AP WIRE SERVICE

BIG SPRING, TEXAS, FRIDAY, SEPTEMBER 5, 1958

PRICE FIVE CENTS

FOURTEEN PAGES TODAY

Large Crowd Hears Of Master Planning

Big Spring and Howard County will pay the price of master planning whether they undertake it or not, speakers told a large crowd Thursday evening in the Settles ballroom.

Where some 30 to 40 had been anticipated, 80 turned out for what Dr. J. E. Hogan, Chamber of Commerce president, termed one of the most important meetings in the community's history.

Dr. W. A. Hunt, chairman of the Chamber of Commerce master planning committee, termed planning the wise use of land, and Esmond said the fruits of master planning is saving money for taxpayers and the preservation of values.

Clara Zack: "I think we need to talk to the city and the county." Dr. R. B. G. Cowper: "It's very necessary."

Col. Kyle Riddle: "It's necessary. We're going to have to do it." NO PLANNING COSTS

Dr. Lee Rogers: "If you'll let us (the city commission) know strong enough, we'll begin to find ways to get at the problem. It's costing taxpayers not to have a master plan."

Davidson. A score of other agencies also were represented.

"We're at a turning point," asserted Dr. Hunt in his remarks. "I want to make it clear that the chamber is not undertaking to usurp the functions of the city or county but on the contrary is seeking to place itself at the aid of these institutions. I want also to pay tribute to the planning that has been done already—we're in better shape in comparison to many cities because of this. However, I think Dr. Hogan is correct in his statement that we are now at the point where we can merge from a town into a city."

TIME OF DECISION "Once in the life of every individual, city or nation there comes a time of decision. We're at that turning point now."

Civil Rights Law Due Test In Georgia Case

COLUMBUS, Ga. (AP) — The Civil Rights Act of 1957, a measure to protect voting rights, will get its first test in federal District Court here.

The new Civil Rights Division of the Department of Justice filed a suit yesterday accusing Terrell County's five election registrars and deputy registrars of discriminating against prospective Negro voters.

Spokesmen for the division indicated the suit is the first in a series. They declined, however, to pinpoint other areas under investigation. J. G. Raines, chairman of the Terrell County Board of Registrars, denied the government allegations. Said Raines: "I am not rabid on the race question. I try to apply the law as I think it should be applied."

Coast Braces As Hurricane Nears

Evacuation Of Targets Begins

Bride Attacked By Gang

Rose Marie Gemma, 17, of Lynn, Mass., nursing a blackened right eye, holds her shorn locks and torn wedding gown after her release from Lynn Hospital. Miss Gemma claims five girls entered the apartment where she was baby sitting, cut off all her hair and poured fingernail polish on her scalp.

Texas' middle coast braced Friday for the approach of tropical storm Ella, first of the season to mount a serious threat in this sector. The U.S. Weather Bureau in a 10 a.m. (CST) advisory placed the center of the storm, still poorly defined and a little below hurricane strength, at about 320 miles south-southeast of Corpus Christi in the Gulf of Mexico. Forecasters said the present course of Ella, advancing west-northwest at 12 to 15 m.p.h., indicated it would hit the coast just north of Corpus Christi late Friday night or early Saturday.

Tough U.S. Policy Threatens China

WASHINGTON (AP) — Red China was faced today with the prospect of having its mainland bases blasted by U.S. bombers if it starts a war in the Formosa Strait.

If things came to that pass, what Red China might start as a limited brush fire could ignite a raging combat threatening to engulf the whole world—conceivably even a universally dreaded all-out atomic conflict. This tough new U.S. attitude toward Red China's militarism was officially disclosed at Newport, R.I., yesterday by a top U.S. authority.

This official briefed some 70 newsmen at the summer White House after Secretary of State Dulles flew there for a lengthy conference with President Eisenhower on the China crisis. The briefing expanded on a strongly worded U.S. policy statement authorized by Eisenhower and read to reporters by Dulles. The combination provided the strongest U.S. warning yet to Red China not to carry out its threat of attack against Nationalist-held islands in the Formosa Strait.

Red Blockade Tightens, Help May Be Needed On Formosa

TAIPEI (AP)—The Chinese Nationalists said today the Communist blockade of Quemoy is tightening and they soon may need help to keep their supply lines open. Rear Adm. Liu Hoh-tu, chief Nationalist military spokesman, refused to tell newsmen whether U.S. warships might be asked to escort supply convoys to the islands just off the Communist mainland. There have been persistent rumors that ships of the U.S. 7th Fleet would soon start escort duty to the offshore islands. Dispatch of U.S. vessels to guard Quemoy-bound convoys would send the ships across Red China's new 12-mile sea limit. The Peiping government has indicated it would regard such action an invasion of its territory. Liu's remarks followed Thursday's reported U.S. decision to help defend Quemoy and Matsu against any Communist invasion—possibly by bombing Red bases on the Chinese mainland. The Chinese Nationalist Foreign Ministry, which has flatly rejected Red China's new sea border,

Newsman Gives Description Of Far East Isles

By SPENCER MOOSA TAIPEI, Formosa (AP) — The two Far Eastern islands now at the center of world tension—Formosa and its outpost Quemoy—are about the size of Massachusetts, Connecticut and Rhode Island combined.

They contain a few million more people than those states. Formosa has a population exceeding 10 million, including an estimated 200,000 Chinese Nationalist soldiers. Quemoy is home for some 47,000 farmers and fishermen and the base of some 75,000 troops. The troops are trained by U.S. military advisers, equipped with American weapons and well officered. The basis of Nationalist President Chiang Kai-shek's army is the men who followed him to Formosa in 1949 when he lost mainland China to the Communists. But those men have grown older now and the average age of the army actually is lower because of replacement recruiting from residents.

The population on both Formosa and Quemoy appears always ready to celebrate Nationalist successes. There has been natural uneasiness over the Quemoy situation, but Communist surrender-or-die threats have met only defiance. Formosa's capital city is Taipei. Other major cities are Keelung, the seaport for Taipei at the northern end of the 240-mile-long island, and Kaohsiung on the southwest coast. Portuguese navigators in the 16th century gave the island its name of Formosa, meaning "beautiful." The Chinese name of Taiwan means "terra-cotta bay."

Quemoy, a dumbbell-shaped island of 50 square miles, lies 120 miles west of Formosa and within 5 miles of the Communist Mainland. Its name in Chinese is Kinmen, meaning "golden gate."

The Communist declaration was taken in some quarters here as an attempt to forestall U.S. 7th Fleet ships from escorting Nationalist supply vessels whose trips to embattled Quemoy Island have been curtailed by Red gunfire. The Nationalist defense headquarters reported that up to early afternoon only 60 Red shells had landed on the offshore islands. The previous day only 144 shells were reported. This was the quietest period since the Reds triggered the newest Formosa Strait crisis by losing a 58,000-shell bombardment on Quemoy and the neighboring Tan Islands Aug. 23. American newsmen back from a visit to Quemoy said damage from the two weeks of shelling was remarkably slight. Most of the Red gunfire has been directed at the shoreline and airfield where hits cause little damage and can be easily repaired, they reported. Vice Adm. Wallace M. Beakley, commander of the 7th Fleet, made an unscheduled arrival at Keelung and hastened to Taipei to confer with American and Nationalist leaders.

City Dads Make Counter Offer

Meeting Thursday night, the City Commission rejected the county's counter proposal on fire protection and made another proposal to the county asking for more money.

