## Probers Dig For New Insurance Evidence

AUSTIN, March 16 (AP)—Legislative investigators dug today for new evidence bearing on official acts and business deals allegedly involving men whose duty it was to protect the public interest in Texas' scandal-ridden insurance industry.

Both the House and Senate ICT Committees took a weekend recess while their attorneys, auditors and investigators sought to unravel the complicated network of Ben Jack Cag's alleged connections with the state's insurance-regulating agency.

Atty. Gen. Will Wilson, heading up the House ICT Committee's legal staff, said some matters developed this week on an oil land deal between Cag and former Insurance Commission Chairman Bryon Saunders were still under study.

"We want to get to the bottom of it," Wilson said.

Dist. Judge Charles Betts made Rene Alfred Jr., attorney for the ICT Insurance Co. receiver, master in chancery in the case.

Betts said the effects of the action was to give Alfred broader powers to subpoena records and witnesses in winding up the affairs of the defunct firm. Betts previously had put the ICT in receivership.

The probers are expected to hold new public hearings next week. Both committees recessed subject to immediate call after inviting Cag, now in Rio de Janeiro, to come home and tell his story.

Cag promoted the ICT Insurance Co. Its principal investors were unions and members affiliated with the State Federation of Labor.

Cag was ousted last year as head of the ICT management firm and was blamed by the new management for what it called "fantastic" investments that put the huge firm on the rocks. Cag retorted from Rio that he had been made the "scrapheap" and "fall guy."

Cag was disclosed this week in sworn testimony as an accommodating executive who flew Insurance Commission members on pleasure trips in his private plane to such resort cities as Las Vegas and Havana, paying some of the bills.

He gave a \$700 a month retainer to the son-in-law of a former Insurance Commission chairman, and "overpaid" another commissioner by \$1,000 in an oil land deal, the House committee was told.

The former officials involved both strongly denied that their relationships with Cag had any bearing on their official attitude or acts bearing on his insurance business.

There were these major developments this week: Former Insurance Commission Chairman Saunders testified he continued to pay federal income taxes on oil property he said he sold to Cag in a \$6,000 deal on which he said he "must have been" overpaid by \$1,000. Wilson asked Saunders to make another check of his bank records, indicating the committee wants more information.

Alfred, testified that the ICT Insurance Co. was illegally organized with borrowed money, and "falsely created assets" to show in the annual statements required by law.

Garland Smith, former commission chairman, and his son-in-law, Max Rybicki, testified Cag put Rybicki on his payroll at \$700 a month but indefinitely delayed setting up a job in Austin for him.

Two men identified by Saunders as discharged examiners for the Insurance Commission were brought into the House investigation in connection with alleged payments of "accounting fees" by an ICT affiliate while they were still working for the Insurance Commission. Saunders identified check endorsements as those of L. W. Blanchard and Robert Butler of

Two brothers, Kenneth G. Neel and Harmon H. Neel, manhandled Jailer Joe Pierce and escaped from the Howard County jail. They trussed him up and threatened Mrs. Pierce with a knife, enroute to murder as well as jail-breaking charges. Saturday they were recaptured in Missouri, and now their cup runneth over with trouble.

From just about any angle, the (See THE WEEK, Pg. 6-A, Col. 5)

Austin, both of whom were subpoenaed but whose physician said they were now too ill to testify. There was an apparent lag in delivery to the commission of documents required in the licensing of the Guardian Insurance Co. of Sioux Falls, S. D. The permit was issued Dec. 31, 1953, and a detailed financial statement delivered by an official of Jack Cag & Co. (ICT management firm) was dated Feb. 17, 1954. Saunders identified the official Insurance Commission minutes but said he could recall no details of the action. He said they were handled entirely by staff members.

KENNETH NEEL

HARMON NEEL

## Fugitives Caught In Columbia, Mo.

Freedom for Kenneth Gerald Neel, 28, and Harmon Harold Neel, 24, who broke out of Howard County jail last Monday night, proved a short-lived thing.

They are now back in jail in Columbia, Mo., and machinery is being made from Missouri to Texas has already been set in motion.

The two brothers, charged with car theft in an indictment here, overpowered Jailer Joe Pierce, tied him and Mrs. Pierce with ropes made from strips of mattress covering from their cells, and fled the county jail here at 10 p.m. Monday.

Friday night, the pair, said to have been traveling in a car stolen in Abilene, were apprehended by officers in Columbia, Mo. "Wanted" notices which had

been circulated over the nation on the heels of their jail escape here identified the pair to the Missouri authorities.

Saturday morning, Sheriff Miller Harris received a phone call from Paul Chamberlain, city police officer in Columbia, advising him that the Neels were in custody. He advised Harris that the two men refused to waive extradition.

Harris immediately set about making formal application for authority to extradite the prisoners. He plans, he said, to push for prompt action in Austin and at Jefferson City.

As soon as the proper papers are cleared, Harris said he would personally go to Columbia to take custody of the Neels.

No details on how the two brothers made their way from Big Spring on the night of the jail delivery is yet available.

After they had tied up Pierce and Mrs. Pierce, they took the jailer's keys to the jail, his personal keys and his pocketknife. They also took \$24 in cash that Pierce had on his person.

Making use of the keys, they left the jail section on the fourth floor of the courthouse and rode the elevator to the basement. They made their way into the corridor from the highway patrol office. Later they discovered they had

Pierce's key to the outside door and vanished into the night.

Despite road blocks and a blanket patrol of the town, the fugitives evaded capture.

Nothing further had been heard of them until the phone call came from Columbia Saturday morning.

Harris and his deputies were highly elated over the capture of the two escapees. The office had sent out scores of descriptions of the two men and only Friday had printed up and mailed dozens of copies of "mug" shots of Kenneth and Harmon to police officers all over the Southwest.

Nothing further had been heard of them until the phone call came from Columbia Saturday morning.

## Beck Has Until Wednesday To Offer Records

WASHINGTON, March 16 (AP)—The Senate committee investigating rackets today gave Teamsters President Dave Beck until midday Wednesday to decide on surrendering his financial records voluntarily or having them placed under subpoena.

Chairman McClellan (D-Ark) fixed the deadline and said "a subpoena will very likely follow any refusal to make available the records the committee needs."

Beck had pleaded for more time to answer McClellan's bid for the papers. The committee sent a second request for them Friday—the first was nearly a month ago.

Beck messaged McClellan back last night that he wanted to consult with his newly retained personal counsel—the former Republican Sen. James H. Duff of Pennsylvania—in Seattle Tuesday night.

Beck's name has figured in the committee's initial inquiry into an alleged plot of Teamsters officials to take over law enforcement and vice profits at Portland, Ore.

McClellan said he wanted to give Beck every opportunity to consult with his attorneys but would insist on a yes or no answer Wednesday as to whether Beck was going to "cooperate."

In response to questions McClellan said Beck has every right to invoke the Fifth Amendment to the Constitution and refuse to produce his records on grounds that doing so might tend to incriminate him.

"But he also has, in my judgment," McClellan said, "a higher duty to make a proper accounting of his stewardship to the dues-paying members of the union he represents."

With committee hearings in recess until Tuesday, McClellan said he expects that the Justice Department will act "promptly" on contempt proceedings pending, against the committee's current witness, Frank W. Brewster.

Brewster, chairman of the 11-State Western Conference of Teamsters and the union's fifth vice president, has been cited for contempt in refusing to answer questions put by the Senate investigations subcommittee, also headed by McClellan. Brewster contended that group lacked jurisdiction to investigate unions.

## Has A Burial, But Lives To Tell It

CINCINNATI, March 16 (AP)—Willard Ward knows the horror and anguish of impending death. He was buried yesterday. Today he is alive to tell about his interment.

Ward, 35-year-old plumber, was working in a seven-foot sewer trench in suburban Kenwood. Suddenly the dirt became a grave as the dirt crumbled down upon him.

Almost as quickly, however, coworker Joe M. Ryan, 29, jumped into the ditch, straddling Ward's head with his legs.

The dirt continued to pile up. In a short while it reached Ryan's waist, two feet higher than Ward's head. But Ryan's legs had formed an air pocket—a life-saving space that shut death out.

The air pocket permitted Ward to breathe while his employer called the life-saving squad. For 30 minutes the squad worked feverishly to dig away the dirt, and then Ward was free.

## Lyndon Sees Demo Victory For Senate

RALEIGH, N.C., March 16 (AP)—Sen. Lyndon Johnson (D-Tex.), here to address North Carolina Democrats at a Jefferson-Jackson dinner tonight, was asked if the Democrats are going to win the Texas election Senate seat.

"I think so," he said.

Asked if he couldn't make that a little stronger and leave out the qualifying "I think so," Johnson replied: "Yes."

The Democrats could lose control of the Senate if they lost the election.

## Dick Powells Are Together Again

HOLLYWOOD, March 16 (AP)—Actress June Allyson and Dick Powell, her actor-producer-director husband are back together again.

They separated last Feb. 22 after a marriage of more than 11 years. Miss Allyson said the separation ended last night.

"We straightened out our problems," she said, "and I'm so happy." Dick echoed her sentiments.

## Ships In Collision

ROTTERDAM, March 16 (AP)—The 5,548-ton Greek steamer Elias G. Kulkundis and the 500-ton Dutch coaster Zuider Zee collided in dense fog 10 miles west of the Hook of Holland today.

# Israel Stirred By New Gaza Move

RAMON MAGSAYSAY

## President Of Philippines Is Lost On Flight

MANILA, Sunday, March 17 (AP)—President Ramon Magsaysay was missing today on a flight from the south-central Philippines to Manila.

U.S. Air Force and Navy planes joined the Philippine air force in a giant search for the twin-engine plane of the hero of the Philippines.

Magsaysay left Cebu City early today after making two commencement addresses. With him were two of his top aides.

The government press office said not a word had come from his twin-engine C47 since the radio contact on takeoff.

Much of the 300-mile flight from Cebu to Manila would be over large stretches of the inland Visayan and Sibuyan Seas.

U.S. ships were sped to the area to aid in the search.

The plane carried a total of 26 persons, including a crew of 5.

## Woman Asks Place On School Board

Mrs. Jack Horn, the first woman to announce here in several years, filed Friday for a place on the ballot as a candidate for Big Spring school trustee.

Mrs. Horn, who lives at 500 E. 4th Street, is a housewife. She and her husband, who is a civil service employe at the air base, are long-time residents and are parents of seven children. Four of these children are now in school and three are of pre-school age.

Mrs. Horn came here 14 years ago at the time when she and Mr. Horn were married here. She is a member of the East Fourth Baptist Church, and of the Disabled American Veterans Auxiliary. For the past seven years she has been active in P-TA work and served as a vice president of the North Ward unit before moving into the East Ward district, where she now is active.

In making her announcement, Mrs. Horn said:

"I do not propose to make rash or foolish promises about what I would do as a board member. I realize that what the board accomplishes for the good of our schools is through a spirit of cooperation. If I could not do a particular job, I would not drag my feet or try to obstruct, but instead I would do what I could to help those who could."

"As a mother who has been blessed with a nice sized family, I think I have as much as anyone at stake in the promotion of good schools. I would try to employ common sense as well as to draw on my experience of the district for 14 years as your representative on the school board."

## Firm Assurances Sought From U. S.

GAZA, March 16 (AP)—The swift Egyptian takeover in the Gaza Strip brought ominous rumbling from Israel tonight.

An Israeli spokesman in Jerusalem declared Foreign Minister Golda Meir's flying trip to the United States is "the last diplomatic effort to safeguard an exclusive U.N. regime in the Gaza Strip."

The spokesman referred to reports Egyptian military police already are on duty under the new governor, Maj. Gen. Mohammed Hassan Abdel Latif, and declared: "This would mean a further serious deterioration of the situation in the area and would have a grave bearing on Israel's attitude."

In New York, a member of the Israeli U.N. delegation spoke of the danger of a new conflict over the Gaza Strip or the Gulf of Aqaba, on which lies Israel's port of Eilat.

The delegation source said Israel received renewed U.S. assurances only this week on the U.N. role in the Gaza Strip and freedom of shipping in the gulf.

"The prevention of raids and blockades is... the only alternative to the danger of war ensuing from Egyptian belligerence," he said.

Israel withdrew its army last week from the gulf and from the Gaza Strip on the assumption that U.N. Emergency Force would maintain order in both regions pending a settlement.

"Israel," the spokesman told reporters, "will restate to the U.S.A. its determination to fight against any forcible attempt to hold up shipping in the Gulf of Aqaba and to defend its rights if conditions in Gaza continue to deteriorate."

The informant added that Mrs. Meir is expected to ask Secretary of State Dulles what action the United States plans to back up the

assurances when she reaches Washington tomorrow.

Before leaving Paris, Mrs. Meir said she would talk to Dulles about "the grave situation created by the entrance into the Gaza Strip of Egyptian personnel." She told reporters she was satisfied with talks she had with Premier Guy Mollet and other officials in Paris.

The fatal wounding of an Arab in the city of Gaza threatened to create a crisis between the population and the UNEF.

Egyptian military police said a bullet from UNEF headquarters struck down Ismail Yaacob Bakka in a street 300 yards away.

There were other scattered incidents of violence, apparently unrelated. A gunshot, unexplained, wounded a Gazan as he walked along a street. Last night two prisoners, one suspected of collaborating with the Israelis, broke jail and escaped under gunfire of UNEF guards.

Other developments abounded outside this focal point of Mideast unrest:

Usually reliable informants in Cairo reported from 600 to 700 Egyptian soldiers—reconnaissance men and military police—largely wrecked by the Israelis to replace U.N. troops guarding that link in the line of communications between Cairo and restive Gaza. The informants said, however, the movement does not indicate a major Egyptian military buildup in the area. El Arish, a Mediterranean base and airport largely wrecked by the Israelis when they withdrew from it two months ago, lies 25 miles west of the Gaza Strip. Egyptian officials said telephone and telegraph communications between Cairo and Gaza are being restored.

Egypt's contention that the Gulf of Aqaba is Arab territorial water still barred to Israeli shipping drew widening Arab support. Saudi Arabians said they withdrew from all measures for defending their own rights and security in the gulf—an "attitude about which the U.S. government has been informed." Official circles in Iraq shared the view the gulf is not an international waterway and that it should not be open to Israel for free navigation.

Officials of Egypt's Palestine department and other sources discounted Cairo press reports that Egyptian forces already were moving into towns of the southern edge of the Gaza Strip. One of these reports came from the newspaper Al Messa. It said Palestine police under Egyptian orders had taken over checkpoints on the Egyptian-Gaza frontier from the UNEF and implied the Egyptians were now handling all internal policing duties among the 300,000 residents of Gaza.

## Saudi Arabia Position Gives U.S. Concern

WASHINGTON, March 16 (AP)—American officials were concerned today lest Saudi Arabia get embroiled in the Israel-Egypt dispute over unfettered shipping in the Gulf of Aqaba.

If that happened, the United States would have to reappraise its Saudi Arabian relations—placed on so happy a plane only last month after King Saud's talks with President Eisenhower.

U. S.-Saudi ties are close, and cemented by such practical considerations as jet planes and money.

U. S. oil interests pay 300 million dollars a year to King Saud for the privilege of extracting oil from his desert kingdom. The U.S. government is training Saudi pilots and tankmen in the use of modern military gear which Saudi buys from the United States. In exchange, the U. S. Air Force is allowed to use the Dhahran Airfield less than 1,000 miles from Russia's Middle East border.

Recent statements attributed to the Saudi Arabian government have caused concern here, though American officials doubt they will result in an overt act any time soon. The statement, broadcast by Cairo radio, said the Saudis regard the Gulf of Aqaba as "absolute Arab territory" and would "take all measures to defend its legitimate right."

This runs counter to statements by Eisenhower and Secretary of State Dulles that the gulf is international and no nation has the right to block free and innocent access to it through the narrow Straits of Tiran.

American officials said Saudi Arabia, whose shores form the other side of the Gulf's narrow mouth, could put guns in place to command the strait. But they said the Saudis would have a supply problem and might have to arrange with Egypt for any naval contingents.

Beyond this, they said they doubted Saud would want to run at cross purposes with the United States. Rather, they tended to view the Cairo radio statement as another instance of one Arab trying to outshoot another on any question of who hates Israel the most.

## Consolidation Wins Approval

COAHOMA, March 16 (SC)—Midway and Coahoma school patrons voted heavily in favor of school consolidation elections held in the two districts today.

Vote in favor of consolidating Midway elementary school with the Coahoma district was 40 to 10 in Midway and 135 to 2 in Coahoma.

Next step in the consolidation will be the election of a new, seven-member board of trustees for the enlarged district. This will take place Saturday, April 6.

Supt. H. L. Miller of Coahoma said an election on assumption of Midway's bonded indebtedness will not result in closing of the Midway school. Miller said plans call for operation of the Midway plant indefinitely.

Coahoma and Center Point patrons were scheduled Saturday on the question of consolidating Center Point with Coahoma.

## Beer Election Set In Runnels County

BALLINGER, March 16 (AP)—April 2 has been designated as the date for a local option election in Runnels County. The County is now dry. The election question concerns only the sale of beer.

## DOES CITY MAKE A BID FOR INDUSTRY?

# Time Of Decision On Foundation

Forces are being regrouped for a push on the Big IF—Industrial Foundation—this week.

And while the regrouping is taking place, it is well to recapitulate facts and figures about the Big IF in Big Spring. Despite previous publicity, spot checks indicate a surprising number of people do not really understand what the Industrial Foundation is, how it might operate and what it might accomplish.

The Industrial Foundation is a voluntary joining of hands by contributors, who are called the "stockholders" of the corporation. Everyone who invests any money in the foundation is a member; those who put \$100 or more into the foundation will become voting members and participate in the selection of a board of 15 members. From this board will be chosen the officers and an executive board.

The Industrial Foundation is not a community "give away" in hopes of baiting a new industry. Its purpose is to serve as a tool for immediate dealing with prospective industries as they may be interested in our town. The first objective is to raise \$50,000. Of this amount about \$39,000 will go to purchase a site which will have frontage on the T&P tracks and on U.S. 80 and will have water, gas and electricity available to it. This tract is located to the east of Cabot Carbon Company's plant. Remaining funds would be devoted to improvement of the site and in placing the message about the site, the city and the potentialities before prospective industries.

If, in time, the Foundation obtains any industries and reaps any rewards, these earnings will be plowed right back into more industrial promotion, building plants under leases, etc. Benefits

will be pyramided because the Foundation is non-profit and will not pay member dividends.

Industry tends to be gregarious—that is industry seems to attract industry. Once a Foundation can get the ball rolling, it creates the impression of a favorable climate for industry, a probable trained labor source, and presence of community facilities and attitudes which will make for satisfied industrial employes.

Industry touches off an economic chain reaction. On an average over the nation each new industry calls for 150 workers who will earn \$500,000 annually. These 150 represent 500 population who call for services of 24 professional men, a large number of clerks and service workers. Together they generate a trade turnover of \$1,500,000 per year. Value of plant, homes and other property of those directly and indirectly affected by the industry will approach \$2,500,000. Besides, there are additional demands created for raw materials, power, fuel, transportation and marketing.

The Industrial Foundation is no magic wand. In the light of experiences in other cities, it—or something similar to it—becomes a virtual necessity. The battle for new industry is one of the keenest in America today because it involves competition between communities. Places like San Angelo, Abilene, Odessa, Kilgore, Longview, Tyler, Marshall, Paris, Dallas, and many many more in Texas and Oklahoma have reported good to phenomenal results. The "industrial revolution" in East Texas is called the "rewards of victory" of industrial foundations. Can Big Spring help put itself in a position to reach such rewards? This week may tell the tale.

MIDWAY BAPTIST CHURCH 50th birthday celebration today

### Dawson Church To Note 50th Anniversary Today

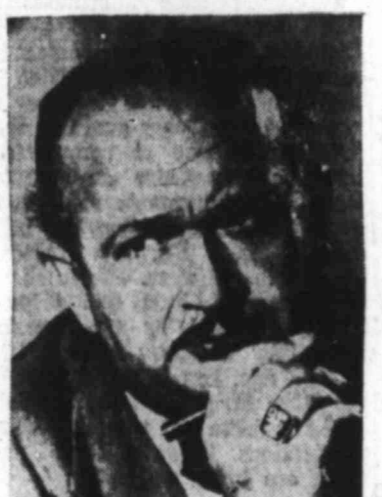

LAMESA, March 16 — The 50th anniversary of the Midway Baptist Church will be celebrated Sunday with the day being designated as "Homecoming and Dedication Day." At a meeting in Mullins Schoolhouse, Jan. 27, 1907, a Baptist church was organized with 10 members present; they named it Bethany. Rev. George Berryman was called as pastor and the church joined the Sweetwater Association. In October, 1908, the church and 16 others formed the Big Spring Association and for several years they shared a pastor with the Mt. Olive and Lamesa churches. On Sept. 8, 1912, the Mt. Olive and the Bethany churches united and reorganized as the Midway Baptist Church. On March 17, 1923, they moved to the present location three miles south of Key. March 4, 1936, a full time pastor was called and a parsonage was built in 1939. In 1949 a new church building was erected and a new parsonage in 1951. The new education wing, which is being dedicated today, covers 2,000 square feet and includes a library, pastor's study,

chapel, three assembly rooms and several class rooms. Twenty-six pastors have been at the church since it was organized. The present pastor, the Rev. Jesse Cassie, came to Midway, from Fredrick, Oklahoma. He is a graduate of Oklahoma Baptist University and attended Southwestern Seminary. He is celebrating their first anniversary with the church today. The church now has 160 resident members and the value of the church property, including the pastor's home, is approximately \$60,000. Included on the day's program will be former pastors of the church, Rev. W. C. Wright, Stanton, will deliver the anniversary message at 11 a. m. Rev. T. L. Nipp will deliver the homecoming message at 3 p. m. and the dedicatory message for the new education wing will be delivered by Rev. Clarence Coffman of Plains at 3:30 p. m. Dinner will be served at noon in the Fellowship Hall with open house being held from 4 to 5 p. m. Earl Esmond is program chairman for the day and Mrs. Curtis Woodward, entertainment.

### 'MENTAL WIZARD'

### 'Forger' To Give Knife-Fork Talk

Big Spring Knife and Fork Club members are in for something different when they gather on Thursday evening at 7:30 for the March session of the organization. The speaker on that occasion will be Dr. Stanley Jaks. Dr. Jaks is a psychologist, mental wizard, internationally known handwriting expert, mind reader and talented forger. His program is titled "More Curiosities of the Mind." This session of the Knife and Fork Club will be, as usual at the Hotel Settles ballroom. Dinner is at 7:30 p. m. Reservations close definitely, Mrs. Moree Sawtelle, secretary, said, at noon on March 20. Dr. Jaks has appeared in hundreds of cities and his amazing demonstrations have caused widespread comment and interest. He has been a guest star on national television programs. Born in Zurich, Switzerland Dr. Jaks has had years of experience pleasing audiences in Europe and the United States. He has a well developed sense of fitness. A list of the prominent people who have heard him, is a veritable "Who's Who" of royalty, well known political figures, here and abroad, and leaders of business, industry and the professions. Dr. Jaks has expounded bankers and hand writing experts all over

DR. STANLEY JAKS

the world by his startling ability to duplicate accurately their signatures, instantly, even writing while blindfolded. Hans Badruitt, president of the Palace Hotel in St. Moritz, Switzerland, said, "Dr. Jaks' wonderful lecture and experiments should be seen by every one. He has appeared at my hotel for many years before the nobility and society of two continents. He is always entertaining and exciting."

### Founder Of Home For Girls Retires

LUBBOCK—A 71-year-old lady who has been mother to 3,200 neglected and dependent children during her lifetime said goodbye last week to the home for needy children which she established in 1926. Mrs. Lillian T. Milam, founder of the Milam Children's Home of Lubbock was honored at ceremonies dedicating the home which was recently turned over to the Buckner Benevolences, an agency of the Baptist General Convention of Texas. An engraved bronze-plated baby's shoe, which was once worn by one of the hundreds of babies cared for by Mrs. Milam, was presented to the little graying lady by Dr. E. L. Carnett, president of Buckner Benevolences, and Dr. Vernon Shaw, field representative. Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock and chairman of the Benevolence Committee of the BGCT, spoke at the dedication service. He assured the more than 200 persons present that Texas Baptists would carry on a program in the finest tradition of the past. "Milam Home for Girls will continue to be in our midst as an institution of service," he said. "Society is cruel to girls." Dr. Carnett said, "Girls don't get another chance as often as boys. We hope to change this with the new Lubbock home." He praised the people of Lubbock and the West Texas area for their cooperation in establishing the new program. Plans for the future development of the home call for three more dormitories to be constructed to care for approximately 80 girls. "We don't want to stop building as long as there is a need," said Lewis M. Stickney, business manager for Buckner Benevolences.

### More Contributions For March Of Dimes

Three contributions from rural schools have edged the final figure of the March of Dimes a bit further. The total now stands at \$11,498.44, which is \$77.53 more than the previous figure. Of this, Center Point school reported \$31.17, Elbow \$44.96 and the Brownies at Gay Hill \$11.40.

### Military Returns

SAN FRANCISCO, March 16 (AP) — The transport Gen. Anderson is due Tuesday from Yokohama, Okinawa and Taiwan with 987 veterans of the 3rd Marine Division and 1st Marine Airwing, 472 Army men, 415 Air Force, and 75 Navy personnel.

## Says President Cooperating Against Supplemental Outlays

WASHINGTON, March 16 (AP) — Sen. Knowland (R-Calif.) said today President Eisenhower is cooperating in efforts to make congressional budget cuts stick. Knowland, the Senate Republican leader, told reporters Eisenhower has been alerted to the practice by which government departments whose budgets have been cut often get the money back later through "supplemental" appropriations, which attract little attention. "Congress is going to tighten up

on these 'supplemental' requests," Knowland said. "This matter has been discussed at the White House conferences with the President. The executive branch has been asked not to approve such requests except where they are absolutely necessary." Knowland has said he is willing to re-examine his budget — and in fact has executive agencies at work on this now — but that Congress can make substantial reductions in his spending estimates only if it slows down or abandons programs it already has authorized. Knowland predicted, meanwhile, that the Senate will make no substantial changes in a House bill which would continue corporation taxes at their present 52 per cent level and retain the Korean War increases in excise levies.

### Historians To Meet In Austin

AUSTIN, MARCH 16 — The Texas State Historical Association, which has headquarters at the University of Texas, will hold its 61st annual meeting here April 26-27. Dr. H. Bailey Carroll, director, announced. General historians, oil, medical and military historians are listed on the program, which includes a dozen topics in Texas history. J. Everett Haley of Canyon will deliver the dinner address on "Earl Vandale: Collector and Historian." The Amarillo oil man's great Texana collection was acquired by the University of Texas 10 years ago. Luncheon addresses will be given by Charlie Warner, Houston oil consultant, "Oil in Texas During the Last Decade," and Col. Frank B. Lammons of Boerne, retired Army officer, "Operation Camel."

### Weather Smiles On Irish For Big Gotham Parade

NEW YORK, March 16 (AP) — Weather as glorious as old Ireland itself blessed New York's sons of Erin today as they set forth upon their gigantic annual St. Patrick's Day parade up green-striped Fifth Avenue. Hundreds of thousands of spectators — all Irishmen, naturally, since all New York turns Irish on this day — jammed sidewalks and windows to watch their fellow countrymen stepping jauntily to the tunes of bands and pipers. The celebrated Irish luck never was greater. A miserably dark, clammy and rainy spell yesterday and last night gave way to brilliant sunshine right from the crack of dawn today. And by the time the big march got under way at noon the temperature had risen to 54 degrees and still was going up. Spectators poured into town hours ahead of time and all but swamped areas bordering Rockefeller Center and St. Patrick's Cathedral.

### Rotarians Will Meet In Lamesa

LAMESA (SC) — The Lamesa Rotary Club will host to an expected 500 Rotarians from all over West Texas at the annual Spring Conference on April 7-9. Plans for entertaining, housing and feeding the anticipated 500 members who are expected to attend, are well under way by the local club. Hundreds of rooms are being made available by hotels, motels and private citizens for the influx of visitors. The planned "Friendship House," set for the afternoon and evening of April 7, will be held at the newly completed Lamar Forest Community Center, in beautiful Forrest Park. The \$40,000 structure, erected with funds obtained by voluntary subscriptions from Rotarians and civic-minded Lamesans, was turned over to the City of Lamesa upon completion, for use by all the residents of the city.

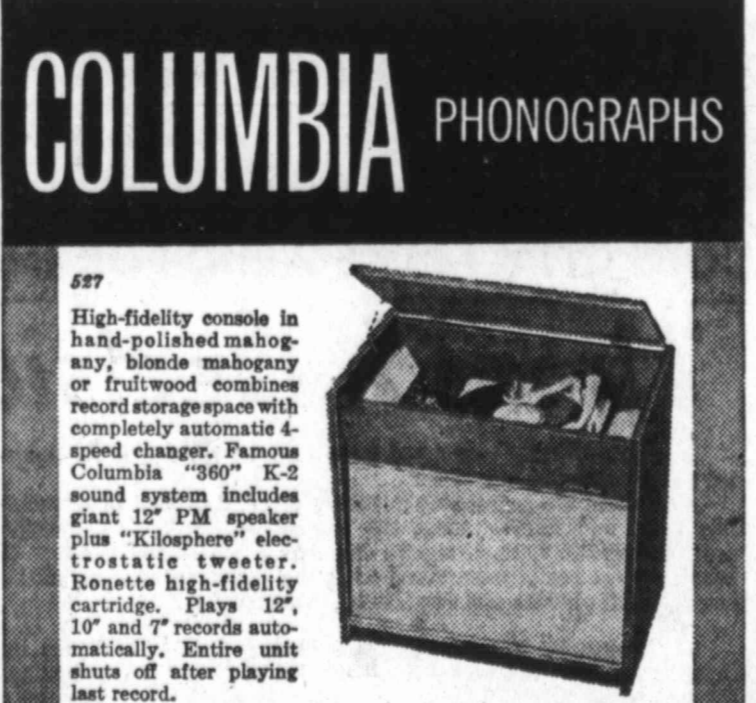

### Gas Explosion Takes Nine Lives

LENS, France, March 16 (AP) — Nine persons were reported killed and one was missing today in a gas explosion which rumbled through a coal mine at Lievin near the northern France town, 110 miles north of Paris. At least four were injured.

