

**Child Slayer Released**

Mrs. Eunice M. (Sally) Brillhart, convicted in 1954 by a U. S. Army court-martial in the deaths of her three youngsters, tightly clutches her husband's hand as she smilingly faces newsmen at the gate of the Federal Reformatory for Women at Alderson, W. Va. Her case was reviewed after the Supreme Court recently ruled that military courts have no jurisdiction over civilians who accompany U. S. servicemen abroad. She was ordered released after serving about three years. She was released in the custody of her husband, Sgt. Robert Brillhart.

**More Showers Forecast Following Day Of Storms**

The Associated Press  
More showers were forecast for Texas Wednesday, following another day of pounding thunderstorms.  
A tornado was spotted over Nolan in West Texas Tuesday, sending residents scurrying to storm cellars. Postmaster Max Holder said the funnel was "bluish white in color" and not very dark. He said it didn't touch the ground.  
An inch of rain fell shortly after the funnel disappeared.  
Lufkin had .06 of an inch of rain. Junction .02, and Sherman .04 Tuesday night.  
Predawn temperatures Wednesday ranged from 83 degrees at Galveston to 65 at Amarillo.  
Downdrafts Tuesday at the Willie Farrell ranch south of Haskell totaled 3.75 inches. Heavy showers drenched parts of Dallas and Fort Worth. Downtown Dallas got up to .85 but the official gauge at Love Field didn't show a drop.  
Isolated thundershowers in the Abilene area dropped 1 to 2 inches of rain.  
The high Tuesday was 102 at Laredo and Cotulla while Alpine had the low maximum of 83. Rains over the state generally kept the mercury low.  
Fresidio had .08 of an inch and a high of 95. Other official rainfall totals for the 24 hours ending at 6:30 p.m. Tuesday included 1.84 at El Paso, 1.20 at Lufkin, College Station had 1.22, Abilene .55, Austin .09, Wichita Falls .34, Wink .08, Salt Flat .09, Mineral Wells .23, Van Horn .02, Junction .05 and a trace at Midland and San Angelo.  
Houston got .04.

**Crop, Livestock Output Lower Than Last Year**

By OVID A. MARTIN  
WASHINGTON (AP)—The Agriculture Department said today latest information indicates the combined output of crops and livestock products this year may be down as much as 5 per cent from last year's record.  
It said crop production may be down as much as 7 per cent, mostly due to excessive rain and floods in some areas and the soil bank.  
But the volume of livestock production is expected to be much closer to last year. Small reductions were indicated for pork and beef and eggs. But production of turkeys, broilers and dairy products is expected to surpass last year.

Federal farm officials said unless Congress acts by Aug. 1 next year's soil bank program may be largely ineffective in reducing wheat production.  
Authority to proceed with the program is carried in an Agriculture Department appropriation bill on which final action had been delayed by the civil rights controversy in the Senate.  
Because much of the winter wheat is seeded in late August, and in September, officials said it is necessary to start the sign-up of farmers early in August if any material reduction in the wheat acreage is to be secured.  
Farmers who have been affected by adverse weather are being given additional time to bring their 1957-crop cotton acreages into line with their allotments.  
The Agriculture Department said in some states where excessive rainfall and floods have interfered, many farmers have not been able to plow up or otherwise destroy excessive cotton.  
The department has authorized local farmer committees to grant a "reasonable" amount of extra time to these growers. Unless excess cotton is destroyed, growers will be subject to heavy penalty taxes and to the loss of eligibility for price supports.  
Some farmers make it a practice of planting more than their allotments with the idea later of plowing up the poorest-looking portion of the acreage.

**Some Bitter, Some Shocked In Clinton Following Verdict**

By RELMAN MORIN  
CLINTON, Tenn. (AP)—In Clinton today there is some bitterness, some shock, some satisfaction over the conviction of six men and a woman who opposed integration in the high school here. But mostly, there is uncertainty, and a hard-eyed watchfulness.  
"The Ku Klux are organized," said Ova D. Abston, who runs a cider mill near the pleasant little mountain town.  
"They're not going to stop now. They mean business. Make no mistake about it."  
The town looked quiet. Nobody clustered on the courthouse lawn, or near the high school.  
The Southland Cafe, a hangout for the people convicted of conspiracy and criminal contempt in the trial at nearby Knoxville, was deserted.  
Last fall, a dozen Negro students enrolled in Clinton High School with some 800 whites. It was the first state-supported school in Tennessee to mix the races, following the Supreme Court ruling that segregation is unconstitutional.  
At first, everything went smoothly. A Negro girl was elected chairman of her classroom.  
**VIOLENCE FLARED**  
Then violence flared... mobs... rioting. A trim young Baptist minister, the Rev. Paul Turner, was badly beaten after he escorted six Negro students past segregationists in the streets to the school.  
Out of that came the "Clinton trial."  
Six men and a woman were convicted of criminal contempt for violating a federal court order against any interference with the desegregation of the high school.  
They were William Brakehill, service station operator; Lawrence Brantley, unemployed; Alonzo Bullock, carpenter and itinerant preacher; Clyde Cook, farmer; W. H. Till, machinist;

and Mrs. Mary Nell Currier, housewife—and John Kasper, segregationist organizer.  
Federal Judge Robert L. Taylor deferred sentencing.  
Kasper, 27, came into Clinton from Washington two days before the Negroes started to school late last August. The government charged that he was the "hub of the conspiracy" organized to force them out.  
Four other Clinton people were found innocent.  
The jurors who returned the verdict—which surprised the courtroom and many people outside it—were 10 men and two women, all of them white Tennesseans.  
**YANKEE TERRITORY**  
But this is east Tennessee. It is not the Deep South. It is a predominantly Republican community. Unlike the rest of the state, it sent men northward during the Civil War to fight on the Union side.  
"There won't be any convictions by juries in segregation cases down South," said William Shaw, assistant attorney general of Louisiana, a member of the defense battery in the trial.  
What brought the convictions in Knoxville?  
The jurors, who are still members of a federal court panel, aren't talking. But people in Clinton all had the same answer—  
"The men on that jury were east Tennessee farmers, and they're against violence," said Sidney Davis, a lawyer.  
"Folks around here are dead set against integration," said Abston.

"But they believe in law and order."  
Horace Wells is one of the best-qualified to talk about it. He is editor of the weekly Clinton Courier-News. He has had three special citations from journalistic organizations around the country since the case broke—and innumerable vicious, ugly, warning letters and postcards, mostly anonymous.  
**SITUATION CHANGED**  
"There is no question that the majority of people here are against integration," he said.  
"They didn't want it, but they were willing to go along with it, last fall. Then the situation changed."  
"Prejudice has built up. It's going to take a long time to overcome the prejudice."  
What will happen next month when the fall term begins in the high school?  
"Whether people will do anything about it, I don't know," said Wells. "Nobody is working for integration. Nobody will lift a finger to further it."  
"My own feeling is that the Negroes probably won't come back to school."  
Kasper said his conviction will not change his plans.  
"I am going to Nashville when the schools open there and they try to integrate them," he said. "I'm going to fight this out."  
His attorney J. Benjamin Simmons said: "I think we received a very fair trial, but I am naturally disappointed."  
"This verdict establishes a pattern for government by injunction

which destroys all our constitutional rights."  
**LIKE OTHER CASES**  
Quietly, and without an exuberance, U.S. Dist. Atty. John C. Crawford J. said: "My staff and I endeavored to try this case like other government cases. I have no other comment."  
Defense lawyers, announcing that they will ask Judge Taylor for a new trial, were preparing briefs which must be submitted in 20 days. If Taylor denies it, they can appeal to the 6th Circuit Court of Appeals in Cincinnati.  
"We're going to fight this out to a finish," said Ross Barnett, former president of the Mississippi Bar.  
Taylor indicated after the verdict that he would probably not pass sentence until after he has ruled on the defense motions for a new trial.  
The seven face maximum sentences of a \$1,000 fine or six months confinement or both.

**American Bar Not For Tipplers**

LONDON (AP)—The London meeting of the American Bar Assn. contributed mightily last night to an Englishman's thirst.  
After standing in a long line of delegates—registering at the Savoy Hotel for the meeting—the Briton finally reached the head of the queue.  
"A whiskey and soda, please," he said.  
"Sorry, sir," answered the man behind the desk. "This is the American Bar Assn. What you want is the American Bar. That's on another floor."  
Taylor indicated after the ver-

Straw Sacks

Japanese being forced from their homes on the West Coast are shown in this picture, taken in 1942, stuffing straw in sacks for use as mattresses at a reception center in Manzanar, Calif.

## Uprooted Japs Win Acceptance

By FRANK WETZEL

SAN FRANCISCO (AP) — The dramatic story of a stormy chapter of American race relations is now quietly coming to a happy ending.

The happy ending can be seen in office buildings, parent-teacher organizations, on golf courses through the West Coast — where Americans of Japanese descent are finding a welcome unknown in the past.

Mas Satow, national director of the Japanese American Citizens League, sums it up with the flat statement that the Japanese are better off now than ever before.

**LOYALTY PROVEN**

"People know us now," he says. "Before, we were untried and untested. The war gave us an opportunity to prove our loyalty."

