PATH OF RUN-AWAY TRUCK THROUGH BIG SPRING BUSINESS DISTRICT Brake failure blamed, Crash into power pole cuts off electricity

Truck's Wild Run Ends In Web Of Wire

Willie Dean Murphy, 22, piloted a ponderous oilwell servicing unit on a wild runaway drive through the heart of Big Spring Sunday evening and ended up in the middle of a maze of crackling power lines.

Impact of the collision scooped him up and spun the pickup around like a top before dumping it. "By the time I could get my head clear and get my bearings, I saw some flashing over the viaduct," said Schafer.

Security Boost Up To House

WASHINGTON (AP) — The House faces a decision on what to do about a bill that would boost payments to some 12 million persons now drawing Social Security benefits.

Murphy told officers that his brakes apparently went out. He had sought to use them in the vicinity of Cowper Clinic and Hospital at 14th and Gregg, and from then on he was powerless to do anything about the rolling avalanche of machinery.

PICKUP RAMMED R. W. Schafer, Coahoma, who was riding ahead in a pickup truck and who had been with Murphy to Big Lake on a job for Big Spring Oilwell Servicing Company, was overtaken at 3rd and Gregg and rammed.

How Murphy escaped hitting cars at busy intersections particularly at W. 4th and W. 3rd, the crossings of U. S. 80, or how he escaped electrocution was more than officials could say.

He did not escape a ticket for improper backing of truck, however.

Contempt Case Voted Against Carpenter Head

WASHINGTON (AP) — The Senate today voted contempt citations against Maurice A. Hutchesson, international president of the Carpenters Union, and 12 other balking or fugitive witnesses in its Rackets Investigating Committee's hearings.

The action sends the cases to the Justice Department for handling like any other criminal charges. That is, the issue will be presented to a grand jury. If indictments are returned, the defendants will be entitled to a jury trial.

Conviction of contempt of Congress is punishable by up to a year's imprisonment and \$1,000 fine.

The 13 contempt citations were approved in a single 87-0 roll call vote.

Sen. John L. McClellan (D-Ark.), the Rackets Committee chairman, asked his colleagues either to back up the committee in these cases or to disband it.

The contempt accusation against Hutchesson was based on his refusal to answer questions about his financial dealings. He refused also to answer questions as to whether he misused union funds for his own benefit.

Hutchesson challenged the committee's authority to ask such questions. He did not invoke the Fifth Amendment.

Others cited included Tony Accardo, an alleged Chicago gangster, and Pete Licavoli, Detroit and Tucson, Ariz., racketeer.

Figure In Fire Death Surrenders

PONTIAC, Mich. (AP) — Herman Kierdorf, former Teamsters Union official sought for two weeks in the fire death of his unionist nephew, gave himself up Sunday night and said: "I have nothing to hide."

Other than that, his most frequent remark in interviews with police and newsmen today was "No comment."

The 68-year-old ex-convict and one-time business agent for a Teamsters local, surrendered to authorities at a drive-in restaurant by prearrangement.

"I'm happy to have it over with," he said. "I'd like to cooperate, but being innocent, I don't think I could be connected."

Kierdorf, who vanished Aug. 4, refused to say where he had hidden.

GUN CHARGE He was sought on a warrant charging him with possession of a gun with a silencer. He vanished the same day his nephew, Frank Kierdorf, 56, stumbled into a Pontiac hospital with burns over 85 per cent of his body. Frank died four days later.

Police believe Frank, a Flint Teamsters business agent, was burned while setting fire to a Flint dry cleaning shop.

Earlier Michigan Atty. Gen Paul Adams called the missing Herman the key to the mystery.

But today, Adams said he had

Early-Day Officer, J. M. Choate Dies

John Melton Choate, 86, Big Spring's first policeman under the present charter, died at 3 a.m. Sunday in a hospital here.

Mr. Choate had suffered a broken hip while working in the yard of his home at 2305 Goliad on Aug. 7.

Services were set for 5 p.m. Monday at the First Methodist Church with Dr. Jordan Grooms, pastor, officiating. Burial was to be in the Trinity Memorial park under the direction of Nalley-Pickle Funeral Home. Grandsons were to serve as pallbearers.

Mr. Choate had been a cowboy in the frontier days and came to Howard County in 1920 to farm. Five years later he began as a part-time officer for the city, a year before the present charter and the manager-type form of government was adopted. He served as a member of the force until his retirement in 1943.

He was born on Oct. 22, 1871, in Travis County and was married to Cora Zaida Gibbs in Menard on Oct. 20, 1895. He had been punching cattle for a number of years and had worked for the Mosely Ranch. On occasions he had driven cattle into the Oklahoma territory. He and Mrs. Choate met at one of those protracted ranch dances.

When they started out they had \$50 cash and two horses. Her father gave them a calf and friends contributed a few chickens, and they set up housekeeping on a policy of not going into debt. At the outset they moved to a farm where Mr. Choate said they raised "cotton, watermelons, grass-burns and kids."

Within six years he had managed to arrange for a ranch, which put him back in the saddle. After eight years on the Mason County ranch they moved to Schleicher County for 11 years before moving to Howard County.

Mr. Choate began his service with the city on a fee basis. He and Mrs. Choate had taken over the historic old Stewart Hotel (originally the Cosmopolitan and the hotel which the fabled Earl of Aylesford had purchased once because he could obtain no room). They literally scalded it from top to bottom and soon were doing a substantial business at modest prices of 50 cents to \$1 a day for

(See CHOATE, Pg. 2-A, Col. 7)

and remarked, "Let's ride out of this clinic—I'm dead choker."

"Snout is a British prison term for tobacco which has been adopted by the coffee bar types in their assault on the English language," explained Percy. "Clinic is their word for a pub, to ride out is to leave and dead choker is terribly bored."

Figure In Fire Death Surrenders

no immediate intention of filing a charge against Herman in connection with the dry cleaning shop fire.

Frank Kierdorf told police before he died that he had been burned deliberately by two men. But police said their investigation disproved his story.

Herman insisted Frank, an ex-convict like himself, did not torch himself, accidentally or otherwise.

"Why should Frank set that place on fire as an arson job?" he asked. "I just don't believe Frank would do a thing like that."

Clutching a big cigar and wearing an Ivy League cap, Herman gave himself up promptly at the agreed time of 10 p.m. His son Richard had acted as intermediary with police.

"I am a sick man," he told reporters, referring to a heart condition. He added that another reason he turned himself in was that he felt sorry that Chief Assistant Prosecutor George Taylor of Oakland County was "taking a rap."

It was Taylor, a chief investigating officer in the Frank Kierdorf fire death mystery, who let Herman have his freedom Aug. 4 after he had been questioned.

He said he never left Michigan while the search was on. He refused to say where he had been. His statements in an interview with newsmen sometimes were in conflict.

At one time he said he vanished because he was "shaken up by the death of my nephew." He did not explain why he was missing three days before Frank died.

In Washington, spokesmen for the Senate Rackets Investigating Committee said today a decision is expected soon on whether to recall Herman Kierdorf for questioning about racketeering in Michigan.

Committee counsel Robert F. Kennedy has indicated previously he had little hope of getting any answers from Kierdorf, who invoked the Fifth Amendment in refusing to answer questions as a witness earlier this year. Kierdorf declined then to talk about his alleged ties to the underworld or to James R. Hoffa, international president of the Teamsters Union.

Harris Weighs 194, Patterson 184 1-2

LOS ANGELES (AP) — Heavyweight champion Floyd Patterson today weighed in at 184½ and challenger Roy Harris scaled 194 for their 15-round title fight at Wrigley Field tonight.

Patterson, of Mount Vernon, N.Y., is favored at odds of 6-1 to hand Harris his first defeat in 23 fights. He weighed a pound and a half less than expected.

Cut, honkers, bottled or paralyzed—Drunk. Bunch of five—A fist. Round box — Somebody who doesn't dig jazz. A square. Doing his nut, or stroppy—Getting furious. Blowing his stack. A screech—Enjoyable show or party.

Advanced case—A big head. "Girl in here on her todd the other night explained that her cookie was helping to lamp a bloke in Camden town," said Percy. "I didn't know whether to chuck her out myself or call the rozzers. In the end I just corpseed."

We said we would appreciate a translation. "Excuse me, I forgot you are not with it," said Percy. "On her todd means she was alone. Cookie is a boy friend. To lamp a bloke is to gang up on him. The rozzers are the cops. When you corpse you are struck speechless."

Another Try At Shooting Moon Set Next Month

Giant Rocket Explodes In First Stage

CAPE CANAVERAL, Fla. (AP) — Air Force scientists and brass pressed an intensive investigation today to learn what caused the nation's first lunar rocket to explode.

The huge satellite-bearing missile shattered to bits in a puff of white smoke Sunday 77 seconds after a fiery blastoff.

Even before this initial strike at the moon a second attempt had been ordered. The follow-up Air Force lunar probe attempt is expected during a three-day period starting Sept. 14. There was a distinct possibility that the Soviets might attempt to beat the new U. S. deadline by one day.

Plans for another moon rocket try were disclosed as the Air Force began fishing the explosion-torn debris of its first lunar vehicle out of the Atlantic.

Divers descended into 60 feet of water some 10 miles northeast of the cape and came up with sections of the metal skin of the Thor 1,500-mile-range missile that was the first stage of the moon rocket.

The two upper stages—both borrowed from the Navy Vanguard program — continued onward an undetermined distance after the explosion. It was not expected that that part of the wreckage would be recovered.

First Stage Preliminary analysis indicated that the explosion occurred in the engine compartment of the first of the three rocket stages.

Maj. Gen. Bernard Schriever, chief of the Air Force Ballistic Missile Division, told a news conference that while it might take a week to pinpoint the trouble definitely, a quick look at the data indicated a random failure.

A leak in or rupture of one of the liquid oxygen or fuel lines might have touched off the explosion, he said.

Schriever and Roy W. Johnson, head of the Defense Department's space program, told newsmen two hours after the blowup that they were disappointed but not discouraged by the failure.

Johnson, director of the Advanced Research Projects Agency, said the malfunctioning of any of 300,000 parts could make the missile do what this one did.

Asked if the failure would harm U. S. prestige as did the Dec. 6 launch-pad explosion of the Vanguard test vehicle, Johnson replied, "I think the people know this time that we had long odds against us on the first try."

"We'll keep trying and the odds will get better as we go along."

This was the first of five lunar probe attempts ordered for this year, three by the Air Force and two by the Army. The rocket contained equipment to transmit pictures of the moon back to earth.

The relative positions of earth and moon are most favorable for moon rocket launching from any site only three or four consecutive days each month. Because of the 2½ days required to travel the 250,000 miles from earth to moon, the rocket must be aimed at a theoretical point far ahead of the moon.

The sun rising in a cloudless and moonless sky focused upon

Preacher's Twin Sons Held

Ralph, left, and Robert Weber, 16-year-old twin sons of an evangelistic preacher, are held in jail after telling Harris County deputies in Houston, Tex., of the robbing and beating of Thomas Joe Stafford, whose body was found mangled beside a railroad track. They are two of six juveniles who admit the robbery and beating but deny that Stafford was dead when they left him in the woods near Conroe, Texas. (AP Wirephoto).

Many Bills Delay Adjournment Date

WASHINGTON (AP) — A stack of bills, some of which could provoke floor battles, today confronted a Congress anxious to go home and campaign for the fall elections.

Leaders were shooting for adjournment by the end of this week, but there were several issues that could prevent them from hitting that target.

The House undertook a man-sized job by listing 35 bills for possible consideration today under procedure requiring two-thirds votes for passage.

In this group was a controversial labor control bill which has

passed the Senate. This measure was given slight chance.

Another bill up for action on a take-it-or-leave-it basis was a watered-down housing bill which has passed the Senate in a different form. Its fate was uncertain.

The Senate, meanwhile, was due to tackle legislation aimed at overcoming the effects of certain Supreme Court decisions in the civil liberties and antisubversive fields.

This potentially explosive debate could tie up the Senate for some time and possibly delay adjournment.

The Senate Democratic Policy Committee has cleared 106 bills for Senate action. However, many of these are minor and some may not be called up.

One major bill awaiting Senate action is a \$3,518,000,000 foreign aid money bill. The House has passed an aid bill totaling \$3,078,000,000.

During the weekend, a high administration official said Eisenhower will make a determined bid to get a final bill as close as possible to the bigger Senate total.

Eisenhower's six-point program for Middle East stability, presented last week to the United Nations General Assembly, got a warm reception in Congress. The administration official said the President plans to tell congressional leaders they can show their support for it by voting maximum aid funds.

However, senators who have battled foreign aid in the past may try to cut the Senate total.

A number of other appropriations bills in the works cover water projects, military construction and a variety of other federal programs.

A Senate backdown on farm legislation may have cleared one obstruction from the path to adjournment. The Senate agreed Saturday to vote, possibly today, on a House bill acceptable to Secretary of Agriculture Benson. Earlier, the Senate had sought a conference to work out differences, but the House balked at this.

Woman Dies In Brutal Beating

KINGSVILLE (AP) — A Bishop, Tex., housewife died today of what police called the most brutal beating wounds they ever had seen.

Police found her on a night club parking lot at 11:15 p.m. last night and she died at 2 p.m.

She was Mrs. Mary Ann Brothers, 47, who moved to Bishop, 5 miles from here, with her husband Robert Brothers, a year and a half ago from San Antonio.

Shortly before authorities found her, she had been denied admission to the Rendezvous Club on the grounds that she was staggering and had no escort.

Glasscock To Have Five Voting Boxes Operating Saturday

GARDEN CITY (SC) — There will be five election boxes operating in Glasscock County on Saturday for the runoff primary election, it was announced by Mrs. Willie Ratliff, county chairman.

All voters in County Commissioners Precinct 1 will vote at the courthouse in Garden City and no voting boxes will be operated at Sohio and St. Lawrence.

Precinct No. 2 will vote at the regular voting place. Precinct No. 4 will have two voting boxes—one at Line in the home of D. M. White and a second at Hillger, in the residence of Leon Jecocat. Precinct 3 voters will cast their ballots at Lees.