This proposal will be submitted to the commissioner's court probably Monday. This latest offer calls for a yearly payment to the city of \$12,000 for protection plus \$6,000 per year toward payment of a new truck until the vehicle is completely paid for. This offer was made by the city commissioners Thursday night at session on this matter alone. The group had been present at a larger meeting for discussion of a master plan and made the decision on the fire truck afterwards. Originally, the city had proposed to the county that the city provide fire protection for a flat fee or a pro rata share of cost—either way to cost the county over \$20,000.

This was rejected by the county last Tuesday, and a counter offer made: that the city receive \$6,000 per year for protection plus \$6,000 per year until a truck purchased is paid for. This morning, City Manager H. W. Whitney notified Judge R. H. Weaver of the city's latest decision and reported the formal proposal in writing would be dispatched for presentation to the commissioner's court at the next meeting.

Laughter Sends Robbers Running

NEW YORK (AP) — Anything that's funny rates a belly laugh in Brooklyn—even if it's funny-looking stickup men. So Mr. and Mrs. Frank Martin and neighbor John Maresta put down their coffee cups and burst into laughter when three would-be robbers wearing Halloween masks barged into the Martin kitchen Thursday night. The intruders—one brandishing a gun—didn't take kindly to the laughter. They made threats. Mrs. Martin, after her good laugh, didn't take kindly to the masked trio. "Get out of here now, or I'll call the cops," she snapped. Her ultimatum flustered the intruders. They got... Resting on the table near Mrs. Martin was her purse containing about \$100.

CAA Terminal Aid Is Out Of Picture

Howard County can expect no help from the Civil Aeronautics Administration in the construction of a terminal building and possibly hangars at the Howard County Airport.

This was made clear to R. H. Weaver, county judge, and Hudson Landers, county commissioner, by officials of the CAA in Fort Worth on Thursday. The explanation is simple—other than for funds already on hand and already earmarked for projects now under way, the CAA has no money. President Eisenhower's veto of the bill renewing the life of the national airport program struck out hope for additional funds for the CAA to use on civil airport programs. Weaver said the county has no alternative to financing its own building at the airport and that plans will have to be made in accordance with funds which may be available.

Iceland Claims Gain In 'War'

REYKJAVIK, Iceland (AP) — Icelanders claimed today they are winning their codfish war with Britain. Newspapers in Reykjavik headlined "The retreat of the pirates" and "The British are tiring."

The Coast Guard claimed it had intercepted short wave messages between British trawler crews indicating the British fishing vessels were growing weary and being chased by Icelandic gunboats and may pull out soon. Last Monday, Iceland extended her territorial waters from 3 to 12 miles to protect her fishing industry, while British fishing vessels contested the legality of the move by continuing to fish within the 12-mile limit.

Don't Be Shooting Any Fancy Parrots

DALLAS (AP)—If you see a fancy parrot in a treetop, don't shoot. It might be a sulphur-crested cockatoo which flew to freedom from the Dallas zoo today. The bird is valued at \$250.

CRAFT LASHED DOWN

Hundreds of small boat owners lashed down their craft and several larger vessels sought shelter in Corpus Christi Bay and the port turning basin. Light rain also fell in the lower Rio Grande Valley. Brownsville received .29 inch after 6 a.m. Friday and Raymondville .04. The Department of Public Safety said State Highway 146 had been closed by high water from Texas City to LaPorte. Also closed by high water was U.S. 87 from Sabine Pass to High Island. Heavy rain was falling in the area before noon. Winds already were rising along the Texas coast. Galveston near dawn reported northeast winds of 23 miles an hour with gusts up to 34 m.p.h. Houston had northeast winds of 22 m.p.h. with gusts up to 30. At Palacios, the northeast wind was 19 m.p.h. with gusts to 26. Corpus Christi has a north wind at 16 m.p.h.

Sweating Out The Storm

Sixty-one Navy planes of assorted types and models, put down at Webb AFB Thursday evening to sit out hurricane Ella. The planes, all from Kingsville Naval Air Station, were manned by 107 naval personnel. Webb and other facilities were made available and the Elks Club opened its doors to all the naval personnel. Among those arriving Thursday were Lt. (j.g.) R. G. Nevenswender, Cadet J. E. Baker, Midshipman E. J. Mertens, Cadet D. G. Giddens and Lt. (j.g.) H. W. Spann.

News Conference In Taipei

Vice Adm. Roland N. Smoot, center, top U.S. commander on Formosa, conducts a news conference in Taipei. He said American "help is coming" to meet the Chinese Communist threat to the Chinese Nationalist Offshore Islands. At left is Maj. Gen. I. Q. Doan. At right is Chinese Nationalist Rear Adm. Liu Hoh Tu, spokesman for the defense ministry.

Beating Food Index Saves Money, But Not The Flavor

WASHINGTON (AP) — Lady, if your husband grumbles about the household food bills, try beating the government price index.

Whether in time he'll also grumble about the dinners you serve is a matter of debate.

The index is the figure the government announces each month to show whether average prices have gone up or down. It's been pretty consistently up of late. Food is considered along with other commodities and services.

Officially labeled the consumer price index, it's often called the cost of living index. That nettles a lot of retailers. Supermarkets, for instance, contend that by selective buying you can eat just as well at no more cost than a year ago. They say the food price index is no true gauge of the cost of living.

Maybe it's not a true barometer

for any particular family at a given time, the government indexers concede.

But all it intends to show, they say, is the average change in price of the average market basket. They insist the index accurately depicts price trends.

Ewan Clague, who heads the Bureau of Labor Statistics, won't get into an argument.

"They emphasize the real bargains," Clague says of the food markets. "It's the old story that a very good shopping housewife can do better than the average."

The most recent food index, for July, stood at 121.7. This would indicate you paid \$1.217 for the same groceries that cost \$1.00 in 1947-49, starting point for the index. Clague's staff reached that figure by sampling prices in 46 cities.

Every month field agents check 90 items. These are rated in importance to reflect buying habits which the government found to prevail in a 1950 survey of families of wage earners and clerical workers with income of not more than \$10,000 a year.

All right, says Wallace N. Flint, vice president of the National Assn. of Food Chains, but: "People don't buy by the consumer price index."

Flint says the index may trace the price of sampled items but no more. If your wife is a keen shopper, he assures economy-minded husbands, she buys the bargain.

"They don't buy the high-price items," Flint says of household economizers. "But so far there has been no way in which the bureau has been able to give weight to the things she does buy."

Flint, a member of the Labor Department's Business Research Advisory Council, says newspapers emphasize climbs in the

price index but neglect to stress that wages of production workers also rise.

On today's earnings, Flint maintains, these workers may spend 16 to 18 per cent of their take-home pay and fill the same market basket that used up 25 per cent of earnings 20 years ago.

He argues the index list is too thin. Since supermarkets offer thousands of items, he says, the government ought to price more than 90 to give an accurate picture of what the shopper spends her money on.

All right, says Doris Rothwell in her turn, but those complaints don't mean there is anything wrong with the index. Miss Rothwell is chief of the Food Section in the bureau's Price Division.

She says government price watchers would check more items if they had more funds. What they do now, she explains, is follow the ups and downs of key items and assume that unchecked items move in the same direction as those sampled.

"We don't pretend to have a cost of living index for everyone," Miss Rothwell says. "The index shows the average price change in the market basket."

Toleration, Freedom Vastly Different, Kiwanians Told

Men should understand the important difference in the meaning of the two phrases "religious toleration" and "religious freedom," the Rev. Royce Womack, pastor of Wesleyan Methodist Church, admonished the Kiwanis Club on Thursday.

If real freedom on all levels is to survive it is not enough to tolerate religion of others; it is essential that each individual be free to worship entirely as his conscience dictates, Womack stated.

