Westward Bound

Pretty Patricia Vogts, this year's Miss Maryland, prepares to leave for Long Beach, Calif., and the Miss United States pageant. She's taking along an affidavit attesting she has never been married. Last year's Maryland entry, Leona Gage, was named Miss United States and then disqualified in the Miss Universe contest because she was the wife of an Air Force sergeant.

Beds Eliminated At VA Hospitals

WASHINGTON (AP)—House investigators had figures today showing 1,095 beds have been eliminated at the eight Veterans Administration hospitals in Texas. Veterans Administrator Sumner

G. Whittier conceded these beds, inactivated for varied reasons, were more than enough to accommodate 1,014 eligible patients on the Texas hospitals' waiting lists.

He supplied the information in reply to inquiries from the House Veterans Committee headed by Rep. Olin A. Teague (D-Tex.)

Whittier appeared before the group to answer charges that the Veterans Administration is eliminating hospital beds faster than new ones are supplied to meet a near-record demand.

Teague has asserted the VA and the Bureau of the Budget is doing this through enforcement of arbitrary rules and thereby "circumventing the policy for the hospitalization of war veterans as established by Congress."

Whittier denied the charges. He said the VA is closing hospital beds only in out-of-the-way places where the patient load does not justify maintaining them.

The Veterans Administrator conceded, however, that in spite of 85 eligible patients awaiting admission to the McKinney, Tex., hospital, the VA has closed 74 tuberculosis beds and 194 general medical beds as "not required to meet current operating plans."

Whittier's figures showed Houston, with a waiting list of 418, has 116 beds being activated and 34 out of service because of maintenance or construction work. He said Dallas, with 375 beds inactive because of new construction.

No beds are being eliminated at the Big Spring VA Hospital, and Dr. Jackson H. Friedlander, manager, said today that there are no prospects that any will be eliminated.

Capacity of the local hospital is 250 patients, and the patient load currently is running very near that figure, Dr. Friedlander said.

Dr. Friedlander explained that some beds are being eliminated in VA tuberculosis hospitals because the number of TB patients is decreasing. These beds can't be used for general medical patients until Congress amends regulations which now prohibit such action, he said.

Some general medical beds are being closed temporarily at Houston while building repairs are under way, Dr. Friedlander added.

"The only reason we ever would eliminate hospital beds would be budget inadequacies," Dr. Friedlander stated.

Russians Hold Demonstration

MOSCOW (AP)—More than 2,000 banner-waving, fist-shaking Russians demonstrated outside the U.S. Embassy today, shouting "Hands off Lebanon" and "Hands off Iraq."

Two hours after the demonstrators marched up in well-organized columns, there had been no violence.

A cord of Soviet police thrown in front of the embassy nearly an hour after the demonstration started kept the surging crowd at bay.

The gates of the embassy itself were barred as the first column appeared.

The demonstration—which appeared perfectly organized—was similar to another staged outside the embassy June 25.

Oil Valuations Up About Half Million

Valuations of oil properties for tax purposes in Howard County for next year will be about half a million dollars greater than this year.

This is the combined total of valuations placed on both oil properties and personal properties used in the production of oil, representatives of Pritchard & Abbott, tax engineers, told the Howard County commissioners Thursday morning.

Actually, valuation on oil properties themselves will be a little lower than they are this year. The engineers explained that the drop in oil operations has brought about this slight decrease but that fundamentally the total this coming year is not greatly different from the last valuation. Total for next year is slightly above \$25 million or about \$65,000 under the figure this year.

The gain reflected in the overall picture is achieved by changes

made in valuations on personal properties employed in oil production, the engineers explained.

This year, valuation of such properties for tax purposes was \$7,982,000; next year it will be \$8,625,000.

The information on the oil valuation was placed before the commissioners court at an informal conference between the commissioners and the engineers Thursday morning.

This was preliminary to the formal session next Monday when oil company representatives will be present to go over the figures. The commissioners will be sitting as an equalization board at that meeting.

The engineers planned to submit preliminary figures on other property set by the recent program of re-evaluating county, city and school tax valuations later today.

Railroad Commission Hikes Allowable To 11-Day Pattern

By ED OVERHOLSER

AUSTIN (AP)—An increase of 327,338 barrels a day in the August oil allowable was ordered today by the Texas Railroad Commission, based on an 11-day producing pattern.

The statewide allowable was set at 2,977,211 barrels a day. This was the third consecutive monthly boost in permissive production in Texas. It was ordered because the oil regulatory commission found that stocks had been reduced to a desirable work-

ing level from the excess accumulation in the year.

There was no mention of the Midwest crisis during the monthly statewide proration hearing here. All but four of the 13 major crude-buying companies making nominations to the commission asked for at least 11 days of production. One company went as high as 14 days in its request.

Jake Hamon, Dallas independent producer, speaking for a group of Dallas operators, told the commission "we are apparently on the

threshold of great improvement in the industry." He recommended 11 days.

The only other independent speaking was James Lauderdale of Abilene, representing the West Central Texas Oil and Gas Assn. He said there appeared to be a strengthening in demand for oil, but warned the commission to be cautious in not setting production so high that companies would go back to purchaser proration.

Three of the largest Texas crude buyers recommended 12 days of

production for August. They were Humble, Texas and Magnolia.

Charles Shaver of Houston, attorney representing Humble, said "unless we can obtain the oil which a 12-day schedule in August would yield, we will not be able to supply our markets for Texas oil during that month."

Shaver said the company's inventories had been reduced by the end of June to a point below minimum working levels. He added that during July Humble was forced to reject a substantial amount of business. He said that

by the end of July the company would have reduced stocks "to a point where a further draft is impracticable."

J. C. Edwards, said stocks of the Texas Co. were "below the safe minimum working level. We were unable to supply some of the demand in July" on cargo shipping.

He said the desirable working level of crude oil east of California had been figured at about 228 million barrels for this time of year and stocks now were only

210,139,000 barrels for this area. Shave said Texas stockers are at the lowest point since April 1950.

D. R. Wall, for Magnolia, said his company would make spot purchases of 12,000 barrels daily for each day the production schedule fell below his firm's nomination of 12 days.

Other daily nominations were 14 days for Atlantic, 13 days for Standard of Texas, 11 days for Gulf, Indiana, Sinclair and Cities Service and 10 days for Sun, Shell, Continental and Phillips.

U. S. Supports Move In Jordan

WASHINGTON (AP)—The United States declared its support today for the intervention of British troops in Jordan.

But officials said the United States has decided against sending U. S. forces to Jordan at the time being in answer to an appeal from King Hussein for military help.

Secretary of State Dulles and British Foreign Secretary Selwyn Lloyd met at the State Department to decide on their next military and political moves in the increasingly tense situation.

It was understood a critical issue before them was what to do about the revolutionary government which seized power in Iraq Wednesday night. The British followed suit in Jordan.

Increasing concern is felt in official quarters here, it was learned, over the safety of American citizens in Baghdad, the Iraqi capital. There are 624 U.S. officials and dependents, together with 953 non-official Americans, for a total of 1,577 in Baghdad.

With persons scattered in other parts of the country there are 1,964 U.S. citizens in Iraq, according to State Department figures.

The declaration of backing for Britain's action was issued at the State Department in these words: "The United States government supports the action of the government of the United Kingdom in responding affirmatively to the urgent appeal of Jordan for assistance in defense of Jordan's independence and integrity."

"The United States believes that this is a justified exercise of the inherent right of nations to request for assistance when threatened."

King Hussein of Jordan appealed to Washington as well as London, British Prime Minister Macmillan announced to the House of Commons.

State department officials, however, said privately that there was actually no decision yet on the extent of United States action but that they would not rule out the dispatch of at least a token force of U.S. troops.

Lloyd, accompanied by British Defense Chief Sir William Dickson, arrived here at 10:58 a.m. (EDT) after conferring with Britain's United Nations delegation in New York. He had flown overnight from London.

Gen. Nathan F. Twining, chairman of the U.S. Joint Chiefs of Staff, was on hand to greet Dickson, who is chairman of Britain's joint chiefs of staff committee.

The White House also announced today that it would confer with President Eisenhower during the afternoon. The time was tentatively set for 3:30 p.m., EDT.

One issue to be decided in the U. S.-British conferences was what policy to take toward the revolutionary pro-Nasser regime now in control in Iraq. The chief question was whether to seek ways to upset the revolutionaries or to accept their control of the oil-rich country.

Meanwhile, it was learned here that the remaining Middle Eastern members of the Baghdad Pact—Turkey, Iran and Pakistan—had proposed to the United States their own formula for dealing with the situation. They suggested that the United States, Britain and Turkey jointly put troops into Jordan to help Hussein's position at home and encourage him to undertake operations into Iraq.

The U.S. reaction to this proposition was described by informed diplomats as one of "wait and see."

DEFENSIVE POSITION For the time being, having put troops ashore in Lebanon, the United States appeared to be holding an essentially defensive position in the Middle East. A Pentagon spokesman said, for example, that the U.S. forces in Lebanon have no plans for offensive operations against the rebels and their primary assignment is to protect government installations.

This was in line with the theme of President Eisenhower's public pronouncement Tuesday which stressed his hope that a U.S. shore force would be sufficient to stabilize conditions in Lebanon and perhaps generally in the area.

Officials at the State Department, Pentagon and White House recognized, however, that the situation has not yet been resolved. Much depends on possible counteraction by the United Arab Republic and the Soviet Union as well as on what this country and Britain—or for that matter, the Jordanian government—decide to do next.

BELGRADE—President Tito recognizes rebel regime in Iraq.

Navy Beefs Up Lebanese Force

WASHINGTON (AP)—The United States heavily bolstered the naval forces in Lebanese waters today with two aircraft carriers, a heavy cruiser and 16 more destroyers.

This largest single group of warships to reach the Lebanon area carried Vice Adm. C. R. Brown, commander of the 6th Fleet, in his flagship Des Moines.

The flagship cruiser was accompanied by the giant aircraft carrier Saratoga, the heavy attack carrier Wasp, and a division of destroyers.

In addition to the 6th Fleet commander, the new force included two other admirals. Rear Adm. G. W. Anderson, commander of Carrier Division 6; and Rear Adm. Edward A. Hannegan, commander of Carrier Division 14.

The arrival of this heavy force brought the total number of 6th Fleet vessels in the immediate Beirut area to 44.

The 6th Fleet is the naval arm of the combined Middle East force led by Adm. James L. Holloway, U.S. commander-in-chief of forces from all branches in the entire area.

FORCES READIED The navy move came as the United States readied more Marine forces for the Middle East and airborne Army troops, pulled from the NATO line in Germany, reached an advanced staging area in friendly Turkey.

The capital ships and their escort arrived off Beirut about 10 a.m. (EST) today.

The destroyers in the force are the Deal, Cromwell, Hartley, Taussig, John W. Van Voorhees, Rich, Basilone, Damato, R. L. Wilson, W. M. Wood, Steinkor, Noa, New, Lester and H. J. Ellison.

The Saratoga is commanded by Capt. A. R. Matter of Butte, Mont. The skipper of the Des Moines is Capt. W. H. Gorman of Huntington, W. Va. Capt. H. T. Utter of Neville, Ohio, commands the Wasp.

Adm. Anderson lists Brooklyn, N.Y., as his home and Adm. Hannegan is from Washington, D.C. The Army got into the rapid buildup of American power in the eastern Mediterranean yesterday when the 1st Airborne Battle Group of the 24th Division flew in giant Air Force transports to Adana air base.

This base, built for Turkey and her NATO allies, is 300 miles from Lebanon, where 3,600 Marines are already on shore. The eventual destination of the Army troops, 1,600 strong, is still unsettled.

British Forces Enter Jordan

AMMAN, Jordan (AP)—British troops landed in Jordan today to thwart an imminent plot against King Hussein, the British said.

The size of the British forces landing in Amman was not announced.

The British Navy's 43,000-ton aircraft carrier Eagle neared Lebanese waters where the U.S. 6th Fleet, the most powerful ever assembled in the Mediterranean, is on guard. Other British warships and fighting men were gathered in a big buildup of power in the eastern Mediterranean.

Young King Hussein of Jordan called for help against a mounting wave of anti-Western Arab nationalism that dethroned and killed his cousin, Faisal II, in Iraq Monday.

Britain reacted at once, flying in paratroopers from Cyprus. Government sources in London said Israel had given Britain special permission to fly the paratroopers over Israeli territory.

Hussein declared "evil agents" had begun to smuggle in arms and ammunition from the Egyptian-controlled Gaza strip and Syria to start a mutiny in Jordan. He charged that radios under Communist control were urging Jordanians to overthrow the legal authorities.

Prime Minister Macmillan of Britain said the British troops were flown to Jordan to help forestall a plot scheduled to explode today against Hussein's government. He told parliament the king also had appealed to the United States for help and Washington was considering the request.

Macmillan accused President Nasser's United Arab Republic (U.A.R.) of being behind the plot against Hussein. He said Jordanians had spotted Syrian troops moving toward Jordan's borders. Close on the heels of Hussein's broadcast came a call from the Iraqi rebel-controlled radio in Baghdad for Jordanians to overthrow their monarch.

Baghdad said Hussein "is disrupting our effort to get rid of imperialism" and that Jordan is being occupied by "the forces of imperialism." Baghdad then told the Jordanian people: "It is high time for you to act now."

The Iraqi rebels have proclaimed their solidarity with Nasser and his republic of Egypt and Syria.

Nasser, traveling home by yacht from conferences with President Tito in Yugoslavia, issued a statement declaring the U.S. landings in Lebanon were "a danger to Middle East peace." President Camille Chamoun of Lebanon asked the United States for military help. He accused the U.A.R. of massive support for rebels fighting his pro-western government.

Opposition to the Marine landings in Lebanon developed among

some members of the Beirut armament normally friendly to the West.

Speaker Adel Oseyrnan said many of the lawmakers believed the Marine landing infringes on Lebanon's sovereignty and complained they were not consulted in advance.

King Hussein told his people that the request for outside troops had been authorized at an emergency session of parliament. The news caused no excitement in Amman.

The King said the foreign troops were in Jordan as "a temporary measure to protect our borders from enemies circling us in every direction." He said they had been asked in under Article 51 of the U.N. Charter, which provides for collective defense against armed attack without prior authorization from the U.N.

Observers in London believed that Hussein intended to try some sort of military action against the Iraqi rebels. The 23-year-old monarch has proclaimed himself the legal successor to Faisal as head of the Iraq-Jordan Arab union, and Britain reportedly has recognized his constitutional right to act against the rebels.

It was still uncertain, however, whether the British forces would confine themselves to safeguarding the Jordanian government or would actively support any military action by the King. Britain recognized Jordan after World War I and was its protector until last year, when Jordan broke the tie in a wave of nationalism.

Iran's 110,000-man army was already on the alert.

Hussein Asked British Help

LONDON (AP)—Prime Minister Harold Macmillan said today British troops landed in Jordan to forestall a plot to oust King Hussein's government.

Macmillan said Hussein had appealed to the United States as well as to Britain for military help to block the threat against his state.

Macmillan gave the House of Commons this account: President Nasser's United Arab Republic was behind a conspiracy against Jordan. Jordan's territorial integrity was threatened by Syrian forces. Britain's decision to send troops is being reported to the United Nations.

"We are making it clear that if arrangements can be made by the Security Council, to protect the lawful government of Jordan from external threat, the action which we have taken will be brought to an end," he said.

George E. Stringfellow of East Orange, N.J., is the new supreme potentate of the Shriners. He was named at the national convention of the Masonic group in Chicago.

# Jen Talkin'

By Jess Blair

Conditions in Dawson County seem to be about the same as in Howard and Martin. It may not have so many dry spots, but every community could use a rain. Wherever the hail fell, farmers got moisture along with it.

All the irrigation wells were running this week. H. F. Barron, who owns a store a few miles south of Lamesa on the Stanton Highway, said crop prospects were still good, although some early maize will be falling down in a few more days without rain.

Barron says there was less hoeing this year than in over 20 years. There has been no labor shortage in his community.

