BIG SPRING, TEXAS, FRIDAY, JUNE 26, 1959

PRICE FIVE CENTS

SIXTEEN PAGES TODAY

Hoisting Of A Hero

Boosters of Tommy Welch hoisted them to their shoulders Thursday night and carried him to the winners circle as the champion of the sixth annual Soap Box Derby. Tommy was immediately smothered by a host of well-wishers after his sleek racer darted over the line just ahead of Jimmy Read. Tommy will go to Akron, Ohio in August to represent Big Spring in the All-America Soap Box Derby—the world's largest amateur racing event.

## SOAP BOX DERBY

### Tom Welch Pilots Racer To Victory

Thomas A. Welch Jr. trained his sights today on a new goal—the All-America Soap Box Derby championship.

Tommy piloted his sleek, low-slung racer to the championship of the sixth annual Soap Box Derby before some 5,000 fans here Thursday evening.

Midway down the long course on Lancaster Street, his polished racer began to edge away from Jimmy Read, winner of the class B division for younger entrants. At the finish, Tommy's car had taken a comfortable lead.

Immediately he was mobbed by well-wishers and some of his boosters hoisted him to their shoulders for a victory ride to receive the champion's trophy from J. C. Rice, Chevrolet Motor Company Dallas zone manager.

Jimmy, who had consistently

run good races all evening, had some consolation. He had the pick of prizes including a bike, baseball and bat, rod and tackle box, wrist watch, bed roll, and basketball.

Third place went to Larry Smedley, who was runnerup last year and who had raced his way to the runnerup position in the B division last night. He edged Johnny Falkner, who had overcome a dead heat in his very first race to become runnerup in the A division.

James Johnston took fifth place after he had lost to Larry in the eliminations. He nosed out Don Averett, who had lost out to Johnny Falkner. A seventh place went to Ronnie Osborne.

This winner was sponsored by his father, T. A. Welch House Movers; Jimmy by Stripling-Mancill Insurance; Larry by Ideal Floor Co.; James by D. D. Johnston Paint Contractors; Don Averett by Zale's Jewelers; and Ronnie by H. W. (Hack) Wright.

In a feature event opening the colorful event, R. L. Tollett, president of Cosden Petroleum Corporation, showed his smoke to Col. Kyle L. Riddle, Webb AFB commander. Col. Henry L. Weber, Webb M&S commander, then came to attention.

"The sun will shine through a dust-laden atmosphere, the landscape in mid-January would be snow-covered or blackened by fire."

Spring, Wolfe said, would launch a gradual restoration of human, animal and plant life. But he said full recovery would require decades.

### Mock Atom Casualties Set At Nearly 49,000,000

WASHINGTON (AP) — With gloomy reports already in hand, Congress received a breakdown of hypothetical casualties suffered in 71 U.S. targets of a make-believe hydrogen bomb attack.

The Senate-Subcommittee on nuclear war has been told 48,900,000 men, women and children would have perished in the imaginary assault.

An additional 28 million would have been injured.

About three of every four persons would have lived on.

The Office of Civil and Defense Mobilization, which gave the estimates, also drew up reports on each of the 71 population and industrial centers marked for bombardment.

Rep. Chet Holifield (D-Calif.), subcommittee chairman, said no figures would be given for 153 military and atomic installations also on the attack list.

Dr. John N. Wolfe of the Atomic Energy Commission staff said nuclear war could incinerate forests, precipitate floods and land erosion, bring on disease, pestilence and the threat of famine.

Wolfe is chief of AEC environmental sciences branch.

"I visualize those people unsheltered in heavy fallout areas after three months to be dead, dying, sick or helpless; those sheltered if they can psychologically withstand confinement for that period, to emerge to a strange landscape," he said of an October-time attack.

Several top officials with Chevrolet Motor Co. were in Big Spring Thursday night to witness the Soap Box Derby.

They included J. C. Rice, Dallas zone manager; V. W. Hartman, Dallas zone sales promotion manager; Don Miller, district manager of San Angelo; and B. J. Bates, district manager of Abilene. With them was L. T. Denton of the Campbell-Ewald Advertising Co. of Dallas.

Rice, a veteran with Chevrolet, had a hand in developing several Soap Box events on the West Coast, before he moved to Dallas. He congratulated the Big Spring event as a "well-planned, well-executed, fast-moving event."

Rice presented the winner's trophy to young Tommy Welch. Big Spring's 1959 champ, and told the crowd "we'll be pulling for him to win at Akron."

### Death Had The Last Dance

It was a night for the young and the dreams that come once in a lifetime. Prom night. Stars twinkling. The band playing sweet and sentimental. The girls in their summer formal; the boys in their rented dinner jackets.

Ivan and Dorothy were engaged. Jerry had bought a ring for Irene. Lyle and the other Jerry swaggered a bit, being down from college and big men now. Judy had extra reason to be happy: it was her 18th birthday.

Death, which cares not for the dreams of youth, awaited seven of them at a grade crossing two miles north of Mattoon, Ill.

No parent with a teen-age son or daughter will want to miss Saul Pett's moving, painstakingly detailed account of the night death had the last dance at the prom. Read it Sunday in The Herald.

# Lightning Hits Airliner, No Sign Of Survivors

## 71 May Have Died In Crash

MILAN, Italy (AP) — A TWA four-engine plane with 71 persons aboard crashed in flames near here today, apparently after being hit by lightning. The airline said an early reported indicated there were no survivors.

TWA said the plane, which had taken off Milan's Malpensa Airport for Paris en route to Chicago, was carrying 59 paying passengers, 3 TWA employes on passes and a crew of 9.

The crash was believed to be the worst in Italian aviation history. One witness said he thought the plane was about 1,500 feet high when he saw lightning strike. However, TWA said the plane had reported to the Milan Airport control tower that it had attained an altitude of 10,000 feet.

Then nothing more was heard from the craft, the latest type Constellation airliner. The plane was flight No. 891 from Athens en route to Chicago by way of Rome and Milan. The plane had just taken off from Milan's Malpensa Airport for Paris.

Officials said it ran into a heavy thunderstorm. Wreckage landed in a field near the hamlet of Marate, outside Busto Arsizio.

Emergency equipment was dispatched from Malpensa Airport. The number of crew members was not immediately known, but the Constellation plane normally carries a crew of seven or eight.

Witnesses in the area said the plane crashed in flames. A police sergeant at Busto Arsizio said he saw the plane dive to the ground already in flames.

"It must have been hit by lightning," he said. "It was in flames in the sky. We do not believe anyone could survive."

The plane was still gaining altitude and had reached about 1,500 feet when lightning struck it, other witnesses said.

They reported the burning wreckage of the plane crashed to the ground in three parts in an open field.

## Suggs Low Bidder On Webb Project

Suggs Construction Company of Big Spring was the apparent low bidder Thursday for additional improvements at Webb AFB.

Suggs proposal of \$85,450.93 was under the government estimate of \$90,140.95, and hence the contract is due to be executed. The bid covered a navigational aids building, an emergency power building, paved asphalt drives, concrete handstands, concrete duct banks, electric power system, grading and drainage.

This is the last of a series of lettings scheduled for May and June.

## Disadvantage

KANSAS CITY, Mo. (AP) — Jane Hadley, 12, returned from her swimming class, her brown hair a mass of tangles.

Questioning brought out the reason. "I'm the only girl in the swimming class and all the boys have crew cuts. I'm the only one they can practice the hair-carry on in our life-saving lessons."

## GOVERNOR WINS

### Court Orders Long's Release

COVINGTON, La. (AP)—A state court ordered Gov. Earl Long released today from the Southwest Louisiana (mental) Hospital at Mandeville. Long is now free to resume his duties as governor.

Dist. Judge Robert Jones signed a dismissal of the order committing Long to the hospital at 10:40 a.m.

Jones took the action after Joe Arthur Sims, ramrod of the 63-year-old governor's 11-man legal staff, told the court the State Hospital Board dismissed officials opposing Long's release.

The board met in an emergency session on Long's order before the hearing and voted the removal of State Hospital Director Jesse Bankston and Dr. Charles Belcher, acting superintendent at the hospital.

The ruling ended 27 days of confinement for the governor in two mental hospitals. His family had him flown to Galveston, Tex., on May 30—much against the governor's will—after he profanely laced political foes during legislative hearings.

Long zipped away from the schoolhouse where the hearing was held less than three minutes after Jones freed him. A crowd jammed outside to cheer as Long entered the sleek limousine and apparently headed for his governor's chair in the state capitol at Baton Rouge.

Neither Mrs. Long, from whom the governor asked the court for separation Thursday, nor any other member of the Long family was present.

Mrs. Long remained out of the state—leaving the governor's habeas corpus freedom plea unchanged from her quarter. In a surprise move, Long filed a suit for separation from his 59-year-old wife. It served to nullify any possible future marital action by Mrs. Long, but attorneys said the suit was in preparation for a full-scale divorce proceeding.

Senator Long in Washington disengaged himself from the sanity proceedings. The senator, a nephew of the governor, said the matter now rested with the court.

Long's chief counsel, Joe Arthur Sims of Hammond, asked Thursday night for the resignation of Jesse H. Bankston, state hospitals director.

Sims, in a taped radio interview, charged the Long-appointed official assisted in Long's commitment. He said Bankston kept Long a virtual prisoner and deprived him of counsel.

## 6 Hurt When Trains Smash

BRIDGEPORT, Okla. (AP)—Two Rock Island freight trains collided headon near here early today. Six persons were injured.

Those hurt included John Cundiff of Shawnee and G. R. Book-out of Healdton, engineers of the two trains. Others hurt were H. B. Needham, El Reno; Kenneth Kastl of Yukon, Jim Trubey of El Reno and Gene Slaughter of El Reno, all trainmen.

The collision occurred in a Central Oklahoma canyon about two miles north of U.S. Highway 66. Both trains were rounding curves as they crashed.

One train, which originated at Tucuman, N.M., had three engines and 103 freight cars. It was eastbound en route to El Reno. The other had three engines and three cars. It was en route from El Reno to Elk City, Okla., to pick up wheat-filled freight cars.

All six engines were derailed and seven or eight cars of the longer train were knocked off the track. Rock Island officials said they believed the track could be cleared during the day.

## Lyndon Supports Guard Strength

WASHINGTON (AP)—Sen. Lyndon Johnson (D-Tex) told Gov. Price Daniel yesterday he supports a 400,000-man National Guard in spite of administration recommendations that its strength be cut to 360,000.

Johnson replied to a telegram from Daniel urging support for a 400,000-man recommendation by Maj. Gen. K. L. Berry, Adjutant General of Texas.

## More Rain Follows Flash Flooding

By The Associated Press

More thunderstorms moved into North Central Texas Friday as South and Southwest Texas recovered from flash floods that followed heavy rains.

Moderate showers fell in a triangular area bounded by Comanche, Palo Pinto and Wichita Falls and west and southwest of Fort Worth in Johnson and Parker counties. The rains were moving north.

Additional rains on the Upper Sulphur River of Northeast Texas were expected to bring a stage of about 25 feet at Naples by Saturday.

In Central Texas, the Guadalupe River reached a crest of 22.9 feet at Comfort early Friday after heavy rains on both the north and south forks of the river.

However, the rise was not as high as at first feared, and the water quickly receded as the crest passed.

The rise on the Guadalupe River cut off the Indian Creek Boy Scout Camp between Kerrville and Ingram, but officials said roads to the camp would be open by late Friday.

A Girl Scout camp and about 15 summer camps on various streams were also cut off, but officials said no campers were in danger.

At Kerrville, police reported a woman who had been delayed en route there by heavy rains Thursday had arrived safely. They identified her as Mrs. E. S. Pritchett of Midland.

The La Jita Girl Scout Camp at Utopia, in Uvalde County, also was cut off by an eight-foot rise in the Sabinas River, which blocked roads into Bandera and Utopia. Fire Chief Edgar Garrett said he reached the camp and found campers safe and unafraid.

It was the second straight year high water threatened the camp. Last year Air Force helicopters were used to evacuate campers after a flash flood.

An estimated 7½ inches of rain forced precautionary evacuation of several families at Devine, 33 miles southwest of San Antonio. Water blocked a U.S. Highway 81 underpass in the area temporarily. U.S. Highway 83 was reported under three to four inches of water between Uvalde and Leakey Thursday night after 5½ inches of rain fell on Uvalde.

The Corpus Christi Weather Bureau advised campers to watch for high water on the Frio, Nueces and Sabinas rivers. In that area, the LaSalle County villages of Los Angeles and Fowler-ton caught 6½ inches of rain and 5½ inches fell at Flour Bluff.

Five inches of rain at Eagle Pass Thursday sent the Rio Grande on the rise, with a 16-foot flood crest expected early Friday. A 6.8 foot rise was predicted in the Laredo area.

Heavy showers also were reported in the McAllen and Brownsville sections of the Lower Rio Grande Valley.

Friday morning reports included cloudy skies over most of the state, the major exception being the area west of the Guadalupe Mountains in far West Texas.

## Paving Sought On Eighty-Five Blocks

Paving petitions for about 85 blocks have been turned in of an estimated 150 expected for the half million dollar paving program, City Manager A. K. Steinhilber said this morning.

He said a committee of city councilmen George Zachariah and Tom South were studying more blocks that may be included in the program. Final plans from the consulting engineer working on the program are expected in November. Steinhilber said, with the project to be finished probably next summer.

Daddy's Helper

Judy Teague poses behind the sign she has placed on her desk in the office of her father, Rep. Charles Teague (R-Calif.) Judy, a student at the University of Arizona, is helping dad this summer in Washington.

## State Road Conditions

AUSTIN (AP) — The Highway Department reported these road conditions today, by districts:

San Antonio—State 39 and Farm 1340 closed west of Kerrville by Guadalupe River. Farm 187 closed in Bandera County between Utopia and Vanderpool. Farm 1892 and Farm 474 closed at Guadalupe River in Kendall County.

Bryan—U.S. 287 closed between Corsicana and Palestine.

San Angelo—U.S. 277 closed south of Sonora and U.S. 377 closed southwest of Junction.

Austin—Farm 1320 in Blanco County, Farm 2241 and Farm 734 in Llano County closed.

Del Rio—U.S. 377 west of Rock Springs, State 55 at the Nueces River in Edwards and Uvalde counties, Ranch 187 at Sabinas River north and south of Sabinas, State 127 at Sabinas River, State 79 at the Nueces River and at Leona River, Ranch 334 at west prong of the Nueces River, Ranch 674 seven miles north of Brackettville, and Ranch 1059 at the Sabinas and Frio rivers, all closed.

## BULLETIN

NEW YORK (AP) — The Floyd Patterson - Ingemar Johansson heavyweight title fight tonight at Yankee Stadium is "definitely on" promoter Bill Rosenzohn announced at noon (EST) today.

The bout, postponed from Thursday night because of heavy rains, is scheduled at 9:30 p.m. (EST).

Distinguished Visitor

Jimmy Taylor, left, president of the Big Spring Aggie Club, escorts a distinguished guest, Earl Rudder, through the serving line at the Aggie Barbecue Thursday. Dr. Arlin Simpson, also an A. & M. graduate, hands out the plate. Rudder, who is vice president of Texas A. and M. College and in charge of the vast operations at College Station, addressed the record gathering at the City Park Amphitheatre.

