## Housing Bill Due Rough Go

WASHINGTON (AP)—House Republicans, backed by conservative Southern Democrats, lined up today against passage of what they assailed as a budget-busting \$2,100,000,000 housing bill.

With government spending overshadowing housing as an issue, the House neared a vote in its annual housing battle.

After a morning caucus of the 153 Republican members, GOP Leader Charles A. Halleck of Indiana told newsmen the impending vote would be "close as hell."

"This will be a key vote," he said. "There is no doubt this is a budget-busting bill."

Halleck's statement came a few hours before the House was to start preliminary voting on two housing measures—one, the Democratic bill approved by the House Banking Committee; the other, a substitute drafted by Rep. A. S. Herlong, a Florida Democrat.

Republicans plugged for passage of the less-costly Herlong bill. They claimed a 50-50 chance of success.

But Democratic leaders, with a big voting majority, predicted the defeat of lesser alternatives to their own wide-ranging program. It includes slum elimination, public housing, college and old-folks housing and liberalized FHA down payments.

The biggest test comes late today or Wednesday when the House votes on a substitute bill sponsored by Rep. A. S. Herlong of Florida, a Southern Democrat, but backed by the administration.

Herlong's bill calls for total spending of \$1,200,000,000, compared with President Eisenhower's original suggestion of a \$1,600,000,000 over-all program and the \$2,600,000,000 Housing bill already passed by the Senate.

In debate Tuesday, Republicans openly cautioned that the Democratic-backed measure would meet a presidential veto.

And Rep. Howard W. Smith (D-Va.) told the House that passage of the big measure would mean the start of a "wild spending spree."

## Bid Date Set For FM 700

June 16 has been set as the bid opening date for paving of FM-700 from U. S. 87 south to U. S. 80 east.

Joe Smoot, resident engineer at Colorado City and in whose territory the project falls, said the proposals would include installation of base, laying of hot mix asphalt topping, guard rails and other appurtenances connected with the project.

The southeast loop, now in use, was opened to traffic several months ago after the structures and sub-grade were completed. Already it is one of the most heavily travelled thoroughfares in the area.

The Texas Highway Department will specify 30 working days for completion of the job.

Ultimately it is due to become a four-lane route, Howard County provided right-of-way for the second leg of the divided highway when traffic justifies the addition.

## Water Usage Up

Water usage here climbed above the six million mark for the first time this month Tuesday, hitting 6,247,000 gallons. This raised the city's total for May to 73,313,000 gallons.

'Cadet'

Seventeen-year-old Elizabeth "Penny" Greiner, a high school senior, poses at her school at Valley Forge, Pa., after it became known that she had donned a Valley Forge Military Academy cadet's uniform and rode a horse throughout an academy regimental review two weeks ago. A cadet, identified as Second Classman Charles F. Halsted, Jr., of Durham, N.C., smuggled out a uniform, "pulled rank" on a pike to give up his horse and Penny rode in the review. Halsted, who commanded the squad has been dismissed from the academy.

## Taxes, Taxes, More Taxes

AUSTIN (AP)—Over-the-counter sales, natural gas, trading stamps, public utilities, personal income, oil, corporate income, tobacco, liquor.

Take your choice.

Pending bills advocate one or all these taxes.

The House Revenue and Taxation Committee headed by Rep. V. L. Ramsey, Beckville, holds the key.

The committee looked over another plank in Gov. Price Daniel's deficit-erasing program today. The bill allows the state to seize deposits in banks, pipeline companies and utilities which have been abandoned at least seven years.

The House killed a similar bill in the regular session. Rep. James Bates, Edinburg, and Daniel feel the rewritten measure now will satisfy opponents and still raise 25 million to put on the 66 million dollar deficit.

Tax committee members yesterday sent to the floor a bill to slice 28 million off the deficit by revising the state's bookkeeping procedures.

A corporation franchise tax bill went to a subcommittee for further study. It may be dead.

It raises franchise taxes for one year to produce 13.3 million dollars.

Thursday, the committee looks at the big tax bill Daniel wants. It will raise \$161,477,963 in 1960-61. The governor said it is enough to pay for the state's expenses and have a little left over.

The bill by Rep. George Hinson, Mineola, taxes natural gas, public utilities and increases interstate corporation taxes. It puts added sales taxes on cigarettes, other tobacco, liquor and motor vehicles.

Other tax proposals include:

A severance beneficiary tax on 5 per cent value of natural gas. It also reduces the gas production tax from 7 to 5 per cent, by Hinson.

A graduated tax on oil production, by Rep. Robert Eckhardt, Houston.

## 'Y' Accepts Offer For Old Property

YMCA directors Tuesday accepted an offer on the present Y plant at 5th and Scurry Streets.

R. R. McEwen Sr. had offered \$28,000 for the building and lands with a proviso that delivery would not be made until two weeks after acceptance by the YMCA of its new home now under construction at 8th and Young.

Bill Dawes will head a committee to recommend program development to reach boys and girls in the northern part of town. It was announced. On the committee with him are Mrs. Clyde Thomas Jr.

## 'Good' News For Vacationers

You can "save" all the home news while you're away on vacation, simply by calling The Herald and ordering our VACATION PAK. All issues filed for you while you're away, and delivered to you on your return in a handy, usable plastic bag. No extra charge for this service. Don't forget VACATION-PAK during your vacation.

# State Orders Drastic Slash In Oil Allowable For June

## Damages Due To Airport Are Set At \$2,425

A special appraisers commission has submitted its report on what it terms equitable settlement for damages which aviation restrictions will impose on 11 tracts of land adjacent to the Howard County Airport. The total is \$2,425.

Harold Talbot, George O'Brien and George Elliott, named by Ed Carpenter, county judge, to assess damages property owners would suffer from the restrictions, reported to the court late Tuesday afternoon.

Judge Carpenter accepted the report of the appraisers. The report makes the restrictions on structures on the lands in the area of airport effective. The property owner has his choice of accepting the compensation suggested by the appraisers or of appealing the findings to a jury in county court.

The county has the same choice. If it feels the appraisers have held damages too high in some cases, the county can lay the matter before a jury in county court for adjudication.

County commissioners have not had opportunity to go over the report. Nor have the property owners been officially advised of the findings of the committee.

The appraisers set the following amounts as compensation the landowners should receive for damages the aviation restrictions will impose on their property:

R. A. Davis, depreciation of market value, \$150; E. W. Graham, depreciation of market value, \$280; Charles Clark, depreciation of market value \$135; removal of windmill and new electric pump, \$250, total, less \$50 salvage from windmill, \$335; J. G. Crenshaw, depreciation of market value \$255; lowering TV antenna \$25, total \$280; T. B. Jones, depreciation of market value, \$250; R. V. Forestry, depreciation of market value \$50; T. H. Amerson, depreciation of market value, \$115; Tract No. 1, \$50; Tract No. 2, \$115; A. M. Teller, depreciation of market value \$40; G. A. Webb, depreciation of market value, \$80; W. T. Brewer, depreciation of market value, \$110; L. M. Pepper, depreciation of market value, \$50.

Lands owned by these property owners are located in proximity to the airport and are in the approach zone to the runways. The Civil Aeronautics Authority restricts all structures on such lands to specified heights. The height of such structures increases in ratio of distance from the runway and in accordance with the angle such acreage has from the line of the runway.

## Club Women To Canvass City In Clean-Up Drive

Members of 23 women's clubs are to visit every home in the city in the next few days to urge residents to go out in support of the city-wide spring clean-up, fix-up campaign.

The group will distribute clean-up sheet which include a check list for guidance of residents. The folders also contain the schedule to be followed by city trucks in hauling away all trash that is put out by residents.

Each of the clubs will be responsible for a specific area of the city in the house-to-house distribution of the clean-up material.

Groups participating will include the 11 in the City Federation of Women's Clubs, three Beta Sigma Phi chapters, six units of the Garden Clubs Council, and three of the Negro women's civic clubs.

## 3 Jurors Needed In Marcella Case

WICHITA FALLS (AP)—Three more jurors were needed today to try Betty Jo Marcella, 26, in the fatal shooting of her friend, Bill Pelley, 35.

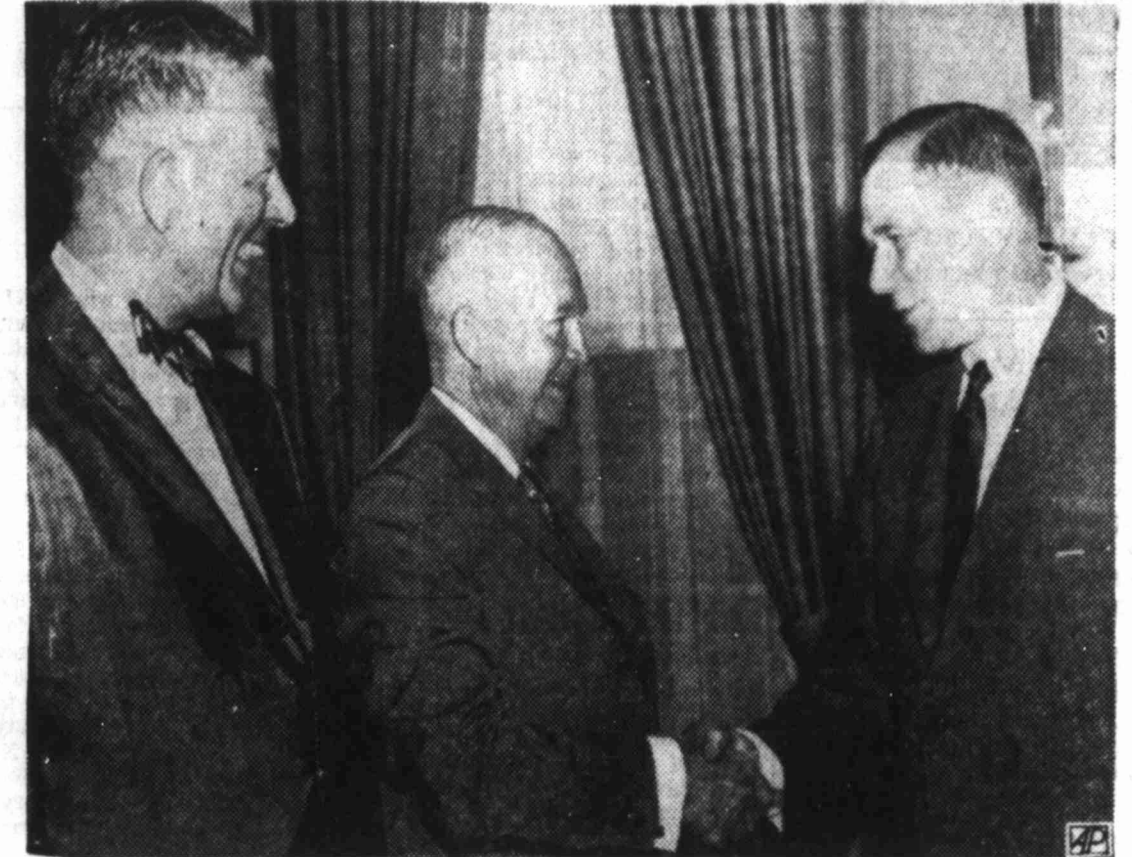

Nine men in their 30s were selected by today for the jury. The state had used 10 challenges and the defense 7. Each side is allowed 15.

Miss Marcella, wearing a black and white checked dress with white accessories, sat stiffly at the defense table. Her mother, Mrs. Murrell Davis of Beaumont, was with her again.

Joe Goodwin, Beaumont lawyer, questioned prospective jurors regarding their views on self defense.

Pelley, shot four times, died Feb. 20.

Miss Marcella has been living in Odessa.

Greetings, Gates

President Eisenhower congratulates Navy Secretary Thomas S. Gates Jr., after his nomination as deputy defense secretary to succeed the late Donald Quarles. Defense Secretary Neil McElroy looks on during the White House ceremony.

## Negro Slayer Of White Woman Kills Cop, Then Is Cut Down

LAFAYETTE, La. (AP)—A Negro barricaded himself in a house after shooting a white woman today and killed a police officer and wounded three others before he was gunned down in his burning home.

Dr. Henry Voorhies, coroner for Lafayette Parish (county), said the Negro, identified as Albert Victor, shot and killed Mrs. Paul Ducharme in a nearby house, then barricaded himself and opened fire on officers after refusing to surrender.

Detective Sgt. Leroy King, shot in the face when he went to investigate a disturbance in Victor's neighborhood, died a few minutes after assisting officers arrived.

Capt. Harold Abadie, who accompanied King to Victor's house, was hit in the neck and his condition is undetermined.

Chief of Police Carlo Listi was struck in the neck by a blast from Victor's 16-gauge shotgun and Asst. Chief Donlon Ritchey was struck by a few pellets. Ritchey suffered only a slight injury.

Officers lobbed tear gas and hand grenades into Victor's house which caught fire minutes later. Victor was found with a bullet wound of the stomach after officers dragged him from the flaming house.

Voorhies gave this version: He said Victor apparently sneaked into Mrs. Ducharme's home, shot her at close range as she sat at a dressing table and

then returned to his house. He beckoned two small white youths, James Rogers, 10, and Wilson Laglinalis Jr., 9, into the house. The boys knew him and went in and said Victor began tying them up. They said they broke the ropes and fled.

Mrs. Carl Leblan saw the boys enter Victor's house and called police to investigate.

Abadie and King went to the scene, called to Victor and the boys ran from the house and jumped into the patrol car. They said they looked up in time to see Victor open fire on the policemen.

Listi, Ritchey and other officers went to the scene as Abadie and King both lay in front of Victor's house. Listi was struck in the face by a shotgun charge when Victor steadfastly refused to surrender and a few pellets caught Ritchey.

## TB Agency Among 'Top Ten In Texas'

The Howard County Tuberculosis Assn. has been listed in the "Top Ten In Texas" for its Christmas Seals sale record, Mrs. Zack Gray, executive secretary, told the HCTA board last night.

The local association received \$4,280 from Christmas Seals during the last Yule season. As a result, it ranks sixth in the state for per capita giving, fourth for percentage of increase, fourth for percentage of population on the Christmas Seal mailing list.

Mrs. Fred Lurting was chairman of the 1958 Christmas Seal campaign here. Mrs. George Peacock served as chairman of mail sales.

At the board meeting last night, directors approved a budget of \$4,095 for the next year. The sum is nearly \$600 higher than the 1958-59 budget.

Dr. Preston Harrison, president, named several committees, including:

Medical Advisory — Dr. Josh Burnett, chairman; Bo Bowen and Dr. Harrison.

Health Education — Mrs. Jimmy Jones, chairman; Mary Vasquez, Bessie Lankford and Doyle Fenn.

Dr. Fabian Gomez was elected to the board to fill the vacancy created when Weldon Snodgrass, Knott, resigned.

## Belinda Brooks, 4, Has Crushed Lung

Little Belinda Brooks, 4, daughter of Mr. and Mrs. B. R. Brooks of Coahoma, is in Malone & Hogan Hospital with a crushed lung, but she is "out of danger," her doctor reported today.

The girl was hurt when she fell from a pickup driven by her father and the vehicle ran over her Tuesday about noon.

The hospital said she received a crushed left lung, plus cuts and scratches.

The accident occurred about five miles north of town, the police reported.

## Production Down To 10-Day Pattern

AUSTIN (AP)—The Railroad Commission ordered today a drastic slash in the June oil allowable. It fixed the statewide flow at 2,904,414 barrels a day.

This is a cut of 282,738 barrels a day—one of the largest reductions ever ordered by the oil regulatory agency. Wells will be run only 10 days during June, compared with 12 days in May.

The order is in line with a vast majority of the recommendations made by the major oil-holding companies submitting purchase nominations at the statewide production hearing.

Only one of 12 companies testifying recommended an increase in crude oil output for June.

Representatives of the buying companies explained that seasonal reduction and refinery output revisions or "turnarounds" had reduced their needs for Texas crude.

E. L. Wilson, representing Dallas independent oil producers and George Anderson of Wichita Falls, speaking for the North Texas Oil and Gas Assn., said they feared any production pattern over 10 days would bring pipeline rationing.

"I don't know how the situation got like this," said Anderson. "The market is not secure."

Commission Chairman Ernest O. Thompson told the oil men that Texas crude stocks total 111,680,000 barrels. This is 2,410,000 barrels higher than the stock level April 11, Thompson reported.

He said that while crude oil stocks are only about 2 million barrels over the desired level, products including gasoline are nearly 65 million barrels higher than an adequate level.

The slash is the third highest in recent years. The June allowable will be at the lowest point since July 1958 when the state was on a 6-day pattern.

D. R. Wall, representing Magnolia, said his company will have 15,000 barrels a day to sell during June even on 10 days.

Charles Shaver, for Humble, said seasonal reductions and refinery adjustments to change products from the winter heating oil to summer gasoline, caused his company to chop its nominations by more than 10 per cent from May.

