

Looking For Diamonds

Five weeks ago a nine-alarm fire wrecked a center-city building in Philadelphia, Pa., housing the city's Diamond Center and employees of six jewelry firms fled, leaving behind what they say was \$30,000 in diamonds in safes and filing cabinets. Search for the jewels, many uncut stones, continued after this safe was found buried in the debris. This safe, however, was empty when opened by Insurance Patrol Fireman John Rose, left, with Detectives Edward Wadlinger and Henry Coshland.

Bedwell Released On \$20,000 Bond

CHICAGO — Edward Lee (Bennie) Bedwell, who signed and then retracted a confession admitting the slaying of Barbara Grimes, 15, and her sister Patricia, 13, was released yesterday from Cook County Jail on \$20,000 bond.

Bond for the 21-year-old Skid Row odd jobs man was arranged by Morris Brown, Champaign, Ill., a professional bondsman, who told reporters he believes Bedwell is innocent.

Bedwell's attorney David Bradshaw said he had made arrangements with "an agency" for "some sort of rehabilitation" for Bedwell. He did not elaborate. The rangy, Tennessee-born Bedwell emerged from jail yesterday looking brushed and scrubbed. His long, ducktail haircut had been modified somewhat by jail barbers.

Aaron Brown, mayor of Bedwell's home town, Paris, Tenn., arrived to assist his former townsman. Brown said he came to Chicago at the request of Bedwell's 70-year-old father, who is crippled. Bedwell's mother and father are divorced. His mother Mrs. Ethel Bradberry has remarried and lives in Chicago.

Bond for Bedwell, who had been in custody since Jan. 24, was set last Saturday by Chief Justice Wilbert F. Crowley in Criminal Court on a habeas corpus writ. Another hearing on a petition for

his outright release will be held Feb. 19. Meanwhile, police had no leads in the mysterious slayings of the two girls. The sisters disappeared from home Dec. 28 and an analysis of one girl's stomach contents was said by a toxicologist to indicate she died the same night.

Scandal Witness Says Testimony Forced By Cops

VENICE — A prosecution witness in the Wilma Montesi case today sobbingly repudiated earlier testimony that she had seen Wilma with Gianpiero Piccioni the day before the dark-haired party girl died.

Irma de Felice, peasant wife of a gamekeeper, said the chief investigator in the earlier Rome inquiry, Judge Rafael Sepe, "tried to make me tell that I saw them but I really did not." Piccioni, jazz pianist son of a former foreign minister, is the principal defendant in the sensational case that has shocked Italy for nearly two years. He is charged with abandoning the girl unconscious on a beach near Rome in April 1953 after a dope and sex orgy.

Mrs. De Felice's retraction of her earlier story caused an uproar. The defense attorney, Filippo Carnelutti, charged that it "demonstrates that the witnesses have been intimidated."

Piccioni has testified that he never met Wilma and that at the time of her death he was holidaying at Amalfi, another resort 140 miles southeast of the beach where Wilma's body was found. He is one of nine persons charged with perjury because of testimony they gave in the Rome investigation earlier.

Webb Airmen Commended For Action On Fire

Two Webb airmen have been commended for action resulting from fire in a mobile starting unit for jet airplanes at the base recently.

The commendations from their commander, Col. R. J. Downey, went to T-Sgt. James E. Tilson and A-1C Robert A. Mabey. Downey lauded them for their "cool-headed alertness and reaction in an emergency" when the exhaust from a T-33 set out a ball of fire that was caught by a high wind and ignited the starting equipment which was parked nearby. They extinguished the blaze and saved the expensive machine.

"I am proud to have a man of your caliber in my command. By your actions you have shown that you possess the qualifications and qualities which have made the Air Force what it is today," Downey told the pair.

Airman Mabey received second degree burns on both hands during the incident, but has fully recovered. His enlistment will terminate in 46 days and he plans to re-enlist to fill his own vacancy. This is his first enlistment, and he has been stationed at Webb for two years. He is a graduate of the Webb NCO Academy. His hometown is Oakley, Idaho.

Choraleers To Sing For Five Groups At Dallas

The Webb Choraleers will fly to Dallas Saturday where they will be heard by an audience of more than 6,000 in five appearances Sunday and Monday. They will return to Webb Tuesday morning.

The famous Choraleers will sing the "Song of America." It is a Fred Waring number, containing works of famous American poets, set to original music by Roy Ringwald. The singers will appear at the Oak Lawn Methodist Church, First Presbyterian and First Methodist churches for an inter-racial program sponsored by all of the Methodist churches in Dallas. On Monday they will sing during assembly programs at Highland Park High School and Lincoln High School.

The present group of Choraleers was formed last month. It is composed primarily of student officers who practice one night a week during off-duty hours.

Lt. Charles H. Webb Jr., personnel services officer, conducts the group which won first prize in the Air Force Group Singing Contest for all Flying Training Bases in the United States. In world-wide competition, they placed second among all USAF bases in the world.

20,000 LEAGUES

Jules Verne's Prediction Comes True For 'Nautilus'

By PAUL V. COCHRANE
NEW LONDON, Conn. — Jules Verne's mythical "Twenty Thousand Leagues Under the Sea," became reality Monday night as the atomic submarine Nautilus, named for Verne's imaginary ship, did it herself.

The Nautilus had gone 20,000 leagues—60,000 miles—in a myriad of Atlantic cruises under just about every condition except ac-

tual war. It was 87 years after publication of Verne's book. The big submarine was 120 miles east of Atlantic City at 8:30 p.m., far below the surface. Capt. Eugene P. Wilkinson had been looking forward to the observance ever since he first put to sea from this port under nuclear power on Jan. 17, 1955. The dozen newsmen aboard,

were shepherded through the labyrinth of tunnels with the thousands of gauges, dials and pipes that constitute the interior of the big ship.

They had seen practically everything, even the top of the shield which covered the head of the atomic reactor itself. Had it not been pointed out, it would have passed unnoticed in the maze of mechanism.

The underwater speed remained "classified" as did the depth to which the Nautilus can plunge. But both were plenty, and far more than ordinary subs.

Newsmen got a hand at steering the 67-million-dollar monster built here at the Electric Boat Yards of the General Dynamics Corp., where a sister ship, the Seawolf, is currently undergoing trials.

And as they took the places of enlisted personnel—but always under the watchful eyes of Nautilus officers—they plunged the big submarine and brought her to within 100 feet of the surface in exercises that also demonstrated the Nautilus' ability almost to turn on a dime.

One of the facts disclosed during the run was that had the submarine been powered by the conventional means, it would have consumed 720,000 gallons of fuel oil since it first put to sea.

Wilkinson, radioed Secretary of the Navy Charles S. Thomas of his accomplishment Monday night as the submarine neared surface off Atlantic City.

"Nautilus completed 60,000 nautical miles—20,000 leagues—on nuclear propulsion," he told Thomas. And early Tuesday as Wilkinson and his men neared this port came greetings from Mamie Doud Eisenhower who, on Jan. 24, 1954, christened the ship. Wired the President's wife, "congratulations to the crew of my ship for your wonderful achievement."

Probers Determined To Get Beck In Union Hearing

WASHINGTON — Senate labor investigators said today they intend to get testimony from President Dave Beck of the teamsters union despite his unannounced trip out of the country.

Beck showed up yesterday in Nassau, the Bahamas, with airline reservations to continue on to Europe. But he said he might not go to Europe after all. He returned only last month from another European tour.

Sen. McClellan (D-Ark.), chairman of a special Senate committee investigating alleged racketeering in labor unions and industry, told a reporter he believes Beck could give testimony "very pertinent" to this inquiry and add:

"Before these investigations are through Mr. Beck will appear before us—unless he stays out of the jurisdiction of the United States." The committee announced it plans to start big-scale public hearings within two weeks in its search for evidence of underworld influence in some unions, corrupt deals between some labor union officials and employers, and misuse of labor union funds by officials.

The committee yesterday hired Robert F. Kennedy as its counsel. He is on leave of absence from a similar post on the Senate Permanent Investigations Subcommittee, which McClellan also heads.

As counsel to the permanent subcommittee, Kennedy had testified at a public hearing he had evidence that teamsters union funds were used to pay "personal bills" for Beck and some other union officials.

Beck told reporters who telephoned him from Miami Beach

that he was not in Nassau with any purpose of avoiding a subpoena, but was there "getting a rest with my wife."