One reason crops withstood the last few days so well was because of the subsoil moisture, says James S. Ringener, who farms two places near Lenorah. Cotton is still growing, but doesn't have too much reserve moisture left.

Ringener said insects were building up in his area, but he hasn't poisoned yet. He noticed a few squares falling off because of insects. Fleahoppers are still plentiful.

The livestock sales at Colorado City and Lamesa are still holding up fairly well, says J. A. Tate, owner. The last two sales, at Colorado City last Saturday and at Lamesa the following Monday, brought a total of 1,580 animals. Good quality lightweight calves sold for 33 cents, while cows with calves brought \$261 per pair. Tate says quite a lot of cattle are still going to grass. While many areas are dry, he said parts of New Mexico had rain recently, and ranchers are still buying cattle.

Tate has been getting cattle from distant points, including Texas, and Louisiana, and from East Sumner on the west.

The proposal to ask for a two-year extension on the present bracero law has been abandoned. This was revealed in a letter which Congressman George Mahon wrote to Cowboy Boyd, manager of a farm labor association at Lamesa.

Mahon said there was much opposition to importing Mexican Nationals, and it might be best to wait awhile before pressing for an extension. The present agreement known as Public Law No. 78 expires in June, 1959.

Some farmers around Stanton

## Air Conditioning Weather For Texas

Thursday was the kind of day Texans talk about when they say if it weren't for air conditioning Yankees couldn't live in the state. Dawn temperatures ranged from 84 degrees at Galveston to 70 at Dalhart. Skies were clear to partly cloudy over the state. Dalhart had a thundershower but that was the only rain during the night.

Highs Wednesday varied from 105 at Presidio to 89 at Dalhart.

## Texas Candidates Talk On Mideast

The oil-rich Middle East held the stage in Texas politics Thursday.

Sen. Ralph Yarborough said in a television speech at Tyler Wednesday "This country is in greater danger than at any time since Pearl Harbor" because of a "Communist conspiracy in the Near East and Middle East."

"By intrigue, propaganda, murder and assassination the government of Iraq has been overthrown. A similar fate might follow in other oil-rich Arab states," he said.

Yarborough said the Middle East situation has shown the United States it cannot rely on foreign oil as a safe source in time of peril.

"More reliance on oilmen for aggressive drilling in Texas and the Southwest is necessary," he said. The senator said the August oil allowable in Texas should be increased.

He said "I am ready at a minute's notice to return to Washington. This world crisis is much more important to the United States than the coming election."

William Blakley, who opposes Yarborough, said the Lebanon situation pointed to the importance of "developing America's own oil and gas industry to the point where we can rely on our own resources. It appears," he added, "that this country is headed into a repetition of the Suez situation in the domestic industry increased production immensely, and then was left suddenly with a heavy surplus of overproduction."

Blakley spoke at Sherman. State Sen. Henry Gonzalez, a candidate for governor, said at Tyler the domestic oil industry has been "sold down the river by elements engaged in international trade." He said he considered it the governor's duty to "inform the people of the circumstances controlling domestic oil production and the reasons for the imports." These, he continued, "were partly due to secret trade agreements made by the federal government at the expense of the Texas oil industry."

Gov. Daniel spoke at San Antonio. He addressed a Future

so it's time to give each kid a hammer and head for the cotton patch. They say it takes two licks from a claw hammer or one from a sledge to put a full-grown looper out of commission. Spraying and dusting do no good. The poison seems to act like vitamin pills or a tonic and just makes the worm stronger.

"The big ones are really hard to kill," said Gerald Hanson, former county agent of Martin County. "If you miss them with the first few poisonings, they seem to get immune to it."

Hanson has found fleahoppers, loopers and boll worms in the fields he inspected, though there is a lot of variation. Some fields are infested much heavier than others. He thinks fleahoppers have done some damage. The loopers are ragging cotton leaves, while the boll worms could become very damaging if not controlled.

The undergrowth water sands of Dawson County may have gained back some water since last year, according to J. D. Lusby, who owns a well servicing company in Lamesa. He said there has been no definite increase in water, but that some wells were stronger than a year ago.

Well-drilling shut down over a year ago, and there have been only a few drilled since. Lusby says two or three farmers are now thinking of drilling new wells. Two wells were completed south of town and another farmer had staked a location.

Lusby said he had been kept busy working on older wells. Some were drilled deeper to find out if the water supply could be increased.

Howard County's No. 1 turkey producer, Mrs. Carl Robinson of the Morgan Creek community, has given up her title. In 1956 she raised 750 turkeys; last year she kept 450, but is down to only a few this summer.

"They were too much work," she said. "The only way I could come out ahead was to dress the birds here at home. I finally decided a dollar profit per turkey wasn't enough."

She has nearly 2,000 laying hens which take the time formerly spent with the turkeys. But the hens bring in some income every week, or rather twice a week when she delivers eggs to Big Spring.

She doesn't use cages, but keeps the hens on the floor. This is cheaper, and the flies are less troublesome. She never lets the hens out of the houses because of the chicken-loving coyotes, foxes, skunks, 'coons and bobcats.

Since the Robinson house is only a short distance from some seep springs on Morgan Creek, this is a hangout for all the animals. Lights are kept on in the chicken houses all night to keep the varmints away.

"They never bother while the lights are on," Mrs. Robinson said, "but when we have a power failure and everything is dark, those hen houses will be swarming with animals. They never get inside but they sure scare the hens."

Another candidate for governor, W. Lee O'Daniel, said at Houston Wednesday conditions in Austin are much worse than they were in 1938 when he was elected governor.

"The greedy money changers and their public puppet officials have again gotten control of every department of the Texas state government and they are milking dry the vast resources of our domain," he said.

O'Daniel said the governor has appointed committees "to figure out what kind of new taxes must be loaded onto the weary backs of the already overburdened taxpayers when the new Legislature convenes."

Blakley, speaking on farm problems, said farmers should have the right to make a living "without government controls, but until the time comes when a proper solution to the farm situation can be found, the farmer must have compensations."

He said the government is morally obligated to protect the farmers' buying power and give him a chance to earn a decent living without government control.

"This can best be accomplished through price supports until such time as the government can set up a system whereby farmers can be offered adequate financing to set up production and marketing corporations of their own, controlled solely by them, thereby producing and marketing their own products in a manner conducive to good business principles."

He said "This could be done by agencies similar to the Intermediate Credit Bank, the bank for co-ops and the Federal Land Bank, where he can be financed at reasonable rates."

Both Blakley and Yarborough planned statewide television speeches Thursday night.

Yarborough was to speak over TV from Houston and Blakley from Wichita Falls.

MANY OTHER TYPES AND SIZES ON SALE NOW

DEAR ABBY

### GET HIM CLEAN

By ABIGAIL VAN BUREN

DEAR ABBY: I am turning to you for advice rather than seek help from someone who knows me because I am too embarrassed. In the 13 months that I am married my husband has not bathed or showered six times. He has NEVER washed his hair. He's a college graduate and has a good job with chances for advancement. We get along fine except for this one point and I wonder if you could tell me how I can convince him that cleanliness is important.

cerns my husband. We've been married six years and we're happy except for one thing. You see, my husband is the quiet type. He never talks to me unless I start the conversation. He never expresses an opinion, but always agrees with me. If he doesn't feel well, I have to force it out of him. Anything I say is just fine and anywhere I want to go he is glad to take me, but he never has any ideas of his own. I love him very much and I'm sure he loves me. I wish I knew how to make him take over for awhile.

DEAR DISGUSTED: You can catch more flies with honey than you can with vinegar. Sweet-talk him, bribe him and use all the tricks women have been famous for for a thousand years — but don't let him put his head on your pillow until he has bathed.

DEAR BOBBI: This is a problem? Some women don't know when they're well off. Appreciate his angelic disposition and pray he never changes.

DEAR ABBY: I would have killed my husband last night if I only had a gun. I took a part-time job two years ago to help out with the expenses and I enjoyed it so much I kept on full-time. My income pays for lots of extra, but he isn't pleased and never was. He keeps saying he is head of the house and we should be able to live on what he makes. Last night after I told him I wouldn't quit my job he went to the phone and called up my boss (at his house, mind you) and quit my job for me. Now what do you think of that?

For a personal reply, write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

DEAR ABBY: I am a big woman (360 lbs.) and my husband is very skinny (130). I have tried several times, even with the help of an M.D., to lose weight but I can't seem to do it. My husband and his mother (who lives with us) instead of helping me lose, coax me to eat and drink everything I shouldn't. They eat everything and tell me to go ahead and enjoy myself and eat, too. I am always hungry and with them coaxing me all the time I just can't say no. What shall I do?

DEAR CANT' LOSE: There's no sense in going to an M.D. and then listening to his advice. Listen to HIM and ignore your husband and mother-in-law instead. It takes Will Power to stick to a diet, but it's worth it to look better, feel better and live longer.

DEAR ABBY: My problem con-

### School Trains Canines Not To Bite Postmen

By LEDGERWOOD SLOAN

DALLAS (AP)—How are your dog's manners? Does he snarl and try to bite the postman? Jump on your guests?

If so, try taking him to school, says Forest N. Hall, Dallas international dog show judge.

"It takes only a little effort and very little money to turn a wild dog into a well-behaved one," Hall says. "Actually, it's easier to train a dog than it is to teach his master how to do it."

Postmaster General Sumnerfield recently ordered mail deliveries stopped at homes where dogs have bitten postmen.

Hall noted that problem eight years ago. He suggested that the Dallas Humane Society start free training classes for dogs and owners.

"If you school your children you should school your dog," he argued.

He estimates that 3,250 Dallas dogs have completed 6-week obedience courses since then.

Dallas is one of the few cities where the free classes are held weekly. There are hundreds of classes in other cities where a small fee is charged.

"Or you can buy a book and get a lot of fun and exercise learning from it how to handle him," Hall says.

Classes begin with the owners circling their dogs on leashes around an instructor, following his directions and repeating such simple and simple commands as "heel, sit, lie and stay."

### U.S. Economy Shows Gain

WASHINGTON (AP)—Government figures show June brought further recovery for the nation's economy.

Industrial production rose, new housing starts increased, nonagricultural employment made advances and personal income was up.

The Federal Reserve Board's index of industrial activity showed a production rise for the second straight month after dropping for eight months. The rise for June was two points to 130 per cent of the 1947-49 average.

The recession low of 126 was reached last April. The index record is 147 set in December 1947.

The Commerce Department reported personal income rose in June to a seasonally adjusted annual rate of \$31,800,000,000, a figure just 300 million dollars below the record set last August. The 1958 low of \$346,400,000,000 was set in February.

The Commerce Department said the June rise reflected increases in wage and salary payments.

### Stained Glass Window Honors Pioneer S. Texas Minister

ALICE, July 17 (AP)—An exquisite stained-glass window, designed and built by Tiffany of New York, occupies the north wall of the First Presbyterian Church here as a memorial to a pioneer South Texas minister.

He was the Rev. Hiram Chamberlain who was born in Vermont in 1797 and died in Brownsville in 1866. Henrietta Chamberlain, the preacher's daughter, married the fabulous Capt. Richard King, founder of the storied King Ranch.

Twenty-eight years after her marriage, Mrs. King built a Presbyterian church in Corpus Christi as a memorial to her late husband. Nine small and one large stained-glass windows were ordered from Tiffany to grace the new place of worship.

The large one, 12 feet wide, with the peak of its Gothic arch standing 18 feet above its base, was dedicated to the memory of her father, who was Brownsville's

Presbyterian minister as far back as 1850.

The 10 windows were installed in 1901, but in 1928 the Corpus Christi church was razed so a new and bigger edifice could be built.

The beautiful windows didn't fit into the new plans and the congregation voted to give them to the Alice Presbyterian Church.

"The Alice church is a natural repository for these valuable memorials," wrote Dr. George West Diehl, then pastor of the Corpus Christi church.

"It will be remembered," the pastor's letter continued, "that Alice was named for the daughter of Richard and Henrietta King, Mrs. Alice Gertrudis King Kleberg."

The Tiffany-made windows were accordingly shipped here and placed in the care of Judge Brown Fuller, a dedicated Presbyterian layman. Fuller guarded them well until the present First

Presbyterian Church was built in 1938.

Designed along Gothic lines, the new church was literally built around these handsome windows. The "Chamberlain" window, the largest of the group, occupies an honored spot directly behind the pulpit. Members of the congregation say the unique memorial to a pioneer minister is most striking when viewed from inside the church on a sunny Sunday.

There the sunlight outside causes the colors to change as the sermon progresses.

### Trujillo Voyage Nearly Costs Film Role For Actress

HOLLYWOOD (AP)—An overnight voyage aboard Gen. Rafael Trujillo Jr.'s palatial yacht almost cost a brunette film starlet a movie role.

Lita Milan was the mysterious "lady in red" who sailed on the 350-foot Angelita Tuesday from Los Angeles Harbor.

She came ashore when the Angelita reached San Diego yesterday and then flew back to Hollywood.

But when the yacht was sailing, Miss Milan was supposed to begin a starring role in a movie in Los Angeles. When she didn't appear

the director ordered her replaced.

After long conferences with Edward L. Alperson, president of National Pictures, she was reinstated in the role.

Miss Milan denied any romantic ties with Trujillo, son of the Dominican Republic's strongman.

"I have known him for a long time," she said. "I think he is a wonderful man, and I am very proud of him." She said the Angelita is heading for Mexico.

Miss Wool Named

SAN ANGELO (AP)—Miss Marjorie LaCour of Raywood, Tex., was named Miss Wool of Texas Tuesday night. The Lamar Tech sophomore, 19, will represent Texas in the Miss Wool of America contest here Aug. 29.

# Goldfine Tells Of Presents To Truman Aide

WASHINGTON (AP)—Bernard Goldfine told today of Christmas gifts to President Truman's chief aide—John W. Steelman—and frequent visits with him while trying to get a big government loan. In fact, he said, he was in the White House more often in those days than since.

The 67-year-old Boston millionaire was battling back before House investigators against criticisms of his associations with and gift-giving to President Eisenhower's top aide, Sherman Adams.

And he pictured himself as a bipartisan man when it came to political contributions.

Goldfine said he had contributed perhaps \$100,000 to funds of both political parties during his career. He figured the rate was around \$4,000 to \$5,000 a year.

He acknowledged that one \$500 gift—described as purchase of \$50 tickets for a Democratic dinner—may have been from the treasury of his Strathmore Woolen Mills Co.

Rep. Charles A. Wolverton (R-N.J.) said corporations are not allowed to make political contributions.

Goldfine said he didn't know about that. But he said he didn't see much difference between a company he owns making the gift and making it out of his own pocket.

Republicans brought out Goldfine's relations with Steelman in what amounted to a counter-attack against the injury they fear their party is suffering from the airing of the Adams-Goldfine chumminess.

Rep. John J. Flynn (D-Ga.) inquired whether before 1953 Goldfine had asked any White House official, member of Congress or member of any regulatory agency to intervene for him or to make an inquiry for him before a federal regulatory agency.

"I didn't do it before, and I haven't done it since," Goldfine swore.

Goldfine said his Christmas gifts to Steelman were mostly baskets of goodies. "I never sent cash," he said when asked.

He related that he contacted Steelman in his efforts to get a 12-million-dollar Reconstruction Finance Corp. loan for a proposed garage under the Boston Common.

"The result was very good," he said, adding that the RFC gave him a commitment for the loan although it later fell through.

Goldfine said he had numerous lunches and dinners with Steelman at Washington hotels after it was suggested to him by a Boston bank stockholder that Steelman might help him out with the government loan.

# Rape Charge Filed In Justice Court

Charges of rape have been filed in the court of Walter Grice, Justice of the Peace, against Jessie Gutierrez.

Gutierrez was arrested by city police on complaint of an 18-year-old Latin-American girl. He has been held in the city jail and has been taken to Austin where he submitted to a lie-detector test.

