House Defeats Sales Tax, Wrecks Spending Measure

Revenue Down To \$73 Million

AUSTIN (AP)—The House defeated, 123-23, today the first so-called general sales tax plan offered it on a direct vote. The House to-day slashed another 42 million dollars from the proposed major tax bill (HB727).

JAPANESE LIKE THEMSELVES—DON'T WE ALL?

TOKYO (AP)—Japanese think they are the most outstanding people in the world. They rate Germans second, Americans third and British fourth.

Lamesa Accepts Bank Presidency At Sweetwater

LAMESA — J. C. Powell Jr., director and vice president of the First National Bank, Lamesa, will become president of the National Bank of Sweetwater Monday.

Chiefs Organize, Elect C. L. Rogers

Wednesday's meeting here of a group of police chiefs of this area brought about organization of a West Texas Chapter of the Texas Police Chiefs Assn.

Blast Levels Chemical Plant

KANSAS CITY, Kan. (AP)—An explosion leveled a block-long, one-story building of the Thompson-Hayward Chemical Co., plant today.

Prisoners Talk With Hostages

Two escaped San Quentin prisoners, facing camera, talk with their woman hostage, Mrs. Louise Gschwend, long coat and intermediary, Douglas Harrison, in checkered shirt, as they stand at the end of a fishing pier after their escape.

CURB ON BOSSES

Labor Bill Of Rights Approved By Senate

WASHINGTON (AP)—Their 47-46 victory in adding a major provision to the Kennedy labor bill strengthened today the drive of senators seeking further restrictions on the power of union leaders.

The amendment apparently would have been defeated if all of the Democratic votes had been on hand. Five senators were missing.

B47 Drones To Test U.S. Air Defenses

By ALTON BLAKESLEE Associated Press Science Writer MARIETTA, Ga. (AP) — The time is late summer 1959.

The Senate takes up today an amendment by Sen. Barry Goldwater (R-Ariz.) designed to assure that such labor groups as Teamsters Union conferences are covered by provisions of the bill.

The amendment adopted Wednesday was sponsored by Sen. John L. McClellan (D-Ark.), who called it a bill of rights for labor.

The project will include 1,000 feet of stabilized overrun for the main alert runway, replacement of 1,000 feet of concrete runway, 2,000 feet of runway overrun for the auxiliary field near Colorado City, and 3,370 feet of taxiways and aprons.

The construction will require 28,000 cubic yards of flexible base. Some 75,500 cubic yards of excavation will be necessary.

Bids were to be opened in the district offices of the Corps of Engineers, Fort Worth.

Castro Death Plot Bared

NEW YORK (AP)—Aides told police today of a possible plot to assassinate Cuban Prime Minister Fidel Castro while he is in the United States.

The aides said they told the police the plot might be put into effect by "five brothers y ards in a dirty gray Cadillac with Michigan plates" and "a sixth man driving a 1947 black Chevrolet with Florida plates."

Police headquarters transmitted the report to every precinct in the city, and directed all members of the police force to be on the lookout for such cars.

Union Veterans' Descendants Plan 'Dixie' For Rebel

WASHINGTON (AP)—Descendants of Union army veterans will give a special performance of "Dixie" for Walter W. Williams, the last of the Confederate veterans.

Williams, now 116 years old, wants to hear again before he dies the rollicking, tingling tune that still can bring tears to a loyal Southerner's eyes.

Rep. Robert W. Levering (D-Ohio) said today that, in response to Williams' invitation, the Sons of Union Veterans Five and Drum Corps of Mount Vernon, Ohio, will play for him.

It is a drone, automatically controlled, the biggest plane yet designed this way to give realistic combat-type training for America's air defense system.

The plane is a B47, powered by six jet engines, weighing 10 tons loaded, flying 600 miles an hour, ranging 3,000 miles, nonstop. It can fly as high and fast as Soviet medium bombers.

Two of the swept-wing B47s are getting the finishing touches of the complex guidance and control systems here at Lockheed Aircraft Corp's Georgia Division so they can take off, maneuver and land again untouched by human hands.

After flight tests, the drones are expected by late summer to be making surprise probes of radar detection systems and missile defenses.

The drones could try, if desired, to seek soft spots in defense systems such as the Dowline and SAGE, and test the quickness and aim of missile crews operating the Nike-Hercules or Bomarc or other defenses fired either from the ground or from defending airplanes.

The swift ships, controlled by radar or radio from the ground or by a mother ship, can make it tough for defenders.

For they will be equipped to jam some ground radar and electronic firing systems, or spread metallic chaff to confuse radar sightings and trackings.

One plan presumably is to aim defending rockets for near misses intentionally, rather than to score direct hits. That's easier on the budget.

But actual knockdowns could be in the cards. And the drones will be rigged for blowup on command if they get dangerously out of control over cities.

Cameras and electronic devices in the drones can record how accurate the defensive aim was as a missile sails on, explain D. J. Morrissey and A. D. Brown, chief systems engineers.

Williams identified the missing as Jim Lewis and a man he could identify only as "Evans." He doubted they could have survived the blast.

Cause of the explosion was not determined immediately. For a time the downtown area was covered by a cloud of dense smoke carried by a strong wind.

Venice May Give In To Automobile

VENICE, Italy (AP)—This city of canals and gondolas is thinking of making a concession to the automobile.

The proposal is for a four-mile automobile tunnel running to the Lido Beach from the Venice end of a causeway now linking the mainland to the city.

Weird—But Individual

This "weirdie" is Heather Downham, dressed in the latest fashion of the Chelsea set, London's Bohemian crowd. She wears a three-quarter black wool coat, short leopard print skirt, black tights and spike-heeled shoes.

Citizens To Honor Ex-Mayor Tonight

Big Spring will pay its respects to Mr. and Mrs. G. W. Dabney tonight at an appreciation dinner for the former mayor.

About 300 persons are expected for the event which starts at 7:30 p.m. in the Dora Roberts SUB at Howard County Junior College.

Five men who have been associated with Dabney for many years will voice appreciation for his services to the community. The former mayor stepped down early this month after 14 years on the City Commission, most of the time as mayor.

The speakers will be L. C. Porter, Dallas, vice president of the T&P Railway Co., Dabney's employer; Steve Matthews, Austin,

executive vice president of the Texas Municipal League; the Rev. Clyde Nichols, pastor of the First Christian Church, of which Mr. and Mrs. Dabney are members; Ward Hall, representing former City Commission members; and Mayor Lee Rogers, representing the present City Commission.

Entertainment will be provided by the HCJC Choir, directed by Ira Schantz and accompanied by Jack Hendrix, Master of ceremonies will be R. W. Whipkey, publisher of The Herald.

The dinner will be served by the Newsom Catering Service. Arrangements are being made to feed 300, on the basis of advance ticket sales for the affair. Tickets will be available at the SUB tonight.

Charles Dunagan Is New Student Prexy

Charles Dunagan was elected president of the Big Spring High School student body this morning, defeating Bill Engle by a vote of 412-115.

Run-offs will be required in the races for vice president and secretary.

Five cheerleaders were elected—Shirley Terry, Celia Grant and Kay McGibbon from the junior class and Modesta Simpson and Mary Read from the sophomore class.

In the run-off for vice president will be Kay Crowover, who polled 131 votes; Gordon Dickinson, 125;

and Sherry Lurting, 99. Other candidates and their votes were Modesta Simpson, 75; Linda Leonard, 64; and Cleo Thomas, 37.

Run-off for secretary will be among Carol Phillips, 205 votes; Gloria Coker, 94; and Jeanne Hammond, 88. Candidates who were eliminated were Judy Perdue, 37 votes, and Linda Lewis, 29.

In the junior cheerleader race, vote tabulations included: Marilyn Bigham, 135; Malinda Crocker, 250; Julia Flynn, 18; Celia Grant, 334; Kay McGibbon, 251; Bobby Newman, 4; Judi Simpson, 166; and Shirley Terry, 393. A recount was made before Miss McGibbon was certified as the winner over Miss Crocker by one vote.

Sophomore cheerleading voting: Judy Foster, 95; Charlotte Nobles, 25; Malinda Ray, 25; Mary Read, 292; Modesta Simpson, 364; Cleo Thomas, 87; Doyle Wadkins, 160; and Mary Walker, 35.

Three amendments to the student charter were approved by substantial majorities.

Texans Vote

WASHINGTON (AP) — Sens. Lyndon B. Johnson and Ralph Yarborough, Texas Democrats, voted against a bill of rights amendment to the Kennedy Labor Bill last night. The amendment by Sen. John L. McClellan (D-Ark.) was adopted 47-46.

Trustees, Superintendent For New Sands School Are Chosen

ACKERLY (SC) — Newly created Sands Independent School District named a seven-man board to serve for one year and elected a superintendent at its organizational meeting here last night.

The Sands board and the new school resulted from the recent consolidation of the Ackery and Knott Independent School Districts. A new school plant, located equidistant between the two communities, is to be constructed to serve the district, provided funds are voted.

By agreement, Knott has four members on the new board and Ackery three. Under the law, Ackery as the district with the larg-

est scholastic census under the law was entitled to the legal board but by gentlemen's agreement, the combined board with four from Knott and three from Ackery was created.

The Knott trustees are Harvey Adams, Robert Brown, Mrs. Mary Thomas and W. C. Fryar.

Those from Ackery are Bill Hambrick, Don Flemming and Tommy Horton.

Hambrick was named as president of the new board; Adams as vice president and Mrs. Thomas as secretary.

Hundreds of patrolmen and detectives already are protecting Castro during his stay here. There was no immediate indication whether more were being assigned to the guard.

The new board did not set a date for the bond election nor go into any phase of this problem at its meeting Wednesday night. Another meeting will probably be held in a week, it was indicated.

