PRICE FIVE CENTS

TWENTY-FOUR-PAGES TODAY

Who Are These Men In New Fancy Fall Hats?

Recognize these natty gent's? They are modeling three of the fancy fall hats which well-dressed men will be fighting to buy effective Friday.

Rains Break Back Of Heat Wave; Cotton May Benefit

Most of Howard County was dampened early Thursday morning by showers which left moisture from a fraction of an inch to as much as 1.5 inches.

Big Spring reports indicated the extreme spottiness of the rains in the Lockhart Addition, west and south of town, an inch was gauged. This seems to have been the heaviest precipitation.

Cool Front Sets Off State Rains

A cool front moved deeper into Texas Thursday setting off brief but wild thunderstorms in the Eastland-Mineral Wells sections of West Central Texas.

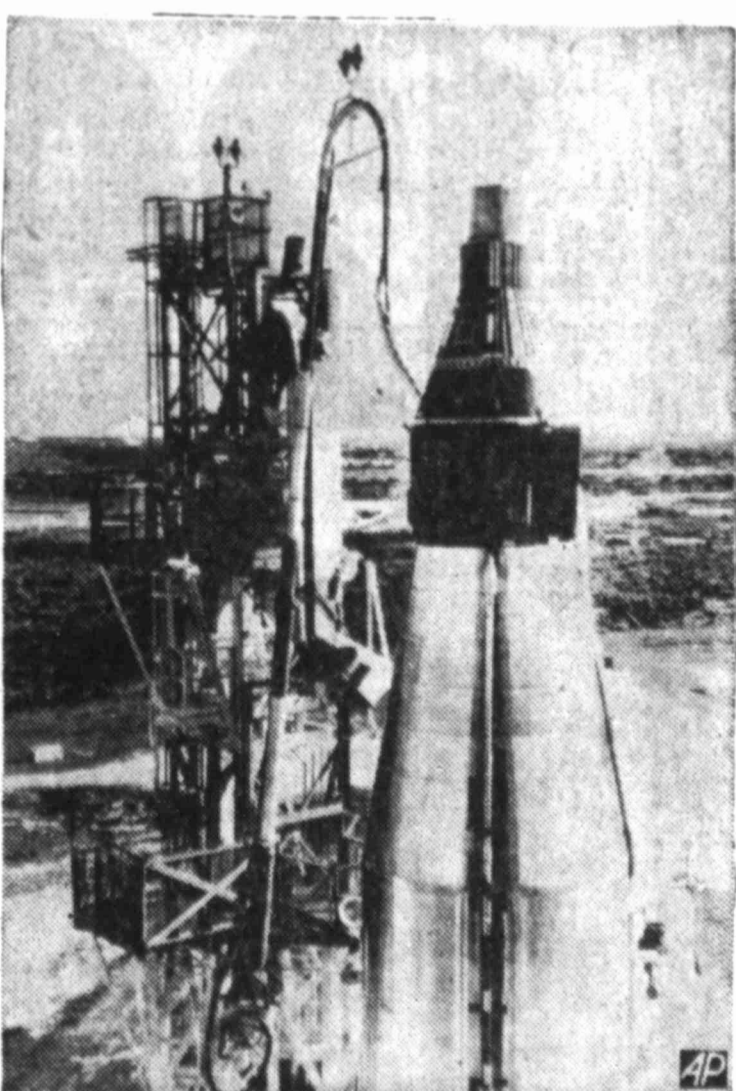

\$1,200 DONATED Paiges Grateful To Generous Citizens

Rodney Paige, 14-month-old son of Mr. and Mrs. Jerry Don Paige, burned a week ago today in a fire which leveled his parents' home.

In Knott on last Thursday afternoon. He had toddled into the bathroom and his mother thinks he turned on a gas jet used in winter to supply a heating stove.

Dawson Fair Gets Under Way

LAMESA — Dawson County's annual fair began assembling itself this morning with prospects of another large and colorful three-day run.

Capsule Atop Atlas

"Big Joe," an experimental unmanned model of the type of capsule which will carry the first American into space, is shown in place atop an Atlas missile.

They estimated that cash gifts of more than \$1,200 have piled up since their disaster last Thursday. Enough, they hope, to absorb the hospital bill for young Rodney and leave them enough to start a new home.

Mrs. Paige, deeply moved, said that she never knew how "good people can be when someone gets into difficulty."

Last Houses In Capehart Ready

The last eight houses in the Capehart project are now being given the final check and likely will be occupied next week.

Tropical Storm

MIAMI (AP) — The sixth tropical storm of the season developed in the Atlantic about 1,200 miles southeast of Bermuda today.

House Overrides Works Bill Veto

BITTERNESS GROWS India, China Trade Charges As Situation Grows Worse

NEW DELHI, India (AP) — A bitter exchange of notes between India and Red China was laid before Parliament here today and Prime Minister Nehru said Premier Chou En-lai's latest letter adds to the gravity of the border crisis.

The Chinese premier said it was only to prevent Tibetan rebels from crossing the frontier that Chinese guard units were stationed in the southeastern part of Tibet.

First Time Ike Has Been Slapped Down

WASHINGTON (AP) — The House voted today to override President Eisenhower's veto of the second public works appropriation bill.

Train Hits School Bus, 7 Children Die

MOUNTAIN LAKE PARK, MD. (AP) — A St. Louis-to-Baltimore passenger train rammed into a loaded school bus in mountainous western Maryland today, killing seven of the 26 children on the bus.

Thugs Give Up Robbery Try After Holding Hostages

CARTHAGE, Mo. (AP) — Two nervous young men gave up an attempt to rob the Bank of Carthage today after holding hostages of the bank and their families overnight.

Steel Talks Speeded Up

NEW YORK (AP) — Company and union negotiators complied today with President Eisenhower's request for stepped-up talks to end the 58-day steel strike.

Abilene Boy Dies In Dallas

DALLAS (AP) — Larry Wayne Runnels, 7, whose heart operation almost became an Abilene civic project, died about 5 a.m. today in Children's Hospital in Dallas.

COMMUNIST CHARGE

In his letter Chou charged that the Indians, not the Chinese, actually were the "trespassers" in border incidents, and were "shielding (Tibetan) rebel bandits" along the frontier.

OVERLOAD STUDIED

School Enrollment Climbs As Second Week Advances

Enrollment, particularly in the elementary level, continued to climb this week in Big Spring schools. Meanwhile, administrators began exploring steps to level out overloads in some classes.

Fact Reached

MANILA (AP) — The United States and the Philippines today reached an understanding on defense and security arrangements as the two nations resumed talks on revising the 1947 basic agreement.

Steel Talks Speeded Up

NEW YORK (AP) — Company and union negotiators complied today with President Eisenhower's request for stepped-up talks to end the 58-day steel strike.

