Police Raid Grabs 400 In S. Africa

JOHANNESBURG, South Africa (AP)—Police and troops, backed by eight armored cars, arrested 400 Negroes in a raid on the African township of Duncan outside East London today.

The big sweep came as strong police patrols maintained an uneasy quiet in other major South African cities on the first day of a week-long work boycott called by Negro leaders opposing South Africa's white supremacy laws. This was a Monday Easter holiday for most workers, however, and the real showdown comes Tuesday.

Police and troops threw a cordon around the East London settlement, then moved in.

The East London district police commander, Maj. P. M. Landman, said the arrested Negroes were "all part of a tsetsi (young gangsters) element in this native settlement." These elements have been accused of beating and intimidating Negroes who want to work.

Landman claimed there were no violent incidents.

ONE CLASH
 Only one serious clash was reported. Near Port Elizabeth, a Negro police sergeant was attacked and badly injured by other Negroes as he went to work. Another Negro policeman managed to escape. Later six Negroes were arrested and charged with assault.

Police reported all quiet in Johannesburg and African townships surrounding this metropolis up to noon. Most stores were closed and the sunny streets were largely deserted.

Negroes employed in hotels and apartment houses appeared to be on the job, but many of these live in the buildings where they work or nearby. Their working was no indication of the sentiment of Africans in native townships.

In the first violence of the week, a group of Negroes attacked and seriously injured a Negro police sergeant on his way to work in Port Elizabeth. An attempt was made on another Negro policeman shortly after, but he resisted and escaped unharmed. Police arrested six Negro suspects.

The government mobilized all police forces throughout the nation for the first test of strength with the country's leading Negro political organization since it went underground.

Strong police patrols kept a watch on Negro settlements.

5 Men Killed In Road Crash

SHARPSBURG, Md. (AP)—Five men were killed Sunday night in a car that went off the road near Antietam National Battlefield and crashed into a tree.

The dead were identified as George M. Mowen, 28; Raymond C. Smith Jr., 27; Charles W. Arthur Jr., 24; and Alton L. Stewart, 34, all of Hagerstown; and John L. Bingham, 29, of Waynesboro, Pa.

Police said they could not determine who was driving.

Birthdays In Pairs

PITTSBURGH (AP)—The children celebrate birthdays in pairs at the home of Mr. and Mrs. David E. Gartner of Pittsburgh.

Susan Gartner was born March 19, 1954. Her brother David arrived on March 19 a year later. Sharon Ann was born April 7, 1957. Then along came brother James last April 7th. He almost didn't make it in time. He was born 15 minutes before midnight.

What Gives With The Clothes?

Cindy, a Boston Terrier, appears bewildered wearing clothes for Easter made by her mistress, Mrs. Donald Levesque of Portland, Maine. Mrs. Levesque takes pleasure in making clothes for her grandchildren, and this year she decided Cindy also should get into the act, so she made an Easter outfit, bonnet, pocketbook and all, for Cindy, too.

State Workers Ask 40-Hour Week

AUSTIN (AP)—The State Hospital Board heard today a plea for support of a 40-hour work week for its workers from the Texas Public Employees Assn.

An association committee headed by President John Hofffield and past President A. T. Mullins made the request.

The group said it would cost about \$1,800,000 a year. The work in most cases is now 44 hours. Joe Bennett of Austin, TPEA member, said most employees would rather have the half day at home than an extra \$15 or \$25 a month in salary.

Board Chairman French Robertson of Abilene and board member Walter Woodul of Austin asked whether or not most employees would rather have more money, and work a little longer than 40 hours. The board and the TPEA committee agreed that stopping

the turnover rate among employees in the hospital system was the most important consideration.

Last year there were 3,294 resignations from the total of 8,500 employees of the hospital system. Robertson said he favored the 40-hour work week but was concerned about where the Legislature would find the money. Robertson said the board's staff figured that a uniform 40-hour work week would cost in excess of two million dollars a year.

"I think sooner or later we are going to get it, but it is a question now of what the state is going to do about its financial situation," Robertson said.

Hofffield told the board he believed if its members endorsed and worked for the program in the Legislature that it would be a morale-lifter for the employees even if the lawmakers did not approve the plan.

"We have got some other real problems in building and in providing space for more than a thousand mentally-retarded children now on the waiting list. I do not know what the solution is. If we had the money everything would be fine," Robertson said.

He appointed Dr. Raleigh White of Temple to head a committee to work with the association on the hours question.

The board also announced selection of Dr. James Schless, Denver physician and educator, as medical director for the tuberculosis hospitals. Schless will join the hospital system July 1, filling the vacancy created last year by the resignation of Dr. Patrick McShane.

Louisiana GOP Has A Chance
 NEW ORLEANS (AP)—Voter apathy and disgruntled Democrats give Francis Greverberg a fighting chance to stage Louisiana's greatest political upset and make him the state's first Republican governor in 88 years.

The issue will be decided in a general election Tuesday.

Voters choose between Greverberg, former Gov. Jimmie Davis, the Democrat; and states righter Kent Courtney, a New Orleans publisher.

Davis backers concede that Greverberg could win the election. They fear only about half of the 900,000 who voted in the primary will turn out. The primary featured a red hot battle between Davis and New Orleans Mayor DeLesseps Morrison.

Police Probing Child Kidnaping
 SYDNEY MINES, N.S. (AP)—An 18-month-old boy, snatched from his crib just after midnight by a young man, was found safe and unharmed in a field behind the family home.

Police said they had picked up a man but gave no details immediately.

No explanation for the kidnaping was apparent. The child's father is a telephone company employee and the family has only modest means.

54 Gatesville Boys Escape; 34 Netted

INTEGRATION LEADER

King Says Courts Will Uphold Sit-Ins

By The Associated Press
 A Negro integration leader says sit-down demonstrations are dramatizing the position of the Negro in the South and predicts they will be upheld legally.

The expression of confidence came from the Rev. Martin Luther King Jr. at the start of the 11th week of the Negro campaign against segregated lunch counters.

The 31-year-old Atlanta Baptist pastor appeared on the NBC television program Meet the Press in Washington Sunday night shortly after a Negro college student conference at Raleigh, N.C., laid the groundwork for formation of a Southwide organization.

King conceded the sit-ins might violate local laws. But, he said, "in breaking local laws we are really seeking to dignify the law" as set forth in the 1954 U.S. Supreme Court decision on public school segregation.

The man who led the successful bus boycott in Montgomery, Ala., in 1956, reasoned that if and when local laws against sit-ins reach the Supreme Court they will be held to be in violation of the basic guarantees of the Constitution.

King said he felt both the Congress and the President could and should do more to hasten integration.

This statement was echoed in the findings and recommendations of the Easter weekend Raleigh conference attended by 142 students from 11 Southern states and the District of Columbia.

The student steering committee said in a statement there was a possibility President Eisenhower might go to Africa this fall. The committee said: "We feel that before going to Africa, the President should lend the prestige of his office to the solution of the racial problems in this country and thus he shall be even better prepared for his visit to Africa."

The students set up a temporary coordinating committee which will meet in Atlanta next month. On the committee will be one representative from each of 14 Southern states as well as representatives from various student groups, King and the Rev. J. M. Lawson Jr. of Nashville, Tenn., were named as advisors.

The students pledged to go to jail rather than accept bail if arrested for demonstrating against segregation.

There were some indications of disagreement between the Southern Christian Leadership Conference, a sponsor of the meeting, and the National Assn. for the Advancement of Colored People.

Ella J. Baker of Atlanta, executive secretary of the leadership conference, said it was "a difference in emphasis."

At Nashville, Tenn., one of 12 University of Minnesota students taking part in a "motorcade for civil rights" was arrested for running a red light.

Police said Thomas D. Olson, 26, of Minneapolis, was charged with reckless driving. He was released under \$50 bond for city court trial Monday.

Olson denied he ran the red light. Another student, Phil Schrader Jr., 25, said the police action "carries the onus of a Gestapo tactic." Patrol Sgt. Gordon Vance said he had information the group had "been running stop signs and red lights all day."

American Surgeons Give Life Chance To Greek Lad
 NEW YORK (AP)—Skilled American surgeons, answering an appeal from a small voice in a far off land, today gave a 4-year-old Greek boy his chance to live.

The doctors performed a delicate 63-minute operation on the damaged heart of Stelialis Parthenopoulos, who was flown to New York in an effort to save his life.

The boy's condition at the end of the operation was described as satisfactory. Dr. Aaron Gorelik, noted heart specialist, headed the medical team performing the operation.

The boy's mother, Mrs. Calliope Parthenopoulos, waited in the lobby of Parkchester General Hospital during the operation.

Dr. Ralph E. Ricciardi, the chief anesthesiologist, said there were no major complications during the surgery. The operation started at 8:35 a.m. It was finished at 9:38 a.m.

The boy, son of poverty-stricken parents in a slum near Athens, arrived here last week in a flight arranged by Associated Press newsmen John O. D. Wallace.

Doctors said the boy has a heart defect that will mean early death if uncorrected.

His case came to light when he sent a letter through a Greek doctor to Wallace in New York pleading for a chance to live despite his poverty.

Wallace had been restored to health by a heart operation by Gorelik and Wallace's account of it was printed throughout the world.

Gorelik, Wallace and numerous others offered their time and services to bring the child here for treatment.

Mass Of Cold Air Pushing Eastward

By The Associated Press
 A mass of cold air pushed out of the Midwest into the eastern third of the nation today after an Easter weekend of violent storms and surprise snows.

Generally fair and warm weather was on tap for the storm-struck Midwest westward to the Pacific Coast. Showers, thundershowers and possible snow flurries were expected in the Northwest and some thunderstorm activity in the East.

The cold mass plummeted temperatures below freezing from Minnesota eastward into Michigan this morning and Sault Ste. Marie, Mich., counted four inches of fresh snow.

Green Bay, Wis., reported 13 above; Grantsburg, Wis., registered 18; and Mason City, Iowa 27. The freezing zone extended southward into central Illinois and Indiana.

Cold, wet weather after a night of tornadoes, chilling rains and snows spoiled Easter observances in the Midwest. Property damage

was extensive. The two-day death toll stood at nine.

Snowstorms hit Wyoming, Nebraska, the Dakotas, Iowa, Wisconsin, northern Illinois and the eastern side of Lake Michigan.

Ames, Iowa, had two inches on the ground Easter morning. Scottsbluff and North Platte, in southwest Nebraska, and Pellston and Traverse City, Mich., all reported an inch of snow.

Tornadoes Saturday night wreaked havoc from Oklahoma northeastward to eastern Iowa.

A half-dozen twisters were sighted in Oklahoma. At least 15 persons were injured when gale-force winds struck Tulsa, stoving in plate glass windows and toppling utility poles, traffic lights and signs. A 16-month-old boy perished when lightning struck his Tulsa home.

At Waterloo, Iowa, a heavy truck was blown on top of an auto, killing a passenger in the car. At Traer, Iowa, 50 m.p.h. winds lifted two freight cars off the wheels, causing a 38-car derailment.

Others May Be Caught By Tuesday

GATESVILLE (AP)—Thirty-four of the 54 boys who escaped Sunday night from the Gatesville Training School have been caught. A school official predicted today the other 20 probably will be captured by Tuesday.

The boys slipped out of the school in groups by mingling with Easter Sunday visitors and by overpowering a guard and stealing his car.

Supt. O. F. Perry said no violence occurred in the roundup. "Something like this happens every spring," said Perry.

"Right at first the boys are real anxious to leave, but then later they are kind of sorry it happened."

A stolen car loaded with 12 of the boys crashed into the rear of a truck last night at Temple and police captured 10 youths.

Twenty-four more were picked up around the community by school officials, Highway Patrolmen and the sheriff's deputies.

Perry said some of 1,300 boys at the school were sent there for crimes ranging from murder to theft. He did not think any of the boys who escaped were armed.

There is no fence around the school and "there's nothing to keep them from leaving," Perry said.

Some of the boys overpowered Lyles Waddill, a guard at the school, tied him with ropes and stole his car and money.

POLICE CHASE
 The stolen car was spotted just west of Temple by a highway patrolman who gave chase. The boys headed for Temple at a high rate of speed in an attempt to lose the officer.

The officer radioed ahead for help and was joined in the chase by city police cars, another Highway Patrol car, and a Texas Liquor Control Board officer and a county constable.

After being pursued through stop signs, red lights, and the wrong way on one-way streets the boys turned their car into an alley in downtown Temple and crashed into a parked truck.

As the boys fled the car officers grabbed all but two and took them to the city jail. None of the boys was injured. They were to be returned to Gatesville.

Gatesville Police Chief C. W. Walsh said the boys began escaping in groups of about a dozen or so about noon. Another car stolen by some of the boys was found in Temple and three boys in the car were caught.

Officers set up road blocks in the Central Texas area and all available officers were called out to search for the youths.

Last Christmas about 20 youths left the school. Perry said it was not uncommon for the boys to leave during holiday periods.

One of the boys captured in Temple, was 18 years old, six were 17 and the rest were 16 or under. All were white.

Ends Visit
 MEXICO CITY (AP)—Russeini Zulficar Sabry, alternate foreign affairs minister for the United Arab Republic, departed Sunday after a 10 day visit to Mexico.

Castro Does A Switch, Links U. S. With Plots

HAVANA (AP)—Prime Minister Fidel Castro today charged U.S. authorities at Guantanamo Naval Base were connected with counter-revolutionary plotters in eastern Cuba.

Castro said eastern Cuban plotters are trying to make a revolutionary leader out of Manuel Beaton, a former captain in Castro's army who heads a rebel band in the Sierra Maestra.

Castro made the charge in an interview aboard a plane bringing him to Havana from eastern Cuba, where last week he directed a search for Beaton and his band.

Beaton escaped from prison in Havana, where he was held on a charge of killing one of Castro's army officers. Beaton said the charge was a frameup.

Castro insisted U.S. military planes had been flying over the mountainous region where Beaton has taken refuge with a small group of followers.

Nevertheless, Castro declared that "problems between the United States and Cuba still can be solved," adding he personally is willing to talk with anyone in the interest of promoting understanding between the two countries.

He hedged from remarks made Sunday that relations could be improved if he had a private meeting with President Eisenhower or Secretary of State Christian A. Herter.

Castro insisted he was only answering in the affirmative a question put to him by another correspondent.

Asked if he was unwilling to discuss relations with Eisenhower or Herter, he replied: "I did not say that, but I want no misunderstanding of what I said."

Castro told correspondent Richard Bate of the Columbia Broadcasting System Sunday that such a meeting could result in better relations between the two countries.

Castro, who has been leading a hunt for rebel guerrillas in the Sierra Maestra for the past 10

days, made the remark when he appeared at the mountain town of El Canejo to help dedicate a rural school.

Castro told newsmen the heavy concentration of regular troops in the east Cuban mountains was to help train militiamen to help hunt insurgents, to give the regulars combat training and to be on the alert for possible invasion landings.

Asked where such an invasion might be launched, Castro mentioned the Dominican Republic, then said, "and lately President Eisenhower and Herter have been making strong remarks against us."

Castro appeared to have abandoned, at least for the time being, personal command of the hunt for Manuel Beaton, once a captain in the prime minister's army, and his rebel band operating in the Sierra Maestra. Thus far Castro's troops have been unable to announce any success in rounding up Beaton and his followers.