A&M Rally Slated

Members of the Texas A&M Club here have been invited to take part in a barbecue scheduled by the Midland club, to be held in Hogan Park there at 6 p.m. Thursday. Dignitaries of the school will be on hand for the rally, it has been announced.

Couple Escapes As Home Destroyed

KOPPERL, Tex. (AP) — Mr. and Mrs. Rufus Johnson barely escaped a midnight fire which destroyed their large home early today and badly damaged the house next door.

The residence of Wilburn Sinclair adjoining the Johnson home was virtually burned out. The fire also destroyed 300 feet of telephone cable. The only clothing Johnson had today was an old pair of overalls he had in his car.

Kopperl is in Bosque County in Central Texas.

Phone Circuits Are Knocked Out

DALLAS (AP) — Many telephone circuits between Fort Worth and the West Coast were knocked out temporarily when a cable was cut a short distance west of Fort Worth today.

Sam Willcox, district plant supervisor at Dallas for the American Telephone and Telegraph Co., said he presumed the cut was caused by a ditch digging machine.

Service was rerouted on other lines.

Man Manages Quick Escape

MOODY, Tex. (AP) — A 200-pounder arrested yesterday stayed in jail only long enough to kick the door down. His escape was so quick that City Marshal O. B. Phillips didn't even get his name.

Phillips said he was directing traffic for a funeral and arrested the 6-foot man, wearing cowboy boots, for drunk driving.

"I was tied up with the funeral so I just ran him in and put him in jail," Phillips said. "He was drunk and didn't give me his name and I didn't take time to find out."

The man was arrested at this Central Texas town near Waco at about 3:15 p.m. His escape was discovered at about 4 p.m.

If you won't be here on Election Day, Aug. 23

# U. N. Proposal Puts Mid-East In Dag's Lap

UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly emergency meeting today received a Western-backed plan calling on Secretary General Dag Hammarskjöld to work out arrangements to ease tension in the Middle East.

The plan, embodying several parts of President Eisenhower's peace program, failed to win the backing of key Asian and Arab countries but its sponsors predicted it would win the necessary two-thirds majority.

# Cub Pow Wow Attracts 175 To City Park

A Cub Scout Pow-Wow, one-night camping spree for the city's junior outdoorsmen, was held in the City Park Saturday. Approximately 175 parents, leaders, and Scouts turned out for the festivities.

The plan, embodying several parts of President Eisenhower's peace program, failed to win the backing of key Asian and Arab countries but its sponsors predicted it would win the necessary two-thirds majority.

Initial sponsors were Norway, Canada, Colombia and Denmark. Others were expected to join later.

# County Budget Go-Ahead Given

Lee Porter, county auditor, was given a verbal go ahead signal by the county commissioners on the Howard County budget for 1959.

Porter had the budget, in its rough form, before the commissioners court, and asked the commissioners if any recommendations were pending regarding it.

The commissioners indicated they had looked the schedules over and had no wish to change the figures which were tentatively set up.

Earl Hull, commissioner, said he "wished there was a way to provide Sheriff Miller Harris with an extra deputy," but other commissioners indicated that the proposal was not in accordance with their desires.

Porter will now proceed to draw up the budget in its final form for approval on Sept. 8.

# Three Felony Charges Filed

Three complaints involving district court cases were filed Monday morning in the court of Walter Grice, justice of the peace.

Billy Gene Austus is charged with forgery in connection with a check for \$115 given to Bryan Carr. The check was allegedly drawn on the Kennedy Meat Co., Stanton.

Jessie Bud Davis was charged with forgery in connection with an \$81.23 check cashed by Simon Terrazas. The check purported to be a payroll check against the George B. Gamble Drilling Co., Denver, Colo.

A felony warrant was filed against Pete Rodriguez Jr., on request of Colorado officers. He is wanted in that state to answer charges of illegal removal of mortgaged property.

Neither of the upper stages of the rocket had time to achieve ignition. Nevertheless, the missile payload raced on and upward, sending back radio signals for more than 200 seconds after launching time.

# UNHURRIED BURGLAR

## Boils Some Coffee, Takes Smokes, Food, Clothing

Deputy Sheriffs Bob Broughton and Tommy Cole are looking for a well-fed burglar wearing a new pair of pants and perhaps smoking a Camel cigarette.

Broughton said that a prowler visited the residence of G. W. Webb, four miles northwest of the city, sometime Sunday while the family was at Lake J. B. Thomas.

The burglar carefully removed a window screen from a south window, opened the window and entered the house.

Officers said that he did not wash the coffee pot nor the glassware he had used.

Miss Mary Nell Hendricks of Arlington, Miss Texas of 1958, is shown selecting gowns which she will wear in the Miss America contest to be staged in September in Atlantic City, N.J. Miss Hendricks, a 22-year-old Arlington school teacher, was named Miss Texas in the contest held in Amarillo. She is shown shopping in Dallas. (AP Wirephoto.)

# Clerks' Overtime Pondered By Court

Howard County Commissioners Court devoted much of its Monday morning session to further consideration of the requests made by Mrs. Pauline Petty, county clerk, and Mrs. Viola Robinson, county tax assessor, for the right to pay overtime to their deputies for extra work involved in the preparation of the revised tax evaluations.

The commissioners were of the general opinion that overtime cannot be paid. G. E. Gilliam was the only outspoken advocate of compensating the staffs for their hours of extra work.

Earl Hull said that he believed Mrs. Robinson should be allowed to work out the problem on the basis of some \$300 she has on hand for extra help.

R. H. Weaver, county judge, said the matter had arisen on another occasion and that the county attorney at that time had ruled it was illegal for the county offices to pay their regular help overtime.

Both the officers told the commissioners that the preparation of the current tax rolls and the essential notices growing out of the general revaluation of the property was making it essential that the deputies work three to four hours nightly and all day on Saturday.

The commissioners indicated they might agree to providing extra money for extra help but three of the four members were not in favor of compensation for regular help for overtime work.

However, it was stated that deputies are permitted to take time off with pay if their duties require them to do excess work above their regular weekly schedule.

Gilliam asked John Richard Coffey county attorney to check the law on the overtime payment but the opinion had not been returned to the court at 11:30 a.m.

# R. L. Hayes Dies Of Heart Attack

Robert Lee Hayes Sr., 53, chief clerk to the general roadmaster for the Texas & Pacific Railway Co. here, died of heart attack at his home at 1808 S. Monticello Sunday at 10:50 p.m.

Mr. Hayes had been doing some work at home on his books when he complained of feeling ill. He went to his bed to rest, and died before Mrs. Hayes could secure medical aid.

The body is being shipped via T&P train this evening by Nalley-Pickle Funeral Home and will be at the Hixson Bros. Funeral Home in Alexandria, La. Services will be held there either Tuesday afternoon or Wednesday morning.

Surviving him are his wife, Mrs. Mary Elizabeth Hayes; two sons, Robert Hayes Jr., Topeka, Kans., and Jerry A. Hayes, Dallas; one daughter, Mrs. W. C. Blankenship Jr., Denton; a sister, Mrs. J. W. Henderson, Alexandria, La.; and his mother, Mrs. E. A. Hughes, Alexandria, La.

# Labor Control Measure Given Poor Chance

WASHINGTON (AP)—This is do-or-die day for labor control legislation at this session of Congress. Its chances were rated as slim.

The House called up a Senate-passed labor bill under procedure allowing little debate, no amendments and requiring at least a two-thirds vote for passage.

Backers of the bill decided on this last-ditch effort after the House Labor Committee refused to consider either the Senate measure or a substitute backed by Republican committee members.

The Senate bill, sponsored by Sen. John F. Kennedy (D-Mass.) and Sen. Irving M. Ives (R-N.Y.) would require public disclosure of labor union finances. It also would give union members a bigger voice in union affairs.

The bill was passed by the Senate June 17 by an 88-1 vote. The controversial bill was sparked by the Senate Rackets Committee's investigation of abuses in labor-management affairs.

Nine House Democrats joined during the weekend in a circular letter to other members, urging passage of the Senate measure, which they concede is not a perfect one.

But, the Democrats said, "the House has no choice at the last minute... except to deny the country this badly needed reform legislation."

On the other side, Rep. Clare E. Hoffman (R-Mich.) called the Senate bill "a quack remedy, not only reckless but harmful." He objected to the procedure for considering it in the House, and said the bill should be voted down.

Among its provisions the Kennedy-Ives bill would: 1. Require public disclosure of union finances through reports to the secretary of labor.

2. Grant the secretary of labor power to subpoena records to assist him in investigating unions under the reporting requirement.

3. Require election by secret ballot of national and local union officers with term limits of four years for national officers and three years for local officers.

On a related issue, the House was expected to act soon, possibly today, on a compromise bill to require public disclosure of financial data on employe pension and welfare funds. The Senate passed the compromise last Saturday. House approval would send this bill to the White House.

# MEN IN SERVICE

Army Pvt. Donald L. Eudy, 22, whose wife, Patricia, and parents, Mr. and Mrs. Claud C. Eudy, live at 804 E. 6th St., Colorado City, recently completed eight weeks of basic combat training at Fort Carson, Colo.

A 1953 graduate of Colorado City High School, Eudy is a 1954 graduate of Draughon's Business College in El Paso. He was formerly employed by the Pasotex Pipeline Co. in El Paso.

Graduating from Officer Candidate School at Newport, R. I., last week were two Big Spring men, Elijah J. Cass Jr. and Pat Duncan.

Navy Ens. Cass is the son of Mrs. Genevieve G. Cass of 2409 Rummels St., and husband of the former Gladys Nussell of Indiana. Cass is now assigned to the Atlantic Fleet attack transport USS Rockbridge.

Navy Ens. Pat Duncan, son of Mr. and Mrs. D. C. Duncan of 310 Austin and married to the former Betty Shreck of Tulsa, Okla., has been assigned to the Amphibious Base, Little Creek, Va.

# Offset To Discovery Well Flows Heavily On Potential

Sinclair No. 2-B Waddell, south offset to the Dunigan pool discovery in northern Borden County, flowed heavily on a potential try from the Ellenburger and Strawn over the weekend. Together the horizons yielded 628 barrels of high gravity oil through a 12-64 choke.

Drillstem tests were taken in two other Borden County wildcats, and in Garza County Shell No. 1 Slaughter had some free oil along with water on a test. A Martin County wildcat had rain-bow shows on a test, presumably in the Spraberry.

Sinclair No. 2-B Waddell, 660 from the south and west lines of the southeast quarter of section 20-30-6n, T&P, took a potential test, flowing 138 barrels of 41.3 gravity oil through a 12-64 choke in 24 hours. Tubing pressure was 125. Production was from open hole 8,741-53. At the same time the Strawn perforations from 8,456-66 yielded 490 barrels of 40-gravity oil in 24 hours through a 9-64 choke. Tubing pressure was 520 and the gas-oil ratio 774-1.

Shell No. 1 Miller, C. S. W. NW 52-2-97, H&TC, 12 miles northeast of Gail, which had been making some oil and water below 8,000, was drilling a salt water disposal well.

Pierce, Davis, et al No. 1 McDowell, C. N. E. NE 135-25, H&TC, was drilling at 7,720 in lime and shale.

Moncrief No. 1 Miller, C. N. E. SW 32-30-6n, T&P, seven miles northeast of Gail, was at 8,740 when the 7-in. string was set. From open hole 8,740-54 the test flowed 42 barrels of load and acid water. Then it flowed 8 barrels of new and load oil in 1 hour. Operator was still testing.

Midwest No. 1 Hunnicutt, C. S. W. SW 420-97, H&TC, was flowing at a mild rate to tanks on a potential test in the Strawn and Ellenburger on Monday.

Midwest No. 1 Clayton, C. S. E. SE 16-31-4, T&P, 12 miles northwest of Gail, took a drillstem test from 8,610-38 with the tool open 1 1/2 hours. Recovery was 517 feet of gas, 180 feet of heavily gas-cut and slightly sulphur water cut mud, 90 feet of slightly gas and sulphur water cut mud, 270 feet of salt water. It had an initial flowing pressure of 35 pounds, a final pressure of 210, and 30 minute shutin pressure of 1,220.

Another drillstem test was taken from 8,684-738 for 45 minutes with recovery of 10 feet of mud. Drilling pressure was 450, the 30 minute shutin pressure 3,215. Operator is now fishing.

Brown et al No. 1 York, C. N. E. SW 323-97, H&TC, acidized with 350 gallons and was making 30 barrels of salt water per hour from perforation at 7,149-57. It is 14 miles east of Gail.

Texas National No. 2 Richardson, C. N. W. NE 77-M, ELARR, set 8 1/2-inch string at 4,672 and was waiting on cement to set.

Garza Shell No. 1 C C Slaughter, C. S. W. SW SE 42-2, T&NO, 12 miles south of Post, took a drillstem packer test from 8,072-802 with the tool open 2 1/2 hours. Gas surfaced in 10 minutes and recovery was 90 feet of 33.8 gravity oil.

Fine, Jail Term A fine of \$100 and five days in the county jail were assessed against Walter John Phillips, charged with DWI, when he pleaded guilty this morning in Howard County court.

1,400 feet of heavily gas and mud-cut oil, estimated 60-85 per cent oil, and no water. Flowing pressure was 200-510, and the 30-minute shutin pressure 1,380. Operator drilled at 8,204 in lime and shale.

Amerada No. 1 Lester, C. N. E. SW 41-33-15, T&P drilled at 5,415 feet.

Hamon No. 1 Holton, league 246, Wheeler CSL, six miles northwest of Tarzan, flowed 11.04 barrels of oil per day through 20-64 choke and was still testing the Devonian from 11,948-974. Tubing pressure was 50 pounds.

Humble No. 1 McKaskle, 660 from the north and east lines of section 12-35-1n, T&P, 15 miles west of Big Spring, was bottomed out at 6,790 in lime, shale and sand. A drillstem test was taken from 6,533-696 with the tool open one hour and 45 minutes. Recovery was 30 feet of mud with a slight rainbow show of oil. Operator was conditioning mud and preparing to come out of the hole.

Two Swimming Pools May Be Closed Down This Week Poor attendance at the Negro and Latin American swimming pools may result in their being closed for the season this week.

Revenue from the Negro pool's operation has been running under \$3 per day, and average attendance is only about 10 persons per day.