# Judge Hamilton Returns To Campaign In 'Home Precincts'

Judge R. W. (Bob) Hamilton was back campaigning in the home precincts, seeking promotion to associate justice (place No. 1) on the Texas Supreme Court.

The former county attorney for Martin County and district attorney for Howard and Martin counties, spent part of the morning renewing friendships here and in campaigning with new friends.

He admired Howard County's handsome courthouse, recalling that the old red stone courthouse in which he once served there was primitive by comparison. Even after he had become judge of the 70th judicial district (which then served Midland and Ector counties) he used to hold court here on an exchange basis.

"Once we had to halt a court session while the evening bat fight took off from around the mouldings," he laughed. "I noticed

Casualty Of Heat

First aid is given to a Marine of the U.S. 6th Fleet after he was felled by the heat during landing operations on the beach at Beirut, Lebanon.

# Subpoena Served On Gomez Lawyer

A subpoena has been served on George Gomez as attorney for V. A. Thomas, ordering the latter to appear at 1 p. m. today in the office of the district clerk to make a deposition relative to ownership and operation of a liquor store raided last spring.

Gomez has been a fugitive for several months. It was not believed he would make an appearance at the scheduled hearing. He has been sought widely since his indictment by the Howard County grand jury in October, 1957, for embezzlement.

The hearing today stems from the efforts of the state to confiscate 2,503 bottles of assorted brands of liquors and 1,446 bottles of assorted wines seized when officers closed in on the drug store allegedly owned by Gomez and operated by his brother-in-law.

The store was alleged to have dispensed intoxicating liquors on a Sunday in violation of state laws. The original petition to confiscate the liquor seized was filed by John Richardson Coffey, county attorney, on March 31.

On July 7, Glazers' Wholesale Drug Co. and several other firms intervened in the case alleging in their petition that they had sold the seized intoxicants to the drug store but had not been paid.

Wade Choate, district court clerk, has been provided with a prepared list of questions he is supposed to have Gomez answer if the defendant appears.

# Hunt Tells Of Planning Need

Dr. W. A. Hunt paid tribute to those who have effected municipal planning in the past in an address to the Downtown Lions Club Wednesday. But, he said, the time has come to look ahead again.

"We are at a turning point," he declared. "We have doubled in population within the last decade. We must look ahead to a population of 60,000 in another 10 years or so."

Master planning for a community was likened to a foundation for a building. It envisions such things as land utilization, housing, rehabilitation, corporate limits, construction and other codes, playgrounds and parks, schools, thoroughfares, access and safety, property value protection, etc.

The question is not so much of what a master plan will cost as what the cost will be if one is not developed, he asserted.

Bill French received a trophy as champion of the Lions Club golf tournament. Runner up was Jimmy Ray Smith, while the consolation prize went to B. M. Keese. A guest was Sen. David Ratliff, and Bob James was introduced as a cub lion.

# Lumber Is Stolen

Stolen during the night were six one-by-six boards. Grover Griffice reported the loss from 609 1/2 Galveston. The boards were 18 feet long.

Dr. Jordan Grooms, pastor of the First Methodist Church, was to officiate, and arrangements were to be in charge of Nalley-Pickle Funeral Home in charge.

Mrs. Cantrell was native of Texas, having been born March 30, 1881.

Surviving her are three sisters, Mrs. Alma Jones, Mrs. Nan Phemms, Mrs. Marry Finley, all of Amarillo; two nephews, Glenn Cantrell, and a niece, Mrs. Melvin Choate, all of Big Spring.

# Fondling Charge Filed On Negro

Clarence J. Pollard, 32-year-old Negro, has been charged with fondling a female under the age of 14 years, in a complaint filed in the court of Walter Grice, Justice of the Peace.

Pollard was arrested Wednesday afternoon after the girl who is 12 years old and his stepchild, told her mother of the incident.

Bobby West, investigator for the district attorney's office, said that Pollard had signed a statement relative to the case. Pollard is in the Howard County jail. He was taken to Midland last night to be submitted to a polygraph test.

# Water Hydrants Closed Earlier

After the second highest water consumption in history Tuesday, Big Springers shut off the water a little earlier Wednesday and the usage dropped below the nine million gallon mark.

Wednesday's consumption was 8,867,000 gallons and raised the month's total to 117,564,000 gallons. The total for Tuesday was 9,191,000, topped only by the 9,499,000 used on July 2, 1957.

# Auditorium Painting Will Commence Soon

Work should start this week on repainting of the City Auditorium.

# Dallas Oilman, Wife Found Dead In Home

DALLAS (AP)—A Dallas oil investor and his wife were found shot to death today in a bedroom of their North Dallas home.

Dead from 22-caliber pistol wounds were Charles H. Hill Jr., 43, and Jean Black Hill, 36, of 5125 Brookview.

Mrs. Hill was the daughter of Mrs. John Black, 14-year-old daughter, Carol, who said she returned home from an overnight visit with friends at 8:30 a.m. and found her parents' bodies in an upper bedroom of the home.

Hill, onetime president of the defunct North Texas Concrete Co., was lying on the floor near her bed, sprawled near the door of the bedroom, police said.

He was lying on his back with a 22-caliber target pistol between his left arm and body, according to Hill.

Hill, onetime president of the defunct North Texas Concrete Co., was lying on the floor near her bed, sprawled near the door of the bedroom, police said.

Police first theorized that Mrs. Hill may have been reading when she was shot. A paperback book was found by her body.

A relative said Hill until recently had been associated with the Texas Law Equipment Co. here. He is now listed as an oil and investments executive.

As president in 1947 of the concrete firm, he was associated with a brother-in-law, John T. Clark. The Hills have four children.

Besides Carol, a junior high school student, they are John III, 15; and twin daughters, Linda and Brenda, 11.

Scene of the shootings is a neighborhood of large homes estimated upwards of \$50,000.

# Gonzales Rites Will Be Friday

Rites for G. A. Gonzales, who died Wednesday in a hospital at Kerrville, will be held at 3 p. m. Friday in the Sacred Heart Catholic Church.

The body will be in state at the family home at 101 NW 8th Street until about 15 minutes before time for the funeral. The Rev. William J. Moore, O.M.I., will officiate, and burial will be in the Catholic section of the City Cemetery with Nalley-Pickle Funeral Home in charge.

The deceased leaves two sons and three daughters. A native of Mexico, he worked here for 24 years in the T&P Railway Co. employ before retirement in 1949.

# Rites Today For Mrs. Cantrell, 77

Services were to be held at 2:30 p. m. today at the graveside in the City Cemetery for Mrs. Kate Cantrell, 77, former resident who died Wednesday in Carlsbad, N. M.

Dr. Jordan Grooms, pastor of the First Methodist Church, was to officiate, and arrangements were to be in charge of Nalley-Pickle Funeral Home.

Mrs. Cantrell was native of Texas, having been born March 30, 1881.

Surviving her are three sisters, Mrs. Alma Jones, Mrs. Nan Phemms, Mrs. Marry Finley, all of Amarillo; two nephews, Glenn Cantrell, and a niece, Mrs. Melvin Choate, all of Big Spring.

# Fondling Charge Filed On Negro

Clarence J. Pollard, 32-year-old Negro, has been charged with fondling a female under the age of 14 years, in a complaint filed in the court of Walter Grice, Justice of the Peace.

Pollard was arrested Wednesday afternoon after the girl who is 12 years old and his stepchild, told her mother of the incident.

Bobby West, investigator for the district attorney's office, said that Pollard had signed a statement relative to the case. Pollard is in the Howard County jail. He was taken to Midland last night to be submitted to a polygraph test.

# Water Hydrants Closed Earlier

After the second highest water consumption in history Tuesday, Big Springers shut off the water a little earlier Wednesday and the usage dropped below the nine million gallon mark.

Wednesday's consumption was 8,867,000 gallons and raised the month's total to 117,564,000 gallons. The total for Tuesday was 9,191,000, topped only by the 9,499,000 used on July 2, 1957.

# Auditorium Painting Will Commence Soon

Work should start this week on repainting of the City Auditorium.

The work order has been issued to the Sundy Bros. who submitted low bid of \$4,400 on the job. The men were to start this morning, but nothing had been done by noon today.

The repainting is part of remodeling work to be financed from bonds voted in August of 1955. The city also plans to have new drapes installed, and the city is looking into prices of these drapes at this time.

# Two Dawson Wildcats Barren, Murchison Stakes Garza Site

Kenneth Murchison of Dallas has located a 3,500-foot wildcat in Garza County, and a Dawson wildcat venture has been plugged. Another Dawson exploration was ready to be plugged after finding the Pennsylvania barren.

The new wildcat is Murchison No. 1 Mrs. I. N. McCrary about 12 miles east of Post.

The Dawson failure is Woodley No. 1 Smith about 12 miles north of Lamesa, and today Fuller, Cabot & Southern was ready to abandon the No. 1-A Orson about 12 miles east of Lamesa after finding the Pennsylvania barren.

Fuller, Cabot & Southern No. 1-A Orson was ready to be plugged after a Pennsylvania drillstem test produced 60 feet of mud and 1,040 feet of salt water. Operator had tested tool open 1 1/2 hours on the zone from 8,365-446 feet. The project is C SW SW, 15-33-5n, T&P Survey.

Texas National No. 1 Richardson, C NE NE SE, 77-M, EL&RR Survey, in the Triple D field, made hole in lime and shale at 7,550 feet. It is 10 miles northwest of Lamesa.

Camp No. 1 George Oldham is perforated from 9,180-82 feet and was running squeeze tool today. The wildcat is C NE SE, 26-34-n, T&P Survey.

Woody Petroleum Co. No. 1 El-

# MARKETS

WALL STREET—Copper, aluminum, rails and steel traded a market upturn in moderately active trading early this afternoon. Key stocks rose from fractions to a point or 2.

The market was slightly lower at the start but there was no great selling pressure despite international news. Prices gradually firmed and went to the upside.

The market opened for the year. Rails resumed their advance to new peaks on average for 1958.

Kennecott, which boosted its copper price more than 2 points, Phoenix Dodge and Anaconda gained more than a point. Standard and Standard of California fractions.

Richfield Oil was up about 2 points. American International, Bethlehem and Republic added fractions.

Boring, Douglas Aircraft and General Dynamics advanced about 3/8 point. New York Central and Southern Railway rose about a point. Standard of California fractions.

Government bonds were narrowly higher in quiet trading.

# Air Force Aid Society Is Brought Into United Fund

Inclusion of the Air Force Aid Society as an agency to participate in the United Fund of Big Spring and Howard County, was voted by the UF executive and budget committees Wednesday evening.

The Aid Society provides funds on an emergency basis for men in the Air Force. The local chapter at Webb administers funds locally, without administrative expense.

Military people annually conduct a campaign for their Aid Society. Webb officials had requested that the campaign on their base

be integrated with that of the United Fund, to cut down multiple solicitations. Webb regularly is responsible for generous gifts to the local United Fund.

The acceptance of the AFAS into the United Fund was simply a formal acceptance of coordinated effort, said Clyde McMahon, UF president.

The makes 10 agencies participating in the United Fund drive scheduled for October. The overall budget, as established last week, remains at \$89,100, only \$800 in excess of 1957.

# Staff Changes At Webb Announced

Col. Henry L. Weber, recent graduate of the Air War College, Maxwell AFB, Ala., has been named commander of the Maintenance & Supply Group at Webb AFB.

Base officials also announced today that Lt. Col. David R. M. Lovelace, head of the 3509th Installation Group at Webb, is being transferred to Vance AFB, Enid, Okla., where he will assume command of the Vance Installations Group.

Col. Weber is to relieve Maj. Thomas S. Lane, who has commanded the Maintenance & Supply unit since the transfer of Lt. Col. Alvin R. Holman to Viet Nam several weeks ago. Maj. Lane will serve as executive officer for the group.

No successor to Col. Lovelace has been named. Also vacant is the wing executive officer at Webb, vacated recently by Col. Raymond J. Downey who was transferred to Wiesbaden, Germany.

Col. Lovelace has been stationed at Webb since October of 1957. A native of Courtland, Ala., he has spent four of his 12 years of service overseas in Okinawa, the Marianas, Japan and Korea.

He has taken courses at Louisiana State University, Centenary College at Shreveport, and at Harvard University. In 1950 he completed the Field Officers Course at Ft. Belvoir, Va., Engineers School.

While on inactive reserve status, Col. Lovelace was employed as a civil engineer in Shreveport, La. Holder of the coveted "Black Belt" of judo, he was active in American boys judo training while in Japan.

Col. Weber, his wife Marion, and two daughters returned to the U.S. after a 3 1/2-year tour of duty in Spain just prior to his school tour at Maxwell AFB. In Spain, Weber served as director of logistics for the Joint U. S. Military Group, with headquarters in Madrid.

Col. Weber graduated from the University of Oklahoma with a degree in mechanical engineering. After completing flight training at Randolph AFB and Brooks AFB, he served in the 9th Air Force in

stem test from 8,545-48 feet at the TXL No. 1 Miller today after testing from 8,527-35 feet in the Ellenburger. Tool was open one hour, and recovery was five feet of mud with no shows. The site is an offset to the Harper No. 1 Miller discovery, C SW SW, 48-30-6n, T&P Survey.

Shell No. 1 Miller, C SW NW, 527-79, H&TC Survey, made hole in dolomite at 8,895 feet. It is 12 miles northeast of Gail.

Fuller, Cabot & Southern No. 1-A Orson was ready to be plugged after a Pennsylvania drillstem test produced 60 feet of mud and 1,040 feet of salt water. Operator had tested tool open 1 1/2 hours on the zone from 8,365-446 feet. The project is C SW SW, 15-33-5n, T&P Survey.

Texas National No. 1 Richardson, C NE NE SE, 77-M, EL&RR Survey, in the Triple D field, made hole in lime and shale at 7,550 feet. It is 10 miles northwest of Lamesa.

Camp No. 1 George Oldham is perforated from 9,180-82 feet and was running squeeze tool today. The wildcat is C NE SE, 26-34-n, T&P Survey.

Woody Petroleum Co. No. 1 El-

Shell No. 1-F Slaughter, a wildcat C SW NW, 21-1, Hays Survey, continued to pump in the Strawn after making 50 barrels of fluid-cut 20 per cent oil in 24 hours.

Kenneth Murchison No. 1 Mrs. I. N. McCrary is a new 3,500-foot wildcat about 12 miles east of Post. Drillsite is 990 from north and 330 from east lines, 78-5, GH&H Survey.

Sun Oil No. 33 Hart Phillips pumped 40.70 barrels of 32.6-degree oil and 72 per cent water on 24-hour potential test after being treated with 6,000-gallons of acid. The well is in the Howard-Glasscock field 990 from south and 330 from east lines, 14-33-2s, T&P Survey. Total depth is 2,465 feet, with production reached at 2,108 feet. The perforation extend from 2,317-371 feet.

Shell No. 1-C Slaughter, in the Happy field, waited on cement to set surface string at 314 feet. The site is 330 from south and 230 from east lines, 42-2, T&NO Survey.

Tidewater No. 1 Cooney was testing the Devonian again today, and through a 20-64-inch choke, it produced 31 barrels of load in an unreported time. Gas volume was 678,000 cubic feet per day. The wildcat re-entry is C SW SW, 13-36-5s, T&P Survey.

Basin No. 1-B Anna Bowen is a new Howard-Glasscock site. It is 330 from south and east lines, 65-29, W&N Survey, and 11 miles southeast of Coahoma. Drilling depth is 1,500 feet.

Stanotex No. 2-2-A Winters, in the North Vincent field, prepared to set tag plug today. The site is 467 from north and 1,400 from west lines, 6-25, H&TC Survey.

Hamon & Republic No. 1 Holton flowed 15.18 barrels of oil in 24 hours through a 20-64-inch choke, and tests continued in the Strawn. The site is 5,672 from south and 7,577 from east lines of League 246, Wheeler CSL Survey.

In the late East Howard field, Brinson-Collins No. 4-B Percy Jones was finished for a daily potential of 31.32 barrels of 31-degree oil and 30 per cent water. It is 330 from south and east lines, 9-30-1s, T&P Survey. The hole bottoms at 2,890 feet, and it produced from open hole below 2,580.

