6-Man Governor's Race Shaping Up

2 Candidates In Senate Campaign

AUSTIN (AP)—A governor's race with the familiar sharply-drawn issue between conservative and liberal Democrats was assured today as the lists all but closed for the July 26 primary ballot. Democratic headquarters here expected no last-minute filings by mail. Last midnight was the deadline for applications, but any post-marked before that time will be accepted. It looked like a six-man governor's race and a two-man race for the Senate in the Democratic primary.

Charles Starkweather, accused of slaying 11 persons last January, arrives at Lancaster County courthouse in Lincoln, Neb., to stand trial in one of the slayings. Sheriff Merle Karnopp, left, and another officer closely guard Starkweather.

County Lists Show No Last Minute Entries

No last minute entries in the political derby in Howard County showed up Monday, according to Frank Hardesty county chairman, and the lists are closed for the current year.

Several county office holders who were seeking re-election anxiously awaited out the deadline before learning they had no opponents.

Unopposed for return to their posts are: Wade Choate, district court clerk; Pauline Petty, county clerk; Frances Glenn, county treasurer; Walker Bailey, county superintendent; Ralph Baker, county surveyor; Charlie Sullivan, district judge.

Only race in the county group in which there two contenders is for the post of county attorney. John Richard Coffey, incumbent, is opposed by Wayne Burns, young Big Spring attorney.

JUDGE CANDIDATE
Ed J. Carpenter is the only candidate for the post of county judge—an office left vacant by the announcement of R. H. Weaver, incumbent, that he would not seek re-election.

Obie Bristow, veteran 101st District state legislator, and George Mahon, congressman from the 19th District, are also unopposed.

Local campaign excitement will be built around two races for county commissioners posts and the contest for one justice of the peace office.

Earl Hull, commissioner from Precinct 4, faces five opponents. They are: J. Davidson, A. E. (Arie) Suggs, Roy Bruce, Willis (See POLITICS, Pg. 2-A, Col. 8)

Mock Attack 'Hits' U.S.

BATTLE CREEK, Mich. (AP)—Imaginary enemy bombers were sighted over northern polar regions today and the civil defense force went into action in an annual training exercise.

The official attack warning for "Operation Alert 1958" was flashed from North American Air Defense Command headquarters at Colorado Springs, Colo., at 10:03 a.m. (EST).

Within three minutes, civil defense units throughout the United States got the warning and responded according to pre-arranged plans.

More than half a million professional and volunteer workers are taking part in the two-day exercise.

The imaginary bombers were reported headed for Syracuse, N.Y., Birmingham, Ala., and Memphis, Tenn.

Simulated evacuations of the populations of all three cities were ordered by the Federal Civil Defense Administration head, Leo A. Hoegh, from his headquarters at Washington, D.C.

Crosbys Didn't Know They Were Wed By Protestant

LAS VEGAS, Nev. (AP)—The Dennis Crosbys say they didn't realize a Protestant minister was performing their hasty marriage. They thought they were getting a civil ceremony.

Dennis, 23, a Roman Catholic and son of Bing Crosby, said Monday night that his marriage to dancer Pat Sheehan was hastily arranged Sunday night. He explained that his bride had to get back to her show at the Tropicana Hotel.

The ceremony was performed in a wedding chapel by the Rev. James A. Herndon, pastor of the Las Vegas Church of the Nazarenes. The bride and groom said they were deeply disturbed when they read in newspapers that a Protestant minister had officiated. They mistook him for a justice of the peace, they said.

At a meeting with reporters later, Crosby said he had hoped that after a civil ceremony he could reconcile the marriage with his church. "I will see if they will remarry us in the church," he said. "If not," and he threw up his hands. The minister said he felt the couple received ample evidence of his religious connection. "They always make it clear at the chapel that it's to be a justice of the peace, minister or whatever," he said.

NATO Gives Okay On Summit Meeting

COPENHAGEN, Denmark (AP)—Foreign ministers of six NATO nations told the Big Three today to push ahead for a summit conference with the Soviet Union but not to weaken their position for the sake of a big propaganda show.

One by one, the foreign ministers at their North Atlantic Treaty Organization conference suggested that the United States, Britain and France continue their efforts to find out what the Soviet Union wants to talk about at a summit conference.

They questioned whether the Kremlin really wants a meaningful conference. The smaller NATO nations made these other points:

1. The world should move to a suspension of nuclear weapon tests on two conditions. One is to wait until the United States and Britain have completed their current series of tests. The other is to halt tests only under an agreement with the Soviet Union with ironclad controls.

2. The West should sign no agreement with the Soviets which requires the withdrawal of United States, British or Canadian troops from European soil.

3. The recent Soviet attitude as reflected in Moscow and in the U.N. Security Council raises a grave doubt whether a summit conference could be successful now.

The ministers went into the session with the feeling that Moscow is now on the defensive in summit conference negotiations because the West has pinned it down on what should be discussed.

Discussions indicated the ministers have all but adopted the theory of Secretary of State Dulles that the North Atlantic Treaty nations must not rush into a summit meeting at any price.

British Foreign Secretary Selwyn Lloyd told the ministers the Soviets have already suffered a propaganda defeat from the West trying to pin them down on their vague talk of ways to preserve peace. He cited the Soviet veto in the U.N. Security Council last week of the U.S. arctic inspection proposal.

This, Lloyd suggested, indicated Moscow might be starting to back away from a summit conference in fear of having to face similar choices between mere talk and approving specific inspection or disarmament plans.

WANTED FOR KIDNAPINGS, SLAYINGS
Teen-Age Gunwoman Kills Herself As Cops Close In

IDAHO SPRINGS, Colo. (AP)—A teen-age gunwoman committed suicide while officers arrested her companion yesterday, climaxing a bullet-punctuated chase that started when the pair kidnaped an Idaho Springs marshal.

Jefferson County officers said a woman they identified as Georgia Bryan, 19, of Port Chester, N.Y., fired a single shot into her head as they closed in on David McKnight, 21, of Greenwich, Conn. McKnight offered no resistance, while officers took two automatic pistols from his pockets.

Officers earlier had identified McKnight as the woman's husband.

Sheriff Art Wermuth said McKnight signed a statement admitting he clubbed to death Raymond Reed, 52, an arthritis victim and operator of an Amarillo loan company during a robbery April 19.

McKnight and the woman, who also took part in the robbery, were being sought by the FBI on a murder charge. No charges have been filed here.

Officers said the couple also was wanted in connection with robberies at Kansas City, Mo., and Wichita, Kan., and for kidnapings in Los Angeles and Las Vegas, Nev.

(Detectives in Port Chester, a New York City suburb, said they believed the woman identified as Georgia Bryan had been married to Edward Lapczynski, a tree surgeon and laborer, formerly of Port Chester. The detectives did not know whether there had been a divorce. Both Lapczynski and his wife had police records, the detectives said.)

(The New York Daily News described the suicide as Lapczynski's "runaway wife.")

The wild chase erupted in this small mountain community 40 miles west of Denver when Marshal Charles Hull, 37, attempted to question the couple.

Hull had been alerted by a service station operator after the couple attempted to sell him an automatic pistol for \$12.

KIDNAP VICTIM
Hull said he stopped their car, which was driven by Airman Oscar Barkhurst of Dillonvale, Ohio, stationed at Nellis AFB. Barkhurst told officers the pair

kidnaped him at Las Vegas Saturday.

