Jerry Tucker, left, and Jimmy Madry prepare to fling Ronnie Osborn, pint-sized "badman," into the hoosegow at Goliad Junior High. Ronnie violated Ranch Week rules and was jailed to think things over as the three-day "week" opened Wednesday.

Lyndon Pushes Probe Into U. S. Space Effort

Trial Dates Set For Two Murder Cases

Armando Lopez, accused of armed robbery in the holdup of the McClure Station on Jan. 7 in which Gerald Liner an attendant was murdered, will go on trial March 23.

Robert Larez, accused of murder with malice in the death of Joe Villa, will face trial before the court on March 9.

Elbert Ford, charged with murder of Julius Bedford will be tried on Feb. 23.

In each of these cases, special jury venues will be called. The number of jurors to be summoned was not determined but the trial dates were established at a session of the court on Thursday.

Gil Jones, district attorney, said that he would set down 19 other criminal indictments on a docket for trial during the week of Feb. 16. He said that it was possible some of these defendants may decide to plead guilty but that at present their cases are docketed for trial.

Twelve persons appeared before the court on Thursday and indicated they would enter pleas of guilty to indictments which have been returned against them. Judge Charlie Sullivan said the pleas would be heard in a few days. It was not believed any would be heard before next week.

Cases which Jones was docketed for the week of Feb. 16 include several indictments by earlier grand juries as well as a number of those who were indicted on Wednesday.

Cases set include: B. L. Pitcock, two indictments for worthless checks; Mary Louise Houston, theft from person; W. D. Robbins, theft and passing forged instrument; Billy Gene Ausmus, forgery; Miroslav Slovack, worthless check; M. L. Hodnett, worthless check; Charles Hollowell, DWI second; Alex Banks, forgery; Miguel Morales, possession of narcotics; Alexander Couette, burglary; Norman Beard and Betty Beard, forgery; Lonnie Louis Hayden Jr., forgery; James H. Webb, theft (repeater); Frelin F. Reavis, forgery; Doyle Nelson, forgery; Alfonso Rodriguez, assault with intent to murder; Lupe Martinez, assault with intent to murder; Hattie Harris, two indictments, theft; and Farrell Hamill, DWI second.

DRIVEN BY OBSESSION

Doctor Told Several People He'd Have To Kill Lawyer

By BLAIR JUSTICE
Of The Fort Worth Star-Telegram

FORT WORTH (AP) — Seven weeks ago in a small South Texas town, Dr. Harold D. Eidinoff quietly announced that he was going to have to shoot a man to death.

That man was Ted Andress, El Paso attorney who headed the school board there. He was killed last night.

Eidinoff had breakfast two successive mornings in Angleton with a Fort Worth Star-Telegram reporter who was there to cover the murder trial of Mrs. Ethel Mae Simpson.

The doctor had no interest in the trial. He was there simply to consult his attorney, Percy Foreman of Houston, who represented Mrs. Simpson.

When Eidinoff said that he was going to have to kill the El Paso attorney, his mild, polite manner belied his words.

It was hard to believe that his polished, well-educated, once wealthy physician could commit any uncivilized act.

Or, as one of Foreman's associate told him, "you're too nice a man to kill anyone."

But while Eidinoff was "a nice man," he was also a man driven by a relentless obsession.

The Star-Telegram reporter hadn't been with him more than 10 minutes, before the doctor—a proctologist—produced a photograph of a nude man from his wallet.

This, he said, was the photo that the El Paso attorney had "shown around town" and so humiliated the doctor that he had been forced to leave El Paso.

The picture, the doctor said, was of him—taken by his first wife while the two, were on their honeymoon.

"What's wrong with a man's wife taking such a picture?" he asked, somewhat challengingly, when the reporter inquired how the photo happened to be made.

The picture was the doctor's first obsession. He had another—that the El Paso lawyer was determined to kill him. He was wearing a bulletproof vest last night when the lawyer was shot.

"I have been told on good authority," he said, "that he is carrying a gun and has said that as soon as I return to El Paso, he is going to kill me."

He paused. "I can't let that happen."

The graying, dignified appearing physician said he had been "practicing up on marksmanship," anticipating the day when he would meet the attorney "in open gun battle."

It all seemed too incredible. He discussed psychiatric theory with the reporter in detail. He had been psychoanalyzed and wanted "no more of that."

"Some psychiatrists are crazy," contended the doctor who was a respectable man of the community, "scared to death of Eidinoff."

The doctor had been away from El Paso for more than a year. He told a reporter that he had been in New Mexico managing an apartment project he had there.

Now, though, he was back in Texas announcing that he would soon have to return to El Paso.

His lawyers urged him to let the courts settle whatever grievance there was between him and the El Paso attorney.

"There are certain things the courts can never settle," he replied. "My reputation has been damaged—that can never be repaired by a court. That is something that two men can settle only between themselves."

judged legally insane last year and was a patient a while in an institution.

His lawyers said he was one of the few examples of a person suffering from "true paranoia." Paranoid conditions come in several different varieties, and true paranoia is indeed rare.

The person suffering from it may appear on the surface as rational as anyone. His thoughts are highly organized. So are his obsessions and beliefs that someone is persecuting him.

If you listened to Eidinoff long enough, the physician could nearly convince you that he was, in fact, being persecuted and "gunned after" by the El Paso lawyer.

But, then, Eidinoff's own lawyers knew this wasn't true. They had checked the El Paso attorney out thoroughly and had found him

Ike Hits Supports, Controls In Farm Message To Congress

WASHINGTON (AP)—President Eisenhower today renewed with fresh emphasis his call for lower price supports to cut costs of federal farm aid and encourage greater sales.

In a special message to Congress, he said price support programs are "excessively expensive" and crop control programs don't control.

Citing the big accumulation of surpluses and the large outlays of federal funds on farm programs, the message said "the need to reduce the incentives for excess production has been explicit" in the three special messages on agriculture which he has previously sent.

Eisenhower said expenditures under present programs go largely to a relatively few big farmers. Dispatched to Congress along with the message was a memorandum from Secretary of Agriculture Ezra Taft Benson giving specific details regarding operation of present programs—particularly those affecting wheat, tobacco and rice—and outlining possible changes in farm laws.

Eisenhower took notice of Democratic proposals for changes in farm programs and cautioned against adopting some of them.

"Difficulties of the present program should not drive us to programs which would involve us in even greater trouble," he said.

"I refer to direct payment programs, which could soon make virtually all farm people dependent, for a large share of their income, upon annual appropriations from the federal Treasury.

"I refer also to various multiple price programs, which would tax the American consumer so as to permit sale for feed and export at lower prices."

In general, Eisenhower's recommendations would make no drastic changes in present programs—only allow the Agriculture Department more flexibility in setting price supports for products required to be supported by the government. Under such authority lower supports — and hence lower government outlays—would be expected to follow.

The administration was content to stand pat for this year on specific programs for cotton, rice, corn, other feed grains, oilseed crops, livestock, dairy products and fruits and vegetables.

Eisenhower sought to show that present programs actually help only a relatively few commodities and they are the ones that have produced the farm surplus.

"Farmers who produce cattle, hogs, poultry, fruits, vegetables and various other products, the prices of which are not supported—as well as those who produce crops the prices of which are supported at discretionary levels—have generally experienced growing markets rather than a buildup of stocks in warehouses," he said.

He added that wheat, corn and cotton, three of the 12 products on which support levels are mandatory, "account for about 85 percent of the federal inventory of price supported commodities, though they produce only 20 percent of the total cash farm income."

Cases set include: B. L. Pitcock, two indictments for worthless checks; Mary Louise Houston, theft from person; W. D. Robbins, theft and passing forged instrument; Billy Gene Ausmus, forgery; Miroslav Slovack, worthless check; M. L. Hodnett, worthless check; Charles Hollowell, DWI second; Alex Banks, forgery; Miguel Morales, possession of narcotics; Alexander Couette, burglary; Norman Beard and Betty Beard, forgery; Lonnie Louis Hayden Jr., forgery; James H. Webb, theft (repeater); Frelin F. Reavis, forgery; Doyle Nelson, forgery; Alfonso Rodriguez, assault with intent to murder; Lupe Martinez, assault with intent to murder; Hattie Harris, two indictments, theft; and Farrell Hamill, DWI second.

5 Youths Die In Car Crash

COCOA BEACH, Fla. (AP) — Five 18-year-old boys were killed and two others were injured critically today when their automobile smashed through a pipeline barrier on the ocean beach.

Patrick Costello and Kenneth Goepper, who survived the crash, were taken to a hospital at Orlando. Their conditions were described as critical.

The dead were identified as Kenneth L. Gardiner, James E. Weaver, Richard C. Knobler and Nickle H. Morgan, all of Orlando; and John E. Roquemore, owner of the car.

Roquemore was the son of a Miami automobile dealer.

The car rumbled underneath the bulky pipeline which stretched some 70 yards across the beach.

Master Planning Decision May Be Reached Tonight

A special committee today will begin work selecting a firm to conduct a master planning survey of Big Spring.

The committee consisting of representatives of the city, county, Big Spring school and HCJC government bodies, along with the Chamber of Commerce, is to select the firm from seven interviewed recently.

Proposals by the seven firms have not been opened so the committee will get its first look at prices of the survey this afternoon.

The committee has no idea how much the work will cost.

Included in the plan will be contour maps of the area, studies of population growth, the economy, land use, location of public buildings, a thoroughfare plan, school sites, and other problems which can be foreseen for the coming 15-20 years.

Farm Bureau Policy Under Study Here

Some 50 representatives of Farm Bureau chapters in 10 West Texas counties were here today for a district "policy execution" meeting.

The group planned to discuss all major agricultural policy stands of the Texas Farm Bureau Federation on both state and national levels. They also heard from two Texas A&M officials a report on the effect proposed budget slashes will have on the agricultural extension service and other research and education programs of the college.

C. H. DeVaney of Coahoma, state FB vice president, presided over the sessions and told the delegates they now are in the best position in history to influence both state and national legislation.

Farm Bureau leaders and members have a better knowledge of proposed legislation and Texas legislators are better informed than ever on matters which the Farm Bureau supports, he said.

"However, we must follow through on the progress we have made," DeVaney declared.

Also heard this morning were Dr. R. E. Patterson, A&M College vice president for agriculture, and

No Punches Pulled In Hearings

WASHINGTON (AP)—The Senate asked defense leaders today for the facts "with the bark off" on the nation's military might and outer space program.

Sen. Lyndon B. Johnson (D-Tex.), opening public hearings with a prepared statement, said his watchdog Senate Preparedness Subcommittee wanted a "plain, unvarnished and unadorned" accounting of what has happened to the nation's preparedness program.

"We are not interested in defense as an 'issue,'" Johnson told military leaders. "We want to know where we stand—and this is a question to which there should be a clear-cut answer."

"We are not concerned with rosy optimism or with finding scapegoats. We want the facts—with the bark off, if you please."

Johnson said his group wants to find out:

"First, is the United States doing everything it reasonably can and should do to insure the defense of this country and the free world against military aggression? Second, is the United States doing everything it reasonably can and should do in the exploration of outer space?"

Johnson asked witnesses during the first two days of the hearings to dispense with prepared statements.

Hearings today and Friday will be open, but the subcommittee plans to hold classified sessions at times during later testimony.

Members of the new Senate Space Committee, which Johnson also heads, were asked to participate.

Secretary of Defense Neil H. McElroy and Gen. Nathan F. Twining, head of the Joint Chiefs of Staff, were to be leadoff witnesses.

Air Force generals asked to testify include Thomas D. White, chief of staff; Thomas S. Power, commander of the Strategic Air Command; and Bernard A. Schriever, commander of the Air Force Ballistic Missile Division.

McElroy and Twining appeared Wednesday before the House Foreign Affairs Committee.

Twining later told newsmen that Russian boasts about production of intercontinental ballistic missiles don't mean a thing. He said the Soviets do not have an ICBM that is operational.

McElroy told newsmen "there is fully adequate retaliatory power for this country against an aggressor's attack."

The two had taken part in shaping the defense budget and have supported it in their congressional testimony.

Sen. Richard B. Russell (D-Ga.), chairman of the Armed Services Committee, said Wednesday he believes the United States is superior to the Soviet in overall nuclear destructive power.

Russell added there is no question that the Soviet now is ahead in ocean-spanning and shorter range missiles. And he indicated that it may take two to three years to close this gap.

President Eisenhower told his news conference Wednesday that the U.S. missile program, after a slow start, has been making remarkable progress of which the nation can be proud.

\$714,733 Bid On Hangar For Webb

Construction bids on a second hangar for the 331st Fighter Interceptor Squadron, Webb AFB, were opened yesterday in Fort Worth and a New Orleans firm was apparent low bidder.

United Enterprises Inc. of New Orleans offered to build a 40,900-square-foot maintenance hangar for \$714,733.

Low bids on more than \$1 million worth of construction at Webb have been opened in the last two days, and bidding on two other projects was scheduled this afternoon.

Tuesday, Suggs Construction Co. of Big Spring was apparent low bidder on an alert hangar with a proposal of \$365,995.

Bidding on the project Wednesday was extremely close, the Corps of Engineers reported. The second low bid was \$717,548. That offer was made by Farnsworth & Chambers Inc. of Houston.

Suggs Construction Co., which would up in fifth place on the maintenance hangar, bid \$728,101.

The huge hangar will be constructed of steel frame with metal siding. Roof spans are 160 feet in length. The project will include a pump house and storage facilities, driveway, walks, etc. Time allowed for completion will be 420 days.

Bids were to be opened this afternoon on a readiness crew building and flight simulator building, also for the 331st.

Architects for both hangars and the readiness crew building are Puckett & French of Big Spring.

The Corps of Engineers had estimated the maintenance hangar would cost \$745,204 and the alert hangar \$375,425.

Eidson Takes Stand To Deny Assault

DENVER (AP)—The defendant in a kidnap-assault trial testified yesterday he was shopping when the alleged crime was committed.

Oma R. Eidson, 42, of Tyler, Tex., is accused of abducting and raping 12-year-old Susan Dudek last July 18 at Durango, Colo.

He admitted he was in Durango at the time, but said he was shopping for groceries on that date as a favor to Dale Goodman, operator of the motel where Eidson was staying.

Goodman was called by defense attorneys to corroborate the husky oil worker's story.

Eidson was arrested by FBI agents at Farmington, N.M., the day after Susan was abducted. She was freed at Aztec, N.M.

School Census Help Wanted

An urgent appeal for parents and guardians to make sure their children are enumerated in the scholastic census was voiced Thursday.

