Nixon Sees Rocket Ship

As they kneel beside the tail of the X15 rocket ship, North American Aviation Board Chairman J. H. Kindelberger, right, shows Vice President Nixon details of the daring experimental plane's tall construction during unveiling ceremonies at Los Angeles. North American constructed the plane and two sister ships for the Air Force. Men at left are not identified.

Lamesa Man Is 'Druggist Of Year'

LAMESA (SC)—Matt A. McCall, pharmacist, chairman of the Dawson County Health Commission, C. J. M. Roesch, Austin, executive secretary of the Texas Pharmaceutical Assn. Master of ceremonies will be Delbert Downing, Midland, long associated with McCall in Rotary; and Mr. and Mrs. Rex Webster, Lamesa, who are to provide the vocal entertainment.

Also to be recognized as a part of the team is Louise McCall, his personable and energetic wife. Since she gave up the chamber of Commerce management here several years ago, Mrs. McCall has been as much a fixture around McCall Drug Co. as her husband.

During the program, McCall is to receive a handsome plaque from the state association. Sponsor of the banquet, to be attended by some 300 pharmacists throughout Texas, is the Lubbock County Pharmaceutical Assn. headed by J. Nelson Curry.

McCall was selected by a committee of Texas pharmacy leaders upon the nomination of his local drug association. Points of distinction include outstanding professional integrity, exemplary record of service to local and state associations and to the community.

How well McCall fits into this pattern is indicated by his record. McCall has been in the drug business since 1932. He helped draft the Code of Ethics of the TPA and is a former member of the TPA board of directors. McCall is now president of the West Texas Pharmaceutical Assn. and has served on the organization's board of directors for five years. He is a member and past president of the Lamesa Rotary Club; a former director of Community Chest, and secretary of the Lamesa Country Club. He is presently a member of his city's Park Board and is an ex-president of the Lamesa Chamber of Commerce.

Disillusioned Mom Takes Own Life, Kills 3 Children

WEST PALM BEACH, Fla. (AP)—A well-to-do mother, who complained "I am bored to death with her three children Thursday night.

Mrs. David E. Horne, 42, whose husband owns a plumbing company here, died in St. Mary's Hospital a short time after her children, Marilyn Frances, 8; David Robert, 11; and John, 9.

An unsigned note found on a bed and which police reported was in Mrs. Horne's handwriting said: "I can't talk, so I'll write. I can't do it alone. I can't stay boxed in any longer. The children and I don't fit anywhere. We're not really wanted.

"They will have torment without me as I did, so it is best that they go now, too, straight to heaven as they are good, sweet and adorable.

"Whatever happens to me is worth that. I tried, but I never really had a chance. It's all sham and pretense. I am second to TV and books.

"I am supposed to be well off. But I have nothing to say about how I live every day of my life."

Sgt. J. L. Packwood of the West Palm Beach Police Department, said the father, David E. Horne, telephoned Thursday night that he had found his family wounded.

Horne discovered the bodies when he arrived home in a 1959 model station wagon he bought as a birthday present for his wife.

Rio Grande Still Flooding Valley

BROWNSVILLE (AP)—A huge, slow-moving lake of muddy, swirling water that was once the sleepy Rio Grande chased more residents out of their homes today as it made its way over farm and pasture land from Falcon Reservoir to the Gulf of Mexico.

Thousands on both sides of the river have abandoned their homes in low-lying areas as the stream spilled over into its floodway systems and inundated thousands of acres of countryside.

The river, normally less than 200 yards wide, was a mile wide at Rio Grande City. At other points where the river spilled into its floodways it was estimated to be from three to seven miles wide.

Stage Set For Choosing New City Manager

Groundwork for selection of a new city manager was laid by the City Commission Thursday evening, but nothing was said about when the group will meet again to discuss applicants.

H. W. Whitney, who will report to Corpus Christi on Nov. 17 to take the manhood there, had compiled a list of men now in city managers' jobs across the state who he thought would be capable of handling the situation here.

Also, the city has received applications already from three men, and more are expected.

The commission had asked Whitney to suggest the names of men he considered capable. He reported that the city could probably get some good applicants from men who were asked to apply. All persons who apply, either by request or voluntarily, will receive full consideration, the commission reported. This includes local men, it was pointed out.

The commission also told Whitney to talk to anyone who seemed interested while he was attending the International City Managers' Assn. convention in Dallas next week.

No salary figure was discussed at the meeting, and the commission asked that the salary be left "open" when listing the vacancy in the ICMA's newsletter which is distributed throughout the nation.

The question of considering men who are now serving as assistant city managers came up, and Mayor G. W. Dabney said he was personally in favor of a current city manager. He said he felt that an understudy wouldn't have the "know-how" to handle the top job here.

In all Thursday night, the names of a dozen men were mentioned from various sections of the state, but the commission made it plain that it wanted every application it could get.

Cotton Flows To Gins Again

There was a humming sound in the air today—cotton gins, idle since last Saturday, were back in operation.

The return of the sun on Thursday resulted in a fair to average flow of cotton to the gins and all of the plants went back to work.

Friday morning, with its bright skies and the brightest sun which has shone in days, saw a steady increase in the number of trucks trundling in with cotton to the gins.

Pickers returned to the fields en masse on Thursday afternoon and were back on the job today as soon as a heavy morning dew—almost like a rain—had burned off the fields.

Ginners said that cotton turning off Thursday was definitely "wet" and ginned slowly.

A few bright days with plenty of sun will drive out the moisture, however, and with good luck the plants should all be in peak production by Monday.

No report on what damage, if any, the prolonged rains and drizzles have done to the crops will be available for several days. Cotton being ginned now and in the next few days will have to be scrutinized by the graders, and their score cards received here before determination of possible grade loss can be ascertained.

Barbecue Tickets Being Sold Today

Chamber of Commerce representatives today were attempting to place final tickets for the "welcome and get acquainted" barbecue to be staged Monday afternoon for members of Webb AFB's 331st Fighter Interceptor Squadron.

Tickets, each good for five persons, are being sold to Big Spring businessmen. The barbecue will be served at the Cosden Country Club, starting at 5:30 p.m. No formalities are planned.

Dulles Plans Formosa Trip, Talks With Chiang

RUNNING BEHIND SCHEDULE

Banfe Flies Over Aleutians On First Leg Of Pacific Hop

SEATTLE (AP)—Pilot Charles F. Banfe Jr. flew over the Aleutian Islands early today and headed for Alaska on his projected small plane flight from Tokyo to Miami.

Banfe passed near Semya Island in the Aleutians at 7:20 a.m. (PST) and radioed the Northwest Airlines base there that the plane's engine was functioning normally after running rough earlier in the flight.

The pilot reported he was 2 1/2 hours behind his flight plan, however, in his attempt to set a non-stop distance record for single engine planes.

Banfe, flying at 9,000 feet when he passed Semya, headed over St. Paul Island in the Bering Sea;

would pass over Semya, an emergency landing field for commercial planes in the Aleutians, well ahead of schedule if his engine didn't give too much trouble and he stayed on course.

From Semya the route crossed Fairbanks, Alaska; Winnipeg; Minneapolis; and Chicago.

Counting on tailwinds, the 39-year-old flier hoped to be in Miami Saturday evening with five gallons of gas to spare.

The existing record was set last Aug. 1 by Marion (Pat) Boling, 43, who flew a slightly larger plane 6,979 miles from Manila to Peñon, Ore. Both men live in Peñon, Ore., and both are commercial airline pilots.

UF Gifts Climb To \$33,000 Total

Another \$2,210 in contributions and pledges for the United Fund was reported by workers in the Special Gifts Division Thursday afternoon.

The report raised the Special Gifts total to \$14,827—a little more than half of the division's quota in the annual finance campaign for the 10 member agencies of the United Fund. It hiked the total raised in the drive so far to \$33,210. Precisely all of the balance has been accounted for by the Advance Gifts Division.

Goal of the UF campaign is \$69,900. Employee, Metropolitan and Public Employment Divisions are just now starting their phases of the drive.

A second employe group came in Thursday with 100 per cent participation. Employees of McMahon Concrete Co. have given 100 per cent to the UF, for an individual average of a little more than \$11.

Lewis Price, campaign chairman, reported. Employees of the Swartz store were the first to report 100 per cent support of the United Fund. Their average was better than \$9.50.

Price also reported today that A. C. Jensen, pumper for the Roark Oil Co., has volunteered his services for the Metropolitan Division.

"The support of people such as Mr. Jensen inspires us all to work harder and will assure the success of our campaign," the chairman said. Openings are available for any others who wish to offer their services, he added.

In addition, the general chairman said that any firms or individuals who are not contacted by solicitors may turn their gifts in at UF headquarters. If they wish, he said, a solicitor will be dispatched to pick up gifts.

5 Men Indicted In Temple Dynamiting

ATLANTA (AP)—Five men were indicted today on charges of dynamiting a house of worship in the Sunday dynamiting of Atlanta's Jewish Temple.

Four of the five men now in custody and one still sought were named in the indictments.

Those charged with wrecking the structure are Wallace H. Allen, 32; George Bright, 35; Robert Chester Griffin, 32; Robert A. Bowling, 25; and Richard Bowling. The latter are brothers. Richard Bowling has not been apprehended.

The grand jury did not bring a charge against Luther King Corey, 26, on charges of five men arrested in the case.

Corley probably will be released prior to a habeas corpus hearing that had been scheduled for later today.

The indictment charges that the men "with force and arms did willfully and maliciously injure and destroy a house of worship known as the Temple, a house of worship of the Hebrew Benevolent Congregation... by using some explosive substance and compound which is to the grand jurors unknown."

The charge is a felony and conviction carries capital punishment. The men will not be permitted to make bond.

Earlier today police reported they had established identity of a

4 Nike Sites For Ft. Worth

FORT WORTH (AP)—A Texarkana, Tex., firm was the apparent low bidder for the construction of four Nike missile sites in the Dallas-Fort Worth area, the Fourth Army said yesterday.

King Construction Co. bid \$4,142,993.42. Second apparent lowest bid was \$4,170,839.99 by Lawless and Alford, Inc., of Austin.

Sixteen contractors bid on the construction work. Their bids will be forwarded to the U.S. Engineers Southwest Division office in Dallas and then to the chief of engineers in Washington.

Construction is expected to begin about Nov. 1.

Nike sites will be built at Mineral Wells, Denton, Terrell and Alvarado.

Research League Told Of Danger To Local Government

AUSTIN (AP)—The annual membership meeting of the Texas Research League was told today that Texans want good government that gives them the best service possible per dollar spent.

"If we do not make local and state government effective and efficient—if we do not solve our government problems on the local level, dire things will happen," Dr. Don Morris, president of Abilene Christian College, told the league.

First there will be a disproportionate centralization of government in Washington. The corollary to centralization in Washington is a decrease in the proper assumption of responsibility by state and local governments. This means less and less responsibility of state and local government, and this means a decrease in individual responsibility and individual freedom in America."

Morris said the decrease in state responsibility and state rights means "We will be losing our safest protection against socialism. If socialism comes or if we get much more of it—Communism will be just around the corner."

Earlier the representatives of the more than 600 members of the privately-endowed research organization elected B. S. Sines of Houston, executive vice president of the Texas and New Orleans Railway, chairman.

Jack Wilkinson of Midland was named a new director.

The membership adopted a 1959 budget of \$255,000, the same as the current budget.

Ike Leaves

WASHINGTON (AP)—President Eisenhower left today on a flying six-day trip to the West Coast to put up into his party's drive to recapture control of Congress.

IT'S GETTING PRETTY WARM

LOS ANGELES (AP)—It was hotter than Hell here Thursday.

Hell is a usually simmering desert community about 175 miles east of here.

The high temperature in Hell was a mere 97. In Los Angeles it was 104—the hottest Oct. 16 on record.

Bomb Blast Fatal To Its Carrier

WICHITA, Kan. (AP)—A makeshift bomb exploded in the lobby of Wichita's multimillion-dollar municipal airport today, killing its bearer.

Police Chief Eugene Pond said the blast victim was Forest Don McCuiston, 1804 Marion, Tulsa, Okla.

The man's right hand had been blown off at the wrist and the body mangled by the force of the blast.

No other casualties were reported immediately. Dozens of windows were shattered but there was no fire.

Mrs. Joann Embree, clerk for a car rental firm, witnessed the blast and said she narrowly escaped picking up the bomb a few seconds before it exploded.

Mrs. Embree said McCuiston approached her counter and asked for change for a quarter.

"I gave him the change and watched him make a brief telephone call," she said.

After the phone call, McCuiston came back to the car rental desk and asked Mrs. Embree where he could find the lost-and-found department.

Mrs. Embree gave him directions, and he placed a brown paper-wrapped package and a leather brief case on the counter.

She said she reached out to take the package and actually touched it when McCuiston said "no," and grabbed the brief case and package, then walked away.

Mrs. Embree said he had walked about 40 feet when the bomb exploded.

Pond said every available man was immediately placed on the case. The FBI also was at the scene.

Hearings Set On Air Force Secrecy

WASHINGTON (AP)—The House Government Information subcommittee today set hearings for Nov. 12-13 on Air Force refusal to make available to the General Accounting Office a report on management of the ballistic missiles program.

Air Force officials and Joseph Campbell, comptroller general, were called as principal witnesses.

Chairman John E. Moss (D-Calif.) reported the controversy Oct. 3 after Campbell had protested to the committee that the Air Force had refused to give the General Accounting Office access to an Air Force inspector general's report on the missiles program.

WASHINGTON (AP)—The House Government Information subcommittee today set hearings for Nov. 12-13 on Air Force refusal to make available to the General Accounting Office a report on management of the ballistic missiles program.

Air Force officials and Joseph Campbell, comptroller general, were called as principal witnesses.

Chairman John E. Moss (D-Calif.) reported the controversy Oct. 3 after Campbell had protested to the committee that the Air Force had refused to give the General Accounting Office access to an Air Force inspector general's report on the missiles program.

Visit Comes With Rising Truce Hopes

WASHINGTON (AP)—Secretary of State Dulles will fly to Formosa in the next few days for consultation with President Chiang Kai-shek.

The State Department in announcing this today said only that Dulles will fly to Taipei "in the near future." Informants said Dulles will fly by special Air Force plane from Rome Sunday after he attends memorial services for the late Pope Pius XII.

Other sources had disclosed the plan in outline just before the official announcement.

The State Department said Dulles' talks with Chiang will be "in accordance with Article IV of the Mutual Defense Treaty between the U.S. and Nationalist China." It said Nationalist China had invited the secretary of state.

The pact, under which the United States pledges to help defend Formosa against outside attack, provides that foreign ministers of both sides will "consult together from time to time" about defense problems.

Dulles' decision to fly to Formosa coincides with mounting belief within the administration that the present cease-fire around Quemoy may drift into a prolonged truce.

Top administration officials are reported eager to reach some firm understanding with Chiang about future defense operations before the truce officially ends.

Administration authorities have emphatically ruled out any plan to demilitarize or neutralize Quemoy and Matsu unless the Reds similarly demilitarize positions on the mainland opposite these islands.

President Eisenhower and Dulles both have said publicly, however, that Chiang was wrong in concentrating so many of his troops—reportedly about 85,000—on Quemoy and the United States in gun range of the Communist-held mainland of China.

Both have pledged not to coerce Chiang into thinning out the Quemoy force, lest this play into what they regard as Red China's strategy of splitting the United States and Nationalist China. But they have left no doubt they would welcome voluntary agreement by Chiang to some such move.

Dulles' trip will follow up a visit to Formosa by Secretary of Defense McElroy. McElroy is reported to have sought a formula for easing the Quemoy crisis, possibly including withdrawal of some of the troops.

Walter Robertson, assistant secretary of state for Far Eastern affairs, is expected to join Dulles in Taipei for the talks.

Confidence Vote For Beirut Cabinet

BEIRUT (AP)—Premier Rashid Karami's coalition cabinet won a unanimous vote of confidence in Parliament today on a promise to maintain Lebanon as an "independent sovereign Arab state."

