AP WIRE SERVICE

BIG SPRING, TEXAS, SUNDAY, MARCH 22, 1959

PRICE TEN CENTS

FORTY PAGES TODAY

Legislators To Study More Tax Propositions

AUSTIN (AP)—There will be some new candidates for Texas tax payers nominated this week. Four blockbuster tax proposals aimed at untouched sources of state revenue will be discussed before the House Revenue and Taxation Committee beginning Monday.

Ramsey of Beckville, chairman of the 21-member committee that must originate any new taxation. "These four bills might take longer than a week."

transfer bill that would deduct 15 1/2 million dollars from the expected 65 million dollar deficit by revising accounting procedures in the comptroller's office. It was approved by the committee without dissent Thursday after being in committee since Feb. 4—the first meeting of the tax group.

Governor Fires At Sales Tax Groups

AUSTIN (AP)—Gov. Price Daniel retorted angrily Saturday to critics of his budget balancing program. He said he did not think the Legislature could be "pressured" into blocking it or "sold a bill of goods" in behalf of a general sales tax.

of them responsible. He said both of them were "fitting the shoe to their own feet."

Western Chiefs Agree On Summit Conference

GETTYSBURG, Pa., (AP)—President Eisenhower and Prime Minister Harold Macmillan of Britain agreed Saturday to offer the Soviet Union a summit conference this summer. At the same time they ruled out any plan to "disengage" East-West forces in central Europe.

Western Chiefs Agree On Summit Conference

No Troop Pullout In Central Europe

The two Western leaders reached three decisions during their talks in a tree-ringed lodge in the nearby Catoctin Mountains of Maryland.

High Level Trio

President Eisenhower and Britain's Prime Minister, Harold Macmillan, pose with Secretary of State John Foster Dulles.

Western forces now stationed in central Europe. The British and U.S. governments both believe it was said that such a disengagement would leave a power vacuum which would endanger European peace.

negotiating with the Soviet Union on the Berlin crisis, Germany, and disarmament.

such high level talks can settle current problems. A formal announcement by Hagerty and British spokesman Peter Hope emphasized British-American unity.

Huge Contract Let For Bomarc Missile

WASHINGTON (AP)—A new 300-million-dollar contract was announced Saturday for the Super Bomarc missile. It apparently means the Air Force is ordering the 400-plus mile, target-seeking weapon into full scale production before it has been test-flown.

port for their tactical use. Fourteen Bomarc bases in the United States and two in Canada have been announced.

Two More Bodies Found, Members Of Slain Family

BALTIMORE (AP)—The bodies of a young woman and a small girl found in a shallow grave near Annapolis Saturday night were identified as members of a missing Virginia family.

Legislative Pay Raise Is Vetoed

NASHVILLE, Tenn. (AP)—Governor Buford Ellington Saturday vetoed a bill to raise the pay of legislators from \$15 to \$25 a day, saying it was not in keeping with his "program of austerity."

Howard Road Jobs Awarded

Farm to Market road projects, totaling 13.3 miles and involving three Howard County roads, were included in the bids awarded on Friday and Saturday by the Texas Highway Department.

Seek Nose Cone From Missile

CAPE CANAVERAL, Fla. (AP)—A small nose cone that could help deliver the big bang for intercontinental ballistic missiles of the future was lost in the Atlantic Saturday after a highly successful 5,000-mile space flight.

Another Nasser Foe Is Doomed To Fall

BEIRUT, Lebanon (AP)—Seven Arab rulers who dared to stand against President Gamal Abdel Nasser's dream of empire have been shown of power in less than two years. Now Premier Abdel Karim Kassem of Iraq has been marked for destruction.

Big Spring Week

Like we told the folks visiting from North Carolina, they not only saw West Texas in the raw Friday, but part of New Mexico, Kansas, Colorado and Oklahoma as well. Those 55 m.p.h. shifting, gusty winds made it miserable, and not even the most ardent booster say a good word for it.

Shivers Proposed For Braniff Board

DALLAS (AP)—Former Gov. Allan Shivers was named Saturday by Braniff Airways management as a candidate for the company's board of directors, subject to stockholders' approval.

Name Assigned For New Nuclear Sub

PORTSMOUTH, N. H. (AP)—The Navy said Saturday a nuclear submarine under construction at the Portsmouth naval shipyard has been assigned the name Tinosa.

Winning Hog Sells For \$7.30 Pound

MERCEDES, Tex. (AP)—The grand champion hog of the Rio Grande Valley Livestock Show sold for \$7.30 a pound Saturday as record crowds continued to pour through the gates.

Reviewing The Big Spring Week

With Joe Pickle

Acute Iron Deficiency, No Doubt

Lady, 3-months-old German Shepherd pup, seems to be saying "I couldn't look another steel ball in the eye." Before her are the eight steel ball bearings removed from her stomach by surgery.

A Rattlin' Good Diet, Says Pup, Lapping Up Steel Balls

Schwarzenbach, veterinarian, removed them from her tummy. Mrs. Young said that Jackie had acquired Lady only a week before the disturbing discovery that she clinked when she walked developed. She believes that Lady gobbled up her bizarre diet in that week.

Deposits of \$33,224,000 were up 13 per cent from year ago, bank call figures revealed here last week. Despite tax payments, the deposit figure was only about a million below the yearend record.

Continental Air Lines announced curtailment of service here April 1 to one flight east and one flight west daily. This drew immediate and vigorous protests from the Chamber of Commerce.

City commissioners presented a proposed \$1,936,000 budget for the year beginning April 1. This \$222,000 more than for the current year or about 13 per cent more.

City commissioners presented a proposed \$1,936,000 budget for the year beginning April 1. This \$222,000 more than for the current year or about 13 per cent more.

Daniel Takes Tax Fuss To The People

AUSTIN (AP)—Gov. Price Daniel will ask Texans Sunday to say who is right in his conflict with a strong House block opposing his tax program.

Two Scientists Question Value Of Missiles

PASADENA, Calif. (AP)—Two scientists questioned the value of missile and space research Friday, throwing a conference of their colleagues into noisy disorder.

"Our missile program is the swan song of a dying civilization," Dr. A. R. J. Grosch shouted from the floor at a two-day meeting at California Institute of Technology ended.

The conference, on "realities of space exploration," was attended by some of the nation's leading space program figures.

"We don't need better missiles to destroy each other," Grosch said. "The ones we have now will do the job adequately."

"And there isn't any point in zooming off into outer space. We could spend the money better solving problems here at home—taking care of our overcrowded, underfed millions. If we did that, we wouldn't need to find new worlds to colonize."

Grosch is manager of space programs for International Business Machines, builder of computers for missiles and space vehicles.

His remarks were prompted by a speech by Dr. Louis J. Ridenour Jr., assistant general manager of research and development in the missile systems division of Lockheed Aircraft Corp.

Ridenour said the missile program is following America's "traditional economy of waste."

Loud bursts of applause greeted Grosch's remarks. Several others jumped to their feet and started talking all at once. The meeting then ended in confusion.

Committee recommended passage of one of his deficit-erasing measures which was not a tax bill. This was regarded as a tactical retreat by his opponents, probably to draw some of the sting from his Sunday radio appeal at 1 p.m. over 14 stations blanketing the state.

Daniel said his report to the people Sunday would be the first of a series. He was following a path used by one of his predecessors, Gov. W. Lee O'Daniel who periodically called the roll of his opponents in a turbulent fight with the Legislature over taxes. During that row, Daniel was a member of the House and fighting O'Daniel. Daniel's opposition to a general sales tax was born during that battle in the late 1930s, and the Legislature won. Texas still has no general sales tax, but a number of special sales taxes have been put on the books since then.

Whether Daniel will go so far as to call names remains to be seen. Some backers say the speech will be "hot."

The Legislature was in recess over the weekend. It seemed to be in the mood to take a Wednesday-to-Tuesday Easter recess this coming week. That would give the lawmakers plenty of time to get home and sample public opinion in the tax fight.

The governor is expected to answer back some of the toughly-worded comments on his program issued this week by House members.

Speaker Waggoner Carr sharply disagreed with the governor again on the definition of a "broad-based tax." Carr labeled as "bull" charges by the governor that such plans before the House Revenue and Taxation Committee were in reality gross income or sales taxes in disguise. He also said Daniel's spending program fell far short of what Texas needs.

Rep. Wesley Roberts of Lamesa charged that the governor indicated favor of a progressive income tax. Rep. R. L. Strickland of San Antonio said Daniel has completely failed to recommend a tax program that will cover the needs of governmental services to the public.

The House Appropriations Committee will not have its spending recommendations ready until after the Easter holiday. Rep. W. S. Heatly of Paducah, chairman, said the two billion dollar plus measure was still being put into final shape and would not be ready for 10 days or so.

GRADY L. RANDEL, WEATHER EXPERT, CONTEMPLATES RAIN RECORD
Veteran USDA Worker Cited For Outstanding Service

Grady L. Randel Is Given Citation

Grady L. Randel, who probably knows more about complex weather patterns in West Texas than any other Big Spring man, has been specially honored.

Dr. C. E. Evans, Fort Collins, Colo., acting chief of the western soil and water management research branch, has notified Randel that he has been given an award for outstanding performance during the year 1958.

Randel, an agricultural aide at the Big Spring Field Station, is being recommended to the board for a cash award in addition to the certificate.

Evans said that Randel was being cited for "outstanding ability and performance of his varied duties over a period of many years. The careful prudent manner in which he records and tabulates research data is worthy of special commendation."

Only nine such awards were made in 1958 in the soil and water conservation research division of the service. This covers 17 western states.

Randel's work here is varied but outstanding in his assignments.

He has been with the local station since 1951 but his service with the U. S. Department of Agriculture dates back to 1923. In fact, Randel has been with the department since he was a boy.

In Dalhart, when he was attending high school, he applied for a job at the Dalhart station. He was employed and his first job was cutting weeds. From then on, he was a regular member of the staff. All of the time prior to 1951, he was at the Dalhart station. For a time he was acting superintendent of that station.

His specialized work has been in crop rotation, sorghum varieties and the development of combine sorghum. He devoted 15 years to this work including many years with Dr. T. A. Karper, formerly of the Lubbock station and who is recognized as the father of the improved sorghum varieties which revolutionized grain in West Texas.

Born in Anson, he moved at an early age to Forgan, Okla. Later he attended schools briefly in that state but in 1912, his family moved to Dalhart. He stayed there until 1951.

He married in Dalhart. He and Mrs. Randel have two grown sons, one a commercial artist in Midland the other associated with Con-vair. He has one young daughter, now in junior high school.

Saturday was a doubly important day for the Randels. The citation for outstanding service coincided with the family's occupancy of a new home. Randel recently bought a house at 207 Jefferson and he and Mrs. Randel were busy on Saturday preparing to set up housekeeping there.

They have been living at the station since 1951. Randel is highly esteemed by his fellow workers at the local station and his experience and knowledge of research work is of great value to the operations. His work in keeping minute and elaborate weather records contributes much to the understanding of this important problem. The weather data used in the Big Spring Daily Herald is supplied by Randel from his records.

Safety Essay Contest Opens

The Citizens Traffic Commission's third annual safety essay contest is now under way, and junior and senior high school students of the county have until April 3 to turn in entries.

James Eubanks, executive CTC secretary, announced this week that arrangements have been completed with school officials for the contests, with any junior or high school student in Howard County eligible to compete for prizes. As has been the case the past two years, the competition is divided into junior and senior categories.

Eubanks said that the essays, between 300 and 500 words, may cover any phase of traffic safety—from operation of a motor vehicle to legislative needs. They may be turned in at any time prior to the April 3 deadline.

Students are asked to turn the papers into their English teachers, Eubanks said, and the teachers will in turn pass them along to school and CTC officials.

CTC judges will rate the essays on neatness as well as originality and content.

As in the past, Security State Bank is furnishing the trophies and prizes, said Eubanks. The bank gives trophies for first and second place winners in both junior and senior high categories, and 10 honorable mention medals will be presented.

Jean Hammon of Big Spring High School was the senior winner last year with Mary Locke Crossland, Rannels Junior High, taking the other top prize. Sue Beard of Coahoma and Camella Ryan of Center Point were second place winners in senior and junior high competition, respectively last year.

Suspect In Theft Held

A suspect was caught in Colorado City Friday afternoon only an hour after loss of a car was noted here.

Police officers went for the man Saturday and returned him to Big Spring. Charged with car theft is Marvin Douglas Noe, an ex-convict from Alabama, Leo Hull, city detective said.

Betty Alderson, 604 Birdwell, told the police about 1:25 p.m. Friday that a 1951 Hudson had been stolen from 117 Rannels. Keys to the car were in it, she said.

Message concerning the loss was immediately flashed to officers in the surrounding area, and about 2:45 p.m., the man in the Hudson was apprehended in Colorado City. The side of the car had been damaged as if in a collision, Hull said.

Congressman's Kin Drawing Her 'Leave'

WASHINGTON (AP)—A veteran Minnesota congressman who has three members of his family on his office payroll is continuing payments to one of them although she left his staff on Jan. 28.

"This is just accumulated leave," Rep. H. Carl Andersen (R-Minn.) said Friday in reference to his sister-in-law, Susanna Johnson Andersen, 62.

The 11-term congressman said he intends to keep Mrs. Andersen on the payroll at \$690 a month for up to six months as terminal leave.

Also on Andersen's office payroll are his son, Alfred, 20, at \$4,044 a year, and a sister, Julia Hoppenstand, at \$2,744 a year.

Andersen said his son works about 40 hours a week. Mrs. Hoppenstand, he said, doesn't come to the office because of an injury suffered several years ago but that she does typing and other work-in her apartment.

He said his sister-in-law, listed on official rolls as Susanna Johnson, had worked for him for 20 years as his secretary. She worked long hours, including Saturdays, and had not taken all the vacation time entitled her, Andersen said.

Explaining why he was keeping her on the payroll, Andersen said: "The government permits employees to accumulate leave and then continues to pay their salaries after they quit until this is used up."

Republican National Chairman Meade Alcorn accused the Democratic-controlled 86th Congress of riding high when it called one of the lushest g any trains in modern history.

In a memo to Republican leaders, Alcorn said wives, sons, daughters and other relatives of legislators have been put on the public payroll at salaries ranging past \$10,000 a year.

**- 3 GREAT DAYS -
MARCH 23-25**

BRO. ROLOFF

With **EVANGELIST LESTER ROLOFF** of **Corpus Christi, Texas SERVICES EACH EVENING -7:30-**

Brother Roloff is well known to the people of this area. Having held a number of campaigns here and established the Good Samaritan Rescue Mission. Also conducts a daily radio ministry over KHEM each morning at 7:15-30 and Sunday afternoon at 4:00-4:30.

We invite everyone to be with us during these three days of real Bible preaching and old time evangelism. With the announcement of his coming alone, is enough advertisement, but don't miss a service or you will miss a blessing.

Suez Potentate Visits Here

D. W. Smith, second from left, came here Friday from San Angelo for an official visit with the Big Spring Shrine Club. With him here are, left to right, Ladd Smith, left, and C. R. McCleary, right, of the Big Spring Club, and Ben Godfrey, San Angelo, recorder of the Suez Temple. Smith was discussing plans for the spring ceremonial in San Angelo on May 22-23. J. C. Woodward will be a ring candidate from Big Spring. There also may be candidates for the Al Groehl Jewel Club, a membership unit being formed in memory of the former Big Spring and San Angelo man for his work with Shrine crippled children's projects. Sixty attended the meeting at the Wagon Wheel Friday.

Evaluators Arrive Today For Study Of Big Spring Schools

A number of prominent educators will arrive in Big Spring today to begin a system-wide evaluation of the local schools. The evaluation studies will get under way Monday morning, but an orientation meeting for the visiting committee is set for this evening. A dinner session is to be held at 7:30 p. m. in the Settles ballroom.

Erosion Field Day Planned

The Texas Agricultural Experiment Station and the Agricultural Research Service will conduct a wind erosion field day at the Big Spring Field Station on April 1 at 1 p. m. Activities planned for this field day include a tour of the experimental plots and a discussion of research results on practices for wind erosion control and water conservation. Research facilities at the station will be open for inspection following the field tours. These facilities have been greatly expanded during the past two years in order that the soil and water conservation research problems of the Southern High Plains of West Texas and eastern New Mexico could be studied more intensively. The new facilities include laboratories, offices and storage buildings as well as research equipment. All interested farmers and businessmen are invited to attend this Wind Erosion Field Day.

reen, Midland elementary supervisor; and E. A. Brenholtz, Andrews elementary principal. Dr. Wallace, head of the Tech department of education, has been working closely with local school authorities in a self-evaluation study which has been under way for several months. Results of the internal studies have been compiled and will be made available to the visiting committee.

Union Trusteeship Is Halted By Court

HOUSTON (AP)—A restraining order granted by District Judge Joe Fisher of Jasper has postponed, at least temporarily, plans of the International Union of Operating Engineers to hold a trusteeship hearing here Monday. Fisher, acting on a petition by Warner Brock, attorney for union Local 450, ordered a Jasper hearing for next Friday on a permanent injunction against the hearing. International officials of the union had planned to bring Homer Pierce, business agent, and several other officers of Local 450 before a trusteeship hearing here Monday morning. International officials said the purpose of the hearing was to "bring out all the facts" concerning whether the local should be placed under a trusteeship by the international. Local 450 has jurisdiction over operating engineers from Orange to Brownsville. Joseph Delaney, international president, had assigned William Corcoran of New York to conduct the Houston hearing. Corcoran was en route to Houston by train when he was advised of Fisher's restraining order. He returned to New York. Brock said his request for the injunction was based on a similar injunction Fisher issued against an international trusteeship last April. Fisher ruled then that a trusteeship had been imposed without due process of the union's constitution. The April ruling was appealed to the 9th Court of Civil Appeals at Beaumont but the appeal was denied. Brock said the Monday hearing would have bypassed due process in that Pierce and other officers of the local had been charged by the international with violations of the union constitution. Fisher's ruling last year was preceded by a series of strikes by Local 450. The Houston Building and Construction Trades Council, representing 20,000 men in 31 union locals, voted unanimously last May to recommend that the operating engineers local be placed under a trusteeship because of the frequent work stoppages.

Masonic Unit Confers Its Initial Life Membership

Gordon Hughes, one of the founders of Big Spring Masonic Lodge No. 1340, Friday evening became recipient of the lodge's first life membership. Almost 100 people turned out at a family night affair honoring Hughes and to witness the presentation of the highest award within province of the lodge. The actual presentation was made by J. C. Douglass Jr., worshipful master, who cited him for "unselfish and untiring willingness and devotion to Masonry as a whole and for the distinguished service he has rendered to Big Spring Lodge No. 1340. Hughes was among those who first pressed for the chartering of a second lodge in Big Spring. From 1951 until the Grand Lodge approved in 1953 he was a leader in the effort. The Grand Lodge named him the first worshipful master for the remaining portion of the year, and then his fellows re-elected him to the post for a full term. During the early stages of the lodge, Hughes trained most of the officers and worked with candidates. There were weeks when he gave every evening to helping with lodge affairs, said Douglass. Of the 113 entered apprentice degrees in the lodge, 13 were conferred by Hughes. Of the 98 degrees in fellowcraft, he conferred 33. Hughes also served as district deputy grand master for the 80th Masonic District. For the past three years he has served as secretary of the lodge. At the outset he was a leader in efforts to secure the lodge home at 2100 Lancaster. Hughes, who is chief clerk for the Texas & Pacific Western Division, began his Masonic career on Jan. 13, 1945, in the Toyah lodge. Within six months he was appointed junior warden and then became senior warden. He would have been elevated to the worshipful master next year except for his transfer to Fort Worth. The year afterward he was transferred to Big Spring.

GORDON HUGHES

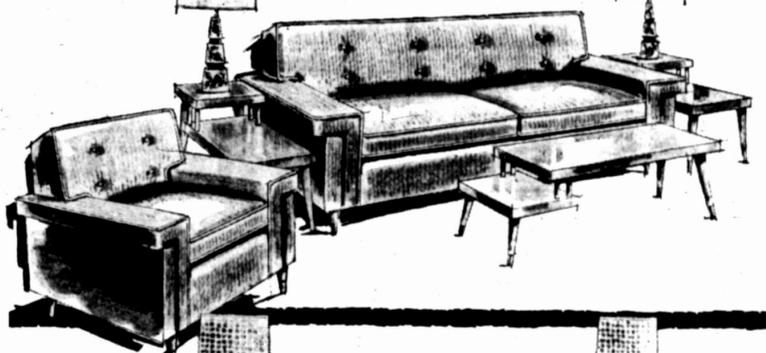

During the early stages of the lodge, Hughes trained most of the officers and worked with candidates. There were weeks when he gave every evening to helping with lodge affairs, said Douglass. Of the 113 entered apprentice degrees in the lodge, 13 were conferred by Hughes. Of the 98 degrees in fellowcraft, he conferred 33. Hughes also served as district deputy grand master for the 80th Masonic District. For the past three years he has served as secretary of the lodge. Lopez To Trial Monday As Hold-Up Murderer

Lenardo Ortega Lopez, alias Armando Lopez, 17, goes on trial in 118th District Court at 10 a.m. Monday for the alleged murder of Gerald D. Limer.

Limer, night attendant at McClure Truck Service on W. 4th, was gunned down by two hijackers on the night of Jan. 7.

The state charges that Lopez was one of the bandit pair which hit at least two stations here in early January. Earlier, he was convicted for attempted robbery of the U. S. 87 Truck Stop on the Lamesa Highway and was sentenced to eight years in prison.

Andres Marquez, 16, who has made statements to officers that he was triggerman in a series of three holdups here, will take the stand, defense attorneys indicated Saturday.

Lopez, by reason of his age, is liable for the death penalty if found guilty and assessed this term by the jury. On the other hand Marquez could not receive more than life imprisonment even when he has attained 17. This is

because the law recognizes Lopez as an adult and Marquez as a juvenile.

VIOLENCE

Slaying of Limer was one of a series of three violent episodes which exploded in Big Spring early in January.

