Integration Flare-Up

An unidentified Little Rock student hits at a Negro effigy hung near Central High School after about 75 white students walked out of school in protest to integration.

No Trouble In 10th Day Of Little Rock Integration

LITTLE ROCK, Ark. (AP)—An escort of soldiers encountered no trouble today in taking nine Negro students into Central High School for a 10th day of integrated classes.

who had threatened them all with suspension. Opposing sides were still deadlocked today in their efforts to solve the integration crisis. No one had come up with a new plan under which federal troops might be removed.

orders of Eisenhower. Paratroopers of the 101st Airborne Division used bayonets to break up crowds of white demonstrators. That was the last of the demonstrations until yesterday's student walkout attempt.

About 100 white students were massed before the front entrance of the school. Three or four of them displayed small Confederate flags but there was none of the hooding or jeering that marked the last two days.

Gov. Luther Hodges of North Carolina, chairman of a group of Southern governors who met with President Eisenhower in an unsuccessful effort to solve the problem, simply said: "We've got to have a few days to let this thing cool off."

Inside the school yesterday, highly trained paratroopers of the 101st took over again from National Guardsmen. This military change apparently took place because white students roughed up some of the Negro students in the two previous days. Guardsmen remained on duty on the campus.

Tight Blockade Shakes Red Government In San Marino

SAN MARINO (AP)—Italy's tight blockade threatened today to starve San Marino's Red leaders into submission. They are locked in a fight with anti-Communists.

San Marino's Communist government still had 70 armed militiamen inside the old stone government house, but was feeling shaky. Gino Giacomini, 72-year-old foreign minister, told a news conference he had messaged Italian Premier Adone Zoli proposing that an Italian parliamentary commission visit the country.

Eisenhower ordered in the troops the day after a howling, hysterical mob almost broke through police lines at the school. Fausus said the compromise proposal, worked out with help of four Southern governors, asked him to surrender what he called "my discretionary powers as governor."

Transatlantic Hop May Be Called Back

PORTLAND, Maine (AP)—Former Marine pilot William Wyatt, on a projected nonstop flight from Galveston, Tex., to Rome, Italy, said today headwinds may force him to give up the flight.

His flight plan called for the former Marine to follow the Great Circle course. He was due to fly over Jackson, Miss.; Muscle Shoals, Ala.; Boston; Tor Bay, Sidney, Nova Scotia; across the Atlantic to Pelonis, France; Nice, France, and thence to Rome.

PARIS (AP)—President Rene Coty today asked Socialist Guy Mollet to form the next government of France. Mollet neither accepted nor refused. He said he would examine the possibilities of forming a government and promised to give his answer within a few days.

Runaway Blames Racial Troubles

ALAMOGORDO, N. M. (AP)—One of a pair of 15-year-old runaway girls said here that she left her North Little Rock, Ark., home because her mother made her quit school because of integration.

Grace and her companion, Wanda Morris, were picked up in the small southern New Mexico town of Tularosa, just north of here, early yesterday morning. When it was discovered the girls were runaways, officers transferred them to juvenile authorities in Alamogordo.

The girls told authorities they had left their homes in North Little Rock Sunday, had hitchhiked to Illinois and then had backtracked and hitchhiked westward, heading toward California. They said a man picked them out on Wednesday night in El Paso, Tex., but had dropped them off in Tularosa early yesterday. They would not say why they had been dropped off.

Between them when they left North Little Rock. They said they ate at the kindness of motorists who gave them rides along the way. One couple bought them woolen clothing to replace the light cotton clothes they were wearing when they left home.

Probation officer Louis T. Vanscoy of Alamogordo said the girls would be held in Otero County Jail here, until some disposition could be made of them. Relatives were notified today.

Use Of Troops Hinders GOP's Efforts In Dixie

By D. HAROLD OLIVER WASHINGTON (AP)—President Eisenhower's use of federal troops to enforce court-ordered integration at Little Rock has hindered GOP efforts to build a two-party system in the South.

Beck Successor Gains 4-1 Vote

Sore-Head

MIAMI BEACH, Fla. (AP)—James R. Hoffa today won election as president of the scandal-scarred Teamsters Union by a margin of well over 4 to 1 over two opponents.

The 44-year-old Detroit union leader took over command of the nation's biggest labor organization despite scandal in which he himself has been heavily involved.

With nearly two-thirds of the voting among Teamster convention delegates completed, Hoffa had more than half of the total 1,754 votes to be cast. At that point Hoffa had 878, against 98 for Thomas J. Haggerty of Chicago and 192 for William A. Lee, also of Chicago.

Delegates voted by voice as their names were called. Just before the convention started, a U. S. marshal served a subpoena from the Senate Rackets Investigating Committee ordering all the convention credentials of delegates be brought to Washington.

The committee has charged delegates from a number of Teamsters local unions were illegally seated in the convention. Thus a Senate investigation of the validity of delegate choice loomed on the horizon.

Hoffa's name was put in nomination by John English, veteran union secretary treasurer, who called Hoffa "the champion of the Teamsters."

English said the convention met at a crucial time for the union with agents, he said, of the FBI, Senate Rackets Committee and the AFL-CIO here keeping tabs on what went on. English said Hoffa had done more for the Teamsters than any one else in union history and although the union faces "a little trouble here and there, he'll take care of that."

Officer Is Injured In Collision Of Scooter And Car

Capt. Paul P. Schmidt, injured in an accident here Thursday night, was considered in "fairly good" condition today.

Capt. Schmidt, who lives at 2409 Morrison, was riding a motor-scooter which ran into a car at the corner of 15th and Owens about 7 p.m. Thursday. He was rushed to Webb AFB Hospital by a Nalley-Pickle ambulance.

This morning, the hospital reported he sustained a fractured shoulder blade, fractured ribs, a partially collapsed lung, and cuts and bruises. He was classified as in good condition.

Driver of the car involved in the collision was Mary Ann Nugent, 16, of 1305 Wood. Miss Nugent was driving south on Owens, while Capt. Schmidt was going east on 15th when the accident occurred.

The car and motor-scooter collided near the center of the intersection. The right front door of the 1951 Chevrolet driven by Miss Nugent was caved in.

Investigation of the accident has not been finished, police said today. In another accident Thursday, cars driven by Robert Blumh Jr., 107 E. 18th, and Kenneth Love, 502 Owens, were in collision at Eleventh Place and Austin.

'Visitor' To Venus Pleads Guilty To Charge Of Fraud

WASHINGTON (AP)—Harold J. Berney, a sign painter alleged to have claimed that he visited the planet Venus on a space ship, pleaded guilty to fraud yesterday.

Lamesa Girl Dies Under Tractor

LAMESA — A one-year-old girl was killed today while playing with a group of children on a tractor here.

Little Deborah Sturgess was pronounced dead on arrival at a local hospital about 11 a.m. Justice of the Peace Jim Edwards ruled accidental death by smothering.

The girl was playing with a group of children on the tractor at the John N. Barron residence, 1106 N. 2nd here, when one of the children evidently pushed the starter button.

Deborah fell from the tractor and a wheel rolled over her, pushing her face into the dirt. The girl's mother and a neighbor were unable to move the tractor, and only after Rev. E. L. Jones, Bryan Street Baptist Church pastor, and an off-duty policeman, Sam Moore, arrived was the tractor moved.

The girl's heart was still beating when removed from under the tractor tire but was dead when rushed to the hospital. Services are pending at Higginbotham Funeral Home here.

Wintry Weather Hits Northwest

By The Associated Press Wintry weather spread across northwestern sections of the nation today with snowfall up to 5 inches and temperatures in the 20s.

More rain and cloudy weather was the dreary picture in the Southeast but it was generally fair in most of the central and northeastern sections of the country.

Fall From Combine Kills Knott Man

Hazle Lee Williams, 33, was killed instantly in a fall from a harvesting machine 18 miles north-west of here early Friday.

Apparently he fell backwards as he slipped from the top of a combine, and his head struck a metal step at the base of the machine.

He was dead on arrival at the Cowper Hospital. The mishap occurred on the farm of his father, Roy Williams, a mile south and west of West Knott. He and his father were getting the combine ready to harvest a field of grain sorghum.

Hazle Williams had climbed to the top of the combine to rig an umbrella over the driver's seat while his father went back to the barn for some tools. When Mr. Williams returned, Hazle Williams was slumped on the ground beside the combine.

Justice of Peace Walter Grice returned an inquest verdict of accidental death. Hazle Lee Williams was born Dec. 3, 1923, at Knott and had lived there all of his life. He was graduated from the Knott High School and was a member of the Baptist Church.

Arrangements are pending at the Nalley-Pickle Funeral Home. Surviving him are his wife, Mrs. Gail Williams; three daughters, Betty Sue, Zella Mae and Barbara Ann Williams; one son, Roy Lee Williams.

He also leaves his parents, Mr. and Mrs. Roy Williams; three brothers, B. J. Williams, Charles Ray Williams and Leo Williams, all of Knott; and two sisters, Rosetta Williams, who is a student at Texas Tech, and Mrs. Flossie Ann Land, Lawton, Okla.

Polish Reds Threaten Severe Action Against Student Rioters

WARSAW (AP)—Communist authorities today threatened "severe sanctions" against students who took part in Warsaw's first anti-government demonstration since Wladyslaw Gomułka came to power.

Armed Might Displayed

Japanese tanks pass spectator-filled stands near Meiji Shrine Outer Gardens in Tokyo during a parade marking Japan's Self-Defense Forces Day. Women members of the military took part for the first time in the review, which consisted of about 4,150 ground, maritime and air defense force members.

