

'Powder Puff' pranks

THERE SHE GOES! — Sophomore co-captain Susie Mooney returns a punt 30 yards (farther than it was kicked) against the junior girls' team in the second quarter of Saturday night's "Powder Puff Football Game" at Bobcat Stadium. However, a junior pursuer grabbed Miss Mooney's waist-ribbon and stopped the run short of a touchdown. In case it matters, the juniors—who sponsored the game and lined up the referees—won the contest, 13-0.

'STRIPPER' — Band Director Jane Ann Mooney leads the "DHS Freak Band" off the field after a semi-rousing halftime performance at Saturday night's "Powder Puff" event. Miss Mooney, the latest of the red-hot mamas, holds a pair of coveralls which she shucked during a sizzling act to the tune of "The Stripper." The seven-piece DHS Freak Band also performed "Mary Had a Little Lamb" and parts of several other songs, and pro-

vided mini-music throughout the contest. In addition to female football players and the far-out band, the "Powder Puff" event also featured male cheerleaders and "queen" candidates, donned out in wigs, make-up, mini-skirts and padding. More than 1,000 attended and guffawed, netting the junior class \$500 to pay for this year's junior-senior prom.

HER HIGHNESS—A funny thing happened to Powder Puff Queen "Michele" (Mike) Dodson on the way to a triumphal ride around the football field during halftime of Saturday night's "Powder Puff Football Game"—the car died on the spot. But the queen maintained his-her regal dignity and the cheerleaders toughed out the situation by lending a push until Hal Heathington

could get the car—Lynn Polson's 1923 Ford—going again. Helping push are cheerleaders "Pauline" Isaacs (foreground), "Roberta" Woolbright (left), "Darla" Muckick (background), and also "Darlene" Ebeling, "Davita" Nino and "Charlene" McLean, who are bending shoulders to the rear bumper and not visible.

The CASTRO COUNTY NEWS

10¢ Per Copy

44th Year — No. 1 Dimmitt, Texas, Thursday, October 15, 1970 14 Pages

Ag income up \$9.7 million

Castro County's total agricultural income climbed by \$9.7 million last year, thanks mainly to a whopping \$10½ million increase in the cattle-feeding industry.

The report showed that the county's crops brought in cash receipts totaling \$26,158,000 last year — a drop of \$2 million from 1968, due mainly to acreage cutbacks and a hot, dry summer.

But the cattle feeding industry here more than made up for the crop-income decline. Cash receipts from livestock and livestock products increased dramatically, from \$13,099,000 in 1968 to \$23,540,000 last year.

THIS BROUGHT the county's total cash receipts from all crops and livestock to \$49,698,000 last year, showing a healthy overall increase over the 1968 figure of \$41,431,000.

In addition, the county's producers received \$12,271,000 in government payments — almost \$1½ million more than in 1968 — to boost the county's grand total to \$61,969,000 in agricultural income from all crops, livestock and government payments.

This means that \$9,708,000 more was pumped into the county's economy through the agriculture industry last year than in 1968, when the grand total figure for all crops, livestock and government payments was \$52,261,000.

ACCORDING to Agriculture Commissioner John C. White, the county statistics were made possible by the Texas Legislature, which provided the state agriculture department with funds to provide the annual county data program. The project is in cooperation with the USDA's Statistical Reporting Service.

J. H. Hutcheson rites conducted

Funeral services for Jessie H. Hutcheson, long-time local resident, were conducted at 2 p.m. Saturday in Rose Chapel of Gilliland Funeral Home in Hereford.

MR. HUTCHESON, 73, died last Thursday afternoon in Deaf Smith County Hospital.

Officiating at the last rites was Rev. Don Larkin, pastor of the Avenue Baptist Church of Hereford. Burial was in Rest Lawn Cemetery.

Born May 23, 1897 in Lee County, Miss., Mr. Hutcheson had been a Castro County resident since the early 1940s, when he and his family moved from Springlake to the Cleo community. Since 1960 he and his wife, Martha, had lived at 911 W. Dulin St.

A RETIRED farmer and builder, Mr. Hutcheson constructed the buildings now occupied by Dimmitt Parts & Supply and Dimmitt Meat Co., as well as others in the city. In recent years he worked as an appliance repairman and salesman in a shop on East Bedford Street.

He is survived by his wife, Martha; seven sons, George of Ontario, Calif., Jessie R. of Dimmitt, Jessie H. Jr. of Stratford, Hayse of Reseda, Calif., and Cecil, Jack and W. E., all of Amarillo; five daughters, Mrs. Christine Mick of Muleshoe, Mrs. Birdie Mae Stacy of Amarillo, Mrs. Rose Lee Parvin of Friona and Mrs. Flora Morris and Mrs. Lorine Hix, both of Hereford; two sisters, Mrs. Linnie Garrett and Mrs. Lillian Adire, both of Tupelo, Miss.; 38 grandchildren and 30 great grandchildren.

USE A RED BALL, JOE—That's the only advice that would have helped any golfer who dared to brave the 27-degree weather after last Thursday's snow blanketed the Castro County Country Club course. The fairway was frozen, the green was white and the bitter wind was high as heavy clouds drifted over the area and dropped more snow during the day. Although it was unseasonably early and interrupted the bumper harvest, the freeze apparently didn't cause any heavy damage to most crops in the area.

Crops weather the storm

Castro Countians awoke to a quarter-inch snowfall and an early hard freeze last Thursday morning.

WINTER'S first snowy blast came on the heels of a cold front that rode 40-mph winds across the Plains states, plunging the mercury to a record low of 27 degrees.

The unusually early snow blanketed green lawns, blooming flowers and crops that were in the midst of being harvested.

However, the blanket of snow melted and dried quickly after the clouds broke late Thursday, and held up the milo, soybean and corn harvest only a day or two. By Saturday, harvest crews were bracing themselves against the cold winds and getting the harvest into full swing again.

DRY weather boosted hopes for

having the big milo harvest virtually wrapped up by this weekend — if it doesn't rain or snow again. But harvest crews still had to work in record-low morning temperatures as the thermometer dipped to 24 Friday and Saturday and dropped below the freezing mark on five of the last seven mornings.

Cotton growers here seemed to

Argument gets out of hand

Man shot by friend

An argument between friends got out of hand and ended in a shooting last Thursday night at the Castro County Agricultural Housing Project.

HOSPITALIZED with a gunshot wound in the right arm was Lionel Benavidez, 19, a harvest work-

er from Orange Grove. He received emergency treatment in Plains Memorial Hospital, then was transferred to Amarillo's Northwest Texas Hospital, where he is still confined.

Arrested in connection with the shooting was Y. O. Valdez, who told officers he fired a shot from his .22 caliber rifle only to scare Benavidez and that the bullet ricocheted and hit his friend in the arm.

Investigating the incident were City Patrolman Kenneth McDermitt and Police Chief W. W. Jones.

AFTER the shooting Thursday night, Benavidez told McDermitt that he and Valdez had been drinking and drinking beer together in Benavidez's car, and had parked outside Valdez's apartment at the housing complex in East Dimmitt when they started arguing.

Benavidez told McDermitt he couldn't remember what the argument was about.

Benavidez, who is much larger than Valdez, said he threatened to whip the smaller man and chased him into his apartment, McDermitt reported. But Valdez emerged from his apartment with a .22 caliber rifle and chased Benavidez back toward his car.

JONES SAID Valdez evidently fired the rifle at an angle from seven to eight feet away as Benavidez ran toward his car. The bullet struck Benavidez in the upper right arm.

"The report we've received from the hospital is that Benavidez still has two paralyzed fingers," Jones said.

Jones arrested Valdez Friday on suspicion of assault with a deadly weapon. But Benavidez re-

refused to sign a complaint against Valdez.

UNDER an agreement worked out by County Attorney Robert Buntyn, public officials will not file charges against Valdez, either, if he pays Benavidez's hospital bill through the city police department. Valdez agreed to the terms.

Last rites held for C. H. Olvera

Last rites were conducted Sunday afternoon for Clemente Herrera Olvera, 51, a 10-year resident of Dimmitt.

MR. OLVERA died at 3:30 a.m. Friday in Plains Memorial Hospital after a heart attack.

Born Nov. 23, 1918, in Apam, Hidalgo, Mexico, Mr. Olvera had lived in the US 14 years. He moved to Dimmitt in 1960 from Hereford. An employee of Ellis Gin Co., he lived with his family at 309 SW Third St. He was a member of the Iglesia de Cristo (Church of Christ) in Dimmitt.

Funeral services were conducted at 3 p.m. Sunday in the Iglesia de Cristo with Max Zamorano, minister, officiating. Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

PALLBEARERS were Jose Lara, Alberto Balderas, Frank Garcia, Santiago Garcia, Jose Rueda and Edmund Hunter.

Mr. Olvera is survived by his wife, Madrona; four sons, Guadalupe, 17, George, 16, Clemente Jr., 8, and Luis 7; and three daughters, Susan, 12, Elizabeth, 10, and Anna Laura, 5.

Police raid nets 12 men, pair of dice

City police broke up a crap game Saturday night in an East Dimmitt residence and arrested 12 men on charges of gambling with dice.

THE occupant of the residence, John Limicy, 69, was charged with operating an illegal dice game. He posted a \$50 bond, and all the others arrested posted \$25 bonds, Police Chief W. W. Jones reported.

City Policemen Fred Moulton and Kenneth McDermitt raided the dice game at 11:35 p.m., arresting 10 men on the spot. Jones arrested two others the next day.

Several of those involved in the dice game were juveniles, Jones said.

Funeral is held for Mildred Byrd

Funeral services for Mrs. Mildred Marie Byrd of Vivian, S.D., were conducted Monday at 3 p.m. in Dimmitt's Fourth and Bedford Church of Christ.

MRS. BYRD, a native of Amherst, died Friday morning in her home in Vivian. She was 54 years of age.

Officiating at the last rites were Ronnie Parker, minister of the local church, and Garnie Atkisson, minister of the Northside Church of Christ in Lubbock.

Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

The daughter of Mr. and Mrs. Earl Miller of the Tam Anne community, Mrs. Byrd was preceded in death by a brother, Harold, of Dimmitt in 1963. She was the sister-in-law of Mrs. Jo Shearer of Dimmitt, and had other relatives here.

MRS. BYRD is survived by her husband, Roy; two sons, Gerald of Whittier, Calif., and Larry of Vivian; three daughters, Mrs. Doris Chappell of Hollywood Hills, Calif., Mrs. Earline Esmay of Fort Bliss and Mrs. Cathie Brown of London, England; a brother, Roy Miller of Friona; three sisters, Mrs. Edith Corrigan of Stanton, Calif., Mrs. Hazel Taylor of Lubbock and Alma Goolsby of Roswell, N.M.; her parents, Mr. and Mrs. Earl Miller of the Tam Anne community; and eight grandchildren.

Pallbearers were Floyd and Loyd Seymore, John, Jim and Arles Humphrey, and A. V. Wood.

Cancer Society unit will form

Castro County will have an American Cancer Society unit.

THIS WAS the decision of those attending a recent organizational meeting in Dimmitt.

Named to a nominating committee to submit a slate of charter officers for the new unit were DeWayne Brown of Hart and Mrs. Claude Forson and Judge Raymond Wilson of Dimmitt. They will submit names of local people to serve as president, vice-president, secretary and treasurer at a meeting set for 7:30 p.m. Nov. 2 in the assembly room of the county courthouse.

On hand at the organizational meeting to explain the need for a unit here and the services available to the community from the American Cancer Society were Dan Harris, field representative, and Mrs. Pete McLaughlin, district director.

Let's take a close look at those proposed amendments

(Editor's Note: This is the first of three articles explaining the seven proposed constitutional amendments on the Nov. 3 ballot. Compiled by the Executive Digest, these analyses are not intended to tell anyone how to vote, but to present facts which will help you determine for yourself whether each amendment is desirable and for the best interests of our people as a whole.)

PROPOSITION 1
In the Nov. 3 general election you will be asked to vote FOR or AGAINST: "The Constitutional Amendment relating to the removal, retirement, or censure of justices, judges, and justices of the peace under prescribed circumstances."
IN 1965 Texas voters adopted a constitutional provision setting a mandatory retirement date for

district and appellate judges and creating a State Judicial Qualifications Commission which would make a continuing study of judicial conduct and disabilities.
The commission was instructed to recommend to the Supreme Court of Texas the removal from office of a judge, before retirement age, for willful or negligent conduct which is clearly inconsistent with the proper perfor-

mance of his duties, or casts public discredit upon the judiciary or administration of justice.
The commission was further authorized to recommend involuntary retirement for disability that seriously interferes with the performance of a judge's duties which is, or likely to become, permanent in nature.
THE proposed amendment of Article 5, Section 1-A would ex-

tend the commission's duties to include "any county judge, any judge of a county court at law, a court of domestic relations, a juvenile court, a probate court, or a corporation or municipal court, and any justice of the peace, and any judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V" of our state constitution.

It would add two new lesser forms of penalty: (1) A private reprimand from the commission, and (2) public censure from either the commission or the Texas Supreme Court.
Under this proposed amendment, any of these members of the judiciary could be removed from office or censured in lieu of removal, for willful or persistent conduct which is clearly

inconsistent with the proper performance of his duties or which casts public discredit upon the judiciary or the administration of justice.
FOR A permanent disability seriously interfering with the performance of his duties, or a disability likely to become permanent, a person could be removed from office. If he is eligible for benefits under state laws for judicial retirement, such removal would take the form of involuntary retirement.
No judges have been removed from office since the current constitutional revisions were adopted in 1965, but it is generally believed that the availability of a procedure for removal from office has had a beneficial effect on the administration of justice. The opportunity for reprimand and public censure would add (See AMENDMENTS, Page 14)

Sheffy's chatter

Two former pastors return to honor church secretary

By MYRTLE SHEFFY
Three former Methodist ministers were in the Sunday service besides the visiting Baptist layman, Jake Diehl from Hereford, who talked at the morning service.