# Cage Denies Blame In ICT Failure

RIO DE JANEIRO, March 16 (AP)—Texas businessman Ben Jack Cage blamed what he called the "personal animosity of a few people" today for connecting him with the collapse of the ICT Insurance Co.

Committees of the Texas Legislature are investigating the failure of the firm. Cage, in Brazil on business, denied responsibility for the collapse in an interview at the Copacabana Palace Hotel.

He said he would be happy to testify before any official body, but his business might prevent accepting an invitation to testify before the committee April 10.

"The personal animosity of a few people identified with the labor management of the ICT Insurance Co. have made me a natural scapegoat for their troubles," he said.

Cage refused to identify the per-

sons but he said the management that took over the company when he was ousted a year ago was trying to "vindicate themselves."

Cage said he had nothing to do with the company, which is made up of union groups, in the past year. Until he was ousted, he said, ICT had a clean bill of health. He said any problems facing the company afterward were due to the management which took over from him.

"From published reports and letters to stockholders," he said, "it is of record that the company underwent an official convention examination by examiners representing approximately 23 states. Letters from the present management and published newspaper ads stated that the report on the company was favorable."

"In addition, the company was relicensed by the State of Texas

for 1956. I certainly had no reason to doubt the accuracy or thoroughness of the examiner representatives of the National Assn. of Insurance Commissioners."

Cage said the company failed because the new management group failed to carry out the long range plans he started.

"One of the reasons for failure of the company was the fact that after my management ended my plans already in progress for expansion of the company as a group were reversed," he said. "This reversal was done in favor of a drastic retrenchment and individual development by each company (ICT subsidiaries) without regard to concerted action."

Cage said he wanted to emphasize that charges that he utilized a heavy expense account and made poor investments with ICT money were untrue. He said expenses and "all promotion" were

done with funds of his own Jack Cage & Co.

As a specific example, he said, \$850 that was spent to obtain an option on actress Anita Ekberg several years ago was the money of his own firm.

He said this was before Miss Ekberg was under contract and that he had hoped to get her a television spot but "time didn't permit me to capitalize."

The money for the Ekberg option and other promotion investments, he said, came from the 15 per cent commission paid Jack Cage & Co. by ICT and commissions from other companies. He said the 15 per cent commission on premiums is average for a management company such as his.

Cage said Texas Sen. Charles Herring, the committee chairman, invited him to appear April 10 and offered to pay his plane fare. "I'll be glad to discuss this with

any official body upon my return," he said. "Obviously I have a job and I have to make a living. If business conditions permit, I will go to Texas before April 10. If not it will be later."

"All the records are in their possession. I have been out of touch with the records for more than a year."

# D-O Students Honor Bosses

Diversified Occupations students honored their bosses Friday evening with a barbecue at the City Park.

Lee Denton, president of the vocational Industrial Club, the organization to which all D-O students belong, presided. Others assisting were Roy Brown, vice president; Sandra Murphy, secretary; Donald Davidson, treasurer; Jan Talley, sergeant-at-arms; Amelia Duke, reporter. Brief talks were made by Edward R. Shive, co-ordinator, and by J. B. Whiteley, Austin, former D-O co-ordinator here and later district supervisor before becoming state sponsor for VIC Clubs. Whiteley said that the Big Spring club currently ranks second in the state.

Other guests included members of the advisory committee headed by Henry Thames; Joe B. Neely, former district supervisor; Floyd Parsons, superintendent of schools. Entertainment was supplied by T. E. Cantrell, sleight-of-hand artist. Nate Allen served the group.

# Gay Hill Trustees Approve Building Plans, Bond Issue

GAY HILL, March 16 (AP)—School trustees here have approved preliminary building plans and agreed to call a \$100,000 bond issue election.

Petitions urging the issuance of the bonds are expected to be presented to the school board by Tuesday. If they are received, trustees are due to call the election for March 30.

The school board examined the preliminary plans at a meeting Friday evening. Bill French, of Puckett & French, architects, Big Spring, showed drawings for two additional classrooms, a combination auditorium-classroom, and auxiliary storage rooms for the Gay Hill school plant.

Also attending the meeting was Ransom Galloway, representative of Municipal Securities, who presented a tentative schedule for retirement of the proposed bond issue. If approved, the bonds will be issued for maturity over a period of 10 years, with five-year option.

Construction of the additional facilities will provide a separate classroom for each grade in the local school, say Doyle Fenn, principal.

Although an insurance company took over management of the hotel in 1951, McCarthy continued as president until the purchase by Conrad Hilton two years ago. McCarthy then continued only as president of the Cork Club. The club's lease, however, expired today.

# McCarthy Moves His Club Out Of Shamrock Hotel

HOUSTON, March 16 (AP)—The last tie between oilman Glenn McCarthy and the 18 million dollar Shamrock Hotel he opened eight years ago on St. Patrick's Day ended today.

McCarthy moved his swank Cork Club from the hotel, now the Shamrock Hilton, to new quarters on the ground floor of an office building 20 blocks away.

# Board Fooled

PHILADELPHIA (AP)—The Philadelphia Board of Education decided to look further into an expense account that read: "Recover two horse bodies, Roosevelt Junior High School, \$100." It found the bill was for repairing two leather gym horses.

# Sharp Censure Seen For Cox In Panel's Report On Bribe

AUSTIN, March 16 (AP)—The House Bribery Investigating Committee reports Monday—probably a sharply worded censure of former Rep. James E. Cox's involvement in a \$5,000 bribe offer.

Whether any other persons, legislators or otherwise, will be mentioned is up to the nine men checking alleged legislative pay-offs.

The committee will meet again Tuesday at 3 p.m. to hear more evidence against the Conroe legislator.

Cox, 36, an East Texas accountant, resigned from the Legislature March 3 after a widespread investigation and an indictment accusing him of offering to withdraw a bill outlawing naturopaths in Texas if given \$5,000.

A tape recording of a hotel room conversation with Dr. Howard Harmon, president of the Texas Naturopathic Assn., was the climactic exhibit. Harmon testified he took the tape recording to House Speaker Waggoner Carr who called in state officers.

Harmon is charged with offering a \$5,000 bribe upon a complaint filed by Cox. He will appear before the grand jury April 1. Both Cox and Harmon are free under \$5,000 bonds each.

Harmon hired four private detectives this week to gather information in defense of the charges filed against him. He said Thursday he was ready to take a lie detector test at any time. He said the results reported by his privately hired investigators would be turned over to the House committee if it did not affect the criminal charges against Harmon.

Dr. Robert McMeans Jr., Conroe chiropractor who testified he talked with Cox about restrictions on Texas naturopaths, took a lie detector test. Texas Rangers said this week that the results showed conclusively that McMeans was telling the truth about acid being thrown in his face the night of March 5. His face and left eye were burned. Two suspects were arrested but released.

LAMESA, March 16—Clyde Yarbrough, Odessa, contractor, has been awarded contract by the City of Lamesa to build a 16-inch pipeline from the Bartlett and Water fields to the Roundtree reservoir.

The bid was \$153,946.70, about \$2,500 less than the next low bid. Also included in the contract are collection lines to at least five wells in the new water development area. There were nine bids, with the highest almost \$31,000 more than the low bid.

# Texas Must Vote On Advertising For Tourists

AUSTIN, March 17 (AP)—Texas is prohibited by law from bragging about itself in advertising, and efforts are being made to change that.

After the Civil War, state leaders, concerned over "carpetbaggers," wrote a section of the constitution prohibiting the expenditure of public funds "for the purpose of bringing immigrants into Texas."

Legislative efforts to remove the bar to state advertising in Texas have been made throughout the past quarter-century but all have failed.

A resolution has been approved by the Senate and is being studied by the House to change the constitutional prohibition. Voters would have to approve it in the November, 1956 general election if the Legislature finally pushes it through.

Tourism is big business and supporters of the legislation think the state would be in a fine position to get some money poured out by the tourists. Vacationers spent more than two billion dollars in 1955 in New York and Florida tourists shelled out one billion.

With widespread prosperity, the Bureau of Business Research at the University of Texas predicted 85 million Americans will take vacation trips this year and "Texas bids fair to attract a sizable number."

Forty five states have developed a state advertising program to attract tourists and industries. Many are financed by state appropriations but some unsuccessful ones are privately backed. Estimates of state spending range from less than \$100,000 to more than one million dollars.

# Dies Proposes New System Of Naming Judges

FORT WORTH, March 16 (AP)—Rep. Martin Dies today called for a constitutional amendment to take the appointment of Supreme Court justice out of the hands of the President.

Dies spoke after meeting with his supporters in his campaign for the Senate.

"Virtually all of the social and economic problems our country faces today," Dies said, "have stemmed, directly or indirectly, from illegal and unconstitutional acts of the United States Supreme Court, in disregarding legal precedent and basing decisions on ideology rather than on law."

He said if he is elected he will introduce legislation to let Supreme Court vacancies be filled by a body made up of all the state Supreme Court justices and the top state civil appeals court judges.

No individual would be eligible for consideration for the high court unless he is of such judicial status, with a minimum of five years experience at such a level immediately prior to his appointment.

# Propose Food Shipments To Iron Curtain Countries

WASHINGTON, March 16 (AP)—Congress was urged tonight to give government officials a freer hand to ship farm surpluses behind the Iron Curtain to advance "the aspirations of freedom loving peoples."

The recommendation, by the National Planning Assn., was made public by a special Senate committee studying the foreign aid program. The report came in the midst of talks between U. S. officials and a Polish delegation seeking farm products and financial aid.

A second report by the same association, released simultaneously, said that the cost of all foreign aid, seen in "the perspective of the economy as a whole" has been "relatively small."

H. Christian Sonne, chairman of the association's board of trustees, said it was up to Congress to determine whether foreign aid spending is justified on policy

grounds, since the reports did not aim to settle such questions.

The first report recommended a number of changes in the surplus agricultural disposal programs, and declared:

"The administrators of the program should be free to make disposal agreements with Iron Curtain countries when and if there is an opportunity thereby to advance the aims and aspirations of freedom-loving peoples."

It added:

"With increasing signs of unrest in Soviet-dominated countries, it may prove useful to give the administrators of the programs additional freedom of action in this respect."

President Eisenhower told his news conference last week that if government negotiators decide aid to Poland was in this country's interest he would ask Congress to examine the question and consider legal changes.

# Oil Drilling Inside Electra City Limits

ELECTRA, March 16 (AP)—The first oil well drilling within the city limits of Electra started here this weekend. Oil wells have almost completely surrounded the North Texas town.

# School Bill Set Back By Economy Talk

WASHINGTON, March 16 (AP)—Sen. H. Alexander Smith (R-NJ) said today that "to a certain extent" he believed the current wave of economy talk in Congress had hurt chances for President Eisenhower's school construction bill.

# Reds Shipping More Supplies To Mid-East

ISTANBUL, Turkey, March 16 (AP)—The Soviet Union is pumping more and more supplies through the Turkish Straits to the Middle East.

Westward Soviet traffic through the narrow Bosphorus and the Dardanelles has nearly tripled in the past year. An accurate private check disclosed.

In January and February of 1956 the Russians sent through 44 ships with a gross tonnage of 282,216 tons. In the same months this year the number was 114 ships totaling 725,947 tons.

The increase appears tied to developments in the Middle East. Observers began spotting a notable rise in Soviet tonnage in the Mediterranean, about the time of Egyptian seizure of the Suez Canal. By November, the time of the British-French attack on Egypt, monthly records were being broken.

By the end of last year 430 Soviet-registered ships had passed through the Straits, compared with 251 in 1955.

let the House act first on the measure.

GOP leaders said early in the 1957 session they hoped the House could carry the bill first on civil rights this year, while the Senate led off with the school measure.

But Smith said it now appeared this was contrary to the wishes of the Democratic leadership so far as schools were concerned.

Sen. Hill (D-Ala.), chairman of the Senate Labor Committee which handles school legislation, confirmed he had no plans to start hearings until the House sends over a bill.

"The Senate has passed school bills by overwhelming votes several times, bills which provided money for operations as well as construction, only to see them die in the House," Hill said.

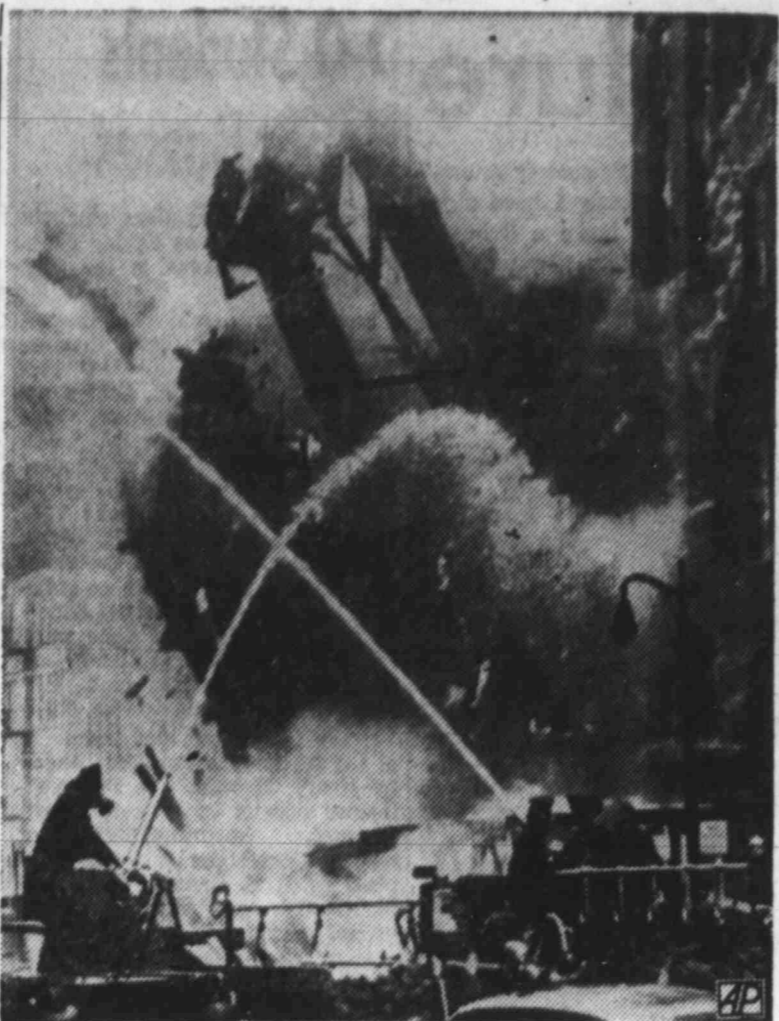

The school construction measure died last year after an anti-segregation amendment sponsored by Rep. Powell (D-NY) was tied to it. Then a combination of Southern Democrats and Republicans defeated it.

Smith said he was sure there would be "foot dragging" on the bill this year because of widespread concern over Eisenhower's \$71,800,000 budget. But he said he had not given up hope on it.

Eisenhower asked Congress to approve \$1,300,000 in grants to the states for school building over a four-year period; the bill also contains features designed to help school districts borrow money. The administration has placed the nation's classroom deficit at 159,000.

# Revival Slated

The Knott First Baptist Church will begin an eight-day revival starting March 31. The Rev. W. C. Wright, pastor of the Stanton First Baptist Church will be the evangelist. The Rev. Haskell Beck is pastor at Knott.

Crashing Wall

The front wall of a warehouse crashes to the street as fire rages through 14 buildings in the Harlem area of New York City. The buildings were being demolished to make way for a housing project and were mostly unoccupied. The fire was reported to have started by sparks from a torch. (AP Wirephoto.)

# Theatre-In-Round Performances Set

Big Spring theater goers are to have an opportunity to enjoy the experience of watching "theatre-in-the-round" on Thursday and Friday evenings at the Howard County Junior College.

F. E. Short, director of the speech and drama department of the college, said that students of the department will present three one-act plays on these two nights and the productions will follow, in general, the principles invented by the late Margo Jones, Dallas, who created theatrical history with her productions.

She dubbed the particular format followed "theatre-in-the-round." In this type of production, the audience sits "around" the scene and the actors portray their parts with minimum of scenery or properties generally in the center of the auditorium. They make their exits and entrances oftentimes along aisles of the auditorium.

The facilities at the College auditorium where Short and his staff will make their experiment are limited. Only 120 seats are available for spectators. Reservations can be made between 8 a.m. and 5 p.m. this week. All seats are reserved.

To be enacted will be "Write Me a Love Scene," by Florence Ryerson; "Suppressed Desire" by Susan Glaspell and an original play by Short "Destiny's Children."

Short's play was presented originally at the University of Texas. It has also been enacted in Italy and England.

Cast for "Destiny's Children" will include Bill McIlvain, Margie Keaton, Ann Porterfield, Billy Freeman, Rodney Sheppard and Tommy Black.

Don Lovelace, Tommy Black, Billy Freeman, and Jo Ann Watkins are cast in "Write Me a Love Scene." Sheppard, Ann Porterfield, and Jo Ann Watkins are the actors in "Suppressed Desire."

Mickey Stewart and Pat Dunn are the student directors and Lawrence Aberegg is production manager. Jerry Howell is stage manager.

Admission charges are 75 cents for adults and 50 cents for students. Short called attention to the coincidence that the second major production of the new speech and drama department of HCCJ is to be presented during March—a month which has been officially proclaimed by Price Daniel, Texas governor as International Theater Month.

First major production by the HCCJ drama department was "Seven Keys to Baldpate."

On TU Honor Roll James Frank Hunt and Tommie Jo Williamson of Big Spring were listed magna cum laude on the fall semester honor roll at the University of Texas College of Education. There were 147 students on the honor list.

# Model Husband Taken By FBI As Escapee

HOUSTON, March 16 (AP)—A man whose wife thinks he is wonderful and who has been a model stepfather and step-grandfather here nine years was held by the FBI today as an escaped Ohio murderer.

Aaron Gordon, 54, was arrested yesterday. He had lived here since shortly after his 1947 escape from a London, Ohio, prison where he was under a life sentence. Gordon was convicted for the 1931 jewel robbery murder of Rose Becker, a close friend of his first wife.

Gordon had used the name of Louis Snipes since coming here. In recent months he had been in the remodeling business. Earlier he operated a floor finishing business and once owned a club boat, the Texas Explorer.

His wife, 55, was in tears. "I'd never have married him if I'd known," she said. "But I wish I had him back home again. He is a wonderful man. He certainly has been good to me. My children and grandchildren are all crazy about him."

Mrs. Snipes met her husband in 1948 through friends. George Burton of the FBI said Gordon choked Miss Becker to death upon being surprised in her apartment while taking \$2,500 in jewelry.

Burton said he understands Gordon's first wife obtained a divorce while her husband was in prison.

Yuell Winslow is Stanton Country Club President

STANTON, March 16—Yuell Winslow has been elected president of the Stanton Country Club.

Other officers are Robert Herzog, vice president; June Graham, secretary-treasurer; and Loyd Henson, Jack Arrington, Houston Woody and Bob Deavenport, directors.

The first week in August has been set for the first tournament. Four nine-hole matches will be held on Aug. 4. New green fees for non-members and inactive members were set at \$1 for nine holes and \$1.50 for 18 holes.

# Church Taking Bids To Sell Parsonage

Plans are under study for construction of a new pastor's home by the board of trustees of the First Christian Church. The church owns lots on Eleventh Place.

Trustees announced that they will sell the present parsonage, and are advertising for bids to be opened April 1. Bids are being accepted by mail.

The property to be sold is a five-room house with basement, located at 1211 Wood Street.

# Seniors Honored At Monday Picnic

Seniors of Big Spring High School and their teachers will be honored at a barbecue to be held at the City Park Monday evening. The Tidwell Chevrolet Company will be host, following a pattern started last year of feting each year's graduating class. The affair will start at 6:30.

# Discussion Group Will Meet Today

The World History Discussion Group is to meet at 2 p.m. today at the Howard County Junior College Library.

Members plan to finish their study of Book IV of H. G. Wells' "An Outline of History," covering sections on Greece and India, including the chapter on the rise and fall of Buddhism. The meeting will be open to the public.

# Enrolls At H-SU

Verl Vernoa Price, son of Mrs. Eva Lee Barlow, 205 1/2 E. 6th, has enrolled for the spring semester at Hardin-Simmons University. He is a member of H-SU campus organizations including the ministerial council and the life service band and the a capella choir.

# On TU Honor Roll

James Frank Hunt and Tommie Jo Williamson of Big Spring were listed magna cum laude on the fall semester honor roll at the University of Texas College of Education. There were 147 students on the honor list.

# \$75 Fine Assessed On DWI Charges

# MEN IN SERVICE

Burke Plant Jr., 507 Mesquite, has enlisted in the 46th Fighter Bomber Wing of the Air Force Reserve at Hensley Field, Grand Prairie, under the recently inaugurated six-month non-prior service program.

Plant, will receive his basic training at Lackland AFB, San Antonio and then will be sent to an Air Force technical school to be trained as an aircraft mechanic. Upon completion of his military obligation on one weekend a month with the 711th Fighter Bomber Squadron at Hensley Field.

A 2-C Kenneth R. Leach 19, son of Mr. and Mrs. Gilbert Leach of Colorado City, has completed school at Kelley Field and is to leave for Germany where he will be attached to the Air Force Intelligence Department.

A 3C Virgil Paul Holden Jr., son of Mr. and Mrs. Virgil P. Holden Sr., 1104 Sycamore Street, is now home on leave after completing the Air Force technical school for jet mechanics at Amarillo AFB. Airman Holden will be assigned to Walker AFB at Roswell, N. M.

Selected at the Naval Training Center, San Diego, Calif., as apprentice petty officer second class was Walter C. Rose, son of T. R. Rose of 1226 E. 15th St., Big Spring.

The apprentice petty officers, graduated March 9, were chosen from the ranks of the seaman recruits to assist the Company Commanders. The selection was made on the basis of aptitude and leadership qualities of each individual.

Kelly Mize Jr. is now serving with Fighter Squadron 174 aboard the attack aircraft carrier USS Bennington in the Far East.

Mize, son of Mr. and Mrs. Kelly Mize, 715 W. Fifth, is a machinist's mate 2-C. The squadron which flies the F9F-8 "Cougar" jets, has visited Hawaii, Japan, the Philippines, and Hong Kong.

Pvt. Tommy G. Leathers, son of Mr. and Mrs. Ray Leathers of Lamesa, recently graduated from the lineman's course at the Army's Southeastern Signal School at Fort Gordon, Ga.

The eight-week course trained Leathers to construct and maintain both open and lead-covered field communication wires and cables. Leathers entered the Army last October and took his basic training at Fort Bliss.

Julio Hernandez is a recent graduate of the Naval Machinist's Mate School at Great Lakes, Ill. Hernandez, a machinist's mate fireman apprentice, is the son of Mr. and Mrs. Antonio Hernandez of Coahoma.

How Big Spring Pupils Scored

Dash lines on the graphs show local elementary students compare, on the average, with the national "norm" (solid line) on the basis of achievement tests given here last fall. Vertical lines on the charts represent the achievement levels and the horizontal lines trace the pupils' progress from the second through the sixth grade.

Subject matter covered by the graphs represent fields in which "a measure of improvement" is needed. Big Spring students exceeded the national average in only one subject — sixth grade science.

Achievement Level Of Elementary Pupils Here Slightly Under 'Norm'

Achievement tests given last October to 2,644 local pupils in grades two through six show "marked weakness" in part of the instructional program in Big Spring elementary schools. That is the verdict of Norbert C. Zabel, elementary counselor, and S. M. Anderson, curriculum director, after an extensive study of results of the tests.

Anderson said that results of the tests aren't alarming, but that some distinct "pictures" emerge — particularly in the field of arithmetic. He pointed out that in comparing local scores to a national population norm or reference group, there is the danger of being misled by "a static measuring device in a dynamic situation."

Anderson said that results of the tests aren't alarming, but that some distinct "pictures" emerge — particularly in the field of arithmetic. He pointed out that in comparing local scores to a national population norm or reference group, there is the danger of being misled by "a static measuring device in a dynamic situation."

# 'Open Skies' Check Urged In Mid-East

WASHINGTON, March 16 (AP) — Sen. Humphrey (D-Minn) proposed today that the United States push for an "open skies" check on Middle East armaments as a step toward peace in that troubled area.

Under this plan, airplanes would fly over the area to spot any dangerous buildup of armaments.

# Three Held As Group Nabbed With Marijuana

County and city officers, working together, arrested four persons in a car on the north side at 7:30 p.m. Saturday and captured 25 cigarettes identified by police as being marijuana.

Gil Jones, district attorney, said that three of the four are being held in county jail and have been booked for possession of narcotics.

The fourth person arrested, a woman, was released.

Two of those arrested were from Odessa and the others from Lamesa, Jones said.

The district attorney identified the four as Emilio Elquevea, driver of the car who claims Odessa as his home; his wife, who was released; Gus Elquevea, brother of Emilio, and Thomas Rodriguez, both of Lamesa.

The cigarettes were in the automobile, Jones said. In addition to possession of narcotics Emilio was also booked for carrying a pistol.

Jones said that Gus Elquevea and Rodriguez have both signed statements admitting possession of the cigarettes.

Officers making the arrest were Jack Shaffer, chief deputy sheriff, City Detective Leo Hull; Night Deputies Bill Cartwright and Randall Sherrard; and City Police Officers Blaz Ballon and Morris.

# Wets Win In Harris County

BAYTOWN, March 16 (AP)—The legal sale of alcoholic beverages was voted back in Harris County Precinct 3 today by a majority of 3,147 votes.

The votes received 11,743 votes, the dries 8,596.

A total of 20,338 persons — 74 per cent of those eligible — cast ballots in the second wet-dry local option election in the precinct in less than five months. The dries won Dec. 12 by 95 votes when 14,489 votes were cast.

die Eastern problems "will be many years in coming."

In an accompanying statement, Humphrey said the United States is confronted with the problem of building up the defenses of the Middle East countries against possible Soviet aggression and at the same time discouraging these nations from using the armaments to attack each other.

The committee report said there remains much in the present situation in the Middle East "to give cause for alarm and for a re-evaluation of policy."

"The political problems which prevent the achievement of a stable peace between Israel and its Arab neighbors are by no means near solution," the report said.

"The Soviet Union has thrust itself into controversies of the Middle East and expects thereby to emerge as a powerful influence in the area."

"A reliable security system to forestall and inhibit the aggressive and subversive designs of international communism has not yet been thoroughly developed.

The role and authority of the United Nations to maintain peace in the area is still not fully defined and the members of that body remain divided as to policies to be pursued.

The unity of action regarding the Middle East that once prevailed between the United States and Britain and France has deteriorated.

"The main basis for hope lies in the fact that the Western Powers and the nations of the Middle East appear to have realized the need to make a renewed and persistent effort to remove both the immediate and the fundamental causes of tension and war."

Gray clouds piled up over most of Texas Saturday bringing hopes for weekend rains.

The weather bureau said scattered showers could be expected in all parts of the state except West Texas Saturday night and Sunday.

Continued mild temperatures were forecast.

A rain on the Rio Alamo and light rains on other streams below Falcon Dam has increased the flow of the Rio Grande at Rio Grande City to 1,900 cubic feet per second.

Special Water Master Kenneth M. Smith of McAllen said the inflow would be enough to take care of the needs of cities in the Valley and releases of water from the dam still were off Saturday.

Standing Room Only

It was standing room only as spectators jammed the special Senate Rackets Committee hearing room in Washington to listen to testimony and an amplifier blare forth purported recorded conversations between union and public officials.

# Senatorial Bidders Active As Campaign Time Shortens

By DAVE CRAIGHEAD  
The Associated Press

Candidates in the special U.S. Senate election vied for the ears of Texas voters Saturday, as the element of time became an ever-increasing factor in their campaigns.

The calendar gave them only 17 more days of stumping until the April 2 election.

State Sen. Searcy Bracewell told a Plainview audience that about 350,000 votes would win the election.

Bracewell said he felt "extremely encouraged" by the reception he received on a three-day tour

of the Panhandle and South Plains area, but added he thought that "fifty per cent or more of the voters have not yet made a decision."

Congressman at Large Martin Dies said in a state-wide broadcast he would like to see a constitutional amendment to take appointment of U.S. Supreme Court Justices out of the hands of the President.

A former state representative from Corpus Christi, Curtis Ford, complained about a campaign statement by Dies that referred to "the oddly assorted field of candidates who do not have one day's

Legislative experience among them."

Ford said Dies is "trying to mislead the voting public or is misinformed."

One of two Republicans in the race, Thad Hutcheson of Houston, said Thursday at Waco and Temple he was an "ike admiring Republican and will support the president on all issues that I feel are good for Texas and the country."

James P. Hart said in Lamesa he had been telling Texans for the past six months where he stands on "the important issues" in the Senate race.

Hart said the issues he has discussed include those of foreign aid, education, water, constitutional rights, civil defense, and decentralization of industry.

John White, campaigning in Lockhart, San Marcos and surrounding communities Saturday, proposed "no strings attached" federal aid program to Texas based on the amount of government income tax a state pays.

"Texas ranks very high in the income tax bracket, but we're getting back only a small fraction of what we pay," he said.

The advisory council's report said that in fiscal 1955, the last year for which it found complete figures, the deficit was 363 million while "public welfare costs" totaled \$92 million.

Under such costs it listed a 95 million dollar loss on rural delivery, a 52 million loss on small postoffices which did not meet expense, a 61 million loss on books and exempt publications, a 36 million loss on special services such as registered and special delivery mail, and a 16 million loss on free services for county newspapers, for mail of blind persons, and for registered mail of government agencies.

The sponsoring Jaycees went in the hole around \$350 or more on the show. They had been counting on revenues from a carnival, but here the county was the winner cleaning the carnival to the tune of \$1,100 plus for gaming.

The Howard County Crippled Children's Society chapter was off to a good start on its Easter Seal campaign (seals were being put in the mail to you today). Webb AFB came forward with a contribution of \$728 to start the ball rolling.

Last week was a lucky one for two men at Webb. First, it was 2nd Lt. Joe H. Engle who got the surprise of his life when he was presented a \$500 check for winning second place in a national plane identification contest.