Dan Conley, who is supervising the taking of the annual census of the Big Spring Independent School District, said that a number of scholastics had not yet been listed on the census rolls.

This must be done, according to state law, by Jan. 31, 1959.

Every child who will be six years of age on or before Sept. 1, 1959, or who will be under 18 years of age on Sept. 1, 1959, must be included.

Unless they have completed and returned census forms, parents of all children born after Sept. 1, 1941, or on or before Sept. 1, 1953, should call the census office AM 4-0819 or go to the nearest school.

Man Dismembered By Freight Train

Roy Holler, 37, Duncan Drilling Co. employee, Coahoma, is in Big Spring Hospital with his left arm and left shoulder slashed off as result of being run over by a T&P freight train over 6 p.m. Wednesday.

Sheriff's deputies who investigated the accident said that Holler was lying between the rails on the main line about four miles east of Big Spring when they found him. His right arm was slashed from his body at the point where the shoulder joins the neck.

His condition, according to the hospital, was "satisfactory" at noon today.

E. W. York, deputy, who with Curley Brown and Fern Cox, also deputies, investigated the accident, said that it was believed that Holler was lying prone on the track when the T&P freight, westbound, approached. Trainmen saw him but could not stop and the entire train of about 20 cars passed over his body.

York said that Holler with a companion, tentatively identified as Bill Lantz, had been in a pickup truck. They had crossed the T&P tracks at a point near Eason's nursery and had travelled along a little used road into a field half a mile or so east of the crossing and nearly the same distance from the railroad. The truck stuck in sand.

Holler is believed to have left

HCJC Registration Reaches 503 Today

Registration at Howard County Junior College reached 503 by mid-morning Thursday.

B. M. Keese, registrar, said 83 registrations from Webb AFB accounted for the big jump from Wednesday. Registrations continued to come in at a steady clip. The deadline is little more than a week hence, but Keese urged as early registration as possible.

Disc Jockey Passes 200 Hour Mark For Marathon

NEW YORK (AP)—Disc jockey Peter Tripp went to bed earlier than most of us Wednesday night, but for a good reason: he'd been up for 200 consecutive hours. A Florida disc jockey was going strong well past the 200-hour sleepless mark.

Tripp started his no-sleep marathon Jan. 20 to aid the March of Dimes campaign and to provide scientific information.

Groggy but protesting "I just have a touch of a headache," Tripp, 32, left the Times Square Armed Forces Recruiting Station at 7:14 p.m.

Dr. Louis J. West, professor of psychiatry at the University of Oklahoma Medical School, said: "He probably will sleep sounder than ever before in his life."

Tripp, with radio station WMGM, has not been the only disc jockey staying awake around the clock.

In Jacksonville, Fla., Dave

Sleepy Head

Peter Tripp, the 32-year-old disc jockey, attained the unprecedented mark of 200 sleepless hours under constant scientific watch in a marathon broadcast from Times Square, New York. Tripp started the grind nine days ago to promote the March of Dimes campaign. Doctors and psychiatrists who have watched Tripp said he has made a medical achievement unmatched in history.

Grand Jury Votes 32 Indictments, Three Charges Of Murder On List

Thirty-two indictments, including three of murder with malice, were returned by the Howard County grand jury in its report to Judge Charles Sullivan in 118th District Court Wednesday afternoon. Twenty-nine defendants were listed.

Included in those indicted for murder with malice was Armando Lopez, admitted confederate of Andres Marquez, juvenile gunman. Andres has admitted he shot and killed Gerald D. Limer, on the night of Jan. 7. Limer was a night attendant in the McClure Service Station at 701 W. 4th and was slain in a holdup of the establishment.

Lopez, who is 17, was also indicted on two other charges. He is under indictment for assault with intent to commit robbery in connection with a frustrated holdup of the 87 Truck Stop at midnight Jan. 6. A third indictment charges him with the burglary of the Fox Pawnshop on the night of Dec. 28. The weapon which was used in the Limer slaying was one stolen from this shop that night. No bond was granted the youthful defendant by Judge Sullivan.

Also indicted was Joe H. Lara, also 17, who has confessed that he was the companion of Marquez in a holdup of the Gibbs Service Station on the night of Jan. 3. In this holdup Donald Bippus, young airman, was shot and seriously wounded. A two-count indictment accuses Lara of robbery by assault and armed robbery. No bond has been allowed this defendant.

The second murder with malice indictment returned by the jurors was against Robert Larez, who is accused of gunning Joe Villa to death on N. Gregg St. on the afternoon of Dec. 28. Bond was fixed at \$10,000 for Larez.

Third murder with malice charge is leveled against Elbert L. Ford, 28, accused of the fatal knifing of his brother-in-law, Julius Bedford, on the night of Dec. 6. Bond was set in his case at \$10,000.

Two indictments charge attempt to commit murder.

One is against Alfonso Rodriguez, buddy of the slain Joe Villa. He is accused of firing a shot into the residence of Robert Larez, Louis Larez, a brother, escaped death by inches. This episode happened on the same afternoon that Villa was slain.

Lupe Martinez is accused of attempting to murder in the shoot-

ing on Dec. 2 of Israel Garcia as climax to an argument between the two men.

Two new indictments were voted against Ralph Gilbert, who is now serving a life sentence in state penitentiary for murder. Gilbert was convicted at the last criminal court session in the murder of Clayton Stewart, his rancher employer.

Dist. Atty. Gil Jones sought two indictments against the young San Angelo convict for theft over \$50—incidents stemming from the murder episode. He was indicted for stealing two loads of cattle from his murdered employer. Jones immediately dispatched the two indictments to the state penitentiary as a "hold" order over Gilbert. Such an order on file precludes any hope that the slayer might have for parole at the end of the minimum term he might serve. In his case, he would otherwise have been eligible for

parole after 15 years imprisonment.

One indictment alleging possession of narcotics was returned. It names Miguel T. Rosales as defendant and alleges that on Dec. 9 he had in his possession 24 cigarettes and a quantity of loose material, all identified as marijuana, when arrested by police.

A "repeater" indictment for car theft was leveled at James H. Webb. His bond was set at \$3,000. A repeater indictment carries a much heavier penalty for a defendant on conviction than the ordinary bill.

Thirty-eight felony matters were laid before the grand jury by Jones. No indictments were returned in nine of these complaints.

Not indicted were: James McCarty, accused of murder by automobile; Eric Rasmussen, Charles Bridges and Charles Smith, accused of burglary; Marvin Robinson, accused of writing a worthless check; Steve Harper,

Railroad Fireman Wins Safety Award

EL PASO—An international safety award will be presented here Friday to a Southern Pacific Railroad locomotive fireman who saved the lives of a woman and two children in a rail crossing accident last Sept. 26.

Reuben T. Pyle, 43, 3319 Montana Avenue, El Paso, will receive the January 1959 Safety Award of the Brotherhood of Locomotive Firemen and Enginemen.

H. E. Gilbert, international president of the 92,000-member rail union, said Pyle was chosen for the award on the basis of his alertness and quick action which prevented the death or serious injury of the three occupants of a car struck by a Southern Pacific train at the Mills street crossing.

Pyle will receive a commemorative plaque from Mayor Raymond Teles of El Paso on Friday.

Gilbert will attend and present a \$250 cash award. Gilbert will meet with Brotherhood at 2 p.m. concerning union affairs.

The incident which brought Pyle his award occurred while he was working as the fireman on a 26-car Southern Pacific cattle train moving from the Adair Yard to the Union Stockyard in El Paso. As the train neared Mills Street on a

Kiwanis Banquet Set For Tonight At Cosden Club

Carlos (Cotton) Clover, Odessa, governor of the Texas-Oklahoma District Kiwanis Clubs International, will address the annual installation banquet of the Big Spring Kiwanis Club tonight. He will speak at a dinner in Cosden Country Club at 7 p.m.

Feature of the meeting will be the induction of the club's new officers. Installation officer will be Floyd Parsons, Big Spring, who is lieutenant governor for the district.

Sherman Smith is the new president of the club. Jack Alexander

der, retiring president, will introduce the guest of honor to the group.

All Kiwanians and their wives are urged to attend the dinner.

Anthems Mixed

CINCINNATI (AP)—They got their national anthems a bit mixed up last night at the Xavier-Georgetown basketball game.

The public address announcer made the usual request for everyone to stand for the playing of "The Star Spangled Banner," but when the music blared forth from a record it was "God Save The Queen."

After about four bars they started all over again—that time with "The Star Spangled Banner."

Final Stickney Arguments Due

HOUSTON (AP)—Final arguments were set for today in the murder trial of Howard Stickney in the slaying of Mrs. Shirley Barnes.

Attorneys spent most of yesterday conferring with Judge Miron A. Love on the charge he will read to the jury of 10 men and 2 women.

Mrs. Barnes' nude body was found in her apartment May 27. Stickney also is charged with slaying her husband, Clifford.

Barnes' decomposed body was found June 18. Stickney was arrested two days later in Canada.

'It'll Go Here'

Dr. E. A. Reiff, president of Hardin-Simmons University, points out to Dr. Rupert Richardson, president emeritus of the school, the location for the new chapel-auditorium to be constructed at H-SU. Just below the chapel, the proposed student center building is blocked in on the model campus. Both Dr. Reiff and Dr. Richardson will be in Big Spring tonight for a meeting of H-SU ex-students. They will outline the school's long range expansion program during the dinner session at the First Baptist Church, starting at 7 p.m. All former H-SU students in this area have been invited to attend.

Ike Strips Secrecy Label Off Economic Aid Totals

WASHINGTON (AP)—President Eisenhower has stripped the secrecy label off the economic aid allotments to individual countries, disclosing that South Korea topped the list with 221 million dollars in the year ended last June 30.

Red-threatened South Viet Nam ranked as the second biggest recipient with 184 million dollars. India was awarded \$81,400,000 the third biggest amount, but also got 225 millions additional in loans and surplus farm products from other government agencies.

Eisenhower disclosed the country-by-country breakdown in a foreign aid report Wednesday to Congress. Authorities said it marked the first time since the government launched foreign aid programs in 1948 that individual economic aid allocations had been disclosed. Eisenhower gave no reason for ending the secrecy.

"Now more than ever," Eisenhower said, foreign aid is the best way to stop the Communist drive to subvert underdeveloped countries. He said the threat of communism in the Far East is

greater now than it was 10 years ago "because our opponents are more powerful" and their tactics more subtle.

The cost of providing guns and military equipment to friendly countries exceeded economic aid during the 12-month period. Military allocations amounted to \$1,900,000,000 compared to \$1,400,000,000 in economic assistance. There was no breakdown of the amounts of military aid.

The fourth ranking recipient of economic aid was Turkey, a firm anti-Communist ally which is battling critical economic problems. Turkey was allocated 74½ millions, followed by Pakistan with \$65,300,000 and Formosa with 60 millions. Others in the top 10 were Spain, \$54,600,000; Jordan, \$32,600,000; Laos, 31½ millions; and Cambodia 28 millions.

DEAR ABBY

GUILTY OF GOSSIP

By ABIGAIL VAN BUREN

DEAR ABBY: A friend of mine called me up and said, "If you promise not to tell anyone, I will tell you something about So and So." Naturally I promised and she told me. The next day another friend called me up and told me the very same thing about this Mr. So and So but she said, "Everybody knows it so I don't care if you repeat it." Now, please understand, Abby, when I repeated what I had heard I did not feel that I was letting the cat out of the bag or that I had broken my promise but I got into the biggest fight over this that I cannot sleep nights. Was I wrong or was I not?

DEAR SICK: When anyone offers you "gossip" about a third party if you "promise not to tell"—tell them that you don't want the responsibility of knowing such confidential information. You were wrong in repeating gossip, whether it was "out of the bag" or not.

DEAR ABBY: We are married and have one child. My husband is a checker in a grocery store and he is the friendly type with a real good disposition, but everywhere we go I catch him smiling at girls. If I smiled at men the way he smiles at girls, believe me, I would have a few teeth missing. When I ask him to quit smiling at girls he says he didn't even know he was smiling. But I notice they smile back at him. (Does he think they are smiling at him for nothing?) Please tell me if I am being silly for my complaint?

DEAR NOT: A smile need not always be a signal for "encouragement"—but merely a pleasant expression. Let him smile.

DEAR ABBY: I am 13. I am starting to go out on dates. When I come home my mother wants to know what happened. I tell

her and by the next morning it is spread all around the neighborhood. I have asked her time and again not to tell anyone but she keeps doing it. I can't say I don't want to tell her anything any more. What should I do?

NEEDS HELP

DEAR NEEDS: Your mother doesn't realize that she is violating a very sacred trust. Ask her to PROMISE she'll keep your secrets, and tell her if she doesn't keep her promises you'll keep your secrets—to yourself.

CONFIDENTIAL TO "UNPOPULAR": A smile is a curve that can set a lot of things straight. Try it!

For a personal reply, write to ABBY in care of the Big Spring Herald. Enclose a self-addressed, stamped envelope.

Five Concrete Companies Bought

MIAMI BEACH (AP)—Wesco Materials Corp. today announced the purchase of five concrete mixing companies in West Texas. A spokesman said Wesco paid more than three million dollars for them.

The additions were bought in connection with proposed highway construction and to improve products and service, the spokesman said.

He listed the firms as F. M. Reeves and Sons, Pecos Valley Southern Railway Co., West Texas Concrete Products Co., Permian Sand and Gravel Corp., and Pannell Bros.

Attorney Slain In El Paso, Doctor Held

EL PASO (AP)—A prominent El Paso attorney was shot to death at an El Paso airport last night.

A few minutes later, inside the terminal building, a former El Paso doctor, wearing a bullet proof vest, was arrested.

Theodore Andress, 50-year-old attorney and president of the Texas Assn. of School Teachers, was waiting, with his wife, for their luggage outside the terminal building when his assailant walked up.

Witnesses said middle-aged Dr. Harold Eidinoff shot once and Andress fell. Then the assailant emptied his pistol, threw it at the fallen body and walked off.

Andress was wounded five times, at least once in the head and once under the heart.

Royal Williams of El Paso, one of the nearby witnesses, said: "I heard a shot and turned around. Andress was falling and the other man was firing. Then the man walked away slowly toward the entrance of the terminal. I thought it was a gag until a woman screamed: It turned out to be Mrs. Andress. She screamed, 'Help, someone, my husband has been shot.'"

Williams said a man ran after the gunman, grabbed him and

held him until policeman Servando Blanco collared him.