In the first, Donald Bippus, young airman working extra as a night attendant at a service station on East 4th, was shot and seriously wounded by two masked bandits on the night of Jan. 4. Bippus had recovered from his wounds. He told officers that he made no resistance to the holdup and that he was shot by one of the bandits after the money in the till had been taken and the pair was leaving the station.

Three nights later, two masked bandits made an attempt to rob the 87 Truck Stop Service Station on the Lamesa Highway. They were frustrated in this attempt because the attendant had locked the front door of the station. Enraged by this development, one of

the pair blasted two shots into the door facing

Two hours later, a tourist stopped in at the McClure station on West 4th to find the young attendant sprawled on the floor dead. He had been shot several times in the head and face.

MIDLAND ARREST

A search on a city wide-scale was launched for the slayers. The hunt spread to Midland and on the night of Jan. 15, two bandits engaged on the holdup of a Midland service station were surprised by arrival of a deputy sheriff. A gunfight ensued. The two were arrested a short time later. One was Marquez. The other was a Midland youth, Jessie Munoz.

Under questioning Marquez admitted the three Big Spring crimes. Lopez was implicated in the 87 Truck Stop and the McClure Station jobs. He was arrested on Jan. 16 at his home here and was indicted for both crimes. He made a detailed statement to officers admitting a part in the holdups.

Tried several weeks ago for the 87 Truck Stop charge, he was found guilty and his punishment fixed at eight years in prison.

The court named Wayne Basden, another young lawyer and retiring city attorney, to serve counsel for the defense.

Coffee and Basden indicated Saturday they may apply for a change in venue on the grounds that Lopez could not obtain a fair trial on the face of wide publicity about the cases. If this motion is overruled, attorneys will begin the task of questioning 120 veniremen. Defense attorneys plan to put Lopez on the stand. Gil Jones, district attorney, will plead for the state.

New G.I.

Lt. Lawrence Miller of Astoria, Ore., displays the latest equipment for the foot soldier during exercises at the Army Combat Development Experimentation Center, Fort Ord, California. The new gear includes a radio transmitter and receiver enclosed in the helmet, body armor made of 12 layers of spot-welded nylon which protects against flak and grenade fragments, a new 6.5-pound, .222 caliber Armalite rifle, radiation detector in bag on right hip and a gas mask that also protects from nuclear flash.

Tibet Engaged With Communist Forces

NEW DELHI, India (AP)—Unofficial Tibetan sources Saturday reported large-scale fighting at Lhasa between Chinese Communist troops and supporters of the Dalai Lama. They said also that a big uprising had occurred at Gyantse, an important trading center 100 miles southwest of Lhasa.

But Indian government officials said they had no fresh official word on the situation in the Tibetan roof-of-the-world capital, or elsewhere in that isolated, Chinese-occupied country.

The unofficial reports came from the border town of Darjeeling, where Tibetan sources said fighting has been going on in Lhasa for the past eight days.

A radio report from the Indian Consulate in Lhasa late Friday night said: "Fighting in the immediate vicinity of consulate. Situation tense and rising."

It came from Mr. S. Chibber, who has been in charge of the Indian Consulate since 1956.

But the radio later fell silent, and it appeared today that this slender communications link with Lhasa may have been cut off in the fighting.

Indian sources stressed there was no way of judging the extent of the conflict, which has been threatening sporadically ever since the Communists moved into Tibet eight years ago.

The only new reports came from Darjeeling in the Himalayan foothills. Tibetan informants there said the fighting had stemmed from feuds by Tibet's 1,300,000 Buddhists that the Communist Chinese occupiers were trying to remove the Dalai Lama, 23-year-old god-king.

To Speak Here

Dr. Frank R. Mann, national director of the Child Evangelism Fellowship, will be here Friday to conduct services at the local Child Evangelism headquarters at 608 Runnels. He will speak on "Our Greatest Mission Field," and the public is invited. Dr. Mann has been connected with the Child Evangelism group for 15 years.

Moonwatch Project Nears End Of Its Orbit Here

Moonwatch Project, initiated last year as a part of the plan to scan the skies for man-made satellites, is on its way out.

The Big Spring unit of the organization at a meeting last week voted to disorganize effective on June 30.

Moonwatch was set up locally when the first of the U. S. efforts to launch a satellite was announced. E. B. McCormick, president of the Big Spring unit, said that the members have been most faithful in the work on every occasion where demands for the services of the unit were required.

The Smithsonian Astrophysical Laboratory, in recognition of the services rendered here, has issued

a special award which has been received by the president.

McCormick said that the directors at their meeting felt the project should be dropped as of June 30. This action, the board felt, was mainly because of the lack of earnest interest in continuing observations.

After that date, some Moonwatch projects are to be reformed by the Smithsonian Astrophysical Observatory but their activation will hinge largely on six factors. It was felt by the directors that the Big Spring enterprise will not fit into the new pattern. The unit has advised the national headquarters to this effect.

Circulation Managers To Meet Today

Newspaper circulation managers from a large area will gather in Big Spring today for the spring meeting of the western section of the Texas Circulation Managers Assn.

About 35 managers, assistants and district circulation personnel are expected. In the group will be Jim Hapenny of Odessa, president of the TCMA.

The meeting will be held in the Settles Hotel, starting at 9:30 a.m. The program, arranged by Burris Hughes of Wichita Falls, will feature discussions on circulation trends, problems, etc.

The sectional meeting will be for an area bounded by Amarillo, Wichita Falls, Abilene, San Angelo and El Paso.

Will Discuss Weather Unit

Report on efforts to have a U. S. Weather Station located on the new Howard County Airport is to be heard by the Howard County Commissioners on Monday.

A special committee of the Chamber of Commerce has been working on the project, according to Ed Carpenter, county judge.

The airport, now nearing the final stages of completion, still needs an administration building. Tentative plans for such a structure have been prepared. An allocation of \$50,000 has been set aside for its cost. If the efforts to establish a weather station are successful, it may be necessary to revise the building plans to include space for the installation.

Carpenter said that other than for the expected report on the weather station project little but routine business is on the commissioners' agenda for the day.

446 Executions

HAVANA (AP)—Four more Cubans were executed Saturday on war crimes charges, bringing to 446 the unofficial total of deaths after convictions by revolutionary military tribunals since Jan. 1.

All four—three former policemen and a former soldier—died at Havana's La Cabana fortress.

One of the three accidents occurring here Friday was a hit-and-run.

Elva Kenman, 1107 W. 6th, was driving a car involved in a collision at 1305 W. 2nd, but the driver of the other car reportedly didn't stop. The vehicle was identified as a 1957 Ford.

Also Friday, Lynda Whiteside, 1100 Marjio, and Betty Price, 1405 Marjio, were in an accident at 1700 S. Monticello.

In the 400 block of NW 4th, Luis Cevallos backed into a car driven by L. A. Zubiate Jr., but it was of such minor consequence that police didn't make a report of it.

Saturday, Peter Pyle of Odessa and Dink Burrell, 1108 Eleventh, collided at 4th and Gollid. At 3rd and Benton, vehicles driven by Manuel Enriquez, 206 NW 8th, and Royce L. Walker, 635 Manor, were in collision.

ADVERTISER AT WORK!

Advertising can turn the coldest customer into a hot prospect. Throughout the pages of this newspaper you can find many examples of the warm appeal generated by advertising.

But you can't warm up to anything if you're not aware of it. Advertising works overtime to keep you posted on new products and remind you of established brands. It is part of the variety of news in your newspaper.

Advertising is a valuable asset to our economy because it provides the stimulant that makes people buy. As more goods are bought, more and more goods are made—and at lower cost to you. So, you see, advertising really benefits you!

Every day, all across this land of ours, advertising—like the advertising in this newspaper—is doing its part to bring you the good news of more and better products—products that are constantly improving our standard of living.

Advertising works for you!

Newsman See That Training Does Pay

Representatives of news media Friday were shown how Webb AFB carries out its mission of training. Here they inspect two seats which ejected two pilots to safety following a mid-air collision last week. Fifty men from a dozen surrounding communities were here Friday as guests of Col. Kyle L. Riddle, base commander. They heard Brig Gen. Sam Maddox Jr., director of Flying Training, explain the mission of the Air Training Command. Col. Riddle touched briefly on the economic role that Webb plays in the area.

Protest Mailed On Reduction Of Air Service In Big Spring

A strong protest against the curtailment of service here by Continental Air Lines has been dispatched to the Civil Aeronautics Board by the Big Spring Chamber of Commerce.

Continental has announced that, effective April 1, Big Spring will be served by only one flight each way per day, and new schedules will be such that air mail service is severely curtailed.

The C.C. letter, signed by President Clyde McMahon and Aviation Chairman Jack Cook (with copies to Sens. Lyndon Johnson and Ralph Yarborough and Congressman George Mahon), follows:

This letter is written for the purpose of reviewing with you some of the past happenings in this city with regard to our Air Carrier Service, and to strongly protest the proposed curtailment of this service by Continental Air Lines.

By way of review, this city has, in the past, been served by as many as three air lines simultaneously, American Airlines, Continental Air Lines and Pioneer Air Lines were operating flights in and out of Big Spring in the late 1940's and early 1950's. The population of Big Spring at that time was an unofficial 15,000 plus.

Since American Air Lines was allowed to stop serving Big Spring in 1950 and since Pioneer Air Lines

is no more, our air service has dwindled to one air carrier, being Continental Air Lines.

At the present time Continental is serving Big Spring with four flights daily, being two eastbound and two westbound. The eastbound flights, which is our foremost need, depart Big Spring at 12:18 p.m. and at 7:01 p.m., arriving Dallas at 2:34 p.m. and at 9:50 p.m., giving us return service from Dallas at 9:50 p.m. and at 8:40 a.m.

Starting April 1, 1959, Continental plans to eliminate two of these flights, leaving Big Spring with two flights daily; one eastbound and one westbound. This will have the effect of virtually eliminating air mail service, as it will be necessary to have mail in the post office by 9:30 a.m. in order to make the eastbound flight which is scheduled to depart Big Spring at 11:46 a.m.

In addition to this, our daily passenger count will be reduced even lower than the 155 monthly average that we are now maintaining. This low average has been brought about by a systematic elimination of desirable schedules. Investigation will show that many people drive from Big Spring to Midland (a distance of 50 miles to the terminal) in order to board flights with satisfactory schedules.

We the members of the Big Spring Chamber of Commerce, representing a population of 35,000 plus, at this writing, believe the quality of our air carrier service has been allowed to deplete to its present level by an attitude of indifference on the part of Continental Air Lines, and without due regard to obligations on the part of Continental to provide adequate and satisfactory service.

We strongly protest further curtailment of these services and ask the Civil Aeronautics Board to take our situation under immediate advisement.

More than 2,500 cattlemen and their wives are expected. They will come from Texas, Oklahoma, New Mexico, Louisiana, Arkansas and Kansas.

Cattlemen Gather For Dallas Meet

DALLAS (AP)—Cattlemen from six states are gathering here for the convention of the Texas Southwestern Cattle Raisers Assn. Registration starts Monday. Sen. Lyndon Johnson will speak Tuesday.

Dr. Herrell DeGraff, food professor at Cornell University, also speaks Tuesday.

Big Spring (Texas) Herald, Sunday, March 22, 1959 5-A

Budget Over-Run Looms For HCJC At End Of Fiscal Year

Expenditures were about average at Howard County Junior College during February, but operations are moving into the season of low revenue without diminishing disbursements.

Moreover, prospects are that the college will have a \$30,000 over-run on its 1958-59 budget.

Dr. W. A. Hunt, president, told the board of trustees at their meeting Thursday that unless sharp and unexpected budget savings could be accomplished, there would be a sizable deficit at the end of the year.

It was anticipated, at least in part, at the beginning of the year he said. For instance, the college had to make up \$15,000 in fees connected with the new student union building, and there was considerable expense attached to furnishing the plant. Last week trustees voted to go ahead with paving of streets on two sides of the SUB to give the property maximum utility, and this was another unbudgeted appropriation of \$7,000. These prospects are that the over-run will be between \$29,000 and \$30,000.

Dr. Hunt said that this could be absorbed in the succeeding fiscal year through reductions in new equipment purchases. This could be done without affecting the college's instructional efficiency, he said, because the college is exceptionally well equipped.

In February revenues to the college aggregated \$20,001, of which

\$10,585 came from local taxes, \$5,562 from tuition and \$1,260 from the book store and \$845 from the cafeteria.

Administrative expenses for the month (with the total for the year in parentheses) were \$3,282 (\$19,862), general \$4,900 (\$28,473), instructional \$13,293 (\$87,550), li-

brary \$1,462 (\$6,719), auxiliary enterprises such as cafeteria, athletics, bookstore \$7,788 (\$26,557), refunds \$726 (\$1,836), plant operation \$4,314 (\$24,939), capital expenditure \$315 (\$15,440), contingency \$3,744 (\$19,810), and fixed charges \$146 (\$4,773); total \$30,975 (\$235,964).

The interest and sinking fund had receipts of \$3,528 for the month and disbursements, including \$4,000 in bond payments, stood at \$5,882. The balance of \$52,885 is more than enough to meet the \$51,479 due the remainder of the fiscal year in the bond retirement fund.

ANNOUNCING A New Service In Big Spring

Protected by

SECURITY
BONDED PATROL

Trespassers will be prosecuted

Private
Patrol
Service

In the spirit of progressive development characterized by Big Spring citizens, Vernon Gilbert introduces Big Spring Security Service. Mr. Gilbert and the resident manager, Fred Conner, represent eight years' combined experience in the Bonded Patrol and Burglar and Fire Alarm business. This company, also operating in Midland and Odessa, employs the very latest and finest equipment including approved type alarm systems and late model two-way radio equipped patrol cars in their relentless efforts to protect their subscribers from loss to burglary and fire at nominal cost.

Every employee is covered by a \$25,000.00 fidelity bond for the protection of our subscribers and each patrol car is a completely equipped emergency unit. It is our policy to operate our business in closest possible cooperation with ALL LAW ENFORCEMENT AGENCIES. We are a sponsor of the Texas Law Enforcement Officials Association.

Each customer's premises, be it a retail business, home or other, is checked as early as possible as per his instructions. All doors, windows, gates, lights, etc., are checked for proper condition and if any irregularities are noted by our patrolmen they are radioed to our office and the proper persons notified. Patrol cars operate throughout the night 365 nights a year. Below are excerpts from area newspapers depicting captures made by OUR PATROL in the past. Each of these customers' establishments proudly display the following shield. Our representatives will be calling in the near future on Big Spring citizens to discuss placing this shield on your property or call Big Spring Security Service, AM 3-4037 for information.

Burglary Alarm Leads To Odessa's Capture

An Odessa security officer Tuesday night captured a 28-year-old man inside the Monarch Laundry, Ninth and Hancock. He was the third man caught in a closed building within the last week.

W. E. Gilbert, 1811 North Muskingum, owner of the Odessa Security Company, said he inadvertently captured the man because he didn't want to send police on a "wild goose chase."

(The Midland Reporter-Telegram)

Disillusioned Girl Prepares For Trek Back To California

By Cope Routh
Reporter-Telegram Staff

An attractive, brown-haired 14-year-old California girl was waiting here Monday to be returned home — her four-day odyssey with a 23-year-old married man at an unhappy end.

The slender eighth-grader was taken into custody Sunday night when her lanky boy friend was caught as he attempted to steal gasoline for his 1950 model automobile.

Constable Jack Merritt arrested the pair on West Industrial Avenue after the Bonded Patrol, a private patrol service, reported the burglar alarm had sounded at the yards of a paving contractor.

(The Odessa American)

Private Patrol Service Nabs Trio In Burglary

A private patrol service made its second burglary catch within three days early Wednesday, in the yard of the B. L. McFarland Drilling Company, outside the city limits on the Rankin Highway.

Private patrolmen of the Bonded Patrol Service rushed to the yard after a burglar alarm sounded at the office of Midland Security Service, an allied agency.

Old Man Has Sympathy in Mercy Death

PHILADELPHIA (AP)—It was a strange place to hold court—in a corridor of Philadelphia General Hospital.

It was a sad and pathetic figure who was held on a charge of homicide—a man of 90 who shot his wife to death because he no longer could bear to see her suffer. She, too, was 90.

No one relished the prosecution. Even the magistrate wept, saying:

THE WEEK

(Continued From Page 1)

\$68,000 in special funds and \$238,000 in debt requirements.

The American Legion celebrated its 40th birthday last week, and the post had the rare privilege of entertaining Mrs. Charles W. president of the auxiliary.

Lamesa also had its problems of growth, too, for a \$2,103,000 bond issue is due to a decision on April 7. Of the total \$1,230,000 would be in revenue bonds and \$873,000 would be retired out of taxes. They are principally for water, sewer, street, and other improvements.

Coahoma, where growth also is under way, had a welcome report from the Texas Insurance Commission. That city has been granted a five per cent credit on its fire insurance rates.

Stanton was cheered by word that its application for a cotton classing office has been approved. This week a meeting will be held to incorporate and raise sufficient capital.

Don't forget that the American Business Club relays are set for Friday and Saturday. This is one of the major tracks, and field shows of the state, and you can't afford to miss it.

Telephone workers got raises ranging from \$2 to \$9 per week here last week. About half of it was under terms of new wage rates. Almost as much more came from upgrading from class 3 to class 2, due to population, cost-of-living, etc.

Webb AFB turned out another crop of 83 jet pilots last week. Setting the pace for Class 59-F was 2nd Lt. Bryce M. Herndon, who was presented with a silver cup for his achievement.

Congress has been asked to appropriate another \$2,913,000 for construction at Webb AFB. The figure covers general improvements, including runways, maintenance structures, additional land.

St. Thomas Catholic Church has faith in growth of the city, for it stepped out about a mile south of town last week and purchased a 10-acre site as a new home for the church.

The Howard County Tuberculosis Association installed Dr. Preston Harrison as new president last week. Reports indicated a busy year and that every penny of the \$4,312 in Christmas seal sales will be surely needed.

The Big Spring Fusselman field is systematically adding more producers, and a similar formation in southwest Borden is growing steadily. In eastern Glasscock, a wildcat showed promise of production from a third zone last week.

Remember the presentation of "The Messiah" by the Community Chorus this week. And also, don't forget the Easter sunrise services at the amphitheatre a week from this morning.

Gen. Smith Will Visit Webb Tuesday

Gen. Frederick H. Smith, commander of the Air Training Command, will visit Webb AFB on Tuesday.

Gen. Smith will fly here from headquarters at Randolph Field and will be met with full military honors. During the day he will be conferring with Col. Kyle L. Riddle, wing commander, and his staff.

Juvenile Authorities Take Over Brood Of 11 Children

CHICAGO (AP)—Eleven youngsters of the Alonzo Williams family, whose plight attracted nationwide attention when their mother died last year, were taken under the care of juvenile authorities Saturday.

They were found unattended in a West Side apartment.

The forlorn group was the youngest contingent of 23 children born to Alonzo and Alberta Williams.

Mrs. Williams died Nov. 2 at 42 from complications resulting from delivery of her 22nd and 23rd children. Williams, 58 and unemployed, has been in jail three weeks awaiting trial on a morals charge signed by one of his children.

The family moved from Atlanta, Ga., to Chicago about five years ago.

Before Mrs. Williams died, one of her older daughters, Mrs. Herman Smith, 22, promised her mother to keep the younger children together. Mrs. Smith-Marie—has four children of her own.

There were 14 Williams children of 14 and younger together at that time. The older children, most of them married, lived in Georgia and Alabama.

Three of the Williams youngsters went to live with relatives. Developments since Friday were gleaned from Anice Williams, 12, one of the eldest twins on hand Saturday.

Mrs. Smith had a quarrel with her husband, and she left home, taking the four Smith children with her. Anice said Smith walked out Friday evening.

Anice said she cooked beans for the children's supper, but the beans burned Saturday morning, she related, she gave the youngsters two cookies apiece.

Unable to find the Smiths immediately, authorities took the four youngest children to St. Vincent's Orphanage. They are Betty, 3, Edwina, 2, and year-old twins Karen and Sharon.

The others, Anice and Anette, 12; Emily, 11; Barbara, 10; Shirley, 9; Linda, 7, and Oliver, 5, were taken to the Arthur J. Audy Juvenile Home.

Safe And Unharmed

Mrs. John H. Baldwin can still muster a smile after nearly 20 hours as the unwilling captive of a crazed ex-convict. With her during the ordeal were her three children—Kenneth, Susan and Danny, shown in a family reunion with the head of the family, John H. Baldwin, in Charleston, W. Va. (AP Wirephoto).

Heavy Fallout Of Strontium In Northern United States

WASHINGTON (AP)—Deadly strontium 90 is falling down out of the stratosphere faster than expected, with its greatest fallout in the northern United States, Sen. Clinton P. Anderson (D-NM) said Saturday.

Anderson, chairman of the Senate Atomic Energy Committee, put that interpretation in a series of communications from the Defense Department and the Atomic Energy Commission reporting on the effects of nuclear explosions by both the United States and the Soviet Union. The letters were released by the committee.

Anderson said a Feb. 19 letter from the Defense Department indicates that radioactivity remains in the stratosphere for shorter periods than the AEC previously assumed, and he continued:

"It also indicates that there is a latitude band of maximum drop-out of the fallout from the stratosphere which occurs from 35 degrees-50 degrees north or south."

"This area includes the northern part of the United States, and the letter states that 'the concentration of strontium 90 on the surface of the earth is greater in the United States than in any other area in the world.'"

Strontium 90, taken into the body through food, damages the bones and in sufficient amounts produces bone or blood cancer.

"In layman's language," Anderson said in a statement, "it looks like strontium 90 isn't staying up there as long as AEC told us it would, and the fallout is greatest on the United States. Perhaps this information may account, in part, for the recent higher readings of radioactivity in soils and plants."

Anderson said the joint committee will look into these matters at fallout hearings in May.

Scots Come To Defense Of Their Loch Ness Monster

INVERNESS, Scotland (AP)—Scotland clutched the Loch Ness monster to its bosom Saturday and snapped back at an Italian newspaperman who said he invented the thing 26 years ago.

