BIG SPRING DAILY HERALD

VOL. 29, NO. 270 AP WIRE SERVICE BIG SPRING, TEXAS, FRIDAY, APRIL 19, 1957 PRICE FIVE CENTS SIXTEEN PAGES TODAY

TODAY'S WEATHER
BIG SPRING AND VICINITY: Partly cloudy to cloudy with widely scattered showers in midafternoon and late tonight. Gusty winds and some dust. Saturday partly cloudy and mild. High 84, low tonight 55, high tomorrow 80.

School Bond Issue Vote Due Saturday

Voters of the Big Spring Independent School District will decide Saturday whether to issue \$800,000 in bonds to help finance a new junior high school and provide for future enlargement of the high school plant.

The election will be held in the foyer of the high school building on Eleventh Place. Polls will be open from 8 a. m. to 7 p. m.

Residents of the district with property on the school tax roll and possessing a poll tax receipt or exemption certificate are entitled to vote in the election.

The bonds are proposed for maturity over a 30-year period, with their interest rate not to exceed five per cent.

School trustees propose to sell only half of the issue at present. The \$400,000 will be used with \$500,000 already on hand to construct a second junior high school

Slash Ordered For May Oil Allowable

Cosden Official's Request Spurned

AUSTIN (AP)—The Railroad Commission cut the daily oil allowable for May by 82,156 barrels today, based on a statewide producing pattern of 16 days.

The oil regulatory body set the allowable at 3,474,834 barrels a day.

This was the smallest reduction that the commission could allow.

The current April allowable is also based on 16 days of production and the decrease for May results because of the commission's pattern.

Major oil companies were evenly divided in their nominations to the commission during the short monthly proration hearing today.

East Texas will have 16 days of production next month, in conformity with the statewide pattern.

Four companies recommended 16 days production. Five companies asked for 15 days, which would have resulted in a cut of 236,000 barrels a day compared with current allowable figures.

Magnolia said 14 days would handle their needs. Sun requested 17 days. Sun was the only company making a request which would have increased the allowable.

There was no testimony by independent oil men.

Exceptions to the statewide pattern were six days for the Healee-Devonian and the Dora Roberts Devonian fields.

P-T-A Unit Scores School TV Switch

DALLAS (AP)—Unanimous opposition to the proposed re-designation of TV Channel 2 (VHF) at Denton from educational to commercial was expressed yesterday by the Second District of the Texas Congress of Parents and Teachers.

A recommendation that the state organization also take a similar stand at its convention in November was adopted without opposition by the more than 600 delegates.

Opposing any effort to convert the channel to commercial use, the recommendation specifically opposed its proposed transfer as a commercial station to Longview.

"This educational TV channel is the heritage of the school children of Texas," Mrs. W. D. De

Thousands Expected For Easter Pageant

"Judas Iscariot went unto the chief priests, and said unto them, 'What will ye give me, and I will deliver him unto you?' And they covenanted with him for thirty pieces of silver."

Thus, from Matthew's account is set in motion the dramatic story which will be re-enacted in a massive pantomime at pre-dawn here Sunday.

Thousands of faithful are expected to be in the City Park Amphitheatre at 5 a. m. when the pageant will be presented by the Big Spring Civic Theatre under the sponsorship of the Big Spring Pastors Association.

Besides the cast of 45 actors, there will be approximately 100 voices in the choir which will furnish the supporting and background music.

The undertaking is beyond a doubt the most pretentious ever attempted in this area as an early Easter service. Officials are expecting a large number of visitors from surrounding cities as well as a record turnout by those here.

Extensive electrical equipment is being utilized to provide special lighting, and the cast will be authentically costumed.

For Director Dewey Magee, the actors and technicians, Saturday will be a sleepless night in preparation for the affair. They plan to begin the narration by the "Old Man," the Rev. Bill Boyd. St. Mary's Episcopal rector, promptly

WRAPS ARE RECOMMENDED

Regardless of what the weather may be doing, the early morning at this season of the year is crisp.

Hence, to fully enjoy the sunrise pageant at the City Park amphitheatre, spectators are advised to dress warmly with top or overcoat. Because the stone seats will have absorbed the cold of the night, it will be wise to bring blankets or newspapers for seating comfort.

Spectators may reach the amphitheatre by entering either through the City Park gates or from the U. S. 87 gates.

Congress Adjourns For Easter Holiday

WASHINGTON (AP)—Members of Congress scattered to their homes for a 10-day Easter recess today after freeing the 275 million dollars needed for relief checks to the aged and others in May and June.

The money for the federal share of the public assistance payments had been tied up in a dispute which has gone on with increasing bitterness between the House and Senate since February.

House members could claim a substantial victory, but senators vowed they would try again to get some of the money denied by the other branch.

The final version provides no money to continue a minerals buying program on which the Senate had insisted. President Eisenhower had asked 30 million dollars. The House declined to vote anything.

Also dropped was a Senate provision to authorize use of cottonseed cake and other high protein feeds in government drought relief programs. This had the backing of Senate Democratic Leader Lyndon B. Johnson of Texas.

In the final windup on the bill yesterday, the Senate was victorious on one point, but this was not an issue involving any substantial money savings.

The House repeatedly sought to tie to the bill a limitation on the amount of federal funds that could be given to the states to help pay the cost of administering federal grants.

Welfare Department officials said that under the limitation, the federal government could not meet its obligation to the states. The 1935 Social Security law requires Washington to pay 50 per cent of the administrative costs.

Many Faiths Share Holy Land Rites

JERUSALEM (AP)—Religious devotees of many different faiths overshadowed political crises in the Holy Land this Good Friday.

It was Easter season for both Western and Eastern Christians. But it also was a holy time for Moslems and Samaritans. Across the frontier in Israel, Jews were completing their Passover holidays.

Jordan Prime Minister Hussein Khalidi, installed this week after his nation's acute political crisis, went to his home in Jericho to observe the Moslem day of rest.

The Arab country as a whole appeared momentarily more interested in religion than politics.

In Arab Jerusalem, where most of the holy places are located, hotels were jammed with visiting pilgrims. The tourist bureau estimated 4,000 visitors poured in, reminiscent of the busy days of the city knew before last year's succession of crises and war.

Only about 400 pilgrims crossed the Palestine armistice frontier from Israel, and few Westerners were among them. Most of the visitors in the Jordan sector were Arab Christians who had come by other routes from Egypt, Cyprus, and Syria.

Moslem visitors crowded into the city. This is Ramadan—a fasting month for Moslems—and the devout like to come to Jerusalem every Friday in Ramadan to pray in the Dome of the Rock, third most holy place in world to Moslems. In an area where a Jewish temple once stood, a beautiful Moslem dome covers the rock from which the Prophet Mohammed is said to have risen into Heaven on his horse.

A few miles to the north on Mount Gerizim, near Nablus, the last 300 survivors of the Samaritan community gathered for their Saturday Passover feast, unchanged in any detail since the exodus from Egypt. Sheep, ritually slain during prayers on the mountainside, were being baked in earth, to be eaten with bitter herbs and unleavened bread, according to the rules of Moses,

Hypnosis Can Work In Reverse

By ALTON L. BLAKESLEE
 Associated Press Science Reporter

CHICAGO (AP)—Hypnosis, long known to banish pain, can also make human injuries more painful and severe.

Body tissues can become more vulnerable to injury.

This new finding about the mysterious hypnotic behavior of the mind was described today to the Federation of American Societies for Experimental Biology by Doctors Loring F. Chapman, Helen Goodell and Harold G. Wolff, Cornell University Medical College, New York.

Three hypnotized persons put first one arm and then the other into a bathtub of water just under body temperature.

When the first arm was put in, it was suggested that the water was very hot, that the arm was burned, injured, and a painful. When the other was immersed, it was suggested the water was very comfortable and the arm was all right.

Immediately afterward, both arms were exposed to the same amount of burning heat or an acid, enough to produce a little injury.

Each time the first arm—the one suggested as being hurt—had more skin damage than the other.

Tests showed tiny blood vessels had expanded under the hypnotic suggestion, making the tissues more vulnerable. One or more chemicals released in the body may also have played a role in the greater injury.

In other reports:

Regular exercise looks good for the human heart, said Dr. Harry Y. C. Wong and associates, Howard University College of Medicine, Washington, D. C.

Chicks forced to exercise twice daily for 30 minutes had far less cholesterol in their blood, and less atherosclerosis, or clogging of arteries with fatty deposits. Such clogging is a main cause of heart attacks. The chicks were being fed high-fat diets, and were compared with nonexercising chicks.

Cigarette smoke reduces the amount of oxygen used by the heart, said Gerald Kien and Norman Lasker, graduate students, and Dr. Theodore R. Sherrod, pharmacologist, University of Illinois College of Medicine.

The effect was due to nicotine, they said. The reduction in oxygen occurred when there was no increase or no change in the amount of work the heart was doing. Adverse changes in heart rate, rhythm and electrocardiograms were noted, the scientists said.

They said these effects were not apparent in persons with normal heart function, because the normal heart can compensate for additional stress, but the added stress might be harmful in persons with heart disease.

Rains Miss City, Glasscock Favored

Big Spring missed out on one of the best chances in many months for a rain Thursday afternoon and evening.

Rains did fall in many areas adjacent to the town. Glasscock County, in particular, was well favored. Rains ranging from sprinkles up to nearly two inches were reported in various parts of that county.

Big Spring had less than .03 inches of moisture on the average. The sprinkles fell irregularly throughout the late afternoon and on into the night. A brief but impressive sandstorm ushered in the first of the rains. Black clouds which bore promise of developing rolled up and there was a considerable electrical display.

Winds reached high velocity at times but later dropped to minor impact. Later in the evening the Webb Air Force Base reported that gusts during the wind storm peaked at nearly 50 miles an hour. The precipitation at Webb was .04 inch.

Only damage reported came from the H. H. Wilkinson Ranch in Western Howard County. Winds unroofed a large machine shed sometime during the night. Residents said that the damage was caused by a straight wind rather than a twister and that damage was restricted to the one building. Only a shower fell on the ranch.

