

Carry On Tradition

Future Homemakers of Big Spring High School set out rose bushes at the VA Hospital in what has become a tradition. Each year, the girls install roses on some public property. Left to right are Le-

retia Turner, Helen Gray, Darlene Williams, Kella Grant, Judy Reagan and Sue Arrick. Kneeling is Sharon Creighton. Mrs. Nancy Annen is the FHA chapter adviser.

210 Members Of Faculty Re-Elected

Trustees re-elected 210 members of the Big Spring school faculty for the 1957-58 session Tuesday evening. At the same time, Supt. Floyd Parsons said resignations had been received from 12 of the group, most of them effective at the close of the current school year. Parsons recommended re-election of the 210 on the basis of recommendations he had received from the various school principals who were re-elected two weeks earlier. All those recommended hold a minimum of a bachelor degree and a Texas teaching certificate. Parsons said any person now employed in the school system without one or both of the qualifications will not be recommended for re-election until the deficiencies have been removed or until after Aug. 15, 1957, when it may become necessary to employ a few teachers not fully qualified. Staff members re-elected:

Policy To Limit Moving Aid To School Officials

Having authorized the payment of moving expenses for several staff members joining the Big Spring school system during the past year, trustees now have a policy governing such expenditures. The policy, adopted Tuesday evening, limits moving expense payments to the superintendent, assistant superintendents in charge of business and instruction, and the athletic director.

Stockholders Due Final Payments

HOUSTON (AP)—Houston Oil Co., dissolved last June when its properties were bought by Atlantic Refining Co. and Time Inc., yesterday announced that shareholders will receive final liquidation payments from \$5,720,152 transferred to a New York bank. Harold Decker, president, said the fund represents \$4.60 per share of common stock. Another distribution of funds was made earlier. Houston oil sold its properties in a 225 million dollar transaction. Atlantic Refining bought the firm's interest in 970 oil and gas wells and Time acquired its interest in Southwestern Settlement and Development Corp. and East Texas Pulp and Paper Co.

Planet To Make Rare Appearance

Most everyone at sometime or other has seen at least four of the Sun's family of planetary children. A few may have seen others. Everyone who bothers to acquire even an elemental knowledge of the skies has seen and perhaps recognizes Jupiter, Saturn, Venus and Mars. Three of the sun's planets are not readily visible to the unaided eye. Uranus, Neptune and Pluto are too far away to be easily sighted. Uranus and Neptune can be seen in telescopes. Pluto, insofar as the records show, has never been visually observed and has been identified merely as a tiny blob of light on photographic plates left for long exposure in high-powered telescopes. What about the sun's ninth child? It is visible to the "naked" eye—at least at certain times. It is the least of the children and hangs the closest to Mother Sun's apron strings. The very fact that little Mercury stays so near to mama accounts for the fact that it is so rarely spotted by skygazers. From time to time, however, in its little journeys, tiny Mercury gets far enough from the sun to be in the proper place where it can be viewed by casual observers. That is what is happening right now. Mercury will reach what astronomers term "greatest eastern elongation" on next Monday. For a few days after that date, Mercury will be visible in the western skies. It will be very near the horizon and it will not be in sight longer than an hour and three quarters after the sun has set. As a result, if an observer wants a peek at this rarely seen planet he must do his scanning before dusk ends and darkness settles. By the time the western skies are dark, Mercury will have disappeared below the horizon. A great many amateur star gazers who are fairly familiar with the skies never see Mercury. It's appearance in a position where it can be seen is so rare that many who hunt for it miss out on the opportunities. For any Big Spring sky hawk, however, the astronomers say that an opportunity should prevail for a few days next week during which Mercury should be visible.

Prof Asks Unity On Race Issue

BROWNWOOD (AP)—A Texas college professor yesterday called the Civil War a "failure of Democracy" and urged that the nation not be endangered by "dividing ourselves over the Negroes again." Dr. James Taylor, chairman of the social science division at Southwest Texas State College, said defiance of the Supreme Court ruling against segregation in public schools could threaten what he called the South's bright future. He was the chief speaker in yesterday's session of Democracy in Action Week at Howard Payne College. Other speakers stated this week include Dr. H. J. Etlinger of the University of Texas and U.S. Sen. Lyndon Johnson, who will speak tomorrow night and receive an honorary doctor of laws degree. Taylor urged his audience not to "jeopardize or ruin this great prospect of the South" by dividing ourselves over the Negroes again. He added that "There is a possibility of damage to our American democracy if we try to avoid the problem through defiance."

Gaza-Israeli border to get acquainted with pretty Israeli girls patrolling the other side of the line. Israel has refused to let UNEF set up patrols on its side of the border. The Egyptians, now governing the Mediterranean coastal strip, pressured the United Nations to take its troops out of the strip towns and put them along the frontier but refused to allow them to cross into Israel while off duty. In Cairo, meanwhile, U.S. Ambassador Raymond A. Hare met last night with President Nasser to continue discussions on the future operation of the Suez Canal. Informants said Nasser has not made a single major concession since the conferences with Hare began last week. They said the Egyptian President feels confident no one can stop him from running the canal on his own terms.

The Egyptian source said the Israelis had indicated they would not quit the two areas until Eilat is enlarged and fortified. He said they had ignored a withdrawal request from the commander of the U.N. Emergency Force unit at Sharm el Sheikh, which commands the entrance to the disputed gulf. The United Nations declared officially March 8 that all Israeli forces had left Egyptian territory and the Gaza Strip. The announcement came after the United Nations and the United States called repeatedly for Israel to withdraw from territory it seized in its October-November invasion of Egypt. The fraternization complaint was made by Egyptian army officers in Cairo. They claimed U.N. troops had been crossing the

Party For Queen Makes With Smoke

PARIS (AP)—France's highest society used the Venus de Milo's pedestal for a cocktail table and ancient Greek vases for cigarette butts at the party last night for Queen Elizabeth. Prince Philip, the Queen's husband, smoking a big Havana cigar, came dangerously close to Raphael's painting of St. Michael. It all happened at a gala dinner and reception given by Premier Guy Mollet and his Cabinet for the visiting Queen at the Louvre museum. The party lasted into the early hours today. More than 3,000 guests swarmed around the Queen in efforts to get a close look at her. The museum's centuries-old statues and paintings probably never witnessed such a celebration. The museum keepers and guards certainly were never so nervous as the buffet guests lit cigarettes while waiting for the Queen to come out of the dining room. "Can you imagine that!" said one veteran on the staff. "I have never seen anybody smoke inside the museum before. Let's hope they won't start a fire." The smokers were in good company. Philip left the dining room with his cigar burning. French President Rene Coty had one going too. The royal procession after coffee set off a rush that deserted the buffet. Tail-coated men helped ladies in bouffant skirts onto 5,000-year-old Egyptian statues to have a better look at the sovereign. The crush almost smothered the Queen, but her smile never wavered. Elizabeth missed the Venus and most of the masterpieces for which the Louvre is famous. It was just as well. Three museum attendants took turns removing the guests' empty glasses from the armless Greek lady's base, then finally gave up. Neck-craning lookers obscured other statues and paintings. Cigarettes smoldered in two empty Greek vases. If the museum surrendered part of its authority over its valuable pieces, it took no chances with possible thieves. A plainclothesman stood outside in the chilly night by each of the 48 windows.