The Knott trustees are Harvey Adams, Robert Brown, Mrs. Mary Thomas and W. C. Fryar. Those from Ackery are Bill Hambrick, Don Flemming and Tommy Horton.

DEAR ABBY

STOP IT NOW

By ABIGAIL VAN BUREN

DEAR ABBY: A neighbor of mine asked me to keep her two-year-old child while she went on a trip to "see her sick mother" she said. When she got back she never mentioned her mother but told me how much fun she had with a soldier she met there. She gave this soldier MY name and address and now letters are coming addressed to me on the outside but when you open the envelope there is another one inside, sealed and addressed to her. I have no intention of helping a married woman carry on an affair like this. How can I keep out of it?

NO GO-BETWEEN
DEAR NO GO: Tell your neighbor that you want no part of this monkey business and if any more letters come for her, addressed to you, you'll return them to the sender.

talk my mother into it yet but if he waited until tomorrow I would have the answer for him. In the meantime, my girlfriend called me up and told me to hurry up and get permission because she had a chance to go steady with another guy, but she promised her old boyfriend she wouldn't leave him with nobody. I can't get my mother's permission to go steady and my girlfriend wants to change steady, so what am I supposed to do?

IN THE MIDDLE
DEAR IN: Tell your girlfriend if she wants to change steady to go ahead but she has no right promising her old boyfriend a new girlfriend and asking you to be it.

DEAR ABBY: Why is it that every time you pick up a magazine or a newspaper there is an article or an ad telling you how to reduce but you never see anything about how to gain weight? I am five feet three and weigh a hundred pounds. I am so skinny you can see my ribs. Have you any suggestions as to how I can gain?

SKINNY
DEAR SKINNY: The only sensible way to gain weight is to go to a doctor and let him give you a high-calorie diet.

CONFIDENTIAL TO SEVENTEEN AND TWENTY: You were married "JUNG" and easily "FREUDEN" . . . now make the best of it.

Are you as popular as you want to be? Get ABBY's booklet, "What Every Teen-ager Wants to Know." Send 25 cents and a large, self-addressed, stamped envelope to ABBY in care of The Big Spring Herald.

For a personal reply, write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

DEAR ABBY: Can you hold a man responsible for what he says on his wedding night? My husband made all sorts of promises to me and never kept any of them. The minor ones like taking over the payments on my car did not hurt me so much, but he said he would never love anyone else but me, and he's been seen all over town with other girls. Can you help me?

MARRIED SEVEN MONTHS
DEAR MARRIED: More important than what he "said" on his WEDDING NIGHT are the vows he took on his WEDDING DAY. You can hold him responsible, but you'd better start thinking seriously about how you can hold him, period.

DEAR ABBY: My best girlfriend and her boyfriend broke up after school at 3:30 and at 4:00 o'clock he asked me to go steady. I told him I would have to ask my mother and he should call me after supper. He called me at 7:00 p.m. and I told him I couldn't

Experts Expand Limit Theory On Radiation

WASHINGTON (AP) — A committee of radiation experts says it believes the human body can safely tolerate twice the amount of radioactive strontium previously thought permissible.

The report came Wednesday from the National Committee on Radiation Protection and Measurement, a group of experts in the field.

The committee has no official status, but its recommendations have been followed by the Atomic Energy Commission and the U.S. Public Health Service.

The new report raised the recommended permissible values for some radioactive materials, lessened values for others and left some unchanged.

A big reduction was recommended for cesium-137, the second most feared product of nuclear fallout.

It was made clear that the new recommendations will in no way change the maximum permissible dose of radiation from all sources which the committee recommended in 1957.

The committee recommendations would mean a 20 per cent upward revision in the amount of strontium deemed permissible in milk.

Radioactive strontium is the most feared constituent of fallout from nuclear bomb explosions because it could cause bone cancer if present in the body in sufficient amounts.

5 Convicts Hold 15 Hostages In Abortive Prison Revolt

CONCORD, Mass. (AP) — Five convicts seized 15 hostages and staged a desperate revolt Wednesday night at Concord Reformatory, housing some of Massachusetts' worst criminals.

Prison officials said the quintet could not have hoped to escape, although a leader, kidnaper Charles (Bull) Martin, told the prison superintendent on an institution telephone, "We want out."

For four hours, they held the hostages—13 guards and two civilians—before surrendering meekly, their eyes swollen by tear gas.

Their chances of getting out from the start, were nil. Lt. Col. John C. Blake, executive officer of the state police, heading an assault force of 125 troopers, said when asked if negotiations were considered:

"I never negotiate with anyone."

Woven Holes Could Tell Many A Tale

SAN ANTONIO (AP) — Alex Martinez posted a sign in his reweaving shop window saying: "We weave bullet holes and knife cuts."

Martinez says he averages about four garments a month punctured by gun or knife.

He adds the garments aren't restricted to male attire, but quite often belong to the female of the species.

Martinez says most of the customers drop off the garments without comment. Others talk freely of the incidents.

Bearers of such articles, he says, often wear bandages.

French Astronomer Gives Up Flight

NEVERS, France (AP) — Strong winds today forced a young French astronomer to give up his balloon flight for a look at the planet Venus after he had soared 42,000 feet.

Andouin Dollfus said the attempt was worthwhile for the scientific data collected even though he fell short of his goal of 82,500 feet. He made a safe landing after six hours aloft.

Ike Seeks To Hike Missiles To Allies

WASHINGTON (AP) — President Eisenhower was reported determined today to increase the flow of missiles to NATO nations despite some strong Republican opposition.

He is understood to have told GOP leaders at a White House meeting Wednesday he is asking his foreign aid advisers to come up with more ammunition to support his proposals along that line.

A stepup in missiles and jet aircraft to European allies already has been recommended by the advisers, headed by William H. Draper, New York investment banker.

It called for a 400-million-dollar boost.

The advisory group also suggested a billion-dollar boost for 1961 in funds for loans to underdeveloped nations. Some Re-

publican leaders engaged in a budget-balancing battle with the Democrats in Congress oppose the increase.

The Draper plan would not affect materially the 77-billion-dollar budget Eisenhower has submitted for the year starting July 1, since the spending involved is a year or two away.

But the submission of the plan would be a blow to the argument of Sen. Styles Bridges of New Hampshire, chairman of the Senate GOP Policy Committee, and other Republicans that the Democrats are trying to put over programs that cost little at first but would entail vast future spending.

These Republicans obviously think that a presidential recommendation for increased foreign aid—even if it involves no immediate spending — will mute the budget-balancing cry they feel is beginning to take hold in the country.

Eisenhower has contended in private conferences that unless steps are taken to arm U.S. allies adequately, additional billions will have to be poured into this country's defenses.

Bracero Talks

MEXICO CITY (AP) — The Foreign Office says U.S. and Mexican officials will begin talks here Monday on whether to modify or extend the present agreement on migratory workers.

East Fourth St. Baptist Church's Building And Grounds Committee will receive bids at Church Secretary's office on one 3-room cabin building to be moved, which may be seen at Old Baptist Youth Camp near City Park.

Gas range, butane tank, heater, piano, chairs and tables reserved. Bids to be opened Wednesday, April 29, 5:30 p.m., with rights to reject any and all bids.

Mountain Folk Unworried By Radiating Rock

GRANVILLE, N.Y. (AP)—"If there's anything to this thing of radioactive rocks and malformed babies, there's nothing we can do about it."

That's the reaction of mountain folk to a report that the radioactive rock that surrounds them may account for a higher-than-average rate of deformities in babies.

The New York State Health Department announced last week a researcher had found that, in areas of the state having surface radioactive rock, the malformation rate among infants was higher than elsewhere.

In this northern New York area near the Vermont line, Hebron and Argyle are on the list with a high rate.

"What's got to be has got to be—nothing we can do about it," Martin Warner, 21-year-old farmer who has had a bad hip since childhood, commented to this reporter. He farms 400 acres in North Hebron, where heavy slate and shale deposits border his tractor more than they do him, although the rock is naturally radioactive.

Many people discount the study— "They didn't prove anything definite, did they?" Others just shrug.

"It's a lot of bunk," asserted John Knowlton, puffing on a cigar in his colonial restaurant at Argyle. "It's women taking too much medicine."

With him was William Coates, Argyle trashhauler. Said he: "It's these women who work in factories are having trouble. Women belong in the home."

"But maybe it's something in the air," almost as an afterthought.

More of an authority on the subject, Dr. V.K. Irvine of Granville, who has delivered babies in these parts for 24 years, said: "Frankly, I don't think the incidence of malformed babies is any higher here than anywhere else. I personally have had very few malformed babies."

"Of course, it's possible. While I couldn't attach any significance to it, this is a new survey. Radioactivity in rocks may have some bearing on malformations."

Hostage Tells Of Death Try

CONCORD, Mass. (AP)—One of the hostages in Wednesday night's revolt at the Concord Reformatory said Charles (Bull) Martin, the convict ringleader, tried to shoot him but the gun misfired.

"I was in the wing area of the reformatory when Martin and another guy suddenly confronted me. 'Martin pulled the trigger of a gun. It looked like a .22-caliber revolver. It looked to me like the end, but the gun failed to go off.'"

"Martin and the other convicts who were in on this told me to go to the window and yell out whatever they told me to say."

"Martin stood behind me with a gun pressed against my head. 'They told me to shout that a deputy had suffered a heart attack and was in bad shape. The commissioner shouted back, 'What do you want us to do?'

"They had me shout back, 'We want a parley in the dining room with the newsmen.'"

"I turned around after this, Martin said, 'Keep on saying the right thing or I'll kill you.'"

"Minutes later, before they had a chance to give me any more instructions, the state police broke in and grabbed the convicts."

Another hostage, guard Joseph Saindon, said: "They (the convicts) told me if I behaved myself I would not get hurt. I saw the gun, a small revolver, Bull Martin had it."

