Connie Ends Testimony At Murder Trial

INDIANAPOLIS (AP) — Connie Nicholas completed her murder trial testimony in tears today, telling the jury her playboy lover was killed as she drew her small revolver to shoot herself. After the state wound up its cross-examination in only 16 minutes, defense attorney Charles W. Symmes got the divorcee to pin down the motion she said she made with her gun in Forrest Teel's white car. "Toward myself," she replied. "I told him I wouldn't be around to bother him any more. I wanted to scare him—the fact that I was going to kill myself in his car." "Were you afraid of further beatings?" Symmes asked. "I was afraid because he had struck me and had thrown me across the seat of the car."

Willkie-Type Off-Beat Drive For Rockefeller

WASHINGTON (AP)—The same off-beat campaigning that landed the 1940 Republican presidential nomination for Wendell L. Willkie apparently is under way for Gov. Nelson Rockefeller of New York. Responsible Republicans brought to last week's meeting of the GOP National Committee here reports that supporters of Rockefeller are seeking to enlist businessmen, professional men and other political amateurs as Rockefeller backers. A GOP national committeeman who has participated in several presidential campaigns described the tactics as similar to those which helped put Willkie over. He said he has personal knowledge that bankers, lawyers, doctors, insurance men and others with influence in their communities are being urged to line up behind Rockefeller.

Surprise? Ha! Army Discovers It Costs More To Clothe Women Than Men

WASHINGTON (AP)—Just in case anybody has any doubts about it, the Army has proved with elaborate figures that it costs more to clothe a woman than a man. The current initial allowance for an enlisted man totals \$166.20. For an enlisted woman, the figure is \$232.36. The figures, with hundreds of others, were given a House Appropriations subcommittee in testimony made public today. It's the little extras that count. There's not a thing issued to a GI, for example, that's equivalent to the brown oblong leather handbag the taxpayers provide for Wacs, at \$8 each. True, the girls don't get combat boots (two pairs to a man, \$13.40 total). But neither do the men get pumps (\$12). Aside from these items, each Wac gets four other pairs of shoes, each GI, one. Lest these get muddy, the Army provides overshoes—for women only. It must be noted the girls' nylons don't cost a cent more than the men's wool socks—60 cents a pair. The Army budgets \$5.40 for what it starkly describes as "drawers, men's, thigh length, cotton, white, 6 each" and "undershirts, men's, cotton, quarter length sleeves, white, 6 each."

Suspension Sought For Earthly Blasts

GENEVA (AP) — The United States and Britain asked the Soviet Union today to agree to a prompt controlled suspension of nuclear weapons tests on or near the surface of the earth—leaving the problem of other types of blasts for later negotiations. Informants said the proposal provided for splitting up the test suspension problem. It was advanced as the three-power talks resumed after an Easter recess. First Soviet reaction was reported to be negative. Under the new Western plan, agreement would be reached at once on banning surface and atomic nuclear tests—the ones which cause dangerous radioactive fallout. Such an agreement would not cover very high altitude and underground atomic and hydrogen weapons blasts. Such explosions—difficult to police in any event—could be covered in some subsequent agreement reached after the first problem had been solved. U.S. Ambassador James J. Wadsworth and British Minister of State David Ormsby-Gore proposed dividing the nuclear problem into two parts with the idea of getting quick agreement on the types of tests easiest to detect. The ending of such tests also would minimize any health hazards to the world's population. The sources pointed out that the United States and Britain would prefer an agreement covering the entire range of tests. But the Western Powers recognized that this conference, which began its deliberations on Oct. 31, now was bogged down on East-West differences about controls. Presumably the limited agreement now suggested as a first step would require less elaborate policing arrangements than a total ban. The Western Powers, however, want foolproof controls built into any type of agreement they sign. The plan would ban all tests at or near ground level, which cause dangerous fallout. It would permit high altitude and deep underground tests, which Western experts contend produce no harmful results. Western officials were hopeful their new formula might help soften the Soviet Union's adamant stand against a veto-free inspection system to police the proposed agreement banning nuclear tests. Judging from the line taken in a Soviet Foreign Ministry statement Sunday, the Soviet position has not changed since the conference recessed March 12 for Easter. The conference first convened Oct. 31, the United States, Britain and the Soviet Union have agreed on seven articles of a draft treaty. But there has been no progress toward a solution to the East-West squabble on manning control posts and inspection teams, and the voting procedures to be followed by the control commission have remained in dispute. The Soviets clearly still want a veto over any inspection and control machinery established to enforce a test ban. The United States and Britain insist on a control system set up on a truly international basis, organized to operate with a minimum of government interference. U.S. officials have denounced the veto as a device that would permit the Soviets to block the operations of inspection teams and open the way for sneak tests. Officials in Washington said that if underground and high altitude tests were exempted from the ban, adequate inspection measures might be easier to agree on. Prohibition of lower-level blasts could be more readily enforced, they said, because the fallout produced in such tests makes them much more easily detectable. The new Soviet statement broadcast by Moscow radio, again accused the United States and Britain of delaying the work of the conference. The Soviets also said the Americans and British wanted to place the Soviet Union in an inferior position on the control commission, top administrative body in the proposed enforcement setup.

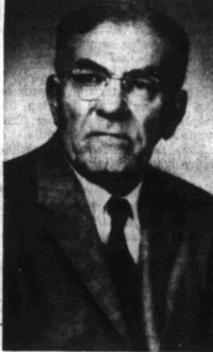

Committee Okays State Money Bill

AUSTIN (AP) — A slightly amended version of the state's general spending bill was approved today by the Senate Finance Committee. It was sent to the floor for debate. The committee called for a budget of \$2,385,035,751 from all sources including \$302,133,593 from the general revenue fund.

tion, but a subcommittee report expected this afternoon promised to produce what might be the answer to the state's financial distress. A proposal to legalize betting at horse race tracks was another red-hot issue before a House committee. Debate on it was expected to draw a big crowd of churchmen opposing the proposal. It was set for public hearing before the House Committee on Constitutional Amendments Tuesday after postponement last week. The House Revenue and Taxation Committee might act at once on its subcommittee report on an omnibus tax bill designed to balance the budget and perhaps eliminate the deficit at one stroke. Word leaking out from the subcommittee's operations was that the bill would slice into a wide variety of items including some luxuries and some natural resources. Speaker Waggoner Carr put the "omnibus" label on it last week. It will include some sales tax items. Gov. Price Daniel may have something to say about the proposals tonight when he is questioned by Capitol newsmen on an Austin television program. He has been urging the Legislature to eliminate the deficit first then balance the budget, by following his program, but the House has been reluctant to act. Daniel also suggested last week that he might recommend a penny a gallon boost in gasoline taxes to finance teachers pay and other public school improvement proposals suggested by the Hale-Aikin study committee. This is likely to run into stern opposition in the House revenue-raising committee. Its report is not expected to include a gasoline tax boost. Members said it would include some other plan to finance public school improvements. Legislators returned today after what probably will be their last long weekend recess of the session. Final adjournment is set for May 12.

Victor Mellinger Dies At Age 74

Victor Mellinger, 74, operator of a clothing store here for more than 40 years, died about 12:20 p.m. today in a local hospital. He suffered a severe heart attack a week ago, rallied surprisingly, and then began to weaken steadily. Funeral arrangements will be announced by River Funeral Home.

VICTOR MELLINGER

Mr. Mellinger opened his first store, the Grand Leader, here in 1917. Less than a month ago, he and his sons, Sidney and Sammy Mellinger, celebrated the opening of their remodeled store for men and boys at 3rd and Main. He was born July 25, 1884, in what was then Hungary, now a part of Czechoslovakia. He learned the cigar making trade in Europe and while a youth in 1900 managed to get passage to America where a brother and sister were residing in New York City. After working four years as a cigar maker in New York, he set out for Texas. His first retail business experience was gained as a foot peddler in the Lockhart area. Out of his savings, he purchased a wagon and team of mules and expanded his business throughout South Texas and started moving into West Texas. He opened a store at Blanco City which he operated until he moved his business to Big Spring. He operated the Grand Leader in two downtown locations before moving to the present Mellinger's site at 3rd and Main in 1930. Mr. Mellinger and Miss Rose Greenzweig were married in New York City in 1912 while he was back East on one of his trips. She died here in 1947. She was active in the business for many years. Mr. Mellinger was appointed to the city commission here and served six years. He also was a member of the Elks and Masonic lodges. He is survived by his two sons, Sidney and Sammy Mellinger, both of Big Spring; and two daughters, Mrs. Richard Englander of Dallas and Janice Mellinger, Big Spring.

Two Burned In Home Accident

Ilene Barnett won't be doing much typing for her employer, Merle Stewart, for a while—not with one hand bandaged. Miss Barnett burned her hand in extinguishing a fire this morning. A dress being worn by her mother, Mrs. Joe Barnett, caught fire from a stove, and Ilene put out the flames with her hands. In doing so, however, her hands were burned, and she was treated at Big Spring Hospital. The accident occurred at the Barnett residence, 410 Nolan. Mrs. Barnett was also burned and possibly fractured a rib as she fell against a chair.

Freeze Hits Area, Little Loss Likely

Winter, supposedly retired from the weather scene, took a backhand slap at Big Spring this morning. The temperature fell to 27 degrees, according to the U. S. Experiment Station. This was a new low reading for the area and was two degrees under the old record of 29 which was scored in 1913 and again in 1940. Farmers generally did not believe the chill caused any serious damage to fruit prospects. It was not thought the cold held on long enough to damage plants and shrubs. Webb weather station recorded 32 degrees as its official low. The station said the cold held that mark from 5 to 6 a.m. There was ice on ponds and a coating of frost on cars and exposed surfaces. A few days will have to elapse before the evaluation of damage which the cold may have caused can be made. The freeze of Monday morning had good foundation in the weather of Saturday and Sunday. The chilly winds and partly cloudy skies of Sunday kept the mercury well down in the tube. High for the day was 52 degrees late in the afternoon. Monday morning dawned with bright blue skies. The nippy cold left on the heels of the freezing temperatures tempered the warmth of the bright sun, however, and while it was steadily warming as the day advanced the early hours of the day were brisk enough to make jackets comfortable. Some observers pointed out that the possible danger of damage from the 27 degrees reading stemmed largely from the low moisture content in the soil. The meager rains of the spring have left the ground dry. It is generally believed that a frost will do much less damage to growing plants if the soil is wet. Prospects have been good for a lavish production on what fruit trees are in the area. Growers were waiting with considerable apprehension to see what will happen to the young fruit on the heels of the cold.

