

SEN. JEP FULLER

### Contractors Slate Annual Meet April 15

One of the top voices in Texas politics and a man who will be governor for a day April 28 will be the principal speaker when the West Texas Chapter of Associated General Contractors holds its sixth annual meeting in Abilene April 15.

State Sen. J. P. Fuller of Port Arthur, who was elected president pro tempore at the end of the Legislature's special session will discuss "The Government's Business Is Your Business" before general contractors, sub-contractors and guests from a 69-county area.

A former special agent for the FBI, Fuller served in Army Intelligence during the war. He is a graduate of East Texas School of Law and presently is associated with his son, James S. Fuller, in the law firm of Fuller & Fuller, Jefferson County 1947-1950 and went to the State Senate in 1951.

Sen. Fuller's Austin associates are planning a gala occasion for May 28 when Gov. Price Daniel and Lt. Gov. Ben Ramsey will be out of the state and Sen. Fuller will assume the chief executive's role.

At the April 15 meeting, the contractors' area labor committee chairmen and others interested will meet at 2 p. m., the old and new chapter Board of Directors will meet at 4 p. m. and the evening program and business meeting will get under way at 7:15 p. m.

New directors and chapter officers for the coming year will be installed at the evening meeting. New directors include Max Tidmore and W. G. McMillan Jr. of Lubbock; J. L. Hair Sr. of Wichita Falls; C. B. Oates of Abilene; A. E. Suggs of Big Spring; Jewel Russell and Joe B. Wright of Midland and R. G. Farrell of Odessa.

### Rep. Mahon's Father Dies; Services Today

LORAINE (SC)—Funeral will be held at 2:30 p. m. Sunday in the First Methodist Church here for J. K. Mahon, 97, longtime Mitchell County resident and father of Congressman George H. Mahon.

Mr. Mahon died about noon Friday at Weatherford, where he had lived for the past decade. He had been in failing health several months, but had been active until recently.

The Rev. Allen Adams, pastor of the First Methodist Church, is to officiate at the funeral services. Interment is to be in Loraine Cemetery under direction of Kiker & Son Funeral Home of Colorado City.

A prominent farmer in this community for 40 years, Mr. Mahon moved here from Louisiana in 1908. He was born near Mahon, La., a town named for his ancestors, Oct. 15, 1860. Besides farming, he was engaged in the grocery business when young. He was a member of the Presbyterian Church for many years and served as an elder.

He was married to Lola Brown Sept. 7, 1892, and they had eight children, of which seven survive. Mrs. Mahon died in 1931 and five years later Mr. Mahon and Mrs. Susie Mullinax of Weatherford were married. They moved to Weatherford in 1948.

His survivors include four sons, Rep. George Mahon of Colorado City and Lubbock, John Mahon of Lorraine, E. O. Mahon of South Champion, and D. D. Mahon of Lubbock; and three daughters, Mrs. C. C. Reader of Weatherford, and Mrs. S. E. Meadows and Mrs. Harold Martin, both of Lorraine.

### Restaurant Unit To Be Organized Here On May 6

Organization of a Big Spring Assn. is due to be completed at a meeting of restaurant operators at 7:30 p. m. May 6.

Officers will be chosen and other organizational details will be wrapped up at the session in the Settles Hotel, said Leonard Coker, one of the leaders of the movement. A preliminary session was held last week in the Coker Restaurant, Buck Price, vice president of the Texas Restaurant Assn., meet with the group.

Coker said all Big Spring restaurant operators will be invited to the May 6 meeting. Membership in the TRA and the Permian Basin Restaurant Assn. also is being promoted.

## Native Workers Get Priority On Farms

The shadow of unemployment has darkened the bracero program for West Texas farmers. They can still get Mexican Nationals, but the rules are getting tighter because so many native workers are without jobs.

The Texas Employment Commission which certifies orders for braceros has received strict instructions on handling these orders. Farmers can no longer order braceros and expect to get them in a short time.

A recent ruling from Ed McDonald, Regional Director of the Bureau of Employment Security at Dallas, states that every effort must be made to place native workers in farm jobs. Only after

all applicants have been exhausted may the farmer hire a Mexican National.

In fact, all applicants for jobs are being recalled by the TEC and told about the various farm and ranch jobs. They are questioned about their experience, their willingness to live on a farm, mode of transportation and wages mentioned. If the applicant seems interested, he is referred to the farmer and a deal may be made. If the applicant is not interested in farm work, his name is removed from this register.

In citing reasons why native workers must be used, the bureau was pessimistic about the job outlook in Texas. There were 30-

000 Texans out of work on April 1, and a total of 100,000 in the state receiving U. S. surplus food.

In spite of these people trying to find jobs, the bureau said that bracero use continued to rise. From the last quarter in 1956 till the same period in 1957 the number of braceros on farms in the cotton growing section of the High Plains rose by 48 per cent.

During the last week of February these West Texas farmers were working 2,608 braceros, yet there were 7,850 people receiving food relief.

Despite the efforts of officials to place these unemployed workers, very few applicants will accept farm work. The TEC office in Big Spring now has over 130

farm jobs open, according to Jay Hatch, and others are being opened. Still there is no rush to get on the pay roll.

Applicants give various reasons for not accepting farm jobs—unfamiliarity with the work, distance from town and low wages. Many prefer to remain in town in hopes of finding something better.

Meanwhile farmers need tractor and irrigation hands now. Unless the ruling is changed, they can get Mexican Nationals only after all other applicants have turned down the jobs.

"With so much happening, though, it will take some time," said Hatch. "Off hand, I'd say it would take a farmer three weeks to get a bracero out of Mexico."

### \$90,000 Being Spent On Station At 4th, Johnson

Opening of a new \$90,000 Magnolia service station at 4th and Johnson will be held in about 60 days, Merrill Creighton, local consignee for Magnolia Petroleum Co., said Saturday.

Construction on the facility, which fronts a half block of 4th St. and 100 feet of Johnson, was started last week. J. D. Jones Construction Co. has contract to erect the building which will cost about \$25,000, Creighton said. Site and other improvements will run

the total cost to approximately \$90,000. The station will provide service from three pump islands—two on 4th and one on Johnson. All other standard service station facilities are being provided.

### J. L. Jolley Honored

DENTON—Jimmie L. Jolley of Big Spring has been named a student member of the Society for Advancement of Management at North Texas State College this semester. The affiliation was awarded to 60 members of the NTSC Management Club by the society's national office in New York. Jolley, the son of Mrs. Rena M. Jackson, 504 N. Lancaster, is a junior management major.

### Former Resident To Direct Conference

Dr. Warren Baxley, director of the Sul Ross State College Library, and a former resident of Big Spring, left, and Dudley Doble, well known collector of early Texas documents, are shown inspecting one of the rare volumes in the college collection. Baxley is to conduct a West Texas library meeting at Alpine on April 18-19.

### Ex-Big Spring Man Will Host Library Meet

A former Big Spring resident, well known to hundreds of local residents, is to be official host to an important meeting of West Texas librarians April 18 and 19 at Alpine.

He is Dr. Warren Baxley, director of the Sul Ross State College Library. He lived here for many years and attended schools in this city. He is widely recognized as a library authority.

The meeting at Sul Ross College will feature Miss Thelma Andrews of Abilene, recently elected president of Texas Library Assn., and Miss Bess Ann Motley, director of the Texas State Library.

Other speakers will include Frances Goodall of Odessa and Virginia Clarke of Andrews.

Saturday it was revealed that no local librarians will probably attend the Alpine meeting. Mrs. Opal McDaniel, County Librarian, said she could not be present and Paul Vagt, librarian at Howard County Junior College, was not expected to attend.

### No Hats Yet In Gubernatorial Ring

AUSTIN (AP)—The filing deadline is only 30 days away, but no one has officially filed as a candidate for governor.

Don Booker of Orange has said he will be a candidate and has started a campaign, but hasn't yet paid a filing fee.

Potential candidates are numerous. Persons wanting to run are looking the state over for political and financial support. Apparently no one has scored 100 per cent. Candidates will pay the \$1,250 filing fee by May 5.

Gov. Price Daniel is a sure candidate but he has not committed himself.

Others mentioned frequently as possible include:

Sen. Ralph Yarborough, who is saying he may run for re-election or make his fourth attempt to become governor.

State Sen. Charles Herring of Austin, who says "I'm still considering the race and it's encouraging. But I've got a lot of considerations."

Judge James Sewell of Corsicana, a constant critic of Gov. Daniel, who says he hasn't made up his mind.

Former Secretary of State Tom Reavley, a middle-of-the-roader who is a close friend of former Gov. Allan Shivers, who won't even say he wants to be governor. Capitol corridors ring his name as a potential candidate for some statewide office. They say "it depends on who runs for what."

Atty. Gen. Will Wilson, who has not said whether he will seek re-election. "There's plenty of time to make up my mind," he says.

A key man in the speculation is Yarborough.

Should he seek the governor's chair, hot races could be expected not only for that post but also for the Senate and attorney general positions.

With the men non-committal, what do some of the wives think? "Whatever pleases him, pleases me," said Doris, wife of Sen. Herring. "I'm satisfied with whatever he wants and whatever he decides."

Mrs. Reavley said, "whatever Tom does, I'm for him."

And Mrs. Wilson answered a question with a question: "Do you think the wives are prospecting for different offices? I've always believed that anything Will does or wants to do will be fine with me. Campaigning is hard work and it's fun and exciting. But you're not quite the same after one. There is always a tiredness you never get over."

The dogwood trees have bloomed. By tradition, candidates for governor announced with their blossoming.

### Ann Stipp Will Be 'Duchess' At A&M

COLLEGE STATION — Mrs. Louis Stipp, daughter of Mr. and Mrs. Floyd White of Big Spring, has been chosen as one of the duchesses for the Cotton Pageant and Ball to be held at Texas A&M College on the night of April 11. She will represent the Aggie Wives Council. Mrs. Stipp is the former Ann White. The Pageant and Ball is sponsored by the A&M College Agronomy Department as a project of the Student Agronomy Society.

### Area Roads Due \$20 Million Work, None In Howard County

More than half of the 983 miles of roads on which the State Highway Department will take bids on April 15 and 16 are in West and Northwest Texas but none is in Howard County itself. The road improvements will cost an estimated \$20,000,000.

About 640 miles are on farm road and 343 miles on state roads and U. S. highways. Of the farm roads, 337 miles are slated for seal coating.

West and Northwest Texas projects include:

Glasscock: RM 33, 14.7 miles grading, structures and surfacing from Garden City to Reagan County.

Midland: FM 307, 14.1 miles grading and surfacing from east of Midland to FM 1800.

Mitchell: FM 2183 and 644, 5.7 miles grading, structures and surfacing from State 101 five miles west of FM 644, four miles south of Lorraine, from U. S. 89 to Loop 316 in Lorraine at Lorraine Draw.

Potter: RM 1061, 10 miles reconstruct and surfacing from junction U. S. 66 and FM 1061 to northwest.

Dawson: U. S. 87, 15.7 miles paving from Lamesa to Lynn County.

Sterling, Coke, Tom Green, Irion, Crockett: U. S. 87, State 154, 163 and 208, seal coat from Sterling City to Tom Green County, U. S. 277 in San Angelo to 4.6 miles southeast, from Robert Lee to Bronte, from Barnhart to Crockett County, from Irion County to Ozona, from Robert Lee to Tom Green County.

Brown, Comanche, Eastland and San Saba: FM 586, 1467, 587, 569 and 500, structures replacements and widening west of Brooksmith, west of Comanche County, east of Sipe Springs, southwest of junction U. S. 80, and north of State 16.

Comanche: State 36, 6.2 miles widen structures and surfacing from Sweetwater to Stag Creek.

Lubbock, Lynn, Dawson, Terry, Garza, Bailey, Hale, Crosby, Floyd, Lamb, Gaines, Swisher, Hockley, Cochran, Yoakum and Farmer: U. S. 84, 87, 180 and 390, State 249 and 214, FM 122, 54, 828, 28, 97, 211, 651, 303, 401, 1067, 289, 261, 745, 1063, 2051, 1075, 597.

### Services Pending For J. E. Miller

Funeral arrangements for James Earl Miller, 65, Big Spring carpenter who died at 7:15 p.m. Friday in a local hospital after a brief illness, were pending at the Nalley-Pickle Funeral Home Saturday.

Miller, who was born Jan. 6, 1893, in Teague, became ill Friday morning and was admitted to the hospital.

Survivors include one daughter, Mrs. H. C. Tryee, Pasadena, Texas and one sister Mrs. Reece Nash, somewhere in California.

### Clothing Is Stolen

A group of clothes were stolen from the College Laundromat early Saturday. Lt. R. B. Houghton, 1510-A Wood, said the bundle of clothing was taken from him while at the E. 4th laundry.

### 4 Civil Cases Expected In District Court

Four or more civil cases are expected to be ready for trial in 118th District Court Monday morning when Judge Charlie Sullivan will qualify a jury panel of 60 citizens for service.

Last week, Judge Sullivan had a similar panel in the court room but investigation disclosed that none of the cases which were expected to go to trial were ready. The court excused the panel.

This week, Sullivan is hopeful of better luck. He said Saturday that he had conferred with the attorneys in the cases and that he had reason to believe that some of the cases will be tried.

Judge Sullivan has docketed a criminal jury week for April 14. Gil Jones, district attorney, has said that the state will be ready to go to bat with a number of felony indictments at that time.

On April 28, a special venire of 150 jurors—75 in each of two panels—will report to the court for service in the Henry Marin-Amador Franco trials for murder with malice. The two men are accused of killing Benny Aispe on Feb. 2.

### Saturday Closings

The doors to the city hall were locked Saturday.

Citizens who had business at the city hall but who forgot that the building was closing on Saturdays found notes pasted on the doors reporting the new hours.

Saturday was the first day that the city hall was closed under the new schedule. From now on, the building will be closed all day on Saturdays. Previously, it had shut down at noon.

This action was approved by the City Commission and begun with the new fiscal year which came in on April 1.

### Bonds Set For Two

Bonds of \$500 each were set Saturday in the cases of Thomas Larez, and Eloy Hernandez, both charged with aggravated assault, the sheriff's office stated. The bonds were fixed by justice court in the two cases.

### Rites Are Set For B. D. Day

Funeral services for Burton D. Day, 65, Big Spring carpenter who died suddenly in a cottage at the Dixie Courts at 3 p.m. Friday, are to be at 4 p.m. Sunday at the Nalley-Pickle Funeral Home chapel.

The Rev. C. W. Parmenter, pastor of Wesley Memorial Methodist Church, will officiate. Interment is to be in the Trinity Memorial Park.

Funeralbearers are to be Jerry Young, Jimmy Meadows, Kenneth Williams, W. D. Lovelace, Lonnie Taylor and Rayford Dunagan.

Mr. Day had rented the cottage just a few minutes before his death. According to witnesses, the elderly carpenter had just entered the building and lay down on the bed. He suddenly fell off the bed to the floor. He was dead when others reached him.

Walter Grice, justice of the peace, acting as coroner, ruled death due to heart disease. Day had suffered a previous attack from heart disease some two years ago, relatives related.

Day resided at 1510 State Park Road. He had moved to Big Spring 25 years ago and had been a carpenter here most of that time. He was born in Anaheim, Calif., in 1892.

Survivors include his wife, Cuba; three sons, John H. Day and Marshall Day, Big Spring; and Burton Day Jr., Arizona; two daughters, Mrs. Mary Ruth Young, Gainesville, and Mrs. Christie Ramsey of Stanton; three brothers, Lum Day and Virgil Day, Snyder; and Obie Day, Phoenix, Ariz.; one sister, Mrs. B. L. Moore of Snyder. There are 12 grandchildren.

### Two Fires Cause No Damage Friday

One of two fires handled by the local department Friday was outside of the city. Neither caused any damage, however.

A fire developed on Texas Electric property about five miles east of town Friday, but no damage was reported by firemen. Burning trash caused the fire.

The other blaze was at 706 W. 8th on a vacant lot. No cause was found for the trouble.

# Business Picture For April Cloudy

NEW YORK (AP) — Which way U.S. business in April? For most Americans last week, the picture was anything but clear.

Job hunters could expect increased hiring in home building, road construction and projects connected with national defense.

But in most manufacturing industries—and in mining and transportation—the outlook was for layoffs and retrenchments beyond those already announced in March.

Taking the economy as a whole, signs of the usual spring upturn were conspicuous by their absence.

Here and there you could find exceptions.

With the railroads pulling in their horns all over the lot, the Milwaukee Road confidently placed a 12-million-dollar order for 1,150 new freight cars.

Caterpillar Tractor Co. reinstated a full five-day week at its plants in Peoria, Joliet, Milwaukee and San Leandro, Calif.

American Machine & Foundry Co. stepped up production of automatic pinpointers for bowling alleys from 600 to 800 a month.

These were isolated cases. Most of the key indicators at the start of April—described by Labor Secretary Mitchell as the month to watch—still pointed lower.

More than half the steel industry's productive capacity stood idle last week. Output was estimated by the American Iron &

Steel Institute at 1,298,000 ingots. Even allowing for absenteeism on Good Friday, this was the smallest for any strike-free week since 1949.

After chugging along in second gear for most of the winter, the auto industry shifted into low. New car production sagged to 66,000, lowest for any normal operating week since 1952. In the same week last year Detroit rolled out more than 130,000 passenger models.

With sales sagging and costs pinching, some companies resorted to pay cuts. The Pennsylvania Railroad ordered a 10 per cent reduction in the pay of all employees earning more than \$10,000 a year.

In Florida the rising tide of unemployment prompted the State Industrial Commission to add 10 million dollars to its estimate of jobless benefits for 1958.

