Nature's Fireworks

Mt. Asama, an active volcano 85 miles north of Tokyo in Japan, is shown as it erupted, throwing ashes and molten lava up to 30,000 feet. Police said 2,000 house windows were broken by the terrific blast, described by meteorologists as the heaviest eruption of Asama since 1929. Because of advance warnings on the eruption, there were few injuries.

Fliers Still Lost In Utah Mountains

HILL AIR FORCE BASE, Utah (AP)—Are two Air Force officers who bailed out of a crippled cargo plane still alive after more than three days in the blizzard ravaged mountains of northeastern Utah? Hopes for the survival of Capt. Donald Liggett, 40, Indianapolis, Ind., navigator, and Lt. Donald E. Born, 28, Andover, N.Y., pilot, were dim as the frigid dawn this morning.

Kay McGibbon Is Fall Festival Queen

Kay McGibbon, junior class candidate, was elected queen of the Big Spring High School Fall Festival Saturday night. Crowning ceremonies highlighted the social activities in the high school gym after students had staged their annual carnival on the campus earlier in the evening. Runner-up was Janet Carpenter, senior entry, and third place went to Claude Self, sophomore. Howard Stephens, student council president, crowned the queen and presented her an arm bouquet from the council. Escorts were Jackie Thomas for Miss Carpenter, Bennie Edwards for Miss McGibbon, and Robert Carr for Miss Self.

Radium Boy Held For Observation

TYLER, Tex. (AP)—Johnny Pierce, 19, remained in a hospital today while doctors tried to determine what effect handling a radium needle will have on him. Doctors feared he may suffer severe aftereffects. Pierce, an amateur scientist, told a doctor last week he had been exposed to radiation. He admitted taking a radium needle from a hospital where he worked as a student X-ray technician.

Sudan's Pro-Western Regime Tossed Out By Army Chief

CAIRO (AP)—The Sudan radio announced today that the Sudanese army commander in chief, Gen. Ibrahim Abboud, had seized power in a coup d'etat. The government radio in Khartoum, the Sudanese capital, broadcast a declaration in the name of Abboud promising to do his best to achieve good relations with President Nasser's United Arab Republic.

British sources in London saw Abboud's coup as an Army bid to stall a political reconciliation with the U.A.R. They said the news, which was reported to the government by the British mission at Khartoum, was no surprise. Abboud also ordered immediate dissolution of all political parties, supervision of all newspapers, and prohibition of any demonstrations or political meetings.

The general seized power from the pro-Western government of Prime Minister Abdallah Khalil. The overthrow of the Khalil regime came as Nasser and the Sudanese government were trying to patch up long-standing differences over division of the Nile waters, their frontiers, and trade matters. The Sudanese Parliament was scheduled to meet later this month and both sides had expressed hope that an agreement would be ready for ratification by that time. Abboud's military coup upset one of the few parliamentary democracies left in the Middle East. Sudan obtained independence from joint British-Egyptian control Jan. 1, 1956, and since then had main-

Tornadoes, High Winds Hit Texas; 1 Dead, Many Injured

EAST TEXAS TRAGEDY

10 Persons Die In Headon Crash

SAN AUGUSTINE, Tex. (AP)—A terrific headon collision of a car and a pickup truck just north of here killed 10 persons and injured two more today.

Percy Garner, funeral home operator here, said four of the dead were children and seven were members of the same family.

State Highway Patrolman R. H. Vinyard of Center, Tex., said the family was from Tenaha, Tex., in Shelby County.

Sheriff E. C. Nichols said Maurice McClellan and Charles McClellan, cousins from Center, were in the pickup truck and Charles was driving.

Charles was killed. Maurice was taken to a Shreveport, La., hospital in critical condition.

Garner's funeral home identified the dead as Charles McClellan, about 33, in the pickup, and these in the car: Ralph Reed, about 28; his wife, about 18, and their infant, about three months, all of Tenaha, Tex.; Mrs. Johnnie McCollister, about 35, of Center, and four of her children including two-month-old twins, a girl, 6, and a boy, 7; and James Rayson, 24, Shelbyville, Tex.

Maurice McClellan, about 38, was taken to Charity Hospital in Shreveport, La., with serious injuries.

The only other survivor of the crash, Margaret Ann Dodd, about 5, was hospitalized here. She is a daughter of Mrs. McCollister by a previous marriage.

Vinyard said the auto, carrying 10 persons, was driven by Ralph Reed of Tenaha.

Nichols said all involved were Negroes.

"It was the type of wreck that you can't figure out what happened," he said.

"The people in the auto stopped and bought soda pop at a San Augustine filling station just a few minutes before the wreck. They said something about being on a trip and having been driving for a couple of days.

"The pickup truck was about six feet over the center line. It had just topped a little hill on a straight stretch of road.

"The car applied its brakes for about 45 feet. The pickup didn't apply its brakes at all.

"The cars didn't hardly move at all after the wreck. The drivers of both cars were dead under the steering wheels. There were two little children out on the ground."

Nichols said there was no sign of drinking. While rain fell intermittently during the night, the highway was dry when he got to the scene of the wreck, just before 1 a.m.

Vinyard estimated the speed of each vehicle at about 70 m.p.h.

A hospital here said a little girl, Marjorie Dodd, believed from Center, was brought in with a broken collar bone and other injuries.

Garner said nine persons were killed almost instantly. Another, Era Jones, identified as the Dodd girl's grandmother—died at the hospital.

Snow Flurries Are Forecast For This Area

Snow flurries are on tap for Big Spring area this afternoon, if the Weather Bureau's forecast holds up.

The area was subjected to a roaring south wind and light rains last night. Officially, the U. S. Experiment Station gauged only .05 inch rain but the wind made the shower appear much heavier.

The temperature did not go lower than 42 degrees during the night although reports of a cold wave had caused many cautious motorists to check their antifreeze.

The weather will be colder today, the U. S. Weather Bureau said. It should drop to 30 degrees tonight, the forecast promised, and not get above 55 for today. Tomorrow is booked for clear and cold weather with a maximum of 45 slated.

There were electric service interruptions during the night. The wind was reported to have pushed over a television antenna and sent it crashing across power lines on 21st Street. The residence was damaged to some extent by the mishap.

Four 'Dangerous' Escapees Captured

WICHITA FALLS (AP)—Four prisoners—all described as dangerous—who escaped from the Wichita County Jail Friday were captured near here yesterday.

The four surrendered when Deputy Sheriff Willis Bartley leveled a shotgun at them after they were spotted lying along a fence row southeast of Wichita Falls.

Their capture ended an intensive search set off after a farmer living in the area reported the theft of food and a rifle from his home.

The prisoners were C. H. Roser, 34, Wichita Falls, awaiting the outcome of his appeal from a life sentence for murder; Tommy Smith, 19, Wichita Falls, under a five-year sentence for assault and robbery; Joe Thomas, 19, of Bigfoot, Tex., under a 10-year sentence for armed robbery; and Russell Bramstedt, 22, of San Diego, Calif., awaiting trial on a burglary charge.

Wrecked Truck Blocks Highway

Traffic was blocked on Highway 80, east of Coahoma 3.5 miles for more than two hours Sunday morning as result of the overturning of a big truck loaded with structural steel.

Kel Davis, highway patrol officer, said that the truck was driven by Mack Stallworth, Dallas. As it was passing along a segment of the highway now used as detour while construction work is under way, the boom chains parted and caused the heavy load to shift.

The truck turned over on the highway, piling the steel across the slab.

Stallworth was not injured. The truck and load suffered at least \$10,000 damage it was reported.

All traffic was blocked for more than two hours and partially blocked for sometime afterward.

Marshall Negro Is Stabbed In Chest

A Marshall Negro received a chest wound early Sunday morning in a cutting incident, but the VA Hospital reported his condition wasn't serious.

Police officers reported today that investigation in the case was still under way, and no charges have been filed.

The Negro, Raymond Yancy of Marshall, was run over by the VA Hospital by a Nalley-Pickle ambulance after he was found by police officers in the 100 block of N. Gregg. The police said that Yancy had been in a fight with another Negro on the North Side, but that an investigation had not been completed.

Deer Hunting At Its Best

FREDERICKSBURG (AP)—Some of the best deer hunting in recent years was reported in this area today.

The season opened at sunup yesterday and 1,073 deer kills were reported, on the shelves.

One ice house had 490 carcasses and others had 181, 145, 109 and 48.

Second Attorney Named To Represent Markham At Trial

Fred Markham, 21, fugitive from China (Calif.) Penitentiary, on trial in 118th District Court for robbery by assault, told the court this morning that he was not satisfied with his court appointed attorney.

"I believe," Markham said, "he is biased. I want another attorney."

Markham, under six indictments for felonies in this county, is represented by Carroll Smith, named by Judge Sullivan to represent Markham.

Judge Sullivan told the defendant that he would name Harvey Hooser Jr. as an additional attorney to assist Smith in Markham's defense.

All of the morning session was spent in questioning the jury panel.

Cold Weather Hits Southwest

By The Associated Press

Winty weather spread into southwestern sections of the country today after the season's first general blizzard pounded the Rocky Mountain region and northern Plains over the weekend.

Heavy snow covered wide areas, with falls ranging to several feet in the mountains to four inches at the Mexican border. Temperatures dropped below zero in higher elevations.

Heavy snow warnings continued in effect from New Mexico northward through the Panhandle area and western parts of Kansas, Nebraska and the Dakotas.

Unseasonably mild weather continued in most of the eastern half of the country. It also was wet and many areas reported high humidity.

The cold belt covered areas from the Pacific Ocean eastward across the Rockies through the Dakotas and into northern Minnesota. The temperature dropped to 40 in Los Angeles and 36 in San Francisco.

Temperatures in most of the northern and central plateaus and Rockies were from 10 to 20 degrees, with below zero readings in the higher Rockies. One of the low marks was 9 below at Evanston, Wyo.

Snow fell in southern border sections of New Mexico and Arizona, with a four-inch covering at Douglas, Ariz., and three inches at Columbus, N.M.

More than four inches of fresh snow whitened North Dakota areas with amounts ranging to a foot in some sections and four to six inches in other parts of the snow belt.

In the warm air to the east of the stormy weather, temperatures were in the 70s during the night in most of Texas and the lower Mississippi Valley.

County Pushes For Permanent Agency To Stabilize Taxes

County Commissioners Court, with R. H. Weaver, county judge, absent, devoted an informal session Monday further discussion of a project to set up a permanent tax evaluation program for the county.

Sometime ago, the county had advanced the idea of a permanent setup to keep tax values stable and up to date. This would be in line with the county-wide evaluation survey made this year by a tax engineering firm. The county has suggested the city and schools join with it in this program. Each agency would share the expense of maintaining survey from year to year.

No word from the other governmental bodies has been received. There was no special business before the court.

Bribery Witness To Stand Today

WASHINGTON (AP)—George C. McConaughy, center of vague rumors about attempted bribery in a Pittsburgh television case, tells his story to House investigators today.

The former Federal Communications Commission chairman, who has denied soliciting any payments, was called to testify under oath before the House Legislative Oversight Subcommittee.

This group has been trying, without success, to get first hand testimony to confirm or disprove rumors of bribes sought or offered—or even to track the rumors to their original sources.

Odessan Killed When Rig Topples

By The Associated Press

Tornadoes and hurricane-like winds sweeping North and West Texas left one dead, more than a dozen injured and damage running possibly into the millions Monday.

Gainesville alone suffered a half million dollars loss, by state police estimates, and one man suffered a broken leg there as a tornado swirled across the North Texas city.

Heavy damage also occurred in and around Wichita Falls near the Oklahoma border.

Matthew Roberts, 36, an Odessa oil field worker, died as wind blasts toppled the oil rig on which he was working near Odessa. He was high on the rig, Ralph Dinius, 34, also of Odessa, suffered a broken leg as flying metal from the rig struck him.

As the tornadoes and wind gusts smashed through the area, a cold front severe for this season swept into the state. It was expected to cover all Texas during the night.

Snow, sleet and rain accompanied the frigid air.

Three tornadoes dipped down in the Wichita Falls area, the Texas Department of Public Safety reported.

TEN INJURED

Ten persons suffered injuries in Wichita Falls. Seven suffered injuries as a tornado swept across a trailer park. Terry Evans, a block away, said he saw the funnel hit the park, overturn three trailers and drop one of the three atop an automobile.

A liquor store virtually exploded—a typical result of a tornado. Only the liquor remained, undamaged, on the shelves.

S. C. Yearby, who lives along side the store, said he definitely saw a funnel. Damage of \$50,000 was estimated by Yearby and others.

Other cities suffering damage included Iowa Park, Olney, Burk Burnett, Cleburne, Sherman and Gainesville.

Severe cold and turbulence pushed into Texas with a Canadian storm the Weather Bureau said "will make weather history for its large extent and unusually severe conditions for so early in the season."

Wild winds hit Iowa Park, 7 miles west of Wichita Falls, and wrecked the Texas-Oklahoma Fair Grounds. Fire Chief Oscar Singleton said a roof blew off one house and a garage blew away. A 150-foot antenna was destroyed. Singleton said damage covered four square blocks.

HOMES DAMAGED

What witnesses described as a tornado hit 4 miles east of Iowa Park, damaging homes and trailer houses. It also blew down power lines.

Another funnel struck in Lake Leon, near Eastland in Central Texas. F. L. Purien, who lives nearby, said the tornado spun across the lake, forming a water spout. It picked up a 20 by 28-foot unoccupied houseboat and turned it over.

At Wichita Falls, winds of 75 m.p.h.—hurricane blast force—struck Radio Station KWFT lost three of its four towers.

At Childress, 100 miles northwest

of Wichita Falls, winds hit 83 m.p.h. A couple of plate glass windows blew in, and a pair of trees toppled.

At Meacham field in Fort Worth, the wind reached 92 m.p.h.

Ablene in West Central Texas got a tornado scare as the front moved to the east and south, but authorities said there was no funnel. Two houses in south Abilene suffered damage. No one was injured.

"The people at first thought their houses were blowing away," Abilene police desk officer L. Kent said.

OLNEY SCARED

At Olney, scene a few years ago of a tornado that killed two persons and devastated a part of the town, the tornado struck at 6:54 a.m. It hit the west part of town, unroofed four or five houses and an apartment house, and caused roof damage to both the grade and high schools. Supt. W. O. Echols said there would be no school today.

The Olney tornado was first sighted in the sky by W. A. Cox, superintendent of utilities, and another city employe, F. B. Elkins, as they ran to sound the town's storm siren because of a severe weather warning. Both saw the funnel.

