vacuum left by the decline of British and French influence and are critical of Eisenhower's bid for special military and economic powers to block Communist expansion in the Middle East. But this is by no means a unanimous view in the Arab sphere.

Saudi Arabia's King Saud, a wealthy ally of Nasser, is going to Washington Jan. 30 for a discussion of problems of mutual interest to the two nations.

Saudi's government at times has appeared anti-Western, but he has refused to follow Nasser's lead in buying Communist arms or recognizing Red China. The King was reported annoyed at the manner in which Nasser nationalized

Egyptian holdings of the Suez Canal Co., last July 26 without consulting his Arab friends.

The American invitation to Saudi is viewed here as an attempt to woo Saudi Arabia from the Egyptian camp.

Jordan's King Hussein has gone on record in praise of the Eisenhower doctrine.

In current consultations, Egypt is reported seeking assurances its leadership of the Arab League will continue and that the Arab states will act in concert rather than individually toward the American overtures.

With Libya, on the west, already permitting both Britain and the United States to maintain military bases on its territory, there is a possibility Egypt may be left as an island of neutralism surrounded by pro-Western states.

Egyptian newspapers take the view the Arabs themselves can fill the vacuum left by the decline of British and French influence and are critical of Eisenhower's bid for special military and economic powers to block Communist expansion in the Middle East. But this is by no means a unanimous view in the Arab sphere.

Gauntlet Down On Civil Rights Law

WASHINGTON, Jan. 12 (AP)—Sen. Russell (D-Ga.) today threw down the gauntlet to advocates of civil rights legislation who contend this is their victory year.

Russell, leader of the Southern forces and an acknowledged master of parliamentary tactics, told a reporter that he is "well aware of the fact that there is great political pressure for the passage of these misnamed civil rights bills."

But he said that if the measures reach the Senate floor, they will run into resolute opposition from senators who, he said, are determined to defend "the constitutional rights of the states and the people."

Past attempts to pass civil rights legislation have been defeated by Southern filibusters, but Sen. Humphrey (D-Minn.) and other supporters of the legislation say they have excellent prospects of victory this year.

Earlier this week a highly influential Senate Democrat, who was unwilling to be quoted by name, said the outlook is that civil rights legislation will be passed fairly early in the present Senate session.

This source, who has not been known as an advocate of such measures, predicted that a Southern filibuster—the use of dilatory debate and parliamentary maneuvering to prevent a vote—will be broken after a month or so.

Russell said he had told Georgia constituents even before the session started that there was "greater danger" of civil rights legislation this year than in the past, but he emphasized he was not conceding defeat or compromising the issue.

Last year the House passed the Senate Judiciary Committee, headed by Sen. Eastland (D-Miss) never acted on the civil rights program advocated by President Eisenhower.

This program provides for federal court action to protect voting and other rights, the establishment of a civil rights division in the Justice Department, and the creation of a presidential commission to investigate complaints of civil rights violations.

These measures have been introduced in the present Congress, and Eisenhower urged them anew in his State of the Union message two days ago. Some Northern Democrats have offered a more extensive civil rights program.

Russell said that while he was aware of the "great political pressure" behind the bills, he believed that "orderly procedure" would be followed and that "there will be regular committee hearings on these bills before they come to the floor."

"If they reach the floor in their present form," he added, "they will be vigorously resisted by a resolute group of senators who still believe that the 10th Amendment is still in the Constitution and that the states still have definite rights; that these bills would take away by the unconstitutional process of repealing express provisions of the Constitution by statute."

The 10th Amendment reserves to the states and the peoples all powers not delegated to the federal government.

Southern senators have held at least three closed-door meetings in Russell's office since the present session started to discuss the civil rights situation and efforts to revise Senate rules to make it easier to break filibusters.

Asked if there were any prospect of a compromise, Russell said "I will not compromise in the slightest degree where the constitutional rights of my state and her people are involved."

An initial effort to revise Sen-

ate rules went down to defeat, but since then a number of proposals to curb filibusters have been introduced and a Senate rules subcommittee is expected to conduct extensive hearings on them.

Sen. Knowland of California and Sen. Lyndon B. Johnson of Texas, the Senate Republican and Democratic leaders, are cosponsors of one of the proposals. It would permit two-thirds of the senators present and voting to shut off a filibuster. It now takes the votes of 64 senators, or two-thirds of the entire membership.

Railroads Save Farmers \$1 Million, Association Says

AUSTIN — Farmers in drought-stricken Texas benefited by \$1,150,073 during the first nine weeks of the period in which the railroads reduced freight rates on shipments of hay by 50 per cent, according to the Texas Railroad Association.

The rate slash was made in October at the request of President Eisenhower. The rates were voluntarily reduced in eight western states, but the heaviest volume of business was in Texas. The total saving on hauling 92,885 tons of hay for landowners in the eight states was \$1,650,260, of which two-thirds benefited Texans. Oklahomans saved \$272,736 and Kansas were aided by \$205,226.

"As far as we know, no other private industry has extended aid to the farmer in this emergency," said Kenneth McCalla, general counsel of the Texas Railroad Association. "This is comparable to the President's requesting all retail stores to sell to the drought-stricken farmers and ranchers at a 50 per cent reduction. Of course, no such request has ever been made, but it has been sought of the railroads several times and they have responded gladly. The result, in past years, has been a saving of more than \$22,000,000 to farmers and ranchers."

LOOKS AT BOOKS

By Sam Blackburn

HOME BEFORE DARK.

By Eileen Bassing. Random House. Charlotte Bronn is coming home to her husband, Arnold, a professor; her stepmother and stepfather, Inez and Joan, a new boarder Jake Diamond; and Mattie the servant. She has been in an institution. She was ill, there were tensions. Things that normally would have slipped back into place stayed stubbornly out of mental focus, and her family put her away. Bit by bit things righted themselves, and she has returned to the only people with whom she has a chance of feeling the needed security.

But they fail her. Her trust in these familiar, which is her greatest hope, turns to mistrust, which threatens to become her greatest catastrophe. She is forced more and more to be the outsider, like Jake the Jew and Ted the drinker.

Mrs. Bassing has written a gripping novel about a woman unsure of herself and near to foundering in a world where she no longer finds a support on which she dares depend; even the straws at which she clutches prove less than straws. Mrs. Bassing deals in the subtlest shifts of an unsteady mind driven to the verge of new desperations by the treachery of a stepfather, the cooling affection of a husband, the insubordination of a servant, the advances of a former suitor, the growing love of a new friend. The tortured thought, the helplessness, the fear, the torment come vividly alive.

THE CRACK IN THE PICTURE WINDOW.

By John Keats. Houghton Mifflin. If you're thinking of moving into a housing development, Keats warns, do what some other residents of these mushrooming areas neglected to do: "Read your contract. Just for fun, see if it mentions a house." In one place—fact not fiction, and quoted from a congressional report—the contract

EILEEN JOHNSTON BASSING

"actually fails to indicate the veteran will receive a house."

Though Keats' hapless would-be homeowner, John Drone, is a veteran, the book has to do with developments in general, not matter who the purchaser; and Keats in less than 200 pages razes those vast acres of "modern" picture-window structures quicker than the jerry-builders, as he calls them, put them up.

The book is presented in story form but it is laced, buttressed and enlivened with fact for which Keats vouches. Pay nothing down, that's the come-on, but you pay for the rest of your life, the author charges, for houses too small on lots too small, with doors that stick and floors that let flowers grow right up through them; you're also apt to have to pay unexpectedly for water, wells, road, sewage; you may not have school, church, park or other conveniences.

This is a vitriolic attack not so much on a particular aspect of the lives of some of us as on the emptiness of an existence that is

machine-made, overburdened with credit charges, replete with gadgets and without a single, solid enduring human satisfaction.

Baptist State Meet Slated

FORT WORTH, Jan. 12 (AP)—Pastors and laymen for the more than 3,500 churches in the Baptist General Convention of Texas will converge on Fort Worth tomorrow for the Texas Baptist Evangelistic conference opening Monday night.

The conference is expected to resolve to win 80,000 converts in 1957.

Three leaders are on the Monday night program, Dr. W. R. White, president of Baylor University; Dr. C. E. Autrey, professor of evangelism at Southwestern Baptist Theological Seminary, and Dr. Robert Lee, Memphis.

Monday Deadline For YMCA Voting

Deadline for casting ballots in the YMCA board of directors election is 9 p.m. Monday.

Bobo Hardy, general secretary, said that ballots may be either mailed in or deposited in a ballot box at the Y. The nomination committee is to meet at 10 a.m. Tuesday to canvass returns and certify names of nine directors elected to three-year terms.

The committee also will return nominations for officers of the YMCA for 1957.

2 Rioting Jail Inmates Are Moved

AUSTIN, Jan. 12 (AP)—Two of the 80 inmates who rioted in the San Antonio county jail yesterday have been transferred to the Travis County jail.

They are Joe Nance, 35, of Odessa and Harold Seago, 38, of Austin. They were federal prisoners given terms in the Sabinal bank robbery.

MEN IN SERVICE

Second Lt. Thomas A. Thigpen Jr., 21, 1209 Pennsylvania, recently was graduated from a 14-week officers basic course at the Engineer School, Fort Belvoir, Va.

The course trained Lt. Thigpen in staff functions, combat operations, military engineering and the operation and maintenance of engineer equipment.

Thigpen attended Hardin - Simmons University and the University of Texas. He is a member of Kappa Alpha fraternity.

Recently qualifying as a paratrooper at Fort Bragg, N. C., was Pvt. Alvin King, son of Mr. and Mrs. Willie King, 806 Wyoming.

King received his paratrooper's wings after completing the five-week course at the 82nd Airborne Division's jump school. Included in the course were five training jumps.

The trooper entered the Army in June of last year and completed basic training at Fort Chaffe, Ark. He is a graduate of Lakeview High School.

Kelly M. Mize Jr., son of Mr. and Mrs. Kelly M. Mize of 715 W.

5th, Big Spring, has been promoted to aviation machinist's mate second class, USN, while serving with Fighter Squadron 174.

The promotion followed successful completion of a Navy-wide petty officer examination conducted in August.

Nollie Wilson, 18, son of Mr. and Mrs. S. A. Wilson, 404 NE 12th, is completing his basic Air Force training at Lackland Air Force Base near San Antonio.

Young Wilson entered the Air Force Dec. 7. He will be assigned to the medical section after attending a technical school for qualification as a laboratory technician.

He is a 1956 graduate of Big Spring High School and attended Howard County Junior College before entering the service. He is a former Herald carrier.

PVT. ALVIN KING

Scout Council Annual Meeting To Be Tuesday

Kenneth K. Bechtel of San Francisco, president of the National Council, Boy Scouts of America, will address some 400 at the 34th annual meeting and banquet of the Buffalo Trail Council, Boys Scouts of America, in Midland at Hotel Scharbauer Tuesday.

Representatives are expected from all seven districts covering eighteen counties of West Texas. More than a score from Big Spring will be on hand.

Headed delegations will be Rev. John Klassen, Marfa, chairman of the Big Bend district; O. G. Rudy, Monahans, Sandhills district; O. D. Albright, Odessa, Black Gold District; Wayne Holt, Snyder, Lone Buffalo district; Rev. Earl Bissex, Pecos, Pecos Valley district; Maurice Koger, Big Spring, Lone Star district; and R. A. Fitting, Midland, El Centro district.

At the business session to be held at Hotel Scharbauer at 4:30 p.m. election of council executive board members and National Council representatives will be held. Members of the nominating committee are W. C. Blankenship, chairman, Big Spring; O. O. Whitten, Wink and C. J. Anderson, Pecos.

The newly elected president of the council, Emmett Beauchamp, Pecos, will submit appointments of operating committee chairmen and executive board subcommittee members for approval. A report on progress of the council's capital fund campaign will be made by Roy E. Carter, Kermitt, outgoing council president.

Other items on the agenda include a report from the treasurer, J. T. Baker, and approval of the Council's application for renewal of its charter.

The banquet, to be held in the ballroom of the Hotel Scharbauer starting at 6:30 p.m. will mark the first time that the president of the National Council, has been the local council speaker. Bechtel will arrive at Midland on Tuesday in his private plane. Accompanying him will be his assistant, Ed Matthews, and H. W. Lewman of Dallas, regional scout executive. Roy E. Carter, Kermitt, retiring president, will preside.

Silver Beaver Awards will be presented to five Scouters for distinguished service to boyhood. The recipients remain anonymous until their names are called.

Defendant Pleads Innocent Of Police Assault Charge

Jessie Banks, charged with aggravated assault, pleaded not guilty when brought before R. H. Weaver, county judge, Saturday morning.

Weaver set his bond at \$500. Banks is accused of attacking Fred Taylor and W. L. Riddle, city police officers, when they were bringing him to the station after he had been arrested for alleged reckless driving.

Cub Pack To Meet

Cub Scout Pack No. 10, sponsored by the First Baptist Church, will meet at 7 p.m. Monday, Bill McRee, Scout executive, reported Saturday. McRee said the pack is still attempting to reorganize and hopes to form some new dens.

Death Strikes Family Twice

Funerals were held twice in the past week for relatives of J. F. Tucker of Big Spring.

His sister, Mrs. C. C. Johnston, died last weekend at her home in Santo, near Palo Pinto. Shortly after returning from her funeral, Tucker and other relatives were notified of the death of his brother, Alfred Tucker, in Dallas on Tuesday.

Car Stolen Here Found In El Paso

El Paso authorities found a car abandoned Wednesday which was stolen here Dec. 26.

Oil-Slick Street Is Blamed For Wreck

Motorists on Gregg found driving slippery between Fourth and Fifth Streets Friday before city crews were able to gravel the block.

A large amount of oil was on the street, and at least one accident was blamed on the slippery area. Beatrice Miller, 1614 Bluebird, was driving a 1953 Plymouth that hit a parked car owned by Willard Hedrick, 501 Dallas. The accident occurred in the 400 block of Gregg.

Coahoma Student Practices Teaching

DENTON, Jan. 12 — Training for careers as teachers, 225 students have been working this semester as student teachers in the School of Education at North Texas State College.

The program is designed to give the college students practical experience in teaching, with supervision, before they take over a teaching job from an experienced teacher on their own after graduation.

Humorist To Speak At K-F

First dinner meeting of the new year for the Knife and Fork Club will be held Thursday evening at 7:30 at the Settles Hotel. Club members are advised that reservations must be made by noon Wednesday.

A noted humorist, Harold C. Kessinger, will be the speaker for the evening. Educated as a lawyer, Judge Kessinger has administered the city court at Ridgewood, N. J., for many years, but has gained more prominence and respect as an unceasing spokesman for universal kindness and tolerance.

He is a former district governor of Rotary International, and in that capacity made nationwide speaking tours. A genial personality and droll humor combine to give charm to his public utterances.

Judge Kessinger is to speak on "The World's Funniest Adventure," which is every-day living.

Three Local Students In Texas Tech Band

Three Big Spring students will be among the members of the Texas Tech band when it plays Tuesday for the inauguration of Price Daniel as governor.

The band has been selected as the official musical organization for the inauguration. Big Springers in the group are Bill Bradley, John Prevo and Charles Rainwater. Others in this area are Carl Crouch, Lamesa, Sylvia McAden, Midland; and John Hamblen, Snyder.

Examining Derby Rule Books

First boys to see the new 1957 Official Rule Books for the Soap Box Derby are Troy and Deyce Wilhite, pictured here with Loyd Wooten, representative of Derby sponsors. The boys plan to enter the big racing event again this year (they were 1956 competitors) and know that the first thing to do is to get thoroughly familiar with

rules on building of racers. The Official Rule Books are now available to boys between ages 11 and 15 who want to try for the big prizes, and copies may be picked up at either The Herald office, 8th and Scurry, or at Tidwell Chevrolet Co., 1500 E. 4th.

318 Infected By Diseases

A total of 318 cases of communicable diseases was on the weekly report of the city-county health unit.

And topping the list of maladies was influenza. There were 74 cases of the disease reported. Sixty were bothered by virus, and there were 55 cases of streptococci. Fifty-two had diarrhea.

All types of pneumonia aggregated 46.

Twelve cases of gastroenteritis were reported, and five cases each of mumps and chicken pox. Four had roseola. Two each of cases of trench mouth and pertussis were reported and one case of gonorrhea.

Area Development Assembly Set At Tech Jan. 22-23

LUBBOCK — Historian Walter Prescott Webb will be principal speaker at a West Texas Assembly on Regional Development Jan. 22-23, at Texas Tech.

Dr. Webb, an authority on Texas water problems, will speak on that subject during a dinner at 8:30 p.m. Jan. 22 in the Tech Union Building. He is a history professor at the University of Texas.

Representatives of citizens' groups in 35 or more West Texas communities will attend the Assembly, which will draft recommendations for area development.

Eight subjects on which communities may act singly and cooperatively will be discussed — water, depletable mineral resources, agriculture, economic diversification, community revitalization, inter-group relations, housing, and uses of government and education agencies.

Grr-and Parents Form Club, Set Rules On Grr-and Children

It is generally agreed that the complacent adulation of grandchildren is only exceeded by the superior air and supreme contentment exhibited by great-grandparents for great-grandchildren.

Big Spring grandparents will undoubtedly welcome announcement that a special organization for them and for their entire benefit is now in existence and that they are invited to become members.

This new organization is called "Grr-and Parents Club, Inc." Its headquarters is in Dallas.

Grr-and Parents Club, Inc., is the brainchild of W. W. Crook, Dallas advertising executive and a doting grandparent in his own right. He is also the president of the organization and is now doing valiant extra work as press agent for his new organization.

Initial honorary members of the organization are none other than President and Mrs. Dwight D. Eisenhower, whose fame as typical grandparents almost equals the renown they have in other fields.

"Grr-and Parents Club," proclaims President Crook, "has just two aims—"grandchild indulgence and adulation."

Membership in Grr-and Parents Club, Inc., is free. There are no dues. Each applicant will also receive a membership card listing

him as charter member.

In addition, each grr-andparent is presented with an acetate snapshot holder to carry around pictures of his grandchildren for quick and ready display to other grandparents.

"A Scotchman I knew once said, 'I know why they are called Grandchildren—they are truly grand,'" Crook says in explaining the title of the club.

Any accepted member of GPC Inc., pledges himself to the following club rules:

- (1) That the word "grand" was just made for "grr-and children."
- (2) To allow other grandparents a 50-50 chance to show pictures of their grr-and children.
- (3) To grr-and baby sit at any time but to reserve the right to limit number of babies.
- (4) To give grr-and children anything they ask for except scissors, loaded guns and convertibles.
- (5) To show no partiality except to grr-and children that look like me or are named for me.
- (6) And to quote no cute sayings of any grr-and children except my own.

Crook says that any grandparent worth his salt can sign such a pledge with a free conscience. Any grandparent who wants to become a charter member of GPC

Inc., needs only to send his or her name and address along with the names and addresses and the birthday months of their grandchildren. Such applicants will be sent their charter membership card, the acetate snapshot holder and a folder of "Instructions on Grr-and Baby Sitting." In addition, all members will begin receiving monthly copies of "Grr-and Parents Club News" which begins publication on March.

Crook warns all grandparents who want to be charter members — free of all dues and fees — that they must act at once. Deadline for charter memberships is Feb. 15.

Crook has sent a personal invitation to all Big Spring grandparents to affiliate with him and his associates in GPC Inc.

Several well known Big Spring representatives of the clan have already manifested great interest in the project and plan to apply for membership without loss of time.

Address of Grr-and Parents Club is 407-11 Adolphus Tower, Dallas. Other officers in addition to Crook, who has but two grandchildren, are B. Felix Harris, vice president, who boasts the word is used advisedly; 10 grandchildren and Ralph W. Currie, secretary, who looks down on his co-officers — he has 12 grandchildren.

New Religious Views Urged

PHILADELPHIA (AP) — A top Methodist educator called today on Christian colleges to emphasize individual decision and a 20th Century religion beyond that "learned from sweet Aunt Sally in the junior department of Sunday School."

Dr. Willis Tate, president of SMU at Dallas, decried "a tendency in our culture for the individual to be swallowed up in the crowd, to take his cues for thinking and action from pressure persons and groups."

Tate spoke at the launching of the Quadrennial Emphasis on Christian Higher Education, which was voted by the 1956 conference of the Methodist Church.

Asserting a tendency for persons to follow pressure groups, Dr. Tate said: "The teenagers' reaction to Elvis Presley is a current example."

HCJC Trustees Plan To Attend School Conference

All members of the Howard County Junior College board of trustees may attend the 16th annual Junior College Conference at the University of Texas next month.

At the meeting Thursday board members indicated they were laying their plans in that direction. Included were Dr. P. W. Malone, president, Tom Barber, Dr. C. W. Deats, Horace Garrett, K. H. McGibbon, John Coffey, Paul Adams.

Dr. W. A. Hunt, college president, also will take part in the party Feb. 11-12, at the Stephen F. Austin hotel. A special section of the meeting will deal with junior college objectives, the board, the authority delegated to administration, policies toward instructional staff, maintenance and operation of plant.

Friday Dr. Hunt and Dr. Marvin Baker, assistant to the president and in charge of the adult education program, left for Austin to attend a special session for junior college administrators and a party on community services of junior colleges.

37 Pupils Pass Driving Tests At High School

Eleven students enrolled in the student driver training class at the Big Spring High School "flunked" their finals Friday when they faced Jack Johnson, driving license examiner for the Department of Public Safety.

Thirty-seven passed the required tests with flying colors.

Johnson devoted Friday to conducting examinations for 48 of the students enrolled in the driving classes. He said he had approximately 30 more students to check and that he plans to hold these examinations next Wednesday afternoon.

The 11 who failed to get passing grades can re-take the examination later, he said. If they want to brush up on the points where they faltered, it is possible some of them may get their second chance at the Wednesday session.

Johnson cancelled all other operations on Friday in order to devote his full time to the task of examining the students from the high school.

51 Halted On Speed Charges

It was a bad night to be driving fast on Highway 80 west of Big Spring Friday night.

The State Highway Patrol radar unit was operating on that segment of road for more than five hours.

In that interval, the patrolmen stopped 51 motorists — all for excessive speed.

Jimmy Parks, patrol officer, who with Ben Walker, his partner, worked the detail, said that the highest speed reported on the radar dial showed one car going at 85 miles per hour. Others handed tickets for speeding were all above the night-time limit for Texas roads.

He added that for two hours after the radar unit was set in operation he and Walker were kept on the go. Eighteen of the 51 offenders stopped were picked up in the first hour and a half of operation.

Later in the evening, traffic volume diminished and the ratio of arrests per hour dropped sharply.

To Aid Polio Victims

Dr. Marshall Cauley, left, and Tom Ernest, right, were two of the Big Spring Lions pushing the sale of miniature blue crutches in Big Spring Saturday as part of the drive for polio funds. Herald Photographer Keith McMillin happened along just as Cliff Epps made his contribution in exchange for a crutch.

Big Program Mapped Here For March Of Dimes Drive

An intensive program of activities for the remainder of the month has been mapped by the Howard-Glasscock Polio Chapter in its campaign for a \$10,000 "March of Dimes."

One of the features of the drive was the sale of the blue crutches, symbols of assistance to polio victims, on the streets of Big Spring Saturday. This project was handled by members of the two local Lions Clubs.

Special "coffee," a "telethon," coffee days in local restaurants, theatre collections, and other projects are on the calendar for the remainder of January. The campaign will be climaxed Jan. 31 when Big Spring mothers stage their annual "march on polio."

Mrs. Ara Cunningham, coordinator of women's activities for the campaign, said that 50 women's clubs have been contacted with requests that they sponsor coffees, with all proceeds to be contributed to the March of Dimes. These will be starting this week.

In addition, Mrs. Leonard Coker has been elected chairman of arrangements for a "coffee day" in restaurants. Proceeds from all coffee sales, bolstered by any additional contributions the customers wish to make, will go into the polio fund.

Mrs. R. W. McNew, who is in charge of the collections in coin containers which have been placed in scores of businesses, reported that Mr. and Mrs. Horace Wallin have put out the miniature "iron lung" containers in Coahoma establishments.

At Forsan, school officials are handling the distribution of containers, and Mrs. L. R. Hunt is in charge of that phase of the drive at Garden City.

Mrs. George Bass is in charge of theatre donations. She reported that contributions in two downtown theatres during the past week totaled \$209.64.

Mrs. Helen Wilson, who is in charge of promotional aspects of

the campaign, said plans are complete for the six-hour "telethon" on KBST-TV next Saturday.

While volunteer talent stages the marathon program, volunteer workers will be covering the city to accept contributions. Assisting with collections will be the local National Guard.

At least 50 numbers will be presented during the long variety program. At least four bands — Hillbilly and popular — and the HCJC choir will be among the groups participating.

Mrs. E. P. Driver is chairman of arrangements for the "Mothers' March" which will be sponsored by the local P-TA units the night of Jan. 31.

Drive officials also announced that contributions are being accepted by mail. Persons desiring to contribute in that manner should address their donations to The

March' Chairman Named At Lamesa

LAMESA, Jan. 12 — Mrs. Gayland Norris has been named chairman of the "Mothers' March" of the 1957 polio drive in Dawson County.

Project chairman of the Junior Women's Study Club, Mrs. Norris is president of Unit 69, Texas Association of Accredited Beauty Culturists.

Mrs. Norris, whose appointment was announced Friday by Gene Pearson and W. C. McGarty, co-chairmen of the 1957 March of Dimes, will meet Monday at 10 a.m. to review last year's march, with Mrs. John Palmore and Mrs. Pat White.

By RAMON COFFMAN
Quite a number of letters came to me about the articles we had concerning American presidents.