Moscow Welcome

Gov. Luther H. Hodges, right, of North Carolina, shakes hands with Alexander Kuznetsov, vice chairman of Soviet committee on cultural relations, at Moscow's Vaukovo airport.

# Steel Union Breaks Off Negotiations

NEW YORK (AP)—The steel industry said today the Steelworkers Union broke off negotiations after a two-hour bargaining session this morning.

R. Conrad Cooper, chief industry negotiator, said the union refused to meet this afternoon with the industry's bargaining team.

Asked whether it was a break-up of negotiations, Cooper said: "It seems so—at the moment."

McDonald denied a charge made by R. Conrad Cooper head of the industry's bargaining team, that the union had broken off negotiations.

"We're trying to get real negotiations started," McDonald told a news conference. "We've had no negotiations yet."

McDonald said that the last steel labor settlement, reached in 1956, was made as a result of direct conferences with steel industry executives.

Present steel contracts expire Tuesday. The possibility of a strike beginning Wednesday of 500,000 steelworkers seemed to be increasing.

McDonald disclosed the union had dispatched strike instructions to locals throughout the nation Thursday, but he declared he still is ready to engage in meaningful talks with top company executives in an effort to avoid a walkout.

McDonald sent telegrams to presidents or board chairmen of the dozen leading steel firms inviting them to meet with him tonight.

Executives thus far invited included Chairman Roger M. Bough of U.S. Steel Corp., President A. B. Homer of Bethlehem Steel; Chairman Charles M. White of Republic Steel; Chairman Avery C. Adams of Jones & Laugh-

# Has Praise For Soap Box Derby

TO THE EDITOR: One of the nicest things that ever happened to our town is the Soap Box Derby. I think it is the grandest thing for a boy to learn to build, not only his racer, but to develop sportsmanship.

Both of our boys, Avery Jr. and Johnny, have really learned a lot by building these racers. We will have a rest of four years to relax and enjoy the races before Riley builds one. He says he can hardly wait.

We want to thank Tidwell Chevrolet, the Lions Club, and the Herald and all the many friends rooting for our boys.

Mrs. Avery Falkner  
708 W. 17th

# Mother Of Mrs. Geo. Williams Dies Here Today

Services for Mrs. Rosa Carter, 57, who died today at 8:47 a.m. in a local hospital after a brief illness, will be held Saturday afternoon at the First Baptist Church in Norton.

Interment will be in the Norton Cemetery. The Nalley-Pickle Funeral Home is taking the remains to Johnson's Funeral Home at San Angelo today.

Mrs. Carter was born Jan. 17, 1892, in Erath County. She had lived with her daughter, Mrs. George Williams, for nine years.

Survivors include two daughters, Mrs. George Williams, Big Spring, and Mrs. W. H. Carlon, Munster; four step-daughters, Mrs. J. N. Willis, Norton, Mrs. Luther Underwood, Luther, Mrs. Elvyn Murphy, Ballinger, Mrs. Clayton Gee, Fort Worth; four step-sons, Wader Carter, Norton, William Carter, Mercedes, J. C. Carter, Ballinger, Rudolph Carter, Climax, Mich.; two sisters, Mrs. A. J. Brewer, Monahans, Mrs. J. N. Barbee, San Angelo, and two granddaughters.

# Funeral Rites Set For Clint Winans

The funeral will be at 3 p.m. Saturday for Clint Winans, brother of J. F. Winans, Veeolmor, and a miner for many years in Medfra, Alaska.

Mr. Winans died Saturday, June 20, while undergoing a physical checkup at the Mayo Clinic in Rochester, Minn. He had been at the clinic a week when he suffered a heart attack and died. He was 80 years old.

Mr. Winans was born Feb. 17, 1879, in Bandera. He went to Alaska where he resided in Medfra for 50 years, mining and operating a mercantile business in his later years.

Surviving him are his wife, Bertha of Medfra; and two brothers, J. F. of Veeolmor and Chester of Christoval.

Services will be at the River Funeral Home with Dr. P. D. O'Brien, pastor of the First Baptist Church, officiating. Interment will be in Trinity Memorial Park.

# House Sets Sights On State Tax Bill

AUSTIN (AP)—House leaders set their sights today on getting a tax bill to the Senate Monday.

That schedule would shift the tax load to Senators at exactly the same time in the second special session as in the first session.

The House Revenue and Tax Committee last night approved 12-6 a revised version of Rep. Frates Seeligen's tax bill. It will raise about 166 million dollars, compared to 194 million under the governor's proposal.

Seeligen's measure includes a severance beneficiary tax aimed at natural gas pipelines, corporation franchise taxes and a 2 percent sales tax on items costing more than \$50.

Speaker Waggoner Carr said the bill will be ready when members meet at 11 a.m. Another effort to bring the administration's program to the floor failed 13-4.

The Senate, awaiting House action, adjourned for the weekend.

A bill permitting state colleges and universities to increase student activity fees may be the first item of business Monday.

Previous votes in the House indicate a preference to the administration plan to split the tax bill evenly between business and natural resources and selective sales tax. The Senate stand has been strongly on the selective sales tax side.

Carr said the choice of debating the bill will be strictly up to members.

If the members want to they can suspend the rules and start debate immediately. Or if they want to work Saturday, they can study the bill and start debate after it has been on their desks 24 hours," he said.

Carr said it is "unfortunate" that Daniel's liberal forces and others have not been able to get together on where to levy the costs of government.

Under usual procedure, the Senate could not begin hearings on a House-passed tax bill until late next week after a subcommittee revised the bill debate on the floor would begin the following week.

It would be possible to get the bill to a joint conference committee by July 9 or 10. The session ends July 16.

# SEC Will Hear Atom Promoter

SAN ANTONIO (AP)—The Securities and Exchange Commission planned today to hear John Milton Addison explain his method for development and financing of a machine which Addison claims is the key to cheap atomic power.

Addison, 31, is under indictment on three counts of theft over \$50 in connection with loans accepted for development of the "Benson Upgrader." Addison and his partner, Dan Nance, claim the machine can process otherwise worthless uranium ore into productive fuel.

Reason for Summer School Is Changed

RICHMOND, Va. (AP)—Dean Edward F. Overton of the University of Richmond says the concept of summer school has undergone a great change. Overton, who has considered remedial work for academic deficiencies but summer school now is filled with young people in a hurry to graduate.

# LOSES RACE -AND RACER

For somebody in Big Spring, the Soap Box Derby race is not over.

Mrs. Carl Wilhite, 701 E. 13th, told police officers that a Soap Box Derby racer was stolen after the races Thursday.

The Texaco No. 1 C. Allison is a 6,500-foot project 13 miles north and west lines, 61-8, GH&SA Survey. The site is 2 1/2 miles south of the Blue Bonnet field but separated from it by a dry hole.

Cosden Petroleum Corp. No. 1-A Federal, an 11,500-foot test in the eastern part of Chaves County, N. M., tested the Atoka sand from 9,769-822 feet for 3 1/2 hours and gas surfaced in 25 minutes. Recovery was 20 feet of gas-cut mud. The project is eight miles west of Caprock.

# DERBY

(Continued From Page One)

rolling down the course in a sleek 1936 French model racer. The daring rider was appropriately clad in duster, goggles and cap.

Tommy's racer was immediately impounded and will be shipped to Akron, Ohio where he will point it down the course at Derby Downs before some 60,000 to 70,000 people six weeks from now. It will carry the colors of the Big Spring Herald there, co-sponsors of the derby with Tidwell Chevrolet and the Downtown Lions Club.

This was his second year to race, and Tommy started from scratch and developed an entirely new racer for the event. He is 15 years old and is a sophomore.

Fifty-four boys rolled off the ramp last night before what was probably the largest crowd to date to witness the Derby. Near perfect weather greeted the event and there were no mishaps although fans disregarded the orders and pleas of police and club members to say back on the curbs. Fortunately, not a boy let his racer set out of control all evening.

Lloyd Wooten, who has handled the preparatory work for the derby for Tidwell Chevrolet, was profuse in his praise of Texas Electric Service Company, Southwestern Bell Telephone Company, Taylor Implement, the Webb AFB MARS sound truck and others for contributions toward the derby.

"The boys are doing well. They particularly cited the city police and street department members, and all those whose sponsorship make the race possible.

# Workers Want A Chance, Not Charity

By BERNARD GAVZER AP Newsfeatures Writer

Balancing himself with his crutch, the one-legged man in Baltimore uses his free hand to spray paint on an old chair, making it look like new.

From her wheelchair chair, the crippled woman in San Jose, Calif., cranks a mimeograph machine. With his artificial hands, the man in Kalamazoo, Mich., checks off receipt of another bag of donated clothing, toys and household items.

These handicapped persons are but three among the 32,000 who in 1958 worked for Goodwill Industries, a non-profit organization dedicated to training, employing and rehabilitating people who find it difficult to get work elsewhere.

STARTED IN 1902 They are the beneficiaries of a hopeful, modest program begun in 1902 by the late Dr. Edgar J. Helms, pastor of the Morgan Memorial Chapel in Boston. He conceived a plan of "not charity, but a chance" for the handicapped people of his community.

It was a simple plan: old clothes, furniture and household goods would be repaired and renovated by the handicapped workers who would learn trades, acquire skills and thereby help themselves. The renovated goods would in turn be sold at low prices to help people who had little money to buy new things. The income would support the operation.

The Methodist Episcopal Church in 1918 made the extension of Goodwill Industries one of its services. There were seven industries at the time.

Now there are Goodwill Industries in 120 American cities. They are community institutions, with administration and service representing all faiths and creeds.

# Slight Gas Show Reported In Cosden New Mexico Wildcat

An Ellenburger wildcat has been staked in Sutton County, and a Cosden venture in New Mexico found a small amount of gas on a drill-stem test.

The Texaco No. 1 C. Allison is a 6,500-foot project 13 miles north and west lines, 61-8, GH&SA Survey. The site is 2 1/2 miles south of the Blue Bonnet field but separated from it by a dry hole.

Cosden Petroleum Corp. No. 1-A Federal, an 11,500-foot test in the eastern part of Chaves County, N. M., tested the Atoka sand from 9,769-822 feet for 3 1/2 hours and gas surfaced in 25 minutes. Recovery was 20 feet of gas-cut mud. The project is eight miles west of Caprock.

Borden Cameron No. 1 Johnson, C NE SE, 4-32-5n, T&P Survey, made hole in lime at 9,375 feet. The wildcat is 10 miles northwest of Gail.

Santiago No. 1 Clayton & Johnson progressed at 4,000 feet in lime. The 9,000-foot explorer is C NE SE, 13-30-5n, T&P Survey, and 6 1/2 miles northeast of Gail.

Blanco Oil Co. staked the No. 2 Brown in the Arthur (Spraberry) field about four miles northeast of Ackery with a project depth of 8,350 feet. It is 1,870 from south and 550 from east lines, 42-33-4n, T&P Survey.

Dawson Texas Crude No. 1-20 Clay drilled 660 from south and west lines, Labor 20, League 266, Kent CSL Survey, 2 1/2 miles west of the Patricia field.

Stanotex No. 1 Richards, C NE NE, 35-33-5n, T&P Survey and five miles southeast of Lamesa, drilled at 1,400 feet in sands.

Forest No. 3 Harris, in the Patricia field, made hole at 4,020 feet in anhydrite. The site is in Labor 15, League 268, Moore CSL Survey, 12 miles southwest of Lamesa.

Garza U. S. Smelting No. 1-A Sims, 8 1/2 miles southwest of Justiceburg, progressed at 2,320 feet in anhydrite. The wildcat is 1,980 from north and 660 from west lines, 809-97, H&TC Survey.

The U. S. Smelting No. 1 Sims wildcat, C NE SE, 7-2, T&N Survey, continued to test without gauging on production.

Southern Minerals No. 1 Slaughter penetrated to 8,055 feet in lime and chert today. The site is 660 from south and 550 from east lines, 6-2, T&N Survey.

Brown Bros. No. 5 Bartlett is a new site in the Garza (Glorieta) field a mile northwest of Post. It is 330 from north and west lines, Section 1,238, I&GN Survey, and will drill to 3,800 feet.

The Yarrowbough & Windham No. 1 Bush is in the Threeway pool 1 1/2 miles southeast of Close City. Drillsite is 330 from north and

Stripper Plans Lions Speech ROYAL OAK, Mich. (AP)—Stripper Libby Jones says she has just the thing to pep up attendance at the local Lions Club.

Club officials came up with the idea of making Miss Jones a guest speaker as a "summer stimulant" for sagging attendance.

"They'll like what I have to say," cooed the willowy blonde who plans to talk about burlesque, which she says is as American as the cowboy.

Miss Jones, who measures 36-26-36, says she will discuss burlesque's sociological and psychological aspects at next Monday's weekly Lions luncheon meeting.

The burlesque star, who claims to have a degree in English literature from the University of Washington, says she is serious about her specialty.

"I want to entertain—not just take my clothes off," she commented. William Laiten, club official who asked her to speak: "We have fellows here with a variety of tastes. Some like fishing, golf and skiing. We try to select the speakers with appeal to most interests."

# Glasscock

Stanotex No. 1 Scherz, a wildcat C NE NE, 35-34-5n, T&P Survey, made hole below 9,530 feet. It is 16 miles south of Garden City.

Howard Lowe No. 2 Puckett, in the Lathrop Southeast field, progressed to 6,757 feet in lime. The project is 660 from south and 990 from east lines, 27-32-2n, T&P Survey, 12 miles northeast of Big Spring.

Williamson No. 1 King, C NW NW 33-31-n, T&P Survey, pumped 74 barrels of oil and 14 barrels of water during the last 48 hours and it was still testing this morning. Operator is checking the Fusselman.

Martin Husky & Pano Tech No. 1 Carter, 6 1/2 miles southwest of Patricia, made hole below 6,500 feet in lime. The wildcat is 660 from north and west lines, Labor -4, League 263, Kent CSL Survey.

Pan American No. 1-C Breedlove progressed at 12,905 feet in dolomite. The wildcat is 657 from south and 665 from west lines, Labor 99, League 257, Briscoe CSL Survey, and three miles west of the Breedlove field.

Sterling Williamson No. 1 Ray made hole in shale at 6,150 feet. The site is 660 from south and 1,000 from east lines, 2-31-5n, T&P Survey, and 14 miles west of Sterling City.

# African Lion Roams Desert

AMBOY, Calif. (AP)—An African lion is roaming the lava beds and arid wastelands of the Mojave Desert.

Sheriff's Sgt. Robert Lorimer says the lion has been showing up regularly—to the consternation of miners, homesteaders and travelers on U.S. Highway 66.

The lion escaped from his cage after a traveling circus truck had a highway accident last March. There are no cattle ranches in the area, and the few settlers who have goats or chickens have reported no losses. Lorimer says that there's a danger the 120-degree heat may force the animal to roam settled areas in search of water.

The lions—whose ribs are beginning to protrude because of his desert diet of jackrabbits—has been seen four times in the last six days.

One homesteader said he opened his front door, saw the big cat staring at him, grabbed his gun, fired three shots and missed each time. The lion padded off.

# Latest Satellite Fails To Orbit

VANDEMBERG AIR FORCE BASE, Calif. (AP)—The Air Force says its latest Discoverer satellite rocket, loaded with secret gear, failed to go into orbit.