A windstorm caused extensive damage about 7:40 a.m. at Comanche, Tex., only 10 minutes after high winds raced through Eastland.

At Burk Burnett, on the Red River about 15 miles north of Wichita Falls, the Pontiac Motor Co. building a wall blew in and the roof flew off. The co-op gain at Burk Burnett was destroyed, signs were knocked down and windows smashed. Burk Burnett was without power.

Two to 3 miles south of Burk Burnett at the I. C. Hinkles farm, several large implement sheds blew away. On the Frank Howell farm, winds destroyed all but the home. Robertson Dairy, in the same area, had heavy damage to all its buildings.

HANGAR DAMAGED

At Snyder, in West Texas, high winds caused thousands of dollars damage to a large hangar at Winston Field, and to nine of 10 planes inside the hangar.

Two to six inches of snow piled up in the Texas-Oklahoma Panhandle. Guymon in the Oklahoma Panhandle, reported five inches.

At Wichita Falls, all radio stations were off the air for a time. Temperatures dropped to 21 degrees at Dalhart in the Panhandle, and to 27 degrees at Amarillo. The winds blew some snow in the area.

The turbulence came from one front moving in from the Pacific Coast.

The bitterly cold weather for this early in the season blasted down from another air movement from the Pacific Northwest.

It brought sleet as well as snow to some parts of the state.

Even on the Texas coast, the turbulent weather caused small craft warnings from Brownsville to Mobile, Ala., for winds of 20-35 m.p.h.

A tornado hit Gainesville with three of its four towers.

(See WEATHER, Page 2-B, Col. 4)

International Huddle

Ambassador Henry Cabot Lodge (right) of the United States huddles with United Nations delegates from Uruguay and the United Arab Republic after a meeting of the U.N. political committee. Talking with Lodge are Uruguay's Dr. Luis Alberto Buzza (center) and Mohamed Riad (left) of the U.A.R. In the background is Elizabeth Brown, a U.S. State Department advisor. The committee heard discussions on the use of outer space.

Improves Voice

In today's chat, Dorothy Johnson tells how she worked to have an attractive voice. She is appearing in Columbia's "Life Begins at 17."

HOLLYWOOD BEAUTY

You, Too, Can Improve Voice With Exercise

By LYDIA LANE
HOLLYWOOD — Dorothy Johnson feels that there is a great deal of truth in the saying, "You can't see yourself as others see you." "Until," she adds, "you make a screen test. When I saw myself for the first time I wanted to do two things. One was to lose weight and the other was to improve my speaking voice."
 "I went to a dieting coach," Dorothy explained, "and she had me reading aloud with a cork the size of a sugar cube placed between my teeth. She helped me learn to speak from my chest, but I had to learn a new way of breathing."
 "I would lie on the floor with some books on my stomach, and if I couldn't move the books up and down as I breathed I knew I was doing it wrong."
 "I had to say little tongue twisters like, 'Bee, bye, bow, fee, fie, foe, see, high, sew,' and on through the alphabet. What makes

a voice attractive is a combination of good diction and resonance. You have to have a relaxed throat and let your words float out on your breath to improve your voice.
 "Most people are careless of speech," Dorothy commented as we were chatting at Columbia on the set of "Life Begins at 17."
 "You hear people saying 'gonna' for going to and 'didja' for did you and 'pitcher' when they mean picture. Until my screen test, I never realized how unattractive my voice was. You just can't tell how you sound to others," Dorothy related.
 "What about that weight you wanted to lose?" I asked.
 "I knew where that came from," Dorothy smiled. "I could live on desserts, so I ignored my sweet tooth, and losing was no problem. It is amazing how much you can eat without gaining if you just stay away from candy, sodas and desserts."
 "Now if I have a craving for

Art Teachers Attend Meet

In Lubbock Saturday were Mrs. Frank Yandell, Mrs. Thelma Blackwell, Mrs. Burke Plant and Eulalia Mitchell to attend the fourth annual art conference for elementary teachers.
 Meeting in the Home Economics Building on the campus of Texas Tech, the group heard Dr. Emilio Caballero, head of the art department of West Texas State College.
 Speaking on the topic, "Why Art Today?" Dr. Caballero told the group that knowledge of all the facts in one area does not make an educated person. Art education, he said, has the opportunity to teach the values which are important in education, since it goes beyond the skills and techniques of reading, spelling and other activities.
 Demonstration exhibits by students who are elementary education majors were given throughout the morning. Commercial exhibits of art supplies and materials were also on display.
 Arrangements were under the supervision of Dr. Bill Lockhart, Texas Tech instructor, who announced an evening elementary art course to be given during the spring semester. The summer course, he stated, will include an art workshop for elementary teachers.

School Menu Given For Four Days

The menu for the local school cafeterias was late in reaching The Herald and was omitted from the Sunday paper. Here, for the remainder of the week, is what has been planned for the pupils in high school and the elementary grades:
TUESDAY: Cheese meat loaf, buttered green beans, cabbage apple salad, muffins, cherry cobbler, chocolate milk, milk.
WEDNESDAY: Steak, baked potatoes in jackets, carrot sticks, cornbread squares, applesauce and cookies, chocolate milk, milk.
THURSDAY: Stew, spiced beefs, pineapple with American cheese salad, hot biscuits, chocolate pudding, chocolate milk, milk.
FRIDAY: Baked cod, potato salad, tomato wedges, enriched bread, white cake with lemon icing, chocolate milk, milk.
 "I get it all out of my system at one time, but I have found that with balanced menus I don't have a desire to snack between meals," Dorothy concluded.
EXERCISES TO IMPROVE THE SPEAKING VOICE
 You, too, may have a more attractive voice. You can lower it or raise it, whichever your voice may need. You can take out the nasal sounds. You can pitch it where it is most pleasant to listen to. With Leaflet M-6, "Exercises To Improve the Speaking Voice," you will learn these things. For your copy send only 10 cents and a self-addressed, stamped envelope to Lydia Lane, Big Spring Herald, Big Spring, Texas.

P-TA COUNCIL WILL SPONSOR STUDY COURSE

Tuesday morning at 9:30, an organizational meeting will be held at the home of Mrs. J. H. Homan, 801 Gregg, for the purpose of planning a 12-hour study course.
 The group, sponsored by the P-TA council, will discuss parliamentary procedure, with Mrs. Homan serving as leader. At the initial meeting, times for the sessions will be selected, and if necessary, more than one group will be formed, Mrs. Homan stated.
 All interested persons are urged to attend the meeting Tuesday.

1905 Hyperion Club

Announcement has been made of a change in the meeting place of the 1905 Hyperion Club, slated for Wednesday at 3 p.m. Mrs. Norman Read, 503 Washington Blvd., will entertain, instead of the hosts listed in the yearbook.

Hanging Toys On Crib Not Recommended By Experts

WINNIPEG (AP)—A visual training expert warns parents not to hang toys directly over a baby's crib.
 Dr. Leo Manas, head of visual training at the Illinois College of Optometry, told a public meeting here that "the percentage of cases of eyes 'turning in' is much greater now than it was 20 years ago—and I'm convinced it's partly because of these toys."
 If one of a child's eyes turns in, Dr. Manas said, parents should always hand him objects from the side. If the eyes turn out, toys or other objects should be directed straight to the child.
 Dr. Manas made his remarks during an address on teaching children to read.
 He said the method—phonics or sight recognition—is not important. "The main thing is to get Johnny to read," he said. And this depends on the child's basic visual skills, along with such things as balance and co-ordination.
 "A chimpanzee has 20-20 vision but he can't read. Man is the only animal who can manipulate symbols."
 To test a child's visual skills, Dr. Manas said, teachers could use a series of simple tests, the results of which have shown a high correlation to school achievement.
 For instance, he said, the teacher might hold up red and blue pencils, one in each hand, and tell the child to look alternately from one to the other. The child's eyes might move smoothly from one to the other, or fall short of the mark, or go beyond.
 Dr. Manas said this would indicate how the child's eyes would travel when he is reading.
 To further develop visual skills, he said, children should be encouraged to reproduce basic signs, such as circles, rectangles and crosses. A chalk-board would be better than pencil and paper because the child could form a better visual image on the larger area.

Kountz Home Is Scene Of Dinner

Thanksgiving and bridal motifs were employed Sunday for a dinner party given by Mr. and Mrs. R. P. Kountz, honoring Mr. and Mrs. Monte Brantley of Sweetwater.
 Mrs. Brantley, a bride of 65 years ago, is a sister of Mrs. Roy Bardwell, mother of Mrs. Kountz; Mrs. Bardwell was co-hostess.
 On the buffet table, a family joke about the favorite resting places of the two honorees was featured, along with wedding bells and flowers.
 In the living room and den, where guests were seated, Thanksgiving decorations predominated. A cake, frosted in pink and white, and bearing a large 65, was served following a turkey dinner.
 Attending the dinner were the Brantleys' son, Mr. and Mrs. Muri Brantley, and two of their daughters and their husbands, Mr. and

Coahoma News Includes Homecoming Visitors

COAHOMA — Some of the Coahoma graduates attending the high school homecoming football game here Friday night included Mr. and Mrs. Wendel Shive of Midland; Mr. and Mrs. Paul of Lenora; Mr. and Mrs. Charles Barbee, Mr. and Mrs. Linwood Watts, Mr. and Mrs. Larry Young

of Midland; Jay Reasonover of Lubbock.

Versatile Skirt

Either version of this attractive skirt is a 'must' for your wardrobe! Make the everyday skirt from a bold plaid; the date-timer from a 'winter white' with embroidered rose motif. Please state size. No. 240 has tissue—waist size 24 inches, 26 inches or 28 inches; hot-iron transfer.
 Send 25 cents in coins for this pattern to **MARTHA MADISON**, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y. Add 10 cents for each pattern for first-class mailing.

Also, Bonnie Minns of Sterling City; Jerry Bond of Lamesa; Mr. and Mrs. Victor Conner of Snyder; Mr. and Mrs. Henry Hicks of Seminole; Mr. and Mrs. H. L. Harrington of Garden City, White, and Mr. and Mrs. Ollie Williams of Colorado City; Mr. and Mrs. W. T. Hagler and Mr. and Mrs. Lenton Hagler of Midland; Mr. and Mrs. Everett Self of Snyder; Bob Read of Colorado City; Louis Loveless of Odessa; Mr. and Mrs. David Grant of Midland; Mrs. Jack Barr, Brownfield; Mr. and Mrs. W. A. Wilson of Garden City.

Coahoma men leaving over the weekend for deer hunting trips include Carl Bates and his son Billy, from Lubbock; H. L. Miller, Joe Hill, Ray Foster, Paul Allen, Donald Lay, J. D. Spears and Dan Dodson.
 Mrs. Martha White and sons of Midland spent the weekend here with Mr. and Mrs. Ralph White, Mr. and Mrs. Fred Wheeler and children of Cushing, Okla., spent the weekend here with their parents, Mr. and Mrs. Albert Wirth. Mrs. Wheeler, the former Coetta Wirth and a graduate of Coahoma High School was here for the homecoming.
 Mrs. Frank Loveless is in San Antonio this week visiting her children, the Rev. and Mrs. Dick Copeland and children.
 Visiting here this weekend with Mrs. Chester Coffman were her daughters, Mrs. Mitchell Hoover of Pecos and Mrs. Emmitt Cavin of Odessa. They were here for the homecoming of Coahoma High School.

Bob Garrett and Douglas Wren, students in Sul Ross, were here with their parents, the Earnest Garretts and the George Warrens. Clinton Wood also visited his parents, Mr. and Mrs. J. W. Wood. He is a student in McMurry in Abilene.

Mrs. Fred Null and Mrs. Joe Darden were co-hostesses to the members of the Raspers Sunday School Class Thursday evening when eight members met at the fellowship hall of the First Baptist Church. Refreshments were served at the close of the program, and plans were made for Christmas activities.

A Devotional For Today

It pleased the Father that in him should all fullness dwell; and, having made peace through the blood of his cross, by him to reconcile all things unto himself; by him, I say, whether they be things in earth, or things in heaven. (Colossians 1:19,20.)
PRAYER: O God, help us to trust in Thee. Teach us the meaning of the cross. May we not try to meet the problems of life in our own strength, but in the confidence that in Christ's victory over death He is our present help. In His name we pray. Amen.

From One Crisis To Another

The harassed mother who used to complain that her little bundle of love and tireless energy was forever getting "out of one thing and into two" coined an expression that fits the Soviet Union perfectly.
 Latest flare-up of Kremlin mischief-ousness came last week when Khrushchev hinted that Russia would withdraw from East Berlin and turn that uneasy area over to the East German Communists if the Western allies would do the same.
 The Kremlin's satrap in East Germany, Comrade-Premier Otto Grotewohl, jumped with suspicious eagerness at this trap, perhaps unfortunately for him leaving the impression he would be happy to see both the Russian and the Western governments pull out. Khrushchev did a double-take, and disabused Grotewohl's mind, thus adding to the confusion in the West as to just what was up. Confusing the West, of course, is part and parcel of all Kremlin moves.
 Later the West bethought itself of something it had known all along: That Grotewohl was about as anxious to see the Red Army pull out as a fledgling bird is to have a tomcat pay him a visit; for Grotewohl's regime could be numbered by hours should Red bayonets depart.
 The incident was strictly a part of long-standing Kremlin policy to eucher the

West out of Berlin by hook or crook, preferably by crook.
 It was also, in all probability, designed to remind the world in general and the Red satellites in particular that the Kremlin still is Mr. Big. It is altogether possible the sensitive masters of the Kremlin were disturbed by recent U.S.-Red China maneuvering in the Quemoy area. Elsewhere Kremlin affairs have not been doing too well in the areas of summit conferences, demand for immediate disarmament, cessation of atomic tests and a number of other Kremlin promotions.
 So, the flare-up over East Berlin is just another diversionary tactic, calculated to distract attention from other matters which have not been paying off too well for the Soviet Union.
 There are signs that the Middle East situation is easing, and President de Gaulle's realistic manipulations in France's African trouble-spots have been as displeasing to Khrushchev as to Nasser.
 But we should remember that the Kremlin must keep things rolling all the time: when the maximum of disturbance has been wrung from one incident, another incident is set in motion.
 That is not to say these planned incidents aren't dangerous. There is always the possibility one may get out of hand at any time.