Solon Against County Split

AUSTIN — Rep. Louis Anderson of Midland said today he was standing by his decision not to introduce legislation that would split Pecos County into two counties.

"I just don't think it would be the best thing to do," he said.

Recently Anderson was approached by representatives of an organization called the Trans-Pecos Development Assn., composed of a group of citizens of Pecos County. They expressed discontent because about 70 per cent of Pecos County's tax money came from the Yates oil field near Iraan while, they said, county commissioners spent 85 per cent of the tax money around Fort Stockton in the western part of the county.

Medic Sentenced In Abortion Case

WICHITA FALLS — Dr. L. D. Parnell, 70, was sentenced to two years in the state penitentiary last night after an all-male jury convicted him of performing a criminal abortion on a 14-year-old Negro girl June 6, 1956.

Dr. Parnell, who has practiced here since 1920, filed notice of appeal and was released on \$4,500 bond. Despite defense objections, testimony was entered during the trial by two white women, ages 21 and 22, that they had abortions performed by Dr. Parnell and his assistants.

Two national leaders of the Southern Baptist Convention, and others from the Baptist General Convention of Texas will speak before the representatives of some 133 West Texas churches and missions Thursday evening at the First Baptist Church in Big Spring.

Ample Reason For Envoy To Get Busy

By WARREN ROGERS JR. WASHINGTON (AP)—Syria's Ambassador Farid Zeineddine stirs busily around the United States government whenever it acts or seems about to act in the Middle East.

He has ample reason to busy himself at this time, when Congress is working on President Eisenhower's Middle East proposal for curbing communism, and both King Saud of Saudi Arabia and Crown Prince Amir Abdul Ilah of Iraq are visiting Washington.

Syrian-Iraqi relations right now are strained. Iraq doesn't appreciate Syria's delay in reopening sabotaged oil pipelines in Syria. Continued stoppage of the oil flow from Iraq to Western markets is costing Iraq \$700,000 a day.

Like his country's new government, Zeineddine admires the Soviet Union. He served there in the Syrian Embassy at Moscow, for four years. In the United Nations, where he heads Syria's delegation, he often adds his voice and vote to the Communist cause.

But none in Washington who know him would say he is a Communist. He is pictured variously as a true Nationalist, a personally ambitious extremist, a would-be spokesman for all the Arabs, and a vociferous anti-Zionist. Some see him also as a man quite willing to gain the martyrdom of diplomatic expulsion from the United States, thinking that might increase his political stature in Syria.

every town and city in the area will be present. The Southern Baptist "Forward Program of Church Finance" will be explained in detail, as part of an overall effort whereby Texas Baptists hope to increase their annual giving by \$5,000,000 during 1958. The denomination is expected to give \$75,000,000 to support

church work this year. The Texas total for 1958 is \$80,000,000. Similar meetings are also being held in 16 other Baptist districts over the state. Dist. No. 8 includes five Baptist associations in a 12-county area extending from Glasscock, Mitchell and Scurry counties on the east to the west borders of the state. The district missions secretary is the Rev. J. William Arnett of Big Spring.

The speakers who will address the meeting here are Dr. Courts Redford, Atlanta, Ga., executive secretary-treasurer for the home mission board of the Southern Baptist Convention; Dr. Merrill Moore, Nashville, Tenn., associate secretary and director of promotion of the SBC Executive Committee; and Dr. Norris Palmer, pastor of the First Baptist Church, Baton Rouge, La.

Speakers for the Baptist General Convention of Texas will include Dr. Arthur Rutledge of Marshall, chairman of the BGCT executive board; Dr. L. B. Cobb, BGCT stewardship director, and Dr. Wilfred Parker, pastor of the Worth Heights Baptist Church in Fort Worth.

The program starts at 7 p.m. Thursday with a song service led by Owen C. Taylor of Lamesa. Cobb will speak at 7:10 p.m. on "Developments in Church Finance and Mission Support." Palmer then will talk on "Our Southern Baptist Finance Plan."

"Count on Texas" will be the topic for Parker. At 8:20 p.m., a question-and-answer period will be directed by Dr. Cobb. This will be followed by Rutledge's talk on "Texas and Missions" and Redford's address on "World Missions — A Must." Adjournment is set for 9:40 p.m.

grave. The State Department, Zeineddine sometimes seems to go out of his way to make their tasks difficult. His attacks on Zionism, which is espoused by many American Jews, have brought protests to the department. But he never lets up on them.

Zeineddine, a small and articulate man, stands about 5 feet 5. After study in Western universities, he joined Syria's foreign service in the late 1930s. In 1937, he was named director general of Syria's Ministry of Foreign Affairs.

In 1945 he went to San Francisco for the first United Nations conference. He has been a U. N. delegate off and on ever since. He served in Moscow as minister for Syria during 1947-51. He came to Washington from Moscow the next year and has been ambassador in Washington ever since.

Possibly because he is so articulate and so positive he is right, Zeineddine has created the impression that he is the Arab spokesman in the United States. This sometimes infuriates his more moderate and quieter Arab colleagues in the Washington diplomatic corps.

American officials, caught between Zeineddine's sharp tongue and indignant outcries from American Jews, hope his expulsion never becomes necessary. The administration goal in the present Middle East crisis is to win Arab friends, not to lose them.

Grave Penalty

HARRISBURG, Pa. (AP)—The State Senate has unanimously passed a bill to increase the penalties for grave robbing in Pennsylvania. It raised the fine for tampering illegally with a buried body or damaging cemetery property from \$1,000 to \$5,000 and the maximum prison term from one to three years.

Loveland Aids Cupid

LOVELAND, Colo. (AP)—Once again Loveland's postmaster is giving true love a helping hand. Valentines by the tens of thousands are streaming into the post office of this "Sweetheart Town" in northern Colorado, to be mailed with the Loveland postmark and special cachet.

This year the cachet, or special seal, includes this rhyme: Atomic missiles are Super, we know. But no match for the arrow For Dan Cupid's bow.

The seal has a miniature heart-shaped birthday cake signifying this is the 10th anniversary of the Valentine remailing service. Last year more than 75,000 valentines were remailed from the Loveland post office to sweethearts in all 48 states and 26 foreign countries.

Postmaster Fred Brewer and his staff expect business to be equally as good this year.

Truman Falls, Takes 6 Stitches

INDEPENDENCE, Mo. (AP)—Harry S. Truman has a six-stitch cut on the back of his head as the result of a fall yesterday. He slipped on some ice at his home. The former President went on to his office in Kansas City and was threatened there by Dr. Wallace Graham Jr., who also was his physician at the White House. Dr. Graham said the cut was superficial and Truman stayed at the office for a full day's work.

Traffic Fines Total \$26,000 During 1956

Speeders picked up on the roads and highways by law enforcement agencies contributed more than \$26,000 in fines and costs to the county treasury, a check of the records of Big Spring's two justices of peace offices for 1956 reveals.

Most of the business handled by A. M. Sullivan, whose office is located on Gregg, consisted of dealing with traffic law violators. He estimated that a total of 600 such cases were presented in his court during the year. A check of the records showed these offenders paid in \$26,521 in fines and costs.

At the courthouse, Justice of Peace Walter Grice had few, if any, traffic cases in his court. His business was largely in other fields. All felony cases filed during the year were lodged in that court and, in all, he handled 766 matters during the year. The fines and costs in his court totaled only \$7,000. No costs or

RENO (AP)—Harriet Smith, 20, an insurance company bookkeeper, walked right through a glass window in the excitement of yesterday's explosion. "The front window was built in sections and it looked like it had all been shattered," she said. So she ran right through. She got her cut legs treated at a hospital.

Children Burn

Mr. and Mrs. Edward C. Wilkins, of Syracuse, N.Y., plead with police to save their children trapped in their burning home. All rescue attempts failed and three of the Wilkins' nine children died in the flames. Two other children were carried from the house and four were attending school when the fire broke out. Police had to restrain the father from entering the burning home.

Work Of Midland Artists Now On Display At HCJC

Another display of the art being produced in this area is now on exhibition in the Howard County Junior College Library. The current collection is made up of 16 paintings done by members of the Midland Palette Club and is one of the series of exhibits to be hung in the HCJC Library by Las Artistas. Big Spring's art club. This group of pictures will hang in the library for approximately three weeks and it replaces a collection by Big Spring artists which was viewed by a large number of local residents during the past few weeks.

