

Medics Change Long Diagnosis To That Of Nervous Breakdown

COVINGTON, La. (AP) — Gov. Earl K. Long today was on the road to recovery from what psychiatrists have newly labeled a nervous breakdown rather than mental illness.

Along the road the governor carries plans to chop at least 40 persons from state payrolls. Some of them were somehow involved in his being committed to mental hospitals twice this month.

He already has fired three state officials — two of them medical men who held him in one mental institution — and he is divorcing his wife, who had him committed.

Three psychiatrists Monday night said Long, a voluntary patient in a small town motel, suffered from "a nervous breakdown from overwork."

Their report said the fiery, fast-moving 63-year-old governor recently suffered a small stroke or strokes which, combined with his overactivity, resulted in a marked rundown state.

Noting that Long had a heart attack nine years ago, the doctors said: "At this time there is nothing that would indicate that the governor cannot make another recovery."

At present the psychiatrists said, "the governor is rational with no intellectual impairment." They added: "We agree with the governor that he is better mentally than physically."

The report was by three prominent doctors whom Long had asked for a study of his condition and a prescription for his treatment. They were Drs. Robert Heath and Victor Lief of Tulane University and Charles Watkins of Louisiana State University.

They said the term "paranoid schizophrenia" used in an original finding by Dr. Chester Williams, coroner of East Baton Rouge Parish, committing Long to Southeast Louisiana Hospital at Mandeville June 18 was only tentative.

"The behavioral and emotional symptoms previously noted may have been due to the after effects of the small stroke or strokes," the trio reported, and "in the presence of such physical illness, it is not uncommon to have emotional symptoms."

After the doctors read their findings in the Covington motel room filled with newsmen, Long added: "Some of those terms are so big I can't understand them."

The governor left his farm home at Winnfield early Monday and took most of the day driving the 225 miles, making some 20 phone

Long Ends Farm Rest

Louisiana Governor Earl K. Long, wearing a straw hat and appearing rested, waves from a car as he leaves his farm at Winnfield to return to Covington for further treatment. Long was accompanied by a psychiatrist.

calls on the way and announcing he would drop the ax on about 40 officials.

"Forty out of 500. That's not many," he cheerfully noted. During a stopover at Vidalia,

4 Oklahomans Die In Auto Accident

PAWNEE, Okla. (AP) — Four persons died near here last night when their speeding auto splintered against a tree.

Trooper Ted Payne said the vehicle's speedometer was locked at 85 miles per hour. The victims were Cecil Porter, 35, Pawnee; Carl Pierce, Yale, Okla.; Mrs. Marcelle Walker, 39, Marmorec, Okla.; and Miss Julia Parsors, 25, Pawnee.

Long told a crowd: "You don't know what I've been through these past few weeks."

Speaking of his eight days in the Mandeville institution and 16 days in a Galveston, Tex., mental hospital, he said: "Putting a man in the crazy asylum is like killing your husband because you love him."

The governor's wife, Blanche, was instrumental in committing him to both institutions. She quietly slipped out of the state last week.

To Visit U.S.

WASHINGTON (AP) — The White House announced today that Prime Minister Antonio Segni of Italy will visit the United States this summer at the invitation of President Eisenhower.

Soviet Union Opens Glittering U.S. Exhibit

NEW YORK (AP) — A glittering Soviet scientific and cultural exhibition began a 42-day stand today.

The Kremlin's No. 3 man, Frol R. Kozlov, renewed the Soviet call for peaceful competition at formal opening ceremonies Monday night.

He also heard Vice President Richard M. Nixon say in a speech at the opening: "There is no magic formula which will settle the differences between us, no conference at the summit, which will dramatically end world tensions."

Today Kozlov—who shares with Anastas I. Mikoyan the rank of first deputy premier of the Soviet Union—goes to Washington, where he is expected to make a pitch for expanded trade between the United States and the Soviet Union.

Wednesday he meets with President Eisenhower, after a session with Secretary of State Christian A. Herter. Kozlov spent an hour Monday showing Eisenhower the exhibition.