Polar Splendor

The Coast Guard icebreaker Eastwind presents a striking silhouette amid icebergs as last minute cargo was delivered by helicopter and land craft at the Navy's Hallett Station in Antarctica.

Feb. 26. These supplies must last through the long winter. The Eastwind arrived in Boston this week.

Some Insights With Graham In Africa...

Editor's Note—When Evangelist Billy Graham took his crusade to Africa, AP Correspondent Lynn Heinzerling covered part of the tour. Here, in a string of vignettes, he reports some of the interesting—and revealing—sights.

By LYNN HEINZERLING
Associated Press Staff Writer
Sights, sounds and impressions gathered on tour with Billy Graham through West Africa:

One little Liberian boy who attended one of Graham's meetings knew what to do with a booklet entitled "The Gospel according to St. John," which he received there. Jerry Beaven of Graham's team said he found the boy collecting candy from his pals for a chance to read it.

One Liberian who came to hear Graham speak at 10 a.m. was wearing a tuxedo with a white sun helmet, and carrying the family Bible.

Discussing the Bible with a group of missionaries and ministers in Accra, Graham said: "If you have any doubts, keep them to yourself. The congregation has its own."

A Ghanaian woman was passing out religious tracts in front of a church where Graham was preaching. The bag holding the tracts said: "There is happiness in —'s beer." She hastily put the bag away when Jerry Beaven, Graham's administrative assistant, pointed out the inscription with a grin.

Lagos streets are full of furtive looking individuals who approach tourists and whip shiny wrist watches out of their voluminous gowns. Three of them stopped Graham and when he declined to buy, one said: "Pray for us. We like your blessing." Graham bowed his head and prayed for 30 seconds.

The story Graham tells most often to African audiences is the one about the Texan who had knockout drops put in his coffee. He became unconscious, was declared dead and buried in a graveyard in an open coffin. Waking up next morning and seeing the tombstones about him, he shouted: "Hallelujah. It's resurrection morning and a Texan is first up."

The Rev. Grady Wilson, one of Graham's associate evangelists who travels ahead and holds preliminary meetings, had to reprove one of his interpreters. The man was out-gesturing Mr. Wilson and adding some of his own thoughts to his message.

Jets Make Up 27 Per Cent Of Airline Fleet

NEW YORK (AP)—One out of every four persons who flies on a scheduled airline in the United States travels by jet, a survey by the Aerospace Industries Assn. shows.

The association's official publication, "Aerospace," says that though jets now account for only 14 per cent of the nation's 1,900 scheduled airline fleet, 27 per cent of all passengers use turbojet or turboprop transports.

A total of 267 jets have already been delivered to the scheduled airlines and another 61 will be delivered within the next three months, the publication added.

Nerve-Wracking

ST. LOUIS (AP)—"I'm as nervous as you are," said the masked bandit on the business end of the revolver.

The holdup victim, Clarence Spinks, told police the robber was obviously telling the truth. Spinks was ordered to put his cash in a paper bag and then was herded along with three customers into the rear of his confectionery.

The nervous thief departed with \$126—probably in search of a tranquilizer.

False Alarm

LINCOLN, Neb. (AP)—A burglar alarm at the First National Bank building in downtown Lincoln brought police on the run. But there were no burglars. There wasn't even a bank.

The First National Bank had vacated the quarters several days earlier in connection with its merger with another Lincoln bank. Police blamed defective wiring for the alarm.

Temperature Control Data Offer Disease Fight Help

FT. KNOX, Ky. (AP)—What happens when you remove the "thermostat"—or temperature control—center—from a dog?

Army researchers have found the creatures become literally cold-blooded.

Little else happens. The dogs exist for long periods without shiv-

ering in cold temperatures. They apparently don't suffer.

Dr. Allen D. Keller says it's different in the case of a dog's heat control area.

If that is removed surgically the dog cannot regulate against either heat or cold.

Keller and his colleagues at the

Army Medical Research Laboratory here feel important lessons for humans may come from their work.

He thinks some diseases might be controlled through temperature control—if it were found certain disease-causing organisms could not live at given temperatures.

Physicians have been using drugs to paralyze the human body's temperature control mechanisms during certain types of surgery, when they want to slow the circulation of the patient's blood.

Big Spring (Texas) Herald, Monday, April 18, 1960

Citizens Have Plenty Of Comments To Use On Cops

BALTIMORE (AP)—"Why aren't you out catching bank robbers instead of annoying law-abiding citizens?"

That's one of the standard retorts John Q. Public comes up

with when he runs afoul of the law, according to Harold A. A. Keil.

Patrolman Keil, a cop for 20 years, knows whereof he speaks. During coffee breaks on his mid-

night-to-8 a.m. shift at police headquarters, he began writing down a list of replies most often heard.

Others of his gems:

"Don't try to push me around, sonny. I've got friends at city hall."

"Officer, would you mind watching my child while I go into this store? I won't be gone more than a minute."

"What do you mean I was going 70? If this car ever got over 50 the engine would fall out."

"First of all, let's get just one thing straight. Are you a public servant or not?"

"I was half way across the

street when the light turned red."

"There's a 10-spot in it for you if you just forget all about it."

"Somebody must have pushed my car closer to that fire hydrant. It was 20 feet away when I parked it."

"You wouldn't talk so tough without that badge and gun."

"I haven't had a drink since New Year's Eve."

"Give a guy a whistle and a tin badge and right away he thinks he's Napoleon."

"What stop sign? I thought it was a shaving cream ad."

"When's the last time you paid for an apple?"

NOW..YOU DON'T HAVE TO CHANGE TO A FILTER for a mild smoke

Kentucky Kings are here... with amazing new

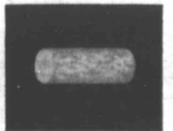

WHAT A GREAT TASTE! NEW KENTUCKY KINGS IMPROVES SMOKING WITH AN AMAZING TIP MADE OF FILTER-FINE GOLDEN TOBACCO

Now comes the first real reason to change cigarettes in 20 years! Now comes the new all-tobacco cigarette—Kentucky Kings—with the amazing Golden Tobacco Tip. Smooths every puff—makes it mild and satisfying—yet never dulls the taste as artificial filters do! Improves smoking with

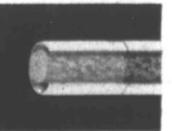

smooth flavor you miss in every other all-tobacco cigarette . . . a full rich taste and easy draw no artificial filter can give you. Try new Kentucky Kings with the Golden Tobacco Tip . . . the great idea . . . great taste in smoking today! Kentucky Kings—King-Size—Popular Price.

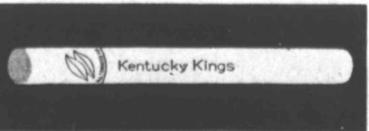

1) New discovery! Natural golden tobacco cut filter-fine brings you Kentucky Kings

2) Golden Tobacco Tip. You get a far better smoke because only Kentucky Kings

3) combines this new discovery with a luxury blend of rich flavorful tobaccos.

4) Kentucky Kings with Golden Tobacco Tip—smooths the smoke naturally—yet never dulls the taste as artificial filters do. For smooth flavor and rich taste get this new all-tobacco cigarette.

TAKE IT FROM A TOBACCO EXPERT

Kennedy Has W. Virginia Campaign All To Himself

By The Associated Press
Sen. John F. Kennedy (D-Mass.) had the West Virginia campaign all to himself today as attention focused on the religious and "gang up" issues.

Reports indicated that his rival, Sen. Hubert H. Humphrey (D-Minn.), was making headway in the campaign for the state's presidential primary May 10.

Another Democratic presidential candidate, Sen. Lyndon B. Johnson of Texas, received encouraging reports. Despite signs of a falling-out over the civil rights bill recently, many of the South's delegates, apparently have decided to stick with him at the Democratic National Convention in July.

On the Republican side, associates of Vice President Richard M. Nixon said he had made a realistic appraisal of Gov. Nelson A. Rockefeller's chances for the Republican nomination.

But, barring some unforeseen development, Nixon remains confident that Rockefeller cannot defeat him. The vice president has the backing of President Eisenhower.

In the West Virginia primary, Sen. Mike Mansfield (D-Mont.) urged other Democratic candidates not to gang up on Kennedy. Mansfield is considered a supporter of Johnson, who has not entered any primaries.

Another Johnson supporter, Sen. Robert C. Byrd (D-W.Va.), recently suggested that followers of Johnson and Sen. Stuart Symington (D-Mo.) vote for Humphrey in an attempt to stop Kennedy.

But, in a Washington interview today, Mansfield said "I do not favor the idea of all the other Democratic candidates ganging up on Kennedy. This kind of procedure is highly reprehensible and very unfair."

On the eve of Kennedy's three-day tour of West Virginia, Humphrey and his supporters accused the Kennedy forces of crying "bigotry" in an effort to play down the election and create sympathy for the Massachusetts senator.

Kennedy is a Roman Catholic campaigning in a state where only 4.9 per cent of the population is listed as Catholic.

"It appears obvious," Humphrey said in a statement Sunday,

plan of high-priced and clever "that there is a carefully designed public relations and propaganda experts to downgrade the importance of this primary, to engender sympathy for my opponent, and to undermine credit for the victory we intend to achieve."

In a statement Saturday, the two co-chairman of the Humphrey-for-President committee in the state, Marshall West and William Jacobs, said Kennedy "seems to think everybody who doesn't want him to be president is a bigot."

But Matt Reese, executive director of the West Virginians for Kennedy, countered: "The most ridiculous statement I ever heard."

"Were it not for Sen. Kennedy's confidence that the people of West Virginia would choose on the basis of the candidate's public service record and not his religion," Reese said, "he could hardly have dared to enter national politics."

Humphrey will not return to West Virginia until next Monday, but he plans to keep campaigning there, almost without a break, until primary day.

The consensus among political observers in Charleston is that his recent personal campaigning has netted him good results.

The weekend politicking made it clear that one major issue in the campaigning after the July conventions may be medical care for the aged.

Symington joined the ranks of those Democrats who strongly support the bill of Rep. Aime J. Forand (D-R.I.). It would make medical care for the aged part of the Social Security program.

On a telecast Sunday, Sens. Joseph S. Clark (D-Pa.) and Hugh Scott (R-Pa.) accused each other's party of laxity in meeting the problem.

MEN PAST 40

Troubled with GETTING UP NIGHTS Pains in BACK, HIPS, LEGS Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the cause of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treated here at Excelsior Springs. They have found soothing relief and a new zest in life.

The Excelsior Medical Clinic, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance to your life. No obligation.

Cruiser And Passengers Await Rescue

Four seaskick passengers of the 42-foot cruiser Emberton lay in life rafts alongside the cruiser as they await rescue off the coast of Palm Beach, Florida. The cruiser sprung a leak while en route to the Bahamas and radioed for help. The Coast Guard dropped pumps to the stricken boat from a plane and later took them in tow with a cutter.

Spring Means New Change For 3 Ex-Aides Of Hitler

BERLIN (AP)—Spring has returned to Spandau Prison. Planting is in full swing. Soon, the three lone inmates will be self-grown vegetables again. Before long, the odor of lilac will fill the two-acre garden.

"I hate lilac — like everything beautiful — as long as I have to stay behind bars," Rudolf Hess, one time deputy fuhrer once wrote in a letter from Spandau. But spring means a change for the last three Hitler lieutenants still in the prison.

Hess is serving a life term. Albert Speer, onetime minister for armament and ammunition, and Baldur von Schirach, former Reich youth leader, have completed 14 years of 20-year sentences imposed by the International War Crimes Tribunal at Nuremberg.

Each reads four newspapers a day but tall references to Spandau and its inmates are clipped out. They are not allowed to discuss such questions in letters or during the half hour each month they see families.

END FARCE

So they have not read about a hint from East Berlin that the Soviet Union may be willing to refer their care to the International Red Cross. They do not know either about a campaign in the British press last year to "end the macabre farce" of Spandau, as one London newspaper put it. Of four fellow prisoners released from Spandau, only one served his full term, Grand Adm. Karl Doenitz, last head of the Reich after Hitler's death, served his 10 years.

Grand Adm. Erich Raeder and Walter Funk, former economics minister, walked out in 1957 on health grounds.

Doenitz, Raeder and Funk now all live comfortable lives in retirement, drawing pensions.

Konstantin von Neurath, once protector of Czechoslovakia, got out as a sick man and died in 1956.

Hess at 66 is the oldest of the three still sealed off in one of Spandau's four large cell blocks. He was seized when he parachuted over Scotland on a self-appointed "peace mission" in 1941 — and so has been behind bars almost 20 years.

GREATEST SON

Hess told the Nuremberg court

he thought Hitler "the greatest son produced by the German people in 1,000 years." He is considered schizophrenic by some doctors and fellow inmates. Letters to his family include such topics as the advantages of canal shipping transportation, woman's role in pre-Communists China and the beauty of Gothic manuscripts.

The bushy-browed ex-pilot has refused to see his wife or son. But he never misses writing the 1,300-word letter prisoners are allowed to send—and receive—each week.

Baldur von Schirach, at 53 youngest of the three, sometimes selects the book titles for his fellow inmates. He made a dramatic statement of repentance at the Nuremberg court, saying "It was my guilt that I raised the youth for a man who committed murders millionfold."

A man of letters, he sometimes has fits of depression but generally is in fair health. He frequently writes poems for his children. His most prized possession is a collection of pipes sent by his divorced wife.

NO BOOKS

Schirach's four children take turns visiting him. They are allowed to bring clothes or soap, no books. Last year, the three sons and daughter sent the Big Four foreign ministers a clemency petition. His divorced wife, Henriette Hoffmann, also pleaded for his release.

"I would make this appeal for anyone," she said. "No one should be allowed to stay in that terrible place."

Albert Speer, who is 55, sees the most people. His wife and six children have to share six visits allotted per year. An outstanding architect before he joined Hitler's cabinet at 36, he keeps himself up to date by studying literature in the field.

In Nuremberg, Speer denounced Hitler as a traitor and disclosed he had planned to feed poison gas into the Reich chancellery bunker. The judges acknowledged that he resisted Hitler.

Both Von Schirach and Speer are due for release in 1966. There

are no provisions for good conduct credits.

The prison day runs from 6 a.m. to 10 p.m. Cells are simply furnished with steel cots, wooden tables, chairs and wardrobes. Von Schirach and Speer attend Sunday Protestant services.

Occasionally the prisoners listen to classical records.

In the latest reform in Spandau, brown corduroy suits replaced the rough prison garb. The metal screen separating prisoner from visitor has gone by handshakes are barred. Each word of conversation is taken down by warders.

There are five cooks, seven kitchen aids, two washerwomen and two housekeepers. Upkeep is over \$60,000 a year. Control of the prison rotates monthly among the four powers. One army platoon takes over from another in a five-minute ceremony.

This is one of the last relics of four-power control in West Berlin.

POWERFUL NEW PLUNGER CLEARS CLOGGED TOILETS in a jiffy!

NEVER AGAIN that sick feeling when your toilet overflows

'TOILAFLEX' Toilet ALL-ANGLE Plunger

Ordinary plungers don't seat properly, forcing air and water to splash back. Thus you have a mess and you lose the very pressure needed to clear the clogging mass.

With "Toilaflex", designed for toilets, no air or water can escape. The patented, tapered tail forms an air-tight fit; the full pressure plows through the obstruction and swishes it down. Can't miss!