Few people in American history have ever been presented with so trying an "opportunity." The Japanese Americans had the privilege of demonstrating their loyalty to the United States during World War II while being uprooted from homes in parts of Washington, Oregon, California and Arizona and jammed into settlements now Supreme Court justice described as "concentration camps."

When the Japanese Navy attacked Pearl Harbor on Dec. 7, 1941, a wave of bitterness against Japanese living in the United States swept the West Coast. After several preliminary restrictions, in March of 1942 the Army declared a large part of the West Coast off limits to all Japanese, aliens and citizens alike, and ordered them to leave.

The original plan simply was to force them away from the coast. But the states just inland were against permitting the Japanese to enter without supervision of the Army.

This reaction forced a change of plan. The government hurriedly created the War Relocation Authority to control the Japanese until the end of the war. Ten relocation centers were set up, ranging from Tule Lake, Calif., through Poston, Ariz., Minidoka, Idaho, Topaz, Utah, and as far east as Jerome, Ark.

**SEVERE UPHEAVAL**

Although attempts were made to safeguard their property, confusion and fears of the Japanese made fraud and cheating easy. By far the majority of the 109,650 persons of Japanese ancestry evacuated from the coast sold their property at distress prices, gave it away or stored it at their own personal expense and risk. The loss incurred due to the move has been estimated at 400 million dollars.

Some camps — all of them far from luxurious — had riots and in some anti-American militaristic organizations sprang up. Eventually thousands renounced their American citizenship.

Many Japanese who had been loyal to the United States became

## Oil Expert Urges Equitable Pattern

AUSTIN (AP) — An oil consultant says statewide increase from the present 13-day producing pattern to 16 days could remove all oil wells not subject to shutdown restrictions from this exempt list.

The Railroad Commission's allowable of 3,084,701 barrels a day would be scattered more equitably, R. E. Pinkston said.

Of the allowable, 1,026,861 barrels are pumped from wells that may operate every day. The other 2,057,840 barrels come from wells which can produce 13 days a month and are shut down 18 days.

A technical study has been launched by Pinkston to determine the possibility of eliminating some of these exempt fields.

Pinkston is a former official with the commission. He hopes to report his findings to the oil regulatory body at its next production hearing, Aug. 16.

Pinkston said if 270,000 barrels of exempt production were put on the statewide pattern another day — or 14 days of production — could be added. An elimination of 596,000 barrels would bring the pattern to 15 days. He said:

"We find no fault with the commission's action in the past, but simply wonder if, due to this low number of producing days for so much of the state, it is possible that the low number will cause much more waste and/or confiscation of property than is being prevented by the commission's present order."

"In other words, could we prevent more waste and better protect correlative rights if we lost a little in certain fields and gained a lot by increasing the number of producing days over the state as a whole . . .

"During certain times, we paid little or no heed to imports. . . we paid little or no attention to some fields being placed on the exempt status. Now circumstances have changed and a lot of people are hurt," he said, adding that the reason for the study is "to keep the independents in business."

"Imports, of course, are the real reason why production is declining in Texas. But for over a year, at least, we have been pleading with Washington to do something about imports and they haven't done anything yet. I think it's time we tried to do something, if we can, here."

## Ninth Nuclear Shot Exploded

ATOMIC TEST SITE, Nev. (AP) — The ninth shot of the Atomic Energy Commission's current test series exploded in a brilliant, blue-purple flash at 4:50 a.m. here today.

The blast sent a great cloud of dust rolling across the desert, past trenches some 3,000 yards away, where 700 military observers crouched. The dust and accompanying shock wave also struck hard at News Nob, where newsmen and 31 foreign civilian defense observers watched.

For long seconds after the shock wave blasted past the observers it could be heard rumbling in the mountains behind the AEC's Yucca Flat test center.

Two bright spots of orange flame flared briefly as the indigo flash subsided. Then the familiar mushroom cloud mounted into the clear, pre-dawn sky.

In 50 seconds—the time observers estimated it took the shock wave to jar News Nob—13 miles away—the dirty, purplish-looking cloud mounted to an estimated 20,000 feet.

The device was detonated atop a 500-foot tower. Its size was estimated as being roughly equivalent to the power of 10,000 tons of TNT.

## Progressive School Magazine Flunks

NEW YORK (AP) — Progressive Education magazine, long a voice for the "learning by doing" method of educating children, has closed its pages for good.

The end of the 33-year-old magazine was announced yesterday by Dr. H. Gordon Hullfish.

"We tried to save the magazine for the last two years," said Hullfish, "but found the job too much for us. We are down to 2,000 subscribers from our original 10,000."

Interest in the progressive education movement dwindled after World War II. A swing began toward the conservative approach with more emphasis on the three R's—reading, writing and arithmetic.

## Lost 35 Pounds With Barcentrate

Mrs. F. M. Barfield, 1218 Ave. B, Orange, Texas, wrote us that she lost 35 pounds taking Barcentrate.

Barcentrate is the original grapefruit juice recipe for taking off ugly fat.

Get Barcentrate from any Texas drugist. If the very first bottle doesn't show you the way to take off weight quickly, easily and without starvation diet, return the empty bottle for your money back.

Nearly seven million bottles sold in Texas in 15 years.

## CONSTIPATED? new laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

**TO REGAIN NORMAL REGULARITY** two things are necessary. First, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

**ONLY A BULK LAXATIVE** can 1) re-moisten this dry, shrunken waste and 2) supply vital bulk to re-create a normal urge to purge. And, of all bulk laxatives, COLONOID, the amazing new laxative discovery is so effective that it relieves even chronic constipation overnight, yet is so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

**SUPERIOR TO OLD STYLE** bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

**IT'S A PHYSIOLOGICAL FACT!** Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONOID, in easy-to-take tablet form at any drug counter, today! The price, only 98¢ for the economical 60 tablet package, brings you positive relief at less than 2¢ per tablet.

## Retailers Asked To Aid Airmen Credit Deals By Pre-Check

Retailers in Big Spring are being asked to help airmen to avoid credit problems at the time merchandise is sold.

To assist retailers, a special service is being provided by Webb AFB in order that the seller may judge whether a particular sale would over-extend the credit or income of the purchaser.

Notices have gone out from the Chamber of Commerce to 225 retail sales establishments, calling attention to some laxness in the past regarding investigation of credit requests. Too often, said the letter, merchants sell and then investigate.

By calling Webb AFB (4-2511 and extension 302), the dealer can state his problem, being careful to list the name of the airman, rank and organization. The base location then will contact the individual's squadron commander and report back.

The report will only be a recommendation, however, for the Air Force is not responsible for the credit of its personnel, nor is it a collection agency.

It was emphasized that investigation of credit applications or for installment purchases will be happier for all concerned if the investigation is made before hand.

MR. AND MRS. JOE E. HARDESTY  
... Celebrating Today

### Marriage Happiness Recipe Given By Bridegroom Of 50 Years Ago

By JOE PICKLE  
"How to stay happily married for 50 years?"  
Joe Hardesty mullied the question for a moment.  
"That's not hard. Just do as you're told."  
"Now Joe," Mrs. Hardesty broke in, "don't say that. He's serious. For goodness sakes, that sounds silly."  
"It's the truth," Mr. Hardesty stood his ground. "When I hit the door of an evening I always asked: 'What do I do?'"  
"For heaven's sake," protested Mrs. Hardesty, "you've got me so confused I can't think how to say what I want to say. Anyway, he just wants to know your recipe for staying married 50 years."

"Oh," said Mr. Hardesty, "That's different. Just always remember you might not do any better the second time."  
Mrs. Hardesty laughingly threw up her hands in dismay. By that time she couldn't even give her own formula. She retreated to the solid ground of telling of plans for a simple home observance today.  
Three of the four children were to be with them for a family luncheon at the Hardesty home at 307 W. Fourth. Jack Hardesty and his family had come in from 7453 Lemp Ave., N. Hollywood, California, and Frank Hardesty and Mrs. J. D. Elliott live here. There was a possibility that Joe Hardesty Jr. of 3709 Washburn Ave., Fort Worth, could join them for the day, although he had been here last week. They have six grandchildren, two grandsons and four granddaughters.

church activities were always put first.  
She has held about every office in the Big Spring Music Club and has been one of its most active members. In addition, she is a gardening enthusiast and a member of the Big Spring Garden Club. In horticultural divisions she has captured 14 first places in divisions in which she entered specimens.  
Joe Hardesty is a Master Mason and an old-line Democrat. "My folks have all been Democrats, without handle — just ordinary Democrats. I guess if they had been Methodists, I'd have been a Methodist; if they had been Republicans, I'd have been a Republican."  
"Humph!" observed Mrs. Hardesty. "Not you, Joe. Not you."  
These exchanges are typical of the good humor which prevails in the Hardesty household. It's easy to accept Mr. and Mrs. Hardesty's verdict of 50 years of happy wedded life: "Of course we've had our ups and our downs, but it's been lots of fun. The Lord has really blessed us."