Mr. and Mrs. M. A. Pennington stopped off in Dublin recently for a chat with the Vestals, who send greetings to their Dimmitt friends.

Richard and Charlene Hunter and babies have moved to the Baird farm one mile north and one-quarter mile west of the former farm at Jumbo.

This is maize harvesting time, so the people must stay home and get that done before the rains. "What rains?"

MRS. EDNA LIPPARD was the birthday girl at a dinner after the WSCS meeting Friday in the fellowship hall.

MRS. GAIL BRUEGEL was hostess Thursday afternoon with a bridge party. She served a salad with hot buttered rolls to Ruth Jackson, Jo Edzie Riley, Dorothy Gilbreath, Mona Merritt, Goldie Stanton, Joannis Robertson, Wanda Kay, Mildred Bradford, Carolyn Jones, Dorothy Mayfield, Shirley Wise and Nancy Ross.

HELEN Richardson, Maurine Bice and Faun Welker spent the weekend at Ruidoso, getting the summer houses ready for winter.

A TOTAL of 22 merit awards for outstanding performances to Texas radio and TV stations have been announced by the Texas Association of Broadcasters at its convention in Houston.

THE FIRST Christian Church is having special services this week. A very able speaker from Louisiana is there and the Assembly of God Church has had special services also.

CRAIG FULLER is now at Fort Ord, Calif. He will do his time for Uncle Sam. He recently finished school at WTSU.

JIM BAKER, Joan Montgomery and Sandy Bruegel, all of Dallas, were weekend guests of Sandy's parents Fred and Juanita.

MRS. EDNA LIPPARD was the birthday girl at a dinner after the WSCS meeting Friday in the fellowship hall.

MRS. GAIL BRUEGEL was hostess Thursday afternoon with a bridge party. She served a salad with hot buttered rolls to Ruth Jackson, Jo Edzie Riley, Dorothy Gilbreath, Mona Merritt, Goldie Stanton, Joannis Robertson, Wanda Kay, Mildred Bradford, Carolyn Jones, Dorothy Mayfield, Shirley Wise and Nancy Ross.

Bible Thoughts THE CHURCH AND SALVATION By RONNIE PARKER

In Ephesians 5:23 the divine record says, "For the husband is the head of the wife, as Christ also is the head of the church, being himself the saviour of the body."

We are a busy town — all 4,250 of us try to do a little of everything.

Mr. and Mrs. Jim Bagwell attended the funeral of her brother-in-law Albert Clubb at the First United Methodist Church in Lubbock last Friday.

Carl and Mike Bruegel and W. J. Hill went to the Tech-A&M game and got weathered in by the rain.

Another Thursday party was in the home of Maxine Tidwell, who served a salad party to Ceal Carlile, who won high score Betty Boothe, who won high for Miller, Betty Huckabay, Jeannie Miller, Pearl Sheffy, Edna Riley, Maxie Horton and Margaret Wilson.

MRS. JACK COWSEY was hostess Thursday afternoon with coffee and a very good chocolate cake. Guests were Mrs. Opal Jarvis and Mrs. Jim Collins of Plainview, Birdie Duree, Opal Bearden, Myrtle Sheffy, Ethel Womack and Shirley Stephens.

Winnie McLaughlin and Mrs. Tommy McLaughlin of Floydada were guests of their aunt Mrs. Myrtle Williams recently.

There is no saved person outside the church. What it takes to save a person, it takes to put him in the church.

GARY COMPTON of Dallas visited Wednesday here with his mother-in-law, Beral Hance. He was in Lubbock and Amarillo on business.

Mr. and Mrs. Rex Sheffy, and sons Scott and Brett visited her father, Mr. Smotherman at Duke and a sister and family Mr. and Mrs. Doyle Martin and the Billy Walkers at Altus.

Aural Davis was at home for her family get together recently. Coming in were brothers, Reginald and Mrs. Shaw of Woodland Park, Calif., Judge and Mrs. Rod Shaw of Lubbock, Norman and Mrs. Shaw of Pampa, her aunt, Mrs. Lorene Mason of Los Angeles, a sister Bee Thurston of Plainview.

THE BETA Sigma Chi Sorority were hostesses Saturday night at the big "Harvest Hoe Down" at the Compress hall.

THE Jimmy Mannings finally have the baby. I told you a while

Several of the teen bunch went over to Donna Hudson's for a talk fest and eating fest; this was after church.

The Cecil Ginns visited his mother Nannie Ginns and sister Beulah Newton at Earth Sunday.

THE BETA Sigma Chi Sorority were hostesses Saturday night at the big "Harvest Hoe Down" at the Compress hall.

Bill and Ann Drake of Van Horn were here to visit the Rex Sheffys, enroute to Hereford to visit his folks. The Drakes lived

Hart man receives Bronze Star for heroic action in Vietnam

Alfonso Gonzales of Hart, boat-swain's mate first class in the US Navy, has been awarded the Bronze Star Medal for heroism in Vietnam.

Alfonso Gonzales

HE IS the son of Mr. and Mrs. Alfredo Gonzales of Hart.

Accompanying his medal was a citation signed by President Nixon and Vice-Admiral J. H. King, commander of US Naval Forces in Vietnam. The citation commended Gonzales "for heroic achievement while serving with River Patrol Group 52, engaged in armed conflict against the North Vietnamese and Viet Cong Communist aggressors in the Republic of Vietnam."

The citation described his heroic action, which saved the lives of 18 injured helicopter crewmen: "On the 10th of July 1970, Petty Officer Gonzales was an advisor assisting in resupplying four river patrol boats on the Upper Saigon River.

"As the helicopter hovered to have a sling attached to its cargo hooked, two rockets hit the aircraft in the tail section. There was an immediate explosion and the helicopter went out of control and crashed.

"Reacting immediately, he ran to the rear portion of the craft, where 18 injured men were partially trapped. The enemy had now moved to a tree line 200 meters from the helicopter, and were peppering the aircraft and automatic weapons fire.

"Petty Officer Gonzales, with complete disregard for his own personal safety, exposed himself to the enemy fire and intense heat of the burning helicopter to assist the injured men. He aided in smothering the fire while still receiving heavy enemy fire.

"Petty Officer Gonzales made three trips from the burning wreckage to the river bank to evacuate the men from the kill zone. Due to his efforts, men were safely evacuated from the area of the burning helicopter.

"Petty Officer Gonzales' professionalism, initiative and devotion to duty were in keeping with the highest traditions of the United States Naval Service. The Combat Distinguished Device is Authorized."

Petty Officer Gonzales is presently stationed at Phu Cong, Vietnam, about 60 miles north of Saigon. His address is:
Alfonso Gonzales BMI 597-74-52

15-LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: J. M. BLACKBURN, F. A. BARNES, J. R. PUCKETT, ALBION F. BENNIS, J. F. BARKER, J. ROBERT PUCKETT, DOROTHY MAE PUCKETT, and MRS. W. O. WEAR, or her successors in office, as Guardian of the persons and estates of J. Robert Puckett and Dorothy Mae Puckett, and if ever married, their spouses, and if any or all of the above named parties or their spouses are deceased, their heirs, their unknown heirs and legal representatives of each and all of them; their unknown spouses and any and all persons owning or claiming any interest in the property hereinafter described, all of whom are DEFENDANTS.

GREETING:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Castro County, Texas, in the Court house thereof in Dimmitt, Texas at or before 10:00 o'clock A.M. on the first Monday after the expiration of 42 days from the date of issuance of this citation, same being the 23rd day of November, 1970 then and there to answer in writing Plaintiff's petition filed in said court on the 9th day of October, 1970, in this cause numbered 3471 on the docket of said court and styled THE FIRST STATE BANK OF DIMMITT, TEXAS VS. J. M. BLACKBURN, ET AL, a brief statement of the nature of said suit being as follows:

Suit in statutory form of trespass to try title, and for costs by The First State Bank of Dimmitt, Dimmitt, Texas, Plaintiff against those persons who are first named in this Citation and to whom it is directed, as Defendants, and the unknown spouse and heirs and legal representatives of the said named persons and each of them, the names and residences of whom are alleged to be unknown to the Plaintiff, the Plaintiff suing for title and possession of the following described real estate lying and being situated in Castro County, Texas, to-wit:

All of Lots Number Twenty (20) and Twenty-one (21), in Block Number Ninety-nine (99), Original Town of Dimmitt in Castro County, Texas.

Plaintiff alleges that it is entitled to the title and the possession of said property, claiming under the five, the ten and the twenty-five year Statutes of Limitations, and Plaintiff further prays that the cloud cast on the title to the property above described by Defendants be removed and said title vested in the Plaintiff, all as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly serve the same according to law and make due return as the law directs, and if this process be not served within ninety days from the date of issuance, it shall be returned unserved.

129 may hunt aoudad sheep

The Texas Parks and Wildlife Department will issue 125 permits, four more than last year, to hunt aoudad or Barbary sheep in the four counties of the Palo Duro Canyon area, according to Area Wildlife Supervisor Jack Parsons.

LAST YEAR landowners had 125 permits for hunters in Armstrong, Randall, Briscoe and Foyd Counties. Hunters from Texas and several other states stalked the wily animals in the rugged ravines and canyons, enduring foul weather and rough terrain to bring in 28 rams and eight ewes.

The Palo Duro herd of about 600 animals is the result of the Texas Parks and Wildlife Department's stocking of 44 sheep in 1957.

Only in eight counties of the Panhandle is the aoudad considered a game animal. Other areas of Texas have the sheep, but they are kept behind private ranch fences.

IN 1963 the sheep harvested averaged 110 pounds, with one ram heading the list at 230 pounds. In 1964 a field-dressed ram was an eye-bulging 270 pounds and one animal with 32-inch horns was taken during the 1968-69 hunt.

14-CARD OF THANKS

CARD OF THANKS
For every expression of kindness to our family, the visits, letters, beautiful flowers, contributions to memorial funds, all your thoughts and prayers on our behalf, we thank you.

Your love and concern have sustained us. May God bless you.
MRS. NORMAN CLEAVINGER AND FAMILY
MR. AND MRS. M. E. CLEAVINGER AND FAMILY

CARD OF THANKS

I wish to express my gratitude to my friends and neighbors for the many acts of kindness extended to me during my stay in the hospital. Your cards, flowers, gifts and prayers, are deeply appreciated. I also appreciate the care the hospital staff, doctors, and nurses offered me. God bless each of you.
MRS. LEOLA HABERER

Do you realize the hidden costs of job accident?

"Because of hidden costs of on-the-job accidents, the entire economy of Texas is affected every time a worker is injured," according to the president of the Texas Safety Association, George William Perry, Dallas attorney.

PERRY said that many Texans, both employers and employees alike, do not realize the full impact of on-the-job accidents.

"Most people only think of what they pay out for medical treatment or compensation to an injured worker as the cost of an accident, but it is really similar to an iceberg - the real costs of an accident are hidden beneath the surface," Perry said.

He explained that the hidden costs include such items as the time lost from work by the injured worker the loss in earning power, the economic loss to the worker's family, the time lost by other employees, a loss of efficiency because a worker is away from the job, the loss of time by supervisors, the cost of breaking in or training new men.

"THE LIST goes on from there," said Perry. "For example, the businessman must also consider the cost of damaged tools or equipment, the period of time the equipment is out of service, spoiled work, the failure to fill orders, and at least 100 other items of cost which appear one or more times with every accident," Perry continued.

The safety group leader said that these hidden costs have a direct effect on the economy of the state, Perry said that Texas is leading the nation in industrial development, but he warned, "If we are to continue that progress, we must also be a leader in accident prevention and loss reduction."

"ONE positive step employers can take is to provide their supervisory personnel with training in accident prevention techniques. TSA offers the Key Man Development program for supervisors. Universities and other organizations offer additional training opportunities," Perry stated.

"Employers also need to keep abreast of the new Texas Occupational Safety Standards being issued by the State Occupational Safety Board.

Doctor's wives plan lunch for state president

The Tierra Blanca Medical Association Auxiliary will host the president of the Women's Auxiliary to the Texas Medical Association Mrs. Eugene P. Schoch Jr. of Austin, at a luncheon Friday at the Hereford Country Club.

THE STATE president's luncheon will begin at 12:30 p.m.

Mrs. J. D. Blackburn of Dimmitt is president of the Tierra Blanca Auxiliary, which includes 19 physicians' wives in Castro, Deaf Smith, Oldham, Parmer and Swisher Counties. Wives of dentists and veterinarians are honorary members of the local auxiliary.

Before becoming president of the state auxiliary Mrs. Schoch served as the southern regional vice-president, secretary, convention and library chairman, and news letter coordinator. She also is the former president of the Travis County Medical Society Auxiliary.

A graduate of the University of Texas, Austin, she holds a secondary teaching certificate in biology.

Hart tea honors Paula Sue Harris

Faula Sue Harris, bride-elect of Tommy Portwood, was complimented with a gift tea Saturday afternoon in the community room of the Farmers State Bank of Hart.

Mrs. Orval Sharp registered the guests.

SPECIAL guests were Mrs. Duard Harris of Hart, mother of the honoree, and Mrs. Harold Dean Portwood of Dimmitt, mother of the groom-to-be.

The serving table was covered with a white lace cloth over deep pink. The centerpiece was a double ring centered with pink carnations and flanked by tall pink candles. Mrs. Oford King and Mrs. Howard Mitchell served refreshments.