Pig Sale Proceeds Aggregate \$2,353

Thirty exhibitors in the county-wide 4-H and FFA Pig Show went home \$2,353.33 richer last night, following the auction that concluded the annual show. That was in addition to \$149 in purses the young stock raisers picked up earlier in the day.

Top price of \$243.75 went to Tommy Buckner for his grand champion barrow. First National Bank and Big Spring Hospital paid \$125 per pound for the 195-pound porker.

Ronnie Richardson received \$1 per pound for his 185-pound reserve champion barrow.

Average for the 30 pigs was \$78.46.

Hidding was brisk as Randall Sherrod banged the auctioneer's gavel. Thirty-five cents a pound

was the lowest price paid for any of the pigs.

Buckner's and Richardson's animals were judged the best in the show earlier Thursday. Zena Kay Robinson, who had the champion gilt, sold her 170-pound pig to Walker Pharmacy for \$64.60.

Buyers and price paid, in that order: Tommy Buckner, First National Bank and Big Spring Hospital, \$243.75; Ronnie Richardson, Posey Tractor Co. and Standard Chemical Co., \$185; Rodney Brooks, State National Bank, \$71.30; Esco Hamilton, Texas Electric, \$68.33; Randall Sherrod, Acuff Oil of Oklahoma, \$71.75; Zena Kay Robinson, Walker Pharmacy, \$64.60; Joe Bond, Grandham Bros. Implement Co., \$73.85; Charles Engle, Nalley-Pickles Funeral Home, \$60.

Also: Ronny Wayland, Truman Jones Motor Co., \$63; Donald Puller, Coca Cola Bottling Co., \$61.25; Melvin Fryar, Quilar Oil Co., \$73; Larry Chandler, Eagle Transport Co., \$62.60; Shirley Robinson, Piggy Wiggy, \$68.40; Jimmy Engel, Big Spring Locker, \$63; Oretta Fryar, Taylor Implement Co., \$74.19; Dora Ray, Big Spring Tractor Co., \$69.50; Mac Robinson, Co-Op, \$70.60.

Also Philip Riddle, Midland Production Credit Assn., \$63; Pat McPherson, Co-Op Oil of Knox, \$70; David Burris, Farm Bureau, \$67.75; John Pickett, Long's Feed & Seed, \$70.30; Del Roy Buchanan, Quilar Oil of Oklahoma, \$68.45; July Brooks, Farmers Oil of Big Spring, \$70; Jerry Hewitt, John Davis Feed Store, \$70; Lucile Thornton, Tidwell Chevrolet, \$68.25; Paul Nixon, Lone Star Motor Co., \$63.

Others were Raymond Hogg, Piggy Wiggy, \$70; Ronald Shaw, Big Spring Grain & Commission Co., \$72.60; Danny Clanton, Jones Motor Co., \$68.52; and Wesley Wright, Panthers Oil Co., \$81.

Fire Prevention Program Saturday For Webb Families

Webb AFB personnel, their wives and children all are being urged to attend a special fire prevention program Saturday morning in the base theatre.

The program, which will consist of lectures and demonstrations, will pinpoint "Dangers of Everyday Living in the Home."

Base officials are desirous that parents bring as many children as possible so that they will become aware of dangers in the home and how to avoid them. There will be dramatic reminders about such things as gas, electricity, waxes, cleaning fluids, heating systems, trash fires, etc.

To facilitate attendance, the base is running buses with five pickup points at 9:30 a.m. They are Washington Place School at Birdwell Lane and Monticello; the Ritz Theatre at 4th and Main; the playground at 17th and Lancaster; the swimming pool at the north-side fire station; the Airport School.

Time for the program is 10 a.m.

MEN IN SERVICE

Alvin Lloyd Moore, Big Spring, has enlisted in the Navy and will receive recruit training at the Naval Training Center, San Diego.

Moore enlisted through the local recruiting station and entered the Navy at the Albuquerque, N. M., recruiting center. His wife is the former Marilyn Joan Constant, 811 W. 3rd, Big Spring.

Moore graduated from Big Spring High School in 1955.

Joe L. Sherman, fireman, USN, son of Mr. and Mrs. Ouita Hollins, 701 Wyoming, and husband of the former Miss Dorothy A. Sherman of 1108 N. W. 7th, Big Spring, arrived at San Diego, Calif., Sept. 26 aboard the attack transport USS Pickaway from a seven-month cruise in the Western Pacific.

While overseas the Pickaway transported troops and dependents to and from ports throughout the Far East. Visits were made to Sasebo, Iwakuni, Kobe, Yokohama and Yokosuka, Japan; Okinawa; Manila and Subic Bay, Philippine Islands; Hong Kong; and Inchon, Korea. A stop was made at Pearl Harbor on the trip home.

Army Pvt. Jimmy L. Anderson, son of Odes L. Anderson, 1212 N. 8th, Lamesa, recently arrived in Alaska and is now a radio-telephone operator in the 122nd Signal Battalion.

Anderson entered the Army last February and received basic training at Fort Carson, Colo. The 18-year-old soldier attended Lamesa High School.

Last Rites Set For Mrs. Kirksey

LAMESA—Funeral services will be held today for Mrs. Dora Kirksey, 73, who died here Thursday in a local hospital after a long illness.

Mrs. Kirksey had been a resident of Dawson County for 20 years.

The service was to be held at 3 p.m. at the Bryan Street Baptist Church, with the pastor, the Rev. E. L. Jones, officiating. Higginbotham Funeral Home is handling arrangements.

Survivors include three sons, E. H. Kirksey of Midland, Jim of Lamesa, and Buck of Odessa; two daughters, Mrs. Arthur Moss and Mrs. C. E. Flowers, both of Lamesa; three sisters, Mrs. D. L. Bond of Ackery, Mrs. Marvin LaGrone of Beaumont, Calif., and Mrs. W. E. Little of Silver City, N. M.; two brothers, G. H. Calloway of Lamesa and A. A. Calloway of Sweetwater; 11 grandchildren, and 10 great-grandchildren.

Eight Weeks Of Trials Scheduled

Eight weeks of trials were scheduled yesterday by Judge Charlie Sullivan of 118th District Court.

Judge Sullivan set continuous court sessions for the eight weeks starting Oct. 23, first day of a new term of court. The trials will extend through the week of Dec. 16.

Docket set for two weeks of non-jury trials, four weeks of civil jury trials and two weeks of criminal jury trials.

'Diamond Jim' Candidate In Abilene Shrine Ceremonial

Jim Lewis is out to help history repeat itself at Abilene on Saturday.

Lewis is the Big Spring ring candidate at the annual Shrine ceremonial which is set for this weekend.

The last time that a Big Spring novice won the ring was at Abilene about four years ago. Joe Williamson, who now is a motor car dealer in Snyder, took the honor.

Lewis is running under the sobriquet of "Diamond Jim of the 5 & 10," a natural billing since he operates two variety stores in Big Spring. Moreover, this lends more weight to his boast that "every noble's wife gets a dime."

Other slogans in the Lewis repertoire include: "It only costs a little more to go first class... it's the expensive things that count... We are going back on the gold standard... Diamonds are people's best friends... vote

Lamesa Gas Co. Seeks 25-Cent Rate Increase

LAMESA—The Lamesa City Council Thursday passed on first reading an ordinance granting the Pioneer Natural Gas Company a rate increase of 25 cents on the minimum charge. The present minimum is \$1.25 for the first 2,000 cubic feet of gas and the company is requesting a minimum rate of \$1.50.

Rupert Austin, Lamesa manager of Pioneer Natural Gas, said after the meeting that increased material costs, a higher gas production cost, and higher wages had necessitated the company's asking for the second rate increase in its history. The other came in 1951.

The Council granted the Lamesa Chapter, Disabled American Veterans, the use of Lobo Park on Oct. 10, for their sponsorship here of the Clyde Beatty Circus. The DAV, represented by F. F. Salsler, R. L. Price, Clarence Wilson and Harry Henderson, agreed to pay \$50 minimum rental on the park. The new Building Code became a step nearer reality with the passing on second reading of the Building Code Ordinance. The code is based on the abbreviated version of the National Building Code. It will become effective after being passed on third reading.

The water bond fund was tapped for over \$3,600 in expenses on pipe and water meters, and the Fire Bond Fund for \$6,598.50 on partial payment for the building now under construction. The amount was based on materials on the ground and work already completed. The council also allowed \$1,500 to Hap Bratcher for realty services.

The council granted City Manager Carroll Taylor leave to attend the International Conference of City Managers in Washington, D. C., on Oct. 20-22.

Girl Sticks By Story On FBI

LITTLE ROCK, Ark. (AP)—Annette Harper, a peppery 15-year-old blonde, stuck by her story today that the FBI had held her incommunicado for 4½ hours in questioning her about integration troubles at Central High School.

Annette identified herself as one of the unnamed girls who Gov. Orval Faubus in a recent television address said were held incommunicado by the FBI. She named herself as she was arguing with a National Guardsman yesterday. She had joined 65 other students at the school in a walk-out which they had hoped would inspire a mass protest against troop-enforced integration of nine Negroes.

Joseph C. Casper, FBI agent in charge at Little Rock, denied the girl had been held incommunicado. He said Annette and another student, Beverly Burks, 14, were questioned for about an hour Sept. 7 but their mothers knew about it.