American ideals are founded on freedom and the cornerstone of the whole ideal is religious freedom. If religious freedom was world-wide and conscientiously recognized and accepted, much of the strife and conflict could be avoided, he believed.

The address was the club's observation of religious emphasis work—an integral part of the Kiwanis program.

Special guests of the day were Bill Battle and Huck Doe, who managed the Kiwanis Little League ball team this summer. The Kiwanis entry had a very good season and wound up in second place. The team won 12 of its 15 starts, the club was told.

This year's team comprised eight 14-year-olds and seven 13-year-olds. The managers, who have agreed to pilot the group in 1959, said they had the makings of a good team on hand. In 1957, the Kiwanis team lost 15 games in a row.

Dehydration Cause Of Infant's Death

SAN BERNARDINO, Calif. (AP) — An autopsy disclosed yesterday dehydration caused by 111-degree Mojave Desert heat killed a former Corpus Christi infant.

Michelle Regan, 8-month-old daughter of Mrs. Katherine Regan, 26, a divorcee from Corpus Christi, was found dead on the back seat of her mother's car Wednesday night.

Mrs. Regan was taken to a hospital in shock. Her two other children, Sandra, 6, and Rodney, 5, were treated for heat exhaustion. Mrs. Regan told authorities she became lost on desolate desert roads while en route from Texas to her parents' home in Baldwin Park, Calif.

Like Ends First Vacation Week

NEWPORT, R.I. (AP) — President Eisenhower, ending his first week of vacation, plans another round of golf today.

Eisenhower arranged to play the Newport Country Club course for the sixth time since he arrived in the New England resort area for a stay of indefinite duration.

He came to the U.S. naval base here a week ago today and has golfed every day but one—Wednesday, when he went deep sea fishing.

Yesterday he played 18 holes in the afternoon after discussing the China crisis with Secretary of State Dulles.

He golfed with two newcomers to his vacation retreats John-Hay (Jack) Whitney, U.S. ambassador to Britain, and old friend William E. Robinson of New York, president of the Coca-Cola Co.

The other member of the foursome was another old friend, George E. Allen, Washington businessman and Gettysburg, Pa., neighbor.

Support Sewell

WAXAHACHIE, Tex. (AP)—R. R. Stoker, chairman of the Ellis County delegation to the Democratic convention in San Antonio Tuesday, announced yesterday his group's support of Dist. Judge Jim Sewell of Navarro County for convention chairman.

Killed In Mishap

EASTLAND, Tex. (AP)—A pickup truck driven by Mrs. R. C. Koerner of near Ranger, Tex., overturned near here yesterday and killed her son, Royce, 13. Mrs. Koerner, 45, was injured.

Polar Crews Select Beauty As Their Queen

LITTLE AMERICA, Antarctica (AP) — The men down here have a fresh set of pinups. And their favorite is Miss Massachusetts.

After heated electioneering in 67 below-zero weather, they picked Patricia Nordling of Lexington, Mass., as Miss Little America of 1958.

Miss Nordling, 20, 5 feet 6, 132 pounds, 36-23 1/2-36, gets a silver penguin trophy in ceremonies today at Atlantic City, N.J., where she is competing for the Miss America title to be awarded tomorrow night. The men chipped into a collection to buy the statuette.

It was a close race. At the end of the final voting Miss Nordling, a blue-eyed brunette, was tied with Patricia Eaves, 18, 5 feet 6, 120 pounds, 36-24-36, a hazel-eyed blonde from Cookeville, Tenn. Miss Nordling won the runoff.

In all, 109 men spending the icy winter in the antarctic as part of the International Geophysical Year participated in the voting — 82 Navy personnel, 23 U.S. IGY observers and four foreign scientists, from Russia, France, Argentina and Australia.

They made their selections from Associated Press pictures of the various state winners, transmitted to the antarctic by Paul P. Blum, operator of amateur radio station W2KCR in North Syracuse, N.Y. Blum, a parts buyer for General Electric by day, has transmitted hundreds of news pictures, photos of wives and new babies, and more than 5,000 personal messages in nightly broadcasts over the past two years.

Other finalists were Mary Elizabeth Morin, 18, Manchester, N.H.; Gene Lenoir Wilson, 18, Charleston, S.C.; and Donna Juanita Riggs, 20, Phoenix, Ariz.

The men did not know the names of the girls or the states they represented until the balloting was over. Pictures were numbered, and all they had to guide them were the vital statistics.

Miss Nordling is a junior at Lasell College for Women, Auburndale, Mass., taking a pre-nursing course. Her hobby is music; she has studied voice, piano and modeling, and her favorite sport is water skiing.

After the results were announced, and the men had calmed down, the operator of radio KQ4USA, Navy radioman Russell A. Whitman of Hancock, Mass., messaged Blum and the Associated Press:

"It has been just what the doctor ordered for us. The moral here has really gone sky high. It has added pleasure to our otherwise routine life. Thank you."

British To Build First Superhighway

LONDON (AP) — The British, never known as a people in a hurry, have started their first major innovation in road building since the Romans gave them a highway system almost 2,000 years ago.

They're now building their first major multilane superhighway—a 71-mile, almost dead straight ribbon of road linking London with the industrial Midlands.

Hears Case

Federal District Judge Albert V. Bryan poses in his chambers at Alexandria, Va., before hearing arguments for a second day on the issue of whether 30 Negro students should be admitted to Arlington County, Va., all-white schools.

7 Votes Due On Farm Programs

WASHINGTON (AP)—Farmers will be busy this fall voting on farm programs.

The Agriculture Department will conduct seven votes. Six will determine 1959 crop programs and the seventh, on corn, will apply for an indefinite future period.

The referendum will determine grower attitude toward continuing federal marketing quotas on upland cotton, long-staple cotton, flue-cured tobacco, Maryland type tobacco and cigar type tobacco.

In the other election, growers will decide whether they want to continue the present program for corn providing for planting allotments on a program eliminating allotments and providing for lower price supports.

Officials said the referendum will be held before mid-December. Definite dates have not been set.

Dog Awarded Medal For Saving Lives

SAN PEDRO, Calif. (AP)—"Katie saved our lives twice. If she hadn't aroused us, we would've died in bed. Then we passed out, and we would've died there on the floor if it hadn't been for her."

Katie is a dachshund — and a brave one. She won a medal and a citation for distinguished dog heroism yesterday for her courage the night she saved her owners, Capt. and Mrs. Victor H. Vogel, from carbon monoxide poisoning.

A faulty flue on a new furnace sent fumes into the home here where the U.S. public health officer and his wife were asleep last Dec. 13. Katie somehow knew the odorless gas was filling the house.

"We had her in a bedroom near ours because she had a new litter of eight puppies," said Capt. Vogel. "In the night she started making such a disturbance she woke us up and my wife went to see what was wrong."

"My wife said she felt sick. I jumped out of bed and caught her as she fell—and then I passed out too."

"The next thing I knew, Katie was jumping all over Mrs. Vogel and me, licking our faces and nuzzling us. I got up and managed to open a French door and we dragged ourselves outside."

Then, as Vogel lay in a half-faint on the lawn, Mrs. Vogel remembered the puppies. She reentered the gas-filled home and brought them safely out in a waste basket.

Firemen gave the Vogels oxygen and they recovered. So did Katie and her puppies. Yesterday, at fire headquarters, Katie — pedigree name Kandi Kate — got her reward.

Officials of a dog food firm gave their national dog bravery award to Katie. "She can't read the citation," said Vogel. "But she can sure use the rest of the award."

The award included 50 pounds of dog food.