Last month Humble nominated 431,000 barrels. The June nomination was 383,000 barrels on 10 days. Shaver told the commission the company likely could not continue to buy the 32,000 barrels a day it now is taking in spot oil in West Texas if the pattern exceeded 10 days.

J. G. Coates, representing Gulf, said his company wants to sell 1 1/4 million barrels of oil during June to balance Gulf's inventories.

"Your company is running a right smart amount of crude to the refineries," Thompson asked.

"We're not running a complete capacity," Coates replied.

Thompson asked him if he thought the result of keeping refineries running full speed will allow companies to increase their import quotas.

"That would be an obvious result," he said.

Nominations by companies: 12 days, Sun; 11 days, Sinclair and Texaco; 10 days, Indiana, Magnolia, Shell, Humble, Atlantic, Cities Service, Standard of Texas, Phillips; 9 days, Gulf.

## Aldine Schools Open—And No Summer Fun

HOUSTON (AP)—Aldine schools are open—and they'll be open while other schools have closed for the summer.

Supt. W. W. Thorne said today that the 13 academic days lost while district trustees fussed and fought will be made up by the students.

"We will hold classes into the second week of June, at least," said Thorne.

About 80 per cent of the teachers of the 11 schools voted to return to the classrooms yesterday, after the divided board of trustees agreed on Jack Binion as agent to disburse the school funds.

Binion, a member of the state board of education, worked late yesterday signing 500 checks for teachers and other school personnel.

Binion and the business manager of the school, Thomas Tope, were authorized to sign all checks returned to the National Bank of Commerce.

The superintendent of schools, W. W. Thorne, said the District Court clearance enabled him to reopen Aldine's 11 schools. Binion smoothed the troubled waters at Aldine in two separate conferences, meeting first with the minority faction and then the majority faction.

Both sides tendered resolutions that comply with terms under which the bank will release the school funds. Four positions on the board are disputed, and the bank held that as long as any one person claimed to be a trustee, that person's name would have to be signed to any authorization naming Binion as disbursing agent.

"The disputed positions on the board are matters for the court to settle," said John Lewis, attorney for the minority faction.

"We are only interested here in opening the schools."

# Debate Begins On Daniel's Plan To Erase State Deficit

AUSTIN (AP)—The House began debate today on one of Gov. Price Daniel's deficit-erasing measures.

Representatives suspended rules to consider a bookkeeping bill (HB5) which will knock out 28 million dollars of the 66 million dollar deficit.

The bill came out of committee yesterday while another measure to erase the deficit was buried in a subcommittee.

But a deadlock on the governor's franchise tax proposal dropped it into a subcommittee, perhaps for keeps. It was written to cut the deficit another \$13,300,000.

House approval of the 2 1/2-billion dollar spending bill came after three hours debate yesterday. The measure, calling for an

increase of 47 million from the general fund in 1960 - 61 over present spending, went to the Senate.

Administration leaders hope to get House and Senate versions of the spending bill into conference committee before the end of the week.

A major test of Daniel's program looms tomorrow, when the revenue committee holds a public hearing on a package wrapping up the governor's ideas on natural gas tax increases and boosts in corporation franchise and utilities levies totaling \$82,514,95.

Also, it calls for sales tax boosts totalling \$78,963,868 on cigarettes, cigars and other tobacco, liquor and motor vehicles.

Tax bills introduced in the

House call for general sales, income, corporation net profits, trading stamp and graduated oil taxes.

The one year corporation tax boost asked by the governor to help liquidate the deficit hit a roadblock in House committee.

It passed the House during the regular session but the committee balked on it yesterday. Reps. Frates Seeligen, San Antonio, and Bill Jones, Dallas, led the opposition. Rep. James Cotten, Weatherford, urged it.

The House version of the general spending bill calls for \$2,380,197,895 from the general and many other funds, including federal money. Of this, \$327,182,503 is general fund money.

The spending measure is about 20 million over the bill passed by

the Senate in the general session. The House bill knocks out \$5,800,000 for the dependent children's welfare fund.

Rep. H. J. Blanchard, Lubbock, said use of the money to help illegitimate children encouraged the practice of begetting such children.

"The House refused to lop off 29 million for \$900 a year pay raises for college teachers."

Cotten tried to cut 4 1/2 million that the state hospital board plans for new construction at the Austin Confederate Home. It now cares for many senile patients. He lost 65-47.

Rep. Bill Hollowell of Grand Saline failed 72-26 in his effort to cut out \$150,000 to promote a salt water conversion project.

### Marooned By Flash Flood

Firemen carry children down a ladder while others wait on the roof of a super-market where they sought refuge from a flash flood that swept through St. Joseph, Mo., following a heavy rain.

## New TCU President Held Pastorate Here

Dr. R. Ray Lindley, who Tuesday was elevated to the presidency of Texas Christian University in Fort Worth, is a former pastor of the First Christian Church in Big Spring.

Dr. Lindley, who has been vice president of TCU since 1953, will assume his new duties Sept. 1, 1959. He will succeed Dr. M. E. Sadler, president of TCU since 1941 and who will on the same

date assume the newly created position of chancellor of the university.

As chancellor and chief administrative officer, Dr. Sadler will work with the trustees in determining the general plans and policies of TCU; work with the staff in selecting key personnel; and otherwise concentrate upon the development, expansion and endowment of the university. Dr. Sadler, now 62, became head of the institution at the time enrollment was 1,834; today it has 8,589; properties costing \$20,000,000 have been added; and the endowment resources have gone up five fold to around \$18,000,000.

Dr. Lindley will be the first TCU graduate to hold the title of president in the 86-year-old institution. He took his bachelor of divinity degree from TCU's Bible College of the Bible in 1929. A native of Lufkin, he was reared in Archer City and attended Johnson Bible College in Tennessee and took his BA degree from Phillips University in Oklahoma in 1926. Later he took a B. D. degree (magna cum laude) at Yale, also his M. A. degree and his Ph. D. in 1943.

He was awarded the honorary L.L.D. by Atlantic Christian College in 1957. He served as minister of Christian churches in Weatherford, Big Spring (in the early 30's), New Orleans and San Antonio before becoming an associate professor of religion at TCU in 1942. He served as president of Atlantic College in 1950-53.

### Rites Set For Mrs. Brenner

Last rites for Mrs. Lena Rachael Brenner, 74, will be held at 2 p.m. Thursday in the Nalley-Pickel Funeral Home.

Mrs. Brenner, a resident of Big Spring since 1928, died unexpectedly here Tuesday morning. She was a native of Latvia and had come to the United States in 1905.

Services will be conducted by the rabbi from San Angelo, Mrs. Brenner was a member of Temple Israel here as well as of the Order of Eastern Star and the Rebekahs. Survivors include two daughters, four grandchildren and two great-grandchildren.

Burial will be in the Trinity Memorial Park beside the grave of her husband, Nick Brenner, who died March 5, 1954. Pallbearers will be A. J. Prager, Sam Fisherman, Oscar Glickman, Roland Schwarzenbach, Douglas Orme and M. A. Jabor.

### Mrs. Kay Miller Dies In Louisville

Friends here today received word of the death of Mrs. Kay Miller, wife of Wm. J. (Bill) Miller, in Louisville, Ky., on Tuesday afternoon.

The Millers, who resided here years ago and made their home at the Settles while he was serving as representative of Endicott-Johnson shoes, had been making their home at 1909 Lauderdale Road in Louisville. She had been ill of heart trouble for the last three years, but death was due to uremic poisoning.

Services were to be held at 2 p.m. Wednesday with burial in Louisville. She leaves her husband, and two daughters, Mrs. Tudie Weinberger, Dr. Bliss, and Janet, who resides in Alabama.

### HOSPITAL NOTES

**BIG SPRING HOSPITAL.** Admissions — Susie Silas, City; Barbara Smith, City; Ruby Ragdale, City; Julian Caballero, Sweetwater; H. G. Austin, City; Violet Webb, City; Tom Ross Jr., City.

Dismissals — J. B. Knous, Coahoma; J. A. Bishop, City; Gary Tyler, City; Leon McGarrath, City; Jimmy Jones, Stanton; Polly Adams, City; Nelda McKinney, City; George Martin, City; Margie Subia, City; Linda Sotelo, Pecos; C. D. Coates, City.

### OIL AND GAS TRANSACTIONS

**LEASES.** Ardwork Oil Co. to Couden Petroleum Corp., 130 acres in section 37, Block 22, township 1 north, T&P survey.

### PUBLIC RECORDS

**FILED IN 10TH DISTRICT COURT.** Lois Hale versus Raymond Hale, suit for divorce.

James Darrel Fielder versus Texas Employers Insurance Co., suit for compensation.

**WARRANTY DEEDS.** Jose Rodriguez to Raul Hernandez, south half of Lot 1, Block 18, Buier Addition.

Winston Warren Oregg et ux to Douglas C. Clements, Lot 21, Block 25, College Park Estates.

Mrs. N. W. McCleskey et al to A. D. Smith, Lot 14, Block 10, Hall Addition.

William S. Talbot et al to Wade Brand Simpson et al, part of Tract 13 in southwest quarter of Section 6, Block 22, township 1 south, T&P survey.

**NEW AUTOMOBILES.** Julian B. Fisher, 1952 Morrison, Plymouth.

G. E. Peacock, Big Spring, Austin, L. B. Hodnett, Coahoma, Ford.

Barbara France, 404 Bell, Renault.

Continental Construction Co., Ford.

Charles Pat McDaniel, Big Spring, Ford.

Philip Prager, 114 Main, Chrysler.

Texas Coca Cola Co., Abilene, Ford truck.

## Boy Problem To Authorities

HOUSTON (AP) — "I cocked the gun and pulled the trigger, but it wouldn't go off. I forgot to take the safety off."

That's a kid named Roy talking. He's 11 with a brain like a univac. A little boy with a big grudge against a "crazy world."

Roy is a Houdini that no home for delinquents can hold, a problem no juvenile authority has been able to solve.

Probation authorities were coping with his complex personality again today. They have a new worry in connection with Roy.

He's already an accomplished car thief, burglar, and arsonist. Roy tried his hand at murder yesterday. Fortunately for his intended victim, a Clear Lake housewife, he failed.

Roy, since his last escape and crime spree April 23 has been confined at the Clear Lake home for boys.

"This joint will never hold me," boasted Roy, who has an I.Q. of 140. He broke out Monday. He took two companions, 13 and 14.

After sleeping out, they entered the home of Mrs. B.O. Kreiter yesterday and looted the house, taking \$500 in jewelry and a rifle and shotgun, both loaded. Mrs. Kreiter surprised the boys as they looted her home.

The 13-year-old promptly leveled down with the shotgun and pulled the trigger. The shotgun, loaded with aged shells, failed to fire. Roy had little better luck with the .22. They fled but was captured.

Meek is the son of Mr. and Mrs. Cornelius Meek. A freshman at Trinity University, he is a pre-med student.

### Kelsay Meek Wins Award At Trinity

Kelsay Meek, Big Spring, received the third prize of \$15 in the International Relations Club current events contest presented at the first all-school Honors Day Assembly held on the Trinity University campus in San Antonio last Friday.

Meek is the son of Mr. and Mrs. Cornelius Meek. A freshman at Trinity University, he is a pre-med student.

### Archer Gets Office

George Archer, Gay Hill, has been named district No. 4 chairman for the National Education Assn. As such, he will promote NEA membership in the West Texas district of the Texas State Teachers Assn.

### Mixed-Up Robin Settles Down

NEW YORK (AP)—The Bronx Zoo's mixed-up robin, who started to build nine nests, has quit her construction work to take on the duties of a mother and housewife.

Tuesday she hatched two of the three eggs she laid in one of the nine nests on a fire escape outside the office of the zoo's curator of birds.

She had completed four of the nine nests. If she hatches the third egg, there will be a nest for each member of the family—except the father, who hasn't been seen around.

## W. Germany, France Call Halt To U.S.-British Closure Plan

GENEVA (AP)—West Germany and France were reported today to be putting the brakes on U.S.-British enthusiasm for a prompt opening of secret talks with the Soviet Union over the Berlin crisis and prospects for a summit conference.

Some cautious moves were apparently going on in the Big Four foreign ministers conference concerning the start of secret negotiations.

When these do take place they will almost certainly determine whether a summit conference will be held this summer.

Maurice Couve de Murville of France and Heinrich von Brentano of West Germany appeared less anxious to get quickly into secret talks than their two Western colleagues.

They were said to be taking the line with U.S. Secretary of State Christian A. Herter and Britain's Foreign Minister Selwyn Lloyd that, since the Soviet Union created the Berlin crisis, the Soviets should take the lead in finding a solution.

Couve de Murville and Von Brentano are not opposed to secret talks, diplomats said, but insist the Western Allies must enter into such discussions with the greatest care.

Debate over the rival and mutually rejected Soviet and Western proposals for a German peace settlement will continue possibly until the end of the week.

This means a delay in the schedule which Herter tentatively anticipated last week—that private talks with Soviet Foreign Minister Andrei Gromyko might get under way by today or Thursday.

Von Brentano saw Herter for half an hour this morning. He indicated the secret phase of the Big Four talks probably would not begin for several days.

A conference source said Gromyko told Lloyd Wednesday night that he will make a new stab at getting Communist Poland and Czechoslovakia admitted to the conference. The Western foreign ministers rebuffed his earlier attempt to seat them.

The Western and Soviet foreign ministers were to continue their debate on their rival plans for Germany at another formal conference session today. But Western diplomats say this debate has reached a dead end of disagreement, and the obvious objective of both sides in continuing the discussion is to make more propaganda.

While press and public are barred from the conference sessions, everything that happens inside the conference room is immediately reported to newsmen by press officers for the delegations.

Only about a dozen men — probably three from each of the Big Four countries — will attend the secret talks shaping up. Little information about them is expected to emerge from day to day.

Herter, Lloyd and Couve de Murville are agreed that both German delegations must be excluded from the secret sessions.

The Western ministers want to find out whether Soviet Premier Nikita Khrushchev — obviously anxious for summit talks — will slack off the Berlin crisis in order to reach an agreement here for the chiefs of government to meet this summer.

Western diplomats think Khrushchev will. But they have no notion yet on what kind of a stopgap settlement might be reached for Berlin that would be acceptable to both the Soviet Union and the West.

The Soviets apparently want to know what, if any, price the West is willing to pay for easing Berlin tensions apart from agreement to join in a summit meeting. Gromyko has said he is ready to discuss creation of a limited arms zone

in central Europe, possibly a non-aggression declaration by the Big Four, an East-West German committee to work for more contact between the two regimes and East-West disarmament measures. All are individual points in the Western package plan for German reunification and a start toward a European security system.

Gromyko may concentrate on the limited arms zone as the Soviet price for relaxing its threat to West Berlin. That would capitalize on the disagreement in Western ranks on this issue.

In the continuing semi-public debate Herter and Lloyd were slated today to renew the Western attack on the Soviet proposal for peace treaties with the two German states.

Lloyd Couve de Murville and Ambassador Wilhelm Grewe, spokesman for West Germany, denounced the Soviet plan Tuesday.

Couve de Murville said any such imposed permanent division would drive the German people to despair. He and his colleagues likened the Soviet proposal to the Treaty of Versailles and indicated they felt it would force the Germans into another war.

Gromyko in reply said the Western plan would permit unlimited German rearmament. He demanded that the West accept the "reality" of Communist East Germany and come to terms with that regime.

U. S. Defense secretary Neil H. McElroy, joining the American delegation in Geneva, underscored the private warning Herter has already given Gromyko that President Eisenhower will refuse to go to a summit conference with anything like a Soviet ultimatum hanging over West Berlin.

Just before leaving Washington McElroy said he saw no reason for continuing the discussions with the Soviets if they make trouble in Berlin.

### No Nuclear Agreement

U. S. Secretary of State Christian A. Herter, Russian Foreign Minister Andrei Gromyko and British Foreign Secretary Selwyn Lloyd, left to right, chat on the porch of Gromyko's villa in Geneva after nuclear talks. Herter and Lloyd failed to get Soviet agreement for a sweeping new scientific study of nuclear test suspension problems.

### SLIGHT ERROR BUT NO CHARGE

A confused and inebriated pedestrian made a slight error last night.

He mistook a sheriff's patrol car for a taxicab.

Somewhat befuddled, the man approached Fern Cox, deputy sheriff, and ordered: "Take me to the Crawford Hotel."

Cox said nothing. He merely started the car and drove away.

The passenger did not realize his error until he was being checked in at another "hotel." He protested that the destination was not that which he had desired. Cox was not impressed.

The passenger was detained until some of his stability had returned and was discharged with a warning.

He should have one thing to console him, though — Cox charged him nothing for the taxi ride.