Annette said the FBI agents had promised to call her home but had failed to do it.

Mrs. Kenneth Harper, Annette's mother, said she was angry because she had told her daughter not to go with the agents to their office. Mrs. Maxine Burks said she was "sick and tired of this whole thing" and added she wasn't very pleased about the FBI interviewing her daughter.

Casper said agents called Mrs. Harper who told them the girls were at a beauty parlor. Casper said agents waited an hour at the beauty parlor because it was "impossible to conduct the interview" there, and then took the girls to the FBI office.

Man Assessed Two \$20 Fines

Two fines of \$20 each were assessed against Fred Pate in County Court this morning when he pleaded guilty to charges of theft and giving a worthless check.

Pate at first pleaded not guilty, but changes his plea after Judge R. H. Weaver set bond at \$500 in each case. He said he would be unable to provide bond.

Pate was charged with stealing a \$15 diamond ring from T. W. Blewett and with giving a worthless check for \$5 to E. A. Glass. Pate said he told Glass the check was worthless when he signed it. He said he signed the check as security for a \$5 credit purchase of gasoline and oil.

Pate was given credit for a week he has spent in jail waiting to go before a magistrate.

Hearing Ordered

Operator prepared to take potential at the Nortex No. 1 Shafer, a wildcat well in the northeastern corner of Howard County today. It will produce from the Canyon. After treating with 500 gallons of mud cake, the well flowed 663 barrels of oil in 14 hours through a 3/4-inch choke. The well is about 20 miles northeast of Big Spring.

'Proper' Stamp Plans Okayed

WASHINGTON (AP)—Trading stamp plans are a perfectly legitimate trade practice so long as they are properly handled, the Federal Trade Commission has decided.

The five commissioners of the FTC, after nearly 18 months of study, came up with that unanimous opinion yesterday. But they said the commission will crack down on any stamp plan found to be deceiving the public or used in any way as an unfair method of competition.

There are now 300 kinds of trading stamps distributed by about 200,000 retailers. They are turned in for premiums with a retail value estimated at 600 million dollars a year.

The FTC turned its investigative eye on the plans last year after complaints by both businessmen and customers that the plans were deceptive trade practices for unfair methods of competition.

The commissioners in their opinion didn't specify which particular plans they had been investigating, but one FTC source indicated they included "most of the big ones."

The FTC said there really was not any question as to whether the trading stamp plans were in themselves illegal, according to federal law. The U.S. Supreme Court ruled as long ago as 1916 that any prohibition of the plans would have to be done by the various states.

Nor did the FTC commissioners specify what, if any, particular evils they had been looking for in the past year and a half.

But FTC sources said last spring the commission could not find a case in which a plan was found to be misleading the public about the premiums offered; using unfair methods of competition, such as giving one store in an area exclusive rights to the plan; or discriminating by selling the same stamps to different stores at different prices.

Cotton Leaders Plan Discussion Of Legislation

By TIM PARKER
JACKSON, Miss. (AP)—Cotton legislation to be sought from Congress in 1958 and 1959 will be discussed at an informal meeting of Farm Bureau leaders here Oct. 14-15.

The meeting is expected to attract Farm Bureau officials from cotton-growing states from Virginia to California as well as from the Deep South.

President Boswell Stevens of the Mississippi Farm Bureau Federation said the meeting would be entirely exploratory and no official action could be taken.

It is expected to result in some programs to be offered to the various state Farm Bureau conventions.

The Farm Bureau had hard going in the last Congress on cotton legislation.

The first measure backed by the bureau would have given cotton farmers an opportunity to choose between the present price support-acreage control program and one with lower supports but a 20 per cent boost in acreage.

The farmers would have made their choice at the same time they voted in the annual referendum on whether they wanted a cotton program at all.

After that bogged down, the Farm Bureau joined with Sen. Eastland (D-Miss.) in a similar measure not tied to the Dec. 12 referendum. This bill was one of several pieces of legislation that died when Congress got embroiled in the civil rights fight.

Cotton exports and research are expected to get top attention at the Jackson meeting.

The Farm Bureau is happy about the export program, under which 7,670,000 bales went overseas on a competitive basis from the 1956-57 crop, compared with about two million bales from the previous crop year.

The cotton industry has had difficulty persuading Congress to help finance a research program in any way comparable with the tremendous research work carried on by producers of synthetics.

Synthetics have, by research, moved toward nullifying some of cotton's natural advantages, such as absorption qualities.

Enrollment Booms For YMCA Series

Unexpected last-minute enrollment filled the classes for the Human Growth series which started Thursday evening at the YMCA with Dr. R.B.G. Cowper the lecturer.

There had been some doubt about enough enrolling for the course, said Bob Hardy, general secretary, but so many came Thursday evening that the first session was delayed 20 minutes. There were 47 registered, said Hardy. Next Thursday the lecturer will be Dr. Clyde Thomas Jr., and on Oct. 17 Dr. T. J. Williamson and Dr. Sue Boyett will be lecturers for the final session.

Scientists Find Clues To Cancer

SAN FRANCISCO — Researchers at the University of California virus laboratory say two clues—one involving the mutation of cells—might possibly lead them to the cause of cancer.
The search centers on the mutation of cells of the womb sac that surrounds the unborn infant and in tiny particles that appear spontaneously in various malignant cells.
Nobel prize winner Wendell Stanley and Dr. Robley Williams revealed the leads for the first time yesterday in a report to the California division of the American Cancer Society. The society supports their work.
Dr. Stanley said the sac tissues readily grew in test tubes, providing an ideal material in which to cultivate viruses.
As reproduction continues, he explained, parts are placed in other test tubes and they form the nuclei for further independent colonies. Somewhere in this process mutation occurs, he said.
Dr. Stanley and his colleagues found the cells, after several generations, were not identical with those of the parent tissue. They had doubled the number of their chromosomes—the genetic sections that establish hereditary traits.
More important, he continued, they found the mutated cells, when injected into laboratory animals, caused cancer. Injection of the original cells, taken directly from a mother at birth, caused no cancer.
Dr. Stanley said this phase of the search now seeks the exact moment when the cells become cancer-causing. If the point of change or mutation can be determined, he explained, then microscopic and chemical tests may show how a human or animal cell suddenly turns cancerous.

Beck Ponders Change

President Dave Beck (left), presiding at the Teamsters Union convention at Miami Beach, Fla., listens to Elmer A. Mohr, Washington, D. C., chairman of the constitution committee. Knowland-Knight Fight To Be Bitter

SACRAMENTO, Calif. — Sen. William F. Knowland and Gov. Goodwin J. Knight were committed today to a bitter fight to the finish in their contest for the Republican nomination for governor.
"The die is cast," said Knowland.
"This will be no panty waist campaign," said Knight.
The two rivals, who with Vice President Nixon represent California's Republican Big Three, quickly clashed after Knowland announced his candidacy for governor yesterday.
Atty. Gen. Edmund G. Brown, prospective Democratic candidate for governor, chimed in from Monterey that Knowland's entry "seems to give the people a fine choice between an incumbent dead duck and a foolish modern McKinley."
Brown, predicting a vicious Knowland-Knight fight for the GOP nomination, called Knowland a "modern McKinley" because, he said, the senator "has evidenced in all his acts and statements a reactionism that even the Republican party has long since passed."
Knight seized on Knowland's formal statement and news conference comment which avoided an absolute pledge to stay out of the 1960 presidential race.
The 61-year-old governor spoke of the decision by the Senate minority leader to oppose him as "a hydra-headed bid for the presidency" and called for an "honest, straight forward declaration of intent."
Knowland, 49, did not mention the presidential issue in his reply but said: "Though the incumbent may think that he has a vested right in the gubernatorial post and is the only one qualified to hold it, most Californians do not believe in the doctrine of the indispensable man."
The senator said in his declaration to candidacy for governor that he intended to fulfill the term or terms to which he might be elected. He said that if he wins the \$40,000-a-year job, "I shall enter into that great office with no commitments other than the ones I make publicly."
Asked specifically by newsmen whether he expected to seek the Republican presidential nomination, he said: "No one has a crystal ball as to 1960 or to 1964."
Sen. Knowland's carefully worded statement, said Knight, "is properly assessed by all who heard it as a thinly disguised invitation to his later 'dral' for the presidential nomination in 1960."
"The voters simply want to know whether or not Sen. Knowland is willing to abandon for the next five years any presidential ambitions which would divert him from the big job of being governor—and that he doesn't consider California a mere pebble on the road to the White House."

Brucker Denies 'Force' Charge At Little Rock

WASHINGTON — Secretary of the Army Brucker, replying to what he called "many loose and irresponsible accusations," says he knows of no unnecessary use of force by U.S. soldiers at Little Rock, Ark.
Mentioning specifically the case of a civilian struck by a soldier's rifle butt, Brucker said in a statement that under the circumstances it was the "elementary duty of this soldier to resist the assault and to retain his rifle."
The civilian, C. E. Blake of North-Little Rock, tried unsuccessfully yesterday to obtain warrants against three soldiers he said were involved. Prosecutor Frank Holt at Little Rock refused to issue the warrants and said he told Blake any complaint should be made to U.S. authorities.
Blake suffered a head wound last week on the first day U.S. paratroopers were assigned to maintain order at Little Rock's Central High School. He was one of a group near the school which refused to move as ordered.
Blake's story was that he was standing on private property, minding his own business, when a soldier "put a bayonet-to-his head. When he pushed the bayonet away, he said, another soldier knocked him to the ground with a rifle butt and a third also struck him.
Brucker said that when Blake refused to move as ordered, a soldier started "pushing Blake with the flat of his rifle," and added:
"Thereupon, Blake cursed and yelled at the soldier and attempted to disarm him by taking hold of his rifle, struggling to wrench it from the soldier's hands." In the scuffle, Brucker said, Blake was struck on the head.
Brucker took issue also with what he said was "a vague newspaper account of three or more citizens pushed down the street with bayonets at their throats."
Some slowly moving persons may have found bayonets close to them, he said, "but it is significant that no specific person has identified himself as making any claim that a bayonet was held at his throat."
Brucker said the soldiers are under orders to use force only when absolutely necessary, and that oppressive action has been strictly forbidden.