Red Influence Fuss Sets Ouster Of Jordan Chief

LONDON (AP)—Jordan King Hussein's ouster of Premier Suleiman Nabulsi was reported today to be the result of a bitter quarrel over whether the Arab nation should be exposed to Soviet or American influence. Diplomats in Washington believed the stand that Jordan's 24,000-man army takes in the next few days may determine whether Hussein can stop his country's drift toward the Soviet-aligned policy of Egypt and Syria. It was assumed Hussein would not have acted against the popular Premier unless he had assurance of military support. Reports reaching Beirut, Lebanon, said all roads leading into Amman, the Jordan capital, have been blocked for two days by troops and military vehicles, apparently in an attempt to keep troublemakers from entering the city. In a move to strengthen his hand, Hussein promoted his chief military aide, Brig. Mohammed Maatya, to major general and made him director general of public security. Maatya, former Jordan military attache in Damascus, replaces Maj. Gen. Bahjat Tab-

barah, who was given a long-term leave of absence. Secret intelligence reports received by diplomats in London said the crisis between Hussein and Nabulsi reached a climax over the mission of President Eisenhower's special envoy, James P. Richards, now touring the Middle East. The reports said Hussein wants Richards to visit Amman and would like for Jordan to qualify for American aid under the Eisenhower Doctrine for halting further Communist penetration of the Middle East. Nabulsi has declared publicly the Eisenhower plan has nothing to do with Jordan. Some authorities in Washington expected that Nabulsi would refuse to accept defeat and would call out the street throngs to demonstrate in his favor. It was felt likely Hussein could withstand the pressure of the mobs if his British-trained army rallied behind him. But many observers foresaw the possibility that the armies of neighboring Syria, Iraq, Saudi Arabia and Israel would move in if serious fighting broke out, and that Jordan would be divided among them. **Casualties Due** LOS ANGELES (AP)—A top civil defense administrator says major cities would suffer more than 90 per cent casualties in a nuclear attack because of the lack of underground shelters. Gerald R. Gallagher, Battle Creek, Mich., said he favors spending 44 billion dollars for bomb shelters.

Wet Weather For Wide Area

By The Associated Press Wet weather was the outlook for broad areas from the Rockies to the Middle Atlantic states today. A fast-moving storm headed for

the southern Great Lakes region during the night, spreading rain or snow across sections of the upper and middle Mississippi Valley and the upper Great Lakes. Showers extended from Iowa and northern Missouri across southern Wisconsin and northern Illinois into Lower Michigan. Snow fell to the north of the showery belt with falls ranging from 1 to 2 inches in northern parts of Wisconsin and Michigan. Snow also was reported from western Montana southeastward across Wyoming into northern Colorado and western Nebraska, with falls in most places light. However, they measured 2 to 3 inches in Cheyenne, Wyo., and Sidney, Neb. Snow flurries sprayed areas in the Dakotas. Showers and thunderstorms hit southeastern Texas and southern Louisiana, with falls of more than half an inch in Lake Charles, La., and Houston.

Shower Given Mrs. Horace Garrett

About 25 called during the morning, Wednesday, when Mrs. Horace Garrett was honored at a shower in the home of Mrs. C. M. Adams.

At the home of the hostess, she displayed a fish pond and various types of garden flowers.

Mrs. Frank Wilson showed roses and shrubs. Mrs. Jones's garden held iris and snapdragons, hyacinths, calladiums and Easter lilies.

Mrs. J. W. Dickens displayed the protection given by a fence and showed concrete used as borders for beds.

A tiered rock garden at the home of Mrs. Warren Sparks was examined by the club as were her iris and violets.

The iris was used as the basis of the fleur-de-lis on the flag of France, she remarked; the only iris native to this continent are the beardless ones.

The development of iris was told by Mrs. Wiley, who said that the size of the blooms had been increased at the turn of the century by growers who added more chromosomes to the plants.

Mrs. Wiley showed various types of iris and told the members that iris is the only perennial having all the colors of the spectrum.

After winning the contest, Mrs. Wisener requested an ironer, washer and hand controls for the family automobile, the latter for the benefit of Mr. Wisener who is confined to a wheel chair.

Panel Preparing ICT Probe Report

AUSTIN (AP)—A Senate committee began digging today into a stack of exhibits and transcripts of testimony in preparation of a report on its five-week investigation of ICT Insurance Co.

Sen. Charles Herring said he hoped his committee could make its recommendations within two weeks. The committee expired last night.

The committee launched its probe of the firm BenJack Cage promoted, on March 5, the day ICT was thrown into permanent receivership. A similar House committee submitted its report April 1.

John Osorio, young chairman of the Insurance Commission, was the last witness. He said he had been sent allegations of fraud involving other companies but could do nothing about it now because he did not have enough examiners. He said he hoped the companies involved were not as big as ICT, whose failure struck sharply into the families of many labor men who had a controlling share.

Osorio reminded the committee he had asked for 140 examiners in

the pending appropriations bill, more than triple the present staff. He said regardless of any reorganization, the strength of the commission "whether it be one commissioner or a 21 man board" would be dependent on the strength of the examination division.

Paul Connor, counsel for the board, and E. B. Kelley, assistant chief examiner, told of an ICT re-insurance agreement approved by the board six months after it had gone into effect.

The contract provided that all of the business written in Missouri by ICT was ceded to Missouri Union Insurance Co., which assumed liabilities as well as assets. Kelley said the agreement reduced ICT's liabilities by \$338,000.

Connor and Kelley said they did not recommend approval of the agreement which went into effect Sept. 30, 1955, the day Missouri Union was licensed. Notification of the deal was given to the board in December and the arrangement was approved in April, retroactive to Sept. 30.

Connor said it was "quite unusual" for the commission to approve such an agreement retroactive over that long a time.

Bond Cut Shows Odd Nature Of Red Economy

By THOMAS P. WHITNEY
Associated Press Foreign News Analyst

The announcement that the Soviet government, with a snap of its fingers, is canceling over three fourths of its national debt shows what a strange thing the Soviet Socialist economy really is.

Try to imagine the furor if the U.S. government were casually to reveal that within a few days time it would wipe out the value of most outstanding U. S. government bonds. Banks would close. Insurance companies would shut their doors. The entire economy would shake and the government would totter.

The Soviet press yesterday carried the news, made public by Nikita Khrushchev in a speech Monday, that the Kremlin for the next 20 or 25 years will pay no interest and repay none of the principal on 260 billion rubles worth of state bonds the Soviet citizenry bought involuntarily.

That amount — officially 65 billion dollars — represents the largest portion by far of the private savings of Soviet citizens. It was taken out of their pay envelopes over the last two decades and longer, an average of from 6 to more than 8 per cent of their wages every month.

The long postponement of bond redemptions is equivalent to their confiscation, if the Communist timetable for Russia works out. In 20 to 25 years, the Soviet Union is supposed to be enjoying a state of "communism" — as distinct from the present "socialism" — and Communist citizens won't own such private property as bonds.

Yet the move probably will cause hardly a murmur from the Soviet people.