Two of them protested against the fact that some historians class Andrew Johnson as "second rate." Actually that rating is far from the lowest a president could have. A public official might be described as "third rate" or even "fourth rate."

Taken as a whole, the presidents of the United States have a high ranking, far above any line of kings in European history. Almost everyone agrees that half a dozen presidents have been eminent men, and others can be grouped as "first rate," "second rate," or "third rate." Most historians class only two of them as "third rate." Even they are regarded as having been personally honest, though there was "graft" among lower officials during their administrations.

As to Andrew Johnson, it is admitted by almost everyone that he

tried to work for the public good. He surely deserves an "A" for effort, and we can describe his intentions as "first rate." He wanted the spirit of Abraham Lincoln to be followed, so that southern states would be treated fairly.

Although Andrew Johnson meant well, he failed as a leader. The majority of the men in Congress opposed his plans. Many of them were "narrow and revengeful," but it is probable that Lincoln could have overcome their opposition. If some historians regard Johnson as second rate, it is because he fell short as a leader, and not because he was without desire to work for the public good.

The mention of Andrew Johnson brings up the question, "What makes a man truly great?" A good answer to that question might require several articles. In short, however, I can say that I believe a truly great man favors good things, and does something important to bring them about.

Landowners Okay U. S. 80 Project

All but two of the property owners whose land is involved in the proposed improvements on U. S. Highway 80 west of Big Spring have been contacted and have expressed willingness to cooperate in the program, R. H. Weaver, county judge, said Saturday.

The county was asked by Jake Roberts, district engineer for the Texas Highway Department, to acquire necessary right-of-way for a project which will call for expenditure of more than \$1,000,000 this spring on U. S. Highway 80.

Relatively small tracts of land, located at the points where roads intersect the highway, are needed. Largest area involved in any one tract is around four acres. Other land needed ranges down to as little as a third of an acre.

The State Highway Commission proposes to build overpasses or underpasses at the point where intersecting roads cross the highway. These will enable drivers to pass over the four lane-highway or turn on to the road from either direction without cutting through the flow of traffic.

The county was asked to acquire the needed right-of-way deeds as quickly as possible. Feb. 10 was set by Roberts as deadline for the deeds to be in his office. He said that the commission proposes to award contracts for the job in March and that it was imperative that preliminary details be out of the way ahead of the contract date.

Weaver assured the district engineer that the county will provide right-of-way and that the deeds will be ready before Feb. 10.

Saturday Weaver began contacting the owners of the land. He said he had been able to secure agreement from 10 of the 12 owners that the right-of-way would be made available to the state commission.

One tract of land involved is owned by the Texas school system

and under law, it can be acquired only by condemnation.

Another tract is owned by the Texas and Pacific Railway. Other land is privately owned.

Improvements planned on U. S. Highway 80 will begin at Webb Air Force Base and extend westward to the Martin County line.

Overpasses or underpasses to serve intersecting roads will be built at four or five locations along the highway.

Burglars Enter Two Businesses

Two businesses were burglarized Friday night, and between \$22 and \$55 in cash was taken.

Burglars entered the Lara Bakery on the northside and took \$18 in cash and a carton of cigarettes. Entry was made through the front door, officers said.

At the Grantham Brothers Implement Company, 804 Lamesa, burglars took between \$4 and \$5 from a coke machine after coming through a window on the southwest side of the building.

Dallas Man Will Preach At Lamesa

LAMESA, Jan. 12 — Dr. T. C. Gardner, Dallas, will speak at the First Baptist Church at both services Sunday.

He also will speak to the adult Sunday school assembly and to an assembly of the Baptist Training Union at 6:15 p.m. A reception will honor the Gardner at 5 p.m. in Fellowship Hall.

Big Spring (Texas) Herald, Sun., Jan. 13, 1957 5-A

CLEO TARTER

ORION CARTER

McMurry Dormitory Drive Will Start Here Tuesday

ABILENE — A \$500,000 dormitory building campaign for McMurry College is under way in the Northwest Texas Methodist Conference, with the first planning session for the Big Spring district set for 7 p.m. Tuesday at the First Methodist Church in Big Spring.

The pastor of each Methodist church in the district has been invited to attend the preliminary dinner meeting, along with one lay representative from his district.

Co-chairmen who will direct the campaign in the Big Spring district are Dr. O. W. Carter, Big Spring, district superintendent; and Cleo Tarter, superintendent of the Lamesa public schools.

Dr. Carter will preside at the Tuesday meeting. Between 60 and 80 persons are expected to attend each of the nine preliminary district meetings, according to Dr. Harold G. Cooke, McMurry president. Other district meetings are scheduled during January for the Abilene, Stam-

ford, Pampa, Amarillo, Brownfield, Plainview, Lubbock, and Childress districts.

Dr. Roy Farrow, executive secretary of the Texas Methodist College Assn., is directing the drive. C. E. Maedgen, chairman of the board of the Lubbock National Bank, is general chairman for the conference campaign. Honorary co-chairmen are Ray Nichols, Vernon; Bishop William C. Martin, Dallas; and J. M. Willson, Floydada.

Three area chairmen who have been named in the drive are S. M. Jay, Abilene; William Sewell, Midland; and Dr. O. H. Finch, Dalhart.

The campaign, authorized by the Northwest Texas Methodist Conference at a special called session last August in Amarillo, is aimed at securing gifts throughout the conference to build a \$600,000 dormitory.

A fund drive in the New Mexico Methodist conference is expected

to raise \$100,000 of the amount needed, Dr. Cooke said.

The proposed dormitory will be located between President Hall and South 14th Street facing east.

Todd Services Set At Lamesa

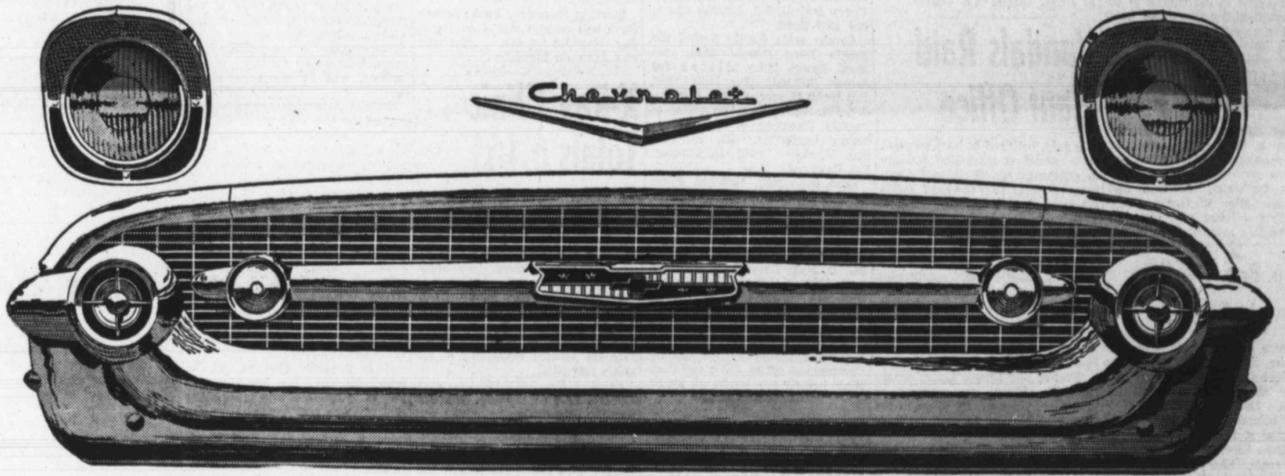

LAMESA, Jan. 12 — John Birt Todd, 77, passed away about noon Friday at a Lamesa hospital. Mr. Todd had resided in Lamesa since 1937.

Survivors include his wife; four daughters, Mrs. Gladys Ann Shore of Knapp; Mrs. Ruth Henry and Mrs. Juanita Monthey, both of Lamesa; and Mrs. D. A. Hill, Albuquerque, N.M.; two sons, Melvin Todd of Lamesa and Vernon Todd of Knapp; one sister, Mrs. Maude Oliver of Lubbock; one brother, Roy Todd of Amarillo; and 12 grandchildren.

Funeral services are scheduled for 4 p.m. Sunday at the Second Baptist Church. Conducting services will be the pastor, the Rev. A. E. Hughes. Interment, under the direction of the Higginbotham Funeral Home, will be in Lamesa Cemetery.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

There's a look of character and quality about that new Chevrolet front end that reveals a lot. Feel the strength and solidity of the grille and you learn even more. And this is only one of the easy ways you can compare workmanship, materials and design.

Most of the '57 cars look good from 50 feet away, but what about from 50 inches away? What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—does it feel less strong and solid in construction?

Check the bumper. Is it separated from the grille by a bolted-on metal pan that's subject to rust and rattles? Or is it nicely integrated with the grille as in the Chevrolet design?

And how about the headlights? Any seams where they join the fender? Not in Chevrolet, there aren't. Fine, one-piece construction here and rich, distinctive chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. Compare the quality of materials, the attention that has been paid to trim and details. You'll find, for instance, that Chevrolet is the only car in its field with a lacquer finish . . . that only Chevrolet Bel Air models in their

field give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Grand Champion Pig

Butch Haggard, Stanton FFA member, and the 175-pound pig that won grand championship honors at the Martin Junior Livestock Show at Stanton Saturday, Jan. 12. The hog was sold at auction to the Midland Walgreen Drug Company for \$150.00.

HCJC Business Department Planning Several Courses

Several courses for business people and other adults will be offered in the Business Administration department at HCJC during the spring semester. One of these, "Salesmanship," will be offered in both day and night school. The day section will be taught by Mrs. Angie Vail, and will meet from 9:50 a.m. to 10:40 a.m. Monday, Wednesday and Friday. The night section will be taught by Mrs. Harold Vail, and will meet from 7 p.m. to 8:30 p.m. on Monday and Wednesday. Both classes carry regular college credit of three semester hours. These courses are designed for those who have a vocational interest (that is, those who do not plan to sell, but who wish a knowledge of selling); and those who wish to enroll in the course to explore the field for vocational guidance. The general topics to be covered in this course include the field of selling preparing to sell, the sales process, how to improve sales efforts, and the selection, training, and promotion of salesmen. Another course in the planning stage is a brush-up course in Gregg shorthand. This will be designed to increase speed and efficiency in taking dictation and the transcription of Gregg shorthand. This will last approximately eight weeks, meeting two nights a week for two hours. It is a non-credit course and will be offered if a sufficient number indicate enrollment. "Business Correspondence" will be offered by Mrs. Dean S. Box in both day and night school. The night class will meet on Monday and Wednesday from 8:30 p.m. to 10 p.m. Beginning, intermediate and advanced typewriting will be offered by Reva Shelton on Tuesday and Thursday from 7 p.m. to 10 p.m. W. L. Walker will offer the second semester of elementary accounting from 7 p.m. to 10 p.m. on Tuesday and Thursday nights. Each of these courses will be offered for college credit if the student desires. Those interested in these courses should contact Dr. Marvin L. Baker at HCJC (phone AM 4-6311).

Vandals Raid Plant Office

Vandals, believed to be juveniles, have caused at least \$300 damage to equipment on Skelly Oil Company property near the Reef Fields Gasoline plant, Jack Shaffer, chief deputy for the sheriff's office said Saturday. The raid was staged sometime Friday. Costly time clocks, expensive automatic registering gauges and other machinery were wrecked by the vandals. Several time clocks were smashed; the gauges were broken and battered. Shaffer and Shorty Long, county juvenile officer, are working on the case. They expect to go to the scene on Monday to continue their investigation. A check showed that nothing had been taken from the property. The prowler had contented himself with breaking and damaging equipment and had apparently stolen nothing.

Rites Incomplete For Mrs. Gore

Final burial arrangements have not been completed for Mrs. Jewell Gore, 51, who died here early Saturday. Mrs. Gore was pronounced dead upon arrival at a local hospital after being taken from her residence at 104 Lockhart. The arrangements are pending word from one of her daughters who is in Germany. A service will be held in the Valley-Pickle Chapel, but burial will be in Leon County, Tex. Survivors include her husband, G. A. Gore, of Big Spring; three daughters, Mrs. James Hallford of Germany, Mrs. P. L. Crickard of Buffalo, and Mrs. J. J. Snyder of Buffalo; a son, L. H. Gore of Big Spring; her mother, Mrs. M. M. Foster of Buffalo. Also two brothers, J. T. Foster and Goldie Foster of Baytown; a half-brother, Roy Owen of Buffalo; and three sisters, Mrs. Ruby Allen, Mrs. Pearl Dawson and Mrs. Hazel Dawson, all of Buffalo.

ABClub Witnesses Polio Picture

The polio therapy film made locally in co-operation with the National Foundation for Infantile Paralysis was shown to members of the American Business Club at their regular luncheon held Friday at the Settles Hotel. Bill Frank and Rad Ware made brief speeches in connection with the film and appealed to members of the club to support the local drive for anti-polio funds. Wade Choate was introduced as a new member of the club. Guests present included Walter Parks and Elton Cook, both of Big Spring; Trevor Crawford, Colorado City; J. D. Phillips, Fort Worth; and Red Holland and Dan Boone, both of Dallas.

Jet Bomber Visits Webb AFB

Capt. Robert L. Atkins, pilot, Capt. Clarence M. Couch, and 2nd Lt. Nal F. Bowyer put a B-47 jet bomber from Dyess AFB (Abilene) down Thursday and remained to lecture on behalf of Strategic Air Command on Friday. Officers also were shown a static display. The visit is part of the 356th Pilot Training Group's policy of having representatives from major air commands contact officers prior to graduation. Under Air Training Command policy graduates are given a choice of assignment commensurate with their class standing.

THE WEEK

(Continued from Page 1)

cheaper talk is.

Another million dollar project on U. S. 80 is in the offing for just west of town. Jake Roberts, district highway engineer, asked authorities for right-of-way, and the commissioners court said it would comply. We're not clear on the work but it sounds like a sort of grade separation at the west entrance and exit.

Our people were slow responding to invitations to have chest X-rays made as a check against unsuspected incipient tuberculosis. But once the idea caught on, the response was terrific. Saturday 1,270 registered, nearly twice as many as the first day. In all, 6,161 had the X-rays made.

Crude oil prices were all adjusted upwards by 25 cents a barrel for both south and sweet crude oil in Howard County area. Area Westbrooks crudes which were up 10 cents). That could mean about \$3 1/2 million more gross for this county, or about \$450,000 more for royalty owners, who stand to benefit most because rising pipe and other costs have already rubbed out most of the gain.

Our basketball teams aren't doing so badly. The high school Steers won their first conference game Friday from Midland and have a 14-3 season record. The B team, in the Sterling City finals Saturday evening, had a 16-3 record. The HCJC Jayhawks, for the third time found themselves in the Temple tournament finals Saturday.

Mrs. Mary Ezell went through a harrowing experience when she fell and broke her hip, probably Monday afternoon, and lay for about 40 hours before being found and taken to a hospital. Despite the ordeal, she was doing as well as could be expected Saturday.

Dawson County had its first traffic fatality in 1957 last week. A pickup truck got away from its driver, 16-year-old Helen Guerra, and crashed into a power pole.

R. L. (Jimmie) Beale is the new president of the Big Spring Chamber of Commerce, and he has a busy year and what promises to be an opportune one ahead. The first step will be to give the organization a working budget through adjustment of membership dues.

Starting Saturday, banks henceforth will remain closed on Saturday. Now let us see... just who was born on Saturday?

X-Ray Clinic Totals 6,161

Although he probably did not realize it, Felix Rubio, of 814 Northwest 6th, guided the special district Saturday afternoon of being the last person to be X-rayed in the current free chest examination campaign which has been in progress here for all of this week. Rubio reported to the court house at 5:28 p.m.—just two minutes before the official closing of the County Auditor's office. He was No. 6,161 for the week and No. 1,270 for the day, Saturday was the biggest day the X-ray unit has had in the six days it has been in operation here.

Carl McElroy and his wife, Kathy, with the State Health Department, regarded the week's operation as successful. They said that it would have been possible, had demands for the service been made to have made 9,000 examinations in the six days. The capacity of the machine is for 1,500 "shots" in an average working day.

Volunteer clerks who have been helping in the free chest examination program have been kept busy the entire week. Some of the clerks were so hard pressed for time that the McElroys operated overtime on Friday in order that their associates might have opportunity to get their own X-ray pictures made.

The McElroys, who were here with the X-ray unit in 1953, were busy at 6 o'clock dismantling the equipment and loading it on the truck. They go from Big Spring to Abilene where they are to start a 13-day campaign on Monday. McElroy said the health department has four mobile X-ray units similar to the one employed here and that the units operated here and the calendar. It was 16 months ago that the last county-wide free X-ray clinic was conducted here. Monday 666 persons were processed, Tuesday 909, Wednesday 984, Thursday 1,068, Friday 1,186.

Hubcaps and gasoline were items taken by thieves Thursday and Friday nights. Elmo White, 124 Stanford, told police officers that two hubcaps were taken from his 1956 Pontiac Thursday night. He said the car was parked at the Big Spring Hospital at the time. Gasoline was siphoned from trucks belonging to Martin Distributing Company, 106 E. 2nd Friday night. The amount was not reported.

Cub Pack Meet Is Scheduled. A meeting of parents and boys of Cub age interested in the reactivation of pack No. 10 has been called for Monday. The brief meeting will be at 7 p.m. in the basement of the First Baptist Church. All boys of age 8, 9 and 10 who are interested in being Cubs and their parents are invited to attend. W. T. McCre, scout executive, will meet with the group.

Mrs. Joe Burrell's Mother Succumbs. Mrs. W. S. Ellis, mother of Mrs. Joe Burrell, former Big Spring resident, died in Fort Worth on Saturday afternoon. Mr. and Mrs. Burrell, who reside in Midland, left immediately for Fort Worth and will be at Mrs. Ellis' home at 620 Essex. Mrs. Ellis had been in failing health for a long time.

GARD OF THANKS. To our kind friends, neighbors and relatives who wish to express our sincere appreciation for sympathetic attention, beautiful floral tributes and other courtesies extended to us at the passing of our beloved husband and father. Mrs. Robert R. Fields, Alton, and Robert Jr. Mrs. C. R. Brouton Mrs. Doyle Cornelison and Family

Son Steals From Father's Bank, Refuses Bond Help

FORT WORTH, Jan. 12 (AP)—A bank president's son, accused of embezzling more than \$5,000 from his father's bank at Groom in West Texas, went to jail here today rather than take more money from his father's bank. Cecil Lee Culver Jr., 27, said at a hearing before U.S. Commissioner R. C. Van Orden when bond was set at \$7,500. He refused to accept any help from his father, Cecil Lee Culver Sr., president and owner of the State National Bank at Groom. The hulking 6-foot, 240-pound red head admitted taking about \$5,500 from the bank while employed there as a teller. He was arrested here last night when officers spotted the car

Culver bought with part of the pilfered funds. The elder Culver said after the hearing he would try to get his son out on bond later. He got the moped his eyes and told the commissioner he didn't even want to hear the evidence FBI agents have compiled against him. FBI agent Earl Haley said Culver was sent to the correspondent First National Bank at Amarillo, 40 miles east of Groom, on Nov. 22 to pick up \$3,000. He got the money but never returned home. "He just took off," Haley said. Culver bought a car in Amarillo and toured Texas, Haley said.

After his arrest here, he admitted to officers five other embezzlements, bringing the total shortage to about \$5,500. Most of the money was spent on liquor, Culver said. Officers said he purchased whole cases of vodka. A vodka bottle was in his pocket when he was arrested. Culver had only \$43 when taken into custody Friday. The elder Culver offered at the hearing to put up money for bond. "Wouldn't you like to go home for a few days or would you run off again?" he asked his son. "I can't go home again," Culver said tearfully. He has a wife and 4 children in Groom. The children range in age from 18 months to 4 years.

He said he had not communicated with any of his family since he left home. He spent Christmas Day in El Paso, drinking. "I just don't know why I did it," he said. "Thank God it's over." After Culver failed to return with the bank money, his father called the FBI in Amarillo. A statewide pickup order was issued. Culver was tracked to the Fort Worth area last week. Culver was convicted in 1954 of transporting a stolen car across a state line. He received a probation two-year sentence in Tucson, Ariz. Officers said he probably would be transferred Sunday to Amarillo.

COUNTY

(Continued from Page 1)

Things at Lomax are as dead as he ever saw them, says Lawrence Atkins. Practically all the cotton is out now and a little land is being put up. He said about half the farmers had plowed.

Irrigation hasn't had the spurt there that it has received in some places. Atkins said one well had gone down, back southwest in Glasscock County but he didn't know of any new ones at Lomax.

He is one of the farmers planning to grow grass for seed production this year. He has some Indian grass and Black Switch grass seed and another kind that is very scarce but he doesn't remember the name of it.

Atkins thinks grass might work in profitably with cotton where a farmer doesn't have much water.

A. H. Smith, Ackerly vocational agriculture teacher, says his FFA members are getting ready for the Lamesa and Lubbock livestock shows. Both these shows specialize in hogs, and that's what the Ackerly boys are working with this year.

Smith says the Lubbock show is probably one of the best in Texas. It usually features hundreds of hogs from all parts of the Plains, and competition is keen.

Bobby Sale is all set for another big year on the livestock show circuit. His steer was easily the finest in its class at Stanton yesterday.

Bobby's father, J. C. Sale, says this is probably the best calf they ever raised. They are carrying it to the Fort Worth Show, and observers at yesterday's show said they never saw a calf any better than this one.

Martin County now has around 300 irrigation wells and they are still going down. Jim Eiland of the Caprock Electric Co-Op says they are tying their REA lines onto irrigation pumps in both Martin and Midland counties.

Wells are being drilled throughout the western part of Martin County, with another active spot being south of Midland.

Never have the ranges been more barren, buying power lower or the livestock outlook so gloomy, says A. L. Cooper, owner of the Big Spring Livestock Commission. "I've got cattle scattered all over the country," he said, "but the grass is almost gone everywhere. Cattle are still in good condition, though. It's probably because everyone has been feeding all along."

In illustrating how smart a coyote is, Earl Browner, Howard County trapper, told how two of them connived to catch a jack rabbit. One chased it while and may drive the rabbit in a wide circle while coyote number two just waits along on the inside of the circle.

Then when the first hunter gets tired, the second one takes over, giving the poor rabbit no rest at all. Finally he becomes so weary that one of the coyotes grabs him and they both have a feast.

Browner says there are several small animals in the country that few people ever see. One is the ringtail cat, a small creature with

Stab Suspect Held In Lubbock

Police officers in Lubbock picked up a Latin American Saturday night wanted here in connection with the stabbing of Joe Lopez on the Northside Friday night.

Lopez was reported in good condition Saturday at Cowper Hospital. Lubbock authorities picked up Jose Madrid, a Slaton man, about 7:30 p.m. Saturday. City officials here had previously filed a felony warrant for his arrest.

The incident occurred in front of Joe Torres' Place at 307 N. Bell about midnight Friday night. Police officers were dispatched to the address when a man called the department and reported a disturbance.

When Patrolmen Fred Taylor and James Overman arrived, Lopez had been stabbed, and an ambulance from Nalley-Pickle Funeral Home had already arrived. He was rushed to Cowper for treatment and was still hospitalized Saturday.

Police officers investigated Friday night and also Saturday, and at one time Saturday, the department had been given four different descriptions of the Latin American who was supposed to have stabbed Lopez. All claimed he had a heavy mustache however and was wearing a coat with yellow or gold stripes on the sleeve.

Observers said the trouble began in Joe Torres' Place, but the fighters moved outside and it was in front of the establishment that Lopez was stabbed. Witnesses said that Lopez was fighting with six others, and all the rest were from out of town.

Involved in the incident was Lydia Flores, who was with James Pagan when he was shot Dec. 2 in front of the Flores residence at 307 N. Trades.

The woman was said to have left the scene of the stabbing Friday night with the Slaton man. Police officers here planned to go to Lubbock for Madrid today and bring him here for questioning.

Graham Executed For Slaying Of 44. DENVER, Jan. 12 (AP)—The body of 24-year-old John Gilbert Graham, whose dynamite bomb killed 44 persons aboard an exploding airliner, was cremated today.

The body was brought here from Canon City where Graham was put to death in the Colorado prison's gas chamber last night.

WEATHER. NORTH CENTRAL TEXAS: Partly cloudy Sunday and Monday. COLORADO: Partly cloudy Sunday and Monday.

FEDERAL TAX DUE TUESDAY. Put a double ring around Tuesday, the Internal Revenue Service advised Saturday.

That is the deadline for paying final installments of Uncle Sam's 1956 estimated taxes. It is also the deadline for amending a prior declaration of an estimated tax to avoid possible penalties for under-estimation.

TEMPERATURES. CITY SPRING MAX. MIN. Abilene 77 41 Amarillo 64 24 Cherokee 62 28 Denver 58 28 El Paso 72 35 Fort Worth 72 30 Galveston 62 37 New York 62 37 San Antonio 69 31 St. Louis 62 28 Sun. area today at 6:00 p.m. Times Monday at 7:48 a.m. Highest temperature this date 77 in 1953. Lowest this date 19 in 1936. Maximum rainfall this date .51 in 1902.

Legislature Got Off To One Of Slickest Starts In History

BY DAVE CHEAVENS. AUSTIN, Jan. 12 (AP)—The Legislature got off to one of the fastest, slickest and most efficient starts in history.

It rolled smoothly through organization and went to work in its second day on its most urgent problems: Water conservation and spending.

Never before have the major spending bills been ready for subcommittee hearings and action as early. Oldtimers were amazed and gave credit to the Legislative Budget Board members and staff for their thorough pre-session spadework on spending.