"They had plenty of knives from the kitchen."

"At one point one of them told me they'd send a couple of bodies out to show they meant business."

Soviet Woman Sees Equality

BUFFALO, N.Y. (AP)—A Soviet woman touring the United States says American women's energy and vigor soon will give them equality with men. Soviet women, she says, already have achieved it.

Mrs. Olga Khvalebnova, vice president of the Soviet Union's Society of Dissemination of Scientific Knowledge, said Wednesday she was impressed with what she called "the sincerity of thought, strength and business heads" of U.S. women.

Mrs. Khvalebnova is ending a month-long tour of seven American cities with Mrs. Nina Orlova, a Soviet lawyer.

The tour was arranged by the National Council of Women, in cooperation with the U.S. Department of State.

The purpose: to establish friendly contacts with American women.

"We feel the tour has been very worthwhile," she said through an interpreter.

The women said they had been impressed with labor-saving devices available to women in America. They said that under the current Soviet seven-year economic plan, mass production of similar machines soon would make them everyday items to Soviet householders, too.

Patrolmen Maintain Order

Several patrolmen stand guard as striking textile workers heckle non-workers leaving the Harriet-Henderson cotton mill at Henderson, N.C. A wave of violence occurred after an agreement to end the strike was declined by the union on the status of workers. The late shift of workers had to spend the night in the mill for safety.

Renewed Strike Violence Brings More Police Guards

HENDERSON, N.C. (AP)—Renewed eruptions of violence led to intensified police protection today around the struck Harriet-Henderson cotton mills.

Workers leaving after the 11 p.m. shift Wednesday night met small arms fire, firecrackers and home-made flares. Two persons were reported wounded.

At the close of the shift, giant floodlights erected in the yards of the two plants went on. The non-strikers were led out the back doors of the plants into their cars, and were escorted to the streets by more than 100 highway patrolmen.

Strikers reportedly ignited a small caretaker shack at the gate of the north Henderson plant. The fire was quickly controlled.

Between 200 and 250 striking workers at both plants jeered and shouted.

A few other minor incidents involving carloads of strikers and non-strikers were reported. At least two persons were arrested. The strikers were angered at the small number of jobs left available to them after the strike apparently was settled last week.

When only 30 strikers were tak-

en back Monday, the striking Textile Workers Union of America said it had been misled as to the number of jobs available to its members.

The union said it had about 1,000 members out of the 1,200 workers in the two plants before the strike began Nov. 17.

Wednesday night's violence followed by only a few hours a de-munition at Raleigh by Gov. Luther Hodges of the handling of the situation by management and the union.

Hodges, who had helped negotiate a settlement last Friday, accused management of misleading him "intentionally or otherwise." Hodges, red-faced and shaking his finger vigorously, said the role of attempting to end the five-month-old strike is "the toughest job I've ever had."

Hodges said he notified Boyd Payton, regional director for the union, that he was holding him "responsible for any further violence" at Henderson.

Payton replied through news-men: "I have no control in this matter of violence."

The governor said he sent a telegram to John D. Cooper Jr., president of the mills, calling upon him to hold off operation of the second and third shifts at the two plants "until all matters are cleared satisfactorily."

Cooper declared earlier that if he shut down any shift he would close the mills permanently.

Carnie Had A Heart

SAN ANTONIO (AP)—A seasoned "carnie," a police term for carnival concessionaire, eyed a man carrying a baby girl.

The carnie waved his hand, motioning the father toward the carnival stands where you might find a doll if you spend enough money trying to drop golf balls into the right hole.

It looked like the father was getting the usual come-on.

Vice detectives Curt Creed and Preston Slocum eased in from the crowd for a closer watch. The carnie smiled at the little girl. The detectives thought it was about time for him to try to lure the father into playing the game. Instead, the carnie reached over to a rack and pulled down a giant, colorful stuffed bear. No money changed hands.

The bear was put into the eager hands of the child. A brilliant smile swept across her face.

The detectives were especially heartened. The baby wore braces on both her legs.

Sen. Humphrey Calls Halt To Political Test

PORTLAND, Ore. (AP)—A test run to check the political temperature of the West came to an abrupt end today for Sen. Hubert Humphrey (D-Minn.) as he flew to Washington.

Humphrey, a potential Democratic presidential nominee in 1960, said he was going to seek reconsideration on the Senate floor today of a bill of rights written into the Kennedy labor bill Wednesday.

But in Washington, observers questioned whether Humphrey's flight to Washington will accomplish its intended purpose. A motion to reconsider was tabled specifically to prevent a change of the vote.

"The only way we can reconsider this bill is that someone who was absent moves to have it reconsidered," Humphrey said.

"We're going to do just that and we're going to teach those Republicans a lesson."

Humphrey, scheduled to fly today to San Francisco, was whisked instead to get his bags and board the Washington-bound plane.

At the Portland Democratic dinner, Humphrey said the responsibility of the nation now is such "that we must act with greatness."

"No people has ever risen to greatness without being called to greatness," he said. "The tragedy of these years is that the voice that should summon us is silent."

While the voice was silent, he asserted, the economy twice in five years has been ravaged by a recession and 4½ million persons are without jobs.

This nation, he said, allows millions of schoolchildren to sit in overcrowded classrooms, elderly millions to live in genuine deprivation and the cry for good housing and health service to go unheard.

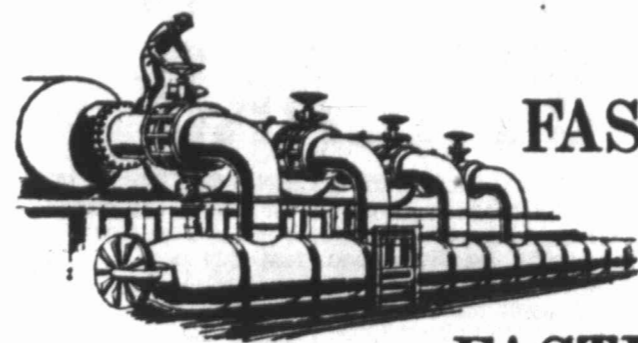

DPS Alarmed At Road Death Jump

AUSTIN (AP)—The Department of Public Safety is alarmed at a jump in Texas traffic deaths.

The increase was 50 during the first three months of this year compared with the same period last year.

Director Homer Garrison Jr. said, "This 10 per cent increase in traffic fatalities indicates we are off to a bad start which could completely wipe out the eight per cent decrease in motoricides for the whole of 1958."

The death toll through April 18 was 551. In the same period last year it was 501.

FASTEST-GROWING FUEL in America's FASTEST-GROWING REGION

El Paso Natural Gas Company reports record deliveries of Natural Gas to customers in the West

Natural gas is America's fastest-growing energy source, and El Paso Natural Gas Company and its subsidiaries serve natural gas's fastest-growing market.

El Paso's 1958 annual report, distributed to its 51,835 stockholders (an increase of 10 per cent in 1958) reports consolidated gross revenues for 1958 of \$368,299,522, compared with 1957's \$301,090,537. Net income was \$35,308,813 in 1958, compared with \$34,506,238 in 1957.

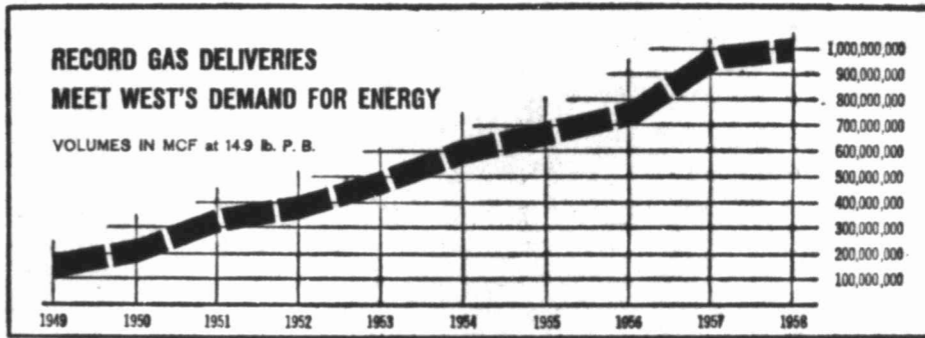

Deliveries of gas were at record highs in 1958 as El Paso and subsidiaries continued to expand their pipeline systems and increase their gas reserves to meet the long-term energy demands of the West.

The report gives details of 1958's accomplishments, as well as plans to meet the future needs of western consumers—for natural gas, for petroleum, for petro-chemicals.

For the second consecutive year, gas deliveries totalled more than a trillion cubic feet.

El Paso Natural Gas Company and its subsidiary, Pacific Northwest Pipeline Corporation, serve customers in California, West Texas, Arizona, Idaho, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and Colorado.

Extensive exploration and purchase programs brought total gas reserves at year's end to an all-time high of 38.8 trillion cubic feet—assuring vitally needed energy supplies for western consumers and industries in the years ahead.

For copies of El Paso's 1958 Annual Report to Stockholders, write to El Paso Natural Gas Company, El Paso, Texas.

Herter Appears For Confirmation

Christian Herter, acting secretary of state, talks with Chairman J. William Fulbright of the Senate Foreign Relations Committee before the opening of a hearing on Herter's fitness for the post of secretary of state to which he was named by President Eisenhower to replace the ailing John Foster Dulles.