Attendance at the two pools has been declining all summer, the city manager said. It also has been lower than usual at the City Park pool, but the latter is paying its way.

Charles Conrad Long, 71, retired Sunray Oil Co. employe, died in a hospital here early Sunday after an illness of several months duration.

The funeral was to be held at 3 p.m. Monday in the 14th and Main Church of Christ with James L. Eubanks officiating. Burial was to be in the Trinity Memorial Park under the direction of Nalley-Pickle Funeral Home.

Mr. Long was born Oct. 25, 1886, in Denton County and he came to Forsan in 1934 with Sunray. After 18 years there, he took his retirement in 1952 and moved to Blackwell in Nolan County. However, he became ill in June of 1957 and returned here. Mr. Long was a member of the Church of Christ.

Surviving him are his wife, Mrs. Clara Long; two sons, C. B. Long, Big Spring, and Bill Long, Fabens; three brothers, Joe Long, Carlsbad, N. M., Edd Long, Cross Plains, and Cecil Long, Byrds; a sister, Mrs. Gladys Patterson, Carlsbad, N. M.; and one grandson, Stephen Carol Long, Fabens.

Funeral services were to be held at 3 p.m. Monday at the church. Officiating was to be by Rev. Virgil Bennett, C. F. Painter, Ray Wilson, John Anderson, Walter Sanders.

Other survivors are 19 grandchildren, 21 great-grandchildren; a half brother, Ed Murphy, Lockhart; and a trio of half sisters, Mrs. Minnie Wycoff, Uvalde, Mrs. Mollie Guy, Big Lake, and Mrs. Ed Baker, Odessa.

A house trailer and all its furnishings were consumed by fire at 1215 W. 6th, late Saturday night, firemen reported.

Owner of the trailer was D. A. Trantham. Cause of the blaze was not determined.

A carelessly discarded cigarette received credit for a fire which destroyed the awning at the Little Kitchen Drive-In, on West U. S. 80, early Sunday. Only the awning was damaged, firemen reported.

Six absentee voters showed up Monday morning at the office of the county clerk and brought the total number of absentee votes cast so far in next Saturday's primary to 57.

Final opportunity to vote absentee expires at 5 p.m. on Tuesday. The absentee vote in the current primary campaign is about one-fourth as heavy as was cast in the first primary.

Pre-school registration did not start on Aug. 6. It is to start on Aug. 26—a week from Tuesday. A typographical error in Sunday's Herald dropped the 2 and made the date appear Aug. 6. The school office received numerous calls about it Monday.

# Rainstorms Hit Parts Of Texas

Scattered thundershowers pelted north and central portions of Texas Monday as temperatures dropped from their blistering levels of the last few weeks.

## Storm Moving Over Atlantic

MIAMI, Fla. (AP)—Hurricane Cleo swept northward in the open Atlantic today with slowly decreasing winds near the center but an increase in size.

The storm posed no threat to the U.S. mainland, the U.S. Weather Bureau said.

The season's first hurricane had winds up to 105 miles an hour near the center today as it howled along 500 miles east northeast of Bermuda. It was moving at 20 miles an hour.

A turn toward the north-northeast is indicated, the Weather Bureau said.

Some increase in size is expected as the hurricane loses its force. Hurricane force winds extend out 75 miles around the center, with gale force winds reaching 225 miles to the north and east and 150 miles to the southwest.

## London Stage Star Of '90s Taken By Death

LONDON (AP)—The 80-year-old dowager marchioness of Headfort, stage star of the Naughty '90s, died at her London home Sunday night.

Once all theaterland knew her as Rosie Boote, a beauty from Tipperary who captured the heart of a handsome marquess.

Her voice and her figure won her fame overnight in the storied world of hansom cabs and stage door Johnnies who drank champagne from her silken slipper.

Rosie's big success came with a lilting song, "Maisie Was a Darling, Maisie Was a Dear," in a show called "The Messenger Boy" at London's famed old Gaiety Theater.

A year later, at the height of her fame in 1901, she retired from the stage to marry a young Life Guards officer, the fourth marquess of Headfort. His family was shocked, but Rosie's charm finally won them over.

After their marriage, the couple settled on his family estates in County Cavan and County Meath.

They had two sons and a daughter. Lord Headfort died in 1943.

Saddled Texan

Attorney General Will Wilson poses in front of the Supreme Court Building in Washington, D. C. with saddle bags used by a Texas Ranger. Wilson is carrying legal documents on briefs he plans to file on off-shore submerged oil lands for Texas, Louisiana, Mississippi, Alabama and Florida. (AP Wirephoto).

## Hungarian Refugee Can't Understand Job Shortage

HOUSTON (AP)—Friends told Hungarian refugee Theodore Vecsey not to worry when he lost his drafting job last June — he'd get another soon.

"So I don't worry and next month I cannot pay the rent," the former inmate of a Communist concentration camp said Sunday.

For two months Vecsey has pounded the pavements but found drafting jobs scarce. His boss, engineer Leslie R. Stollen, said the Hungarian did fine work.

"I sent examples of it to the Council of Churches so that they could help him get a job," Stollen said.

"We hated to lose him but it was economics and the company had to change its policy. We used to do a lot of copy drafting but now we don't."

Vecsey, 43, said he found the job shortage in America hard to believe.

"In Hungary, I thought this was not possible, that it was only propaganda talk about depressions in America," he said. "But it is true, I find."

He and his wife fled from their native land in the 1956 uprisings against the Communists and came to Houston. Vecsey said the Communists threw him into a concentration camp for four years because of his service as a regular army officer under the Horthy regime during World War II.

In Houston he picked up the drafting job with an electronics firm at a salary of \$375 a month. Since June he has drawn \$28 a week in state unemployment compensation.

Severance pay from the company paid up the \$65 a month rent on his home through August.

"But next month the rent is due and there is no sign of a job yet," he said.

Sometimes, Vecsey said, he becomes discouraged. "Some days I lost self-confidence and didn't even try to find a job."

"Houston is a growing city and there is a good future for light industry here. I cannot bring myself to imagine that I am unable to find a job."

# 32 Violent Deaths Recorded In Texas Over The Weekend

By The Associated Press

Three traffic accidents took 15 lives and a mother drowned her three young sons to shoot the violent death toll in Texas to a grim 32 over the weekend.

Twenty persons died on highways and streets over the state. Six drowned and six died from miscellaneous manners.

A San Antonio mother told police she drowned her three young sons to keep her husband from getting them.

Five persons and an unborn baby were killed in the crash of a truck into an auto and station wagon Sunday near Memphis, in the southeastern Panhandle.

The dead: Adolf Krumpoltz, 47, Derby, Colo.; his daughter, Mrs. Gertrude Harvey, 21, Panama City, Fla.; her children Rose Mary, 2, Robert W., 3, and Mrs. Harvey's unborn child; and Billie Lou Landers, 15, Fort Worth. Five others were injured.

Six young folk were crushed to death Sunday in a car which sailed 100 feet from a bridge and landed on its top in a dry creek bed southwest of San Antonio. They were Dwight Coffee, 20, San Antonio; Faydelle Harr, 23, Teresa Harr, 15, and Dixie Harr, 14, all sisters of Millett, Tex.; and Raymond King, 16, and his brother James, 13, of Potet, Tex.

The King boys' father, Raymond B., found the wreckage while searching for his sons after they failed to come home on time.

Mrs. Rosa Pena of San Antonio drowned her three children—David, 6, Alvin, 4, and Richard, 2—in a bathtub at her home in San Antonio Sunday. She said she didn't want her husband to have them.

Four persons of the same family were injured fatally Saturday in a car-truck collision near San Marcos. Those who died in the accident were Mrs. Mary Tyminsky, 31, and two of her children, Henry 4, and Kathryn, 1. Another child, Timmy, 2, died later. The truck driver wasn't injured.

Joe Cherry, 24, of San Marcos, was killed in Harlingen Saturday in the crash of his car into two mail boxes on U.S. 77. A board from the frame of one of the boxes crashed through his car's windshield and decapitated him.

Mrs. George W. Jordan, 50, was found dead in a bathtub at her Dallas home Sunday. An inquest was ordered to determine whether she drowned or died of a heart attack.

Charles Henry Cooper, 46, Snyder oil broker, died under a turning tractor Saturday on a ranch 19 miles northeast of Snyder.

Joe Motler Jr., 15, of Rowena, Tex., drowned Sunday in the municipal swimming pool at Ballinger.

Mrs. Myrtle King, 50, of near Killeen was killed in the crash of a car into a bridge south of Belton Saturday.

Robert Wade Steen, 57, was

found dead in his hotel room at Dallas Saturday with his wrists slashed with a razor. A suicide verdict was returned.

Raymond Vernon Castle, 12, was killed when a truck driven by his father, Vernon Castle of Carthage, overturned near Center.

H. L. Freeman, 22, Negro, was stabbed to death during an argument at Haskell Saturday night. A Negro woman was arrested.

Eugene Brown, 49, Negro, was shot to death at Houston during an argument over a repair bill Saturday.

Patricia Krueger, 15, of Mineral Wells was killed Friday night in an auto collision.

Earl Beggs, about 50, burned

to death in a fire that destroyed a duplex home at Austin.

Alban Land, 4, was struck by a car Saturday at Houston and died of his injuries Sunday.

Robert G. Cameron, 20, of Los Angeles drowned Sunday in Lake Leon at Eastland.

An unidentified man drowned Sunday in the Houston Ship Channel. Police said he fell or walked off a city dock.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne\*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.\* At your druggist. Money back guarantee.

# PERFORMANCE TEAM

It makes sense.

Both Cosden Premium Ethyl and Higher Octane Regular have been engineered to deliver maximum performance. This means sure starts, quicker get-away, greater mileage per gallon.

Cosden's 10 W 30 multi-viscosity motor oil — designed to work with this gasoline — reaches deep down into engines, routing out friction, smoothing the way.

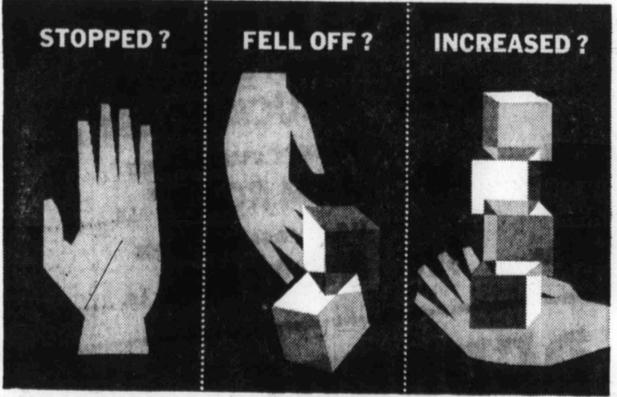

Together — motor oil and motor fuel — this Cosden Performance Team will give you smooth power, passing power, sure starts and quick get-away. They're made to go together.

Result: greater performance, greater economy, greater enjoyment from your car!

What happened to newspaper reading with the advent of TV?

ANSWER: NEWSPAPER READING INCREASED.

A 10-year study of "Videotown" (New Brunswick, N. J.) made by Cunningham & Walsh advertising agency shows that of all major media, newspapers alone remained unaffected by TV's arrival in the American home. As a matter of fact, the study revealed that newspaper reading actually gained in popularity among adults in the home! Newspapers' popularity with people is a big reason for its popularity with advertisers.

## Hall Leaving Governor Race To Rockefeller

ALBANY, N.Y. (AP) — With Leonard W. Hall out, Nelson A. Rockefeller appeared certain today to be the Republican candidate for governor of New York. Some GOP leaders moved to persuade Hall to run for the Senate.

However, one close associate expressed doubt that he would. Hall, describing himself as a "political realist," quit the gubernatorial race yesterday. A short time later, the 106-member Brooklyn delegation to the GOP State Convention endorsed Rockefeller for the nomination.

Their votes pushed Rockefeller's pledged total to 485. It was uncertain where Hall's 163 pledged votes would go, but Rockefeller appeared likely to get some. He needs 586 to be nominated on the first ballot.

#### FOR SENATE?

Two important Republicans urged Hall to make the Senate try.

Hall has said he does not want to return to Washington. He is a former GOP national chairman and also served seven terms in Congress.

Other possibilities for the Senate are veteran Rep. Kenneth B. Keating of Rochester and Paul W. Williams, a former U.S. attorney. John R. Crews, the Brooklyn leader who announced the switch to Rockefeller, was the first to publicly urge Hall for senator. He said a Rockefeller-Hall ticket would be unbeatable.

Later, Rep. Dean P. Taylor of Troy joined Crews, Taylor, a national committeeman and a close friend of Hall, has been his chief supporter upstate.

Taylor said a combination of Rockefeller and Hall would win unanimous approval when the Republicans meet in Rochester to nominate a week from today.

Democratic Gov. Harriman is seeking a second term. Five Democrats are interested in the Senate seat, now held by Republican Irving M. Ives, who is retiring because of ill health.

Williams is the only Republican to express publicly any interest in the Senate nomination. But he asserted again yesterday his first goal was the governorship.

The other gubernatorial candidate, State Senate Majority Leader Walter J. Mahoney of Buffalo, has 254 votes if, as in Rockefeller's case, the delegates go along with their county leaders.

Mahoney said he would continue his fight.

## Mother Drowns Her Three Sons

SAN ANTONIO, Tex. (AP)—A distraught mother drowned her three sons, she said yesterday, because "I didn't want my husband to have them."

"I have just drowned my three children," Mrs. Rosa Pena calmly told a police sergeant.

"I only wish I had," the 24-year-old woman answered when the sergeant asked if she made up the story.

Patrolmen dispatched to the home in a poorer section of the city found the three boys—David, 6, Alvina, 4, and Richard, 2, dead. A medical examiner said they apparently had been drowned.

Police had not been able to locate the father. They said Alfonso Pena worked at Kelly Air Force Base here. His wife said they had been married nine years.

Mrs. Pena said she admitted the boys to a bathroom for their baths and drowned them there. Then, she said, she drank what she thought was poison from a bottle. It had no apparent effect.

She told police she waited about a hour before coming to them. She was booked at city jail for murder and placed in a hospital for treatment of shock.