A Privilege And Not A Right

It took years of campaigning to put several of the fundamental traffic safety rules in the statute books of Texas. Year after year opponents of these measures fought stubbornly to delay enactment of a driver license law, and almost every provision in that law was fought to the bitter end.
 It took years to get a workable headlight law, for instance. There was another long struggle to set up a driver responsibility statute, and compulsory inspection of motor vehicles took even longer. Driver qualification came slowly, and this and other regulations could still stand strengthening.
 Most of the opposition to these wholesome laws was based on the mistaken notion that operating a motor vehicle was an inherent right, that making a driver qualify and observe certain regulations relating to the mechanical condition of his vehicle was an unwarranted invasion of personal rights.
 Partly as a result of these long delays—and the continuing opposition to some of them—Texas has one of the worst records for traffic accidents in the country.
 The new program of the Texas Safety Association has been outlined.
 This legislative program includes: 1.

Enactment of a Uniform Driver's License Law; 2. A law permitting use of approved chemical tests and other aids in drunk-driving cases; 3. Permitting counties and cities to create traffic courts of record; 4. Doubling the number of state highway patrolmen; and 5. Universal driver education in all high schools, supported by state aid.
 You may be certain that, true to past experience, all of these sought-for goals will meet with opposition, in and out of the Legislature.
 Too many of our people refuse to accept the obvious fact that operating a motor vehicle on streets and highways is a privilege, not a right—and a high privilege at that.
 Traffic safety is a state concern, and an individual responsibility.
 The law is handicapped in too many particulars to permit of a realistic enforcement of such rules as we have, and public resentment or indifference makes the task all the harder.
 Until our laws and enforcement of them are strengthened and much hope of bringing about much improvement in our dreary traffic record.

David Lawrence Problems In High Court's Balliwick

WASHINGTON — Right here in the District of Columbia, the latest official figures show, there are 20 schools which are all-Negro and five schools that are all-White. Does this mean that the "law of the land" is being ignored, or, to borrow a phrase from some of the critics, that the law is being "defied"?
 The Supreme Court of the United States in its historic 1954 decision quoted with approval a statement that "segregation of white and colored children in public schools has a detrimental effect upon the colored children." It cited as one of the "intangible" factors to be considered in providing the Negro student "equality" in education, "his ability to study, to engage in discussions and exchange views with other students." The court said "such considerations apply with added force to children in grade and high schools."
 The argument, of course, is made that the existence of all-White or all-Negro schools here is due not to a deliberate policy of segregation but to the accident of residence in a particular school district. But this can be readily overcome by providing bus transportation so that children can be taken from one part of the city to another in order to enjoy the benefits of integration as the Supreme Court has described them.
 To get the money for buses, the local government would have to apply to Congress, which runs the District of Columbia.

Indeed, since the law of 1868 which provided for segregation in the district schools was nullified by the Supreme Court in 1954, there has been no substitute law passed on the integration problem. The District school board took up itself to initiate a desegregation program. It acted under the broad powers of the 1906 Organic Act, which gives the school board rather comprehensive authority over school programs. Only if new projects require additional funds must Congress give the necessary authorization.
 Today the District still maintains to some extent the "separate but equal" idea. Not only are there 25 schools that are, in effect, completely segregated, but there are 74 other schools in which 90 to 99 per cent are Negro. In 20 additional schools, the enrollment is 90 to 99 per cent white. This means that, out of 170 schools in Washington, 119 are entirely or almost entirely of one race or the other.
 How long can such virtual segregation be maintained in the national capital? The whole country is being told that segregation must be abolished altogether and that there must be no "evasive" schemes. The accident of residence is largely due to discrimination in respect to housing. There are areas of Washington, for instance, where "restrictive covenants"—contracts made between private citizens not to sell to certain races—operate even though the Supreme Court has ruled that these are not enforceable by legal proceedings.
 Apparently many people in the District of Columbia are objecting even to such desegregation as has occurred. In the last four years there has been a gradual exodus of white children to private schools or to the suburbs in near-by Virginia and Maryland. The latest official figures show that, in all public schools in the District, the enrollment now is 74.1 per cent Negro—which means 2,454 fewer Whites and 5,839 more Negroes than a year ago. The elementary schools are 78 per cent Negro. The total enrollment of all schools here is 84,650 Negroes and 29,569 Whites. This is an increase of 55,258 Negro pupils and a decrease of 15,228 Whites since schools in Washington were "integrated" four years ago.
 If the theory expounded by the Supreme Court of the United States is accepted, education will not be equal until every Negro child has a chance to attend a white school and "to study, to engage in discussions and exchange views with other students."

His Visible Means Of Support

James Marlow Ike To Try Spending Cut Again

WASHINGTON (AP) — President Eisenhower has had good intentions about holding down government spending. Despite this, spending has risen.
 Now he will try again.
 At his Nov. 5 news conference, Eisenhower said that during his final two years in the White House he intends to fight against any excessive spending, which he called dangerous to the nation.
 Ever since last summer — as happens every year — agency and department heads have been working on the budget: the President's estimate of what it will cost to run the government in the next fiscal year, starting July 1, 1959. He will submit this budget to Congress in January.
 While Eisenhower has steadily preached economy, expenses have been steadily getting bigger. Biggest spender of all is the Defense Department, thanks especially to inflation and new weapons. Of the almost \$6 billion dollars

which the government is expected to spend this year, more than half will be for national defense.
 In one economy move, the Pentagon expects to trim 30,000 men from the Army and 25,000 from the Marines.
 The following figures give an idea of how government costs have risen, starting in fiscal 1953 when President Truman was still in office and this country was still fighting the Korean War.
 Before looking at them, remember a couple of things which keep showing up in these figures: the public debt and a deficit.
 In World War II the government was never able to pay its expenses from the revenue it collected, mainly from personal income and corporation taxes.
 So the government had to borrow money; it may never be able to pay that debt in full, but it will have to pay interest on it, with the interest coming from revenue.
 The goal of each administration is to meet each year's expenses out of current revenue and have a surplus left over to pay on the debt. When expenses total more than revenue there is a deficit.
 For example: In 1948, when defense spending was at a postwar low and just as the cold war was beginning, government expenditures were \$33,100,000,000, the public debt was \$252,300,000,000 and, instead of a deficit, the government wound up with a surplus of \$3,400,000,000.
 Now skip to 1953, when the United States was fighting in Korea, giving billions in foreign aid, and developing its atomic weapons and jet aircraft.
 In that year expenditures totaled \$74,300,000,000, the debt was \$261 billion, and the government had a deficit of \$9,400,000,000.
 In fiscal 1954 expenditures were down to \$67,800,000,000, but the public debt was up to \$271,300,000,000 and there was a deficit of \$3,100,000,000.
 In 1955, after Eisenhower had had time to look around, he cut spending to \$64,600,000,000. But the debt was up to \$274,400,000,000 and there was a deficit of \$4,200,000,000.
 That was the last year he was able to cut government spending. This has been the score since: 1956—Expenditures, \$61 billion dollars; public debt, \$273,800,000,000; and a surplus of \$1,600,000,000.
 1957—Expenditures, \$69,400,000,000; public debt, 270 1/2 billion; and a surplus of \$1,600,000,000.
 That was the last year Eisenhower had a surplus. From then on the deficit began to soar: 1958 — Expenditures, \$71,900,000,000; public debt, \$278,300,000,000 and a deficit of \$2,800,000,000.
 Expenditures for the 1959 fiscal year—which ends next June 30—are estimated at almost \$80 billion, the public debt at \$283,300,000,000 and the deficit at \$12,200,000,000.

Hal Boyle Fewer Orphans Today

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:
 Today's child has one smaller worry than his grandfather had: he is less likely to become orphan. One of every four children born at the turn of the century faced the prospect of becoming an orphan before the age of 18. Now the figure is one out of seven.
 Don't fret too much if your kid is born with a strawberry birthmark. It happens to about 1 of every 10 children. Often they disappear before school age without treatment of any kind.
 A survey shows that each year fewer business firms are holding Christmas parties on the office premises. Chalk up another for the wives.
 Someone has figured out that if a comet collided with the earth, it would release energy equal to the explosion of a million or more atom bombs. It's helpful to know these things ahead of time.
 Sign on the desk of Irwin H. Kramer of the Hotel Edison here: "Bank on the future—but don't issue checks against it."
 If you're interested in a growing business field, don't overlook the possibility in diapers. The world's population is growing at the rate of 100,000 a day.
 Nicotine addicts may want to treasure this consoling word from Dr. Albert Einstein: "Pipe smoking contributes to a somewhat calm and objective judgment in all human affairs."
 Here's a tip for housewives to keep their silverware from tarnishing. Wrap a piece of charcoal in tissue paper and keep it in the silver chest.
 A British scientist feels girl swimmers are more likely to set records during their teens than at a later age because then they have more buoyant fat, more muscular power, and less distracting interest in boy friends. Mark you, this is in Britain.
 The University of Illinois has a study under way to determine whether people can be identified as easily by the shape of their ears as by their fingerprints. Well, that's one way to tell Clark Gable from Marilyn Monroe, if you're in a real hurry.
 The kiwi bird in New Zealand has a sneaky trick. It stamps on the ground with its big feet to convince worms a heavy rain is falling. Then it beaks the worms when they come up looking for a free drink.
 Through experimental hormone injections, veterinarians now can cause cows to give milk who have never had a calf. If you're a city feller, you probably never knew that cows don't ordinarily fill milk bottles before motherhood.
 The slogan "See your dentist at least twice a year" hasn't quite caught on. A study by the Public Health Service showed only 36 per cent of the Americans visited a dentist last year. And 42 per cent hadn't done so in the last three years.
 Despite the march of science in an ever more crowded world, only nine per cent of the earth's land is under cultivation. No one yet has found a way to plow the Rocky Mountains.
 Actor Walter Slezak says his three children are all at the perfect age, "too old to cry at night and too young to borrow the family car."
 It was Oliver Wendell Holmes who observed: "A man should share the passion of his times or else consider himself not to have lived."

MR. BREGER

It's not being caught that I'm worried about—it's that report of those two escaped tigers being hunted around here...

Around The Rim

It's Not Your Yawn, But How You Do It

If you gaze at a picture of a sleepy infant and get to nodding or even look at a capital O and start to yawn, then you'd best skip over this in favor of Pogo or Hal Boyle.
 In more ways than one, this article may hurry you along to the Land of Nod. Yawning, a French psychiatrist, is an automatic gesture of boredom and it's the manner in which you go about it that tips off your particular attitude toward your surroundings.
 If you attempt to swallow the yawn or politely pat it into extinction, the man says, you are indicating a desire to conceal your boredom.
 If your yawn is lone, noisy and emphatic, it demonstrates—our French authority insists—you want to show an "aggressive dislike" toward the situation boring you, be it a book, a lecture or a buddy who is trying to interest you in abstract art.
 The French psychiatrist says it is an unconscious attitude, the yawner isn't aware of yawns you get.
 If the results are discouraging, don't treat to your room and hang yourself with one of the "old man's" ties. Learn to treat your audience to an even bigger

yawn and then everyone can go to sleep.
 Yawning, says the French authority, is to boredom what laughing is to joy and crying to sorrow.
 The psychiatrist, Dr. Jacques Barbizet, says the average yawn lasts four to seven seconds and is rarely isolated. In other words, they usually occur in fits of two or three.
 Dr. Barbizet also says that you probably know already that yawning can be highly infectious.
 "It's only one example of the numerous acts caused by imitation," he states. "Other examples are repeating a tune, raising or lowering one's voice according to one's interlocutor, answering a grin with another grin or a smile with a smile."
 Dr. Barbizet says some people cannot yawn without stretching and points out that since yawning brings into play a number of facial and neck muscles, it is likely that nerve circuits proceed on to the arms and legs.
 One question before the house before you are dismissed: How many times have you yawned while you were scanning this?
 —TOMMY HART

Inez Robb

Both A Gift And A Memorial

It is poetic justice, or at least, poetic destiny that takes the great Hope diamond back to Washington, D. C., which was its home for so many years.
 This magnificent gift by Harry Winston, gem merchant extraordinary, to the Federal museum is more than a spectacular coup for the Smithsonian's new Hall of Gems and Minerals. Thousands of Americans, in every strata of Society and society, who knew Evalyn Walsh McLean will regard the Winston gift as a wonderful memorial to the unique, fascinating and generous woman who wore the Hope diamond day and night for more than 35 years.
 Only two Americans have ever owned this gem, one of the world's most famous — Evalyn, who died in 1947, and Mr. Winston, who purchased it from her estate. For years, the Hope diamond was Evalyn's multimillion-dollar trade mark.
 During those years, she was the undisputed hostess with the mostes' in the nation's capital, through whose drawing-room doors the most famous and distinguished persons in the world flowed in regiments. A woman of amazing vitality, humor, curiosity and prodigious generosity, she always said that she presided not so much over a salon as a saloon.
 But those who aspired to stay on Evalyn's guest list quickly learned that the surest way to be eliminated forever was to take not a glass but a drop too much. And I once saw her quietly ask one of the most famous and powerful men in America to leave her house because she felt that he had, in a space of five minutes, managed to insult both Sen. Arthur Vandenberg and Sen. Alben S. Barkley, not yet the Veep.
 On the night of a gala party, say a dinner for 150 guests at her famous home, Friendship, Evalyn resembled the blazing Christmas tree in Rockefeller Cen-

ter, New York, that annually delights millions of Americans. Or, more likely, the Christmas tree resembles her.
 She was a small woman—I don't believe she ever weighed more than 100 pounds—and on those occasions she was wont to wear not only the Hope diamond, 44 1/2 carats of deep-blue fire set in a circle of marquise diamonds and suspended on a diamond chain, but also the Star of the East, a stunning blue-white diamond of 100 carats, also suspended on smaller diamonds.
 I have seen her wear these diamonds, plus matching earrings and bracelets, against the background of a black sequin dress. The combination should have been overpowering. But, take my word for it — on her, they looked good. No, marvelous.
 Publicly, she was famous for her gems and her hospitality. But thousands of obscure people knew and literally worshipped her for her unending kindness. No one will ever know how many persons she fed and clothed during the depression.
 During World War II, her home was constantly filled with men blinded in the war, and with amputees who had lost arms and/or legs. Such men, who were too ill to leave the Army's Walter Reed Hospital, could look forward twice a week to ward parties, given by Evalyn, who brought along a lively orchestra and food for everyone.
 GIs were invariably curious about the Hope diamond. At a party at her home or in the hospital wards, she would take it off. During the next two to four hours, everyone present would have a go at wearing the Hope diamond.
 Now the diamond is going home to Washington. Many who go to see it in its new home will think not so much of the gem itself, as of the extraordinary woman who once owned it.
 (Copyright 1958, United Feature Syndicate Inc.)