Two Men Held In Odessa's Shotgun Death

ODESSA (AP)—Two men were arrested today in the shotgun slaying Wednesday night of James Michael Clanton, 17. The youth was slain as he sat in a booth of his parents' cafe on the northern edge of Odessa with a friend. The two men were arrested in a small hotel across the street from the sheriff's office. One of the men, a 20-year-old oil field roughneck, was identified by the mother of the victim as the slayer. "Oh, my God, that's the one—I can tell by his forehead and hair," Mrs. J. W. Clanton cried, as she pointed to the suspect in a police lineup. Sheriff A. M. Gabrel said a dismantled shotgun was found in the ceiling of a rest room of the hotel. He said the weapon fits the description of the shotgun used in the slaying. The sheriff said a tip about the shotgun lead to the arrests. Officers were taking statements from the two men this morning. The sheriff said charges would be filed later in the day against the men. He said the second man would be charged as an accomplice. The second man was described as a 25-year-old Odessa construction worker. Officers said they found a .22 rifle in his car. They said belongings of both men also were found packed in the car. The sheriff said he believed robbery was the motive in last Wednesday's slaying. Witnesses said the slayer entered the cafe from the rear, walked through the kitchen, then went to the booth and shot young Clanton. He wore a white towel mask over his face. They said the slayer fled in a car parked outside the cafe.

50 Years On The Bench

Judge Learned Hand, second from left, pauses for a word with colleagues in the anteroom of the U.S. Courthouse in New York shortly before a ceremony honoring him for his 50 years on the federal bench. At left is Chief Justice of the U.S. Earl Warren. Second from right is Justice Felix Frankfurter and at the right is Justice John Marshall Harlan. Judge Hand began his service as a federal judge in 1909 and retired in 1951 after serving as chief judge of the Second Circuit Court of Appeals. However, he has continued to sit often since then.

You'll Never Miss Books Until The Library Runs Dry

Editor's Note: This week thousands of communitarians are observing the second National Library Week, sponsored by the National Book Committee in cooperation with the American Library Assn. Here a well-known novelist explains what books — and libraries—mean to her. By TAYLOR CALDWELL. Written For The Associated Press. It is an old aphorism that we never miss what we have until it has gone. We take books for granted, all the glory, tragedy, humor, sadness and adventure, which books contain, all the companionship and the inspiration, all the new paths they open for us, the new places, the new scenes, the new people, the new excitement of discovery, the wisdom, the golden thoughts, the laughter. A book is a passport to the world, and it is only when we lose that passport that we discover that we are homeless, that the world of men is closed to us, that we are bound and exiled, with no place to go, and that we have lost touch with our fellows. There are some who say that it is much worse to be hungry and homeless and unwanted than it is not to have books. I disagree. I have been hungry, homeless and unwanted, and I filled all the barren space with the books I borrowed and I was consoled and inspired, and I was given courage. For years the only books I possessed were Shakespeare, an ancient copy of Thoreau, "Quo Vadis" and "Jean Christophe." I read or reread them literally hundreds of times, in a place where there were no books at all and nothing to read. I still have those old books; I wouldn't part with them for anything for I cannot forget what it means not to have books, the loneliness, the emptiness, the shut dark places. The first terrifying experience of not having books—that is, unable to read them—occurred when I was 14 years old. I had been wandering in some woods and a thorn tree whipped at me and injured my right eye. For two weeks thereafter, I was forbidden to read until my eye healed. There was music in our home, but music is only part of the world. I could walk on the streets, but the street was only a tiny section of living. I could talk with others, but talk does not convey a man's real thoughts. For a few days I had to live in a darkened room, and to this day darkness means terror to me and emptiness, a place without thought or being. When I was finally permitted to read I fell on books as a starving man falls on food and I could not get enough of them, and I still can't, for without books there is a spiritual darkness. A home without a library is not a home at all. The library does not have to be a special room. For many, many years my only library was three wooden shelves I put up myself in a rented room. Once my library consisted only of a suitcase. Music and pictures, friends and entertainment, are only part of living. But books are all of living, for in them are music, pictures, friends and entertainment. A book contains the thoughts of the ages; the most modern book is only an echo of books written hundreds, even thousands of years ago. It is man's greatest monument—the book. The written word is man's noblest invention. A people without an alphabet and books are a people without civilization. They remain at the primitive level of beasts. "A man who does not read," said Plato, "is a creature who is not fully a man." Three years ago I had another accident to my eye and was forbidden to read. I tried listening to the radio, both plays and music. I tried visiting with friends. And, I was not only bored but I was terrified. I began to visualize a world without books for me and the thought was unendurable. So, against my doctor's orders I resumed reading, and it did not do any damage. Later, the infection cleared up. I have lost much of my hearing, but I hardly miss it, for I have only to start to read to hear voices clearly, and song and laughter and anguish. To paraphrase the Bible, "Heard things are good but the unheard are sweeter." Take a book in your hand. You will walk ways you never walked before, see people unknown to you but who echo your most secret thoughts, love again if you are without love or youth, hear wise men speak, listen to consolations and hopes, and see all beauty. It was said by St. John, "In the beginning was the word. . . . This is not only true of God but true of his children. In the beginning, there is always the word. In more ways than one we die spiritually without books.

DEAR ABBY

BETTER CHECK UP

By ABIGAIL VAN BUREN

DEAR ABBY: All right, how long does it take to have a baby? My wife and I were married in a hurry because she said she was expecting a baby. I got permission from my C.O. and I had to tell him the reason and it has been 11 months and there is no baby. She has been giving back her breakfast and she is a little heavier, but she doesn't know which month she is and sometimes she thinks she isn't. Now get this, Abby. She is AFRAID of doctors and refuses to go to one. I am about out of my head with this woman. Will you tell me what to do with her? SOLDIER DEAR SOLDIER: Overrule her childish notions and insist that she get some medical attention—and on the double, Soldier!

DEAR ABBY: Instead of being happy when nice weather comes on the weekend, we pray for rain. We live in the suburbs and every weekend our friends who live in the city come to visit us. It's so bad they even pop in before 12:00 noon and we hardly have a chance to get out of bed. The same silly excuse, "We were just riding through" and then they stay all day. Abby, we have lost some

4 Men On Raft Brave Pacific

CALLAO, Peru, (AP) — Four men from three nations headed West into the Pacific today in hopes the wind and ocean currents will carry their raft to the South Sea islands. The sail-equipped raft Cantuta II is skippered by Edward Ingris, 45, of Czechoslovakia. He is accompanied by Jose Matause, 37, another Czech; Joaquin Guerrero, 37, of Argentina; and Jaime Toledo, 34, of Peru. Ingris and Guerrero failed in a previous attempt to make the voyage aboard the Cantuta I. Several adventurers have made the crossing since Thor Heyerdahl, a determined Norwegian, rode the raft Kon-Tiki with his companions from Peru to the South Pacific. To prove it was possible for early inhabitants of the South American coast to have gone with the wind and the ocean currents to the islands of Polynesia.

Chili Blows Up, Sets Barge Afire

CAPE ELIZABETH Maine (AP)—A bowl of hot chili blew up and set fire to a barge Sunday. Authorities said the chili which erupted on the hot stove set fire to the eating and living quarters of the crew. No one was injured. The fishing vessel Mary J. pulled up alongside and extinguished the blaze.

Farm Labor Rule Attempt Draws Fire

WASHINGTON (AP) — The Labor Department's proposed regulations for employment of migratory farm labor drew the fire yesterday of Sen. Allen J. Ellender (D-La.) chairman of the Senate Agriculture Committee. Sen. Ellender said they are "an out-and-out attempt to invade federal jurisdiction over a large area in which Congress has consistently refused to act." His recorded address was carried by New Orleans Radio Station WWL. Employers of temporary farm labor would be compelled to meet certain housing, transportation and wage standards as a condition to using the U.S. Employment Service.

The Senator called the housing standards "completely impractical." He added that he knew of few, if any, houses in South Louisiana that have screened air spaces below the floor. "The section dealing with wages is a barefaced attempt to levy and enforce a minimum agricultural wage despite consistent congressional rejection of this concept," Ellender declared. He said the proposed regulation covering transportation arrangements would leave too much to bureaucratic determination. The proposed prohibition of discriminatory practices was termed "a blatant attempt to impose a Fair Employment Practices Commission program—a so-called FEPC on Agriculture."

Fair wages and good housing should be provided for migratory farm workers, Ellender said. He continued: "However, I do object most vehemently to an attempt by the Secretary of Labor to promulgate regulations which would bring federal control over areas in which the Congress has specifically refused to allow federal direction." "I suggest to the secretary of labor that if he would like to extend federal control over these fields, he should come to the Congress and ask for permission to do so."

Lost 43 Pounds With This Home Recipe

It's easy — no trouble at all to make this home recipe and inexpensive too. Just ask any Texas druggist for 4 ounces of liquid Barcozinate. Pour into a pint jar or bottle and fill with canned grapefruit juice. You now have a full pint. Take according to directions and watch the fat just seem to melt away, just as Mrs. Minnie Gonzalez, 536 Green St., San Antonio 4, Texas did, who lost 43 pounds.

Condemned American Returns Home From Cuban Adventure

CHICAGO (AP) — Alan Robert Nye is back home with his family in nearby Whiting, Ind., and says he wants to forget quickly his imprisonment in Cuba and suspended death sentence for the alleged plot to kill Premier Fidel Castro. The 31-year-old former U.S. Navy flier landed at Midway Airport Sunday night on a flight from Havana, less than 20 hours after a Cuban military tribunal pronounced a death sentence. The tribunal suspended the sentence on condition Nye leave Cuba within 48 hours. Nye, who steadfastly maintained his innocence during his 106 days in jail and at the trial, was greeted at the airport by his mother, Mrs. Joseph Lynch, 51. "We're all right now mom,

aren't we?" Nye asked, embracing his mother. "Don't cry. We're safe now." Then the gangling Nye, appearing jubilant, turned and kissed his stepfather, Daniel Lynch, who had attended Nye's trial in Havana and flew back with him and his attorney Joseph P. Sullivan. Both Nye and Sullivan declined comment on Nye's conviction on charges of conspiring to kill Castro while Castro was fighting to overthrow the Cuban dictator Fulgencio Batista. Nye was arrested last December and had been a prisoner in grim La Cabaña fortress overlooking Havana since January. Dressed in khaki trousers, a tan

cloth jacket, blue sports shirt and black combat boots, Nye told reporters: "I'm just glad to be home. I'm going to Whiting and get a good rest." Asked about his imprisonment and trial he said: "I can't discuss Cuban politics and I don't want to say anything about my trial." "Cuban politics don't concern me anymore and never will again. I'll never go back there again." (The military tribunal said Nye will face a firing squad if he ever returns to Cuba.) At New Orleans earlier, Nye said he had about as much chance of getting a fair trial in Havana "as a snowball in that place made famous by Dante."