The weight of the rocket's space capsule—more than 300 pounds—caused speculation that it might contain some type of scanning equipment. The Air Force was silent on this.

The rocket was fired at 3:49 p.m. in a test of complex equipment which will carry monkeys into space this autumn. There was no life aboard the fourth Discoverer rocket.

# Pack Party

A monthly meeting of Cub Scout Pack No. 1 was a warmer roaster in the City Park Thursday night. Between 60 and 70 attended, and following the feed, a ball game was staged. Craig French and Gaylor Crenshaw were awarded one-year pins during the program.

# Traffic Signals Being Installed

City electricians are installing individual controllers on the traffic signals through the city, accounting for the delay at intervals of some of the signals to change.

It is a temporary arrangement that will be corrected when all the controllers are installed and connected through a master controller. The master controller will reach the individual controllers each time they change from red to green, once they are connected, eliminating the temporary inconveniences.

# Low Water Demand

Continued cool weather held back the use of water in Big Spring Thursday. There were only 3,915,000 gallons used for the day. Last year the report for the same day was 3,915,000 gallons.

# Eastern Howard Receives Showers

The eastern part of the county received rains measuring up to one inch, but Big Spring acted as the dividing line for the showers which fell early today.

In the city, the eastern part of town received half an inch while Webb AFB, on the western edge, failed to record any precipitation.

County Judge Ed Carpenter who lives in the Vincent area said that he received only a shower during the night. However, he reported that about seven miles northeast of Big Spring the measurements were about an inch. This is the largest total for the county.

Elsewhere, reports were from

# Pair Being Held On Assault Count

Two Latin-Americans were arrested by city police this morning at 1305 East 24th Street. They are charged with aggravated assault charges.

Robert Gonzales Gomez was given first aid treatment and released at Big Spring Hospital following an affray with the two men in the 300 block of North Scurry about 1:30 a.m. today.

## School Board In Little Rock To Lower Bars

LITTLE ROCK, Ark. (AP)—The Little Rock school board, in the face of Gov. Orval E. Faubus' warning of possible violence, Thursday night officially announced plans to operate Little Rock's high schools on an integrated basis this fall.

Faubus said at a press conference less than 36 hours before that he felt integrated schools could not be operated here without the backing of federal force.

## Private High School Will Graduate White Students

LITTLE ROCK, Ark. (AP)—The T. J. Raney High School—a practical experiment in resistance to integration — graduates its first senior class tonight.

Unofficial plans to open the schools under a token program of integration were announced last Thursday after a three-judge federal court struck down a Faubus-sponsored school closing law and returned control of the schools to the board.

**A Devotional For Today**

If a brother or sister be naked, and destitute of daily food, and one of you say unto them, Depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit? (James 2:15, 16.)

**PRAYER:** Father, help us to see that life itself may be a prayer. May we have our minds and hearts open to the needs of those about us, and be ready and willing to help in every way possible. Teach us to pray as if everything depended upon Thee and work as if everything depended upon us. In Christ's name. Amen. (From the "Upper Room")

**Timely But Perhaps Futile**

Although he might as well have addressed his remarks to a stone image, Mr. Herter's call on Khrushchev to give up his ambition to absorb West Berlin into the Communist system and clear the way for a stable peace was timely and to the point.

Congressional reaction from spokesmen of both parties to the Herter report on Geneva was favorable, at least first-off, and it would be difficult to see how the non-Communist world and our allies in particular could find any fault with its general terms.

Boiled down, his remarks on West Berlin amounted to this: The United States has a solemn obligation, spelled out in plain language, to protect the people of West Berlin from entrapment and enslavement by the Soviet Union acting through its East German Communist stooges; and the U. S. has no intention whatever of repudiating that obligation.

Under allied protection, the 2.5 million people of West Berlin, along with the 40-odd million West Germans, have chosen their own way of life, a way that repudiates both nazism and communism, and under it they have both prospered and enjoyed the blessings of liberty.

West Berlin and West Germany's very prosperity and freedom can be counted as a living rebuke to the horrors of

communism, and to the ruthless and arrogant brutality of the Russian system.

The presence, side by side, of a brow-beaten, cowed and dirt-poor population and a population prosperous, happy and free is from Moscow's standpoint intolerable. It gives the lie to all Communist pretensions of efficiency and concern for human welfare. It is damning evidence of the Soviet Union's utter failure to deliver on its promises.

In short, the continuing presence of Western troops in Berlin is a challenge to the whole communist plot for world conquest, and it is foolish to expect Khrushchev to modify his stand except to gain some momentary advantage of diplomatic maneuver.

What Mr. Herter has done is to re-affirm our determination to stand pat on Berlin. The truth is we can't retreat without opening the floodgates to further Soviet aggression. We have a bull by the tail and no tree in sight. It is well that our allies understand that, and take at 100 per cent face value our government's announced determination not to turn loose, not merely to keep West Berlin out of communist hands, but to keep the whole free world out of communist hands.

**Savings As Secure As Faith**

The House the other day voted to raise the national debt limit from \$286 billion to \$295 billion since the government is sort of pinched in its borrowing capacity. (Remember those exciting campaign speeches back in 1952 when a certain major party was going to reduce expenditures by not less than \$14 billion per annum almost over night—if elected.)

Anyway, there is no lack of money in this country, both in spendable form and from an investment standpoint. If Uncle Sam is going into debt deeper and deeper it must be because Congress, when all spending comes, is in a non-economizing mood.

In any government—federal, state or local—the trend is to spend and spend, tax and tax—and raise the debt ceiling higher and higher rather than cut costs lower and lower.

Practically all the categories of a people's savings are higher than anybody dreamed they would ever be only a few years ago. Take one category: Life insurance.

A statement issued this week by the Institute of Life Insurance announced that life insurance ownership in the U. S. now stands above half a trillion dollars—

in cold figures, \$515,000,000,000, or about \$200 billion more than the national debt amounts to.

This ownership is widely distributed amongst our people, and throughout all our states and territories.

As of 1956, Texans carried more than \$23 billion of the national total of life insurance in force, sixth among the states after New York (\$61 billion), Ohio, Pennsylvania, Illinois and California.

Investments made by life insurance companies are widely dispersed, with the federal government itself strongly represented. Biggest single package: Industrial and miscellaneous bonds (U. S.).

Needless to say, these and all other forms of our people's savings rest in the final analysis on the faith and confidence our people and the world at large have in the United States government.

Our dollar's buying power has already been sorely undermined by something called inflation, and the fact that the national debt limit must be renewed at a higher figure every year or two is doing nothing to bring the dollar into focus with its oldtime prestige and power. Somewhere down the line, somehow, that upward trend must be stopped and reversed, or else. Or else.

**J. A. Livingston  
One Man Wins, Another Loses**

"Please don't quote me, but I think the public is making the mistake of looking for glamor at a time when investors would be better off doing what comes naturally—investing in standard, well-established, bread-and-butter companies and industries."

This was one answer I received to a recent questionnaire on the inner loves and hates of the men who make it their business to keep up with Wall Street.

"Which 10 stocks do you think most likely to flop in the next year?" I asked, and "which 10 stocks do you think most likely to soar?"

Replies came from 16 financial and investment trusts from various parts of the country. In all, they selected 101 stocks to flop and 97 to soar. Obviously, they are as single-minded in their preferences as a pre-De Gaulle French parliament.

A few analysts continued to regard the science fiction stocks—electronics, missiles, etc.—as America's contribution to unending capital gains. But an even greater number think they'll become the biggest flop since sweet-scented chlorophyll was leased back to botany.

Most mentioned company was Texas Instruments, Inc., which started out in life as Geophysical Service, Inc., in 1938, and became General Instruments in January, 1951. That name afforded insufficient longitude and latitude, so it became Texas Instruments in December of the same year.

The company is in electronics manufacture and research; its sales have risen from five million dollars in 1948 to more than \$136,000,000, growth having been compounded by merger as well as

new business. Its earnings last year were up under \$2 a share, and in the first quarter of this year net was 74 cents more than double last year's 34 cents. This year the stock has sold as high as \$131 and as low as \$61.25. Two of the 16 analysts still pick it as a winner, but six consider it overpriced in relation to long-term potential.

Chromalloy, Thiokol, Motorola, Beckman Instruments collected four most-likely-to-flop votes and General Transistor three. Thiokol had one offsetting soar vote.

Stocks thought likely to bring cheer and profits were Aluminum, Ltd. (five votes), Allegheny Corp., U. S. Freight, Phillips Incandescent Lamp, Chrysler, and Trans World Air Lines (three votes each). International Business Machines got two votes offset by one flop; American Motors got two flops.

The survey reveals a rough correspondence between past rise and future fall. Electronics and space-age wonders got 37 votes in all, as most likely to flop. But they've had a 71 per cent rise in the past year. And just to make the argument two-sided, this group got seven votes to soar.

Radio and TV stocks, which have acquired out-space and electronic attitudes, gathered 10 "sell" votes. They've recorded a 135 per cent rise in the last year, according to Standard & Poor's. Chemicals got 11 votes as potential floppers. Their rise has been less sensational at 44 per cent.

Aircraft manufacturing, which has already had hard knocks from missile development, got nine votes in the flop column. Here the rise since a year ago was only 9 per cent. But three such companies were also labeled "soar." Boeing two votes, Martin one.

Chosen as most likely to go places were rails and railroad equipment stocks. They achieved 12 votes. Their rise has been 40 per cent against a rise of 29 per cent for all stocks in the Standard & Poor's composite. Analysts apparently felt that high production and booming business would mean increased freight volume and increased demand for freight cars and locomotives. Yet, no company got more than one vote, which indicates how diffuse is the preference.

Commercial airlines got eight votes to succeed. That's economics! The companies that use the planes are considered winners, but the companies which make the planes are classified as losers! Oil and gas (up only 1 per cent) got seven success votes, and the metals—steels and coppers—up about 40 per cent, the same number.

Thus, the survey ought to reassure everyone. It indicates that confusion is not distinctive.

'Twas always thus in Wall Street. One man's flop is another man's fortune. That is what makes a market!

**Who Knows—He May Do It**

**James Marlow  
Veto Reflects Lyndon's Dilemma**

WASHINGTON (AP) — President Eisenhower's veto of the wheat and tobacco bills illustrates the dilemma of Sen. Lyndon B. Johnson, leader of the Senate Democrats.

Johnson and his fellow Texan, Speaker Sam Rayburn, leader of the House Democrats, were able to muster enough votes, but only a majority, to pass the two bills which they knew beforehand Eisenhower didn't like.

But to re-pass them over a presidential veto requires a two-thirds vote of both houses, far harder to get than a simple majority and in this situation practically impossible.

Therefore, Eisenhower's veto Thursday night just about means no new wheat or tobacco programs this year.

In both houses the Democrats have a huge majority over the Republicans: 64 to 34 in the Senate; 283 to 153 in the House. But in neither house do the Democrats have two-thirds of the membership.

For that, they'd need 66 senators, or two more than they have, and 290 House members, or seven more than they have. So even if Democrats voted solidly, and they

seldom do, they'd still need Republican help to override a veto.

Thus Eisenhower, although his Republicans are badly outnumbered, has in his threat of a veto a mighty weapon to push the Democratic leadership into shaping legislation into a form acceptable to him.

This is an amazing situation, particularly in view of this fact: In the past three elections—even in 1956 when Eisenhower himself was winning a second term—the voters trusted the Democrats more than the Republicans to do what they wanted by giving them control of Congress each time.

And Johnson, who describes himself as a "prudent progressive," has sought a middle ground and with this explanation:

"That he has a responsibility for getting legislation through Congress and would rather see Congress achieve a record of legislation passed than create political issues or controversy by seeking legislation which may be vetoed.

The result: He has made a policy of shepherding through Congress fairly conservative legislation. This is: legislation which has a good chance of getting a ma-

jectory vote and still falling within Eisenhower's requirements.

This Congress, like others before it, and despite liberals' claims that the overwhelming Democratic victory last November was a mandate for liberal legislation, is made up of three groups:

The reactionaries in both parties a fairly small gathering, on one end; a handful of liberals in both parties on the other end, and in the middle, by overwhelming number, the conservatives.

Johnson constantly plays to that big middle group. At any given time this middle-of-the-road approach will be too progressive for the reactionaries, too conservative for the liberals.

By standing on the middle ground Johnson is beginning to draw the fire of liberal groups and even non-congressional leaders in his own party: Members of the advisory council of the Democratic National Committee.

They have generally taken this position:

Johnson shouldn't let himself be pushed, by the specter of a presidential veto, into blessing legislation Eisenhower may approve. Instead, they contend, he should fight for far more extensive legislation.

Behind this reasoning is the argument that if the bolder legislation is killed by a Republican veto, the Democrats will have a better political issue in the 1960 elections.

But Johnson and Rayburn, because they are the Democratic leaders in Congress, can reply that they have built over the years a congressional record which the Democrats have been given control of Congress in the past three elections despite Republican control of the administration.

But Johnson and Rayburn, because they are the Democratic leaders in Congress, can reply that they have built over the years a congressional record which the Democrats have been given control of Congress in the past three elections despite Republican control of the administration.

Move over, Abby.

I have a question from a young fellow, like most his age, still has a lot to learn.

It was an oral, not a written, question, but it's an honest one just the same.

The boy is just 18. And he's worried because he thinks he's in love. He can't eat, can't sleep, constantly daydreams, and feels dangerously drawn to the person of his girlfriend. Yet, on cross-examination, he really knows very little about her, and they have little in common.

What he has is not love, but infatuation. And that is most dangerous, particularly at such a tender age.

Now, only a fool or a philosopher would attempt to define love, yet anyone who has seen his 30th birthday, if he has learned anything, can tell the difference between love and infatuation.

Love is a thing that grows. It is based on an intimate knowledge of and respect for another person. It is found in a community of interest, in a liking for similar things. These factors cannot suddenly happen; it takes more than a few months, certainly more than a few days or weeks, to learn to know another person so intimately. It is no accident that long engagements generally insure good marriages.

Infatuation, on the other hand, is based on pure (if you will pardon the word) sex. The word is not used, of course, in its moral or primal sense; rather in the same sense as Freud used it. That is, a sum total of all the emotions. Freud called it sex because that particular driving force was believed to be the strongest among

Infatuation begins quickly, and one's ardor soon cools off, as many a young bride and groom have discovered. This is particularly true where those concerned have few mutual interests, dissimilar religions, etc. The Great Disappointment sets in rather quickly after the return

from Niagara Falls (or Tijuana, in too many cases).

There's certainly nothing wrong with infatuation. It's part of Mother Nature's plan for continuing the race, and no one but a total cynic could object to having new generations about. Besides, it is diverting and good training when in its more innocent form, known as flirting. But it can be dangerous, especially for the young man in question. It could cause him to be tied down, so he would never get to college, much less obtain his degree.

So, how long should an engagement be, the young man asks? Now, the only way to answer that is, it depends. In his case, considering he's got college to begin next year, and possibly a few years afterwards of getting into the mainstream of professional life, an engagement of four to six years might be advisable. That is, if the young fellow wishes to part with the money for a ring, with no assurance that neither he nor she will change their minds within the next few years.

Except in such special cases, however, four years or more is too long. But less than a year is too short a time to get to know someone well. And acquaintance with a person before high school graduation, even for many years, doesn't count. Kids go through a too-thorough metamorphosis at that time, and there is many a teen-ager who has married, not the girl he grew up with, but a total stranger.