Brinson-Collins No. 11-B Jones, in the same field, made 131.88 barrels of 31-degree oil on a 1 1/2 test after being fractured with 20,000 gallons. Well site is 1,653 from south and 1,650 from east lines, 9-30-1s, T&P Survey. Total depth is 2,765 feet, and top of the pay zone is 2,945. It also completed from open hole.

The commissioners have been formally instructed to meet on July 21. They are to draw 20 names for grand jury duty and 240 names for petit jury duty during the next term of court.

Four panels of 60 names each will be required for the term, the court stated.

# Plaintiff Wins \$8,000 Verdict

Geddie Colbert, who contended he was injured in a car mishap in Big Spring on March 16, 1956, and who brought suit against Ellis Eubanks, driver of the second car, for damages was awarded a judgment of \$8,000 by a Howard County District Court jury on Wednesday afternoon.

The jury had deliberated from 10:15 a.m. to 2:40 p.m. before it reported its findings to Judge Charlie Sullivan.

The case had been on trial in the court since Monday.

The trial brought to an end all jury cases for the current court term. No further jury trials are scheduled until the new court term begins on Aug. 25.

The Colbert-Eubanks case was the only hearing this week out of 12 cases originally docketed to be tried.

On Aug. 25, the new term opens and a civil docket will begin. Forty-eight cases have been set for this docket.

A grand jury will also be convened on that date for the new term. A civil petit jury is scheduled to begin work on the same date. Another civil jury is to be called for Sept. 15, a criminal case jury on Sept. 22 and a civil panel on Sept. 29.

# Cash Box, Pocket Hit By Burglars

Burglars hit the cash box at a motor company Wednesday night and the pants pocket of a resident a night earlier.

The police said burglars used a window on the south side to gain entrance to Marvin Wood Pontiac, 504 E. 3rd, during the night. Taken in the burglary was about \$31 from a cash box.

Tuesday night, Wallis Bly, 203 1/2 Galveston, said that \$43 was taken from his pockets in a burglary of his residence.

# Youth Detained

Police officers apprehended a 13-year-old Odessa youth this morning and later turned him over to his mother. The boy had run away and police learned he was on a bus from there. They were waiting when he arrived and detained him until his mother could come for him.

# States Rights Bill Reaches Voting Stage

WASHINGTON (AP)—A controversial states rights bill reached the voting stage in the House today, with the opposition apparently heavily outnumbered.

Backers of the court-curbing measure predicted passage by a margin of 2-1 or better, while opponents pinned their fading hopes on an amendment to prevent the bill from being retroactive.

There was a growing likelihood, though, that the bill would never become law. It hasn't been considered by the Senate, which has a full docket for the remaining weeks of this session. Two days of House debate also have brought hints of a veto because of Justice and Labor Department opposition.

The unusually brief bill—its 74 words long—says in effect that laws dealing with the same subject, the federal law doesn't supersede the state act unless there is a direct and irreconcilable conflict or unless Congress, when enacting the federal law, expressly gave it a priority.

Because few federal laws specifically pre-empt state acts on the same subjects, opponents of the bill contend it could affect hundreds of federal statutes enacted during past years. They contend it could be used by Southern states to circumvent the Supreme Court integration decision and could produce a wave of state labor laws.

The bill's backers, headed by its author, Rep. Howard W. Smith (D-Va.), disclaim any intention to use the measure as an anti-civil rights vehicle. Its sole purpose, they say, is to protect the constitutional right of states to enact their own laws in fields not reserved to Congress and to prevent the Supreme Court from nullifying state laws not in conflict with federal laws.

Absentee voting for the pending July 26 Democratic primary crept near the 100 mark Thursday.

Ninety-five such votes had been cast, it was announced by the county clerk's office.

Deadline for such voting is July 22.

# Jury Commissioners Appointed By Judge

Merle J. Stewart, Chester Cathery, Tom Rossion, Louis Talley and Jackie McKinney have been appointed by Judge Charlie Sullivan, 118th District court, as jury commissioners for the ensuing term of the court.

The commissioners have been formally instructed to meet on July 21. They are to draw 20 names for grand jury duty and 240 names for petit jury duty during the next term of court.

Four panels of 60 names each will be required for the term, the court stated.

# Candidate For State Senate Visits Here

Sen. David Ratliff, Stamford, was here Wednesday in the interest of his campaign for state senator.

He is seeking his first complete term as senator from the 24th district. Ratliff was chosen in a special election to succeed the late Sen. Harley Sadler, then won the right to serve out the unexpired term. Ratliff is a businessman at Stamford and formerly was a state representative.

# Concrete Work Is Specialty Of Chas. Campbell

Concrete work in any form is the full-time specialty of Charles Campbell, Big Spring contractor. Campbell and his workmen are masters of the art of concrete construction, and durable, attractive examples of their work dot the city.

Driveways, curbing, fences, walls, retaining walls and many other such facilities are installed expertly by Campbell's concrete artisans. Floors, patios, walks and other yard and garden accessories are among the jobs for which Campbell is relied upon throughout the Big Spring area.

Of course, only the highest quality materials are used in projects undertaken by Campbell. These are combined with skilled workmanship to make every concrete installation a valuable, permanent addition to the property on which it is situated.

Not only is Campbell's work serviceable for many years. He and his workmen strive to make every structure they fashion an attractive improvement.

Floors, for example, are poured as near absolute level as human tolerances will allow. Finishes are honed to the proper texture to assure a good appearance as well as to meet the requirements of use.

Such things as walks, driveways, fences and walls also are given finished surfaces which are both utilitarian and attractive.

Campbell also is backed by many years of experience in the field of renewing stucco and masonry exterior walls. Brick and mural stone faces can be applied to practically all structures, giving them the appearance and serviceability of regular masonry finishes.

No job is too large, and of course none is too small, for Charles Campbell. His references are the many contractors and property owners who have utilized his services. He may be contacted by telephone, AM 4-2407, or at his residence in the Hilldale Addition southwest of the city.

**Craftsmanship In Concrete**  
This long, curving driveway is an example of the type of work performed by Charles Campbell, local concrete contractor. Campbell is doing all concrete work on a modern home under construction in College Park Estates. He and his crew of workmen are skilled in every phase of concrete construction.

# Settles Hotel Is Community Center

The Settles Hotel is more than a modern hotel in Big Spring—it is a landmark, a focal point of innumerable civic activities and has become a community institution.

It is the tallest building in the city and because of its central location in the business district is the outstanding landmark which automatically catches the eye of the stranger as he approaches the town.

It is an institution because it offers the best available facilities for scores of meetings, conferences and luncheon meetings which are an inevitable part of the life of any community. It is an automatic decision in most cases where a gathering is required to further some enterprise to select

commodations and services are widely known and esteemed by the traveling public.

Sam Peters, general manager of this popular hostelry, is constantly striving to expand and improve its

facilities and broaden the field of service it can offer to the community and to the public.

He invites you to contact him if there is some service that the Settles Hotel can provide for you.

# Heating-Cooling Units Provided

In an effort to expand its services to Big Springers, Fiveash Plumbing Co. has announced it is now equipped to sell and install Day & Night combination heating and air conditioning units.

The firm announced it will be glad to make free estimates of costs of installing one of the systems in any home without obligation on the part of the home owner should he decide not to purchase the system.

The Day & Night heating and refrigerated air units provide a big saving for home owners since the same blower is used for both the cooling and heating units. And since the Day & Night system is air cooled, no circulatory tower is needed.

Fiveash Plumbing, located at 821 E. 3rd, also has factory engineers at its disposal in determining the type and size of unit needed for a house.

In addition, an air conditioning unit can be added to a central heating setup to utilize the same blower system in most cases, Fiveash reported.

# Israel To Ask Additional Arms

JERUSALEM, Israeli Sector (AP) — Prime Minister David Ben-Gurion today reported to Parliament's Foreign Affairs and Security Committee on the latest Middle East developments.

It is understood he considers Israel's security seriously affected by the Iraqi coup and plans to reiterate Israel's demand for more and heavier arms from the West.

It is reported he also is insisting on renewed confirmation of the guarantee given Israel in 1950 by the United States, France and Britain.

# El Paso Team Forfeits Games To Big Spring

Big Spring's American Legion nine sailed into the Area I finals today without even donning uniforms. World was received here this morning that El Paso had forfeited to Big Spring. The two clubs were to have met here starting Friday in a best-of-three series to decide the second division champion of Area I.

American Legion Division II Champions

These members of the Big Spring American Legion team learned today they were Division II champions instead of just district winners. El Paso forfeited the division title to Big Spring, and locally now will face the winner of the Lubbock-Amarillo series. Pictured, front row, left to right, are Jerry Dunlap, Zay LeFevre, Wilson Bell, Terry Stanley, Jimmy Roger, and Elton Kelly. Second row, left to

right, are D. R. Gartman, manager, Jay LeFevre, Bob Andrews, Jackie Thomas, Chubby Moser, Bernard McMahon, Preston Daniels, and Jack Pearson, the other manager. Others on the team not in the picture are Wayne Fields, Tommy Whalley, Gary Walker, and Rayford Harrison.

# Floyd Patterson Looking Bigger, Better Than Ever

MONTICELLO, N. Y. (AP) — Attention, Cut and Shoot, Tex. Floyd Patterson looks bigger and better than ever. The world champion finished the Eastern phase of his training for the Aug. 18 Los Angeles match with Roy Harris Wednesday afternoon. Men who hadn't seen him for almost a year agreed he finally had become a full-fledged heavyweight.

Floyd claimed he weighed 183 pounds. He appeared much more mature than the 182-pounder who knocked out Archie Moore for the title in 1956. He set himself better for his punching and had abandoned his amateurish keeping attack. Patterson was four pounds heavier than he was a year ago when he stopped Hurricane Jackson. However, he was only a half-pound over his weight for the Pete Rademacher match in Seattle last August.

There was a sharp contrast between Patterson's camp at a plush resort in the Catskill Mountains and the rustic, hound dog background of Harris in the "Big Thicket." No log cabin here, no hogs snorting through the corn. No "Cousin Armadillo" flashing a knife and a pistol. Just a group of people on a holiday, sitting in a fancy palestra that is a gym in the afternoon and a night club in the evening. The champ stood on the stage, clutching a microphone, to meet the press. A public relations man relayed the questions. Cus D'Amato, the champ's manager, scowled as he sat and listened. Floyd wore dark jeans, a sports shirt, a heavy pair of shoes and a cap.

# Knobe Seeking Third National Tennis Crown

CHICAGO (AP) — Mrs. Dorothy Head Knobe says it would be "quite a thrill" to win a third National Clay Courts singles title. She's well on her way to doing just that. Winner of the 1951 and 1955 crowns, Mrs. Knobe showed no mercy Wednesday in whipping Marie Vidas of Hinsdale, Ill., 6-0, 6-1, in second round play at suburban River Forest.

# American Minor All-Stars Named For Title Game

All teams are represented on the American Little League Minor all-star team which will play the winner of tonight's National-Texas League game to be played at Cadden park. The Americans and the winner of tonight's contest will tangle Friday night, but site of the contest hasn't been set. It will depend on the winner of the game tonight.

# Harris Assured Of \$100,000 Purse

SAN FRANCISCO (AP) — Texan Roy Harris collects \$100,000 but heavy weight boxing champion Floyd Patterson grabs far more when they battle in Los Angeles on Aug. 18 for his title. California's Athletic Commission heard part of the unique financial arrangements of the bout Wednesday before voicing final approval to the setup for Wrigley Field with theater television.

A novice promoter, Bill Rosensohn, former closed circuit TV official, testified more than an hour. He swore Al Weill wouldn't give a nickel from him and drew a plaudit from Commission Chairman Dan Kilroy for "straightforward answers." Weill, who wasn't present, fared far worse. Refused a promoter's license to stage the Patterson-Harris fray during a hearing on June 24, his manager's license was lifted this time on a temporary suspension.

# Kiwanis, Rotary Teen-Agers Win

It took seven runs to win Tuesday night in Junior Teen-Age League games with both winning teams coming out with seven tallies. The Kiwanis Club downed the Bums, 7-4, and the Rotaries slipped by the Knights of Pythias, 7-6, in the other contest unrecruited Tuesday night.

# Willie Pep Trying To Make Comeback

NORWOOD, Mass. (AP) — Former featherweight king Willie Pep, campaigning for another crack at the crown he held twice, battles Bobby Bell of Youngstown, Ohio, tonight in a scheduled 10-rounder at the Norwood Arena. The 35-year-old Pep, from Hartford, Conn., and Bell, a 30-year-old veteran, each reported in top shape after light drills since their scheduled clash last Monday was washed out by rain.

# BASEBALL STANDINGS

Table with columns for American League, National League, and Sophomore League Standings, listing teams, wins, losses, and percentages.

# 'MOST CONTROVERSIAL' PGA Meet Opens With Field Of 166; Bolt Gets Probation

HAVERTOWN, Pa. (AP) — The most controversial of 40 Professional Golfers Assn. championships opened today at the snug little Llanerch Country Club in suburban Philadelphia. A rather embarrassed set of PGA officials, who hadn't expected the routine disciplinary action to assume such proportions, let Bolt off with a stern warning and an extension of his probation from one year to an indefinite period. Tommy Bolt, National Open champion, was settled rather amicably last night.

# WINS BY TKO

Durrelle retained his title last night when Holt was unable to answer the bell for the ninth round of their scheduled 12-round title fight after a bruising battle. In Vancouver, promoter Earle Kalani said Moore has tentatively consented to a title fight in September with Durrelle.

# WINS BY TKO

MONTREAL (AP) — Yvon Durrelle, the durable fisherman from New Brunswick, still is the British Empire light heavyweight champion. He can look forward now to a possible shot at world champion Archie Moore.

# WINS BY TKO

Burt previously had been fined for picking up in two tournaments on Long Island, N.Y., recently and for making uncomplimentary remarks to the sponsors. There had been some talk he might be barred from the tournament, in which he was rated among the prime favorites.

# Who'll Crack First In National Race?

BY ED WILKS AP Sports Writer Who's going to crack first in the National League race? While three of the so-called contenders fade away, Milwaukee and San Francisco are stepping along just half a game apart, and the suddenly competitive Chicago Cubs are at their heels.

perch, 2½ games behind Milwaukee, by running up a five-game streak for the first time this season, sweeping their second doubleheader in four days with comeback 5-4 and 7-5 decisions over Cincinnati. That gave the Redlegs a seven-game losing string; and they escaped the cellar only because of Pittsburgh's 7-4 victory over Los Angeles.

Billy Bruton's first of the season helped Warren Spahn to a 4-0 lead, but the Cardinals took over with a five-run third capped by Ken Boyer's grand slam. Spahn, now 11-6, needed more help after the fifth. He got it from reliever Don MacMahon, who came on with the bases loaded in the eighth, and left fielder Andy Pate, who made a diving catch of Don Blasingame long liner to end the eighth.

# Race For Homerun Crown Gets Hotter

The only race worth mentioning in the American League is the chase for the home run crown, and it's a pip. There's only a run-homer gap between Boston's Jackie Jensen, the leader with 27, and defending champ Roy Sievers of Washington and early leader Bob Cerv of Kansas City, tied with 23. Mickey Mantle of New York, the hottest of 'em all, is in between with 24.

since Jensen has hit 18 since May, taking the lead with 14 in June. Mantle has hit 20 since May, swatting 10 in 18 games this month. Sievers has hit 16 since May, 3 this month and 3 in two days to overhaul Cerv. Sievers, who led with 42 last season, ripped a pair of two-run shots last night, the second a two-out drive that capped a four-run ninth as the Senators beat Cleveland 7-6.

The other sluggers failed to hit one at the Yankees defeated Detroit 3-2 on Bob Turley's three-hitter, Boston beat Kansas City 5-2 and Baltimore split a twin-night pair with Chicago, winning 6-5 after a 6-1 White Sox victory.

