Checking The Figures

Walter J. Cook (left) of the Audit Bureau of Circulations, is shown as he checks over The Herald's circulation figures. With him are Mrs. Frances Rosser, Herald circulation clerk, and Jack Kimble, circulation manager.

## Audit Bureau Checks Herald Circulation For Accuracy

Walter J. Cook has just departed Big Spring, after two days accounting work in The Herald office. And with him he has taken a mass of detailed figures on where The Herald's readership is—and how big it is.

He has determined how many copies of The Herald are being sent to Big Spring doors by carriers; how many are sold through newsstands; how many are delivered by special motor routes, and by Herald agents in neighboring towns. He has found out about how much newsprint The Herald used in the past year; how subscribers have paid for their paper. He has many other accounting details in his portfolio.

For Walter J. Cook is a field auditor for the Audit Bureau of

Circulations (ABC), a national organization with home offices in Chicago, and of which The Herald is a member.

It is Cook's job to give The Herald circulation a thorough audit, and to submit to his home office for an official report, the number of net-paid-copies-sold by The Herald for the year ending March 31, 1957.

Major newspapers and magazines over the country are members of the ABC. They are among the few media which pay an independent accounting firm to make sure that they are honest. The ABC has 60 auditors like Cook, who check the subscription lists and sales of more than 2,600 publications. They spend hours checking every client.

By knowing how many tons of newsprint The Herald bought during the specified year, Cook will ascertain how many papers could have been printed. He will find out how many "spoiled" copies there were, how much wastage there was of paper, how many copies used by the office itself as checking copies.

He will compare subscription lists, receipts from carrier boys, and many other factors. When he has finished he will have a figure called the "average" net paid circulation of The Herald. His report will be mailed to Chicago and another auditor will look it over there. When the ABC office gives its stamp of approval, The Herald has a certified figure of circulation.

Except for that, this ancient astronomer made a fairly good diagram. He regarded the earth as being round, instead of flat, and was among the small proportion of thinkers who adopted that viewpoint long ago.

Ptolemy was right in placing the moon closest to the earth among the heavenly bodies. He transposed Venus and Mercury in relation to the earth, but Mars and Jupiter were put in the right order.

There is a strange fact: If Ptolemy had interchanged the positions of the sun and earth on his diagram, he would have had an excellent outline of the solar system! All planets up to, and including,

### Uncle Ray:

## Ptolemy Believed Sun Went Around Earth

By RAMON COFFMAN

Unless we knew better, we might suppose that the sun goes around the earth. That is what people, in general, believed during ancient times.

Almost all the thinkers of long ago accepted that idea. One bold-minded Greek suggested that the earth might go around the sun, but his voice failed to change the common view.

Eighteen centuries have passed since a certain man drew up a plan of the solar system. He was Claudius Ptolemy (pronounced TOL-ee-me).

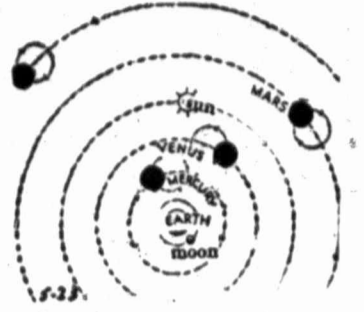

An old record tells us that Ptolemy was a Greek by birth. He did his chief work, however, in Alexandria, Egypt, during a period of 23 years.

Several things about the diagram of Ptolemy were clever, but he made one big mistake. He pictured the earth at the center of the solar system.

Except for that, this ancient astronomer made a fairly good diagram. He regarded the earth as being round, instead of flat, and was among the small proportion of thinkers who adopted that viewpoint long ago.

Ptolemy was right in placing the moon closest to the earth among the heavenly bodies. He transposed Venus and Mercury in relation to the earth, but Mars and Jupiter were put in the right order.

There is a strange fact: If Ptolemy had interchanged the positions of the sun and earth on his diagram, he would have had an excellent outline of the solar system! All planets up to, and including,

Ptolemy mistakenly supposed the earth to be at the center of the solar system.

Jupiter would have been in the right order.

At that time, the outermost planets were beyond the knowledge of those who studied the sky. Sharp eyes might detect

## Marilyn Monroe Ruled 'Irrelevant And Immaterial'

WASHINGTON, May 22 — Actress Marilyn Monroe was rated as "irrelevant and immaterial" today in the trial on charges of contempt of Congress of her playwright husband, Arthur Miller.

Miller's attorney, Joseph L. Rauh Jr., sought to subpoena records of the House Committee on Un-American Activities to back up his contention that the committee sought publicity rather than information in calling Miller as a witness.

Asst. U. S. Atty. William Irrez said such information was "irrelevant and immaterial," and U. S. Dist. Judge Charles F. McLaughlin agreed with him.

Saturday, but nothing was known about the orbit of that planet.

## Britain Cages Hydrogen Bomb

LONDON (AP)—Britain's Atomic Energy Authority disclosed last night it is building a giant glass cage in which it hopes to channel the power of the hydrogen bomb into the generation of electricity.

The cage is being built at Harwell, the main government center for nuclear research. It is expected to be ready for experiments by the end of the year.

The News Chronicle said the apparatus in essence would be a huge bottle containing the fusible materials and surrounded by electro-magnets.

The magnets will create electrical fields which will keep the intensely hot gases from touching the sides of the bottle and melting it.

The temperature at which the H-bomb fusion process begins is believed to be in the region of 212 million degrees Fahrenheit. The News Chronicle said a research team headed by Dr. P. C. Thorne has succeeded in producing temperatures of more than 2 million degrees in small models.

## More Automobile Accessories Stolen

Thieves continued to take auto accessories Tuesday, the police got reports of loss of eight hub caps and two mirrors.

Six hub caps were taken from 1953 and 1954 model Oldsmobiles at the Pete Harmonson Used Car Lot, 1821 W. 4th.

Allen Cloud, 2311 Runnels, told officers Tuesday that two hub caps were stolen from his 1955 Oldsmobile.

The two rear view mirrors were stolen from a car belonging to W. F. Williams, 703 E. 15th. The items were stolen last Thursday.

## Officers Foil Getaway Attempt

WICKLIFFE, Ky. (AP)—Kentucky police officers yesterday foiled a getaway attempt of two men who had robbed a Mounds, Ill., bank of \$44,000.

The men fled across the Ohio River in a fast motorboat, but found police waiting on the Kentucky side. After waiving extradition, they were returned to Murphysboro, Ill., by federal officers.

Authorities said \$36,819.50 was recovered from two paper sacks in their possession.

The gunmen, identified by state police as Arthur Kerner, 30, and Robert Ferrise, 34, both of St. Paul, Minn., staged a daylight holdup at the First State Bank of Mounds.

## Bible Class Fund Climbs To \$1,479

Although the campaign had ended officially, the high school Bible class fund inched upward Wednesday.

New contributions included \$5 from the Mary Martha Sunday School Class at the First Baptist Church and another \$5 anonymous contribution. In addition, the Fellowship Class at Baptist Temple gave \$19. This brought the total so far to \$1,479.

VETERANS OF FOREIGN WARS OF THE UNITED STATES

## Doctor Rush wrote it 160 years ago

This is the second of our messages to you about the purposes of the United States Brewers Foundation. Over 160 years ago, Dr. Benjamin Rush, "Father of Temperance", in our nation wrote: "Fermented liquors are... when taken in moderate quantity, generally innocent and often have a friendly influence upon health and life."

This "moderate" approach lies behind all the work done by the Foundation. In our work with the men who sell to you, the public, the Self Regulation Program is designed to perform a three-fold service:

1. Impress upon Government agencies the necessity for strict enforcement of reasonable laws and regulations.
2. Impress licensees of our industry with the strict observance of these laws.
3. Provide two-way information between the industry and public and law enforcement officials, members of the press and community leaders on national, state and local conditions to achieve cooperation and assure maximum effectiveness of this project.

### How the Self Regulation Program Works:

All branches of the industry are constantly reminded of their responsibility to the public.

Full-time trained field men repeatedly visit establishments to encourage maintenance of high standards or improvements in conditions.

It is the job of the Foundation's field man to step in and counsel with the retailers on the best action to take to correct any improper situation. Our experience shows that such well-intentioned expert advice is usually followed.

Meetings are held with retailers and law enforcement authorities to gain their mutual cooperation.

The United States Brewers Foundation maintains an armed force-program of close cooperation with military authorities to assure decent and wholesome establishments as places of recreation for servicemen in areas adjacent to armed forces installations.

We are proud of our products, beer and ale, and are gratified that they have gained wide recognition as America's beverages of moderation. Beer and ale have won their popularity because the public has recognized that they are, in truth, synonymous with moderation and temperance. We carry on the program of Self Regulation as one important means of continuing this popularity, and, at the same time, furthering our industry's service in the public interest.

In the weeks ahead we shall show you the importance of the Brewing Industry to Texas, and how beer fits into your daily life. For most Texans prefer moderation, and "Beer is the beverage of moderation."

# Tax Panel Member Says Cuts Won't Bring Much Reduction

WASHINGTON (AP)—Rep. Mills (D-Ark.) said today he believes the appropriations cuts voted so far by the House will reduce spending not more than 250 million dollars in the year ahead.

"It's a terrible thing," he told a reporter, "that people have gotten the idea these cuts in appropriations will justify a reduction in taxes. Because so far the cuts will have very little effect on spending."

Mills is a senior Democrat on the House Ways and Means Committee, which handles tax matters.