Texas Colleges Look Toward Biggest Enrollment Since Vets

By ROBERT E. FORD
Associated Press Staff Writer

Most Texas colleges and universities this week look forward to the largest enrollments since the veterans of World War II flocked to school under the G.I. Bill of Rights. A few expect to exceed those figures.

Only three schools of the nearly 50 queried by Associated Press member newspapers say they expect a decline.

At least one university registrar reports that the war babies—those born during the population boom of World War II years—already are making their numbers felt, with the big influx of the war babies still to come.

Full influence of the baby boom is expected by 1961—perhaps as early as 1960, says University of Texas Registrar Byron Shipp. He predicts an enrollment of 20,000 at least by 1961 for the state university which expects 18,500 this fall.

One school expecting a decline is the University of Houston, which nevertheless will retain a huge student body of 12,500. The expected drop of 5 per cent this fall is attributed to higher tuition and fees and the end of Korean War veterans' benefits.

Another predicting a slight decline is Trinity at San Antonio, but it could reach last fall's total of 2,162.

Many schools expect record enrollments. Among these is Arlington State College, now a 4-year school. Authorities predict up to 6,500 students, compared with 5,145 last fall.

Thus Arlington, a part of the Texas A&M system, will rival venerable Texas A&M in number of students. A&M expects 7,000 after hitting a peak of 8,624 in 1946.

Some schools cannot expand under physical facilities and policy. Rice is one of these. The Houston school limits enrollment to 1,600.

Southwestern University at Georgetown expects 630, which is capacity, compared with 613 last fall.

Texas Christian University, expecting up to 6,500, reports its dormitories filled. Largest increase over the 6,474 last year is expected in dormitory students.

The University of Texas expects 18,500 students, at the main university, compared with the previous record of 18,245 reached in 1956, and last year's 17,792.

Pan American College at Edinburg expects a record enrollment somewhat above last fall's 1,500. Itself a record, San Angelo College expects a record student body 20 per cent higher than last fall.

East Texas State at Commerce foresees an 8 per cent gain to 2,800 students and has three new buildings ready for school opening.

San Antonio College predicts an enrollment increase of more than 10 per cent to 6,000. Total college

attendance in San Antonio is expected to be 13,150 this fall, a sizable increase overall for the six colleges and universities.

The two colleges in Denton expect more students and have a 10 million building program to take care of present and future increases. Texas Woman's College predicts a 2,500 enrollment, compared with 2,300 last fall. North Texas State predicts a slight increase over the 6,781 in the fall of 1958.

Among Southwest Conference schools, Baylor foresees a slight increase over the 5,000 last fall. Southern Methodist about the same student total as the 5,900 last year.

Texas Tech, soon to be a full-fledged Southwest Conference member, predicts about the same enrollment as last year—8,788. Another Lubbock school Lubbock Christian College, is preparing for 400 students, compared with 310 last fall.

Sam Houston State at Huntsville expects a large freshman

class of 1,500 to boost attendance to 4,300 and a record.

Prairie View A&M will have a freshman class of 800 to bring enrollment to 2,600.

The three Abilene colleges prepared for sharp increases in student population. Hardin-Simmons enrollment is due to reach 1,700, compared with 1,572 last fall and a record of 1,935 in 1948. Abilene Christian College foresees 2,606 for a new high compared with last fall's 2,456. Itself a previous record. McMurry College expects 900 for a new peak after last fall's record 814.

Paris College faces the largest enrollment since the postwar G.I. influx with nearly 600 due to register. The peak came in 1946-47 when 720 registered—420 of them veterans.

Another school with a record enrollment due is Wayland Baptist College, Plainview, where 625 are expected to sign in, compared with the previous record of 550 and last fall's total of 535.

Navarro College, Corsicana,

continues to set records with well over 600 students, compared with 594 last year, itself a record.

Victoria College sees an enrollment of 850—about the same as last year. Continued growth of the college received a temporary setback this year when bus service to neighboring Yoakum, Edna and Port Lavaca was discontinued. A vocational nurse course added this year has 25 students—capacity—selected from 85 applicants.

Lamar Tech at Beaumont forecasts 6,000 students compared with 5,748 last year. West Texas State at Canyon expects up to 2,500, with another 1,200 enrolling for evening classes at the Amarillo Center. Del Mar College at Corpus Christi expects 217 and the University of Corpus Christi 600.

Mules Are Victims Of Tractor Age

HOUSTON (AP)—Eeny, Meeny, Miney, Mo and Sylvester are to be sold at auction, victims of the tractor age.

Mayor Lewis Cutrer and the City Council have authorized the sale of the last of scores of mules that once worked for the city.

Feed for the last five has been costing about \$1 each a day. Cutrer says this money will be used to buy gasoline for tractors.

White Swimmers At Pool Costs Job

ATLANTA (AP) — Permitting white girls to demonstrate swimming in a Negro pool has cost J. Roy Grayson his job as superintendent of parks and recreation

in suburban East Point. The East Point City Council, as sharply divided as the community, voted 5-3 to fire Grayson Tuesday night. The parks director, who had held the post for seven years, was not present at the meeting which attracted about 350 persons. Mayor J. G. Stith suspended Grayson after the demonstration

Aug. 5, sponsored by the American Red Cross. Stith said Grayson showed poor judgment. Nine women and three men were on the demonstration team. Eight of the women are teen-aged. The mayor said white persons and Negroes were not in the pool at the same time.

Singing The Blues

SPRINGFIELD, Ohio (AP)—Donald W. Vannoy, 38, a Springfield house painter, had the blues Tuesday. Traffic officers reported a car driven by Vannoy had a collision with another vehicle. Vannoy was hauling 20 gallons

of blue paint in his car. It poured over the street in a bright blue pool and splashed Vannoy from head to foot. When Vannoy pulled out his billfold to show his license, all his papers fell into the blue mess. The final blue note came when the officers charged Vannoy with reckless operation.

Mob Broken Up

NEW ORLEANS (AP) — Police broke up a milling, angry mob of Negroes Tuesday night by firing a shot into the air shortly after six young white persons were arrested for assaulting Negroes.

Learning White Man's Ways

Wearing the long braids of his Ojoe ancestors, Richard Watts, 6, meets his teacher, Miss Irma Williams, on the steps of the Enid, Okla., school as he begins learning the white man's way. Accompanying him to school the first day is his grandfather, Corbett White, who also wears braids. "I made him leave his tomahawk at home," Corbett said.

Compromise For Trinity River Work Is Opposed

HOUSTON (AP)—A compromise agreement for the development of the lower Trinity River faced opposition today from the San Jacinto River Authority. The Houston City Council and directors of the Trinity River Authority unanimously approved Wednesday a compromise settlement of their dispute over development of the lower Trinity. The proposal must be approved by the State Board of Water Engineers. W. D. Weisinger, Conroe, president of the San Jacinto River Authority, said his group filed an official protest with the board. "We have been double-crossed by Houston and elbowed to one side by the TRA," Weisinger said.