Hostess gifts were an ironing board, iron, pink sheets and matching pillow cases.

The honoree, her mother and Mrs. Portwood were presented corsages of kitchen gadgets.

Miss Harris and Portwood will exchange vows Sunday in the home of the bride's parents.

Sorority meets in DeVaney home

Dimmitt's Alpha Epsilon Tau chapter of Beta Sigma Phi sorority met last Wednesday night in the home of Mrs. Sue DeVaney. Hostesses were Mmes. Kay Kellar and Gayle Ratcliff.

MAIN purpose of the business meeting was to make final plans for the sorority's second annual "Harvest Hoedown," which was held at the Country Club Saturday evening.

The chapter also voted to have a booth at the community Hall-ween carnival Oct. 31; to sell cookbooks at \$3.50 each; and to send President Sue DeVaney to the area convention in Plainview. Program topics at the meeting were "Painting the Person" and "Jewelry," presented by Mrs. Nancy Alexander and Mrs. Mary Jo Brown.

Miss Foster

Hart Lions Club names sweetheart

Jean Foster, 15-year-old daughter of Mr. and Mrs. Wamon Foster, has been chosen the Hart Lions Club Sweetheart.

A sophomore honor student in Hart High School Miss Foster is a member of the Future Homemakers of America, reporter for her Future Teachers of America chapter, member of the Hart Longhorn Annual Staff, pep squad and Hart High School Band.

Her hobbies include playing the organ and piano, skating, swimming and bowling. She is the organist for the First United Methodist Church of Hart.

Miss McLeroy to compete in state 4-H dress revue

Top Texas 4-H Clothing girls will compete in Dallas Saturday in the annual State 4-H Dress Revue, announced Kay Elmore, Extension clothing specialist and revue chairman.

Forty-six teenage seamstresses will model their outfits as a highlight of the State Fair of Texas.

Representing Castro County will be Judy McLeroy, daughter of Mr. and Mrs. Edd McLeroy of Dimmitt.

JUDGING will be at the Sheraton-Dallas Hotel, Friday preceding a noon press luncheon to announce the winners. All contestants will be presented in two public fashion shows at the Women's Building Auditorium at Fair Park, 10 and 11:00 A.M. Saturday, Oct. 17, Miss Elmore said.

Mrs. Linda Gaylor, group fashion advisor for J.C. Penney Company, Inc., will commentate the show.

The winner receives a trip to National 4-H Club Congress in Chicago in late November. An alternate winner will also be selected. Highest ranking winners, she said, in all-cotton and all-wool divisions will receive awards from the Texas Cottonseed Crushers' Association and Texas Sheep and Goat Raisers' Association, respectively.

FINALISTS in the 4-H clothing activity represent about 17,000 Texas 4-H girls enrolled in clothing work this year, Miss Elmore said. Each of the finalists was first a county then a district winner.

Here are week's best food buys

The best way to save money when doing the family food shopping is to check for the items in heaviest supply, reports Gwendolyn Clayatt, Extension consumer marketing specialist.

BEST BEEF values at retail meat counters in Texas this week include chuck roasts and steaks, ground beef and round steaks and roasts.

Pork values include hams, picnics, shoulder steaks, Boston butt or roasts, and end cut loin roasts and chops.

Fryers remain an excellent bargain in most retail meat departments, and Grade A large size eggs offer the best combination of quality and economy for the consumer's egg money.

Japan now best export market for our feed grains and cotton

Castro County residents are well aware that US-Japanese trade is extensive, Jim Elder, chairman of the Castro County Agricultural Stabilization and Conservation Committee, commented this week.

"ALMOST everyone recognizes that Americans are important customers for Japanese goods," Elder said, "but I wonder how many of us realize that the Japanese are major customers for American goods, especially for American farm commodities.

"In fact, Japan imports more US agricultural products than any other country in the world — a record \$1.1 billion worth during the 1970 fiscal year," Elder added.

He pointed out that feed grains, soybeans, wheat and cotton are important farm crops in Castro County and that exports of these farm products to Japan have gone up dramatically in recent years.

MORE THAN six million tons of feed grains were shipped to Japan last fiscal year — just about one-third of US feed grain exports. Soybean exports to Japan had a \$251 million value, and wheat exports \$136 million, Japan is our best cotton customer,

taking one-fourth of its cotton from the US, and Japan bought \$50 million worth of tobacco from the US during the last fiscal year.

The ASC committee chairman reported that Secretary of Agriculture Clifford M. Hardin recently took note of the American-Japanese trade story, calling it "unprecedented."

SECRETARY Hardin also said: "The Japanese economy has paralleled that nation's growth in trade. In the years between 1960 and 1965, Japanese shipments in world trade more than doubled. By 1969, they had almost doubled again, reaching \$16 billion. Shipments to the United States increased in those nine years by more than four times — \$4.9 billion.

"The Japanese household's disposable income has more than tripled since 1960. His demand for meat, milk, and eggs — a good 'horseback' measure of consumer prosperity — has increased by more than four times in 15 years.

"HE IS diversifying his eating habits as his income goes up. For example, per person consumption

of wheat flour in this traditionally rice-eating society has increased by 30 percent in a decade and a half.

Ten years ago, Japan's agricultural imports from the US were \$440 million. In the fiscal year just past, they were more than twice as great — nearly \$1.1 billion.

"But the agricultural exports are only one aspect of a beneficial trading relationship that can be summarized very simply: In

Banks are top farm lenders

Texas banks were providing farmers and ranchers with more credit and other financial services than any other lenders at the beginning of this year, according to Tom Frost Jr. of San Antonio, president of the Texas Bankers Association.

DURING 1969, the banks maintained their leadership in agricultural credit services.

Based on the 29th annual farm lending summary of the Agricultural and Rural Affairs Committee of the American Bankers Association, Frost reported that at the beginning of the year, Texas banks were helping farmers and ranchers with over one billion dollars in loans, 13 percent more than a year previous.

This total included \$807 million in production loans and \$195 million in farm mortgages. At the same time, \$614 million in farm loans was held by life insurance companies; \$502 million by the Federal Land Banks; \$301 million by Production Credit Associations; and \$79 million in non-real estate loans, plus \$13 million in real estate loans by the Farmers Home Administration.

About 68 percent of the non-real estate credit extended by farmers and ranchers came from banks.

Frost said that the TBA 38-member agriculture committee, currently headed by G. R. Crawley of Lamesa, is an important adjunct to the statewide farmer-rancher-banker team in working to improve farm and ranch financial arrangements. He reported that nine out of 10 insured banks throughout the country had agricultural loans outstanding, with nearly 87 percent of the banks in Texas extending credit to farm and ranch people.

terms of total exports, the United States is Japan's best customer, and Japan is the United States' best off-shore customer.

"AS YOU might expect, two-thirds of US shipments to Japan last year were raw materials, mineral fuels and foodstuffs, while 90 percent of Japan's shipments to the US were manufactured goods.

"This is the basis of beneficial world trade — an exchange of goods based primarily on production efficiency.

"It is this principle that led Japan to look to efficient producers on the broad farmlands for the feed grains needed to satisfy its people's rising demand for livestock products.

"AS A result, imported feed grains have triggered a rapid expansion of Japanese livestock production. This has brought Japanese consumers more meat and poultry at better prices; it has opened opportunities for Japanese farmers for new and profitable livestock enterprises; it has meant an important and expanding feed grain market for world agriculture.

"Almost the whole range of US farm commodities finds Japan a leading customer.

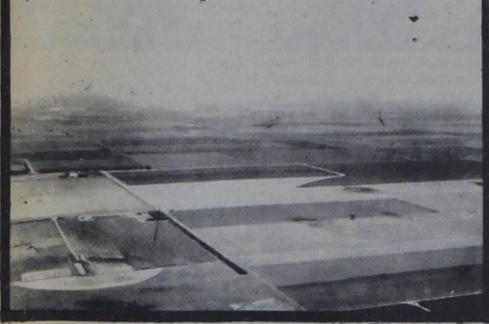

"Japan wants, needs, and can afford these products, and the US can supply them in any system of international trade in which price, quality and availability are the primary factors.

"IN A world of competition, export expansion means salesmanship and service as well as price, quality and availability. The producers and marketers of the major US agricultural products have understood this, and they support some 68 private trade organizations formed to develop markets overseas in cooperation with the Department of Agriculture. This is of course, a mutual effort—with many strong Japanese organizations bringing to it their special knowledge, their special abilities."

Hardin gave special recognition to the trade organizations for the three commodities which last year accounted for two-thirds of total US agricultural exports to Japan — feed grains, soybeans, and wheat.

JAPAN'S big increase in feed-grain imports is due largely to the efforts of the Grain Sorghum Producers Association and the National Feed Grains Council, which have sponsored group visits in this area by Japanese feed manufacturers and cattle feeders to show them the advantages of grain sorghum as a processed livestock feed.

MODERN AGRICULTURE

Sorghum pastures could be deadly after first frost

Hybrid sorghum-sudan pastures, fast growing and excellent forage, can also be deadly, especially during the late summer and fall.

The breakdown of the sorghum's plant material by its own enzymes results in prussic acid poisoning for the animals which eat the plant material, says Dr. John C. Reagor, toxicologist for the Texas Veterinary Medical Diagnostic Laboratory.

The actual agent causing death is hydrogen cyanide, the same chemical used in state gas chambers for executions.

"There are two times during which poisoning occurs," Dr. Reagor explained. "After frost, where there is damage to the plants, high levels of hydrogen cyanide are very common in the plants.

"THE SECOND case is when plants perk up and begin fast growth after a very dry period during which the plants have been burned up."

The hydrogen cyanide is very volatile and therefore stays in the plants for only a very short time, but while it is present, animals must be kept off the pasture, he said.

"Usually, if a severe outbreak occurs, cows exhibiting symptoms when the veterinarian is called, will be dead before he can arrive."

Dr. Reagor said. "He will probably be able to save only those which are still breathing after he arrives."

"HAY THAT is improperly cured can also present prussic acid poisoning problems for a short time, Dr. Reagor noted, adding that the blood of poisoned animals will be cherry red.

Dr. Reagor also urged farmers

Statistics on counties now available

Texas Agriculture Commissioner John C. White has announced the publication of "Texas County Statistics," a booklet published for the second time which includes a comprehensive agricultural survey of each of the state's 254 counties.

IT DEVOTES a single page to each county.

In addition to livestock reports (including beef, dairy, hogs, sheep and lambs), the compilations list vegetables, fruits, pecans, small grains, field crops, cotton, poultry, government payments and cash receipts received from marketing during the last two years.

The last session of the Texas Legislature made this project possible by authorizing funds for the Texas Department of Agriculture to conduct its annual county data operation. Gathering of the information is a joint effort of the Texas Department of Agriculture and the Statistical Reporting Service of the USDA.

The county agent has been supplied 10 copies of the county's statistics, and copies may be obtained from him. If other copies of a county's statistics are wanted, they may be obtained by writing Commissioner White, PO Box 12847, Austin, 78711.

to be on the lookout for nitrate poisoning that may occur during the late fall on winter pastures when there is a lot of cloudy weather.

Dr. Reagor noted that the blood of animals that have died from nitrate poisoning will be chocolate brown, just the opposite from those dying from prussic acid poisoning.

GSPA supports senate version

The Grain Sorghum Producers Association has asked the Joint Committee on Agriculture to accept the Senate version of the feed grain bill.

THE major difference between the Senate and House bills is that the senate sets the minimum price support floor at \$1.35 per bushel on corn, or 75 percent of parity, whichever is higher. The House did not include the parity provision.

Grain sorghum price supports will be set in relation to corn.

In a letter to the conferees, GSPA Executive Director Elbert Harp stated, "This provision will only guarantee the farmers an income increase of 75 percent of any future increased costs of production, and this on only 50 percent of the base." Harp told the committee, "We do not feel this is asking too much."

ANOTHER provision that the Senate bill has is a \$1 per bushel floor on the corn loan rate where the House version has an open-ended arrangement that lets the Secretary of Agriculture set it.

GSPA's amendment, which ties grain sorghum price supports to corn on a nutritional value relationship and average transportation costs to market, is a part of both the House and Senate bills. "We feel this will help our loan and price support levels in the future," Harp said.

"SOIL conservation is soil insurance." —Southwestern Crop and Stock

Social security agent to visit

A field representative of the Social Security Administration will be at the Castro County Courthouse Wednesday from 9:15 to 11:15 a.m. to help local residents on matters relating to social security or medicare.

THOSE unable to meet with him here may obtain service by going to the district social security office at 317 E. Third St., Amarillo, or by telephoning 376-5151 from 8:15 to 4:30 on weekdays.

"AMERICA was built by men and women seeking independence and security. Our shelter, food, and clothing all come from the soil. As the soil is lost, so is our security and our freedom." —Anonymous

Presenting **The VERSATILE Everman 329**

Longer, Heavier
Stronger — Built
To Sell at a
LOWER COST

The main wheels of the EVERSMAN 329 have been moved further ahead... and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 32'6". Width 12'. Blade capacity 1 3/4 cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V-smoother blade for dead busting and use of heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front davis provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Everman models to fit all standard farm tractors.

Save \$3 on a complete CFS soil test!

Does a bargain interest you? Then clip the certificate below. It's worth a \$3 discount on a complete CFS soil test at your CFS Crop Advisory Center.

All you do to cash in is give us a call. A CFS Crop Advisor comes out, takes samples from each field. We send the samples to the CFS laboratories for a complete analysis—soil pH, availability of nitrogen, phosphate and potash, deficiencies of all the critical micro-nutrients... also test for organic matter and soil texture.

