Aluminum Walkout May Follow Steel

NEW YORK (AP)—A major strike in the aluminum industry was threatened today as negotiations in the two-week-old steel strike remained deadlocked. David J. McDonald, president of the United Steelworkers of America, said he expected no agreement in the aluminum industry before contracts with major firms expire at midnight Friday.

The situation "doesn't look good," Finnegan said. The strike threat in the aluminum industry is against the Big Three — the Aluminum Co. of America, the Reynolds Metals Co. and the Kaiser Aluminum & Chemical Corp.

Contract negotiations in the aluminum industry are continuing here with the help of federal mediators, but no progress has been reported. The Big Three aluminum producers — like the major steel companies — have rejected a United Steelworkers' demand for a wage increase of 15 cents an hour in each year of the new contract. The aluminum companies, like the steel companies, have proposed a one-year wage freeze.

What Chance Lay Citizens?

The city officials have mosquito problems too. The employee who drives the mosquito fogging machine has entered a complaint. He wants the city to furnish him with something for protection against mosquitoes while driving the fogging machine.

T&P Disdains Fare Increase Offered Lines

While interstate passenger coach fares on three railroads serving Dallas moved up 5 per cent this week, the T&P saw fit not to accept the increase authorized by the Interstate Commerce Commission. The increase was oked by the commission Saturday, and the Santa Fe, the Missouri-Kansas-Texas, and the Texas and New Orleans made the fare hike.

Senate Leaders Lean To Gas Tax

Chihuahuas By The Cupful. These seven tiny Chihuahua puppies, all of the same litter, rest comfortably in the home of their owner, Mrs. F. E. Averitt of Little Rock, Ark. A litter of this size is most unusual and is thought to have tied the world record.

Bill's Passage May Come Today

AUSTIN (AP)—Senate leaders apparently will go along with the House to include natural gas tax on pipeline companies. Sen. Wardlaw Lane, Center, laid out a Senate substitute for the House omnibus tax bill which included a 1 1/2 per cent tax on the first taker of gas, called a severance beneficiary tax.

It is loaded with selective sales tax but also has a tax on the first taker of gas, called a severance beneficiary tax or a tax aimed at natural gas pipeline companies. Others call it a sales tax on gas. Members of the State Affairs Committee, reflecting earlier votes on the Senate floor, may knock out a House-approved reduction of the sulphur tax from \$1.40 to \$1.03 and the three-fourths refund on the gasoline tax paid by buses operating within city limits.

EQUALIZATION BOARDS Tax Adjustments Moving Steadily

More than 130 persons had signed the register to confer with the boards of tax equalization at the court house this morning, and about two-thirds of these had been before one or both of the groups in the two days the boards have been in session.

Both the county board, which is the county commissioners court, and the three-man board representing the city and school, were making some adjustments. The county was not making too many changes in tax assessments however, Commissioner Hudson Landers said.

C. E. Johnson, city tax assessor, estimated that the city-school equalization board was making adjustments in one out of five cases. This is about normal, he said.

CITY COMMISSIONERS

Group To Protest Annexation Plan

A group protesting the annexation of the area between Fourth St. and the T&P tracks on the east side of the city is expected at the regular meeting of the Big Spring City Commission today at 5:15 p.m. in the municipal building.

The second reading of the ordinance bringing this area into the city is on the agenda as well as an ordinance annexing an area along FM 700 in the south part of the city.

An ordinance regarding regulation of vacant lots in the city will be considered for the first time today. Another ordinance regarding cutting curbs and sidewalks for personal convenience will also get a hearing and discussion.

Allied Berlin Stand Same

GENEVA (AP)—The Western Allies today were reported determined to remain in West Berlin as long as Germany remains divided. Diplomatic informants said a revised Western proposal being drawn up for the Big Four foreign ministers' conference would demand once again that the Soviets pledge not to take unilateral action against West Berlin at any time in the future.

Eisenhart Is New Webb Commander

Col. Donald W. Eisenhart, now deputy commander of the Amarillo Technical Training Center, Amarillo AFB, Texas, has been named commander of Webb Air Force Base, to succeed Col. Kyle L. Riddle, according to word received here today. He will report for duty not later than August 25, 1959.

University of Nebraska and has been in the Air Force since 1933. He graduated from flying training in 1934 and served as flying instructor and staff officer at Randolph AFB, San Antonio, Tex., from 1937 until 1943.

Friendly Siberians Cheer Nixon As His Tour Continues

NOVOSIBIRSK, Soviet Union (AP)—About 20,000 friendly, applauding Russians gave Vice President Richard M. Nixon the warmest welcome of his Soviet tour when he arrived in this Siberian city today for a goodwill visit.

Nixon arrived amid solid signs he was considering more and more favorably a recommendation that President Eisenhower invite Premier Nikita Khrushchev to the United States for a visit.

Thousands of men and women lined the streets here, in some places four and five deep, to wave greetings to Nixon and his wife. Communist leaders of this developing Siberian industrial area rode through town with the Nixon.

Country Home. Soviet Premier Nikita Khrushchev gestures as he shows Vice President Richard Nixon around the grounds of his country home 20 miles outside of Moscow. At left is Russia's First Deputy Premier Prof Kozlov. Others are unidentified. This picture was made by AP Staff Photographer Henry Griffin who covered the event on a pool basis.

Midland Voting On Bond Issue

MIDLAND—Voters of this city are balloting today on a \$5,255,000 bond program designed to cover needs for the next three years. Nearly half of the amount would be in general tax obligation bonds and the remainder in revenue bonds.

United Fund Sets Budget Of \$96,800

CITIZENS of Big Spring and Howard County will be asked to contribute approximately \$3 apiece to finance a dozen welfare and youth development organizations for another year. Citizens of Big Spring and Howard County will be asked to contribute approximately \$3 apiece to finance a dozen welfare and youth development organizations for another year.

