10 Tornadoes Slash Texas, Injuring 10

By GARTH JONES
AP Staff Writer
Ten tornadoes slashed across Central Texas Sunday, injuring six persons and inflicting at least \$300,000 in property damage.

The most vicious tornado smashed into a residential and industrial area in the north part of Austin. No one was injured but damage was estimated at \$250,000. Six persons were injured when a tornado struck a rural area 7 miles south of Hearne.

ripped from U.S. 59 near George West, apparently by a tornado. A tornado funnel destroyed the home of Mr. and Mrs. Robert Reynolds, at Elmendorf, south of San Antonio. Another twister damaged a farm home near Corsicana.

"I noticed the rain was coming from the south and the wind from the north," T. A. Hodges said. "Then I heard this whistling sound and I yelled to my wife: 'Let's get inside. This is it.'"

Negro Charged In Shooting At N. Side Cafe

Charges of assault with intent to murder have been filed against Dillard White, a 40-year-old Negro, in the shooting of Steve Harper, another Negro, on the North Side Sunday afternoon.

The shooting occurred outside the Lakeview Cafeteria, operated by White and located in the 700 block of Wyoming. According to accounts by witnesses as well as White, the trouble stemmed from an argument between White and Harper inside the eating place.

Foreign Ministers Conference Begins

Parley Held Up Few Hours On Reich Issue

GENEVA (AP)—The Big Four foreign ministers conference was held into session tonight, 3 1/2 hours late, after running aground for a time on the question of how the East German government should participate.

The first session of the conference was scheduled for the Palace of Nations. Instead, Secretary of State Christian A. Herter and his Soviet, British and French counterparts got together informally at a British villa.

Key Figures At Geneva

These are the four men on whom attention will be focused in Geneva. Left to right: U. S. Secretary of State Christian Herter; French Foreign Minister Couve de Murville; British Foreign Secretary Selwyn Lloyd and Soviet Foreign Minister Andrei Gromyko.

spite the postponement of the formal opening session, the conference actually has started.

FUNDAMENTAL ISSUE
"We are in the middle of one of the fundamental issues which we expected the Geneva conference would have to face," said one official.

Diplomatic quarters also reported a complete tie-up in the four power liaison group which had been trying to agree on the size and shape of the table to be used at the conference.

The Soviet Union wants a round table on the theory it will make it easier to expand the conference. The Soviets would like to have Poland and Czechoslovakia, as well as East Germany, at the meetings.

The Western ministers met for just under an hour and discussed

four powers, one at each side. The Big Four foreign ministers were being entertained at a luncheon by the Swiss Federal Council.

Georges Palthey, deputy chief of the U.N. headquarters here, went to the luncheon in the hope of getting a decision out of the ministers on a time for opening the conference.

Earlier, Lloyd had called a meeting of the Western foreign ministers to consider a formula for settling the German participation dispute.

AT LLOYD RESIDENCE
West German Foreign Minister Heinrich von Brentano sat in with Lloyd, Herter and Couve de Murville. They assembled at Lloyd's residence.

The Western ministers met for just under an hour and discussed

versions of a compromise proposal on the role of the German delegations at the conference. Then Lloyd went to see Gromyko.

Western officials said the Soviet maneuver to seat East Germany was aimed at compelling a degree of Western recognition of the German Red regime.

The move could force a quick breakdown of the conference, they declared, but most of them expected Gromyko to back down.

The West is willing to invite the East and West Germans in as observers but not as full-fledged participants.

British informants said Gromyko and Lloyd had talked about something along this line: Gromyko would drop his demand to have the Germans seated at the conference table. The Western ministers in turn would agree that the German representatives could speak out in the conference instead of making their views known only through one of the Big Four ministers.

U.S. Employment List Sets New Record With 65 Million

WASHINGTON (AP)—The number of Americans at work rose by over a million in April to a record total of 65 million. Unemployment declined by 735,000.

The improvement in both employment and unemployment were double what is seasonally expected in April.

Secretary of Commerce Lewis Strauss and Secretary of Labor James P. Mitchell said in a joint statement the figures demonstrate a rapidly accelerating job recovery.

Employment rose to 65,012,000, an increase of 1,184,000 over

March. This is 2,105,000 more jobs than in April last year.

Unemployment declined to 3,627,000, dipping by 735,000 from March. This is a decline of 1,493,000 from the recession conditions in April of last year.

The 1957 figures in April were 64,261,000 employed and 2,690,000 unemployed.

In the first four months of this year unemployment has dropped by over one million.

hiring in hard good manufacturing together with the spring expansion in agriculture.

The seasonally adjusted rate of unemployment in the labor force dropped to 5.3 per cent in April by comparison with 5.8 per cent in March and around 6 per cent during the winter months.

Strauss and Mitchell said in their joint statement: "This April, one year after the turning point in the recession, the rate of unemployment was about two-thirds of the way back to prerecession levels. The strong improvement in the last two months was in contrast to the lag in job recovery during the past winter."

Both the factory work week and earnings increased in April. The manufacturing work week rose to 40.3 hours, two hours greater than a year ago. More than half the gain represented increased overtime.

Average weekly earnings of factory workers hit a record of \$99.87 in April, up 63 cents from March. This was more than \$9 higher than a year ago, mainly as a result of the increased hours in overtime pay. Hourly earnings rose 1 cent in April to \$2.23, or 12 cents higher than the average a year ago.

Commissioners Go Over Road Problems

Road problems took up most of the Commissioners Court session this morning, with no final decisions reached.

W. P. Langley of Shell Pipe Line Corp. conferred at length with commissioners over lowering of a 10-inch oil line which crosses the Hyman road in the southeastern part of the county. The road is to be widened and improved as FM 2183, and the pipe line will have to be raised and lowered at the crossing point.

Langley said the project will cost about \$2,850, and he proposed that the county pay half of the bill. He said company maps show that the pipe line was installed prior to establishment of the road, but commissioners said the road was in existence when the line was constructed in 1929.

Commissioners also pointed out that they had requests from other companies that the county share the cost of lowering several pipelines, but that no decision to participate has been made.

Jack Y. Smith of Cosden Petroleum Corp. talked with the court concerning a proposed new road to serve residents of the area north and northeast of the Cosden refinery.

He suggested that the road be constructed north from U. S. 80 along the west side of Cosden property, then eastward along the north side of the refinery land before turning north to intersect the Old Colorado City road about four miles to the north.

Commissioners expressed considerable interest in the proposal. Earlier, they had considered possibility of opening the road along the east boundary of the Cosden land, but seven railway spurs would have to be crossed if that route were followed.

A brief airport discussion was held with T. E. Wilcox, private flier, who said he hopes to provide whatever service he can in development of the new county airport. He said he may eventually establish an aircraft radio service shop at the field.

Judge Ed Carpenter told Wilcox no decision has been reached concerning appointment of an advisory committee to work with commissioners in setting up operating policies for the airport. The judge invited Wilcox to attend a meeting at 10 a.m. Wednesday when plans for the proposed terminal building will be presented by architects.

Two weeks ago last Saturday, Mrs. Brown disappeared with their children, James, 14, Louise, 10, and Stella, 3. She went in the Brown's small car, leaving their new sedan behind.

Also gone was \$4,800 from the family savings account. "We were saving the money to buy an inn in Mexico City."

Their last day together had been a happy one, Brown said. It was April 24. The next day was Mrs. Brown's 34th birthday. Brown and the children had baked her a cake.

"We'd lived here about 11 years. We'd gotten along fine. My wife was president of the women's society in the church, and several months ago I was asked to be the town's scoutmaster."

"The calls began about two days ago. It was after I got shore duty and was home more often," said Brown, a chief engineer in the Maritime Service.

Brown is listed on his birth certificate as white. "But there is some Negro blood several generations back in my family. It has not shown up in any others in my family but it's pretty strong in me."

"In Europe they take me for an Indian and in India they think I'm a Spaniard."