Karami's four-man cabinet—a compromise which ended the five-month crisis—was approved 50-0. Sixteen deputies were absent.

The Karami called his cabinet a government of national rescue. He pledged the government to erase misunderstanding among citizens.

Mating By Automation

Shirley Sanders and Bob Kardell will be married Saturday in Hollywood thanks to a machine called Univac, used on the Art Linkletter TV show, People Are Funny. The two were introduced on the show a year ago and after five weeks they were engaged. They are shown as they applied for a marriage license.

Churchill, DeGaulle Meet Today To End Hot World War II Feud

LONDON (AP)—Sir Winston Churchill and Premier Charles de Gaulle are arranging a reunion in Paris. It should finally end one of the hottest personal feuds of World War II.

De Gaulle will confer the Cross of Liberation for Churchill's part in freeing France from Hitler Germany.

The decoration, established by De Gaulle himself, is the highest France can bestow on a foreigner.

The late President Roosevelt and King Mohammed V of Morocco are the only other non-Frenchmen to have received it.

The ceremony, despite overtones of sentiment and symbolism will be a simple one. Its date is still to be fixed.

The two leaders fought tooth and nail through most of their war-time association.

The trouble flowed in part from their conflicting interpretations of their countries' national interests.

De Gaulle came to London in 1940 after the fall of France, with a clear concept of his own role and that of his countrymen. The aged Marshal Petain, who headed the Vichy government, stood for

surrender to the Germans. De Gaulle stood for fighting on.

De Gaulle wanted the authority of a government - in - exile. He sometimes gave the impression that he suspected the British and Americans planned to steal the colonial possessions of fallen France.

Churchill considered that De Gaulle should do no more than lead a military contingent of free Frenchmen. Preoccupied with global issues, the British Prime Minister showed little sympathy

for De Gaulle's concern over France's postwar status.

The relationship became so bad that the Allies landed in Algeria in 1942 without telling De Gaulle. An attempt even was made to replace him as French commander by the appointment of his then superior, Gen. Henri Giraud, who had been smuggled out of France.

De Gaulle reacted characteristically. He hired London's Albert Hall for a speech in which he ignored Giraud and in effect dared the Allies to challenge his claims to lead free Frenchmen.

The allies gave in to him.

EAT AND GROW YOUNGER—12

Reduce In Safety, With High Proteins

GET A FREE PEP-UP DIET

If you are seeking that alive-all-over glow your body radiates when you are in excellent health, why not try LeLord Korde's 15-Day Pep-Up Diet? It is designed to give you the protein, vitamins and minerals your body needs for dynamic living.

You may have a copy FREE by sending a stamped self-addressed envelope to: LE-LORD KORDEL care of The Big Spring Herald.

By **LELORD KORDEL**
Installment Twelve

The nutritional folly of gorging yourself on starchy and sweet foods was fully discussed earlier. But I want to make sure that you do not confuse natural carbohydrates with the artificial, devalitized carbohydrates that find their way into American stomachs in such appalling quantities—white breads, cakes, pastries, spaghetti, macaroni, noodles, white rice, processed corn meal, dry cereals (many cooked cereals, too), candies, and carbonated beverages.

"A minimum of carbohydrates," which is my fourth commandment for nutrition, means: Eliminate all those artificial starches which bear small resemblance to the carbohydrates found in natural foods.

Natural carbohydrates nourish and revitalize your body, since they are sources of minerals, vitamins and some proteins. But all the highly advertised artificial carbohydrates can do for you is to lead you directly toward a premature old age.

Half your planned campaign to regain your youthful appearance and energy will be won when you throw artificial, devalitized sugars and starches out of your daily eating. Then reward yourself for this commendable step by turning instead to the delicious, health-building natural sweets.

REDUCE WITH REASON

My fifth commandment is "reduce with reason."

Everyone is pretty well agreed these days that overweight shortens your life—and certainly it prevents your looking and feeling as young as you would desire. Nothing is more aging and more inimical to a youthful appearance than obesity.

Therefore, if you are seriously overweight, begin a sane reducing program at once—for the sake of your health, as well as your

Troubled School Turns Tough

PITTSBURGH (AP)—Another chapter—a get-tough policy—has been written into the history of troubled Rankin High School.

Eighty-eight juniors returned to classes Wednesday after a two-day walkout in protest of "too much homework" assigned them by Thomas A. Rodgers, a veteran history teacher.

Upon their return, Supt. Maurice Silverstein:

Warned juniors that if there is any further trouble they will be expelled.

Warned parents that if a pupil is absent illegally for three successive days the parents will be prosecuted under the school code.

Advised teachers to maintain firm discipline and not to "take any guff" from the pupils.

The pupils agreed Tuesday night at a stormy School Board meeting to return to school after Rodgers promised he would reduce their homework.

After the meeting, Silverstein announced Rodgers would not teach the junior class for a 20-day cooling-off period, but later said the announcement had been made in haste.

Rodgers, meanwhile, was excused from his duties Wednesday because he was not feeling well. Silverstein said Rodgers can teach any class he wants when he returns.

'Little Women' Turns Musical

By **CHARLES MERCER**
NEW YORK (AP)—"Little Women" came to the home screen Thursday night via CBS-TV as a musical play by Wilson Lehr with songs by Richard Adler.

Nearly every girl has read Louisa May Alcott's story and nearly every boy has not. Certainly this boy has not read it. Possibly I am incapable of judging "Little Women" on television. Possibly it was one of those occasions when a gentleman should defer to a lady's opinion.

Being a so-called critic rather than a so-called gentleman, however, I can confess that I found it boring stuff—the most boring TV "special" of the season thus far.

Jeanne Carson as Jo was the single tart character in an otherwise saccharine cast. The other girls in the family projected near-caricatures of absurd female attitudes.

Adler's music was mediocre except when Miss Carson sang "Man of the Family." The location of this musical play must have been in East Lyme, Mass. Take it away, girls.

youngful appearance. But you must reduce with reason.

HIGH PROTEIN MENU

The following high-protein reducing menu is designed to produce a weight loss of no more than five to eight pounds a month. To lose more quickly than this is dangerous.

You may vary or adapt this menu as you wish, interchanging one high-protein meat, fish or fowl with another; and alternating eggs with cheese. But you should confine the major portion of your fruit and vegetable consumption to those listed as five per cent and 10 per cent carbohydrates in the list which follows this menu:

BREAKFAST

1 small orange, or half grapefruit, unweetened

1 slice cold meat, fish or chicken; or 1 pan-broiled minute steak

1 boiled, poached or shirred egg also scrambled over hot water; or 1-inch cube of cheese, or ¼ cup of cottage cheese.

Small bowl of whole grain porridge eaten with fortified milk

1 cup hot skim milk sweetened with ¼ teaspoon of honey; or black coffee or tea, sweetened with a little honey, if desired.

MID-MORNING

1 small glass skim milk buttermilk or yogurt; or tomato juice fortified by whipping in a little cottage cheese.

LUNCH

1 cup clear, skimmed broth

1 slice broiled or roasted meat, fish, poultry (don't overlook liver in this diet)

Hot beverage, dressed either with lemon juice and very little salt, or with ¼ cup of cottage cheese, seasoned with minced chives

1 serving of fresh 5 per cent or 10 per cent fruit

Hot beverage, sweetened with honey only

MID-AFTERNOON

1 small glass of skim milk, either hot or cold and flavored with a little crushed fresh or cooked fruit.

DINNER

1 cup beef or skimmed chicken broth

1 serving meat, fish or poultry

1 serving cooked green vegetable such as asparagus or broccoli; or a tossed green salad, as at lunch

1 slice whole-grain bread (only if you must)

1 serving egg custard or milk sherbet made with skim milk or buttermilk, and fortified with extra powdered skim milk

NO GNAWING FEELING

This is far from being a "starvation" menu, and I promise you won't have a lank, gnawing feeling in the pit of your stomach while following this reducing diet. Nor will you suffer any loss of energy. On the contrary, you'll feel like a new person as soon as all that high-protein food begins to take hold, and as the unnecessary poundage melts away.

A wise precaution is to fortify yourself against possible deficiencies by taking a good multiple vitamin-mineral supplement.

Now here are the more common fruits and vegetables classified as to their carbohydrate content, that is, to the proportionate number of calories they contain:

Five per cent vegetables and fruits: Asparagus, bean sprouts, Brussels sprouts, cabbage, cauliflower, celery, cucumbers, eggplant, endive, greens, kohlrabi, leeks, lettuce, mushrooms, okra, olives, peppers, pumpkins, radishes, string beans, summer squash, Swiss chard, tomatoes, watercress, cantaloupe, honeydew melon, lemons, watermelon.

Ten per cent vegetables and fruits: Beets, carrots, onions, oyster plant (salsify), rutabagas, squash, turnips, blackberries, cranberries, currants, gooseberries, grapefruit, limes, oranges, peaches, strawberries.

Fifteen per cent vegetables and fruits: Lima beans, green parsnips, fresh peas, apples, apricots, blueberries, sour cherries, grapes, loganberries, mulberries, pears, pineapple, plums, raspberries.

Twenty per cent vegetables and fruits: Beans (dried or canned); Lima, kidney, navy; corn, potatoes, bananas, cherries, sweet grape juice.

Tomorrow: How a high-starch diet lodges arteries with fatal fat and floods human carburetor.

GIVE THE UNITED WAY

"I don't know what you've done, Carmichael, but I like the idea!"

70 Prisoners Fail In Escape Attempt

DENVER (AP)—Seventy prisoners, at least one of them a confessed murderer, made a desperate but vain bid to escape from the Denver County jail late Thursday.

More than 100 officers, armed with submachineguns, riot shotguns, tear gas and football helmets, quelled the uprising in little more than two hours.

Four guards suffered cuts and bruises. None were believed seriously injured. The prisoners were uninjured and suffered only from heavy doses of tear gas.

The end came when the last of some 25 prisoners who had holed up in a penthouse atop the jail's maximum security block apparently retreated through the same small hole they had cut to gain entrance during the riot's early confusion.

The men who took refuge in the brick enclosure housing the jail's air-conditioning system and those who stubbornly held out in the cell block were shouting, howling and protesting. They protested what they termed brutal treatment from guards.

One prisoner shouted through a small window in a door at the rear of the cell block: "They're slugging us and dragging us out and working us over one at a time."

Guards discovered the hole in the cell block ceiling leading to the penthouse shortly after the riot broke out. As darkness closed in, Fire Department spotlights showered the small structure with daylight brilliance and a stream of tear gas shells was fired into the penthouse.

When more tear gas was poured into the cell block below, the last desperate face disappeared from the window. All avenues of possible escape had vanished. Stillness reigned.

Innocent Man Jailed 7 Years, Ex-Con Admits

DALLAS (AP)—An attorney and a detective said last night a Dallas ex-convict had admitted an old Greenville, Tex., holdup for which a Rockwall man has served seven years in prison.

Dallas City Det. F. L. Bentley and attorney F. S. Harless told this story:

Feb. 9, 1951, a gunman entered a service station in Greenville, robbed attendant James Morrow of about \$50, hit him with a pistol and escaped.

George White Jr., 36, of Rockwall, was driving to Arkansas to look for work. He was a welder out of a job.

He was arrested, identified by the victim, tried and sentenced to 15 years. White insisted he was innocent.

Sam Moore was county attorney at Rockwall at the time. Now district attorney, Moore was questioning Frandel Daniel about Sept.

1. Daniel told him that while a trustee on a Ramsey prison farm last year, he heard a Dallas ex-convict boast of holding up a filling station in Greenville. Daniel said he learned later White was serving time on the same prison farm for the crime.

Daniel said he kept mum at the time for fear an investigation might delay his own parole.

Moore gave Daniel a lie detector test which indicated the tale was true.

He then got White out of prison on a bench warrant and gave him two lie detector tests. Both indicated White was truthful in claiming innocence.

Moore lodged White in Hunt County Jail at Greenville and traced the other ex-convict, Jack Cook, to Dallas.

After explaining the statute of limitations had run out, Moore said Cook admitted the robbery and a lie detector test indicated he was telling the truth.

Morrow, the victim of the crime, said "Possibly I was mistaken, but I don't think so."

Prison photos show White and Cook appear similar.

Moore told Dallas officers he will ask the Board of Pardons and Paroles to free White.

White said he has no resentment

14 On Honor Roll At Ackerly

ACKERLY — Fourteen high school and junior high school students have been named to the honor roll for the first six weeks. Those making nothing lower than an A in the high school are Wanda Sue Coleman, Bryan Adams, Sandra Adams, Donna Horton, Sylvia Smith, Karen Childers, Reba Bodine and Travis Cozart.

The junior high pupils making but "wants out" of prison as fast as possible.

"I guess I was a victim of circumstances and there's nobody really to blame for sending me up," he said.

HATES COMMUNISM

Chinese Preacher Will Speak In Local Church

By DON HENRY
Jordan Wen, a student at Abilene Christian College who hates communism with all his heart, will be the speaker at the Church of Christ on W. 30 Sunday.

Wen will speak at the evening service and show pictures of Formosa and China. He was in Big Spring Thursday en route back to Abilene after a speaking engagement at Lamesa Wednesday night.

Wen sees communism as a threat to the entire world and to Christianity, and he is fighting that threat through his preaching and teaching of the English language.

DEAR ABBY

WIPE THE CRUMBS

By ABIGAL VAN BUREN

DEAR ABBY: Is it possible for a man to love two women at the same time? My husband started having lunch with an unmarried girl who works where he does.

she's me and she keeps talking. She'll accept dates with boys I don't care to go out with and tells me afterwards. Please tell me what I can do about this without being too disrespectful?

DEAR ABBY: What would you do about a brother who just walks up to the TV set when you are watching it and changes the program?

CONFIDENTIAL TO "RED": You are absolutely wrong. If you go to "A.A." it will NOT get around. Furthermore, if our boss knew you attended "A.A." he would not fire you, he would respect you as a man who knows he has drinking problem and is sincere in his determination to lick it. Good luck!

DEAR ABBY: Your BIG brother or your LITTLE brother?

For a personal reply, write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

DEAR ABBY: I go steady with a man who is supposed to be saving his money for our marriage, but he pays out more in traffic fines than he saves.

Pope Faces Issue Of Cardinal Ranks
VATICAN CITY (AP)—The new Pope will face the question of raising the College of Cardinals to its normal strength.

DEAR ABBY: I am 43 years old, divorced and plan to marry a man several years older than I.

Shot To Death
DALLAS (AP)—Mrs. Lois Collins, 48, was found shot to death in her home last night.

DEAR BRIDE: A man who respects the memory of his first wife should not be made to feel guilty when he pays tribute to that memory.

A Bible Thought For Today

"Dearly beloved, avenge not yourself, but rather give place unto wrath: for it is written, Vengeance is mine; I will repay, saith the Lord." (Romans 12:19)

We Lose A Good Man

Herbert W. Whitney, who soon is to go to Corpus Christi as its city manager, will be missed in Big Spring both as a solid citizen and as a good city manager. That he was selected out of a field of 42 applicants, some already executives of larger cities of the region, is within itself a tribute to the impression that this record has created. That he is being stepped up from a city of some 30,000 people to one perhaps five times that and from an organization of some 200 employees to one with 1,000 is a testimonial of the confidence he has earned. The unvarnished truth is that Herbert Whitney is a very capable man. He does not bark or growl, but just the same he manages to be effective as an executive. He has developed the skill of dealing with all his fellow workers and the public as human beings deserve to be dealt with.

That he is leaving the City of Big Spring with virtually no increase in its general obligation bond total is little short of a fiscal miracle. Other cities have been obliged to pile up big tax bond debts. Some may regard this as too conservative, but out of this conservatism have come great savings to the taxpayers of Big Spring. The ability to mostly pay-as-you-go, except for some major projects, has saved and will save great sums in interest charges.

Few, if any, essentials have been held back, for Big Spring has been the home town of Herbert Whitney and he was concerned about its welfare and progress just as much as the next man.