Trustees said the 1959-60 quota is not out of line with Big Spring's growth and economic well-being, and voiced confidence that—as in every year past—the UF appeal will be fulfilled.

City Water Demand Growing Once More

FOR the first time since the heavy rains early this month, Big Spring water consumption has exceeded the 1958 figure for a 24-hour period.

Lipan Flat Water District Vote Set

SAN ANGELO—Date for a referendum on repayment contracts with the federal government have been set for Aug. 29 by the Lipan Flat water district. Under proposals tied in with the Three Rivers dam project, which San Angelo is seeking, Tom Green County Water Control District No. 1 (Lipan Flat) would contract for a \$4,000,000 share of the cost.

Other agencies in the United Fund appeal are the Red Cross, Salvation Army, Boy Scouts, Girl Scouts, YMCA, Heart Assn., Milk & Ice Fund, Summer Recreation Program, West Side Youth Center, and Air Force Aid. The Cancer Society is not on the list because of a national policy against participation in federated fund-raising campaigns.

'Not Snobbery'

MALVERN, England (AP)—Boys at one of England's swankier schools have been advised discreetly: "Dating town girls just isn't done."

Local Heart Assn. Stays With UF, Despite National Dissent

Determination to remain an affiliated agency with the United Fund was voted by directors of the Howard County Heart Assn. Monday night—in the face of national policy opposing federated money raising campaigns.

The chapter, in a letter from Dr. Robert E. Leslie, president of the state association, recently was advised that this affiliation is contrary to national policy. He pointed out that public interest is more active when the association maintains its separate identity and appeal, and that participation in United Funds has resulted in a loss of funds to the association.

Fire Kills 4

NEW YORK (AP)—Four members of one family, ranging from 7 to 24 years old, died today in a fire that swept through two Brooklyn tenements. Reports that a baby girl also perished later proved erroneous.

Trustees said the 1959-60 quota is not out of line with Big Spring's growth and economic well-being, and voiced confidence that—as in every year past—the UF appeal will be fulfilled. Horace Garrett will be chairman of this fall's campaign, and is setting up an organization of volunteers.

On the other side of the argument, Rep. Silvio Conte (R-Mass.), a member of Passman's committee, protested a cut of \$300,000,000 from the \$1,500,000,000 the President asked for direct military assistance to Allies. The military aid program, Conte said, has made available to the United States abroad some 250 operating bases, supports ground forces of more than 5,000,000 men and maintains 30,000 aircraft and 2,500 naval vessels.

Choose Your Blend

Hollywood starlet Angela Austin demonstrates El Paso Natural Gas Products Company's newly developed Precision-Blending pump which will deliver any of six desired octane blends ranging up to super-premium, each at a correspondingly different price. A seventh grade of gasoline will be delivered at El Paso-Dixie stations from a separate pump.

Selective-Blended Gas To Be Offered At Dixie Pumps

Big Spring motorists will be among the first in the Southwest to be offered a revolutionary new technique in gasoline marketing as the city's El Paso-Dixie service stations introduce "Precision-Blending" on July 31.

The new Precision-Blending system will allow the driving public to select any of seven different octane-rated fuels ranging from Dixie regular to El Paso Natural Gas Products Company's new super premium product.

"Our new Precision-Blending technique will allow all car owners, from old models to the newest high compression type, to select exactly the gasoline they need for peak performance, and at the same time they will have to pay only for the octane they select," said C. Blaine McNutt, the company's marketing manager.

The new selective octane technique has been made possible through development of a completely accurate blending pump which delivers gasoline from two different storage tanks simultaneously. One of the tanks will contain premium gasoline and the other the new super premium. A selector switch will be set to pro-

duce the desired octane mixture of the two.

The seventh blend, the regular, will be delivered from a separate pump.

The Precision-Blending system, while completely new to this part of the country, has already been proven.

In order to facilitate marketing the seven grades of gasoline, each one has been assigned a number ranging from 300 (regular) to 400. El Paso Natural Gas Products Company engineers have conducted exhaustive tests on all current makes and models of cars to determine at which of the grades each one most efficiently and smoothly operates.

"Our El Paso-Dixie attendants have been instructed to recommend a grade of gasoline direct from the chart to each motorist, depending, of course, on the make and model of car he is driving," McNutt said.

"And further," he added, "Motorists will be invited subsequently to try other grades until they discover the lowest octane at which their particular car will operate the best. And, of course, they will be paying only for the octane they require."

Hawaiians Ballot In First Election

HONOLULU (AP)—The nation's newest state votes today in its first election.

From Hilo to Honolulu, the melting pot of people who live on this 300-mile island chain, cast ballots for two U.S. senators, one representative, a governor and a 76-member state Legislature. The polls close at 10:30 p.m. EST.

It appeared certain — for the first time in U.S. history—that a person of Japanese or Chinese ancestry would be sent to Congress. Republicans conceded their underdog role but hoped to upset predictions of a Democratic sweep by grabbing several major offices.

Democrats made a strong showing in the June primary and have won Hawaii elections since 1954. Election officials predicted a record vote, perhaps 90 per cent of the 183,099 registrants.

Most Hawaii attention was focused on the race for governor, pitting Democrat John A. Burns against Eisenhower-appointed Gov. William F. Quinn. Burns, 50, serving a second term as elected delegate to Congress, piled up 69,152 votes in winning

the Democratic nomination June 27 from a comparatively unknown opponent.

Quinn, 40, got 49,531 votes in running unopposed for the Republican candidacy.

Burns is backed by Harry Bridges' Longshoremen's Union which claims 24,000 sugar, pineapple and dock workers here.

Quinn has endorsement of AFL-CIO unions, with a claimed membership of 15,000.

Democrats believe they have a sure winner in Japanese-American Daniel K. Inouye, 34, running for Hawaii's lone House seat.

Opposing him is Dr. Charles K. Silva, 55, a dentist who is director of public institutions.