Police Chief Howard Jones identified the assailant as Eidinoff. Records show the prisoner was declared insane by three Houston psychiatrists a year ago, and he was kept in jail there a while and later placed in a hospital. He was released several months ago and has been in Grants, N.M., since last June.

Court records show a legal dispute involving Andress and Eidinoff which extends back to 1954, when the attorney was representing two other lawyers who were suing the doctor to collect a fee.

The fee, records show, was for the other attorneys' services

while representing Mrs. Sylvia Eidinoff in a divorce action against her husband.

Andress and his wife had just returned from San Francisco where he had been attending a meeting of educators.

Arrested At Movie

MIDLAND (AP)—Thomas Manley Jr., 18, of Midland was watching a movie, "Dangerous Youth," when an FBI agent arrested him yesterday on a charge of deserting from the U.S. Navy at San Diego, Calif., two months ago.

Big Spring (Texas) Herald, Thursday, Jan. 29, 1959 3-A

Spring Weather Covers Texas

By The Associated Press

Texans basked in springlike temperatures again Thursday, but a change was on the way.

Skies were clear in the northwestern part of the state, but elsewhere it was cloudy with some areas of fog in South Texas. Early morning temperatures varied from 63 at Palacios to 38 at Lubbock.

Forecasts called for warmer afternoon temperatures with thermometers beginning a slide toward wintry levels Thursday night and Friday.

A cold weekend was in prospect. Thunderstorms and showers were expected in the big area east of the Pecos River Thursday afternoon and night.

At 5 a.m., the only moisture was light drizzle at Brownsville and Laredo. At the same hour, it was clear from Wichita Falls and Childress northward, cloudy over the rest of the state.

Colorado City Banquet Figures

This quartet checks signals just before the 50th anniversary banquet of the Colorado City Chamber of Commerce last night. Left to right are Jeff Taylor, retiring president; Max Caddell, new president, J. W. Randle and Harold Mannis.

C-CITY CHAMBER TOLD

Moral Integrity Is Basis Of Sound Community Program

COLORADO CITY — A community's development, if it has durable glory, must have its base in the eternal verities of moral integrity and a responsiveness to God's will, Colorado Citizens were told Wednesday night at their annual Chamber of Commerce banquet.

A ringing challenge on this thesis was sounded by the Rt. Rev. John E. Hines of Houston, bishop of the Episcopal Diocese of Texas and one of the state's leading churchmen and leaders in youth work.

It was the 50th anniversary for the C-City Chamber, and more than 300 people were on hand to observe the occasion.

They greeted Max N. Caddell as new president of the organization, to succeed Jeff E. Taylor, and applauded G. D. Foster, insurance man, as he received a plaque in recognition of the designation as

the "outstanding C-C member of the year."

Bishop Hines pointed out three "lines" that the people must recover. This was based on the observation that too many people view the preacher as an actor and serve as his critics, when in reality, he is their prompter, reminding them of lines forgotten.

The lines that must come back

into the human play, the speaker said, are: (a) The recovery of a devoted home life, "lest the whole commonwealth deteriorate"; (b) the recovery of a sense of vocation in life and (c) the recovery of integrity and moral character.

The Bible must be read and understood in the homes of our land, said Bishop Hines, and it is parents' responsibility to see that children have a first hand knowledge of the Bible, "which alone tells us of God's relationship with man."

We are giving our children too many things, the bishop said, and not enough of ourselves.

America is the loser because of too much secularization of all activities, he continued, and there is a need to re-establish a sense of eternal values in our vocation. We must be responsive to God's will and obedient to Him.

A return to moral integrity must be accompanied by less emphasis upon the spirit of physical and financial success, the bishop concluded. Success, unless we observe the danger signals, can be the start of decay.

Along with Caddell, new officers of the Colorado City C-C are James M. Boyd and Paul Boyd Hunter, vice presidents; Dr. Seth Cowan, secretary, and Harold E. Mannis, treasurer. New directors are Phillip Berman, Dr. Cowan, George Witten and Wayne Shaw, to serve along with R. B. Baker, Boyd, Caddell, J. C. Costin, Hunter, Mannis, Taylor and Luke Thomas.

Lewis Williams was master of ceremonies for the banquet, held in C-City's Civic House, and a trio, the Moore Sisters of Bronte, gave musical numbers.

Roy Green Is Honored For 30 Years With Gas Company

After 30 years in the natural gas business, not many things surprise Roy Green.

But he got the surprise of his life Wednesday evening.

Mrs. Green accepted a dinner invitation for him, and although he

PIONEER'S ROY GREEN
... in his motor service shop

protested valiantly, he went along to the National Guard. There they found fellow employees of the Pioneer Gas Co. had gathered to honor him on the eve of his retirement. He was speechless.

More than 50 persons were

present for the buffet dinner. Mr. and Mrs. Green were seated before a table centered with red gladioli which were given to Mrs. Green.

After Champ Rainwater, district manager for Pioneer Gas Co., reviewed the highlights for Green's career with the public service concern, Les Clawson, the only remaining member of the original staff here, presented the honoree with a sabre saw to be used in his woodwork and clock repair hobby.

A telegram from James Davis, Amarillo, Pioneer vice president and who was engineer for the installation of the gas company here in 1928, was read. Rainwater also relayed a message from Paul Kinney, Lubbock, manager of new business for Pioneer, congratulating Green on his long service record. Kinney was an early-day employee of the company and was for many years district manager here.

Friday will be Green's last day with the company where he has done just about everything. Most of his tenure had to do with gas measurements, and this entailed working with the delicate mechanisms of meters.

When he became associated with the company, it was the Big Spring Public Service Co. which collected gas from the booming Howard-Glasscock field and piped it into an equally booming Big Spring.

Hardly had the system been installed, however, when pressures in the unprorated wells began to fall in the face of a severe winter.

Later Empire Southern Service acquired the property and in 1957 Pioneer Natural Gas bought out Empire. And all the while, one of the most devoted employees was Roy Green.

Perhaps his work gave rise to a hobby which could now blossom into a vocation for Green. He got to repairing clocks, and this led into work on antique timepieces, including restoration of elaborate decorative trim. Now that he will be in retirement, he can devote as much time as he likes to this work.

Among guests here for the affair Wednesday evening was T. A. Stevenson, Littlefield, district engineer. The invocation was given by Bill Grant, Big Spring district engineer.

Wildcat Will Seek Fusselman 12 Miles North Of Big Spring

Ralph Lowe of Midland has staked a Fusselman wildcat about 11 miles north of Big Spring, and an Ellinger wildcat has been located in Borden County.

Also, the Phillips No. 1-B Roxie in the Big Spring field of Howard has been finished as a Canyon discovery.

The Howard wildcat is Lowe No. 1 Texas Pacific-Ryan and is about a mile south of production in the Luther field. Contract depth is 10,035 feet.

The Borden site is Empire No. 1 Clayton & Johnson and is 13 miles north of Gail. It is contracted to 8,500 feet.

The Phillips Canyon strike in the Big Spring field flowed through a 3/4-inch choke and made 336 barrels of 33.4-degree oil on potential to open the third pay zone in the field. Other production is in the Strawn and Fusselman.

Borden

The Texas No. 2-E-NCT-1 Clayton is a new site in the Southeast Good (Fusselman) field 1,980 from south and 750 from east lines, 40-32-40, T&P Survey. Drilling depth is 9,850 feet.

Bill Roden No. 1 McDowell, 15 miles southeast of Gail, drilled in shale at 6,635 feet. The wildcat is 1,100 from south and 476 from east lines, 83-25, H&TC Survey.

El Paso No. 1 Jones, C NE NE, 596-97, H&TC Survey, made hole at 6,220 feet in lime and shale. Operator swabbed perforations 8,166-70 feet at the Ashmun & Hilliard No. 1 Miller today with no gauges on production. It is C NE NE, 313-97, H&TC Survey.

Empire Drilling Co. staked the No. 1 Clayton & Johnson as an Ellinger wildcat 13 miles north of Gail. It is 760 from north and 1,980 from east lines, 14-31-6n.

Ryan Services Set For Today

Last rites for Jesse H. Ryan, 93, pioneer railroad man and Howard County farmer, were set for 3 p.m. today at the First Methodist Church.

Dr. Jordan Grooms, pastor, was to officiate, assisted by the Rev. Joe McCarty, pastor of the Park Methodist Church where Mr. Ryan was a member. Burial was to be in the Masonic section of the city cemetery beside the grave of his wife and a son, Melvin, with Masonic rites. Arrangements were in charge of River Funeral Home.

Palbearers were to be Lee Porter, Robert Currie, Rex Morton, J. H. Fuller, Jesse Slaughter, E. L. Bynum, Kirby Miller, Dr. O. E. Wolfe.

Mendoza Services To Be Held Friday

Funeral for L. A. Mendoza, 27, who died here Wednesday at his home at 601 N. Douglas, will be held at 9 a.m. Friday in the Sacred Heart Catholic Church with the Rev. Francis Beazley, St. Thomas Catholic pastor, officiating. Burial will be at 1 p.m. in the City Cemetery under the direction of Nalley-Pickle Funeral Home.

Shell No. 1-H Slaughter, C SE

Howard

The Phillips No. 1-B Roxie flowed from Canyon perforations for 24 hours and made 336 barrels of 33.4-degree oil through a 3/4-inch choke on discovery potential. The well is 1,430 from south and east lines, 12-32-1n, T&P Survey, eight miles northeast of Big Spring.

Perforations in the Canyon extend from 8,730-45 feet. Earlier the well flowed 261.25 barrels of oil from the Fusselman.

The Lowe No. 1 TP-Ryan is east lines, 34-32-2n, T&P Survey, 11 miles north of Big Spring, as a

Martin

Operator ran liner on Cities Service No. 1 Glass while at a depth of 10,711 feet today. The wildcat which has found good oil shows in the Strawn is 10 miles northeast of Midland, C SE SE, 29-38-1n, T&P Survey.

Husky No. 1 Knox drilled in lime and chert at 11,506 feet today. It is 6,507 from south and 3,813 from west lines, League 253, Ward CSL Survey, and is contracted to 12,500 feet.

The Plymouth No. 1 Plynt ran

Mitchell

The Magnolia No. 46-A Foster, in the Iatan East Howard pool, finished 104.82 barrels of 29.3-degree oil and 23 per cent water in 24 hours. It is 660 from north and 1,980 from west lines, 17-29-1s, T&P Survey. Total depth is 2,897 feet, but it is plugged back to 2,858. Top of the pay zone is 2,418 feet, and perforations extend from 2,418-750 feet. Operator fractured with 110,000 gallons before taking potential.

Sterling

Warren Sligar No. 1 Harris, a wildcat 15 miles west of Water Valley, drilled at 170 feet today. It is a 1,700-foot wildcat 330 from south and east lines, 114-6, H&TC Survey.

The Plymouth No. 3 TXL, in the East Herrell (Queen) field, pumped 33 barrels of 29-degree oil on 24-hour final test after being acidized with 500 gallons. It is 1,220 from south and 330 from east lines, 1-31-52, T&P Survey. Total depth is 1,516, and the perforation zone is 1,443-52 feet.

Sets Wedding Date

Mr. and Mrs. Joe Glaze of Tarzan are announcing the engagement and approaching marriage of their daughter, Linda Joy, and Donald Nichols. The prospective bridegroom is the son of Mr. and Mrs. Fred Nichols of Seminole, formerly of Big Spring. The wedding will be performed Feb. 19 at the Glaze home with J. David Taylor, Church of Christ minister of Dallas, officiating.

School Finances Are Explained To Forum

Big Spring's school board handles about two million dollars a year in financing the local operation. This information was passed along to the Junior Woman's Forum, Tuesday afternoon, when Clyde Angel addressed the group at the home of Mrs. Bruce Wright Jr.

The birthday anniversary of Mrs. M. S. Cook was observed by the 15 attending, and a gift was presented to her. A change in the next meeting date was announced; Mrs. C. L. Rowe will be hostess and will entertain on Feb. 7 at 3 p.m.

Good Posture Is Knott HD Subject

Knott HD Club members concerned themselves with self-improvement when they met Tuesday afternoon with Mrs. Joe Mac Gaskins. Proper exercises for good posture were demonstrated by Mrs. P. P. Coker.

The hostess brought the devotion from Prov. 16:18-19. Nine members answered roll call with sewing problems. Beverly Shockley was introduced as a guest.

Mrs. Porter Motley will be hostess with Mrs. Coker for the next meeting.

Housewarming

COAHOMA—A number of friends of Mr. and Mrs. Rommy Mays gathered at their new home Tuesday evening for a surprise housewarming. Visiting and looking over the new home furnished the entertainment; refreshments were served by the hostesses, Mrs. Dennis Greenfield, Mrs. Ross Roberts, Mrs. Pat Allen, Mrs. Donald Duke, Mrs. Larry Pherico, Mrs. Weldon Weaver, Mrs. Bill Logsdon and Mrs. T. H. Greenfield.

Morton's POTATO CHIPS

Elbow Club Has Study Of Hair

Care and arrangement of the hair was discussed for members of the Elbow Home Demonstration Club Wednesday afternoon at the school cafeteria. Mrs. Thurman Douglas, hostess for the meeting, brought the way it grows for the best results.

Members answered roll call by telling of a particular problem in sewing which they have.

A report was given on the recent workshop on health and safety which was attended by Mrs. Denver Yates and Mrs. B. J. Petty. Recommendations from the Home Demonstration Council were read and voted on by the club. A benefit 42 party was discussed and the date set for Feb. 14 at the school. Games will begin at 7:30 p.m.

Members were told of the importance of proper cutting for attractive hair arrangements and variety in the hairdo. They were warned to have the hair set the way it grows for the best results.

Refreshments were served to 19, which included a guest, Mrs. C. E. Smith, and Mrs. Kenneth Cole, a new member.

It was announced that the next meeting, Feb. 11, will be held in the home of Mrs. Russell Christensen at 2 p.m.

Sew, Chatter Club Donates To MOD

A donation of 10 dollars was made Wednesday afternoon to the March of Dimes by members of the Sew and Chatter Club when they met in the home of Mrs. Lawrence Robinson.

The birthday anniversary of Mrs. M. S. Cook was observed by the 15 attending, and a gift was presented to her. A change in the next meeting date was announced; Mrs. C. L. Rowe will be hostess and will entertain on Feb. 7 at 3 p.m.

Bride-Elect Is Honored

COAHOMA — Leta Bell Smith, bride-elect of Hugh Covert, was honored with miscellaneous tea Tuesday evening in the annex of the First Baptist Church.