Retiring Worker Takes Home Lathe

FLINT, Mich. (AP)—Many retiring employes go home with a wrist watch as a token of "well done" after their last day on the job. Edwin W. Niedzielski, who retired after 41 years with Buick, went home with the two-ton lathe he had used for nearly 30 years. Niedzielski bought the lathe from Buick for \$62. The auto firm paid \$3,414.79 for it back in 1929. The retired auto worker plans to put the lathe in his garage. "I just want the pleasure of owning it and looking at it," he said.

OLD WITH NEW — Wall of a modern Munich apartment building is decorated with a graffiti portrait of Maximilian I of Bavaria. Ruler was born in Munich in 1573.

SHINY COIF — Orient-inspired queue drips with diamonds over shoulder at St. Moritz, Switzerland, fashion gala. Topping are diamond headrop neckties and comb.

ROUNDING OUT JOB — Worker strolls through sports palace being completed in Rome, Italy, for use of basketball and boxing events in the 1960 Olympics.

BACKYARD BATTLEMENTS — Rolf Bach displays small-scale castle he built for his children at Wiesbaden, Germany. It's made of stones, pebbles and concrete.

PRELATE — Archbishop Iakovos (Greek for James), 48, was crowned in New York as primate of Greek Orthodox church in the Americas. He's Turkish-born U. S. citizen.

MRS. CLYDE LYON
... winning hair style

Hair Style Of Mrs. Lyon Wins First

Mrs. Clyde Lyon was the winning model in the elimination contest of hair styling held Sunday afternoon at the Settles Hotel by members of Unit 24, Texas Association of Accredited Beauty Culturists. Her hair had been arranged by Mrs. Harold Bentley of the Hair Style Clinic.

Winners from the unit contests will gather in Houston on June 15-16 for the state convention, which will include the Parade of Units; in this contest, a winner will be chosen to represent Texas in the Parade of States, slated for the national meeting in Seattle, Washington, July 12-15.

Judges for the Sunday contest were Mrs. Felix Hocker of Lubbock, state president, J. D. Kirk and Kenneth Brack, both of Odessa. Assisting with arrangements were Felix Hocker and C. Chance of San Angelo.

Second place went to Jo Polone of Jo's Personalized Hair Fashions and third to Mrs. Gordon Wheeler of Gordon's Hair Styles.

Fullers Have Guest From Hawaii

Mr. and Mrs. W. G. (Sonny) Fuller, Linda and Sabra had as their overnight guest Friday Mrs. Fred Lambert of the Hawaiian Islands. She was en route to Houston and Mexico City before returning to her home near Honolulu.

Mrs. Lambert, although retired from the theatre, is known in entertainment circles as "Espanita." Before World War II she was a film actress in the Philippine Islands, where she was reared as a Spanish citizen. After the war, she performed on the stage in Mexico City.

The Fuller youngsters were delighted with the authentic leis which their guest brought them from Hawaii.

Coahoma Classes In Annual Banquet Saturday Night

COAHOMA — The Coahoma junior-senior banquet was held Saturday night in the school cafeteria with the theme, New Orleans Mardi Gras. Center of attraction was a life size clown and ballerina doll of paper.

The tables were set with eye masks as favors; Mardi Gras programs, napkins and name cards.

Doyle Warren, as Bing Crosby, was master of ceremonies; Mary Kiser, Sharon Finley and Patsy Greenfield as the Andrews Sisters; Donnie Reid and Gorman Finley as Charlie McCarthy and Edgar Bergen; a pantomime of Elvis Presley was given by Roy Griffith; Miss Finley read the prophecy and Dolores Lindley gave the will to the juniors from the seniors.

A climax of the banquet was the coronation of a Mardi Gras King and Queen, Dolores Lindley and Don Cunningham. They were given gifts.

The sophomore girls, dressed in Mardi Gras costumes, served.

Local Residents Scheduled On Program At Convention Of P-TA

Several Big Spring and Gay Hill residents are to have prominent parts in the annual conference of the 16th District, Texas Congress of Parents and Teachers, in Sweetwater April 17-18.

Mrs. J. H. Homan, city council president, is a nominee for district vice president. Mrs. Elvies McCrary, district parliamentarian, Floyd Parsons, state citizenship chairman, Mrs. Hollis Puckett, Gay Hill, district publications chairman, and George Arthur, Gay Hill, have places on the program.

Mrs. Chesley McDonald, Sterling City, has been nominated for the presidency. Other nominees are: Vice presidents, Mrs. Eldon Mahon, Colorado City, and G. L. Trice, Lamesa; corresponding secretary, Mrs. Alvie Cole, Sterling City; recording secretary, Mrs. Elmer Payne, Sweetwater.

Headquarters for the meeting will be the First Methodist Church and the Blue Bonnet Hotel. Theme of the two-day meet is "Education Opens Windows On a Wider World."

Pre-conference board of managers meeting will be April 17, 9:30 a.m. in the high school cafeteria. Members will be luncheon guests of the Sweetwater board of education following the session.

Registration will begin at 12:30 p.m. April 17. Mrs. Payne, district president, will preside at the first general session beginning at 1:30.

Bridal Pair Will Make Home Here

Mr. and Mrs. Howard McSpadden Jr. will make a home at 101 Dixie following their Friday evening marriage in the home of the Rev. Jordan Grooms, pastor of the First Methodist Church.

She is the former Mrs. Domestelle Martin, daughter of Mrs. Pearl Rice of Texarkana. Parents of the bridegroom are Mr. and Mrs. Howard D. McSpadden of Lamesa.

For the wedding, the bride chose a frock of pink organza with matching hat and shoes in the same shade. The couple was attended by Mr. and Mrs. Jack McQueary.

McSpadden is employed by Williams and Dunlap Contractors; the bride is an employe of Gordon's Hair Styles.

Symposium By Sorority

A symposium on Securities Essential to a Teacher's Welfare was held for the Delta Kappa Gamma Sorority Saturday when the honorary organization for teachers met at the Settles Hotel for luncheon. Tables were decorated with purple and orchid ribbons and iris.

Twenty-four were present, representing the towns of Big Spring, Stanton, Sterling City and Coahoma.

Participating in the program, for which Mrs. B. F. Yandell was moderator, were Mrs. B. M. Keese, Mrs. H. L. Derrick, Mrs. Harry Echols and Mrs. Grover Springer.

During a business session, conducted by Mrs. A. C. Kloven, the group voted to extend membership invitations to seven with another to become an honorary member.

Mrs. Kloven, Mrs. Keese and Mrs. Cass Hill were elected delegates to the state convention slated for Galveston, April 24-25. They

Philatheans Meet For Breakfast

Pastel parasols and tiny candles in marshmallows marked places at the birthday breakfast of the First Methodist Philathea Class Sunday morning at Cokers Restaurant.

A large net parasol stood opened on head table with a closed parasol of blue net lying beside it. Members lighted their candles at the conclusion of the program to sing the happy birthday song for the class on its 32nd anniversary.

Mrs. Rogers Hefley gave the invocation and the devotion was presented by Sue Nelson. Mrs. B. M. Keese taught the lesson. Mrs. Myrtle Lee, presenting a drawing of The Holy City was accompanied by a recording of the musical selection.

Scriptures were read by Mrs. Lina Flewelen for the 47 attending; this included the guests, Mrs. Lee, Grace Mann, Nell Hatch, Mrs. Randall Palk, Mrs. W. J. Garrett and Stanford Stewart.

Mrs. Sellers Named President Of P-TA

LAMESA (Sp) — Mrs. M. S. Sellers was elected president of the Lamesa Junior High School P-TA at their meeting Friday in the school auditorium.

Other officers named were Mrs. J. L. Johnson, vice president; Mrs. Charles Busby, secretary; and Mrs. Howard Allen, treasurer.

Variety numbers by students of the school and a short talk of Library Week by Mrs. Lex Brock, librarian, provided the program for the meeting.

Abilene Guests

Guests in the home of Mrs. B. L. LeFever, 1710 Johnson, have been her sister, Mrs. Leon Churchill, LeAnne and Kent from Abilene.

Trim And Fit Class

Registration is open for the Housewives Trim and Fit series, opening Tuesday at the YMCA. Mrs. Gene Eads is again instructor for the course of 16 sessions, slated for 9:30 to 10:30 Tuesday through Friday mornings. Fee is gratis to Y members, \$5 for non-members.

Garlic For Lamb

Your family like garlic? Cut tiny slits in beef or lamb that is to be inserted and insert slivers of that seasoning.

Easy Knit

Treat the family to look-a-like sweaters! You'll find these quick to knit from heavy cotton thread. No. 121 has directions—child's sizes 6-16; women's 34-38; men's 38-44 incl.

Romaine Teams With Grapefruit, Pepper

A gourmet salad which will also provide a colorful note for your dinner table is Green and Yellow Salad. The exotic combination is made in this way:

GREEN AND YELLOW SALAD
Ingredients:
2 cups bite-size pieces inside yellow leaves of romaine (packed down)
1 medium-sized cucumber (thinly sliced)
1/2 green pepper (thinly sliced)
1 large grapefruit
Olive oil
Wine vinegar
Salt and pepper
All-purpose green herb seasoning salt

Method:

Place romaine, cucumber and pepper in a medium-sized salad bowl. Cut grapefruit in half; cut around and remove segments; add segments to salad bowl. (Squeeze juice from grapefruit halves and drink!)

Dress salad with olive oil, wine vinegar, salt, pepper and seasoning salt using amounts that suit taste. Makes four servings.

Salad may be prepared ahead, covered and chilled; in this case add grapefruit and dressing just before serving.

Why?

"Working Together," a skit, will be presented by officers of the Sweetwater Southeast Elementary P-TA prior to adjournment for work groups.

A luncheon for local unit and council presidents, past presidents and presidents-elect will be at the Blue Bonnet Hotel Saturday noon.

Dr. Betty J. Shipman, Sweetwater, general conference chairman, requests that all banquet and luncheon tickets be ordered by April 14. Mrs. Pat McElyea, registration chairman, has announced that a one dollar fee is required for registration. Free baby sitting service will be available April 18, according to Mrs. Roy Spencer, hospitality chairman.

Sleep Best Tonic For Hostess Before Day Of Big Party

Let's not fool ourselves; party-giving puts an extra strain on the hostess. The best antidote for this added burden on the nerves is refreshing, comfortable uninterrupted sleep.

What with the food to be prepared just right, the house to be spic and span, the children to be briefed on manners and out of the way for the occasion it's no wonder that the party-loving homemaker is hard-put to relax.

Granted that the night before the festivities is the hardest time for relaxing, a good night's sleep is usually all that's needed for that gracious and calm manner so important to a hostess in helping her guests have a good time.

What can she do to assure herself a good eight hours sleep the night before the party? Rule number one is to retire early. A warm

bath followed by a brisk rub before jumping into bed helps to relax tense muscles and create a pleasant drowsiness. Reading a few chapters from an enjoyable but not too exciting book will chase the anxiety gremlins from the mind.