Hull asked to inspect the girl's purse and she withdrew a .38 caliber pistol and forced the officer into Barkhurst's car.

Barkhurst jumped from the car and drove away in Hull's auto. He traveled several back streets until pedestrians directed him to police and the alarm was spread as the couple sped away with Hull as hostage.

Highway patrolmen and sheriff's officers set up roadblocks as a Highway Patrol officer chased the fleeing car down winding Mt. Vernon Canyon toward Denver.

At a roadblock west of Denver the fleeing car sped through and officers opened fire, but no one was hit.

The chase ended when Miss Bryan said she wanted to stop and McKnight drove into a service station.

She entered the station near Denver's western outskirts and at gunpoint ordered three men working on a car into the office. They fled through a rear door.

As McKnight started from the car State Patrolman Darrell Penner arrived and held the fugitive at bay with a gun, but McKnight surrendered meekly. The girl fired a bullet into her head as two other officers arrived. She died shortly after arriving at a hospital.

Barkhurst's tale of being kidnaped followed that of Harry Ziedman, 37, who told Los Angeles police the couple held him in a prisoner in a hotel room three hours last Thursday and Friday before he escaped.

ANOTHER CHARGE
The Los Angeles FBI said the couple also was wanted for abducting Frank Garrett, 43, of Altadena, Calif., and forcing him at gunpoint to drive them to Las Vegas. He was held captive in a Las Vegas hotel several hours and robbed.

In Port Chester, the detectives gave this background on the woman who had been married to Lapczynski:

She was born in Tupper Lake, N.Y. Arrested in Port Chester April 28, 1957, on a charge of carrying a switchblade knife, she was handled as a juvenile offender. The disposition of the case was

'Bombardment' Of Plowed Field Saves Jet Pilot

The unscheduled "bombardment" of a plowed field 4 1/2 miles northeast of Big Spring Monday was credited with saving a jet trainer plane and possibly its cool-headed pilot.

First Lt. David O. Wilkey of Nogales, Ariz., jettisoned his wing fuel tanks in the field when they failed to feed and he was obliged to come back to Webb for a landing. They landed with a befitting thud and burst asunder, doing no more damage than splashing a quantity of fuel oil.

The incident at 2:30 p.m. Monday gave rise to rumors that a plane had crashed and officers hurried immediately to the spot on the E. P. Driver place which is farmed by Raymond Stallings.

Authorities said that Wilkey acted wisely because landing with full or nearly full wing tanks is dangerous, not to speak of being hard on the plane's landing gear.

He was in the traffic pattern to land because his fuel supply was running low and the tanks had failed to feed. Flying low and parallel to housing in the vicinity, he dropped the tanks in a field where he could be sure there was no person or animals. Then he swung on in his pattern and directly to Webb where he landed with less than 50 gallons fuel remaining.

Lt. Wilkey is the son of Mrs. Frances B. Wilkey of Washington Street in Nogales and took his bachelor of science degree from Arizona State College at Tempe in 1956. He came to Webb from Lackland AFB following his basic training and is a member of Class 58-0.

County officials closed a deal with Miss Jo Cole and Miss Pearl Cole, owners of nearly 20 acres of land on the route. This brought the total right of way now in the county hands to more than 70 acres. Slightly more than 90 acres are needed in all.

The Cole sisters agreed to accept \$10,000 for their land and a check paying them for the property was to be delivered to them today, said County Judge R. H. Weaver.

A number of tracts remain to be acquired before the right of way is completed. Bulk of these involve small areas.

Acquisition of the 19.994 acres held by the Cole sisters is regarded as the key to the project. Prior to the signing of the agreement Monday afternoon, 50 acres of the 90 had been signed.

Howard County has an agreement with the Texas Highway Commission to provide 200-foot right of way for the road.

It will begin at the south edge of the city on U. S. 87 and go eastward and north to tie into U. S. 80. It will form a loop route to serve heavy traffic and is regarded by some officials as one of the most important road jobs in the county.

Freed On Bond In Slaying Case

Alfa Mae Morris, 36, was freed on \$2,500 bond Tuesday morning on a charge of murder with malice. She had been charged in the fatal slaying on Saturday night her brother-in-law, Claude Thomas Harris Jr., 45.

Harris, a cafe cook, was knifed as climax to a brawl with his wife, who is Alfa Mae's sister. Tuesday morning Clyde Thomas, her attorney, presented the bond to Sheriff Miller Harris and the woman was released from custody.

Her case will be presented to the grand jury in June said Gil Jones, district attorney.

Progress Noted In Efforts For Right-Of-Way

Progress in the efforts of Howard County to acquire needed right of way for the proposed FM 700 road project took a major forward step Tuesday.

County officials closed a deal with Miss Jo Cole and Miss Pearl Cole, owners of nearly 20 acres of land on the route. This brought the total right of way now in the county hands to more than 70 acres. Slightly more than 90 acres are needed in all.

The Cole sisters agreed to accept \$10,000 for their land and a check paying them for the property was to be delivered to them today, said County Judge R. H. Weaver.

Spring Cleanup Dates Are Set

Dates for the spring cleanup campaign have been pegged for June 1-7.

However, the key dates for setting up success of the effort are May 30-June 1. This is cleanup weekend in Big Spring, the Chamber of Commerce beautification committee decided Tuesday in a special meeting. Residents will be urged to do as much of their cleaning within this period in order that trash will be ready for hauling starting June 1.

As usual the City of Big Spring will furnish trucks for free hauling of trash within the period. Webb AFB has volunteered two trucks to aid in the campaign, said Jim Lewis, chairman.

Zone chairmen will be named and will pick sub-zone chairman to assist in publicizing the effort to the individual residences Sunday May 1 has been designated as cleanup Sunday and ministers will be asked to make mention of both the physical and spiritual implications of cleanliness.

Panama Wants Its Flag Over Canal

PANAMA (AP)—President Ernesto de la Guardia Jr., says he is going to ask the United States at once to let the Panamanian flag fly over the Canal Zone.

The President sent that word last Monday night to a student demonstration demanding that Panama reassert its sovereignty rights over the Canal Zone. The United States operates the waterway and controls the zone five miles wide on each side of it under a perpetual lease.

'Y' Building Fund Campaign Builds Up To A Crucial Point

YMCA building campaign workers come up to a crucial point Wednesday, and leaders were turning on steam Tuesday in order to get a good report. The first check session since the general division kicked off its drive last Thursday evening is set for Wednesday at 5 15 p.m. in the Settles ballroom.

YMCA decided Monday evening they would do more than speak in behalf of the building program. Hi-Y and Tri-Hi-Y clubs decided they would undertake projects—yet to be selected—designed to raise funds for the new YMCA home.

DEAR ABBY

PITY THE WAITRESS

By ABIGAIL VAN BUREN

DEAR ABBY: I am one of the many waitresses who want to thank you for saying waitresses depend on "tips" because their salaries are amazingly small. On days you should have said "pitifully" small. The work of a waitress is hard, the hours are long and the trays are heavy. We have to smile when our feet are sore and our arms are stiff. Every person who complains about having to tip a waitress should work in a restaurant for ONE DAY. Now, I feel better!

two and a half years old and the only grandchild on both sides. Whenever we take him to either set of grandparents they immediately get out looking for candy and soda pop and give it to him to keep him happy. They seem to think they have to feed him "junk" all the time. My husband and I don't like to hurt anyone's feelings, but how can we let them know we don't like it one bit? YOUNG PARENTS

They talked about various things and Echandi invited the men to visit him in his Latin-American homeland.