The big increases in crude oil prices gave promise of enough cash to top the bill without new taxes.

The money measures are not in complete form. Almost certainly, changes will be made or pressed for—such as teacher pay increases. As Gov. Shivers' noted in his final message: Cash available or in sight is within five per cent of all requests for appropriations voiced so far. That is something new in legislative history,

considering the fact that numerous increases in state services are contemplated in the \$2 billion dollar measure.

The water bills hit the Senate the second day, a big package of work apparently in excellent form and ready for processing in committee. They too were the product of months of intensive between-session hearings and study by the Water Resources Committee assigned to that job by the last Legislature.

Even some controversial segregation bills were put into the mill to await the leadership and lawmakers' final decision on when to begin hearings and floor action. Under an agreement with Speaker Waggoner Carr, the segregation bloc said it would wait to press them until the essential money bills are out of the way.

Processing of appropriations bills will still take considerable time. Although representatives of state agencies and other groups seeking additional funds have already been heard in the series of between-session meetings of the budget board, more hearings

will be scheduled. Chairman Max Smith of the Appropriations Committee said he did not expect to hold another meeting until subcommittees were ready to report. He named his subcommittees and told them to go to work.

LI. Gov. Ben Ramsey was expected to name Senate committees next week.

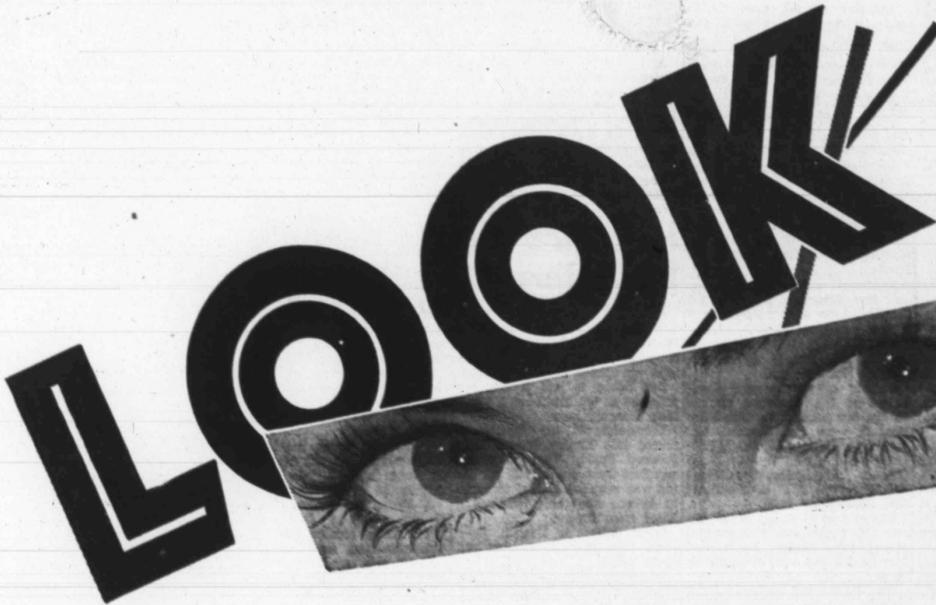

One more vital formality remains: Inauguration of Price Daniel as governor Tuesday.

The new governor's job was made easier by the Legislature's apparent readiness and willingness to get on with its work.

Carr has told members he would like to see them work five days a week, even during the early days of the session. In the past, the practice has been to meet three or four days at the most, then run far behind schedule in the closing days of the suggested 120-day sessions. Past sessions have averaged slightly more than 145 days. This time it appears that the leadership has set 120 days as a definite target expecting to hit it right on the nose.

LOOKING 'EM OVER

With Tommy Hart

My predictions of things to come in 1957, a la Drew Pearson:

- (1) The Big Spring Steers will win the District 2-AAAA basketball title and proceed to the state tournament, where it will drop its first round game.
- (2) Bob Bodenheimer of Lawton, Okla., will be hired as the next head football coach at Big Spring High School and bring one assistant with him.
- (3) The Southwestern baseball league will again flirt with Big Spring concerning a circuit franchise but will drop the issue after meeting with no enthusiasm here.
- (4) The 1957 Big Spring High School football team will finish at least a 5-5 won-loss record and Jan Loudermilk, Wayne Fields and Knox Pitzer will all play conspicuously enough to win places on the All-District 2-AAAA team.
- (5) Billy Maxwell will win his biggest golf tournament at Houston.
- (6) The Detroit Tigers and the Milwaukee Braves will meet in the 1957 World Series.
- (7) The HCJC Jayhawks will finish second to Frank Phillips of Borger in the West Zone basketball race.
- (8) San Angelo will win the Region V basketball tournament at Amarillo and proceed to the National Juco Tournament at Hutchinson, Kansas, where it will lose in the first round.
- (9) Arkansas will cop the 1957 SWC basketball crown.
- (10) The Texas Aggies will finish second to Baylor in the 1957 SWC football race but will meet Miami in the Sugar Bowl. Baylor and Tennessee will do a repeat in the Cotton Bowl at Dallas.
- (11) Amarillo High will win the Class AAA and Graham the AAA football championships this fall. Stamford will fall in AA, however.
- (12) San Angelo will succeed Abilene as the 2-AAAA football champion but will not enter the playoffs with an unsullied record.
- (13) Johnny Janak of Big Spring will win two first places in the district track and field meet.
- (14) Midland will easily win the 2-AAAA baseball championship again.
- (15) Binky Mitchell will win the 1957 Big Spring Invitational golf title, shading Bobby Wright in the finals.
- (16) W. J. Green will not build a bowling alley here but Big Spring will have a bowling palace by June.

Would Joe Kerbel Come Here For Less?

It's common knowledge hereabouts that Joe Kerbel, the Amarillo High coach, talked in terms of a \$10,500 contract while discussing the local coaching situation recently, knowing full well that few high school jobs anywhere in the state and certainly not Big Spring can pay that kind of money. . . . At the same time, he sent that kind of trial balloon skyward only because no one made him a concrete offer. . . . He is interested, however, if for no other reason than he believes that Big Spring will be the only Class AAAA city in the state with less than two high schools inside ten years. . . . There is some evidence to support the story that Kerbel, just in event Chuck Moser decides to move on to a college position. . . . Lawton, Okla., football followers will fight hard to keep Bob Bodenheimer, who is also interested in the local job, according to reports from the Oklahoma city. . . . Pat Pattison and Bill DuBose, both of Lubbock, and Wayne Bonner, formerly of Big Spring and now of Anson, are

others making inquiries about the local position. . . . Incidentally, Bodenheimer came close to moving to Texas a couple of years ago. . . . Two Amarillo jobs were open and Bob was one of the last three applicants considered but Kerbel and John Reddell were hired. . . . One of Kerbel's assistants, Homer Simmons, may become a head mentor in Amarillo, should Joe ever decide to leave there. . . . One of two assistants who is now making \$6,000 at Amarillo (the other is Tom Moulton, formerly an aide under Kerbel at Breckenridge), Simmons at one time was named "coach of the year" in Oklahoma while mentoring at Seminole High. . . . HSU and the Oklahoma Aggies will play a football game in Odessa next Nov. 23. . . . Robin Roberts is generally considered the "best together ball" pitcher in the big leagues but the former Big Spring, Camille Pascual, now with Washington, yielded 32, or one every 5.91 innings, compared to 46, or an average of one every 6.45 innings last season.

Sugar Bowl Films Are Carefully Edited

LeRoy LeFevre of Big Spring, who hopes to play freshman baseball at Texas A&M, will be performing under Coach Les Palmer the one-time Longhorn League player, if he makes the team. . . . The Sugar Bowl kicking incident, in which Larry Hickman of Baylor booted a Tennessee player in the head, has been carefully edited from all action films taken by Baylor cameramen. . . . Local coaches weren't able to see all the action of a film of a district game involving the Steers and another school, borrowed from the opposition, but for a radically different reason. . . . Russell Shaffer, the 6-foot-3 addition to the Webb Air Force Base basketball team, formerly performed for Oregon State College. . . . The magazine rush for football predictions gets earlier every year, just like the Christmas season. . . . Two national publications are already requesting stories and pictures of players in various colleges around the country. . . . Paul Lowe, who performed for Oregon State in the last Rose Bowl game,

didn't return to school after the holidays, although he was only a sophomore. . . . He figured low grades had already thrown him in. . . . Charles Brown, the Negro star of the Amarillo College basketball team last season (who later caused the school to forfeit all its conference games because of ineligibility) is the leading scorer on the Texas Western college team, with a 20-point average. . . . He's being touted as the finest player ever to suit out at the El Paso school. . . . Is the Southern Association of Colleges and Secondary Schools able to go too far in resolving that high schools which pay their coaches more than they do their high school principals, business managers and directors of elementary education fall out of favor with the body? . . . Is the SACS lobbying for the administrators or against the coaches? . . . The former Big Spring, Billy Maxwell, finished 17th among the nation's golf pros in total winnings last year with the winnings of \$17,231.23.

'BUT IT'S TRUE'

Robinson Sorry He Told Of Revelry

By ED WILKS
NEW YORK, Jan. 12 (AP)—Jackie Robinson, hanging up his glove but not his knack for controversy, today admitted he thinks early morning night clubbing by some "key men" cost Milwaukee the 1956 National League pennant, then added—"but I'm sorry now I ever said such a thing."

He did not name any of the Milwaukee players involved, but promised "if the Braves pressure me to a point where I have to, if they call me a liar, if my back is against the wall—I will name names."

The long-time Brooklyn Dodger star, whose retirement announcement earlier in the week still is kicking up a fuss, confirmed a newspaper story in which he was quoted as saying the Braves "did not take care of themselves down the stretch" and "two or three Milwaukee players were visiting night clubs and bars until the wee hours of the morning."

The quotes appeared today in the Chicago Tribune.

Robinson, reached by telephone at his Stamford, Conn., home, said "I'm afraid I did say that," and "I said he was sorry "it had to come out."

The original statements, made before a Waukegan, Ill., church group Thursday night during a

question-answer session, brought angry replies from Braves' shortstop Johnny Logan and pitcher Ernie Johnson, who termed Robinson a "popoff" and "rumor spreader." Jackie, a center of controversy ever since he became modern baseball's first Negro in 1946 and whose retirement junked his Dec. 12 trade to the New York Giants, said he was "speaking informally" when he made his comments on the Braves' training habits.

Fred Haney, Braves' manager, said he was "really surprised" by Robinson's statements. "I don't want to say anything about it," said Haney. "The hell with it. Let Robbie take his views and I'll take mine."

Lamesa Floored By Pony Quint

ANDREWS, Jan. 12 (SC) — Andrews scored a minor upset here Friday night, defeating the Lamesa Golden Tornadoes, 60-50.

Jay Sherrard and Ronnie Brice led the Mustangs in scoring with 21 and 20 points, respectively.

Goobar Goolsby and Jim Barr each had 11 for Lamesa.

Andrews also won the B game, 61-50.

Webb AFB's Cage Team

Pictured above are the Webb Dusters, who represent the local air base on the basketball court. Left to right, top row, they are Wesley Ezell, Jim Johnson, Russell Shaffer, Don Bates, Virgil Cook, Isaac Powell and Jerry Coker. Front row, Bruce Sweeney, Robert McDonald, Jim Sewell, Nick Thomas, Bill Beindorf and Harry Williams. Co-captains are McDonald and Thomas.

Local Lad In 2nd Place Tie In Crosby Tournery

By JACK STEVENSON
PEBBLE BEACH, Calif., Jan. 12 (AP)—Two veteran pros, former U.S. Open champ Ed Furgol and Canadian cup star Stan Leonard, battled wind and rain today to share the second round lead at 142 in Big Crosby's \$15,000 national pro-amateur golf tournament.

Six others were bunched just a stroke behind for tomorrow's final round in this 54-hole event.

Furgol, 39, U.S. champion in 1954 and now registering from St. Andrews, Ill., toured the Monterey Peninsula course today in one

under-par 71 to match the card he had yesterday at the more treacherous Cypress Point layout.

Leonard, 40, from Vancouver, had a 74 at Cypress today. That left him and Furgol two strokes under regulation figures for the 36.

Texan Billy Maxwell, the first round leader with a 66 at Monterey, blew with the wind at Cypress and came in with a 78 to put him at 144.

In this event, half the 276 starters played their opening rounds at Monterey and the other half at

Cypress. Today they switched. Again the lower scores came at the more sheltered Monterey course.

Bunched at 143 were Bobby Maxwell, Billy's twin from Abilene, 68-75; Julius Bares, Southern Pines, N.C., 75-68; Walter Burkemo, Franklin Hills, Mich., 73-71; Jay Hebert, Sanford, Fla., 74-69; Tommy Bolt, Los Angeles, 74-68; and defending champion Cary Middlecoff, 76-67.

Middlecoff, U.S. Open King, who had the day's best round, a five-under-par at Monterey. It put him back into contention for a third straight Crosby title. His 202 victory last year is the Crosby record score.

IN ST. LOUIS

Eventful Session Of NCAA Closes

ST. LOUIS, Jan. 12 (AP)—The week-long 51st NCAA convention, which produced new rules restricting recruiting and aid to athletes, and attacks on professional baseball, ended today with routine committee appointments.

The 18-man council, policy-making body of the NCAA, named new members to the television, executive, eligibility and insurance committees.

It was the quietest NCAA meeting in at least 10 years. The only fireworks came at the final sessions of the assembly yesterday, ignited by a proposed clause limiting financial aid to athletes from federal educational grants. It finally was adopted after a parliamentary tangle.

Organized baseball, blasted earlier in the week by the college baseball coaches group, was attacked by the NCAA baseball committee.

Colgate Athletic Director Everett Barnes told the convention that pro baseball "wished to reap the benefits of the college game and at the same time exploit and retard it."

The majors recently abandoned a rule of not signing players after they reached their sophomore year. The minors never agreed to such a rule.

The NCAA's new financial aid by-law puts a ceiling on the amount of money a student athlete may receive during the school term. The total sum from athletic

scholarships, jobs, federal grants and all other sources can't exceed "commonly accepted educational expenses," which means room, board, tuition, fees and a \$15 laundry allowance.

Also adopted was a rule providing that all funds for recruiting will be controlled by the colleges, which now can pay for transportation costs for one visit to the school by an athlete. It prohibits alumni and booster clubs from bringing prospects in.

For the first time in several years, television of football games produced no battles in the assembly.

Thomas D. Bolles, Harvard athletic director, today was named to the executive committee, replacing Edwin E. Mouton of Southern Methodist.

Robert Kane of Cornell was named chairman of the television committee, replacing Howard Grubbs of the Southwest Conference; Paul MacKessy, Brown athletic director, was named to the executive committee, replacing Edwin E. Mouton of Southern Methodist.

Robert Kane of Cornell was named chairman of the television committee, replacing Howard Grubbs of the Southwest Conference; Paul MacKessy, Brown athletic director, was named to the executive committee, replacing Edwin E. Mouton of Southern Methodist.

Morrow's Mail Is Keeping His Interpreters Busy

ABILENE, Jan. 12 (AP)—Sprinter Bobby Morrow's Olympic feats are being the department of modern languages at Abilene Christian College, his school, busy these days.

But Bobby is still looking for a person to tell him what a letter from Hungary says.

Translators in the department turned into English letters from France, Spain, West Germany and East Germany. A little searching was required to find someone in Abilene who could translate a letter from Poland.

Other letters, in English, have come from Norway, Sweden and South Africa.

Someone in Bavaria knighted the runner. The letter was addressed, "Sir Bob Morrow, Texas, U.S.A." It was delivered promptly.

It was delivered promptly. It was delivered promptly. It was delivered promptly.

Bobby Maines Paces YMCA Cage League In Scoring

Bobby Maines of the Tate-Bristow-Parks team paced YMCA Industrial basketball league players in scoring through the first half of play with an aggregate of 114 points, according to figures prepared by Bill Bell, referee.

Maines, who played in all five of the Insurers' games, averaged 22.8 points a game.

Wiley Brown of the Nabors Paint Store quintet is the only other player in the circuit with an average of 20 points or better. Brown, who has performed in only four contests, has counted a total of 85 points for an average of 21.2 a game.

Ray Crooks of Nabors, Pat Gaslin of McGibbin Oil Company, Gerald Scott of Elliott's Drug and Charles Caraway of Tate-Bristow-Parks are all averaging 15 points or better a game.

Individual scoring, listed by team:

Player	Points
Wiley Brown	114
Ray Crooks	114
Pat Gaslin	114
Gerald Scott	114
Charles Caraway	114
Bobby Maines	114

Tall Tigers Win Over Lake View

LAKE VIEW, Jan. 12 (SC) — The rangy Snyder Tigers trounced the Lake View Chiefs, 66-42, in the opening District 3-AAA contest for both teams here Friday night.

The Bengals led all the way. Milton Ham punished the nets for 19 of Snyder's points, tying for scoring laurels with a team mate, Dwaine Prince.

Rex Wilson led Lake View with 15.

SNYDER (66) — Ham, 19-29; Prince, 13-23; Dallas, 2-23; Berry, 2-24; Smith, 1-13; Lay, 1-2. Total, 33-42-42.

Score by quarters: 15 20 23 6.

Lake View

Race Driver Killed

AUCKLAND, New Zealand, Jan. 11 (AP)—British racing driver Ken Wharton was killed today when his car crashed during a 100-mile sports car race at Admore Airport.

Weighted Down

A. M. Sullivan (left) and Jess Talton are all but weighted down with the fish they caught recently on a trip into the Gulf of Mexico. Mrs. Sullivan and Mrs. Talton also made the trip with the men. The party landed 65 fish, only part of which are shown here.

Hawks Win Temple Cage Tournament

TEMPLE, Jan. 12 (SC) — The Howard County Junior College Jayhawks wrapped up their third consecutive championship in the Temple basketball tournament by defeating Odessa JC, 60-54, here Saturday night.

Odessa never led during the game, although they were very much in contention after ten minutes of play, at which time the score was tied at 13-13.

The Hawks played their finest defensive game of the season. They limited the Wranglers to a mere 21 points the first half and never let them get going after the intermission.

The Big Spring team advanced to the finals with a 79-67 win over Temple Friday afternoon. Odessa beat South Texas JC of Houston, 71-70, and LaTourneau Tech of Longview, 63-50, in that order to attain the finals.

South Texas capped consolation laurels with a 94-70 victory over Temple.

Bobby Wardell had a big hand in the Friday win over Temple, scoring 17 points.

In the championship bout, Johnnie Watson turned in a 16-point performance and otherwise distinguished himself with fine court play.

Mike Powell had 11 points and Stan Williams ten for the Hawks.

Jim Dobbins led Odessa with 12 points, the only Wrangler to hit in double figures. The Hawks held big Wayne Evans to two field goals and five free pitches.

The Hawks missed several crisp shots shortly before the half that would have put them farther ahead. As it was, they led by 38-21.

Odessa could make only six field goals the entire first half. At one stage early in the second half, the Big Spring club led by 13 points.

The Hawks, who now have won 12 of 14 games, play the powerful San Angelo College Rams at home Tuesday night.

South Texas JC humbled LaTourneau Tech, 94-57, and Temple downed Lee of Baytown, 74-63, to get to the consolation finals.

Tournament officials announced an all-meet team would not be announced before Monday.

The Hawks easily disposed of Temple Friday afternoon, 79-67. The game was exceedingly rough all the way.

Mike Powell, Al Klove and Charles Clark each had 12 for the Big Spring club while Jerry Hodges counted ten.

Officials — Horn and Williams.

Coaching Selection May Be Announced This Week

The possibility looms large that Big Spring High School may have a new head football coach the early part of the coming week.

School trustees gave audience to two applicants Saturday and indicated they would like to talk to four more coaches, only two of whom have applied for the job, Monday night.

Previously, Joe Kerbel of Amarillo High School had met with the board to discuss the position.

The two applicants interviewed here Saturday were Bud Bodenheimer, 20, of Lawton, Okla., and Ted Kassen, 40, of Breville. Both are graduates of the University of Oklahoma. Bodenheimer played under Bud Wilkinson, Kassen under Tom Stohum.

Those who have been invited to meet with the board Monday are Bill Dufosse of Monterey High, Lubbock; Al Mikh, Sul Ross College; and Gene Mayfield, Littlefield.

The board's final selection apparently will be made from a list of these six men — Kerbel, Bodenheimer, Mayfield, Mikh, York and Dufosse, assuming the latter two are interested.

The Saturday session of the board started at 3 o'clock and didn't end until shortly after 9 p.m. Bodenheimer appeared first, after which Kassen was called in. Each applicant talked with the board about two hours.

Among others who had expressed interest in the job, it was revealed, were Phil Ball, Wewoka, Okla.; Woody Boyles, Texasiana Junior College; Frank McFoss, Houston; Jesse Burdette Jr., Lockhart and formerly of Hamlin; Dan Bartlett, Blackwell, Okla.; Bud Anderson, Crane; William E. Morrison and Harold Burgess, both of Dallas; Leonard Willis, Henderson County Junior College; T. Fred Harvey, assistant coach at Yalata; Wayne Bunker, Abilene; Herman Smith, Quanah; Earl Cook, Dallas; Clifton Patton, Roscoe; and Richard L. Peters, assistant coach at SMU.

The latter received strong recommendations from Matty Bell, athletic director at SMU; and the former Mustang mentor, Woody Woodard.

Bodenheimer played his final year of football at the University of Oklahoma in 1948. He started his coaching career as a junior high coach at El Reno, Okla., in 1950.

He became a head coach three years later. He moved to Lawton as head mentor three seasons ago.

Kassen is a native of Bryan but attended OU. He started his coaching career at McAlester, Okla., in 1950. He later served at Robstown, Tex.; Tishomingo, Tex.; and finally at Breville.

The board has stated the new coach's starting salary will be in the neighborhood of \$7,500 per annum.

Area Crude Oil Gross May Hit \$95 Million

Now that crude oil prices have all settled at a higher level, Howard and six contiguous counties face the prospect of a \$95,000,000 gross yield from oil during 1957. This estimate is based on prospects of a total yield of 32 million barrels of oil in the area at a weighted average price of approximately \$2.95 per barrel. The actual price range is from \$2.53 for low gravity crudes in the Westbrook area to \$3.15 for 40 gravity plus in sweet crudes of the Spraberry, Dean, Pennsylvanian and Devonian sections.

Humble started the price hike 10 days ago and during the week Shell Oil met the increase, which opened the way for Cosden Petroleum to follow the 25 cents per barrel raise.

COL-TEX HIKE
Col-Tex Refining Company announced that it was posting increases of crude oil also effective 7 a.m. Jan. 7, showing a 25-cent hike in Howard County.

For Westbrook-type crude oil produced in Mitchell County, Col-Tex eliminated the gravity scale and granted an average increase of 10 cents per barrel, bringing the price to \$2.55 per barrel for all grades and classifications. This compares with the posted field price of \$2.50 per barrel for 24-degree gravity crudes produced in the Northeast Texas, Hawkins and Talco fields.

Average gravity of Westbrook-type crude is 24 degrees. Asphalt products produced by Col-Tex from Mitchell County crudes are sold in competition with those produced from Hawkins and Talco crudes. Figures for 1955, the last complete year when reports are available, showed 31,712,904 barrels of oil produced in Borden, Dawson, Glasscock, Howard, Martin, Mitchell, and Sterling counties.

PRICE LEVEL
Roughly 15 million of this might qualify under the high gravity sweet crude weighted average of \$3.15 per barrel after the increase. A like amount would command the average of \$2.82 for sour crudes. The remaining 2 million would go at \$2.55.

On the basis of these estimates, low gravity sour crude royalty owners would stand to reap an additional quarter of a million dollars a year. The higher gravity sour and sweet crude royalty owners would get about 3 1/2 million more per annum.

The 1955 production figures showed Borden County producing 6,712,569; Dawson 3,139,403; Glasscock 3,639,867; Howard 14,554,926; Martin 5,922,281; Mitchell 2,990,265; and Sterling 791,383.

Increases Fail To Solve All Problems

By MAX B. SKELTON
HOUSTON, Jan. 12 (AP)—The new increases in gasoline and crude oil prices solved few headaches plaguing the oil industry in recent months.

Gasoline in storage continues at excessive levels. Crude oil supply and demand balance problems which developed long before the Suez crisis are easing a bit but could assume greater proportions after the flow of Middle East crude is resumed.

The Middle East emergency sidetracked temporarily the dispute between independent operators and importers but a sharper fight may develop unless effective long-range plans are worked out during the emergency.

Current gasoline stocks are as high as they can get with a warning from Texas Service Stations Association that a nationwide gasoline price war could develop by spring.

"It could happen," said a spokesman for one major oil company which boosted crude and gasoline prices in several states. Gasoline held in storage 1 1/2 weeks exceeded 186 million barrels, 17 million above year earlier levels and only 12 million below the all time high of last March 30.

Stocks normally have their sharpest increases in January, February and March, just before start of the heavy spring-summer gasoline consumption season. A recent industry survey placed the desirable working level of gasoline stocks for early January at 165 million barrels.

The Texas Railroad Commission holds another hearing next Friday to set February allowances. Humble Oil launched the first general increase in crude purchase since 1953 just six days after the Railroad Commission refused to boost January allowances.

A spokesman for Humble at the proration hearing last month had said the Houston affiliate of Standard Oil Co. (New Jersey) had a demand for 300,000 barrels of crude daily for shipment to Europe but had been able to obtain only 160,000.

Humble gave two reasons for the price hike inability to obtain sufficient crude under the old price and sharp increases in costs since the last general increase.

Snyder Test Is Located

Fort Worth agents finalized a well and staked location of another in the Snyder field of east Howard County. In the same part of the county, the concern also finalized an East Howard field well.

