You will be surprised. The farm tour Tuesday, which included stops at farms in the north and Representing C of northwest part of the county, was a revelation to many of the men making the tour. The first stop Cin Wichita Contest making the tour. The first stop was at the A. J. Kemp feed lots just north of Dimmitt where the Miss Yvonne Bearden, daughter the county, but it is one that will consecutive year that the local have to carry out sooner or later four days at the McLaughlin's flourish with young men of the Kemp calabre spearheading its inception. The next stop was at the G. L. Willis farm on the highway north of town where two large diversion terraces and waterways have recently been constructed, a wonderful example of modern water and soil conservation that conservationists will tell you pays dividends in many ways in a very few years. Work was in progress at the Jack Miller farm on a project of installing a large undergraund pipe for the transportation of irrigation water. Risers in the pipe will permit the watering of any of the plats along its course without the need of irrigation ditches. The underground pipe system affords many advantages in effecting soil and water con-

evidence at the Miller farm when

the irrigation project is completed.

AND

June, June, the months of Brides and Dad's Special Day.

For Dad, may we suggest just a few of the many things that he might like, say, a Coleman Camp Stove for that fishing or hunting trip he's going to take and he'll need a Coleman Lantern either a one or two mantle one. A casting or fly rod with a reel, line, and flies, lures and spinners. A De-Liar so he can measure and weigh that big fish he's going to catch. A stringer to string those fish on. Oh, we could just go on and on when it comes to fishing stuff so just come in and see for yourself because we probably have it but have failed to mention it. Somebody told me the other day I was getting as bad as some of these fishermen when it comes to telling tales, and when the weather was good for fishing-but the thing is-all I know how to do is "Nigger fish" with the cane pole and when the fish are biting it's good fishing.

For the June Bride, choose Fostoria Crystal, China, Revere Ware or from the many other gifts you can find at STREU'S.

Be seeing you,

IN AND OUT OF STREU'S

Leo and Elizabeth

The truck that grew up on the farm!

The builders of International Trucks have a background of over 100 years' experience in building heavy-duty-equipment for farmers.

To this add 45 years' experience in building heavy-duty trucks. This combined experience is put to good use. The result is an International Truck engineered to do your hauling more economically.

This is only one of many advantages you enjoy when you choose an International Truck. Why not choose your next one now?

You can't beat these International Truck exclusives:

- · All-truck engines—built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road" - the Comfo-Vision Cab.
- Super-steering system—more positive control, easier handling and 37° turning angle.
- The same traditional truck toughness that has kept International first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job . . . 115 basic models, from 1/2-ton pickups to 90,000 lbs. GVW
- · Largest exclusive truck service organization.

from 14,000 to 16,500 lbs.

nationals like the one you are considering. Check with any or all of them. Find out how Internationals cut hauling costs on jobs like yours.

GRAZING PROFITS!!

Feed Your Wheat Through The Leaves with "NA-CHURS" LIQUID FERTILIZER

Let "Na-Churs" Liquid Fertilizer give your wheat fields an extra boost of growth before freezing weather. Recent scientific tests, show that the leaves of any plant will absorb the nutrients in "Na-Churs" almost instantly. Feeding your wheat through the leaves may determine whether your fields get a strong enough start for winter grazing. The longer, heavier top growth will provide better grazing through the winter.

IDEAL TO USE WITH "SEED TREATMENT"

Used as a companion with "Na-Churs" seed treatment, leaf feeding with "Na-Churs" will hep your winter wheat develop stronger roots so livestock will do less damage by "pulling". Growers also report less winter-kill damage where "Na-Churs" is used.

HERE'S WHAT GROWERS SAY ABOUT "NA-CHURS"

Calumet, Oklahoma "During the early winter I examined the wheat with the fertilizer on it, and found the root system all of two inches longer than some wheat 10 feet from it and instead of a straight root it had a big bunch of roots. It is my honest opinion that it pays to use your liquid fertilizer as it is much more economical and easy to apply."

/s/ H. J. Aycock Grant, Nebraska "I used "Na-Churs" seed treatment on winter wheat. I had a perfect stand, and good, healthy color. It came out in the spring with a bigger and huskier plant and it stood the dry spring in much better shape. Wheat that was not treated by the side of it was 75% winter killed. "Na-Churs" increased the

yield 3 to 5 bushels per acre. /s/ Dwight Softley EASY TO USE-NO SPECIAL EQUIPMENT NEEDED

Ordinary spraying equipment will do a good job of leaf feeding your winter wheat. When your wheat covers the ground and is 3 to 5 inches high, apply "Na-Churs" at the rate of 1 to 2 gallons per acre. Large areas can be sprayed easily and economically by airplane. The cost is low, the results worthwhile. DON'T DELAY-ORDER YOUR "NA-CHURS" NOW !