CFS Crop Advisors then outline a fertilizer and herbicide program for the crops you intend to grow — show you what fertilizer and herbicide to apply and when to apply it for best results. The plan also shows how to

adjust soil pH to make nutrients more readily available to growing plants.

Sound like a good bargain? It is — particularly when you see the results you get! Call us today. Offer ends January 1, 1971.

SOIL TEST DISCOUNT
Redeemable at rate of one certificate per sample

THREE DOLLARS
CUSTOM FARM SERVICES, INC.
Certificate Expires January 1, 1971.

Complete soil test includes nitrogen, phosphorus, potash, calcium, magnesium, sulfur, manganese, zinc, also soil pH, texture and organic matter and, if desired, test for boron

Hart news

Bonfire tonight to kick off Homecoming

Friday night will be Homecoming at Hart High School, with the Booster Club sponsoring a chili supper prior to the football game between the Hart Longhorns and the Sudan Hornets. Highlight of Friday's activities will be the crowning of the Homecoming queen. Candidates are Sandy Bennett, senior, daughter of Mr. and Mrs. Bob Bennett; Nelda Henderson, junior, daughter of Mr. and Mrs. R. G. Henderson; Roni McGill, sophomore, daughter of Mr. and Mrs. Sam McGill; and Cindy Dyer, freshman, daughter of Mr. and Mrs. Jack Dyer.

The crowning will take place at 7:40 p.m. Friday, just before the Homecoming game kickoff. A Bonfire King and Football Queen will be crowned tonight (Thursday) during the bonfire and pep rally.

A pinning ceremony will be conducted Friday morning at 10:50 and a pep rally is scheduled at 3:15 Friday afternoon. The public is invited to attend the pep rally. All ex-students and teachers will be honored with a reception in the school cafeteria following the game.

HAROLD SMITH, leader of the Royal Ambassadors of the First Baptist Church, will sponsor a trip for the boys Saturday to Boys Ranch, old Indian ruins and Saddle Rock Mountain at Tascosa. Mrs. Lowell Richburg has accepted the leadership of the Girls Auxiliary of the First Baptist Church for this coming year. In a called meeting this week, the girls will elect officers.

MR. AND Mrs. Barber Eubanks of Afton, Okla., are in Hart visiting with Mr. and Mrs. Fred Hamm. They visited on Saturday afternoon with Mrs. W. C. Crick. The Eubanks are former Hart residents.

Mr. and Mrs. Miles Cox spent last weekend in Fort Worth and Lipan, where they attended the funeral of her cousin, Henry Buldrege.

SENIORS of Hart High School are busy selling ads for the 1971 Longhorn annual, and mums for the annual Homecoming this weekend.

NEW OFFICERS of Hart American Legion Post 311 have been elected. They are Percy Hart post commander; Claude Ray, vice-commander; Bud Steiert, adjutant; James Kennedy, service officer; and Bud Steiert, finance officer and historian.

There are 72 members of the post this year, and the annual membership dues are payable at this time. The 18th District convention will be held this month in Hereford.

J. D. RODGERS brought the devotional Sunday afternoon at the Golden Spread Nursing Home. Rev. C. T. Cunningham gave the invocation and led in group singing.

The Brotherhood of the First Baptist Church sponsors a religious program at 4 p.m. each second and fourth Sunday afternoon at the home.

MR. AND MRS. L. C. McLain spent the weekend in the high country of northern New Mexico recently, enjoying the beauty of Mother Nature's breathtaking array of fall dress. They spent Friday night in Clovis with Mr. and Mrs. Joe Willmon. Willmon and McLain were in the service together in World War II. Saturday night was spent at the Lazy Bear Motel in Red River, N.M., operated by former Hart residents, Mr. and Mrs. David Willis.

HART LIONS Club met Monday at noon in the community room of Farmers State Bank, with 22 members and three guests present.

Guests were Donald Lloyd, new manager of the Hart Producers Co-op Gin, Alex Wedden of Muleshoe and J. I. Brothers of Oltor. Jean Foster, new Lions Club Sweetheart, was the pianist.

Ted Averitt, Hart school superintendent, gave a report on Hart School Band progress. Mike Burnam gave a financial report on the occasions at the Thursday night ball games, and expressed his thanks to the wives of the Lions Club members who furnish sandwiches. The concession stands are sponsored by the Lions Club. Bill Rich, Lion boss, presented two members with charter pins. Ernest Martin and E. E. Foster. Wamom Foster accepted the pin in the absence of his father.

Rich presented Mrs. Myrt Loman a pin in memory of her husband, H. E. Loman, as a charter member.

WARREN GREEN of Lubbock, representative of the South Plains Council of Boy Scouts, met with a group of Hart residents recently at the school cafeteria to discuss the re-organization of a Cub Scout pack here.

Darrell Davis and Weldon Jones, past Cub Scout masters, and 10 adults with 17 interested boys attended the meeting.

Green explained the importance of scouting, and will come back to assist with organization as soon as den mothers and a Cubmaster can be found. The Hart Lions Club sponsors both Boy Scout troop 246 and the Cub Scouts.

Anyone interested in helping in any way with the boys, contact Darrell Davis or Weldon Jones.

MRS. LEONARD Griswald and Mrs. T. H. Taylor gave a report to the WSCS of the recent visit of Jennifer Myers of Girlstown to Hart, at the Oct. 1 meeting of the society of the First United Methodist Church.

The ladies voted to take a box of used clothing to the county judge's office for distribution for the needy. Mrs. Taylor led the lesson from the study book. Assisting with the program were Mmes. Leonard Griswald, L. L. Swindle, E. E. Foster, Edd Bennett, Paul Armstrong, Mabel Aven and Myrt Loman.

MRS. G. R. Bennett was the hostess at the last meeting of the Goodneighbor Club, with 11 members enjoying a covered dish luncheon and program. Mrs. T. R. Davis was co-hostess. Following the meal, a short business meeting was conducted by Mrs. Griswald.

Mrs. Edd Bennett, dressed as a little black-haired, freckled-faced boy clad in overalls, portrayed Harold Morrison as she reviewed his book, "Another Part of the House". Special guests were Mrs. Laurence McLain and Mrs. L. L. Swindle. Mrs. Vasca Kittrell will host the next meeting Wednesday, Nov. 3.

MR. AND MRS. Joe Hart and family were hosts recently for members of the Hart 4-H Club in the community room of the Farmers State Bank.

Charles Hottel, Castro County agent, met with the nine members and their leader, Mrs. Joe Hart. The following new officers were elected: Terry Hill, president; Marlan Hart, vice-president; LaDonna Hart, secretary-treasurer; and Gary Hart, reporter.

Gary Hart was selected the club's 4-H Council delegate. Adult Leaders are Mr. and Mrs. Joe Hart and Mr. and Mrs. Bill Hill.

The Hart 4H Club meets the first Tuesday night of each month.

HAROLD D. SMITH of Hart recently received a waste water control order from the Texas Water Quality Board. The order provides that Smith may operate his cattle feedlot if there is no waste water discharge from the company property.

Smith plans to provide a 25-acre-foot, clay-lined waste water retention pond to hold all runoff from the 45-acre feedlot. The pond was designed to hold the 25-year maximum rainfall for the area.

The feedlot is to be located south of Farm Road 145 near its intersection with Farm Road 148, 3 1/2 miles southwest of Hart.

MRS. MIKE BURNAM was hostess to 20 members of the Ladies' Bible Class of the Hart Church of Christ for their monthly covered dish luncheon and Bible study.

Following the luncheon, Mrs. Edd Brock of Dimmitt led the Bible study. Special guests were Harold McCollum of Dimmitt, minister of the Hart Church, Mart Booe, James Kennedy, J. C. Jackson and Alice Rodriguez and Larry Cox.

Mike Burnam. The ladies meet each Tuesday morning for Bible Study and the first Tuesday of each month for covered dish luncheon and study. All ladies are invited to attend each meeting.

CLASS favorites were chosen last week by Hart's high school and junior high students. They are:

JUNIOR HIGH SCHOOL Miss Junior High School - Gerice Crosby. Mr. Junior High School - Danny Carson.

Eighth grade class favorites - Vicki Guzman and Phillip Godina. Seventh grade class favorites - Alice Rodriguez and Larry Cox.

HART HIGH SCHOOL Miss Hart High School - Roni Cox. Mr. Hart High School - Ralph Bell.

Best All-Around Girl - Roni Cox. Best All-Around Boy - Ralph Bell. Most Likely to Succeed - Becky King and Gary Six.

Most Athletic - Roni Cox and Ralph Bell. Most Beautiful - Janet McLain, Becky King, Roni Cox, Sandy Bennett and Cindy Dyer. Most Handsome - Johnny Ethridge, Ralph Bell, Ricky Farris, Lonnie Davis and Gary Six.

Senior Class Favorites - DeRhonda Brown and Greg Crosby. Junior Class Favorites - Cindy Dyer and Johnny Ethridge. Sophomore Class Favorites - Suzy Hawkins and Wayne Ethridge.

Freshman Class Favorites - Kathy Cheves and Harley Malone.

Kropp finishes basic training Navy Seaman Apprentice John W. Kropp, son of Mr. and Mrs. Claude Kropp of Hart, has graduated from basic training at the Recruit Training Command, San Diego.

He is a 1970 graduate of Hart High School.

WHATEVER you want or need, somebody probably has one. Try a "Wanted" classified ad in the News.

Pfc. Buchanan finishes course

Pfc. Lee Buchanan, 20, son of Mr. and Mrs. Earnest E. Buchanan, 110 W. Andrews St., Dimmitt, has completed a radio teletype operation course at the Army Southeastern Signal School at Fort Gordon, Ga. During his 11 weeks of training, he received instruction in the operation of radio transmitting and receiving sets by voice and Morse Code. Pfc. Buchanan's wife, Tommie, lives on Route 4, Dimmitt.

Financial Facts By Willis A. Hawkins, Jr. Do you know some hints that will save you money when buying an appliance? The considerations are, do you need it, and can you afford it? If you can answer yes firmly to these two questions, the next thing to consider is what type, size and what power is needed for operation. For instance, if you are buying a stove, take into consideration how much you'll be using it, where you can put it, and which utility is cheaper to use. In some communities electricity is cheaper than gas, or vice-versa. When you are asking the price, don't forget to ask the price of the installation. This way, you won't be faced with an unexpected bill. If you don't have the cash, check the store's payments against a bank loan. Many times you will pay less by going through your bank. WATCH NEXT WEEK FOR "HOW TO BUY FURNITURE" The vandals who slashed the tires on the repossessed vehicles have just made a better banker out of me. Whether you are interested in saving money or borrowing, we are most accommodating at FARMERS STATE BANK. We're well-known for our complete, courteous service. Visit us today, FARMER'S STATE BANK in Hart. Phone 938-2111. Open daily 9 till 3.

Moore, Crooks at convention

Ike Moore, Dimmitt High School principal, and Bobby Crooks, principal of Dimmitt Junior High School, attended a three-day convention for secondary school principals this week in Dallas.

The annual principals' conference is sponsored by the Texas Education Agency.

"THE foundation of soil conservation farming is proper land use." —Southwestern Crop and Stock

PRIZE IS PASSED ON—As the Star Young Farmer of Area 1, Jerry Cluck (left) of Dimmitt was awarded his choice of appliances by Southwestern Public Service Co. Last Thursday he and his wife, Carol, took delivery on a new General Electric 18-cu.-ft. refrigerator-freezer, and donated it to the First Baptist Church in memory of Cluck's father, Roy Cluck. Accepting the gift in Southwestern Public Service Co.'s

office Thursday was the church's pastor, Dr. Raymond Perkins (second from right), who said the new avocado refrigerator-freezer will be the first new appliance in the kitchen of the new First Baptist Church building on Western Drive. At right is Ralph Glover, manager of Dimmitt's SWPS office, who presented the refrigerator-freezer to Mr. and Mrs. Cluck.

New law will place 400,000 more Texans under unemployment insurance tax program

The Texas Employment Commission announces that the new federal unemployment compensation law will result in the largest single increase in the coverage of workers since the beginning of the federal-state unemployment insurance program.

IN TEXAS an estimated 400,000 more workers will be covered and 100,000 more employers will be liable for unemployment insurance tax, beginning Jan. 1, 1972.

The federal law provides for the payment of extended unemployment insurance up to a maximum of 13 weeks in times of high unemployment. The federal government will pay half the extended benefits. Extended benefits will be paid once regular benefits are exhausted.

The bill also makes more job-

holders eligible for benefits, makes more employers subject to unemployment insurance tax, and increases the federal, unemployment insurance tax paid by employers who are already covered by the law.

ABOUT 100,000 jobs in non-profit organizations in Texas are added to coverage. These are organizations employing four or more persons in 20 weeks of the current or preceding calendar year, which have the option of either paying taxes or reimbursing the state for benefits paid. Employees of a church, association of churches, or schools other than institutions of higher education are not covered.

More than 183,000 Texas jobs in small business are covered by defining an employer as one who employs one or more workers in

20 separate weeks in a year, or an employer who has a payroll of \$1,500 in a calendar quarter.

Jobs in state hospitals and state institutions of higher education in Texas totaling about 88,000 come under coverage; but faculty, research and administrative employees of institutions of higher education are not eligible for benefits during the summer vacation if they have a contract to resume work after the vacation.

AN ESTIMATED 10,000 agent drivers and outside salesmen in Texas, formerly excluded from coverage as being self-employed, will be brought under coverage by changing the definition of "employee."

As many as 9,000 Texas workers in agricultural processing will be eligible for benefits.

State law must permit states to extend coverage to each of their political subdivisions, covering employees in county and municipal hospitals and institutions of higher education.