In the receiving line with Mrs. J. M. Hodnett and the honoree were her mother, Mrs. E. O. Smith, and Mrs. Frank Covert. Mary Jo Turner registered the guests, and serving at the refreshment table were Jeffie Gore and Jo Dell Shelburne.

A cutwork cloth covered the table, which was centered with an arrangement of three large wedding bells filled with pink roses and lilies of the valley.

Hostesses for the evening included Mrs. Aron Stoker, Mrs. Henry Wallace, Mrs. V. A. Rickers, Mrs. Hodnett, Mrs. Burr Brown, Mrs. J. M. Gore and Mrs. A. K. Turner.

Good Buys In Market Told

By The Associated Press

Turkeys, stewing hens, fresh pork and bacon are the best meat buys for the Texas wife this week. Broilers and fryers are up slightly but still are bargains, says the Agriculture Marketing Service. Eggs are unchanged with large sizes the best buy on a cost per pound basis.

Texas, California and Florida oranges and Texas grapefruit declined this week as supplies increased. Apples and bananas remain about the same some stores are featuring specials on d'anjou pears.

Potatoes, canned and frozen green peas, turnips including tops and rutabagas rate high as low cost foods per serving.

Squash, best tomatoes and cabbage edged higher this week while celery and lettuce remained steady.

Pole beans from Florida and Mexico, carrots and cauliflower drifted slightly lower as did Florida yellow corn.

Presbyterian Women Fete Pastor's Wife

COAHOMA — Mrs. Rex Shive and Mrs. Bill Tinner were co-hostesses to the Women of the Coahoma Presbyterian Church when they met recently in the Shive home for a combined meeting of the two circles. Mrs. C. P. Owen was moderator for the Bible discussion taken from 1st Peter. The president, Mrs. C. D. Read, gave instructions on the duties of the officers, and discussed the topic taken from the church magazine.

Mrs. C. P. Owen was surprised with a shower of love gifts, as this was to be her last meeting with the women before she and the Rev. Owen will move to Kerrville, where they have bought a home and plan to retire. Refreshments were served to 18.

Daughter Is Born

Mr. and Mrs. G. R. Eisler, West-ern Hills, are parents of a daughter, Elizabeth Marie, born at Malone & Hogan Hospital, Jan. 23. Grandparents are Mr. and Mrs. W. D. Roland, 107 W. 21st, and Mr. and Mrs. J. G. Eisler, Lakeland, Fla.

Zenobia Club Meets

Meeting Wednesday afternoon with Mrs. Shelby Read, eleven members of the Zenobia Club decided to buy sheets and towels to be sent to the Shriners Crippled Children's Hospital in Shreveport, La. Mrs. John Davis presided for the session.

Knott Residents Tell Of Recent Visitors

KNOTT—Mrs. C. G. Ditto of the Hartwells Community was recent visitor in the home of Mrs. Herschel Smith.

Mr. and Mrs. J. F. Airhart and Arthur of New Home were here as guests of the Edgar Airharts.

The E. C. Airharts have returned from a visit with relatives in Tullia, Spur and Muleshoe.

Imported Coffee Servers As Prizes

The elegance of continental coffee serving, shown in current advertising, will be echoed here in the awarding of imported coffee servers in a contest announced by Maryland Club coffee. The servers in a variety of continental styles have been especially commissioned by Maryland Club. Winners will have their choice of a richly decorated French style (top left); a classic Spanish style (top right); a graceful full-bodied Italian style (lower left); and sophisticated Swedish modern (lower right). Five hundred of the servers, each with a retail value of approximately \$40, will be shipped directly to winners from abroad. Entry blanks for the contest are available at Maryland Club displays in local food stores.

Golf Association Aids The March Of Dimes

Hostesses for the March of Dimes coffee, given Wednesday morning at the Big Spring Country Club, were members of the social committee for the Ladies Golf Association.

Mrs. R. E. McKinney, chairman of the committee, was joined in the duties by Mrs. Jack Cook, Mrs.

E. Fourth Circles Plan Hospital Help

Assistance at the VA Hospital was planned by members of East Fourth Baptist WMS, meeting Tuesday afternoon at the church.

Circles will rotate in helping with occupational therapy each Monday at the institution, and refreshments will be served one Wednesday each month.

Mrs. B. D. Rice resigned her position as president because of illness.

Mrs. Lee Grayson brought the program based on The Lord's Song in a Strange Land. She showed slides and posters, along with music, to bring out the work of groups among workers in California.

The devotion was given by Mrs. Richard Peterson and Mrs. L. E. Taylor. Mrs. Rufus Davidson read the missionary calendar.

Baptist Circle Has Meet In Page Home, Morning Visitation

Women of the Evan Holmes Circle, Baptist Temple, met in the home of Mrs. A. W. Page Tuesday morning for a session before visiting in the homes of families not affiliated with any church.

Mrs. Page gave the devotion, and Mrs. A. T. Boren read the missionary calendar. Prayers for those listed on the calendar were offered by Mrs. D. D. Johnston.

There was a discussion on the possibility of having a visit from Evan Holmes, a missionary to Chile, who is now in Brownwood on a furlough from his post.

After the serving of refreshments, the group was dismissed with a prayer by Mrs. A. R. Posey and the visits were made.

Plans are for the circles to meet at the church Tuesday morning at 9:30.

Charter Members Of BPO Does Will Be Honored At Tea

Charter members of the BPO Does will be honored at a Founders Day tea planned by the organization Wednesday night at Elks Hall. The affair will be held at 2:30 p.m. Feb. 8 at the hall.

Mrs. Keith Brady, chairman, will be assisted by Mrs. Joe Clark, Mrs. A. J. Prager, Mrs. Bill Gray, Mrs. Julius Zodin, Mrs. Bill Ragsdale and Mrs. L. D. Jenkins.

Mrs. Leland Graves was initiated into the Does before an audience of 14. Acting in pro tem posts were Mrs. Prager, first counselor; Mrs. Clark, senior counselor; and Mrs. Hugh Nixon, outer guard.

Attendance prize went to Mrs. J. M. Morgan.

Garden Council Sets Spring Dates

Tentative dates for spring events were set by the Council of Big Spring Garden Clubs, Wednesday morning at the home of Mrs. W. B. Younger. The group of 11 chose April 28 as the tentative date for the garden pilgrimage, and May 1 for the spring flower show.

The session was the final official meeting for retiring council delegates. They will gather, however, with incoming representatives Feb. 25 at the home of Mrs. Clyde Angel. Officers for the new year will be elected at that time.

All-America Chrysanthemum Winners Revealed To Public

Three new garden chrysanthemums have won the All-America Award for 1959.

Crimson Lady is a colorful mass of richest crimson in the popular cushion type. Girl Friend is blended coral for the decorative type. Flair is the "lively lavender" cactus or star-flowered cushion mum.

Adding the first four mums ever to receive All-America honors, 1958 introductions, gardeners now have a brilliant selection and collection of outstanding new outdoor garden mums.

Last year's winners were Showpiece, the large flowered royal rose colored decorative; Empress, the brilliant yellow pinwheel decorative; Burning Bronze, the vivid autumn colored decorative; and Ruby King, the fiery red cushion mum.

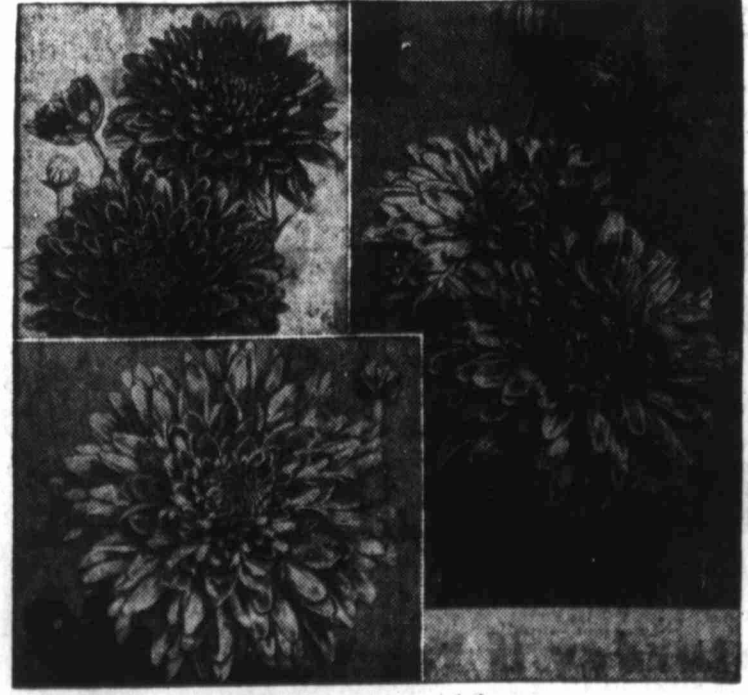

Hardy, frost tolerant, these winners are easy and satisfactory for gardeners to grow wherever they have a sunny location.

Crimson Lady flowers are borne in abundance, always neat and of long lasting substance. The 14- to 16-inch mounded plant is compact and shapely with splendid dark green foliage, attractive in the garden even before the blooms appear to blanket the plant with solid red beauties.

Flair is also classed as a cushion mum. Perfectly formed double flowers are 3 1/2 inches across, and the bush reaches 18 inches in height with some 30 inches spread. The color is a lively lavender. Flair holds its pastel beauty under varied weather conditions.

Flower shape is accountable for much of its overall loveliness. Inner petals have acute tips with blades incurved and concave; outer petals have rounded tips and straight, convex blades.

Girl Friend is the stately dec-

All-America Mums

Joining the family of All-America selections in horticulture are three brilliant chrysanthemums. At left, top, is Crimson Lady, of deepest red, in the cushion type mum; lower left is Flair, a pleasing lavender, also a cushion mum, and at right, Girl Friend. It is a decorative type mum in daisy pink to coral. All are available for planting this year.

WAYLAND, CLARENDON GIRLS CLASH HERE

The celebrated Wayland Baptist College Flying Queens and Buddy Travis' Clarendon JC Comets do basketball battle for the benefit of local observers in the HJCJ Gym at 8 o'clock tonight.

Originally, the Flying Queens were to have played the HJCJ Jayhawk Queens but Coach Arah Phillips of the Big Spring school felt that Clarendon could offer the Plainview girls a better game, so she prevailed upon the Big Spring Quarterback Club to sponsor such a contest.

Admission prices have been set at \$1 for adults and 50 cents for students.

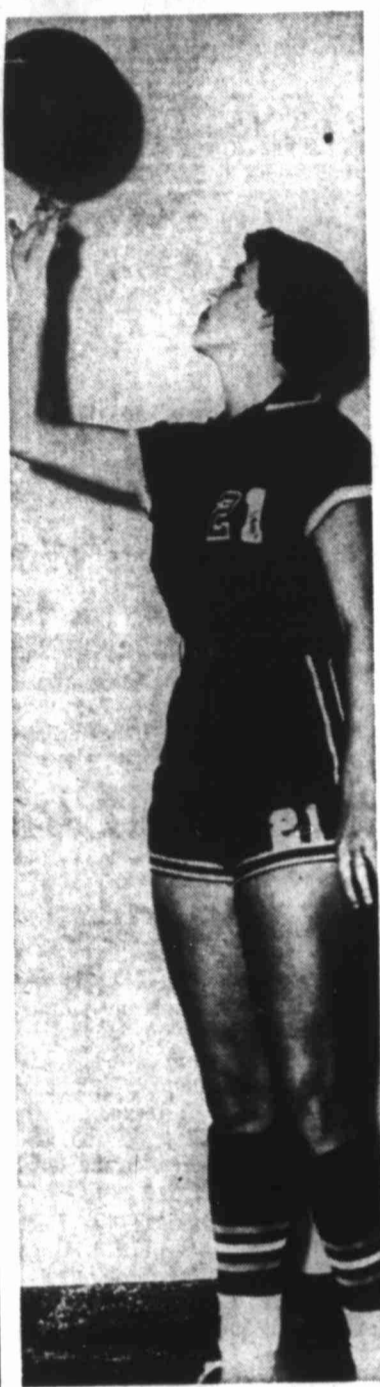

Actually, the show begins at 7:30 p.m., at which time the Wayland club stages its pre-game workout. Those who have seen the act compare it to the show staged by the Harlem Globetrotters. Those who haven't shouldn't miss it.

The Wayland coach is Harley Redin, who expects his team to win the National AAU Women's championship again this year. The Flying Queens were dethroned as champs last season but beaten the two pretenders to the throne twice each this year and appear to be stronger than ever. They have four national championships to their credit already.

The Comets have an unusually capable group of players this season, but because of weddings and withdrawals have been forced to change starting line-ups and player combinations periodically during the eight games played this season, consequently the team is showing much improvement and will not hit its peak until the present starting group gets a few games behind it.

The Comets' record is 1-7 for the present season. However, the seven defeats were at the hands of Wayland, Nashville Business College, and Iowa Wesleyan. These three schools are rated nationally as No. 1, 2, and 3, while the Comets have been ranked in 6th or 7th place in the nation for the past three seasons. Unofficially, on the basis of the winning of games over Iowa Wesleyan and Nashville Business College during the first half of the 1957-'58 season, the Comets were considered the 4th ranked team for a part of the year.

The four girls returning from the '57-'58 Comet roster are starters, and make up the captaincy of the club for this season. They are: Janice Martin, Cleo Springs, Oklahoma, Captain; Virginia Sell-

Stellar Queen

Leading scorer of the Wayland College Flying Queen basketball team, which plays Clarendon JC here tonight, is Patsy Neal (above). Patsy is a 5-9 junior from Elberton, Ga., and has been averaging 11.5 points a start. She won the National Free Throw Championship in 1957 as a freshman and has one of the outstanding set shots in women's basketball.

ers, Myriene Nichols, and Nancy Chaloner.

Myriene, Nichols, a sophomore who enrolled at Clarendon Junior College from Bula High School, a perennial Class B District and Regional winner, is the highest individual scorer, with a seasons game average for the first 3 games against the three highest ranked AAU teams in the nation of better than 15 points per game.

She was also the leading scorer for the Comets in the National Tournament at St. Joseph, Missouri, last March with 17 points per game average.

The Wayland Queens eliminated the Comets at the National tournament last March in a very close contest.

Janice Martin, captain this season, was a starter as a freshman last year and is considered one of the outstanding defensive players for the Comets. She has lots of competitive spirit and speed.

