NUMBER 11.

Castro County Wheat Tests High for Planting

SHOOTIN' STRAIGHT

By DE WITT LAMB

ARE YOU

Be alive on the 5th-you might want to vote an absentee ballot.

The American public might as well get ready for a sales tax; it's coming.

Forty-six thousand home demonstration club women in Texas are taking first aid and home nursing courses. It's a war-time service.

Last year we celebrated our independence on July 4. This year this pure seed can contact May, we are defending it, grimly. But this doesn't make the custom of observing our greatest holiday any less enjoyable—as a privilege, It only makes the thought more dear. Big Square Folks Whether one believes it or not; whether one hates it or not, this Join Hands in Big freedom of ours definitely is in jeopardy, at least for a time.

is going to have the most gigantic just completed a contest based on the grain out of the straw. now are producing weapons of de- side, and Art Haberer on the other. struction in incredible quantity, The team captained by Mr. probability we will be the only Board, which did the judging. large nation left on earth whose Scott's team collected 12,150 industries will not have been pounds of scrap iron, 1,100 pounds smashed by the war.

and all the counties in the United 12,578 pounds of scrap iron, 494 States had attacked the scrap rub- of waste paper, and bought \$320.25 ber salvage with the same vigor worth of bonds and stamps. as that displayed by Dimmitt and This is the only farm community Castro County there probably in Castro County that has conwould be no need later this summer ducted such a complete contest, of imposing the rationing of gaso- and it is the opinion of M. On 'most any colored hide-Tho' it's nothing they take pride in ber of the family. Still most fellers I have knowed,

If they ever done much ridin', Has, at different times, got throwed."

Castro County fields are yielding some mighty good wheat.

The quality of our wheat has just been tested and proven by qualified authorities.

F. T. Dines of the Texas Wheat Improvement Association, and E. A. Miller, Agronimist, of the A. & M. College Extension Service, who came here last week and made a tour of the county, visited 174 fields and took samples, inspected the grain, and conferred with our county farm agent, M. U. May. Dines said Castro County has

many pure varieties of wheat. The party found, in the brief survey, two per cent Early Blackhull, 10 per cent Chiefkan, and 88 per cent Turkey, Tenmarq, and Standard Blackhull, which are accepted varieties, with good milling Dines said Castro County will

have to watch its wheat rye mixtures, for in the future, if it should get worse, it might cause Miller were high in their praises, place in the store. however, of the purity of the good wheat grown in the county, and recommended that every farmer get as good seed as possible for planting purposes next year.

Agent May said a good many Castro County farmers are harvesting wheat that has come from certified seed planted last fall, and a large amount of this seed of approved varieties will be available for sale this fall. Anyone desiring the names of farmers having he said, and he will be glad to give the names of the producers.

Turn or stir to brown other side.

TWENTY-THREE STORES AND OTHERS PUT DRIVE OVER QUICKLY

Local sales of War Bonds and War Savings Stamps during Wednesday exceeded expectations, and casual inquiry at only a half a dozen places of retail business in Dimmitt quickly revealed that Castro County's July monthly quota, as fixed by the government, had been exceeded.

At the First State Bank sales ran near \$1,500, at the post office the total for the day was nearly a thousand dollars. One store bought \$1,000 bond; another took a \$500 bond, and the smaller places made several trips to the post office during the day to obtain supplies of War Savings Stamps.

The county's June quota of county has not been made known, but even if it should be double that 23 places of retail business in Dimmitt, not to mention the several retail stores outside Dimmitt that will not be heard from until two or three days will have elapsed.

Castro County has a quiet, unostentatious way of doing its war work and its civic work, and while the few skeptical ones are busy wondering and worrying over the outcome of these drives the workers proceed to "put them over" with pronounced success and credit each time.

Twenty-six Tons Of Scrap Rubber Gathered Here

Castro County citizens have contributed a little more than 26 tons of scrap rubber, old tires, and other discarded articles containing

Bill Roberson of the Roberson Junk Company, who handled most of the salvage in Castro County, reported to headquarters Tuesday night that a total collection of 53 thousand pounds will be shipped from here, representing collections during the first two weeks of the

SOUTHWEST HAS HIGHEST INFANT DEATH RATE IN THE UNITED STATES

ARIZONA

Average for the United States is 47 infant deaths for every 1,000 births.

AND OREGON Some states have infant death rates only one third as great as in New Mexico. The rate in Minnesota is 33.3 and in Oregon it is 32.9 deaths for every 1,000

> Each symbol equals 10 deaths per 1,000 live births. DATA FROM U.S. CHILDRENS' BUREAU, 1940

ABELING the Southwest as "the most dangerous part of the United States in which to be born," Mrs. Margaret Sanger this week appealed to citizens of Arizona, New Mexico, and Texas to initiate community programs that will reduce the infant mortality rate in those three states.

"Figures just released by the "There is no question but what Children's Bureau of the U. S. De- the high infant death rate in some partment of Labor show that while sections of the Southwest is due to the infant mortality rate for the the fact that the mothers who are country as a whole was only 47 least able to bear children have per thousand in 1940, the rate for the most. Afflicted with tuber-New Mexico was 99.6 per thou- culosis or other disabling diseases, sand, for Arizona, 84 per thousand, living in overcrowded homes, badly and for Texas, 69 per thousand," undernourished, they have neither Mrs. Sanger reported. "In Minne- the strength to bear a healthy sota and Oregon the rate was only child nor the means to give it de-33 per thousand; in Connecticut cent care after it is born. Birth