The average Russian is probably happy — because he's been promised that beginning next year there won't be any more annual loan drives to tap his pay envelope for bonds on which he'll never collect.

Makes Mom's Chores Easier and Happier

Mom's the errand-runner in most families. She's the one who takes the kids to the movies or the swimming pool... does all the grocery shopping... runs to the tailor or picks up laundry. Maybe you think she won't bless the day she gets an A.R.A. The children will love it, too, and you'll enjoy them more when they're happier and quieter in a cool car. And nothing sicer could happen to grandmother and grandfather than a spin in your cool, cool car on a hot summer's day.

Badgers Face Hawks In Twin Bill Friday

Tomorrow afternoon's baseball double header between HCJC and Amarillo's Badgers is pivotal for both teams.

At the present time, the Jayhawks and Bob Carter's boys are tied, along with Odessa, for first place in West Zone standings. Each boasts a 2-1 won-lost record. HCJC has beaten Clarendon twice and lost to Odessa. Odessa beat Amarillo once in two tries, in addition to thrashing HCJC.

Stanford Ex Paces Tests

2-Lt. Harold W. Anderson, a graduate of Stanford University, has the highest physical fitness test average among the 65 members of "K" class at Webb Air Force Base, according to information released by Jimmy Ray Smith, instructor.

A history major in school, Anderson lettered as a fullback on the Palo Alto, Calif., school's football team. The Californian also found time to play rugby in college.

PACIFIC LOOP OPENS SEASON

By The Associated Press The Pacific Coast League opens its 54th baseball year today, and while the future may be a vast puzzle there is a distinct atmosphere of optimism from observers up and down the Coast.

Pointing For Rebel Relays

The three athletes pictured above will wear HCJC colors in the Rebel Relays, which will be staged in Arlington tomorrow. They are, left to right, Billy Melvaine, relay runner; Dillard Motley, sprinter; and Richard Engle, 440-yard runner.

Herbie Score Must Take Lead In Cleveland Bid

Southpaw Herb Score looks like a million bucks. He may be the new ace of the Cleveland Indians' pitching staff.

LOOKING 'EM OVER

Johnny Ray Dillard, the local horse trainer, is pointing for the upcoming spring meeting at the Omaha, Neb., track. Dillard, who recently returned from the Oak Lawn session in Hot Springs, Ark., is conditioning two horses this year, Jack Wilcox's Look Me Over and his own High Hombre.

DeWitt Weaver, the Texas Tech coach, is wooing Gene Adams, Ysleta High School's stellar all-around athlete. Adams is a quarter-back in football and is considered one of the Southwest's finest passers.

Jacksonville, Fla., will probably be the next city admitted to the International Baseball League.

Chuck Drennon has been quoted as saying Camillo Pascual, the former Big Spring hurler, is the best six-inning pitcher he's ever seen.

The Washington manager says Little Potato, as he was known here, is his own worst enemy.

HCJC lost half its golf team when Eddie Don Harris quit school. Spec Gammon, the Odessa scribe, says golfer Arlyn Scott, now in the Marine Corps, has been in the hospital after rupturing something in the lower part of his back.

Les Cranfill, who used to coach football at Hardin-Simmons, is in the midst of a controversy at Greenville that may cost him his job in the foreseeable future.

McLeod Named To North Team

AUSTIN (AP)—Five all-stars are on the North all-star basketball team that meets a team from the South in the Texas Coaching School at Dallas Aug. 8.

All-stars for the North are Burl Butler, Everman; Jerry Pope, Pampa, and Billy Simmons, forward; and Bob McLeod, Merckel, and John Hoggard, Waxahachie, centers.

DESPITE DEFEAT Ambehaving May Come To Front

By ORLO ROBERTSON The Associated Press Shrewd horsemen who know breeding lines and conformation have been saying for some time that if any horse offers Gen. Duke and Bold Ruler an argument in the Kentucky Derby it'll be Ambehaving.

The New Jersey-bred colt won only 4 of his 10 starts last year but by fall, he was rated one of the best in the country. He was a strong fourth in the mile and one-sixteenth of the Garden State, won by Barbiron, came from off the pace to win the Rasmussen at the same distance at Jamaica Monday. But even in defeat he gained supporters.

Some of the services' top athletes will be on hand here. Among them are Mal Andrews of Brooke, an alternate on the 1956 U. S. Olympic team; Ken Kelley; Willie Jones; Bruce Sweeney and others.

Andrews has broad jumped 25 feet 10 1/2 inches, which isn't very far removed from the world record. He attended the University of Arizona.

Kelley is a North Texas State college ex. He was second in the all-Army decathlon and competed in the U. S. Olympic decathlon trials in 1956.

He finished first in the high jump in the Texas Relays in 1955 with a leap of 6 feet 6.

Here, Ken will enter the broad jump, high jump, pole vault, high hurdles and low hurdles.

One of the versatile performers in the meet will be Webb's own Bruce Sweeney, who can run and jump with the best of them.

Sweeney and Nottingham took part in the Texas Relays last weekend.

New School Names Urged

Supt. Floyd W. Parsons has suggested the renaming of four Big Spring elementary schools and possibly the junior high school. In a statement to the school board, Parsons proposed that new names be considered for North, South, East and West Ward schools.

The new junior high school, if and when built, will have to be named, the superintendent pointed out, since it will be impossible to have two Big Spring Junior High Schools. He suggested that renaming of the four elementary schools be considered at the time the new junior high is named, and said trustees might also want to rename the present junior high.

Parsons said it probably would be best to name the schools in honor of some famous Americans not now living.

White House OKs San Angelo Project

WASHINGTON (AP) — The administration yesterday gave the green light to Congress to authorize construction of a huge \$32,220,000 reclamation project at San Angelo, Tex., with federal backing.

The recommendation was made by Fred G. Aandahl, assistant secretary of the Interior, in his report to the House. The Senate already has passed the measure and a similar bill is pending in the House.

W. A. Dexheimer, Reclamation commissioner, said the development would provide an important new water supply for urban and industrial expansion near San Angelo. It would be on Concho River tributaries in the upper reaches of the Colorado River Basin.

Dexheimer said the project would support irrigation of 10,000 acres of agricultural land on the Lipan Flat east of San Angelo and would "make a major contribution to recreation, fish and wildlife, and flood control."

Teamsters Set Galveston Meet

GALVESTON, Tex. (AP) — The Executive Board of the giant Teamsters Union has chosen this sunny Gulf port (pop. 66,550) for a secret strategy meeting next Tuesday.

The emergency meeting was reported to have been called for one main purpose — to decide whether the union will defend itself on AFL-CIO charges that it is substantially dominated by "corrupt" influences.

The AFL-CIO Ethical Practices Committee has given the Teamsters the date of May 6 for a hearing in Washington if the Teamsters organization wants to defend itself.

An AFL-CIO finding that the corruption charges are true would lead to ousting of the Teamsters from the federation. The union is considered the largest single AFL-CIO affiliate, with about 1,350,000 members.

Disclosures about Beck's admitted personal use of large sums of Teamsters Union funds, as well as involvement of other Teamsters top officials in various charges, have shaken the huge labor organization to its roots.