Reports from Glasscock County said that west and northwest of Garden City only sprinkles were reported. Garden City itself recorded .04 inch. Bill and Steve Currie reported rains on their places of 1.81 and 1.6 inches respectively. Clyde Reynolds had 1.2 inch; Mrs. W. L. Lemmons 1.6 and Jim Wilcox 1.5. All of these places are east of Garden City.

South part of the county also shared in the moisture. John Cox reported an inch; Carl Hightower 1.4 and Ollie Cook 1.3 inches.

Gauges operated by the Texas Electric Service Company showed heaviest rains at Sweetwater and Chalk. Big Spring gauges ranged from a trace to .02.

Reports compiled by TESCO: Colorado City .47; Snyder trace; Chalk .83; Eskota .55; Lamesa .50; Sweetwater .95 and Morgan Creek .57.

No change has been recorded in the level of Lake Thomas. The elevation today was 2,248.18. This represents a decline of .18 from the report on Monday.

Lake Colorado City stood at 2,000—identical with Monday's report. This indicates that a gain of perhaps .05 had been made in the lake level since yesterday.

Barbed wire and bitterness today prevent anyone from retracing Christ's steps from the Upper Room to the Mount of Olives. But the ancient observance of Easter ceremonies still continue in Jerusalem. U. S. Army Sharpens Its Units For Atom Warfare

HEIDELBERG, Germany (AP)—The U. S. Army has started sharpening its European forces for atomic warfare.

The key word is "pentomic," coined to describe a smaller, tighter unit setup.

So far, the only unit in Europe to go pentomic is the 11th Airborne Division. The 7th Army contains four other divisions and various associated units. The 11,500 men in the 11th Airborne comprise about 5 per cent of Army strength in Europe.

"The actual infantry assault element," the Army says, "will be larger than under the old setup." In part this results from eliminating tanks and reducing heavy equipment.

The pentomic plan discards the idea that a division has three regiments, each regiment three battalions, each battalion three companies.

The pentomic division has five battalions, each basically made up of five rifle companies plus headquarters and support companies. (Pentomic joins pente, the Greek word for five, with atomic).

Previously command went from division to regiment to battalion to company. Now it goes from division to battle group to company—omitting one level.

Lamesa Receives .43 Of Moisture

LAMESA — A shower accompanied by light hail and high winds gave Lamesa .43 of an inch of moisture at the official weather station late Thursday afternoon.

Only minor damage was reported in the city, but at the western edge of town the wind unroofed an outbuilding on the Earnest Hogg farm. Two miles west of Lamesa, an inch of rain was reported.

Meir is one of Casals' students. Casals, 80, an outspoken critic of the Franco regime, moved from France to Puerto Rico after his self-exile from his native land.

First British Ship Enters Suez Canal

SUEZ (AP)—The 3,604-ton freighter West Breeze entered the Suez Canal today flying the Union Jack of Great Britain. She was the first British ship to start through the waterway since the British-French invasion last October. Transit tolls for the West Breeze were paid in francs, and an Italian pilot of Egypt's Suez Canal Authority was put aboard for the 103-mile trip northward. The British freighter was the second ship of a four-vessel convoy.

Chartered by a Chinese navigation company in Hong Kong, the West Breeze is carrying a cargo of peanuts from China to Rotterdam. The ship's British captain, I. Cowie, locked himself in his cabin and refused to talk to newsmen. He gave orders to his 42 crewmen—a few British, the rest Chinese—not to fraternize or talk with anyone. Britain, the United States and France, all have recommended that their shippers avoid using the canal pending the outcome of negotiations between the U.S. government and Egyptian President Nasser. With those talks apparently about to end without any concessions from Nasser, the United States and Britain are expected to rescind their warning and advise instead that shippers pay the canal tolls to Egypt under protest.

Blasting Caps Turn Up All Over Town

COLLINSVILLE, Okla. (AP)—Instead of a heede in a haystack, people in this tiny Oklahoma town were looking for dynamite caps. And Police Chief Don Brinkley was finding them all over town last night—in the coat pocket of a little girl, at an old coal pit, by the hotel. Luckily, none of the estimated 100 dynamite caps taken by a couple of young teen-agers "going around" the United Get Co. had exploded. "But somebody could get his head blown off," said Brinkley as he led the search. About 85 had been recovered so far. The boys told the chief they took the caps and some dynamite sticks early Wednesday. Brinkley said apparently some of the caps had been handled by various children in school for two days. It was not discovered until early last night that dynamite caps were scattered around this little community near Tulsa. Then, police were notified some children were playing with the explosives. One cap turned up in the pocket of a little girl's coat. Another boy said he'd tossed a couple in a waste basket at school and another said he'd thrown about 10 in a creek. One of the boys who admitted taking the caps led police to an old coal pit where about 15 and the sticks of dynamite were recovered. "We built a fire and threw in some to see what would happen, but nothing did," one of the boys told police. Ordinarily, the caps are exploded with an electrical charge.

Flaming Airliner Comes In Safely

PITTSBURGH (AP)—An airliner landed in flames at Greater Pittsburgh Airport yesterday, but thanks to a quick-acting pilot, a calm stewardess and expert fire fighters a major tragedy was averted. Fifty passengers poured out of the Capital Airlines DC4 seconds after it ground to a halt while firemen riding alongside in trucks poured flame-quenching foam on the plane. Not a person was injured seriously. Nine were treated either for shock or bruises. "When we stepped on the ground we thanked God," said Mrs. John Burnham of Buffalo. "He was with us today." Mrs. Burnham, her husband and two young daughters were on the first leg of a vacation trip to Florida. There was no indication of an emergency as the big airplane, piloted by R. L. Calhoun of Alexandria, Va., circled the airport and approached for a landing. But the plane landed "hard," an airport official said. A Capital spokesman said instruments in the cockpit indicated the landing gear was not secured so Calhoun zoomed the big ship into the air. Seconds later the right inboard engine caught fire and flames raced along the fuselage. As the passengers tensed, the airplane's public address system blared: "Prepare for a crash landing."

Senate Runoff Bill Is Passed

AUSTIN (AP)—The state Senate has passed the special U.S. Senate runoff election bill to apply to 10 vacancies occurring in the state's representation in the nation's upper House. Passage came yesterday, more than two weeks after Ralph Yarborough won the U.S. Senate race April 2. The bill would require a second election if the top vote getter does not have more than 50 percent of the votes. Final passage came on voice vote. A slight amendment will require agreement by House members before the bill can go to Gov. Price Daniel. Sen. Charles Herring attempted to amend the bill to eliminate the special election and allow the temporary senator to remain in office until the next general election. His amendment was tabled 17-6 on a motion by Sen. Grady Hazlewood, sponsor of the bill in the Senate. Senators turned down efforts to change the time of the second election from 30-45 days after the first election to between 15-21 days. An amendment by Sen. Floyd Bradshaw to have the state Senate choose between the top two men also was tabled.

Ex-A&M Students Called To Muster

Texas A&M students and former students were summoned again today to the 54th annual muster set for 7:30 p.m. Saturday at the Big Spring Country Club. The muster is designed to honor Aggies who have died since the previous muster and also to pay homage to the heroes of the battle of San Jacinto, in which Texas sealed its independence. John Taylor, president, said that the program for the dinner affair will be the traditional muster ceremony.

Around the Capital: Friends of former East Texas Rep. Brady Gentry, recently appointed to the Texas State Highway Commission by Gov. Price Daniel, recalled that he had voted against the huge superhighway bill when it passed the House. They agreed that probably no man in the nation is more thoroughly familiar with provisions of the new highway act, since Gentry attended House committee hearings on the legislation and was a leading figure in committee discussions. His opposition centered to a large extent on a provision to reimburse private utility companies for relocation of power lines and right-of-way. Rep. Jack Brooks of the Beaumont District received a letter from a constituent saying he had been urged by a national organization to press for defeat of a pending measure. "I have not seen any literature in favor of this bill," added the constituent, "but after reading the reasons it should be defeated, I find I am for it." Rep. J. T. Rutherford of Odessa, in his weekly newsletter, wrote:

Court Evicts Little Pussycat

MINEOLA, N.Y. (AP)—Miltown, a young Siamese cat, has been evicted by the State Supreme Court. Said Miltown's untrusting owner, Howard Swift of Great Neck: "I am amazed at the tenacity of the landlord in using the Supreme Court of this state for the purpose of ejecting one little pussycat from the home of the people who love it." "His little pussycat stays in our apartment, does not growl, bark or make other unseemly noises and he's housebroken." Nevertheless, Justice Cortlandt A. Johnson ruled, Swift violated his lease by bringing in a pet.

Florida Chief Calls Race Bill 'Foolish'

TALLAHASSEE, Fla. (AP)—Florida yesterday adopted an interposition resolution which Gov. Leroy Collins said makes the state look foolish. The Florida Senate, in adopting the resolution which previously had passed the House of Representatives, joined Florida with several other Southern states in declaring rulings of the U.S. Supreme Court to be "null and void and without effect." "This action stultifies our state," Collins said after the Senate vote. "It can do no good whatever, and those who say it can perpetrate a cruel hoax on the people." Atty. Gen. Richard Ervin, however, said the declaration of interposition: 1. Tells the U.S. Supreme Court it exceeded its constitutional authority in interpreting the federal Constitution to call for integration of public schools. 2. Tells the court that compliance with its decision by Florida "is a factual impossibility at this time and that therefore Florida schools will not be integrated even though they are required to do so by court order."

The attorney general said the interposition resolution "has validity and practical value as an official expression of the legislative branch of the State of Florida. Collins said he was confident the legislators didn't want to adopt the interposition resolution. "They were under the pressure of desperation on the part of many citizens back home, while those citizens who opposed the action remained silent," he said. The governor has no authority to veto a legislative resolution.

"It is somehow refreshing to occasionally note that a more peaceful and slower schedule is still followed in some parts of the United States. For instance, today there are still 135 horseback mail routes, and 96 carriers deliver mail along routes where only their shallow draft boats can pass. This is in the atomic age."

