AF To Make Effort Find Sky Capsule

VANDENBERG AIR FORCE BASE, Calif. (AP)—From out of the vast Pacific heavens, a small capsule dangling from a parachute was expected to drop slowly toward the ocean today.

And waiting in Hawaii was a team of fliers with a seemingly impossible assignment—to go out and try to catch it before it hit the water.

The capsule went aloft Wednesday, fixed in the nose of the Discoverer VI satellite, which is flashing around the earth once every 95 minutes in an egg-shaped, north-south orbit.

This afternoon, 26 hours after the launching, the capsule was to be kicked loose from the 19-foot satellite.

And, for the second time in less than a week, a squadron of Air Force C119 Flying Boxcars was set to take off from Hawaii and try to execute an almost incredible catch. Each plane was equipped with a recovery net—a trapezoid-like affair.

The project is aimed at solving the re-entry problem—how to get a man in space and, once he's there, get him back.

Although the odds against success seem overwhelming, the Air Force hoped to have more than the highly remote chance of sighting the capsule during its descent. The capsule was equipped with a radio which was supposed to send signals, to give the recovery team an idea of its whereabouts.

Such a recovery was planned following the successful launching of Discoverer V last week. But the radio in the falling capsule evidently broke down. Nobody got a signal from it. The capsule, presumably, tumbled into the sea.

Discoverer VI is expected to remain in orbit at least a month. It comes within 138 miles of earth at its closest approach and goes as far out as 537 miles.

Discoverer VI—78 feet long including its first stage—shot skyward from this West Coast missile base shortly after noon Wednesday. The first stage, which fell away after a few minutes, was a Thor medium-range missile using a potent new kerosene fuel.

The second stage was a 1,700-pound vehicle produced by Lockheed Aircraft Corp.

Lockheed and an Air Force official said after the launching:

"The successful orbiting of two Discoverer satellites in less than a week marks a tremendous forward step in the scientific study of space vehicles and their applications."

The Discoverer had no animals in its capsule. But the capsule is the type expected to carry monkeys aloft later in the tests.

Gunman Is Pally Chap

NEW YORK (AP)—A friendly gunman who wanted to share the wealth robbed a garage today.

He forced James Reeves, who was greasing a car, to open the cash register and hand over its contents of \$35.

"You know, I could shoot you," the gunman said.

"I don't doubt it," said Reeves. "But I like you, the gunman went on. 'Here, take this gun. I've got another.'"

He handed the weapon to Reeves, who quickly handed it back.

The gunman gave no explanation for his action. Reeves apparently did not want to get into a possible gunfight with the man.

"I want to be friends," the gunman insisted. "Here, here's \$10."

Reeves held on to the ten spot. Then two policemen happened by. The gunman pretended he was a customer.

"How's the gas?" he asked Reeves.

"Okay," said Reeves, mindful of the guns.

The patrolmen strolled on. And a moment later the gunman departed with \$25.

SEQUENCE CHANGE

Keep Sharp Eye On City Traffic Lights

Be careful of the traffic signals in Big Spring Friday. Roy Rogan, city electrician, will have crews working tonight to set the traffic signals throughout the city on a different time sequence.

Basically, the new timing of traffic signals will be the same as ever, however motorists who are accustomed to watching the signal beyond the one immediately before them may have trouble.

Rogan pointed out that all the traffic signals in the city were previously operated by one master controller. Thus, all the signals changed at the same time. For the last several months, his crews have been installing controllers at

CHRISTMAS IN AUGUST YET! Tito Arcencibia and Larry Morgan inspect Chamber of Commerce display

STEEL STRIKE

Both Sides Claim Reports Support Their Positions

By JOE F. KANE WASHINGTON (AP)—Striking steelworkers and the steel industry both claimed today that a new government report bolsters their positions.

Maintaining its hands off policy in the 27 day old steel strike, the government Wednesday released figures showing that steel profits, prices and wages have been going up for years.

Secretary of Labor James P. Mitchell made public the 4,000-word background report on the steel dispute. He said neither side has been doing any intensive bargaining and urged greater efforts until a settlement is reached.

But Mitchell declined to make any recommendations on where there should be some backing down in the deadlocked negotiations—and which side should do the retreating.

"There are no conclusions drawn (from the report)," he said. "The responsibility for a settlement of the strike rests upon management and labor."

However, he made it clear that the public has an interest in the

dispute which each week is costing 300 million dollars worth of production and 70 million dollars in wages.

Mitchell told several hundred newsmen at a news conference that the effect of the strike so far has not been serious from a national standpoint.

But a national emergency might result if the strike is not settled by the latter part of September or early October, he said in reply to a question.

Management and union spokesmen lost no time in commenting on Mitchell's report.

R. Conrad Cooper, chief negotiator for the steel industry, said the report shows steel wages have put steelworkers "at the top of the list." Increases in employment costs have exceeded increases in output per man hour, Cooper said, thereby forcing up steel prices. He said the increase of output per man hour in steel was lower than in the national economy as a whole.

Cooper said the report "shows also that steel profits as a return on investment have consistently

lagged behind those in other industries—even before taking account of the necessity for making up large deficiencies in depreciation allowances."

David J. McDonald, United Steelworkers president, said Mitchell's report "presents a positive contribution to acquaint the American people with the facts of the tremendous productivity record achieved in the steel industry and the overwhelming ability of the steel industry to share a portion of such gains with the public, industry workers and stockholders of the industry."

"It documents the soundness and equity of the position of the steelworkers union in the controversy with the steel industry," he said.

Negotiations still are under way in New York, but there has been no indication of progress.

Primary sections of Mitchell's report included:

Profits: In 1955, 1956 and 1957 combined, the 20 largest steel companies had a rate of return on net worth of 12.8 per cent, compared to 14.7 per cent for the nation's 25 largest industrial firms. The steel companies increased their rate of return in the first half this year. During the postwar period, steel industry profits—after taxes—per dollar of sales have been higher than the comparable ratio for all manufacturing. The difference has been widening since 1944.

Prices: Basic steel products' prices are at peak levels. Steel prices have risen higher and faster than wholesale prices in general and much more than retail prices. Comparing the first half of 1959 with the 1940 average, prices of all commodities at wholesale advanced by 134 per cent. The consumer price index rose 107 per cent in the same period, in contrast with the 178 per cent rise for steel.

Wages: Gross hourly earnings in steel rose \$1.43, or by 85 per cent, from January 1950 to May 1959. Real hourly earnings rose by 50 per cent. From January 1950 to this summer, steel wages as a whole rose by greater percentages and by greater absolute amounts than in most of the economy.

9-Day Producing Pattern Continued

Meat Packer Strike Looms For September

FOREST PARK, Pa. (AP)—A walkout of nearly 200,000 workers in the giant meat processing industry next month was threatened today on issues similar to those involved in the continuing steel strike.

Union officials said the industry's two major unions, the Amalgamated Meat Cutters and the Packinghouse Workers, have met much the same management wage freeze and other proposals for stockyard workers as were experienced in the steel dispute.

AFL-CIO leaders, meeting in summer session here, expressed concern that the steel strike is a symptom of what they consider a growing management refusal to give workers a share in expanding industry profits.

The International Union of Electrical Workers, voting a \$100,000 donation to the steel strikers, said big business generally has decided to "wreck the hard-won gains of workers" and reverse the system of sharing profits with labor.

The two meat industry unions, after nearly a month of bargaining, have met an almost solid front of packer proposals to freeze present wage rates, averaging about \$2.50 an hour.

In a further similarity to the steel bargaining picture, the packing unions say they also face company proposals to give employers a freer hand in achieving manpower and other economies.

Like the steel strikers, the meat processing workers seek wage boosts of about 15 cents per hour.

Both packing unions are taking strike votes. The workers in many plants were said to have already authorized a strike Sept. 1 when current three-year contracts expire.

However, both unions said they hoped bargaining developments in the near future would avert any shutdown.

Members of the AFL-CIO Executive Council were expected to approve today a plan to mobilize all AFL-CIO unions behind the steel strike.

The plan includes a rally of all union officers at San Francisco on Sept. 18, as part of the AFL-CIO's biennial convention, in behalf of the steel strikers.

One proposal under consideration would call for a penny a day allotment from every AFL-CIO member for the strikers—a move that could yield up to four million dollars a month in strike aid.

Federation chiefs also are expected to appeal to President Eisenhower to call steel management and labor into White House conferences in an effort to end the stalemate. Eisenhower has declined similar prior proposals.

Mexican Officer Faces Indictment

MEXICO CITY (AP)—Col. Jose Vazquez Valseca, Air Force paymaster, and two others were indicted Wednesday on charges of defrauding the government of about 4,800,000 pesos (\$384,000).

Also indicted were the paymaster's assistant, Capt. Ruben Tapia Vazquez Valseca and Guadalupe Arroyo Marquez, a Treasury Department employe.

The attorney general's office said they admitted faking salary payments and material purchases.

Can Really Strut

LAKEVIEW, Ohio (AP)—No body can strut like those Southern belles, at least in the opinion of the judges at the annual International Majorette Contest here.

Gail Ann Hay, 8, El Paso, Tex., was awarded the novice (age 4-8) honors.

Oil Allowable Is Up 51,131 Barrels

AUSTIN (AP)—The Texas Railroad Commission today ordered a continuation of the nine-day producing pattern for September which fixed the statewide oil allowable at 2,730,215 barrels a day.

This lifts the allowable by 51,131 barrels daily because of the difference in calendar day lengths of the two months. This means that wells in Texas will be closed 21 days in September compared with 22 days in August.

The nine-day pattern was recommended by a large majority of the major oil companies appearing at the monthly proration hearing. It also was the pattern suggested by a group of Dallas producers represented by Jake Hamon. Hamon told the commission that the crude oil and products stocks are substantially above the industry desired level. With the steel strike continuing, a nine-day pattern should be ordered, he said.

R. L. Pielsticker, representing Indiana Oil Purchasing Co., said his company had been able to sell a substantial amount of crude that it had not earlier anticipated. As a result, he said, it lifted immediately its purchaser proration order in every area that the company buys crude, except in Arkansas.

Indiana along with seven other companies, recommended a nine day pattern. Texaco and Sun Oil nominated 10 days. Humble requested 11 days.

Humble announced that if a nine-day pattern was set it would buy 100,000 barrels a day in spot purchases. Its own nomination was 429,955 barrels a day.

Chairman Ernest Thompson reported that crude oil stocks are 261,500,000 barrels, which is 5,200,000 above the industry desired level. He also reported that these products were above desired level: gasoline, up 15,700,000 barrels; kerosene, up two million barrels; distillates, up 22,800,000 barrels, and residuals, up 12,500,000 barrels.

Humble reported it is drawing 39,000 barrels a day from inventories and is making spot purchases during August of 76,000 barrels daily. Humble said it feared it would be unable to fill its needs in September if 11 days were not ordered.

J. C. Edwards, representing Texaco, said the company's stocks were in good condition and an increase to a 10-day pattern was warranted. The company said it would buy 195,000 barrels daily in September.

One of Lamesa's largest handlers of Mexican laborers, the association usually provides several hundred contracted workers during cotton harvesting season.

Funds Donated To Help Fire Victims

KANSAS CITY, Mo. (AP)—Continental Oil Co. contributed \$10,000 Wednesday night to the Greater Kansas City fire disaster fund, started to aid victims of Tuesday's disastrous gasoline fire.

CONTRACT RULED BINDING

City Loses Effort To Hike State Hospital Water Rate

Atty. Gen. Will Wilson said this morning that the 22-year-old contract between the City of Big Spring and the State Hospital cannot be changed.

The decision paves the way for

the state hospital here to continue getting water at less than cost. This policy costs Big Spring taxpayers between \$8,000 and \$9,000 per year.

In an official opinion to the hos-

pital board, Wilson said the 1937 contract remains in force "so long as the State of Texas in good faith maintains and operates the state hospital at Big Spring."

The water rate to the hospital was set in 1937 at 10 cents per 1,000 gallons. At the present time, Big Springers are paying 35.3 cents per 1,000 gallons for water.

A. K. Steinheimer, Big Spring city manager, said this morning it costs taxpayers about 37.9 cents per thousand to buy raw water, treat it, bill it, and distribute it. He said in 1958 the city lost \$7,985.92 on water sold to the state hospital. This is an average loss per month of \$665.49.

"The state hospital is an asset to Big Spring," the city manager said. But he said he doubted that the original intent of the contract between the hospital and the city was for the city to sell water at a loss.

"The water rate to the hospital was set in 1937 at 10 cents per 1,000 gallons. At the present time, Big Springers are paying 35.3 cents per 1,000 gallons for water.

NEARLY DROWNS

Narrow Escape For Big Spring Infant

LAMESA—Carolyn McKee, 16-months-old, of Big Spring, is resting well in Medical Arts Hospital here in Lamesa after a near fatal accident at the home of her grandparents, Mr. and Mrs. John Banta of the Woody Community, Wednesday afternoon.

Mrs. Banta found the child in

the lily pond in her yard at 6:30 p.m. after she discovered she was missing from the family group assembled on the lawn. Artificial respiration was begun immediately by a neighbor, Mrs. Bill Mayfield. When breathing was restored, the doctors were summoned and she was hospitalized for observation.

Carolyn's mother, Mrs. Don McKee, two brothers, Ronnie, 4, and Donnie, 3, were spending the day with the Bantas. Mrs. Banta and Mrs. McKee had spent the day making jellies and preserves, and had paused to visit with Mrs. Mayfield.

TALK WITH CENTRAL

Committee Seeking Better Air Service For City Interviewing Feeder Line Men

Big Spring representatives were advised Wednesday to select a carrier and stay with it through thick and thin until FAA decides on one to serve this area.