## Patricia McCormick In Bullring Today

Patricia McCormick, the former Big Spring co-ed who abandoned her art studies in college to become a bullfighter, is to be spotlighted today in the opening of the season at Juarez.

Pat is booked to fight two bulls in the Albert Balderas ring this season. She has been making the tentas and in doing some fighting on the interior during winter months, but now is launching the border season. Pat is the daughter of Mr. and Mrs. E. B. McCormick.

Advantages Of Turnpike

Fare Plaza at the Dallas end of the Dallas-Fort Worth Turnpike illustrates the convenience provided motorists for paying fares to ride the \$58½-million superhighway. More exit lanes than entrance lanes speed up movement of traffic, and it's one of a total of two stops turnpike travelers make, compared with 45 traffic lights on U. S. Highway 80 and 19 on U. S. Highway 183. (Story on Page 4-D).

# Khrushy Warns Hungarian Reds To Shift For Themselves

STALINVAROS, Hungary (AP) — Nikita Khrushchev warned the West Saturday to keep hands off Hungary. But he told Hungarian Communists they had better be ready to fight their own battles if another revolt breaks out.

The Soviet premier said his government had thought long and hard before it sent troops to crush the 1956 uprising. He told Hungarian Communists to toughen up.

"You should not think that if the counterrevolution comes again you can depend on the Russians to come again and help," he declared. "You must help yourselves."

Apparently Khrushchev did not mean to imply he was imposing a strict ban on Soviet armed help. Rather, it seemed he was speaking as a father telling his son that he was getting big enough now to take care of himself. Then he implied that if the son got into real trouble, the father would be there to help.

Shaking his pudgy fist, Khrushchev warned the West: "We tell the enemies of socialism and communism that we do not care if you curse us, but if you touch us, you will regret it."

(In Washington, authorities saw in Khrushchev's speech an order to speed up a purge of non-Communists from positions of potential power or influence. They expected Khrushchev's visit to Hungary would be followed by a wave of arrests.)

Though Khrushchev said he had not intended to make a speech here in this industrial city named after Stalin, he ended by giving the Hungarian Communists both a lecture and a crack on the knuckles. He spoke with great seriousness and with some ferocity about putting down the 1956 revolt.

"We had to make a decision," he said. "Should we help or stand aside? We thought a long time about what to do. Then we de-

cid we could not stand by to watch the hanging of Communists and the best sons of the working class."

The Russians recently ordered many of their troops home from Hungary, but foreign military observers here estimate that from 60,000 to 80,000 will remain.

Urging the Hungarian party led by ex-Premier Janos Kadar to tighten up its ranks, the Soviet leader said: "I advise you not to look just in front of your noses. Look beyond. Your class consciousness should be stronger, and you should see more clearly who is a friend and who is an enemy. You must be tougher, so tough that your enemies will always know that the Hungarian working class will not waver for a minute."

Dressed in black coat and hat, Khrushchev came to Stalinvaros in an entourage of Russian, American and German automobiles. It was the fourth day of his visit to Hungary.

## Hypnotist To Drive Auto Blindfolded

Some drivers, we are all wont to think at times, must be blind. But is it possible for a man to drive through downtown traffic with a blindfold over his eyes?

Dr. Morton Greene, noted hypnotist, says he can do it, and he intends to prove his claims at 4:30 p.m. Tuesday.

Blindfolded, Dr. Greene will make the trip down Third Street in an automobile furnished by Tidwell Chevrolet Co., from City Auditorium to the County Courthouse. The demonstration will be supervised by Big Spring police.

Dr. Greene is star of the show, "Hypnotic Marvels," scheduled for 8 p.m. Tuesday in City Auditorium. During the show, he will try his hand at prophecy and demonstrate various facets of hypnosis.

Proceeds of the show will be given by the sponsoring Moose Lodge to the Little League, in the lodge's drive for a new baseball park for Big Spring youngsters.

## Judge Dies

MIDLAND — (AP)—Former Midland County Judge Clifford Keith, 55, died of a heart attack Friday.

## North Side Church Of Christ

ROY PHEMISTER Evangelist

### RESTORATION:

The Church of Christ is the restoration to New Testament Christianity. As we look to the writings of Paul, we can see the church in its falling away. Paul said, "LET NO MAN DECEIVE YOU BY ANY MEANS. FOR THAT DAY SHALL NOT COME, UNLESS THE CHURCH FIRST AND THAT MAN OF SIN BE REVEALED. THE SON OF PERDITION, WHO OPPOSETH AND EXALTEH HIMSELF ABOVE ALL THAT IS CALLED GOD, OR THAT IS WORSHIPPED: SO THAT HE AS GOD SITTETH IN THE TEMPLE OF GOD, SHOWING HIMSELF THAT HE IS GOD. REMEMBER YOU, I TOLD YOU THESE THINGS:—FOR THE MYSTERY OF INIQUITY DOTH ALREADY WORK." II Thes 2:3-7. From this passage and many others we can conclude that there was a great falling away from New Testament Christianity. The falling away started by people wanting to wear other names (I Cor. 1:10-13) and the desire for power (3 Jno. 9), (2 Thes. 2:7). "All the churches in these primitive times, were independent bodies; or none of them subject to the jurisdiction of any other. They had no judicial authority, no control, no power of giving laws" (Ecclesiastical History—Mosheim Vol. 1, P. 72). What the apostles said and wrote were the Christian's guide. E. H. M. V. I. P. 72. What the apostles said and wrote are recorded in the New Testament. Luke said, "THE SEED IS THE WORD OF GOD." Lk. 8:11. If the Word of God is planted into the hearts of men and women today, it will therefore bring forth just a Christian. As cotton seed cannot bring forth grapes and cotton, neither can the Word of God bring forth man's religion plus Christianity. Seed must bring forth after its kind. Gen. 1:12. It is also true that the plant cannot be destroyed until the seed is destroyed. Since cotton cannot be destroyed without destroying the seed, neither can the church be destroyed without destroying the word of God. The church can fall away as prophesied. 2 Thes. 2:3-11. However, when people study the Word of God which enters the heart of man, and obey the commands, they become Christians as in the days of old because the Word of God is the seed of the Kingdom. Lk. 8:11. Thus, just a Christian, and members of the true church. It does not matter whether we can trace the ancestry of the church in which we are members or not, because the church can fall away. However, it is important that the characteristics of the church of which we are members are like the characteristics of the New Testament church. Paul said, "I certify you, brethren, that the gospel which was preached of me is not after man. Gal. 1:11. We must certify what we speak. "IF ANY MAN SPEAK, LET HIM SPEAK AS THE ORACLES OF GOD." I Pet. 4:11. The church of Christ certifies what she teaches, that it is not of man, but by the Word of God. Nothing more or nothing less. Therefore this is a reason for being a member of the Church of Christ. (Adv.)

# Ike May Use Psychological Expert To Win In Propaganda

WASHINGTON (AP) — President Eisenhower may bring a psychological warfare expert into the top levels of government soon in an effort to turn the propaganda tide against Russia and win some victories.

Many highly placed officials are badly worried about a decline of United States prestige throughout the world. In fact some of them are gripped by a deep feeling of defeatism about this country's ability to outwit or outmaneuver Soviet Premier Nikita Khrushchev in psychological warfare.

This sense of fighting a lost battle was conveyed to many of his hearers at a news conference Tuesday by Secretary of State Dulles. He conceded the Soviet Union had won a propaganda victory with what he considered its spongy gesture of announcing a suspension of atomic tests without international inspection and with a built-in escape clause. He then heavily emphasized disadvantages which, he said, make it difficult

for the United States to compete effectively with the Soviet Union in propaganda.

Dulles, who has just turned 70, is Eisenhower's chief—and probably on many issues exclusive—adviser in the field of foreign policy strategy and tactics, including propaganda, a former diplomat George Allen, head of the U.S. Information Agency, is Eisenhower's operating chief when it comes to spreading propaganda. However, he has little voice in top level policy making of the kind necessary to wage an effective propaganda campaign against Khrushchev.

Eisenhower said at a news conference Wednesday, when questioned by reporters, that possibly it would be a good idea to revive the office of adviser on psychological warfare and put some skilled idea man to work thinking up ways to get United States views and policies across to the world more effectively. Eisenhower expressed no great enthusiasm for the idea

but did not rule it out. At the same time he said he may have been mistaken in his handling of some ideas proposed to him for countering the Soviet propaganda maneuver on nuclear tests.

**IRRITATION SOURCE**

The last psychological warfare adviser who gave his full time to the job was New York publishing executive C. D. Jackson. He left several years ago. He operated as an assistant to the President, and his authority cut across the lines of Cabinet ministers and undoubtedly sometimes caused irritation.

There is now increasingly serious talk within the administration that something must be done about the series of psychological setbacks beginning with Russia's launching of the first man-made satellite last fall. The idea most commonly discussed is that a psychological warfare expert — perhaps a seasoned and imaginative professional diplomat or a broadly experienced foreign correspondent—should be brought in to the government once more and given important tasks of advising on policy.

Because Dulles is now carrying so much of the foreign policy load and because he has the reputation of wanting to keep all the reins in his own hands, it seems certain that if such an expert is brought in he will be designated as an adviser to Dulles rather than to Eisenhower. In the depressed mood over global propaganda conflict in which Dulles apparently finds himself, the expert's first job would be to convince the secretary of state that there is room for maneuver and effective action.

Dulles is understood to have come back from a recent trip to the Far East with a strong impression that Russia is putting over its case to the world, the United States is not, and that there is very little to be done about it. He said Tuesday that American propaganda operations are at a disadvantage compared with Russia's because of this country's press, political opposition, and public opinion — all of which are ready to assail the government and expose anything said or done which is unsound. Also, he said, the United States must constantly consult its allies, whereas Russia merely tells its satellites what to do.

The views expressed by Dulles are not shared by all in his own department or elsewhere in government. There appears to be a growing conviction, however, at all levels of the administration that unless somebody figures out ways to tell the American story better abroad, to present American policies more effectively, new defeats for the United States and new victories for the Soviet Union in the war of ideas are inevitable.

## TIPRO Slates Annual Meeting

SAN ANTONIO (AP)—The Texas Independent Producers and Royalty Owners Assn. will be held here May 11-14 with the worst industry depression in many years as their topic.

Jerome O'Brien of San Antonio, TIPRO president, said Saturday the annual membership meeting coincides with what is expected to be the climactic period of the independents' battle against oil imports, federal controls on interstate sales of natural gas and "discrimination" against Texas producers by purchaser-importer companies.

"I doubt that independents have ever held an annual meeting under more urgent industry circumstances," O'Brien said. "This will be the most important and significant meeting we have ever had."

## Conoco Launches Unusual Contest

HOUSTON — A \$50,000 contest featuring a Cadillac loaded with \$10,000 in cash as first prize was launched last week by Continental Oil Company and supported by the most concentrated advertising campaign in the company's 82-year history. The contest is designed to help introduce two new "Super" motor oils at approximately 9,000 Conoco service stations in 25 states. Entry blanks are available at the station.

The motor oils are called the "New Conoco All-Season Super" and "New Conoco Super" motor oils, said George M. Sullivan, general manager of marketing. "We have so much confidence in our new motor oils that we will guarantee a new car's engine for 50,000 miles against mechanical failure due to lubrication."

# DEAR ABBY

## BOTHERSOME NAMES

By ABIGAIL VAN BUREN

DEAR ABBY: I have asked my girl to marry me and she said yes. Our problem is that she is very superstitious and does not want to be married in TOMBSTONE, ARIZONA. She says she does not want that name on her marriage certificate. I know it is silly, but what can I do about it?

FROM TOMBSTONE

DEAR FROM: Take her to Phoenix to get married... but for heaven's sake, if she's superstitious, don't take her to DEATH VALLEY for a honeymoon.

DEAR ABBY: I am 19 years old and a Junior in College. I have a pretty face (people tell me) but I have trouble getting dates because I have prematurely grey hair. When I am out with a boy I feel that people think he is out with his mother. Some friends tell me to dye my hair and others say leave it alone. I would like your advice.

GREY GIRL

DEAR GREY: Most people like "natural" hair... but if YOU think your grey hair is a handicap, why not dye it? If you don't

### Who Always Have Time for You

CLYDE ANGEL

Times have changed since Clyde Angel came to Big Spring to start work in the First National Bank.

He recalls that an "open air" fruit stand occupied the quarter block where the Settles Hotel now stands. The business district was much smaller than it is now, and there were no "tall" buildings in the city.

Population was much smaller, of course, and commercial activity lacked a lot of matching its present volume.

Angel has progressed with the times. He started out as a bookkeeper. Today, he is vice president and one of the loan officers in the First National, joining with others who "have time" for any caller.

Angel actually got his first banking experience in his hometown of Rising Star where he worked on a part-time basis—without pay—while he was attending high school. He picked up approximately a year of valuable experience there, he recalls.

A farm boy, he graduated from Rising Star High School at the age of 15 in 1926. Angel later attended Abilene Christian College for one year, enrolled at Howard Payne College for one semester, and then attended Draughon Business College in Abilene for two years.

His first regular job came after he completed Draughon's and was with the J. M. Radford Grocery Co. in Abilene. After about six months with Radford, Angel learned from a former classmate of a job opening at the First National Bank in Big Spring.

He came here one Friday night, was hired the next morning by R. L. Price, bank president, and started work immediately as a bookkeeper. He was 19 years of age when he started on Jan. 29, 1929.

Angel was a member of the First National staff when it merged with the old West Texas National Bank in 1934. He took on the duties of teller as well as bookkeeper in 1935, and became assistant cashier about 1940. He held that post until June 15, 1945, when he resigned to become cashier of the Farmers & Merchants National Bank at Hamlin. He advanced to vice president of the F&M National, remaining with that institution until January, 1951, when he resigned to return to the First National here as cashier. He became vice president of the local bank on Jan. 15, 1957.

One evening a few months after he started work in Big Spring, Angel boarded a bus for Abilene. On the bus he met Annie Matt Tate, a Southern (Alabama) belle who was teaching school in Stanton. They were married in 1933. They have one son, Robert, 22, who now is a student in Baylor Medical School at Houston. He graduated from Big Spring High School in 1954 and received his bachelor of science degree from Baylor University in 1957.

Angel's time on the civic front has been taken up by a variety of activities. He currently is starting his sixth year on the board of trustees for the Big Spring Independent School District, and has served the past four years as board president.

Angel is a member of the board of deacons for the First Baptist Church and has taught a Sunday School class for boys since 1951. He served as president of the YMCA for one year and also has been trustee of the United Fund. He has been area finance chairman for the Boy Scouts and is a member of all the Masonic organizations, including the Shrine. He is now treasurer of the Big Spring Shrine Club. Angel is a long-time member of the Lions Club and was president-elect of Hamlin Lions when he moved back to Big Spring in 1951. He also has served as secretary for the 7th District, Texas State Bankers Association.

We always have time for you!

no other woman could take my place. Should I believe him?

JEALOUS

DEAR JEALOUS: He could never find another woman GOOD enough to take your place. Believe him!

DEAR ABBY: We have a Canasta Club and this one woman appoints herself to keep score and count the cards after every deal. We don't like to say anything to her because once something was mentioned and if dirty looks could kill, we all would have dropped dead. How can we get this lady out of the position she is now in without breaking up the club? It's no fun anymore.

CANASTA PLAYERS

DEAR PLAYERS: If the Club is no fun anymore, maybe you ought to break it up and form one that is. You will all be pushed around as long as you permit it.

For a personal reply write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

### Reward Offered For Conviction Of Hub Cap Thieves

A. J. Ball announced Saturday he is offering a \$50 reward for information which will lead to the arrest and conviction of thieves who took his hubcaps.

Ball lost an aluminum wheel disc from his custom-built pickup while the vehicle was parked at the Clover Bowl Friday night. One of the front fenders of the pickup also was damaged, apparently deliberately, he said.

It was the second time in a week that Ball lost auto accessories at the Clover Bowl. He said two hub caps, valued at \$31, were stolen from his 1956 Lincoln at the establishment a week ago.

### New Meeting Time

Odd Fellow Lodge No. 117 has scheduled its meeting at a new time Monday. Work in the initiatory degree will begin at 8 p.m. in the lodge meeting place in the Carpenters' Hall at 906 W. 3rd.

Well drillers on the South Plains have hit a business recession that's getting no better. They're fresh out of wells to drill. Jimmy Eiland of Caprock Electric in Stanton says the Co-Op is making very few well installations and have no new wells to service.

"It's reduced our volume of power," he said, "but we're glad to see it. There may not be much pumping for quite awhile. The rainfall has been 8.78 inches since January 1, and the ground is soaked."

The fields around Levelland and Lubbock are drying out now and farmers are able to start plowing, according to Norman Vestal, a fertilizer salesman who works in 22 West Texas counties.

Vestal reports the usage of fer-

Vegetable growing in Martin County this year will be confined to small plots. The cantaloupe deal fell through. The main reason was because the Parkhill Produce Company which planned to put a packing shed at Stanton decided not to risk it. The owner said that several thousand acres of cantaloupes were being planted in Arizona and they would come off at the same time of the Pecos crop. This, he felt, might depress prices both at Pecos and Stanton.

Several farmers may plant small acreages and find their own market. Other vegetables may also be planted, particularly onions. Warner Hanson has 10 or 12 acres on his farm west of Lomax. G. W. Martin has about the same size fields, while Lee Graves also has a patch of onions. They will probably be ready to harvest the last of May or first of June.

Most of the Martin County irrigation farmers already have their fertilizer, says Gerald Hanson, manager of a chemical firm. The two most popular kinds are 14-8-0 and 13-39-0, with the average application being 200 pounds per acre.