- DOUBLE-SIZE CUP, DOUBLE-PRESSURE
- DESIGNED TO FLEX AT ANY ANGLE
- CENTERS ITSELF, CAN'T SKID AROUND

\$2.65 fully guaranteed

Car Smashed, Youths Survive

PACIFIC, Mo. (AP) — A car plunged over a 75-foot embankment and crashed onto railroad tracks below. Seconds later, a Missouri Pacific train smashed into the wreckage.

But the five teen-agers in the car scrambled free just before the train plowed into it. All escaped with cuts, bruises and shock.

"It's unbelievable that they were not hurt any worse," said a physician at Washington, Mo., where the youths were hospitalized.

The injured, all from Union, Mo., were Dennis Klenke, 17; Wanda Wade, 17; Lynn Velander, 16; Kenneth Saucier, 17 and Elmer Leroy Hultz, 18.

Klenke told police he fell asleep at the wheel.

Pioneer Doing Job Splendidly

WASHINGTON (AP) — Space scientists report America's Pioneer V satellite, now past the 5-million-mile mark in its vast solar orbit, is doing its job splendidly. Pioneer was speeding along at about 6,000 miles per hour when it passed the 5-million-mile mark about 4 p.m. Sunday. The smaller of its two radios was working efficiently. Its larger transmitter probably will not be triggered until the satellite is out 8 to 10 million miles away.

Dr. Grollman At VA For Lectures

Dr. Arthur Grollman, chief of experimental medicine at Southwestern Medical School in Dallas, began another physician-in-residence series at the Veterans Administration Hospital today.

The special sessions, to which physicians in the area are invited to participate along with the VA staff, will continue through Wednesday.

Dr. Grollman lectured Monday morning on "Recent Concepts of the Role of Cholesterol in Arteriosclerosis (also Cholesterol, Metabolism)," and during the afternoon his topic was "Role of the Viruses in Malignancies."

His Tuesday lecture at 11 a.m. was to be "Immunologic Chemistry and Mechanisms," and his 3 p.m. topic was to be "Parathyroid Physiology and Disease."

At 11 a.m. Wednesday he will speak on "The Enzymes in Diagnostic Medicine," and at the 2 p.m. session he will answer questions which may have arisen during the three-day sessions. Each morning and afternoon Dr. Grollman will be engaged in ward rounds.

for the adrenals. His simple device has made possible a substitute in numerous cases for the cumbersome artificial kidney. He also pioneered in studies and treatments which have indicated that cirrhosis of the liver is not necessarily fatal. Dr. Grollman took his academic degree as well as two doctorates at Johns Hopkins, also studied and did research in the Universities of London, Berlin and Heidelberg. He taught in several schools before coming to Southwestern in 1944. He is author of several texts.

Dallas Medics Try Repair Of Girl's Heart

DALLAS, Tex. (AP)—A dozen doctors at Children's Medical Center will try to repair the heart of a little girl today while her parents and a cab driver pray for success.

The cab driver is W. H. Henry, 30, a bachelor who befriended the family when he met them at a bus station last week.

Ruth Maria Cvetic has never had a normal heart. The corrective open surgery that doctors in Germany and Sweden told her parents could be done "only in America" may allow her a normal life.

Henry said the 3-year-old girl was born in Mexico City, where her parents have lived for five years.

Her father told Henry that doctors in Mexico sent a diagnosis of her condition to physicians in Europe who wrote back and said the operation could only be performed in the United States.

The operation was scheduled for 1 p.m. today.

Henry's cab pulled up at 3 a.m. last Thursday at a Dallas bus station. Mr. and Mrs. Alexander Cvetic, Maria's parents, are from the northeast corner of the survey, thence 1,900 feet west. The two ventures are offsetting a 55 million cubic feet per day gas well.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Virginia White, City; Cartie Barrera, City; Rafael Heredia, Midland; Johnnie Edwards, City; Gordon Hatch, City; Rosella Ramirez, City; Vera Lee, City.

Dismissals — J. W. Morgan, City; Betty Trantham, City; Susan Tuck, City; Billie Jean Walker, Lufkin; Grace Wackerle, City; Lewis Futrell, Lamesa; Harold Bull, City.

WEATHER

NORTH CENTRAL AND WEST TEXAS — Clear to partly cloudy through Tuesday with rising temperatures. Lowest tonight 45 to 55.

5-DAY FORECAST — Temperatures 2 to 4 degrees above normal. No important day to day changes until cooler about Wednesday. Precipitation generally moderate in scattered thunder showers on Wednesday.

Rites Pend For Wreck Victim

Arrangements are still pending for Lendon Wayne Smith, 16-year-old Coahoma High School sophomore who was killed in a car mishap Saturday night.

Wayne, the son of Mr. and Mrs. E. O. Smith, apparently died instantly when the pickup truck he was driving overturned 9 1/2 miles south from the U. S. 80 intersection of Farm road 821 with U. S. 80. His companion, Sammy Don Buchanan, was shaken and hospitalized temporarily.

Wayne's body will be set out for Mrs. Leta Belle Covert, Wayne's sister, can be located in California. She and her husband were en route to San Diego where he is to board his ship on Wednesday.

Wayne was born Feb. 10, 1944 in Marietta, Okla. He was active in athletics, playing on both the football and basketball squads; served as sentinel of the sophomore class; was chapter treasurer of the Coahoma Future Farmers of America; and was a member of the FFA leadership team which went to the state meet.

His body is in state at the Nalley-Pickle Funeral Home.

Besides his parents and his sister, he leaves one brother, Ellis R. Smith; his paternal grandmother, Mrs. Mary Bell Smith; Marietta, Okla., and his maternal grandfather, J. W. Gibbs, Marietta, Okla.

Pioneer Resident Of Colorado City Dies At Dallas

Mrs. D. N. Arnett Jr., 73, member of a pioneer Colorado City family, died Sunday morning in Dallas after a lengthy illness.

Services will be held at 10:30 a.m. Tuesday in the Rix Funeral Chapel at Lubbock, and burial will be in the Lubbock City Cemetery beside the grave of her husband, Dick Arnett, who died in December of 1957.

Mrs. Arnett was the former Sadie Mae Hughes, daughter of Mr. and Mrs. Frank Hughes who operated the Alamo Hotel and a photograph studio in the Queen City days of Colorado City. Mr. Arnett was boss for the Spade ranch and later moved to Lubbock, going from there in 1932 to become representative of the Texas Cattle Raisers Association in Kansas City.

Among survivors are Mrs. Tom Hughes, South Gate, Calif., a sister-in-law, and her daughter Mrs. Robert Weekly of California; Mrs. Tom Stonerod, Mrs. Floyd Beale and Mrs. Granville Johnson, Lubbock, sisters-in-law; Dud Arnett, Lamesa and Lubbock. Other relatives include William R. Dawes of Big Spring.

Schools To Resume Work On Tuesday

Easter holidays for the boys and girls in the schools of the city and county terminate today. Bright and early Tuesday, classes resume.

The Friday - through - Monday shutdown for the holiday is general all over the state, according to Walker Bailey, county superintendent. H.C.J.C. also begins classes Tuesday.

None of the schools in the county took up work again on Monday.

Battle Flames
Firemen pour streams of water onto flaming structures as they fight a general alarm fire that spread over four square blocks in the Newark, N.J., industrial-residential district. About 25 to 30 buildings were set afire in addition to industrial structures.

Northeast Howard Test Assured As A Discovery

J. C. Barnes has been assured of a discovery in the Pennsylvania reef line at the No. 1 Conrad, Northeast Howard County exploration.

Operator reversed out 7,400 feet of new oil with no water on a drillstem test of the formation during the weekend. The perforated section is between 7,347-415 feet. There are no estimates of the exact recovery.

Pan American No. 2 Faulkner, Breedlove field project in Martin County, has been completed for 317.70 barrels of oil per day. It is unlikely that the operator will try for Strawn production.

In Roosevelt County, Cosden is drilling in lime and chert below 8,991 feet.

Big Spring Exploration, Inc. announced two offset tests to a heavy gas well in Victoria County today. Both will be projected to 6,500 feet in the Rio sand.

Due to spud around May 15 is Big Spring Exploration No. 1 W. R. McFaddin, 11,350 south of the northeast corner and then 1,000 feet west in the Carlos N. Rafael de la Garza survey. Thirty to 60 days later, No. 1 J. J. Murphy is due to spud 10,500 south from the northeast corner of the survey, thence 1,900 feet west. The two ventures are offsetting a 55 million cubic feet per day gas well.

Carolinian Held On Check Charge

A South Carolina man wanted by authorities in his home state in connection with passing a \$1,600 bogus check gave himself up to Big Spring police this morning.

Glenn Vernon Smith, 19, told Detective Sgt. Jack Jones he paid for an automobile with a bogus \$1,645 check and later sold the auto.

The young man has since been traveling throughout the U. S. and has been as far as Oregon in his wanderings, officers said.

Sheriff's officers from Florence, S. C., are en route here to pick up Smith, Jones said.

No Vandalism

Big Spring Municipal park survived the Easter holiday with no signs of vandalism, according to Bruce Dunn, director of public works.

Dunn said usual violence to park property was probably deterred by presence of a patrolman on duty from 6 a.m. until 9 p.m. yesterday.

Officers Ask Confessed 'Killer' To Take Lie Test

Sheriff Miller Harris has requested the Santa Barbara, Calif. authorities to run a lie detector test on Milton Taylor Vest, 34, Vest, who surrendered himself to the California officers last week, has "confessed" to killing an unidentified man in this county sometime last January.

Officers are unable to find any trace of the "dead" man and are inclined to question the confession made by the former convict. However, they hope that the lie detector test may bring them somewhere nearer to the truth of the puzzle.

Vest, who served time in a Texas penitentiary on a car theft conviction from Howard County, told the California officers he and another transient engaged in a fight aboard a T&P freight car last January near Big Spring. He threw the other man from the car, and shortly afterwards, he said, the train pulled on a switch and he left the train and walked back to where he had thrown the other man. He found the man dead, he said, and dragged the body off the right of way. He piled brush and wood over the victim, set the body afire and climbed back on the train, Vest's story continued.

Harris said that Deputies Fern Cox and A. G. Mitchell walked out the area where Vest claimed the episode occurred. They found no body nor any sign of a place where a fire had been. Dan Saunders, Martin County sheriff and other officers have checked out other possible areas with the same results.

The only possible corroborating development was a statement Curley Brown, former deputy sheriff, that some time between Jan. 20 and Jan. 31 he picked up Vest and a companion in Fort Worth and gave them a ride to Big Spring. Brown said that Vest identified himself and told of having been sent to the penitentiary from this county.

Vest's companion, Brown said, was a young man Vest, in his story told to the California officers, described his victim as a man in his 30's.

Brown gave Vest \$2 when he let him out in Big Spring. Vest's story was that he spent the money for food and that it was over this food the quarrel developed in the box car.

He described the place where the alleged fight occurred as being west of Big Spring and near the first "hole." Officers believe he meant the first underpass through which the T&P lines go under U. S. 80.

Cox said that much of the right-of-way in the vicinity of Morita fits the general description by Vest, but that it is bounded by sheepwire. Vest would have had to lift the body over the fence, gather brush, build a fire and get back to the train. It is doubtful he could have done this in the amount of time he said the train was halted.

Pioneer Resident Of Colorado City Dies At Dallas

Mrs. D. N. Arnett Jr., 73, member of a pioneer Colorado City family, died Sunday morning in Dallas after a lengthy illness.

Services will be held at 10:30 a.m. Tuesday in the Rix Funeral Chapel at Lubbock, and burial will be in the Lubbock City Cemetery beside the grave of her husband, Dick Arnett, who died in December of 1957.

Mrs. Arnett was the former Sadie Mae Hughes, daughter of Mr. and Mrs. Frank Hughes who operated the Alamo Hotel and a photograph studio in the Queen City days of Colorado City. Mr. Arnett was boss for the Spade ranch and later moved to Lubbock, going from there in 1932 to become representative of the Texas Cattle Raisers Association in Kansas City.

Among survivors are Mrs. Tom Hughes, South Gate, Calif., a sister-in-law, and her daughter Mrs. Robert Weekly of California; Mrs. Tom Stonerod, Mrs. Floyd Beale and Mrs. Granville Johnson, Lubbock, sisters-in-law; Dud Arnett, Lamesa and Lubbock. Other relatives include William R. Dawes of Big Spring.

Grandpa Harry
Remember the "give 'em hell" Harry Truman of political days? He's now a baby-sitter for his grandchildren—and loving every minute of it. The former president displays his two charges, two-year-old Clifton Truman Daniel, left, and 11-month-old William Wallace Daniel, through the window of his daughter's ground floor apartment on New York's Park Avenue. Mr. and Mrs. Truman are babysitting while their daughter, Margaret, and husband, Clifton Daniel, are on a European trip.

De Gaulle Heads West For American Visits

PARIS (AP)—President Charles de Gaulle took off for the world today on a 14,000-mile trip to Canada, the United States, and French possessions in the West Indies.

The first stop is Ottawa for the beginning of a four-day Canadian visit. The 17-day trip, the longest foreign tour since he took power two years ago, will include stops at Quebec, Montreal, Toronto, Washington, New York, San Francisco and New Orleans.

WTCC Head Favors Sales Tax For Texas

SAN ANGELO (AP) — The president of the West Texas Chamber of Commerce said today he favors a state sales tax, with 15 to 20 per cent of the revenue going to cities and towns.

R. C. Jordan of Amarillo, a trucking executive, said in an interview before his organization's annual meeting started that the present tax system is hard on corporations.

"Our organization feels that we have in the past two years by our new laws tended to discourage industrial growth in Texas, rather than encourage it by tax methods," Jordan said.

The directors of the regional organization will consider a resolution on the proposal for annual and annual sessions of the Legislature. Jordan said he opposes an annual session, but favors a salary increase applying only to the first 90 days of a session.

L. G. Ben, Bernard Schriever, a South Texan who is commander of the Air Force's research and development command, will speak.

Alvin Burger, executive director of the Texas Research League in Austin will address the opening session. He will discuss the Texas tax picture—"where we stand, where we're headed."

Rep. Clark Fisher will follow Burger in an afternoon session.

Man Satisfies Obligations In Contempt Case

R. B. Baker, who was ordered to jail for contempt of court in a child support case last weekend, did not remain there long.

He paid off the \$133.32 assessed by the court and the costs and was freed from custody. Judge Ralph W. Caton, 118th District Court, had ordered him locked up when testimony in the hearing revealed he was thousands of dollars in arrears with child support payments dating back to 1951.

However, because the defendant is in ill health, the court made the specific contempt complaint apply only to \$133.32 currently overdue.

The sentence was that he remain in jail until he "purged" himself by paying off the obligation and costs.

Lutheran Synod Meeting Opens

The 37th convention of the Texas District of the Lutheran Church-Missouri Synod will be held this week at Concordia College in Austin.

Opening communion service will take place in St. Paul Lutheran Church at 7:30 p.m. today. Guest speaker will be the Rev. J. W. Benken D. D., president of general synod. Tuesday through Friday he will address the convention on the work of the church at large.

The Rev. Martin Koehnke, president of Concordia College, River Forest, Ill. will serve as the convention essayist, discussing the subject: "The Doctrine of the Priesthood of All Believers and Its Implication for the Modern Church."