She told police that she and her husband had had domestic difficulties. She quoted Pena as saying that if she left him he would take the children with him.

"If I can't have them," she told police, "no one can."

## Nadler Is Nearing Top TV Purse

NEW YORK (AP)—Teddy Nadler today was \$500 from the top amount ever won by an individual on television quiz show programs.

The St. Louis former U.S. Civil Service Clerk added \$10,000 to his winnings last night on CBS-TV "The \$64,000 Question."

He reached \$242,000 by defeating Miss Urana Clarke on an \$8,000 question and John Most at the \$2,000 level.

Miss Clarke is a musician and writer from Westport, Conn. Most is a sports announcer from Brookline, Mass. Mr. Clarke failed to answer a question on classical music and Most failed on a baseball question.

Nadler tied Mrs. Dolores Brown a New York City housewife, at \$4,000 in their ancient history category. Their match will resume next Sunday night.

Robert Strom, an 11-year-old science whiz from the Bronx, is the top money winner of TV quiz shows with \$242,500.

## Civic Leader Dies

SAN ANTONIO (AP)—A San Antonio civic, business and social leader, Arthur S. Bird, died Sunday after a long illness. He was 63.

### LOOKING 'EM OVER

Coach Al Milch can hardly wait to get his Big Spring High School griders back in school—where he can keep a closer eye on them. Recently, R. L. Lasater, a jet-propelled back, suffered an accident that could have proved fatal when a gun he was carrying was discharged accidentally and the bullet pierced the meaty part of his leg. Along about the same time, J. B. Davis, a hard-running back, caught his hand in a conveyor belt and suffered a wound that could have meant the end of him. The wound required 18 stitches to close. Barring complications, he'll be ready to go when the Steers open their season against San Antonio Editor here the night of Sept. 12.

Bill Humphries and Tom Moody, New Mexico state conservation officers, stopped in here last week on a good-will tour of the area. They spread the news that hunting will be lush in their state. The bear season opens in New Mexico Sept. 1 and continues for three months. It's legal to hunt turkey there in appointed sections from Oct. 15 through Nov. 16. Elk season extends from Oct. 4 until Nov 23, the outleap season from Sept. 13 through Sept. 17 and again from Oct. 11 through Oct. 15. The length of the deer season varies around the state but opens in the Blanco area Oct. 15.

A deer license for non-residents costs \$50.25. The hunting season there begins earlier than it does in Texas because of the higher terrain and cooler climate. Bucky Harris, who has spent 40 years in the big leagues in one capacity or another, isn't eligible for the pension fund. He's invested most of that time in managerial positions and managers of teams aren't eligible. Coaches are eligible for benefits, however, and there are cases of coaches who never played a game of big league baseball making the pension list.

A peculiar thing about the American League home run derby is the fact that Roy Sievers predicts Bob Cerv will win the crown, Jackie Jensen sees Sievers finishing in front and Cerv puts the finger on Jensen as the man. No one is picking Mickey Mantle, the Yankee slugger, who has been better than any of the others in recent weeks.

If you doubt the leading professional golfers have "it made," consider this: The Royal Canadian Golf Association chartered a 43-passenger plane to pick up linksters competing in the St. Paul Open and fly them to Edmonton, Alberta, for the annual Canadian Open there Aug. 20-23.

Don't you believe all that talk about Dizzy Dean retiring as play-by-play announcer on television's "Game of the Week." The one-time pitching ace recently signed a new ten-year pact with the TV people. At about \$65,000 a year, Dean is the highest paid in the business.

Robert (Ace) Gruenig, 46, who many basketball fans here will remember as a great player in his day, died of a heart attack in Colorado recently. The Chicago Cubs will pass the million-mark in home attendance for the first time in six years this season and the White Sox will miss it for the first time in eight.

Before the Detroit Lions acquired Texan Tobin Rote (who guided them to the pro football championship of the world), he was offered to the Washington Redskins.

### TIME AT HAND FOR RENEWAL OF GRID SEATS

Persons who had season tickets for last year's Big Spring High School football games will be reminded by mail that they can renew the same seats this year. The tickets actually will be made available to the 1957 holders from Aug. 25 through Aug. 29. The season tickets, good for seven home games, sell for \$10.50 each. Those who want to renew their orders can notify the school business office anytime this week, if they so desire.

### Dallas Returns To Fourth Spot

By The Associated Press  
Dallas is back in fourth place but the way things are changing nightly in the Texas League race as it enters its final three weeks this could be as temporary as a job of selling ice in Alaska. The Rangers unlimbered their home run power Sunday night to whip Corpus Christi 13-8 and take over the spot undisputed. San Antonio helped Dallas with a 5-4 conquest of Austin, dropping the latter into a tie for fifth. High and mighty Fort Worth was trimmed 6-0 by cellar-dwelling Victoria but retained its 12-game lead over the field because second-place Corpus Christi also was beaten.

### Tale Of The Tape

Here are comparative statistics on heavyweight champion Floyd Patterson and challenger Roy Harris who will battle for the title August 18 in Los Angeles. (AP Wirephoto).

# CHAMPION NOW 6-1 FAVORITE TO TURN BACK ROY HARRIS

By JACK STEVENSON  
Associated Press Sports Writer  
LOS ANGELES (AP)—Undeclared Roy Harris from the picturesque community of Cut and Shoot, Tex., tonight takes aim at the heavyweight boxing championship of the world against the heavily favored titlist Floyd Patterson.

The 25-year-old schoolteacher, who enjoys walking barefooted, battles the New Yorker over a route of 15 rounds or less in Wrigley Field starting at 9 p.m. Big Spring time.

Clear weather was forecast with theater television carrying the bout to 115 cities, with no home TV nor radio.

Odds favoring the champion for this third title defense were quoted at about 6-1 to win and 3-1 to score a knockout but little warring action was evident. Still Patterson could find himself against his toughest foe to date, a rugged opponent with 22 straight victories.

Harris hails from the woody Big Thicket country 40 miles from Houston. He remains a mystery man to most since all his bouts have been in his home state and he's never appeared on national television.

The challenger was expected to weigh in today at 192 with the speedy champion at 186. On the financial side, Harris collects a \$100,000 guarantee and Patterson might get twice as much on the basis of a guarantee and percentage.

Until the weigh-in at Hollywood Legion Stadium, both remained in seclusion at hotels and both voiced confidence.

"If I didn't think I could beat him, I wouldn't want to fight him," drawled Harris, a graduate of Sam Houston State Teachers College who considers returning to the books for a master's degree.

On the other hand, career boxer Patterson, who won the title by stopping Archie Moore in five rounds on Nov. 30, 1956, declares he wants to earn a reputation as "a great champion."

His only two defenses have been against the easily hit Tommy (Hurricane) Jackson and Pete Rademacher whose claim to fame was victory in the 1956 Olympics. Patterson stopped Jackson in 10 rounds on July 29 last year and blasted the clumsy Rademacher out in six.

"I'm not a great champion as far as I'm concerned," said the 23-year-old Negro from Mount Vernon, N.Y., the youngest man ever to win the crown. "A great champion is one who proves himself. I haven't had that chance."

In training, Harris showed a solid left jab, a good hook, adequate right but a tendency to leave himself open at times. His victories include those over Bob Baker, Willie Pastrano and Willie Besmanoff.

Patterson, known for his speedy combinations and power in both hands, could find trouble against the surly 6-footer whose relatives gained note by fighting bare-knuckled in their community.

Tonight the boxers wear 8-ounce gloves with scoring on the 10-point must system. The winner of each round gets 10 points and the lower 9 or less depending on his showing. The referee and two judges will render the verdict should the engagement go 15 rounds, a distance neither fighter has traveled.

It was nearly a year ago, on Aug. 22, that Patterson whipped Rademacher who made his professional debut in the title bout at Seattle. Some observers believe the 36 1/2-day layoff hurt the champ's timing. Since turning professional after winning the 1952 Olympic middleweight championship, Patterson has won 33 times and lost once.

The financial arrangements guarantee Harris \$100,000 for his night's work. Patterson receives a guarantee of \$210,000 from Tele-Prompter, the firm handling the theater television plus 50 per cent of the net gate. But Harris' \$100,000 comes out of Floyd's take in the novel financial arrangement.

# Braves Widen Edge By Winning A Pair

By ED CORRIGAN  
AP Sports Editor  
The talk around the National League these days is not whether the Milwaukee Braves can hold out. Rather, it's how much they will win.

There's no longer any lingering doubt that the Braves might fold. They have an eight-game bulge today as they head on a road swing and there isn't a team in the league that appears capable of making it even close. They've won seven in a row, matching their previous season's high.

The Braves won a doubleheader from the Philadelphia Phillies yesterday 5-1 and 4-1 behind Juan Pizarro and Lew Burdette.

Frank Torre hit the first grand slam home run in his career in the opener. Pizarro came within two outs of his first major league shutout, only to have it spoiled by Ed Bouchee's homer.

In the nightcap, Burdette out-pitched rookie Ray Semproch to gain his 13th victory. Wes Covington helped with a home run.

The Cincinnati Reds climbed out of last place by licking the Pittsburgh Pirates twice, 4-3, and 7-5. The San Francisco Giants polished off the Chicago Cubs 9-6. Los Angeles and St. Louis split a double-header, the Cards winning

the first 12-7 and the Dodgers the second, 9-3.

The Redlegs knocked the Pirates out of second place. It was their third victory in five games since Birdie Tebbets quit as manager. Tom Acker, primarily a relief pitcher, went all the way in the first game for the Redlegs. Joe Nuxhall won his 10th in the nightcap with the aid of Don Newcombe.

It wasn't until the ninth inning of the opener that the Redlegs iced the decision on Jerry Lynch's run-scoring single. Pinch hitter George Crowe drove in the deciding run in the nightcap in the eighth with the bases loaded.

San Francisco regained second place with its home-run-plattered triumph over Chicago, Leon Wagner, Daryl Spencer and Ernie Banks all connected for the Cubs. Moe Drabowsky was the loser.

Carl Flood and Gene Freese, the first two batters to face Los Angeles starter Sandy Koufax in the opener, hit homers for the Cards. Jim Brosnan, who worked six innings in relief, was the winner.

In the nightcap, southpaw Danny McDevitt went all the way for the Dodgers, and although he uncorked four wild pitches, he allowed only six hits. Joe Pignatano tagged Sam Jones for a three-run homer in the sixth.

### BEAT EAGLES TWICE

## Cosden Wraps Up Midland Crown

MIDLAND (SC)—The Cosden Oilers of Big Spring, smarting from one defeat after another handed them this season by N. A. Stephens, turned on their antagonist and beat him twice here Saturday night to capture the 1958 championship of the Midland Softball league.

The Oilers went an extra inning to beat Stephens and the Midland Eagles, 4-0, then came back to breeze to a 6-1 success in the afterpiece.

Spec Franklin was the hero of the evening for the Big Spring club, gaining credit for both mound victories. He took over for Troy Wetzel in the fifth inning of the first game and went all the way on the hill in the morningcap, scattering five Eagle hits.

Franklin also managed the only hit and the only run of the contest in the opener. He singled to open the eighth, stole second and eventually legged it home on a wild pitch after one mate had been retired.

Between them, Wetzel and Franklin didn't surrendered a hit in the first go. Wetzel gave up four walks in his stint on the mound. Franklin didn't permit anyone to reach first.

The Oilers struck for five runs in the third inning of the second game as Gene Gross, Ted Gross, Billy Paul Thomas and Oakie Hagood hit safely.

Ted Gross and Thomas each solved Stephens' offerings for three safeties.

No member of the Eagles' team connected for a hit more than once. Franklin fanned ten in that game after getting eight on strikes in his short tour of duty on the hill in the first go.

# Chicago's Sox Refuse To Say They're Thru

By ED CORRIGAN  
AP Sports Editor  
The Chicago White Sox look like they mean to make a race out of the American League pennant chase.

Whether they started their surge too late remains to be seen. Probably they did.

But they're only 1 1/2 games behind the league-leading New York Yankees today and all signs point strictly upward for them. They have won five in a row and 18 of their last 24.

The Yanks have lost eight of their last 11, and Manager Casey Stengel is so upset with the sudden turn of events that he called a morning practice today in Yankee Stadium. No team has been so close to the Yanks since July 20th.

Yesterday, the Sox licked the Cleveland Indians 3-2 behind Billy Pierce, who now has his record to 13-9. It was second-string catcher Earl Battey who contributed the winning blow, a home run with two out in the eighth inning.

Jim (Mudcat) Grant was on the mound for the Indians. His record against the Sox this season is now 0-6.

Elsewhere in the American League, the Boston Red Sox downed the slumping Yanks 6-5, the Kansas City A's whipped the Detroit Tigers 4-1, and the Baltimore Orioles edged the Washington Senators 2-1.

The Delock was the winning Sox pitcher.

Bob Grim was the author of Kansas City's decision over the Tigers. Grim was touched for only four hits and it marked the first time this season he has gone nine innings.

Baltimore jumped over Cleveland into fifth place in the league standings by whipping Washington. Connie Johnson not only did a good job on the mound, doing out only three hits, but he knocked in the winning run with a sacrifice fly in the fifth.

### FOOTBALL RESULTS

Cleveland Browns 10, Pittsburgh Steelers 0  
Philadelphia Eagles 30, Baltimore Colts 28  
Los Angeles Rams 31, Washington Redskins 10  
New York Giants 19, San Francisco 48ers 10  
Chicago Bears 24, Chicago Cardinals 7

# Auburn Fans Are Prepared To Whoop It Up Once More

By MERCER BAILEY  
Associated Press Sports Writer  
ATLANTA (AP)—A decade has made quite a difference in Southeastern conference football.

With the 1958 season almost here, Auburn fans already are getting their vocal chords in shape for another wildly cheering season. They don't necessarily count on the Tigers repeating as the nation's No. 1 power in The Associated Press poll. But an outsider would have a high impossible job trying to convince the Tiger partisans that any other of the 11 SEC teams can grab the conference championship.

A far cry from 10 years ago, Auburn finished the 1948 season last, winning one game, tying one and losing eight.