Church Stages Boys' Program

Tuesday was "boys night" for the First Baptist Brotherhood. Members of the Royal Ambassadors, an organization sponsored by Baptist laymen, presented a simulated TV program, with Joe Hollingshead as the moderator. B. T. Faulkner, leader, urged all men of the church to "adopt" a boy and aid him in RA and all other activities. Jim Schrimshire, scoutmaster of Troop No. 5, sponsored by the church for the past 25 years, introduced Ross Reagan and Gary Fickle, who told of special projects and activities. First class badges went to Franklin Reynolds, Clinton Gambill, and Curtis Beard; Star Scout badge to Wiley Woodward; merit badge to Wiley Woodward, Ross Reagan and Tom Reed. Presiding over the program was Melvin Winter, program chairman.

He came to Big Spring after retiring as a section foreman for the Santa Fe at Santa Anna. In charge of the services were to be the Rev. Noah Tuttle and the Rev. John Buchanan, and burial was to be in the Salem Cemetery. Among survivors are two brothers, B. F. Logan, Big Spring, and D. M. Logan, Colorado City, and a sister, Mrs. M. B. Umphrees, Dallas. Pallbearers were to be Otis Wise, Earnest Rainey, Leo Hull, Joe Hull, Bob Wheeler and Roy Cook.

Missionary Will Speak At First Christian Thursday

A missionary to Thailand, George Cherrymores, will speak at a public meeting of the Christian Women's Fellowship at the First Christian Church Thursday evening, Rev. Clyde Nichols, pastor, announced today. The program starts at 7:30 p.m. and is open to the public. Rev. Nichols said, Nursery facilities will be provided for small children. Rev. Cherrymores will tell of his work in Thailand and in China where he also served as a missionary prior to Communist domination of the nation. He went to Thailand in 1951. He and his family now are on a year's furlough in this country. Their mission is at Nakor Patom, near Bangkok. Mrs. Cherrymores, the former Margaret Kennedy, is the daughter of Rev. and Mrs. Paul Kennedy who were among the first Protestant missionaries in the Philippines. She was born there. Cherrymores is from Jacksonboro. He graduated from Texas Christian University in 1942, and did graduate work at Yale and Cornell Universities prior to going to China in 1946. He is the "link missionary" for the First Christian Church at San Angelo.

Business, Unions In Inflation Debate

WASHINGTON (AP)—Two leading business spokesmen cited inflation as the key problem facing the nation but a top labor leader said business might turn down in the last half of 1957. The National Assn. of Manufacturers said if the present rate of inflation is allowed to continue, "it can compound into a doubling of the price level by 1957." Frazer B. Wilde, chairman of the Research Policy Committee of the Committee for Economic Development said "We are now faced with the danger of a long-term and persistent inflationary trend." George Meany, president of the AFL-CIO, said the economy is at very high levels now but appears to be faltering a bit, particularly in the sectors of plant expansion and consumer demand.

Scout Roundtables Slated Thursday

The Lone Star District Boy Scout Leaders will have their regular "10 in 1" meeting Thursday at the courthouse, beginning with general assembly at 7:30 p.m. Subsequently, the group will break up into the meetings of the three roundtables, and the district committees. Roundtable Leaders are: Lt. Dean Holman, in charge of Cub Scouters; Bill Bradford, Boy Scouters; and Arnold Seydler and Leslie Snow, with the Explorer Roundtable. M. R. Koger, district chairman has asked each one of his operating committee chairmen to have his full committee present for the business session. All are asked to come to the south door of the courthouse.

Books Discussion Pulls Big Crowd

The discussion on Montaigne drew as large a crowd as the Great Books group has had within the past two years. The Tuesday evening discussion, held in the Music Building at Howard County Junior College, was equally as lively. The multi-lateral aspects of the Montaigne personality and philosophy opened up so many avenues of debate that there was the problem of a stopping place. Because of conflicting dates, the next meeting of the Great Books group, to which any interested person is invited, will be held on March 5 at the same location.

Wreck Victims Returned Home

Two Big Springers, injured in an accident early Monday, were returned to their home today from San Angelo. The two, Charles Jones, 405 NW 11th, and Nancy Lee Harris, Caprock Courts, were injured in an auto collision between Sterling City and San Angelo about 12:45 a.m. Monday. Jones received a broken nose and fractured ribs, while Miss Harris sustained a fractured jaw.

MARKETS

STOCK MARKET — The stock market was mostly lower in moderate early trading today. Leading issues were off fractions to a point but there was an increasing number of gains. After opening with most key stocks either lower or unchanged, shares and motors began to show some improvement. Most of the leaders in these two divisions were either ahead a bit or unchanged but the rest of the market preponderantly on the downside. After yesterday's market break, the worst in four months, Wall Street observers were optimistic. They noted that the averages were now near the low point which held as a downside barrier but the market was penetrated, they said it would be a signal for a further advance but the improvement toward the close yesterday led encouragement to those who looked for recovery. Bedlam. Younkers and Armo were all up around a point while U. S. Steel and Republic Steels showed a little movement. General Motors and Ford were steady. WEATHER

(Continued from Page 1) involved in showing signs of coming out of drought. A 4-inch rain drenched ranch land east of Albany Wednesday and light to heavy rains fell from West Texas across the northeast quarter of the state. The Pickard ranch, 12 miles east of Albany, recorded four inches of rain since midnight. At Albany 3.55 inches were recorded. Heavy fog blanketed all but the El Paso area of far West Texas for a time. Much of the rain fell slowly and steadily and little runoff was reported in most areas. School was dismissed at the Paint Creek School, 12 miles south of Haskell, because of muddy roads. About 1.50 inches of rain fell there. Merkel reported 1.30 inches, Cisco 70, Sylvester .60, Knox City 38, Aspermont .09, Monday 30, Loraine 20, Moran .60, Rand .55, Lueters 1.70, Rochester 2.5, Seymour .40, Baird .45, Blackwell 2.31, Sonora .85, Eldorado 2.5, San Angelo a trace and fog and mist fell throughout the San Angelo area. Weatherford got the heaviest rains with 3 inches. Mineral Wells got 2.11, Breckenridge 2.10, Sherman .66, Texarkana .54, Abilene .44, Fort Worth 41, Wichita Falls .09, College Station .06, Odessa .05, and Wink .01. Steady rain fell on Dallas and other North and East Texas cities Wednesday. Airline flights to Houston, Fort Worth, Dallas, Austin and Wichita Falls were halted but flights to West Texas and north of Texas continued. Fog and low clouds disrupted airline service at Lufkin and Longview. Cities with less than a half mile visibility were Tyler, Dalhart, Beaumont, Palacios, Beville, Alice, Kingsville, San Angelo, Waco and Amarillo.

AIR RIFLEMEN HIJACK KIDS

Three holdup "men" — armed with BB guns — are being sought by the sheriff's office. The three, according to a complaint lodged with the sheriff's office by Mrs. O'Neal O.K. Traller Courts, held up her three young children and a neighbor's child at the point of their air rifles and took what money the youngsters had. Sheriff Miller Harris and his deputies are investigating.

113 Put Land In Soil Bank

One hundred and thirteen of the more than 600 farmers in Howard County have already signed up with the Federal Soil Bank program for 1957. Gabe Hammack, ASC office manager, reported at noon Wednesday. Payments which will be made to the 113 when their applications are processed and approved will exceed \$120,000, it was estimated. Posting of accounts on 105 of the 113 showed total payments scheduled to be \$117,000.