He Probably Will Bring Up Prisoner Topic

WASHINGTON (AP)—President Eisenhower, in his forthcoming talks with Soviet Premier Nikita Khrushchev, probably will bring up the subject of the five Americans still imprisoned in Red China. Attention was focused on the prisoners again today when the State Department said their release is a matter of urgency and importance.

The department said in a statement it will continue to pursue every feasible course of action to secure the freedom of Robert E. McCann of Alhambra, Calif.; John T. Downey of New Britain, Conn.; Richard G. Fecteau of Lynn, Mass.; Hugh F. Redmond Jr. of Yonkers, N.Y.; and Roman Catholic Bishop James E. Walsh of Cumberland, Md.

An Eisenhower-Khrushchev discussion of the prisoners appeared likely since virtually all other diplomatic channels have been exhausted. This country has no direct diplomatic relations with Red China.

The State Department estimates that at least 138 Americans have been jailed or held under house arrest in Red China since the Communists came to power 10 ago.

No U.S. prisoner has been released by the Chinese Reds since Dec. 20, 1955, except at the expiration of sentences imposed by the Communist courts.

McCann, 58, a prominent Tientsin businessman was arrested on spy charges June 14, 1951, and sentenced to 15 years.

Downey, 29, and Fecteau, 22, civilian employees of the Army, have been held on spy charges since Nov. 29, 1952. Downey was sentenced to life, Fecteau to 20 years.

Redmond, 39, who was with an American import-export firm in Shanghai, was arrested April 26, 1951, and sentenced to life on espionage charges.

Bishop Walsh, 68, of the Maryknoll missionary order, disappeared from his residence last Oct. 19 and still is being held incommunicado on unspecified charges.

Dr. Tom Dooley Is A Busy Man

NEW YORK (AP)—One of the busiest men in New York City these days is Dr. Thomas Dooley, the missionary doctor who reluctantly left Laos to have a cancer operation.

Friends and associates are having little success in trying to keep the 32-year-old doctor from over-doing it in his rounds of newspaper interviews, meetings with officials from Laos, and other projects.

And it will be difficult to talk Tom Dooley out of his plan to go back to Laos in late November and take up his duties at his jungle hospital—no matter how hot the off-and-on shooting may have become.

The handsome crusader says his doctors agree with him. "They say they can't think of anything better for me," he said. "And they can't think of anything worse than sitting around New York worrying about cancer."

Dooley, who was treating 100 patients a day in his hospital at Muong Sing, near the Chinese border, left his hospital in the hands of native workers when tests showed a tumor in his chest wall was malignant.

He went into Memorial Hospital for an operation that involved massive tissue removal, and grafting of skin from his legs to his chest.

He walked out of the hospital nine days later—last Saturday—and went right back to work.

Work at the moment consists of telling everyone who will listen about the funds needed by Medico, or Medical International Cooperation, the private organization which built the hospital in Laos and many others in Asia.

In a few days he will go to Hawaii for sunshine and work on a book about Laos—again to get money for Medico. Then he will begin a month-long lecture tour—40 speeches in as many cities.

Dooley is thrilled by the United Nations consideration of the situation in Laos.

He feels it would be impossible to fight any kind of ordinary warfare in the "rain forest, deep jungle, high-flooding rivers" of northern Laos in the monsoon season. Troops could only get in by parachute, he says, because the few airfields are nothing but mud now. "But anything the U. N. does is good," he said. "We must show we do think about people who haven't got it so good."

Nations consideration of the situation in Laos.

He feels it would be impossible to fight any kind of ordinary warfare in the "rain forest, deep jungle, high-flooding rivers" of northern Laos in the monsoon season. Troops could only get in by parachute, he says, because the few airfields are nothing but mud now. "But anything the U. N. does is good," he said. "We must show we do think about people who haven't got it so good."

Khrushy Banquet Tickets Sold Out

SAN FRANCISCO (AP)—The Sept. 21 banquet for Nikita Khrushchev is a 2,100 seat sell-out—before any tickets are available.

So the World Affairs Council and Commonwealth Club—joint sponsors—today are trying to arrange for standees outside the banquet room to hear the Soviet premier's address.

Khrushchev will visit the San Francisco area Sept. 20-21.

Shell Chief Set For Assn. Post

HOUSTON (AP)—Joe T. Dickerson will become executive vice president of the Mid-Continent Oil & Gas Assn. on his retirement Jan. 1 as Shell Pipeline Corp. president.

Mid-Continent President William J. Goldston, Houston independent operator, said Dickerson's headquarters will be in Washington.

Dickerson, a former Oklahoma lawyer, joined Shell in 1933. He was West Texas-New Mexico vice president at Midland for four years before becoming Shell Pipeline president in 1954.

Discusses Adjournment

The Democratic leader in the Senate, Lyndon Johnson of Texas, tells reporters in Washington, D. C., that adjournment of Congress this week is unlikely. He said the foreign aid money bill always a subject of controversy—can not be called up in the Senate for action until Saturday.

Convictions Sought For White Men In Bombing Of Home

WILMINGTON, Del. (AP)—Delaware Atty. Gen. Januar D. Bove said today he will press for the convictions of eight white men accused in connection with the bombing of the only Negro home in suburban Collins Park.

He said that he will call a special session of the New Castle grand jury Sept. 22 to consider indictments against some or all of those accused.

Meanwhile, Gilbert Minnick, 49, of Collins Park, was given a hearing before Magistrate Frank J. Carello Jr. on charges of malicious mischief and third degree burglary in connection with a second bombing at the George Rayfield home Aug. 2. Carello reserved a decision until a later date.

Minnick is among the eight men awaiting grand jury action on charges stemming from the first bombing at the Rayfield home April 7.

Archbishop To Toll Niki Non-Welcome

ST. AUGUSTINE, Fla. (AP)—The bells of St. Augustine Cathedral will toll a rebuff to Nikita Khrushchev every day of the Soviet premier's forthcoming U.S. tour. The Most Rev. Joseph P. Hurley, Roman Catholic archbishop of St. Augustine, said the tolling at 3 p.m. daily would be in remembrance of martyred victims of the Reds, and in solidarity with Americans who refuse to welcome Khrushchev.

Niki In For Supreme Test As World's Communist Salesman

By WILLIAM L. RYAN
Associated Press News Analyst

The man who heads the world's most spectacular road show had to hint, wheedle and threaten for more than two years before he achieved the peak of his ambition as a showman: a booking for a United States tour.

Now that he has achieved it, the tour starting next week likely will prove the supreme test of Nikita Sergeyevich Khrushchev's career as a traveling salesman for the Soviet brand of communism.

Until about four years ago the world outside the U.S.S.R. was a blank to Khrushchev. Since then, he has become an exuberant traveler. But he never takes a trip without specific purposes in mind. Khrushchev began hinting in June 1957 that he would like to visit the United States. The hints received scant attention. He tried again. On New Year's Day, 1958, he toasted President Eisenhower, saying: "If the Soviet Union and the United States could get together and reach agreement, most of the world's problems would be solved."