Highlanders were as indignant as if Francesco Gasparini had claimed he had invented Scotch whisky.

"The man is talking rot," exploded John MacGillivray, 83, a promoter man from way back.

"The monster was in the Loch before I was born."

The protests echoed over the hills and glens around the somber stretch of water where the bumpy-backed monster with bulging eyes and foghorn voice is supposed to lurk.

For many Scots, however, Gasparini's intervention was welcome, especially with the tourist season coming on.

Gasparini, writing in a Milan magazine, claimed he had drummed up the story for lack of something better to do while working in London in 1933. He said the yarn snowballed to such proportions that he just played along with it from then on.

Local historians said mention of a monster first popped up in the writings of a monk 500 years ago and has been swirling into print fairly regularly ever since.

Lady Maud Baillie, a sister-in-law of Prime Minister Harold Macmillan, was among dozens of Scots who consider Gasparini's claim monstrous. She says she saw the beastie in April 1950.

Contest Winners Receive Rewards

Two members of the Sophomore Hi-Y Club received an expense-paid night out with their dates Friday night for winning the Hi-Y candy sales contest last November and December.

The winners were Charles Driver and Jackie Driver. They and their dates, Pat Irwin and Gretchen Briden, were treated to dinner and a movie.

Sophomore Hi-Y members earned a profit of \$137 through their candy sales. The money is being used in YMCA World Service and other projects.

Baptist Mission Beginning Revival

The Settles Baptist Mission is beginning a revival meeting today with the Rev. L. D. White, Houston, as evangelist.

There will be services at 11 a.m. and 7:30 p.m. today and a week from today, and at 7:30 each evening this week. The pastor, the Rev. H. D. Beck, will lead the singing and Mitzy Shirley will be the pianist. Services will be at the mission house at 19th and Settles. The Rev. White has been a pastor and evangelist for 50 years.

New Stop System At 18th-Goliad

The city will put a new traffic pattern in operation at 18th and Goliad Monday morning in an effort to give more protection to pedestrians.

Roy Rogan, city electrician, said that the new pattern will provide for a period when cars traveling in all directions will be stopped. This will give school children more time to cross the streets—and the city hopes—in a safer manner.

City policemen will be present Monday to help the students as well as motorists passing that way to become accustomed to the change.

THE WEATHER

WEST TEXAS	Fair and warmer Sunday; Monday partly cloudy; cooler Panhandle and South Plains.
NORTH CENTRAL TEXAS	Fair and warmer Sunday; Monday partly cloudy and mild.

Scout District Among Top In Council Area

Scouting activities in the Lone Star district ranked above the average for the Buffalo Trail Council in most categories in 1958.

However, the district was weak in holding membership over a long period of time. It was also among the lower half in top unit leadership trained.

These were among facts developed at the annual council review held last week in Odessa. On hand to hear the report were District Chairman Jack Alexander, Dr. W. A. Hunt, Bill McRee, Sam Anderson, Dr. Clyde Thomas, Dr. Fabian Gomez, Cliff Epps, Sherman Smith and W. C. Blankenship. Jack Maddox, Hobbs, N. M., regional chairman, and Bob Glew, regional executive, made the critical analysis of the council's operations.

In executives per 100 annual boy crop, the council was in the upper quartile. It was in the second quartile of dollars per 100 annual boy crop; in the third quartile with advancement and in the fourth with camping, units per employee, commissioner service and units holding annual review.

Less than half the unit leaders in this district—composed of Martin, Howard, Glasscock and Sterling counties—have been trained, about the same as the council average. The district was second in long term camping, second in units per 100 boys, third in boys per 100 boy population to register. The district ranked right near the top in Cubs registered and in Cub units. Registration of Scouts were second best in the council, tied in the number of troops. The same was true for Explorers. But in boys dropped, the district was on the downside.

Retail Grocers Slap Hard At State Sales Tax

AUSTIN (AP)—"Direct and vigorous" opposition to a general sales tax was voiced Saturday by the Texas Retail Grocers Assn.

The association also came out against a gross receipts tax.

"We do not believe that Texas has reached the stage where it must resort to a so-called 'broad-based' tax that strikes hardest at the merchant with a small margin of profit and the consumer with a large family to support," said Jerry Johnson of Waco, executive vice president of the association.

He said Texas was "one of the last strongholds" against a general sales tax or an income tax.

A resolution approved by the association's directors said that sales taxes are costly to administer and that exemption of foods "is a deception because of the high cost of record-keeping and accounting personnel that would be necessary."

"A gross receipts tax is the most dangerous and destructive tax ever devised for the retail trade, taxing gross intake without regard to operational costs," the resolution said.

Sign-Up Brisk For DE Class

Registration topped 60 Friday and Saturday for the summer driver education classes, according to C. W. Tanner, instructor.

However, students of Big Spring schools as well as surrounding areas may still register, he said.

Tanner held registration periods both Friday and Saturday afternoons, and 64 students signed up for the course during that time. In the two-hour period Friday, 48 youngsters signed up, he said. Last year 84 registered.

Tanner said that during the next two weeks, it would be best for students interested to contact him at home. Students at Coahoma and other surrounding schools are invited, too, since a new class is being opened up.

The lecture part of the course will be held from March 31 to May 21, and this will enable students to have all time during the summer for actual driving.

Classes will meet twice weekly, on Tuesdays and Thursdays from 7:30 p.m. for the lectures beginning March 31.

Any junior or senior high student over 14 is eligible to take the driver course, said Tanner. A charge is made for the summer instruction.

WIND UNCOVERS BURIED BOOZE

LAMESA — Officers nodded assent today that "it's an ill wind that blows no good."

But a Post resident could curse Friday's sandstorm. It got him charged with possession of intoxicating liquor.

Presumably running a load of contraband spirits through dry Dawson County, the man's car got stuck in a sand dune 10 miles north of here. Officers surmised he buried his load in the sand about 200 feet from the car in an effort to save it.

Sure enough, they found 153 quarts of beer, 60 pints of wine and 24 half pints of whisky neatly uncovered by the storm.

Wind Knocks Out Traffic Signals

High winds caused damage to the city's traffic signal system downtown Friday, and one segment of the lights were out for 24 hours before the trouble could be found.

The lights went out about 2:30 p.m. Friday and since all lights downtown operate off a single controller, all went out at the same time.

The city electrician, Roy Rogan, was able to find all the trouble in the system east of the city hall and in about 15 minutes was able to get the lights west of there back in operation.

However, it took until about 2 p.m. Saturday to trace out and repair the damage in the lighting system east of Nolan. Two short circuits were found in the system, said Rogan.

Committee Chairmen For Drive Named

Chairmen have been named for three committees to help promote the Chamber of Commerce dues adjustment and membership enlistment campaign next month.

They are Roy Worley, contests and prizes; Cliff Fisher, prospects and ratings; and Sam Burns, general arrangements.

Several contests will be conducted and various prizes will be awarded, Worley said.

CARD OF THANKS

We wish to thank our friends, neighbors and the Church of Christ of 14th and Main for the food, flowers, and kind words, when we lost our wife, daughter, sister and mother, Gladys Camp.

More Slot Probes Before Committee

WASHINGTON (AP)—A Senate Labor-Management Committee spokesman said Saturday the group will expose how mobsters sometimes have played one labor union against another in schemes to milk huge sums from businessmen.

Chief counsel Robert F. Kennedy said the story will emerge from hearings starting Monday on jukebox and vending machine rackets in New Orleans, Los Angeles and Miami.

The committee's announced objective is to unmask what it calls a nationwide plot by underworld barons to muscle in on legitimate coin-operated machine enterprises to extort protection payments from some operators and take over the entire business of others.

Kennedy said the illicit take amounts to millions of dollars.

The hearings resuming here Monday afternoon will focus first on New Orleans and the operations of the brothers Carlos and Vincent Marcello.

WITNESSES AFRAID

The old Senate Crime Investigating Committee contended in 1953 that Carlos Marcello was a man with a record of many arrests and only three convictions, largely because witnesses feared to testify against him.

Kennedy said the committee will switch attention Tuesday to what he termed a fight for power between two big cigarette vending machine distributors in California. He said the senators want to know whether Mickey Cohen and Joe Sica of Los Angeles had any part in these difficulties. He declined to name either company at this time.

In another phase of the California inquiry, Kennedy said, he expects evidence to show that gangsters whom he would not name played Teamsters Union leaders against officials of the International Brotherhood of Electrical Workers in Los Angeles and San Diego.

The objective, he said, was to form an alliance with the Teamsters and squeeze out the IBEW as a collective bargaining factor in the coin machine business in those areas.

The committee plans to shift its attention Wednesday to coin machine rackets in Miami, Kennedy said.

Three Injured As Car Overturns

Three Snyder men were slightly hurt when their car overturned about 15 miles north of here Saturday night.

There was no other car involved in the accident.

The three, Dearl W. Hambrick, 26; Thomas L. Waddie, 22; and Harry Johnson, 44, were taken to Snyder for treatment but were not admitted to the hospital.

Hambrick was driver of the 1948 Ford and was coming toward Big Spring at the time of the accident. Hambrick told highway patrolmen that when a shock absorber on the car broke, he momentarily lost control of the car. It went into a ditch and overturned.

Last Rites Said Here Saturday For Mrs. Light

Last rites for Mrs. Eva Kate Light, 88, were held at 10 a.m. Saturday in the Hald-Pickle Funeral Chapel.

Mrs. Light came here in 1956 from Waco, and she had been in failing health for the past two years. She died Friday in a hospital. She was born Feb. 14, 1871 in Macon, Ga.

Services were conducted by Dr. Jordan Grooms, pastor of the First Methodist Church, and burial was in the Trinity Memorial Park.

Surviving her are one daughter, Mrs. E. R. French, Big Spring, and one granddaughter, Mrs. Roy Roseme, Big Spring; and two grandchildren.

Palbearers were J. O. Hagood, the Rev. C. W. Parmenter, Ted Hull, Bill Birrell, Sonny Rose and W. L. Thompson.

Mrs. Bruton Named Midway P-TA Head

Mrs. C. R. Bruton has been elected president of the Midway P-TA for the 1959-60 term.

Other officers selected at the Thursday meeting of the unit were Mrs. Lee Nuckles, vice president; Mrs. M. I. Craft, secretary; Mrs. Bill Rainey, treasurer.

The P-TA voted to give three record players and four albums of music to the school as its project for the year.

Mrs. Bruton and Mrs. Craft were named as delegates to the district conference in Sweetwater April 17-18. Devotion for the meeting was furnished by Mrs. M. D. McFall, and Mr. Morin, government instructor at Coahoma, was the speaker.

Rites Set Today For Mrs. Coffey

Funeral for Mrs. Fogg Coffey, 92, great-grandmother of C. W. Tilley, Big Spring, will be held at Sterling City at 1:30 p.m. today.

Following rites at the Baptist Church there, the remains will be taken to Paint Rock for burial at 4:30 p.m. beside the grave of her husband, Fogg Coffey. She had lived in Concho County since 1883 but moved to Sterling City in 1939, after her husband died, to make her home with a daughter, Mrs. George Gann. Arrangements are in charge of Lowe Funeral Home.

Train Crash Kills Ten

Eight girl scouts and the mothers of two of them were killed when their station wagon collided with a Pennsylvania fast freight train near Xenia, Ohio. Demolished car is shown in field where it came to rest. Occupants were returning from a scout meeting. Cross arms (upper left), indicate spot where car was hit. (AP Wirephoto).

'Chester' Isn't Really Chester Off-Camera

By BOB THOMAS
AP Motion Picture Writer
HOLLYWOOD (AP) — About Dennis Weaver, who plays Chester on "Gunsmoke":
No, he does not have a real limp; he was a track star at the University of Oklahoma.
Yes, he was born in Joplin, Mo., but he doesn't speak with Chester's twang in real life; he has been a Broadway actor and his diction is dandy.
Now that those oft-asked questions are out of the way, we can get down to business. And Weaver's business is good, thank you. He is one TV Western actor who is happy with his lot.
"Gunsmoke" has been good for me, both in a financial and a career way," he said cheerfully.
"I've been able to make some investments. I'm in on a hotel project in Palm Springs and plan to build a bowling alley.
"Besides doing the show, I've been able to make personals at county and state fairs, rodeos, etc. I'm recording a couple of tunes for Fess Parker's new record

company. I'm not worried about being typed as Chester. During my vacations from "Gunsmoke" I've been able to do entirely different roles on Playhouse 90 and in "Touch of Evil" with Orson Welles.
"He is so pleased with the show that he signed a new deal with the producers. He is set for two more years as Chester.
Weaver's happy feeling toward the show is unusual when you consider his introduction to it. He thought he was going to play Matt Dillon.
"That was the kind of role I

had always played," he said. "I was kind of disappointed when they asked me to do Chester instead. But the showed seemed to have so much promise that I took it. I figured it was better to be second banana in a hit series than to star in a second-rate Western."
Coahoma Holidays
COAHOMA — Schools here will be dismissed two days for the Easter holiday. Supt. H. L. Miller reported. There will be no classes Friday nor Monday, March 30.

Lamesa Church Is Planning Library

LAMESA—A memorial library of religious books is to be established by the First Methodist Church here.
A library committee has been named to make a study of the immediate needs of the church and

the cost of providing necessary books to form a nucleus for the library.
Mrs. W. K. Crawley has volunteered to work with the library; the opening date and hours of operation are yet to be announced. When the list of desired books is complete, members and friends of the church will be invited to make contributions to the Memorial Library.

Big Gun Collection Includes Rare Weapons Of Many Types, Sizes

By WAYLAND YATES
One of West Texas' largest gun collections — an arsenal of old, rare and unusual weapons — has been assembled by a Big Spring man, Lester C. Wilbanks, fire prevention inspector at Webb AFB.
The most valuable gun in the collection dates back to George Washington's day. Many others were in common use during the Civil War period and throughout the last half of the 19th Century.
Wilbanks has been gathering the guns for 25 years, and now has 103 weapons in his big display room. The collection is the only one of any size he knows of in this area, but he hopes to get in touch with other gun fanciers.
"Maybe we could do some swapping," he says.
The loquacious fireman is an authority on practically all types of weapons, and has assembled a small library of catalogs on historic firearms.
A gun isn't necessarily valuable or a collector's item simply because it is old, he points out. Two factors determine the value of a gun — 1. scarcity, and 2. condition.

pistols with numerous unique features, including folding triggers.
The rifle assortment includes one of the old single-shot Springfield 45-70's with which Gen. Custer's troops were armed when they were annihilated by the Indians, better equipped with "Henry" repeating rifles. Another is the famous Winchester '73, patterned after the old Henry rifle.
One of the most unique is an 1805 "Kentucky rifle," which has as standard equipment many of the "modern" accessories which today's marksmen demand in a target rifle. It has a 40-inch barrel.
Another curious weapon is the Lebel rifle made famous by the French Foreign Legion. Wilbanks also has a 13-shot Swiss Vetterli rifle, made in 1891, with tubular magazine and bolt action. The Vetterli, he says, is the only rifle he knows of with that combination of features.
ALL SIZES
Shotguns are displayed in all sizes and in types ranging from cap and ball through pin-fire, rim-fire and center-fire cartridges. One of these was developed by Wells Fargo for its express guards. It has two 18 1/2-inch barrels.
The many firearms provide examples of the many types of bores such weapons have utilized during the past 150 years. Twisted steel barrels, brass-lined iron barrels, smooth bores and riflings made in various ways are included.
Wilbanks estimates his collection is worth about \$4,000 on the basis of catalog prices, but some of the guns are actually priceless because they no longer are available. The only known survivors of their types are either tied up in collections such as that of Wilbanks, or are tucked away in museums.
The local collector has invested little cash in his big assortment. Most of the pieces he traded for, or received in exchange for work he performed on guns owned by others. Some have been gifts.
He started the collection while a fireman for the City of Tyler about 25 years ago. He was a member of the Tyler force for 13 years, and held the rating of lieutenant when he left there. He moved to Fayetteville, Ark., in 1942, worked for a short time there and then joined the government as a fire prevention inspector.

LONG-BARREL COLT .45
Canadian Mounities used this

him opportunity to enlarge his gun collection. Many of the items he secured while working at Ogden, Utah. Others came from California, Arizona, Colorado, and other states.
Wilbanks has worked at Webb since March 1, 1952.
While he and his wife, Callie, elevator operator in the Permian Building, frequently take their pistols out for target practice, Wilbanks says he never hunts. He doesn't like to kill anything.
Mrs. Wilbanks, who likes only hand guns, is a crack pistol shot and often chalks up scores higher than her husband's.
Wilbanks has accumulated quite an assortment of other antiques in his long quest for unusual guns. Among them are an early Edison cylinder-type phonograph which still plays perfectly; a large number of records for the machine;

ACC Adds Graduate History Department

ABILENE — Approval has been given for the addition of the department of history as the ninth department of the Abilene Christian College graduate school.
Effective in September of 1959, graduate students may apply for work leading to a master of arts degree with a major in history. General requirements will be 30 semester hours of graduate work including a master's thesis.
The addition of history now gives the Graduate School a total of nine departments. The others, added since the Graduate School was set up in the summer of 1953, are: Bible, biology, business administration, chemistry, education, mathematics, physics and speech

Six Candidates

COAHOMA—There are six candidates for election to the Coahoma school board April 4. They are H. L. Abernethy, Marion Hays, Troy Roberts, J. R. Bales, Quinton Reid and H. C. Wallen.

The wider the track...
the steadier the stance...
the better the ride!

THE ONLY CAR WITH WIDE-TRACK WHEELS
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens the stance, not the car. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

Slide in behind the controls of this gorgeous automobile, pull away and feel what happens—or doesn't happen—at the first curve or corner. Less lean. Less sway. Wide-Track Wheel design is the reason. No other car, only Pontiac, has it. The wheels are five inches farther apart. This widens the stance but not the car. You're steadier, balanced, more secure. Narrow track cars can't match it. This is a big year for Pontiac—with many more to come. It can be your big year, too. Get a bright new Wide-Track Pontiac from a dealer and take it out for a drive today.

The Man who Appreciates the Finest

BUYS HIS WIFE GAS APPLIANCES!

Elegance in one word... Chinchilla! The man who understands the language of quality is the kind of man who wants his wife to have a new built-in GAS Range. Like chinchilla, it bespeaks quality at a glance! Beautiful finishes and styles fit the decor of the most fashionable kitchen. But the real language of quality is a language of results! A modern built-in Gas Range is so accurate as to add slide-rule precision to the art of fine cookery. Completely automatic, it takes over the routine chore of pot-watching. It places complete control in the hands of the cook, following her instructions to the letter. Yes, in every way (economy included) GAS gives you more. And where the finest is truly appreciated... GAS belongs.

Advocates Flexible Auto Rates

Vestel Lemmon, general manager of the National Association of Independent Insurers, points to a map chart which shows the difference between rates in some Texas cities as compared to those in neighboring states. Lemmon testified before the House Insurance committee meeting in Austin on the automobile insurance rates. (AP Wirephoto).

Texas Counts Heavy Losses In Wake Of Spring Blizzard

By The Associated Press
The tornadoes, hurricane-force winds and near-blizzard which raked parts of Texas Friday fled the state Saturday. Behind them they left destruction, injuries and suffering. But the moisture that accompanied the storms caused farmers to smile.
The weather calmed down Saturday after Friday's turbulence. The state generally was fair to partly cloudy.
Exceptions to the calm and pleasant but cool weather occurred in East Texas where winds up to 40 m.p.h. swept the area for a time Saturday; the Lower Rio Grande Valley, where some dust lingered; and the Midland, Odessa and Big Spring areas, where snow flurries occurred.
The near-blizzard occurred in the Texas Panhandle, particularly in the upper portion. Snow up to 5 inches drifted 3 feet high in places.
HIGHWAYS CLOSED
State authorities closed all highways north of the Canadian River in the upper Panhandle for a time because of drifts. But road crews, some working through the night, opened all main highways by daylight.
The snow line dropped as far south as the South Plains.
The wind blast of hurricane strength occurred at Borger in the upper Panhandle. An airline observation office there recorded 65 m.p.h. Winds above 50 m.p.h. struck much of Western and Northeast Texas.
The ripping winds blew a plate glass window from a business building at Littlefield, damaged the Muleshoe Country Club and tore the front from a Brownfield building. They knocked down two walls of a building under construction at Lubbock.
At Brownfield, power failed for about three hours. Perryton, high in the Panhandle, had no power most of the late afternoon and night.
The high winds kicked up a pall of dust that extended from the Lubbock - Midland - San Angelo Junction area to Dallas, Austin, and the lower Rio Grande Valley.
The tornadoes struck north Central Texas around Bonham and in far northeast Texas in the Marshall vicinity.
Mayor George Bowers of Tenaha reported that about 22 homes suffered damage at the community of Paxton, near Tenaha. He said the tornado unroofed numerous houses and blew down telephone and power lines. Debris blocked some streets. The mayor said persons unable to return to their homes spent the night with friends and relatives.
At Marshall, 40 miles north of Paxton, a twister struck the outskirts of the city of 32,000. Elizabeth Thompson, 52, suffered a head injury from debris when a part of the roof of her home was destroyed. Curtis Latham, a policeman, sustained minor injuries when struck by a car as he directed traffic around debris in the streets.
Lightning started a fire in a Marshall Negro apartment house and struck at least three places in downtown Marshall.
A tornado destroyed or damaged five houses and six barns in North Central Texas around Bonham, north of Dallas.
Perryton newsmen said the snow was "wonderful for farmers." Heavy rains accompanied the North Central and East Texas turbulence to improve farming and ranch prospects in an area that needed moisture.

School Absentee Balloting Light

Only two absentee votes have been cast so far in the forthcoming school elections on April 4, Pauline Petty, county clerk, said Saturday.
A row of ballot boxes and the assorted ballots for the trustee elections in the common school districts, some of the independent districts and for the county board of trustees, went into service early last week.