Too Tired, Maybe

SANTA MONICA, Calif. (AP)—Her husband spent three nights a week lifting weights in a gym—but he wouldn't even help me carry the groceries upstairs," a pretty redhead testified in divorce court. Mrs. Shirley Mae Brunfield, 23, a secretary, won the divorce from her husband, Paul, 25.

New Tools, Same Function Is How Nimitz Sees Atom War

BERKELEY, Calif. (AP)—Nuclear warfare to a veteran of 57 years active naval service, Fleet Adm. Chester W. Nimitz, means new tools with the same function.

Contemplating the anniversary of his appointment to the Naval Academy at Annapolis Sept. 7, 1901, the white-haired World War II commander of the Pacific scanned the foggy Golden Gate from his sunny garden home in the Berkeley Hills and offered some discerning thoughts on nuclear weapons and missiles and atomic-powered submarines.

"I've seen the nucleus of the Navy change from the battleship to the aircraft carrier — the most concentrated unit of power we have now — and I hesitate to say what the Navy will be built around in the years to come."

The 73-year-old admiral, famed in World War II for his sound judgment and tactical skill, recalled he was given his first submarine command, the Plunger, in 1909.

"The submarine is the one type of vessel in our Navy today that is least vulnerable to nuclear attack," he said. "And the advent of nuclear power has tremendous implications for us."

Patrolman Shot In Arm In Scuffle

HOUSTON (AP)—A State Highway Patrolman was shot in the shoulder as he scuffled with a youth, 18, in a parking lot yesterday.

Police said the youth identified himself as Charles Knotts, a sailor stationed at New Orleans.

No charges have been filed. Police said the youth signed a statement in which he said the shooting was an accident.

Highway Patrolman Raymond Robins, 34, was reported in good condition.

Police Capt. K. B. Hallmark gave this account:

Robins answered a radio call that a stolen automobile had been spotted. He chased the car and forced it toward the curb but the driver swung into a parking lot and drew a .45 pistol.

The two scuffled and the gun went off. City Police Sgt. E. Redden helped disarm the youth.

ly increased the offensive power of submarines.

"They are much faster, dive deeper and have much greater ability to evade attackers than the old submarines."

"If you try to visualize the Navy in the years to come you can bet there'll be submarines."

"And you can be sure there will be small combat ships — destroyers and escort types — because for the discernable future the commerce of the world is going to be carried in surface ships."

"The aircraft carrier, like any surface vessel, is vulnerable to nuclear weapons but, because of its speed and mobility, it is very difficult to find the carrier."

The admiral, who recently cruised off the California coast in the Nautilus, was high in his praise of this atom-powered submarine and her sister ship, the Skate, for their sensational voy-

Wives Threaten Own Picket Line

BEAUMONT (AP)—Wives of workmen in this area threatened today to set up pickets in front of carpenters' union halls in an effort to halt a strike which has idled their husbands.

Mrs. J. A. McCroskey of nearby Nederland said her group of pipefitters' wives has been joined by wives of electricians, operating engineers, laborers and welders.

"Husbands of these women have been idled since July 14 by the carpenters' picket lines on all area projects," she said last night.

"We will start our own picket lines Monday morning."

She said the women would picket carpenters' halls in Orange, Port Arthur and Beaumont and would picket the carpenters' pickets at some of the projects.

Mrs. McCroskey said the women protested to Avrie Wheeler, chairman of the Sabine area Council of Carpenters, Tuesday but nothing came of it.

The Sabine Area Construction Committee, a contractors' association, offered the carpenters a 2 1/2 cent an hour raise and the union asks 3 1/2. Carpenters now get \$2.97 an hour. The SACC handles mainly industrial construction jobs.

Doolittle On Space Panel

NEWPORT, R.I. (AP)—President Eisenhower today picked Lt. Gen. James H. Doolittle (ret.) and three others to serve on the new Civilian Space Agency Council.

The nine-member Council, headed by the President, has the job of developing a space age program coordinating the activities of all federal agencies concerned with the matter.

Eisenhower also selected for the council: William A. M. Burden of New York, who in 1943-47 was assistant secretary of commerce for air. He served in 1950-52 as a special research and development assistant to the secretary of the Air Force.

Dr. Alan T. Waterman of Westmoreland Hills, Md., director of the National Science Foundation. Dr. Detlev M. Bronk of New York, president of the National Academy of Sciences. He also heads the Rockefeller Institute of Medical Research.

Eisenhower gave recess appointments to Doolittle, who has served as chairman of the National Advisory Committee for Aeronautics and to Burden. That means their nominations, which are subject to Senate confirmation, will go to

Congress when it reconvenes in January. Waterman and Bronk, already in government positions, were appointed outright.

Other members of the Council are: Secretary of State Dulles; Secretary of Defense McElroy; T. Keith Glennan, chief of the new space agency; and John A. McCone, chairman of the Atomic Energy Commission.

The Council was created by Congress in legislation approved at the last session.

Texas City Delays Bond Election

TEXAS CITY, Tex. (AP)—A \$775,000 bond proposal election scheduled for Saturday has been postponed until the November general election.

Mayor Jack Godard said yesterday the postponement resulted from an oversight in which notice of the election was not authorized until four days after the legal deadline. The bonds were for street improvements and a traffic control system.

Up for a vote Saturday will be one item—a proposed urban renewal project.

Drying Garden Material Described For Spaders

Drying materials for winter flower arrangements was discussed for members of the Spaders Garden Club Thursday afternoon. The group met in the home of Mrs. Earl Burnett.

lecting flowers which are from half to three fourths open; she also advised picking them in the heat of the day to insure the lowest moisture content.

A report of the meeting of the Council of Big Spring Garden Clubs was given by Mrs. Smith, who told members of the Flower Show School, No. Five to be presented Sept. 29-Nov. 1. Location for the school is to be announced.

Lomax HD Club Plans Inventory Of Center

An inventory of the community center at Lomax will be taken some time soon, it was decided at a meeting of the Lomax Home Demonstration Club Thursday afternoon in the home of Mrs. Cecil Long. Date for the inventory is to be announced.

the devotion, was elected delegate to the HD Council. Alternate will be Mrs. Gene Perry.

Plans were also discussed for having a Halloween carnival as a means of raising funds. The group will continue with the projects being carried on at the center in the way of improvements.

Elected president for the coming year was Mrs. Waymon Etchison; vice president will be Mrs. Wiley Williams and Mrs. L. G. Adkins will serve as secretary-treasurer. Mrs. Raymond Phillips will be reporter.

College Girls Given Ice Cream Supper

GARDEN CITY—Sandra Cleveland entertained some of the girls going to college with an ice cream supper recently. Those attending were Kay Mitchell, Marceline Gill, Jackie Wilson, Latrell Venable and Brenda Cypert.

FORSAN — Lt. Arlen White is visiting his mother, Mrs. W. J. White, and his brother, George. The guest has finished his basic training at Camp Barrett, Quantico, Va., and will soon report to the Marine Base at Oceanside, Calif.

For Dating

Air Force blue wool crepe is a good choice for a date or tea dress. The semi-empire front with self bow trim has bateau neckline and the slit, bloused back, darted low at the hipline. It is also trimmed with a self bow at neck. The inside back bodice is fitted and closed with zipper to hold the shape of the dress. Three-quarter length sleeves and slim skirt with inverted back pleat at the hemline complete the design.

Tommy Henry visited in Odessa Wednesday. Guests of the Rev. and Mrs. James Futch have been her parents, Mr. and Mrs. F. B. Harris, George and Lawrence of Kellum. Mr. and Mrs. Frank Philley and daughters are at home after a vacation trip to San Antonio, Freer, Corpus Christi, Rockport and Abilene.