## DWI Trial Under Way

Ottis West, charged with DWI, is on trial in Howard County Court. A jury was selected and state evidence started in the case at 10:30 a.m. West is alleged to have been intoxicated at the time he was arrested on a Big Spring street last April 17. City police made the arrest and are the state's witnesses.

Trial of the case, scheduled for 9 a.m. was delayed for an hour. George Thomas, attorney for the defendant, was at the hospital for a physical checkup and could not reach the court before that hour.

West is the second defendant to face a jury in Howard County Court this week. Milford N. Nunn, charged on Monday for DWI, was found not guilty by a jury.

Elvin Jackson was to have been tried for DWI on Tuesday. An important defense witness was absent from the county and the court granted a motion for a continuance in the case.

Lloyd D. Graves, accused of DWI, is slated for trial on Thursday.

## Northeast Howard Wildcat To Test Through Canyon Region

Adia Oil Co. of Abilene has announced location of a new wildcat in the northeastern part of Howard County. The wildcat will test through the Canyon.

It is Adia No. 1 Buchanan Estate and is about 20 miles northeast of Big Spring. Drilling depth is 7,700 feet.

Also in Howard, the Williamson & Barnes No. 1 King wildcat was flowing oil from the Fusselman today. It made 115 barrels of oil through a 20-64-inch choke in 24 hours on last test. The site is seven miles northeast of Big Spring.

### Borden

Cameron No. 1 Johnson, a wildcat 10 miles northwest of Gail, drilled in anhydrite at 2,970 feet today. It is C NE SE, 4-32-5n, T&P Survey.

Camp No. 1 Beckham, three miles east of Ackerly, made hole at 6,700 feet in lime and shale. The site is 330 from north and 1,980 from west lines, 17-33-3n, T&P Survey.

Midwest No. 1 Jones, in the 7-J field, ran logs today after taking a drillstem test from 8,282-316 feet. Tool was open two hours, and recovered included 20 feet of oil and gas-cut mud and 360 feet of sulphur water. It is 467 from north and 1,980 from west lines, 468-97, H&TC Survey.

Trice No. 1 Miller, in the Rafter Cross field, tested Strawn perforations with no gauges on production. It is 1,980 from north and 330 from west lines, 1-30-5n, T&P Survey.

Cheyenne No. 7 Clayton & Johnson is spotted in the Good South (Fusselman) field about six miles southeast of Post as a 3,500-22 Kent 268, Kent CSL Survey, drilled in lime and shale at 8,615 feet. It is 2 1/2 miles west of the Patricia field.

Southern Union No. 1 Slaughter was still awaiting orders today. The wildcat is 660 from south and 550 from east lines, 6-2, T&NO Survey.

The General American No. 1-677 Koonsman, in the Red Loflin field, drilled at 7,996 feet after taking a test from 7,762-850 feet for four hours. It returned 30 feet of mud, 3,740 feet of oil, 250 feet of gas-cut mud, 150 feet of oil and gas-cut salt water. Below the sub, operator found 60 feet of oil and gas-cut mud. Location of the venture is C NW NW NW, 677-97, H&TC Survey.

US Smelting No. 1 Sims, C NE SE, 7-2, T&NO Survey, made hole at 8,032 feet today. Previously, operator tested the Reef from 7,915-8,020 feet for three hours, and recovered 2,854 feet of gassy oil and 98 feet of oil and gas-cut mud. The site is nine miles southwest of Justiceburg.

Suniland Oil Corp. located the No. 1 Spartan-Connell in the multi-pay Rocker A field about five miles southeast of Post as a 3,500-foot test. It is 330 from south and 990 from east lines, 12-5, GH&H Survey.

Location of the Yarbrough No. 1-A Kicker in the Threeway field has been amended. The corrected site is 330 from south and 467 from west lines of the northwest quarter, 1-A, Scrap File 8,370, and about three miles northwest of

Post. Drilling depth of 4,150 feet is unchanged.

### Glasscock

Sanotex No. 1 Scherz, C NE NE, 35-34-5s, T&P Survey, was bottomed at 670 feet today and running intermediate string. The wildcat is 16 miles south of Garden City.

### Howard

Adia No. 1 Buchanan is located 2,310 feet from south and 660 from west lines, 11-31-2n, T&P Survey, and about 20 miles northeast of Big Spring. Drilling depth to carry through the Canyon is 7,700 feet.

Lowe No. 1 Kilpatrick C NE NE, 39-32-2n, T&P Survey, in the Lufkin Southeast (Fusselman) field, penetrated to 6,220 feet in lime today. It is 11 miles northeast of Big Spring.

The Williamson No. 1 King continued to test today after making 115 barrels of oil through a 20-64-inch choke in 24 hours. The site is C NW NW, 33-31-1n, T&P Survey.

Williamson No. 1 Wade, C NE NE, 29-31-1s, T&P Survey, drilled past 6,010 feet in lime this morning. The site is 6 1/2 miles southeast of Big Spring.

Fleming, Fleming & Kimbell No. 18-A Snyder finished 84 barrels of 29-7-degree oil in 24 hours after being fractured with 15,000 gallons. It is in the Snyder field 990 from north and east lines, 21-30-1s, T&P Survey. Total depth is 2,887, and top of the pay section is 2,587 feet. It produced from open hole.

Felming No. 8-A Southland Royalty, in the same field, yielded 14 barrels of 30-6-degree oil and five per cent water in 24 hours. It is bottomed at 2,915 feet but plugged back to 2,900. It produced from open hole below 2,670 feet.

One of those gorgeous, extra-long fancy 1959 model cars, resplendent in chrome and gleaming in its new colors, stood parked at the curb.

The owner was not on hand but he left evidence of some slight disillusionment. A small sign in the rear window read:

"Pink and Purple Ethyl Eat."

The owner was not on hand but he left evidence of some slight disillusionment. A small sign in the rear window read:

"Pink and Purple Ethyl Eat."

### RIGGINGS RICH, AND SO'S DIET

Funeral services were to be held at 3 p.m. today in the Ackerly Baptist Church for Mrs. Rosa Mae Bristow, 72, who died Monday evening in a hospital at Lubbock.

Mrs. Bristow had been ill since March, when she received surgery, but she died unexpectedly of a heart attack. She had lived in the Ackerly area for many years.

The Rev. J. D. Mabry, pastor of the Ackerly church, was to officiate. The Revs. W. D. Green, Lorraine, and Roy Haynes, Lamesa, were to assist. Interment was to be in Ackerly Cemetery beside the grave of her husband, the Rev. Henry C. Bristow, who died Oct. 23, 1952. River Funeral Home was in charge of the services.

Mrs. Bristow was born Aug. 21, 1886, in Cook County. She was a longtime member of the Baptist church.

Survivors include one son, J. B. Bristow of Ackerly; one daughter, Mrs. M. L. Bentley of Pecos; two sisters, Mrs. Monroe Smith of Lockney and Mrs. H. Roy Brown of Silverton; 10 grandchildren and 10 great-grandchildren.

Pallbearers were to be Tommy Horton, Donell Smith, D. L. Rasberry, Bruce Craig, John L. Rude, T. B. Moore, Lewis Etheridge and Leon Bodine.

## President Gives Medal To Dulles

WASHINGTON (AP)—President Eisenhower has conferred the Medal of Freedom on John Foster Dulles. It is the nation's highest award to civilians.

The former secretary of state, critically ill with cancer and pneumonia complications, received the medal Tuesday at Walter Reed Medical Center. It was presented to him on behalf of the President by Mrs. Dulles.

In a "Dear Foster" note accompanying the medal, Eisenhower wrote:

"It is an honor and a privilege to award you this Medal of Freedom. Inadequate though it is to express my gratitude and the gratitude of the nation you have served so well, it does stand as a small token of the affection and esteem that the people of America and of the world hold for you and your tireless efforts on behalf of freedom."

The President signed "D. E." with his initials—"D. E." Pain relieving drugs are keeping Dulles generally comfortable as he clings to life. He sleeps much of the time in his hospital room.

The State Department said Tuesday Dulles, ravaged by cancer, continues to grow weaker. "He is receiving analgesics (pain killers) and in general is comfortable," the announcement added.

The 71-year-old Dulles is not in a coma, however, and members of his family are in frequent attendance.

Location is 330 from north and east lines, 26-30-1s, T&P Survey.

### Martin

Texas Crude No. 1 Kerry-Kim-Bo drilled in lime and chert at 11,913 feet today. It is a wildcat 10 miles southwest of Patricia, 660 from south and east lines, 10-HA Lanier Survey.

Pan American No. 1-C Breedlove, a wildcat three miles west of the Breedlove field, penetrated to 9,025 feet in lime and shale. It is 657 from south and 665 from west lines, Labor 99, League 257, Briscoe CSL Survey.

A new Breedlove field site is Pan American No. 2-A Shook, 660 feet from north and west lines, Labor 9, League 259, Borden CSL Survey. Drilling depth is 12,600 feet.

### Mitchell

Blue Danube No. 1 Berry, a Sharon Ridge 1700 field site, pumped 36 3/4 barrels of oil and 27 per cent water on final test. It is 1,988 from north and 990 from west lines, 83-97, H&TC Survey. Total depth is 1,730 feet, and top of the pay zone is 1,690. Gravity of the oil is 28 degrees.

Blue Danube staked the No. 2 Waddell Strain in the Westbrook field about nine miles north of Westbrook. It is 2,310 from south and east lines, 1-26, H&TC Survey, and will drill to 3,250 feet.

Blue Danube staked the No. 2 Waddell Strain in the Westbrook field about nine miles north of Westbrook. It is 2,310 from south and east lines, 1-26, H&TC Survey, and will drill to 3,250 feet.

Elevated Trains Collide

Firemen use extension ladders and a device called a snorkel, right, to rescue passengers after two elevated trains jammed with work-bound riders collided during the morning rush hour on Chicago's northwest side.

## Southern Baptists Take Look At Their 7-League Strides

By GEORGE W. CORNELL  
AP Religion Writer  
LOUISVILLE, Ky. (AP)—Southern Baptists today took a look at the seven-league strides by which they've advanced from regional group to nation-wide denomination.

"Substantial progress" was the way a report to their annual convention put it.

From a geographical belt, confined primarily to 16 southern states back in the early 1940s, the denomination has mushroomed through 45 states, including Hawaii and Alaska.

There are 9,206,758 members in 31,498 churches, second in size only to the Methodists among America's Protestant bodies. It's a multi-million-dollar operation, with contributions last year totaling \$419,619,483.

These and other figures of growth were given by Executive Secretary Porter Routh as the convention went into its first day's business sessions.

"We've acquired new stature and polish," said former Congressman Brooks Hays, the convention president. "But we must guard against becoming overly proud."

Key item on the agenda today was the election of a successor to Hays, to take over after the convention closes Friday.

The convention opened Tuesday night with colorful ceremonies

worship, and graduation exercises for 269 seminarians, interrupted at the start by a brief flareup of discord.

As an estimated 18,000 Southern Baptists, biggest crowd in 102 annual conventions, assembled in the huge fairgrounds coliseum,

one church representative rose to charge the agenda was "so rigged" as to gag the convention.

The Rev. James Bulman, of East Spencer, N.C., told the hushed, somewhat stunned throng that the program had been arranged to block "free discussion" on a sizzling controversy involving Southern Baptist Theological Seminary here.

The seminary, observing its 100th anniversary, has been threatened with loss of its accredited status as a result of the dismissal last fall of 13 professors. One later was reinstated.

They had assailed the seminary administration as dictatorial.

The American Assn. of Theological Schools, after an investigation, termed the dismissal procedures arbitrary, and said the seminary's standing was in doubt if amendments were not made.

At the Rev. Mr. Bulman's behest, the subject was put on the agenda for Thursday.

The Rev. Dr. Paul Caudill, of Memphis, Tenn., told the opening session that Southern Baptists must help deal with the world's physical ills as well as the spiritual.

Citing the dangers of the H-bomb and over-population he said the Christians must join in the battle to find solutions against hunger, illiteracy and disease. "The problem of mere existence confronts us," he said.

## Sen. Johnson Holds Key To Strauss Post

WASHINGTON (AP) — Democratic Leader Lyndon B. Johnson of Texas appeared today to hold the key to Senate action on Lewis L. Strauss' nomination to be secretary of commerce.

Senate debate will not begin until next week.

Strauss' nomination, submitted by President Eisenhower last Jan. 17, squeaked through the Senate Commerce Committee Tuesday by the narrowest possible margin.

The 9-8 vote in favor of Senate confirmation was followed by suggestions from Sens. Clair Engle (D-Calif) and Stephen M. Young (D-Ohio) that Eisenhower should withdraw Strauss' nomination.

White House Press Secretary James C. Hagerty called the suggestion ridiculous. Strauss him-

self said he was grateful for the majority committee vote in his favor.

While the vote fell slightly short of what Strauss' supporters had hoped for, Senate Republican Leader Everett M. Dirksen of Illinois told newsmen he still thinks the nomination will be confirmed.

Dirksen said, however, he will have to do some "missionary work" among Democratic senators. He indicated that he hoped to find additional votes among Southern Democrats.

Sen. Harry F. Byrd (D-Va.), a strong supporter by Strauss, said in a separate interview that he expects most of the Southerners to vote for confirmation. If enough of them do, victory for Strauss will be assured.

But Sen. Clinton P. Anderson (D-NM), who spearheaded the opposition, said support of Strauss

dwindled within the committee during the long-drawn-out hearings. He predicted opposition would continue to grow during the forthcoming Senate session.

### Stassen Wins GOP Mayor Nomination

PHILADELPHIA, Pa. (AP) — Harold Stassen easily won the Republican nomination for mayor Tuesday, with Republican backing that had been denied to him in his bid for governor last May.

It was sharp contrast to the party's reaction when the former Minnesota governor resigned last year as adviser to President Eisenhower and announced he wanted the Republican nomination for governor. He ran as an Independent in the GOP primary last May and was thoroughly defeated.

Big Spring (Texas) Herald, Wed., May 20, 1959 3-A

### Patterson Confirms FBI's Behavior

POPLARVILLE, Miss. (AP)—FBI agents apparently have convinced Atty. Gen. Joe Patterson of Mississippi that they are not mistreating persons they question about the lynching of a Negro charged with raping a white woman.

Unofficial reports of mistreatment by FBI agents have grown out of investigations of the lynching April 25 of Mack Charles Parker, 23-year-old Lumberton truck driver who was dragged from his jail cell by a hooded band.

During the past three weeks, many persons in the area have been questioned. No arrests have been reported.

## Widow Of Gen. Lee Kin Dies At Age 84

ASHEVILLE, N.C. (AP) — Mrs. Robert E. Lee III, widow of a grandson of Confederate Gen. Robert E. Lee, died Tuesday night after a long illness. She was 84.

Mrs. Lee, once prominent in Washington circles, was a direct descendant of Henry I. Middleton, first president of the Continental Congress, and Arthur Middleton, a signer of the Declaration of Independence.

She was a granddaughter of Christopher Memminger, first secretary of the Confederacy under Jefferson Davis.

## Boys Ranch Teaches Youths To Get By Without Stealing

Editor's Note: This is the last of three articles about Boys Ranch founded by Cal Farley, and his hearing success in building useful citizens from underprivileged and prison-bound boys. They're celebrating the ranch's 20th anniversary this week.

By FINIS MOTHERSHEAD  
AMARILLO (AP) — If you've had to steal for anything you ever wanted, can you learn to quit stealing?

At Boys Ranch they'll show you it's been done right along for 20 years.

Cal Farley, an ex-wrestler and businessman, is credited for cajoling his neighbors into giving what it took to build this unique foster home, and for keeping after them to make room for still more boys.

He and his co-workers figure this way:

A boy who stole—because he was hungry and cold, at a sorry parent's order or only for the thrill—simply needs a little practice at how to get things honestly.

Give him love and attention, insist on discipline, let him learn responsibility. Most boys will do the rest.

Unprompted, a youngster who's had time to get acquainted sidles up to a sullen new arrival and advises quietly: "Take it easy. They treat you right around here."

It's not uncommon for an underfed wail to gain 10 pounds the first week. And he's startled to discover he gets a monthly salary just for doing his share of the chores.

The formula isn't infallible. Of the 1,500 boys who've grown to young manhood at Boys Ranch since it was established near here in 1939, Farley says 42 flunked and wound up in reformatories.

"We failed on them and you can't be sure exactly where," Farley said the other day. "I wish we could have another chance with those kids."

Boys Ranch takes only boys "from the bottom of the barrel," the lowest 10 per cent on the social scale.

In most cases they're from homes broken up by divorce, runaway fathers or the death of a parent. At least half are in trouble. The rest have no place to live and nobody to look after them.

"Without some good apples among the bad, it would be tremendously harder to get ideas across to the tough ones," said Farley.

Boys Ranchers live in small dormitories built to seem more like large cottages. Married couples have apartments in each of the attractive stone buildings.