Nancy Chaloner, the "mighty mite," at 5' 6", from Plano, Texas, and Virginia Sellers a steady, consistent outside set shot artist from Hawley, Texas, works with Myriene Nichols at forward positions.

At present the defensive positions are started by Gay Ivey, Pettit, Texas, who played in the National Tournament last season with "Dowells Dolls" of Amarillo. Gay has good size, 5' 10", 145—defensively strong and a great rebounder. Developing rapidly, and will, no doubt, make one of Clarendon's top defensive girls next year as a sophomore.

Melva Kelton, a freshman from Sugarland, 3 years all-district and selected to play in last seasons state all-star game, at present is doing a wonderful job either as post-forward, post-guard or rover. She could be another valuable hold-over for next season with this year of experience under her belt.

The "Comets" last game on Jan. 24, against a strong team from the Women's Air Force at Sheppard Air Force Base, Wichita Falls, who compete with Oklahoma teams and going into the Comet contest were holding a 14-4 record. They showed their power when not playing the top-ranked teams of the nation, by defeating the WAF girls 73 to 35.

Clarendon has played from four to eight games with the Wayland Queens the last five years.

Hood, Brown Pace Women's Circuit

Cosden Independents thumped Alexander, 4-0, Anthony snubbed 7-Up, 4-0. Pinkie's ripped Big Spring Tamale-Torilla, 4-0, and Carlos' whipped Nest 3-1, this week in the Ladies' Classic bowling league.

Cosden was best team around with high game of 852 and top series of 2474. Pinkie's registered a 2275 almost-best series.

Dot Hood of Knop's Cosden spearheaded a 211 of its 38 individual game, finishing with a second-seeded 572 series. Sugar Brown of Schafer's Cosden had a 200 game in her top 577 series.

Splits were converted by: Juanita Campbell, 3-7, for Anthony's; Betty Morris, 4-5-7, Ronnie Bachstadt, 2-7, and Grace Todd, 3-10, all for 7-Up; Marie Irwin, 3-10, for Carlos'; Evelyn Ball, 3-10, Mary Martin, 3-10, and Nadel Stearkey, 4-5, for BBT; Shirley Starnes, 5-6-10, and Angie Merrill, 3-19, for Pinkie's; Mary Ann Taylor, 3-10, for Alexander's; Dot Hood, 5-10, for Knop's Cosden; Beverly Tolly, 2-7, for Plew's Cosden; and Olive Cauble, 3-10, for Dunlap's Cosden.

Standings:

Bass May Quit

LOS ANGELES (AP) — The Los Angeles Rams have heard reports that their No. 1 draft choice, halfback Dick Bass of College of the Pacific, intends to quit school and become eligible for the 1959 National Football League season.

East Texas Lions To Run In ABC Relays March 28

COMMERCE (SC)—Coach Delmer Brown has announced an 18-meet track schedule for East Texas State. The Lions have already completed in the Sugar Bowl meet with the sprint relay team and high hurdler Buddy McKee winning first places and sprinter John West finishing second in the open 100-yard dash.

Six lettermen will form the nucleus of the team this year as Coach Brown picks up the coaching reins again after an absence of three years. Back for another season are James Baird, broad jumper and sprinter from Dallas (Sunset); Clyde Harris, sprinter and broad jumper from Breckenridge; Socrates Bajjackas, half-miler from Dallas (Woodrow Wilson); Bill Drake, quarter-miler from Commerce; Gerald Blansitt, weightman from Trinidad; and McKee, hurdler and high jumper from Beville. Bajjackas is a letterman from 1957, who was out of the school last year.

Knott Basketball Game Set Back

KNOTT —The basketball game between the school trustees here and the faculty, originally scheduled for Saturday night, has been postponed.

The game will be sponsored at some future date by the Knott P.T.A. with proceeds going toward the purchase of books for classroom libraries.

Paul Dietzel Hopeful LSU Will Repeat

WICHITA FALLS (AP) — Paul Dietzel, coach of national champion Louisiana State thinks he has a strong chance of repeating next fall.

In a statement that might hurt his standing in the coaches union, the young totor of the undefeated, untied Tigers, who climaxed a great year with victory in the Sugar Bowl, declared: "We will be deeper, stronger and bigger and we're not planning on losing any games."

The unheated optimism was expressed following a speech he made here last night at a banquet that had the four state champions of Texas schoolboy football as special guests. It was the first time in history for all the champions to be brought together at one time.

Dietzel, who told the 110 schoolboy players that blocking and tackling better than the other fellow and team effort were the main ingredients of a national title, observed that he would have 32 of his 35 lettermen back next season, including All - America Billy Canon.

This, Dietzel indicated, led him to believe he would have a much stronger team, thus his hopes of another national title. He admitted, however, that his schedule would be tougher and he would be possible to take a licking or two even though he had a better team.

Rice, Texas Christian and Baylor of the Southwest Conference, Miami and six Southeastern Conference foes are on the card. Duke and Hardin-Simmons, who were on the schedule last fall, have been dropped.

Dietzel spoke at a banquet that drew 1,020 persons and coaches from a dozen colleges who looked hungrily over the big array of schoolboy grid talent. All Southwest Conference schools except Arkansas were represented along with Air Force Academy, Oklahoma, Oklahoma State, Hardin-Simmons and North Texas State.

The state championship squads were Wichita Falls of Class AAAA, Breckenridge of Class AAA, Stamford of Class AA and White Deer of Class A. All of these teams are expected to be as strong or stronger next fall. They think Wichita Falls will be match-it head, 19 of its 35 lettermen back. White Deer also should be stronger with 22 of 33. Stamford returns 11 lettermen and Breckenridge has 16 of its 27.

The Wichita Falls Boosters Club, which put on the banquet, presented trophies to each championship team and representative Vernon Stewart of Wichita Falls handed each coach a resolution passed by the Legislature.

Jewelers Assume Lead In League

The Housewives Bowling league has a new leader in the standings. Zale's Jewelers blanked Warren's Clinic, 4-0, in play Wednesday at Clover Bowl and moved ahead of Truman Jones Motor by a half point.

Jones flattened Caprock Restaurant, 3-1, but needed a sweep to retain the lead. In the other match, Wasson and Trantham Furniture turned back Tom's Peanut, 4-0.

Wanda Warren of Warren's had the day's high game, 179; and Rena Elsbury of Caprock Restaurant the best series, 476.

Splits were picked up by: Yvonne Hollis, Warren's, 5-6; Frances Hanson, Zale's, 5-4; Joanna Boyd, Jones, 9-10; Jane Johnson, Jones, 3-10; Virginia Pickett, Jones, 7-4-10; Rena Elsbury, 5-10; and Gaye Postier, Caprock, 4-5-9.

Standings:

Team	W	L
Zale's Jewelers	43	26
Truman Jones	43	29
Tom's Peanut	37	37
Warren's Clinic	22	39
Wasson-Trantham	22	40
Caprock Restaurant	28	44

Jones And Team On Way Home

SYDNEY (AP)—Captain Perry Jones made a farewell speech and recited a poem to a small assembly at Overseas Airport today before the United States Davis Cup team departed for home.

"God bless all Australians. You all have been wonderful to us," said the 70-year-old Los Angeles tennis executive.

Then he recited a poem which he had composed and which he had given on other occasions during the Australian visit. The poem dealt with the parting of friends.

The team will stay at Honolulu five days before continuing to Los Angeles.

Members of the American team which wrested the cup from Australia included Alex Olmedo, Barry MacKay, Earl Buchholz, and Chris Crawford. Ham Richardson had left previously.

Tiger Jones Wins Over Giardello

LOUISVILLE, Ky. (AP)—Ralph (Tiger) Jones, the nation's 10th-ranked middleweight, avenged two previous losses with a split decision over Joey Giardello in a 10-round fight Wednesday night.

Giardello, ranked No. 4, out-weighted Jones 152 1/2 to 155 1/2 in the nationally televised (ABC) bout before a crowd of 5,000. Jones lost to Giardello in 1954 and 1957.

Jones battered a cut over Giardello's eye in the fourth round and pounded away at it the rest of the way.

Giardello couldn't keep away from his agile opponent and got a cut over the other eye late in the match.

Torrid Last Half Torpedoes Hawks

BORGER (SC)—Frank Phillips JC of Borger pulled the tail feathers off the Howard County Junior College Jayhawks here Tuesday night, winning a 91-80 decision to put a serious crimp in the Big Spring club's designs on finishing first in the West Zone race.

The defeat left HCJC with a 2-2 won-lost record within the conference. Overall, they are 13-6. The win was Frank Phillips' fourth, against only one league loss.

The teams played evenly through the first ten minutes of the game and the Hawks played their best basketball of the night in pulling into a 25-18 advantage during the next two minutes but the Plainsmen hit a long basket as the half time buzzer sounded and led by three points at that stage.

At the half way point in the second half, the Borger gang led by seven points. The Hawks cut their disadvantage to go but couldn't get any closer.

With 3:48 left, the Plainsmen led by 76-72 and started a stall. In those last four minutes, the home club hit two field goals and 11 of the 12 free shots as the Hawks tried desperately to get the ball.

Jimmy Hines led Frank Phillips in scoring with 24 points while Warren Tipton had 20 and R. Simpson 16.

For HCJC, Ray Clay was the top point producer with 20. No one else hit more than 11 but four of the HC team were in double figures.

Bobby Davis, who wound up with 11 points, led in capturing rebounds with 14.

The Hawks had a 45 per cent shooting average the first half, hitting 16 of 38. They connected with 17 of 48 the last half for 35 per cent and an overall mark of 40 per cent (33 for 86).

Frank Phillips hit a torrid 61 per cent the half and had 45 per cent for the game.

The Hawks experienced a frigid streak in the third quarter, hitting only two baskets of 14 attempts in an eight-minute period.

The Hawks return home Friday to play Lubbock Christian College in another zone game.

LOOKING 'EM OVER
With Tommy Hart

Aramis (Tito) Arenchibia, the side-arming slow-ball hurler from Cuba who decided to make his home here after his playing days were over, is keeping a close eye on the Cuban political upheaval.

Tito had a brother who was an officer on the city police force in Havana. Fidel Castro, chief of the rebels, ordered that all officers of the constabulary be placed under arrest.

However, Tito's family has assured him that all is right with the son and brother, that the arrest was a technicality, that he has never been suspected nor accused of what the Castro forces refer to as "war crimes."

Aramis will understandably feel better, however, when conditions have returned to normal in his native land.

Mike Fornieles, the former Big Spring mound ace, has a lack-luster 7-7 won-lost pitching record with second-place Marianna of the Cuban winter baseball league.

Another ex-Big Spring player, Camillo Pascual, is 8-7 for Cleufuegos of the same circuit.

The Cuban league, by the way, is tough on hitters. There were no 300 batters listed in the latest averages released by the circuit.

Tommy Yates, who passed on to his reward recently, was business manager of the Henderson team in the East Texas circuit when Johnny Stone of Big Spring was playing baseball there.

Yates worked for A. J. Green, president of the old Longhorn league, for one season.

Busso Expected

HOUSTON (AP)—Johnny Busso, who meets lightweight champion Joe Brown in a title fight Feb. 11, is scheduled to arrive here Saturday to start his final training. Brown has been training in a Houston gym and at nearby Camp Holden.

Russian Cagers Hand Yank Team A Country Licking

By BRIAN BELL
SANTIAGO, Chile (AP) — The Soviet Union finally has caught up with the United States in basketball.

For the first time, a Soviet team has beaten the Americans at the game which was originated in the United States.

It happened Wednesday night when the Russians walloped the Americans 62-37 in the game that generally was expected to decide the championship of the World Amateur Basketball Tourney.

The Russians were elated by the victory.

"This victory will live in our memories for a long time," said Alexander Gomeiski, one of the Soviet coaches. "Our defense kept those American snipers No. 12 and 13 (Jerry Vayda and Dick Welsh) from having time to shoot. Therefore they couldn't score as they usually do."

The Air Force All Stars, representing the United States, had been unimpressive in maintaining a perfect record through the preliminary round robin and their first three games of the final round robin championship play.

Wednesday night they looked even worse as they bowed to the tall Russians.

The way the U.S. boys played they couldn't have defeated a good college five or a top flight amateur club team.

New Fina Station Sets 'Open House'

A two-day open house program is scheduled for Eggleston's Fina Service Station, 1401 Gregg St., Friday and Saturday, Bill Eggleston, operator has announced.

Featured in the celebration will be the awarding of valuable door prizes at the close of business Saturday. Included in the prizes will be a boy's or girl's bicycle, an electric blanket and an electric skillet. No purchase is necessary to register for these prizes. Eggleston pointed out. A limited number of free lubrication certificates will also be awarded to early visitors to the station.

In addition, a set of four heat-proof coffee mugs will be given away with each \$2 or more purchase of Fina Supreme or Fina Gasoline.

Fina is the brand name of American Petrofina, the nation's newest integrated oil company. The company began operations about two years ago with a merger with Panhandle Oil Corp., and acquired the American Liberty Oil Co. in 1957. In early 1958 Petrofina purchased the Petro Atlas Corp., and a wholly owned subsidiary, El Dorado Refining Co. Refining facilities are maintained at Wichita Falls, Mount Pleasant, Texas, and at El Dorado, Kan. The company operates more than 1,600 marketing outlets in a 13-

state Mid-Continent and Southwest area.

This is Petrofina's initial entry into marketing in Big Spring. The new station is of the type the company is now constructing throughout its marketing area, and makes liberal use of aluminum and glass, with high canopies, and wide driveways. More than 70 of these stations were constructed in the Southwest in 1958, principally in Texas and Oklahoma. The company's 1959 station construction program will be more extensive than that of last year.

Eggleston has resided in Big Spring for the past 34 years. He is married and resides at 400 Hillside Drive. The Egglestons are members of the Baptist Church, and have three children. Eggleston served with the United States Army in World War II, and participated in four major battles in the European Theatre of Operations.

Associated with Eggleston in the new station is Sovoy Kay, a well-

Stolen Pistols Are Found In Mexico

Two more guns taken in the Fox Pawn Shop burglary in December have been recovered—in Mexico.

City Detective Leo Hull said that the city had been notified that two of the pistols taken in the burglary have been recovered. They were picked up by Customs officers at Vallecillo, Mexico, a town about 65 miles south of Laredo.

Recovery of these two leaves only four to be recovered. Ten were taken in the burglary on Dec. 23.

Dog Returned

Achtung, the missing "Air Force" dog, has been returned safely to the Capt. L. R. Simpson household at 618 Tulane. He was found huddled under a culvert Tuesday afternoon near the Goliad school, apparently not seriously worse for his three-day AWOL experience. The 18-year-old dog had become an Air Force favorite while Capt. Simpson was stationed in Germany.