Police have issued a 13-state alarm and Brown has hired a private detective and offered a \$1,000 reward. He has checked his wife's family in Douglas, Wyoming, where the Browns were high school sweethearts. They haven't heard from her.

Part-Negro's Family Flees From 'Fear'

NORWOOD, N.J. (AP) — "I think," said part-Negro ship officer Jean Brown, "it was a flight from fear."

It has been 16 days since his white wife and their three children disappeared from their comfortable suburban home. "There hasn't been a trace. Not a word," said Brown today.

"I think my wife fled because of a threat about our mixed marriage," Brown said. "It couldn't be anything else. We were a happy family."

A happy family but one that for several years has been harassed by phone calls at all hours of the day and night. "Sometimes as many as 60 a month," said Brown.

"My wife would answer the phone and some one would say something slanderous about 'that nigger husband of yours' and hang up. We tried but couldn't trace the calls."

Two weeks ago last Saturday, Mrs. Brown disappeared with their children, James, 14, Louise, 10, and Stella, 3. She went in the Brown's small car, leaving their new sedan behind.

21 Meet Violent Death In Texas

At least 21 persons met violent deaths during the weekend in Texas.

Traffic accidents accounted for 11 fatalities. Drownings, shootings, strangulation, a plane crash, and a homemade helicopter crash accounted for the other deaths.

Clovis Simpson of Midland was killed Sunday in a one-car accident 8 miles north of Eldorado in the San Angelo vicinity. His companion, Miss Gail Bingham Rivera of Midland, was injured. Police said Simpson's auto hit a bridge abutment.

Final House Action Sends Lyndon Measure To Daniel

AUSTIN (AP)—Final House action sent to Gov. Price Daniel today a bill to boost Sen. Lyndon B. Johnson's possible presidential dreams.

The bill moves Texas' primaries back 11 weeks, sharply amends convention procedures. It will give Johnson time to put on a national campaign for the Democratic nomination if he wants to.

Final action on the primary bill disposed of one of the waning session's remaining major issues.

A timid Legislature that found its money problems too tough to solve began its next to last day, its calendars jammed with many local or minor measures.

Speaker Waggoner Carr delayed formal opening of the House for five minutes to permit a House committee to recommend passage of a bill outlawing nudist camps. That gives it a chance for final passage.

By the bill a person convicted of attending a nudist camp could be fined \$500 or jailed one year. The attorney general has held the bill constitutional.

The Senate passed a resolution asking A&M directors to look into possibility of admitting women students to bolster waning enrollment there.

The last bell rings tomorrow at 6 p.m. The lawmakers on the first

day of the session that started Jan. 13 decided when to quit.

Daniel, showing signs of irritation at complete defeat of his program to retire the 65 million dollar general revenue fund deficit and to balance the 2 billion dollar budget for 1960-61, called a special session. It will start a week from today at 11 a.m.

Daniel also mildly reproved the Legislature for its failure to work harder on the spending and taxing problem. He said it would finish the fiscal job in the 30 days to which a special session is limited if it would work on Friday, Saturday or perhaps at night. This session has mostly worked a four-day

week. The governor said he was willing to match hours and effort with the lawmakers. He said he would be available this week for conferences with anyone who had an idea on where to find the millions of dollars in tax money the state needs if its services are not to shut down Sept. 1. That is the start of the next two fiscal years.

This session has been characterized by long hours of committee hearings, short floor sessions.

Most bills and all controversial measures have been shunted to subcommittees. Most of the 1,500 or so bills introduced will die when the clock strikes 6 tomorrow.

College Football Controversy Topic

WASHINGTON (AP) — College football is being punted back and forth between the Capitol and the Folger Shakespeare Library. The score so far adds up to 0-0.

Taking his stand for football is Rep. William Jennings Bryan Dorn (D-SC), onetime backfield terror of Greenwood, S.C., High School.

He has this to say in the Congressional Record: "We need more football and less sex education. It has been my observation that in those schools where intercollegiate football has been attacked and discontinued, there you will find a trend toward conformity, socialism, so-called intellectualism and extreme liberalism."

Now listen to another distinguished son of South Carolina, Dr. Louis E. Wright, director of the Folger Shakespeare Library. "Only in freshwater colleges do the students still believe that the chief purpose of college is to beat old Siwash."

"If it were not for some of the more thickheaded alumni, intercollegiate football would disappear overnight from many American colleges," he said. "(It) is as obsolete as the tail of the dinosaur. Every autumn it does more harm to the efficiency of American colleges than a plague of influenza."

Dr. Wright got off his blast in a speech at Wofford College, Spartanburg, S.C., where he spent his undergraduate years—and played basketball and tennis.

Dorn, who lists no college degrees in his Congressional Directory biography, blasted back a week later. He said Wright's speech was "most shocking to me as it came at a time when we are all becoming aware of the physical unfitness of our youth. As for those who chase football off the campus—'They howl about academic freedom, yet exponents of the free enterprise system and states rights and men who believe in individual liberty are scarcely welcome on the campus.'"

Wright had a different estimate of the schools that pulled out of intercollegiate competition.

"Already the rah-rah boys are on the way out in the first-class places," he said. "One of the most

Engineer Gets Special Training

Kenneth Stephens, electrical engineer for the Colorado River Municipal Water District, is undergoing special training in Providence, R. I., this week.

He is participating in a short course offered by Synrocscan, the type of remote operating equipment which will be installed in the district's McWhorter booster pump station in eastern Martin County.

The installation will take place next week after he returns from the special study. O. H. Ivie, production engineer for CRMWD, said that the arrangement would permit operation of the booster from the controls at the main pump station in central Martin County. Only one man will be required at the McWhorter station for emergency and maintenance duties.

Annual savings in personnel will be some \$8,000.

Daughter Is Born To Tommy Harts

A daughter, Phyllis Arlene, was born to Mr. and Mrs. Tommy Harts in Cowper Hospital at 9:27 p.m. Sunday.

The baby weighed nine pounds. She and her mother were reported in excellent condition this morning.

Phyllis is the second child for the Harts. Their other daughter, Carol Ellen, is 2½ years of age.

Grandparents are Mrs. B. S. Hubbard Sr. and Mr. and Mrs. A. C. Hart, all of Big Spring. Tommy Harts is sports editor of The Herald.

No Change In Dulles Condition

WASHINGTON (AP)—No change was reported today in the condition of John Foster Dulles, weakened by pneumonia in his fight against cancer.

The former secretary of state's sister, Eleanor Dulles, returned to Washington Sunday night because she felt "I should be nearer home at this time." Mrs. Dulles had been in Berlin representing the State Department at the 10th anniversary of the lifting of the Berlin blockade.

The State Department said Saturday that Dulles had developed a mild case of pneumonia, but his temperature had returned to normal after treatment.

After the wetting "demonstration" fizzled.

Local Woman's Mother Dies

Death Sunday took Mrs. Oda Terry, mother of Mrs. John W. Hodges of Big Spring. Mrs. Terry succumbed at her home, 4727 Capitol, in Dallas, about noon. She had been in steadily declining health for a number of months.

Mr. and Mrs. Hodges, 800 NW 18th, had gone to Dallas last Friday.

The funeral service will be held at 10 a.m. Tuesday, at the Sparkman-Brand Funeral Home, Dallas, and burial will be in the Hillcrest Cemetery there. The Rev. Bill Morgan Smith, Methodist minister of Greenville, will conduct the rites.

Mrs. Terry had visited here on numerous occasions, and resided at the Settles Hotel for a time about two years ago.

Besides Mrs. Hodges, there are two other daughters, Mrs. Edward J. Herrmann and Mrs. Leon S. May, both of Dallas; three grandchildren and one great-grandchild. Other survivors are a brother, J. M. Hooper of Fort Worth; and four sisters: Mrs. J. Will Goodman, Electra; Mrs. Robert Hibberts, North Zulch, Tex.; Mrs. Alva McMahon, Amarillo; and Mrs. Floyd Flynn of Clovis, N. M.