Next day the whole Soviet press took up the cry for a meeting between the Soviet Premier and the American President. Hints multiplied thereafter. Khrushchev indicated he was willing and eager to visit the United States for a summit meeting. Again the hints got nowhere.

Vice President Richard M. Nixon's tour of the Soviet Union this summer contributed to a noticeable thaw in Soviet-American relations. Khrushchev finally got the invitation he had wanted so badly. And the question arose: Why was Khrushchev so eager?

Even before preparations were complete for his trip, there were signs that the impending visit was causing aggravations among members of the North Atlantic Alliance. Many were not too sure the Big Two might not, as Khrushchev phrased it, get together and solve the world's problems

without reference to smaller nations. Even President Eisenhower's trip to Europe fell short of putting all these nagging fears at rest.

Khrushchev himself had some troubles in that respect. The Red Chinese were unlikely to be enthusiastic about the U. S.-Soviet exchange. Already Red Chinese interference had squelched one attempt at a summit meeting in 1958 on the Middle East crisis. And the Communist East Germans might also be nervous. Khrushchev had to reassure both, just as President Eisenhower was intent on reassuring the Western Allies.

In any event the bouncy Khrushchev seemed to look forward with relish to his prospective new adventure as communism's No. 1 tourist.

Khrushchev would be able to check personally on reports he had received about the United States from official tourists who had preceded him. In addition, he might count on his trip to help remove some of the public ostracism of Soviet communism in the West and make the Kremlin more respectable.

The Soviet boss is a practiced hand with crowds by now. He has come a long way since his first bungling sorties.

Khrushchev's first sally beyond the Iron Curtain was to Communist Yugoslavia in the spring of 1955, with Nikolai Bulganin, the premier he later dumped, in tow. It was an astonishing mission, undertaken, said Khrushchev, "with pure heart and open soul" to beg pardon from Yugoslavia's maverick Red, Tito, for the abuse Stalin had heaped on him for defying Moscow. The love feast was spectacular. But it did not survive the 1956 Hungarian uprising. Moscow placed much of the blame for that on Tito's example.

Khrushchev's first trip outside the Red orbit came in the summer of 1955. The era of smiles bought a summit meeting in Geneva, but the "spirit of Geneva"

soon faded before the chill wind of a newly toughened Soviet policy.

In the winter of 1955, Khrushchev, with Bulganin respectfully in the background, roared through Burma and India, scattering insults all the way.

Thereafter Khrushchev was on the go frequently: to satellite Communist countries to deal with malcontents; to Finland, where he got little but a cool reception; to Britain, where suave British politicians outfinessed and enraged him.

It was nothing any more for Khrushchev to make sudden, un-

announced trips to Communist capitals for his own political purposes: to Prague, Warsaw, Sofia, Budapest, Tirana and to Red China's Peiping. It was far more than junketing.

On his last trip to Peiping, Khrushchev apparently received a jolt. He had expressed willingness in mid-1958 for a summit conference on the dangerous Middle East crisis. After he returned from Peiping, looking gray and shaken, he reversed himself and rejected the idea of such a meeting.

But Khrushchev bounced back quickly and was off to Poland for another whirlwind tour, even then planning on a trip to America. If Peiping didn't like it, Khrushchev didn't seem to care too much any more. He was anxious to get the show on the road again.

But there have been signs that even the fabulous energy of the Soviet leader has its limits. He

has some kind of kidney or liver ailment and has eased off noticeably on his drinking—even, indeed, attempting at the same time to put all the rest of the Soviet Union on the wagon. He has spells of weakness and dizziness, and sometimes he seems to speak a little incoherently.

Yet Khrushchev seems to be the last to want to admit that he's been wearing down, when he just wants to go, go, go.

Tomorrow: Reorganizer of the World.

Confusion

NARRAGANSETT, R.I. (AP)—A three-member committee appointed by the town council six months ago admitted Tuesday night it has never held a meeting. Each of the three members said he thought one of the others was chairman and privileged to call a meeting.

Big Spring (Texas) Herald, Thurs., Sept. 10, 1959 5-A

Texas' Senators Push Water Bill

WASHINGTON (AP)—Sens. Lyndon B. Johnson and Ralph Yarborough of Texas voted for the 800-million water pollution bill which the Senate passed Wednesday night 61-27.

Johnson and Yarborough also voted for the billion dollar housing bill. The Senate passed it 86-7.

Third In Cars

DALLAS (AP)—The Commerce Department estimates motor vehicle registrations in Texas this year will climb 2 per cent to 4,226,000. This would rank the state third behind California with 7,300,000 and New York with 4,900,000.

Liner Blamed In Collision

NEW YORK (AP)—The Coast Guard has found the liner Constitution at fault in a collision with the tanker Jalanta March 1 just outside New York harbor.

The Coast Guard found that the primary cause of the collision was "the failure of the U.S. Constitution to go at a moderate speed in a fog and failure to stop her engines and navigate with caution upon hearing forward of her beam the fog signal of a vessel, the position of which was not ascertained."

Foreign Oil Jobs Presented As Hard

HOUSTON (AP)—Job broker Jack Emen doesn't hear pressure applicants into taking high paying foreign oil field positions he seeks to fill. He tries to talk them out of it first.

"We make it sound as rough as we can and it is hard," Emen says. He recruits skilled employees to work in far off lands with exotic sounding names for a Dutch drilling firm.

"We try to give them all of the bad points — of which there are many. Then we point out one or two good things," Emen said.

Those who sign with Emen agree to spend two years in which they may have to put up with limited living conveniences, social isolation, unfriendly natives, separation from their families and boredom. They will work on rigs in Iran, Kuwait, Nigeria, Libya, Italian Somaliland or other oil producing outposts.

"Then we remind them that they will have a steady job and will probably save some money," he said.

A drilling rig manager on such foreign duty gets up to \$14,000 a year plus an allowance to cover the difference in cost of living. Drilling superintendents draw base pay of \$12,000 and tool pusher or rig foreman \$10,000.

Drillers, truck and diesel mechanics and mud men get about \$8,500, Emen says.

But "The main thing about foreign work is that the salary is tax free after \$10 days out of the states, he added.

Emen advertises for job applicants frequently in newspapers and trade magazines. The response is heavy.

"I screen them very carefully," he said. "These people have got to be qualified to get off that plane and get up on that derrick and take over that job."

He tries to discourage family men from taking jobs where their families would not be permitted to accompany them. And he encourages them to take their hobbies—"anything to help them entertain themselves."

"No alcoholic beverages are allowed on an installation," Emen says.

"What they do to fight off boredom depends on the individual. You could be bored here for two years if you wanted to be."

Last year Emen advertised in a Houston newspaper for a materials man and got 65 replies from applicants including policemen and waiters.