Civil Rights Bill

WASHINGTON (AP)—Sen. Paul H. Douglas (D-Ill) and 14 other senators joined today to introduce a sweeping civil rights bill aimed at insuring racially integrated schooling.

Bid For Unity

WASHINGTON (AP)—President Eisenhower bid for party unity in Congress at a White House breakfast today with key Republican senators.

Variety Of Items Reported Stolen

A variety of items have been reported stolen during the past two days.

Wednesday, Glenn Sharp, 501 E. 12th, told the police that a 5/8-inch skilaw blade had been taken from 3209 Drexel. A set of fender skirts has been stolen from Robert Cathcart, 701 W. 18th.

A six-volt battery and a tire were reported taken from Big Spring Tractor, 1101 Lamesa, and this morning, Oran Fitts reported that produce had been stolen from both Newsom groceries here. Fitts, who works for the Webb Davis Co. reported he placed the produce at the stores about 6 a.m. and it was taken after then.

Honor Graduate

Second Lt. Richard C. Swainston, honored as the outstanding graduate with Pilot Class 59-E, and the Rev. W. D. Boyd, graduation speaker, admire the engraved silver cup Swainston received. Lts. Herschel O. Wells and Albert C. Roberts also were recognized as distinguished graduates.

Strong Moral Fiber Vital, Pilots Told

The importance of strong moral fiber in resisting the enemy of democracy was emphasized vividly to Class 59-E at its graduation last night by Rev. William D. Boyd of St. Mary's Episcopal Church.

Pointing out that communism is a very real enemy in a military sense, he discussed the tool which this "insidious enemy" employs to destroy minds, weaken wills, disrupt families, and undermine resistance: "Thought Control."

Discussing the actions of some Americans when confronted with communist warfare, with its mental and physical assaults, he said, "Never before had American men defected and collaborated, taken it easy, lost their will to resist and said they did not know what they were fighting for, as some men did during the Korean action."

These men were not uneducated and not stupid, the Rev. Boyd said; rather it was that their sense of values had been destroyed by thought control.

Some analysts, he pointed out, blamed the moral collapse of this small but spotlighted minority upon the Communists' "brainwashing," but, he said, if we go back to the childhood of these defectors, we see that their loss of a sense of values began much earlier. Most of us have never known want, hunger, or cold, the speaker contended, and so feel extra temptation to give in when facing brutally harsh treatment at the hands of Communist captors.

Discussing the diametric opposition of Christianity to communism, he cited as a key factor the Christian emphasis upon the dignity and worth of the individual. But for that emphasis, he said the peace loving peoples of the world live in constant and hopeless terror without protection from Communism, Nazism, or any other such evil ideology.

"As you go forward in your Air Force careers mindful of your duties in defending, with your sister services, America, keep in mind a high code of morals; then there will be no cause to worry about the fate of the world. But if we lessen the intensity of our individual moral fiber, we will find that as we

'Road Block' Set In Lamesa

LAMESA—The Vernon W. Bryant Chapter, Order of DeMolay will stage its annual "Roadblock," a project for the March of Dimes, in Lamesa Saturday.

Three roadblocks are to be set up in the business district of the city by the DeMolays, and contributions will be asked of motorists passing from 7 a.m. to 5 p.m. The boys will be assisted in the project by members of the Lamesa Shrine Club.

A goal of \$1,500 has been set. The road block program last year brought over \$1,400 to the March of Dimes drive, final reports showed.

Chairmen for the Road Block are W. W. Neeley and Jim Westbrook. After motorists have been stopped and have made donations, they will be given stickers for their windshields so they will not be stopped a second time.

In other March of Dimes activities of the weekend, clubwomen of the city will stage their Mothers March Friday night, and the Lamesa Shrine Club will stage a benefit dance at Lamesa Country Club Saturday night.

Cable Gear, Pipe Taken From Lease

Sheriff's deputies have been asked to investigate the theft of one to two tons of cable "coming-along" gear and 20 joints of 2-inch pipe taken from the Fair-Woodland Lease southeast of Coahoma.

The theft occurred sometime in the last two weeks, the sheriff's office was advised. It was discovered and reported on Wednesday afternoon.

Crucial Day For 'Y' Member Drive

Today is the crucial day for the YMCA membership campaign. A booming report session Wednesday put the general division within striking distance. Dan Krause, membership chairman, was confident that workers would enlist another 90 members by evening.

"Our victory dinner is scheduled for 6 p.m. in the Fellowship Hall of the First Methodist Church," he said, "and we sure want it to celebrate a victory—not a near victory."

Workers rallied Wednesday to report 185 members for \$1,730. This brought the total to \$5,105 for 510 members in this division. Bill Quimby's division (C) went over the top on its quota. Four out of his five team captains broke their team quotas.

Bob McEwen continues to top the workers with 25 members enlisted. In second place is Al Milch with 16, followed by George McAlister with 15 and Dr. H. F. Schwarzenbach with 13.

Quota "bustin'" teams are Bob

Defendant Accused

Reina Cespedes points to former Batista army officer Capt. Pedro Morejon in the war crimes trial at Havana, as she says he led the patrol that killed her brother in Cuba's Oriente province during the recent rebellion. Morejon, condemned to death by the military tribunal, defends himself from the charge. Visible above Miss Cespedes' hand, wearing spectacles, is Major Humberto Sorl Marin, head of the tribunal.

WRITER'S ANALYSIS

Johnson's Path Is Leading Inevitably To Presidency

By HOLMES ALEXANDER
WASHINGTON, D. C.—Sen. Lyndon Johnson and the American Presidency are riding a collision course. They are being vectored along their crossing paths by the oldest guidance system in human history—the law of inevitability.

This verging pattern is the top story of the month-old 86th Congress. Nothing that has happened since New Year's—not the Cuban "rebellion," the Mikoyan visit, the President's messages—outranks Johnson's doings in newsworthiness. If a reporter could know what the droll, slouching, now-talkative, now-taciturn Texan was thinking, he could file a story and go happily to bed—knowing that come the dawn Johnson's thoughts would be Johnson's actions and before long would be Acts of Congress.

Is it a fair question to ask—which is the guided missile, the senator or the presidency? Is the seeking system buried in the nose cone of the majority leader, or is it incorporated in the Chief Magistracy of this republic? My own opinion, based on affection and admiration for the man and on other reliable sources, is that Johnson has a life-time job as Democratic leader and that he would rather keep it than trade it.

LAW OF INEVITABILITY
Like all newsmen, I have chortled with cynicism over the "reluctance" of White House candidates, and Johnson is, after all, only a man and a politician. But I have a feeling here that Johnson's own inclinations, whatever they may be and however they change, are outranked and overruled by this law of inevitability. Something in the man, in the time, in the political conditions, in the yearning of the presidential office for strength and—perhaps, most of all—in the opposition is moving Lyndon Johnson down the avenue.

What is the opposition? Well, Johnson is "the most deserving Democrat," says Time Magazine. But the Democrats are "less likely than ever to nominate anybody from below the Mason Dixon Line." Johnson is a man of "mastery," according to the New York Times, but how can he be nominated when he has "not only defeated and out-manuevered but humiliated the very liberal forces that are likely to command the decisive voice in picking a Democratic presidential candidate in 1960 . . . ?" Johnson is "a genuinely extraordinary man," says the Saturday Evening Post. "But a Northern liberal-labor veto of a Johnson candidacy (is) almost automatic."

INDEPENDENT
In all, we have here the proposition that the best man in the country is being denied to the country by the Laborite Left. Yes, but what if we regard this Leftist dislike of Johnson as a guidance factor which has been built into his candidacy? My own theory is that the American people find something irresistibly attractive in Johnson's fearlessness of the Laborite opposition. Johnson is not opposed by labor because he is reactionary or rightwing, but because he is independent. He is not opposed by the North for being a Southerner, since, in fact, he is a Westerner in residence, in mind, in action. And, finally, Johnson is not opposed because he stands in anybody's way. In truth, he is probably the most helpful man in politics, without whom half a dozen young Democratic senators would not be the glamour boys that they are.

These are magnetic qualities which go to make up a political guidance system. But there is another, possibly stronger, although virtually unknown. At each Congressional recess, Johnson is sauced with invitations to go abroad, and fraternize with the great and near-great of other nations. Last autumn, at the urgent

personal request of Ambassador Robert Hill, Johnson went to Mexico City to do some smoothing of Latin-American affairs. A couple of years ago, for another special reason, he flew to a NATO meeting in Paris.

TALKS AND LISTENS
But I have checked his itinerary of 50-some speeches last summer, and it reads like a Texas time-table: Beaumont, Big Spring, Victoria, Odessa, Los Fresnos, Port Mansfield, Georgetown, Port Lavaca, Fredericksburg, Marshall, San Benito, San Angelo, Dallas, Houston, El Paso, Austin, and so on. What does he do there? He talks, also he listens—to ranchers, auto salesmen, union organizers, reporters, bankers, clerks, merchants and clergymen.

"And a couple of years later," says a Johnson associate "something that some old geezer has told Lyndon will come up in a Johnson speech or a Johnson piece of legislation."

Here, I think, is the major aspect of the inevitability law which is bringing Johnson together with the nation's highest office. Although totally devoid of demagoguery, he has a contact and a kinship with the popular mind. Since genius is seldom related to logic, Johnson does the most unexpected things which the popularity-seekers have somehow overlooked. Who else would have thought of a right-to-vote bill? Or of establishing a federal agency on space. Or of a civil rights bill with a conciliation service in it?

So ask again: Is Johnson seeking the presidency, or is the highest office of the land seeking just the man that Johnson is? My answer is that inevitability is a mutual, two-way tug which neither the man, the office nor the opposition can resist or deny.

Beach House Blocking Road Controversy In Beach Area

AUSTIN (AP) — Doug Prince, sometimes called the Hamburger King of Houston, was due here today for another chat with the attorney general about Prince's beach house, a center of controversy in the Freeport area.

"He said he wanted to come down here and tell us his side of the story," said Asst. Atty. Gen. Jim Rogers.

Last Friday, Rogers made a personal investigation of reports that Prince's beach house on Surr-side Beach, an island off the coast from Freeport, was blocking passage to popular fishing and hunting grounds at San Luis Pass.

"We have made no decision in

the case," Rogers said. "The exact position of Prince's house is being surveyed and the work isn't complete. If it should turn out that Prince's house was built in the wrong place then we will have to do something."

Rogers said the Attorney General's Department probably would not make a definite decision until the State Supreme Court finally decides the exact point at which private property ends and public property begins on Gulf Coast beaches.

Prince says that since he built the spacious beach house the beach has eroded until the sea water is up to the sheet iron piling that surrounds the beach side of his property.

For some time cars used a private road to the rear of Prince's house to get to San Luis Pass.

STREET SCENE IN DOWNTOWN FAIRBANKS
"... you feel warm when it gets up to zero."

Alaska Like Texas, Full Of Opportunity

(This and succeeding stories on America's 49th state were written by Warren Burkett, the Abilene Reporter-News. Burkett flew to Alaska on a plane of the Strategic Air Command unit stationed at Dyess AFB, Abilene—Ed.)

By WARREN BURKETT
Reporter-News Staff Writer

FAIRBANKS, Alaska—Alaska is terrific. It's like Texas must have been 50 years ago, full of opportunity for a man or woman who wants to work hard.

But as an atomic-age wilderness, it's full of contradictions. You fly up here as a matter of course; your telephone conversations travel over the world's most modern combination of microwave, landline and tropospheric scatter system.

In Fairbanks it gets so cold that you feel warm as a spring bud when things warm up to zero degrees from minus 40 degrees. Yet living can be comfortable when you dress with several layers of clothes, including plenty of warm socks and a parka. It's dry and there's little wind to rattle the birch trees.

Because the cold can kill you, you find stealing another man's parka is about the same as stealing a man's horse used to be in Texas.

Alaska has superceded Texas as the nation's biggest state, but the first group to use the State of Alaska as an outpost to defend the United States is composed of two SAC bomb wings from Texas, the 96th at Eilson AFB near Fairbanks and the 341st at Elmendorf AFB, near Anchorage.

Where you can travel, the traveling is good because the few roads are almost always open. But it's easier to drive the Alcan Highway when it's covered with snow and ice. Drivers say this smooths out the bumps. Temperatures here call for some special car care, and the "Old Hitching Post" is a common sight here.

But the car owner each night hitches his car not with a rope or bridle, but with an electric light cord, attached to a head-bolt heater or a water pump heater. This keeps his motor warm enough to start every morning. Others, particularly Volkswagen owners, put a couple of infra-red heat lamps under the oil pan every night.

Skiers, women of the local Home Demonstration mitten knitting association and sled dog racers post notices in their meeting announcements that they will not meet unless the temperature at the local airport is above minus-20.

Alaska has been a state almost three weeks, but it's still mostly a state of mind. The same bureaucrats who ran the territory for the most part are still running the state. Tragically, illness has prevented Alaskans from inaugurating their first governor, and Gov. William Egan is now given only a 50-50 chance to live. Like others who require specialized treatment in major hospitals, Gov. Egan was flown "Outside" to Seattle, Wash., for hospitalization.

To prove once again that crowded living conditions and urbanization of former farm areas is not solely responsible for juvenile delinquency Alaskans are worried about more than 190 problem youths in the Anchorage area. One of the first proposals, recommended by the grand jury, is for the new state legislature to build a \$200,000 training and correction home near Anchorage. Older, wiser Texas can tell Alaskans that if they can buy a juvenile home for only \$200,000—they should buy two; it's a bargain.

Among other worries, the new state has some unique ones. Like the Chamber of Commerce at remote Kotzebue wonders what an atomic explosion will do to Eskimo fishing grounds. The atomic explosion, called "Project Char-

lot," is proposed to blast a harbor on the west coast.

From all accounts, the hunting and fishing is as great as it is reported. Driving along either the Alcan or Richardson Highways outside the major towns—any collection of 100 people or more is a major town—you can goose a moose any mile if you happen to be there at the right time. The massive 1,700 pound and bigger critters roam all over the country, back of housing areas and in numerous birch forests.

Up near the Arctic circle, hot springs spout while nearby areas record temperatures of minus-60. The country is ripe and rich with minerals, but the cost of mining and transportation usually doesn't merit the mining for shipping to "The Other 48," and Alaska's own 210,000 people in 506,000 square miles doesn't provide too good a home market.