Later on if the farmers get their crop off to a good start, they will apply nitrogen as sidedressing. If the crop is late, they will cut down on nitrogen in order to rush maturity. At 200 pounds per acre for mixed fertilizer, the cost is from \$11 to \$12.

Hanson says several dryland farmers have talked about using fertilizer on cotton, but hardly anyone has bought it yet. He says that 100 pounds per acre of some mixed fertilizer like 16-20-0 might pay off this year. Whether the rains continue or not, the fertilizer gets the plant a better root system and gets it off to a faster start.

There's a lot of pasture plowing going on in Martin County. On the Dr. McMurry ranch near Walcott, several hundred acres of mesquite land are being plowed. As the big caterpillars plow down the brush, grass seed is scattered in the disturbed area. The main kinds being used are blue panic, blue grama and sidobats.

The plowing is being done by a contractor from Alpine, who has several weeks work lined up. Others planning to plow rangeland are Bernard Houston and Waddell Strain.

The fields around Levelland and Lubbock are drying out now and farmers are able to start plowing, according to Norman Vestal, a fertilizer salesman who works in 22 West Texas counties.

Vestal reports the usage of fer-

### New Floor Care Ends Waxing

One of the difficult jobs of house-keeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

for about three months until a rain filled the hole with silt and stopped the water. The water was good tasting, whereas the surface water is always brackish.

Tunnell has many Indian relics which he found along Sulphur Draw. There were two Indian villages once located here, so he reasons there must have been drinking water. Perhaps the stream flowed at that time, because geologists say the draw was once a large river.

Tunnell has found arrow heads, grinding stones, pieces of pottery and other articles. A few years ago he found a peculiar shaped stone that resembled a turkey egg. Two archaeologists told him this was the head of a war club. The Indians encased the stone in a leather strap or sling. The warrior then swung this strap with the turkey egg stone in it, and it made a fearful weapon.

He thinks these were agricultural Indians because of the grinding stones and pottery left behind. Some of the arrow points, however, were made of stones never found in this area.

A few years ago after several standstills had lifted the topsoil, Tunnell found an ancient encampment ground, with many pieces of bones and broken pottery. He sent one item to Texas A&M College for identification. The experts ran extensive tests on it and estimated that it had been made several thousand years before the birth of Christ.

### Perkins Lectures Slated April 13-17 At Wichita Falls

WICHITA FALLS—First Methodist Church here will be host to Methodists from many parts of the state for the 1958 Perkins Lectures series. Scheduled for April 13-17, the lectures will feature Dr. Robert J. McCracken of Riverside Church, New York City.

In 1943, Mr. and Mrs. J. J. Perkins established the Perkins Lectureship in their home church. Dr. McCracken will begin his series at 10:55 a.m. Sunday with the subject, "The Perennial Appeal of Jesus." During the week, services will be held at 10 a.m. and 7:30 p.m. and will include the following sermons in the order in which they will be heard: "God, Man and Sputnik," "Maintaining Your Independence Despite Social Compulsion," "The Sky's The Limit," "Self-Pity: Its Cause and Cure," "Where The Christian Ethic Is Distinctive," "Assuming Responsibilities to Match Our Privileges," "The Acquisitive Instinct in Religion," and "Wanted! A Church That Means Business."

### Jazz-Loving Cleric Writes 'Folk Mass' For His Flock

LONDON (AP)—Hep cats of the Camberwell district of south London who hanker for jazz can get it in an unlikely place — St. George's Anglican Church.

At least once a month they can listen to the Mass sung in beguine and shuffle rhythms in the jazzy but reverent "Twentieth Century Folk Mass."

The composer of the Mass was St. George's vicar, the energetic Rev. Geoffrey Beaumont, a pianist who has written at least one piece that comes close to being a musical comedy.

When youngsters — and a surprising number of oldsters — tap their feet to the Rhythmic Mass they are praising God and pleasing him, says the Rev. Mr. Beaumont. "They are worshipping in

their own language and in their own idiom."

The Mass is sung by priest and congregation. An orchestra provides a lively rhythm. Sometimes only a piano and organ are available. But for a major presentation there are saxophones, horns, drums and violins.

The jazzy mass has been gaining popularity, and a surprising amount of approval from high church authorities, since its first production in 1952.

It has been televised and broadcast in Britain. Foreign stations, including American, are beginning to show interest. The Mass is available on long-playing records and sheet music.

Opinions of the Mass, which has been presented in a number of Anglican churches besides St. George's, are sharply divided.

## Easter Buying Ends With Busy Saturday

Saturday, final shopping day before Easter, was windswept and chill but the weather apparently did not deter scores of buyers from their plan to buy holiday finery.

Most stores were enjoying heavy traffic. Shoe departments and the millinery sections seemed to be in most favor but buying was general in all fields.

Merchants said that it was traditional that sale of dresses always drops sharply on the day before Easter and that the shoppers concentrate on hats, shoes, bags and accessories. They explained that most dresses, when bought, have

to be altered and that the shortness of time makes it difficult for the customer to select a gown and get it prepared in time for the big parade.

Most stores said that the week has been a good one and that Friday, despite the wind and dust, was one of the best days of the current Easter buying season.

Stores said that business in clothing for youngsters has been particularly brisk. Most parents, even though they may have elected to economize on their own holiday purchases, have been most eager to be generous with their children.

Many of the patrons in the stores on Saturday were on hand to pick up purchases made earlier in the week and on which alterations had to be made.

Generally speaking, the majority of the merchants seemed well pleased with the Easter trade. They reiterated that the earliness of the holiday and the unsavory shopping weather which prevailed through March tended to cut into the overall volume.

Across the board, however, merchants regard the interval as a good one and on a parity with that of last year. In 1957, Easter Sunday was two weeks later in the spring—an element which had its impact on trade volume. Not only did it afford more shopping time for the customers but it pushed the last week deep enough into the spring to avert the prevalence of disagreeable weather.

Probably the highlight of the last week before the holiday was the determined shopping drive that buyers made on Friday—a day marked by a better-than-average dust storm and swept with winds which gusted as high as 50 miles an hour.

Parking space was anything but abundant in the downtown area Saturday but the suspension of the current street resurfacing program was contributing much to making shopping journeys less difficult.

Today, regardless of the weather, Big Spring residents will be well and gaily garbed when they take their places in the annual Easter parade.

As one merchant put it: "The women may have to wear their coats Sunday but under those coats most of them will be wearing new Easter outfits."

### Quest For Easter Eggs

What's so much fun as an Easter egg hunt? That seems to be the reaction of these two winners of the prize eggs at the hunt hosted by Spoudazio For at Birdwell Park. Guests were pupils in the School for Exceptional Children and their teachers. Thelma McGary, daughter of Mrs. Maggie McGary, is continuing her quest as Carolyn West, daughter of Mr. and Mrs. R. D. West, watches.

### Social Security Agency Requiring Earnings Reports

An annual earnings report must be filed by April 15 by many persons who received monthly social security benefits in 1957. H. P. Thomas, manager of the Odessa Social Security office has announced. This earnings report is computed

for all beneficiaries whose earned income was more than \$1,200 in 1957 and who were under age 72 during any part of the year. Failure to file this report by April 15 could result in a suspension of benefits and a loss of some future benefits. The report form may be obtained upon request to the Odessa Social Security Office.

Earnings to be reported include all amounts, cash or in kind, received for work as an employee and any net earnings from self-employment whether or not such income is covered by the Social Security Act. Income from savings, investments, pensions, rentals or insurance does not count as part of the \$1,200 earnings allowed.

Thomas pointed out that this report of earnings is not required of disabled persons receiving disability benefits. However, if a disabled person recovers to the point that he can perform some substantial gainful work, that fact must be reported to the Social Security office.

Dave Sime Wins 'Race Of The Century' Here

By TOMMY HART Duke's fabulous Dave Sime did what he came to Texas to do—beat ACC's Bobby Morrow here Saturday in the nation's most spotlighted and pressurized race of the year, the 100-yard dash feature of the 14th annual American Business Club Relays here Saturday.

The tall, red-headed speedster from New Jersey led almost from the start. In winning in the very respectable time of 9.6, he nipped second-place Bill Woodhouse of ACC by a scant 15 inches. Morrow was third, a whisker back of Woodhouse.

Woodhouse had beaten Sime in the morning preliminary, at which time he was clocked in 9.6. The race attracted reporters, TV and news cameramen and magazine writers here from all over the country and thrilled a crowd of 6,500. It was run in a cross-wind that was gauged at 20 miles per hour and grew harder as the afternoon wore on.

The victory was the second in three starts for Sime over Morrow. Dave had won the first time the two met in the Drake Relays at Des Moines, Iowa, in 1956. Morrow evened the score in the NCAA meet at Berkeley Calif., later that year.

Friendly Rivals

Bobby Morrow, left, and Dave Sime clasp hands as a sign of friendship after Sime defeated Morrow in the 100-yard dash of the American Business Club Relays here Saturday. Sime and Morrow are co-holders of the world record for the century, both having run the 100 in 9.3 seconds. Sime has won two of his three races with Morrow.

CHAMBERS LAUDS START

Bewhiskered Sime Feared Wind Burns

By DON HENRY Bewhiskered Dave Sime of Duke University seemed a wee bit cocky about 2:15 Saturday afternoon. But who wouldn't: he had just beaten triple Olympic medal winner Bobby Morrow at 100 yards in the "race of the century."

Al Buehler, assistant track coach at Duke, said that getting beat by Woodhouse in the preliminaries Saturday morning snapped Sime out of any complacency he might have had.

Sime grinned widely as he signed autographs in the middle of the field after the historic race. He admitted he was proud to win but he said he would be glad to get back home to see his girl. (He is engaged to marry Betty Quilan, a Duke University junior.)

The 6-foot-2 sprinter hadn't shaved Saturday because he was afraid of wind burns, but looks didn't defeat him in the race; they didn't even count.

Sime's coach, Dr. Bob Chambers said he thought his "boy" came off the starting blocks beautifully and about the same time as Woodhouse—both of them ahead of Morrow. He said he knew that Sime had the race in his hip pocket when they hit the 50-yard marker.

Asked about Sime's moving his starting blocks forward slightly in an effort to get better starts, Chambers said the blocks weren't that important—except to the boy mentally.

TWO COACHES DESCRIBE CLASSIC RACE

Here's the way two prominent coaches, McAdoo Keaton of Southern Methodist and Bob Lane of Arlington State, saw the race between Dave Sime, Bobby Morrow and others Saturday:

Keaton: "It looked like they got off together and were even to 50 yards. It looked like Morrow might have been a little off balance with the strong wind to his back. It is very difficult to run a good race with the wind so strong. Easy to get off balance. I believe Sime had some advantage with wind because he runs with less body angle and that makes it easier to keep balance."

West Texas Team Bowling Winner

DALLAS — A West Texas team Saturday night copped the 5-man team championship of the 21st annual Southern Bowling Tournament with a handicap total of 3,232.

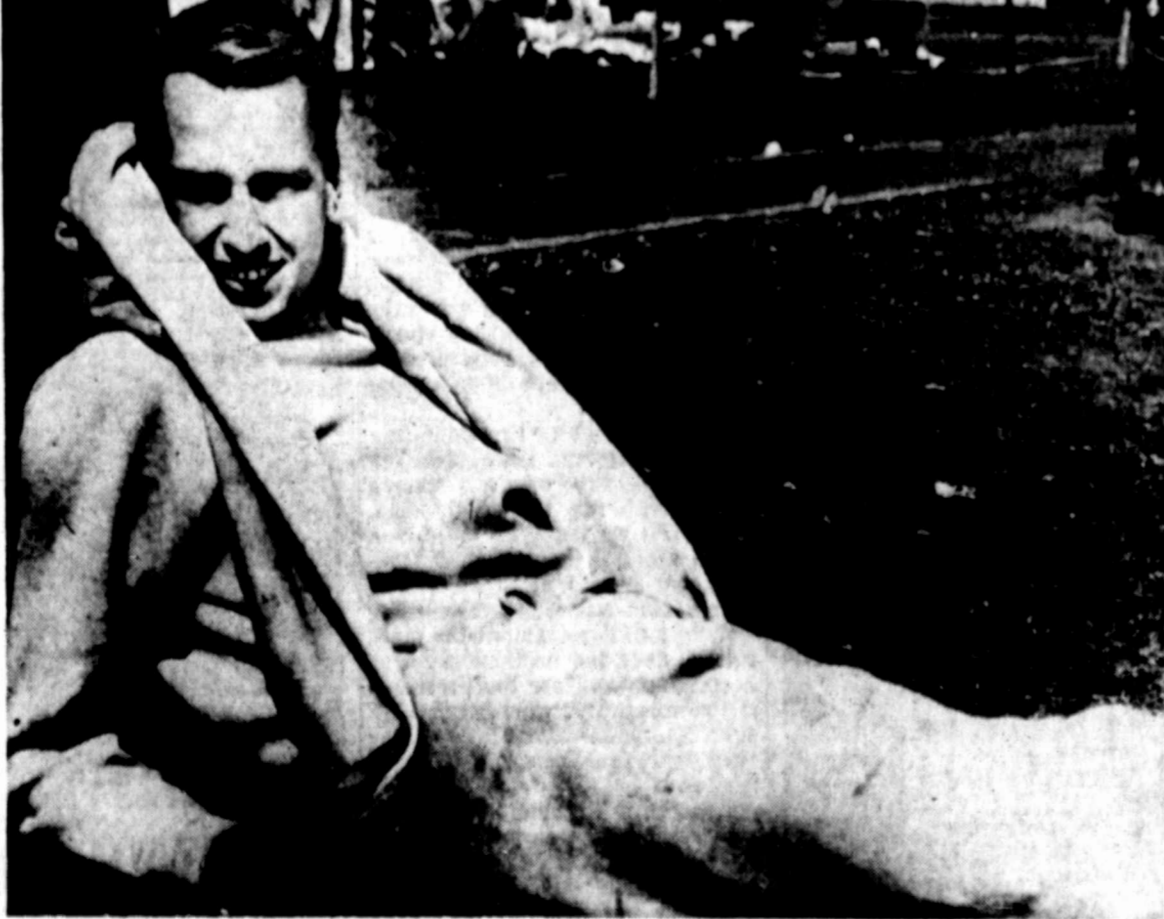

BASEBALL

SATURDAY'S EXHIBITION BASEBALL By The Associated Press Boston 1, Detroit 1

SUNDAY'S SCHEDULE Chicago (N) vs. Baltimore at Scoville; Cincinnati vs. Washington at Knott; Milwaukee vs. Los Angeles at Fort Worth

SATURDAY'S COLLEGE RESULTS By The Associated Press KANSAS STATE New Mexico 6, Wyoming 1

WASH. FOREST at Parris Island, canceled, rain; Iowa Techs at Drake, postponed, wet grounds

Sets New High Jump Record

Bert Holmgren, 6-foot-1 high jumper from Southern Methodist University, takes it easy after setting a new record in the ABC Relays here Saturday. Holmgren, from Sweden, leaped 6 feet, 9 1/2 inches. A sudden burst of wind kept him from clearing the bar at 6 feet, 10 1/2. His record setting spring Saturday was the best of his career.

Ted's 'Caddy' Leads Boston Hitting Parade

By JACK HAND ST. PETERSBURG, Fla. — Best bet of all the rumored trades seems to be the swap that would bring Lou Berberet from Washington to Boston for infielder Ted Lepcio and pitcher Leo Kieley.

Bobby Feller, in St. Pete for his game-of-the-day radio work, didn't hear about the latest Frank Lane trade involving Gene Wooding and Larry Doby until he arrived at the ball park.

Until Steve Bilko pulled a muscle, the hulking Cincinnati first baseman was as hot as any hitter in Florida. His average was .429 for the first 12 games and he had two home runs among his 15 hits.

Al Lopez gets letters daily from a rabid fan back home in Chicago. One of his recent suggestions was a double steal with Sherm Lollar and Walt Dropto, two of the Sox' slowest men, on base.

A fellow named Stan Musial is hitting over .350 for the Cardinals who also are excited about the spring showing of Ken Boyer, a 1957 disappointment, currently hitting over .350.

Pancho Herrera, the Phils' rookie first baseman, hasn't impressed Manager Mayo Smith at bat. . . Robin Roberts is experimenting with some slow stuff.

PALMER, SNEAD TIED FOR MASTERS LEAD

By HUGH FULLERTON JR. AUGUSTA, Ga. — Young Arnold Palmer, playing his fourth year of professional golf, holed a tremendous 25-foot putt on the 18th green Saturday and tied old master Sam Snead for the lead after three rounds of the 22nd Masters Tournament.

Wins Highest Award Raymond Hogg (right) of Big Spring is holding with a certificate which identifies him as a winner of the National Rifleman Association's highest award, the Junior Rifle Award, given him for expert shooting. With him is his instructor, Leslie Snow.

Jack Corbett Is Ramrod Behind Proposed League

VAN NUYS, Calif. — Promoter Jack Corbett, a controversial figure in baseball for 35 years, said today he has shifted his interest to football and that plans are going ahead for the organization of another professional league.

faded just a bit on the third round — not as bad a blowup as he experienced two years ago on the final round—but that was all his challengers needed. He finished with a 74, after three-putting the last green, for a 214 total.

First Snead took the lead almost as it became evident Venturi couldn't hold it. Then Palmer tied. Then one after another, the challengers who had chances to draw even with those two tied and failed.

Art Wall Jr., after shooting three straight birdies on the back nine, missed out when he hit into a trap on the last hole. He needed a birdie three to make it a three-way deadlock.

Next it was Cary Middlecoff, a former Masters winner and two-time National Open champion, who needed a birdie on the 18th to tie. He missed his shorter putt for a birdie and had to settle for a 69 and third place at 212.