Probably no one who has served such a brief period in the U.S. Senate has received such a flattering send-off as Texas' interim Sen. William Blakley of Dallas. He was appointed Jan. 15 by former Gov. Allan Shivers to serve until a successor could be sworn in. Ralph Yarborough won out in the April 2 balloting. Blakley won extravagant words of praise from many senators and representatives.

DAIMLER-BENZ CURTISS-WRIGHT Studebaker-Packard

These three companies employing 107,000 people, with sales in 1956 totaling one billion, two hundred sixty-six million dollars, announce the signing of agreements providing for a fully-integrated program of engineering, production, sales and service of automotive vehicles; automotive, marine and industrial gasoline and diesel engines; and diesel and gasoline fuel injection systems. All of these companies have been associated for years with quality, precision manufacture and high-performance products.

Pursuant to these agreements, Daimler-Benz and Curtiss-Wright have formed an American company—Curtiss-Wright and Mercedes-Benz, Inc.—to provide for the development and sale of Daimler-Benz products in the United States, Canada, Mexico and Cuba.

Studebaker-Packard Corporation in signing the agreements will now make available to its dealers a full line of domestic and imported sports cars, convertibles, sedans and station wagons—ranging in price from under \$2,000 up to \$13,000—gasoline and diesel powered trucks and all-wheel drive utility vehicles.

Mercedes-Benz cars and distinctive Mercedes-Benz features—such as fine coachwork, swing axles and transmissions—will be exclusive to Studebaker-Packard.

The Utica-Bend Division of Curtiss-Wright Corporation, now building diesel engines for the U. S. Navy, will import and manufacture Mercedes-Benz diesel engines and diesel and gasoline engine fuel injection systems under the agreements. The engines will range from a 4-cylinder model of 25 h.p. to a supercharged 8-cylinder model of 600 h.p.

Further agreements are being negotiated between Daimler-Benz and Curtiss-Wright Corporation for the interchange of rights for the manufacture of aircraft products.

Midland Medic Testifies At Pavoff Probe

AUSTIN (AP) — Dist. Atty. Les Procter hinted yesterday that Dr. Henry Schlichting of Midland had given investigators new evidence in the renewed legislative payoff probe.

Reporters asked Procter about rumors that Schlichting, so-called "mystery witness" in the sensational bribery investigation, had slipped in and out of Austin this week.

"Yes, I understand he talked to Department of Public Safety investigators, to give them a written statement, perhaps," Procter said.

Schlichting was chairman of the 1955 legislative committee of the Texas Naturopathic Physicians Assn.

Five witnesses called before the Travis County grand jury yesterday indicated the Midland practitioner could explain what happened to large naturopath donations during the 1955 Legislature. All five were former members of the TNPA and present members of the Texas branch of the American Naturopathic Physicians Guild which is at odds with the TNPA. Procter said he did not know when Schlichting would be called before the grand jury which has taken over evidence gathered earlier by the House Bribery Investigation Committee. After hearing the witnesses yesterday the bribery probe was recessed until next Tuesday.

The district attorney refused to designate Schlichting as a major or minor witness. Procter said he had made no offers of immunity from prosecution to any witness.

Schlichting in previous statements to reporters has said his TNPA work during the 1955 Legislature had "nothing to do with financing, entertaining or handling money. My job was preparing bills and steering them."

The Midland man has not appeared before either the House committee or the grand jury previously although he has reportedly talked several times with DPS investigators.

The House committee abruptly suspended its probe the first of April to turn evidence of "major developments" over to the grand jury. State and local officials refused to say at the time of the evidence given the DPS by a "mystery witness," involved state legislators.

Dr. Robert Spears of Dallas, former president of the TNPA and now secretary of the Texas branch of the Guild, apparently was the principal witness yesterday. He talked with the jury for almost an hour. He previously had testified twice before the House committee, once being threatened with contempt action for refusing to answer some questions about his past life.

Spears said yesterday he did not think the House group would take any action on the contempt threat. He has said he would agree to take a lie detector test about his part in any alleged legislative payoffs.

Also appearing yesterday were Dr. William T. Hart of Dallas, former TNPA director and now a Guild official; Dr. Raymond Hoyle of Dallas, who said he gave \$1,100 to TNPA in 1955 alone; Dr. William O. Nance of Dallas and Dr. B. N. Walker of Fort Worth. Nance is chairman of the State Board of Naturopathic Examiners which was declared unconstitutional in 1953 by the state attorney general. The case is still on appeal.

Hart told reporters before he went into the grand jury room that "Schlichting and his gang" were always pressing TNPA members for more contributions. "We finally got tired of asking questions as to where the money went and receiving no same answer, we organized the Guild," he said.

Hoyle predicted Schlichting would appear as a witness in "a smash climax to this whole thing."

Green Crop Is Headache

LAKELAND, Fla. (AP) — Mother Nature is giving Florida growers a big headache over the new and present citrus crop.

The green coloring, or chlorophyll, necessary to the development of next season's crop is being produced so abundantly that it is affecting the fruit still on the trees from the old crop. Oranges and grapefruit fully ripe on the inside are turning green on the outside. This process takes place to some extent every spring but this season the combination of hot weather and heavy rainfall has made the production of chlorophyll heavier and earlier than usual.

Easter Holidays Are Under Way

By ROBI ANN ROBINSON

School was dismissed Thursday afternoon for the Easter holidays, and the Easter assembly was held during the first and second periods. At the assembly programs, Dr. Jordan Grooms, First Methodist minister, brought the devotionals. The Melody Maids and the choir sang numbers. In addition, the group which is taking part in the Easter pageant announced about the program and invited our choir to join in singing at the pageant which will be at the City Park Amphitheatre at 5 a.m. Sunday. Naturally, this has been a very short week here at junior high. In addition to dismissal for the holidays, classes were cut short at 2:45 p.m. Monday in order that teachers could attend the teachers meeting at high school.

The Kappi Xi Tri Hi-Y Club met Tuesday evening at the YMCA and decided on a money-making project, which will be a hay-ride near the end of school. Admission will be charged at the rate of 50 cents per couple and 50 cents stag. After the individual club meetings, all the Tri Hi-Ys met for regular session and combined social.

Perhaps one of the busiest girls seen around the campus is Delores Howard, our Freshman of the Week. She is in almost every organization, and she holds the important post of chaplain in the Rainbow girls. During the past three years she has held several offices. Also, she is next to the highest point girl in the Future Homemakers of America. Delores is a three-year girl in Tri Hi Y and during her second year she

served as president. Right at the moment her main interest is music. She has taken music for six years and is an excellent pianist. She also plays for all of the choir's performances. She was chosen as secretary for the ninth grade this year and is busy going to all of the meetings. She is a member of the First Methodist Church and active in it.

Tom Earnest, our principal, spent last week in Austin attending the state principals' meeting.

The ninth grade Spanish Club enjoyed a picnic at Moss Creek Lake on Thursday. Members met

at the junior high building and left for the lake in individual cars.

Hey kids! Don't forget to bring your money for the Freshman Banquet.

Two representatives of the Junior High FHA, Luan Lawson and Jane Cowper, are scheduled to attend the state FHA meeting in Dallas on Saturday.

Speed Zones In Lamesa Approved

LAMESA — The Lamesa Citizens' Traffic Commission has endorsed revision of speed limit zones on highway routes through the city. The unofficial traffic board also requested traffic engineering studies be made around local schools by the City of Lamesa.

Members also put their stamp of approval on a continued RADAR speed enforcement program by City Police as an "important part of Lamesa's accident prevention effort."

The speed zone studies on highways here was recently completed by the Texas Highway Department and the Lamesa Police Department.

and don't get to dance. I come home all tied up, but I find I can relax with exercise. I flop over from the waist — like a rag doll — and come up one vertebra at a time. I do this slowly, beginning at the bottom of my spine and inhaling as I come up. When I am standing erectly then I go down in the same tempo beginning with my head, neck, and back — exhaling as I fold over. A few times of this and I have a wonderful relaxed feeling.

We stopped by the Settles Hotel lobby last Sunday afternoon and met an extraordinary Big Springer by the name of Mike. He greeted us with a friendly, "Hello, how are you?" and we were fascinated by the mellifluous tone and clear enunciation of his words. Even more fascinating was the fact that Mike is a bird—a Mynah bird, in fact. He is owned by Mr. and Mrs. E. B. Dozier, who operate the hotel package store. Mike learns easily, has a large vocabulary, and apparently has not nearly reached the limit of his capacity. Perhaps we can even teach him to say Warwick (pronounced War-ik). 3 Burglars Slain In Brief Gunfight

CHICAGO (AP)—Three burglars were slain early today in a brief but violent gunfight with police detectives in the credit department of a State Street department store.

The burglars walked into a police trap and were mowed down by machine-gun and shotgun bullets. Seven detectives had been hiding in the 11th floor credit department for several hours, said Lt. James J. Lynch. Lynch said police had been tipped on the planned burglary.

He said the three men, carrying burglary tools, were about to attempt to open a safe when the detectives ordered them to surrender.

Inside the wall safe, said William Touhy, deputy chief of de-

fectives, was "approximately \$250,000" in currency. But the gunmen did not get a chance to attempt to open it.

Lynch said the burglars opened fire. The police, armed with three machine guns and four shotguns, exchanged shots, killing all three. No policeman was hurt.

It was not disclosed how the men gained entrance to the Mandel Brothers store, in the heart of the Loop.

Lynch identified two of the men as having been arrested previously. He said one of them, Jimmy Rentner, 30, had been released on bond recently on a robbery charge. He said James Wulf, 28, also had been arrested several times. The third man was identified as James Bertino.

Injunction Hearing Set On Capitol Living Space Suit

AUSTIN (AP)—Former State Sen. Joe Hill's suits seeking a temporary injunction to evict Lt. Gov. Ben Ramsey and House Speaker Waggoner Carr from their plush State Capitol apartments will be heard at 9 a.m. April 26.

Dist. Judge Charles O. Betts yesterday refused to grant Hill's request for a temporary restraining order to accomplish the same thing for a short period of time. Betts did not explain why he re-

fused and set the hearing for the temporary injunctions.