It is no surprise that Corpus has hired him; perhaps the wonder is that Big Spring kept him so long.

A Battle In Season And Out

Dallas presented arguments before the State Board of Water Engineers in Austin Tuesday why that growing center of population and industry must develop additional water resources to insure expansion.

Opponents, who are many, will be heard Jan. 10. The \$26 million Forney Dam and Reservoir to hold 496,000 acre-feet of water, of which Dallas seeks permit to withdraw 247,900 acre-feet annually for municipal purposes.

Several communities and many individual landowners oppose, including Landowner Sam Rayburn of Bonham and Washington, D. C.

The struggle for water is becoming tougher and tougher as communities continue to grow and develop industrially. Dallas has been fighting for water for a long time, and has won some resounding

victories, but there is no discharge in that war.

Many smaller communities are in the same boat.

Competition for water development is much greater than it was before the great seven-year drought taught all communities that an adequate water supply is essential to survival, and that to hold present advantage and provide for continued growth the battle must be carried on with unremitting diligence and purpose.

Some delays are inevitable, but the battle to secure adequate water supplies should be pushed in season and out, and no unnecessary delay should be allowed.

To falter or temporize is to risk eventual defeat, and defeat would mean the end of a dream of progress and area security.

David Lawrence Parties Likely To Defeat Themselves

WASHINGTON—It may sound paradoxical but it looks now as if Republicans will defeat Republicans in the 1958 congressional elections and Democrats may defeat Democrats in the 1960 presidential elections.

There are sufficient Republican votes in the country to elect a majority of the members of both the Senate and House this year, but at present it seems probable that a lower percentage than usual will go to the polls this November.

As for 1960, there would appear to be enough electoral votes in sight already in the North—based on current trends—to give the Democrats a victory in the presidential race, but this assumes the South will cast its electoral vote for the Democrats instead of for a third party to emerge by 1960 in the South because of cleavages on the "civil rights" issue. This could mean defeat in the electoral college for the regular Democratic party nominees for president and vice president.

The problem for the Republicans in the 1958 congressional elections has meanwhile been complicated by the split inside the party on the subject of "modernism" and "conservatism." The so-called "modernists" have done much to alienate conservatives and now, when the call is for harmony and efforts are being made to persuade conservative Republicans to let bygones be bygones, it is being discovered that it takes a lot more than a few weeks' exhortation just before an election to overcome the mistakes of the past.

Too much of the Republican strategy heretofore seems to have been influenced by the mistaken belief that the "independent" vote is always anti-Republican and that concessions must be made to the "left wing" side of the economic argument of the day in order to win the support of "independents." The Democrats have cleverly cultivated that point of view to such an extent that many Republicans in the administration have hesitated until recently to use the word "conservative" in reference to the economic battle, though they have at last—and with good reason—begun to point to the "socialistic" trends among the northern and western Democrats.

It is true the southern Democrats who are conservative have saved the day many a time for the Republican administration's legislative program in Congress, but it is also true that these southern Democrats will be very much in the minority and will have less and less influence in Congress if the northern and western Socialists and radicals get the upper hand in the councils of the Democratic party in November. This could be the result if the Democrats win a landslide victory in the congressional elections because of the apathy of conservative Republican voters.

Something's Got To Give - Sometime!

James Marlow

Experiment May Be A Bust

WASHINGTON (AP)—The State Department is cautiously setting up a new organizational scheme aimed at coping better with what Secretary Dulles calls international communism.

Officials freely concede they might find their experiment is a bust. But they are going to try it anyway, Congress willing, in hopes of more diplomatic efficiency.

The problem is that Communist activity—military, economic, subversive and what-have-you—throws a tremendous administrative burden on the State Department. Even though Dulles is pretty much a vest-pocket operator on major policy, the day-to-day operation requires an enormous amount of leg work and desk work.

Keeping an eye on the Soviet bloc and figuring out U.S. counter

moves is primarily the responsibility of the State Department's Office of Eastern Affairs, headed by Asst. Secretary C. Burke Elbrick.

But Communist activity is worldwide and growing. Besides being overworked, the present office is finding itself involved in matters outside its geographical scope—Egypt, the Formosa Strait, North Africa, Latin America. Lately, Red China has been assuming more importance in the Sino-Soviet bloc.

Somebody came up with the idea of a superoffice which eventually would grow into a bureau with an assistant secretary of its own. This outfit would tackle all Sino-Soviet bloc matters, leaving the Office of Eastern European Affairs to deal strictly with that area on issues unrelated to the in-

ternational aspects of communism.

A start already has been made in staffing the superoffice with top-flight career men. In six or eight months officials hope to go to Congress with a completed blueprint and the name of a veteran diplomat to run a new Bureau of Sino-Soviet Bloc Affairs as an assistant secretary.

The great danger is that the State Department might find itself fighting a phantom, like Don Quixote in search of a mighty deed to do.

The first step in solving a problem is to define it.

George Kennan, former U.S. ambassador to Moscow, performed such a service after World War II when he defined what the Soviet Union was doing. He said it was a force pushing out in all directions. He recommended a containment policy, which the United States has been following ever since.

Tackling a problem defined so vaguely and so generally as "international communism" is like trying to pick up a mattress with boxing gloves on.

State Department officials say they are aware of this. In their new approach, they say they will avoid generalities and stick to specific issues in trying to cope with the Sino-Soviet bloc as a whole. —WARREN ROGERS JR. (For James Marlow)

Hal Boyle

Aboard Ship, Eating's A Joy

ABOARD THE S.S. BRASIL AT SEA (AP)—Anyone who wants to enjoy eating with a clear conscience can do no better today than to go to sea.

Ashore it is getting so a man is afraid to show any pleasure in food. If he eats more than five peanuts at a cocktail party, he winds up with a sense of guilt. He worries: "Am I shortening my life?"

Food is no longer food but a form of medical food measured in calories which one doles out to oneself as if he were an engine instead of a human being. As a matter of fact, many people feed their motor cars better than they do themselves.

But at sea, this attitude disappears. Food is recognized again for what it really is—one of mankind's greatest blessings. Good eating regains its true stature as one of civilization's finest arts.

My wife, Frances, and our daughter, Tracy Ann and I are embarked on a 31-day voyage to South America. It is the maiden voyage of the beautiful new Moore-McCormack liner Brasil, the largest passenger liner ever built in Dixie.

So far I have been gaining weight at the rate of half a pound a day, and loving every ounce of it. No one has mentioned aloud the word calorie.

If you put an extra pat of butter on your baked potato, no one thinks it is in compensation for mother love you missed in childhood.

hood. If you essay the salmon steak before wading into the rock Cornish hen and wild rice, no one suggests: "You're eating to hide a secret anxiety."

Dining is no longer an exercise in self-denial but a ceremonial ritual of robust healthy joy. Passengers who have to dose themselves with digestive pellets at home if they eat a biscuit for breakfast are now wading through five-to-seven-course dinners and going to bed feeling wonderful.

The once-ailing stomachs are holding up fine. It's the girdles that are showing signs of strain. On a cruise it isn't the passengers who gain weight that worry the doctor. It's the passenger who insists on losing weight. He is a source of consternation to the whole ship's staff, but not to the other passengers. They recognize him for what he is—a show-off, an exhibitionist.

At sea the air is like wine, and the wine is like air. You don't tell time by clocks but by your appetite. Breakfast's at 8; bouillon at 11; lunch at 1 p.m.; tea, with four kinds of cakes and cookies, at 4; and dinner at 8. Then, at 11:30 p.m. there's a loaded buffet table to snack on and keep from starving overnight.

If this ship should sink unexpectedly, there's one consoling thought. They wouldn't have to hurry the rescue. The average passenger would float comfortably for at least five days.

MR. BREGER

"Y' know, Dorothy, y' sure do get the real dope from this book...!"

Around The Rim

Respect For Knowledge Necessary

In Pittsburgh this week, a group of students went on strike because their teacher gave them homework. The teacher was forced to give in after some stormy school board hearings, and the students now have their evenings completely free of all danger to their ignorance.

Let us hope this incident is merely local, and not a nationwide symptom. We could be in for real trouble. Even now, we must import our top scientists from Europe, where education is respected and teachers are given a place of honor. And even with the importation of Einstein, Heiling, Von Braun, Gamow and hundreds of others, the United States is still critically short of scientists and engineers.

It is a less well known fact that the U. S. is also critically short of historians, economists, doctors; in fact, we're in short supply in just about every field which takes a little learning to master.

There aren't even enough teachers to give our children the bare fundamentals of reading, writing and arithmetic; some of those we do have are only half-educated; and the general public itself shows an abysmal lack both of education and interest in learning.

We still have pride in our ignorance, springing probably from a misguided belief that it was ignorant settlers who built this country, without help from any book-learnin'. Nothing could be further from the truth. The pioneers did the Indian fighting and the settling, but it was not they who built the railroads and factories, and came up with the world-changing inventions.

Men like Edison and Franklin, it is true, were short on formal education, but not because they didn't want or need it. They abhorred ignorance, and gained a thorough education through their own efforts.

Everyone is well aware of, and jokes about, the prevailing American attitude that puts television, sports and keeping up with the Joneses ahead of the cultured life. And observers of the American scene are aware of the fact that, even with Soviet satellites circling above our heads like the Sword of Damocles, the American attitude is nonchalant; and the storm of protest and concern that followed the first successful launching of an earth satellite has withered to an unheard murmur.

Many plans have been set forward to "do something" about American ignorance, including the scrapping of the Dewey theories and the pap Dewey's followers have fed a generation of school children.

But all these plans are for naught; the United States will not recover its proper place in the sun until the American people have undergone a basic and permanent change in attitude.

—BOB SMITH

(Since this editorial was written, the superintendent of the school system involved in the strike mentioned above has decreed a get-tough policy for lazy students. This, however, does not mean that there is not a nationwide softness in our schools—it merely emphasizes that many of our schoolmen have the backbone that will be needed to re-organize our school systems—Ed.)

J. A. Livingston

Do Taxpayers Pay The Expense Account?

In asking Gov. Orval E. Faubus, of Arkansas, to include the use of his governor's mansion as income in his federal tax return, the Internal Revenue Service made an outstanding "goof," as the district director sensibly admitted. Yet the "goof" serves a useful purpose. It calls attention to the by-product benefits of office—public and corporate.

The President of the United States lives in a taxpayer-provided White House with servants and receives an entertainment and upkeep allowance. These benefits are non-taxable. Why? Because we, the people of the United States, through Congress, have decided that it is in our interest and for our convenience to have the President live near the Executive Offices and in a manner fitting to his high office.

So it is with Arkansas and other states and some cities. New York has a residence, the Gracie Mansion, for its mayor. In addition, public officials are often provided with limousines and chauffeurs. The use to which they put these prerequisites is a matter of morals. Some will abuse them. Others are conscience-bound.

In trying to determine whether prerequisites are taxable, the Internal Revenue Service asks this question: Whose convenience is suited—the employer's or the employee's? Most presidents or governors have homes of their own. Roosevelt had one in Hyde Park, N. Y., Truman in Independence, Mo., Eisenhower in Gettysburg, Pa. But we want the President in the District of Columbia. And the state legislators want governors in their state capitals for the convenience of the employer, the governed.

Some business prerequisites extended to employees are clearly for the convenience of the employer and, hence, non-taxable. Examples: A nurse who gets her room and board because her day-and-night attendance is required with a patient or at a hospital; a foreign correspondent, sent abroad by a newspaper or press service, and granted living expenses; a salesman required to travel for a firm.

But the prerequisites of corporate presidents and vice presidents sometimes present problems in ambiguity. There are borderline cases. Some companies maintain residences or suites of hotel rooms.

In large cities, such as New York or Chicago. These are at the disposal of executives or customers. Yet it could happen that an executive uses the facilities for his wife and friends (who also happen to be customers) to take in the World Series, or the opera, or some plays. Are the facilities then for the convenience of the employer or the executive? Similarly, are planes, yachts, seaside cottages, or duck blinds required for corporate purposes or for the personal joy of officials?

In "Expense Accounts for Executives," in the July issue of the Yale Law Journal, V. Henry Rothschild and Rudolph Sobernheim observe that "swindle sheet" has become accepted corporate slang for the expense account. In the days of no, or low, income taxes, the swindle sheet was strictly an affair between the corporation and the executive, between the employer and the employee. If executives chose to be free spenders and loose in their accounting, such self-beneficiation came directly out of the corporate pocket, out of stockholders. But nowadays, such extravagance comes out of your pocket and mine, as taxpayers. The corporation treats the outlay as an expense which reduces taxable profits and the beneficiary gets a hidden income—a higher standard of living, also not taxable.

Corporate prerequisites are often determined by the beneficiaries, the executives and directors, themselves. In contrast, the prerequisites of government officials are determined by legislation, and, compared to corporate prerequisites, are modest.

Rothschild and Sobernheim recommend that corporations be required in income tax returns to specify the cost of facilities at the disposal of executives. Today, such expenses are lumped with other items. The federal agent auditing a return has to ferret them out—and often can't.

If executives are forced to detail company expenses for, say, yachts, hunting lodges, airplanes, residences in other cities, they'd subject themselves to questioning: Who uses these facilities? To what extent? The answers would answer the further question: For whose convenience are the facilities maintained—the corporation's or the corporation's officials?

Inez Robb

Hula Hoop Hops Atlantic

Home again, and as I thumb through my notes—a mangle's nest—I can report without fear of concentration that all of England is twirling.

The hula hoop has jumped the Atlantic and is the biggest American coup since wartime powdered eggs. It—the hoop—is enjoying a success that threatens every scotchman in the British Isles.

"We have just flown in quantities of the genuine article from the United States," crow competing merchants in newspaper ads. "Ladies' hoop-la pants of elastic that firm the squirm" are on sale to hold that line behind when the girls go hoop-a-whoop.

"The National Hula Hoop Championship of Britain" is now under way, with a challenge bowl and lesser prizes for the champs. On teevee, young ladies with classy chassis demonstrating hoop-happiness and know-how have almost chased the popular American horse operas off the screen.

If hoops are a craze here at home, they are an obsession in England. Every day there is Derbish Day!

Also, I see from my notes that something identified as "skiffle" is replacing rock 'n' roll in England. Would that I had the words—printable—to describe this musical aberration. But since I have never yet caught up with r'n'r, I can hardly compare the two. Maybe skiffle is progressive rock 'n' roll. My impression was that of St. Vitus Dance on a washboard.

The British are naturally proud to be the first to offer jet plane service across the Atlantic in the present jet age race. When their jet Comet 4 flashed home first, a half-dozen London papers dusted off and rewrote an ancient nursery rhyme.

The best version reads: "Twinkle, twinkle little Boeing, How I wonder where you're going."

Up above the clouds so high, Like a Comet in the sky.

Americans grin and bear it, until the Boeing gets going.

London's best generation in Soho and on the edge of Chelsea has taken to going barefoot (what chubbies ahead!) and meeting in dark, sinister-looking little espresso coffee dives. T. S. Eliot's newest play, "The Elder Statesman" was a joy to this theatre buff. Parents in England, as in America, are campaigning against horror films. The latest mild flu epidemic in London is known as "cocktail flu" because you get it at parties, I guess.

And, finally, before I throw away those notes, whatever became of pretty girls, who used to sprout like dandelions at beauty contests?

In London, I stayed at the Westbury Hotel, which was headquarters for all the Miss World contestants. And, so help me, most of the young ladies looked like refugees from a Charles Addams' attic.

The girls, except Miss Japan (a real beauty), obviously used a putty-colored foundation cream and face powder to match. And the latest in lipstick is practically colorless but slightly phosphorescent. And, obviously, it was against the rules to comb the hair. I met Miss Italy in a dark hall one evening and fainted from fright.

During a party at the Westbury for the young ladies, the harassed chaperone of a Latin entry rushed up to me in great agitation and asked if I had seen her charge.

"She haf ze body of a woman. Mag-siffique!" she cried, "but she has the mind of a child! She cannot be left alone for a moment!"