Carrying the contrast further, the four power teams in the SEC 10 years ago were Georgia, Mississippi, Tulane and Valderbilt. Mississippi ranks as an A-1 title threat this year. Not so the others. Georgia at best rates a darkhorse label. Tulane and Vandy face an uphill fight to make the first division.

Auburn, Mississippi and Mississippi State may well settle the conference championship among them. And the schedule is stacked against State. The Maroons, boasting an All-America hopeful in quarterback Billy Stacy, must play both Auburn and

Old Miss. The latter two don't meet.

In addition to going unbeaten and untied and winning the mythical national championship, Auburn produced the nation's toughest defense last year, allowing foes an average of only 133 yards per game. Coach Ralph Jordan says he can't hope to field as fine a defensive machine this time—but he thinks the Tigers will be rugged.

His line will be anchored by a massive, quick center, Jackie Burkett, closely supported by guard Zeke Smith and end Jerry Wilson, who ranked last year only a step behind All-America end Jimmy Phillips. Fullbacking could be a problem.

**Too Much Of A Good Thing**

Elsa Lanchester feels you can have too much of a good thing. In today's column she tells how she met the problem of having too curly hair. Her next picture will be "Bell, Book and Candle" for Columbia.

**HOLLYWOOD BEAUTY**

**Hair Just Too Curly? Elsa Has The Answer**

By LYDIA LANE  
**HOLLYWOOD**—This has been a big year for Elsa Lanchester. Her record album, "Songs in a Smoke-Filled Room," has gone over so well she's cutting another. Her performance in "Witness for the Prosecution" won her the Foreign Press Golden Globe and an Academy Award nomination. And to top all that, she was cast in a part she wanted very much to play, that of a witch in "Bell, Book and Candle."

When I visited Miss Lanchester on the set at Columbia, her red hair was flying in all directions, but it was straight as the proverbial poker. This was remarkable because Miss Lanchester once had such an abundance of curl that she looked like Medusa.

As we walked across the lot to her dressing room, the first thing I want to know was how she made her hair so straight.

"I'll show you the secret," Elsa said with twinkling eyes. She picked up an iron comb with an electric cord attached to the handle. "It's easy to use. The only thing

is, you must take care not to get it too hot."

The publicity girl who was with us remarked, "People are never satisfied. How I would love to have curly hair. No more permanents, no more putting my hair up at night."

"I feel lucky having naturally curly hair," Elsa replied. "But you can have too much of a good thing, as every girl with too curly hair will agree. Especially now, when it's so smart to have a casual hair style."

"I wash my hair every day," she confided. "It's an old wives' tale that this is harmful."

Looking at Miss Lanchester's thick shining locks, I could not help but agree.

Before lunch arrived, Elsa demonstrated her straightening iron. It was quite simple. She ran the comb through a strand of hair and it straightened with the heat.

"After lunch the talk turned to diets."

"There is no use going on a diet that makes you unhappy," she said. "You'll feel so sorry for yourself that you'll go on an eating spree as soon as it's over and gain back what you've taken off. I have much more success with half portions. Fortunately, I do not care much for sweets, but if I eat about half of what I'm accustomed to I can take off two or three pounds a week with no fuss or bother."

"I don't think reducing pills are healthful," Miss Lanchester declared. "But I have an old-fashioned appetite killer. I take a tablespoonful of corn syrup before a meal and then I don't feel like eating much."

"Everybody who has to struggle with weight has one gastronomical sin," I remarked.

"Yes," she replied. "I could live happily on a desert island with nothing but mashed potatoes." Elsa's face lit up with glee at the thought of it.

"You have such joy de vivre," I commented, admiring her enthusiasm and humor.

"As a child," she explained, "I was rather sad and never dreamed I would be a comedienne. But it was Charles (her husband is Charles Laughton) who discovered this in me. One of the nicest compliments was given me recently when a producer said he wanted me for a certain part because, even if the author had written her as a heavy, I couldn't make a character belligerent."

"You have to understand the other person's point of view. You may not share his opinion, but always remember he has reasons that seem valid to him."

"Understanding is the core of charm," I commented.

**THE WAY TO BEAUTIFUL HAIR**  
 Most women don't know enough about their hair—what makes it easy to handle one day and difficult on another. They are well-informed about the latest style and how to put up their hair, but the quality of hair is the foundation of its beauty. You can learn about inward care of the hair, outward care of the hair and do's and don'ts for beautiful hair from Leaflet M-2, "The Way To Beautiful Hair." Your copy will be on its way when you send 10 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Be sure to ask for Leaflet M-2. And please remember the new postage rates.

**Popular Pair**

A popular pair in every junior and skirt outfit. Two versions of the pretty blouse are provided.

No. 1338 is in sizes 9, 11, 12, 13, 14, 16, 18. Size 11, 31½ bust, skirt, 3½ yards of 35-inch; ¾ sleeve blouse, 2½ yards.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y. Add 10 cents for each pattern for first-class mailing.

Send 35 cents today for your copy of Home Sewing for '58. A complete sewing magazine for every woman who sews for herself and her family. Gift pattern printed inside the book.

**Nation's Top Secretary Is 'Just A Homebody'**

By GALE TOLLIN  
**MINNEAPOLIS (AP)**—The nation's top secretary says she is a homebody at heart.

Brown-eyed Genevieve Bell, of Portland, Ore., recently named secretary of the year, says firmly: "I am not a career woman!"

She puts first the job of making a home for husband, Keith, a forestry instructor at Portland State College. She adds that there is no reason why marriage and a career cannot be combined, if the woman is careful not to slight either role.

Mrs. Bell has been a secretary for 26 of her 44 years, and con-

siders her job a heaven-appointed task. Says she: "A secretary should give her best always, with eternal values constantly in view. If she puts Christianity first in her life, all relationships with her co-workers and employer will be right. Instead of being bitter or jealous, she will see the best in other people."

Mrs. Bell won her championship title at the convention of the National Secretaries Assn. here. Contest judges put oral questions to the six finalists, who gave their answers onstage, before a crowd of hundreds. Asked to tell the difference between a secretary and a professional secretary, Mrs. Bell said:

"A secretary chews gum. A professional secretary does not." Quickly turning serious, she added that a secretary may be an "office housekeeper" while a professional secretary has a managerial voice and is the bridge between personnel and management.

"The coffee break is a problem," Mrs. Bell replied. "A top-level secretary will not take advantage of it. It's a good chance for relaxation but it must not be overdone."

Is her job fun? Does she really enjoy it?

"Oh, yes. I look forward to work every day. A top-level secretary doesn't like to be idle, but wants lots of work."

Mrs. Bell is a member of the Evangelical United Brethren Church. Her employer is Dr. Verner D. Lindgren, a plastic surgeon in Portland.

**Visitors Make News Of Westbrook Folks**

**WESTBROOK**—Mrs. Rozelle Dohoney of LaPorte is a guest of her parents, Mr. and Mrs. T. L. McKenney.

Guests in the Witt Hones home recently were Mr. and Mrs. M. M. Fairchild of Forsan and Mr. and Mrs. Leo Parker of Otischalk. The two women are nieces of Mrs. Hines.

Mr. and Mrs. Walter Owens and children of Sheffield are visiting her parents, Mr. and Mrs. Delfo Clark of Colorado City.

The Rex McKenneys entertained the Rev. and Mrs. George Fisher and Betsy of Lamesa.

Mrs. B. H. Meskimen of Lubbock attended the funeral of her uncle, Edd Conaway, recently, in Colorado City.

Robert M. McKenney, a graduate of Westbrook High School, has returned for a visit with his parents, Mr. and Mrs. O. D. Carter, in Colorado City. He has served 13 months in the Philippines and on Okinawa and will report to Camp Pendleton, Calif., Aug. 23 for reassignment.

**Bridal Shower Given For Westbrook Girl**

**WESTBROOK**—Sue Clark, bride-elect of Adron Kidd of Colorado City, was complimented recently with a shower in the home of Mrs. O. D. Carter.

Miss Clark, daughter of Mr. and Mrs. Delfo Clark, is to be married to Kidd on Aug. 20 in the home of her aunt, Mrs. B. T. Strain.

Assisting with the party were Mrs. Walter Johnson of Midland, Nell Johnson and Mary Ann Kidd, sister of the prospective bridegroom.

Guests were registered from Colorado City, Westbrook and Sheffield.

**Parks Have Guests**

Guests in the home of Mr. and Mrs. Walter Parks, 1729 Furdue, are his parents, Mr. and Mrs. George Parks of Andover, Conn. The visitors, for whom this is the first trip to Texas, arrived Friday. From here, they plan to go to Arizona before returning home.

**Attends Board Meet**

Mr. and Mrs. D. S. Riley, 1708 Johnson, have returned from Kerrville where he attended the annual board meeting of the Lions Club Camp for Crippled Children.

**To Soften Coconut**

Leftover coconut that has become dry may be softened by soaking it in a little milk and a suspicion of sugar. Drain before adding it to your recipe ingredients.

GENEVIEVE BELL  
 ... Secretary of Year

**Catholic Council To Meet Thursday**

A board meeting of the Big Spring Deaneary Council of Catholic Women will be held Thursday at 9:30 a.m. at the Settles Hotel, it has been announced by the president, Mrs. C. C. Brunton.

Representatives are expected to attend from Midland, Stanton, Sweetwater, Snyder, Colorado City, Spur, Rotan, Lamesa, Herleigh and Big Spring.

**Girl Gets Wish; Is Made Deputy Sheriff**

**HARLAN, Ky. (AP)**—"Sorry," the judge told pretty Jerry Sue Bradley, "you can't be a deputy sheriff until you're 21."

Jerry Sue waited—for a week—until her birthday. Then she advanced on County Judge Cam Smith again.

This time he swore her in as Harlan County's first lady deputy sheriff. It was the answer to the girl's lifelong dream.

Tall, blonde Miss Bradley will operate a new two-way radio system for the sheriff's department. She'll carry a 38-caliber revolver if she chooses and will have the same authority as other deputies.

"Most of all I'm proud of my badge," she told Judge Smith.

The judge, after swearing her in, admonished: "Keep your powder dry."

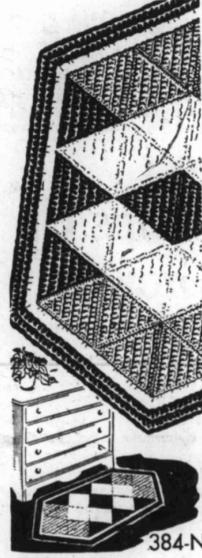

**Luncheon Slated For Credit Club**

Members of the Credit Women's Club will meet Thursday at noon in the home of Mrs. Dorothy Ragan, 600 Bell. This is in accordance with the arrangement for summer in which the group assembles in the homes of various hostesses.

Assisting Mrs. Ragan with the luncheon will be Mrs. Loyd Woolson, Mrs. J. B. Apple, Mrs. Raymond River and Mrs. Vernon Lincoln.

**Kansans Visit**

Mr. and Mrs. E. L. Springer, Jeannine and Steve of Wichita, Kansas, have been guests of her grandmother, Mrs. J. M. Morgan, and other relatives. They planned a visit in Abilene with his mother before returning home.

384-N  
**Bright Rug**

Tempt your crochet hook with this easy-to-make rug! Use your favorite colors to form this eye-catching design. No. 384-N has crochet directions; variations of designs; stitch illustrations.

Send 25 cents in coins for this pattern to MARTH A MADISON, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y. Add 10 cents for each pattern first first-class mailing.

**Story Of Success Makes It Sound Easy, Anyway**

**LOS ANGELES (AP)**—A slender, attractive woman with short, curling hair sat at the big desk and thought back to the day she went to work as a department store sales girl.

That was 29 years ago.

Today, at a young-looking 48, Dorothy Marshall is the new general manager of the eight-store Broadway Department Stores chain doing 90 million dollars' business a year in Southern California.

She took over her new job recently, and, in an interview, had this advice to offer for success in the highly competitive field of

business: "Take each job in stride and try to do better than anyone else."

And, she added: "Love your work."

Miss Marshall grew up in Salt Lake City and had finished two years at the University of Utah when she came to Los Angeles on vacation.

"I got a part-time job at the Broadway," she says. "I never went back."

She was a sales clerk 10 years before her climb up the executive ladder began. First she was assistant buyer, then buyer, divisional merchandise manager, and since 1956 merchandise director.

Of her rise to the top, Miss Marshall says: "I was never really trying to get another job. I was always surprised when I got a promotion."

Her job dominates her life. She puts in 10 or more hours a day and spends evenings with others in her field.

Of marriage, she remarks:

"Women with interesting careers aren't so apt to get married."

**NEW "MIRACLE DRUG" PROMISES PERMANENT END TO PIMPLES!**

Houston, Texas: Successful completion of field tests of the new product, "Kleerskin" was announced today by Loesch Laboratories.

Daily use of the new product, which is simply dabbed on the face with a piece of cotton, should completely control pimples, blackheads, etc., within 30 days, according to a company spokesman.

This Pimples, blackheads and similar complexion problems are usually caused by excessive discharge of "sebum", a body waste which is discharged constantly through the skin. Pimples are caused when sebum at or near the skin surface dries and plugs the skin pores. Additional body wastes back up behind this "plug" of dried sebum, bacteria infests the area, and the skin irritation resulting becomes a blackhead or pimple. Kleerskin is a deep skin cleanser, designed specifically to dis-

solve every known chemical component of this sebum. It clears up pimples and blackheads, makes the skin soft and smooth, and prevents their formation in the future. It is sold on an absolute money-back guarantee of results.

As a special introductory offer, you can now order 2-months' supply of Kleerskin, a regular \$4.90 value for only \$2.98. This offer is limited, so you had better hurry. Order your Kleerskin right away by writing to Loesch Laboratories, P.O. Box 6001, Houston 6, Texas. Your Kleerskin will be shipped immediately. C.O.D. Or we will pay shipping charges, if you enclose your check or money order for \$2.98.

Either way, you must be completely satisfied with results at the end of 30 days, or your money will be immediately refunded, upon receipt of the unused portion.

## AFL-CIO Leaders Move To 'Quarantine' The Teamsters

UNITY HOUSE, Pa. (AP) — AFL-CIO leaders meet today to spread tighter organized labor's quarantine against the Teamsters Union.