Organization was begun at a meeting Monday night at the high school. Typing classes will be held from 7 to 8 p.m. each Monday and Thursday for 10 weeks and shorthand from 8 to 10 p.m. on those days. The non credit course is being taught by Jerreta Stewart.

Ex-Refinery Head Faces Tax Count

AUSTIN — A former president of DelRoc Refineries, Inc., of Houston has been indicted by the Travis County grand jury on a charge of failing to pay \$76,846 in collected motor fuel taxes.
Houston Sheriff Buster Kern was notified yesterday by Travis County authorities to arrest former refinery president R. C. Jackson of Houston for a felony alleged to have occurred in October, 1956. Bond was set at \$5,000.
The offense carries a penalty of one to 10 years in prison on conviction. It also carries a fine of \$55 to \$10,000 or both the fine and jail sentence.
The indictment said Jackson sold 1,975,384 gallons in October, 1956. It said the tax due was \$98,789.20 and Jackson paid only \$18,198.35.
Dist. Atty. Les Procter said he believed this is the first indictment returned under a law passed in 1941.
Paddocked in Houston last Dec. 8 by sheriff's deputies, DelRoc Refineries were shut down on an order signed in 128th District Court at Austin. The order claimed the refinery owed the state about \$85,000 in back gasoline taxes.

"A one-time treasurer and board member of the refineries, Jackson had a state permit to sell motor fuel to dealers. Dealers are required to pay 5 cents tax on each gallon of gasoline they buy and, in turn, the motor fuel seller or refinery is required to turn the money over to the state. The service station dealer eventually got his nickel a gallon back from the consumer.
Jackson was bonded for \$25,000 as required by the permit.
In December, Jackson said he was surprised when his small refinery near Fairbanks and main office in Houston were padlocked.
"I knew we were a little behind in taxes," he said. "Our accountants will check the books and I am confident this will be straightened out. We'll pay what we owe and resume operations."
The refinery had only 19 employees, Jackson said. Gross sales of three million dollars were recorded in 1955, he said, explaining gasoline was sold to independent service stations in the Houston area.
On Dec. 14, 1956, the federal government filed a \$175,354 tax lien against the company, alleging \$890 was due in withholding taxes and \$174,473 due in excise taxes. On Sept. 20, a \$257,466 federal tax lien was filed against Jackson. The petition said the action was taken against the company's responsible officer since claims had not been paid by the firm.

Mrs. Thomas Reviews Book For WMS Meet

"Progress Against Prejudice" was the book reviewed by Mrs. Truett Thomas for the WMS of the First Church of God Thursday evening in the home of Mrs. J. E. Parker.

As part of the review Mrs. Thomas brought the devotional thoughts from Acts 17:24-28.

At the business session, Mrs. Parker announced that the society will be in charge of the program for the Wednesday night service, Oct. 9. The Thanksgiving project of providing for a needy family was outlined.

Mrs. E. L. Herring voiced the closing prayer.

Refreshments were served to nine members.

Mrs. Laughlin Chosen Credit Club President

At a meeting of the Credit Club, Mrs. Caribel Laughlin was elected president of the group. She will serve with Pyle Bradshaw, vice president; Mrs. Varnell Johnson, secretary, and Mrs. Letha Massie, treasurer.

Installation will be held for the new officers and directors on the evening of Oct. 17, with the place to be announced.

Incoming directors are the past president, Pauline Sullivan, Katharine Homan and Fern Wells.

The program was given by Mrs. G. G. Sawtelle, who spoke on Home Defense. She told what various agencies are doing in preparation for disasters and described the work of the various local nurses in training for emergencies. She

explained the work of workers with the Texas Electrical Company, with Cosden and at the VA Hospital.

Mrs. Sawtelle stressed the importance of homes having an emergency closet in which is kept a supply of water and food for a period of time, along with various supplies as flashlights, medical aids and other necessities for comfort.

The importance of keeping calm during a disaster was brought out by the speaker, who told of the training in First Aid given by the American Red Cross.

The capsule fund was awarded to Mrs. Roy Townsend, who attended with 17 members present.

Mrs. Conway Is Speaker At Meeting Of Lutheran Women

Mrs. D. W. Conway spoke to members of St. Paul's Lutheran Women's Parish Workers at a meeting Thursday evening. The workers met at the church. Mrs. W. F. Pachall gave the devotion.

The speaker showed some examples of her work in all painting and with ceramics and explained to the group the importance of art as a hobby.

Plans were discussed for attending the all-day meeting of the Lutheran WMS set for the Sparenberg church Wednesday. Registration will be from 9:30 to 10:30.

Hat-Making Taught To Luther HD Club

Members of the Luther Home Demonstration Club spent the day Wednesday making and redecorating hats in the home of Mrs. Frances Zant.

Mrs. Zant was the supervisor of the work and she gave a demonstration of making a hat. She was the club's representative to a hat workshop which was held at the HD office in the spring by the clubs of Howard County.

A covered dish luncheon was served at noon to eight members and a guest, Mrs. Napoleon Green.

LESLIE ZANT ... pain not quite so bad with a bright blue cast

Try A Colored Cast On That Next Broken Bone

Probably some of the pain of Leslie Zant's broken arm went unnoticed Thursday because of the pretty color of the cast that was placed on his arm.

Riding a bicycle that was a bit too big for him, the youngster, who is the son of Mr. and Mrs. Max Zant, fell and broke his right arm.

Brought to a local hospital, Leslie was given his choice of having a blue, yellow, pink or an orange cast. Since his school colors are

blue and red, he chose to have a cast of blue with red decals to add interest.

Leslie, who is seven years old, is the "middle man" in a family of five children. He is in the second grade at school.

The cast which he will wear is the result of years of difficulty that doctors and nurses have experienced in restraining young casualties long enough to treat

their wounds. Heads of surgical dressing manufacturers reasoned that the interest in selecting a color for the cast and its decorations might ease the tension of the treatment.

Another advantage of the colored cast is that youngsters tend to take better care of them, it has been reported, thus insuring a longer life for the cast.

So far as can be learned, Leslie is the first local boy to wear a colored cast, but reports from other localities show that they are quite successful in relieving such a frightening experience as having a broken bone set.

Yearlings Edge Past Lamesa Junior High

Big Spring's 9th Graders maneuvered past the Lamesa Breezes, 6-0, here Thursday night in a game that was practically all defense.

Freddy Brown broke loose on a 34-yard jaunt up the middle in the third period for the lone score of the game. The Yearlings, who now have a 2-2 won-loss record, tried to run the point and failed.

Lamesa earned two points it never got. Big Spring tried punting the ball from its own nine-yard line in the opening period and it wound up in the Yearling end zone, with a local player on top of it. A touchback was ruled, however.

The Breezes, who brought a 1-1 won-loss record here, blew a couple of good scoring chances in the opening period, when they had a strong wind to their backs.

The visitors advanced as far as the Big Spring six early in the game, but stout defensive play by the Big Spring line threw back the threat.

Early in the second, Lamesa advanced as far as Big Spring's 26 only to lose the ball on downs.

Big Spring's touchdown drive went 36 yards, after a poor punt by the Breezes. The Yearlings punted the ball from their own 30 and it hit in Big Spring territory, only to rebound into Lamesa's end of the field.

Shortly before the third quarter ended, the Yearlings appeared on the field again, advancing as far as Lamesa's 25 before a fumble cost them the ball.

Lamesa powered to Big Spring's 35 in the fourth but the Yearlings dug in and gained possession on downs. A short time later, Lamesa was on the move again after recovering a Yearling fumble on Big Spring's 39 only to lose it when Charles Madry intercepted a pass and returned almost to midfield.

Madry distinguished himself on defense for Big Spring, time and again knifing in to nail visiting backs for losses.

Tommy Whately performed ably for Big Spring at quarterback while King, Gary Walker, Brown, R. L. Lasater and others showed to advantage at lugging the mail.

Bill Copelin and Donnie Feathers were others who contributed to the stout defensive games for Big Spring.

Gary Pickle responded with some credible blocking in the Big Spring line, as did others.

Ebert and Brian McNeill were outstanding in the ball carrying department for Jack Wetzel's visiting club, along with Richard Crump.

Score by quarters:

Rugged Sweetwater Hosts Steer Gridders Tonight

played three of the toughest teams in the state—Breckenridge, Abilene and Stamford.

Coach Al Milch of Big Spring says the Steers will have no rougher ball game than the one tonight. He's had the Coyuses scouted thoroughly and is convinced they have a stronger team than does Snyder, 19-7 victor over the Longhorns last week.

Milch still thinks his own team will jell, however, and it could be tonight.

"We'll win some ball games yet, you wait and see," is the way he puts it.