The President seemed much impressed, and there was much to impress him. The 10,000 displays sprawl over six acres, and take up three floors of New York's Coliseum, a huge new building at Columbus Circle.

After paying the admission price, a dollar for adults and 50 cents for children, the first thing the visitor sees is a reminder of the Soviet strides into outer space — models of Sputniks, or space satellites.

The exhibition, first of its kind here since the New York World's Fair 20 years ago, is held under an exchange agreement signed by the United States and the Soviet Union last year. The American counterpart will open in Moscow July 25.

Among the displays is a large model of the silver airliner that brought Kozlov to New York from Moscow. The airliner, the world's largest, made the first nonstop trip between the two cities—a distance of 5,092 miles.

A piano-shaped box of Soviet chocolates on exhibit bears the face of American pianist Van Cliburn, who took a Moscow music competition by storm last year.

There are Soviet automobiles, including several of the new, popular, foreign import size. They sell for \$6,000 to \$7,000.

Kozlov indicated at a luncheon with American businessmen that expanded Soviet-American trade is a major objective of his trip.

Stripper Defends Art Before Lions, 'Surprise Guests'

ROYAL OAK, Mich. (AP) — Strip-teaser Libby Jones with an angelic look in her green eyes, defended her art before the Lions.

Under the watchful eyes of wives who came as surprise guests, members of the Royal Oak Lions Club were captivated by the speaker at their weekly luncheon meeting Monday.

The statuesque 5-foot-8 burlesque queen looked coolest of all in a clinging white dress that accentuated a 36-26-36 figure.

The temperatures was near 90 and the Lions had stripped off their coats.

Libby scored all her points without stripping to music as she does

nightly at a nearby Detroit bar. She said she had been making a psychological and historical study of the strip tease "because it is important to me in my career to know why this profession exists."

Her audience of dignified business and professional men and matronly housewives looked most impressed when Libby confessed that she earned from \$750 to \$1,250 a week.

Libby agreed she would be contributing more to society if she had become a schoolteacher. But she argued there was a popular demand for her art.

"Up to date it has never been suggested to me that a man could do my job better than I," she said.

Club President Sam Molarino awarded Libby a certificate of appreciation.

"Bless you," said Libby. "It will go in my scrap book."

Why Rocket Failed: Not Enough Speed

INGLEWOOD, Calif. (AP) — Why didn't the Discoverer IV rocket fired Thursday from the West Coast go into orbit? Not enough speed, says the Air Force.

To hurl a capsule-bearing satellite into a course around the earth's poles, as planned, the vehicle would have had to reach 18,000 miles an hour.

A Ballistic Missile Division spokesman declined to say whether

er the first or the second stage was to blame for the insufficient velocity.

The first was an intermediate-range, Douglas-built Thor missile; the second, all of which was designed to enter orbit, was made by Lockheed.

Discoverer IV, carrying a 300-pound capsule that was to have been ejected over the Pacific, was launched from Vandenberg Air Force Base, 170 miles north of this Los Angeles suburb. The instruments in the capsule were secret.

Daily Average Oil Production Drops

TULSA (AP)—Daily production of crude oil and condensate dropped 14,380 barrels to 7,003,089 barrels last week, the Oil and Gas Journal said today.

Biggest contributors to the net loss were Oklahoma, down 14,200 barrels to 541,900 barrels, and Kansas, off 10,205 to 326,545.

The Journal estimated 1959 production at 1,278,543,670 barrels compared to 1,150,816,090 a year ago.

Increases were reported for Arkansas, 250 to 81,250; and Louisiana, 125 to 972,225.

Production was unchanged in Texas at 2,646,625 barrels and New Mexico, 293,300.

Camp Stoneman Ends Its Career

PITTSBURGH, Calif. (AP)—Camp Stoneman, which processed two million men for World War II and the Korean War, ends its career as a military base today.

The last soldier on duty, Capt. Richard Greaney, will relinquish his command in a simple retreat ceremony at 5 p.m.

The General Services Administration is appraising Stoneman's 1,839 acres and will put it up for sale except for eight acres the Army is keeping for a reserve training center.