30 Brazilians Die In Plane Crash

RIO DE JANEIRO (AP) — Thirty Brazilians were reported killed last night when a Brazilian airliner crashed and exploded on Anchieta Island, in eastern Brazil. It was Brazil's second major crash in four days.

The plane of the REAL airline was en route from Rio to Sao Paulo. A radio operator on the island said it caught fire, tried to make an emergency landing and crashed. The pilot had radioed the control tower one of his two engines had failed.

REAL said all 25 passengers and the crew of five perished.

Farmers Wondering How Long Tractors Will Last

By JESS BLAIR

Most area farmers are not only worrying about the season just ahead, but they are also apprehensive about how long their equipment will last. A survey of Big Spring tractor dealers reveals that many farmers are using tractors from five to 10 years old, and even older.

These men say that new tractor sales have dropped to a new low this year, and that most of the bright, shiny machines will remain in the show rooms until a good crop is made.

To offset the loss of sales, however, the dealers have had a banner year of repair work. Farmers started bringing their machines to town early in the winter, and work didn't slack off until recently. Most of the back-of-the-building garages that all firms maintain have been filled with old tractors awaiting repair jobs.

A few farmers have traded their ancient machines off for later models, but mostly they are just patching up the old ones, hoping they'll make another crop or two. There has also been much repair work done on the farms. One dealer said he never saw so many shade tree mechanics in his life. Farmers come in to buy parts, then do the work themselves.

"Some of these fellows do a good job," he said. "Others, though, don't have the tools and know-how, and later bring the tractors in to us for repair." He said one problem with the older tractors is the large, rear tires which have been patched and boded for several years. These are nearly worn-out now, and some will not make the season. Nearly every farmer wants a new tractor and the equipment that goes with it, dealers say, but droughts, low farm prices and climbing tractor costs have put the machines out of reach.

Drunkenness Causes Most Arrests Here

Only persons arrested for being drunk and placed in the Howard County jail exceeded the number of juvenile offenders detained in that institution during the month of March.

Sheriff Miller Harris' report to the state on activities of the month disclosed that 26 persons were arrested for intoxication. Fourteen juveniles were docketed during the month.

There were 11 arrests made in 11 cases alleging violation of the law by writing worthless checks. The report reveals that all 11 cases were "cleared up" — that is disposed of.

Two robbery matters were reported during the month and three such cases were cleared up. Nine burglaries were reported and four of these were reported solved. Two aggravated assault cases were handled and three cases of theft over \$50 were reported. Two of these were marked settled. Three cases involving theft under \$50 were listed and one was marked finished.

Only one car theft was reported and the car was listed as recovered. Twelve gaming cases were checked. Two narcotic violations were cited and three instances of what was termed "racial disturbance."

Two instances where "gun toting" was charged wound up the report.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, APRIL 11, 1957 SEC. B

CLEAN-UP DRIVE

Trash Removal Routes Listed

Trash collection schedules for the annual city-wide clean-up campaign have been announced by the city.

Removal of junk will be started by city trucks on the same day that opens the annual Clean-Up, Paint-Up, Fix-Up Week — May 6. Crews expect to complete the removal of refuse by May 16.

Residents are again urged to have the trash they want removed ready to be picked up when the trucks make their rounds. In many instances, that means householders will have to do their cleaning up

prior to Clean-Up Week, if the trash is to be removed on schedule.

R. V. Foresyth, superintendent of the city's public works department, said that junk to be hauled away should be piled at the regular garbage pick-up points. Where possible, the waste should be placed in old boxes or other containers so that workmen won't have to scrape it up off the ground.

Three routes have been mapped for the trash trucks to cover in the removal of trash.

Route 1, which takes in all of the city west of Aylford and South of Eleventh Place, and the entire area north of the railroad, will be covered by the truck on May 6 and 7.

Route 2, all streets and alleys south of First Street and between Goliad and Aylford, and also including Parkhill and Edwards Heights sections, will be scoured May 8, 9 and 10.

Route 3, taking in the remainder of the city — everything south of First Street and from Goliad to the east city limits — will be cleaned up May 13, 14 and 15. Each year, many residents fail

to have their trash accumulations ready when the trucks make their rounds. As a result, they call the city hall to complain that "the trucks haven't come by my place yet."

The city and Chamber of Commerce, co-sponsors of the clean-up campaign, urge that all citizens have their waste ready for removal on schedule so that it won't be necessary to send trucks over the territory twice.

Thundershowers Soak State Areas

By The Associated Press

Thundershowers soaked scattered areas of southeast Texas Thursday. Fog covered most areas south of Austin and San Antonio at dawn.

Thundershowers fell at Lufkin and Beaumont. Scattered showers were forecast as a mass of warm Gulf air moved northward to meet cooler air moving south. A cold front was pushing into Oklahoma and was expected to reach Texas Friday, touching off more scattered rain.

Skies over the state were mostly cloudy except in the western part where it was mostly fair.

Dawn temperatures ranged from 38 at Dalhart to 73 at Brownsville.

Survey Shows Death Penalty On The Way Out In The U. S.

By ROBERT GOLDENSTEIN
CHICAGO (AP)—The death penalty is headed in the direction of extinction. It is being used less and less in the United States. A worldwide trend has developed for its abolition. A survey of current studies shows: The number of persons in the United States condemned to death has dropped from 199 in 1935 to 76 in 1955. The FBI's Uniform Crime Reports show that the decline in murders during the same period has been relatively small — from 7.1 per 100,000 population in 1933 to between 4.9 urban and 5 rural in 1955. A California subcommittee studying the problem of capital punishment concluded that the decline in the ratio of executions to murders "may be indicative of the increasing indisposition of courts and juries to inflict the death penalty."

Six states — Michigan, Rhode Island, Wisconsin, Maine, Minnesota and North Dakota — and 38 foreign countries have abolished the death penalty. The foreign countries include all the Western democracies except Britain and France. Capital punishment also has been abolished in the Soviet Union, except for political crimes. Several states in this country have restored capital punishment after abolishing it temporarily. The death penalty provision for murder and other major crimes is designed to punish the guilty and deter others from committing such crimes. Does it accomplish its objective? Proponents of capital punishment say it does while opponents claim just as stoutly that it does not.

One of the most searching studies was made by the British Royal Commission on Capital Punishment. The group made a statistical study of the deterrent theory in the United States and foreign and commonwealth countries from 1949-53. The commission made this finding: "The general conclusion we have reached is that there is no clear-cut evidence in any of the figures we have examined that the abolition of capital punishment has led to an increase in the homicide rate, or that its reintroduction has led to a fall."

Atty. Gen. Frank J. Harding

of Maine, which has been without capital punishment since 1887, said "there has been no increase in capital crime" in his state. Atty. Gen. Leslie R. Burgum of North Dakota said the penalty is no deterrent to crime because "the man about to kill someone doesn't stop to think about the penalty."

Atty. Gen. Stewart G. Honeck of Wisconsin said, "Our experience shows without the death penalty our murder rate is one of the lowest in the country. In states where the death penalty exists it is more difficult to convict murderers. A miscarriage of justice cannot be corrected if an innocent person is convicted and executed."