1446 12 1/2-24 1/2 WITH THE NEW PHOTO-GUIDE Side-Buttoner

If you wear a half size, don't delay making this smart new frock for your fall-into-winter schedule. New side buttoning and distinctive collar treatment.

Send 35 cents today for your copy of Home Sewing for '58. A complete sewing magazine for every woman who sews for herself and her family. Gift pattern printed inside the book.

Lutheran Workers Hear Goal Outline

The Lutheran Parish Workers heard an outline of the goals for the St. Paul's Lutheran Church Thursday evening when they met at the home of Mrs. James Weber. Speaker for the evening was the pastor, the Rev. Wayne Dittloff, who outlined the aims on a monthly basis. Mrs. Halverd Hansen was in charge of the meeting.

Guests, Vacations Make Ackerly News

ACKERLY — Mr. and Mrs. Pete Gregg of El Paso were recent guests of her parents, Mr. and Mrs. Dolph Rasberry. The Bruce Crains and Mrs. George Schaar have been visiting in Tulsa with Mr. and Mrs. Charles Wilkerson and in Happy with Mr. and Mrs. A. E. Cannon.

En route to El Paso, where they will attend school, Mr. and Mrs. John Sickle of Albany, were guests of her parents, Mr. and Mrs. J. C. Niblett.

Will Fete Teachers

Officers of the Coahoma P-TA will host a tea Sunday afternoon, honoring the teachers of Coahoma and Midway. The public is invited to attend between 3 and 5 p.m. at the Coahoma school cafeteria.

Gray Lady Course At Webb AFB Scheduled

Another class for Red Cross Gray Ladies at Webb Air Force Base is being planned for Sept. 16, 17, and 18, with the place to be selected later, it has been announced by Mrs. R. N. Rhodes. Time for the meetings has been set for 1 to 3 p.m. each of the three days; a free nursery service is scheduled for all women taking the course.

Mrs. Potter Compliments Bride-Elect

Nancy Newsom was complimented Thursday evening at a bridal shower given by Mrs. Ernest Potter, who used a color scheme of pale pink and Nile green.

Mrs. Newsom, daughter of Mrs. R. L. Newsom, 1600 Donley, and the late Mr. Newsom, is to be married Sept. 19, to Robert Cobb. He is the son of Mrs. Dalphine Swartz of Phoenix, Ariz.

Mrs. Jim Newsom presided at the register, which about 50 guests signed. Pennie Newsom, sister of the honoree, and her cousin, Shirley Patterson, assisted in serving.

The tea table, covered in lace over green, held a centerpiece of pink gladioli. A decorated cake, frosted in pink, was lettered with the names of the betrothed couple surrounded by pink and green frosting roses.

Shower Surprises Mrs. G. Daniels Jr.

Mrs. G. W. Daniels Jr. was the surprised honoree at a pink and blue shower Thursday evening, when friends gathered at the home of her mother-in-law. Joining the senior Mrs. Daniels were Mrs. R. R. Cross and Mrs. R. L. Baker.

Mrs. Brown Hosts Ruth Class Party Fifteen members of the Ruth Class, Park Methodist Church, met Thursday evening at the home of Mrs. Marshall Brown for the monthly social and business session.

Luther Visitors

Neil Spencer of Luther had as guests recently his brother, Lt. Don Spencer and family. An intelligence officer in the USAF, Lt. Spencer has completed his pilot training at Goodfellow AFB in San Angelo and has been assigned to a C-131 plane at Travis AFB near San Francisco. He will report for duty there by Sept. 15.

AAUW Will Launch Membership Campaign

Members of the American Association of University Women, meeting Thursday evening at the HCCJ music building, devoted the period to mapping plans for the annual membership reception. Nell Brown was named chairman of arrangements.

The event, scheduled for 4 p.m. Sept. 20 at the music building, will have prospective members as honored guests. For the program, Joyce Howard and Ira Schantz will relate highlights of their tour of Europe this summer as members of the 88-voice All America Chorus. They will also sing selections from the repertoire.

OWC Meets Candidates For Offices

At a luncheon given Thursday for the Officers Wives Club, candidates for the various offices were introduced. The election of leaders will take place at the next business session which will be held in October.

The program for the afternoon meeting, which took place in the Officers Club, was the showing of slides dealing with home decorations in foreign countries. Included were scenes of Danish, Spanish, and Austrian homes.

Featuring the theme, World Travel, the head table was decorated with a globe based in white chrysanthemums and gladioli. The floral centerpiece was awarded to Mrs. W. R. Keith.

Col. Kyle Riddle, base commander, told the group of the facilities and operation of the nursery. Announcement was made of the family course which will be given Sept. 15-18 in Bldg. T-240 from 8:45 to 11:30 a.m.

Bauer P-TA Tea Honors Teachers

Teachers at Bauer Elementary School were honored at a tea Thursday afternoon by the Bauer P-TA. Among the honorees were eight new faculty members. Official colors of blue and yellow predominated in the table decor. The cloth of yellow lace was underlaid with blue, and napkins in yellow bore lettering.

Lazy Gardener Should Enjoy Growing Peonies

By MARY COCHRAN If you are a lazy gardener, peonies are the flower for you. They are very easy to grow and, with little attention, go on for generations in the same place blooming every spring, year after year.

above the ground. Pests and disease may lurk in the old leaves so carefully burn them: The plants are usually free of disease but may have betrytis blight; this attacks the buds usually, though it can hit the flowers and stems. Cut off all diseased areas and burn. A fungicide spray is recommended. Use it when the plants break through the ground in the spring, again when the plants are half grown, and then just before they bloom.

Rose, Cream of Hamburg, and Goldimere.

Don't overlook all the new varieties. Experiment with them and enjoy the benefits of lazy gardening with peonies.

This plant can be purchased with a blooming period "early," "midseason" and "late." This will enable you to have continuous blooming through the spring, if you select a variety of each.

Thrips will attack sometimes and produce brown edges on the petals; control with DDT or lindane. If rose chafers (tan, long legged beetles) are on the blooms, use DDT for control.

There are five different types of herbaceous peonies on the market. The most popular are the old double variety where the petals form a solid cluster that hide the stamens, to create a globular shape. Singles have a prominent center of pollen-bearing stamens with a fringe of petals.

Disbudding is recommended for larger blossoms. Pinch out all except the central, or largest bud of the cluster. The top buds of the bush may be pinched off to control the shape of the whole plant, producing a rounded outline.

Planting is done this month so the peonies will be well established before cold weather. Choose a site where they have never grown before and where they will get sun most of the day. Choose a place for them that will be permanent, for this flower resents being moved and will produce better and more blooms when it has matured in one spot for several years.

For landscaping, good companions are delphiniums and pinks. They all bloom at the same time and like the same kind of soil. The colors range from white through pink to red, with yellow tones in some of the newer varieties. It is almost impossible to create a color combination that will clash.

Any good garden soil will do, but these plants are especially fond of humus. Space your peonies 3 to 5 feet apart in well drained soil, in a hole 18 x 18 inches. Bone meal or well rotted manure, 1/4 cup to the hole, is placed in the bottom and mixed with the soil.

Some peonies that have done well in our vicinity are Edulis Superba, Mons. Jules Elie, Festa Maxima, and Duchess De Nemours in the early blooming class.

Peonies will not bloom if the buds or eyes on the crown are more than 2 inches below the surface. Measure carefully by placing a stick or shovel across the hole at ground level to determine the exact depth while planting; setting it shallow rather than deep.

Back peonies with shrubs and provide an accent planting at each end of a bed to create a focal point in the garden. They also look well along a fence or in a mixed border. Specimen plants will be enjoyable near a doorway or other prominent place close at hand.