DEAR ABBY

NEW TRICKS?

By ABIGAIL VAN BUREN

DEAR ABBY: My 53-year-old sister who was married and divorced in her late thirties has had an affair after another with married men in town. She lives with us when she isn't traveling (he goes everywhere her alimony check will take her) and has caused us much embarrassment because you know when these men are through with her they all love to talk. I have asked her why she has to pick on married men, and she says all the good men are married. She is a lot of fun, a classy dresser, and a good sport, but her morals are terrible. Can I hope to change a woman of her age, or should I try to overlook it?

SISTER DEAR SISTER: You are not your sister's keeper although she obviously needs one. By allowing her to make her home with you, you are giving your approval to her conduct. If you can't straighten her out—put her out.

DEAR ABBY: I like dogs but when I hear my neighbor say, "Come to Mamma—Mamma loves you (and then she kisses the dog back) well, I had it! Isn't it true that people can get diseases from kissing dogs?"

WONDERING DEAR WONDERING: Vets tell me that dogs are more apt to catch diseases from people than vice versa, so if your neighbor really loves her dog she had better stay healthy.

DEAR ABBY: A certain member of my family is having a big wedding. Everyone but us got their invitations in the mail two weeks ago. This morning I got a telephone call from this relative telling me she "overlooked" us and wants us to come to the wedding. Do you think we should accept an invitation like this? My husband says over his dead body.

DEAR "OVERLOOKED": It is possible that you WERE overlooked. The telephone call extending you a personal invitation showed that you were wanted. Go, if you like, but stepping over your husband's "dead body" might take the pleasure out of it.

DEAR ABBY: My sister and I were doing the dishes and all of a sudden she hit me over the head with a big soup plate so hard I saw stars. All I did was start humming a different song from the one she was humming. I told my mother and she said, "Oh, don't bother me!" I felt like running away, Abby. Can a girl 11 years old draw her own money out of the bank without her parents' permission?

RUNNING AWAY DEAR RUNNING: Eleven-year-olds must have their parents' consent to draw money out of the bank. Every child has felt like running away at one time or another. Don't irritate your sister, save your money, and stay home like a good girl.

CONFIDENTIAL TO "OLIE": Enough of the "smorgasbord"—take the Svenska slika.

Only 9 Have Voted Against All Taxes

By GARTH JONES
AUSTIN (AP)—Much has been said in the three sessions of the Legislature about a "no-tax bloc" stopping passage of a general tax bill.

Actually, voting records show only nine House members have voted against all tax bills. Other representatives have at one time or another voted for a tax bill.

However, the "no-tax bloc" may be growing. At Saturday's frantic House session 18 members voted against both of the overall tax proposals.

Of the 18 only 11 voted against the first general tax bill approved by the House in the regular session. Only 10 of them voted against the House-approved bill of the first special session.

All 18 voted against acceptance of the compromise offered by a joint committee that tried to iron out differences between House and Senate versions. That vote actually is the only time House members have had a direct vote on what Senators think should be in a tax bill. All tax bills must originate in the House.

Recorded as voting against the regular session's tax bill, the first session tax bill, the joint conference report, and the two compromise proposals last Saturday were Reps. Louis Anderson, Midland; Charles Ballman, Borger; John Blaine, El Paso; John Cox, Temple; Tony Fenoglio, Nocona; Jerry Sadler, Palestine, and Bill Stroman, San Angelo.

Rep. John Crosthwait, Dallas, was absent one time but voted "no" the other four times. Rep. Louis Dugas, Orange, voted present one time but against the tax measure the other four times.

In addition to the nine consistent voters against tax bills

those voting against both bills Saturday included Reps. A. J. Bishop, Winters; Lloyd Guffey, El Campo; J. C. Hooks, Livingston; Edgar Hutchins, Greenville; Grainger McIlhenny, Wheeler; C. W. Pearcy, Temple; W. E. Shaw, Forney; George T. Wilson, Newcastle, and Robert Hughes, Dallas.

Steel Talks To Resume

NEW YORK (AP)—Contract negotiations in the basic steel industry resume Wednesday after a recess since an extraordinary Sunday session.