States that abolished the death penalty only to reinstate it later included Arizona, Colorado, Iowa, Tennessee, Oregon, Kansas and South Dakota. In some cases there was an in-

crease in murder convictions when the death penalty was reinstated and in others a decline. Oregon, for example, had no death penalty from 1914 to 1920. In the five-year period before the death penalty was abolished, 59 convicted murderers were received at Oregon State Penitentiary. During the following five "no-death-penalty" years only 36 were received. Conversely, Kansas had a sharp drop in homicides in the five-year period after the death sentence was reinstated in 1935. South Dakota reintroduced the death penalty in 1939, but the state's homicide rate remained exactly the same. The same thing happened earlier in Tennessee. The American League to Abolish Capital Punishment, with headquarters in Boston, said moves are afoot in various states to abolish or declare a moratorium on the death penalty in California, Massachusetts, Connecticut, Indiana, Iowa, New Jersey, Illinois, Pennsylvania and Vermont. Judge Charles Fricke of the Los Angeles Superior Court is among those who support the death penalty for "extreme cases." "Some robbers use unloaded guns only because of the stiff penalty for murder," he said.

QUICK EASTER BUNS

Yield: 2 dozen buns

3 cups sifted all-purpose flour	2 tablespoons sugar
2 1/4 teaspoons Clabber Girl Baking Powder	1/4 cup shortening
1 teaspoon ground cinnamon	1/4 cup currants
1 teaspoon ground allspice	1 egg
1/4 teaspoon salt	1/4 cup milk
	Milk for glaze

Sift together flour, Baking Powder, spices, salt, and sugar into a mixing bowl. Cut in shortening until mixture resembles coarse crumbs. Blend in currants. Beat together egg and milk and add all at once to dry ingredients. Stir lightly with a fork, just enough to moisten all the flour. Knead gently about 1/4 minute on lightly floured board. Break off pieces of dough about 1 1/2 inches in diameter. Form each into a ball. Place on lightly greased baking sheet. Brush with milk. Bake in a 450° F. (very hot) oven 12 to 15 minutes. While warm, with confectioners sugar icing, form a cross on top of each bun.

Do-It-Yourself...

Remember, it's the fresh ingredients in your home-baked recipe that make things taste better, stay fresh longer.

Friendly California Couples Plan To Exchange Partners

SAN FRANCISCO (AP)—Two couples at nearby Millbrae are exchanging partners, the husbands involved said yesterday. Martin Brooks, 35, operator of a garden and pet supply company, and Dr. Frank E. Schwartz, 38, said their wives went to Reno together last week to get divorced. The men said the close friendship developed in two years. Brooks and Jean Schwartz, 33, are fond of sports. Schwartz and Betty Brooks, 35, like color photography, music and painting. About two months ago, they said, they decided to work out an amicable swap involving property settlements without alimony or child support. The women plan to remain in their present homes with their children, the men changing domiciles. There are four Brooks children under 11 and two Schwartz children under 9. There is "a little sadness at parting," Schwartz said, but they will continue to visit in each other's homes and see the children who have had full explanations. "There's a lot of mental strain involved, though, and you certainly find out who your friends are," Schwartz added.

Van Doren Sets NBC-TV Contract

NEW YORK (AP)—Charles Van Doren, Columbia University English instructor who won \$129,000 answering questions on television, is about to sign a \$50,000-a-year contract with the National Broadcasting Co. An NBC spokesman today confirmed reports that negotiations were in progress, and said there were no apparent obstacles. The network expects to develop a quiz program featuring Van Doren next season, and may also use him in educational projects. Van Doren earns \$4,400 a year as a teacher.

Mrs. Locke Likes Lobster Thermidor For Serving Those Dinner Guests

If you're a "hostess with the most-est" no doubt the secret to your success is the type of menu you plan and serve. Since entertaining dinner guests is a hobby with Mrs. Alex Locke, she has found this recipe for Lobster Thermidor a great favorite with her guests.

Mrs. Locke says one of the reasons she and her husband, who is an instructor at Webb AFB, like this dish so well is that it has a very mild fish taste and for those of you who don't like the aroma of most fish she thinks you will probably like this.

LOBSTER THERMIDOR

Ingredients:
 3 large or six small lobsters (she uses the frozen tail)
 4 tablespoons butter
 1 teaspoon grated onion
 1 cup sliced mushrooms
 4 tablespoons flour
 1/4 cup milk
 1 cup cream
 1 teaspoon dry mustard
 1 teaspoon celery salt
 1 1/2 teaspoons salt
 Dash of cayenne
 2 slightly beaten egg yolks
 1/4 cups grated cheese
 3-4 tablespoons sherry
 1 teaspoon lemon juice
 1/2 cup buttered crumbs

Method:
 Boil lobster about 20 minutes (meat will remove from shell; save shells) Cut large shells in half, keep small ones whole.

Heat butter; add onion and mushrooms; cook over low heat until soft, but not browned. Blend in flour; slowly add milk and cook, stirring constantly over low heat until thickened. Add cream and seasonings. Stir little of sauce into slightly beaten egg yolks; stir into the remaining sauce; add 1 cup grated cheese and stir over low heat until cheese is melted.

Add sherry, lemon juice and lobster meat. Pile this mixture into shells and top with buttered crumbs, remaining cheese and dash of paprika. Brown in 375 degree oven. Can be garnished with claws and lemon wedges. Serves six.

To top of this elegant dish, Mrs. Locke suggests fluffy steamed rice and a fruit or tossed green salad. Homemaking is not just a matter of course for Mrs. Locke, it's a college trained vocation. She is home economics teacher at Stanton. She was graduated with a degree from the University of California at Santa Barbara, Fresno, Calif., is home for both her and her husband.

Most of her hobbies include work in her very attractively decorated apartment. She has furnished the living room with semi-modern wal-

nut furniture. Another very clever addition to their apartment was the inspiration of L.L. Locke. They have added a flower box above the sink and cabinets in the kitchen. The box bears various green plants and is supplied light by fluorescent lighting, which L.L. Locke wired and installed.

Other outside activities which Mrs. Locke enjoys are swimming, window shopping and membership in the American Association of University Women and Officers' Wives' Club.

Here's another recipe contributed from today's homemaker.

LEMON DESSERT

Ingredients:
 1 cup sugar

1/4 cup flour
 1/4 teaspoon salt
 2 tablespoons melted butter
 5 tablespoons lemon juice
 Grated peel of 1 lemon
 3 well-beaten egg yolks
 1 1/2 cups milk (scalded)
 3 stiff beaten egg whites

Method:
 Combine sugar, flour, salt, and butter; add lemon juice and peel. Add to egg yolks and milk. Mix well. Fold in egg whites and pour into greased custard cups. Bake in pan of hot water in 325 degree oven for 45 minutes. When baked, each desert will have custard on the bottom and sponge cake on top. This may be baked in greased shallow baking dish.

A Necessary Job

Mrs. Alex Locke is performing one of the necessary tasks in preparation for entertaining dinner guests. She is sometimes assisted by her husband, L.L. Locke, who is the maker of the handsome teakwood silver chest. For today's food page, Mrs. Locke contributes her favorite recipe used for those special dinner guests. She also shares a light, fluffy lemon dessert with readers today.