# Cats' Bonus Pitcher Gets Mound Call For Texas League All-Star Tilt Friday

FORT WORTH (AP) — A rookie pitcher, Dick Ellsworth, 18, bonus boy from the Chicago Cubs; will be the starting pitcher for Fort Worth tomorrow night in the Texas League All-Star game. Manager Lou Klein of Fort Worth, which meets a team recruited from the other seven clubs in the league because it is the league leader, said he chose Ellsworth partially because he never had pitched against the other players in this league and "they might find him hard to handle."

At the same time Lowrey expressed resentment over criticism of the Texas League Baseball Writers Assn. of his remarks concerning the team he'll direct at Fort Worth. He even offered to step aside. The Austin manager was quoted from Corpus Christi Monday as lamenting over the fact that his only pinch-hitters were alternate catcher Bob Rand of Dallas, utility infielder Grady Hatton of San Antonio and spare outfielder Lee Maye of Austin.

Lowrey also was quoted as criticizing his defense. "These remarks weren't meant as criticism of the team," Lowrey said. "Besides they were only part of what I said about the team. Nothing was used about how pleased I was about all the hitting power. I also told the reporter the pitching staff was a real fine one — one I'd certainly love to have pitching for my club. He just wrote what he wanted to." The Texas League baseball writers picked Lowrey's squad. Returning to his selection of Cohen, a 19-game winner with San Antonio, Lowrey declared "Cohen's beaten them four times. He pitched the other night and he should be ready unless he does some more pitching before the game."

Tourniquet Made From Guilty Snake CAMPTON, Ky. (AP)—A tourniquet made from the snake that bit him may have saved the life of Curt Akers, 16, Curt was bitten by a rattlesnake while mowing weeds. His father killed the snake and knotted it around the boy's leg. The boy then walked a mile to get help from a physician. He was reported in fair condition.

Sheriff Finds Kids But No Children CHILLICOTHE, Mo. (AP)—Sheriff Kelsie Reiter thought he heard children crying in a nearby wooded area surrounded by flood waters from the Grand River. He got a rowboat and investigated, but found no children. The sheriff did find two kids standing on a floating log. He rescued both young goats.

Boy, 6, Shyos Up, Ends Search WASHINGTON, Pa. (AP)—Six-year-old Robert Hughay of nearby Sky Terrace, Pa., knocked at the door of a rural home, requested a glass of water, then asked to be taken home. It ended a search of 3,000 persons for the boy. He had covered 18 miles in an all-day walk.

PLAN FOR ACTION TO WIN NEW INDUSTRIES  
Gov. Daniel and E. B. Germany look over new guide

**NEW AGENCY**

**Plan To Develop Industry Issued**

Communities with an eye on industrial expansion have a new tool at their disposal.

The Texas Industrial Commission, in its first general report since reactivation March 31, has issued a brochure which contains a plan of action to win new industry.

On the committee are E. B. Germany, Dallas, chairman; A. G. McNeese Jr., Houston, vice chairman; George Hinson, Mineola, secretary-treasurer; Chester C. Wine, Laredo; and Houston Harte, San Angelo.

"It has been predicted that within the next 10 years over 3,000 new major manufacturing plants will

be born in the South," said Gov. Price Daniel in his foreword to the commission plan. While he goes on to say that "Texas has more to offer industry than any other state . . . the number of industries which will finally build in Texas depends on how effectively Texans cooperate in selling Texas to the nation."

In the plan issued by the commission, a review is furnished on the industrial development adopted by the Texas Industrial Commission. Included are plans for advertising, industrial solicitation, publicity, proposed legislation—all on a state level.

Then concrete suggestions are made on how to organize individual communities for industrial development, step by step. This includes ideas for assembling basic information, survey forms, etc. Also included are suggestions for development of a sales plan for individual communities; for converting prospects into actual industrial citizens; for effecting a complete industrial inventory as the basis for community action.

The brochure points out the importance of industrial payrolls. For instance, each 100 additional manufacturing employees not only mean about \$590,000 more personal income per year for a community, they mean some 296 additional people; 112 additional households; \$270,000 more in bank deposits; 107 more passenger cars; 174 more workers employed; four more retail establishments; and \$360,000 more retail sales per year.

There is another breakdown which shows how industry can be considered in long terms. For instance the 100 employees receiving \$295,000 per annum becomes \$2,950,000 over a 10-year period (not considering the fact that industries invariably grow).

Since annual payroll turns over three times in retail sales, the new industry with 100 employees creates an estimated spending power of \$660,000 per annum—and again in 10 years this is \$6,600,000.

Copies of this guide are being mailed to every Chamber of Commerce in the state, to the mayors, county judges, members of the Legislature and the newspapers.

The commission already has serviced more than 1,000 inquiries from firms and organizations seeking industrial data, surveys, labor figures, maps, plant location information. It is planning on advertisements in selected national mediums; is coordinating its work with those of other similar state agencies with the idea of improving the effectiveness of the Texas agency; and is checking on the possibilities of a color film which would tell the "Texas Story" to the nation.

**Saw Used To Get Evidence To Court**

BALTIMORE (AP)—Police Sgt. Joseph E. Judd and two other cops used a saw to get their evidence into court for a numbers case. The evidence—three numbers—was on a board attached to a wall in the news stand and shoe repair shop run by the defendant. The magistrate held defendant Vernie Brunson, 52, for grand jury action.

**Officials Worry Over Big Buildup Of Meat Animals**

WASHINGTON (AP)—Federal farm officials are showing concern over a possible big buildup of meat animals on farms.

A recent survey forecast a 14 per cent increase in the size of the fall pig crop and Secretary of Agriculture Benson warned producers against overexpansion.

The Agriculture Marketing Service said there were 16 per cent more beef cattle on feed for the slaughter market July 1 in 13 major feeding states than a year earlier.

This indicated many feeders have been holding meat animals on farms longer than normal at this season. They are feeding them to heavier weights than usual, apparently encouraged by favorable prices.

The service also said cattle are moving to market from grass pasture much more slowly than normal—largely because of unusually good grazing and favorable prices.

What worries officials is the possibility these animals may start to market at one time, with a consequent tumble in prices.

**Women Victimized Through Camera, One-Way Mirror**

SANTA BARBARA, Calif. (AP)—Scores of Santa Barbara women were photographed half nude—without their knowledge—when they undressed for tuberculosis X-rays, police report.

A respected civic leader snapped the pictures through a one-way mirror at the County Tuberculosis and Health Assn. office here, detectives said yesterday.

They arrested Hank Harader, the association's executive secretary, on a morals charge. Harader, 43, has a wife and three children.

Officers said they found the pictures at the office after an 18-year-old secretary complained that Harader asked her to pose nude. They said Harader took the pictures from the office darkroom over a nine-month period.

**Advance In H-Bomb Harness Announced**

WASHINGTON (AP)—A new advance in the American quest to harness the H-bomb reaction for industrial power was reported today.

U. S. scientists have generated temperatures of an estimated 10 million degrees centigrade—almost twice the previous record high reported by the United States—testimony released by a House Appropriations subcommittee reported.

Dr. J. H. Williams, director of the Atomic Energy Commission's Division of Research, told of the development at recent hearings on AEC requests for supplementary appropriations for its various activities.

Williams said scientists at the University of California Radiation

Laboratory and AEC facility, achieved the high temperature in research aimed at duplicating the powerful hydrogen fusion reaction for peaceful use.

He said this is about 10 per cent of the temperature that would be necessary to sustain such a reaction for power purposes—and is thus "well along the road" to the temperature objective.

In other testimony, the AEC asked for a 100-million-dollar increase in fiscal 1959 for all phases of its weapons program, including weapon research and development.

It was reported during the hearing that the United States now is the largest uranium producer in the world.

**Wages, Prices Continue Spiral Despite 'Moderation' Plea**

By NORMAN WALKER  
Associated Press News Analyst

WASHINGTON (AP)—Both wages and prices are continuing to spiral upward despite the recession and despite President Eisenhower's call for moderation.

Government data show that business and labor are paying little or no attention to the President's plea for restraint as both prices and wages climb to new record levels practically every month.

The government itself is largely ignoring its own advice. Pay raises amounting to about 1½ billion dollars a year have recently been put into effect for government workers. Eisenhower said they couldn't be helped.

There is some hint the wage-price inflationary spiral may be slowing down. Consumer prices hit another peak in May, the latest report, but the rise from April was only a tenth of 1 per cent, the smallest monthly increase in many months.

New government and private surveys on wage trends for the first half of 1958 show in general that labor unions are negotiating pay boosts of about the same amount as this time last year.

The Labor Department, in a report on first-quarter wage trends this year, said, "there was no evidence of any general reduction in the size of wage increases as compared with corresponding quarters of the past few years."

Experts of the department's

Bureau of Labor Statistics said while second-quarter 1958 wage gain results still are being tabulated they seem to be running about the same, with some cases of increases slightly less than last year.

Fringe benefits gains, such as vacations, health-welfare and pension improvements, are coming along a bit under the 1957 clip.

Most new negotiated wage settlements are running around the 10-cent per hour raises of last year. There has been some decline in wage gains in manufacturing, the segment of the economy hardest hit by the recession. But factory worker earnings rose to a record \$53.10 a week in June.

The Labor Department said instances where unions failed to get any wage increase at all are running at the same tempo as 1957 and considerably under the no-increase settlements of 1954 and 1955.

The technique of long-term labor contracts, providing annual wage boosts and built-in living cost allowances, is conducive to labor-management peace but a factor in keeping wages rising.

Strikes are at a low ebb. But millions of workers get automatic pay boosts and living cost adjustments under three and five-year contracts. This creates a pattern for unions negotiating new wage terms.

The experts are watching to see whether the steel industry raises

prices, following a big pre-negotiated pay hike for steelworkers that went into effect July 1. They also are watching the now-stalemated auto industry labor negotiations.

The outcome of these two situations will have an impact, both actual and psychological, on the rest of the economy. They may determine largely whether the wage-price race will even off or spurt onward to higher levels.

**Spirits To Get Private Burial**

ST. LOUIS (AP)—More than 1,400 bottles of liquor and wine, caught in a warehouse flood recently, will get a private burial at a secret location next week.

Some of the labels were washed away. It's illegal to replace them so the Pure Food and Drug Administration, fearful that the goods may have been contaminated, obtained a court order authorizing destruction of the spirits.

A bulldozer operator, equipped with a gas mask so the fumes won't bother him, will smash the bottles before the burial.

"I'd rather not say where we are going to bury it," said Roy

Kiergan, a deputy federal marshal. "We want this to be a private funeral without too many mourners."

**Midland Opens Water Supply**

MIDLAND, Tex. (AP)—A vast new supply of underground water began surging into Midland mains Tuesday to mark the opening of the city's new Paul Davis field.

In simple ceremonies 30 miles north of Midland, former City Councilman Paul Davis started the motors on the first two wells.

It was in recognition of Davis' work in exploring and developing that the new field, lying in Martin and Andrews counties, was named in his honor.

**N. Mexico Oil Allowable Up**

SANTA FE, N.M. (AP)—The August daily oil allowable of crude oil for southeastern New Mexico was raised to 35 barrels yesterday.

The Oil Conservation Commission deferred action on the allowable for the northwest part of the state.

The boost in allowable for the southeast is up two barrels from the record low of 33 barrels which has been in effect since April.

Commission Engineer Dan Nutter said it would be a day or so before the allowable definitely is set for the northwest. It would be either 51 or 52 barrels, he said.

The 35-barrel allowable in the southeast would mean an estimated daily production of 254,485 barrels, an increase of 8,396 barrels a day.

Estimated daily production in the northwest would be about 29,000 barrels.

Associated Press staff photographer James Pringle (left) examines the weapon of a native fighter during his coverage of the conflict in Lebanon. Pringle's pictures were the first of the landing by U.S. Marines at Beirut to reach this country.

## Strategy Studied In Trade Bill Fight

WASHINGTON (AP)—Backers of reciprocal trade appeared ready to accept a three-year extension in the Senate and try for more in a conference with the House.

This was one of several points of strategy considered in an effort to win passage of a bill meeting most of President Eisenhower's requests. The House has voted a five-year extension of the program, as Eisenhower asked. Other Senate showdowns also may be avoided as part of the same strategy.

Behind-the-scenes strategy being worked out by Senate Democratic Leader Lyndon Johnson (D-Tex.), Sen. Harry F. Byrd (D-Va.), floor manager for the bill, and Republican Leader William

F. Knowland (Calif.) called for only one major floor amendment before final passage. The plans were understood to cover these points:

1. A floor vote to knock out of the bill a provision inserted by the Senate Finance Committee sharply curbing the President's powers to operate the trade program.
2. No roll call vote on the Senate floor on the length of extension of the act, leaving Senate-House conferees free to accept the five years voted by the House instead of the three years fixed by the Finance Committee. The Senate conferees might agree to five years in return for House acceptance of a Senate provision to give more industries tariff relief under the national security section of the trade law.
3. A conference agreement to knock out or modify a Senate provision which would limit to 5 per cent the permitted tariff cut in any one year. The House bill would permit a 10 per cent reduction.

A key point in this strategy was an effort to persuade strong advocates of the trade program not to seek a record vote on a five-year extension. Some leaders feared this would disclose heavy Senate sentiment for a shorter period and thus tie the hands of the Senate conferees.

## Officials Cleared In False Arrest Suit

BRATTLEBORO, Vt. (AP)—Four Vermont law enforcement officials have been cleared in a false arrest suit brought by James C. McCann, 49, Denison, Tex., cattleman.

Directed verdicts in favor of the defendants were ordered yesterday by Federal District Judge Ernest W. Gibson in the \$75,000 suit.

The suit was brought against State's Atty. Ray Poquette, Sheriff Charles Blair, state trooper Robert Richardson and Justice of the Peace Clarence Tubbs. The judge told the jury of six men and six women that Poquette and Tubbs had judicial immunity and that no evidence was presented to support McCann's claims against Richardson and Blair. McCann brought the action after he served four months of a three to five year term in connection with a highway death in June, 1955. He claimed he was denied his rights, including the right to obtain counsel.

## Benedum Observes His 89th Birthday

PITTSBURGH (AP)—M. L. (Mike) Benedum, a native of Bridgeport, W. Va., who rose from wildcatter to millionaire in the oil industry, quietly observed his 89th birthday by having lunch with a few close friends at his home here. Doctors forbade any celebration.

Chief

Navy Capt. V. B. McCrea is pictured shortly after U.S. Marines occupied Beirut airport. He was in tactical command of the landing outside the Lebanese city.

## Cuban Rebels May Take Time Freeing Yanks

GUANTANAMO, Cuba (AP)—U.S. Consul Park Wollam sent word last night that it may be a week more before Fidel Castro's rebels release all the U.S. servicemen they kidnaped.

The rebels' idea apparently is to keep Cuban government forces from launching a full-scale attack on their mountain hideouts for as long as possible.

Four more servicemen were returned to the Guantanamo naval base yesterday by U.S. Navy helicopter after spending 30 days in rebel camps in the mountains of east Cuba. Eighteen sailors and Marines remained behind.

Wollam, who has spent three weeks dickering for the prisoners' release, said the whole operation might take from four days to a week with the men probably continuing to come out in small batches.

The latest four men freed were Lawrence E. Jamison, 21, Bradford, Pa.; Angelo Mpazicos, 20, the Bronx, N.Y.; Michael P. McArdle, 18, New York City; and Hal C. Worrall, 18, Marysville, Ind. Worrall is a Marine; the rest are Navy men.

The men were scrubbed and clean-shaven. They said the rebels made them clean up before leaving.

The rebels already have released the 20 U.S. and Canadian civilians they kidnaped in a futile effort to force the U.S. government to recognize them as bona fide belligerents.

## Russian Rocket Will Fall Tonight

CAMBRIDGE, Mass. (AP)—The rocket carrier of Sputnik III, now circling the earth in 104 minutes, will enter the United States over western Florida tonight at 8:25 (EST), the Smithsonian Astrophysical Observatory says.