Meals are in a dining hall big enough to seat twice as many boys as the 251 now at the ranch. They take turns sitting at the head table, learning to make announcements and appear before a crowd, and at serving food to one another.

A bell signals the start of each day at 6:30 a.m. They dress, make their beds and eat breakfast, clean their dormitories and go to the modern ranch school at 8:30. With a break for lunch, classes last until 3:10 p.m.

After changing clothes, Boys Ranchers have until 5:15 for assigned chores, which are rotated, or school sports. Then come dinner and an evening of television, movies, school studies, Bible class, intramural athletics—some activity to prevent trouble-making idleness.

As for those salaries, the size varies from \$2 a month for preschool tots, who do such things as sweeping sidewalks, to \$15. Top pay goes to boys who choose less desirable jobs like dishwashing, or those who achieve the status of junior staff members.

Earnings go into each boy's bank account, along with standard credits for clothing needs. He writes checks to buy a new pair of pants, or dozens of items—chewing gum, soda pop, and the like—for which boys elsewhere spend private home allowances.

In addition to making purchases at a country-type store in the ranch warehouse, he may cash a check for pocket change to take on alternate-Saturday trips to Amarillo. Buses take the boys into town.

Adults keep the smaller boys in groups. The others may go anywhere they please without escort in this Texas Panhandle city. Merchants have found them well-behaved. Sometimes the clerks are a little too friendly.

"At a big self-service store,"

Deadly Formula

BUFFALO, N.Y. (AP) — A revolver in a dresser drawer, a boy's curiosity, an afternoon off from school, nobody at home.

All these added up to death Tuesday for 14-year-old Roy Otto. He shot himself in the forehead while playing with his brother's .38 caliber revolver. His 11-year-old sister, Shirley, found his body.

said Farley, "we found they liked our kids so well the checkers didn't look inside a boy's sack—just asked what he had bought and took the right price."

"With some of the kids not far removed from expert thievery, that's too much temptation. We asked the store manager: 'Please be sure what they're taking out. Don't invite them to steal by making it so easy.'"

Little things as well as big make Boys Ranch a pleasant place to live.

Fifty or more dogs, mostly of mixed breed, roam the place, sharing an abundance of boy love. Usually there are two or three litters of fat puppies at play somewhere out-of-doors.

Larger boys have opportunity to raise calves and pigs, and win their share of blue ribbons at area livestock shows. They keep detailed records on an animal's growth and the feed required. When the animal is ready for market, the profit goes to the lad who raised it.

Three sizeable ponds stocked with bass and perch afford good fishing holes. A site is ready when there's money to build an indoor pool.

Birthdays are big events. There's a dormitory party with cake and ice cream every time one rolls around. Other boys in the dormitory are allowed to give a nickel apiece for a joint gift, and the honoree also gets a present from the ranch.

If a boy has relatives with suitable homes, he may go to visit them every Christmas. In the summer, everybody at the ranch shares a mass vacation trip, sometimes halfway across the nation.

By the time they come to the ranch, many boys are two to four years behind their age groups in school. Well over half never finish high school. Each year, however, the graduating class is a little larger. Fourteen are getting diplomas this spring. Four will go on to college.

Boys Ranchers depart for good at 17, normally to enter military service. Many later become teachers, engineers or businessmen.

For the others, who got too far behind in school, the ranch provides more than a dozen types of vocational training. They learn farming and all sorts of trades.

None leaves Boys Ranch without being able to earn a living. He knows how to get what he needs without having to steal.

## McClellan Urges Hoffa Threat Be Met Head-On

WASHINGTON (AP)—Sen. John L. McClellan (D-Ark) urged Congress today to meet head-on James R. Hoffa's threat to call a nationwide strike if labor unions are subjected to antitrust laws.

McClellan, chairman of the Senate rackets probe, said he will introduce soon a bill he has talked about to apply the antitrust laws to transportation unions. He gave no further details.

Hoffa, president of the Teamsters Union, told a Brownsville, Tex., audience Tuesday that organized labor's answer to such legislation should be to have all its collective bargaining contracts expire on the same date, and then strike.

"We can call a primary strike all across the nation that will straighten out the employers once and for all," Hoffa said.

Hoffa has been working to organize a conference of various transportation unions, including his Teamsters, and longshoremen and rail unions. He spoke at a district convention of the International Longshoremen's Association but indicated he was suggesting a strike by all labor unions.

The suggestion was quickly rejected by AFL-CIO President George Meany, who served notice Hoffa could not count on support from the federation's 124 million members. The AFL-CIO has expelled the Teamsters on charges of corruption.

Sen. Pat McNamara (D-Mich), a former Detroit union official, said a general strike "would be suicidal, just crazy," and added that "I think Hoffa has more sense than to do that." He noted that Hoffa had said a strike could be called, not that it would be.

But McClellan saw real danger in Hoffa's words, which he called a threat against Congress and the people. He said the Teamsters chief should not be allowed to get away with it.

McClellan said Hoffa was talking about a strike that would

"shut down industry, stop the wheels of commerce, strangle the economy and challenge the supremacy of our government."

Sen. Sam J. Ervin Jr. (D-NC) a member of McClellan's committee and co-sponsor of the holy disputed Kennedy-Ervin bill, declared that Hoffa's speech finally has convinced him the McClellan bill is needed.

"It will be a tragic thing for the people if Congress knuckles down to Hoffa," Ervin said.

Sen. John F. Kennedy (D-Mass), co-sponsor of the Kennedy-Ervin bill, reserved comment until after he studies a text of Hoffa's speech.

Sen. Barry Goldwater (R-Ariz) said in a separate interview Hoffa's threat should bring swift action by the House to toughen up the Kennedy-Ervin bill, which he contends is "too soft."

## Transport Plane Crash Fatal To 3

TOKYO (AP) — A transport plane crashed into an Air Force barracks in southern Japan today killing three and injuring 14, the Air Force announced.

The plane, a C130 transport, crashed into the barracks at Ashiya air base.

The Air Force said the pilot of the four-engine turboprop was trying to land the aircraft with one engine out. It was returning from a flight to two Jims.

The Air Force said few men were in the barracks at the time. Names of casualties were withheld pending notification of kin.

## Lands On Highway

MOBILE, Ala. (AP) — Hollis Wright of near Beaumont, Tex., landed his light plane on U.S. Highway 43 near here yesterday after bad weather forced him off course.

## Solved — Carpet Cleaning Problem

Research has developed the answer to carpet and upholstery cleaning with new Blue Lustre. It is safe for finest carpets whether wool or synthetics. The nap is left open and fluffy. Colors return to original beauty and lustre. Blue Lustre leaves no residue to cause rapid resoiling. Clean entire carpet or just spots and traffic lanes with long handled brush. One half gallon of Blue Lustre concentrate cleans three 9x12 rugs.

## Klan Posters In Arkansas

TEXARKANA (AP) — Ku Klux Klan recruiting posters were up today in the two Texarkanas and across Arkansas.

The posters directed inquiry in these words:

"In God We Trust. Join the Assn. of Arkansas KKK. Write postoffice Box 1712, Texarkana, USA."

A letter signed by John E. Golden, real estate dealer at Hooks, Tex., directed to Jake Q. Mahaffey, editor of the Texarkana Gazette, said:

"I would not like for there to be any doubt in anybody's mind

about who sponsored this part of the program. I am glad to take the responsibility upon myself and here and now, I wish to state that the Ku Klux Klan and its membership in Texarkana is made up of some of your well known citizens, all of whom are law abiding, God-fearing men."

Golden told a Texarkana Gazette staff member he hadn't put up the posters but confirmed writing the letter. He said he was a member of the Klan.

DEAR ABBY

## PICK RIGHT BUDDY

By ABIGAIL VAN BUREN

DEAR ABBY: You sure gave the girl a bum steer when she wanted to know if she should accept an engagement ring by mail. I was overseas in '42 and wanted to nail my girl down with an engagement ring, so I sent it to my best buddy at home and asked him to slip it on her finger for me. He did. But he didn't stop there. He ended up by marrying my girl.

VOICE OF EXPERIENCE  
DEAR VOICE: That was your fault. You should have known better than to send a rabbit to the store to bring home carrots.

DEAR ABBY: I've been married to a church-going hypocrite for nine years. I made my first mistake when I agreed to live with his mother. She's divorced,

has a large comfortable home and my husband is her only child. She calls herself a Christian but is cruel beyond description. She told me she wished God would take her son as he'd be better off dead than married to a woman who can't give him children. The doctor says I've kept having miscarriages because I am in a constant nervous state. I'd dig ditches or scrub latrines if I could move out of this house, but my husband feels he owes his mother more than he owes me and he likes the money we're saving. What would you do? LAST STRAW  
DEAR LAST: A man should not be forced to choose between his wife and his mother, but in this case I'd throw the book at him. The Bible. "Therefore shall a man

leave his father and mother and shall cleave unto his wife." (Genesis II, 24.)

DEAR ABBY: My husband served time in a Federal Penitentiary. He is free now. His favorite sport was hunting. What I want to know is, is he allowed to get a permit to own a gun? Some say "yes" and some say "no." I'd appreciate an answer.

EX-CON'S WIFE  
DEAR WIFE: The Law varies in different states. (It's easier to own a gun in Texas than it is in Illinois.) Get in touch with your District Attorney and let him acquaint you with the local law.

To get ABBY'S booklet, "What Every Teen-ager Wants to Know," send 25 cents and a large, self-addressed, stamped envelope to ABBY in care of the Big Spring Herald.

For a personal reply, write to ABBY in care of the Big Spring Herald. Enclose a self-addressed, stamped envelope.

## Young TV Actress Wins A New Fan

LOS ANGELES (AP) — Barbara Beal, 10, has a new \$500-a-week contract as a TV actress with NBC—and a new fan.

The fan: Judge John Gee Clark, who approved her contract Tuesday and bemusedly listened to Barbara's description of her TV role.

"I'm going to play the role of Teeny—the one who comes up and teases Fibber McGee and says 'I betcha'—if you remember radio." "Well, yes, I remember radio," the judge replied. "You just don't know how old I am."

## Heads Church

KERRVILLE (AP)—Dr. Flynn Long of Fort Worth, is the new moderator of the Synod of Texas of the Presbyterian Church, U.S. The synod opened its three day meeting yesterday at Mo-Ranch near here.

Long succeeds Dr. Malcolm Purcell of Houston.

## Man Takes Wife Back Despite Plot To Hire His Death

MIAMI, Fla. (AP) — "I don't know anybody in the world who would take a woman back after she paid someone to kill him," said the judge.

His words were spoken Tuesday to Beatrice Gurley, 41, who offered a detective \$1,000 to kill her husband. At her side stood the husband, Dave, his arm around her waist.

Judge Ben Willard freed her despite her plea of guilty to a charge of attempted murder.

"You're not uneasy sleeping out there in the same house with her?" the judge asked Gurley. "Not a bit," replied the husband. "Well, I just hope you know what you're doing. If you can sleep out there without fear, it's all right with me."

Mrs. Gurley made the deal for her husband's death with Ralph Metcalf, a detective who posed as a killer for hire. Gurley told the court his wife "just got mixed up."

Big Spring (Texas) Herald, Wed., May 20, 1959 5-A

## Kent Oil Co. Takes Over Reed Stations

A familiar name to Big Spring motorists for a number of years has disappeared from five service stations.

Kent Oil Co., which purchased the Reed Oil Co. interests here nearly two years ago, has changed the name on the stations to Kent, it was announced.

Since purchasing the Reed holdings, Kent has continued to operate under that name.

E. L. Kent, Monahans, is the owner of Kent Oil Co.

J. W. Hunter is general manager of Kent Oil Co. operations here. H. B. Standand and Claud Hines are station supervisors. Kent operates five Big Spring stations. These are the old Reed stations. They are located at 1628 E. 3rd.

## Soviets Claim New Record For Prop-Jet

LONDON (AP)—The Soviets today claimed their giant TU114 prop-jet set a new world distance record for passenger airliners, flying 4,225.25 miles nonstop from Moscow to Khabarovsk, eastern Siberia, in 8 hours 22 minutes.

The World Almanac shows no comparable record for Western commercial passenger planes, but the U.S. Navy's patrol bomber Truculent Turtle holds the recognized "airline distance" record of 11,235 miles. The propeller driven plane flew from Australia to Columbus, Ohio, in 55 hours, 18 minutes in 1946.

## Picket Line Open

CAPE CANAVERAL, Fla. (AP) — About 1,500 Transport and Teamsters union members crossed picket lines set up by striking carpenters today in a move described by a Transport Workers Union spokesman as "in the interest of national defense."

## Theatre Burns

DALLAS (AP)—Fire burned out the partially-raised Rialto Theater in downtown Dallas early today. No injuries were reported. The building is being demolished to make way for a parking lot.

### Pilot Rescued

R. V. Powell, 33, pilot of a light plane missing for several days is carried from an Air Force helicopter to a waiting ambulance after he and a passenger were rescued from the desert near Tucson, Arizona. Powell and his passenger suffered multiple fractures, severe exposure and dehydration.

## TV Young Marriage Show Better Than The Average

By CHARLES MERCER

NEW YORK (AP)—The public affairs department of CBS news planted a small oasis in the desert of afternoon television programming Tuesday by examining the question: "Do they marry too young?"

It was the first in a projected CBS-TV series entitled "Woman!" The hour program, which cost over \$100,000 to produce, was outstanding in the field of daytime programming and better than most of the things visible on the home screen in the evening.

Presenting actual young people and their parents, and leaving their experiences with the findings of physicians, clergymen, judges, sociologists and others, the program found the younger generation is marrying at a younger age level these days than ever in our history.

The program did not flatly answer yes or no to the question of whether they marry too young. Rather, in the manner of a good familiar essay, it placed a hand gently on the head of the subject

and rotated gracefully around it.

To my mind, however, the weight of the evidence presented was rather to the effect of saying, "Children, don't hasten into matrimony because it's not an idyll. It's the biggest and most difficult contract that humans ever are asked to fulfill."

Claudette Colbert served as the narrator who brought together the threads of this excellently organized program produced by James Fleming.

Miss Colbert, who looks and acts as charming and youthful as she did in "It Happened One Night," seemed a bit coy to me at times. Yet my wife, who watched the program with me, maintained that she was perfect for the assignment.

It strikes me that one of the delightful things about a program like this is that it stirs people to thinking and discussion — even though it can't be expected to come to extraordinary conclusions after fulfilling its reportorial function.

## Trumans Hear Happy Reports

KANSAS CITY, Mo. (AP)—Mrs. Harry S. Truman and the former President have two reasons for rejoicing today.

Pathologists have determined that the tumor removed from Mrs. Truman's breast was not malignant.

And their second grandchild was born Tuesday in New York.

Truman was so elated he scheduled a press conference today to discuss fully his feelings about Mrs. Truman's operation and his new grandson.

The tumor was removed by surgery Monday.

"Thank God," exclaimed the 74-

year-old Mrs. Truman when she heard the report. "I did not want to go through the rest of my life having people feeling sorry for me."

Truman said "it's the best news in a long time."

Their daughter, Mrs. Clifton Daniel, was in Doctors Hospital in New York, where her second son was delivered by Caesarean section. The baby weighed 7 pounds 3 ounces.

## Presbyterians Cite Growth Of Church

INDIANAPOLIS (AP) — The United Presbyterian Church in the U.S.A. recorded increases in mem-

bership, number of ministers, Sunday School enrollment and financial support, its leaders said in a report prepared for the opening session of its 171st general assembly today.

The report was to be given the annual meeting of the church's ruling body by Dr. Eugene Carson Blake of Philadelphia, stated clerk, or chief executive officer.

The church's membership in 1958 reached a high of 3,159,562, compared with 3,102,572 in 1957. Sunday School enrollment rose to 1,932,854 from 1,908,658. The number of ministers jumped to 11,901 from 11,573.

Contributions in 1958 swelled to \$242,583,778, \$232,989,450 the previous year.

The only decline noted in the statistical report was in number of churches, but this was because of the merger of local congregations after the union of two Presbyterian bodies a year ago. The total of churches dropped from 9,462 to 9,454.

Dr. Theophilus M. Taylor, retiring moderator (presiding officer) and faculty member of Pittsburgh-Xenia Theological Seminary, was to convene the assembly and deliver the communion sermon preceding the sacrament of the Lord's Supper.

Main business of the afternoon session was election and induction of a new moderator. Candidates were Dr. Arthur L. Miller, minister of Montview Boulevard Church in Denver, and Dr. Henry S. Randolph, head of the church's Department of Town and Country Church and of work with American Indians.

The Presbyterian General Council announced last night that a 24-week advertising campaign conducted in Rochester, N.Y., to promote Christian evangelism was so successful that a similar pilot project will be carried out in the fall in a larger city.