### WSCS Group Has Meeting At Church

Circles of the First Methodist WSCS met Tuesday morning at the church for a general meeting. The Rev. Clyde Smith was guest speaker and he used the topic, "Great Moments in Our Lives."  
Members were urged to look for these times and to make the most of each one. A devotion, given by Mrs. Martin Staggs, was based on the subject, "Just For Today."  
A tentative budget was read to the group and was approved. Dismissal was by repetition of the WSCS prayer.  
It was announced that the morning circles will meet on Aug. 6 at 9:45 a.m. in homes of members. The Sylvia Lamun Circle will meet in the home of Mrs. L. F. Curley, 1609 East Fourth; Fannie Stripling with Mrs. Smith, and the Fannie Hodges in the home of Mrs. John Davis, 601 Edwards Circle.

### TEL Class Party Held In Home Of Mrs. Tom McCann

COAHOMA — Mrs. Tom McCann entertained the TEL Class of the First Baptist Church in her home Tuesday evening. Mrs. A. C. Menger and Mrs. W. C. Hutchins were the birthday honorees for the month. A visitor was Mrs. F. P. Woodson. Next month's meeting will be in the home of Mrs. Oia McGuire.  
Mrs. Chester Coffman is spending this week at Buchanan Dam visiting in the home of her sister and brother-in-law, Mr. and Mrs. Frank Edens.  
Mrs. Mary Massey and Mrs. Billie Childers are spending the week at Mason and Brady visiting relatives and friends.  
Mrs. Mitchell Hoover of Pecos visited here last week with relatives and friends.  
Mrs. Rachel Morgan is on vacation this week at Rudoso.  
Mr. and Mrs. Edd Turlo of Chicago Ill. visited in the home of Mr. and Mrs. Bill Timmer this week.  
Mr. and Mrs. C. P. Owens are in El Paso this week where they took their granddaughter Barbara to board a plane for Los Angeles, Calif., on her way home. She has spent the past month here with her grandparents.  
Mr. and Mrs. J. T. Rich visited here Saturday in the home of Mr. and Mrs. Truman Rich and family.  
Mr. and Mrs. Lloyd Easley of Bisbee, Ariz., are here visiting her sister and brother-in-law Mr. and Mrs. Jack Graham. They are spending a large part of their time at the "Grahams' cabin at Lake Thomas.

### Barbecue Dinner Is Given By Romans

KNOTT — Mr. and Mrs. Fred Roman entertained recently with a barbecue dinner at their home. Out-of-town guests present were Mr. and Mrs. Maxie Roman and Judy, Tokio, Tex.; Johnny Rutledge, Phoenix, Ariz.; Mrs. Francis Glenn, Linda Gale, Freda, Donica and Dewey Byers, Big Spring; Mrs. Mae York and Ray of Corsicana and Mr. and Mrs. W. B. Walker, Dennis and Jimmy of Lenoah.

### Church Of Christ Youth Plan Trip

About 30 young people of the Main Street Church of Christ will leave Thursday morning for Carlsbad, N.M. Leaving by bus at 5 a.m., the group will return late Thursday night.  
Accompanying the party will be Mr. and Mrs. Dan Conley and Mr. and Mrs. Walter Stroup.

### Weekend Guests

Mr. and Mrs. J. M. Ralph of Fort Worth were weekend guests of Mrs. B. N. Ralph, 706 Main, and Mr. and Mrs. J. H. Jennings, 1811 Main. The visitors were en route to Santa Fe, N. M., on vacation.  
Mr. J. M. Ralph is a brother-in-law to Mrs. B. N. Ralph.  
Mrs. B. O. Jones and Mrs. Monroe Johnson returned Monday from a trip to Memphis, Tenn., to visit Mrs. Johnson's daughter and family, Mr. and Mrs. Jeffrey Hanna. Mrs. Hanna returned to Big Spring for a short visit.

### Secretaries Hear About Jury System

Carroll Smith was guest speaker for the Secretaries' association Tuesday evening when the group met at Howard County Junior College. He chose the subject, "Women in the Legal Profession," and discussed the matter of women in the jury system.  
It was announced that there will be no meeting of the association during August. The next meeting will be held Sept. 9.  
Anyone interested in working with the group is asked to call Mrs. Johnny Dismuke, AM 4-4661.

### LAMESA RESIDENTS

The Hardesty moved into Lamesa and she began a long tenure teaching in the high school while Mr. Hardesty operated a service station and a grocery business. In 1942, they moved to Big Spring and he became associated with his son, Frank, in the drug business. A year ago he retired.  
Both of them are life-long Baptists and Mrs. Hardesty was for 25 years a teacher in junior departments. Five years ago she agreed to take an adult class. For many years she played violin accompaniments for church services. Her

### OWC Meeting

Members of the Officers' Wives' Club will meet Thursday at 1:30 p.m. at the Officers' Club for the bridge and canasta party. Hostesses will be members of Block Eight with Mrs. Carter Cobb as chairman.

### Guests From Dallas

Mr. and Mrs. Richard Englander of Dallas are guests in the home of her father, Victor Mellingner.

### For The Party Girl

A lacy crocheted dress for the little party girl of the family! No. 318-N has crocheted directions — sizes 2 and 4 incl.; material requirements; stitch illustrations.  
Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 438, Midtown Station, New York 18, N.Y.

### R. K. Burnses Mark 50th Wedding Date

A barbecue dinner Tuesday at the City Park honored Mr. and Mrs. R. K. Burns on their 50th wedding anniversary.  
The couple was married July 23, 1907, at the home of her parents in San Angelo. She was the former Loula Hartman of that city.  
Miss Hartman was a school teacher and governess at the Dora Roberts Ranch in Glasscock county before her marriage.  
After their marriage the Burnses ranched in Glasscock county until 1927 when Burns retired and they moved to their present home at 611 Dallas.  
Burns' father homesteaded a ranch in Glasscock and it has

### Rebekahs In Attendance Race; Installation Held

Big Spring Rebekah Lodge, 294, met Tuesday evening for a business session held at the IOOF Hall. Members were divided into teams, labeled "Pink" and "Green" for an attendance contest which will be held for three months. At the end of that time, the losers will serve dinner to the winners.  
Mrs. C. M. Gilliland, noble grand, was in charge of the meeting, at which the charter was draped for the late Annie Savage. She was a past president of the Rebekah Assembly of Texas.  
A silver donation was given by

### Mrs. Nix Is Honored At Gift Party

Mrs. Hoyle Nix was the honoree at a baby shower given Tuesday evening in the home of Mrs. Loran Warren. Hostesses were Mrs. Warren, Mrs. Paul Warren and Mrs. Frank Hughes.  
Guests registered in a baby book, which was presented to Mrs. Nix along with gifts in a bassinet. She was also given a corsage formed of baby sox, rattlers and other accessories and toys.  
About 35 attended the party and were served refreshments from a table laid with an ice-blue linen cloth. An arrangement of purple dahlias formed the center decoration, with rose dahlias being used at other points. Crystal and silver appointments were used.  
Assisting the hostesses were Mrs. Leola Davidson and Mrs. Ben Nix.

### Newcomers Coffee At Webb Hosted By Medical Group

Featuring a medical theme, members of the Medical Group of the Officers' Wives' Club hosted the Newcomers' Coffee Tuesday morning at the Officers' Club at Webb AFB.  
Mrs. J. J. Waller was chairman of the hostess group. Nametags given to newcomers were in the shape of hypodermic needles.  
The refreshment table was centered with brass scales holding a floral arrangement.  
A contest to guess the number of capsules in a jar, was held with prizes of apothecary jars going to Mrs. Harry Lee, Mrs. Paul Johnson and Mrs. John Bronaugh.  
Thirty-six newcomer wives attended the coffee.

### Myrna Thomas Recites Wedding Vows With Donald Richardson

Double ring vows were read Tuesday evening for Myrna Thomas and Donald Mack Richardson by the Rev. H. W. Bartlett at the College Baptist Church.  
The bride is the daughter of Mr. and Mrs. L. B. Thomas, Gail Route, Big Spring. Parents of the bridegroom are Mrs. C. E. Richardson, 1311 Johnson, and the late Dr. Richardson.  
Basket of assorted blossoms combined with candelabra decked with greenery and ferns to form the background for the bridal party.  
Mrs. Robert Mason, pianist, played the traditional marches and she accompanied Art Dobbs of Coahoma as he sang "Because" and "Wedding Prayer."  
White nylon lace over taffeta fashioned the gown of the bride, who was given in marriage by her father. Featuring a tiny Peter an collar, the fitted waist joined a gathered skirt of ballerina length.  
A veil of nylon tulle was pleated to a headband of white flowers sprinkled with rhinestones and pearls. The bride wore short white gloves and carried a white Bible, which had been borrowed from her cousin, Connie Shaffer. Tiny red sweetheart roses, tied with white satin tubing streamers, were secured to the Bible.  
As something old, the bride chose a ruby ring which had been the engagement ring of her grandmother, Mrs. Lewis McKee. She wore a blue garter, which was made by her paternal grandmother, Mrs. M. A. Thomas. In her shoes, she wore two pennies bearing the dates of the couple's birth years.  
Louise Thomas was maid of honor for her niece, while another aunt Karen McKee, and Avenel Greenwood served as bridesmaids.  
All the attendants were attired in identically-styled princess frocks of organza. Miss Thomas wore pink, with bows and ribbons of a deeper shade. The other two attendants wore dresses of green organza.