THE BILL does not cover farm workers, clients in sheltered workshops, certain students or their spouses, or minors engaged in work-study programs.

About 8,000 jobs held by United States citizens, residents of Texas, employed by American employers outside the United States will be covered, except for service performed in Canada and the Virgin Islands.

To finance the extended coverage, the law raises from \$3,000 to \$4,200 the wage base for the unemployment tax, beginning in 1972 and hikes the net federal tax of .4 percent of covered payroll by one-tenth of one percent to one-half percent, retroactive to Jan. 1, 1970.

The new law provides for an unemployment compensation research program to give priority research on farm coverage; for federal grants to train unemployment compensation personnel; and for a federal advisory council on unemployment compensation to review and suggest improvements in the federal-state unemployment insurance program.

KDHN captures four top awards

Radio Station KDHN of Dimmitt was named Monday as the state's top award-winning station, regardless of size.

THE LOCAL station swept four first-place awards — more than any other station in the state — at the annual convention of the Texas Association of Broadcasters this week in Houston.

On hand to receive the four plaques for KDHN were Weldon Lewis, station manager, and Steve Taylor of Amarillo, owner.

KDHN received first-place plaques for best creative news coverage, best community discussion program, best local spot announcement (non-musical), and best local public service spot announcement.

DIMMITT'S station competed generally in Division 1, which included stations in cities of 10,000 or less. However, two of the awards won by KDHN were in competition with stations in cities up to 100,000 population.

Member stations — both radio and TV — competed with sound tapes and video tapes. Purpose of the annual competition is to stimulate better broadcasting techniques, ideas and programming.

In the "creative news coverage" category, KDHN won with a tape of its spot coverage of the tornado that struck two Castro County farms last May.

THE LOCAL station's winning entry in the "best community discussion program" contest was its dialogue on the new Central Plains Comprehensive Community Center for Mental Health and Mental Retardation at Plainview, which was broadcast on the First State Bank's "Coffee Break" program.

A commercial for Farmer's Supply Co. was the local station's award-winning entry in the "best local spot announcement (non-musical)" contest.

And the KDHN public service

spot announcement proclaiming the growth of the cattle feeding industry in Castro County was named the best of its type in Texas during the year, earning the station its fourth plaque.

Progress made on sunflowers

An agronomist at Texas A&M University has found a fertility restorer gene that could make commercial production of sunflowers more practical.

THE GENE has been labeled Rfl and was discovered by Dr. Murray L. Kinman of the U.S. Department of Agriculture. The scientist is stationed in A&M's Soil and Crop Sciences Department.

Kinman said the gene restores fertility to cytoplasmic male-sterile sunflowers. He uncovered the trait in a rust-resistant sunflower line developed by the Texas Agricultural Experiment Station.

The United States sunflower crop has long been hampered by varieties which are variable in time of flowering and plant height, Kinman explained. Use of the restorer gene could lead to more uniform, high-yielding sunflower crops.

SUNFLOWER OIL ranks second to soybean oil in world production. There is a good chance that Kinman's discovery can boost the U.S. position in world markets.

The US is currently producing less than 1 percent of the world production of 3.68 million metric tons. About 60 percent comes from the Soviet Union.

"EVERYTHING we eat comes from the soil." —Southwestern Crop and Stock

TSTA chapter picks delegates

Dimmitt, Hart and Nazareth members of the Texas State Teachers Association elected delegates to the district and state TSTA conventions at a ham salad supper last week in Dimmitt.

CHOSEN as delegates to the state convention were Supt. and Mrs. Charlie White of Dimmitt. The state convention will be in Dallas next March.

Seven delegates were chosen to represent the county's teachers at the district convention in Amarillo Nov. 12. They are Clayton Neal of Nazareth, Principal and Mrs. Elmer Six of Hart, and Mrs. Libby Cleveland, Mrs. Ethel Dowdy, Mrs. Laverne Bates and Mrs. Eunice Thornton of Dimmitt.

Houston show lists released

Premium lists for the 1971 Houston Livestock Show and Rodeo to be held Feb. 24 through March 7 are now available.

PREMIUMS in excess of \$200,000 will be divided among exhibitors of nine breeds of beef cattle, four breeds of dairy cattle, 11 breeds of sheep, one breed of goats, five breeds of swine, six breeds of horses, and many poultry and rabbit breeds.

The "Year of the Sales" will be the theme of the 1971 Houston Livestock Show and Rodeo, cattle breed auction sales ever held highlighting the upcoming 39th annual event. These include sales for Angus, Brahman, Brangus, Beefmaster, Charolais, Red Angus, and Santa Gertrudis.

On the Go

LANCE CPL. James Mayberry, son of Mr. and Mrs. Ellis Mayberry of Dimmitt, is home on 30-day leave after returning from 12 months' duty in Vietnam with the Marine Corps' First 8-Inch Artillery Battery near Da Nang. He is to report Nov. 1 to the US Marine Corps Base at Twentynine Palms, Calif.

Sister Benedict Marie of Nazareth showed a TSTA film entitled "Just One More."

OFFICERS of the Castro County TSTA chapter are Supt. Ted Averitt of Hart, president; Sister Benedict Marie of Nazareth, Bobby Crooks of Dimmitt, second vice-president; Mrs. Dawn Goolsby of Dimmitt, secretary; and Mrs. Lanny Tucker of Hart, treasurer.

BOOK WINNER—Mrs. David Acker of Nazareth (left) received a book-lover's delight last Thursday as a lucky visitor to the recent area library booth at the Tri-State Fair in Amarillo. After Mrs. Acker visited the booth and registered, her name was drawn as the winner of a Lincoln Library, a gift of the Amraillo Friends of the Library. Presenting the two-volume set to Mrs.

Acker last Thursday was Mrs. Mary Edna Hendrix (right), Castro County librarian, who helped operate the Tri-State Fair booth. Mrs. Acker is a constant visitor to the Castro County Library and a member of the library board. She learned she was an award-winner when she read last week's issue of the News.

Frio news

Dobbs housewarming held

By Mrs. Owen Andrews
The James Dobbs home was the scene of a "housewarming" Monday afternoon. Meses David Yandell, Harvey Manion, Ralph Yerby, Richard Price, Earl Harkins, Floyd Cole and Clark Andrews were hostesses. The new home, a gray brick, three-bedroom one, is in Summerfield and was recently purchased by the Dobbs family. About 40 ladies came for the party.

MR. AND MRS. Clint Ward, Kay Lynn, Jerry and Ronnie, Mr. and Mrs. E. C. Barber and Mr. and Mrs. Bill Barber attended a gathering of the Ward relatives at the Church of the Brethren in Clovis Sunday. They had lunch at the church after the morning services, then gathered at the Ernest Ward home at Clovis for further visiting.
Mr. and Mrs. Leon Williams of Orange, Calif., were here this week visiting her mother, Mrs. Laura Littrell, and other relatives. With W. H. Andrews, they went to Clovis and Melrose Wednesday to visit relatives there. Mrs. Williams is the former Clea June Littrell. Mr. and Mrs. Williams are both former residents here.

Mr. and Mrs. Clark Andrews went to Denison Friday to attend funeral services for her aunt, Mrs. Nora Allen, who died Wednesday night. Mrs. Allen was the sister of the late Buck Berryman.

MRS. G. W. PARKER went to Ardmore, Okla., Monday to visit for several days. Their sister, Mrs. Devie Isbell, went to Ardmore with her to Ardmore.

Mrs. Sam Ogan gave a review of the study book, "Sound of the 70's," to a Baptist women's group at the First Baptist Church in Dimmitt Tuesday.

Mrs. Floyd Cole and Mrs. Tommy Sporkman went to First Baptist Church of Amarillo Tuesday to attend a leadership study for "Acteen," a girl's youth organization of the church.

Mrs. Earl Harkins visited an uncle, Claude Payne, at the Floydada Hospital Tuesday. He is seriously ill. She also visited other relatives in the area.

GENIE Robbins has been staying with her grandmother, Mrs. F. Y. Moreman, this week, while Mr. Moreman is in the DeWitt Smith County Hospital. He underwent surgery Thursday and was recovering nicely.

Former Hart resident dies

Raymond Orien Ross, 78, of Brownwood, former resident of Hart, died Sept. 26 in Austin as a result of injuries suffered in an auto accident.

HIS wife, Dora Ross, was seriously injured and first treated at Brackenridge Hospital in Austin and later transferred to Santa Rosa Hospital in San Antonio where she had surgery Monday.

Services for Mr. Ross were conducted at 2 p.m. Sept. 30 in the Central United Methodist Church of Brownwood. Officiating were Rev. Ray Elliott, pastor, and Rev. Floyd Dunn of Quanah. Burial was in Eastlawn Memorial Park.

Mr. Ross was born Dec. 22, 1891 in Roberson County, Texas. A retired farmer, he moved from Flomot to Hart and then to Brownwood. He was a member of the Masonic Lodge.

SURVIVING are his wife; a son, Otis Ross, a patient in a Brownwood convalescent home; a daughter, Mrs. Milly Sitterly, San Antonio; two brothers, W. T. Ross, Matador and Henry Ross, Crowell; and two grandchildren.

Nazareth news

Columbus Day dance held

By Mrs. Florance Albracht
The Nazareth Knights of Columbus celebrated Columbus Day, with a dance in the community hall Sunday evening.

SGT. Jimmy Wagner left Saturday for duty at Carswell AFB, Fort Worth, after spending his leave with his folks, the Lawrence Wagners. Jimmy had completed a year of duty in Thailand. His brother Lonnie is still stationed in Thailand at Udoon, AFB.

Visiting the Schmucker families were Mr. and Mrs. Ed Toene

of Fordyce, Neb., and son Ralph and wife and baby of Mowbridge, N.D.

THE Christian Mothers held their regular monthly meeting Monday evening in the community hall.

Philomena Anderle gave a book review before the regular meeting on "I Was A Slave In Russia," by John Abel.

Members voted at the meeting to sponsor a Halloween party for the smaller children — pre-school to the fourth grade. Catholic Daughters will sponsor a party for the higher grades on Halloween night.

Mrs. Ida Birkenfeld, program chairman, read a letter written to Gov. Nelson Rockefeller by a New York resident, opposing his signing of the abortion law for New York. She also read the poem, "My Mother Killed Me Dec. 28th."

The rosary was prayed since October is the month dedicated to Mary the Queen of the Holy Rosary.

MRS. AL HOELTING, her sister Mrs. Anna Bowers of Tulsa and sister-in-law Mrs. Geneva Miller of Plainview left Tuesday for Tulsa, Okla., where they will visit Sidney Bowers and family and Emporia, Kan., to visit the George Bowers family and Nub Hoelting family.

Claude Annen, son of the Raymond Annens, was home for 10 days after being dismissed by the

Castro Lodge AF & AM 879, Regular meeting, 3rd Monday. Practice every Thursday, Murray Hall, Worshipful Master, Ira E. Brown, Secretary, Visitors Welcome.

FOOLED YA, DIDN'T THEY?—For any football game, you need cheerleaders to keep up the crowd's spirit. Here's what the Dimmitt High School junior class came up with for Saturday night's hilarious "Powder Puff Football Game." Here, the cheerleaders—representing half a ton of raw talent—strike up a pyramid formation just to prove they can do it. At the base of the pyramid, from left, are "Pauline" Isaacs, "Roberta" Woolbright and "Darla" Musick. Making up the second tier are "Darlene" Ebeling and "Davita" Nino, and showing enthusiasm because he made it to the top is "Charlene" McLean. The cheerleaders kept the crowd in stitches with their uninhibited antics.

First Christian revival underway

The First Christian Church revival got off to a good start Sunday morning with attendance outnumbering the church's membership at both Bible school and morning worship.

HOLLINS DUHON, the evangelist, spoke on "The Position of Bible Believers" as an introductory message to the sermons that were to follow during the week of special services now in progress.

Duhon, who is minister of the First Church of Christ in Lake Charles, La., has conducted revivals in 42 states and several foreign countries.

Each night Duhon has been using slides taken during his 1969 trip to Palestine to illustrate places of historic interest concerning Bible events and the conditions there as they now exist.

HE ALSO described his trip over Station KDHN Monday and Wednesday, and by request, he will speak on the Holy Land, again Friday and Saturday mornings from 9:45 to 9:55.

Duhon is planning to return to Palestine in July with a party of interested people. Anyone here who is interested in such a trip should contact him while he is here.

Duhon's subjects for the remaining days of the revival meeting are:

TONIGHT (Thursday) at 7:45: "Resisting the Holy Spirit." Friday, 6 p.m.: "Heaven and Who Goes There."

Saturday, 6 p.m.: "Christendom."

Sunday, 10:50 a.m.: "Why a Christian?" and 6 p.m.: "Does It Make a Difference?"

The Sunday services will conclude the meeting.

MRS. DUHON is serving as the song leader for the evening services and is performing solos at all services. She is accompanied by the church pianist, Mrs. Bedford Smith.

Quail season dates are set

Quail season in most of the Panhandle will start Nov. 14 and run through Jan. 31.

THIS open season will apply to Castro and most other counties in the Panhandle — but not to Lamb and seven other area counties, where special dates apply.

In Briscoe, Childress, Cottle, Hall, Hardeman, Motley and Wheeler Counties, open season will be Dec. 1 through Jan. 31.

And in Lamb County — where the season set by the Texas Parks and Wildlife Commission is subject to the approval of the county commissioners' court — hunter will have a short season again this year. Lamb County commissioners voted last week to set the quail season there from Dec. 1 to Jan. 15.

BAG LIMIT this year will be 12 quail per day and 36 in possession.

