More Stolen Loot Recovered

Police Captain Lindy Oldfield gingerly lifts a portable radio which, along with the television set, was left in the city park Tuesday. An anonymous phone call to the police department gave the story that it was there. Previously, about \$3,500 in stolen goods were found at Webb AFB.

\$3,500 In Burglary Loot Is Recovered, 3 Airmen Charged

By DON HENRY

Three Webb airmen signed statements Tuesday night in connection with nine recent burglaries in Big Spring and Midland, after about \$3,500 worth of burglarized loot was recovered from a barracks at Webb earlier in the day.

The three were arrested about noon Tuesday, and Leo Hull, city detective, said that the men signed statements concerning the burglaries later. Charges of burglary were filed against them Tuesday and they were still in city jail today.

The loot confiscated by city and Webb officials included cameras, guns, knives, clothing, television sets, radios, records, record players, and photographic supplies.

A 2C. Alan L. Adams, 19, Erlanger, Ky., was charged with burglary of Hester's Supply last Friday, while A 2C. Richard L. Fringer, 19, Guide Rock, Neb., and A 3C. Richard A. Fappas, 21, Enfield, Ill., were charged with burglary of Bradshaw's studio April 7.

Close observation by a Webb AFB sergeant Tuesday morning led to recovery of stolen items.

The loot was taken from wall lockers of the three men and from under their barracks at Webb. Found in the raid were items taken from Bradshaw's, Elliott's Drug, Big Spring Hardware, Army Surplus, Hester's, Neil Norred Radio and TV, the insurance office of Louis Stallings, Gregg Street Health Center, and the Record Shop in Midland.

Elliott and Bradshaw burglaries were on April 7. Big Spring Hardware and Norred on March 11, the Army Surplus on March 25, the Health Center and Stallings' office

over the past weekend, and the Midland store also over the weekend.

Sgt. Kenneth Large, in the security section of the Air Police at Webb, started the chain of events that led to the loot. He received a call from Midland Tuesday morning in connection with the record shop burglary where \$1,586 in records and record players was taken.

The Midland authorities claimed they felt that the job could have been done by airmen and that a certain type car could have been used. Sgt. Large then went to see if he could find such a car on the base and did locate one. He went to the barracks of the man who owned it, but he was not there. The sergeant glanced across the hall as he left and saw a new record player. He asked one of the two airmen in the room where he got the new set, and he was told that it was purchased here. (Both were later charged.)

Sgt. Large asked for a bill of sale and the man could not produce it. The sergeant then asked permission to search the man's wall lockers, but the airmen declined. So did his roommate, both on the grounds they had weapons in them, which airmen are not allowed to keep on the base.

He put the men under arrest and called Leo Hull, city detective. Later the airmen agreed to let city officials and the APs search their lockers where most of the record players were found. They searched the room of a third man and also found stolen loot.

The remainder of the gear was stashed under their barracks. Hull, Sgt. Large, other APs and Webb officials, plus district attorney representatives, carried the loot to the city hall to classify it. They found every item stolen in Midland, plus a majority of the equipment stolen here in the eight burglaries.

Tuesday night, while officers were classifying the loot, the police dispatcher got an anonymous phone call that a TV and portable radio would be found at the gate to the City Park from the San Angelo Highway. He told the dispatcher that he had gotten the items in a trade and said, "I don't want any part of it."

Police found the items beside the gate. Harry Lane, OSI investigator, and Chief of Police C. L. Rogers interrogated one of the three Tuesday night, and he led them to more loot at the base. This brought a movie camera, a movie projector, an electric drill, and a tripod. These items were sold to another airman, who, police said today, had purchased the articles.

Also this morning, two pistols were found in a sack east of here. A "tip" led police to them.

Sumnerfield, he added, had no alternative when the 47 million dollars sought was not forthcoming.

NATURAL GAS—Eisenhower said his aides told him that a natural gas bill introduced last week by Reps. O'Hara (R-Minn.) and Harris (D-Ark.) seems to meet the criteria which he fixed last year regarding legislation in that field.

Eisenhower last year vetoed a natural gas bill, saying he did so only because of what he termed "arrogant" lobbying in its behalf by some segments of the oil industry.

He said at the time he favored the principles of the measure, which would have exempted natural gas producers from direct federal price regulation.

The new bill provides for federal price regulation, but directs that "market value" and not "the standards of public utility price regulation, be the measuring stick."

The \$108,889,967 chopped from the bill's total by the House and its committee boosted to 1 1/4 billion dollars total appropriation cut this year by the House from presidential requests for nearly 15 billion in new appropriations.

The bill makes these allotments: State Department \$173,342,785, a cut of \$54,371,767; Justice Department \$227,855,000, a cut of \$6,800,000; judiciary \$38,562,050, a cut of \$2,218,200; U.S. Information Agency \$106,100,000, a cut of \$37,900,000; special international programs \$10,900,000, a cut of \$7,600,000.

Haley Elected To Political Group
 MIDLAND, Tex. (AP)—J. Evetts Haley of Canyon, unsuccessful candidate for governor of Texas last year, has been named state chairman of the "Texans for America."

The group was organized here yesterday. Speakers included J. Bracken Lee, former Utah governor and Dan Smoot of Dallas.

Contempt Citation Is Voted In Labor Probe

Ike Sees Hope Of Solution To Canal Problem

WASHINGTON (AP)—President Eisenhower said today the United States still has some hope of solving the Suez Canal problem without resort to the U. N. Security Council.

The President told a news conference it is not necessarily so that this country already has decided to put the disagreement with Egypt before the council.

On a related matter, Eisenhower said the United States still regards both the Gulf of Aqaba and the Suez Canal as international waterways available to ships of all countries.

The President touched off a big round of laughter at the very start of today's conference with his reply to a question dealing with his brother Edgar's criticism of certain administration policies.

Edgar, 22 months older than the 66-year-old President, specifically criticized the \$71,900,000,000 budget and the Eisenhower program for federal aid to education.

Grinning broadly, the President replied that Edgar has been criticizing him since he was 5 years old.

Eisenhower let it go at that, amid peals of laughter.

Eisenhower dealt with these other matters: MISSILES—Eisenhower said the United States has no plans to attempt to ring the Soviet Union with guided missile bases. He added that the only plans this country has for missiles abroad were announced at his March conference at Bermuda with British Prime Minister Macmillan.

At that session, the United States agreed to provide missiles to the British, but stipulated that atomic warheads would remain in American custody.

As for Britain's plans to withdraw 13,500 troops from Western Europe, Eisenhower said the plan there has been for West Germany to take up the slack. The President went on to say that reduction of British manpower will not affect the United States program.

DISARMAMENT—Eisenhower said his disarmament aide, Harold E. Stassen, believes disarmament talks with Russia, now under way in London, are the most important and most serious since World War II.

Stassen also feels, Eisenhower added, that the general atmosphere at the London negotiations is better than at earlier sessions and that everyone is trying to work out an agreement.

POSTAL—Postmaster General Sumnerfield had his complete approval in curtailing mail service last weekend when Congress held up emergency funds requested by the administration, Eisenhower said.

Sumnerfield, he added, had no alternative when the 47 million dollars sought was not forthcoming.

NATURAL GAS—Eisenhower said his aides told him that a natural gas bill introduced last week by Reps. O'Hara (R-Minn.) and Harris (D-Ark.) seems to meet the criteria which he fixed last year regarding legislation in that field.

Eisenhower last year vetoed a natural gas bill, saying he did so only because of what he termed "arrogant" lobbying in its behalf by some segments of the oil industry.

He said at the time he favored the principles of the measure, which would have exempted natural gas producers from direct federal price regulation.

The new bill provides for federal price regulation, but directs that "market value" and not "the standards of public utility price regulation, be the measuring stick."

Returns From Exile
 ATHENS (AP)—Archbishop Makarios, leader of the Greek Cypriot majority-seeking union with Greece, arrived in Athens today after 13 months of British detention on the Seychelle Islands.

20,000 BONE CANCER CASES POSSIBLE FROM ONE H-BOMB

LONDON (AP)—In a grim report on radiation hazards, the Atomic Scientists Assn. has estimated that 20,000 persons throughout the world eventually may develop bone cancer as the result of "one nominal high-yield nuclear test."

Releasing the report last night, the British scientific group emphasized that the prediction was based on the "yet unproved hypothesis" that bone cancers are produced in direct proportion to the amount of radioactivity received.

Working from this basis, they said, "an H-bomb of the type tested at Bikini in 1954, if exploded high in the atmosphere, may eventually produce bone cancers in 1,000 people for every million tons of TNT of equivalent explosive power. . . . These 1,000 casualties would be spread over all the world and occur in the course of several decades."

Applying their findings to the world population, the report continued, "We obtain that the number of bone sarcomas (malignant growths) from one nominal high-yield nuclear test may amount to 20,000 all over the world."

Damage to the present generation may result mainly from the release of strontium-90, a radioactive substance which enters the body in food and accumulates in the bones, the scientists said.

Old Age Aid Bill Confronts Senate

WASHINGTON (AP)—The House confronted the Senate with a take-it-or-leave-it proposition today on a long-delayed money bill which is tying up old age assistance funds for May and June.

The Senate Appropriations Committee was expected to be summoned hurriedly during the day to decide how to deal with a surprise House move in the bitter dispute.

Sen. Knowland of California, the Republican leader, said he thought the Senate still would seek some changes in the House proposal, although Chairman Cannon (D-Mo.) of the House Appropriations Committee indicated it was the House's last word on the subject before a 10-day Easter recess scheduled to start tomorrow.

Leaders in both branches predicted that some measure carrying most of the long-stalled funds would be sent to President Eisenhower before any congressional vacation begins.

These sources said few senators or representatives would need to go home and face irate needy persons threatened with loss of their monthly assistance checks.

The bill carries 275 million dollars to pay the federal share of the public assistance grants in May and June. These included not only payments to needy old persons,

but also to dependent children, needy blind and disabled persons. This amount is not in dispute, both branches having agreed to it. But it is tied up in disagreement over other provisions of the bill which the House passed Feb. 5 and the Senate passed Feb. 18. The Senate restored most of a series of House cuts.

Yesterday the House suddenly produced and passed a special resolution to provide money for the same agencies covered by the 350-million-dollar supplemental bill.

Sen. Knowland of California, the Republican leader, said he thought the Senate still would seek some changes in the House proposal, although Chairman Cannon (D-Mo.) of the House Appropriations Committee indicated it was the House's last word on the subject before a 10-day Easter recess scheduled to start tomorrow.

Witness Invokes 5th Amendment

WASHINGTON (AP)—Senate rack-ets probes today ordered contempt of Congress charges against Robert Hubshman, Scranton, Pa. Teamsters Union member, who refused to tell them even whether he is "a decent citizen." Hubshman invoked the Fifth Amendment.

Hubshman was linked in earlier testimony before the Senate Rackets Investigating Committee to bombing and beating incidents in Scranton.

In earlier testimony, William Munley told of how he dynamited a nonunion house project at Scranton, Pa., in 1954 "more or less on a dare" and without any orders from union leaders.

Munley testified to the Senate rackets investigating committee that Paul Bradshaw, then a steward in the Teamsters Union, asked him to do the dynamiting but that he never talked about it with higher men in the union.

Bradshaw has been the chief witness in the committee's current hearings centered on alleged use of terrorism and violence to promote union organization in the Scranton area.

Bradshaw has been convicted of felonious possession of dynamite but insists he is "taking the rap" for others.

Before Munley took the witness chair, the senators had an entertaining hour with Helen Canfield, brunette 27-year-old divorcee and friend of Bradshaw.

She related that the district attorney at Scranton called it a "gigantic hoax" when she and Bradshaw turned over to him secretly made recordings of conversations among union officials which she contended would clear Bradshaw.

Miss Canfield said she and Bradshaw had a copy of the recordings made before they took them to the district attorney.

She thought the copy was a good idea "so that if the district attorney could have possibly been taken care of, which I didn't want to believe, we'd have a copy."

Miss Canfield said after she and Bradshaw made the recordings they were questioned by Dist. Atty. Carlton O'Malley and she was arrested and arraigned on a charge of obstructing justice, a charge she said on which she never has been put on trial.

She said Bradshaw was arraigned on a perjury charge. Miss Canfield is a member of the Teamsters Union. She is an egg candler in a chain store warehouse in Scranton.

A peppery and uninhibited witness, she let fly a broadside at male members of the Teamsters Union who, she said, lack the

"backbone" to fight to clean up union affairs and have let her carry on the fight alone. "Men!" she exclaimed contemptuously. "They call themselves men. How can they sleep at night when they sit by and let a woman do their fighting for them?"

Miss Canfield, a pretty brunette, was called to testify after Bradshaw's sister, Mrs. Margaret Kolra of Scranton, testified that union officials "took revenge on her husband because of the recordings."

She quoted a Teamsters Union steward whom she named only as Sullivan as telling her husband, Albert Kolra, "don't you know when you're through" when he demanded work.

Mrs. Kolra testified that her husband had obtained a job through Robert Malloy, business agent of the Teamsters Union in Scranton, in 1955 just before Miss Canfield and Bradshaw made the tape recordings by "bugging" Miss Canfield's apartment with microphones.

She said Robert Hubshman, a Teamsters Union member, who was "implicated" in the dynamiting by the recordings, went to her husband and told him there were "no hard feelings" but that a week or so later her husband was laid off his job as a truck driver.

She said she appealed personally to John Durkin, secretary-treasurer of Teamsters Local 229, and that he told her "Paul (Bradshaw) shouldn't have talked."

Teacher Pay Raise Bills Get Boost In State Legislature

AUSTIN (AP)—Bills to raise some of the cash needed to give Texas public school teachers better salaries have won first round victories in the Legislature.

House and Senate State Affairs Committees yesterday recommended passage of companion measures (HB103 and SB 452), transferring one per cent of the permanent school fund to the "available" fund for use in financing the pay boosts.

Between seven and 11 million dollars income in the next biennium was the estimated yield from this source for the salary raises.

Also approved by the Senate State Affairs Committee last night was the House-approved measure (HB265) doubling tuition fees in state colleges for more money designed to help pay for teachers' pay increases. It was figured to bring in around 10 million dollars in a two-year period.

The teachers want a \$399 average annual increase in the minimum salary. Finding the money for it stands out as one of the remaining unsolved problems of the session.

The House worked until 11 a.m. on a long calendar, approving nine bills for submission to the Senate. The House also scheduled another heavy calendar of local and uncontested bills today.

Stepped up work schedules in both House and Senate, the sudden flurry of action on teacher pay raise financing measures and other important bills, indicated a growing urge by the lawmakers to wind up their work and adjourn by May 7, within the 120 days suggested by the Constitution as the length of a general session.

The Joint Conference Committee on Appropriations also worked until nearly midnight last night.