Dr. Glenn W. Moore, council secretary, said the city could not be announced until plans have been completed but that it was in the Midwest.

He described the ads as being interdenominational since the Presbyterian Church is not mentioned in the text, only in a coupon to be mailed by interested readers to the indicated address.

In the case of Rochester, mailing the coupons resulted in the respondent receiving literature described in the ads. In the new project, each respondent will receive within a week a personal evangelist visit by a layman trained for the purpose.

Dr. Moore said the Rochester trial showed "people are seeking mostly the answers to difficult questions of theology and personal religious experience. They seem to be hungry for basic information about the Christian faith."

"We want to interest people in Christianity," he continued, "not just the Presbyterian Church. In planning these ads we are thinking of people we never see in church."

### Young Kidnap To Girls School

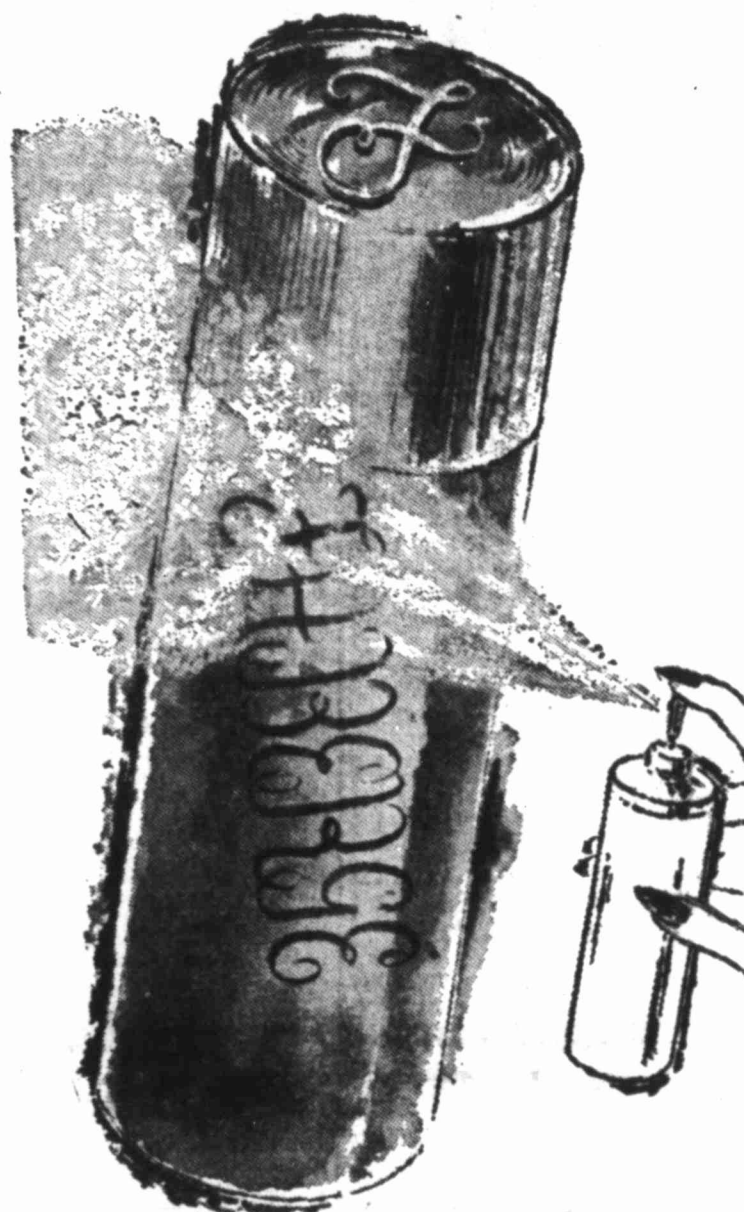

ALBUQUERQUE, N.M. (AP) — Betty Smithy, 16, was sentenced indefinitely to a correctional center after she pleaded no contest to a charge of kidnapping 18-month-old Mitchell Johnson.

She was charged with taking him to Dallas where she abandoned him in a drug store. "I am very sorry I took the baby," the girl told U.S. Dist. Judge Carl Hatch Tuesday. "I would like to be sentenced somewhere that I would have a chance to get an education."

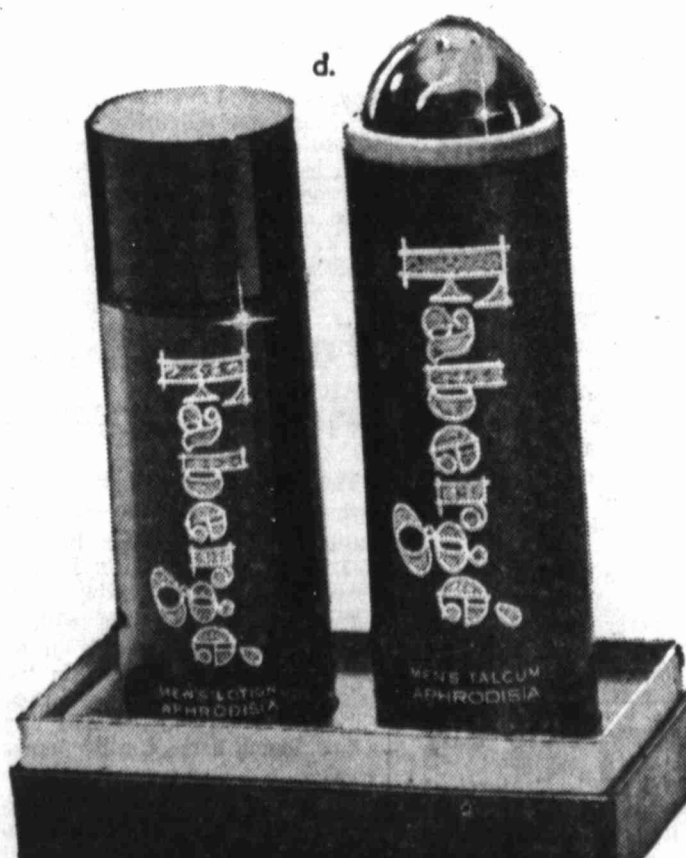

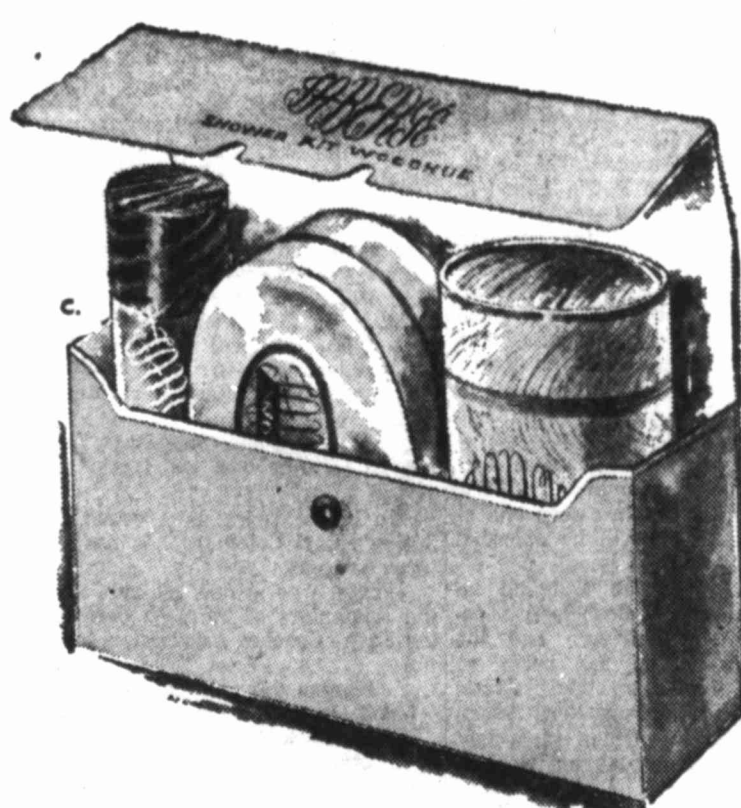

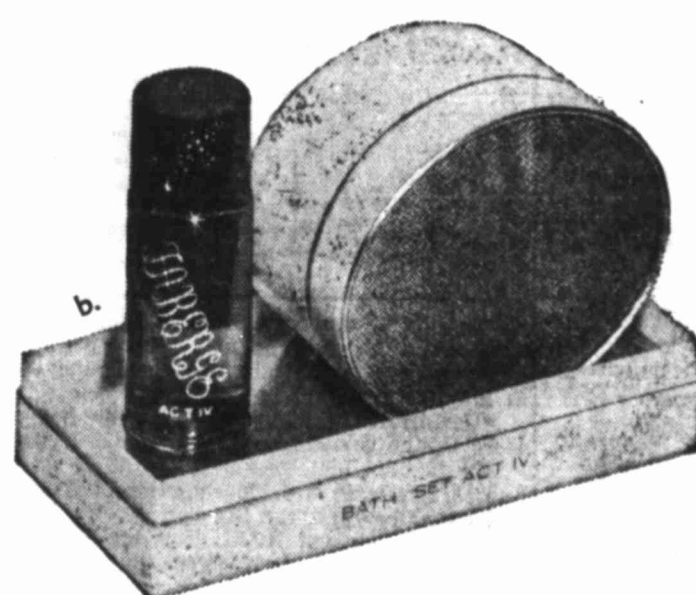

Officials said she probably would be sent to the new Federal Girl's Youth Correctional Center in Virginia.

### Held In Death

BRYAN (AP)—George McCoy, 14, was held for investigation yesterday after Isaac Madison, 13, died from injuries received in a fight during a sandlot baseball game.

# BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, WEDNESDAY, MAY 20, 1959 SEC. B

## County Proposes To Lease New Airport

Howard County Commissioners Court and the Airport Advisory Committee, appointed by the court, will consider written proposals for a fixed base operator for the new Howard County Airport on June 3.

The two groups, at a conference on the future operation of the airport on Tuesday afternoon, agreed that the best solution would be leasing the airport to a fixed base operator and authorized the consideration of proposals from any interested persons. The groups will meet at 10 a.m. June 3 to open any proposals which are submitted and to interview any applicants for the post who may be on hand.

The commissioners and the committee are agreed that the most feasible method of operating the new airport, which is now 90 per cent completed, would be to place all operations and management in the hands of an experienced operator who would be given a lease for at least five years. Such an operation would make the manager responsible for the efficient maintenance of the airport on a 24-hour schedule. He would be required to furnish adequate and competent manpower for the job; install such repair facilities and machinery as might be needed; insure the servicing of any airplanes which might make use of the airport and maintain the port in top condition.

The committee and the commissioners reviewed the observations of other airport operators and decided that the leasing of the port to a fixed base operator was more practical than for the two agencies to employ a manager and personally supervise the project.

The advisory committee reported to the commissioners that it has completed organization and is now preparing by-laws and recommendations which are to be laid before the court for approval.

The committee designated two of its members for three-year terms on the board; two for two-year terms and one for a one-year term.

Leroy Tidwell has been selected as chairman. Jack Guley has been named vice chairman and J. D. Carter secretary. Tidwell and Carter are the three-year members; Guley and Dr. M. W. Talbot Jr. are the two-year members.

## Personnel, Management Unit Slates 'Ladies Night'

Annual ladies' night banquet program of the Big Spring Personnel and Management Assn. will be held Thursday evening at the Webb Air Force Base Officers Club.

Some 50 to 75 are expected to attend the affair, which will include introduction of new officers of the association, as well as presentation of honorary memberships.

Principal speaker will be B. J. Clark, vice president and trust officer of the First National Bank, Midland, who is to talk on the setting up of estate trusts. Clark has a B.B.A. degree from the University of Texas, also has done graduate work there and at Northwestern University. He is a member of the Midland Rotary Club and the Knife and Fork Club there.

William B. Crooker, now head of the Personnel and Management Assn., will preside. The evening's program is under the direction of Warren A. Farrow, civilian personnel officer at Webb, the association's program chairman and a former president.

B. J. CLARK

Clark's program chairman and a former president. The dinner is slated for 7:30.

Clyde McMahon is the one-year member.

The two groups extended a general invitation to all persons who are interested in airport operation and are able to engage in such an enterprise to submit written proposals to them.

It was pointed out that such an operator would have to be financially able to make such investments in machinery, equipment and supplies as would be required for the airport to function properly.

The commission and the committee also would reserve the right to check fees and charges that such an operator might make for services to insure that such fees and charges were reasonable.

This, the group said, would apply to the price charged for gasoline and oil as well as repair, hangar rental and other services in connection with the airport.

The county commissioners have set up \$28,000 in the current year's budget to finance the operation of the new airport for the eight months of 1959. It was assumed at the time the budget was drawn the airport would be ready for occupancy by the end of April.

The committee and the county commissioners hope that a workable plan can be found by which the airport can be operated on a 24-hour basis as a business enterprise without having to dig deeply into county funds for its maintenance. They believe that the fixed base operator, who will carry on the airport activities as a private enterprise, could be the answer.

There have been several inquiries made by possible operators relative to plans for the new airport. The commissioners and the committee hope that professional airport men will submit proposals for the airport operation here.

It was pointed out that many phases of the operation will have to be worked out on compromise basis after the proposals are on hand and the groups have had an opportunity to discuss them with the persons interested in the proposition.

Oil In Spain

TULSA (AP)—Former Gov. Allan Shivers of Texas says Spain, which he visited recently, may within a month or two let American oilmen explore holdings in the Sahara Desert.

EVANGELISTS Paul and Hallie Smith

## Nazarenes To Begin Revival Here Thursday

The Rev. Paul and Hallie Smith, of Bethany, Okla., are to be the evangelists for the spring revival at the Church of the Nazarene, 14th and Lancaster. The meeting begins Thursday and continues through May 31, with services at 7:45 p.m. daily.

Both the Rev. and Mrs. Smith are graduates of Bethany Nazarene College, where they majored in subjects related to their work as ministers. The Rev. Smith is a forceful preacher and Mrs. Smith is an accomplished musician, playing the piano and accordion as well as directing the choir. She is also an experienced children's worker.

There will be special singing by local talent as well as duets by the Rev. and Mrs. Smith.

The pastor, the Rev. W. M. Dorough, said the public is welcome to hear these special workers.

## Hospital Bookie

NEW YORK (AP)—After 19 months in a hospital as a tubercular patient, Robert McKinney, 27, was arrested yesterday as a bookmaker, charged with doing a thriving business with other patients. He will face trial after his release from the hospital.

## Howard County Fatality Mars Area's Highway Safety Record

Rural traffic accidents in Howard County in April took one life, injured three persons and caused property damage of \$2,410. There were eight rural accidents in the county in the month.

These statistics were released by Sgt. Billy F. Smith, Midland sub-

station of the Texas Highway Patrol. The area served by this substation comprises Howard, Borden, Glasscock, Dawson, Martin, Midland and Reagan counties.

Smith said that there were 24 accidents in his district in April. In 13 of these there was prop-

erty damage and 16 persons were injured in 10 of the accidents. Only one fatal accident—in Howard County—was recorded.

In this accident Robert W. Knapp, 40, died when his car plunged off a sideroad, across another road and through a fence. This occurred on April 6.

Total property damages recorded for the district was \$62,100. Smith reported the month showed a drop of 21 accidents over the total scored in April 1958.

In April, Smith said patrolmen in the district arrested 310 persons. Ten of these arrests were for DWI; 216 for speeding, three for improper passing; four for wrong side of the road; 43 for defective equipment and all other violations accounted for 44.

## PROBATION FAILS

### Four Juveniles Are Committed

"I think I should be sent to the Gainesville school. I can't keep out of trouble here. Maybe they can help me."

The speaker was a 13-year-old girl. She was addressing Ed Carpenter, county juvenile judge. The judge was considering what disposition to make of her case and the cases of two other young girls and a young boy.

The girl, often before the court on other occasions, was back Tuesday in connection with the robbery of a newspaper vending machine. She and a 12-year-old companion had run away from home. The robbery was a part of their activities.

The mother of another of the young girls before the judge spoke up:

"I think it would be better, judge, if my daughter was placed in the school. It might keep her from getting hurt."

The mother of the third girl pleaded that her daughter not be sent to the school. However, the judge pointed out that he had tried probation in coping with the girl's conduct and that this method had failed.

He ordered A. E. Long, juvenile officer, to take all three of Gainesville.

The young boy before the court was accused of having had a part in an attempt by an older youth to cash a forged check. He too, has been before the court before and was on probation. The judge told Long to remove the boy to the Gainesville school.

## Pool Tables Are Seized, 2 Cafe Operators Charged

County Atty. Wayne Burns Tuesday afternoon filed charges against Mike Franco, operator of the Top Hat, and Ruben Billabo, operator of the Blue Moon. They are accused of operating and maintaining pool tables in their establishment.

The offense is a misdemeanor and under state law against public installation and operation of such devices in a case for county court disposition.