If the mattress is in good shape, sleep naturally takes over, giving the hostess a full measure of rest for the busy day ahead.

Ice Every Minute Of The Day

With Western Ice's vending machines, you can get block or crushed ice at any time of the day or night. The ice company also welcomes you to visit its Seven-Eleven store, a handy grocery where you can get picnic items at the same time you get your ice. Keep Western Ice Co. in mind this spring and summer when you need ice in any amount. And don't forget your Seven-Eleven Store, also located at 3rd and Owens.

Polishampoo Saves Automobile Finish

Every year, thousands of cars are junked — not because they won't run but because neglect of their finishes has made them utterly worthless.

Today's industrial fumes, smog, exhaust fumes and other residue are deposited on car surfaces, and if left uncleaned for a long period of time, the chemicals eat right into the body, causing damage that even new paint cannot hide.

Keeping the car clean was once a time-consuming and strenuous chore. But today, it's easy with an amazing new liquid — Johnston's Polishampoo.

Polishampoo is available in Big Spring at Piggly Wiggly, Newsom's, Green's Grocery, Jack's Drive-In, Toby's Drive-In, Hull & Phillips and other stores. It is economical, too. Eight ounces of the liquid, enough for eight car shampoos, costs only 98 cents.

The 16-ounce size is available for only \$1.79.

Johnston's Polishampoo is a scientific formula made only for car washing, made to help you maintain the beauty and value of your car. It not only removes every last particle of dust, dirt, grit, and grime, but actually renews the brilliant gleam of the original car polish. Yes, with Polishampoo, the surface comes out epic and span, not a spot, not a streak; even the chrome and glass are automatically polished. And you don't have to rub or wipe dry. It works by itself.

Polishampoo is so easy to use that a small child can do it! All you do is pour an ounce of Polishampoo (conveniently marked on bottle) into a bucket and fill with water. The rich Polishampoo suds do the washing for you. Apply by sections, simply rinse off. Car dries quickly without rubbing or wiping. That's all!

Scientists tested Polishampoo for months on all kinds of cars, cars that had been driven through slush and rain and exposed to harsh weather, and every time an ounce of Polishampoo brought shining results.

Thousands of car owners are now giving their cars the quickest, easiest, best washes they've ever had with new Polishampoo.

Byron's Storage & Transfer Set Up To Handle Any Size Of Moving Job

No moving job is too large or too small to be handled capably and efficiently by Byron's Storage & Transfer.

Whether the move is to Alabama St. or the state of Alabama, you can be assured that Byron's Transfer can handle it for you in a manner to be proud of.

Byron's Transfer, located at 106 E. 1st — across the street from the T&P depot — is affiliated with United Van Lines, a name known and trusted throughout the nation. Why take a chance of scarring up your good furniture when moving across town by doing it yourself. You think you can move it in the car or pickup, but when you get it into the new location, you find it has been scratched — how you don't know.

Forget these worries, and let Byron's Transfer make the short move for you. Their men are experienced and know how to handle furniture without scraping or marring it in any way. The same is true, however, when you turn your long moves over to Byron's Transfer.

Not only does the firm have good movers, it has good equipment. Five vans are on the move constantly carrying goods for Byron's and those five vans are not only carrying furniture but a reputation built up over years of service.

Also, Byron's trucks, pads, and other pieces of equipment are periodically sanitized. This is for the protection of its customers. The trucks are no cleaner than the storage warehouse, though. The building is kept spotlessly clean at all times; just stop by and see how clean it is at any time of the day.

Many Funeral Services Given

Before tragedy strikes in your family, you might be wise in checking on what is required in the way of funeral services. It will save you untold time and trouble later on, for everyone sooner or later finds himself confronted with such problems.

An ideal place to learn about such services is the Nalley-Pickle Funeral Home, which is located at 906 Gregg St.

The wisely-selected funeral director is truly a friend in need. His services include not only the furnishing of a funeral home, casket and embalming, but every detail of the arrangements when requested.

Nalley-Pickle Funeral Home has one of the largest and most fully-equipped chapels of any such concern in the area.

The funeral director's counsel can be depended upon to assist from the hour of passing to the final disposition. He is prepared to handle all the legal permits (except the certificate provided by your physician).

In addition, he will act as your agent for obituary notices, telegrams, flowers and religious or non-sectarian services.

There are over 75 separate service items connected with every funeral.

Grady Harland Offering Good Deal On Auto Tires

Grady Harland, owner and operator of the Magnolia Service Station bearing his name, is now in a position to offer the finest deals ever in tires.

Harland is one of the local dealers for the famous Mobil tires and now has a good supply on hand.

He's offering the 6.70x15 tube-type black tire for \$12.50 plus tax plus trade-in.

No matter what condition your own casings are in, if they are usable, you can do business with Grady Harland. Drive by and see him.

The Harland station is open from 7 a.m. to 7 p.m. Mondays through Saturdays. On Sunday, the station personnel curtails its work schedule somewhat, opening at 8 a.m. and closing at 5 p.m.

In addition to tires and tubes, the Harland concern handles a limited number of automotive accessories, including batteries, windshield wipers, head lights and other items.

The establishment has long specialized in complete servicing of vehicles, whether the customer's car is in need of a lubricating oil or a change in the crankcase oil. If you're in doubt as to what type and grade oil your vehicle

through Saturdays. On Sunday, the station personnel curtails its work schedule somewhat, opening at 8 a.m. and closing at 5 p.m.

Slays Children

J. B. Matthews Jr., 40 of Springfield, Va., above, beat his three children to death, severely bludgeoned his wife, and then killed himself with a butcher knife. There was no immediate explanation for the sudden breakfast-time attack. Matthews was a physicist for the Federal Aviation Agency.

Hospitalization Would Hike Security Costs

WASHINGTON (AP) — Addition of old-age hospitalization protection to federal social security benefits would cost at least a billion dollars a year to start, the government estimated today.

The added costs would require at least a one-half per cent increase in the social security payroll tax. It is now 2 1/2 per cent of the first \$4,000 of earnings for both workers and employers, and will rise automatically to 4 1/2 per cent by 1969.

The estimates were contained in a lengthy report by the Social Security Administration filed with the House Ways and Means Committee by Secretary of Welfare Arthur S. Flemming.

The report contained no recommendations or conclusions. It was requested by the committee last year after Congress voted a 7 per cent increase in social security benefits and an increase in the tax rate.

Proposals to add federal hospital, nursing home and surgical care to old-age retirement benefits are now pending before the committee, but House leaders have ruled out any action on them before next year.

HIGHLIGHTS LISTED
The 117-page study of old age health benefits was limited to factual information, with these highlights:

1. There are about 15 million persons in the United States 65 or over, and their number is increasing because of medical advances.

2. About 43 per cent, or two out of every five persons on social security retired rolls now have voluntary health protection.

3. Most social security pensioners have a low or limited income, increasing the problem of financing adequate medical care.

4. Hospital and medical costs are rising. Of social security pensioners hospitalized in 1957, the largest group—about 85 per cent—had medical bills of \$1,000 or more.

5. Numerous alternatives to social security health insurance are available — subsidies to private health insurance carriers government reinsurance of private carriers, direct federal assistance to persons unable to finance their own medical costs, and stimulation of voluntary insurance plans.

Rep. Aime J. Forand (D-RI), chief sponsor of legislative proposals for social security health benefits, said the report confirms the need for federal action.

The Flemming report's estimates of first-year health costs varied according to types of benefits. In round figures, however, a 1960 initial cost of a billion dollars was indicated as a probable minimum. Cost estimates by others than the Social Security Administration were higher.

The Health Insurance Assn. of America estimated costs of hospital benefits for social security pensioners at \$1,319,000,000 based on 1959 costs, requiring an increase in the social security tax of around .65 per cent.

'Glory' Wins Book Prize

DALLAS (AP)—The annual book prize of the Sons of the Republic of Texas went yesterday to "13 Days To Glory," in which Lon Tinkle tells about the defense of the Alamo.

The book, whose author is book critic of the Dallas Morning News, previously won the \$1,000 Best Texas Book of 1958 Award of the Texas Institute of Letters on March 13.

The Summerfield G. Roberts Award made by the Sons of the Republic also carries a \$1,000 prize. Roberts, a Dallas art patron, donates the prize annually for the best book of the year about early Texas.

Tinkle is a former president of the Texas Institute of Letters and professor of French and comparative literature at Southern Methodist University.

His book resulted from three years of research into the historic defense of the old mission-fortress at San Antonio where all 182 men died at the hands of Mexican forces.

The Sons of the Republic award last year went to Tom Lea for his book on the King Ranch.

LOOKING 'EM OVER

By TOMMY HART

Jimmy Roger, the Big Spring catcher, departed with his catching gear when the Steer baseball corps left for San Angelo last week.

He looked for it in its accustomed spot in the dressing room when he got ready to leave and, finding it gone, assumed that some one else had packed it away on the bus.

Two years ago, Cary Miedecoff came down to the final day in the Tournament of Champions at Las Vegas, Nevada, and learned he alone had a chance to overtake Gene Littler.

On three holes in a row, he was in a position to gain five strokes but Littler kept pulling miraculous shots and remained three shots in front.

On the tenth hole that day, Littler sunk a 25-foot putt to match Miedecoff's birdie, a development which caused Dr. Cary to mutter:

"That isn't a putter this fellow uses, it's a burglar's tool."

Two of the Texas Aggies' most promising freshman golfers, Fred Praetorius and Charley Sulik, are withdrawing from school.

If he can get his boxing shoes rolling here, promoter Bob Callahan says he might bring in Roy Harris for a bout sometime this summer.

Harris, by the way, will probably appear in Madison Square Garden before the summer is out. He was to have been billed there within a few weeks but the cuts around the eyes he suffered in his recent fight with Donnie Fleeman mixed all that.

Callahan is an expert pilot. He was an Air Force officer at one time.

K. D. Brown, who's promoting that Texas Lightweight championship fight in Odessa tonight, quite probably made a mistake when he set the price for his ringside tickets. He's asking \$4.40 a copy, which is about twice what they should be bringing. You run the risk of buyers' resistance under such conditions and from all indications, a lot of area people will successfully resist the urge to be on hand.

A leading radio personality's shortcomings as a play-by-play announcer in sports have long been recognized in the trade. The fact that he is monumentally inaccurate in situations when the action comes fast and the battle fronts are fluid (as in football) is one of the big reasons he is never used as an announcer in television work.

A few years ago, the announcer—who believes in dramatizing even the simplest event—was airing a University of Florida football game for a network. The sobriquet Rick Cesares was starring for the Gators at the time.