**Eight Killed In Jalopy**

Eight youngsters were killed at Somerset, Ky., when their rattletail car was rammed by a freight engine after a day of joy-riding. Five of the youngsters, aged 12 to 17, were pinned in the car which burst into flames. The engine dragged the auto a half mile.

## Navy Plane Down; Third In A Week

HONOLULU (AP)—A Neptune patrol bomber, third to crash since last Friday, exploded and fell into the Pacific yesterday, killing all 10 Navy men aboard.

Divers recovered four bodies. The twin-engine P2V was the same type bomber as the one found earlier yesterday in rugged northern Italy mountains. The Navy said the plane which vanished Friday had 11 aboard, but rescue teams said they found what appeared to be remains of 15 or 16.

Another Neptune crashed during the Italy search with 10 aboard. Only one survived.

The Hawaii plane, from Patrol Squadron 28, had been on a four-hour flight in the area. It blew up near shore and the wreckage dropped into water 20 feet deep, 300 yards off Barbers Point Naval Air Station.

Names of the victims were withheld.

TRENTO, Italy (AP)—Italian Alpine rescue teams struggled slowly down the rugged face of the Fradusta Peaks today with the bodies of 11 U. S. Navy airmen killed when their twin-engine plane plowed into the mountain-side last Friday.

The bodies were to be loaded into ambulances at Piers for transfer to Aviano Air Base, headquarters of the rescue operations. Doubt remained as to the number of persons killed in the crash. Alpine guides, who were the only persons to visit the wreckage and return to Trento, said they counted what appeared to be the remains of 15 or 16 persons in the wreckage, including bodies believed to be of women.

U. S. Navy officials said the crew list flown here from the

plane's headquarters at Casablanca gave only 11 names—all men.

Examination of the remains was awaited to clarify the situation.

The plane, a general-service Neptune P2V, crashed into the bleak mountainside at the end of a 1,400-mile flight from Casablanca to Treviso, Italy.

## Meg's Beau To Quit Military

LONDON (AP)—Princess Margaret's latest favorite, about to be packed off on military assignment to Cyprus, was quoted today as saying he intends to resign his army commission.

Lord Patrick Beresford, 23, a lieutenant in the exclusive Royal Horse Guards, is slated to leave within two weeks on what the War Office announcement called a routine assignment.

The Daily Mail quoted the polo-playing nobleman as saying, "I intend to resign before the end of the year, so it is nonsense to say I will be going out to Cyprus."

Rumors circulated last week that engagement of Beresford and 26-year-old Margaret was imminent. Newspapers hinted Beresford's transfer was arranged to save the royal family embarrassment over the rumors.

## Newsman Jailed

BEIRUT, Lebanon (AP)—Two journalists of left-wing newspapers were jailed today on charges of writing articles insulting to President Camille Chamoun.

## British Jets Fire Rockets At Rebellious Tribesmen In Oman

LONDON (AP)—Rocket-firing British jets opened "offensive sorties" today against mountain strongholds held by tribesmen in revolt against the pro-British Sultan of Muscat and Oman, press reports said.

The aerial strikes, ordered at dawn following the expiration of an ultimatum to the tribesmen, were aimed against "pinpoint targets" in the mountain area of Nizwa, capital of the sultanate in the southeastern area of the Arabian Peninsula. The planes were reported to have taken off from the Royal Air Force base Sharjah on the Persian Gulf.

RAF planes dropped thousands of leaflets over rebel-held areas of the Arabian Peninsula state Monday and yesterday warning dissident tribesmen to end their revolt against the British-allyed Sultan, 47-year-old Said bin Taimur, by last night.

Fighting broke out last week when followers of the exiled religious leader of Oman swept down from the mountains to attack villages in the sultanate. The religious leader, Imam Ghaleb bin Ali, was driven into exile in Saudi Arabia two years ago.

An estimated 1,500 rebels have seized control of some 5,000 square miles of the 82,000-square-mile sultanate in the southeast corner of the Arabian Peninsula.

A rebel representative in Cairo said he had received a report the rebels had taken Buhla, a town four miles west of Nizwa, and had surrounded a British headquarters on Mt. El Fehoud, also west of Nizwa.

Britain has pledged "full support" for the Sultan of Muscat and Oman, with which it has had treaty relations since 1829.

Foreign Secretary Selwyn Lloyd told the House of Commons yesterday the dropping of leaflets had been the only move made so far by the RAF apart from "action against certain forts in the area held by dissident tribesmen." He did not disclose what sort of action had been taken.

Lloyd said Britain has knowledge the rebels are receiving outside aid "because modern arms

have been found in possession of the dissidents." He added that steps were being taken to cut off the supply of arms from the "outside."

"From where these arms came we do not know," he said, "but we have certain suspicions."

U. S. IN TOUCH

Asked if intervention by Saudi Arabia had been established and whether the United States had been approached with a view to bringing pressure on King Saud, Lloyd replied that the United States has "been kept in close touch with the situation."

Linking of Saudi Arabia to the rebellion could again present a delicate problem in British-American relations. Saudi Arabia has been the leading power in gaining Arab support for the Eisenhower Doctrine against Communist aggression in the Middle East and receives U. S. money and weapons.

Lloyd told the Commons there was no question of sending large ground forces into the remote desert area, saying such a step would be an "example of military futility."

In Washington, a State Department spokesman denied heatedly that American-made weapons or U. S. oil interests were involved in the desert revolt.

Press officer Lincoln White assailed British press speculation that U. S. oil interests were trying to undercut the British in the area and that U. S.-manufactured weapons were being supplied the rebels. Such an accusation, he said, "is just hogwash, period."

Embezzlement has been filed against a veteran Marine Corps finance officer whom the FBI said has admitted "dipping into the till" to finance gambling sprees here.

When Capt. George Henry Willers, 38, Camp Pendleton, Calif., was arrested Monday night, all he had was \$15 in rolls of pennies.

Agents said Willers told them he dropped \$13,000 in the casinos July 13 and came back Monday in an attempt to make good his losses. Instead, he lost \$23,000.

The embezzlement complaint was filed yesterday with the U. S. commissioner at San Diego, near Camp Pendleton. The FBI said a check with a Camp Pendleton showed a shortage of \$37,956.40 in the 1st Marine Division disbursing office.

Throne In Danger

TUNIS (AP)—The Tunisian Constituent Assembly is expected to overthrow the North African country's aged ruler, Sid Mohammed Al-Amin, and set up a republic of Tunisia at a special meeting Thursday.

Marine Faces Theft Charge

LAS VEGAS, Nev. (AP)—A charge of embezzlement has been filed against a veteran Marine Corps finance officer whom the FBI said has admitted "dipping into the till" to finance gambling sprees here.

When Capt. George Henry Willers, 38, Camp Pendleton, Calif., was arrested Monday night, all he had was \$15 in rolls of pennies.

Agents said Willers told them he dropped \$13,000 in the casinos July 13 and came back Monday in an attempt to make good his losses. Instead, he lost \$23,000.

The embezzlement complaint was filed yesterday with the U. S. commissioner at San Diego, near Camp Pendleton. The FBI said a check with a Camp Pendleton showed a shortage of \$37,956.40 in the 1st Marine Division disbursing office.

## Y Recreation Program Ends On August 2

Activities are now being planned for conclusion of the YMCA summer recreation program says Everett Taylor, director of the program. Serving as a climax of activities will be the summer staff banquet on Aug. 2. Other activities will be the Olympic Day on July 31 for Fun Clubs and the Parents Nite on Aug. 1.

The Olympic Day will be held at the old football stadium beginning at 9 a. m. on the 31st. Events planned for girls are archery, volleyball serve and softball throw. Boys may participate in archery, horse-shoes or washers.

A division of comedy events will include wheelbarrow race, piggy-back race, back to back wand race, toe sack race, Dizzy Liz, three leg race, ankle grasp and lame duck race. These events will be for both boys and girls. Also planned are a 50-yard dash for girls and a 75-yard dash for boys.

The Parents Nite program Aug. 1 will include exhibitions of trampolines, tumbling and modern dance classes and will be held at the Y at 8 p. m.

## Recipe For Divorce

LOS ANGELES (AP)—Here's a recipe for divorce: Take clothing and bedding and scatter them on the front room floor. Pour the contents of fruit jars, vegetable cans, milk cartons and other bottles over the garments. No mixing required.

Mrs. Shirley A. Morris, 34-year-old waitress, complained in a divorce suit that her husband Kenneth, 37, plumbing company foreman, concocted such a recipe.

# Waves To Get A Look At The Chief

By FRANCES LEWINE

WASHINGTON (AP)—The women's branch of the Navy celebrates its 15th birthday this month and gets a new boss about the same time. A birthday reunion this weekend in Boston will give a lot of Waves a first glimpse of attractive Capt. Winifred Redden Quick of San Francisco, their new director. It's practically an anniversary for 45-year-old Capt. Quick too. The 5-foot-5 strawberry blonde was among the first officers commissioned after President Roosevelt signed a bill July 30, 1942, Naval Reserve.

Born in Great Falls, Mont., daughter of a businessman-mining engineer, she studied business administration at the University of Southern California and took four years of graduate work in personnel management at Radcliffe. At 30, Winifred Redden Quick was on her first major career job, personnel coordinator for Pasadena (Calif.) Junior College, and the U.S. Employment Service there, when she decided to join the newly formed WAVE.