The House has passed 10 of the 14 money bills for fiscal 1958, starting July 1, cutting them about \$1,400,000,000 below President Eisenhower's request.

But these cuts will not slice the same amount from Eisenhower's \$71,800,000,000 spending budget — which House tax experts here forecast will go up to nearly 73 billions despite Congress efforts to cut appropriations sharply.

Much of the spending in the year ahead will be out of past appropriations already available to the federal agencies.

In addition, some of the cuts voted by the House probably will have to be put back early next year in supplemental bills. These involve such things as public assistance grants and veterans' benefits which are fixed obligations.

Mills plans a series of hearings next month as chairman of the fiscal policy subcommittee of the Senate-House Economic Committee.

Eisenhower told his news conference yesterday he never would approve tax cutting with the budget in such precarious balance as it is now. He said spending was running ahead of estimates in some agencies for the current fiscal year.

House Speaker Rayburn (D-Tex.) told newsmen after the news conference that he doubted whether Congress would vote this year to cut taxes. But he still voiced optimism that a reduction will be ordered next year and made retroactive to next Jan. 1.

The House Appropriations Committee has made a \$2,586,000,000 cut in the \$36,128,000,000 request submitted by Eisenhower for the Defense Department. But one key House member said privately he doubted whether this would mean more than a 125 million dollar reduction in spending for the year.

The House is to start debating this bill tomorrow. The Senate Military Appropriations subcommittee opens hearings on the same measure today with Secretary of Defense Wilson as the witness.

The Senate so far has passed four of the 10 appropriations measures which have cleared the House. The Senate has retained all of the House cuts, and voted \$40,828,270 in additional reductions.

The fourth bill, passed by the Senate yesterday, carried 16 millions for the White House and executive agencies operated directly under it.

Speculation on the premier-designate center on politicians of the center parties — somewhere between the Socialists and the right-of-center Independent Republicans whose negative votes helped defeat Mollet.

Men most frequently mentioned were former Premier Rene Pleven, who heads a splinter group which participated in Mollet's coalition, and Pierre Pflimlin, chairman of the Popular Republicans.

International courtesy requires that Coty let the U. S. government know sometime in advance if his constitutional duties will force him to cancel the trip. For this reason he is pressing the warring French political leaders to give him an answer one way or another in the next few days.

Officially, Coty still has not accepted the resignation of Mollet's Socialist government, submitted Tuesday after 16 months in office — a postwar record. But the Socialist premier said he was definitely through.

Mollet resigned when the National Assembly voted 250-213

against his belt-tightening program to finance the campaign against the Algerian Nationalists. He and his Cabinet remain on a caretaker basis until a successor government is chosen.

Persons who spoke with the president said Coty hoped for swift solution of France's political crisis so he could arrive on schedule in Washington June 3 for a state visit.

But unless Parliament confirms a new premier soon, Coty will be unable to make the trip. He was forced to cancel his sailing on the Ile de France. He ordered a special plane to stand by to fly him to America.

# GOP Senators Organize To Support Ike

WASHINGTON (AP)—A little group of Senate Republicans joined informally today to fight for President Eisenhower's spending and legislative programs.

Working without any White House direction, they want to avoid any clash with regular GOP leaders who have opposed some of the Eisenhower proposals. But these "modern Republicans" said they hope to drum up more support for the President.

"We're going to do our best all the way through to get the President's program enacted," Sen. Cooper (R-Ky.) told a reporter in disclosing the informal agreement.

"If we don't get more support for the President, it's going to hurt our party in the 1958 elections. We believe in the program President Eisenhower has proposed and we are backing it 100 per cent."

Cooper said he, Sen. Javits (R-NY), Sen. Clifford Case (R-NJ) and some others have talked over the matter.

Cooper did not list the others but test votes indicated they may be joined more often than not by Sens. Almon (Va.), Allott (Colo.), Bush (Conn.), Carlson (Kan.), Cotton (NH), Ives (NY), H. Alexander Smith (N.J.), Thye (Minn.), Watkins (Utah), and Wiley (Wis.).

Bush, who served as platform committee chairman for the GOP convention which renominated Eisenhower last year, praised the President for making it clear at yesterday's White House news conference that he is more enthusiastic about giving campaign backing to Republicans who share his views than to those who don't.

"His statement is encouraging to all of us who are trying to carry out the platform pledges," Bush said.

Eisenhower said he is "committed to the support of people who believe, as I do, that the Republican platform of 1956 must be our political doctrine." But he believes the GOP should control Congress and to that extent he was for any regularly nominated Republican.

Almost all the Republicans on hand joined in a demonstration in Eisenhower's behalf in the Senate yesterday. Led by Chairman Bridges (NH) of the Senate GOP Policy Committee, himself sometimes a critic of Eisenhower's policies, they called into Sen. Morse, Oregon Democrat and former Republican, for criticizing the President.

Bridges said he was "shocked" because Morse had linked Eisenhower with Teamsters' President Dave Beck as "two of the same kind of immoralists" in a Detroit speech last Saturday.

Sen. Capert (R-Ind.) suggested censure for Morse. Bush called for a "public apology." Morse sat smilingly silent while 19 Republicans got up to lambast him and six Democratic colleagues came to his defense.

Then he rose to challenge his critics to offer a resolution of censure. No one did. Nor did anyone raise a point of order against him, as he suggested, when he repeated what he said was the essence of his Detroit speech.

Morse said he had great respect for the office of the presidency but "very little respect" for the present occupant.

He said the attacks on him were symbolic of the "police attitude" of putting the President above criticism.

"I repeat today," Morse said, "that in my code of ethics and my code of political morality, I can't see any difference between a Dave Beck putting his hands in the pockets of members of the Teamsters Union for what amounts to interest-free loans and an administration headed by Dwight D. Eisenhower putting his hands into the pockets of the taxpayers of this country and taking out an interest-free loan and giving that loan to the Idaho Power Co. . . ."

# Aid Suspended

PARIS (AP)—France has suspended all financial aid to Tunisia because of the open support in that former French protectorate for the rebellion in Algeria.

# French President To Name Premier

PARIS (AP)—President Rene Coty sent out word today he intends to nominate a successor for Premier Guy Mollet within 48 hours in an effort to keep his own date with President Eisenhower early next month.

Persons who spoke with the president said Coty hoped for swift solution of France's political crisis so he could arrive on schedule in Washington June 3 for a state visit.

But unless Parliament confirms a new premier soon, Coty will be unable to make the trip. He was forced to cancel his sailing on the Ile de France. He ordered a special plane to stand by to fly him to America.

Persons who spoke with the president said Coty hoped for swift solution of France's political crisis so he could arrive on schedule in Washington June 3 for a state visit.

But unless Parliament confirms a new premier soon, Coty will be unable to make the trip. He was forced to cancel his sailing on the Ile de France. He ordered a special plane to stand by to fly him to America.

### Missed Quiz, Lost His Wife

LOS ANGELES (AP)—Missing a question on a television quiz program cost aircraft worker Al Einfrank a small fortune, his wife and even—for a time—his health. But Einfrank says he has no regrets.

### Lamar Apparently Open To Negroes

BEAUMONT (AP)—Negro students apparently were left free to continue attending Lamar State College of Technology when a case scheduled to go to trial in U.S. District Court of Appeals at New Orleans yesterday was dismissed.

## Foreign Aid Chief Asks Fund Policy For Indefinite Time

WASHINGTON (AP)—Foreign Aid Administrator John B. Hollister urged Congress today to make future appropriations for foreign military and economic aid available for spending over an indefinite period.

### Hi-Y Dads Set Fishing Outing

The Sophomore Hi-Y Dads met Wednesday evening to plan for an overnight fishing trip with their sons.

### Practice Alert Set

WESTBROOK—A practice alert for the Westbrook Ground Observer Corps has been scheduled for 1 to 3 p.m. Sunday.

### Pickets Appear At Eleanor Talk

HOUSTON (AP)—Seven pickets favoring racial segregation marched outside a Houston hotel last night as Mrs. Franklin D. Roosevelt spoke at a "Bonds for Israel" rally of 500 persons.

### Jest Amid Disaster

Someone who retained his sense of humor despite destruction brought by a tornado scrawled the message, "Don't knock... just walk in... some blow," on the door of a wrecked home in suburban Ruskin Heights, near Kansas City.

### Angloan Convicted In Tavern Shooting

SAN ANGELO (AP)—Sammy Fletcher, 33, was convicted yesterday of murder and given a five-year suspended sentence.

## Rodeo Grounds In Top Shape For Big Show

Grounds and plant at the Big Spring Cowboy Reunion and Rodeo are due to be in the best condition ever, officials said Thursday.

### Pregnancy Ruled No Reason For Graduation Ban

LODI, Calif. (AP)—Freckle-faced and pregnant Mrs. Rosalie Spelling can take part in the June 3 graduation ceremonies at Lodi High School.

## Russ Arms Plan Might Be For Real

WASHINGTON (AP)—U. S. officials find it hard to believe, but they are beginning to think that Russia's bosses really may be prepared to give up some secrecy to get a limited disarmament pact.

Someone who retained his sense of humor despite destruction brought by a tornado scrawled the message, "Don't knock... just walk in... some blow," on the door of a wrecked home in suburban Ruskin Heights, near Kansas City.

### Mrs. Pat Rivard Receives Transfer

Mrs. Patsy S. Rivard, Webb civilian employe, has been transferred to Installations Group Headquarters.

### Gets 25 Years For McCamey Slaying

SONORA, Tex. (AP)—Willie Henry, 33, of San Angelo, was sentenced to 25 years yesterday for murder.