Wall wound up two strokes behind, tied at 213 with two touring pros from Odessa, Tex. — red-haired Billy Maxwell and silver-thatched Bo Winger — and Al Mengert of Westfield, N. J., who plays circuit golf only during the winter.

At 214 were Venturi, Fred Hawkins of El Paso, Tex., and Billy Joe Patton, the wisecracking amateur from Morganton, N. C., who has a habit of causing disturbances in the Masters.

Doug Ford, the defending champion who came from behind on the last round a year ago, still was in striking distance at 215, where he was bracketed with Canada's Stan Leonard.

It still was anybody's tournament with only 18 holes to go as the normally difficult par 36-36—72 Augusta National Course presented few problems to the pros. There were eleven of them under par for the three rounds and every one had a chance to come out on top.

Corbett said there is no intention of waging a battle with the National Football League because his projected loop would not try to gain entry into any city where the NFL operates.

Corbett said a number of cities were under consideration for possible franchises. Included are Miami, Houston, Dallas, St. Paul, Buffalo, Denver, St. Louis, Kansas City, Milwaukee, Boston and Cincinnati.

One Fellow Who Didn't Worry

The excitement and the bad weather which prevailed during the 14th running of the American Business Club Relays here Saturday didn't worry Kenneth Henson (above) of San Angelo, who took a rest in the middle of the field, using a jacket over his head to keep out the wind and the sand.

## 2 NEW TOURNEYS SET

AUGUSTA, Ga. (AP)—A two-year contract for a \$50,000 open golf tournament in Chicago was signed Saturday by PGA officials and the Chicago sponsors, John and Ed McNulty.

This year's tournament will be played July 31-Aug. 3 at Glen Eagles Country Club in suburban Lemont. The McNulty brothers own the club.

The Chicago Open Invitational is one of two tournaments scheduled to replace George May's Tam O'Shanter World and All-American events, which may be canceled Monday night.

Arrangements for the other tournament—the Eastern Open at Baltimore—are almost completed. PGA President George Sargent said. Sargent said he hopes to be able to make a definite announcement by Sunday night. It will be played the week before the Chicago tourney.

The second annual Chicago Open Invitational will be played in 1959 unless the PGA championship is held in the Chicago area that year. In the latter event, the new \$50,000 event will be played in 1960.

# Boston Sox Show Biggest Improvement In Training

By JOE REICHLER

NEW YORK (AP)—Observations of a baseball camp follower returned home after a seven-week tour of the 12 major league spring training camps in Florida.

Best looking team — Milwaukee Braves.

Most improved team — Boston Red Sox.

Most confident manager — Al Lopez, Chicago White Sox.

Most spectacular hitting feat — Stan Musial, Cardinals, going five for five, including four straight hits against Warren Spahn, Braves' southpaw ace. Neil Christley, Senators, hitting three home runs, driving in six runs against Detroit.

Most spectacular pitching feat — Dave Sisler, Red Sox, pitching nine innings of no-hit ball against Milwaukee and St. Louis, retiring 27 men in a row after the first batter he faced reached base on an error. Don Drysdale, Dodgers, yielding four hits and one run in 13 innings, against Boston, Detroit and St. Louis, over a stretch of 10 days.

Most disappointing pitchers — Robin Roberts, Phillies, yielded 30 hits and 16 runs in first 24 innings. Paul Foytack, Tigers, rapped for 29 hits and 22 runs in 12 1-3 innings.

Hottest hitters — Bill Skowron, Yankees, batted .417 (20 of 48) through April 1. Casey Wise, Braves, batted .528 (19 of 36).

Most disappointing hitter — Ed Bailey, Redlegs, collected only three hits in first 31 times at bat.

Most improved hitters — Harry Anderson, Phillies; Randy Jackson, Dodgers; Tito Francona, White Sox; Gene Stephens, Red Sox.

Most improved pitchers — Lindy McDaniel, Cardinals; Bob Purkey and Tom Acker, Redlegs; Danny McDevitt, Dodgers; Ralph Terry, Athletics; Dave Sisler, Red Sox.

Most promising rookies — pitchers: Carlton Willey, Braves; Bennie Daniels, Pirates; Roman Semproch, Phillies; Bob Shaw, Tigers; Ralph Lumetti, Senators; Bob Smith, Red Sox. Infielders: Dick Gray, Dodgers; Mike Baxes, Athletics. Outfielders: Vada Pinson, Redlegs; Marty Keough, Red Sox; Albie Pearson, and Neil Chrisley, Senators. Catchers: Haywood Sullivan, Red Sox; Steve Korcheck, Senators; Dutch Dotterer, Redlegs; Joe Pignatano, Dodgers.

Most heart warming episode — Ted Kluszewski, sidelined most of last year by a sacroiliac condition, smashing two home runs and a single to drive in five runs for Pittsburgh.

Stirling Moss Has Best Speed Average

GOODWOOD, Eng. (AP)—Stirling Moss of Britain, driving a two-liter Cooper Climax, turned in the best average speed Saturday in trials for Monday's 100-mile race for Grand Prix racing cars.

Moss went round at a speed of 94.12 miles per hour in a car about half a liter smaller than his rivals.

Jean Behra of France had the next best lap with a speed of 93.71 m.p.h. He was at the wheel of a BRM.

## Carlos Leads Chick League

Carlos maintained its lead in the Webb Chicks League by taking Gillihan's 3-1. Conoco with a 3-1 advantage over Seven-Up and Coker with a 3-1 win over Handicap kept pace.

Marie McCullough (Coker) was high individual with 223, followed by Margaret Goodwin (Coker) 190. High series was rolled by Marie McCullough with 543 and Marie Raughley (Conoco) with 511. High team game was Coker with 686 and Conoco with 651. Coker also had high series with 1,956 and Conoco was next with 1,909.

Splits picked up with Lucie Garrison (Handicap) 4-7-10; Rom Bachstadt (Handicap) 5-6; Audrey Piper (Carlos) 3-1; Angie Merrill (Gillihan) 3-10; Shirley Bishop (Carlos) 3-10; Vi Parker (Gillihan) 5-6; Lois Slavin (Conoco) 3-10; Patsy Morton (7 Up) 4-5; Wilma Sheppard (7 Up) 7-2; Jessie Watson (7 Up) 5-10 and 7-5.

The standings:

Team	Won	Lost
Carlos	17 1/2	23 1/2
7-Up	58	50
Conoco	54	54
Coker	49 1/2	58 1/2
Handicap	45 1/2	62 1/2
Gillihan	42 1/2	65 1/2

## Speake Grounder Wins For Giants

EL PASO, Tex. (AP)—Bob Speake slashed a grounder into right field with two out in the bottom of the ninth and scored Whitey Lockman from second as the San Francisco Giants edged the Cleveland Indians 5-4 before 4,500 chilled fans Saturday.

The blow broke a tie game marked by the earlier pitching brilliance of Herb Score and Ruben Gomez, who went eight innings—the longest stint by any Giant hurler this spring.

Lockman was running for Marv Grissom, the winning pitcher, who singled off loser Carl Thomas to start the winning rally.

Score worked five innings and was tagged for three runs on as many hits. He retired the first eight batters, fanning the first five in a row. His first weakness was a walk to Gomez in the third frame.

## JayHawkers Scrap Back To Triumph

HOUSTON (AP)—Rice jumped to a 6-1 lead in the first inning of its baseball game here Saturday but the University of Kansas came back to win the seven-inning contest 13-9 by scoring in six innings.

Rice committed seven errors and Kansas pitcher Larry Miller gave up 10 walks, seven of them in the first inning.

The Jayhawks and the Owls battled to an 11-11 tie Friday in an 11-inning contest.

Miller was the winning pitcher and Jim Brock was charged with the loss. It was the first victory of the season for the Kansas team.

Kansas plays the University of Houston here Monday and Rice meets Texas A&M here Tuesday.

## Silky Sullivan May Enter Eastern Race

NEW YORK (AP)—Silky Sullivan, the West Coast 3-year-old sensation, may race in the East after the Kentucky Derby, his trainer said Saturday.

Cornell said both winners are anxious to show their horse to Eastern racing fans.

Silky will be flown to Louisville from California next week. Cornell said he would probably run in a final Derby warmup on April 28, a week before the Derby.

# All Dressed Up For

## EASTER

IN BRIGHT ARRAY FOR SUNDAY SCHOOL are the children of Mr. and Mrs. Bobo Hardy, 1702 Morrison. Mary Heather, 3½, wears a frock of linen and organdy with a white half-hat and a pouch bag, with white shortie gloves. The full organdy skirt, dotted in green, joins a pale green linen bodice which fastens in the back with crystal buttons. A half belt in the back gives a grown-up air. William Patrick, who is two years old, is quite a fashion picture in a blazer of cocoa, black and white, with short slacks in a matching cocoa shade: One-year-old Michael is dressed in a white outfit.

News of

**WOMEN**

Big Spring

HERALD

Sunday, April 6, 1958

THE DIGNITY OF A SIX-YEAR-OLD is personified by Gregory Grice, as he sits between twins, Kim and Kit, 20 months old. Beige and brown were chosen by Gregory for his Easter suit of sport coat and slacks, while his brother, Kit, is attired in a suit of white linen. The blue of Kit's eyes is intensified by the blue slip under the white organdy frock, which she wears with blue socks and white slippers. Tiny rosebuds are embroidered on the straps holding the sash of blue satin in place around her waist. The three are the children of Mr. and Mrs. Doyle Grice, 605 Elgin. (Photos by Keith McMillin).

WEARING YOUR EASTER FINERY is serious business, according to Dana Maria Mancill, 2½-year-old daughter of Mr. and Mrs. J. E. Mancill, 1514-A Sycamore. Looking as if she is in a pink cloud, Dana wears a dotted nylon frock in frothy pink, with lace trim on the bodice and full skirt. Underneath is a very feminine slip with the addition of net layers to emphasize the bouffant effect. White shortie gloves, a half-hat and bag complete her attire. An added touch is the tiny rosebud on each of the patent slippers.

**New Big Spring Boosters**

Mr. and Mrs. Charlie Kern, Cindy and Terry pause on the Settles Hotel mezzanine for a quick look at television. The newly installed TV set is in an informal lounging center which is an innovation by Kern, general manager of the Settles and Crawford Hotels. The family came here in February from California.

## Hotelman And Family - From Sunny California To Sunny Big Spring

Have you been in the Settles Hotel recently and noticed the face-lifting program under way? If you have, you've probably had the impulse to walk into the manager's office and shake his hand. And if you did, you would have met Charlie Kern. With his fam-

ily, he arrived here February 9 from San Bernardino, Calif., to take over as general manager of both Settles and Crawford Hotels, under the Federal Hotel Co. of Santa Monica.

Kern formerly managed the Arrowhead Springs Hotel, a resort hotel that was at one time under the fabled Hilton ownership. Cindy, the Kerns' 9-year-old third grader, wistfully recalls the string of horses at the guests' disposal; she is a would-be equestrienne. Terry, 11, and a fourth grader at East Ward, is in his element on the baseball diamond. His favored position is right field.

Both Mr. and Mrs. Kern are natives of Ohio, but his 13 years in Nevada gave him a certain liking for that state. Mrs. Kern is intrigued by the beautician's profession and is hopeful of one day completing her study for this field of work. She is herself an attractive blonde.

Since his arrival, Kern has instigated an ambitious "clean-up" campaign at the Settles. The ballroom, long a familiar setting for civic and social functions, is emerging in new dress. Gilt trim gleams against the freshly painted pale grey walls. Crystal chandeliers are to replace the present lighting fixtures.

In the diningroom the walls now boast a brilliant flamingo hue. Soon the partitions which cut the north end of the room into small commercial quarters will be torn out, says Kern, and the diningroom will be restored to its original dimensions. The lobby walls have been retouched and the elevators brightened.

Kern and his company are promoting good service and food, and plan to do their share in helping to meet the critical housing needs of increased personnel at the air base.

He has made it known that the club rooms and ballroom of the hotel are open to civic and church organizations of the community, free of charge.

## Lamesans Have Double Ring Rites

LAMESA—Wedding vows united Nancy Jane Powell and Tommy D. Merrick in a double ring ceremony read Thursday evening in the First Methodist Church by the Rev. J. Lloyd Mayhew, pastor of the church.

Parents of the couple are Mr. and Mrs. Bert R. Powell and Mr. and Mrs. J. M. Merrick all of Lamesa.

The setting for the ceremony was formed with an archway entwined with carnations, stock and fern. Baskets of white stock interspersed with carnations flanked the archway along with branched candelabra linked with white satin ribbon.

Mrs. Lavoy Miller, pianist, accompanied Julia Holder as she sang "I Love Thee" and "Because."

The bride was given in marriage by her father. She wore a bridal gown fashioned of French Chantilly galles, designed with a keyhole neckline topped by a turn-down tab collar, bejeweled with iridescent sequins and seed pearls. Her long tapered lace sleeves were fastened with tiny self-covered buttons. From the fitted bodice which extended to a V front fell a bouffant ruffled tulle skirt with a lace pleum overskirt.

She wore a crown of pearls and rhinestone from which floated a fingertip veil of nylon tulle. White gardenias were used to form the bridal bouquet, carried atop a white Bible. Stephanotis showered the arrangement.

Joan Tarter, maid of honor, wore a ballerina length dress of blue embroidered organdy over matching taffeta. Designed with a rounded neckline, puffed sleeves and a full skirt, the dress featured a white taffeta sash. She carried a bouquet of white carnations.

D'linda Shillingburg of Lamesa and Sandra Pratt of Lubbock, bridesmaids, were gowned identically with the maid of honor; Miss Shillingburg wore pink and Miss Pratt, yellow.

Harold Hohn was best man; ushers included Marion Powell and Fred W. Bell, Lamesa; Otis Arnett, Andrews, and Raymond Witte, Big Spring.

The reception was held in the parlor of the First Methodist Church. Sharon Schoonover registered guests, and music was furnished by Mary Beth Dudley. Mrs. M. E. Powell and Mrs. Rex Stone- street were at the bride's table.

For traveling to South Texas, the bride chose a pink suit with pink and white accessories.

The bride is a senior at Lamesa High School and is employed as bookkeeper at Powell Dairy. Her husband was graduated from O'Donnell High School and attended Texas Tech. He is presently engaged in farming in the Woody Community.

**Plans May Wedding**

The Rev. and Mrs. James S. Parks of McKinney, are announcing the engagement and approaching marriage of their daughter, Barbara Jean, to Charles M. Modisette, 504 East 12th. He is the son of Mr. and Mrs. E. F. Modisette of Haynesville, La. Wedding vows will be exchanged May 16 at the local Baptist Temple. Rev. Parks, who is now chaplain at the McKinney VA Hospital, is a former pastor of that church.

## Spring Shoes Take Shades Of Rainbow

For spring-into-summer wear, shoes are in a color scope of dewey fresh floral prints and stripes in silks and soft leathers, in melting, blending and glowing tones for color excitement.

A word of caution: Prints and striped shoes should be worn as accents with solid color wearing apparel, and never, never combined with different prints or stripes.

Cool hues of moss green blend with turquoise and blue to make a closed toe sling pump, with the throatline enhanced by a huge double butterfly bow.

A shoe which must be seen for the absolute beauty of it is in soft, smooth, white calfskin, delicately imprinted with tiny May flowers

## Eager Beaver Club

A former member, Mrs. Denver Yates, was a guest of the Eager Beaver Sewing Club at their meeting Friday afternoon in the home of Mrs. Pat Patterson. Five members were present. It was announced that Mrs. Vern Vigar, 1610 Avion, will be the next hostess.

## United Nations Women Knit World Together

AP Newsfeatures  
They say that many of the world's troubles would be settled, if the women of all nations could get together to trade recipes and do a little needlework.

For women can cook and sew and knit in all languages, and they need no interpreters.

An example of this takes place regularly in New York City, when women of the United Nations meet to knit garments for the world's children.

Racial and national differences are forgotten as women from Pakistan and Haiti, from Yugoslavia and Japan, from Africa and America get together over their knitting needles.

The United Nations Women's Guild provides a common meeting ground for wives and daughters of delegates from all countries, and the busy fingers of the members have turned out thousands of warm knitted garments for children all over the world.

Miss Ming, who is now in Harlan, Ky., is a former resident of Big Spring. She will be married to Dr. Walter H. Stephuchek on April 26 in the Holy Trinity Catholic Church, Harlan.

## Discard Those Winter Beauty Aids; Replace With New Gadgets

Come spring, it's a happy idea to clean out one's handbag and discard the winter-wearied old compact and lipstick in favor of fresh ones.

There's a new set of these two beauty necessities just now on the market. It includes a creamy lipstick and a lightweight tortoise shell compact with pressed powder. Both lipstick and powder contain royal jelly and the set is a special offer that is a honey of a beauty buy.

The pressed powder, with its own built-in foundation, comes in a choice of three shades: Special Blend, recommended for ivory or golden-tinted skins; Glo Rachel for pink skin tones, and South American, for neutral.

Lipstick shades include Really Pink, Edwardian Rose, Right Red, Figurine Look, Siren, and Flamboyant.

**Engagement Announced**

The engagement and approaching marriage of Sherry Lane Kennedy to Joseph Patrick Nixon has been announced by her parents, Mr. and Mrs. Roy Kennedy, Coahoma. He is the son of Mr. and Mrs. Joe Nixon, also of Coahoma. The wedding will be an event of April 19, hour and place to be set.