# Congressmen Bombarded With Letters To 'Cut That Budget'

WASHINGTON, March 16 (AP)—Bulging mail bags crammed with calls from the folks back home to "cut that budget" are piling into many a congressional office.

Some people want economy only if it doesn't apply to their favorite programs.

Some letter writers draw a direct bead on President Eisenhower.

Said an Omaha, Neb., man: "I expected Ike to come out with a solid program but he stubbed his toe and will make the New Deal look like a dirty dime."

An Enid, Okla., man wrote that he and his wife have been solid Republicans and enthusiastic Ike supporters but "in his budget message I am overwhelmed at his attitude which seems to be about as New Dealish as it can get."

A mong congressional constituents who become specific, some want reductions in school and highway programs. A few would

whittle away at national defense, which takes about \$2 out of every \$3 the government spends. More than anything else, they call for a slash in foreign aid.

It seems to be spontaneous rather than inspired—no form letters or printed postcards with some organization behind them. Yet here and there, members seem to think the letters do reflect to some extent budget trimming efforts of the Chamber of Commerce of the United States and the National Assn. of Manufacturers.

The complaints about the budget don't stop with Capitol Hill. Secretary of the Treasury Humphrey is getting them too—some 1,700 letters since Eisenhower handed the budget to Congress two months ago today.

Humphrey's office says this represents the biggest public response on any question during the secretary's four years in the Cabinet.

tee, headed by Sen. Olin D. Johnston (D-Sc), released the study for Sunday morning papers also.

Summerfield has been trying since 1953 to get increased mail rates, including boosting the three cent stamp to four cents. His department estimates this year's deficit at 470 million dollars and predicts it will be 651 million next year unless rates are raised.

The advisory council's report said that in fiscal 1955, the last year for which it found complete figures, the deficit was 363 million while "public welfare costs" totaled \$92 million.

Under such costs it listed a 95 million dollar loss on rural delivery, a 52 million loss on small postoffices which did not meet expense, a 61 million loss on books and exempt publications, a 36 million loss on special services such as registered and special delivery mail, and a 16 million loss on free services for county newspapers, for mail of blind persons, and for registered mail of government agencies.

# Scout Round Up Proceeds At Fast Pace; 1,182 Registered

Boy Scouts and Explorers of the Buffalo Trail Council broke camp Saturday, signaling the end of another successful Round Up.

Official registration was pegged at 1,182 boys and leaders from more than a score of towns and communities throughout the council. This was about on a par with last year, possibly a little larger.

Despite the big turnout, officials ran the skills contest off faster than ever before and had finished this phase of the council's largest single gathering of the year by 11 a.m. Saturday.

Sherman Smith, who had the barbecue ready and waiting since early morning, had his Kiwanian helpers standing by for quick serving of the climaxing noon luncheon made possible by local friends of Scouting.

Sam McComb, general chairman of the Round Up, had his forces organized in every department so that the big convalesce moved like clockwork.

While a number of townspeople grouped around with Scouts Friday night, a big campfire program was staged, highlighted by Frank Tate, Forsan, and his Indian hoop dance. Sgt. Robert E. Porter, Odessa, entertained with imitations, and a Midland Scout put on a ventriloquist act.

In activities, placements in the Lone Star district included: Blue, No. 5 (First Baptist); Red, No. 4 (East Fourth); No. 6 (First Christian); No. 7 (Downtown Lions); No. 11 (Forsan); No. 49 (Gay Hill); No. 146 (Air Base); Yellow, No. 1 (Rotary); No. 9 (Wesley Methodist); No. 140 (West Side Baptist); No. 136 (Midway); White, No. 2

(First Methodist), No. 8, Coahoma, No. 16 (Lenora), No. 17 (Elks), No. 19 (Optimists), No. 28 (Stanley), No. 39 (First Presbyterian), No. 300 (St. Paul Presbyterian).

In inspection, placements included: Blue, No. 1, No. 5, No. 9, No. 17, No. 136; Red, No. 6, No. 140, No. 146; Yellow, No. 4, No. 10, No. 300; White, No. 2, No. 3, No. 11, No. 19, and No. 28.

In inspection, Post placements included Blue No. 9 (Wesley Methodist), No. 116 (Elks), No. 136 (Midway); Red, No. 8 (Coahoma); White, No. 146 (Air Base). Post No. 9 paced the activities with a blue ribbon.

HOLLYWOOD, March 16 (AP)—Carl Reiner, the veteran sidekick of Sid Caesar's show, was named as television's best supporting actor in the ninth annual TV Academy awards tonight.

Reiner thus displaced Art Carney of the Jackie Gleason show who had won this honor for the last three years.

Pat Carroll, comedienne of Sid Caesar's show, was named the best supporting actress of 1956 by the academy's 2,700 members in nationwide telecast.

Phil Silvers, who emceed the eastern portion of the color telecast, was pleased to present the award for the best comedy writing to his own staff of the "Phil Silvers Show." — Nat Hiken, Billy Friedberg, Tony Webster, Leonard Stern, Arnold Rosen and Coleman Jacoby.

Best art direction for a half-hour show went to James P. Cavanaugh for his "Fog Closing In" in the Alfred Hitchcock series.

The hour writing award went to Rod Serling who penned "Requiem for a Heavyweight" for Playhouse 90.

# TV Academy Picks Winners For '56

DelRoy Buchanan, Coahoma FFA, has been selected to represent Howard County at the district competition in tractor maintenance, safety and use.

He won top honors over two competitors in an elimination contest at the testing grounds on the Sherrard farm. His score was 2,505 points.

By virtue of his victory, he will compete with winners from other counties at the district meeting sometime in April. Place has not been announced for this event.

Should he win at the district he would be allowed to go to the state and if he was victorious there he would be presented with a Ford Tractor as a reward.

Others in the local contest were Philip Riddle, Big Spring FFA, who was second with 2,233 points, and Lois Ray, Knott FFA, third with 2,100 points.

Buchanan was coached by R. A. Foster, vocational agricultural teacher for Coahoma and Foster will accompany Buchanan to the district meeting.

Local sponsor of the Ford tractor contests was Big Spring Tractor company. Doc Wilkinson was the company representative.

Judges were R. E. Haney, M. E. Everhart and Paul Bishop.

Cosden Petroleum Corporation and Tri-Service Drilling Company have set 5 1/2-inch casing at 11,250 feet in No. 1 A. R. Baumann, 2 1/2-mile east of the Baumann (Pennsylvanian) discovery well.

Operators were preparing to drill plug and hole will be made into the expected pay zone.

Location is 660 feet from south and west lines of section 13, block 38, T-2-S, T&P Survey, six miles southeast of Midland.

Cosden runs pipe in Midland test

Civil Hearings On Docket This Week

A civil jury docket has been scheduled for Monday in 118th District Court.

Judge Charlie Sullivan has instructed Wade Choate, court clerk, to summon sixty jurors for service. They are to report to the court on Monday morning.

Judge Sullivan said he had several cases tentatively slated as ready for trial.

# Coahoma FFA Lad Winner In Tractor Test

Judge Charlie Sullivan has instructed Wade Choate, court clerk, to summon sixty jurors for service. They are to report to the court on Monday morning.

Judge Sullivan said he had several cases tentatively slated as ready for trial.

Couple Named In Forgery Charges

Charges of forgery and passing have been filed by the sheriff's office against M. H. Hassell and Margaret Hassell.

Bonds were set at \$5,000 for Hassell and \$2,000 for his wife.

Jack Shaffer, deputy sheriff, said that the woman had made a statement relative to the case. The check was cashed at Newcom's Food store, it was reported. They are being held in the Howard County jail.

Do You Know

—the owner of Hayworth Service Store? What is his first name? Who are W. L. and Del? Drive into this Magnolia station on East Third and meet these people soon.

Have you visited in Big Spring stores this week? When you do, just notice the folks you do not know!

"LET'S GET ACQUAINTED" . . . it's to be an interesting feature—for all of us getting to know MORE people!

Let's Get Acquainted

# THE WEEK

(Continued from Page 1)

American Business Club relays proved successful. More than 600 athletes participated, and support at the gate was good, too.

The University of Southern California, Cisco Junior College and San Angelo High School were crowned champions. Records fell on every hand.

Highly successful, also, was the 20th annual FFA and 4-H Live-Stock Show. The grand champion steer shown by Rodney Brooks brought \$125 a pound from Medical Arts Hospital; the champion lamb of Lorita Overton brought \$2.50 a pound from First Federal Savings & Loan; and top capon shown by Ronnie Richardson drew \$100 from Texas Electric Service.

The Howard County Crippled Children's Society chapter was off to a good start on its Easter Seal campaign (seals were being put in the mail to you today). Webb AFB came forward with a contribution of \$728 to start the ball rolling.

Last week was a lucky one for two men at Webb. First, it was 2nd Lt. Joe H. Engle who got the surprise of his life when he was presented a \$500 check for winning second place in a national plane identification contest.

Monday is another of the "taxpayer information days" conducted by the Internal Revenue Service and the Big Spring office staff will be on duty for that purpose. Ben Hawkins, agent in charge, said Saturday.

This "information" assistance is the U. S. Internal Revenue's substitution for the old plan where the agents personally filled out returns for taxpayers, Hawkins said.

This plan makes the tax man available to answer questions but the taxpayer makes out his own report. The office here urges that all taxpayers read their instruction book carefully before they attempt to make their reports. If this is done, Hawkins explained, there is a very great probability

County To Buy Government Bonds

Lee Porter, county auditor, said that he will invest \$275,000 in county funds in 90 day government bonds this week.

This action is in accordance with a recommendation of the Howard County commissioners court last week. It is a regular practice in the county to invest in

negative funds which will not be needed for periods as long as three months. The money brings in 3 per cent income.

# Lad Frustrated In His Attempt To Explore Red River

MEMPHIS, Tex., March 16 (AP)—A boy from Clovis, N.M., who wanted to explore the Red River and perhaps ride to the Gulf of Mexico in a boat was found in the river bottoms today hiding under a wartime-type camouflage poncho.

He is Howard Setel, 16, who told Sheriff Elmer Neel from a plane piloted by Morris Odom. Baten and deputy Clyde Rogers were nearby and found Howard under the rain cape under salt cedars.

He had a carbine, but did not threaten officers. His parents, Mr. and Mrs. F. H. Steel, had come to Memphis last night after the boy was spotted from the air.

They had f e a r e d found play. The boy left home Wednesday with a rifle and his dog. The dog returned.

# To Report On Road Easements Monday

Howard County Commissioners Court will meet on Monday morning but no definite business has been set up for the session.

Earl Hull, commissioner, said that he intended to report on his efforts to obtain right-of-way easements on the old Colorado road. All but three of the property owners on the road have signed easements he reported. The road is one of the highway improvement projects scheduled to be started in the immediate future and Hull said that completion of easement agreements is becoming urgent.

# Taxpayers Can Get Help From IRS Staff Monday

Befuddled taxpayers who realize that April 15 is getting nearer will have an opportunity Monday to find the answer to tax questions which are puzzling them.

England Facing Labor Crisis In Ship Walkout

LONDON, March 16 (AP)—Britain's 200,000 shipyard workers walked out today in a strike that threatened to spread through key manufacturing industries employing up to three million men.

The crippling labor disputes—the worst in Britain since the general strike of 1926—burst upon Prime Minister Harold Macmillan just five days before his Bermuda conference with President Eisenhower opening next Thursday.

Macmillan called in Labor Minister Iain MacLeod for a conference this morning. Then he worked with Foreign Secretary Selwyn Lloyd and Chancellor of the Exchequer Peter Thorneycroft on preparations for the Bermuda talks.

Leaders of the 40 unions in the Confederation of Shipbuilding and Engineering Unions called out the shipmakers to support demands for a 10 per cent pay increase.

The CSEU at the same time ordered a strike for next Saturday among the nation's engineering workers—key employes in manufacturing industries such as machine tools, aircraft, automobiles, electrical equipment and heavy machinery. They also demand a 10 per cent pay increase.

If prolonged, the shipyard strike could have a disastrous effect on the nation's economy.

Labor's disgruntlement stemmed from a steady rise in the cost of living under the Conservative government and persistent friction between management and unions, marked by charges and countercharges of highhandedness and clumsy leadership on both sides. Among the British people as a whole, there was subdued anger against both management and the unions for allowing a strike to develop while Britain is fighting for economic survival.

'Inspiration Week' Slated At Lamesa

LAMESA, Mar. 16—"Enriching the Christian Life" will be the theme of the Inspiration Week at the First Baptist Church during training union study course which begins Sunday evening. Classes will be held each evening through Friday, except Wednesday, with classes from 7 to 8:30. On Wednesday evening the regular schedule of activities will be followed.

He's Unfriendly

ROME, March 16 (AP)—Ex-King Farouk of Egypt told a news conference today his attitude toward newspapermen is the same as it always was—"unfriendly."

European Atomic Pool Plan Draws Blast From Moscow

MOSCOW, March 16 (AP)—The Soviet Union today denounced the plans of six West European nations for economic union and an atomic energy pool as "an attempt to deepen the divisions between East and West."

It proposed that both projects be abandoned, and instead that all the nations of Europe attend a conference to consider greater economic and atomic cooperation.

The Soviet move came only nine days before West Germany, France, Italy, Belgium, the Netherlands and Luxembourg are to sign treaties setting up a common market and the atomic pool, called Euratom—two big steps toward their cherished dream of a United States of Europe.

Ballots Ready For U. S. Senate Race

The printer worked overtime and as a result 100 advance copies of the absentee ballots for use in the special election on April 2 were delivered to the office of the county treasurer on Friday afternoon. This caught the office by surprise and no preparation had been made at that time to accept absentee votes.

Mrs. Pauline Petty, clerk, said that the full supply of ballots will be on hand on Monday and Howard County electors who intend to cast their votes by absentee ballot can do so starting on that date.

Two absentee ballots had been polled to noon Saturday. These were cast by voters who dropped in at the office Friday and inquired when they could file their votes. The advance supply of 100 ballots had just been received and the electors were allowed to fill out their ticket at once.

It had been said that none of the ballots would be on hand before Monday and as a result there were no inquiries for them on Saturday. Mrs. Petty said that a special canvas box would be set up Monday morning and that the regular election custom of accepting absentee ballots would be initiated. Absentee votes can be cast in the special election until March 29.

The election is state-wide on April 2 to select a successor for the post of Texas United States senator to succeed Price Daniel, who resigned to become governor of Texas. Most observers do not anticipate a heavy vote on April 2 in this county. However, the commissioners instructed Mrs. Petty to provide the legal number of ballots—more than 10,000.

the common market "serve the interests of those circles in the West which seek to rearm the revenge seekers in West Germany with nuclear weapons." It said the groupings "would be subject to the aims of NATO, whose aggressive nature is known to everyone."

On the other hand, the Soviet government said, all-European cooperation in economic and nuclear fields would "contribute to the liquidation of international tensions."

But the Russians declined to be drawn out about whether their proposed conference would do any more than consider closer cooperation. Notes sent to the Western European governments and the United States said the conference should take up:

1. An all-European system of cooperation in the construction of large hydroelectric power schemes.

2. Cooperation in developing fuel energy reserves to support the industries of participating countries and to keep their fuel supplies balanced.

3. Measures for improving trade between all European states.

4. Plans for rendering mutual economic and financial aid. Complete agreement on the European common market and Euratom treaties was announced only last Saturday. They have been submitted to the six governments for ratification and are scheduled to be signed March 25, probably in Rome.

Euratom provides for sharing of atomic know-how, nuclear raw materials and installations to produce atomic power for peacetime uses along the lines of Western Europe's coal and steel community.

Yarborough Lists Issues, Outlines Ideas Of Program

Expressing confidence that he will be elected to the U. S. Senate April 2, Ralph Yarborough of Austin said here Friday that qualifications for office and willingness to attend to the duties of the post are two of the main issues in the state-wide campaign.

Yarborough visited here briefly on a swing through West Texas that took him from San Angelo to Sweetwater, Colorado City, Big Spring, Midland, Odessa and El Paso. He arrived too late to attend a luncheon that had been planned in his honor, but joined backers in a 15-minute telecast from the local station.

He said he plans to work for increasing the individual income tax exemption from \$600 to \$800 and will support all measures for increasing federal aid on old age pensions.

The candidate said he is "strong for a cut in foreign aid." He said

the present \$72 billion federal budget should be reduced in that manner. He also said he favors 90 per cent of parity price supports for farmers.

"I'm still fighting for a clean-up in Texas, too," Yarborough said. "Every newspaper shows the need for the clean-up. We haven't seen the last of the insurance scandals yet."

Also on the state level, Yarborough said he favors a teacher pay raise. He is attorney for the Texas State Teachers Association.

Yarborough said Texas is among the nine lowest states in provisions of old age assistance. He said the amount should be increased.

Appearing with the candidate on the television program were Ed Carpenter of Vincent, his Howard County campaign manager; Frank Hardesty, A. E. Suggs, and Mrs. Nita Jones.

Dawson Talent Show Postponed

LAMESA, March 16—The Dawson County Farm Bureau Talent Show, originally scheduled for April 11, has been moved to April 12, according to Mrs. L. D. Echols, chairman of the planning committee.

Mrs. Echols said that the Farm Bureau did not wish to conflict with school activities in setting the date, and that the Girls Powder Bowl Football Game had been set for April 11. The Talent Show will be held at the Lamesa Junior High School Auditorium.

There will be two divisions in the show, high school age and older, and those through Junior High School. Prizes of \$15 and \$10 will be awarded first and second place winners in each division.

Million-dollar holdup at Swartz's

STEPHENVILLE, Tex., March 16 (AP)—Tracksters from more than 300 high schools will participate in the sixth Annual Tarleton State College Relays to be staged here next Saturday.

Aggies Edge Rice In Dual Tournament

COLLEGE STATION, March 16 (AP)—Texas A&M edged Rice 72-64 in a dual track meet today. Both teams won eight first places, but the Aggies picked up enough seconds and thirds to clinch. Herman Johnson, A&M's shot-put and discus ace, and sprinter Dick Bowen of Rice, each took two firsts.

Winning High Jump

Don Stewart, SMU, who won the high jump event in the university division of the 12th annual ABC relays here Saturday, is shown clearing the bar on one of his leaps. Stewart cleared 6 feet 6 1/4 inches in his best effort.

Anne Quast Takes Lead At Augusta

AUGUSTA, Ga., March 16 (AP)—Anne Quast, 19-year-old Seattle, Wash., amateur, shot a women's par 75 today and beat back the challenge of several top professionals to take a one-stroke lead into tomorrow's final round of the 72-hole Titleholders golf championship.

NCAA Western Regional
Kansas St., Oklahoma City University 61 (championship)
Southern Methodist 75, St. Louis 68 (third place)

# Boxer Booked In Delinquency Of Minor Girl

CHICAGO, March 16 (AP)—Maxie Rosenbloom, former light-heavyweight boxing champion turned entertainer, was arrested today on a charge of contributing to the delinquency of a 13-year-old girl.

Rosenbloom, who denied the charge, was freed after making \$200 bond.

The former champion, known as "Slapsie Maxie," said he merely complied with the girl's request for an autograph and photograph.

The complaint was signed by the girl's father, Everett P. Thompson, 32, an unemployed insurance adjuster.

Rosenbloom, who is booked for a night club appearance beginning Tuesday, told newsmen at Central Police Station that the girl telephoned him four times while he was appearing as an entertainer at another Chicago night spot Jan. 10-23.

He said she asked for an autographed photograph, saying she wanted to start a fan club for him.

"I finally got tired of all her calls and told her to come to my hotel and meet me in the lobby," Rosenbloom added.

"When she got there I tried to get a bell boy to come with us. I'm careful of anything that could look suspicious.

"The nearest bellboy was busy, so I took the girl to my room and signed a picture for her. We were only up there five minutes and she left.

"I hope the public doesn't believe what these people say. I signed the picture. 'Be good to your mother and father and they'll always love you.' That's all that happened."

Thompson declined to discuss the complaint, saying: "I must see my lawyer."

Rosenbloom is scheduled to appear on the charge in Domestic Relations Court March 21.

**Filming Relays**  
Joe Wilson of Dallas, cameraman for the Texas In Review television program, aims his camera down the track during one of the ABC Relays events Saturday. Movies Wilson made will be shown on the local television station in a little more than a week, on March 23.

# Globetrotters To Perform In Hi School Gym Today

The famous magicians of the basketball court, the Harlem Globetrotters, return to Big Spring today for a 3 p.m. engagement in the high school gymnasium.

They will clash with the Honolulu Surfiders as the feature event in a show sponsored by Big Spring Jaycees.

Several other acts also will be staged between the halves and prior to the Globetrotter-Surfider contest. Included will be performances by Rolando "aristocrat of balance," Lilly Yokio, "balancerina of the bicycle," Elmar, juggling and slack-wire performer; Jacques Cordon, French unicyclist; and the Farias Duo, tumblers and aerialists.

This is the 30th year of performances which have made the Globetrotters famous throughout the world.

The team was launched in 1927. There was no danger that any member of the organization would suffer from gout as the result of rich living, in those early days. They lived on hamburgers, coffee, doughnuts and the like.

In 1929, one of the Trotters named Inman Jackson — now a coach with the organization — tickled the palates of the spectators by juggling the ball during a game. He later said he was tired as the result of constant day-in, day-out play and travel with no substitutes available as the unit trekked around, trimmed down to the bone. Well, anyway, Big Jack balanced the ball on the tips of his fingers, rolled it around his neck and down his outstretched arm. The customers ate it up; Jackson's stunts got more applause than the accurate marksmanship of the team.

That was when Owner — Coach Abe Saperstein got the idea that laughter took priority over dexterity and accurate shooting. Bit by bit they enlarged and improved on funny stunts. Players were given a free hand in ad libbing; the stunts that caught on with the fans were immediately incorporated.

The baseball and football routines, the attempt to drop-kick a basket and a few others have been in the Trotters' bag of tricks for many years and promise to remain so as the fans continually call out from the stands for these popular standbys of buffoonery.

In the line-up to appear here today will be J. C. Gipson, 6'8" center; Bob Williams, 6'7" center; Lee Garner, 6'11" center — guard; Bobby Milton, 6'1" forward; Charles Holton, 6'3" guard-forward; Johnny Kline, 6'3" guard, and Norman Lee, 6'4" forward.

**With Trotters Today**  
Bob Williams, 6-7 center, is a member of the Harlem Globetrotters on "lend-lease" from the Minneapolis Lakers and will be seen in action with the septa quintet at 3 p.m. today in the high school gymnasium. A former Florida A&M star, Williams is a clever ball-handler and showman, as well as being talented in all departments of court play.

# Mad Braves Might Win

BRADENTON, Fla., March 16 (AP)—Lou Perini, owner of the Milwaukee Braves, says that "if the Braves get spittin' mad they can win the pennant" this year.

"We've got to get more serious about this thing. The boys will have to be taken mean in the field. That's all it takes—more determination," he said after watching the Braves defeat Philadelphia 2-1 in an exhibition game yesterday.

Perini also feels that "more consistent hitting holds the key in the final analysis to our pennant hopes."

"I was never more sure of anything in my life when I said we'd win last year," Perini said, "and I know I never should have been more right."

"We weren't outlucked for it, either," he went on. "We just beat ourselves. I can sit down with the boys today and cite countless examples of how we lost it—failure of a bunt here, or a ball rolling up someone's sleeve there."

# FRANK SCOTT He's Cashier For Big League Stars

ST. PETERSBURG, Fla., March 16 (AP)—When Mickey Mantle or any one of 91 big league ball players appears on television or endorses a product, the man at the cash register is Frank Scott, who operates the fastest growing business in sports.

The 39-year-old former New York Yankee road secretary grossed \$250,000 last year with his one-man organization known as Frank Scott Associates on Madison Avenue in New York. He currently is on the prowl signing promising rookies to contracts that run two years with an option of a two-year renewal. The athletes get 90 per cent and Scott 10 per cent.

"I don't guarantee anybody anything," Scott explained while watching the Yankees practice. "All I promise is to do my best to get the player his share of the outside money, and give him an honest count."

Mantle who earned \$60,000 in six months last year in 1956 is the head man in Scott's stable. He has a special deal with Mantle who is incorporated, Scott owns 10 per cent of the corporation and also is hired by the corporation as an agent.

Until Mantle hit the jackpot last year, the top outside money was about \$15,000 with Yogie Berra, Eddie Mathews, Robin Roberts and Duke Snider the leaders. Scott estimates that about 25 of his 91 players are "money makers" who pick up at least \$5,000 in outside fees. The others may average \$1,000 each but 10 per cent of \$66,000 helps pay the rent too.

# Wayland Defending Women's Cage Tourny Opens

ST. JOSEPH, Mo., March 16 (AP)—The Women's National Amateur Athletic Union basketball tournament starts tomorrow.

Wayland College of Plainview, Tex., defending champion and winner for the last three years, will bid for an unprecedented fourth straight championship.

Texans drew an opening round bye.

When it does play, and if it wins as expected, Wayland will equal the all-time winning mark in girls' basketball—101 straight—which is held by Hanes Hosiery of Winston-Salem, N.C. Hanes previously won three successive championships nationally but is no longer a tournament competitor.

Several strong teams stand in Wayland's path toward a fourth straight title. Among them is Nashville, Tenn., runnerup in 1956. Nashville is slated for action Sunday, taking on North Kansas City.

Second seeded, the Tennesseans are powered by two of the fastest players in girls' basketball—Nera White and Katherine Washington.

# Tigers Break Loose

LAKELAND, Fla., March 16 (AP)—The Detroit Tigers, paced by the hitting of Mel Clark and Harvey Kuenn, walloped the Washington Senators 14-3 today to break a five-game losing streak. The Tigers racked three Washington hurlers for 18 hits.

# Marlene Stewart To Miss Tourny

PINEHURST, N. C., March 16 (AP)—The 53th annual North and South invitation golf championship for women begins here Wednesday without the defending champion, Pert Marlene Stewart, the Canadian cutie who won last spring, has informed tournament officials that due to her forthcoming marriage she will not be on hand for a title defense.

Wanda Sanchez, the tall Baton Rouge, La., runner-up to Miss Stewart, and Wanda's semifinals victim, Anne Quast of Marysville, Wash., are among the more prominent contenders.

# Mays May Get 'Nothing Good'

TAMPA, Fla., March 16 (AP)—Brooks Lawrence, Cincinnati right-hander, served notice today what the National League pitching fraternity might have in store for Willie Mays this season. It amounts to this... give him nothing good.

"If Willie Mays expects to get a good pitch to hit at from me," said Lawrence, "he'd better forget it. I'm not going to give him anything near the plate. He's going to have to work hard for his base hits."

"I'm not going to take any chances with that man. He's the guy who's going to break your back. He's the only one on the New York Giants you've got to really worry about. Who else on that club is going to hurt you?"

Willie drew 68 passes last year, 20 of them intentional, as he slugged 36 home runs on a .296 batting average. Unless the pitchers change their minds, Mays may double his bases on balls this year.

# WORRIES, BRIGHT SPOTS Training Moves On Schedule In Arizona's 'Cactus League'

By JERRY LISKA  
PHOENIX, Ariz., March 16 (AP)—The first week of "Cactus League" play found things progressing just about as expected for the four major league clubs training under the Arizona sun.

The Cleveland Indians were able to win with only the faintest hint of the lineup new Manager Kerby Farrell will assemble to go after the New York Yankees' scalps.

The Baltimore Orioles showed more zip and young blood than any time since Farrell took over three years ago. The Oriole pilot, still waiting for his unreported shortstop, Willie Miranda, has been shuffling his players with almost as much ease as Farrell.

But the New York Giants and Chicago Cubs, almost from the word go, have been striving to jell a lineup as soon as possible to determine if things somehow will be a little better than their respective sixth and eighth-place finishes of last year.

Manager Bill Rigney, feeling the heart attack which apparently ended the career of No. 1 Giant catcher, Bill Sarni, has been getting some balm from the great shortstop play of ex-cricketer player Andre Rodgers and, of course, from the peerless Willie Mays.

New pilot Bob Scheffing saw his Cubs drop five of their first six games, no great surprise considering their biggest star, hard-hitting shortstop Ernie Banks, was out with an ailing throwing shoulder. Without Banks, the Cubs indeed are something to worry about for Scheffing.

The retirement of Cleveland third baseman Al Rosen has left the Indian infield a jigsaw puzzle which Farrell methodically is trying to fit together.

Third base and shortstop could have new Tribe faces this season and there even could be a change from Farrell's championship Indianapolis club in the American Assn., last year, swift Roger Maris at second in veteran Bobby Avilla stays on the merry-go-round at third.

Shortstop Larry Raines, who batted .309 for Indianapolis last year, could displace Chico Carrasquel, who hit his lowest mark last year, .243, in seven major league seasons. But Farrell intends to give Raines a shot at third base.

Another bright rookie prospect is, could be an outfield starter if versatile Al Smith proves the only solution at third base.

There was worry in the Tribe's Tucson camp this week over Vic Wertz, veteran first baseman who made an inspiring comeback from a polio attack last year. Wertz complained of headaches for several days and missed an Indian invasion of the Giant camp at Phoenix. Tribe officials hoped it was from too much sun and no recurrence of his old ailment.

# Knott Netters Down Sterling

KNOTT, (SC) — The Knott volleyballers downed Sterling, 45-27, last week to leave their district record at two wins and no losses.

The team is to compete in the district tournament at Garden City starting Tuesday. Forsan is the opening opponent.

Jean Samples led Knott in scoring with 13 points. Other scorers for Knott include: Bob Page six, Shirley Page nine, Alice Day five, Neva Jackson seven, and Virgie Graham five.

Jones of Sterling led that team's scoring with 11 points.

# National Juco Meet To Open

HUTCHINSON, Kan., March 16 (AP)—Beebe, Ark., and Tigerville, S.C., will open the National Junior College Basketball Tournament here Tuesday.

Pairings for the meet, which ends next Saturday were made today. Tuesday's games include: 1:45 p.m.—Hibbing, Minn., vs. San Angelo, Tex. 9:30 p.m.—Des Moines vs. Tyler, Tex.

# 14 Cities To Send Teams To Tourny

DALLAS, March 16 (AP)—Teams from 14 Texas cities agreed yesterday to send squads to the Southwestern AAU boxing tournament in Dallas April 25-26.