Another of a string of anti-

integration school bills backed by an East Texas bloc was passed in the House and sent to the Senate yesterday. It was HB 65 providing local option elections to decide whether or not a school shall be integrated. It would not affect schools which already admit white and Negro students.

It was the second anti-integration measure sent to the Senate by the House. The first (HB 32) would bar employment of any member of the National Assn. for the Advancement of Colored People by the state or any of its subdivisions. The Senate has taken no action on it.

Senators opposing the integration bills have threatened to filibuster if necessary to defeat them. Among major measures passed

by the House yesterday was the congressional redistricting bill creating the 22nd District in Harris County.

The bill would give the Houston area the additional congressman Texas won by the 1950 census— the post now held by Congressman-at-Large Martin Dies. The measure now faces an uphill fight in the Senate. The House gave it final approval 91-47 with almost no discussion in sharp contrast with lengthy debate on earlier considerations.

Another major measure winning final House approval with some expressed opposition was the one (HB187) increasing the gross load limit for trucks from 38,420 to 72,000 pounds—sent to the Senate on a 74-59 vote.

Opponents of the truck load increase protested that its passage would lead to ruin for Texas highways. Proponents replied that the trucking industry paid 41 per cent of the taxes for construction and maintenance of the highways.

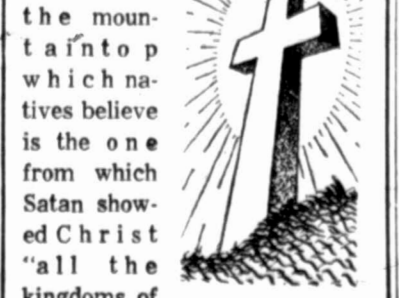

Advanced to final reading in the House was the urban renewal act (HB 70). It still faces third and final reading. The measure would permit cities by popular vote to undertake renewal programs such as slum clearance with federal aid. Only federal and city money would be involved.

The companion Senate measure (SB 286) got an unfavorable report in committee there, but was brought to the floor on minority report. The House bill was completely revised and as approved on second reading was a complete substitute for the original.

The Senate yesterday left hanging one of the session's major water-saving proposals after voting to take it up.

He Was Here

You can't see all the world from the mountain top which natives believe is the one from which Satan showed Christ "all the kingdoms of the world," but the view is impressive. Wilton Wynn takes you there in the third story in a series on holy places of Palestine. Today's article is on Page 2-B.

Absentee Voting Picks Up Tuesday

Ninety-one ballots were marked—most of them Tuesday—during the absentee voting period for the \$800,000 school bond issue election scheduled for Saturday.

The last-day turnout surprised observers, as only nine ballots had been cast up to noon Monday. School officials explained that many voters probably will be out of town for the Easter holidays this weekend, and look advantage of the opportunity to vote absentee.

Haley Elected To Political Group
 MIDLAND, Tex. (AP)—J. Evetts Haley of Canyon, unsuccessful candidate for governor of Texas last year, has been named state chairman of the "Texans for America."

The group was organized here yesterday. Speakers included J. Bracken Lee, former Utah governor and Dan Smoot of Dallas.

Liquor Oasis In A Dry Spot

MUDDY, Ill. (AP) — This once-deserted mining town, revived through the efforts of a former general store and night club owner who bought almost the entire town, now is a liquor oasis in a dry southern Illinois county.

Its citizens voted 56-2 yesterday to legalize the sale of liquor in Muddy. All the town's eligible voters live in houses owned by John Molinarolo, a stocky, 53-year-old former coal miner.

A tavern or night club in Muddy, population 125, apparently would be a thriving business. Thirty inhabitants of nearby Harrisburg must drive 25 miles to Marion in an adjoining county for the nearest legal drink.

But Molinarolo and his son John Jr. apparently believe a liquor store would be just as lucrative — and perhaps arouse less opposition from vocal dry forces in the area.

"The Village Council already has passed an ordinance restricting sales to packaged liquor," John Jr. said last night.

"We expect to open the store after the 30-day state waiting period, barring legal complications."

They won't have any local competition.

The council limited the number of liquor licenses to one and restricted sales to a zone occupied by a building the Molinarolos now rent out for special occasions.

The elder Molinarolo, as village president, also becomes liquor commissioner under state law. By the way, he and the six-man council all won re-election without opposition yesterday.

2-A Big Spring (Texas) Herald, Wed., April 17, 1957

Won't Retire

Teamsters Union president Dave Beck appears in a jovial mood at a press conference in Galveston, where he said he does not plan to retire as chief of the powerful union. Beck and other union officials are attending an executive conference meeting on corruption charges.

Rebuff Is Seen For Union's Delay Bid

WASHINGTON (AP) — Teamsters Union moves to delay or talk their way out of a showdown on AFL-CIO corruption charges seemed likely today to run into a solid rebuff from the federation.

Sources in the parent federation said trial procedures already set for Dave Beck, Teamsters Union president, and the huge trucking union itself are fair and "leave no room for negotiation."

AFL-CIO President George Meany was out of the city and not immediately available for comment.

The embattled Teamsters' Executive Board, meeting in Galveston, Tex., yesterday, asked the AFL-CIO for negotiations as to charges against Beck and a bill of particulars as to charges that the union itself is under corrupt domination. The board, contending the charges were not specific, said it would attend no hearings

Whiteard Jury Nearly Filled

WHEELER, Tex. (AP) — Selection of a jury was expected to be completed today in the murder trial of William James Whiteard, 20, Phoenix, Ariz., who is charged with the fatal shooting of a farm youth during a widespread man-hunt last December.

Ten jurors had been selected before court recessed late yesterday. Whiteard is being tried on a charge of murder with malice in the death of Victor Stephens, 19, Stephens was shot near his home at Shamrock, Tex., while assisting law officers in a hunt for Whiteard and his half-brother, Junior Bard Myers.

Police said the two men left the scene of an auto accident at Elk City, Okla., smashed through a road block at Texola, Okla., and were cornered in rough pasture country Dec. 1 in the Texas Panhandle near Shamrock.

Myers was found dead. Whiteard was captured Dec. 2.

Whiteard also is charged with murder in his death and on two counts of assault with intent to murder two members of the search party.

All the jurors selected have been qualified for the death penalty by Dist. Atty. Bill Waters of Pampa, Tex.

Dies

Leonard Kerschke, 27, who wrote an article for The Associated Press on his reactions to his being informed he had incurable cancer, died at his home in Detroit.

Mercury Climbs To 92 Tuesday

Sweltering Big Springers had a sample of summer Tuesday.

Official high for the day recorded at the U. S. Experiment Station was 92 degrees. However, this was far from the hottest. April 16 on record. That distinction goes to the same date in 1925. On April 16, 1925, the mercury hit 99 degrees—all-time high for the season. Official low was 56 degrees.

Capitol Apartment Suit Gains Steam

AUSTIN (AP) — The legal battle over the State Capitol apartments of Lt. Gov. Ben Ramsey and House Speaker Waggoner Carr picked up steam yesterday with filing of two additional suits seeking a court order to evict them.

Former State Sen. Joe Hill brought the suits, which also seek to prohibit the two officials from

approving payrolls which include persons described by the petition as "personal servants."

The apartments, located in the rear of the Senate and House chambers, traditionally have been provided for the speaker and lieutenant governor.

Hill filed two other suits Monday seeking court orders to stop payment of bills for furnishing the living quarters.

The action seeking to remove Lt. Gov. Ramsey from his quarters says the state-supplied apartment frees him of the financial burden of renting quarters and adds "immeasurably" to his compensation.

Both suits said providing the quarters violates the state Constitution which limits the speaker and lieutenant governor to pay equal that of other legislators.

The petitions filed yesterday also alleged that state-paid employees were used as personal servants in the two apartments.

Judge Charles O. Betts of 98th

District Court scheduled a hearing for tomorrow on the latter two suits. A hearing on an injunction asked in the first two petitions was set for April 26.

In commenting on the new suits, Carr said, "I haven't hired any more help than any other speaker before me." He said he had not read the allegations in Hill's suit, "I don't know what his motives are. I just moved in."

Ramsey could not be reached for comment.

Hill's suit also said the apartments constitute a "fire hazard" in the pink granite State Capitol.

See Your Authorized Buick Dealer

If you're one who goes for spirited performance, you'll find the vivacious 1957 Buick CENTURY speaks a language all your own.

Because, this year, we wanted to bring you even finer performance. Engineered a brand-new V8 engine with the "power-pack" built right in, at no extra cost—and teamed it up with a new version of Variable Pitch Dynaflo* that's instant in response.

Get behind the wheel and you'll understand why we say this 1957 Buick is the dream car to drive.

You sit there with 300 horses at your beck and call, complete control at your finger tips, and the surety of powerful new brakes at your toe touch.

You smooth your way over hills that seem to lose their tops.

You ride relaxed and composed—in creature comfort and supreme command.

But the CENTURY—like all 1957 Buicks—speaks also of fresh, new styling—the look you like, the longer you look. And of new luxury—inside and out. New stretch-out roominess—new solid torque-tube steadiness of travel. New buoyancy of ride, and a glorious new ease of handling.

Come let this magnificent new Buick do its own talking. You'll find it sweet listening—right down to the price-talk.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Mayor Indicted

Mayor Terry Schrank, right, accepted warrant in Portland, Ore., for third charge against him in Portland vice investigation. The new count accuses him of copying illegal wiretap recordings. Sheriff's deputy Jack Kirkendall, left, serves warrant. Ray Kell, Schrank's attorney, is in center, wearing hat.

Money Granted, Post Office Service Returns

WASHINGTON (AP)—With 41 million dollars of additional funds in the till, the Post Office Department today started returning postal service to a close-to-normal basis.

Postmaster General Summerfield last night called off most of the cutbacks ordered 11 days ago. He acted within minutes after President Eisenhower signed a supplemental appropriation bill rushed through Congress in the last two days.

Summerfield said that "within 24 hours mail service will be back to nearly the same basis as it was" prior to the retrenchment order of April 5.

That means post office windows will be open as usual next Saturday, and there will be the customary residential deliveries and corner box pickups that day. Also canceled were plans for suspending third class mail service, except for medical items, and for stopping issuance of money orders in larger cities.

Summerfield said he was "happy to announce the resumption of normal mail service," but his statement later qualified this somewhat. He noted he had asked for 47 million dollars more to operate for the next 2½ months without curtailments, and that Congress gave him six million less than that.

Hence, he said, his department "is still faced with a difficult job to maintain service within the funds available for the balance of this fiscal year," ending June 30.

He therefore directed: Continued limitation of downtown business area mail deliveries to two a day, Mondays through Fridays, with one delivery on Sat-

urday. Such deliveries previously have been made three to four times a day.

A limit of 8½ hours of window service in post offices, except where field officials feel "the needs and customs of any community justify longer hours."

Postponement of purchase of a planned three million dollars worth of "deferrable" postal supply items until after July 1.

Summerfield said last night an "overwhelming majority" of the

letters received from the public "endorsed our actions" and added:

"We deeply regret any inconvenience that may have been caused to the American people by the interruption of their postal service over this last weekend. We are also grateful to them for their patient understanding of our difficulty."

"Now that the present emergency is over we are hopeful the Congress will act quickly to increase postage rates so that the actual users of the mails will pay more of the costs."

Pending before Congress are administration requests for higher mail rates, including a four-cent letter and seven-cent air mail rates.

Old-timers tell you Scranton has been known as a "pretty rough union town," and that a number of years ago it was reported some companies were reluctant to come here for that reason.

On the other hand, representative citizens say: "We haven't really had many strikes over the years, at least not since the coal strikes in the old days. Even then, we didn't have major violence. There were minor skirmishes when nonunion labor was used. Not much more than that."

Scranton's longest strike in recent years was a transit tieup from April 5 to Dec. 5, 1955.

Scranton Folk Shaken By Probe Publicity

SCRANTON, Pa. (AP)—Many of Scranton's 124,000 people obviously were shaken today to find their city in the unflattering glare of a Senate searchlight.

That searchlight is poking around in Washington for the facts about reports that strong arm stuff played a big part in certain labor activities here. To many Scrantonians these are shocking allegations.

A summing up of public opinion at this touchy moment runs along these lines:

"We're deep-down Americans, living in a town that's had its troubles but isn't licked by them. We're busy trying to solve our problems, and we don't think of violence as a solution."

Scranton, in northeastern Pennsylvania, is not precisely an average city of its population class, yet it is not far off center.

In its earlier days, it relied chiefly upon iron and steel. But the steel was considered to be of a fairly low grade, and parcel by parcel the industry moved out to the richer fields of Minnesota.

Hard coal took over from steel and had a better time of it until an ever wider use of other fuels cut heavily into the anthracite trade. Up against that kind of competition, the hard coal people drew upon their ingenuity to develop other uses for their product. Even so, the pinch still could be felt, and in Washington's official eyes Scranton was lumped into "depressed areas" of eastern Pennsylvania.

Scranton and all Lackawanna County hated the label—but it has stuck.

In 1950 the area decided to undertake a full-scale self-help program, and the Lackawanna Industrial Fund Enterprise (Life) came into being. Under this scheme, people who had jobs pledged part of their salaries for a year to help bring in new industries, thus creating jobs for the idle. Money from the Life general fund was lent to companies needing a lift in order to relocate in the Scranton area. So far nine new plants have been brought in.

Scranton's peak year in population was 1940; the count then was 140,000.

The principal coal mining here now is the strip, or surface kind, done by means of huge steam shovels.

Each Ward store will be serviced by one of a national system of supply depots prepared to give overnight shipments of components and equipment. This, of course, will speed up service. The local store will be serviced from the Fort Worth supply depot.

Ward personnel's selling this equipment will attend periodic training institutes, so that they can offer expert service on type of equipment needed, installation matters, etc.

Service Offered By Ward On New Home Equipment

The Fairway system, a new service for qualified plumbing, heating, central air conditioning and water system engineering, is now being offered by Montgomery Ward stores. It is announced by F. C. Gebert, local Ward manager.

Ward personnel's selling this equipment will attend periodic training institutes, so that they can offer expert service on type of equipment needed, installation matters, etc.

While young Robert stands atop the TV quiz show money pile, he's not too far ahead of his nearest challenger, 11-year-old Leonard Ross of California. Ross won \$164,000 some time ago on two different shows.

Freight Rates On Cotton Reduced

AUSTIN (AP)—The Railroad Commission said yesterday that railroad freight rate reductions on carload shipments of cotton to Texas ports have been adjusted and equalized to meet unregulated trucking competition.

A spokesman for the commission said the order generally lowers rates by 20 per cent, with some local exceptions.

Rates from upstate points to Houston, Galveston, Texas City, Beaumont, Port Arthur and Orange had been reduced by earlier orders.