Keith Kahle, Fort Worth, president of Central Air Lines, told Jack Cook, Chamber of Commerce aviation committee chairman, Bill Quimby, chamber manager, and George Zachariah, city commissioner, he hoped Big Spring would cast its lot with Central.

Before a decision on that is reached, local representatives will talk with Trans-Texas in Houston next Monday morning. Tuesday

morning the aviation committee will meet in order to be ready with a recommendation to the city commission that evening. A called meeting of the chamber directors also is possible.

Reason for the haste is that deadline for filing supporting briefs is Sept. 4.

Previously, local people had intended to confer here Sept. 9 with John Eichner, Houston, vice president of Trans-Texas. Instead, they will fly to Houston early Monday.

Kahle, in Midland on other matters Wednesday, conferred at length with the Big Spring group.

He advised the city to ask for what it could support and not for service which it could not support. On the other hand, he also pointed out that whatever decision is reached by FFA will be in force for a number of years.

He said he believed that Big Spring would justify good air service but that under the present volume it is marginal. It is the only such marginal community which Central has asked to serve.

The application is for east-west service, currently provided by Continental Air Lines, but on one flight daily.

Plead Guilty

Mrs. Weldon Conner, 34, right, and Miss Yola Renfro, 35, accompanied by an attorney, leave federal court in Tyler, Tex., after pleading guilty to five counts of violation of federal banking laws. The women admitted guilt in a \$130,516 shortage of funds of the Texas Bank and Trust Co., of Jacksonville, Texas. The women were freed without bond pending sentencing August 31. (AP Wire-photo).

Nelson Rites To Be Delayed

Funeral for Capt. Russell Nelson, 27, victim of a flight mishap Saturday near New Boston, N. H., has been delayed until Sunday.

Originally it was planned to hold services Friday afternoon, but shipping orders on the body were delayed and Capt. Nelson's remains will not arrive here until the 4 p.m. train Saturday.

Mrs. Nelson and children, together with her parents, arrived here Wednesday night from George AFB, Calif., where Capt. Nelson was assigned. His jet fighter ran out of fuel Saturday on a flight from Eglin AFB, Fla. to Westover AFB, Mass. His parachute failed to function properly when he bailed out.

Blast On USS Wasp Is Tape Recorded

QUONSET POINT, R.I. (AP)—An unusual tape recording of the explosion and fire which killed two men and injured 28 aboard the aircraft carrier Wasp is

among the evidence being studied today by a Navy investigation board.

The sound of the blast and the spontaneous reaction of the men was recorded because a tape-recorder microphone had been opened to pick up the voices of cribbage-playing officers.

The Wasp was on antisubmarine maneuvers 250 miles off the Virginia coast when the mishap occurred Tuesday.

Lt. (j.g.) Jim Frank Hagen of Marianna, Fla., perished when trapped in the helicopter whose engine exploded while he was testing it in a hangar aboard the Wasp.

Aviation Apprentice Donald H. Trask of Keene, N.H., whose body was found at the bottom of a plane elevator, apparently was asphyxiated.

None of the injured was considered in a serious condition.

Sources at this naval base said the damage to the Wasp might exceed five million dollars.

Rear Adm. Robert Stroh, commander of Carrier Division 14, said the helicopter engine "ran away and exploded while it was being tested by a qualified pilot."

He said runaway engines are not uncommon in flight and the governors fail to function properly. But he said he never heard of a runaway engine under hangar-deck testing conditions.

Navy men explained that governors are mounted on helicopter engines to regulate their speed but that under some circumstances—more commonly under the stress of flight conditions—they may function badly.

Officers were playing cribbage near the deck hangar. Lt. Patrick Harney of Robinsdale, Minn., turned on a tape recorder as a joke. He got two minutes of recording of the disaster, including the explosion that started the fire.

Teenage Trio Held After Hectic Battle

ARCHER CITY, Tex. (AP)—Three teen-age youths were jailed here today after they fled through North Texas in a stolen car and exchanged shots with officers.

Archer County Sheriff Claude Morrison and deputy sheriff J.L. Cavitt arrested the boys after a brief exchange of gunfire in a wooded area five miles north of here.

The youths fled into the woods

after abandoning a 1957 car reported to have been stolen in Oklahoma City.

An alarm went out for the trio after they were stopped for speeding in Wichita Falls and drove away while being questioned.

The car was sighted on State Highway 79 south of Wichita Falls, and was fired upon several times by Morrison and Cavitt.

Officers said the three were armed with two rifles and a shotgun.

Suspects Held In Mail Thefts

GULFPORT, Miss. (AP)—Postal officials jailed two women and a man Wednesday on charges of post office box burglary and cashing checks in Texas, Louisiana and Mississippi.

They were identified as Jack Bryan Parker, 38; his wife, Joyce Laverne Parker, 29; and Mrs. Virginia Rose Lamkin, 26, all of the Houston area.

They were jailed in lieu of \$2,000 bond each on charges of mail theft, forgery and cashing government checks.

Christian Herter Home From Chile

WASHINGTON (AP)—Secretary of State Christian A. Herter, just back from a hemisphere conference on the uneasy situation in the Caribbean, said today that democracy cannot be imposed on countries by force.

He referred to small invasions of various Latin American countries this year in which it was claimed the expeditions were spreading democracy.

Herter called the foreign ministers conference at Santiago, Chile, "encouragingly successful."

Weather Picture Holds To Established Pattern

By The Associated Press.

The nation's weather appeared stuck in its familiar pattern of the past couple of weeks today. It was fairly pleasant in western sections, hot and humid in most of the eastern half of the country.

Cool air spread from the far Northwest across northern states into parts of the Dakotas. It was expected to move across the Dakotas and into western parts of Nebraska, bringing welcome relief to areas hit by temperatures of above 100 degrees the past two days. Readings in the cool belt were a mixture of 90s and 60s.

But east of the cool air, it was warm and humid in most sections. An exception was the region from New England southward through Pennsylvania and West Virginia where temperatures were in the pleasant 60s most of the night.

Fair weather was indicated in the far southeast and the northern half of the Atlantic Coast states. Partly cloudy to cloudy conditions, with scattered thundershowers, were in prospect on other parts of the country.

Reds 'Free' Hear Foreign Radiocasts

LONDON (AP)—The Soviets are quite free to listen to foreign radio broadcasts, Radio Moscow said today.

"Not only are we allowed to hear foreign radio broadcasts but we do," said a commentator.

Practically every set on sale in the Soviet Union has a short-wave band, Moscow said, "and that means everybody has all the chance in the world to tune in to foreign broadcasts."

The broadcaster made no mention of the frequent Soviet jamming of Western programs.

500 Mile Ride On Horses Completed

LITTLEFIELD (AP)—A 500-mile horseback ride from Burlington, Colo., was completed here Wednesday by 24 saddle-wary riders, including four teen-age girls.

The Smoke Trail Riders left Burlington Aug. 2. Their trip was made to boost travel via U.S. 383, which extends from Mexico to Canada.

The riders, from Loveland and Littlefield, averaged 30 miles daily.

Midland Seeks To Recruit Musicians

In the belief that Big Spring harbors a number of fine musicians, the Midland Symphony Orchestra is making a special attempt to find them and invite them to participate in its 1959-60 concert season.

Walter Mantani, now in his seventh year as conductor of the Midland Symphony Orchestra, is convinced that many local residents would welcome the opportunity to join the group and perform the five concerts featuring name artists.

"We have had a number of Big Spring players in the past," Mantani says, "who have contributed much to our success as a symphonic group."

In order to alleviate the cost of making the 40-mile trip each week for rehearsals, the association is willing to pay travel expenses. In addition, each player will be paid the nominal fee of \$5 per concert—a stipend allocated for Midland's own local musicians.

The Midland Symphony Orchestra gives five adult and five children's concerts each season, both on Saturdays. The first concert will be Oct. 3, and will present Larry Adler, world famous harmonica virtuoso. Subsequently, Joyce Flissler, violinist and winner of the Tchaikovsky violin competition in Moscow; and Benno and Sylvia Rabinof, violin-piano husband and wife team will appear. In addition, Lord's Puppets will perform with the orchestra, acting out the music of Tchaikovsky's Nutcracker Suite and Offenbach's Orpheus in Hades Overture.

Rehearsals for the Midland Symphony Orchestra are every Monday evening, starting Aug. 31, in the Midland High School Band Hall. Strings start at 7:30 p.m.; full orchestra at 8:30. Procedure for joining is quite simple. There are no auditions, and players are put into the orchestra immediately. However, it is suggested that prospective players contact Walter Mantani by mail at 1000 Canyon Drive in Midland or by phone collect, OXford 4-4524. He will offer any information needed about the orchestra or the music.

Rancher Fights To Keep Lands

CHIHUAHUA, Mex. (AP)—Cattleman James H. Cherry plans to fight an order from the Mexican government telling him to move out of his 7,290-acre ranch 150 miles west of here.

The former Lumberton, Miss., resident said the government is attempting to take the land without negotiating for it and without giving him time to question the order in court.

He said he has asked for an injunction from the federal court at Juarez halting the order. Cherry said the order applied also to his wife and to C. M. King, another U. S. citizen with land in the same area. He claimed the order said specifically to warn out North Americans who owned part of a 110,000-acre tract declared to be communal lands by a presidential decree in February.

Fate Of Thousands Rides With 331st Fighter Pilots

The fate of hundreds of thousands of people rides on the wings of jet fighters which roar out of here daily and upon the shoulders of the pilots who man them.

If ever an enemy were to send high flying jets up from south of the border in a sneak attack, the men of the 331st Interceptor Squadron will be one of the principal barriers between them and their targets.

Col. Dick Crowell, commander of the 331st, sketched the prime mission of the unit in an address to the Downtown Lions Club Wednesday. He told how this squadron fit into the 33rd Air Division and the Air Defense Command with its network of warning devices and its control of defensive planes and missiles.

Constantly the 331st is being tested with alerts and practice runs on "invading" planes (usually represented by SAC units on regular missions). This keeps the men with a fine fighting edge in event the real thing should come, Col. Crowell explained.

He explained to Lions how, when an alert is sounded with spotting of unidentified planes approaching the border, a fanout system is employed to bring the squadron to full strength within 15 minutes. At the same time, pilots sprint to battle stations in cockpits

of their planes, awaiting a scramble signal which will see them airborne in 30 seconds. Fat Chance, the Sweetwater radar unit, will guide them to the target where the pilot will lock in on the specific target for electronic firing of his rockets. In that event, the best report that could be heard would be "Splash!" That means the enemy has been destroyed.

Col. Crowell, a native of Hugo, Okla., was reared in West Texas, having attended elementary schools in Anton and his diploma from Whittarral High School near Lubbock, West Texas and West Texans therefore are no strangers to him, he said.

were recorded in July 1959," the board's monthly report said.

"Conversely, it was the driest July since 1937 at El Paso."

The state's 34 major reservoirs are 93 per cent full. They hold 9,482,240 acre feet of water, two per cent more than last month and last year.

Streamflow went above average in July with heavy rains during the first and third weeks. The famous Comal Springs regained their long-time average of about 300 cubic feet per second.

Three of eight wells showed declines in water levels at Buda in Travis County, Alief in Harris County and in the El Paso area. Hurricane Debra brought in heavy rains to coastal cities. Orange measured 14.76 inches, Port Arthur 7.90, Anahuac 6.95, Liberty 8.07, Dickinson 13.49 with 10.82 inches falling in 24 hours and San Leon 12.61.

12 Invaders Are Now Dead

PORT AU PRINCE, Haiti (AP)—Haitian troops have slain 12 of the bearded revolutionaries who invaded Haiti a week ago, an informed source said today.

The informant said the 12-part of an armed band of 30 hunted since the invasion—were trapped and wiped out on a mountain pass near Port Tiburon on the southwest tip of Haiti.

Army headquarters said it could not confirm the report.

Haiti has complained that the band came from Cuba.

Cuban Prime Minister Fidel

CASTRO CONCEDED THAT IT PROBABLY WAS LED BY A CUBAN, WHOM HE DENOUNCED AS AN ADVENTURER ATTEMPTING TO EMBARRASS HIS REVOLUTIONARY GOVERNMENT.

FAT OVERWEIGHT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercises, laxatives, massages or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a dry tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package in your original and get your full money back. ODRINEX costs \$2.00 and is sold with this strict money back guarantee by:

Special sports cars, and special models such as Studebaker Golden Hawk, may need Blend 470 or 480. Use Dixie 390 or El Paso Red Flame 410 for all other cars, including foreign.

Choose the Fuel that's Blended for Your Car-- Exactly!

For years, 6 out of 10 motorists have been buying the wrong gasoline—either wasting money buying octane they don't need, or robbing their cars of power with low-octane fuel.

Now, for the first time, El Paso Precision-Blending lets you get both: All the power your car can possibly deliver, plus maximum savings with every fill-up. Precision-Blending lets you choose the gasoline that's blended to fit your car—exactly.

You can choose from six premium-grade El Paso Red Flame gasolines, from the Precision-Blending pump. Or you can get popular Dixie 390 from its own bright red pump.

BLEND SELECTOR CHART shows you the blend recommended for your car by automotive engineers. Try this blend first; then try next lower blend, until you find the blend that gives your car maximum power, gives you maximum savings.

MIRACLE PUMP draws fuels from two underground tanks: One of El Paso Red Flame Super Premium, one of El Paso 400, a premium-quality gasoline. Precision-Blending pump accurately, automatically blends fuels in any of six predetermined Precision-Blends.

THE WEST'S GREAT NEW GASOLINES... NOW IN 7 BLENDS TO FIT ALL CARS—EXACTLY!

Quake Victims Given Aid

Injured campers brought by helicopter from the Madison River slide area are given shelter at the airport in West Yellowstone, Montana, while awaiting air transportation to Bozeman. Bunks were improvised from bales of hay and covered with sleeping bags or mattresses. The man in white T-shirt at left is Dr. R. D. Quinn, of Hollister, Calif., who was pressed into service in the emergency. (AP Wirephoto from Denver Post).