But he says the reply that takes the cake came from an ad placed in a Kansas newspaper for a cable tool driller.

"It was from an 18-year-old girl who said she didn't have any experience, but she was willing to learn."

DEAR ABBY

WHAT'S COOKING?

By ABIGAIL VAN BUREN

DEAR ABBY: If the "man of the house" is out and a friend drops by his home...

(1) Should the wife invite the man in for spaghetti?

(2) Should the man, knowing the woman is alone in the house, accept the invitation or should he decline politely?

DEAR ABBY: What can be done about a neighbor whose good intentions I do not question, but who gives all the neighborhood children pills for something she has "diagnosed"?

Body At Grave Not The Widower

SEGUIN, Tex. (AP) — A man whom officers thought had shot and killed himself at the grave of his wife has been found alive in this South Texas town.

Last Saturday officers found the bullet pierced body of a man at the grave of Mrs. Reyes Gallego. A .38 caliber revolver lay nearby the new grave.

Officers assumed the body, badly decomposed, was that of her grief-stricken husband.

But today Sheriff Phil Medina of Guadalupe County said Gallego had been found alive in Seguin.

The officer is now trying to identify the body found in the Seguin cemetery.

Polite Advice

DENVER (AP)—New members of the Colorado Medical Society were advised Tuesday to refrain from criticizing the work of other doctors.

Said Dr. C. S. Bluemel, retired Englewood, Colo., psychiatrist: "Don't inspect a person's scar and say 'who did that?' Instead say, 'My, that's neat scar. Who performed the operation?'"

Landlocked A&M To See Busy Days In Oceanography Science

By TEX EASLEY AP Washington Special Service

WASHINGTON (AP)—Texas A&M College and its landlocked campus may be in for busier days in a new field of study—oceanography.

The House Science and Space Committee heard Dr. Gordon A. Riley, Yale University oceanographer, call for an immediate speedup in the study of the oceans. He said it was urgent for defense purposes and to improve weather forecasting.

During the hearings it was brought out that Texas A&M, cooperating with the National Science Foundation, has one of the latest and best oceanography departments in the nation. Under its operations a ship plies the Gulf of Mexico carrying on research.

Rep. Olin Teague (D-Tex.), Aggie Class of '32 and a member of the House Space Committee, agreed with the professor that the mystery of the seas need much probing. He left no doubt that he would do all he can do to see that A&M shares amply in that proposed expanded research.

Dr. Riley, after mentioning that nuclear submarines could not be used to add their full potential without more complete knowledge of the oceans, added:

"We can never have effective long range weather forecasting until we have a better understanding of the relationship between the ocean and the atmosphere."

One of the smaller but very practical aspects of study by the oceanographers is the movement of oil wastes from offshore wells and the possible effects on marine life.

AROUND THE CAPITAL

The vote on the Labor bill in the House turned up 430 out of the 436 members of the body. (There now are 437, not counting any vacancies, since formal admission of Hawaii as the 50th state; the number goes back to 435 after the

1960 census—its pre-Alaska-Hawaii size.)

Someone announced that there had never been so many votes on a legislative issue. Rep. Joe Kilgore of McAllen, however, noted that the all time high vote so far as he could determine occurred on Dec. 7, 1931. In that balloting with a total of 433 votes cast, John Nance Garner of Uvalde was elected speaker. He later served as vice president.

Recent visitors here included: State Rep. and Mrs. Eligio (Kika) de la Garza of Mission, who called on Congressman Kilgore.

Mr. and Mrs. Claude Collins Jr. of San Angelo, a daughter Carolyn and son Jimmy paid a visit to Congressman Clark Fisher.

H. H. Hawes of Grand Prairie

and L. A. McGinnis of Arlington, Chance Vought Aircraft officials here on business for their company, visited House and Senate galleries to watch the lawmakers in action.

A Texas Tech student who will work in the House next session as a doorkeeper of Congress and attended night school at a local university has been here visiting and looking over his future job. He is John Lewis of Lubbock, a Tech sophomore, and will be appointed to the House position by Rep. George Mahon of Lubbock.

A Dallas woman, Mrs. Max Clampitt, has written to the Post Office suggesting a novel means by which this country could spread news of U. S. foreign aid pro-

grams. She proposed that the idea be displayed on postage stamps.

Prairie dogs may be becoming scarce nowadays, but Rep. Omer Burleson remembers when they were a pest.

Noting in Texas papers where sanctuaries had been established in some West Texas cities to keep them from becoming extinct, the Abilene congressman recalled that when he was a lad his father would soak horse apples in gaseous chemicals and stuff them in the prairie dog holes to exterminate the occupants.

"Maybe I was ahead of my time as a wild game conservationist," chuckled Burleson. "I wasn't but five years old, I remember, when I would sneak up behind my father and pull the horse apples out of the hole to save the prairie dogs."

Reporter Gains Enemies In Cuba

HAVANA (AP) — Next time Jules Dubois visits Cuba he will go hungry—and thirsty—if the waiters union has anything to say about it.

The Cuban Federation of Gastronomical Workers voted not to serve the Chicago Tribune correspondent, effective today. The federation includes employees of bars, restaurants and hotels. It termed Dubois' articles offensive to the revolution.

At his home at Coral Gables, Fla., Dubois said he always has written the truth about Cuba and will continue to do so.

Top Doctors Due At Meet On Hypertension

GALVESTON (AP)—Some of the world's top doctors and scientists will be in Galveston Oct. 1-3 for the city's international symposium on the mechanics of hypertension.

Top lecturers will include Dr. Hans Selye, considered one of the greatest contributors to biology and medicine since Pasteur; Sir George Pickering, an outstanding European expert in the field of hypertension; Dr. Robert F. Rushmer, whose physiological studies revealed heretofore mysterious lights on the effect of brain centers on hypertension; and Dr. Harriet P. Dustan, a chief investigator in America's center for the study of hypertension and vascular diseases in Cleveland, Ohio.

A symposium on the second day of the conference is expected to bring together the developments in treatment of hypertension discovered during the past six months.

On the last day of the meeting lecturers will give a seven-hour symposium on clinical aspects of hypertension for 1,000 members of the Texas Academy of General Practice which will be in convention in Galveston Oct. 3-7.

Dr. Selye, who is director of the Institute of Experimental Medicine and Surgery at the University of Montreal, is the endocrinologist whose investigations led to the discovery of ACTH and cortisone.

Sir George, who is Regius professor of medicine at Oxford University in England, has done extensive research on the origins of hypertension. He is expected to lecture on his latest work which shows the degree of blood pressure is not always determined by the pressure level.

Dr. Rushmer, physiology professor at the University of Washington School of Medicine, will detail the effects of high blood pressure on the heart.

Dr. Gustan, one of a team of researchers at the Cleveland Clinic, has been a leader in research on gland functions and its relation to disease.