The mike master had someone else playing Rick's position, however. A network vice president, who happened to be a Florida alumnus, was disturbed over the apparent fact that Rick wasn't being employed. He was plagued with the thought that the ace back might be maimed, so he called the radio booth long distance and asked one of the play-by-play man's co-workers why Cesares wasn't in the game.

"He's been playing all the time," the aide retorted, "but the announcer can't pronounce his name."

A few years ago, the sports barker got in touch with Red Grange, the football great, and asked for permission to do a capsule report on Red's gridiron career. Grange gave tentative okay.

Later, the network personality called Grange again and read back some of the material he planned to use. It proved to be almost complete fabrication. The dramatist had painted a colorful story of Grange's decision to play for Illinois and working his way through school as an iceman, over his father's (poor in worldly goods) strenuous objections.

Grange proceeded to fill the radio man in on the truth. He said (1) his father was a man of substance, (2) he gave his son liberal financial assistance, (3) he liked the idea of his son attending Illinois and (4) Red lugged ice because it helped build his physique and proved to be a job that was glamorized by the nation's press.

Furthermore, Grange threatened to sue both the announcer and the network if the material were used. The radioman abandoned the idea of presenting Grange's story on his program, even though he now had all the facts and they, pieced together, would have made an excellent story.

9TH INNING FINISH BACK IN BUSINESS

By JOE REICHLER

The ninth inning wonders are back in business.

It was a year ago that the San Francisco Giants began an intriguing habit pulling out games in the final inning. Nearly a third of their victories were achieved thus.

The 1959 season is only in its infancy and already the Giants have won two of their three games in the closing frame.

They did it for the second time Sunday, scoring three in the ninth to defeat the St. Louis Cardinals for the third consecutive day. The score was 6-3.

Sunday's triumph moved the Giants into first place, a half game in front of the Milwaukee Braves, who won the only two games they have played. Snow prevented the Braves from playing their scheduled game in Pittsburgh.

In the only other league action, Los Angeles defeated Chicago 5-3. The scheduled doubleheader between the Cincinnati Reds and Phillies in Philadelphia was postponed because of rain.

For one inning it looked like the Cardinals might finally win their first game of the season. They scored three runs in the first against left-hander Mike McCormick on hits by Don Blasingame, Gino Cimoli and Ken Boyer plus three Giant errors.

The Giants tied the score with two in the fifth after scoring one in the third. Then, in the ninth with two out, Orlando Cepeda's

The Hawks are heavy favorites to top team laurels at Amarillo. Fact is, if all goes according to form, the Big Spring club will dominate the Zone show as it never has before.

The Hawks won easily in the meet here last year and are credited with having a stronger team than they did then.

Gary Player May Not Get To Play

HOUSTON (AP)—The last two places in the field for the \$30,000 Houston Classic Golf Tournament went up for grabs today as six hopefuls teed off at the Memorial Park Course.

The 12th annual tournament starts Thursday with a field of 134 to tour the 72-hole layout. Weather prospects are good and groundskeepers said recent rains should put the course in top condition.

It was learned last night that South African star Gary Player is suffering from a boil on the back of his neck and may be forced to sit out the Houston meet. Player also missed the Greensboro, N.C., Open because of the boil.

Deadline Nearing For LL Sign-Ups

Youngsters between the ages of 8 to 12 have today and Tuesday to register for the Little League baseball program, and spring training drills begin today.

More than 330 signed Saturday in the Texas, National and American leagues but as many as 100 or more may be expected in the next two days.

Boys are reminded that they must have a birth certificate to register and must attend a majority of the spring training drills to be able to play Little League ball.

Boys may register at spring training sites. The Texas League will start this afternoon at 5 at the N. 12th and Snyder park. National League players go to 17th and Lancaster at 5, and the American League drills are at 5:30 west of Howard County Junior College.

LAKE CHARLES, La. (AP)—Professional golfer's increasing brigade of talented youngsters got a new member today in Hugh Royer of Columbus Ga., and his credentials included a victory in the annual \$5,000 Lake Charles Invitational Tournament.

The 22-year-old product of the University of Georgia came home in front by three strokes Sunday with a 72-hole total of 278.

White Sox Off And Running In Junior League's Race

By JOE REICHLER

Associated Press Sports Writer

Three days don't make a week, let alone a season but it sure looks today as if the Chicago White Sox have the two ingredients they lacked most last season. That would be home run punch and strong relief pitching.

It was this combination that helped them win their third straight Sunday, a 5-3 decision over Detroit. The home run punch was provided by rookie Norm Cash. The relief pitching was furnished by rookie Rudolfo Arias

and sophomore Bob Shaw. Each came in to stifle a Tiger threat with the bases loaded.

Chicago's three in a row has the club alone at the top of the American League heap. Three other teams still are undefeated. Cleveland has won two and Washington and New York one each.

The defending champion Yankees finally were able to open their season at Yankee Stadium. They just did get the game in, too. It began to snow almost immediately after they had nipped the Boston Red Sox 3-2.

None of the other teams was as fortunate. Rain forced the postponement of the scheduled doubleheader between Baltimore and the Senators at Washington and the single contest at Kansas City between Cleveland and the Athletics.

Veteran catcher Sherm Lollar shared the hitting honors with first baseman Cash for the White Sox. Each drove in two runs. Cash's home drive gave the White Sox six in three games. The 1958 Chicago team hit only 101 all year.

It took fine relief pitching by Arias and Shaw to keep the White Sox undefeated. Detroit loaded the bases with only one out in the seventh against starter Dick Donovan. Arias, a Cuban left-hander, came in to get cleanup batter Gail Harris on a called third strike and pinch hitter Gus Zernial on a fly to right field.

Detroit loaded the bases again in the eighth with only one out. Eddie Yost took over and got Eddie Voss to ground into a double play.

Bob Turley didn't need any help from the bullpen as he spun a two-hitter to get the Yankees away winging. Pete Runnels' double in the seventh and Vic Wertz' ninth inning single were the only hits Boston was able to get as Tom Brewer lost on an eight-hitter. Norm Siebern, sporting glasses for the first time, led the Yankee attack with three hits. His home run in the eighth snapped a 2-2 tie.

Phillips Fails To Clinch Title

The Webb AFB bowling lanes sizzled last week during Webb's Rock and Rollers League play. Needing only two games to clinch first place, Bruce Phillips 66 faked to meet the challenge. It was trounced 4-0, by second place Mike Hammer Mobile Homes. That puts Mike Hammer only 6 1/2 points behind, with only two matches left this season.

Cooley Shamrock defeated Christensen Boot Shop to the tune of 3 to 1. Jack's Grocery No. 3 downed Hamilton Flying Service, 3 to 1.

High team single game and series was earned by Cooley Shamrock when it toppled 883-2399. Next was Mike Hammer with 797-2342.

Next week, Bruce Phillips 66 is matched with Cooley Shamrock, Mike Hammer with Jack's Grocery, and Christensen Boot against Hamilton Flying.

Three keggers attained the 500 bracket. Cell Coes of Cooley Shamrock topped 217-551. Marie Pieckler of Mike Hammer got 210-511, while Vonna Negro, Hamilton Flying (who rolled the season high game of 236), downed 173-503.

The two free dinners donated by Carlos Restaurant were won by Marie Pieckler, by getting 62 pins over her average.

Ladies will roll at 7 p.m. the next two weeks, since the men have completed their season.

Splits were converted by: Janice Sursky, of Jack's Grocery, the 3-10 and 5-7; Vonna Negro, Hamilton Flying, the 3-10; Ruby Barton, Bruce 66, the 4-9, and the 4-7-9 by Jeannette Hayden of Mike Hammer.

Standings: Phillips 66, 27 1/2; Mike Hammer, 27 1/2; Cooley Shamrock Service, 26 1/2; Christensen Boot Shop, 26 1/2; Jack's Grocery No. 3, 25 1/2; Hamilton Flying Service, 25 1/2.

have made 13 extra base hits in three games.

The Dodgers, like the Giants, also overcame a 3-0 deficit. The Cubs got to starter Sandy Koufax for four of their eight hits in the third to score all their runs.

Los Angeles got two runs back in the fourth on rookie catcher Norm Sherry's two-run single. In the seventh, outfielder Don Demeter slammed a home run with Charley Neal on base to put the Dodgers in front 4-3. They added another run in the eighth on a double by Gil Hodges and Ron Fairly's single.

Johnny Klippstein, who permitted only one hit in three relief innings, was the winner although Clem Labine helped him with three scoreless innings.

Miss Rawls, who plays out of Spartanburg, S.C., and won the Lake Worth, Fla., and Columbus, Ga., opens on the winter tour, wound up with 215 for 54 holes to bag first money of \$997.50. She is the only player winning more than two tournaments.

Miss Suggs, the veteran from Sea Island, Ga., led the tournament through its first round with a 4-under-par 69. But yesterday she faltered to a 74 on the first 18 to allow Miss Rawls to overtake her with a 71. Then she soared to 78 on the final 18 while Miss Rawls was posting an easy par 73.

Miss Suggs won second money with 218 and was two strokes better than Marlene Bauer Hage of Pittsburgh, who wound up third with 220.

Mickey Wright had 224 for a tie for fourth place with Jo Ann Prentice of Birmingham and Joyce Ziske of Milwaukee and kept the blonde from Bonita, Calif., in the lead in money winnings for the year. Miss Wright has now taken down \$4,273.37.

Thirteen of the women on the tour stopped off at San Augustine, Tex., today for an 18-hole stroke test at the Fairway Farm and Hunt Club. But the others, including Miss Rawls, journeyed on to Dallas to start tuning up on the Glen Lakes Country Club course where the Civitan Open starts Thursday.

Miss Rawls was deadly with her short irons in making that garrison finish that pulled her from 2 strokes back to a 3-stroke victory. She fired 3 birdies and upped her bogey in actually wrapping up first money on the second 18 holes.

Rawls Triumphs In Tournament At Beaumont

BEAUMONT, Tex. (AP)—Betsy Rawls, the husky former Texan with the talented golf swing, led the women's tour in tournament victories today as the caravan headed toward Dallas and the \$10,000 Civitan Open.

Miss Rawls won the \$6,000 Babe Zaharias Open yesterday by overtaking Louise Suggs, another golfer seeking her third tournament victory.

Miss Rawls, who plays out of Spartanburg, S.C., and won the Lake Worth, Fla., and Columbus, Ga., opens on the winter tour, wound up with 215 for 54 holes to bag first money of \$997.50. She is the only player winning more than two tournaments.

Finsterwald Hangs On At Greensboro

By KEN ALYTA

GREENSBORO, N.C. (AP)—Golf's gypsies were on the 1,200-mile hike to Houston, Tex., today hoping to find some sunshine after a water-logged finish to the \$15,000 Greensboro open tournament Sunday.