Peonies will not bloom if the buds or eyes on the crown are more than 2 inches below the surface. Measure carefully by placing a stick or shovel across the hole at ground level to determine the exact depth while planting; setting it shallow rather than deep.

Late bloomers are Karl Rosenfeld and Albert Crousse. Mid-season varieties are Felix Crousse and Sarah Bernhardt. Other hardy West Texas varieties are Frankie Curtis, Harry L. Richardson, Last

in the fall, when the plant has died down, cut off the foliage just

Welcome Coffee

Wives, Past And Present

Mrs. Mary Hargitay, left, pictured in Los Angeles, Calif., court where she testified she agreed to give her husband Mickey Hargitay a quiet divorce two years ago without mentioning the girl he was keeping company with, actress Jayne Mansfield. Hargitay and the actress, now married, appear in court at right. Mrs. Hargitay No. 1 is asking a court order for \$415 a month child support. She said the actor-muscle-man has been contributing up to \$250 monthly.

Daniel Needs FIA To Control Meet, Yarborough Says

AUSTIN (AP)—A newly organized group, Freedom in Action, will be needed by Gov. Daniel to control the Democratic Convention next week, Sen. Ralph Yarborough said last night. "Gov. Daniel has his own support," Yarborough said in an interview.

"But I think FIA has more delegates. Our survey shows that if the governor gives in to this group he may gain control of the state convention but the FIA's code puts them over the Democratic Party." Yarborough said he did not know how any Democrat could join the FIA which he said seeks to destroy the Democratic Party. "FIA is aimed at the destruction of the Democratic Party in Texas. Their code puts them over the party," he said. An ultraconservative group, Freedom in Action is headed in Texas by Dean Abner McCall of the Baylor Law School. The organization claims to be non-partisan and asks its members to work through their own parties to fight Communism, support the American way of life and the U.S. Constitution.

FIA Executive Secretary Jack Cox has said FIA won Travis County's convention and helped conservatives win in El Paso, Corpus Christi and Dallas. The organization is setting up offices throughout the state.

3 Polio Cases
HOUSTON (AP)—The City Health Department reported three new paralytic polio cases yesterday. Only one had received Salk vaccine, one shot a year ago.

Shot In Head
DALLAS (AP)—Ernest Rodriguez, 21, shot in the head Tuesday while playing with a revolver, died yesterday.

American Legion Ends Convention

CHICAGO (AP)—The American Legion ended its 40th annual convention yesterday, electing Preston Moore of Stillwater, Okla., its new national commander and affirming its traditional condemnation of communism. The exodus of thousands of Legionnaires left Chicago's Loop with the comparative quiet of everyday business. Hours-long parades, antics of delegates and whoops, sirens and bells had lent a carnival atmosphere to the city the last 10 days.

Moore, 38, a lawyer and World War II Army Air Force veteran, was elected by a margin of nearly 5-1 to head the Legion, which now claims 2,700,000 members.

In his acceptance speech, Moore said the United States must take the offensive in the struggle between the free world and communism.

"We must rid American of the defeatist, destructive philosophy that we can only defend against communism," he said. "Clearly, we must seize the initiative if the cause of freedom is not to be lost ultimately and completely."

Before the election, the delegates whipped through a host of resolutions. Among them, the Legion called for U.S. military strength second to none; condemned Communist activities in

Cities, Highway Agents To Study Road Dividers

In an effort to standardize highway dividers in Texas cities, the State Highway department has joined the League of Texas Municipalities in formation of a committee to work toward uniformity. The committee, composed of seven municipal officials and seven highway department engineers, will establish warrants for the design of urban medians taking into account both traffic needs and the welfare of the urban community. The municipalities are represented by Dick Pepin, Odessa city manager; Gene Maier of Houston, Albert Rolling of Arlington, Drahn Jones of Corpus Christi, Marvin Springer of Dallas, Lynn Andrews of San Antonio, and George Dieter of Waco.

Highway personnel are C. W. Smith of Amarillo, Thomas Collier, Waco; W. E. Carmichael, Houston; F. M. Davis, San Antonio; G. A. Young, Atlanta; J. F. Snyder, Pharr; and W. R. Frey, highway department urban engineer at Austin.

DeWitt Greer, state highway engineer, said that there is a wide variation in the shape and dimensions of highway divider strips placed by the highway and an even larger assortment built by different cities. This creates the necessity of establishing certain criteria to control variations.

Hoffa Postpones Convention Ruling

WASHINGTON (AP)—Teamsters chief James R. Hoffa has postponed a decision on whether to call a union convention which could free his union from a court-appointed monitoring board.

Objections to the plan by the monitors themselves led Hoffa yesterday to announce a Sept. 16 meeting of the union's International Executive Board and the monitors to discuss the proposed convention.

Under terms of the court order by U.S. Dist. Judge F. Dickinson Letts, which set up the monitoring board, the union can get the monitoring board dissolved by holding a convention any time after next January and electing officers again. The election would be supervised by the monitors.

Letts set up the monitor arrangement as part of a compromise settlement of a lawsuit challenging Hoffa's right to become Teamsters president last year.

Martin F. O'Donoghue, chairman of the monitor board, earlier had protested Hoffa's announced plan to outline his convention plans to the union's Executive Board yesterday. O'Donoghue said the monitors should be consulted first.

No observer doubted that Hoffa could win re-election at a special convention. Reportedly, his plan is to call a convention in February, get himself re-elected, and then ask the court to end the job of the monitors.

O'Donoghue consulted with Judge Letts on monitor powers and complaints that Hoffa is not following through on monitor cleanup recommendations.

After the two-hour session, also

Retiring Aide Due Service Award

WASHINGTON (AP)—Hatfield Chilson, retiring Under Secretary of the Interior, receives today the department's distinguished service award.

Thirty-two other employees and former employees of the department were also chosen for distinguished service awards.

Chilson was cited for invaluable service in advancing the department's programs to conserve and develop the nation's resources in the fields of helium conservation, fish and wildlife and Indian resources.

Those receiving distinguished service awards included: Ellis Frost Jr., Amarillo, Tex., and Cedric Landon, San Antonio, Tex.

Cerebral Palsy Center To Have Conference

An informative program is planned for the parents group and visitors to a meeting held at the Cerebral Palsy Center at Midland Sept. 9, next Tuesday.

The center is located at 2111 W. Ohio St. in Midland. Meeting will start at 7:30 p.m. and will terminate at 9:30 p.m.

During the meeting's program, a movie "Reach For Tomorrow" will be one of the special features. Refreshments will be served, and a nursery will be provided for children.

Anyone in the area is invited to attend. The palsy center is sponsored by the Children's Service League of Midland.

Miss Helen Kilbourne is the center's physio-therapist.

LEGAL NOTICE
THE STATE OF TEXAS
To Joe Billy Croft, Defendant (s), Greeting:
You are hereby commanded to appear by filing a written answer to the Plaintiff (s) Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 20th day of October, 1958, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.
Said Plaintiff (s) Petition was filed in said court, on the 2nd day of July, A.D. 1958, in this cause numbered 11,399 on the docket of said court, and said Plaintiff (s) Petition (s), vs. Joe Billy Croft, Defendant (s).
A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges legal marriage, resident in the state of Texas for one year and resided in Howard County for more than six months. Grounds: Cruel treatment. Plaintiff asks for care, custody, and support of said child, age 2 1/2, and Domestic, age 1 1/2. No property and plaintiff prays for divorce, as is more fully shown by Plaintiff (s) Petition on file in this suit.
If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
The officer executing this process shall promptly execute the same according to law, and make due return to the law direct.
Issued and given under my hand and the seal of said Court, at office of Big Spring, Texas, this 3rd day of September, A.D. 1958.
Attest:
WADE CHOATE, Clerk,
District Court, Howard County, Texas,
By Freda Donica, Deputy,
(deaf)

St. Paul Presbyterian To Install New Deacons

St. Paul Presbyterian Church will have special services Sunday morning to install four new members of the board of deacons.