Hill alleges Carr and Ramsey are illegally occupying the apartments. He said it was against the Constitution, which provides they shall receive the same pay as other legislators and no more.

Giving them the apartments, plus allowing them to use state funds for the payments of cooks and maids, is in effect giving them more pay, Hill said in court. He said he wants these expenditures stopped together with slapping a freeze on the Board of Control spending any money to remodel and refurbish the apartments.

Hill made an emotional plea for the granting of the restraining order. Attorneys for Carr and Ramsey—who were not present—did not rebuke Hill's arguments.

"It's an open, flagrant violation of the Constitution and the civil statutes in operating the two spaces being utilized in the Capitol for their places of abode," Hill said.

Hill said the 47th Legislature authorized expenditure of \$30,000 to refurbish the apartments "befitting a Maharaja."

He said Ramsey has ordered \$6,300 of "custom made furniture" including a new television set and "a little trinket—a bed lamp—only \$90—to sit between the beds."

Hill said he was mad because it was his money that was being

spent as a taxpayer of Texas. He said Carr had ordered a washing machine, a television set and "new drapes at \$18 a yard."

"If we can't stop pilferage of the state treasury with a temporary restraining order, how in heaven's name are we going to stop it?" he said.

"I wish it was possible for this court to throw this courthouse at them to stop that graft."

Judge Betts said that if Hill thought there was a criminal act involved, he could appear before the grand jury which is now in session.

Hill said he did not allege misappropriation of funds, but misapplication.

Lee Urges Killing Tax

DALLAS (AP)—J. Bracken Lee, former Republican governor of Utah, said last night the one sure way to return constitutional rights to the American people is to wipe out the income tax.

Lee, national chairman of "For America," told a crowd of about 100 persons that the income tax last year brought in 33 billion dollars to the federal government.

"Take away that 33 billion dollars and then find out how powerful they are in Washington," Lee said. He spoke at a gathering of the newly-organized "Texans for America" organization.

Lee said, "Americans resent continuous gifts to England. The English are described as 'poor' people who need help. But our gifts to them are bringing about an income tax reduction there but none here."

"The 'poor' English are not getting our gifts. The money goes to make the few rich English richer," Lee said.

Grayson County Hit By Tornado

A tornado struck two areas of Grayson County Thursday afternoon and a squall line rumbled southward Friday, touching off more turbulent weather.

A heavy downpour virtually isolated Eagle Pass on the Mexican border for several hours early Friday. More than five inches of rain drenched the area in four hours late Thursday and early Friday. Electric service was knocked out, blacking out the town for an hour.

Thunderstorms lashed other sections of the state Friday, from a line south of Ardmore, Okla., to Dallas, Fort Worth, Waco, Austin, San Antonio and Cotulla.

More than 1.40 inches of rain fell within an hour at San Antonio. Uvalde got up to 4 inches of rain during a violent electrical storm.

Streets in Eagle Pass were flooded. Three families were evacuated from low-lying sections. The rain began tapering off, early Friday.

Roads were opened after being impassable several hours and there was no danger of major flooding.

The twister struck Southmayde and Pottsboro near Lake Texoma. It swooped down and unroofed the T. S. Elmore house at Southmayde, about eight miles west of Sherman. The family was not hurt. The funnel also destroyed a barn and outbuildings and a windmill.

At Pottsboro, west of Denison, the tornado damaged farm build-

ings and knocked out power lines and poles.

The twister also hit the Little Mineral boat docks on Lake Texoma before disappearing.

Sherman got .42 of an inch of rain. Wind, rain and hail storms also moved across Texas Thursday afternoon, and continued Friday.

The squall line extended at dawn from a point south of Ardmore, south to Cotulla in South Texas. Thunderstorms drenched Fort Worth, Dallas, Austin, Waco and San Antonio early Friday.

Hail fell yesterday at Sweetwater in West Texas. Larger hail fell at Quitaque and Memphis in the Panhandle, but there were no reports of major damage.

A wind and rain storm hit Lamesa on the South Plains last night. Small hail also fell. The winds unroofed some farm buildings west of Lamesa.

Hail also fell at Ector, four miles west of Bonham in North Texas.

Brief but heavy hail storms also struck other portions of the South Plains Thursday afternoon and evening. Hail the size of golf balls rained down at Lockney. Wind, rain and lightning accompanied a hail storm at Floydada.

A severe but brief dust storm lashed Lubbock but no rain fell.

Finds Evidence Of 'Snowman'

KATMANDU, Nepal (AP)—Texas oil magnate Tom Slick returned today to this Nepalese capital and said he was "95 per cent convinced of the existence of a man-like hairy animal called the yeti"—abominable snowman—in the Himalayas.

Talking to newsmen Slick said he had photographed three sets of footprints and collected a few lumps of hair which he believed to belong to the yeti. No human has ever reported seeing the legendary animal, but many claim to have seen its bear-like tracks.

Slick has been on a reconnaissance of the Barun Valley in eastern Nepal in search of the yeti. He could not comment on whether he proposes returning to continue the search.

Carpet Traffic Paths Removed

Kirklen Baby's Rites Scheduled

Gravestone services were to be held at 4 p.m. Friday in Trinity Memorial Park for Pauline Kirklen, infant daughter of Mr. and Mrs. T. J. Kirklen, 1302 Barnes. The baby died in a hospital here Thursday at 6 p.m., five hours after birth. She leaves her parents, and two sisters, Becky and Janet Kirklen. Her father is the manager here for Commercial Credit Corp.

The Rev. Earnest Stewart, pastor of the East Fourth Baptist Church, was to officiate, and arrangements were to be in charge of River Funeral Home.

Improvements At City Cemetery Are Under Way

Work is under way on the gates for the city cemetery and should be completed in about two weeks. City officials said that brick work was now under way. An anonymous \$1,000 gift to the city, plus \$250 each from the Masonic and IOOF lodges, will pay for the work.

The gates will be of brick and stone construction. After the gates have been constructed, H. W. Whitney, city manager, said that the city will install a chain-link fence along the highway. There is slightly less than 800 feet of frontage to be fenced.

The work order has been issued for construction of the fire tower, so Suggs Construction can now start work. Not much work can be done, however, until steel arrives.

Suggs bid low for the four-story and basement structure. The city plans to have the area south and east of the new police building surfaced early next week, Whitney said today. A wash rack will be built in the area.

Three Traffic Mishaps Listed

Three accidents occurred in Big Spring Thursday. At Third and Main, Dwayne Morgan, Fort Worth, and Roscoe Newell Jr., 1300 Stamford, were involved in an accident. Morgan was in a 1956 Chevrolet, and Newell was driving a 1953 Mercury.

Steers And Abilene Meet Here At 2:30

An eight-run first inning spurred the Midland Bulldogs to an 8-2 District 2-AAAA baseball victory over the Big Spring Steers here Thursday afternoon.

FRANK HONEYCUTT

TO STAY IN COACHING

Honeycutt Quits Post At Forsan

FORSAN, (SC) — Frank Honeycutt, dean of area coaches, has resigned his position at Forsan High School after 11 years at the helm.

The popular Honeycutt has indicated he will continue in coaching and will probably coach "somewhere in the Permian Basin."

In announcing his resignation, Honeycutt said he disliked the idea of leaving Forsan but felt it a good idea for coaches to change jobs every so often.

Since Honeycutt assumed the coaching reins, he has seen his six-man football team win district titles in 1948 and 1953.

Among outstanding athletes Honeycutt has coached are Arlen White, Richard Gilmore, Virgil Bennett, Albert Oglesby, Harold Hicks, James Skeen and Eldon Prather.

Honeycutt has both his Bachelor's and Master's degrees. He took his Master's at North Texas in Health, Physical Education, Recreation and Safety.

When he resigned, he had another year to go on his present contract. He will, of course, finish out the present school term.

Mr. and Mrs. Honeycutt have three children, all boys. They are Mike, age 13; Pat, 11; and Steve, who will be 2 on August 1.

Frank is a native of Big Sandy, Texas.

SC Dominates 5-Team Meet At Dallas

DALLAS (AP) — The Southwest can't do as well on a team basis as other sections in track and field but none of them presents a better combination of individual brilliance than Eddie Southern and Bobby Morrow.

Southern California showed it was really loaded and would be the team to worry about, if it were eligible for the National Collegiate meet, by scoring a whopping 96 points last night to win the Dallas Invitation for the fourth straight season.

But Southern, the Texas star, and Morrow, Abilene Christian College's contribution to the Olympic Games, provided the big show.

Southern, for once, took much of the play away from Morrow although both gave the crowd of 10,000 a thrill with their re-forming performances.

Southern set records of 13.9 and 22.8 in the hurdles and ran on a Texas 440-yard relay team that beat its arch rival, Abilene Christian College, in a world record time of 40.2.

Morrow won the 100-yard dash in 9.3 to tie the world's record and eased through the 220 in 20.5. He ran on the second place 400-yard relay team.

Midland put three runners aboard and Big Spring two in the seventh but neither team could score again.

Morrow couldn't claim a world record tie in the 100 because he had a 7-miles-per-hour favoring wind.

Mostly through the work of Southern, Texas took second place in the meet with 71½ points. Abilene Christian was third with 33.

Southern Methodist fourth with 17 and Texas A&M fifth with 12½. South of the California won or placed in 12 of the 15 events.

The Trojans swept the first three places in two events—the 800 and shot put. They also chipped in with four of the seven records set for the night. Two others were tied.

Southern Cal's Max Truex ran the 200 in 21.4. Ron Morris vaulted 14 feet, 2 inches. Sid Wing scatted the mile in 4:15.2 and Bob Voles hurred the javelin 224 feet.

Texas' 440-yard relay record was three-tenths of a second under its own mark and then there were the two records set by Southern.

Morrow's 9.3 100 tied the invitation meet record and Wally Wilson of Texas equalled the record in the 440-yard dash with a blistering 47.8.

Bill Woodhouse, Abilene Christian College's little man "who wasn't there," finally got himself chastised in a race. The fellow who was left out of the placers in the West Texas Relays only to have it changed when pictures showed he actually tied for second, and who obviously was missed for a third or fourth place finish in the 100-yard dash of the Texas Relays, was at first left out of the finish of the 100.