Veteran Capitol Guide Sees Job As That Of An Educator

By TEX EASLEY
Associated Press Special Service
WASHINGTON (AP)—A veteran Capitol guide who came here from Texas views his role as that of an educator.
He is Carl Miller, 67, a dark-haired, lanky six-footer, a former high school teacher and newspaperman, a one-time aide to Rep. Wright Patman and former Sen. W. Lee O'Daniel. His newspapering was in Texarkana.
Wearing a clean white patch over a slight eye—he was hit by a ricocheting bullet fired by a fellow squirrel hunter in his native Kentucky hills—Miller is a familiar figure about the Capitol as he leads groups of 20 to 40 tourists through the maze of historic corridors.
When you hear the questions most frequently directed at him, and they pop up with every group, it's easy to see why he looks on his job as that of an educator or instructor.
Incidentally, guides pool the 25 cent fees and divide the total, which reportedly nets them about \$7,500 annually.
"Probably the most often asked question," Miller said, "arises when we lead a group into either the Senate or House chamber and they see a senator or congressman speaking to only a handful of members."
"We're asked 'Where are they?' and 'Why aren't those who are here paying more attention?'" Miller and all the other guides

have a ready explanation. In fact, Texas' own Sen. Lyndon Johnson, well aware of these critical questions by the public, reportedly suggested that the guides clear up confusion on this point.
Here's the explanation: Members of both bodies are kept continually informed as to what is taking place on the chamber floors. If it is an important measure under consideration they are apt to be on hand in good numbers, especially if a vote is approaching. Frequently committees are meeting when the House or Senate is in session, although this situation usually occurs when only a pressing matter needs to be taken up by the committee. Some sessions of both the Senate and House are set aside for relatively unimportant matters. Others involve time being granted for an individual representative to talk about economic or other problems which are peculiar to their own district. And, especially if he is a freshman congressman or senator, he may find himself talking only to empty chairs except for the presiding officer and perhaps one or two other colleagues.
"One of the historic spots in the Capitol on our tour is the President's Room in the Senate wing," Miller continued. "Folks continually ask if that is the President's office, and are surprised when we tell them the President seldom comes to the Capitol, that his office is down at the White House."
"Another frequent question is 'Where does the Congress meet?'"

and they ask it even after we have taken them into both the Senate and House galleries. We then explain how a law is enacted by going through the two bodies separately.
Tourists are required to check their cameras at a corridor desk before entering either chamber, and some are certain to ask why they can't take pictures inside.
"We explain that it would be undignified and disconcerting to have flash bulbs popping away when the lawmakers are trying to concentrate and debate some important issues," Miller explained.
Since the recent public furore over nepotism, he observed, some tourist in nearly every group will make a wise crack as he looks down at the legislators and say, "There's Rep. So and So. Where's his wife?"
"Most of the time the folks are in a pleasant vacationing mood, and like to mention their home state."
"They like to tell the others around them if they happen to have known some famous persons memorialized in Statuary Hall. That's especially true about Will Rogers. Tales and legends are building up about him like it is with Lincoln. The stories seem to get better all the time, and no one disputes them."
Miller's wife and a daughter, Mrs. Ellen Miller Crow, and two grandchildren live in Texarkana.

Texas Landmark Now 100 Years Old

SAN ANTONIO (AP)—One of San Antonio's most noted tourist attractions, the Menger Hotel, is 100 years old this year.
The hotel is just across from the Alamo, although some tourists visiting the Alamo possibly don't know about the hotel's history.
For one thing, the hotel has been modernized so that it has little of the historic flavor that was visible only a few years ago.
The original hotel was a two-story affair connected with the Menger Brewery. Several additions were made in later years, and one of these additions, built before 1882, was torn down to make room for the large new addition erected in 1950.
Before the opening, the San Antonio Herald reported Jan. 29, 1959:
"The main parlor and a number of the other rooms are already finished and fitted up in a style of unsurpassed elegance. . . . To give an idea of the scale on which everything is got up, including the elegant stone stable, we would mention that the hotel and its outfit has cost but little less than \$50,000."
Reporting the opening in its Feb.

5 issue, the Herald told of a good turnout of citizens who assisted the proprietor "in getting through with some of his sparkling wines and incomparable lager."

Corpse Apparently Just Walked Away

WESTPORT, Conn. (AP)—Last fall when Henry Kalabany of Norwalk visited Colonial Cemetery he noticed a depression in his plot. He and his sons dug and found a coffin with a body.
They quickly covered the coffin and told authorities. An exhumation order was needed to open the coffin, it turned out, and this was obtained last week from Superior Court.
Tuesday gravediggers pulled a cypress casket from the plot. Inside were a few bones and a bit of cloth.
Kalabany said it wasn't the body he found last fall. "I saw a body with a freshly pressed suit, white shirt and red face," he said.
Authorities, and Kalabany, are still at a loss to explain the body. Cypress caskets haven't been used here for more than 40 years.

'Grand Old Man' Of Press Retires

RICHARDSON (AP)—Sam P. Harben, known as the grand old man of the Texas Press Assn., has put away his line gauge after 58 years as editor-publisher of the Richardson Echo.
Harben, who is 80, recently sold out to his partner, O. A. Spotts, an associate with the printing-newspresser firm since 1929.
Harben founded the weekly Echo in the back end of his drug store in 1900 and hustled up 150 subscribers when the town had six businesses and 113 residents. The current population is nearly 9,000.
The Echo, which hasn't missed an issue, isn't Harben's only achievement. He's been a builder ever since he started hand-setting type for the Rockdale Messenger in 1895.
Harben founded the first tele-

phone system in Richardson and helped organize the Citizens State Bank.
But the man who loves best to be called a country printer, possibly is proudest of helping form the Texas Press Assn., of which he has been secretary for 32 years.
He also helped form the Richardson Rotary Club and has an almost perfect attendance record.
Said Maurice Cook, Echo reporter: "He deserves time now to just take it easy and feel his time has not been spent in vain, but has been of service to his home and country. He has fought for the preserving of the freedom of the press as a part of the American way of life, an invaluable contribution to the people of a free country."

Fog, Flooding Only Inclement State Weather

By The Associated Press
In spite of light fog and mild flooding in East Texas, the state generally had the kind of weather Thursday that invites hooky-playing among youngsters and picnic-planning among the older folks.
It was clear and mild over most of the state, with light fog reported in East Texas and partly cloudy skies noted along the Gulf Coast and in the Lower Rio Grande Valley.
Floodwaters continued to roll down the Sulphur and Sabine Rivers in North and East Texas, but no one is expected to be bothered except lowland stockmen, some of whom might have to take their stock to higher ground.
Three rural roads in the Mineola area were closed as predictions of floodstage three feet above normal were issued for that stretch of the Sabine.

Forecast for all areas were the same: Partly cloudy Thursday and Friday with slowly rising temperatures.
Temperatures started their climb Wednesday when almost a week of rain came to an end and skies started clearing.
Early morning readings Thursday ranged upward from 36 at Dalhart, the Panhandle cattle town which often is the state's icebox. Brownsville had the warmest dawn reading, a comfortable 61 degrees.

Cooler spots next to Dalhart were Junction in Southwest Texas with 40 and Amarillo in the Panhandle and Mineral Wells in West Texas, with 44 degree readings.
Also reporting temperatures in the 40s were Lubbock and Lufkin with 45; Childress, Wichita Falls and Fort Worth with 46; Longview and Abilene with 47; Tyler, San Antonio, Dallas and San Angelo with 48, and Wink with 49.
Readings in the 50s came from Cotulla with an even 50, Beaumont with 53, Houston with 54 and Alice with 59.
Laredo and Corpus Christi had 60-degree temperatures.
Winds were clocked at around 10 miles per hour in the Dallas-Fort Worth area, and forecasts called for the breezes to pick up to 15-20 miles per hour Friday.

Cons Transferred To Other Prisons

SAN QUENTIN, Calif. (AP)—Two San Quentin convicts who held a grandmother hostage at knife-point in a dramatic escape attempt are being transferred today to other institutions.
Billy Joe Wright, 25, was ordered to Folsom, California's maximum security penitentiary. William D. Werner, 24, goes to the California medical facility at Vacaville.

AF Officer Pays For Bumping Case

TOKYO (AP)—The bumping of seven GIs from a military plane so he could take his family on vacation to Hawaii cost Lt. Col. Charles Platt Jr. his command and a \$340 fine today.
The U.S. Air Force said that Platt, who had pleaded he was the victim of an administrative mixup in the March 26 incident, accepted the punishment meted out by his commanding officer without demanding a trial by court-martial.

The 49-year-old Brooklyn, N.Y., officer was commander of the big passenger terminal at Tachikawa air base west of Tokyo. He was reprimanded and assigned to new duties. The Air Force did not announce his new job.

Platt's punishment was ordered by Brig. Gen. Paul L. Barton of Rutland, Vt., commander of the Northern Air Material Command in the Pacific.

Platt was not available for comment.

Claims Bill

WASHINGTON (AP)—A bill aimed at settling claims against the government growing out of the 1947 Texas City explosion disaster bore the approval of House Judiciary Committee today.

Hanlon Award Highlights Natural Gasoline Meeting

DALLAS (AP)—Presentation of the Hanlon Award, given each year to an outstanding oil industry personality, highlights today's activities at the Natural Gasoline Assn.'s convention.

Dr. Donald L. Katz, chairman of the University of Michigan's chemical and metallurgical engineering department, reviews nuclear field advances at today's general session.

R. A. Jones of Dallas, Atlantic Refining Co.'s personnel supervisor, told the gasoline men yesterday how to get the most effective use of its management personnel was a major industry problem.

Jones said manpower appraisal now rates top priority with the majority of the country's big oil firms.

"With today's efficient appraisal programs," Jones said, "the in-

dustry is better able to capitalize on its past mistakes." He said his firm launched a full management appraisal program six years ago and, "along with the rest of the industry, it found rich benefits."
More than 1,000 delegates registered here for the three-day meeting.

R. P. Walker of Oklahoma City was named president of the Natural Gasoline Supply Men's Assn. yesterday. Other new officers of the group, meeting in connection with the NGAA, are Ray Riddle, Tulsa, Okla., first vice president; E. O. Haltom, Dallas, second vice president; and C. P. Stanley, Tulsa, treasurer.
The Natural Gasoline Assn. was to elect a new slate of officers today. George T. Tension of Houston is the outgoing president.