PEANUT BUTTER COOKIES

Ingredients:
 One and 1/4 cups sifted flour, 1/2 teaspoon baking powder, 1/4 teaspoon baking soda, 1/4 cup chunky peanut butter, 1/2 cup granulated sugar, 1/2 cup dark brown sugar, 1 egg.

Method:
 Sift together the flour, baking powder, baking soda and salt. Cream margarine and peanut butter; add granulated and brown sugars and beat until fluffy. Beat in egg thoroughly. Stir in flour mixture until blended; cookie dough will be stiff. Take up 1 level tablespoon of the dough at a time and roll into a ball. Place balls on greased cookie sheet about 2 inches apart; press balls down with the tines of a fork twice so marks crisscross. Bake in moderate (350 degrees) oven 10 to 15 minutes, or until cookies are lightly browned. Makes about 4 dozen cookies.

Roast Beef Hash Good For Leftovers

When roast beef is on the menu for Sunday dinner, use some of the leftover meat this way.

BAKED ROAST BEEF HASH

Ingredients:
 One package (12 ounces) frozen mashed potatoes, 2 cups finely chopped roast beef (use knife for chopping), 1/2 cup finely diced onion, salt, pepper, butter or margarine, paprika.

Method:
 Heat potatoes in double boiler according to package directions; mix with chopped beef, onion, salt and pepper to taste. Turn into 8 1/2-inch glass pie plate; dot with butter; sprinkle with paprika. Heat in a moderate (375 degrees) oven until bubbling hot and top is browned - 20 to 30 minutes. Serve at once with chili sauce. Makes 4 servings.

Gum Adds A Touch To Easter Baskets

There will be a modern look to many Easter baskets that are being planned to delight youngsters on Easter Sunday morning. Besides the traditional brightly colored eggs and candies, this year's baskets will include colorful glistening packages of their favorite chewing gum.

A practical idea, too, as the children can enjoy their gum without getting too full to eat a big Easter dinner. Easter rabbits, take note! This new idea will add to the children's fun, and inexpensively, too.

Spring Salad Features Savory Blue Cheese

By CECILY BROWNSTONE
 Associated Press Food Editor

Here's one of the best salad tricks of the year. And it all came about because one recipe borrows from another.

This is how it started. Know that salad, probably originating in California, that includes garlic-flavored croutons? The crunchy tidbits are delicious but it takes some time to dice the bread for them and then brown it in oil.

So one day when we had toasted a batch of those bite-sized shredded rice cereal squares in butter and seasoned them with garlic powder to serve as a first-course nibbler, we held back. Instead we tossed them into a salad. Our eaters liked the innovation and we've been using them this way ever since.

The rice tidbits are particularly delicious in a salad made up of romaine, fresh young spinach leaves, thinly sliced radishes and blue cheese tossed with a dressing of oil, vinegar, salt, pepper and paprika. They're also good in a salad of greens, cucumber, scallions (green onions) and green pepper with blue cheese and an oil-vinegar dressing. If you want to serve tomatoes with these salads, offer them as a separate accompaniment.

1957 TOSSED SALAD

Ingredients:
 Two quarts romaine (packed down well), 1 pint torn spinach leaves (packed down lightly), 1 cup thinly sliced radishes, 1/4 pound (1/2 cup firmly packed) blue cheese, 2 tablespoons butter or margarine, 1 cup bite-sized shredded rice cereal squares, garlic powder, French dressing, salt, pepper.

Method:
 Have romaine and young fresh spinach washed; dried and crisped in the refrigerator before tearing into pieces of a size that can be picked up easily with a fork. Turn romaine and spinach into a big salad bowl. There should be just enough spinach to give a dark green accent to the lighter colored romaine leaves. Sprinkle with radishes and finely cut blue cheese. Cover tightly and refrigerate until serving time. Melt butter in an 8-inch skillet over low heat; add shredded rice squares and brown, stirring often. Sprinkle cereal with garlic powder to taste; cool. Toss the salad with the French dressing, just before serving, adding salt and pepper if needed. Add the shredded-rice squares and toss again. Serve at once. Makes 8 servings.

LENTEN SALAD NOTES
 Blue cheese helps add protein to Lenten salads. Here are some ways you might like to use it.

1. Slice hard-cooked eggs and serve with blue cheese blended with French dressing.
2. Blend cream cheese and blue cheese and use as a stuffing for celery wedges. Serve on greens with French dressing as a salad.

Honey Dressing
 Blend in honey with your French dressing to give different twist to the flavor of your fruit salad.

3. Slice tomatoes into halves and cut a small wedge out of the center of each; fill cavities with blended cream cheese and blue cheese. Serve on crisp greens with French dressing.
4. Serve orange sections, onion rings and salad greens finely cut blue cheese and an oil-vinegar dressing.

New Main Dish Adds Spice To Lenten Lunch

By CECILY BROWNSTONE
 Associated Press Food Editor

This lenten dish may appeal to you if you are looking for ways to vary Wednesday and Friday menus.

It's made with layers of buttered cracker crumbs, cheese, mushrooms, onion and a milk-and-egg custard. When baked, it's a cross between a main dish pie and pudding. The cracker crumbs around the edge of the pie plate stay crisp, the bottom layer amalgamates (more or less) with the other ingredients.

This dish must be served very hot, so have your eaters on hand the moment it comes out of the oven. If any is leftover, cover time, put it in a slow (325 degrees) oven until it is hot through and the edges have regained crispness.

A salad of crisp greens, tossed with an olive oil and wine vinegar dressing tastes good with this dish.

LENTEN LUNCHEON DISH

Ingredients:
 Three eggs, 1/4 teaspoon salt, 1 cup milk, 2 tablespoons butter or margarine, 1 cup finely chopped onion, 1 can (3 ounces) sliced broiled mushrooms (drained), 1/2 cup finely grated cheddar cheese (packed down), Cracker Crust.

Method:
 Beat eggs with salt in a mixing bowl with rotary beater (hand or electric) until thickened and lemon-colored. Beat in milk. Melt butter in 8-inch skillet; add onion and mushrooms; cook slowly until onion is transparent but make sure it does not brown. Sprinkle mixture over bottom of Cracker Crust; Sprinkle with grated cheese. Pour egg-milk mixture over cheese. Bake in moderate (350 degrees) oven about 45 minutes or until custard is set—a silver knife should come out clean when inserted in center. Serve at once. Makes 6 servings.

CRACKER CRUST

Ingredients:
 Three-fourth cup cracker crumbs (finely crushed), 1/4 cup butter or margarine (soft).

Method:
 Mix cracker crumbs and soft butter together thoroughly. Press over bottom and sides of a heat-resistant glass pie plate (9 1/2 by 1 1/2 inches); chill. Fill as directed in recipe for Lenten Luncheon Dish.

LENTEN MENU NOTES
 1. Don't forget finnan haddie!

Dangerous Ladders

Stapladders can cause accidents because their apparent safety often is taken for granted. If a stapladder is shaky and can't be tightened up, get rid of it. Never climb beyond the second step from the top. Use the fold-down shelf for tools and paint, keeping the top clear. Be sure the brace is locked when you set it up, and never use it in a doorway unless the door is locked or left wide open.