Senate Election Canvass Slated

AUSTIN (AP)—Secretary of State Zollie Steakley announced yesterday that votes cast in the special U.S. Senate election April 2 will be canvassed Friday at 9 a.m. in his office.

The votes will be counted in the presence of Gov. Price Daniel and Attorney General Will Wilson.

According to unofficial results Austin attorney Ralph Yarborough won election to the post vacated by Daniel with a total of 363,834

Take Off Ugly Fat With This Home Recipe

Just ask your druggist for four ounces of liquid Barcetrane. Mix with grapefruit juice as directed on label. Then take just four tablespoonful twice a day. That's all there is to it. No dieting. If the very first bottle doesn't show you the way to take off ugly fat, return the empty bottle for your money back.

Wayone F. Haight, 4512 Caswell, Austin, Texas, took off 30 pounds taking Barcetrane. Nearly seven million bottles sold in Texas in 15 years.

Yarborough was scheduled to be in Graham this morning for a coffee at the Veterans of Foreign Wars Hall and in Wichita Falls for a luncheon. He has a public reception scheduled in Fort Worth tonight before returning to Austin. Yarborough will not be sworn in until April 29 the day the U.S. Senate convenes after its long Easter vacation which begins today. Yarborough's office said they did not know for sure when he would go to Washington for the swearing-in ceremony.

Milliners Pick Easter Winners

Agreeing that Easter hats will be in the mood of the 1920s, three of the top milliners disagree on the type chapeau which will be most popular in the dress parade.

hats without flowers this year and nominates a "triple-ripple" brimmed cloche in undersea tones of blue, green, and gray.

Three Of Top Millinery Designers Tell Choices For Winners In Easter Parade

By DOROTHY ROE Associated Press Women's Editor

New York's top millinery designers have varying ideas about what will be the most popular hat in the Easter parade, but they are agreed on one point — it will be in the mood of the 1920s.

Three famous milliners — Lilly Dache, John Fredericks and Sally Victor — were asked to pick one hat each from their current collections as the most important trend-setter for spring. Here are the results.

Lilly Dache picked a casual lemon yellow linen straw hat with squared crushed crown and brim turned up in front, because:

"I have a feeling about simplicity in the new hats. They are big, so they should not be too bushy. I think a woman likes a hat which does not overpower her, and yet which looks important. This is the kind of hat I think women all over the country are going to like this spring because it is easy to wear, it does not look self-conscious and it has that thing you call a certain flair."

John Fredericks chose a "triple-ripple brimmed cloche" in "undersea tones" of pale blue, sea green and gray, somewhat mushroom-

shaped. Says he:

"This hat is going to be seen all over the world. I think it is right for Easter, because I think women are tired of flower hats. This is colorful but unadorned. It's not too large, but it looks that way. It has that 1920 look which is going to be important all year. One thing is certain about the new hats — you can see them."

Sally Victor picked a small, close-fitting cloche in violet straw with a huge bunch of violets perched over an eyebrow.

"Girls want hats that will cover up their hair this spring," says Sally. "They're either all letting their hair grow out or cutting it shorter, or changing it some way. So they need cover while the hair gets used to its new state. This is the kind of little, head-hugging-cloche that everybody wore 20 or 30 years ago, and I still think it was one of the most satisfactory hat styles ever thought up. This kind of hat stays on in a high wind, it doesn't need hatpins or clips or elastic bands. It's young and simple — and it's easy to wear whether you think so or not. Besides, I think violets are going to be the flower of the year — everybody's crazy about violets this spring."

So there you have the selections of three top millinery experts on the Easter fashion race. You pay your money and you take your choice.

Mrs. Keaton Speaker For Methodist Circle

Mrs. H. G. Keaton was the guest speaker Tuesday for the Reba Thomas Circle of First Methodist Church. Her topic for the evening was "Paul's Letters to the Churches," by Francis G. Ensley.

She reviewed the first two chapters, "The Man Paul," and "Paul's Idea of the Church." In her discussion, she compared the church to the body of Christ.

The devotion, "Prayer" was presented by Mrs. John Knox. Seven members were present for the meeting, held in the home of Mrs. Elton Arnold.

MORRIS, ZINN CIRCLES Mrs. J. C. Bryans was hostess

Fairview HD Club Hears Program On Jury Duty

Jury service was discussed for the members of the Fairview Home Demonstration Club Tuesday afternoon in the home of Mrs. C. R. McClenny.

Mrs. John Sutherland, who gave the program, brought out the methods by which jurors are selected; she also told of the exemptions from jury service, the conduct expected of jurors, the benefits of

the service and its importance. Mrs. McClenny gave the devotion based on Luke, and members answered roll call by telling their favorite china and silver patterns.

A report on the HC Council meeting was given by Mrs. Shirley Fryar, in the absence of the regular representative, Mrs. O. D. Engle.

Recreation was under the supervision of Mrs. J. M. Smith, who led the group in "The Peanut Game."

Members were invited to the annual Easter breakfast served by Mrs. W. H. Ward on Friday morning. The hostess for the May 7 meeting will be Mrs. Fryar, Knott Rt.

Demonstration, Color Test Given 4-H Clubs

A demonstration on gelatin salad was given Tuesday for the Gay Hill 4-H Club members. Presenting the demonstration were Lynn Holt and Brenda Gary.

The 4-H motto was led by Nancy Norman with Mary Jo Rawlings leading "America the Beautiful."

The group was dismissed by the 4-H prayer led by Leona McEachern. The next meeting of the club will be May 21.

VEALMOOR 4-H CLUB

A party for April 23 was planned by the Vealmoor 4-H Club when they met Tuesday morning. The party will be held at the

Latin Banquet Held By Lamesa Classes

LAMESA — A Roman Market was the theme of the decorations for the Latin banquet held Saturday evening at the high school cafeteria. Each student was designated as a Roman character and came dressed appropriately.

Carl Cox acted as master of ceremonies and introduced the program, which included a duet by Richard Evans and Ronnie Acuff; a poem, John Lee Bryant; and veil dance by Joan Osborn, Linda Peterson, Carol Lee and Jeanne Pieper.

Larry Anthony, president of the club, made the presentation to the most outstanding Latin student, Jay Claiborne. Dell Davis was named Apollo and Pam Price, Venus.

Mrs. Abe Holder is the sponsor for the group. Sandra Esmond was food chairman; Linda Warren, decoration chairman. Approximately 40 attended.

Chapel WMU Organizes New Circle

Eva Sanders is the name of the new circle organized Tuesday by the Chapel Baptist WMU. The circle is named after Miss Sanders who is a missionary in Nigeria.

Mrs. Sherrill Carroll, chairman of the new circle, presided during the meeting which was held at the church.

The following officers were elected: Mrs. R. L. Collins, co-chairman; Mrs. Paul D. Warren, secretary-treasurer; Mrs. Bruce Wright Jr., program chairman; Mrs. Loyd Lile, community missions chairman; Mrs. Stanley Green, prayer chairman; Mrs. Shirley Walker, stewardship chairman and Mrs. Ernest Welch, social chairman. Mrs. Sam Bell is also a member of the circle.

Mrs. Bob Swift, WMU president, met with the group. Mrs. Carroll served refreshments to the group.

Presbyterian Group To Assist Mission In South America

The Ida Mae Moffett Circle of St. Paul Presbyterian Church voted Tuesday afternoon to make baby dresses for a mission in Brazil. They will also send pictures and Christmas cards for use by the missionaries in their teaching.

The group met in the home of Mrs. Arthur Brown, with Mrs. D. T. Evans giving the opening prayer. Mrs. C. Van Pelt brought the Bible study, based on the topic, "Things Which Are Caesar's."

Plans were made to assist with the Easter egg hunt at the Westside Recreation Center Friday afternoon.

Mrs. Bob Heine, 702 Birdwell, was announced as hostess for the meeting in May. Refreshments were served to five members.

Project Continued By WMS; Luncheon Given

Members of the Maybelle Taylor Circle of First Baptist Church decided at a Tuesday morning meeting to continue furnishing shoes for needy Latin-American children.

The group met in the home of Mrs. Charles Tyler, where the meeting was opened with a prayer by Mrs. Wayne Bartlett.

Mrs. R. E. McClure gave the program, during which, she told of the early days in Carver School of Missions in Louisville, Ky. A general discussion was held by the group.

Mrs. Luther McDaniel, 1503 Cherokee, will be hostess for the next meeting, scheduled for May 21.

Attending the meeting were 11 members, with a new member, Mrs. Pat Murphy, and a guest, Mrs. Thomas Pickett.

MARY WILLIS CIRCLE Mrs. O. N. Green was hostess at a spring luncheon for the Mary Willis Circle Tuesday.

Rooms were decorated with roses, and guests were seated at tables bright with roses and pansies. The serving table was covered with a yellow linen cloth.

Mrs. Green gave the devotion on Meekness, based on Gal. 6:1. Mrs. Roy Odum, organizing the les-

Daughter For Sneeds

Mr. and Mrs. Vernon Sneed of Rising Star are parents of a daughter, Deborah Ann, born Tuesday evening at 9 o'clock. The baby, born in a Gorman hospital, weighed 6 pounds 4 ounces. Paternal grandparents are Mr. and Mrs. Morris Sneed, 704 Mathew; maternal grandparents are Mr. and Mrs. L. O. Thompson of Rising Star.

Easter Egg Hunt

The Howco Wives' Club will sponsor an Easter egg hunt Thursday at 6 p.m. at Birdwell Park. All children of members are invited to attend the hunt.

Summer Cooler

As fresh as a daisy and so flattering. Neatly tailored shirtwaister that can have sleeves, or none. Twin pockets are optional.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, 367 W. Adams St., Chicago 6, Ill.

Home Sewing for '57 — a completely new and different pattern book for every home sewer. Send 25 cents now for this all-season sewing manual.

Baptist Temple WMU Sees Royal Service

An old-fashioned schoolroom was used as a background for the Royal Service given at a meeting of the Baptist Temple WMU Tuesday morning at the church.

The Horace Buddin Circle was in charge, and Mrs. Tom Buekner acted as teacher of the class. In a lesson based on the Carver School of Missions, various "pupils" reported on the phases of the school.

Mrs. David Whitaker discussed the beginnings of the school. "WMU Adopts the School" was the title of the talk by Mrs. Tommy Boswell.

Other discussions were on "The WMU Looks Again At Needs for Training," Mrs. Don Neely; "Missionary Preparation," Mrs. Victor Crowell; "New Names" and "Adventure in Faith," Mrs. N. W. Derby; "The School and the Southern Baptist Convention," Mrs. Robert Hill.

Plans were discussed for the Junior-Senior banquet to be held at the church April 25. Place cards and other decorations were shown by the committee.

Mrs. Whitaker dismissed the group with prayer, and refresh-

Brownies Finish Tenderfoot Work

Brownie Troop 27 finished their tenderfoot requirements Tuesday afternoon at a meeting in the home of the leader, Mrs. Ernest Miller. Included in the afternoon course was trail work.

The group decided to keep a scrapbook of their activities. The Fly-Up Ceremony, rites in which the Brownies become Girl Scouts, is scheduled for May 19. Ten girls were at the meeting.

Bridal Couple Feted At Tea In Lamesa

LAMESA — June James, bride-elect of Lawrence Blackstock, was complimented with a gift shower Monday evening at the home of Mrs. Raymond Kidd. Receiving the guests with the couple were Mrs. Imogene James of Borger, mother of the honoree, and Mrs. J. W. Blackstock, mother of the prospective bridegroom.

The refreshment table featured the bride's chosen colors with white stock and turquoise carnations forming the center arrangements. The table was laid with a lace cloth.

Assisting with the hostess duties were Mrs. J. D. Aldridge and Mrs. J. B. Cox. Approximately 40 guests called during the evening. The couple will be married Sunday in Borger.

Rebekahs To Be Honored On Tuesday

Mr. and Mrs. Jones Lamar will honor the installing staff, officers and the members of the drill team of John A. Kee Rebekah Lodge Tuesday evening at Carpenters Hall at 8 o'clock. The couple made this announcement at a meeting of the lodge Tuesday night at the hall.

Reports were made on the visits to the sick. Following the regular meeting, the "barnyard degree" was given to Lt. and Mrs. Ralph W. Barnes, Mrs. Letha Massie and Mrs. Fern Smith.

Hosts for the 24 attending were Mr. and Mrs. J. C. Pye, Mr. Jay Laccourse and Mrs. W. L. Barker.

Newcomers Given Coffee By OWC Tuesday Morning

Signs of Easter were everywhere at the Officers' Wives' Club newcomers coffee Tuesday morning in the Officers' Club lounge.

The highlight of the decorations was a rabbit fashioned from a hurricane lamp filled with jelly beans. An Easter egg hunt was conducted, and prizes were awarded to the newcomers who found eggs.

The newcomers honored were Mrs. Norris Harbold, Mrs. Curtis Roundy, Mrs. Thomas Smith, Mrs. Paul Leming, Mrs. William Puckett, Mrs. William Nottingham, Mrs. Robert Rhodes, Mrs. Jeff Neely, Mrs. William Habluetzel, Mrs. Jesse Asay, Mrs. Robert Jones, and Mrs. Fred Snook. Hostesses were the members of the OWC Board.

Garden City Play Stated

GARDEN CITY (SC)—"Hilarity House," a three-act comedy, will be presented by the senior class at Garden City High School in the Grade School Auditorium here at 7:45 p.m. today. "Hilarity House" was written by Jay Fobias. Students who have taken roles in the presentation include Carolyn Armstrong, Alice Clark, Marceline Gill, Jackie Wilson, Mary Jo Cox, Douglass Gray, Theibert Asbill, Lorin McDowell, Bill Childress and Milton Mow. The play is directed by Mrs. R. R. Ricker.

Officer To Take Custody Of Boys

Shorty Long is to leave today for Texarkana, Ark., to take custody of two 14-year-old Big Spring boys, now held in that city. The juvenile officer said that the two youths are runaways from their homes here. They were arrested in Texarkana after they had forged a check. One of the boys has been put under a three-year probation sentence by the Texarkana juvenile court and remanded to his parents here. Long said the second boy, already on probation out of Gatesville Training School, will be returned to the school. Long plans to pick up the boys, drive by Gatesville and leave one, and return the second to Big Spring.

Autos Collide, Car Jumps Curb

In accidents Tuesday, Arthur Axens, 106 Wright, and John West of Lubbock were in collision at 12th and Lamesa. West was in a truck owned by the Western Frozen Food Company of Lubbock. At 18th and Gregg, Jane Cudd, 1501 Main, and Harold Bronaugh, 800 E. 13th, were drivers of cars colliding. Jesse Newell of Midland jumped the curb at Malone-Hogan Hospital, but no injuries resulted.