Under its terms the federal government would pay for extension of benefits, which would go to many workers not covered by insurance, as well as those who are.

They had been assigned as body guards to Echandi when he made a state visit to Washington. But on Thursday they'll be special guests of Echandi when he takes the oath as president of Costa Rica.

pay bill President Eisenhower has approved.

Republican Leader William F. Knowland of California said he is confident the Senate will go along with the House in voting a measure designed to extend the period of unemployment compensation payments to those who exhaust sufficient votes to get this bill through in about the same form as it was voted in the House.

Senate Democrats who like to be classed as liberals have served notice they plan an effort to revive the provisions of a bill defeated by the House.

Under its terms the federal government would pay for extension of benefits, which would go to many workers not covered by insurance, as well as those who are.

An extra 16 weeks of benefits would be provided, at a cost estimated at 1 1/2 billion dollars.

The House-passed bill would authorize loans to the states to meet extended payments, with the added having the option of acting.

Johnston's reported support for the latter measure indicated that any move made by the liberal

group to broaden its terms is likely to meet defeat.

However, Sen. John F. Kennedy (D-Mass.) told the Senate the House bill is "wholly inadequate to meet the needs of a wholly inadequate system."

Kennedy said jobless workers are exhausting their benefits at the rate of 40,000 a week. He said two million who are out of work are not covered at all.

Amarillo Gets Only Moisture

By The Associated Press A light rain fell at Amarillo in the only moisture reported in Texas Tuesday.

A few more scattered showers were forecast for the Panhandle and South Plains.

Soggy Northeastern Texas continued to dry after last week's round of rain, tornadoes, hail and high winds.

Predawn temperatures ranged from 49 degrees at Junction to 70 at Laredo. Highs Monday varied from 73 at Lufkin to 97 at Presidio.

Indiana Picks Politicos Today

INDIANAPOLIS (AP)—Indiana's nine Republican and two Democratic congressmen were expected to win re-election in today's primary, with six of them unopposed and only two—both Republicans—facing strong opposition.

Voters also were choosing delegates to the two parties' state conventions late in June, which will nominate candidates for U. S. senator, minor state offices, four seats on the State Appellate Court and one on the Supreme Court.

In other contests, nominees were being chosen for all 100 seats in the State House of Representatives and half of the 50 State Senate seats for the Legislature which will meet next January.

Two incumbent Republican congressmen facing the toughest contests were Rep. Cecil M. Harden of Covington in the 6th Dist. and Rep. Charles B. Brownson of Indianapolis in the 11th. Indications were Mrs. Harden would defeat Robert S. Webb of Arcadia and Brownson would turn back Donald C. Bruce of Indianapolis.

Unopposed incumbents were Democratic Rep. Winfield K. Denton of Evansville, 8th Dist., and Republican Reps. Charles A. Halleck, Kennesaw, 2nd; F. Jay Nimitz, South Bend, 3rd; E. Ross Adair, Fort Wayne, 4th; John V. Beamer, Wabash, 5th; and Earl Wilson, Bedford, 9th.

Ike To Teleise Republican Dinner

WASHINGTON (AP)—President Eisenhower will address a Republican dinner tonight honoring GOP members of Congress.

His speech at a downtown hotel will be carried by CBS television and radio from 9:30 to 10 p.m. EST. The White House says the talk will deal with national defense and other aspects of U. S. security.

GOP Ignores Rumor Of Ike Resignation

WASHINGTON (AP)—Republicans dismissed today as merely speculation a prediction by Democratic National Chairman Paul M. Butler that President Eisenhower will resign before his term ends.

Republican National Chairman Meade Alcorn called it "undiluted nonsense."

Butler said on a recorded radio program last night he would venture to guess that Eisenhower will turn his office over to Vice President Nixon because the President will decide "he feels physically unable to continue to discharge any responsibilities and duties" of the job.

Sen. William Knowland (R-Calif.), who confers with Eisenhower weekly, said: "The President shows every sign of vigor and he certainly is on the job on

a full-time basis. He certainly doesn't give anyone the impression that he is even remotely entertaining the idea of resigning."

At the White House, Mrs. Anne Wheaton, associate press secretary, said there would be no comment.

Butler was asked during the program whether he based his forecast on some factual knowledge or on gossip.

"I would say that this is something that is very hard, very difficult to prove," he replied. "But certainly there has been so much talk and conversation about it in official circles, and particularly among the Washington press corps, that it would appear that there is some basis for it."

Eisenhower told his news conference last week that when he was re-elected, "I took on something that I think is a duty, and I am going to perform that duty as long as I think I am capable of doing it."

Alcorn said: "The nation is confronted with the necessity of choosing between the President's unqualified denial and Mr. Butler's ridiculous speculation."

Escaped Slayer Killed

Police and an ambulance attendant carry the body of Franklin Perkins, 28-year-old convicted murderer, from a house in Waco, where he was shot and killed by officers after escaping from jail. A companion who escaped jail with Perkins surrendered rather than battle with police.

Berserk Janitor Cuts Down 9

SAN FRANCISCO (AP)—A berserk janitor poured shotgun fire into a neighbor's crowded apartment last night, wounding three adults and six children. One of the children was hurt critically.

"I was out of my mind. I didn't mean to do it, but they vexed me so bad," cried William Edward Breeze, 37, who fled the scene but called police 45 minutes later to come and get him.

He was booked for investigation of a charge of assault with intent to commit murder.

The shooting climaxed a long-standing neighborhood feud in the Potrero Hill Negro housing development.

Police found Breeze's wife Mary, 29, weeping in her apartment. Witnesses said she held a revolver at one window of the apartment of Mrs. Aline Herbert while Breeze fired a 12-gauge automatic shotgun four times through another window.

Mrs. Breeze, questioned but not held, told police the Herberts had been bothering her family of five boys and a girl for months and "it went too far." She said her 10-year-old daughter Bobbie had been "jumped on" at play by Kirby Mae Young, 10.

"We figured we had enough, so we went over there next door to get it settled," the woman was quoted as saying.

Officers, after preliminary investigation, said she apparently didn't fire the pistol.

Kirby Mae, visiting at the Herbert place, was shot in the back and critically injured.

James B. Cabell, Noted Writer, Dies

RICHMOND, Va. (AP)—James Branch Cabell, a quiet Virginia aristocrat who became a stormy petrel of American letters with his sophisticated novels of disillusion and escape, died here last night at 79.

A cerebral hemorrhage suffered Sunday afternoon claimed the life of the author of "Jurgens" after a writing career that had spanned more than half a century.

For Cabell, writing was "pure pleasure seeking." His desire was "to write perfectly of beautiful happenings."

Critics disagreed violently on how well he succeeded. To such as D. H. Mosely, Cabell's ironic novels, preoccupied with sex,

Calls For Ruling Now On Income, Excise Tax Cuts

WASHINGTON (AP)—Sen. Clifford P. Case (R-NJ) called today for a decision now on whether Congress is going to cut income and excise taxes.

But Sen. William F. Knowland of California, Senate Republican leader, said he does not believe any Eisenhower administration decision in this field is imminent.

Case, one of a group of Republicans who have been urging greater efforts to counter the economic recession, said in a statement he believes the uncertainty about tax cutting "has undoubtedly contributed to hesitation on the part of consumers and investors which has had a cumulatively depressing effect on the economy."

Case said that despite anti-recession measures already taken he doesn't find any significant indications of a business upturn.