The Church of the Nazarene is continuing its revival with the Rev. W. T. White of Oklahoma as evangelist, and Trinity Baptist is starting a one-week evangelistic meeting.

Baptist
The Rev. J. H. Williams, pastor of Calvary Baptist Church, will preach Sunday on "The Presence of God", Ex. 33:15, and "The Unprofitable Servant", Gen. 49:4. Sunday will begin a weeklong revival crusade at the Trinity Baptist Church, with the Rev. Johnny

Ramsey as evangelist. The 25-year-old preacher is pastor of Fort Worth's Rolling Hills Baptist Church and conducts many revivals throughout the year. Services will be held daily at 7:30 p.m., and the public is invited to attend. The Rev. L. J. Power is pastor.

Continuing the series of sermons on the Book of Ecclesiastes, Dr. P. D. O'Brien of First Baptist Church will preach at the 8:45 a.m. worship service on "What's the Use?" Eccl. 3:22. At the 11 p.m. hour he will bring a message on "Parental Responsibility", 2 Kings 4:26, and Sunday evening his sermon will be "There's One Missing", Luke 15:4. Baptismal services will follow.

The Rev. D. R. Philley, pastor of Phillips Memorial Baptist Church, will offer messages on "God said . . . And It Was So," Gen. 1, and "The Joy of Salvation" 1 Thes. 5:16.

At Northside Baptist Church, the Rev. R. B. Murray has announced as his morning subject "The Church and Its Officers". The Rev. A. R. Posey will preach on Baptist Doctrine Sunday morning at Baptist Temple.

"Concerning the Collection" and "The Stewardship of Self" will be the sermon topics of the Rev. H. L. Bingham for Hillcrest Baptist Church.

Catholic
Mass will be said by the Rev. Fr. William J. Moore at 7 a.m. and 11 a.m. at St. Thomas Catholic Church. Confessions will be heard from 5:30 to 6 p.m. and 8 p.m.

REV. JOHNNY RAMSEY

**Trinity Baptists
Beginning Revival**
The Rev. Johnny Ramsey, pastor of Rolling Hills Baptist Church in Fort Worth, will be evangelist for a revival crusade to be launched Sunday at Trinity Baptist Church. The services, scheduled through Sept. 14, will be conducted daily at 7:30 p.m., and the public is invited to attend, says the pastor, the Rev. L. J. Power.

Christian Science
Man's fundamental right to freedom from all kinds of bondage will be explained in the Lesson-Sermon entitled "Man" at Christian Science services Sunday.

Church of Christ
T. E. Cudd, minister of the Main St. Church of Christ, will speak on "The Peril of Easy Formulas" and "God Hath Spoken."

Lutheran
The Rev. Wayne Dittloff will bring the message at the 10:30 a.m. worship service at St. Paul's Lutheran Church. Sunday school and Bible classes are set for 9:30 a.m.

Methodist
At the First Methodist Church, Dr. Jordan Grooms will preach on "Our New Standing", Sunday morning. A Chimes Gounod composition, "Blessed Is He," will be sung by the choir. At the evening hour, the message will be "When God Takes A Chance." Sunday will be annual roll call at the church.

Episcopal
The Rev. William D. Boyd, rector of St. Mary's Episcopal Church, 10th and Goliad, has announced the schedule of Sunday services. Celebration of Holy Communion at 7:30 a.m.; family worship at 9:15 a.m.; and morning services at 11 a.m.

Gospel Tabernacle
Noah Tuttle, pastor of Big Spring Gospel Tabernacle, 1905 Scurry, announces the schedule for services this week. Sunday school is at 9:45 a.m. with morning worship at 10:45. The evening worship service will be at 7:45. Thursday night Bible study begins at 7:45 as does the Saturday night prayer meeting.

Latter-Day Saints
The Church of Jesus Christ of Latter Day Saints hold services at the 1007 Hall, Ninth and San Antonio Sts. Priesthood, 9:30 a.m.,

Pentecostal
Worship services at United Pentecostal Church, 15th and Dixie, will be held at 11 a.m. and 7:30 p.m. by the pastor, O. F. Viken. Sunday school is at 10 a.m. and the young people's meeting at 6 p.m.

Presbyterian
Dr. R. Gage Lloyd's sermon Sunday morning to the First Presbyterian Church will pose the question "Who Are You?" In the evening he will begin a series of sermons on the minor prophets, this one entitled "The Voice of Haggai." The Children's Choir will bring special music. Dr. Lloyd this week returned from a vacation in Mexico.

7th Day Adventist
Services of the Seventh Day Adventist Church will be at 2:20 p.m. Saturday, followed by church services at 3:30 p.m.

Webb AFB
Chaplain Verlin E. Mikesell will have charge of Protestant services at 11 a.m. Sunday in the base chapel. Communion will be observed following the worship service. Sunday school will begin at 9:45 a.m. in the chapel annex, with adult discussion groups at 10 a.m.

Catholic Mass will be at 9 a.m. and 1:45 p.m. Sunday. Confessions will be heard from 7 to 8 p.m. Saturday.

**3 People Killed
In Highway Crash**
HEMPSTEAD, Tex. (AP) — A Utah couple and a Monaville man were killed by a two-car collision near Monaville yesterday.

Dead were Mr. and Mrs. Herman Light of Provo, Utah, and Roy Washington, 44, of Monaville. Deputy Sheriff J. B. Whitworth said it was undetermined how the wreck occurred but that it appeared to be head-on.

Grown-Up Kids
ANAHEIM, Calif. (AP) — The 2,232,650 visitors to Disneyland during the summer season—a new attendance record — ran true to form: The adults outnumbered the kids, 3½ to 1. This ratio has remained constant since the big amusement park opened in 1955, spokesman said.

Justice in Daily Work
THE BIBLE TEACHES THE IMPORTANCE OF LABOR IN GOD'S WORLD
Scripture—Exodus 20:9-10; Nehemiah 5-6; Ecclesiastes 9:10; Ephesians 4:28; Colossians 3:23-4:1; 2 Thessalonians 3:6-12.
By NEWMAN CAMPBELL
THE YOUNGER children might be introduced to this lesson by asking each one what part he or she takes in the duties in the home. Most of them doubtless have certain tasks assigned to them to be done regularly and are expected to do them as well as their age or abilities permit.
"This is good. It teaches them responsibility, a sense of belonging and helpfulness. The happiest homes, I think, are those in which all the family shares the work, each doing his special tasks willingly and well."
But rest is important, too. The commandment says: "Six days shalt thou labour, and do all thy work. But the seventh day is the Sabbath of the Lord thy God: in it thou shalt not do any work."
Exodus 20:9-10. Wise is the family that obeys this commandment, that they may worship and relax on the Sabbath day for the next week's labor.
"The older classes should be reminded that the Bible speaks to

against these enemies. Nehemiah said to the people, "The work is great and large, and we are separated upon the wall, one far from another. In what place therefore ye hear the sound of the trumpet, resort ye thither unto us: our God shall fight for us."—Nehemiah 4:19-20.
So was opposition to the work overcome.
Today while many inventions lighten man's labors (and woman's, too), we still must work to earn our living, to raise families, and to live and use our modern equipment. And this is good, especially if we follow the words of Ecclesiastes 9:10: " whatsoever thy hand findeth to do, do it with thy might." There is nothing more satisfying than to do a job and know you have done it well, no matter how small or large the task may be.
In his epistle to the Ephesians, St. Paul says: "Let him that stole steal no more: but rather let him labour, working with his hands the thing which is good." If we could only teach those who steal