## Big Spring Artist's Work Is On Tour

Three paintings by a Big Spring woman are now on a long tour of the United States; one of the pictures will eventually go to Europe.

### Plans Are Made For Reunion At Lamesa

LAMESA — The Pioneer Day Committee announced arrangements almost completed for the program Saturday afternoon at Lamesa Forrest Community Center here.

### Legion Presents Awards At C-City

COLORADO CITY — The Colorado City American Legion post made its annual presentation of eighth grade school awards Wednesday to Judy Ellis, daughter of Mr. and Mrs. Jeff Ellis, and John Merritt, son of Mr. and Mrs. John Tom Merritt.

### Execution Stayed

AUSTIN (AP)—The scheduled execution of Junior Lee Williams tomorrow has been stayed by the U.S. Supreme Court. Williams was sentenced to death for the rape of a girl, 12, at Bay City.

# It takes a GIANT to speed up traffic

The New Jersey Turnpike, most heavily traveled toll super-highway in the nation. Photo courtesy Cities Service Company.

It takes a giant highway to speed up automotive traffic and it takes a giant medium to speed up sales traffic. That medium is the daily newspaper, a giant that lives in every town.

Reader traffic through the daily newspaper is greater than ever. According to Sindlinger & Co., statistical analysts, newspaper reader traffic reached an all-time high of 100,000,000 on an average day in January. More people read newspapers than viewed, listened to or read any other medium.

Reader traffic leads to sales traffic. The greater the traffic the greater the opportunity for retailers, wholesalers, distributors and regional manufacturers to sell more goods to more people. Your daily newspaper gives you that opportunity every day throughout the year.

**Cotton Congress To Study Industry's Future In Dallas**

LAMAR FLEMING

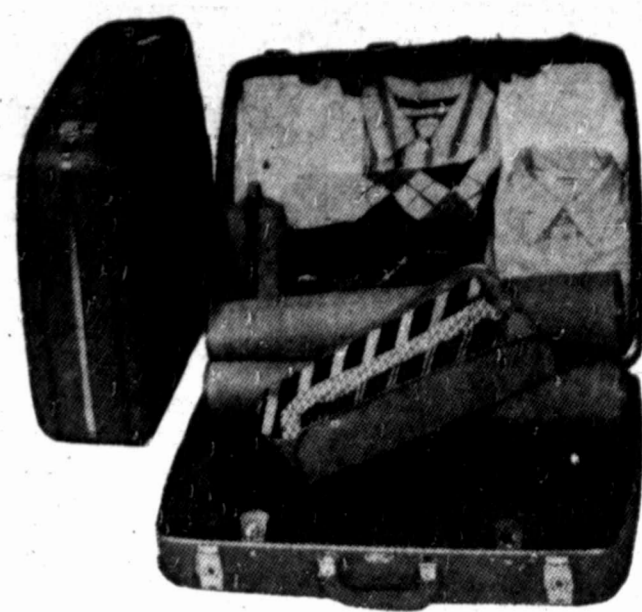

SAMUEL WAUGH

Experts will outline present and future prospects for the cotton industry from both foreign and domestic standpoints when the annual American Cotton Congress convenes in Dallas Monday. Headlining the program will be addresses by Samuel C. Waugh, president and chairman of the Export-Import Bank, Washington, D. C., and Lamar Fleming Jr., board chairman of Anderson, Clayton & Co., cotton merchants. Waugh, scheduled to speak during a luncheon at the Baker Hotel, will explain the role of the Export-Import Bank in foreign trade. At 3 p. m., the Congress will move to the floor of the Dallas Cotton Exchange to hear Fleming discuss the world cotton situation. While members of the U. S. Con-

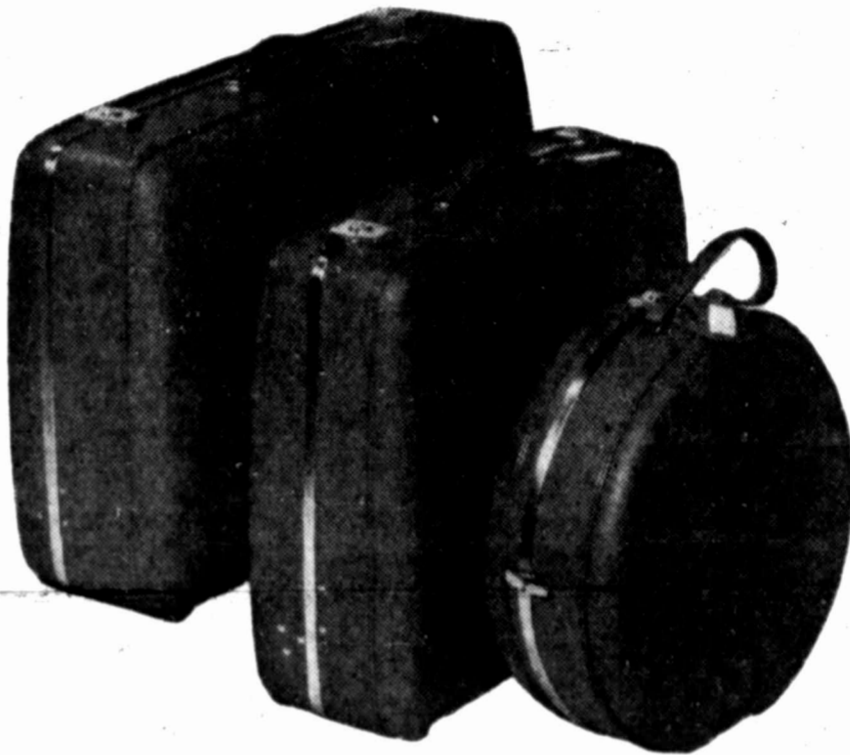

gress ponder the future of the Soil Bank, members of the 18th American Cotton Congress will open the Dallas meeting at 9:30 a. m. with a discussion of the effects a continuing Soil Bank program would have on cotton economy. Eugene Butler of Dallas, editor of the Progressive Farmer, will head a panel which will include W. H. Roberts, Dallas banker; John W. Champion, Groesbeck banker; Loyal Walker, of the Abilene Chamber of Commerce and L. L. Mackey, Longview cotton producer. Following the Dallas meeting, the Congress will sponsor field sessions at Sugarland, June 26; Lubbock, August 12, and Pecos, August 12, and Pecos, August 19.

**Daily Average Oil Production Hiked**

TULSA (AP)—Daily oil production during the week ended May 18 increased 63,025 barrels to 7,485,450, the Oil and Gas Journal said today. The output lifted the Journal's estimate of 1957 production to

1,049,199,275 barrels compared to 999,354,130 a year ago. Oklahoma gained 46,400 barrels to 636,400. Declines were reported for Colorado, down 700 barrels to 157,500 and Arkansas 300 to 85,200. Production was unchanged in Texas 3,160,800 barrels; Louisiana, 92,200; and New Mexico, 269,250.

**Houston Police Lose Motorcycle**

DALLAS (AP)—Houston police have asked their Dallas counterparts to be on the lookout for three juveniles believed vacationing here. The trio, all 14 to 15 years old, stole three high-speed motor-

cycles. They should be easily recognized. One motorcycle is painted white and is equipped with red lights, siren and a two-way Houston police radio.

**Bill Signed**

AUSTIN (AP)—Gov. Daniel has signed a bill which provides for construction of a state archives and library building.

## City's \$990,000 Improvement Program Is Nearing Completion

By DON HENRY  
It has taken the City of Big Spring a long time to spend the \$990,000 in bonds voted by citizens in August of 1955.  
And the city is not through spending yet.  
About \$216,000 remains to be spent of the total general obligation and revenue bonds voted by the city almost two years ago. Part of this money is practically spent, with buildings now under construction which will consume part of it.  
All but \$98,888 has been obligated and it is earmarked for street improvements.  
The bond issue was broken down into six definite parts, with two of them now complete. The police building (\$200,000) and water-sewer improvement (\$300,000) projects have been finished, while work is almost complete in the fire department (\$175,000). The street improvement (\$150,000) and park improvement (\$90,000) issues still have funds, while very little has been paid out of the city hall bonds (\$75,000).  
All of the bonds except the \$75,000 for the city hall work were sold in November of 1955. What

### Summary Of City Bond Funds

	Police (1)	Fire	Street	Park	Water (2)	City Hall (3)
Bond Issue	\$200,000.00	\$175,000.00	\$150,000.00	\$90,000.00	\$300,000.00	\$75,000.00
Interest Earned	2,378.87	2,176.87	1,847.08	1,033.30	2,253.73	
Transferred from other funds	15,847.89				622.89	
Disbursed	214,877.11	155,609.82	138,152.92	87,790.72	271,132.32	2,838.80
Balance	3,180.45	19,390.18	11,847.08	2,209.28	24,867.68	72,161.20