**Let Women Design Car Interiors For Comfort**

By NORMA GAUHN  
DETROIT — Women don't go for the sack—or unfitted—look in new cars.  
That's what General Motors Corp. found when it set its women stylists to work designing 10 special automotive interiors.  
You might need a mail order catalogue to list all the extras. But you'd ride at ease amid such feminine touches as built-in picnic kits, dictating machines, makeup boxes and fur-covered trash containers.  
To say nothing of spare tires with slipcovers in pastel stripes, luggage to match; map pockets all over the place and blinking red lights to warn passing traffic when car doors are open.  
The 10 "daydream" cars are the luxurious brainchildren of the six women in GM's Automotive Styling Division.  
Their boss, GM head of styling Harley Earl, is convinced women have a real pointed toe-hold in automotive design. That voice in the back seat, he says, has moved up front with the final say in three out of four new car purchases.  
Public reaction to ideas in the 10 special cars, Earl said, may determine whether they are in-

cluded in future GM models. Such as:  
A sports car with seat covers to suit the season: leather for spring, terry cloth for summer, imitation fur for winter.  
A station wagon with a magnetic car game on the back of the front seat, to keep small fry amused on the nursery school run.  
Trunks lined with plastic pockets for maps and other travel clutter; special straps to keep groceries upright.  
Compartments fitted into the front seat to hold picnic supplies, binoculars and cameras.  
Built-in cases for umbrellas, collapsible luggage and portable radios.  
The women stylists are all anti-litterbug. Each car has a trash container, including one covered with black mouton to match interior upholstery.

**Home For Holidays**

Kay Willcox, student at Texas Christian University, has been home for the Easter holidays with Mr. and Mrs. Jack Willcox. She will return to Fort Worth on Monday.

**COSDEN CHATTER**

**Employees Take Trips During Easter Season**

Mr. and Mrs. Angy Glenn will spend the weekend in Breckenridge with his mother, Mrs. Nancy Glenn.  
W. P. Turner and L. H. Purler from Lubbock were visiting in the office Wednesday.  
Grace Kinney is spending the weekend in Oklahoma City.  
Mr. and Mrs. Arch Ratliff attended the opening of a Col-Tex Station in Odessa Saturday.  
Fayrene Davis is spending the weekend with her parents, Mr. and

Mrs. V. C. Davis and brothers, Delbert and Marion, in Fort Worth.  
Patsy and Glen Hancock are spending the weekend in Spur with the Pankin McGeebees.  
John Kelly is visiting his children, John and Constance, in Waco and will then go to Houston on business.  
Birt Andres is visiting his family in Kilgore.  
Mrs. Bill Bernard is visiting her parents, Mr. and Mrs. Marvin Miller, this week.  
Congratulations to Mr. and Mrs. J. M. Hill on the birth of their son on March 31.

**Homemakers Class Has Social Meeting**

The monthly business meeting and social of the Homemakers Class, East Fourth Baptist Church, was held Friday night at the home of Mrs. G. C. Ragsdale. Mrs. T. B. Clifton and Mrs. Joe D. Williams were her cohostesses.  
After the opening prayer by Mrs. Williams, the group heard a devotion by the teacher, Mrs. Rufus Davidson. Her subject was the Crucifixion and the Resurrection.  
Mrs. Lucille Samples had charge of the social, when games were played and secret pals exchanged friendship quilt blocks. An Easter motif was followed in the decorations and refreshments.  
Two guests, Mrs. J. M. Meek and Mrs. Lillian Patton, joined the eight members for the evening.

**Forsan Pupils Have Easter Egg Hunts**

FORSAN — Easter egg hunts were the order of the day at the Forsan school Friday afternoon, with room mothers and teachers sponsoring the annual event for the elementary grades. School was dismissed until Tuesday.  
Beverly Jo and Koren Breithaupt of Odessa have been here as guests of their grandparents, Mr. and Mrs. John Cardwell.  
In Hawley for a visit are Mr. and Mrs. Harold Fraser and children.  
Mrs. and Mrs. Frank Thieme and children are in Brownwood, this weekend, visiting friends.  
Guests in the home of Mr. and Mrs. R. W. Dolan were A. I. C. Rudy Dolan and S. Sgt. and Mrs. Raymond Gish and Gary, all of El Paso.  
Spending the weekend in San Antonio are Mr. and Mrs. Jim Snelling. They are guests of her sister, Mrs. Audrey May.

**Guild Will Meet**

St. Mary's Guild of the Episcopal Church will meet Monday at 2 p.m. at the Parish Hall.

**Bridal Party Series Gets Underway Friday**

Friends of Mr. and Mrs. Clyde Angel gathered Friday to honor Jimmie Lou Angier, bride-elect of their son, Robert Angel. The bridal tea was given in the home of Mrs. Robert Stripling.  
Miss Angier, daughter of Mr. and Mrs. Sam Angier of Maracai-bo, Venezuela, will be married to Angel, June 15, in Huntsville, former home of the Angiers.  
Greeting guests was Mrs. Stripling. She presented Mrs. Angel and the honoree, along with Mrs. G. W. Tate of Lubbock, mother of Mrs. Angel.  
Visitors were invited into the dining room by alternating hostesses and were served refreshments from a table in yellow and white. The cloth was of cutwork, and a central floral arrangement of yellow and white snapdragons was held in a silver bowl.  
Assisting with the serving, registry and display of gifts were Peggy Hogan, Marie Hall, Kenda McGibbon, Sally Cowper, Glenna Coffey, Mrs. Louis Stipp, Mrs. Roger Brown, Frances Reagan and Margie Keaton.  
Hostesses joining Mrs. Stripling

**Home Ec School At Texas Tech Slates Annual Open House**

LUBBOCK — Exhibits, demonstrations and style shows will be featured in the 21st annual open house of the Texas Tech School of Home Economics, scheduled April 18-19.  
The open house will be held at 1 p.m., April 18, and continue through 9 p.m., and again April 19, from 9 a.m. to 5 p.m.  
A special feature will be a luncheon honoring home economics exes and graduating seniors from 11:15 a.m. to 1:30 p.m., April 19, in the Union building ballroom. Luncheon tickets are \$2 each.  
There is an April 16 deadline for luncheon reservations which should be made with one of three Lubbockites: Mrs. J. G. Keyes, 2217 31st, SH 4-5259; Mrs. Dave Sherrill, PO 2-5585; or Mrs. Kenneth James SW 9-7265.

**Jeffcoats Visit Here**

Guests in the home of Mr. and Mrs. Y. D. Jeffcoat and Harold have been Mr. and Mrs. Glynn Jeffcoat, Jimmy and Johnny of Temple City, Calif. The younger Jeffcoats were on their way to Smithport, Pa., where her father is ill. Harold accompanied his brother and sister-in-law to Pennsylvania, while Jimmy and Johnny remained here with their grandparents.

MRS. PAUL WALTER NOOTBAAR

## Easter Lilies, Palms Form Altar For Nootbaar - Griffin Ceremony

Easter lilies and palms combined for the altar at which Janie Griffin became the bride of A.I.C. Paul Walter Nootbaar Friday evening in the First Christian Church. The double ring ceremony was read by the Rev. Clyde Nichols, pastor of the church, before an arch covered with fern and lilies. Baskets of lilies and candelabra stood on each side of the arch.

The bride is the daughter of Mr. and Mrs. Garner McAdams, 211 Dixie; the bridegroom is the son of Mrs. Fred Nootbaar of Posen, Ill.

Music, played by Jerilyn McPherson, included the wedding marches by Mendelssohn and Wagner; "O Perfect Love," by Barry; "Claire de Lune" by Debussy; "To A Wild Rose" by McDowell; and "Melody of Love" by H. Engelman.

McAdams gave his stepdaughter in marriage. The bridal gown was fashioned of white imported Swiss organdy. Appliques of hand-clipped designs from Alencon lace were outlined with tiny seed pearls and marked the deep V of the neckline and the basque waistline, which came to a point in front. Matching appliques also highlighted the wide scalloped peplum over the circular skirt which swept into a chapel train.

A cascade of iridescent sequins, seed pearls and Alencon lace carried the elbow length veil of illusion, which was outlined with pearls. Organdy gauntlets were also lace-trimmed.

The bridal flowers were formed into a cascade bouquet of butterfly orchids centered with a large white orchid, showered in picotéd white ribbon. Pearls sparkled the lace leaves, which were interspersed among the orchids.

Following tradition, the bride wore a string of pearls, which had been given to her at the age of six by a friend, Mrs. Rufus Morton. Her bridal attire was new, and she had borrowed pearl earrings from Mrs. T. J. Proctor. She wore a blue garter.

covered the white satin used on the bride's table. Floor length, the net was caught at intervals with silver wedding bells. A silver candelabrum was the support for lilies, white stock and pink rosebuds, and matched the silver punch bowl used for serving.

On a lazy susan, a three-tiered cake was arranged in scallops and held a bridal pair under an arch of pink sweetheart roses. A wedding bell completed the base of the grouping.

In greeting guests, the newly-wedded couple was assisted by Mr. and Mrs. Garner McAdams, the bridegroom's sister, Mrs. Clint Bynum of Posen, Ill.

At the registry was Barbara Jo Moelling. Others assisting in the house party were Mrs. Don McAdams, Sue Boles, Mrs. Ira Thurman, Marie McDonald and Smockey Brown of Valentine.

For a wedding trip to Carlsbad, N. M., the new Mrs. Nootbaar chose a black sheath with white scoop collar; she wore a single white orchid and small white hat. Her accessories were black patent.

Upon the return to Big Spring, the couple will be at home at 1105 Owens. The bridegroom, a graduate of Blue Island, Ill., High School, is stationed at Webb Air Force Base.

The bride is a member of Theta Rho Girls Club, a charter member of the Civic Theatre Group and is a member of the Rainbow Girls.

In Big Spring High School, she holds membership in the Latin Club, the Spanish Club and the cappella choir.

Guests from out of town were Mr. and Mrs. Bob Estes and Ains-

ley of Midland; Lauree Douglas of Odessa; Mr. and Mrs. Louie Alonzo of Harvey, Ill., sister and brother-in-law of the bridegroom; Mr. and Mrs. Hugo Vogelsson of Winters; Mrs. J. B. Copeland of Tyler; Mr. and Mrs. Roy Crimm, Mr. and Mrs. Souvall Britton, Fran, Corky and Cindy, all of Stanton.

## Miss Tarlton Is Bride Of D. McGregor

LAMESA—A double ring ceremony, read at the home of the bride's grandparents, Mr. and Mrs. Joe B. Tarlton, 1311 N. Ave. 1, united in marriage Donna Kay Tarlton and David Tyrus McGregor, Thursday evening.

Parents of the bride are Mr. and Mrs. J. B. Tarlton Jr. of Lamesa. The bridegroom is the son of Mrs. J. B. McGregor of Patricia and the late Mr. J. B. McGregor.

W. T. Hamilton, minister of the Lamesa Church of Christ, read the double ring ceremony as the couple stood before an archway entwined with greenery and spider mums.

Given in marriage by her father, the bride wore a gown of imported ice blue lace. The bodice was designed with a rounded neckline and three-quarter length sleeves. To the waist was joined a waltz length skirt made of lace with an inset in the center back of tiny net ruffles. Her shoulder length veil was joined to a plateau cap of lace dotted with seed pearls. She carried a white Bible showered with Stephanotis and centered with white gardenias.

An arrangement of white spider mums decorated the serving table for the reception held following the exchange of vows. Close friends and relatives attended.

When the couple left on a wedding trip to New Mexico, the bride chose a navy sheath with matching duster. Her accessories were white and she wore a gardenia corsage.

Mrs. McGregor was a junior at Lamesa High School. Her husband attended Klondike High School and is now employed at the Ford Motor Co. in Andrews where they will make their home.

To Wed

Mr. and Mrs. J. D. Kee announce the engagement and approaching marriage of their daughter, Shirley, to Royce Elam. He is the son of Mrs. Emmie Elam of Lubbock. Their wedding will be an event of May 30 in the sanctuary of the First Baptist Church.

Don Richardson attended the bridegroom as best man. Ushers were Don McAdams and Bob McAdams, brother and cousin, respectively, of the bride; Troy McClendon and Pete Branaugh.

At the reception in the McAdams home, a white net overlay

# HI-TALK

By Brenda Barr

Spring is here as nature seemed to prove this week with her warm sunny days and the sudden change to summer clothes. Every one at BSHS, especially, felt it with the anticipation of the Easter holidays.

Quite a few girls were looking forward to them because of the arrival of the boys from college. Punky Boyd, Prissy Pond, Sandy Hale, Pat Neill, Mary Lane Edwards, Janet Carpenter, Opal Hancock, Malinda Crocker, Nita Jones, Karen Montgomery, and Sharon Creighton were seen excitedly awaiting the arrival of Gary Tidwell, Clinton Whitley, Lewis Porter, Jerry McMahan, Lefty Reynolds, Dennis Jones, Billy Johnson, Stormy Edwards, Art Dodds, Roy Hughes, and Glenn Jenkins.

Following the Easter assembly Thursday school was let out for the holidays. The Easter message was delivered by the Rev. Clyde Nichols, pastor of the First Christian Church. Barry Clayton did an unusually beautiful chalk drawing of the crucifixion accompanied by a short speech. The choir sang several numbers in keeping with the spirit of the occasion.

The Key Club had a barbecue, hayride, and dance Thursday night. Sherry Lurting and Johnny Roy Phillips, Shirley Terry and Donnie Everett, Valjean LaCroix and Tommy Buckner, Lynne Porter and Bob Leach, Modesta Simpson and Buddy Barnes, Carolyn Sewell and James Howard Stephens, Lyn Anderson and Bill Parsons, Barbie Coffee and Stephen Baird were among those enjoying the fun.

The affair was held in honor of this year's Key Club sweetheart, Marilyn Bigham. Stephen Baird, Key Club president, stated that Marilyn was awarded this honor principally because of her sparkling personality, her beauty, and vivacity. These are only a few of the qualities that go to make up a very deserving sophomore girl.

Friday night Mary Jane Weaver, Edgar Phillips, Dee Maberry, George Lowke, Linda Russell, Billy Bob Lewallen, Sherry Huffstetter, Kenny Gafford, Pat Irwin, Don Cannon, Beverly Martin, John Puckett, Pat Rogers, Jimmy Anderson, Linda Woodall, and Jimmie Simmons were seen at the midnight show.

How would you look if you had just been shipwrecked? This question was answered Saturday night by those attending the shipwreck dance at the Cosden Club. Sammie McComb and Wendell Brown, Judy Mikesell and Dennis Holmes, Judy Cauble and Donald Hewett, Kathleen Thomas and Mike Musgrove.

## NEW LINES

### Bell-Shaped Frock Can Do Double Duty

Herbert Sondheim's perfect city day dress is conservative enough for the office, yet fashionable enough for the cocktail hour.

The skirt is bell-shaped—the neckline, high and wide with the collar knotted in a tie-end.

The front dress panel is cut-in-one with the sleeves.

Make it in a cotton print now, and in the fall, in the rich, dark satin as originally designed.

From this chart select the one size best for you:

Size	10	12	14	16	18	20	22	24	26	28	30	32	34	36	38	40	42	44	46	48	50	
Bust	32	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62	64	66	68	70	72	74
Waist	26	28	30	32	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62	64	66	68

her efforts add up to a coveted membership in the Quill and Scroll, honorary journalism society.

Her future plans, Janice says, include HCJC as a business major and marriage.

## Make A Gay Toy Clown

By DOROTHY ROE

Associated Press Women's Editor  
Every youngster loves to collect pillows, stuffed toys and dolls to decorate the bedroom. In fact, plenty of college girls still treasure the toys they loved as babies.

Since dolls with just the right personality are sometimes hard to find, whip one up on your sewing machine.

A toy clown is made from a standard pattern and requires only a half yard of white fabric for the body; three-eighths yard each of solid red and red and white fabric for his suit and one-eighth yard bright blue cotton for the ruffle around his neck.

A magic blue transfer in the pattern envelope takes care of his face.

He may be stuffed with shredded foam rubber, or with cotton batting. Use scraps of black felt or plastic for his shoes and bits of yarn from the kitting bag for his pom pom button set, his hair and his shoe laces.

The embroidery may be done with an automatic sewing machine. Simply dial a narrow satin stitch for his eye-brows and use the stitch of your choice to apply his red mouth.

The clown may be dressed to blend with the bedroom decor—in pink and white, for example, or yellow and green.

This same pattern envelope contains directions for the clown's older brother—a big fellow 27 inches tall, designed to be hung on the door to use as a laundry or pajama bag.

### Keep Cool Prettily

Simple as can be and so pretty for summertime. Sleeveless day-timer with low neck front and back to resist the heat.

No. 1303 with PHOTO-GUIDE is in sizes 12, 14, 16, 18, 20, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100.

Send THIRTY-FIVE CENTS in coins for this pattern—add 5c for each pattern for first-class mailing. Send to IRIS LANE, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y.

Send 35c today for your copy of Home Sewing for '58. A complete sewing magazine for every woman who sews for herself and her family. Gift pattern printed inside the book.

### The Jerry Fullens Feted At Shower

FORSAN—Mr. and Mrs. Terry Fullen of Midland were feted with a wedding shower Saturday night in the fellowship hall of Forsan Baptist Church.

Mrs. E. O. Bassinger greeted guests while her cohostesses, Mrs. T. R. Camp and Mrs. John Butler assisted in displaying gifts. Other hostesses, Mrs. Jesse Overton, Mrs. W. J. White, and Mrs. George Overton, presided at the refreshment table, and Mrs. D. W. Day was at the register.

Centerpiece for the lace cloth over pink was a reflector on which stood a bridal couple. This was encircled with tiny blossoms and greenery and edged in white net ruffles.

The bridegroom is a former resident of Forsan. Among out of town guests present were his mother, Mrs. R. A. Fullen of Big Spring, and his sisters, Mrs. T. D. Johnson and children of Kermit and Mrs. J. L. Mayes and family of Ackerly.

About 34 attended the covered dish dinner held by the Willie Mae Kennedy Circle at the Baptist Church. Members' families were guests.