"I raid the refrigerator 26 times a week, and HiHo's finer flavor makes any snack taste better! HiHo is the all-round round cracker!"

A Bible Thought For Today

Ye adulterers and adulteresses, know ye not that the friendship of the world is enmity with God? whosoever therefore will be a friend of the world is the enemy of God. (James 4:4)

Editorial

Difficult Job Needs More Help

Big Spring people, who are privileged to have the advantage of a close-up day-by-day observation, can share with Dr. James M. Beth, executive director of the state board for hospitals and special schools, a keen disappointment in learning of the resignation of Dr. Roy C. Sloan as superintendent of the Big Spring State Hospital.

Dr. Sloan has served in this position for better than four years now and it is safe to say that at no time since the hospital was activated in 1939 have relations between the hospital and the public been so cordial and vigorous. This spirit of cooperative enterprise in getting at the problem of mental health and of care and treatment of mental patients has been area-wide in its application.

Real Contributions To Democracy

Here, and all over the state, school boards and city commissions have just sworn in men and women for new terms beginning with the first week in April. They have reorganized and named their officers and set about a new year's work. In some instances there are new members of these official bodies, and by the same token others are retiring from this phase of public service.

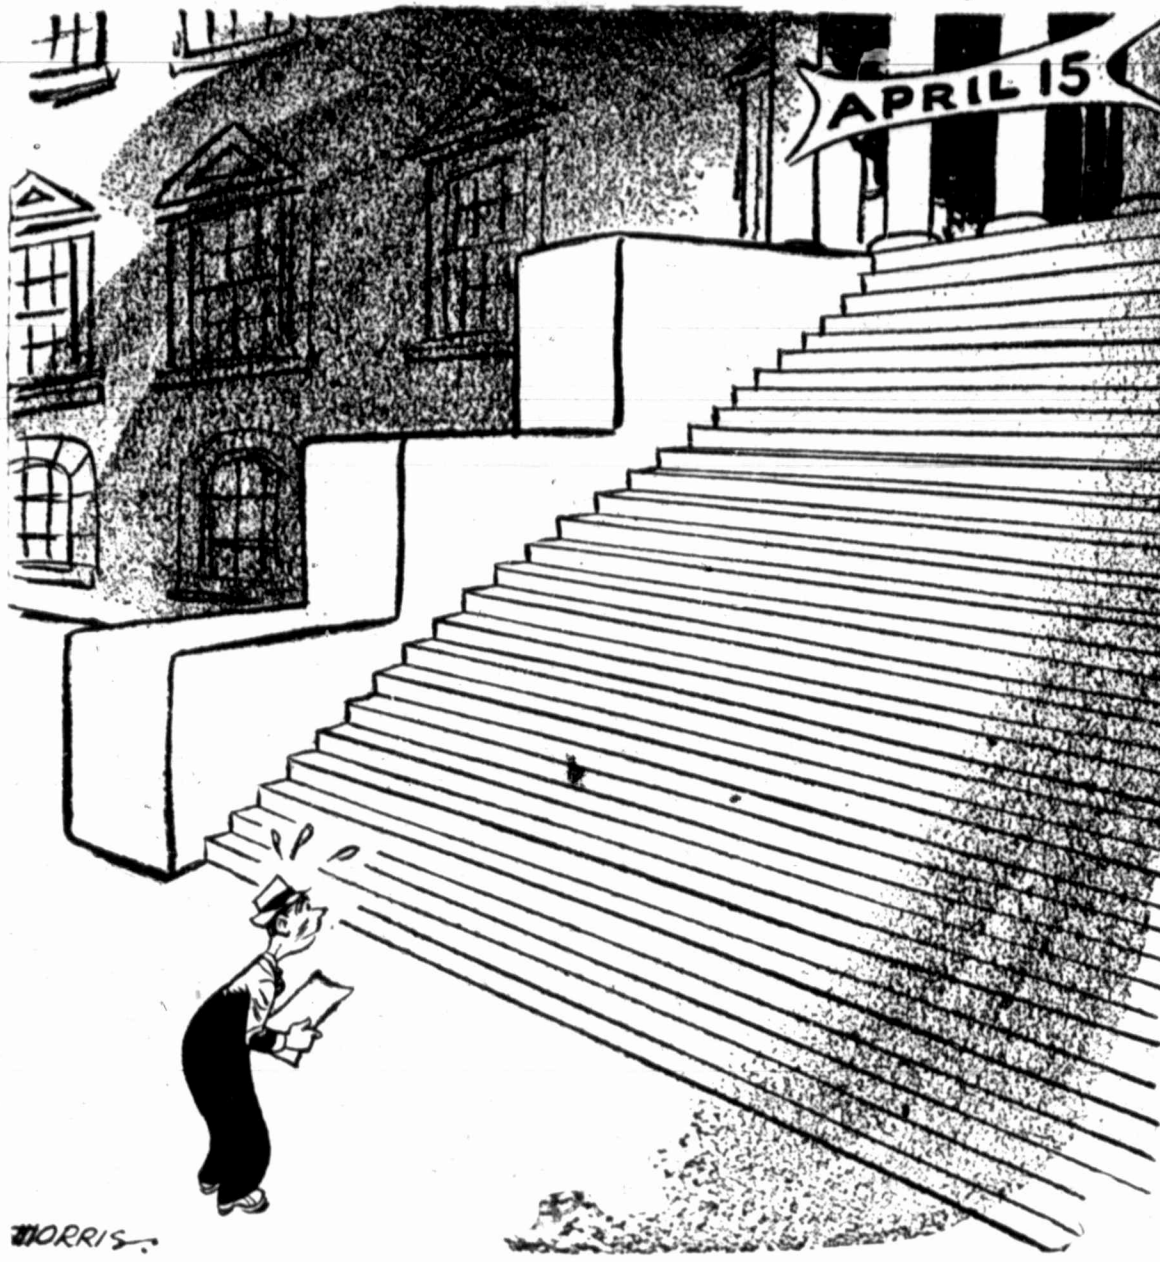

totaling up the places to be filled, you will find that far greater number are those performed for nominal remuneration or purely as a voluntary service. Such are the positions of city commissioner and school board trustee. Men and women who devote themselves to these tasks do so purely out of a sense of civic responsibility.

Britain's Adjustments After Suez

LONDON — A few days in London have brought home to me again what it is so easy to forget, how much foreign policy is actually the reflection of domestic and internal affairs, and feeling. The objective fact is, no doubt, that the British nation is in the early stages of adjusting itself to that new position in the world which was dramatized as necessary by the Suez disaster.

something which it is best to forget. The Labor party is not of one mind about the Suez affair, and it does not speak clearly about its causes, with consequences, or the remedies. It may be expecting too much that the whole truth could be told about the Suez affair, and that by public debate the emotional tension attached to it could be relieved.

Around The Rim

You Can't Get Away From Home

I remember as a kid how we used to be afraid to get into any trouble away from home, because there would usually be someone around you would know and it would get back home. The scope has widened, however, and now, you are liable to meet home folks anywhere in the world.

tioned in Germany. When I said I had previously been stationed at Fort Bragg, N.C., his face changed expressions. He lived at Raleigh — about 40 miles from Fort Bragg — and came to the post often.