Rossmel was at POW Camp McCain, Miss., for five months from October 1943, and then shifted to Butler.

"When the war was about over," he said, "I decided that I did not want to go back.

"I had received \$20 a month as a POW lieutenant and had earned 80 cents a day doing extra work and thought I would use this money to escape with."

He made his way to nearby Danville, Va.

"I bought a new suit of clothes, shaved off my moustache and ditched the glasses," he said.

He headed straight for Chicago, took the name Frank Ellis and took the first of a series of jobs, including punch press operator, bartender, waiter and elevator operator.

His health finally ended his shadow life.

"I'm suffering from arthritis," he said, "and was advised to move to Arizona or New Mexico when I got to Cincinnati. I was broke and decided to give up running."

Escaped POW Finally Gives Up

By ROBERT RANKIN
Cincinnati Enquirer Reporter

CINCINNATI (AP) — "I never was a Nazi and never wanted to go back to Germany under any conditions."

That was the quiet statement in flawless English by a balding one-time German army officer, Lt. Kurt Rossmel, sought by the FBI for 14 years.

Rossmel, 52 and an expert linguist, said he faded into anonymity in Chicago and stayed there after escaping in August 1945, from prisoner-of-war Camp Butler, N. C. He finally surrendered to the FBI here Sunday.

The Immigration and Naturalization Service holds a hearing today on his status.

"The FBI turned over Rossmel to the Immigration and Naturalization Service, but he was released pending today's hearing. A spokesman for the service said Rossmel cannot be charged with illegal entry into the United States because he was properly admitted as a prisoner of war.

The spokesman also said the statute of limitations may have run out on prosecution for Rossmel's escape from the POW camp in 1945.

At a German-American club here Kurt Rossmel told of his wandering.

He said he had just returned from a Dutch East Indies plantation when he entered the German army in 1941.

"I was told that was the safest place to be," he said. "I was working in Holland when the Nazis took over the country. I went into the army as a private."

Rossmel said he was on kitchen police when a sergeant overheard him translating conversation between a Russian and a Czech.

"The next thing I knew, I was transferred to a language school in Berlin and a short time later commissioned a second lieutenant."

That led to duty as an interpreter in North Africa with Rom-

Juveniles Out Late Are Jailed

Juveniles who loaf around town late at night may find themselves explaining their activities to the juvenile officer.

The officer, A. E. Long, reported today that six youngsters were given lodging in the juvenile ward Saturday night and Sunday.

Four boys, ranging in age from 12 to 15 years, were jailed Saturday night after they were seen loafing in "The Flats" section of town, Long said. Two girls, 12 and 13 years old, were put in the ward early Sunday after they failed to go home Saturday night.

All six are Latin Americans. Long said other youths can expect the same treatment under similar circumstances.

World War I Vets Delegates Named

R. R. McKinney, A. E. True, Pierson Morgan and Jess Sluiter were elected Saturday evening to be delegates to the convention of Veterans of World War I and II to be held in Abilene May 24. Other members of the local barracks No. 1474 may attend.

Previously the barracks here elected officers with Slaughter being named commander; McKinney, vice commander; Oscar O'Daniel, junior vice commander; W. E. Mann, quartermaster; William A. Hunter, judge advocate; and A. E. True, chaplain. The barracks meets the second and fourth Saturday evenings at the old airport terminal building on U. S. 80.

Women Questioned In Vice Probe

DALLAS (AP)—More than a score of women returned under subpoena today before the federal grand jury which resumed its inquiry into North Texas prostitution.

The women are reported to have refused to tell the grand jurors so far what they want to know.

When the federal vice probe was first announced two months ago, the report was that numerous recent crimes of violence in Fort Worth and Dallas growing out of the prostitution racket had aroused federal interest.

Other reports had it that evidence showed that women were being shuttled between North Texas and Chicago for prostitution.

Spinning Storms Hit Midwest Area

By The Associated Press

Spinning windstorms reached into Michigan and Illinois today, killing one person at Ann Arbor and causing severe damage. Monticello, in central Illinois, was hit also.

The Ann Arbor storm, described by witnesses as a small tornado, ripped part of the roof from Yost Fieldhouse. At the Big University of Michigan stadium, press box windows were blown out.

Aldine School Bonds Pushed

HOUSTON (AP)—Aldine School District administrators prepared to canvass the district's 45,000 residents today in a last-ditch attempt to sell \$200,000 in warrants and reoper their schools.

Sales to individuals totaled \$90,000 through yesterday after the first three days of the campaign. The Harris County School Board also has granted the fundless district \$25,000.

Supt. Wm. W. Thorne said he expected the goal to be reached within a few days and that the district's 11 schools to start holding classes for its 9,000 pupils once again by the end of the week.

The Legislature authorized issuance of the warrants when the district ran out of money. Teachers walked out and said they would not return until their salaries were guaranteed through the end of the fiscal year.

Meanwhile, a court battle between factions of the bitterly-divided school board has been postponed until the end of the Legislature's emergency session.

An attorney representing a minority board group, Charles Whitfield Jr., is a member of the Legislature representing Harris County.

The case involves claims by certain members that others are no longer qualified to sit on the board because the areas in which they reside have been annexed by the Houston School District.

Valley Crops To Markets

McAlLEN, Tex. (AP) — Lower Rio Grande Valley vegetable crops are moving to markets on schedule with harvesting continuing on a full-scale basis. Growing weather has been ideal for the last month.

Tomato shipments in carlot quantities were increasing daily. And if the good weather continues, this week's loadings were due to exceed 100 carloads daily.

The hot, dry weather has enabled onions to be harvested and dried for uninterrupted deliveries during the last two weeks.

Valley corn moved in good volume. Cucumbers were shipped in light but steady quantities. The first spring peppers are due to begin moving this week in carload shipments. Pepper acreage in the valley is larger than last season.

The early tomato crop is in good quality. FOB prices last week generally were \$4 to \$4.25 for a 3-pound lug of 6x6 and larger, U.S. No. 1s.

Valley onion prices increased as the demand firming, but the market eased at the weekend because growers appeared to be in a hurry to clean their fields.

But sheds were still well stocked with the last of the onions.

The carrot market remained dull because hot weather has been hurting the growth of the late crop. Prices were poor with shippers of good quality carrots receiving mostly \$2 for a crate of 48 one-pound bags.

Leukemia Case Reported Cured

CHICAGO (AP) — A New York woman, afflicted with the nearly always fatal blood cancer known as leukemia, has recovered and remained well for more than five years, her physician reports in the journal of the American Medical Assn.

Dr. Carl Reich of New York's Lenox Hill Hospital said he does not know why she recovered.

Dr. Reich said the woman, a native of Limerick, Ireland, fell ill in 1951 at the age of 52. Her weight dropped 40 pounds to 120, her face was pale and her gums bled.

The diagnosis was leukemia, which affects the blood stream's white cells. The disease is "invariably fatal," the physician said.

In 1953, after typical treatment which included blood transfusions and liver extract injections, the patient lost the symptoms of leukemia.

Dr. Reich said it is possible some factor in the blood of one of the transfusion donors may have had an effect in the recovery.

Red Cross Leaders Hold Conference On Mutual Aid

FORT DAVIS — Fifty delegates of the Permian Basin Assn. of Red Cross Chapters met here Friday night and Saturday in a conference which stressed cooperation between chapters and the participation of Junior Red Cross workers in chapter activities.

Dr. C. L. Novosad of Odessa, association president, presided at the meeting, which was held at Indian Lodge in the Davis Mountains State Park. Other officers present were Mrs. Sully Cureton, president of Pecos, and Mrs. Margaret Huggins, secretary of Crane. It was emphasized that the aim of the association is mutual chapter aid.