Southern Solons Win Battle To Extend 'Rights' Hearing

WASHINGTON (AP)—Outnumbered but persistent Southerners appeared today to have won their battle to extend House Judiciary Committee hearings on civil rights legislation. Chairman Celler (D-NY) told newsmen yesterday he would not shut off hearings on Thursday as had been planned. But there was opposition within the committee to any extension. The group was forced to suspend hearings yesterday afternoon because of Southern delaying tactics, but Celler later indicated a temporary truce had been reached. Celler said he would not shut off hearings Thursday as long as governors and other officials of Southern states requested hearings. Earlier, he had threatened to hold night sessions to overcome delays. In return, Southerners tacitly agreed to call a halt to parliamentary tactics which have prevented the committee from going ahead with its hearings on civil rights proposals while the House is in session.

necessary to the hearings." But committee Republicans, seeking fast House action on President Eisenhower's civil rights program, were prepared to call for a showdown on the earlier plan to end the hearings "Thursday." Rep. Keating (R-NY), author of the bill embodying Eisenhower's proposals, said "If we once open up the hearings to everybody, we may never finish—and that's exactly the hope and tactics of the opposition." Keating said "There are no new arguments, and there is no necessity to drag this out. There's no agreement on my part to extend these hearings past Thursday." Democratic House leaders, meanwhile, were reported to have cautioned against arbitrarily ending the hearings Thursday. Speaker Rayburn met with Celler, Keating and Rep. Rogers (D-Colo.) on the civil rights hassle yesterday afternoon. After the meeting with Rayburn, Celler successfully renewed his request in the House for permission to conduct hearings while the House is in session. Such permission customarily is granted committee chairman. But Rep. Colmer (D-Miss) objected when the request was first made Monday—forcing Celler to recess his hearings at noon Monday and yesterday. After Celler said he would extend the hearings, Colmer told newsmen—with a broad smile—there would be "no points of order" raised against Celler's request.

Auto With A Pancake Finish

This late model automobile came out only second best after being involved with two huge trucks, both with trailers, at Eagleville, Conn. After the accident with the first truck, the car was standing empty at the side of the highway when the second truck jack-knifed and capsized to give the auto a pancake finish.

Deals With Two Landowners Closed In Airport Project

Commissioners have closed deals with landowners for 127 of the 327 acres required for the Howard County Airport.

Tuesday, they settled with J. Johnson and J. T. Sherrod for their land. Johnson agreed to accept \$100 an acre for the 40 acres of his property needed. Sherrod agreed to take \$117.50 for the 87 acres out of his farm required for the airport.

D. C. Buchanan, who has 200 acres in the site, declined an offer of \$110 for the 80 acres he has under cultivation and \$100 for the 120 acres of pasture land in the tract. In addition to this offer, the commissioners offered to move a dairy barn which Buchanan has on one corner of the land to a site to be selected by the owner. Buchanan first asked \$150 an acre for the land but later modified his price to \$135 an acre. No agreement was reached and that land must be obtained by other means — possibly by condemnation.

Shifting of the airport plans and rearrangement of the layout made it possible to center the project on the land of three owners. Land

owned by the Anderson estate which had been involved in the original plans is now completely out of the picture. The shift brought Buchanan's land into the pattern and, in the final form, absorbed all of the 200-acre tract he owns at that point.

Actually, the commissioners said, only 160 acres of Buchanan's land is involved in the airport project. However, the layout will result in a 40-acre block being cut off and isolated. Therefore the commissioners proposed to absorb all of the Buchanan acreage. They felt that cutting off the 40-acre block with no ingress or egress would work an unfair hardship on the owner.

Commissioners speculated that the offer to remove and replace the dairy barn for Buchanan would represent an expense of several thousand dollars. The barn is approximately 30 feet by 50 feet and has concrete floors and other concrete structures.

It was pointed out that the offer of the commission of \$110 for 80 acres of cultivated land and \$100 an acre for the 120 acres of pas-

Boycott Of U. S. Firms Asked

CAIRO (AP)—Blacklisting 14 Western firms, presumably for doing business with Israel, has been proposed by the Boycott Committee of the nine-nation Arab League. The firms include three American companies.

There was no indication from the Arab capitals whether the governments would go along with the proposal.

An Arab League spokesman said the committee recommendation would be submitted to a meeting of the league council next month. League members are Egypt, Syria, Jordan, Lebanon, Iraq, Saudi Arabia, Libya, Yemen and Sudan.

A Boycott Committee representative earlier announced plans to bar Air France from using ground installations or air space of Arab League countries. The Airline was hit for maintaining "financial relations with Israel."

The U.S. firms on the latest list are the American Cyanamid Co., the International Latex Corp. and the Dayton Rubber Co.

Mother Made 4 Suicide Tries After Killing Tots

CHICAGO (AP)—A police chief who interviewed a young mother says she told him she tried four different methods of killing herself after drowning her twin daughters and a son in a bathtub.

Willis Jones, police chief of suburban Park Ridge, yesterday interviewed Mrs. Beverly Lynn Puetz, 26, at Psychopathic Hospital, where she is under restraint and observation. She has been charged with murder.

Jones said she told him she awakened her daughters Debra Lynn and Cora Lynn, 3, and her son John, 5, from a nap Monday afternoon. He said she related drowning them in the bathtub and

26 KILLED Wreck Damages Total \$106,000

Official report of Texas Highway Patrol, District 6, with headquarters at Lubbock, on traffic accidents and deaths for 1956 reveals that 136 persons were killed in the 21-county district during the year. Howard County is a part of District 6.

This county provided 24 of the 136 traffic deaths on the highways and roads. In addition to these, there were two additional fatalities occurring inside the city limits of Big Spring which are not included in the district totals.

The annual report of the district office says there were 190 accidents in Howard County which were reported and investigated. In addition to the 24 persons who died in these mishaps, an additional 119 persons were injured. Property damage resulting from the accidents was \$106,342.

Twenty-eight men were on duty in the district as highway patrol officers. Two of these are stationed at Big Spring. These 28 men travelled a total of nearly a million miles — 935,000 — in the year and worked 100,632 man-hours.

They investigated a grand total of 1,448 accidents. In the district, in addition to the 136 persons killed, 1,028 were injured.

Property damage resulting from the accidents cost drivers \$938,277. In the course of their work, the patrol officers arrested 14,885 persons for traffic violations and 301 other persons wanted for other criminal offenses than traffic.

The patrol also arrested 663 persons on warrants issued in other districts.

A total of 38,158 traffic violators were contacted by the patrol.

The district office listed six major factors contributing to traffic

Try New Version Of Brown Bread

If steamed Brown Bread is a quick bread, it is surely among the slowest of them.

Why not bake the bread and really be quick about it? This, no time-saving second-best, is as good a Brown Bread as you're apt to make as of old, or as of now.

MOLASSES BROWN BREAD
1 cup sifted flour
1 teaspoon baking soda
1/2 teaspoon salt
1/2 teaspoon cinnamon
1 cup all-bran
1/2 cup seedless raisins
2 tablespoons shortening
1/3 cup molasses
1/4 cup hot water
1 egg

U. S. Reluctant To Put Vise On Israel Over U. N. Demand

WASHINGTON (AP)—The United States appeared reluctant today to consider applying sanctions to Israel even if that country does not withdraw its forces from all of Egypt.

Mention of the bare possibility of sanctions brought from Sen. Knowland (R-Calif.) the quick comment that such action would be "immoral" and "insupportable" in the absence of similar moves against Russia.

This government is concentrating maximum pressure at the moment on getting Israel to comply unconditionally with United Nations demands for withdrawal.

Furthermore, Secretary of State Dulles told a news-conference at

which sanctions were discussed yesterday, there is "good ground to hope" that Israel will withdraw its forces. He did not spell out the basis for such hope.

The question of sanctions arose because the Israelis have so far resisted U. N. demands to pull back their troops from two sections of Egypt which they still occupy. They have called for guarantees of access to the Gulf of Aqaba for their shipping and assurances that the Gaza Strip would not again be used as a base for Egyptian forays against Israel.

American officials have been arguing with the Israelis that they should withdraw without insisting upon fulfillment of their conditions.

Dulles said under questioning that the United States "could only answer" the question of sanctions toward Israel in connection with some United Nations resolution on that subject. This country would not impose sanctions by itself, he said, but "if there was action by the United Nations calling for sanctions we would of course have to give them very serious consideration."

When he was pressed to say whether the United States favors sanctions, he declined to answer, saying, "We have good ground to hope at least that this resolution will be complied with and we have not gone on to think what

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gas, bloating or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which slow block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-B-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONALIN, the amazing new laxative discovery possesses COLONALIN's great moisturizing capacity, plus COLONALIN's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONALIN is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt of drug laxatives, COLONALIN neither gags, bloats nor grips; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And COLONALIN exercises your colon to tone it against constipation, overnight! Get COLONALIN, in easy-to-take tablet form at any drug counter, today! Only 98¢ for the 60 tablet package, brings positive relief at less than 2¢ per tablet.

Oil Companies Form New Pipeline Firm

HOUSTON (AP)—Six oil companies yesterday formed a pipeline company here to move crude oil from the Four Corners area of Utah and New Mexico to refineries in Los Angeles.