Dow Finsterwald battled through the biting cold wind and rain with a finishing six-over-par 77 but good enough to clinch first money with a 278 total, six under par.

Finsterwald, 29-year-old PGA champion from Tequesta, Fla., had a four-stroke cushion starting the final round, thanks to earlier rounds of 68-68-65.

Art Wall Jr. of Pocono Manor, Pa., riding the year's hottest streak, closed with a 74 to finish second at 280.

Finsterwald won \$2,000 and a d Wall, who won the Wilmington, N.C., Azalea Open and the Masters at Augusta, Ga., the two previous weeks, picked up \$1,500. It brought to more than \$35,000 his earnings this year.

Sam Sneed of White Sulphur Springs, W.Va., gunning for his seventh Greensboro victory since 1938, finished with 70, the day's lowest score, for a 281 total and a third place tie with Bill Casper of Apple Valley, Calif. Each won \$1,100.

Sharing fifth place on 283 scores, worth \$816 each, were Tom Nieporo of Bronxville, N.Y.; Peter Thomson of Melbourne, Australia; and Billy Maxwell of Odessa, Tex.

Locked in an eighth place tie at 284 were Mike Fetick of Yorkers, N.Y., leader through the first two rounds; Frank Stranahan and Doug Ford, both playing from Paradise, Fla. Each won \$650.

Larry Beck, 1957 national junior champion from Kingston, N.C., was low amateur with 292.

The weather was the real story of the closing round. The temperature hovered about the mid-fifties all day, the rain never stopped and it was windy.

Finsterwald sounded a harsh note. He complained of what he termed gallery cheering when he made a bad shot or missed a putt. And he missed a few, taking three from the edge of the green seven times.

Dow, a PGA tournament committee member, declared he didn't mind the crowd rooting for Wall, a North Carolina favorite who went to Duke University, but he resented their cheering his own misfortunes.

Drobny Is Winner In Dallas Meet

DALLAS (AP)—Jaroslav Drobny of London held the championship of the Dallas Country Club Invitational Tennis Tournament today—and he did it with a couple of upsets.

Drobny first took out Bernard Barzen of Dallas, the No. 1 seeded player and defending champion, 5-7, 9-7, 6-4, then he trimmed Earl Buchholz of St. Louis 6-4, 6-0 in the finals.

18 Players Take Part In CC Play

Christene Coughlin and Alton Underwood teamed up to finish with low net in the scotch four-hole conducted at the Big Spring Country Club Sunday afternoon.

A cold wind reduced the entry list to 18 players. The next scotch foursome is scheduled for May 18.

Posting low gross in yesterday's meet was Carl Marcum and Mary McConkey.

Two teams tied for second low net. Mickey Marcum teamed with Eli McComb on one of the two-somes while Alta Lee Underwood paired with Weldon Bryant on the other.

World's Top Comics Agree On Pantomime
BY BOB THOMAS
Associated Press Movie-TV Writer

HOLLYWOOD (AP) — The big international news this week is the summit conference of the Big Three of comedy — France's Jacques Tati, England's Stan Laurel and America's Mack Sennett.

Their decision: the world needs more pantomime comedy.

The meeting came about because of a remark by Tati in an interview months ago. He said that if he ever went to Hollywood he would like to meet and pay homage to Laurel and Sennett. When the French comedy maker came to get an Oscar for "My Uncle" as the best foreign language film, I arranged the meeting.

It took place on the porch of the Garden Court Apartments, a block from Grauman's Chinese on Hollywood Boulevard. Sennett, who is recovering from a gallstone operation, has lived there for years. Stan, the thin, surviving member of the great Laurel and Hardy team, came in from his seaside home.

Said Tati in his near-perfect English: "I want to thank both of you for all of the pleasure you have given me over the years and all I have learned from you. You may not realize it, but in France, your films are still played every week. We have clubs that study and analyze your films. You are not forgotten."

Sennett and Laurel, both modest men, accepted the thanks humbly. Mack complimented Tati on his films and said he compared favorably to Charlie Chaplin, whom Sennett discovered. Laurel apologized for not having seen them because of ill health.

It was Laurel who got the biggest laugh. Mentally alert despite a stroke that paralyzed his left side, he commented about his future work: "I'm available, but only for statue roles."

There was much laughter at the meeting. Hollywood Boulevard rang with Laurel's great cackle, Sennett's booming guffaw and Tati's Gallic giggling.

They discussed their volume of work. Perfectionist Tati had made but four films, Laurel "a couple of hundred" Sennett 1,000—"but I started early." They talked and laughed for almost an hour, then parted, the two older men returning to retirement and Tati going back to France to continue his work for the pantomime art.

Celebrities Show Up For Opening

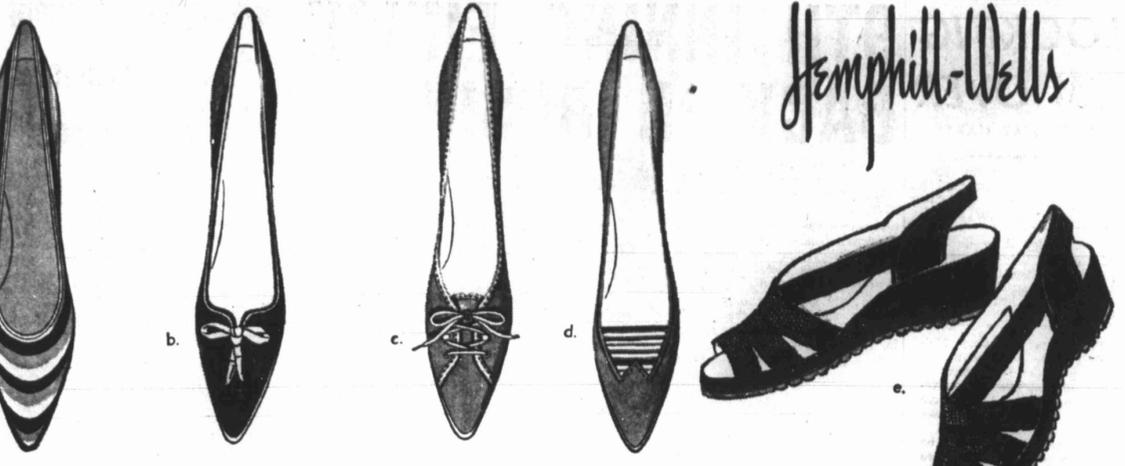

DALLAS (AP)—Phil Harris assured everybody that he never drank before cocktail time—even in Texas.

Faye Emerson said it was "great to be back home again" and reminded anybody who wanted to hear that she was a native of Beaumont and had a "lot of Dallas relatives."

James Garner, the television "Maverick," was the most sought after autographer and opined: "If I ever get tired of this, I'm in real trouble."

Lindsey, the youngest of Bing Crosby's oldest batch of boys at 21 said it was true he and his three oldest brothers were planning a song and comedy team, but "It'll still be tough to outpull Dad."

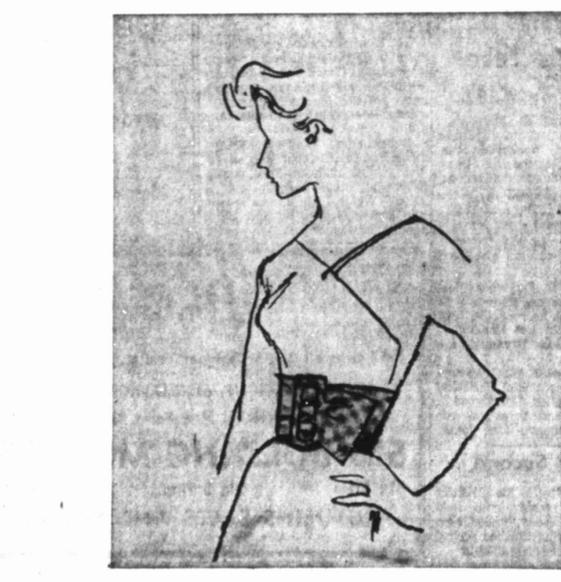

They were the hard core of a vast group of celebrities in Dallas yesterday and today for the grand opening of Dallas' newest hotel, the plush Sheraton-Dallas.

'Cheap' Labor No Texas Inducement

By The Associated Press

Industries move to Texas because, among other things, they expect to find a higher type of worker here, two authorities agreed this week in separate interviews.

A management representative and a union leader both said cheap labor is not an inducement.

Jerry Holleman, president of the Texas AFL-CIO, cited a University of Texas survey on why industries moved or expanded in the state. "Industries mentioned central location, supplies, labor skills, quality and education as being far more important than any differential between eastern and Texas wages," he said.

Ed Burris, executive vice president of the Texas Manufacturers Assn., was asked if conditions prevail wherein the South can offer cheap, non-union labor, both white and Negro.

He answered this way: "In my opinion, that situation never did exist in Texas. Cheap labor never has been one of the things we have offered. We think we have a better quality worker."

Asked if wage differentials between regions of the nation caused industries to move, Burris said, "I don't think so. Perhaps in some isolated instance. But Houston, for example, has one of the highest wage scales in the nation. The difference is not in wage scales but the quality of workers. The workers in Texas are not inclined to become agitators. They want and seek a peaceful working environment."

Union leaders reported earlier that 81 per cent of Texas' hourly workers do not belong to labor unions, but the 19 per cent organized shows a 2 per cent increase over two years ago.

Said Holleman: "Generally speaking, throughout the state, any new industry is organized.

Small industries with a few employees are not necessarily organized in the beginning, but industries of any size are organized immediately. The exception is perhaps in Northeast Texas in the Longview-Marshall area."

He said that until a few months ago, little effort had been made to organize service and retail workers, but "as time goes on, more organization will be done."

A major drive, for instance, is under way among Sears-Roebuck workers.

But Burris saw little change in the union organizing picture. "They have made some progress," he said, "but it is evident the growth has slowed down considerably. The growth would not have been as fast had there been proper controls over union activities so as to protect the rights of individuals who did not desire to join unions."

At a recent state organizing conference in Dallas, some union leaders appeared disappointed.

After the sessions, one said, "We got a lot of good pointers about how to organize, but there were no signs anything big is being planned for this area."

The two men differed somewhat on whether persons are leaving the farm to go into the industrial labor pool.

Burris pointed out that farm and ranch workers declined from 639,266 in 1940 to 390,110 in 1957. Meanwhile, industrial employment increased from 210,831 to 547,100 in the same period and oil and gas drilling and exploration climbed from 61,412 to 121,000.

But Holleman has a somewhat different view.

"Farm labor is attracted only by the economic condition of the individual farmer rather than by any lure of industrial employment," the labor leader said.