The new location in the Snyder pool is Fleming, Fleming and Kimbell, Fort Worth No. 12-A TXL. It is 2 3/8 feet from south and 330 feet from west lines, 23-30-1E, T&P Survey, and five miles south of Coahoma.

It is on a 220-acre lease and will project to 3,200 feet. **RATES 99 BBLs**
Fleming et al No. 4-D Snyder, eight miles south of Coahoma, pumped 99 barrels of oil, and no water, in 24 hours on potential. Gravity is 29 degrees, and 10,000 gallons of fracture fluid were added before the final test.

Total depth is 2,882 feet, and top of the pay zone is 2,662 feet. Seven-inch casing is set at 2,615 feet. The well is 330 feet from south and east lines of the northwest quarter of the northeast quarter, 25-30-1E, T&P Survey.

In the East Howard pool, Fleming, Fleming, and Kimbell No. 11-C Denman completed for a daily pumping potential of 140.25 barrels of oil, without any water. It is 330 feet from north and 1,650 feet from west lines, 16-30-1E, T&P Survey, and five miles south of Coahoma.

Commercial pay starts at 2,720 feet, but the hole extends to 2,894 feet. Fracture treatment was for 10,000 gallons. string is set at 3,141 feet. The well is 12 miles north of Westbrook, 990 feet from south and 330 feet from east lines, 3-20-1E, T&P Survey.

Col-Tex No. 8 Standard of Texas was in the process of completing Saturday. The well is five and a half miles north of Westbrook, 330 feet from north and east lines, 10-25-1E, T&P Survey.

Gaines And Garza Are Due Wildcats

Garza and Gaines counties reported new wildcat ventures this weekend. In Garza, Edwin Cox of Dallas staked the No. 1 J. P. Ray five miles north of Post. It is 330 feet from south and west lines, Section 1216, W. T. Young Survey, Abstract 749.

It will test to 3,800 feet. The Gaines project will be drilled by US Smelting, Mining and Refining as the No. 1 Doss. It is 2,173 feet from south and 247 feet from west lines, 362-G, CCSD & RGNG Survey. Location is 10 miles southwest of Seminole and it will project to 7,600 feet.

Operators Final Shallow Pair In Mitchell County

Melton and Krug, Colorado City operators, produced two new wells in the Sharon Ridge 1700 field of Mitchell County. The Melton-Krug No. 1 L. A. Strain pumped 66.20 barrels of oil, plus 10 per cent water, in 24 hours. Gravity is 29.5 degrees. It is 15 miles northwest of Colorado City, 330 feet from north and west lines, 64-97, H&TC Survey.

Perforations are set between 1,672-88 feet, and pay is reached at 1,625 feet. Total depth is 1,720 feet. Melton-Krug No. 2 Strain produced 56.54 barrels of 29.5-degree oil and 18 per cent water in 24 hours. Total depth is 1,725 feet, and top of the pay zone is 1,620 feet. Perforation interval is 1,644-80 feet.

The well is 330 feet from north and 1,650 feet from west lines, 64-97, H&TC Survey, 15 miles northwest of Colorado City. **WESTBROOK TEST**
In the Westbrook field, Brennan-Hefron No. 2 R. S. Brennan finalized for 117 barrels of oil and five per cent water pumping. It gauged 22-degree oil.

Pay is reached at 2,960 feet, and the hole extends on to 3,150 feet. The five and a half-inch

Pipeline Outlook Unsettled By Steel And World Pressure

DALLAS, Jan. 12 (AP)—Unsettled world conditions and the ability of the nation's steel mills to fill orders for pipe could lead to a pipeline picture, the Pipeline Engineer Magazine, a special edition of the Petroleum Engineer, said today.

However, the magazine forecast that 1957 will be a good year for pipeline operations, with construction at a high level. In retrospect, 1956 was a good year, with many important additions to the nation's pipeline transportation and most pipeline companies reporting good business conditions.

TRANSPORT PROBLEM
The magazine further said: The Middle East situation has already brought complications. Movements of U. S. oil to Europe to take up slack when Middle East oil was cut off have brought problems not only to producers but to transporters alike.

barrels of oil daily, it became apparent that pipeline capacity was lacking, particularly in Texas and the Southwest. Most crude lines were operating in a range of 75 to 100 per cent of capacity. Even at 100 per cent capacity, they cannot handle the extra volume required to meet such an emergency program.

Expansion plans are at an all-time high. But many companies aren't committing themselves to undertaking construction simply because they cannot obtain commitments for pipe. **STEEL OUTPUT UP**
Steel production is at an all-time high, too, but so is demand. Pipeline operators realize that they will get their share, but it won't be enough to meet needs.

Construction of pipelines during 1957 will remain in the high range that has marked the past few years. The publication said 25,000 miles of "proposed and planned" pipelines are in the works but it's

IMPORT PRESSURE? Wood Says Industry Must Speed Drilling

SAN ANTONIO — Extreme new pressures for increased imports of foreign oil will be felt as soon as Middle East oil transportation difficulties are resolved, the president of the Independent Petroleum Association of America said today.

Addressing a district IPAA meeting here, Robert L. Wood said increasing tanker capacity and the lesson of Suez itself — that there is a constant threat to oil concessions in that area — will lead to stepped-up efforts to produce all the oil possible, as soon as possible, once normal transportation channels are open and tanker capacity expanded.

Wood said there was talk of "massive new ocean-going tankers which will increase both the ability and the pressure to import more oil in the future." Because of the tremendous size of Middle East oil reserves, he said a permanent, effective restraint on oil imports is more necessary than ever.

Previously he said the domestic oil industry would be called on to break all drilling and production records in 1957. He said the industry would be required to produce three billion barrels of oil in 1957 and hence should "find and develop at least 4 1/2 billion barrels of petroleum liquids this year. At least one and a half barrels of new domestic reserves must be discovered and developed for each barrel produced if we maintain reserves in keeping with growing needs and preparedness."

He said the industry should drill about 13 per cent more wells this year than last. This will mean an exploration and development cost of more than \$6 billion, he added.

Last year demand and production increased 5 1/2 per cent but drilling increased less than 1 1/2 per cent. There were 57,500 wells drilled so that U. S. productive capacity exceeded 10 million barrels daily for the first time.

ABANDONED WILDCAT TO BE TESTED IN CLEAR FORK

A San Angelo firm filed application this weekend to re-enter an old abandoned wildcat in Sterling County for tests in the Clear Fork. The operator, Pool Well Servicing Company of San Angelo, will clean out and test the No. 1 Hildebrand-Foster location about three miles southeast of Sterling City. It is 660 feet from north and west lines, 29-12, SPRR Survey.

The hole will be drilled to 2,800 feet for Clear Fork production. It was originally tested by Gulf Oil and abandoned on May 25, 1942, at a depth of 8,117 feet in the Ellenburger.

Three Completions Noted In H-G Pool

Howard-Glasscock field activity this weekend included three new wells and a new location. The new try is Continental No. 48-A W. R. Settles which is a mile and a half south of Forgan. It is 1,650 feet from north and 2,310 feet from east lines, 158-28, W&NW Survey, on a 440-acre lease.

Drilling depth is 2,700 feet. -D. R. Dorland finalized two of the three new wells. The Dorland No. 6-A W. R. Settles gauged 165 barrels of 31-degree oil — no water — in 24 hours. It is a location 11 miles southeast of Big Spring, 330 feet from north and east lines of the west half of the southeast quarter, 135-29, W&NW Survey.

Total depth is 2,550 feet, and 5 1/2-inch oil string extends to the bottom of the hole. Top of the pay zone is 2,410 feet, and perforations are set between 2,486-506 feet. Dorland No. 7-A Settles produced 132 barrels of oil in 24-hour final test. It is 33-degree oil, and no water was reported. Total depth is 1,335 feet, and top of the pay zone is 1,295 feet. It produced from the Yates.

The well is 590 feet from north and 1,040 feet from west lines of the southwest quarter, 135-29, W&NW Survey, and 11 miles southeast of Big Spring. **BASIN OIL PRODUCER**
Basin Oil of Big Spring brought in the other well, No. 1-B M. M. Edwards, eight miles southeast

Duncan Drills On Explorer

Duncan Drilling Company continued to find only hard lime as its No. 1 Quinn, a wildcat in southwest Howard County, deepened. The venture is 12 miles west of Big Spring on a 640-acre lease, plotted location is 2,310 feet from north and 660 feet from east lines, 19-34-1E, T&P Survey.

Saturday, operator reported drilling at 560 feet in hard lime. Earlier this week, operator reported the San Andros formation barren and at that time decided to deepen. Two other Howard County wildcats swabbed Saturday.

Cosden No. 1 Garrett, seven miles north of Big Spring, swabbed Spraberry perforations between 6,706-52 feet. It is three miles southeast of the Bond (Canyon) field, 1,800 feet from south and 2,010 feet from east lines, 48-33-2N, T&P Survey.

SWABBING
Eighteen miles northwest of Big Spring, Cosden, Scherk, and Smith No. 1 Gilbert Wright Jr., was also swabbing. It is plugged back to 8,126 feet.

The venture is a wildcat being re-entered. Location is 660 feet from north and east lines, 32-33-3N, T&P Survey.

Cosden No. 1-B Patterson, in the Moore field, spudded in this weekend. It is staked 330 feet from south and 2,310 feet from east lines, 22-33-1E, T&P Survey, five miles southwest of Big Spring. Al Patterson is Cosden No. 3 Barnett-Connally.

Also in the Moore pool, Duncan No. 6 Patterson set surface casing and Saturday prepared to plug. It is 990 feet from north and 1,650 feet from west lines, 22-33-1E, T&P Survey, and about three miles southwest of Big Spring.

Arthur Spraberry Well Completed.

A Seaboard Oil Company well in the Arthur (Spraberry) field of Borden County finalized this weekend as a pumper. The well, Seaboard No. 1-46 T. J. Good, seven and a half miles north of Vealmoor, pumped 139.27 barrels of oil, plus 32 per cent water, in 24-hours on potential. Gas-oil ratio is 293-1, and gravity is 35.5 degrees.

The venture is 660 feet from north and west lines, 46-33-4N, T&P Survey. The Spraberry production zone is reached at 7,362 feet, and the hole extends to 7,457 feet. Five and a half-inch casing is cemented at 7,346 feet. Operator treated with 15,000 gallons fracture fluid before testing.

Drilling Activity In Permian Basin Takes Sharp Decline

Drilling activity in the Permian Basin and the eastern part of New Mexico took a large drop over the first of the year. The rotary rig report taken by Reed Roller Bit Company showed only 521 units turning last Thursday, and on Dec. 25, 1956, the count was 569.

The county is also well below the totals on the first check of 1956. On Jan. 10, 1956, the figure was 615. Lea County, N.M., held a slim edge over Andrews this week as the area's most active rotary region. Results of the Reed Survey showed Lea with 78 and 77 for Andrews. Both counties showed a drop from the last count in 1956. Lea dropped from 85 to 78.

Howard County was one of the few areas showing an increase. The county went up two rigs, from 13 to 15.

Areas with 20 or more rigs drilling on the Thursday check were Andrews with 77, Crane with 43, Ector with 36, Gaines with 29, Lea with 78, and Winkler with 25. The Reed survey includes the following counties and their totals (Dec. 25, 1956 totals are in parentheses). They are Andrews 77 (80), Borden 14 (13), Cochran 0 (1), Coke 2 (5), Chavez 1 (1), Concho 0 (1), Crane 43 (49), Corckett 0 (7), and Crosby 1 (1).

Also Dawson 7 (6), Dickens 3 (3), Ector 36 (38), Eddy 15 (15), Fisher 16 (15), Gaines 29 (27), Garza 8 (9), Glasscock 1 (1), Hockley 5 (6), HOWARD 15 (13), Irion 4 (3), Kent 3 (0), Lamb 3 (1), Lea 78 (85), and Lubbock 2 (2). Others are Loving 1 (0), Lynn 0 (1), Martin 1 (0), Midland 12 (14), Mitchell 6 (5), Nolan 12 (25), Pecos 19 (16), Reagan 7 (10), Roosevelt 1 (1), Reeves 4 (2), Runnels 8 (13), Scurry 8 (13), Sterling 2 (1), and Schleicher 2 (2). Also Stonehall 8 (11), Sutton 2 (2), Tom Green 5 (10), Terry 5 (4), Upton 10 (7), Val Verde 4 (3), Ward 12 (5), Winkler 25 (32), Yoakum 7 (5), Spraberry Trend 14 (12), and Permian Basin totals 521 (569).

Congressional Probe Only Hinted In Crude Oil Hike

WASHINGTON, Jan. 12 (AP)—Hints of a possible congressional inquiry into oil price increases were heard today.

Rep. Heselton (R-Mass.), for one, said he is studying recent boosts in prices of crude oil, gasoline and heating oil. Other reports said a House Small Business subcommittee, if recreated, might make the price increases the subject of a hearing. The subcommittee was headed last session by Rep. Roosevelt (D-Calif.).

AWIAT RESULTS
Some sources suggested that any congressional attention should await results of a study by the Justice Department's anti-trust division. Asst. Atty. Gen. Victor Hansen disclosed yesterday the division is looking into crude oil prices to determine if any nationwide conspiracy is involved.

Any such collusion would constitute illegal price-fixing, Hansen said. Oil producers view the price increase in crude as long overdue. Speaking for the Independent Petroleum Assn. of America, W. M. Vealough said the increase has been "urgently needed."

Vaughan, chairman of the IPAA's executive committee, said the higher prices are needed to enable the domestic industry to maintain the United States in a strong position in petroleum.

Humble Oil and Continental led off in announcing price hikes for crude oil averaging 25 cents a barrel. Later some companies announced increases in prices of gasoline and fuel oil.

Robert Wood, president of the IPAA, has said the domestic oil industry will be called on to break all drilling and production records

Flow Inches Near Record

AUSTIN, Jan. 12 (AP)—Permissive oil flow in Texas inched toward a record this week. The Railroad Commission said today the average daily allowable was 3,450,702 barrels compared with 3,432,191, an increase of 18,500 during the week.

The all-time high is 3,465,586 barrels. Oil and gas well completions ran below the total for a year ago. For the year, 649 oil wells have been completed, including 483 this week, compared to 695 wells a year ago.

Fifty-two gas wells were brought in for 72 for the year. A year ago, 75 gas wells had been finished. Wildcaters were successful on 16 oil and 5 gas wells for a total of 25 and 7 respectively for the year.

Some 225 wells were plugged this week, including 176 dry holes, 47 oil wells and 2 gas wells. Total wells plugged for the year was 572 compared with 520 this date in 1956.

National Picture Follows Trend

Drilling in the United States and Canada declined for the first week of the year. There were 2,617 rigs turning as compared with 2,759 the previous week, a net decline of 142. Texas contributed 56 of the drop and West Texas had 18 of that number. Kansas had a drop of 20 rigs and Louisiana was off 15.

Totals at the end of the week showed 974 rigs in Texas, 438 in Louisiana, 2,395 in the U. S. and 222 in western Canada. A year ago the grand total was 2,886; a month ago it was 2,905, according to a Hughes Tool Co. report to the American Association of Oilwell Drilling Contractors.

Ministers Hauled To Jail

Five Negro ministers leave the paddy wagon at the Atlanta, Ga., police station after being arrested on charges they violated Georgia segregation laws in occupying front seats normally reserved for white passengers on public buses. The U.S. Supreme Court has ruled that segregation on buses is illegal. Second from the left above is the Rev. William Holmes Border, leader of the ministers spearheading a campaign of non-violence to force Atlanta buses to comply with the high court decision. The ministers were released after posting \$1,000 bond.

Dulles Sharpens Mid-East Debate

WASHINGTON, Jan. 12 (AP)—A warning by Secretary of State Dulles that Soviet communism is likely to gain bloodless domination over Western Europe unless the United States rushes aid to the Middle East tonight sharpened the big debate over foreign policy. Dulles, in testimony just made public, said that unless the United States acts fast with help for the strategic Mideast "it is our definite belief that this area is very likely to be lost."

"And if it is lost," Dulles said, "it will be the greatest victory that the Soviet Communists could ever have gained because if they get this area they in effect will have gotten Western Europe without a war."

Dulles painted this grave picture of the situation in a closed session of the House Foreign Affairs Committee last Tuesday. The committee made public his testimony tonight after making security deletions.

He was testifying for President Eisenhower's plan for economic aid to Middle East nations and for authority to fight if necessary to counter any overt Communist aggression in the area.

Meantime, it was reported that Eisenhower was being urged by some Republican leaders to scale down his economic aid proposals in an effort to smooth the way for congressional approval of his request for authority to use troops if necessary.

Sen. Knowland of California, the Senate Republican leader, is understood to be quarterbacking efforts to soften congressional opposition to Eisenhower's request for standby authority to use American forces.

In connection with this request, Eisenhower asked Congress to give him authority without regard to the provisions of any other law or regulation "to use up to 200 million dollars in funds already appropriated for military and economic assistance to nations of the area."

Officials have indicated there would be later requests for 400 million dollars for the coming two fiscal years, but this is not spelled out in the pending resolution.

A high official said the administration is prepared to move quickly with economic aid for "several" of the Middle Eastern countries, but needs the authority the President would be granted in the bill.

It was reported the State Department already has had requests for aid, and is awaiting action on the bill. Dulles has insisted that the economic provisions — which have come under even hotter fire from some Democrats than the military request — be included in a single package resolution.

However, Knowland and some other influential GOP senators were said to be contending that the broad scale economic authority asked by the President may not be necessary. It has been the position of these senators that there is sufficient money in the foreign aid pipeline to take care of any immediate needs in the Middle East. They have suggested that the administration ask now only for limited additional authority to transfer funds from one area to another.

The secret session at which Dulles testified before the House Committee was marked by a one-man walkout by Rep. Hays (D-Ohio). Hays said secrecy was used as a cover-up of embarrassing questions for Dulles, and he didn't want to be bound to silence on what went on.

Dulles pleaded urgently for the economic aid authority as well as for the power to use troops. He called the economic aid section "an essential part of the resolution" and said "I think it will fail... unless the Congress indicates its concern with economic matters as well as with the military situation."

Dulles declared the countries like Egypt, Jordan, Iraq and Saudi Arabia are in severe financial straits because of the oil stoppages and other efforts of the Suez Canal incident. He spoke of "the great urgency of the situation because events are moving very rapidly."

The Soviets are stepping up their activities very rapidly in the area and "the time within which we can act effectively is not of very great duration," he said.

He added that he had been told by the ambassadors of Turkey, Iraq, Iran and Pakistan, at the request of their governments, that "unless we moved quickly in the area the situation would be lost."

The secretary of state renewed his plea for both Senate and House passage of the Eisenhower resolution by the end of this month, saying it would be "very regrettable" if the resolution does not get to the White House by then. At the present rate of congressional consideration, however, it seems clear that the resolution will not pass until some time in February at the earliest.

Ike Expected To Ask Budget Calling For Record Spending

WASHINGTON, Jan. 12 (AP)—A balanced budget calling for record peacetime spending of around 72 billion dollars is expected to be sent to Congress Wednesday by President Eisenhower. Offsetting this three-billion-dollar increase over the current rate of government spending—much of it for military purposes—the President is expected to forecast a rise in revenues to about 73 billion dollars for the fiscal year starting July 1.

This anticipated surplus is not enough to hold much hope for any cut in individual income taxes this session of Congress.

The administration has made known that it opposes any tax reductions while inflationary pressures are on and unless there is a prospective surplus of three to four billion dollars.

Instead, it is expected Eisenhower will recommend that the surplus be applied to the 272-billion-dollar national debt, on which interest payments are now running nearly 7 1/2 billion dollars a year.

If the budget for fiscal 1958 does provide the administration with its third surplus in a row, it would be the first time since fiscal 1929-30 that the government has been able to wind up the three consecutive years in the black.

The 707-million-dollar surplus which the administration presently expects to have when the current 1957 fiscal year ends June 30 would be the second straight for Eisenhower. The last two consecutive surplus years were in the Truman administrations of 1947-48.

Government spending has been climbing steadily the last two years and is expected to reach a record peacetime high of \$69,100,000,000 or more in this fiscal year. This was the figure given in a revised forecast last August and it undoubtedly will be increased in Eisenhower's new predictions next week.

Some informed officials believe spending now and in the future will go higher because of rising prices for military goods and equipment, shipbuilding and run-of-the-mine items the government must buy.

Another sizable increase in requests for funds likely will stem from the Agriculture Department. Officials say 800 million dollars or more will be needed to carry on the soil bank program. Congress provided 400 million this fiscal year and the program, already has cost about 300 million.

Best information is that Eisenhower will ask at least 100 million dollars more for foreign aid in the new fiscal year. Current spending to help friendly countries was estimated at nearly 4 1/2 billion dollars this year. There have been hints the amount might go much higher in the new budget. Vice President Nixon recently said this country will do everything possible to help Western Europe over the financial crisis resulting from the Suez situation.

costs might go up 1 1/2 to 2 billion above the 36 1/2 billions estimated for this fiscal year. Since then, the Suez Canal crisis and heightened Middle East tensions have led some officials to say that two billion dollars will be the minimum increase needed.

Dr. Townsend Still Pushes 25-Year-Old Pension Plan

LOS ANGELES, Jan. 12 (AP)—Dr. Francis Everett Townsend is still pushing his 25-year-old pension plan with a new, political pitch to women.

He proposes formation of the women's antipoverty party. The platform says women "maintain that the elimination of poverty in the United States as quickly as possible is a sacred duty of our government."

It then advocates the pension program—"universal insurance." Dr. Townsend now calls it that has made him a messiah to countless thousands of oldsters and a visionary and dreamer to his critics.

Townsend read from the platform, in a voice soft but firm: "The pension would be financed by a gross income tax of at least 2 per cent on all sales of goods and services. Wage and salary groups would be exempt from tax on their first \$250 of monthly earnings.

Proceeds would be divided among persons above 60, cripples, the chronically sick, blind, stone deaf, and widows supporting minor children. Recipients—about 20 million—would get about \$125 a month each, Townsend said. Their spending would pump about two billion dollars a month into the nation's economy.

Firm's Newspaper Advertising Shows Gain In Business

White Stores, Inc., one of the Southwest's largest advertisers, estimated advertising expense, for 1956, at \$1,012,000, of which \$734,378, or over 72 per cent was in daily newspapers.

In 1955, the company spent \$875,000, of which \$681,697 was in newspapers. With sales running ahead and an extensive expansion program planned, White's expects to spend some \$1,150,000, in advertising, during 1957.

The company has shown tremendous post-war growth and the number of stores operated has increased from 23 in 1946 to 54 today. From sales of \$9,258,000, in 1946, the rise has been to \$32,698,000, in 1956, an increase of 253 per cent. W. E. White, president, forecasts the company's highest volume, for 1957, in predicting sales of \$38,000,000.

Twelve new retail outlets are scheduled to be opened in 1957. These stores will be located in Victoria, Corpus Christi, Beaumont, Houston, Dallas, Waco, and Midland, Texas; Denver, Boulder, and Aurora, Colorado; and Roswell and Albuquerque, New Mexico.

Macmillan At Palace

Harold Macmillan is shown as he arrived at Buckingham Palace in London to accept appointment as the new British prime minister from Queen Elizabeth. He succeeds Sir Anthony Eden, who resigned for stated reasons of ill health.

Macmillan Won By Odd Contradiction

LONDON (AP) — Harold Macmillan won the prime ministership of Britain by the workings of a strange political contradiction.

He came to power largely because he supported the cause that helped bring the downfall of Sir Anthony Eden — the abortive Suez invasion.

Eden left two men in the running to succeed him.

Most Britons felt sure the post would go to R. A. (Rab) Butler, an ascetic intellectual considered No. 2 man in the Conservative party and government since Eden took over the reins. The bushy-mustached Macmillan, Butler's only real rival, was relegated by most pundits to second place.

The prophets underestimated one thing — the depth of support in the party for Eden's Suez cause.

Most Tories had acknowledged it might be inevitable to sacrifice Eden to world opinion. But they didn't want it to look as though Britain was turning its back on his Middle East policies.

Butler has been pictured all along as out of sympathy with Eden's decision to use force against Egypt. The so-called Conservative "Suez rebels" openly accused him of weakening Eden's resolve to press the invasion to a successful conclusion.

Other Tories felt Butler at least had shown a lack of loyalty to his chief.

Feeling against Butler hardened Wednesday night at several private meetings held by Conservative politicians of all political shades.

One group reportedly decided to approach Queen Elizabeth II to tell her of their opposition to Butler's selection. It was not known whether an approach was ever actually made.

Tories talked far into the night. By Thursday's early hours there was a general swing to Macmillan. It was generally assumed both Sir Winston Churchill and the Marquess of Salisbury — whom the Queen consulted — advised in his favor.

Other considerations also played a part.

There was general feeling that Macmillan would find it easier than Butler to get back on good terms with the United States. Butler's aloof manner and professional air were regarded as possible liabilities.

Macmillan, on the other hand, has the advantage of a close personal friendship with Eisenhower that began during World War II. He has other links with the United States, through his American mother and the American branch of the family publishing firm.

jeanne durrell

The Linen-Look for Spring

29.95

Jeanne Durrell ensembles a dress plus a jacket for a wonderful costume. The solid color dress has a midriff of checks to match the longer jacket, with its bias bands for trim in front, and an abbreviated button belt in back. The linen like rayon by Folker is washable, high crease resistant.

Vegetable-Growing Proposal To Be Outlined At Stanton

STANTON, Jan. 12 (SC) — From cotton to vegetables may become the trend in Martin County if present plans for a vegetable shed in Stanton materialize.