Various requests and resolutions to come before the convention have been printed in a book of memorials studied and discussed by the pastor and delegate of the local congregation.

The voting delegates from St. Paul Lutheran Church in Big Spring will be the Rev. Clair Wiederholt, pastor, and William Schlecht.

Four Collisions Are Reported

Four 2-vehicle collisions dotted Big Spring streets over the weekend but no injuries resulted, according to police reports.

Harold Lloyd Joffcoat, 702 Douglas, was involved in a collision with Evelyn Picklin Margolis, VA Hospital, at the intersection of Farm Road 700 and US 87.

At the intersection of 19th and Gregg St., Louis Victor Thompson, Tucuman, N.M., collided with Robert Lee Fields, 1411 Scurry.

Richard Allen Combs, 3307 Auburn, and Fredroy Roy Overton, 611 Circle Dr., collided in the Masters parking lot.

A collision in the 900 block on Gregg Street involved Janice Cella Mitter, Howard House, and William Loyd Lile, 1510 Sunset.

Show Replaces Art Club Meeting

There will be no meeting of Las Artistas this month.

Jim Collins, president, said the art club's officials and members were too tied up with preparations for the coming exhibition. The regular meeting was to be held Tuesday evening.

The show, a regional Texas Fine Arts Association affair, will be staged in Big Spring this weekend, and entries are coming in from all over the West Texas district.

Tuesday Rites Set For Infant Girl

Graveside rites will be held at 2 p.m. Tuesday in the babyland section of the City Cemetery for Tertia Petrik, infant daughter of S. Sgt. and Mrs. Alvin J. Petrik.

The baby was stillborn here Monday morning. Chaplain J. E. Leath of Webb AFB will officiate at the services.

Besides the parents, survivors include a brother, Alvin Del, and a sister, Vicki. She also leaves her paternal grandmother, Mrs. Kate Petrik, Campbell, Neb., and her maternal grandparents, Mr. and Mrs. O. V. Hill, Plains. Arrangements are in charge of Nalley-Pickle Funeral Home.

It was a bright spring day and pleasant weather was forecast for the transatlantic flight.

De Gaulle's wife, Yvonne, Maurice Couve de Murville and other top government aides are accompanying the president.

De Gaulle spent the Easter holiday at his county home resting for the grueling trip and polishing the speeches he will make. He will deliver most of them from memory. De Gaulle is bothered by bad eyesight and hates to read texts the weekend.

This will mark the third official foreign visit by De Gaulle since becoming president. He has visited Italy and earlier this month scored a personal triumph on a state visit to Britain.

De Gaulle left behind him a worsening domestic farm crisis, a threat of demonstrations by discontented miners and increasing military activity by rebels in Algeria.

Premier Michel Debre will have to face alone opposition censuring motions against De Gaulle's policies when the National Assembly reconvenes April 26. Deputies are angry because the president refused to call an emergency assembly session to debate the farm crisis although a majority of the Assembly petitioned for it.

The farmers are worried because farm income is not keeping pace with the rising cost of items they need to purchase. While De Gaulle was in Britain two weeks ago farmers held mass nationwide demonstrations that developed into riots at two localities. Similar expressions of domestic discontent could embarrass De Gaulle while on his Western Hemisphere tour.

Arriving in Ottawa tonight, De Gaulle will remain in Canada until Friday, when he flies to the United States for pre-summit talks with President Eisenhower and a week's visit.

Thieves And Pickpocket Busy During Weekend

Items ranging from gasoline to valuable building tools were taken in six thefts in Big Spring over the weekend.

A Sweetwater woman reported to police that culprits drained her gasoline tank while her auto was parked in the 500 block on Benton. The tank was about three-fourths full.

Burglars who broke into the construction office at the Wesley Methodist Church made off with tools valued at \$176.

Six hubcaps were taken in raids on autos, two from a vehicle belonging to Jim Leyba, 1692-A Lincoln, and four from Mrs. Leonard Edgerton's auto, 1804 E. 14th St.

The Tidwell Body shop reported the theft of two tire and wheel sets in the amount of \$92. The shop is located in the 1000 block on W. 3rd.

A plumber lost his union card and about \$65 when his pocket was picked in the 400 block on NW 4th St. L. Lawson told police he thought it was a Negro man who "bumped" his hip as he was walking along the sidewalk.

Popular Department

Dorothy Stenson and Pearl Hornbuck are shown here in one of the most popular departments of Edwards Heights Pharmacy. You'll find a host of personal needs supplied in the cosmetic and costume jewelry space. Elsewhere the store has varied and quality merchandise and service.

Summer Sporting Season Is At Hand

With the Little League season around the corner, Sportsman's Toyland at 1608 Gregg has provided a complete line of athletic goods for the young baseballer.

Olivetti Is Versatile Unit

Olivetti printing calculators sold locally by the Thomas Typewriter and Office Supply, located at 101 Main Street, are world famous for their reliability and durability.

The improved machine is the only one in the world that, besides being a complete and up-to-date adding listing machine, also prints automatically credit and debit balances, multiplicant, multiplier, product, dividend, divisor, quotient and remainder.

The machine can handle any accounting and bookkeeping work where it is necessary to have a printed record of the operations for checking purposes.

The 10 key keyboard, the separate multiplication keys, the elimination of idle strokes, the keys of the two and three cyphers, the simplicity of controls, the ease of figure touching, all contribute to make the Olivetti printing calculator one of the fastest and most flexible in the world.

With this machine, the operator can make calculations which are out of the field of every day arithmetic, without mental strain and without a special knowledge of mathematics. The Olivetti printing calculator is there, an invaluable tool in the modern organization of accounting, statistical, banking, administration and technical work.

See it demonstrated at the Thomas Typewriter and Office Supply.

PART OF WORKING FORCE TO GIVE YOU SERVICE Security State Bank more than a place to deposit money

Bank Provides You Many Varied, Useful Services

Banking is considerably more than putting in money and drawing it out. Your bank can offer you many services that are available from no other place.

First, it is a depository for your valuables. A savings account is the best place for your money. It is safe and earns more money while on deposit. The Security State Bank, 1411 Gregg, pays three per cent interest, compounded semi-annually.

Safe deposit boxes are available to you at low cost, the best place to keep valuables of all kinds, including insurance policies, deeds and other things. The Security State Bank recently added a large number of new safe deposit boxes to adequately serve its customers.

A checking account is an easy way to keep up with your various payments and expenditures. When you write a check, you are assured of a permanent record of that payment.

Convenience is also a prime requisite for your banking. The Security State Bank has two drive-in windows to handle your deposits.

Pharmacy Earns High Respect

Edwards Heights Pharmacy, 1909 Gregg, is held in high regard by its many customers for the quality and dependability of its prescription department.

Bennett Brooke, the proprietor, believes that filling of prescription is still the principal business of a drug store. He recognizes and deals with the ever expanding facilities of a modern pharmacy. Nevertheless he views the prescription department of his establishment as the nerve center of the operation.

Quality ingredients, careful and skillful compounding of these to exactly fill the doctor's orders is the rule at Edwards Heights. Hundreds of satisfied patrons have discovered that a prescription from Edwards Heights Pharmacy is always right.

When your physician asks you where you want a prescription filled, tell him "Edwards Heights." You'll always find plenty of parking space at the big store and you will be amazed at the wide variety of merchandise that the establishment features.

The phone is AM 4-7122.

'Salon Showing' For Cadillac

A special spring 'Salon' display of the new Cadillac is scheduled for Wednesday by McEwen Motor Co., 483 Scurry St. The showing will feature the Fleetwood Sixty Special sedan (pictured above), as well as an Eldorado Biarritz convertible and an Eldorado Seville 2-door—all top attractions in the Cadillac line. The salon showing will run from 9 a.m. to 7 p.m., and is calculated to call attention to the elegant simplicity that characterizes the styling of the 1960 Cadillac.

Entire Crew Escapes Ship Without A Single Wet Foot

NORFOLK, Va. (AP)—"Before she went down, the whole crew stepped off the ship's ladder into one lifeboat and one raft. No one was hurt. No one got his feet wet."

This, according to one seaman, was the way the 23-man crew of the small freighter Ethel C abandoned the ship off the Virginia coast early Saturday, before she sank with her cargo of scrap iron.

The Ethel C went down in calm seas after a hole was punched in her bottom, possibly by shifting cargo. Pumps were unable to handle the water that poured through the break.

The crew, 21 of them Greek seamen, had plenty of food and water aboard the lifeboat and raft. They waited more than 12 hours before being spotted by a search plane. Rescue ships brought them here.

The 329-foot freighter, valued at about \$150,000 by her agents, was hauling \$130,000 worth of scrap iron from New York to nearby Newport News.

A clergyman described crew members as "completely overwhelmed and overjoyed" that they

were rescued in time to attend Easter services.

Diomedes Caravias, of New York, skipper of the Ethel C, said the crew would remain here to "finish formalities," then head north. Caravias had a special reason for hastening home. His wife, for whom the freighter was named, is expecting a child soon.

For the skipper, a naturalized citizen of Greek origin, it was the third ship sinking he had survived during his career.

The men were confident as they awaited help. "The seas were calm, we had food and water, and we knew they would soon find us," said Vassillos Doukas, 19, the youngest member of the crew.

State Candidates Hit Trail Again

By The Associated Press

Political candidates, rested after an Easter vacation, hit the campaign trail again Monday in their quest for votes in the May 7 Democratic Primary.

In the governor's race Jack Cox plans to campaign in Dallas Monday and in Houston Tuesday while Gov. Price Daniel has not announced any plans.

Atty. Gen. Will Wilson will be in

Beaumont Monday and in Houston Tuesday while his opponent Waggoner Carr will be in San Antonio Monday and in Houston Tuesday.

LA. Gov. Ben Ramsey will tour Waco Monday and Dallas Tuesday and his opponent, Don Yarborough, visits Waco and Temple Monday and Sugarland, Richmond, Rosenberg, Columbus, Hallettsville, Cuero, and Floresville Tuesday.

Land Commissioner Bill Alcorn

has not announced any plans for this week. Jerry Sadler will be in Abilene Monday and Lubbock Tuesday.

Pope Expresses His Sorrow For World Race Suffering

By FRANK BRUTTO

VATICAN CITY (AP) — Pope John XXIII expressed sorrow in his Easter message Sunday for those suffering because of race or denial of their civil rights.

Addressing 150,000 persons standing in the rain in the great square before St. Peter's basilica, the 78-year-old pontiff called men to the peace of the risen Christ in a world plagued by racial intolerance.

In an obvious reference to the Negro's race problem, he said: "And our sorrowing gaze turns also to the other children of God everywhere, suffering because of race or economic conditions, at once complex and giving reason for anxiety, or through the limitation on the exercise of their natural and civil rights."

The ruler of the Roman Catholic Church put special emphasis on racial tolerance during Holy Week.

On Holy Thursday he performed the traditional ceremony of washing the feet of 13 persons, emulating Christ at the Last Supper. For the first time those chosen included Negroes, a Japanese, West Indians and a Polynesian.

SPECIAL GREETINGS

Before giving his Easter message, the pontiff sent special greetings to Laurian Cardinal Rugambwa of Tanganyika, first Negro to be elevated to princedom in the church. The prelate has been ill in a Rome hospital since he received his red hat last month.

The pope also dealt with communism in his message.

"On one side stands Christ, together with his representatives and his followers in the church, raised up in holiness and brotherly love," he declared. "And with the church thus blessed there abide sound doctrine, truth, justice and peace."

On the other side, he said, "trailing support is the anti-Christian spirit which is error, a false idea of personal and social life, excessive power and even physical violence, evil and ruinous disaster."

In Jerusalem, thousands of pilgrims and tourists assembled in the holy places of Christ's resurrection. The crowds were the largest for Easter since the Palestine war.

Western pilgrims were up at dawn for sunrise services beside the sepulcher known as the Garden Tomb. Later the Latin patriarch, Msgr. Alberto Gori, led a procession to the ancient Church of the Holy Sepulcher and presided over a pontifical High Mass.

In Moscow, as the faithful flocked to colorful services in the city's two dozen Russian Orthodox churches, the trade union newspaper Trud leveled a bitter attack on the clergy.

The paper accused Orthodox priests and monks of getting rich by selling holy water and holy unguents which were actually nothing but tap water and ordinary vaseline.

Easter Weekend Death Tally 23

By The Associated Press

Four persons died Sunday in the crash of a truck and car near the Southeast Texas town of Plantersville boosting the Easter weekend violent death toll in Texas to 23.

Seventeen persons died in traffic accidents during the weekend period which started 6 p.m. Friday and ended midnight Sunday. Three persons drowned, two died of gunshot wounds and one was electrocuted.

Twenty persons died during the Easter weekend in 1959, 25 in 1958, 28 in 1957, 26 in 1956 and 29 in 1955.

Henry Arthur, 42, of Odessa, died in a car accident in Odessa Sunday night.

Mrs. Ethen Perl Hiron, 42, of Pampa, died Sunday when a car in which she was riding overturned three miles east of Skellytown.

Mrs. Blanchard Elliott, 57, of Odessa, was found drowned in a bathtub at her home Sunday. Justice of the Peace A. P. Boyd said Mrs. Elliott had been in ill health. He returned a verdict of suicide.

In Warsaw, Stefan Cardinal Wyszynski urged an Easter congregation to face the future with fear despite the difficulties of the Roman Catholic Church in that Communist land.

change to our new UNIFLO

Now... 1959's best motor oil... Humble Uniflo... is even better for 1960!

Humble research has developed two new additives that put Uniflo further and further ahead of other motor oils in quality.

These new additives break up sludge into harmless particles and hold them in suspension until the oil is changed. They retard, better than ever before, the formation

of "varnish" on pistons, crankshafts, cylinder walls. In brief, new Uniflo gives your car's engine protection it has never had until now.

If you're proud of your car (most folks are!), change to new Uniflo Motor Oil under your neighbor's Humble sign... Uniflo is the original multi-grade oil—the one oil for every climate in any season.

1960 is Humble's year!

Announcement of this substantial improvement in the quality of Uniflo Motor Oil follows major improvements in the quality of Humble gasolines. Thus Humble again demonstrates its leadership in product quality, a big reason why so many motorists stop for service under Humble signs... Are you among them!

You will be a happier motorist when you become a Humble customer.

Video Has Its Good Moments As Seen Sunday

By CYNTHIA LOWRY
AP Television - Radio Writer

NEW YORK (AP)—Television, while too often giving less than its best, sometimes provides precious moments of beauty, enchantment and emotion.

There seemed to be many of these moments Sunday. First, both NBC and CBS brought us stirring and dramatic Easter services in both Protestant and Catholic churches. Perhaps the most fortunate viewers were those with color sets, as NBC's color cameras took us to the Cincinnati Cathedral of St. Peter in Chains. It was a beautiful church, a lovely service, glowing in rich color. At moments during the Mass, the camera was so close to the altar that one could watch the graceful motions of the celebrant's hands and even savor the beauty of the chalice as the priest lifted it high.

There was Janet Flanner's handsome face, alight with memory, as, on CBS, "Paris in the Twenties," she told how she and other talented young Americans flocked there after World War I.

They were drawn by a sense of excitement and lived grandly on little money in the French city, "so full of writing and literature it seemed as if every stone had a literary style of its own."