Changes have had to be made in the Steer secondary, due to the fact that tailback Buddy Barnes was injured last week against Snyder. J. B. Davis, a sophomore, is in his (Buddy's) place. Davis hasn't a thorough knowledge of Big Spring's plays but he's learning fast.

Buhl To Face Turley In Series' 3rd Game

MILWAUKEE (AP) — Back home with a split in the two games played at Yankee Stadium, the suddenly stimulated Milwaukee Braves, from Manager Fred Haney down, were confident today they would beat the New York Yankees in the World Series.

The odds-makers still made the American League champions a 6-5 favorite.

Elated by his team's fine all-around performance yesterday that backed up Lew Burdette's brilliant pitching with a 4-2 triumph, Haney plans to throw Bob Buhl, the last of his Big Three, at the Yankees tomorrow in the first of three consecutive games at County Stadium.

The 18-game winner will be opposed by Bob Turley, New York's hardest throwing pitcher.

Yesterday's game before 65,202 fans was a battle all the way until Hank Bauer rapped into a game-ending force play to leave the tying runs on the basepaths.

LOOKING 'EM OVER

With Tommy Hart

All reports to the contrary, Big Spring didn't sell out its allotment of tickets to the Steer-Snyder football game last week.

Of the 1,106 adult duceats sent here, 362 were returned to Snyder. Those were gobbled up by Snyder patrons, however, because a full house was on hand to see the game.

Don Usry, the Cleburne end who quit Texas A&M to take a West Point appointment, is starting games for the Cadets.

The punter for the Missouri University football team this fall is given a constant reminder of his responsibilities by the fullback.

The instant before the ball is snapped by the center in a punting formation, the fullback turns and says:

"Remember, you have to catch the ball before you kick it."

George Dunn, who is promoting wrestling matches here again, says Billy Weidner (a former grappler, now a deputy sheriff in Amarillo) must be the world's greatest athlete — for his age.

Weidner still does his 1,500 push-ups a day.

Al Berl, the referee who voted for Sugar Ray Robinson in that bout with Carmen Basilio, was paid only \$300 for his "third man" chore. Perhaps that was why he was looking at it with a jaundiced eye.

In SMU's football game against Georgia Tech last week (played in the mud and the rain), the Mustangs punted on first down on three different occasions.

When the University of Houston uses the Rice football stadium, it must pay 15 per cent of the gross take to the Southwest Conference school.

Babe Ruth's home run record may fall as early as next year, if the Brooklyn Dodgers move to Los Angeles.

Duke Snider, the Burns' callee of Clout, will be playing his home games in Wristley Field, where the farthest fence is only 345 feet from home plate.

Manager of the Main Chance Farm racing stables earns \$100,000 a year, plus ten per cent of each race his horses win.

The Class AA Mexican League is regarded as an organization with an inferior product to the baseball seen in the Texas League but it outdrew both the Texas League and the Southern Association the past season.

Its total gate lure amounted to 1,301,494.

Three Southern Association cities each attracted less than 100,000 paying customers this year. One of them, New Orleans, is already out of business because its park is being dismantled.

Ossie Alvarez, one-time Big Spring infielder, recently was named to the National Baseball Writers' Association all-star baseball team for Class B, C and D leagues — quite an honor, Alvarez wound up hitting .362 for Lamesa of the Southwestern League.

Alvarez' parent team, the Washington Senators, won't give Ossie a tumble, however.

6,500 Turn Out To Greet Braves Upon Return Home

MILWAUKEE (AP) — The red carpet was rolled out and thousands of cheering fans turned out last night as the Milwaukee Braves returned home from New York to prepare for the first World Series game ever played here.

The Braves returned to the faithful a few hours after defeating the Yankees 4-2 to square the Series at one game each. The third will be played tomorrow at Milwaukee County Stadium.

It was a cool night and a stiff cold wind whipped across Billy Mitchell Airport as the Braves' chartered airliner landed. But the cheers of 6,500 happy fans warmed things up quickly as the plane set down.

One of the first to alight was Manager Fred Haney, who blinked in the glare of spotlights that lighted the ramp, waved to the crowd and declared:

"Things went very much better today. We know now the Yankees can be had. We hope to wrap it up here."

As the players and their wives came down the ramp, each received a great cheer from the throng that packed the promenade deck running the length of the terminal building.

Matches Assured Of Big Profit

LINDRICK, England (AP) — Star American and British professional golfers open their battles for the Ryder Cup today—and the sponsors are sure of a profit before even a stroke is made.

The Fairy Godfather of British professional golf—wealthy Northern industrialist Sir Stuart Goodwin—swept away all money headaches for the British PGA with a gift of \$25,000.

He told them: "Here's the money. You can keep all the profits."

The Ryder Cup match opened today with Scotch foursomes. Four pairs of Americans met four pairs from the British Isles with the eight singles to be played on Saturday.

Dogies, Lamesa Vie Saturday

Two Big Spring football teams, the 8th and 7th Graders, will play each other at 6 p.m. here Saturday.

Originally, the two 11's were to have played in Snyder but a mix-up in the schedule caused those games to be canceled.

A third local club, the Steer B squad, hosts the Lamesa reserves in a return contest at the old stadium, starting at 7:30 p.m.

The 8th Graders won their only start, a 27-6 verdict over Andrews two weeks ago. The 7th Graders are undefeated in two games, having topped Andrews, 20-7, and Odessa Ector, 6-0, in that order.

Big Spring's B team bounced in Lamesa in its opening game, 25-0; lost to Andrews, 20-7; and then rebounded at the expense of Snyder last week, 13-0.

The Bees are weaker than they have been, however, due to the fact that eight members of the club checked in their suits this week, following a disagreement in policy with the coaching staff.

Baylor, Aggies Challenge Intersectional Toughies

By HAROLD V. RATLIFF
The Associated Press

Four games that could put the Southwest Conference out of reach intersectionally and the traditional championship opener — Arkansas vs. Texas Christian—make this the most important weekend of the football season thus far.

The massive Horned Frogs face lean and clever Arkansas at Little Rock Saturday night to get the conference show on the road. Arkansas is favored but fearful.

Texas A&M appears in the only daylight game, meeting what appears to be a better than usual Missouri team at Columbia.

Saturday night Rice tries the probable Rose Bowl-bound Stanford Indians at Houston with a crowd of 60,000 expected.

At the same time Baylor will be after its third straight victory, at Miami, while Texas also will be seeking No. 3 in a joust with South Carolina at Austin.

If the league can win those four, it will have an intersectional record of 13 victories and two ties in 15 games and will be certain of finishing well ahead for the season.

The other conference member—Southern Methodist—is laying out this week. But the Methodists will be highly interested in what Texas A&M does with Missouri. SMU plays the Tigers at Dallas Nov. 1.

With a season record of eight selections, two losses and two ties, we have a confident note in giving you the winners this week.

Texas A&M-Missouri — The Aggies have good boys they haven't played yet and should trim Missouri by a couple of touchdowns.

Texas-South Carolina—The Longhorns are too many for South Carolina.

Rice-Stanford—A wild offensive duel with Rice coming out by the margin of an Owl feather.

Baylor-Miami—A pleasant trip for the Bears; the journey back home will be even more so.

Arkansas-Texas Christian—Won't be surprised if TCU wins but the duke goes to Arkansas.

Frogs Underdogs In Porker Game

FORT WORTH (SC)—Having never tasted defeat in War Memorial Stadium, the TCU Horned Frogs will invade Little Rock as a touchdown underdog as Arkansas plays host in the opening game of the Southwest Conference' title chase Saturday night.

TCU and Arkansas have met twice in this stadium, with the Frogs winning 13-0 in 1943 and 17-7 during their title-drive in 1951.

The overall series stands in TCU's favor—19 victories, 12 losses and two ties.

Coach Abe Martin's crew has won the last two meetings, dropping the Porkers at Fayetteville, 26-0, in 1955 and last year muscled a 41-6 triumph before a nation-wide TV audience at Fort Worth.

Both clubs will enter Saturday's contest unbeaten in two starts. TCU has a 13-13 tie with Kansas and a 18-14 upset over Ohio State while Coach J.R. Mitchell's eleven topped Oklahoma State, 14-0, and swamped Tulsa, 41-14.

Sonora To Host Coahoma Tonight

COAHOMA (SC) — Coahoma returns to football action after a week's layoff tonight, meeting a rugged Sonora team in Sonora.

The Bulldogs will carry a 2-1 won-loss record onto the field. They have flattened Hermeleigh and Lorraine while losing to Ozona.

Big Don White is due to ramble for the Bulldogs again tonight. He was held out of the Lorraine game due to injuries.

Sit down before a delicious steak. Take a bite... good, isn't it? Take another bite... still good. Why? But... from this point on, you taste nothing more. You might as well be eating flour and water. Sad, but true. Your sense of taste, smothered by the sweetness of flavor, in effect goes into hibernation till the end of the meal. Now try the same dish with the accompaniment of a fine table wine when the flavor begins to wain. Good in itself, the wine wakes up your taste, relaxes you for better digestion, and lets you enjoy your meal all through the meal. Magazine Honors Carmen Basilio

NEW YORK (AP)—Welterweight champion Carmen Basilio's victory over middleweight ruler Sugar Ray Robinson not only gained Basilio the 160-pound crown but earned him the "Fighter of the Month" award in the Ring Magazine monthly ratings released today.

Basilio's welterweight title was declared vacant under the rule that one fighter can't hold two titles.