Little Rock Sets Scene For Awards

NEW YORK (AP)—The school integration crisis in Little Rock, Ark., set the stage for three of the 1958 Pulitzer Prizes in journalism.

Two of the prizes, which were announced yesterday, were won by the same newspaper, the Arkansas Gazette, of Little Rock.

Another was awarded to Relman (Pat) Morin, an Associated Press reporter, for his coverage of integration violence.

For "demonstrating the highest qualities of civic leadership, journalistic responsibility and moral courage," the Gazette won the prize for meritorious public service.

The newspaper's executive editor, Harry S. Ashmore, 41, won a prize "for the forcefulness, dispassionate analysis and clarity of his editorials" on the explosive integration situation.

This marked the first time a newspaper captured the public service award while one of its editors won the editorial prize for the same news event.

Morin, a Pulitzer Prize winner in 1951, was cited for "his dramatic and incisive eyewitness report of mob violence on Sept. 23, 1957, during the integration crisis" at Little Rock's Central High School.

Morin, 50, was one of two winners this year for national reporting.

The other separate award in this category went to Clark Mollenhoff, 37, Washington correspondent for the Des Moines Register and Tribune and the Minneapolis Star and Tribune. He was cited for his investigation of labor racketeering.

"A Death in the Family," by the late James Agee, and "Look

Homeward, Angel," adapted by Ketti Frings from the late Thomas Wolfe's novel, were named the best American novel and play of 1957.

The award to Agee, who died three years ago at the age of 45, was the first Pulitzer Prize for fiction to be awarded posthumously.

The novel deals with a Southern family's reaction to the death of a beloved father.

Miss Frings' play has been a Broadway hit since it opened last Nov. 28. Wolfe never won a Pulitzer Prize for the autobiographical novel she adapted.

The 41st annual Pulitzer Prize awards in journalism, letters and music by the trustees of Columbia University were made public by Dr. Grayson Kirk, university president. The awards were established by the late publisher Joseph Pulitzer.

The awards in arts and letters are \$500. Those in journalism carry a prize of \$1,000. The public service newspaper award consists of a gold medal.

Other press awards included: The Fargo (N.D.) Forum, for local reporting under the pressure of edition time, in its news and picture coverage of a tornado that struck that city the night of last June 20.

George Beveridge, 36, a reporter for the Washington (D.C.) Evening Star, for local reporting with-out edition time pressure. He was cited for a series of eight Sunday articles on urban development problems in the capital.

The New York Times for international reporting. It was the first time a newspaper staff was collectively honored in this category.

"THE THINKER"
Bruce M. Shanks, 50, of the Buffalo (N.Y.) Evening News, in cartooning, for his Aug. 10 cartoon depicting the dilemma faced by members of some labor unions with racketeers among their leadership. It was entitled, "The Thinker."

William C. Beall, 47, of the Washington (D.C.) Daily News, for photography. The winning picture, which appeared last Sept. 11, shows a policeman patiently reasoning with a 2-year-old boy trying to get closer to a parade. It was entitled, "Faith and Confidence."

Walter Lippmann, 68, nationally syndicated columnist for the New York Herald Tribune since 1931, received a special citation commending him "for the wisdom, perception and high sense of responsibility with which he has commented for many years on national and international affairs."

FIELD OF ART
In the field of art, the following awards were announced:
History — "Banks and Politics

In America — from the Revolution to the Civil War," by Bray Hammond, 71. A resident of Thetford Center, Vt., he is retired assistant secretary of the Federal Reserve Board.

Biography — "George Washington", Volumes I-VI, by the late Douglas Southall Freeman, and Vol. VII, written by John Alexander Carroll and Mary Wells Ashworth after Freeman's death in 1953. The prize will go to Freeman's estate.

Poetry — "Promises: Poems 1954-1956" by Robert Penn Warren, a professor of English at Yale University. This 63-year-old resident of Fairfield, Conn., won a Pulitzer Prize for fiction in 1947.

Music — Samuel Barber for the score of his first opera, "Vanessa," first presented at the Metropolitan Opera House last Jan. 15. The 48-year-old barber has twice won the now discontinued Pulitzer music scholarship.

Morin, who won the Pulitzer Prize in 1951 for his reporting on the Korean War, is a native of Freeport, Ill. He has been with The Associated Press since 1934.

GRAN HAMNER PACES PHILADELPHIA SURGE

By ED WILKS
The Associated Press
It was just last week that reports started about the Philadelphia Phillies looking for a trade that would bring them some power. They should have started the whispering campaign sooner—Gran Hamner's been clubbin' the ball ever since.

In six games since the May 1 rumors, Hamner has knocked in a third of the Phils' 31 runs, getting 10 hits in 23 trips—six of them for extra bases. That's a .435 batting average and an .821 slugging percentage.

Not bad for a 31-year-old shortstop-second baseman taking his first fling at third base in a decade. He drove in five runs with a bases-loaded triple and the 100th homer of his 14-year career last night, carrying the Phils to an 8-3 victory over the Los Angeles Dodgers.

Pittsburgh gave up nine runs in the ninth to the San Francisco Giants but salvaged an 11-10 victory that netted them a share of first place with the idle Chicago Cubs.

The Boston Red Sox defeated Cleveland 8-5 in the only American League game played because of rain.

The Phils scored five runs in the first against young Don Drysdale. Hamner's triple was the big blow.

Three more came across in the fifth against lefty reliever Jackie Collum. Hamner's first home run of the year, with a man on, and Stan Lopat's second, both in the Coliseum, got the job done. Ray Semproch, a rookie right-hander, gained his third victory.

Vern Law, who managed to win his third, had a five-hitter and had blanked the Giants from the first inning on going into the ninth. Then all sorts of things happened—two errors in that allowed five unearned runs, seven hits off four Buc pitchers and three pinch hits.

The National League record for one inning by one club, Jim King, Johnny Antonelli and Bob Speaker delivered the pinch blows, consecutive doubles that drove in five runs.

A three-run homer by R. C. Stevens marked a five-run Pirate seventh that chased Ruben Gomez to his second defeat. Frank Thomas' eighth homer, with a man on, triggered a three-run ninth for what looked like a rout. Then became barely adequate.

Ray Jablonski and rookie Orlando Cepeda homered in the Giant ninth.

LOOKING 'EM OVER

Sports Dialogue:
CLOYCE BOX, former professional grinner, referring to Bucko Kilroy as an 'ornery critter' during Kilroy's suit against Time, Inc., for branding Kilroy as a 'dirty football player' and being asked by presiding judge, C. William Kraft, to define the term.

"It is a domesticated animal that sometimes doesn't act within the scope of that domestication."

PAUL WANER, former major league outfielder:
"One fall, years ago, while I was still playing with the Pittsburgh Pirates, I was visiting a small town in Oklahoma with a friend of mine. It happened that on this particular day we were playing the final game of a red hot series with a rival town, and the town I was in chased me all over, pleading with me to put on a uniform. Well, I finally did, but when the other team found out I was Paul Waner they squawked. They refused to let me play. So I got an idea. I said to the manager of the other team, 'Will you let me play if I promise to bat left-handed?' He finally agreed. I got five for five, including two triples and a double. They didn't know until afterwards that I always batted left handed."

CORINNE GRIFFITH, after announcing she was divorcing George Marshall, owner of the Washington Redskins:
"There is no villain in this play. No other man; no other woman. Just things that got in the way. And hard as I tried, I just couldn't learn football."