SEEKING VICTIMS

Rescue Workers Move Into Still Shaking Quake Area

By TOM MADDOX (AP)—A big force of searchers moves back into the still-shaking earthquake area of southwestern Montana today to renew a perilous hunt for more victims. Landslides are raining rocks and dirt down the mountain slopes. The ground parties will search above and below Hebgen Dam, focal point of the hardest hit area in Monday night's shocks. Searching crews are made up of

men from the Civil Defense organization, sheriff's office, U.S. Forest Service and volunteers. They said they would not attempt to dig into the 50-million-ton landslide below Hebgen Dam until the comparatively slight tremors subside. Bodies of eight quake victims have been recovered from the devastated mountains and canyons. Reports from survivors indicate the toll may rise to 12. They told of seeing a car with a man and

Sulphuric Acid Thrown At Rep. Frank Thompson

WASHINGTON (AP)—Police say tests show it was sulphuric acid which was squirted at Rep. Frank Thompson (D-NJ) as he drove to his office Wednesday. Thompson had reported that a man in a truck squirted the liquid from a syringe when he stopped his car at a traffic light. The fluid burned a hole in his shirt and left a slight burn on his arm. Thompson dismissed the inci-

dent as the work of a crank and said he thought it was unrelated to his work on labor legislation. Skindivers are planning to go into the lake when the muddy water clears. They will check a report that two persons drowned in a car submerged in dirt and water. All of the known survivors—about 300—have been moved out of the quake area. Some roads, buckled and twisted by the quake, have been made passable by the use of bulldozers. Many highways in the western part of Yellowstone National Park were blocked by landslides and the damage there was expected to run into the millions of dollars. But the park was allowing tourists to come in over the roads remaining open. As the last of the survivors came out they brought more harrowing tales of the quake's violence and horrifying effects. Grover C. Manitt, 71, of Temple City, Calif., told how his trailer was hurled into the Madison River by the shock. He and his wife climbed on top of the trailer and then grasped tree limbs. "We clung to the three, our bodies in the water almost up to our necks," he said. "My wife went under three or four times. The last time she was gasping for breath but I managed to pull her out. She wanted me to let her go. But I told her if she went, I'd go, too. "While we clung there I could see the mountains sliding and falling every few minutes. I thought the world had come to an end. "In the morning they came for us in a boat. If they'd been another 10 minutes I couldn't have held on."

REP. FRANK THOMPSON

Martin Rites Are Conducted

Funeral rites for Mrs. Lizzie Frances Martin, 83, widely known resident, were conducted at 10 a.m. today in River Funeral Home Chapel. She died Wednesday morning. Mrs. Martin is survived by her husband W. A. Martin, four sons, James Martin, Yale, Mich.; Boynton (Fresch) Martin, Big Spring; Almon Martin, Post, Howard of Sylmar, Calif.; four daughters, Mrs. W. A. Shaffer, Big Spring; Mrs. H. W. Woodson, Red Oak; Mrs. L. O. Cotter, Neta Waka, Kan.; and F. M. Radke, Olympia, Wash.; 11 grandchildren, 15 great-grandchildren. There is one brother, Irvin Boynton, Phoenix, Ariz.

Minor Accidents

Two minor automobile crashes were reported to police Wednesday. There were no injuries and the damage was reported minor. Virgil Sadler, Baird, and Bobby Lynn McAdams, Big Spring, were involved in a crash at FM 700 and Goliad. Jimmy C. Hale, Coahoma, and Harold T. Crawford, 1111 W. 7th, were drivers in collision in the 700 block of North Benton.

CARD OF THANKS

Our sincere thanks to the kind friends and neighbors for expressions of sympathy, beautiful flowers, and other courtesies extended to us during our recent bereavement. The Tom Amerson Family.

WEATHER

NORTH CENTRAL, SOUTHWEST AND NORTHWEST TEXAS: Partly cloudy with widely scattered thunderstorms through Friday. No important temperature changes.

Table with columns for city, temperature, and weather conditions. Includes cities like Albany, Albuquerque, Anchorage, etc.

HOSPITAL NOTES

BIG SPRING HOSPITAL. Admissions—Vera Cunningham, Adlene Courts; John Ford, Coahoma; Milton Jones, Stanton; Paul Medley, 3606 Dixon; Thomas King, 609 E. 18th; Carlen Harris, Garden City. Dismissals—Ray Coble, Colorado City; Mrs. Carol Ann Raso and baby, 708 Runnels; Betty Clifton, Big Lake; Maxine Scott, 905 NW 4th; Jewel Madison, 301 Lorilla; Elbert Crawford, General Delivery; Aurora Gallardo, 704 NW 5th; Willie Hill, 308 N. 4th.

PUBLIC RECORDS

Table listing building permits with columns for name, address, and value. Includes names like E. Williams, K. L. Clark, etc.

Johnny S. Spears Rites To Be Friday Morning

Funeral services for Johnny Samuel Spears, 49-year-old San Angelo welder, and former resident of Coahoma will be at 10 a.m. Friday in River Funeral Home Chapel. The Rev. Ward Jackson First Church of God, will officiate and burial will be in Coahoma Cemetery. Mr. Spears died of a gunshot wound suffered in his home in San Angelo on Aug. 18. Tom Greene County officials have ruled his death to be suicide, it was reported. He formerly operated a blacksmith shop in Big Spring and also engaged in farming in this county. He was born March 17, 1910, in Coahoma and was a member of the First Church of God in Big Spring.

Survivors are his wife, Dora, San Angelo; a son, Mitchell, Cleburne; two daughters, Mrs. J. H. Hobson and Mrs. Richard West, both of Cleburne; one stepdaughter, Miss Joyce Lohse, San Angelo; six sisters, Mrs. Andrew Dixon, Coahoma; Mrs. Carl Eggleston, Odessa; Mrs. George Whitaker and Mrs. Church Junker, both of Houston; Miss Opal Spears, Dallas; and Mrs. Linnie Bills, Sweetwater; two brothers, J. D. Spears, Coahoma and Cecil Spears, California; and his father, Wm. Spears of Coahoma. Pallbearers are to be Tom Birkhead, Clay Reid, Clovis Phinney, Ralph White, Harvey Fryar, and C. H. DeVanev.

Funeral Rites Slated Friday For Jas. J. Daily

Funeral for James J. Daily, 81, for more than a quarter of a century associated with the maintenance staff of the Big Spring schools, will be held at 4 p.m. Friday in the River Funeral Chapel. His pastor at Temple Baptist Church, the Rev. A. R. Posey, officiating, assisted by Dr. P. D. O'Brien of the First Baptist Church. Burial will be in the City Cemetery with Bill Gray, W. C. Blankenship, Bill Odum, Nile Gailley, Pat Murphy, L. M. Brooks, F. D. Rogers and A. L. Forch as pallbearers. All friends will be considered honorary pallbearers. Mr. Daily was born July 24, 1878, in Belton and was married to Miss Essie Perry in Goldthwaite on Dec. 4, 1898. He farmed and for many years pastored rural Baptist churches. Even after he came here in 1928 and began his association with the school 37 years ago, he held meetings in the summer. He was in charge of the carpenter work for the school system and for a long time did all the cabinet work. His retirement was only two weeks away when he died unexpectedly, 31 years to the week from the time he came here.

J. J. DAILY

Surviving are his wife; two sons, Perry Daily and O. H. Daily, Big Spring; three daughters, Mrs. E. J. Davis, Big Spring, Mrs. Grady Norse and Mrs. Velma Chambers, Stockton, Calif.; 10 grandchildren; and 16 great-grandchildren.

Operating Local Members To Give Blood For Child

Thirty members of Local 828 of the International Union of Operating Engineers will begin giving blood Friday in support of little Cheryl Jane Crossland. Cheryl is in the M. D. Anderson Hospital in Houston for treatment of leukemia, for which there is no known cure. One of her most urgent needs is blood for regular transfusions. Besides pledging to give blood, members of the local also raised \$242 which they turned into the fund for Cheryl. The 4-year-old wants to see Disneyland, and if she has the strength, the generosity of people here will make this possible. Appointments have been made for Friday and next Wednesday at the Midland blood bank for these members of the local: C. J. Stocks, W. O. Washington, R. A. Patterson, W. H. Tucker, A. E. Clanton, Floyd Young, C. C. Hale, R. D. West, R. E. Dennis, J. P. Shannon, W. E. Morris, D. J. McGuire, Nathan Hughes, Lloyd Nails, E. L. Collier, Cecil Drake, Esmer Cole, Orville James, Bob Kennedy, John L. Sullivan, Don Freeman, J. C. Kelly, Jack Jones, Bob McCarty, Asa Tindal, Bob Cardlie, Carroll Choate, Bobby Bradford, Keats Watts, Frank Parker and Roy Watkins.

Delegates Return From National Meet. Big Spring star route carriers who are top officials of the Texas organization, have returned from the national convention. Attending the 30th annual meeting of the National Star Route Carriers in Louisville, Ky. Aug. 11-14 were J. E. Kenney, Texas president; L. J. Hale, state secretary-treasurer; and D. C. (Pat) Duncan state delegate.

Lumberyard Shop Hit By Burglars

Burglars took 10 pieces of power equipment from the Rockwell Lumber Co., 300 W. 2nd, sometime during the night. The power tools were valued at about \$250. Police officers said entry was made to the building through a rest room window. Lumber Company officials said the safe is left open during the night, but the burglars ransacked the papers that were in it apparently seeking money. It is the second lumber company entered by burglars this week. The Cameron Lumber Co. was entered and the burglar took almost a hundred dollars from the safe. The Conway Barber Shop, 209 1/2 Main, reported two pairs of hair clippers taken from the shop. A Negro man is suspected of the theft.

Williamson - Barnes Walker Well Has 212 Bbl. Potential

J. C. Williamson and J. C. Barnes have completed the No. 1 Walker for an initial pumping potential of 212 barrels of oil per day. This Big Spring (Fusselman) field prospect found production at 9,553 feet. Texas American No. 1 Griffin has been abandoned after going to 7,280 feet with no shows. This wildcat was a test of the Pennsylvania Reef and was located about 20 miles northeast of Big Spring. Sunray No. 1 McEntire found gas, but not enough for commercial production, in the Wolfcamp on a drillstem test. This Sterling County test is 13 1/2 miles northwest of Sterling City. Six other abandonments have been reported, one each in Dawson, Glasscock, Martin, Sterling and two in Garza County. Eight new field locations were reported spotted in Borden, Mitchell and Sterling counties.

Borden. Pan American Petroleum Corp. of Ft. Worth will drill the No. 3-33 T. J. Good in the Arthur (Spraberry) field about 10 miles north-west of Vealmoor. Operator will test at 8,000 feet with rotary. Location of the drillsite is 660 from north and 2,100 from west lines, section 25-33-4n, T&P survey. The lease is 14,448 acres. Pan American also has staked the No. 4-35 T. J. Good in the same field and about one location west of the No. 3-33. It is 60 from north and 2,641 from west lines, section 35-33-4n, T&P survey. Operator will go to 8,000 feet with rotary tools. It is on a 14,448-acre lease. Texaco will try for a dual producer at the No. 1-E A. M. Clayton NCT-2 site in the Good, Northeast (Canyon Reef) field. This project is currently producing from the Good, Southeast (Fusselman) formation. Operator will re-enter with rotary tools for a depth of 8,310 feet. It is on a 162-acre lease and is 13 miles southwest of Gail Site. It is located 660 from north and 1,980 from west lines, section 40, block 32, 4n, T&P survey. John J. Eisner has spotted the No. 1-C C. D. Jones as a Fluvanna. It will be rotary tooled to northwest of Fluvanna. The project is on a 40-acre lease and will go to 8,500 feet. Drillsite is 1,787 from north and 660 from east lines, section 597-97 H&T C survey. Midwest Oil Corporation will drill the No. 1-E A. M. Clayton NCT-2 site in the Good, Northeast (Canyon Reef) field. This project is currently producing from the Good, Southeast (Fusselman) formation. Operator will re-enter with rotary tools for a depth of 8,310 feet. It is on a 162-acre lease and is 13 miles southwest of Gail Site. It is located 660 from north and 1,980 from west lines, section 40, block 32, 4n, T&P survey. John J. Eisner has spotted the No. 1-C C. D. Jones as a Fluvanna. It will be rotary tooled to northwest of Fluvanna. The project is on a 40-acre lease and will go to 8,500 feet. Drillsite is 1,787 from north and 660 from east lines, section 597-97 H&T C survey. Midwest Oil Corporation will drill the No. 1-E A. M. Clayton NCT-2 site in the Good, Northeast (Canyon Reef) field. This project is currently producing from the Good, Southeast (Fusselman) formation. Operator will re-enter with rotary tools for a depth of 8,310 feet. It is on a 162-acre lease and is 13 miles southwest of Gail Site. It is located 660 from north and 1,980 from west lines, section 40, block 32, 4n, T&P survey. John J. Eisner has spotted the No. 1-C C. D. Jones as a Fluvanna. It will be rotary tooled to northwest of Fluvanna. The project is on a 40-acre lease and will go to 8,500 feet. Drillsite is 1,787 from north and 660 from east lines, section 597-97 H&T C survey. Midwest Oil Corporation will drill the No. 1-E A. M. Clayton NCT-2 site in the Good, Northeast (Canyon Reef) field. This project is currently producing from the Good, Southeast (Fusselman) formation. Operator will re-enter with rotary tools for a depth of 8,310 feet. It is on a 162-acre lease and is 13 miles southwest of Gail Site. It is located 660 from north and 1,980 from west lines, section 40, block 32, 4n, T&P survey. John J. Eisner has spotted the No. 1-C C. D. Jones as a Fluvanna. It will be rotary tooled to northwest of Fluvanna. The project is on a 40-acre lease and will go to 8,500 feet. Drillsite is 1,787 from north and 660 from east lines, section 597-97 H&T C survey. Midwest Oil Corporation will drill the No. 1-E A. M. Clayton NCT-2 site in the Good, Northeast (Canyon Reef) field. This project is currently producing from the Good, Southeast (Fusselman) formation. Operator will re-enter with rotary tools for a depth of 8,310 feet. It is on a 162-acre lease and is 13 miles southwest of Gail Site. It is located 660 from north and 1,980 from west lines, section 40, block 32, 4n, T&P survey. John J. Negro Candidates Strong In Memphis City Election

MEMPHIS, Tenn. (AP)—Segregation forces were jittery today in an election that might send a Negro to city office.