Among the heavyweights, Willie Pastrano of New Orleans moved up from fourth to third, trading places with Tommy "Hurricane" Jackson. Roy Harris of Cut and Shoot, Tex., is fifth.

League Conclave Is Moved Back

DALLAS (AP)—Texas League president Dick Butler said last night that the fall meeting of the league had been postponed from next Monday to Oct. 14.

He said it was put off because rain at Atlanta washed out the fourth game of the Dixie Series. Houston, the Texas League representative in the series, will have to remain in Atlanta at least until Monday.

Fielding Hero A Defensive Bum In Spring, He Recalls

By WILL GRIMSLEY
NEW YORK (AP)—Milwaukee's Wes Covington just about the miseries which beset him in the spring.

"They said I couldn't catch a ball in a wicker basket," he said. "I worked hard on my fielding. Then they said I'd learned to field but forgotten how to hit."

There is more truth than levity in Covington's little joke. His hitting became so atrocious that he was farmed out to Wichita of the American Assn. for a month. He almost was traded to the Giants in the 3-for-1 deal for Red Schoendienst.

Today the Braves are happy they were prevented from such a hasty error by the intervention of Milwaukee scout Ted McGrew. The six-foot, 205-pound Negro athlete from Durham, N.C., is the Braves' leading hitter in the series—4 hits in 8 at bats for 500—and it was his spectacular fielding which was credited with helping Milwaukee knot the series with the New York Yankees yesterday 4-2.

In the second inning the Yan-

games, the teams comprising the first 10 in this week's Associated Press poll have rolled up a total of 460 points while holding their opponents to 72.

By contrast their opponents have won only 5, lost 10 and tied 3. In the 18 games, they scored 189 points while yielding 256.

Not one from top-ranked Oklahoma on down to 10th-rated Michigan has been really tested. It will be an upset if any are beaten tomorrow.

Potent Oklahoma, idle last week after blanking Pitt 26-0, goes after its 42nd successive victory, against Iowa State (1-0-1). Oklahoma has not been beaten by a Big Eight conference team since

Palmer Champion In Sooner Open

OKLAHOMA CITY (AP)—Tulsa pro Johnny Palmer added the Oklahoma Open golf title to his collection yesterday as former national amateur champ Charley Coe and pro Bo Winger, both of Oklahoma City, faded on the final round.

Palmer shot a 73 yesterday to finish the 54-hole tournament at Twin Hills course with a 7-under-par 209. Second place went to Ernie Vossler of Fort Worth, who fired a 69 for a 210. Coe, who skipped to a 78. Winger, who also plays out of Odessa, Tex., carded a 75. They tied for third place with John Langford of Enid, Okla., and Don January of Dallas and Chris Gers of Davis at 214.

Rugged Little Breck Makes Bid For Return To Glory

By The Associated Press
The clash of Abilene, riding a 40-game winning streak, with tough little Breckenridge, making a bid for a return to the top, headlines the Texas schoolboy football schedule Friday night. The Eagles, three times Class AAAA champions, will meet unbeaten but once-tied Breckenridge, a high rater in Class AAA, at Breckenridge. This may be the big chance of Abilene being stopped in its surge toward a new winning record. The all-time mark is 43 straight.

Eighty-nine teams put undefeated, untied records on the line in the four divisions of schoolboy football that play through to state championships. Among those likely to fall are Handley in Class AAA and Georgetown in Class AA. Handley plays Cleburne and Georgetown meets Hearne, with Cleburne and Hearne unbeaten but once tied.

Inter-class rivalry also could put some more undefeated, untied teams on the sidelines, such as Denver City of Class AA trying Class A Sundown, Cuero of Class AAA playing Gonzales of AA, Hamilton of AA meeting A Clifton and London of Class AA engaging Class A Gaston.

And in Class A Kountze meets Warren and Pyle struggles against Wilmer-Hutchins in battles of the undefeated, untied. Waco Connally maintained its spotless record Thursday night as the Class A team whipped Waco B 13-4.

Burbank of San Antonio, undefeated but tied, stayed in the ranks with a 35-0 victory over San Antonio Central Catholic.

Did Slaughter Pull Boo-Boo?

By TED SMITS
NEW YORK (AP)—The Milwaukee Braves are back in business in the World Series, all even with the New York Yankees, but might things have been different if the veteran Enos Slaughter had thrown to the plate instead of to third in the big fourth inning?

The score stood 2-2 and conceivably the Yankees might have avoided further damage instead of bowing as they did, 4-2.

Texas Tech Tries Powerful Tigers

LUBBOCK (AP)—Texas Tech, which hasn't yet scored a point, tries another powerhouse here Saturday night when the Red Raiders meet Louisiana State.

Again it doesn't seem likely that Texas Tech can win. LSU, which bounced back from an opening 20-14 defeat by Rice

big man and not the fastest base runner in the business, lumbered for home.

Enos Slaughter fielded the ball and threw to Tony Kubek at third in an effort to catch Pafko. "It looked like Slaughter was gonna throw home instead of to third," said Manager Casey Stengel afterward. "It looked like a better chance at home."

Instead, Slaughter's peg got by Kubek, who was charged with the error, and Pafko followed Adcock across the plate. That was the ball game.

If Adcock had been tagged out at the plate, the game might have taken on a different complexion. Slaughter himself, one of the game's most powerful players and a never-say-die guy despite his 41 years, shrugged off any second guessing.

The second game of the series, unlike the first, was packed with drama. Bobby Shantz, the starting Yankee pitcher, got it off to a sparkling start by striking out the first three men to face him—Red Schoendienst' Johnny Logan and Ed Mathews.

Then in the second inning Hank Aaron hit a mighty blast to center field. Mickey Mantle stood still for a few seconds, then raced back, but not in time.

Aaron raced to third with a triple. Then Joe Adcock hit a single to center that Mantle juggled. Aaron scored with the first run for the Braves and Adcock got to second on the error. Kubek's leaping catch of Wes Covington's drive helped Shantz out of further trouble.

The Yankees came right back in the bottom of the second. With one out, Slaughter walked and went to third on Kubek's single. Jerry Coleman topped a roller down the third base line that probably would have gone foul if Lew Burdette had not scooped it up. As it was Slaughter scored and Coleman got a single as Burdette held the ball.

Johnny Logan hit the first home run of the series in the top of the third. Again the Yankees came back, this time when Hank Bauer homered.

That was all the scoring, plus of course, the Braves' fourth inning. The rest of the time it was a story of Lew Burdette and his marvelous sinker—a pitch that had all the Yankees chattering after the game.

Tito Ex-Pal On Trial For Expose

BELGRADE, Yugoslavia (AP)—Milovan Djilas, once President Tito's close associate, went on trial for the third time today for criticizing communism. He defiantly stood by every word. Djilas' offense this time was writing a book, published in the United States, which said that communism as well as capitalism created an elite class. "I stick to my book from its first to its last word," Tito's former vice president, wartime comrade and biographer told the District Court at Sremska Mitrovica, a town 50 miles north of Belgrade. The defendant was sunburned, well dressed and looked healthy. Western and Communist newsmen were ordered out of the court after the reading of the indictment although Djilas said he would answer no questions if the newsmen were ejected. Djilas is serving a three-year sentence at Sremska Mitrovica prison for other writings critical of present communism. He was convicted last Dec. 12. Djilas' latest charge against communism as it has worked out was made in his book "The New Class," published this year in New York by Frederick A. Praeger. The manuscript was smuggled from the Sremska Mitrovica prison.

Flu Hits 17,000 In Houston, Continues Race Over State

By The Associated Press
An estimated 17,000 high school students were ill with the flu in Houston Friday as the illness continued to race across Texas, closing schools and canceling weekend football games. Dr. Austin E. Hill, health director at Houston, said the total was about a thousand more than were reported ill a week ago. The University of Texas Health Center reported its infirmary has been filled for a week, with hundreds of students coming in daily with new cases of flu or respiratory infection cases. Officials told ailing students to stay from classes.

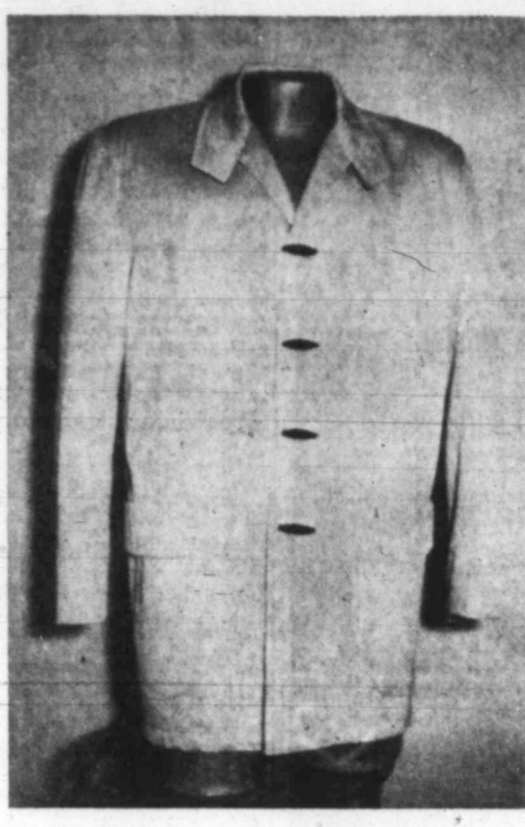

Chaparral Shows Traffic Sense

DALLAS (AP)—Glenn Addington of Dallas told yesterday about a country bird that came to town and displayed good sense in city traffic. Addington was driving on the Central Expressway near Southern Methodist University in North Dallas when he spotted a long-legged road runner, also known as a chaparral bird, sprinting down the busy roadway. Texas motorists have known the birds to trot for miles down a highway, but Addington said this one was pretty smart. He turned off at the first side street.

recent outbreak in the state have been diagnosed as the common type flu. However, some cases were identified as Asian flu. The infirmary at Baylor University also was reported full. Forty students were reported in Waco hospitals and others ill in dormitories. The McClellan County Health Unit said it had reports of 773 cases in the county. It said such reports usually run about 10 per cent of those actually ill. White schools in Atlanta, Tex., were dismissed Thursday until Monday because of flu. Atlanta's football game with Pittsburg Friday night was canceled after 29 of the 31 players on the Atlanta squad became ill. Absences in San Antonio schools were reported about 10 per cent compared to a normal 4 per cent. Other high school football games canceled this week include Fort Worth Carter Riverside-Amarillo Palo Duro, Raymondville-Mission, Marlin-Cameron, Waco Catholic High-Houston St. Pius and Rockdale-Taylor.