The firm, Four Corners Pipe Line Co., proposes to build a 600-mile, 16-inch trunk line from the Navajo Indian Reservation in southeast Utah to Los Angeles by way of Seligman, Ariz., Topock, Ariz., and Banning, Calif.

Initial capacity of the 50 million dollar line will be 60,000 barrels a day, said R. G. McIntyre of Houston, president of the firm. He said it was expected that crude shipments can be started by the end of the year, with the line's capacity being increased later to 160,000 barrels a day.

Stockholders in the new line are Continental Pipe Line Co., 10 per cent; Shell Oil Co., 25 per cent; Gulf Oil Corp., 20 per cent; Richfield Oil Corp., 10 per cent; Standard Oil Co. of California 25 per cent, and Superior Oil Co. 10 per cent.

McIntyre, retired chairman of the board of Standard Oil Co. of Texas, said the project:

"Westward movement of Four Corners oil is both logical and essential because of California's ever increasing requirement for crude and the proximity of Los Angeles refineries, which are 40

No Tax On Tickets For Charity Shows

AUSTIN (AP)—No tax may be levied on admissions for entertainments if all proceeds go to the benefit of the state, religious, educational or charitable institutions, the attorney general says.

In an opinion yesterday to Comptroller Robert Calvert, Atty. Gen. Will Wilson added if the state or other charitable institutions receives only a percentage of the admission charged the exemption would not apply.

Also, no tax may be levied on admissions, collected for exhibitions conducted by non-profit corporations organized to promote agriculture by public fairs and livestock exhibitions, Wilson said.

'No Protection' Needed From Mates, Women Claim

AUSTIN (AP)—Women don't need protection from their husbands, the House Judiciary Committee was told yesterday while discussing two bills which would give more legal rights to women.

"Women don't need protection from their husbands," Mrs. Hermine Tobolowsky of Dallas said in asking women be given more rights.

"If he happens to be a wife-beater when he walks in, he's liable to be a wife-beater when he walks out. If a woman needs protection from her husband, she has the criminal laws," she said.

"Unless a woman has her husband's consent, she said, 'you (a woman) can't even get a Dun and Bradstreet rating.'"

Mrs. Tobolowsky, who said she has practiced law 14 years, was one of two witnesses to talk to the committee. The other, Mrs. Lois M. Fugler of Austin, also was a member of the Texas Federation of Business and Professional Women's Club which is asking for the new laws.

The committee did not voice objections to the women's remarks or to the proposed bills but sent them to subcommittee for further study.

Both bills were introduced by Rep. DeWitt Hale of Corpus Christi. One would allow a married or single woman to convey her separate property without her husband's signature. Hale said he thought single women should be included.

The other would do away with a married or single women's separate acknowledgements.

"I'd hate for these bills to get lost in the shuffle," Hale said as he allowed a motion to pass unopposed sending the proposed laws to subcommittee.

Mrs. Tobolowsky verbally jumped on the committee when one of the members said there were some points that had to be cleared to make the law easier for attorneys.

"Don't look at this from a lawyer's viewpoint because it isn't easy," she said. "Better than one-half of the population is female and are suffering under these laws. All over the state people want to see the laws changed."

But even with the proposed changes, Hale said the husband would still be liable if the wife contracted for food or clothing for herself and her children without his consent.

"It doesn't reduce the husband's liability," he said. Hale said the changes would not affect laws concerning the joint agreement needed in selling a home.

Even though similar bills have failed to pass before, Mrs. Fugler said: "All women's organizations are banded together to get these bills passed."

Steers Knocked Out Of Running

ODESSA (SC) — In a game that threatened to turn into a riot at times, the Odessa Bronchos knocked the Big Spring Steers out of the running for the District 2-AAAA basketball championship by winning a 60-51 decision here Tuesday night.

The Big Spring players and coaches were harassed from time to time by the Odessa fans from the stands. On occasions, it appeared that play would have to be stopped.

Following the game, the Big Spring players were given a police escort out of town. Feelings ran high in both rooting sections.

A group of Odessa rosters infiltrated into the Big Spring stands during the game and had to be weeded out by officials. Two or three fights occurred outside the gym between halves.

Someone tampered with one of the Big Spring buses during the game with the result that the carrier left several minutes after the other two had departed and later repairs had to be made between Odessa and Midland.

The game was exceedingly rough. Three Big Spring players — Jimmy Evans, Jan Loudermilk and Jesse McElreath — fouled out. Odessa lost as many — Jerry Schellhorn, Craig Canon and Carlton Canon.

Several times in the last half, the Big Spring club pulled to within a few points of the Bronchos, only to hit a field goal drought.

Loudermilk wound up scoring 20 points before he fouled out, bringing his total to 49 for the year. Craig led the game scorers, however, with 26.

In all, 44 fouls were called during the game — 21 against Big Spring and 23 against Odessa. Big Spring won the B game, 53-44, to remain undefeated in conference competition.

Harold Wilde again led Big Spring by scoring 23 points.

Ackerly Teams Split A Pair

FLOWER GROVE (SC)—The crippled Ackerly Eagles outlasted the Flower Grove Dragons, 55-51, in a practice basketball tilt played here Tuesday night.

The Eagles, who meet Gail in the first round of the district playoffs in Ackerly Thursday night, were playing without the services of Robert Taylor, 64, who was injured in a car wreck recently.

Taylor will miss the entire Gail series, according to a report issued by Coach Cliff Prather.

Prather made liberal use of his substitutes against Flower Grove. Joe Cook had 16 points and Phil Wallace 13 for the Eagles.

Ackerly's girls lost a 64-55 decision. Billie Cook had 28 points for Flower Grove, Faye Ramsey 24 and June Baker 12. Wanda Williams counted 35 for Ackerly, Dorothy Williams 11 and Janice Bear-den nine.

The Ackerly boys' now have a 17-5 won-lost record. The Ackerly fens have won 17 and lost seven.

Many Players May Pass Up Tourney

TUCSON, Ariz. (AP)—Sponsors of the \$15,000 Tucson Open, never one of the high points on the winter tour, are discovering to their chagrin that it takes more than money to get the big-name golfers to come to town.

With play starting tomorrow, Ricki Rarick, president of the Tucson Golf Assn., which sponsors the annual event, took a look at the entry list yesterday and gasped.

"We are not getting a list of big-name players. I think that is a breach of faith. I can't honestly believe that the Professional Golfers Assn. made an effort to get the name golfers to Tucson."

The pros themselves have recognized the problem along the entire tour, and last year formed a "committee for the appearance of top-notch stars," with Middlecoff and Litterer as chairman. The matter is due to come up this Saturday at an Oklahoma city meeting of the PGA and the Winter Golf Sponsors Assn.

Center Point Wins In Benefit Test

CENTER POINT (SC) — Center Point defeated Elbow, 31-9, in a March of Dimes basketball game played here Tuesday night. A total of \$43.92 was raised for the anti-polio campaign.

Ryan hit 11 points for Center Point. Elbow was led by Fields. Elbow won both PeeWee games, prevailing in the girls' game, 18-5, and in the boys' tussle, 19-7.

Eagles Clinch Tie For Lead In District

ABILENE (SC) — Abilene got one foot into the throne room here Tuesday night when it downed Midland, 60-52, in a District 2-AAAA contest.

The win for the Eagles gave them a 6-0 mark and left them in a position to win the title with only one more win.

The loss for the Bulldogs was the seventh without a win in conference.

Larry Cooper kept the Bulldogs in contention throughout the contest with 24 points. Ted Lucas with 20 led the Eagle attack.

The Eagles could boast only a 12-10 lead at the end of the first half and a 29-25 margin at the half.

However opening the second half, Abilene poured on the steam and raced to a 41-32 gap shortly before the end of the third period.

From then to the end, Midland could not move within five-points of the Eagles.

Cooper and Jim Owens practically carried the Bulldogs, pointwise, with Owens chipping in 18. No other Bulldog could manage more than five.

The Eagles have two conference games remaining on the schedule — one each with Odessa and Big Spring. One victory from either would give them the title solely.

Odessa could tie with Abilene by winning its remaining game as well as Abilene lost both of its two.

Quast Favorite At Palm Beach

PALM BEACH, Fla. (AP) — Ann Quast of Marysville, Wash., with medal honors, was an early favorite in the 39th annual Women's Golf Championship of Palm Beach which started here today.