CASTRO COUNTY NEWS SPORTS

Kangaroos swat Longhorns, 53-0

By DAVID BASS
The Kress Kangaroos, riding high before a Homecoming crowd, hopped over the Hart Longhorns easily, 53-0, Friday night.

IT WAS the second district game for both teams. It left Kress with a 1-1 record in district, as the Longhorns dropped to 0-2. It was also the first whitewashing for the Horns this season.

Stanley Dyer took the opening kickoff on the Hart 22 and bob-

bled it for a second, then gained control and was dropped on the spot by a horde of Kress tacklers.

The Horns' offense was beginning to click when a costly loss on a third down forced the Horns to punt.

KRESS took the ball on its own 20 and the Horns' defense took over, dropping Kress behind the line of scrimmage three times and forcing the Kangaroos to punt.

The Horns took the ball again at about their own 30-yard line. This time an interception by Larry Dorsey gave Kress the ball deep in Horn country. Kress got on the scoreboard moments later as Roy Jackson broke loose on a 36-yard run. Chuck Stark kicked the extra point and Kress led, 7-0.

The Horns got the "bobbles" on their next set of plays. Steve Wade of Kress jumped on a Hart fumble, giving Kress the ball in Horn territory. A big penalty moved the ball to the Hart 9-yard line, where a pass from Harley Terrell to Charles Meals netted another score. The extra point try failed, and the score remained at 13-0 at the end of one period of play.

THE HORN defense tightened up in the second quarter, allowing only one Kress touchdown. This came when Kress had moved the ball nearly the length of the field on pass plays and short runs. Mike Motheral blasted over from the 1-yard line for the score. The kick failed and Kress led at half time, 19-0.

The third quarter was Kress' big act. The Kangaroos scored 20 points to put the icing on the cake. The first of three third-quarter TD's came on a 49-yard run by Layne Thomas. A pass play for two extra points was good and Kress led, 27-0.

The next Kress score came on a two-yard play by quarterback Harley Terrell. A try for two extra points failed, leaving the score at 33-0. The last score of the third quarter came when Steve Wade broke loose on a 65-yard run. The kick failed and the score at the end of three was Kress 39, Hart 0.

IN THE fourth quarter, reserves from both sides got into the game near the end — but meanwhile, at the beginning of the quarter, the Kangaroos were still out for blood and they got it.

Roy Jackson rambled for 22 yards and a score to open the final period. Chuck Stark kicked the extra point and put Kress in the lead by even a bigger margin — 49-0. Later, with 9:40 left in the game, Mike Motheral broke loose again on a 49-yard run. Chuck Stark kicked the extra point and the score stood at 53-0.

In the waning minutes, Kress got the ball in Hart territory twice — and both times the Horn defense stopped the Kangaroos on fourth down, but not until they had tried two field goals. One was from the 14-yard line and the other from the 34-yard line. Both tries were off and the game ended with the scoreboard still showing 53-0 as the margin of Kress' Homecoming victory.

FRIDAY night is Hart's Homecoming. The Longhorns will take on the tough Sudan Hornets at 8 p.m. on Longhorn Field.

Hey, fisherman— don't stop now!

Don't put away your fishing gear just because hunting time has arrived.

SOME OF the best fishing of the year may be just ahead, although thousands of Texas sportsmen will be lured away from fishing holes and into the fields in quest of quail, deer or dove.

Biologists point out that fish, like humans, seem to feel more energetic when fall brings cooler weather.

But while humans may feel invigorated by a bracing breeze against their cheeks, fish are spurred to this increased activity for another reason—hunger.

FRESH water fishes, including popular species such as bass and catfish, lose their appetites during periods in which the water is too cold or too warm. Their metabolism is affected greatly by water temperature, so the best fishing obviously occurs when the temperature is at a happy medium. This ideal temperature varies with each fish species.

Marion Toole, inland fisheries coordinator for the Texas Parks and Wildlife Department, said there are several reasons why autumn is a good time to break out the fishing tackle for the "cooling off" months of October and November.

During the summer, Toole said, the temperature rises until it surpasses the ideal temperature range for the fishes' metabolism, and much of the cooler water in the depths is short of dissolved oxygen.

In addition, the young fry hatched earlier in the spring still are providing the larger fish with forage, and forage fish such as shad generally are in good supply. This reduces the chances a whopper bass will strike a fisherman's offerings.

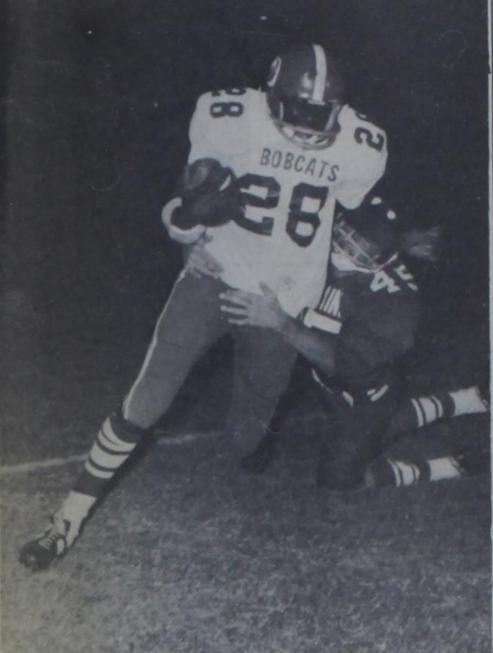

WITH THE advent of fall, however, the surviving fry which had been hatched in the spring have gotten large enough to effect some predation on their own. The shad and forage fish begin to be thinned out as the water cools and as the larger fishes' appetites improve.

The fishing usually remains pretty good while the shallows are cooling and the bass are scouting for food. The process tends to slow down again as winter approaches and the predatory fish begin to lead more sedentary lives until the water warms up again.

DAVID NINO GETS FIVE YARDS ON PASS PLAY ... In fourth quarter of Friona game Friday night

DANIEL FRIERSON TURNS CORNER FOR TWO YARDS ... In Bobcats' losing battle against Chiefs Friday

Fired-up Chiefs stun Cats, 14-0

By JIM MILLER
The win-hungry Friona Chieftains capitalized on several key Dimmitt miscues and parlayed the turnovers into a 14-0 victory over the Bobcats in a District 3AA tilt in Friona Friday night.

THE Chieftains, fired up by a big Homecoming pow-wow, relied on the determined running of Bill Bailey, a heavy-duty running back, and on the play selections of quarterback Don Fortenberry, a slick, heady field general, to dominate the game and pull a mild upset.

Friona, a hard-luck team in the early part of the season, cracked out 208 yards on the grass and 20 through the air to reach the happy hunting ground twice. Several other times the Chieftains threatened but the Bobcat defense held, and Friona field-goal attempts went wide as a brisk wind played tricks with the ball.

The Purple Crewmen, obviously having an off-night after their Herculean effort against Floydada the previous week, were plagued by fumbles, interceptions and fumbled drives.

A PASS interception led to Friona's first touchdown, and a bobbled pass from center on a Dimmitt punt gave the Chieftains their second marker. Three times Dimmitt drove to Friona's 20-yard line or beyond, only to have their drives stymied short of the goal.

Mike Drake converted to give the Chieftains a 7-0 lead.

The gee-whiz punting of David Nino kept the Bobcats in fairly good field position for the remainder of the first half. Late in the half, Dimmitt center and tri-captain Andrew Garza received a hip injury that forced him to leave the contest.

THE Chieftains, behind the running of Bailey, Lewellen and Fortenberry, controlled the game for the remainder of the second period to take a 7-0 lead to the dressing room.

The lone Bobcat drive of the second quarter was sparked by Jay Stanton's run from Dimmitt's 44 to the Friona 41. But this 15-yard effort was erased when Friona's J. V. Frydell fell on a Bobcat fumble to give the Chiefs possession and end the half.

The Chieftains kicked to Dimmitt to open the second half, and the Bobcats — who must be considered a warm-weather team — then punned to their own 48 after being stymied.

BAILEY responded with a 20-yard runback to Dimmitt's 28, but

Dimmitt held. Then Friona tried a field goal but missed as the Bobcats deflected the ball away from the uprights.

Dimmitt stalled out again, then David Nino became the next Bobcat to feel the effects of the cold weather. The Dimmitt punner attempting to handle a snap from center, had trouble with the ball and his punting effort was scotch- ed as Friona recovered in the Dimmitt threat.

Drake added his second conversion of the night to hoist Friona's advantage to 14-0 and end the scoring for both clubs.

THE HOSTS threatened again, however, when they recovered a Bobcat fumble on the Dimmitt 15. But the Bobcat line held, and the Chiefs missed a close-range field goal effort.

Again Dimmitt found Friona's fired-up defense too sticky and determined, and Nino punted to the Friona 46 to end the third-quarter action.

In the early minutes of the fourth period Dan Frierson, Dimmitt's game-breaking back, flash-

ed a bit of his early-season form for a 24-yard gainer. After missing on a pass, Wohlgenuth directed a ground attack and combined with Frierson to move the ball to the Friona 4.

THE FRIGID weather joined forces with the Friona defense, however, to cause a fumble on a pitch out as the Cats optioned toward the end zone. Friona recovered the wayward pitch-out on the 14-yard line to stop the Dimmitt threat.

But the Bobcat defense forced Friona to punt, and the Purple Crew started over on their goal-ward march.

Stanton returned the Chieftain punt to the Friona 28, then rambled for a 10-yard gain. Frierson juggled the pitch-out on the next play, however, and Fortenberry recovered — allowing the Chiefs to run out the clock as their Homecoming crowd cheered and Dimmitt fans silently sought the gate.

THE victory was only Friona's ninth over Dimmitt in a series that started back in 1930. Dimmitt owns a 25-9 edge and the two schools have played only one tie game.

Point system determines duck hunters' bag limits

In the nation's younger days, waterfowl were largely taken for sport.

SKIES OVER the flyways often were blacked out by uncounted millions of ducks and geese.

But greedy hunters slaughtered the wildfowl for meat and sport, and by the early 1900s a decline had begun in the numbers on the yearly migration flights.

Ever as hunters were taking their toll, waterfowl habitat began shrinking in the face of increased drainage and cultivation of nesting and wintering areas.

Early Federal regulations, too, were ineffect and uncomplicated. The annual duck seasons from 1918 through 1929, for example, lasted three and a half months and had bag limits of 25 ducks, eight geese, eight brant and 25 coot ducks, according to US Bureau of Sport Fisheries and Wildlife records.

By 1934, however, the danger signals had been heeded, and Texas and other states set their bag limits within tighter federal guidelines. The daily bag limit for Texas gunners in 1934 was 12 ducks, and remained at that number through 1945.

AFTER WORLD WAR II, the situation had worsened to the point that the bag limit was lowered to seven birds in 1946 and to only four in 1947.

The bag limit fluctuated from four to five birds in the next few years, but hit an all-time low in 1962. That year, only two birds were allowed each hunter daily.

During the time of scarcity, regulations became more stringent and complicated. In addition, some species of ducks such as the wood duck—were given full protection of the law.

The daily bag limit in Texas, set annually by the Texas Parks and Wildlife Commission, remained at four ducks from 1963 through the 1969-70 season.

THIS YEAR, the Commission departed from tradition by approving a new point system for duck bag limits. The system, called the most liberal in 25 years, offers a possible daily bag limit of 10 ducks.

However, the point system places a low numerical value on common duck species and a high value on species fewer in number. This was designed to allow hunters a liberal harvest of the plentiful species, but give much-needed protection to the others.

Since 1962 biologists have noted an increase in most species of ducks, thanks to international ef-

orts at habitat preservation and hunting control.

Under the new system, 90 point ducks are the mallard hen, black duck, wood duck, redhead, canvasback, New Mexican duck and hooded merganser, both drakes and hens.

Ducks rated at 20 points are mallard drakes, pintail hens, both drake and hen ring-necked ducks and mottled ducks. All other ducks not listed above, count 10 points each, except for the closed season of fulvous and black-bellied tree ducks.

The proclamation explains, "The daily bag limit will be reached when the point value of the last bird taken during the day and added to the sum of the point value of other ducks already taken during that day reaches or exceeds 100 points." For example, a hunter who has taken nine ducks of 10 points value each for a count of 90 may fill his daily bag with one more duck of any value. On the other hand, a hunter with one 90-point duck in the bag who then takes a second duck of any species has also filled his limit for the day.

McLean wins player honor

Charles McLean, 139-lb. junior corner back, was announced as the "Bobcat of the Week" at Monday night's meeting of the Dimmitt Athletic Booster Club.

ALTHOUGH the Bobcats lost 14-0 to the Friona Chieftains Friday night, Coach Brown L. Smith praised McLean for his consistently aggressive play.

Despite his small size, McLean has emerged as one of the Bobcats' top defensive backs this year. Before the first district game, his teammates elected him as tri-captain.

As the Bobcat of the Week, McLean was the guest of the Dimmitt Lions Club at its Tuesday room meeting.

At Monday night's meeting, Boosters voted to start their meetings at 7:30 p.m. from now on. The club meets in the DHS cafeteria each Monday night.

Junior High Coach Al Lemons reported that a 25-yard field goal by Ricky Wright gave the eighth grade team a victory over Olton last week, but that the seventh grade team lost its game. The B Team defeated Tulia last Thursday night, and the freshman team lost to Tulia's freshmen.

Dimmitt, Morton both looking for third victory here Friday

By JIM MILLER
There's no doubt about it. Morton is an excellent basketball town.

THE PAST has been extremely kind to the roundballers from that fair hamlet. Now Coach Ted Whillock, the successful cage mentor, hopes things will pick up for the Indian gridders, too.