Two oldtimers in island politics are contesting for one of the Senate seats.

They are Oren E. Long, 70, former appointed governor and longtime territorial legislator, and Wilfred C. Tsukiyama, 62, territorial senator and elder statesman of island politicians of Japanese ancestry.

Long is a Democrat, Tsukiyama a Republican.

Runaway Socialite Postpones Wedding

SHORT HILLS, N.J. (AP)—Socialite Jacqueline Gay Hart, 21, who says she fled to Chicago to escape the strain of elaborate wedding plans, has decided to postpone her marriage.

Publicity over her case caused the postponement, says Gay's father, Ralph A. Hart.

Hart, executive vice president of the Colgate Palmolive Co., told of his daughter's decision Monday. He said she eventually would marry Stanley Gaines, 25, of Fayetteville, W.Va., as planned, but gave no date. They were to be wed Aug. 29.

Newsmen sought Gaines' reaction. He said he and Gay would have a "quiet wedding with as little publicity as we could possibly hope for."

Gaines plans to get away for a vacation with Gay and her mother "as soon as we possibly can."

A nationwide alarm went out for Gay last week. The honey-blond vanished without a trace from Newark Airport after seeing Gaines off to Pittsburgh. She turned up Friday in Chi-

cago, 50 hours after her disappearance, and told police that she had been kidnaped. She admitted later the story was false.

Gay told authorities that she was unable to stand the pressure of wedding preparations and decided to leave New Jersey to get away from her responsibilities.

Police in both Chicago and New Jersey questioned Gay closely about her flight. The most recent investigation was conducted Monday in Hart's big, ranch-style home here.

After the session, Essex County Prosecutor Brendan Byrne announced no charges would be filed against Gay.

When Gay was found police noted she had what appeared to be arm bruises and a discolored lip.

The "bruises" were actually skin discolorations she has had since birth and the discolored lips resulted from nervously biting them during police questioning, Byrne said.

Hart said his daughter was feeling much better but declined to let her speak to newsmen.

DEAR ABBY

STAY AWAY

By ABIGAIL VAN BUREN

DEAR ABBY: My parents have been married for 44 years and they are still fighting. Every Sunday I take my children (age 11 and 13) to visit them because I feel it is my duty. It's a 22-mile drive.

From the minute we walk into the house, I have to be the referee. If my mother says it's a nice day, my father says it's too windy. If my mother says his feet hurt, my father says if he didn't walk all over town his feet wouldn't hurt. All they do is argue and contradict each other.

My children are beginning to resent spending every Sunday there. I can't change my parents at this stage. Is there any solution? My nerves are about shot.

DAUGHTER

DEAR DAUGHTER: Try cutting your visits down to every other Sunday. Your company would be more appreciated and your children would be less resentful. Your

duty as a "good daughter" is important — but don't neglect your role as a good mother.

DEAR ABBY: My husband is a grand gentleman who stands up when a lady enters the room, pulls out their chairs and helps them on with their coats. But when he's home with his family he is a big slob. His clothes are thrown all over the house. He leaves his razor, soap and whiskers in the sink and damp towels on the bathroom floor. If I complain he says cleaning up the place is MY job.

He's a good husband, a wonderful father, brings me his paycheck and I know he loves me, but his sloppy habits get me down. Are there other men like mine or am I all alone in my misery?

MISERABLE

DEAR MISERABLE: Boy, do you have company! Every week I hear from hundreds of women who are wed to "gentlemen-slobs." If he's too big to punish and too old to train, you can't win. Accept him as he is and whistle while you work.

DEAR ABBY: I have a neighbor who has to watch her pennies. She is a lovely little woman but she is always running short of coffee—so she's at my door to borrow every few days. When I give her coffee I give her the kind we use, which is the finest coffee you can purchase. When she pays back the coffee she brings me some very inferior brand. I do not like to tell her that she should pay back the kind of coffee she borrows, but I don't know how to get around it.

COFFEE USERS
DEAR USERS: Keep the returned coffee on your cupboard shelf and when your little neighbor comes to borrow coffee—lend her her own coffee.

DEAR ABBY: I was recently divorced. I have two children. My husband gives me only \$70 a month and I can't get along on that. I don't want to work out because I want to be home when my children come from school. I have an extra bedroom. I know a nice man about my age who is separated from his wife. He asked if he could rent the room. Do you think it would look bad if I rented the room to him?

RESPECTABLE
DEAR RESPECTABLE: Yes, it would "look" bad. You'd be better off renting the room to a female. A respectable woman must consider "runners" when considering roomers.

What's your problem? For a personal reply, write to ABBY in care of The Big Spring Herald. Enclose a self-addressed, stamped envelope.

Hospital Faces Shutdown If Medic Leaves

TYLER, Tex. (AP)—The East Texas Tuberculosis Hospital is threatened with loss of its only anaesthesiologist and the end of its entire surgical program unless special action is taken to keep Dr. Wen Jung Chiu, a native of Formosa, in this country. Dr. Samuel Toppman, hospital superintendent, has reported.

"If we lose Dr. Chiu, our whole thoracic (chest) surgery program will collapse," stated the superintendent of the hospital seven miles from here.

Dr. Chiu, his wife, also a doctor, and two United States born children, have been asked to leave the country three times because of a requirement of the Exchange Student Program. Regulations state that anyone who enters the United States under that program must leave the country for two years before returning for permanent residence.

Dr. Chiu is now in the country on borrowed time—an extension of his visa until some decision is reached on his situation.

Surgery is important in the future of tuberculosis, according to B. L. McGee, personnel officer with the hospital.

In the fiscal year 1955-56 before Dr. Chiu's arrival, there were only 157 surgical cases at the hospital. After his arrival, figures show that 259 operations were performed in 1957-58.