At the same time that the college meet was run off, schoolboys stars of North Texas held a meet for themselves and Abilene was left out of the placers in the West Texas Relays only to have it changed when pictures showed he actually tied for second, and who obviously was missed for a third or fourth place finish in the 100-yard dash of the Texas Relays, was at first left out of the finish of the 100.

Low Burdette Throwing A Spit Ball: Tebbetts

Here we go again. Low Burdette says he doesn't throw a spitter. Birdie Tebbetts insists he does. "A cheating spitter," says the Cincinnati manager. Bud Warren Giles says "you have to prove it to me."

Whatever Burdette, Milwaukee's shutout ace, does when he spins his stuff for the Braves, old Satch Paige had a term for it—"outsyologizing" the hitter.

That's what Burdette had in mind when he said "It's the best pitch I've got—and I don't throw it." In reply to Tebbetts' renewed cry after the Redlegs lost to the big right-hander 1-0 yesterday. It was the eighth successive time Burdette, who led the National League with six shutouts amidst similar "spitter" charges last season, has whipped Cincinnati and Tebbetts is "pretty tired."

Burdette, who insists, Burdette "went to his mouth before every pitch," chirped so loud his boss, General Manager Gabe Paul, decided to lodge an official protest today and ask Giles, the league president, for a clarification of Rule 8.02, which states a pitcher cannot "apply a foreign substance of any kind to the ball" under penalty of a 10-day suspension.

"Until someone—the umpires or someone—presents evidence that Burdette is using the spitter, I'll do nothing about it," said Giles, adding that "a lot of pitchers make a hitter think they're throwing a spitter, but there's nothing illegal about it."

Legal or not, Burdette's victory, fashioned on Hank Aaron's first home run of the year in the sixth inning off loser Hal Jeffcoat, handed the winless Redlegs a second defeat and left the Braves and Brooklyn Dodgers the only unbeaten clubs in the league.

The Dodgers, with Sal Maglie throwing a four-hitter, knocked off Pittsburgh 6-1. The Chicago Cubs cracked 15 hits to defeat the St. Louis Cardinals 10-2. And the New York Giants kept Philadelphia winless 6-2.

In the American, the winless Detroit Tigers lost their third in a row, this time to Cleveland, 8-3, in 11 innings. The New York Yankees again had to rally in the ninth, beating Boston 3-2. Chicago's White Sox handed Kansas City its first defeat, 6-2, behind Jack Harshman's four-hitter. And Washington finally became a winner with a 6-4 job on Baltimore.

Maglie, who will be 40 a week from today, struck out five and walked three while gaining a 23-5 lifetime record against the Pirates in his 200th major league start. The lone Pirate run was unearned. Duke Snider, the NL's de-facto home run king, smacked his first of the year and Gil Hodges hit his second for the Braves, who cracked southpaw Luis Arroyo and three relievers for 14 hits.

Young Moe Drabowsky, the Cubs' bonus right-hander, permitted just four hits in whipping the Cards. Gene Baker led the assault on Murry Dickson and four Card relief pitchers, driving in four runs with a triple, double and single. Stan Musial, his back in shape, played his 77th consecutive game, but was hitless.

Ruben Gomez, backed up by Hank Sauer's 250th home run, and a three-run homer by Gail Harris, beat the Phils and Curt Simmons with an eight-hitter.

Hooker Roger Maris made his first major league home run the major's first grand slammer of the season, capping a five-run 11th for the Tribe. Bobby Avila's sacrifice fly scored the run that broke a 3-ball tie. Ray Narleski won it with Al Aber the loser, both in relief.

Pete Ramon gave up only three hits in a 6-1 relief inning to win for the Senators. Ray Moore, who walked 10, was the loser.

The Yankees needed a pop-fly RBI triple by Gil McDougald and Elston Howard's single for two ninth-inning runs in edging the Red Sox and Fran Sauer, who retired 19 in a row at one point.

Sauer Bidding To Hold Post With Giants

NEW YORK (AP)—They laughed when the New York Giants signed 38-year-old Hank Sauer and called him a faded shadow of the man who was voted Most Valuable Player in the National League back in 1952.

"They're desperate, grabbing at straws," the critics charged. "They're trying to plug a hole with a name. They know he's finished."

The big man made them eat their words yesterday at the Polo Grounds.

Many thought Manager Billy Rigney would have done better to start Whitey Lockman, an old Giant favorite, in left field instead of the craggy-faced veteran who was making his fourth—and probably last—stop with a National League team.

But when it was over Sauer's single had tied the score at 1-1 in the fourth inning and his 250th home run, off Curt Simmons with one on in the sixth, had knocked out the Phillies' ace left-hander. Sauer's hitting plus a three-run homer by Gail Harris was more than enough for a 6-2 victory.

"Did your 250th homer mean anything to you?" a fellow asked Sauer in the clubhouse. "I didn't even know I had 249 until somebody told me last winter," he said. "But now that I've got it, my next drive is to 300. No use stopping now. Two good years ought to do it."

Although Sauer hit only five homers last season in 75 games with St. Louis, he is No. 6 among the active major leaguers with 250. Only Ted Williams, Stan Musial, Duke Snider, Gil Hodges and Del Ennis have more.

Bobby Suggs started on the mound for Big Spring but failed to last but the first inning. Billy Roger took over and blanked the Bulldogs the remainder of the distance.

Big Spring managed its runs in the third inning when Preston Daniels singled to drive in Roger and Jerry McMahen. Roger and McMahen had reached base on solid safeties.

Jim Owens went all the way on the mound for Midland, scattering nine hits. He fanned 11 and walked only one. Jackie Thomas and Billy Johnson each collected two hits off the senior right-hander.

Larry Cooper and Rankin drove out a brace of hits each for the Midland team, which now is 2-1 in conference play and 13-4 for the entire campaign.

The game had to be called for ten minutes in the fourth due to high winds and blowing dust. However, it was completed in comparative quiet.

Midland put three runners aboard and Big Spring two in the seventh but neither team could score again.

Morrow couldn't claim a world record tie in the 100 because he had a 7-miles-per-hour favoring wind.

Furgol, Palmer Tied At Vegas

LAS VEGAS, Nev. (AP)—Properly chastised by the weather and the course in the first round, the field of 25 professional golfers teed away today in the second round of the \$40,000 Tournament of Champions.

Leading the field were Ed Furgol of St. Andrews, Ill., the 1954 U.S. Open champion and 27-year-old Arnold Palmer of Latrobe, Pa., who reigned as king of the nation's amateurs in the same year before turning pro.

In these days of par scoring, their even par 72 for the Desert Inn Country Club course seemed unique.

But all hands hoped that one of the factors that sent scores high in the first round would be missing today. That would be the hard winds that swept the fairways yesterday, and coupled with cold and intermittent bursts of rain, made life most unhappy.

"Liked to have blown me off the course," said Mike Souchak, whose 215-p and frame would stand some hard blowing. Mike had to settle for a 76.

Tied at 73, one shot back of the pacemakers, were four threats. They were Gene Linder, 1955-56 jackpot winner here; Art Wall Jr., 1954 winner here; Jimmy Demaret and young Fred Hawkins, El Paso, Tex.

Billy Maxwell of Odessa had 36-40-76.

High school division records set were 165 feet 9½ inches in the discus throw by Jack Tarynin of Odessa, 6 feet 2¼ inches in the high jump by Jackie Upton of Vernon and a 4:32.2 mile by Raul Balderama of Brownwood.

The Longhorns poured 27 points through the hoop in the last eight minutes, however.

Loudermilk, deadly with his tip-in shot and dangerous from anywhere, scored 29 points for the Steers.

Mike Musgrave kept the game from being an utter rout by counting 24 points for the Exes, most of them from far out. No other member of the Exes' team hit in double figures.

Wildie tallied 17 points and McCrary ten for the winners, who looked better at this stage than they have in years.

IN ANNUAL GAME Steers Rack Up Exes, 71 To 45

The 1957-58 Big Spring Steers flexed their muscles at the expense of a team of Exes in a basketball exhibition here Thursday night, winning about as they pleased. The final tally was 71-45.

In registering their first victory in the three-year-old series, the Longhorns showed superiority in all phases of the game and especially in rebounding.

Boys like Jan Loudermilk, Jimmy Evans, Benny McCrary and Harold Wilde dominated the boards.

The Steers built up an 18-12 first quarter lead and expanded that to 33-21 at half time. Coach Johnny Johnson saw fit to play his reserves much of the third period and the Exes outscored the Steers, 12-7.

Size Of Plane Startles Reds

MOSCOW (AP) — U. S. Ambassador Charles E. Bohlen left Moscow Thursday on a plane so big it made the Russians gasp. He is flying to the United States en route to a new assignment as ambassador to the Philippines.

Moscow's diplomatic corps overflowed the airport building in a farewell tribute to Bohlen's acknowledged leadership of the Western diplomatic colony during his four years as ambassador.

The Soviet government sent only a protocol officer to see Bohlen off, despite a warm tribute paid the departing envoy last night by Communist party boss Nikita Khrushchev.

A giant U. S. Air Force C124 Globemaster — the nation's biggest troop transport plane — came from Germany to pick up Bohlen, his family, and eight other embassy officials. The plane can carry more than 206 troops.

It was the first trip of a Globemaster to the Soviet capital. The Russians had never seen a plane as big as the 90-ton, double-deck monster, and their eyes popped.

Just to bring its size home to the gaping onlookers, an embassy official backed a fully loaded truck up the ramp into the plane's belly.

Writing Cancer, Victim Buried

DETROIT (AP)—Leonard Kerschke, who attracted nationwide attention with his story of how it feels to be a 27-year-old cancer victim with six months to live, was buried yesterday the way he wanted it.

Funeral services were held at Bethesda Missionary Temple in Detroit. Burial was in White Chapel Memorial Cemetery north of Detroit. His favorite religious songs, "Love of God" and "Over-shadowed by His Mighty Love," were sung.