Texans Enjoying Mild Weather

By The Associated Press
Texans continued to enjoy mostly clear and mild fall weather Friday. Forecasters said a cold front headed southward out of the Rocky Mountains should bring lower temperatures by Saturday in West Texas and North Central Texas. Scattered thunderstorms also were predicted in those sections. Ground fog around Lufkin and in the Alice and San Antonio areas early Friday was the nearest approach to moisture reported anywhere in the state. The skies were generally clear elsewhere. Top temperatures Thursday varied from 95 at Presidio to 82 at Galveston and El Paso. The readings early Friday ranged from 57 at Dalhart to 71 at Galveston.

State Shows Mobile Radio

AUSTIN (AP)—The Department of Public Safety showed today a new and powerful mobile communications center capable of reaching its Austin headquarters from anywhere in Texas.

"It's especially designed to make us more effective in case of natural or man-made disasters," said William Duncan, who is in charge of the mobile unit.

Five antennas—one reaching 50 feet in the sky—will give the mobile unit reach to its home base.

The department's communication center is the main channel through which the State Civil Defense and Disaster Office relays its messages for assistance or needed information.

The same 1948 model bus used by the department since 1949 as its mobile communications center has a new look. Repainted, refurnished with more powerful equipment, it also carries four whip antennas and holds the 60-pound aluminum tower for its main broadcasting stem.

ICT Probers To Consider Legislation

AUSTIN (AP)—The House Investigation Committee turned today to possible legislation designed to forestall any more sensational insurance company failures in Texas.

Otto Mullinax, Dallas labor attorney, was the first scheduled witness. Then the committee planned to hear from David Irons, member of the State Insurance Board; State Banking Commissioner J. M. Falkner and Austin attorney R. Dean Moorhead.

Committee members indicated in questioning three witnesses yesterday that they particularly wanted suggestions on how Texas insurance laws could be improved.

Rep. Reagan Huffman, chairman, brought out that one cure might be a provision that insurance company officials could serve as officials of only one company at a time.

Four Dallas men told the committee yesterday that all the legal and banking assistance they gave BenJack Cage, promoter of the now-defunct ICT Insurance Co., was on the up and up.

Cage goes on trial Oct. 21 in Dallas on two indictments charging embezzlement of \$600,000 from ICT stockholders.

The Travis County grand jury, which has made a lengthy ICT investigation also, will return its final group of indictments at 12:15 p.m. Saturday. Dist. Atty. Les Procter refused to say if any of them would deal with the ICT probe.

T. E. Jordan Co., One Of City's Oldest Firms, Sold

A name ranking near the top among those with longest tenure of continuous business in Big Spring is passing from the local scene. This is the T. E. Jordan Co. which has been in the printing and publishing business here for almost 53 years.

Announcement is being made of the sale of the Jordan Co. to the Big Spring Printing Co., a new corporation which took over operation of the Jordan commercial printing shop and publishing of the Big Spring Weekly News, as of Oct. 1.

Stockholders in the Big Spring Printing Co. are R. W. Whipkey, publisher of the Big Spring Herald, and Mrs. Whipkey; and Harold I. Canning, business manager of the Herald. To be associated with them as active manager of the printing plant will be Doug Clemens, a former Texan now in East St. Louis, Ill., and who is moving to Big Spring within the next few weeks to make his home.

The late Tom Jordan established the original Big Spring Herald in 1904, the first issue of the paper being on Oct. 6 of that year. He was publisher of The Herald until its sale to its present owners in 1928, and from that time on the Jordan Company has been engaged in commercial printing here.

In 1929, the Big Spring Weekly News was established by the late Will Hayden, and this publication was sold by the Hayden family to the Jordan interests two years ago. Sale of the printing plant and the weekly newspaper was effected

by the children of Mr. Jordan, who have operated the company as a partnership: Mrs. Myron Wilcox, Mrs. Sallie Wasson, Mrs. Dorothy Gentry, Mrs. Louise Jackson, Lillian Jordan, Tommy Jordan and Harry Jordan.

The last-named three have actively operated the Jordan Co. They will remain in their present capacities for a few weeks, assisting the new purchasers in making the transition.

Clemens, 29, is due here within two weeks to assume full management of the company. A native of Dallas, he attended Texas A&M College for a year, then went into military service. Later he went to work for the Clemens Printing Co. in San Antonio, learning all phases of the commercial printing business. After seven years there, he joined a commercial printing establishment in East St. Louis two years ago. He and Mrs. Clemens have four children, and will establish a home here.

Whipkey, president of the printing corporation, has been in Big Spring since 1935, associated all of that time with The Herald. He comes from a family which operated a printing and weekly newspaper establishment in Colorado City for more than 40 years. Canning, who is to serve as secretary-treasurer, has resided in Big Spring since 1937. Before military service, he was associated for a number of years with the State National Bank and has been with The Herald for 10 years.

World Series Is Welcome Relief In Business Circles

By SAM DAWSON
NEW YORK (AP) — The World Series this time is an even more welcome relief from business worries than usual.

But by the time the new world champions are crowned, the business year will be well into its final testing period. Question marks loom larger every day up all the way from falling prices of steel and other metal scrap to what effects the attempt to put off defense hardware payments will have on industrial activity.

Also up for decision are how much Americans are going to put out in cash for Christmas spend-

ing and whether federal spending will doom hopes for tax cuts.

Weakness in farm prices worries industries and merchants catering to farm families.

The oil industry is knee deep in problems, running from the import squabble to unexpected slackening in demand.

Weakness in industrial raw materials is being watched closely. Steel and copper scrap prices have been falling. This is partly due to the failure of demand for steel and copper to pick up as hoped after the summer slackness. In the case of steel it is also partly due to the mills using more pig iron and less scrap in their mix.

Steel mills are still waiting for a rush of orders from their big customers in the auto industry. Another big steel user, the construction industry, is showing signs now of having reached a peak.

Weakness in the price of industrial raw materials used to precede declines in prices of finished goods. As of now these wholesale and retail prices still tend to rise. In the testing period ahead industry will find out if these higher prices can be made to stick.

The stock market has been reflecting all of these doubts and also the squeeze on profits. Some brokers hold that the shakeout in the market has provided some bargains that should tempt investors.

But, if the World Series brings its usual lull in stock market activity, many jangled nerves will be thankful.

Ike's Little Rock Action Is Backed By Most Citizens

By DR. GEORGE GALLUP
Director, American Institute of Public Opinion

PRINCETON, N. J., Oct. 4 — President Eisenhower has the support of a majority of the American people for his action in sending troops into Little Rock.

In the first scientific "pulse-taking" at the grass roots level since Eisenhower's historic action sent 1,000 men of the 101st Airborne Division into the Arkansas capital, the American Institute of Public Opinion finds that about three out of four people in the northern states feel the President made the right move in dispatching troops to Little Rock.

Although a majority of the people in the 13 southern states who expressed an opinion believe the President's decision was wrong, it is interesting to note that a sizable number of southerners endorse Eisenhower's action in sending the troops.

On one point, people in all sections of the country, including the South, see eye-to-eye. They do not feel that the President should have sent troops to Little Rock any sooner than he did.

Experienced opinion reporters from the Institute's field staff put two questions to a carefully selected cross-section of adults from coast to coast. The sample includes the correct proportion of persons from each major population group.

"Do you think President Eisenhower did the right thing or the wrong thing in calling out the troops to guard the high school in Little Rock?"

Here are the results nationwide:

comment—both in the North and the South—was that the events of the last fortnight in Little Rock were "terrible," "awful," and "something that shouldn't have happened."

In the South, this reaction is often accompanied with an "I told you so" attitude. Many people there feel that such trouble was inevitable when the races were mixed in the schools.

The comment of a 32-year-old wife of a rural mail carrier in Nickelsville, Va., is typical: "I think it's a disgrace. Why do those colored children want to go to an all-white school now—they never have before. Each school should be allowed to protect itself."

Many people in the North sympathize with the southerners. At the same time, there is the feeling that everyone "should be treated equally" and that integration of the public schools must proceed as ordered by the courts.

A 54-year-old hospital attendant from Poughkeepsie, N. Y., felt that the Little Rock situation was "a shameful thing." He went on to say: "The facilities for Negroes' schooling in the South are poor. They should be allowed the same advantages as the whites. Eisenhower had little choice in doing what he did with so much violence going on."