Last year's edition of the Morton football team posted a 5-5 season that could have just as easily been 7-3 overall. A break here or there could have given them their first successful campaign in several seasons.

However, last year's mark could be rather hard to top, unless Morton's fortunes take an upward turn. The Indians are 2-3 on this year's slate so far, with victories over Plains and Farwell and losses to Frenship, Abernathy and Floydada.

"WE'VE got good backs and

ends," said Whillock. "Overall, our speed is good, but not having many big interior linemen is hurting us."

The Indians are getting yeoman duty from basketball standout M. C. Collins (6-2, 210) at guard and defensive end, where he made all-district last season. He's strong and quick, and can make the big play.

Employing the Wishbone T as the main offensive set, the Indians are led by signal caller Keith Embry. Running backs include Terry Harvey, Elton Patton and Kevin Kuehler.

DEFENSIVELY, the team uses a "27" lineup — a four-man line with several basic defensive slants. The secondary usually provides three deep coverage.

Coach Whillock hopes to build the football program to the point that it can compete with the basketballers for the city's attention.

Dimmitt's Bobcats, smarting from three straight setbacks, hope to get back into the win column to stay. An explosive ball club at times, the Cats have been plagued with several key injuries. These injuries, plus the inability to maintain the control of the pigskin at times, have caused the Cats quite a few disheartening moments to date.

THE hometowners appear to have lost the services of tri-captain Andrew Garza, a key pivot man for several more contests.

Dimmitt's season could still be a successful campaign if the Cats can reach the "psyched-up" pitch that they established for the Floydada contest.

Morton is a new member of District 3-AA, and Friday night's contest in Bobcat Stadium will be the first football meeting between the two schools, which in the past have fought it out in basketball at the bi-district level.

FRIDAY night's bout will be the Bobcats' third home game in a season that is now at the halfway mark. Kickoff time will be 7:30 p.m.

Get in shape now for fall hunting

Sportsmen whose only exercise this summer was cranking a fishing reel will probably find the going a little rough when hunting season starts, according to Texas Parks and Wildlife Department.

THEY WILL be out of shape and consequently probably won't enjoy the hunting season as much as they could.

Since hunters spend a lot of time walking up and down hills and fighting dense brush, the Texas Parks and Wildlife Department advises hunters to start now with a conditioning system.

"Hunters should first check with the family doctor before doing anything strenuous," said J. R. Siggelot, executive director for the Department. "In fact, it might be a good habit to get a checkup the same day you get your hunting license each year."

WITH THE doctor's okay, according to Singleton, a program of brisk walks and even a little jogging to strengthen the cardiovascular system is in order.

"Each year we read of hunters who have heart attacks or are overcome by exertion while in the field. The fact that many weren't in shape for strenuous activity is obvious," said Singleton.

Singleton says thousands of other hunters may get through the season without a heart attack but they probably won't have enjoyed themselves as much as possible. For example, after a hard day of walking on Saturday, an out of shape hunter probably will not feel like getting up before day break on Sunday to start all over again.

Hunting prospects good for quail, deer, turkey

It's going to be a good year for the hunter in Texas.

TEXAS PARKS and Wildlife Dept. studies indicate good populations of game birds and animals in most sections of the state. Only in a few areas are surveys indicating a decline in game species.

A disappointing white-winged dove season in the Lower Rio Grande Valley already is history. Most of the birds apparently flew across the border into Mexico before the season began, and shooting generally was slow on the Texas side of the river.

Likewise, the mourning dove season now underway in both the North and South Zones has been poor in some areas, but fairly good in others. The state's dove harvest survey being conducted by department biologists and game management officers is expected to clarify the state's dove picture considerably after the season's end.

IN MANY parts of the state, deer and turkey hunting promises to be the best in some time, and white quail prospects are surprisingly good in spots.

As usual forage and cover conditions were dependent on the weather and Mother Nature was not altogether kind during the year. Drought conditions in the spring and early summer in parts of the state hindered production of deer and pronghorns, and also affected quail nesting.

However, just as things were getting serious, general rains soaked the state and triggered a sharp increase in forage for the upcoming winter period.

ONLY in a few areas are department game management officers and biologists predicting vastly improved hunting this year. Conversely, only a few areas are expected to be on the decline. In general, the statewide picture is about average.

If one hunting hotspot would be picked, it probably would be the brush country of South Texas. Observers have reported excellent forage conditions for deer and

weather and should be in excellent shape for hunting. Heads are about like last year, which means only average.

The Edwards Plateau also looks good, although range conditions still remain dry in many localities. Turkey hunting should be superb this fall, in both the Hill Country and Permian Basin, as the population should be bolstered by what appeared to be an unusually productive nesting season last spring.

THE BEST quail hunting in the state could be in the Permian Basin, where bird populations allowed increased bag and possession limits this year.

Disappointments for the fall season's prospects appear to be the continued poor deer production in many deep East Texas areas, poor pronghorn showings in the Trans-Pecos and a low quail count near the coast.

All in all, the situation doesn't look too bad, even though a little more elbow grease might be necessary in some areas to bag a trophy buck or limit of quail this year.

Here are the regional forecasts for the major game species, based on observations of department field personnel:

DEER
West Texas and Panhandle: In the western part of the state where both mule deer and white-tailed deer are found, predictions are that the crop will be about the same as last year for both species. Whitetails in the Permian Basin area, however, are improved over last year.

The animals are in good physical condition, with fine antler growth. Early drought conditions which hurt the pronghorn herd also bothered mule deer in the Trans-Pecos, but later rains should help provide winter food.

CENTRAL Texas and Edwards Plateau: An excellent fawn crop should help, although fall is not always plentiful. The acorn crop is poor. In the Possum Kingdom region, areas of high deer density appeared to get the best

Best All Around—Mark Simpson

Thespian Players in the Dimmitt High School Auditorium, Oct. 24 and 25.

CURTAIN time will be 7:45 Saturday night and 2 o'clock Sunday afternoon. Advance tickets are available from any member of the drama department at \$1.25 for adults and 75 cents for students.

An old farce-comedy from the 1930's, the play is as wild, funny and unreal as a pre-Lenten celebration in 'The Crescent City.'

The play is timely in one respect: we are presently concerned with how to evade as much income tax as possible. This play offers a solution (not recommended for everyone.) In other ways, the play is 'dated.' The play was written by Moss Hart and George S. Kaufman, two of America's best-known playwrights.

DHS students will play the following parts:

- Grandpa—Craig Vandiver
Mrs. Sycamore—Sharon Welch
Gay Wellington—Patty Gross
Paul Sycamore—Byron Hutto
Kollenkoff—Mike Elder
Catrina—Sue Stokes
Ed—Rick Bell
Essie—Lissa Huckabay
Tony Kirby—Andy Mays
Mr. Kirby—Steve Brown
Mrs. Kirby—Susan Parish
Pa Donald—Danny Washington
Mr. Depina—Shanon DeVaney
Reba—Ann Mayberry
Three Cops—Johnny Thomas, Gary Lawson and Lance Davis.

Duplicators hum in vo-ed class

Have you heard the steady rumbling of duplicating machines around the halls of DHS recently?

THOSE are the machines used by the Vocational Office Duplicating Practice Class. The class is currently duplicating forms for the Follow Through Program in South Grade Elementary. The class has also been quite active in duplicating forms and materials for the homemaking department. The Administrative offices of the school system has also benefited by Mr. Stephenson's class.

Students in the class consist of all grade levels of DHS students. In the class the student is learning a salable skill in the use of duplicating machines. These machines can be used in future vocations such as office work, printing and other job related skills.

PRESENTLY the students are learning the basic steps in the use of the machines. Other vocational courses of this type and their teachers are: Metal Trades and Mechanics - Jim Dowty; Carpentry and Plumbing - Thurman Oldham; and Home and Community - Mrs. Jackie McLeroy.

Editorial

Open vs. closed

In keeping with our editorial policy of commenting on various campus situations, we have continued our research on the topic of the closed campus policy of DHS.

WE HAVE uncovered the fact that most schools the size of ours have the open campus. These schools function quite properly with-out the students being kept on the campus during the lunch hour. Also, these on special diets have no problem in maintaining their diets.

Upon questioning some of the members of the school board, we found that the board does not have any official reason for keeping the student on the campus over the noon period. One board member stated, 'Personally, I don't have much preference one way or the other, but before I would vote for an open campus I would have to talk with some of the earlier board members and find out the reason for their action.'

So it seems that even the school board members are not in complete agreement of this rather puzzling situation. The closed campus has been perpetuated out of tradition and tradition alone. FURTHER investigation turned up the fact that when the school had an open campus, the students would congregate at a drive-in across from the school. These gatherings were not without a certain amount of fighting. The school was helpless in this area since the fights weren't held on the school grounds. Times have changed and the student body has changed accordingly. We no longer have a fighting problem. The students' interests have changed. Their pursuits are much different. An open campus would give the students a chance to prove and strengthen their maturity. SOME traditions are fine. However, the tradition of the closed campus is questionable, to say the least. Times have changed. Let's change the closed campus policy to the more realistic open campus policy.

Campus chatter

Big cheerleaders are unreal in 'Powder Puff' pep rally

The highlight of last week's events was a pep rally in preparation for the Saturday night powder-puff football game. The cheerleaders were 'Roberta' Woolbright, 'Charlene' McLean, 'Davida' Nino, 'Darla' Musick, 'Paulene' Isaacs, and 'Danella' Ebeling.

The queen candidates were Davida Nino, 'Michelle' Dodson, and 'Patricia' Barrios. 'Michelle' Dodson looked like a cute, honest-to-goodness girl.

Jane Ann Mooney directed the band which drew laughter from the student body. The band was composed of Ann Touchstone, Karen Acker, Hal Heathington, Craig Vandiver, Mike Elder, Lonnie Markley, Sharon Welch, Lissa Huckabay, Max Hastings and Rickey Morgan.

Some dark Friday night when you can't find a thing to do and are looking for something, why don't you sneak out and take all the horn cases out of the band hall? Linda Ellis and Bonnie George tried this, and for their reward they were released from school two days.

MR. MOORE, were you really an angel when you were in school? Coach Smith was in the hospital two days. The football boys are glad he is out and doing okay.

A curious disease called mononucleosis is spreading through DHS. Jay Stanton had to get a shot because of Shanee Burrows. Cindy Williams is confined at home also.

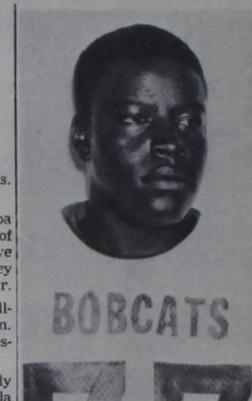

IS IT true that Leslie Harsh and Cindy King (mere freshmen) have already mastered the art of skipping seventh period?

Hello, Andrea Hernandez! Last Thursday a group of students from the journalism class took a field trip to the Lubbock Avalanche-Journal. Rita Vick spoke for our group by saying she enjoyed the food we ate at Furr's Cafeteria. We were met in the lobby of the Avalanche by Charlie Calk, who took us through the city room, the morgue, the press room, and various other rooms. We got to bring souvenirs home. Linda Ellis got a hat made from a newspaper.

Jay Stanton is getting a new car, as soon as he finds one he likes. We hope it's a fast one.

SOULFUL news is: 'Roberta' (Robert) Woolbright and 'Melba' (Matthew) Daniel were cheerleaders for the girls Powder Puff football game Saturday night. They really went out of the way to promote school spirit.

At the Floydada game Aretha Thomas was mistaken for a boy by some of the Floydada fans. Ha, ha. Floyd Bossett brought Melba Chavers a mum, and instead of wearing it, she tried to preserve it in her locker. No good. They usually die rather fast without air. Joseph Finch is the best full-back from Dimmitt 'B' team. The only problem is that he doesn't know the plays. Matthew Daniel couldn't really play football against Floydada because he was too busy telling old jokes with Floydada's No. 11. No fair, Matthew.

Woolbright

Player of Week: Robert Woolbright

Robert Woolbright, 205 lb. senior tackle, is this week's Fourth Hour Player of the Week.

WOOLBRIGHT has played football since the eighth grade. He is now working on his second letter.

His opinions of the team and school spirit are, 'I have to agree with Max Newman on his opinion of the team—we are really working hard, and will finish a winner.' He added, 'School spirit is great around here.'

Robert's entire schooling has come from Dimmitt schools. His plans for college are West Texas State or some junior college.

Woolbright's favorite pro teams are the Los Angeles Rams and Dallas Cowboys.

Counselor's Corner

Juniors will take achievement tests Nov. 9 and 10.

THE junior S.A.T. test will be given to those juniors who are interested in taking it on Oct. 20. This test costs \$1.50 and juniors are encouraged to take it.

The P.S.A.T. test is similar to S.A.T. test taken for seniors. Seniors are encouraged to take their college entrance examinations as soon as possible.

Both P.S.A.T. and S.A.T. test forms are available in the counselor's office.

Mr. Ringo met with seniors Tuesday to discuss college entrance exams, and on Wednesday, representatives of United Electronics were to meet with the seniors.

The deadline for making applications for Air Force ROTC four-year college scholarships in Nov. 14.

Mrs. Golden's mother succumbs

Funeral services were conducted in Pampa Tuesday for Mrs. Kitty Lou Oswald, 85, mother of Mrs. Ward Golden of Dimmitt. Mrs. OSWALT died Saturday in Pampa's Highland General Hospital. A native of Gadsden, Ala., she had been a resident of the Panhandle 50 years, having moved to Mobeetie in 1920. She and her husband, J. Burt Oswald, settled in Pampa in 1940. Mr. Oswald died in 1958. Survivors, in addition to Mrs. Golden, are two other daughters, Mrs. Owen Johnson of Pampa and Mrs. Bue Benton of Marietta, Pa.; two sons, Johnny A. of Borger and Jay of Hurst; nine grandchildren and 13 great grandchildren.