For the first time in the history of this city of the Deep South, Negro candidates loomed large in two races—public works commissioner and juvenile judge.

Trips to nearby fields during the picking season. The polls opened at 8:30 a.m. in the 143 precincts and closed at 7:30 p.m.

Anne Marie's Home Town Council Votes Her Gift

SOGNE, Norway (AP)—Councilmen of Anne Marie Rasmussen's home town voted Wednesday night to give her and Steven Rockefeller a wedding present.

3,500 on the south coast of Norway. The residents are traditionally thrifty fishermen and farmers.

Rayburn Rites Are Scheduled

Services were held at 10 a.m. today in the Baptist Church in Roscoe for Mrs. W. D. Rayburn, 86, mother of W. E. (Bill) Rayburn, 1506 Sunset.

So the question of a wedding present and costs of cleaning the grounds of the church for the wedding, plus removing the photographers' platform, kicked up a long debate among the councilmen.

Balloon Try Flops Again

BROWNWOOD (AP)—A balloon designed for flight 21 miles high barely got off the ground today, sending scientists on a frantic chase to save the instruments.

Man Believed Dead In Blast Aboard Cruiser

KILLEEN, Tex. (AP)—One man was badly burned and a second was missing and feared dead today following a gasoline fire aboard a cabin cruiser on Lake Belton last night.

The three rescued were Coy Fausett, Robert Theford and Charles Clawson, all of Temple.

Hazzard Files Court Petition

Earthquake Rips Highway

A severe earthquake that rocked the area around West Yellowstone, Montana, caused extensive damage to highways. Gaping cracks and holes appeared in the roads overtopping autos and causing many injuries. (AP Wirephoto).

EARTHQUAKE HORROR

Flood Walks On Heels Of Toppling Mountain

BOZEMAN, Mont. (AP) — The mountain fell first—and then the water came. That's the account of a California dentist and his friends who survived the Madison Canyon earthquake and avalanche below Hebgen Dam Monday night. Dr. Reed Quesnell of Arcadia, Calif., gave the account when questioned concerning a theory that water spilling over the dam raced through the canyon and swept some campers away before the mountain collapsed. "Not so," said Dr. Quesnell. "First came the earthquake. Then the mountain collapsed into the canyon. And after that came a wave of water. This wave is what hit and injured a number of those hurt in the disaster." Dr. Quesnell, his wife, and two friends and their families — Sam Kuening of Lakewood, Calif., and Ike Kuening of La Puente, Calif.

Mob Fails In Try To Free Prisoner

NAHANT, Mass. (AP)—A gang of 15 men, some armed with clubs and lengths of pipe, burst into the Nahant police station early today in a wild but futile attempt to free a prisoner. The gang fled when a patrolman struck two of them with his revolver and fired a warning shot. A short while later the seven became prisoners themselves on charges which included inciting a riot, attempting to free a prisoner, assault and battery, and drunkenness. Four of the gang were caught at a roadblock and three at the Lynn hospital where two had gone for treatment of bruises suffered in the scuffle in the police station. Police Chief Benjamin Lamphier said the gang tried to liberate Donald Stinson, 27, of Swampscott, who was locked up on a drunkenness charge. Patrolman Albert Badger said he was alone in the police station when the gang drove up in three automobiles. He said he had time to utter only the word "Nahant" into the police radio before the men backed him against a wall. Patrolman Joseph Flynn, driving a cruiser, heard the one-word message and the sound of several voices coming over the radio. He sped to the station and found three men tampering with the door of the cell which held Stinson. Flynn herded the trio upstairs, only to be pushed against a wall by the others. As one man threatened him with a club, he said, he pulled out his gun and struck two of them. As the men were fleeing after Flynn fired a shot, Badger sounded an "assist" alarm over the police radio and help came from surrounding communities.

Stanton Seeks Three Teachers

STANTON (SC) — Supt. L. M. Hays is sending out the S.O.S. for teachers. Homestretch changes have left him with three prime vacancies. One is a junior high science teacher; another is a fifth grade teacher, and a third is an English teacher for the fifth through the eighth grade level. He also could use another teacher in the lower elementary grades. A house with quite reasonable charges is available if a husband and wife teaching team can fit into the picture. If at all possible, degree teachers are desired. If it is impossible to fill the post with degree teachers, those with 90 to 100 hours of work may be utilized, said Supt. Hays. School starts at Stanton on the morning of Aug. 31.

Boy's Robot Is Awarded Prize

SAN FRANCISCO (AP) — A Utah lad won \$300 Wednesday with a four-foot robot which has a quart can for a head and a brain constructed from a pinball machine. Theo Thompson, 18, demonstrated his robot at the Western Electronic Show, winning fourth prize in the future engineer's show. His robot scooted across the floor, shook its head, blinked its eyes, sang songs, stooped and asked scientists, "How do you do, sir?"

Portugal Is Future Home For Batista

CIUDAD TRUJILLO, Dominican Republic (AP) — Fulgencio Batista was on his way today to a new home in exile in Portugal's Madeira Islands, where the climate is mild, the wine sweet and the tensions of his native Caribbean thousands of miles away. Immigration officials said the ex-dictator of Cuba took off in a special plane for Portugal Wednesday night, within 24 hours after Washington squelched any hopes he had of gaining admittance to the United States. Batista has been an exile in the Dominican Republic since fleeing Cuba last New Year's Day to escape the revolutionary forces of Fidel Castro. There were 17 members of the Batista party, which flew first to Lisbon on the way to Madeira. The island group is about 400 miles west of Morocco, in the eastern Atlantic. Sources in Ciudad Trujillo said Portugal had granted the Cubans political asylum.

—said they believed an unknown number of campers in the area were buried by the big slide. "We have vacationed there every summer for 10 years," Dr. Quesnell said. "And every year there have been the same two trailers in the same place. They were there again this year, so close to the river they could fish from their doors. And those two trailers did not come out of the canyon when we were evacuated Wednesday. There undoubtedly are many others buried with them."

He said he does not know the names of the occupants, but believed his father, Dr. A. J. Quesnell does know them. The elder Dr. Quesnell is in Lee Vining, Calif. Dr. Quesnell and the Keunings also declared—as have others—that a heroine was a nurse, Toodie Green of Billings, Mont. They said Mrs. Green gave first aid to nearly every one of the injured and checked on them constantly until they were rescued.

Lt. Melvin G. Swanson Gets New Assignment

1st Lt. Melvin G. Swanson, a resident of Big Spring for the past two years and formerly a jet flying instructor at Webb AFB, has been reassigned to the academic section of the pilot training group. He will conduct classes in flight operations, a course designed to familiarize the student pilots with

flight plan procedure and flying safety.

Lt. Swanson is a native of Le Roy, Iowa, and is a veteran of some nine years service; he entered the USAF as an enlisted man in October of 1951 and came to Webb as student pilot in 1957. Upon graduation he remained at Webb as a flying instructor.

He is married to the former Betty Lou Johnson whose parents live in Cusick, Wash., where she is currently visiting. Lt. Swanson is a golf enthusiast. Although he is a former member of Webb's championship basketball team he no longer plays.

1st LT. MELVIN G. SWANSON

Coahoma Schools Need 2 Teachers

COAHOMA — Wanted: Two teachers for the Coahoma Independent School District. W. A. Wilson, superintendent, hung out the sign Thursday as he looked for a public school music teacher and one for the upper elementary grades. In both instances, he is looking for a degree teacher.

Army-Science Feud Flaring

EDGEWOOD, Md. (AP) — The long-standing feud between the Army and its enlisted scientists threatened to break into the open again today. Some 400 young enlisted scientific and professional personnel at the Army chemical center here were ordered to fall out at 1 p.m.—in civilian clothes. The lineup was called to help civilian witnesses identify some of the 60 or so men who celebrated at a beer party here last Thursday night. Military authorities said they received complaints that obscene

songs and statements uncomplimentary about the Army emanated from the festivities. Just 11 months ago a similar party resulted in the court-martial of 11 men, mostly college graduates with degrees in engineering, mathematics, or the natural sciences. Although the charges were drunk and disorderly conduct, the basic issue at the court-martial was the young scientists' rebellion against age-old military discipline. Through their civilian lawyer and in press interviews, they complained they received little recognition for their work in Army laboratories and are taken out of the labs for KP duty and routine military training. Like the earlier party, last Thursday's was held on civilian property near the post.

Bad Luck Boy

TAIPEI, Formosa (AP)—Chen Kuan-jou came to live with relatives in Taipei after his home in central Formosa was destroyed in the floods 10 days ago. He went for a swim Wednesday in the Tansui River and was drowned.

To Conference

LONDON (AP) — Lord Mountbatten, chief of the British defense staff, left today for America to consult U.S. and Canadian defense officials.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, AUGUST 20, 1959 SEC. B

TO COST \$2.5 MILLION

Underground Civil Defense Center Planned At Denton

WASHINGTON (AP) — A bill with a \$2,400,000 appropriation to build a huge underground civil defense center at Denton, in North Texas, was before President Eisenhower today.

Funds for the bomb shelter are included in a catch-all \$977,347,608 appropriation measure passed Wednesday by a voice vote of the House and Senate.

The Denton structure, housing regional civil defense headquarters for five states, will be the first of its kind in the nation. Similar ones are proposed in the seven other regions.

The House failed to include any funds for the Denton center when it passed the supplemental appropriations bill earlier but the Senate allowed \$2,700,000 for it. The \$2,400,000 was agreed on in a House-Senate conference committee.

Welcome W. Wilson, regional director of civil defense at Denton, said preliminary plans call for the center to extend three stories underground. The amount of floor

space is to be determined later. It will include a one-story entrance and reception office above ground, with decontamination facilities for protection from nuclear fall-out and other protective innovations.

Another specification calls for the structure to be capable of withstanding 30 pounds of pressure. By contrast, Wilson said, two pounds of pressure would destroy the average office building above ground.

This means, he added, that under certain conditions the Denton center could survive a hydrogen explosion no more than three miles distant.

The underground center will house an 85-member staff serving Texas, Louisiana, Arkansas, Oklahoma and New Mexico.

"In event of an emergency, this center would be occupied by about 500 federal officials who run various agencies in the five-state area. Most of them now have headquarters in Dallas," Wilson said.

Final Military Tribute Today For 'Bull' Halsey

WASHINGTON (AP) — The nation today buries one of its great naval heroes, Fleet Adm. William F. Halsey.

Final military tribute was prepared for the pugnacious "Bull" Halsey, whose 3rd Fleet outfoxed the Japanese Admiralty and sank the best of its fighting ships in World War II.

His body lay, with honor guard, in Washington National Cathedral. It was brought here Wednesday from Fishers Island, N.Y., where he died Sunday. The retired admiral was 76.

Gathering for the Cathedral

services and the burial in Arlington National Cemetery this afternoon were the chief civilian and military leaders of the Defense Department, government officials, many personal friends and some of those who served with Halsey in the great days of the mighty Pacific campaigns.

At the cemetery gate, the caisson would be transferred to a horse drawn caisson. Troops from each of the military services awaited to march the final way with Halsey, with a Navy band measuring the slow pace and a cannon shot counting off each minute on the way to the gravesite.

There, on a hillside, the admiral would join in death his father and mother. Navy Capt. William F. Halsey Sr. and Mrs. Halsey are buried beside the place chosen for their famous son.

Halsey had a special honor guard for the funeral—Gen. Nathan Twining, chairman of the Joint Chiefs of Staff; Adm. Arleigh A. Burke, chief of naval operations; Gen. Lyman L. Lemnitzer, Army chief of staff; Gen. Thomas D. White, Air Force chief of staff; Gen. Randolph M. Pate, Marine commandant, and Rear Adm. James A. Hirschfield, commandant of the Coast Guard.

20 Killed As Mad Elephant Crashes Crowd

KANDY, Ceylon (AP)—A maddened temple elephant charged a crowd of 200,000 at a religious festival Wednesday night. Twenty persons were reported killed in the crush and thousands injured.

Several persons were reported missing. It was feared some had fallen or jumped into Kandy Lake nearby.

The elephant was one of more than 100 participating with dancers and drummers in an annual Buddhist pageant called Perahera.

The animal became infuriated when it stepped on burning coals which had dropped from a flaming torch. It wheeled about and charged, and the crowd ran screaming in panic, seeking shelter in nearby buildings, atop walls and in trees.

Two mahouts clung to the elephant's tail and trunk. They finally stopped it and chained it to a lamppost. But the noise of the surging crowd set the beast off again and it broke loose, smashing shop fronts and trampling obstacles in its path.

Police finally shot and killed the animal on the street.

The Perahera pageant centered on the Temple of the Holy Tooth, one of Buddhism's most sacred spots. The temple houses a tooth supposed to have come from the jaw of Buddha, who founded the religion 25 centuries ago.

The temple is in one of Kandy's busiest sectors, surrounded by shops and near the popular Queen's Hotel.

A similar incident occurred during a Buddhist procession five days ago near Colombo and 100 persons were injured.