Host chapters were of Brewster, Pecos and Presidio-Jeff Davis counties. On the program were Mrs. Boyd Laughlin, volunteer field consultant, of Midland, and A. D. Scott, Lonnie McCracken, Julie Windham, Judy Cast and Richard Bauman, all of Odessa, with Pam Gregg presiding over the group.

The meeting named the following committee chairmen: Mrs. Cureton on finance, Mrs. Laughlin and Mrs. Howard Cates as co-chairmen on disaster, Mrs. Harvey Lee of Odessa on programs, Harry Firstbrook of Marfa or first aid, Mr. Scott on JRC, and Mike Mason on publicity.

Wildcat Northeast Of City Is Flowing Oil From Fusselman

Oil flowed from Fusselman perforations at the Williamson & Barzes No. 1 King wildcat in Howard County over the weekend.

The project, about seven miles northeast of Big Spring, has been perforated from 9,302-12 feet, and after washing with mud acid and regular acid, it flowed 200 barrels of oil in an unreported time. The possible strike is 2½ miles southeast of the Big Spring field.

Aldine School Bonds Pushed

HOUSTON (AP)—Aldine School District administrators prepared to canvass the district's 45,000 residents today in a last-ditch attempt to sell \$200,000 in warrants and reoper their schools.

Sales to individuals totaled \$90,000 through yesterday after the first three days of the campaign. The Harris County School Board also has granted the fundless district \$25,000.

Supt. Wm. W. Thorne said he expected the goal to be reached within a few days and that the district's 11 schools to start holding classes for its 9,000 pupils once again by the end of the week.

The Legislature authorized issuance of the warrants when the district ran out of money. Teachers walked out and said they would not return until their salaries were guaranteed through the end of the fiscal year.

Meanwhile, a court battle between factions of the bitterly-divided school board has been postponed until the end of the Legislature's emergency session.

An attorney representing a minority board group, Charles Whitfield Jr., is a member of the Legislature representing Harris County.

The case involves claims by certain members that others are no longer qualified to sit on the board because the areas in which they reside have been annexed by the Houston School District.

Valley Crops To Markets

McAlLEN, Tex. (AP) — Lower Rio Grande Valley vegetable crops are moving to markets on schedule with harvesting continuing on a full-scale basis. Growing weather has been ideal for the last month.

Tomato shipments in carlot quantities were increasing daily. And if the good weather continues, this week's loadings were due to exceed 100 carloads daily.

The hot, dry weather has enabled onions to be harvested and dried for uninterrupted deliveries during the last two weeks.

Valley corn moved in good volume. Cucumbers were shipped in light but steady quantities. The first spring peppers are due to begin moving this week in carload shipments. Pepper acreage in the valley is larger than last season.

The early tomato crop is in good quality. FOB prices last week generally were \$4 to \$4.25 for a 3-pound lug of 6x6 and larger, U.S. No. 1s.

Valley onion prices increased as the demand firming, but the market eased at the weekend because growers appeared to be in a hurry to clean their fields.

But sheds were still well stocked with the last of the onions.

The carrot market remained dull because hot weather has been hurting the growth of the late crop. Prices were poor with shippers of good quality carrots receiving mostly \$2 for a crate of 48 one-pound bags.

Leukemia Case Reported Cured

CHICAGO (AP) — A New York woman, afflicted with the nearly always fatal blood cancer known as leukemia, has recovered and remained well for more than five years, her physician reports in the journal of the American Medical Assn.

Dr. Carl Reich of New York's Lenox Hill Hospital said he does not know why she recovered.

Dr. Reich said the woman, a native of Limerick, Ireland, fell ill in 1951 at the age of 52. Her weight dropped 40 pounds to 120, her face was pale and her gums bled.

The diagnosis was leukemia, which affects the blood stream's white cells. The disease is "invariably fatal," the physician said.

In 1953, after typical treatment which included blood transfusions and liver extract injections, the patient lost the symptoms of leukemia.

Dr. Reich said it is possible some factor in the blood of one of the transfusion donors may have had an effect in the recovery.

Women Questioned In Vice Probe

DALLAS (AP)—More than a score of women returned under subpoena today before the federal grand jury which resumed its inquiry into North Texas prostitution.

The women are reported to have refused to tell the grand jurors so far what they want to know.

When the federal vice probe was first announced two months ago, the report was that numerous recent crimes of violence in Fort Worth and Dallas growing out of the prostitution racket had aroused federal interest.

Other reports had it that evidence showed that women were being shuttled between North Texas and Chicago for prostitution.

Spinning Storms Hit Midwest Area

By The Associated Press

Spinning windstorms reached into Michigan and Illinois today, killing one person at Ann Arbor and causing severe damage. Monticello, in central Illinois, was hit also.

The Ann Arbor storm, described by witnesses as a small tornado, ripped part of the roof from Yost Fieldhouse. At the Big University of Michigan stadium, press box windows were blown out.

Lonesome Con Exits Pen On Mom's Day

FARMINGTON, Mo. (AP) — "I was just lonesome for mom." That was the way red-haired Billy Glenn Newhouse—accused of murder, kidnaping and rape—explained his escape from the ancient St. Francois County jail on Mother's Day.

Newhouse came back to jail of his own accord, flanked by his mother and two aunts, about nine hours after the escape was discovered. Three men who fled with him are at large.

Newhouse, 22, is to go on trial Thursday on a charge of murdering his uncle a year ago.

He walked into the office of Sheriff Clay H. Mullins Sunday and said: "I realized I made a mistake and wanted to come back."

One of the two aunts with him was Evelyn Greco, 42, of St. Louis, who persuaded him to surrender to a posse in a wooded area last year.

His mother, Virginia Newhouse, 40, and Miss Iva Gibson, 44, of St. Louis, also were with him.

Mrs. Greco said Newhouse telephoned her from a service station in St. Louis and told her he wanted to go back.

She said: "he said he wanted to see his mom for Mother's Day and he knew he had done wrong."

The four men pried loose a concrete block and smashed their way through the floor of the cell.

DEAR ABBY SIMPLE MATTER By ABIGAIL VAN BUREN

DEAR ABBY: To you this letter might sound ridiculous, but to me — well, it's driving me crazy. How does one go about celebrating an anniversary when, if you give the correct date, your friends will find out that you had to get married in a hurry?

DEAR NERVOUS: Lay your cards on the table and tell this watcher that it befuddles you to be watched while playing cards. Be sure to smile when you say it — and watch him smile when he moves.

DEAR ABBY: I am going steady with a boy who is my age (17) and if I weren't so nuts about him, I'd drop him. Last Sunday afternoon he said he'd be over. I waited all afternoon and he never showed up. About five o'clock I saw him riding around with some boys and when he saw me he slid down in the seat so I wouldn't see him, but he got up too fast. The next day at school he didn't even make an excuse for not coming over. He just said he "forgot." Can a boy forget a girl he says he is in love with?

DEAR STOOD UP: He says he's "in love," but at his age he is only capable of a diluted variety, called "puppy love." Puppy-lovers say a lot of things that eventually land them in the doghouse. Don't take him seriously. He's got a lot of growing up to do.

CONFIDENTIAL TO "DIMPLES": Less that sailor. He's a wolf in ship's clothing.

For your copy of "WHAT EVERY TEEN-AGER WANTS TO KNOW," send 25 cents and a large, self-addressed, stamped envelope to ABBY care of the Big Spring Herald.

DEAR ABBY: I play cards at a friend's home frequently and it's gotten so that I dread going there. Here's the reason: Her husband is always home and he stands behind me and watches me play. I don't know why he never stands behind anyone else. Just me. He never says a word but I can feel his eyes on my cards and his breath on my neck and I just want to scream. It has affected my game so that I always lose over there. I haven't the nerve to

Monk Choice May Split Coptic Church

CAIRO (AP) — The enthronement of a former hermit monk as patriarch of Egypt's Coptic Church is threatening a split with the church's Ethiopian branch. Gray-bearded Mina Albaramousy Almetawahed, whose last name means "The Solitary," was formally named Kyrillos V, "161st successor of St. Mark, founder of the Coptic Church and beloved disciple of Christ," in a ritual Sunday.