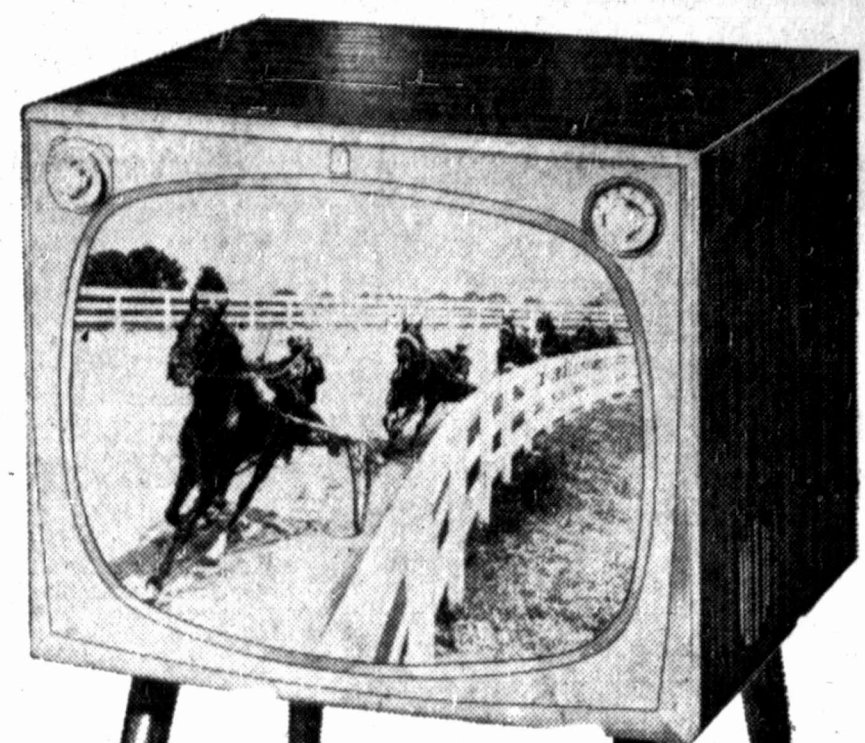

(1) A total of \$4,736.67 is due the electrical contractor.  
(2) The final estimate of \$32,850.70 is being held pending settlement of claims to surrounding residences.  
(3) The funds have not been received yet, and the \$2,838.80 was paid out of the obligation fund.

work sold this month for 3.148 per cent.  
Item by item, the bond picture shapes up as follows:  
POLICE BUILDING: This phase is complete, but the city still has to pay the electrical contractor, Phillips Electric of Midland, \$4,736.67. Left is \$3,180.45, and the difference will have to be paid out of the general fund. In addition to the \$200,000 voted by the city, \$15,847.89 was transferred from the Fourth Street Escrow Fund. J. D. Jones Construction had the general contract, Southern Steel equipped the jail, and Western Service got the mechanical contract.  
FIRE DEPARTMENT: All work is done except the drill tower, and it is under contract to Suggs Construction. Out of the \$175,000, the city purchased two fire trucks for a total of \$37,166. Fire hose to equip them cost \$4,735.99. Two fire stations, one at Eleventh and Birdwell and the other on the Northside, cost \$94,467.75. Pioneer Builders constructed the Eleventh Street station, and G. A. Jones Construction of Lamesa built the one on the Northside. Also out of this fund came radio equipment costing \$3,170.48. Contract for the fire drill tower went to Suggs for \$20,477.  
STREET IMPROVEMENT: Most of this \$150,000 has not been spent. The city has purchased street maintenance equipment, including dump trucks for \$47,515.82. Another \$5,000 was spent

for right-of-way for a street between West Third and Fourth. With the remainder, the city plans to re-surface the downtown area and some residential areas. The residential work will include straightening the intersections at 17th and Aylford and at 10th and State. The downtown work is expected to be done this summer.  
PARK IMPROVEMENT: Principal items of this have been completed or are under construction. The city paid for two Northside swimming pools out of this fund, \$55,268.44. A. P. Kauch & Sons built the pools. At the present, the city is building bathhouses at the pools, and this work is expected to cost \$10,000. The city purchased the North Main Street Park property out of this money for \$10,000. The city also spent \$1,451.88 leveling Birdwell Park. With the remainder of the money, the city plans to finance general improvements of parks until the money is exhausted.  
WATER-SEWER IMPROVEMENT: All work has been completed. Out of the water-sewer money, the city enlarged the filter plant at a cost of \$189,534.65. Clay Carey of Brownwood did the work. Clyde Yarbrough of Odessa constructed water lines from the filter plant to the new Edwards Heights reservoir plus smaller lines in the southwest part of the city for \$62,021.91. The reservoir also was built by Yarbrough at a cost of \$62,721.88, and the land for the tank cost \$11,014.10. Actually, the city still owes Yarbrough \$32,850 on the reservoir work, because settlements with his insurance company have not been made. Several home owners in the vicinity of the reservoir complained of damage from blasting, and these claims have not been settled. The difference between the balance in the fund and the amount owed Yarbrough will come from water and sewer revenue fund.  
CITY HALL: Very little has been initiated. The city has purchased high fidelity equipment for the auditorium, and it has re-tiled the aisles of the auditorium, but this is all that has been done. With the remainder of the money, the city plans to remodel the city hall, purchase new drapes for the auditorium, and possibly air condition and repaint the auditorium.

## Junior College Baccalaureate Services Set

Baccalaureate services for the Howard County Junior College will be conducted at 4 o'clock Sunday afternoon in the College Auditorium.  
The baccalaureate sermon will be delivered by the Rev. A. R. Posey, pastor of Temple Baptist Church.  
College officials issued a general invitation to the friends of the students and to the public at large to attend the services.  
Official program for the afternoon will open with the processional played by Jack Hendrix of the college music department.  
Opening song will be "Holy, Holy, Holy."  
Dr. Gage Lloyd, First Presbyterian Church, will lead the invocation.  
The Howard County Junior College Choir will sing Schubert's "Kyrie Eleison," as a special feature.  
The Rev. Jack Ware of St. Paul Presbyterian Church will read the scriptures and the Rev. Hal A. Hooker of First Church of God will offer the prayer.  
Rev. Posey will then deliver the baccalaureate sermon.  
Dr. Jordan Grooms of First Methodist Church will pronounce the benediction and Hendrix will play the recessional.  
Ushers who are to serve are Carolyn Dietz, Lavelle Fletcher, Mary Sue Hale, Marlene Mann, Gladys Oliver and Patsy Shamsay.

### LOCAL, REGIONAL

## Jaycee Road-E-O Set For Weekend

Saturday's local Teen-age Road-E-O sponsored by the Jaycees will be held over twice as big as the one held here last year.  
Then Sunday, Big Spring will have another treat when the regional finals are held here.  
The competition Saturday however is limited to Big Springers who have a driver's license, have not had a traffic violation during the past six months, and will not have passed their 20th birthday by August 15.  
Jaycees sponsored the meet last year, and only five persons participated. Already 13 have turned in applications to James Eubanks, executive secretary of the Citizens' Traffic Commission.  
Others interested in the Road-E-O are asked to contact Eubanks at the police station, or application blanks can be secured at the junior and senior high schools.  
The competition Saturday will begin at 1 p. m. at Webb AFB. Ralph McLaughlin is in charge of the judging. The drivers will be judged on driving between rows of rubber balls 18 inches apart, weaving around barrels in a line 25 feet apart, driving around a curve and stopping, and parallel parking.  
In addition, a written exam is given to test the driver's knowledge of road safety.  
Teen-agers will drive new cars—not their own. Furnished will be a Chevrolet by Tidwell with automatic shift, while a Ford by Tarbox-Gossett and a Plymouth by Lone Star Motor will have standard shift.  
Plaques and prizes will be given to the first, second and third place winners in the local competition. The first place driver will receive a watch from Zale's, while

Lynn's will present a billfold to the second place winner.  
Third place will receive a sports-wear gift from Lee Hanson. Alexander's will engrave all the plaques.  
The three winners from Big Spring Sunday at 1 p. m. will compete against winners of seven other surrounding cities for the regional title and a chance to go to the state meet.  
Competing here will be Big Spring, Sweetwater, Snyder, Balingier, Stamford, Colorado City, San Angelo, and Abilene. Each city is to send three drivers.  
The regional winner will receive a large trophy in addition to the ticket to the state Road-E-O which will be held in Sherman June 20-22. From there the winner will proceed to the national championships to be held in Washington, D. C., Aug. 12-15.

### Industrial Brochure Mailings Proposed

Industrial Committee of the Chamber of Commerce recommended this morning that 500 copies of the Chamber's new industrial brochure be dispatched to presidents and real estate departments of firms which operate on a national scale.  
The group also suggested that letters from the Chamber president, R. L. Beale, accompany the brochures to company presidents.  
The recommendations will be submitted to the Chamber's board of directors. Meanwhile, work is stated on the preparation of additional copies of the new brochure.

## Students Give Lions Program

Young people furnished the program for the Downtown Lions Club on Wednesday, and variety abounded.  
Billy Evans played two Chopin waltzes and then added the lively "Sabre Dance." Ronnie King, student council president, spoke briefly on freedoms based on faith in God, self, others and country. The more these are taken for granted, he said, the more they diminish.  
Carl Giles, fifth grader from Washington Place, presented a ventriloquist act with his helper, "Jerry Mahoney."  
Dr. Marshall Cauley, president, announced family night for June 11 with the feature of the program at Cosden Country Club, to be the installation of officers. The officers will take over officially after July 1.

### Pay Hike Jumped

HOUSTON (AP)—A five per cent pay hike to all non-union employees announced in April by Continental Oil Co. has been jumped to 6 per cent.

Assistance For Mother

When ice-cream-making time rolls around, Mrs. Bob Tawater has plenty of assistance from her two children, Linda, 6, and Bobby, 3. For today's food page Mrs. Tawater contributes a vanilla ice cream recipe that's sure to please your family, too. She also gives a rich refrigerator pie recipe — banana velvet pie — that's good for hot summer days.

## Ice Cream Recipe Is Given By Mrs. Tawater

Many young homemakers find that the most popular recipe around their home is one handed down from mother. For Mrs. Bob Tawater one of her favorites is an ice cream recipe she got from her mother.