Four-man bargaining teams representing the 12 largest steel companies and the United Steelworkers of America have agreed to meet on a "stepped-up basis" of morning and afternoon sessions. Contracts expire at midnight tonight but the union postponed a strike deadline until midnight July 14 after intervention Saturday by President Eisenhower.

The union is seeking a substantial wage increase and other benefits. The industry is demanding a wage freeze. Wages now average \$3.10 an hour.

NONE IN HOWARD COUNTY

11 Student Patrol Officers Assigned To Road Field Work

Eleven student highway patrolmen are now in the Midland highway patrol district for two weeks of "on the road" training.

The 11 students reported to Major Wilson E. Spier, commander of the West Texas Region of the Texas Department of Public Safety, in Midland on June 25.

So far none of the patrol students have been assigned to ride in the cars of Howard County Patrol officers. Some may be sent to Howard County before the two weeks period expires.

The group includes John Lee Ballew of Troup, David W. Dansby of Frankston, Thomas K. Henderson of Rusk, Billy D. Howry of Caldwell, Billy G. Miller of Hooks, Linus D. Rhame of Pine-land, Kenneth P. Creech of Beaumont, Cary W. Wofford of Tyler, Dona E. Harris of Franklin, Robert A. Nixon of Orange, and Kenneth A. Turner of Odessa.

Major Spier said the trainees will not carry guns, wear uniforms or make arrests during their two weeks on the road but will spend their time riding with and observing patrolmen actually on the job of law enforcement.

Upon completion of their field work, they will return to the Academy in Austin for three more weeks of specialized work pointed directly to the service for which they have been selected — Highway Patrol, Drivers License, License and Weight or Motor Vehicle Inspection.

Upon graduation from the Academy in an impressive late-July ceremony, the men will report to their assigned headquarters and enter a six-month probationary period.

During this period — a variety of on-the-job training — they will be assigned to work with experienced officers who will "show them the ropes." When the new men have completed this phase, they will be assigned specific jobs as full-fledged Texas Department of Public Safety patrolmen.

Dies Of Injuries

MARLIN (AP)—James Robert Jones, 71, of Clifton died today of injuries suffered in a traffic

accident last night. His pickup truck crashed into a power pole on Highway 6 just north of Bremond.

Rustlers Ridin' Plains Once More?

Shades of the Old West!

Deputy Sheriffs Fern Cox and Jack Hackney rode the trail Monday morning. They were seeking a stolen horse and the rustlers who had taken the animal.

They shaded their hands and peered into the morning sun toward Scenic Mountain.

Just vanishing behind some brush, they saw the missing horse being led by one of the rustlers.

The two deputies closed in on the stolen animal and the fugitives. The rustlers surrendered without a struggle.

One was leading the horse. He was 7 years old. His companion was an older man—he was 9.

The horse was a shetland pony owned by H. F. Schwarzenbach, local veterinarian. He had reported the animal missing from its corral on Monday morning.

The takers of the horse were neighborhood kids. They have made it a habit for sometime to go by the corral and pet the little horse. Monday morning the temptation was too great. They put a rope around the beast's neck and led him away. They had watered him before the officers caught up with them.

A little stern questioning by the deputies brought out the whole story of the crime.

Jet Hits Okinawa School, 9 Killed

NAHA, Okinawa (AP)—A pilotless U.S. Air Force jet fighter hurtled into the corner of an Okinawan schoolhouse today, then sprayed fiery fragments over a residential area.

The Air Force said nine persons were killed and 76 injured in the crash at Ishikawa, a city of 30,000 inhabitants 18 miles north of Naha.

Okinawa police put the toll at 16 dead and 80 hurt.

All of the victims apparently were Okinawans. Police said that 60 of the less seriously injured were schoolchildren playing near the school.

The blazing wreckage set fire to 30 houses.

Thousands rushed hysterically to the scene after a broadcast that 150 had been killed and 300 hurt. The milling crowds hindered the removal of the injured to hospitals by military ambulances.