The Gallup Poll Margin Of Error Below Average

PRINCETON, N. J.—Once every two years, as a national election goes into the history books, there is an opportunity provided to appraise scientific political survey techniques and the contribution of polls to an understanding of U. S. politics.
 One question in the minds of many readers of poll results is this:
 Just how accurate was the Gallup Poll this year?
 The Gallup Poll's unqualified forecast of a Democratic landslide in the elections for the House of Representatives proved to be one of the most accurate pre-election estimates it has made during the 23 years it has been in existence.
 Based on the latest available vote figures, the 1958 estimate will be within one percentage point of perfect accuracy.
 The Poll estimated that the Democrats would sweep the House with 47 per cent of the major-party vote nationwide. Present indications are that the Democrats will receive about 56 per cent.
 The record of the various state polls across the country that follow scientific polling procedures was also uniformly good.
 In the five most recent national elections, the survey procedures used by the Gallup Poll have produced an average deviation from the actual division of the vote of only one and eight-tenths percentage points.
 Here is the record:
 GALLUP POLL RECORD

Year	Deviation
1950 election	0.7
1952	4.4
1954	1.2
1956	1.7
1958	1.0 x

AVERAGE 1.8
 x Basis of incomplete returns
 Another question frequently asked about the recent election and one on which survey data can shed a great deal of light is:

Does the recent election reveal an important shift in basic party strength?

Survey indicates that this is not the case. Completely lost in all of the explanations of the Democratic landslide is the one simple fact that Democrats today outnumber Republicans in the U. S. by a ratio of 5 to 3.

Election results would indicate that the Republicans polled the loyal GOP party vote at about full strength.
 What happened, as shown by survey data, is that the Independent vote this year swung heavily Democratic. With no spokesman in Washington, this highly volatile group switches from one party to the other between elections and this year

West Is East

NORTHWEST, Va. (AP)—Despite its name, this Norfolk county town is in extreme southeast Virginia. It isn't even in the northwest section of the county and is just a hop skip and jump from North Carolina.

Covered Ground

NATURAL BRIDGE, Va. (AP)—Virginia volunteer rescue squads traveled 225,000 miles in answering 15,000 calls in the past year.

Popular Sport

VICTORIA (AP)—Hon. Earle Westwood, British Columbia minister of recreation and conservation, says a recent survey shows there are 125,000 skiers in B. C. Of these 65,000 live in greater Vancouver.

DIXIE'S TALK OF FAMILY AND KIDS SANK IN!

THE WANTED CRIMINAL GAVE HIMSELF UP!

YOU COME SOONER THAN I EXPECTED—

IT WASN'T TOO SOON FOR ME — I— I'VE GOT SOMETHING TO TELL YOU—

FIRST— I'VE GOT SOMETHING TO TELL YOU—

THE WARDEN IS TRYING TO FIX IT SO I'LL GET A SHORTER SENTENCE—

OH—? HOW WONDERFUL!

NANCY

THE MOTHS HAD A PICNIC THIS YEAR.

AUNT FRITZI SAID I SHOULD GET RID OF EVERYTHING WITH HOLES IN IT.

— ERNIE BUSHMILLER.

L'IL ABNER

BEIN' A HERMIT, MISS JONES, YOU MAY NOT UNDERSTAN' WHAT A HUSBIN IS FOR!!— SQ AH!! EXPLAIN!! SOON'S AH PRONOUNCES TH' FATAL WORDS—

THIS BIG HAN SOME LOUT GOTTA START A-KISSIN' YOU, AN' A-KUDDLIN' YOU—

YAWWWW!!!

— AN' A-WORKIN' AN' A-SWEATIN' AN' A-SLAVIN' YOU!!

THASS TH' PART AH LIKES!!

??— (SHE HAIN'T GOT A VERY FEMININE NINE OUT-LOOK!!)

BLONDIE

COME, DAISY— IT'S TIME TO WAKE UP DADDY FROM HIS NAP.

GO AHEAD, DAISY.

Z-Z

SHE LOVES TO DO THAT.

ANNIE ROONEY

AT MISS BARTON'S LUXURIOUS RANCH HOME—

THE MORE I THINK OF IT THE MORE I REALIZE WHAT AN EMPTY LIFE I HAVE IN SPITE OF ALL MY RICHES— I'VE NEVER SPENT SO MUCH AS A DIME UPON THE RAISING OF A LITTLE CHILD— SOME NERBY ORPHAN— AND I COULD DO SO MUCH!

"QUEEN" BEA, THEY CALL ME— BUT NO "PRINCESS" WILL INHERIT MY TITLE— WELL, I THINK I'VE FOUND MY "PRINCESS"— THAT LITTLE ORPHAN CHILD, ANNIE— YES, I AM SURE OF IT!

SEE, ZERO— CURLY AN' SILVERBELL ARE ALL SET TO GET MARRIED, BUT THEY HAVEN'T TALKED ABOUT WHAT THEY'RE GONNA DO 'BOUT US YET— AN' WE CAN'T SAY ANYTHING— ONLY KEEP OUR FINGERS CROSSED AN' WISH!

SNUFFY SMITH

I HOPE YE WON'T FLY OFF TH' HANDLE, PAW— BUT MY COUSIN RUFUS IS COMIN' TO VISIT FER TWO-THREE WEEKS AN'—

WAAL— AINT THAT PURTY!!

I'LL GO UP ON TH' RIDGE AN' GIVE OL' RUFUS A REAL BANG-UP WELCOME WHEN HE COMES ALONG.

YOU'RE GOODERN RYR ANGEL— PAW.

GRANDMA

TRA-LA-LA!

OH, YES... THAT REMINDS ME...

IT'S ABOUT TIME I GOT OUT MY RED PLANNERS!

DONALD DUCK

SCREECH!

JOE PALOOKA

IT'S TH' GREATEST NEWS SINCE LIT. JOANNE WAS KORN— NOW I'M GONNA BE AN "UNCLE" AGAIN! BOY— ANN LOOKS GORGESS!

THANKS, KNOBBY... WITH A BABY COMING I'VE GOT TO THINK ABOUT THE FAMILY'S FINANCIAL FUTURE!

A GOOD BUSINESS IS EXACTLY WHAT WE NEED... OUR LAWYER ASKED US T' LOOK AT A PLACE THAT'S LIKE WHEN I'M FIGHTING.

IF IT LOOKS GOOD TO YOU, I'LL BE SATISFIED... YOU'RE THE MANAGER JUST LIKE WHEN I'M FIGHTING.

HMM... PRETTY RUNDOWN NEEDS LOTS OF WORK... WHAT D'YOU THINK, JOEY?

I LIKE IT, KNOBBY!

MARY WORTH

MARY'S SUGGESTION THAT PERHAPS BUDDY DE LA VOCA IS NOT A SUITABLE ESCORT FOR AN "UNCLE" AGAIN! BOY— ANN LOOKS GORGESS!

I— I AGREE WITH YOU ALL THE WAY, MRS. WORTH! SHE'S A DISGUSTING, GREASY-HAIRED BEAST!

I'M ASHAMED THAT YOU EVER SAW ME WITH HIM— AND— IF YOU WON'T TELL MY PARENTS— I PROMISE NEVER TO— TO EVEN LISTEN TO ONE OF HIS REGARDS AGAIN!

IT'D HARDLY ASK SUCH A SACRIFICE AS THAT, MY CHILD!... BUT, UNLESS I'M FORCED TO SPEAK, YOUR SECRET IS SAFE WITH ME!

YOU'RE A— A REAL PEACH, MRS. WORTH!

REX MORGAN

DR. REX MORGAN HAS CALLED DR. STONE, A HEART SPECIALIST, TO EXAMINE GORDY LAROCQUE, A KNOWN UNDERWORLD CHARACTER WHO HAS BEEN SUBPOENAED FOR APPEARANCE BEFORE THE CRIME COMMITTEE!

LOOK, YOU GUYS ARE KIDDIN'... I GOT NOTHIN' WRONG WITH MY TICKER, HAVE I?

THERE'S EVERY REASON TO BELIEVE THAT YOU HAVE SOMETHING SERIOUSLY WRONG, MR. LAROCQUE! WE WANT YOU IN THE HOSPITAL IMMEDIATELY!

MEANWHILE, IN ANOTHER PART OF TOWN, GORDY'S SON IS INVOLVED IN A PECULIAR TYPE OF BARGAINING!

PLEASE— THIRTY DOLLARS IS ALL I HAVE WITH ME! I CAN GET YOU MORE TOMORROW— BUT YOU'VE GOT TO GIVE IT TO ME!

SURE I'LL GIVE IT TO YOU— TOMORROW— WHEN YOU BRING AN EXTRA THIRTY!

LOOKING 'EM OVER

WITH TOMMY HART

The turnout for the Midland-Big Spring football game here recently wasn't very big (only 3,437 paid) but Big Spring did its share at the gate.

Only \$159.60 worth of tickets were sold in Midland.

The Rose Bowl trip Iowa University will be making in December will be felt in the budget of Forest Evashevski, the Hawkeye coach.

Not that he needs the money, but Evvy was to have been paid a big fee for handling the television announcing (along with his former teammate Tom Harmon) for the Cotton Bowl game again this year.

Incidentally, Ben Martin, coach of the Air Force Academy team, says Oklahoma State and not Iowa was the best team the Falcons have faced this season.

The Air Force tied Iowa early in the campaign, 13-13.

Al Milch, the local football mentor, says Big Spring should have a ball club capable of keeping up with about any team in the state in 1960. Next year will be another of trials and tribulations, he states.

In the ten years he's been football coach at Des Moines East High School, ex-Big Springer Bobby Savage has seen his teams win 67 games, compared to only 13 defeats.

During that time, East has won seven City Series titles and four Big Six crowns. Teams in Iowa don't play to a state championship.

LSU, which is surging to an undefeated season and a major bowl bid, last had an unsullied record in 1908, or half a century ago.

The Tigers that year beat Baylor, the Haskell Indians, Auburn and Jackson's Barracks, among others.

Jess Slaughter, the former sheriff here, played high school football here around 1914. A half-back, he ran the 100 yard dash in ten seconds.

In the 1920's the local high school grid eleven played as many as 13 games in a regular season.

According to the Odessa American, the sports committee of the Chamber of Commerce there passed up a chance to sponsor the NAIA track and field meet.

One spokesman said a \$10,000 guarantee asked by that body was "way out of line."

The West Texas Relays Committee, says the paper, will make an effort to get Dave Sims of Duke to run there next spring. Sims, of course, made one of his rare appearances west of the Mississippi River when he ran and beat ACC's Bobby Morrow in Memorial Stadium here.

I don't think Dave is eligible for track and field at Duke again in 1959.

The Runnels 8th grade football team, coached by Bobby Zellars, won only four of eight games the past football season but boasted a potent offense.

The Yearlings outscored their eight opponents, 157 points to 104. In one of their losing efforts (against Sweetwater), they counted 20 points. Only team to whitewash them was Snyder.

The Runnels 7th graders, coached by Dan Bustamante, won six of eight starts. They limited the foe to a mere 34 points in those eight games while scoring 118 themselves.

The state playoffs begin this week in the lower classes of schoolboy football with champion Terrell of Class AA facing all sorts of trouble in its opening game.

Terrell, winner of 24 straight, showed it might be human after all last week when held to a 14-8 victory by Wilmer-Hutchins.

Facing Terrell Friday will be another undefeated, united team—Bonham, which rolled up 395 points and allowed only 45 in the drive to the playoffs. Bonham beat Wilmer-Hutchins 36-0.

White Oak, the 1957 co-champion of Class A that's favored to win it all this time, gets Edgewood in the opening round. The latter lost two games and hardly seems up to stopping the Roughneck powerhouse.

Mart, the other co-champion, takes on mighty Madisonville in its opener. Madisonville won nine and tied one.

Taking The Side Road

Bobby Lowry (29) of San Angelo takes a circuitous route toward a first down at Benny Edwards (25) of Big Spring makes an unsuccessful lunge for him in the above picture, snapped during the

Boca-Cleer football game in San Angelo last weekend. The Cats won, 21-0, to retain their chances for a first place finish in District 2-AAAA. The game ended the season for Big Spring.

Schools Forwarded 750 Tickets Each For Tilt

Each of the competing schools in the bi-district football game here Friday night, Plains and Rotan, are being sent 750 tickets. Included in each of the allotments are 500 adult and 250 student ducats. The adult tickets sell for \$1.50 each while students will be admitted for 50 cents each, if they purchase tickets at their schools.

The tickets will also be placed on sale here at the Chamber of Commerce office and Dibrell's Sporting Goods store.

Plains, which won its first district championship in history last Friday night by defeating the perennial titlist, Sundown, 14-6, will send 33 players here. Rotan will have 26 in uniform.

Joint sponsors of the game are the local Chamber of Commerce and the Big Spring Quarterback Club.

The Plains fans will occupy the west stands at Memorial Stadium. The East stands have been assigned to Rotan. Plains will serve as the home team.

Players and coaches of the districts in which Plains and Rotan compete, 5-A and 6-A, respectively, have been invited to be guests at the game, without charge.

Bands and pep squads of the schools will be in attendance and will give halftime shows.

Jack Pearce is the Plains coach while Elmo Cummings holds the same job at Rotan. The Rotan superintendent is D. Y. McKinney while G. D. Kennedy, formerly the superintendent at Forsan, holds the same job at Plains.

Cosden Petroleum Corporation has purchased advertising rights for the game program. Paper is being furnished by the Coca-Cola Bottling Company here.

2nd Richest Race Slated Saturday

BALTIMORE (AP)—The Pimlico Futurity this Saturday figures to be the nation's second richest race at the second oldest active race track.

The country's three leading jockeys will be riding in the mile and a sixteenth event for 2-year-olds, including Willie Shoemaker, the tiny Texan looking for his fourth national championship.

If a dozen horses start, the first four finishers will haul in \$172,520, and the winner would get \$123,171.

Klondike Rambles Past War Birds

KLONDIKE (SC)—The Klondike Cougars shaded Ackerly, 24-12, in the annual Homecoming football game here Saturday night, final of the season for both octets.

Quinton Airhart, the Cougars' leading candidate for all-district laurels, scored three touchdowns as the winners while David Harris got the other one.