Jury Trial Of Marijuana Case Nears End In District Court

Holy Week Services Set

Schedule of Holy Week services for St. Thomas Catholic Church was announced today by Father William J. Moore. Confessions are to be heard from 4 to 6 p.m. and 7 to 9 p.m. today. Thursday, High Mass, Holy Communion and Procession is scheduled for 7 p.m., to be followed by Holy Hour and Adoration period. On Good Friday, visits to the repository may be made from noon until 3 p.m., when Liturgy of the Passion and Death of Our Lord and Holy Communion are scheduled. Stations and Veneration of the Cross is on the program from 4 to 7:30 p.m. Saturday, confessions again will be heard from 4 to 6 and 7 to 9 p.m., followed by the Easter Vigil Services, Blessing of the New Fire, Paschal Candle, Baptismal Water and Renewal of Baptismal Vows. High Mass will be observed at midnight. Easter Sunday, mass is set for 7 a.m. and High Mass at 11 a.m.

Trial of Gus Elquevea, 19-year-old Spanish-American of Midland and Lamesa, charged with possession of marijuana, was drawing toward a close in 118th District Court at noon today. The trial began at 1:30 p.m. Tuesday. Elquevea is charged with having had 27 cigarettes, identified as being marijuana, in his possession when he was arrested in north Big Spring on the night of March 16. The case is a companion to that of Thomas Rodriguez who pleaded guilty to the same charge on Tuesday and was sentenced to five years in state penitentiary. The trial has been marked by numerous verbal clashes between Gullford Jones, district attorney, and Clyde Thomas, defense counsel. Thomas has been repeatedly attacking the officers procedure in the handling of the case — alleging that rights of his client were violated in that he was not taken before an examining magistrate immediately on arrest and before he was committed to jail. He is also questioning the validity of a statement made by Elquevea to officers on the night of the arrest in which the defendant said that the marijuana cigarettes found in the car in which he was a passenger belonged to himself and to Rodriguez. State witnesses told how they followed a black and white car with a Midland registration on the night of the arrest. The car was stopped when it was spotted on the wrong side of the street, the witnesses said. When the four persons in the car were told to get out of the vehicle, officers related that the driver, Amelio Elquevea, brother of the defendant, was searched and a pistol found in his pocket. A search of the car followed, they testified. Under the back seat cushion, the 27 cigarettes in question were unearthed, witnesses re-

lated. Rodriguez and Gus Elquevea were seated in the rear seat of the car which belonged to Amelio. Elquevea, on the stand in his own defense, denied that the statement made in his signed statement relative to ownership with Rodriguez of the marijuana were true. He said that he made the statement under the impression that if he did so he "would be let out to go home." He also indicated that he thought by making the statement he could save his brother from having his car confiscated. Thomas hammered lengthily on the issue of whether or not his client had been duly warned that any statement he might make could be used against him. Jones, on the stand as a "defense" witness (called by Thomas), said that the printed warning on the statement form which advises that material in such statements can be used was read to the defendant after the form had been typed and before Elquevea was asked if he wanted to sign the document. He did not remember, he said, if any specific statement of the warning was made prior to the examination of the defendant. Jones also introduced three other cigarettes in addition to the bundle of 27 already presented in the case. Wednesday morning, while on the witness stand, after being placed there by Thomas, he told the jury that he and his investigator, Bobby West, had found these three cigarettes in Jones' station wagon, several days after the arrest of the four persons. He related that on the night of the arrest, after the car had been brought to a halt and the passengers disembarked, that he had instructed Olivia Elquevea, wife of Amelio Elquevea, to sit in the station wagon, while the search of the three men was under way. Olivia had emphatically denied on the stand Tuesday that she knew there was any marijuana in the car when the group left Midland on March 16 to drive to Big Spring. Jones told the jury that to the best of his knowledge, no other person had occupied the right front seat — near which the three extra cigarettes were found — from the night of the arrest of the four until they were found by West. Jury panel reported to the court at 9:00 a.m. Wednesday morning and was told to return at 1:30 p.m. The jury trying the Elquevea matter spent the night in the jury quarters of the courthouse last night. Judge Sullivan had recessed court at 5 p.m. Tuesday.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Mrs. Alta Frances Oliver, 1101 Scurry; Douglass Burnett, 708 Nolan; B. O. Carter, Kermit; Peggy Mansfield, 1111 N. Goliad; Margaret Morales, 610 NW 7th; Mary Bain, 119 Frazier; Mrs. Sue Tindol, Odessa; Aubrey Armistead, 2912 Cherokee.
Dismissals — Nellie Hobson, 3203 Eleventh Place; Lorin McDowell, Rt. 2; Joe R. Moran, City; Douglass Burnett, 708 Nolan; A. P. Kasch, Crawford Hotel; Mrs. Mary Brown, 1606 Wood.

Rotarians Schedule Picnic For April 30

A picnic for Rotarians and their wives has been scheduled for 7 p.m. April 30. The event will be in observance of the Rotary Club's regular "fifth Tuesday" Ladies' Day. The high school choir performed at the club luncheon Tuesday. Bill Boyd was in charge of the program.

'Human Growth' Series Will End

The final lectures in the series on "Human Growth" will be held at 8 p.m. today at the YMCA. Dr. Louise Ann Bennett Worthly will speak for mothers and girls and Dr. T. J. Williamson will talk at the session for fathers and boys. Following the lectures, a colored movie, "The Story of Human Growth," will be screened. The program will be concluded with general discussions for both groups.

Rev. E. S. Bigham To Become Pastor Of Palmer Church

With the mantle of the ministry resting freshly on his shoulders, the Rev. Edward S. Bigham will take up his duties as a pastor on Easter Sunday. He will become pastor of the Fundamental Baptist Church at Palmer, 27 miles south of Dallas. Ordination services were held last Sunday afternoon at the Trinity Baptist Church to ordain Mr. Bigham to the ministry. Those who helped conduct the services were the Rev. Jack Power, pastor of the Trinity Baptist Church who acted as moderator and questioned the candidate. The Rev. Ted Bigham, father of the candidate and pastor of the Shep Baptist Church at Shep, brought the charge. The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, Snyder, preached the ordination sermon. E. A. Nance Jr., Big Spring, and Roberta Selmon, Snyder, each sang special songs. Mr. Bigham resides at 1706 Johnson and has been employed with the Soil Conservation Service since January of 1952 and has been stationed at Big Spring since July of 1955. He accepted the call to full-time work in the ministry on Feb. 3, 1957 and has since been called as pastor by the church at Palmer.

MARKETS

WALL STREET
NEW YORK (AP)—The stock market leaned to the upside in quiet early trading today. Key stocks rose from fractions to around a point but there were some losers. After a fairly active session the pace slowed. There was no special activity in any division. But Lukens steel, which was up 5/4 yesterday as the day's most active stock, was traded vigorously today. At one stage it was down around a point on profit-taking but recovered this loss and established a major fractional gain. Gulf Oil added around 3 points to its rise of yesterday. There have been stock sell rumors concerning this stock. The news background continued mixed. Personal income was reported at a record annual rate but steel scrap prices continued declining. Prospects for a three-day weekend added a note of caution.

LIVESTOCK
FORT WORTH (AP)—Cattle 900, calves 300; steady; good to choice yearlings and heifers 18.00-22.50; medium and lower grades 13.00-18.00; common and medium 14.00-18.00; good to choice medium to good stocker; steer calves 18.00-22.00; steer yearlings 21.00 down.
Hogs 400, 50 higher; choice butcher hogs 19.00, less desirable kinds 18.00-18.50; sows 15.00-16.00.
Sheep 5,400; steady to strong; good and choice spring lambs 22.00-24.00; cull to medium 15.00-21.00; good and choice old crop lambs 19.00-22.00; cull to medium old crop 12.00-15.00; slaughter ewes 5.50-7.00.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy and warm through Thursday with widely scattered showers and thunderstorms.
WEST TEXAS: Partly cloudy and mild through Thursday. Showers and thunderstorms mainly in the Panhandle and South Plains.
5-DAY FORECAST
WEST TEXAS: Partly cloudy near normal. Normal minimum 38-48 and near 48-62 south; normal maximum 67-82. Cooler about Friday or Saturday. Precipitation light or none to locally moderate. Few scattered showers.

Police Department 'Collection Center'

City Detective Leo Hull, left, and Sgt. Kenneth Large inspect some of the items recovered Tuesday from a barracks at Webb. The items were taken from nine burglaries in Big Spring and Midland over the past six weeks. Sgt. Large is holding a pair of shoes worn by one of three airmen arrested in connection with the burglaries. Hull said the shoes were similar to a shoe print left at Big Spring Hardware when it was burglarized Mar. 11.

Borden Wildcat Logs Shows Of Oil On New Drillstem Test

A Borden County wildcat logged shows of oil and gas on a drillstem test Tuesday after finding a test Monday Friday. At the Shell No. 1-A Miller, about eight miles east of Gall, operator recovered 830 feet of heavily oil and gas-cut mud (25 per cent oil) before getting oil and gas-cut sulphur water. A test Monday brought only drilling mud. It was at a more shallow section.

Borden

Continental No. 1-39 Good projected to 9,395 feet in lime and shale. It is in the Arthur field, C NW SE, 39-33-4n, T&P Survey, six miles northeast of Vealmoor. Standard No. 16-6-B Griffin has been temporarily abandoned. It is in the Hobo (Canyon) field, 1,620 feet from north and 1,120 from east lines, 29-25, H&TC Survey, and six miles northwest of Vincent. Tidewater No. 1-B Clayton-Johnson projected to 6,915 feet. It is a wildcat 660 from south and 2,019 from east lines, 9-32-4n, T&P Survey.

Dawson

Seaboard No. 2-A Weaver made hole at 7,400 feet in sand and shale. It is in the Easter Mungerville field, 1,633 from north and 660 from east lines, Labor 7, League 3, Taylor CSL Survey. Camp-Jones No. 1 Middleton, a wildcat C NW SE, 30-34-5n, T&P Survey, drilled to 8,854 feet in shale. The location is six miles southeast of Lamesa. Hunt No. 1 Freeman continued to test after flowing 60 barrels of oil in 24 hours. The wildcat is 2,118 from south and 660 from east lines, Labor 11, League 275, Glasscock CSL Survey, and nine miles southwest of Lamesa. Humble No. 1 Britt, a wildcat five and a half miles northwest of Lamesa, deepened to 6,945 feet in lime. It is 660 from north and west

Glasscock

Shell No. 1 Currie, six miles north of Garden City, deepened to 1,582 feet in sand and shale. It is 665 from north and 951 from east lines, 24-34-3s, T&P Survey. Hamilton-Zapata No. 1-8 Clark, in the Garden City field, made hole at 9,580 feet in lime and shale. It is 1,965 from north and 2,318 from west lines, 8-32-4s, T&P Survey.

Howard

Phillips No. 1 Gillihan, C NW SW, 18-31-1n, T&P Survey, deepened to 6,920 feet. It is in the Big Spring field, five miles northeast of Big Spring. Standard No. 1 Winters washed perforations from 5,009-16 feet with 250 gallons of mud acid and 9,000 gallons of frac fluid. It is now shut-in. Location of the wildcat is 1,980 from north and 467 from east lines, 6-25, H&TC Survey. Standard No. 23 Dodge is in the Iatan East Howard field two and a half miles southwest of Iatan. It is 1,300 feet from north and 2,310 from east lines, 1-30-1s, T&P Survey. Operator will drill to 2,900 feet. Cosden No. 6-C Patterson, in the Moore field, pumped 68 barrels of 32-degree oil in 24 hours after treatment with 6,000 gallons of acid. Total depth is 3,100 feet, and top of the pay section is 3,074 feet. The well is 1,650 feet from north and east lines, 27-33-1s, T&P Survey.

Mitchell

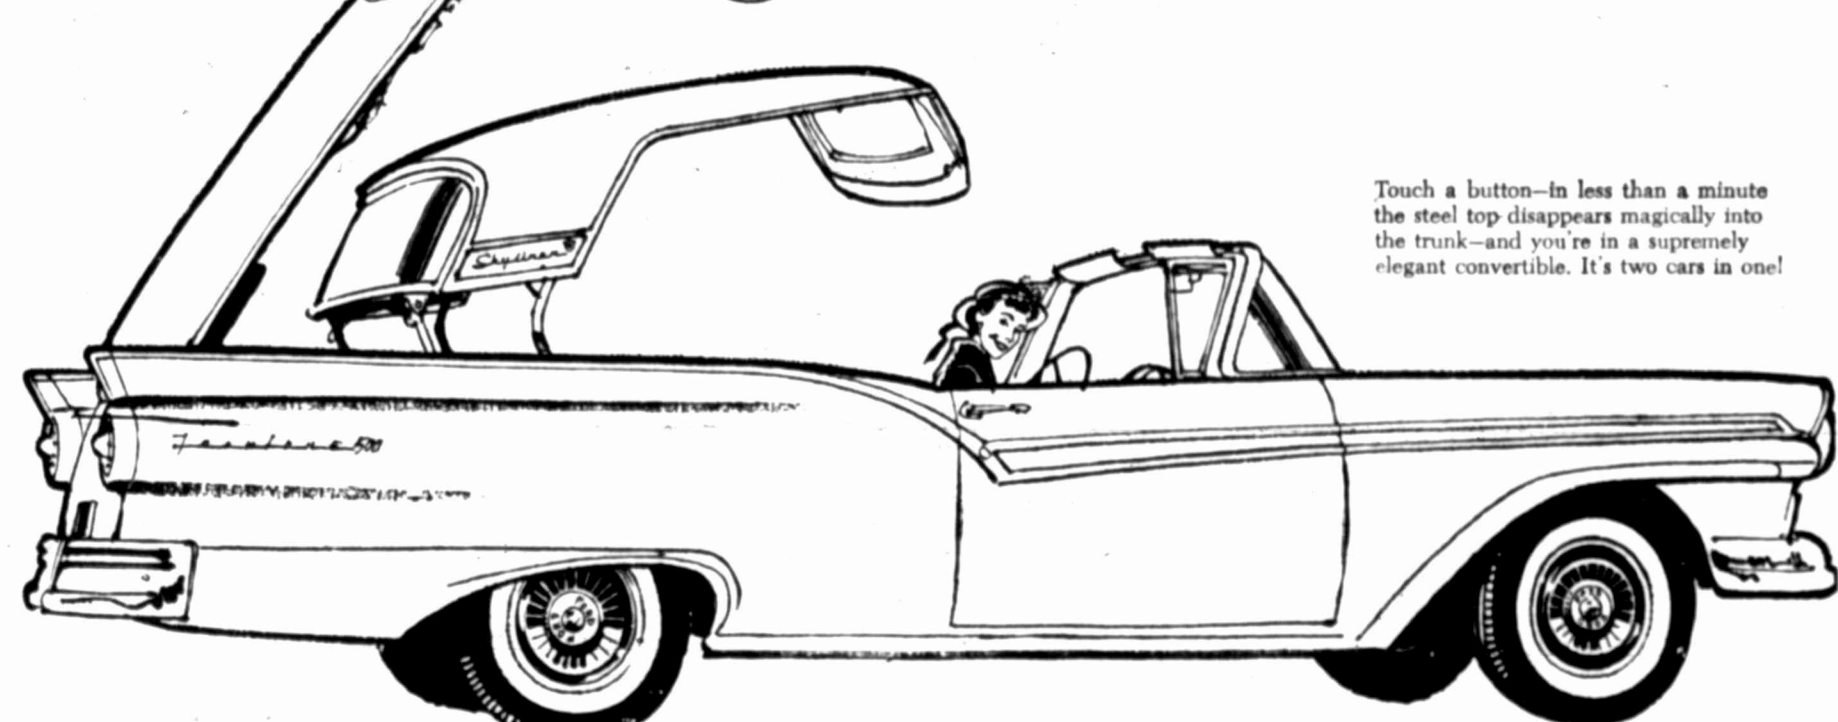

Standard No. 11 Smartt is in the Westbrook field 2,310 feet from south and 1,570 feet from east lines, 21-28-1n, T&P Survey. It is about four and a half miles northwest of Westbrook. Drilling depth is 3,200 feet. Neely-Neely No. 5 Hardee pumped 12.89 barrels of oil and 10 per cent water in 24 hours, after acidizing with 500 gallons. It is in the