Law enforcement grant approved

An action grant of \$17,850 to the Panhandle Regional Planning Commission to support its regional police training program for Castro and 22 other counties was approved Friday by the Texas Criminal Justice Council.

IT WAS one of 21 action grants, totaling \$436,399, approved at the council's regular monthly meeting.

Judge Joe Frazier Brown, executive director of the Criminal Justice Council, said the Panhandle Regional Planning Commission is contracting with Amarillo Junior College to give basic training for 75 men and specialized training to 60 officers during the next year. The courses are approved by the Texas Commission on Law Enforcement Officer Standards and Education.

An in-kind match of \$39,600 will be provided by the grantee for the program to begin immediately.

COUNTIES in the Panhandle State Planning Region are Collingsworth, Lipscomb, Potter, Randall, Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Moore, Parmer, Roberts, Sherman, Swisher and Wheeler.

The Criminal Justice Council, responsible for statewide planning, administers grants to units of state and local government to assist them in carrying out projects for improving the criminal justice system. The funds come from the Law Enforcement Assistance Administration, US Department of Justice, under a provision of the Omnibus Crime Control and Safe Streets Act of 1968.

Easter man faces marijuana charge

Jaun Gamboa Sanchez, 44, of Easter is in Castro County Jail awaiting Grand Jury action on a charge of possession of a dangerous drug.

HIGHWAY patrolmen here said they discovered a large amount of marijuana in Sanchez's car after arresting him Oct. 4 for driving while intoxicated.

Highway Patrolmen Billy Scott and Dyrle Maples said they stopped Sanchez at 2:50 a.m. in the 500 block of West Bedford Street in suspicion of DWI. When Sanchez got out of his car, officers said they discovered he had been sitting on a "lid" of marijuana, which was in a plastic bag on his car seat.

The patrolmen notified the Sheriff's Office, and Deputy Sheriff Rex Cowart assisted them in a search of Sanchez's car, which turned up more marijuana — a one-pound coffee can full.

THE CHARGE of possessing dangerous drugs was added to the DWI charge against Sanchez. Justice of the Peace Elvon DeVaney set Sanchez's bond at \$25,000 on the marijuana charge.

On the DWI charge, County Judge Raymond Wilson ordered Sanchez to pay a \$232 fine.

More about: Crops weather

(Continued from Page One) feel their crops didn't suffer much damage from the hard freeze, since most stalks already had a good crop of open bolls on them. However, a few local fields that were planted or watered late, where most bolls were still immature, suffered damage and grade loss.

The freeze definitely damaged the county's small crop of castorbeans, but most of the soybean crop already was mature and was unaffected by the cold snap.

HOWARD COOK, U.S. Weather Bureau observer for Dimmitt, recorded .08 of an inch of moisture from last Thursday's snowfall. Most of the moisture evaporated quickly in the dry, chilly air after the cold front lost its cloud cover.

"I don't know whether this was a record early freeze or not, since the daily recording of temperatures is a fairly recent thing in this area," Cook said, "but I rather suspect that it was a record. The low temperatures on Thursday, Friday and Saturday were all the lowest on record for those dates."

FFA boys pick Terrie Newton

Dimmitt High School's Future Farmers of America chapter crowned Terrie Newton as their 1970-71 FFA Sweetheart Tuesday. MISS NEWTON, a junior, is the daughter of Mr. and Mrs. Buford Newton. She was crowned by FFA President Mark Simpson during a school assembly Tuesday afternoon.

As the new FFA Sweetheart, she will represent the local chapter at the area and district conventions, will be the guest of honor at all chapter-sponsored activities, and will award the prize ribbons and banners at the chapter and county livestock and project shows.

Other candidates for the title were Debbie Beames, a senior; Debbie Hansen, sophomore; and Rhonda Welch, freshman.

Two men face theft charges

Two Dimmitt men were charged Friday with unlawfully taking private radio equipment that was stored in a local warehouse.

ARRESTED by sheriff's officers were Mike Cranford, 19, and Robert M. Vilas, 27, who were charged with theft over \$50. They were arraigned before Justice of the Peace T. E. Harrison, who set their bond at \$1,500 each. Vilas posted bond Saturday and was released.

Fog turns back industry trip

Fog interfered with Dimmitt's industrial development Tuesday.

A PRIVATE plane carrying four Dimmitt men to the annual Governor's Conference on Industrial Expansion in Austin was forced to return home when it encountered dense fog in the Midland-Odessa area.

Those making the trip were pilot Buster Tidwell, Supt. Charlie White, City Manager E. B. Noble, and Jim Ratcliff, CPA. They were planning to attend separate seminars and panel discussions on industrial financing, vocational-technical training, tax structures and industrial expansion programs.

The Chamber of Commerce paid the travel expenses and registration fees for the local delegation — but couldn't do anything about the fog, Chamber Secretary Dorothy Magness said.

PLAINS MEMORIAL HOSPITAL

A 6-pound, 12-ounce boy was born to Mr. and Mrs. Danny Bruton of Dimmitt at 2:20 p.m. Oct. 7. He has been named Kevin Dan.

Mr. and Mrs. Reyes Mariscal of Hereford became the parents of an 8-pound, 13-ounce boy Saturday at 9:19 a.m. They have named him Eduardo Ismael.

What's cooking at the schools

Here's the school lunchroom menu for Dimmitt's elementary and junior high students for the coming week. The menu will be basically the same in the Dimmitt High School cafeteria also, according to Mrs. Sarah Blackwell, lunchroom supervisor.

TODAY — Spaghetti with meatballs, green beans, hominy, peach halves, batter bread, butter, milk. Friday — Chicken salad on lettuce leaf, green peas with diced carrots, gelatin fruit salad, kitchen made bread, butter, milk.

Monday — Chili with beans, cabbage slaw, cherry pie, cornbread, crackers, milk.

Tuesday — Meat loaf with catsup, green peas, sliced tomatoes, applesauce, rolls, butter, milk.

Wednesday — Hamburgers with lettuce, onion, pickles, sliced tomatoes, French fries, banana cake, chocolate milk.

NEXT Thursday — Fried chicken, baked beans, broccoli, peach halves, honey butter, rolled wheat rolls and milk.

Friday, Oct. 23 — Salmon croquettes with catsup, steamed rice, green beans, peanut butter cake with icing, kitchen made bread, butter, milk.

On the Go

MR. AND MRS. Ward Golden attended the funeral service for her mother Mrs. Kitty Lou Oswald at Carmichael Whatley Chapel in Pampa Tuesday. Mrs. Golden had been with her mother for two weeks.

AMERICAN NEWSPAPERS 200 Years of Freedom

What does it mean to you? With every issue we publish, this newspaper celebrates 200 years of freedom for a free press—by offering you freedom of choice. In our editorial columns, yours is the freedom to follow the news, to form and choose your own opinions, based on all the facts, to choose what interests you from news about sports, society, local business activities, local events... and much more.

Thanks to local advertisers, this newspaper brings you the freedom to compare and choose from advertised values... everything you need to wear, to decorate your home and keep it in shape, to feed your family, find entertainment... and much more. From our classified ads you're free to choose a home, buy a car, rent a tool, get a job, sell, hire, exchange... and much more. It's your freedom... choose it!

1927 ... 1970

With this issue, the Castro County News begins its 44th year of service to the nation's most dynamic agricultural and livestock producing county!

The CASTRO COUNTY NEWS

'QUEEN' AND COURT—The queen, his-her princesses and their escorts pose after the crowning at halftime of Saturday night's hilarious "Powder Puff Football Game" in Bobcat Stadium. If the escorts in the football jerseys look prettier to you than the chesty queen candidates, then you're okay. From left are "Kathy" Ringo, escorted by Suzie

Mooney, "Davita" Nino, escorted by Celia Norris, Powder Puff Queen "Michele" Dodson, escorted by Karen Baldrige, "Patricia" Barrios, escorted by Ann Lust, "Norma" Hays, escorted by Debbie Hansen, and "Jennifer" Glenn, escorted by Patty Jackson.

More about:

Let's look at amendments

(Continued from Page One) further pressure that should be highly effective, especially so long as we have an elective judiciary.

PROPOSITION 2

You will be asked to vote FOR or AGAINST the "repeal of the prohibition against open saloons found in Sec. 20, Article XVI of the Constitution of the State of Texas." This is the "Local Option Mixed Drink" amendment, which is likely to attract as much interest as any other proposition on the Nov. 3 ballot.

THE legislature would have the power under this proposed amendment to enact a mixed beverage law regulating the sale of mixed alcoholic beverages on a local option basis.

There has been a long-time debate on whether or not the constitutional prohibition against "open saloons" would permit any sort of a "mixed drink" statute. The last regular session of the legislature resolved the debate by submitting that decision to the state's voters.

The legislature has broad powers to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a state monopoly on the sale of distilled liquors. These powers are also subject to local option elections.

WHEN OUR state constitution was adopted in 1876, it provided for submitting to the people of

any locality the question of whether they would license or prohibit saloons. During World War I, both the nation and the state adopted prohibition. The federal constitutional amendment was repealed in 1933. The present provisions of our state constitution allowing sale of liquor on local option basis were adopted in 1935, and have been in force since.

This amendment would apply only to Subsection (a) of Sec. 20, Article XVI, which prohibits the "open saloon," but it would still require local election permission to adopt any new law providing for mixed drinks.

UNDER local option, there are 129 counties in Texas which allow the sale of distilled liquor by the bottle in part or all of the county. In 31 of these, sales are legal throughout the county. Texas is one of the six states which prohibits liquor by the drink in saloons open to the public.

The arguments for and against the sale of liquor by the drink have been heard often before, and are too well known to require restating here. The major issues in both discussions are concerned with which method is the most enforceable and the most likely to result in temperance and respect for the law.

(Next week: Proposition 3 (special tax provisions for ranch, farm and forest lands) and Proposition 4 (reconstituting the State Building Commission).)

'Powder Puff' football event attracts many from community

By MRS. JACK RISTER

Ann Lust played on the junior girls' team and Donna Gilreath was on the sophomore girls' team in the "Powder Puff" football game Saturday night in Dimmitt. Several of the junior class members helped serve those goodies to us all. Several families attended from here. Ricky Morgan was in the "Mini Band."

MRS. BUD McELROY visited in Morton and Levelland with Mrs. L. H. Hooper, Mrs. J. D. McElroy and Mrs. J. D. Bradley and Carrol.

Old Man Winter paid us a visit this last week, with some cold weather and a light cover of snow.

Mr. and Mrs. Jimmy Howell and children visited with Mrs. Jerry Murphy and children in Dalhart.

Glenda Rickerd started work this week for Taylor-Harrison Insurance Co.

The Milton Bagwell family and the Elbert Smith family attended the seventh and eighth grade football games, Dimmitt vs. Oltom, Tuesday.

Mrs. Houston Lust, Ann and Flo visited Mrs. Lust's mother, Mrs. Joe Finck in Tulia Sunday. Mr. and Mrs. Elbert Smith and children were in Hereford Friday.

MRS. LEONA Stiles of Big Square, Mrs. Pearl Geist of Kansas and Mrs. Earl Lust were Monday guests of Mrs. Vern Lust.

Joe, Rex and Sue Lust were home for the weekend to visit their parents, the Houston Lusts.

The WSCS of Dimmitt's First United Methodist Church met Friday morning for its general meeting. Attending from Bethel were Mrs. George Bagwell, Mrs. Charles Wales, Mrs. Vern Lust and Mrs. Earl Lust.

The community has been saddened in the loss of a friend, Norman Cleavinger. He was the father of Mrs. Lois Wales. Many from the community attended funeral services last week in the First United Methodist Church in Dimmitt.

MR. AND MRS. George Bagwell attended funeral services in Lubbock for Albert Clubb, brother-in-law of Mrs. Jim Bagwell. Mr. and Mrs. Lloyd Lust and Jeff of Littlefield visited with his parents, Mr. and Mrs. Earl Lust, Sunday afternoon.

H-D Notes

Let's all bake Seven-Up cake

By IRENE KEATING I want to share some recipes with you that I think you will enjoy.

"EAT ON FOR A WEEK" POTATO SALAD

- Ingredients: 1. Cold potatoes (boiled in jacket), chopped. 2. Onions, chopped. 3. Celery, chopped. 4. Pickles (mined dills, sweet and sour, or olives), use to vary. 5. Hard boiled eggs. 6. Dressing - Miracle White, French's Prepared Mustard or pickle juices, or vinegar. 7. One teaspoon of sugar.

STIR until chopped ingredients are coated, let stand in refrigerator at least two hours before serving (overnight is better).

SEVEN-UP CAKE This is one of Connie Ivey's cake recipes, and it is delicious. 1 box Duncan Hines Lemon Supreme Cake mix 1 box instant pineapple pudding mix 10 oz. bottle Seven-Up 4 eggs 1/2 cup cooking oil Mix and bake.

ICING 1 small can crushed pineapple 2 eggs 1 1/2 cups sugar 1 stick oleo 1 can coconut COOK until thick, stirring constantly, about 12 minutes. Spread on cake while hot.

On the Go

VISITING Mrs. Leona Rothwell over the weekend were her daughter-in-law Mrs. Harry Rothwell of Mount Vernon, Mo., and her son Billy Joe Rothwell of Springfield, Mo. While here, they also visited in Plainview and Muleshoe.

Warm, Fresh Air ... direct from the manufacturer Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat - you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time. So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas. PIONEER NATURAL GAS COMPANY