The carrier will pass over the East Coast and depart over eastern Lake Ontario. At 10:10 p.m. (EST) the rocket will reenter the United States through central Arizona and move to the northeast. It may be seen in a belt extending from western Texas through eastern Montana.

The carrier put on a spectacular display last night as it swished over the Berkshires Hills in western Massachusetts. Observers said it resembled a blinking, shooting star.

## Educator Dies

ALBANY, Ga. (AP)—Dr. Joseph W. Holley, 84, noted Negro educator, author and founder of Albany State College, died Wednesday of complications following surgery. He was an ardent foe of forced integration.

## Big Spring Overflow Ups Coahoma's Housing Needs

COAHOMA (SC)—The city secretary's office continues to receive daily applications for rental houses or apartments. None of the demands can be filled, however, because there are only a very few vacancies. Most of the applicants are new arrivals in Big Spring, and after exhausting the possibilities there, they come to Coahoma looking for places to live. The building program in Co-

ahoma seems to be accelerating, however. Several houses have been built recently. J. D. Miller completed a three-bedroom house near the school and has already rented it. John A. Moreland also finished a three-bedroom house which he will rent or sell.

In the Donald Addition three houses are being built by the E. C. Smith Construction Co. of Big Spring. Also, Weldon Weaver has bought lots in the Saunders Addition and will build two houses. These will be for sale, and he prefers to sell them before construction begins so they can be altered to suit the owner. Besides these, several other houses are now in the planning stage.

## Ping Pong Tourney At YMCA Slated To Begin Monday

Registration is now under way for the YMCA-summer recreation ping pong tournament which will begin Monday.

Frank Hardesty Jr., who will supervise the tournament, said that there will be two divisions in competition. One will be for juniors (ages 10-15) and the other for seniors (16 years and above).

Deadline for entering the tournament is Saturday at 12 noon. Hardesty said that the brackets would be posted so that contestants would know whom they will play.

Initial games will be played at 6 p.m. Monday, and plans are to play about four matches daily until the championship is settled. There will be awards to the winners. There is no entry fee and anyone is invited to participate.

## Seminarians Ready For Another Jaunt

PITTSBURGH (AP)—Two young Catholic seminarians who traveled 1,000 miles by bicycle to Quebec, Canada, are willing and ready to set out again sometime—despite the hills. Paul S. Brodie Jr., 17, of Pittsburgh, and John Zeiler, 18, of East Brady, Pa., studying at St. Fidelis College and Seminary, both agreed: "The toughest part was the hills."

## Finger's Faster Than His Draw

ALAMOSA, Colo. (AP)—Walter G. Morgan's draw may be fast, but his trigger finger is faster. The 28-year-old Pueblo man shot himself in the thigh while demonstrating his quick draw. The bullet lodged near the knee. Morgan, whose performance was given before two companions, was taken to an Alamosa hospital.

## Walks 1,000 Miles To Test His Shoes

FLORENCE, S.C. (AP)—Adrian Robertson, 45, is resting up from a 1,000-mile walk from Little Rock, Ark. He figures his actual hiking time was 52 days, not counting time for corresponding with a widow he met during the shoe-testing jaunt for his footwear employer.

## Big Counties

SAN BERNARDINO, Calif. (AP)—Just like Texas, San Bernardino County is afraid it will lose its record for bigness-to Alaska. The 20,000-square mile Southern California county is now the biggest in the nation. But Alaska is divided into only four judicial districts, and if these become counties, any one of them would be far larger than San Bernardino.

## Sonics Flunk Test In Chasing Pigeons

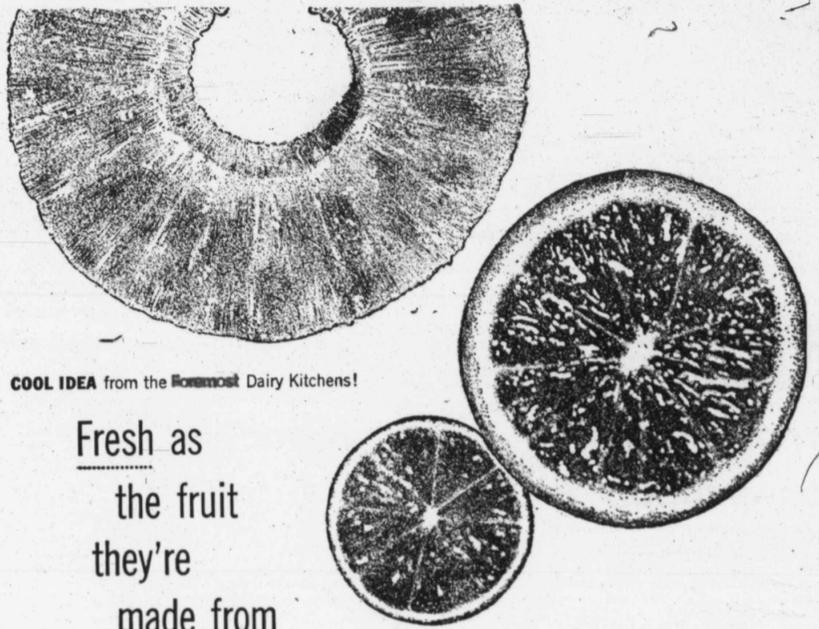

DALLAS (AP)—Technicians installed an oscillator and four speakers on City Hall, trying for frequencies that would drive away pigeons. When first tried, the solitary pigeon in sight took off—but only to return with three more. "When tone frequency is cut down low enough to chase the pigeons, it hurts our own ears," said H. S. Garland, building engineer.

## DeMille At Home After Clinic Stay

HOLLYWOOD (AP)—Veteran film producer Cecil B. DeMille is home again after being hospitalized almost a month. DeMille, 77, entered the hospital last month for observation and tests of a circulatory disorder.

Lamp Of Memories

It may be just a "dust-catcher" to some, but to Mrs. Joyce Fisher, 707 Scurry, this lamp is a storehouse of memories. Given to the Fishers as a wedding gift in October, 1915, the lamp graced the new home to which the couple moved in March, 1916, and has lighted many a gay scene through the years.

### Ornate Lamp In Fisher Home Is Conversation Piece, Dear Gift

By ANNE LEFEVER  
Her daughter calls it a monstrosity; her friends say it is interesting, and a collector of antiques would probably name it a rare find. But to Mrs. Joyce Fisher, 707 Scurry, the lamp is one of the many highly prized memories of her life here in Big Spring, where she has lived since her marriage in October, 1915.

Presented to her and the late Mr. Fisher as a wedding present, the lamp stands on a teakwood table, which was a part of the gift. Most ornate, the lighting fixture is made of a feminine figure, clad in flowing draperies and standing within a circle, which is garlanded with leaves and clusters of grapes. It is the grapes that form the lights. At the woman's feet is a small cherub.

The entire home makes a delightful setting for the store of cherished possessions. Built by the Fishers in the first year of their marriage, the house has not been changed in structure. It still has the lovely beamed ceilings, so modish at the time of its construction, and now returning to favor. Large rooms and high ceilings give an air of spaciousness to the home.

### Stores Have Weekend Meat Variety

By The Associated Press  
A wide scope of meat specials is on sale this weekend at the nation's supermarkets and neighborhood grocery stores.

Offerings range from Cornish hens to chuck steak, rock lobster tail to leg of lamb. In between these extremes are assorted cuts of beef, a few hams, the usual summer chicken specials and miscellaneous items such as lamb liver and corned beef.

Each store featuring beef seems to be advertising a different cut. This probably reflects the continued strength of the wholesale market, since each store is pushing a bargain in that cut at the expense of others. Chuck and ground beef are the most frequently offered.

Egg prices vary from six cents a dozen lower to four cents higher.

Supplies of fruits and vegetables continue abundant. Lettuce, snap beans and green peas are among best buys of the week. Other outstanding bargains include beets, radishes, potatoes, Eastern onions, tomatoes, spinach, sweet corn, cucumbers, peppers, yellow or green squash and cabbage.

Peaches continue to be the best fruit buy. Watermelons also are a bargain, while cantaloupes also are a good to outstanding buy. Florida limes are liberal in supply and lower in price, along with Jersey blueberries.

### Michael Smith Has Birthday Party

The third birthday anniversary of Michael Smith was marked Wednesday afternoon by a party at the home of his parents, Mr. and Mrs. Aultman Smith Jr. Pictures of the group were taken as they played games, and ice cream was served with a cake done in a circus theme.

Twelve guests attended the party, including the honoree's grandparents, Mr. and Mrs. Aultman Smith of Clyde.

### Culinary Efficiency

Do you remember to read a recipe before you begin to cook, before you attempt to follow it? If you do, you'll know what ingredients and utensils are needed; and most important, you'll know whether it is written clearly enough for you to make the dish successfully.

### Skewer Cooking

For outdoor cooks: Soak wooden skewers in cold water before using them to impale meat, poultry, fish, vegetables or fruit to be cooked over the charcoal fire.

### To Brown Meat

Budget minder: Some good cooks like to use two-thirds rendered beef fat and one-third hot oil for frying or browning meat and poultry.

### 'ROUND TOWN

With Lucille Pickle  
Hope rose high concerning fall fashions when I read that American women were not taking to the sackie type dresses which caused American designers to greatly modify the Parisian offerings.

My heart goes out to the clothing manufacturers who must have something new to offer women each year in order to bolster their income. I surely recognize that women like to have new clothes but there must be some other way to dress the human body in comfort and beauty without making the wearer look ridiculous.

MR. AND MRS. W. T. ABBOTT expect their daughter, Mrs. Wade Forrester Jr., of Sweetwater, and a niece and her daughter, Mrs. Jim Parks and Lana, of Graham, to come Friday to spend the day.

MARGARET CROSBY of Austin will be here Friday to spend a week in the home of her sister, Mrs. B. B. Badger. The two will go to Lubbock during the week to visit a nephew and his family, Mr. and Mrs. Jack Adams.

Here for a week from Bartlesville, Okla., are MRS. RICHARD HERN and her children, Richard Bruce and Gwen. They are visiting in the home of Mrs. Hern's parents, Mr. and Mrs. J. C. Smith, and expect to be here until next Wednesday.

Recent guests in the W. D. BERRY home included their sons and their families, Mr. and Mrs. Harold Berry, Barbara and Karen, and Mr. and Mrs. John L. Berry, all of Lubbock. Also here were Mr. and Mrs. Ralph Scott and Mr. and Mrs. Donnie Kimbrell of Odessa.

MR. AND MRS. J. D. WOOD and their children, Pat, Sandra and William, who have been visiting his parents, Mr. and Mrs. E. R. Wood, plan to leave for their home Friday after spending three weeks here. The visitors, whose home is in Calgary, Alberta, Canada, have found the weather much too warm for their comfort, which is also true of all of us, natives and visitors.

MRS. JOHNNY STEWART has gone to Carlsbad, N. M., to spend the weekend with her sister and brother-in-law, MR. AND MRS. R. C. FLYNT, and their two daughters, Susan and Margaret.

### FORSAN NEWS

#### Ruidoso, N. M., Vacation Spot For Forsan Family

FORSAN — In Ruidoso, N. M., for a vacation are Mr. and Mrs. Roy Walraven, Sherry and Kay. They were joined by his sister, Mr. and Mrs. Fred Wright and children of Water Valley. The group will also visit in Madisonville before coming home.

Mr. and Mrs. E. O. Bassinger and Vicki were recent guests of relatives in Westbrook.

In El Paso for a visit with Mr. and Mrs. Bob Sledge are Mr. and Mrs. John Griffith and Sandra. They expect to go to DeLeon for a visit.

Here for a few days were Mr. and Mrs. Elbert Strickland and daughter of Monument, N. M., who were guests of the E. E. Blankinships.

The W. D. Lewises have returned from Rising Star where they visited relatives.

Snyder visitors recently were Mr. and Mrs. Frank Shannon. Others in Snyder were Mr. and Mrs. Harley Grant, who attended funeral services for his aunt.

Mr. and Mrs. T. R. Camp, Linda and Ellabeth are on a vacation trip to Granbury.

Here from Snyder were Mr. and Mrs. Hood Jones and Cindy.

The Sunshine Club of Otischook recently gave an ice cream supper at the recreation center in the Magnolia Camp.

Mr. and Mrs. Bobby Baker and children of Andrews were recent guests of her parents, Mr. and Mrs. Jim Craig.

The J. D. Gilmores were Abilene visitors recently when they were guests of Mr. and Mrs. Charlie McGuire.

### Forsaners Have Group Of Visitors

FORSAN — Guests of Mr. and Mrs. Johnny Morris have been her relatives, Mr. and Mrs. James Russell, Charles, James and Ginger of Hollywood, Calif.; Mrs. Ernest Darnell and Brenda of Borger, and Mrs. B. J. Neal of San Antonio.

Mrs. Pete Green has been dismissed from a Big Spring hospital. Charlie Long remains ill in Malone & Hogan Hospital.

Luther and Phil Moore of Odessa were guests in the home of his parents, Mr. and Mrs. John Kubecka, when they were on their way to Charleston, S. C., because of the illness of Mrs. Moore's mother, Mrs. A. J. Leavy.

The Rev. and Mrs. L. L. Garner were visitors in Henderson.

A double birthday party was given recently in the home of Mr. and Mrs. M. M. Fairchild in honor of their sister-in-law, Mrs. John Hart of Salt Flat. About 17 were present for the dinner.

### Newlyweds Plan To Reside Here

Announcement is being made of the marriage of Nell Harris, Big Spring and Guy C. Rogers Jr., Crane. The couple pledged their wedding vows July 4 at Calvary Baptist Church, Crane. Officiating was the Rev. Lee Butler, pastor.

The bride is the daughter of Mrs. Rosa Harris, 505 Union, and the late Mr. Lum Harris. Rogers is the son of Mr. and Mrs. Guy C. Rogers Sr., Crane.

The couple plans to make a home here. Mrs. Rogers is employed at Webb AFB and her husband is working out of Crane at present.

### For Cake Baking

You can mix two parts of unsalted vegetable shortening with one part of flour and use it to coat the inside of a pan in which a butter-type cake is to be baked.

The Relaxed Routine  
Janet Munro is a London actress making her first Hollywood picture. She has mastered the art of relaxation and explains her routine to Lydia Lane in today's Hollywood Beauty. She is soon to be seen in Walt Disney's "Darby O'Gill and the Little People."

### HOLLYWOOD BEAUTY

#### This Starlet Has The Secret Of Relaxation

By LYDIA LANE  
HOLLYWOOD — Walt Disney went to England in search of a girl to play the lead in "Darby O'Gill and the Little People." He was watching TV in London one night and saw Janet Munro. That ended his search.

Janet is from a theatrical family. Her father, a famous comedian and music hall entertainer, started his daughter's career at the age of three. Despite the fact that Janet has been in show business for 20 years, she looks so young that she carries her passport to prove her age.

"She is the most relaxed actress with whom I've ever worked," a veteran publicity man told me on the set at the Disney studio. When Janet finished playing a scene and joined us, I asked her if this was a gift or something she had acquired.

"This is Janet's first visit to the United States and she finds: 'Hollywood confusingly spread out... the people astonishingly friendly... the salads divine... the food portions too large... everyone preoccupied with dieting.'"

"I was so surprised to be given a menu with a calorie count," Janet remarked.

"Do you have to watch your weight?" I asked in parting.

"I don't have a taste for sweets and I rarely eat more than two meals a day, so it doesn't bother me," Janet concluded.

BEAUTY BARGAIN  
The biggest beauty bargain of the year can be found in Lydia Lane's new 12-page booklet, "Beauty For The Teens."

Fine suggestions on every phase of grooming, diet, fashion, make-up, charm and personality—that's what you'll receive when you send only fifteen cents (15 cents AND a self-addressed stamped envelope) to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Ask for "Beauty For The Teens."

## Reason Found For Sacky Look

By DOROTHY ROE  
Associated Press Women's Editor  
NEW YORK (AP) — Women have to move fast in the age of space, says designer Adele Simpson.