T&P Is Sued For \$75,000

A suit for damages has been filed against Texas and Pacific Railway by James Richard Miller in 118th District Court.

Miller says in his petition that he was injured Jan. 2, while working as a yard clerk in the T&P Railway yards. He was struck by a switch engine and received injuries including fractured bones.

He is seeking \$75,000 in damages.

FDR Memorial

WASHINGTON (AP)—A resolution to reserve a 27-acre site for a memorial to the late President Franklin D. Roosevelt was approved Wednesday by the Senate Rules Committee. The House already has passed it.

The memorial is to be located near the Tidal Basin, southeast of the Lincoln Memorial. Money for building it would be raised by private subscription.

100th Birthday For Mrs. McGraw

TROY, N.Y. (AP) — Mrs. Mary A. McGraw celebrated her 90th birthday anniversary last year. This year she is 100. A family friend, the Rt. Rev. Joseph M. O'Connor, checked her birth certificate and found she was born Aug. 17, 1859, not in 1860, as she had believed.

Radio Transfer

WASHINGTON (AP) — KAMQ Broadcasters Ltd., asked the communications commission Wednesday to let it transfer the license of Amarillo Station KAMQ to Amarillo Broadcasters, Ltd., a corporation similar to that of the present firm.

The FCC cancelled the license of C&F Musicasting Co. to operate FM Station KDFW at Cedar Hill, Tex.

TRICKY MEASURE

Tuskegee Bill Is Passed By Alabama

MONTGOMERY, Ala. (AP) — Race-minded Alabama lawmakers have renewed their outlay of Tuskegee Institute, but it may become a legal springboard to publicly financed private white schools.

The \$767,000 two-year grant, roughly 10 per cent of Tuskegee's budget, also poses as a veiled dagger which could strike at the financial heart of the famed-Negro college.

Amid corridor-talk of the new segregation scheme, it was clear more than idle generosity prompted the legislature Wednesday to earmark \$383,000 for Tuskegee next year and \$384,000 the following year.

Legislators privately planning the legal test, aimed at a ruling on whether public funds can be used for private segregated schools, figure they have nothing to lose and all to gain.

Giving the U. S. Supreme Court such a major segregation riddle, the strategists say, would result either in economy or—better still—a possible new way to keep Negro children out of white schools.

Key to the court test is a promised suit challenging the Tuskegee appropriation as an illegal use of public funds on a private segregated school. Only Negroes attend privately endowed Tuskegee Institute.

State money has been allocated annually to the college under a 1945 law providing aid for students who want specialized courses unavailable in tax-supported institutions.

Planners of the private school test want the Supreme Court to

uphold the Tuskegee grant, hoping the decision would set a precedent to allow the state to put up cash for private white schools.

The widespread view on such a ruling is that the Tuskegee appropriation would be a cheap price for possible victory in the South's long struggle to keep white pupils and Negroes in separate classrooms.

But if the tribunal decided the Tuskegee outlay is illegal, segregationists then could tell the college that the Supreme Court cut off its funds. The result: a state saving of about \$385,000 a year.

Besides Alabama's pupil placement law, which gives local boards vast powers in assigning pupils to schools, the state has several other laws designed to ward off integration.

They authorize local and state-wide shutdowns, sale of school properties to private corporations, and one-school districts which officials hope could close if necessary and not affect classes elsewhere.

Miss Belgium

One of the beautiful girls who came to California for the Miss Universe pageant was Liliane Taelmans, Miss Belgium. By chance Lydia Lane met her in Brussels and in today's column tells of the interview.

HOLLYWOOD BEAUTY

Miss Belgium Gives Advice On Beauty

By LYDIA LANE BRUSSELS - We stopped for an aperitif at a little sidewalk cafe near our hotel in Brussels, and sitting alone at a table nearby was a beautiful blonde sipping red wine. Suddenly she smiled at me and I realized it was the former Miss Belgium, Liliane Taelmans. I had met her in Long Beach, Calif., at the Miss Universe beauty pageant.

What a surprise seeing you here, I said, inviting her to join us. "I came to see my family," she said, "and while I am here I want some new clothes to take back to Hollywood."

1368 12 1/2-26 1/2 WITH THE NEW PHOTO-GUIDE

Half-Size Frock

A carefully tailored shirt dress that has practically no alterations for the half-size figure. No. 1368 with PHOTO-GUIDE is in sizes 12 1/2, 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2, 26 1/2. Bust 33 to 47. Size 14 1/2, 35 bust, 5 yards of 35-inch.

Green-White Is Coffee Decor

Emerald green and white were predominant in decor for the bridal shower and coffee held this morning in the home of Mrs. Hayden Griffith. Co-hostess was Mrs. Zollie Boykin.

Late Summer Trips, Guests Make News

WESTBROOK - Mr. and Mrs. Vance Armstrong and Tommy of Jal, N. M., have been visiting this week with her mother, Mrs. Annie Bell, and other relatives.

Spears To Vacation Out Of State

COAHOMA - Mr. and Mrs. J. D. Spears will leave this weekend for a two-week vacation in Colorado and Wyoming.

Mr. and Mrs. George Bacon have been in Tahoka to attend the funeral of Mrs. Bacon's mother, Mrs. Drucilla Hallmark.

Baptist Women Elect

WESTBROOK - Officers of the First Baptist W.M.U. were elected recently in a business meeting at the church.

Mrs. Parrish Observes 87th Birthday At Party

WESTBROOK - Mrs. J. R. Parrish of Coahoma celebrated her 87th birthday Sunday with a family party at the home of Mrs. Curtis Thomas.

Lions Auxiliary Meets At Coffee

Members of the Lions Auxiliary mingled and visited together Wednesday morning at the home of Mrs. M. A. Cook.

Family Gathering At Ackerly Draws 23

ACKERLY - A family gathering at the home of Mr. and Mrs. Marvin Coleman was held recently to celebrate several birthdays among the group.

Foshees Visit

Mr. and Mrs. R. F. Foshee, Larry and Patty of Mesquite are spending the week here with Mrs. Foshee's sister, Mrs. Eunice Hickson, and a niece, Doreen Robertson.

Kittie's Beauty Salon 103 W. 9th AM 4-7985 Where expert manicuring goes with expert hair styling.

Crocheted Cape

Crocheted in the easy-to-do shell stitch, this attractive cape is nice to wear with slim or bouffant frocks.

'ROUND TOWN

With Lucille Pickle

Guests of MR. AND MRS. C. T. CLAY and their sons have been Mrs. J. W. Costlow of LaRue, her daughter and her family.

MRS. TED PHILLIPS and her son, Doyle, have recently returned from Indian Lodge in the Davis Mountains where they spent several days.

MRS. RAY BAHN, and her daughter, Elmora, of Amarillo, joined her sister, Mrs. J. E. Hogan, for a five day trip to Magnolia, Ark.

MRS. ROBERT ANGEL is here for a visit in the home of Mr. and Mrs. Clyde Angel.

Off for Ruidoso, N. M., this morning were MR. AND MRS. ROBERT STRIPLING who will have as their weekend guests the Floyd Parsons family.

MR. AND MRS. C. L. LUMPKINS returned late Tuesday from a trip to Santa Fe, N. M., and Denver, Colo.

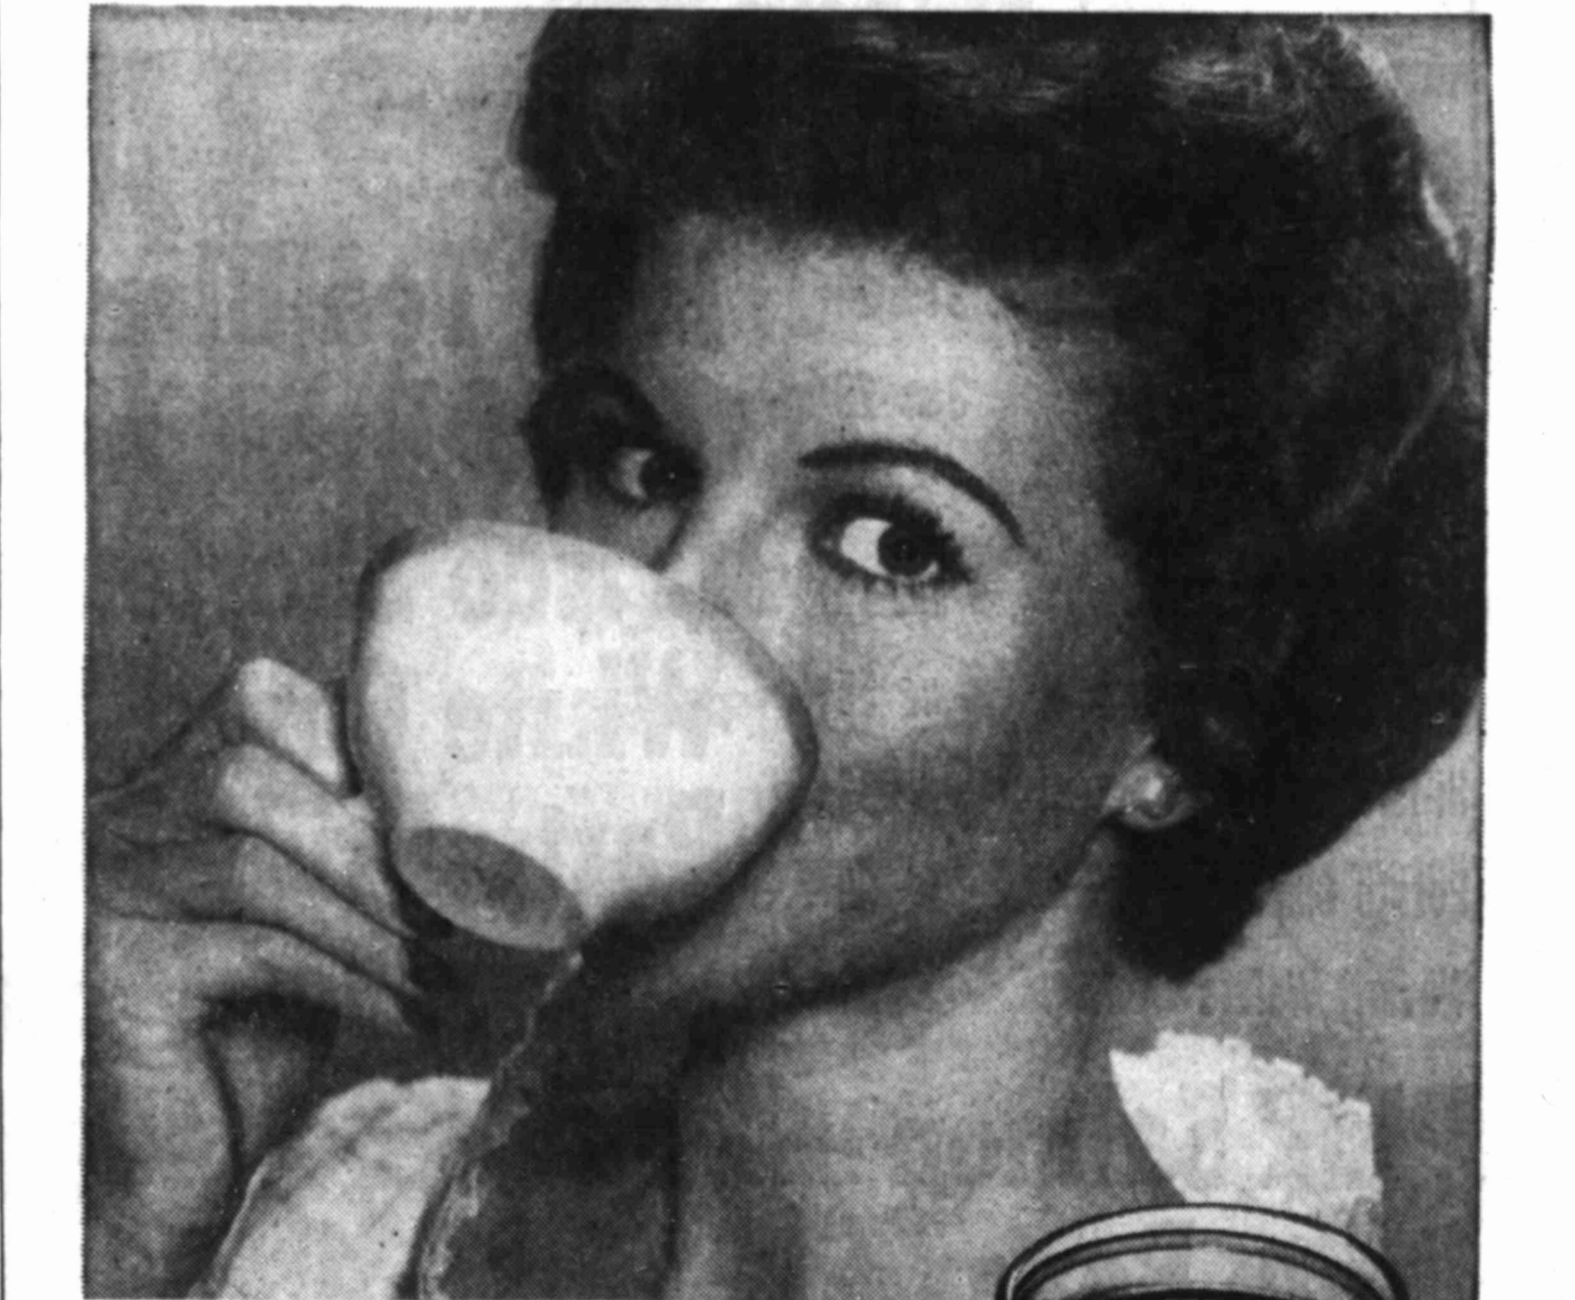

HUBERT MURPHY of Lamesa will join Tommy Pickle and Frankie Hardesty Friday morning and the three will go to Fort Worth

Pork To Be Plentiful

Pork stands out among foods expected to be plentiful at Texas markets in September. The spring pig crop was 12 per cent larger than a year ago and heavy fall marketings probably will start earlier than usual this year.