JOHNNY TEMPLE, Cincinnati infielder:
"After serving as a player-manager in Venezuela last winter, it's 'never again.' I argued too much with the umpires and the first thing I knew they turned in a report on me to the league president. Then things happened. I had the team in first place and they promised me a bonus. One day somebody slipped a letter under my door and I thought it was my bonus check. I opened the letter, written in Spanish, but no check. A friend of mine read it to me and laughed. He said I had been fired. Nice people."

JIMMY CANNON, New York writer:
As a coach at Yale, Herman Hickman was a failure. It will be as a line coach for Red Blak that he should be honored because he excelled at that. There wasn't enough meanness in Herman Hickman to be a good head coach. But the lines that he served Doc Blanchard and Glenn Davis gave him fame enough. . . . I know he wanted to live and must have fought like hell to keep from going."

BUD WILKINSON, Oklahoma University football coach:
"The quality of a champion is to know you're a champion and act like a champion. If you surrender that spirit to the opposition, you lose. . . . If we're the best team, we should be equipped as the best team, have the best field, use the best transportation and stay at the best hotels."

ROBIN ROBERTS, Philadelphia pitcher:
"In the long history of baseball, I stand unparalleled for putting Christianity into practice. I have given up all-time records of home runs. No one has ever been so good to opposing batters. And to prove I was not prejudiced, I served up home-run balls to Negroes, Italians, Jews and Catholics alike. Race, creed, nationality made no difference to me."

PAUL RICHARDS, Baltimore manager, discussing his young third baseman, Brooks Robinson, recently:
"He didn't come to punt. He came to carry the ball."

BOB HOFFMAN, coach of the U.S. Olympic weight-lifting team:
"I can make any athlete in any sport run faster, jump higher or hit harder, simply by showing him how to toss the weights around in the gym."

JIM DAVENPORT, San Francisco rookie, after getting four hits in a game against Los Angeles:
"I've got no problems at all. They'll come when I stop hitting."

EDDIE MATHEWS, Milwaukee, third baseman:
"Hustle is the most over-worked gimmick in baseball. It might look good from the stands, but all that 'hustle' doesn't get you a base hit. I never heard of a guy yet who got \$10,000 for hustle."

USED TO WINNERS Busch Convinced Cards To Improve

ST. LOUIS (A)—Brewery owner August A. (Gussie) Busch, accustomed only to winners, is convinced his staggering St. Louis Cardinals will snap out of it.

The Cardinal owner, who has seen his Clydesdale horses and his bowling teams win national honors, is suffering as much as the most avid fan over his club's dismal last-place record of three victories in 15 games. They finished a surprise second last year.

Busch and General Manager Bing Devine admit the Cards would like to get Cincinnati catcher Smokey Burgess, 31, a power hitter with a career batting average of one point under .300. They consider outfielder Wally Moon, an even trade. Moon's career mark is only two points under .300.

Busch said a Moon-for-Burgess deal had been discussed several times.

The Los Angeles Dodgers reportedly are dickering with the Cards for Del Ennis and others with ailing Duke Snider and aging Carl Furillo as bait.

But Devine said he is afraid of a Snider deal "since we'd have to give up so much."

Busch and Devine seemed reluctant to give up on their players.

"Psychologically, this is a poor time to make a deal, because we're down," Busch said. "If the

fans will stick by us, I'm convinced we're going to snap out of it."

The fans have stuck by the club. Attendance at four home games—all defeats—was 65,316, compared with 36,030 for the first four games last season.

Teen-Age League Deadline Nears

All boys who plan to play baseball in the Senior Teen-Age league here must sign up at school by Wednesday, it has been announced.

Plans are in the making to have the local league affiliated with the state organization again, in which case the information must be in state headquarters by May 15.

Much remains to be done before the affiliation becomes official. The league must have at least four teams, state rules dictate, and only two sponsors have been found for the league to date. They are the Elks and the American Business Club.

Pointing For State
Millard Bennett, ace hurdler and relay man, is warming up at HCJC for the Texas Junior College track and field meet, which takes place in Abilene Monday and Tuesday of next week. Bennett was the second leading scorer in the West Zone meet held here recently.

Cisco Favored In State Meet

Approximately 22 Texas junior colleges are eligible to enter the TJCJC State track meet, to be held at Abilene Christian College in Abilene on May 12-13.

Some junior colleges will not sponsor athletes in the big track review, but those most likely to be present are HCJC, Amarillo, Lee of Baytown, San Antonio, Uvalde, Temple, Allen Academy, Blinn, Paris, Decatur, Cisco, and Navarro.

Other state junior institutions that might or might not show are Clarendon, Frank Phillips, Le Tourneau Tech of Longview, Pandora, Henderson, Gainesville, Weatherford, Lon Morris, and Corcoran of Houston.

Last year's winner, Cisco, still remains as this year's favorite.

The powerful Bruce Land-led group judged Howard County Junior College last year for the team championship by a matter of three or four points.

Roger To Face Midland Nine

The Big Spring Steers play their final home baseball game this afternoon at 4:15 p.m. at which time they meet Midland.

Dub Hendrick's Bulldogs will be gunning for revenge in this one. The Steers handed the Midland gang its only defeat in District 2-AAAA play several weeks ago, 6-2.

Billy Roger, who authored the victory over the Bulldogs, will be on the mound again today. He'll be after his sixth victory of the season.

Wilson Moves Out Front By 2 Games

Wilson Brothers moved two games out in front in the industrial bowling league race last week by defeating Tom Conway's Service Station team, 3-0.

The erstwhile leader, Alexander's Jewelry Store, was blanked by Donald's Drive Inn, 3-0. In other matches, Snider Golf turned back B&H Well Service, 3-0; the same margin by which Toby's won over Prager's Men's Store.

Alexander's posted high team scores of 849-2499 while Virgil Long had high game of 199 and Garrett Patton the best series, 534.

Next week, Toby's tries B&H while Snider Golf will be pitted against Tom Conway's and Donald's against Wilson Brothers.

WEBB TO STAGE TRACK CARNIVAL SATURDAY

Memorial Stadium in Big Spring will be the scene of an invitational track and field meet for Air Force Base teams.

The meet gets under way at 1 p.m. Between 75 and 100 athletes are due to be on hand here.

Teams which already have accepted invitations include Goodfellow Field of San Angelo, Dyess of Abilene, Brooke Medical Center of San Antonio, Fort Bliss and Webb of Big Spring.

Starter of the meet will be Fred Salling of Coahoma. Lt. Hank Nottingham of Webb is the director.

Competition will be held in 19 events, including the 16-pound hammer throw, javelin, hop-step and jump and three mile run.

The Webb team has participated in four meets this spring and is committed to run Sheppard Field in Wichita Falls in a dual meet May 17, go to San Antonio for the Brooke Invitational May 24 and meet Fort Hood in a dual here May 31.

Webb defeated Dyess in a dual meet here last weekend.

Following are the records at which Saturday's field will shoot:
440-yard relay—webb (Ora Standard, Dan Dixon, James Sewell, Bruce Sweeney), 4:39. Set in 1957.
150-yard dash—Antonio Barrera, Goodfellow, 5:14.4, 1957.

Bannister Was First Of The Great Milers

LONDON (A)—A Union Jack was stiff in a 25-mile-an-hour wind whipping alike over Ilfley Road running track and the city of Oxford.

As long as the flag flew taut on the staff there was no hope for four conspirators below to achieve one of the great moments of sports and for one of them to make an immortal of himself.