It was one of the worst military disasters since World War II on Okinawa, biggest U.S. base in the Far East. There were immediate political repercussions in Tokyo. The Japanese Socialist party, long critical of American administration of the former Japanese island, said it would bring the matter up in Parliament.

Lt. Gen. Robert W. Burns, commander of the 5th Air Force, expressed his "deep personal sympathy" for the victims and their families. He planned to fly to Okinawa for a personal investigation.

An explosion occurred aboard the F100 Super Sabre jet soon after it took off from Kadena Air Base, eight miles from Ishikawa. The pilot, Capt. John G. Schmitt Jr. of Chalmers, Ind., parachuted to safety.

Capt. Richard Roussel of Lockport, La., an eyewitness, said the empty plane headed for an uninhabited hill, veered sharply and finally crashed into a corner of the Miamori Elementary School. Shearing off from the school building, it burst into a shower of flaming metal which scattered over the green-tiled roofs of the surrounding residential district.

Shooting Incident Preceding Actor's Suicide Revealed

HOLLYWOOD (AP)—Six weeks before actor George Reeves committed suicide, his fiancée wrestled the death pistol away from him and fired two shots into his bedroom floor, the police have been told.

The police said Monday the report came from a woman friend of Miss Leonore Lemmon, New York cafe society figure who has said she was engaged to marry Reeves, television's Superman. Miss Lemmon is now in New York.

According to the account, Miss Lemmon said she joked about Reeves' trying to commit suicide, they struggled over the gun and she fired twice to show "what it sounds like."

Just before the fatal shot early June 16, Miss Lemmon told others in the actor's house, "He's going to shoot himself."

Old Church Rulings Bring Some Smiles

LAKE JUNALUSKA, N. C. (AP)—Women's clothing was a matter of concern to Methodist church leaders 175 years ago.

Among the rules adopted at the organizational meeting of the Methodist Church in America in 1784 was this one:

"Give no tickets to any till they have left off superfluous ornaments. Allow no exempt case, not even a married woman. Give no tickets to any that wear enormous bonnets, ruffles or rings."

This was mentioned in a report Monday by the Rev. Dr. J. Manning Potts of Nashville, Tenn., at the annual meeting of the Southeastern Jurisdiction Methodist Historical Society.

Another item that brought smiles was one of 12 rules adopted in 1784 for young preachers. "Converse sparingly and cautiously with women, particularly young women," the preachers were told.

4 Girls Listed For Beauty Pageant

Four more entries have been announced for the Jaycee beauty pageant to be staged July 3 and 4 in City Auditorium.

Ike, Kozlov Get Rough Treatment

WASHINGTON (AP)—President Eisenhower appeared to enjoy himself thoroughly. But it's something of a minor miracle if he doesn't have a few bruises today.

one point and assured his Soviet hosts: "I've been pushed around for six years. I'm used to it."

It all happened Monday in the New York City Coliseum, where Eisenhower met Kozlov for an hour-long official tour of the Soviet Union's scientific and cultural exhibit.

They didn't even appear to be aware that some of the top United States officials who accompanied the President to the fair, including Vice President Richard M. Nixon and Maj. John Eisenhower, the President's son, got hopelessly cut off from the touring party after the first few minutes.

That Thunder Is Drumming For Specials

By CYNTHIA LOWRY NEW YORK (AP)—That isn't all summer thunder you're hearing. Some of it is the television drumbeaters pounding up a storm about next season's big gimmick, the "special."

U.S. Plane Dead Return

ST. LOUIS (AP)—Eighteen Americans aboard a military plane that crashed into a cloud-covered mountain in remote New Guinea 14 years ago came home Monday to a common grave.

There are more than 300 in the planning stage. This works out to better than one a night after the season is launched in September. The hooker, however, is that "special" is a word without specific definition in TV's lexicon.

Miss Bailey is a graduate of Lueders High School, and has attended HCC for two years. Her talent performance at the pageant will be pantomime or dramatic reading.

At the graveside were 34 relatives of the dead from 13 states. Tears rolled down some cheeks as the remains of their loved ones were buried in three flag-covered caskets.