A congregation of 2,000 watched

as the 57-year-old prelate was led to the base of seven steps by bishops and laymen in colorful robes. He stopped to kneel and pray on each step, as the bishops read Biblical verses.

Before the altar he shed his black robes for the rich vestments of patriarch and received his crown and golden scepter.

But only two Ethiopians, priests from the Ethiopian mission in Cairo, were present. On the eve of the enthronement the Ethiopian Church sent a letter to the Egyptian Coptic Church saying it did not recognize Kyrillos as patriarch. Egyptian Copts said the Ethiopians are threatening to elect their own patriarch, claiming that they were not fairly represented among the 486 electors who chose Kyrillos April 10.

The Egyptian church numbers more than one million. The Ethiopian branch is estimated at about

four million. They have been linked since the 5th century though their relations have been strained since 1948.

President Gamal Abdel Nasser of the United Arab Republic on April 28 issued a decree recognizing Kyrillos. The Middle East News Agency said Ethiopian Emperor Haile Selassie also had sent a message congratulating him.

The new patriarch once worked for a travel agency in Alexandria. He became a monk in 1927 and lived in solitary in a cave in the desert for six years. Later he became abbot of a convent in upper Egypt.

The Coptic Church has been an independent branch of Christianity since the 5th century when it rejected the decrees of the Council of Chalcedon.

HOLLYWOOD BEAUTY

Small Girl Confesses To Problem Of Styles

By LYDIA LANE
HOLLYWOOD — "I've come a long way in learning what styles are right for me," Peggy King declared. "So I firmly believe that everyone can acquire taste. A tall girl has it much easier. She can wear almost anything, but when you're just five feet tall, like me,

you have to learn how to choose clothes that give you height.

"It takes time to establish a type. You have to know when to make the transition from the co-ed type to something more high-fashion. For a while I was on a little-girl kick with billowy skirts and Peter Pan collars, but I've discovered this no longer expresses my personality.

"Another mistake I made was wearing colors that were too bright for me. I have fair skin, I don't tan well, and anything vivid robs me of what coloring I have. Pastels or black and white are most flattering to me."

Peggy was chatting with me in her dressing room at ABC where she was playing her first non-singing TV role in a "Maverick" episode.

"I have to be very careful about the length of my skirts because of my height or I look cut off. I've learned to ignore any style that is unbecoming. I ask myself what the dress will do for me."

Peggy confessed that she was glad the new styles were not so exaggerated.

"I think men admire a natural figure," she observed. "I feel there is no quicker way to lose a beau than to wear too extreme styles, especially if it makes him feel conspicuous and uncomfortable."

"I've always felt that a bit of black lace or chiffon was infinitely more alluring than a plunging neckline. Men like a bit of mystery—something for the imagination," she added.

Peggy mentioned make-up and the difficulty in applying rouge to look natural.

"No one wants a painted look, but if you need a bit of color it should blend with your skin tones. I've discovered that if I use a damp sponge on a dry cake of rouge, it blends in perfectly. If you want to look as if you are wearing no make-up at all," Peggy said in conclusion, "be prepared to spend a lot of time because you can't get a natural effect in a hurry."

SEE YOUR QUALITY BUICK DEALER...AND Get inside the clean winged beauty of Buick '59

Watch Dale Robertson in Tales of Wells Fargo on NBC-TV Monday Nights

Along with the most talked about style on the road today goes performance new even to owners of previous Buicks... and too great for you to miss.

Buick '59 is livelier yet smoother, more powerful yet thrifter, as any previous Buick owner will tell you. And credit goes to the turbine smoothness of Buick transmissions, plus the new responsiveness of Buick "Wildcat" engines.

At the wheel, too, you'll find new handling ease and finned-brake sureness that owners

put high on their "most liked" list.

But that's far from all these owners tell us. They talk about new operating economy from the most efficient power plant on the road today. About quality of finish and detail, and of quietness that even beats the best of Buick heretofore. They speak of reliability... and they speak of the pure pleasure of owning a Buick '59... in ways that warm the heart.

LOOKING 'EM OVER

By TOMMY HART

Bobby Wright, Big Spring's experienced campaigner, won the Howard County Invitational Golf tournament staged recently by Mr. and Mrs. Sunny Edwards at the Cree Meadows course in Rudoso, N. M.

Wright, who has won a flock of other links honors in his time, defeated another local resident, Weldon Bryant, in the finals, after shading Kent Morgan in an earlier round.

Mr. and Mrs. Edwards, one-time Big Spring residents, planned the tournament primarily for their many friends here but several linksters who reside elsewhere than Howard County were invited and permitted to take part. In all, 26 people played in the tournament.

The Cree Meadows course was and is a rugged challenge. Wright birdied the past two holes in one round, yet wound up with a four-over par 40.

The Edwardses are prepared to do a landslide business this summer, when people from a wide area converge upon Rudoso for horse racing and other activities.

A number of boys from this area of West Texas apparently made an impression on Coach John Bridgers and his staff of football assistants in the spring drills at Baylor University.

Royce West, 206-pound junior from Stamford, vied for a first string tackle job with Ken Chancellor of Gilmer for the right tackle spot and wound up on the No. 1 team.

John Markham of Odessa was the No. 3 center at the end of spring drills. He's a 207-pound sophomore. No. 2 quarterback was Robert Starr of Haskell, 192-pound junior letterman.

No. 2 fullback was Sonny Whorton, 180-pound soph from Rusk.

Roy Dowden, 175-pound senior end, missed most of the spring workouts due to injury. He'll have his work cut out for him this fall, if he's to figure in the running, because the Bears are well stocked in ends.

Bridgers says he found the Bruins "mighty green, but mighty willing." They'll be light and inexperienced but with better than average speed.

Baylor opens play against Colorado in Boulder Sept. 26 and meets LSU in Shreveport Oct. 3 before coming home on Oct. 10 to oppose Arkansas.

Gloria Strom Ezell, the one-time Big Spring resident who now calls Midland home, still manages to play a fair hand of golf despite that siege of illness a few years ago.

Gloria recently advanced to the quarter-finals of the Midland County Club Women's tournament before losing to the medalist, Pat Garner Stapler, 8 and 7.

Seminole High School has advanced Jake Harrell to the job of athletic director and head football coach but the head basketball job will be handled by Joe Reneau.

Metz LaFollette, who moved on to West Texas State College as basketball mentor, held all three positions last year.

LaFollette is the fellow who quit professional baseball back around 1953 after he had been traded by Big Spring by Lubbock.

Metz has his work cut out for him at West Texas. Once one of the nation's best known college quarterbacks, West Texas has had difficulty winning in recent seasons.

Three Girls Win Varsity Letters

Three girls have won varsity tennis letters at Big Spring High School, Coach Billie Clyburn has announced. All are juniors.

They are Betty Ellison, Layla Ann Glaser and Joan Bratcher. Over the season, the Sterrettes won 12 matches, losing 16. Metz had Betty not cut her foot and had to miss part of the campaign.

Back To Denver

DENVER (AP) — Outfielder Gordon Windhorn, who won the American Ann, batting title last year, will return to the Denver Bears, General Manager Bob Housam announced today.

AARON, MATHEWS RP INTO ENEMY HURLING

By JACK HAND Associated Press Sports Writer

The Milwaukee Braves are riding high again with Hank Aaron and Eddie Mathews cutting a wide path through the National League.

Aaron's .485 average is the best in the majors and his 49 hits are high for both leagues. Mathews sops the big show with 11 home runs and 27 runs scored.

Their explosive punch is the main reason for Milwaukee's first place status. The Braves resumed the lead Sunday by taking a pair from Cincinnati.

The Braves scored seven runs in the eighth, after Don Newcombe left, in the 12-4 opener in which Mathews hit No. 11 and a pair of singles.