Unlike many of the faster methods, this recipe calls for cooking, and Mrs. Tawater thinks this is the secret to turning out a delicious ice cream. Her recipe also calls for evaporated milk which makes the ice cream creamier Mrs. Tawater says.

Ice cream time around your home will be a delight if you follow this recipe.

### VANILLA ICE CREAM

Method: Scald in double boiler 3 1/3 cups milk. Combine 3 beaten eggs, 2 cups sugar, 2 tablespoons flour and 1/2 teaspoon salt. Add to milk, stirring constantly until slightly thickened. Cool and add 3 1/3 cups milk, small can evaporated milk and 3 teaspoons vanilla. Turn in ice cream freezer until frozen. This recipe yields 3 quarts.

Hot summer days will find homemakers scurrying for those recipes that don't require cooking in the oven. For a cool dessert, Mrs. Tawater suggests this Velvet Banana Pie. No need for the hot oven!

### BANANA VELVET PIE

Ingredients: Crust; 2 tablespoons margarine 1/4 pound marshmallows 1/4 teaspoon salt 2 cups pre-sweetened corn flakes

Method: Combine margarine, marshmallows and salt in saucepan; melt over low heat. Add corn flakes and stir until blended together. Press quickly into 8 inch pie plate and chill until firm.

Filling, Ingredients: 1/2 cup water 1/2 pound marshmallows 1 egg yolk, slightly beaten 1 cup heavy cream, whipped 2 bananas 1/4 teaspoon vanilla

Method: Combine water, marshmallows in saucepan; place over medium heat; when marshmallows are melt-

## Maraschino Cherries For This Dessert

If your family dotes on maraschino-cherry flavor, they'll enjoy this dessert.

### CHERRY MOCK CHEESE CAKE

Ingredients: Four eggs (separated), 1 can (14-ounces) sweetened condensed milk, 1 teaspoon grated lemon rind, 1-3 cup lemon juice, 1 teaspoon vanilla, 1-3 cup (about 15) chopped maraschino cherries (drained), 2-3 cup finely crushed graham cracker crumbs, 2 table-spoon butter or margarine (melted).

Method: With rotary beater (hand or

electric) beat egg yolks until thick and lemon-colored. Add milk, lemon rind, lemon juice, and vanilla; beat to blend. With clean beater beat egg whites until stiff but not dry. Fold egg whites and cherries into egg yolk mixture. Mix graham cracker crumbs and melted butter well. Sprinkle half of crumb mixture in bottom of greased baking pan (8 by 8 by 2-inches). Top with cherry mixture and sprinkle with remaining crumb mixture. Bake in slow (325 degrees) oven 30 minutes. Turn heat off; leave cake in oven 1 hour. Makes 8 servings.

## Spices Add Flavor To Chicken Recipe

### INDIA SKILLET CHICKEN

Ingredients: One broiler-fryer chicken (about 2 1/2 pounds ready-to-cook weight), 1 teaspoon salt, 2 teaspoons curry powder, 1/4 teaspoon ginger, 1/4 teaspoon ground cardamom, 1/4 teaspoon turmeric, 2 tablespoons butter or margarine, 1 tablespoon peanut oil, 1/2 cup celery crescents, 2 medium-sized onions (cut into thin rings), 1 can (10 1/2 ounces) condensed clear chicken soup, 1/4 cup heavy cream.

Method: Have chicken cut into about 10 serving-size pieces. Wash and dry. Mix together the salt, curry powder, ginger, cardamom and turmeric. Sprinkle chicken pieces with the spices. Melt butter in 10-inch skillet with peanut oil. Brown chicken in fat quickly — this will take about 10 minutes. Sprinkle with celery and onion rings. Add the chicken soup. Cover and cook slowly until chicken is tender — 25 to 30 minutes. Turn chicken once or twice during cooking. Remove chicken pieces; stir cream into sauce, reheat and pour over chicken. Makes 4 servings.

### Tasty Version Of Popular Topping

#### Luxurious version of a popular cake topping

### COCONUT BUTTERSCOTCH CAKE

Ingredients: One package yellow cake mix, 6 tablespoons butter, 1/2 cup firmly-packed dark brown sugar, 1 can (2 1/2 ounces) flaked coconut, 5 tablespoons heavy cream, 1 teaspoon vanilla.

Method: Make cake according to package directions baking in a square pan (9 by 9 inches) required time. Remove from oven and allow to stand in pan on rack to cool a short while. Mix the butter and sugar, then mix in the coconut; add cream and vanilla; mix well. Spread quickly over partially cooled cake in pan. Place under broiler and broil slowly about 5 minutes. Remove, cut in pan while still warm and serve at once. Some of the topping will seep into cake and be delicious.

Can't be beaten for wonderful eatin'!

in HYDROX... and only in HYDROX... you enjoy the marvelous merging of richest chocolate wafers and the most thrilling vanilla cream-filling... as dessert... with dessert... doubly delicious!

the ORIGINAL cream-filled chocolate cookie... FINEST EVER MADE!

## Special Sandwiches For Memorial Day Or Backyard Entertaining

A good way to celebrate Memorial Day is with a picnic in the great outdoors. So pack your picnic basket with a hearty lunch of supper and be off.

Since meaty sandwiches are all important to any picnic, here are some suggestions for tasty combinations.

He-Man liver sausage: To 1/2 cup mashed liver sausage, add 1 tablespoon minced onion, 1 teaspoon prepared mustard, 1/4 cup chopped celery and 3 tablespoons mayonnaise.

Bologna cheese surprise: To a 3-ounce package of cream cheese add 2 tablespoons horseradish. Spread on thick slices of bologna and use as a sandwich filling.

Horn salad "subs": To 1 1/2 cups diced cooked ham add 1/2 cup finely diced celery, 2 hard-cooked eggs, 2 tablespoons pickle relish and mayonnaise to moisten. In using this combination, cut the tops from long finger rolls, scoop out some of the bread, butter the inside of each and fill with the meat mixture. Replace top and wrap carefully.

This recipe brings to mind the enormous structures that can be constructed and are just as delicious on the dainty-lady sandwiches. Call them what ever you want — they're all tasty.

Call these sandwiches what you will — Poor Boys, Grinders, Heroes, Submarines, Dagwoods — they're great for summer entertaining because bread and fillings can be assembled and each guest can build his own. There's so much to eat in one of these mammoth affairs that the rest of the menu can be slim.

These tasty sandwiches are not just for picnics alone — they can be used for that next out-of-doors entertainment. An attractive way to present them would be to place a high lazy Susan in the middle of the serving table filled with several varieties of cold sliced meats and cheese, sliced hard-cooked eggs, anchovies, onion rings, cucumber and tomato slices, romaine, lettuce, mustard, pickles, butter and mayonnaise.

Next comes the basket of piping-hot small loaves of brown and serve bread. Here are two recipes for such man-size sandwiches.

### HAM AND SWISS CHEESE STRUCTURES

Ingredients: One-fourth cup butter or margarine (soft), 1 tablespoon prepared mustard, 1/2 teaspoon dried crushed oregano, 4 loaves (each

10 by 2 inches) French bread (cut in half lengthwise), 4 drained canned salmon, 1/4 pound thinly sliced salami, 4 slices Swiss cheese (1/4-inch thick), 4 medium-sized dill pickles (thinly sliced).

Method: Mix butter, mustard and oregano thoroughly. Spread cut surfaces of bread with mixture. Cut pickles in half. Arrange salami, cheese, pickles and pickles in layers on bottom halves of bread. Top with remaining bread halves. Makes 4 servings.

### ITALIAN SUPPER SANDWICHES

Ingredients: Two tablespoons olive oil, 1/2

cup butter, mustard and oregano thoroughly. Spread cut surfaces of bread with mixture. Cut pickles in half. Arrange salami, cheese, pickles and pickles in layers on bottom halves of bread. Top with remaining bread halves. Makes 4 servings.

### CHERRY SAUCE ADDS TO SPONGE CAKE

If you don't feel like baking a cottage pudding, serve this sauce with store-bought sponge cake.

### RED CHERRY SAUCE

Ingredients: One can (1 pound and 1 ounce) pitted tart red cherries (water packed), 1/2 cup sugar, 1 table-spoon cornstarch, salt, brandy flavoring.

Method: Drain cherries thoroughly. If necessary, add enough water to cherry juice to make 1 cup. Stir sugar, cornstarch and a dash of salt together in a 1-quart saucepan. Add cherry juice slowly, stirring after each addition until smooth. Cook and stir constantly over moderate heat until thickened and boiling; boil 1 minute. Pour over cherries. Add brandy flavoring to taste. Serve warm over hot cottage pudding.

### QUICK TRICKS

Prepared tomato spaghetti sauce is convenient to have on hand for jiggite dishes. Here are suggestions for using the meatless mushroom variety of sauce.

1. Heat the sauce and spoon into shirred egg dishes. Break 1 or 2 eggs into each dish. Sprinkle well with grated Parmesan or Romano cheese. Bake in a slow (325 degrees) oven until eggs are as set as desired.

2. Add drained chunks of tuna fish to the sauce and heat; serve with spaghetti.

3. Cube leftover roast beef and

## Strawberries Make Tasty Desserts

In the next month or so, strawberries will be at their very best so now's the time to think of ways of using this wonderful fruit. And though many of us think of strawberries exclusively in line with shortcake, these rosy beauties have a varied and interesting life where springtime desserts are concerned.