Between one and two years. In most cases, is about right.

And, of course, when dealing with human beings, one should remember that there will always be exceptions.

Yes, lad; there is a difference between love and infatuation, and you still probably do not know the difference. You can tell only if you have the ability to stand off a little bit from yourself and apply an analytical judgement.

It's like I said, Abby; move over.

—BOB SMITH

**The Army Protects Its Potatoes**

It is hard to know whether to rejoice or simply to break down and sob over the court-martial of a private first class on the solemn charge of malpractice in one of the oldest of KP chores, that of peeling potatoes.

I rejoice in the general courage and character of Pfc. Andrew God Jr., drafted at Fort Myer, Va., in standing on his rights. He demanded a court-martial when his captain brought him up on charges of assaulting another man on charges of peeling potatoes.

Pfc. God could have taken his punishment supinely, two hours of hard labor daily for 14 days, as did his associate in crime. But Pfc. God elected to stand court-martial and, to his everlasting credit, was cleared of the heinous charge.

Hurrah! In this case for rugged individualism.

On the other hand, I am inclined to weep that in a time of troubles such as the present, the United States Army will permit such a frivolous case to go before a court-martial. The end result is to make the armed forces ridiculous, a luxury they cannot afford today.

Surely someone at Fort Myer had the authority to adjudicate this great issue before it came to trial, and set the nation snickering. Without aiming to, Pfc. God and his defense counsel, Lt. Bruce Segal, made a monkey out of the Army.

But then, the Army, by permitting such a trial, had put itself in a similar position to begin with.

Probably it was never meant for us civilians to understand the mysterious ways of the armed forces.

At all odds, I have a feeling that Pfc. God, in private life an architect, will go far. But not in the Army.

**David Lawrence  
A New Survey Of The China Situation**

WASHINGTON — Why has the government of Red China just refused a visa to former New York Governor Harriman to enter that country as a news correspondent? Certainly a visit by so distinguished a personality would have attracted world-wide attention. The only conclusion that can be reached is that the Communists are afraid of the truth.

Authoritative information on the true situation inside Red China has been leaking out lately. Perhaps the most significant report comes from former Senator Alexander H. Smith of New Jersey, who recently completed a visit to various Asian countries as a special consultant to the Secretary of State. He writes in a personal report to the State Department:

"My principal observations from the objective Hong Kong standpoint after talking both to members of our staff and with the governor general are that, so far as our people are concerned, they were unanimous in their feeling that our recognition of Communist China at this time would have an unfortunate impact on free Asia and anti-Communist China. Most of the smaller countries in Southeast Asia are looking to U. S. leadership with regard to Communist recognition. They are aware that after nine years of recognition the British even today are not permitted to have an ambassador in the China mainland. Furthermore, if we recognized Red China, their term of recognition would include requiring us to get out of Taiwan and out of the Pacific entirely. In the judgment of our staff, trade with Red China would really be a myth because the Communists are definitely oriented to trading with other members of the Communist bloc and they only trade with the Western nations when it suits their political purpose to do so. Their program is to increase their own economic potential and this is done at the sacrifice and cost of the individual 'slaves' of the ruthless Communist control.

"Our staff people feel that the claims of the Chinese Communists of a real economic 'leap forward' are very much overstated. The stepped-up economic drive and the establishment of the new drastic commune system are simply attempts to get the people to work harder for the benefit of the Communist objectives, and not to raise living standards. Their claims of increased economic and agricultural production are vastly inflated. They claim a labor shortage but this is due to the fact that they are using the masses by compulsory slave driving. Our staff feels that the people are made to work so hard that a backfire may ultimately set in. In spite of these difficulties, however, substantial economic progress may be expected."

Senator Smith comments also on the sensational effort of the revolution in Tibet on Asian peoples. He adds: "Certainly the events during the last year have justified the Eisenhower-Dulles policy of non-recognition of Red China and of opposing the entry of Red China in the United Nations. Furthermore, these events have justified the United States position in supporting the Nationalist government and in making clear our attitude with regard to the defense of Formosa and the offshore islands."

"Our long-range policy looking forward to permanent peace must be a policy in support of a free Asia. As I have stated before, this does not suggest war as a means to accomplish these objectives. But with the passing years, the people of the mainland of China are beginning to see the hideous threat of Communism and the danger of the domination of Asia and the world by Communism. There is evidence that their traditions and cultures and their spiritual inheritance are turning their minds toward the free world—and, in time, and without a shooting war, we may see them once more lined up with the forces of freedom."

## Reporting, Editorials Spark Legislative Reprisal Mutterings

AUSTIN (AP)—Realistic reporting and stinging editorial comment in Texas newspapers on legislative costs this week touched off the hottest war of words in recent history between lawmakers and the press.

There are revived mutterings of reprisal. These were first heard in January after some lawmakers returned here unhappy because many newspapers fought and helped defeat the annual session annual pay proposal in November.

There is talk that the dormant threat of banishing reporters from the floor of the House and Senate to the spectators gallery may be revived. One resolution pending in House committee would oust newsmen from their present convenient but crowded quarters near the legislative halls to "more suitable and spacious" offices somewhere else. This resolution, by Rep. Bill Stroman of San Angelo, provides for a committee to look into the possibility of charging newspapers and news gathering agencies rent for the space they have occupied at no cost for many years. The cost-free space presumably has been provided on the theory that the reporting of public affairs in the Capitol is a public service comparable at least to that rendered by the legislators themselves, who pay no rent.

The same theory for years has given the post office rent-free

space in a first floor southeast corner of the Capitol. This makes it more convenient for the legislators to send and receive mail and keep in touch with the public.

Official and unofficial searches have been unable to find in the archives legislative authorization for use of the space now provided for the working newsmen in the Capitol. Press quarters have variously been located from the basement to the fourth floor for 50 years. Apparently some casual and probably unwritten agreement long ago gave newsmen a place to do their work here.

Press room No. 1 is actually three rooms on the second floor, adjacent to the House. No. 2 is on the second floor next to the library. No. 1 is shown in the original Capitol plans as a legislative committee space and as such has always been considered under legislative control.

Therefore if the House ever gets mad enough at the press to throw out the newsmen, their typewriters, splintery desks and wobbly chairs, it could do so. Both the House and Senate also have absolute control over who has the privilege of the floor. They could banish reporters to the balcony if they wished.

Newsmen like to work at the press table on the floor. They can hear and see better, it gives them quick access to records and to members they want to interview and it is generally convenient.

Legislators have complained that newsmen contribute to the general confusion. The House chamber especially is usually a noisy jumble of members, clerks, secretaries and pages.

### Sneaky Odors Get Into Happy Aroma

MADISON, Wis. (AP)—Food connoisseurs may be surprised to learn that hydrogen sulfide—source of the classic "rotten egg" smell—and ammonia are among compounds present in the aroma of cooked beef.

This was discovered by biochemistry Professor Frank M. Strong and graduate student Mao Yush of the University of Wisconsin.

The two normally unpleasant odors were found in exceedingly small amounts in the beef aroma.

### Attend Last Rites For Grandfather

Mr. and Mrs. Ezra Dyess of 1007 Wood have gone to Gatesville to attend funeral services of A. Shirley, grandfather of the local man.

Mr. Shirley passed away Wednesday following an extended illness. He was past 90 years of age. Other survivors include a wife and four children. Services will be conducted Friday and burial will take place in Gatesville.

### Rites This Afternoon For Menefield Baby

Rites were to be said at 2 p.m. Friday at the Church of God in Christ No. 1 for James Menefield, infant son of Mr. and Mrs. James Menefield. The baby died unexpectedly Wednesday while en route to a hospital.

Burial was to be in the City Cemetery under the direction of River Funeral Home. Survivors include the parents, the paternal grandparents, Mr. and Mrs. James E. Menefield, and the paternal grandparents, Mr. and Mrs. Ernest Byrd.

# LOOKING 'EM OVER

With Tommy Hart

One of the more enduring worries plaguing the athletic department of any Texas high school—or more specifically those individuals who have been commissioned to watch the purse strings and pay the bills—is the abundance of new and ever-changing equipment placed on the market.

There are coaches who insist that some of the manufacturers of sporting goods equipment hire designers whose sole job is to alter playing gear to the extent that it will outdate that previously used and thus hurry the old gear to the scrapheap.

There are also coaches who live in fear that a rival school may adopt some kind of equipment that will give its athletes an advantage over their own boys, so they send spies into the camp of the enemy to check on such gear. Once they do get a line on the new equipment, they petition the business office of their own schools for money to duplicate the order.

The revolutionary idea may come in the form of a new shoe that can be used for training football players during the off-season, without incurring the wrath of the Texas Interscholastic League, or a helmet that all but offers to the user a guarantee against the loss of a tooth or a broken nose.

The increasing costs of athletic equipment are causing many of the "have not" schools to take a new look at their athletic budgets. There has even been talk some of the poorer school districts may be forced to throw in the towel and give up the sport.

A new football shoe is now being shown to coaches of high school teams in the Midwest which mentors everywhere may decide their boys may have to wear.

It has a newly devised neolite sole, which, its makers insist, will allow for more "give" and maneuverability and thereby lessen the chances of serious knee and ankle injuries.

The sole is all neolite, including cleats, compared to the present type shoe with its hard rubber, aluminum or nylon cleats. Neal Parsons of Schubert, Nebraska, devised the shoe.

You won't hear the New York Yankees complaining about hard times, even though they are having their troubles afield.

There's nothing like a Yankee slump for boosting business in the American League.

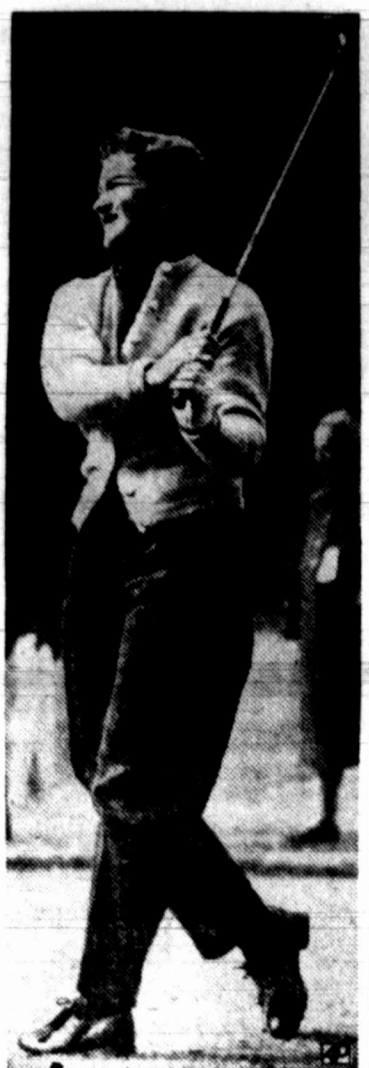

In two recent weekend series against Detroit and the Cleveland Indians (eight games in six days, all told), the Yankees played to a total paid turnout of 274,312 paying customers at home.

Considering the fact that New Yorkers pay more for their tickets than fans in most other places and the concessions business was bound to have been good, you can figure the total take at \$500,000 or more. Too, the Yanks were paid \$90,000 for the privilege of letting CBS-TV televise three of those contests.

Dick Deike, one of the better high school basketball players in Lubbock high schools in recent years, has accepted an appointment to the Air Force Academy.

Archie San Romani Jr., son of the famed miler, will enter the University of Kansas in September.

Junior himself ran a mile in under 4:10 recently. He's apt to be the next American to cover the mile in less than four minutes.

**New Emphasis**

Women's golf is growing in stature and Marilyn Smith (above), president of the Ladies' PGA, says the trend is increasing. The girls are playing about 30 tournaments this year and are shooting for more than \$200,000 in prize money.

## Yanks Invade Chicago Park

**By ED WILKS**  
Associated Press Sports Writer

The New York Yankees aren't the swaggering champs of old, yet, but there's no sign of any more staggering as they slam into Chicago for the opener of a four-game weekend series tonight.

They roll into Comiskey Park in fourth place, just two games shy of the American League lead on an 8-out-of-11 spurt that began with a three-game sweep over the second place White Sox 11 days ago.

Then they were fifth, five games out of first and four games back of Chicago. Now they're within a single game of the White Sox after finishing a fatening four-game series in Kansas City with a 5-4 victory over the A's.

The Yankees swung for 50 hits, nine of them homers, and 29 runs while winning three of the four at Kansas City.

While the Yanks were bashing the A's, the White Sox managed to win two of three from Washington, regaining second place Thursday with a 4-1 victory.

Cleveland beat Baltimore's bid for first place by skidding the Orioles to third, 3-2, and regaining a one-game lead.

Detroit salvaged the final game of a three-game set with Boston, ending a four-game slump with a 10-5 burst against the Red Sox.

Elston Howard and Norm Siebern hit home runs for the Yankees, with Siebern's leadoff shot scoring the clincher in the eighth inning. Relievers Bobby Shantz and Ryne Duren put it away for winner Duke Maas (6-4), who left for a pinch-hitter in the sixth. Ex-Yank Tom Sturdivant (1-4) lost it.

The White Sox, naming Billy Pierce (8-7) against the Yankees' Art Ditmar (5-5) tonight, beat the Senators behind the five - hit pitching of Barry Latman.

Latman (1-2) extended his shutout string to 21 innings before the Nats scored in the fourth on Bob Allison's triple and Roy Sievers' single. Then the White Sox, also held to five hits, beat Pete Ramos (7-7) in a two-run fifth. Earl Torgerson hit a two-run homer in the sixth.

Tito Francona's fourth hit and second home run of the game broke a 2-2 tie in the eighth for the Indians. Rookie Jack Fisher (0-1) was the loser in relief of Hoyt Wilhelm. Reliever Mike Garcia won it.

## Painters Lick Webb In Pair

Using a good defense as its best offense, Nabor's Paint Store tripped Webb AFB in both games of a doubleheader at Forsan last night, 3-0 and 3-2.

Troy Wetzel and Cotton Mizel each tossed two-hit games in the softball twinbill. Mizel gave up two singles in the initial game and Wetzel allowed a single and a double in the second game which went two extra-innings.

Nabor's scored in the opening inning and pushed two across in the third to take the first match. Jack Long was losing pitcher, giving away two hits, both singles.

A home run in the bottom of the first by Billy Paul Thomas brought in Ookie Hagood, and Nabor's came back behind for a 2-2 tie.

# TICKET RHUBARB IS PLAGUING PROMOTER

**By MURRAY ROSE**  
NEW YORK (AP) — Another threat of rain and a ticket-rhubarb today hung over the once-postponed Floyd Patterson-Inge mar Johansson heavyweight title fight—probably the most harassed heavyweight promotion ever.

The fighters and promoter Bill Rosensohn peered anxiously at the gloowering sky, wondering whether the 15-round show would be able to go on tonight at 9:30 p.m. (EST) at Yankee Stadium.

The forecast was far from promising. The weatherman predicted another warm, humid day with scattered thundershowers this afternoon and night.

It was virtually the same forecast that was made Thursday and came true. Rain muddled the field at the Stadium, forcing Rosensohn to announce the postponement at 1:05 p.m.