Aaron broke up the 2-1 second game with a tie-snapping single in the ninth. It was his fifth hit of a busy afternoon.

Los Angeles climbed into second place for a 3-2 victory over San Francisco, made possible by Clem Labine's second game-saving relief job in two days. Labine turned in two scoreless innings, preserving Johnny Podres' fourth victory.

The Phillies and Pirates ran afoul of that Sunday curfew rule in Pittsburgh. After the Phils handed Bob Friend his sixth straight defeat 6-3 in the opener, the Pirates had opened up a 6-4 lead on Smoky Burgess' hitting when curfew sounded. They were in the last of the eighth, so the game must be completed July 21 before it goes into the standings.

Downtrodden St. Louis finally won a series, splitting a two with Chicago for a 3-2 edge in a five-game series. Although Bobby Thomson hit two homers and drove in six runs, it took an 11th inning homer by Earl Averill to give the Cubs a 10-9 edge in the opener. Gino Cimoli, who had a big hitting day, teamed up with Curt Flood in some ninth inning heroics to give St. Louis the second, 8-7.

Milwaukee had lost the first two games of the series to the Reds but dropped the visitors into third place by taking the doubleheader. Bob Rush won the first from Newk with help from Don McMahon and Carl Willey out-pitched Joe Nuxhall in a fine duel.

Rip Repulski and Charlie Neal homered for the Dodgers and Felipe Alou for the Giants before a San Francisco sellout of 22,641. Alou's homer following a towering double by Willie Mays in the eighth prompted Manager Walter Alton to bring in Labine.

In that suspended game at Pittsburgh, Burgess had driven in four runs with a three-run pinch homer and a double when curfew intervened.

There was an oddity in the St. Louis-Chicago doubleheader. Lindy McDaniel of the Cards led the first and won the second, both on relief. It was the same story for Chicago's Elmer Singleton who came from the bullpen to win the first and then lost the second.

Tigers Outlast Midland Colts

MIDLAND (SC) — The Big Spring Tigers took a four-run lead in the first inning and returned with a strong fourth to stun the Midland Colts, 13-9, here Sunday.

Joey Cadenhead came on for Danny Valdes in the fourth with Big Spring leading, 6-5, and stayed on for the victory. Maria Torres was the loser.

Ramiro Jaima, catcher, thumped a home run with two on in the fourth as the Tigers sailed away the game. Two other runs were scored in that inning for the widest margin, 11-5, after a 6-2 first inning score.

Ramiro also had two doubles and a single to his credit and Midland's Torres had a triple for the afternoon.

Both teams committed three errors. Each squad hit well; Big Spring had 15 hits and Midland 12. The Tigers go against Carlsbad at Steer Park next Sunday.

The team wound up in fourth place in Class D with an aggregate score of 2519. The tournament ends next weekend.

Meeks, Pike and Tinkham all placed in singles while Tinkham and Gordon teamed up to place in doubles competition. Several of the Big Spring entries were "on the board" in all-events competition, too.

Yogi Berra Sets Defensive Record As Yankee Catcher

NEW YORK (AP) — Yogi Berra has kept keeping count of all his baseball records but he's pretty proud of his new one — 148 straight games behind the plate without an error.

"All my other records I've had to do with batting," the squat, hunch-shouldered catcher of the New York Yankees said today. "This one is in fielding. It shows I'm not such a clumsy ox after all."

Yogi recalled that when he first came to the Yankees in 1946 his bosses cringed when he put on the pads to catch.

"I must have been pretty raw and rough around the edges," he said. "Bill Dickey worked hard with me. If I've learned anything as a catcher Bill deserves most of the credit."

Berra caught both ends of a doubleheader against Washington, swept by the Yankees 6-3 and 3-2, the latter in 10 innings. He surpassed the old mark of 147 errorless games set by an ex-Yankee, Buddy Rosar, Philadelphia Athletics player from 1945 to 1947.

Yogi's current mark started in 1957 and covers 970 chances. He doesn't recall the last error he made. "All I know is I'll be 34 years

Halimi And Durelle In Fight Warmups

By MURRAY ROSE Associated Press Sports Writer

This is warm-up week for world bantamweight champion Alphonse Halimi of France and Yvon Durelle, the Canadian and British Empire light heavyweight king.

Halimi, the squat, 27-year-old Parisian takes on Manila's Al Asuncion in a non-title ten rounder at Paris' Sports Palace tonight. This is the champ's sixth and final tuneup for a title defense against Mexico's Jose Becerra at Los Angeles, July 8.

Durelle, the rugged fighting fisherman from Baie Ste. Anne, N.B., shakes off his ring rust at Caribou, Me., Tuesday night. Yvon faces Tinker Picot of Dorchester, Mass., in a ten rounder.

The Canadian hasn't fought since he was kayped in the 11th round of a title thriller by old Archie Moore at Montreal last Dec. 10. Moore risks his crown again with Yvon at Montreal, July 15.

Victor Zalazar, Argentine middleweight contender, and husky Wifre Greaves of Edmonton and Detroit, clash in the feature ten-

Adams Is Fourth In Class B 880

Bryan Adams of Ackerly High School finished fourth in the Class B 880-yard race at the State Track and Field meet at Austin last weekend.

Lowell Bishop of Bangs, who won the event, set a new record. He was timed in 1:59.1.

Dennis Smith of Beckville and Don Middlebrook of New Deal trailed Bishop across the line in that order ahead of Adams.

IN TWIN BILL White Sox Mound Aces Stop Tribe

By JACK HAND Associated Press Sports Writer

Billy Pierce and Early Wynn, a pair of route-going pitchers in an era of relief-happy managers, have moved the Chicago White Sox within striking distance of the American League lead.

Although Pierce gave up 13 hits he went all the way for the White Sox to beat Cleveland 5-4 in 11 innings Sunday, winning on a single by Bubba Phillips, who had tied the score with an eighth-inning homer.

Wynn, a 39-year-old professional, completed the job on the league-leading Indians with a four hit, 5-0 shutout. The Sox backed him up with a 13-hit attack including Del Ennis' first American League homer.

Detroit's Tigers continued to streak under new manager Jimmy Dykes, whipping Kansas City 7-6 for their seventh victory in eight starts under the new boss.

The New York Yankees proved they are not quite ready for burial by taking a pair from Washington 6-3 and 3-2, the second in 10 innings.

The Boston Red Sox also did their bit to lighten up the American League race, grabbing two from high-flying Baltimore 3-2 in 10 innings and 5-1. Don Buddin's first home run won the opener for Leo Kliep. Frank Bauman's three-run triple and six-hit pitching did the heavy work in the second.

As the Western teams head East for their first extended road trip, the distance from top to bottom in the league is only 6 1/2 games.

The White Sox continued to torment the Indians whom they have beaten six times in eight starts. As a result, Chicago is only 1 1/2 games out of first place.

Pinchhitter Billy Goodman drove in the tying run in the White Sox 11th after Cleveland had scored once. Phillips then singled home the winner to give Pierce the edge over Dick Brodowski.

16 Boys Earn Baseball B's

Sixteen baseball players at the local high school have been awarded varsity letters, Coach Roy Baird has announced.

The Longhorns ended their season Saturday.

Of the 16, seven are seniors, seven are juniors and the other two are sophomores.

Seniors, with number of varsity letters earned listed in parentheses, are: Wilson Bell (3), Kenny Johnson (2), Elton Kelley (1), Bobby McAdams (2), Bernard McMahon (3), Chubby Moser (3) and Jackie Thomas (3).

Moser and Thomas served as co-captains of the team the past season.

Junior lettermen the past season were: Donnie Everett, Rayford Harrison, James Kinman, Jay LeFevre, Zay LeFevre, Jimmy Roger and Jerry Phillips. All won their first varsity letters.

Bob Andrews and Jerry Dunlap are the sophomores who were rewarded with monograms.