About 5:30 on the afternoon of May 6, 1954—four years ago today—the wind dropped to a zephyr.

Thus fell into place the last of the pieces necessary for Roger Gilbert Bannister to perform a feat then widely considered impossible—the running of a mile in less than four minutes.

Since Bannister did the impossible, the feat has been repeated 34 times.

When Bannister ran a mile in 3:59.4 he all but knocked the cold war off the front pages.

Today, a four-minute mile is hardly a page one story. Eighteen different men of 10 different nationalities have broken four minutes.

SAYS HIS DOCTOR Campy Won't Make Total Recovery

By JOE REICHLER
NEW YORK (A)—Doctors expressed hope today that Roy Campanella, paralyzed Los Angeles Dodger catcher, would make sufficient progress for "ordinary living" but expressed doubt that he will ever make a total recovery.

The statements were made by both Dr. Howard Rusk, head of the Rusk Institute of the New York Medical and Rehabilitation Center, where Campanella was transferred yesterday, and by Dr. Robert W. Sengstacken, who performed the laminectomy (neck fracture operation) on Roy three months ago.

"Campanella is still a quadriplegic, meaning he is paralyzed from the shoulders down," said Dr. Sengstacken. "He can use his shoulders and bend his wrists very weakly. There is no muscle function below the shoulders and he has intermittent feelings down to the groin."

Dr. Sengstacken said Campanella has shown some improvement during the last 30 days but he said the progress was not as rapid as he had hoped.

"It is not a good sign," he said. "We would like to have continued progressive movement. The longer he remains without progressive change, the less chance he has of recovery. However, we have seen

some signs that are favorable. His physical condition remains good. Now is the time to get him up with braces."

Campanella had been in Glen Cove Hospital ever since he was critically injured in an automobile accident near his home Jan. 28.

"It is too early to give a definite prognosis as to whether Roy will ever recover fully," said Dr. Rusk. "It is not now possible to tell how much movement will return.

"Before World War II, a patient of this type was regarded as hopeless. He remained in bed the rest of his life. However, since then, we have made great progress. Of the 300 to 400 cases that I've been connected with, 75 per cent were able to return to normal functions, such as shaving, feeding himself and even walk again, with the aid of a brace."

The doctors said Campanella had lost 15 to 20 pounds but that his appetite was good and his spirits and morale excellent.

"That is greatly in his favor," they said.

Painters Reduce Leaders' Edge Lubbock First In Meet Here

The Painters reduced the lead of the Pump Doctors to one game in Cosden Bowling league competition last weekend by subduing the top club, 2-1.

In other matches, Sales turned back the Operators, 2-1; the Welders won over the Engineers, 2-1; and the Chemists trounced Maintenance, 3-0.

The teams were led by: Painters—Jerry Cockrell, 245-594; Pump Doctors—Harold Moss, 200-554.

Sales—Bill Carter, 195-560; Operators—Buddy Clinton, 160-548; Welders—Henry West, 494; Don Hale, 198; Engineers—D. R. Gartman, 187-537.

Chemists—G. A. Darden, 189-536; Maintenance—Floyd Stephens, 163-413.

Accident Victims Wed In Hospital

MOUNT AIRY, N. C. (AP)—Check list for a wedding: Hospital bed for the bride, wheel chair for the groom, champagne, wedding cake, minister and guests.

They were all here Monday as Barbara Foley, 28, and Emil Tengen, 39, became man and wife in Northern Surry Hospital. The Akron, Ohio, couple—injured last week when their private plane crashed—smiled and kissed as 20 nurses, doctors and visitors looked on.

Honeymoon? At least a month in the hospital while Mrs. Tengen recovers from a broken pelvis and fractured back. Tengen, almost recovered from head injuries, managed to stand long enough to kiss the bride, cut the wedding cake and pop open a champagne bottle.

Big Spring Derby Champ To Meet 158 Others In Akron

DETROIT—The 21st All-American Soap Box Derby at Akron, Ohio, on Sunday, August 17, will bring together 159 boy champions from all over the world to compete for \$15,000 in scholarships and other valuable awards.

Twenty-nine new sponsoring cities, including for the first time a South American representative from Venezuela, are in the 1958 Soap Box lineup, according to W. G. Power, executive director of the world famous boys' competition.

In announcing the official list of entries, Power, advertising manager of Chevrolet which sponsors the event internationally, said champions also will come from Alaska, Canada, West Germany and the Philippines. (Big Spring is in the Derby for the fifth year).

Eyes of the nation and many parts of the world will be on Akron when the year-long Soap Box Derby activity reaches a colorful conclusion in the run down the famous Derby Downs course. Singer Pat Boone and other celebrities will be on hand to spark festivities, Power said.

The 29 new sponsoring cities, besides Caracas, Venezuela, are: Aberdeen and Ephrata, Wash.; Amsterdam and Mt. Vernon, N. Y.; Anniston, Ala.; Bowling Green, Ky.; Charleston and Huntington, W. Va.; Cheyenne, Wyo.; Cicero and Elgin, Ill.; Co-shocton, Mansfield, Middletown and Warren, Ohio; Covington and Savannah, Ga.; Crawfordsville and Mario, Ind.; Dover, N. H.; Fayetteville, N. C.; Las Vegas, Nev.;

Minneapolis, Minn.; Natchez, Miss.; Oelwein, Iowa; Tampa, Fla.; Tidewater, Va.; including Norfolk, Suffolk and Portsmouth; and Torrington, Conn.

A highlight of the 21st All-American Derby is open to all boys 11 to 15, inclusive, who build and race gravity-propelled coasting cars of their own design. Boys winning the local competition go to Akron as champions to race in the All-American. As guests of Chevrolet, they are given a whirlwind weekend of entertainment, concluding with the spectacular All-American event on Sunday before a crowd of more than 70,000.

Lila won out in a field of 13 in a point system contest in which a perfect spine got her 50 per cent, poise, personality and posture the remaining 50 per cent. Contest was sponsored by the Michigan Academy of Chiropractic, Inc.

Cut Seen In Cotton Shares

WASHINGTON (AP)—The American Farm Bureau Federation said today farmers throughout the cotton belt face drastic reductions in cotton planting allotments in 1959 unless Congress amends farm law before it adjourns.

The farm organization is urging changes in the law that would allow growers larger allotments in return for lower price supports than are now required. In its weekly news letter to members, the Farm Bureau said that on the basis of best possible estimates, the 1959 national cotton planting allotment will be about 14,200,000 acres.

This compares with a minimum of 17½ million acres Congress authorized for 1957 and 1958 crops. But this minimum expires this year unless Congress acts.

In the event of no congressional action, the Agriculture Department would be required to set allotments under a formula in the farm law of 1938 requiring that they be trimmed considerably.

The Farm Bureau favors a price support below the current minimum of 75 per cent of parity, as a means of making cotton more fully competitive with cotton and synthetic fibers in markets at home and abroad.

The news letter said that should the cotton allotment be reduced next year, the land diverted from cotton would go into other crops, particularly livestock feed grains, to cause difficulties to growers of these crops in other sections of the country.

There is no indication at this

time that Congress will do anything about cotton this session because of sharp differences with Secretary of Agriculture Benson.

Make-Believe Tornado Due To Strike During This Afternoon

The simulated tornado is still expected to strike Big Spring this afternoon.

While the rest of the state was being "bombarded" by nuclear weapons in practice alerts today, Big Springers prepared to receive a practice tornado alert sometime after 4:30 p.m.