A South Texas firm is interested in establishing such a shed here for the 1957 crop year, according to Jack Arrington, manager of the Chamber of Commerce.

At a called meeting of farmers in the district courtroom Tuesday at 2 p.m., Will Wallace, president of the Wallace Fruit and Vegetable Company of Edinburg, will discuss the problems connected with commercial vegetable growing.

In a letter to Arrington, the company specified five vegetables it was interested in, and asked if the

county could guarantee 1,000 acres of vegetables. The crops mentioned were lettuce, carrots, sweet potatoes, onions and cantaloupes.

Arrington said he had talked to dozens of farmers in the area, and there is a keen interest in the project.

"Most farmers realize they need something more than cotton," he said. "Owners of little 50- to 100-gallon wells are especially eager to try something else, because they can't raise much cotton with such a small amount of water."

One requirement listed in the letter was the availability of a vegetable shed which could be rented. However, Arrington thinks the company will build a shed of its own if the 1,000 acres can be guaranteed.

The company will buy all vegetables in the area regardless of where they are grown. Arrington thinks farmers in Glasscock and Howard counties will also be interested in the project. Farmers who agree to plant vegetables can arrange for financial aid from the banks and the FHA.

Anyone interested in growing vegetables commercially is invited to attend the meeting, Arrington said.

Webb Wins Ground Safety Award Of Merit 3rd Year

Webb's ground safety record in 1956 drew attention from headquarters of the Flying Training Air Force.

The Award of Merit was earned for the third consecutive time during the year and Maj. Gen. G. P. Disoway, FTAF commander, personally signed a Certificate of Achievement Award that was given to the base for permanent possession. The Certificate pointed out that Webb's safety record was an example to be followed by others.

The program designed by the office of ground safety is credited with lowering the cost of ground accidents in 1955 to only \$12,000. This is a net saving to the Air Force of \$195,177.25, from the previous year when ground accident costs at Webb were \$208,000.

Not resting on their laurels, members of the ground safety staff under the direction of Capt. Cecil D. Peters are planning a vigorous campaign for this year.

The new plan is based on a competitive program. The various squadrons and departments on the base will compete for a ground safety plaque. The winner will be determined by a percentage chart with the organization having the lowest percentage of accidents during the period winning the award. Statistics will be kept over a three-month period starting at once and the first award will be made the first of April.

Members of the ground safety office staff are M-Sgt. O. E. Bice, S-Sgt. R. J. Johnson, Amon D. Jones and Mary McConkey.

Texans Generous To Mental Patients

Texans were generous toward patients in state hospitals during the past Christmas season.

Reports from Austin showed that more than 64,000 gifts, valued at \$67,000, were wrapped individually and tagged for nearly 25,000 patients.

There were some 1,000 organizations sending representatives to assist in the holiday preparations and entertainment. It was estimated that 5,000 volunteers took part and thousands of others gave gifts and funds.

AFB Choraleers furnished entertainment and provided a real setting for the spirit of the season.

Dr. Preston E. Garrison, member of the hospital staff, said that "judging from our patients' spontaneous remarks about their Christmas here in the hospital, this past year was one of the best ever. Its total effect from a psychotherapeutic point of view was one giving universally good therapeutic results." He added that the entertainments were "thoroughly enjoyed by everyone."

Future Homemakers of America sent almost 60,000 stamped Christmas cards for patients to mail. Volunteers ran gift shops at one hospital where patients shopped free for presents to send home.

Business firms, individuals and civic or church groups contributed more than \$11,000 to be used by patients in the 15 hospitals reporting. At least 17 wards were provided with television sets, radios, record players, etc.

At the Big Spring State Hospital gifts came from several sources including the State Mental Hospital Development Association. There were gifts for every patient in the hospital. Members of the Elks took the lead in a party provided also by the Rotary, Jaycees, Does, Jayettes, Lions, ABC, Kiwanians, and others.

Clubs from Midland, coordinated by Mrs. Roland Johnson, and the Perennial Garden Club of Midland helped provide gifts.

The Big Spring American Association of University Women sponsored a dance and served refreshments. W. C. Rasdale coordinated the Elks party at which every patient received a gift. The Big Spring High School Choir and Webb

ACCURACY, ACCURACY, ACCURACY is the foremost thought of Mrs. P. D. Ausmus (seated) and Mrs. Pat Blalack as they start posting operations. Mrs. Ausmus has been a bookkeeper at Webb AFB for eight months. Mrs. Blalack's duties as chief of the appropriations section at Webb have kept her busy since 1952 when she first started working there. At Webb there are 219 women employed in various fields of civil service work.

PROVIDING RECREATION is the much-appreciated job of Mrs. Ara Cunningham (seated). As recreation leader at the VA Hospital, Mrs. Cunningham is responsible for directing varied types of recreation that will interest all patients. Before coming to the Big Spring VA Hospital, a year and a half ago, Mrs. Cunningham had been in recreational work at VA hospitals in Waco, Amarillo, Bonham, and Alexandria, La. Mrs. D. A. Miller, stenographer and social service secretary to Telford Durham, helps Mrs. Cunningham select a record which will be played over the hospital radio station.

People In Civil Service

During the week of Jan. 13-19, Federal agencies and establishments throughout the country will be observing the 74th anniversary of the signing of the Civil Service Act. It was this law, signed by President Chester A. Arthur on Jan. 16, 1883, that established the principle that those persons privileged to serve the American people in government careers should be selected on the basis of merit. When the act was signed it covered approximately 13,800 jobs; today more than 2,000,000

Federal employes work under this employment system.

In Big Spring, approximately 1,088 persons will be marking this anniversary as employes of Civil Service status. Of this number, 223, are women employes. From this number several employes have been cited with awards for long-service records and incentive awards.

Federal employes staff more than 70 departments and agencies, ranging from the Commission of Fine Arts, with three paid employes, to the million-man Department of Defense civilian staff.

MEDICAL KNOWLEDGE is often sought at the Medical Library of the Veteran's Hospital. Bea Hickman (far left) finds some interesting information that may aid her in her work as a physical therapist. Mrs. Clara McLean, (center) librarian, is always ready to assist those who need her help. Here, she is giving assistance to Mrs. W. B. Grant, (right) secretary to Dr. Jackson Friedlander, manager of the hospital. Altogether, these women have a combined total of 23 years working under the civil service program.

PLANNING AND SERVING DINNER FOR 250 could present a problem for the average housewife, but for the trained dietitians at the VA Hospital it's an everyday occurrence. In photo, Mrs. Bill Holbert, left, and Mrs. George Zachariah, chief dietitian at the hospital, give a last minute check to a food cart that's ready for serving. Meals and supplies for this task are planned and bought well in advance of the time when they'll finally reach the dinner table. An average of 240 patients enjoy the delicious meals each day, with about 50 hospital personnel planned for at each noon meal. There are six cooks, a chief cook and an assistant cook to actually prepare each meal at the hospital. Mrs. Holbert has been employed under civil service three years while Mrs. Zachariah has five years experience to her credit.

MAKING THE FIGURES BALANCE is a tedious job, but that task is approached as Mrs. Rilla Webb, (left) chief accounting finance clerk at Webb AFB, and Mackie Lee Brooks, assistant, check some data. Besides accounting duties, the two issue checks and bonds to all civilian personnel, pay commercial bills, and have numerous other jobs. Mrs. Webb has been employed under civil service and at Webb for five years. Webb AFB is like "home base" for Mrs. Webb for it was for her son, the late Lt. James Webb, that the base was named. Miss Brooks has been employed at Webb for 15 months.

BIG SPRING DAILY HERALD

SECTION B

BIG SPRING, TEXAS, SUNDAY, JANUARY 13, 1957

SOCIETY

No Time For Photographers

That's the sentiment of four-month-old Arthur Davis, as his mother serves refreshments. Arthur will probably grow up to join the Air Force since he is an Air Force baby and one of his father's hobbies is the making of model planes. When Arthur isn't busy, he's very

serious-minded, from all appearances, and seems the personification of the expression, "solemn as a judge." No one has a happier expression, though, when he breaks into his toothless grin!

Four-Month-Old Boy To Have Variety Of Toys

Quite a lucky little boy is Arthur Davis, 4-month-old son of Lt. and Mrs. Arthur L. Davis, 700 Main.

As he grows up, he will have various kinds of toys to play with, all made by his father, whose hobby is the making of model tanks, trains, planes and other articles.

The lieutenant is now working on a train, which is for Arthur when he reaches the ripe old age of five or six. According to Mrs. Davis, Arthur won't stand much chance of playing with the train unless he takes it away from his daddy!

The Davises arrived here from Florida in December. She is pleased with the fact that one doesn't have to get the laundry on the line early in the day so that it will dry before a rain starts, as she did in their former home. (However, she isn't too pleased with our sand storms — as who is?)

Mrs. Davis lived in St. Louis, Mo., when the couple met. She was working as a billing clerk for a trucking company. They met at a dance, and even though she thought at the time that she'd never be interested in men again, she accepted an invitation to another dance.

After that, dates followed — and here they are — in Texas — with Arthur, who was born in Florida. Lt. Davis's home is in Yazoo City, La.

Seems as if he has always liked planes, as he was employed at McDonald Aircraft in St. Louis before he entered the Air Force in 1951.

Hobbies of the couple include bowling and dancing and Mrs. Davis likes to embroider as her husband works on the models — of trains and planes, that is!

Dinner Party Given

LAMESA — Mr. and Mrs. W. H. McCulloch entertained with a dinner party recently at their home. Following dinner, 42 was played by the group. Sixteen guests attended the dinner.

ROUND TOWN

Local People Leaving For Austin To Attend Governor's Inauguration

By LUCILLE PICKLE

Big excitement for some Big Spring people is the inauguration of Price Daniels in Austin Tuesday. Several couples plan to attend, including MR. AND MRS. S. F. JONES, MR. AND MRS. CECIL McDONALD, MRS. M. T. KYLE, N. A. L. and NELL BROWN. Miss Brown is especially interested, as she was in Baylor University when Mr. Daniels studied there and was active in his local campaign for governor.

Guest in the home of MR. AND MRS. JACK WATKINS is her brother, HERMAN FANGMEYER of Birmingham, Ind. Others who have visited with the Watkins during the past week were WILLIS FANGMEYER, another brother, and a nephew, DALE GASTON, both of whom live in Helton, Neb.

Mack and Bill Jr., and their families.

MRS. C. F. HULING of Sioux City, Iowa, is a guest in the home of her daughter and family, DR. AND MRS. GEORGE W. DAWSON. Other recent guests at the Dawson home were MR. AND MRS. FORD PERRY and their children, Judy and Jimmy, and Jimmy's fiancée, Diana Love. Their home is in Abingdon, Ill., where the Dawsons lived before coming here.

In Stanton Thursday for a meeting of the Stanton Study Club, we saw some beautiful oil portraits of the children of MR. AND MRS. GLENN L. BROWN done by MRS. CHARLES LACY. Mr. Lacy is the manager of the Stanton Memorial Hospital.

Mrs. Clyde Angel was also a guest at the meeting, where we were supposed to hear a program by Mrs. Howard Hodge of Midland. She was prevented from attending but her capable sister, MRS. JOHN FREDDY led a discussion on women's club work that made an interesting, if impromptu, program.

The Stanton club has organized a hospital auxiliary and although it is having a little difficulty in getting under way with the actual work, MRS. STANLEY WHEELER, who is chairman, still hopes the women will "get on the line" and take regular days at the hospital.

MRS. C. W. DEATS SR. is in San Antonio to visit her mother and other relatives. She accompanied MR. AND MRS. SPALTEN and MR. AND MRS. OTT

MR. AND MRS. W. L. MEAD plan to leave Tuesday morning on a leisurely vacation trip, through Florida. They plan to be away for three weeks if they don't get too homesome for their newest grandchildren, the three-month-old twins of Mr. and Mrs. Gene Combs.

The Meads plan to go as far as Miami.

Saturday the couple spent the day in Lubbock to visit their sons.

Guest in the home of MR. AND MRS. JACK WATKINS is her brother, HERMAN FANGMEYER of Birmingham, Ind. Others who have visited with the Watkins during the past week were WILLIS FANGMEYER, another brother, and a nephew, DALE GASTON, both of whom live in Helton, Neb.

Baptist Meet Attended By Westbrook People

WESTBROOK — Mrs. Willie Byrd, the Rev. and Mrs. C. L. Eastman and Mrs. Leslie McCaer attended the week's conference at First Baptist Church in Colorado City recently.

Guest Strango is a surgical patient in Root Memorial Hospital, Colorado City.

Betty Lee Blackney, daughter of Mr. and Mrs. Edward Blackney, is a medical patient in Root Memorial Hospital.

Dismissed from the hospital this week were Mrs. Pete Hines, C. N. Adams, Mrs. Maitis Davis.

Recent guests of the Edgar Andrews have been their son and daughter-in-law, Mr. and Mrs. Charles Andrews of Denver, Colo. Mr. and Mrs. Howard Golden and family of Odessa.

Mr. and Mrs. E. J. Laik and family have had as guests in their home his brother, Charles Laik, his wife and children, Wayne and Nancy of Lewistown, Mont. The family plans to travel to Arkansas and Nebraska before returning to their home in Montana.

Mr. and Mrs. Coit Butler were in Dallas Monday and Tuesday to attend the funeral of Mr. Butler's aunt, Mrs. G. H. Jackson, of Dallas.

Mrs. W. A. Bell directed the Mission program, "Missions in Mississippi Basin," when members of the WMC met at the First Baptist Church Tuesday.

Those on the program were Mrs. Leslie McCaer, Mrs. Allis Chamer, Mrs. J. S. McKemey, Mrs. C. L. Eastman, Mrs. Thomas Lewis, Mrs. H. B. Cronshaw, Mrs. Willie Byrd and Mrs. Bell.

Mrs. Charlie Oliver has been discharged from Root Memorial Hospital in Colorado City.

Mr. and Mrs. R. O. Lee and children Karen, Kathie, and Kyla visited Mr. and Mrs. Jeff Davidson in Odessa Monday. Guests of the Lees Wednesday were Mr. and Mrs. L. D. Brookshire of Midland.

Mr. and Mrs. J. M. Ellis were in San Angelo this week.

Elise David Honored

LAMESA — Elise David, daughter of Mr. and Mrs. Bill David, celebrated her fourth birthday Thursday afternoon with a party from 3:30 to 5:30. Games were played and were followed with refreshments of birthday cake and lemonade served to 10 guests.

Lamesa B&PW Club

LAMESA — A business meeting was held by the Business and Professional Women's Club Tuesday evening, when they met at the home of Mrs. Nancy Johnson. Plans were made to visit the Midland chapter in February. Following the business meeting, bingo was played by the group. Refreshments were served the members.

Softer Lines, Softer Fabrics

At left is a black tissue dance dress with easy full skirt and all-over tucked jacket of white chiffon; center, is an afternoon costume dress of larkspur blue printed silk surah, with little jacket of hand-loomed

wool, from the Hattie Carnegie collection. At right, harking back to fashions of a bygone era, is a suit with a brief jacket and tunic skirt, designed by Adele Simpson.

FASHION PREVIEW

Softness Is A Mark Of Spring Fashions

By DOROTHY ROE
AP Women's Editor
NEW YORK (AP)—It's the "soft touch" for spring, visiting fashion editors learned today, attending sessions of the New York Dress Institute's 28th National Press Week.

Clothes have a new gentleness about them, with many devices used to soften and ease the predominant slender silhouette. The new suits and dresses allow freedom of movement, follow, but do not bind, the natural lines of the body—and are designed for comfort as well as flattery.

Pauline Triger, an Americanized Parisian with a French flair for style, uses peplums, tunics and capes to break the uncompromising lines of the straight silhouette. One of her devices is a double

peplum which she calls "Tu-Tu" and which does suggest the perky skirt of the ballerina. She also uses tunics in various ways, usually only at side or back, with a straight line in front.

Triger uses dots and dashes as the theme of her spring collection, heading the program with a line of Morse code and highlighting a series of outfits in bold polka dots and stripes.

Oleg Cassini, who always has believed that the feminine figure provides its own best lines, announces at the outset of this collection that the clothes are all easy to wear, and shows a series of highly flattering fashions with slim midriffs, casually bloused and softened bodices and slender skirts eased with pleats, darts and peg-top lines.

City HD Club Hears Committees Named

Committees were appointed at a meeting of the City Home Demonstration Club Friday afternoon in the home of Mrs. B. F. Mabe.

Serving on the kitchen committee will be Mrs. W. S. Goodlett, Mrs. L. C. Lauder milk and Mrs. J. W. Elrod.

Food leaders are Mrs. Mabe, Mrs. Charles Neeff and Mrs. Ross Callihan. Chairman of the year-book committee is Mrs. Tom Stewart; financial chairman is Mrs. Irwin Daniel.

Mrs. M. E. Anderson is chairman of the exhibit committee, and Mrs. Merle Hodnett heads the education group. Mrs. H. F. Jarrett will serve as chairman of the citizenship committee; Mrs. Alton Underwood will be in charge of recreation.

Head of the health and safety committee is Mrs. Johnny Green; Mrs. E. A. Williams is chairman of the civil defense work, and Mrs. Armour Long of the personal service committee.

Mrs. Callihan, in giving a report from the Council of HD Clubs, told the group that there is to be an exhibit from each club shown each month at the council meeting.

Projects were discussed, and some of the suggestions were the making of planters, ceramics and hat-making.

Miss Williamson Honored At Shower

A miscellaneous shower honored Janice Williamson Thursday evening at the Lees Home Demonstration clubhouse. She is the daughter of Mr. and Mrs. E. R. Williamson of Vincent and will be married to Jim Nelson on Friday.

Hostesses for the tea were Mrs. A. J. Overton, Mrs. Henry Hillger, Mrs. Lorin McDowell and Mrs. Jack Engle.

White wedding bells decorated the room, with the same motif repeated in the frosting of a wedding cake. A lace cloth covered the table, and favors were tiny bags of rice tied with bells. The guest list included 36.

Girl Scout Troop Six

Girl Scouts of Troop Six had a lesson in placing dress patterns on fabric when they met at the home of Mrs. R. O. Smith Friday afternoon. This is a step in the winning of a dressmaker's badge. Eight girls attended the meeting, after which refreshments were served.

Larry Digbys Honored At Forsan Party

FORSAN — Mr. and Mrs. Larry D. Digby were honored with a wedding shower Friday evening. Hostesses for the party were Mrs. Harley Grant, Mrs. A. P. Oglesby, Mrs. Sammy Porter, Mrs. A. O. Jones, Mrs. Jesse Overton, Mrs. T. R. Camp, Mrs. G. F. Painter, Mrs. J. M. Craig, Mrs. C. V. Wash and Mrs. John Kubecka.

Featured on the serving table

was the chosen color of the bride, pink. The centerpiece was a miniature bride and groom standing beneath an arch and surrounded by small pink flowers and greenery. Crystal and silver appointments were used for serving.

For the party, Mrs. Digby wore a dress of grey polished cotton. She was presented a corsage by the hostesses.

Mrs. Digby is the former Mary Ann Fairchild and the daughter of Mr. and Mrs. M. M. Fairchild. Digby is the son of Mr. and Mrs. R. L. Digby. The couple are students at Howard County Junior College. Forty attended the party Friday evening.

Airline Stewardess Is Considered Top Hostess

Who is the "hostess with the mostess"? The airline stewardess, of course.

At least that seems to be the consensus of passengers on airlines. A check of complimentary letters received from halfway around the world indicates that she rates tops as a charming, intelligent, attractive and well-mannered young lady who makes them feel at home in the clouds.

The airline hostess must pass a much stricter test than does the hostess who entertains. She must have an engaging personality, a sincere interest in helping people, be able to help mothers with babies, to serve tempting meals in close quarters, to comfort older folks and to make the timid "first rider" enjoy his initial aerial venture.

A candidate must be between 21 and 26 years of age, between 5 feet and 5 feet 8 inches in height, with weight in proportion. She must be in top physical condition, with a clear complexion and good vision. She cannot wear glasses or contact lenses. She must be unmarried, college or university graduation is preferred. Other training or employment may compensate, however.

Applicants represent an interesting cross-section of young American women—recent college grad-

uates, teachers, librarians, nurses, business girls. All of them have two things in common—an interest in people and a love of travel. As airline employees they are entitled to free and reduced rate transportation, and many of them see the world before they resign.

Those resignations prove that being a stewardess is not a "career type" job. Average length of service is about 18 months. Usually, the girls leave then for marriage. Interestingly, they don't marry passengers. They usually marry the boy back home or an airline employee.

Dr. O'Brien To Talk For Lamesa Baptists

LAMESA — Dr. P. D. O'Brien, pastor of the First Baptist Church, Big Spring, will be guest speaker for the Brotherhood Ladies' Night, Monday evening at 7 o'clock in Fellowship Hall of the First Baptist Church. He will tell of his recent trip to Alaska.

Special music will be presented by a quartet from Big Spring. About 100 men and their wives are expected to attend the dinner meeting.

HI--TALK

By CAROL ROGERS

One of BSHS's most coveted honors, that of Best All-Around, was recently bestowed on senior-of-the-week Rickey Terry. Being sports-minded, Rickey has played on the Steer A football team the past two years. Other sports include basketball and baseball. Rickey's name has been included on the membership rolls of FFA and Hi Y during past years.

RICKY TERRY

Who says that Latin is a dead language? The students in Mrs. Charles Weeg's Latin classes proved that "Latin Lives in English" in their notebooks of the same name. The books included pictures and clippings of modern English words derived from the Latin language.

BSHS students have been busy turning in book reports and last-minute work this week. Next week will be filled with six weeks and semester tests, as it is the last of the semester.

The Majors Club will meet Monday afternoon in the homemaking cottage. Pictures will be taken for the annual, so please wear suits. All students wishing to appear in the Follies of 1957 should contact Mrs. Betty Lou Ratliff as soon as possible. The Follies will be presented Feb. 1 and 2.

A pep rally was held Friday morning preceding the first conference game of the season at Midland that night. Don Anderson and

Jimmy Evans made short pep talks which were greeted enthusiastically by the students. Michael Musgrove, captain, presented the two consolation trophies, which the Steers won, to Ronnie King, student body president. These trophies were won at the Howard Payne and Odessa tournaments. Cecelia McDonald, Freeda Donica, and Jacqueline Cox were

among those attending the game Friday night.

Try-outs for the all-school play, "Harvey," were held Wednesday, Thursday, and Friday afternoons. The cast will be announced next week by Mack Godwin, director. The play will be presented sometime in February.

A portion of the club pictures for El Rodeo were taken last week. The remaining group pictures will be taken during this week.

Practice makes perfect. The volleyball team evidently believes in this motto as each morning they can be found in the gym working out. The girls are preparing for their first game Jan. 31 at Lamesa.

After two weeks of vacation, Tri-Hi-Yers and Hi-Yers enjoyed their meetings Monday night. A social followed the business meeting. Plans were also made Monday night for the Hi-Y Council to attend the planning conference in Vernon. This conference is to make plans for the spring conference to be held the first part of February in Abilene.

Are you looking for a course to take next semester? The Bible Club urges you to sign up in the spring semester for a study of the New Testament. If you are interested, contact Mrs. Johnny Johansen.

Women's Groups Announce Dates For MOD Benefit Coffees, Teas

Combining fun with support of the March of Dimes, women's organizations of Big Spring are preparing to give benefit coffees and teas for funds to be donated to the fight against polio.

Scheduled for Thursday from 9:30 to 11 a. m., is a coffee in the home of Mrs. R. P. Nicholson, 1601 Vines. Hostesses will be members of the Planters Garden Club.

Mrs. Nicholson and Mrs. Ennis Cochran are in charge of arrangements, with members serving in the house party.

Club members will also serve at the house party Friday morning from 9:30 to 11, when the Spaders Garden Club entertains with a coffee in the home of Mrs. Bruce Frazier, Cedar Ridge and Virginia. Arrangements are under the direction of Mrs. Dewey Mark, Mrs. Kyle Cagle and Mrs. W. D. Caldwell.

Assisting with the serving will be Mrs. Bob Carille, Mrs. Louis Thompson, Mrs. Jimmy Morehead and Mrs. Don Grantham. Mrs. Zack Gray will preside at the register.

Another affair, scheduled for Jan. 18, is the coffee at Cosden Country Club given by the TAP Ladies Safety Council. Hours have been set for 10 a. m. to 12 noon. Joining the council in acting as hostesses will be members of the auxiliaries to the brotherhoods of locomotive firemen, engineers, conductors and trainmen.

Mrs. R. F. Fallon is president of the council. An evening party is the tea planned by the Epsilon Sigma Alpha Sorority for Jan. 24. Set for the VA Hospital Nurses' Home, tea is scheduled from 7 to 9 p. m.

Mrs. John Nobles, Mrs. Frank Sabbath, Mrs. Bill Estes, Bo Bowen

Three GS Districts Rate 100 Per Cent

LAMESA — Three of the districts of the West Texas Girl Scout council marked up 100 per cent on the national yardstick for the past year and received a complete set of evaluation awards. The three districts receiving the awards were Taylor, Scurry and Lamesa. The meeting of the West Texas Girl Scout Council was held Tuesday at Lamar Forrest Community Center.

The West Texas council membership has been enlarged by 222 scouts during the past year with Taylor having the largest increase with 148 girls. Lamesa rated sec-

ond with 139 more girls enrolled in scouting. Only Nolan and Big Spring showed a decline over the past year.