I took a gander at her half-woman, half-child, in her dirty make-up, and felt she was in no danger of attack from anyone but the sanitary inspector. (Copyright 1958, United Features Syndicate, Inc.)

Delightful Blend

Mrs. Bill Unger, who is being presented in a one-man show at Howard County Junior College library, holds one of her paintings which is included in the exhibit. Titled "The Jug", the picture is a pleasing blend of browns, yellows, orange, red and green against a Mexican serape. The collection may be viewed at any time that the library is open during the next month.

Art Show Features Mrs. Unger

Opened to the public this morning was a one-man art show of paintings by Mrs. William Unger, 1801 Nolan. The display hangs in the library at Howard County Junior College, where it will remain for a month.

About 20 canvases are included in the collection, the majority of them oils. Portraits, which make a fairly new field for Mrs. Unger, number six; she has several more portraits to her credit.

Landscapes, seascapes and still life are shown in the exhibition. Mrs. Unger, who is the mother of two sons, aged seven and 10 years, is an employee of The Herald. She has done all but about three of the paintings in the exhibition in the past year. Beginning her lessons in art when she was 12 years old, she continued the study in San Angelo with Mrs. Earl Heddings of San Angelo College. She has been a student of Xavier Gonzales and took some correspondence work with Ralph Pierson. Last year she studied art in the evening class at Howard County Junior College, this summer with John A. Brittenham of Webb AFB.

The exhibition is being presented through the sponsorship of Paul Vagt, librarian at the college, and Mrs. Richard Patterson, art instructor at HCJC.

To Be Wed

Mrs. Leroy Weatherford of Lamesa announces the engagement and approaching marriage of her daughter, Barbara, to Malcolm Lambert of Fort Collins, Colo. The prospective bridegroom is the son of Mr. and Mrs. Joe Lambert, Dolores, Colo. Vows will be exchanged Nov. 19 at the home of the bride-elect's brother-in-law and sister, Mr. and Mrs. Roland Mullins, Ackerly.

Harmonsons Leave Saturday For Three Weeks In Europe

Mr. and Mrs. Pete Harmonson plan to fly to New York City, Saturday night, on the first leg of an airborne journey that will take them to England, Holland, Italy and France before their return home Nov. 6.

Winner of a sales contest sponsored by Overseas Motors in Fort Worth, Harmonson Motors' distributor for BMC products, Harmonson received a cash prize toward the European trip. The couple will be honored at a cocktail party and dinner in New York before boarding the plane for London, Monday. In the British city they will attend the London Motor Show and be luncheon guests of the Rolls Royce company. Oct. 26, they will travel to Goodwood for the Motor Trials.

Other major stops on their three-week trip are planned in Amsterdam, Rome, Nice and Paris.

J. Archer Honored At Family Party

ACKERLY—Present for a recent celebration in the home of Mr. and Mrs. J. Archer were their children, Mrs. Lonnie Coker, Mrs. Lucy Britten, both of Big Spring; Mrs. Wayne Smith and Martha of Lamesa, and Mr. and Mrs. Jack Archer. The occasion was the birthday anniversary of Mr. Archer.

Mrs. H. C. Bristow was in Pecos this past week as a guest of her daughter, Mr. and Mrs. J. V. Bristow.

Also in Pecos was Mrs. G. W. Williams, who visited her son, Mr. and Mrs. H. G. Williams. She stopped in Midland to visit another son, Jack Williams.

The George Rheas have been guests of her parents, Mr. and Mrs. J. R. Bell of Sanson. They were accompanied by Mrs. Alfred Herring and sons.

Guests in the home of Mr. and Mrs. O. F. Rhea have been their son, Mr. and Mrs. O. F. Rhea Jr. of Brownfield. The senior Rheas have returned from Odessa, where they visited their son, Mr. and Mrs. Morris Rhea.

Mr. and Mrs. Woodie Caffie and children of Knott were Sunday guests of her parents, Mr. and Mrs. J. V. Bristow.

Husbands Are Guests At Dinner

A dinner and card games entertained husbands of the Forsan Study Club members Thursday evening in the Forsan School cafeteria.

Autumn leaves decorated the buffet table and the small tables at which couples were seated. Pumpkins also added color to the decor.

Following the dinner, games of "crazy bridge" were played, with the high score going to Mrs. Ted Henry. Mrs. J. W. Skeen took the low score prize.

Included in the 50 attending were three new club members, Mrs. Roy Lamb, Mrs. Leroy Prescott and Mrs. E. M. Bailey. The next meeting was announced for 4 p.m. at the school on Nov. 6.

Hostesses for the dinner were Mrs. Skeen, Mrs. Joe T. Holladay, Mrs. A. J. McVallen, Mrs. J. F. Blake, Mrs. Sam Moreland and Mrs. Charles Wash.

Fathers' Night, Anniversary Are Observed By P-TA

Fathers' Night and the anniversary of the Parent-Teacher Association were combined at the Thursday evening meeting of the Airport P-TA. The group met at the school.

Theme of the program was Citizenship; it was presented by the two sixth grades, taught by O. B. Williams and J. L. Rankin. The room count was won by the room belonging to Rankin.

Delegates to the convention, slated for Nov. 11-14 in El Paso, were elected. They are Mrs. Sid Richardson and L. D. Spradling, with Mrs. Cecil Eary as alternate. Roy Phemister, minister of the Church of Christ, gave the devotion.

It was announced that the first grade, taught by Mrs. Grace Hubbard, was the winner of the membership drive contest. Leo Frank was the winner of the special prize; 68 were present.

Installation Ritual Is Held By Circle

In a ritual with the rainbow as theme, officers of the Evening Circle of First Baptist WMS were installed Thursday evening by Mrs. W. F. Taylor. The occasion was a covered dish supper at the church. Stressing the duties of each officer, Mrs. Taylor pinned ribbons in various colors to those installed. Mrs. Clayton Swinney is chairman; Mrs. L. T. Hargroves Sr. co-chairman; Mrs. T. L. Bennett, secretary-treasurer. Serving as chairmen will be Mrs. S. M. Winham, program; Mrs. F. C. Gambill, prayer; Mrs. C. C. Coffee, community missions; Mary Ann Ataway, mission study; Mrs. Ruby Billing, publicity; and Mrs. Armour Long, stewardship. Mrs. Coffee will be hostess to the circle at 7:30 p.m. Nov. 10.

Carnival Plans Made By Coahoma FHA

COAHOMA—The Future Home Makers Chapter of Coahoma High School met recently to make plans for a side show they will sponsor in the carnival to be held at the school on the evening of Oct. 25. Plans were also made for the club to attend the area meeting to be held in Roby on Saturday. Twenty of the girls plan to attend. Sharly Kay Kinley will be running for fifth vice president.

Mrs. R. B. DeVaney has returned to her home here following a two months visit in Cortez, Colo. with her daughter and family, the Hubert Hayworths. She also visited her sister, Mrs. Don Elder in Seagraves, and her son, Mr. and Mrs. Truett DeVaney of Goldsmith.

The Bonnie Naomi Circle of the Coahoma Presbyterian Church met Wednesday evening in the home of Mrs. C. P. Owen with Mrs. Frank Loveless as hostess.

Lomax HD Club Attends Luncheon; Plans Carnival

Plans for the carnival to be given by the Lomax Home Demonstration Club, were formulated at the meeting held Thursday in the home of Mrs. Waymon Etchison. Mrs. Etchison was hostess for a luncheon, with members of the club as guests. She brought the

Sunshine Club Tells Christmas Project

The Christmas project for the Sunshine Club at Otischalk was selected at a meeting Thursday afternoon in the home of Mrs. J. N. Hutcheson. Mrs. Doris Chalk Cole was hostess.

Members will bring grocery items to the next meeting, which will be held on Nov. 20 in the home of Mrs. E. G. Patton. The collection will be presented to some family in the area, it was decided. Secret pal gifts were exchanged by the group and a variety of games played. Mrs. Tom Buckner of Big Spring attended as a guest.

Sweet Potatoes Make Bargain List This Week

Many Texas markets are featuring sweet potatoes this week since shipments have increased from Louisiana and East Texas.

As a result, prices are the most attractive this season, says the Agricultural Marketing Service.

Irish potatoes are also plentiful, but prices are slightly higher since supplies from Texas fields have just about played out and most shipments are now coming from Western states, costing more because of the longer haul.

Cauliflower, eggplant, cabbage, turnip greens and kale, mostly

from local truck gardens, are in good supply again.

Lettuce and tomatoes are up from a week ago as well as onions. California celery is slightly higher, but still a good buy.

California sweet corn is becoming plentiful and so are Louisiana valentine beans.

Apples dominate bargains in fruits. Cranberries are slightly cheaper than a week ago. Citrus fruits from South Texas are in light supply because of floods.

Not much change in meat prices this week. Broilers, fryers and pork still wear bargain tags. Eggs are slightly stronger.

To College Station

Mr. and Mrs. Melvin Choate left this morning for College Station where they will visit their son, Sonny Choate, who is a senior student in agricultural economics at Texas A&M College. Before the couple returns Monday, they will attend the prison rodeo in Humsville.

Chick Peas

Chick peas may be bought in cans. Drain them and dress with olive oil, vinegar, salt, pepper; serve with anchovies, sliced tomatoes and cucumbers, boneless and skinless sardines and water criss or other greens for a first course.

Phoebe Class Meets With Mrs. Burchell

Members of the Phoebe Class of Baptist Temple, meeting Thursday evening with Mrs. W. A. Burchell Jr., presented gifts to two of their leaders. Recipients were Mrs. Joyce Adams, retiring president, who brought the devotion, and Mrs. A. D. Nanny, incoming president. Mrs. Lorraine Sims worded the prayer.

Announcement was made of the installation service planned for Monday evening, in conjunction with the Sunday School clinic. Mrs. Monroe Gaffard, a guest, joined seven members for the meeting.

Chile Peppers

Ever hear of canned green chili peppers? This good food, mild in flavor, is delicious with eggs.

HOLLYWOOD BEAUTY Eyebrow Tricks Help Give 'Natural' Look

By LYDIA LANE HOLLYWOOD — "Nineteen is my lucky number." Eve Brent told me when we had lunch together. "And I am Tarzan's 19th mate."

This attractive blonde from Fort Worth, Texas, admitted that she had wanted to be an actress ever since she was a little girl. "I knew when I came to Hollywood I would have to lose my Southern accent, so I tried never to have one. I listened to the way the people talked on the radio and corrected my speech from them."

Eve believes that God helps those who help themselves so she kept an image in mind of what she wanted to do and be. "You have to work. You can't just dream," Eve observed. "I worked with little theater groups and began studying dramatics in school, and I never realized that my love for sports would help my career."

"I don't have a double and I think being able to swing on a rope so easily helped me get the part of Jane. I can recommend swinging on a rope as a wonderful waist reducer. It gives such a good pull. You don't have to hang very long at a time. Just do it often," she advised.

We were chatting in the lunch room at MGM when Eve suddenly said: "Every girl in this room is beautiful! But then you can't live in Hollywood without learning to improve yourself." I asked Eve for her favorite glamour trick. "It's the art of using make-up to give a natural look. I've learned to shape my eyebrows with tiny pencil strokes blended in with my own hairs so that you can't tell. I think eyebrows are very important. I hate stray hair, and I have a magnifying mirror and I pluck mine regularly. But I always use hot water to open

Tarzan's Mate

Eve Brent, who plays Jane in the current Tarzan series has no double for the tree swinging scenes. Eve admits learning a great deal about glamour since arriving in Hollywood.

1948 Hyperions Reflect Upon Federation At Fall Luncheon

Luncheon from a setting emphasizing fall splendor was served to 20 members of the 1948 Hyperion Club, Thursday at the home of the president, Mrs. Zollie Boykin. Joining her as hostesses were Mrs. Jack Irons, Mrs. Don Fenn and Mrs. M. M. Edwards. Mrs. H. W. Smith keynoted the program on federation with previews of joint interests. She pointed out that one should think of

Gold Star Mothers Meet With Mrs. Lees

Mrs. Alfred Moody will attend the meeting of the state board, Gold Star Mothers, set for Oct. 26 in Dallas. The announcement came Thursday morning when the local unit met with Mrs. Harry Lees.

Mrs. Roy Franklin, hospital chairman, told the group of six of the coffee sponsored by the women Wednesday at the VA Hospital. This is a monthly project for the GSM. The next assembly will be at 9:30 a.m. Nov. 20 at the home of Mrs. Moody, 1514 Tucson.

Philathea Class Has Monthly Dinner Meet

Mrs. Harold Parks and her group were hostesses to the Philathea Class at First Methodist Church, Thursday evening. A covered dish dinner preceded the monthly business meeting, at which Mrs. M. R. Turner presided. Special music was sung by Mrs. N. B. Furlong, accompanied by Roberta Gay.

Pumpkins and orange pyracantha berries decorated the table where places were laid for 30.

developed the thought, "Service is what one pays for the space he occupies."

Other speakers were Mrs. Irons, Mrs. Boykin, Mrs. Choe Smith and Mrs. R. R. McEwen Jr. They announced that 11 of the 12 charter members of their unit remain in the club.

The business session centered around a discussion of possible projects, and a past president pin was presented to Mrs. McEwen. The club's scrapbook, which won third in the state competition and first in the district, was on display.

The women will assemble next at 2 p.m. Nov. 20, at the home of Mrs. Lloyd Wasson, 800 Edwards Blvd., with Mrs. Roy Townsend as cohostess.

WIESBADEN, Germany (AP)—The bodies of six U.S. airmen killed when their plane crashed in Soviet Armenia are being flown to America for identification.

Borden Wildcat Gets Second Plug, Howard Venture Fails

The Great Western No. 1 Baird wildcat in Borden County is being plugged for the second time, and a Howard County wildcat has been listed as a dry hole.

In the Rafter Cross field, Harper & Huffman No. 1 Hiawatha-Stoker penetrated to 8,382 feet in lime and chert. It is C NE NE, 2-30-56, T&P Survey.

Operator at the Great Western venture about nine miles north-east of Gall found salt water while swabbing the Pennsylvania. It is a re-entry of a hole drilled and abandoned originally in 1950.

The Howard duster is the A. K. Guthrie No. 1 Bronaugh eight miles southwest of Big Spring and a mile southeast of the Moore pool.

Midwest No. 1 Milliken, a wildcat 10 miles northeast of Gall, was bottomed at 2,473 feet and preparing to set intermediate casing today. It is 1,980 from north and 660 from east lines, 478-97, H&TC Survey.

Midwest No. 2 Davis, a new location in the Triple D (Pennsylvania) field, spudded and set surface casing at 315 feet today. It is 1,700 from south and 1,500 from west lines, 60-34, EL&R Survey.

Great Western No. 1 Baird, C NW NW, 37-30-40, Gibson Survey, swabbed 124 barrels of fluid in six hours, and during the last half of the test, fluid was all salt water.

Operator was ready to plug it today. In the Rafter Cross field, Harper & Huffman No. 1 Hiawatha-Stoker penetrated to 8,382 feet in lime and chert. It is C NE NE, 2-30-56, T&P Survey.

Great Western No. 1 Baird, C NW NW, 37-30-40, Gibson Survey, swabbed 124 barrels of fluid in six hours, and during the last half of the test, fluid was all salt water.

Operator was ready to plug it today. In the Rafter Cross field, Harper & Huffman No. 1 Hiawatha-Stoker penetrated to 8,382 feet in lime and chert. It is C NE NE, 2-30-56, T&P Survey.

Ralph Gilbert Is Interviewed By Psychologist

A San Angelo psychologist had a lengthy interview with Ralph Gilbert, 21, under indictment for murder with malice, in the latter's jail cell Thursday afternoon.

Operator started testing the Ellinger with no gauges on production at the Sinclair-Shell No. 1 Stoker after perforating from 8,226-30 feet. The venture is 660 from south and 1,980 from west lines, 68-5, G&H Survey, and five miles east of Post.

Defense attorneys had arranged for the specialist to talk to their client.