So clothes must be geared for bodies in motion, she adds. In the clothes shown in her fall collection, the body moves unhampered beneath the free-hanging silhouettes of suits, costumes and dresses.

Mrs. Simpson has achieved a shape that is distinctly new and yet definitely wearable in her new collection. Suits have a free-and-easy air, with short jackets that hardly touch the body except at the shoulders, and skirts hung from a camisole top, so that they swing easily and never constrict the waistline.

Most of the shirts are slim but loose, most of the jackets have a slight and graceful dip in back.

Dresses follow the high-waisted Empire line, but again with the feeling of freedom and movement. Never is there a tight belt or a straining seam. When belts are worn they are placed high and strung loosely through slots, leaving the silhouette unfettered.

A new design has an understated, lightly shaped but loosely fitted overblouse and a draped, dome-shaped zouave skirt with harem hemline. This is used in a three-piece costume of tape wool crepe.

"There must be no more sway-backs," says Mrs. Simpson. "The new look in fashion has a straight, loose, slim line from the ribs down—no pinched waists, no accentuated busts, no hips thrust backward. Stand as if you were suspended by a string from the top of your head—that's the posture of the space age."

### Plan California Trip

Mrs. Leland Younklin and Leland plan to leave this weekend for an extended visit in California. For two weeks they will be the guests of Mrs. Younklin's sister, Lt. and Mrs. Eric A. Lindgren, in Huntington Park. From there they will go to Santa Monica for a month with her parents, Mr. and Mrs. Harry S. Clark.

### Chinese Sauces

Many Chinese dishes use sauces made with chicken stock or bouillon, soy sauce, garlic and sugar, and are thickened with cornstarch. If you are improvising one of these gravies, remember that 1 tablespoon of cornstarch has the thickening power of 2 tablespoons of flour.

From Her Own Kitchen

If canning is a pleasure for Mrs. J. M. Smith, it is doubly so for the lucky ones who dine at her table. Here she inspects a jar of peach sweet pickles which she has just finished "putting up". On the table are the preserves and jelly made from the same purchase of peaches.

## Canning May Be A Lost Art To Some But Not To Mrs. Jim Smith

In this day of supermarkets and the deep freeze, canning is becoming a rare art. Yet there is nothing quite so satisfying as homemade preserves; not only is it delicious but it promotes a spirit of accomplishment.

Mrs. J. M. Smith, 1904 Runnels, believes in canning; she has, in fact, just completed a stint of it and the results of her labors are mouth-watering. Not one to make up a vast quantity at a time, she recently located a half bushel of peaches which she turned into some elegant peach sweet pickles, saving a few pieces of the fruit for preserves. With the peels, she added water and sugar and brewed choice jelly.

For her past efforts, she has some beautiful pear preserves to show, and some strawberry preserves too. Both of these fruits will be on the market soon, and you might like to clip her recipes for these delicacies and keep them in your files.

Mrs. Smith makes chow chow, mincemeat and cans pumpkin. She also has a quick method for pickling beets. It is included in this story.

A member of the Fairview HD Club for the past six years, she has demonstrated the preparation of kabobs for parties. One such recipe is shared here.

Our featured cook gives two hours of her Thursday mornings to the state hospital as a volunteer worker in the library. She enjoys reading and, for hobbies, collects china plates and glass bottles which are effectively displayed in the combination den-kitchen. The sunlight sets off the collection in a picture window that looks out onto a lovely back yard. The yard, in fact, attests to the love of gardening that is Mrs. Smith's and her husband's, a Cosden refinery employe.

At the moment she is looking forward to Saturday when her sister, Mrs. Lucille Williams, will arrive from Dallas. She will visit here for a week with Mrs. Smith and their father, T. S. Cauble, who makes his home with the Smiths. Mrs. Williams is employed in the Blakley and Walker law offices. She is enthusiastic about her boss, William Blakley, and his campaign for U. S. senator.

In August, Mrs. Smith is expecting her children home for a few days. They are Lloyd Stamper Jr. of Fort Worth and Mrs. C. M. McLean, Odessa. Probably that will be the occasion to draw forth one of their mother's specialties — Pineapple Pie. If you read the recipe below, you'll want to make one at once.

**PEACH SWEET PICKLES**  
Try these:  
1 qt. vinegar  
1 lb. sugar  
12 lbs. peeled fruit  
1 tsp. pickling spices  
1 stick cinnamon  
Make a syrup of the vinegar and sugar and add a spice bag of the pickling spices and the stick of cinnamon. Drop a few of the peaches into this boiling syrup at

a time. Cook until the fruit can be readily pierced with a straw. Place in sterilized jars and cover the fruit with the syrup; seal, screwing band firmly tight.

### PEAR PRESERVES

1 qt. pears (sliced or chopped)  
1 1/2 cups sugar  
1 cup water or juice  
2 or 3 slices of lemon, if desired  
Pare fruit; if hard, cook until tender in water. Make syrup of liquid and sugar and add pears to partly cooled syrup; bring gently to boil. Boil rapidly until clear and tender; cool rapidly. Stand in syrup to plump. Pack fruit into sterilized jars and add reheated syrup to within 1/2 inch of top. Seal immediately.

### "SUSPENDED" STRAWBERRY PRESERVES

4 cups washed berries  
5 cups sugar  
Put sugar and berries in a deep pan over the simmer burner, to melt sugar without stirring (must be extremely low heat to prevent scorching). After sugar melts, turn on full heat to boil it rapidly for 12 minutes. Skim off foam and let the fruit get thoroughly cold.

Use wooden spoon to put the cold berries in sterilized jars. Seal with paraffin. This method keeps the berries plump and fresh tasting, suspended in a jelly instead of being loose in a thick syrup. Use the finest high-grade berries you can find.

Note: Do not try to cook up more than 4 cups of berries at a time.

### PICKLED BEETS

1 can sliced beets  
1/2 cup vinegar

1/2 cup water  
1 tsp. sugar  
Spices, if desired  
Rinse off beets and place them in a jar. Pour boiled mixture over them, sealing jar immediately.

### PINEAPPLE PIE

1 1/2 cup graham cracker crumbs  
3 tbsp. sugar  
1 1/2 cup margarine, melted  
Mix these ingredients and pat them into a 9 inch pie pan. Bake for 8 minutes at 350 degrees; cool and chill.  
4 egg yolks  
1 tsp. lemon juice  
1 1/4 cups undrained crushed pineapple  
1 tsp. gelatin  
1/2 cup water  
4 egg whites  
1/4 cup sugar  
Cook the yolks, lemon juice and pineapple in a double boiler until thick. Add the gelatin soaked in 1/2 cup water to the cooked mixture and chill. Fold the egg whites and 1/4 cup sugar into the chilled mixture. Place in chilled crust and return to icebox until time to serve.

### HAWAIIAN KABOBS

1 can luncheon meat  
24 drained canned pineapple chunks  
2 tbsp. soy sauce  
1 tsp. brown sugar  
1 tsp. vinegar  
Cut luncheon meat in 24 cubes. String one meat cube and one pineapple chunk on each toothpick. Refrigerate. To serve, brush with mixture of soy sauce, brown sugar and vinegar; broil, turning until hot and golden. Make excellent snacks.

## The Egg Has Graduated To The Luncheon Level

Used to be that the egg, as such, was relegated to the breakfast menu. That time is long past, for the French-esteemed omelet has soared in popularity with Americans.

Scrambled eggs can be enriched with cottage cheese for an enjoyable noontime repast, or what about stirring up an omelet and adding onion, green pepper and anchovies.

### OMELET ADRIA

For each omelet — 1 1/2 tablespoons butter, 1/4 cup thinly sliced shallots or thin strips onion, 1/4 cup coarsely chopped green pepper, 3 eggs, 2 anchovy fillets (drained and diced), salt, pepper.

Melt 1 tablespoon of the butter in 8-inch cast aluminum or iron skillet. Add shallots or onion and green pepper; cook gently, stirring occasionally, until wilted and partly tender.

Beat eggs just enough to combine yolks and whites; add anchovies and salt and pepper to taste; go slow on the salt because the anchovies will be salty. Add remaining 1/2 tablespoon butter to skillet, then eggs and anchovies. Cook in French-omelet fashion, stirring over moderately low heat with flat of fork as eggs set around edges, raising heat for final cooking so bottom will set well; top should be slightly soft. Flip over half of the omelet to side opposite handle; hold warm plate to edge and turn omelet out on it. Serve at once.

### COUNTRY SCRAMBLED EGGS

Ingredients:  
Four eggs, salt, pepper, 1/4 cup

cream-style cottage cheese (large curd), 2 tablespoons butter.

Method:  
Beat the eggs, with salt and pepper to taste, with a fork just until yolks and whites are combined and there is as little froth as possible. Add cottage cheese and mix until it is well distributed through the egg, but not enough to break the large curds.

Melt butter in a 10-inch skillet over low heat; when butter sizzles pour in egg mixture; place over low heat; as mixture sets, draw the edges in with a wide spatula to let uncooked egg flow out to pan edge. Cook to desired doneness. Makes 2 large or 4 small servings.

Here are two recipes: /

## In A Rut, Menu-Wise? Try These Suggestions

More than one woman occasionally stops to take stock of her meal-planning and concludes she is in a rut. Perhaps the family insists on certain favorites as a steady diet, or maybe she is disinclined to experimentation.

Here are three suggestions which will neither involve her in tedious preparation nor digest too radically from her mainstay dishes.

### SNOWFLAKE ASPARAGUS

Ingredients:  
1 can (about 1 lb.) all-green asparagus stalks  
4 tbsps. butter  
4 tbsps. freshly-grated Parmesan cheese

Method:  
Heat asparagus in the liquid in the can; drain. In a small saucepan melt butter over moderate heat, then swirl pan continuously

until butter just turns a light brown. Pour browned butter over hot drained asparagus stalks. Sprinkle with Parmesan cheese.

NOTE: Grating Parmesan cheese in a rotary-type grater gives the small shreds that make

### BREADED VEAL Is Sparked By Tomatoes

Ingredients:  
8 thin slices (1 pound) bonless tender veal  
1 large egg  
5 tbsps. fine dry bread crumbs  
5 tbsps. grated Parmesan cheese  
Salt  
Pepper  
3 tbsps. peanut oil  
2 medium-sized tomatoes (peeled and diced)  
2 tbsps. minced parsley  
Sugar  
Minced basil (fresh or dried).

Method:  
Beat egg enough to combine yolk and white. Mix bread crumbs, cheese and a dash of salt and pepper on a large flat plate or waxed paper.

Heat oil in large skillet (10 to 12 inches) until very hot; dip a slice of veal in beaten egg, then in bread and cheese crumbs, so both sides of meat are coated.

Cook 3 or 4 slices at a time in hot oil until browned on both sides and cooked through; this will take only a few minutes for each slice. Keep first slices warm while others are being fried.

Remove any very dark particles from drippings in skillet; add diced tomato with parsley, salt, pepper, sugar and basil to taste. Stir well and cook until tomatoes soften. Top each veal slice with a little of the tomato mixture. Makes 4 servings.

### Make Two Meals From One Chicken

Budget-minded? Here is a way to stretch that chicken into two meals, both of them delicious. Save the breast for one meal, utilizing the remainder of the fowl for a combination with carrot and onion.

### SKILLET CHICKEN

Ingredients:  
One broiler-fryer (2 to 2 1/2 pounds ready-to-cook weight), 2 tablespoons olive oil, 1 tablespoon butter, 3 medium-sized onions (cut thin and separated into rings), 2 teaspoons all-purpose seasoning salt, 1/2 teaspoon garlic salt, 1-3 cup chicken stock.

Method:  
Have chicken cut into 12 pieces. Make stock from the bony backs, wing tips, neck and giblets using 1/2 cup water, a few peppercorns and allspice, a bay leaf, a few slices of carrot and onion.

Reserve breast for another meal; brown remaining chicken pieces in hot olive oil and butter in 10-inch skillet. Sprinkle with onion rings, seasoned salt and garlic salt.

Add 1-3 cup strained stock; cover tightly and cook until tender—20 to 30 minutes. Makes 2 large servings.

With fresh tomatoes available now, breaded veal takes on new taste appeal. Try this recipe, which also suggests the addition of Parmesan cheese.

### BREADED VEAL

Ingredients:  
8 thin slices (1 pound) bonless tender veal  
1 large egg  
5 tbsps. fine dry bread crumbs  
5 tbsps. grated Parmesan cheese  
Salt  
Pepper  
3 tbsps. peanut oil  
2 medium-sized tomatoes (peeled and diced)  
2 tbsps. minced parsley  
Sugar  
Minced basil (fresh or dried).

Method:  
Beat egg enough to combine yolk and white. Mix bread crumbs, cheese and a dash of salt and pepper on a large flat plate or waxed paper.

Heat oil in large skillet (10 to 12 inches) until very hot; dip a slice of veal in beaten egg, then in bread and cheese crumbs, so both sides of meat are coated.

Cook 3 or 4 slices at a time in hot oil until browned on both sides and cooked through; this will take only a few minutes for each slice. Keep first slices warm while others are being fried.

Remove any very dark particles from drippings in skillet; add diced tomato with parsley, salt, pepper, sugar and basil to taste. Stir well and cook until tomatoes soften. Top each veal slice with a little of the tomato mixture. Makes 4 servings.

the snowflake effect.

### PARMESAN MACARONI

Ingredients:  
1 pkg. (7 oz.) elbow macaroni  
1/2 cup (half of a one-quarter lb. stick) butter  
1/4 to 1/2 cup freshly grated Parmesan cheese

Method:  
Cook macaroni according to package directions; drain in colander; turn out on heated serving dish. Immediately add the butter and grated cheese; toss thoroughly with two forks until butter is melted and cheese evenly distributed. Serve at once. Makes 4 servings.

Romano cheese may be used instead of the Parmesan. Tossing with butter and cheese may be done in the dry saucepan or kettle in which the macaroni was cooked, over extremely low heat if desired.

### STUFFED CELERY SOPHIA

Ingredients:  
1 cup finely ground cooked ham  
1/2 cup old-fashioned corn dressing  
1 tsp. sweet pickle relish  
Cleaned dry celery stalks  
Paprika

Method:  
Mix together well the ham, dressing and pickle relish. Fill celery stalks with mixture; if desired cut in wedges. Sprinkle with paprika.

### Add Onion To Canned Snap Beans

Next time you are in a hurry for lunch, you might try a simple but effective way to dress up canned green beans. The touch of onion provides just the flavor to perk up the vegetable.

### SAVORY SNAP BEANS

Ingredients:  
One can (1 pound) small whole green beans, 1 tablespoon butter or margarine, 2 medium-sized onions (cut into fine strips), salt, pepper.

Method:  
Heat beans in their liquid. Meanwhile melt butter over low heat in 8-inch skillet; add onions and mix well; cover and cook, stirring occasionally, until onions are golden. If necessary to keep from scorching, add 1 or 2 tablespoons of water during cooking. Drain beans and mix with onions. Makes 4 servings.

## Pineapple - Legendary Symbol Of Welcome

By CECILY BROWNSTONE, Associated Press Food Editor

Have you ever noticed a handsome pineapple carved out of wood as a decoration on a piece of antique furniture or for an old house?

Originally the fruit may have been copied in this way because some early and gifted woodcarver saw the elegant possibilities in the pineapple's interesting shape.

Or the fruit may have been duplicated because it denoted hospitality. For legend has it that during their exploration of America, the Spaniards noticed that any Peruvian house whose gate post was topped with a pineapple gave them warm welcome. Designers of our Colonial period who first put the carved pineapple over a doorway or a gate entrance may have done so because they liked this legend and its charming symbol.

Cooks, too, have fallen heir to the association. Used in a centerpiece dominating other fruit, a fresh pineapple adds allure. To us it usually signifies that a hostess is particularly happy to have her guests and enjoyed making the table especially attractive.

Fresh pineapple desserts, served in the hollowed-out shells of the fruit, look so festive and are wonderfully refreshing. To hollow the shells, cut the pineapple in half, right through the green plume or

crown. With a sharp knife cut out the center core in a long, narrow and deep strip. (Any edible pulp may now be cut away from the fibrous center.)