Bond was fixed for each defendant in the sum of \$250. They posted bond and have been released from custody.

Fern Cox, chief deputy sheriff,

and Bobby West, investigator for the district attorney, arrested the two men after they had seized two pool tables allegedly in place in their respective establishments.

Officers said that the equipment seized, which is stored in the office of the county attorney, is not standard pool table design. The devices are coin operated machines which officers said function on the basic principles of pool.

Burns said that such devices are in violation of the state law against pool tables and that their operation makes the offender liable to prosecution.

## BIG DIFFERENCE

## IN ECONOMY

Plymouth, traditional economy champ, again won its class in the Mobilgas Economy Run... won for the third straight year! In this recognized competitive test for economy, a Plymouth V-8 averaged 21.15 miles per gallon. Plymouth's proven high gas mileage, initial low purchase price, low maintenance cost and good resale value all add up to the Big Difference in economy!

**PLYMOUTH DELIVERS THE BIG DIFFERENCE IN PERFORMANCE, TOO!** But you don't have to sacrifice performance to enjoy Plymouth's top economy. The Fury V-800 engine that powered the Plymouth to its Mobilgas victory is the biggest standard V-8 in Plymouth's field. Its 230 horsepower packs plenty of ready-reserve power. (For peak performance choose the New Golden Commando 395, optional at extra cost.)

### BIG DIFFERENCE IN RIDE

Plymouth's famous Torsion-Aire Ride is the most comfortable ride on the road. It acts as a built-in road-leveler—it virtually eliminates roll or sway on turns—front end dive on stops. And it's yours at no extra cost on Plymouth.

### TAKE A "TWO-MILE TRY-OUT" NOW!

Get behind the wheel of a Plymouth. Put her through her paces and really feel the Big Difference. Take your "Try-Out" soon.

To be fully appreciated, must be driven...

### BIG DIFFERENCE IN FEATURES

Only Plymouth in its field offers such low-cost options as push-button automatic transmission, push-button heating and defrosting, easy-entry Swivel Seats, rear Sport Deck... and many, many others. And all of Plymouth's push-button driving controls are within easy reach of the driver... but are safely away from the reach of youngsters' prying hands.

### BIG DIFFERENCE IN QUALITY

We sincerely believe that the '59 Plymouth is the finest car Plymouth has ever built. Check every inch of this remarkable car. See the difference great engineering makes... a Big Difference you'll recognize and appreciate immediately.

### BUT YOU DON'T PAY FOR THE DIFFERENCE

Ask your Plymouth dealer to compare any model Plymouth with its comparable model of the other two top-selling, low-price cars. They are all priced about the same but only PLYMOUTH gives you the Big Difference for your money.

## A Devotional For Today

Trust in him at all times; ye people, pour out your heart before him: God is a refuge for us. (Psalm 62:8.)

**PRAYER:** O merciful God, we thank Thee for the power Thou hast given us to lay hold of things unseen. Strengthen our faith from day to day and increase our love for Thee and for all mankind. Teach us to serve Thee more acceptably; through Christ our Lord. Amen.

(From the 'Upper Room')

## Time To Swat The Mosquito

That time of year is here again—the mosquito season, that is.

It's not so much a matter of temperature, although we do have to have warm weather for a hatch, but one of moisture.

Since the first of the month we have experienced several showers which have kept puddles filled and have replenished shallow levels in cans, broken bottles, etc. They also have kept weeds and other undergrowth rank and lush as a harborage.

Consequently, some areas of the city are infested heavily with mosquitoes. On breezy evenings sitting outside is fairly tolerable, but on still nights such as we

have had recently, the pests try to make a meal off you.

All of which suggests that it is time for action against these insects. One of the best things that can be done is for everyone to take part wholeheartedly in the cleanup campaign.

If we can gather up all the old automobile tires, the tin cans and anything else that can contain water for a breeding place; if we can cut out the rank growths of weeds and brush; if we can obtain assistance from the city in spraying and from the health unit in checking larger potential breeding places in the edges of the city, perhaps we can control this unpleasant menace before it gains a real foothold—or nose hold.

## Nation Goes For Natural Gas

While the Texas Legislature locks horns over new tax levies on natural gas, the American Gas Assn. reported Monday, "The utility and pipeline industry, which has invested \$650 million in natural gas storage facilities to meet peak demands of its 32 million customers, has boosted its underground reservoir capacity to 2.7 trillion cubic feet."

Four states, two of them prime coal producing areas—Pennsylvania, Ohio, Michigan and West Virginia—account for more than two-thirds of the total gas in storage reservoirs at year-end. A total of 205 storage pools and 8,237 active wells are operating in 19 states, up from 199 pools and 7,389 wells a year ago.

It is a safe assumption that better than

half the gas in storage in other states came from Texas. Texas itself increased its underground storage last year, along with Iowa, more than somewhat—Texas from 26 to 38 billion feet, and Iowa from 13 to 31 billion.

Champ gas storage state, Pennsylvania, with 355 billion cubic feet, Ohio, with 320 billion, and Michigan with 271 billion in storage stand second and third, with West Virginia fourth, 243 billion.

Compressors required for underground storage operations stood at 130 in 1957, with a total horsepower of 411,000. In 1958 the stations increased to 136 with 438,000 horsepower.

The natural gas distribution business is booming throughout the nation.

## David Lawrence Prolonged Palaver Suits Khrushchev

GENEVA — Why should the Soviets agree to anything here? They have already been told officially that time means nothing—that there will be a series of foreign ministers conferences and "summit" meetings anyhow over a period of years. This gives the impression that the Western Allies feel no sense of urgency, and it fits in, of course, with the Soviet idea that, as time goes on, the peoples of the "captive" countries will become discouraged and accept Communist enslavement as their permanent lot.

Out of the entire "package" plan, Nikita Khrushchev, with a shrewd faculty for determining the weakness in his adversary's proposals, grabs eagerly at the suggestion that there should be an East German and West German conference committee that could talk for the next several years about German reunification. The Soviet chief says, indeed, that the representation must be equal, and cavalierly dismisses the fact that East Germany has much the smaller population of the two Germanies. But he sees the chance for a prolonged palaver which can last for 10 years—did the negotiations over Austria. The formula is defended by Moscow as manifesting a continuous willingness to negotiate. It comes also within the definition of "flexibility" which the faint-hearted in the West have been saying John Foster Dulles lacked.

What is the alternative? Is it only war? Too many people have become convinced that military force alone is the instrument by which international disputes can be solved. It is true that there must be a readiness to retaliate if attacked and that adequate armament is essential, but actually moral force is a far more powerful weapon. Eventually it can arouse all the peoples behind the Iron Curtain to assert themselves. In the present situation it calls for world-wide cries of indignation over the Soviet attitude toward a homogeneous people in the two Germanies who are given no hope of unity except under conditions dictated by the Communist autocracy. This means isolation and insecurity for the German people, if not Communist domination of them.

The evidence is clear. Tens of thousands of East Germans are fleeing every week from under the control of the Communists. There is a similar exodus from other countries behind the Iron Curtain. This flight from tyranny is significant.

Why, moreover, is there such silence, if not indifference, throughout the world with respect to the plight of the 63,000 human beings forcibly removed from Hungary in 1956 by Soviet troops and never brought back to their homeland?

Among them are 5,000 skilled workers taken from big industrial plants who were then shipped to China to work as slaves under the Communists there. The deported Hungarian boys and girls—many of whom were between the ages of 14 and 18—are still in Siberia today in prison camps. In the last few days there have been rumors that, when they reach the age of 18, they are executed. This has been denied by the Soviets, but they never tell why they are keeping the Hungarians in bondage.

The lesson is plain. The Soviets feel they own all the "satellite" countries—Hungary, Poland, Czechoslovakia, Bulgaria, Rumania, Estonia, Latvia and Lithuania as well as East Germany. They want to incorporate West Germany in their bloc of states. The first move is to offer a "peace treaty" and recognize East Germany as a supposedly sovereign country. The real plan is to get the Allied troops away from Berlin and the vicinity of East Germany so that the process of infiltrating and intimidating West Germany can go on.

The Soviet chief, in his speech over the weekend, rejected all proposals for reduction of armament in Central Europe made by the West. His demand is that the military bases on the continent be dismantled, and that American forces be sent back to the United States. This comes just after the hopes of a credulous world were raised that a "serious negotiation" might be forthcoming this month in Geneva at a foreign ministers conference or at a "summit" meeting later.

What Khrushchev really is demanding is the unconditional surrender of the West. He thinks the Western Allies are divided and that their differences can be exploited.

Where will the leadership come from that speaks firmly and is willing to risk war to avoid war? For repeated appeasement only bring on the same kind of situations out of which world wars have come in the past.

If the American people, surveying the skimpy results here, acquiesce to a "summit" meeting, it can prove the biggest setback to the cause of freedom since the brave Hungarians battled for freedom three years ago only to be forsaken. So it is the Geneva conference—not the "summit" meeting—which presents the real challenge now to the leadership of the United States in world affairs.

(Copyright 1959, New York Herald Tribune Inc.)

## Long Lost Bite

KEEDYSVILLE, Md. — Paul S. Butts, fishing in a creek near here, pulled in a set of false teeth and somebody recalled a person had lost a set while swimming 30 years ago. The choppers were traced to a man who now is a patient in a state hospital. The clinching clue was one gold tooth on the plate.

## Dry Land Sailors

WILLOW GROVE, Pa. (AP) — Some 200 employees of the landlocked Willow Grove Amusement Park are members of the Seafarers International Union. The SIU organized the park when the employees sought representation and were not able to interest any other union.

## Collector's Item

PHILADELPHIA — Harry Buten, who claims his Wedgewood collection is the largest in the Middle Atlantic states, thought his claim was being challenged by a man who wrote stating his collection was the largest in the Middle East. Then Buten noted the signature, that of Charles Malik, of Lebanon, president of the United Nations.

## It's Getting There That Counts

### James Marlow

#### Herter May Find Himself Alone

WASHINGTON (AP)—Christian A. Herter's job as secretary of state is a position of high honor but it may become for him, before he's through, a lonely and colorless post.

There are several reasons for thinking so, now that the terminal illness of his predecessor, John Foster Dulles, fastens attention upon the task Herter has inherited.

1. He has very little time to develop new ideas. His job ends 20 months from now—when the Eisenhower administration goes out of office—unless the Republicans win in 1960 and want to retain him.

2. No one is really expecting from him any change in American foreign policy as it was laid down and pursued by Dulles, with President Eisenhower's blessing. It is now long-established and more or less accepted by American public opinion.

3. The shadow of Dulles will lie

across every move Herter makes. It will be a yardstick for comparison between the two men. It cannot help but make Herter self-conscious about his own performance, since Dulles was such a dominant figure.

4. He gives no sign of having any of Dulles' flamboyance—for instance, Dulles' startling phrase-making which agitated both friends and foes—and apparently has very little of Dulles' ego or forcefulness.

As an example: At the foreign ministers meeting, now being held in Geneva, Herter's performance has been correct but because he is a quiet kind of man he has by no means dominated the conference as Dulles would have done, inside and out.

His statements at Geneva—where so far the meeting has been simply a propaganda contest between the West and the Soviets—already have been criticized as

too prosaic and legalistic and lacking in public appeal and understanding.

The Dulles-Eisenhower foreign policy has several basic elements: Yield nothing to Soviet protestations of goodwill unless accompanied by performance; preserve America's system of military alliances to keep the Soviets and Chinese Communists standing still; discount agreements with Moscow unless there is a enforcement, that is, a check system to prevent cheating.

This policy has become so much of American thinking that Herter, even if he wanted to, could not deviate from it without subjecting himself to critical examination by Congress and the public.

And he shows no signs of deviating. As of now it would seem to be his task to follow that policy down the line until his term of office ends. Thus his job has the appearance of a holding operation.

That by its very nature calls for steady plodding, not a personality display.

The one change he probably will make is in running the State Department. Dulles conducted pretty much a one-man operation, doing most of his own thinking and handling most of the important diplomacy.

Herter is expected to rely more on the men around him.

All attempts to predict Herter's performance are off if the Soviets should create a major new crisis between now and the time he and the Eisenhower administration go out of office in January 1961.

Then he would probably need all the forcefulness and inventiveness he could muster.

## Out Of Style

ST. CHARLES, Mo. — Reporter Neal Fink of the St. Charles Cosmos-Monitor isn't sure whether people are non-observant or merely polite.

He wore one black shoe and one brown one while making the rounds of his regular news sources to see what reaction he would get. Only two persons mentioned it. One was his boss, Publisher Darby Tally.

## Name Dropping

HONOLULU — Marine M. Sgt. Stanislaw Szatkowski tried to simplify matters by changing his first name to Stanley.

Then, he dropped the "z" from his last name. People still called him "Ski" for short.

Finally, borrowing his wife's maiden name, he legally changed his name to Stanley Hoover.

## Plan Hits Taverns

BACOMBPO, SONORA, Mex. — There'll be no new taverns in the area around Bacombpo, on the Gulf of California coast in central Sonora.

Dr. Carlos Perez, district health officer, said his order is aimed at raising farm production.

## Needy Thieves

NOGALES, Ariz. — John Allison collected a box of old clothing to be donated to the needy. He placed the box in his living room. Thieves entered the home. The box of clothing was the only thing stolen.

## Lids Are Off

MANSFIELD, Ohio — Police would like to put the lid on this case: Someone took 21 manhole covers from a sewer construction site.

## Around The Rim

### Our Do-Nothing Legislature

On the record, a veteran observer of the capitol scene has some sound basis for rating the accomplishments of the regular session of the 56th Legislature as the poorest in his memory.

For about a score of years he has been seeing legislatures in action, and the last session rates right close to if not on the bottom.

There are many capable, devoted and energetic men in both houses—and most agree that the West Texas delegation in general is a cut above the average. What, then, was the difficulty?

We pass along our friend's analysis. In the first place the Legislature has inherited a mountain of problems. Not since 1953 and possibly 1955, have any of them been faced seriously. They have been sort of temporized or swept under the fiscal carpet.

For another thing, the easy way to obtain funds for current operations was taken. Instead of making levies for every new expenditure, the practice was to absorb some of the \$100,000,000 surplus in the general fund. Many shrewd observers felt that the surplus should have been set aside mainly for capital improvements, thus dictating the more responsible course of providing for payment of new expenditures.

But the surplus has long since been absorbed, and now the state is something like \$50,000,000 in the red (the exact amount varies in estimates from \$40,000 to \$65,000, at the end of the fiscal year). This brings us to the next problem, namely a haphazard bookkeeping system. While the state has a deficit of \$50,000,000, it also has a cash balance of something like \$200,000,000. How come? Well, most of that is in scores and scores of special funds. Efforts to funnel funds into a more workable general account have met with dismal failure. During the past session, measures were in-

troduced to that effect, and every occupation, profession, and group in Texas with an interest in a special fund descended on Austin like a swarm of locusts.

What can be done? Our observer says One is to continue the omnibus plan of financing, levying selectively where possibilities and convenience seem best; impose a general sales or income tax; completely overhaul the taxing program and come up with a tax system for Texas; and finally, do little or nothing.

For the time the most likely thing is to patch up the omnibus plan and perhaps shave on expenses as much as possible to effect some sort of balance. The greatest danger is that little or nothing will be done. Unlike a general sales or income tax, although there will be an extension of selective sales taxes and eventually a general sales tax may be the course.

A far-reaching need is to completely overhaul the hodge-podge, patchwork, topsy-like Texas constitution so as to provide the machinery for modern operation of state government. The second great need is to completely revise the tax system. The Texas Research League did a masterful study in this direction, but relatively few have even bothered to digest the material, much less make a serious effort to utilize it.

And that brings us back to the immediate cause of the state fiscal crisis—that of divergent and uncertain leadership. Whether right or wrong, the governor hasn't had enough dramatic support to make his leadership effective; the House has been split by a prolonged speakership battle; the Senate is bottled by a do-nothing leadership; and even the powerful lobbies don't know what they really want—only that they don't want it to fall on them.

—JOE PICKLE

## Inez Robb

### Today's Need: An All-Purpose Jet Pill

LONDON—Travel, as the man said, is mighty informative. As the result of a jet flight to England and a life-long habit of eavesdropping, I am in a position to day to suggest a whole lucrative new field of endeavor to America's alert drug industry.

As I was fastening the seat-belt for take-off on British Overseas Airways' Comet, out of Idlewild at 9 p.m., I heard a man just back of me say disconsolately to his companion:

"These jet flights are too short for a sleeping pill and too long for a Miltown."

It had never occurred to me before that what the new jet age needed was a nap-time sleeping pill or a snooze-time tranquilizer. But obviously each new forward step into the future brings with it its own peculiar set of problems. And this is one of them.

If the drug industry has the wit to get busy on this challenge, I would suggest that it try for a combination or all-purpose jet pill. It should combine in one pellet a short-acting sleeping potion and a digestive agent.