Reserve lettermen included: Rex Appleton and Jimmy Graham, both juniors; and Tommy Burleson, Johnny Case, Ronnie Clanton, Richard Combs, James Farris, Dwaine (Country) Harper, Dick Holman, Donald Newell and Tommy Whately, all soph.

Sophomores James Napper and Tommy Rutledge were given managerial letters.

Tornadoes Kill 5, Injure 21 Over Nation

Rains swept wide areas of the Mid-Continent Monday on the heels of tornadoes which slashed through six states over the weekend, killing five persons, injuring at least 21 and causing heavy property damage.

Scores of homes were demolished, huge semi-trailer trucks were tossed about like leaves and the four-building Iowa community of Fansler was wiped out in tornadoes which lashed Texas, Iowa, Oklahoma, Kansas, Missouri and Wisconsin Sunday. Tornadoes whipped through Oklahoma both Saturday and Sunday with roars which sounded to a farm wife "like a thousand winds blowing in all directions at the same time." It was in the Oklahoma town of Frisco that a twister killed five persons and injured nine.

Heavy hail storms followed the tornadoes in a number of communities. Then came the rains. Hail the size of baseballs fell in the vicinity of Corpus Christi, Tex., and egg-size hail covered the ground near Austin.

By states, this was the tornado-draw picture:

TEXAS—Ten tornadoes danced through Texas, injuring at least six persons and causing an estimated \$300,000 property damage. One smashed into a residential and industrial area in northern Austin and another lashed a rural area seven miles south of the community of Hearne. It was in that rural area that the six persons were hurt.

OKLAHOMA—The community of Frisco, in the southeastern section of the state about 12 miles south of Ada, suffered probably the heaviest tornado damage. Five persons were killed there and nine others injured. The twisters also whipped through the resort area around the Grand Lake in Northeastern Oklahoma, causing high property damage and injuring two.

IOWA—Buildings on 14 farms were flattened, the four-building community of Fansler was wiped out, and 70 head of cattle, 5,000 young turkeys and 700 hens destroyed in the weekend tornadoes. Only one man was injured. The communities of Guthrie Center, Yale, Rippey and Bagley also suffered property damage.

WISCONSIN—A tornado cut through sections of Green Bay and the suburbs of Preble and Ashwaubenton, injuring three persons, demolishing six homes and heavily damaging 50 others. Roofs were ripped from two paper company warehouses and four industrial buildings were demolished. High voltage wires were downed.

KANSAS and MISSOURI—Small tornadoes causing minor property damage in Elwood, Kan., across the Missouri River from St. Joseph, Mo., and at Elmo in the northwest corner of Missouri. At St. Joseph, winds unroofed an old theater.

Officers Kill Slaying Suspect

CLARKSDALE, Miss. (AP) — A Negro was killed by white officers Sunday a few hours after he shot a white man to death.

Jonas Causey, 60, a former mental patient, killed Orville Bailey, 50, with a shotgun, Sheriff Leigh-ton Miller said.

The blast that killed Bailey also slightly wounded Bailey's companion, B. W. Knight. Causey earlier shot and slightly wounded his wife, Miller said.

The sheriff said he and two deputies found Causey, a tenant farmer, standing in the doorway of his house holding a shotgun. "We tried for two hours to get him out, but he wouldn't come," the sheriff said.

"When we fired a tear gas shell into the house, Causey's wife came out but he wouldn't come even though we kept firing the gas into the house."

When the tear gas failed to bring Causey out, the officers began firing into the house until a shot hit the Negro, killing him, the sheriff said.

16 Persons Die In Train-Bus Mexico Crash

MEXICO CITY (AP)—Sixteen persons were killed in a railway train-bus collision 8 miles north of here last night.

Twenty-nine other persons were injured. They were brought into Mexico City hospitals as emergency authorities mobilized every available ambulance.

The majority of the victims were women and children passengers on the packed second class bus that operated between Mexico City and villages near San Juan Teotihuacan, site of the tourist-frequented pyramids of the sun and moon.

The driver of the bus was among the dead.

Police said the crash occurred about 9:30 p.m., shortly after the Mexican Railway train, bound for Veracruz from Mexico City, had left the station here.

The bus was completely destroyed and wreckage scattered along both sides of the track. Bodies were found scores of yards from the crash point.

Police said they believed most of the passengers were returning from Mother's Day outings and visits.

Ambulance attendants reported bringing in at least seven severely injured children ranging in age from five to eight years.

Debbie Dates Texan

Actress Debbie Reynolds and her date, Texas oil man Bob Neal, enjoy themselves at a SHARE benefit party for retarded children, at which Hollywood celebrities paid \$50 a couple to attend. Behind them is Jack Benny. Eddie Fisher has said he'll divorce Miss Reynolds in Las Vegas and marry Elizabeth Taylor May 12. Debbie has a California divorce but it is not final for nearly a year.

Latins Head For Cotton Meet With 'United Front'

MEXICO CITY (AP)—The Mexican delegation to the annual meeting of the International Cotton Advisory Committee opening May 14 will leave today for Washington, D.C.

The delegation is headed by Agriculture Secretary Julian Rodriguez Adame, who is also president of the recently formed eight-country Inter American Cotton Federation.

Countries in the federation are Peru, Colombia, Guatemala, Honduras, Nicaragua, Costa Rica, El Salvador and Mexico.

The federation at a recent session established headquarters in Mexico City and voted to put up a "united front" at the Washington meeting in defense of Latin American cotton producers.

A pact for "orderly marketing" of cotton, with participation of the United States, will be advocated by the Latin bloc, which has blamed U.S. "dumping" for the break in world cotton prices.

Meanwhile, an official of a growers' organization said that curtailed cotton acreage this year will result in cutting down Mexican dollar income from abroad by at least 60 million dollars (U.S.).

Rodolfo Rojas, president of the Cotton Producers Union, declared that reduced production would put approximately 500,000 fewer bales on the market than last year.

Estimated production of the 1958-59 cycle was 2,350,000 bales, and acreage cut estimates run from 25 to 35 per cent this year.

Rojas said he favored the creation of a government organization that would control plantings and sales. He ascribed the reduction in plantings to withdrawal of credits or the part of private dealers.

Of last year's crop, about 300,000 bales remain, Finance Minister Antonio Ortiz Mena told a bankers convention in Torreon yesterday. These will be sold by July, thus liquidating the 1957-58 crop, he added.

More Testimony In Air Hearings

HOUSTON (AP)—Second week of hearings in the Civil Aeronautics Board southern transcontinental air route case gets under way today with San Antonio, Beaumont, Lubbock and Midland-Odesa testimony to be heard.

The cities are among those which seek service on the Florida-West Coast route to be awarded by the board. At least 17 carriers seek to supply the service.

Dallas city and Chamber of

Commerce officials presented part of their testimony, along with Houston and other cities, last week and is scheduled to continue Wednesday.

Purpose of the hearing, conducted by Examiner Edward T. Stodola, is to determine whether there is a need for single-carrier service, and if so, which carrier is to be selected.

Stodola said the hearings likely will continue through October. A final decision is not expected before the end of next year.

Sir Winston Says 'Bye To America

NEW YORK (AP)—A man who carries the air of history about him — Sir Winston Churchill — was misty-eyed Sunday night as he said goodbye to America.

Dressed in gray and leaning heavily on his gold-tipped cane, the former British prime minister boarded a British jet at Idlewild Airport bound for his native England.

Not far away, in Brooklyn, is a remodeled brownstone house where his mother was born.

This was Churchill's ninth visit to the United States since the first dark days of World War II.

Churchill, 84 and ailing, paused at the ramp as he boarded the plane, and delivered a brief message. Then he waved his black homburg at the crowd of several hundred gathered to see him off.

Churchill spent seven days in New York and Washington. Here he stayed with an old friend, financier Bernard Baruch, four years his senior.

A crowd of several hundred gathered outside Baruch's home, just off Central Park in mid-Manhattan for a glimpse of Churchill.