Prior to Dr. Chiu's arrival at the hospital, the services of Tyler anaesthesiologists were depended upon in operations. Since there are only three such specialists in Tyler and they have demanding practices, the operating schedule was undependable.

Since his arrival, operations are performed at the state hospital each morning, Monday through Friday; various chest examinations requiring his services take place in the afternoons and since Dr. Chiu and his family live on the grounds, he is always available for emergencies.

Letters were written to Washington officials by the Chamber of Commerce public health committee, the Ministerial Alliance, the Smith County Medical Society, Dr. Chiu's Sunday school class, and Dr. Jesse Goldfeder, Tyler-Smith County health officer.

Texas Juvenile Homes Get Increase In Legislature Bill

AUSTIN (AP)—Texas schools for juvenile delinquents and orphanages would receive a 30 per cent increase over present spending joint conference committee report shows.

The \$2,415,000,000 report is not final, but agreements by the 10-member House-Senate committee at their final meeting were:

\$10,112,450 to the Texas Youth Council for the Gatesville, Gainesville and Crockett correctional schools and orphanages at Waco, Corsicana, and Austin. It requested \$14,027,720. Spending now totals \$7,757,740.

The psychiatric institute for research and training at Houston requested a million dollars and the report authorizes \$841,742 for the two-year period beginning Sept. 1. There was \$375,000 spent this year.

New construction totaling \$2,216,000 for a senile patients home to replace the Austin Confederate Home. The hospitals board requested \$6,750,000 in new construction.

State hospitals and special schools would receive \$90,590,554 from the general revenue fund. That's the state's big spending pot controlled by the Legislature. It's now in the red.

The report asks \$6,482,254 more than present spending for hospitals and special schools.

Some money would be spent: Out-patient mental health clinics at San Antonio and Dallas, cut from \$120,679 now being spent to \$115,240 annually in 1960-61. The hospital board may set up out-patient clinics at any hospital, the report says, but no appropriation is made.

Reserve appropriation—the hospital board's request for a two million dollar fund to take care of emergencies is cut to \$700,000, compared to \$1,177,266 now authorized.

Major repairs and replacements—\$6,662,500 authorized from the requested \$6,787,000. This includes \$225,000 for a recreation building and \$180,000 for air conditioning the intensive treatment building at the Austin State Hospital \$1,300,000 for a new 350-bed ward building at Terrell, \$250,000 for a female ward addition and \$140,000 for air conditioning at Rusk.

The Youth Council's Gatesville home can add new dormitories when it certifies a population of 1,420. It now has 1,133 and is expected to hit the larger figure in 1961.

A \$1,998,000 boys correctional school is authorized at Gatesville. The administration's \$380,000 juvenile parole system was left out.

Houston Paper Criticizes Weather Man After Storm

HOUSTON (AP)—The Houston Chronicle criticized the U. S. Weather Bureau Monday, saying the agency's hurricane warning system "apparently... is designed for Florida and the rest of the Gulf Coast is neglected."

The criticism came in a front-page editorial which discussed last week's Hurricane Debra. The storm caused damage estimated at several million dollars.

Forecaster E. A. Farrell of the Houston Weather Bureau said earlier Debra did not develop until early Friday when circular wind movements became evident.

The Chronicle said: "It is unfortunate the Weather Bureau does not have as efficient prognosticators as it does press agents."

"Early in the hurricane season papers were furnished elaborate stories about the preparations for forecasting hurricanes. According to these stories there was an area communications system set up to connect all parts of the Gulf Coast."

"In addition, there was new and expensive radar equipment. With it, according to the press agents, the center of the storm could be located and followed, so the Weather Bureau could inform the public where the storm was and where it was going."

"So a hurricane hit the Texas Gulf Coast. The Weather Bureau seemed almost as uninformed as the ordinary citizen."

The Chronicle said the Houston bureau "was not involved in the fiasco last week. Hurricane warnings are issued by the New Orleans office."

Explorers Find A Sunken Cross

MEXICO CITY (AP)—Explorers seeking ruins of ancient sunken ships off Yucatan said Monday they had recovered a historically valuable gold cross of Lorraine believed to have belonged to Pope Benedict.

The cross is said to have been found in the ruins of a Spanish galleon believed to have been lost in the 18th Century.

Scouter Arrives

Landslide Blocks 'Hannibal' Journey

LE PLANEY, France (AP)—Jumbo the traveling elephant headed slowly back home today, her handlers' attempts to re-entice Hannibal's historic crossing of the Alps foiled by a landslide everybody overlooked.

British historian John Hoyte started climbing with Jumbo a week ago to prove that Hannibal could have taken the 7,300-foot high Clapier Pass in his elephant-assisted invasion of Italy in 219 B.C. Other historians believe the Carthaginian used lower passes near the Mediterranean.

After covering 72 miles and climbing from 726 feet to 7,150, Hoyte discovered on arrival here Monday that the pass had been blocked for some time by a slide.

The historian said he hoped to find another route through which to maneuver Jumbo back to her home in the Turin, Italy, zoo.

Satellite Sundae Wins Fountain Prize

FORT WORTH, Tex. (AP)—Lucille Bridges of Brenham, Tex., whipped cream, cherries and pretzels and set the concoction afire. Sound terrible?

It must have tasted good, because judges gave the 16-year-old Brenham, Tex., girl the title of "Fountain of '59" at the Texas Pharmaceutical Assn. convention Monday.

Her winning entry was called a "Satellite Sundae."

MRS. INEZ KNIGHT ... birthday honoree

EARLY DAYS

Mrs. Knight Recalls Big Spring When ...

By KAY LOVELAND "There weren't 20 feet of concrete sidewalk in Big Spring when I arrived on April 8, 1906," recalled Mrs. Inez Knight, who is celebrating her 86th birthday today.

Mrs. Knight came to Texas with her husband during the early part of the twentieth century and lived at Vernon for a time while her husband worked on a farm. When he became a fireman on the T&P railroad, she followed him to Big Spring.