In the old propeller age, air lines competed for passengers via the alimentary canal, offering ever finer and fancier viands until the passenger who wasn't handed a noggin of champagne on entering the plane promptly cancelled his passage.

This competition has carried over into the jet age.

But with the sharp reduction in transatlantic flight time, the passenger can now eat his way across the Atlantic. The

champagne was passed out to Comet passengers the moment the plane was airborne.

There then followed a banquet, featuring a filet mignon, called "supper." This was scarcely cleared away before it was time to serve breakfast, in view of the fact that it takes only a little more than seven hours to fly to London.

I chose to sleep rather than eat, but the charming Pakistani gentleman who occupied the seat next mine proudly told me he had eaten his way across the ocean.

He also told me he wished to say a few words about the American woman, after six months observation of the species in the U. S. A. I shuddered inwardly, anticipating the worst.

But this delightful man said, with a good bit of indignation: "You American women are slaves. You work, work, work, in the home, in the office, in the community. American men are lazy; you ladies do all the work. You need an Abraham Lincoln!"

Aside from this stunning revelation, which put me into a coma for the rest of the trip, the flight was swift and uneventful. But jet flight is still sufficiently novel that the captain of the Comet came on the intercom just before take-off to explain that a jet, when it leaves the runway climbs very steeply indeed.

Five minutes after take-off, we were five miles above the earth. Or was it the ocean? And the man behind me was trying to break in twin a propeller, or normal-sized sleeping pill.

(Copyright 1959, United Features Syndicate Inc.)

## The Gallup Poll

### Stevenson, Kennedy Nip-And-Tuck

PRINCETON N. J. — Adlai Stevenson and Sen. John Kennedy continue in a nip-and-tuck race for the 1960 Democratic nomination among their party's voters.

As they were one month ago, the two men are currently in a virtual tie for first place among Democratic voters of the country as the choice to head their party's ticket in next year's campaign.

A newcomer to third place today, displacing Tennessee Senator Estes Kefauver, is Senate Majority Leader Lyndon Johnson of Texas.

Since the November Congressional elections—when his party greatly increased their margin in both the Senate and House—the Texas Senator's popularity with Democrats has been steadily on the increase in successive Gallup Poll "open primary" tests.

Gallup Poll reporters throughout the nation handed Democratic voters a card containing a list of men frequently mentioned for their party's nomination and asked this question:

"Here is a list of men who have been mentioned as possible presidential candidates for the Democratic party in 1960. Which one would you like to see nominated as the Democratic candidate for President in 1960?"

The latest standings compared with those recorded in April:

#### CHOICE OF CANDIDATES

(Vote of Democrats)

Today April

Per cent

Governor Stevenson . . . . . 26 27

Senator Kennedy . . . . . 25 9

Senator Johnson . . . . . 13 9

Senator Kefauver . . . . . 10 12

Sen. Stuart Symington . . . . . 7 5

Sen. Hubert Humphrey . . . . . 6 3

Others . . . . . 8 8

None, no opinion . . . . . 8 8

Others on this month's list included Gov. Robert Meyer of N. J. and Gov. G. Mennen Williams of Michigan. Gov. Orval Faubus of Arkansas, who was included last month, was not on the current list.

Sen. Kefauver, a highly popular contender for the Democratic nomination in 1952 and 1956 who was Governor Steven-

son's running mate three years ago, has virtually taken himself out of the race for 1960.

When Kefauver supporters in today's survey were asked to name their second choice, Stevenson profits slightly more than the other candidates tested as the following table shows:

#### CHOICE OF CANDIDATES

(Vote of Independents)

After Allocating Kefauver Vote

Per cent

Stevenson . . . . . 29

Kennedy . . . . . 27

Johnson . . . . . 15

Symington . . . . . 7

Humphrey . . . . . 6

Others . . . . . 7

None, no opinion . . . . . 9

Senator Kennedy continues to be the favorite of the nation's Independent voters for the 1960 nomination. After pulling up almost even with Kennedy among this important voting group last month, Governor Stevenson once more trails the Massachusetts Senator as the following table shows:

#### CHOICE OF CANDIDATES

(Vote of Independents)

Today April

Per cent

Kennedy . . . . . 32 26

Stevenson . . . . . 19 25

Kefauver . . . . . 11 12

Johnson . . . . . 7 9

Symington . . . . . 6 5

Humphrey . . . . . 4 3

Others . . . . . 7 5

None, no opinion . . . . . 14 15

## Try Noose On Flies

LEXINGTON, Ky. — Bothered by houseflies? You might try using a noose to string them up.

The suggestion, from Kentucky's Agricultural Experiment Station, doesn't refer to hanging the flies, but to using noosed cords saturated with deadly insecticides.

Experts say the flies are attracted to the nooses.

MRS. LARRY DEXTER KNIGHT

## Miss Jones Bride Of Larry Dexter Knight

The First Baptist Church was the setting for the exchange of wedding vows between Betty Lou Jones and Larry Dexter Knight Tuesday evening.

The bride is the daughter of Mr. and Mrs. Reliance Jones, 1404 East 14th; parents of the bridegroom are Mr. and Mrs. L. D. Knight, 1607 Stadium.

A double ring ceremony was read by the Rev. Ernest Stewart, pastor of the East Fourth Baptist Church, as the bride party stood before a sunburst arrangement of gladioli and stock.

Traditional nuptial music was played by Jerrylyn McPherson, who accompanied Art Dodds III of Lubbock as he sang Because and The Lord's Prayer.

The father of the bride gave her in marriage, fashioned along princess lines, the frock of white broadcloth taffeta featured a sweetheart neckline and as back interest, a grouping of unpressed pleats. The wedding dress was made by the bride's sister, Mrs. Art Dodds.

To a hat of short pearls was attached a short veil, and the bride carried sweetheart roses in a nosegay.

In the traditional manner, the bride chose a ring belonging to her grandmother, Mrs. Walter Davis, as something old; she wore a blue garter; her dress was new, and in her shoe she carried a penny.

The attire of Lana Wren, maid of honor, was of pink crenellated made in similar style to that of the bride's dress.

Alvin Utley attended the bridegroom as best man.

At a reception held in Fellowship Hall of the church, the bride and groom received guests assisted by their parents, the best man and the maid of honor.

Gloria Coker and Mary Ella Bain served at the bride's table.

## Study Grants Are Awarded Teachers

Study grants for this summer have been awarded two women teachers in the local schools, under the National Defense Education Act. The grants, which carry a \$75 per week stipend, are offered to encourage teachers in advanced study and instruction techniques.

Colleen Slaughter, high school teacher of Spanish, will attend the Modern Language Institute, University of Michigan, Ann Arbor, from June 22 to August 14. As a participant in the secondary Spanish program, she will be indoctrinated in up-dated methods of teaching the language.

The Counseling and Guidance Institute at Texas Tech, Lubbock, will draw Mrs. Billye Harrel, counselor at Goliad Junior High School. Authorities in the field will be brought from all over the country for the June 1-July 11 course, in which 30 will be enrolled.

## Californians Guests Of Ackerly Residents

ACKERLY — Among recent visitors to the home of the J. Archers were their grandchildren, the Chick Bennetts of Vallejo, Calif.

Mrs. Chester Graham was in Levelland for the funeral of Mrs. Wayne Etchison's father. Mr. and Mrs. Bill Etchison of Lomax were recent guests of her parents, the Grahams.

The Neil Buckalews of Lamesa were recent guests of her parents, Mr. and Mrs. Covie Williams. Mrs. Bruce Crain has returned from a visit in Portales, N. M., with her sister, Mr. and Mrs. Louis Chandler, and in Friona with her children, Mr. and Mrs. A. E. Cannon.

Guests of Mrs. Emma Coleman have been her children, the H. G. Kuykendalls of Wichita Falls.

## Out-Of-Town Guests In Fletcher Home

FORAN — Mr. and Mrs. Freddie Stuart of Denton and Mrs. Jimmy Porter and Dana of College Station are here for a visit with Mrs. O. W. Fletcher and Sherrie.

Mr. and Mrs. Joe B. Hoard and children of Pecos visited relatives here.

Pfc. Larry Blankinship left Friday morning for his Army base in Camp Chaffee, Ark., after a two-week furlough with his parents, Mr. and Mrs. E. E. Blankinship and Billie.

Guests of Mr. and Mrs. Earl Beeson were Mr. and Mrs. L. M. Beeson of Hobbs, N. M.

Jimmy Baker, son of Mrs. Johnny Baker, has enlisted in the Army. He was sent to Abilene, thence to Fort Leonard Wood, Mo.

## Rebekahs To Meet

Mrs. Tom McAdams, noble grand, has called a meeting of the Big Spring Rebekah Lodge No. 284 for 7 o'clock tonight at the IOOF Hall. It is urgent that all members attend.

## Muffin Extra

Plain cornmeal muffins benefit from the addition of drained canned corn kernels.

## Rebekahs Slate Bingo, Initiation

In their separate meetings Tuesday, the Rebekah Lodges made plans for a formal initiation service next week and for a bingo party in June.

## JOHN A. KEE

A bingo party is being planned by the John A. Kee Rebekah Lodge No. 153 as a means to increase the treasury. The announcement came Tuesday evening when 22 gathered at Carpenters Hall. Tickets to the event, which will be held in early June in the Jones Lamar garden, will be available soon.

The group agreed to purchase floor covering for the IOOF home which will be ready for occupancy shortly. They also voted to send a graduation gift to a student in the Children's Home at Corsicana. Mrs. Lamar read a letter from the state president outlining special certificates and trophies which the lodge will attempt to attain. Visits to ill members were recorded.

## BIG SPRING

The application of Mrs. M. W.

## Oregon Resident Is Guest In Westbrook

WESTBROOK—Mrs. Frosty Gifford of Klamath Falls, Ore., and Mr. and Mrs. Perry Anderson and children of Odessa were guests in the home of Mr. and Mrs. A. G. Anderson during the weekend.

The Leslie Bassingers of Andrews visited the W. A. Bells recently.

In Lubbock on a recent business trip were Mr. and Mrs. Dalton Conway and Travis.

Mrs. Arthur Moody has returned home after a visit in Brownwood. A guest in the home of Mrs. D. B. Humphrey is her sister, Mrs. Mary McCarty of Lockney.

Mr. and Mrs. Charles Raune entertained his sister and her husband, Mr. and Mrs. Raymond Robb of Fort Worth, recently.

A Sunday guest of the Leroy Gressetts and the W. A. Swaffords was Mrs. Hazel Phillips of Big Spring.

MRS. B. F. SEAY

## Workshop Of Clubs Slated For Thursday

Club members from Forsan and Stanton will join local club women in taking advantage of the workshop to be given Thursday with Mrs. B. F. Seay of Andrews as leader.

Mrs. Seay, president of Eighth District, Texas Federation of Women's Clubs, will be assisted by Mrs. Max Leaman of Crane, second vice president, TFWC.

All federated club women are invited to be present at the session, which will begin at 10 a.m. in the hospitality room of the Texas Electric Service Co. At noon, past and incoming presidents of the federated clubs will attend a luncheon at the Howard House.

The afternoon meeting is slated from 1 to 4 p.m.

Subjects to be discussed include the basis for a good club; how to stimulate the work of a club and how to get more power through organization.

The group will learn ways of planning programs and yearbooks and how to assemble scrapbooks. Arrangements for the workshop have been made by members of the Spoudazio Fora.

## HD Club Has Program On Fashion

Fashion interested members of the Fairview Home Demonstration Club Tuesday afternoon at a meeting in the home of Mrs. D. F. Bigony.

Mrs. Shirley Fryar reported on a meeting of the district clubs which was held in April, and Mrs. Jimmie Dee Jones, HD agent, demonstrated points brought out at the gathering.

Mrs. Jones showed the group how the appearance can be altered with the change of accessories. The thought for the day, brought by Mrs. L. A. Griffith, was One of God's best gifts to humanity is a charitable disposition.

Roll call was answered by 12 members who told of errors that are sometimes made in parliamentary procedure. Two guests, Mrs. J. Tom Rogers and Mrs. Edgar Johnson, were introduced.

The next meeting, slated for June 2, will be in the home of Mrs. H. S. Hanson and will be based on the subject of health and safety. A film will be shown dealing with the topic, it was announced.

## Knott P-TA Elects

Charles Reeves was elected president of Knott P-TA, Tuesday evening in the final meeting of the school year. Chosen to serve with him were Mrs. Leon Riddle, vice president; Mrs. Joe Mac Gaskins, secretary; and Mrs. E. L. Long, treasurer.

## Royal Service Given By WMS

A Royal Service program was presented to the members of the Baptist Temple WMS Tuesday morning by members of the Fishers Circle.

Based on a study of Hawaii, the program was given against a background of branches arranged to represent the foliage and trees of the islands.

Setting for those presenting the discussion of life on the islands and the missionary work was a banquet

table bearing baskets of fruit and flowers in a tropical vein.

Mrs. Robert Hill opened the meeting, and Mrs. Rex Edwards read the missionary calendar.

Those participating in the program, all of whom were dressed in muu-muus with flowers in their hair and wearing leis, were Mrs. Richard Grimes, Mrs. H. M. Jarrett, Mrs. A. W. Page, Mrs. W. L. Sandridge, Mrs. B. F. Mabe, Mrs. Howard Thompson, Mrs. Robert Heine and Mrs. Otto Couch. Members of the Horace Buddin Circle were hostesses; they arranged a table following the theme with refreshments along the same line served to 17.

## Circles Continue Study Programs In Home Meetings

Mrs. Clyde Thomas was leader for the second lesson in the study book, Understanding Other Cultures, for the Mary Zinn Circle of First Methodist Church Tuesday afternoon, Mrs. H. H. Stephens was hostess.

Mrs. Bob Eubanks opened the session with prayer, and Mrs. W. A. Laswell brought a devotion based on the book of Acts.

Subject of the afternoon was The Division of Labor; assisting with the presentation of topics were Mrs. W. A. Miller, who discussed Questions for Food, Clothing and Shelter, and Mrs. R. L. Warren. Her topic was the Manipulation of Environment.

Mrs. Stephens was assisted by her daughter, Susan, in serving refreshments to 22. Announcement of the next meeting informed the group that Mrs. C. E. Shive, 1311 Scurry, and Mrs. Gladys Slusser will be hostesses on June 2 in the Shive home.

## REBA THOMAS

A continuation of the study, Middle East Pilgrimage, was the program for Reba Thomas' Circle meeting Tuesday evening with Mrs. Reeves Moren. Two chapters were reviewed by Mrs. E. H. Nichols.

Joining the nine members was guest, Mrs. E. G. Lacy of Vernon.

## Family Services To Mark Second Year With Coffee

Family Services at Webb Air Force Base will observe its second anniversary with a coffee and the presenting of service awards Friday morning at 10 a.m. at the Family Service Center.

All FSC Volunteers are invited to attend the party. About 35 women are eligible to receive the service recognition, which consists of gold stars and service stripes.

A gold star is awarded for 50 hours of volunteer service, and a stripe is given for 100 hours and a year of work.

Mrs. L. R. Simpson is co-ordinator of services.

## COURSE IN DRAPERY-MAKING UPHOLSTERING IS PLANNED

Wish you had some new draperies or newly-upholstered furniture?

Here's your chance to get help in making either one or both. From June 8 to 12, the Goliad Junior High Home-making Department will offer to adults a course in making draperies and upholstery.

The department will be open from 9 to 11 a.m. and from 2 to 4 p.m. during that period of five days. Seamstresses may bring their materials and measurements for help in their sewing, or they may receive help in planning color schemes and kinds of decorations to be used.

More information may be gained by a call to Mrs. Jack Alexander at Goliad, AM 4-7479.

## Red Cross Board To Meet Thursday

Regular meeting of the Howard-Glasscock chapter board of the American Red Cross is scheduled for Thursday afternoon at 5 o'clock.

The session will be held in the county courtroom at the Court-house. All members are urged to attend.

4-B Big Spring (Texas) Herald, Wed., May 20, 1959

## Headquarters In Midland For Boy Scout Council Dedicated

The Buffalo Trails Boy Scout Council, which serves 20 West Texas counties from Snyder and Colorado City to the Rio Grande,

dedicated its first permanent home Tuesday.

Representatives from the council area were on hand to witness the ceremony at the service center at Ave. D and Texas in Midland. Judge C. L. Klaproth, chairman of the office development committee, told the friends of Scouting that "you're working for the future when you work with boys. You are upholding righteousness in supporting the work of the home, church and school."

In dedicating its first headquarters property in more than three decades of existence, the council has a great opportunity to train leaders to uphold the great traditions of America, he said.