First, try combining strawberries and bananas in a dessert that really captures the spirit of spring. It's light, delicate and refreshing.

Or couple strawberries with grapefruit juice in a dessert that is a frothy delight at the end of any meal.

### BANANA STRAWBERRY WHIP

Ingredients: 1 cup strawberries 3 bananas 1 cup sugar 1/4 cup lemon juice 1/2 pint (1 cup) heavy cream

Method: Wash and hull strawberries. Peel bananas. Force fruit through sieve. Place in sauce pan. Add sugar and lemon juice. Cook just to boiling point. Chill.

Whip cream. Fold cream into fruit mixture. Serve in dessert glasses. Yield: 6 servings.

### STRAWBERRY FLUFF

Ingredients: 1 cup fresh strawberries 1 1/4 cups sugar 1 envelope unflavored gelatin 1/4 cup cold water 1 cup boiling water 1 can (3 ounces) frozen concentrated grapefruit juice

Method: Wash, hull and sprinkle strawberries with 1/4 cup of the sugar. Set aside.

Soften gelatin in cold water. Allow to stand 5 minutes. Add boiling water and stir until gelatin is dissolved. Add grapefruit juice and stir until juice is completely diluted. Add remaining sugar, stirring until dissolved.

Cool in refrigerator until partially set. Beat with rotary egg beater until light and fluffy. Gently fold in sugar sweetened strawberries. Pour into sherbet glasses. Chill. Yield: 4 servings.

### For Pretty Springtime Serving

Such a pretty dessert!

### SPRINGTIME PINEAPPLE

Ingredients: One large ripe pineapple, sugar, 2 small bananas, 1 pint basket strawberries (washed and hulled).

Method: Cut pineapple in half lengthwise through plum. With a sharp knife — a curved serrated grapefruit knife is fine — cut around inside so you can remove pulp and have a fairly thin walled shell. Cut core from pineapple and discard; dice remaining pineapple — there should be about 4 cups. Mix pineapple with sugar to taste, cover and chill. Wrap pineapple shells in waxed paper and refrigerate. At serving time, slice or dice bananas and have or quarter strawberries, leaving some of them whole. (Cut strawberries may need to be mixed with sugar to sweeten.) Gently mix pineapple, bananas and halved strawberries; fill pineapple shells with mixture. Garnish with whole strawberries and serve. Makes 8 to 10 servings.

### For Luncheon

During the summer months when children are home from school, canned meats are versatile luncheon items... hot or cold. For one suggestion, serve canned corned beef, skillet-warmed, with sliced tomato and hard-cooked egg.

### Thirsty?

Frozen Florida grapefruit juice concentrates appeases summer thirst by its tangy flavor. Use it as a sparker for breakfast or for afternoon refreshment. And spoon it frozen from can over ice cream as a delightful sundae topping.

### COOL COMFORT

### Know What To Wear

Marjorie Steele feels that every girl can be well dressed. She believes that you have to know what to wear. Marjorie has always had a problem with gaining weight and she discusses with Lydia Lane in today's Hollywood Beauty. She is presently touring the country in the Theater Guild's production "Cat on a Hot Tin Roof."

### HOLLYWOOD BEAUTY

## Tip From An Actress: Eat A Big Breakfast

By LYDIA LANE  
HOLLYWOOD — "It takes discipline for me to be well groomed," Marjorie Steele confessed. "I must be a Bohemian at heart. But then it could also be the way I was raised. I grew up in the country in northern California. There was only one teacher for the 12 pupils in our school, and the only thing I knew about clothes was that they must be clean and comfortable."  
Marjorie told me this as we chatted in her dressing room at the Huntington Hartford Theater in Hollywood. She was playing the lead in the Theater Guild's production of "Cat on a Hot Tin Roof." Marjorie is Mrs. Hartford but she does not let her husband's millions influence her way of life.  
"I never want the feeling of poverty and the insecurity which often accompanies it, but then too, I never want too many possessions and the responsibilities that accompany them. I tell my husband that the trouble with possessions is that sometimes they end up possessing you."  
"I believe in moderation and avoiding all extremes. One should not be too careless about one's appearance. I have made a point of acquiring a feeling for clothes and for being chic. I used to feel that concentrating too much on such things was self-indulgence or a form of egotism."  
"When I was in high school I couldn't afford cashmere sweaters and fine skirts, so when I first started buying clothes these were the things I wanted most. But that wonderful actress and coach, the late Constance Collier, made me realize that it was an obligation

## Four O'Clock Gardeners Announce Winners In Club's Flower Show

The Four O'Clock Garden Club staged its first flower show Wednesday afternoon in the home of Mrs. Sam Thurman. Theme of the show was The Country Life. The affair, with only the members eligible to enter, was a placement show. This type of show is one in which members are assigned certain spots in a home for which appropriate arrangements are to be made.  
Prickly pears in bloom. Iris Judges were Mrs. Obie Bristow, Mrs. D. S. Riley and Mrs. Cliff Wiley. All are members of the Big Spring Garden Club.  
Mrs. Bill Tubb, outgoing president of the club, won the tri-color, award of distinction and the award of merit. The first award was given to a line arrangement for a step-table of one-family material. Mrs. Tubb used anemones.  
Frickly pears in bloom. Iris foliage, unopened day lilies and

a cucumber on a wooden plate made the arrangement which won the award of distinction.  
In the horticulture division, the award of merit went to a specimen of anemone.  
Chairman of the show was Mrs. Bill Swindell. Mrs. Thurman is the new president.

The following winners have been announced:  
ARRANGEMENTS  
Class 1 - 1st-Mrs. Bill Tubb; 2nd-Mrs. Duval Wiley; honorable mention-Mrs. Ray Adams.  
Class 2A - 1st-Mrs. Tubb; 2nd-Mrs. Dan Lewis; 3rd-Mrs. Bill Swindell; honorable mention-Mrs. Audrey Armistead.  
Class 2B - 1st-Mrs. William Shropshire; 2nd-Mrs. Jack Taylor; 3rd-Mrs. Sam Thurman; honorable mention-Mrs. Jerry Cockrell.  
Class 3A - 1st-Mrs. Tubb; 2nd-Mrs. Swindell; 3rd-Mrs. Cockrell.  
Class 3B - 1st-Mrs. Tubb; 2nd-Mrs. Adams.  
Class 4A - 2nd-Mrs. Thurman; 3rd-Mrs. Tubb; honorable mention-Mrs. Armistead. Class 4B - 2nd-Mrs. Taylor; 3rd-Mrs. John Fort; honorable mention-Mrs. M. W. Wright.  
Class 5 - 1st-Mrs. Cockrell; 2nd-Mrs. Armistead; 3rd-Mrs. Tubb; honorable mention-Mrs. Wright.

HORTICULTURE  
Class 1A - 1st-Mrs. Wright; Class 1B - 1st-Mrs. Tubb; 2nd-Mrs. Tubb; 3rd-Mrs. Tubb; 4th-Mrs. Tubb.  
Class 2 - 1st-Mrs. Tubb; 2nd-Mrs. Tubb; 3rd-Mrs. Tubb.  
Class 3 - 1st-Mrs. Tubb; 2nd-Mrs. Tubb; 3rd-Mrs. Tubb.  
Class 4 - 1st-Mrs. Tubb; 2nd-Mrs. Tubb; 3rd-Mrs. Tubb.  
Class 5 - 1st-Mrs. Tubb; 2nd-Mrs. Tubb; 3rd-Mrs. Tubb.

## 'ROUND TOWN With Lucille Pickle

If your Boy Scout or Cub Scout seems inclined to lie about Saturday, give him a punch and get him out working on the Litterbug campaign. All scouts are being asked to join in helping clean up Big Spring in a movement being sponsored by the Litterbug committee of the Big Spring Council of Garden Clubs.  
Troops and dens are going to be

## 'ROUND TOWN With Lucille Pickle

In a heated contest to see which one can bring the greatest number of bags of trash to the junior high school building between 9:30 and 11:30 a. m. Saturday.  
First prize will be \$25, second \$15, and there are many other cash awards.  
Let's not leave it all to the boys, though. Remember to keep your own premises clean and teach the little ones not to throw bits of paper and other junk around on other people's property.

## Lamesa Seniors Given Banquet By Baptists

LAMESA—Members of the graduating class of Lamesa High School were entertained with the annual formal banquet by the WMS of the First Baptist Church Friday evening. Fellowship Hall was the scene of the affair.  
"South of the Border," complete with sombrero and serapes being used on the wall; the stage was set with a Spanish garden.  
Dressed in Spanish costumes, members of the junior class of the church served the dinner. The speakers table featured an arrangement of bird of paradise with driftwood backing the arrangement. Tropical fruits were used on the tables at which the

## Lamesans Mark Golden Wedding Anniversary At Tea

LAMESA — Mr. and Mrs. W. C. White celebrated their Golden Wedding Anniversary Sunday afternoon with open house from two to five at their home. Before the open house approximately 90 attended a family dinner at noon.  
Mr. and Mrs. White were married May 19, 1907 at the home of her parents, Mr. and Mrs. J. T. Parr in Lorenzo. They moved to Lamesa in 1923, where he was a paint contractor before his retirement.  
The couple have four living children, Mrs. F. H. Spinks of Lubbock; Mrs. Nadine Bozarth of Long Beach, Calif.; Edward D. of Ft. Worth and Jimmie of Lamesa. There are also 14 grandchildren and two great-grandchildren.  
Hostesses for the open house were two sisters of Mrs. White, Mrs. L. L. Lightfoot and Mrs. Dewey Darden, also Mrs. F. H. Spinks, all of Lubbock. Yellow iris and snapdragons were used at points around the house. Guests attended from Lamesa, Lubbock, Levelland, Lorenzo and Odessa.

