SIXTEEN PAGES TODAY

House Grants Aid Increase

WASHINGTON (AP)—The House today granted President Eisenhower's plea for more money for the military assistance phase of the foreign aid program. By a standing vote of 170-114 it adopted an amendment to the \$3,384,500,000 aid appropriation bill...

Senate Sends Housing Bill To The House

WASHINGTON (AP)—Passing its third major measure in a single day, the Senate has sent to the House a \$1,247,500,000 omnibus housing bill...

Webb Ready For ROTC

Webb AFB officials were preparing to meet the arrival of 199 ROTC students for the annual four month ROTC Summer Campment Training program.

Defense Officials Study Assessments Of Trends

QUANTICO, Va. (AP)—The Defense Department's high command receives today the secret assessments by the intelligence and diplomatic services on trends abroad, including the grave turn of affairs in Japan.

New Record In Use Of City Water

Water consumption in Big Spring, already at peak levels this week, hit a new high Thursday when it approached the 11 million gallon mark.

TO 179 MILLION

Nation's Growth Has Rocket Climbs

WASHINGTON (AP)—A record growth of 28 million in the last decade has rocketed the U.S. population to 179 1/2 million, says the Census Bureau.

Airline Has Plane Aloft

MIAMI, Fla. (AP)—The first Eastern Air Lines jet plane to leave Miami since the pilot strike started a week ago took off today for New York at 10:13 a. m.

STORE SALES ARE DOWN

DALLAS (AP)—The Federal Reserve Bank of Dallas reported today Texas department store sales were down 3 per cent the week ending June 11 compared to a similar period of 1959.

Chinese Shell Quemoy As Ike Nears Formosa

Ike Sails Under Guard Of 7th Fleet

EN ROUTE WITH EISENHOWER (AP)—President Eisenhower steamed north toward the Nationalist Chinese island fortress of Formosa today as Chinese Communist guns bombarded the offshore islands, 110 miles from his destination.

President Eisenhower, wearing a decoration, the Order of Sikatuna, Raja, waves to crowd as he rides with Philippines President Carlos Garcia (AP Wirephoto by radio from Manila)

Japanese Leftists Press Drive To Block Alliance

TOKYO (AP)—Japanese leftists pressed their advantage and sent 65,000 demonstrators dancing and chanting around Japan's Diet building today in a drive to block the military alliance with the United States.

Waves A Greeting

EN ROUTE WITH EISENHOWER (AP)—President Eisenhower steamed north toward the Nationalist Chinese island fortress of Formosa today as Chinese Communist guns bombarded the offshore islands, 110 miles from his destination.

Red Fire Is Display Of Scorn

TAIPEI, Formosa (AP)—The Chinese Communists fired more than 31,300 shells at the Quemoy complex in Formosa Strait Friday night, the Nationalist Defense Ministry announced. The Communists said the bombardment was intended as a display of "contempt and scorn" for President Eisenhower on the eve of his arrival in Formosa.

On Tax Form

NEWARK, N.J. (AP)—A decorated veteran who said he was going to list his cat and dog as dependents on his income tax has been charged with filing a false return.

Cool Wave Moves In

A cool front stretched across Texas Friday to take the edge off the heat wave that engulfed most of the state earlier in the week.

QUESTIONED BILLS

Man Killed When Meeting Of School Board Riots

BROWNSBORO, Tex. (AP)—A smoldering feud that has long split this East Texas town flared into a free-for-all fight Thursday night at a school board meeting.

MIAMI, Fla. (AP)—The first Eastern Air Lines jet plane to leave Miami since the pilot strike started a week ago took off today for New York at 10:13 a. m.

DALLAS (AP)—The Federal Reserve Bank of Dallas reported today Texas department store sales were down 3 per cent the week ending June 11 compared to a similar period of 1959.

KEEP UP WITH THE NEWS

Before you start on your trip, call The Herald circulation department and order VACATION-PAC. This means that all your papers will be held for you, and delivered, on your return, in a handy, usable, plastic bag. And at no cost.