Has Birthday Party

LAMESA — Beth Ann DuBose, daughter of Mr. and Mrs. Ed DuBose, was surprised with a party on her sixteenth birthday recently. Assisting Mrs. DuBose with the celebration was Ruth Flenniken. The serving table was laid with a white linen cloth with the center arrangement being formed by hurricane lamps with pink candles surrounded by pink and rose grapes. Refreshments were served to 24 guests.

Coahoma P-TA Views School Board Film

COAHOMA — The P-TA met in the school auditorium Thursday afternoon and saw a film "Your School Board in Operation." Mrs. Forrest Appleton gave the president's report on the convention in Amarillo. Mrs. K. G. Birkhead presented Mrs. Bert Shive with a past president's pen. Refreshments were served to twenty-five.

Mrs. Troy Roberts and Ginger visited relatives in Merkel Thursday evening. The ladies of the Friendship Sunday School Class served.

Mr. and Mrs. Troy Farrar and David, Granado Hills, Calif., were recent guests in the home of Mr. and Mrs. Pete Thomas.

Mrs. C. C. Meyers of Fort Worth is visiting her aunt, Mrs. A. L. Armstrong.

C. H. DeVaney made a business trip to El Paso this week.

Mr. and Mrs. Curtis Thomas and Mr. and Mrs. Pete Thomas made a business trip to Dallas this week.

Plate Favors Made By Stanton Girl Scouts

STANTON — The Girl Scout Gypsy Patrol met Thursday and made 20 plate favors for the Martin County Memorial Hospital. The girls also did other painting.

Mrs. J. M. Yater, leader, met with the patrol.

Mrs. Buster Reed of Lamesa, area Girl Scout director, was in Stanton, Thursday and held a leadership training meeting for Girl Scout leaders and other interested persons.

Mrs. James Eiland and Mrs. John Wood gave the program at the Xi Alpha Beta chapter of Beta Sigma Phi, in the home of Mrs. Wallace Kelly. Mrs. Eiland discussed "Adult Education" and Mrs. Wood's topic was "College."

Jan. 18 will be the date of the next meeting at the Co-Op building.

Mrs. Betty Johnson announced at the Stanton P-TA meeting Tuesday, that she would have a night class for adults and teach shorthand, typing and bookkeeping. She asked those that are interested to meet in Room 14, Tuesday at 6 p. m.

H. K. Kirzlar has been dismissed from the VA Hospital in Big Spring. He returned home Tuesday.

Stevie Chapman, five-year-old son of Mr. and Mrs. Carlton Chapman, has returned home from the Midland Memorial Hospital.

M. A. Petree, who is hospitalized in a Big Spring hospital, is reported improved.

Mrs. Edna Davidson has returned home after being in a Big Spring hospital for a week.

Ackerly People Are Back From Fishing

ACKERLY — Back home from a fishing trip near Corpus Christi are Mr. and Mrs. Arthur Little and family and Mr. and Mrs. Leo Batson and Jerry.

Mr. and Mrs. W. F. Ingram of Lamesa were recent guests of Mr. and Mrs. Chester Ingram.

Mr. and Mrs. Bruce Crain visited their son, Mr. and Mrs. L. D. Crain, in Big Spring recently.

Guests of Mr. and Mrs. Johnny Clark Jr. have been his mother, Mrs. Johnny Clark, and a brother, Mr. and Mrs. W. B. Clark, all of Magnolia.

Mrs. Ethel Johnson is at home after spending a few days in a Big Spring hospital.

Mrs. Emma Coleman and Mrs. Cora Coleman have had their brothers, Mr. and Mrs. Phillip Ulmer of Fort Worth and Mr. and Mrs. Henry Ulmer, as their guests.

Getting Into College May Pose Tough Task

By DOROTHY V. WHIPPLE, M.D.
Associated Press Newsfeatures

Once your son or daughter has narrowed his choice of colleges down to about half a dozen he must fill out an application blank for each college.

Many of the big-name colleges today are crowded. Some of them get from five to 10 applications for every opening they have. This does not mean, however, that only the genius gets accepted. But in addition to the famous colleges there are many good somewhat less well-known institutions that even have trouble filling their classes.

ACADEMIC STANDING
Academic standing is important. The student in the upper 10 per cent of his high school class will have no trouble; students in the upper 25 per cent probably will be accepted in the big-name schools.

Grades are not all the colleges pay attention to; they look not only at academic records. They want young people who are interested in out-of-class activities. Work on the school paper, in the dramatic club, in sports, in any of the many extra-activities of the high school which help turn young people into good college material.

ENTRANCE EXAMS
Last are the results of the examinations given by the College Entrance Examination Board.

This board offers standardized tests to make it possible for high school seniors to apply to more than one college without taking more than one set of entrance examinations.

The scores of the C.E.E.B. tests are submitted by the board to as many colleges as the student wishes to apply to. Some colleges require these tests, but all colleges consider them. The C.E.E.B. tests are given all over the world on

five specified days during the year.

A small fee is charged. There are two tests. The Scholastic Aptitude test is a combination of a general information exam and an intelligence test. It is a three-hour morning exam.

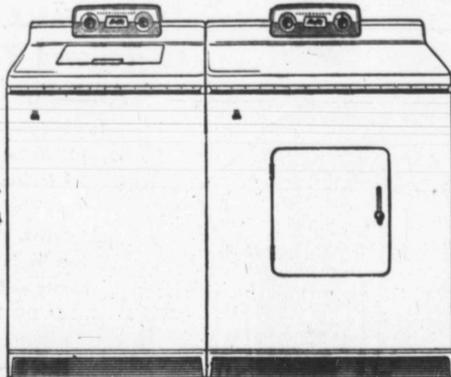

The second is the Achievement tests. These are three one-hour exams given in the afternoon. The student has a choice of which subjects he wishes to be examined in.

The C.E.E.B. tests carry weight with almost all colleges, but, of course, no college accepts or rejects a student solely on the basis of these tests.

Now buy both... only \$6.00 a week!

MATCHING MAYTAGS

AUTOMATIC WASHER AND DRYER!

Washer can save 9 gallons of hot water per load!

- Exclusive Automatic Water Level Control saves on both wash and rinse!
- Gentle, thorough Gyrotator washing action sets clothes cleanest!
- Exclusive Double-Spin Tubs never let dirty water strain through clothes.

"APPEARANCES ARE DECEPTIVE"

* (Author's Name Below)

That good things come in small packages is, particularly true of medicines. It is amazing how often a serious illness is relieved, almost like magic, within a few hours.

When the new hormones and antibiotics were first released many people were dismayed that some of them cost as much as 50c each. They soon learned that not only were they saving more lives, but people got well so much quicker that medicines-per-illness now cost less than before.

We, of course, price all prescriptions as low as operational costs permit.

YOUR PHYSICIAN CAN PHONE 905 Johnson AM 4-2508 Petroleum Building AM 4-8292 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescriptions as low as operational costs permit.

Secret Of Youthfulness

By a quirk of fate, Hildegard, an American-born girl of German parentage, became the best-known singer of French songs in London and later in New York. She shares her special diet with Hollywood Beauty readers today.

HOLLYWOOD BEAUTY

Proper Eating Factor In Keeping Youthful

By LYDIA LANE
HOLLYWOOD — It is one of the oddities of show business that the first chanteuse to capture the American public was a girl from Milwaukee of German parentage. Hildegard, who came to New York via training in Paris, has worn the crown of success a long time. When she sang here recently in the Ambassador Hotel Coconut Grove her opening night was a sellout. "I've known Hildegard more years than it's polite to remember," a producer at our table remarked, "and here's one gal who has found the fountain of youth."
The next day at lunch I lost no time in asking Hildegard how she stayed so young, slim, and full of vitality.
"The foundation of youthfulness is in well-being," Hildegard said quickly. "There is no doubt in my mind that we are what we eat. While traveling I try to have a little kitchen in which I stock things from the health food store. I use soy-spread instead of butter, whole-grain cereals and brown sugar. The chemicals used in bleaching flours and sugars, I believe, are injurious to the nervous system and help destroy nutritional value. That is why during the war the English mills were not allowed to bleach flour. I am not in favor of chemicals added to water," Hildegard explained. "Many doctors believe that the natural flourine content is different."
"I wish it were possible for me to avoid vegetables which have been chemically fertilized. But if I can't, I do not go to the extremes, like one woman I know, who has organically-grown vegetables flown to her wherever she is, or when she is invited to dine often brings her own food."
"Paying attention to diet rewards one with wonderful energy. I awaken after seven hours sleep full of vitality and," Hildegard confided, "I haven't had a cold in years — not since I found some wonderful nonsynthetic vitamins."
As the waitress placed a cottage cheese and fruit salad in front of Hildegard we chatted about diets.
"I get on the scales the minute I get up in the morning because they say this represents your true weight. Sometimes if I have been entertained a lot (and I consider I had manners not to eat what your hostess has prepared) I find that I have gained. I cut down on my calories immediately."
"Taking off new fat is effortless. The trouble comes when you procrastinate. I can lose eight pounds in eight days on what I call my "Eat and Reduce Magic Diet." It is nutritionally sound and you are not starved or undernourished. My sister was chubby all of her life and had a struggle with her weight because she would start a diet and never finish it. But she had no trouble staying with this one and in three weeks lost twenty pounds."
Hildegard was wearing a figure-

revealing wool sheath and I asked if she is as enthusiastic about exercise as she is about health food. "I am not one for vigorous setting-up exercises," she confessed, "but it is just common sense that if you don't use a muscle it will get stiff. Every morning I go through a routine of bending and stretching to bring into play every part of my body that I am inclined to use during the day. It takes such a little time to keep limber if you are conscientious about working every day."
Hildegard was wearing no make-up and I admired her beautiful skin.
"I think one's complexion is built from within. It is a reflection of good health but I also believe in taking advantage of hormone creams," she asserted.
Hildegard mentioned that women who relied too much on beauty were pathetic when they lost it with time or ill health.
"I've read the lives of very beautiful women and they were not happy. Sometimes being born with such physical perfection is a curse. I'd choose character and charm any day in lieu of beauty, for these are characteristics which can't be taken away."
NEW MAGIC DIET
"It is an error to think that you will lose more weight if you eat less," says Hildegard, who dropped 8 pounds in 8 days with her "Eat and Reduce Magic Diet." She believes that the secret lies in eating catabolic foods. This unusual diet is offered for the first time in leaflet M-18. For your copy of Hildegard's "Eat and Reduce Magic Diet," send only 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Be sure to ask for leaflet M-18.

Bridal Tea Given In Lamesa Home

LAMESA — Mrs. Jesse James, the former Beverly Chapman, was complimented with a gift to a Thursday afternoon at the home of Mrs. Delose Scitern. Assisting with the hostess duties were Mrs. Johnny Chapman and Mrs. Ernest Tip-ton.
The serving table was laid with a lace cloth; blue and white flowers formed the center arrangement. About 25 guests called between three and six o'clock.

Born to Lt. and Mrs. Clarence L. Webb, 1501 A. Lincoln, a daughter, Leslie Lorraine, at 6:09 p.m. Dec. 29, 1956, weighing 6 pounds 1/2 ounce.

Philathea Class

LAMESA — The Philathea Class of the First Baptist Church met Thursday morning for a coffee at the home of Mrs. J. W. Harp. Co-hostess was Mrs. Don Murdock. Following a short business meeting, refreshments were served to 12 members. Mrs. Ira Ashley is teacher of the class.

THE PRESCRIPTION PHARMACY

IT DOESN'T ALWAYS PAY TO BE BRAVE...

Adults too often will put on a show of courage with a "cold," rather than retire and rest—and all the Doctor. Pneumonia sometimes attacks such stalwarts.

Do not try to be brave with a "cold," however simple. Follow the well-established guidance—rest, eat a well-balanced diet, and drink plenty of water and fruit juices. If symptoms persist, call your Doctor promptly, while there is still time for treatment of the current illness and prevention of possible hazardous complications. If medicines are indicated, we will be happy to render the best in Pharmaceutical service in filling your Doctor's prescriptions.

High Fashion Takes Cues From Autos

Now comes the fender line in fashion. Streamlining of some of the sleek 1957 cars has inspired designer Mignon of New York to create an evening gown with a neckline cut like a fender. Goodlooking dress, too.

A girl with a fender neckline, of course, deserves no less than a diamond ring inspired by a headlight.

Streamlined Swank

This sleek evening gown in silver-gray satin was inspired by the flight-sweep lines of new automobiles; says its designer, Mignon. Line of bodice echoes angle of fenders.

1941 Study Club Of Coahoma Meets In Sallings Home

COAHOMA — Members of the 1941 Study Club met recently in the home of Mrs. Fred Sallings with Mrs. Charles Read as co-hostess.

Mrs. H. L. Miller, president, was in charge of the Federation Day program, and Mrs. Ray Swann presented parliamentary facts. Officers elected for the new year are: Mrs. J. A. Westmoreland, president; Mrs. Henry Beard, vice president; Mrs. Sallings, secretary-treasurer.

Mrs. M. M. Edwards gave a report on foreign relations, and the club voted to send one dollar for each member to Hungarian Relief. Mrs. Gordon Crell discussed park improvements.

Refreshments were served to nine members.

The WSCS of the Methodist Church met recently in the church. Miss Susie Brown gave the devotion. Mrs. M. E. Tindal and Mrs. W. D. Hays talked on "Islands in Our Community." Nine members were present.

The workers conference of the Methodist Church met this week with sixteen members present. Mrs. J. W. Wood and Mrs. J. L. Rogers were voted teachers for the month.

Mr. and Mrs. Donald Duke and children were recent guests in Odessa. They also visited Mr. and Mrs. J. W. Duke in Crane.

Thirty attended the Bible study "The Gospel According to Paul," taught by the Rev. Mark Reeves Monday night.

The Naomi and Roberta circles of the Baptist WMSU met in the church Monday afternoon for Bible study. "Great Prayers of the Bible" was the theme. Eleven members attended.

Danger Signal

Although many headaches are simple and respond to home treatment, those which persist are warning signals. The headache is a symptom, not a disease. It indicates that all is not well with the body and its normal functions.

When headaches persist or recur, consult your physician without delay. Good health is too often taken for granted until it is lost. If medication is prescribed, bring your prescription to us for prompt, economical service.

Knott Rebekahs To Install Officers In Formal Ceremony

KNOTT — Mrs. Jones Lamar, district deputy president and her staff from John A. Kee Rebekah Lodge in Big Spring, will conduct formal installation services for officers of Knott Rebekah Lodge Thursday evening. All members are urged to attend.

At the Thursday evening meeting, Mrs. L. C. Matthias and Gerald Willborn, were initiated into the Knott Rebekah Lodge. Twenty-one members were present with Mr. and Mrs. Jones Lamar, Big Spring, as special guests.

Two Lamesa Clubs Have Joint Meeting

LAMESA — A joint meeting of the Woman's Study Club and the Junior Woman's Study Club was held Tuesday evening at the club house. Hostesses were Mrs. Arthur Nolen, Mrs. R. R. Townsend and Miss Lola Mae Hewitt.

Mrs. Alvin Childers, president of the Junior Club, introduced the panel, Mrs. Jess Jenkins, Mrs. H. M. Brewer and Hal Fees. Topic of discussion was "Should the United Nations Establish a Permanent Police Force?"

Following the discussion groups, Fees gave a summation, saying, "Before a police force can be effective the spirit of nationalism must give way to a co-operative spirit where people everywhere accept the ideology of one world."

Three new members, Mrs. Jimmy Lumus, Mrs. Bill Beeson and Sue Mann, were presented. Mrs. L. L. Burkhard was appointed chairman of the nominating committee with Mrs. C. A. Baldwin and Mrs. Joe Spikes named to serve on the committee.

Forty-five members and one guest, Mrs. Holmes Rowan, were present for the meeting.

Farrar Pupils To Present Program

The Farrar Private School will present 85 pupils in a variety program on Jan. 20 at 3 o'clock at the Municipal Auditorium.

A 46-piece rhythm band of children, ages four-six, will be featured playing "Winter Wonderland" and "Norwegian Mountain Dance."

Toe, tap and ballet dances will be presented by pre-school and public school age groups on beginner, intermediate and advanced group levels.

A special attraction will be a ballet ensemble including: Ann Puckett, Suzanne Whately, Mary Wilson, Virginia Wilson, Barbara Campbell, Nancy Thomas, Euvonne Welch, Carol Burleson, Marva Cox, Katie Cochran and Patty Fisher.

This is the annual mid-term demonstration presented by the school, and the public is invited to attend.

Eager Beaver Club Will Help MOD

Members of the Eager Beaver Sewing Club met Friday in the home of Mrs. Denver Yates for an afternoon of handwork. The group voted to donate \$5 to the March of Dimes.

It was reported that five members served at the registration tables for the TB Chest X-Ray. They are Mrs. D. D. Johnston, Mrs. Dick Hooper, Mrs. W. O. Washington, Mrs. L. D. Patterson and Mrs. H. D. Bruton.

The club will make cancer bandages at the meeting Friday when members meet in the home of Mrs. J. B. Kendrick, 614 Steakley. Refreshments were served to six.

Record Cook

One flour mill is offering records that give directions for biscuit, cake, frosting, pie and cookie mixes. These were made not only to be useful to cooks who prefer to take their recipes by ear, but also should prove an invaluable aid to blind homemakers.

COSDEN CHATTER

New Employee For Cosden Resides On Sycamore

C. W. Wesley is a new employee in the Technological Department. The Wesleys reside at 1508 Sycamore.

O. B. Prediger of Nalco visited the Refinery Thursday. J. Marcus Brown and Ralph Fannin visited the Refinery Wednesday.

Congratulations are extended to Mr. and Mrs. W. R. Banks on the birth of an 11-pound, nine-ounce girl, born Thursday.

Elbert Boullion Jr., is spending a month at Onyx Refinery making a survey of the plant. E. B. McCormick spent Thursday in Abilene on company business.

Trevor Crawford of Col-Tex will be in the Engineering Department at Cosden for about ten days.

A. F. Nugent spent Thursday in Abilene and Friday in Colorado City on company business.

Friday marks the last day for the engineering session for persons who will be at the Styrene Unit. Bill Gibson was in Colorado City Monday on company business.

VERSATILE STYLE

Easily Made Frock Is Good In Many Fabrics

Harvey Berin again proves his great finesse with this dress that can be made in formal fabrics for city wear or airy cottons or silks for resort. If there's a really big occasion in the offing, you might want to use starched cotton or re-embroidered lace over crepe or taffeta.

A princess model, all the seams except the center front and back have deep inverted pleats which give the skirt inestimable grace. Tiny cap sleeves are attached to shaped bias bands over the shoulders, a trick that makes the bodice fit and hang to perfection. These high style dressmaker details are simple to handle since the pattern is custom cut with great attention to accuracy.

From this chart select the one size best for you:

Size 12 bust 35, waist 25, hips 36, length from nape of neck to waist 16 3/4 inches; size 14 bust 36 1/2, waist 26 1/2, hips 37 1/2, length

from nape of neck to waist 17 inches; size 16 bust 38, waist 28, hips 39, length from nape of neck to waist 17 1/4 inches; size 18 bust 40, waist 30, hips 41, length from nape of neck to waist 17 3/4 inches; size 20 bust 42, waist 32, hips 43, length from nape of neck to waist 17 3/4 inches.

Size 12 requires 5 1/2 yards of 50-inch material for dress. To order Pattern No. 1296, state size, enclose \$1.00.

Address American Designer Patterns, Box 532, G. P. O. Dept. B-5, New York 1, N. Y. Classic Pattern Booklet No. 12 and all new Pattern Booklet 13-X available for 50 cents each.

HARVEY BERIN label available for 25 cents extra with pattern order. If paid by check add 4 cents.

(Next week look for Spadea's American Designer Pattern by Mr. Mort.)

Shirley Lee Installed As President Of Theta Rho

Shirley Lee was installed as president of Theta Rho Girls' Club Thursday evening at a meeting in the IOOF Hall.

Installed as vice president was Dreta Wilson; financial secretary, Janie Griffin; recording secretary, Nina York; treasurer, Caroline Wilson; warden, Betty Meek; and conductor, Mary Roger.

Marshal, Norma Sue Jones; in-

side guardian, Diane Womack; outside guardian, Rene Metcalf; musician, Sheila Allen; right and left supports to the president, Rita Wilson and Gwen Williams, respectively; right and left supports to the vice president, Allene Baker and Bonnie Hoskins, respectively.

Doris Ryan was installed as chaplain; Glenda Wilson as junior vice president. Harbards are Edna Howard, Sharon Osborne and Carol Clark.

Installing officers were Mary Cameron and Nancy Brashear.

Water Problem To Be Discussed At Women's Forum

BELTON — The first comprehensive look at the state's water problem from the woman's viewpoint will be taken at the Texas Women's Forum on Water, which will be held on the campus of Mary Hardin-Baylor College here on Feb. 9.

Leaders of women's activities from throughout the state will hear Texas' outstanding water experts and other public figures explain the water problem in terms of family life, and relate possible solutions for it in terms of what the state and its agencies must do.

Big Spring women who have been invited to attend are Mrs. William D. Boyd, Mrs. J. Robert Smith and Pauline Sullivan.

The forum will be sponsored by Mary Hardin-Baylor College and the Brazos River Authority jointly.

The morning panel, which will discuss "How the Water Shortage Affects Our Futures," will consist of Harry P. Burleigh, U. S. Bureau of Reclamation, Austin; Dr. Walter Prescott Webb, University of Texas, Austin; H. N. Smith, U. S. Department of Agriculture, Temple; Judge J. E. Sturrock, Texas Water Conservation Association, Austin; and Dr. Eugene H. Hughes, dean, College of Business Administration, University of Houston.

The afternoon session will consider "How We Can Solve the Water Shortage." The panelists will be Col. Harry O. Fischer, Corps of Engineers, U. S. Army, Fort Worth; Trigg Twichell, U. S. Geological Survey for Texas, Austin; Harry P. Burleigh; John D. McCall, bond counsel of the Brazos River Authority and the Trinity River Authority, Dallas; H. S. Hilburn, Plainview.

NCO Wives' Club Cook Book Now Off Press

"Out of the Blue" is the name of a cook book which has been compiled by the NCO Wives' Club at Webb Air Force Base. Now off the press, the books are being distributed by members and are priced at one dollar.

Proceeds from the sales will go into the club fund for welfare work and other activities.

Recipes are included from various members and local women, which makes a wide range of the states and some foreign countries.

The clever cover, slick and easily cleaned with a damp cloth, is a cartoon of a parachutist descending over a large boiling pot. The background is of oilwells, a long-horn steer, a cactus plant and desert flowers.

Besides divisions dealing with the usually prepared foods, there are tables of measurements and abbreviations, especially good for the inexperienced cook. There are illustrations showing the cuts of beef and pork, and you'll find household hints which are most valuable.

Are you ever able to find a list of ways for removing stains when you want it? This book contains just such a list. For the calorie counters, there is a chart of calories and also a diet, made for 18

days. A weight-height chart is an added help, which is contained in the book.

And surprise! There's a high-calorie diet for the lucky people who want to gain weight!

Postoffice Should Be Popular

ROSSLYN, Ky., (AP) — This small Kentucky town lays claim to not only the youngest postmaster in the United States, but also one of the prettiest.

The job is handled by a tall,

slender, dark-haired beauty — 21-year-old Margaret Tipton.

She can't be called "postmistress" because there's no such word in the Post Office Department's language.

After Margaret obtained her permanent appointment, there was no one to teach her any of the job's fine points. All she had as a guide was the Postal Manual.

"But I got along just fine," she says. Margaret, who is married and

the mother of a two-year-old daughter, takes her postal duties seriously.

"After all," she says, "there's just as much responsibility here as with a really big post office."

The office is unique in another respect — the other employe in a woman — Reva Rose, the local mail carrier.

Margaret still finds publicity about her age disturbing. "I'll be much happier," she says,

"when I'm a few years older and somebody else can be the youngest postmaster in the whole United States."

Bride-Elect Honored In Sparenberg

LAMESA — Kathleen O'Neal, bride-elect of Choice Shofner, was complimented with a gift-tee Wednesday evening in the Fellowship Hall of the Sparenberg Methodist Church.

Hostesses were Mrs. Don Peterson, Mrs. Bonnie Culp, Mrs. J. D. Nix, Mrs. Hal Boyd, Shirley Trice and Nelly May Beckmeier, assisted by the MYF of the church.

The serving table featured a miniature bride and bridegroom standing beneath an arch of greenery on a reflector. The table was laid with a green linen cloth.

About 75 guests were registered by Mrs. Boyd. Miss O'Neal and Mr. Shofner will be married Sunday in the Sparenberg Methodist Church.

Canasta Club Party

LAMESA — Mrs. Davie Jones entertained her canasta club Thursday afternoon for their regular meeting. The group celebrated the birthday of Mrs. Lloyd Mitchell. During the afternoon, slides of the Christmas luncheon were shown. Twelve members and one tea guest, Mrs. C. L. Schmidt, were present.

Arthritis-Rheumatism Vital Facts Explained

FREE DESCRIPTIVE BOOK
As a public service to all readers of this paper, a new 36-page highly illustrated book on Arthritis and Rheumatism will be mailed ABSOLUTELY FREE to all who write for it.

This FREE BOOK fully explains the causes, ill-effects and danger in neglect of these painful and crippling conditions. It also describes a successfully proven drugless method of treatment which has been applied in many thousands of cases.

This book is yours WITHOUT COST or obligation. It may be the means of saving years of untold misery. Don't delay. Send for your FREE BOOK today. Address The Ball Clinic, Dept. 2317, Excelsior Springs, Mo. (Adv.)

A Bible Thought For Today

He is despised and rejected by men; a man of sorrows, and acquainted with grief; and we hid as it were our faces from him; he was despised, and we esteemed him not. (Isaiah 53:3)

Editorial

Get That Tree Planting Fever Now

Now that we are at the season of the year when sudden northers are sandwiched in between spring like days, we could turn our attention profitably to beautification.