The 19-year-old Miss Quast was low scorer in the qualifying round with a 34-37-71, only 1 stroke over men's par on the 6,009-yard Palm Beach Club course.

She is paired with Maureen Riley of New Castle, Pa., in the opening round. The tournament ends Saturday.

Barbara Romack of Sacramento Calif., another youthful golfer but not the newcomer Miss Quast is, entered this tournament, her first of the winter. She sprained a wrist two months ago and said it no longer bothered her. But it was taped for the qualifying round in which she shot a 35-38-73.

Ponies Use Free Shots To Win Over Baylor In SW Tilt, 83-76

By The Associated Press
Southern Methodist sailed into the last half of the Southwest Conference basketball race Tuesday night by removing one of three tough road foes standing in the way to their third straight championship.

The Methodists, as versatile as any team the league ever produced, used the free throw lane to whip Baylor 83-76 and remain atop the race by the margin of a game and a half.

Deedly on their outside shooting in the first half against a tight Baylor zone defense, the Mustangs were hot as firecrackers in cashing in on the free throws in the last half to thwart a fired-up Baylor team that drew within a point of them in the final three minutes.

The Bears erred 22 times and SMU pitched in 35 free throws in 39 attempts as a jammed crowd of 3,300 saw the mighty Jim Krebs at his finest. Playing on injured ankles—one suffered in practice and the other during the game—the giant Krebs scored 24 points, 10 of them on free throws, to lead the Methodists to their sixth conference victory in seven starts.

While SMU was insuring the lead for at least another week, Texas was being upset by lowly Texas A&M and fell out of the race for the title. The Aggies, playing at home before a howling 5,500, whipped Texas 69-47 for their first conference triumph of the season. It came in an overtime victory by colorful George Mehafey lashing in a 15-foot field goal with three seconds remaining. The end of regulation play had seen the game deadlocked at 61-61.

The result of Tuesday night's play was to leave Rice in second place with a 4-2 record and Baylor third with 4-3. Then came Arkansas with 3-3, Texas and Texas Christian with 2-4 and A&M with 1-5.

Saturday night Southern Methodist plays a nonconference game with Texas Tech at Lubbock while the other six teams will be engaging in conference affairs with Baylor vs. Texas at Austin, Texas Christian vs. Rice at Houston and Texas A&M vs. Arkansas at Fayetteville.

Angelo Rams Hang On To Triumph
SAN ANGELO (SC) — Hardin-Simmon's free shots team missed only four free shots here last night in the contest with San Angelo J.C. but the four points was the San Angelo's margin of victory, 68-64.

The HSU Bulldogs hit 26 of 30 free shots to stay in striking distance. San Angelo's win was the 18th of the season and the 14th in a row.

SAC was never headed but the score was tied in the second half, 38-38. The Rams were in command at the intermission, 34-36.

The Bulldogs' Joe Arden was the high scorer of the night with 20 points, while Jay Hawley topped the Ram's scoring column with 19. Frank Trevino pitched in 14 for the Rams, while Larue Robinson added 12.

The win was a non-conference tilt for the Rams, who claim a 3-0 conference record in the Pioneer League.

STERLING CITY (SC) — The Sterling City Eagles stayed in the running for the District 19-B basketball title by dumping Knott, 60-49, here Tuesday night.

Knott's girls' team, however, clinched its title by whipping the Sterling girls, 55-25.

In the boys' game, Sterling City found itself behind, 27-21, at the half and fought back to win the contest, its third in conference play as against two defeats.

Bill Young scored 23 points for the winners, Knott's Woody Long also scored 23.

Jean Sample counted 25 points for Knott in the girls' game while Rogers pitched in an additional 16. Barbara Simmons scored 11 for Sterling City.

Sue Paige had eight, Joan Blagaves four and Railsback one for Knott while Payne scored eight and Jones six for Sterling.

On Thursday night, Knott's three teams host Dawson in practice games.

Sandy A Patsy, Says Al Weill

CHICAGO (AP)—Al Weill, the sage of sock, says Sandy is made to order for Joey Giardello in their 10-round middleweight scrap tonight.

The man who guided Rocky Marciano to the heavyweight crown says Sandy is too much of a standup fighter.

"Giardello just loves to battle those standup guys," said Weill. "Anyone who stands up to fight Joey is going to get belted real good, just ask Bobby Boyd."

Giardello put Boyd on the shell with a broken jaw and lacerated mouth when he hammered the No. 1 middleweight contender into a pulp at Cleveland for a fifth round kayo last Sept. 28. That fight shot Joey back into the middleweight picture, and he meets Sandy as the No. 2 rated contender.

Giardello is a better than 2-1 favorite. By winning he can make a big stride toward getting a title crack, probably in June.

The winner is to meet the victor of the Spider Webb-Neal Rivers Feb. 15 fight, with that winner progressing to a championship match with either Gene Fullmer or Ray Robinson in early summer.

Giardello, 26, has a 63-13-5 record. Sandy took the 1951 New York Intercity Golden Gloves welterweight title and won seven pro starts before Willie Troy stopped him in the 10th round. After a two-year hitch in the Army, he returned to take 6 out of 7 starts since last March, his only loss being to Rory Calhoun by a first round TKO last May.

Powell's Jump Shot Defeats Odessa JC

In a climax befitting a game of the storied Odessa-HCJC basketball series, Mike Powell of Coleman hit a jump shot with four seconds showing on the clock to provide the resident Jayhawks with a 71-69 West Zone decision here Tuesday night.

The success enabled the Big Spring club to keep its West Zone record unscathed. The Hawks have won both their conference starts, whereas the Wranglers currently own a 1-3 record within the league.

It was an uphill battle for the Hawks all the way. They led only twice during the game, once with 8:10 gone in the second half and again at the final whistle.

Charles Clark hit two free shots near the midway point in the final period to provide the HCJC gang with a 50-49 advantage but the lead was short-lived. James Dobbins — who perhaps played his finest game of the season for the Wranglers — and tall Wayne Evans came back with field goals to put the Wranglers in front again.

Coch Lary McCulloch used a weaving offense, good play on the boards and the uncanny shooting and by half time the Odessans' advantage was at nine points, 38-29.

The Hawks closed the gap in a hurry when play was resumed but only that one time did they take the lead, before Powell delivered in the clutch in those waning seconds.

The visitors hopped off to a 7-1 lead in the first 3 1/2 minutes, with Dobbins and James Stuckey connecting for field goals. With 5:10 to go in the first quarter, it was 11-3, Odessa. That lead was to expand to 12 points shortly before the half ran out.

The Hawks never relented. They carried the fight to the enemy all the way and finally started hitting just when it appeared they were doomed to defeat.

Clark, who hit two gratis pitches that enabled the Hawks to tie the count at 40-40 in the final 40 seconds, wound up with 20 points. Powell had 16, Al Klove — a fine rebounder against the Blue and White — had 13 points while Johnnie Watson chipped in with 12, including eight connections from the penalty line.

In the end, HCJC's ability to hit from the foul marker proved the difference. Odessa outshot the locals from the field 25-22, but the Hawks made good on 27 of 42 Annie Oakleys, compared to 19 of 29 for Odessa.

Evans, deadily with a hook shot, paced Odessa in point-getting with 21 points. Dobbins was the only other Wrangler to hit in double figures. He had 18.

The win was the 17th of the year for HCJC, against only three defeats. Odessa has a 9-10 record. HCJC hits the road this weekend for some critical action up north. The Hawks move to Amarillo for a Friday game, go over to Clarendon on Saturday and then play Frank Phillips in Borger next Tuesday.

That could well tell the tale in the West Zone scramble for first place. In a preliminary contest last night, Horace Rankin hit a field goal in a second overtime to provide the Tate-Bristow-Parks team, Y Industrial league champion, with a 76-74 verdict over the Hawk reserves.

The score was tied at the end of the half, 31-31; at the termination of the regulation game, 70-70; and after the first overtime, 74-74. After that, it was "sudden death" and the insurers happened to hit first.

Bobby Maines and Rankin were the big guns for Tate-Bristow-Parks, banging away for 21 and 20 points, respectively. Larry Glor led HCJC with 25.