Rockefeller Vetoes School Spanking

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller, who says he has spanked his own children on occasion, today vetoed a bill which would have freed school-teachers to use force on unruly pupils.

The measure would have taken the decision on use of corporal punishment away from school boards and given it to individual teachers.

State penal law now authorizes teachers to use "reasonable force" to restrain or correct a pupil. But school boards may bar teachers from doing so.

Royal Visitors At Vatican

Britain's Queen Mother Elizabeth and Princess Margaret, attired in black robes customary for papal audiences, were escorted by Vatican officials and Swiss guards as they left the papal chamber after a private audience with Pope John XXIII. Flanking the royal visitors were Count Giovanni Chiasari, in uniform with sword at left, and Msgr. Beniamino Nardone, ceremonial secretary. Both women wore tiaras and the Queen Mother donned the jewel and ribbon of the Order of the Garter.

U.S. Officials Say Iraq Can't Escape Reds

WASHINGTON (AP) — Many U.S. officials have about given up hope that the revolutionary government of Iraq can resist Soviet Communist domination.

There is growing fear here that Iraq will soon become a hidden satellite of the Kremlin, if it has not done so already.

Since the Iraqi revolution last July 14, Premier Abdel Karim Kassem has become increasingly dependent on or allied with Communist support.

British and U.S. leaders are reported close to agreement that Kassem has probably gone beyond the point of no return.

The United States policy for dealing with this situation is one of waiting to see what happens. Officials interviewed privately say in effect, "What can any outsider do?"

Authorities are convinced that Egypt's President Nasser, whose goal is to become leader of the whole Arab world, has been behind a couple of attempts to stage some kind of anti-Communist bid for power in Iraq. But he has gotten nowhere.

As between Nasser and Kassem, the United States remains neutral, officials say. Nasser is still not regarded here as a dependable friend.

The concept of Iraq as a "hidden satellite" comes from government experts who believe that Moscow prefers to move into the strategic oil rich area in stages rather than in one great advance.

By this theory the first stage was to break the power of the Western nations in the Middle East. This stage reached a climax with the assassination of King Faisal and other pro-U.S. Iraqi leaders last July 14.

The second phase would be to gain indirect control of a Middle Eastern government, as in Iraq. The third phase would see the establishment of a land bridge. That could only mean trouble of the gravest kind involving the Soviet Union, Iran, Iraq and probably Turkey.

Since both Iran and Turkey are in the Middle East defense alliance and Turkey is a member also of NATO, any such trouble probably would involve the great powers on both sides.

The Soviet Union stands to lose one point of possibly major importance. Having already alienated Nasser by backing Kassem against him, Premier Nikita Khrushchev may find himself unable to pursue a propaganda of Arab nationalism while promoting Iraqi communism.

Ft. Worth Medic Heads Association
SAN ANTONIO (AP) — Dr. May Owen of Fort Worth, chairman of the Texas Medical Assn. Council on scientific work, was elected TMA president for 1959-61 at the close of the annual convention of the medical group.

Others named were Dr. Barton C. Park, Dallas, vice president; Dr. J. M. Travis, Jacksonville, secretary; Dr. T. H. Thomson, Fort Worth, treasurer, and Dr. Charles Hardwick, Austin, speaker of the House of Delegates.

Dr. Franklin W. Yeager, Corpus Christi, became 1958-59 president of the TMA.

7 Persons Killed In Highway Crash
PALM SPRINGS, Calif. (AP) — Seven persons were killed Wednesday when a car traveling an estimated 80 to 90 m.p.h. hit another making a left turn at a desert intersection east of here.

HERE MONDAY SMU Official To Address Alumni

J. Edwin Keith, director of development at Southern Methodist University, is to be guest speaker at the Big Spring Alumni Assn. of SMU Mustang Corral Monday.

The meeting is to be at the First Methodist Church Fellowship Hall at 7:30 p.m. A dinner will be served. Tickets are now on sale from Wade Choate, president; Ike Robb, vice president or from Mrs. Lindsey Marchbanks, secretary-treasurer. Tickets for the meeting will be \$2.

Keith joined the SMU staff in January, 1956. He is married and has three daughters. He holds a BS degree from the University of Arkansas (1945) and BD from Perkins School of Theology, SMU (1946).

He has served as minister in Arkansas churches and was assistant pastor of the First Methodist Church of Little Rock. In 1953 he was appointed to the newly created office of director of stewardship for the Little Rock Conference.

He directed campaigns for finance in local churches for building endeavors. He directed a campaign in the fall of 1955 for the First Methodist Church of El Dorado, Ark., which had a goal of \$600,000. This was one of the largest ever attempted in that state. It was oversubscribed by several thousand dollars.

He is regarded as one of the outstanding speakers on the SMU faculty and the local SMU alumni expressed themselves well pleased he was available for the local meeting.

Aircraft Profit
DALLAS (AP)—Chance Vought Aircraft Inc. yesterday reported a net profit of \$1.27 per share for the first quarter of 1959 compared to \$2.12 per share for the same quarter last year.

Embarrassing Case Delays Jobless Action
WASHINGTON (AP) — An embarrassing legislative situation is delaying House action on a Senate-passed bill for a special commission to study unemployment and its remedies.

House Democratic leaders reportedly fear that establishment of such a commission now would strengthen opposition to housing, aid to depressed areas, and other bills they are pushing to create jobs. Opponents could urge a delay until the commission had time to study the problem.

The proposal for an 11-member commission was sponsored by Senate Democratic Leader Lyndon B. Johnson of Texas. It passed by the Senate two weeks ago. Once it is allowed to go to floor, passage does not appear to be in doubt.

A top-ranking Democrat said the problem was entirely one of timing, and added: "If I had my way, the time would be the end of the session."

Republicans were taking obvious enjoyment in the embarrassment of their Democratic colleagues. They were not unaware that the author of it was Johnson, a potential aspirant for the 1960 Democratic presidential nomination.

House GOP Leader Charles A. Halleck of Indiana said Republicans would not stand in the way of a House vote on Johnson's resolution.

Republicans were taking obvious enjoyment in the embarrassment of their Democratic colleagues. They were not unaware that the author of it was Johnson, a potential aspirant for the 1960 Democratic presidential nomination.

MEN IN SERVICE

Randall E. Holbrook left over the past weekend for his station on the USS Gregory at Long Beach, Calif., after having spent two weeks leave with his parents, Mr. and Mrs. Robert H. Holbrook, 1800 Scurry.

Randall has graduated from the Class A Radar School at Treasure Island, San Francisco, Calif., and will be a radarman aboard his ship when it sails later from San Diego for Australia, Japan, Korea, and the Philippine Islands.

A graduate of Big Spring High School in May of 1958, he entered service on June 5 of last year. It was a happy occasion for him because it signalled victory over polio, which had paralyzed him for a time from the waist down when he was a lad.

Army 2nd Lt. Michael H. Williamson, 22, son of Lee H. Williamson, 1000 E. 18th, Big Spring, completed the 17-week field artillery officer basic course April 15 at The Artillery and Missile School, Fort Sill, Okla.

The course, designed for newly-commissioned officers, trained Lt. Williamson in the duties of a forward observer and familiarized him with the responsibilities of a battery grade officer.

A 1954 graduate of Big Spring High School, the lieutenant was graduated from Texas Technological College in 1958. He was employed by the Magnolia Petroleum Co. in Dallas before entering the Army.

Mexican, Spanish Food Are Not Same Cuisine

What is the difference—if any, between Mexican and Spanish food? A lot of people think it's all the same thing. Others contend the two cuisines are as different as night and day.

According to the woman who should know better than anyone else, Elena Zelazeta, author of Elena's Secrets of Mexican Cooking, Mexican cooking is a blend of ancient Aztec ways with food and that of the Spanish conquistadors, with some French, Austrian and Italian influences thrown in.

Elena has probably done more to make Mexican food popular than any other person in this country. Fifteen years ago her first cook book appeared, a little modest paperback book privately printed, the price \$1.25. A group of San Francisco home economists had edited it to help Elena, who was blind. Today that little book is a collector's item—if you can find it, worth several times its original price. And now Elena's third cook book has appeared, a beautiful, slick edition containing a number of the recipes from the first book and a treasury of others besides.

Such corn products as tamales and Mexican tortillas, she says, are still made much the way the Aztecs did them. It was the Indians, too, who first developed recipes using chocolate, vanilla and tomatoes, all native American products. Then along came Cortez and his men, with olive oil from Spain, rice and wine. The Spaniards took to the native American products and before long were introducing them to the Old World. The Mexicans became just as fond

Famed Cook-Writer

Elena Zelazeta, who is considered by many as America's No. 1 authority on Mexican food, shows her granddaughter, Elenita, how to shape tortillas. Her book, "Elena's Secrets of Mexican Cooking", published by Prentice Hall, \$3.95, is the culmination of many years of culinary experience, entertaining and writing.

of typical Spanish dishes, but in adapting them they added their own distinctive touches.

Elena's parents were Spaniards (they emigrated to Mexico), so she includes many true Spanish dishes along with the Mexican. We find cumín (or comino) a favorite Spanish spice, appearing over and over, along with hot chili powder,

the Mexican contribution to the spice world. Olive oil is used lavishly, just as in Spain.

As for beans, a whole chapter is devoted to the subject in Elena's latest book, with both Mexican and Spanish dishes included. One difference we noted: When her first book appeared, Elena gave only the laborious Mexican way of cooking frijoles. Fifteen years later she admits she has found a faster Americanized way of preparing them just as good!