Teams already signed include Greenville, Sherman, Dallas, Tyler, Paris, Gainesville, Fort Worth, Waco, Abilene, Odessa, Beaumont, Austin, San Antonio, Houston and possibly El Paso.

# Curlee Sport Coats Your Spring Tonic

Mr. and Mrs. John Knowles of Big Spring caught this big string of sheephead in the Gulf of Mexico near Port Isabel last week. They and their fishing boat captain are shown with the catch which weighed about 100 pounds. Rods and reels were used, about two miles from shore.

Big Catch In Gulf

Mr. and Mrs. John Knowles of Big Spring caught this big string of sheephead in the Gulf of Mexico near Port Isabel last week. They and their fishing boat captain are shown with the catch which weighed about 100 pounds. Rods and reels were used, about two miles from shore.

Live comfortably, easily and smartly, too, in your new spring Curlee Sport Coat. Choose from fine all wool or the so light and distinctive silk and wool fabrics. You are sure to find the color which will please you.

# Mitchell Gains Five Wells, Two Are Near Completion

Busy Mitchell County added five more shallow wells and had two others in the Westbrook field in the process of completion. At the same time another location was staked. Col-Tex Refining Company No. 9 Standard of Texas, 1,658 from the north and 1,674 from the east lines of section 10-28-1n, T&P, was bottomed at 3,127 feet with the 5 1/2-inch casing set to that depth. Top of pay was 3,025 and the pipe was perforated from 3,035-85. Operator treated with 21,000 gallons of frac and pumped 79 barrels of 24-gravity oil per day, plus five per cent water.

Another Westbrook completion was Col-Tex No. 30-E Morrison, 1,802 from the south and 330 from the east lines of section 20-28-1n, T&P, which reached a total depth of 3,140 and set the 5 1/2-inch casing there. Treatment was with 21,000 gallons of frac through perforations at 2,570-94 and 3,050-70. In 24-hours, the test pumped 72 barrels of 24 gravity oil and no water.

Col-Tex No. 28-E, 1,662 from the north and 330 from the east lines of section 20-28-1n, T&P, was bottomed at 3,130 feet where operator was in process of completing. Col-Tex No. 10 Standard of Texas, 330 from the north and 1,674 from the east lines of section 10-28-1n, T&P, bottomed at 3,150 feet, perforated and was fraced pending completion.

Col-Tex No. 30-D Morrison, a new Westbrook venture, spudded to 272 feet and set surface string. Operations were due to be resumed late Saturday. Location is 1,650 from the south and east lines of section 28-28-1n, T&P.

Col-Tex No. 27-E Morrison, 990 from the north and east lines of section 27-28-1n, T&P, drilled below 2,255 feet in line. Standard No. 1-22 Foster, in the Istan East Howard field, pumped 113 barrels of oil and 13 per cent water in 24-hours. Perforations are set between 2,859-916 feet, and total depth is 2,923 feet. The well is 2,580 feet from north and 1,630 feet from east lines, 6-29-1s, T&P Survey, three miles southwest of Istan. Neely-Neely No. 2 Strawn is the 30-

new Sharon Ridge 1700 field location five miles northeast of Cuthbert. It is 990 feet from north and 330 feet from east lines. Keefe Subdivision No. 9, Reiger Survey. Drilling depth is 1,750 feet. Fleming No. 3 L. A. Strain, in the Sharon Ridge area, pumped 53.18 barrels of oil and 15 per cent

water on 24-hour potential. Perforations are between 1,662-74 feet, and top of the pay section is 1,645 feet. Total depth is 1,710 feet, with oil string set at that depth. Gravity is 29.5 degrees. The well is 990 feet from north and 2,310 feet from east lines, 64-97, H&TC Survey.

In the Westbrook field, Lawless No. 2 TXL pumped 6.95 barrels of oil and 40 per cent water on potential. It is 330 feet from west and 2,310 feet from north lines, 39-28-1n, T&P Survey. Gravity is 28 degrees. Top of the pay zone is 2,965 feet, and total depth is 3,116 feet.

Four Corners Point West

Surveyors plot the course across March Pass, just southwest of Kayenta, Ariz. for the 16-inch Four Corners pipe line. The line is being constructed by Shell Pipe Line Corp. and will carry crude oil 600 miles to Los Angeles refineries from production near the common corner of New Mexico, Colorado, Utah and Arizona. Left to right are Don Phelps, surveyor; H. C. Stevens, engineer; Maxwell Yazzie; Fred Harmon, inspector; and Keith Francis, Yazzie and Francis, archaeologists, represent the land use and survey department of the Navajo Tribe, through whose reservation the line goes.

## Upton Test May Have Hit New Zone

Nine miles northeast of Crane in west Upton County, Pure Oil Company found possible discovery production on a second drillstem test in their No. 1 TXL. An unidentified section from 9,764 to 9,790 feet tested for an unreported length of time. Gas surfaced in 11 minutes at the rate of 81,600 cubic feet daily. Reversed out was 16 barrels of 46.4 gravity oil. Recovery from below the sub was 90 feet of heavily oil and gas-cut mud. Flowing pressure was from 9 to 540 pounds and the 30-minute shut-in pressure was 1,940 pounds.

Coring continued below 9,780 feet. The section may be in the Wolfcamp of the Pennsylvania. Earlier a drillstem test from 9,594-9,599 feet, open six hours, surfaced gas and oil. The test showed 220 barrels of 40.2 gravity oil in 5 hours and 32 minutes. Location is 1,707 feet from the south and 660 from the east lines of section 27-42-5s, T&P.

## One Producer Finals, Two Others Prepare In Howard

One completion, a small producer in the Varel (San Andres) field, was reported in Howard County at the end of the week. Two others in the Moore pool were completing, two tests — one in the Moore and one in the Snyder — were starting and two more locations were staked. These include one in the Howard-Glasscock and two in the East Howard pools.

Cosden No. 4-D Patterson, 990 from the north and 1,650 from the west lines of section 27-33-1s, T&P, bottomed at 3,120, set the 5 1/2-in. oil string at 3,085 and was ready to file potential.

Cosden No. 11-B Patterson, 1,650 from the north and east lines of section 22-23-1s, T&P, bottomed at 3,090 feet, had fraced and awaited completion.

Cosden No. 4 Barnett-Connelly, 1,650 from the north and 330 from the east lines of section 29-33-1s, T&P, spudded to 150 feet and set the surface string with 95 sacks of cement. Operator waited Saturday on cement to set.

Cosden No. 4 M. H. O'Daniel, 330 from the north and west lines of the southeast quarter of section 29-30-1s, T&P, was in process of spudding. This is a 3,000-foot Snyder pool rotary test.

Continental No. 9-B Settles will try the San Andres section of the Howard Glasscock field three miles southwest of Forsan. It is staked 330 feet from north and 1,650 feet from east lines, 160-29,

## Cambrian Explorer Located In Nolan

Honolulu No. 1 Urcy Mas Usery is scheduled as a 7,000-foot Cambrian wildcat in Nolan County. Contract depth is 7,000 feet with rotary. Location is 660 from the south and 865 from the west lines of the E. F. Johnson Survey No. 24, which is two miles west of Nolan and two miles northwest of Cambrian production in the EA Mullipia field.

Sun No. 1 Farramore, Nolan venture, had progressed Saturday to 6,930 feet in line and shale. Sun No. 1 Sears had gone to 3,945 in line and shale.

## Two Borden Spraberry Wells Final, Cosden Re-Perforates

Two completions, one in the Jo-Mill (Spraberry) and the other in the Arthur (Spraberry), were reported in southwestern Borden County at the end of the week. Seaboard et al No. 2-27 T. J. Good, 1,980.3 from the south and 1,980 from the east lines of section 27-33-5n, T&P bottomed at 7,960 on an elevation of 2,675 ground level. The 5 1/2-inch casing was set at 7,954.45 feet. Top of pay was 7,305 feet and the string was perforated from 7,305-70 feet. After fracing with 15,000 gallons, the venture flowed 427.76 barrels of 38-gravity oil per day, plus 17 per cent water. Gas-oil ratio was 535-1, the tubing pressure 245, casing pressure 0.

Cosden Petroleum Corporation No. 1 Ethel Bodine, 660 from the north and west lines of section 6-33-3n, T&P, 1 1/4 miles east of Ackery, squeezed off the Spraberry perforations at 7,144-70 after testing the zone following a 21,000-

gallon frac. The casing will be re-perforated below 8,200 opposite the Dean which has not yet been tested. Cosden No. 1 H. C. Shortes, 1,980 from the south and east lines of section 43-33-4n, T&P, three miles east of Ackery, penetrated to 6,889 and continued drilling ahead.

Texas Pacific No. 2-B Johnson, in the Jo-Mill field, flowed 452.90 barrels of oil and 10 per cent water in 24 hours. The well is 660 feet from south and 550 from west lines, 7-32-5n, T&P Survey. Spraberry perforations are between 7,100-42, and top of the pay zone is 7,100 feet. Total depth is 7,240 feet. Gravity is 37 degrees, and gas-oil ratio is 669-1.

Seaboard No. 1-28 Good is located 1,980 feet from south and east lines, 28-33-4n, T&P Survey, in the Arthur (Spraberry) field, seven and a half miles north of Vealmoor. Rotary drills will carry to 8,400 feet. Seaboard No. 2-39 Good is 1,980 feet from south and east lines of the northeast quarter, 39-33-4n, T&P Survey. It will also drill to 8,400 feet in the Arthur field.

Phillips Petroleum No. 1-EE University, rank wildcat in central Pecos County, developed gas and showed distillate and oil on a drillstem test of the Leonard section of the lower Permian. Operator ran a 2-hour drillstem test from 8,549-8,677 feet. Gas surfaced in eight minutes and flowed at the estimated rate of 1,006,000 cubic feet daily. Reversed out were oil, gas and distillate-cut mud. More hole was being made below 8,667 feet. This wildcat produced 20 barrels of 52.8 gravity distillate while water was being circulated out for a mud injection on a soft section at 8,662-8,665 feet. Location is 12 miles east of Fort Stockton and 1,980 feet from the north and east lines section 7-24, University land survey. The prospect is scheduled for 18,500-foot bottom.

## April Demand May Be Down

AUSTIN, March 16 (AP)—Some 133,260 less barrels of crude oil daily will be bought in Texas next month, major oil companies indicated yesterday.

The companies submitted nominations on crude oil for April to the Railroad Commission. All 10 Texas districts' nominations were down in the total 3,236,415 barrels. The March nomination was 3,369,675. Nominations play an important role in the oil allowable hearing.

The commission meets Tuesday to set the daily oil allowable for April. The average allowable today was 3,769,375 barrels.

The Bureau of Mines forecast for April showed a demand of 3,075,000 barrels daily for Texas crude. Commission Chairman Olin Culberson said it was "a typical conjunctural forecast" which the bureau has been submitting for several months.

The Railroad Commission said today the daily average oil allowable was up 6,888 barrels, compared to March 9. The allowable was 3,789,375 barrels. The commission said 179 oil wells were completed this week, bringing the year total to 3,400. At this time last year, 3,349 wells had been completed.

Thirty-one gas wells were completed and 142 dry holes were reported. In unproven territory, 10 wildcat oil and 4 gas wells were completed. There were 87 dry holes in wildcat attempts.

A total 212 wells were plugged during the week, bringing the year total to 2,602 compared to 2,295.

WPR Speaker

Charles F. Boss, Kettering, inventor, manufacturer, a director and former vice president of General Motors Corp., is to be the featured speaker at the 45th annual meeting of Western Petroleum Refiners Association. The meeting will be March 25-27 at San Antonio.

## Crane Prospector

Chambers and Kennedy of Midland and Edward R. Cox, Dallas, No. 1 Sanger Investment Company has been staked 660 from the southwest and 2,009 from the southeast lines of section 24-35, H&TC in Crane County. The 5,500-foot rotary test is projected to the Devonian and is six miles northwest of McCamey and two miles west of the Crosssett field.

## Dawson Wildcat Has Oil And Gas-Cut Mud Shows

Humble Oil and Refining Company No. 2 M. R. Stewart, southeast Dawson County wildcat, re-covered oil and gas-cut mud on a drillstem test Friday.

The test was in the Spraberry section from 7,454-94 feet with the tool open one hour. There was a weak-to-fair-blow-and-recovery was 100 feet of oil and gas-cut mud. The open pressure was zero and the 30-minute shut-in pressure was 3,405 pounds. Location is 1,980 from the south and west lines of section 5-33-4n, T&P, 19 miles southeast of Lamesa and 2 1/2 miles southeast of the Spraberry field.

In the Mungerville East (Canyon reef) pool of northwest Dawson County, Seaboard Oil Company No. 2-A J. R. Weaver was staked at a new location, 1,653 from the north and 660 from the east lines of Labor 27, League 3, TSCL Survey. This 10,000-foot rotary venture is on a 160-acre lease 2 1/2 miles southeast of Mungerville.

Another producer was added in

the Welch pool. It is the Davidson-Pembroke & Way No. 2 W. J. Burkett Estate, 467 feet from the west and 660 from the south lines of section 14-C-169, PSL. The hole was bottomed at 4,960 where the 5 1/2-in. casing was set. Top of pay was 4,868 and the casing was perforated from 4,868-84 and from 4,884-908. Operator pumped 66 barrels of oil, plus 60 per cent water per day after acidizing with 3,500 gallons. The gas-oil ratio was 100-1.

## Humble Schedules Ellenburger Well

Humble Oil and Refining Company has staked a new Ellenburger wildcat in Coke County.

The venture will be located nine miles northwest of Robert Lee and will be 1,980 from the east and 660 from the south lines of section 47-1-A, H&TC. It will be projected to 7,900.

In Coke, Sun No. 1-A Malone, a wildcat test, drilled below 6,347 feet in shale.

## Fisher Wildcat

J. R. McLean, et al of Abilene No. 1 A. B. Herrell Estate will be a wildcat in Fisher County. The wildcat is to be located 1,965 feet from the south and 1,678 feet from the west lines of section 127-2, H&TC, which puts it 1 1/2 miles west of Rotan and 1 1/2 miles south of the Hargrave Noodle Creek field. Projected depth is 7,000 feet with rotary.

## Stantonite To Leave Hospital

Garvis P. Ross, former Stanton editor and newscaster, was to be released Sunday from the Malone & Hogan Clinic Hospital where he has been convalescing for the past five weeks.

Ross was hurt seriously Feb. 9 when he took to the ditch in his sports car 12 1/2 miles west of Stanton. He said the mishap occurred as he started to pass an open car, with youngsters in it, and the car suddenly pulled in front of him. His machine overturned three times and he suffered two broken collar bones, a broken shoulder blade, and a fracture of the fifth lumbar vertebra.

He will move to a hotel in Midland where he works with radio station KJBS. He has carried on a Martin County newscast from there almost four years.

## Sterling Prospect Prepares To Pump

Boykin Bros. No. 4-A Bade, 330 from the south and 480 from the west lines of section 22-22, H&TC, 10 miles west of Sterling City, was in process of completing Saturday. Operator had bottomed at 2,275, set pipe and drilled out plug. Pumping unit is to be installed during the weekend. This is a Clear Fork venture in the Parochial-Bade field.

## Drilling Up Sharply In Permian Basin

The two-week period ended March 10 marked a big increase in rotary rig activity in the Permian Basin of West Texas and Southeast New Mexico, according to the semi-monthly survey conducted by Reed Roller Bit Company.

The bit company counted 523 units on location and making holes, as compared to the previous tally of 477 made February 25.

The 46 rotary increase not only was a two-week gain, but it made up for the 39 rig drop between Feb. 10 and Feb. 25.

Lea County, N. M., regained its first place hold over other Basin counties after being absent from the top for two weeks. Operators were using 65 rotary rigs there on March 10. Andrews County, which enjoyed the top post while Lea was in second place, resumed its role of runnerup with 63 units.

Six counties had more than 20 rigs going. They were Andrews 63, Lea 65, Ector 52, Crane 41, Gaines 35, and Winkler 24.

Included in the Reed survey on March 10 (with Feb. 25 figures in parentheses) were:  
Andrews 63 (67), Borden 16 (18), Brewster 10 (0), Cochran 0 (0), Coke 0 (0), Chaves 1 (1), Concho 2 (1), Crane 41 (40), Crockett 5 (3), Dawson 3 (4), Dickens 2 (4), Ector 52 (46), Eddy 10 (9), Fisher 15 (16), Gaines 35 (27), Glasscock 4 (2), Garza 6 (4), Hockley 2 (2), Howard 18 (17), Irion 1 (0), Kent

2 (3), Lamb 2 (1), Lea 65 (58), Lubbock 2 (2), Loving 5 (2), Midland 12 (15), Mitchell 3 (4), Nolan 17 (12), Pecos 18 (18), Reagan 5 (3), Roosevelt 2 (2), Reeves 1 (5), Runtels 13 (5), Scurry 15 (13), Schleicher 0 (0), Sterling 1 (0), Stonewall 8 (7), Sutton 1 (0), Tom Green 4 (6), Terry 7 (9), Upton 14 (10), Val Verde 2 (3), Ward 13 (9), Winkler 24 (25), Yoakum 9 (9).

## Eastex Oil Pioneers Will Be Honored

HENDERSON, Tex., March 16 (AP)—Pioneers of the East Texas oil field will be honored Friday when a monument at the site of the C.M. (Dad) Joiner Discovery Well in Rusk County is dedicated.

The monument is located in Pioneer Park near here on the Henderson-Tyler Highway.

The dedication ceremony is expected to draw a crowd rivaling the 8,000 to 10,000 persons who jammed their way to the Joiner Well in October of 1930 on horseback, in wagons and model T's to see the area's first well which paved the way for the development of the largest oil field in America.

**EARN UP TO \$1,993.00 MONTHLY**  
With A Cash Investment As Low As \$1790.00

Substantial, respectable business opportunity for this area and surrounding states. National distributor of quality 6 in 1 automatic hot coffee, chocolate, tea and hot soup dispensers, using national advertised brands of coffee, chocolate, tea and soup, has a proven plan that will pay you a substantial, year round income. Liberal financing and thorough on the job training. Example: 20 units doing 1955 national average on coffee and chocolate alone would pay \$1,993.00 per month, \$23,916.00 per year.

# Frankie Called To Tell About 'Raid'

LOS ANGELES, March 16 (AP)—Frank Sinatra and 16 other persons have been subpoenaed to testify Tuesday at an inquiry into a bungled private detective raid on an apartment house where Marilyn Monroe was staying.

Deputy Dist. Atty. William L. Ritali said the county grand jury will try to determine whether the raid constituted felonious conspiracy to commit a misdemeanor.

such as trespass or malicious mischief.

He said the jury also will consider whether previous testimony on the raid contains perjury.

At a recent State Senate committee hearing on private detective practices, private eye Philip Irwin testified the raid was staged in November 1954, to obtain divorce evidence against Miss Monroe for ex-baseball star Joe DiMaggio, her former husband.

She had been given an interlocutory decree shortly before, but it takes a year for California divorces to become final.

Irwin also testified that Sinatra took part in the raid and was among the men who mistakenly entered the apartment of Mrs. Florence Kotz Ross, thinking it was the one in which Miss Monroe would be found.

The singer testified, however, he was outside in his car when the raiders entered the apartment.

Miss Monroe and DiMaggio have not been subpoenaed to testify at Tuesday's hearing, but the district attorney's office said they have been "invited" to appear.

## Wins Acquittal Of Murder Count

SAN ANGELO, March 16 (AP)—Vernon Glenn, 33, Coke County stockman, was acquitted on murder charges by a 51st District Court jury here today.

Glenn was charged with the fatal shooting of Hollis Stevens, 31, a state highway department section foreman, July 25 in an alley behind the Bronte Post Office.

## Navy's Prisoner Treatment Probed

JACKSONVILLE, Fla., March 16 (AP)—The Navy is investigating charges of irregularities in the treatment of prisoners confined to the Naval Air Station brig.

Navy Capt. W. S. Harris, station commandant, said today a board of inquiry had been convened to look into what he described as "a report of the possibility of maltreatment." He declined to go into details.

## Driver Education Favored In Schools

AUSTIN, March 16 (AP)—The Texas Assn. of School Boards said today a poll it took shows 92 percent of local school officials favor making driver education a part of the minimum school program.

The Association said it queried 300 local school boards and superintendents about their opinions on pending legislation.

# Nixon Cheered By Crowds On Tour Of Rome

ROME, March 16 (AP)—Vice President Nixon arrived in Rome for a springtime good-will visit today. Within hours he was told next year's elections will be "very crucial" for the Italian government in its battle to beat back a mounting Communist challenge in the impoverished south.

Traffic stopped a half dozen times on Rome's ancient streets as the U. S. vice president, smiling broadly, demonstrated the handshaking technique which has helped make him a political success back home.

"Viva Nixon," cried out hundreds of spectators as, ringed by American and Italian security people, he plowed into crowds grasping outstretched hands.

Nixon was brought face to face with the facts of Italian political life during a call on Giovanni Leone, president of the Chamber of Deputies, Italy's lower house. Nixon asked about the moderate Italian government's political prospects in nationwide elections next spring.

Leone told him of a big Communist campaign to win votes in the south, now that the Reds have lost political strength in the industrial north.

On arriving from Africa aboard his special Air Force plane, Nixon lauded the Italian government for standing "side by side" with the United States in seeking to settle major critical foreign relations problems in the postwar years.

Prime Minister Antonio Segni, who led a welcoming delegation at Ciampino Airport, hailed Nixon as "the authoritative representative of a great country, our friend and ally, and the foremost collaborator of President Eisenhower."

Final details have been completed and Martin County is now in the cantaloupe business. More than enough acreage has been pledged, according to Chamber of Commerce Manager, Jack Arington. Farmers are buying seed and getting the land ready for planting.

They are buying seed from the Rio Grande Valley and will grow cantaloupe known as No. 45. Arington said it was a small, sweet melon, suitable for the hotel and restaurant trade.

Several farmers outside the county are planning to grow cantaloupes. These include two or three from Midland, while around 200 acres will be planted in the St. Lawrence community south of Garden City.

One of the largest fields will be

Big Spring (Texas) Herald, Sun., March 17, 1957 5-B

The east side of Martin County looks almost as dry as ever. Friday afternoon I drove along the dirt road that zig-zags north-east of Stanton to the Andrews Highway.

This area shows a dismal picture as compared to the prosperous irrigation communities farther west. At least half the houses are empty, there is hardly any grass anywhere, and the plowed fields are beginning to blow.

In the Valley View community a few weeds are beginning to show. Mrs. Ed Lawson, who with her husband runs the store, said there was more moisture than at this time last year, but farmers say it is getting away. Some of them need to knife the fields but are afraid it will cause the land to blow.

There seems no end to the number of rabbits. Everywhere I go I hear rabbit stories. One area that hasn't been peppered by shotguns is the pasture land south and east of Lomax.

Lawrence Atkins, who lives east of the store, is putting out the welcome sign for hunters. He and his neighbors are planning a rabbit drive for next Saturday. Plans are not complete yet, but the hunt will probably start at the Dr. Hall place, where free barbecue will be served.

Atkins says he lost \$3,200 worth of cotton to the rabbits in 1956. He had 16 acres of irrigated cotton that had already been fertilized and poisoned when the bunnies moved in. What they did to that cotton shouldn't happen to a patch of goatsheads. They cut down nearly every stalk and completely ruined the field.

Atkins says most of the country back south is rangeland and is inhabited by thousands of rabbits. Since the irrigation wells were drilled, rabbits by the hundreds have been drifting toward the green fields.

Some of them are already spraying the 1957 crop. The only two insecticides used are malathion and parathion, both very poisonous and expensive.

In spite of drought and low prices, there is always some one who can shake off hard times and find a way of making money. Last Saturday I visited a couple south of Portales who had found a small gold mine in raising game birds.

They are Mr. and Mrs. L. M. Schumper, who manage the Schumper Game Farm a few miles south of Portales outside the main water district. A few years ago they started raising game birds to bring in a little extra income.

Last year they raised about 4,000 chukar quail and pheasants, sold several hundred as breeding stock, and shipped out the rest as frozen carcasses. They send the birds to all parts of the nation, with most of them going to the Thanksgiving and Christmas trade. The birds are smaller than chickens but the fancy prices more than offset this difference in weight.

The worst nuisance to raising game birds is the common house cat. They have a fondness for chukar meat and every night merge on the farm trying to get into the pens. One night a big tom cat climbed a post, found a hole in the wire and killed eight chukars.

Another cat couldn't get in, but reached through the wire, pulled a bird up against the fence with his paw and managed to eat most of it. The Schumper's don't own a cat, and if one comes to the farm, he usually loses at least one of his nine lives.

Fat cattle are almost non-existent in West Texas, says Finis Bugg, owner of a Big Spring packing company. He had over 100 head of his own on feed, but butchered the last one a few days ago.

As fat animals decreased, the price of beef has been going up. He said that choice beef had gone from about 33 to 36 cents within the last week or so, and most cuts jumped two cents last week.

Some of his buyers, Bud Leonard, said there was still a lot of feeding going on up at Sudan, Texas, with several thousand being fed out by commercial feeders. Outside of this area, however, most feeders have gone out of business.

The lack of range cattle hasn't affected the alfalfa growers, because hay in Big Spring is selling at prices from \$48 to \$54 per ton. T. J. Frouch, who brought a load of hay from Artesia, says there are practically no cattle anywhere, and most of the hay is going to dairymen. He says the best hay market right now is from Big Spring to San Antonio.

If the alfalfa growers are enjoying a good price, they also are finding the stuff more and more expensive to grow. Crouch says the alfalfa aphid has almost ruined some fields in the Pecos Valley and nearly everyone has had to spray all during the season.

Some of them are already spraying the 1957 crop. The only two insecticides used are malathion and parathion, both very poisonous and expensive.

**DO YOU KNOW—**  
—the owner of Jess Thornton Agency? Do you know Glenn and Bonnie? What are their last names? For all your loan and insurance needs, visit this friendly agency soon. It's located at Third and Johnson and they are always happy to see you.

And, think of others . . . when you go in this or that place of business whom you do NOT know. Before you can increase your number of friends OOE thing is necessary — GET ACQUAINTED!

"LET'S GET ACQUAINTED" . . . when the spotlight of the community is to be centered on PEOPLE! ! !

P.S.—How many business folks did you see today whose names you do NOT know . . . and who don't know YOUR name?

*Let's Get Acquainted*

Go ahead, lady, cut it out!

Whether you snip it, clip it, or just plain rip it, doesn't matter. As long as you and millions of other shoppers keep cutting out advertisements from your daily newspapers, you're showing your dependence on advertising.

Think how much advertising means to you. Without it you'd waste untold hours wandering from store to store searching for your needs. Without it you'd be unaware of new products, of price changes, of sales. But most of all, without it, you'd be paying higher prices because advertising creates demand which means more and cheaper production which, in turn, means lower prices.

Advertising has helped to bring you and other Americans the highest standard of living to be found anywhere in the world. You are the one who profits most from the good job advertising does so well.

Advertising Benefits You!

## Lodge Gives 'Em Hell At U.N. To Counter Red Propaganda

UNITED NATIONS, N.Y., March 16 (AP)—Henry Cabot Lodge is a rare mixture of newspaperman, politician and diplomat—a combination that has produced some of the most blunt, hard-hitting and terse speeches ever heard at the U. N.

His "give 'em hell" speeches, in fact, have made him one of the biggest tourist attractions during the more than four years he has served here as chief spokesman for the United States.

He never fails to delight the public galleries — mostly Americans — although his sharper thrusts at the Russians and his more colorful phrases are not always fully appreciated by some of the old-line diplomats.

In appearance, the U.S. delegate is every inch a diplomat. A youthful-looking 54 years old, he is tall, handsome and well-groomed. No actor could look the part more than he and few could match his cultivated Boston diction. He also speaks French and Spanish.

But when he uses such expressions as "hornswoggle" and "cock and bull story" he is drawn

HENRY CABOT LODGE JR. Sharp tongue stings Russians.

of the impromptu retort and he feels Soviet prestige — at least partly because of his counterattacks — is now at an all-time low.

His language was never more vitriolic, perhaps, than during the debates on the Hungarian crisis last November.

In one speech he accused the Soviet delegate of "unutterable cynicism" for raising his hands in horror at bloodshed in the Middle East while his own government was engaged in "wholesale brutality" in Hungary.

On another occasion, he said: "Where the people of Eastern Europe are concerned, the United States seeks to fill their stomachs with food; the Soviets seek to fill their stomachs with lead."

When Lodge is asked to list his personal accomplishments at the U. N., he proudly includes his efforts to deflate Soviet propaganda.

Other U. N. actions in which he feels personal pride include:

1. The release of 15 American flyers by Red China.
2. The Middle East cease-fire which ended the fighting in Egypt last November.
3. The General Assembly's endorsement of President Eisenhower's "open sky" plan for a mutual aerial inspection system.

While Lodge does not say so himself, his associates claim two other important achievements for him. They give him credit for the increase in American public support of the United Nations.

And perhaps more important, they say Lodge has had an important part in shaping U. S. foreign policy more and more around the U. N.

## Longest Trial In Britain May Come Monday

LONDON, March 16 (AP)—Dr. John Bodkin Adams will be brought to London's Old Bailey courthouse Monday for the opening of what may become Britain's longest murder trial.

Testimony for and against the portly, blue-eyed society physician could last six weeks.

Scotland Yard has lined up 49 witnesses against the doctor. He is accused of fatally drugging wealthy Mrs. Edith A. Morrell, 81, in 1956. Her body was cremated and the ashes scattered over the English Channel.

"Murder?" Dr. Adams is reported to have said when arrested late last year. "I do not think you could prove murder."

The prosecution accused him at a magistrates' hearing in January of murdering two other wealthy patients—a husband and wife—so he could benefit from their will.

But it did not make charges against him in those cases.

The 57-year-old, Irish-born general practitioner pleaded innocent and his lawyers said they would summon at least 50 persons in his defense.

Scotland Yard's ace detective, Supt. Herbert (The Duke) Hannam, and the Queen's prosecutors recorded thousands of words in the long public arraignment.

Why all the interest? The case lacks glamor and sex interest.

But, it involves colorful personalities. Foremost, perhaps, is hawk-faced detective Hannam, one of the world's best sleuths and a giver of evidence so deadly that defense lawyers fear him.