She can remember when the only paper in town was a weekly put out on Fridays, the Weekly Herald, and Big Spring was just a hamlet of a few hundred people with dirt streets and wooden buildings. "We had to walk from the train depot to the hotel. There were no cars," she stated.

Clawsons, Taylors Entertain Guests

WESTBROOK — Weekend guests of the E. D. Taylors were Glenda Taylor, Mr. and Mrs. Dean Taylor and baby of Ahlene, the Earl D. Taylors of Colorado City, and a grandson, David Taylor.

Mrs. Leola Blair of Midland is a guest of her sisters, Mrs. Annie Bell, Mrs. Clifford Hart and Mr. Hart.

Roy Buchanan is a patient in Baylor Hospital. His parents visited him over the weekend.

Mr. and Mrs. P. E. Clawson have as guests the Era Clawsons of Corpus Christi, Mr. and Mrs. Clyde Harris of Terrell, and Mrs. Clawson's nephew, J. L. Thompson and family of California. The Thompsons also visited the G. T. Boards in Ira. The Era Clawsons and Mrs. H. E. Sullivan and children made a trip to Carlsbad Caverns last week.

Host Dinner

In the story of the birthday party given Sunday for Mrs. Annie Polack, the names of Mr. and Mrs. Albert Polack of Jal. N. M., were omitted. The couple served as hosts for the dinner, given in the home of Mrs. Lucy Bauer.

To Wed In August

Mr. and Mrs. L. V. Braden of Midland are announcing the engagement and approaching marriage of their daughter, Glenda, to Lloyd Van Jones, son of Mr. and Mrs. Lloyd Jones, Route B, Big Spring. The couple will be married in St. Ann's Catholic Church, Midland, on Aug. 17.

'ROUND TOWN

With Lucille Pickle

Welcome back cloudy skies! It doesn't take long to get accustomed to rainy, cloudy weather which brings on the delightfully cool nights Big Spring has been enjoying this month. When the temperature rises to a normal July reading, it gets hard to take. The abundance of moisture this area has had this summer has brought about the most beautiful fields of cotton and feed, particularly north of here. It's so heartening to see the various shades of green in place of the desolate fields and barrow pits of the drought years. Even if the weeds are high and the mosquitoes thick, we'll take it this way.

MR. AND MRS. DON WILLIAMS and their daughters, Cindy and Kay, returned Sunday night from a vacation trip to Colorado and Wyoming. They pulled a trailer and set up housekeeping where it was most convenient, which was in Rocky Mountain National Park. This they used as their base when they drove up to Cheyenne where they saw the big Cheyenne rodeo parade for Frontier Days, which was a big success as far as the girls were concerned. The family was away 10 days.

MR. AND MRS. ALAN KERNODLE, Katie Jo and Alana Dee, will leave Thursday for a three weeks vacation trip to Greenville, Pa., where they will visit her sister and her family, Mr. and Mrs. H. W. Stuyvesant. While they are there, Katie Jo will celebrate her sixth birthday anniversary. After their Pennsylvania stay, the family will go to Burlington, N. C., where they will visit their parents.

MR. AND MRS. J. H. LEMONS plan to go to Odessa Sunday to bring back their little grandchildren, Xan and Lisa Lemons, children of Mr. and Mrs. James Lemons, who will be here with them for a week. They will also visit their great-grandmother, Mrs. J. F. Carson of Shreveport, La., who has been here in the home of her daughter since June and plans to remain until September.

Here for a visit with her mother, Mrs. INEZ LEWIS, and other members of the family, are Mr. and Mrs. Joe Tooley and their children, Michele, Joe Jr. and Michael Kevin. Their home is in Cleveland and they will be here until Saturday.

According to MR. AND MRS. W. M. LANKFORD, Lake City, Colo., is the most beautiful vacation spot they have ever visited. The couple has recently returned from there and Red River.

Her parents, Mr. and Mrs. J. B. Mackey of Brownfield, have returned to their home in Brownfield after spending several days here with the Lankfords. With them were their grandchildren, Linda, Charlotte, Caroline and Rita who are the children of Mr. and Mrs. Jimmy Mackey of Brownfield.

DR. AND MRS. H. M. JARRATT have had as guests her brother and family, Dr. and Mrs.

Pre-Nuptial Courtesy Given For Miss Boyd

Another in the pre-nuptial courtesies for Helen (Punky) Boyd was hosted by several friends Monday evening in the home of Mrs. Jerry Barron.

Miss Boyd, daughter of Mr. and Mrs. Douglas Boyd, 1303 Runnels, is to be married to Gary Tidwell in the Wesley Methodist Church on Aug. 7. He is the son of Mr. and Mrs. Roy Tidwell, 1510 Main.

Guests were greeted by Mrs. Barron; they registered in the bridal book, presided over by another hostess, Nita Beth Farquhar, also a bride-elect. A pink and white color scheme was emphasized in the arrangement of pink roses which were

placed in a swan container on a white cloth. Pink carnations in corsage were presented to the honoree by the hostess group.

Serving was done by two hostesses, Tommie Sue Lovelace and Mrs. Whitney Reynolds. Included as hostesses were Judy Shields, Darlene Williams, Catherine Greenlees, Charlene Campbell, Laverne Carter, Sherry Coats and Mrs. Billy Johnson.

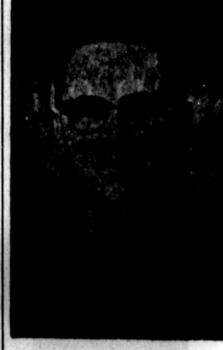

Local Folks Return From New York Visit

Back at home after a vacation trip to New York are Sgt. and Mrs. Albert Negro, who were accompanied by her mother, Mrs. John Nutt. They were guests of Mr. and Mrs. Sam Negro, who were given their first visit with their granddaughter, 13-month-old Nancy.