There was the earnest face of the Rev. Martin Luther King on NBC's "Meet the Press" explaining gently, but somehow fiercely, his philosophy about the current rash of sit-in strikes.

And there was a particularly touching drama with a triumphant Easter scene on NBC's "Frontiers of Faith." This one answered the old question about finding life in death in a play about the Hungarian freedom fighters. This fine series deserves a better time spot than 1:30 p.m. Sunday.

The big excitement of the Sabbath was NBC's re-run of its April 3 "World Championship Golf," a match between Sam Snead and Mason Rudolph which Snead said he deliberately lost rather than ruin the filmed TV program by forfeiting the match when he discovered he had an illegal number of clubs. Before and after the golf film a raft of statements were read about what Snead called "this TV mess." They didn't seem to add up to much except to say that NBC had launched an investigation, that the sponsor never interfered with a program's contents and that the public should decide—but decide what I don't know and they didn't say.

Saturday night came an Andy Williams NBC special called "The Man in the Moon," a most remarkable musical variety show with a leisurely pace, nice music and a couple of comic sequences with Tony Randall that misfired. NBC's "The Way of the Cross," and "World Wide 60" turned out to be—in spite of its theme and noble aim—a long and pretty dull show to those who saw it in black and white. It was much more effective in color television.

Recommended tonight: June Allyson Show, CBS, 10:30-11 — "Surprise Party," with Myrna Loy and Gerald Mohr (once of "Foreign Intrigue")

DEAR ABBY

TALK IT OUT

By Abigail Van Buren

DEAR ABBY: Last week while cleaning out the pockets of my husband's sport jacket I found a silly valentine. It was a picture of a caveman hitting a cavewoman over the head, and underneath it said, "YOU SLAY ME." It was signed, "Lenore."

I asked Harold who "Lenore" was. He said, "Oh just some dizzy dame at the office."

Now, Abby, in all the eleven years we've been married I never once went through Harold's billfold and I don't know what made me do it last night. Well, I found a little white card (the kind that comes with a gift) and on it was "Love, Lennie."

I am heartsick. Should I ask Harold for a showdown when he comes home? Or should I pretend I never saw it? Or should I call Lenore and ask her how far this has gone? Please help me, Abby, I've never faced anything like this before.

HURT, HEARTSICK AND DISILLUSIONED

DEAR HURT: Tell Harold your intuition has been working overtime and you'd like to know more about "Lenore." Listen quietly while he explains. When he's finished you'll probably find out that Lenore is just "some dizzy dame at the office."

DEAR ABBY: A friend of mine "male" gave me one of those wishy-washy hand shakes and I told him that hand shake was no more life in it than a dead fish was my pet peeve. So he grabbed my hand and crushed it so hard that he broke two bones in my finger. I slapped his face. I didn't realize the damage he had done until I went to the doctor the following day and had it X-rayed. When I told him about it, he offered to pay the bill. Should I let him? He is married, but I am not.

DEAR DIANNE: Let him? Let him? If he doesn't. Slug him with your GOOD hand.

DEAR ABBY: My husband and I have been watching the ads for movies in the newspapers, and

are still waiting for a decent one to come along. They seem to be getting worse. The movies are vulgar, suggestive and indecent. And the advertising would make your hair stand on end. We are no spring chickens but we worry about the young folks who see these ads and go to the movies.

Small wonder our juvenile courts are packed every day. Yet our P-TA's are busy fund-raising to buy bicycle racks and gym equipment. How about P-TA putting forth some effort to get movies that are fit to see?

JUST DECENT FOLKS

DEAR FOLKS: It is not the function of the P-TA to censor movies and their ads. It is up to the parents of children in the impressionable age group to exercise control over which movies their children see (as well as which books they read and with whom they associate.) Not all movies are vulgar, suggestive and indecent. Some are wholesome, educational and inspirational.

CONFIDENTIAL TO READERS

WHO WROTE: According to readers who wrote from Spokane, Washington, the "Open letter to Teen-agers" was written by Ralph N. Peterson of the Department of Guidance of the Spokane Public Schools, in collaboration with the mother of a student. It was erroneously credited to Juvenile Judge Philip B. Gilliam of Denver.

For Abby's pamphlet, "What Every Teen-ager Wants To Know," send 25 cents and a large self-addressed, stamped envelope in care of The Big Spring Herald.

Astronomers Still Looking For Message From The Sky

By RAY J. CROWLEY

WASHINGTON (AP) — "What do you hear from outer space?" the reporter asked. "Any word from our fellow creatures on those planets a zillion miles away?"

The man from the National Science Foundation laughed.

"Not yet, so far as we know," he said. "But I tell you what. A lot of tape with wiggly marks on it is accumulating at that mountain observatory in West Virginia. The astronomers are going to analyze the tape, and if they find certain things on it, do you know what's going to happen?"

"No, what?"

"Some of us are going to drop dead of excitement."

That's the status today of man's first attempt to tune in on radio messages which, some scientists figure, might be coming from other worlds.

For a week now, scientists at Green Bank, W.V., have been pointing a radio telescope at two stars, Tau Ceti and Epsilon Eridani. As stars go, they are neighbors of the earth. Only 11 light years, or about 66 trillion miles away.

These stars may have planets, with inhabitants smarter than earthlings. They may be trying to get in touch with us.

They don't speak our language, of course. But mathematics presumably is the same everywhere, so they may be beaming numbers at us, by way of saying hello.

They may be sending pi, for example. This is the ratio of the circumference of a circle to its diameter. It is a non-stop number. You can work out its decimal places until your head aches and you'll never finish. Worked out to eight decimal places it is 3.14159-265 (plus).

It will take astronomers at Green Bank weeks to analyze the first batch of tape, even with the help of a computer. But any message from out there has been 11 years en route, so a little delay in translating won't matter.

"If they ever do get pi from the sky," one newsman said, "it will be the story of the ages."

"Yes," replied a skeptical colleague, "especially if it's pi a la mode."

Belafonte Behind Bars

By RAY SHAW
AP Newsfeatures Writer

As long as part of the world wears a face of sadness, Harry Belafonte is certain to have employment. He's the master at translating in song the miseries and misgivings of man.

Some of his best performances have been work and chain gang songs ("John Henry," "Sylvia"), and to these he adds 10 fine selections in "Swing Dat Hammer," an RCA Victor album that throbs with all the Belafonte magic and emotion.

Backed by his folk singers and some expert sound effects, Bela-

fonte sings and chants of the loneliness, hopes and hates of men separated from the public by the bars of justice.

The type album you've become accustomed to expect from Belafonte.

Andre Kostelanetz and his orchestra turn their attention to a different type folk music in "Gypsy Passion" (Columbia), an album, as the name suggests, of gypsy fiddling and fire. Kostelanetz introduces a true gypsy fiddler and some gypsy musical instruments for a highly satisfying result.

If overtures are your meat, you'll feast on "Overtures by Offenbach and Auber," with Paul Paray conducting the Detroit Symphony Orchestra. The Mercury album teams three of Offenbach's best known overtures and three by the lesser known Auber, whose music isn't performed nearly enough in this country.

Paul Anka has won half of his battle. "The kids know me," the 18-year-old singer-composer says. "They buy the records and half the battle is won." But adults make up the other half, and that's why Anka has begun the night club circuit.

It's difficult for a young kid to get up in front of adults because right away they're skeptical of you," says the Canadian-born youth has sold nine million records of "Diana" and had other big hits, thanks to the teen-agers.

"I feel I have something different to offer," says Anka. "But I've never been a freak in the business."

Autopsy Sought For Mailed Baby

SALT LAKE CITY, Utah (AP) — Officers sought court permission today for an autopsy on the body of a 10-pound, red-haired baby boy whose body was mailed here last Tuesday from Dallas, Texas.

A doctor said the boy might have been alive when he was wrapped in aluminum foil and placed in the box which bore the return address of Mary Sue Goss, 3322 Wycliff, Dallas, Texas. Dallas police said Mrs. Goss, a widow of about 35, said she could not imagine who would have written her name on the package. It was delivered to Mr. and Mrs. Henry L. Goss here Saturday, although the address was not theirs and was in fact non-existent. But they are the only Henry Goss family in the area.

Husband Slays Wife

Alton Richard Adcock, 25, of Arlington, told police he used a borrowed shotgun to slay his pretty 22-year-old wife, Thelma, because she admitted she was having an affair with another man. The couple had fallen in love as children when both were in a Dallas orphanage and married later.

Scouting Units Prepare For Anniversary Circus

Some 500 Boy Scouts, Cubs and Explorers will assemble at the old school stadium May 6-7 to present a panorama of Scouting activities in celebration of the organization's 50th anniversary.

The circus will begin at 7 p.m. on both days and spectators will have a chance to view Scouting in action from its elemental form, that of Cubbing, to the highly specialized skills of the Explorers.

The action on the field inside the stadium will be continuous, according to Carl Campbell, chairman of the camp and activity committee in charge for the Lone Star district event.

INDIAN BATTLE

The younger set of Scouts, the

City's Water Revenues Are Down Sharply

Customers of the Big Spring municipal water system used over 100 million gallons of water during the month of March, for which they paid \$74,835.42.

According to City Secretary C. R. McCleeny, the total amount of water metered in Big Spring last month was 108,716,600 gallons considerably less than the figure for the same month a year ago when 128,168,500 gallons were metered.

The difference in the two months amounted to a \$9,255.47 decrease for this year. The March, 1960 total was also a decrease, 327,100 gallons, from February's amount. Receipts, however, were \$5,082.13 higher during the past month than in February.

There were no disbursements from the interest and sinking fund to retire the city's bonds to hold bonded indebtedness at \$1,039,500 in tax bonds and at \$1,314,000 in revenue bonds.

In the general fund, receipts, including amount transferred from other funds, totaled \$83,390.02 for the month. Expenditures left a balance of \$69,334.54, McCleeny noted.

Receipts from parking meters totaled a sizeable \$3,060.29. The city paid for 210 new meters, total cost of \$798.

In the swimming pool and park system fund, green fees and golf cards helped boost the month's receipts to \$917.

Deposit for installation of sewer lines in the Star Dust addition added \$10,471.30 to the water and sewer system construction fund. Water service deposits amounted to \$1,960.

Sale of bonds for the storm sewer bond fund netted an additional \$150,000.

The March report was compiled as a windup to the fiscal year which ended March 31.

Cubs, will present skits, including a re-enactment of the Battle of the Little Bighorn, complete with the scalping of General Custer. The Cubs will also have a parade of pets, clowns and a few "home-made" bands.

An Indian dance team composed of members of the district's Order of the Arrow, honorary camping organization, will present a scalp dance.

Eight Boy Scout troops will set up camp within the stadium walls the night of May 6, camping there overnight and through the following day. The camp will remain setup for the final performance, Campbell said.

A disaster scene will unfold during the circus also, and visitors will get a first hand look at the first aid procedures put into practice by the Scouts.

Demonstrations, as well as depictive scenes, are expected from the district's Air and Sea Explorer units, the chairman noted.

SPECIAL AFFAIR

The district holds a circus every other year, Campbell said, noting that last year a camporee was held. Scouts throughout the nation, however, are holding a circus this year as part of the golden anniversary.

Tickets for the event went on sale Friday at 25 cents each and are available from any Explorer, Scout or Cub, Campbell said. They may also be purchased at the Roy Bruce Service Station and Garage. Half of all proceeds are given to the Scouts while the remainder is used to help defray expenses.

Assisting Campbell with the project are D. D. Johnson and Fred Beckham, ringmasters, and Capt. Earl Lothringer and Garrett Patton, directors.

National Soil Survey Is Now Under Way In County

The National Cooperative Soil Survey being conducted in all parts of the United States is currently underway in Howard County.

Scientists from the Martin-Howard Soil Conservation District are conducting a survey which, when completed, will show types of soil, slope of the land and the amount of erosion that has taken place.

Keith Brock and Herbert Stoner are the scientists doing the local work, according to Ben R. Day, district work unit conservationist.

Day said that farmers and ranchers in the county, as well as surrounding areas, should "not be alarmed" when our men using a vehicle-mounted power drill appear on their land. They aren't drilling for oil or water, and they aren't drilling post holes, he noted, "but are taking soil samples."

When the survey is finished, con-

servation technicians can work with the land owner in arriving at a conservation plan that will better protect and improve the soil, Day pointed out.

In addition, city, state and federal agencies will use the survey information. Highway planning groups may use it in selection of rights of way. Day explained; city government could put the survey to use in mapping zoning ordinances; real estate values and potential yields can be partially calculated by using the survey data.

More than 250,000 acres in Howard County have already been classified, Day said, using the standards set by national survey officials. Scientists Brock and Stoner have mapped all the land from the west boundary line of the county past Big Spring and are currently gathering data in a line north and south of Sand Springs.

Priest Bumped For Bomb Scare

BOISE, Idaho (AP)—A bomb scare prompted by a joking remark by a passenger delayed a United Airlines flight for an hour Sunday.

The DC6 was bound from Seattle to New York with 32 passengers. R. E. Gustavel, district sales manager of the airline, said FBI agents identified the passenger as the Rev. Lawrence Banfield, a Roman Catholic priest who boarded the plane at Portland.

Gustavel said Father Banfield told him he made the comment "in jest" as the plane prepared to take off for Salt Lake City.

The pilot brought the plane back to the airport terminal and ground crews searched the craft.

The priest remained in Boise voluntarily while FBI agents made what they called a routine security check, Gustavel said. The airline refunded the priest's ticket and he reportedly left for Portland.

4 In Family Die In River

HAYTI, Mo. (AP)—Four members of a family perished Sunday when their boat capsized in wind-whipped Mississippi River floodwaters. They were returning to a farm house from Easter church services.

The victims were Mary Green, 50, her daughter-in-law Madeline Green, 20, of St. Louis and Madeline's daughters, Debra Ann, 2, and Jerry Elaine, five months.

Mary Green's husband, Mack, 58, swam back to the bank. High water from the Mississippi has flooded several hundred acres of land around the farm of the Mack Greens near here.

Lamesa To Host P-TA Session

LAMESA (Spl.)—More than 150 workers from the Parent-Teachers Association units in District 16, Texas Congress of P-TA, will gather in Lamesa Thursday and Friday for the annual spring conference.

Mrs. W. E. Miller of Canyon, state vice president, and Mrs. Bill Leadbetter of Donna, state chairman of high school service, will be the principal speakers for the conference, according to Mrs. Chesley McDonald of Sterling City, president of District 16 who will preside at the sessions.

All conference meetings will be held at the First Presbyterian Church with the exception of the Thursday night dinner for the district executive board, and the closing conference program to be held in the new auditorium at Lamesa High School.

District executive will register at 2:30 p.m. Thursday and will hold pre-conference business meetings prior to the dinner in their honor being hosted by the Lamesa School District Board of Trustees. Approximately 50 are expected to attend.

Registration for the general conference sessions will begin at 8 a.m. Friday, and a coffee hour will precede the 9 a.m. call to order when Rev. Walter G. Horn, pastor of First Presbyterian Church will give the invocation. Mrs. Albert Lamb, president of Lamesa City Council P-TA will give the welcome, and Mrs. McDonald, the district president is to respond.

C. W. Tarter, superintendent of the Lamesa Schools is to present the conference theme, "P-TA In

Panorama" following reports of vocalist on the morning program will be John Fraser, minister of music and education of First Methodist Church.