Nearly as colorful as Hannam is Geoffrey Lawrence, Dr. Adams' chief lawyer.

A master of understatement, withering sarcasm and a preciseness that trips up all but the surest of witnesses, he can make judicial mince meat out of a poorly prepared or badly presented case.

## 'Sportsmen' Win Contest

LAMESA, March 16 (AP)—"The Sportsmen," a boys sextet from Big Spring, won the Lion's Zone Talent Show held here Thursday evening.

The group is composed of Johnny Janak, Walter Dickinson, Ronnie King, and Frosty Forrester; they were accompanied by Billy Bob Satterwhite on the drums and Robert Stripling, piano. They were the entrants of the Big Spring Noon Lions Club of which Marshal Canley is president.

Other entrants in the talent show were: Big Spring Evening Club, Billy Evans, piano solo, Durnell Phillips represented the Lamesa Noon Club, singing "Jealous Lover" and was accompanied by Jeannie Pipher, the piano and Don Duke, drums; representing the Lamesa Evening Club was a boys' trio composed of Bill Dende, Bobby Osborn and Don Duke; the Coahoma club was represented by a boys' trio with Gene Adams, piano, Thomas Bowen playing drums, and Ralph Wilkinson, trombone; Jane Nichols was the entrant of the Stanton club with a solo and was accompanied by Ila Mae Gray; a piano solo given by Wanda Williams was the entry from the Ackerly club.

C. W. Tarter introduced the program while Tim Cook, zone chairman, acted as toastmaster. Music was also furnished by a quartet from the Lamesa Noon Club composed of Richard Crawley, Oatus Roberts, Ronnie Shepherd and Gene Campbell.

"The Sportsmen" will represent this zone at the District Convention scheduled for May 2 in Lubbock.

## Tough Allergy

LINCOLN, Neb. (AP)—Sgt. Kenneth W. Stevens of the Lincoln Air Base suffered for eight years from dry and cracked fingertips. Finally a specialist called in by the Air Force has found the trouble: no more jingling coins in his pocket for Stevens. He is allergic to silver money.

## Bill Would Cut Cotton Acreage In West Texas

ABILENE — West Texas will lose approximately 150,000 acres of cotton allotment acreage in 1958 if House Resolution 5686 is adopted, the West Texas Chamber of Commerce said Saturday.

The proposed bill would change the present method of calculating cotton acreage allotments from being figured on a basis of the cotton planted in the various counties during the five years immediately preceding the national allotment to only three years immediately preceding the national allotment.

The WTCC estimates that Howard and surrounding counties would lose approximately 95,000 actual allotted acres under the proposed three-year history method of calculation.

The WTCC expressed keen opposition to the proposed bill, explaining that the effects of the drought are still being detrimental to the region's economy and that the proposed bill would do additional and irreparable damage to the region's economy.

Counties in this area which would lose a minimum of 95,176 acres in acreage allotment include: Andrews, Bailey, Cochran, Crosby, Dawson, Gaines, Glasscock, Hockley, Howard, Lamb, Lubbock, Lynn, Martin, Midland, Terry and Yoakum.

## Aged Physician Dies

TEMPLE, March 16 (AP)—Services were held yesterday at Lott for Dr. H. K. Cansler, 99, pioneer physician of this area who practiced medicine until his retirement six years ago. He died at the home of a daughter here Thursday.

## Legion To Honor Charter Members, War I Veterans

Charter members of the Howard County Post of the American Legion and all the veterans of World War I will be honored at a barbecue to be held at the Legion Hut March 23.

The local observance ties in with the nationwide celebration of the founding of the 19-year-old service organization.

A special invitation has been issued to the charter members of the Howard County Post to be honor guests at the barbecue, as well as to all veterans of World War I. Meeting time will be 7:30 p.m. at the Legion home on the San Angelo Highway.

The local post is also pushing its membership campaign to help meet the national membership goal of three million members in 1957. The 1957 total for Howard County of 265 was passed last week and chairman Foy Dunlap is asking for a 300 total for the birthday celebration.

The post is selecting delegates to attend the district convention in Plainview, April 6-7.

The March 21 business meeting

will not be held. The regular monthly social is slated for that night with the Auxiliary in charge of arrangements. Bingo for the members and their wives is scheduled.

## Truman To Speak At SMU In May

DALLAS, March 16 (AP)—Former President Harry Truman will speak at SMU May 13. He will give the third lecture in an annual series presented by the John Owens Memorial Foundation and the Dallas Council on World Affairs.

SECTION C WOMEN'S NEWS  
BIG SPRING, TEXAS, SUNDAY, MARCH 17, 1957

**Sure, and 'Tis  
St. Patrick's Day**

A ROSARY FROM IRELAND was presented to Mrs. William Reidy from Father William J. Moore, OMI, after he returned from a trip to the old country last fall. Mrs. Reidy left her hometown in County Galway in 1899 when she was a young woman of 21. She recalls that the passage at that time only cost \$47. Other relics that Mrs. Reidy had from Ireland were destroyed in a fire when she and her husband lived in Pennsylvania. "St. Patrick's Day in Ireland was a wonderful occasion of dancing and celebration," Mrs. Reidy recalls. Last year Mrs. Reidy went to Dallas to visit a daughter and they attended a special celebration for the day. Today she plans to attend the St. Thomas Catholic Church supper, which will begin this evening at 6:30 o'clock.

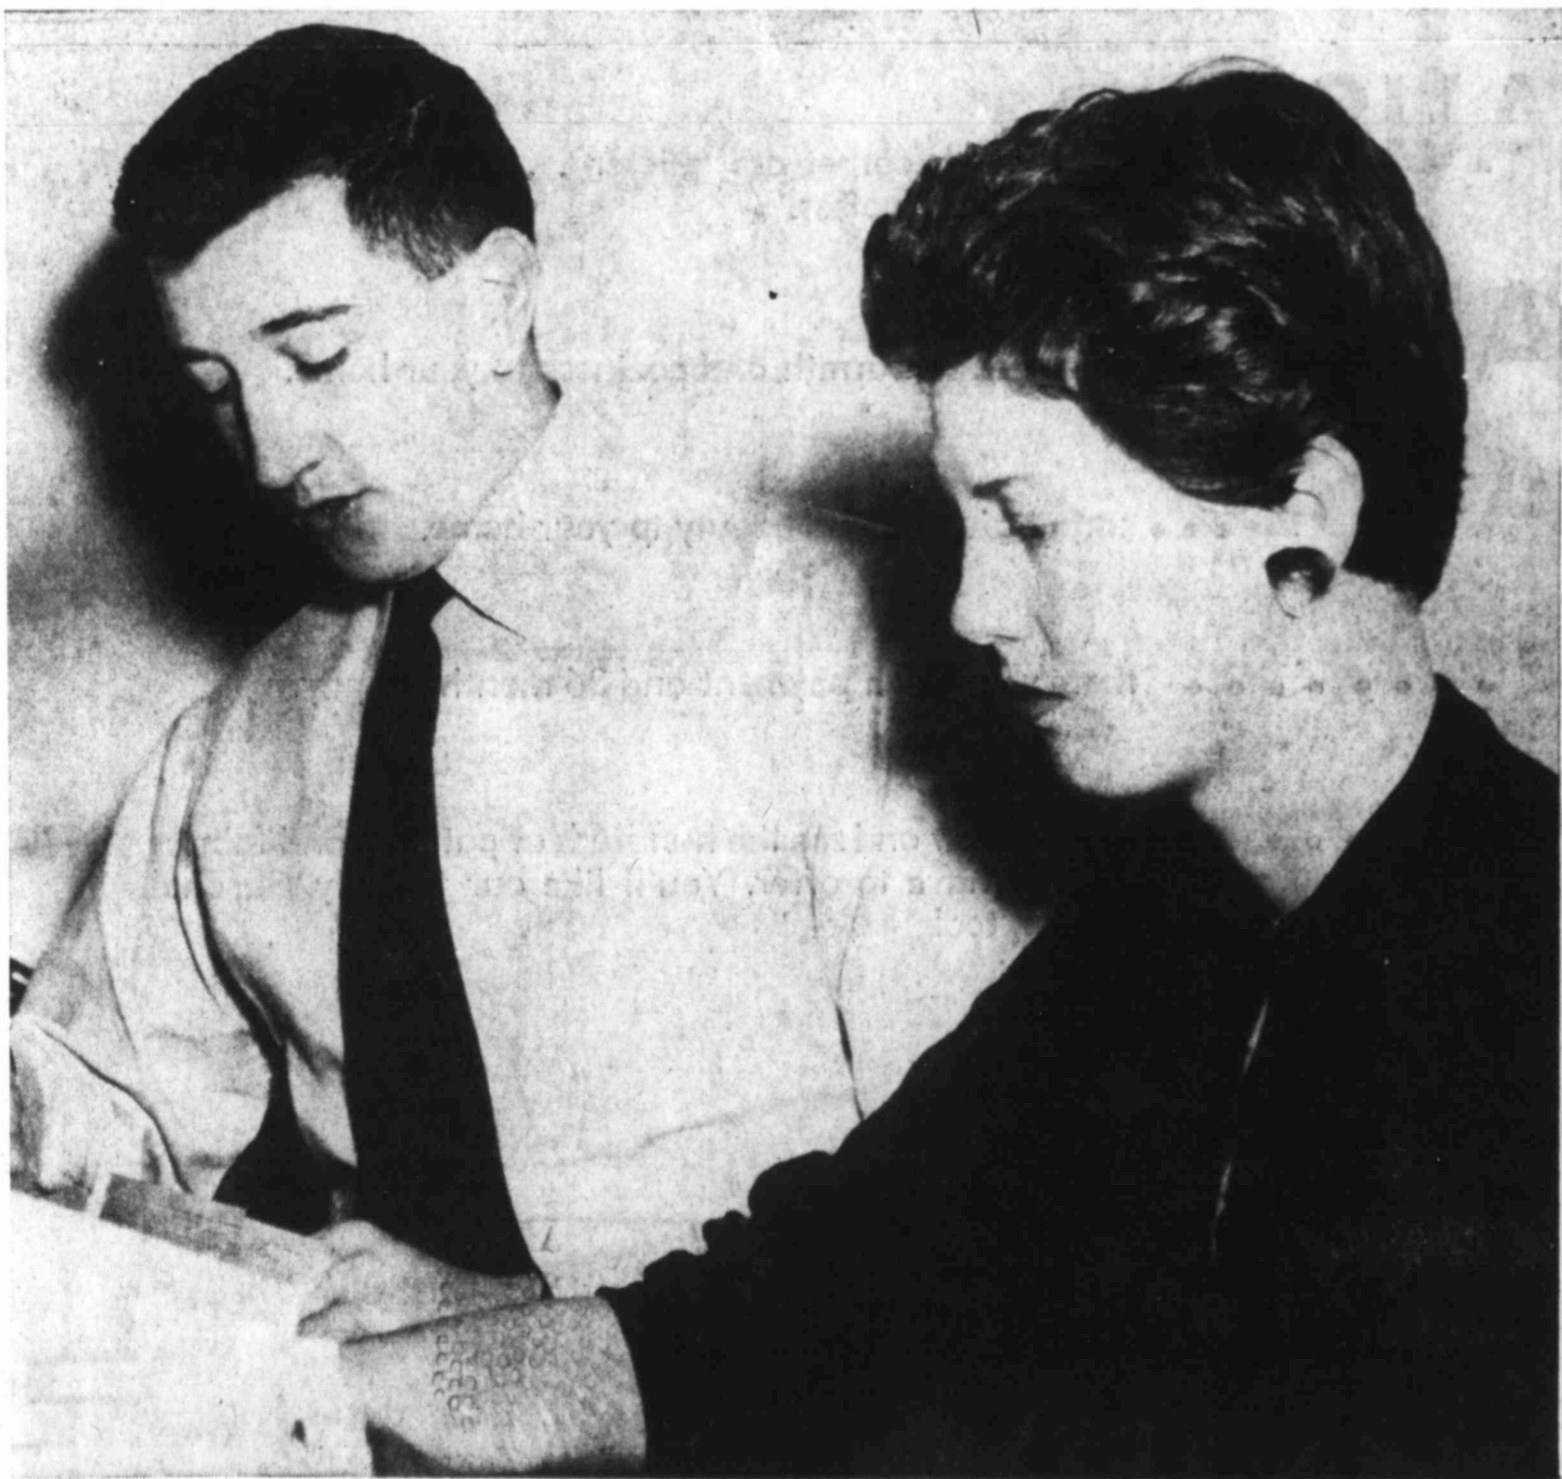

BEGORRA! IT'S A SHILLELAGH! Mrs. Charles Roupe (pictured above), a native of Belfast, Ireland, explains to her daughters, Michelle, 4 (left), and Denise, 9, the legend of the shillelagh. The shillelagh is of blackthorn or oak and is carried by the conventional Irishman for the protection of his home. Mrs. Roupe is very proud of the fact that she has just recently been notified of passing the examination for U. S. Citizenship papers.

(Photos by Keith McMillin)

FROM COUNTY GALWAY is Mrs. George Zech (photo at left), 2402 Main, who has been in this country about 15 months. Also from the Emerald Isle are the two badges worn by three-year-old Michael, at left, and Randall, who is 19 months old. Sent to the boys by their aunt, Mrs. Nora Callon, they are to be worn on St. Patrick's Day. Of green and white, the badges bear a tiny Irish harp as an emblem. Mrs. Zech met her husband when she was working in England after World War II.

THE LUCK OF THE IRISH followed A.2C Hugh B. McCauley all the way to Webb AFB from his hometown of Castlerock, Coleraine, Ireland; his job at Webb is finance check and bond writer in the Finance Office. Lucky too, is the Irishman who winds up with such a pretty assistant as Mackie Lee Brooks, also a worker at Webb. Airman McCauley came to the United States in December of 1954. He sailed from London to Galveston and lived in Houston before his duty with the Air Force. In Ireland he attended Coleraine Technical College for two years. His parents, Mr. and Mrs. William J. D. McCauley, are still living in the hometown in Ireland. (WAFB Photo)

LILTING NOTES OF AN IRISH MELODY bring many nostalgic memories for Mrs. Leland Graves, whose birthplace was Liverpool, but whose hometown is County Wexford, Ireland. Six years in the U.S. haven't altered her delightful Irish brogue one bit; as a matter of fact, her six-year-old son, Michael (a perfect name for an Irish lad) has traces of his mother's brogue. As far as singing Irish tunes, Michael "sings them all like a true Irishman," Mrs. Graves proudly proclaims. Her parents, Mr. and Mrs. Robert Quinlan, still live in Liverpool, while many of her relatives are still in Ireland. For Mrs. Graves (nee Kathleen Bridget Quinlan) St. Patrick's Day will bring thoughts of family and homeland.

Lydia Chats With Crosby

Bing Crosby freely discusses with Lydia Lane what he finds appealing and unappealing in women. Above all, he has high praise for femininity. His next picture will be "Man On Fire" for MGM.

HOLLYWOOD BEAUTY

Bing Lists Qualities He Likes In Women

By LYDIA LANE
HOLLYWOOD — There is no one in Hollywood better loved than Bing Crosby. He has worn the crown of success so long, so graciously, that he's won a place for himself among the all time greats. I had said a formal "How do you do" to Bing at parties, I had played golf in a foursome behind him, watched him on the set many times but I had never had a chat with him. The right time finally arrived and I was invited to have tea with him in his dressing room on the set of "Man On Fire."

"That is if she's outstanding or does something well. But I don't like to see a girl not get anywhere.
"And I hate to see a girl who is successful adopt a masculine approach — to think like a man. The most attractive thing about a woman is her femininity. Most girls don't work hard enough at it and when they lose it it's too bad," he continued.
"I mentioned the femininity of the Japanese women and quoted an actor who had recently returned from months in Tokyo and who had said, 'They really give a man a build up. They light your cigarette, hold your coat and open the car door for you.'
"I like that," he agreed. "It's true."
"Another quality besides being submissive do you find unattractive?" I asked.
"I don't like to be managed. I hate to feel a woman is trying to maneuver me — to be devious or angling. And I hate to see a woman at a bar — it's unfeminine — or to see her in blacks in shops and restaurants. And," Bing went on, "I dislike a voice with strident overtones. It is not feminine to talk loud. What a woman seems to show in her voice," he sagely remarked.
The talk turned to success and he said that he remembers people better qualified than he who didn't get the breaks.
"Have you kept so relaxed and impersonal about your fame?" I asked.
"Anyone who has worked in vaudeville, who has started at the bottom won't get a swelled head. The trouble comes when you get to the top too quickly and you don't really appreciate it," he replied.
"Have you ever escaped the hectic tempo — the nervous tension of the picture business? And what is the secret of your great relaxation?" I wanted to know.
Bing calmly lit his pipe. "This was no problem. I am from an easy-going family."

Miniature Bridal Party Makes Decorations For Wedding Tea

A tea table bearing a miniature bridal procession was featured in the shower given for Delores Hagood Friday evening in the home of Mrs. Tom Harris. Daughter of Mr. and Mrs. J. O. Hagood, the honoree is the bride-elect of Lt. Kenneth Lockmiller. The couple will be married March 30.

Baptist Temple Classes Hold Spring Banquet

The annual Spring banquet of the young people's Sunday School classes of the Baptist Temple was held Friday evening at the church. Each of the five classes decorated their tables and depicted different scenes.

The first prize, by popular vote, went to the Fidelis Class dressed as Indians and eating around camp fires.

The Phebian Class represented an old-fashioned family of the 1930 era around the family dining table. Typical teen-agers were represented by the Golden Rule Class, with the Fellowship Class of 16-year-olds depicting a formal dinner dressed in blue jeans.

Following the dinner each class performed a stunt or skit. A brief devotion was given by Mrs. H. M.

Hagood, the honoree is the bride-elect of Lt. Kenneth Lockmiller. The couple will be married March 30.

Scout Troop Has Dance Demonstration

Various dance steps were demonstrated to Girl Scout Troop Six when they met Friday afternoon in the R. O. Smith home.

Mrs. Edward Brumley showed the girls steps for Little Brown Jug, Put Your Little Foot, Schottische, Polka, Waltz and the Rag.

A sing-song was held and refreshments served. Bobbitt Standard was introduced as a new member. The meeting was closed by singing the Friendship song.

Dinner Party

LAMESA — Dr. and Mrs. Douglas Black entertained with a dinner party Saturday evening honoring Mr. and Mrs. Verlon Harman of Sherman. Mrs. Harman is the sister of Mrs. Black. Featured on the serving table were spring flowers; 17 guests were seated at tea tables.

Mrs. Coleman Is Back From Trip

ACKERLY — Mrs. Emma Coleman has returned home after several weeks spent in Central and East Texas. She was accompanied home by her son-in-law and daughter, Mr. and Mrs. H. G. Kuykendall.

Guests in the home of Mr. and Mrs. Buck Baker have been their daughter and her family, Mr. and Mrs. Garlin Brown and daughter of Seagraves.

Mrs. Maurine Coleman accompanied her son, Mr. and Mrs. Donnie Coleman of Midland, to Stanford to visit a daughter, Mr. and Mrs. Bill Jackson.

Mrs. Pete Grigg of Lamesa has been a guest of her parents, Mr. and Mrs. Dolph Raspberry.

Visitors in the home of Mr. and Mrs. John Cluck have been their son and his family, Mr. and Mrs. Norman Cluck of Sand Springs.

Leolan Kincaide of Odessa has been a guest in the home of Mrs. Nora Oaks and Joyce.

Mr. and Mrs. Andy Brown recently visited relatives in Munday, J. V. Bristow, J. T. White and Arthur Little are fishing in South Texas; also fishing are Bill Bowlin, Jack Grigg and Arthur Reed, who are at Buchanan Dam.

Mrs. S. D. Lewis of Seminole, Mr. and Mrs. Bruce Darlin of Lubbock have been guests of Mrs. A. J. Lewis and family.

UNLOCK YOUR HIDDEN BEAUTY

Every woman has hidden beauty, but it will never be unlocked if she is resigned to being plain. Anyone can create the illusion of beauty. If never just happens but is the result of a well carried-out plan. You'll find this key to concealed loveliness in good habits. This applies to teen-agers as much as it does to grandmothers. Breaking bad habits is not easy but it is worth the effort to open the door to a new and more attractive you. Let "Unlock Your Hidden Beauty," a big 12-page booklet, covering all phases of beauty, help you to become lovelier. Your copy will be on the way when you send 10 cents AND a self-addressed stamped envelope to Lydia LANE, Hollywood Beauty, in care of The Big Spring Herald.

Rook Club Winners

Mrs. F. S. Gray and Mrs. Harwood Keith, a guest, won high scores at the Rook Club Friday afternoon in the home of Mrs. S. P. Jones. Ten attended the club, with two guests, Mrs. Keith and Mrs. J. L. Terry, included. The next meeting will be in the home of Mrs. D. C. Sadler on April 19.

Hannah Class Studies

At a meeting Friday evening, members of the First Baptist Hannah Sunday School Class chose a study book. "The Book We Teach," by Witherspoon, will be reviewed a chapter at a time at the class meetings. The group met in the home of Mrs. Ernest Jones. Mrs. J. F. Skalicky will be the next hostess.

Sheet Cake

Cut sheet cake into squares, rectangles, squares, diamonds or rounds; frost and garnish. Nice for a ladies' tea!

Ruth Class Meets

LAMESA — The Ruth Class of the First Baptist Church met Thursday afternoon at the home of Mrs. Grover Wilkes. Co-hostesses for the occasion were Mrs. E. V. Wilkes and Mrs. Alvin Dean. Mrs. C. W. McSpadden brought the devotion with Mrs. Clyde Privitt directing the entertainment. Refreshments were served to 18 members and one visitor.

Bridal Party Fetes Binie Lee Whites

A bridal shower Friday evening in the home of Mr. and Mrs. R. T. Shafer, Vincent, honored Mr. and Mrs. Binie Lee White of Stanton. Mrs. White is the former Edna Fay Parker before the wedding March 3 in Seminole.

The serving table was laid with a white linen cloth and featured a centerpiece of pink carnations. Co-hostesses were Mrs. Tollie Kenner, Mrs. F. C. Appleton and Mrs. B. O. Brown.

Special guests were parents of the couple, Mr. and Mrs. Raymond Parker of Seminole and Mr. and Mrs. Binie White.

Glasscock HD Council Discusses Crane Meet

A discussion on the future district THDA meet was held at the Friday meeting of the Glasscock HD Council. The group met in the Garden City courthouse. March 29 will be the date of the meet to be held in Crane.

READY FOR ACTION  
... Robert Bales Family

## Robert Bales Family Newcomers To City

Most all women agree that it's nice to have a man around the house. And especially so, if he would happen to be as talented as Lt. Robert D. Bales. Mrs. Bales says she is certainly proud of her husband and his unique hobby. Woodworking is his hobby, and just about all the attractive furniture in their home is a finished product of Lt. Bales. He says that it's strictly a hobby, since he has

had no formal training for the job. This recently arrived newcomer family comes to Big Spring from Laughlin AFB in Del Rio, Lt. Bales has assumed duties of Wing accident investigation officer at Webb AFB.

The couple has two daughters, Cheryl, 2, and Lee Ann, 9 months. Hobbies which the Bales enjoy include bridge and outdoor cookery. Lt. Bales has been in the Air Force for five years and has been stationed at Bainbridge, Ga., Laredo, Cheyenne, Wyo., and Greenville, S. C.

Both Lt. and Mrs. Bales are natives of Texas, hailing from Fort Worth. They are making a home at 1307 Tucson.

## Baptists Attend Music Festival In Snyder Saturday

Local Baptist Churches were represented at the Music Festival, held in Snyder at the First Baptist Church Saturday evening.

From the Hillcrest Baptist was a ladies trio; from the First Baptist was a ladies duet. Deanna O'Brien also represented the First Baptist, as did a carol choir.

Wayne Nance is director of the Big Spring Association, which is part of District Eight.

## Salad Suggestions For Vealmoor Club

Salad demonstrations were given by 4-H Club members Friday for the meeting of the Vealmoor HD Club. Judy Brice and Ellen Boyd showed the preparation for avocado salad.

Crab meat salad was demonstrated by Linda McFarren while Jo Clanton and Kay McBryd demonstrated vegetable salad.

Mrs. W. O. Cox was hostess for the group which answered roll call by telling of a favorite recipe for a buffet dinner.

Mrs. Cox directed the devotion and recreation. Eleven members were present with Mrs. E. T. Tucker introduced as a new member.

Mrs. Calvin Brice will be the April 5 hostess.

## College Beauty

Charlene Williams, daughter of Mr. and Mrs. C. C. Williams of Coahoma, was recently elected as one of the 18 college beauties at East Texas State Teachers' College in Commerce. Miss Williams is a freshman student and is a member of Delta Mu Alpha, local sorority, and Angel's Flight, ROTC organization for women. Earlier in the school year, she was elected ROTC sweetheart.

## Woman's Forum Holds Election Of Officers; Texas Day Observance

Mrs. Carl Benson was elected president of The Woman's Forum when the group met at the home of Mrs. H. W. Kirby Friday afternoon, for a business meeting and Texas Day observance.

Other officers named were Mrs. Charles Sweeney, vice president; Mrs. Guilford Jones, secretary; Mrs. W. N. Norred, treasurer; Mrs. Jack Y. Smith, corresponding secretary.

The Rev. Richard Deats was the principal speaker; his talk concerned the good and bad points that Texans should consider about their state.

Rev. Deats spoke of the international reputation that had been achieved by Texans, some good and some bad; from his experiences in Europe, he never had to say he was from Texas, USA, when just to say he was from Texas was sufficient.

He stressed the importance of Texans' overcoming provincialism and pointed out that three of the top spots in national politics were held by Texans. The rich history of the state can be belittled by its present shortcomings if they are not recognized soon enough.

He urged that the citizens of the state look into the scandals that have rocked the state and be more aware of the type of people that are put into public office. He pointed out that good government comes from good people.

Rather than always bragging about the state's blessings, he felt that the state should be able to criticize itself and profit from it. Crowded and rundown state institutions are in need of improvements; major Texas cities are the greatest critics of the United Nations; the state is far down the list in aid to the blind, dependent children and old age benefits.

He also pointed out that major Texas newspapers do not carry

national and international news in comparison with comparable out-of-state papers; therefore, many Texans are not as well-versed on happenings outside their section of the state as they should be.

In closing, he said that a good sign in politics began to show in this past election when the people voted for candidates who were not connected with any of the scandals, and therefore, hope can be held for a more trustworthy execution of public offices.

Tommy Pickle was selected by the group as an outstanding senior student and his name was submitted to the district contest.

There is still a need for men's

shirts and socks at the Fashion Shop at the State Hospital. Any other men's clothing that is in good condition can be used, it was announced.

The April 19 meeting will be held at the Cosden Club and will be a Federation Day luncheon with members of the Spoudazio For and Modern Woman's Forum as hostesses. Mrs. Russell Payne of Ft. Stockton, Eighth District president, is to be the speaker.

Mrs. E. P. Driver and Mrs. Guilford Jones will be hostesses for the May meeting in the Jones home.

Mrs. Bill Gage assisted Mrs. Kirby in serving refreshments to 18 members and Rev. Deats.

## Miss Conway Becomes Bride Of Paul Talbott

A Saturday afternoon ceremony at the St. Paul Presbyterian Church united in marriage Martha Anne Conway and Paul Wayne Talbott. Mr. and Mrs. Dalton W. Conway, 500 Young, are parents of the bride; the bridegroom's parents are Mr. and Mrs. C. Rumley, Lamita, Calif.

The Rev. Jack Ware, pastor, read the ceremony before an altar decked with baskets of lavender stock.

Betty Guthrie, organist, presented traditional pre-nuptial wedding music and accompanied Mrs. Jack Ware as she sang "The Lord's Prayer."

Given in marriage by her father, the bride wore a street length dress of lavender cotton. The bodice was designed with tiny

tucks. She wore a hat of lavender straw and a brief veil. Her corsage was of pale pink gladiolus.

Barbara Yarbrough, serving as maid of honor, wore a lilac sheath dress with white accessories. Her corsage was also pink. Vernon Martens served as best man.

Preceding the wedding ceremony, the bride's parents entertained the wedding party and other members of the family with a luncheon at Smith's Tearoom.

The couple will make a home at 1112 Main. Mrs. Talbott was graduated from Big Spring High School and attended Howard County Junior College. The bridegroom received his education in California and is presently in Air Installations at Webb Air Force Base.

## Fire Ma'ams Will Donate Easter Box For Needy Family

An Easter basket will be compiled for a needy family by the Fire Ma'ams. This was decided when the group met Friday afternoon in the home of Mrs. J. R. Gould.

The devotion was given by Mrs. Jeff Jenkins with Mrs. H. V. Crocker speaking on "Something to Go On." The door prize was won by Mrs. H. H. Morris.

Twelve attended. Mrs. Jenkins, 407 Benton, was named as the next hostess. To assist her will be Mrs. R. T. Hale.

## Mothers' Club Has Officer Election

LAMESA — Mrs. J. B. Claiborne was elected president of the DeMolay Mothers' Club at their business meeting held Tuesday evening at the home of Mrs. John Middleton.

Other officers elected were Mrs. Elwyn Kutch, first vice president; Mrs. Fred Henderson, 2nd vice president; Mrs. Ross Woodson, secretary; Mrs. Bowers Purcell, treasurer; Mrs. Ben Cason, parliamentarian; Mrs. Howard Chapman, historian; Mrs. Henry Stafford, chaplain.

Plans were made for a formal installation of officers to be held in April with the DeMolays assisting. Twenty members attended the meeting.

walk away from washing win a Gas Magic home laundry

**210,000**

**HAPPY CLEANING, HAPPY WASHDAY CONTEST!**

Sponsored by Empire Southern Gas Co. and Colgate

1st PRIZE: "GAS MAGIC" HOME LAUNDRY plus \$15,000 cash!

200 Additional Prizes: A "GAS MAGIC" HOME LAUNDRY to 200 additional winners (50 national - 150 local)... for happy washdays!

Plus A Local Winner - For Sure!  
IT COULD BE YOU!

Yes, someone in either Big Spring or Pampa will win at least one all gas laundry—and it could be you! Each entry gives you a chance to win both the national and local prizes, so your chances of winning are greatly increased. It's easy to enter... Just drop by Empire Southern Gas Company and pick up your entry blank. All you need do is complete the required sentence, deposit or mail your entry, and you're in!