Benny Kunkle and Paul Wasson crossed the goal line for the War Birds.

George Bayer Wins With Great Finish

By WILL GRIMSLEY Associated Press Sports Writer

HAVANA (AP)—Now that George Bayer is harnessing his mighty power he is threatening to become one of the great all-time attractions of golf, as say, Sam Snead.

People love a slugger. They made Babe Ruth an idol in baseball and Jack Dempsey one in boxing. For years they have flocked to watch Snead, the graceful, prodigious fairway slammer from West Virginia.

Now comes Bayer, a fantastic man of the tee who hits the ball farther than any man has hit one before.

The titanic former football tackle won a dramatic sudden death \$6,500 top prize in the Havana International Golf Tournament.

If Havana officials had dictated the script they could not have asked for a more exciting finish over the Villa Real Golf Club course.

Bayer was in with a 72-hole score of 286 when Snead came to the 18th needing only a five-foot putt to take first prize.

"He'll blow it," said a golfing friend to Bayer.

"Not a chance—he'll make it," said Bayer gloomily.

Snead stroked and missed and the tournament went into an extra-hole playoff. "I'll get him now," said Bayer.

And he did. Throwing all his power into the tee shot, the San Gabriel, Calif., giant almost drove the length of the 374-yard par four extra hole, but the ball landed in a trap in front of the green.

Snead's drive was 40 to 50 yards shorter.

Muscular Bayer blasted out within 10 feet of the cup and punted cautiously for his par four. Snead pitched 45 feet short of the cup and then three putted after going seven feet past the pin in a bold try.

Badly Hurt

The condition of Mel Ott (above), former New York Giant slugger and baseball Hall of Famer, and his wife was unchanged today at Gulfport, Miss. Both were injured critically Friday night in a two-vehicle highway crash at nearby Bay St. Louis. The collision killed the driver of the other car, Leslie C. Curry of Bay St. Louis. Hospital spokesmen said Ott was "holding his own."

He underwent surgery Saturday. Physicians plan surgery for his wife later.

BROWN SETS RUSHING MARK IN 20-10 WIN

By MIKE RATHET Associated Press Sports Writer

Thundering Jimmy Brown, Cleveland's running virtuoso, today had picked one of the National Football League's juiciest plums, was near another, and had propelled the Browns closer to a division championship.

The barreling Cleveland full-back set a season rushing record Sunday as the Browns regained undisputed possession of first place in the Eastern Conference with a 20-10 victory at Washington.

Brown gained 152 yards in 27 tries, totally eclipsing the standard of 1,146 yards set in 12 games by Steve Van Buren of Philadelphia in 1949. The former Syracuse All-America has amassed 1,163 yards in only eight games.

A sophomore in pro ranks, Brown scored twice on short plunges. The Cleveland standout has 17 touchdowns for the season, one short of Van Buren's record.

The race in the Western Conference virtually was broken wide open as Baltimore's second-string quarterback, George Shaw, passed the Colts to a 17-0 triumph over Chicago's Bears. Baltimore, has a 7-1 record for a two-game lead over Chicago and Los Angeles.

The Rams tied for the runner-up spot by knocking off Green Bay 20-7.

In other games, halfback Gene

Gedman led the way as Detroit punted San Francisco, 35-21, and Philadelphia easily handled Chicago's Cardinals 49-21.

Brown scored on plunges of one and five yards, but it was a Lou Groza field goal that beat the Redskins. The teams had traded touchdowns and field goals in the first half for a 10-10 tie. With 2:10 remaining in the game, Groza booted a 25-yarder for the victory, although moments later Brown tallied an insurance TD. Washington missed quarterback Eddie LeBaron, out with an injury. He was replaced by Ralph Guglielmi.

After upsetting Cleveland and Baltimore on successive Sundays, the Giants—without halfback Alex Webster and two offensive linemen—were unable to get going against a tough Steeler line. Layne passed for one touchdown, remaining in the game, and scored twice on short blasts. It was Pittsburgh's third successive victory and continued their jinx over the Giants, who were knocked out of title contention in four of the last seven seasons by the Steelers.

Shaw, replacing the injured Johnny Unitas, was spectacular as he made good on 10 of 23 passes for 131 yards. At one point he pitched nine consecutive strikes, six in a 93-yard Colt scoring surge in the second period. He had one TD through the air. The Bears, shut out for the first time in 149 games dating back to 1946, were unable to move and found their line perforated by Alan Ameche, who ran for 142 yards and a TD.

Los Angeles moved ahead of the Packers 10-7 by halftime, with a 93-yard pass play by Billy Wade to Jim Phillips giving the Rams the lead. It was the longest pass play in the league this season. Phillips pulled in eight of Wade's tosses for 208 yards. Wade threw for 372 yards on 19 completions in 42 attempts.

Tobin Rote connected for three TD passes, but it was Gedman who brought the Lions their third victory in the last four outings. Gedman aimed his first pass of the season to Howard Cassady for an 81-yard scoring pass and scored twice himself for last year's world champions. The long TD aerial came in the first period, just 40 seconds after San Francisco had taken a 7-0 lead.

Clarence Peaks scored four times as the Eagles ran up their largest point total in four years. Philadelphia "broke loose" against the Cards for three TDs within 5 1/2 minutes of the second quarter. North Carolina still is the top choice as the second Sugar Bowl team despite its 34-24 loss to Notre Dame Saturday. The defeat snapped a 6-game Tar Heel win streak.

With Pitt's 14-6 loss to Nebraska, Syracuse appears to be about the top eligible in the East and that could earn the Orange Sugar Bowl bid. Syracuse has lost only once and winds up operations against West Virginia Saturday. Mississippi, twice-beaten also is a strong possibility.

STEERS PLAY TO ATTENDANCE OF 26,427 IN HOME CONTESTS

The Big Spring Steers played to a total home attendance of 26,427 in seven home games the past season, unofficial figures released by Don Crockett of the School Business Office have revealed.

The largest turnout of the campaign witnessed the traditional battle between Big Spring and Snyder. That game attracted 5,214. The smallest saw the engagement between the Steers and El Paso Austin—only 2,753.

The average attendance was 3,918.

Cash receipts for the seven contests totaled \$27,432.60 while Big Spring's share, after expenses, came to \$11,643.41. The local school had to pay guarantees to San Antonio Edison, Ysleta and El Paso Austin, after which the teams split the gate evenly.

Breakdown on the home gate:

GAME	CROWD	GAME	RS SHARE
Edison	3,799.30	Edison	\$ 1,508.15
Ysleta	3,986.10	Ysleta	1,475.70
Snyder	5,214.00	Snyder	2,303.64
Lamesa	3,173.00	Lamesa	1,367.25
El Paso	2,753.00	El Paso	978.25
Austin	4,501.00	Austin	1,902.29
Midland	3,437.00	Midland	1,508.00
Totals	26,427	Totals	11,643.41

ON BOWL TEAMS

Guessing Contest Begins In Earnest

By ED CORRIGAN Associated Press Sports Writer

The annual—and rarely successful—guessing game on what teams will play in the big bowl games will play its first day in earnest today.

Iowa and Oklahoma already have clinched their berths, so that narrows the field some.

Iowa, which clinched the Big Ten title more than a week ago, goes to the Rose Bowl. Oklahoma will make another trip to the Orange Bowl although it still must take care of the formalities of wrapping up its 11th straight Big 8 crown.

But even in the unlikely event that Nebraska beats the Sooners—Oklahoma hasn't lost a league game in its last 70 tries—they still head for the Orange Bowl. This is because they have beaten Missouri, the only team that can possibly tie them for the championship.

Here is how the major bowl set-up looks now with two weeks left of the season.

Rose—Iowa vs. California. Orange—Oklahoma vs. Air Force Academy.

Sugar—Louisiana State vs. North Carolina.

Cotton—Texas Christian vs. Mississippi or Syracuse.

Right behind is the Gator Bowl, waiting in the wings for any top teams that don't get in the others.

Gator possibilities include Vanderbilt and Florida.

California has won 7 of its 9 games so far and has only to get past much-beaten Stanford to wrap up the Pacific Coast Conference title and the automatic Rose Bowl bid that goes with it.

The Big 8 sends a team yearly to play in the Orange Bowl. The opposition could be the Air Force Academy, which hasn't even graduated its first class yet. The AFA has been tied (by Iowa) once in 8 games. It's a new and interesting team that would be a big drawing card in a bowl game. It plays New Mexico (no problem) this week and tough Colorado next week.

Louisiana State, which had a 7-6 squeaker over Mississippi State Saturday night, need only defeat Tulane this week to win the Southwestern Conference championship. That one, although not by edict, takes in the Sugar Bowl, too.

North Carolina still is the top choice as the second Sugar Bowl team despite its 34-24 loss to Notre Dame Saturday. The defeat snapped a 6-game Tar Heel win streak.

With Pitt's 14-6 loss to Nebraska, Syracuse appears to be about the top eligible in the East and that could earn the Orange Sugar Bowl bid. Syracuse has lost only once and winds up operations against West Virginia Saturday. Mississippi, twice-beaten also is a strong possibility.

Practice Didn't Make Perfect

LOUISVILLE, Ky. (AP) — William Jackson, 61, wanted a safe place to practice driving a car so he picked an empty lot. Jackson accelerated a bit too much. The car crashed through a fence and hit a building across the street. Police said the building was damaged \$1,500. Jackson was charged with reckless driving and having no driver's permit.

Voters To Tell Racial Views At Little Rock

LITTLE ROCK, Ark. (AP)—In three weeks Little Rock voters will have another opportunity to express sentiment on school integration. They will choose among 15 candidates seeking school board membership, a somewhat dubious honor here.

In recent balloting, Little Rock voters have preferred segregation and closed public schools, to integration and open schools, and a staunch segregationist as congressman, to a veteran lawmaker with moderate racial views.

There is no indication that any candidate for the six non-salaried school board jobs will run on an integration platform. The issues probably will be segregation at any cost versus maintenance of public schools even at the cost of integration.

Last week, a dramatic mass resignation opened all six school board positions to the regular Dec. 6 school election. Five members walked out. The sixth, Dr. Dale Alford, will leave to enter Congress as a general election write-in victor over Rep. Brooks Hays (D-Ark.).

In pulling free of the federal-state vise in which the school board has been caught since September 1957, the resigning members noted that their successors still would be faced with federal court rulings commanding integration.

Hats In Ring For Miss Rodeo America

Eighteen of North America's prettiest equestriennes throw their hats in a big lasso ring to indicate their entry in the Miss Rodeo America of 1959 contest being staged at Las Vegas, Nev. The competition is based on horsemanship and showmanship. Holding rope at left is Jan Porath of Michigan, the reigning queen.

Pesky Groundhog 'Writes' A Cannibalistic Cookbook

PUNXSUTAWNEY, Pa. (AP)—Consider the groundhog. In most places he's a pest. Farmers say his burrows damage fields.

This western Pennsylvania mountain town has spread its odd name around the world in a legend that the local woodchuck is a prophet. Called The Seer, his prediction is awaited each Feb. 2 on whether spring is just around the corner.

A cousin of The Seer turned up today adorned with a chef's hat and a checked gingham apron. Ladies of the Adrian Hospital Auxiliary identified him as an obvious gourmet type and the author of their new recipe volume entitled "Cooking With the Groundhog." Intended to raise funds for the hospital, the book lists a cosmo-

politan collection from "almonds, Castilian, fried," through "rhubarb and veal loaf" to "vegetables, orientale" and "zucchini, fritters, melange, and tomatoes." An oddity is an apparently cannibalistic piece de resistance. The opening page, signed The Seer, tells "How to Cook a Groundhog." It recommends boiling, searing, roasting, in adequate time and with appropriate condiments.

The preface extols local culinary art and history. Included is the fact that the hard-to-spell name means town of sandflies. Delaware Indians who camped here about 1740 were plagued by black bugs. They dubbed the place Ponk-Sad-Uteny.

The name has been misspelled about as many ways as you would expect. Local folks say proudly

there is no other Punxsutawney in all the world. Newspaperman Clymer Freas is credited with development of the weather prophet legend and the silk-hatted Feb. 2 trek to nearby Gobbler's Knob. No questions are raised about accuracy of the weather prediction.

Around here the debate is whether the groundhog is supreme as a pest, a prophet or a pot-slinger.

Valley Tomatoes Are Washed Out

McALLEN (AP) — Heavy rains and floods from the Rio Grande have all but washed out the Lower Rio Grande Valley fall tomato crop in the national market. In previous years the valley has shipped from 200 to 400 railroad cars of tomatoes during November and December to northern markets. Shippers said this year there will be only part loads for deliveries to nearby Texas points.

Demo Chiefs Split Over Civil Rights

By JACK BELL
Associated Press Political Writer
WASHINGTON (AP) — Democratic state chairmen are nearly equally divided on whether the party should adopt a strong civil rights plank in 1960 or compromise with the South.

This division of sentiment was apparent in replies received from Democratic leaders in 43 states to an Associated Press inquiry.

The survey disclosed some strong support outside the South for dealing with civil rights on a basis which would not drive Dixie members out of the party in a presidential year.

On the other hand, chairmen of 18 states representing 596 of the 1,372 votes cast in the 1956 national convention took a no-compromise stand. They declared for a strong plank even if it means a Southern walkout.

These 18 states included: New Jersey, New York, Connecticut, Massachusetts and Rhode Island in the East; Michigan, Minnesota, North Dakota, South Dakota, Wisconsin, Iowa, Illinois, Nebraska and Missouri in the Midwest; Colorado, Washington, Oregon and California in the West.

Eleven Southern chairmen were solidly against the party taking any stronger position than it did two years ago, particularly on school integration.

Chairmen of 11 other states, mostly in the Midwest, said the views of Southern delegates should be taken into consideration.

Arizona Chairman Joseph Walton, Maryland's T. Barton Harrington and Nevada's Fred Stroemer declined comment. Stroemer said National Chairman Paul M. Butler had instructed party officials not to answer such questions.

Butler expects to find himself involved with the issue at a national committee meeting here Dec. 6. He has said his remaining as chairman may depend on reaction to his demand for a stronger civil rights plank than that of 1956.

Two years ago, the Democrats committed themselves to "continued efforts to eliminate illegal discrimination of any kind," including that in public education.

They said Supreme Court deci-

sions, such as that outlawing school segregation, are "part of the law of the land." But they rejected the use of force in segregation matters.