Returns Negative From Rabies Test Of Cow's Brain

Brain of a cow sent to the state laboratory last week by Dr. H. F. Schwarzenbach, veterinarian, did not show evidence of rabies infection.
The animal, according to Dr. Schwarzenbach, was from a Sterling County herd. It had all of the common symptoms associated with rabies and because of the reported outbreak of this disease in epidemic or near epidemic form in Coke County, the beast was killed and the brain sent to the laboratory for microscopic study.
So far, three head of cattle, all displaying exterior indications of rabies infection, have been checked by local veterinarians. None has been found by the state laboratory as being infected with the disease.

Spring Ushered In With Roaring Storm

Spring, in all its traditional glory emerged in Big Spring Saturday—making its appearance from behind a menacing cloud of brownish dust and ushered on to the scene by a cacophony of roaring wind.
Preliminary to its actual appearance on the stage, a few scattered snowflakes were sent drifting down. The temperature was lowered to a chilly 35 degrees.
By noon all preliminary pyrotechnics had ended, however. And Saturday afternoon was a beautiful example of how spring can behave if it wants to in this part of the midwest.
Friday, eve of spring's arrival, was utterly unlovely. The wind, predominantly from the northwest and building up at times to gusts of 51 miles an hour, pushed in towering clouds of dust and sand. The gale raged all day Friday until after midnight on Saturday morning and actually disappeared almost on the nose with the 2:55 a.m. occurrence of the vernal equinox.
Within an hour after the wind

had dropped, the heavy dust clouds had disappeared and visibility was restored from a low of a quarter of a mile in town during the day to unlimited extent.
Dawn itself was cloudy and chill and it was at this time that a few scattered flakes of snow drifted down.
Other than for coating the countryside in a layer of reddish sand and providing a long period of discomfort for those who had to be out in the open, there were no reports of any physical damage from the dust.
Outside of town, particularly to the west, the dust was so heavy as to make driving difficult and dangerous and motorcars plodded along with headlights glaring.
Two TV antennas collapsed in town, and crashed across power lines. Texas Electric Service Co. crews had to deal with these but otherwise the company reported the storm caused no other difficulty. No transmission lines collapsed and service was not interrupted.
There were reports that some of the traffic signal lights in town, subject to pendulum action, faltered. They were quickly restored.

Cabbies Yelp At Tax Plans

NEW YORK (AP)—New York taxi drivers aren't cursing the traffic these days. They're cursing a proposed 10-cent-a-ride tax.
A passenger hardly has time to slam the door and give his direction before his driver bellows about the tax—one of several approved by the Legislature to help the city balance its budget.
"It will ruin my business," driver wails.
"Tips will be nothing," another asserts.
Taxi owners are equally vehement. One company spokesman says the industry will "fight this unfair levy all the way."
Sarcastically, another owner inquired: "What are we going to do, put a tin cup under the meter so that the extra dime can be dropped in for the city?"
The tax probably will be collected by adjusting the meters on the city's 12,000 cabs so that the amount registered as the flag is dropped will be 35 cents for the first fifth of a mile. The meters now start at 25 cents.
This means all the meters will have to be recalibrated and approved by the Hack Bureau of the Police Department. The last time this was done was in 1952 when taxi fares were increased an average of 27 per cent.

Youths Complete Bible Marathon

DERRY, N.H. (AP)—Twenty-two members of the Youth Fellowship of the First Baptist Church Saturday completed a 19-hour, 40-minute marathon reading of the New Testament.
The boys and girls, aged 15 to 18, began the project at 3 p.m. Friday. Taking turns reading an hour at a time, they continued through the night.
The pulpit Bible from which they were reading is 284 pages long.
The Rev. Albert D. Bolster said the purpose of the project was "to create interest in reading the Bible."

'Epistles From A Roman' Bring Fresh Insight To Easter Story

What was it like that long ago day in distant Jerusalem when Christ was first honored, then betrayed, and finally crucified? "Epistles from a Roman," a series of Easter articles presented in the form of letters from a Roman officer stationed in Jerusalem, brings the classic scenes home to the modern reader with special impact.

Written by AP Religion Writer Tom Henshaw, the letters trace the changes in attitude worked upon by the unbelieving Roman, Valerius, by the gentle words and compelling look of the man from Galilee.

From this fresh vantage point, the events of the Easter story appear in an inspiring new light.

Henshaw, who writes one of the two regular weekly religion columns served by The Associated Press, explains his aim this way: "The Holy Land at the time of Christ was a province of the great Roman Empire. The Gospels are filled with references to Rome and men of Rome. Yet, with the possible exception of the Procurator

TOM HENSHAW
Pilate, Roman reactions to Christ and his message are vague.

on-the-spot to the events of Holy Week? Henshaw points out that it is fairly well established that the Romans of the time were losing their belief in the old gods, such as Jupiter and his capricious crew. Emperor worship was in its infancy. The Oriental mystery cults of Cybele and Mithras had not yet taken hold of the Roman imagination.

"With this in mind," the writer explains, "it is possible to create a fictitious Roman officer, name him Valerius, drop him into Jerusalem at the crucial moment and interpret the effect the powerful events of Holy Week might have made on his unbelieving mind."

And what better way is there for him to express his innermost thoughts and feelings than in intimate letters to a close friend or relative? In this case, it's an understanding father who receives these "Epistles from a Roman."

The first of the five articles in the series will appear Monday in The Herald. Be sure to watch for it.

Official Hits Claim Of Featherbedding By Union

Any "featherbedding" on the U. S. railroads is right in management's corner and cannot be charged against railroad workers whose productivity is steadily increasing, W. P. Kennedy, president of the 215,000-member Brotherhood of Railroad Trainmen, has declared.

Kennedy pointed out that in 1936 railroads had 1,800,000 employees with 16,000 of them in management. Today, 36 years later, there are 81,776 employees, and management's total is practically the same.

He took issue with Daniel P. Loomis, president of the Association of American Railroads, and others whom he said were making false charges that railroad workers were guilty of featherbedding (a practice of creating or requiring jobs where a need does not exist). On the contrary, claimed

Kennedy, rail workers have increased output per man-hour at this rate of output from 1949 to 1958, and the rate now is at an all-time peak.

Over a 60-year period productivity of railroad workers has resulted in nearly five times as many ton miles of transportation and nearly double the number of passenger miles. Compared with the 1937-41 period, the 1953-57 period showed a 14 per cent increase in passenger miles while employment declined 17 per cent, said Kennedy. These figures, he contended, showed that the causes of passenger train deficits must be somewhere other than in alleged high wages of railroad workers.

The Light That Failed-To Help

No use looking in the dark for loot. Thought one Negro on the North Side Friday night: "I'll just turn on the light."

The light caused him to get nothing in the burglary attempt, however.

The police were informed that a Negro entered the back of a house at 503 1/2 NW 4th Friday night, and turned on the light. An occupant in the front of the house screamed, and the Negro ran before he was able to take anything.

Name of the person occupying the house was not known by the police.

Bureau Talent Contest Held

LAMESA—Sharon Martin, Donna Kay Ross and an instrumental group from Ackery were the top winners in the annual Dawson County Farm Bureau talent show held Thursday night in the Junior High School Auditorium.

Sharon, 8, daughter of Mr. and Mrs. L. D. Martin of Lamesa, topped first place in the elementary division of the contest. Second place slot went Nicky Smith and Roy Hutchings whose entry in the talent show was a drum and piano duet.

The Junior division winner, Donna Kay Ross, 14, did a Charleston dance number. She is the daughter of Mr. and Mrs. R. D. Ross, and a student at Lamesa Junior High School. Second place winners were Van Allan Van Wie and Sabette Stephens, whose entry was a vocal duet.

The "Eagle-Lites" of Ackery who won the Senior division first place award are composed of Bryan Adams, Jeannene Carby, Joyce Franks, Buster Griggs, Dorothy Williams and Sandra Adams, accompanist. Members of the Chickasaw musical, Lamesa High School group are Harry Gunn, Lonny Castner, Don Duke and Earl Hatchett.

Three Killed In Car Crash

LUFKIN (AP)—Three persons died early Saturday when two cars collided south of here.

The highway patrol said the dead were:

Mrs. Arthur G. Winborn, 30, of Little Rock, Ark.; Mrs. Mary Ethel Savage, in her late 60s, also of Little Rock; and Walter McGee, 54, a Negro from Grand Canal, La.

Four persons were injured, three critically.

The Highway Patrol said Mr. and Mrs. Pearl Thomas of Biscoe, Ark., and Arthur Winborn, husband of the dead woman, were in critical conditions. Also injured was Mrs. Chester M. Hall, 30, of Little Rock. Her condition was listed as serious.

The Highway Patrol said McGee, driving along on U. S. Highway 59, tried to pass a pickup truck and collided head-on with the Arkansas car.

Lobbyists Report Spending Totals

AUSTIN (AP)—Registered lobbyists reported spending an average \$93.92 per legislator during February, official records showed Saturday.

More than 3,500 persons have registered as being interested in having direct communication with their lawmakers on proposed legislation. Many do not spend any money and don't file expenditure reports.

About \$17,000 was reported spent during February, according to sworn statements filed with the House clerk Dorothy Hallman. This compares to about \$5,000 reported during the 19-day period in January.

Some lobbyists said they thought the reporting was unnecessary under the law which went into effect this year.

Kenneth McCalla, Austin lawyer representing the Texas Railroad Assn., reported \$293.09, saying "I to comply with what I believe to be

Borden Fusselman Pool Adds New Well

The Texas Co. has completed another producer in the growing Good Southeast (Fusselman) field in the southwestern corner of Borden County.

In the northeastern part of the county, the O'Neill & Holbrook No. 1 Miller project was to take a drillstem test this weekend.

The Texas Co. 2-A-NCT-1 Clayton, about 13 miles southwest

GLASSCOCK PROSPECT HAS THIRD PROMISING SHOW

Operator on the Hamilton No. 1-16 Cole wildcat in Glasscock County found a third possible production zone on a test Friday.

The wildcat, about nine miles east of Garden City, was tested from 9,270-9,350 feet in the Bend Friday, with tool open 1 1/2 hours. Gas surfaced in 53 minutes but volume was too small to measure. Recovery included 10 feet of free oil, testing 36.2 degrees, and 150 feet of heavily oil and gas-cut mud. No water was found. Thirty-minute shut-in pressure gauged 1,089 pounds. Saturday operator drilled below 9,463 feet.

Earlier while drilling, the wildcat showed production possibilities in the Clear Fork and Perno-Pennsylvania. Location of the 10,000-foot exploration is 580 feet from south and 700 from east lines, 16-32-4s, T&P Survey.

Another Producer Assured BS Field

Although complete data could not be obtained, unofficial sources have reported that the Ralph Law No. 1 T&P-Ryan wildcat of Howard County has been completed for a good quantity of oil.

The well is less than a mile south of production in the Luther Southeast field and was finished from the Fusselman. Location is 1,980 feet from north and east lines, 34-32-2n, T&P Survey, and about 11 miles north of Big Spring.

It is bottomed at 10,030 feet with 5 1/4-inch string set on the bottom of the hole. No information has

WITH CHEAP OIL?

Soviets May Be Ready To Bid For European Markets

STOCKHOLM, Sweden (AP) — The Soviets are getting set with thousands of miles of pipelines to feed the north European market with low-priced crude oil.

Scandinavian sources said today the oil will flow from areas as far away as Baku on the Caspian Sea.

A Finnish trade delegation headed by Trade Minister Ahti Karjalainen which returned to Helsinki from Moscow this week confirmed that the Soviets have completed a huge transcontinental network to link the Caspian and Black Seas with the Baltic.

The Finns were offered Soviet oil "at a very favorable price," a spokesman said. The exact price was not disclosed.

Soviet technicians are putting the finishing touches on a modern port for tankers at Klaipeda (pre-war Memel), in Lithuania.

Another oil port is planned at Ventspils (Windau), on the Latvian coast of the Baltic.

Soviet oil sold to north Europeans in the past has had to come from the Black Sea by tankers on month-long trips via the Mediterranean, Atlantic and English Channel.

Swedish experts take the Soviet bid as a first sign of an oil-out sales drive in northern Europe.

They say the Caucasian crude which the Soviets offer to sell from ports a one day voyage from Stockholm and Copenhagen presently only is fit for heating purposes.

But the Soviets are building a refinery at Ventspils and they are expected to turn out gasoline there suitable for the Western market.

Swedish informants also have reported the rapid development of a large pipeline system for natural gas in the Soviet Union and its satellites.

The Soviets told Swedes at trade negotiations in Moscow some time ago they will be able to offer Sweden Ukrainian natural gas through plastic pipelines under the

Baltic Sea in a few years. Finland also has been offered natural gas.

Sweden has delivered \$1,400,000 worth of concrete pipes of a specially designed "gun iron" type to the Soviet Union for pipeline projects.

The Soviets are reported to have set as a goal a nationwide pipeline network with a capacity of 150,000 million cubic meters natural gas by 1965. The latest seven-year plan provides for the building of 18,000 miles of gas pipelines.

A 1,250-mile pipeline is planned to supply industries in the Urals with gas from wells at Uzbek.

Mandatory Import Control Program Stirs Criticism

WASHINGTON (AP) — The new program of mandatory controls on oil imports—long sought by independent U. S. producers—stirred a barrage of criticism in Congress this week.

But the import policy committee of the Independent Petroleum Assn. of America commended the Eisenhower administration's order for the stricter curbs as a constructive step.

Sen. George Aiken (R-Vt.) said the program would contribute to inflation, weaken national security.

Martin Venture To Begin Potential

Operator was trying this weekend to clean out the hole at Street No. 1 White in Martin County before taking production test of the wildcat. The project is three miles southeast of Stanton, 660 south and 1,320 from west lines. It was ready to be finished in the Strawn before the difficulties arose.

Drilling At Lowest Ebb In Basin Area

Drilling in the Permian Basin was at its lowest point in six months last week, with only 348 rigs turning.

Reed Roller Bit Co. counted the active rotaries on Friday, and the 348 found is the lowest total for the basin since 335 were in action on Sept. 19.

The count has been falling steadily since Feb. 20 when 379 were recorded. On subsequent weeks, the totals have fallen to 374, 366, and to 356 last week.

A brighter side is found, however, in that only 327 rigs were in action at this time last year.

Andrews County continued to lead the individual areas, with 42 rigs working at the end of the week.

Other counties reporting as many as 20 active rotaries include Ector with 27, Gaines with 21, and Pecos with 20.

Howard County showed 10 active units, down two from last week but still higher than any other time during 1959.

The totals per county as found

by Reed on its Friday count (with March 13 totals in parentheses) include Andrews 42 (46), Borden 9 (13), Brewster 1 (1), Cochran 5 (6), Chaves 5 (3), Crane 19 (23), Coke 1 (2), Crockett 2 (2), and Crosby 2 (1).

Also Culberson 4 (5), Dawson 3 (3), Dickens 1 (1), Ector 27 (25), Eddy 6 (11), Fisher 3 (2), Gaines 21 (20), Garza 6 (5), Glasscock 1 (1), Hockley 3 (4), HOWARD 10 (12), Kent 3 (3), Lamb 1 (1), Loving 6 (4), Lea 41 (38), and Lubbock 1 (0).

Others covered by the survey are Lynn 2 (3), Martin 3 (3), Menard 1 (1), Midland 9 (7), Mitchell 3 (4), Nolan 3 (3), Pecos 20 (16), Roosevelt 1 (1), Reeves 3 (6), Runnels 5 (5), San Miguel 1 (1), Scurry 4 (2), and Schleicher 3 (3).

Also Sterling 0 (1), Stonewall 6 (5), Sutton 2 (1), Tom Green 2 (3), Terry 2 (2), Terrell 7 (7), Upton 7 (8), Val Verde 1 (1), Ward 13 (11), Winkler 17 (20), Yoakum 9 (9), and Permian Basin in totals 348 (356).

Westbrook Pool Gets Producer

New wells have been added in the Westbrook and Iatan fields of Mitchell County, and a new site in the Iatan pool has been staked.

In the Westbrook field, the Humble No. 5 Bonita Phelan potentialized 95.75 barrels of oil and 20 per cent water in 24 hours. Gravity of the oil is 25.2 degrees. It is bottomed at 3,256 feet, with production from open hole reached at 3,150.

Location of the well is seven miles southwest of Westbrook, 1,980 feet from south and east lines, 48-29-1n, T&P Survey.

The Iatan East Howard well is Magnolia No. 50-A Foster about five miles southwest of Iatan. On 24-hour final test, after being fractured with 30,000 gallons, it pumped 81.20 barrels of 30.1-degree oil and six per cent water in 24 hours.

The well is 660 from north and 1,980 from west lines, 17-29-1s, T&P Survey.

Total depth is 2,850 feet, but it is plugged back to 2,816. Top of the pay zone is 2,554, and perforations extend from 2,554-708 feet.

Magnolia also staked the No. 54 Foster in the same field about four miles southwest of Iatan. It is 1,980 from south and 660 feet from west lines of the southeast quarter, 9-29-1s, T&P Survey. Drilling depth is 2,900 feet.

Nearby in the Fluvanna field, John Eisner staked the No. 3 Alice Williams. The site is 1,980 from south and 660 from east lines, 60-9-7, H&TC Survey, and five miles northwest of Fluvanna. Drilling depth is 8,500 feet.

Eight miles west of Fluvanna, the Texas Crude Oil Co. No. 1 Miller wildcat drilled in shale at 7,533-feet Saturday. The 8,800-foot project is CNE NE, 588-97, H&TC Survey.

Cosden No. 2 B Shortes, in the Arthur Spraberry field five miles east of Ackery, drilled at 3,219 feet at the end of the week. The location is 2,200 feet from north and 1,073 from west lines, 5-33-3n, T&P Survey.

A new well has been completed in the Northwest Justiceburg and a new project staked in the OS Ranch (Glorieta) fields of Garza County.

The new venture is Joe Blalock No. 3 E I. N. McCrary and is about eight miles north of Justiceburg. Drillsite is 2,233 from south and 2,806 from west lines, Section 2, Holmes, Driver & Long Survey, and it will penetrate to 2,900 feet.

The Smith & Breyer No. 15-B Connell Estate, eight miles northeast of Justiceburg, pumped 76 barrels of oil and 12 per cent water on final test in the Northwest Justiceburg (Glorieta) field. It is 1,650 from north and 2,173 from east lines, 159-5, H&GN Survey.

Total depth is 2,650 feet, and top of the pay zone is 2,554. Perforations stand from 2,558-70 feet. Potential test was taken after the well has been treated with 500 gallons of acid and fractured with 40,000 gallons and 20,000 pounds of sand.

Output Gains 8,200 Bbls.

AUSTIN (AP) — New wells this week brought an increase of 8,202 barrels in the daily oil allowable, the Railroad Commission said Saturday.

The daily allowable was 3,180,888 barrels compared to 3,172,686 a week ago.

Drillers completed 250 oil wells, 33 gas wells and brought in 3 oil and 1 gas wells on unproven territory. For the year, 2,435 oil wells have been completed compared to 3,279 a year ago.

Gas wells total 449 for the year against 528. Some 2,209 wells have been plugged in 1959 compared to 2,382 a year ago.

Cosden Explorers Making Progress

The Cosden No. 1 Hunt wildcat in Crockett County drilled past 2,584 feet this weekend. The 10,500-foot project is 1,980 from south and 660 from east lines, 2-1, GC&SF Survey, and nine miles southwest of Ozona.

In New Mexico, the Cosden No. 1 Mills penetrated to 1,243 feet Saturday. It is in the Allison field in the Saunders pool, Cosden No. 1-B State drilled below 200 feet.

The Cosden No. 1-Q Cowden of Ector County this weekend flowed back load after a frac job. It is at a depth of 5,797 feet.

Garza Field Gets Location

A new well has been completed in the Northwest Justiceburg and a new project staked in the OS Ranch (Glorieta) fields of Garza County.

The new venture is Joe Blalock No. 3 E I. N. McCrary and is about eight miles north of Justiceburg. Drillsite is 2,233 from south and 2,806 from west lines, Section 2, Holmes, Driver & Long Survey, and it will penetrate to 2,900 feet.

The Smith & Breyer No. 15-B Connell Estate, eight miles northeast of Justiceburg, pumped 76 barrels of oil and 12 per cent water on final test in the Northwest Justiceburg (Glorieta) field. It is 1,650 from north and 2,173 from east lines, 159-5, H&GN Survey.

Total depth is 2,650 feet, and top of the pay zone is 2,554. Perforations stand from 2,558-70 feet. Potential test was taken after the well has been treated with 500 gallons of acid and fractured with 40,000 gallons and 20,000 pounds of sand.

Parochial Pool Has Small Producer

In the Parochial Bude (Clear Fork) field of Sterling County, a small producer has been completed by R. B. Stallworth.

The new well is Stallworth No. 2 W. L. Foster and it pumped 10 barrels of 28-degree oil and 50 per cent water in 24 hours on potential. The test was taken after the hole was treated with 250 gallons.

WOMEN'S NEWS

The Big Spring Herald

BIG SPRING, TEXAS, SUNDAY, MARCH 22, 1959

NEWLY ELECTED DIRECTORS of the Big Spring Country Club will assist in receiving guests at the president's reception to be given at the club Sunday evening from 8:30 to 10. Plans are to make the presentation of the president an annual affair, and the Sunday gathering will be the first of its kind. Members may bring one guest couple, it has been announced. From left to right are Mr. and Mrs.

John Turner, Ell McComb, Mrs. Howard Schwarzenbach, representing her husband, who was unable to be present for the picture, Dr. and Mrs. Carl Marcum, Mr. and Mrs. Harrol Jones and Mr. and Mrs. Tom South, Maurice Koger, the seventh director and Mrs. Koger, were not able to appear for the picture. (Photos by Keith McMillin)

NAMED AS HONORED GUESTS at the reception to be given at the Big Spring Country Club this evening are Mr. and Mrs. R. H. Weaver, presidents of the club and of the Ladies Golf Association, respectively. Members are expected to call from 8:30 to 10 p.m. to greet the new officers and the directors of the country club, along with their wives, and the officers of the golf association. One local couple may be brought as guests by each member, it has been announced, out of town guests of members will be welcomed, also.