An especially delicious Spanish recipe for Habas or "Horse Beans" (limas are much the same) Elena describes as "one of my father's favorites":

HABAS ENVINADAS ESTILO MAMA

- 4 tbsps. olive oil
1 onion, minced
1 clove garlic, minced
1/4 cup cubed smoked ham
2 tbsps. minced parsley
2 cups fresh shelled lima beans
1 cup white table wine
Salt and pepper to taste

Wilt onion in oil, add garlic, ham and parsley and cook for a few minutes; add beans, wine, salt and pepper. Cover very tightly and simmer about 40 minutes or until beans are tender. Serves 4. (A package of frozen limas can be used instead of the fresh; shorten cooking time to about 15 minutes.)

Convertible Top

A vinyl plastic offers new top material for convertibles. Besides protecting the fabric, it makes possible a wide range of colors and resists fading. The covering lengthens the life of the tops in all kinds of weather, and retains needed flexibility.

Roast Gets Continental Treatment

Searching for new ways to deal with veal roast? The Spanish can offer a suggestion.

Here is a recipe:

VEAL CON NARANJA AL JEREZ

- Ingredients:
3 to 4 pound rump veal roast
2 tbsps. flour
1 tsp. salt
2 tbsps. bacon drippings
1 medium-sized onion (sliced)
1 clove garlic (minced)
1/4 cup Brazil nuts (cut fine in an electric blender or put through a hand-operated rotary grater)
Grated rind and juice of 1 large orange
1/4 tsp. cinnamon
1/4 cup medium sherry
1 cup water

Method:

Have meatman remove bone from roast, cut away fat and roll and tie it without adding a covering of extra fat. Mix flour and salt; rub into surface of meat. Heat bacon drippings in heavy skillet (about 9 inches); brown meat on all sides in hot fat, place meat in a casserole.

Cook onion and garlic until lightly browned in fat in skillet; add nuts, grated rind and orange juice, cinnamon, and sherry. Boil 1 minute; add water; pour over meat.

Bake, covered, in slow (325 degrees) oven 1 hour; uncover and bake 1/2 hour more. Skim off any excess fat from gravy; the nuts give it a good texture and it needs no extra thickening. Makes eight servings with seconds.

Seafood Sauce

Make up some old-fashioned boiled dressing and then add lemon juice and chopped sweet mixed pickles to it for a delightful sauce for shrimp or other seafood.

Fans Contend It Never Gets Too Hot To Indulge In Mexican Food

Mexican foods are certainly no stranger to West Texans. In fact, they have become standard fare in the land of the tumbleweed. And it never gets too hot, weather-wise, for the real devotees to enjoy this cuisine.

Just how authentic most of it is by now is anyone's guess. But it is fun to concoct your own versions of chile, enchiladas and tortillas. Spanish rice and frijoles. This much can be said — don't spare the onion, chili powder, tomato paste or red pepper. The hotter, the better!

Chile is delicious served as is, with crackers. Lots of homemakers team it with "old faithfuls" such as spaghetti or macaroni. Others stir in some cheese and make a mouth-watering dip for festive parties. When used in this fashion, it is ideally served from a chafing dish.

You will have fun exploring the by-ways of Mexican cookery. Here are recipes to start you on your way:

BASIC CHILE RECIPE

- 1/2 cup chopped onion
1 tsp. fat
1 lb. ground beef
1/4 tsp. garlic powder
1/4 tsp. salt
1 tsp. chili powder
3 tbsps. tomato paste
2 tbsps. corn meal
1 1/2 cups water

Cook onion in hot fat in frying pan until onion is lightly browned, stirring meat as it browns. Add remaining ingredients. Cover and simmer 1 1/2 hours.

CHILE CON CARNE, MAIS

- 1 1/2 cups diced day-old bread
3 tbsps. butter or margarine
1 lb. ground chuck

- 1/4 cup chili powder
1/4 tsp. oregano
1/4 tsp. ground cumin
1 tsp. salt
1 cup tomato puree

Chop the onions very fine (chopped they should measure 1/2 cup) and crush or mash garlic. Heat oil in a saucepan, stir in both onions and garlic and cook until golden.

Now mix in all remaining ingredients as smoothly as possible and cook over a low heat for about 10 minutes. Add enough water to the mixture to give the consistency of commercial chili sauce. Makes about 1 pint.

- 1 tsp. olive oil or bacon fat
2 tbsps. salt
2 tbsps. chili powder
1/4 tsp. ground black pepper
12-ounce can whole kernel corn, drained

- 2 tbsps. salt
1 tsp. chili powder
1/2 tsp. oregano
1/4 tsp. pepper

2 cups canned tomatoes, drained or 3 cups diced fresh tomatoes

Onion rings for garnish. Sauté bread cubes in butter or margarine until golden and set aside to use later. Sauté meat in olive oil or bacon fat. Add remaining ingredients and toasted bread cubes.

Turn into a 1-quart casserole. Bake 20 minutes in a preheated moderate oven (350 degrees). Garnish with onion rings. Yield: 4 servings.

ALBONDIGAS CON SALSA

- 3 slices bread
1/4 cup milk
2 eggs
1 lb. ground beef
1 lb. ground pork

Soak bread slices in milk, then mash fine with fork. Beat eggs slightly. Mix ground beef and pork together, along with bread, eggs, salt, chili powder, oregano and pepper. Shape into meatballs the size of a walnut and cover with a light coating of flour.

Mix Mexican chili sauce (recipe follows) and 1 cup water in a saucepan. Drop in meatballs and cook over a low heat for about 35 to 40 minutes or until meat is cooked through. Stir occasionally to prevent sticking. Serves 6.

For Mexican chili sauce:
2 small onions
1 clove garlic
2 tbsps. olive oil
1 tsp. flour

Plastic Bearings

Nearly frictionless plastic bearings for automobile steering mechanisms have been developed. Consisting of a strong fabric impregnated with phenolic resin, the bearings need no lubrication for the life of the car.

Textile Finsh

Growth of odor-causing bacteria on clothing made of cotton and cotton blends can now be retarded by using a new textile finish. The new product does not change the fabric's hand or color and has the same appearance as conventional finishes.

Advertisement for Clabber Girl Baking Powder. Features the Clabber Girl logo and text: "The Change is to CLABBER GIRL BAKING POWDER. BECAUSE... Clabber Girl is exclusively known as the baking powder with the balanced double action... balanced for uniformity in both mixing bowl and oven. BALANCED Double Action Means BETTER Baking."

Trend Shows Revival Of 'Taste For Flavor'

We are on the threshold of a new era in food flavoring in this country, according to the American Spice Trade Association.

Like tastes in clothes and interior decorating, our tastes in food change and often go in cycles. From the writings of Colonial times, it is seen that much emphasis was placed on the proper seasoning of food. Less attention was paid to flavoring in mid-nineteenth century cookbooks. In the Gay Nineties era, the trend swung back, only to be reversed again in the 1920's. From the mid-twenties to the mid-thirties, this country was in the throes of its most radical fad on bland food.

Since about 1935 and especially since World War II, America has gradually been re-developing and expanding its "taste for flavor" in foods. The spice trade reports that we are now using a greater quantity and wider variety of seasonings in our meals than ever before in history. Annual consumption now approximates 150 million pounds. Continually increasing sales of such allied items as spice shavers, pepper mills, nutmeg graters, and charts and cook-

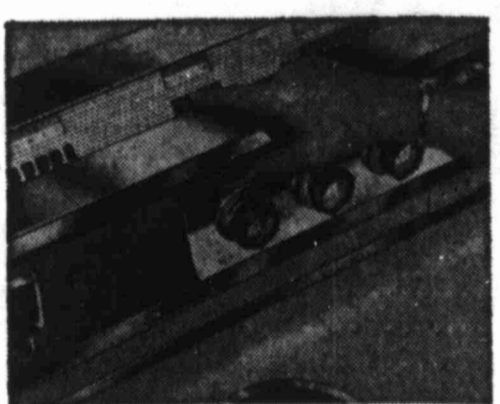

books on spices all indicate that this new era is really just beginning.

Partly the stimulus and partly the result of the greater use of seasonings is the fact that today's homemaker has a much wider range of spices readily available in her local foodstore. Before World War II, the average store stocked less than two dozen different spices. Today, there are about fifty spices generally obtainable.

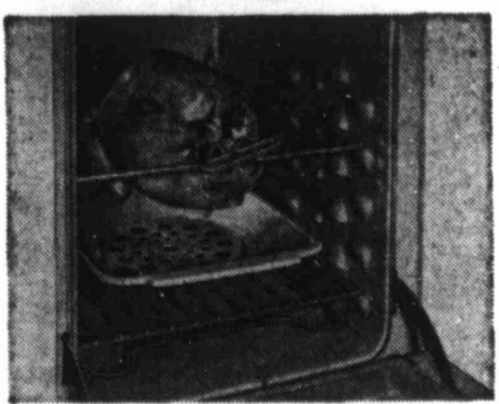

Behind the new interest in better seasoned foods are several factors. Millions of widely traveled servicemen and increasing numbers of tourists have been returning home to sing the praises of foreign cuisine. Invariably the answer is found in a more imaginative use of herbs and spices.

Then, too, spices have aided other recent trends in American cooking. They have been found helpful in stretching the food dollar with less expensive cuts of meat, and in getting more mileage out of leftovers. Since they take little time or effort to use, they have been popular in the drive for speedier, easier cooking.

Why Electric Cooking is ACCURATE

An electric range cooks with accurately controlled and measured heat. Whether you're cooking on surface units or in the oven, you just set the controls for the heat you want and you get exactly the same even heat every time. There's no guesswork... no need for constant oven peering and pot-watching.

Only an electric oven can be insulated all around, including the bottom, for economical operation and accurate heat control. Since electric heat needs no flow of air into and out of the oven while it is in operation, heat is retained inside the oven and the temperature remains constant throughout the cooking operation. This assures uniformly excellent results.