Kerschke, who died Monday night, wrote his story for The Associated Press. It was published in newspapers March 31. He was at work on a second article when death overtook him.

Kerschke died 2 1/2 months after doctors told him he had inoperable cancer and a life expectancy of six months.

The Rev. James L. Beall, associate minister of the Interdenominational Church, said in his funeral sermon that he talked with Kerschke shortly before his death and "he had a wonderful confidence in God that not many people have."

Kerschke was studying to be a college teacher. His survivors include his 26-year-old wife Athleyne and two daughters, 14-month-old Darlene and 2-month-old Valerie.

Actor's Son Found Guilty Of DWI

SANTA MONICA, Calif. (AP)—Edward G. Robinson Jr., son of the famous actor, has been convicted of misdemeanor drunk driving.

Robinson, 24, was charged with felony drunk driving in connection with a June 21, 1956, accident in which a companion lost an eye. However, a Superior Court jury yesterday found him guilty of the lesser offense.

The actor's son is free on \$1,000 bond pending a probation and sentencing hearing May 13.

This was the second time Robinson had gone to trial on the drunk driving charge. The jury was unable to reach a decision after the first trial last October.

Jordan's Friends, Foes Big Puzzle

Editor's Note: Tom Masterson of the Associated Press since last week has provided from Amman the most comprehensive news coverage available anywhere on the crisis in Jordan. Today he went to Beirut in Lebanon and filed this unmeasured appraisal of the Jordan situation. Masterson, a native of Gladstone, Mich., is AP chief of bureau in the Middle East.

By TOM MASTERSON
 BEIRUT, Lebanon (AP)—Troops of four countries occupy or surround hapless Jordan. They are ready to pounce the moment Jordan appears too puny to put up effective resistance.

Syrian troops have established a solid beachhead in north Jordan. The 3,500 troops, firmly entrenched with their families and household goods in the Mafrak area, were reinforced last week by an armored regiment.

Military sources estimate Syria now has more than 5,000 troops in the area.

Saudi Arabian troops have set up three bases in Jordan. In the south they have taken over the Aqaba area. On the west bank of the River Jordan, once Palestine, they have set up two bases in the Jericho district. The Saudis' 3,500 troops are equipped with American weapons. This gives them better fire power than the Syrian soldiers.

Just across Jordan's northeastern border, a regiment of Iraqi troops commands the old invasion route at a place called H3. It is a desert, so Iraq cannot maintain more than a regiment for any length of time.

Finally, across Jordan's 400-mile frontier with Israel, the Israeli army, biggest fighting force in the Middle East, is poised.

Israel government officials say they cannot look the other way if any of the three Arab states makes a move on Jordan. Israel long has coveted the territory west of the Jordan with the cities of

Jerusalem, Bethlehem, Jericho, Hebron and Nabulus.

"It is difficult to distinguish who are Jordan's friends and who are her enemies," a foreign diplomat remarked.

Jordan is visibly weakening day by day.

The government crisis has split Jordan wide open and clearly showed up her precarious position. King Hussein has good reason to be afraid.

In the midst of the crisis, the 21-year-old King seized the initiative from extremist National Socialists and their Communist supporters when an intelligence report was flashed one night to the palace. The report—later found false—said the Syrian army was moving in force across the border under cover of darkness.

The angry King issued orders to his troops to fight. A telephone call to King Saud in Saudi Arabia brought immediate help. Saud issued orders putting his troops in Jordan at the disposal of Hussein.

The Saudi defense minister told the Saudi commander in Jordan his troops should henceforth be considered as part of the Jordan army.

"It turned out Syria had been moving supply convoys across the border for an armored regiment which had gone ahead the previous day.

Inspired by Communist propaganda, extreme Arab nationalists in Jordan adopt the line that Jordan has no reason to exist as a separate state.

But to a good many Jordanians this is their homeland, and they are ready to give their lives for it. To others it would be heartbreaking to see the little country die.

Yet Jordan is sure to die if she can not obtain substantial outside economic aid.

**Jet Engine
Life Extended
At Webb AFB**

The Engine Shop, 356th Field Maintenance Squadron, has chalked up another "first" at Webb. It has become the first unit to operate a J33-A-35 engine more than 2,000 hours without a major overhaul.

The shop accomplished this with the "extended field maintenance repair program" that is in use there. In fact, there are two engines in the over 2,000 hour category at present and the crew seems assured that many more will achieve this distinction in the near future.

With present methods of repair, Warrant Officer James W. Farris feels that sending engines to an overhaul depot can be eliminated.

With the two engines in question here, they have flown every day, and have attained over 4,000 hours of flying time with a total of seven "field repairs." An average of over 571 hours was registered between each repair.

Before "extended field maintenance repair" was established, most engines had to go to an overhaul depot after an average of

1,400 flying hours. This period has been systematically extended until now engines are expected to operate for 2,500 hours as a matter of routine.

Farris credits much of the success of the new program to F. M. Fulbright, branch foreman; M. Sgt. Thomas McGreevy, troubleshooter; James G. Crenshaw, test cell; E.

G. Poitevint, minor repairs; T. J. Dimpl, periodic maintenance; and L. E. Frank, engine change.

**Cancer Will Kill One Fourth
Of Population, Doctor Says**

Cancer, working at its present deadly speed, will kill one out of every four Americans now alive, Dr. Roscoe Cowper told the Big Spring Kiwanians at their luncheon meeting Thursday.

The doctor outlined the story of how cancer has climbed to become the second most lethal disease—exceeded only by heart disease. He told how scientists are fighting to find the cause and cure and related that developments of relatively recent years, have been successful in diminishing the deaths from cancer in thousands of cases.

Imperative factor in saving the victim of cancer, he emphasized, is that the victim must discover his condition early and act before the cancer has had opportunity to get an established hold on his system.

There is no cure, he said, for the cancer that has been permitted to remain undisturbed until it is far advanced. Death is the certain destiny of all persons who have cancer and who do not act while the disease is in its formative stages.

The federal government, he said, has allocated \$48,000,000 to be expended in far-flung research into

the causes of this disease and he said that medical men the world over have high hopes that the mass study of the problem will result in the discovery of the answer.

Meantime, surgeons can use surgery, X-ray, radium and other devices to curb certain forms of cancer and to control some cases where such cases are reported before they have dominated their victim.

Harve Clay was program chairman for the day.

Frank Wilson, district deputy

governor, was special guest. He conferred with the club's board of directors and with committee chairmen briefly after the luncheon meeting.

Penalty Sticks**

AUSTIN (AP)—The Board of Pardons and Paroles has refused to lift the death penalty given Yancy A. McGowan, convicted of murder in Harris County June 12, 1956.

The board yesterday denied an application for commutation of the sentence from death to life imprisonment. McGowan is scheduled to die at Huntsville next Wednesday.

**Sniper Blasts
Negro Children**

DENISON, Tex. (AP)—A sniper in a passing car last night fired a shotgun blast at three young Negroes playing in front of a housing development here, spattering them with pellets.

Police identified the three wounded children as Arthur Gable, 14, Ruby Jo Ricks, 10, and Henry Sam Ricks, 13.

Officers said they were not seriously hurt, although each suffered "half a dozen or more pellet wounds" on the arms, legs and body. They were being treated at a hospital here.

The blast was the latest in a series of demonstrations in the Negro area of town since three Negro teen-agers were charged with raping a 17-year-old white girl April 7. The previous demonstrations were limited to rock throwing, however, and caused no injuries.

**Lamesa Cotton
Classing Office
Gets Approval**

LAMESA — Farmers in this area can have their cotton classed at Lamesa next ginning season.

The request by the Lamesa Cotton Growers Association for a local cotton classing office has been approved by the U. S. Department of Agriculture. The new office will serve farmers in Andrews, Borden and Dawson Counties and the south half of Lynn County.

Farmers in this area have been sending their cotton to the Lubbock cotton classing office in previous years. Farmers who belong to Smith-Doxey cotton improvement groups can get their cotton classed free.

Any group of farmers organized to promote the improvement of cotton, adopt a single cotton variety, file application, arrange for sampling and meet certain other requirements, is eligible for the Smith-Doxey services. Applications can be secured from any county agent or the nearest cotton classing office.

Last year, more than 126,500 Texas farmers were eligible for Smith-Doxey services. Nearly 90 per cent of the cotton produced in the state, almost 32 million bales, during 1956 was classed under the program.

Chief C. L. Rogers will attend a five-day school on homicide investigation. It begins Monday and continues through next Friday. He is the only one going from Big Spring.

**Fiscal Year's Tax
Collections Higher**

The city collected over \$15,000 more in taxes during the fiscal year ending March 31 than it did in the previous year, according to the tax department report.

During the year ending March 31, the city collected \$362,162.72 in taxes, and the total was \$366,800.98 during the previous fiscal year. Most of the increase came in current tax revenue. The past year, \$347,308.24 came in current taxes.

Other figures from the past year include \$21,734.03 in delinquent taxes, \$3,901.59 in tax penalties and interest, \$3,582.50 in occupation taxes, and \$1,129.20 from the taxi franchise. Dog taxes brought in \$524.25, and pound fees amounted to \$75.

During March, the current tax revenue was \$7,180.72, and \$1,483.32 came from delinquent taxes. Occupation taxes amounted to \$464.50 and \$332.52 was collected in interest and penalties.

The city metered 90,222,900 gallons of water to customers during March, which is 15,067,500 gallons

of Big Spring and Howard County. The event is scheduled for 7:45 p. m. at the Big Spring Country Club. Royal, former University of Oklahoma football star who took over the coaching post at Texas last winter, will fly here from Austin. He is scheduled to arrive about 6:40 p. m., and will return to Austin the next day.

Dr. R. Gage Lloyd, First Presbyterian minister, is to serve as master of ceremonies for the program.

Mrs. Akin Simpson, president of the local ex-students association, said letters have been mailed to all known University of Texas exes in this area, inviting them to become members of the association and telling them of plans for the barbecue.

Anyone who attended the school for as much as one semester is eligible for membership, she said. Dues are \$2 per year. Persons not contacted may secure memberships by writing Mrs. Gil Jones, 802 Dallas.