Southern Minerals & Southern Gas No. 1 Davis was bottomed at 3,822 feet and fishing. It is C SE SE, 20-2, T&N Survey, and nine miles southwest of Justiceburg.

Gilbert is accused of murder in the death on June 17 of Clayton Stewart, pioneer rancher, on the latter's ranch near Forsan.

The Shell No. 1-G Slaughter made hole in lime and shale at 3,337 feet. It is 13 miles south of Post, 660 from north and east lines, Section 3, Abstract 1182.

Defense attorneys have indicated they intend to offer an insanity defense and the first step in the preparation of this defense was the interview their client had with the San Angelo specialist.

General American No. 1-4 Koonsman, about nine miles southwest of Justiceburg, drilled at 5,385 feet in lime. It is C NW NW, 4-2, T&N Survey.

So far official action along this line has been taken through a petition asking for a continuance in the case six weeks ago, the defense did assert that Gilbert was insane at the time of the slaying and is still insane.

Shell No. 1 Sims made hole at 8,160 feet in lime. Drillsite is 1,980 from south and 926 from west lines, 87-97, H&TC Survey.

The defense attorneys will have to file a formal motion and request with the court asking for a sanity hearing if they proceed with their plans. Meantime, Gilbert is tentatively booked to go on trial on the murder count sometime late in December.

Wilson No. 1 Connell drilled at 5,462 feet in lime today after taking a drillstem test from 5,345-66 feet. Tool was open two hours, and recovery was 20 feet of slightly oil-mud. Location is 1,980 from south and 660 from west lines, 65-5, G&H Survey, and six miles east of Post.

Services Saturday For Mrs. Young, Pioneer Of City

Last rites will be held at 10 a.m. Saturday for Mrs. Agnes Young, 88, one of the very first settlers of Big Spring.

Continental No. 15-E Clay is staked in the Howard-Glasscock field about three miles east of Forsan on a 160-acre lease. Drillsite is 2,310 feet from south and 330 from east lines, 139-29, W&N Survey, and it will drill to 1,900 feet.

Mrs. Young died here early Thursday after a long illness which had completely disabled her.

The Conoco No. 15-A Clay is in the same area 990 from north and 2,310 from east lines, 139-29, W&N Survey, and it will also penetrate to 1,900 feet.

A requiem celebration of Holy Communion was held in her memory Friday morning at St. Mary's Episcopal Church, to which she had devoted much of her time and substance in earlier days.

Continental No. 5-1 Clay pumped 100 barrels of 29-degree oil and 27 per cent water on final test after being acidized with 1,000 gallons. Total depth is 2,562, but it is drilled out to 2,533. Top of pay zone is 332, with perforations from 2,494-513 feet. Location of the well is 330 from south and west lines, 127-29, W&N Survey, in the Howard-Glasscock pool.

The rector, the Rev. William D. Boyd, will officiate at the funeral, and burial will be in the City Cemetery beside the grave of her husband, John B. Young, who died in 1924.

In the same area, Schlacke Bros. completed the No. 2 Edwards for only 4.78 barrels of 41-degree oil and 90 per cent water. It is 990 from west and 1,650 from north lines, 44-30-15, T&P Survey. Total depth is 1,501 feet, with production reached at 1,414.

Palbearers are to be Obie Bristow, D. M. McKinney, Walton Morrison, Bill McCurry, Jack Bennett and Tom Helton.

Fleming, Fleming and Kimball No. 4 Southland Royalty in the Snyder field for a daily potential of 58 barrels of oil and 10 per cent water. The gravity of oil is 31 degrees. Top of the pay zone is 2,060 feet, and total depth is 2,899. Location of the well is 330 from north and 990 from east lines, 26-30-15, T&P Survey.

Firemen were called to a fire at the Joe Dunn residence at 1617 E. 17th, about 1:30 a.m. today, but damage was slight.

Drilling & Exploration No. 8 Douthitt pumped 45 barrels of oil and 50 per cent water on 24-hour final test in the Howard-Glasscock field. It is 330 from south and 990 from west lines, 123-29, W&N Survey. The hole bottoms at 2,955 feet, and top of the pay zone is 2,849. Perforation interval is 2,849-69 feet.

The trial was in its second day when McKeown changed his plea.

Guthrie No. 1 Bronaugh has been plugged and abandoned at a depth of 3,200 feet. It is 2,310 feet from north and east lines, 33-33-15, T&P Survey, and eight miles southwest of Big Spring.

Attend Workshop

Rex Browning, teacher in Big Spring's Special Education School, and Mrs. J. A. Coffey, scheduled to join the school's faculty, are attending a workshop for special education teachers in Austin.

Humble No. 1 McKaskle prepared to test the Pennsylvania

Auditorium Work Won't Be Finished For Concert

All the renovations of the City Auditorium will not be completed when the San Antonio Symphony opens the 1958-59 concert season next week, the city manager said today.

Special lighting equipment which has been authorized hasn't been purchased, but the orchestra will not need any of the special spotlights, so this won't be a hindrance next week.

Mitchell

A. K. Turner of Big Spring staked the No. 1 George Dawson in the Westbrook field two miles north of Westbrook. Drillsite is 330 from north and west lines, 35-28-11, T&P Survey, and contract depth is 3,200 feet.

Sterling

Tennessee Gas No. 4 L. C. Clark, an old well in the Clark field, was deepened to the San Andres and degree oil and 61 per cent water on 24-hour potential test. The well is 2,340 feet from south and 1,756 from east lines, 6-A, R. R. Wade Survey. Top of the pay zone is 855 feet, and it produced from open hole.

Pretzels Low On Calories

PHILADELPHIA (AP)—The latest twist in the pretzel industry is the push to get the pretzel out of the saloon into the saloon—the reducing saloon, that is.

"The pretzel is a low calorie, high protein diet item," said Donald McCollough, Lancaster, Pa., pretzel maker today. "Wonderful way to fill your stomach without adding pounds."

Baptist Temple Will Ordain Two Deacons With Services On Sunday

The Baptist Temple church will ordain two deacons at services Sunday evening.

To become deacons are Paul Vagt and Sam Bennett. The Rev. J. W. Arnett, Baptist district missionary, will be the speaker at the service.

Four other churches will observe layman's day Sunday. They are the First Christian and First, Park and Wesley Memorial Methodist churches.

The Rev. Paul F. Stueckler of El Paso will open a week-long evangelistic program at St. Paul's Lutheran Church here Sunday.

Lee Milling, a former Big Spring, will speak Sunday evening at the First Presbyterian Church. Milling is now executive secretary of the Presbytery of the Southwest and resides at Lubbock.

The First Baptist congregation will hear a guest speaker Sunday evening. The pastor, the Rev. P. D. O'Brien, will open a revival in Sweetwater.

ASSEMBLY OF GOD
Sermon topics announced by the Rev. S. E. Eldridge for First Assembly of God are "Are You There?" and "There is Death in the Pot."

BAPTIST
Sunday evening at Baptist Temple, Paul Vagt and Sam Bennett will be ordained as deacons. The Rev. J. W. Arnett, district missions secretary, will preach the sermon.

Dr. P. D. O'Brien, pastor of First Baptist Church, will preach at 8:45 a.m. on "How Man Spoils God's Handiwork," Eccl. 7:29. At 11 a.m. his message will concern "The Kingdom of His Dear Son," Col. 1:13. A guest speaker will be in the pulpit Sunday evening in the absence of the pastor who begins a weeklong revival in Sweetwater.

The closing day of the weeklong revival which has been in progress at Phillips Memorial Baptist Church will be Sunday, when the Rev. Calvin White of Leveland will bring the messages.

At College Baptist Church, the Rev. H. W. Bartlett will preach on "Evangelism—What Is It?," Matt. 28:19-20, and "Discipleship in an Evil Day," Dan. 1:3.

The Rev. R. B. Murray, Northside Baptist pastor, plans sermons on "God Has Spoken" and "The Lord's Supper."

Calvary Baptist congregation is to hear messages from the Rev. J. H. McWilliams on "The Glorious Gospel," 2 Cor. 4:4 and "The Transfiguration," Luke 9:2. The Trinity Baptist Church Mis-

sion, 109 Wright St., will open Sunday for a full schedule of services. The Rev. Kenneth Evans will preach this Sunday at 11 a.m. and 7:30 p.m. Sunday School at 10 a.m. and prayer meeting at 6:45 p.m. will complete the sabbath schedule. Midweek services will be of officers meeting at 7 p.m. and prayer service at 7:45 p.m. Thursday.

CATHOLIC
Mass will be said at St. Thomas Catholic Church, 605 N. Main, by the Rev. Fr. Francis B. Beazley, OMI, at 7 a.m. and 11 a.m. Rosary and benediction are at 7 p.m. Sunday. Confessions are heard on Saturday from 4:30 to 6 p.m. and from 7 to 8 p.m. Catechism classes for grade school children are from 10 to 11 a.m. Saturday and, for high school children, from 10 to 11 a.m. Sunday.

The Rev. Fr. Beazley has begun a series of lectures on the teachings and practices of the Catholic Church, held in the church basement at 8 p.m. For three months they will be given by the pastor on Monday and Thursday evenings, and will embrace all phases of Catholic belief. All interested are invited to attend the hour-long session, which will conclude with a question and answer period.

At the Sacred Heart (Spanish-speaking) Church, Mass will be held at 8 a.m. and 10:30 a.m. Sunday. Confessions will be heard on Saturday from 5 to 6 p.m. and 7 to 8 p.m. Benediction will be at 5:30 p.m. on Sunday.

Mass will be said Sunday at 5:30 p.m. in Coahoma at St. Joseph's Mission by the Rev. Fr. Adolph Metzger, OMI.

CHRISTIAN
In observance of Layman's Day, the Rev. Clyde Nichols, First Christian Church minister, will relinquish the pulpit Sunday morning to three laymen, George Dabney, Richard Eife and Melvin Moelling, whose theme will be "What the Church Means To Me." Special music will be provided by the choir and the men's quartet.

In the evening, the pastor will preach from Acts 13:13 on "When A Man Has Failed."

CHRISTIAN SCIENCE
Today's demand for practical application of the spiritual truths taught and practiced by Christ Jesus will be emphasized at Christian Science services this Sunday. The topic of the Lesson-Sermon is "Doctrine of Atonement."

The Apostle Peter's directive, "But as he which hath called you is holy, so be ye holy in all manner

of conversation; Because it is written, Be ye holy; for I am holy" (I Peter 1:15, 16) will be included in the Bible readings.

CHURCH OF CHRIST
T. E. Cudd, minister of Main St. Church of Christ, will preach on "The Church's Greatest Needs For Today" and "Faces Around the Cross of Christ."

James Watson, minister of Birdwell Lane Church of Christ, plans a sermon on "Baptism" at the 10:30 a.m. worship service.

CHURCH OF GOD
"The Evil of Indifference" and "God's Letter To Mankind" will be the Rev. V. Ward Jackson's topics for First Church of God.

EPISCOPAL
Schedule of Sunday services at St. Mary's Episcopal Church, 10th and Gollad, is as follows: Celebration of Holy Communion at 7:30 a.m.; family worship at 9:15 a.m.; morning services at 11 a.m. The Rev. William D. Boyd is rector.

GOSPEL TABERNACLE
Noah Tuttle, pastor of Big Spring Gospel Tabernacle, 1905 Scurry, announces the schedule for services this week. Sunday school is at 9:45 a.m. with morning worship at 10:45. Evening worship service will be at 7:45. Thursday night Bible study begins at 7:45 as does the Saturday night prayer meeting.

LATTER DAY SAINTS
The Church of Jesus Christ of Latter Day Saints holds service at the IOOF Hall, Ninth and San Antonio Sts. Priesthood, 9:30 a.m.; Sunday school, 10:30 a.m.; sacrament, 6:30 p.m. Sunday.

LUTHERAN
The Rev. Paul F. Stueckler, pastor of Zion Lutheran Church in El Paso, will be at St. Paul's Lutheran Church next week for an evangelism mission. Services are to be conducted at 10:30 a.m. and 8 p.m. Sunday and at the evening hour through Thursday, in observance of open house and friendship week at the church. The public is invited to attend, announces the pastor, the Rev. Wayne Dittloff.

Nursery care will be provided, and each service will have a phase of special interest to children. Questions concerning the doctrine of the Lutheran Church will be answered.

Sunday School and Bible classes will be at 9:30 a.m.

METHODIST
Dr. W. A. Hunt, Big Spring dis-

trict lay leader, will be featured speaker for Layman's Day, Sunday morning at the First Methodist Church. Mrs. Paul Wagner, soloist, will sing "Be Thou My Light", Billin, and the offertory anthem, will be "Psalms 150". Franck. Dr. Jordan Grooms will preach at evening worship on "A Standing Invitation."

The Rev. Joe McCarthy, pastor of Park Methodist Church, will preach Sunday evening. At morning worship, Layman's Day program will include messages from A. J. Hoover and J. A. Selkirk.

Layman's Sunday will be recognized at Wesley Methodist Church with Ted Phillips to speak at 8:30 a.m. worship and B. M. Keese at 11 a.m. The Rev. Royce Womack plans an evening sermon on "Humility."

PENTECOSTAL
Worship services at United Pentecostal Church, 15th and Dixie, will be held at 11 a.m. and 7:30 p.m. by the pastor, O. F. Viken. Sunday school is at 10 a.m. and the young people's meeting at 6 p.m.

PRESBYTERIAN
At First Presbyterian Church, Dr. R. Gage Lloyd will deliver a morning sermon on "Courage For Living"; it will be broadcast over KBST. At 7:30 p.m. Lee Milling of Lubbock, executive secretary of the Presbytery of the Southwest, will speak about the establishment of new churches in the presbytery and will tell of "Open Doors."

"Getting the Plus Sign into Religion" will be the theme of the Rev. Jack Ware's sermon Sunday morning at St. Paul Presbyterian Church. In the evening at 7 o'clock, the final session of the School of Church Extension will be held, with classes for all ages.

SEVENTH DAY ADVENTIST
Services of the Seventh Day Adventist Church will be at 2:30 p.m. Saturday, followed by church services at 3:30 p.m.

WEBB AFB
Chaplain Wilbur C. Hall will have charge of Protestant services at 11 a.m. Sunday in the base chapel, offering a sermon on "God's Radio Beam." Sunday school in the chapel annex and adult discussion groups will begin at 9:45 a.m.

Catholic Mass will be said at 9 a.m. Sunday by the Rev. Fr. Francis Beazley.

Big Spring (Texas) Herald, Friday, October 17, 1958 7

The Baptism of Jesus

CHRIST IS BAPTIZED BY JOHN THE BAPTIST

Scripture—Matthew 3:13-17; Luke 3:21-22.

By NEWMAN CAMPBELL
THE PROPHET ISAIAH predicted that there would be one to foretell the coming of the Christ, one "crying in the wilderness, Prepare ye the way of the Lord, make His paths straight."—Matthew 3:3.

John the Baptist was the man who came from the wilderness, where he had been living in solitude preparing for his mission. He must have presented an odd picture as he emerged, dressed in "camel's hair, and a leathern girdle about his loins; and his meat was locusts and wild honey."—Matthew 3:4.

John went to Jerusalem and Judaea and all the region about Jordan and baptized the people in Jordan who confessed their sins. Many Pharisees and Sadducees came to be baptized, and he called them the harsh name of vipers. He asked them who had warned them to flee from the wrath to come, saying, "Bring forth therefore fruits meet for repentance." Baptism alone would

in whom I am well pleased."—Matthew 3:13-17.

The people, looking longingly for the coming of the Christ, all "mused in their hearts of John, whether he were the Christ, or not"—Luke 3:15. However, John's words concerning the One who would follow him, Jesus' baptism and the revelation of God's words that He was His beloved Son, must have prepared some of the people for the coming of the real Christ.

While the common people—and even the Pharisees and Sadducees whom John had so harshly chided—had faith in him, Herod Antipas, the tetrarch or ruler over that part of the country, hated him. John had reproved Herod for his immoral life, so he had him arrested and put in prison.—Luke 3:19-20.