In both the North and South, people who agree with Eisenhower's action believe that he had no other choice in the matter, that the court's order had to be obeyed, and that it was the only way to prevent violence.

Those who feel Eisenhower made the wrong move think the local and state authorities in Arkansas could have handled the situation better and that the President's action was a violation of states' right.

Not The Same Man

Recently The Herald carried an item about a David Childress being convicted on a felony count at Edinburg. David W. Childress of 205 Johnson recently moved to make his home in Big Spring, and the similarity of names had prompted inquiries, he said. He, of course, is not the same person as the one named in the story and The Herald is happy to make this distinction for him.

IN HARMONY

The house lights dimmed, the director raised his baton, and the music of Brahms flooded the auditorium. Suddenly I was lifted into a world of sheer beauty and harmony. When the last notes of the symphony died away spontaneous applause greeted the director and the musicians.

What a thrill it would be to play in a great orchestra, I thought. Each instrument must be perfectly in tune, but until they play together there can never be the harmony or the volume of a symphony.

That's the way it is with life. We may strive to find joy and beauty alone. But only when we tune our lives with our Creator do we discover the abundant life.

Then united with fellow Christians in the Church, with Jesus Christ the Leader, we discover beauty and harmony, not only in this life but for all eternity.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

BUILDING FOR THE FUTURE ---

Your newspaperboy is one of more than 500,000 young businessmen in the nation who are shining examples of "American Youth" WHO ARE BUILDING FOR THE FUTURE.

During the impressionable years of youth these young men learn to be courteous, thrifty, reliable, punctual and self reliant.

Today's leaders in business, industry and the professions proudly attribute their success to the basic business experience, character training, personality development and self confidence gained as a newspaperboy.

Tomorrow Is National Newspaperboy Day

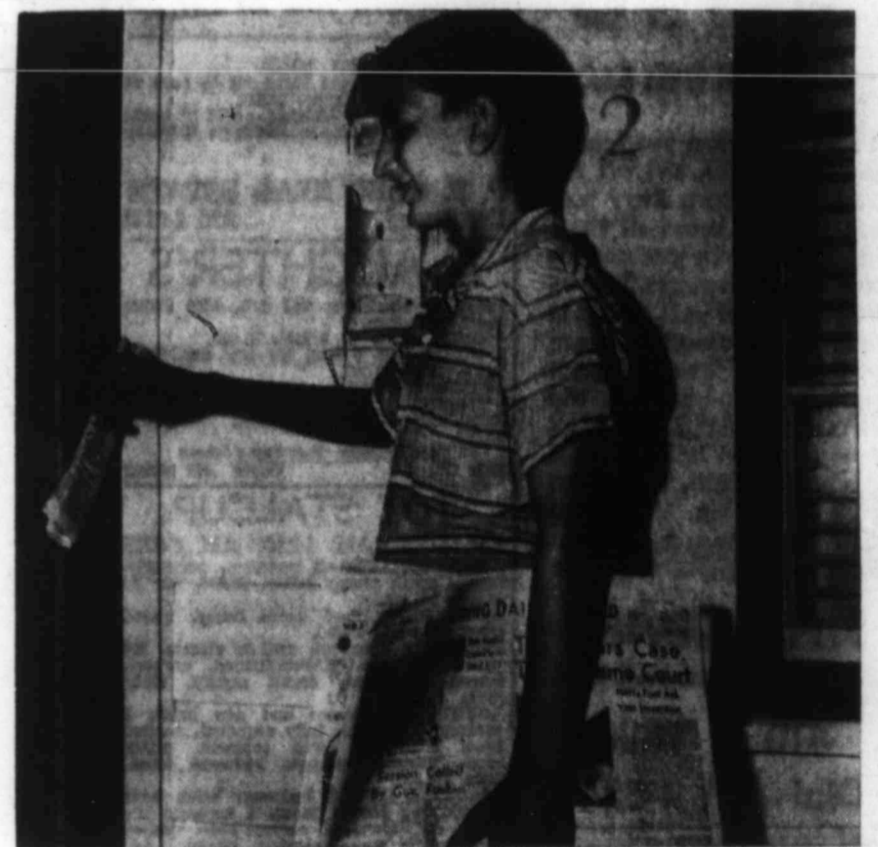

Take time to salute the young man who will be a more responsible citizen in your community as a result of newspaperboy training.

We salute our own 58 carriers who buy, sell and deliver more than 6,400 copies of The Herald in Big Spring daily.

Counterfeit Bills Still Turning Up

HOUSTON (AP)—Two more U.S. \$20 bills counterfeited in France have turned up in Galveston, Secret Service agents said yesterday.

They reported these bills and seven others passed previously, all at the Galveston post office, came from a printing plant seized in Paris last December.

Lane Bertram, agent in charge, advanced a theory that seamen unsuspectingly spent the bogus currency. He said one of the earlier notes was passed by a sailor from Calcutta.

Since the bills first started appearing in 1946, Bertram said, they have been found all over the world. He said the plant seized in Paris had enough paper in stock to print bills with a total face value of \$4,500,000.

Government Finance

This chart, showing estimated division of each dollar of income and expense, was released in Washington in connection with mid-year review of U.S. government's fiscal 1958 budget, covering the year that started July 1. The Bureau of the Budget estimates total income at 73 1/2 billion dollars, while federal spending is expected to be 72 billions.

Air Force Colonel Faces Dismissal

SAN ANTONIO (AP)—Subject to review by a Pentagon board, Col. James A. Smyrl faces dismissal from the Air Force.

Removal of the ousted chief of training at Lackland Air Force Base here from the service was recommended yesterday by three generals. Their decision was given after a nine-day hearing.

The hearing board, headed by Maj. Gen. Eugene P. Mussett, found that Smyrl had failed to demonstrate acceptable qualities of leadership required of a colonel and that he was temperamentally unsuitable.

After hearing the verdict, Smyrl saluted and took a seat. He had testified he wanted to remain in the Air Force "more than anything else."

Maj. Gen. Herbert Grills, Lackland commandant, fired Smyrl as training commander March 22. Grills said the colonel had disregarded an order to allow recruits three hours of open post time weekly.

Smyrl testified he had been ordered to make enough basic trainees available to provide \$300 a day in patronage for a civilian-operated skating rink concession

at the base. He said he was relieved as training commander after telling Grills he knew of no way to carry out the directive.

The board held that Smyrl had not failed in proper discharge of assignments commensurate with his rank, as was stated in subsequent orders for him to show why he should not be dismissed from service.

Smyrl is on non-duty status pending review of the case by a higher board of active generals and the secretary of the Air Force, to whom this board will make final recommendations. In event he is removed from the Air Force, the colonel would draw more than \$7,000 separation pay along with a dishonorable discharge.

Propwash Blamed For Air Accident

DALLAS (AP)—Abilene oilman Marvin L. Grimes, 36, blamed propwash from two big commercial airliners for the crackup of his small private plane as he was taking off from Love Field late yesterday.

Grimes and two of his three passengers were injured.

He said one wing of his craft was tossed downward after it had climbed about 30 feet off a runway, dashing it back to earth.

Grimes' right leg was broken and he suffered a deep chin cut. His wife, Mrs. Mary Grimes, 32, suffered face cuts and bruises, and her sister, Mrs. Rosalie Bergman, 35, of Tallahassee, Fla., a broken right elbow.

Mrs. Bergman's one-year-old daughter Nancy was not injured. The Abilene couple had flown here to meet Mrs. Bergman and her daughter, who came from Tallahassee aboard a commercial airliner. They were taking off for Abilene.

Jap Witnesses Confirm Girard Gave Warning

MAEBASHI, Japan (AP)—Two more Japanese farmers testified today that GI William S. Girard fired at other Japanese collecting scrap brass Jan. 30 on a firing range before a blank shell from his grenade launcher killed Mrs. Naka Yaki.

The testimony of Gumpel Sakai, 25, a distant relative of the victim, and Hatsuo Mihara, 24, coincided generally with that of four previous witnesses who also were Japanese scavenging for scrap brass on the firing range in a lull during an Army practice.

Girard, a 22-year-old third class specialist from Ottawa, Ill., has admitted his shot killed Mrs. Sakai but contends it was an accident. He is charged with manslaughter and is being tried in a Japanese court despite protests from some congressmen and newspapers in the United States.

Girard's defense is that he was assigned to guard equipment during the firing practice recess and fired at random. The prosecution maintains that Girard was trigger happy, enticed Mrs. Sakai near him by throwing out shell casings, and then shot her.

Despite their identification of Girard, Mihara, Sakai and several other brass scavengers who were on the firing range admitted under questioning by defense attorney Isuro Hayashi that they could not remember clearly what happened and that they knew it was dangerous to trespass on the firing range.

Most of them testified that the soldier who did the shooting shouted "Get out!" or "Get out here!" in Japanese, rather than calling them closer.

13 Survive When Plane Is Ditched

TOKYO (AP)—A U. S. Air Force C47 with 13 persons aboard, including author James A. Michener, ditched in the ocean three miles north of Iwo Jima today. The Air Force said all aboard were rescued unharmed.

Air Force headquarters in Tokyo said the aircraft went down shortly after taking off for Japan. The cause of the ditching was not known but an investigation was opened. No other details were immediately available.

Michener is the author of a number of best sellers, including Tales of the South Pacific, Return to Paradise, Voice of Asia, Sayonara, and Bridges of Toko Ri. The Far East is his special field.