## Mrs. Averitt Honored By Delphians

LAMESA — "This is Your Life," Mrs. W. P. Averitt, was the theme for the program of the Delphian Club, which paid tribute to one of their charter members, Mrs. Valeria Sharp Pratt was the narrator for the program.  
Participating in the program were Mrs. M. C. Lindsey, Mrs. R. E. Simpson, Mrs. M. O. Grant, Mrs. William Stephens, Bill White, Kilmer Corbin of Lubbock and Mrs. Jim Armstrong, daughter of Mrs. Averitt from Dallas.  
Following the program a dinner was held with the tables being decorated with spring flowers. Mrs. F. F. Saulcer installed the new officers for the coming year. Mrs. Leslie Pratt is president.  
Hostesses for this final meeting of the year were Mrs. W. S. Satterwhite, Mrs. A. H. Smith, Mrs. Sam Richardson, Mrs. A. G. Waugh, Mrs. John Palmore, Mrs. M. C. Lindsey, Mrs. R. E. Simpson and Mrs. Z. T. Davis. Approximately 60 attended the meeting.

## Miss Lindley Feted

About 50 guests called at a recent tea which honored Bonnie Lindley, bride-elect of Daryl Hobertz. The affair was given in the home of Mr. and Mrs. Weldon Weaver of Coahoma.

## Kiwani-Queen Is Honored At Coffee Held In Lamesa

LAMESA — Mrs. Paul Files of Paris, the wife of the Kiwanis District Governor of Texas and Oklahoma, was complimented recently with a coffee at Lamar Forrest Community Center. A basket of sweetheart roses formed the arrangement for the coffee table. Mrs. B. P. Middleton, wife of the local president presided over the coffee service.  
Members of the Kiwanis Club joined the ladies for the noon luncheon. The tables were decorated with spring flowers with roses and honeysuckle being used down the center of the tables.  
The Junior High School Choral Group under the direction of Mrs. Tracy Campbell presented several musical selections, followed by the speech of the District Governor, Paul Files. He was introduced by Lt. Gov. Frank Wilson of Snyder. Approximately 50 attended the luncheon.

## Discussion Of Diet Is Given To Elbow Club

A demonstration on maintaining the correct weight was given for members of the Elbow Home Demonstration Club Wednesday afternoon. The club met at the school to hear a discussion of the subject by Elizabeth Pace, county HD agent.  
In a check-up on the diets of members, Mrs. Denver Yates was found to be the only one who had eaten a balanced diet on Tuesday.  
Mrs. Neal Bryant opened the meeting with prayer, and Mrs. L. L. Johnson, hostess for the day, read the Scripture.  
In the roll call, each member named her favorite season. The thought for the day was given as "A man is no bigger than the way he treats his fellow man."  
Mrs. Jack Jones gave a report on the recent demonstration held by the 4-H Girls. Mrs. Ray Shortes reported on the all-day meeting held at the First Presbyterian Church when the women saw a film on cancer.  
Mrs. Shortes was elected the nominee for the delegate to the THDA meeting to be held in Houston in July. She will also serve in the hat workshop to be given here May 31. Mrs. Yates will attend the workshop as the other representative from the club.  
It was announced that Mrs. Jones will entertain the group at her home for the June 12 meeting.

## Avoid Mildew

Nobody likes mildew! Keep it from your cloth shower curtains in humid weather by rinsing the curtain in salt water.

## Piano Pupils Will Appear In Recital

Friday evening at 8 p. m., Mrs. C. A. Boyd will present her piano pupils in recital in the Howard County Junior College auditorium. Appearing will be Cindy and Judy Jones, Glenda Washington, Linda Hall, Martha Hardy, Joe Spencer, Sandra Crow, Sharon Agee, Regina Rhoads, Lynn Boyd, Michael and Kathleen Ireland, Paula Leonard, Nancy Thomas, Guilford and Janet Jones.  
Also Candis Bacus, Nancy Easley, Sandra Phillips, Nancy Hedleston, Sandra Walker, Janette Sullivan, Jan Jones, Kay Loveland, Susan Stephens, Darla Moore, Jean Armstrong, LaNelle Meredith, Cheryl Childers, Sue Knox and Glenn Beckham.

## Fairview Club Favors Hiring Agent's Aide

The Fairview Home Demonstration Club members went on record Tuesday afternoon as favoring the employment of an assistant county agent. The group met in the home of Mrs. W. A. Langley.  
The devotion was given by the hostess, and each member named the season liked best. Elizabeth Pace, county agent, discussed the importance of a balanced diet in maintaining the correct weight.  
Mrs. Jim Skalicky and Mrs. Frank Wilson were named as representatives to attend the hat workshop slated for May 31.

## Dr. and Mrs. T. M. Collins have returned from a week's vacation in Ruidoso, N.M.

## Rosebud Club Places Third With Yearbook

Third place was awarded to the Rosebud Club at the state meeting, held May 8-9 in San Antonio, it was announced Wednesday morning.  
Members of the Council of Big Spring Garden Clubs were informed of the award when they met at the home of Mrs. Kyle Cauble. Announcement was made of the meeting of the Southern Zone of District One, which will take place

Oct. 4. The gathering, to be held in Kermit, will begin with registration at 10 a. m. A feature of the afternoon session will be a workshop on flower arranging, given by Robert Rucker of Texas Tech.  
Mrs. Cauble, prillimage chairman, reported that about 115 attended the pilgrimage of gardeners which was sponsored Sunday by the council.  
Plans were started for the fall flower show slated for some time in October. The date will be announced later. New flower show handbooks are to be ordered by the council.  
Refreshments were served to 11.

## BPO Does Plan For Fund Raising

Members of the BPO Does held a discussion of means for adding to the treasury Wednesday evening when they met at the Elks Hall.  
Mrs. Hugh Nixon served as inner and outer guard; Mrs. Bill Ragsdale as conductress, and Mrs. Joe Clark as chaplain. Mrs. Keith Brady won the special prize, but since she was absent, it was held over until the next meeting.  
The group made plans for the dance to be held for the patients at the State Hospital this evening. This is a regular event each month.

## Daughter Born To Billy Sheppards

Mr. and Mrs. Billy Mac Sheppard, 1510 B. Sycamore, have announced the birth of a daughter, Cindy Lu, born May 19 and weighing 8 pounds 2 ounces.  
Maternal grandparents are Mr. and Mrs. C. C. Choate; paternal grandparents Mr. and Mrs. William J. Sheppard and great-grandparents, Mr. and Mrs. J. M. Choate and Mr. and Mrs. W. J. Sheppard, all of Big Spring.  
The Sheppards have one other daughter, Teresa Kay, 2 1/2.

## "Be Glad It's a Girl!" by Joseph N. Bell

Kings and commoners since Adam and Eve flipped at the phrase, "It's a Boy!", but shrugged and smiled wanly when the other kind was announced. Why are girls always second best? A father of two of these strange, wonderful creatures explores the obvious disadvantages and often hidden advantages of girl-children and decides that in many ways they're first best.

## "Public Nuisance No. 1" by George Mann

farmers have their crows but city dwellers have an even bigger nuisance—starlings. These tiny birds deface public buildings, carry disease, and in smaller communities outnumber the inhabitants. Worse, even deadlier deterrents than scarecrows fail to scare them.

## Plus these interesting features:

A quiz on how your school system rates with those in other communities • A thought-provoking essay for Memorial Day by a top Congressman • A picture story on how to fight bulls—without getting hurt • Children's games, new food features, and other entertainment for the whole family.

ALL IN THE MAY 26TH ISSUE OF Family WEEKLY YOUR "BONUS" READING IN THE HERALD

### A Bible Thought For Today

For nation shall rise against nation, and kingdom against kingdom; and there shall be famines, and pestilences, and earthquakes, in diverse places. All these are the beginning of sorrows. (St. Matthew 24:7-8)

### Strength More Important Than Name

Among the lesser accomplishments of the current Texas Legislature has been the passage of a statute changing the name of the Texas State College for Women to Texas Women's University. The sound reasons for this are not readily apparent, and one might be led to wonder if this merely is to satisfy pride through use of a more auspicious sounding name. There is much more than nomenclature to the higher educational system — and what is wrong with the term "college"?

### New Age Records For Congress

The Congress of the United States will have reached a new "first" on Sunday, May 26. On that day Senator Theodore Francis Green (D-RI) will achieve the distinction of being the oldest man ever to serve in either branch of Congress. On that day the Rhode Islander will be 89 years and 259 days old. Last June 17 he became the oldest man ever to sit in the Senate, and come Sunday he will surpass the House record as well.

### Marquis Childs

#### Danger Ahead In Cutting USIA Funds

WASHINGTON — The activities of the United States Information Service will be greatly curtailed unless in conference between the Senate and the House a part of the deep cut in USIA's appropriation by the Senate can be restored. To many who look hopefully on the current economy drive as the source of a cut in Federal taxes, this is a matter of indifference. To Senators who seemed to take delight in slashing at USIA, it is a matter for rejoicing.