Ironically, the rain stopped in the evening. At the scheduled fight time, it was cool but a heavy mist shrouded the tops of the skyscrapers. The \$100 "deluxe, red carpet" customers, however, would have been ankle deep in mud.

Another bad break like that may

delay the long-awaited scrap until Monday. Rosensohn and Irving Kahn, president of TelePromer which is running the closed circuit telecast to theaters, said that if the weather was bad today and the forecast was not optimistic for Saturday, they might put it over until Monday.

The ticket hassle may come to a showdown today. Rosensohn refused to make refunds Thursday after the postponement was announced despite an order to do so by Gen. Melvin Krulewicz, chairman of the State Athletic Commission.

Krulewicz said the commission rules required the promoter to make refunds on demand. Rosensohn said his lawyer's interpretation of the rules indicated no refund was mandatory.

"I don't want to hurt any people but I've got to protect the promotion," said the weary, Rosensohn.

The commission rule is vague, but it has been observed by other promoters in the past. Krulewicz said he would take it up with a lawyer.

If another postponement is required, however, Rosensohn said

## Red Sox Deflate Cub Nine, 17-6

The Red Sox turned back the Cubs, 17-6, in a National Minor League game played here Thursday evening.

The major league contest was called off due to the Soap Box Derby.

The Red Sox's Hall set the Cubs down with three hits while his mates were combing the of-

ferings of two Bruin pitchers for eight.

# Dodgers Only Two Games Out In NL

**By ED WILKS**  
Associated Press Sports Writer

Put the wreaths on ice, Duke Snider and Gil Hodges are hammering homers again, the Dodgers have hit a winning pattern of pitchers and Los Angeles is just two games shy of the National League lead.

Those dead Dodgers of last season have come alive, moving within one percentage point of second place on a three-hitter by Don Drysdale backed by Snider and Hodges home runs for a 5-2 victory over Philadelphia Thursday night.

Drysdale (6-5), who also homered, had a no-hitter for six innings while winning his third in a row in a 9-out-of-12 rally that hoisted the Dodgers from fifth place. A blood single by Harry Anderson, leading off the seventh inning, and Wally Post's follow-up 10th homer junked Drysdale's no-hit and shutout bid.

Second place San Francisco blew a chance to move within a game of first, losing 3-1 in 12 innings to Pittsburgh when Ramon Mejias' two-run homer gave reliever Roy Face his 17th consecutive victory. First place Milwaukee gave St. Louis three unearned runs and lost 3-2 to the Cards. Chicago's Cubs rapped Cincinnati 6-2.

Snider and Hodges connected in a four-run first inning against loser Robin Roberts, (6-6).

The Duke is batting .310 for the season. Hodges is 13 for 44 in the dozen games and 302 for the year.

The Cards, gaining a tie with two runs in the sixth after Felix Mantilla's two-out error, won it in the seventh when Hank Aaron bobbled the ball on Joe Cunningham's single and Ken Bowyer followed with an RBI single. Lew Burdette (11-6) was the victim after getting a 2-0 lead in Hank Aaron's 21st homer. Lindy McDaniel (6-8)

## Two Teams In Tie For League Lead

Team One slugged Team Three, 4-0, last week to slip into a first-place tie with Dibrrell's in the Classic Couples League.

Team Five defeated the Sevens, 4-0. Dibrrell's decisioned Team Eight and Price-Cortez dropped Mike-Buddy, 3-1, in other matches.

Sugar Brown of Dibrrell's led the women with a 192 game and 537 series. The men chased Earl Minton Team Eight, who had a 233-588 combination.

Dibrrell's posted a 791-2128 for the top team honors.

CLUB TOURNEY ENDS QUALIFYING PLAY

Country Club officials here held out hope that 64 players—enough for four flights—would register for the annual Fourth of July (Club) Tournament, which gets under way here Saturday and continues through July 5. Match play is scheduled for tomorrow and Sunday and again the following weekend (July 4 and 5). A total of 40 had paid qualifying fees this morning, although not all of them have completed qualifying rounds.

Wright, Rains In Title Flight

SAN ANGELO, (SC)—Two Big Spring players rated the championship flight in the 21st annual San Angelo Invitational golf tournament, which got under way here Thursday and continues through Sunday. The winner will be determined in 54 additional holes of medal play. A total of 48 players are included in the title flight but that number will be sliced in half after today's play. The low 24 players will continue in a bid for the crown while the other 24 will be played in the President's Flight (or consolation play). The Big Spring players are Bobby Wright, who came in with a one-over par 72, and Bernard Rains, the school teacher-coach who recently went to the finals in the Snyder tournament. Rains qualified with a 76. Medalist in the meet is youth-

WRIGHT

ful Jack Montgomery (17 years of age) of Fort Worth. The former Paschal High School linkster came in with a 66. He didn't have a bogie during his round. Dickie Cannon and Herman Vielle of San Angelo and Jimmy Greenwood of Houston, were a stroke back of Montgomery. Frank Mackey of Colorado City, who defeated Rains in the finals at Snyder, easily qualified with a 70. Don Mensagale of Jacksboro, the former Texas Amateur champion just got under the wire a 77—the cutoff point. Defending champion Tommy Wolf of San Angelo posted a first round 74. Other Big Spring players here include Joe Connally and Bob Rutherford. Connally played well enough to rate the first flight. His round opponent is Eddie Alton of San Angelo. Rutherford wound up in the sixth flight and meets Dexter Yard, also of San Angelo, today. In all, 162 players entered the tournament.

BRAVES HAVING INFIELD WOES

By DAVE O'HARA MILWAUKEE (AP)—There's a chink in the Milwaukee Braves' armor and it's proving mighty costly in the National League pennant fight. The Braves' big problem is at second base. Trying to fill the shoes of the ailing Red Schoendienst has turned out to be a monumental task. With Schoendienst recuperating from tuberculosis, no less than six players have been tested at second. All have been found wanting by Manager Fred Haney. From the lot, Felix Mantilla, a .145 hitter, has been adjudged the best. And the slender Puerto Rican is finding it rough. Mantilla, who came up to the Braves in 1956, was responsible for two unearned runs Thursday as the St. Louis Cardinals edged the Braves 3-2. An error by usually reliable Hank Aaron led to the winning run. Mantilla was guilty of sloppy fielding on two straight ground balls in the sixth inning and the Cards tied the score at 2-2. With one out and a runner on first, he fired wide to shortstop Johnny Logan and a only force out was made on a double play grounder. Then Mantilla couldn't find the

Sabres First In National

The Sabres charged to a last-inning overtaking of the Cornets here last night in International Little League action to gain an 8-6 victory and first place in the standings. The Sabres are 2-1 this half, ahead of the Cornets' 3-2 record by virtue of the last night's win. The Rockets and T-Birds, teamed tied for the bottom with 1-2 marks, play tonight. The sixth inning was the big one for the Sabres. They had fallen into ties after the first inning, 1-1, and in the fifth, 5-5. Robert Entriken singled Jay Deason walked and Bruce Rockey tripled them in. He came in on a sacrifice to top the three-run sixth. Winning pitcher Deason walked 10 and fanned a dozen. Hark Pope, loser, gave up nine bases on balls and struck out eight.

Two In Deadlock

PITTSBURGH (AP)—Louise Suggs, two-time winner of the Women's National Open Golf championship, enters the second round at the Churchill Valley Country Club today tied for the lead with Marlene Bauer Haggie at 71.

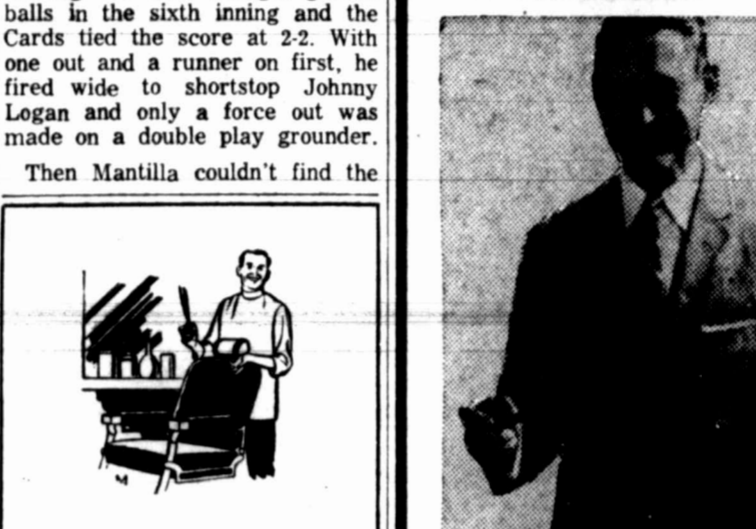

MAJOR LEAGUE STANDOUTS

Legion Team To Lamesa

Still hopeful of a first place finish in District 6 American Legion Junior baseball standings, the Big Spring entry visits Lamesa Saturday for an afternoon engagement with that city's strong contingent. Lamesa has lost only to Odessa, which has reeled off four straight conference victories, and perhaps ruled as the favorite over the local troupe. The Big Spring team, managed by D. R. Garman, took on added stature by beating Monahans and Andrews in that order after losing its opener to Odessa. Big Spring plays host to Odessa at Steer Park Sunday in a contest that could determine the district title. Game time both tomorrow and Sunday is 4 p.m. Members of the local Legion post are being asked to bring their cars to the Steer Stadium dressing rooms (Tenth and State Streets) at 1 p.m. Saturday to provide transportation for the players to Lamesa.

TEXAS CHAMPIONS OF FREEDOM William Harris Wharton Diplomat and Defender of Texas Independence In just 14 years, young William H. Wharton made a giant's mark on the pages of Texas history . . . as lawyer, pioneer, planter, soldier, statesman and patriot. Born in Virginia, in 1802, Wharton came to Texas in 1827, married Sarah Ann Grogg, daughter of another pioneer, and established the beautiful and historic plantation, Eagle Island. As one of the colonist party demanding of Mexico separate statehood for Texas, Wharton opposed the conservative policies of Stephen F. Austin. The petition of 1832, asking for statehood, was a document which has become a political classic. Wharton was its author. But when the territory was faced with the actual fight for freedom, Wharton and Austin forgot their enmities of earlier years in devotion to the cause to which both were dedicated. Wharton supported Austin in his campaign for presidency of the Republic. Sam Houston, the victor, then appointed Austin Secretary of State and Wharton the first Minister to the United States. Through the young Minister's diplomatic skill, the Republic won U. S. recognition on March 3, 1837. But only two years later Texas lost the distinguished services of William H. Wharton. The accidental discharge of his own pistol ended a brief but brilliant career in the cause of freedom. Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland, "Beer Belongs" and this is why the United States Brewers Foundation works constantly, in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasurable conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program. Texas Division, United States Brewers Foundation, 206 VFW Building, Austin, Texas Our sincere appreciation to the Wharton Spector for historical assistance.

**Texas Industrial Salaries Increase**

AUSTIN (AP) — Most workers in Texas manufacturing industries showed an increase in weekly earnings during May, the Texas Employment Commission said today.

More than 470,000 workers had an average of 41.5 hours of work during the week for average earnings of \$88.81, up 64 cents over the previous month.

**Senate Passes Tax Extension**

WASHINGTON (AP) — The Senate rejected today two proposals for providing more highway building funds as it passed a bill to continue corporate and excise tax rates at wartime levels for another year.

But it wrote other amendments into the three billion dollar tax measure, making further congressional action necessary before the July 1 deadline. The Senate session lasted 15 1/2 hours, into the early morning.

Unless the bill is signed into law by Tuesday midnight tax rates drop on corporate income taxes and on excises on automobiles, auto parts and accessories, cigarettes, liquor, wine and beer. The House bill extending them for a year had no other provisions.

Committees from the House and Senate hoped to meet today to agree on a final draft of the measure so the Senate and House can pass it early next week.

In votes taken after midnight, the Senate rejected both Eisenhower's proposal for a gasoline tax increase and an alternative Democratic plan to prevent an eventual heavy cutback in the big interstate highway program.

The result was to throw in question whether any action would be taken to keep the program on schedule for the years ahead.

Both the rejected amendments would have provided more money for the special highway trust fund from which federal grants are made.

TUCSON, Ariz. (AP) — There were a few hitches during a Civil Defense evacuation of a Tucson school.

Thirty participating cars took a wrong turn and ended up on the wrong highway.

One woman disappeared. Four hours later she telephoned from a spot 21 miles out of the city and asked if she could return. A Civil Defense official went to look for her. He got lost.

**Gladewater Lady Tells How She Lost Weight Easily**

The following letter from Mrs. Prince Ella Hooper, Box 1134, Gladewater, Texas, tells the story of easy weight reduction when the Barcentrate plan is used.

Mrs. Hooper wrote as follows: "Barcentrate is a wonderful discovery to those who need a good weight reducer and tonic. Busy people engaged in various vocations need extra energy. After taking Barcentrate, I now have that extra energy. Being a mother, teacher and housewife, Barcentrate has been a saviour.

I have used three bottles of Barcentrate and to my surprise, when I got on the scales, I had lost on an average, five pounds per bottle, a total of 15 pounds. I am happy to recommend Barcentrate to persons needing a tonic as well as weight reducer." Barcentrate may be obtained from any Texas druggist.

**Junior, Senior Entries In Miss Big Spring Contest**

Two more local beauties have been announced as entrants in the July 4 beauty pageant to be staged in City Auditorium.

There is one additional entry in both the junior and senior divisions.

Winner of the senior contest will carry the title of Miss Big Spring, and will go on to the Miss Texas contest in Corpus Christi. Miss Texas will compete in Atlantic City, N. J., for the Miss America title.

Entered in the senior division is Sharron Elizabeth Creighton, 34 1/2-22 1/2-35, age 18, height 5 feet 5 1/2 inches, blue eyes, weight 115, medium brown hair, fair complexion.

She is the daughter of W. F. Creighton and Mrs. Merrill Creighton, of 208 Washington Blvd.

A 1959 graduate of Big Spring High School, Miss Creighton has had three years voice training and two years in art. Her talent for the pageant will be art. She would like to attend Baylor University and major in art.

Miss Creighton's interests include art, voice and sports. She was vice president of the senior class and active in Tri-Hi-Y. She served as an officer of the First Baptist Church Youth Council.

An outstanding student in Texas history, she was selected by faculty members for the Who's Who, and was one of the five school beauty nominees.

Pelletier's Shoe Store is sponsoring Miss Creighton.

Her father is a consignee for Magnolia Petroleum Corp.

Entered in the junior division is Lois Janette Heflin, age 17, height 5 feet 7 inches, blue eyes, weight 115, brown hair, fair complexion. She is the daughter of W. F. Heflin of 308 Virginia.

A senior in Big Spring High School, Miss Heflin lists activities including Tri-Hi-Y, Spanish Club, dramatics club and the National Thespians Society. Her other activities include horseback riding, swimming and skiing.

She has had training in voice, dramatics and dance. She hopes to extend her education at the University of Texas.

Miss Heflin is sponsored by the First National Bank. Her father is in the oil field transportation business.

**Radar Death Watch Ends As Battered Ship Sinks**

ALPENA, Mich. (AP) — A radar death watch by 29 rescued crewmen of the collision - battered freighter *Monrovia* ended today when the stricken vessel went down in fog-covered Lake Huron.

The Coast Guard reported that the freighter Norman W. Foy lost radar contact with the doomed *Libertian* ship at 1:15 a. m. EST, more than 11 hours after it collided with the Canadian freighter *Royalton* in heavy fog Thursday.