**YOUR "GAS MAGIC" LAUNDRY WILL CONSIST OF:**

- AN R.C.A. WHIRLPOOL AUTOMATIC WASHER. The leader in automatic washers. You'll thrill to the beauty of this wonderful appliance.
- AN R.C.A. WHIRLPOOL IMPERIAL GAS DRYER. The super speed model that dries 20 lbs. of clothes in only 27 minutes... it's the greatest!
- BEAUTIFUL NEVAMAR CABINETS AND SINK. Both wall and base cabinets, including the sink and all connections will make this truly a real improvement to your home.
- A 40 GALLON REX GAS HOT WATER HEATER. Assures you and the whole family of plenty of hot water, for all your household requirements.
- A CALORIC TWO BURNER GAS HEATING UNIT. Built right into the cabinet top... convenient for heating starch, warming baby's bottle, making coffee, etc.

**SEE IT NOW—ON DISPLAY AT EMPIRE SOUTHERN**

Think of the happy washdays you could enjoy with a "Gas Magic" home laundry in your own home. Naturally, it has to be a GAS laundry because only automatic gas appliances give you so many modern conveniences... and cost you so little. For instance, only the automatic gas clothes dryer gives you such fast, fluffy drying action that has that wonderful feel of "fresh air" drying. Plus the fact that you can dry clothes for 7 years with gas, for what it costs to dry clothes 1 year with electricity.

And your modern automatic gas water heater gives you really "hot" water... when you need it. And it's so economical that for what it costs to heat water for 1 year with electricity, you can heat water for 6 years with flame-fast gas!

**ENTER NOW - YOU CAN WIN!**  
ENTRY BLANKS AND DEPOSIT BOXES ALSO AVAILABLE AT STANLEY HARDWARE & BIG SPRING HARDWARE

## Plains Girl Is Winner Of Texas Homemaker Of Tomorrow Award

Texas' Betty Crocker Homemaker of Tomorrow is Willie Mae Addison of Plains High School.

The blonde 17-year-old daughter of a retired rancher received the highest score in a written examination on homemaking knowledge and attitudes administered to 13,649 senior girls in 656 schools throughout Texas.

Miss Addison will receive a \$1,500 scholarship from General Mills, she now becomes a candidate with 47 other state winners and a representative from the District of Columbia for the title of All-American Homemaker of Tomorrow.

Each state winner and her school adviser will receive an expense-paid tour to Washington D. C., colonial Williamsburg, Va., and New York City April 27-May 3. Score in the original test and personal observation on this tour will be the basis for selection of the All-American Homemaker of Tomorrow, to be announced May 2 at the Waldorf-Astoria Hotel in New York. The winner's scholarship will be increased to \$5,000.

Mary Roberts of Moody High School rated second in Texas and will receive a \$500 scholarship.

Miss Addison, the state winner, has participated in many extra-

WILLIE MAE ADDISON

curricular activities during her high school course. She has been editor of the school paper; was secretary of the student council for two years; secretary of the pep squad and of the Future Homemakers of America. She also sings in the school chorus, is active in dramatics, and has been an of-

ficer of her class for three of her four high school years.

In addition, she finds time to help her mother with the home responsibilities. "I do the cleaning," she says, "and most of the cooking on weekends when I'm at home."

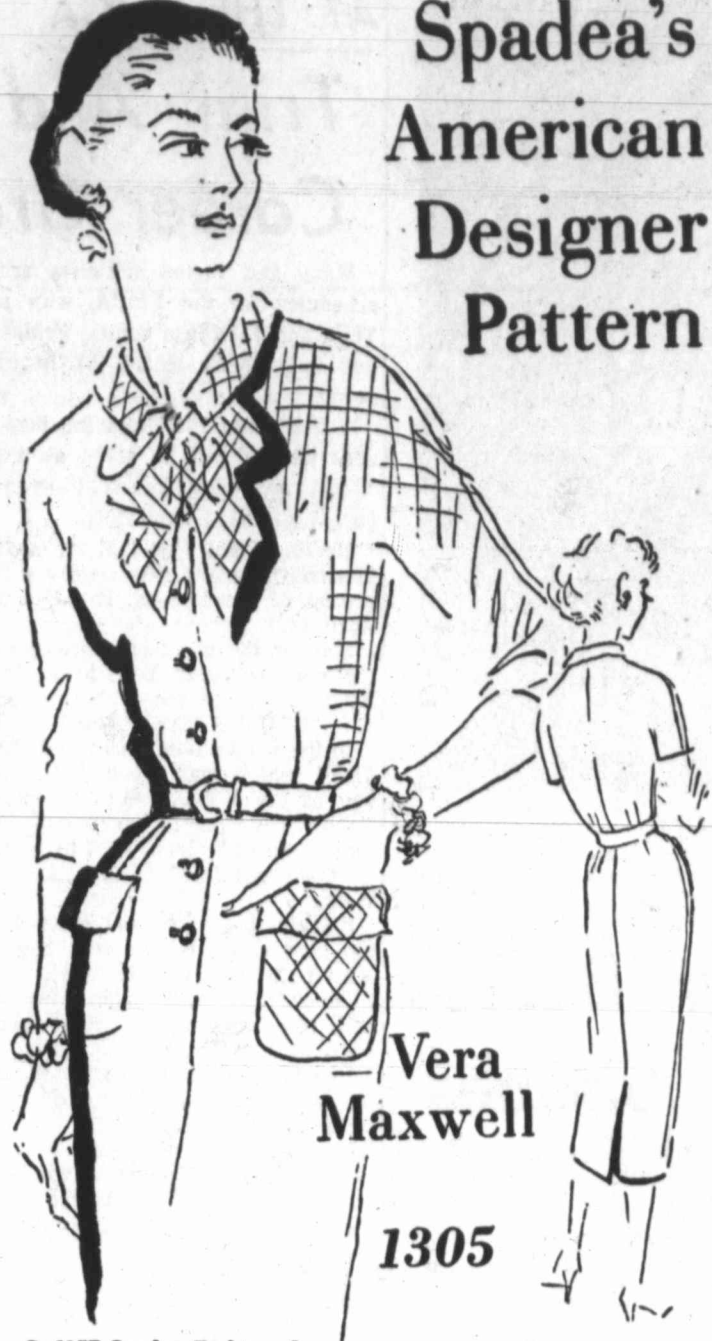

She loves to travel, and she and her parents start out almost every summer to see some new part of the country.

"We've been to California, to Yellowstone Park, and to Florida," she said. "But one of the most enjoyable trips I've had was last summer when I was chosen as one of the Texas delegates to the national convention of the Future Homemakers of America in Chicago. I had never been North before, and though it rained most of the time we were there, I had a very good time."

Miss Addison plans to attend West Texas State College next year to prepare herself to be an elementary teacher — probably of third or fourth grade children.

Miss Roberts, state runner-up, likes cooking, especially experimenting with new recipes. She will study journalism at Texas Christian University in Fort Worth.

## Spadea's American Designer Pattern

© 1957 Spadea Fashions Inc.

### BIASED VIEW

## Unusual Trim Adds Much To Frock, Little Effort

Vera Maxwell has an indisputable talent for designing clothes which fill exactly the needs and desires of her tremendous American audience.

This casual shirtwaist with its easy air has its gusseted sleeves cut-in-one with the bodice. If you choose a checked material, the slight bias in the sleeves makes a pleasant contrast.

The collar and flowing bow tie are also on the bias, as are the patch pockets on the slim skirt.

Make this exclusive designer retail-sized pattern in cottons, linen, shantung, foulard, sheer wool or gabardine.

It's easy to make, thanks to the custom cut and accurate perforations for precise matching. Expect fewer alterations from this pattern.

You'll use it again and again in a variety of fabrics. From

this chart select the one size best for you:

Size 10 bust 34, waist 24, hips 35, length from nape of neck to waist 16 1/2 inches. Size 12 bust 35, waist 25, hips 36, length from nape of neck to waist 16 1/2 inches. Size 14 bust 36 1/2, waist 26 1/2, hips 37 1/2, length from nape of neck to waist 17 inches. Size 16 bust 38, waist 28, hips 39, length from nape of neck to waist 17 1/4 inches. Size 18 bust 40, waist 30, hips 41, length from nape of neck to waist 17 1/2 inches. Size 20 bust 42, waist 32, hips 43, length from nape of neck to waist 18 inches. To order Pattern No. 1305, state size, enclose \$1.00.

Address American Designer Patterns, Box 535, G.P.O. Dept. B-5, New York 1, N. Y. Classic Pattern Booklet No. 12 and all new Pattern Booklet 13-X available for 50 cents each. If paid by check add 4 cents.

## Mrs. Huey Is President Of Ruth Class

Mrs. G. H. Hayward was hostess to the Ruth Sunday School Class of College Baptist Friday at a luncheon and business meeting.

Mrs. R. L. Huey was elected president.

Elected vice president was Mrs. Thomas Compton, with Mrs. Zack Gray to serve as secretary-treasurer. Co-chairmen on the social committee are Mrs. Johnny Johnson and Mrs. Bruce Wright Jr.

Group captains are Mrs. Milton Carver, Mrs. Loyd Lille and Mrs. Hayden Harrell. The year-book committee is composed of Mrs. Gray, Mrs. Huey and Mrs. Lille.

The class voted to have the regular business and social meeting on the first Friday of the month. An arrangement of pink roses centered the luncheon table.

## Coahomans Are On Gulf Coast Trip

COAHOMA — Mr. and Mrs. Rip Arthur and children, Mr. and Mrs. Eddie Anderson and daughter and Earl Reid are in Aransas Pass, where they will visit relatives and go deep-sea fishing.

Mrs. Joe Darden was honored recently with a bridal shower in the home of Mrs. J. F. Bobo. Co-hostesses were Mrs. C. E. Dodson, Mrs. A. E. Linderman, Mrs. Curtis Neill, Mrs. Charles Parish, Mrs. B. E. Dodson, Mrs. Claud Robertson, and Mrs. Gaylan Harding. About 20 guests called.

Mrs. J. A. Roberts, Mrs. A. W. Thompson and Letha Neel Roberts visited this week in Midland in the home of Mr. and Mrs. V. F. Roberts. Joyce Hill, daughter of Mr. and Mrs. Joe Hill and Natha McMinn at home for the weekend. Both are in college at Mary Hardin Baylor.

Mrs. Leroy Echols, Mrs. C. P. Owen and Mrs. A. C. Hale attended district two El Paso Presbyterial held in Colorado City this week.

Smith Cochran left Thursday for Dallas to be with his wife; she has been there the past week receiving medical treatment. They plan to return today.

L. W. Tucker pastor of the local Methodist Church attended a conference commission meeting held at McMurry College Wednesday; he also attended the lectures going on at the same time.

Big Spring (Texas) Herald, Sun., March 17, 1957 5-C

**HAIR FREE LEGS? — IT CAN BE DONE.**  
Now is the time to think about hair free legs for next summer. Summer's styles demand good grooming, and hair free legs and arms are a boon to woman's daintiness. Call ERCELLE FOSTER, Midland MU-4-3661, for information about Thermiquetron System of permanent hair removal—it will surprise you how easily you can have a hair-free, care-free summer.

## Demons of Disease

It has taken man many centuries to realize that disease has "natural" causes and that a cure takes place in a "natural" way. For many years, all internal disease was considered to be the revengeful work of gods or demons. Magic and exorcism were therefore used to rid the body of the offending demon.

Today, however, diagnosis and treatment of disease have a sound, scientific basis. Your physician is trained by education and experience to care for you in times of illness. We supplement his service by filling your prescriptions promptly.

Suit Hat

Lustrous panamalac straw fashions this small hat with rippled brim laden with flowers. Perfect for suits, it can bring a touch of spring to that winter ensemble, or it will go into summer with the greatest of ease.

Softly Feminine

Organza, in vaporous clouds, softens the brim of this breton of an imported straw braid to make a hat as flattering as any you've seen in a long time. Feminine flattery was the main purpose of the designer.

Casual Allure

A jeweled silleto is the sole decoration of this cloche of two-toned straw braid, as soft as fabric. Wear it a bit back off the face to add to the beauty of your eyes.

## New Angle On Beauty Given By Hat Shapes

Brim is back in fashion bringing us a new angle on looking pretty. This season's radically different hat shapes make it imperative to have an open mind when trying on the new styles.

The off-face effect is everywhere, with brims rolled back and slanted to one side, designed to be worn further back on the head. Casual in feeling, their crisp detailing creates the freshest, youngest look we have seen in years. They are close kin to the new relaxed fashions for daytime wear.

If you wear cloches, you'll love the softly angled-brim of a cloche in two-toned straw braid - soft as fabric, pierced on the side with a jeweled silleto. You wear it tilted to one side and tip it back to add length from forehead to chin and to show your eyes.

With Easter coming late this year, it will probably be a good day to wear a suit. That means the entire spring should be a good season for suit hats; probably is the reason milliners have created such an amazing variety of new brims to harmonize with new suits.

Designs in a feminine mood with flowers complement the softer dressmaker suits. The soft ripple of a small panamalac brim laden with roses is one example of the most feminine hats for Easter suit wear.

Milliners are doing interesting things with sheer organza and chiffon in trimming straw brims. Perfection of sheer fabric draping rests on a large breton of sewn straw, softened with layers of organza and veiling, designed to do the utmost in feminine flattery.

## AT THE YMCA

# Trim And Fit Class Slated For Career Group; Other Classes Set

Many and varied activities are scheduled for the YMCA, with a Trim and Fit Class ending Friday and two others slated to begin soon.

A Trim and Fit Class for business women will be given at the YMCA beginning Thursday evening, it has been announced.

Meeting from 7 to 8 p. m. each Thursday evening, the course will consist of five lessons. It will end April 18.

Fee for the class is two dollars for non-members; there is no fee for members of the Y.

**HOUSEWIVES' CLASS**  
In the housewives' Trim and Fit Class, which was concluded Friday at the YMCA, Mrs. Donnie Tubbs was winner of the first place award. Second place went to Mrs. G. Cone and third to Mrs. L. A. Webb.

Registrations are now open for the next class, which will begin March 25 and run to April 19. Another class will begin May 6 and run to May 31. Hours are from 9:30 to 10:30 a. m. daily. Fee for the class is five dollars for non-members, with no charge for members.

**BRIDGE CLASSES**  
A women's bridge class will be taught by Mrs. Elmo Wasson at the YMCA, beginning March 28. Consisting of six lessons the class will end May 2. Hours are from 2 to 2:30 p. m. each Thursday. The fee is five

dollars for non-members with no charge for members. Intended primarily for beginners, the course will be of value to experienced players who wish to learn the Goren Point Count System.

Instruction will include bidding, demand bidding, offensive and defensive play, slam convention, bridge etiquette and scoring.

Pupils may make up foursomes if they desire.

Another class, for couples will begin March 28 with Mrs. R. R. McEwen as instructor. Hours are from 8 to 9:30 p. m. each Thursday with the same instruction given as in the afternoon class.

Fee for this class is five dollars per non-member couple; no charge for members.

**SPANISH CLASS**  
Also scheduled for March 28 is the class in Conversational Spanish. Registration, which is now open, is to be limited to 20 members. The fee is six dollars for non-members and four dollars for members of the YMCA.

Instructor will be Charles Cain, and the class will meet each Thursday at the Y from 8 to 10 p. m. The course will end May 16.

The course is designed to assist those who travel in Spanish-speaking countries enough that they can be understood easily. Others classes are being planned by the workers at the Y and will be announced at a later date.

**Coffee Held**  
LAMESA — Mrs. Lincoln Stockton entertained members of the Homemakers Class of the First Baptist Church with a coffee Tuesday morning at her home. About ten members called between 10 and 11.

## Zenobia Club Has Officer Election

Election of officers was held Thursday when the Zenobia Club met in the home of Mrs. Bill Bonner.

Mrs. Shelby Read was named as the new president with Mrs. W. A. Williams as vice president. Mrs. Bonner will serve as secretary and Mrs. Jack Alexander, parliamentarian.

The group packed a box of clothing, which they had made, to be sent to the Scottish Rite Hospital in Dallas.

Refreshments were served by the hostess. Mrs. Alexander was announced as the next hostess.

## Hosiery Takes On New Look

This spring, stockings take wings of color and gaily fly across the fashion scene.

Turtleneck is a gentle blend of grey-beige and a subtle accessory to grey sand and driftwood beige, platinum and ash blond leathers, beige with blue, grey or black, and black patent leather.

Honey-Bee, a honey-flavored beige, is a lively companion to flax and wicker beige, nectar and brandy, caramel and pecan, spice-toned flannels, bright blue and green, and greyed wedgewood-green.

Butterfly, an iridescent gold tone, lends exciting fashion with vibrant yellows, sun-kissed orange, ripe mango and orangy reds, topaz and gold, and green olive.

Sweet Clover is a fresh bloom of color and a lovely background for peach and apricot, pink geranium and carnation, bon bon pastels, sea-foam green, pale blue, lilac and lavender and white and ivory.

Pussy Willow, a soft flattering grey, makes high-fashion with pale to medium greys, ascot grey flannel, grey and white stripes, greyed-lavender, spat grey suede, and grey calf and kid.

## Don't Be Careless With Make-Up Aids

Exquisite order and cleanliness in your lipstick rack, powder box, mascara case and collection of puffs, brushes and pencils are necessary to the success of your make-up and not for sanitary reasons alone.

Now that the spring house-cleaning season is upon us, some tips from an expert on the care of make-up accessories may come in handy:

1. Replace every over-worked or soiled applicator - puff, pad, swab or sponge - with a new one.

2. Bring exquisite order into dressing table chaos by regimenting all daily make-up aids into a tray; but first wash off every smudge, smear or speck of dust.

3. Take time out to whip up a gleam on metal lids, handles and cases.

4. Place all shined-up lipsticks in a small rack or box with cases turned bottoms up. That way, you'll be able to read names on the labels for the shade you want without knocking lipsticks down like a row of tenpins.

5. Wash all brushes weekly and keep clean bristles away from dust by covering in a plastic box.

## Thrifty Milk

Housewives can reduce their milk bills by as much as 25 percent by using dry milk solids when practical instead of fluid milk.

Old-timers in Big Spring will be interested in the "local girl makes good" story of Dr. Pancoast, daughter of Mr. and Mrs. Pancoast, who moved to Big Spring with her parents in 1898. They operated, and for a time owned the Cole Hotel, where the Howard Hotel is located.

## your eyes and ears

for the WHOLE Story

MERE MAN doesn't understand these things, but to women a description of a lovely tea table set for Valentine's Day is prime news... And so may be a word picture of the bride's gown, or what the bride wore for something old and something new.

ANNE LEFEVER, as editor of the women's department for The Herald, is there on major social events to take notes on the exquisite and oftentimes ingenious decorative schemes.

BUT TODAY'S news for women involves far more than mere club gatherings, a tea or a dance. Anne LeFever is quite aware that her audience is a shrewd young executive who directs the affairs of a household. So The Herald's woman's editor beams a lot of news her way on suggested menus for supper, easy and practical recipes, some tips on good grooming, patterns for sewing and needlework, some diet and health tips, home budgeting and assorted similar information.

SHE WILL even have stories about travel, church circles, gardening and books. And speaking of books, Mrs. LeFever is an experienced hand at reviews, a talent that makes her much in demand for area appearances.

BUT IN WHAT ever area of the multi-sided interests of today's women, Anne LeFever earnestly strives to be your eyes and ears for the whole story.

**Engagement Announced**

Mrs. R. H. Hardy of Dallas is announcing the engagement and approaching marriage of her daughter, Anne, to James Robert Chaney. His parents are Mr. and Mrs. J. R. Chaney, 1910 Runnels. The wedding is planned for May 4 at the First Presbyterian Church of Dallas. Miss Hardy and Mr. Chaney are both employed at Cosden Petroleum Corporation.

**'ROUND TOWN**  
With Lucille Pickle

Today's a great day for the blarney stone kissers and the day for the wearing of the green! Happy St. Patrick's day to all of you Irishmen if there be some among us.

MRS. W. C. HENLEY isn't an Irishwoman but she does have cause for celebrating today. On St. Patrick's day in 1915, she became the mother of her second son, Hudson, who now lives in Garland. She didn't name him Pat because she had already decided on Hudson. In 1940 Hudson became the father of a son — this was named St. Pat's day too, so they named him for the old boy himself. Young Pat, who is 17 years old today, will finish high school in May at Garland High School.

When LT. RONNIE KNAUS GRANDSON of Mrs. Frank Knaus and Anna Maria von Reigan decided to get married, they ran into difficulties.

They would have to wait such a long time in Madrid, Spain, where they both were stationed that they decided to go to Gibraltar. They were married in 1945 and later had a military wedding in Madrid. The bride is the ground hostess for Scandinavian airlines in Madrid.

Visiting with MRS. JOE MASTERS we learned that LT. AND MRS. BOB WHEELER would really enjoy Panama if they could get over being a little homesick. Mrs. Wheeler joined her husband there in the fall and is working in the governor's office in Balboa.

It's always a pleasure to visit with the CRAWFORD NORMANS, who now make their home in Wichita Falls. When they come here for visits they never quite get around to seeing all their old friends. They returned to their

**Maybe Husband To Aid With This Tip**

Slapping your own face — if it is dull in color and has no elasticity — to bring the blood sailing to the surface of your skin is your best beauty insurance, say beauty experts.

The nightly routine of patting, tapping, spanking when you put your face to bed is as important as daily exercise in keeping your body firm and lithe, they advise. After cleansing your face thoroughly, make a patty by tightly rolling a wad of cotton, squeezed out in your favorite astringent.

Starting at the base of the neck, slap under your chin until your skin tingles. From there, carry your patty up, slapping your face each step of the way. You can slap more briskly over the fleshy portions of the face. To give your patty some stiff muscular resistance when you reach your cheeks, puff them out and keep them as distended as a gargoyle's while you pat. But when you reach your eyes, use only your finger tips in a gentle tapping motion, circling the sockets. Let the astringent dry on your skin, add night cream and retire.

**Brownie Troop Has Program On Japan**

Brownie Troop 51 met Thursday afternoon to hear a guest speaker tell of Japan. This was in keeping with the training for International Friendship.

She told of the many Japanese customs and the girls dressed paper dolls in typical Japanese costume.

Brownie Troop 48 were special guests. Refreshments were served by Brenda Harris and Cindy Jones.

**New Lipstick Brush Is Easy To Handle**

A new automatic lipstick brush makes it easy and artless for clumsy or timid hands to fashion a younger, happier-looking, more generously scaled mouth for spring and contributes to the Chanel Look. The way you'll unbutton your jacket, bow-tie your blouse, hang on another rope of pearls, slouch a hat over one eye owes so much to the Chanel Look, that make-up is bound to keep pace with a fashion that's sweeping the U. S. like a forest fire.

For this look, under an Iris March hat or a revival of Katherine Hepburn's 1930 bob, your lipstick must look beautifully precise and feminine and in direct contrast with the casual look of the clothes, says the maker of the new streamlined lip brush.

A genuine sable tip that is practically everlasting, that resists the pressure of firm, sure strokes, this brush responds to every hand. Low-priced, the brush is so inexpensive, you can afford to own two. Packaged in a slim golden case that looks exactly like a lady's expensive gold fountain pen, the sable tip glides out at a touch and will spring automatically back into its dust-proof case.

**New Mascara Is Aid For Women**

Any windswept hat, turban or cloche this spring that reveals fanlike sweeps of lashes will conspire with you to enhance the allure of pretty eyes.

A contribution to the wide-open look of uncovered eyes for spring is a new creme mascara in a range of high fidelity shades. Exciting new blue and blue-green shades, to make lashes look as if they'd been photographed in submarine light, are starred on the list of five natural-looking shades. The highly perfected creme goes on so smoothly it's a cinch now for any woman to have lashes with which, up to now, only Betty Grue was blessed.

More virtues, besides the ease in turning lashes into feathery fronds, are claimed by the new creme mascara. It is so creamy and gentle, it gives dry or spitting lashes what amounts to a beauty treatment.

With two brushes for each tube — to guarantee a fresh new application and a spotlessly clean look each time — the new creme mascara is packed in a handy purse size plastic case.

**Beef Broth**

There's chill-chasing news in beef broth — a steaming, savory beverage that seeps right down to the toes, warms and revives outdoor enthusiasts in frosty weather. Take a vacuum container of hot beef broth along on your next outdoor sporting venture — to a football game, a skating rink, or on a brisk hike — and delight in its nourishing bouncy goodness.

**Wipe Up Grease**

A spot of grease on the floor can bring a nasty fall. The National Safety Council suggests you wipe it up before it wipes you out!

**CAMPUS CHATTER**  
By Mary Sue Hale

The latter part of the week, with the completion of plans for the ABC Relays in sight, personnel at HCJC and members of the American Business Club settled back and watched the procession. And what a procession it was!

Minor setbacks, as are expected in any event of this size and scope, occurred. Coach Harold Davis, just before the meet opened on Friday, felt a moment of minor panic upon discovering that the stopwatch had been locked up in the college vault, and no one around had the key.

That was straightened out in nothing short, and Coach Davis, along with a surprising turnout from the entire city, relaxed a little as Big Spring figured nicely in the races Friday afternoon.

As host college, HCJC supplied student assistance to the meet in numerous capacities. Miss Arrah Phillips was in charge of appointing a dozen or so girls to sell programs. Upon entering the gate, you were met by one of the co-eds, who with a pleasant smile, was sure to sell you at least one program. Serving in this manner were Marlene Mann, Julie Rainwater, Clara Freeman, Ann Porterfield, Esther Reynolds, Lovelle Fletcher, Ann Green, Betty Hester, Patsy Grant, Jane Bizzard and Pat Dunn.

David Dibrell and Rodney Shepard served as special messengers to George McAllister, conveying the times set in the races. Frank Dunlap, James Skeen and John Richardson were string holders.

Next Friday is scheduled to be Career Day at HCJC. Sectional meetings centering around some 50 different occupations will be led by faculty members, assisted by other professional people.

In these sectional meetings, students will be given first-hand information about their chosen or prospective careers.

The day's activities include a concert by the Webb Air Force Band to get things under way at 9 o'clock Friday morning. Dr. W. A. Hunt and Mr. Floyd Parsons will be featured in the general assembly, beginning at 9:30. Dr. Hunt, president of the college, will issue a welcome to the visitors, and Mr. Parsons, superintendent of Big Spring Public Schools, will deliver the main address.

Next on the agenda will be sectional meetings of career areas. Following these, Newsom's caterers will serve a barbecue lunch to the whole group in the Hawk gymnasium. Student council members assisted by faculty committees, will act as hosts and hostesses to the 500 expected senior visitors, from surrounding high schools.

Following lunch, sectional meetings will again be staged until 2 p.m.

Faculty counselors for career areas are: agriculture, James Bruce Frazier; business, Harold Vail, Dean Box, and R. Shelton; communications, Elizabeth Daniel, Fred Short, and Blanche Yarbrough; engineering, George McAllister, J. T. Clements, Bob Dyer; fine arts, Orland Johnson, Jack Hendrix; legal profession, Agnes Vail; medical services, Arrah Phillips, W. L. Walker; military sciences, Harold Davis; skilled trades, Martin Box, L. L. Lewis; social service, Ina Mae McCollom; Ray Broussard, Ella White; teaching, B. M. Keese, Paul Vaught. Homemaking and dietitian will be assigned.

Student council members assisting will be Billy McIlvain, Laverne

**Country's Beauty Comes From Fire**

"Operation Flower Seed" is now under way in the fire stricken Malibu area of California. More than 10,000 pounds of assorted flower seeds were donated to Los Angeles County by the American Seed Trade Association to assist in the rehabilitation and beautification of more than 30,000 acres of Malibu destroyed in the aging blaze this winter.

The seed are being sowed on the hills and other hard-to-reach spots. Boy and Girl Scouts, Civil Defense workers and other volunteers are also sowing other areas with the seed, which is valued at \$150,000. The flowers will provide a quick ground cover and add fragrance and beauty to the now blackened earth.

**New French Toast**

French toast addicts should love this new recipe with a delightfully different flavor. Molasses does the trick — it turns an old favorite into an irresistible treat. Beat 1 egg; add 1 cup milk, a few grains salt and 2 tablespoons molasses. Mix well. Dip 8 bread slices in the egg mixture. Brown the slices in butter, turning once. Serve hot with butter and additional warm molasses, if desired.

# You're The One To Suit This Spring

By DOROTHY ROE  
Associated Press Women's Editor

In the spring a woman's fancy invariably turns to thoughts of an Easter suit. She also dreams of hats and shoes, gloves and handbags and crisp new fripperies, of course, but the major objective usually is the suit.

This spring it's a fussy customer indeed who can't find a flattering suit silhouette, because the new suits are easier to wear than they have been in years, and they come in many varieties.

In the first place you won't have to wear a waist cincher any more to squeeze into a tightly fitted jacket. Lines have been eased, and the loose or semi-fitted jacket is the new thing. Skirts may be slim or pleated, but all have room for walking.

Tall women will like the new tiered skirts, seen in many high-style suits, usually accompanied by a semi-fitted hipbone length jacket. For women who don't like the tubular look there are plenty of pleated skirts which look slim when standing still, but allow freedom for climbing in and out of taxis.

The new suits are notable for handsome, light-weight fabrics and soft, feminine details such as neckline bows, piping, tab trimmings and other dressmaker tricks.

The severe man-tailored suit is hard to find this spring—and a good thing, too, because this is a style that looks well on very few women.

You'll be seeing more pale gray suits this spring, after several seasons of charcoal tones. Navy is important also, especially with crisp white lingerie touches and white accessories.

This is a year when suit jackets often are worn casually open, giving new importance to the blouse beneath.

Stepping into the spotlight as senior - of - the - week is Judy Masters. One of Judy's most recent honors is that of being chosen as a senior class nominee for Ranch Week Queen. Judy was also a runner-up for Football Sweetheart. Presently serving as treasurer of the Shorthand Club, she is a member of Tri Hi Y and the First Baptist Church. Judy has been a member of the volleyball team for three years.