Civil Defense officials urged the city to expect the loud wailing of sirens marking the start of the practice tornado disaster. The alert will begin about 4:30 with the "tornado" in the vicinity of Midland and moving this way in a zig-zag pattern via Knott.

The "tornado" is a Webb AFB helicopter and it will approach Big Spring from the northwest between the State Hospital and the Andrews Highway. When the police see that the twister will "hit" Big Spring, the signal will be given for the sirens to sound the warning.

The signal will be standard CD procedure of three 1-minute blasts separated by five-second interval. This warning signal will be repeated three times with a 10-second break between each signal.

The all-clear signal will be one blast of a minute's duration, and this will be given about 30 minutes after the warning signal.

Once the alert is given, all citizens of Big Spring should practice tornado precautions with their families. W. D. Berry, CD coordinator, emphasized.

Units of the highway patrol, sheriff's officer, and the local police department will have the job of "tracking" the mock tornado, and this information will be channeled to the CD truck which will be set up at the police station. This truck is the property of the Military Affiliate Radio System (MARS) at Webb and is available

Mrs. Weeg On State Committee

Mrs. Charles Weeg has been named as one of the 15 who will serve on the state textbook committee for 1958.

Her appointment was announced in Austin Monday by the State Board of Education. Approved upon the nomination of Commissioner of Education J. W. Edgar were Mrs. Weeg, Robert Banks, Cherokee County; C. O. Chandler, Victoria; Mrs. Nancy Murphy, Seymour.

The committee is charged with the responsibility of screening books submitted by publishers for adoption on the state's multiple list. Texas follows the plan of approving five texts in a given field, and the individual schools may select any of these five for their use.

Mrs. Weeg will be in Austin next Monday for the first meeting of the committee, which will be the first of a number of sessions and sub-committee meetings prior to the multiple-choice selections on Oct. 3. Bids for texts will be opened Nov. 10.

Chamber Board Hears Plans For Numerous Activities

Plans and more plans were aired at the Chamber of Commerce directors meeting Monday noon at the Settles.

Most immediate were those for the good will dinner Thursday evening at Gail Walker Bailey, chairman, said that his committee was undertaking to place a minimum of 75 pair of tickets.

Coming up will be the observance of Armed Forces Day, and Ike Robb, military affairs chairman, said his committee had pledged full support of the chamber to Webb AFB. The clean up committee is to present detailed plans at the next meeting for a citywide effort, according to Jim Lewis, chairman.

Plans for a recreation week will be developed at a meeting of the retail committee, said Ed Fisher. The membership drive is set tentatively for June 15, Bill Quimby, manager, announced. It had been set back to avoid conflict with the YMCA capital funds drive now under way.

The hospital survey committee has been named and will have its first meeting Tuesday evening. Dr. J. E. Hogan, president, told the board. This would in all probability mean the beginning of a long and meticulous study of the area's hospital needs for the next generation.

Similarly, a committee to assess the needs and procedures for long range municipal planning will go to work soon, said Dr. Hogan. He is to announce the personnel of this committee during the week.

As for the Armed Forces observance, Webb AFB is building a full day of activity, said Capt. Alen Robertson, information services officer. There will be precision flying set up, but emphasis this year will be on static displays in event of unfavorable flying weather. Reserve units and other

branches will set up displays, he indicated.

Fisher, in his merchants committee report, said that the matter of miscellaneous appeals for contributions had come to be a formidable problem for retailers. He believed that these had reached the point of hurting the major campaigns such as United Fund, YMCA, polio, TB seal, etc.

The American Business Club is planning to seek the National Junior College Association track meet

for Big Spring. This would be in addition to the now famous ABC relays, said Lewis.

Cooperation of the chamber in the recent American Business Club convention was acknowledged. Quimby told the board that the Air Force authorization for a \$3,000,000 appropriation request last week was more evidence that expansion plans for Webb were proceeding although nothing had yet reached the announcement stage.

Two Membership Citations Won By Legion Auxiliary

Big Spring American Legion Auxiliary has received two citations in recent weeks for its success in exceeding its membership quota for the year.

At a regular business meeting of the group reports were made on

the two conventions at which the awards were presented.

Mrs. Raymond Andrews, Mrs. J. T. Grantham and Mrs. Douglas Hill reported on the ALA meeting of the Fifth Division in San Angelo. The Belle Citation was handed the local chapter at this meeting.

At the district convention in Brownfield, the nation citation was received by the chapter.

Announcement was made at the meeting that plans are being made for a joint meeting of the auxiliary and the Legion post to hear an address by Buford Porter, Snyder, on Civil Defense. The meeting will be open to the public but the date and place are yet to be determined.

The auxiliary also announced that a covered dish dinner will be served in connection with the bingo party on May 17.

Plans for a bake sale were also reviewed.

Willis Rites Set Today

COLORADO CITY—George Edward Willis 47, of Big Spring died at the Veteran's Hospital in Big Spring Monday morning. Willis was born in Moran on May 7, 1910. He was a veteran of World War II.

Funeral was to be held Tuesday at 4:30 p.m. at the Kiker and Son Chapel. W. E. Burkhart, Church of Christ minister, was to officiate. Burial was to be in the Colorado City Cemetery under the direction of Kiker and Son.

He is survived by a sister, Mrs. Mack Doss, Colorado City and a brother, Calvin Willis, Big Spring.

County Court Petition Jury Lists Drawn

A petit jury to serve in the trial of a week of criminal jury cases in Howard County court was being drawn by the county clerk today. R. H. Weaver, county judge, said that the week's docket would open on Tuesday, May 13, at 10 a.m.

John Richard Coffee, county attorney, was absent from his office and no announcement of cases to be tried was available.

Firemen Launch First Aid Study

Seventeen members of the fire department will begin an advanced Red Cross first aid course tonight. The 17 plus four Couden employees will participate in the 16-hour course to be taught by Otto Peters, said Fire Chief H. V. Crocker. Another course will be held later this year for members of the fire department who have not had the basic Red Cross first aid course.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unremitting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

shrinks the swollen doors to the sinus cavities and helps drain of a prescription under the name, Dristan Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

Crackup At Airport

This Eastern Airlines four-engine transport, inbound from Miami with 47 persons aboard, was badly damaged at the Newark, N.J., Airport when it ran off a runway after making a normal landing. Firemen said several passengers were treated for shock. Forty-two passengers and five crew members were aboard. Fire developed in the two left engines as passengers were being evacuated but the blaze was quickly extinguished by Port Authorities and Newark firemen.

Scientist Pictures Nuclear Goblins Coming From Sun

LOS ANGELES (AP)—A picture of nuclear goblins wreaking havoc in outer space was drawn today by an astrophysicist. Dr. Fritz Zwicky offered a theory that the great explosions observed on the surface of the sun and other stars may be caused by tiny bits of energy escaping from the core of the star and exploding as they near the surface. These tiny bits of energy he called nuclear goblins. Zwicky is a faculty member at California Institute of Technology in nearby Pasadena. Writing in the Griffith Observer, a publication of the Griffith Observatory here, he theorized that the goblins

may be formed near the centers of stars under extreme heat and pressure. Their explosion, presumably caused by a release of pressure as the goblins near the less-dense surface of the star, sets off a chain reaction similar to that of an atomic bomb, magnified many times. Zwicky said he called the bits of energy goblins "because they dance around inside of stars." In the same report, Zwicky said that recent studies indicate certain weaknesses in Newton's law of gravitation. He said observations with the 200-inch Hale and 48-inch Schmidt

Heights Of Joy—Without Women

LOS ANGELES (AP)—Like a job on a South Seas island where they serve food fit for a king, drinks cost 25 cents each, and a man can bank \$10,000 a year? Where living expenses are \$1.50 a day and movies and television are free? Such are the inducements that lure men to the tropic isles where the United States tests its most devastating nuclear devices. If it sounds like near paradise, it is, with this trifling exception: there are no women. Operators of this enterprise are Holmes & Narver, Inc., a Los Angeles engineering firm hired by the Atomic Energy Commission in 1948 to turn Eniwetok Atoll into a proving ground.