Country Club Adds Social Affairs

Initiating an increase in the social affairs for the Big Spring Country Club is a reception scheduled for this evening at the club. Members are invited to call between 8:30 and 10 p.m. to meet the new slate of officers and the directors of the club. Honored guests will be the new president, R. H. Weaver, and Mrs. Weaver, president of the Ladies Golf Association.

Listed for the receiving line and house party are the club's directors and officers with their wives.

Jack Cook is vice president; Neil Hilliard is secretary-treasurer. Officers of the Ladies Golf Association are Mrs. Bill Neal, vice president; Mrs. Milton Talbot, secretary, and Mrs. Don Newsum, treasurer.

Directors are John Turner, Ell McComb, Dr. Howard Schwarzenbach, Harrol Jones, Dr. Carl Mar-

cum, Tom South and Maurice Koger.

Plans for the gathering this evening have been made by Mrs. Harold Falbot, Turner, Mrs. South and Mrs. R. E. McKinney, members of the club entertainment committee. It has been announced that each couple may bring one local couple as guests to the reception.

Assisting with the serving will be Mrs. Ed Swift, Mrs. E. P. Driver and Mrs. K. H. McGibbon.

Future plans for activities at the club include a family night slated for the third Tuesday of each month. Dinner will be served and will be followed by games of bingo. Members, their families and out of town guests are invited for this occasion. Plans are for putting contests to be added to the fun of these evenings in May

when the weather is more settled and warmer.

Holiday dances are slated during the year, with the highlight of all the tea dance on the afternoon of New Year's Day. Christmas holidays will bring a formal dance, and other dances are to be held at the change of seasons, with a dance scheduled for members and visitors during the golf tournament in September.

Throughout the year, the club will arrange dances for the students home from college and the high school crowd; the junior high set and teen-agers. Swimming parties and barbecues for children of members will also draw their share of attention, according to plans in the social calendar.

Saturday afternoons will find members gathered for hors d'oeuvres in the club house.

As is usual, the women of the club have each Tuesday set aside

for their day to visit the club, play golf, bridge or pursue any other activity. Bridge games are being planned by members of the Ladies Golf Association, with arrangements to be announced at a later date.

The women gather for luncheon at the club on the first Friday of each month, playing golf or card games after the affair. The association has been instrumental in making improvements in the club and in furnishing many of the appointments necessary for more attractive serving of dinners, lunches, teas and other parties.

Among the articles bought by the group are linens for the large serving table and matching cloths for the smaller tables; copper chafing dishes, a coffee server and other serving pieces. Latest addition to the club is the silver punch bowl and ladle to be used for the first time this evening.

IN USE FOR THE FIRST TIME will be the silver punch bowl and ladle being inspected by Mrs. Ed Swift, at left in picture and Mrs. E. P. Driver. The two will be at the tea table Sunday evening when a reception will be given honoring R. H. Weaver, incoming president of the Big Spring Country Club. The bowl and ladle were purchased by members of the Ladies Golf Association for use at various social affairs of the club and is just one of many attractive accessories which the group has presented to the club. Other additions made possible through the efforts of the association include table linens, silverware, copper serving dishes and matching coffee server and a tea cart.

AN INCREASE IN SOCIAL ACTIVITIES is being planned by the trio in the picture above, who made arrangements for the reception to be given this evening at the Big Spring Country Club. Chairman of the entertainment committee is John Turner; assisting him will be Mrs. Tom South, left, and Mrs. Harold Tal-

bot. Mrs. R. E. McKinney is a member of the group, but was not present for the picture. Included in plans for the coming year are the family night supper and bingo games, set for the third Tuesday of each month; dances on various occasions, a bridge tournament, swim parties and barbecues.

Black, White

Willow Green

Black-and-white checked suits are important this spring, and their perfect companions are these mid-heel pumps in a combination of white calf and black patent leather with minute T-strap, designed by Degas.

A shoe to match or contrast with an Easter outfit is this opera pump with stiletto heel and pointed toe, in two tones and textures of leather. Body is willow green suede, tip and heel are darker luster leather.

Suit Shoe

Chocolate brown aniline dyed calf is trimmed with bigging and heel of black matte calf in new pumps designed by David Evins on modified "Halo" last.

Red Shoes

Glove-soft leather in brilliant red is used for this comfortable shoe, unlined and elasticized, with elongated pointed toe and smart baby Louis heel.

Report Made On Sale Of GS Cookies

A report on the conclusion of the cookie sales recently carried on by the Girl Scouts, reveals a total of 5,818 boxes of the cookies sold in the district. The group selling the largest number of boxes was Brownie Troop 210, with leaders, Mrs. Robert Weaver and Mrs. Harold Woods. They placed 372 boxes. Hazel King of Girl Scout Troop 207 was reported to have sold the most of any of the girls, with 81 boxes to her credit. Troops keep three cents from each box sold and the remainder goes for work of the West Texas Council. Funds this year will be used for the building of a crafts lodge at the Girl Scout Camp near Sweetwater, Camp Boothe Oaks, it was announced.

GS Meeting Date Changed; Brownies Study For Fly-Up

When Girl Scouts of Troop 207 met Friday afternoon for a called session at Airport School, it was decided to change their meeting date from Thursday to Tuesday. The girls continued their work for application on the art badge and were dismissed with the Girl Scout promise. Mrs. Ernest Miller is the leader of the troop.

Meeting at the school Friday afternoon, Brownies of Troop 210 worked on their studies in preparation for the fly-up ceremony, which will be held in May. Girl Scout laws were discussed and practice in folding the flag was carried on. The Brownie song was the dismissal routine, and refreshments were served to nine by Nancy Diez. The girls are members of the troop selling the largest number of cookies during the GS Cookie Sale, having placed 372 boxes. Leaders are Mrs. Harold Woods and Mrs. Robert Weaver.

Texas Day Marked By The Woman's Forum

A Texas Day program was brought by Mrs. Harold Davis for The Woman's Forum Friday afternoon when Mrs. D. D. Dyer and Mrs. Joe Pickle entertained at the Pickle home. The speaker noted that whether Texans know it or not, they carry something with them wherever they go about the nation, or for that matter, throughout the world. This special little something is the way they use the words everyone else knows, but no one puts together just like natives of Texas. To illustrate her observations, Mrs. Davis read from a book, "Sure Enough, How Come" by F. W. Van Emden, a woman born in Holland who learned English in England; relearned it in New York, and then came to Texas and started all over again. Some of the phrases Texans used that confused the author included, "Is That So", "I Sure 'nuff Did, Fix 'n' to, Fix a Meal, etc."

During the business meeting, Mrs. Lucian Jones reported for the nominating committee, and the officers were elected by acclamation. Elected were Mrs. W. N. Norred, president; Mrs. Clyde Thomas Jr., vice president; Mrs. Charles Harwell, recording secretary; Mrs. J. G. Lewis, treasurer. Mrs. Norred asked members to bring to the April meeting suggestions for a course of study for next year and also to be prepared to discuss the present project at the Big Spring State Hospital, the Fashion Shop, as a continued activity. A salad luncheon will be held at 1 p.m. on April 17 at the home of Mrs. Cecil McDonald.

Members were reminded to make their reservations for the Federation Day luncheon of the Forum group by April 18 with

Mrs. Don Wiley. The luncheon is to be at the Desert Sands at 1 p.m., April 22. Two petitions were presented for study. One concerned a better system for licensing drivers and the other was one proposed by the City Federation asking that all fund drives be conducted by one agency such as the United Fund. Refreshments were served to 21 members and the guest speaker.

Eager Beaver Club

Sewing and chatting were the afternoon diversions of the Eager Beaver Club when Mrs. J. L. Swindell was hostess for the group on Friday. Mrs. J. E. Swindell joined the members as a guest. Mrs. W. O. Washington will be the next hostess, it was announced.

ART ENTRIES INVITED FOR C-CITY SHOW

Local artists have been invited by the Hesperian Daughters Study Club of Colorado City to participate in the art exhibit being held April 4 at the Civic House in Colorado City from 1 to 9 p.m. There will be a number of divisions to accommodate various media, and a juvenile division will be included, it was announced. Entries will be accepted at the Civic House Friday from 2 to 6 p.m.

Shoes Step Out In Easter Hues

By DOROTHY ROE
AP Newsfeatures Writer

Women will step brightly this spring in the most brilliant array of colored leather shoes ever to season fashion.

As spring suits and hats take on rainbow hues this year, shoes follow suit in all colors of the spectrum—greens, reds, blues, pinks, even orange tones.

Shoes that will step out with new suits, afternoon dresses or evening gowns continue to have the elongated look of the pointed toe, although there are some modifications in a slightly flattened vamp, with the extreme point slightly clipped or squared. The laced squared toe also is a new treatment for tailored and leisure shoes.

Heels also take on new variety. The high needle heel is still with us, but also available are other shapes—the flat squash heel, the stacked leather heel, the baby Louis heel and the deeply curved French heel, almost spool shape.

It is in leather colors and textures that shoes make news this spring, however. Two-tone combinations are newly important for both street and dress wear. Tailored pumps often have toe and heel in contrasting color and texture, such as a white calf shoe with black patent leather trim, or one of colored suede with toe and heel of slightly deeper toned polished leather.

For cocktail and evening wear color insets or contrasting bands are often used. The new colored leather shoes may exactly match the costume, or may provide a note of contrast. For instance, a suit of muted green might be worn with shoes of lemon yellow or platinum pink, as well as with such neutrals as bone or cottonwood.

The city suits of black or navy are perfect foils for brilliant color accents, such as bright red shoes and handbags.

With shoe silhouettes simple and clean of line, the new colors and leather textures take on more importance. This spring women may choose almost any hue of shoe in a variety of leathers—calf, kid, suede, patent or reptile.

Coahoma Cafeteria Gives Four Menus

Because of the Easter holidays, which will begin Friday, the cafeteria at the Coahoma School has announced luncheon menus for only four days. This is what pupils will be served:

MONDAY: Pork sausage, green beans, creamed potatoes, milk, bread, butter, sirup, mincemeat pie.

TUESDAY: Kraut, wieners, English peas, French fries, milk, bread, butter, sirup, rice - raisin pudding.

WEDNESDAY: Pinto beans, cabbage, corn bread, butter, sirup, cookie and applesauce.

THURSDAY: Baked ham, vegetable salad, baked potato, cherry pie.

Piano Teachers To Sponsor Recital

Members of the Piano Teachers' Forum will present some of their students in piano recital this afternoon in the auditorium at Howard County Junior College. The public is invited to attend the program, set to begin at 2:30 p.m.

Included in those to play are Jamie Chavez, Kay Berryhill, Jenna Beth Clinkscales, Patty Goodman, Carolyn Underwood, Carla Gay Davidson, Mary Louise Boren, Beverly Peters, Kay Bettie, Terry Gault.

Also, Jan Jones, Tommy Erhardt, Phoebe Ann Rice, Dorothy Wheeler, Sandra Walker, Molly Goodman, Mary Thornton, Gloria Coker and Roger Hubbard.

Are They Even?

That's the question asked of her husband by Mrs. J. R. Shiner, 1723 Yale, as they continue the work of getting settled in their home into which they have just recently moved. The two pictures are the result of the hobby shared by both; the top one was painted by L. Shiner, and, not to be outdone, Mrs. Shiner prepared

the lower one to complete a pair. Work with oils and water colors is just one of several hobbies shared by the Shiners, who can show a lovely lamp made by the lieutenant and a figurine fashioned by Mrs. Shiner. The most prized possession is held by L. Shiner—it's Jimmy, who is 2½ years old.

Brother Acts As Cupid; Result--Our Newcomers

A brother who made like Cupid is responsible for the J. R. Shiner family, now residing at 1723 Yale.

When L. Shiner was stationed in Lake Charles, La., he was a friend of a flier from Minnesota and from him, the lieutenant learned of his sister, who was quite an artist.

Also fond of painting, our newcomer for this week corresponded with the Minnesota miss—"just on the subject of art." The two even sent pictures back and forth and wrote letters for three years.

A trip to her home town brought them together and a wedding was the result. A variety of hobbies is shared by the pair; they are both singers and hope to become members of a church choir. They are Lutherans.

Painting is another interest; both have been commercial artists at one time, but the chief interest

Mrs. Ruoff Given Party On Birthday

Mrs. Emma Ruoff was the honored guest at a coffee Thursday morning given in the home of her daughter, Mrs. Jeff Painter of Luther Community.

Guests arrived at the Painter home as a surprise to Mrs. Ruoff, who was observing her birthday anniversary.

Gifts were presented to the honoree and refreshments were served buffet style.

Ironing Cottons

Iron your dark cottons on the wrong side to prevent them from having a shiny appearance. They look their best when they have a dull appearance.

now is Jimmy, who is 2½ years old.

An unusual note is the fact that Mrs. Shiner is most adept in performing on the drums—several members of the family join her in the hobby. She remarked that there have been a few awards presented her for the activity.

Quite a spread is represented in the birthplaces of the three, with

Table Setting Is Study For Brownies

STANTON—Brownie Scout Troop 245 met Thursday at the home of Mrs. David Workman for a regular meeting.

The program was on setting the dining table. Alma Nell Mashburn served refreshments to eight members and Mrs. C. S. Bevers, Mrs. Workman and a visitor, Dennis Ireton.

Recent visitors in the home of Mr. and Mrs. J. H. Parrish were Mr. and Mrs. J. D. Shoemaker of Odessa and O. Parrish of Midland.

Mrs. Walter Graves visited in Knott with Mrs. Lewis Harrell.

Mr. and Mrs. Charlie Christopher have out of town visitors this week. Last weekend Mr. and Mrs. Christopher visited in Odessa with relatives.

Mrs. Jim McCoy is in California with her daughter, who has been a hospital patient.

Mr. and Mrs. Clayton Burnam spent the weekend at Lake Thom-

The Xi Alpha Beta chapter of Beta Sigma Phi sponsored polio shots for Martin County school children last week. A total of 725 shots was given, Mrs. Leo Turner, chairman said.

Mrs. Stanley To Head Nazarene Church MS

LAMESA — Mrs. C. R. Stanley was elected president of the Missionary Society of the Church of the Nazarene in a Wednesday evening session of the organization.

Other officers elected are Mrs. Lucian Wilson, vice-president; Mrs. Don Smith, secretary; Lucille Hale, treasurer; Mrs. Roy Huffaker, study secretary; Mrs. Shorty Hancock, publicity secretary.

These, together with the chapter chairmen, constitute the executive committee of the society.

Mrs. O. C. Maulle was leader for the mission study program devotion. Emphasis for the month is Easter Offering for World Missions, and this topic was presented by the Rev. William C. Emberton. The lesson was a study of The Cape Verde Island, given in the form of a play.

One gets the feeling (proudly) that she is happier with the weather here than in her former home—in spite of the lack of grass on the countryside and the sample sandstorm of March 14.

G-City Girl In Honored Group Today

GARDEN CITY — Theora Calverley, daughter of Mr. and Mrs. J. B. Calverley, is one of the students at Texas Tech, Lubbock, who will be honored today at the annual All-College Recognition Service.

The service is the occasion on which the college pays tribute to its students, who during the preceding two regular semesters, have contributed with distinction to the college in the fields of scholarship, athletics and leadership.

Theora was also honored by the Delta Psi Chapter of Sigma Tau Delta, national English honorary fraternity, and Phi Alpha Theta, national history honorary fraternity this year. She is doing her graduate work at Tech and is a member of Kappa Alpha Theta.

Mrs. Barber Returns From Uvalde Visit

COAHOMA — Mrs. W. T. Barber returned Tuesday from Uvalde where she visited her cousin, Mrs. Lee Weiback, who has been critically ill for several weeks.

Lonnie Anderson, son of Mr. and Mrs. Bud Anderson, and a senior in Coahoma High School made a trip this week to Ft. Sill, Okla., where he took examinations required for the entrance to West Point.

Mr. and Mrs. Bill Tinner visited this week in Lubbock with his brother, Mr. and Mrs. Charlie Tinner, and his sister, Mrs. Ethel Biggs.

Mr. and Mrs. Aca Tindol and family returned Wednesday from a weeks visit with his parents, the W. O. Tindols and her mother, Mrs. Bob Skinner, all of Terrell, Okla.

Mr. and Mrs. Eddie Anderson and daughter, Terri, and Mr. and Mrs. Clay Bedell and daughters, Carolyn and Marilyn visited the Carlshad Caverns last weekend.

MRS. JOHN FRANKLIN TURNER

Miss Curry Becomes Bride Of John Franklin Turner Friday

In an informal ceremony read Friday evening, Lua Helen Curry, daughter of Mr. and Mrs. Brandon Curry, became the bride of John Franklin Turner, son of Mr. and Mrs. W. P. Turner of Fayetteville, N. C.

The home of Dr. and Mrs. O. E. Wolfe was the scene of the wedding for their niece. The bridal party gathered before the fireplace, decorated on either side with seven-branch candelabra and fern and centered with an arrangement of Easter lilies.

Jack Hendrix, organist, accompanied Mrs. Doug Sellers of Abilene as she sang "Through the Years" and "Because" as pre-nuptial selections. The wedding party entered to the strains of Mendelssohn's Wedding March.

The bride was given in marriage by her father. She wore a ballerina length gown of silk peau de soie which featured a neckline outlined in Alencon lace flowers beaded with seed pearls. The fitted bodice, buttoned down the back with self-covered buttons, held the full skirt upon which were appliques of beaded Alencon lace. Long sleeves tapered at the wrist where they buttoned with self-covered buttons. The waist length silk nylon tulle veil flowed from a lace bandeau scattered with seed pearls. It was borrowed from a college classmate, Mrs. Sellers.

A yellow throat orchid surrounded by stephanotis was carried by the bride. In the bouquet was a handkerchief from the collection of Mrs. L. S. Patterson.

ATTENDANTS
Bridal attendants were Mrs. Kenneth Curry, sister-in-law of the bride, who was her matron of honor, and Mrs. Donald Denton,

who served as the bridesmaid. Both were dressed in white shirt waist style silk organza over tulle with three-quarter length sleeves. Their accessories were white and each carried a bouquet of yellow jonquils.

W. P. Turner was his son's best man and Donald T. LaBelle of Burlington, N. C., was a groomsmen.

Master Kenny Curry, nephew of the bride, was the ring bearer and his father, Kenneth Curry, lighted the tapers.

When the couple returns from a wedding trip to points in Texas, their home will be at 3405 Livingston in Fort Worth where the bridegroom is employed by Van Der Voort's. The new Mrs. Turner chose a navy silk suit with matching accessories for traveling.

Mrs. Curry wore a navy silk suit with navy and white accessories and Mrs. Turner chose a dress of bright island blue with navy compliments.

The bride is a graduate of Bob Jones Academy and University in Greenville, S. C. where she earned a B. S. degree in secondary education. She attended Hardin-Simmons University in Abilene during her junior year. She is a member of Zoe Altheia Literary Society. She will teach in a Fort Worth high school next year.

The bridegroom was graduated from Fayetteville High School and attended East Carolina Teachers College in Greenville, N. C. He was graduated from Bob Jones University with a B. A. degree and is presently enrolled in Southwestern Baptist Theological Seminary in Fort Worth. He is a member of the Basilean Literary Society.

Visitors in the G. A. Bridges home Thursday were Mr. and Mrs. Larry Spruill and daughter, Tim, of Mt. Pleasant.

Mr. and Mrs. Granville Graves and Terri have been in Gail and Vincent visiting relatives.

Mr. and Mrs. J. H. Parrish, formerly of Brownfield, have moved to Stanton to make their home. They are parents of Mrs. C. S. Bevers of Stanton.

T&P Council Adds To Fund For Society

Members of the T&P Ladies Safety Council added to the fund for the Society for Crippled Children and Adults Friday morning with a coffee.

Guests gathered in the Student Union Building at Howard County Junior College, where they were greeted by the officers of the council, Mrs. J. E. Flynn, Mrs. J. W. Forrester, Mrs. J. C. Cravens, Mrs. A. J. Conrad and Mrs. R. F. Fallon, who was at the register.

Members of the hostess group and the house party added corsages of white carnations to their spring frocks.

Alternating in serving and visiting were Mrs. A. B. Pachall, Mrs. H. F. Jarrett, Mrs. C. L. Richardson, Mrs. W. G. Wilson Jr., Mrs. H. M. Doan, Mrs. Clarence Percy, Mrs. J. P. Dodge and Mrs. M. C. Lawrence.

The table was decorated in an Easter motif with a rabbit in an arrangement of grass holding tiny baskets fashioned from egg shells. Winner of the hand-painted Easter egg was Mrs. Tip Anderson.

Stanton HS Choir Easter Cantata To Be Given Today

STANTON — Members of the Stanton High School choir will present an Easter cantata this evening at the First Baptist Church.

Mrs. Stanley Reid was hostess for the Stanton Home Demonstration Club Wednesday afternoon.

The program, Civil Defense, Health and Safety was discussed by Mrs. Reid.

Roll call was answered by members naming My Most Cherished Keepsake.

The next meeting will be held April 1, at the county agent's office. The program will be on etiquette.

The Stanton Odd Fellow Lodge members attending the meeting at Knott, Tuesday night were Walter Graves, Granville Graves, C. S. Bevers, H. L. Shipp, Clayton Burnam, Jim McCoy, and Charlie Christopher.

Visitors in the G. A. Bridges home Thursday were Mr. and Mrs. Larry Spruill and daughter, Tim, of Mt. Pleasant.

Mr. and Mrs. Granville Graves and Terri have been in Gail and Vincent visiting relatives.

Mr. and Mrs. J. H. Parrish, formerly of Brownfield, have moved to Stanton to make their home. They are parents of Mrs. C. S. Bevers of Stanton.

To Be June Bride

Mr. and Mrs. A. B. Mason of Coahoma have announced the engagement and approaching marriage of their daughter, Lee Ida, to Weldon Randolph Rainey. He is the son of Mr. and Mrs. Elmer Rainey, 810 East 13th. The couple will repeat vows in the First Methodist Church in Coahoma on June 13.

Cookout Arranged For GS Troop 34

Definite plans were made Friday afternoon by members of Girl Scout Troop 34 for the cookout to be held near Elbow on March 30.