Disaster Committee Chairmen Named

The Advisory Board of the Howard-Glasscock counties Chapter of the American Red Cross heard a report by Dr. Lee Rogers, disaster chairman, Tuesday evening. Dr. Rogers outlined a plan of operation in case the locality should be hit by a disaster, and he named chairmen of various committees. Transportation would be in charge of H. L. Wilkerson and the Yellow Cab Company, he told the group. Andy Jones and other amateur radio operators will assist with communications; C. C. Grigsby is chairman of the committee for securing clothing, and Pat Murphy heads the group to provide shelter. A representative from each of four hospitals makes up the hospitalization committee. From the Big Spring Hospital is Dr. T. J. Williamson; from Cowper Hospital, Dr. Boscoe Cowper; Malone-Hogan Hospital, Dr. J. E. Hogan, and Medical Arts, Dr. Virgil Sanders. Mrs. Fred Hyer, graduate nurse, is also a member of the committee. Food will be under the supervision of Bob Spears and Riley Foster. W. D. Berry is head of the Civil Defense group, and T. A. Harris commands the National Guard. Various sources of prepared meals were discussed by the board, including the field kitchen at Webb Air Force Base, the kitchens at the VA Hospital, the kitchen of the National Guard and the Chuck Wagon Gang of Odessa. Mrs. G. G. Sawtelle, executive

secretary, told of buying home and personal furnishings for a family of 16 who had all possessions destroyed by fire when their home near Knott burned Saturday. Among the supplies were seven mattresses, four beds, 16 pillows, a stove, a cabinet, an icebox, a dining table and chairs, sheets, blankets, and other linens, besides an outfit of clothing for each member of the family. Mrs. H. L. Derrick, Junior Red Cross chairman, reported on the first aid program in the schools, in which 176 certificates will soon be awarded. She told of the safety program being followed in the schools, and explained the correspondence of the local pupils and those of foreign countries. The junior organization has contributed \$159.53 to the Red Cross, she said. It was reported that Glasscock has sent in \$292.50 in contributions. Mrs. Coy Nalley, chairman of the Gray Ladies, told the board that another class of Gray Ladies is planned for WAFB soon. There is a need for more women to work at the VA Hospital, according to Mrs. Nalley. The course in Mother and Baby Care at WAFB is now housed in a permanent room, Mrs. Nalley announced. The board voted to send Mrs. Sawtelle to the National Red Cross conference to be held in Washington, D. C., in June.

A new age of automobiles begins with this car

Touch a button—in less than a minute the steel top disappears magically into the trunk—and you're in a supremely elegant convertible. It's two cars in one!

Here Today! The FORD SKYLINER — world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction. The first Ford "A" Ford was such a car... The first Ford V-8 was such a car... The first Ford Thunderbird was such a car. Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The Skyliner—world's only hide-away hardtop. If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the Skyliner is evidence of the engineering skill you get in every Ford model.

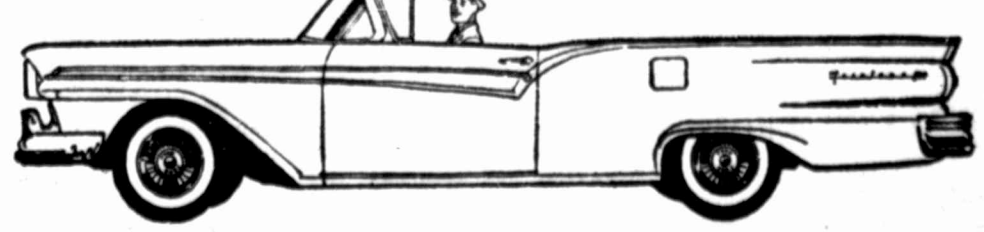

The Ford SKYLINER, the only all-steel hide-away hardtop, is a car for history. This is an old dream of Detroit, a dream of two generations of motorists. And today Ford has made that dream come true—in steel. But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they kept striving toward the goal long after others had given up the chase. To understand this Ford spirit you must go back to 1908. That was the year when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude... so low in price that no man making a good salary will be unable to own one." And they did. Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced. But Ford did it.

of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers. Plan to see it soon. And ask your Dealer to show you the exciting advances in all models of the new Ford line for '57. In creating the Skyliner, the world's only all-steel hide-away hardtop, Ford continues its tradition of being first with the important innovations. Come in and see this newest example of Ford's leadership. Let us give you the exciting details on this revolutionary car—and the other great '57 Ford models. Discover for yourself the things you get in Ford that no other car can offer. Discover for yourself why the '57 Ford leads all other cars in sales. And now this history-making car, this prototype

A car born of the habit of being first... the newest new kind of Ford

1. It's an all-steel hardtop with sleek Victoria styling... 2. Touch a button and presto! It's a sun-loving convertible!

Leading Big Spring Hitter

Rickey Terry (above), senior catcher, is leading the Big Spring Steers in hitting at the present time with an average of .484. The co-captain of the Longhorns has 15 safeties in 31 official trips to the plate.

Odessa Red Hosses Decision Bovines

ODESSA (SC) — The bottom fell out for Big Spring after the Steers built up a 3-1 lead through the first three innings and Odessa raced to an 11-5 District 2-AAA baseball decision here Tuesday afternoon.

The start was Odessa's first in conference play. Big Spring now has a 0-2 won-lost record within the district and a 5-4 record overall.

Home runs by Billy Blum, the Steers' starting hurler, and Preston Daniels provided the Steers with their early cushion.

Odessa got rid of their antagonist, Blum, in the fourth with a seven-run outburst, however, and continued to hammer away at Chubby Moser and Bobby Suggs, his successor.

The Bronchos sent 13 men to bat in the big fourth. They got only five hits in that round, three bases on balls, a bobble and what Coach Roy Baird described as several "mental errors."

Dick Stice drove out a first inning round-tripper for Odessa as the leadoff man. He and Ray Stoker were the only Bronchos to collect more than one safety. Each collected two blows.

Big Spring's five hits were scattered among as many players. Blum clubbed his four-master in the third with Bernard McMahon aboard and Daniels followed with his solo smash.

The Steers return to action in Big Spring Thursday, tangling with Midland at 4:15 p.m.

On Friday, the Longhorns play host to Abilene in a game starting at 2 p.m.

LOOKING 'EM OVER

With Tommy Hart

Jack Poppell, who played second base for the Big Spring Longhorn League entry under Pepper Martin, recently took unto himself a bride.

The new Mrs. Poppell was Miss Louise McLaugh of Plainview, where Jack played after leaving here.

Poppell, a native of Augusta, Ga., is trying to win a berth on the Augusta team in the Class A Sally League. Between seasons, he's employed in the Augusta post office.

Al Lichtner, the basketball official who was involved in that rubarb with Coach Abe Lemon of Oklahoma City University during the NCAA playoffs in Dallas last month, seems to have a knack for becoming involved in controversies.

Lichtner accused the Oklahoma City team of "unethical play and racial prejudice" at Dallas.

A week later, Lichtner was in Kansas City to work the NCAA finals and he made the news again. Al was working the game between North Carolina and Michigan State. Late in the contest, Lichtner blew the whistle and called time out for the Tar Heels.

It happened just after the Spartans had cleared the backboard and were in possession of the ball. The only thing wrong was that North Carolina hadn't called time out and would have been allowed to, only at the cost of a technical foul. The crowd boomed lustily.

But that wasn't all. A week later, Lichtner traveled to Denver to work the NAAU tournament. He did all right until the semi-final game between the San Francisco Olympic Club and the Peoria, Ill., Cats.

With the Olympians leading by one point, Lichtner called a technical foul on Warren Womble, the Peoria coach, for kicking a chair over on one of Lichtner's calls. The decision contributed to Peoria's defeat.

The Sweetwater Mustangs opened spring football practice this week and prospects are supposed to be the brightest there in years.

The story is of interest here because the Ponies will be seeking revenge for a 25-7 defeat handed them by Big Spring last fall. The Ponies catch the Steers at home again and Big Spring hasn't won a game in Sweetwater since 1935-22 years ago.

Coach Elwood Turner has a dozen lettermen returning from the 1956 season. Last fall, his Ponies were runner-up to Snyder in District 3-AAA standings and gave the Tigers a real scare before losing 3-0.

The returning veterans are Don Bishop, end; Dickie Woods and Leon Fitts, tackles; Pat Gerald and Karl Morris, guards; Russell Daniels, center; Ardis Gaitner and John Bryant, quarterbacks; Glenn Reed, Eddie Scott and Taylor Daniel, halfbacks; and James Parker, fullback.

Such standout performers as Bruce Hartgraves and Jimmy Feagan were lost to the Ponies via graduation. Hartgraves was an all-district guard. Feagan was named to the all-state team as an end.

The only AAA team to defeat Sweetwater since Turner took over as head coach two seasons back is Snyder and the Tigers have turned the trick twice.

The El Paso school board recently abolished the high school golf program entirely and dropped football at the seventh and eighth grade levels, in a move to lower athletic expenses.

Pete Cook and Boyce Hale will probably officiate most of the Big Spring Steers' home non-conference basketball games next season.

Glenn Smith, Lou Turl, Jim Scott, John Morehead, M. D. Souter, Ed Hailey and possibly Phil Price are among those lined up to work the conference tilts.

Middlecoff And Ford Main Threats In Los Vegas Meet

LAS VEGAS, Nev. — Cary Middlecoff and Doug Ford shaped up as the main threats today as a picked field of 25 golfers played final practice rounds for the fifth annual \$38,500 Tournament of Champions.

The 72-hole event gets underway tomorrow over the par 72, 7,102-yard Desert Inn Country Club course.

Middlecoff has played in all four previous tournaments, but his best finish was last year when he placed second, four strokes back of Gene Littler.

Ford, the 1957 Masters champion, played in the past three events but never was too strong a threat.

Each of the current field qualified for a shot at the \$10,000 top prize by winning a PGA-sponsored 72-hole open during the preceding year. Every player is guaranteed at least \$1,000.

Littler walked off with this rich one in 1955 and 1956, but he hasn't won a tournament since the last Las Vegas attraction.

One other past winner on deck is Art Wall Jr. Wall's 287 in 1954 still is the low score for the tournament. Littler had 281 last year and 280 in 1955.

Sam Snead and Jack Burke Jr., who won tournaments in the past year, elected to pass up Las Vegas.

Rounding out the field are Mike Souchak, Ted Kroll, Jay Hebert, Bo Winingler, Jimmy Demaret, Dow Finsterwald, Don January, Peter Thomson, Dick Mayer, Arnold Palmer, Doug Sanders, Billy Casper, E. J. (Dutch) Harrison, Ed Furgol, Bob Rosburg, Fred Hawkins, Mike Fetchick, Pete Cooper and Billy Maxwell.

Montreal Wraps Up Hockey Laurels

MONTREAL (AP) — The 1957 Stanley Cup final passed today into hockey history, the last chapter recording on blood-tinged pages Montreal Canadiens' victory over the Boston Bruins.

The most savagely fought game of the series — a game that had its highlights of fighting, brawling, slashing and almost everything in the book — turned out to be a comparatively easy 3-1 win last night for the hard-hitting Montrealers.

Eagles Smack Angelo Cats

ABILENE (SC) — The Abilene Eagles struck early and often to smother San Angelo, 15-3, in a District 2-AAA baseball game here Tuesday afternoon.

The War Birds opened up with a 17-hit barrage, including a grand slam home run by Glynn Gregory and a solo swat off the bat of Harold Stephens.

Abilene stroved eight runs across the plate in the fifth inning to break the game wide open.

Kenny Schmidt pitched for Abilene, setting the Cats down with two outs.

Kenneth Milliken took his first loss of the season for San Angelo, after registering five wins.

In other National League action, the Pittsburgh Pirates ended an eight-game skid by defeating the southpaw Johnny Antonelli and the New York Giants 9-2.

In the American, the Chicago White Sox and Billy Pierce outlasted the Cleveland Indians and Herb Score 3-2 in 11 innings; the New York Yankees broke up a tie in the ninth to defeat the Washington Senators and Chuck Stobbs 2-1; and Boston's Red Sox packed their punch into one inning to beat Baltimore's stay in first place 4-2.

Musial, the 36-year-old lefty swinger who wants to hit 340 — his lifetime average — this season, doubled twice to lead the 17-hit Cardinals attack. Herb Weimer spiked the Redlegs' gump base, permitting only four extra-base hits. Rookie Bobby Gene Smith homered with two on and Wally Moon socked a three-run shot for the Cards. Johnny Klippstein lost it.

Spahn set down the last 14 men he faced after loser Bob Rush's RBI double in the fifth. Johnny Logan capped the Braves' winning four-run sixth with a two-run homer.

Cimoli, who had three hits in six trips while opening in left field

Dallas Surges Into First Place In Texas League

The Texas League always has been known as a pitchers' circuit but not until hot weather.

This season it's starting out like that. The first game in the seven games played and five sparkling performances have been turned in, two of them Tuesday night as the league struggled to get in its second round of home openers without complete success.

Dallas surged into first place with its second straight victory over Fort Worth's puny-hitting Cats. In the two games Fort Worth has gotten a total of seven base knocks. Tommy Bowers beat the Cats with a 4-hitter in the first game Sunday and Tuesday night Ernie Broglio, a rookie, tamed the Felines with a 3-hitter as Dallas won 7-1.