Mrs. Jones is chairman of the barbecue program and will handle reservations for the event. Her telephone number is 4-8554. Tickets will cost \$1.75 per person, and husbands and wives of Texas are invited.

Other committee chairmen for the event are Mrs. Joe Moss and Mrs. J. H. Fish, correspondence; Elton Gilliland, guests; Charles Weeg, arrangements, and Mrs. Marshall Brown, telephone committee.

**DWI Defendant
Wins Acquittal**

T. A. Melton, Big Spring carpenter charged with DWI, second offense, was found not guilty by a jury in 118th District Court late Thursday afternoon.

Melton's case was the final jury trial of the current week on the criminal docket before Judge Charlie Sullivan.

His was the only case scheduled Thursday. A jury had been selected and the case started shortly before the noon recess. The jury received the case at 4 p.m. Two and a half hours later the jurors marched back into the courtroom and handed Judge Sullivan a verdict ruling that Melton was not guilty.

It was the first acquittal of the week.

Melton had been tried on March 1 for the same indictment and the jury had been unable to reach an agreement. A mistrial was entered in the case and Gullford Jones, district attorney, re-scheduled it as second trial on Thursday.

less than was used in March of 1956. Water and sewer bills totaled \$49,023.02 for the month, which is a drop of \$1,164.19 from the March, 1956, total.

Bonded indebtedness for the city stood at \$1,252,000 in tax bonds and \$1,406,000 in revenue bonds.

General fund revenue amounted to \$29,135.82 for the month, and in addition to tax totals, \$9,322.62 came from the telephone franchise, and \$5,603.83 was collected from the gas franchise. Fines and court costs contributed \$2,370.50.

Fishing permits brought in \$275, and building permit fees totaled \$230.

Receipts at the golf course totaled \$1,107.25, including \$609 from day-play green fees, and \$146 from nine-hole green fees. Monthly golf cards brought in \$105.

The city collected \$3,461.03 from parking meters during the month, as compared with \$3,440.71 for February.

plus federal tax

Where will we put them?

Today there are 1,160 junior high school children crowded into a building designed to handle only 60 per cent of this number. In three more years there will be at least 300 more pupils. Where will we put them?

The Big Spring Independent School District has on hand \$500,000 for a second junior high building. It needs \$400,000 more to assure a complete plant with gymnasium, shops, cafeteria, music building, etc. Either out of these or other funds, the present plant will be remodeled so that we will have two junior high school plants.

By the same token, senior high school enrollment is bound to increase rapidly. By 1962, the number in senior high school will double. We must start now to plan for this mounting number of students.
That is why you will be asked to vote Saturday for \$800,000 in bonds—although only the \$400,000 needed for the second junior high will be sold at this time. If you have a home on the tax rolls for \$5,000, your net increase in tax will be only \$3.50 per year for this new junior high plant.

Sunday Morning Evening Prayer Training

Christians To Recount Glory Of Risen Christ In Sunday Services

From dawn until past dusk, Sunday, Big Spring Christians will recount the glorious story of Christ's resurrection in song, sermon and pageant.

Before the first rays of the sun lie across the rolling hills east of the City Park, the traditional early morning Easter service will be unfolded as a giant pantomime with music and narration.

Special Easter music will be presented at most local churches Sunday with cantatas to be given at the First Baptist Church and First Presbyterian Church. Other churches will present soloists and special music by the choirs.

A special feature Sunday evening at the Wesley Memorial Methodist Church will be the 90-minute film on the Life of Martin Luther. The church has extended a special invitation to the public. Another film, "The Road Back" will be shown Sunday evening at the First Christian Church.

Several churches will conduct two morning worship services to accommodate the large attendance expected. The same message will be delivered at both services.

The Civic Theatre will be scene of the Easter Pageant. Scheduled to begin at 5 a. m. the final scene is to be shown with the rising of the sun at 6:11 a. m.

The Rev. William Boyd, rector of St. Mary's Episcopal Church will narrate the pageant which is under the direction of Sgt. Dewey Magee. A cast of 45 in splendid costumes will be seen. A choir of around 100 voices will furnish the music.

BAPTIST
"Resurrection Assurance" will be the Easter morning message at the College Baptist Chapel, with the Rev. H. W. Bartlett to deliver the message. The evening topic will be "The Risen Savior's Challenge."

The first half of the morning worship hour Sunday at the First Baptist Church will be devoted to an Easter cantata "The Risen Savior," by Roy E. Nolt. Wayne Nance will direct the choir with Jack Hendrix at the organ and Mrs. William T. McRee at the piano.

Soloists will be Mrs. Pat Hiney, Mrs. Barbara Olson, Wayne Nance, Raymond Moore; duets will be sung by Mrs. Jewel Camp and Mrs. Hiney; Mrs. Hiney and Mrs. Olson. A quartet will be composed of Mrs. Hiney, Mrs. Camy Forrest, Gambill and Hubert Murphy.

Dr. O'Brien's message will be "He Abolished Death," II Timothy 1:10. For the evening worship hour Dr. O'Brien will speak on "Sins of Youth," Psalms 25:9.

The 9 a. m. radio broadcast by the Rev. H. L. Bingham of the Hillcrest Baptist Church will be "The Golden Dawn." For the Sunday morning church message Rev. Bingham's subject will be "The End of Christ's Exaltation." The evening topic will be "A Dying Christian's Testimony."

CATHOLIC
Mass will be said by the Rev.

WHY I BECAME A MINISTER Eager To Honor Lord, Lead Others

By DR. P. D. O'BRIEN

I would begin by saying with Paul in his first letter to young Timothy (Chapter one, Verse 12), "I thank Christ Jesus our Lord, who hath enabled me, for that He counted me faithful, putting me into the ministry."

"Similar statements to this are found in every one of Paul's letters and concerning all other ministers of the Old and New Testament. My own entrance into the ministry was in this same way, I did not choose the ministry, I was put into the ministry."

Not that I resisted or resisted the call for after a very solid conversion which changed my whole life viewpoint at the age of 14 years. I was eager to do anything that would honor my Lord or lead others to know Him as I did.

I come of a very large family, being the seventh boy in a family of eight boys and four girls, and have suffered from an inferiority complex from early childhood. When the conviction that God wanted me to preach became unmistakable, nothing but His grace and help could have induced me to try.

I had a degree of success from the beginning which encouraged me to keep on. I was ordained five days before my twenty-first birthday and have been some body's pastor every day since then without a single break. In an effort to "make full proof of my ministry," I have practically "become all things to all men, that by all means that I may save some."

I taught school early in my ministry then went for my last two years in college and my seminary training. I have served as Boy Scout master, have given considerable time to my duties as a Mason and am well passed my twenty-fifth year as an active Rotarian. I have held more than 200 revival meetings, given almost a thousand after-dinner speeches, delivered scores of baccalaureate sermons and commencement addresses, pointing all toward the gospel ministry.

I have married hundreds of couples, baptized thousands of converts and conducted more than my share of funerals.

This means I have travelled thousands of miles and spent much time away from home, and this puts a double burden on the wife who has practically been father,

the last Mass.

At the Sacred Heart (Spanish speaking) Church, Mass will be held at 8 a. m. and 10:30 a. m. Sunday. Confessions will be heard on Saturday from 5-6 p. m. and 7-8 p. m. Benediction will be at 5 p. m. on Sunday.

Mass will be said Sunday at 5:30 p. m. in Coahoma at St. Joseph's Mission by the Rev. Fr. Adolph Metzger, OMI.

CHRISTIAN
Two morning worship services will be conducted Sunday at the First Christian Church. The 8:30 a. m. messages will be "He Lives," II Corinthians 13:4. The Rev. Clyde Nichols will be speaking. The choir will sing "All Hail, Redeemer," by Perry.

During the evening worship hour at 7:30 o'clock an Easter movie, "The Road Back" will be shown. Baptismal services will follow the evening movie.

CHRISTIAN SCIENCE
The vital importance for men today of Christ Jesus' victory over death will be emphasized at Christian Science services Sunday.

Readings from the King James Version of the Bible and from "Science and Health with Key to the Scriptures" will comprise the Lesson-Sermon entitled "Doctrine of Atonement." From John will be read the account of Christ Jesus' crucifixion and resurrection.

CHURCH OF CHRIST
T. E. Cudd, minister of the Fourteenth and Main Church of Christ, will speak on "Not Far From the Kingdom of God" at services Sunday morning. His evening message will be "To Whom Shall We Go For Salvation."

"Things in Hell, That Should Be in the Church," will be Doyle Maynard's message Sunday morning at the Northside Church of Christ. His evening topic will be "Give Diligence to Keep the Unity of Spirit in the Bond of Peace."

FIRST ASSEMBLY OF GODS
S. E. Eldridge, new pastor of the First Assembly of God Church, will be speaking Easter morning on "The Triumph of the Tomb." He will also deliver the evening message. Mr. Eldridge comes to this church after a three-year pastorate in Lubbock. He was formerly pastor of the local church.

EPISCOPAL
Services at St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a. m.; the family service at 9:30 a. m. and morning worship and sermon by the rector, Rev. William D. Boyd, at 11 a. m.

LUTHERAN
Divine services will be held Sunday at 10:30 a. m. at the St. Paul Lutheran Church with the Rev. Wayne Dittloff officiating. Sunday School and Bible classes are at 9:30 a. m. The adult discussion group will meet tonight at 7:30 p. m.

METHODIST
Mrs. Don Newsom's solo Sunday morning at the First Methodist Church will be "Alleluia," by Mozart. The choir will sing "The Heaven's Are Telling," by Mozart, and "Hallelujah," chorus by Handel.

The sermon by the Rev. Jordan Grooms will be "While It Was Yet Dark." Two services will be conducted; 9 a. m. and 11 a. m. The evening message will be a service of remembrance with the topic to be "When Christ Overtakes You."

"The Meaning of Easter" will be the Rev. Wayne Parmenter's message Easter morning at the Wesley Memorial Methodist Church. "The Crucifixion" will be the special music presented by the choir. The evening hour will be devoted to the film on "The Life of Martin Luther." The public is invited to attend.