The girls met in the home of their leader, Mrs. W. H. Booher and made a final check on the cookie sale recently held.

Ten attended the meeting and took part in the discussion of how to help with housework and assist other people. Refreshments were served following the dismissal with the Friendship Circle.

Mrs. Rosser Gives One-Man Art Show

Mrs. Bill Rosser and her mother, Mrs. Ruth Hickman of Ozona, have returned home after a visit to Cleveland, Okla.

The local woman presented a one-man art show Thursday in the Youth Center in Cleveland, where she was born and reared.

Sponsors of the show were Mr. and Mrs. W. E. Adams of Cleveland, uncle and aunt of Mrs. Rosser. Mrs. Adams is a reporter for the Cleveland American, weekly newspaper of the city.

Mrs. Rogers Is Luncheon Honoree

Mrs. Guy C. Rogers was presented gifts at a luncheon given for her Friday in the home of Mrs. O. F. Brandon, when Mrs. Bill Cheek was cohostess for the hospitality.

A pink and blue theme was emphasized in the flowers used as decorations and in the appointments for the buffet table. Guests were seated at seven quartet tables with similar decor.

Center of interest on the large table was a cake in the shape of a baby bootie; a corsage, with a tiny doll and stork was presented to the honored guest by the hostesses.

Assisting in receiving and serving were Mrs. Jack Starnes and Mrs. Ray Weir.

Got Her Figure Back

Eva Marie Saint feels that with proper exercise and controlled eating a girl can have her figure back in a few weeks after having a baby. Miss Saint is soon to be seen in "North by Northwest" a Hitchcock Production for MGM.

HOLLYWOOD BEAUTY

Regaining Figure After Baby Comes

By LYDIA LANE
HOLLYWOOD—Alfred Hitchcock delights in doing the unexpected and avoiding the obvious. He found an inhibited girl from Philadelphia named Grace Kelly and made her a star. Now he has put saint-like Eva Marie Saint into a woman of adventure role, and her co-star Cary Grant predicts she'll be a sensation.

"Wait until you see her," Mr. Hitchcock said, inviting me on the "North by Northwest" set. "I think you'll agree Eva is glamorous as never before."

"It was true. I found a new quality in her—an awareness of the power a woman possesses in knowing she is physically attractive and appealing to the eye. At lunch at MGM we discussed this."

Eva Marie laughed and said, "I feel like saying that this is where I came in." She explained that at school she had been voted the fraternal dream girl, May Queen and the prettiest girl in her class.

"But even then, Eva reminded, 'I wanted boys to take me out because they enjoyed my company. When I went to New York to become an actress I didn't want it said of me. 'She's beautiful, but she can't act.' So perhaps I went overboard in the other direction. But now that I feel I don't have to prove anything any more, I'm not afraid of glamour."

Eva Marie slipped off her pumps, ones with Italian heels and pointed toes.

"I learned in New York what can happen when you neglect your feet. I used to walk miles every day when I was making the rounds of producers' offices. Young girls at that time wore those flat ballet slippers. So did I, but I never associated these with the awful backaches I developed."

"Finally I went to a doctor. He told me my arches had fallen from walking on the hard pavements without supports and that I should get a pair of corrective shoes. They felt wonderful, but they looked so awful I used to pray for rain or snow so I could cover them with galoshes."

"I learned during pregnancy," she went on, "that the most relaxing thing I could do was to lie down with my feet propped up a little higher than my head."

Eva Marie showed me a picture of her baby Laurette and said, "She weighed eight and a half pounds, but three weeks after she was born I was having fittings for this picture I'm now making."

"What is your secret for getting back into shape so fast?" I asked.

"I believe in controlled eating during pregnancy and being conscientious about exercises before and after the baby is born," she told me.

"I took a maternity course, and part of our training was an exercise class for expectant mothers," she continued. "It was especially designed to help those who wanted a natural childbirth. I went for three hours, twice a week, and we really had a workout. Here we were, a room full of expectant mothers doing routines that were much more strenuous than we would dare do alone. But I felt wonderful as a result of them."

"They had us rolling on the floor and raising our legs in the air for the bicycle exercises and doing all sorts of stretching. Long ago peasants who worked in the fields had no trouble bearing children, and modern doctors realize that you have a much easier time if you use your body. But," Eva Marie added, "exercise at this time should be carefully supervised."

"After the baby was born I worked at home alone. It's so easy to procrastinate, but the whole point is to set aside a special time for working out and not to allow anything to interfere. When you delay and let the sag set in, your muscles don't respond to toning as easily. It's best to start early enough so they'll spring back into shape," she concluded.

REGAINING YOUR FIGURE AFTER CHILD BIRTH

If you are expecting a baby or have recently had one, you'll want this leaflet on post-natal exercising "Regaining Your Girlish Figure After Child-Birth." Leaflet M-9 is designed for those who truly want to get back to normal weight and measurements. For your copy of this vital leaflet, send only 10 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald.

Born to Mr. and Mrs. Jerry Don Stephens, 1111 W. 2nd, a boy, Darrell Monroe, at 7:42 a.m. on March 19, weighing 7 pounds, 8 ounces.

Born to Mr. and Mrs. Billy Joe Kipatrck, 1401 Robin, a daughter, Shelia Kay, at 3:45 p.m. on March 18, weighing 5 pounds; 4 ounces.

Easter Is Noted By Cafeterias

An Easter luncheon will climax the week's menus for the school cafeterias, with Thursday the last day of work for the pupils. Here is what has been planned for the four meals:

MONDAY: Elementary: Hamburgers; High School: Smoked ham, country style green beans, imperial pear salad, strawberry shortcake, hot rolls, chocolate milk.

TUESDAY: Meat balls and spaghetti, mixed greens, carrot-raisin salad, hot biscuits, apple-sauce cake, chocolate milk.

WEDNESDAY: Pork sausage, buttered potatoes, carrot, onion, lettuce salad, butter fingers, jello with grapefruit sections, chocolate milk.

THURSDAY: (Easter Dinner). Fried chicken with gravy, mashed potatoes, buttered peas, grapes, hot rolls, chocolate milk.

Birthday Party For Sylvia Ann Sulak

Sylvia Ann Sulak marked her third birthday anniversary with a party at the home of her parents, Mr. and Mrs. Sylvester Sulak, Friday afternoon.

Favors for the little guests were whistles and Easter baskets of eggs; games were played and gifts presented to the honoree. Served with ice cream was a cake made in the shape of an Easter bunny; placed in a nest of grass, the cake was surrounded by smaller bunnies made of marshmallows.

About 47 adults and children were present.

Rice Chartreuse Is Delicious With Lamb

Here is an interesting rice accompaniment to lamb chops.

RICE-CHARTREUSE

Ingredients:
1 cup converted-type rice
2 tbsps. butter or margarine
1 tsp. curry powder
1/4 cup light raisins (soaked in boiling water for 3 minutes and then drained and halved lengthwise)
1/4 cup chopped toasted blanched almonds

Method:
Cook rice according to package directions; drain if necessary. Add butter, curry powder, raisins and almonds; stir in lightly over low heat. Makes 6 servings.

Stress Flavor

A dash of salt added to applesauce points up sweet flavor.

Save foil containers from frozen ready-to-heat-and-eat foods. The small pans are great for storing leftovers; may be covered with transparent plastic wrapping.

For Angelfood

Making angelfood cake from scratch? Remember that there are 8 to 10 egg whites in a cup.

Plans Summer Wedding

A summer wedding will unite Marybeth Wafer and Sidney Taylor Cravens, it has been revealed by the bride-elect's parents, Mr. and Mrs. Rufus Wafer, Little Rock, Ark. Mr. and Mrs. Elmer R. Cravens, former Big Spring residents, are parents of the prospective bridegroom. They now live in Bull Shoals, Ark. The couple will be married in the Pulaski Heights Baptist Church in Little Rock.

Engagement Announced

The Rev. and Mrs. A. C. Hodges announce the engagement and approaching marriage of their daughter, Marie, to Melvin Daniels, son of Mr. and Mrs. T. L. Daniels. The wedding will take place in May when the prospective bridegroom returns here from Okinawa where he is stationed with the U. S. Marines.

Dawson County Gardeners Slate A Plant Exchange For April 8

LAMESA (Sp.)—Dawson County Garden Club will hold a plant exchange on the courthouse square April 8, it has been announced. With Mrs. Bruce Moore as chairman, the project will get under way at 8:30 a. m.; garden club members and others wishing to participate should bring their plants, small shrubs, trees and seeds for exchange.

Mrs. Moore stressed that the exchange is open to the public; that anyone may bring or secure plants and trees during the program.

Final plans for the exchange highlighted the business meeting of Dawson County Garden Club Thursday afternoon at Mrs. Moore's home. Mrs. Bill Nix, the club representative to the Friends of the Library organization, stated that the club will be responsible for the decoration of Tunnell's Jewelry window for National Library Week, April 12-18.

Named to the committee for this project were Mrs. O. R. Black, chairman; Mrs. W. H. Bethel, Mrs. C. W. Tarter, Mrs. Charnell Jobe and Mrs. Ben Dopson. The club also voted to set aside funds for another project, the planting of shrubs, roses or trees on a designated plot at the new Medical Arts Hospital. Mrs. O. H. Sires and Mrs. Hoyt McClelland are chairmen for this project.

Meetings announced by the president, Mrs. Roy Bearden, include Flower Show School, No. 5,

to be held in Lubbock April 8-10; Flower Show School, No. 3, in Midland, April 28-30; and the District 1 meeting of Texas Garden Clubs Inc. and Texas Tech Short Course, to be held April 15-16 in Lubbock.

Mrs. Dopson presented the program on conservation in the yard.

She suggested pre-planting to save time and effort, and the planting of perennials for flower beds, however, annuals give quick growth and are showy, she said.

The hostesses, Mrs. Moore and Mrs. Dopson, served refreshments to 18 members and a new member, Mrs. C. O. Weltmer.

Crab Amontillado

For a delectable supper dish serve this Spanish-inspired crab mixture in individual casseroles. First, toast 12 coarsely chopped almonds in 2 tablespoons butter and 1/2 tablespoon olive oil. Add 1 package frozen Alaska crab, cut in chunks, and 2 tablespoons amontillado sherry; simmer 1 minute. Smooth in 1 tablespoon flour, 1/2 teaspoon salt; cook until smooth, then slowly add 1 cup milk or light cream, 2 pimientos, diced, and 2 sliced hard-cooked eggs. Makes four servings.

"BLESSINGS ON HIM THAT INVENTED SLEEP"

(Author's Name Below)

A good night's sleep restores the energy we expend during the day, giving us the strength necessary to fight off the invading germs and virus that are constantly attacking our body. Inability to sleep is one of nature's warnings of possible approaching sickness.

It is unwise and sometimes even dangerous to repeatedly take sleep-producing remedies without a physician's supervising care. Sleep is needed, but of greater importance is the curing of the cause of sleeplessness. Only a physician has the knowledge to prescribe the proper medication to accomplish this.

RETURN TO BEAUTY

Welcome Change Brings Out Lines Of Wearer

"Kasper was here" is the fashion-handwriting on the wall that is welcome news everywhere. He believes in dresses that feature the wearer, making the most of her figure, making a definite point of her own good looks.

Here, a dress that is guaranteed to explode an applause machine. A fitted sheath, it has a high Empire bosom line, still the prettiest of them all when the waist is shaped.

The top, lapelled and squared in front, has a V neckline in back with a surplice drape.

Decor Note

Add a few drops of blue food coloring to the water in a crystal vase in which you are putting pink flowers if you want them to appear as if in a blue vase. Red food coloring in the water will change a crystal vase into a red one, and green food coloring will make the crystal vase appear as a green container.

Good Idea

The wise mother makes it a practice to have each child locate his clothing, books, overshoes, and other school paraphernalia in the evening. The next morning he can get off to school without wear and tear on mother's nerves. She will not have to insist on this too long before he forms the habit.

Choose plain and embroidered linen, plain and printed cottons, faille and lace if you're about to be a member of a wedding party.

Save the pattern for next fall to make all in one fabric or contrast satin with wool, lace with wool.

From this size chart select the one size best for you:

Size Bust Waist Hips Neck to Waist

10	34	24	35	16 1/2
12	35	25	36	16 3/4
14	36 1/2	26 1/2	37 1/2	17
16	38	28	39	17 1/4
18	40	30	41	17 1/2
20	42	32	43	17 3/4

Size 12 requires 2 1/4 yards of 39-inch material for midriff and skirt and 1 yard of 36-inch material for contrasting waist and 3/4 yard of 42-inch material for lining.

To order pattern No. 1371, state size, send \$1; add 5 cents postage.

For 96-page Pattern Book No. 15, send \$1.

Address SPADEA, Box 535, G.P.O., Dept. B-5, New York 1, N. Y. If paid by check, bank requires 4 cents handling charge.

Next week look for an American Designer Pattern by DAVID GOODSTEIN.

Wise Parents

It is the wise parents who help their children to realize what it costs to live and what it means to make a living without nagging them about it. It is also the wise parents that give their children the opportunity to handle some money of their own. If you do this, you are helping them meet life as an adult.

Model Apartments In New York Are Designers' Work

Decorating and furnishing a city apartment has its own unique problems and limitations, different from those of the more spacious suburban home.

Space is an important element to be considered in furnishing an urban apartment. Light is another. And still another is giving variety to various rooms of an apartment which are so similar architecturally.

Five interior decorators, members of the American Institute of Decorators, showed how these challenges can be met when they were commissioned to furnish five model apartments in New York's new Washington Square Village.

Each was given free rein to express his or her own ideas of style, period and color arrangements in an attempt to formulate a new concept in city living.

These decorators, William Pahlmann, Melane Kahane, Ellen Lehman McCluskey, Frederick Gerstel and Edward Wormley, have presented the city apartment dweller with many stimulating ideas and have shown how diversified decor can individualize an apartment.

Pahlmann's model apartment featured the "uphoStered" look, reviving cotton fabric wall coverings, and employed provincial patterns in mustards and red.

Mrs. McCluskey mixed period and modern furnishings in a red, white and blue color scheme, while Miss Kahane introduced the acid green and white color scheme with touches of black.

Gerstel mixed period furniture with modern materials in orange,

black and white, and Wormley employed contemporary furnishings and a beige-to-orange color range accented with white.

The Washington Square Village project, still under construction, will cost \$75 million when completed and cover 12 acres near Manhattan's historic Washington Square.

Big Spring (Texas) Herald, Sunday, March 22, 1959 7-C

Oldest Wine

The oldest vineyards in continuous production are those surrounding Jerez de la Frontera, in southern Spain. The 21,000 acres produce the entire world's supply of true sherry and have been in constant cultivation for the past 2,500 years.

Flavor Hint

File this away as a flavor-combination trick borrowed from the Spanish: orange juice, a pinch of cinnamon and Spanish sherry are wonderful go-togethers. Use the combination in stews with chicken or veal, in sauces, in punches or in tall iced drinks.

Good Friday Kite-Flying Traditional In Bermuda

Of all the many traditions associated with Good Friday, perhaps the most poetically beautiful of all is one practiced by Bermudian children, who fly kites on that day. Generations of 'nannies and grannies have passed on the custom, along with the story of how it originated.

Many years ago, a Bermuda Sunday school teacher encountered difficulties while attempting to explain to his young charges Christ's ascension into Heaven. They simply couldn't comprehend it. So, the imaginative instructor conceived of a novel and dramatic method of visually demonstrating the phenomenon in terms the children would understand.

On Good Friday, he met with his class on the highest hill in Bermuda, having brought with him a large kite he'd constructed himself. On it was painted a picture

of Jesus Christ. The youngsters eagerly helped to launch the kite, and took turns flying it, playing out the big ball of string until all of it had been extended. Gracefully the kite glided about in the sky.

When it had reached its maxi-

Add Drama To A Suit With Hat

Easter hats add the note of drama to simple suits and dresses this year. Some are high of crown, some are wide of brim and some are both.

The hat chosen to complement the Easter suit may be a severe lacquered straw sailor or a fanciful flower turban. In either case it provides the important accent to the costume. If a sailor, its crown will be higher than usual. If a turban, it will be worn back on the head to show the hairdo.

Many of the new spring hats are swathed in mists of veiling, for a newly feminine look. This is a device used to soften the severe lines of the popular straw skimmers and derbies of the season.

The favorite look of the season is one-color, with hat and accessories matched to the costume.

mum height, the teacher cut the string, setting the kite free. After hovering above momentarily, it then took off, soaring higher and higher, until soon it was nothing more than a speck in the sky. Finally, it disappeared from view entirely. The lesson had been satisfactorily explained.

Modern-day kites seldom bear a likeness of Christ on their cross-bars, but children of all ages still delight in perpetuating the tradition. And though ready-made kites are available for sale, it is a point of pride to make one's own.

Bermudian youngsters' spent hours on the design and construction of their kites. Competitions are held to judge the biggest, the most beautiful, the most unusual, etc. Visitors with or without kites, are welcome on the hilltops, as observers or participants.

Choose Your Glassware Which Blends With Home

Your way of life, and your table accessories, such as dishes and silver, are determining factors for your choice of a glassware pattern.

When buying crystal pieces for your home, it is not an extravagance to buy the best quality you can afford, since the hand-made glassware of today's American manufacturers has the skilled workmanship and the fine design qualities to make them even more valuable as time goes on.

If yours is a modern home, you will undoubtedly lean to a contemporary type of stemware, with an undecorated bowl and rather plain stem.

If you like the homespun look of Early American, a glass with perhaps a thumbprint or lace pattern would be best.

In traditional rooms, an etched or cut design with a Federal, Georgian or Regency motif would tie in nicely.

Basically, there are two types of glassware — hand-blown and hand-pressed.

Blown glassware is entirely hand-fashioned, from the formation of the bowl of the goblet from the "job" of hot glass to the attachment of the stem and foot.

In the hand-pressing process, the molten glass is placed in the mold and pressed into shape by hand. Goblets, sherbets, beverage glasses, bowls and figurines are blown. They are transparent and lustrous.

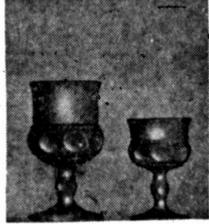

Plates, heavy bowls, as well as a heavier-looking stemware, are hand-pressed. Pressed glassware is shaped in a finely detailed metal mold.

Stemware is available either plain or decorated. The most popular methods of decoration are cutting and etching.

Cutting is the oldest method of decoration and is still very pop-

HANDBLOWN STEMWARE

HANDBLOWN STEMWARE

ETCHED STEMWARE

HANDBLOWN STEMWARE

ular. It is done by pressing glass against a revolving wheel. The skilled artisan first memorizes the pattern and then cuts freehand, with no marks of the glass to guide him.

An etched design is made by dipping the glass into an acid bath, which eats into the glass, except where the surface has been protected by a wax coating, and this creates the pattern. In etched glassware, the indentations are less deep than cut glass, but the design can be even more ornate.

In most cases, an etched stemware design is less expensive than cut stemware. However, the amount of pattern on a glass does not give indication of its price. Some of the more beautiful and expensive stemware is perfectly plain.

Coffee Cream

Friends coming in for coffee and dessert? Count on needing one cup of cream for every eight large cups of coffee served.

Davidsons Observing Anniversary

Gathering for lunch today at the home of Mr. and Mrs. N. B. Davidson, 306 NE 11th, will be their children and grandchildren, great-grandchildren and even one great-great-grandchild.

The couple will be celebrating their 60th wedding anniversary, having been married in Johnson County. They came to Big Spring in 1908.

Ten of the children live in Big Spring; they include Henry, Rufus, R. B., J. L. and Walter Davidson, Mrs. Truman Morton, Mrs. Rex Edwards, Mrs. D. L. Knightstep, Mrs. Carl Hammock and Mrs. Maude Nix. Mrs. T. R. Davidson will also join the group.

From Andrews will be Mr. and Mrs. Raymond Davidson; expected are 25 grandchildren and 24 great-grandchildren.

Manzanas Fritas

In Spain they make a wonderful dessert of fried apples: thick-sliced cored apples are marinated in Spanish sherry (preferably a cream or oloroso type), then dusted with a mixture of 1 tablespoon flour, 2 tablespoons sugar and 1/4 teaspoon cinnamon. Fry in butter until crisply golden on each side.

To Handle Gum

If the youngsters get chewing gum on washable fabrics, soak the material in cleaning fluid until the gum loosens. After this is accomplished, scrape the gum off, wash the garment in warm suds, and rinse.

'ROUND TOWN

With Lucille Pickle

There's nothing like being obliging to out of state company, and that's just what our good old Texas weather did this weekend for a group of North Carolinians. Here for the Turner-Curry wedding, the bridegroom's parents and aunt and uncle all from North Carolina had remarked only Thursday evening at the rehearsal dinner that they had heard about the sandstorms in Texas but had never seen one. After the blow Friday, they had not only seen one but had joined the natives in the buffeting which everyone who ventured out received.

No one likes a sandstorm but unless there is great danger of no visibility at all, I can't think of a time when local sandstorms kept any one at home. It has been my experience that attendance is better at club meetings, teas, and other social events on sandy days than on days to be bragged on for clear sky and no wind. I believe it must be that since to stay at home and suffer alone on such a day would be nearly unbearable, we simply don't take it so hard if we have a number of good friends about us to suffer with.

MRS. J. L. HUDSON and LANE HUDSON were to leave today after visiting here several days in the home of Mr. and Mrs. L. S. Patterson and Nell Hatch. The Hudsons make their home in Denver, Colo. They are former residents of Big Spring.

HALEY HAYNES is at home after being hospitalized for three weeks following a heart attack.

Two Big Spring students at Tech have been elected to offices in the Gamma Rho Chapter of Alpha Chi Omega. They are HELEN GRAY, daughter of Mrs. Y. C. Gray, who will serve as second vice president, and JULIE RAINWATER, a newly initiated member, who will serve as song leader. She is the daughter of Mr. and Mrs. Champ Rainwater.

Happy Mealtime

Plan each evening meal so that it will be a happy family get-together. Never let this be the time to settle problems. After your children are gone from home they will recall their "happy evening" meals at home and so will you.