On the tiny coral speck of the atoll's Parry Island, 5,100 miles from Los Angeles, the company has maintained an all-male community since 1949, ranging from 500 between tests to the 3,200 now working on the forthcoming test series. Some have been there seven years. Tests are held about every two years. It takes a year to build up for one, about six months to clean up after it. Men are paid the going scale in Los Angeles for their specialty, but guaranteed at least eight hours overtime a week and given a \$10-a-week bonus. All they ever see of it is \$20 a week, the rest being deposited for them or sent home. If a man stays 18 months his income is considered earned abroad and he doesn't have to pay income tax. But if money helps bring them there, here are the menus for three recent days in a row: Breakfast—Orange juice, ham, fried eggs and hash browns;

grape juice, fruit, link sausage, boiled eggs; tomato juice, fruit, bacon, omelette.

Lunch—Minestrone soup, breaded shrimp, spaghetti; bean soup, potato salad, cold cuts; tomato soup, frankfurters, chili.

Dinner—Crab Louie salad, roast beef, mixed vegetables; steak, french fries, peas and corn; fried chicken, mashed potatoes, combination salad.

There is a full, highly organized sports program and some of the best fishing in the world. A company executive says of the men on Parry Island: "I think they're as happy as men can be—without women."

Adlai To Argue With The Russians

NEW YORK (AP)—Adlai E. Stevenson will argue—legally—with the Russians this summer, as an attorney representing American writers. Stevenson will visit the Soviet Union in July and August as part of a European trip. In Moscow he will try to persuade the Russians to pay royalties to American authors for books published in the U.S.S.R. The Authors League of America Inc. said Monday that Stevenson had been retained for the job. Theodore H. White, chairman of a special committee named to work with Stevenson, said in a statement that the Soviet Union has never entered into any copyright relations with the United States and has been legally free to publish and produce U. S. works without paying royalties.

Domestic Wool Use Declines

WASHINGTON (AP)—The Agriculture Department says use of wool by domestic mills this year is running about a third below a year ago. This decline in consumption—both in apparel and carpet wool—is being reflected in lower prices to producers.

As a consequence, the government will have to dig deeper into its subsidy tills to make incentive payments to wool producers. Under the payment program, the Department has set up an incentive price of 62 cents a pound for 1958 crop wool. If market prices for the year average below this level, the Department makes payments to help offset the difference. If the market price averages, for example, 40 per cent below the incentive level, each grower would get a payment equivalent to 40 per cent of the actual price he got for his wool.

This a grower who got 40 cents a pound would get a payment of 16 cents or a total of 56 cents. But a grower who did a good marketing job and got 50 cents for his wool would get a payment of 20 cents or a total 70 cents a pound.

Navy Announces Reserve Program

WASHINGTON (AP)—The Navy today announced a new selected reserve program to train civilian sailors for immediate action in event of war. Ready-reserve units at ports will be assigned training duties on specified vessels under a commander who will take the crew into action whenever necessary. Officers and men assigned to destroyer-type ships in the selected reserve will use these ships exclusively. No other reservists will use them for training. The Navy will transfer 14 additional destroyers and escort vessels to the reserve this year.

Ambulance Man Finds Father Dead

ATLANTA (AP)—Ambulance attendant Carl W. Banks Jr., 18, answered a call to a hotel and found his father fatally wounded by a shotgun blast.

Police Sgt. J. E. Helms said Banks entered the hotel, rushed out and gasped, "That's my father."

Ambulance driver F. O. Bishop completed the rush call. Carl W. Banks Sr., 46, died at Grady Hospital a short time later, Helms said, of a self-inflicted shotgun wound in the chest.

Look closely. Neighborhood decay is a threat to your personal and economic security. Slum blight is a stealthy cancer. It strikes unseen to rot the core of many an outwardly healthy community.

Talk with your neighbors. Do they think the neighborhood is secure? Carelessness is contagious. Are surrounding communities free of decay? Are nearby homes kept up properly, streets clean, parks plentiful? Are schools, shopping facilities, traffic regulations adequate?

Better neighborhoods depend on such things. Your neighborhood depends on you to stay alert for telltale signs of blight. Your neighbors will follow your lead in organizing and joining community-improvement groups.

Fund Chief Defends Ike's Defense Plan

WASHINGTON (AP)—The Pentagon's top money man told Congress today it would not be signing a blank check for 40 billion dollars if it gave the secretary of defense the spending leeway President Eisenhower asks.

Asst. Secretary of Defense W. J. McNeil, comptroller of the department, testified before the House Armed Services Committee that the administration has not yet decided exactly how it will present next year's defense budget so as to carry out the President's purpose of providing more flexibility. But he said none of the methods under consideration "involve any new or particularly novel principles as far as we can see."

McNeil said the spending proposal, one of the most controversial parts of Eisenhower's plan for reorganizing the Defense Department, has been the subject of a great deal of misunderstanding. McNeil said it has always been considered the comptroller's duty to assemble and present to the secretary of defense the background information on the various programs prepared independently by the separate services, so that the secretary can make his recommendations on fitting these within the budget.

The fact is, McNeil said, that the real decisions "are made by the very people you would expect to make them."

As for the size of the Pentagon working force, McNeil said there had been much misleading information about its growth. He said, for example, that it has been reported the late Secretary of Defense James Forrestal planned to operate with no more than 100 people. But, McNeil said, Forrestal started out with 631 people and when he left office in March 1949 the staff had more than 1,700.

With what he called a much increased work load, McNeil said the count is 2,485 today.

Washington (D-Text) Sen. Lyndon Johnson said today Congress must create an agency unlike any other in the government to direct space developments and keep close supervision over it.

Johnson, the Senate Democratic leader, said in remarks prepared for the opening of hearings by the Senate Space Committee he believes there is wide agreement that the nation should devote itself to promoting the peaceful development of space.

The subcommittee called retired Lt. Gen. James Doolittle as the first witness on a series of measures to provide for space development.

The Defense Department is temporarily handling such projects. But Johnson said that "on all sides, there is wide agreement that while space adds a new dimension to the technology of weapons and the strategy of security, the ultimate opportunity of space is not that of a final battleground."

To guide space developments he said Congress should create an agency "unlike rather than like anything now existing in the federal government."

DOCTOR BILL? PAY IT WITH \$720 CASH AT S.I.C.

No, doc, we know a doctor bill but very seldom goes that high. But a lot of other expense can sure go with a doctor bill. Hard luck hunches up lots and lots of times. Do we know? We sure do, brother. It's happened to every one of us. But LOOK: \$34.67 a month for 24 months repays that \$720 S.I.C. loan. Must apply the usual credit requirements, naturally—that's expected. But, take care of the doctor, he took care of you! Come down and see—**SOS-SIC**