The shoe was on the other foot as Austin whipped San Antonio, to whom it had lost 17-4 in the opening game. The Senators went home and socked San Antonio 3-0 on Mike Lemish's 6-hit job. In the first game San Antonio's Ron Moeller had turned in a similar performance.

The fifth top twirling job was the Dave Newkirk and Charley Boggan combine that held Houston to three hits.

But Houston got mad and as a result the Buffs and Shreveport hooked up in a slugfest at Shreveport Tuesday night. Houston won 9-2 as it combed four Sport pitchers for 10 hits. Shreveport got a like number but couldn't bunch them off Nelson Chittum, who went the distance and gained the decision.

Fort Worth apparently won the Texas League opening day trophy. The Cats pulled 7,034 ticket sales for their game with Dallas Tuesday night. It was almost 2,000 better than Houston drew Sunday.

York Shades Baker In Mound Duel

MIDLAND (SC) — James York shaded Ronnie Baker in a pitching duel as Midland nosed out Snyder in a practice baseball game here Tuesday afternoon, 10-0.

The game went an extra inning and was decided when Sam Rosson singled to Butch Howard with no one out.

York surrendered only three hits to Snyder while Midland managed six off Baker.

Snyder 000 000 — 0 3 0
Midland 000 000 01 — 1 6 2
Baker and John; York and Samford.

Central Ward, No Longer A School, Won Six Titles

Central Ward, no longer a school, has won the most athletic championships among grade schools.

The Calves, from 1950 through last year, captured six titles, all but one of them in basketball.

College Heights has won five crowns, three of them this year. Kate Morrison was crowned the best four times. West Ward earned three championships and tied with Airport in another.

North Ward took the softball crown in 1956, the only title it can claim. Washington Place ruled the roost in basketball in 1955.

Other schools have been shut out since the ward school program was organized by Carl Coleman here in 1950.

The champions, by years and by sport:

FOOTBALL
1950—College Heights.
1951—Kate Morrison.
1952—West Ward.
1953—West Ward.
1954—West Ward and Airport.
1955—Kate Morrison.
1956—College Heights.

BASKETBALL
1951—Central Ward.
1952—Central Ward.
1953—Central Ward.
1954—Washington Place.
1955—Central Ward.
1956—College Heights.

SOFTBALL
1951—West Ward.
1952—Kate Morrison.
1953—Kate Morrison.
1954—Central Ward.
1955—Central Ward.
1956—College Heights.

Webb Tracksters Nudge HC Hawks By 1 Point

Bruce Sweeney paced the Webb Air Force Base track and field team to a 55-54 victory in a dual meet with HCJWC here Tuesday afternoon, despite the fact that he became ill and had to miss one event.

Sweeney scored 24 1/2 points, winning first places in the broad jump, 220-yard dash and both hurdle races. He also anchored the winning sprint relay team and placed second in the 100-yard dash.

In the latter event, Freddy Stuart of HCJWC won in a photo finish. Stuart paced the HCJWC team with 12 1/4 points. He won seconds in the 220, the low hurdles, anchored

the victorious mile relay quartet, along with first place in the century.

Bobby Fuller of HCJWC won first places in the 800 and mile, cor-1-ling in each. Steve Marcinko of Webb was first in both the discus and the shot put, as expected.

One event — the broad jump — was not held due to Sweeney's illness. He was a heavy favorite in that event but the Hawks possibly would have won the other three places, in which case the meet would have wound up in a tie.

Webb won eight first places to four for HCJWC. In the other event — the pole vault — Hank Nottingham of Webb and HCJWC's Tommy Black — tied, each with a leap of 12 feet 6 inches.

TOM MORGAN SHINES

Musial, Cardinals Blast Cincinnati

By ED WILKS

The 1957 major league season is barely 24 hours old on a full-fledged basis, yet everything looks to be falling into the predicted pattern:

1. Stan (The Man) Musial wasn't kidding when he said he was shooting for his seventh National League batting title. He was 4-for-4 as the St. Louis Cardinals, picked as the "most improved club," tagged the Cincinnati Redlegs 13-4 in yesterday's opener.

2. The Milwaukee Braves, out to show they can do the job and generally conceded as having the best pitching staff in the league, came from behind to beat the Chicago Cubs 4-1 on Warren Spahn's four-hit pitching.

3. Tom Morgan, insisting all along he was a starting pitcher and not a reliever, made his first start since July 4, 1955, went the way and beat Detroit 2-1 with a four-hitter for the Kansas City Athletics as an escapee from the New York Yankee bullpen.

4. Newcomer Gino Cimoli, described in the spring by Manager Walt Alton as "one guy who has to be in the lineup," belted a 12th-inning home run to give the Brooklyn Dodgers a 7-6 decision over the Philadelphia Phillies in the lone night game.

In other National League action, the Pittsburgh Pirates ended an eight-game skid by defeating the southpaw Johnny Antonelli and the New York Giants 9-2.

In the American, the Chicago White Sox and Billy Pierce outlasted the Cleveland Indians and Herb Score 3-2 in 11 innings; the New York Yankees broke up a tie in the ninth to defeat the Washington Senators and Chuck Stobbs 2-1; and Boston's Red Sox packed their punch into one inning to beat Baltimore's stay in first place 4-2.

Musial, the 36-year-old lefty swinger who wants to hit 340 — his lifetime average — this season, doubled twice to lead the 17-hit Cardinals attack. Herb Weimer spiked the Redlegs' gump base, permitting only four extra-base hits. Rookie Bobby Gene Smith homered with two on and Wally Moon socked a three-run shot for the Cards. Johnny Klippstein lost it.

Spahn set down the last 14 men he faced after loser Bob Rush's RBI double in the fifth. Johnny Logan capped the Braves' winning four-run sixth with a two-run homer.

Cimoli, who had three hits in six trips while opening in left field

Cinder Show Is Moved Up

The second in a series of ward school track and field meets involving eight schools within the city, takes place in Memorial Stadium this afternoon, starting at 4 p.m.

The meet was originally scheduled for Thursday but was moved forward a day due to the fact that several of the schools are planning Easter pageants for Thursday.

Washington Place won last week's meet and, of course, will be favored in today's cinder carnival. However, the Colonials face strong competition from East Ward, Kate Morrison and College Heights.

Emmett Hutto, coach at Kate Morrison, is director of today's meet.

Spoonmore Hired As Albany Coach

ALBANY (AP) — Carl M. Spoonmore, former head coach of McGregor High School, has been named head coach of Albany High School, replacing Melvin Lindsey, who resigned.

Spoonmore has been in the insurance business at Raymondville for the past two years.

Local Bowlers Sweep Boards In Midland

Both Big Spring teams in the Midland Women's Bowling League scored resounding victories in Tuesday night competition.

Cosden, which still has a chance to overtake the pace-setting West Texas Reproduction team, blanketed Midland National Bank, 4-0; the same margin by which Pinkie's turned back Ray's Rendezvous.

Cosden now trails West Texas Reproduction by two points. The pace setters edged Pearl Beer, 3-1, in competition last night.

In other action, West Texas Brick and Tile upended Honolulu Oil, 4-0; Fashion Beauty tied Basin Electric, 2-2; and Lone Star Beer was deadlocked by I. W. Hynds, 2-2.

In rolling to its win, Cosden registered scores of 722-756-690-2168. Midland National Bank countered with 642-706-683-2031.

Olive Cauble led the local team with 179-484. Shirley Bishop was right behind her, with 172-473.

Next week, Cosden takes on Lone Star Beer.

Sparked by an 817 second game, Pinkie's rolled to a relatively easy sweep over Ray's Rendezvous after an uncertain start. Pinkie's won by only five pins in the first game.

Pinkie's scores were 692-817-763 for 2272. Ray's came in with 687-702-742-2131.

Mary Ruth Robertson had high game for Pinkie's, with 188. Angie Merrill came in with a 180 and went on to get the best aggregate, 478. Frances Glenn responded with the second best total, 478.

Next week, Pinkie's tries Pearl Beer.

Union Board's Rejection Of Hearing Makes Beck Happy

GALVESTON — When the Teamsters Executive Board in effect rejected a May 6 AFL-CIO Ethical Practices Committee hearing for Dave Beck, the union's 62-year-old president was a happy man.

Beck told reporters he was happy. He indicated the board did just what he had hoped it would do in a five-hour emergency session yesterday in the resort city.

"I'm not going to give any interpretation because the board's action speaks for itself," he said. "Yes, I'm happy. It is in harmony with what I thought the board would do."

The board adopted two resolutions and two motions which turned down AFL-CIO plans for hearings on corruption charges against Beck and charges that the Teamsters are "dominated by corrupt influences."

The union's top command said the AFL-CIO Executive Council was without authority to suspend Beck. The council also was accused of making findings of "corrupt influences" without assuring the Teamsters of the "fundamentals of fair adjudication."

George Meany, AFL-CIO presi-

dent, was asked to appoint a committee to discuss Beck's suspension with a Teamsters committee. Meany was advised the Teamsters would answer the corrupt influences charge only when the fundamentals of fair investigation are provided, that the answer would not be made by Beck alone but by the union's entire Executive Board.

"Does this mean you won't attend any AFL-CIO hearing in the month of May?" Beck was asked.

"Don't put those western words in my mouth," the round Beck shot back. "The language of the board's action is specific and clear. It is an understandable text."

"Will you read for us the resolutions adopted?"

"No, I'm getting out here. I'm sure most everyone here can read better than I."

"We like your voice," said a television cameraman.

"Flatter me and I'll agree with you," the jovial union chief said while hurrying to an elevator across the hall from the hotel penthouse meeting room.

All the resolutions and motions

were said to have been adopted unanimously.

Beck entered the meeting amid reports he wanted the Teamsters to ignore the May 6 hearing on the charges brought after he invoked the Fifth Amendment 117 times appearing before the Senate Rackets Investigating Committee.

The new resolutions and motions made no reference to charges by the Senate committee that Beck diverted over \$320,000 in union funds to personal use.

Instead, the board said the filing of the charges against Beck by the AFL-CIO Council "was contrary to the provisions of the constitution of the AFL-CIO." The board authorized such action as may be necessary "to fully protect the International Brotherhood of Teamsters, its officers and members."

The executive council of the AFL-CIO has, without hearing, made a finding that there is reason to believe this union is dominated by corrupt influences," the second resolution said.

SO DINGDANG SUSPENSEFUL

PHILADELPHIA — Court Crier D. Michael Tankle was just about to ask the Criminal Court jury for the verdict in a drunken driving case when he noticed defendant William B. Dingdang was missing.

Turned out the suspense was just too much for Dingdang. He'd fainted in a chair behind the jury box. He was taken to hospital, where his condition was reported good.

The verdict: innocent.

Pleads Guilty To Burglary Charge

George Krusely, charged with burglary, pleaded guilty in 118th District Court Tuesday afternoon.

His plea was accepted and Judge Charlie Sullivan sentenced him to three years in state penitentiary.

Krusely was arrested some time ago when officers spotted him on the concession stand at the Sahara Drive-In Theater. He has been held in jail since that time.

The rear door of the concession stand had been forced, officers said.

Broker Will Fight Extradition Moves

DETROIT — Ewing Scott, retired Los Angeles investment broker sought for 11 months by police in two countries, said today he will fight every effort to return him to California to face charges of murdering his wealthy socialite wife.

The distinguished looking 60-year-old Californian said that charges he killed his wife were "asinine." "That's just plain ridiculous and stupid," he said.

Scott was nabbed Monday night in a routine customs check at the Canadian border when he tried to drive an unlicensed car into Canada.

He insisted at first that he was Lewis E. Stewart, a retired businessman, but admitted afterward to U.S. immigration officials that he was the man sought by California police. Canadian authorities had been asked to watch for Scott on the belief he had fled the United States.

Scott was arraigned on a fugitive warrant yesterday in Detroit

Federal District Court. Judge Thomas P. Thornton ordered him held pending a hearing May 7 on removal to California.

California authorities said the state was acting as quickly as possible to extradite him.

Scott's 63-year-old wife, the

five-times-married Mrs. Evelyn Throsby Scott, disappeared from her fashionable Bel Air home in Los Angeles May 16, 1955. Police later found her false teeth and glasses in the back yard of the Scott home. Scott denied any knowledge of her disappearance.

He jumped \$25,000 bail and vanished in May 1956 after he was indicted by a grand jury on charges of mishandling his wife's \$600,000 estate. Five months after his disappearance the county grand jury at Los Angeles indicted him on a charge of murder.

Brain Boss Glands Grow Under Glass

By ALTON L. BLAKESLEE
 Associated Press Science Reporter

CHICAGO — A mysterious brain boss and body glands are being grown under glass to solve some of life's deep secrets, scientists reported today.

Living bits of these organs are being kept at work in test tubes to learn how big they are.

The technique is an initial step toward putting all the body's glands and hormones into a test-tube system for more knowledge of how they control life, health, sex and activities.

The brain center is the hypothalamus, deep in the middle of the brain.

There is increasing evidence that it is top dog over the body's whole gland system. It seems to regulate an amazing number of functions, including heart beat, breathing, appetite and temperature. In humans, it appears to be the switchboard of emotions too, relaying thoughts and feelings into effects and influences on the body.

The hypothalamus sits atop the pituitary gland, long thought to be the body's master gland. The pituitary releases powerful hormones. Some of them control or affect the adrenal glands, sex and other glands.

But a current idea is that the

pituitary really takes orders from the hypothalamus. The hypothalamus seems to be the governor or real manager.

Interactions of hypothalamus and pituitary glands from rats are being studied by Dr. Irving S. Johnson and R. Barbara Matas of the Biological Research Division, Eli Lilly and Co., Indianapolis. They described the technique and results to the Federation of American Societies for Experimental Biology.

A first study concerns growth hormone, produced by the pituitary. When there is too much growth hormone, people grow seven feet tall or more. With too little, they are short-statured.

Their experiments indicate the hypothalamus, in rate at least, can control how much growth hormone comes from the pituitary.

Senators Begin Foreign Aid Report Work

WASHINGTON — A special Senate committee began preliminary work today on a report expected to endorse the broad outlines of Secretary of State Dulles' "new look" foreign aid program.

It may be critical, however, of the manner in which past programs have been carried out by the International Cooperation Administration.

Senators H. Alexander Smith (R-N.J.) and Sparkman (D-Ala.) said in a separate interview they expect the group to support Dulles' proposal for creation of a revolving fund to make easy-term loans to underdeveloped countries.

The two senators said they believe a majority of the special foreign aid survey group, made up of members of the Foreign Relations and Armed Services committees, also will favor transfer of foreign military assistance to the Defense Department budget.

However, Sen. Bridges (R-NH) said he will oppose any such transfer as an effort to "disguise foreign military aid by shifting it to a place where it would be more popular." His opposition indicated a split is likely among Republicans on this issue.