GORDON'S HAIR STYLE

Rattlesnake Hunting 'Good,' Nearly 100 Killed At Vincent

By SAM BLACKBURN
Anyone for a rattlesnake hunt? If so, be advised that hunting is now good in Howard County and there are a number of Howard County residents who are all set and ready to escort you on a safari at the buzz of a rattle.

If you want proof that the crop of diamondbacks is perhaps better than usual, stop at the Col-Tex Service Station just north of the Big Spring State Hospital.

There you can see 14 rattlers, freshly captured, all very much alive and ranging in size from four feet six inches long to baby snakes.

All 14 of these crawlers were taken from a single den last Sunday. They were caught by Frank Farar, James Whitefield, Sherman Whitefield and Harvey Harris, who find snake hunting a very entertaining way to spend a day.

The 14 snakes are part of 60 rattlers accounted for in three days in a narrow area on the W. L. Wilson Ranch near Vincent. The same den which netted the 14 on Sunday yielded as many more on Monday.

Bill Baird, who lives in the vicinity, launched the war on the snakes as aftermath to the loss of a couple of his pet dogs due to snake bite.

DOGS LOST
He was hunting rabbits with his dogs on Saturday. One of the animals took after a rabbit and pursued it into a patch of weeds. Baird heard his dog yelp. A little

later the animal emerged with a wound on his neck. He was dead in an hour. When death struck down a second dog, Baird declared war.

He contacted Farar and the others. On Sunday, the group, provided with cans of gasoline and a piece of garden hose, moved into the infested area. They had rigged snares—lengths of pipe with a wire slip noose on the end. These are used to capture the snakes alive. The loop is slipped over the reptile's head and drawn tight. He can then be placed in a container and removed alive from the scene.

When the den was located—a hole left by some other varmint—the hunters inserted the garden hose and poured a quantity of gasoline down the hole.

A little later, another charge of gasoline was injected. In a few minutes the snakes began to emerge. As they came out Farar and his companions slipped snares over the ugly heads and placed them in a big bucket.

ALL SIZES
The 14 taken range in size from the granddaddy who is four and a half feet long, weighing 4½ pounds and having 11 noisy rattles, to little snakes less than a foot in length.

On Monday, Baird renewed his warfare. Farar reported. He smoked out 32 from the same den and, another near by. This time he wielded a garden hoe instead of a snare and left the reptiles dead beside their home. The

day's hunt netted 10 more at another location and four others picked up at random for a total of 60.

Lloyd Branon killed 28 rattlers on his ranch south of Wilson's Tuesday.

Farar and his party rigged the strong cage and locked their 14 buzzing captives in it. It is arranged with close-meshed wire netting on the upper two sides to permit ready viewing of the occupants. Mice are being caught to feed the prisoners.

The cage is located just to the north of the Col-Tex filling station and Farar invited any doubting Thomases who do not think the rattlers are out for the spring season to drop by and take a look-see.

From general reports, there is an exceptional number of rattlesnakes this spring. The rough pasture lands seem infested with the crawlers. Whether the area in the vicinity of Vincent and the Reef oil fields is any heavier populated with snakes than other parts of the county is not known.

Baird, Farar and the Whitefields will bear out the statement there are plenty to be found in that area.

Farar didn't say what was to be done ultimately with his scaly pets. Right at present, they are attracting quite a few visitors to the Col-Tex station and creating a bit of shuddering from anti-snake folk.

Annual 4-H, FFA Show Set Tuesday

Prize money for the 22nd annual Howard County FFA and 4-H Club Fat Stock Show, which opens Tuesday, is the same as it was last year, but this year, no cash award goes to the youngster who merits the best showman award in any of the three categories. Instead, the winner will be presented with a trophy — one award only being made in each classification.

Prize for the grand champion steer, too, has been reduced from \$40 to \$25 and for the reserve grand champion from \$25 to \$15.

Fred Wilkerson, county agent of Crane County will be judge of the show for both lambs and steers. Capons will be judged by Elbert Steele, Big Lake. Auctioneer for this year's show will be Randell Sherrord.

Schedule of events as announced by Jimmy Taylor, general superintendent, calls for all lambs, calves and capons to be on hand for acceptance at 8 a.m. Tuesday. Lambs and steers will be weighed and tagged at the Big Spring Livestock Auction Co., and capons will be weighed and tagged at the show barn.

Judging begins on Wednesday morning. Capons will be judged starting at 8 a.m.; lambs at 9 a.m. and steer judging will open at 2 p.m.

Rules for the show are unchanged from last year.

Taylor is general superintendent

and Truett Vines is assistant superintendent. Ray White will be superintendent of the steers, J. W. Overton, Bill Sims and R. A. Foster of the lambs, Ed Seay and Bill Jones of the capons.

The show is sponsored by the Howard County Junior Livestock Assn., and the Big Spring Junior Chamber of Commerce with the Big Spring Chamber of Commerce cooperating.

Chub Jones is president of the Jaycee organization and has recruited a large number of his organization's members to lend a hand in staging the show.

Jones, George Creagh and Olin Graves are charged with the responsibility of handing out ribbons and money to the winners.

The 4-H Club Committee is composed of Hamlin Elrod, J. W. Overton, M. H. Boatler, Lloyd Robinson and Ellis Iden.

There are three divisions in the steer class — heavy, middle and lightweight. Heavy and lightweight capons are to be entered.

Lamb classes are light and heavyweight fine wool lambs; light and heavyweight cross-bred lambs and light and heavyweight Southdown lambs.

Climax of the show is the auction. A sales committee is now busy lining up buyers for this event which will be the closing event of the three days exposition. It will start at 7:30 p.m. March 26. Last year's grand champion

steer of the local show was exhibited by Jerry Iden. It was sold at the auction for \$1,081.25. Buyers were Tom Good, M. M. Edwards, Horace Garrett, G. L. Wilbanks, and G. H. Hayward.

One hundred boys and girls will take part in the show. They will have 25 steers, 100 lambs, and 40 capons in competition.

The general public is cordially invited to attend all phases of the show — including the big auction sale.

Water Table Under City Park Is Rising Steadily

By DON HENRY
Lack of rain to the contrary, the water table under the City Park is rising, according to Water Superintendent Roy Hester.

The water table under the park, where the city has 20 wells, has been rising steadily since 1948, according to Hester, making the biggest jump since 1953. This marked rise in the water level since 1953 is because the city hasn't been pumping the wells, he added.

Early this month, Hester found water standing only 89 feet 8 inches from the ground in the wells, as compared to 237 feet 2 inches in October of 1948. That's a rise of nearly 150 feet.

Readings through the years since 1948:

Month, Year	Level
Jan. 1948	209'5"
Jan. 1950	207'3"
Sept. 1953	204'2"
Feb. 1954	186'1"
March 1955	181'5"
April 1956	128'3"
Sept. 1957	100'9"
April 1958	92'10"
March 1959	89'8"

Big Spring began getting water from Lake J. B. Thomas and CRMWD.

Since 1957, the level has risen only about 11 feet, but this could be due to the widening of the water basin near the surface. As much water could be flowing in as before but not raising the water very much, Hester said.

Hester estimated that the city could pump the wells at a 200-250 gallon-per-minute rate constantly and not lower the water level any. Although there are 20 wells in the park, there are only pumps on two of them. Also only one more can be used for pumping now.

The "big spring," less than half a mile from the park wells, is several feet below the level of the wells which would mean that possibly the water table there is closer to the surface.

It is estimated that the water level is from 30 to 50 feet below the spring.

Texas Tech Plans Traveling Course On U.S. Theatre

LUBBOCK—Nineteen days and 5,000 miles of theater-going—that is what Texas Tech's department of speech will be offering as a summer course to 25 students.

Three semester hours credit may be earned in the American Theatre Tour (Speech 3311). The tour, which begins Aug. 1 and ends Aug. 19, includes performances of the year's outstanding successes in New York City, and visits to important theatrical events in the central and eastern part of the United States and Canada.

The registration fee of \$225 includes transportation, lodging, theater tickets and regular college registration fees. Reservations can be made through Tech's speech department.

Rambouillet Ram Sale Is Set For Angelo June 23-25

The 23rd annual registered Rambouillet ram sale will be held at San Angelo June 23-25, the American Rambouillet Sheep Breeders Assn. has announced.

Dates were chosen at a meeting of the organization's ram sale committee in the San Angelo Coliseum.

Rushing Sheffield, San Angelo, was re-elected chairman of the sale and Mrs. Charlotte Harvey, secretary of the American Rambouillet Sheep Breeders Assn., was re-elected sale secretary.

The committee hopes to have 300 registered rams for the auction sale, which is to be held June 25. Sifting of animals is scheduled for June 23, and on June 24 the rams will be sorted and in their pens for inspection of prospective buyers.

Plans were discussed for conducting a registered Rambouillet range ram sale at a date and site to be selected later this year. Heading the range ram sale committee is Leo Richardson, Iraan. Other members of this committee are Miles Pierce, Alpine; Clinton Hodges, Sterling City, and Pat Rose Jr., Del Rio.

Construction of a dipping vat costing \$700 at the Fairgrounds where the sale is to be held, was authorized by the sale committee. Sheffield, Pierce and Clyde Thate, Burkett, president of the American Rambouillet Sheep Breeders Assn., were named to supervise the work.

Breeders attending the meeting included Sheffield, Pierce, Thate, Rose, Hodges, Richardson, L. F. Hodges, Sterling City; Louis T. Gattale, Brooksmith, J. Lee Kinsor, Bronte, Rod Richardson, Iraan; Harold Price, Eden; Louis Bridges, Bronte; Mrs. Harvey and Mrs. J. A. Tobin from the association office.

MAYTAG "HALO OF HEAT" DRYERS

Fast Dry a Load in 26 Minutes

4 NEW FEATURES... 3 NEW COLORS... 4 NEW MODELS

- NEW! AIR INTAKE FILTER... Removes dust and dirt from all incoming air.
 - NEW! AUTOMATIC DE-WRINKLING... Exclusive "Wash 'n' Wear" setting removes wrinkles.

BIRDS AND BEES

By ABIGAIL VAN BUREN

DEAR ABBY: Our eight-year-old son came home from school and told us a girl had kissed him. We asked him how it happened and he said that three of her girlfriends held him down while the fourth girl kissed him. Is this the way all eight-year-old girls behave or is there something in the air out here where we live?

CONCERNED
DEAR CONCERNED: There is something in the air where everybody lives. Birds and bees! And you'd better start telling your son about them a little ahead of schedule.

DEAR ABBY: I am the mother of a 19-year-old girl who has a pretty face (everybody says so) but is terribly overweight. The most serious problem is that she chases men. A well respected neighbor (married with children) smiled at her and she surmised that he was in love with her and she started calling him up and writing him letters. She met another man (57) and cried her eyes out because I wouldn't let her go on a two-week fishing trip with him alone. I am at my wits' end and want to know what can be done with her. She is not crazy so don't tell me to take her to a doctor to have her head read.

MOTHER
DEAR MOTHER: People who need help with their emotional problems should feel no shame or embarrassment in going to a doctor who specializes in that field. If your daughter had a toothache, you'd take her to a dentist, wouldn't you? Her trouble is definitely emotional and if you want her to be a happy, well-adjusted useful person you will seek the professional help she needs.

DEAR ABBY: My brother had plans to get married in April. We lost our Dad rather unexpectedly in January. I think my brother

should have put off the wedding but they are going ahead and having it in April anyway. Mom feels bad about this but she isn't saying anything because she doesn't want any hard feelings. Mom and I are wearing black now as we are in mourning. I hear you are supposed to wear light-colored clothes to a wedding. We want to look nice at the wedding but we want to show our respect for Daddy. Please tell us what to wear.

MOM AND ME
DEAR MOM: All black at the wedding would be out of place and quite conspicuous. Wear navy blue or dark grey with a touch of white, but don't go in for any colors.

DEAR ABBY: I am 15 years old. I have always been large for my age. When I was 13 my parents sent me to stay with my uncle who lives on a farm. I sort of kept house for him. I stayed all summer and he never paid me any money, just my keep and a pair of shoes. My Uncle is about as old as my father but he must have thought I was younger or something. He is a bachelor. My parents want me to go back again this summer but I don't want to go. I am afraid of him. I have my reasons. Do you think I should go?

AFRAID
DEAR AFRAID: Do not go—and don't be afraid to tell your parents the "reasons."
Are you as popular as you want to be? Get ABBY's booklet, "What Every Teen-Ager Wants To Know." Send 25 cents and a large self-addressed, stamped envelope to ABBY in care of The Big Spring Herald.

For a personal reply, write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

IL Contests Set

COAHOMA—District Interscholastic League literary contests will be held in the local school again this year. The date is April 4.

Most State, Local Taxes Deductible Expense Items

If you itemize deductions on that federal tax Form 1040, you can deduct most state and local taxes. However, federal taxes are never deductible except for those paid in connection with a business or profession. Ben M. Hawkins of Internal Revenue Service Big Spring, pointed out.

Other deductible taxes include those on personal property, state income, real estate, state or local sales, state gasoline, state capitation or poll taxes, and auto license fees.

Non-deductible taxes include federal excise taxes paid on your personal expenditures, such as taxes on theatre admissions, fur, jewelry, cosmetics, transportation, telephone, etc., Social Security, water taxes, hunting licenses, dog licenses, auto inspection fees, and taxes paid for another person.

Whenever real estate is sold, the deduction for real estate taxes is apportioned between the buyer and the seller according to the number of days in the real property tax year that each held the property. The tax is apportioned to the seller up to but not including the date of sale and to the

Cancer Unit Will See Movie Monday

The Howard County unit of the American Cancer Society will see a motion picture, "Time and Two Women," when members hold their bi-monthly meeting Monday evening.

The meeting is scheduled for 7 p.m. in the Chamber of Commerce offices, said Mrs. Neil Norred, secretary. Visitors will be welcomed.

Surgeon Will Lecture At VA

Dr. John Paul North, FACS, professor of clinical surgery at the Southwestern Medical School, Dallas, will lecture to the medical staff of the Big Spring VA Hospital Monday.

The lecture will start at 1 p.m. Subject will be "Massive Upper G. I. Hemorrhage." All local physicians are invited to attend, said Dr. Jackson H. Friedlander, hospital manager.

Dr. North is governor of the American College of Surgeons and is chief of surgical services at the VA hospital in Dallas.

Lecturing at the local VA hospital last week was Dr. Vardeman Schoutz of Abilene, consultant in radiology. He discussed radiation hazards, which he said scarcely exist around modern X-ray facilities.

To Air Daniel Talk

Radio Stations KBST in Big Spring and KCLR in Midland will carry Gov. Price Daniel's report to the people on legislative issues at 1 p.m. today.

Hawkins advised taxpayers with questions regarding the deduction of taxes paid, or any other matter on their Federal income tax return for 1958, to telephone or visit the local office of Internal Revenue Tax Payer Assistance Day, every Monday morning, is the best day to get such help. The local IRS office telephone number is AM 4-2612. The office is located in the Permian Building.

Chevy makes one for you...

and you'll want it for all its worth

Fewer and fewer people, we're happy to say, think it's necessary to look over different makes of cars to find the one automobile that offers exactly what they want.

There's really no reason to look further than your Chevrolet dealer's. For the plain fact is that Chevrolet builds so many different kinds of cars there's one to please just about everyone.

Say you want a stylish, spacious car that combines low initial cost with rock-bottom operating expense. You'll find what you want in the

Biscayne 2-Door Sedan—one of the lowest priced Chevy models. You can have Chevrolet's new Hi-Thrift 6' under the hood to stretch out the distance between gas stops.

If, on the other hand, you're looking for a car of utmost elegance, there's the Chevrolet Impala 4-Door Sport Sedan. And, to go with it, Chevy's velvety V8 power teamed with triple-turbine Turboglide*—one of the finest, smoothest automatic drives offered on any car.

These are just two examples of the dozens of different kinds of Chevrolets

you can choose from. One of them may be just what you want. It's almost certain—with models ranging from five beautiful, useful station wagons to the unique Corvette—that Chevrolet builds your kind of car. Stop by your dealer's and he'll be happy to help you pick it out.

*Optional at extra cost

Your Chevrolet choice includes the Corvete, the Impala Sport Coupe, the Nomad Station Wagon, the Bel Air 4-Door Sedan, El Camino, and the Impala Convertible—all shown above.

now—see the wider selection of models at your local authorized Chevrolet dealer's!

Give God A Chance—God Will Open Doors For You!

Sunday is a Special Day

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Luke	19	28-44
Monday	John	18	1-14
Tuesday	John	18	15-27
Wednesday	John	18	28-40
Thursday	John	19	1-16
Friday	John	19	17-30
Saturday	John	19	31-42

Sunday is a special day for Sheila. She likes to go to church.

For one thing, the church is beautiful. Sheila likes to look at the soft light filtering through the colored glass windows. She likes the delicate scent of the beautiful flowers, and the majestic tones of the organ. She likes to sing, too, and she knows several hymns "all the way through," even without the hymnal to guide her.

She particularly likes this season because she knows that Palm Sunday is a time for special rejoicing in the Church.

Sheila feels the way she does because her parents have taught her that going to church is a privilege and a joy. Is Sunday just another day for your child, or is it—as it is for Sheila—a special day?

Nine-Week Tests Past, Easter Assembly Slated

By PAT ROGERS

This week surely has been a busy one with nine-week tests taking up most of the time. Next week there will be only three and a half days of school; the teachers have to work on the evaluation Wednesday. Students will be dismissed after the assembly Thursday for the Easter holidays.

About 30 BSHS'ers gathered in the pavilion in the City Park and enjoyed two hours of dancing to popular and rock-and-roll music. This was just one of the many "spur-of-the-moment" affairs that students have cooked up this year.

The junior class is slowly but surely becoming prematurely gray over the Junior-Senior Prom. Members are arguing about a proper theme while trying to make money at the same time. Their next big money-making project will be their pancake supper Friday week before the Ranch Week dance.

The ABC Relays has been the main topic of discussion around school. Some of the Steer track boys will enter the various relays along with many other schools.

The Court Jesters are planning a costume ball for April 11. They announced at their meeting Thursday that four small Oscars would be given to the best girl and boy actress and actor, and the best girl and boy technicians. The girl and boy wearing the best costume at the ball will reign as king and queen.

The National Honor Society had the longest meeting in its history; however it was packed full of enjoyment. Mr. Bruce Frazier enter-

tained them with movies and slides of his trip to Europe last August.

The Steerettes won a district game against Abilene in Steer Gymnasium last Tuesday night. They were very happy over this win because Abilene was supposed to be their strongest opponent.

About 35 junior historians are filled with excitement and expectation. On April 3 in the afternoon they will leave with Mr. John P. Yates and Mr. Bruce Frazier's students from HCJC for the Big Bend. They won't return until sometime the following Sunday.

All BSHS'ers have been warned to be on their best behavior Monday. Out of town evaluators will be visiting the individual classes. If the truth were known, the teachers are probably as "shook up" as the students, if not more so.

Besides only having a three- and a half day school week next week, two assemblies are scheduled for this week—one on safety and the traditional Easter assembly. The safety assembly is to be Monday at 9 a.m. and the Easter assembly will be Thursday afternoon at 2:00. The public is invited to attend these assemblies.

The band came out with all the good in the Odessa Band Contest last weekend. They brought home several first place awards mixed with second and third place awards. Over all, they did a fine job and made a fine showing for BSHS.

Some of the fellow students who attended the HCJC Ranch Week dance felt that there were more BSHS'ers than college students. This is a true example of how the

high school students are looking forward to their future college days; they are out at the college every opportunity they get.

The Vocational Industrial Club at senior high won 18 awards at the district meeting in Lubbock last weekend. They placed in technical information, identification groups, skill speeds, and student projects. Congratulations gang.

The student council met and discussed the final plans for the faculty supper to be held March 31. They are also making plans for Ranch Week.

Tests Cut Into Other Activities

By PAT ARMSTRONG

This week has been "Dead Week" at Goliad because of the nine weeks tests. Some of the students regret now that they did not buckle down and study more. Let's all work hard this last nine weeks and make real good grades or at least pull out of the hole.

The Student Council members who went to Brownsville returned with reports of a very fine trip. Wednesday morning at the council meeting they gave reports of their experience.

The council meeting Thursday morning was called to order by Bill Pate, president. Tele Grooms

led the group in The Lord's Prayer. The latest reports were made on the projects the council has started. Joan Jordan read the plans made by the council for voting on council members for next year. The issue will be brought up at later meetings.

The ninth grade Tri-Hi-Y meeting was cancelled Wednesday because of "Dead Week." They will have their regular meeting next Wednesday.

The Freshmen "Y" group also had a dance Saturday night. It was at the Y and was from 7:30 until 11:00. Refreshments were served about 9:00. Everyone had lots of fun.

Members of the Goliad Home-making classes took a trip to Odessa Saturday. They, along with students from Runnels and high school attended a district meeting. Winnie Greenleaf, voting-delegate, attended a luncheon at Crockett Junior High along with the other delegates and the sponsors.

The ninth grade volleyball team played the Stanton High School "A" team Tuesday night. Goliad won the first and last and Stanton came out on top in the second game. A game was scheduled with our high school "B" team for Friday afternoon, but it was cancelled.

The eighth grade Tri-Hi-Y held a call-meeting Thursday at noon in Mrs. Cornelia Gary's room. They discussed plans for a tea they will give for their mothers. They also discussed a project for funds for the club.

Students in the eighth grade wanting to take Driver's Ed. this summer and next year registered at Goliad from 4:00 to 6:00 Friday afternoon. Those that didn't register then came Saturday to sign up.

Goliad track boys participated in a track meet Saturday at 9:30 at the Memorial Stadium. Visiting teams came from as far away as New Mexico.

RUNNELS REPORT

Dr. Lloyd To Be Easter Speaker

By DIANE BAKER

Well, we've survived the nine-week tests and you can relax until the next time.