This picture was received in New York by the Eastfoto agency, which distributes pictures from Red China and some other Communist countries. The caption with the picture, noting it came from the China Photo Service in Peking, said it showed "citizens in Lhasa gathered in front of the Potola Palace listening to a staff member of the Military Control Committee in Lhasa explaining the state council order on the putting down of the rebellion in Tibet and dissolving of the Tibet local government that engineered the rebellion." The Dalai Lama, now in India, formerly lived in the palace.

Security Forces Guard Governor

RICHMOND, Va. (AP)—Police today maintained an unprecedented security vigil about Virginia's governor after a reported attempt on his life.

Gov. J. Lindsay Almond Jr. was shot at Friday, officers said, as he walked near the executive mansion en route to the Capitol. Capitol police doubled their guard at the mansion. State and Richmond city police promised closer surveillance of the Capitol grounds.

"I hate to see more security around here, but I guess I should take the advice of the police authorities," Almond said.

The Virginia governor recently has been the target of abuse and threats from anonymous telephone callers and letter writers who accuse him of selling out in the school segregation issue.

White Stores Now Listed On The Big Board

NEW YORK — White Stores, Inc., with general offices in Wichita Falls, Texas, today was listed on the New York Stock Exchange. The company becomes the first retail organization, with headquarters in the state of Texas, to be listed on that Exchange.

Attending the listing ceremony at the start of today's trading were W. Erle White, president, and G. Keith Funston, president of the Stock Exchange.

In a statement, White said: "Among those who will benefit most by this step are the many White Stores shareowners and other investors throughout the country who will now have the nation's largest central market place in which to buy and sell shares in the company." Until today,

White Stores has been traded on the American Stock Exchange.

Funston, in a statement welcoming White Stores to the Exchange, noted that the history of its progress is typical of many companies on the Exchange whose growth, from modest beginnings, has traced the industrial growth of the United States itself.

Funston added that, in order to qualify for listing, the Wichita Falls company fulfilled a series of strict Exchange requirements. About 100 companies a year inquire about the terms of listing on the Exchange. On the average, only thirty-five qualify.

Basic requirements are that a company should have a demonstrated earning capacity, after taxes, of one million dollars a year, tangible assets of more than eight million dollars, and at least 400,000 common shares outstanding among not less than 1,500 shareholders.

White Stores, Inc. reported net earnings, in 1958, of \$2,070,361. The company has 912,857 common shares outstanding, held by some 2,300 shareowners.

White's, one of the largest re-

tailers in the Southwest, began in a small, 12½ x 60-foot store in Clinton, Oklahoma, in 1930. From this beginning, it has grown to an organization of sixty-seven company-owned stores and 200 authorized dealer stores, located in six states.

Pigeons Provide Heart Disease Clue

ATLANTIC CITY, N.J. (AP) — Pigeons may provide new and valuable aid in the quest to solve the riddle of a major cause of heart disease, a group of North Carolina scientists reported today.

Dr. T. B. Clarkson and three associates of Bowman Gray School of Medicine, Winston-Salem, reported they had discovered at least one variety of pigeons fulfilling a long and hitherto fruitless search by science for "an inexpensive and readily available animal with spontaneous atherosclerosis."

Atherosclerosis, which gets part of its name from the Greek word athero, meaning porridge, is a condition in which a mushy material accumulates on the inner lining of blood vessels, thus narrowing the passageways for blood.

The condition is the cause of coronary heart attacks and cerebral strokes in man. The search for its specific origin and for means to prevent it constitutes one of the great efforts of medical science.

In laboratory research, scientists have reproduced it artificially in a number of animal species. But the ideal laboratory subject is an animal which gets the disease naturally. The few animals that do so have been expensive or difficult to procure, thus hindering research, the North Carolina doctors said.

They told about the pigeon find in a scientific exhibit prepared for the opening of the 43rd annual meeting of the Federation of American Societies for Experimental Biology.

Researchers H. B. Lofland, R. W. Prichard and M. G. Netsky were the other three authors of the report.

They said they examined two breeds of pigeons—one called the "White Carneau," the other called "Show Racer."

Both breeds were kept under identical conditions of diet, physical activity and housing and, after a period of time, were sacrificed and studied for evidence of atherosclerosis.

The "White Carneaus" had it, and the abnormalities disclosed in the blood vessels were "strikingly similar to those of human beings." None of the other breed had it.

"The difference between the two breeds appears unrelated to sex, diet, age or physical activity," the doctors reported, adding that it is possible the development of the condition in the "White Carneaus" may be related in part to genetic factors.

Biochemical studies of the pigeon disease—including its mode and rate of development, the effects of diet and interbreeding and a search for means of prevention—are now under way.

Dorothy, Doomed Circus Elephant, Gets A Reprieve

HUGO, Okla. (AP) — Zoo officials will bring Dorothy, the once-doomed circus elephant, back alive to Tulsa this month.

Director Hugh Davis of Tulsa's Mohawk Zoo said the man-killing elephant will be taken from here to her new home April 22.

Davis said Dorothy will be used strictly for exhibition, "although she is an expert performer."

It was two faulty performances which caused her present owner, circus owner Jack Moore, to order her execution.

Moore purchased Dorothy from another circus after she performed a headstand on her trainer, crushing him to death.

He thought he could rehabilitate the elephant, but two weeks ago she repeated her stunt on another trainer. He was injured.

Moore set the execution date for Sunday. A storm of protest followed. So did Davis, who came to Hugo to find out if he could have Dorothy for the zoo. Moore agreed.

Davis said his elephant trainer "says she might straighten up and become a perfect lady."

But they'll take no chances.

Her first 60 days in Tulsa, Davis said, the elephant would be shackled inside the elephant building. With the completion of a

moat around the building, she'll be unchained.

"We've saved Dorothy's life at no cost to the city," Davis said. "She's a beautiful elephant and will be used only for exhibit."

The cost of shipping Dorothy to Tulsa will be paid by Tulsa radio station manager Bob Hoth, who suggested to Davis the zoo might obtain the doomed elephant.

"Everybody is very happy about the ending to this," said Hoth.

Coahoma Woman Praises New Medicine

To my Friends and Loved Ones:

This is my first time to write a testimonial about any kind of medicine, but this R-12 has helped me so much that I want to tell others who suffer from that dreadful thing called rheumatism.

I had it, rheumatism, arthritis or lumbago, or whatever you call it all over my body. It would be in my right shoulder then jump to my back or hip. It seemed that it would play around over my body. It has been in my toes, eyes and teeth. I would have to go to bed and quit, but not often as I am a mother of five children. I have been in hospitals and have gone to Mineral Wells and Marlin, Texas.

R-12 was recommended to me by a neighbor and I took three bottles. I got relief in less than two hours after the first dose. That has been ten months ago and I have not had one ounce of trouble since then. I want you to try just one bottle if you have suffered as I have.

I have written this letter with my own free will and no one has paid me one cent for it. You may use it as you wish for advertising purposes.

Actor Clobbered, Charges Are Filed

GARDEN GROVE, Calif. (AP) When actor Lash LaRue hit his wife during a domestic argument she picked up the telephone, police report.

But she didn't call anyone. She socked him with it.

Then, officers said, LaRue's sister-in-law, Mrs. J. M. Osborn, clobbered him with a mop.

After five stitches were taken in his scalp, LaRue was booked on suspicion of assault, battery and disturbing the peace Sunday. The complaint was signed by his wife, Fiedie, and Mrs. Osborn.

What started the argument at the home of friends was not disclosed.

D&D Members Visit Lake Oil Wells, Other Facilities

A dozen members of the Big Spring Desk & Derrick Club Saturday got a look at oil production from underwater wells, and inspected a water-injection well in a repressuring project.

Carl Campbell To Present Scouting Prize To Grandson

Carl Campbell of Big Spring, district scout commissioner, will participate in a Boy Scout Court of Honor for the St. Louis, Mo., Council next week.

Campbell has been called to St. Louis to present the Eagle badge to his grandson, Cory Campbell. The presentation will take place on the 25th anniversary of the awarding of Eagle badges to Carl Campbell's three sons, Carl, Gene and Don.

The three brothers were the first ever to receive the award simultaneously. Mr. and Mrs. Campbell are spending this week in Wichita, Kans., with Mr. and Mrs. W. K. Jackson, former Big Spring residents. They will go to St. Louis to spend next week visiting the Carl N. Campbells and participating in the Scout activities.

Ref. more than 6,000 feet below the lake's surface. The group then visited a Shell tank battery to see oil and water separation operations, and followed the water to the reef through a Magnolia injection well.

CRMWD officials, including O. H. Ivie, T. C. Richardson and Mrs. Johnny Stewart, accompanied the group on the lake trip, which was made aboard the water district's big barge.

DWI Charge Goes To Trial Before Jury

Shellee Gregory Jr., charged with DWI, was the first defendant to face trial in Howard County Court when a jury docket opened Monday. A jury was selected and testimony was begun in the case.

Most of the 17 cases scheduled for disposition this week were announced ready when Judge Ed Carpenter called the docket at 10 a.m. Eighteen of the 30 jurors called for service in the court reported present.

Possibility of a continuance was indicated in four of the cases. Some of these may come to trial, however.

The jury trials will continue before the court through Friday. It is planned to dispose of at least one case a day.

All of the defendants were represented by attorneys with the exception of Tommy Rupard. Rupard, facing a charge of writing a worthless check, told Judge Carpenter that he would be his own attorney and that he would be ready for trial when his case is called.

Local Group Wins Sports Festival At 'Y' Conference

The Big Spring delegation won the sports festival at the spring conference of West Texas district YMCA clubs which ended Sunday in Wichita Falls.

Two of the local clubs, Kappa Xi and Chi Rho Tri-Hi-Y groups, received AA honor ratings and another, Sophomore Hi-Y, received an A rating.

In the sports festival, Big Spring winners included Bill French, ping pong; a Sophomore Hi-Y club team captained by Johnny Freeman, swimming; and a girls' team led by Judy Carson, bowling.

Big Spring discussion leaders at the meeting were Judy Pearce, James Howard Stephens, Freda Bonifield and Jane Cowper. Mrs. C. E. Thomas Jr. and Mrs. Curtis Driver served in adult capacities.

Big Spring conducted the recitation service Saturday night.

GOP Makes A Change

Sen. Thruson Morton of Kentucky, left, gets together with Meade Alcorn of Connecticut after Republican meeting in Washington elected Morton national chairman. Alcorn is the retiring chairman.

'Sonic Booms' Evidence That U.S. Equipped For Defense

Big Springers occasionally are treated to the resounding rumble of a sonic boom but their attitude toward the phenomenon is more one of interest than of indignation.

This is not the case in some centers where jets keep up a fairly constant bombardment of these awesome explosions. Out in San Francisco, for example, residents became so exasperated by sonic booms that three consecutive days they filed a vigorous protest with the authorities.

And apparently all they got for their pains was the advice to learn to live with the problem—it will get worse.