DeLuxe Birthday Cake

This confection castle greeted guests of Becky Smith when little friends came recently to celebrate her fourth birthday. The artisan was her mother, Mrs. E. C. Smith, 1701 Yale, who's sister-in-law helped her create the clever cake. Scores of tiny marshmallows and silver dragees were used in decorating. Mrs. Smith tells how to make one in the accompanying story.

Castle Birthday Cake Is Center Of Attraction At Becky's Party

Four-year-old Becky Smith, daughter of Mr. and Mrs. E. C. Smith, 1701 Yale, was the envy of her set recently when her mother hosted a birthday party in her honor. The reason was the mammoth and spectacular birthday cake, made to resemble a fairyland castle.

Mrs. Smith had never tackled such a project before. But her sister-in-law, Mrs. Arnold Stovall of San Angelo, had and she came over to lend her support. The job required hours of labor, in two or three sessions; but if you are free of interruptions, it might take half a day.

From the oh's and ah's of all who came and saw and tasted, the cake was worth every minute of it. Here's how she made it.

Stirring up a double recipe of a two-egg cake (or 2 packages of white cake mix may be used), she baked it in three tiers and iced it with a double recipe of fluffy boiled icing. The confection was placed on a large mirror to represent the moat around the castle.

Next, she beat egg whites stiff and added enough powdered sugar (3 boxes) to insure a thick and hardening mixture. She had used a blanket box for the base of a fence and, while the mixture was soft, paved the fence inside and outside with part of the six large packages of miniature marshmallows which she had stocked. Silver dragees decorated both the fence and the tiered cake.

Using cardboard center from waxed paper or foil, she cut four spirals for the corner turrets and one for the center of the cake, topping each with an upside-down ice cream cone. The whole she iced and covered with marshmallows, decorating again with silver dragees.

Small flags for each spiral were made of colored construction paper and toothpicks, as was the drawbridge, with ribbon as the rope. For the final touch, she

edged the mirror with green grass to look like a hedge. Should you make one, store the cake in a dry place to prevent the marshmallows from slipping out of position.

No telling what kind of cake Mrs. Smith will be baking for her other three youngsters' birthdays. There are Vicky, 2; Cindy, 8 and a third grader; and Mike, a 10-year-old fifth grader. Their father heads the E. C. Smith Construction Co.

Mrs. Smith declares she likes to eat, so it follows that she likes to cook. She shares today some of the family's old favorites.

Keeping up with four youngsters rather monopolizes her attention. However, she does take part in Junior Woman's Forum and the Mu Zeta Chapter of Beta Sigma Phi, allowing a little time for sewing whenever possible.

Try her recipes:
TWO EGG CAKE
2 cups cake flour
1-3 cup sugar
2 1/2 tsp. baking powder
1/4 tsp. salt
1/2 cup shortening
1 cup milk
1 tsp. vanilla
2 eggs
Combine ingredients in customary order. Bake at 350 degrees until cake springs back to touch.

FLUFFY BOILED ICING
1 cup sugar
1-3 cup water
1 tsp. light corn syrup
1/4 tsp. salt
Stir until blended. Boil slowly without stirring until it will spin a long thread. Beat in mixer 2 egg whites. Add sauce. Beat until fluffy.

CHERRY ICEBOX PIE
1 can sweetened condensed milk
1/2 cup fresh lemon juice
1/4 pt. whipping cream with cherries, drained
1-3 cup sugar added
1-1/2 lb. can sour pitted red cherries, drained
Combine milk and lemon juice and let stand while whipping

ways to preserve peaches at home. Select firm, but ripe fruit — without bruises. Slice or chop as desired. Pack with sugar, cold sirup or unsweetened depending on use planned. A 40 per cent sirup — three cups sugar to four cups water — is generally best. Add ascorbic acid to prevent darkening — one-half teaspoon to each quart of cold sirup. Cover all fruit with sirup in moisture-proof containers. Serve while crunchy-firm or still slightly frozen.

Peach jelly may be made from strained peach nectar so the product will be clear. Cook with or without added pectin.
Peach jam is made by cooking crushed or ground fruit with sugar until the mixture thickens. A "ginger-peachy" jam combines crushed peaches, sugar, lemon juice, candied ginger and pectin.
Conserves are jams made with a mixture of fruits, often including citrus varieties and sometimes raisins or nuts. A special peach conserve could include chopped oranges, almonds or pecans, sugar and cloves or ginger.
Peach Preserves contain whole fruits or large pieces of fruit in thick, slightly jellied sirup. Pectin is not always necessary.

There are literally dozens of ways this colorful, appetizing fruit can be prepared for use months later. And each is a star in its own right. Now is the time to make your reservation for sun-sweet peaches on your Thanksgiving or Christmas table.
Freezing is one of the simplest

Foreign Delicacies Are Gaining Followers Here

A spirit of adventure, a desire to try the new and different, has always characterized the American people, and our tastes in foods are changing rapidly as a result. Airplanes have made it possible for Americans to travel all over the world on the traditional "two weeks with pay," and we are discovering expensive delicacies abroad which American homemakers can prepare easily and sometimes very inexpensively at home.

Dietetic surveys indicate that many American homemakers are abandoning their former "meat and potatoes" meal in favor of new-found favorites. "Pate," a French cuisine favorite, is one of the exotically-named foods which world-travelers are preparing and serving at home.

Typical of the world-famous foods created by French chefs,

"Pate" is simple and inexpensive to prepare, depending on its popularity for the delightful blending of flavors. Serve it with grated egg yolk as a main course, an appetizer, or a sandwich filling.

PATE DE FOIE GRAS
1/2 lb. beef or calf's liver
1/2 tsp. salt
Dash pepper
2 medium onions, sliced
4 tbsps. cooking oil
3 hard-cooked eggs
2 tbsps. grated onion
Season liver with salt and pepper. Saute onions in skillet in four tablespoons hot fat. Brown liver in same skillet over medium heat about six to 10 minutes. Cool; put liver, sauteed onions and eggs through food chopper.
Blend well with grated onion, making a thick paste. Add additional salt and pepper to taste. Turn into serving bowl; chill.

Capitalize On Lemons In Gustatory Treats

People of Asia variously dubbed lemons as lebu, nembu, liminci, limo and even limon. The Mongolians of the 12th century probably called them "li-mung," when they squeezed out the first drink of lemonade.

Regardless of what you call them, lemons are abundant this month. The Agricultural Marketing Service lists them as a plentiful food and looks to a crop 28 per cent larger than average.

Back in 1848, however, the supply of lemons was not so good. They sold as high as a dollar apiece in California. That was during the famous gold rush when most foods were scarce and high priced.

This year when supplies are adequate and prices are much lower than 1848, careful selection of lemons is suggested. Shop for lemons with fine-textured skins, heavy for their size and springy to the touch.

Lemons have many uses other than in lemonade, say AMS home economists. For instance, juice mixed with melted butter and parsley makes a simple, yet delicious sauce to go with fish. This sauce also is good on cooked carrots.

To tone up the flavor of a slice of cantaloupe, squeeze a little lemon juice over the top. Or, do the same with prunes or bananas.

Another suggestion, when making an omelet, add a dash of lemon juice to the egg whites after they are fairly well beaten. They will then hold their "fluff" when adding other ingredients.

So, no matter how you spell it or use it, lemons are a perfect food to enrich summer appetites and quench summer thirsts.

Try Making Your Own Mayonnaise

When you prepare for family cook-outs as well as for every day cooking, you will find plenty of butter, margarine, lard and cooking oils this summer.

Increased output is expected for all major items except butter. Last year's soybean crop, now being crushed, was nearly 19 per cent larger than a year earlier.

On the average, each of us used about 46 pounds, fat content of food fats and oils last year, says the U. S. Department of Agriculture.

With both oils and eggs — so plentiful, why not make your own mayonnaise? You'll need 2 egg yolks, 1 teaspoon salt, dash paprika, 1 tablespoon boiling water, 1 pint salad oil, juice of 1 1/2 lemons.

Before you begin, all ingredients but water should be cold. Beat egg yolks thoroughly. Add salt and paprika and beat in boiling water. Add oil gradually in a thin drizzle beating constantly.

As the mixture thickens, beat in a few drops of lemon juice. Continue beating, adding oil alternately with lemon juice until both are used. Makes about 1 1/2 pints.

Green Salad Needs Good Dressing

Throughout the year—but particularly during the summer months—cottage cheese is one of the most versatile of foods. Its bland flavor and easy digestibility undoubtedly contribute to its appeal during warm weather when appetites often are at low ebb.

Fortunately cottage cheese is a nourishing food that can well afford to be included frequently in summertime meals.

Because of its high protein content, it may be safely substituted for meat. A half cup provides as much protein as an average serving of meat, poultry or fish.

And one and a half cups of cottage cheese contains the same amount of calcium as an eight ounce glass of milk.

There is more than enough protein and calcium in the following salad dressing. It is a creamy, garlic flavored one, which is especially appropriate served on a salad of garden tomatoes and cucumber slices.

Remove crusts from bread. Cut bread lengthwise into four even slices. Spread all inside slices with butter. Spread tuna mixture on the top of the first slice. Cover with the second slice, spread with mayonnaise, and top with a layer of tomatoes. Cover with the third slice and spread with pimiento cheese. Cover with the top slice.

Combine milk, salt, and cream cheese. Whip until light and fluffy. Spread over the entire loaf. Chill for at least two hours. Garnish with olives, tomatoes, and parsley. Serves six.

Try This

Most recipes for braising short ribs (beef) call for water as the liquid but tomato juice makes an excellent substitute.

Fresh Plums
It's a good idea to prick fresh plums in several places before stewing them.

No Matter What Its Origin, Caesar Salad's Popularity Grows

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

From a town in northern Mexico comes a salad that has probably caused more talk than any other in the United States' history of salad eating.

The Caesar Salad, named for the restaurant that first served it some 60 to 70 years ago, is still going strong. California restaurateurs have claimed it, but our research convinces us that it really did originate in Tijuana at Caesar's Restaurant.

CAESAR SALAD

The salad didn't catch on with home cooks all over the country until about a dozen years ago when New York's Waldorf-Astoria hotel served it with much fanfare to a group of food editors who saw its merits and passed along the good word.

For a while after that table conversation buzzed over it, then talk died down—and so did the salad. Now we think it's time to revive it.

Through the years Caesar Salad has taken on ingredients because American cooks, including us, can never leave well enough alone. But thank heaven the essentials are still the same—crisp greens (originally only romaine), grated Parmesan cheese, an egg, garlic and croutons. In the following version we add two popular additions — anchovies and blue cheese.

According to an eye-witness,

when the salad was served at Caesar's a rite was made of it. The waiter brought a small table with the ingredients, and when the egg (originally coddled) was cracked and dropped over the greens, eyes popped.

If you're a culinary exhibitionist, you can do likewise at your own table. One of the interesting things about this salad is that after it is tossed, you would never know a raw egg makes part of its dressing.

serve at once. Makes six to eight servings.

Note: To make croutons, trim crust from four slices of white bread. Brush both sides of bread, using 2 tablespoons corn oil. Cut into cubes, place on a cookie sheet or a very shallow pan and toast in a moderate (350 degrees) oven 10 to 15 minutes or until golden brown.

For a while after that table conversation buzzed over it, then talk died down—and so did the salad. Now we think it's time to revive it.

But thank heaven the essentials are still the same—crisp greens (originally only romaine), grated Parmesan cheese, an egg, garlic and croutons. In the following version we add two popular additions — anchovies and blue cheese.

According to an eye-witness,

A Sandwich Loaf Adds To Party

Pretty enough for a party is a sandwich loaf frosted with a basic mixture of cream cheese. Garlic may be anything you like, but olives, tomatoes and parsley lend themselves well to the chore.

Try this recipe:
FROSTED TUNA SANDWICH LOAF
1 can (6 1/2 or 7 ounces) tuna
1-3 cup mayonnaise or salad dressing
1 pound unsalted white bread
1/2 cup butter or margarine
3 tbsps. mayonnaise or salad dressing
2 tomatoes, peeled and sliced
2 tbsps. milk
1/4 tsp. salt
1 package (8 ounces) cream cheese
Sliced stuffed olives
Tomato wedges
Parsley sprigs
Drain tuna. Flake. Add mayonnaise; blend.

Remove crusts from bread. Cut bread lengthwise into four even slices. Spread all inside slices with butter. Spread tuna mixture on the top of the first slice. Cover with the second slice, spread with mayonnaise, and top with a layer of tomatoes. Cover with the third slice and spread with pimiento cheese. Cover with the top slice.

Combine milk, salt, and cream cheese. Whip until light and fluffy. Spread over the entire loaf. Chill for at least two hours. Garnish with olives, tomatoes, and parsley. Serves six.

Peachorama Is Array Of Treats

Both growers and consumers of this area are playing star roles right now in "Peachorama, 1959." It's a masterful production — the greatest peach picture since 1946. Crop estimates of the Agricultural Marketing Service put harvest at nearly 76 million bushels — 7 per cent more than last year and 23 per cent more than average.

Fresh peaches, of course, draw the spotlight. Their impeccable delivery of refreshing nutrition draws accolades of applause from all who appreciate the finer delicacies of summer. They'll draw out the sparkle in your eye because they're at their best.

But there's a lot more. Picture the impressive array of others in the cast. Visualize peach jelly, peach jam, peach preserves, peach marmalades, preserves, frozen peaches, pickled peaches or canned peaches.