Mrs. Miller will address the conference on "Adjusting to the Atomic Age." She is a graduate of West Texas State College, Canyon, and a former school teacher. She has a wide background in P-TA work, having served as president of a local unit, vice president and president of the district and as chairman of numerous committees.

Also scheduled for the morning session is a parliamentary drill, roll call of district vice presidents, and the address of Mrs. Leadbetter. A life member of the Texas Congress, she has served as local unit president of the elementary, junior high and senior high unit levels; has been bi-county and district 10 president.

Workshops are to precede and follow the noon luncheon, it was announced by Mrs. McDonald. Music for the luncheon is to be presented by students in the Lamesa High School music department.

Following the workshops, coffee will be served at the church before workers adjourn to the high school auditorium for their closing session. A question and answer session will be held, and reports and credentials approved.

After high school students who are to be invited to sit in on conference sessions have made evaluations, invitations for the 1960 fall workshop and the 1961 conference will be heard.

The benediction will be by the Rev. Milo B. Arbutckle, pastor of First Baptist Church.

Plans June Wedding

Mrs. Lois Powell of Stanton announces the engagement and approaching marriage of her daughter, Kay, to Nolan Simpson, son of Mrs. Rubye Simpson, 1713 Harvard, Big Spring. The wedding is to be in the First Methodist Church, Stanton, on June 30.

'ROUND TOWN

With Lucille Pickle

All the girls, young and old, who picked Easter Sunday to wear their new spring finery found the wearing pretty chilly unless they had planned beforehand for that last cold snap. Little children, out to hunt eggs in the dawn's early light found their winter jackets with hoods just the right answer for what to wear while poking about in the greenery for the brightly colored eggs and other little surprises.

MR. AND MRS. W. R. DOUGLASS and MR. AND MRS. TOM ADAMS had as their Easter guests their daughter and son and their four children, MR. AND MRS. ALFRED ADAMS whose home is in Dallas. They returned there Sunday afternoon.

MRS. LOYD LILE and her daughter, Linda Lu, have returned from Edmond, Okla. where they were guests of her brother and his family. Mr. and Mrs. Leroy Hicks. While there the local people attended Mr. Hicks' production of Guys and Dolls presented at Central State College. Another guest in the Hicks home was the grandmother, Mrs. John Keeton of Healdton, Okla.

MRS. J. A. D. TODD of Fort Worth left today for her home after spending several days in the home of her cousin, Mrs. J. G. Lewis and her family.

Back home just in time for

Easter are MR. AND MRS. ROY REEDER who have been in Colorado and Nevada for the past ten days. The couple joined for residents, MR. AND MRS. DURWOOD CARNETT, at Grand Junction, Colo. and then went to Lake Meade where they spent three days out on the lake. According to Mrs. Reeder, fishing at this lake gives even an amateur fisherman much hope. The fish bite and are big when they finally get landed.

Sunday was a happy day for MRS. J. B. WOOD and her son, Curtis. They hosted a family gathering at their home, 605 E. 16th St. Here for the holiday were W. W. WOOD of Longview; MR. AND MRS. JOE F. WOOD and MR. AND MRS. J. E. WOOD and his family all of Fort Stockton; MR. AND MRS. J. B. WOOD JR. and family of Lubock. Other members of the family present who make their home here were Mr. and Mrs. D. J. Kinard and Mr. and Mrs. Rabon Wood.

During the afternoon other relative and friends called.

Six families were present at the home of MR. AND MRS. REKIE CAUBLE Sunday when they entertained relatives with a dinner. From out of town were Mrs. Neola Miles and Rhonda of Odessa and Roger Miles, a student in Texas Western in El Paso, and Glen Jenkins, a Tech student at Lubbock.

Betrothal Announced

Mr. and Mrs. Jack Pelham of Lamesa are announcing the engagement and approaching marriage of their daughter, Carole Gwynne, to Jeff Smith, son of Mr. and Mrs. Wayman Smith of Asperment. The pair plans to wed June 3 at Klondike Baptist Church.

Frazier Speaker For Stanton FFA Dinner

STANTON—The annual Future Farmers of America banquet was held Thursday night at the high school cafeteria.

Bruce Frazier of Big Spring was the guest speaker. His topic was "History of West Texas." To assist in the program were Ronnie George, Gerald Hanson and Elmer Long were voted honorary members.

The F.F.A. girls served the banquet meal to 200.

ABWA Meeting

sociation will meet for dinner this evening at Coker's, 7:30, for the monthly business session according to an announcement made by the president, Mrs. Marie Price.

OVERWEIGHT? New 24-Hour Diet Takes Pounds Off Big Eaters

Big eaters now can lose 10 to 20 pounds and more and still enjoy big meals of fine food... thanks to the Swedish Milk Diet. It is an on and off diet. Eat today... eat everything just like you now eat. Then tomorrow you diet for 24 hours taking Larson's S.M.D. with milk... that's all.

No calorie counting. No exercise. No mechanical massage. Yet not only do the pounds and inches of horrid looking fat melt away but more important, those bulges disappear in the right places from all over the body the same way. It's quickly noticeable how much weight is gone from chin, back, neck, arms, legs, stomach, bust, backside, hips and thighs.

So even if you are a true gourmet when it comes to fine food and big meals, start the Swedish Milk Diet. Automatically thousands of fat building calories are eliminated. Energy goes up... weight goes down. And again you're slim and there's no underfeeding. This is the reducing plan you've seen publicized in Harper's Bazaar, Glamour, Vogue and other authoritative fashion magazines.

You can get Larson's S.M.D., the complete Swedish Milk Diet, at better drug stores. Also featured by many leading department stores... ask at the cosmetics counter. You have your choice of this filling, energy-packed food either regular or in chocolate flavor or in handy condensed food tablet form. Satisfaction is guaranteed or you need only return empty package to store where purchased for purchase price refund.

IDA CLEONE SINGLETON

Plans Are Announced

LAMESA — Mr. and Mrs. Floyd I. Singleton of Corpus Christi are announcing the engagement of their daughter, Ida Cleone, to Dr. Joseph B. Ashton of Pasadena, son of Mr. and Mrs. J. F. Ashton of Lamesa.

Miss Singleton attended Del Mar Junior College, Corpus Christi, and received her bachelor's degree in music from the University of Texas. At Del Mar she was a member of Phi Theta Kappa, and at the University she was affiliated with Sigma Alpha Iota.

At the present time she is a teaching assistant in the University music department while completing requirements for her master's degree in music.

Dr. Ashton received his bachelor's degree at Texas Tech, and holds his doctor's degree in chemistry from the University of Texas. He is a member of Alpha Chi Sigma, Phi Lambda Upsilon and Sigma Xi.

He is a research chemist for Shell Chemical at Deer Park. No definite plans for the wedding were announced.

HOLLYWOOD BEAUTY

Actress Offers To Share Favorite Diet

By LYDIA LANE

HOLLYWOOD—"Let's face it," Marilyn Maxwell said, sipping a glass of iced tea, "you see what you eat. I discovered this the hard way." Her doctor allowed her to gain 40 pounds during pregnancy, and after the baby was born she found herself 30 pounds overweight. That was three and a half years ago and after the terrible struggle to get back to normal, Marilyn made quite sure she'd never have a major reducing problem again.

"I think people who disregard their diets and then look for push-button reducing are just deceiving themselves and ruining their health. Most of us exercise too little and eat too much. That leaves a credit balance on the fat side. It isn't easy for me to restrict myself because I love to eat," she admitted.

"Do you have a sweet tooth?" "Not at all," she replied. "But I could live on pasta, spaghetti, lasagne, macaroni au gratin. I love bread and butter and cream sauces, and I could eat a whole bowl of buttered popcorn while I'm watching TV. But I don't, because I decided that my battle with weight could be won with will power. I want to wear a size 12 more than I want to eat. It's that simple."

"And," Marilyn added, "it's a matter of feeling better. I don't intend to go through life denying myself my favorite food but I am prepared to follow feast with famine. I have a surefire reducing diet that I turn to once or twice a month. I call it my health kick because I feel so much better afterward. For two or three days I have no solid food and clean my system with well-balanced liquids. This diet may not work for others but I can drop two pounds a day."

a lot of trouble to prepare a delicious meal, I think it is rude not to eat it. You can take small portions or cut down on your eating the next day.

"When I am home and not working, I spend an hour a day at a gym. I was born to show business and I was dancing at the age of three. Once you know what it is to have a limber body you are not comfortable being stiff. I see women struggling to get out of the back seat of a car or up from a soft divan and I wonder how they can allow themselves to get so out of condition."

"I enjoy having a steam bath and massage after the exercise and even if I don't want to reduce, it keeps my body from getting flabby."

"I have a stationary exercise-bicycle at home that I use when I can't go to the gym. I have learned that muscles I don't use sag. I have weights—light ones—that I lift for bust exercises. If you learn how to work with resistance—and that is what a weight in your hand offers—you can accomplish twice as much in half the time. It is a mistaken idea that you have to give yourself a long workout. It takes only a little use—but a steady one—to keep a muscle in condition."

I told Marilyn I admired the way she faced her weight problem and licked it.
MARILYN'S DIET
This high protein diet is the talk of Hollywood because it is so easy and works so well. You can get a copy of "Marilyn Maxwell's Sensational 30 Pounds in 30 Days Diet." Leaflet M-71, plus her favorite exercises by sending 10 cents and a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, Big Spring Herald. Remember, ask for Leaflet M-71.

THESE VALUES GOOD IN BIG SPRING MONDAY, TUESDAY AND WEDNESDAY

A Devotional For Today

But the glorious fact is that Christ did rise from the dead. (1 Corinthians 15:20. PHILLIPS.)
PRAYER: O God, come into our hearts and fill them today. Deliver us from focusing attention upon earthly things. Help us to think of eternal things. Focus our minds on the far horizons where moth and rust do not corrupt. We pray in the name of the living Christ. Amen.
(From The "Upper Room")

Eyes Point Now To West Virginia

The nation's editorials, political seers and experts on the preliminaries of presidential elections are busy as left-handed table tennis these days dispensing dope on what's liable to happen on May 10 when the voters of West Virginia go to the polls to decide whether they like Jack Kennedy better than Hubert Humphrey. Many serious writers have pointed out that the preferential primary in one of the nation's most depressed areas has absolutely no meaning at all on the outcome of the Democratic National Convention in June. West Virginia has only 25 out of 1,521 delegates to be seated there, and those seats have already been safely deposited in the vest pockets of the state's political nabobs.

No matter how hard Messrs. Humphrey and Kennedy run, they're only running in circles. All that possibly can be determined in the balloting is which one's more popular than the other.

It does have, however, a bearing on the individual fate of one of the contestants, Jack Kennedy. Nearly all the dopesters agree that this one's a must for Jack. It's sink or swim for the handsome Bostonian.

And quite a number of dopesters, including many West Virginians, believe firmly that he just can't make it. The

mountain state is 95 per cent Protestant. Newsweek magazine quotes the editor of the Parkersburg News, James H. Young, a Republican and a Catholic, as predicting the state will go for Humphrey by a substantial margin. He adds that "they're not too strongly anti-Catholic up here in everyday living." But when you come right down to the last jump—the White House—they will be.

Others in the state say that while all eyes are momentarily on Humphrey and Kennedy, it means little or nothing; they really have eyes only for Lyndon Johnson or Stuart Symington.

Senator Robert Byrd (D-WV) is a red-hot Johnson partisan. Newsweek quotes him as saying that if you are for Kennedy, that's fine; but if you're for Stevenson, Symington, Johnson or Joe Dokes, this may be your last chance.

That sounds sort of cryptic, but we suppose he means that if Kennedy should score a surprise triumph on May 10, on top of his showing in Wisconsin, he would be hard to head off at Los Angeles.

Reports are that Kennedy is moving in on West Virginia horse, foot and artillery. So is Humphrey, but one of his supporters is quoted as saying that Humphrey is a tough man to sell in that state.

No Joking Matter

In the last week four arrests have been made of persons accused of making phony plane-bomb reports. The latest to be accused was a woman named "What's the matter, can't you people take a joke?"

Some people have a perverted sense of humor, and that's the only kind who would be apt to set afloat a rumor that a plane was all set to be bombed out of the air.

Such alarms are costly to the airlines, and costly to the passengers involved. It is equivalent to circulating a report that a mad-dog is loose on a schoolyard, or that a town's water supply has been poisoned.

There have been just enough instances of bombed planes, recorded to lend credence to such rumors, and to make it impossible for airlines to ignore them.

David Lawrence The GOP Efforts Against Nixon

WASHINGTON — Many people, among them some editorial writers, who haven't the slightest interest in the success of the Republican party are nevertheless trying to tell that party it should turn down Vice President Nixon for the presidential nomination this year.

The wish is father to the thought, and the attempt right now is to use the name of Governor Rockefeller—without his consent—to try to prevent the nomination of Richard Nixon. The New York governor has said explicitly that he does not intend to become a candidate for either the presidency or the vice presidency. But the folks who don't like Nixon keep up the rhubarb as a means of discrediting the vice president.

THUS, EVERY NOW and then, a movement to "draft" Governor Rockefeller is squelched and then bobs up again. The other day one of these abortive attempts was wisely repudiated by Mr. Rockefeller himself. He saw it as an effort to involve him in a "stop Nixon" drive.

Why do these meddlers in Republican politics want to "stop Nixon"? They themselves wouldn't vote the Republican ticket anyway, as they are mostly "left-wingers" or so-called "liberals" or persons who still resent Mr. Nixon's part in catching Alger Hiss and other Communist stooges.

No candidate of the Republican party this year—who, to win, has to rely on the support of a largely conservative strength—would throw such support away in a misguided effort to hire the imaginary strength of so-called "independents" or "liberals."

THE REPUBLICAN party has enough potential votes on the conservative side to elect a president this year. If, however, the so-called "liberal" or "leftist" group succeeds in influencing the selection for the Republican nomination of someone who is going to enter the campaign suspected of being at heart a radical or a "spender," many conservatives will be tempted to stay at home and let a full-fledged Democrat have the responsibility of steering the government as between liberal, radical and conservative practices.

One of the reasons the Republicans have had a hard time getting their voters to the polls in recent years is that some conservatives have been alienated by the

SECOND GROWTH

James Marlow Big Charlie Is A Big Problem

WASHINGTON (AP) — Frenchmen call him Big Charlie. He thinks big, too, but not always along the same lines as his allies. Since he is also stubborn, he can be a problem for them and they for him.

So, when French President Charles de Gaulle comes here for a solid weekend of talks with President Eisenhower, neither is likely to have his mind changed about anything. But, since they are old friends, they should get along.

Because he is 6-foot-4, De Gaulle has been able to look down on people. But his air of pride, grandeur, silence and aloofness are to some extent deliberately created.

He has explained that such an air gives him the prestige and authority he feels are needed for

his special role as the leader of a new and just-as-great-as-ever France.

HE IS THE PRIME example of a man who can start out without a dime and wind up being president. When he escaped to England during the Nazi occupation of France in World War II, his country was flat on its back.

He had no army but by his vision and his faith in the future of France he made himself both the symbol of his country un-daunted and a rallying point for French freedom.

In his pride in a France of the future—which often looked like arrogance—he annoyed President Roosevelt. There was even the suspicion that what he aspired to was a dictatorship.