"I didn't know the difference between an ensign, j. g., or lieutenant," she said. She was commissioned a WAVE ensign and joined the first officer training class for Waves. Her biggest job, which she considers the "highlight" of her Navy career, was assignment to Pearl Harbor in 1944 with another WAVE officer to arrange for 4,000 Waves to relieve Navy men for fleet duty. Later, she was made director of personnel of the 14th Naval Dist. at Pearl Harbor. After the Japanese surrendered, she got the Waves back home. For her Pearl Harbor duty, Capt. Quick was awarded the Bronze Star medal for "exceptionally meritorious service."

Assigned to help draw plans for making the women's reserve part of the regular Navy, Capt. Quick "transferred myself right over too," she recalled. As a result she was among 15

# This Is One House Jack Didn't Build

DETROIT (AP)—Where his dream house once stood, truck driver John Korenic now has a hole in the ground.

He also has a mounting list of creditors. The 35-year-old trucker's troubles started last month shortly after he borrowed \$4,000 to buy a small white bungalow. After 15 years of marriage, he was happy at the thought of moving his wife and two children into a home of their own.

Before he moved, however, he decided to install a basement. He paid a contractor \$600 down on the \$2,550 job.

One day he and his wife Ann, 34, sat on the porch of their rented flat watching workmen put a basement under their bungalow across the alley. The house slipped its supporting jacks and crashed into the basement.

Next he received a note from the city informing him that his capsize bungalow constituted a hazard and would have to be removed. For \$350 a wrecking crew hauled away Korenic's dream house, leaving only the basement excavation.

Then Korenic borrowed another \$1,000 and bought a brick home, condemned for the route of a new expressway. For another \$1,000 he contracted to have the house moved. He paid \$500 for lifting utility wires on the route.

The moving date is next week, but now he has hit another snag. His lot is 30 feet wide. The building code requires a house to be at least three feet from the lot line. The house's blueprints show it is 25 feet wide.

"The ordinance is specific," he said dismally. "The house is 12 inches too wide." After listening sympathetically to Korenic, the suburban Hamtramck City Council last night said it would consider waiving the restriction if the neighbors don't object.

Korenic said the neighbor on one side appeared "a little reluctant" and the other wants to consult an attorney before committing himself.

"This seems to be the house that Jack didn't build," he said.

# Civic Theatre To Hold Meet Friday

The Big Spring Civic Theatre, Big Spring's first and only incorporated theatre group, will meet Friday night in the Chamber of Commerce office in the Permian Building at 8:00 p.m.

The group's current production, "The Tender Trap," directed by Lt. James Fulk, will be discussed production-wise, and one-act plays for presentation to other civic groups will be discussed.

Several plays have long been under discussion by the board of governors and it may be possible to actually begin casting for one or more of these plays. It has been the policy of the theatre group to keep at least one short play ready for constant bookings to worthy civic organizations, not only as a service to them, but also for the experience new actors and directors will gain.

Getting Ready For Westward Push

The Colorado River Municipal Water District is getting ready for another milestone—that of the westward push of lake water from Big Spring. T. C. Richardson, left, and O. H. Ivie, production superintendent, examine a 400 h.p. motor and pumping equipment which will send five million gallons of water a day west to Odessa. An identical motor and pump, capable of delivering that amount of

water against a 375-foot head, has been installed at the McWhorter Station in eastern Martin County. The central Martin County station and the Bush booster station north of Midland will take the water from Lake J. B. Thomas on I-10 Odessa, a distance of about 100 miles. Delivery of the first lake water is slated for Aug. 1 in Odessa.

# 85th Congress Counts 39 'Major' Bills—Such As Ants

WASHINGTON (AP)—By including such items as control of imported red ants, the 85th Congress today laid claim to enactment of 39 "major" measures during the almost seven months it has been in session.

The claim was made in the periodic summary of "major legislative actions" prepared by the Office of Coordinator of Information.

In addition to the ant control and 38 other measures it listed, the summary shows that the Senate ratified one treaty—on atomic energy—and the House condemned one foreign nation—Red China. Eleven of the bills enacted were appropriation measures.

More moderate claims on "major legislation" are made in the equally official calendars of legislation published daily by the clerk of the House and the secretary of the Senate. The calendars list 13 appropriation bills, including two minor measures, and three "major" legislative measures as having been enacted.

The three are the new housing law, extension of corporate and excise tax rates, and a law to carry out President Eisenhower's plan for Middle East economic and military cooperation.

**OTHERS NEED ACTION**  
Many other bills are in a position to be acted on finally before adjournment of the present session, now scheduled for late August, unless the Senate's civil rights debate prevents consideration of them.

In the field of "major" legislation, the coordinator's office lists these measures as having become law, in addition to the calendar listings and appropriation bills:

Extension of the law suspending limits on the size of the armed forces.

Continuation of legislation permitting the induction of doctors, dentists and other specialists into the armed forces.

Extension of authority for enlistment of aliens in the regular Army.

Deferment of payments on United Kingdom loan.

Extension of the operating authority of the Export-Import Bank.

Authority for agreements to construct atomic reactors in West Germany.

Extension of existing law suspending duties on scrap metal imports.

Requirement that the Atomic Energy Commission obtain specific authority from Congress for civilian power project appropriations.

Increase in lending authority of the Small Business Administration.

Increase in borrowing power of the Federal National Mortgage Assn.

Authority for the Treasury to pay interest up to 3.25 per cent on savings bonds.

Extension of duty-free importation of gifts from members of the armed forces serving abroad.

Consolidation of laws governing veterans' benefits.

A grazing and feed program for farmers in drought areas.

Increase in acreage allotment of durum wheat.

Authority for use 50,000 bales of long-staple cotton from the defense stockpile to relieve a market shortage.

Price supports for the 1957 crop of extra-long-staple cotton.

A program to control and eradicate plant pests, including imported fire ants.

Amendments to the 1956 small reclamation projects law.

Increase in borrowing authority for the St. Lawrence Seaway Corp.

Approval of a New England states flood control compact.

Extension of time for completing assessment work on uranium-lignite mining claims.

Minor revisions in the Social Security laws.

Continuance of federal aid for the blind in Pennsylvania and Missouri.

Revision of the formula for computing Social Security grants to states for medical and other assistance.

# Big Spring Gets 'Resort' Weather

Tuesday provided Big Spring residents with summer resort weather—high temperature reading for the day was 89.

This was the first time that the mercury has stayed at that low level in exactly a month. The last time the U.S. Experiment Station reported a maximum of only 89 degrees was on June 24.

Incidentally, on June 25, the temperature soared to an even hundred and for 14 days the maximum stayed at that level or better.

# Summer Weather Prevails In U.S.

By The Associated Press  
Rain fell in some Southern and Western areas but pleasant summer weather prevailed in most other sections of the country today.

The season's longest heat wave was broken in most of the Eastern half of the nation. However some Southern areas didn't get the full effects of the cool air which brought relief to the sweltering millions.

The rain belt which stretched from the Middle Mississippi Valley eastward to southern New England yesterday moved southward and extended from the Lower Mississippi Valley through Tennessee and the Middle Atlantic Coast states.

# CHEVROLET BEST IN TRANSCONTINENTAL ECONOMY TEST!

In a conclusive test, sanctioned and certified by the NATA,\* Chevrolet proved that it costs least to operate of the three leading low-priced cars tested! Traveling from Los Angeles to New York, Chevrolet recorded up to 17% greater fuel economy and lower total cost for the trip!

Chevy showed its outstanding thriftiness, all right, in one of the most thorough tests of this kind ever undertaken. Still, Chevrolet's ability to save big hardly comes as a surprise. Its economy is as traditional as its craftsmanship and solid construction. You take for granted Chevy's low operating costs, just as you've come to expect its fine finishing touches and careful attention to details. See your Chevrolet dealer for a demonstration drive!

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEV... ITS BEST SHOWROOM IS THE ROAD.

Over Arizona mountains compact V8 power got the most from every gallon.

Smooth sailing on the Ohio Turnpike with a good miles-per-gallon lead.

2,873 miles later, Chevy finishes with the lowest total operating cost.

Only franchised Chevrolet dealers display this famous trademark

## Purchases By Union Officers In Probe

WASHINGTON (AP)—The purchase by union officers of brassieres, milk stools and golfer's lamps comes under scrutiny today of Senate racketeers.

Chairman McClellan (D-Ark) of the special Senate committee named those items, along with radio and television sets, yesterday as appearing on union-paid expense accounts of United Textile Workers officials. The question now is: Who got them, and why?

Among witnesses summoned to explain them are the union's President Anthony Valente and Secretary-Treasurer Lloyd Klenert.

Neither McClellan nor Klenert could describe a golfer's lamp or say what it is used for. And Klenert told reporters he didn't recall buying any milk stools either, although he said they may have been prettied-up articles of furniture.

Klenert said the brassieres may have gone to woman delegates attending union meetings, but he didn't remember who could have received radio and TV sets at the union's expense.

Robert Kennedy, committee counsel, said the committee would explore at least \$100,000 worth of items charged to the union in what he termed flagrant "misuse of UTW funds."