Electric cooking also is clean, fast, cool and economical. Select your new electric range now and enjoy all these benefits... at an average cost of only about 3c a meal for electricity.

See Your Electric Range Dealer

Stayed With Her Diet

TV actress Angela Greene was encouraged in her dieting when her clothes became loose on her. She tells how she achieved this in today's Hollywood Beauty. Angela is a frequent performer on the NBC-TV "Tales of Wells Fargo" series.

HOLLYWOOD BEAUTY

Control Your Weight? It's All By Discipline

By LYDIA LANE
HOLLYWOOD — It's said that beauty in your teens is a gift of nature but after 30 it's up to you. Angela Greene, a many time beauty contest winner, has met this challenge. "Your figure is better than ever, I told Angela as we chatted in her dressing room on the "Tales of Wells Fargo" TV set. "I work at it," she confessed. "I go to ballet class twice a week, because it's easier for me to exercise with a class and to music. I know several excellent setting-up routines to do at home, but when you enjoy something you get more out of it. That's the way I feel about my classes. "Discipline," Angela said with a reverent tone in her voice, "is something I've had to learn. Things came so easy for me as a model in New York that when I came to Hollywood I was spoiled. Most of my work was for tooth paste ads, or some other head shot, so the fact that I was chubby didn't seem to matter in New York. But competition was keen, and I knew if I was to last I would have to slim down. "I wanted to take off 16 pounds and to keep them off. At first I tried every diet I heard of, but this didn't work because I wouldn't stay with them. "Finally a friend said to me,

Vacation In Mexico Theme Used At Fashion Luncheon For Forums

Gay fiesta dresses of members and guests of the Forum units formed a bright background for a fashion show Wednesday noon at the Desert Sands Restaurant. The occasion was the annual luncheon of the group and was based on the theme of a vacation in Mexico. Quartet tables, covered with pink linen, held small black fans, sparkling with sequins and glitter, in a base of pink blossoms. Places for 80 were marked with similar fans in miniature. On the head table was an arrangement of pink carnations, tinted daisies, eucalyptus foliage and pink satin bows holding black, sparkling fans. The centerpiece was awarded to Mrs. Clifford Rowland, a guest.

The Junior Woman's Forum, welcomed the group and introduced members of the district board, Mrs. George Dawson and Mrs. Clyde Thomas Jr., and the president of the City Federation, Mrs. G. H. Wood. Unit presidents and their hospitality chairmen who were presented by Mrs. Wright, included Mrs. John King and Mrs. Bob Bright of the Spoudazio Fora, Mrs. Don Wiley for the Junior Forum, arrangements and program; Mrs. Neil Norred and Mrs. Carl Benson of The Woman's Forum, Mrs. Fred Whitaker and Mrs. A. C. Bass of the Modern Woman's Forum, decorations.

Navajo print silk pongee, a shaft of a dress with blouse-back-buttoned bodice. A small waist was emphasized with wide, wide black patent belt. Dark silk suits and jacketed dresses were shown for travel to and from Mexico, and for wear on any occasion. Modeling the modes were Mrs. Ed Carpenter, Modern Woman's Forum; Mrs. Ladd Smith, Mrs. James C. Jones, Mrs. Ed Cherry, Spoudazio Fora; Mrs. Omar Jones, Mrs. Elvis McCrary, Mrs. Gill Jones, Mrs. J. D. Jones, Woman's Forum; Mrs. David Newbold, Mrs. E. C. Smith, Junior Woman's Forum and a guest, Cleo Thomas. Their coiffures were by Gordon's Hair Styles. Background recorded music was provided by the ABC club with Bob Rogers in charge.

New Troop Of Brownies Organized

A Brownie troop, the first to be organized in the northwest part of the city, held its first meeting Wednesday at the parish hall of the Sacred Heart Catholic Church. Ten girls were enrolled at the first meeting and another six are ready to take part. Mrs. Jesse Aleman is the leader and members of the troop committee are Mrs. F. S. Gomez Sr., Mrs. Pat Arista and Mrs. Robert Dutchover. The girls will meet each week at 6:30 p.m. in the same location. Charter members are Betty Dominguez, Teresa Rincon, Yolanda Arista, Sandy Ferro, Elocia Corrales, Katia Gomez, Irene Gomez, Emma Dutchover, Judy Aleman and Lupeta Arista.

Club, Guests Meet For Luncheon

Four guests joined the members of the Sew and Chatter Club Wednesday at noon for a salad luncheon in the home of Mrs. R. F. Blumh. Included in the group were Mrs. Howard Lester, Mrs. Herk Agee, Mrs. Harvey Wooten and Mrs. C. H. Bezona; 15 members were present. On the buffet table, the hostesses used white linen as a background for a centerpiece of yellow roses and iris in a matching shade. Birthday honorees were Mrs. H. V. Crocker, Mrs. Jack Lightfoot and Mrs. Nella Tompkins. The May meeting was announced for the home of Mrs. C. Y. Clinkscales at 3 p.m., May 20.

Fowls, Pork, Make Best Bargains In High Protein Food

Eggs, pork, ready-to-cook chicken and small turkeys again pace the high protein food buys at Texas stores this week. Poor weather in some areas affected supplies of some garden crops, but homemakers will find abundant supplies and attractive prices on green cabbage, carrots, especially those in 2-lb. film bags, celery, and lettuce, the Department of Agriculture reports. Winesap apples and bananas find favor among menu planners and Texas onions, white and yellow grades, and Mexican limes are lower. Priced higher than last week are pole beans, tomatoes, lemons, Texas oranges and grapefruit, sweet corn, avocados, cucumbers, eggplant, peppers, squash, strawberries and russet potatoes. Shipments of squash and Louisiana strawberries have been held down by unfavorable weather. New items in markets this week include California long-white potatoes, Valencia oranges from Mexico, and Florida grapefruit and oranges.

TFWC Set In Lubbock; Schedule Is Announced

Mrs. Ben W. Boyd of Denton, president of Texas Federation of Women's Clubs has announced the state convention will be held in Lubbock on May 4-8th, with headquarters at the Lubbock Hotel. Opening at 9 a.m. on May 4, the preliminary program will include meetings of the state board of trustees, the executive committee, district presidents, and state and district project committees. The state board luncheon, to which all delegates and visitors have been invited, will be held at 12:30, May 4, at the Woman's Club, 2020 Broadway. Formal opening of the convention will be at 2 p.m. The Texas Dinner is set for 6:30 p.m. in the Matador Ballroom of the Caprock Hotel. Speaker will be the Hon. William A. Blakley, former United States senator, who will speak on "Texas—Time of Decision." Tuesday's program will open with a parliamentary law breakfast at 7:30 followed by the general assembly session at 9 a.m. A new feature of this convention will be the division of the group into panel sessions on education, international affairs, conservation and the American home. Tuesday night, at 6:30 the Pioneer Dinner will be held at the Hotel Lubbock in the East Ball-

Local Girls To Receive FHA Degree

Three local high school girls will receive the Future Homemakers of America State Degree this weekend in Dallas when the FHA state meeting draws students from various schools. Receiving the highest award given in FHA work will be Bobbie Newman, Janie Phillips and Beverly Alexander. Another high school pupil, Brenda Morgan, will sing in the All-State Chorus on Friday evening at the Fair Park Auditorium. Others attending from high school are Sherry Huffstetter, Annette Gilliland, Jean Hammond, Cheryl Jones and Bobbie Bennett. Goliad Junior High pupils include Sharon Gary and Alice Long, and from Rummels are Judy Pate and Linda Sudberry. Instructors accompanying the girls, who left this morning, are Mrs. Florence Lenox, Mrs. Jack Alexander, Sally Sandlin, Mrs. Nina Rose Walker and Mrs. F. Ferris.

Joins 'W' Club

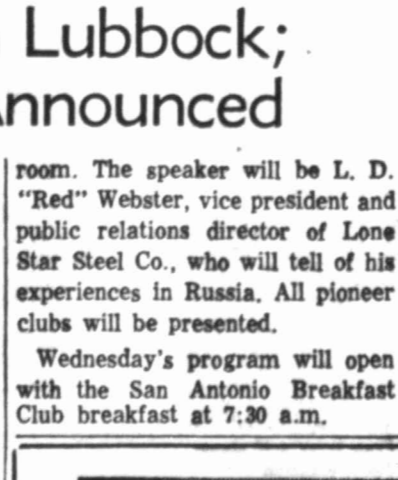

Patricia Bradford, an Abilene Christian College junior, is one of the 19 girls recently accepted in the "W" Club of Abilene Christian College. The "W" Club is a woman's honorary organization composed of junior and senior girls. Membership is based upon character, scholarship, leadership, and service. Patricia is the daughter of Mr. and Mrs. S. A. Bradford, 1316 Wood Street.

'ROUND TOWN

With Lucille Pickle. It never had occurred to me to wonder why the Spanish señoritas had such wide smiles when they were holding a rose between their teeth, but now I believe I know. It's because they simply don't dare to close their lips on those thorny stems. This lesson I learned when attempting to go "South of the Border" for the Forum Fiesta luncheon. Most of those present for the occasion were dressed in squaw dresses in the most beautiful pastel shades. This is, to me, one of the great improvements over the bright colors so often associated with the Latin American countries. MRS. H. H. TANNER wore a beige silver trimmed dress and topped her costume with a straw hat similar to those featured by calypso dancers. MRS. E. R. WOOD'S dress was pink, as was that worn by MRS. RICHARD PATTERSON. MRS. BUEL FOX went all out for red and was one of many who wore the rose in her hair. . . . MRS. JESSE L. COCKER was a guest. She has recently moved here from Wichita Falls. Another attractive guest was MRS. JIMMY DORLAND, who was most striking in a beige linen sheath with small sead pearl floral design. Her turban type hat was matching beige. . . . Our luncheon partners were MRS. CHARLES NEEFF and MRS. LEWIS CROWELL, who enjoyed the style show which was pretty well taken over by "the Jones girls," MMES. OMAR, GUILFORD, JIMMY, and J. D.