This is the best time of the year to get in telling blows toward yard improvement. Within the next four to six weeks, most of the transplanting of shrubs, flowering bushes and trees should be accomplished if best results are to be obtained this year.

Most of us wait until a dreary day in March or April rolls around (if the wind lays that long) and we get the seed catalogue fever. Suddenly we are filled with dreams of beautiful borders, beds of flowers and an expanse of carpet-textured grass.

Except for the latter, it will be almost too late to start.

If you have in mind certain plants for your yard, you might well check with your nurseryman, or with the U. S. Experiment Farm, or the city parks supervisor on whether they have been proven adaptable to this area. Of course you may be the pioneering type and bent on experimentation, but by and large experience over the years have shown that types of trees and shrubs most adaptable to the fluctuating climate of this area.

You may want to keep in mind, too, that it is easy to overplant. By that we mean that the bush or tree which looks so dainty when put out may in a few seasons be a rather formidable plant. More than one householder has forced pedestrians into the street by planting a "cute" evergreen next to the sidewalk. More than one home gardener has discovered that the abundance of border plants for a quick showing multiplies faster than you can imagine into a dense undergrowth.

Some thought, too, might be given to the location of tree plantings so as to remove the root system as far as possible from sewer outfall lines.

Work done now to the preparation of soil and seed beds for flowers will pay big dividends next summer through healthier plants, and also in getting by on a minimum of water. This may be said especially for lawns, for perhaps most water is wasted on lawns with seedbeds closely akin to pavement.

But lawns won't really make a showing until the warm weather of late April and May shows up. So if it is necessary to defer one part of your beautification plan now, let it be the yard and the flower beds. Get in your heavy plants as soon as possible so they will have a chance to get started in the early spring when root growth can parallel top growth. And now's the time to get out those pruning shears if you haven't already done so.

David Lawrence

Increasing Problems For Small Business

WASHINGTON — This is the season of the year when several members of Congress profess to be interested in "small business." No greater piece of demagoguery emerges in politics nowadays than the alleged concern for the fate of "small business" as the term is used by congressmen. For the truth is "small business," as it should be defined, has more enemies than friends in Congress, and the trend is toward more strangulation of such businesses in America through the power of monopoly.

The monopoly in question is not "big business" but "big unionism." There is lots of talk now about giving some tax relief to "small business" so that those firms earning around \$25,000 to \$50,000 a year may get a slightly lower tax rate. But that's no real relief. It is infinitesimal and does not relieve the main burden — the necessity of paying national scales of union wages irrespective of lower costs of living in small towns and rural sections where many small plants are located.

Today labor unions fix the costs for the small-business man. Whether or not he has up-to-date machinery, he has to pay the same national wage rates that the large business pays. Indeed, the prevailing wage rates are fixed in negotiation with the big businesses, and then the smaller ones have to pay the scale, or close to it, just the same.

Labor unions are exempt today from the jurisdiction of the anti-monopoly and anti-trust laws, and they can do as they please in fixing, by concerted action throughout the country, the labor costs that small as well as large business must pay. In fact, all businesses face, not only this monopoly, but in many instances a monopoly on labor membership through the imposition of restrictions on how many apprentices may be accepted each year. If a small plant tries to hire non-union labor, it runs into boycott troubles.

This tight hold on the labor supply and national wage scale gives "big unionism" tremendous power in the economic system of today, and yet the Democrats — who claim to be "the party of the people" — do nothing for the vast number of workers whose jobs are being jeopardized now by rising costs. The main reason for this indifference of the Democrats is that they get the bulk of their campaign contributions from "big unionism."

The plight of small business in America is indeed serious. The definition by members of Congress of what is "small business" is inadequate. It usually applies to the businesses which employ less than 20 persons. According to the latest available figures, there are, for instance, only 8,887,000 persons employed in the 3,865,000 establishments that have 20 or less employees. The figures show also there are 21,823,000 persons employed in the 4,060,740 business establishments that employ less than 500 persons. This compares with 16,867,000 employees in the 6,560 business establishments that employ 500 or more persons.

As for the various tax bills now being proposed for "small business" relief, they would mean a saving of \$2,000 in taxes to each firm earning \$25,000 a year and about \$1,700 to each company earning around \$50,000 a year. But the companies above those brackets would be soaked to make up the difference in income to the Treasury. Instead of reducing the corporate tax from its present rate of 52 per cent, the plans of those who claim to be concerned with "small business" would indeed penalize many hundreds of thousands of such firms with a tax rate of 54 per cent.

It is evident already that the present high taxes are damaging many small businesses. For a company that is making \$500,000 a year in an industry where the big fellows are making \$10,000,000 or more a year is really a "small business" and needs to be permitted to put aside more and more surplus each year in order to buy up-to-date equipment and stay in the competitive race.

Today liquid assets in American companies have been drawn down to the lowest point reached since the war years. That's because taxes are so high that the amounts set aside each year for surplus are not enough to furnish the funds needed for expansion without drawing on working capital. Already many businesses have for this reason curtailed or abandoned expansion plans. This, of course, gives the big companies their chance to go ahead with new plant and equipment which, in turn, reduces their costs.

Some day Congress will wake up and find out what is happening to "small business" in America and will be compelled by events to cut all corporate taxes. If the rate could come down again to 25 per cent, it would help all small businesses and would mean the biggest stimulus to employment America has ever experienced. It would permit the highest wage levels ever attained. For a tax cut across the board would benefit all the small businesses and at the same time would have a favorable effect on the economic status of almost everybody employed. It would bring in the highest record of tax receipts every collected from business since the income tax was enacted.

(Copyright, 1956, New York Herald Tribune Inc.)

After-You

OKLAHOMA CITY (AP) — Patrolman J. P. Perrine was boiling when he jumped from his scout car after it and another vehicle collided.

The driver of the other car, Phil Eisenhour, a former policeman, also jumped out ready for anything.

They were set with some pretty hot words when they recognized each other as old police buddies.

When accident investigator Bill Lewellen arrived at the scene, Perrine claimed he was at fault, forgetting to stop at the corner. Eisenhour said he was going too fast and went through a red light.

Lewellen, faced with such a situation for the first time, scratched his head and finally gave both men accident forms to fill out after they had more time to think.

Cleanup

AUSTIN (AP) — A man who has been cleaning up after members of the Texas House of Representatives for 61 years says the lawmakers are tidier these days.

"I remember when most of them wore long beards, stained with chewing tobacco and beer," says "Uncle" Henry Blair, head porter of the House and the oldest Texas Capitol employee.

"Last session I had only four tobacco chewers, but of course, we still provide cuspidors and I have two cuspidor men," Uncle Henry began work at the Texas Capitol in 1895.

Lifetime Guarantee

MILWAUKEE (AP) — Max Hockschild, 101, of Baltimore, Md., is described by the Northwestern Mutual Life Insurance Co. of Milwaukee as the oldest life insurance policyholder in the United States. He has outlived the mortality table on which the two Northwestern policies he owns were written.

True, Clouds Have Silver Linings—

J. A. Livingston

How Do Trading Stamps Affect The Cost Of Living?

WASHINGTON — Don't think the housewife is alone in worrying the question: What price trading stamps? The Bureau of Labor Statistics wants the answer too — now that stamp plans have invaded supermarkets. And the BLS could put millions of dollars in or take millions of dollars out of workers' pay envelopes.

The BLS compiles America's all-important Consumer Price Index, used by United States Steel, General Motors Corp., and other companies to make periodic cost-of-living adjustments in wage rates. Since food represents about 25 per cent of the average family's budget, the weight the BLS gives trading stamps could affect the level of movement of payrolls.

In September, the BLS surveyed 46 cities and found that (1) stamp plans were more prevalent in eastern and midwestern cities than in the Far West (but since then stamps have been introduced in San Francisco, San Jose, and other West Coast cities); (2) about 40 per cent of chain stores and supermarkets used stamps to build sales and only 12 per cent of independent grocers; (3) stamps are spreading.

Ewan Clague, Commissioner of Labor Statistics and trustee of the Consumer Price Index, plans to consult two technical advisory committees on how to handle stamps in the index. One committee consists of economists and statisticians chosen from the National Association of Manufacturers, the U. S. Chamber of Commerce, trade associations, and corporations. The other committee comprises representatives of labor unions. Clague also can call on selectees of the American Statistical Association for assistance and advice.

Technically, this is Clague's problem: The housewife buys groceries and gets stamps which enter her to a toaster, a table lamp, a what-not. Besides groceries, she gets for her money the right to acquire another item. This raises the family's standard of living. Should that raise in living standards be applied to a retailer in the price she pays for the coffee or bacon? And when? At the time of purchase or at the time of acquisition of the premium.

The BLS wants to find out:

1. The proportion of food sales on which stamps are given away.
2. The value of the stamps, which are not the same in all plans.
3. The portion of stamps that are turned in. After all, if only 80 per cent of the stamps are redeemed, then it wouldn't be proper to reduce food costs by the full amount of the stamps issued.

Nor is that the whole problem. Some canny shoppers buy brand-name staples, such as Maxwell House coffee, Cut-Rite wax paper, etc., etc., in stamp stores and go to non-stamp stores for items they think they can get cheaper. So the BLS must determine the distribution of purchases — not only by stamp and nonstamp stores but also by types of merchandise. If more coffee is proportionately bought with stamps than bacon, then the effect of stamps on coffee and bacon must be weighted proportionately.

"It's quite an administrative job," Clague told me. He can't be accused of overstatement.

As an initial attack on the problem, the BLS asked merchants: "Has your (stamp) plan resulted in an increase in sales to offset the cost?" The replies indicate that stamp-giving chains and supermarkets in small cities fared best. Independent storekeepers were less happy. Here are the returns:

Chains and Independent Supermarkets	Percent Increase
Large cities	62
Small cities	95
All cities	67

BLS specialists counsel against jumping to conclusions. Stores that got into stamps early realized big gains in sales. This is most marked in small cities. In larger cities, where competitors quickly fought stamps with stamps, the cost-paying effect of increased sales was not so apparent.

To the extent that the stamps are a hidden cut in prices, the BLS index tends to overstate food prices and perhaps the rise in prices during the last year. But by how much — by what fraction — no expert now dares say. That's going to take more time and research — product by product, store by store, and city by city.

Only 13 Dates Really Essential Say Professors

FRESNO, Calif. (AP) — History may become a more popular subject in schools of the future if recommendation of two Fresno State College history professors are given wide acceptance.

Only 13 dates are important enough to be remembered by the average American citizen — and 40 are sufficient for college students — Dr. Francis A. Wiley and Dr. Clair E. Nelson maintain.

The 13 dates they believe should stay with a person for life are:

1. Discovery of America in 1492.
2. The Protestant Reformation of 1519.
3. Settlement of Jamestown in 1607.
4. Introduction of slavery and the first legislative assembly of 1619.
5. Coming of British sovereignty over much of North America in 1763.
6. Declaration of Independence in 1776.
7. Establishment of government under the American Constitution in 1789.
8. Rise of the common man's participation in government, 1828.
9. The American Civil War, 1861.
10. The war with Spain, 1898.
11. World War I, 1914.
12. Depression of 1929.
13. Entry of America into World War II, 1941.

Those are the 13 events that should be kept in their chronological order for a reasonably good time in the price she pays for the coffee or bacon? And when? At the two professors.

Bible Words for Today

PSALM 85:10 — "Steadfast love and faithfulness will meet; Righteousness and peace will kiss each other." (RSV)

Here is the irresistible and inevitable rendezvous; "steadfast love and faithfulness will meet," They belong together and their tryst will be kept, come what will.

How profoundly true is the poetry of the psalmist as he next exclaims: "Righteousness and peace will kiss each other." No wonder; they are in love with each other. They will be together, they must be together. And what an attractive pair they make for mankind. Let's help them stay together.

It has been said: "In time of peace prepare for war and in times of war prepare for peace."

Let us say: "In time of peace, prepare for more peace." War may be necessary again, but with the destructive potential available today let us pray: God forbid.

"Peace and righteousness will kiss each other." These two lovers can't be separated. Call them together in your own heart. Righteousness is only what is right and that which is right is Peace.

Trinity Presbyterian Church
Montgomery, Alabama

Around The Rim

Some People Just Don't Make Enough Money

The paper says that members of the City Commission last week, "with tongue in cheek," considered voting themselves a 10 per cent increase in salary. This proposition wasn't pursued, but if it had been, the men who administer the city's affairs would be getting \$5.50 per session instead of \$5. With sessions, you understand, limited to two per month, so that the year's take would be \$132 instead of \$120.

I think the city charter has the gelling set on this, so in order to give the city commissioners a 10 per cent hike in wage, there would have to be submitted a referendum for a charter amendment.

So, the men who have accepted the public service assignment of handling municipal administration, will go along with their \$5 per meeting, just as have their predecessors for 30 years or so. And think what has happened to living costs in the past 30 years!

No car expense, either, although members of the commission spend a considerable amount of time in their own cars, out looking at streets, water lines, sewer mains, filtration plants and the like. With this kind of expense, it is likely that the city commissioners go in the hole for services rendered.

This would get these fellows about on a par with trustees of the school district, and trustees of the Junior College, all of whom have the comfortable situation of seeing the public at no remuneration whatsoever. Nor car expense.

This all has advantages for these men. They don't have to worry about the income tax on their salaries as public officials. And they must certainly be taking great pride in accomplishing something for their community.

County government, of course, is something else again. The state statutes say that county commissioners courts shall have one official meeting per month. It follows, I suppose, that if you can't get the job done in one or two meetings a month, then four must be held. And if these aren't enough, then you stay in session for as long as is convenient, or for as many times as you see fit. The pay is good, you see, and is now 10 per cent better than it was.

This is not to preach any sermons, but recent developments in the county government have touched off considerable resentment, if the people who have talked to me are representative. What comes of the resentment is questionable.

What the people of Texas will have to do, one of these days, is rise up on their hind legs and demand a modernizing of the county governmental system — so that the county government will be responsible to the commissioners court. The county court-at-law, the county attorney, the county clerk, the county tax assessor-collector, the county sheriff—all maintain independence, except in the matter of getting salary scales set. There is now an engineer who is supposed to have authority (we hope) to run his department.

What is left to make county commissioning so expensive?

It's a question that the people of Texas ought to be wanting to find the answer to. Some sort of county managerial system could be mighty efficient, and much more economical than what exists in Texas counties now. Good school government and good city government prove it, although the fellows at the helm don't take much home at the end of the month, for their good services.

How To Get Out Of A Revolving Door

A friend of mine is managing director of one of Chicago's largest and busiest hotels, the Sherman.

This friend, Gus Bering, is not only a great hotel man, but a real philosopher as well, a student of human nature. One afternoon, just after lunch, I happened to be in his office.

"Come on down to the lobby," he said, "and I'll show you the symbol of the deterioration of American civilization."

"Don't tell me you've got that right in your lobby!" I exclaimed.

"He led me down to their revolving door. 'This is it,' he said. 'Just stand here with me a few minutes and watch men approach that revolving door.'"

A luncheon meeting of business men was breaking up. They'd been singing, having a good time in sharing feelings, letting their troubles go for an hour. But now their meeting was over, it was time to get back to work and they all came pouring out of the elevators.

"You watch them when they get to the revolving door," Gus Bering said.

What a change! They came along laughing and slapping each other on the back, but when they reached the door it seemed that their eyes protruded, their faces grew rigid, they swept aside all politeness, and each one rushed to see who could get through the revolving door first.

"If they miss just one section of that door," Gus remarked, "that spoils the rest of the afternoon for them."

These men thought they knew where they were rushing, but actually they didn't. Gus and I knew, though. Some were rushing straight into the arms of the undertaker. By such tense and stressful living, theirs was the pace that kills.

Are you caught in such a revolving door? Are you perpetually hurrying to what can only turn out to be the last appointment you'll ever keep. You may say: "I'm not that kind of individual. I'm a quiet person and I live a quiet life. I'm not always rushing from one appointment to another. I'm not a victim of tension."

But you can't be sure of that. The housewife in her kitchen can be caught in the revolving door of life just as easily as the busiest executive. It isn't how fast you move physically — it's the pandemonium which exists in your thoughts. That's why some people who never seem to hurry sometimes suddenly have a breakdown. A calm and quiet physical approach to living doesn't always mean that the mental approach is equally calm and peaceful.

More than four hundred years ago, Henry Howard, Earl of Surrey, wrote that the quiet mind is a prime essential of the happy life. And the poet, John Jay, one hundred and fifty years later, prayed, "Give me, kind heaven, a private station, a mind serene for contemplation."

They were only repeating what had been said long before their time, in the Bible, "When He giveth quietness, who then can make trouble?"

Are you caught in a revolving door, rushing feverishly, living hectically? Stop — stop right now. Let your mind and body relax. Read the poets. Even better, read the Bible. Let great peaceful thoughts infiltrate your mind. Do only that — and you've made a new beginning of a more effective and certainly a happier life.

Walter Lippmann

Clarifying The Mid-East Proposal

Mr. Dulles in his public statement did little to clarify and make concrete the new Middle Eastern plan. This uncertainty is due, I think, to the fact that what is really new and of practical importance in the plan is something which it is difficult to talk about in advance. This something new is the authority and the means to negotiate and to bargain with the unaligned Arab states.

I may be mistaken but I am supposing that Mr. Dulles is hoping not to have to show his hand before he plays it. His way of getting Congress to vote the authority, the men and the money, without his having to show his hand is to talk very loudly about something else, about the need once again to warn the Soviet Union not to attempt to conquer the Middle East by war.

There are in the plan two related yet separable parts. One is the warning to the Soviet Union or to a Soviet satellite, if there were one, not to commit overt military aggression. The other is the request for bargaining power to induce the Arab states not to become satellites, not to go overboard for the Soviet Union. It is this second part which has a certain novelty. It is on the first part that the President and Mr. Dulles have thought it expedient to focus attention.

There is good reason for thinking that by breaking up the package and by taking the two parts separately, Congress would help to make the overall plan more likely to succeed. For one of the great defects of the Eisenhower-Dulles approach has been that it seems to imply that in accepting our assistance and our guarantee, the Arab states are aligning themselves with us against the Soviet Union.

Certainly of the key countries are unlikely to do this. It might be better, therefore, to deal with the warning to the Soviet Union in one resolution, and with the authority to bargain with the Arab states in another resolution.

(Copyright, 1956, New York Herald Tribune Inc.)

Fiscal Problem

WEST POINT, Va. (AP) — The town council here had some difficult fiscal decisions to make — there was too much money in the treasury.

The city fathers came up with this solution — water bill minimums to be \$1 instead of \$2, and town auto licenses to be reduced from \$5 to \$2.50. If this fails to get rid of the surplus more drastic steps will be taken.

Cool Rut

CASPER, Wyo. (AP) — Casper Mayor Tom Nicholas received a card from a Romanian refugee asking \$1.00 which he said was due him for shoveling snow in Casper in 1933.

Joseph Faganew, writing from a refugee camp near Rome, said he had been jailed and forced to shovel snow without pay in Romania and Yugoslavia before being allowed to enter Italy in 1954.

Faganew's duties at the Italian camp? Shoveling snow!

Such a resolution need not, and in my

New Instant Pattern Is Boon To Sewing

By DOROTHY ROE
Associated Press Food Editor

Sewing is getting easier all the time.

The newest wrinkle on the home sewing scene is an "instant" pattern, in which all the pattern pieces are printed on a single sheet of tissue paper. You pin the entire sheet of paper to the fabric and cut out. There's no danger of losing a tiny facing piece, there's no fuss about arranging pattern pieces; there's no fumbling with dozens of pins.

One of the new patterns is for an "instant" apron, big enough to make a practical kitchen cover-up and designed so that it opens flat for ironing. The pattern is most effective in a border print fabric, with the border forming a band of bright contrast across the hem and the bib. The apron buttons on each shoulder, ties in back and has a button tab in front.

Local sewing center experts point out that this apron requires no hand sewing. The pattern is arranged so that the selvage forms the hem; the other edges may be finished with the aid of that remarkable attachment, the multi-slotted binder. This little gadget folds and stitches bias binding in one operation, and will even stitch on rickrack at the same time. A loop of binding-forms the button-holes on the shoulders; the buttonholes on the front tab may be made with the buttonholer attachment.

Even the gay red tomato on the pocket may be applied by machine. A transfer is included in the pattern. Remember to leave an inch margin around the tomato when you cut it out, then work around the edge with a narrow satin stitch, trim close to the line of stitching and work features and legs with a black satin stitch.

When washday comes, toss the apron into soap or detergent suds in the washing machine. After a good sudsing you can even skip the ironing if you've been clever enough to pick one of the new no-

Instant Apron

Made with the new short-cut pattern, this apron can be stitched up in less than an hour!

iron cottons — just smooth out the wrinkles and hang to drip dry. Since this is such an easy apron to make, it's a good idea to make three at a time — one to wear, one to wash and one to keep handy for emergencies.

Bert Tuckers Honored At Post Nuptial Party

Mr. and Mrs. Bert Tucker were honored recently with a wedding party. Hostesses for the party were Mrs. A. C. Hudgins and Mrs. Nick Ranalli.

Mrs. Tucker is the former Zada Myrick, daughter of Mr. and Mrs. J. B. Myrick.

About thirty attended the party. The couple is making a home at 404 Douglas.

Register Monday For Trim And Fit Class

The first class of the YMCA's Trim and Fit course will begin Monday at 9:30 a.m. Mrs. Gene Ends is instructor for the lessons, which will be held each day, Monday through Friday, from 9:30 to 10:30 a.m. This course will end Feb. 8.

There is no charge for members of the Y, but non-members will pay a fee of five dollars. A baby sitter will be furnished.

CAMPUS CHATTER

By Mary Sue Hale

Our basketball boys will meet San Angelo in one of their most important contests of the season Tuesday night in the HCJC gym. B team game is to get under way at 6:30, with A team to follow at 8 o'clock.

The squad left Thursday to participate in the Temple basketball tournament, which ended yesterday. After classes Friday, Laverne Cooper, Richard Hood, Bill McVain, Julie Rainwater, Lou Burchett and Ann Porterfield joined them in Temple, to be present during the latter part of the tournament.

Miss Ina Mae McCollum, head of the history department, took on an additional duty last Thursday night. She, at that time, conducted the first in the series of four American history classes. The distinctive fact is that the instructor used no prepared text, other than the Constitution of the United States and the Declaration of Independence in conducting the three-hour sessions. The class is of mixed nationalities and races, but the students have the common goal of striving to attain citizenship to the United States.

For the first time in its 11-year history, HCJC sponsored and was in charge of a televised program Thursday night. Consisting of news

and talent from the college, the program has as its MC Charlie Burks. "On Campus" as the show is named, will be presented each Thursday at 6:45 p.m.

Featured in Thursday's show were the cheerleaders: Marilou Staggs, Clara Freeman, Julie Rainwater, and LaVelle Fletcher. Frances Booker, accompanied on the piano by Julie, sang "St. Louis Blues." Dean of men, George McAlister was interviewed. President, vice president, and secretary, respectively, Billy McVain, Nelson Milstead and Laverne Cooper outlined duties of the student council.

Copies of the final exam schedule are available in the business office. Beginning Tuesday morning at 8 o'clock, the exams will continue through Friday noon. With their completion, the fall semester comes to a close.

Registration for the spring semester will be held Jan. 23 and 24, the following Monday and Tuesday. Lists of courses offered for the spring semester are available in the business office, also. The Valentine dance, sponsored annually by the Lass-O Club, has been set for Feb. 16. Girls of the organization voted that the affair, to be held in the SUB, will be semi-formal.

Family From California Are Guests In Forsan

FORSAN — Visiting from Long Beach, Calif., have been Mr. and Mrs. G. H. Green and from Seminole, Mr. and Mrs. G. G. Green. Mr. and Mrs. Cliff Fowler and family have had Mr. and Mrs. R. L. Sanner, Tatum, N. M., as their guests.

Visitors from Odessa with the C. C. Suttles have been Mr. and Mrs. S. J. Newsom.

Tommy Seward, son of Mr. and Mrs. J. N. Seward, has been dismissed from the hospital and is recuperating at home following an attack of pneumonia.

Mr. and Mrs. G. W. Fletcher, Sherris and Lovelle have been visiting Mr. and Mrs. Bill Archer in Lamesa.

Joe Holladay has returned from Austin, where he attended the meeting of school superintendents.

Mr. and Mrs. J. W. Skeen were in Portales, N.M., this week to visit his brother who is ill.

Visiting her mother who is ill in Merkel is Mrs. Doyle Gilmore.

Mr. and Mrs. D. W. Roberson and David attended funeral services for her father in Mineral Wells this week.

Mr. and Mrs. Claud King and Joe, Snyder, have been guests of the Eddie Ray Kings.

In Rice this weekend have been

Mr. and Mrs. J. H. Cardwell. They were accompanied by her brother and family, Mr. and Mrs. Angus Eden, Odessa. They were at the bedside of their father, A. Eden, who is ill.

Mr. and Mrs. Jeff Pike have been dismissed from the hospital.

Mr. and Mrs. S. C. Cowley and Mr. and Mrs. Bob Cowley and Brenda, have been in Brownfield visiting W. A. Cowley.

Pat Henley, Dallas, has been a visitor with his grandparents, Mr. and Mrs. Johnny Miller.

Mr. and Mrs. O. D. Smith and family, Corpus Christi, have been guests of her parents, Mr. and Mrs. Jeff Pike.

Chequita Fowler entertained with a party in the home of her parents recently. Nine guests attended.