At the Park Methodist Church Easter morning the Rev. Jesse Young will speak on "The Joy of the Resurrection." The revival will continue through evening services with the topic "What Must I Do To Be Saved?"

PRESBYTERIAN
"Easter Generates Hope" will be the morning message delivered Sunday at 8:30 a. m. and 11 a. m. at the First Presbyterian Church. Dr. R. Gage Lloyd will be speaking. At the evening worship period an Easter cantata, "The Crown of Life," will be presented by the choir. Soloists will be Mrs. Noble Kennemer, Mrs. Pat Hiney, Mrs. James S. Hill, Mrs. Norman Furlong, Edward Doolittle and Bob Johnson.

The Rev. Jack Ware's message Easter morning will be "Easter—A Way of Life." Services will be conducted at 8:30 a. m. and 11 a. m. The choir will sing "That Blessed Easter Morn." by Caldwell. Mrs. Jack Ware will sing a solo "I Know

Jesus' Victory and Commission

HE ROSE FROM THE DEAD AND COMMANDED THE DISCIPLES TO PREACH THE GOSPEL

Scripture Matthew 27:55-28:20

By NEWMAN CAMPBELL

IN RECENT LESSONS we have learned of Christ's prayers to His Heavenly Father in Gethsemane; of His arrest, trials and death on the cross. Now we have the glorious story of His victory over death. His appearance first to women, then to His disciples in Galilee, and His commands for their future labors after His ascension.

To Pontius Pilate there came a man of Arimathea, named Joseph. He begged Pilate to be allowed to take the body of His master and to put it in his tomb. Pilate gave his consent, and Joseph laid Christ in his own new tomb.

The chief priests and Pharisees also came to Pilate, saying that Jesus had said He would rise after three days. They wanted to be sure that the tomb was safely sealed with a great stone blocking the entrance, and a watch to be set to guard it, so that no one

could take the body away, and then claim that Christ had risen. This was done.

"In the end of the Sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre. The 'other Mary' was probably Mary mother of James and Jose (surnamed Barnabas, Acts 4:36). They went to the tomb to anoint the body of Jesus. They found the seal broken, the stone rolled away, and on it was seated an angel of God with a countenance 'like lightning, and his raiment white as snow.' The watchers were shaking with fear and were 'like dead men.'

"And the angel said unto the women, 'Fear not ye; for I know ye seek Jesus which was crucified. He is not here; for He is risen.'

"The angel also told them to go

quickly and tell His disciples, so they hastened joyfully to do so, and then Jesus appeared to them, saying, "All hail!" and they fell at His feet and worshipped Him. He also told them to tell His disciples He would meet them in Galilee.

Some of the watchers went into the city and told the chief priests what had happened, but, after a counsel, they were given money to lie, not mentioning what had really happened, but saying, "His disciples came at night and stole Him away while we slept."

The 11 disciples went to Galilee into a mountain which Jesus had appointed as the meeting place. The disciples worshipped when they saw their Master, but some doubted. Then Jesus said: "All power is given Me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost.

"Teaching them to observe all things, whatsoever I have com-

manded you; and lo, I am with you always even unto the end of the world."

How many modern missionaries scattered all over the world, repeat those lines of the Lord when they are discouraged or in fear, perhaps of their lives, and go on with their work comforted and confident.

Dr. Wilbur B. Smith, commentator and preparer of "Peloubet's Notes," suggests that to interest the younger children of the Sunday school, you might, if possible, have a picture of a Palestinian tomb on a blackboard, showing the sealing, generally accomplished by stretching a heavy cord from one wall to the other, then sealing both ends. The watching soldiers could also be pictures, or later, when they lay "as dead men," with the stone rolled away and the angel sitting on it.

A Hymn Is Born

BY CLINT BONNER

CHRIST, THE LORD, IS RISEN

Charles Wesley wrote so many hymns that he was called "The Sweet Bard of Methodism." He traveled 250,000 miles and preached 40,000 sermons. For 30 years the Wesley brothers worked together. Neither wasted a minute. John turned in at 10 o'clock and was on the go at 4 in the morning. He built a bookcase and work table in his buggy and wrote 233 books on the road. No wonder he preached more sermons than any man who ever lived. Charles wrote hymns morning, noon and night. One day his horse fell on him and nearly killed him, but his greatest concern was that a sore arm caused him to miss one day of hymn writing. When he courted at 40 he wrote love letters in the form of hymns. When the wedding was over he went home and wrote more hymns. No wonder he wrote 6500.

In 1780 the Wesleys were past three score and ten. Charles was 73. John was 71. John Wesley held his brother's hymns in the highest esteem and published them in hymn books and pamphlets. But the founders of Methodism were getting old and John wanted to collect the best of Charles' hymns into one great book. In the preface of his famous

"Collection" John Wesley pleaded that editors not "tinker" with his brother's poems as they would not be able to "mend either the sense or the verse." In appraising the voluminous works of his brother, John Wesley threw out a hymn that Charles wrote in 1739. It was "Christ, the Lord, is risen today." (He also threw out "Jesus, Lover of My Soul.")

When Charles Wesley lay on his death bed at the age of 80, in 1788, he was too weak to write, but he whispered a hymn while his wife wrote it down. At 83 John Wesley complained that 15 hours a day of writing hurt his eyes. At 85 he said two sermons a day tired him and he cut down to seven a week. He was just short of 90 when he died in 1791. No disease killed him. Doctors said he just wore out.

In 1830 a hymnbook editor came across a copy of "Christ, the Lord is Risen Today" and put it back in the Wesleyan Hymn Book. Charles Wesley did not write the Greek word "Alleluia" at the end of each line. The "tinkering" editor did that to make the words fit an old Easter tune. But maybe John Wesley wouldn't mind because otherwise the world would have been denied one of his brother's greatest hymns.

Vain the stone, the watch, the seal;
Christ hath burst the gates of hell;
Death in vain forbids his rise;
Christ hath opened Paradise,
Christ hath opened Paradise.

Lives again our glorious King;
"Where, O Death, is now thy sting?"
Once He died our souls to save;
"Where's thy victory, boasting Grave?"
"Where's thy victory, boasting Grave?"

Pilgrim Stream Is Diminished

JERUSALEM (AP) — The dawn of Good Friday in the divided city of Jerusalem today saw a steady but diminished stream of Christian pilgrims crossing in to the Jordanian sector of the city for Easter weekend observances.

Israeli police at the Mandelbaum Gate entrance to old Jerusalem said about 100 persons crossed during the first hour. A continuous procession was expected throughout the day, although the number of tourists here for the Easter pilgrimage this year was far below that of past years. Increased Middle East tensions were blamed.

Those making the crossing today included Christian Arabs living in Israel, members of the foreign diplomatic corps, Roman Catholic priests and nuns, Protestant clergymen and a scattering of foreign visitors.

Today's observances include the traditional tracing of the Way of the Cross, with pilgrims carrying heavy wooden crosses along the route followed by Jesus from the scene of his trial to his crucifixion. Tonight a statue of Christ will be buried ceremoniously in the Holy Sepulchre.

Last night the scene of the Last Supper was re-enacted beside the Israeli-Jordanian line that divides the city. Barbed wire and sandbags separate the site of the Upper Room — where Christ assembled with his disciples on the night before he was crucified — from the courtyard on the Jordan side where the re-enactment was held.

Emery Cheek Services Set

LAMESA — Funeral services for Emery Alanzo Cheek, 76, were set for the Bryan Street Baptist Church in Lamesa, at 3:00 p. m. Friday.

Mr. Cheek, a resident of Harlingen, was fatally injured in an auto accident near Brownwood Wednesday afternoon. He had lived at Lamesa from 1919 until 1953. Rev. E. L. Jones, pastor of the Bryan Street Baptist Church, was to conduct the last rites. Interment was to be in Lamesa Memorial Park under the direction of the Higginbotham Funeral Home of Lamesa.

Survivors include four daughters, Mrs. Boyd Smith, Richland Springs, Mrs. Nuel Shofner, Harlingen; Mrs. Dan Merck, Slator; and Mrs. D. Scott, Lamesa; two sons, F. C. Cheek, Plainview; and Clyde Cheek, Lamesa. Twenty-five grandchildren and 19 great-grandchildren also survive.

Mr. Cheek was born in Georgia and was a long time member of the Baptist Church.

Mrs. Billy Ward Dies Thursday

Mrs. Billy Lee Carpenter Ward, daughter of Mrs. J. W. Carpenter, died Thursday morning in Lytle Creek, Calif.

Services are set for 2 p. m. Saturday.

Surviving are her husband, V. E. Ward; one son, V. E. Ward Jr., San Bernardino, Calif.; her mother; one sister, Mrs. Dalton Mitchell, Big Spring; five brothers, Henry Carpenter and Joe Carpenter, Big Spring; Boyd Carpenter, Dallas, Sidney Carpenter, Grand Prairie, Ben Carpenter, San Bernardino, Calif.; and two grandchildren. Mr. and Mrs. Dalton Mitchell left by train Thursday afternoon to attend the services. Friends may communicate with the family through the Allen Funeral Home at Rialto, Calif.

WHERE'S THAT \$530 COMING FROM?
Well, man, we... have a pile of it down here we'd just itching to hand out to someone like you — and we hand out plenty! Why do people like us like they do? Maybe it's because every man at S.I.C. has had to have a loan himself, sometime in his life to bail out of a jam. And LOOK: \$25.53 a month (24 months) repays that S.I.C. \$530 loan. Subject to usual credit requirements, naturally. Quick! Private! With SMILE.

EASTER

How about buying Morn and Dad something that they can rest in. Oh, say one of our Stratoloungers, occasional chairs, a carpet for the living room or bedroom. 40% off on all carpet. Maybe they could use a nice chrome dinette—\$149.50 or 9 Piece—we have both and they are priced \$49.50 to \$149.50. Just came in with a truck load of good used furniture from Dallas. We always have a house full of good used refrigerators, stoves, bedroom suites, dinettes. We will buy or trade for your old furniture.