A word about baptism: We are baptized but once, in a ceremony that is a symbol of washing away sin, as we wash our hands when they are soiled. However, as John preached, if we who were bap-

MEMORY VERSE

"This is My beloved Son, in whom I am well pleased."—Matthew 3:17.

not save any unless they foresook their evil ways and lived as God would have them live.—Matt. 3:5-8.

He also said, "I indeed baptize you with water unto repentance; but He that cometh after me is mightier than I, whose shoes I am not worthy to bear: He shall baptize you with the Holy Ghost, and with fire."—Matthew 3:11.

Jesus came from Galilee to Jordan to be baptized by John, who at first refused to baptize Him, saying, "I have need to be baptized of Thee, and comest Thou to me?"

But Jesus said, "Suffer it to be so now; for thus it becometh us to fulfill all righteousness." Then John baptized Him.

"And Jesus, when He was baptized, went up straightway out of the water; and, lo, the heavens were opened unto Him, and He saw the Spirit of God descending like a dove, and lighting upon Him: And lo, a voice from heaven, saying, This is My beloved Son, Based on copyrighted outlines produced by the Division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission. ized do not put away our sins and live such lives as God wishes, the baptism has not fulfilled its purpose.

Even in this day of fear and uncertainty, when crimes are committed by individuals and nations, there are many men and women all over the world whose works are Christlike. We can rejoice in them. We can never hope to achieve Christ's sinlessness, but we can, with practice and striving, lead such lives as may please our Father in heaven. Let the teachers of the classes teach this blessed way of life, and parents do likewise.

Remember that from Oct. 20 through Oct. 26 is National Bible week, the theme of which is "The Bible—The Word of Life." Let us turn to our Bible and read diligently, for in it will be found the principles upon which we can build a better relationship among men and among the peoples of the world. I quote from a letter from the Laymen's National committee, which sponsors the week.

STEERS, AUSTIN MEET AT 8 HERE TONIGHT

Two win-hungry football clubs, the Big Spring Steers and the Panthers of El Paso Austin, clash tonight in an 8 o'clock non-conference game at Steer Stadium.

This one winds up practice play for the Steers and the locals would like to whet their appetites with a decisive win. They're favored in most quarters, even though they won't be at full strength.

Between them, the two elevens have only two victories to show for their efforts this year but the Steers have played the stronger teams and been a bit more impressive in their assignments.

The Steers will boast the brute strength, the Panthers an edge in speed. Austin is one of the fastest teams the Longhorns will have faced all year.

Radical changes have been made in the Big Spring lineup. There's a possibility tailback Wayne Fields may not even get into the fray tonight, due to injuries he suffered in last week's 6-6 tie with Lamesa.

LOOKING 'EM OVER

With Tommy Hort

Dave Sime (it's still pronounced as if it were Simm), the Duke flash who beat ACC's Bobby Morrow and Bill Woodhouse in that famous Race of the Century here last April, became the fastest man in the history of football simply by putting on a Blue Devil uniform, as he did against Baylor last week.

Not many know that Dave played football in high school. He was an all-state tailback while attending Fair Lawn High School in New Jersey.

Bill Murray, the Duke coach, says Sime is the most natural athlete ever to attend Duke. In practice one afternoon before the Baylor game, Dave outraced the defense time and again and caught eight passes in a row.

The Blue Devils used him as a target only once in the Baylor game, however, and he failed to catch that one.

Bob Chambers, the Duke track coach who brought Sime and other members of the Blue Devil track team here and who serves as trainer of the Duke football squad every fall, suggested that Murray talk to Dave about reporting for football when the head coach went looking for a "lonely" end. Dave was quick to agree to give it a try.

The big redhead, who was beaten in the morning preliminaries of the ABC Relays here by Woodhouse and then shaded both Woodhouse and Morrow in the finals, says he may try for a spot on the 1960 U.S. Olympics team.

If he does, he's apt to be pitted against Morrow again, since Bobby has already stated he'll seek a spot on the team. Their meeting here was their third in history and marked the only time they clashed in 1957. Sime has won two of the races.

Mel Steiner, the one-time Big Spring outfielder, is now toiling as an umpire in the Dominican Republic winter league.

For the past several seasons, Mel has worked in the Pacific Coast league as an arbiter.

Billy Maxwell, who used to make Big Spring his headquarters, recently tied the course record at the Odessa Country Club with a ten-under par 62.

Maxwell had a 62 on the local Muni course years ago while participating in an exhibition match with Byron Nelson. At that time, Nelson predicted he'd make a great pro.

Carl Morgan, one-time Indiana schoolboy football ace, recently withdrew from the University of Washington football team for religious reasons.

Morgan became a Seventh-Day Adventist last March and the Adventists recognize Saturday, not Sunday, as the Sabbath. So Morgan conscientiously refused to play football on Saturdays.

When Plainview defeated Amarillo High in football last weekend, it marked the first time in 17 years the Bulldogs have been able to turn the trick.

Football teams in District 3-AAAA appear to be weaker overall this year than at any time in modern history. Berger, a team which lost to Snyder earlier this season, could take it all up there this fall.

Sign in the University of Illinois football fieldhouse: "When the going gets rough; the rough get going."

With A Bit Of Help, C Of C Team Claims Win At Webb

It's a wonder Wing Headquarters hadn't summoned the Air Police and courtmartialled the entire party of the second part, after that softball game with the Chamber of Commerce Directors at Webb AFB last night.

The C of C team proved that the secret of success in athletics can figure out to be 10 per cent talent, 10 per cent spirit and 80 per cent biased officiating.

The Directors claimed victory. Wing Headquarters claimed it had gotten off with no worse than a tie. And the umpire claimed immunity on grounds that he also doubled as manager of the Chamber team.

Col. Kyle Riddle, who master-minded the Wing Headquarters attack, platooned his team and hurled one inning himself. The Directors had to get a lot of mileage out of everyone who played because they had only 10 players available.

Judge R. H. Weaver and Ike Robb divided mound duties for the C of C. Each looked like Bob Turley, with a little assistance from the judicial branch.

Some of the C of C players evidently believed that the approved manner to field a ground ball was to fend it with a hip or a leg, then beat it to death with a stick. And first baseman Jack Wallace would have had better luck playing the ricochet off the fence when trying to field some of the throws that came his way.

The arbiter finally called a halt after four and one half innings "because of rain," although there wasn't a cloud in the sky.

Col. Riddle sent a messenger to the Base Library for a rule book printed in Braille, for the edification of the umpire, but the runner didn't return in time. Wing Headquarters had already been sandbagged.

After the game, the entire Chamber team was treated to supper at the Officers Club. The way things had gone in the battle pits, it's a wonder Wing Headquarters hadn't put ground glass in the food.

Independents Skid To Third Place

The Independents of the Merchants' bowling league dropped from first to third place after losing three games to Tom Conway's Humble team this week. Alexander's strengthened its hold on first place by edging Prager's 2 to 1. Wilson's Contractors beat Donald's Drive-In, 2 to 1, to hold second place. Toby's Drive-In Grocery, defeated Snyder's Gulf Station by the same score.

Virgil Long's 541 series was high for the week as was W. E. Blanchard's 204 game.

Team	Won	Lost
Alexander's Jewelers	12	7
Wilson Brothers	11	7
Prager's Mens' Store	10	8
Tom Conway's Station	9	9 1/2
Toby's Drive-In	8 1/2	10 1/2
Donald's Drive-In	7 1/2	10 1/2
Snyder's Gulf Station	5 1/2	12 1/2

Goliad Mavericks Accept A Forfeit

Goliad's 9th grade football team accepted a 1-0 forfeit from Sweetwater's 9th graders in what was to have been an afternoon game here Thursday.

Sweetwater put in an appearance but two hours after the scheduled start. By that time, another game was in progress at Steer Stadium, where the 9th graders were to have played.

McMurtry Vies With Chuvalo

NEW YORK (AP)—A couple of new faces to Madison Square Garden and television fans — heavyweights George Chuvalo of Toronto and Pat McMurtry of Tacoma — clash tonight in a 10-rounder.

Chuvalo, 21-year-old Canadian champion from Toronto and touted as a "young Rocky Marciano," is the 7-5 choice over McMurtry, 26.

A pro only 28 months, the 6-1, thick-necked, 210-pound Canadian has impressed many observers with his punching and potential. Jack Dempsey predicted a bright future for him after he flattened four foes within a fighting span of 12 minutes one night in a "young hope" tournament for semipro in Toronto.

He turned pro after that and has compiled an 11-2-1 record, including eight kayos.

McMurtry, an ex-Marine, has posted a 29-2-1 record. He has kayoted 23 rivals, although he is rated more of a boxer than a puncher. Pat likes a fighter to come to him and the word is that George won't disappoint on that score.

He turned pro at 6-1 and scales about 185 pounds. He has been fighting pro since 1954.

Football Tugs O' War Upcoming Saturday

By JACK CLARY Associated Press Sports Writer

To save a lot of unnecessary discussion on Sunday, one word will probably sum up the weekend college football activity: defense.

The only activity tonight finds Richmond at George Washington but Saturday there are several gigantic tugs of war on tap between a few of the defense-minded giants.

The offensive giants will have their say too, but they don't figure to be bothered too much.

Two of the best defensive struggles are at Madison, Wis., and Atlanta.

At Madison, unbeaten and third-ranked Wisconsin plays host to once-tied Iowa in the Big Ten's top game. The Badgers' defense has yielded only one touchdown — last week to Purdue in a 31-6 victory. Iowa is fifth in total offense and seventh in rushing offense.

At Atlanta, second-ranked Auburn, first in total defense, first in rushing defense and second in passing defense, meets equally defense-minded Georgia Tech, fourth in over-all defense, in the Southeast Conference game of the day.

Top-ranked Army, known more for its offense than for its No. 3 ranking in total defense and No. 3 in passing defense, plays Virginia, which travels to West Point minus ace passer Reece Whitley. The

Cadets rank No. 2 in total offense and No. 3 in passing.

Fifth-ranked Michigan State, with a 20-1 record, goes against once-beaten Purdue, ranked seventh in total defense while the Boilermakers are No. 5. The Big Ten's other top game features third-ranked Ohio State entertaining Indiana.

Sixth-ranked Navy, minus All America tackle Bob Reifsnyder, meets winless Tulane (0-4) in the Oyster Bowl at Norfolk, Va. The Middles are undefeated in three games.

Texas (No. 7) is still in the clouds after last week's upset of Oklahoma, and may get a jolt from Arkansas, winless in four tries, in a Southwest Conference tilt. Something has to give when Mississippi, eighth ranked, and No. 3 in rushing defense, meets Sammy Baugh's Hardin-Simmons Cowboys, No. 2 passing team in the nation.

Louisiana State puts its 4-0 record and No. 9 ranking on the line against a tough Kentucky team (2-2), while 10th-ranked Clemson,

SWC RACE GETS UP A FULL HEAD OF STEAM

By HAROLD V. RATLIFF
Associated Press Sports Writer

The Southwest Conference moves full steam into play for keeps Saturday with Texas, SMU and Texas A&M making their start. Undeclared, untied Texas, which projected itself as the championship favorite when it knocked over mighty Oklahoma, hosts winless Arkansas. SMU, through the intersectional strife for one week, takes on its old enemy, Rice, the defending conference champion, at Dallas. The Methodists lost to Ohio State and Notre Dame and next week they try to pull even for the season against Georgia Tech. TCU, tied with Baylor and Rice for the conference lead, goes to College Station to help the Aggies inaugurate their bid for the championship. Texas, SMU and TCU are handy favorites. Baylor and Texas Tech meet in Lubbock. It won't count in the standings, however, since Tech isn't yet eligible for the title.

Austin Coach and Mite

Coach Pug Gabriel of El Paso Austin, former backfield great of the Odessa Bronchos, is shown here with his 130-pound backfield speedster, Bobby Wiggs, one of the smallest regulars playing football in the Texas Intercollegiate League. The Panthers worked out here Thursday in preparation for their game tonight with the Big Spring Stars.

Arkansas is already out of the race because of three conference losses but won't be trying any less hard because victory over a team of Texas' stature would give the Razorbacks a tremendous lift. Texas, ranked No. 7 in the nation, could have trouble from the natural let-down that comes from such an upset as the conquest of Oklahoma. A decision by Rice over SMU could put the Owls in an advantageous position toward another conference championship because the schedule will favor Rice after this week. SMU comes up to the first big one in a crippled condition with ace passer Don Meredith a doubtful performer. However, the Methodists appear to have more horses than Rice even with Don on the sidelines. TCU is a 6 1/2-point choice over A&M because the Horned Frogs boast the top offensive and defensive records of the conference and have shown vast improvement in their last two games. Baylor is favored over Texas Tech but not by an appreciable margin. The Bears have lost their last two games the same as Tech and they face a Red Raider outfit that could be mighty tough on its own field. Only three out of six last week lowered the average materially. Perhaps this will bring it back up: Texas-Arkansas — An Arkansas victory would be as big an upset as Texas' triumph over Oklahoma. TCU-Texas A&M — TCU has too many guns; the Christians by two touchdowns. Rice-SMU — SMU starts its drive for a conference championship with a touchdown victory. Baylor-Texas Tech — It'll be a close one but Baylor will edge through.

zou Green Hornets. Game time is 8 o'clock. The Bisons will be handicapped in the fact that Charles Skeen, 175-pound senior end, will be out due to an injured ankle. Merton brings a 5-0 won-lost record here and beat Christoval in a conference game last week, 36-14. The Buffs warmed up for this one by turning back Water Valley last Saturday night, 36-14. Forsan carries a 5-1 won-lost record onto the field tonight, having lost only to Gail and that by a score of 20-0 in Gail. Rodney Allison, 142-pounder, will probably replace Skeen on offense tonight while Johnny Bob Asbury, 160, will play defense at that position. Other Forsan starters include Kenneth Duffer, 185, center; Stanley Willis, 195, guard; Raymond Martin, 175, guard; Sammy Barnett, 143, or Dewey Howard, 145, end; George White, 170, quarterback; Freddie Park, 143, halfback; and Jerry Bardwell, 135, halfback. Harold McGhee is coach of the highly successful Merton team. He plans to go with a lineup composed of Bob Helmers, 172, at quarterback; Bill Sawyer, 180, and Joe Sellman, 140, halfbacks; Joe Shaw, 171, and Neel Tankersly, 165, ends; Ray Clark and Wilbur Hight, 182, guards; and Roy Davis, 170, center. Bill Conger, 158-pounder who can play both as a back and at end, has returned to the Forsan club after being sidelined with an injury. The game looks like a toss-up and the biggest crowd of the season is due to be in attendance at kickoff time.

AT FORSAN 8-Man Favorites Clash Tonight

FORSAN (SC)—The District 8-B eight-man football race may be determined here tonight, at which time James Blake's Forsan Buffaloes entertain the powerful Merton Green Hornets. Game time is 8 o'clock.

Local Gridders Lose 2 Games

SNYDER (SC)—Two Big Spring football teams suffered defeats here Thursday night, in each instance by a score of 38-0. The Goliad 7th graders was the victim in the first game. The Mavericks trailed 30-0 at half time. Snyder got off to a great start, scoring three touchdowns before the opening period was out. Baxter Moore showed to advantage on offense as the Big Spring fullback. Kenny Crane was a defensive gem. He played guard. Goliad's 8th graders got to the enemy 20-yard line once in its losing effort to the Snyder 8th graders. Despite the one-sided defeat, Coach Jimmy Marcus praised his boys for their improvement in play. His team trailed at half time, 26-0. Quarterback Danny Coates was hurt late in the game and had to leave the game. He bruised his back.

Midland's B Team Wins

Midland's reserves pummeled the Big Spring High School B football team, 38-0, in a game unrecalled here Thursday evening. The visitors led, 22-0, at half time. The local coaches were encouraged by their team's showing despite the one-sided score. On occasions, the Dogies looked sharp. Failure of the locals' aerial game hurt them a lot. They didn't complete a pass in eight tries while Midland made good on four of nine attempts. Midland led in first downs, 15-7. Kent Morgan stood out on offense for the Big Springers while Ronnie Clanton played an outstanding defensive game.