But when he returned to a lib-

erated France, the power he held only briefly he abandoned to the politicians whom he seems to despise. But it was long enough to show that he believed in a democratic government and that he was much to the left of any American president, before or since, in his social and economic thinking.

HE CAME OUT OF retirement to save France from a new crisis of his own making. It is as head of a France he revitalized that he comes here now to see Eisenhower before they meet May 16 at the summit in Paris with Soviet Premier Nikita Khrushchev and British Prime Minister Harold Macmillan.

What does he want at the summit? What do he and Eisenhower have to talk about? It is not clear.

Last week his foreign minister agreed with the American, British and West German foreign ministers that the West will take a firm stand against the division of Germany and Khrushchev's push to get them out of West Berlin.

De Gaulle appears to want Britain and this country to get agreement with Khrushchev on East-West control of weapons, shipped to underdeveloped countries in Asia and Africa.

Also he seems to want the Soviet Union and the West to coordinate their ideas on economic aid to backward peoples. The United States has been cold to both proposals.

De Gaulle, who tries to take a long view of history, may be right in his ideas about cooperation with the Soviet Union on weapons and aid. In the end this country may be glad to make such a deal.

Two examples show the extreme determination of De Gaulle in refusing to let France lose its identity or to depend on the mercy or friendship of anyone:

1. His resistance against letting French military forces be integrated with their allies in NATO. He tells Frenchmen that the task of defending France belongs first to Frenchmen.
2. Although the United States and the Soviet Union were years ahead in nuclear development he pushed and is pushing French development.

Hal Boyle More Lady Doctors

NEW YORK (AP)— Things a columnist might never know if he didn't open his mail:

In the future more American physicians will wear lipstick. The old public prejudice against lady doctors is abating. Last year about 5 per cent of our medical school graduates were women.

Here's an item that surprised me: The word "smile" does not appear in the King James Bible.

Can you name the only four-footed animal unable to take all four feet off the ground at the same time? It is the elephant.

Three out of every four automobiles in the world today are in the United States. And so are five out of every six of the world's backseat drivers.

You do give up when you are faced with a hard task? Napoleon once said, "Impossible is a word only to be found in the dictionary of fools." On the other hand Napoleon himself lost 6 of the 12 battle campaigns he fought—including the last one.

Royal student: Queen Elizabeth, who owns a racing stable, takes the sport of kings' seriously. She studies documentary movies on the training of thoroughbreds.

Talk is cheap until you get the phone bill. The United States leads the world with 33 telephones for

every 100 inhabitants. Sweden is next with 34 and Canada third with 30.

Quip of the week: Actress Libby Jones points out, "people and steamboats toot loudest when they're in a fog."

Leap Year note: In the Trobriand Islands the woman is invariably the aggressor in courtship. She shows her love by biting the male of her choice around the eyebrows, neck and shoulders. He demonstrates his manhood by accepting this torture with a brave smile.

Lightning kills about 500 Americans each year and injures another 1,500.

It still is a bit early to start booking vacation trips to Mars. Traveling at the rate of 93,000 m.p.h.—a speed rocket experts dream of reaching—it would take you three weeks to reach the red planet.

Wisdom from the past: An ancient Arabic proverb warns, "Never give advice in a crowd."

Few things are more torturous than a pet without a home. The American Feline Society estimates there are now in this country about 10½ million stray cats—most of them hungry, ill and oft-abused.

To Your Good Health In Order To Live, Germs Must Have Nutrition

By JOSEPH G. MOLNER, M.D.
"Dear Doctor: My daughter has bought a 30-year-old house, so the bathtub has been used for a long time, and by lots of people. I am wondering about having her and her family use it. Is there any way of disinfecting it to make it absolutely safe—Mrs. G. K."

Madam, I am heartily in favor of people who have a healthy respect for germs. You do. From this point on, it becomes a question of where to draw the line, at what point have you taken satisfactory precautions.

If you'll let me digress a moment, I have always been intrigued by the comparatively recent discovery of germs and what they mean.

A doctor of my acquaintance, quite some years older than I am, tells the story of an "open house" for physicians at the medical school from which I graduated. The incident occurred shortly after 1900, which is only 60 years ago. In 1900 "advanced" doctors had a real understanding of germs, but the conquest of typhoid, diphtheria, small-pox, and (to some degree) pneumonia were still in the future.

Anyway, an old-fashioned doctor then in his almost-stodgy years, went back to his school for the open house, and for the first time in his life looked through a micro-

scope at a slide carrying some germs. "Do you mean," he said in amazement, "that those little things are what causes venereal disease?"

We are only a few generations away from the days when the significance of germs was a "new idea" to us. Today we are all well aware of the part germs play in our lives, and at times we become too alarmed.

The hard surface of a bathtub isn't a satisfactory place for germs to live—looking at it from their standpoint, that is. Remember that germs are living organisms, requiring nutrition as does any form of life.

The disease germs (there are more harmless or useful varieties than there are disease types) are essentially parasites.

Germs don't by choice live in bathtubs. Some doubtless get there, of course, but a good scrubbing with soap and water, and then a rinsing is the best way to get rid of them. The same is true of floors or other parts of the house.

If you would feel more assurance from the presence of an antiseptic odor, there are compounds with a chlorine or carbolic base, but they aren't really necessary.

"Dear Dr. Molner: Does angina pectoris show in a cardiogram?" R.K."

No, not as such, because angina is a symptom—a pain. The cause may or may not show in an electrocardiogram. Some such patients who have had coronary (heart) attacks can expect the results to show up in the cardiograms. In other cases, a cardiogram taken after a specified exercise may show changes which are significant, even though an ordinary cardiogram will not indicate the situation. This is a rather technical answer, but it's a rather technical question.

MRS. G.C.Q.: The disease you inquire about is evidently "cat scratch fever." It isn't very common. In any event, teach children to be gentle with pets! Including cats.

Are you bothered with ringing in the ears? If so, send for my booklet, "Ear Noises—Their Causes and Cures," enclosing with your request 10 cents in coin and a long, self-addressed, stamped envelope. Write in care of the Big Spring Herald.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Reader's questions are incorporated in his column whenever possible.

Around The Rim

How About Another Cup Of Coffee?

Twenty thousand years from now, archeologists will, no doubt, be able to pinpoint this particular era among the countless that will have passed in review by a piece of sculpture dug from the earth and featuring some individual holding a coffee cup.

Some insist that the coffee break has taken the place of the handshake. There are those who say that our nerves could better endure a war with the Muscovites than with the Brazilians.

It is their contention that we could put up with the fireworks the Russians would throw at us a lot easier than we could do without our coffee.

Those in a position to know say that 96 per cent of the population over 10 years of age drinks coffee in this country. They might have added that the small fry would most assuredly go for the beverage, too, if they were tall enough to reach the second shelf of the kitchen cabinet and haul down the instant granules, without detection.

The coffee break is causing some headaches among the captains of industry—and not necessarily because the liquid has been over-extracted.

Some employees, so bold as to ask if the help is given time for coffee breaks before accepting jobs, have a tendency to stretch a 10-minute refreshment recess to a half hour or 45 minutes. The rush to the coffee counters costs some industries thousands of dollars in production.

The average coffee break, according to the best guess, now extends for 25 minutes. The cost in time lost looms ever more important to employers.

Some organizations fight the problem of coffee-drinking absenteeism by installing coffee urns on the premises.

The practice is universal, however, followed by big business executives, as well as by those helpers who might be on the business end of brooms.

The custom mushroomed during World War II, when Uncle Sam made coffee available in vast quantities to most of his nephews and nieces who donned the military uniforms of their country.

We'd all better hope we keep the peace with Brazil, either that or learn to drink a substitute, perhaps made from a mixture of inner tubes and burned rice.

—TOMMY HART

Inez Robb

To The Fray Against Pigeons!

Last summer I warned my readers that the world isn't big enough for both people and pigeons, a feathered fiend growing bigger, brassier and bolder by the minute.

Now I wish to report that it is later than you think or even I dreamed nine months ago. Pigeons have gone on the attack (they always were on the offensive side). Recently a respectable, middle-aged matron was mugged by a pigeon in Bryant Park, in New York. She was undoubtedly saved from a death worse than fate only by the quick action of a gentleman who came to her rescue and beat off her attacker.

AS THE VICTIM told it, she was walking through the park, minding her own business, when she was suddenly catapulted to the ground with great violence. Keeping her wits about her, she realized that the mugger was a big, menacing pigeon which had deliberately and with malice aforethought walked between her feet and given her the bird in such a way that she stumbled over it and fell heavily.

The pigeon was eyeing her pocketbook, ready for the coup de grace when a passerby rushed up, beat off the bird and assisted the shaken victim to her feet.

THE ASSAILANT escaped. The pigeon, once it realized the jig was up, with the cunning of this beggar breed instantly joined the multitude of pigeons that have transformed Bryant Park, just back of the New York Public Library, from one of the city's most pleasant green oases into a dirty, dangerous square. Dirty and dangerous for people, that is.

Goodness knows, there are plenty of persons who go in for pigeons, and an odd lot they are. From the mail I receive I gather that every town and city

in the nation has a pigeon problem, largely because it also has a quota of sentimental simpletons who cannot be restrained by reason or law from feeding these filthy, proliferating pests.

SOME, WHO CAN read and write, compare me favorably with Attila the Hun, and invariably wind up by asserting that "pigeons are God's creatures." So they are, and so are rattlesnakes. And the Lord certainly helps those who help themselves by exterminating rattlesnakes!

Despite warnings by the American Medical Association in its publication, "Today's Health," that the wild or common pigeon is first cousin to Typhoid Mary as a carrier of disease, cities find it almost impossible to rid themselves of the bird.

If a civic is instituted to get rid of the dirty offenders, who carry everything from parrot fever to encephalitis to virus pneumonia, it almost invariably grinds to a halt when a handful of sentimentalists and crackpots raise a terrific public hullabaloo about extermination of "our feathered friends, God's creatures."

SO WILD PIGEONS continue to carry an alarming number of diseases, according to Dr. T. R. Van Dellen, to infect man and to foul his dwelling places beyond tolerance. They have brought the ultimate ignominy to innumerable public figures immortalized in bronze as a marble in our parks. And they have desecrated countless public buildings.

Our feathered friends? Nonsense! They are the enemy. The unconscionable attack on the woman in Bryant Park is only the beginning. Pigeons are on the march! People, if you would survive, to the barricades!

The Right To Know Interest Charges

If consumers acted like consumers, they'd be solidly behind the truth-in-installment-lending bill of Sen. Paul H. Douglas (Dem. Ill.). And that would mean, since everyone in the United States is a consumer, that the bill would have 100% support. But it doesn't.

Consumers are also producers, sellers, and lenders. As money makers, many don't like the Douglas bill. A spokesman for the National Retail Merchants Association says that "present practices of legitimate merchants adequately inform the consumer of the cost of retail credit service."

DR. THEODORE O. BECKMAN, an Ohio State University professor and a consultant to NRMA, feels that "hundreds of thousands of small business enterprises" would be subjected to regulations which "probably cannot be enforced."

William J. Cheyne, of the National Foundation for Consumer Credit, an educational foundation supported by finance companies and merchants, declares that for "every fraudulent transaction the bill might prevent, it would kill a hundred perfectly sound sales."

Yet, according to Sen. Douglas, the desirability of telling customers what they pay for credit—what they really pay—has been endorsed by the Federal Reserve Board, the Federal Trade Commission, the Federal Home Loan Bank Board, the Treasury (with which Sen. Douglas has been feuding over interest rates), and the Department of Health, Education and Welfare.

THE OPPOSITION doesn't come through clear. If present practices of most merchants "adequately inform" customers, why should legitimate retailers object to a federal law requiring full disclosure of interest costs? If, as Dr. Haring says, the state laws provide protection, then why not a federal law which would "bridge over" differences among states?

Sen. Douglas does not want to regulate consumer credit. He doesn't want to stop credit sales. He doesn't want to limit charges.

The bill would require installment lenders, mortgage lenders, personal loan finance companies, and banks to do two things. First, show the cost of credit in dollars. Second, state the simple-interest cost—the rate.

IN TESTIMONY before the Senate Banking and Currency Committee, Herbert E. Cheever, vice president of the First National Bank of Brookings, S.D., dramatized the need for such legislation with an example taken from his file of experiences.

A man bought a car and needed to finance \$1,500. The debt was to be repaid in 12 monthly instalments. The cus-

tomers asked, "How much interest? He was told, "6% straight."

"How much interest does the man actually pay?" Cheever asked the committee. "The answer is \$90, or 6% of the entire amount borrowed. Yet, when he was down to the last month, he owed only \$125, and was still paying interest on the entire original amount borrowed. He thought he was borrowing at 6%, when the truth is it was nearly 12% simple interest."

UNDER THE DOUGLAS bill, the lender would be required to state that the money interest was \$90 and the per cent 11.6%. Cheever's all for that. So am I. And so ought most consumers.

Sen. Douglas isn't moralizing on whether interest charges are high, low, legal, or proper. He merely wants the borrower to know what he's paying so that he can make a rational business decision.

Should he defer purchasing and save in order to avoid interest charges? Should he take money out of the savings bank? Where will he get the best deal—from a bank, a loan company, or his auto dealer? He can compare.

Business men and lenders who talk up the competitive free enterprise system, ought not object to that.

Tree Moves Gravestone

COLUMBUS, Ohio (AP)—A tree, which probably did not exist when the grave was dug, is gradually engulfing a 150-year-old headstone in a little cemetery near here.

Steno Snafu

ANNAPOLIS, Md. (AP)—A member of the Maryland House of Delegates, trying to acknowledge the voice of the people by writing a letter to the editor of his county weekly newspaper, wonders if his message got through.

It was meant for The Cecil Whig at Elkton, Md. But busy Statehouse workers in the stenographer's pool addressed it to "The Elkton Whig, Elkton, Md."

Then they filed the original and mailed the unsigned carbon copy.

Logical Choice

DURANGO, Colo. (AP)—A young couple stood in the postoffice debating whether to pay the doctor bill or the electric bill.

The girl finally came up with this solution: "Pay the power bill. Doc's not liable to shut off your blood."

BIG SPRING DAILY HERALD

SEC. C BIG SPRING, TEXAS, MONDAY APRIL 18, 1960 SEC. C

LOOKING 'EM OVER

With Tommy Hart

The future looks rosy for members of the Big Spring Country Club, who will soon give their second 18-hole course in history south of town.

They expect to have: (1) a paved road all the way to their property.

(2) ample water. Time is the essence with them, however. They are planning to hold their 29th annual Invitational tournament there Sept. 25 and they'll have to hurry to get the layout open by then.

The club is currently expanding membership. They currently have about 220 members.

Long range planning calls for a swimming pool on the premises but none will be built this year. By the time the course opens, the swim season will be over.

Years ago, the Country Club had an 18-hole course but it had sand greens then. When it converted to grass, the layout was cut back to nine holes.

Dr. Cary Middlecoff doesn't have to worry about winning on the pro golf trail.

In just ten days over the past three years, Middlecoff has picked up a record \$45,500 in winnings on these TV gold shows. Sam Snead had won \$38,500 during the same period of time.

John Brodie, a footballer turned golfer, has won \$1,300 on the pro tour.