Skirts, blouses, loafers, and letter jackets will yield to levis, western shirts, ten-gallon hats, boots, and spurs around the BSHS campus Thursday and Friday, as BSHS'ers observe Ranch Day, an annual activity. The highlight of the days will be the Kangaroo Court, held to punish offenders of ranch week laws. Another important event will be the crowning of Ranch Week Queen, Foreman, and Sheriff in the ranch week assembly.

In class meetings Tuesday, the classes chose their nominees for these positions. Queen nominees include Judy Masters and Lou Ann White, seniors; Opal Hancock and Diana Dawson, juniors; Charlene Campbell and Sharon Creighton, sophomores. Ricky Terry and Bobby Suggs, seniors; Wesley Grisby and Wendell Brown, juniors; Donnie Smith and Joe Bob McClelland, sophomores, were nominated for Ranch Week Foreman, while Gerald Lackey and Hershel Stocks, seniors; Bobby Lauder milk and Jimmy Evans, juniors, Sam Copelin and Eddie Kinney, sophomores, were selected as Sheriff nominees. Elections will be held next week.

Mary Lane Edwards, editor of the 1956 El Rodeo, has announced the positions to be held by the staff. Brenda Gordon will serve as associate editor, while Susan Landers will hold the position of senior editor. Others will be Opal Hancock, art editor; Barbara Coffey, activity editor; Sammie McComb, club editor; George Peacock, sports editor; Bobby McAdams, associate sports editor; and Dickie Madison, staff photographer.

Edith Freeman, Glenda Greenwood, Toni Thomas, Judy Cauble, Mary Ann Nugent, Judy Reagan, Jo Ann Ebling, and Karen Montgomery have been chosen as junior staff assistants.

Students of BSHS took time out from their studies Tuesday morning for class meetings. The senior class spent much of the time discussing the annual senior trip, which will take place May 4. Mo Ranch, located near Hunt, was first choice, while the second selection is San Antonio.

As might be expected, the main topic at the junior class meeting was the annual Junior-Senior Banquet and Prom. Previous plans are working out nicely, and various tasks were assigned to committees Tuesday.

A big day is in store for the

JUDY MASTERS

seniors of surrounding towns Friday. The event is H-CJ Career Day for high school seniors. Students will attend two sectional meetings pertaining to their first and second choices of careers. Information will be offered on careers in agriculture, business, communications, engineering, fine arts, homemaking, dietetics, legal profession, medical services, military sciences, skilled trades, social services and teaching.

Tidwell Chevrolet Company will play host to the senior class of 1957 and its sponsors Monday night at the city park. The occasion is the annual senior barbecue. The affair will start at 6:30. The BSHS 1957 golf team played a group of golfers from H-CJ Wednesday. Winning one and losing one, the team will play the Andrews linksters Tuesday on the Andrews course.

client Rome. Some of the most striking personalities were Nero, Bobby McMillan; Jupiter, David Yater; Ceres and Prosperina, Kathy McRae and Danne Green; the Fates, Carol Rogers, Jacqueline Smith, and Barbara Shields; and Julius Caesar, Bob Leach.

Bobby McMillan and Lorene Mears received prizes for the best costumes and David Yater and Wilma Cole received certificates for outstanding work in Latin. Mr. and Mrs. Charles Weeg also attended the banquet.

BSHS'ers spent most of this weekend at the ABC Relays on the H-CJ campus. In addition to the local track teams, four major colleges, 10 junior colleges, and 39 high school teams were entered in the meet.

Congratulations to Bill Evans on his second place rating in the piano contest last week. The contest was sponsored by the Amarillo Symphony Orchestra.

Dr. W. A. Hunt, chairman of the Brotherhood Observance in Big Spring, introduced Rev. W. J. McCovey, representative of the Catholic faith, and Rev. Jack Elzey, representative of the Protestant faith, at the Brotherhood Assembly Wednesday morning. The Jewish spokesman, Rabbi Herbert C. Straus, was unable to attend the assembly.

The debate teams, Dennis Jones

and Tommy Pickle; Julius Glickman and Stephen Baird; Bill Parsons and Mike Jarratt; Nita Jones and Prissy Pond; Kaye Chadd and Roni Plant, attended a debate tournament in Plainview this weekend. The group was accompanied by the sponsor, James Godwin.

The VIC Club is making plans for a Bosses Barbecue at the city park sometime this month. Tickets will be sold at \$1.50 each.

The Steer Baseball team will meet the Andrews team on the Andrews diamond, Tuesday and the Snyder Tigers here Saturday. Let's all go out and back these boys.

Interested in science? If so, be sure and attend the demonstrations and lectures on science March 25-29. Sponsored by the Big Spring Pastors Association, Dr.

George Speake will conduct the sermon - demonstrations. The lectures will be held in the high school auditorium.

Sue Barnes and her family spent a portion of this weekend in New Mexico. The family left Friday morning.

### To Wed Stanton Man

Mrs. Dorothea Nelson of Santa Maria, Calif., has announced the engagement and approaching marriage of her daughter, Diana, to L.L. Leon Raymond Hull Jr. He is the son of Mr. and Mrs. Leon Hull of Stanton. L.L. Hull, who received his wings at Webb AFB in August, 1956, is stationed at George AFB, Victorville, Calif. The couple will be married in St. Peter's Episcopal Church, Santa Maria, on June 15.

## Local Artist's Work In New York Show

Mrs. Richard Patterson is included in a group of five Texas artists who will have paintings in the Grumbacher Exhibition to be shown in New York March 26. The show, to be held at Grand Central Art Galleries, will run for two weeks; the theme will be "The Palette Reveals."

Mrs. Patterson's entry depicts "Prize Bull," for which she has received several regional and state awards.

Other Texans who will have paintings in the exhibition are Wayman Adams of Austin; Emalita Terry of College Station; Harry Worthman of Houston and Janet F. Turner of Nacogdoches. About 33 states will be represented.

The collection will go on a "Trav-eleau" tour throughout the country's museums, following its initial showing in New York City.

A series of technical art bulletins

### BSP Groups Have Rush Parties In LAMESA Thursday

LAMESA — A Mad Hat party was held by members of the Iota Kappa Chapter of Beta Sigma Phi Thursday evening when they met at the home of Mrs. Dill Holland. Mrs. Nolen Porterfield received the prize for the most original hat.

Rushes who attended were Mrs. A. J. Lee, Mrs. Dorman Powell and Mrs. Nolen Porterfield. The next rush activity will be a coffee, and conversation party scheduled for March 28; a model meeting will be held on April 4. Mrs. Thomas Wade will host the meeting next week.

The Lambda Phi Chapter entertained rushes of the chapter with a progressive dinner Thursday evening at 7:30. The group met at the home of Mrs. Herbert Martin for cocktails and then went to the home of Mrs. Bruce Moore for a salad course. A Mexican dinner was served at the home of Mrs. Thomas Boyd with Mrs. Bob Hale assisting. Mrs. Billy Jack served the dessert course.

Thirteen chapter members and the rushes, Mrs. Pat Marsh, Mrs. Danny Moore, Mrs. Jack Temple, Mrs. Johnny Jones and Mrs. Bill Nix attended the dinner.

### Stanton Women Go To Shower In Odessa

STANTON — Mrs. Roy Linney, Mrs. Leonard Garrett and daughter, Elaine, attended a shower in Odessa Tuesday at the IOOF Hall in honor of Mrs. John Garrett. Mr. and Mrs. Linney visited recently in Odessa with Mr. Linney's parents, Mr. and Mrs. R. A. Linney.

Mrs. Jim McCoy was called to the bedside of her niece in Odessa Tuesday night.

Mr. and Mrs. A. L. Frith visited out of town over the weekend with Mrs. Frith's brother.

Mr. and Mrs. Albert Baugh and Patsy of Stamford spent the weekend with Mr. and Mrs. G. A. Bridges. Henry Bridges and daughter, Delene of Lamesa visited Saturday night with his parents, Mr. and Mrs. Bridges.

Mrs. Billy Avery has returned from the Valley View community where she spent several days visiting her parents, Mr. and Mrs. J. T. Mims.

Mrs. Billy Avery and Mrs. Walter Graves were Big Spring visitors Tuesday.

### Eager Beaver Club

Five members attended the meeting of the Eager Beaver Sewing Club Friday afternoon at the home of Mrs. L. D. Palmer. Handwork was the diversion of the evening. Mrs. M. W. Rupp is to be the next hostess at her home on the Sterling City Highway.

is planned, describing each individual palette. Under the editorship of Leonard Blackman, Fellow of the Royal Society of Arts of England, the bulletin will be issued monthly through the Michelangelo Art Letter. These will be made available without expense to museum and college libraries.

A cocktail party will be given at the Galleries from 3 to 6 p.m. on the opening day.

### Coahoma Woman Is Honored At Shower

COAHOMA—Mrs. Jimmy Spears was honored recently in the home of Mrs. John A. Westmoreland with a pink and blue shower. Cohostesses were Mrs. Luke West, Mrs. Ray Hardin, Mrs. Grady Tindol, Mrs. Ted Hughes and Mrs. Billy Paul Thomas. About thirty called.

Mrs. Ralph White spent the weekend in Alpine with her children, Mrs. Wayne White and sons.

Mr. and Mrs. Frank Edens of Buchanan Dam visited her sister, Mrs. Chester Coffman and other relatives here Monday.

Rosalie DeVaney visited in Lubbock over the weekend in the home of Karen Key.

Mr. and Mrs. C. P. Pyatte of North Cowden visited friends here Sunday. The Pyattes are former residents of Coahoma.

Mr. and Mrs. Arch Ratliff of Big Spring were guests Monday evening in the home of Mr. and Mrs. A. D. Shive.

**"NO MAN ALONE IS WISE ENOUGH"**  
\*Author's Name Retained\*

One of the most important discoveries of this miracle age of new medicines is the right use of vitamins. Properly taken they are a blessing to mankind.

Be cautious about claims made for their use by untrained door-to-door salesmen and stores that sell them under the name of food supplements. Compare the potency, prices and quality of the vitamins they sell with the reliable brands we pharmacists offer.

Be wise. Ask your physician or pharmacist for the answer to your vitamin questions. We both are dedicated to consider your health more important than quick profits.

# Newspaper Provides Greatest Audience

Daily newspaper readers are by far the Big Spring advertiser's greatest audience.

This is the finding of the first professional, unbiased measurement of newspaper, radio and TV audiences ever made for the benefit of Big Spring firms.

The figures are contained in a study recently completed by Belden Associates, nationally known and rated marketing research organization. The Belden organization conducted scientific sampling in Big Spring and 17 other Texas cities, using its own trained interviewers and establishing its own statistical formula on a basis recognized in official research.

The Belden studies in the Texas cities—a project undertaken through sponsorship of the Texas Daily Newspaper Association—conducted a media research study as well as a brand usage survey.

The Belden study showed daily newspapers going into 92 per cent of homes in the Big Spring city zone, compared to working radio sets in 91 per cent of the homes, and working TV sets in 73 per cent.

On the "exposure" of ad media—that is whether people in the households read a newspaper or listened to radio or watched TV—the newspaper was shown to have 87 per cent exposure both daily and Sunday; radio 7 per cent daily and 67 per cent Sunday; TV 69 per cent daily and 70 per cent Sunday.

A total audience survey showed newspapers reaching 15,700 persons daily and 15,400 Sunday; radio 13,100 daily and 12,500 Sunday;

## Coverage By Advertising Media

Newspapers	92%
Radio	91%
Television	73%

## Average Daily Exposure To Ad Media

	Weekday	Sunday
Newspapers	87%	87%
Radio	7%	67%
Television	69%	70%

## Comparative Adult Audiences

	Weekday	Sunday
Newspaper Readers	15,700	15,400
Radio Listeners	13,100	12,500
Television Viewers	13,000	13,400

## Proportion Of Adults In Total Audience

	Weekday	Sunday
Newspapers	77%	74%
Radio	70%	69%
Television	63%	65%

television 13,000 daily and 13,400 Sunday.

The survey showed a greater preponderance of children among the TV and radio audiences. The proportion of adults in the various media audiences was: Newspaper 77 per cent weekday and 74 per cent Sunday, radio 70 per cent weekday and 69 per cent Sunday; TV 63 per cent daily and 65 per cent Sunday.

The figures thus established newspaper coverage in the Big Spring market as being more than 25 per cent greater than that of television. The newspaper ranked more than 26 per cent greater in

the exposure factor—that is people who read a newspaper or watched television.

The radio and TV audiences referred to those listening or viewing any station at any time during the day.

The Belden survey team made personal contacts in 740 Big Spring homes in the sampling.

In addition to the audience measurement, the study gives brand usage figures on 51 grocery items, ranking products according to recent purchases by the housewife.

Thus, a "preference" for various brands was established.

Organized in 1940, Belden Associates has conducted more than 800 similar studies for manufacturers, radio and television stations, newspapers, magazines and advertising agencies in all parts of the country.

National advertisers and agencies which place large advertising budgets in all three media have been warm in their praise of the scientific manner in which the market research firm conducted its studies. The reports have had wide attention in various trade magazines, and have been distributed to advertising agencies throughout the country, with favorable comment.

The studies were made in these cities: Dallas, Fort Worth, Houston, San Antonio, Austin, Port Arthur, Waco, Victoria and Shreveport, La.; Abilene, Big Spring, Snyder, Corpus Christi, San Angelo, Greenville, Paris, Marshall and Denison.

The study gives information on newspaper readers in terms of age, sex, economic level of the family; occupation of the head of the household, race and home ownership.

## County Farmers Due Over Half Million From Soil Bank

Federal Soil Bank payments to Howard County landowners for 1957 are now scheduled to pass the half million dollar mark.

A check of the money involved in the two-phased program reveals that payments scheduled to Howard County farmers will total \$563,544.60.

This represents the initial soil bank payments scheduled in the first phase of the program, in which 312 of the county's farms were listed, and the additional payments which will be made to 178 of the 312 farms where the owners have signed for the second phase.

Deadline for signing for the second part of the program expired at 5 p.m. Thursday. Gabe Ham-mack, ASC office manager, said

that a check of the records showed that 178 farms were enrolled in this project which permits farmers to increase their original soil bank allocations by 30 per cent.

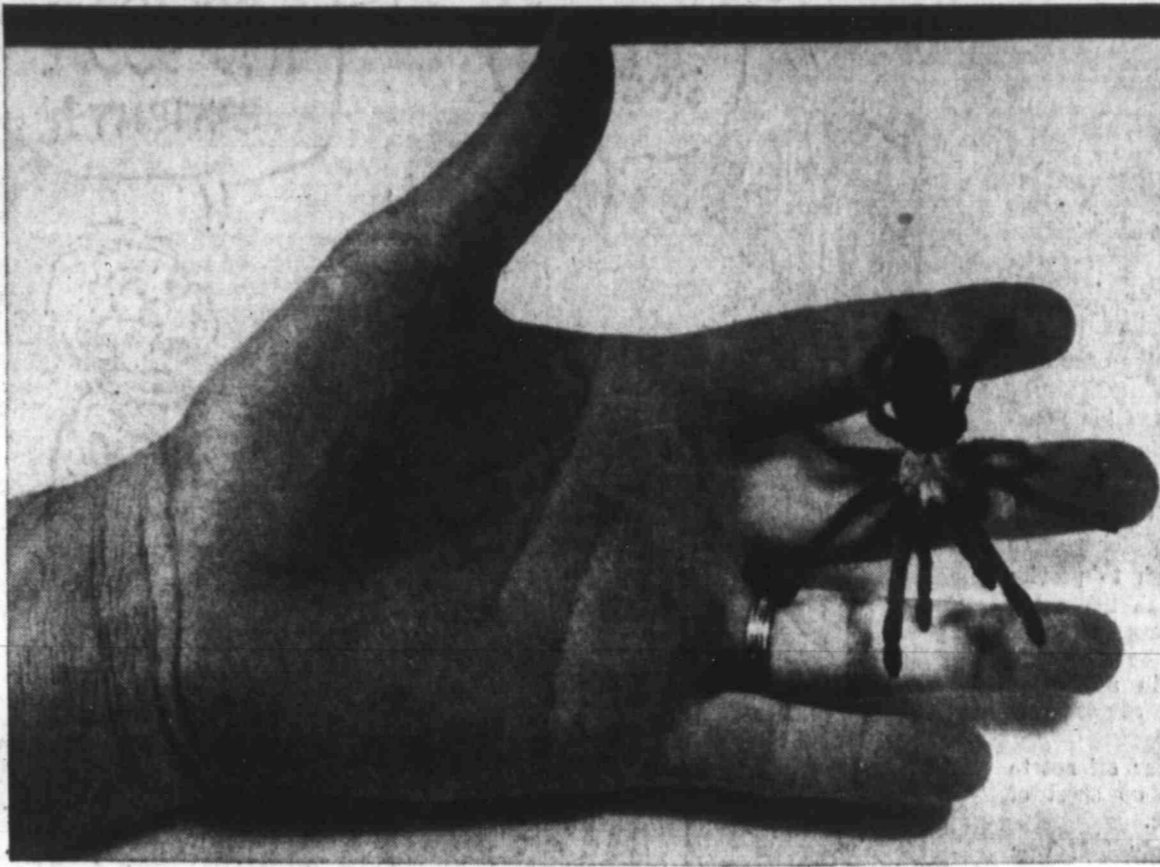

The total acreage of the soil bank allotted farms is 35,919. In the bank at this time are 19,395.2 acres of this total.

The second phase of the project which ended on Thursday added \$258,599.40 to the payments the landowners are to receive from their participation in the acreage reserve activity.

Payments, however, will not be made for sometime. It is a m a c k said that when the proper season for issuance of the checks arrives announcement will be made.

**TARANTULA NOT TOUGH  
...sits calmly in captor's hand.  
CAN'T JUMP, ISN'T POISONOUS**

## Formidable-Looking Spider Lives By Running Good Bluff

By GORDON C. CREEL

The native tarantula of Howard County is a formidable looking character. According to legend this animal is deadly poisonous and can jump 20 feet. This is not true.

Many people have handled tarantulas hundreds of times and have never been bitten. They can bite and sometimes will, but the bite is no more serious than the sting of a bee. If tarantulas could jump 20 feet they would probably jump in the opposite direction from you.

Actually they can jump only a very few inches. This animal is blind and consequently could not see to jump on you. They often take up a mean looking pose to try to frighten you. This is often works for them. They are good at bluffing their potential enemies.

The tarantulas of Howard County, and the Southwest, live in holes in the ground. These holes are about one inch in diameter. They go straight down for about a foot then turn to one side for about five inches. They are easily teased out of their burrows by punching

them with some object such as a yucca leaf.

Some boys known to the author say they have caught hundreds of them by attaching a piece of chewing gum to a string and lowering it into their burrows. They are supposed to bite the chewing gum and hold on while being pulled from their burrows. Most of the time the entrance to the burrow will be covered with a web.

A walk in most any pasture will reveal several of the burrows if a person is observant. One may see quite a few after a rain when they have been flooded out of their holes.

Due to the blindness of the tarantula, even though they have eight eyes, they have a hard time finding enough food to eat. Probably because of this they are cannibals. The female may eat the male after mating has taken place. She is usually larger and stronger than the male. She may, in cases of extreme hunger, eat her own young.

According to the kind of food they eat we should protect them

instead of killing them. They kill their prey by pouncing on them and holding them with their eight strong legs and quickly biting them.

Tarantulas can take only liquid food so they must suck the body fluid from their prey. These animals are capable of going for months without food or water. Probably more than half of the young tarantulas starve to death.

Normally the tarantula is active mostly at night, at which time he comes out in search of food. His diet consists mostly of the insects such as the grasshopper and cricket. He also eats scorpions.

The tarantula's natural enemy is the "tarantula hawk." It is really a large wasp with a black body and reddish or orange colored wings. It feeds its young on the tarantulas. I have seen as many as 100 of the tarantula hawks in one day. It is interesting to watch the battle of wasp and the tarantula. The tarantula knows that the sting of the wasp is fatal and the wasp knows that the bite of the

tarantula is fatal to him. Each strives desperately to get in the first deadly blow. The majority of the time the wasp will win.

During the summer of each year the female tarantula will lay 600 or more eggs in a cocoon which she has spun for this purpose. This egg cocoon is placed in the sun near the entrance of her burrow. If disturbed, she will quickly take the egg cocoon to the bottom of her hole. If the eggs hatch the young develop very slowly for the first six months, then a little faster for the next four years.

During this period of growth, the young shed their skin often. This is called molting. After the fifth year they grow very slowly and shed or molt only one time a year. This animal is able to regenerate or grow a new leg if one is lost in battle or by accident. The estimated life span of a tarantula is about 16 years. Some have been kept in captivity for more than 20 years.

The tarantula gets its name from Italy where the bite of the spider was thought to cause a disease of the nerves called "tarantism." It is thought that the only cure for the disease was dancing and music. There is to this day a pretty dance music composition called the "Tarantelle."

In the summer of 1956, a student and I collected 28 tarantulas one day by digging them out of the ground. The tarantulas were put in separate paper bags to prevent them from fighting. That night 10 of the extra large spiders ate their way out of the sacks and were loose in the house. This incident came very near to causing a divorce. To this day seven of the tarantulas are missing. I hope they are out of the house.

Capital Expenditures For 1957 Make Bullish News

WASHINGTON — This is really bullish news. It explains why top economic advisers to President Eisenhower have stuck to a keep-the-face-of-recent-layoffs-in-the-replicable-household-appliance-and-textile-industries-why-they're-concerned-but-undismayed-by-the-year-are-put-at-\$1,300,000,000, a 25 per cent drop from last year's \$1,800,000,000. Textiles also are down.

These plans are of now, or nearly now. They reflect the January-February business lull. And the lull has not gnawed away business men's confidence.

Bible Words for Today

GENESIS 1:31—"And God saw everything He had made, and behold, it was very good." REVELATION 21:5—"And He who sits upon the throne said, 'Behold, I make all things new.'"

der way. The Commerce-SEC figures on plant and equipment outlays suggest that expansion is well distributed throughout industry.

Sounds Suspicious

TULSA, Okla. (AP)—A Tulsa firm distributed several hundred keys throughout the city and offered to install a storm door free to the person whose key unlocked the door.

The Truth

MUNCIE, Ind. (AP)—Orville Hayworth, 47, was highly indignant when charged in City Court with driving 100 miles an hour.

Realism

ELIZABETHTOWN, Ky. (AP)—Patrons of an Elizabethtown theatre got a dubious treat recently while one of those "creature" movies was playing.

No Extra Work

CHEYENNE, Wyo. (AP)—The Wyoming Legislature has kept intact its boast of having the shortest sessions of any state.

'Ticket' For Travel

Orland Johnson, left, director of the Howard County Junior College choir, smiles as he receives a check from Dr. Marshall Canley, president of the Big Spring Downtown Lions Club. And well he might, for the \$500 gift from the Lions, coupled with aid from Casden Petroleum Corp., will enable the choir to accept an invitation to sing before the Southwest Music Educators convention in Denver, Colo., on March 26. Travel will be by bus. Club directors voted the appropriation in appreciation for the work of the HCJC choir and Johnson in the past three Lions Minstrels.

## Few People Buying Autos Without A Few 'Extras'

By DON HENRY

Selling a car without accessories is about as easy as selling it without tires.

Facts bear it out. New car dealers here this week reported that very few cars are sold which do not have at least one accessory installed. More often than not, three or four extras are mounted on new cars, salesmen said.

Of course, radios and heaters are required on most new cars and have become almost standard equipment — heaters more so than radios. The same is true of directional lights. Some automobiles do not come without the turn signals, and the others have almost reached that stage.

Business is picking up this year and also this spring or air-conditioning, dealers reported. One dealer said at least 50 per cent of prospective buyers inquired about prices of installed air conditioning.

Overall, however, the merchants estimated that from 25 to 30 per cent of all cars sold are equipped with air conditioning. The percentage could increase later in the spring and summer, they agreed.

The automatic transmission business is also high, the salesmen said. Estimates ran as high as 100 per cent at one company on large

cars, and up to 85 per cent on medium and smaller vehicles. Along with the automatic shifts come power brakes and steering. These are newer luxuries and naturally have not reached the larger percentage achieved by automatic shifts, dealers reported.

More power steering-equipped models are sold, but the two are usually sold together, they said. One dealer said 60 per cent of their cars sold with power steering. Tinted glass is rapidly becoming almost a standard item, dealers said. This is another accessory gaining popularity during the past five years. On some models, usage is as high as 75 per cent of new cars.

Of course, dealers reported that young buyers look for items which

will add power and speed to the car. These accessories include dual exhausts, multiple carburetors, and high-compression engines. Automobiles are also arriving with high-fidelity record players installed. These units are mounted under the dash and operate through the radio.

The larger the car, naturally the more elaborate the accessories, dealers agreed. Most of the bigger cars have push-button windows and seats. These luxuries are available in smaller cars, but they are not as frequently desired here, the salesmen said.

Among the other accessories wanted are back-up lights, white side-wall tires, window washers, extra mirrors, wheel disks, and padded dashboards.

Not only does the average new-car buyer want a host of accessories but also a two-toned paint job, the dealers said. One salesman felt that the trend was definitely back to solid colors, but all other dealers checked said that only about 10 per cent of their cars sold were of the solid-color variety.

Also, the brighter the tones, the more popular the auto, they said. One said that the three-color fad has faded completely.

It proves, one said, that people want luxuries as much as a new car.

## Area Students Rate At Top

LUBBOCK, March 16 — Sunny Barrow of Lamesa and Dale H. Karpe of O'Donnell were among the 28 Texas Tech students who made a grade point average of 3.0—equivalent of all A's—during the fall semester. Both are in the School of Arts and Sciences.

Several students from the Big Spring-Lamesa area made grades in the upper five per cent of their schools. Included were Fowden G. Maxwell of Big Spring and Delbert Hess of Lorraine, in the School of Agriculture; Carl W. Crouch of Lamesa in the School of Arts and Sciences; M. Carolyn Bilberry of Colorado City in the School of Business Administration; Carl Preston of Big Spring in the School of Engineering; and Joy V. Cook of Ackerly in the School of Home Economics.

## Drought Feed Program Extended

Howard and Glasscock Counties have been designated as eligible to participate in the emergency feed program.

Fred T. Ross, county supervisor for FIA office here, was notified by Walter McKay, state director, of the redesignation.

Under such designation, farmer and rancher may now file application through April 1 for feed, grain and roughage for basic livestock herds through April 15.

## T&P Sales Staff Will Meet At Mineral Wells

About 75 Texas and Pacific Railway traffic men—bulk of the railroad's sales force—from 22 cities along the line and across the nation will be in Mineral Wells Monday for their seventh annual staff meeting and sales conference.

T&P Vice President of Traffic C. G. Hayes, Dallas, who will open and welcome the assembly to the three-day conference at the resort city's Baker Hotel, said that discussions will center on sales and traffic outlook, service and economy. It also will include the railroad's freight and passenger business.

Topmost traffic department supervisors — members of Hayes' Dallas staff—who will preside over various sessions will be C. H. Fister, general freight traffic manager; V. B. Gilman and W. W. Fair, respectively freight and passenger traffic managers; M. L. Craig, general freight agent; C. S. McDonald, merchandise traffic manager and R. R. Hollinger, New Orleans, foreign freight traffic manager.

Other officers to take part include J. J. Finegan and L. C. Porter, vice presidents; R. C. Parker, assistant vice president-operations; J. B. Shores, director of employe-public relations; D. B. Othrum, general auditor; Howard Crosse, purchasing agent; J. A. McCaul, industrial development; L. T. McIntyre, treasurer; S. L. Wright, New Orleans, assistant to the president. Several regional representatives will be joined by operating division superintendents, including A. C. LaCroix, Big Spring, J. G. Tucker, Fort Worth, and K. D. Hestes, Alexandria.

## Irrigation Ups Power Demands

The preplanting irrigation season is beginning to make itself felt, according to Cap Rock Electric Cooperative operating figures.

Deliveries of power topped the three million KWH mark in February, nearly twice the total for January. This big upsurge was due principally to farmers unlimbering their well pumps.

KWH purchased in February stood at 3,731,660 which ran that year's total to 6,095,430. The KWII sold stock at 3,134,217, making the year's total 4,884,917.

At the end of February the system had 1,919 miles of line energized, a gain of 12 miles for the month. It had 3,433 customers, an increase of 19 for the month. Average KWH consumption rose from 512 in January to 913 in February.

## T&P Directors Vote Dividends

DALLAS—The Board of Directors of the Texas and Pacific Railway Company, at its meeting here Thursday, declared dividends on both common and preferred stocks.

President W. G. Vollmer announced that dividends of \$1.25 per share on the common stock and one and one-quarter per cent on the preferred, both payable March 29 to stockholders of record March 25, 1957, were voted by the board.

## ACC Exes To Meet In Odessa March 22

A meeting of Abilene Christian College ex-students has been announced for March 22 in Odessa, the eve of the West Texas Relays in which the ACC team will be competing.

The session is set for 7 p. m. in the Bowie Junior High auditorium at N. Washington and 23rd. In addition to general progress reports for ACC, there will be films of Bobby Morrow's victories at the Olympics. Bobby and other members of the team will appear in person.

# THE ANSWER IS GOD!

WORSHIP HIM IN CHURCH EVERY SUNDAY . . . AT HOME EVERY DAY . . .

## Forgiveness

Our verdict had been given. With a word of commendation the Judge discharged us, the ladies and gentlemen of the jury. The completed duty brought little relief. Instead there was a burden, a spiritual weight. Days of testimony and hours of deliberation had given an oppressive sense of the world's sin and suffering.

The door of my church was open and I slipped inside. I was alone as the rays of the setting sun enhanced the rich colors of the windows. All was quiet. I dropped to my knees.

Gradually in the solemn beauty of that sacred place I found peace. Here was sanctuary for me and for all who would come in faith believing.

Thankfully I arose; my heart and mind felt calm and refreshed. I could go home now, but I would return often. In glad fellowship with God's people I would worship the Christ who died that men might be forgiven.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	62	1-12
Monday	Isaiah	1	1-20
Tuesday	Lamentations	3	22-35
Wednesday	Matthew	5	39-48
Thursday	Matthew	18	21-35

# Corpus Christi Symphony In \$65,000 Drive

By MARSHALL COMERER  
Associated Press Staff  
The Corpus Christi Symphony Society is in a drive to raise \$65,000 for its 1957-1958 season. Society President T. S. Scibenski says the increased budget will improve the orchestra's pay scale and provide for expansion.