Two state chairmen outside the South said a similarly worded plank would be acceptable. They were Oklahoma's Loyd Benefield and Vermont's E. Frank Branon.

Virginia's Thomas H. Blanton and Arkansas' Tom Harper said they think the party went far enough in 1956. They indicated they would accept a similar statement.

New Hampshire's J. Murray Devine came out for a compromise with the South.

"I believe in a moderate approach to the problem," he said. "You can't legislate this sort of thing. If we push it too fast we might destroy not only the Democratic party but the whole country."

Delaware's Garret E. Lyons said he favors a practical approach "which will unite, not divide Democrats and which takes into consideration sectional problems."

William L. Coleman, Ohio chairman, said "I never saw any problem of this sort which couldn't be solved if everyone concerned was determined to sit down and solve

it. . . I believe the Democratic party is big enough to work it out." There were some statements that the party must strengthen its position on the issue, no matter what the cost in Southern support.

The truss that is different. It holds the muscles in place with a soft CONCAVE pad, while walking, working, lifting, swimming. Sanitary, wear when bathing. Nature teaches you not to force a bulb, or any convex pad into the rupture opening, thus spreading the already weakened muscles farther apart. Circulation is important, too.

Four big reasons why
FORD
IS OUTSELLING
ALL OTHER '59 CARS

AT THE BRUSSELS WORLD'S FAIR, the '59 Ford was awarded the Gold Medal for handsome new styling elegance by the Comité Français de l'Élégance.

ANYONE CAN FIT IN A FORD: Our cars are built for people—full-size people who want space to stretch out. And all passengers ride in deep-cushion comfort.

YOU'LL BE THANKFUL EVERY TANKFUL if you buy the new Ford, for you'll save up to a dollar a tankful with new engines that run superbly on regular gas.

THE FAMOUS FORD LOW PRICES have already made a hit, because only in Fords will you find value and beauty coming together at down-to-earth prices!

The world's best-selling car is the car with Thunderbird elegance. In the greatest styling decision of the year, the American public has already shown a clear preference for the new Fords. Ford cars are way ahead of all competition. Why? One reason is the classic simplicity of their Thunderbird-inspired design—clean, crisp lines that are pure automobile! And Fords are built for people—to sit in, to drive, to ride in—with comfort.

The car in hottest demand across the land has greater roominess and comfort. Thousands of customers have bought the new Ford over all competition for another compelling reason—it's a true six-passenger car. (The only four-passenger car we recommend is the Thunderbird!) All six Ford passengers get plenty of every kind of room—from leg and head to elbow and hip. Rear seat passengers don't feel like they're riding with their feet in a bucket!

The No. 1 car in sales saves money on gas, on oil, on maintenance bills. A new Ford will save you up to 5¢ a gallon on gas. That's because both standard engines—Six or Thunderbird V-8—thrive on regular gas. And Ford saves on oil, too, with a Full-Flow Oil Filter as standard equipment. Drive 4000 miles between oil changes! And you can forget about waxing your car. Ford's Diamond Lustre Finish stays gleaming bright without waxing—ever!

The most popular American car is priced as much as \$102.75 lower. Ford costs you less right down the line than the competition. Compare price tags and you'll see that the manufacturer's suggested retail price of a Ford, equipped with radio, heater and automatic transmission, is as much as \$102.75 less than the major competition! And on an air-conditioned car, you can save up to \$219.85. So compare and save on a 1959 Ford!

We're putting the pyramids right back where they were!

Recently we have been testing a slightly different label on the Camel package. The experimental design changed the illustration and the wording a little. That's all. No change whatever was made in the famous Camel blend of choice Turkish and domestic tobaccos.

What we learned in the test is that Camel smokers prefer the original package, so we're putting the pyramids right back where they were, as quickly as we can do it. The test package is being discontinued, so you will soon be getting your Camels in the package you know so well.

We have always been proud of the loyalty of Camel smokers, and we thank you for helping us decide not to change the looks of the package that brings you the best-liked cigarette of them all! (Yes, we are happy to say that again this year, for the 10th straight year, Camel outsells all others!)

Three Accidents Reported Sunday

Three accidents occurred in Big Spring Sunday. Early Sunday morning, a car driven by Walter King, 617 Runnels, hit a 1950 Buick owned by Houston Aars of San Angelo, the police reported. The incident occurred at 3rd and Scurry.

At NW 3rd and Main, Orlando Tersero, 411 NW 4th, and Eugene Halfmann, 1207 S. Monticello, were in a collision. Delbert Davidson, Rt. 1, and Jackie Millam, 309 Owens, were in a mishap at 107 Mt. Vernon.

Retail Panel Will Review Plans For Yule Program

Plans for the 1958 Christmas program will be reviewed when the Retail Committee of the Chamber of Commerce meets at 10 a.m. Tuesday, Edward Fisher, chairman, announced today. Christmas activities start two weeks from Tuesday when Santa Claus is scheduled to spend the entire day in Big Spring distributing candy and visiting with local youngsters.

7 AF Men Missing In S. Korea Crash

SEOUL (AP)—Seven U.S. Air Force men today were reported missing after the crash of a B66C jet reconnaissance bomber on the west coast of South Korea. An Air Force spokesman said the plane crashed Saturday night about 130 miles south of Seoul with six officers and one enlisted man aboard.

DALLAS (AP)—Fire razed a theater, pharmacy and radio shop in the Greenville Avenue shopping center early Sunday with an estimated damage of \$100,000.

Soviets Urge Nuclear Treaty

GENEVA (AP)—The Soviet Union proposed an international treaty today to prevent planes from carrying nuclear weapons over the territory of other countries and the high seas. The proposal was submitted by Soviet Deputy Foreign Minister Vassily V. Kuznetsov to the 10-nation conference on prevention of surprise attack.

Western officials said the proposal was completely outside the scope of the present talks. Its submission obviously took them by surprise. The West submitted a new proposal for a plan of work for the conference. This was understood to insist that the talks be confined to technical, nonpolitical matters. In the Western view, the conference has been called only to discuss methods of surprise attack and the procedures required for an international alert system against such attack.

The Soviet Union has sought since the opening of the talks on Nov. 10 to bring in a whole range of political and disarmament questions which the Western experts have refused to discuss. The talks on suspension of nuclear tests were deadlocked, with little hope of agreement. Western sources said if there is to be any change, the Soviets will have to do the budging.

Americans Included In List Of Cardinals

VATICAN CITY (AP)—Pope John XXIII today named 23 new cardinals, including the archbishops of Boston and Philadelphia.

A consistory Dec. 15 will give the new cardinals their red hats. The size of the College of Cardinals is being increased to 73 from 70.

The two U.S. cardinals-designate are Msgr. Richard James Cushing, 63, archbishop of Boston, and Msgr. John F. O'Hara, 70, archbishop of Philadelphia. Amleto Cicognani, apostolic delegate to the United States who is stationed in Washington, D.C., also was nominated to be a prince of the church.

The Vatican said the present members of the College of Cardinals would meet in secret consistory Dec. 15 to confirm the Pope's nominations. The pontiff will present the red hats of their rank to the new cardinals in a private ceremony Dec. 17, and a public consistory honoring them will be held Dec. 18. Ten of them are non-Italians.

The consistory, first of Pope John's reign, will increase the membership of the College of Cardinals for the first time in almost four centuries, from 70 to 75. The present 70-member college, a complement established by Pope Sixtus V, has 18 vacancies. Francis Spellman of New York and James Francis McIntyre of Los Angeles are the present American cardinals.

Throughout the 19-year-reign of the late Pope Pius there had been speculation that he might increase the size of the College of Cardinals to cope with the increasing administrative problems of the expanding church. Many of the present 52 cardinals are aged and infirm, and their average age is 73. The new cardinals were notified of their designation by mail several days ago, the Vatican said.

TV Actors Union Extends Deadline

NEW YORK (AP)—Live performances on four major television and radio networks go on as scheduled today and Tuesday under the terms of a temporary agreement in the dispute between the networks and a performers' union.

The American Federation of Television and Radio Artists agreed Sunday to extend a strike deadline 72 hours past Saturday midnight and to extend the old contract, which expired then, for the same period.

Leaves Hospital

An escapee from the State Hospital was being sought locally today. The man was reported missing from the hospital about 10:30 p.m. Sunday, but he had not been apprehended this morning.

RADAN CAPSULES let you sleep... keep nasal and bronchial passages open... reduce fever, relax aching muscles! No getting up during the night to continue dosage... take RADAN at bedtime and get NIGHT THROUGH RELIEF!

RADAN DAY & NIGHT COLD RELIEF

BOTHERED BY PAIN OF SORE THROAT? Get quick relief with new RADAN THROAT LOZENGES! Pleasant-tasting RADAN contains a fast acting local anesthetic for temporary relief from pain... TWO antibiotics for longer-lasting action against inflammation!

It burns so clean...

...spark-plugs last 50% longer

Humble research has brought Humble's famous Esso Extra gasoline to higher standards of performance than ever before.

For instance, Esso Extra burns so clean, it lengthens spark-plug life up to 50%.

For instance, Esso Extra's high octane rating gives you a new high in anti-knock operation.

For instance, Esso Extra develops new power for quicker starting, for smooth, safe acceleration, for better mileage.

Esso Extra is such a fine gasoline that it will out-perform many gasolines selling or 1c to 2c more—Esso Extra sells for premium—not super-premium—price.

Esso Extra is the No. 1 premium in Texas... first in premium sales because it's first in premium quality.

Use this great gasoline in your car. You'll prefer its performance, you'll like its mileage, and most of all, you'll be pleased with its economy.

Fill up under the Humble sign in your neighborhood. Every time!

HUMBLE OIL & REFINING COMPANY

Golden Esso Extra in a quality class by itself. This superior gasoline stands out as the best gasoline to use in any car in any price class. It is the only gasoline that will give you all the performance you paid for when you bought your modern car. It has highest octane rating; it eliminates engine "bucking" as you start, engine "rattle" as you drive, and engine knock as you accelerate. A must for cars with air-conditioning, power brakes and power steering. It's the gasoline for the 1959 models. Protect Your Car's Engine with Humble Uniflo. Recent improvements have made Uniflo a better oil than ever before. It begins to lubricate quicker, it gives you a tougher protective film of oil, and it keeps your engine cleaner than any other oil in the Southwest. It is a 10W-30 oil, light for winter use, tough and full-bodied in hottest weather. Change to the best... change to Uniflo Motor Oil under your neighbor's Humble sign.

And Now For The System

The Big Spring State Hospital Volunteer Council now has the music—all it needs is the system for piping it to the various wards of the hospital system. Mr. and Mrs. Jim Richardson of KBYG radio are shown making a gift to Jack Y. Smith, first president of the council, and to Mrs. Bob Bright, one of the volunteer workers at the hospital, of some 1,000 recordings. J. H. Greene, who is chairman of the committee seeking to raise about \$3,500 for the installation of an intercommunication system at the hospital, estimated about one-third of the amount had been realized. Individuals and clubs all over the area are urged to contribute.

Reds Free Yank Imprisoned As Spy

BONN, Germany (AP)—A young American tourist jailed for a month in East Germany on spy charges said today the Communists apparently decided to free him on realizing they could not win any diplomatic advantage by holding him.

George S. Milroy of Ann Arbor, Mich., was released Saturday after being arrested Oct. 17 on charges of taking a photograph of a Soviet headquarters in East Germany.

Milroy said he was not man-handled by his captors but was put under terrific psychological pressure in an unsuccessful attempt to force him to confess.

Milroy told a news conference here that a girl interpreter betrayed the Communist motives when she said: "Through you we will get the United States to recognize the DDR (East Germany)."

He kept demanding to be put in touch with U. S. consular authorities but was always told "your consul won't speak to us."

Milroy was seized near Neustrelitz, 70 miles north of Berlin, while driving to West Berlin from Copenhagen.

Milroy, a bachelor salesman who lives with his father in Ann Arbor, said the worst part of his experience was not knowing what would happen to him.

"At one time I had the feeling I was fighting for my life," he said. He had been interrogated day after day until there didn't seem to be anything they didn't know about him.

"But," he went on, "they always came up with more questions. I even had to give them a list of all my relatives and name all the 13 grade schools I went to. They know more about me than the FBI."

Mrs. Huddleston died here Saturday. A native of Jackson County, Miss., she had lived in Dawson County for 35 years.

Survivors include her husband, five sisters, Mrs. A. M. Bennett, Mrs. Dixie Kilgore, Mrs. Walter Barfoot and Mrs. C. A. Hollingsworth of Lamesa, and Mrs. Guy Wilmon of Midland; and four brothers, S. R. Simpson of Lamesa, R. P. Simpson of Seagraves, Roy Simpson of Los Angeles and Travis Simpson of Missouri.

LAMESA — Funeral services for Mrs. L. E. Huddleston, 76, were held at 10 a. m. today in the First Methodist Church with Dr. Jordan Grooms of Big Spring officiating. Interment under direction of Higginbotham Funeral Home was in Lamesa Memorial Park.

Mrs. Huddleston died here Saturday. A native of Jackson County, Miss., she had lived in Dawson County for 35 years.

Girl, 13, Quickly Lands In Jail; Burns Clothing

A 13-year-old girl, who only last week was in juvenile court for repeatedly running away from home, is being held in the juvenile ward at the county jail today for a series of new offenses committed on Sunday.

A. E. Long, juvenile officer, who said the girl is under probation, reported that she and a younger girl robbed the Park Methodist Church of \$6 at 5 p. m. A little later, they stole some make-up material from a downtown store and climaxed their operations with the theft of a can of beer from Broadway grocery.

Arrested, the girls were taken to the police station. The second girl, with no previous record, was remanded to her parents pending hearing and the 13-year-old was placed in a city jail cell.

In the cell, she stripped off her clothing, piled it in a corner and set the garments on fire, Long reported.

He said she would be brought before Judge R. H. Weaver in the next few days.

Services Held In Lamesa Today For Mrs. Huddleston

LAMESA — Funeral services for Mrs. L. E. Huddleston, 76, were held at 10 a. m. today in the First Methodist Church with Dr. Jordan Grooms of Big Spring officiating.

Interment under direction of Higginbotham Funeral Home was in Lamesa Memorial Park.

Mrs. Huddleston died here Saturday. A native of Jackson County, Miss., she had lived in Dawson County for 35 years.