AFL-CIO unions must end their mutual aid pacts with the giant truckers union, ousted from the federation eight months ago on corruption charges.

Walter Reuther, head of the United Auto Workers, told news-

### Gets Lieutenant's Bars

Bars of a Navy lieutenant are pinned on the collar of Richard C. Burns, Big Spring, by Capt. W. A. Evans, his commanding officer at the Navy Supply Corps School in Athens, Ga. Lt. Burns is the son of Mr. and Mrs. Waymon L. Burns of Big Spring. He graduated from the U. S. Naval Academy at Annapolis, Md., in 1952.

## Pennsylvania Sees Heavy Death Toll On Highways

PITTSBURGH (AP) — Death stalked Pennsylvania highways over the weekend.

In all, 26 persons were killed since Friday afternoon in a rash of traffic accidents unsurpassed in recent years in western Pennsylvania.

In eastern Pennsylvania three traffic deaths were reported, making the state weekend total 29, a new high for 1958.

The previous high of traffic deaths recorded in Pennsylvania for this year was 19 over the Memorial Day weekend.

Eighteen persons were killed on state highways last weekend, including six members of a Pittsburgh family spanning four generations.

A weekend of fine weather brought out heavy road traffic. Authorities said they were at a loss to account for so shocking a death toll.

Death was unmerciful, claim-

ing 15 persons in three accidents alone, five in each.

It took the lives of young and old. It wiped out four members of one family.

Two autos collided head-on yesterday on Route 21 near Mason-town, Pa., killing five persons, including three young girls—13, 14 and 15. Two of the girls were sisters. All of the victims were from Masontown, which is about 60 miles southeast of Pittsburgh.

A Pittsburgh man and his wife and two of their children en route to a Canadian vacation were killed Saturday in a two-car collision on Route 8 near Butler, Pa., about 40 miles north of Pittsburgh. The driver of the other car also was killed.

Four Apollo, Pa., girls—ranging in age from 18 to 20—and a young serviceman returning from Washington, D. C., were fatally injured Friday night in a truck-auto collision near Breezewood, Pa., some 110 miles east of Pittsburgh. One of the girls was a newlywed.

## Elvis On Leave Until Sunday

MEMPHIS (AP)—Elvis Presley, gripped by his mother's death, won't have to return to his Army base at Ft. Hood, Tex., until next Sunday, the singer said yesterday.

An official at Ft. Hood confirmed that an extension had been granted to the original 7-day emergency furlough Presley was granted last Tuesday.

The young singer flew to Memphis Tuesday night to be with his mother, Mrs. Vernon Presley, who was ill in a hospital. She died of a heart attack Thursday.

A cousin of the entertainer said Elvis "looked a little better" yesterday than during the previous days. A gatekeeper at the Presley home said Elvis rested most of the day and was seen once walking about the mansion's front lawn.

A crowd of curious fans waited outside the gate most of the day waiting for a glimpse of their idol. An even larger crowd visited Mrs. Presley's grave during the day.

## Big Spring Soap Boxer Edged In First Heat Of Akron Derby

By DON HENRY  
AKRON, Ohio—Big Spring's David Spradling was nosed out in the first heat of the All American Soap Box Derby Sunday afternoon by Donny Hamilton of Knoxville, Tenn.

Hamilton won over Spradling by less than a foot after pulling slightly ahead in the last 100 feet of the race.

Winner of the Derby was 15-year-old Jim Miley of Muncie, Ind., who defeated Ronnie Ashley, 14, of Lakewood, Calif., and David Hilligoss, 15, of Anderson, Ind., in the finals.

A record crowd of 70,000 persons witnessed the 21st annual Derby.

Miley received a \$5,000 college scholarship, a \$4,000 scholarship went to Ashley, and David Hilligoss, third place winner, received a \$3,000 award.

Completing in a sleek black fiberglass racer call the "Muncie

Star," Miley received an ovation even greater than that accorded singing star Pat Boone and other celebrities here for the "Oil Can Derby," a pre-race feature.

Spradling won't return home empty-handed. Along with his official Derby uniform, he received a wrist watch from Chevrolet Motor Co.

His parents, brother and sister weren't left out of the fun, either. They had been guests at a big round of social activities and entertainment since arriving here Thursday, and Mrs. Spradling and Karen were photographed at a party for the Akron newspaper. The family could make a second trip here. Young Mike Spradling, 9, got a good look at all the racers and is making plans to start competing as soon as he is old enough.

Other winners Sunday were Brent Brown of Elkhart, Ind., fourth; Peter Christlieb, Los An-

geles, fifth; Robert Hepburn, Johnstown, Pa., sixth; Gary Anderson, San Diego, Calif., seventh; Otis Airhart of Birmingham, Ala., eighth; and Allen Roth, Seattle Wash., ninth. All received prizes.

### British Admiral Dies

LONDON (AP) — Britain's senior admiral, Sir Dudley Rawson Stratford de Chair, died Sunday night. He was 93. Sir Dudley was believed to be the last British survivor of the Egyptian War of 1882.

## Japan Bans Swiss Nuclear Cargo

YOKOHAMA, Japan (AP)—Japanese opposition to nuclear weapons again today blocked the unloading of Swiss guided-missile equipment which defense officials say cannot take atomic warheads.

The Japan Longshoremen's Union, backed by the opposition Socialist party and a host of leftist groups, refused to touch the missile cargo that arrived Sunday. It called the shipment a step toward arming Japan with atomic weapons.

Japan's defense agency started negotiations four years ago with the Contraves-Oerlikon Co. of Zurich to import the missiles and get them into local production for Japanese defense.

## A Bible Thought For Today

But sanctify the Lord God in your hearts; and be ready always to give an answer to every man that asketh you a reason of the hope that is in you, with meekness and fear. (1 Peter 3:15)

## That Built-In Radar Control

The American people just simply don't go for anything resembling a trap to catch motorists in the act of violating the traffic laws. This resentment built up in the old days when a traffic officer's favorite trick was to hide behind a billboard or a bush, and come boiling out of there to curb the offender.

Speed traps were quite common in the old days. Constables and justices of the peace in many localities made a regular business of it, splitting the fees. Once in a great while it is still tried, but usually the racket doesn't last very long.

Public resentment, such of it as still exists, is applied nowadays to the use of radar as a curb on excessive speeding. In all parts of the country individual motorists who have been stung by it have been caught signalling other motorists to beware the radar cars ahead, either by hand or by putting up a sign.

In Wasco last week Police Chief Jesse Ginterman got tired having people say his radar speed check was a sneaky affair. So he put up a big sign on Bosque Boulevard reading, "Radar Speed Check." Then he parked his radar apparatus five blocks away and caught 37 speeders the

first day—biggest one-day haul to date.

Nothing sneaky about that, so the anti-radar motorists will have to find some other excuse to cuss the contraption in Wasco.

Our principal highways in Texas carry these radar signs a-plenty. Most motorists take due account of them but to some others it is a sort of challenge. Excessive speed is still quite common, in spite of signs, arrests and finings.

Alone, radar cannot stop dangerous speeding, but if it reduces the problem by as much as 10 per cent it's a good investment.

Maybe some day it will become necessary to build into every motor vehicle an electronic device responsive to roadside "broadcasting stations," to regulate and control speed.

But meantime, and we suspect for a long time to come, the little radar device our Creator built into the human heart and brain will have to prevail. If excessive speed is to be eliminated.

It is called many things—conscience, a sense of responsibility to others, common sense, caution or wholesome fear.

## Nations Can Have This Ailment, Too

You read, probably, about the 23-year-old convict in Pennsylvania who couldn't bear the thought of being released on parole in the midst of a recession.

Last Sunday he went out on parole, a free man within certain limitations. He spent Monday looking for a job. Tuesday he robbed a private bank of less than \$100, pretending his forefinger, bulging in his pocket, was a revolver. Two detectives caught him hiding in a truck a block away, and took him before a magistrate who salted him away in the donjon keep without bail to await action by a grand jury.

The sweet smell of freedom, our dispatch noted, left this young man skeptical. As he told the detectives, he had heard about the recession during his three years in the pen for robbery, and came to the conclusion that jobs would be hard to get, so "the best thing for me to do was to make a lot of money by holding

up a place. Then I could get an apartment and get on my feet."

He'll have his apartment, to be sure, free gratis for nothing, but chances are he won't like it. He'll be fed and clothed at the taxpayers' expense, just like an animal in the zoo.

Unwillingness to face up to reality is a familiar human failing, but not many of us land in the calabozo as a result of it.

We fret and we squirm. We procrastinate. We look for comfort or distraction. We are consumed by selfishly. We look about for someone else to put the blame on.

It's no use, of course; sooner or later we either face up to our difficulties or we give up and go to jail, in a manner of speaking. We become prisoners of our own refusal to look facts in the face.

If only individuals did this it wouldn't be so bad, but entire nations and peoples are sometimes afflicted with this awful disease.

## David Lawrence

### 'Surrender' Concept Practiced By Some

WASHINGTON—Why all the surprise at the talk of "surrender"? Members of Congress are astir because a theoretical study of the advantages and disadvantages of "surrender" in case of nuclear war has suddenly become news. It attracted no such attention when the whole study, made by a private organization and financed by the United States Air Force, was made public in book form two and a half months ago.

But there should be no surprise at the discussion of "surrender" concepts. Several members of Congress themselves have in past months been unwittingly bolstering the "surrender" idea.

The talk of stopping nuclear tests, for instance, could result in a "surrender" psychology, because it aims at giving a potential enemy the privilege of continuing tests clandestinely, since there are no sure means of detecting whether he is or not cheating.

The talk of the horrors of nuclear war and that America cannot survive and must choose between some kind of "negotiated" agreement or destruction is also a kind of "surrender" talk.

The talk of "disengagement" of American forces stationed in Europe is "surrender" talk in the guise of peacemaking. For, if American troops are withdrawn from Western Europe, it means that they cannot get back there as quickly as could Soviet forces which, by agreement had previously withdrawn from Poland and nearby countries.

The talk of Red China's admission to the UN Security Council, thus forfeiting China's army of 300,000 men on Formosa, involves virtually a military surrender in the Far East.

The talk deriding "massive retaliation" is related to the "surrender" concept. For, if the United States does not speak from strength, its position before the world can be weakened and a miscalculation by the enemy can ensue.

The talk of appeasing Nasser and giving him what he wants in the Near East is "surrender" talk.

The present furor in Congress over "surrender" concepts is based on a book written by Paul Keeskemeter for the Rand Corporation, a scientific agency operated by various universities on a financial

grant from the U. S. Air Force. It isn't an official document but a scientific study by a private organization. The paragraph which gives rise to the present discussion reads as follows:

"We must also mention the possibility that a power might develop a perfect winning strategy for all-out nuclear war, i. e., the strategy of a first strike that eliminates all significant retaliatory capabilities on the adversary's side. Needless to say, a power whose enemy develops strategic capabilities of this sort is in mortal danger; the enemy can, if he chooses, eliminate that power with relative impunity. Once this happens, strategic surrender—at least strategic surrender of the classic type discussed above—will be irrelevant. But this kind of situation points to the possibility of surrender of a different sort; surrender without fighting. If one power has a monopoly of such a winning strategy, and its adversary knows it, a mere threat of attack might induce the latter to surrender politically.

The key words are "surrender political" and that's what many journals and spokesmen of appeasement are unwittingly advocating nearly every day. They have ridiculed "massive retaliation" from the beginning. They have insisted that America must take the "first blow" in a nuclear war. They have ignored the fact that the Soviet military journals for the last several years have conceded that their official strategy requires the striking of the "first blow." It would be suicide, therefore, for the West to wait till the enemy has poised his attack before setting in motion a strategy of active defense.

The United States today keeps its strategic bombing planes in the air 24 hours a day and has radar warning lines in Canada, but it also has overseas bases from which a devastating counterattack could be made—provided our allies let us use them. Soviet Russia is striving hard to prevent their use by us and also has almost succeeded in pushing us to the point of stopping nuclear tests. By its propaganda crusade and strategy of terror, the Communists are making headway.

The most reassuring statement to counter all this has just come from the President of the United States in his speech to the U. S. General Assembly. He said there is "danger that nations under aggressive leadership will seek to exploit man's horror of war by confronting the nations, particularly small nations, with an apparent choice between supine surrender, or war."

Mr. Eisenhower undoubtedly reflects the sentiment of the American people that they would make any sacrifice rather than accept "supine surrender." It is salutary to have the air cleared by the President of the United States so that there need be no miscalculation by anyone in the Kremlin.

## Bumps For Thief

DENVER, Colo. (AP)—One Denver automobile thief may never again try his hand at stealing a car.

The thief successfully crossed the ignition wires and started the motor of Clarence A. Serr's car. Then he hopped in and started to drive away.

Suddenly, the car came to a halt with a terrific jar. The thief deserted the car and fled. The car had a flat tire.

## One Place It Doesn't Reduce Friction

### James Marlow

#### Presidential List A Free-For-All Among Demos

WASHINGTON (AP)—Washington fortune-tellers usually wait for Congress to quit, when the dull days begin, before guessing who'll be running for president in 1960. But why wait?

There's no need to guess much about Vice President Nixon for the time being, since right now he seems to have the inside track for the Republican nomination. But it's a free-for-all among Democrats and will continue so.

A dozen Democrats—with the presidential conventions still two years away—already are being mentioned as maybe having a chance for their party's nomination. That's about par for the

course. Right now the Democrats don't have one outstanding possibility.

Strangely, not much mention has been given recently to Sen. Lyndon B. Johnson of Texas as the Democratic candidate. Perhaps that's because this leader of the Senate Democrats has repeatedly said he has no presidential ambitions.

Maybe he hasn't. But he'd be extraordinary if he didn't. It's this writer's guess he's a man to watch. Saying right now he has no presidential ambitions—and yielding later to pressure, internal or external—are different things. Pressure in 1960 would force

him into a decision because his current Senate term ends that year.

Johnson couldn't run for both the Senate and the presidency. He looks like a cinch to be re-elected if he runs for the Senate again. But if he ran for the presidency and lost, he'd be out of the Senate.

The Democratic party in 1960 may be torn apart in a split between Northerners wanting a strong civil rights plank and Southerners burning over the public school integration issue.