The *Foy* backed into the collision area after losing contact and reported heavy debris in the water. There was no sign of the *Monrovia*.

The collision off Thunder Bay Island in northern Lake Huron, was the first major shipping accident in the Great Lakes since the opening of the St. Lawrence Seaway.

The Coast Guard cutters *Mackinaw* and *Acacia* continued to patrol the area after the sinking. Markers were put in the water to warn other ships and the *Foy* proceeded toward Detroit.

The *Monrovia's* hours-long struggle for survival was watched from the *Foy* by radar and reports of her condition relayed to crewmembers who were brought in after the accident.

Fast action by the *Foy*, which ignored fog dangers, resulted in the rescue of the *Monrovia's* crew some 60 minutes after an order to abandon ship was flashed.

The *Monrovia* suffered deep gashes below her waterline. Her engine and boiler rooms and two holds flooded quickly. Her refusal to sink eerily baffled veteran lake seamen aboard the *Foy*.

The *Royalton* suffered only minor damage in the collision. Cause of the collision has not been determined.

**Officials Await Report On Bracero Ban For Lubbock**

LUBBOCK (AP) — Officials awaited clarification today of a report the Mexican government has banned contracting of its nationals for farm work because a beauty parlor refused to do the hair of two Mexican women.

The Mexican consul here, Miss Cecilia Molina, said yesterday she has "an official message from the Foreign Ministry in Mexico City that all reception centers (for workers) have been instructed not to contract workers for the City of Lubbock and its surrounding agricultural area."

But H. L. Rudker, assistant manager of the braceros (farm labor) reception center at El Paso said: "We don't have anything definite. Until we get further notice we'll continue to process braceros for Lubbock County."

D. L. King, U.S. District Attorney, declined comment.

Rudker said that rumors of the restriction had been heard but the Mexican consul at El Paso had received no official notice of such action.

Miss Molina said "On June 22 two ladies of the consulate staff tried to make an appointment by telephone with Jessie Lee's Hair Design Institute in Lubbock but were informed that they could not be accepted because of their Mexican nationality."

Bill Sharpley, co-owner of the salon with his wife, said: "We reserve the right to refuse service to anyone. We don't cater to Latin Americans and so in."

Mexican officials are expected to form the Mexican consulate. When they came in we very politely told them that we didn't cater to Latin Americans... There is another very nice, modern beauty parlor in Lubbock where they can get efficient, courteous service and we referred them to that place... The women refused service were identified as consulate employees—Mrs. Claudia Padres and Maria Rosa Esquero. Miss Molina said the restrictions on hiring braceros became effective Wednesday but would not affect immediately any of the 3,000 to 4,000 workers now in the country. They will complete their contracts, but the contracts will not be renewed unless the restrictions are lifted. She called refusal of the beauty parlor to accept Latin Americans "discrimination against the Mexican people for their nationality and ancestry."

Sec. B Big Spring, Texas, Fri., June 26, 1959 Sec. B

# Morgan Buys Oldham Land

One of the larger land sales in Howard County has been effected with sale of 4,300 acres of land to Hardy Morgan.

The sale was made by E. W. Smith and Lee Porter, trustees for Ida Mae Oldham estate and involved the Oldham Ranch in the northeast part of the county. Included were sections, 25, 26, 27, 38 40, 41, and the north half and the southeast quarter of Section 39, all in Block 26, H&TC Survey.

The warranty deed filed in the county clerk's office showed a sale price of \$150,000 for the property. Morgan, according to the deed, is to pay \$50,000 in cash and \$20,000 per year for five years at four per cent interest.

Smith and Porter had to get a declaratory judgment from District Judge Charlie Sullivan before they could sell the property. Previously the men were appointed by Judge Sullivan as trustees, but Morgan's lawyers felt that the appointment was not strong enough to prevent a possible title cloud in sale of the property.

As a result, the suit for declaratory judgment was filed. This suit stated also that the trustees proposed to sell the property to finance construction and care of an old woman's home in Lubbock.

Mrs. Oldham had acquired and developed, and then operated the ranch in northeastern Howard County prior to her death. A frugal woman and virtally a recluse, she left the bulk of her estate to an old women's home in Lubbock. There was no such agency but under her will proceeds of her estate will establish one.

# Mrs. Palmer Dies Suddenly

COLORADO CITY (SC)—Mrs. S. K. Palmer, 66 wife of a well known farmer in the Seven Wells community south of here, died suddenly of heart attack Thursday morning.

Services will be held at 2 p.m. Saturday at the 5th and Elm Church of Christ with the minister of the North Side Church of Christ, Randall Forehand, officiating. Burial will be in the Colorado City Cemetery under the direction of Kiker & Son Funeral Home. Pallbearers will be G. D. Foster, Ather Ellis, Stanley Hamner, J. W. Watson, John Hale, and M. A. Stinson.

Mrs. Palmer was born in Collier County Aug. 3, 1892 and was married to S. K. Palmer in Grayson County on Aug. 1, 1911. She was a member of the Church of Christ and for 29 years had been a resident of Mitchell County.

Surviving her are her husband; three sons, Hubert Palmer, Borer, S. K. Palmer Jr., Los Angeles, Calif., and Meburn Palmer, Colorado City; two daughters, Mrs. Zella Brinkle, Pittsburgh, Calif., and Kathleen Palmer, Colorado City.

She also leaves her step-mother, Mrs. Essie Boswell, Quana; four sisters, Mrs. Tessie Tegans, Wichita Falls, Mrs. Jewel Barkley, Panhandle; Mrs. Olen Cummings, Quana; Mrs. Naomi McAfee, Amarillo; a step-brother, A. B. Kyle, Childress; two half brothers, L. B. Boswell and Coy Boswell, Quana; nine grandchildren and five great-grandchildren.

## Women Watch Liberate Leave

LONDON (AP)—Liberace waded to a crowd of stony-eyed, middle-aged women fans at the airport today as he ended his British concert tour. He left for Paris for a vacation.

"I am going with only the nicest memories," said the American pianist, who recently won a libel suit against a British newspaper that criticized his musical ability and personal habits.

"After the royal performance in Manchester," Liberace said, "the press were very nice and very kind. I could see they wanted to be very friendly."

## False Alarm

The only fire call Thursday came about midnight and was a practical joke. Firemen answered

ed a call to the City Park that turned out to be a false alarm by someone playing a prank on a friend, fireman said.

### Cosden Chief Shades Webb Commander

R. L. (Smokey) Tollett smirks in triumph as he crosses the finish line ahead of a grim Col. Kyle L. (Tip-Tank) Riddle in the opener for the sixth annual Soap Box Derby here Thursday evening. The earth-bound Webb AFB commander had his wings clipped without jet power, while Tollett, Cosden president, gave his car the octane oozch to get out in front. Cosden and Webb craftsmen had fashioned the cars for the two featured drivers.

# Greene Seeking Help On Air Conditioning For Old Folks

As chairman of a Big Spring State Hospital Volunteers Advisory Council project committee, J. H. (Jimmy) Greene didn't rest until he succeeded in getting an amplifying system for the hospital. Now he isn't resting until the

geriatrics building is air conditioned. Maybe something else needing to be done will turn up, but right now the former Chamber of Commerce manager is concentrating on helping the old folks. During the past week the Big

Spring Evening Lions Club bought a 5,500 c.f.m. evaporative cooler by donating \$118.29. Thursday noon, the Coahoma Lions Club gave \$87.50 toward a 4,000 c.f.m. unit.

Greene said he needed from \$300 to \$400 more to complete the project. There is some residue of funds from the sound system project which can be applied to the air conditioning program.

Other organizations haven't responded because he hasn't yet been able to get around to them, Greene ventured.

"About all you have to say is that this is for the elderly people who can't get out of the buildings onto the grounds even in the cool of the evening. They are confined to the geriatrics ward, not because of choice but because of their infirmities. This is something to make the evening of their lives more comfortable."

## Flood Recedes

TOKYO (AP)—Flood-swollen rivers receded slowly at Canton today, Peiping radio said.

# Cub Field Day Planned For Saturday At Scout Grounds

Saturday is the big day for Cub Scouts in the Lone Star District. Their summer field day is scheduled to be held at the Scout Roundup grounds starting at 3 p.m., said Jack Gulley, general chairman.

After a round of contests, there will be den, pack or family picnics at 6 p.m.

The campfire will begin shortly after 8 p.m. and the Order of Arrow will present Indian dances and teach one to the boys. Louis Jean Thompson will spin a story for the boys and there will be a

song fest. Afterwards Dads and sons will spend the night at the grounds, arising early to cook breakfast and get home to get ready for Sunday School.

Boys are asked to bring two sacks for the sack race. Also slated are dashes, running broad jump and other contests.

# Legislature Gets Its Third Tax Bill

AUSTIN (AP)—The House Tax Committee presented representatives today its third version of what will pass Texas' largest tax bill in history.

Wrapped with a 188 million dollar ribbon, the one-package rewritten tax bill won't raise enough money to eliminate the deficit and keep state colleges, hospitals and other agencies operating after Sept. 1.

The committee approved the measure 12-6 last night, it refused 13-4 to work on the 184 million dollar measure backed by Gov. Price Daniel.

In unusual action, the committee took 1 1/2 hours publicly to rewrite the original measure authorized by Rep. Frates Seeligion of San Antonio.

Major changes are cutting Seeligion's proposals on cigarette and corporation franchise taxes, while increasing cigar and other tobacco levies.

Ten of 12 amendments offered were adopted. Seeligion said they were acceptable, but he opposed changes proposed by Rep. James Cotten of Weatherford.

### SAVES TAX RIDER

Defeated were amendments to eliminate a 2 per cent sales tax on all items costing more than \$30 and reducing the tax on sulphur from \$1.40 to \$1.03.

"We're trying to get a compromise that will be acceptable to the Senate and the House," Seeligion said, "my bill is very close to splitting taxes 50-50 between business and individuals."

Seeligion said the 2 per cent "luxury sales and use" tax to raise 72 million dollars will be paid "half by individuals and half by business. It will be paid on refrigerators, television sets and other things costing more than \$50.

Business will pay for machinery, office equipment and other items.

"This is a pure and simple sales tax," Cotten said. "Hooray," others said, and clapped their hands.

"You're creating a critical political problem if this bill passes. You're insuring the election of a Labor Legislature," Cotten said. "I don't want that. There are some 80 members who refused to vote for a sales tax. I think you're spinning your wheels."

### NO COMPROMISE

"I can't vote for this bill," Rep. Ben Atwell of Dallas told the committee. "This isn't a compromise."

Here's the way the committee-approved bill compares with the governor's proposal and what each will raise:

Natural gas—\$12,000,000 raised through a 1 per cent of value severance beneficiary tax aimed at pipelines; Daniel wants a 3 per cent severance tax to raise \$31,340,115.

Corporation franchise tax—\$26,000,000 with a modified new formula, excluding debts, but increasing the rate from \$2.25 to \$2.75 plus a temporary one-year increase; Daniel does not exclude debts, \$35,200,000.

Gross receipts utilities and others—\$6,860,000 with graduated in-

creases; Daniel wants higher rates, \$16,000,000.

Motor vehicles—\$16,500,000 by increasing the sales tax from 1.1 to 1.5 per cent; Daniel wants the same increase, but says it will raise only \$15,018,814.

Cigarettes—\$20,450,000 by increasing the tax from 5 cents to 6 cents a pack; Daniel wants the same, but says it will raise \$21,084,741.

### LIQUOR TAX

Liquor—\$4,678,000 by increasing from \$1.40 to \$1.68 a gallon the tax on whiskey and 20 per cent on wine; Daniel wants a \$2.25 a gallon whiskey tax and double the wine, \$16,111,500.

Cigars and other tobacco—\$16,100,000 with a 25 per cent tax on wholesale cigar prices and 12 1/2 per cent on other tobacco; Daniel wants a 25 per cent tax, \$23,600,000.

Luxury sales and use tax—\$72,000,000, a 2 per cent tax on all products sold for more than \$50; Daniel says he is opposed to any general sales tax.

Sulphur tax—A reduction from \$1.40 to \$1.03 a ton on sulphur to reduce present state revenue \$1,781,000; Daniel made no recommendation.

Motor fuel—Refund 3/4ths of the gasoline tax to bus companies operating within cities to decrease present revenue \$930,000; Daniel makes no recommendation.

Admissions, prizes and awards, motor carriers, cosmetics, radio and television, playing cards and minor occupation taxes—All are repealed to cut present state revenue \$6,288,000; Daniel makes no recommendations except to place the present 2.2 per cent tax on radios and television sets on high fidelity and other electronic equipment parts to raise an estimated \$8,000,000.

Committee chairman V. L. Ramsey of Beckville kept order most of the time with a banging gavel. When he announced the bill approved on voice vote, there were quick objections.

"You didn't call for no votes," Rep. J. E. Winfree of Houston said. "I want to vote no."

The clerk called the roll. Then Rep. Mauro Rosas of El Paso asked the committee to also report back the bill authorized by RMEP, George Hinson of Mineola. It is Daniel's bill. The committee turned him down and quit for the night.

A 14-4 vote defeated Cotten's attempt to eliminate the big sales tax provision. It brought about most debate.

## "I'm back on schedule now"

There's a safe, pleasant way to correct irregularity due to lack of bulk. E. G. Bagwell, Wilmington, N. C., writes: "I have just discovered Kellogg's All-Bran for keeping regular. Now I'm back on schedule with no more constipation."

Laxative drugs don't supply the bulk needed to correct a common cause of constipation. Kellogg's All-Bran works for millions because it supplies this bulk. A half-cup daily gives you all the good food bulk essential for dependable, natural regularity.

Try Kellogg's All-Bran for 10 days—see if it doesn't work for you, too.

# Colorado City Minister Will Lead First Christian Service

The Rev. Claude Cogswell, Colorado City, will supply the pulpit of the first Christian Church at the morning worship. The Rev. Clyde Nichols last week concluded his ministry with the local congregation before assuming a pastorate at Borger.

At the first Presbyterian Church, Mrs. Cornelia Frazier Barlow of New York is to be guest soloist.

The Rev. C. W. Farmer, retired, will be back at a familiar post Sunday, substituting for the Rev. Royce Womack at Wesley Methodist where the Rev. Farmer served as pastor. The Rev. Billie Woolridge will be in charge at the Church of the Nazarene services Sunday.

## Baptist

The Rev. R. B. Murray pastor of Northside Baptist Church, will preach Sunday on "Lost," Luke 19:10, and "True Value."

At Airport Baptist Church, the Rev. W. A. James has announced his sermon topics: "God's Call to Repentance," Isa. 55:6, and "Pleasing God," 1 Thes. 4:1.

At 8:45 a. m. Dr. P. D. O'Brien, pastor of First Baptist Church, will offer a message on "Christianity Is Modern," Heb. 13:8, and at 11 a. m., "Missions Our Mission," John 20:21. The Rev. Frank Pollard, assistant pastor, will preach Sunday evening.

## Catholic

Mass will be said at St. Thomas Catholic Church, 605 N. Main, by the Rev. Fr. Francis Beazley, OMI, at 7 a. m. and 11 a. m. Rosary and benediction are at 6 p. m. Sunday. Confessions are heard on Saturday from 4:30 to 6 p. m. and from 7 to 8 p. m. Catechism classes for grade school.