A Toast

President Eisenhower, wearing a barong tagalog—a lightweight shirt worn outside the trousers—joined a toast with Philippine President Carlos Garcia during a state dinner in Manila. In center is Mrs. Garcia. Right rear, behind her is Ike's son, Lt. Col. John Eisenhower. (AP Wirephoto via radio from Manila).

Bank Guard Hid Money In Graves

NEEDHAM, Mass. (AP)—Prison guard Eugene Hicks, 32, charged with taking a \$103,000 money shipment from a Needham bank vault and burying it in the graves of relatives, has told police "I don't know why I did it."

Hicks, father of three, will be arraigned in Dedham District Court today on a charge of larceny from the Norfolk County Trust Co.

U.S. Attaches Leave Cuba

HAVANA (AP)—Two U.S. Embassy attaches were expected to leave Cuba today after being accused of conspiring with Prime Minister Fidel Castro's enemies and ordered out of the country. The two Americans are Edwin L. Sweet of Abilene, Tex., and William G. Friedmann of Stillwater, Okla., both assistant legal attaches and both former FBI agents.

The State Department so far had not said whether it would expel two Cuban attaches from Washington in retaliation. U.S. Ambassador Philip Bonsal protested the expulsion order, the first such against a U.S. Embassy official in Havana since Castro's successful revolt against the Fulgencio Batista government. Embassy officials said Sweet and Friedmann were visiting some Cubans when they were seized by agents of defense chief Raul Castro's military intelligence.

The two Americans were turned loose after several hours and a tongue-lashing by Raul Castro himself. Friedmann reports said, was searched forcibly after he refused to let his captors do it. Sweet, a 6-foot-2 Texan, also refused and it was understood he was not searched. The semi-official newspaper Revolution charged the pair had "frankly violated the sovereignty and laws of Cuba" by meeting with "counterrevolutionaries," the standard term for anti-Castro Cubans. It was not disclosed if any of the Cubans had been arrested.

Joseph Smiley Gets UT Post

EL PASO, Tex. (AP)—Joseph R. Smiley, president of Texas Western College, has been promoted to vice president and provost of the University of Texas. Smiley replaces Dr. Harry Ransom in the third highest position in the University of Texas system. Ransom recently was promoted to president of the university. Amarillo Junior College President Dr. Joseph M. Ray was named to replace Smalley at Texas Western.

Lou Ann Parsons Gets Appointment

Lou Ann Parsons, daughter of Mr. and Mrs. Floyd W. Parsons, has been named an assistant in the college of business administration at the University of Texas. The assignment will permit her to teach a class in typing and at the same time to work toward her master's degree at the University. Miss Parsons was an honor graduate at Baylor University in May.

Doctor Files Bankruptcy Suit

GREENSBORO, N.C. (AP)—A physician who claims about 3,000 patients owe him money filed a petition in bankruptcy in U.S. District Court Thursday. Dr. Daniel Archie McLaurin, Garner, N.C., listed debts of \$44,350 and assets of \$61,071. But most of the assets is \$50,271 he said patients owe him.

Fire Losses Running Much Ahead Of Previous Year

Fire losses in Big Spring during May pushed the year's total to nearly \$40,000, only \$20,000 less than all the losses incurred in 1959. Fire Marshal A. D. Meador's monthly report showed \$21,136.67 insured loss in fires last month, more than the first four months of the year combined. The people of Big Spring are going to have to start practicing fire prevention every day. Meador and Fire Chief H. V. Crockler agreed.

Insurance companies paid \$3,995.53 for April fires, and \$3,824.46 for those in February. March fire losses amounted to \$5,432.30 and those in January totaled \$4,421.75, Meador said. Heaviest residential fire loss was \$11,873.86 at a house owned by E. F. Dupree, 504 E. 16th. Building loss was \$6,700.00 and contents loss was \$4,313.72. A house owned by W. J. Murdock at 404 E. 6th incurred a total loss of \$2,908.71, including \$2,139.50 to the building and \$841.21 to the contents.

The city recovered slightly in a fire at a house owned by Dr. G. F. Dillon, 706 W. 18th, due to lack of insurance carried on the contents. The building loss was \$5,700, but there was no paid loss on the contents although damage to non-insured items was estimated at \$2,500.