It's possible in such a situation Johnson might be used as a compromise candidate to pull the party together. For, while he's a Southerner, it was through his Senate leadership that Congress last year passed the first civil rights bill in this century.

It was a compromise bill, to be sure. It wasn't as much as the Northerners wanted. It was more than the Southerners wanted. Nevertheless, Johnson steered it through.

He's run up a remarkable record for getting things done in a Congress where the Democrats outnumber Republicans and run the show, although Republicans control the executive branch of the government.

How does he get things done? Through a combination of things: he's a compromiser, plays friendly, avoids personal attacks, keeps windbagging to a minimum, and does favors for his fellow senators who thus become his debtors.

Johnson in the Senate could have done nothing, of course, unless the Democrats who control the House went along. And they do, under the leadership of Johnson's fellow Texan, Speaker Sam Rayburn.

Rayburn is out of all possible consideration for the presidency. He's 76 now, will be 78 in 1960. Johnson, on the other hand, has youth on his side. He'll be 50 next week, only 52 in 1960.

At one time a bad heart attack might have finished any politician's ambitions for the White House. Johnson had one in 1955. That seemed to spell the finish for him for any job beyond the Senate.

But a few weeks later President Eisenhower had a similar attack and then went on to win re-election in 1956. Where Eisenhower slowed down after his attack, Johnson resumed his old pace.

And Johnson still has two more sessions of Congress—in 1959 and 1960—to build himself up for national consideration before the 1960 presidential elections.

### Dogs Don't Like Head Patting

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That for the first time in this century America is growing timber faster than it is being removed from the forests.

That one in every 709 children is born with a cleft lip or palate.

That if dogs kept people they probably would never pat them on the head because most dogs don't like to be patted on the head themselves. They'd rather be scratched.

That nearly 30,000 Americans are injured in accidents every day, or about 20 a minute.

That the Kiwanis Magazine reports this sign on a mortician's office door: "Pay now, go later."

That the oldest gem known to man is the pearl.

That one way to get rid of dandelions is to keep rabbits around your house. They love dandelion roots, plus everything that grows in your garden, too.

That the crusty Duke of Wellington once closed a letter of reprimand to one of his officers as follows: "I have the honor to be, sir, your humble and obedient servant (which you know damn well I am not), Wellington."

That if you're on a diet, sipping a little water between meals is supposed to help still your hunger pangs. This may work with you; it doesn't with me.

That it takes nature from 500 to 1,000 years to form an inch of topsoil.

That the strawberry isn't a true berry. It belongs to the same plant family as the rose.

That the first person to wear silk stockings was a man, French King Henry II introduced them to his court in 1559, and Queen Elizabeth of England started wearing them two years later.

That a full-grown ruby-throated hummingbird weighs about the same as a penny.

That the longest recorded flight by a homing pigeon was from France to China, 7,200 miles.

That Joseph Haydn, known as "the father of the symphony," had a wife who didn't appreciate music. One of her annoying habits: Cutting up his completed musical scores to make curling paper.

That Benjamin Franklin went to school for only two years but taught himself algebra and geometry and how to read French, Italian, Latin, Spanish and German.

That American housewives spend 65 million dollars a year fighting moths.

That there's a Winchester Hotel in Rifle, Colo.

That Herbert Hoover has lived longer since leaving office than any ex-president in history. The previous longevity record of 25 years 4 months was held by John Adams.

That some 800 Indians live in New York City, largely in Brooklyn. Most are members of the Mohawk tribe and put up the steel in skyscrapers and bridges.

That the real name of British actress Diana Dors is Dora Fluck.

That actress Fran Beck Jr., says: "A small town is one in which even if you get the wrong number, you still have a conversation."

That it takes more than 250 pounds of roses to make an ounce of attar, a perfume base.

That it was Kin Hubbard who observed: "It's pretty hard to tell what does bring happiness; poverty and wealth have both failed."

## MR. BREGER

UNION, N.J. (AP)—Technicians at the Tenney Engineering Co. here take Mark Twain at his word—they not only talk about the weather, they do something about it. They build artificial weather chambers to test machine parts. The chambers produce temperatures ranging from 65 below to 2,000 degrees Fahrenheit and can simulate conditions in sand, wind or rain storms.

Put In Her Thumb

BROCKTON, Mass. (AP)—Unlike Little Jack Horner, 2-year-old Laura Jean Valley put in her thumb—into a can of potato sticks—but failed to pull out anything. Including her thumb.

But Laura Jean wasn't upset when hospital doctors freed her hand and took two stitches in her cut thumb. She kept on eating the potato sticks.

Optimistic Outlook

BALTIMORE (AP)—As the wedding caravan careened noisily around the corner you could read the big sign on the back of the leading sedan:

"Just Married—Watch Baltimore Grow!"

That the oldest gem known to man is the pearl.

That one way to get rid of dandelions is to keep rabbits around your house. They love dandelion roots, plus everything that grows in your garden, too.

That the crusty Duke of Wellington once closed a letter of reprimand to one of his officers as follows: "I have the honor to be, sir, your humble and obedient servant (which you know damn well I am not), Wellington."

That if you're on a diet, sipping a little water between meals is supposed to help still your hunger pangs. This may work with you; it doesn't with me.

That it takes nature from 500 to 1,000 years to form an inch of topsoil.

That the strawberry isn't a true berry. It belongs to the same plant family as the rose.

That the first person to wear silk stockings was a man, French King Henry II introduced them to his court in 1559, and Queen Elizabeth of England started wearing them two years later.

That a full-grown ruby-throated hummingbird weighs about the same as a penny.

That the longest recorded flight by a homing pigeon was from France to China, 7,200 miles.

That Joseph Haydn, known as "the father of the symphony," had a wife who didn't appreciate music. One of her annoying habits: Cutting up his completed musical scores to make curling paper.

That Benjamin Franklin went to school for only two years but taught himself algebra and geometry and how to read French, Italian, Latin, Spanish and German.

That American housewives spend 65 million dollars a year fighting moths.

That there's a Winchester Hotel in Rifle, Colo.

That Herbert Hoover has lived longer since leaving office than any ex-president in history. The previous longevity record of 25 years 4 months was held by John Adams.

That some 800 Indians live in New York City, largely in Brooklyn. Most are members of the Mohawk tribe and put up the steel in skyscrapers and bridges.

That the real name of British actress Diana Dors is Dora Fluck.

That actress Fran Beck Jr., says: "A small town is one in which even if you get the wrong number, you still have a conversation."

That it takes more than 250 pounds of roses to make an ounce of attar, a perfume base.

That it was Kin Hubbard who observed: "It's pretty hard to tell what does bring happiness; poverty and wealth have both failed."

## Around The Rim

### Don't Start Your Education In Las Vegas

They say you need a wagon load of confidence to become a good and successful gambler.

Don't take unnecessary and foolish chances, they suggest. Like drawing to an inside straight. Or playing a horse at the tracks because its name can, if you reverse the order of the letters, suggest the name of the bank which holds the money cache of your rich uncle.

Don't invest next month's rent on some color and number at roulette just because some comely blond happens to stroll through the door wearing that shade of dress on the 18th day of the month.

Be smart. Play the percentages. Study the other guy. If he's prone to bluff, box him into a corner and take him to the cleaners. Read his character by studying his eyes and the twitching of his mouth.

My advice is, don't start your education in Las Vegas. It's too long a walk from there to where you're going, and they don't give free lessons. Keep your green backs pinned to the inside of your shirt.

Las Vegas is one city where the "one-armed bandits" reach out and try to shake hands with you when you hit the city limits. And they can get a Double Nelson on you faster than any two-armed guy you ever saw.

Don't count on starting your character study of the gambler there, either. The house men all wear eye shades and their

faces seem to be set in concrete.

The slot machines prove quite a temptation. So convenient to the touch. No thinking required. The only thing you need to know is where to put the money. Then you reach out and shake hands. And count your fingers after you get them back. They're not proud. Chances are "they'll play" anything you happen to have in your pocket, whether it be Lincoln-head pennies or nice, shiny silver dollars.

Las Vegas is a place where you can hear more good rumors floating about than in a company of soldiers bivouaced on the outskirts of Paris after an armistice.

Some left-handed guy just in from Ulica has just hit the jackpot for \$370—with his first quarter, yet. The jackpot is so close at hand, the machine is tilting from over-balance. You'll hear you need two hats to catch all the loot you'll get, if you play as much as three half-dollars in a row in one machine.

Me? If I play them, I get nothing but the fruit from which you get lemonade, a very sour drink, in this instance.

One thing about Las Vegas. It's an easy place in which to get a sun-tan but, if you're not careful, the experience of getting parboiled and toasted can be an expensive one. Better to buy yourself a couple of tan lamps and get it in the safety of your front room.

—TOMMY HART

## Inez Robb

### Shameful Treatment Of Adm. Rickover

LEXINGTON, Mass.—It was the hope of this column that a vacation spent amid the serene beauties of New England, the principal forging ground of our land and our liberties, would purge this savage breast of rancor and bring some surcease from worry over the state of the Union.

I had hoped to become as calm as Walden Pond and gentle as a dove. Instead the scenes of so many great events in our proud past when men were patriots and not peanut partisans have made me mad enough to take on the brass—or maybe it's the gall—of the United States Navy.

And the only reason I do not take on the White House, too, is because I cannot believe that a gentleman of President Eisenhower's sensibilities would in any way associate himself with the anti-Semitism, jealousy and spite with which the U. S. Navy has always treated the one authentic scientific genius on its roster, Rear Admiral Hyman G. Rickover.

Or perhaps, on the day when the Navy brass met at the White House to pat itself on the back for the magnificent polar undersea passage of the atomic submarine Nautilus, the White House telephone lines were so jammed that Mr. Eisenhower was unable to get Admiral Rickover on the phone to invite him over.

Again, perhaps the President decided that if Rickover came to the White House for the ceremonies, he would be unable to protect the admiral from stiletos in the hands of Rickover's superiors in rank, if not in mental and scientific attainments.

For it is now obvious once more that the only institution that can protect Admiral Rickover, and save him for future usefulness to the nation and the ungrateful Navy, is the United States Congress. Already Senator Clinton P. Anderson (D., N. M.), vice chairman of the Joint Congressional Atomic Energy Committee, is leading the fight.

Senator Anderson is sponsoring a resolution asking a special Congressional

Medal of Merit for Admiral Rickover, the acknowledged father of the atomic submarine. Even more important to the nation, Anderson is leading the Congressional fight to force the vindictive Navy chieftains to promote Rickover to Vice Admiral. Unless promoted, Rickover will be retired in 1960, as the Navy tried to retire him in 1953, until balked by Congress.

It is a sordid, shameful story and I do not think the American public will stand still for it any more than will Congress. The belated and lame apology of Thomas S. Gates, Secretary of the Navy, that the Navy had overlooked Rickover "in our preoccupation with the operational significance" of the Nautilus' cruise under the North Pole is simply adding insult to injury.

Obviously, Gates' statement was forced from him only after he sensed that public and Congressional outrage at the snub to Rickover might react against the Navy the next time it must go to Congress for money.

The great feat of the Nautilus and subsequently the Skate has given to this nation, at a time she needs it crucially, a magnificent propaganda victory on a par with the Soviet Sputniks. The nation knows it owes this triumph largely to Rickover. So it leaves a bad taste in the public mouth when the Navy brass gathers at the White House jubilantly to whoop up its historic achievement while deliberately snubbing the man to whom it owes the conquest.

Only two men come off with honor in this situation. Commander William R. Anderson, captain of the Nautilus on its polar voyage, braved Navy displeasure by going directly from the White House wingding, where he was decorated by the President, to call upon Admiral Rickover. And of course, Rickover himself, who has once more taken it on the chin like the gentleman and scholar he is.

(1958, by United Feature Syndicate, Inc.)

## The Gallup Poll

### Ike's Popularity Up Since Mid-East Affair

PRINCETON, N. J.—President Eisenhower's personal popularity has taken a sharp upturn since his history-making decision to send U. S. Marines into Lebanon.

The first nationwide check on the President's popularity by the Gallup Poll since the Mideast crisis finds 58 per cent of all voters across the country approving of the way Mr. Eisenhower is handling his job.

One month ago 52 per cent approved of the way Eisenhower was handling his job.

The Institute corps of reporters rang doorbells at homes of voters across the nation and asked this question: "Do you approve or disapprove of the way Eisenhower is handling his job as President?"

Here is the nationwide vote today:

will show the course of the President's popularity barometer since then—dropping steadily during the early months of the business slump, then turning up sharply when he made his stand for Pentagon reorganization. It then leveled off before turning up sharply with the arrival of troops in the Mideast.

Here is the trend of Mr. Eisenhower's popularity during the present session of Congress:

EISENHOWER POPULARITY TREND		
	Per cent	AP-Disap No prove prove
Jan. '58	60	30
Feb. ....	58	27
Mar. ....	52	33

## Bull Bolted

PORTAGE LA PRAIRIE, Man. (AP)—A young bull being washed before going on show at the annual fair here got some water in his ear which annoyed him. He broke his halter and tore across a nearby golf course, treeing three golfers before being recaptured.

Friendly Folks

NEW CASTLE, Ind. (AP)—A tavern owner applying for a liquor license renewal was asked by the county Alcoholic Beverage Board if there were ever any uncorrected females in his place. "Not for long," he replied.

At that time, 60 per cent of all voters approved of the way Mr. Eisenhower was handling his job.

A glance at the accompanying chart

With Congress now pointing toward a Labor Day adjournment, it is interesting to note that Mr. Eisenhower's decisive move in dispatching troops to the Mideast caused the sharpest upswing in his popularity recorded during this session of Congress.

The popularity score registered today, in fact, is back almost to what it was when the 85th Congress convened for its second session in January of this year.

At that time, 60 per cent of all voters approved of the way Mr. Eisenhower was handling his job.

Since a month ago, the President has gained in popularity in all major regions of the country. The sharpest increase since July has occurred in the Far West.

From a political point of view, Mr. Eisenhower's handling of the Lebanese crisis brought his sharpest increase in popularity among rank-and-file Democrats. A month ago, Democratic sentiment was one of disapproval with the President's handling of his job.

Today, Democrats are split on the issue with the same number approving as disapproving.