George Richey, the San Angelo tennis teacher who is the father of one of the nation's best known girl netters, Nancy Richey, has accepted a position as club pro at the Schuyler Meadows club in Loudonville, N. Y., a suburb of Albany.

Richey's arrangement will work much like that of West Texas golf pros who have gone to New York for summer employment in that it will be for the summer months only.

Richey left Houston to return to San Angelo in November of 1958 because of a skin cancer condition. He's said to be much improved now. He's a native of San Angelo. George is the fellow who started Tut Bartzan in big-time tennis.

Two men who would like to hire out here as high school basketball coaches are Delnor Hess of Menard, the one-time HSU cage great who formerly was mentor at Garden City High School; and Otis Devolin of Marfa.

Both have fine records and both are young men. Hess is perhaps the highest scoring player ever to perform in local independent circles. He consistently hit in the 40's and 50's and it wasn't unusual for him to score more than 60 a game.

Devolin guided Marfa to a 25-5 won-lost record last season. Before moving to Marfa, he was coach at Valentine. San Angelo beat his Marfa team by one point last season.

Both Hess and Devolin have coached football, something the job will require here.

Harold V. Ratliff, the veteran sports editor of the Associated Press, will be one of the writers covering the National Junior College Track and Field meet here May 20-21.

Bartzan Is Upset In Atlanta Meet

ATLANTA, Ga. (AP)—Barry MacKay of Dayton upset defending champion Bernard Bartzan of Dallas in the Atlanta Invitational Tennis Tournament Sunday.

MacKay won the championship in straight sets, beating the Davis Cup team co-captain and No. 1 rated amateur 8-6, 6-1, 6-3.

Riley Allison New Prexy At Sunland

ANAPRA, N. M. (SC)—E. R. (Riley) Allison, prominent Southwest banker, contractor, and oilman, was elected president of Fortuna Corporation, owners and operators of Sunland Park at the corporation's annual stockholders meeting held in the Clubhouse at Sunland Park.

Nate Skousen, New Mexico contractor, and Pete J. Vidal, New Mexico businessman were elected to the seven man Board of Directors. Bryan G. Johnson, Vice President of the corporation has been acting president since the resignation of John C. McCormack February 5. Mr. Johnson will continue as Vice President and as a Director.

Own Berth In State VB Tourney

Big Spring High School's girls' volleyball team emerged as district champions with an undefeated record this year and are a clinch to be in the state competition next month. The locals enter the regional playoffs against Pampa, April 22-23 but the first two teams in each region are allowed to enter statewide competition. Big Spring won the state crown a year ago. Left to right, kneeling, they are Malinda Crocker, Joann Phillips, Diane Womack, Sharon Creech, Gloria Greenwood, and Carol Phillips. Standing are Claudie Self, Coach Bernice Waggoner, Gwen Proctor, Elena Patterson, Rita Wilson, and Mozelle Groebel.

American League Opens 1960 Campaign Today

Washington to throw out the first ball in the game between the Senators and Boston Red Sox.

On Tuesday, exactly seven days after the National League raised the 1960 curtain, all teams will open a full-scale drive for the flag currently held by the Chicago White Sox. According to most of the experts and the betting gentry, this figures to be a waste of effort by all but the White Sox, New York Yankees and Cleveland Indians.

Although probably aware that the Senators and Red Sox have been picked to finish eighth and seventh, respectively, some 28,000 hopefuls were to be present at Griffith Stadium to see the winner take over undisputed possession of first place.

Camille Pascual, who turned in an incredible pitching feat last year by winning 17 games for the cellar Senators, has been selected by manager Cookie Lavagetto to hurl against Ted Williams and Company. Choice of the Red Sox was Tom Sturdivant (7-0), a right-hander who did his pitching for New York and Kansas City last year.

Around 120,000 baseball-minded folks, two thirds of the fans who turned out for the National League opener, were expected to take in the four games Tuesday.

College Boxer Death Victim

MADISON, Wis. (AP)—Charles Mohr, 22, University of Wisconsin boxer who suffered a brain injury in a collegiate title bout April 9, died Sunday.

His death is a great, tragic loss, said Coach Vera Woodward. "Charlie was symbolic of all that is fine in college boxing."

Mohr died without regaining consciousness from the time he was admitted to the hospital, less than an hour after he walked out of the ring following a National Collegiate Athletic Assn. 165-pound title bout with Stu Barriell of San Jose State.

The fight was stopped in the second round after Mohr fell under Barriell's attack. He jumped to his feet and took a mandatory nine-count but remained dazed and defenseless. Mohr was rushed to a hospital when he complained to team physician Dr. John H. Flinn that he felt sleepy. By the time the ambulance arrived, Mohr was unconscious.

A team of surgeons tried to stop the bleeding of Mohr's massive brain hemorrhage during a three-hour operation. From the outset Mohr's chances were listed as minimal.

The immediate cause of death was failure of vital center in the brain to respond.

Mohr's parents, Mr. and Mrs. Charles Mohr, and his sisters, Carole and Joan, returned to the family's Merrick, N.Y. home Sunday. The funeral tentatively was scheduled for Wednesday morning.

A soupaw noted for his ability to escape punching blows, it was the first knockdown for Mohr in his collegiate career. He entered the tournament to defend his championship and was regarded as a strong favorite. Mohr had outpointed Barriell by a decisive margin in a bout one week earlier.

A. J. Foyt Wins Reading Event

READING, Pa. (AP)—A. J. Foyt of Houston won the 15-mile sweepstakes feature race in the opening of the United States Auto Club eastern sprint car racing season here Sunday.

Roger Hitting .500 In 2-4A Competition

Permian's Hapenny, a catcher, went one for one Friday as his team edged Abilene, 4-2, and he is still riding atop District 2-AAAA in batting with a 1.000 average.

Hapenny now has collected four hits in four official trips to the plate. Three other boys have perfect marks but of the regulars, Odessa's Ken Scott is next with a .667 mark.

Big Spring's Jimmy Roger is not far behind with a .500 average. Roger has garnered six hits in 12 at-bats, including two doubles.

His teammate, Donnie Everett, is stroking at a .455 clip in district play, including a double and a homer. Zay LeFevre has hit safely twice in five trips for a .400 mark.

Table with columns: Player, Ab, R, H, 2B, 3B, Hr, Rbi, Bat. Avg. Lists players like Permian, Rockwell, and others with their stats.

Tigers Defeat Lamesa, 9-1

The Big Spring Tigers got off on the right foot here Sunday afternoon, smashing the Lamesa White Sox by score of 9-1.

Marion Tredaway clubbed a home run for the locals in the seventh with one man on. Charles Bolen drove out a triple while Billy Weatherall and Tredaway had doubles.

Danny Valdes, who divided time on the mound with Chubby Moser, was the winning pitcher. In five innings, he gave up only two hits, fanned four and walked two.

The Tigers play the White Sox in Lamesa next Sunday.

Trades Begin Paying For San Francisco

By JOE REICHLER Associated Press Sports Writer

San Francisco's major winter trade that sent outfielder Jackie Brandt to Baltimore for pitchers Billy O'Dell and Billy Loes has paid its first dividend of the infant National League season.

Loes the unpredictable was Loes the magnificent Sunday. The 30-year-old relief ace not only hurled three hitless and runless innings but singled in the bottom of the 14th and scored the run that gave the Giants a 4-3 triumph over the Chicago Cubs.

Third baseman Jimmy Davenport, whose late season injury was a big factor in the Giants' 1959 collapse, drove in the tie break

ing run with a single off relief pitcher Ben Johnson.

The victory enabled the Giants to remain in a first place deadlock with the Los Angeles Dodgers. The defending champions defeated the St. Louis Cardinals 7-5 for their third consecutive victory. The defeat was the fifth for the winless Cards.

Milwaukee remained a half game behind the leaders, walloping the Philadelphia Phillies 8-4 for its third success in four starts.

Pittsburgh jumped into fourth place by sweeping a doubleheader from Cincinnati. The Pirates won the opener 5-0 behind the four-hit pitching of Bob Friend, then came from behind with a six-run rally in the bottom of the ninth to nip the Reds 6-5 in the nightcap.

Loes was the fourth Giant pitcher, following Mike McCormick, Stu Miller and Jack Sanford. He took over in the 12th, retired six straight batters, then pitched himself out of trouble by getting pinch runner Sammy Taylor with two runners on base in the top of the 14th.

The New York born right-hander, who will not win any honors with his bat, surprised the home crowd of 33,377 by lashing a single off Johnson, third Chicago pitcher, to open the bottom of the 14th. After Don Blasingame sacrificed Loes to second, Davenport came through with his second single to end the four-hour contest.

Larry Sherry, star of the 1959 world series, won his first game of the season but he needed home run help from Gil Hodges, Duke Snider and Wally Moon. The right-hander also needed pitching help from Sandy Koufax, who stopped the Cards without a run in the last three innings. Stan Musial banged his first homer of the season for the Redbirds.

Eddie Mathews drove in three runs with a home run, triple and double to help right-hander Bob Euhl record his first victory of the season for the Braves. The homer was Mathews' 30th of his career. The 28-year-old slugger matched Jimmy Fox as the youngest to hit that many homers.

FOR HARVEY KUENN Rocky Colavito Goes To Tigers

By DAVE DILES

DETROIT (AP)—The Detroit Tigers have parted with Harvey Kuenn, the American League's top hitter of 1959, to put more punch in their lineup.

And the Cleveland Indians have given up the league's co-home run king, Rocky Colavito, hoping to convert Kuenn's steady hitting into a pennant.

The biggest star-for-star trade in years came on the eve of the American League's 1960 opening.

Many baseball fans were surprised Sunday when they learned President Bill Dewitt of the Tigers had persuaded General Manager Frank Lane of the Indians to give up the slugger Colavito in a straight play-off deal for Kuenn.

Colavito parked 42 homers last year and should do even better in Detroit's Briggs Stadium with its friendly left field wall. He had a .257 batting average compared to Kuenn's title-winning .353. But Kuenn hit only nine homers.

"The home run is overrated," said Lane in explaining why he gave up one of the game's finest power hitters for one of its more consistent hitters.

"I hated to let Rocky go, but I think our chances of winning the pennant are greater with a steady hitter like Kuenn in the lineup."

Lane had rejected the same deal just a few weeks ago. Dewitt was delighted with his first major deal since becoming Tiger president.

"I have a high regard for Kuenn's ability as a player," he said from his home in St. Louis. "But we felt we needed more power at the plate and we're hopeful this move will enable us to score more runs."

The trade did not surprise Kuenn, who was told about it by Manager Jimmie Dykes in the Tigers' clubhouse at Lakeland, Fla.

"That's baseball," said Kuenn, who had played shortstop, the center field and finally right field for Detroit.

Colavito, a right fielder who who drove in 111 runs last year for the second-place Indians, seemed disappointed. He said he hated to leave the Indians, but promised to give "1,000 per cent effort" for the Tigers.

Longhorns, Permian Clash Tuesday On Odessa Field

Roy Baird's Big Spring Steers play away from home twice this week, visiting Odessa for a contest with Permian and opposing San Angelo on Saturday.

Now saddled with a 1-3 won-lost record in District 2-AAAA play, the Steers have been relegated to the roles of "spoilers" in the race.

Big Spring is now deadlocked for last place in the standings, along with Abilene.

Big Spring plays at home again a week from today, at which time it hosts Abilene.

Probable mound choice for the locals tomorrow will be Jay LeFevre, who has hurled some creditable ball but who has yet to come home a winner in conference play.

Permian is 2-2 in the race and will be favored to topple the Longhorns at home.

San Angelo and Odessa High are currently deadlocked for a first place in the race. San Angelo opposes Midland tomorrow while Odessa tries to get by Abilene.

In their four league games, the Steers have outth the opposition 26-17, but haven't been able to get their safeties when they counted.

Bases on balls have hurt the Longhorns, too. In their three defeats, the Longhorns have yielded the runs in the first inning that have been the difference in the games.

Daniel, Dillon Win In Ringer Tourney

Marie Daniel and Billie Dillon won trophies in the Women's Ringer Golf Tournament started at the Big Spring Country Club March 15 and ended April 12.

Marie earned a prize because she showed the most improvement among all the entries. She lowered her score by 22 strokes.

Mrs. Dillon finished with a low net score of 34 in claiming her award.

In all, 20 players took part in the tournament.

Grandma

Mrs. Robert Russell, 39, of Rolling Fork is Mississippi's entry in the national "Grandmother of the Year" finals in New York City. Mrs. Russell is mother of three and grandmother of two. She stands 5 feet, seven inches, weighs 112 pounds and is an eye-catching 26-24-36. Her husband operates a 5,000-acre cattle ranch.

Babies Saved As Fire Rages Near Clinic

MEMPHIS (AP) — Towering flames raced with explosive speed through a baseball park Sunday night. They destroyed a city block of shops and scorched the walls of two hospitals.

A human chain of workers hastily passed 60 babies to safety and then evacuated the mothers from maternity wards as 100-foot-high flames charred City Hospital window frames and shattered big glass panes.

The hospitals, Red Cross workers, fire and police officials reported no serious injuries. Damage was estimated at about one million dollars.

There was no panic when Deputy Fire Chief J. D. Johnson warned he 14-story Baptist Hospital to prepare for evacuation and 200 patients were moved to inner halls during the crisis.

The Baptist Hospital lobby was a mess. Every ground floor window was out. Floors were cluttered with overturned furniture, fire hoses and glass.

James Hatmaker, a young City hospital attendant, said the fire began in the left field grandstand and seemed to whirl through the stands.

When it reached the street it rained right and left and enveloped a block of stores.

The flames generated a powerful draft. Embers exploded like suckshot. Fire hoses burned. The street smoked. A dozen cars were lined up with gas tanks blasting like bombs. A bank vault was being inged.

The calmest people appeared to be hospital patients and workers.

"There was no sweat," said Dr. Lewis Neft who organized the human chain that passed the infants to safety at City Hospital.

In Baptist Hospital, Drexel Toand, assistant administrator, said there was little confusion "but there sure were a lot of hurrying hospital workers."

Leo Burson, president of the Memphis Chicks of the Southern League, said damage to the park was half a million dollars, but it was estimated four or five million dollars would be required to replace it.

Lyndon Lauds Rights Bill

DALLAS (AP) — Sen. Lyndon Johnson said Sunday that the Civil Rights Bill passed by Congress "does not treat the South as a conquered, outlaw province."

The senator called the bill "a victory for the nation."

"It is a victory for moderation, or common sense," he said in his reeky radio talk recorded in Washington and broadcast over Texas radio stations.

The Senate majority leader said he bill "establishes the voting rights of all qualified citizens."

"What has been proved here in the Senate is that this republic can freely and fully debate and vote freely and fully act on a measure such as the Civil Rights Bill always for the common good."

The senator said that no one obtained everything he wanted in the bill "but neither has anyone set anything to which he would be entitled by the objective demands of objective history."

"What Congress has done on this Civil Rights Bill has not been easy. We have wrestled here with an old issue of passion and prejudice," Johnson said.

"In all of this, I myself have died and quite correctly been scribed as the man in the middle. Any man who is in the middle a great controversy is not in a happy position."

"One side will denounce him for doing enough. The other side will denounce him for doing altogether too much," Johnson said.

More VARIETY for your menus
— with these fine foods from **SAFEWAY**