Alaskans are a pretty uninhibited bunch, and the trappers, construction folk, military men from and engineers on remote radar isolated bases, civilian technicians stations and others are something akin to the Texas trail drivers when they hit Dodge City.

Alaskans have one of the highest per capita consumptions of hard liquor, possibly because in

weather such as this for eight months some type of antifreeze is indicated. Significantly, the state flag symbol is made of the stars of the "Big Dipper." "Girls" and "Hostesses" scream billboards outside small bars in the towns and way-station hotels. Sometimes the billboard is bigger than the club. The entertainers are mostly strippers, including the over-age and the underage; some of the girls, reportedly from under-terminated towns "Outside," appear too young to be wearing the clothes they're taking off.

But in both Anchorage and Fairbanks there are clubs which import honest and capable floor shows, musicians, singers and dancers from the states. And their price for dinner and entertainment is not greatly different from a similar restaurant in Los Angeles.

Surprisingly, after pounding many miles by air, foot and car into towns and villages, drug stores, restaurants, schools, colleges, offices and business houses, I saw no really beautiful women. None of the Alaskan belles encountered could compare with the female types you can see in almost any office or shop in Abilene. The coeds in the Student Union at the University of Alaska could not compare in looks with their counterparts at Abilene Christian College, Hardin-Simmons University or McMurry College.

Perhaps they hibernate in the winter or go South; certainly the long months of winter and darkness pales the faces of the Alaskan sourdoughs, both male and female. The cold seems to give a slightly drawn or ripped look to almost all of the residents.

Now undoubtedly Alaskans will take some exceptions to this, since they also enter a Miss Alaska in the Miss Universe and Miss America parades. Admittedly the survey was made strictly in an eyeball fashion, and if the outraged Alaskans would like further research, let me refer them to some of the Abilene ski (pronounced "she") enthusiasts, who are mainly bachelors and who would enjoy the outdoor sports life here in winter.

U.S. Mass Producing Missile That Can Be Fired In Volleys

SANTA MONICA, Calif. (AP)—America is mass-producing one of its most reliable missiles in a form so simple that crews can fire them in volleys on 15-minute notice, even from mobile bases. The missile is the 1,500-mile Thor, a combat-ready weapon that also is a workhorse in space research. It can carry a nuclear warhead known as the "County-buster" and is stockpiled at bases in this country and abroad.

But because of its limited range, the future of the Thor is uncertain. The first press tour of Thor production and testing facilities here and in Sacramento, Calif. Newsmen Wednesday saw parts of more than a dozen Thors on

an assembly line at the Douglas Aircraft plant here and 17 finished missiles in a storage area.

At Sacramento they saw a demonstration that a hangared Thor can be made ready to launch by quickly trained crews 15 minutes after the order to fire.

At the factory, officials showed how the Thor and its launching equipment can be packaged for airlift to any part of the world. At the Sacramento site, they demonstrated how a squadron of Thors can be hauled from a landing strip to a hastily rigged launch site.

No permanent concrete emplacements are necessary—only a metal ring on the ground for the

missile's tail to rest on while it is being fueled. The missile and its erecting mechanism, its control rooms, and electrical generators are all on wheels.

A Thor squadron has 15 missiles, all ready to be fired at once, at the same target or at 15 different targets. In the field, each missile requires only four men to fuel and fire it.

Fifteen successes and 12 partial successes out of 31 firings attest the Thor's reliability.

The missile is ready for use now, Air Force Brig. Gen. Donald Coupland told newsmen, but that doesn't mean it's operational. There are two other factors. First, enough crews must be

trained to use them. American and British crews are undergoing training now at Vandenberg Air Force Base, Calif.

Second, they must have a target within reach of Thor bases in the United States. Thor bases in Britain have not been announced as operational.

Lucky For Us
MEMPHIS, Tenn. (AP) — Sign on a movie theater marquee here: Adam and Eve. Going steady.

Firemen Answers Duty Call Twice

GLOUCESTER, N.J. (AP) — Volunteer Fireman Sam Hill answered the call of civic duty twice Wednesday.

He paid the taxes on his two-story frame house. As he left City Hall, the fire whistle sounded. He hopped aboard, an engine and went to the blaze.

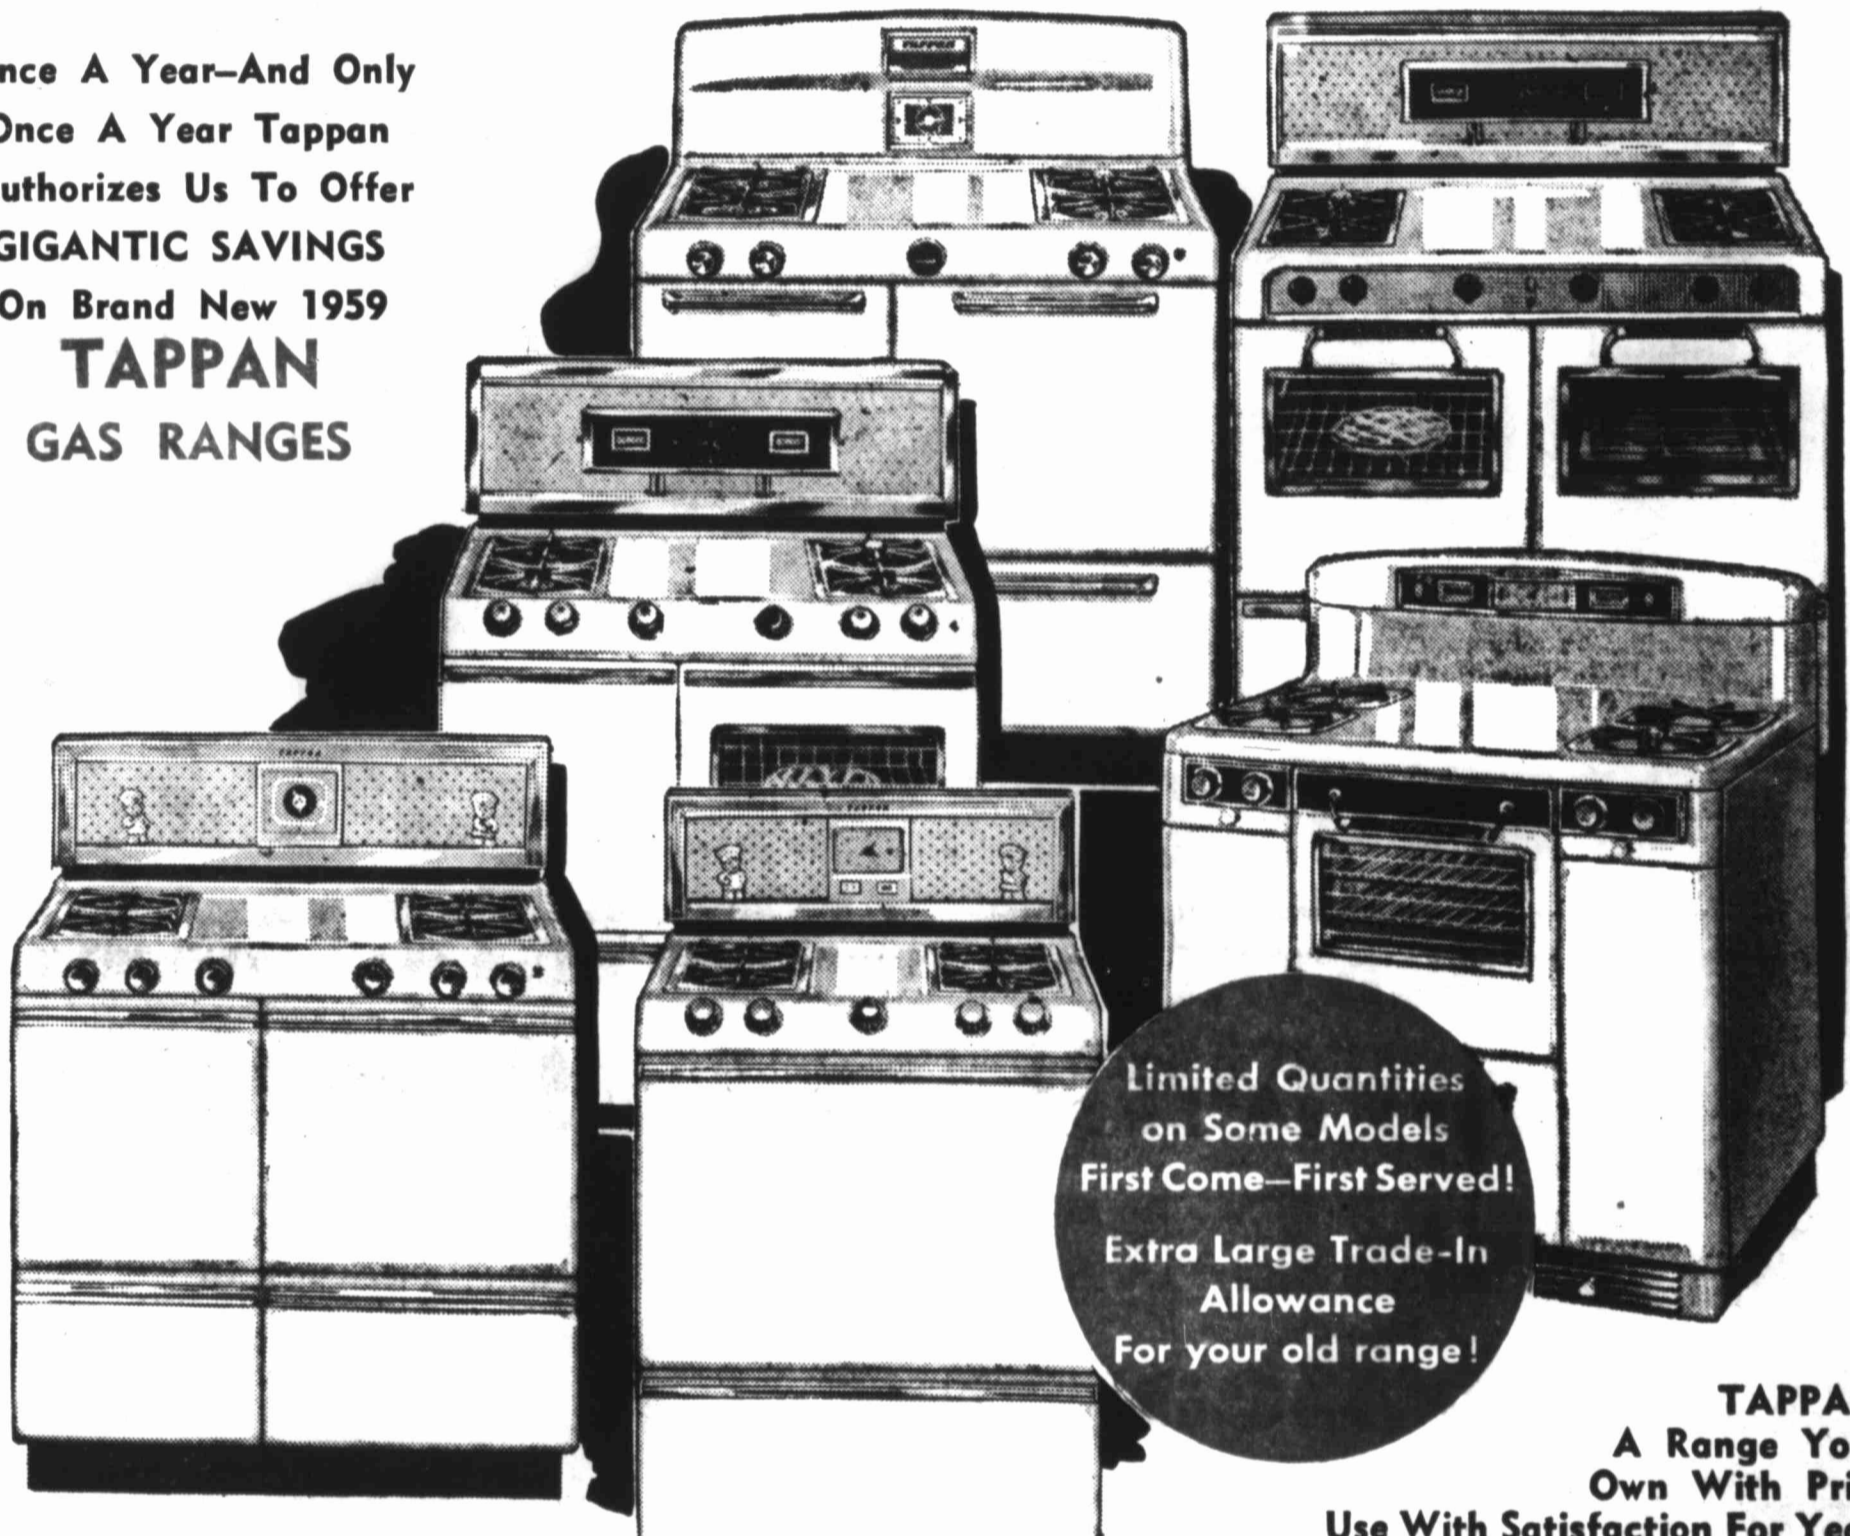

Yes, it was his home. Luckily only a second floor bedroom was damaged. His wife and children got out without injury.

Red-Faced Nurse

LEXINGTON, Ky. (AP) — The nurse gave the man a thorough tongue-lashing when she found him sitting fully dressed in the bed.

Indignantly she told him he was supposed to stay in bed. The man waited until she was through, then explained his twin brother was still in bed.

In Appreciation

When she is not at the First Baptist Church, Mrs. Theo Andrews spends many hours reading and following her favorite television programs. A devoted worker in the church since 1935, she was honored last Sunday by the congregation who observed Emily Andrews Day. Some of the sentiments were expressed with flowers, a few of which are shown with her at her home.

Many A Church Supper Has Profited From Mrs. Andrews' Dishes

Many is the church luncheon or supper to which Mrs. Theo Andrews, 505 Lancaster, has carried a covered dish. Pies were her specialty, and her instructions for Orange Nut Pie, printed here, have landed in more local recipe collections than she could probably remember.

Cooking is not quite the pleasure it used to be for her, however. The difference lies in preparing meals for herself instead of for her family, and eating is not nearly so much fun when one is alone.

But she hasn't lost her knack for cooking, and she has been gracious about sharing her recipes. One of the liveliest of all the "markets" for them has been, of course, the First Baptist Church.