The visitors saw various spots of interest in New York City and covered 22 states in their five weeks of travel.

Gospel Meeting

"The gospel is the power of God unto salvation." — Romans 1:16

You are invited to hear the gospel of Christ. The speaker will be John H. McCoy, of Brownfield.

Through Sunday, Aug. 2 Each Evening At 7:30 Sunday Morning At 10:30 11th & BIRDWELL Church Of Christ

Women Of Moose Have Initiation

Two new members were initiated Monday evening when the Women of the Moose Lodge met in the lodge hall. Mrs. Howard Voss and Mrs. Stan Knutelski were admitted into the organization.

The service was followed by a watermelon feast for which the officers of the group were hostesses. Plans are in the making now for an ice cream social to be given on Aug. 10 for members and their families.

The next regular session will be held on Aug. 17.

Maryland Visitors

Mr. and Mrs. Owen Scott, J. O. and Marcia of Silver Springs, Md., have been guests in the home of her parents, the R. D. Ureys. Here for the weekend were Mr. and Mrs. A. W. Dekker of Albuquerque, N. M. The Scotts left this morning for Pasadena, where they will visit her brother, Mr. and Mrs. John Urey, before leaving for their home.

Back From California

Mrs. G. C. Graves has returned from Rialto, Calif., where she has been visiting her nephew, Mr. and Mrs. Bob Coffee.

Party Series Begins For Janet Carpenter

The first in a series of pre-nuptial compliments for Janet Carpenter, bride-elect of Dennis Jones, took place Monday evening at the home of Mrs. J. W. Arnett.

September 3 is the wedding date for the couple, whose parents are Mr. and Mrs. Henry Carpenter, 603 Washington Blvd., and Mr. and Mrs. Lucian Jones, 434 Westover. First Presbyterian Church will be the setting.

Several women shared hostess duties at the bridal shower, which featured Miss Carpenter's chosen colors, blue and white. Mrs. Arnett greeted the guests and presented them to the honoree, her mother and Mrs. Jones. Each of the three had a corsage of white carnations.

Mrs. Monroe Gafford, Mrs. A. C. Kivon, Mrs. Brandon Curry and Mrs. T. B. Atkins assisted in serving from a table done in white

net over white taffeta and appointed in crystal and silver. A silver-based epergne combined tapers with white carnations and blue mums, which were topped with a pair of silver wedding bells. Blue napkins bore the names of the betrothed couple in white inscription.

Gifts were shown by two other hostesses, Mrs. Tom Cantrell and Mrs. E. T. White, while others, Mrs. C. L. Lumpkins, Mrs. O. D. Young, Mrs. S. M. Sain, Mrs. Jay Johnson and Mrs. Boone Horne, joined in the hospitality. Pastel hues were emphasized in the arrangements of dahlias, gladioli and roses which decorated the entertaining suite.

For the party, the honoree wore a powder blue sheath in brocaded silk. About 75 called, and were registered by Pat Rogers and Carolyn Duckett.

Sansevieria At Eitzens' Surprises With Blooms

There's a blooming sansevieria plant at the home of Mr. and Mrs. A. G. Eitzen, 1410 Tucson. And that's not a derogatory description.

The plant, more commonly called snake plant or mother-in-law's tongue, has suddenly graced itself with a slender light green spike, bearing clusters of blossoms.

Before the flowers open, they are much like the buds of the honeysuckle and resemble those blooms, on a smaller scale, when in full blossom.

Mrs. Eitzen doesn't remember where they bought the plant about four years ago—but it was a dime store—and they have given it no special care, moving it into the house for winter and to a south porch in the summer.

The Eitzens have never seen it bloom before, and they, like many others, didn't know the plant was inclined to bear blossoms.

About two weeks ago, the tall thin spike came to their attention, and it was not very long before the greenish white clusters of flowers appeared.

Mrs. Eitzen disclaims any vestige of a green thumb, saying that her husband is responsible for the wealth of beauty in the garden. Besides the old faithful standbys, roses, zinnias, gaillardia and other summer flowers, the couple has grown azaleas, oleanders, tuberoses and hardy amaryllis, along with carnations, columbines and iris in great variety.

An agapanthus plant stands tall in the beds, bearing a crown of blossoms in a rich purple shade.

Adding a touch of background are peach trees, one heavy with fruit, a fig bush, almost as tall as a tree and a mock orange tree.

Attention, Artists!

All artists in the Big Spring area are invited to attend drawing and painting classes at the Midland Air-Park Art Center every Tuesday from 7 to 9 p.m., reports Mrs. Bismarck Schaefer. The unstructured classes have the services of a live model each week; the sole charge is for the model, and this is shared by the class. A baby sitter in the building renders the service gratis to the class.

Unusual Sight

It's not every day that you might find a bloom on your sansevieria, as Mrs. A.G. Eitzen, 1410 Tucson, has done. The slender spike, growing from one of the green and white spears, is topped with clusters of greenish-white blossoms, very much like tiny blooms of honeysuckle. Kerry, the couple's Collie, is not one bit interested.