Mrs. Delmer Klahr is a patient in Medical Arts Hospital in Big Spring.

Sharon Klahr, Patsy Gooch, LeVelle Overton, Winona Walker, and Lynn Gray presented the program at the recent meeting of the Jr. GA's of the Baptist Church.

A demonstration on how to prepare brownies was given by Mrs. A. J. McVain, Mrs. Roy Klahr and Mrs. Joe Holladay, at the recent meeting of the Forsan Girl Scouts.

Committees have been appointed by president, Jo Ann Watkins in preparation. Marilou Staggs, Betty Earley and Laverne Cooper will be in charge of decorations. Refreshment committee has been selected to include Marilou Harrison, Barbara Elmore and Betty Heister. Lou Burchett is in charge of the program. A highlight will be the presentation of the Lass-O Beau, who was elected earlier this year.

A new meeting time is in prospect for Y Club members. Because of the number of conflicts the organization met during the day, a tentative time has been set as Monday nights, the second and fourth of each month. Place of meeting will be the Music Building.

After a general club meeting Tuesday morning, an executive meeting with local YMCA secretary, Bobo Hardy, and sponsor, Bob Dyer, followed. The club has some big plans in the making. The most prominent is a sunset service, to be planned in the near future. The entire student body will be invited for the event, consisting of a picnic, followed by a fellowship service.

The first of the night meetings will be tomorrow night, at 7:30. Be sure to attend if you are interested in getting in on ground floor operations of an up and coming group.

Duplicate Players Invited To Play At Officers' Club

Members of the Duplicate Bridge Club at Webb Air Force Base are inviting all civilian players to play with the club each Thursday evening at 7:30 at the Officers' Club. The first Thursday night in each month will be masterpoint night. Players may arrange for partners or they will be paired at the club. Arrangements for play may be made by calling Mrs. William Schoder at AM-47000.

New Members Join Council Of HD Clubs

Two new members were introduced at the Howard County Council of Home Demonstration Clubs, meeting Friday morning at the HD office. They are Mrs. Ross Callihan of the City HD Club, and Mrs. Louis Underwood of the Luther Club.

Mrs. Frank Wilson was in charge of the session. Elizabeth Pace, HD agent, brought the devotion on the subject, "Launching Out on a New Year's Work."

Recommendations for the year's work were read, amended and approved by the group. Presidents of the various clubs gave their project reports on the Christmas baskets packed, magazines and books delivered and other welfare work. A meeting of the food leaders was announced for 2 p.m. Monday at the HD office. A get-acquainted game was directed by Mrs. Pershing Morton of the Elbow Club.

Mrs. Shirley Fryar, THDA chairman, announced the theme of the year, "Christian Homes, the Hope of Our Nation."

Announcement was made of the meeting of District Two of THDA, set for some time in March in Levelland.

Guests in the home of Mr. and Mrs. B. E. Winterrowd, 885 Hunts, have been their children SP-1 and Mrs. W. E. Winterrowd of Enterprise, Ala.

Houston Symphony Helps Other Units

By MARSHALL COMERER
Associated Press Staff

The Houston Symphony Orchestra is making a name for itself in ways other than its concerts. Its members are engaged in a valuable community service by helping build two other symphony orchestras.

For some months a group of the orchestra's top men have been supervising the individual sections of the Houston Youth Symphony Orchestra.

The value of their work is shown in the greatly improved concert of the youth orchestra recently given a more unanimous, authoritative and eloquent ensemble playing, better solo musicianship and generally better tone.

More recently other members of the Houston Symphony have become section leaders in a new amateur symphony orchestra.

Sponsored by the Jewish Community Orchestra.

Its members are doctors, wives and many others who are highly trained musicians but had little opportunity to play.

The Margo Jones Theater '57 band of professional arena players have launched the new year with a blythe new comedy, "Woman Is My Idea." It is the story of a historical figure in the Mormon Church, Dr. John Rocky Ford, who wound up married to a young Mormon convert despite strong intentions to remain a bachelor. Harry Bergman gives an incisive characterization of the cornered man who was no match for the womanly wise girl, played with a flair by Ailsa Dawson.

The musical fantasy built around the fairy tale "Hansel and Gretel" by Jerry Powell and Paul Beck of the Odessa Junior College faculty is to make a brief tour of North Texas.

George Bragg of Denton, founder and director of the famous Texas Boys Choir which has made many tours of the Southwest, heard "Hansel and Gretel" at a district convention of the Federated Music Clubs in Andrews.

With Bragg's interest and help plans are now being perfected for presentations of the musical fantasy in Denton and Fort Worth.

Braggs has also commissioned the two Odessans to turn out another musical drama for the Texas Boys Choir.

Christopher Fry's poetic drama "A Sleep of Prisons," a highly imaginative religious drama, is the latest production of Baylor Theater. "The Silver Whistle," a play about a rest home for the aged, will be given by the Wichita Civic Playhouse Feb. 14-16.

The Odessa Symphony Orchestra's concert Jan. 15 will feature the premier of "Ocella Fantasy," the work of Mrs. Ferne Harie Crowley and a guest appearance of the Odessa High School A Capella Choir.

Like all Abbott and Costello movies, "Dance With Me Henry" is a study in pandemonium. But for the first time, the noted comedy team has made a change in format from pure slapstick to the newest fad in the entertainment world—romance mixed with a little drama, sustained by a fixed plot.

"Dance With Me Henry" is the 35th picture the pair has made over a span of 17 years. To date, the films have grossed \$6 million dollars.

The setting for the latest venture is a kiddy carnival, complete with ferris wheels, carousel, miniature trains, ponies and all the other rides that children fancy.

Lou Costello plays the carnival owner, who is always adopting mainly children and animals; Bud Abbott is an unreformed gambler. The plot has the welfare board objecting to the environment of Lou's home, while Bud finds himself in a jam with gangsters who seek to collect a debt.

Feminine lead is taken by former child star Gigi Perreau, and Ron Hargrave, latest singing idol of the younger set, plays her boyfriend.

"Dance With Me Henry" plays Sunday through Tuesday at the State Theater.

'Flannel Suit' On Return Bill

"The Man in the Gray Flannel Suit" returns to the screen of the Terrace Drive-In Theatre Sunday and Monday. It is a picture about a man in modern America's newest kind of uniform, the gray flannel suit. It is also a story of an executive's family, the impact of World War II, big business and the broadcasting industry.

Based on Sloan Wilson's best-selling novel, the film tells the story of the brief case brigade, men who carry home brief cases every night in their struggle to keep up with the terrific pace of life as most businessmen live it today.

Gregory Peck portrays a member of the gray flannel suit legion, a man who, ten years after the war, is still trying to adjust himself to life. Jennifer Jones portrays his wife, a suburban type. Frederic March plays a business tycoon who works 20 hours a day, neglects his family and carries the burden of his company single-handed.

The theme of the plot is in Peck's struggle to adapt himself from the relative security of olive drab to the insecurity of gray flannel. The story tells how Tom Rath, a paratrooper who killed 17 men during the war, returns home to life in Connecticut with his wife and three children; how he becomes a junior executive in a broadcasting company and relives in memory the romance he had with an Italian girl in Rome which resulted in the birth of a son.

The finale reveals his secret to his wife to bring about the story's climax.

Other stars appearing in "The Man in the Gray Flannel Suit" are Marisa Pavan as the Italian girl; Lee J. Cobb as a benevolent judge; Ann Harding as a neglected wife and Keenan Wynn as Peck's GI friend.

Born To The Colors

Bud Abbott's birthplace was a Barnum and Bailey circus tent. The tall half of the famous comedy team was the son of a circus advance man and a bareback rider.

First Adult Role

Gigi Perreau, famous child star of a few years back, plays her first grownup role as the feminine romantic lead in "Dance With Me Henry."

LIFE WITH MUSIC

Listeners Should Seek New Areas

By RICHARD D. SAUNDERS

The New Year is the time for resolutions, and a very pertinent resolution for a music lover is to make to his own advantage is, "I will listen to more music that is new to me."

The most important word in that simple phrase is "listen." It is easy to go to a concert, or to turn on the radio, and have a cascade of sounds pour out and around you. But to really listen to these sounds is quite another matter.

Listening first means an appreciation of what that individual selection is meant to convey and the desire to comprehend that message. When these two factors are present, the auditor will find that there is a unique joy in exploring new musical fields.

The average listener will better enjoy new works that are not too drastic a departure in style from the music that normally pleases him. Otherwise he soon may lose interest simply because the mode of expression is too involved for his present understanding.

A person studying another language does not immediately attempt to read books of highly literary style, not attend lectures upon academic subjects. Music, too, is a language, and much contemporary music requires a preliminary acquaintance with the steps that led to its composition. A great deal of it is not easy to grasp at first hearing, even for a trained musician.

If the listener prefers romantic music, let him find compositions in that style, or derived from that style, that he has not yet heard. There he will find many new delights for his ears without straining them. Or if classics are his preference, let him begin there. A taste for later styles should be developed slowly and pleasurably. Why miss the scenery along the way?

The musical repertoire is so vast that it is open to the inquiry of any intelligent music lover. If his senses are closed to these, he is doing a disservice only to himself. But if he tries new paths, he will find himself well rewarded.

Soprano Mary Costa, who sings the Chrysler commercials, and lately was soloist in the Burbank Starlight Bowl with the Burbank Symphony under Leo Damiani, has her pretty eye on the Met, and took her next step by singing the title role in "Norma" with a local opera group. . . . The Piech Boys, an accordion quartet of young brothers from San Diego, have been making a personal tour with the Mouseketeers show for Disney. . . . Grace Bush's latest sacred song, "Lord, Speak to Me," has just been published. . . . Alexander Kosloff is a skillful writer, as well as a noted concert pianist. One of his articles, written in Spanish, just appeared in a leading Mexican periodical. . . . Liberate is planning a new TV series based on the lives of the famed musical masters, and aims for world-wide release of half-hour vignettes about Liszt, Mozart, Chopin, Tchaikovsky, Verdi and others. . . . Lyricist Mack Gordon is on a promotion trek to beat the drum for "Bundle of Joy," in which he did six songs with Josef Myrow. . . . Harry Belafonte sings three songs for his own music score for "Trooper Hook," but is not visible in the film. . . . Another vocalist-turned-songwriter is Peggy Lee, who is penning tunes for "Johnny Trouble," to be filmed by John Carroll.

12-B Big Spring (Texas) Herald, Sun., Jan. 13, 1957

CLAUDIO ARRAU
One of the world's "greatest living pianists"

Midland Symphony Books Famous Chilean Pianist

A world renowned pianist, Claudio Arrau, will perform with the Midland Symphony Orchestra Thursday at 8:15 p.m. in the Midland High school Auditorium. Arrau will play the Beethoven Piano concerto No. 2 in C Minor.

Arrau is said to be among the world's great pianists. The Manchester Guardian in England has called him "the greatest of the great pianists."

His career began as a small child in Chile when the Chilean government recognized his great potentialities and sent him and his family to Berlin to study. He spent his young life there studying under Martin Krause, who had been a pupil of Franz Liszt. At 17, after winning many competitive prizes in Europe, he won the coveted International Congress of Pianists competition, then began his European tour as an accomplished concert pianist. Now, in his early fifties, Arrau makes his home on Long Island with his wife and two children and fills his engagements all over the world.

The Midland Symphony, under the baton of Walter Mantani, will include on its program the Overture to the "Barber of Seville" by Rossini, and Mendelssohn's Italian Symphony.

Single tickets are available at the Symphony Office in the Ezell Building in Midland or by calling Mutual 2-5367.

TOPS ON TV

New Programs Booked As Station Starts 2nd Year

KBST-TV celebrates its first anniversary of operation Jan. 15 and observes the occasion with the announcement of a number of new presentations to be included in the new, 1957 program schedule.

Included are "On Campus," Thursdays at 6-6:45 p.m.; "Across My Desk" Wednesdays at 8 p.m.; and "Sheriff of Cochise" Tuesdays at 8:30 p.m.

"On Campus," a 15-minute weekly presentation produced and directed by Howard County Junior College students, will feature guests from schools in the area, with Mary Sue Hale giving a news review of teen-age activities, and Charles Burks acting as emcee.

"Across My Desk" will feature Joe Pickle, Herald editor, in a weekly summary of area news, and Anne LeFever, Herald Society editor, who will discuss coming events of interest to local women.

"The Sheriff of Cochise" (replacing "The Great Gildersleeve") makes its initial appearance on Channel Four Tuesday evening. The Desilu production is a modern western story, based on authentic case histories taken from records of the sheriff's office in Cochise County, Ariz., and stars John Bromfield as the sheriff of Cochise.

TELETHON FOR DIMES

Four hands, swing and western join talent from around the Big Spring area, in donating their services for Big Spring's second annual telethon to be presented on KBST-TV Saturday, Jan. 19, for the 1957 with volunteers presenting six hours of continuous entertainment in the interest of the current campaign. In addition to approximately 50 variety numbers, viewers will hear the music of Hoyle Nix and his West Texas Cowboys, the Circle Four Ramblers Band and a swing combo composed of local musicians.

INAUGURATION

CBS television cameras will converge on the nation's capital Monday, Jan. 21, joining other networks in bringing the 48th Presidential Inauguration to approximately 100,000,000 people. Channel Four will carry the historical proceedings starting at 10:30 a.m. and included in the day's coverage of events will be the inaugural balls in Washington that evening.

STORY OF JAZZ

"Odyssey," the new public affairs program from the network, slated at 3 o'clock this afternoon, will dramatize the adventures and experiences of humanity as mankind progressed from the Stone Age to the Atomic Age. This program explores the southern backgrounds and root sources of jazz in "They Took a Blue Note."

HUMAN NATURE SPOILS SCENE

Film director Elia Kazan likes to capture realism.

This facet of his nature was evident in his previous movies, such as "Gentleman's Agreement," "Viva Zapata," "A Streetcar Named Desire," "On the Waterfront" and "East of Eden."

But in the filming of his latest masterpiece, "Baby Doll," someone failed to get the word.

Kazan had marked off several places in and around Benoit, Miss., for special scenes, but one cafe caused him unexpected trouble. He had chosen the place for its local color, but when he returned to begin filming, he discovered to his dismay that the owners had taken a soapy brush to pots and pans and added several bright coats of paint to walls and floor.

This wasn't the type of realism Kazan had bargained for, and the scene was shot elsewhere.

PLATTER PALAVER

By Mary Sue Hale

With high fidelity making recorded music such delightful listening, a boom is on in the field. Not too many years ago, the recorded was a poor substitute for live music—and no wonder! The only real record fans were the always-ready-to-accept-something-new teenagers, plus a few devoted music lovers.

Nowadays you aren't too amazed to discover that your neighbor is building his own hi-fi set, complete with numerous speakers and amplifiers. As he explains what does a particular job, you solemnly scratch your chin and wonder if you could accomplish such a feat. Then friend shows you his expanding collection, which is made up mostly of LP records, with a few odds and ends sprinkled in. Your interest, as is the case with so many Americans today, is sparked.

One of the major reasons for this steady increase in music interest is that the average person can find in music an outlet to relieving tension.

Although he is unable to attend a classical music concert by a big-name conductor and orchestra, very often, many a person can enjoy the same music, in the privacy of his own home anytime he wishes.

Harry Belafonte, the outstanding Calypso artist of the day, has recorded for RCA Victor two new waxings, "I'm Just a Country Boy" and "Hold 'Em Joe." The "Country Boy" side features a soft ballad effect, with guitar backing. In keeping with his current record of hitting the market on both albums and singles, this one has the potential of keeping the pace. Well, well, the latest bid by El-

Haunted House Was A Problem

There is an old plantation in Benoit, Mississippi, that the residents call haunted and neither man, woman nor child has set foot within its broken frame in 25 years.

This was the unique situation, that director Elia Kazan met when he took his "Baby Doll" company to the delta location site. He had selected the fallen-down mansion as a background to Tennessee Williams' first original screenplay. The problem was how to get the citizens, cast in supporting roles, to enter the building, when all the time they knew it was haunted.

All the promises in the world couldn't convince the local citizenry that the spirits had left the buildings. Finally a compromise was made; the intended interior scenes were changed into scenes played out of doors. This proved a happy solution, especially for the Mississippians who had held special prayer sessions for the leading stars.

Star Wears 'Baby Doll'

Which came first, the nightie or the name?

This was the question posed to young Carroll Baker who wears the nightie and bears the name of "Baby Doll" in the movie of that name.

Baby Doll is the name given to a breezy bit of bedclothes which functions as a nightgown. It resembles an old-fashioned nightgown in about the way a Bikini bathing suit might resemble Grandma's bathing attire at the turn of the century. A Baby Doll, like the one worn by Miss Baker, begins in a whisper about the neck and ends in a whistle at the thigh. It is made of lightweight lace with enough delicacy to make it decorative and enough reinforcement

John Forsythe is the zany artist who never would have noticed the girl next door had he not used her deceased husband for a model. Mildred Natwick is the spinster who knew a good reason for Harry's trouble and who conked him for it.

Burglars took two pounds of meat from a northside grocery.

The meat was reported taken from Banks Grocery, 1104 NW 4th. The grocery had been closed for several weeks, however, so the actual time of the loss would not be determined, officers reported.

Painful Names

It was a painful canine family that appeared in "Baby Doll." A pair from the same litter named Black and Blue, the bound dogs' mother was named Sore and their father, Bruise.

Meat May Have Been A Bit Stale

Burglars took two pounds of meat from a northside grocery.

REPORT OF CONDITION OF THE SECURITY STATE BANK

AT BIG SPRING
IN THE STATE OF TEXAS
AT THE CLOSE OF BUSINESS ON THE 31st DAY OF DECEMBER, 1956, pursuant to call made by the Banking Commissioner of Texas in accordance with the Banking Laws of this State.

RESOURCES	
Loans and discounts, including overdrafts	698,472.76
United States Government Obligations, direct and guaranteed	342,797.00
Other bonds, notes, and debentures	49,324.44
Cash, balance due from other banks, including reserve balances, and cash items in process of collection (including exchanges for clearing house)	599,855.49
Banking house, or leasehold improvements	121,741.26
Furniture, fixtures, and equipment	29,769.85
Other assets	8,996.35
TOTAL RESOURCES	1,850,957.15

LIABILITIES AND CAPITAL ACCOUNTS	
Common Capital Stock	125,000.00
Surplus: Certified \$125,000.00	125,000.00
Undivided profits	43,431.16
Demand deposits of individuals, partnerships, and corporations	1,028,274.46
Time deposits of individuals, partnerships, and corporations	65,118.16
Public funds (Incl. U. S. Govt., states and political subdivisions)	143,306.95

Directors.

Subscribed and sworn to before me this 5th day of January, 1957.

LARSON LLOYD, Notary Public, Howard County, Texas

vis Presley in the way of recorded music comes all packaged in a special jacket with color photo of the idol. One side, "in reckless rhythm, that has been known to send bobby soxers into fits of hysteria, is "Too Much." The flip, "Playing For Keeps," is similar to "Love Me Tender."

A record seeing many spins around this area is "Just in Time," by Tony Bennett. The popular trend of the day seems to be drifting in the direction of "pretty music" and this could be considered in that category.

A tune with a pronounced beat is "Jim Dandy" as done by Lavern Baker on Atlantic label. As is characteristic with a number of tunes now popular, the words aren't quite as important as the musical accompaniment and rhythm.

Fats Domino sings "Blue Monday" in a definitely rhythm and blues vein. Imperial is the recording company responsible for this up and coming number, from a local standpoint.

Carroll Baker, the Baby Doll of the film story to the noise made by her husband, Karl Malden, as he bores a hole in the wall to see what he's married. Part of the plot is based on a strange agreement in which Malden is not to consummate his marriage to Baby Doll till she

'Baby Doll,' A Controversial Film, To Play At Ritz Theatre

The controversial film, "Baby Doll," plays Sunday through Thursday at the Ritz Theatre. The film was produced and directed by Elia Kazan and written by Tennessee Williams, noted Broadway playwright.

Kazan is noted for such films as "A Streetcar Named Desire," "East of Eden," and two Academy Award winners, "Gentlemen's Agreement" and "On the Waterfront." Williams won Pulitzer prizes for his stage plays "A Streetcar Named Desire" and "Cat on a Hot Tin Roof."

Carroll Baker portrays the part of a child-woman approaching her 20th year, and the consummation of an agreement with her husband, Karl Malden, who had promised

not to touch his bride until she was a woman. A tragic-comic theme develops as "Baby Doll" stirs to her developing womanhood and is repulsed by the revolting actions of her husband, a flabby, middle-aged weakling.

Eli Wallach is cast as the "Wop from Corpus Christi" whose man-

agement of the Syndicate Gin in the Mississippi Delta has about run Malden out of business. Malden, living in a run-down mansion, is frustrated to the breaking point when the finance company takes back the furniture, and he sets fire to the Syndicate Gin. Wallach, suspecting Malden, decides to get even by seducing his child-wife.

The scene of the story is set in the Deep South, and the characters are of the same general type portrayed by Erskine Caldwell and John Steinbeck. The movie was filmed in Benoit, in the Mississippi Delta country.

A picture of actress Carroll Baker in a child's crib was blown up to fit a 13,600-square-foot billboard on Broadway between 45th and 46th streets in New York. The job required five weeks to complete.

Movie men have gone in for some fantastic ballyhoo in the past, but the billboard advertising the coming of "Baby Doll" should have won an award for something or other.

A picture of actress Carroll Baker in a child's crib was blown up to fit a 13,600-square-foot billboard on Broadway between 45th and 46th streets in New York. The job required five weeks to complete.

After the protagonists, Spellman, Williams and Kazan, had had their say, the matter apparently died down. There was no picketing of the premiere theatre such as has marked similar controversies over other films in the past.

Spellman denounced the film as "evil in concept," certain to exert an immoral and corrupting influence upon those who see it.

The conscienceless, venal attitude of the sponsors of this picture constitutes a definite corrupting moral influence. Since these degrading pictures stimulate immorality and crime they must be condemned and therefore . . . I exhort Catholics to people protesting this film under pain of sin," he added.

The Catholic Legion of Decency earlier had condemned "Baby Doll," and accused the Motion Picture Assn., which had approved the film, of "open disregard" of its own code. The association denied the charge.

Kazan added that the movie "has been approved by the Motion Picture Authority of America, which is administered by men of discretion and conscience."

Williams declared: "I cannot believe that an ancient and august branch of the Christian faith is not larger in heart and mind than those who set themselves up as censors."

After the premiere, critics hailed the acting in "Baby Doll" but generally withheld comment on whether the story is too strong for the screen. There have since been no large scale attempts at censorship such as marked the release of Howard Hughes' "The Outlaw," and the controversy over "Baby Doll" seems to have died a natural death.

Lou Was Fighter

Lou Costello, the plump half of Abbott and Costello comedy team, was once a professional prize fighter. After a dozen bouts, he quit the ring for good because, as he says, "the other guy in the ring was mean — he kept hitting me."

Old Crib Used

A 140-year-old crib is one of the key props in the film, "Baby Doll." The crib was found in a Benoit, Miss., second-hand shop where the film was made. It is made of cast iron and bears marks indicating it was made in 1846.

'Who's On First' Routine In Sports 'Hall Of Fame'

Bud Abbott and Lou Costello, whose famous "Who's On First" routine has been accepted for the Baseball Hall Of Fame in Cooperstown, N. Y., claim they would rather have this honor than an Academy Award.

Actors Pause For Character Study

"Take five" in most jobs means to knock off work for a few minutes. When Elia Kazan, movie producer, tells his stars to "take one," however, it means exactly the opposite.

Comedy Team Back

"Dance With Me Henry" marks the first film of the zany Abbott and Costello team in more than a year. The comedy pair has been busy in television in the meantime. The picture tells how the two get in trouble when a gang of criminals uses their carnival to hide some loot.

Murder Madness

If you have to stumble across a body in the woods, you couldn't find a more pleasant setting for it than Vermont in the autumn. At any rate, that's Alfred Hitchcock's point of view, and the noted yarn-spinner uses this theme tellingly in "The Trouble With Harry," his first major venture in strict comedy.

Spellman Ban Nearly Caused Controversy

"Baby Doll," latest production of Elia Kazan, almost became the controversial picture of the year after a scathing attack by Francis Cardinal Spellman, archbishop of New York. Kazan and Tennessee Williams, author of the screen play, immediately came to the defense of the film, but the critics, who could have blown the spark of argument into a flaming controversy, chose to veer away from any discussion of the film's moral tone.

After the protagonists, Spellman, Williams and Kazan, had had their say, the matter apparently died down. There was no picketing of the premiere theatre such as has marked similar controversies over other films in the past.

Spellman denounced the film as "evil in concept," certain to exert an immoral and corrupting influence upon those who see it.

The conscienceless, venal attitude of the sponsors of this picture constitutes a definite corrupting moral influence. Since these degrading pictures stimulate immorality and crime they must be condemned and therefore . . . I exhort Catholics to people protesting this film under pain of sin," he added.

The Catholic Legion of Decency earlier had condemned "Baby Doll," and accused the Motion Picture Assn., which had approved the film, of "open disregard" of its own code. The association denied the charge.

Kazan added that the movie "has been approved by the Motion Picture Authority of America, which is administered by men of discretion and conscience."

Williams declared: "I cannot believe that an ancient and august branch of the Christian faith is not larger in heart and mind than those who set themselves up as censors."

After the premiere, critics hailed the acting in "Baby Doll" but generally withheld comment on whether the story is too strong for the screen. There have since been no large scale attempts at censorship such as marked the release of Howard Hughes' "The Outlaw," and the controversy over "Baby Doll" seems to have died a natural death.

The Week's Playbill