Don't let this season go by without giving "Na-Churs" LEAF FEEDING a test. Try it—YOU be the judge. We have "Na-Churs" available in 5, 30 or 55 gallon drums. Come in or call us today.

In a double ring ceremony sol- holding tall white tapers. at 2:30, Miss Nelle Armstrong of preludes and accompanied Mr. tip veil of illusion fell from a wore a penny in her shoe.

Vows were read by Rev. R. O. used.

Hart, became the bride of Billy Herbert Williams, who sang "Be tiara adorned with seed pearls.

Robert Brooks also of Hart. traditional wedding marches were streamers. For something old

kets of white gladiolus. On either bride wore a gown of white satin, chose her wedding dress. For side of the central arrangement styled with a fitted bodice, yoke something borrowed the white were tall cathedral standards of lace trimmed with rhinestones Bible belonging to Miss Maurice set in pearls, long pointed sleeves, Aven. For something blue she emmized in the First Methodist Miss Flo Ann Miller, cousin of and a full skirt which terminated wore the traditional blue garter, Church at Hart, Sunday, May 25, the bridegroom, played muptial into a chapel train. Her finger- and for a good luck charm she

Edd Brooks, son of Mr. and Mrs. My Love" and "Because." The She carried a white Bible topped with yellow roses and white satin she wore a pair of diamond ear

> Mrs. Owen Hankins attended her sister as matron of honor Bridesmaids were Mrs. Deward Armstrong, sister of the bridegroom, and Miss Shirley Sharp. All bridal attendants wore identical costumes of blue, orchid, and green organdy over taffeta, fash-ioned with fitted, sleeveless bod-ices, and full ballerina length skirts. Complimenting their costumes were matching halos of net, white linen slippers, and bouquets of white carnations set with net the color of their dresses.

Ernest Lee Brooks served his brother as best man. Deward Armstrong, brother of the bride, and Theron Hawkins were

Jean Lilley, niece of the bride, and Charles Armstrong, brother of the bride, lighted the candles. Miss Lilley wore a dress of yellow organdy identical to those of the bridal attendants.

Rene' Brooks, niece of the bridegroom, and Sharon Lilley, niece of the bride, were flower girls. They wore floor length dresses of pink organdy trimmed in white lace over satin. They carried white baskets filled with rose petals.

Linda Armstrong, niece of the bride and bridegroom, and David Lee Brooks, nephew of the bridegroom, were ring bearers. Linda wore a white organdy dress matching those of the flower girls. They carried white satin pillows topped with white satin ribbon holding the rings. Acting as ushers were Lloyd

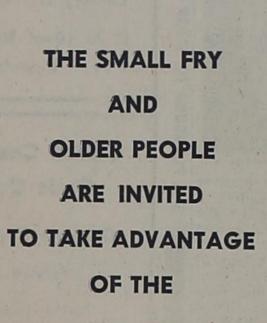

Davis and Dean Phillips. Mrs. Armstrong, mother of the bride, wore a beige lace dress with black accessories and a cor-

sage of pink carnations. The bridegroom's mother was attired in a navy linen dress with navy accessories and a corsage of pink carnations.

Following the ceremony a reception was held in the home of Mr. and Mrs. Ernest Lee Brooks. The bride's table was laid with a quet of blue and white daisies formed the centerpiece flanked by white candles. Mrs. Ernest Lee Brooks served the cake, and Miss Peggy Joyce Marlar, niece of the bride, presided at the punch bowl.

Why are

women's purses

bigger than men's?

Remember all those cartoons you've seen of a wife going through her sleeping husband's trouser pockets? They may

But we're inclined to think that there are other and

For one thing, women are practical, thrifty, and inclined

to do something sensible about their future finances and

those of the family. Forgive us, mister, but the facts speak

Women have outnumbered men share owners of tele-

phone stock since 1900. The big food companies have a

predominance of women share owners. Ditto the country's

largest auto maker. And, at last count, 116,800 women

owned shares in General Electric as against 83,000 men.

About 2,100 of these women-and men-turned out

this spring to attend the G-E annual meeting and eat a

box lunch in one of our largest factory buildings. If you'd

like a report of what was said and done, just let us know.

Picture of a Pair who just waked up

TERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more-and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes.

So you ought to find out how this car rides the road-the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflow Drive*

feeds the power - with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

4-door, 6-passenger Special Sedan

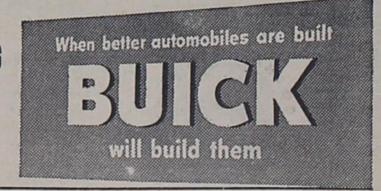

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this-because a lot of folks have told us this: No matter what car you're driving now-no matter what cars you've looked atthey'll never seem the same after you try this

Just give us a chance to prove it - and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster. optional at extra cost an other Series.

Sure is true