Kennedy said the total includes \$57,000 of union money used in the purchase of plush new homes for Valente and Klenert in 1952. Most of the other items, he added, represent things for which the union paid in the last three years. He said the union has destroyed its financial records covering periods before that.

Klenert told reporters he thought some of the items might have been bought and paid for from a recently discontinued "expense allowance" under which, he said, he and Valente were authorized by the union to spend up to \$6,500 a year each for any purpose—to buy gifts for others or for themselves. He said he thought most of the items were given to persons who did favors for the union.

## Webb To Begin Funds Campaign

Webb AFB will begin its part in the annual Air Force Aid Society's funds campaign next Monday.

The number of loans and grants made to Air Force personnel by the Air Force Society since 1946 have amounted to \$18,295,892. Since that time, the society has also paid out in educational loans and grants a total of \$151,075 toward 315 scholarships.

Military and civilian personnel can become members. Several members of Webb are life or patron members. These people have made donations of \$50.00 or more, yet a member at large can donate as little as one dollar.

The society provides emergency financial assistance in the form of grants and non-interest bearing loans. The general fund is used to provide this assistance to Air Force personnel and their dependents throughout approximately 250 Air Force Aid Society chapters throughout the world.

## Six Men Sent For Military Induction

Six men were sent to Abilene Tuesday by the local draft board for induction into the Armed Forces. Mrs. Louise Nuckolls of the local board said that the pre-induction call for this month in Big Spring had been cancelled but two men were transferred here from out-of-state boards to be sent for pre-induction physicals.

Those leaving for induction were Joe Weldon Blessingame, Forrest Wayne Johnson, Marvin Glenn Morgan, Elmer Lee Yarbrough, Irvin Fran Borofski, all of Big Spring, and Truman Linard Sanford of Colorado City.

The two men transferred here from out-of-state were Donald J. Dudley and Ronald P. Grebling.

## Recent Rains Not Enough; More Needed

AUSTIN (AP)—The U.S. Department of Agriculture says Texas needs more rain.

The USDA, in a crop report released yesterday for the week ending Monday, said local showers were absorbed by growing crops, grass and weeds. Feed crop and pasture prospects continued to slip under the scorching July weather.

Irrigation pumps were running in all areas.

Late feed crops still badly need rain. High Plains growers were irrigating sorghums and the limited corn acreage while eastward across North Texas, dryland corn and sorghums wilted.

Early corn and sorghum were quite promising in Central and East Texas. Farmers and ranchers were awaiting rain to bring on another hay cutting. The USDA also said pecan prospects declined as a result of webworms and case-bearers.

The report said irrigated cotton crops in the High Plains made good development and early cotton was beginning to bloom. Harvest in the Coastal Bend should become active next week. Ginnings in South Texas will fall below the excellent crop expected a month ago. Insects and drought hurt the Valley crop.

Old cotton in central, eastern, northern and northwestern areas made fair to good development. Young cotton showed the effects of hot, dry weather. Irrigated crops in the High Plains made good development.

All classes of livestock were reported in fair to good condition.

## Thugs Apparently Slip Over Border

HARLINGEN, Tex. (AP)—Two burglars hurried across the Rio Grande Valley by scores of officers apparently escaped into Mexico Monday.

The chase started shortly after midnight when the sheriff's office at Raymondville received reports of a burglary and stolen car in San Perita. The car was spotted and chased toward Harlingen.

Police here said two men jumped from the car and ran behind a cotton compress. Several shots were fired at the fleeing men, but apparently neither was hit.

Police said all articles stolen in burglaries near Raymondville over the weekend, including several rifles, shotguns and pistols, were left in the car.

Bloodhounds led the officers to the home of Lynn SoRell, where a pickup truck was reported stolen shortly before they arrived. Later the truck was found on the banks of the Rio Grande near the community of Los Indios.

The suspects were described as Latin-Americans in their late 30's.

## Pastor Resigns

LAMESA — The Rev. Arthur Thomas has resigned his West Side Baptist pastorate to become pastor of the Sprayberry Baptist Church of Midland. The Rev. Thomas has served here nine years. The resignation was effective July 15.

## Integration Ruled For Dallas Schools

DALLAS (AP)—The U.S. Fifth Circuit Court of Appeals yesterday ordered Dallas to integrate its schools, but local officials indicated segregation probably will continue for a time.

The New Orleans court reversed a decision by U.S. District Judge William Atwell of Dallas. But it did not set a time limit.

Attorneys representing 28 Negro children asked that the schools be integrated "with all deliberate speed" and the court so ordered.

Dr. Edwin Rippey, school board president, said a segregation policy statement would be made in mid-August. He said the "board will be obligated to get a legal ruling on its present position before it can take any new action."

He said the Dallas school board was working in "good faith" toward desegregation. The school board has maintained integration will eventually be accomplished, but was conducting a study into the problem.

An appeal to the U.S. Supreme Court also was considered.

Atwell had dismissed the Negroes' suit "in order that the school board may have ample time, as it appears to be doing, to work out this problem."

Atwell, in dismissing the suit last December, also said: "I believe it will be seen that the court based its decision on no law but rather on what the court regarded as more authoritative, modern psychological knowledge than existed at the time that the now discarded doctrine of equal facilities was initiated."

Roberts said the other school districts will resist integration for as long as they can. "So far as most of the schools in the county are concerned, they are going very slowly and won't do anything without a court order," he asserted.

regarded as more authoritative, modern psychological knowledge than existed at the time that the now discarded doctrine of equal facilities was initiated."

Roberts said the other school districts will resist integration for as long as they can. "So far as most of the schools in the county are concerned, they are going very slowly and won't do anything without a court order," he asserted.

# Pitching Beginning To Tell In NL Race

By ED WILKS  
The Associated Press

Pitching, the asset that made Milwaukee and Brooklyn heavy pennant favorites in springtime, now has begun to edge the Braves and Dodgers ahead of the pack in that simmering National League race.

Since the All-Star Game break, the Braves have belted back into the lead by winning 10 of 14, and they've received six complete games in the rally. The Dodgers, winning 11 of 13 in that same span, have had only two complete games from their staff, but have had the depth to provide a winning bullpen.

Pitching was the highlight again last night, with Bob Buhl trimming Philadelphia's failing Phils 1-0 on a two-hitter to retain the Braves' one-game lead over Brooklyn. Johnny Podres five-hit St. Louis in a 1-0 Dodger victory that dropped the third-place Cards 2 1/2 games back.

It was a good day for pitching all around. Pittsburgh's Vern and last-place Chicago beat the Pirates as the Pirates defeated fourth-place Cincinnati 6-3 in 15; New York Giants 4-0 as Dick Drott spiced a four-hitter with 14 strikeouts.

In the American League, New York's Yankees built a 5-4 game lead with a 10-6 job on Chicago's second-place White Sox as Mickey Mantle became the first AL slugger to hit for the cycle—home run, triple, double and single—since 1952.

Boston defeated Kansas City 1-0, and Detroit beat Baltimore 5-2. Buhl, a 27-year-old right-hander, gained an 11-6 record. He struck out six, walked four and permitted only an infield roller by Harry Anderson in the fourth and a sixth-inning single by Ed Bouchee.

The Braves made it on Del Crandall's single and Johnny Logan's triple in the second off Curt Simmons, who went all the way, a 2-6 baseball gal 2 lhyzyzy J124.

The Dodgers managed only three hits, all off Sam Jones. Singles by Gil Hodges and Rube Walker sandwiched two walks to get the run across the second inning.

Podres, a 24-year-old southpaw, scored his fifth shutout of the season for a 2-0 record. He walked only one, fanned three and got Stan Musial on an inning-ending double-play ball with runners on third and first in the sixth.

Bob Skinner, who hit two home runs, got the Pirates started in the three-run 15th with a single, moving up on an error by losing reliever Brooks Lawrence and scoring the winning run on Dick Groat's single. George Crowe's 23rd homer made it 2-11 in the ninth.

Drott, a 21-year-old right-hander, just missed the season strike out high of 15 he set against Milwaukee, but walked only one for his ninth victory and third shutout.

Mantle hit a three-run triple to win it for the Yankees in a five-run seventh. He also hit a 465-foot homer, his 26th. Art Ditmar was the winner in relief. Jack Harshman lost his fifth.

Frank Sullivan managed to shut out the A's despite a 10-hitter for a 9-0 record. Virgil Trucks lost it with the Red Sox scoring in the fourth on an error and singles by Jackie Jensen and Billy Conso.

Billy Hoelt, one of last season's 20-game winners, made it 3-3 for 1957 with his second decision over the Birds.

DeWitt Weaver, the Texas Tech football mentor, hasn't let the grass grow under his feet when it comes to recruiting football players. Weaver and his assistants have signed 38 boys for the 1957 Tech freshman club.

Among them are Frank Jones, Kermit; Mike Seay, Andrews (two ends who played against Big Spring last season); Fred Baker, Lubbock Monterey; E. J. Holub, Tom S. Lubbock; Dale Robinson, Stamford; Dru Vowell, Colorado City; Earl Earnest, Borger; Glen Ameron, Munday; Bobby Holderman, a former Odessaan, now of Farmington, N. M.; Charley Moore, Tom S. Lubbock, and Bill Wrinkle, Bronte.