Churchill smiled as a cheer went up when he came out. There were shouts of "Hurray for Winnie," and "Good luck to you."

He bowed slightly and lifted his right hand in his "V for Victory" sign.

In Washington Churchill visited with President Eisenhower. He also paid calls on former Secre-

tary of State John Foster Dulles, ill of cancer, and Gen. George C. Marshall, also former secretary of state, and the victim of two strokes.

The cigar-smoking, brandy-sipping Churchill has suffered several serious illnesses in recent years.

But there was much of the old warrior evident as he stood on the ramp at the airport.

"Ladies and gentlemen, I must now leave you and return to Britain, my other country," he said. "I have had a happy stay in the United States, and I have been touched, much touched, by the warmth of your welcome."

"My great friend, President Eisenhower," he continued, "has made my stay in America a memorable one. We hold him in great regard throughout Britain. With my old friends I have talked of many of our problems and I do not think that our views are a great deal different."

Tears appeared in his eyes as he continued.

"I will now say goodbye to you all, and particularly to my old friend, Mr. Baruch, with whom I have worked over the years. I would like to bid you farewell in this key: as long as the United States and Great Britain are united and bound together, the future is one of high hopes both for ourselves and the whole free world."

Cuban Navy Men Flee

KEY WEST, Fla. (AP) — The first Cuban navy men to flee the island republic since Fidel Castro's government took over were to be turned over to Miami immigration authorities today.

Two navy crewmen and one who retired in February after 27 years service arrived here Sunday aboard a PT boat, bringing to 12 the number of Cubans who came here in the last four days seeking political asylum.

The navy men said they took the vessel from its moorings at midnight Saturday for the 90-mile journey to Key West.

They were identified as Vicente Carmona y Acosta, 32; his brother Modesta, 38, and Bartolomeo Diaz Cruz.

The U.S. Navy took charge of the vessel after the Cuban consul asked that it be returned to his government. The boat was a former U.S. Navy vessel sold to Cuba after World War II.

Samuel Beer, Liberal, New ADA Chairman

WASHINGTON (AP) — Samuel H. Beer, 47, a Harvard professor and an avowed believer in political liberalism, is the new national chairman of Americans for Democratic Action.

Beer's election Sunday by the

self-styled liberal organization brings to ADA's top leadership a close friend of Sen. John F. Kennedy (D-Mass.). Kennedy is considered a likely contender for the Democratic presidential nomination in 1960.

The ADA supported Stevenson in both his races for the presidency in 1952 and 1956. Before the Democratic convention in 1956, however, the ADA declined to state a preference by saying either Stevenson, Averell Harriman, or Sen. Estes Kefauver would be acceptable.

Beer told a reporter he favors a liberal candidate for president. In

response to a question whether Kennedy would be acceptable to him, he replied Kennedy has called himself a liberal and "I think he would be in the liberal category."

As ADA head, Beer was named to succeed Robert R. Nathan, Washington economic consultant. But he said he will delay taking over active leadership until he has completed a book on British politics in the fall.

A new program of national goals was approved by the ADA as it concluded its 12th annual convention.

These goals for the next decade

call for full employment through increased production, stronger civil rights measures, annual summit conference under auspices of the United Nations, and an annual expenditure of 4½ billion dollars for economic aid to underdeveloped countries.

They also aim at an annual rate of economic growth of at least 5 per cent, building two million dwellings a year, doubling old age benefits and increasing unemployment benefits to 50 per cent of wages.

A native of Bucyrus, Ohio, Beer has been a professor at Harvard University since 1943.

3 Drown When Motorboat Swamps

HAYTI, Mo. (AP)—Three passengers drowned Sunday when a speeding motorboat suddenly was swamped. Three others survived the accident on Wolf Bayou.

The dead were William Junior White, 20, his brother, William Wylie White, 14, and Nina Stumbaugh, 16. All three lived near Portageville, Mo.

Ed Crumley, a fisherman from Hayti, rescued Miss Stumbaugh's sister, Vickie, and another girl, whose name was not known. The third passenger, Jim Cross of Portageville, swam to safety.

Witnesses said the boat suddenly dipped under water as it sped along the bayou.

Trucks Collide But No One Hurt

Two drivers escaped without injury this morning when their trucks collided on U. S. 80 about four miles east of Big Spring. Highway Patrol officers said a truck operated by George H. Smith, Lawton, was struck in the side by a dump truck driven by Burl Albert Brumble, Odessa. The mishap occurred as the dump truck prepared to enter the highway from one side, the officers said. Damages were light.

Missionary To India Will Speak At Family Affair

The Rev. Keith B. Hall, Link missionary to India, will address the quarterly Family Night dinner of the First Christian Church at 7 p.m. today.

The affair will be held in the church basement and the Rev. Clyde Nichols, pastor, will present membership certificates to those who have joined the church since March. In charge of the program will be Lt. Jimmy Daniel, fellowship chairman.

In many respects, geographically and climatically, this area is similar to where the Rev. Hall is stationed at Balangir in Orissa. While some 45 inches of rain fall during the monsoon from June to September, the remainder of the year is almost devoid of moisture.

Temperatures go well above the 100 mark and readings 115-120 in the shade are not uncommon. It is a dry heat and nature is utilized for a sort of built in air conditioning. The prevailing wind is from the west, so the west side consists of a padding of native roots. These are kept moist and as the wind blows through, it air conditions the homes and fills them with a fragrance from the roots.

Poverty and ignorance are two of the most formidable obstacles to progress, and health is a great problem. Progress is slow in upgrading agricultural methods, but when progress also is slow in an enlightened country such as this, the rate of advance among illiterate people is not surprising, according to the Rev. Hall.

The government is steadily assuming the functions of education and the Rev. Hall predicted that with a few years' missions would yield their schooling to the government and concentrate on the religious and spiritual.

Race Gangs Clash

Bill Would Create New Court District

LAMESA — The 106th Judicial District created in 1925 will be changed if a bill passed by the Texas Senate Friday night gains the Governor's signature.

Introduced in the House by Wesley Roberts of Lamesa, the bill when signed into law, will take Terry and Yoakum counties out of the 106th District leaving Dawson, Gaines, Lynn and Garza.

The new district will be the 121st, composed of Hockley, Cochran, Terry and Yoakum counties. Morgan Copeland, present district attorney of the 106th District from Brownfield, is seen as the likely man to be appointed district attorney of the 121st District.

County Atty. George Hansard of Lamesa Saturday revealed that his name has been submitted for the DA post in the 106th District. The governor appoints the new district attorney. Hansard and Roberts, as well as former District Judge Louis B. Reed stated that the re-districting would bring sorely needed relief to courts in both districts.

Dawson and Terry are the two big counties in the present set-up of six counties. It is one of the largest land areas of any judicial district and is ranked high among the districts in population and wealth.

Phillips Is Named Cosden Secretary, Dodson Assistant: Nelson Phillips, Dallas, vice president and general counsel for Cosden Petroleum Corporation, has been elected by the board of directors as secretary.

He succeeds A. V. Karcher, who has retired, in this capacity. For many years Mr. Phillips has held the title of assistant secretary. L. T. King has held the office of treasurer and continues in that post. E. K. Dodson, vice president in charge of administration, was named assistant secretary of the corporation.

Lake Increase Is 3,000 Acre Ft.: Showers last week produced a total of 3,000 acre feet of water for Lake J. B. Thomas, the Colorado River Municipal Water District reservoir.

Elevation Monday was 2,251.66, or 6.44 feet below the spillway level. A light shower the first of last week brought some 400 acre feet of water into the lake and runoff from Thursday showers added 2,600 acre feet, bringing the catch to around 3 billion gallons. The elevation increase was .46 of a foot.

The lake now contains more than 157,000 acre feet of water, or 52 billion gallons. This is about 77 per cent of capacity. Subsurface turbulence resulted in a sharp increase in turbidity at the Big Spring intake. However, operators altered the level of drawing the water and quickly cleared the water.