The bake sale sponsored by the Forsan HD Club Saturday morning at Forsan Drug Store yielded about \$30 for the club treasury.

## Spring Styles Get Tinted Fur Trim

this spring's suits, coats and dresses. Designers are using trimmings of Southwest African Persian lamb, dyed to match or contrast, on their newest outfits. There is, for instance, a jacket of gold-colored leather with a collar of cold-dyed lamb, worn with a matching skirt and blouse of wool jersey.

Fur tinted all colors of the rainbow adds a new note to some of

Big Spring (Texas) Herald, Sunday, April 6, 1958 5-C

A cashmere sweater becomes a creation with the addition of a sailor collar and matching belt of dyed lamb. A blonde satin evening jacket looks more elegant than

mink with a border of matching Persian lamb. Although fur trimmings usually are considered as fall and winter fashion, these new treatments of the soft, light-weight Persian lamb dyed in pastel tints look as spring-like as the flowers in May.

FREE DELIVERY

Of all color film processed this week - Monday Through Saturday

Bring your exposed rolls of Easter photographs to us and we will deliver the finished pictures to your home or office the same day we receive them from the processing laboratory.

3 - 4 day service On Kodachrome!

4 - 5 day service on Kodacolor!

Over-night service on black and white!

If it proves inconvenient for you to bring your Easter film to us - but you can call for the finished pictures - give us a ring and we will send for it!

Let's see how fast we can get those pictures back to you. So give us a call - or request special delivery when leaving your films - and assure yourself of fast, fine finishing of those precious Easter pictures!

Remember, too, we are a source of FRESH films. There is a difference! When buying color film always look at the expiration date on the box. When ours approaches the expiration date we sell it for half price! Sometimes it is a real bargain; but when color film is too far out of date it is no bargain at any price.

MR. AND MRS. GILBERT FLOYD TURNER

### Wedding Vows Taken Friday By Miss Overton, Gilbert F. Turner

In Lee's Baptist Church Friday evening, wedding vows were exchanged by Cora Beth Overton and Gilbert Floyd Turner, with the Rev. D. R. Philley reading the double ring ceremony.

The bride is the daughter of Mr. and Mrs. J. J. Overton, Route Two, Big Spring; parents of the bridegroom are Mr. and Mrs. Coy Turner, 204 Benton.

An arch of plumosus fern and white gladioli was flanked by baskets of gladioli and white stock to form the background for the wedding party.

The bride wore a white tulle gown with a long, flowing train and a full skirt. Her hair was styled in a classic updo. The groom wore a dark suit with a white shirt and tie.

The ceremony was officiated by Rev. D. R. Philley. The couple exchanged rings and shared a kiss. The reception followed at the church, with guests seated at tables.

lies held the bridal veil, and the Bible was carried under a cluster of tiny red roses. These were tied with white streamers and lily of the valley.

For something old, the bride wore the wedding ring of her grandmother, Mrs. R. E. Overton; her bridal dress was new; she had borrowed the Bible from her sister, Mrs. Floyd Pike of Fort Worth, and she wore a blue garter.

In the bride's shoe was a penny bearing the date of her birth. The penny had been given to her by a cousin, Deanna Overton.

Mrs. Pike attended her sister as matron of honor. Dressed in a polished cotton of cornflower blue, she wore a duster of blue net, sparkled with silver threads. The frock, fashioned with fitted bodice and full skirt, was cut with a V neckline. Mrs. Pike used beige accessories and wore a half-hat of beige. Her corsage was of pink roses.

Floyd Pike was best man, and

guests were seated by two brothers of the bride, Raymond Overton of Hamlin and Maurice Overton of Big Spring.

At the reception, held at the church, the couple received guests, assisted by their parents and the matron of honor.

Blue and white were the colors for the tea table, which held white gladioli and stock with the candles. A white lace cloth was used over blue.

A three-tiered cake, topped with a miniature bride and groom, was served by Mrs. Floyd Howell, Jane McElroy and Carrel Northcott. Betty Majors of Big Spring was at the guest register.

For a trip to Ruidoso, N. M., the bride chose a knit suit in powder blue, with white hat, bag, gloves and pumps. She wore a corsage of red roses.

Upon their return, the couple will be at home at 505 Bell.

The bride, who attended the Garden City schools, was a member of the 4-H Club. She was a majorette and a cheer leader of the pep squad and was a member of the Future Homemakers of America.

The bridegroom was graduated from Big Spring High School and attended A&M College. He is now employed by Forsan Well Service Company.

### Mrs. Sam Hall Is Feted With A Wedding Shower

As a compliment to Mrs. Sam Hulen Hall, friends entertained with a wedding shower Friday night at the home of Mrs. Preach Martin.

Mrs. Hall is the former Martha Jean Sauls of Laurel, Miss. The couple was married January 28 in Austin, where they are students at the University of Texas.

Guests were greeted by Mrs. Martin and presented to the honoree, her mother-in-law, Mrs. A. G. Hall, and Mrs. G. T. Hall.

Mrs. W. P. Holland, one of the hostesses, and Mrs. Roger Brown presided at the tea table which held a green lace cloth over pale green satin. At the center, a crystal bowl filled with pink carnations was placed on a reflector. Matching candelabra with pink tapers flanked the arrangement.

Alternating at the guest register and in displaying gifts were other hostesses. They included Mrs. Bill Earley, Mrs. Ray McMahan, Mrs. Lee Porter, Mrs. A. C. McClendon, Mrs. J. O. Skiles and Mrs. M. B. McFall.

The honoree was dressed in a white cotton frock, with metallic design, styled along princess lines.

Her corsage, a gift of the hostesses, was of white carnations. Thirty called during the evening.

### Miss Merket, J. D. Pylant Will Wed

COLORADO CITY — Mr. and Mrs. Stanley Merket of the China Grove Community, near Hermleigh, announced the engagement and approaching marriage of their daughter Joann, to Jackie Dee Pylant, at a buffet supper Saturday night.

Pylant is the son of Mr. and Mrs. Dee Pylant of Fluvanna.

The couple will be married June 13th in the China Grove Baptist Church. Both are attending Texas Tech College at Lubbock.

The announcement supper was held in the Merket home, where the dining table was centered with an arrangement of pink carnations, white wedding bells and the couple's names.

Miss Merket wore a white cotton satin dress with a pink corsage and pink slippers.

Guests attended from Colorado City, Abilene, Snyder, Hermleigh, Midland and Littlefield.

### Menu Given For Westbrook Schools

WESTBROOK — The following meals have been planned for the pupils at Westbrook school.

Monday: chicken fried steak, steamed rice, cabbage salad, biscuits, milk, bread and butter.

Tuesday: hot dogs, green lima beans, cheese, prune cake, milk.

Wednesday: red beans, macaroni and tomatoes, buttered greens, cornbread, butter, milk, cinnamon rolls.

Thursday: beef stew, toasted cheese sandwiches, crackers, milk, chocolate cake squares.

Friday: perch fillets, creamed potatoes, green beans, pickled beets, biscuits, butter, milk, sirup.

Music was provided by Shirley Williams, Dorothy Williams, Dana Ruth Horton, Joyce Franks and Jeanne Cauble.

The hostesses presented the honoree with a bedspread, an electric mixer and a bride's book.

### CAMPUS CHATTER

By Kathy McRee

The BSU has been very active this past week. A party was held Tuesday night at Londa Coker's house, with a guest of honor, Ann Price, who has just moved to Big Spring from England. Those who enjoyed the informal get-together were Glendene Philley, Frances Reynolds, Hubert Murphy, Ronnie Phillips, Delbert Shirey, Ben Faulkner, Kirk Faulkner, Patsy Potter, Ray Weathers, Elrita Crain, Jimmy Weathers, Yvonne Spence, Kathy McRee.

A bi-monthly activity of the BSU is the luncheon at the College Baptist Church. This was held Wednesday instead of the usual Friday, since we got out of school Thursday. Rachael Hammock's father, the associational missionary to the Latin Americans, spoke to the group. After eating a delicious meal prepared by the ladies of the West Side Baptist Church, the members made plans for the spring planning conference to be held April 18-20 at San Marcos.

Sue Boykin; Lou Ann White, Gerald Lackey; Julie Rainwater, Richard Engle; Bounce Covert, Delbert Shirey, Don Anderson, Frank Powell, Frosty Forrester, Helen Gray, Carol Rogers.

With the ABC Relays in the spotlight this past weekend, several ex-jayhawkers returned to compete in this meet. Tommy Black, Jim Blassingame, and Freddie Stuart represented North Texas State. A few other exes who returned were Jimmy Wheeler, Don Lovelace, Marleen and David Dibrill, and Judy and Al Kloven.

Janey Murphy and her family took advantage of the holidays to go to Avery, their hometown, so she was planning a big reunion with all her friends.

I left Friday noon to go to Albuquerque, N. M., to visit a sister and her family. My plans included stopping at Portales, N. M., to visit another sister.

**CUNNINGHAM AND PHILIPS**  
THE FRIENDLY DRUG STORES

It was a worn-out group of geology students who returned from their field trip to Fluvanna Wednesday afternoon. These ambitious geologists spent the entire afternoon scaling cliff walls and climbing into caves looking for fossils.

Julie Rainwater gave a party at her home Thursday night as a get-together for all the kids home from college. Among those who attended were Cookie Sneed, Tommy Zinn; Freda Donica, Sue Barnes, Cecilia McDonald, Ronnie King, Ricky Terry, Bobby Fuller, Jo Ann Ebling; Bill Borries, Kathy McRee; J. D. Adams, Gary Cagle, Larry Gloré, Jerry Graves.

### Mrs. Ward Hostess For Easter Event

As is her custom, Mrs. W. H. Ward Sr. entertained members of the Fairview HD Club with Easter breakfast Friday morning at her home. She was assisted by Mrs. Jim Smith and Mrs. W. H. Ward Jr.

Mrs. G. W. Webb brought the devotion, and invocation was voiced by Mrs. J. F. Sellers.

The 21 members and their guests were seated at quartet tables made festive with pastel cloths and bouquets of purple and yellow iris. Among the guests were Mrs. Hollis Webb, Arah Phillips, Twila Lomax and Anna Smith.

In the group were four charter members of the club. They are Mrs. W. A. Langley, Mrs. J. W. Wooten, Mrs. J. G. Hammack and Mrs. Ward.

As a gesture of appreciation, the club presented the hostess with a corsage of white carnations. Candid photographs of the event were taken.

**greetings**

## Candlelight Ceremony Unites Cynthia Jane Cason, John Agee

LAMESA—Seven-branched candelabra entwined with English ivy and banked with woodwardia palm and white gladioli formed the setting for the exchange of vows of Cynthia Jane Cason and John Everett Agee Saturday evening.

The bride is the daughter of Mr. and Mrs. Ben Cason; the bridegroom's parents are Mr. and Mrs. John T. Agee, Lamesa.

The Rev. Milo B. Ar buckle, pastor, read the double ring ceremony in the sanctuary of the First Baptist Church.

Wedding selections were presented by Marion McDonald, who also accompanied Sue Barron as she sang "Because" and "Whither Thou Goest", at the conclusion of the ceremony, Jerry Strickland sang "The Lord's Prayer."

**WEDDING GOWN**

Given in marriage by her father, the bride wore an original model of imported space embroidered nylon tulle over net and taffeta. Designed with a portrait neckline outlined with appliqued medallions of embroidered tulle, the fitted bodice featured short sleeves, complemented by gauntlets. The bodice came to a deep point at the center front and was attached to a redingote type overskirt, made of embroidered tulle over ruffled net and taffeta enhanced with appliques of medallions down the center front and back.

Her fingertip veil of silk illusion was joined to a small hat of lace encrusted with seed pearls and iridescent sequins. Her bouquet consisted of white feathered gladioli surrounding white glameillas, which she carried atop a pearl Bible.

Nancy Nowlin was the maid of honor; bridesmaids were Sue Green, Alma Ann Agee, sister of the bridegroom; Sunny Brown and Mrs. J. W. Graham of Midland. Gowned identically, the attendants wore creations of chiffon and lace over taffeta in a soft shade of blue. Fashioned with portrait necklines, the fitted lace bodices had three-quarter sleeves and terminated with long torso waistlines. High lighted with crushed cummerbunds of chiffon. Joining the fitted bodices were waltz length skirts of chiffon worn over taffeta. Their headpieces were flanges of matching blue silk illusion gathered with seed pearls and caught to nose length veils. They carried white malmie fans covered with blue feathered carnations caught with white satin streamers. Completing the ensembles were wrist length white lace gloves.

Kim Wright, from Waxahachie, cousin of the bride, was the flower girl. She wore a frock of light blue organdy with puffed sleeves and a sash. Paul Wade was the ring bearer.

Judy Goen, cousin of the bride, and Clinton Smith, of Sweetwater, cousin of the bridegroom, lighted the tapers. Miss Goen wore a dress of light blue cotton satin having a Sabrina neckline and crushed cummerbund.

Phillip Wilson of Plains was the best man. Groomsmen included Jimmy Taylor, Bill Fore of Littlefield; Clay Curry of Houston; and Don Spontymore of Hobbs, N. M. The ushers were Benny Cason, brother of the bride; John Thames of Andrews; Jackie Goodlow of Lubbock, brother-in-law of

MRS. JOHN EVERETT AGEE

the bridegroom, Bobby Brown, Sonny Baldwin and Daryl Henderson.

**RECEPTION**

The couple received felicitations with their parents and the feminine attendants in the parlor of the church. The bride's table was laid with an imported floor length

white linen cloth. The focal point for the table was a silver wedding band with a low arrangement of white gladioli used in the foreground. Silver candelabra holding white tapers flanked the arrangement.

Completing the table decor was a three columned wedding cake trimmed with blue flowers and topped with a miniature bride and bridegroom.

When the couple left on a wedding trip to South Texas, the bride chose a navy modified chemise suit with a navy hat covered in shaded blue and white flowers. Her other accessories were of bone.

The bride is a graduate of Lamesa High School and Rutherford Metropolitan School of Business in Midland. At the time of her marriage, she was employed by Continental Oil Co. in Midland. Her husband was graduated from Lamesa High School and attended Hardin-Simmons University. He is now attending Texas University where he is a junior. They will make their home at 1110 1/2 W. 6th St. in Austin.

Mr. and Mrs. John T. Agee were the hosts for the rehearsal dinner held Friday evening at the Country Club. White gladioli were used on the tables with plates being laid for 40.

Assisting with the dinner were Mr. and Mrs. Millard McDonald, Mr. and Mrs. Glen Esmond and Mrs. Earl Henderson.

The bridesmaids luncheon was held at noon Saturday with Mrs. Flora Barnard as hostess. White stock was used to decorate the buffet table and quartet tables. Twelve attended the luncheon.

## Garden City Clubs Have Fashion Show

GARDEN CITY—The FHA and 4-H Club girls sponsored a style show Thursday afternoon in the school auditorium.

A garden theme was used with a white picket fence and red roses. Mistress of ceremonies was Mary Ruth Ashbill. Doylene Little furnished piano music.

A group of seventh and eighth grade girls sang "Spring Is Bustling" "Sugar Time," a pantomime, was presented by six FHA girls. "Easter Parade" was sung by Vickie Miller and Dianne Thompson.

The following pre-school children modeled their Easter frocks: Dianne Harris, Suzy Flynt, Dutchess Whetsel, Wanda Gail Dee, Rebecca Reynolds, "Punkin" Sawyers, and Bobbie Williams.

The FHA and 4-H Club girls modeled suits, sack dresses, skirts, and blouses. The Junior 4-H Club girls modeled aprons that they had made.

Mrs. Mildred Eiland is 4-H Club sponsor and Mrs. S. G. Oakes is FHA sponsor.

## Ackerly P-TA Sees Cancer Film

ACKERLY—A cancer prevention film was shown members of the Ackerly P-TA Tuesday night at the school auditorium. A. H. Smith was in charge of the presentation. Entertainment was provided by second, fifth and sixth graders following the opening prayer by the Rev. J. D. Mabry. Mrs. Paul Wasson presided. Recommendation was voiced by

the executive committee that a banquet be slated for May 8. At that time officers would be installed.

Mrs. Roy Irons and her FHA girls served refreshments to the group.

Mr. and Mrs. Fred Shulke and sons have gone to the Rio Grande to fish for a few days.

This week Mrs. Bruce Crain and Zenobia, visited Mrs. Crain's sister-in-law, Mrs. Ollie Crain and Mrs. Ollie Longley.

**Lamesa Quartet**

The "Gravel Tones", Lamesa's newest and only nationally affiliated Barbershop Quartet, will be performing in their first parade of Quartets on May 10 when the Lamesa Chapter of SPEBSQSA holds its first annual show. The quartet boasts one of the few father and son combinations in organized barbershop quartetting. Pete Parker, front, is the father, Pete Parker, right. The father is the quartet's bass, the son, the baritone. John Watson, left, is a tenor and Gwinn Liddell is lead.

**Jack McNutt Is Candidate For Glasscock Post**

GARDEN CITY—J. T. (Jack) McNutt has announced that he will seek the Democratic nomination as county commissioner for Precinct No. 4.

He has been a resident of Glasscock County since November of 1947, and has been engaged in farming and in operation of a county road maintainer. In all, he has had approximately 10 years experience in working with and on road machinery.

McNutt is a native of Kiowa County, Okla., where he was born in 1910. Following his graduation from Hobart, Okla., high school, he lived for 17 years in Corpus Christi, entering the U. S. Navy in 1942.

He is married and he and Mrs. McNutt have a 10-year-old son. "I believe my experience in road construction will help me fill the duties of the office," he said "especially since I am a firm believer in well maintained and better roads. I am prepared to devote every bit of time and effort it takes to office of commissioner and will do my best if the people of the precinct honor me with the office."