This week at 10 a.m. Thursday we will have our annual Easter assembly. The speaker will be Dr. Gage Lloyd, First Presbyterian pastor, and he will speak on "What Easter Means to Us Today." The "Story of Easter" will be presented by a seventh grade chorus. There will be a choral reading by the ninth grade group and the Runnels choir. The program is under direction of Mrs. Velma Griese, Miss Velma Blagaves and Mrs.

Forrest Gambill. All parents and other friends are invited to attend the assembly.

Report cards will come out on April 1 (no April Fool, either). This is due to the valuation program under way during the holidays.

Saturday the Runnels Choir, directed by Mrs. Gambill, travelled to Monahans for the Interscholastic League contest. Seventy choir members, including seven soloists, competed. The choir entered the mixed choral group. The seven soloists were Clinton Gambill, Diane Conwell, Suzanne Compton, Joyce Horn, Phoebe Rice, Joe Beth Wasson, Rachael Phelan was accompanist and played a piano solo.

St. Patrick's Day at Runnels was very colorful. All over the campus green was worn — green skirts, green shirts, green sweaters and even green hair!

Nine homemaking students attended the Area II FHA meeting Saturday at Ector High in Odessa. Kathy Johnson served as voting delegate.

The volleyball teams played Snyder here Monday. The seventh grade won 59-50 with Pat Stephenson high scorer with 15 points. The eighth grade won 50-47 with Sara Beth Homan high point with 21. The ninth also won 42-35, and Diane Womack set the pace with 10 points. Tuesday the ninth grade played the high school sophomores and lost 43-19.

Friday and Saturday, Runnels had a track meet at Memorial Stadium. Eight teams were scheduled to participate, including Runnels, Goliad, Monahans, Brownfield, Hobbs, N. M., Lamesa, Stanton and Cogburn.

Mr. Doyle Sparks, science and biology teacher, has been offered a scholarship from the Texas Tech summer biology institute, and a general science scholarship at the Western University of Michigan summer institute. He has not yet decided which scholarship to accept.

CAMPUS CHATTER

Who's Who Choices Named, Dean Announces Honor List

By BOBBY HORTON

Ronald Leatherman of Levelland and Donald Shortes of Ackery stood out prominently last week as the Dean's List was released, naming a group of the highest-ranking students according to semester hours and grade points.

Leatherman and Shortes both had straight A averages to head the list of 35 students gaining the honor roll. Rank is calculated on the basis of hours taken and grade points earned—A counts 3.0, B counts 2.00 and C is worth 1.00.

The fall semester rankings were listed in five divisions: SUMMA CUM LAUDE (45 points and up)—Ronald Leatherman, Donald Shortes, Venita Allison, Raelen M. Gilbert, Beverly Shockley, Peggy Joyce Bryant, and James Johnson. CUM LAUDE AMPLA ET MAGNA (42-44 points)—Sandra Smith, Tom Garrison, Charles Arnold and Barbara Snider. MAGNA CUM LAUDE (39-41 points)—Mary Breckenridge, Herbert McPherson, Terral Becker, Doss Brookshire, Doug Burrage, Marvin Hall, Doris Krescheck, Marion Roberts and Thomas Roberts. AMPLA CUM LAUDE (36-38)—Neele Bartlett, Diane Tidwell, Anita Gardner, Sara Bouldin, Tommy Pickle, Ted Hughes, Wayne Patrick, Sammie Sue McComb and Susie Davis. Patricia Morren, Willa Roach, Elmer Stroud, Tommy Buckner, Mac Robinson and Dennis Dunn.

In conjunction with the Dean's List, the faculty selected 23 students to Who's Who for the HCJC yearbook, Jayhawker. Some 50 stu-

dents had been nominated on the basis of scholarship and citizenship, and contribution to academic and campus activities during the fall semester.

Named to Who's Who were Venita Allison, Don Anderson, Gilbert Bell, Tommy Buckner, Doug Burrage, Jack Culpepper, Clyde Dabbs, Anita Gardner, Tom Garrison and Brenda Gordon.

Also Sammy Kruse, Bobby Horton, Sammie Sue McComb, Jesse McElreath, Denise Meador, Linda Nichols, Glendine Phillely, Tommy Pickle, Beverly Shockley, Donald Shortes, Carolyn Sneed, Diane Tidwell and Ladd Weber.

Students named to the Who's Who and Dean's List will be cited at the annual Honors and Awards Day ceremonies next month.

In conjunction with National Library Week—April 12 to 18 this year—the HCJC Library is sponsoring an essay contest open to all HCJC students.

The theme of National Library Week is "Wake Up and Read," and its objective is working toward a better-read, better-informed America. A committee from the library has chosen three possible essay subjects from which contestants may choose.

Any person enrolled presently is eligible. The essay is to be written in 500 to 1,000 words on "Building My Personal Library," "Why College Students Should Wake Up and Read," or "The Library's Role in Today's Battle for Freedom."

Essays must be typed and double-spaced or written in ink. They will be judged for appropriateness of content, clearness of style, and correctness and neatness. Entries must be in not later than April 8.

First prize will be \$10 in cash or equivalent in books. Runnerup may take any book for sale in the bookstore, and third place wins a hard-bound copy of Webster's New World Dictionary.

Security Patrol Service Formed

Big Spring Security Service, a bonded night patrol and central office fire and burglary alarm system, is being established here.

Owner of the service is Vernon Gilbert. Manager will be Fred Concoe, 700 Nolan.

Bonded patrol cars will keep regular night watch on all businesses subscribing to the service, Gilbert said. Either fire or burglary alarm system, or a combination alarm set-up, is available.

FRIEND or FOE?

The Communists keep 70 million East Europeans captive behind the Iron Curtain.

Are they friend or foe?

The Communists keep feeding these people a diet of lies to make them hate America. The only way to combat these lies is with the truth.

Now you can send your own Truth Broadcast behind the Iron Curtain over Radio Free Europe.

And you may be flown to Europe to broadcast it yourself... or you may be awarded one of 200 high-powered Hallicrafters short-wave radios!

On a plain sheet of paper just complete this sentence in 25 additional words or less...

"As an American I support Radio Free Europe because..."

Double your award if you send one dollar (or more) with your entry! If you send a dollar to Crusade for Freedom, and your entry is selected, a member of your family may be flown to Europe with you... or you will receive a Westinghouse transistor radio along with your short-wave receiver!

Send your entries to:

Crusade for Freedom
Box 32-E, Mount Vernon, N.Y.

Truth broadcasts will be judged for appropriateness, clarity, sincerity and originality.

Competition closes March 31, 1959. All contributions go in their entirety to Radio Free Europe.

Published as a public service in cooperation with The Advertising Council and the Newspaper Advertising Executives Association.

CINEMA COMMENT

'Separate Tables' Top Oscar Runner

SEPARATE TABLES, starring Deborah Kerr, David Niven, Rita Hayworth and Burt Lancaster. A Hecht-Lancaster production. Directed by Delbert Mann. Screenplay by Terence Rattigan and John Gay, from the play by Rattigan. Sunday through Wednesday at the Ritz.

This penetrating study of tangled human emotions is theatre at its best. It is no wonder that "Separate Tables" is a front-runner for the Academy Awards, with seven nominations. It is of Oscar calibre all through.

Taken from the Terence Rattigan hit play, "Separate Tables" takes a subtle peek at a group of frustrated people leading a drab and unrewarding existence. They are housed in a small, run-down tourist hotel in England, and this setting adds wonderfully to the grey atmosphere.

There is Deborah Kerr, the mousey type, dominated by a selfish mother; she becomes entangled with David Niven, a fraud and woman-molester who postures as a war hero. There is Rita Hayworth, the wealthy and self-centered ex-wife who drove her writer-husband to drink and a desire for oblivion, seeking him out to try again; and Burt Lancaster as the husband, whose non-empty personality has turned him to hate himself.

The supporting cast is tops: Wendy Hiller as the girl who finds the ex-wife trying loose, the man she loves, Gladys Cooper as the acid mother, and Cathleen Nesbitt, Felix Aylmer and May Hallatt.

In the play, the story was a uniting of the lives of two main characters; the film improves the situation by dividing them into four characters, and ties in the supporting roles with just the right amount of interference. The film story is a composite of individual vignettes, woven into an overall fabric of loneliness. It might be said that, if no man is an island, "Separate Tables" deals with that part above the water if I may paraphrase the philosopher.

The characters and their problems are at times depressing, but human nature finally asserts its other side, as the troubled people bumble their way to a solution.

On top of having a fine cast, the film was fortunate in having the artistic touch of Delbert Mann as director. He manages to weave the varying paths of the story into an unbroken and united whole.

A closing note: Leave the kids at home. A special note: "Rio Bravo" (at the Ritz) is an unusually good western, even in this Age of Westerns. It is long (2 hours and 21 minutes), it sports John Wayne, Ricky Nelson, Dean Martin and Walter Brennan in its cast, and it has sudden laughs cropping up as often as sudden death. Essentially, it is the story of a sheriff (Wayne) trying to get a killer out of town before the killer's friends get him. The sheriff is more help-

ed than hindered by a collection of well-meaning oddballs.

Don't miss Newsweek's review of "The Mating Game." It's a classic in devastating satire that compares with Time's years-ago review of "The Black Knight."

Other viewing: "The Last Blitzkrieg" Van Johnson in another of the crop of war films, but this one is 'way above average.

"Bend of the River" A now-classic western starring James Stewart, and one of the best of its type ever filmed.

"I Married a Woman" Strictly for fans of George Gobel and Diana Dors, who co-star. "The Long, Hot Summer" A sometimes-humorous, sometimes-unhappy study of the rejuvenation of a dilapidated Southern family. Paul Newman, Joanne Woodward and Orson Welles give sterling performances.

The Hollywood pipeline: Producer Ross Hunter thinks he has started a new trend in women's films, designed to lure the girls back into the movie houses. First, there was the remake of "Magnificent Obsession," followed by "Imitation of Life" and now "Stranger in My Arms."

Fred Gipson's "Another Dog Man" is due another screening. John Wayne and William Holden are being honored by the Civil War Centennial Commission for "The Horse Soldiers."

Frank Sinatra and Shirley MacLaine may co-star in "Devil May Care," a fantasy about a young fella who enlists Satan to help him with his love life. Big questions in Hollywood: How to translate the sex-filled "Lolita" to the screen.

You might have known Disney eventually would have gotten around to a shaggy dog story... it's titled "The Shaggy Dog," stars Fred MacMurray, and is said to be a real hilarious kind of shaggy dog story.

Speaking of dogs and Disney, a new animation process called Xerox is being used on another dog story, Dodie Smith's "The Hundred and One Dalmatians," slated for release next Christmas. It's said to be guaranteed to make dog lovers swoon.

This is turning into a Disney column, that busy man: He's filming "Swiss Family Robinson" near Trinidad. It's Doris Day and David Niven for "Please Don't Eat the Daisies."

James Cagney will portray Bull Halsey in a film of that name. Theodore Bikel is up for an Oscar for his supporting role (the sheriff) in "The Defiant Ones," and he's already got my vote (and he was pretty good, too, as the psychiatrist in "I Want to Live").

Stanley Kramer practically took over Melbourne a couple of Sundays ago for his "On the Beach," an interesting film should be the screen version of "The Great Imposter" about the Canadian whose postures as a doctor, monk and many other characters titillated two nations.

-BOB SMITH

CRITIQUE Of The Local Entertainment Scene

By Bob Smith

The College Players production, "The Little Minister," apparently has survived a near-disaster.

With just two weeks before opening night, two major players walked out of the cast after a rehearsal Monday night, and director Fred Short was left with the prospect either of closing down the play or re-setting the date.

The play, however, is sponsored by the Pastors Assn., and the date was set for the Monday and Tuesday immediately following Easter; further, the play was to have been H.C.I.C.'s contribution to International Theatre Month.

John Austin, Civic Theatre vice president who has been a boon to the College Players, lifted Short

out of his quandary; he called Capt. and Mrs. Bill Sandefur, who agreed to take over the vacated roles.

Judging from the last week of rehearsals, the Sandefur family bids fair to grace the boards with good characterizations, even though there's a bit more than a week left before the curtain rises.

Mrs. D. W. Conway also has joined the cast.

The Civic Theatre Monday will launch a month-long drive for ticket sales to a season of three summer plays. Bill Sandefur is ticket chairman.

Blocks of the season duets were passed out to members along with some expert advice on salesmanship. Reports are due at the April meeting.

Tickets by mail may be purchased by writing to Box 643, Big Spring.

Prices are \$3 per ticket, or \$5 for two, and \$1.50 for students. Each ticket will entitle the holder to a seat at three performances. These will include "The Seven-Year Itch," "The Night of January 16th," and "The Four-Poster."

The Civic Theatre last week delayed its election until the April meeting. Reason given was that the three-play season is a big undertaking and it would hardly be fair to dump such a big project into the laps of new officers, at least until it was well under way.

The National Ballet of Canada, a company of 75, will be presented at 8 p.m. Monday in the Lubbock auditorium. For their only West Texas appearance they have chosen the classical "Les Sylphides," "Ballad" and the ever-popular "Offenbach in the Underworld."

Tickets are \$4.00, \$3.50, \$3.00, \$2.50 and \$2.00. Dance students are admitted for \$1.50.

The popular pianist Roger Williams will take over the large stage for his "Special Easter Matinee" at 3:30 p.m. on March 29. Williams, who has sold more records than any other pianist in history, will also bring the group that often records with him—"The Quiet Men." This will mark his first appearance in West Texas, and the show was set for 3:30 so that out of town patrons could attend church and still get to Lubbock.

Tickets are \$3.75, \$3.25, \$2.50 and \$1.75. Piano students are admitted for \$1.25.

The box office in the lobby of the Auditorium is open daily for ticket sales from 9 to 5. For information call PO-2-4616.

An expert who should know says community theatres are in a state of confusion and don't know where they are going.

The expert is Robert E. Gard, director of the Wisconsin Idea Theatre, an art research group of the University of Wisconsin. He told his ideas at a dinner meeting for leaders of that state's community theatres.

Leaders of community theatres are not true to their duty as creative artists. They use weak plays because they fear to fail. The theatre has lived for 3,000 years and will go on living, but strong individuals must assert their leadership. The theatre is the art that touches the largest number of people.

Comedian Foy Enters Hospital

HOLLYWOOD (AP) — Comedian Foy is in Cedars of Lebanon Hospital for treatment of a kidney disorder.

The 32-year-old showman will be hospitalized for three or four days, his physician said. He has a recurring ailment.

WEEK'S PLAYBILL

RITZ Sunday through Wednesday "SEPARATE TABLES," with David Niven and Deborah Kerr. Thursday through Saturday "RIO BRAVO," with John Wayne.

STATE Saturday through Tuesday "THE LAST BLITZKRIEG," with Van Johnson and Kerwin Matthews; also, "OLE YOUNGER, GUNFIGHTER," with Frank Lovejoy and Abby Dalton.

Wednesday and Thursday "THE MARK OF ZORRO," with Tyrone Power and Linda Darnell.

Friday and Saturday "ESCAPE FROM RED ROCK," with Brian Donlevy and Eileen Jansen; also, "GUNMAN WALKS," with Van Heflin and Tab Hunter.

JET "BEND OF THE RIVER," with James Stewart and Julie London; also, "WORLD IN HIS ARMS," with Gregory Peck and Ann Blythe.

Thursday through Saturday "TARZAN'S FIGHT FOR LIFE," with Gordon Scott and Eve Brent.

SAHARA Sunday through Tuesday "RIDE A CROOKED TRAIL," with Audie Murphy and Gia Scala; also, "I MARRIED A WOMAN," with George Gobel and Diana Dors.

Wednesday and Thursday "PARATROOP COMMAND," with Richard Bakalyan, also, "SUBMARINE SEAHAWK," with John Bentley.

Friday and Saturday "THE LONG, HOT SUMMER," with Paul Newman and Joanne Woodward; also, "GUNSMOKE AT TUCSON," with Mark Stevens and Gale Robbins.

Loneliness

That's the theme of "Separate Tables," a top runner for the Academy Awards. David Niven, as a fraud and woman-molester, and Deborah Kerr, as a brow-beaten mouse, co-star with Rita Hayworth and Burt Lancaster in a penetrating study of human emotions.

The 'Old' Zorro

Some of you older TV fans may remember the 'old' Zorro—and it may bring back fond memories. Here is the late Tyrone Power in the Zorro role in "The Mark of Zorro," an elderly film re-released by Hollywood to take advantage of the popular video.

Music Lovers Beat Traffic

SAN FRANCISCO (AP) — Hop aboard the "Symphony Special" and forget your traffic cares.

With this novel approach, the San Francisco Symphony Assn., now in its 47th annual season, has found a convenient way for out-of-town music lovers to attend concerts. At the same time it stimulates the all-important ticket sales.

It was started last season when one chartered bus was used to bring 45 women each week from the peninsula towns just south of San Francisco. The service ran for 18 weeks.

This season it has been tripled, due to its initial success, with two buses from Palo Alto, San Mateo and other peninsula towns and one from across San Francisco bay to serve Oakland and neighboring cities. The towns are as far as 35 miles from San Francisco.

The idea, originated here by the Women's Public Service Committee of the symphony association, was put in as a convenience because of intensifying traffic problems, the expense of downtown car parking and to make symphony going more attractive, explained Vic Weston, spokesman for the association.

It costs \$600,000 for the San Francisco Symphony to put on a season and, to do this, it has been necessary to get approximately \$300,000 in the way of public support—contributions and the like—in addition to ticket sales.

"If we had to depend on sale of tickets alone, we could not operate," Weston said, "no symphony, or opera or art museum could, for that matter."

"We have found that providing chartered bus service, thereby relieving the women patrons of traffic worries and minimizing their expense, has helped ticket sales appreciably."

It costs the bus users \$26.65 for 18 round trips on Friday afternoons during the season, or just under \$1.60 a round trip, regardless of distance.

Hemingway Notes Las Vegas Scenes

LAS VEGAS, Nev. (AP) — Ernest Hemingway's first visit to Las Vegas drew this comment from the novelist:

"My wife, Mary, and I are flabbergasted by the ferocity of the slot machine players, the chuck-wagons and the wild faces of the women dice players."

The Hemingways came here from Idaho where he has been writing a book for the last five months.

Gags And Gunplay

Ricky Nelson, John Wayne and Dean Martin produce as many laughs as killings in the unusual western, "Rio Bravo." Wayne portrays a sheriff who is trying to do his bounden duty, but is hindered more than helped by a well-meaning crew of misfits.

Sterling Performance

Joanne Woodward and Paul Newman (who are now man and wife) give sterling performances, along with Orson Welles, in "The Long, Hot Summer," a tale about the rejuvenation of a Southern family.

Farmer Takes Full Advantage Of Soil Conservation Program

Frank Whitaker is using his Great Plains Conservation Practices contract as an open end arrangement for development.

Whitaker was one of the first cooperators of the Martin-Howard Soil Conservation District to sign a GPCP contract. Already he has made considerable progress toward establishing planned practices on his place near Vincent in northeast Howard County. Moreover, he's working with Soil Conservation Service technicians in shaping up other practices which will fit into his contract and which will add to the flexibility and productivity of his farm.

When root plowing and reseedling was undertaken on 69 acres of range land heavily infested with mesquite, Whitaker liked the results so well that he treated an additional 31 acres at his own expense.

Two plantings of sorghum alnum—one 50 acres and the other 10 acres—were planned to use in rotation grazing along with three native range pastures. This worked so well for the 12 head of cows that he had originally that he bought 11 more cows. In turn, he modified his contract to plant additional sorghum alnum in a two-year rotation with his regular crops of cotton and sorghum.

Whitaker's experience with sorghum alnum have indicated he can get top production for at least two years by careful management of grazing and occasional cultivation for weed control and soil conditioning.

He has another 30 acres planted to barley, and this has furnished considerable grazing the past winter. His plans call for continued use of small grain seeded in cot-

CATTLE THRIVE ON ROTATED SORGHUM ALNUM
Frank Whitaker uses a flexible, developing plan

ton during the last cultivation for winter cover and grazing.

Control of grazing of the cultivated fields is made flexible by use of electric fencing.

Some other developments are shaping during the last two years of his three-year contract. For instance, he hopes to connect with the Colorado River Municipal Water District pipeline for a water supply for his small herd of livestock. Whitaker also hopes to kerosene some mesquite infested land, and also to pit and seed the rangeland. Some additional fencing is in the picture for protection of land and for rotation grazing of grass plantings.

Whitaker's contract also includes other government programs fitted into the over-all long time

conservation plan for his place.

He has 120 acres of a field planted to sorghum alnum in the conservation reserve of the Soil Bank program. He rebuilt terraces of his cultivated fields under the terrace restoration practice of the ACProgram. Here again he went beyond the contracted arrangement by building at his expense small terraces between those of his regular system. His land is comparatively level so that the net effect is to give him practically a dryland level border system for distribution of flood waters.

All the Great Plains practices are on a cost share basis with the federal government, which takes 50 to 80 per cent of the average costs.

Krausse Up For Texas U. Exes' Council

AUSTIN — The University of Texas' 30th annual Round-Up on April 2-11 will be dedicated to the memory of the man who originated it — the late William L. (Bill) McGill.

McGill, Texas civil defense director at the time of his death Jan. 5, was president of the University of Texas Ex-Students Association when the first Round-Up was held in 1930.

Part of Round-Up's proceeds will go to the new Ex-Students' Assn.'s William L. McGill Memorial Fund, which will be invested as a permanent endowment and the interest used to benefit a particular university project each year.

In place of the traditional parade of floats, Round-Up will "go western" with a house decoration contest, with trophies for the best western scenes at fraternity, sorority and other student houses.

Alumni this month will elect eight district councilmen and two councilmen-at-large to the Ex-Students' executive council. Results of the balloting will be announced at an April 11 alumni luncheon during the University's Round-Up celebration.

In one councilman-at-large race, Dan Krausse of Big Spring, Cosen Petroleum Corp. senior vice president, is opposed by John B. Connally of Fort Worth, Richardson Oil Co. vice president and general counsel. In the other councilman-at-large race, J. T. Suggs of Dallas, Texas and Pacific Railroad Co. president, is paired against Richard M. Morehead of Austin, Dallas Morning News correspondent.