OWC Bridge Play

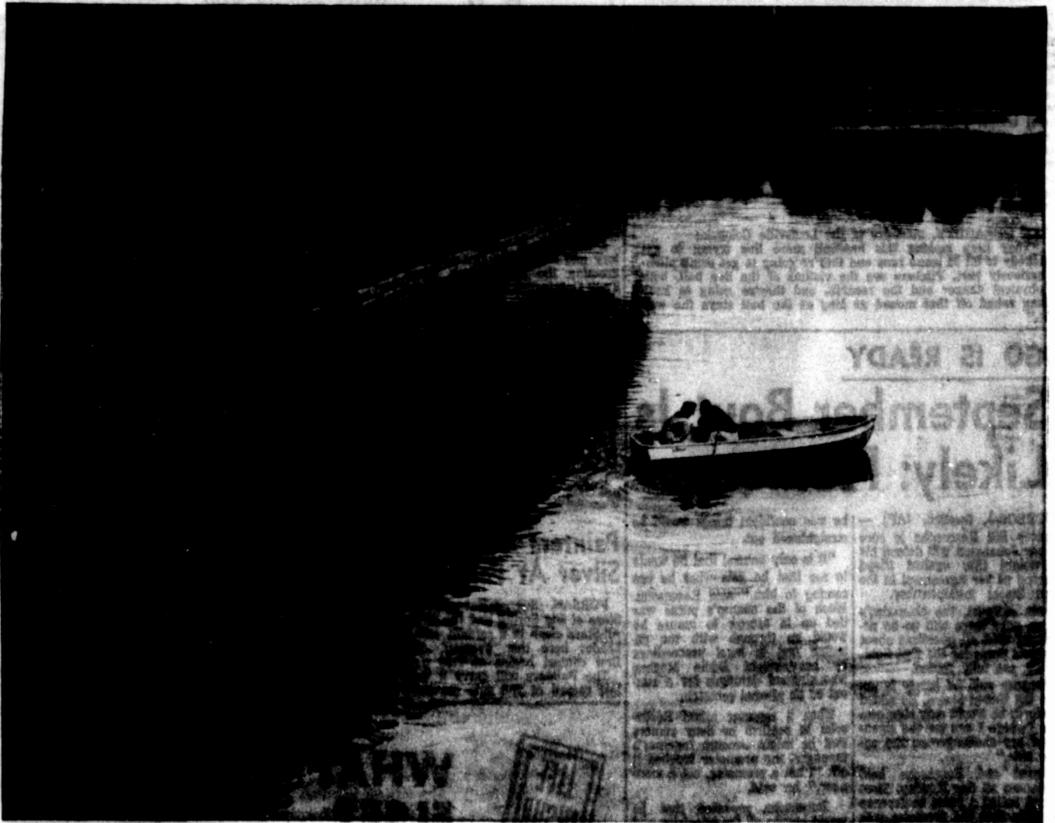

Members of the Officers Wives Club who plan to take part Thursday in the all-day bridge play should be rounding up their partners. Play will begin at 10 a.m. at the Officers Club. The fee will be 50 cents per person.

Peace costs money

If you think about it, almost everything you treasure in this world depends on peace.

The safety of your loved ones . . . your freedom as an American . . . your own hopes for the future. Peace is important to all of them. Peace is your personal concern.

But, you might ask, what can you actually do about peace?

First, remember that peace costs money. Money for military strength and for education.

And money saved by individuals—by people like you—to keep our economy sound.

U. S. Savings Bonds help provide this money. So, with every Bond you buy, you're actually working for peace by helping to strengthen America's Peace Power. And you're building up security for your own future as well.

Today Americans own almost 43 billion dollars in U. S. Savings Bonds. They know a good thing when they see it. How about you? Are you buying as many Bonds as you might?

SUNNY EDWARDS
On Cree Meadows Green

ENTRY FEE IS \$15

Ruidoso Tourney
Starts Aug. 10

Sunny Edwards, one-time Big Spring resident and now operator of the Cree Meadows Golf course in Ruidoso, N. M., is inviting all area linksters to compete in the Cree Meadows Invitational tournament Aug. 10-11-12-13.

Winners will be determined by match play in all flights. All flights below the fifth flight will be nine-hole matches except the finals, which will extend over 18 holes. Entry fee will be \$15. Golf clubs and merchandise will be offered as prizes.

A dance and a barbecue will be held in connection with the tournament.

Those interested can call or write to Sunny Edwards, care of the Cree Meadows Golf course. His telephone number is CL 7-4885 and his mailing address Post Office Box 1256, Ruidoso, N. M. Edwards is planning the biggest

tournament ever to be held in the mountain resort and is especially hopeful the tournament has a distinctly Texas flavor.

Those planning to compete can combine a golfing weekend with three days at Ruidoso Downs, which is located not far from the Cree Meadows course.

Racing starts on Friday at Ruidoso Downs and extends through Sunday.

Those planning to take part in the tournament should make their reservations for quarters early, since Ruidoso is invariably jammed on weekends.

Yawkey Shakes Up
Boston Red Sox

BOSTON (AP) — Boston Red Sox owner Tom Yawkey, challenging his players to get going or get out, has ordered the cellar club's infield shaken up.

Yawkey and General Manager Bucky Harris Monday called the shots as shortstop Jim Mahoney and Negro pitcher Earl Wilson were summoned from the Minneapolis farm.

After a phone conversation with field boss Billy Jurges in Cleveland, it was announced that Mahoney, batting .211 in the American Assn., would start for the Sox at short in tonight's doubleheader with the Indians. Pumpsie Green, recently called up as the first Negro to play for the parent club, takes over second base while Pete Runnels moves to first.

Benched until further notice are shortstop Don Buddin and previously platooned first basemen Dick Gernert and Vic Wertz. Jurges said in Cleveland he would work Wilson (10-2) in relief at first, then perhaps move him to a starting job later.

Jim Hickey Takes
Tarheel Grid Job

CHAPEL HILL, N. C. (AP)—Jim Hickey, an assistant of North Carolina's football staff for three years and a successful small college coach before that, is the new head coach of the Tar Heels.

The 38-year-old Hickey was appointed Monday to succeed Jim Tatum, who died last Thursday of a virus infection.

Hickey, head coach at Hampden-Sydney College in Virginia for five years before coming here in 1956, was given a three-year contract. It calls for an annual salary of \$12,000.

Monterrey Wins
Pony Tourney

BROWNSVILLE (AP)—Monterrey, Mexico, will go to the regional Pony League tournament at San Antonio as representative of the Rio Grande Valley district. The Mexican team beat McAllen 17-7 Monday night to win the district title with five straight victories. Alfonso Cortez fanned 17 batters in pitching a 5-hitter for Monterrey.