Russ Sprinklers

MOSCOW (AP)—Water sprinklers are being introduced for irrigation of cotton plantations in Soviet Kazakhstan, the Soviet news agency Tass reported today. The news agency said experiments showed sprinkling makes cotton ripen 20 days earlier than surface irrigation by ditches.

Lodge Noted For Ability To Talk Back

UNITED NATIONS, N. Y. (AP)—Nikita Khrushchev's American traveling companion on his U. S. tour will be a man who knows how to talk back to the Soviets.

Ambassador Henry Cabot Lodge, President Eisenhower's chosen representative to follow Khrushchev across the country, makes a policy of talking back to them at the U. N., where he is chief U. S. delegate.

He often remarks that whenever the Soviet Union makes charges against the United States in the Security Council or elsewhere, his practice is to answer them at once.

He seeks to make sure that newspapers and broadcasts will carry the American rejoinder at the same time as a Soviet charge, and give it equal prominence.

"Gigantic cock-and-bull story," said Lodge in the General Assembly in 1957 when Soviet Delegate Arkady Sobolev accused the United States of various "aggressive acts."

"Really atrocious libels," the U. S. ambassador observed in the 1958 Assembly when Soviet Deputy Foreign Minister Valerian Zorin charged U. S. provocation of the 1956 Hungarian uprising.

"Strictures from the Moscow propaganda factory both violent and untrue," he said again to a charge of U. S. aggression in Lebanon, made by Soviet Foreign Minister Andrei Gromyko.

Now he is going to meet their boss—and, between Sept. 15 and 27, travel with him from Washington to New York, Los Angeles, San Francisco, Iowa and Pittsburgh. He is quite as blunt spoken as his famous guest.

This could lead to a series of staid repetitions of the famous "debate in the kitchen," which Khrushchev and Vice President Richard M. Nixon carried on at the American exhibition in Moscow last month.

But it may be that neither Khrushchev, anxious to make a good impression, nor Lodge, bent on seeming correct and hospitable, will let such a thing happen.

Khrushchev, a former miner, will have a New England blood for traveling companion. Lodge was born in Beverly, Mass., near Boston; went through Harvard, and traveled around writing for the Boston Transcript and New York Herald Tribune.

Grandson and namesake of a famous U. S. senator, he himself was 13 years a U. S. senator.

Jobless Pay

AUSTIN (AP)—The Texas Employment Commission said Wednesday 143,949 jobless workers received \$3,398,489 in unemployment insurance in August, compared to 161,827 receiving \$3,825,096 in July.

In August 1958, the TEC paid 233,140 persons \$5,600,496. Weekly payments averaged \$23.72, compared to the maximum \$28.

12-A Big Spring (Texas) Herald, Thurs., Sept. 10, 1959

Khrushy Security Shield Biggest Yet

WASHINGTON (AP)—The United States has fashioned the strongest security shield ever to protect Soviet Premier Nikita Khrushchev from potential assassins, demonstrators, hecklers and crackpots.

Up to 15,000 policemen, plainclothesmen, National Guardsmen and government security agents will join forces in a massive, carefully coordinated plan to watch over the Soviet dictator every foot of the way.

About 2,500 will be deployed and waiting along the route into Washington Tuesday when Khrushchev steps off a giant TU114 turboprop jet liner at nearby Andrews Air Force Base to begin his 13-day coast to coast tour.

About a dozen Soviet secret police, led by Security Chief Nikolai Zakharov, are to be part of this unprecedented security network. A selected number will be allowed to pack guns.

Five of these Soviet security agents already have inspected the route Khrushchev will follow in his swing through six cities and are reported satisfied with arrangements for protecting their chief.

The security arrangements, checked and double checked in painstaking detail, include protection not only for Khrushchev and his family but also for the 108 other Soviets, including newsmen, who are to accompany him.

These precautions have been

adopted partly because of a long held fear that Khrushchev's visit would arouse bitter anti-Communist demonstrations along the way particularly from Hungarian and other eastern European refugee groups.

Thus far, however, these fears have proved groundless. Surprisingly few threats against Khrushchev's life have been picked up. Some 20 letters, messages and telephone calls have threatened action, but at this stage of planning this is less than one-third the number of similar threats directed at Deputy Premier Anastas Mikoyan when he visited the United States last January.

Most foreign refugee groups have decided to boycott Khrushchev's public appearances, giving him the silent treatment, rather than demonstrate, shout insults and throw eggs as he did during Mikoyan's travel.

President Eisenhower and Vice President Richard M. Nixon have publicly urged that Khrushchev be given a courteously correct reception.

Stefan Korbonski, chairman of the Assembly of Captive European Nations, told a reporter his organization opposed Khrushchev's visit but did not plan any public demonstrations.

Korbonski said refugee groups did not want to be accused of "poisoning the atmosphere" in the event that the Khrushchev talks with President Eisenhower fail to ease international tensions.

Laos Team May Leave Friday

UNITED NATIONS, N. Y. (AP)—A four-nation team of top diplomats may fly to Laos Friday to probe charges of Communist aggression in the tiny southeast Asia kingdom.

The special U. N. fact-finding subcommittee, created Tuesday by the Security Council despite Soviet protests, will fly to the Laotian capital of Vientiane, arriving there probably Sunday.

Heading the team will be Shinnichi Shibusawa of the Japanese foreign office, his country's former ambassador to Thailand, Laos and Spain.

The others selected by their governments to do the actual field work are:

Ludovico Baratierra, minister plenipotentiary of the Italian Foreign Office; Brig. Gen. Heriberto Ahrens, military adviser for the Argentine U. N. delegation; and Habib Bourguiba Jr., Tunisia's ambassador to France and son of the Tunisian president.

A Final Demonstration Climaxing Ford's 3 Years and 3 Million Miles of Research and Development on the New Ford Falcon . . .
EXPERIENCE RUN, U.S.A.

A fleet of Falcons is going to undergo a final exhausting test . . . over every single mile of numbered U.S. Federal Highway . . . along a circuitous route that will include the ups and downs of two major mountain ranges, the challenges of every type of roadway and thruway, main street and boulevard.

TODAY...10 P.M. THE NEW-SIZE FORD STARTS ON ITS WAY TO YOU!

The Falcon, the New-Size Ford, already is the most thoroughly tested and proven new car in history. Today this new Ford Falcon starts EXPERIENCE RUN, U.S.A., over every mile of numbered U.S. highway

This is not a test run in the ordinary sense of the word. For in its 3 years of development and over 3 million miles of proving, the Falcon has already passed and repassed every kind of test that could be devised.

It's been dust-tested, heat-tested, and endurance-tested on the test track at Kingman, Arizona. Wind-tested and rain-tested in the 300 mph wind tunnel at the University of Maryland. Shock-tested, curve-tested, brake-tested, noise-

On October 8, the New-size Ford will be at your Ford Dealer's . . . for you to experience. See your Ford Dealer today for more information on the Ford Falcon.