The local Little League Association, which isn't in as good a shape financially as it was a year ago (the expenses are higher than one would think), look in about \$180 in collections during the Little League officials reason they need about \$400 in the kitty to start a season of play.

Defense, long overlooked in professional baseball, is going to be recognized and rewarded in the big leagues this year by the Sporting News.

An all-star fielding team will be selected and each honored player will be given a suitably mounted gold glove (or mitt), made of special metallic gold-finished leather. The Rawlings Sports Goods Company will furnish the awards.

## LOOKING 'EM OVER

With Tommy Hart

Ever hear sports writer Tom Meaney's story about the two fellows who won \$45,000 one evening at the Las Vegas gaming tables?

They decided to take a taxicab all the way back to New York. Entering the cab, one of them stepped in front of the other, saying: "Let me get in first, I got out at 34th Street."

Southern Methodist has picked up a very promising footballer in Billy Hays, who played his high school football for Redemptorist High in New Orleans. He's a halfback.

SMU coaches are taking no chances. He's already working in Dallas.

The wife of Tito Arencebia, one-time Big Spring hurler, is recovering from a knee operation.

One man who thinks his particular league (the International) will be helped by the majors' shift to the West Coast is Harold Cooper, general manager of the Columbus, Ohio, club.

"The majors must have Triple-A Leagues for their players and the move west will wreck the Coast League," is the way he explains.

Even now, the International circuit is enjoying prosperity and most of the clubs are making money.

Rickie Wisener, the Little League phenom here, is an all-around athlete who can develop into one of Big Spring's finest, if he continues to reside here.

Joe Giardello, the middleweight boxer, is ranked No. 3 in his division but they say he'll not go much higher. He's lost his knock-out punch and his opponents will learn to waste in on him and whale away, without fear of winding up on Dream Street.

Harry Berry, the former Big Springer, is playing for Lorenzo in the State ISL softball tournament at Wink. He's working in the Wink area.

DeWitt Weaver, the Texas Tech football mentor, hasn't let the grass grow under his feet when it comes to recruiting football players. Weaver and his assistants have signed 38 boys for the 1957 Tech freshman club.

Among them are Frank Jones, Kermit; Mike Seay, Andrews (two ends who played against Big Spring last season); Fred Baker, Lubbock Monterey; E. J. Holub, Tom S. Lubbock; Dale Robinson, Stamford; Dru Vowell, Colorado City; Earl Earnest, Borger; Glen Ameron, Munday; Bobby Holderman, a former Odessaan, now of Farmington, N. M.; Charley Moore, Tom S. Lubbock, and Bill Wrinkle, Bronte.

The local Little League Association, which isn't in as good a shape financially as it was a year ago (the expenses are higher than one would think), look in about \$180 in collections during the Little League officials reason they need about \$400 in the kitty to start a season of play.

An all-star fielding team will be selected and each honored player will be given a suitably mounted gold glove (or mitt), made of special metallic gold-finished leather. The Rawlings Sports Goods Company will furnish the awards.

# Oilers Lose First Round Game In State Meet, 2-0

WINK (SC) — Lorenzo beat Cosden of Big Spring, 2-0, in a first round game of the ISL State Softball Tournament here Tuesday night and emerged as a favorite to win the championship.

Weldon Haney stopped the Oilers with one hit. Lorenzo managed only four off Troy Wetzel. Cosden loaded the sacks on Haney with one out in the first inning but the Dallas man got out of the jam by fanning Gene Grass and Ed Sproesser in succession and was never in trouble thereafter.

Pete Cook drove out the only Big Spring hit, a first inning single. After the first inning fireworks, Haney retired 20 men in succession. He fanned 15 and the only walk he issued was to Billy Paul Thomas in the initial inning. He also hit a batsman — Buck Drake — in the first inning.

Wayne Devaney, a former Coahoma athlete, scored Lorenzo's first run in the third inning after singling with two out. A double by Malinski drove him in.

The Lorenzo team padded it's lead in the fifth when Rieger singled and eventually scooted home on a bobble.

Wetzel struck out seven, including the last three men to face him. He walked only one.

Cosden returns to action at 7 o'clock Thursday, facing the loser of the Grandfalls-Midland National Bank game.

Eight teams are competing for the championship. Finals are scheduled for Saturday night.

Wink advanced Monday night by beating the J. R. Todd club of Odessa, 6-0, while Midland's Utility Air Coolers bounced J.N.M., 5-4.

## IN PRO FOOTBALL Reserve Clause Essential: Bell

By WHITNEY SHOEMAKER  
WASHINGTON (AP)—Commissioner Bert Bell of the National Football League told Congress today pro football needs both a player draft and a reserve clause to survive.

Bell said in testimony prepared for the House Antitrust subcommittee that without these and other "equalizing" practices "the highly competitive and colorful sport that we know today would come to an end."

He contended the Supreme Court's decision holding pro football subject to antitrust laws "jeopardizes the continued existence" of the game.

Bell was the kickoff witness as the subcommittee delved into football as part of its investigation of the legal status of pro sports enterprises.

While the Supreme Court did get down to particular practices, Bell said its football decision posed a question as to the legality of the player selection system, reserve clause, the commissioner's power and club territorial rights.

He called these "essentials" and said they should be specifically exempted from antitrust jurisdiction.

The Supreme Court's football ruling last winter touched off the legal status of pro sports enterprises. While declaring football open to antitrust regulation, the court left unchanged previous decisions exempting baseball.

Now the subcommittee headed by Rep. Celler (D-N.Y.) wants to determine whether all professional team sports should be treated

alike by legislation—either within or without the antimonopoly statutes.

Bell said football would be "pleased to see" Congress enact bills that would either declare pro sports wholly free of antitrust controls or immune except for purely commercial activities.

But he opposed a bill by Celler that would have the effect of blanketing all professional sports under antitrust legislation and court rulings.

Financially, Bell said, pro football is a "small operation" — primarily an avocation.

Gross receipts for the league's 12 clubs in 1956 totaled less than \$30 million, he reported.

Combined net profit after taxes was \$30,599, he added, for an average of about \$44,000 per club.

While the Supreme Court did get down to particular practices, Bell said its football decision posed a question as to the legality of the player selection system, reserve clause, the commissioner's power and club territorial rights.

He called these "essentials" and said they should be specifically exempted from antitrust jurisdiction.

## Sports Thump Dallas, 8-4

By The Associated Press  
Shreveport thumped Dallas 8-4 Tuesday, working over four Eagle hurlers.

It cut Dallas' lead over second place Houston to eight games.

It was sort of revenge night for Walt Derucki. Shreveport, shortstop who failed to make the league All-Star team that plays Dallas Wednesday, Derucki, who is hitting over .300, was edged out in the sports writers vote for the utility job on the All-Star team by Ruben Amaro of Houston, a .220 batter.

Tuesday the brilliant young infielder hit a homer and triple and drove in three runs.

Houston shut out Fort Worth 4-0 behind Nels Chittum's five-hit pitching. Houston blasted 16 hits with Pidge Browne driving in three runs with a homer and double. Harry Keister also homered for the Buffs.

Tulsa fell before Austin 3-0 in 10 innings and dropped into a tie for third with San Antonio, which divided a twin bill with Oklahoma City.

Austin blasted four hits in the tenth, highlighted by Don Leppert's two-run homer, to break up a stirring pitchers' duel between Chet Nichols of Austin and Dale Mathewson of Tulsa. Through nine innings Nichols had allowed four hits while Mathewson gave up only three.

San Antonio whipped Oklahoma City 8-0 in the first game as Carl Scheib hurled a three-hitter but the Indians took the nightcap 9-3 with a dozen hits.

## Record Turnout

PORT ISABEL, Tex. — Bob Meade, managing director of the Texas International Fishing Tournament, said yesterday plans were being made for up to 350 contestants, a record, in a Aug. 1 tournament.

Those that hadn't finished the 18 holes will do so today.

In the pro-amateur tournament Middlecoff will team with Billy Joe Denton of Wilton, Ark., winner will have Bobby Goetz of Tulsa as his partner; Maxwell will again pair with Red Roden of Odessa, and Roseburg will team with Martin Stanovitch of Chicago.

Baxter will get Ernie Vossler of Midland.

## Hottest Field In Odessa Pro-Am Tees Off Thursday

ODESSA, Tex. — The hottest field ever to enter the \$10,000 Odessa Pro-Amateur Golf Tournament final tees today.

The tournament opens tomorrow with such headliners as Cary Middlecoff, Bo Winger, Billy Maxwell and Bob Roseburg of the touring professionals and Rex Baxter, the Walker Cupper from University of Houston, in the field.

Rain halted the special pro-amateur yesterday after 30 of 51 teams had finished their 18-hole rounds. Shooting 11-under-par for 16 holes was a team of Joe Lopez, pro, and Russell Harberer, ama-

## Three 74's Are Registered In City Golf Tournament

Three 74's led early qualifiers in the annual City Golf tournament, which is taking place at the Muni course.

Those in at that figure included Lou Thompson, Dan Lewis and Bobby Blumh.

Thompson was out in 39 but in 35. Lewis soared to a 40 on the front nine but cut six strokes off that figure on the back side. Blumh was very consistent. He had two 37's.