The President maintains overwhelming support from Republican voters and majority support from Independents for his performance in office today.

Private Dining Room

Here's a view of the attractive and comfortable private dining room at the 66 Cafe, recently enlarged and redecorated to accommodate the establishment's growing clientele. The private room is available for parties, club meetings and other group meetings, said Herb Vinson, 66 manager. The popular cafe is located adjacent to the Phillips 66 Truck Terminal on West U.S. 80. It is open 24 hours a day. Good food and fast, courteous service are hallmarks of the concern. A spacious, paved parking area is available.

## R&H Can Help You Keep Lawn, Shrubbery Pretty

Hot dry weather such as is now prevailing calls for even greater effort if the homeowner is to keep his lawn and his greenery going. This effort can be made much less arduous, if the worker has the tools, the equipment and material he needs to do the job. The prettiest yards in Big Spring are those where recognition has been given to the importance of the right tools to do the job the best possible way. And the fellows who keep those yards that way, know the best and most com-

plete selection of everything they may need can always be found at the R&H Hardware, 504 Johnson. R&H Hardware is a complete hardware store in all ways but its department devoted to home gardening is remarkable for its wide selection and for the quality of the merchandise offered. Anything needed to make the place look nicer—you can get it at R&H. It's convenient to shop at R&H,

too. There are no parking meters. It is not downtown; you can go shopping in your work clothes and feel no embarrassment. And you get valuable S&H Green Stamps. The staff at R&H is interested in your needs and your problems and trained to advise with you on the best possible solution to those problems. Anything you may need—fertilizer, plant foods, special gadgets, the best in lawnmowers and edgers, all of the common tools of such work and a lot of unusual devices are waiting your choice at R&H Hardware, 504 Johnson.

## Jones Motor Co. Noted For Good Auto Service

Motorists have learned to go to the repair shop where they get the best service. And Big Spring motorists have learned that the best service in town is available at Jones Motor Co., located at the corner of 1st and Gregg. Through the years, Jones Motor Co., authorized Dodge, Plymouth, and Dodge truck dealer, has been noted for its speedy but efficient service repair. And this has made its list of satisfied customers grow and grow and grow. The main reason for this growing list of satisfied customers is the trained personnel who work on your cars. The firm's service men have taken courses on new methods of repair plus being schooled on the latest innovations in the new model cars. You can be assured that the mechanic who works on your car at Jones has been trained and he also knows about your car—no matter what the make or model. The many customers who have traded at Jones know that their car won't be loaded down with new parts when the old ones are still good.

## Jones Humble Service Sure To Satisfy

What manner of service pleases you, when you drive into a service station and ask to have your vehicle cleaned, the crackcase oil changed and/or the chassis greased? Are you satisfied when you get that, and nothing more? Don't you appreciate little things like having the radiator checked, water added to the battery, the interior of the vehicle as well as the exterior of the car cleaned and the tires "painted" so that they look like new?

You get all that, and more, when you deal with the Reliance Jones Humble Service Station, located at Fourth and Scurry Streets, in Big Spring. Jones and his staff do everything possible to please the customer. Each new job is a challenge—a challenge to make a vehicle look a little better when it leaves the station's driveway than when it comes in.

Even if you want nothing more than to have your gas tank refilled or the air checked in your car's tires, it's always wise to trade with Reliance Jones' station, where service is given with a smile and a kind "hello." If you're going to travel some strange road, ask the Jones employees for a road map. They will not only supply you with same but chances are they can advise you on what route to take.

Jones' station is, of course, conveniently located for the downtown shopper, who finds he or she can leave the family vehicle there for servicing and walk to any place of business without undue loss of time.

Reliance Jones is now in a position to offer extremely attractive deals to motorists who would like a new set of tires. See him for details.

## River Funeral Home Provides Sympathetic, Helpful Service

Amherst 4-5511 is more than just a telephone number; it means a service to Big Spring and the surrounding territory which is conducted day in, day out with quiet sympathetic efficiency. For Amherst 4-5511 is the telephone number of River Funeral Home, and River Funeral Home stands for the type of funeral services that are appreciated and desired by all people.

## Car Washing Easy When You Use New Polishampoo

Despite the pride the average man takes in a well groomed car, it's common knowledge that he'll do anything to put off "doing the job himself."

Why not, when he's faced with the choice of a grueling hour of washing, rubbing and polishing. Only alternative is turning the job over to a professional car launderer at considerable expense. But why should a man either overwork himself, or pay fancy fees to keep his car clean,—when a new blessing in a bottle called Polishampoo simplified things all around!

There's no simpler way to wash a car than with Polishampoo. All you do is pour an ounce of the blue Polishampoo liquid (bottle is graded) into a bucket and fill with water. The rich Polishampoo does the washing for you! Apply by sections, then simply rinse off. Car dries quickly without rubbing or wiping. That's all Polishampoo is a scientific formula made only for car washing. It not only removes every last particle of dust, dirt, grit, and road film but actually renews the

To everyone, there is the time when tragedy comes and the services of a funeral home are needed, and much of the hardship and suffering that such occasions bring can be lessened by sympathetic roles that the institution is able to play in the tragedy. River Funeral Home prides itself that it has been of service to so many families in the county, and surrounding area, and it is striving to broaden its ways in which it can help its clients in time of sadness.

In addition to standing for sympathetic service, AM 4-5511 also stands for efficient and immediate ambulance service. At all hours of the day or night, River Funeral Home's ambulances are ready to go and its personnel are trained to help in any emergency. Should it be an accident or a hospital call, the skilled personnel of River Funeral Home are prepared to cope with any of the problems which can arise. Keep the number, AM 4-5511, in mind, and let River Funeral Home come to your assistance.

# Former Mental Patient Held For Sexual Attack On Child

DALLAS, Tex. (AP) — Police held a former mental patient for investigation Monday after his Sunday School teacher's young daughter was sexually attacked in a church restroom.

The 19-year-old youth denied raping the girl but admitted fondling her. A city physician said she had been raped and severely injured.

Homicide Capt. Will Fritz said the youth was a probationed mental patient from the state hospital at nearby Terrell. Police records showed he received treatment at Terrell from January to November 1957 after fondling two small girls.

# Pierce Brooks Sells Share Of Bankers Life Insurance

DALLAS (AP) — Pierce Brooks' 73 per cent interest in National Bankers Life Insurance Co. has been sold to an Eastern syndicate.

A spokesman for the purchasing group, R. L. Huffines Jr., yesterday announced the sale by Brooks but did not divulge the figure.

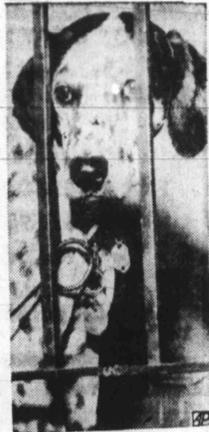

# Women Compete In Flying Event

FORT LAUDERDALE, Fla. (AP) — A Texan was second to arrive here Sunday in the annual All-Women's International Air Race from Canada to the Bahamas.

She was Pauline Glasson of Corpus Christi, one of 10 rivals in the race. Eight others are expected to check in Monday.

# Polar Sub Visits Norwegian Ports

OSLO (AP) — American Atomic submarine Skate, second to pass under the pole, will arrive in Norway Saturday for a five-day visit.

Jailed

"Lucky," a Dalmatian mascot of Philadelphia Fire Engine Co. 28, was trained for years to keep intruders away from the fire fighting equipment.

# Auto Industry Starts Outturn Of '59 Models

DETROIT (AP) — The auto industry started production today on its new 1959 model cars in an atmosphere of uncertainty.

# DEAR ABBY TRY OTHER THINGS

By ABIGAIL VAN BUREN

DEAR ABBY: I feel so bad and want to know if I am entitled to complain about this. My husband and I have been married six years and we have three darling children and I am expecting a fourth.

DEAR ABBY: I am going with an executive in his late forties. He is married and we have to be careful about being seen together because of his position and reputation.

# Flying Blade Fatal

SAN DIEGO, Calif. (AP) — A fan blade flew off an automobile engine and killed James B. Freeman. He was standing beside his 8-year-old car while a friend, Aaron Cowan, leaned under the hood to tune the engine.

While Texas farmers look toward Washington for farm legislation to avoid cotton acreage cuts next year, Lower Valley farmers are trying to get this year's crop ginned. Gins are being taxed in some instances and cotton is being piled on the ground to await ginning. (AP Wirephoto).

## Russian Nuclear Aid To Red China Is Reported

NEW YORK (AP) — The New York Times said today the Soviet Union reportedly has decided to supply atomic weapons and ballistic missiles to Communist China plus more economic development aid.

A Times dispatch from Warsaw said reports reaching the Polish capital indicated the Soviets also have decided to help Red China launch an earth satellite and to build four more nuclear reactors there. China claims one reactor now.

The reports were said to come from sources that had first reported a recent military and political agreement between Moscow and Peiping.

The reported agreements came out of a meeting in Peiping three weeks ago between Soviet Premier Khrushchev and Chinese Communist boss Mao Tse-tung, the dispatch said. Reports on them apparently are being allowed to circulate with at least tacit Soviet approval.

The agreements are believed in Warsaw to be aimed at least partly "to give a major psychological lift to Peiping's place in world affairs," the Times said. It noted that information available in Warsaw made it impossible to determine the full military significance of any nuclear weapon aid the Soviet Union might offer Red China.

The Chinese Communists reportedly told the Soviets they needed ballistic missiles and antimissile defenses because of the presence of U.S. and Nationalist forces on Formosa. The Times said the type of missiles the Soviet Union agreed to supply is not known.

### Archaeologist Dies

GUILDFORD, England (AP) — Sir John Hubert Marshall, 82, noted British archaeologist, died Sunday.

## Britain Planning New Nuclear Tests

LONDON (AP) — Britain will soon hold her third series of nuclear weapons tests at Christmas Island in the central Pacific, the Defense Ministry said last night. The first British H-bomb was set off near Christmas Island May 15, 1957, and four more have been reported since then, the most recent one last April 28. There was no indication of the extent of the coming test series.

With pressure for suspension of nuclear tests mounting at home and abroad, the British government has been reported under pressure from scientific and military advisers to hurry up tests to beat any ban.

## Senate Fight Seen On Court Powers

WASHINGTON (AP) — A long-delayed Senate battle shaped up today over legislation to overcome the effects of various Supreme Court decisions.

It could hold up the adjournment of Congress, which most legislators hoped would come by the end of this week.

Stated for Senate action was a bill designed to ease the impact of a high court ruling freeing a confessed rapist here because police held him as long as 7½ hours before arraignment.

The bill, a modified version of a measure previously passed by the House, is one of several that Senate critics of the court have been demanding a chance to act on before adjournment.

Other senators, defending the court's decisions, as protecting individual rights, have vigorously opposed any efforts to modify them. Several bills have been offered on the subject.

The most far reaching of the bills is a measure sponsored by Senators William E. Jenner (R-Ind) and John M. Butler (R-Md.). This bill, approved over three months ago by the Senate Judiciary Committee by a 10-5 vote, would curb the court's review

powers and undo the effects of its decisions in a number of Communist cases. The Senate Democratic Policy Committee has not cleared this one for debate.

Once any of the other bills are brought up for action, the provisions of the Jenner-Butler measure could be offered as amendments. If this happens, the debate could rage for days.

The bill on today's calendar grows out of the court's decision last year freeing Andrew R. Mallory, a 22-year-old Negro who had been sentenced to die after he made what police said was a voluntary confession to raping a housewife. Mallory was not retried, although he could have been.

The court's decision in this case was based on the federal rules of criminal procedure barring "unnecessary delay" between arrest and arraignment of a suspect.

As the measure passed the House, it provided that confessions otherwise admissible as evidence in federal criminal trials should not be excluded solely because of police delay in taking a suspect before a committing magistrate.

## Campaigning Due To Keep Solons At Home This Fall

WASHINGTON (AP) — Whether or not Congress adjourns this week, some of its members are all set to leave for distant places. Some have gone overseas already.

The exodus won't be as heavy as last year, however.

The main reason: Many Congress members will be out campaigning. Elections are coming up in November, affecting all 435 House seats and 34 of the 96 Senate seats.

Last year, between a third and a half of the Congress members found official reason to visit foreign lands.

One Senate-House group took a pre-adjournment trip late last month. This was a delegation of seven House members and four senators attending the two-week

annual conference of the Inter-parliamentary Union in Rio de Janeiro, Brazil.

Here are a few examples of pending congressional trips:

1. Two members of the newly formed House Space Committee expect to read papers at the International Astronautical Federation meeting in Amsterdam starting next Monday.

2. About half a dozen representatives and senators from the Joint Atomic Energy Committee are due to start for Geneva about the same time to attend the International Convention on Atomic Energy.

3. Starting early next month, some Senate-House Economic Committee members plan to check on economic matters in Europe that might have a bearing on U. S. policy.

## Lyndon Lauds Water Studies

WASHINGTON (AP) — Sen. Lyndon Johnson (D-Tex) referred to increased social security benefits and the water study bill Sunday in describing the current session of Congress as "ending on a high note of accomplishment."

"We have written a constructive record," the Senate majority leader said in his weekly Texas radio broadcast.

Referring to the Social Security Bill which the Senate passed late Saturday, Johnson said: "Twelve million Americans now rely on monthly checks from the Social Security system. For the great majority of these aged and disabled persons, widows and orphans, the Social Security benefits are the major source of their support. And the rising cost of living has meant that the buying power of these benefits has been reduced."

On Friday the Senate passed the Water Study Bill which Johnson sponsored. He said:

"The purpose of this bill is to provide for an integrated and cooperative investigation, study and survey of the Neeces, Trinity, Brazos, Colorado, Guadalupe-San Antonio, and San Jacinto River basins.

"The bill is carefully drawn to protect the sovereignty of Texas over our water resources. That is a matter of fundamental importance."

## Three Mountain Climbers Killed

LINTHAL, Switzerland (AP) — Three Swiss mountain climbers fell to their deaths Sunday from Piz Rusein Mountain in central Switzerland.

The three experienced Alpinists were still tied together by their climbing rope as they fell off the rock face.

I take advantage of early-in-the-week