SAM SNEAD BLASTED BY MEET SUPERVISOR

DALLAS, Tex. (AP)—Those remarks Sam Snead made about pennant payments to defending champion and a \$500 fine if he didn't defend his title in a golf tournament had the Old Slammer in bad with the PGA today.

Snead, here to play in the \$25,000 Dallas Open, in which he won first money the past two years, was blasted by Harvey Raynor, PGA tournament supervisor, for showing "a complete lack of cooperation with tournament golf, which has made him a wealthy man."

PURDUE TOUGH

Rugged Big Ten Race Looming

CHICAGO (AP)—At least five teams can be considered title threats in what shapes up as an exceptionally rugged Big Ten football campaign this fall.

Purdue and Wisconsin have the inside track. But Iowa, Ohio State and Northwestern also are definite contenders.

That leaves Michigan, Michigan State, Illinois, Indiana and Minnesota as the surprise makers. Illinois could be the real sleeper.

Purdue is fortified with 23 lettermen. The Boilermakers have two all-lettermen backfields and three experienced quarterbacks.

Wisconsin also has 23 lettermen, 16 of them seniors. An All-America quarterback bidder is Dale Hackbart. The Badgers have good size and are defensively sound, but they lack a breakaway runner.

Ineligibility cost Iowa's Big Ten and Rose Bowl champions quarterback Mitch Ogden and halfback Willie Fleming.

Purdue is fortified with 23 lettermen. The Boilermakers have two all-lettermen backfields and three experienced quarterbacks.

Northwestern is bulging with 26 lettermen including such outstanding players as quarterback Dick Thornton, halfback Ron Burton, fullback Mike Stokk and center Jim Andreotti.

Illinois boasts one of the conference's best lines, power at fullback and a pair of sophomore halfback standouts.

Coach Duffy Daugherty plans to pep up Michigan State's offense with a double winged T and a man in motion.

Michigan will be in its first season with Bump Elliott as head coach and will use the winged T. Twenty-one lettermen return.

340 Games Are Set This Week

By The Associated Press
A mighty 340 games bring Texas schoolboy football to full stature this week.

Austin Looks To Mexico

Austin holds the Texas League pennant for the first time in 48 years Thursday and looks toward Mexico for the championship of the Pan American Association.

The Mexican League is determining its champion, with the Mexico City Red Devils leading Nueve Laredo 1-0 in the final playoff.

Home runs figured prominently in the decision. Lou Johnson's 3-run double gave San Antonio a 3-0 lead in the first inning.

Colonels Look Bad In Series

Louisville and Omaha, division champions in the American Assn. ended the campaign Wednesday night looking like anything but titlists.

The Colonels mustered only one hit off Fort Worth's bonus left-hander Dick Ellsworth, and lost 1-0.

Officers Elected For Women's Loop
A complete slate of officers has been named for the Housewife Bowling league, which began play at Clover Bowl this week.

Joe Brown Wins In Fourth Round Over Gale Kerwin
COLUMBUS, Ohio (AP)—A technical knockout by world lightweight champion Joe Brown in the fourth round Wednesday night kayoed the hopes of Canadian welterweight champion Gale Kerwin for a climb into U.S. ring prominence.

Joe Brown Wins In Fourth Round Over Gale Kerwin
The match gave Brown, who weighed 193 1/2 to Kerwin's 140, his 74th victory (34th knockout) against 16 losses, 9 draws and 2 no-contests. Kerwin now has a 28-1 mark.

Every class will be playing important sectional games and there's even one conference test—the start of championship play in District 23-A, where there are nine teams.

Steers Take Night Drills At Stadium

The Big Spring Steers shifted the scene of their operations to Memorial Stadium last night as they neared the end of their drills for the season's opening game here with San Antonio Edison.

Home runs figured prominently in the decision. Lou Johnson's 3-run double gave San Antonio a 3-0 lead in the first inning.

One Hit Could Make Difference In Race

By ED WILKS
Associated Press Sports Writer
One game, or one play. Even one hit. That may be the difference, the turning point in the National League's three-way scrap for the pennant.

The big game went to Don Drysdale, the right-hander who had lost six in a row and was on the spot in any hopes for a flag for Los Angeles.

Rockets Oppose Lubbock 'Dogs

Roosevelt Brown will send his Lakeview Rockets of Big Spring against the rugged Lubbock Bulldogs at 8 p.m. here Saturday.

The Negro school is resuming football after a year's lapse. Brown has 22 boys going thru their drills.

The starting lineup for the Rockets Saturday will be composed predominantly of seniors and juniors but there will be one freshman in the group.

He is James Matthews, 165-pound left guard. Opening in the backfield for Lakeview will be Rufus Davis, 137-pound senior, at quarterback; Harvey Foster, 130-pound senior, left halfback; Rogers Evans, 190-pound sophomore, fullback; and Darney Ray Traylor, 155-pound sophomore, right half.

Up front, it will be Daniel Brown, 175-pound sophomore, right end; Melvin Wrightsall, 170-pound junior, left end; H. T. Baker, 180-pound senior, right tackle; Aubrey McIntire, 165-pound junior, left tackle; Holston Banks, 170-pound junior, right guard; Matthews at left guard; and Clarence Hartfield, 160-pound junior, at center.

The Rockets are working out starting at 4:30 p.m. daily.

'Miss America' Talent Test Ends In 3-Way Tie

ATLANTIC CITY, N. J. (AP)—An unprecedented three-way tie climaxed the talent competition of the Miss America pageant Wednesday night.
 Talent winners were Miss Pennsylvania, Miss Connecticut and Miss District of Columbia. At the same time, Miss Washington took the swimsuit award and all four contestants were thus assured of at least a \$1,000 scholarship.
 Miss Pennsylvania, 21-year-old Lois Janet Piercy of Springfield, Pa., won the judges' favor in art and music.
 Miss Piercy displayed a large oil painting. She sat next to it and played an original composition on the flute. Both music and painting bore the same title — "Night Rain on the City."
 A tractor figured in Miss Connecticut's efforts.
 Spectators craned their necks

Lightning Hopkins Doesn't Go For Singing 'To The Wall'