## Actor To Attend Teacher's Funeral

EL PASO (AP)—Actor Gilbert Roland plans to be among the mourners tomorrow when funeral services are held here for his former school teacher, Mrs. Alma Bartlett.

Mrs. Bartlett, 82, died Wednesday in Austin.

Roland, member of a family which fled Mexico in 1913 during the Pancho Villa reign of terror, learned English from Mrs. Bartlett in El Paso.

# State's Airports Among Busiest

By **TEX EASLEY**

WASHINGTON (AP)—Eleven Texas airports are among the 100 busiest in the nation. The state is second in number of pilots.

A report issued by the Federal Aviation Agency of the 213 traffic control towers which it operates shows a total of 26,599,719 takeoffs and landings during 1958, a 6 per cent increase over 1957. Dallas ranked third in the nation with 280,753 "itinerant operations" throughout last year, trailing behind Chicago's Midway airport with 397,965 and Los Angeles' count of 296,730.

Itinerant operations are all except those out of and back to the same field in a single flight. Air Force Base flights and pilots are not included in the FAA report. The other 10 Texas cities in the first 100 were:

Houston 187,896; El Paso 144,556; Fort Worth (Meacham) 137,048; Fort Worth (Carter) 130,883; San Antonio 124,159; Austin 89,786; Beaumont 88,329; Amarillo 81,139; Lubbock 80,907; and Waco 71,784.

The remaining nine Texas airports with FAA operations, with their combined takeoffs and landings as listed for the other cities were:

Midland 68,593; Abilene 64, 846; Wichita Falls 56,663; Corpus Christi 47,939; Brownsville 46,384; San Angelo 43,432; Longview 27,107; Tyler 24,367; and College Station 22,218.

Combining the takeoffs and landings at Fort Worth's two fields—Carter and Meacham, the city would rank sixth in the nation with a total of 267,931. Separately, Meacham, the old municipal field, ranked 37th. Carter, the Fort Worth International airport, ranked 39th. Portland, Ore. was 38th. By combining New York's La Guardia of 255,903 and its Idlewild of 210,710, the city would

hop from 5th place — Washington D. C. is 4th — to second.

Chicago's Midway traffic combined with the 160,710 takeoffs and landings at its O'Hare field would total 558,475.

The FAA's report shows California leading with 47,068 active pilots. Texas second with 25,614. The U. S. total is 352,469.

AROUND THE CAPITAL: High school bands from throughout the country frequently stage a concert on the steps of the Senate or House wings of the Capitol. (The main front steps are now torn down as a part of the Capitol's facelift job.) One of the latest to entertain tourists and congressmen was the Hooks High School band from Northeast Texas.

The green sweaters and blouses of 4-H boys and girls from over the nation have been dominating the streams of tourists pouring through Capitol corridors the past few days.

Selected to represent Texas 4-H youths at the big annual convalesce here were: Joan Barton, Monahans; Laura Ellen Horn, Lubbock; Lonnie Schmitt, Dorchester in Grayson County, and Kinan Burk, Tulia and Swisher County.

Designated as their escorts for the trip were Miss Erma Wines and Marshall Crouch of the Texas Agricultural Extension Service.

A surprise visitor in the office of Rep. Frank Icard of Wichita Falls was Harry James Jr., son of the band leader. A constituent from Denton, young James is now at Bolling Air Force Base here and plays in the AF band at the base. And John Stallings, on Icard's staff, and secretary of the Texas State Society, promptly recruited James into the organization.

## FROM STRONG BRINE

# It Takes A Lot Of Salt To Make A Delectable Pickle

HOUSTON (AP)—From strong brines, says pickle packer Mayes Fuller, hearty pickles grow.

"I can tell you if the brine will float an egg, you can never go wrong," Fuller said.

Fuller and his father, S. M. Fuller, operate a pickle plant here which turns out more than 400,000 gallons of dills, sweets and sour a year.

Fuller trucks pick up 100-pound potato sacks full of graded cucumbers from grading sheds every day during the height of the early summer season.

"We work night and day to get those cukes in the tanks," he said. Tanks are 5,000 and 10,000-gallon wood vats in which the cukes are placed in strong brine and wherein curing sets in. Once it does, a cucumber will keep indefinitely.

Each grade has its own brine tank, even warty nubs which are ground into relish.

"It takes two or three months to cure," Fuller said. Curing is over when the yellow cucumber turns green inside.

Workers net big batches from the brine as they are needed and rinse them. Then they are soaked in a firming solution of tumeric and alum for about three days and get rinsed again.

The final step sees the cukes placed in 50-gallon barrels where they receive their own flavor and identity—dill, sweet or sour.

Sour pickles are treated with vinegar, dill with dill concentrate and sweet with sugar.

The mammoth wood pickling vats will last indefinitely, Mayes said, if cleaned thoroughly between brines.

"But we have to keep rehooping them," he said.

"If you'd ever come down here on a Sunday morning and found the vat split and all the brine drained of 5,000 gallons of pickles, you'd take care of those hoops."

and Goliad, is as follows: Celebration of Holy Communion at 7:30 p. m., family worship and church school at 10:15 a. m. The Rev. William D. Boyd is rector.

## Gospel Tabernacle

The Big Spring Gospel Tabernacle, 1905 Scurry, announces the schedule of services this week. Sunday school is at 9:45 a. m. with morning worship service at 11 o'clock. Evening worship services will be at 7:30 p. m. Tuesday and Thursday.

## Jewish

Jewish services are scheduled for 7:30 p. m. Friday at the home of Mrs. Joye Fisher, 707 Scurry.

## Latter-Day Saints

The Church of Jesus Christ of Latter-Day Saints holds services at Webb AFB Chapel annex, Sunday school at 11:30 a. m., priesthood school and Bible classes are at 9:30 a. m.

## Lutheran

Worship services at St. Paul's Lutheran Church will be conducted at 8:30 a. m. by the Rev. Paul Heckmann of Odessa, Sunday school and Bible classes are at 9:30 a. m.

## Methodist

Dr. Jordan Grooms, First Methodist minister, will preach Sunday morning on "Substantial Faith" and "Life's Greatest

Truth." Mrs. Weldon Stephenson's solo, at morning worship, will be Oley Speak's "Let Not Your Heart Be Troubled." The choir will sing Stainer's "God So Loved the World," as the offertory anthem.

For his sermons to Park Methodist Church, the Rev. Joe McCarthy has selected "The Crisis Reached At Last," John 6:66-71, and "It Is I," John 6:20. Glenda Greenwood will be soloist at morning services. "The Lure of the Impossible" and "Way and Power" will be sermon topics used Sunday at Wesley Methodist Church by its former pastor, the Rev. C. W. Farmer, now retired. He is preaching in the absence of the pastor, the Rev. Royce Womack.

The Rev. Billie Woolridge, Big Spring, will occupy the pulpit at the Church of the Nazarene, Sunday, in the absence of the pastor, the Rev. W. M. Dorrough.

Worship services of United Pentecostal Church, 15th and Dixie, will be held at 11 a. m. and 7:30 p. m. by the pastor, O. F. Viken. Sunday school is at 10 a. m. The young people's meeting is at 7:30 p. m. Friday.

Dr. R. Gage Lloyd, First Presbyterian minister, will preach Sunday morning on "The Sin of Covetousness," which will be broadcast over KBST. Mrs. David Barlow, who is visiting here from Rockville Centre, N. Y., will be soloist. The pastor will begin a new series of sermons, Sunday evening, on Life's Most Perplexing Questions, the initial message entitled "Is Any Sin Unpardonable?"

Speaker at St. Paul Presbyterian Church, Sunday morning, will be the Rev. Marvin Berkeley, State Hospital chaplain. The evening service will be conducted by Keith Wright.

Services of the Seventh Day Adventist Church will be at 2:30 and 3:30 p. m.

Chaplain James E. Leath will have charge of Protestant services at the base chapel at 11 a. m. Sunday, delivering the sermon "Divine Requirements." Sunday school in the chapel annex and adult discussion group will begin at 9:30 a. m.

Catholic masses will be said at 9 a. m. and 12:15 p. m. Sunday by Chaplain Eugene Clemens. Confessions will be heard Saturday from 10 a. m. to noon, from 7 to 8:30 p. m. and from 8:30 to 9:30 p. m.

BROWNSVILLE (AP)—Business sessions of the 80th annual convention of the Texas Press Assn. opened today with newspapermen from over the state present.

High school bands from throughout the country frequently stage a concert on the steps of the Senate or House wings of the Capitol. (The main front steps are now torn down as a part of the Capitol's facelift job.) One of the latest to entertain tourists and congressmen was the Hooks High School band from Northeast Texas.

The green sweaters and blouses of 4-H boys and girls from over the nation have been dominating the streams of tourists pouring through Capitol corridors the past few days.

Selected to represent Texas 4-H youths at the big annual convalesce here were: Joan Barton, Monahans; Laura Ellen Horn, Lubbock; Lonnie Schmitt, Dorchester in Grayson County, and Kinan Burk, Tulia and Swisher County.

Designated as their escorts for the trip were Miss Erma Wines and Marshall Crouch of the Texas Agricultural Extension Service.

A surprise visitor in the office of Rep. Frank Icard of Wichita Falls was Harry James Jr., son of the band leader. A constituent from Denton, young James is now at Bolling Air Force Base here and plays in the AF band at the base. And John Stallings, on Icard's staff, and secretary of the Texas State Society, promptly recruited James into the organization.

## Priest and King in Judah

THE BOY, JOASH, BECAME KING OF JUDAH AND THE USURPER, ATHALIAH, WAS SLAIN

Scripture—II Kings 11-12.

By **NEWMAN CAMPBELL**

ATHALIAH, daughter of Ahab, king of Jordan, married Jehoram, king of Judah. They had a son, Ahaziah, who died. After his death "she arose and destroyed all the seed royal," apparently to pave her own way to the throne. She also introduced the worship of Baal.

Why did Athaliah murder all these innocent little ones? Possibly, after her son died, she was insanely jealous of other mothers whose babes were living. She may also have inherited the traits of her mother, the wicked Jezebel. In our generation, a person who commits such a dreadful deed is given mental tests to determine if he was responsible for his actions. In those far-off days they did not have our modern methods of determining this. There were no psychiatrists to give aid to such mentally disturbed people.

"And Jehoshaphat said that which was right in the sight of the Lord, all his days wherein Jehoshaphat the priest instructed him."—II Kings 12:2.

His people "went into the house of Baal, and brake it down; his altars and his images brake they in pieces, and the rough, and slew Mattan the priest of Baal before the altars."—II Kings 11:18.

The high places, however, were not taken away, and people still sacrificed in these places.—II Kings 12:3.

Jehoshaphat told the priest that all money given in gifts or tithes by the people should be dedicated to repairing the temple. "But it was so, that in the three and twentieth year of King Jehoshaphat the priests had not repaired the breaches of the house."

Let us all, parents in the home and teachers in the Sunday school, impress on children the wisdom of obeying the laws of right as taught in this lesson.

Based on copyrighted outlines produced by the Division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission.

### MEMORY VERSE

"Will we also serve the Lord; for He is our God."—Joshua 24:18.

at the gate of Sur; and a third part at the gate behind the guard; so shall ye keep the watch of the house, that it be not broken down. "And two parts of all you that go forth on the sabbath, even they shall keep the watch of the house of the Lord about the king round about, every man with his weapons in his hand; and he that cometh within the ranges, let him be slain; and be ye with the king as he goeth out and as he cometh in."—II Kings 11:5-8.

So the captains over the hundreds did according to all things that Jehoiada the priest commanded; and they took every man his men that were to come in on the sabbath, with them that should go out on the sabbath, and came to Jehoiada the priest."—II Kings 11:9.

Then the priest gave to the captains King David's spears and shields that were in the Lord's temple. "And he brought forth the king's son, and put the crown upon him, and gave him the wisdom of obeying the laws of right as king, and anointed him; and they based on copyrighted outlines produced by the Division of Christian Education, National Council of Churches of Christ in the U.S.A., and used by permission.

A DOWNTOWN CHURCH PREACHING CHRIST

Now Try It Again!

Janet Thorburn and Carolyn Thompson struggle to muster the push-up as their instructor, Mrs. Gene Eads, lends encouragement. The girls are two of the teen-agers enrolled in the first charm school series which ended this morning at the YMCA. Another four-session course is scheduled for July 14-17. The charm school is offered under the Y's city-wide summer recreation program.

## Personality Outranks Beauty, Lasses Learn

By KAY LOVELAND  
 Personality ranks ahead of beauty in the YMCA Teen-Age Charm School.  
 "Personality is the main feature of the body," said Mrs. Gene Eads, instructor for the class which ends its one week stand today. "It goes a lot further than beauty."  
 Mrs. Eads underlined the importance of young people respecting their parents as an essential to improving personality.  
 "If young people are disrespectful toward their mothers and fathers, they also will be disrespectful in public," she added.  
 Other objectives of the Charm School are development of poise, charm and self-confidence. Included in the daily program of the school were various exercise routines and a lecture by Mrs. Eads. Among the helpful tips she gave is how to apply make-up properly.  
 The girls did many exercises such as the bicycle ride and variations, jumping rope, lifting barbells, and touching toes. But, said Mrs. Eads, the girls can expect to get only a foundation in the short course, and they must continue to exercise at home in order to receive any benefits from it.  
 In future meetings the class will

take up use of the health board, fundamentals of make-up, care of the skin, the proper way to sit, stand, and ascend and descend stairs.  
 Registration for the class, which is divided into two sessions in order to give the girls a chance to take part in swimming lessons set at the Y, ended with 21 signed up for both sessions. The second series will begin July 14 and close July 17.  
 When the new YMCA building is completed, Mrs. Eads hopes to set up a three-month charm course to run throughout the summer.

## Former Resident Meets With The GA's

A former resident, Billie Ann Wood of Riverton, Wyoming, was a guest of the Janet May Intermediate GA's at their weekly meeting Thursday morning at the home of Susan Gibbs. Mrs. J. C. Pickle, GA director, brought the mission program on Thailand. Fresh fruit and juice were served to seven in keeping with the study.  
 An overnight meeting at the G. B. Morehead cottage on Lake J. B. Thomas is planned for next week.

## OWC Greets Newcomers

At their monthly coffee for newcomers, Thursday morning, the Officers Wives Club welcomed wives of three new permanent party and 38 student officers.  
 Wives of Class 60-C, acting as hostesses, centered the coffee table with red roses in a brandy snifter. They entertained the group with games and awarded prizes to Mrs. Harvey Lisenby, Mrs. Edwin McGovern, Mrs. Bob Noack, Mrs. Roy Jones and Mrs. Glen Hartwell. Each guest received a name tag in the shape of fruit.  
 Hostess chairman was Mrs. J. Truax.  
 Next month arrangements for the coffee will be made by wives of Class 60-D.

Full Coverage

Vacationing college girls go for this sort of thing on the beach this summer. It may not be glamorous, but it's fun. Theodora Devitt (left) and Sue Brown, both of Los Angeles, are wearing outfits designed by Rose Marie Reid. The red-and-white convoluted stripes make an elasticized knit suit consisting of knee-length shorts, matching fitted pullover and solid red jumper top. The skinny pants and camisole top at right are of orlon-and-lax, and are meant for either swimming or lounging.