Webb Air Force Base officials note that the noise factor created by highspeed jets has not built up to a problem. They credit this in part to the tolerance and understanding of Big Spring folk, to the relatively limited number of supersonic aircraft operating off the field at this time and because Webb tries, as best it can, to route such traffic as far from town as possible.

However, officials at the base observe that more and more Air Force and Navy aircraft are becoming supersonic. This means the number of such planes will

steadily increase as time passes. And even now it is a possibility, any day or night, that one of these modern speedsters may "bust" a boom over town.

If this happens, Webb hopes that the Big Spring residents won't get as excited as did the folk around Amarillo recently or as indignant as the group in San Francisco. After all, the officials say, there is nothing that can be done about it. If we have supersonic planes—which we must have for proper national defense—we will have sonic booms. Science is helpless in any effort to muffle these blasts.

Further, it can be observed that the sound of a sonic boom should be assuring in one sense—it means the U. S. is keeping pace with the ever broadening demand for higher and higher speeds.

From a scientific standpoint a sonic boom is an intense pressure wave of sound, very comparable to a thunderclap during a storm. It is also similar to a shock wave of sound from a dynamite explosion. It occurs when an aircraft passes through the speed of sound. In the future, it will become increasingly more common; no additional restrictions can be imposed on aircraft to reduce the sonic boom possibility without handicapping the Air Force or Navy in the job of defending the nation.

The public, the military said, should learn to live with sonic booms and should learn that they are more startling than they are dangerous.

In simplified terms, when an airplane passes the speed of sound, a shock wave forms like a cone around the craft. This cone can be likened to a funnel going through the air with the plane at its pointed end.

The military has made careful and thorough research and has found that while the sonic boom has great force as a sound, it has relatively little power to do actual

physical damage to walls, windows or structures.

The Air Force, for example, set up structures and dragged sonic booms across these structures to see what happened. It was found that if there was tension in the structures, coming from twisted door frames or improperly installed windows or brick walls which were sagging then the sonic boom might provide enough extra pressure to cause damage.

But if the house was of normal construction required by building codes very rarely was any damage shown as a result of repeated booms striking the building.

Most supersonic flights are restricted to extremely high altitudes and this diminishes the chances that the full force of the boom will be felt on the ground.

The rumble of thunder is a commonplace and accepted part of nature's show. The American people have learned long since to tolerate and accept the noise of steam and automobiles.

Now, it seems, the only sensible attitude to take toward sonic booms is to learn to accept them as a necessary function in the defense of this nation.

Felony Assault Charge Filed

Travis Raughton, 44, an Air Force sergeant, has been charged with assault with intent to commit rape on a 12-year-old Big Spring girl.

Bond was set in his case at \$5,000 by Jess Slaughter, justice of the peace. Raughton posted bond and has been released from custody. The case will be taken before the grand jury when it convenes on April 20.

Fern Cox, chief deputy sheriff, said that he questioned the defendant at length about the case after the alleged victim of the attack attempted had a detailed statement about the incident.

\$38 Stolen From Man's Clothing

Where Albert Rodriguez made his mistake Sunday was taking off his trousers when he went to bed. While they were off, someone took his money.

Rodriguez, who resides at 309 N. Scurry, told the police that someone broke into his room and got \$38 from his trousers.

Also Sunday, Steve Malbondo, 300 NW 8th, told the police that two hub caps were taken from his car.

R. L. Franks lost a tool box from his residence on the Old San Angelo highway.

Lenorah Woman Hurt In Mishap

Mrs. J. P. Stewart of Lenorah is being treated at Malone & Hogan Hospital today after being involved in an accident at Tarzan Sunday night.

She was reported to be improving today, however. No fractures were indicated. Also hospitalized Sunday night were Mr. and Mrs. W. B. Blanchard of Frankel City, but they were dismissed this morning.

Details of the accident could not be ascertained today.

W. O. Martin Dies Saturday, Rites Are Set

William Oscar Martin, 78, owner and operator of the Elm Courts, 1226 W. 3rd, died unexpectedly Saturday night in his home at the motel.

Victim of a heart ailment, he had been in failing health for about two years. He was stricken fatally about 11:30 p.m. Saturday as he prepared to retire for the night.

Funeral services were to be held at 4 p.m. today in the Nalley-Pickle Chapel with Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, officiating. The body will be taken to Llano Tuesday for rites at 3 p.m. in the Waldrop Funeral Chapel. Dr. Lloyd will officiate there, and interment will be in Llano Cemetery.

Mr. Martin was born Sept. 3, 1880, in Lavaca County. While a small boy, he moved with his parents to Llano, and at the age of 17 he set out to work as a cowboy in New Mexico, Ariz.

He and Mary Roberts were married in San Antonio on Feb. 24, 1923. They moved to Big Spring from Arizona in 1933. Mr. Martin became a member of the First Presbyterian Church here two weeks ago, on Easter Sunday.

Survivors include Mrs. Martin, a granddaughter, Mariann Williams who has been reared by the Martins; one brother, Ray Martin of Llano; and three sisters, Mrs. Emil D. Jost of Houston, Mrs. Mary Freeman of Llano, and Mrs. Roy Huffman of Brady.

Steve Ford Dies In Fort Worth

A former Big Spring, Stephen Dudley (Steve) Ford, died Sunday morning in Fort Worth, apparently the victim of a heart attack. Death occurred at his home 1301 Virginia Place.

Funeral services will be held at 11 a.m. Tuesday at the Broadway Baptist Church, of which he was a member, and burial will be in the Greenwood Cemetery.

Mr. Ford, 68, had resided in Fort Worth prior to World War I, then came to Big Spring, and for several years was with the West Texas National Bank here. He later joined the State National Bank for a time, before going into the oil business. He returned to Fort Worth in 1937.

He was an independent oil operator, and also had charge of the land department for Lone Star Steel Co. He was a member of the Independent Petroleum Assn. of America, held a life membership in the Elks, and was a past master of a Masonic order in Big Spring. He was a graduate of Baylor University.

He is survived by his wife; two sons, S. D. Ford of Hastings, Neb., and J. D. Ford of Wichita Falls; one daughter, Mrs. Luther C. Turman; four sisters, nine grandchildren and one great-grandchild.

Junior Red Cross Chooses Officers

LAMESA — The Dawson-Borden Chapter of the Junior Red Cross elected officers for the coming year at a regular meeting Friday.

Lee A. McCallister Jr. of Blackshear was named president; Vickie Wilson, Lamesa junior high, vice president; Diane Kron, Lamesa junior high, secretary; Donna Kay Taylor, junior high, treasurer; and Beatrice Anderson of Blackshear, reporter.

Plans were also completed for the Teacher Appreciation Day activities to be staged April 17 in the Junior High Cafeteria. Musical and dance numbers comprised the program for the afternoon meeting.

Bands Win Two Superior Ratings

Two Big Spring school bands received Class I (superior) and Class II (excellent) ratings in district contests at Odessa last weekend.

Both the Big Spring High School and Goliad Junior High bands rated I on sight reading, and II on concert playing. Runnels Junior High's band was graded III (average) in both categories.

The high school band will leave April 29 for Enid, Okla., to compete in the annual Tri-State Music Festival.

Cat Saves Dog

HOUSTON, Tex. (AP)—Nobody knows how Buttons knew about it, but Buttons—just a plain alley cat—saved Renee's life.

Renee is a poodle, six months old. Buttons made enough noise Saturday night to awaken Mr. and Mrs. Fred Bradford and lead them to Renee, recuperating in a back room from a tonsillotomy.

Renee, who had bitten into a live electrical extension cord, was unconscious. Bradford gave artificial respiration. Mrs. Bradford called the Harris County Emergency Corps.

By the time corpsmen arrived, Renee was doing fine.

Bolshoi Makes Debut Thursday

NEW YORK (AP)—The famed Bolshoi Ballet makes its long awaited American debut Thursday night in the Metropolitan Opera House.

The Soviet company will open a 10-week stay in America with "Romeo and Juliet," starring its prima ballerina, the legendary Galina Ulanova. The repertory includes "Stone Flower." She has not danced outside the Soviet Union before.

Tickets for opening night have a \$50 top, for other nights, \$15. Advance sales were phenomenally high. When the box office opened, after mail applications had been handled, there were 1,000 potential patrons in line with hardly enough seats left to take care even of them.

The company will play in Toronto and Montreal, and Los Angeles and San Francisco.

Besides "Romeo and Juliet" and "Stone Flower," the repertory includes "Giselle" and "Swan Lake" and two highlights programs, one of them featuring a section from "Spartacus." The second of these special programs is for newly scheduled Madison Square Garden appearances in May for the benefit of ballet lovers who couldn't get into the Met.

Truckers Warned On Mud Flap Law

AUSTIN (AP)—Truck drivers have been warned that it now is illegal to operate dual-wheeled vehicles without mud flaps to protect drivers of other vehicles from flying rocks.

Homer Garrison, state police director, said the law which went into effect April 2 formerly applied only when the pavement was wet. The Legislature amended it to apply in all weather because of legal difficulties in determining when the flaps had to be added.

BLADDER WEAKNESS
If you're having "bladder weakness" (getting up 10-15 times or bed wetting, too frequent urination or feeling irritation), Secondary Backache and Nervousness, or Urine Smelling, Cloudy Urine, due to common Ectopic and Bladder Irritation, try OTCREK for quick help. Safe for young and old. Ask dr. or pharmacist for OTCREK. See how fast you improve.

WHEN IT'S TIME TO MOVE
Here's a good place to stop... at our storage company. We store your furniture, rugs and glassware at moderate cost. Fireproof storage, of course.

NOTICE

We Have Had Numerous Inquiries

About The G.I. Special Assistance Program

This program has no effect on G.I. Eligibility for home loans, but is an aid to the builder in making mortgage money more readily available.

The G.I. Eligibility for World War II Veterans expires July, 1960, unless another extension is granted.

The Korean War Veterans G.I. Bill is in effect indefinitely.

The Interest Rate Is 4 3/4% On Our Special Assistance Homes - The Interest Rate Will Probably Go Up May 1st.

Why are you so sure
that trading stamp
stores give
greater total value?

The U.S. Government says so!
And don't forget, Sue, you get low
prices plus S. & H. Green Stamps
at PIGGLY WIGGLY

A survey conducted by the Agricultural Marketing Service said that buyers who take the time and trouble to save the stamps save money. They said they realize a 1.4% profit. Another survey released by the Sperry & Hutchinson Co. showed that SEVEN OUT OF EVERY TEN U.S. FAMILIES now save trading stamps and in past years have received some \$500 million worth of premiums. We invite you to take advantage of these savings too by saving S&H Green Stamps while you shop our every-day low prices. Double stamps every Wednesday, with \$2.50 purchase or more.