Zellers' Team Slams Levelland

LEVELLAND (SC) — Bobby Zellers' Big Spring Runnels 8th grade football team rolled to a 14-8 victory here Thursday evening, despite the fact that the Yearlings' first string quarterback, Gene Lamb, was injured in the first three minutes of the game. Lamb suffered what is believed to be a bone chip in one leg and may be lost for the season to the team. Levelland scored first, getting its TD and two extra points in the first quarter. The Yearlings got going in the second when Rickie Welsner, who took over for Lamb, traveled ten yards on a keeper play. He then added the two points on a run to tie the game at 8-8. Joe Don McGrover put the Yearlings ahead to stay when he broke loose on a 50-yard scoring jaunt in the second period. The Big Spring club had another TD called back due to a penalty. That was a 70-yard pass and run play, with Welsner doing the pitching and Don White the catcher. That occurred in the first period. The Yearlings got inside the Levelland 20 three different times in the last half but couldn't score, once going as far as the ten. Defensive standouts for Big Spring included Rickie Peters, Bobby Williams and Robert Mahoney in the line and Welsner and Jerry Bethell in the backfield. On offense, Welsner and Bethell looked good. The latter was especially sharp as a blocker. The Yearlings' won-lost record is now 3-2. They will be idle next week.

Polywogs Triumph

FORT WORTH (AP)—Dick Holden scored two touchdowns, Ben Nix one and Roy Dent the other as the TCU freshmen beat the North Texas freshmen 28-8 last night.

Pete Dawkins, Army Star, Was Once A Polio Victim

By WILL GRIMSLEY
Associated Press Sports Writer
WEST POINT, N.Y. (AP)—The "go-go-guy" of Army's top-ranked football team is a tall, crew-cut midwesterner who once seemed doomed to be an invalid for life. Pete Dawkins of Royal Oak, Mich., stricken with polio at seven, and a frail 110-pounder at 15, by sheer determination built himself up to become captain and star halfback of the eleven acclaimed best in the country. Dawkins is 6-1, weighed 197 and is swift as the wind. But his value to the 1958 Army team is measured more by intangibles. "This boy is a born leader," coach Earl (Red) Blaik said today. "He is only 20, yet very mature. He has given us inspiration and direction. "I trust him with more responsibilities than probably any captain I have had in the past. When I start listing the assets of this squad, one of the big ones is leadership." The blond, clean-cut halfback, modest although he holds highest honors at the Military Academy, scoffs at his own role in the team's success. He attributes the ship's success to Blaik's leadership. Dawkins, who once thought he might never walk again, has carried the ball 261 yards in three games, an average of 6.9 yards a try, and caught passes for 202 more. He has scored seven touchdowns. He also passes—left-handed. At the point, he holds honors not held before him, even Gen. Douglas MacArthur, ever held at one time. He is captain of cadets, leader of the corps of 2,500. He is president of his class. He wears the gold star, symbol of academic excellence. He also sings in the West Point Glee Club and plays four musical instruments. After his polio attack, Dawkins, son of a Detroit dentist, used weights to build himself up. He played baseball as well as football in high school. He was a standout defenseman in hockey last year although he never had played the game before entering the Academy.

Dogs, Roscoe Vie In 6-A Grid Battle

COAHOMA (SC)—Back to 100 per cent strength for one of the rare times this season, the Coahoma Bulldogs lock in battle tonight with Roscoe in a District 6-A opener at 7:30. Weakened — at times tremendously — by viruses, tremors and bad ankles, the Bulldogs are spirited and ready for the game tonight with the 6-A favorites, losers only to Albany and Merkel. Last week Coach Jim Spann's outfit welcomed the return to ranks of halfback Butch Hodnett, a victim of an early-season scrimmage with Post, and the fleet ball carrier is past the hobbling effects of the injury. "We have improved every week," said Spann, "and this week we are better off than ever... we were weak on the outside on defense when the season started, but we held them (O'Donnell) in last week." Spann even ventured a 14-6 win prediction for his 'Dogs, which will be somewhat of an upset in the district. O'Donnell, a toughie this season, spilled Coahoma, 20-6, last week. Fumbles, bad snap-backs

and other miscues hurt Spann's crew in that game. Max Kennermer, junior center weighing 215, did a stellar job at the pivot for Spann. Backs Harold and Royce Abernethy, brothers, who are tied in scoring with three touchdowns each, turned in usual top notch performances. Spann is looking to a couple of reserves who haven't seen a lot of action yet, but who may be called upon tonight and in the future. Marco Westmoreland, a junior guard at 165, has moved up a notch, and Paul Graves has shown to best advantage in alternating at halfback, since departing an end position. Spann expects the two to come along well these last few games. Starters tonight will probably be Max Kennermer, center, tackles George Turner and Roy Wright, guards Dwayne Richter and Doyle Warren, and ends Jim and Robert Cearley. In the backfield will be Harold and Royce Abernethy, Hodnett, and Lonnie Anderson, fullback. David Burris may be alternating at tackle position in the line.

Jefferson Romps Past Angeloans

By THE ASSOCIATED PRESS
San Antonio Jefferson walloped San Angelo 33-6 Thursday to show it's one of the top contenders in the Class AAAA division of school football. This intersectional game featured opening weekend action as the field prepared for one of its biggest and most important schedules of the season. While conference play dominates, there are some vital intersectional and interdistrict struggles, the feature coming at Corpus Christi where Miller, the heralded power of the south, clashes with defending state champion Highland Park. Thirty-nine of the 44 undefeated, untied teams in the four divisions are in action Friday night with only one game, however, matching unbeaten teams. This one is at Orange where Longview, a one-sided outfit, challenges Orange's perfect record.

Runnels 7th Loses Initial Decision

LEVELLAND (SC) — Runnels 7th grade of Big Spring dropped their first football decision of the year here Thursday evening, when Levelland edged out the Yearlings, 8-6. Big Spring scored in the final two minutes of the game when Tony Carrillo bulled over from the two-yard line. Dick Irons, DeeRoby Gartman, Richard Flores, Carrillo and Humberto Hernandez all glistened on defense for Big Spring.

32 NY Yanks Draw \$8,759 Each As Series Paycheck

NEW YORK (AP) — The difference between winning and losing the 1958 World Series meant \$2,863 for each member of the New York Yankees who received a full series share. Baseball Commissioner Ford Frick disclosed the distribution Thursday. The Yanks voted 32 full winning shares amounting to \$8,759 each. A full losing slice for each of 31 Milwaukee players was worth \$5,896. The winning share for the Yanks was \$165 less than the Braves players got after beating New York in the 1957 series. Milwaukee had 30 full shares last year. The losing share for the Braves this season amounted to \$290 more than that of the 1957 Yanks who divided 33 full shares. Virgil Trucks, who joined the Yanks in mid-June, received a full share. A three-fourth share, worth \$6,569.33, was accorded Murry Dickson, who was acquired from Kansas City in late August. A half-share of \$4,379.54 went to Sal Maglie, who was released by New York in mid-June. Fritz Brickell, Bobby Del Greco and Johnny James, all of whom played briefly, received one-fourth shares. Last Monday Frick revealed that he had fined 22 Milwaukee players \$50 apiece for premature disclosure of their financial breakdown. The commissioner said, "I fined only 22 because they were the only ones eligible to vote on the series' cuts. A player must be on the roster June 1 and remain until the end of the season to be permitted to be at the meeting." The breakdown of the other first division clubs: American League — Chicago White Sox, 32 full shares, \$1,518.94; Boston Red Sox, 32, \$995.90; Cleveland Indians, 28, \$518.61. National League — Pittsburgh Pirates, 32, \$1,507.04; San Francisco Giants, 28, \$1,031.14; Cincinnati Redlegs, 30, \$567.23.

TEXAS CHAMPIONS OF FREEDOM DAVID CROCKETT

Fighter Without Fear in the Cause of Liberty

From the days he played hookey from school to the moment he fell mortally wounded in the Alamo, Davy Crockett placed freedom first. Born in northeast Tennessee in 1786, Davy was a runaway from home discipline at 13, and back at 15... for schooling which he earned by working for the schoolmaster. Later, marriage and children... then freedom beckoned again. He was off to join the army of General Andrew Jackson. When food failed the army, Crockett proved himself a superb hunter, with special attention to "Bears." Then... the years in which he lived successfully the life of magistrate, colonel of militia, Tennessee legislator and U. S. Congressman. When beaten in a later race for Congress, Crockett felt he had been the victim of corruption and took out for Texas... "to fight for my rights." From San Augustine, January 8, 1836, he wrote to his daughter, "I would rather be in my present situation than to be elected to Congress for life." Almost immediately Davy Crockett and a few of his "Tennessee boys" joined Wm. B. Travis, to defend the Alamo. On March 6, 1836, the tall, broad-shouldered, black-haired Crockett gave his life for freedom and Texas. Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland, "Bear Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

Antisegregation Statement Is Vetoed At Meet

By GEORGE CORNELL
Associated Press Religion Writer
MIAMI BEACH, Fla. (AP)—An antisegregation statement by Episcopal bishops was shouldered aside Thursday night by rank-and-file churchmen.

The revolt was led by laymen and pastors from Virginia, where the denomination was founded in this country.

Joined by other members of the House of Deputies, at the church's triennial general convention, they pushed through a substitute draft resolution which omits the bishops' call for an end to racial separation.

But it does urge Christians to "cleanse themselves of all spirit of racial discrimination" and to seek establishment of full opportunities for all persons in education, housing, employment and public accommodation.

As the convention neared its close today, the deputies also approved a pronouncement by the bishops opposing capital punishment and urging a worldwide disarmament agreement.

All convention actions must be voted on both by the 650-member House of Deputies and 190-man House of Bishops, the governing congress of the church.

Adoption of the modified resolution by the deputies marked a sharp rebuff to the bishops.

Tossed out was their statement on the subject urging elimination of racial discrimination and separation.

John Paul Causey of West Point, Va., who introduced the revised version, said it "represents a meeting ground on which all people can stand united, not divided."

The Rev. John M. Burgess, a Negro of Newton Centre, Mass., assailed the Virginia resolution as weak and compromising.

"With few verbal changes, the same document could have been used 100 years ago to support the institution of slavery," he said.

"We need at this time of all times to speak in a clear voice."

The Virginia modification, however, drew a rising ground swell of support, both North and South. In the decisive vote, which came on a parliamentary point, it went through by 334-174.

Northern Negroes Dislike Both Parties

NEW YORK (AP)—The New York Times said today that more and more Negroes in key Northern states are becoming dissatisfied with civil rights attitudes of both Republican and Democratic parties.

The Times said a survey indicates that more Negro voters will split tickets in the election next month and in the future.

But the newspaper said political observers believe that the Democratic party in the North, where most Negro voters live, still will get the majority of Negro ballots.

"In some states, such as Michigan and Pennsylvania, the party will increase its strength," said the Times.

In publishing the results of a wide survey, The Times said an unnamed Negro mechanic in Cleveland was asked how he would vote.

"I'd like to vote for the whole United States Supreme Court..." he said. "When it comes to this integration and civil rights stuff, neither party is worth a damn."

"In a survey of Negro voter sentiment in six key Northern and border states and California, The Times found that an increasing number of Negroes shared the mechanic's conviction that 'Neither party is worth a damn' on civil rights on the national level—and, in some cases, on the local level," the paper added.

Other states included in the survey are New York, Maryland, New Jersey, Pennsylvania, Ohio and Michigan. Illinois also has a heavy Negro vote, the paper said, but has no major offices to fill this year other than congressional seats.

"Many Negroes were quick to criticize 'the Democrats' for failing to 'whip the crackers in line in the South' on school integration," The Times said.

"They were just as quick to criticize President Eisenhower and 'the Republicans' for failing to take a strong position in favor of the Supreme Court's 1954 integration ruling and the 'moral right' of Negro children to attend integrated schools."

GOP, Demo Chiefs Clash On Policy

CHICAGO (AP)—The Republican and Democratic national chairmen expressed opposite views Thursday night on foreign policy being an issue in the 1958 political campaign.

GOP Chairman Meade Alcorn said the Democrats have injected foreign policy into the campaign when it should not be there.

Paul M. Butler, Democratic national chairman, said the Republicans are responsible for it being an issue because they are campaigning on the issue of peace in which foreign policy is a prime consideration.

The two chairmen made their remarks in a question and answer period after their fourth 1958 campaign debate at a dinner meeting of the Radio and Television News Directors Assn.

Alcorn earlier had said preservation of the peace is "the great overriding issue" of the campaign.

Butler said the GOP has campaigned on the foreign policy issue in every election, and now the party does not like it because the Democrats are bringing it up.

On civil rights, Butler said the Democratic party "does not endorse or condone" Gov. Orval E. Faubus of Arkansas.

"We will not tolerate that kind of an un-American attitude in a party that represents the American people," he said.

Butler accused President Eisenhower of failing to provide moral leadership in the racial issue and said the Democrats in 1960 will nominate men "who stand clearly and flat-footedly on the party's civil rights program."

Alcorn, in his formal statement, said, "I am proud to be able to say that no Republican governor is defying the law of the land and preventing the children of his state from obtaining an education."

Then, in extemporaneous debate, he challenged Butler to disavow Gov. J. Lindsay Almond Jr. of Virginia, who, like Faubus, has taken a strong pro-segregation stand on Southern schools.

Alcorn also asked Butler why he had not taken what he called a strong civil rights stand in Little Rock. Alcorn said he had made his stand for integration at a Republican meeting in Little Rock.

High school students have been idle here since Gov. Orval E. Faubus closed the four city secondary schools Sept. 3. About 600 students have found other schools. Another 3,000 have been without instruction for seven weeks.

Raney also announced for the first time the total collections donated to the corporation for the private schools. He said to date they totaled \$61,841.25.

It has been estimated that it would require \$15,000 weekly to operate schools for all public high school students. But a lesser sum would be required for the senior class only.

Raney's announcement confirmed what had already been leaked to the press: that a senior class school would begin operation next week.

W. C. Brashears, superintendent of the proposed private schools, said he had applications from about 22 teachers—none of the present Little Rock High School teachers have applied.

The school is expecting about 500 seniors to enroll.

Raney said the corporation has no plans at the moment for the lower high school grades which would number about 2,500 students. They will remain without instruction pending some facilities.

3 Found Dead In Hill Cabin

MINAM, Ore. (AP)—Three persons were shot to death in a dingy mountain cabin Thursday night. A little girl later was found crying near the bodies of two other persons.

The father of the 3-year-old girl was William T. Nickels, 53, whose body was found sprawled in an open doorway in a kitchen littered with dirty dishes.

A few feet away lay the body of his wife Delores, 40, who had begun divorce proceedings a few hours before.

The third victim was Miss Billie Johnson, 55. Her body lay face down on the rough board floor of the cabin's living room. All were from Enterprise, the county seat of this rugged mountain country in northeastern Oregon.

Police had dashed to the house after Archie Conrad, 53, a mill worker, had crawled 300 yards to a neighbor's house for help.

Conrad, wounded in the shoulder, was taken to a hospital at La Grande, 40 miles south of here.

"We don't know yet who did the shooting," Sgt. C. J. Casciato said. "We will question Conrad as soon as he comes out from the sedatives."

However, one state policeman, T. J. Botner, talked with Conrad briefly before the wounded man was put under the heavy sedation.

"Conrad said he and the two women were in the house when some guy came in and shot the women," the patrolman said.

Conrad owned the house where the shootings occurred.

Big Spring Native Succumbs In Dallas

Word has been received here of the death of Mrs. Zoe Perryman of Dallas on Oct. 9. She had suffered a stroke two days previously.