Prayers were offered by the Rev. T. J. Kennedy, OMI, pastor of St. Ann's Catholic Church, Red Kruger, representing the Jewish faith, and the Rev. Jack Ellzey, pastor of St. Luke's Methodist Church, all of Midland. Cubs, Scouts and Explorers had parts on the program and repeated their pledges. Presiding were J. L. (Dusty) Rhodes, Odessa, who heads the council.

After the board was feted to a dinner on the grounds of the new facility, Lewman lauded Rhodes, who recently earned the region's highest honor, the Silver Antelope. Immediate Past President Emmett Beauchamp, Pecos, was given booklets engraved to show that the council had been among the top 10 councils in the region for three consecutive years.

Rhodes announced two new executives were joining the staff within a few weeks. One will be James B. Stephens, to be assigned to Sandhills district in Andrews, and C. W. Tarter Jr., who will be at the new Sunset Trails district in Odessa.

James E. Payne, Colorado City, council camping chairman, reported that 1,187 boys already had registered for the Scout Ranch in the Davis Mountains and another 403 for Camp Ed Murphy at Lake J. B. Thomas, making 1,590 signed so far in a long-term camp. This will equal a council goal of at least 40 per cent of the boys enrolled in a long-term camp. G. N. Hughes, Midland, said that a swimming pool, valued at \$45,000, was nearing completion in the mountain camp at a cost slightly in excess of \$25,000. Similarly, Camp Murphy development, costing in excess of \$32,000, has resulted in values of more than \$85,000, said Lyle Deffebach, Snyder.

The board took under advisement a nibble for oil leases on at least part of the 5,500 acres in the remote reaches of the Davis Mountains. The ranch camp will be served next year by an REA line building that way from Fort

Stockton, the board was told. Maj. W. L. Spier, national jamboree chairman, had a meeting of his committee to begin recruiting 222 boys and 24 leaders for next year's national gathering at Colorado City.

Attending from Big Spring were Chester Cathey, Sam McComb, Sherman Smith, Jack Alexander, Ray Alexander, Bill McRee and Joe Pickle.

## Students Give Club Program

High school students who have been honor guests at Rotary Club meetings during the past year presented the program at the club's luncheon Tuesday.

Participating were Bill French, Bill Parsons, Bill Thompson, Eddie Kinney, Roger Flowers, Bobby McAdams and Benny McCrary. They discussed the educational program of the Big Spring schools.

W. C. Blankenship, superintendent emeritus of the local school system, was in charge of the program.

New Rotary members received were Sam Peterson and John Taylor.

## Safety Meeting Set At Odessa

Two speakers will discuss "Accident Control in the Oil Field" at the meeting of the Permian Basin Chapter of the Society of Safety Engineers at Odessa Thursday.

F. W. Belscamper, Hobbs, N. M., Gulf Oil Corp. official, will speak on accident problems related to reproduction work. Ray McNeill, Midland, safety director for Cactus Drilling Corp., will discuss safety problems in the drilling industry.

The meeting is to start at 7 p.m. Thursday in the Holiday Inn at Odessa.

## Brother Of Local Woman Succumbs

Mr. and Mrs. George Melear have returned from Stephenville where they attended the funeral Tuesday afternoon of her brother, Arthur Early, 74.

Mr. Early, a former resident of Big Spring, had been seriously ill for several days, and the Melears had just returned from his bedside when they received word of his death on Monday. Survivors include other relatives here, among them a sister-in-law, Mrs. Bill Early.

## Heart Society Reorganizing, Officer Named

Reorganization of the district and chapter setup is under way for the Texas Heart Society. Ernie Guy, Houston, state executive secretary, told the local chapter Tuesday.

Guy met with the group at the Wagon Wheel for a luncheon engagement. The realignment of the organization is calculated to afford local units more frequent help from professional staff members, said Guy.

He also made an appeal for support of new research above that provided by state society funds. He said appeals for research projects amounted to \$29,000 more than twice the amount available. Extra contributions to research by local units can step up the research program, he added.

Mrs. Larson Lloyd, chairman of the Heart Fund drive last February, said that the final figure was \$3,024, which does not include funds from Webb AFB, which went directly to the state unit.

Mary Cantrell was elected secretary, succeeding Mrs. C. L. Rowe, who retained the treasurer's position. Doug Orme, new board member, was in attendance, as was Don DeRosen, Houston, a district representative. Dr. P. D. O'Brien was in charge of the meeting.

## Ike Knows About What He Means

WASHINGTON (AP) — Robert Winn Jr., of Dallas, a senior at North Texas State College at Denton, got a \$500 scholarship award yesterday by President Eisenhower. He had to explain the only B on his report card.

Winn's citation said his grades were not only near perfection but he was outstanding in extra-curricular activities. His scholastic record showed 11 A's and one B. "Just a minute," the President said. "What was the B for?"

Winn said he didn't have full time for his studies when he was campaigning for president of the NTSC student body and got a B in mathematics. He won the election.

Winn, 23 and blind, won the award from Recording for the Blind, Inc., along with three other blind students.

## Talks Resume

NEW YORK (AP) — Contract negotiators in the basic steel industry argued in the open again Tuesday over whether wage increases would spur inflation.

## Snorkel Observed As A Rescue Tool

CHICAGO (AP) — The Chicago Fire Department is using a weird, wonderful contrivance that has stirred up interest across the country.

It is called a Snorkel. It looks like a giant crane. But the boom, instead of being straight and stiff as a ramrod, bends in the middle like a human arm.

At the hand end of the arm is a big basket. A fireman can stand in the basket and direct a stream of water from a hose with rifle-shot accuracy. The arm just lifts the water marksman to a window or a vantage point above the roof of a burning building and he plays the water on the spot where it will do the most good.

It can be used in rescue operations, too. Perhaps you saw photographs of the long arm picking the injured off the elevated trestle, 35 feet high, after the collision of two trains Monday. Two Snorkels were used to carry 60 of the more than 100 injured from the two trains. It was the first rescue work use on a substantial scale.

The Snorkel is the big brainchild of Fire Commissioner Robert J. Quinn. He got the idea when he saw a tree trimmer using a smaller contraption built along the same scientific line.

The Pitman Equipment Co. of Grandview, Mo., provided an experimental model last fall. It cost \$16,000.

Now the department has three Snorkels. The first one can reach up to the fifth floor level. The other two are bigger. No. 2, with a 75-foot boom, can reach eight stories. No. 3, with a 65-foot boom, can reach seven stories. The larger ones cost \$25,000 each.

They just lift the basket up, take on a load and then lower it like the bucket on a scoop shovel.

## Khrushy Tells Americans To Watch Grandchildren

MOSCOW (AP)—Soviet Premier Nikita Khrushchev told a group of Florida business and professional men Tuesday that the Soviet Union never will launch the first rocket against the United States.

But he said their grandchildren had better look out—the bug of communism will get them. Khrushchev, evidently in a good humor, told them he was happy to see 45 Florida businessmen and after a 70-minute interview took them out into the Kremlin garden for photographs.

Notes on the conversation were given by Ralph A. Renick, vice president of TV station WTVJ of Miami, president of the Radio-TV News Directors Assn., and Thomas F. Fleming, president of the First Bank of Boca Raton, Fla.

"I can assure you that we will not be the first to use our weapons against you," Khrushchev said. Later in the talks he said: "Who can guarantee that your grandchildren years from now will have the same views that you do? We won't start a war. We will not strike first and you will not allow any crazy people to start a war. Therefore there will be no war but you are as afraid of communism as of the devil himself."

"The bacilli of communism may enter the brains of your grandchildren. Therefore take care of the brains of your grandchildren."

Khrushchev predicted the Geneva Big Four foreign ministers conference will be successful "or we would not have participated in the first place."

He declared the U.S.S.R. is willing to go a long way to get results. He repeated what he said earlier that he dislikes the package plan proposed by the Western powers.

"The Western Powers have proposed a draft which calls for a united Berlin to be set up," he said. "In other words they proposed that the government of East Germany should give up its own capital, that of East Berlin."

"Is that government supposed to transfer its capital somewhere else? Is it supposed to transfer it to Mars or Jupiter? No reasonable person can hope for a solution on that basis."

WICHITA FALLS, Tex. (AP) — State Highway Patrol Lt. William J. White has been relieved of his pistol while serving as a juror in the bribe conspiracy trial of Randall County Judge Roy Joe Stevens.

## Cop On Jury Duty

WICHITA FALLS, Tex. (AP) — State Highway Patrol Lt. William J. White has been relieved of his pistol while serving as a juror in the bribe conspiracy trial of Randall County Judge Roy Joe Stevens.

## LEGAL NOTICE

NOTICE OF EQUALIZATION  
In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Court House in the town of Big Spring, Howard County, Texas, at 10:00 a.m. on Monday, the 1st day of June, 1959, for the purpose of determining, fixing and equalizing the value of any and all taxable property located in Howard County, Texas, for taxable purposes for the year 1959, and any and all persons interested or having business with said Board are hereby notified to be present.

PAULINE S. PETTY  
County Clerk, Howard County, Texas  
Howard County, Big Spring, Texas, 1st day of May, 1959

## \$4,000 Bond Set In Burglary Case

Bond in the case of Leroy Heard, 34-year-old Negro, was set at \$4,000 Tuesday afternoon. Walter Grice, justice, fixed the amount of the bond.

Heard is being held in the county jail. He is accused of burglarizing Ray's Grocery on the night of May 11—one of a series of four burglaries perpetrated on that establishment since May 11.

The Negro was arrested on the north side of town earlier this week. He had been sought on a state-wide basis.

## TV Cameramen Barred From Court

DALLAS (AP)—Television cameramen will be barred from the courtroom of Dist. Judge Frank Wilson during jury selection for important cases, Wilson said yesterday.

He declared a mistrial in the murder trial of Willie Mays, 40, charged with the 1957 slaying of Oliver Lovelady.

Wilson acted after members of the jury panel said they heard and saw radio and television reports of the courtroom action Monday.

# Announcing . . .

A change in corporate name only in one of West Texas' pioneer service station operations was announced today.

The firm known as Reed Oil, Incorporated, will be changed to Kent Oil, Incorporated, effective April 15, according to E. L. Kent, president.

Mr. Kent emphasized the fact that the change is in corporate name only and that the same management and personnel and high quality products and services will be offered to all customers.

All holders of Reed Oil, Incorporated, credit cards are reminded that the present credit cards will be honored until new cards can be issued.

"We wish to thank all our customers for their patronage in the past, and we look forward to serving them for many years to come," said Mr. Kent.

## CRITIQUE Of The Local Entertainment Scene

By Bob Smith

Doug Wiehe and Tommy Frye, high school and junior high band directors respectively, are cooking up a promising summer music program.

The set-up would use available high school band members as a nucleus, beefed up with those from junior high who will be entering high school next September, plus some of the more accomplished of Frye's younger bandsmen.

And, since it's going to be such an all-inclusive program, Wiehe says he's thinking of inviting adult citizens to join the group. Sort of a summer community band, so to speak. There was a community band here a few years ago, but it died through lack of players and a director.

The project raises the possibility of a courthouse lawn concert late in August, although this means some rehearsing. One of the major complaints of the vanished community band was that there was too much rehearsing, not enough playing for fun. But local musicians shouldn't mind a few weeks of rehearsing, if they can do all their playing for fun during the summer.

News of note to theatre folk, music-minded, and other artists:

The American Symphony Orchestra League, holding a convention in Phoenix beginning June 10, will stage lecture courses and workshops in the general arts fields as well as in music.

Some of the events are concerned with the International Conference of Arts Councils, whose members help coordinate cultural activities in their respective communities.

Of interest to theatre people will be a symposium on theatre arts, as well as the lectures on more general subjects.

Of interest to musicians will be workshops in both adult and youth classes, to be conducted by leading symphony orchestra players.

More information may be had from the American Symphony Orchestra League, P. O. Box 164, Charleston 21, W. Va.

The St. Louis Municipal Opera will open its 41st annual season June 11 with "The King and I," with Patricia Morison and Tony Dexter.

The complete schedule: "The King and I," June 11-21; "Song of Norway," June 22-28; "Oh Captain!" June 29-July 5; Rio Rita, July 6-12; "Gentlemen Prefer Blondes," July 13 - 19; "Fanny," July 20-26; "L'il Abner," July 27-Aug. 2; "Carmen," Aug. 3-9;

"Call Me Madam," Aug. 10-16; "Babes In Toyland," Aug. 17-23; "Bells Are Ringing," Aug. 24-Sept. 6.

Jazz has never been so popular; and it has never been so dead.

That, at least, is the opinion of the experts. The theory has it that jazz, having originated in the minds of American Negroes as a means of primitive expression, has now served its purpose. With the generation-by-generation advancement of colored people, jazz loses its spontaneity.

Negro composers today tend more and more to abandon the by-ear approach, and to obtain first-class education in leading conservatories. As a result, whatever jazz is still within their soul fades into the complex of formal music. It is no accident that, as a corollary trend, jazz has spread evermore into the white race.

And here may be some explanation of the rock-roll phenomenon. In each race, there are superior and inferior individuals, and when left to themselves they tend to gravitate to their own levels. But when two races are brought together, one with the advantages of an advanced civilization, the luckless group will, for a time, be kept under.

The superior members of the suppressed group, in this case the musicians, inevitably produce a superior product. The product in question is often termed pure jazz. But as the suppressed race advances, its superior individuals find new avenues of expression, most often coinciding with those of the upper crust, and the old musical form degenerates in the hands of inferior musicians of both races.

As jazz becomes respectable, it finds new forms, and eventually is accepted as an art. Thus, we have gone through a succession of ragtime, Dixieland, swing, bop, progressive and cool.

The superior forms of jazz, having become an experimental vehicle, are now finding expression in modern serious compositions, although the melding is so thorough it takes a sharp and trained ear to hear it.

Thus, it is this critic's opinion that true jazz is not dead—it has merely evolved to a higher plane, and has found its place in the overall pattern of serious music.

But that leaves the unfit forms of jazz with no place to go but down. Rock-roll, a peculiarly sterile form of expression, is that degenerated portion of jazz which, like the dinosaur, could not evolve upward, and is as doomed as the plesiosaurus.

## Crosby Twins Have Small Resemblance

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP)—Few twins are less alike than Phillip and Dennis Crosby, born four minutes apart 24 years ago.

Phillip Lang Crosby, the older, is a hearty, muscular young man with ruddy face and a crew-cut cottontop. He moves with the lumbering grace of a college football player, which he was at Washington State.

Dennis Michael Crosby is termed by his brothers the best natural athlete in the family, but he didn't have enough weight to play college football. Pale and sensitive looking, he is the shy one of the four. He also is the one with his father Bing's tendency to baldness, and he takes a ragging from his brothers about the toupees he wears for public appearances.

Different as they are in appearance and nature, the twins share one thing in common: domesticity. Both were wed to Las Vegas showgirls — Phil to Sandra Jo Drummond, Dennis to Pat Sheehan. Both have given Bing grandchildren. Dennis Michael Jr. was born in December; Phil's daughter Dixie Lee was born two weeks ago.

Unlike Gary and Lindsay, the twins seldom frequent Hollywood's night life. They entertain quietly in their homes. Phil lives in a handsome colonial house in Westwood, not far from the family mansion Bing now shares with his second wife, Kathryn Grant. Dennis has been living in Laurel Canyon, but is moving to a more sizable house with swimming pool in Brentwood. He has an adopted stepson, 7.

The twins followed Gary through grammar and prep schools but went to Washington State instead of Stanford. They went there for animal husbandry and agriculture courses because of Bing's wish for them to take over his big Elko, Nev., ranch. But they never made it. Why?

"The price of cattle dropped and I couldn't see it being a profitable business for the next 10 or 20 years," Phil explained. "Dad was losing money on the ranch; we couldn't expect him to hold onto it while we finished college and the Army."

Besides, the boys had fallen for show business. "I guess it was only natural after we had been around it all our lives," Dennis says.

## Nixon Keeps Wary Eye On Rockefeller

WASHINGTON (AP) — Vice President Richard M. Nixon will decide after his July trip to Moscow on the scope of the active campaigning he will begin this

fall for the 1960 Republican presidential nomination.

While they believe that what happens in Moscow may go a long way toward shaping Nixon's fall campaign course, the vice president's associates also are keeping a wary eye on the activities of Gov. Nelson A. Rockefeller of New York.

At this point they are convinced that Rockefeller's acceptance of an invitation to be honor guest at a June 11 picnic here of the Capitol Hill Club indicates the New York governor may become more active as a potential rival for the 1960 nomination.

## Right-To-Work Law In By A Side Door

SAN FRANCISCO (AP)—The State Supreme Court in two decisions Tuesday held county right-to-work ordinances were an invalid invasion of state jurisdiction. But the 4-2 decision in a Trinity

County appeal "in effect gives us a state right-to-work law," declared an employer attorney.

The court, in a reversal of former decisions, declared the State Labor Code makes illegal union picketing of any firm where a majority of employees do not want to become union members.