### The Big Spring Herald

Published Sunday morning and weekday mornings except Saturdays by AFFILIATED NEWSPAPERS, Inc. Entered as second class matter July 18, 1925, at the Post Office at Big Spring, Texas, under the name of THE BIG SPRING HERALD. SUBSCRIPTION RATES—Payable in advance by carrier in Big Spring, 35c weekly and \$12.50 per year; by mail within 100 miles of Big Spring, \$1.10 monthly and \$13.20 per year; beyond 100 miles \$1.25 monthly and \$15.00 per year.

the state colleges as such and to further development of a great institution of learning at the highest level such as the University of Texas. We could scatter our resources too much in developing several schools of university rank. Moreover, in the case of the women's school at Denton, many believe that in the space of a few years the statistics of the thing will demand that all schools be co-educational. If this should come to pass, another change in names will be imperative.

### James Marlow

#### Other Side Of The Fence

than he. Carl Hayden (D-Ariz) now 79, came to the Senate in 1926; Richard B. Russell (D-Ga) now 59, was elected in 1932; Harry F. Byrd (D-Va), now 69, was appointed in 1933; James E. Murray (D-Mont), now 81, was elected in 1936 and Dennis Chavez (D-NM), 69, was appointed in 1935. Green was first elected in 1936. It will be noted that the oldest man ever to serve in Congress and the five who have served in the Senate longer than he are all Democrats. Democratic publicity men probably would point out that the sweet dispositions and rugged character of Democrats just naturally keep them around longer, but GOP publicists would say Democrats are just too ornery to die.

A Running Commentary

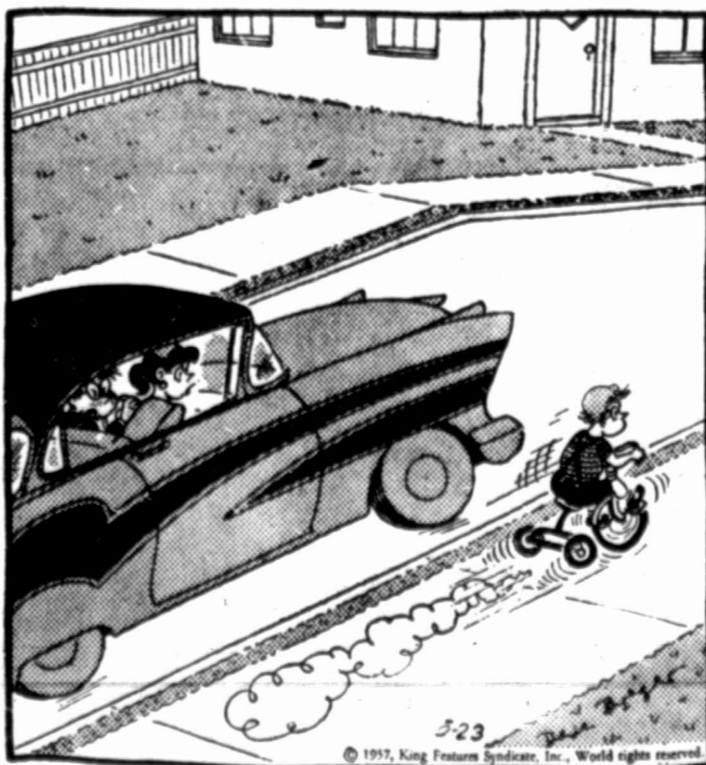

WASHINGTON (AP) — It was almost an understatement when President Eisenhower said of Sen. Knowland of California: "He has got some very strong convictions on the other side of the fence." Knowland is not only Republican leader in the Senate — but is Eisenhower's closest contact with the Senate. He's been in repeated conferences with him since 1953. Since he might seem the one

### Hal Boyle

#### Indians Taking The Country Back

LAWRENCE, Kan. (AP)—Industry today can't get enough trained Indians, and the paleface is hiding higher for the Red Man's skill. Here at Haskell Institute, where 900 ambitious young Indians from 35 tribes study for careers in a modern America, authorities haven't been able to meet the employment demand for graduates since 1940. "We no longer have to look for jobs for our graduates," said Dr. Solon G. Ayers, superintendent. "Our trouble is in filling the requests. We have to pick and choose."

## Science Closing In On Tornadoes, But There's Still Much To Learn

KANSAS CITY, (AP)—Thanks to electronics, there is reason to believe that the time is not too distant when weathermen may achieve pinpoint accuracy in forecasting and detecting tornadoes.

Experts here for the American Meteorological Society's national conference on severe local storms concluded they still have much to learn, especially about the inner mechanism of the tornado itself. Although its component parts can be listed, weighed and measured, the storm continues to be a spectacular dilemma, an awesome natural force which defies solution.

But there was no doubt in their conclusion, gathered from papers read to the symposium, that tornadoes are being more accurately predicted and watched each season.

For example, the forecast of the tornado that stalked residential Dallas 40 minutes last April was off only 30 miles. The general area, however, had been alerted to the possibility.

Some devices and systems of promise are already in use. Three were discussed in detail:

1. The automatic "pressure jump" system set up in the Plains states. This records and tracks the sudden, mysterious upward thrusts along a line of air pressure which, under certain conditions, can spawn storms.
2. The use of sferics, short for "atmospherics," whereby lightning flashes within a violent storm cloud are counted electronically. The higher the count, the greater the chance of a tornado.
3. A combination of conventional rain-echo radar superimposed on a sferics counter tube. In this way, the storm is not only observed by radar but is triangulated from three sferics transmitter points for accurate location.

A network of "pressure jump" stations which operated in Kansas, Oklahoma and Texas last year has been expanded for this storm season. William A. Hass of the U.S. Weather Bureau in Washington told the meeting.

Each station has an automatic indicator. When a jump in pressure shows the operator telephones a central point which compares and evaluates similar reports from other stations.

These jumps, or rapid, violent rises of air, follow a low-level line of air pressure sandwiched between two layers of air of different densities. The line is approximately 100 to 200 miles long, and from five to six hours in duration.

"Sometimes it goes along with out incident," Hass explained. "But under certain conditions the line can become a storm front. Then, where the right combination of weather factors is present, say over a farmer's field, a tornado forms."

The pressure jumps, he said, could indicate the possibility of a tornado, although during the Dallas twister they showed nothing indicative.

Wilbur H. Paulsen of the Air Force Cambridge Research Center at Bedford, Mass., described the radar-sferics system of tornado detection.

The present setup has sferics transmitters located at Amarillo, Texarkana, Oklahoma City and Kansas City. Each transmitter can send its pulse, or count, over ordinary telephone lines to a plotting center. There the plot on the suspected storm is taken from three of the transmitters and shown on a sferics tube which automatically counts the pulses, or lightning flashes.

**BETTER SHOWING EXPECTED**

On this is superimposed the radar observation of the same storm, allowing forecasters to follow it accurately while from the sferics count they deduce whether the danger of a tornado is present.

"Tests last year were not conclusive because of bugs in equipment," Paulsen said, "but these have been corrected and this season we hope for a better showing."

## 20 Firms On Bidders List

Nine general, six electrical and five mechanical contractors are named on the bidders list for the classroom addition to North Ward School.

The Big Spring school board will open bids on the project May 29.

General contractors considering the submission of bids are J. D. Jones Construction Company, Suggs Construction Company, Witt Construction and A. P. Kasch and Sons, all of Big Spring; Kelley Construction of San Angelo, W. D. Faulner of Pecos, Harden Construction of Brownfield, Boyd McDaniel of Abilene and G. A. Jones of Lamesa.

On the electrical bidders list are C&D, Gilliland, R Electric, Mustang and D&H Electric, all of Big Spring, and the Abilene Service Company.

Plumbing and heating contractors listed are Western Service, A. P. Kasch & Sons, and Dyer's Plumbing, all of Big Spring, M&M Plumbing of Hereford and Roundtree Company of Lubbock.

## C Of C Offering Vacation Service

The Chamber of Commerce has brushed the dust off its vacation service, in preparation for a busy holiday season.

The Chamber has official state highway maps from 46 states, along with folders on resorts, dude ranches, national parks and other points of interest throughout the country.

The material is available to any caller without charge.

## Meeting Postponed

The meeting of the State Mental Hospital Development Association scheduled originally for May 23 has been postponed. A date for the next meeting will be announced later.

## Guided Missile Ridiculed By London Paper

LONDON (AP)—The military expert of the London News Chronicle today ridiculed America's Corporal guided missile as a cumbersome weapon whose use in any future war is "highly improbable."

The writer, David Willis, drew that conclusion after seeing the missile, made available to Britain by the United States, unveiled at the British army's artillery school yesterday.

The missiles, which have a range of 50 miles and cost Britain \$84,000 each, figure in Britain's program for cutting and streamlining its armed forces to meet the demands of the atomic age and to cut expenses.

The Corporal, a surface-to-surface guided missile which can carry either atomic or conventional warheads, was described by Willis as the "most cumbersome, most expensive, easiest identified target with which any army has ever been equipped."

"Grottesque mobile folding gantries unrolled into the sky," Willis wrote. "Launchers reared upward, cranes snaked to and fro — all amid whines of machinery and eerie beatings from Welshian hooters."

Willis said he counted no fewer than 15 wheeled vehicles in the missile's retinue.

"If we accept the staff college dictum that an essential of war is to destroy all lines of communication, such as roads and railways," he continued, "then this convoy so huge that it can hardly pass through the narrow streets of an English village, could never be brought within range of a watchful enemy."

"If almost any one of the 11 transports and 4 trailers was disabled by gunfire or low-flying aircraft, this fantastic device would be as useless as a dud bullet."

**Check Suspect Is Transferred Here**

J. W. Hickey, arrested in Plains on orders of Howard County sheriff's office, was returned to the county jail here Tuesday afternoon by Jack Shaffer and Fern Fox, deputies.