There are literally dozens of ways this colorful, appetizing fruit can be prepared for use months later. And each is a star in its own right. Now is the time to make your reservation for sun-sweet peaches on your Thanksgiving or Christmas table.

Pascual Gets Wild And Warriors Win

By ED WILKS
Associated Press Sports Writer

A right reluctant bunch of pennant contenders, these Cleveland Indians. They lose four in a row, blowing leads in three of them, and almost make it five—getting the cushion they needed on a bases-loaded walk.

Cleveland junked the slump with a 5-4 decision over last place Washington Wednesday night, moving within 3 1/2 games of Chicago in the American League race after the White Sox had been split 3-1 by Baltimore in an afternoon game.

The Indians did some blowing in this one, too, after building a 4-1 lead on homers by Woody Held and fourth-inning triple to Vic Power and then walked three in a row.

New York came from five runs back and beat Detroit 10-5. Kansas City beat Boston 6-3.

Rookie Larry Locke saved it for the Indians and Cal McLish (15-6), coming on with none out in the eighth after the Nats had scored three runs on Bob Allison's 23rd homer and Harmon Killebrew's 37th.

Held's 22nd home run broke a 1-1 tie for the Indians in the second inning against loser Bill Fischer (8-9).

Baltimore beat the White Sox and Bob Shaw (12-4) on Bob Boyd's two-run single with two out in the first. Billy O'Dell (7-10) was the winner.

Frank Lary (15-8), who had won seven in a row from the Yankees since July of last year, was chased in a four-run fifth. Marv Throneberry and Hector Lopez hammered two-run homers for the Yankees while Whitey Ford (13-6) won his fifth in a row with 5 2/3 innings of shutout relief. The Tigers scored their five against Eli Grba and Bob Turley.

Bud Daley, (15-7) beat the Red Sox with a four-hitter giving up Dick Gernert's 10th home run and Jackie Jensen's 25th. Frank Sullivan (7-8) was the loser.

There wasn't an injury on either squad and two 200-pound lines will face each other before 15,000 fans at the Midwestern University stadium.

Coach Marvin Martin of Tulsa Webster High School has Don Truell of Oklahoma City Southeast as key man in his split T attack. Coach Claude Gilstrap of Arlington State College is building his offense around Johnny Genung, the all-state quarterback from Texas champion Wichita Falls.

Gilstrap also liked the passing of Arlan Flake of Lubbock and the running of Ronnie Goodwin of Odessa.

Women interested in bowling in the Blue Monday Bowlerette league should contact Veda Bruffat, telephone number AM 3-3782, within the next few days.

The circuit plans to begin play Sept. 14 and will bowl every Monday thereafter, starting at 9:15 a.m.

Incidentally, Collidge Hunt, the all-state back for Lubbock High School, will go to the University of Oklahoma. He had signed a letter of intent to attend Texas Tech.

Hunt is the young buffalo who gained more ground running with the ball than did Big Spring's Wayne Fields. Last year, Bob Blaik, son of the former West Point mentor, Earl Blaik, was one of the OU coaches who signed Hunt.

Mesa H. gave indications of returning to his better form — was a fast closing second his last out. R. E. Hilt's Liveltup usually

gives a good account of himself while the Haymaker Farm's (Dale Robertson) Noble Venture has had a race over this oval in the mud — might do better on a fast track.

Remaining sprinters: Condemnation, Dream Mint, Saygo, Jane Pere, Camarista and Re Plow.

Condemnation is owned by Jess Wilbanks of Big Spring, Texas.

These will go to football players who wish to pursue graduate studies, one from each NCAA district. The award of the fellowships will be made by the National Football Foundation.

The eight Blaik fellowship winners will be presented with their award at the foundation's second annual awards dinner in New York Dec. 1.

Col. Blaik's articles, which are being distributed by AP News Features, will start the first week in September.

Ray Jablonski Goes To A's

KANSAS CITY (AP) — The Kansas City Athletics Wednesday night bought third baseman Ray Jablonski from the St. Louis Cardinals and infielder-outfielder Joe Morgan from Louisville of the American Assn.

To make room for the pair, the A's sold infielder Ray Boone to Milwaukee and infielder Preston Ward to Louisville. Milwaukee farm club. Sale prices were not disclosed.

It's a tough thing to admit you're through, but the time has come," Sauer said. "And the time is now for me. My reflexes are gone, and I can't get around on a pitch like I should."

Sauer looked around the clubhouse after the Giants had dropped a 5-2 decision to the Milwaukee Braves and pointed to such stars as Willie Mays, Orlando Cepeda, Willie Kirkland and Jackie Brandt.

"This is the game for them," he said. "There isn't room for fellows like me. That's the reason I have to step out."

Sauer, whose 6-foot-4, 200-pound build belies his age, was relegated to a pinchhitting role by the Giants this season. He managed only one hit in 15 times at bat. That was a home run, No. 288 of his National League career.

Sauer was the league's Most Valuable Player in 1952 when he hit 37 homers and drove in 121 runs for the Chicago Cubs, and was voted to the All-Star team twice. He first came up to the majors with Cincinnati in 1941.

Ladies, Now Is The Time To Join A Daytime Ladies' League

LOOKING 'EM OVER

With Tommy Hart

A few days ago, L. L. (Red) Lewis received a letter from a Dallas boy who pointedly asked the HJJC track mentor:

"If I came out there, do you suppose anyone would ever hear of me?"

It's quite obvious that most everyone living around the Fort Worth-Dallas area regards a city this size as "the sticks" and its schools as something less than big league.

Still, the fame of the local college and its athletes is getting around.

How else would all seven of the seniors on the Jayhawk track team last spring get scholarships with senior colleges? It's hard to bat better than 1.000 in any league and Lewis has every right to feel proud of the fact that all of his boys are going to continue their schooling with help from the former Jayhawks are going:

Here's a rundown on where the former Jayhawks are going: Hurdler Don Anderson—University of Alabama, Tuscaloosa, Ala. Miller Darrell Froman—New Mexico State, Las Cruces, N. M. Sprinter Clyde Dabbs—McNeese State, Lake Charles, La. Sprinter Sammy Kruse—McNeese.

Quarter miler Millard Bennett—East Texas State, Commerce. Sprinter Fred Thompson—East Texas. Pole vaulter Delbert Shirey—Texas Tech, Lubbock.

One of Lewis' distance runners of two seasons back, Bobby Fuller, is in the University of Florida on a scholarship.

Jim Bob Thomas, the 5.5 sprinter from Fort Worth's North Side, has informed Lewis that he definitely will attend school here. So has Tiffin Stone, the discus thrower from Midland.

Had a Western lineman and an Eastern back been named winners of the Most Valuable Player awards in last weekend's Greenbelt Bowl football game at Childress, Big Spring's Chubby Moser most likely would have earned the lineman's premium.

As it was, Larry Kimberlin of Breckenridge, a center for the East, was selected; along with quarterback Jim Dawson of Borger, who performed for the West.

Mitchell Mabe of the local coach who saw the game, said Moser was easily the most outstanding lineman on the field.

The game resulted in a 14-14 deadlock, so it was natural that a player from each squad was honored.

Malouf said Big Spring's Benny McCrary also played a stand-out game as a defensive halfback, coming up several times to make tackles on the line.

Mitchell also stated he thought Perryton's Earl McKinley was the best back the West had. At last report, McKinley was undecided about his future schooling but apparently will get plenty of offers on the strength of his play at Childress.

Dawson is or was headed for West Texas State while Kimberlin is bound for Texas Tech.

Moser is still undecided but may wind up playing baseball for Sul Ross. McCrary was going to Austin College in Sherman.

Incidentally, Collidge Hunt, the all-state back for Lubbock High School, will go to the University of Oklahoma. He had signed a letter of intent to attend Texas Tech.

Hunt is the young buffalo who gained more ground running with the ball than did Big Spring's Wayne Fields. Last year, Bob Blaik, son of the former West Point mentor, Earl Blaik, was one of the OU coaches who signed Hunt.

AT RUIDOSO DOWNS Wilbanks' Horse In Friday Event

RUIDOSO, N. M. (SC) — With only four more weekends of racing to go Ruidoso Downs, rapidly climbing to the number one spot as the Sunshine State's leading tourist attraction, comes forth with "The Mr. Bar None" and "The Carrizo Canyon" Allowances Friday.

In the 850-yard "Mr. Bar None," honoring 1958's Triple Crown king of quarter racing, it looks as if Bull Eagle, carrying the colors of Lester Goodson's stout stable of Magnolia, Texas, might be the public choice off his good race to Do It For Me his last start.

Blue Bars won her last out easily — seems to be improving — could beat his hand while Fillice Feline has been running improving races lately and doesn't seem to be over-matched here.

Remaining speed-runners: Miss Ringo, Pamie Jo, Sierra Hotshot, Salty K.K. and Redway Nip.

In "The Carrizo Canyon," a 6 furlong allowance, H. G. Well's Turkson appears to be in a likely spot to make amends for his recent defeats. This bright day vanned here from Hollywood Park with excellent races to his credit — may have needed some outs over this oval.

Mesa H. gave indications of returning to his better form — was a fast closing second his last out. R. E. Hilt's Liveltup usually

gives a good account of himself while the Haymaker Farm's (Dale Robertson) Noble Venture has had a race over this oval in the mud — might do better on a fast track.

Remaining sprinters: Condemnation, Dream Mint, Saygo, Jane Pere, Camarista and Re Plow.

Condemnation is owned by Jess Wilbanks of Big Spring, Texas.

These will go to football players who wish to pursue graduate studies, one from each NCAA district. The award of the fellowships will be made by the National Football Foundation.

The eight Blaik fellowship winners will be presented with their award at the foundation's second annual awards dinner in New York Dec. 1.

Col. Blaik's articles, which are being distributed by AP News Features, will start the first week in September.

Versatile Teams Poised To Meet

WICHITA FALLS (AP) — Versatile teams clash here Friday night in the thirteenth Oil Bowl football game with Texas favored as usual to whip Oklahoma.

The Texans were

Apostoli Looks For Real Bout

By ALAN CLINE
SAN FRANCISCO (AP)—Fred Apostoli, top middleweight 30 years ago, is certain that Gene Fullmer-Carmen Basilio Aug. 26 NBA in 14-d weight title fight will be a donnybrook worthy of any championship.

FULLMER
He is a certain things can't be as confusing in the 160-pound division as they were when he wore at least a chunk of the crown in 1938-39.

"To this day I don't know what the title was," Apostoli said. "It was fouled up from the time Mickey Walker retired in 1931 until Tony Zale cleared it up by beating George Adams 10 years later."

Now the situation is again muddled. The National Boxing Assn. stripped Ray Robinson of the world title and sanctioned the Basilio-Fullmer-Cow Palace 15-round.

The winner will be recognized as champion in NBA territory, everywhere in the U.S. but New York and Massachusetts.

After watching Basilio and Fullmer, both former world champions in a non-disputed era, Apostoli enthusiastically predicted their fight would equal any mid-dewweight brawl.

He refused to pick a winner, but predicted a knockout within 10 rounds.

Four Deer Killed

HARRISONBURG, Va. (AP)—Jennings Whitmer, game warden for Rockingham County, Va., thinks a motorist here set a record. He killed four whitetail deer in one accident. The car was not badly damaged.

Bout Between Moore And Brown Talked

By PATRICK McNULTY
LOS ANGELES (AP)—A title fight with Lightweight Champion Joe Brown may be in the works for World Featherweight Champion Davey Moore, who Wednesday night stopped Hogan Kid Bassey in 11 rounds.

Moore's manager, Willie Ketchum, said the Brown fight was fine with him "providing the money is right."

Moore, who bombed out Bassey, said he isn't trying to invade other divisions. But he added: "Frankly, I'd like to meet World Bantamweight Champion Jose Beerra for my featherweight championship. But, I'm in this business for the money and I'll fight anybody if the price is right."

Matchmaker George Parnassus, who masterminded the Moore-Bassey title fight, said a Moore-Brown battle for the lightweight title would be a natural.

"It took Moore seven times on the scale to make the 126-pound limit for Bassey," Parnassus said. "He could easily come in at 122 or 123."

Moore finally weighed in at 126, a pound more than Bassey.

A Moore-Becerra featherweight title scrap would be a natural too, especially in Los Angeles, where the large Mexican population idolizes the little 118-pound champ from Mexico. But Beerra is committed for an October rematch with Alphonse Halimi of France, from whom he won the title last month.

Moore stopped Bassey so convincingly at the Olympic Auditorium that the little batter from British West Africa was asked to retire by his manager, George Biddies.

Bassey, who appeared at a press party with dark glasses hiding a swollen right eye and a bandage over a badly bruised right hand, said:

"This is not a decision I can make in a moment. I must think it over."

Sharp-shooting Moore, who took the title from Bassey last March, counter-punched Bassey into a tottering derelict at the end of the 10th round.

Bassey sprawled on his stool and refused to come out for the 11th round.

When Referee Frankie Van asked if he was all right, Bassey peered up with a partly-closed right eye and said:

"No, I don't wish to go out."

A second shouted "go, go" and tried to put the mouthpiece into Bassey's mouth. But the battered Nigerian merely shook his head.

By this time the bell had sounded for round 11. Moore had rushed across the ring and was jiggling happily in front of the anxious referee before Bassey's corner when Referee Van relented and raised Moore's arm in victory.

A crowd of 7,450 paid a gross gate of \$47,100.40 to watch the scrap, which was televised nationally over the ABC network.

TV receipts totaled \$40,000. Each fighter got 30 per cent of all revenue.

Bassey knew that, as challenger, he had to take the title from Moore, who hailed from Springfield, Ohio. He tried gallantly to nail Moore but the champion played a waiting game and picked Bassey apart with savage counter-punches.