With a curved serrated grapefruit knife, cut out the rest of the pineapple in two large half-circle sections. These should be cut into strips or sliced, cubed large or diced small, or shredded with the sharp thin of a fork—depending on how the pineapple shells are to be filled. With a sharp-edged spoon, any good pineapple pulp left in the shells may finally be removed.

Take your choice of ways to fill the shells. Most usual is to mix the cubed pineapple with strawberries, raspberries, pitted cherries, melon balls, blueberries or orange—or a combination of some of these fruits. The melange may then be sugared to taste, if desired, and spooned back into the shells.

A special dessert we favor: Fill the shells with vanilla ice cream and garnish with mint leaves and cherries. Serve with a sauce made from the finely diced fresh pineapple, sugared to taste, and a little finely diced preserved-ginger syrup.

One last tip to a hostess: Snip off any frayed edges of the pineapple plume with a kitchen scissors, making clean slanting edges.

## Shrimp Salad, Broiled Chicken Are Favored

Once you have decided upon the heart of a meal, the rest of it more or less falls in line.

Two summertime suggestions which have great appeal are tomato and shrimp salad, and broiled chicken breasts.

### TOMATO SHRIMP SALAD

Ingredients:  
4 medium-small tomatoes (about 1 1/2 lbs)  
Salt  
White pepper  
1 can (4 1/2 oz.) peeled deveined shrimp  
1/2 cup finely diced celery  
2 tbsps. mayonnaise  
1 tsp. chili sauce  
1 tsp. lemon juice  
Romaine  
Pimiento-stuffed olives

Method:  
Wash and dry tomatoes; cut out stem ends; place stem side up on cutting board. Make six equidistant slits in each tomato but do not cut through bottom, to give petal effect. Sprinkle lightly with salt and pepper.

Drain shrimp in a strainer; rinse under cold water; drain well again. Break up shrimp slightly and add celery.

Mix mayonnaise, chili sauce and shrimp mixture with salt and pepper to taste. Spoon into centers of tomatoes; arrange on romaine and garnish with olives. Makes 4 small servings.

### BROILED CHICKEN BREASTS

Ingredients:  
4 whole small boned chicken breasts  
4 tbsps. butter  
1 tsp. salt  
1 tsp. dry mustard  
1 tsp. paprika  
1/2 tsp. garlic powder

Method:  
Wash and dry chicken breasts. Cream butter, salt, mustard, paprika and garlic powder. Arrange chicken, skin side down, on broiling pan without rack. Spread with half of butter mixture; chill remainder until needed. Broil rapidly, adjusting position of pan or heat as necessary, until cooked halfway through and browned.

Turn chicken skin side up; spread with remaining butter paste. Continue broiling until cooked through and browned. Serve at once with good pan drippings. Makes 4 servings.

### Roasting Meat

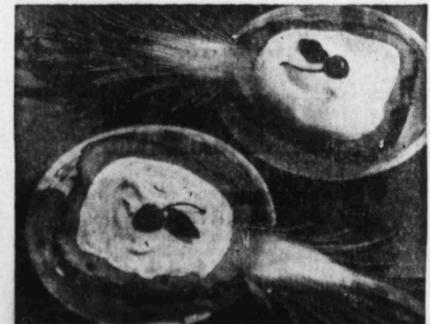

Although a temperature of 325 degrees is usually recommended for beef, 350 degrees is often recommended for fresh pork. Some good cooks like to rub both beef and pork roasts with seasoned flour before roasting.

### Difference In Flour

Information please: The chief difference between regular (all-purpose) flour and cake flour is that the former contains more gluten. Gluten is the elastic sticky substance in flour that helps to give baked products such as bread their resilient porous structure. Cake flour helps make tender cakes and muffins.

**BUZ SAWYER**

WHO RISKED HIS OWN LIFE TO PROTECT YOU?... THAT'S WHO!

WHO SAVED YOUR NECK, PETROVICH, WHEN YOUR FRIEND BEKA WAS LIQUIDATED?

IF I LET YOU ESCAPE, I SHALL BE HELD RESPONSIBLE. IT'S YOUR LIFE OR MINE.

GRATEFUL? YOU?... IS IT GRATITUDE THAT NOW, TONIGHT, YOU HAVE THE CHANCE TO SAVE MY LIFE AND YOU REFUSE?

LOOK, OLD FRIEND, IF I CAN SHOW YOU HOW I CAN ESCAPE WITHOUT COMPROMISING YOU, WILL YOU LET ME GO?

AT LEAST I'LL CONSIDER IT.

Believe me, Chesskov, I am grateful.

**DIXIE DUGAN**

I'M ANSWERING YOUR HELP WANTED AD.

YOU SURE LOOK LIKE YOU NEED HELP, POP - WAIT - I'LL TAKE YOUR ARM!

**NANCY**

THERE'S MR. JONES IN HIS NEW MIDGET SPORTS CAR.

OH, MR. JONES--- HOW MANY MILES DO YOU GET TO A GALLON OF GAS?

I DON'T USE GAS.

**L'IL ABNER**

HOOR-HA!!-FOR ONLY ONE TEEKETT--TWO OF US CAN FLY TO THE U.S.A.!!

WHAT DO YOU MEAN TWO? I'M SOME BODY!!

YO'DONT COUNT ON ACCOUNT YO'IS MERELY A PET!!

I MAY BE JUST A PET TO HUMANS, BUT TO BASSETT I'M THE WHOLE WORLD!!

THAT ENGINE'S BURNING!

WE'LL EXPLODE, UNLESS THAT FIRE'S PUT OUT!!

BUT WHO CAN GET TO IT?

**BLONDIE**

THANK YOU LINDA, I ENJOYED IT

THANK YOU SO MUCH ALEXANDER

OH BOY-AT LAST I'M GETTING SOME PLACE WITH LINDA

SHE'S BEEN LETTING ME HELP HER WITH THE DISHES EVERY NIGHT THIS WEEK

**ANNIE ROONEY**

THIS IS THE FIRST TIME I HAVE BEEN INSIDE A HOUSE SINCE I STARTED THE LONG DRIVE WITH MY FLOCK OF SHEEP--I WANT TO THANK YOU--

GOLLY, MISS GAY, DONT THANK ME-- I'VE BEEN AWFUL, LOVELY HERE ALL BY MYSELF!

PLEASE CALL ME SILVERBELL-- SINCE YOU HAVE TOLD ME ABOUT THE DEATH OF YOUR FRIEND, CAPTAIN BLOW, AND I SAW HOW HIS SISTER-IN-LAW REJECTED YOU, I AM VERY CURIOUS ABOUT SOMETHING--

WHAT ARE YOU GOING TO DO NOW? ARE YOU STAYING ON HERE?

NO, MA'AM, I CANT STAY ON HERE-- AND AS FOR WHAT I AM GONNA DO--WELL-- SOMETHIN' WILL COME UP!

**SNUFFY SMITH**

GOOD MORNING, SIR-- IS THE LADY OF THE HOUSE IN?

YE LOOK LIKE A FLATLAND PEDDLER TO ME, COUSIN

HEAVENS, NO!! I'M A RURAL ENGINEER, SIR-- I HAVE SOME HANDY LITTLE HOUSEHOLD ITEMS AND--UN--

LET ME GO SEE IF SHE'S DECENT

PSST, MAW!! ROLL YORE SLEEVES DOWN

**GRANDMA**

GRANDMA, MAY I BORROW SOME O' THOSE ASSORTED BOWLS AN' CROCKS IN YOUR BASEMENT?

I'M GONNA START UP IN BUSINESS OVER AT TH' SHACK!

ON MY WAY T' MARKET I'LL SEE WHAT ELMER'S DOIN' WITH MY CROCKS AN' BOWLS!

NEXT TIME YOU MAY NOT BE SO LUCKY... BE SMART--GIVE UP THIS PLACE NOW!!

THANKS FOR YOUR ADVICE... BUT MY FAMILY AND I ARE SOLD ON THIS SPOT?

HEY, FELLAS... LUSSEN-- JOE JUST BOUGHT A SUMMER JOINT UPSTATE... A TOWN CALLED NEWTON? I'M HEADIN' UP THERE RIGHT NOW 'T'PAY HIM A VISIT?

WE'RE GOIN' WITH YA 'T'GIVE JOE HIS PRESENTS!

WE BOUGHT THESE THINGS BEFORE WE KNEW HE'D BE AWAY ON HIS BOATWAY! OKAY, OKAY... YOU GUYS CAN COME ALONG T'GIVE JOE A SURPRISE PARTY... BUT I KNOW I'LL REGRET THIS!

**MARY WORTH**

YOU MUSTN'T GET THE WRONG FIRST IMPRESSION, BROOK... REXCE IS--WELL--"A GENTLEMAN AND A SCHOLAR," BUT HE'S NO PARTY-WAIST!

GOOD!-- I'M GLAD TO HEAR THAT!

BY GEORGE! I ALMOST FORGOT!-- I HAVE A MEETING OF DEPARTMENT HEADS AND BUYERS TONIGHT!

ONCE IN THE PARK, HE SAW THREE MUCH OLDER BOYS TEASING A STRAY DOG... HE POUNCED ON THEM LIKE A BUZZ-SAW!-- AND WON BY THREE TECHNICAL KNOCKOUTS IN A ROW!

**REX MORGAN**

WHY HAVE YOU AND WALTER POSTPONED JUDITH'S WEDDING?

IT'S RATHER COMPLICATED, MOTHER, I'D RATHER NOT DISCUSS IT NOW!

COME IN, REX! IT'S NICE OF YOU TO CALL!

JUST THOUGHT I'D STOP BY TO WELCOME MARTHA HOME, BRUCE!

I WAS PLANNING ON TALKING TO YOU, REX. I'M CONCERNED ABOUT JUDY!

WALTER'S MOTHER HAS ASKED THAT THEY POSTPONE THEIR MARRIAGE... AND IF I KNOW MRS. CARR, IT'S NOT A POSTPONEMENT... IT'S A CANCELLATION!

WHAT WE SHOULD OF DONE WAS TO GO TO A FAR LAND AN' SEEK OUR PORTLANDS.

WE COULD OF BEEN BUSSERS AROUND THE TAI MAHA!

SURE, SOOO CLEAN, CULTURAL, WORK LIKE THAT-- BUT NO, WE HAD TO GET INTO THE BAIT RACKET!

IT LOOKED BABY-- YOU'LL MEET IMPORTANT FISH, SAID.

UNDER WATER ALL FISH LOOK IMPORTANT-- WE SHOULD OF GONE TO AUSTRALIA-- YOU CAN BE THE WISHTY FISH IN THE MORAL WORLD DOWN THERE.

FACT?

FACT! THEY GOT BASTARDOSAS TEN FEET LONG!

TEN FEET LONG! I'VE KNOWN GRADUATS SALAMAS WHO WOULDNT TOUCH THAT!

**KERRY DRAKE**

YOU FIGURE KANE KERR KNEW POLO WAS AN EX-CONVICT, SGT. DRAKE?

RIGHT, CHIEF! POLO PAID \$1000 TO KEEP THE STORY OUT OF KERR'S MAGAZINE...

...BUT WHEN HE FOUND IT WOULD COST HIM \$1000 EVERY MONTH TO KILL IT, HE PROBABLY BLEW A FUSE... AND THE BLACK-MAILER HAD TO KILL HIM TO SHUT HIM UP!

WE'D HAVE TO PROVE KERR WAS HERE LAST NIGHT!

...OR FIND A COPY OF THE STORY HE THREATENED TO PRINT! THEN YOU COULD ARREST HIM-- AND I COULD GET ON WITH MY MOON!

**GRIN AND BEAR IT**

# I SEE BY THE PAPER

"Your daughter is engaged . . . your son is captain of the basketball team . . ." "I see by the paper . . ." It's a comment that starts thousands of conversations every day. That's because your newspaper is the datebook of the community, the diary of your everyday life, the historian of our times. It announces births, weddings, deaths. It tells the community about all the things that happen to us from the cradle to the grave.

The daily newspaper has made us the best informed people in the world. It is our watchdog over local, state and national government. It is our eyes and ears all over the world. It is as informative as a 30-volume encyclopedia. It is the favorite reading matter of every member of the family . . . every day in the week . . . Mom's, Dad's, Bud's, Sis'. It is the daily reading habit that binds the family together. None of us would be without it.

Marines of the U.S. 6th Fleet set up a mortar position on Khalde Beach just after landing south of Beirut, Lebanon. This is one of the first pictures reaching the United States after the Marines landed.

**Jupiter Nose Cone Fired, Recovered**

CAPE CANAVERAL, Fla. (AP)—The Army blasted a mighty Jupiter intermediate-range ballistic missile 1,500 miles across the Atlantic today and recovered its nose cone after a successful re-entry from space.

The recovery of the cone was announced about two hours after the missile thundered aloft.

It was the second time a full-scale IRBM nose cone survived the fiery dive from space through the earth's atmosphere at a speed of 10,000 m.p.h., and was recovered.

The Army's missile chief, Dr.

**Beauties Fly Into California**

LONG BEACH, Calif. (AP)—A plane load of beauties descends on Long Beach today and the citizens, particularly the males, are waiting with their eyes wide open.

The feminine invaders are some 50 entrants in the Miss Universe contest.

After welcoming ceremonies one of the first items of business includes fittings for swim suits.

Among those greeting the hopeful beauties will be the current Miss Universe, Gladys Zender of Peru.

She will end one of the strangest reigns in beauty queen history when she turns over her crown to a new Miss Universe the evening of July 25.

The debutante from Lima, who needed neither the money nor the publicity, has remained every inch a queen—regally aloof from all things commercial—since her coronation 12 months ago.

Gladys ignored the expensive-paid swim suit tour offered her and accepted a cosmetic junket on her own terms—no endorsements by photograph or word. Her mother never left her side.

Also helping greet the new arrivals will be Charlotte Sheffield of Utah, who was named Miss U.S.A. last year.

A new Miss U.S.A. will be chosen the evening of July 23, and will go on to compete against the foreign beauties for the Miss Universe title.

**UAW Won't 'Mark Time'**

DETROIT (AP) Walter P. Reuther says the United Auto Workers negotiators aren't going to mark time forever in their stalemated bargaining talks with the Big Three car makers.

The UAW president told a news conference that a strike deadline will be set unless progress is made.

"The timing of union strategy will obviously relate to the 1959 models," he said.

The union expects to complete late this month strike authorization votes among workers.

Reuther said, "Dues collections and strike votes have demonstrated beyond question the loyalty and support of the members."

The union has been collecting dues directly from members since June 1 when contracts with the Big Three expired. The companies continued wages and working conditions of the old contracts but quit deducting union dues from employees' paychecks.

Reuther expressed belief General Motors, Ford and Chrysler will have to offer the union acceptable contracts as the companies go into production of 1959 models in August and September.

Earlier, Reuther told a rally of retired workers that any agreements signed with the car makers will have to include cost of living allowances for workers on pensions and improved benefits for unemployed workers.

**Red Artisans Still Eye West**

BUDAPEST (AP)—Writers, artists, musicians and filmmakers in Bulgaria are still looking to Western models, the country's Communist leaders complain.

Party boss Todor Zhivkov says young artists are "deviating from themes of social significance while decadent tendencies" are appearing among older poets and writers.

The party monthly Novo Vreme criticized the movie "Life Flows Quietly" because none of the wartime guerrillas it depicts are militant Communists. It ignores the party, says the critic, but at the same time manages to present individual mistakes and weaknesses as if they were general.

Pencho Danchev, writing in the party daily Rabotnichesko Delo, takes out after the playwrights and poets. One playwright, he wrote, put out a play that showed life as it might have been 20, 30 or 40 years ago.

He also cited two young poets who have "plunged into the whirlpool of old-time romanticism, writing about autumn leaves and so forth."

Georgi Kostov, first secretary of the Sofia party Committee, said: "It is alarming that the capital has recently been flooded with decadent jazz music."