Mrs. Perryman is the former Zoe Kinney and was born in Big Spring on March 3, 1900. She was a graduate of Big Spring High School, later attending the University of Texas where she earned her BA degree. After having moved to Eastland where she worked for the Gordon Oil Co., she married V. C. Perryman on Dec. 3, 1922. They moved to Dallas and have lived there since. Rites were held last Saturday at Wildwood Chapel in Restland Memorial Park with the Highland Park Presbyterian minister officiating.

Besides her husband, she leaves a son, Phillip; a daughter, Zoe Ann Haynes; three grandchildren; one sister, Mrs. Vera James, Route No. 2, Eastland.

Firefighters Set To Cap Burning Rig

NEW ORLEANS (AP)—A fire-fighting team cleared away debris today as they laid the groundwork to cap a fire that has roared for nearly two days from an oil rig in the Gulf of Mexico.

Seven persons are believed to have died in the series of explosions that accompanied the fire Wednesday.

The offshore rig, operated by the CAPCO group of oil companies, was the central point for six wells already drilled. A seventh well was in the process of drilling.

Somebody Wasn't Ready For Exams

MARSHALL (AP)—Police were warned in an anonymous telephone call today that a bomb was planted in Wiley College.

The 350 or so Negro students were removed from classrooms and the campus while a search was conducted. Nothing was found.

This was examination day and one police theory was that some pupil wasn't quite ready for the tests.

Prize Winning Ford
Quality construction and prize winning design are combined in the 1959 Ford cars, on display at Tarbox-Gossett Ford Co. Ralph Gossett shows the Fairlane 500 four-door sedan, above. Ford Motor Co. won the gold medal of the Comité Français de l'Elegance at the World's Fair in Brussels for displaying "the world's most beautifully proportioned car." Craftsmanship has been given the benefit of several engineering advances to provide a better, more economical automobile.

Little Rock Will Open School Monday

LITTLE ROCK, Ark. (AP)—The Little Rock Private School Corporation announced today it will open an all-white high school for senior students only next Monday.

Dr. T. J. Raney, president of the corporation, signed a lease agreement this morning for a former University of Arkansas building with 32 rooms and said it would be used for the senior classes.

High school students have been idle here since Gov. Orval E. Faubus closed the four city secondary schools Sept. 3. About 600 students have found other schools. Another 3,000 have been without instruction for seven weeks.

Raney also announced for the first time the total collections donated to the corporation for the private schools. He said to date they totaled \$61,841.25.

It has been estimated that it would require \$15,000 weekly to operate schools for all public high school students. But a lesser sum would be required for the senior class only.

Raney's announcement confirmed what had already been leaked to the press: that a senior class school would begin operation next week.

Spiritualist Leader Gets 5-Year Term

DALLAS (AP)—Von Brown, Negro spiritualist leader, drew a five-year prison sentence yesterday after a jury convicted him on two counts of assault with a prohibited weapon.

Brown was convicted of brandishing a revolver before two police officers on the night of Sept. 3. The officers, in plain clothes, were near the Lighted Church of Prayer on a narcotics investigation.

Polar Crash Survivors Saved

AUCKLAND, New Zealand (AP)—The last three survivors of a U.S. Globemaster crash in the Antarctic were rescued by helicopter today.

U.S. Deep Freeze headquarters at Christchurch reported the men were flown to McMurdo Sound.

Four others were rescued by helicopter earlier during a break in the bad weather that hampered ground rescue. The plane crashed near Cape Hallett Thursday, killing six airmen.

Earlier today a ground party got within four miles of the crash scene but had to turn back and detour around an impassable ice field.

The three men had huddled in the tail of the four-engine plane. They were in good condition.

Weather balked rescue attempts Thursday after the plane went down on a flight from Christchurch, N. Z., to drop supplies to U. S. bases in the Antarctic.

Two of the men flown out were injured, officials said. They were identified as Airman 2.C. Joel Bailey of Belton, S. C., in serious condition, and Capt. James T. Quattlebaum of Columbia, S.C., in fair condition.

The other two rescued men were not immediately identified.

Another Globemaster was reported waiting at Cape Hallett to fly the survivors to New Zealand.

Controversy Over Russ Fishermen

WICK, Scotland (AP)—A Russian fishing boat broke up and sank in a storm off the Shetland Islands today. Soviet officers and Scottish seamen tangled over what should be done with three survivors.

The Russians insisted they should not be taken to British soil. The Scots who rescued the three insisted they were taking no orders from Russians and landed the survivors.

At least three Russians were known dead and Scottish coastmen feared the toll would rise to 22. The Soviet craft was believed to have carried a crew of 25. She was among a fleet of 30 Soviet fishing boats in the area.

Scottish seamen manned coast guard boats when they got the SOS from the Soviet trawlers.

Killed In Auto
TEMPLE (AP)—Sgt. Richard Long, 33, of Ft. Hood, was killed yesterday when his auto overturned near the Temple business district.

Receives Surgery
Mrs. W. W. Grant, 1611 Young, is convalescing in Cowper Hospital after receiving surgery Thursday. Friends said her condition is satisfactory.

Texan Killed

SAN RAFAEL, Calif. (AP)—A Dallas man, Roger Hutts, 32, was killed in an automobile accident near here yesterday. Hutts' car ran off a road, flipped over and pinned him beneath it, the Highway Patrol said.

ANSWER WANTED!
How many classified ads do U.S. newspapers publish every year? One million? Ten million? One hundred million? Three hundred million?
Refrig & Air Cond Supvr, \$125
good opportunity for responsible men

ONE OF A SERIES
ANSWER: AN ESTIMATED THREE HUNDRED MILLION!
That's roughly two classified ads for every man, woman and child in the nation. Could there be a more striking testimonial to the effectiveness of newspaper advertising? The daily newspaper is worth so much more than the few cents it costs that it could probably be sold for a great deal more—yet its price is purposely kept down so that practically everyone can benefit from it.

Role Of 'Big Business' In U.S. Economy Discussed

Miss Mary Archer, employee of Cosden Petroleum Corp. and leader in the Big Spring Desk and Derrick Club, demonstrated effectively to the Kiwanis Club on Thursday the important role that "big business" plays in the betterment of American economy.

Speaking in observation of Oil Progress Week, Miss Archer utilized a "magic suitcase" out of which she took scores of items all originating from petroleum, explaining how each of these made life better for Americans and contributed to the basic sound economy of the nation as a whole.

Seh was heard with close attention and received a warm ovation from the club. Miss Archer was presented by Jack Alexander, president of the club and himself a member of the Cosden organization.

Alexander reported briefly on the convention in Brownsville, which was held earlier this week by the Texas-Oklahoma Kiwanis organization. He informed the members that Floyd Parsons, Big Spring Kiwanian, is now lieutenant governor of the 22nd Kiwanis Division. He called attention to the International Kiwanis club convention which is scheduled for 1959 in Dallas and said that the local Kiwanis organization will have a great deal of work to do in the months ahead.

Records Of Gun Sales In Order

Gil Jones, district attorney, made a surprise check of the records maintained by all establishments in the city which sell revolvers and pistols on Thursday afternoon.

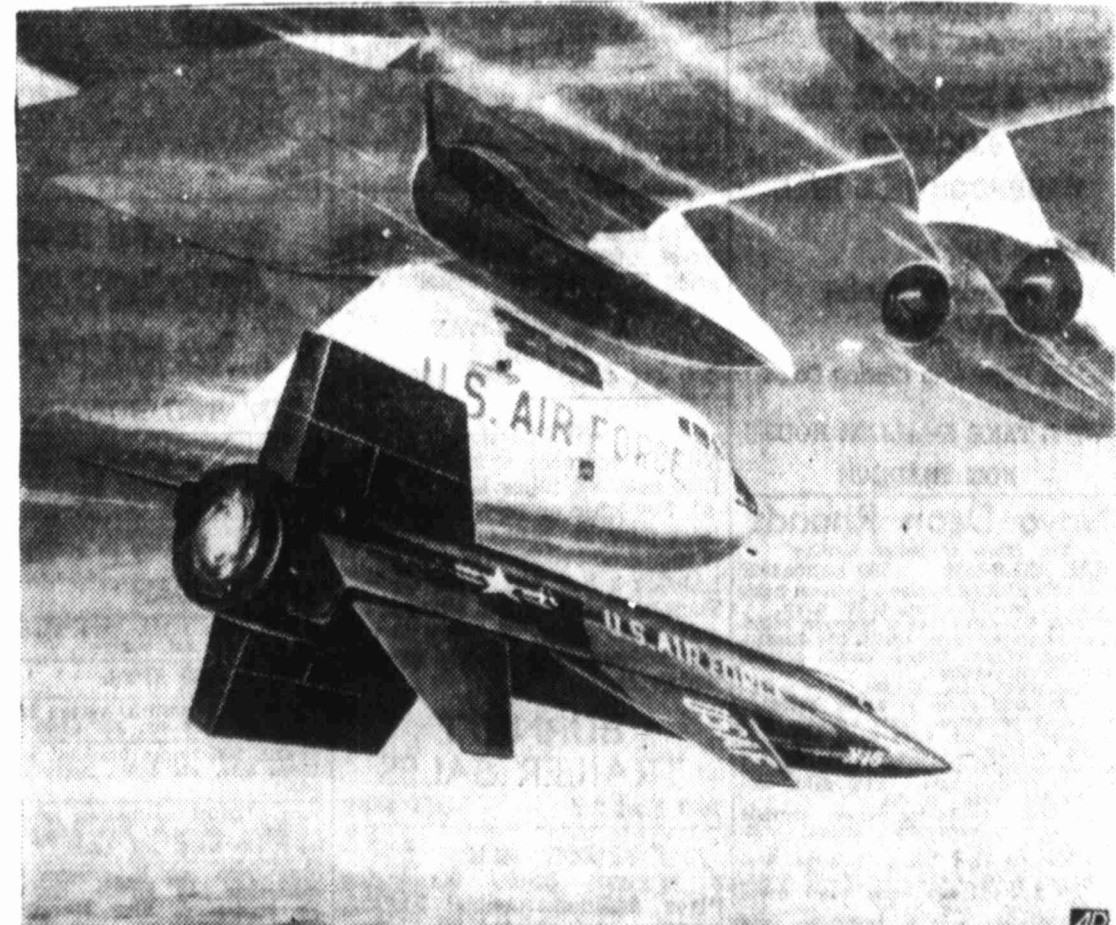

He expressed himself as agreeably pleased in the completeness of the records maintained and the accuracy of the information about the buyers of such weapons.

The check was made because of the recent frequency of instances in which persons carrying pistols have been apprehended.

The law, Jones said, requires that a purchaser must get a permit from a justice of the peace certifying to his good character before he is permitted to buy a pistol or a revolver.

The dealer, he said, is required to post all information about the buyer, including his name, address and other pertinent facts. These records must be kept permanently and are subject to scrutiny by officers.

Jones said that in all of the sales made in recent months, only one offered any hint of vagueness as to identity and address of the buyer.

How X-15 Will Be Launched
This artist's conception shows how the X-15, the rocket ship designed to carry man to outer space and back, will be launched from the rear of a B-52 bomber. Sometime next January the super-ship will be carried to an altitude of about 40,000 feet for its maiden flight.

Edmondson Gets Five-Year Term In Forgery Case

Levy Lee Edmondson, often in difficulty with the law in the past two years, heard himself sentenced to five years in the state penitentiary this morning.

Edmondson, who has served one prison term, and is under a three-year sentence in Lubbock, was assessed the additional five years by Judge Charlie Sullivan when he entered a plea of guilty in 118th District Court.

He was under indictment for giving a forged check to the New-son Food Store on W. 3rd. He offered no defense and Gil Jones, district attorney, recommended the five-year sentence. He is allowed to run concurrent with the three-year term assessed against him in Lubbock.

Too Much Pistol, Not Enough Plato

HOUSTON (AP)—A philisophic robber who traveled with a pistol and Plato broods in his hospital cell over too much use of the pistol and not enough of Plato. James Campbell, 34, told news-men how he went on a cross-

country robbery tour so he could finance a stay in Mexico to study writing and philosophy.

But his trip ended here last week under the blazing muzzle of a jewelry store owner's pistol.

"I hoped to get enough money to spend a long time in Mexico and straighten myself out," he said. But "I guess I never followed Plato's advice—'know thyself.'"

Utilities Show Steady Growth For Big Spring

A steady growth in both commercial activity and population is shown for Big Spring by utilities and telephone connections since the first of the year.

There has been an increase of 422 in the number of telephones in use here since Jan. 1, 1958. Electric service connections have increased by 317, water connections are up by 372, and gas connections show a gain of 666.

Population estimates based on the utility connections indicate an increase of about 1,000 residents during the period.

The city now has 11,386 telephones, 8,997 electricity meters, 7,985 water meters and 8,068 gas meters, according to third-quarter reports on the four public services. Gains have been registered in both commercial and residential categories.

The comparisons:

TELEPHONES		
Jan. 10,964	Sept. 11,386	Increase 422
ELECTRIC METERS		
Jan. 8,680	Sept. 8,997	Increase 317
GAS METERS		
Jan. 7,402	Sept. 8,068	Increase 666
WATER METERS		
Jan. 7,612	Sept. 7,985	Increase 373

Moon Rocket Relayed Radio

INGLEWOOD, Calif. (AP)—The device hurried about a third of the way to the moon last weekend was used as a radio repeater station to relay signals between Hawaii and England.

The Air Force, disclosing this Thursday, said: "This accomplishment validates the idea of using space vehicles of various types to improve vastly the effectiveness and reliability of methods of worldwide communications."

The 84-pound instrument package named Pioneer was hurled 79,120 miles into space from Cape Canaveral, Fla., before it fell back and presumably burned up in the earth's atmosphere.

When it was near its farthest point out, a radio signal was beamed at it from the Hawaii tracking station, repeated by the transmitter in the device and picked up by the Manchester, England, tracking station. Signals also were similarly transmitted from Florida to England and Hawaii, a spokesman said.

Maj. Gen. Bernard A. Schriever, commander of the Air Force Ballistic Missile Division, said: "Improvement in worldwide communications by using a satellite or space station as a connecting link between two distant points on earth has been discussed by scientists for years as a genuine possibility. "This was the first practical proof that such a system is feasible."

Rocking Chair Ranch Bought

SAN ANGELO (AP) — C. L. Whitehead of Dallas and Gene Whitehead of Abilene have purchased the Rocking Chair Ranch located in Tom Green and Schleicher counties from Blair Boyd of Hillsboro, Ohio.

Price for the 19,396 acres was said to have been \$35 per acre—about \$700,000. Blair retained half the mineral rights.

The Whiteheads own and operate the Merchants Past Motor Lines with headquarters in Abilene. Gene Whitehead, formerly of San Angelo, is president of the truck line.

Boyd purchased the acreage in small tracts from 1903 to 1905. Edgar Wilkinson, San Angelo ranchman, has had the Rocking Chair under lease for 21 years. His current lease has four more months to run.

MEN IN SERVICE

Derrell K. Bearden, airman, USN, son of Mr. and Mrs. J. C. Bearden of Vealmoor Route, Big Spring, and Felipe J. Molina, fireman, USN, son of Mr. and Mrs. Jesus A. Molina of 100 NW 4th, Big Spring, aboard the attack aircraft carrier USS Bon Homme Richard, are taking part in a First Fleet Striking Force Exercise, nicknamed "Barnstorm," off the coast of Southern California.

"Blue" offensive forces will train in launching carrier air attacks against a large land mass. Opposing "Orange" defenders will counter the attacks using submarines, aircraft and other modern weapons.

Russia Charges Air Violations

MOSCOW (AP) — The Soviet Union again has charged U.S. planes with trespassing on Soviet territory for reconnaissance purposes, this time over the Bering Strait and eastern Siberia.

A note handed U.S. Ambassador Llewellyn Thompson Jr. Thursday charged an American military plane twice deliberately invaded Soviet air space near Ratomov (Big Diomed) Island in the Bering Strait Sept. 30.

Other flights over Kamchatka Peninsula, the Kurile Islands and in the area of Chukotsk Peninsula in July, August and September also were charged. The note said these were a "premeditated invasion . . . for the purpose of reconnaissance."