Brazil To Expel Hunted Financier

RIO DE JANEIRO (AP)—Brazil intends to expel Lowell M. Birrell on charges the New York lawyer-financier entered the country on a false passport, a police official said Monday.

But Birrell's counsel indicated to newsmen Birrell would fight being sent back to the United States, where he faces charges of stealing stock worth 14 million dollars.

Birrell's attorney, Jorge Chaloupe Sobrinho, told newsmen the New York financier is willing to go back to the United States only if U.S. authorities can prove to Brazilian officials that his client stole the stocks.

Story Of Their Lives

In "The Four Poster" the story begins with a couple's wedding night and ends with their baptism as grandparents. The three-act play will be staged by the Civic Theatre Thursday, Friday and Saturday at 8:30 p.m. in HCJC Auditorium. The stars, Bill and Jean Sandefur, pose in their early-day costumes to illustrate (1) the courtship (2) the traditional wedding picture and (3) the shy bride on the wedding night. "The Four Poster" rounds out the Civic Theatre's summer season.

NBC To Attempt Good Drama Return

By CHARLES MERCER
NEW YORK (AP)—In the coming season NBC-TV will make a strong bid to help bring mature television drama back to the status it enjoyed in times past.

"In counting heads, we know that general drama usually doesn't have as big a drawing power as Westerns and variety shows," David Levy, vice president in charge of programs, says.

"But counting heads isn't the only criterion you should use in judging a network schedule. One needs at least one home-grown and produced drama show because it's a staple of the entertainment world."

Thus there will come into being on NBC-TV the "Sunday Showcase" of dramatic specials. Scheduled for 8 p.m., it will run against two popular programs on the op-

position networks: Ed Sullivan on CBS and "Maverick" on ABC.

"Sunday Showcase" is one of three weekly hours that NBC-TV will devote to a variety of special shows embracing drama, musicals, documentaries. Tuesdays at 9:30 p.m. has been purchased by the Ford Motor Co. for what network executives feel will be an outstanding series of varied entertainment. The third hour, Fridays at 8:30 p.m., will be a nesting place for other specials, dramas and news documentaries.

Ingrid Bergman has been signed to star in a drama on the Ford series. "The Best of Durante" will launch the Friday night spot on Sept. 25, to be followed a week later by the first of a half-dozen Art Carney shows.

The first "Sunday Showcase" offering on Sept. 20 probably will be an original by S. Lee Pogostin entitled "People Kill People Sometimes." It will be followed by a two-part adaptation of Budd Schulberg's "What Makes Sammy Run?"

The Sunday night program will not be confined to drama, however. Two Milton Berle specials are slated for that hour and occasionally a news documentary will be shown. The lead-in program to "Sunday Showcase" is a new adventure series, "Riverboat," from 7 to 8 p.m.

With a few exceptions, Friday night television programming has long been mediocre to poor, Levy believes, and the new show will change the reputation of Friday evenings with many viewers.

Most of the Friday night shows have been sold to sponsors and the Sunday night shows are being sold "pretty well," Levy says.

DPS Force Grows, But More Needed

WASHINGTON (AP)—The Department of Public Safety has added 71 new patrolmen but 73 vacancies still exist.

Department Director Homer Garrison presented diplomas Monday to the graduates who finished a 16-week training program.

U.S. Weather Warm, Humid

By The Associated Press

It looks like more warm and humid weather for most of the eastern half of the nation today. Predicted afternoon and evening showers may bring a little relief.

Tropical air continued to cling across most of the country east of the Rockies, with increased humidity in wide areas. Little change was indicated from Monday's high temperatures.

Readings reached above 100 degrees in the northern plains, including 106 at Pierre and Philip, S.D. They were mostly in the 80s and 90s in the eastern half of the country. Showers lowered the mercury into the 70s in many areas.

Thunderstorms with heavy rain hit the area of northern Kentucky south of Cincinnati. Fanned clouds were reported in Kansas. Tornadoic winds lashed an area about 80 miles south-southeast of Norfolk, Va.

Stubborn Citizen

SAN PEDRO, Calif. (AP)—The following sign was displayed today on an overgrown front lawn: "To one of my disgusted neighbors who won't mind his own business: I will clear the weeds when I'm good and ready, Kelly."

Compensation Is Asked In Petition

A suit for compensation has been filed in 118th District Court by Margie Medina against Texas Employers Insurance Assn.

It is stated that she was, at the time of an accident on April 2, 1959, employed for Williams and Dunlap Builders, Big Spring, and insured by the defendant.

The plaintiff claims she fell while standing on a radiator cleaning windows, grabbed a fixture and injured her right arm, shoulder and neck.

The plaintiff seeks \$35 a week for 401 weeks in the petition.

Senate Takes Up TV Blackout Bill

WASHINGTON (AP)—The Senate takes up today a bill its sponsors contend is needed to prevent a virtual blackout of radio-TV coverage of the 1960 election campaign.

The measure, approved by the Senate Commerce Committee, would set aside the Federal Communications Commission ruling in the Lar (America First) Daly case.

The FCC ruled that Daly, a third party candidate for mayor of Chicago, was entitled to as much time as the Democratic and Republican candidates received on newscasts.

The networks and individual stations protested in long hearings before the committee that if the ruling stood they might be forced to turn their cameras away from the entire political campaign next year, including the big national conventions.

They argued they would run great risks in covering the Democratic and Republican presidential candidates because they might

Charles Cleland To Abilene School

AUSTIN (AP)—Charles Cleland, director of education and psychology at Austin State School, will become superintendent of Abilene State School Aug. 20.

The State Hospital Board announced his selection Monday.

Do FALSE TEETH Rock, Slide or Slip?

FASTERTH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. **FASTERTH** is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get **FASTERTH** at any drug counter.