Two other linksters in the field of 21 who have registered to date posted 76 or better. Jerry Scott made the rounds in 39-38-77. Hugh Hamm, who played with Lewis, had two 39's for a 78.

Players have until Sunday night to post qualifying scores. Pro Shorty Gideon plans to draw up pairings Sunday night.

After that, each round of play must be completed within a week's time.

Those who have qualified, and their scores, include: William G. Mitchell, 51-44-95; R. E. Creek, 39-44-83; Darrell N. Flynt, 44-45-90; J. E. Fouts, 42-41-83; Dickie Cloud 42 (one nine

only); Hugh Hamm, 39-39-78; Bunky Grimes, 47-46-93; R. S. McCullah, 41-39-80; C. W. Parks, 49-49-98; R. A. Tate, 50-55-105; Don R. Hale, 50-53-103; J. C. Robinson, 53-47-100; C. E. Thompson, 50-53-103; Lou Thompson, 39-35-74; Dan Lewis, 40-34-74; Bobby Blumh, 37-37-74; Jerry Scott, 39-38-77; C. E. Johnson, Jr., 46-47-93.

S. M. Sain, H. M. Rowe and John E. Brown have entered but have not qualified.

## Bums Will Play Picked Troupe

A picked team, selected by other managers in the circuit, will play the champion Bums in a Junior Teen-Age Baseball league exhibition game here Saturday night, starting at 8 o'clock.

The league is bent on raising funds for the Bums' trip to the District 5 tournament in Odessa next month.

No admission fee will be charged but a collection will be taken during the game.

## Machen Tries Baker

CHICAGO (AP)—Undeclared Eddie Machen, working his way towards a heavyweight title shot, takes on bulky Bob Baker of Pittsburgh tonight at the Chicago Stadium.

Machen has a string of 21 victories, 14 by knockouts and is a solid 3-1 choice over Baker in the 10-round nationally televised bout over ABC, 9 p.m. EST.

## Dallas Hosts Stars Tonight

DALLAS (AP)—Dallas, which has been cleaning up on the opposition in the regular Texas League race all season, will try to knock over the best from the other seven clubs in the annual All-Star Game tonight.

The Eagles will face an outfit boasting three 300 hitters and an eight-man pitching staff that has rolled up 77 victories. But the speedy, fine fielding, clutch hitting Eagles are light favorites to take the game for the second season in a row. They beat the All-Stars 7-1 last year.

Manager Salty Farmer of Dallas wasn't forecasting it although his club has led the league race by a long margin and his pitchers hold an edge in head-to-head combat with the All-Star twirlers.

Harry Walker of Houston, managing the All-Stars for the second successive year, said he had a high regard for the Eagles. "Dallas has confidence and good speed," he commented. "They may not have sensational hitting but all through the lineup they've got good hitters, men who can hurt you in the clutch."

Walker will send his own Billy Muffett, a 14-game winner who has beaten Dallas twice this season, to the mound to start for the All-Stars. Parker is using Murray Wall, his 15-game winner.

## Snider Kayoes 61st, 11-1

Snider Gulf routed 61st Flight Line Maintenance, 11-1, in the only YMCA Industrial Softball league game played here Tuesday night.

Jim Ward pitched the win, limiting 61st to two hits. A blow by Franti that scored Grabowski with the only 61st run in the fourth.

Ward struck out seven and walked only one.

Snider scored in every inning, beginning with a five-run first.

Cosden and Webb AFB were to have played but the contest was called off due to the fact that the Oilers are playing in the ISL State meet at Wink.

## Buhl Change-Up Slows Phillies

MILWAUKEE (AP)—Bobby Buhl has a reputation for being a fast ball pitcher, but his change-up has been the money pitch for him and the National League-leading Milwaukee Braves this season.

The black-haired Braves' right-hander from Saginaw, Mich., used his newly

8 Boys Held In Derail Plot

LINCOLN, Ill. (AP)—Eight boys were seized last night after police said they threw open a railroad switch so they could "see a train turn over."

Nelson Burial Services Slated

THROCKMORTON, (SC)—The brother of two Big Spring women will be buried here today. W. F. Nelson, 51, died here Tuesday.

French Approve Common Market

PARIS (AP)—The French Senate today put a 222-70 stamp of approval on the treaties setting up the West European common market and Euratom atomic pool.

Elephant Kills 2

COLOMBO, Ceylon (AP)—A wild elephant trampled a woman to death last night and tore another to pieces a few miles from the central Ceylon town of Kandy.

**Moon Gets Strong Light From Earth**

By RAMON COFFMAN  
Here and there I have found good places to observe the monthly phenomenon known as "the old moon in the new moon's arms."  
The air needs to be clear to see this well. Nowhere have I obtained a better view than from Mexico City. The capital of Mexico is built on ground which is about one and a half miles above sea level, and the air above the city is "pure and clear."  
Q. When do people see the "old moon in the new moon's arms?"  
A. During the first night or two after a new moon, we sometimes see a faint light within the arc made by the crescent.

The old moon in the new moon's arms.

The crescent part of the moon reflects light which came from the sun. We see sunshine which has been reflected once.  
The dim light inside "the new moon's arms" has been reflected twice. It is "earthshine." Our earth receives light from the sun, then reflects it to the moon. From the moon, at certain times, it "bounces back" to us and this means that it has been reflected twice.  
Q. If the moon had people on it, would they see the earth in the sky?  
A. Yes. The earth would look to them like a huge moon. It would look three and a half times as wide at "full earth" as the moon does at full moon. The earth's total "area of reflection" is 13 and a half times as much as that of the full moon!  
Q. What about the brightness of the earth?  
A. Earthshine is estimated to be a bit more than six times as intense as moonshine! A man (or woman) on the moon would be able to read a newspaper easily by using earthshine.

**Lyndon Lambasts Oil Import Rate**

WASHINGTON (AP)—Senate Majority Leader Johnson again warned his colleagues yesterday that the current high rate of oil imports is a threat to the nation's security.  
He said the Texas Railroad Commission had ordered production held to 13 days during August, the second consecutive such cut.  
"Within a few years, if present trends are allowed to continue," Johnson predicted, "the United States will be dependent on oil sources that would be completely unreliable at the very time we would need them most."

**Dr. Frankie Williams Joins State Hospital Staff Here**

Dr. Frankie Williams of Big Spring has joined the staff of the Big Spring State Hospital. Dr. Preston Harrison, acting superintendent, has announced.  
Dr. Williams, the daughter of Mrs. C. A. Williams, 1000 E. 16th, has just completed her internship at John Peter Smith Hospital in Fort Worth.  
This is not, however, her first experience as a staff member at the hospital, for she worked as an extern there from June to September in 1955. She attracted the attention of Dr. Harrison then and he had been anxious to obtain her as a regular member of the professional staff ever since.  
Dr. Williams was born in Stamford on Aug. 28, 1929 and was graduated from Haskell High School. She lived for a time in Colorado City before moving here in 1953 with her parents. Her late father C. A. Williams, was then associated with the Texas Employment Commission.  
She did her pre-med work at

DR. FRANKIE WILLIAMS

M.D. degree from Southwestern Medical Branch of the University of Texas at Dallas in 1956.  
She has worked in hospitals during summer months and during holiday since she was 15 years of age. During the time she was studying and in training she worked in hospitals at Haskell, Stamford, Colorado City, Parkland in Dallas as well as the State Hospital here.  
She now holds the position of Physician II, general on the staff. Dr. Williams is assigned to the general hospital where she supervises the medical services of that ward. She also is in charge of the women's convalescent ward. This is an open ward where patients are nearing the time of discharge.

**Meeting Closes**

KNOTT — Revival services at the Mt. Joy Missionary Baptist Church closed here Sunday evening with Evangelist Cal Simms, Fort Worth, doing the preaching. Large crowds attended and there were visitors from Seagraves, Lubbock, and Big Spring.

Yul Brynner, above, as Ramses II, Pharaoh of Egypt, becomes the target of divine anger in the Cecil B. DeMille motion picture, "The Ten Commandments," beginning a two-week run at the State Theatre Thursday. Charlton Heston is starred in the role of Moses, whose historic battle with Ramses resulted in freeing the Hebrews from Egyptian slavery, and marked the first battle between liberty and tyranny in recorded history.

**Garden City Has Faculty Vacancies**

GARDEN CITY — The faculty for the coming school term is complete except for two vacancies, according to Superintendent W. A. Wilson. He still needs an eighth grade teacher and one for high school science.  
There will be 13 faculty members this year, which is one more than during the 1956-57 term. The extra teacher is not needed because of increased enrollment, but because of an improved curriculum. One change will be the addition of high school chemistry, which Wilson says has not been taught for many years.  
The school will have a new science laboratory, which will be completed by the time school starts, Wilson said school would open on Sept. 3.

**Second Baptists Have Educational Director**

LAMESA — James R. (Jim) Chilton will assume his duties as music and educational director of the Second Baptist Church on Sunday. Mr. and Mrs. Chilton and their son, Collin, have moved to Lamesa from Lubbock where he was engaged in the insurance business.  
Chilton, a graduate of Wayland High School, attended Lamesa College at Plainview and North Texas State Teachers College in Denton. He served four years with the U.S. Air Force in Albuquerque, N.M.