HOUSTON (AP)—Blues guitarist Lightning Hopkins likes the idea of playing before crowds. Big crowds, like, say, in Carnegie Hall.
 "It's people that moves me. I don't like that idea of playing to the wall," says Hopkins.
 The East Texas Negro who came out of the Piney Woods some 40 years ago can't remember how many songs he has composed. Collectors cherish about 200 of his blues and improvisation recordings.
 But he seldom ventures from Houston's Third, Fourth, Fifth and Sixth Wards. There he strums nightly in neighborhood dance halls.
 That playing-to-the-wall "don't stir me," Lightning says. His real name is Sam and he prefers Lightning spelled with the final "g."
 "I don't get the spirit. I need the amen. Like a preacher preaching, if he don't get the amen, he can't do it."
 "You walk in there and there's just a few people in there, you say maybe he can't play, but if a crowd builds up, you'll see he can play."
 New York impresario Harold Leventhal has written Hopkins' friend and mentor, Mack McCormick, here:
 "I would be very much interested in bringing him to New York to be part of a concert either in Town Hall or Carnegie Hall."
 Lightning likes that. He's not so keen, though, on talks under way for him to take a grand tour of Europe.
 "I get to thinking about all the women over there," he grins. "Then I get to thinking about all that water to cross. I ain't never scared, but I'm just kind of particular."
 McCormick describes Lightning as "a strangely innocent man, iso-

lated and oblivious to much of contemporary life." Recently, he professed to never having heard of long playing records although an LP reissue of his early recordings was on sale within a block of his home.
 "He sings about a bus strike, about a fight with his wife, about some evil doings," McCormick says.
 "A line can have the blunt stab of T. S. Eliot."
 "You ever see a one-eyed woman cry?"
 Born March 15, 1912, in Centerville, Lightning began playing the guitar at eight. Later he moved to Buffalo and took up with the Blind Lemon Jefferson folk-blues minstrel at church meetings.
 Then he sang and begged along Houston's West Dallas Street.
 "But nobody taught me," he says. "I just see how they do and then I do it my own way. Make up my own songs."
 Recently he recorded an LP release, "Lightnin' Hopkins Strums the Blues," leaving off that last "g."
 McCormick says his friend's last recording sojourn to Los Angeles

confounded almost everybody concerned.
 Song writers who had prepared material, he says, despaired as Lightning used it merely as a basis for his own impromptu verses.
 "Recording engineers cursed as a first and second takes of supposedly the same song were found to be utterly different," McCormick recalled.
 Some Hopkins songs are now classics among collectors—"That Mean Old Twister" and "Short Haired Woman" ("I don't want no woman if her hair ain't longer than mine... Yes, you know she ain't no good for nothing but trouble that keeps you buying rats all the time.")
 Told that Queen Elizabeth was in Chicago, the minstrel immediately composed "Blues for Queen Elizabeth." He sang:
 "Yeah, you know, Baby, the whole world's in a tangle. It's just spinning 'round and 'round."
 Chided because he called the Queen of England "baby," Lightning flashed his gold teeth:
 "I wasn't talking just to her," he grinned.

New TV Show Is Different; Aimed Mainly At Women

By CYNTHIA LOWRY
 AP Television-Radio Writer
 NEW YORK (AP)—One new television series, at least, promises to be daringly different. June Allyson, hostess and sometimes star of her own forthcoming Dupont Show, announces that it is aimed especially at women.
 "Just about all there has been for the women has been the Loretta Young show and the old, old movies," comments the tiny, blonde actress. "We're going to give women some good half-hour dramas, the kind that will sometimes give them a chance to have a good cry or a good laugh."
 In pursuance of this goal, Miss Allyson's show starting Sept. 21 will star such seasoned and popular women stars as Irene Dunne, Bette Davis, Ann Harding and Ginger Rogers.
 "Now there are stars who look like themselves—not like every other actress in Hollywood," continues Miss Allyson, who also looks undisputably like June Al-

lyson. "And they will dress in feminine, simple clothes."
 It's too bad nobody can find a fall spot for Andy Williams and company who have been doing such an imaginative and delightful job all summer in the Garry Moore Show spot. Soviet Premier Nikita Khrushchev's U. S. visit, starting next Tuesday, will be covered by TV and radio more thoroughly than anything since the last world series and may possibly raise hob with regular programming schedules. Ingrid Bergman arrives in New York Saturday to start rehearsals for Henry James' "Turn of the Screw" which will be taped and presented on NBC's "Startime" Oct. 20. Arthur Godfrey, recuperating from lung cancer surgery, will host a salute to the Eleanor Roosevelt Cancer Research Institute on NBC Sunday Oct. 25. It is one of the Sunday Showcase series timed to honor Mrs. R's 75th birthday.

Highest Paid Actresses In Top Scandals

By THOMAS BACON
 AP Movie-TV Writer
 HOLLYWOOD (AP)—The movies' two highest paid feminine stars, of the moment, are the central figures of the two biggest movie scandals of the decade.
 And in both cases, the big jump in income followed the front page headlines. The stars, of course, are Lana Turner and Elizabeth Taylor.
 Miss Turner's first picture after her teen-age daughter fatally stabbed the actress' underworld sweetheart, Johnny Stompanato, was "Imitation of Life." For it, she was offered the best deal of her career—50 per cent of the profits.
 Producer Ross Hunter estimates that the actress' cut of the box office click, Universal-International's biggest of the year, already is two million dollars.
 "And that's minimum," says Hunter. "Heaven knows how much higher it may go."
 Miss Taylor, since the triangle headlines with Eddie Fisher and Debbie Reynolds, has become the only million dollar salary actress in the business. Marlon Brando is the only other star with a million dollar price tag on his services.
 It was not long after the headlines that Miss Taylor's agent asked and received \$750,000 plus 10 per cent of the gross for her appearing in "Suddenly, Last Summer" and "Two for the See Saw."
 The million dollar tag—also with 10 per cent of the gross—was reported this week by Producer Walter Wanger who wanted her for his "Cleopatra."
 There's no doubt that she will get the big salary. An informal survey of studio bigwigs, to a man, predicted that she would.
 One studio topper, asking anonymity, explained that scripts, good or bad, alone can make or break a talented performer—not headlines.
 "Take the case of Ingrid Bergman. Her scandal in 1949 was a doozy but it coincided with three flops in a row (Arch of Triumph, Joan of Arc and Stromboli). Her timing was bad.
 "The result was that it looked as if she were washed up despite enormous talent. Then along came 'Anastasia,' an academy award, 'Indiscreet,' and a few others. She's on top again.
 "'Imitation of Life' was, above all, a good movie. A tear-jerker."

but a good tear-jerker. Lana's riding high.
 "When Lir" trouble broke in the papers, she was just out with "Cat on a Hot Tin Roof," a smash that earned her an Oscar nomination. One theater owner told me worriedly that audiences hissed Lir's first appearance on the screen.
 "I asked him: 'Are your seats filled?' He replied: 'Yes, every night, it's the best business we've had all year.'
 "So I told him: 'Let 'em hiss—as long as they pay to do it.'"

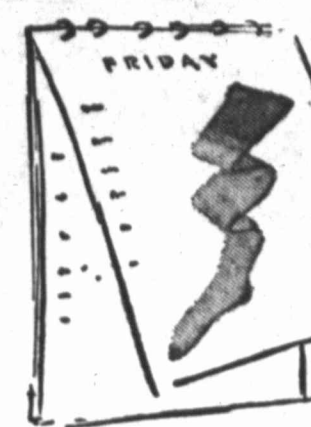

Education Meet

AUSTIN (AP)—The State Board of Education will meet here Saturday for a regular meeting that will include the approval of 1959-60 operating budgets.