Snyder Tigers Rally Late To Turn Back Sweetwater

SWEETWATER (SC)—Snyder's Tigers slipped to their sixth straight conference win here Tuesday night but had to score four points in the last minute and a half to win, 65-61.

It preserved the Tigers' undefeated district record. The contest was close the entire game, with the score being in favor of the Ponies, 19-15, at the end of the first quarter. Snyder caught up, and the half found the two clubs tied, 32-32.

It was also tied, 49-49, as the teams left the court at the end of the third period. Powell Berry sunk a jump shot

to put the Tigers in the lead at 63-61 with 1:12 left in the contest, and then Milton Ham added the safety field goal just before the end of the contest.

Ham led the scoring parade with 17 points, while Berry added 16. Johnny Craft's 18 tallies for Sweetwater was high for the night however.

Snyder won the B game also, by a 52-47 count. SNYDER (85) — Smith, 3-5-6; Berry, 2-2-3; Ham, 7-3-7; Debbis, 4-1-1; Prince, 3-3-3; Hinojos, 2-0-4. Totals, 27-11-65. Bisons Upset By Bearcats

GARDEN CITY (SC) — The host Bearcats pinned a 53-44 conference defeat on the visiting Bison five here Tuesday night.

The loss for the Buffs was the first in district play and left them with a 4-1 record, while Garden City claims a 3-2 mark.

Garden City is now tied with Sterling City for the second spot in the district. Forsan is still in the lead.

In Tuesday's game, Loyd Jones scored 17 points in leading the Bearcats to victory, and Glenn Riley contributed 16. Ronnie Howard paced the visiting Buffs with 16.

In a girls' game, Garden City again prevailed, winning by a 34-27 count. Marcelene Gill scored 20 of the winners' points.

For a third win, the Garden City boys B team dumped Forsan Bees, 27-25. Bobby Fisher led the winners with six points. Milton Bardwell scored eight for Forsan.

In the girls' game, Garden City trailed at the end of the first quarter, 10-8; but experienced a torrid second period and led at the intermission, 26-17, and after three periods, 30-19.

In the boys' game, fine shooting by Loyd Jones and Frank Murphy in the final period enabled the Bearcats to pull away. Jones had 17 points.

Roscoe still is without a conference win in seven starts. Roby, meanwhile, is second in the district to undefeated Merkel.

The losers did provide the leading scorer for the game when Neal Weatherhogg hit 25 points on nine field goals and seven free throws. Gillan led the winners with 18.

Roby also won the girls' game, by a 76-12 count. Betty Sue Gray and Betty Holly evenly divided Roscoe's points, and Lucille Wilburn led the Roby team with 18.

MERKEL (SC)—Stanton scored 32 points here Tuesday night but Merkel got 93 to win its eighth District 6-A game and clinch a tie for the title.

Robert McLeod "slowed" down to 38 points, while Manley Denton contributed 22 to the Badger total.

The loss for Stanton was No. 6 in conference as against one defeat.

Merkel is still undefeated in conference play. Rodney Myrick topped the Stanton scoring slate with 11 points, from three field goals and five free tosses. Delbert Donelson contributed eight.

In the girls' game, Merkel again won, this time by a 48-38 margin. Linda Glaze scored 24 of Stanton's points.

MERKEL (83)—Denton, 8-0-22; McLeod, 10-2-28; McKeever, 6-0-12; Rutledge, 4-3-11; Russell, 2-4-4; J. Beymore, 1-0-2; and totals, 39-13-92.

LOOKING 'EM OVER

With Tommy Hart

There was a time when I thought Shorty Lawson of Abilene to be the finest basketball official in West Texas but Glenn Smith, the former Big Spring who is now a teacher and the golf coach at Odessa Junior College, is in the process of making me change my mind.

When he first started out in the game, Smith perhaps wasn't positive enough in his calls. Mind you, he knew his rules from the start but he sometimes tended to hang back too much.

This rugged business of whistle-toting calls for flamboyance. Indecision and delay inspire catcalls and jeers from a crowd, which comes primed to barbecue the arbiter who doesn't take charge. The spectators want the verdicts on play-infractions to be made as quickly and decisively as possible.

Let's face it. There has to be a little bit of ham in every cage official, if he's regarded as a success. If he swings his arm like a windmill and bellows like a wounded water buffalo, so much the better.

By nature, you'd never take Smith for a carnival Barker. He speaks softly. His manners are elegant, both on and off the court. His court demeanor, coupled with a well-groomed appearance, help make him a good salesman on the court.

He has come to the front rapidly as an arbiter because he has learned to take charge. When he's working, the fans know he's there. Just like the good rebounder and the set-shot artist, he always seems to be in the right position at the right time.

Class will out, in basketball officiating as well as in every other endeavor. Glenn has more job offers than he can handle, and he's been working anywhere from four to six times a week during the season. Nothing succeeds like success.

Bud Simpson, coach of the Frank Phillips College basketball team which absorbed a ten-point defeat at the hands of HCJC here last weekend, told intimates joco coaching was "for the birds."

Bud, who was head mentor at Clayton, N.M., High School last year, apparently had reference to the recruiting problems he and other junior college mentors annually face.

The bespectacled Simpson succeeded Jimmy Holsten as the Phillips mentor.

The Phillips players—two or three of them—were boiling mad following the game against HCJC here. They vowed to avenge the defeat when the teams play a return game in Borger.

Charles Brown, the Ackerly youth who met death on the highway north of here earlier this week, was one of six HCJC athletes who made the trip to the National Junior College track and field meet at Hutchinson, Kansas, last year.

Brown was being counted upon by the Jayhawks again this spring but he quit school recently to join the Navy. A sprinter, he ran on the school's 440-yard relay team.

Three Big Spring boys won first round matches in the Regional Golden Gloves boxing tournament at Odessa last week but one, Kenneth Wiggins, a middleweight, had to forfeit his second match.

He fractured his thumb in pounding out a win over Bill Rees.

Shed no tears for Del Baker, who used to manage the Detroit Tigers. He's drawing \$550 monthly from the major league pension plan.

Lamesa Tornados Deflate Lake View Chiefs, 70-49

LAMESA (SC)—The home Tornados scored a total of 51 points in the first half to power to a 70-49 district win over Lake View of San Angelo.

Lamesa is still in the running for the district title, having lost only one game. Snyder is leading the race at the present with an undefeated record.

The Chiefs were down at one time in the first half by a 41-12 margin before pulling into a 51-29 count at the end of the first half.

The reserves then took the court for Lamesa and added 19 points to the winning total while the Chiefs managed 27.

Lamesa's Jim Barr dumped in six field goals and eight free tosses for 30 points and scoring honors. Doyle Goolsby pitched in 17 more for Lamesa. The loop's top scorer, Rex Wilson of Lake View, topped his teammate with 18.

LAMESA (70) — Prather, 3-4-10; Curbin, 2-0-4; K. Barr, 9-2-2; Clement, 2-0-4; J. Barr, 2-0-2; Holliday, 3-2-4; Goolsby, 6-5-17; McKinney, 2-1-3. Totals, 34-22-70.

LAKE VIEW (47) — Bly, 3-4-10; Butts, 0-2-2; Wilson, 7-4-18; Lay, 1-4-4; Yeager, 3-3-9; Wynnans, 0-1-1; Cartwright, 0-1-1. Totals, 18-19-47.

Halftime score: Lamesa 31, Lake View 20. Officials — Hale and Sullivan.

Bill Skowron Takes A Hint

AUSTIN, Minn. (AP)—New York Yankee slugger Bill Skowron took a hint from his 3-year-old son today and started melting down his mid-winter waistline.

"I weigh about 210 now but little Greg keeps yelling '240 at me,'" he winked. "I think, his mother put him up to it."

So Big Moose hied himself out to the Austin High School gym and started slimming toward a playing weight of 197 pounds, hefty enough in 1956 to drive out 23 home runs, knock in 90 runs and compile a .308 batting average.

The 26-year-old first baseman hasn't agreed to contract terms yet but he expects to be on hand at the Yankees' St. Petersburg, Fla., training camp Feb. 26.

Skowron is comfortably confident about the Yankees in 1957. "No reason at all why we shouldn't win again," the big fellow said. "We've got that unusual set-up of a pretty young team and lots of experience."

"Myself, well, maybe I can hit some too. I don't care where I play, just so I'm in there."

Skowron winters in Austin, where he is an off-season salesman for George A. Hormel and Co. packing firm.