Inez Robb

Miami Haven For Cuban Politicos

MIAMI, Fla.—This is the community that has something for everybody, including sun-worshippers, horse players, track fanatics, jai alai aficionados, deep-sea fishermen, samba sirens and Latin-American revolutionaries.

tionaries in the rugged mountains of Sierra Maestra in Eastern Cuba. As far as that goes, no one knows the extent of Miami hospitality to a politician on the lam better than General Batista.

David Lawrence

Dave Beck Lacks Defenders Of 'Fifth'

WASHINGTON — Poor Dave Beck! He's being maligned from one end of the country to the other, and his defenders are scarce — if, indeed, there be any. Yet if he had only had some taint of Communist connection in his record, he would today have many eloquent apologists.

In a spirited defense of persons who were asked by congressional committees or security boards to explain their curious presence at "Communist front" meetings or their continuance of financial contributions to such causes even after the Soviet Union joined Hitler in the early stages of the last war.

Union Suit Rebels

VIKSBURG, Miss. — Edwin C. Bears, historian at Vicksburg National Military Park, says he has uncovered a new story of Confederate Gen. Thomas (Stonewall) Jackson which he has been unable to authenticate but which he is reasonably certain is true.

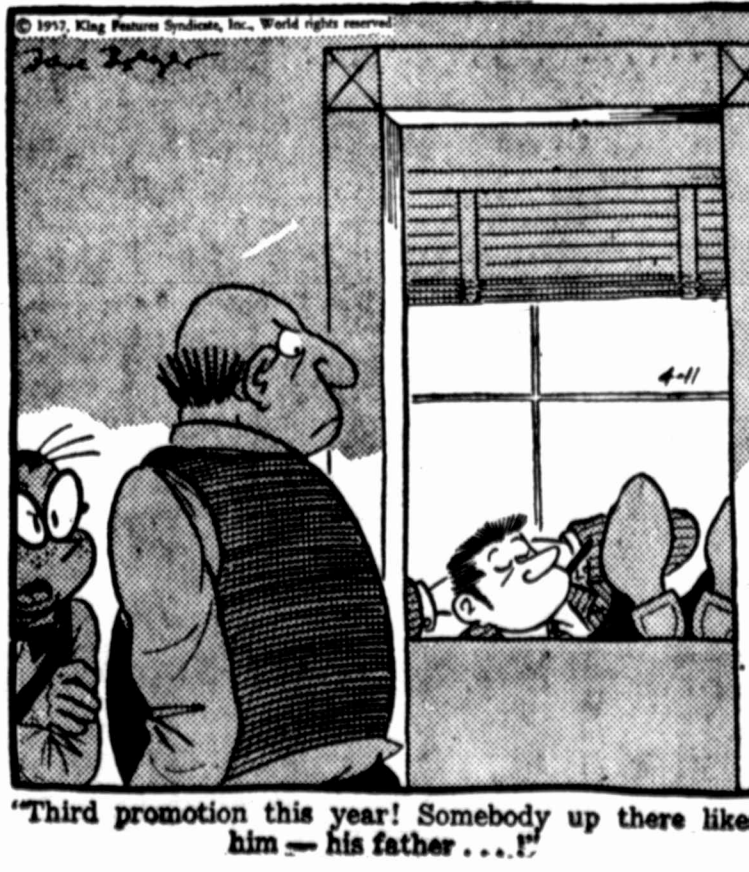

Grate Plan

MEXICO CITY — The government is giving away oil stoves to small landowners in some areas in a campaign to preserve the forests.

Curb Your Car

DES MOINES — D. C. Hohnbaum, Des Moines attorney, told the court he was "getting tired" of paying illegal parking tickets.

THE BANQUET WAS DELIGHTFUL, ZORCA... SIMPLY PERFECT.

EXCEPT FOR YOUR WHITING AN UNWANTED GUEST AND THEN FAWNING OVER HIM.

WHICH IS MORE IMPORTANT TO YOU, MY PET... PRESERVING YOUR REPUTATION AS BEING IRRESISTIBLE TO WOMEN, OR CONCLUDING OUR BUSINESS MERGER?

UNDER THE CIRCUMSTANCES, SUPPOSE WE STICK TO BUSINESS.

THERE, TOO, I'M DOUBTFUL... THE DEAL WOULD BE GOOD FOR YOU BECAUSE YOU NEED MY COMPANY'S CASH; BUT RISKY FOR ME BECAUSE YOU'RE IN DANGER OF BANKRUPTCY.

DIXIE DUGAN

A PRETTY KETTLE OF FISH? A GUY GETS MARRIED AND THE BRIDE WON'T EVEN TALK TO HIM.

WHAT WOULD YOU SAY ABOUT IT? WAS IT MY FAULT THIS KING RESED HIS "HISBA DABBA" DIALOGUE AND MARRIED A GUY YOU'RE MARRIED—

ON THE OTHER HAND, I'M NOT SURE YOU'RE NOT YOU'LL HAVE TO LOOK INTO THE SITUATION FURTHER.

MEANWHILE—MAYBE SHE SHOULD ACT LIKE A BRIDE!

BLONDIE

DO YOU GET MY PANTS FIXED, MR. MEYER?

YEP, THEY'RE READY.

IT'S GOOD TO GET BACK TO THE PEACE AND QUIET OF MY HOME AFTER A HARD DAY AT THE OFFICE.

I GAVE HIM THE WRONG BOX, MRS. BUMSTEAD.

SEE?

ANNIE ROONEY

THE NEW HIGHWAY WILL DO WONDERS FOR YOUR RESTAURANT RITA—BUT IT WILL TAKE AT LEAST A YEAR BEFORE IT IS IN OPERATION.

YEP, DAD. PERHAPS EVEN TWO YEARS. I'VE THOUGHT OF THAT. IT'S A QUESTION OF WHETHER I CAN HANG ON THAT LONG—

IT WOULD MEAN KEEPING YOU UP HERE TO SUFFER THROUGH ANOTHER WINTER OR TWO—THE PAIN IN YOUR LEGS—THE COLD—IT IS TOO CRUEL TO YOU!

IF THAT SCOUNDREL SKWEEZE HAD ONLY MADE ME A HALFWAY DECENT OFFER, I WOULD HAVE SOLD OUT TO HIM AND TAKEN YOU AWAY FROM HERE!

NO, RITA, NO! YOU ARE NOT GOING TO IMPOVERISH YOURSELF ON ACCOUNT OF ME—EVER!

SNUFFY SMITH

I TELL YOU, JUDGE POTTER—THIS SNUFFY SMITH TRIAL WILL PUT YOU RIGHT IN THE GOVERNOR'S MANSION.

YE DONT SAY, GARNER O'SHEA!!

WHY, SURE-- YOU'LL BE THE MOST POPULAR MAN IN THE STATE AFTER THIS TRIAL, JUDGE.

HOW ON AIRTH DO YE FIGGER THAT?

WELL-- I JUST HAVE A STRANGE FEELING YOU'LL GO OVER BIG, THAT'S ALL.

I'M TETCHED BY YORE (SNIF-SNIF) FAITH IN ME, GARNER.