**THE THREE R's—TODAY'S VERSION**

**In-Service Training To Follow Evaluation Study**

By WAYLAND YATES  
Rapidly developing in the Big Spring school system is an in-service training program for teachers.

More progress has been made in this area in the past two months than in the previous 18 months he has been here, according to Supt. Floyd Parsons.

Actually, the in-service training program has been developing for most of the 20 months, but the earlier portion of the period was devoted to planning and preliminary organization and few results were visible until recently.

In the last few weeks, however, the program has begun to get off the ground and will receive additional emphasis in the months ahead.

Key to in-service training plans study which is now being organized. Serving as consultant for this project is Dr. Morris Wallace, head of the department of education at Texas Tech. A steering committee, made up of representatives of all Big Spring schools, has been organized, and study panels are being set up in all of the schools. Later, a community committee, including several members from outside the schools, will be organized to assist with the survey.

**STUDYING CRITERIA**  
At present, the group is familiarizing itself with the criteria of the Texas Education Agency and the Southern Association of Elementary and Secondary Schools. These criteria will be used as a basis for the evaluation survey which will be aimed at discovering the weaknesses as well as the strong points in the Big Spring school program.

Results of the continuous self-evaluation, of course, will form the basis of what administrators hope will be a continuous improvement of both curriculum and instruction in the local schools.

Although no extensive in-service training program has been launched, considerable activity has been started in that field. In the past week, for example, Dr. Bill Lockhart of Texas Tech has been conducting art workshops for elementary teachers here.

Teachers also have been working on the instructional program for arithmetic and language arts, particularly in regard to pupils with language handicaps.

With an eye toward constantly improving the qualifications of faculty members, Supt. Parsons also insists that all teachers and supervisors maintain membership in the various professional organizations. All are encouraged to be members of the National Education Assn. and the Texas State Teachers Assn. Those who are eligible also are urged to maintain membership in the Texas Classroom Teachers Assn. Principals and other administrators, of course, have membership in the various organizations for supervisors.

**BENEFITS**  
Although membership in the professional agencies isn't a requirement for employment, Parsons explains that it is encouraged for three reasons:

1. The organizations provide the most current and best reading material pertaining to education; 2. The superintendent believes that teaching will never be the profession it is entitled to be without teachers participating in organizations devoted to their welfare; and,

3. The superintendent feels it is unfair for teachers to reap the benefits of efforts of the organization without at least being members of the various agencies.

Parsons leads the way with membership in the TSTA, TEA, NEA, Texas Association of School Administrators. He has served on the executive board of the TASA for four years and currently is president of a separate organization, the Texas School Administrators Conference.

Administrators and principals attend most of the clinics and conferences staged in Texas by the various professional organizations, and the local schools usually are represented by three or four delegates to the National Education Assn. conventions.

Teachers are "strongly encouraged" to attend the district TSTA

meeting each year. Schools are dismissed for the regional meeting each winter, although teachers aren't paid for attending the conventions.

**HIGHER STANDARDS**  
All of the organizations are engaged in research and publication of information designed to improve the standards of the teaching profession as well as raise instructional standards, Parsons explained.

"I feel that every hour spent at the meeting of a professional organization is of benefit to the boys and girls of our community," he said. "I have never attended a state or national meeting without coming back with the feeling that I was better qualified as a superintendent."

Not only do the conferences provide specific ideas for improvement of education, they also enable teachers and administrators to sample the "general tone" of education across the nation, the superintendent added. The conferences also have inspiration consequences in many cases, he said.

Teachers are encouraged in another way to improve their teaching qualifications. Experience in the field is rewarded by an additional \$54 per year in pay each year, up to a maximum of 12 years for teachers with bachelor degrees and up to 26 years for those with master degrees. Teachers with master degrees receive \$225 per year more than those with equal experience and only bachelor's degrees.

At present, there are 68 teachers in Big Spring schools who would receive automatic longevity increases if they completed requirements for master degrees. Some of the raises might exceed \$1,000 per year. One with 32 years of experience, for instance, would receive an additional \$981 annually.

The Big Spring system also offers an annual increment of \$400 above regular pay for teachers who will qualify themselves for service in the special Education School. Scholarship assistance also is offered teachers wishing to qualify.

# Abby, Sister Ann Monopolize Market For 'Advice Columns'

Dear Abby — whose column made its appearance last week in the Herald—made her own appearance in the columns of Life magazine at the same time.

Of her and her sister, Ann Landers, Life said that "they have kidnapped that ancient journalistic device, the lovelorn column, trimmed its length, discarded its reticences, given it a tone which has

been described as 'Dorothy Dix by Errol Flynn.'"

Between the two, they have just about captured the advice column market of the nation. Both have the same basic styles, the same crispness, the same uncanny sense for wise selection of material, and the same pithy with seasoned with sagacity.

But, according to Life, that's where the sisterly act grinds to a sizzling halt. Actually, there is an

intense if not acrimonious rivalry between the twins.

"Careful selectivity (of letters), undersumming and the abrasive humor of the answers, has earned the twins a phenomenal following of readers, even among people with no important problems of their own. They are discussed at the country club bridge table and the faculty tea as well as in the beauty parlor, and are read by men as well as women," noted the Life article.

# Reporter Discovers Smoothness Of Jets

By JOHN T. ALEXANDER  
Kansas City Star Reporter  
KANSAS CITY — "R-r-r-r-rip!"

You have probably heard that creak of supersonic, rocket-shaped jet airplanes cutting through the sky so fast that they are gone before you can turn your head to see them.

You have probably wondered what it would be like to go up in one of those hot planes.

I wondered too—and found out. I went up in an F102A fighter-interceptor as a personal guest of the pilot, Maj. Gen. Jarred V. commander of the Central Air Defense Command, whose planes are on guard day and night over 21 states.

My two-star pilot flicked a lever or two and we started our takeoff run rather gradually. When the afterburner came on, it gave me the feeling we had received a mighty "boot" directly in the rear of the plane.

The field fell away as the nose of the plane tilted up. Suddenly we were climbing in something not far from an almost vertical angle.

Hardly a moment passed before

the general told me to look down. The plane had leveled out. It seemed to me we were sitting up there on a feather. No bumps. No roar. Just a soft rustle of wind on the sleek gray plane surfaces.

"Peering out through the plastic canopy, I saw a gray patch below. That was Kansas City—all of it—and I was seeing it in one glance.

At almost eight miles up, the great Missouri river was only a thin thread encased in the rough corduroy pattern of the adjoining bluffs. The snowscape of the open country was almost a blank white, except for the black-veined tracery made by every creek and stream. Farm ponds glittered like flakes of mica.

The general pulled straight ahead and somewhat down. He said we were going to go through the speed of sound. About 12 miles a minute.

Soon the general said, "We are better than Mach 1.1; we are going about 850 miles an hour."

There had been hardly a tremor as we passed through the sound barrier. Now the ride was smooth—smoother than any commercial plane ride I have ever had.

# Magazine Cites Mahon's Spot In Military Program

Committee procedure in Congress being what it is, a dozen or so members of the U. S. Senate and House of Representatives carry the responsibility of establishing the nation's military policy—all the way from rifles to space missiles.

The spotlight is turned on this select group in the April issue of Fortune magazine, in an article by James L. McConaughy Jr.

One of those singled out is Rep. George Mahon from the Texas 19th district, who is chairman of the House Subcommittee on Military Appropriations.

Mahon is one of those who has achieved a place of prestige because of his seniority in the House (since 1935). The Fortune article says, "By lucky chance Congress seniority rules placed a group of unusually able and judicious men in key committee positions at a crucial time."

The article recalls that Mahon was added to the military subcommittee in 1940, when he—along with the chairman at that time—favored giving the old Air Corps more planes. "Mahon soon became senior Democrat on the subcommittee, with the result that for the last seven years he has been in charge of the military budget."

The article says that Mahon has to work full time for four months or so on the hearings on the mammoth defense budget (\$40

billion plus). "In this effort to make an intelligently critical evaluation of this budget, he complains: 'We must do something about unification, because we are getting less and less defense for more and more money.'"

The article reviews how Congressmen in such key positions—and among them are Senator Lyndon B. Johnson and Rep. Paul J. Kilday, also of Texas—must deal in liaison with the Pentagon, as well as make intelligent presentations to Congress.

"The Fortune article concludes: 'If seniority continues to put men like Mahon into positions of power the country can count itself lucky. For Mahon is an able and hard-working legislator, the kind who justifies this appraisal by a senior officer in the Pentagon: "Too many Congressmen are like uninformed stock-market plungers: they act fast and learn the hard facts after it is too late. But there is a hard core on Capitol Hill who know what they are doing. They work quietly, they work hard, they never grab headlines. The public doesn't hear much about them, but I know how valuable their work is, and I say thank God for them.'"

# Recruitment Of Domestic Farm Labor Planned

Recruitment for farm labor will be intensified and expanded this year in a major effort to make full use of the nation's domestic farm labor supply, provide jobs for unemployed workers, and curtail the use of foreign workers in agriculture.

That's the word the U. S. Department of Labor's regional offices in Dallas have received from Secretary of Labor James P. Mitchell.

"I have directed Assistant Secretary Newell Brown and Bureau of Employment Security Director Robert C. Goodwin not to approve employer requests for foreign workers where, through additional recruitment efforts of employers and the state employment services, domestic workers can be obtained to meet farm labor needs," Secretary Mitchell said. "Because of the current labor supply situation, employers will find workers available in areas which have not been sources of labor supply in recent years."

"I anticipate that in some areas the need for foreign workers can be eliminated. There will be areas, however, which will continue to need foreign workers to meet seasonal demands, and requests for such workers will be filled in accordance with approved procedures," he said. "Even in those areas it should be possible to effect some reduction in the number of foreign workers because of the increased number of available domestic workers. In all cases where foreign workers are brought into an area, the Department's policy of giving priority to qualified domestic farm workers for available farm jobs will be rigidly enforced."

Mitchell said that the Bureau of Employment Security had at his request, been making a complete review of its procedures governing the employment of foreign workers in agriculture. The purpose of this review is to determine what new policies and programs are necessary to achieve the greatest use of domestic labor.

Mitchell said that the Bureau of Employment Security is asking the full cooperation of agricultural employers in holding down the number of imported farm workers.

Big Spring (Texas) Herald, Sunday, April 6, 1958 3-D

# Dawson FB Discusses 'Phones, Rural Fire Truck

LAMESA—Directors of the Dawson County Farm Bureau Thursday heard a report from Ray Anderson, chairman of their telephone committee, that construction of the extension lines of the Puka-Lambro Telephone Co. had begun in Dawson County. Ten of the 125 new phones will be on the Hatch exchange, and the remainder on the Patricia exchange.

The Farm Bureau directors voted to investigate the possibility of a rural fire truck for the county and Fred Raney, president, named a committee consisting of Bill Snellgrove, Ted Turner and Anderson to meet with the Dawson County Commissioners Court to discuss it.

Raney also named a personnel committee, consisting of Herbert Green, L. D. Echols and Ben Mack Dopson. The directors voted to affiliate with the West Texas Chamber of Commerce. Green pointed out to the directors that the WTCC had done an outstanding job in working for the farmers of Dawson County in cotton and labor problems.

The directors heard reports on legislation, the recent talent show and membership committee, and set tentatively their quarterly meeting for Friday, June 13.

# Don't Say 'Boom' To Folks In Florida; Say 'Progress'

**By BEN FUNK**  
**MIAMI, Fla.** — When in Florida, progress is the polite word to use in talking about what is happening to this state. If you wish, you may tack on an adjective like spectacular and Floridians will nod and smile happily.  
 But please don't call it a boom. That, sir, has been a bad word down here ever since the Roaring 20s. Then Florida fathered one of the wackiest booms in history, then saw land values blown to pieces by the granddaddy of all the busts.  
 Bust, Floridians believe, must inevitably follow boom. So they hasten to inform you that what is going on today is merely healthy growth.  
 As new residents pour into the state at the rate of 225,000 a year, Floridians will tell you their state is achieving a balanced economy to support a population which has grown from 2,771,305 in the 1950 census to 4,875,000 today.  
 Florida still has its tourists. An estimated eight million vacationers left 1 1/4 billion dollars in cash in the state last year.  
 The state is growing in agricultural wealth too. Orange groves are expanding. Farms that supply most of the nation's winter vegetables are stepping up production. Ranches are producing more beef.  
 In fact, Florida agriculture is so important to the nation that this winter, when a freeze cut heavily into production, the ensuing price rise shot the national living cost to a new high, despite the business recession.  
 But both tourism and agriculture in this subtropical state are vulnerable to the moods of nature. This winter's record cold dealt the tourist industry a damaging blow and cut disastrous slices out of food production.

**TELL THE TRUTH**  
 After a hard-hitting series of exposes by the Herald, the Legislature enacted a law requiring truth in real estate advertising. The job of enforcement was given to the Florida Real Estate Commission.  
 M. H. Smith Jr., secretary of the commission, said that after the law, which provides tough penalties of imprisonment up to five years and fines up to \$100,000, went into effect, many of the fly-by-night operators seeking a fast buck sold out to legitimate brokers and left the state.  
 "You can get most of the fleas off a dog," Smith commented, "but it's hard to get 'em all. We have the big majority under control."  
 Smith, a veteran observer of the real estate situation in Florida, says he doesn't see "how we could possibly have a bust unless there is a serious national depression, and even then it couldn't be anything like 1926 because development is on a more stable basis."  
 Thirty-year-old Coral Gables, a charming suburban city of Mediterranean architecture just south of Miami, was laid out in its entirety by a developer named George Merrick before the first home was built there in the 20s. Others planned similar cities in Florida then but when the bubble

broke thousands of miles of lighted and paved avenues and streets were taken by the jungles of pine and palmetto. Only Coral Gables endured.  
 One of the outstanding pre-planned cities now under construction is Indian Lake Estates, in the beautiful highlands of central Florida near Lake Wales. This so-called "country club community" is the creation of Leon Ackerman, a World War II Marine who had made a fortune in real estate developments in Maryland.  
**HE WAS TRUTHFUL**  
 Ackerman's advertising was so flowery the Real Estate Commission has investigated his 7,000-acre spread several times.  
 "Every time we went out," Smith said, "we found him doing just exactly what his ads said would be done."  
 Ackerman has built 24 miles of palm-lined, dual-lane avenues lighted by mercury vapor lights, sewage and water systems, a 1,100-foot pier stretching out over a fresh water lake, an 18-hole championship golf course, beaches with parking room for hundreds of cars, and a magnificent clubhouse complete with ballroom and roof garden.  
 Prices of lots at Indian Lake Estates, which is a private community complete with police-guarded entrances, range from \$2,750 for an interior plot of one-quarter acre to around \$10,500 for one on a lagoon or the lake-front.

Biggest of the Florida developers is the Mackle Co., a firm headed by three brothers, Elliott, Robert and Frank Mackle. They build homes by the thousands, mostly for people of low or medium-sized incomes.  
 Their biggest development is Port Charlotte, an 80,000-acre planned community on the lower Gulf Coast where lots can be purchased for \$795 with a down payment of \$10 and payments of \$10 a month. On these lots, the Mackles will build homes ranging in price from \$6,960 to \$15,950. They claim they are building more homes than any other firm in America.  
**ROOM FOR WEALTHY**  
 But this catering to the low income groups doesn't mean the poor millionaire is being elbowed off the sidewalks in Florida. The \$100-a-day hotel rooms and apartments are increasing in number, and there are preplanned

communities, too, for the wealthy. Typical of these is Hubert B. Layne's Golden Isles development just north of Miami on the Atlantic Coast. It was a 500-acre cypress swamp to begin with, but Layne sent in dredgers and bulldozers. When he got through he had a group of nine perfectly manicured islands surrounded by canals big enough for ocean-going yachts. Lots are offered for \$11,800 to \$26,000.  
 Since April 1, 1957, Layne has sold four million dollars worth. Cheapest home in the development will cost about \$45,000. Others are expected to go up to \$100,000 and beyond.  
 Florida is grappling with great problems that come from swift development. Roads and schools are inadequate. Careless drainage of swamplands has lowered water tables so that the sea bubbles in through porous limestone and ruins fresh water wells.  
 But the state is optimistic that its growth will continue for a long time to come. Within a decade, it expects to rank among the nation's top 10 states in population.

**INDUSTRIAL GROWTH**  
 To develop a balanced economy, Florida needed industry, and in recent years its industrial growth has been astounding.  
 In 10 years, says the Florida Development Commission, 1,593 new industries have moved into the state. Among them have been such giants as the Chemstrand Corp., which built the world's largest nylon plant at Pensacola, United Aircraft, Glenn L. Martin Sperry Rand and Minneapolis-Honeywell.  
 Another good argument used by such Florida supersalesmen as Gov. Leroy Collins is the favorable tax situation. There is no state tax on income or personal property, a very modest inheritance tax, and a levy of only one mill on such intangibles as stocks, bonds and trust funds.  
 The bulk of state income comes from excise taxes, a large percentage of which are paid by—bless 'em—the tourists.  
 When thousands of people began yielding, immediately after the end of World War II, to the urge to move to Florida, real estate dealers were ready to accommodate them. New subdivisions

new access entrances, more signs directing traffic to turnpike entrances, and good summer weather.  
 Until the turnpike opened Aug. 27, U.S. 90 and State 183 carried virtually all the traffic between Fort Worth and Dallas and they generally were clogged.  
 The \$58,500,000 turnpike was financed solely by revenue bonds. The state has no liability in the bonds. The turnpike will be turned over to the Highway Department to be operated as a free thoroughfare as soon as the bonds are retired in an estimated 17 years.