Ninowski Still Question Mark

By FRITZ HOWELL
CLEVELAND (AP) — Three giant-size assets figure to get the Cleveland Browns back into the National Football League title picture this year, despite pressing quarterback and tackle problems.

The assets are fullback Jim Brown's flying feet, tackle Lou Croza's talented toe, and the resourcefulness of canny Coach Paul Brown.

Recently promoted quarterback Jim Ninowski, who had a shaky start, as the Browns took a 34-20 defeat, at the hands of Pittsburgh in the opening exhibition, is the big signal-calling question mark.

But Coach Brown says he believes Jim will get the job done in an acceptable manner.

The ticklish tackle situation evolves around the offensive set-up. Mike McCormack, team captain and up-front stalwart, is out with a knee injury. Brown had planned to relegate Croza, the great place-kicker, from a regular tackle job to a relief role, but McCormack's misfortune forced the 35-year-old veteran to return to full time duty.

The Browns have enough running threats to keep the opposing

Mulloy, Talbert On Center Stage

BROOKLINE, Mass. (AP) — A pair of players who won the National Doubles tennis title 17 years ago held the center of attention in the 1959 edition of the championships Wednesday.

Gardner Mulloy and Billy Talbert, now 45 and 41 respectively, won the title in 1942. Gardner almost pulled off an upset of major proportions Wednesday against a high-ranking Australian duo, while Talbert engineered a decision over a top English team.

Mulloy and Jack Frost forced Robert Mark and Rodney Laver, a couple of Australian Davis Cup players, back to the wall before age caught up with Mulloy.

The Australians, second-seeded among the foreign entrants in the U.S. Lawn Tennis Association's National Doubles tourney, finally won 12-10, 3-6, 5-7, 6-3, 6-4.

Talbert teamed with John Lesch to oust England's Tony Pickard and Robert Wilson, third ranked among the foreign teams, 6-4, 6-2, 7-5.

All other top teams, including America's Barry MacKay and Mike Franks, and Alex Olmedo and Earl Buchholz and Australia's Neale Fraser and Roy Emerson, won without difficulty.

Bill Gabler Hits Homer In Victory

By The Associated Press
Bill Gabler's 19th home run of the season put Fort Worth alongside Omaha at the top of the American Association Western Division—the result of three shutouts in a row over Houston.

The blow produced all of the Cats' runs in a 4-0 blanking of the Buffs who got only two hits off Al Lary. It was Gabler's sixth homer since returning to Fort Worth six days ago.

A seven-day victory streak enjoyed by Omaha was snapped by a 6-5 loss to Dallas. Minneapolis defeated Charleston 5-3, Indianapolis beat Denver 5-4 and St. Paul split with Louisville, winning 5-3 and losing 2-4.

Director Of Local Tournament

Glen Jones, shown here selecting a club during a round in last year's Big Spring Invitational Golf tournament, is director of this year's meet. The 1959 meet is scheduled for Sept. 4-7 and Jones says the committee hopes to make it the biggest and most successful meet in the history of the local course.

LACKLAND AND WEBB IN TOURNEY FINALS

It'll be Webb and Lackland of San Antonio in the finals of the Air Training Command's Southern District softball tournament here at 8 o'clock this evening.

Should Lackland win the game, the tournament will be over, since Lackland is undefeated. Webb needs to win two games in order to enter the throne room, however, since the Dusters were shaded earlier in the meet.

Before the largest crowd of the tournament last night, Lackland humbled Randolph, 3-2, in a ten-inning thriller.

The dog-tired Ramblers then returned to the field against Webb and were no match for John Ocone and the Dusters, who won, 8-2. Ocone gave up only four hits to the San Antonio club and was never in trouble after the first inning, when his mates went out and helped themselves to four runs.

Webb entered the finals the hard way, having defeated Harlingen, 6-0, earlier in the day.

In that one, Jack Long ruled the win, setting the opposition with three hits while his mates got six off two Harlingen pitchers.

Randolph and Lackland played one of the best games of the tournament last night. Frank Karras finally broke up the contest when he drove in Clarence Tomlinson in the tenth.

In the final game of the evening, Bob Ellsberry clubbed a bases-empty home run in the fifth while Tony Lujan had a triple with one on in the same round.

The public is invited to watch the championship game this evening. There is no charge.

After the Cards had won the completion of a July 12 suspended game 8-6 in 10 innings, Philadelphia defeated the Chicago Cubs 4-1 in the opener of a two-night party, then played a 7-7 tie stopped after 12 innings by curfew.

A fifth-inning home run by Del Crandall, his 15th, cracked a 1-1 tie for the Braves and Burdette's single then brought home the clincher in a two-run seventh. Milwaukee has skidded from first to third in the National League race.

Burdette, the lean right-hander, got half of the comeback job done Wednesday night, winning his 17th, tops in the majors, with a six-hitter that beat San Francisco 5-2 and pushed the Braves within three games of the first place Giants.

Now Spahn, working with a day's rest after a losing three-inning relief job as Milwaukee dropped two of three to Los Angeles, is to come back as a starter in the finish of the two-game series tonight.

Burdette's victory also closed the Braves within a game of third place Los Angeles. The Dodgers were held two games back of the Giants when Cincinnati exploded a seven-run eighth inning for a 9-4 victory.

Pittsburgh defeated St. Louis 4-2.

Sooners Decision Texans, 54 To 48

LAWTON, Okla. (AP)—Oklahoma dominates Texas in basketball like Texas dominates in football in the annual Oil Bowl games.

The Sooners beat Texas 54-48 Wednesday night to make it four straight in basketball. Texas has yet to win one on the court where as it has taken 10 to 12 in football, with one tie.

Texas led only once—9-8 in the first period. At the half the Sooners led 29-19.

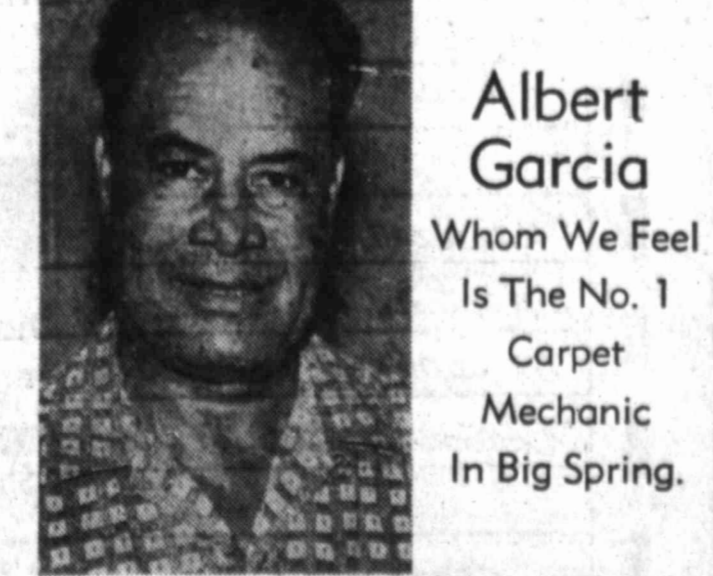

Keith Lowery of Woden was top scorer for Texas with eight points.

TRUTH ABOUT HER

Portland Mason—
Girl Of Wide Fame

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — Does Portland Mason really do all those things attributed to her? The celebrated daughter of James and Pamela Mason has been a controversial figure since babyhood. Only recently she was reported flouncing around a movie premiere in a vampish dress with a 30-year-old "date."

Portland is a pudgy 10. I decided to pin down some of the Portland legends with her mother, the outspoken author-actress Pamela.

Of the most recent report, she said: "It's easy to explain. Portland likes to go to premieres—James says they're for children, anyway. He wouldn't go to one if he were paid, and I hate them, too."

"Portland has to have someone to drive her there. I don't like her to go with women, because they're so helpless about finding the car and all that. So a friend of the family took her."

"As for the dress, it is one that I got in an exchange with Zsa Zsa. Portland has had her eye on it for years; she loved the tassels on the skirt. Recently she was giving a demonstration of the Charleston at an Arthur Murray

party, so I cut it down for her." She scotched some other Portland legends.

That she owns a mink coat: "I had a mink coat made over, and there was a piece of the pocket left. Portie used to take it to bed with her. That was her mink coat."

But Portland does go to night clubs—"if there's something she wants to see."

Mrs. Mason added, "Portland is a normal 10-year-old. She does do modern dancing, which some people think is odd. But she behaves the same as anyone else her age. She's a 10:30-to-bed girl, and if she watches television too long, I pull the plug."

"I've tried to figure out the whole thing started. I concluded it was because we taught her to swim at 6 months. It was a safety measure; we had a pool and I was terrified of the water."

"Portie swam for a year and a half, then for two years she wouldn't even wash her hair. She was terrified of the water."

The girl has appeared on the stage with her parents for three summers and will open soon with them in "Murder in the Red Barn" in Hollywood. She has been acting since 4.

Big Springers
To Get Degrees

Three Big Spring residents are among those who will receive degrees from Texas Technological College Saturday.

Of the 450 degrees to be awarded, 116 are from the college of engineering.

Among those to receive degrees are Roy Dwayne Smith, bachelor of architecture; Roy Eugene Day, bachelor of science in electrical engineering; Patsy Dunn Porter, bachelor of business administration, all of Big Spring.

Others in this area who are due to graduate are:

Bill T. Murrell, Odessa, BS in chemical engineering; John Charles Dennison, Odessa, BS in civil engineering; David Earl Clemens, Midland, BS in electrical engineering; Leonard Allen Hale, Snyder, BS in engineering physics; Lawrence Porter Davis, Midland, and Darrell Wayne Logsdon, Odessa, BS in mechanical engineering; Rodney C. Boyd, Sweetwater, and Alvin Leon Byrd, Westbrook, BS in petroleum engineering.

Jasper Hooker Baldwin, Jack David McPhaul and Neldon Wayne Milstead, of Lamesa, Ennis Elmo Chafin, William Leon McHugh Jr., Thomas Franklin Taylor, Joseph William Biediger of Odessa, William Grady Clark Jr. and Jack Pleasant Lawrence of Sweetwater, and Freddie DeBlake, Welch, all qualifying for the bachelor of business administration.

Funeral Rites
For Mrs. Fuchs

Final rites will be Friday for Mrs. L. H. A. Fuchs, 69, of Buckholts, near Temple. She is the mother of Mrs. Halvard T. Hansen, 621 Tulane.

Mrs. Fuchs passed away from an apparent heart attack at noon Wednesday. Funeral arrangements are under direction of Green Funeral Home, Cameron, and services will be in the Hope Lutheran Church in Buckholts.

Pennsylvania To
Have Sales Tax

HARRISBURG, Pa. (AP)—Pennsylvania will join Washington as the second state in the nation to have a sales tax as high as 4 per cent. State Senate passage Wednesday night sent to Gov. David L. Lawrence the measure increasing the present 3 1/2 per cent rate.

NOV. 8 IS DAY

Citizens To Vote On Four
Proposed New Amendments

By ED OVERHOLSER

AUSTIN (AP)—Texas legislators convinced themselves they are worth an annual salary. Voters' sentiments on this and three other constitutional amendments will be expressed next year.

Amendments have remodeled the Constitution 140 times since 1876. Some 241 amendments have been proposed.

For a continuing study of a complete overhaul of the Constitution, the Legislature appropriated \$50,000.

A citizens' advisory committee on the project reported earlier that the Constitution "blocks Texas' dynamic talk of progress with many outmoded constitutional provisions that are formidable obstacles to that progress."

On Nov. 8, 1960, citizens will vote on these changes:

1. An annual salary of \$4,800 for lawmakers plus \$12 a day expense money during sessions of the Legislature.
2. Authority for the Legislature to classify loans, license and regulate lenders and fix interest rates. The constitutional limitation on interest rates will be removed.
3. Increase the maximum interest on Veterans' Land Board bonds from 3 to 3 1/2 per cent to make more money available for the land program.
4. Authority for the Legislature to create hospital districts with taxing powers in Lamar, Hidalgo and Comanche counties.

Last year the voters rejected 2 to 1 on amendment to give leg-

islators \$7,500 annual pay and annual sessions.

The new proposed amendment does not substantially alter the present requirements for sessions. It does limit the regular session on odd-numbered years to 140 days. It cuts off the per diem money at 120 days which is the required period for the regular session now. It retains the 30-day limit on special sessions and allows legislators to draw \$12 a day in expense money.

They are now paid \$25 a day for each day in session. For this year, legislators were in session 201 days and received \$5,025 each.

Land Commissioner William All-

corn said the Veterans Land Board could make more money available for loans to veterans if it could sell bonds at the higher interest rate as proposed in another amendment.

The board has \$2 1/2 million dollars in low-interest bonds it can't sell. If bonds are sold later, the money will be enough to handle applications for ranches and farms for 2 1/2 to 3 years, Allcorn estimated.

The most bitterly fought proposed amendment eventually adopted by the Legislature involved the Texas Legislative Council's plan to clean up the loan shark business in the state. It eliminates the 10 per cent a

year maximum interest rate on loans and gives the regulation responsibility to the Legislature.

Opposing legislators labeled it as "a sugar coated pill. . . It is nothing more than the complete elimination of safeguards in the Constitution against usurious rates. . . It is an anti-loan shark bill that the loan sharks want."

Texas is one of four states which have a constitutional limit on interest rates. Proponents also said legitimate operators are hard pressed to make a living on small loans at only 10 per cent interest and a flexible method of regulation in the Legislature is the best solution.

Creation of the hospital districts

will affect only three counties. It is the fourth hospital district amendment submitted in 10 years. The hospital districts may levy taxes and the city or county is relieved of the costs of indigent care. While increasing community medical care, it also increases taxes.

Medal Created

WASHINGTON (AP)—The House passed and sent to the Senate Wednesday a bill authorizing a national medal of science. It would be given to outstanding scientists by the president on recommendation of the National Academy of Sciences.