Garden Council Told Of Awards

At a meeting of the Council of Big Spring Garden Clubs, Wednesday morning, announcement was made of the first award on the club yearbook presented to the Junior Garden Club. The group also won first place in District One for the Litterbug project, it was stated. Mrs. R. O. Carothers was hostess for the council, when reports on the recent district convention were given by Mrs. Clyde Angel, who attended the sessions in Lubbock. Installed as second vice president was Mrs. Obie Bristow while Mrs. Roy Bearden of Lamesa will serve as first vice president. Mrs. H. D. Lewis of Dumas was installed as governor of the district. Mrs. Bristow distributed and explained the schedules for the Spring Flower Show, which is to be given May 1 in the Student Union Building at Howard County Junior College. Staging of the show will be done by the Oasis and the Big Spring Garden Clubs, with the other four units making up the dis-

plays. Included in the council are the Planters, Spaders, Rosebud and Four O'Clock Clubs. Eight members of the council were present with two guests, Mrs. Bristow and Mrs. Dale Smith. Hospital Auxiliary Officers Elected LAMESA—Organization of the Medical Arts Hospital Auxiliary was completed at a coffee given Tuesday morning in the Woman's Study Club. President of the group is Mrs. Henry Stafford; first vice president, Mrs. A. G. Bernard; second vice president, Mrs. Hal Boyd; third vice president, Mrs. Stanley Applegate; secretary, Mrs. Sam Haney, treasurer, Mrs. Ellis Rossen. (FROM ANTARCTICA AND THE WORLD'S MOST FEROCIOUS WEATHER...)

DIXIE DUGAN

DO SIS DO THIS TO YOU?

I DON'T KNOW... I DON'T THINK SO...

ALL I KNOW IS, I THOUGHT I SAW THE MEAT BOY AT THE BOTTOM OF THE WELL. I LEARNED WAY OVER PROBABLY GOT DIZZY AND FELL IN...

OR WAS HELPED IN...

NANCY

YOU PROMISED ME A BOUQUET OF FLOWERS FOR MY BIRTHDAY

I HAVE YOUR BOUQUET ALL READY FOR YOU

BUT YOU'LL HAVE TO PICK IT YOURSELF

CITY PARK

DO NOT PICK FLOWERS

L'IL ABNER

AH IS L'IL ABNER YOKUM!

OH, BUT YOKUM! YOU IS SO WRONG! AH IS L'IL ABNER YOKUM!

AN' THAR CAN'T BE TWO O' US!?

RIGHT! ONE OF US HAS GOT TO GO!

FOUL! YOU' BLIND-FOLDED ME WIF MAH OWN PIZZA!

IT'S BETTER YOU' CAIN'T SEE WHUT'S GONNA HAPPEN!

BLONDIE

TELEGRAM FOR MR. BUMSTEAD

DAGWOOD

IT'S BIRTHDAY GREETINGS FROM MR. DITHERS

HOW THOUGHTFUL

NOW, ISN'T THAT SWEET OF MY BOSS TO REMEMBER ME ON MY BIRTHDAY?

HE'S A DOLL

IT'S COLLECT-A DOLLAR TEN, PLEASE

ANNIE ROONEY

THIS NOTE FROM MISS TEECH—EXPLAINING WHY SHE AND ANNIE RAN AWAY—TOOK THE WESTBOUND BUS—JUST TO RELEASE ME FROM THE VICIOUS HOLD 'AUNTIE' VIOLET HAD OVER ME—

IT WAS ALL LITTLE ANNIE'S IDEA—WHAT A WONDERFUL CHILD! IF THEY HAD ONLY WAITED THEY WOULD KNOW THEIR SACRIFICE IS NO LONGER NECESSARY—I CAN LEAVE FOR HOME TOMORROW—

WHEN WE'RE ALL TOGETHER BACK ON THE RANGELI FILL MAKE AN ALL-NEW LIFE FOR ANNIE—NOW I MUST PACK—

I KNOW THAT'S A SLOPPY, MUDDY-LOOKIN' ROAD DOWN BY THE RIVER, ZERO, BUT THERE'S TOO MANY POLICE CARS UP HERE ON THE HIGHWAY!

SNUFFY SMITH

LOWEEZY SMIF!! DRAP THAT GRUBBIN' HOE THIS VERY INSTANCE!!

BLESS YORE BONES, PAW!! THAT'S TH' FUST TIME IN THUTTY YEARS YE OFFERED TO TAKE OVER TH' HOEIN' FER ME

JUGHAID!! FETCH ME A CAN!! I GOT MORE FISHIN' WORMS THAN YE CAN SHAKE A STICK AT

GRANDMA

HOW CAN YOU TELL WHAT YOU'RE DOIN' WITH YOUR GLASSES OFF, GRANDMA?

OH, WHEN I'M REAL BUSY AN' HAVE LOTS O' WORK T' DO...

I ALWAYS SPADE THE GARDEN WITHOUT MY SPECS.

THAT-A-WAY I CAN'T BE TEMPTED BY THE FISHIN' WORMS I DON'T SEE!

DONALD DUCK

PLEASE DON'T COME UNTIL FIVE, DONALD. I WANT TO TAKE A BEAUTY NAP!

O-KAY, TOOTS!

DING-DONG... DING...

WELL, HOW WAS YOUR BEAUTY NAP? HEY, WHAT HAPPENED, INSOMNIA?

PEANUTS

WELL, HOW DID PRACTICE GO TODAY, LUCY?

FINE... I'VE BEEN CHASING FLY BALLS, AND GETTING IN A LITTLE BATTING PRACTICE.

OH, INCIDENTALLY, HERE'S MY BILL FOR THREE DOLLARS AND SEVENTY-FIVE CENTS.

I DON'T PLAY BASEBALL FOR NOTHING, YOU KNOW!

JOE PALOOKA

YOU WEL GO TO ZEE BASTILLE, MARSEILLE POMY!

I DON'T STEAL YOUR MONEY... YOU DROPPED IT! MY CREDITORS WERE PRESSING ME—I HAD TO USE THE CASH OR LOSE THIS PLACE!

AHA!! SO YOU TRIED TO TEEK NAPOLEON WEEH YOUR FAKE PAH-READINGS?

WELL... I PREDICTED YOU WOULD OWN A RESTAURANT—HERE... I AM GIVING YOU THE BUSINESS!

MARY WORTH

I REALLY HIT PAYDIRT IN THIS DESK!... THE OLD BIDDY SAVES EVERYTHING!

ADDRESSES OF ALL HER CLOSE FRIENDS HERE IN THE CITY—AND THIS IS PERFECT!... CLIPPINGS ABOUT A PARTY GIVEN FOR HER THE LAST TIME SHE VISITED GRANVILLE!

I MUST MEMORIZE THESE NAMES!

THAT SOUNDS LIKE HER COMING DOWN THE HALL! I DIDN'T FINISH MY HOMEWORK A MINUTE TOO SOON!

REX MORGAN

I'M CONFUSED, DR. MORGAN! PERHAPS IT WAS A MISTAKE FOR ME TO HAVE MARRIED WOODY!

I DON'T KNOW, GINGER! THE IMPORTANT THING IS... WHAT ARE YOU GOING TO DO NOW?

I EXPECT I CAME HERE TO HAVE YOU TELL ME!

IT'S FOR YOU, DR. MORGAN! CITY HOSPITAL EMERGENCY ROOM!

G. BLAIN LUSE

Your Cleaner Is Worth— Up To 50% To

POGO

IT'S HARD FOR ME TO UNDERSTAND WHY YOU IS SO MAD AT THE PUBLIC, PEACON.

I'm not—I'm an amicus humari generis cum zery laude indeed.

Which means I'll tell the world I'm his best friend and, as such, I saw the world is digging its own grave with a staring eyeball!

The brainless bawdage of the bouffant buffoon will bring us all to bottom—Ultima ratio regum—the ultimate reasoning of kings is WAR.

HOW WOULD YOU KEEP THE PEACE?

Mirabile dictu! Simple! I'd keep the peace by attacking all enemies first!

KERRY DRAKE

THE RECORD JACK PLOTTER DIES

POOR DEVIL! YOU MUSTN'T FEEL RESPONSIBLE!

YOU MUSTN'T, DARLING!

I SEE THEY'VE TAKEN HIS WIFE AWAY... TO A PLACE WHERE SHE CAN BE HELPED!

I CAN'T QUITE UNDERSTAND WHY SHE WENT ALONG WITH HIS WILD PLANS!

I CAN!... SHE LOVED HIM, KERRY!

GRIN AND BEAR IT

BEACH FIRE MOTORS

"You better make it longer, lower and wider... If we're going into the small car field we want it to be the GIANT of the small car field!"

OUTDOOR living

creates a huge new market for advertisers
in the TOTAL SELLING MEDIUM...

Today more people are interested in OUTDOOR LIVING than ever before. For many, outdoor living begins right in their own backyards. People are gearing their grounds for everything from active sports (like swimming) to dining and sun-basking. All with a view to putting a bit of "vacation fun" into everyday living! Result: a large responsive market for "what it takes" to give the backyard its NEW look and NEW usefulness: patios, terraces, barbecues, swimming pools, outdoor furniture, outdoor lighting and a long list of accessories. People are actively looking for ideas on what to buy and WHERE to buy it. Most of them will do most of their looking in the pages of this newspaper!

Shopping for the needs and luxuries of outdoor living (like most shopping) starts in the pages of this newspaper. What better place to tell your story, if you have something to SELL to this rapidly expanding market? As always... to do a TOTAL selling job, use the TOTAL SELLING MEDIUM.