Texans enjoy the beautiful new artery which allows them to zip the 30 miles from downtown Dallas to downtown Fort Worth in 30 comfortable minutes.  
 Only 42 accidents took place on the turnpike in its first half year. Only 9 cases of personal injury occurred and none required hospitalization. Only two accidents involved more than one vehicle.  
 The turnpike's rate of 0.77 accident per million miles is lower than the rate for all turnpikes and compares with the average of 1.63 on all national highways.  
 Vehicles using the roadway have averaged 13,504 per day since the road opened. Engineer-Manager Jack Davis expects this usage to climb.  
 "We ought to be pulling our own freight by July," Davis said. This will require an average of about 16,000 cars per day.  
 Gross operating revenue for the first six months was \$1,023,741, sufficient to pay operating expenses and about 85 per cent of interest payments.  
 Increased traffic will come from

## Ft. Worth-Dallas Road Safest Yet

**DALLAS** — In six months, the new turnpike between Fort Worth and Dallas showed North Texas how to move traffic swiftly, conveniently and safely.  
 So far, there's no safer road in the nation.  
 More than 2 1/2 million cars drove 55 million miles on the superhighway without a serious accident.  
 Texans enjoy the beautiful new artery which allows them to zip the 30 miles from downtown Dallas to downtown Fort Worth in 30 comfortable minutes.  
 Only 42 accidents took place on the turnpike in its first half year. Only 9 cases of personal injury occurred and none required hospitalization. Only two accidents involved more than one vehicle.  
 The turnpike's rate of 0.77 accident per million miles is lower than the rate for all turnpikes and compares with the average of 1.63 on all national highways.  
 Vehicles using the roadway have averaged 13,504 per day since the road opened. Engineer-Manager Jack Davis expects this usage to climb.  
 "We ought to be pulling our own freight by July," Davis said. This will require an average of about 16,000 cars per day.

JOANNE WOODWARD For these three faces, an Academy Award and stardom

CINEMA COMMENT

Joanne Woodward In Role That Won Academy Award

By BOB SMITH

"Three Faces of Eve." It was for her performance in this film that Joanne Woodward won the coveted Academy Award a couple of weeks ago. The story was taken from records kept by two Georgia psychiatrists who treated a severe case of triple schizophrenia.

The victim is a woman with three different personalities in the same body—a mousy, drab introvert; a conniving slut; and a normal young lady. Miss Woodward, through an amazing control of expression, portrays changes of personality without the necessity of the usual camera tricks.

The mousy housewife is Eve White, a woman who falls victim to blackouts and severe headaches. Her husband, played by David Wayne, takes her to see a psychiatrist who places her under treatment. Everything is going smoothly until, one day, Eve White tries to strangle her own daughter.

She is bewildered as her doctor questions her, but then Eve Black, the evil personality, takes over and the doctor recognizes symptoms of schizophrenia.

Her husband, unable to understand the nature of his wife's affliction, is angered, and ultimately leaves her. Confined to the hospital, Eve White is troubled when Eve Black continues to "come out."

Eventually, the doctor, well played by Lee J. Cobb, probes far enough into his patient's mind to bring out the hidden third personality, which calls herself Jane. This is the mature, normal young woman that has been smothered by the two Eves, the unnatural personalities.

control of the single body. The doctor manages to uncover the mental block, fashioned from a childhood experience, that gave rise to the triple personality, and the two Eves die, leaving only the well-balanced personality of Jane to find happiness and a full life.

This film is not recommended to the ultra-sensitive. "Run Silent, Run Deep." A pretty fair action film, though quite specialized, this tale of sub-

control of the single body. The doctor manages to uncover the mental block, fashioned from a childhood experience, that gave rise to the triple personality, and the two Eves die, leaving only the well-balanced personality of Jane to find happiness and a full life.

The result is only slightly short of stupendous. "Slim Carter." Tim Hovey has already captured a large following through his portrayal of not-so-innocent innocence. This highly talented youngster is no less entertaining in his latest film concerning a movie cowboy, who through the influence of a child, learns to be real-life cowboy, and something more of a man.

Jock Mahoney, the TV star turned Hollywoodian, is the drugstore cowboy, a no-count café entertainer discovered by talent scout Julie Adams. She makes him into a successful Western actor, and her hard fist clears the cheese-cake out of the mansion the faker cons his studio into buying for him.

Little Tim arrives, the winner of a "Visit Slim Carter" contest, filled with worship for his screen hero. Between the kid and Miss Adams, the slick cowboy learns a few new meanings in life.

It's an all-family type of film with enough sentiment and hilarious comedy to satisfy the most demanding. Short reviews: "Crisis Cross." Burt Lancaster and Yvonne DeCarlo show what happens to a man who can't fall out of love with the wrong woman, and what happens to a woman who can love only herself. A good suspenseful crime drama.

"Winchester '73." A western classic about the "gun that won the West." Stars James Stewart, Van Heflin as the former Union soldier who comes home to a bitter South, determined to be a man of God, and Joanne Woodward as the young savage who makes his life miserable. A honey type of yarn.

"Old Yeller." Walt Disney's rendition of the best-selling Fred Gipson novel about a frontier family and their faithful dog, with Dorothy McGuire and Fess Parker.

"Gun Fight at the O.K. Corral." The touching and rather violent duel of brotherhood between Wyatt Earp and his friend, Doc Holliday, as portrayed by Burt Lancaster and Kirk Douglas.

"The Sad Sack." Jerry Lewis' hilarious and sometimes Chaplinesque portrayal of the wartime cartoon character, a herald of finer comedy to come in the future from Lewis.

"Darby's Rangers." A story of violence and love during World War II, featuring a bright new star, James Garner, who bears watching.

'Barabbas' TV Show Tells Of Easter Lesson

By CHARLES MERCER

NEW YORK (AP) — "This Prisoner, Barabbas," the special Easter Sunday drama to be seen on NBC-TV, "says something I've wanted to say for a long time on television," according to its author Henry Denker.

Barabbas, you may recall, was one of the notorious criminals of his time. When Pontius Pilate asked the mob whether he should free Barabbas or Jesus, the chief priests and elders persuaded the crowd that Barabbas should be freed and Jesus crucified.

In Denker's drama Barabbas runs away, and then, puzzled, returns to try to learn more about the mysterious Jesus whose life was forfeit for his own.

"He feels he owes a debt," said Denker, "and he tries to square it with one payment. But each way he tries is not quite full payment, he realizes. He learns that you don't square life with one payment. It has to go on every day."

"It's something that I think too many Americans have lost sight of. You don't walk away from life with a paid-in-full receipt."

Denker, a prolific writer for television, radio, the theater and movies and the author of three novels, is probably the outstanding religious TV dramatist in the country today. For 10 years he wrote, directed and produced "The Greatest Story Ever Told" on ABC radio.

"The Prisoner, Barabbas" was commissioned by the National Council of the Churches of Christ in America, the nation's largest nondenominational body. Air time facilities for the hour drama were provided by NBC.

CRITIQUE Of The Local Entertainment Scene

By BOB SMITH

'Small Planet' Hilarious Farce

One of the most hilarious plays now on Broadway is one that is fit for production in this community in more ways than one. That play is "Visit to a Small Planet," which is still playing to packed houses on the Great White Way.

This being a so-called Air Force town makes Big Spring a natural for the fantasy by Gore Vidal, who is also author of the novel, "Judgment of Paris." In "Visit to a Small Planet," Vidal features a grumpy general who comes face to face with a whimsical visitor from outer space.

The outer space theme is right for the times, with the recent flying saucer scare being replaced by the satellite bing.

Vidal does not spare anyone or anything in this all-stops-out burlesque of science, the military mind, sex, news commentators, cats, peculiar American customs and civilization in general.

The characters involved include a news commentator who has already predicted the Third World War six times and is now ready to reveal to the world that there will be no tomorrow; his wife, whose one-track mind simply hasn't room for such mundane subjects as visitors from outer space; his daughter, who has modern and rather loose ideas about sex; her fiancé, who has rather pacifist notions about war but shares the girl's other ideas; the alien from space who considers the earth his private toy box, and the lovely savages therein his special pets; the general whose rapid advancement through the Laundry Corps is threatened by the prospect of a new war; his aide, a young West Pointer who finds himself using a priority A-1 to buy toy soldiers; the cat who hates people; and Delton 4, another outer space being who arrives to put a halt to the nonsense.

The plot of "Visit to a Small Planet" has Kreton, the alien being, swooping down in a flying saucer. Roger Spelding, the news commentator, is visited at his Manassas, Va., estate by Gen. Powers, sent to investigate the girl's other ideas; the alien from space who considers the earth his private toy box, and the lovely savages therein his special pets; the general whose rapid advancement through the Laundry Corps is threatened by the prospect of a new war; his aide, a young West Pointer who finds himself using a priority A-1 to buy toy soldiers; the cat who hates people; and Delton 4, another outer space being who arrives to put a halt to the nonsense.

He is bewildered as her doctor questions her, but then Eve Black, the evil personality, takes over and the doctor recognizes symptoms of schizophrenia.

Her husband, unable to understand the nature of his wife's affliction, is angered, and ultimately leaves her. Confined to the hospital, Eve White is troubled when Eve Black continues to "come out."

Eventually, the doctor, well played by Lee J. Cobb, probes far enough into his patient's mind to bring out the hidden third personality, which calls herself Jane. This is the mature, normal young woman that has been smothered by the two Eves, the unnatural personalities.

The climax is near when Jane falls in love with a man she cannot marry because of her always dangerous condition. The doctor realizes that Jane will never lead a normal life until the other personalities are liquidated, and Jane, now with a reason for survival, agrees.

There follows one of the most dramatic moments of psychological drama ever filmed, as the three personalities struggle for

LEWIS A new Chaplain?

Broadway Plans

NEW YORK (AP) — Warner LeRoy, son of film producer Mervyn LeRoy, and Charles Vidor, are teaming for production debut on Broadway.

The two have acquired stage rights to "The Last Stations" by Erich Maria Remarque and plan to present it next fall.

The venture will be Vidor's first stage stint. LeRoy got started in the theater this season as co-producer of Tennessee Williams' "Garden District," an off-Broadway success.

Four-Way Success

NEW YORK (AP) — Most successful Broadway producer of the season is David Merrick, with four consecutive hits and no boxoffice flops.

Three of the four have already recouped their investments and the fourth, Tennessee Williams' "Jamaica," is expected to start yielding dividends by May.

Leaving Air Force

M/Sgt. Chester D. Strothers, left, receives his final discharge from the Air Force from Col. Kyle L. Riddle, Webb AFB commander. Sergeant Strothers is retiring after serving 20 years without a break in service. The sergeant entered the Army at Fort Lewis, Washington, in 1937, and has seen duty in The Philippines, Africa, Newfoundland, Germany, Korea and Japan. Prior to his retirement Sgt. Strothers was secretary of the NCO Open Mass at Webb. He plans to remain in Texas and calls Big Spring home.

## Railroads Are 'Ailing Giants'

AUSTIN (AP)—Texas railroads are "an ailing giant," the Bureau of Business Research said Saturday. The dominant theme in congressional discussions of railroads is one over the industry's future, the University of Texas bureau research associate, Richard Wich, said.

"Gigantic as its activities may be, the industry is an ailing giant," he said.

"Since 1952 net income earned by railroads in Texas has declined to an alarming degree. Texas railroads earned 34 million dollars in 1952, but by 1956 this total had plummeted to \$11,350,000."

Wich said railroads claim their conditions will improve if Congress would pass legislation to allow "increased reliance on competitive forces of transportation in rate making."

Railroad rates are set by the Interstate Commerce Commission. At present, the prevailing policy is that freight rates must be compensatory. The ICC can prevent rate reductions if they would have an adverse effect on other forms of transportation, many of which are not under ICC regulation, the bureau said.

With lower rates, the railroads hope to gain volume in traffic and efficiency costs. The bureau said estimates show railroads can haul a ton of freight one mile for an average revenue of less than 1 1/2 cents as compared with the average ton-mile revenue of six cents by trucks.

The bureau also said that railroads:

- Paid wages and salaries to more than 50,000 employees in almost every county in Texas \$251,404,000, by the latest figures.
- Enhanced property value and paid 37 million dollars in taxes during 1956, including \$9,216,634 in state and local taxes.
- Wich said operating costs increased, competing forms of transportation were making more headway and financing capital expenditures and maintenance activities was becoming more difficult.

Texas is the nation's leading state in railroad track mileage with more than 15,000 miles of main line track, Wich said. Some 57 organizations engage in railroad activities but about 98 per cent of the track mileage in Texas is controlled by the 10 major systems. In 1956, railroads carried 4,645,000 cars of freight totaling 30,035,391,000 ton-miles — weight times distance carried.

## South Pole Is Picture Of Ultimate Death Of World

WASHINGTON (AP)—The South Pole chills you with a foreboding taste of the ultimate death of the world.

The sun blots out. The world is darkness and bitter cold—as it will be one day when our life-giving sun fades or dies and everything freezes over.

"For six whole months there was absolutely no sun. Outside it was so cold, down to 100 below zero, a man could live only a few hours however well swaddled. We literally began counting the hours until dawn came again," says Dr. Paul Siple, home now from a unique experience as one of the first men ever to live a year at the bottom of the world.

Never have men waited so long for a cheering, familiar dawn. This vigil was one of the problems Siple and 17 other men had to conquer.

Another 18 men are heading into this lone and dangerous night at the South Pole camp to advise scientific knowledge during the International Geophysical year.

Siple, veteran of four winters in the antarctic since he first went with the late Rear Adm. Richard Byrd as a Boy Scout in 1928, was scientific leader of the pole camp—a tiny skyline of seven low buildings or huts swallowed in a desert of ice, snow and cold.

It was one of many IGY bases dotted over the vast antarctic continent. But at the pole camp was no life, not a bird or penguin, perhaps only some ancient fungi and bacteria carried long distances by winds and frozen in the snow.

### IN TEXAS

## Retail Sales Only 1 Pct. Under 1957

AUSTIN (AP)—February retail sales in Texas dropped sharply but January gains cushioned the losses and held the total 1958 sales only one per cent below 1957.

The Bureau of Business Research at the University of Texas said today February retail sales totaled \$59 million dollars, 9 per cent below January and 4 below last February.

Drug store sales, however, were up 11 per cent over February 1957, farm implement dealers and country general stores up 10 per cent, food stores and gasoline and service stations up about 5 per cent.

Florists sales dropped 1 per cent, shoe stores 2 per cent, eating and drinking places 5 per cent, furniture and household appliance

dealers, hardware stores and jewelry stores down 6 per cent, women's ready to wear and family clothing stores down 7 per cent, lumber and building material dealers and department stores, each down 9 per cent, automotive stores down 12 per cent and liquor stores down 18 per cent.

Five out of 31 cities reporting exceeded the February 1957 dollar volume. 1 city was unchanged and 25 had decreased sales. Gains were shown by Brownsville up 16 per cent, Paris up 10, Henderson up 4, Port Arthur up 3 and Bryan up 1 per cent.

For the first two months 12 cities showed larger sales than in 1957. Paris showed a 22 per cent gain for the two months. Greenville was up 20, Henderson up 14, McAllen up 10, Bryan up 9, Brownsville and Brownwood up 8, Corsicana up 7, Amarillo and Port Arthur up 6 and Big Spring and Dallas up 2 per cent.

## Ford Times Paintings To Be Displayed

Lovers of wildlife and outdoor sports as well as art fanciers are prime subjects to view in the current art display at Howard County Junior College library.

The display of 30 pictures is from the collection of the Ford Times and will be on exhibit at the college from Tuesday morning through April 27. Paul Vagt, librarian, invited everyone to view the paintings.

They are the work of Bill Moss and Charles Culver, whose work was chosen because of their special gift for capturing subject matter in nature and in sports. Both have earned national reputations. Culver is one of America's best-known painters of animals and insects. Moss is famed for his wildlife and aquatic paintings and he is a staff artist for Ford Times, which has some 5,000 paintings—possibly the greatest single collection of contemporary American art.

Here are some of the titles of the pictures on display at H.C.J.C.: Cougar, Fishing Guides in the Ozarks, Road Runner and Rattlesnake, Hunting Geese in Florida, Gila Monster, Casting for Baracuda (Florida), Shrew, Fishing for Smelt in Michigan, Snowy Owls, Fishing for Bass in Florida, Crow, Ice-Fishing Shanties (Michigan), Flying Squirrel, Juniper Creek (Florida), Fishing on the Magpie (Ontario), Rocky Mountain Pikas, Smelt Run in Michigan, Possums, Fort Jefferson (Florida), Mockingbird and Snake, Ice Fishermen (Michigan), Raccoons, Jubilee on Boible Bay, Ice-Fishing Shanties (Ohio), Wood Rats, Underwater Grotto, Road Runner, Miner's Cat, and Portaging via Handcar (Ontario).

## Waco Approves 'Mall' Idea

WACO (AP)—A downtown mall operated for three days last fall proved so popular with merchants and customers that Waco will block off a larger area for a week starting April 14.

The area in the heart of the city is where a tornado struck May 11, 1952, taking 114 lives.

Businessmen, quick with a promotion slogan, are calling the April 14-19 affair Waco's "Second Tornado of Values."

The mall idea is one being advanced in many cities to revived downtown business, which in most areas has been slipping away to the suburbs.

Amarillo set up a mall the night of March 20 and drew an estimated 30,000 persons downtown. Merchants considered this a remarkable number and watched their cash registers ring.

Fort Worth is toying with the idea of a huge permanent mall for most of the city's main business district, with fringe parking, moving sidewalks and possible air conditioning of most of the downtown streets.

Six blocks in Waco will be closed to traffic—this time with cotton bala barricades, not with National Guard troops as was the case immediately after the tornado.