The First Baptist Church might be called Mrs. Andrews' "home away from home." One of the stalwarts of the church, she has meant so much to the congregation that last Sunday was observed there as Emily Andrews Day. Words of tribute told of her consecrated leadership ever since she and her family moved to Big Spring in 1935, when she became Sunday school teacher of 18 to 25-year-old women. The class was subsequently named in her honor.

Until not long ago she was superintendent of the Adult IV department; she has long been chairman of the Mary Willis Circle. She has been an inspirational influence in many lives. Reading and television are steady "companions" for Mrs. Andrews, who was widowed a few years ago. Arthritis has curtailed her activities, somewhat, but has affected neither her spirit nor her outlook.

Mrs. Andrews looks forward to occasional visits from her daughters, Mrs. E. B. Daniel Jr. of Pecos and Mrs. J. A. Casey of El Paso. There are three grandchildren and four great-grandchildren. A sister, Mrs. I. H. Moody, came from Abilene with friends to be present for the Sunday observance. Another sister, Mrs. A. L. Draper of Hebronville, was unable to come. Also absent was the one brother, Gene Holman of New York, whose duties as chairman of the board of Standard Oil of New Jersey kept him from being here.

Here's that Orange Nut Pie, plus some other specialties which have become associated with Mrs. Andrews and her cookery for many years.

ORANGE NUT PIE

1 cup sugar
 2 tps. flour
 Grated peel of 1 orange
 4 eggs
 1 cup orange juice
 1 tsp. butter
 Sitr together the sugar and flour, add the 4 egg yolks and orange juice and place over low heat. Cook slowly until thick. Remove from heat and add 1 cup of chopped pecans, the butter and the grated orange peel.
 When cool, pour into pastry shell and top with meringue made of the four egg whites and 8 tablespoons sugar. Brown in oven.
PINEAPPLE RELISH SALAD
 1 pkg lime-flavored gelatin

1 cup crushed pineapple, drained
 1 cup pecans
 1 pkg cottage cheese, drained
 1/4 pt. cream, whipped
 Dissolve the gelatin in 1 cup boiling water; let cool until it begins to thicken. Have the other items chilled and add to the gelatin. Turn into molds.

BLACK CHERRY SALAD

1 No. 2 can pitted black cherries
 1 No. 2 can pineapple chunks
 1 pkg. cherry-flavored gelatin
 Drain juice of the fruit and add enough water to make 3 cups liquid. Heat the liquid and dissolve the gelatin in it, adding one bottle of Coca Cola. When the mixture begins to congeal, stir in the fruit.

24 HOUR SALAD

1 large can pineapple, cut in pieces
 1/2 lb. marshmallows, cut up
 1 cup nuts
 1/4 cup cream
 Juice of 1 lemon
 4 egg yolks
 1 tsp. sugar
 Cook the cream, lemon juice, yolks and sugar until thick; cool. Pour over the mixture of pineapple, marshmallows and nuts.

HAM LOAF

1/2 lb. cured or smoked ham
 1 lb. fresh pork, ground together with ham
 1/2 cup cracker crumbs
 1/2 cup sweet milk
 1 egg
 1 tsp. pepper
 Mix all together and put in a loaf pan. Bake 1 1/2 hours in moderate oven. Serve with horseradish. Serves six.

BOSTON BAKED BEANS

2 cups navy beans
 1 onion

1/4 lb. salt pork
 Salt to taste
 1/4 tsp. dry mustard
 2 tps. dark molasses
 2 tps. catsup

Soak beans overnight in cold water. Simmer till skin begins to burst, about 40 minutes. Bury salt pork in beans.
 Mix salt, mustard, molasses and catsup in a cup, fill with hot water; stir till well mixed, then pour over beans. Bake in a slow oven 4 to 6 hours. Add more water when needed. Remove cover last half hour, raise pork to top and brown.

Note: These can be cooked in three hours but will be better when cooked longer.

SPICE VOCABULARY

CURRY POWDER, a blend, boasts a distinctive, exotic flavor, with heat depending on the blend. Color, predominantly a rich gold, varies depending upon ingredients.
Curry powder is compatible with eggs, deviled or otherwise; shrimp, fish, poultry, chicken hash, meat; vegetables, rice, scalloped tomatoes, creamed vegetables; cottage and cheddar cheeses; French dressing, mayonnaise, white sauce; clam and fish chowders, tomato soup, cream of mushroom soup; salted nuts, sweet pickles.

There's More To Avocados Than 'Meets The Eye'

What attractive price tags avocados are wearing! They are selling at prices about as low as they ever get in this area.
 Avocados are on the market all the year, but the peak season usually runs from February to June. Shipments are especially heavy now from California, according to the Agricultural Marketing Service. The leading California varieties are the pear-shaped, medium-sized Fuerte and the round Nabal.

Color is no test for maturity when it comes to avocados for eating. The fruit is green or purple. The fruit is ready to eat when it yields to gentle pressure with the palms.

There are three stages of maturity for avocados — firm, breaking and ready-to-eat. Fruit usually can be brought from the firm to the breaking stage by exposure to normal room temperature for four or five days. Breaking fruit can be brought to the ready-to-eat stage by 24 to 48 hours' exposure to room temperature.

In selecting avocados, avoid fruit with black areas, the result of bruises and mishandling. To be sure of its quality, buy firm fruit several days before using it and ripen at room temperature. Do not sprinkle avocados while they are ripening. The skin is easily removed when the avocado is soft and ready to eat.

The best avocado contains an unusually high amount of fruit oil considered more than 90 per cent digestible.

TRY THIS TONIGHT

CHILI CUPS
 In a muffin pan, bake pie-crust cups to a crusty brown. Spoon in piping hot Ireland's Lean Beef Chili and top with grated cheese. Mmmmm Good!

Chicken Is Best Subtly Seasoned

For those of you who like the fresh flavor of foods that are not overpowered by seasonings, here's your main dish! And who doesn't enjoy chicken?

SKILLET CHICKEN

Ingredients:
 1 broiler-fryer (about 2 1/2 lbs. ready-to-cook weight)
 1/4 cup flour
 1 1/4 tps. salt
 1/4 tsp. pepper
 1/4 tsp. garlic salt
 1/4 tsp. paprika
 2 tps. olive oil
 2 tps. peanut oil
 8 scallions (green onions) cut in 1-inch lengths
 3 medium-sized tomatoes (each cut into quarters)
Extra salt:
 1/2 tsp. sugar
 2 large green peppers (seeded and each cut into 8 strips)

Method:
 Have chicken cut into 10 pieces; reserve giblets for stock from another dish. Wash and dry chicken. Mix flour, salt, pepper, garlic salt and paprika in a paper bag; add chicken; close bag tightly and shake chicken in flour mixture until well coated. Heat oils in 12-inch skillet; add chicken and brown on both sides over moderate heat.
 Sprinkle tomatoes generously with extra salt and the sugar; add to skillet with green peppers. Cover tightly and simmer until chicken is cooked through — 15 to 20 minutes. Makes 4 servings.

Umbrella Mint Holders Are Clever

Part of the fun in entertaining is dreaming up the decorations and, if you are the least bit talented, making the favors. Next time you plan a shower—wedding, stork or what-have-you—remember these directions for making nut and mint holders.

Take a small size lacy paper doily and dip it in melted paraffin wax. As it cools, work swiftly and ease it in the shape of an umbrella top. Attach a pipe cleaner for a handle, bending it in the proper shape and attaching it with melted wax.

These holders can be made in any color by adding wax crayon to the wax and melting them together.

The umbrellas are especially attractive when imaginatively placed, for instance, hanging to the side of a glass of punch.

Do Resolve To Increase Your Cooking Pleasure This Year

You may already have broken some of your New Year's resolutions, but the Texas Beef Council feels that it isn't too late to make an easier-to-keep promise for 1959.

Resolve to serve more interesting meals during this year. Resolve to try new products and new recipes. Resolve to read your cookbook with an open mind — or to serve more attractive dishes — or to entertain more than you did last year.

Entertaining does not necessarily mean a large dinner party for your husband's employer. Having the child's "best friend" over to spend the night, with the privilege of staying up a little later than usual, is a party. Make a funny face of biscuit dough for the top of a beef pie, or frame the plate with carrot curls. These little extra touches take only a few minutes, the pleasure you can give your child is a big reward.

Invite your next door neighbors over for a "supper" of spaghetti and meat balls served with garlic-buttered French bread, strips of dill pickle and a tossed salad. The fun of having company is not in the elegance of the menu, but in

the satisfaction of good food shared with friends.

American manufacturers have spent millions of dollars to find new ways to process basic foods; they have literally searched the world for recipes new to American tables, and have developed hundreds of new products. In many grocery stores it is now possible to buy a plastic bag of quick-frozen meat balls, and packages of steaks, cutlets and hamburger patties.

Tremendous progress has been made in perfecting quick-freezing techniques to retain the flavor, texture and food value of the beef, and these products can be stored for weeks in your food freezer or in the freezing compartment of your refrigerator. Many of these products are less expensive than

they seem — there is no waste, and the servings are identical.

Rediscover some of the old favorites you may have been neglecting. Spread a flank steak with butter, salt and freshly-ground pepper and broil it slowly for about 20 minutes. Slice it paper-thin and pour the juices from the broiler over it just before serving with French-fried onion rings or baked potatoes. Serve a stuffed beef heart as a delicious surprise for your family.

Try a foreign recipe occasionally, and learn to use spices. Recipes developed for commercial chefs usually contain the phrase "taste and correct." When you're experimenting with curry, or saffron, or any spice with which you're unfamiliar, use a pinch of spice — and then "taste and correct."

January-May Is The Peak Orange Season

January marks the beginning of the peak season for fresh oranges. You can buy oranges any day of the year, but they are most

abundant from January through May.

Supplies of oranges are expected to run about 5 per cent larger than last year and 12 per cent larger than average. The crop is estimated at more than 67 million boxes by the Agricultural Marketing Service. This includes the early, midseason and Navel varieties.

Although more than 200 varieties of oranges are grown in the United States, Valencia and Washington Navels make up the largest share.

The Valencia is a round or slightly oval fruit, size medium to large, color deep golden-orange, skin smooth or slightly pebbled and seeds two to six. It's juicy, solid, heavy and a good shipper.

The Washington Navel orange is round to ellipsoid fruit, tapering at the apex, color orange to deep orange, skin smooth and thick with the distinguishing navel formation at the blossom end, looking like a miniature orange within a large one. It's juicy, seedless, easy to peel and section.

A missionary sent the first Navel oranges to the U. S. Department of Agriculture in Washington whence came the trees that started the California orange industry. That is the reason the first California grower called them "Washington Navels."

Youth's Prize Pigs Poisoned

Last week two prize Chester White pigs owned by Jack Wilson, son of M. Sgt. Jack B. Wilson, NCOIC of the Wing Accounting

and Finance Section, were poisoned in their pen near the Big Spring Stock Yard.

Jack had raised these pigs to enter in a stock show. Both of the animals were grown and ready for showing.

Jack's father would like to find out who poisoned the pigs and is offering a \$100 reward to anyone who can give him evidence sufficient to prosecute the culprits.

Sgt. Wilson may be reached at Wing Finance, Ext. 433, or at home, 1710 Main, phone AM 4-6164.

Ector Still Has Money Problems

ODESSA (AP) — Ector County was organized 68 years ago, and then, as now, the problem was money, as it is for many counties.

Commissioners court minutes in the cultured long script of the time show that the county started business in 1891 by issuing slightly more than \$1,000 in IOUs to get started.

Today, the county is entering a new year with about half a million dollars of this year's funds already spent.

A special election on Jan. 6, 1891 organized the county. But it took some time for the infant to get on its governmental feet.

To begin with, voters only elect-

ed one commissioner—James Bolton of Precinct 1—in the special election, although four were needed. County Judge C. W. Rathbun appointed three others within the next four days.

They started the deficit spending by buying "records—stationary and blanks" from Clark and Courts. No taxes had been levied, so no money was available. So commissioners ordered the \$1,060 payment "to be made in country warrants payable as soon as that amount is in the county treasury."

Commissioners set Feb. 9 as the date to levy taxes. But none of commissioners showed up that day. The judge ordered Sheriff E. F. Dawson to summon the commissioners for Feb. 16.

All were present that day and still no taxes were levied. The minutes do not explain the delay. Finally on Feb. 23, the commissioners levied taxes and set salaries. The growing cost of government is shown by the pay then and now.

The county judge's salary now is \$8,500 a year plus \$75 a month additional. It then was set at \$400 a year. Other annual salaries were set at \$450 for the county clerk, \$300 for the sheriff and \$276 for the county attorney. Each of these officers today draws \$8,500 a year.

Commissioners in 1891 drew \$3 per meeting by state law. Today they receive \$5,833.33 a year, plus \$75 a month for travel expenses. County taxes were set at 75 cents on each \$100 of property. Today the taxes are \$1.40.

Youth Kills 4 In Family

MORAVIA, N.Y. (AP) — A series of family arguments and the spanking of a 16-year-old boy led the boy to kill four members of his family Wednesday night, state police said.

Troopers said John Jayne, a husky teen-ager, killed his father, Willis, 66; his mother, Amber, 55; a brother, Willard, 19; and a sister, Elizabeth Ann, 13, with a shotgun.

John, 5 feet 9 and 155 pounds, was charged with first-degree murder. He entered a mandatory innocent plea before Peace Justice Richard Pearce in Cayuga County Court at Auburn in central New York, early today.

Inspector William Driscoll said John, a pupil at Moravia High School, told him he had shot his family because of "an accumulation of family arguments."

Police said John told them his parents had spanked him, and that he felt he was too big to be spanked.

Actor Accused Of Child Theft

SAN RAFAEL, Calif. (AP) — Actor Sterling Hayden is accused of child theft, contempt of court, and conspiracy to endanger his four children in a complaint brought by his ex-wife, Betty Ann.

The complaint was prepared Wednesday by Dist. Atty. William O. Weissich. It alleged he had set sail with the children aboard his yacht for Tahiti, in violation of a court order and in violation of her right to visit the children.

Hayden was granted custody of the children in a divorce action. Hayden and his party of 18, including his children and three others, sailed from nearby Sausalito Jan. 18. He wrote that they were bound for Tahiti.

Doctor Misses Guess On Birth

DENVER (AP) — "Don't worry," the obstetrician told Mrs. Mary Whitfield. "You've got another two weeks or so."

The doctor was wrong by the margin of 13 days and 22 hours. Mrs. Whitfield gave birth to her fifth child exactly two hours after her visit with the doctor. Her husband, an Army sergeant, delivered the infant boy in the back seat of the family car.