Smith said he thinks that if military and economic aid are separated and the proposed revolving fund is set up there can be some economies made in Eisenhower's \$4,400,000,000 program.

He said if Dulles' proposal to set up a loan fund is carried out, "it will be the best thing we have ever done in the foreign aid field."

"This would put us in the position of having the countries which want assistance come to us and tell us what they need," he said.

"I never did believe in the system of sending an army of Americans into some country to tell them what they need in the way of aid and to urge it on them."

Sparkman said he thinks the survey committee will recommend that Congress keep its finger on the proposed revolving loan fund, so there can be at least a yearly check on its operations.

Dulles has said money might not be needed for the fund this year. Subsequently, he said, as much as 750 million dollars a year might be required.

But a current idea is that the

Hungary Uprising Spirit Unquenched

VIENNA — New measures are necessary in Hungary "to wipe out the counterrevolution," Communist Foreign Minister Imre Horvath declared in a speech reported today by Radio Budapest.

His declaration that anticommunism had not been quelled came nearly six months after the outbreak of the revolution crushed last November by the Russians. It appeared to be an admission that six months of arrests, trials and executions have not wiped out the spirit of the uprising.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, WEDNESDAY, April 17, 1957 SEC. B

In Easter Play Today

George Kozachuck, left, and George Clark, will be in an Easter play to be presented at 7:30 p.m. today at the First Methodist Church. Both are students at Howard County Junior College and were participants last week in the state junior college speech tournament. Kozachuck placed third in the men's oratorical division, using a piece with an Easter theme about man's destiny and eternal life. Clark was in the radio speech division. This evening's production, done in concert reading style, is entitled "Terrible Meek," created by Charles Kennedy.

Math Expert Confers With Teachers Here

Lyle Hance, arithmetic editor for the Winston Publishing Company, was in Big Spring today for conferences with school teachers and supervisors.

He was to meet with principals from 9:30 a.m. to noon, and speak at a general assembly of elementary teachers in the high school cafeteria at 3 p.m. Earlier in the afternoon, he was available for talks and demonstrations in several classrooms.

S. M. Anderson, curriculum director for the local schools, said Hance's visit here was a forerunner of the in-service training program being planned for teachers. Anderson described Hance as one of the nation's foremost authorities on mathematics. He has served as arithmetic editor for the Philadelphia textbook publishing firm for 15 years.

Last summer, Hance conducted a week-long workshop for the National Association of Mathematics Teachers.

His topic at the teacher assembly this afternoon was "Modern Trends in Teaching Mathematics." Hance conducted a familiar program in the Wichita Falls schools Tuesday.

Achievement tests here last fall disclosed Big Spring pupils rate well below the national "norm" in the field of arithmetic.

Menon Named

NEW DELHI (AP)—Prime Minister Nehru today named V. K. Krishna Menon, his controversial foreign affairs adviser and roving envoy, to be defense minister in his new post-election Cabinet of 12 members.

Largest Tent Circus On Tour Is Scheduled Here

The Al G. Kelly and Miller Brothers Circus, largest now being staged under canvas in the U.S., is due here for a one-day engagement May 23.

Arthur W. (Art) Miller, general representative for the circus, was in Big Spring Tuesday making arrangements for the presentation. Matinee and evening performances will be given under a big tent at the rodeo grounds in the west edge of town.

The circus, featuring the largest menagerie now on tour, also will present an act by Tim McCoy, western movie star.

The Kelly and Miller Brothers Circus will be the first presented here in several years. It is now exceeded in size only by the Ringling Brothers and Barnum and Bailey show which now longer is presented under the famed "big tent."

The menagerie includes more than 200 animals, plus a herd of 21 elephants.

Included are giraffes, hippopotamus, rhinoceros, lions, tigers, leopards, several species of monkeys, apes and baboons, several types of bears, hyenas, baby gorillas, kangaroos, mandrills, gnu, emu, llamas, seals, sea lions, wart hogs, India water buffalo, zebu, bison, Persian white sacred deer, zebras, camels, tapirs, an aviary of tropical birds, dens of reptiles, and 127 head of horses.

TYLER (AP)—A prize Aberdeen-Angus bull valued at \$230,000 is dead at the age of seven.

Tommy Stuart, manager of the B. G. Byars Royal Oak Farms, yesterday reported the death of Prince 106 TT, who had sired more than 1,000 calves.

CARD OF THANKS

We wish to express our sincerest thanks to the many kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers, food, and other courtesies extended to us during our recent bereavement.

Family of Mrs. R. T. Kelley

Prize Bull, Father Of 1,000, Is Dead

TYLER (AP)—A prize Aberdeen-Angus bull valued at \$230,000 is dead at the age of seven.

Tommy Stuart, manager of the B. G. Byars Royal Oak Farms, yesterday reported the death of Prince 106 TT, who had sired more than 1,000 calves.

'Clean - Sweep' Is Scheduled For Lamesa

LAMESA — The annual clean-up campaign for Lamesa has been set for May 6-11.

The Clean-Up committee of the Chamber of Commerce, in a breakfast session Tuesday, laid the groundwork for the week-long drive, and set Thursday, May 9, as a red-letter day in the campaign. That day will be designated "Operation Clean-Sweep."

Richard Crawley, named chairman of the day's activities, said that the Red Cross, Civil Defense, National Guard, Police and Fire Departments will all be asked to take part in the operation.

Early Peltier, general chairman of the campaign, reported that the civic clubs again this year will be asked to distribute check lists to the residents of the city through a zoning plan.

Bill Nolen was named chairman

of the vacant lot committee; Mrs. J. H. Adkins, plant exchange; John Sanders, window posters; Jim O'Brien and Hal Fees, public;

Crawley and Dr. Charles Bucy, school activities; and W. B. Osborne and John Agee, block chairmen.

Two Lamesans Are Elected

LAMESA — Two Lamesans, Bernie Holt and Pat Ryan, were named officers in the Highway 180 Association which met this past weekend at Hobbs, N. M.

Ryan was named secretary-treasurer, replacing Mrs. Louise McCall, who, after nine years in the office felt she could not continue. She received a unanimous vote of thanks for her efforts on behalf of the association. Holt succeeded Ryan as first vice president.

Jack Vinson of El Paso was named president and W. B. Lee of Snyder, second vice president. Harry Rorer was named director to represent Lamesa, succeeding Holt. Lamesans attending include Holt, Rorer, Ryan, George D. Norman Jr., and Dr. R. F. Nix.

Ryan reported the 13th annual meeting will be held next year in Snyder. The 40 members attending the meeting from cities as widely separated as Fort Worth and El Paso, outlined new objectives of the association, and set the membership drive throughout the member cities for May 15.

Wet Weather U. S. Outlook

Wet weather, mostly showers, was indicated today for most of the nation, similar to yesterday's widespread precipitation and cloudy skies.

Mild weather prevailed in most areas. Warming continued in the eastern part of the country from the Great Lakes region to Texas and eastward to the Atlantic Coast.

Temperatures ranged from near 40 in the extreme north to the 60s in the Gulf Coast states. The southerly winds that warmed the areas also brought moisture from the Gulf, spreading light showers and drizzle from eastern Kansas and Oklahoma eastward through the Middle Mississippi and Ohio valleys and into New York and most of Pennsylvania.

While precipitation was light in most areas, moderate amounts were reported in scattered thunderstorms from southern Iowa southward through Louisiana and Mississippi.

Egyptian Slain

UNITED NATIONS, N.Y. (AP)—Kamal Eddine Salah, Egyptian chairman of the U. N. Advisory Council on Somaliland, was assassinated yesterday in the trust territory in East Africa.

Murder, Suicide Ruled In Deaths Of Boy, Grandmother

EL PASO (AP)—Justice of Peace Texas Ward has ruled that a boy shot his grandmother to death here and then killed himself with a bullet through the temple.

The victim was Mrs. Mary Taylor, 67.

The parents could not explain why their son, an honor student at an El Paso elementary school, turned the rifle on his grandmother and then shot himself.

Police said they found the crushed remains of a cigarette in the boy's bedroom. They said the grandmother might have discovered him smoking and chastised him.

The two had been dead about an hour when the bodies were discovered.

Mrs. Taylor was lying in a hallway, three bullets in her body. The boy was in his bedroom, the rifle by his side.

Before Mr. and Mrs. Pavey left home for dinner with friends, police said, they had told the boy to clean the rifle. The family had gone on an outing Sunday and had fired the weapon at targets.

"Who appointed you literary censor, Sheldon? Stop writing 'bosh' and 'fiddlesticks' in all the margins."

HOLLYWOOD YARNS

Articulate Stars And Some Others

By HUBBARD KEAVY

HOLLYWOOD (AP)—I went reluctantly to keep a date to interview Luise Rainer. Our dog had had puppies and our sons were in a happy dither. I drove to M-G-M. Studio wishing I could have stayed home to share the boys' fun.

Luise was late. That didn't upset me, because being tardy is a movie star's prerogative. But when she arrived she was pouting. She didn't want to be interviewed. She didn't like interviews. But the studio said it had an important outlet and she'd better see me.

"But why should I let you ask me personal questions? Why? What difference does it make to you what I sleep in? What I eat? What I think? Why should you want to know?"

"Miss Rainer," I said, "this may not interest you one bit. But at home I have two sons and five puppies and I'd much rather be there, with them, than here, with you. But I represent the fans who go to see your pictures and it is my job to tell those fans what you are like in real life. Believe me, I do not enjoy this particular day's work any more than you indicate you do. I shall, however, be happy to quote you to show that you can be a very difficult person. You could make this a pleasant hour and you could be courteous."

With that Miss Rainer turned on her great charm and what had started out to be a bad quarter hour and perhaps no story turned into a nice occasion and a pretty good story.

I wished later that when Luise turned affable, I had talked her into taking one of the pups.

A photographer and I thought up a peachy idea for interviews: take pictures of the star as she talked, using exact quotes for the captions. We tried it out first on Marie Wilson and she, being so effusive and given to gesturing while talking, made an ideal subject.

Next we tried it on a famous star who is noted only for shapely build and well moulded features. She was unable to answer questions and look well for the pictures at the same time. A one-track mind, if I ever saw one. The pictures lacked the sparkle and so did her quotes.

Some stars talk readily, speaking in quotable phrases. John Barrymore was one. His brother Lionel would discuss any subject but himself in a brilliant discursive way.

Humphrey Bogart loved to talk on any subject. Fred Macmurray, when he came here in the 30s, was a dull and uninteresting talker. But, having developed confidence, he talks freely and well.

You run into some funny things during interviews. There is one old and still prominent actress whose every sentence is peppered with profanity. But even on her it doesn't sound good. Ava Gardner showed me how to make a really dry martini: with an eye dropper, float two drops of vermouth on a glassful of gin. While visiting Richard Dix, a neighbor dropped in to talk about treatment of mother-in-laws. What Dix had to say about in-laws made better reading than his answers to my questions.

Tomorrow: Party-going is an obligation in Movie-land.

High Schoolers In The Chips

BERKELEY, Calif. (AP)—Dad always suspected it. Now a survey has confirmed it: money-wise, a high school pupil is very much in the chips.

In fact, a survey of the 2,600 in Berkeley High School indicates they have a combined annual buying power of around \$900,000.

The survey, directed by Dr. Manville R. Fetters in this city housing the University of California, came up with these tidbits: Average income was \$1,338.84 during 1956. Part came from allowances ranging from \$1 to \$17.50 a week. Part came from wages and salaries.

Most of the 2,600 got allowances. But most of them also did part-time work.

More than a third received allowances from \$1 to \$2 a week; 30 per cent got \$2 to \$3; 25 per cent got \$4 to \$5; the remainder got \$6 to \$17.50.

Four out of five worked at least part time. Half worked all year. The average pay was 75 cents to a dollar an hour. Some earned \$1.25 an hour.

Baby-sitting was the most popular job. Now for the expenditures: 60 per cent reported the major item as clothing, an average of \$89.37. Entertainment took \$51.36; food \$63.40.

Highest average amount for any one expenditure was for a car. Car expenses for 14 per cent of the enrollment averaged \$61.91.

Israel Accused Of Raids On Gaza
UNITED NATIONS, N.Y. (AP)—Egypt last night accused Israel of raiding across the Gaza border and warned the U. N. Security Council this might be a forerunner to "new acts of terror and violence."
Israel in turn announced a wave of murder, kidnaping and shooting along her borders with Jordan, Syria and Lebanon.

Application In
WASHINGTON (AP)—The Communications Commission yesterday received an application to approve assignment of the operating license of KCRS, Midland, Tex., to Midland Broadcasting Co.
Strike Averted
WACO (AP)—A threatened strike by employees of General Tire and Rubber Co. here was averted in last-minute talks last night. The strike had been scheduled for midnight.

Opponent For Meyner Chosen
NEWARK, N.J. (AP)—Sen. Malcolm S. Forbes, an early Eisenhower booster, will be the Republican candidate for governor of New Jersey against Gov. Robert B. Meyner in November's election. Forbes, backed by almost all the

large GOP county organizations, defeated Sen. Wayne Dumont Jr. of Warren County by more than 38,000 votes in yesterday's primary election.
With returns from 4,186 of the state's 4,213 districts, Forbes led Dumont 213,528 to 124,902. Forbes carried 14 of the state's 21 counties.
Meyner, seeking a second four-year term, was unopposed in the Democratic primary. He left for Florida with his wife shortly after voting yesterday.