Conductor Jacques Singer will return for his fourth season. Guest artists signed for next season are violinist Yehudi Menuhin, the duo piano team of Arthur Whittmore and Jack Lowe, Metropolitan Opera; tenor Albert de Costa and pianist Claudio Arrau.

The Abilene Symphony Orchestra, which earlier found itself in financial troubles, now reports its continuance next season seems sure.

The Abilene Symphony Assn. says its fund campaign has brought in \$7,000 of the minimum of \$10,000 needed to finish this season and start its concert series next fall.

The Dallas Symphony Orchestra recently denied reports that Walter Hendl was planning to leave and said he will again conduct the orchestra next year. He has been granted six weeks off during the season, instead of the customary two, to make guest appearances with other orchestras.

Dallas State Fair Musicals have lined up four glamorous girls for its summer shows. The revue starring Judy Garland is all but certain for the opening. Patricia Munsel will appear in "South Pacific," Giselle MacKenzie in "Annie Get Your Gun," and Anna Maria Alberghetti in "Rose Marie." The national company of "Fanny" will be the second show. Jack Carson may repeat in "Texas Lil Darling."

colored picture cover is an eye-catching one, featuring red, white and blue musical instruments. In a minor-key riff theme, "Noppin' John" is an outstanding bid included, as is the simple and attractive ditty, "Scotty."

Twenty-four tunes from hit shows and Broadway productions are offered especially styled by Sarah Vaughan on a new Mercury release. This outstanding package record, recorded in hi-fi, comes on two separate discs. Plucked from the most successful hit shows through these past few decades, numbers include "My Heart Stood Still," "Bewitched," "September Song," "It Never Entered My Mind," and "Poor Butterfly."

Singing a duet, one of Hollywood's most popular young marrieds, Debbie Reynolds and Eddie Fisher team up for "Lullaby In Blue," and "I Never Let This Way Before." The Diamonds have a recording titled "Little Darling" that is really zooming in popularity. Sonny James is the recorder of a tune received enthusiastically by local listeners, called "First Date, First Kiss, First Love." Charlie Gracie, on relatively unknown Cameo label, is having all kinds of success with his recording of "Butterfly."

# LOOKS AT BOOKS

By Sam Blackburn

## THE MEN WHO MADE THE NATION, by John Dos Passos, Doubleday.

Cornwallis is trapped. The jubilant but ragged young Americans and their French allies in brilliant uniforms deal the British a blow from which, with the heart gone out of their martial effort, they don't recover.

War was hard but peace, it seems, can be, too. Though Washington longs for a rest, the people must somehow bring into actual form being the country they have rescued from foreign tyranny. Washington presides over deliberations, and accepts the presidency.

Dos Passos roves his readers skillfully back and forth — Paris, Versailles, London, New York, sets and Pennsylvania. The great stage is peopled with great characters, too: Washington, Franklin, Jefferson, Hamilton, Monroe, Madison, Adams, Paine, Robert and Gouverneur Morris, Burr, Marshall. The climax comes with Hamilton dying of Burr's bullet.

This is full of the most vivid detail: the silver transported by ox train, the harpsichord for Robert Morris' daughters, the wet stockings of George III, the umbrella to conceal duelist Burr. Dos Passos is the acid but sympathetic observer in the mainstream of American history, understanding the peculiar genius of our forefathers but catching them up, too, when, for instance, they prouse in the business of founding a nation to feather their nests. Written with gusto and wit, this is immensely readable.

## THE LOVING EYE, by William Sansom, Reval.

Many a man has speculated, with an eye brimming with desire, or calculation or love, on the girl he, in his window, can see in the hills. Now he gets into a novel.

It is London. He is Matthew Ligne, with an income, a knack for business, an ulcer, a servant-companion, Leslie, and a house that, in the rear, looks across yards and gardens, into the back of an apartment which as this story opens has a new occupant.

Matthew watches her with a double furtiveness — he doesn't want her to catch him, nor Leslie, either. He has a party, he keeps track of the doings of other neighbors below him, he consults with Leslie and his landlady — and always he keeps an eye peeled for the newcomer across the way: is her

## Rock-N-Roll Film

"Rock, Pretty Baby," a rock-roll film strictly for teen-agers, returns Friday and Saturday to the screen of the Jet Drive-In Theatre.

## Tough Guy

Actor Robert Ryan was heavyweight boxing champ at Dartmouth, and was never defeated in four years of inter-collegiate competition.

## Mileage Record

Robert Ryan and Aldo Ray figure they must have set some sort of mileage record during filming of "Men In War." They report they walked about 300 miles and crawled around 200 during the five weeks of filming.

## visitor a man or a woman, what is she like?

Leslie, like a good friend who performs more than his bond calls for, decided to investigate and in a nearby pub meets the mysterious woman, named Dawn, pretty loud-mouthed, coarse and, he realizes with both relief and regret, no one for his lord and master to fall in love with. But that is only the start of the investigation, and after a messy bit of mayhem, and a hair-pulling scene, the tale comes to a romantic end, with Matthew getting what he had always longed for — "steps on the stairs."

## STOWAWAY, by Charles Munoz, Random House.

In a muggy Gulf port at night sets in, a tramp steamer prepares for the slow trip along the coasts and up the rivers of South America. The Silver Hawk is loaded but waiting for her crew, a radioman in particular. One by one we meet:

The purser, overworked, as he whines, he knows people of importance, he's going to get a cushier job, but meantime, papers, papers, interruptions.

The second mate, used to command the ship himself, got a medal, shot down a Kamikaze, remembers what a man he is, and to keep that memory shining bright, hits the bottle.

Sam the black messboy, lonely, unappreciated; sparks the radioman, a kid out of high school, driven to learn quickly to become a man.

Jones, the third mate, glib, brainy, educated, knows about water, water everywhere, quotes Nietzsche to his girl; and as his match, the stowaway, who knows Thoreau.

There are the departure, the journey, the second mate's kittens, the shark, the fight, the knife wound, the tragic fire.

The title suggests, I think, that the stowaway is more of a catalytic agent than he proves to be. What happens is, that men's pasts catch up, their fate was fixed long before they step out on these pages—

as Sparks was turned to an interest in electricity in childhood by a janitor. It is less simple than that, but in effect by-gone years in this absorbing first novel.

DE LESSEPS OF SUEZ. By Charles Beatty, Harper. On Aug. 15, 1869, the first ship passed through the Suez Canal, climbing a decade and a half of dedicated, impassioned labor by Ferdinand de Lesseps.

The beautiful Empress Eugenie, Lesseps' friend and in more than one crisis his staunch supporter, graced the occasion, and so did the Emperor of Austria, and the khedive, pinning grand cordons and crosses all over the modest builder's chest.

It hadn't always been so. The opposition to his ambition ranged all over Europe. Thanks to his family name, his ability and charm, he entered the international field with invaluable connections, but they were not steadfast. Eugenie was for him, Napoleon III wavered, his aides, Persigny and Morny, were opposed; English and Turkish were against; Said Pasha blew hot and cold. Curiously, there was talk that England and France might go to

war, and England finally did land troops for fear of the German emperor and also of the destruction of the canal by Egyptians.

The indefatigable De Lesseps, married a second time at 64 and raising a new family of 12 children, tackled the Panama Canal, too, though this time in vain.

Beatty writes a colorful story, but perhaps a hurried one. First he says Lesseps, then De Lesseps. Once he sends the first boat through in 1869, then in 1869 — which is correct. And the Empress Eugenie did not, at the 1869 gala opening, see, as he implies, Verdie's "Rigoletto" written "for the occasion"; it was "Aida," but it was not premiered till 1871.

# HOW TO MAKE THREE LONG DISTANCE CALLS

FOR THE PRICE OF TWO

Bargain rates let you make three station-to-station Long Distance calls for about the same cost as two person-to-person calls

Low Long Distance rates for station-to-station calls save 1/3 the cost of person-to-person calls. This means you can enjoy Long Distance calling more often...at no extra cost.

A station-to-station call is like a local call. Your call goes to a telephone—not a person.

Just tell the Long Distance operator: (1) the city you're calling, and (2) the telephone number you're calling. Like this—"Denver... SKyline 4-9981, please."

That's all there is to it. So start the station-to-station habit with your next Long Distance call...and save money. And don't forget: Call by number...it's twice as fast.

Ready, Aim . . .

Paul Douglas and Eva Bartok are about to get their brains sizzled by a gamma ray gun in this scene from "The Gamma People," beginning Sunday at the Sahara Drive-In Theatre. The plot concerns an American newsmen who enters a small Balkan state terrorized by goons the mad scientist's gamma gun has produced.

## TOPS ON TV

# Channel Four Show Tells How Your Heart Works

If you're like everybody else, you're "hard-hearted." This is explained in CBS Television's "Hemo the Magnificent," the story of blood, its circulation and the heart, to be seen in color at 8 p.m. Wednesday on KEDY-TV, Channel Four. It is the second production in the Bell System's Science Series.

and who joins the Ames Brothers in a tribute to St. Patrick's Day singing "Too-ra-loo-ra-loo-ral." will be joined by a bevy of headline guests that include the Lord Mayor of Dublin, Robert Briscoe; and Ireland's outstanding harpist, Mary O'Hara.

## JOAN FONTAINE

Joan Fontaine stars in the story of a woman who falls asleep and awakens to find herself irrefutably linked to a life in another century in "The Victorian Chaise Lounge," on "General Electric Theatre" at 8 p.m. today on Channel Four.

In addition to Miss Fontaine the cast includes Mark Dans as Guy Langdon, Sidney Smith as Dr. Gregory, Marion Selles as Adelaide Barnes, Mollie Blessing as Lizzie, Nelson Welch as the Vicar, Phillip Tongue as Dr. Bundell and Bruce Lester as Charters.

## SOLDIERS' GRIPES

Bill Mauldin and his celebrated cartoon characters, "Willy and Joe" enlist with "Odyssey" at 3 p.m. today on Channel Four to show the foot-soldier's gripes never change. In "Roman GI," the CBS Public Affairs program bases its study on the actual diary of a Roman Legionnaire.

The broadcast also includes a classic film by Mussolini titled "Scipio Africanus."

## BOXING STORY

How lightweight champion Benny Leonard, often called the greatest of all boxing champions, once staged a phony fight to try and save the sanity of a young boxer will be dramatized in "Fight For The Title," on "Telephone Time" at 5 p.m. today.

Ruthless competition in the little-known "inner world" of the great American recording industry brings a man face to face with the shocking likeness of himself, in the compelling "Climax!" drama, "Let It Be Me" at 7:30 p.m. Thursday on Channel Four.

## CLIMAX

Eddie Albert, Steve Forrest, Maureen O'Sullivan, Charles Ruggles and Jill Corey co-star.

The final game of the National Invitation Basketball Tournament, one of the year's top post-season sports attractions, will be telecast from Madison Square Garden at 1 p.m. Saturday on Channel Four.

## BASKETBALL

Veteran turf-caster, Bryan Field will handle the call, and Jack Cummings will report the color ceremonies of the race.

The Diamonds have a recording titled "Little Darling" that is really zooming in popularity. Sonny James is the recorder of a tune received enthusiastically by local listeners, called "First Date, First Kiss, First Love." Charlie Gracie, on relatively unknown Cameo label, is having all kinds of success with his recording of "Butterfly."

# PLATTER PALAVER

By Mary Sue Hale

Jazz is defined by Webster as being a type of American music, characterized by melodious themes, subtly syncopated. Duke Ellington had this in mind, along with the element of imagination when he set about writing the story of jazz in music.

Back in 1941, Owen Wells asked the Duke to prepare such a work. After years of trial runs and much wasted paper, "A Drum Is Like A Woman" emerged. Leaving the factual story behind after retaining basic history, Ellington traced the progress of jazz. He began with its rhythmic origin: Africa and the Caribbean Islands, then took it to New Orleans to show how modern jazz began.

The entire Columbia LP is a musical fantasy, expressed and explained throughout by Ellington himself. The changes jazz has gone through are marked throughout the disc, along with elements in jazz invented by Ellington.

In his definition, Duke Ellington bases everything on the theory that jazz is a woman — many women; jazz is a drum — many drums. He says that jazz must have humor.

Even a plot is included, making up the backbone of the entire fantasy. The story begins as Carribee Joe's drum is transformed into Madam Zaji, who is not content to remain primitive; she wants to travel. Travel she does, and in an excessive amount. As her success mounts, she wants nothing except Carribee Joe. But Joe wants nothing to do with transformed jazz, therefore choosing to remain unknown.

Tunes caught up in the plot include "What Else Can You Do With A Drum?" "A Drum Is A Woman," "New Orleans," "Carribee Joe," and "Madam Zaji."

Totally unique is descriptive of the Columbia Dave Brubeck LP album, "Jazz Goes to College." Americanized numbers include "Take the 'A' Train," "Le Soule" and "I Want To Be Happy."

It has taken the Dukes of Dixieland, a combo specializing in combining ultra modernity with strictly old-time New Orleans style jazz, about eight years to become one of the most highly demanded groups in the U. S.

First beginning their career as amateurs, the Duke's most popular album around this area is titled "The Dukes of Dixieland Study in Hi Fi Sound." Understand-

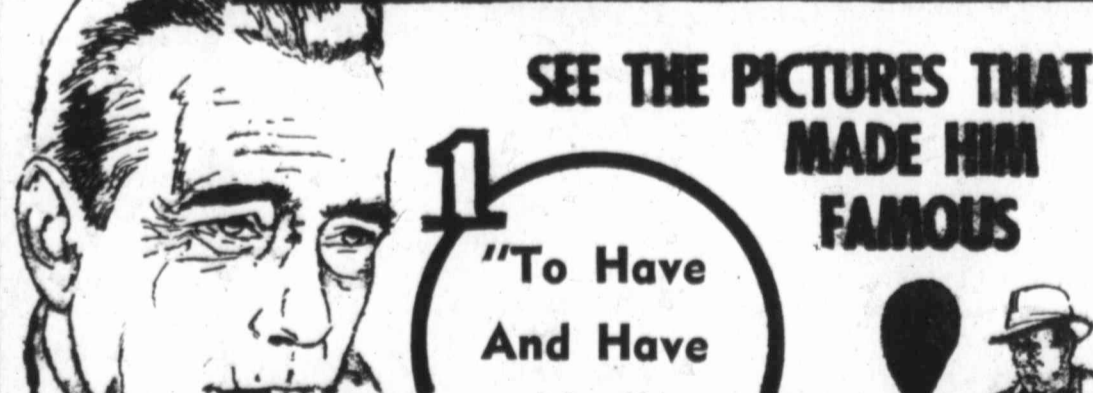

ing jazz standards included in the packages are "Down Yonder," "High Society," "When My Sugar Walks Down the Street," and "Dark Town Strutter's Ball."

Playing memorable tunes it made famous, the Glen Gray Casa Loma orchestra bring back memories from a few years back with the album, "Casa Loma in Hi Fi." "No Name Jive," "Memories of You," "Smoke Rings," "Black Jazz," and "White Jazz" help constitute the outstanding album.

Roy Eldridge, described in jazz circles as the basic middle-era link between the basic trumpet jazz style developed by Louis Armstrong in the '20's and the new era instituted in the '40's by Dizzy Gillespie, has a new jazz album titled "Roy's Got Rhythm." The

Good Mortar Target

Maybe these actors don't realize it, but they are sitting ducks for a mortar shell, as many a green veteran has found to his sorrow after "bunching up" in combat. Scene is from "Men In War," and leading the platoon up Hill 465 are Robert Ryan and Aldo Ray behind the machine gun.

LIFE WITH MUSIC

Great Works Akin To Classic Dramas

By RICHARD D. SAUNDERS  
Music, like literature or art, is intended to communicate to the listeners the ideas or concepts created by its composer. It is akin to drama, in that a performer or interpreter is necessary, in most instances, to transmit the composer's thoughts to the listener. Only a highly trained musician is capable of hearing music at a visual reading, and even he is better satisfied after listening to the actual sounds, of which the printed score is merely the notation.

Profound music, like profound literature or drama, is capable of repeated enjoyment. One can listen to a great play, or read an important book over and over again, and each time discover new pleasures or receive new stimulation from it. Great music can be heard many times and enjoyed anew at every hearing.

Shallow music, like shallow writing, may induce a ready response through a facile or clever turn of phrase or engaging lilt that will immediately catch the public fancy. But it does not wear well. Like bright but shoddy cloth, it soon grows shabby and wears out with repeated use. Its lack of basic values becomes apparent.

But a piece of music is not necessarily profound merely because its composer intended it to be so. Much — indeed, most of the so-called serious music composed with no greater intent than the charm of a moment will live to enchant listeners of another century.

For profundity is not solemnity, any more than gaiety is frothiness. The greatness of a work does not

rest upon being fast or slow, exuberant or melancholy, light or dark in tonal shade. These things are only the component parts of production, like the paper on which it is written, or the pens with which to write it.

A great work must first of all be written with sincerity. It must communicate a fresh viewpoint with spontaneous expression and fluent style. It must have something to say, and say it honestly, with beauty and good taste, in a way to inspire its auditors continually and repeatedly over a long period of time.

HERE AND THERE  
Luigi Dallapiccola was guest of honor at the Oberlin, Ohio, Conservatory of Music's seventh annual Festival of Contemporary Music, and also appeared in the dual role of composer and pianist. The Italian composer is a faculty member of a college in New York City.

SHALLOW MUSIC  
Ken Darby has arranged an old American folk song, "The Ballad of Jesse James," for "The True Story of Jesse James," and its recording by Frank Gorshin will be released soon. To stimulate composition of important new music for accordion, the Arcari Foundation of New York offers an annual prize. Winner this year was Gregory Stone, for his "Concerto Breve." Pianist Lester Donahue spent seven months in Europe and made several recordings in New York before returning to his home in Los Angeles. The Amati String Quartet will give the American premiere of a new opus by Ladislav Lajtha.

The Week's Playbill

**RITZ**  
Sunday through Tuesday  
"DON'T KNOCK THE ROCK," with Bill Haley.

Wednesday through Saturday  
"TRUE STORY OF JESSE JAMES," with Robert Wagner and Jeffery Hunter.

Saturday Kid Show  
"DEVIL GODDESS."  
**STATE**  
Sunday through Tuesday  
"INVASION, U.S.A.," also, "1,000 YEARS FROM NOW."

Wednesday through Saturday  
"FLESH AND SPIRIT," also, "NAKED PARADISE."  
**TERRACE**  
Sunday  
"PATTERNS," with Van Heflin and Everett Sloan.

Friday and Saturday  
"CRIME SCHOOL," with Humphrey Bogart; also, "SAN ANTONIO," with Errol Flynn and Alexis Smith.

**JET**  
Sunday through Tuesday  
"THE IRON PETTICOAT," with Bob Hope and Katherine Hepburn.  
Wednesday and Thursday

"DANCE WITH ME HENRY," with Abbot and Costello; also, "DUEL IN THE SUN."

"ROCK, PRETTY BABY."  
**SAHARA**  
Starting Sunday  
"THE GAMMA PEOPLE," with Paul Douglas; also, "STRANGE INTRUDER," with Ida Lupino and Edmond Purdom.

**Abbott, Costello Comedy Returns**

Bud Abbott and Lou Costello's latest comedy, "Dance With Me, Henry," returns to the screen of the Jet Drive-In Theatre Wednesday and Thursday.

It is the comedy duo's first attempt away from the pure slapstick that shot them to fame during World War II years. They concentrate instead on the human interest type of comedy. The film tells the story of a bumbling but good-hearted kiddie carnival operator who gets mixed up with hoodlums when the gangsters stash their loot on the carnival grounds.

Don't Knock It

Left to right are Bill Haley, Alan Dale and Alan Freed, who are among the stars to appear in the rock-and-roll film, "Don't Knock The Rock," Sunday through Tuesday at the Ritz Theatre.

'Men In War' Conflict Of Personalities

"Men In War," showing Wednesday through Saturday at the Ritz Theatre, is the story of a platoon of combat infantry in the Korean War.

Robert Ryan is starred as a bearded, battle-wear lieutenant, and Aldo Ray as a wandering sergeant. The character development centers on the loyalties, ideals and bitter conflicts of officers and enlisted men under stress, of underlying tensions inherent in the army system of rank and responsibility.

The action plot has the platoon, commanded by Ryan, cut off during a Communist offensive. Ryan realizes that only way to save his unit is to get them to Hill 465. On the way they run into Ray who is driving a shell-shocked colonel back to a hospital, and Ryan forces the pair to accompany the platoon because the jeep is needed.

Their mutual dislike develops into mutual respect as the platoon charges up Hill 465, taking its losses in exchanges of fire with the enemy.

'Iron Petticoat' Cold War Spoof

"The Iron Petticoat," a grand spoof on the Cold War, returns Sunday through Tuesday to the Jet Drive-In Theatre. Bob Hope and Katherine Hepburn are co-stars, with James Robertson Justice.

Miss Hepburn is cast as a masculine lady fier from the wrong side of the Iron Curtain who accidentally jets over the West German border and is interned. But the military sees its chance to make use of her as a cold war weapon by converting her to capitalism, and Hope is assigned the task of squiring her around London and undermining her Red morale.

Justice is seen as the Red agent in London, leader of a group of bumbling goons who try to spirit their erstwhile comrade back to Moscow.

As usual with Bob Hope comedies, the laughs are frequent, the situation ridiculous, and the ending impossible—all the makings of a good comedy.

Big Spring (Texas) Herald, Sun., March 17, 1957 7-D

CINEMA COMMENT

By BOB SMITH

For several years I have been coming of the opinion that Time magazine's movie editor needs a dose of bicarb—he seems to suffer from a chronic bellyache. Time's writer is not, of course, the only sinner in this field. It seems to be a professional disease among many critics for large-circulation magazines and big metropolitan daily newspapers.

The reference is to some critics' apparent supposition that their job is to pan every movie produced, mainly through use of the sneer and the witty pun. It is only the pseudo-intellectual who uses the sneer to convince himself of his innate superiority. Such people forget a film critic's main job is not to demolish, but to remember what he doesn't like, someone else may.

The incident that brought all this on was Time's report on the film, "Battle Hymn," that showed here last week, a film based on the life of Col. Dean Hess, who saved 1,000 Korean orphans. Some of the criticisms were true enough, such as the fact the kids were incredibly clean. But there was little substance in beefs that star Rock Hudson, as Hess, spent his time exchanging platitudes "with the local Confucius," that the sugar content got so high theatre managers were advised to offer free shots of insulin; that a female star portraying a Korean friend of the orphans got no wild lovin' from Hess, and was "safe in his arms."

What does Time's critic want in a story about a flying parson—sex, sin and blood?

And speaking of "Battle Hymn," the first thing I noticed when I entered the theatre was the musical score by Frank Skinner. It was a symphonic arrangement of that old Korean folk song, "Arirang." It tells, in some 500 verses, about an equal number of folk tales. I remember the words only to the first verse.

Following is a list of well-worn stock figures who do not appear in "Men In War":

1. The sadistic top sergeant who inflicts physical and mental torture.
2. The wise-cracking kid who jokes while his platoon is being slaughtered and dies with a quip on his lips.
3. The eager beaver bucking for a hero's death, which he usually finds in a touching vignette.
4. The stupid, arrogant officer

# War Widows Fail To Apply For Benefits

Three of every five widows of veterans who died of service connected causes before Jan. 1, 1957, have failed to apply for the new increased dependents compensation payments, according to Robert W. Sisson, manager of the Veterans Administration regional office in Lubbock.

The servicemen and veterans survivor benefits act which authorizes the new payments became effective Jan. 1.

Widows of veterans who died of service connected causes before Jan. 1, 1957 may elect to receive the new payments or to continue under the old death compensation whichever is higher.

In most cases, Sisson said the new act provides for higher payments to these widows than were granted under previous laws.

Any of these widows who wish to receive the higher benefit must apply for the new compensation payments even though they already are on VA rolls.

Application cards have been sent to widows eligible for increased payments. Such payments will be made retroactive to January 1, 1957, provided widows apply by July 1, 1957.

With certain exceptions, applications received after July 1 will be effective as of the day they are received, Sisson emphasized.

The benefit will be paid at the monthly rate of \$112 plus 12 percent of the basic monthly pay now being received by a serviceman whose rank and years of service are the same as those of the deceased veteran, Sisson pointed out.

Widows who make application for the new benefit but who would receive more under old laws will be advised by VA against the wrong choice of payment. Increases however cannot be authorized unless application is made.

Advice about applying for the new benefit is available at any VA office.

Happy Birthday . . .

We are proud to join in the nation-wide celebration of the 45th-anniversary of Girl Scouting. We are proud to serve the members of our community who are active in this splendid program.

A Birthday Gift . . . in token of our warm enthusiasm for this worthy organization, we would like for every Girl Scout to simply present their registration card in our Girl Scout department and receive a gift. Congratulations . . .

These quality drapes are at an introductory offer of . . . . . 12.95 pair

## Cotton Growers To Meet At Lubbock

The first annual meeting of the Plains Cotton Growers, Inc., a 23-county cotton organization designed to protect and promote interests of Texas South Plains farmers and businessmen, will be held Monday in Fair Park Coliseum, Lubbock, Ralph White Howard County director, said Saturday.

The meeting will begin at 10 a.m. and producer-business members from all 23 counties are expected to attend. "More than 1,200 members attended the organizational meeting January, a year ago, and we hope to have that many or more at our first annual meeting," the director said.

Featured speaker at the first annual meeting will be Jamie L. Whitten, Mississippi Democrat who is chairman of the powerful House Agriculture Appropriations subcommittee. Congressman Whitten has played a major role in present cotton legislation and was an active fighter for the present cotton export sales program at competitive prices. He has long been interested and active in cotton legislation.

In discussing his talk in Lubbock, Whitten said he believes there should be no acreage restrictions for cotton producers and that farmers should be supported only on their domestic sales and that they

JAMIE L. WHITTEN

should be permitted to plant all the cotton acreage they wish for sale on the world market.

In addition to Whitten's address at the Monday annual meeting, W. O. Fortenberry, president of the Plains Cotton Growers, Inc., will make his annual report, a financial report of the organization will be made, and George W. Pfeifferberger, executive vice president, will tell the membership of 1957 plans of the organization.

## Baylor Choir To Sing Here

WACO, March 16 (SC)—When the Baylor University Chapel Choir performs at Baptist Temple in Big Spring March 31, one of the two student directors will be in his home church.

Jackie Shirley, son of Mr. and Mrs. H. L. Shirley, 309 Lancaster, one of two student directors of the choir, is a member of Baptist Temple. The two directors are elected by the 81 members of the choral group. The organizer and director of the choir is Dr. Euell Porter.

The performance by the choir at Baptist Temple will be at 3 p.m. on March 31, the second of two programs that day. The choir will be in the First Baptist Church in Midland at 11 a.m. The choir will make 10 appearances in the six-day period from next Wednesday to April 1.

## To Pick Nominees

Past presidents of the Downtown Lions Club has been convoked for a 6 p.m. meeting Tuesday at the Cosden Country Club. They will sit as a nominating committee to propose names to the club as officers for the fiscal year beginning July 1.

## Post Office Economy Move On, Cooperation Of Public Sought

The pinch of economy has hit the Big Spring post office.

From now until June 30, the post office here is out to cut corners, avoid all appearance of waste and try, as best it can, to cut down to the last ultimate penny its overhead.

Elmer Boatler, postmaster, explained that not all of this economy idea is his or his staff's. It all stems from something up the line—a something that adds up to \$50,000,000 and represents the deficit that the U.S. Postal service is destined to show on its books by June 30 if drastic savings are not somehow brought into effect.

Broken down into regional shares, the Dallas office has advised all post offices that this region's part in the deficit stands at \$3,000,000. The burden is still further divided—into the share each district must bear and, for that matter, each post office.

District postal officials have visited here and impressed on Boatler and his fellow workers the urgency of pinching pennies from now on to the end of the fiscal year. The crisis developed, it was said when Congress' customary action of providing supplemental appropriations to absorb the postal deficit failed to jell this year.

Boatler said that several operations designed to economize have been put in operation.

First and foremost, he said, was an appeal to all of the larger mailers of the town to lend a hand. Firms which often have truck loads of mail customarily bring the day's allotment to the post office around 5 p.m. This means the post office must keep full crews

on duty extra hours sending these many hundreds of letters on their way.

Boatler is to personally contact all of the establishments in the town who have large mailings. He is to ask that they change their plans—instead of bringing all of the day's mail to the office in one big load that they bring the mail several times a day. Thus, he explains, the staff in the less pressing hours of the working day can devote its time to handling the letters and the bottleneck which the usual plan generates may be lessened. He also asks all mailers who have sizable quantities of let-

## Aggies Elect John Taylor

John Taylor was elected president of the Big Spring Aggie Club for the coming year at a called meeting Friday.

In addition to election of officers, the group set the dates for its annual muster and also the barbecue.

Taylor succeeds Hays Stripling Jr., as president of the club. Dr. Akin Simpson was named vice president to replace Johnny Johansen, and Roy Anderson was re-elected secretary.

The Aggies announced the date of their annual muster as April 21. The barbecue will be held June 6. In other business, the club voted \$250 to one of the students now on a scholarship. The money will be given next year.

ters to dispatch them in midafternoon, for example, instead of waiting until after 5 p.m.

During duller hours of the day, it is probable some of the service windows which as a general rule are open from 8 a.m. to 5 p.m. will not be operating. There are many hours each day, the post office officials believe, when one clerk at one window can handle the work which is now being handled by as many as three men.

In other fields of economy, the Post Office Department has declared that until this present deficit emergency diminishes, there can be no extension of city delivery routes. Rural routes not now operating cannot be established and present routes cannot be extended. No new sub-stations can be organized. Collections will have to be kept to a minimum.

Other corner-cutting operations may be adopted if it can be shown that such operations will not hamper the efficiency of the post office and will save some money, Boatler said.

"This is an emergency," he said. "We have been told to cut down on expenditures and operating costs. We must do so with the big deficit staring the postal department in the face."

"If the public will cooperate—as I am sure they will—the post offices can save thousands and thousands of dollars and at the same time the services of the post office can be kept at ordinary high level."

"Here in Big Spring we are going to do our best to save money. I am most hopeful that the public will understand what we are facing and help us over the difficulty."