Rockets To Host Plainview Quint

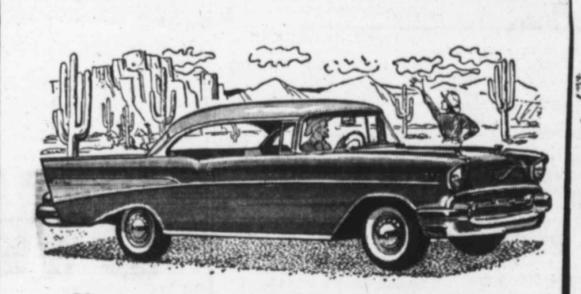

Lakeview's Rockets of Big Spring meet Plainview tonight in what looks as their final basketball game of the 1956-57 season.

The Rockets need this win to night to nail down second place in District 1-A. Lakeview will carry a 6-4 won-lost record onto the court.

There'll be two games, with the B teams of the two schools due to start at 7:30 p.m.

Lakeview still has an outside chance at the title. Vernon now occupies first place but would have to be defeated twice by Plainview to be dislodged from that position.

Do you know your 57's?

Clues: (a) It's sweet, smooth and sassy! Only car in the low-price field with beautiful Body by Fisher. Powered by a famous six—or V-8's with the shortest stroke of all.

Clues: (c) Dream Car Design... biggest size increase in the industry... exclusive Floating Ride... new Key-board Automatic Transmission Control... power-boosted fan.

Clues: (d) New lightning-streak styling... new 4-beam headlight system... Airliner Reclining Seats... all-welded Single-Unit Construction... Flashway Hydra-Matic Drive... new 255-h.p. V-8 engine.

Big Clue: All of these cars need the Oil-Plating protection of...

CONOCO all-season Super Motor Oil

Conoco all-season Super ensures full-time protection against both friction and corrosion. Oil-Plating® "plates" a tough film of lubricant onto the entire engine. It never drains down... even overnight! Result? Faster, friction-free starts, as much as 80% less engine wear.

Automatic Warm-Up! Even a good premium oil stays "thick" for the first 5-8 minutes, causing engine "drag", carbon formation, and extra fuel consumption.

Makes a powerful difference in your car's performance... regardless of make or year!

Feeling Of Imminent Doom Saves Webb Sergeant, Wife

A sergeant and his wife, alone in their small, isolated home, were awakened in the dead of night. Neither could say why they had awakened, but each had a feeling of impending disaster.

Arousing himself, the sergeant began a systematic search of the dwelling, room by room. Suddenly, in the inky darkness of the bathroom he came upon the culprit. Fully awake now, his first act was to throw open the window. His quick thinking may have been the

difference between life and death. The stealthy "killer" turned out to be the gas operated hot water heater. As in many small homes, this installation was not properly vented. The killer was carbon monoxide gas.

This incident occurred here recently when a service couple moved into a residence and settled down for their first night's rest in their new home.

"Carbon monoxide gives off no warning odor. In most cases it kills stealthily by putting the victim to sleep. The defense against this hazard is up to the individual. Check your living quarters to be sure that all gas installations are properly vented. If you have floor type heaters, leave a window open.

Guards Quell Death Row Riot

CHICAGO (AP)—More than 25 guards, using tear gas, ended a 35-minute riot by 10 prisoners in the maximum security wing in the basement of the Cook County Jail yesterday.

Two guards were injured when struck by fragments of vitreous toilet bowls thrown by the prisoners. The demonstration started while the prisoners, all waiting appeals from death sentences, were out of their cells for an exercise period.

Warden Jack Johnson said they tore up plumbing fixtures in six cells, set fire to a mattress and soaked other mattresses with water.

Local Students Slate Abilene High Program

The student council at high school has made plans for an exchange program with Abilene High School Feb. 19. Acts to be presented will be taken from the basements of the Cook County Jail yesterday.

A report on the proceeds from the follies showed a profit of \$310, with \$100 going to the speech department. The money is to be used for sending delegates to the state meeting in Galveston.

Letters were read from various schools asking for support in the race for host to the next state group. A paid assembly was planned for Feb. 26, when David Workman will be presented.

The local council will be host to the West Texas Forum Feb. 16. Valjean LaCroix will lead a discussion group for the Big Spring Council. Evaluation sheets have been sent to 20 schools concerning the work of the student council in each school.

The basketball team will be given assistance in the crowning of the basketball queen. The Bible classes, under the supervision of Mrs. Johnny Johansen, will give part of the Easter assembly program.

Members of the council will appear before the P.T.A. Council March 5 to explain the work of the students. Speakers are to be appointed.

Tentative plans for Ranch Week were made. Johnny Janak offered the opening prayer for the meeting.

Judge Orders Striking Teachers Back To School

MANCHESTER, N.H. (AP)—Striking Manchester public school teachers return to their classrooms today after a Superior Court ruling that they do not have the right to strike against the city.

Thus ended a two-day strike that closed the city's two high schools and 22 elementary schools and gave more than 9,000 pupils an unexpected holiday.

Judge Robert F. Griffith issued a temporary injunction against the Manchester Teachers Guild in which he said, "Public school teachers do not have the right to

strike against the city." The guild, an independent organization, represents nearly all Manchester's 365 public school teachers who struck Monday to press their demands for wage increases.

Shortly after the judge's ruling, the teachers met and voted to return to work today.

After the meeting they said in a statement that "while we have been advised that the (court) order does not compel us to return to teaching it is our best judgment... that it is for the best interest of the community that we resume teaching tomorrow morning." The teachers are seeking to have their current maximum salaries, ranging from \$4,014 to \$4,414, raised to new top scales ranging from \$4,700 to \$5,300.

Tests To Halt In Populated Areas

WASHINGTON (AP)—The Civil Aeronautics Board has ordered a halt to all aircraft flight tests over densely populated areas. The new regulation applies to military as well as civil aircraft.

Spurred by an aerial collision over Palmdale, Calif., last week, the CAB announced yesterday that after Feb. 20, test flights must be made over sparsely populated areas approved by the Civil Aeronautics administrator.

Wet Weather In Eastern U. S.

Wet weather prevailed over broad areas in the eastern half of the nation today and there was some rain and snow in Northwest states.

The inclement weather extended from the Middle Mississippi Valley across the southern Ohio Valley and Tennessee into the Middle Atlantic coastal states and the Carolinas. Fog, drizzle and rain extended over most of the area with some snow in the northern regions.

The Great Lakes region was in the path of the wet belt. Showers were indicated along the Gulf from Texas to Florida with rain or drizzle northward to Kansas, Missouri and the Ohio Valley and snow or snow flurries spreading from Pennsylvania into New England.

Near springlike weather in Eastern areas ended as cold air yesterday invaded the Atlantic Coast from New England to the Carolinas.

Birth Of Baby Seen On Video

LONDON (AP)—The actual birth of a baby was televised last night to the millions of viewers of the British Broadcasting Corp.

A 40-second filmed sequence picked up the birth as the baby was about halfway into the world. The mother, an unidentified South African white woman who had the baby without an anesthetic, was shown helping to assist the infant to emerge.

A BBC spokesman said there were only four critical telephone calls from viewers. "Frankly, we had expected hundreds of calls," he told a reporter.

Joyce Chesterton, woman's editor of the Daily Herald, wrote that the sequence was "extremely touching and I cannot imagine how it would give any offense to anyone."

But Alan Gardner of the Daily Sketch (himself the father of two) commented, "There are some things that should never be shown on TV, and this was one of them."

Enrollment Cut Seen

AUSTIN (AP)—"Enrollment in a number of areas will have to be arbitrarily limited" until needed buildings are built at the University of Texas, says President Dr. Logan Wilson.

In his annual report, submitted this week, Wilson said eight new buildings must be built and three others must be expanded. He added that he would be forced to limit enrollment until these were constructed.

Wilson included two new engineering buildings, a building for the College of Business Administration, an art building, economic geology building, division of extension building and two general classroom buildings on his "must have" list.

Wilson also said there was a need for additional money to establish a faculty salary scale "to make the University fully competitive with other institutions."

"Unless such funds can be made available," he continued, "the University will certainly face greater and greater difficulties in maintaining a faculty worthy of the higher caliber of students for whom the new admission and performance requirements are designed."

Wilson said since required aptitude tests were begun last year the performance for undergraduate students was increased by about one fourth.