## IN SHAPE

### Figure Faults Can Be Cleverly Concealed

By VIVIAN BROWN  
 A Newfeature Writer  
 If you are shy because you have figure faults, consider taking a whirl in a store that specializes in foundation garments. This treatment may be hush-hush in your set, but the truth is a great many faults may be hidden with the right undergarments.  
 That that formal you may have persuaded Dad to pay for, and you may even have selected one of the year's favorite styles—small top and billowing skirt. Your choice of length may have been decided by your legs. Short dresses require pretty legs, longer dresses can conceal plump types.  
 But when it comes to insuring proper fit, you may be disappointed. A girl going through the gawky stage when nature seems most uncooperative may be annoyed that her new dress is a straight up and down affair, just like her other clothes. Just because she paid more than usual for a dress, doesn't solve her figure problem.  
 A waist cincher will help her, though, giving an attractive waistline. The newest cinchers are all-elastic, lightweight, comfortable, and give the indentation necessary to break up that straight figure line.

**SPECIAL BRA**  
 The every-day bra is not going to do either for this new dress, particularly if it must be pinned into place. A special bra or bralette may be necessary for proper

fit of the new formal, and additional petticoats may even be required if there weren't enough supplied in the first place.

A strapless dress that doesn't fit through the bodice because the figure has not yet become rounded may stay up if a lightly padded brassiere is worn. Many teen-age bras are padded and there is no reason why a girl should be embarrassed about filling out her form. The intention of all foundation garments wear is to make clothes fit better by improving on nature.  
 The rear view mirror may give you a shock. A formal dress with a wide skirt can conceal big hips, but perhaps the dress you like best just doesn't quite conceal that waddle. You may achieve a better fit with a proper girdle with a flattening back panel and hip control at the sides.

**HIP CONTROL**  
 Many girls are under the impression that if they wear full skirts, they don't need foundation garments, and that's how many young girls got their start in big hips in the first place.  
 A good idea is to take your formal to a department that specializes in foundation garments, and let them fit you before you take the dress home. The same applies to other accessories—evening bag, jewels and makeup.  
 That way you'll be sure of getting proper coordination idea holds true in the rest of your wardrobe. As far as undergarments go there are panty girdles for shorts and slacks, strapless bras for special occasion dresses, sweater bras to wear under cotton knit shirts, and bras to lend contour to swim suits.

## Luther HD Club

Tips on the selection and care of sewing equipment were shared by Mrs. Frances Zant and Mrs. Louis Underwood with other Luther HD Club members, Thursday afternoon. Six members and a guest met at the home of Mrs. Zant, answering roll call to the question, "Does your family eat a good breakfast?"  
 Mrs. W. E. Hanson will be hostess July 9.

## To Attend Parley

Mrs. John Ansen, director of the Big Spring school cafeteria, will leave Sunday for Galveston where she will attend a convention of the Texas Foods Assn. She recently was in Lubbock for an area workshop.

## To Colorado Springs

Mr. and Mrs. R. B. Reeder plan to vacation for a week in Colorado Springs, leaving Saturday morning. They will be joined by friends from Fort Worth and Amarillo.

## Melons And Plums Enter Markets

By The Associated Press  
 New items on the list of foods in Texas markets this week, and in good supply, are okra, medium yellow onions, field peas, California plums, watermelons and tomatoes.

Reporting this today, the Agricultural Marketing Service said other items held over from last week's list and still plentiful include bananas, cantaloupe, film-pack carrots, Texas corn and cucumbers.

Lower in price than last week are celery, eggplant, western grapes, bell peppers and new crop white and red potatoes. Items higher than last week are avocados, western Valencia oranges, lettuce and strawberries.  
 Several foods are steady in price and supply from last week. These include cabbage, cauliflower, grapefruit, lemons, limes, peaches and nectarines.  
 New arrivals on the Texas markets are red delicious apples from Argentina; a few casaba, Cranshaw and Persian melons from California; and English peas, romaine lettuce, endive, greens, green onions, and spinach from Colorado.  
 Eggs continue to be an economical protein buy in Texas. Pork, small turkeys and broilers are still priced to encourage wide use.

## Pre-Nuptial Fete For Miss Kamm

Pink and white were used extensively in decor for a bridal shower Thursday evening honoring Connie Kamm, who will become the bride of Jimmie Minchew on July 3 at the Northside Baptist Church.  
 Mrs. Ray Watkins, in whose home the fete took place, was joined by Mrs. H. N. Clernow, Mrs. Reagan Easley, Mrs. C. L. McKinney, Mrs. W. M. Emerson

and Mrs. Morris Robertson in extending the compliment.

Pink dogwood and ivy combined for a centerpiece on the table, laid with white lace over pink. Candles advanced the favored colors, and overhead hung bells with streamers bearing the couple's names in gold.  
 About 40 attended. Miss Kamm had been honored recently with a white Bible presentation and shower from the YWA.  
 Parents of the betrothed pair are Mr. and Mrs. S. J. Kamm, 604 Drake Rd., and Mr. and Mrs. Ira Minchew, 407 West Eighth.

## TEL Class Has Patio Dinner At R. D. Ulrey Home

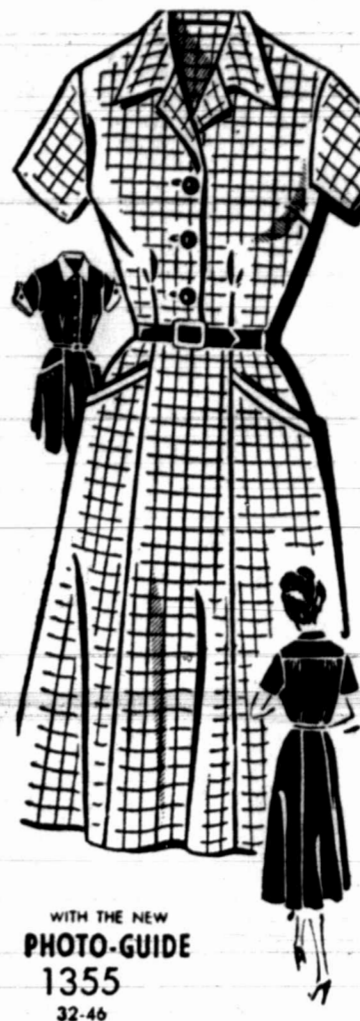

Meeting Thursday evening at the home of Mrs. R. D. Ulrey, the TEL Class of First Baptist Church enjoyed a covered dish dinner served on the patio. Eight members were joined by three guests; they were Mrs. J. L. Haynes of Baytown, a former member of the class, Mrs. G. C. Graves, and Mrs. Leroy Hollingshead, Adult Dept. superintendent, who said grace.  
 Mrs. C. E. Richardson presided for the session which opened with prayer by the teacher, Mrs. J. E. Hardesty. Mrs. Bernice Slater brought the devotion from Zech. 7:9. Mrs. Haynes read a poem and reports were heard.  
 The group adjourned following a singsong of favorite hymns, with Mrs. Hardesty at the piano.

## Towel Trim

Brighten up a set of kitchen towels with these colorful fruit stamp-on and cross-stitch embroidered day-names. So very easy to do! No. 140 has hot-iron and color transfers.  
 Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y. Add 10 cents for each pattern for first-class mailing.

Send 35 cents in coins for this pattern to IRIS LANE, Big Spring Herald, Box 438, Midtown Station, New York 18, N. Y. Add 10 cents for each pattern for first-class mailing.  
 Send 50 cents now for your copy of Home Sewing for '59. Featured are sew-easy patterns; important dressmaking steps.

## Future Bride Is Complimented

Wanda Sue Coleman, future bride of Vaudry Verne Grigg, was complimented with a bridal shower Tuesday in the Ackery home of Mrs. Covie Williams.  
 Parents of the betrothed couple are Mr. and Mrs. Leonard Coleman and Mr. and Mrs. C. C. Grigg, all of Ackery. The wedding will take place July 11 in the Methodist Church of that community.  
 Pink carnations in corsage, matching her frock, were presented to Miss Coleman, her mother and Mrs. Grigg.  
 About 45 attended.

J. Coleman, Mrs. Earl Hughes, Mrs. Johnny Clark, Mrs. Marvin Franks, Mrs. Ike Low and Mrs. Buster Cauble shared hostess pleasures with Mrs. Bill Hambrick, Mrs. Floyd Jones, Mrs. Bob Merrick, Mrs. T. A. Norman, Mrs. Gene Gates, Mrs. Earl Newcomer, Mrs. Cliff Prasher, Mrs. Ray Adams and Mrs. Dolph Raspberry.  
 Pink carnations in corsage, matching her frock, were presented to Miss Coleman, her mother and Mrs. Grigg.  
 About 45 attended.

# Vacation In Your Own Backyard

## With an Esther Williams LIVING POOL

**LOCKED OUT!** The self-locking door of the LIVING POOL affords maximum safety—it keeps children and pets from wandering in when the pool is not in use. A sturdy fence with attractive aqua-colored weather cloth is an integral part of the new pool.

Avoid tiresome travel... traffic jams... costly but brief vacation. Put an exciting new Esther Williams Living Pool in your backyard now. Enjoy family swimming, sunning, relaxing and entertaining. You not only get unexcelled vacation convenience and value—you get the benefits of a fine pool which has many exclusive features including design, ease of installation, privacy, safety, spacious sundeck, Redwood construction and many others—Only 10% down puts this fabulous Esther Williams pool in your backyard this month! No down payment for 60 days and five years to pay. Ask us for details about other type of pools.

### Keep First Things First When You Shop Around For A Good Used Car

And the first thing you should question is the quality of the car you are considering. Price is important, but no price is good if the quality is gone. These cars are mostly one owners, traded in on New 1959 Buicks and Cadillacs. This assures you of top quality for years of safe, trouble free driving.

- THE BEST USED CAR ARE FOUND WHERE THE BEST NEW CARS ARE SOLD**
- '57 CADILLAC Coupe DeVille. Hydramatic, radio, heater. Loaded with power equipment and factory air conditioned. This is a one-owner, low-mileage automobile that is really nice. This little jewel is as perfect as a used car can be. It has many thousands of expense-free driving and the comfort, roadability and prestige found only in America's number one automobile. (CADILLAC) **\$3495**
  - LINCOLN Landau 4-door sedan. All power and factory air conditioned. Like new **\$2895**
  - '56 PONTIAC Star Chief 4-door Catalina. Hydramatic, radio, heater, power steering, power brakes. Beautiful two-tone blue and white with custom matching leather interior. This one is really sharp **\$1595**
  - '56 BUICK Super 4-door Riviera. Dynaflo, radio, heater, power steering, power brakes. **\$1595**
  - Really nice
  - '55 BUICK Special 4-door Riviera. Dynaflo, radio, heater, tinted glass, back-up lights, white wall tires and air conditioned. This little dapper is a local one owner car. A perfect car for that SUMMER VACATION **\$1295**
  - '55 DODGE 2-door sedan. Standard transmission, radio, heater. Completely reconditioned CADILLAC '62' 4-door sedan. Loaded with equipment and factory air conditioned. A local one **\$2000**
  - '54 BUICK 2-door Riviera. Equipped with radio, heater, Dynaflo, white tires, power steering, power brakes and very nice upholstery. This car is real **\$795**
  - '54 BUICK Special 2-door Riviera. Standard transmission, radio, heater. Good second car **\$595**

DEAR ABBY

### A DUMB CLUCK?

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married for 36 years and I have never had any trouble like what I'm having now. My husband recently spent five weeks in the hospital. Being a very friendly gent, he made friends with everybody there. He said he got such good service from one of the nurses that he promised to buy her a chicken dinner when he got out. I told him if he wanted to buy her a chicken dinner it was all right with me but I liked chicken, too, and we could all go together. He said no, he wanted to

take her alone. I said it was out of the question. Am I right or is he?

OVER SIXTY DEAR OVER: Henpeck the old rooster until he includes you in on the chicken dinner. If you let him take her alone, you're a dumb cluck.

DEAR ABBY: When I call my mother after nine o'clock at night I can't understand a word she says because she doesn't have her teeth in. Now, I have heard that some people sleep all night with their dentures in and take them

out only to clean them. As a child I recall seeing my father's false teeth in a glass in the bathroom soaking all night. Do people still do this or does it mean it's a poor fit when they take them out at night?

BERTHA DEAR BERTHA: This question is something for more experienced folks to sink their teeth into. My dentist says that dentures, if properly fitted, can remain comfortably in the mouth all night.

believe in enjoying them as long as possible. Don't you agree? A GOOD MOTHER DEAR MOTHER: Children can be cuddled during the daytime but when bedtime comes, a "good mother" teaches her daughter by example that a woman's place is with her husband. The world is full of lonely wives who have "cuddled" their children instead of their husbands.

DEAR ABBY: I live in a rural community where it's nice to be friendly with everybody. But this one neighbor will be the death of me. She comes over right after breakfast and stays all day. She is a nut on religion and carries her Bible around in her purse. She will follow me around the house reading out of the Bible. I don't want to get her mad at me but, Abby, how can I get rid of her? BUSY DEAR BUSY: Ask her to turn to PROVERBS 25:17 where she

will find: "Withdraw thy foot from thy neighbor's house; lest he becomes weary of thee. . . ." CONFIDENTIAL TO BARRY: The best way to handle a "cold shoulder" is a milk stole.

"Why don't my parents trust me?" For What Every Teen-ager Wants to Know, send 25 cents and a large, stamped, self-addressed envelope to ABBY, care of the Big Spring Herald.

### Shy Iraq Ruler Is Cannier Than He Looks

By STAN CARTER

ROME (AP) — Suddenly your driver slams on the brakes in Baghdad's busiest street and jumps out of the taxi-clapping his hands. A tan station wagon passes by, accompanied by a ripple of applause from sidewalk crowds. The driver gets back in and grins. "Abdel Karim Kassem. He is good." The obvious spontaneity is evidence of the popularity of Iraq's Premier Kassem, the solitary passenger in the chauffeur-driven station wagon. In his Defense ministry office

the career army officer who led the overthrow of Iraq's monarchy last July, is surrounded by portraits of himself—one of them encircled by peace doves. Almost everyone who meets the 44-year-old Kassem considers him shy. He gives the impression of being an idealist, but he has shown his shrewdness by outwitting plotters against him. A moderate member of his cabinet says Kassem's views lie somewhere between those of Britain's Labor and Liberal parties. His expressed views indicate he favors some form of socialism. The Communists stood behind him when other groups plotted against him. After the unsuccessful Mosul rebellion of pro-Nasser army officers in March, the Communists demanded their price — elimination of the forces opposed to them, arming of the people and creating of a national front gov-

ernment with themselves in key positions. Kassem bowed with the wind. But during the past month he has infuriated the Communists by calling on them to cease political activity and by releasing hundreds of persons arrested after Mosul. The Communists have stated in their newspapers that they do not like what he is doing, but they still refer to him as the "faithful son of the people." Kassem indicates he dislikes the violent attacks on the West made in the leftist press and from the bench of the people's court, where his cousin, Col. Fadhil Abbas Mahdawi, presides. But Kassem does nothing about them. Kassem still says, as he did immediately after the revolution, that he wants to maintain Iraq's old friendships with the West as well as make new friends among the Communist bloc.