MEMORY VERSE
"Whatsoever thy hand findeth to do, do it with thy might."
—Ecclesiastes 9:10.

us of the realities of life, of things on this earth as well as things in glory. . . . It is a book of life, and among the things that fill our lives is work," Dr. Wilbur M. Smith suggests.
The Children of Israel were determined to rebuild their temple in Jerusalem. We have not space enough here to go into the details of this work, but with united effort they were able to accomplish the great task. How rewarded and joyous must they have been when it was finished.
All work well done is honorable and should be praised in our world as in those distant days. Many men and women labor at jobs that are hard, disagreeable and wearisome, such as men digging sewers and other excavations or working on high buildings where one careless step might cause a fall and death. Yet they work diligently and well to help the rest of us to live comfortably in this modern world.
A final word in our lesson from St. Paul's Epistle to the Colossians: "Servants, obey in all things your masters . . . And whatsoever ye do, do it heartily, as to the Lord, and not unto men."
All work well done is honorable and should be praised in our world as in those distant days. Many men and women labor at jobs that are hard, disagreeable and wearisome, such as men digging sewers and other excavations or working on high buildings where one careless step might cause a fall and death. Yet they work diligently and well to help the rest of us to live comfortably in this modern world.

What does the average content of the daily newspaper equal?

1. Webster's Collegiate Dictionary?

2. A 6x9-inch book of 204 pages?

3. The Topeka, Kansas, telephone directory?

4. One day's mail in the Rockland, Maine, post office?

ANSWER: A 6X9-INCH BOOK OF 204 PAGES.
In order to put something in the daily newspaper to bring everybody into one market place requires a variety of features. Sports pages for the sports lovers, recipes and household hints for the housewives, different news for different people. The newspaper's ability to reach all members of the family is an important reason why so many advertisers use the daily newspaper.

The Quadrangle at the University of Pennsylvania . . . here live hundreds of freshmen from towns and cities all over America. For many it is their first great venture into the world of responsibility and temptation. It is a crucial year . . . and they live it in a community all their own, surrounded by the teeming millions of a great city!

An important part of their life is the Christian Association, augmenting the programs of the campus churches. There are wholesome social activities, challenging discussion groups, services of worship, opportunities for community service.

Here, as on almost every college campus, the Church is on the job. Its specially-trained leaders are guiding our sons and daughters in their adjustment to college life and the complicated world of opportunity and danger.

Are you helping the Church in its far-reaching ministry? Are you providing the religious home life and church-centered spiritual training that a boy and girl need BEFORE THEY GO OUT INTO THE WORLD?

Copyright 1958, Keister Adm. Service, Strasburg, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DeGaulle Argues For Constitution

PARIS (AP)—Premier de Gaulle appealed to the French people last night to adopt his proposed constitution and restore France to her place in the sun.

While Communist hecklers boomed and tried to smash through protecting police lines in the historic Place de la Republique, the Premier outlined his basic law for the projected Fifth French Republic to an estimated 100,000 persons.

Most of those nearest the rostrum, where De Gaulle stood surrounded by his ministers, were admitted to the square by invitation only in a move to keep the Reds and other known De Gaulle foes in the background.

Helmeted police and youths with Gaullist arm bands stood guard as the Premier made his plea. A milling mob of 1,000 or so, led by veteran Reds, tore up paving blocks and hurled them at the guards in an effort to get near the speaker's stand. The police charged, clubs swinging, and dispersed the mob.

Elsewhere demonstrators picked streets leading to the square. Many held aloft yellow signs with the word "Non" in opposition to the constitution.

The World War II hero called on the French to vote yes in the Sept. 28 referendum in France and the overseas territories which will accept or reject the constitution. He warned that if the vote was no, France would become "out of date and disdained."

The Premier contended France vitally needs a constitution providing a much stronger executive branch, new parliamentary standards, a supreme court and a new confederation relationship with the overseas territories.

He said the proposed charter would "render the republic strong and effective provided that henceforth those in positions of responsibility know how to direct it."

The key man would be the president, elected for seven years by a large electoral college of legislators and local representatives. His powers, now chiefly ceremonial, would be vastly increased.

De Gaulle said one of France's prime duties was to re-establish peace in Algeria and work out that territory's future status.

The proposed constitution calls states linked federally with France to replace the present centrally controlled French Union. It would let the territories decide whether to enter the French community or secede. It would also give France the right to cut her links with any territory.

Algeria is apparently excluded so far from the right of secession since it is legally a department of France itself rather than an overseas territory. De Gaulle has promised that a special arrangement will be negotiated for Algeria if the constitution is accepted.

Essay For Assay

OKLAHOMA CITY (AP)—Prof. V. E. Thiessen of the Oklahoma City University English staff, says a package sent to the OCU "Essay Department" and channeled to him carried a stone and a note: "We've had a rock in our family for years and we'd like to have you essay it." Thiessen called for help from the geology department.

Ballet Pays Off For Pageant Entry

ATLANTIC CITY, N.J. (AP)—Twelve years of ballet lessons paid off Thursday night for a Connecticut girl entered in the 1958 Miss America Pageant.

Billie Jean Turner, 20, of New Canaan danced her way to victory in the second preliminary talent competition with her interpretation of Chopin's "Les Sylphides."

In the second night of swim suit competition, meanwhile, Miss Indiana, whose favorite sport is swimming, showed her winning form and got the judges' nod.

While Billie Jean performed before a panel of 11 judges and a convention hall crowd of 7,700 persons, Anita Marie Hursh of Goshen, Ind., waltzed off with her own prize.

Anita Marie, a 19-year-old brunette sophomore at De Pauw University in Greencastle, Ind., stands 5 feet 6½ inches, weighs 120 and measures 34½-24-35.

Billie Jean, who automatically receives a \$1,000 scholarship for winning the talent competition, said she will use it to continue her dancing studies.

For her dance against 17 other talent competitors, Miss Connecticut wore a traditional white ballet costume with satin bodice and white net ballerina-length skirt. A wreath of flowers encircled her head.

The preliminary competition, which ends tonight, gives each of the 52 girls in the contest a chance to take part in each of three categories: talent, swim suit and evening gown.

In addition, each of the girls is judged on personality in breakfast interviews with judges.

The successor to Marilyn Van Derbur of Denver, Colo., will be selected Saturday night.

Cadillac

Even More Wonderful in Fact than Fame!

If you number just one Cadillac owner among your acquaintances, then we would wager that you've heard the wonderful Cadillac story for 1958.

In all probability you've been told of its brilliant performance . . . and of its marvelous Fleetwood luxury . . . and of its great practicality.

And perhaps you've wondered if any motor car could embody so many virtues—in such abundant measure—in a single year.

Well, what an eloquent answer the magnificent new Cadillac could give to that conjecture!

In fact, a single hour at its wheel would tell you, beyond any doubt, that this "car of cars" is even more wonderful in fact than in fame!

Surely, there is no adequate way to describe the way a new Cadillac rides and handles—so smooth and quiet and effortless that even the longest journey is an occasion for rest and relaxation.

And certainly, only the experience itself can reveal the pleasure of commanding a motor car that is so respected by the world's motorists.

Those discoveries are reserved for the man who takes the wheel for himself. And if you have not already done so, then you should delay no longer.

Your Cadillac dealer will be happy to acquaint you with all the facts about the many Cadillac models—including the distinguished Eldorado Brougham.

Why not pay him a visit tomorrow?