Big Spring (Texas) Herald, Wed., April 17, 1957 5-B

Osorio Willing To Take Lie Test In Dispute

AUSTIN (AP)—Insurance Commission Chairman John Osorio says he is willing to take a lie detector test in his row with Gov. Price Daniel over his Senate confirmation and insurance commission reorganization.
Rep. Jerry Sadler of Percilla, who brought the fuss out into the open with a letter to Osorio asking him a series of questions about the confirmation, suggested that both Osorio and Daniel take the test. This came after their versions of what happened showed wide variations.
Osorio said he would take the test if Daniel would.
Daniel himself didn't answer but his executive assistant, Jake Jacobsen, issued this statement: "The governor has no further comment. His statement today speaks for itself. He will not descend to the level of personal attacks and political sideshows designed entirely to divert attention from the urgent need for a cleanup and reorganization in the insurance department."
In a letter answering questions put by Sadler, Osorio claimed Daniel made him a secret job proposition in connection with his confirmation and with the governor's suggested insurance commission reorganization. Osorio said he turned it down in the belief that to accept would be to violate his oath of office.
Daniel replied that the charge was "false." The governor said the insurance commission needs a "complete cleanup" more than any other State Department.
Daniel said he thought it was a mistake "to place a man at the head of the insurance department who had been so closely associated personally and politically with the past chairmen and administration of this agency."
Two past chairmen of the commission, Garland A. (Chink) Smith and J. Byron Saunders, were named to the board by Shivers. Smith's and Saunders' relationships with BenJack Cagle, promoter of the ICT Insurance Co., were sharply criticized by the House investigating committee.
Daniel said that in view of the "misrepresentations" he would fight "even harder for such cleanup and reorganization."
"As stated on the day Jerry Sadler made his attack several weeks ago, I had been advised that these personal attacks would be made on me if I continued to advocate such reform legislation as insurance reorganization, code of conduct, law enforcement commission," Daniel said.
"I do not believe these tactics will succeed in covering up the need for the reforms which I have advocated and for which I believe a majority of the Legislature will vote."
Osorio said that members of Daniel's staff originally told him Daniel would approve his appointment, and that the governor "switched" his opposition. The governor told him he regretted the "misunderstanding" but said "he had to have control of the Board of Insurance Commissioners."
Daniel replied that he had never before been confronted "with such false charges and misrepresentations" as the Osorio letter contained.
"This attempt to impugn my motives in advocating reorganization of the insurance commission is nothing more than an effort to keep in power the past administration of this department," Daniel said.
While his confirmation was pending in the Senate, Osorio said, Daniel told him he would not fight it "if I made a positive statement in favor of the reorganization bill" if the bill passed, Osorio added. Daniel told him he could continue to serve as an advisor "until I could get relocated."
Under the pending reorganization bills, Osorio's job would be eliminated.

Mother Earth Gets Physical Checkup

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK, April. (AP)—Mother Earth is getting a vast and unique physical checkup.
The results could profoundly affect your own life for the better.
To do this checkup, 5,000 scientists from 56 nations will go digging, crawling, climbing, sailing, freezing, baking, testing, comparing, flying — and even crashing the gravity barrier into limitless space.
They will probe into earth's temperatures and pressures, the complicated actions deep inside the earth and high in the air above, and the powerful influences acting from the outside.
For science is making a great assault against ignorance about our world, seeking to solve secrets of the earth and the mysterious forces which control and shape our lives.
From it all may come better control over climate and weather, improved or even new ways of communication, even perhaps gifts and powers as yet undreamed of by mankind.
The assault is the International Geophysical Year (IGY), starting officially July 1 and lasting 18 months. Geophysics is the science of the earth. Vanguards of this geophysical task force already are at work at the South Pole and other stations around the globe.
Man has lived on earth about half a million years. He has charted much of its lands and seas, but in all this time he has dug only about six miles deep into the earth's crust and has soared not much higher above the ground.
Compared with the four-billion-year age of the earth, it is as though mankind had lived for only a few seconds of time upon the skin of an apple — and knows only about its skin.
In a whole lifetime from only a few vantage points, scientists can learn only a few things about the earth and its life.
It demands worldwide, standardized efforts to understand global forces like weather, radio blackouts, cosmic rays, gravity, the advance or retreat of glaciers, magnetism and the causes of earthquakes.
That is the purpose of IGY. Scientists and engineers of all major nations, including Russia, and many smaller countries are sharing the checkup job, and will share equally all their findings.
You will be supporting it with tax funds. Congress already has appropriated 39 million dollars for U. S. participation. The American program was prepared by a national committee established by

Gambler, Wife Die In Beating

HOUSTON (AP)—Johnnie Brennan, 59, and his semi-invalid wife, Lilian, 57, were found beaten to death in the bedroom of their northside residence here last night.
Police Inspector Foy Melton described Brennan as a well known local gambler.
Police said both Brennan and his wife were beaten to death with a sharp-pointed instrument. Brennan's skull was crushed. Mrs. Brennan's body was found in a bedroom rocking chair, covered by a bedspread. She had been ill several years.
Homicide Lt. W. C. Doss said he believed Mrs. Brennan was killed after her husband was murdered.
Asst. medical examiner Ted Walsh said he thought they were killed by two or more persons.
The bodies were found by Shelby Williams, 45, who said he was a friend of Brennan. Williams said he became worried after he was unable to contact Brennan all day.

Not since **TCP*** such an important gasoline advance!

CONOCO ROYAL

with exclusive oil-plating action

The first gasoline in history with **TCP plus** to boost power as it cuts wear as it increases mileage!

At last—a gasoline that protects as it powers! A new super gasoline with TCP plus the exclusive oil-plating action of Conoco '405'—the discovery that sprays upon engine parts with a protective lubricant more than 1000 times a minute... adds protective oil-plating action to the proved power benefits of TCP!

As the proud owner of a high-compression car, you've a right to expect mile after mile of peak engine performance.
Trouble is, about 62% of your time is spent in low-temperature, stop-and-go driving—a type exactly the opposite for which your engine was designed!
The results up till now? Friction wear—to age your car before its time. Spark-plug misfiring—to rob you of swift acceleration, full power, and maximum gas economy.
As far as you were concerned, a roughness in performance—instead of the smooth response you deserved.
But now—whether you specialize in short hops or hit the highway—New Conoco Royal insures you all the performance you paid for. And, at the same time, introduces an astonishing new measure of protection.
Exclusive new oil-plating action
That's because New Conoco Royal combines

Exclusive oil-plating action—proved at Bonneville Salt Flats!

Bonneville Salt Flats. Powering a late-model American stock car in a grueling 24-hour run, crack drivers set 54 new speed and endurance marks... average over 118 mph for 2841 miles in 24 hours. Their record-smashing gasoline? New Conoco Royal with TCP plus!

And it's so durable that even in extended, high-temperature driving there was no trace of engine 'knock' or high-compression power leak.

TCP... for that powerful difference!

You'll feel a powerful change in your car's performance after just two tankfuls of New Conoco Royal. TCP's power benefits assure you up to: 15% more power, 20% swifter acceleration, 150% longer spark-plug life, improved gas mileage, and maximum octane performance. TCP acts just like an engine tune-up! And the added protection of Conoco '405' means you'll keep that new car feeling — far longer!

Helps all cars... new and old

Because New Conoco Royal actually protects as it powers, it is ideal for use in all cars, regardless of make or year. In new cars, it helps retain every bit of your engine's high-compression power. In older models, it helps restore your car's original performance.
Either way, get that *Royal Feeling* when you drive! Get New Conoco Royal with TCP plus. It's ready right now at your nearby Conoco Dealer's.

Emergency Feed Aid Is Continued

Most counties in this area remain on the eligible list for the drought emergency feed program, the State Defense and Disaster Relief Office said in Austin Tuesday.
Applications for assistance may be filed in county FHA offices through April 29 for feed sufficient to carry livestock through May 15, the agency said.
Eligible counties include Borden, Glasscock, Howard, Martin, Mitchell, Scurry and Midland.

Lower High Taxes First, USCC Urges

WASHINGTON — High taxes do most injury to the persons who do not pay them, the Chamber of Commerce of the United States asserts in a new tax study.

This comes about, the study says, because high taxes discourage business development, reducing job opportunities. Further, when business does not expand, the government loses potential revenue, and this, in turn, means still higher taxes for everyone.

Entitled "Expanding a Source of Tax Revenue," the study cites specific examples of established businesses that refused to expand and potential new businesses that never got started because of road blocks created by high taxes.

The Chamber points out that Henry Ford, in his early days of real risk, got his capital from individuals. But the Chamber notes that individuals today hesitate to risk their savings on such investments when returns will be heavily taxed.

"If all rates above 50 per cent were eliminated, the net immediate loss to the government would be only \$734 million, or slightly over one per cent of the federal budget (fiscal 1956). If all rates above 60 per cent were eliminated, . . . the net immediate loss to the government would be only \$375 million, or slightly less than one half of one per cent . . ." said the study.

The study says that while the Chamber does not at this time, under current circumstances of high revenue needs, advocate reductions of the current top rate to below 50 per cent, it does believe that a 50 per cent tax is a great deterrent to the production of income.

"We also believe," the Chamber study adds, "that the present 20 per cent minimum income tax rate is much too high . . . But even a modest reduction of the minimum rates will cause an immediate loss of revenue of considerable magnitude."

The study concludes: "It is our firm belief that the surest and quickest way of achieving appreciably lower rates in the lower brackets is to first reduce the highest rates drastically. Only in this way can sufficient additional income be generated to permit reducing the rest of the rates to reasonable levels."

Uncle Ray: Eskimos Resemble Asia's Mongolians

By RAMON COFFMAN

We are without exact knowledge of the number of Eskimos, but the usual estimate is between 30 to 40 thousand. These people are spread through lands which are both north and south of the Arctic Circle. The majority live in Greenland and Alaska, but there are Eskimo villages in various parts of northern Canada.

Q. Do any Eskimos live in Russia?

A. Yes. A few hundred Eskimos dwell on, or near, the Arctic coast of Siberia.

Q. What is the general appearance of Eskimos?

A. A rather good description was given by a British explorer, Martin Frobisher. After meeting Eskimos of Baffin Island years ago, he wrote:

Scene in Eskimo village near mouth of Mackenzie River.

"They spoke, but we did not understand them. They are like the Tartars, with long black hair, broad faces and flat noses. They are brownish in color. The men wear sealskin clothes, and so do the women. The women's faces are marked with blue streaks down the cheeks and around the eyes."

Those words suggest the modern viewpoint. Most ethnologists believe that Eskimos are related to the Mongols of Asia. The Tartars are a branch of the Mongolian race. In addition, it is believed that the Eskimos are related closely to American Indians.

The word "brownish" can be applied correctly to the skins of American Indians, as well as Eskimos. Truly red Indians (that is, strawberry red) never have existed.

ed. The general skin color is brownish, but in some tribes a reddish tinge on the brown skin may be observed.

Q. Do Eskimos have reindeer as domestic animals?

A. Tame reindeer, of the kind used by Lapps in northern Europe, have been imported into Alaska and northwestern Canada. The Eskimos in those areas have met some success in keeping the animals, but most of them are without any domestic animals except dogs.

For GENERAL INTEREST section of your scrapbook.

FREE FIVE SOUTH AMERICAN REPLICAS is the name of a booklet that tells interesting facts about our neighbors to the south. For your copy send a stamped, self-addressed envelope to Uncle Ray in care of this newspaper.

Quiz Winners Stand To Hold Onto Earnings

By CHARLES MERCER

NEW YORK — It now seems probable that the Internal Revenue Service will cast a benevolent eye on future TV quiz program winners' earnings by permitting them an income spread—provided a winner and a program have taken proper legal steps.

The pioneer step in this direction was taken by The \$64,000 Question when it recently announced that contestants can spread earnings—which now could total as much as \$256,000 on the program—over a period of four years at the rate of \$64,000 a year. Other TV quiz programs are expected to make similar announcements.

The first \$64,000 Question contestant who might try to benefit if he wishes is the youthful science whiz, 10-year-old Robert Strom.

The Internal Revenue Service has not yet ruled on the matter. Its policy is never to rule until an individual has put it to a specific test on his filed income tax return. But it reportedly looks favorably on making such a test.

The sponsor of The \$64,000 Question decided, with the cooperation of the program's producer, Entertainment Productions, Inc., to set up the legal machinery which would enable a winner to attempt an income spread if he wished.

There is widespread precedence in the entertainment field. An entertainer who might try to benefit if he wishes is the youthful science whiz, 10-year-old Robert Strom.

This, basically, is the type of entertainer's contract a quiz contestant may now sign with the producers of The \$64,000 Question.

Shall The Groom Be Forgotten? By Clyde Walls Jr.

One of the great comedians of radio and television recently wisecracked, "Are grooms people—or just the unknown quantity in the wedding ceremony?"

I call this to your attention because it has quite a serious side, too. It is this: the groom should not be overlooked when it comes to gift giving. That's the whole story in a single sentence, but much more could be written about it.

Personal gifts, of course, make the perfect present for the young man getting married. If you are uncertain about what he would like, here are some suggestions that should help you do your selection. Here, of course.

Come in and pick out a handsome set of cuff links, either in silver or gold. The newest styles are exceptionally attractive and can be engraved with his initials if you wish. Or get him a smart toilet set in leather. It contains comb, brush, razor, soap, nail file and buffer. Maybe you'd like to give him a beautiful watch. Nothing could be finer. And for as little as \$39.75 you can get a handsome timepiece he'll wear for years to come.

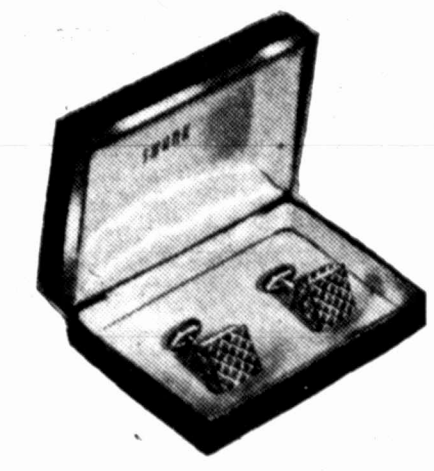

Visit us today and do something "really nice" for that young man who is about to be married.

LYNN'S JEWELERS, 221 Main

Texas Declines Car Wash Bill

UTICA, N.Y. — The governor of Texas has rejected a Utica's request that the Lone Star State pay for a car wash.

Burt Hawks, a school principal, submitted a bill for \$2.50 last month to Gov. Price Daniel. Hawks said a rain storm here March 13 contained Texas dust which dirtied his car.

Daniel replied yesterday: "I am afraid the State of Texas must decline to accept any liability in the case of your muddy car."

Furthermore, \$2.50 is an outrageous price to pay for car washing. The going price in Texas is \$1.25, despite the water shortage. If ever you grow weary of the high cost of living in New York, the welcome mat is always out in Texas for emigrants."

Woodpecker, Pals Make Mess Of Stately Column

CORAL GABLES, Fla. — Woodpeckers and would-be rescuers have made a mess of a stately white wooden column at Dr. Franklin E. Verdon's recently finished home.

Woodpecker No. 1 drilled into the hollow column's fancy molding with such headstrong energy that he fell into his own hole and couldn't climb out.

"You could hear him pecking all around in there and fluttering up and down," Mrs. Verdon said yesterday. "He made so much noise two more woodpeckers came along to try to help him out."

"They ate a big piece out of the molding and had about half the trim off when they gave up." Firemen chiseled a hole in the column's top. Dr. Verdon and a neighbor chopped two holes near its base.

Dr. Verdon believes the woodpecker finally found his way out. "But if he's still in there, we're going to take the whole column out," he said.

Rebels Active

ALGIERS — Algerian rebels killed five persons yesterday, wounded a dozen and kidnaped ten others in an area 33 miles northeast of French Foreign Legion headquarters at Sidi bel Abbes.

Quake Recorded

NEW YORK — A "fairly severe" earthquake, originating in the Pacific Ocean, was recorded late last night on the Fordham University Seismograph.