Survivors include her husband, five sisters, Mrs. A. M. Bennett, Mrs. Dixie Kilgore, Mrs. Walter Barfoot and Mrs. C. A. Hollingsworth of Lamesa, and Mrs. Guy Wilmon of Midland; and four brothers, S. R. Simpson of Lamesa, R. P. Simpson of Seagraves, Roy Simpson of Los Angeles and Travis Simpson of Missouri.

LAMESA — The Rev. A. E. Hughes, pastor of the Second Baptist Church here, died this morning in Harris Memorial Hospital at Fort Worth. He suffered a heart attack Friday at Denton where he was conducting a revival.

Mysterious illness takes life of young C-city man

COLORADO CITY (SC) — Richard L. Thomas, 24, stricken by a mysterious illness two years ago while in service, died at 5 a. m. today at the home of his parents, Mr. and Mrs. S. N. Thomas, 943 Cedar.

Algie Smith, 69, Dies In Midland Rites Tuesday

Algie Spurgeon Smith, 69, a resident of Howard County for almost half a century, died Sunday at Midland.

He had been ill since June and Saturday he suffered a cerebral hemorrhage.

The body is in state at Nalley-Pickle Funeral Home, and services will be held at 2 p. m. Tuesday at the West Side Baptist Church. Officiating will be the pastor, the Rev. Cecil Hodson, assisted by the Rev. Hoston Brewer, pastor of the Crestview Baptist Church in Midland where Mr. Smith was a member. Burial will be in the Trinity Memorial Park.

Mr. Smith was born in Henderson County on March 5, 1889, and came to Howard County when a youth. He was a veteran of World War I, having served in France and Germany. For most of his time in Howard County he engaged in farming and in real estate. Two years ago he and Mrs. Smith moved to Midland to make their home.

Surviving him are his wife, Mrs. Algie Smith; three step-sons, Doyle Dunbar, Curtis Don Dunbar, Spur, and Preston Dunbar, U.S.A.F. in Florida; five sisters, Mrs. Corne Hollis and Mrs. Cynthia Earnest of Big Spring, Mrs. M. Hill Barkley, Abilene, Mrs. Tom Hulle, Fort Worth, and Mrs. Luther Loudamy, El Monte, Calif.; and one brother, Truett Smith, Seminole.

Palbearers will be Joe Earnest, Theo Earnest, Luther Anderson, Raymond Anderson, Luther Loudamy, Lyndel Smith, Earl Hollis and Ed Earnest.

F. A. Nugent Dies

F. A. Nugent, father of Franklin (Speedy) Nugent of Big Spring, died Sunday morning in Shreveport, La. Funeral services were to be held today in Shreveport.

Hagerty Admits Leaks To Press

WASHINGTON (AP) — James Hagerty, White House press secretary, says he sometimes "leaks" news to the press but prefers to call it something else.

In a filmed television program—Small World-CBS-Sunday, Hagerty said he used the term "background stories" for the information he sometimes gave segments to the press.

Lyndon Upholds Space Policy As Bipartisan

UNITED NATIONS, N. Y. (AP)—Sen. Lyndon B. Johnson assured the U.N. today the American people are solidly behind the Eisenhower administration's proposal for international cooperation in outer space.

The Senate Democratic leader told the General Assembly's 21-nation political committee: "On the goal of dedicating outer space to peaceful purposes for the benefit of all mankind, there are no differences within the government, between our parties, or among our people."

Johnson joined in the U.N. outer space debate in an effort to dispel any doubts as to whether the government still commands the full support of the country on this issue since the Democratic victory in the Nov. 4 Congressional elections.

The Democratic leader asserted that today outer space is free and it must remain that way. "We of the United States," he said, "do not acknowledge that there are landlords of outer space who can presume to bargain with the nations of the earth on the price of access to this new domain."

Johnson said both houses of Congress were in full support of the view that the U.N. "should assume the responsibility of leadership in promoting international cooperation in the exploration of outer space."

He specifically endorsed a resolution submitted to the committee last week by the United States and 19 other countries proposing a special U.N. body to lay the groundwork for an international space agency.

Before his speech, Johnson was introduced to the regular delegates in the committee by U.S. Ambassador Henry Cabot Lodge. Lodge also yielded his front-row committee seat to Johnson during the meeting so the Senate majority leader could make his speech.

Then he explained the U.N.'s multiple-translation system so Johnson could listen to other speakers. The entire subject of space and the treatment it has received in Congress has always been non-partisan," said the Texas leader of the Democratic majority in the U.S. Senate on his arrival in New York Sunday night. "Every action we have taken thus far has been non-partisan, and I trust it always will be."

Johnson's aim in speaking to the world organization was to show that the trouncing the Democrats gave President Eisenhower's Republicans in the Nov. 4 election was the result of the bipartisan backing for the U.S. proposal on outer space.

Before Johnson's speech, White Russian Foreign Minister Kuzma V. Kiselev was to address the committee in support of a rival Soviet resolution.

The American resolution, which 19 other nations are also sponsoring, would set up a committee to determine what could be done under U.N. auspices to promote international cooperation in the peaceful uses of outer space, and what legal problems might arise.

The Soviet resolution would have the 81-nation Assembly call for a ban on military space rockets, elimination of foreign bases, and a U.N. agency for space research.

Johnson in a speech last Jan. 14 proposed that the United States invite all U.N. members to join in a cooperative exploration of outer space. Secretary of State Dulles elaborated on this in his policy speech to the General Assembly Sept. 18.

Similar warnings for much the same area had been in effect since Sunday night.

Violent thunderstorms with hail started in the eastern Panhandle Sunday night as the cold air mass started rolling into Texas.

Hail fell around Shamrock and Amarillo and Dumas reported rain. El Paso and Dalhart had snow Monday morning with up to four inches of snow predicted for the upper Texas Panhandle by Monday night.

Temperatures plummeted behind the front. Midland reported a pre-dawn 46 after dropping 13 degrees in two hours. Abilene and Childress, just ahead of the front, had 79 and 69 degrees, respectively. Amarillo, behind the front, had 39. Dalhart showed 25.

WEATHER

(Continued from Page 1)

An estimated half million dollars damage. It heavily damaged the Hurley Motor Co. and the Enderly Butane Co. A pickup truck parked by the Gainesville city barn was lifted onto a highway. The John Brantly service station had two large glass windows blown out. Its showcase filled with candy and chewing gum was carried about 75 feet.

Winds outside the funnel at Gainesville blew down the wall of a building and carried its roof 200 yards into a clump of trees. The Santa Fe roundhouse's south wall blew down and many windows were shattered.

Sherman had winds up to 65 m.p.h. and suffered widespread minor damage. A two-story downtown building housing offices and a store began to crumble and pieces of it fell off. Observers said they believed the winds weakened it.

The building and the street in front were evacuated and emergency measures aimed at preventing a collapse began. Traffic on U.S. Highway 75 which passes the building was rerouted.

Five employees of the Cle-Tex Trucking Co. escaped injury as the sudden blow wrecked the 30-by-60-foot building on the south edge of Cleburne. A collapsing south wall damaged a big truck parked outside but missed the one under which the five took shelter.

Small buildings on the Buck Lane dairy farm 2 miles south of Cleburne were damaged. A brisk shower accompanied the wind and the temperature in Cleburne dropped 20 degrees to 56 in a few minutes.

NO DAMAGE

The Cleburne storm disappeared in the direction of Grandview, 12 miles southwest. No damage was reported at Grandview.

A small twister hit a chicken house on the William Croft farm 7 1/2 miles southwest of Corsicana. It lifted and smashed the 20-foot square shed, but only two hens were missing from the poultry flock inside.

Mrs. Croft found several eggs unbroken in the debris. The storm also unroofed a garage but the Croft home was not damaged. Witnesses said the baby tornado was traveling from the northwest to the southeast.

A part of Central and North Texas was under a tornado alert at various times Sunday and Monday. The latest alert was well borne out.

The forecast said "a few severe thunderstorms with isolated hail and damaging wind storms; and the possibility of one or two tornadoes are expected in an area 60 miles either side of a line from 50 miles northwest of Abilene, Tex., to 15 miles southeast of Tulsa, Okla., from 5 a. m. (CST) until noon."

Similar warnings for much the same area had been in effect since Sunday night.

Violent thunderstorms with hail started in the eastern Panhandle Sunday night as the cold air mass started rolling into Texas.

Hail fell around Shamrock and Amarillo and Dumas reported rain. El Paso and Dalhart had snow Monday morning with up to four inches of snow predicted for the upper Texas Panhandle by Monday night.

Temperatures plummeted behind the front. Midland reported a pre-dawn 46 after dropping 13 degrees in two hours. Abilene and Childress, just ahead of the front, had 79 and 69 degrees, respectively. Amarillo, behind the front, had 39. Dalhart showed 25.

Strong gusty winds blew both ahead of and behind the front. Waco and Dallas had rain Monday.

Dalhart reported sleet. The Highway Patrol said roads were icy in the El Paso area and warned motorists to use care.

The front was expected to boom across Texas, possibly reaching the coast by nightfall.

WEST TEXAS: Snow ending upper Panhandle this afternoon; otherwise windy and colder this afternoon and tonight; lowest in 20s in Panhandle and 25-40 elsewhere tonight; Tuesday fair and not quite so cold.

NORTH CENTRAL TEXAS: Thunderstorms and partial clouds this afternoon; otherwise partly cloudy and colder this afternoon and tonight; continued cold Tuesday; lowest tonight, 30-40.

TEXAS FORECAST: Temperatures 3-6 degrees below normal; rather cold Tuesday; slowly moderating temperatures; gummy Wednesday; precipitation heavy in west; Monday night, little or none elsewhere.

Shaley Sand With Oil Traces Found On North Howard Test

Shaley sand with traces of oil was recovered on a core of a northern Howard County test in the Pennsylvania zone during the weekend. Humble Hamlin was drilling ahead Monday below 7,400.

In Martin County Humble No. 1 McKaskle continued to flow back load oil.

One Garza County test, Shell No. 1 Sims, flowed 33 barrels of oil in six hours. Another, Anderson-Pritchard No. 1-A Connell, got salty sulphur water below 5,000 feet.

Porosity but no oil was reported on a core in the Fusselman for the Cheyenne No. 3 Clayton & Johnson in southwestern Borden County.

Cheyenne No. 3 Clayton & Johnson, 1,980 from south and west lines of section 40-32-4n, T&P, cored today below 9,757 feet in shale. Operator previously cored from 9,704-57 feet in the Fusselman and recovered 653 feet of dense coarse crystalline dolomite with scattered vug porosity.

Stanotex No. 1-2 Good penetrated to 9,650 feet in lime. Location is 12 miles northeast of Vealmoor, C NE NE, 9-32-3n, T&P Survey. Cheyenne No. 1-G Clayton made hole at 8,608 feet in lime. The venture in the Cheyenne (Fusselman) pool is C NE SW, 40-32-4n, T&P Survey.

Shell No. 1-A Williams, 1,060 from north and 2,310 from west lines, 259-97, H&TC Survey, made hole in shale at 7,394 feet.

Hunt No. 1 Clayton & Johnson progressed this morning at 6,030 feet in lime and shale. The wildcat is 10 miles northwest of Gail, C SW SW, 28-31-6n, T&P Survey.

Texas No. 2-E Clayton, C SW SE, 40-32-4n, T&P Survey, penetrated to 6,948 feet in lime. The venture is in the Cheyenne field. Midwest No. 1 Milliken, a wildcat 18 miles northeast of Gail, drilled in lime and chert at 7,002.

DEAR ABBY

KIDS' PROBLEMS

By ABIGAIL VAN BUREN

DEAR ABBY: You asked teenagers to write in and tell you why they don't bring their friends home. I don't bring my friends home because my parents forbid me to have company in the house unless one of them is home.

DEAR ABBY: I quit bringing kids over because there is so much stuff in our house that can get broken nobody can even turn around. A friend of mine once accidentally turned over an end table and broke a lamp and I never heard the last of it. The gang would rather go to somebody's house where nobody will chew us out in case something gets wrecked. KINDA FRISKY

DEAR ABBY: I used to bring my friends home but now nobody wants to come over because of the way my mother acts towards them. She is always asking them personal questions like, "What does your father do?" and "Which church do you go to?" She looks them up and down and gives them the feeling they are up for inspection. A couple of my real good girl friends told me this, so I am not imagining things. "JUST FIFTEEN"

STOCK PRICES

DEAR ABBY: I am not quite 13 but if you want to know why I don't have kids to my house it is because we don't have anything to entertain them with. My parents don't believe in Rock 'n' Roll so I can't have any records except classicals. I can't turn on the TV unless they know what I am going to look at. They examine all the magazines my friends carry and if there are any comics that have bad language or indecent pictures, they make them leave them outside. Now what kid is going to be so foolish as to want to come to my house? IN PRISON

DEAR ABBY: I don't bring my friends home because I have a little sister who is always following me around and listening to what we say and then she blabs everything. My mother doesn't even lift a finger to keep her out of our way, so I go to my girl friend's house right after school and stay there until dinner time.

LITTLE SISTER TROUBLE

DEAR ABBY: I will tell you why I don't invite my friends to come to my house. It's because my father works the night shift and sleeps days and if anyone makes a sound my mother is always shushing us.

DEAR ABBY: If you could hear the language my father uses you would not wonder why I don't bring my friends home. A BOY

DEAR ABBY: I don't like to bring any kids over to my house because we live in a dump.

A "J. D."

DEAR ABBY: I don't bring my friends home because there is never anything to eat in this house.

The site is C SE SE, 476-97, H&TC Survey.

Beal & Trobaugh No. 1 Sopen is a new site in the Lucy (Clear Fork) field 330 from south and 1,650 from west lines, 309-97, H&TC Survey, and 15 miles east of Gail. Drilling, depth is 4,100 feet.

The Beal & Trobaugh No. 5 York is in the same field 660 from south and 1,750 from west lines, 280-97, H&TC Survey. It will also drill to 4,100 feet.

Dawson

In the Triple D field, Midwest No. 2 Davis ran logs today at a depth of 8,652 feet. It is 1,700 from south and 1,500 from west lines, 60-M, EL&RR Survey.

Garza

Shell No. 1 Sims continued to swab load from perforations 8-062-92 feet after it was treated

with 250 gallons of mud acid and 250 gallons of regular acid. In the first six hours after acidizing, operator swabbed 100 barrels of load and four barrels of acid water. The venture is 1,900 from south and 926 from west lines, 875-97, H&TC Survey.

Shell No. 1-G Slaughter, C NE NE, Section 3, Abstract 1,162, ran logs and prepared to test at a depth of 8,155 feet today.

Operator set seven-inch casing at 8,160 feet on the Southern Minerals No. 1 Davis and waited on cement to set today. Testing of the Ellenburger will continue after operator drills out plug. The site is C SE SE, 20-2, T&NO Survey, and nine miles southwest of Justiceburg.

The Anderson-Prichard No. 1-A Connell drilled at 5,276 feet today after taking two drillstem tests. Operator tested from 5,029-177 feet with tool open 45 minutes and recovered 25 feet of fluid without any shows of oil. A test from 5-220-50 feet, tool open two hours, brought 136 feet of mud-cut salty sulphur water and 1,304 feet of salty sulphur water. Location of the wildcat is C NE NW, 38-5, GH&H Survey.

Band Boosters Collect \$771.63

The Band Booster Club reported a total of \$771.63 contributed Saturday in response to the annual band tag day.

Expressions of appreciation came from Oscar Glickman, president, and other members of the club.

"We are most grateful to the public for its generous response," said Glickman. The Band Boosters are trying to make a substantial contribution toward purchase of uniforms for the new Goliad Junior Band as well as toward the essential activities of the junior and senior high bands."

To Claudia Terraza went the honor of being the top salesman for the day. She sold tags in excess of \$84.

HOSPITAL NOTES

BIG SPRING HOSPITAL

Admissions—Maureen McCright, 711 E. 15th; Patsy Harris, 701 Nolan; Elisa Trevino, 512 N. Johnson; Carey Williams, 1015 E. 21st; Charles Bloodworth, Silver; Francisco Jr., 603 NW 13th; Leland Wallace, Rt. 1; Mae Kent, Rt. 1. Dismissals — Mercedes Herrera, City; Juanita Jones, 1404 E. 14th; Helen Brown, Rankin; Billy Frank, Garden City; Ruby Bagwell, 111 Mont Vernon; Loma G. Wynn, Coahoma; Terlene Rogers, Knott Rt.; Zola Askins, 608 Lind Lane; Juan Duran, City; Del Rae, Colorado City.

Scouts Visit Ranch

By Scout Troop No. 4 took a weekend trip to the Scout Ranch in the Davis Mountains under the leadership of the scoutmaster, Garrett Patton. Fifteen boys made the trip in the troop bus. They reported that the ranch was in the best condition they could remember and that deer and other game were fat and in abundance.

Coahoma

Woman Praises New Medicine

To My Friends and Loved Ones: This is my first time to write a testimonial about any kind of medicine, but this R-12 has helped me so much that I want to tell others who suffer from that dreadful thing called rheumatism.

I had it, rheumatism, arthritis or lumbago, or whatever you call it all over my body. It would be in my right shoulder then jump to my back or hip. It seemed that it would play around over my body. It has been in my toes, eyes and teeth. I would have to go to bed and quit, but not often. I have been in hospitals and have gone to Mineral Wells and Marlin, Texas.

R-12 was recommended to me by a neighbor and I took three bottles. I got relief in less than two hours after the first dose. That has been ten months ago and I have not had one ounce of trouble since then. I want you to try just one bottle if you have suffered as I have.

I have written this letter with my own free will and no one has paid me one cent for it. You may use it as you wish for advertising purposes.

Mrs. Mary Wilson Coahoma, Texas

R-12 is sold for \$2.00 at Collins Brothers Drug Store and Walgreen Agency in Big Spring, Texas. (Adv.)

Approximately 80 men and boys participated in the trek to Paint Rock on Sunday where Indian paintings were inspected during the afternoon by the Y Indian Guides.

There were 43 who rode a chartered bus to the scene, and the remaining dads and sons came in nine private cars.

Upon arrival at Paint Rock, the group held an outdoor worship service on the banks of the Concho River. They were met by Ben Sims, on whose ranch the paintings are located. During the tour they were shown specimens of the Indian paintings and then got a chance to inspect many of the 1,500 on the cliff walls along a half mile strip.

80 Make Trip To Paint Rock Sunday

Approximately 80 men and boys participated in the trek to Paint Rock on Sunday where Indian paintings were inspected during the afternoon by the Y Indian Guides.

There were 43 who rode a chartered bus to the scene, and the remaining dads and sons came in nine private cars.

Upon arrival at Paint Rock, the group held an outdoor worship service on the banks of the Concho River. They were met by Ben Sims, on whose ranch the paintings are located. During the tour they were shown specimens of the Indian paintings and then got a chance to inspect many of the 1,500 on the cliff walls along a half mile strip.

Panhandle Roads Reported Icing Up

AUSTIN (AP) — The Highway Department reported these highway conditions by districts today: Amarillo—One to three inches of snow in north and west part of district. Still snowing at 10 a. m. with 25-degree temperature. Ice forming, causing hazardous driving. Snow and high winds predicted will cause drifting today and tonight.

Lubbock—All roads clear at 10 a. m. with light snow forecast for tonight.

El Paso—Two inches of snow in El Paso County but melting. All highways open.

Odessa—All highways open. Weather not affecting travel.

Killed In Crash

Rear Adm. Leonard B. Sutherland, commander of Seventh Fleet aircraft carriers, was killed when the helicopter in which he was riding crashed at Okinawa, the Navy announced.

Tornadoes Skip Through Illinois

CENTRALIA, OIL (AP) — Tornadoes and strong winds skipped through southern Illinois Sunday night but only minor damage and no injuries were reported.

Hardest hit were Centralia and nearby Sandoval. Police reported the storm zoomed through towns in minutes, blowing down trees, television aerials and ripping parts off roofs.

At Sandoval, winds turned over a house trailer, demolished a small three-room house and a garage.

Some homes were reported damaged in Elkhart and some small farm buildings near Ava.

A tornado also struck 10 miles west of Maryville, Mo. No one was injured but farm buildings were damaged.

Good-For-Nothing Dog Saves A Life

HOUSTON, Tex. (AP) — Taffy, 8-year-old canine, would never win a dog show. He has only three legs, is partly blind and something happened to his tail long ago.

He was on the sidewalk Saturday when milkman James A. Kirkpatrick, 59, stopped to make a delivery. Kirkpatrick entered the refrigerated truck and the back door slammed shut, locking him in.

The milkman beat on the door and yelled. Taffy set up a commotion.

Mrs. Lamar Parish, the dog's owner, looked out to see what was bothering him. She walked to the truck and heard Kirkpatrick's calls.

"Lady, I'm sure glad you were home," the driver gasped when he stumbled out.

TV Script Writers Feel 'Alienated'

By CHARLES MERCER
NEW YORK (AP)—Six talented working TV dramatists and a seventh, Paddy Chayefsky, who has quit TV, have told producer David Suskind that they now feel alienated from television.

A tape of the two-hour discussion held on Suskind's excellent "Open End" local program (WYTA-TV, 11 p.m., EST, Tuesdays) is being made available to stations around the country by National Telefilm Associates.

Those appearing on last week's program, besides Chayefsky, were Robert Alan Aurthur, Sumner Locke Elliott, James Lee, J. P. Miller, Tad Mosel and David Shaw. All find television restrictive.

Sacrifice Termed Price Of Freedom

ST. LOUIS (AP) — Arthur S. Flemming, Secretary of Health, Education and Welfare, said Sunday that freedom cannot be preserved without continuous sacrifice.

He declared the most glorious days in history are ahead, but we must with personal sacrifice strengthen our political system, improve educational opportunities and provide spiritual leadership.

Flemming spoke at a convocation at St. Louis University celebrating its 140th birthday.

Odd Missiles Used To Scare Bobcats

EDWARDS, Calif. (AP) — The Air Force used an unusual ballistic missile to get rid of two bobcats on a jet fuel tank at Edwards Air Force Base.

Airman James R. Moore, an amateur archer, was called in because rifle shots might have killed the bobcats — but could also have touched off the fuel tank.

Moore's first arrow, launched from 25 yards, killed one bobcat. The other was nicked by the second arrow and bounded off into the desert.

refreshing to hear a group of serious, articulate men attacking it.

"Television is headed down the road to radio," said Chayefsky. "It's plunging into massism. We're all trying to be conformists these days. Our country is racing into anonymity and television is going along."

"What's worse," said Aurthur, "it's glorifying anonymity by calling it 'togetherness.'"

Chayefsky cited three teleplay ideas of his which TV has rejected in the past year: one concerned homosexuality, a second was about the "social aberration" of a man who became a Communist, the third involved a woman who tried to relieve the tensions of menopause by flirting with a young man who was a friend of her son.

Suskind maintained that good drama can express affirmation as well as negation.

Aurthur replied that "it may be we're living in a culture that is headed for total disaster. If this is true, it is certainly valid for the artist who sees it that way to write about it."

Aurthur recalled that the Robert Montgomery Show, which died slowly and finally was buried last season, told him it was interested only in "happy shows for happy people."

But he and Chayefsky and several others insisted that the prevailing forced smile of optimism cannot result in first-rate drama.

Do-It-Yourselfer Calls It All Off

LONDON (AP)—As from now, you can count Alf Smith out of the do-it-yourself brigade.

Alf, 32, a pipefitter, started to paper the kitchen of his suburban home Sunday. First he had to strip the walls.

Off with the old paper came a little bit of plaster.

Then the chimney toppled into the back yard.

The roof fell in.

Part of the wall fell out.

The door dropped off.

Alf ran to cover, then called the professionals.

- c. Justin McCarty of Texas slim sheath dress, tucked midriff accented with big fringed bow . . . wear it as an after five dress, add the brief jacket for shopping — Black dacron and rayon textured weave, **29.95**

ESTHER WILLIAMS TO ESTABLISH DISTRIBUTORSHIP IN BIG SPRING

1959 Distributor Appointment Program Just Starting

The International Swimming Pool Corporation, world's leading manufacturer of home and motel swimming pools, has just launched the largest new distributor appointment program in the Company's history. International is the exclusive manufacturer of the famous Esther Williams Pools and is expanding manufacturing, service and training facilities in order to serve an additional 500 communities.

Backed by the biggest swimming pool publicity and advertising campaign ever announced in the industry, the new distributor appointment program is scheduled to be completed within six weeks.

This market has been selected by International's Marketing Committee for one of the new distributorships. An Esther Williams marketing executive will personally consult with home owners and motel owners and consider applications for the Esther Williams distributorship in this area (see box below).

DISTRIBUTOR QUALIFICATIONS

Good character, a successful business background and a desire to build your own business are the prime qualifications for an Esther Williams distributorship.

The home and motel swimming pool business has become one of America's fastest growing new industries. The Esther Williams Pool is the undisputed leader in this new industry, accounting for 30 to 40% of all the permanent-type pool business.

Industry sales have more than doubled every year for the past three years. Trade experts, however, point out that pool sales have not yet reached boom stages. Sales on a gigantic scale are expected to begin in 1959 and continue for many years to come.

No franchise fee is required of a new Esther Williams distributor. Distributor appointments will be expected to make a modest investment in self-liquidating inventory with big profit potential. Construction experience is not a requirement.

ATTENTION HOME OWNERS

If you have an acquaintance who is interested in the exclusive Esther Williams distributorship in this area, contact the Division Marketing Manager at the address or telephone in box at right. If your recommendation is appointed, you will be entitled to an Esther Williams Family Swimming Pool at dealer cost!

America's Largest-Selling Family and Motel Pool To Be Available In This Area

Esther Williams, glamorous president of International Swimming Pool Corporation and world famous authority on swimming and swimming pools.

why the Esther Williams Pool is outselling all others by a wide margin.

"First, it's the safest pool with the exclusive safety walk all around, the flat play area and the safety cover. These features give parents peace of mind. Being the mother of three energetic children, I can assure you these wonderful features give me peace of mind."

"Secondly, an Esther Williams Pool is built to last because of the rigid construction standards established by our Engineering Department—poured concrete, steel reinforced throughout and covered with exclusive Perma-Seal Poolskin which eliminates costly painting expenses.

"The third basic reason is that an Esther Williams Pool is complete in every respect for convenience, maximum family fun and the most economical maintenance—everything including filter, underwater light, stainless steel ladder, laminated diving board and 10 other items. There are no hidden extras to buy.

"And, the fourth reason more people from coast to coast are buying this complete pool than any other is the integrity on the part of Esther Williams distributors to provide the finest possible pool at lowest cost."

The Division Marketing Manager for Esther Williams Pools, Mr. Phil Portteus

is in Big Spring to consult with home owners interested in home pools and to talk with distributor applicants for this area. For an appointment, call or write him at the address or number below:

College Players Continue 'Menagerie' 2 More Nights

Amanda Wingfield will be shouting "rise and shine" to her frustrated son and badgering her friends via the telephone to renew their magazine subscriptions just two more times at the HJC Auditorium with the College Player's production of Tennessee Williams' play, "The Glass Menagerie."

Linda Nichols portrays Amanda, the aging mother.

The crippled daughter, Laura, who is so shy that she shrinks from the companions she really longs to be with, is portrayed by Glendene Phillee, while Amanda's resentful son Tom who works in a shoe factory, but yearns to sate his wander-lust, is being played by Jack Culpepper.

Mims Reed has the role of the big, good-natured Irishman whom Tom brings home from the warehouse at Amanda's nagging insistence that Laura have a Gentleman Caller.

Bob Hope Given Labor Citation

BEVERLY HILLS, Calif. (AP) — Bob Hope was presented the 1958 Murray-Green award of the AFL-CIO Sunday night at a banquet in Beverly Hills.

George Meany, president of the AFL-CIO, said the award was given to Hope for his contributions to "hundreds of worthy causes and benefits" and for entertaining U.S. servicemen.

Hope said the \$5,000 presented with the award will be used to establish a scholarship.

Easy To Identify

NORFOLK, Va. (AP) — E. H. Bradberry didn't worry when someone took his dog "Scooter" from his car Saturday night.

The dog was returned Sunday.

"She's kind of easy to identify," Bradberry said.

Scooter, a trained performing dog, walks on her hind legs, pushes a kiddie car and smokes cigars.

'Drowned' Man Swims To Safety

LOS ANGELES (AP) — They thought he was dead. But Don Cooper was watching from a buoy as Coast Guardsmen gave up a search for him and returned to their base.

Cooper, 26, was one of four men aboard a small boat swamped by heavy seas off Los Angeles harbor Saturday. He gave his life jacket to a companion and swam for shore, eight miles away.

Tiring, he climbed on a buoy off the harbor and waited. Searchers picked up his three companions but didn't see Cooper.

So Cooper swam to shore Sunday, hours after being reported missing and presumed drowned.