3 Guilty Of Fraud

SAN ANTONIO (AP)—Two San Antonians and a New Yorker were found guilty Thursday of conspiring to defraud the government in connection with award of contracts for supplying European post exchanges. Convicted were James Harlow, 39, and Charles Wilson, 36, of San Antonio, and Thomas F. Addy, 33, Bronx, N.Y. U.S. Dist. Judge William Wallace, Oklahoma City, said he would notify defense attorneys later of the date for sentencing. The government charged the defendants, all former employees of the exchange system, conspired in 1950 to obtain payoffs from representatives of European food concerns in return for favorable consideration in the awarding of food contracts. Two government witnesses testified they kicked back \$235,000 to a special Swiss bank account they said was opened by Harlow.

OTHER BLAZES—The Bill Moser Fashion Cleaners, 105 W. 4th, accounted for \$518.50 in fire loss paid by insurance companies, while the Mack Tale Trailer Sales on West U. S. 80 was paid \$923. All losses paid on buildings amounted to \$15,037.88 and on contents to \$6,158.19 during May. Fires to which Big Spring firemen responded included one trailer house, 11 cars, four grass and four trash fires, one gas line and one school house, the Flower Grove school. Out of town fires, however, are not charged to the city record and neither are those involving conveyances which run on wheels. **FIRES AND RATES**—High fire losses effect every resident of Big Spring who carries fire insurance, Meador reminded. The more losses incurred in the city the higher the insurance premium assessed by the Texas Board of Insurance. Big Spring is currently operating under a 20 per cent credit rating in figuring insurance premiums. Meador added, This means that fire premiums on Big Spring property carry a 20 per cent discount. The discount was more last year, however, as cumulative fire losses over the previous five years were low enough to enable the State Insurance Board to rate the city at the maximum of 25 per cent.

Candidate Now A Democrat

VIRGINIA, Ill. (AP)—Homer Dahman was soundly thrashed in his bid for the GOP nomination for Cass County state's attorney. Dahman, a schoolteacher, lawyer and, until now, a lifelong Republican, was defeated by more than 600 votes in the GOP primary April 8 by Dick Mills. But some 55 persons wrote him in on the Democratic ballot. The county Democratic central committee, impressed with the write-ins, asked Dahman to run on its ticket. So it will be Dahman versus Mills again in the Nov. 8 election.

Personal Diplomacy Receives Death Blow

EN ROUTE WITH EISENHOWER (AP)—A series of staggering propaganda blows within a month, topped off by the blowup of President Eisenhower's trip to Japan, may spell the end of American top-level personal diplomacy for a long time.

The unhappy chain of events, resulting at least in part from faulty estimates and miscalculations by U. S. officials, could curtail the desire of a future president to embark on goodwill visits abroad.

The latest setback, with its possibility of grave repercussions on Japan's fragile democracy, could also lead to a sweeping review of fundamental American strategy for countering the Moscow-Peking "hate America" campaign.

Seldom in diplomatic history has a U. S. president been buffeted by three successive reverses of the magnitude Dwight D. Eisenhower has had to endure.

The furor over American spy plane flights and the subsequent collapse of the summit conference, (2) Soviet Premier Nikita Khrushchev's withdrawal of his invitation to Eisenhower to visit the Soviet Union, and (3) the riot-scared end of his plan to visit friendly Japan.

The President's aides may argue that Eisenhower emerged with an untarnished reputation because the Communists so obviously exploited developments to their own ends.

But in Eisenhower's own words, the collapse of his Tokyo visit is a blow to his announced quest for peace. Newspapers throughout the free world viewed the events in Tokyo as a victory for world communism. Many said American prestige had suffered a severe blow. Both the Soviet Union and Red China are gloating at the picture of Eisenhower crisscrossing the Pacific with the door to Japan slammed in his face.

Post-mortems are inevitable. All the evidence is not in but enough of the behind-scenes happenings is known to cite these examples of what appears to be a series of miscalculations.

Jail Cell Campaign

Attorney Reuben Garland, a candidate for county prosecutor, conducts his campaign and other business from an Atlanta, Ga., jail cell where he is serving a sentence for contempt of court. The jailer denied Garland's request for a telephone in his cell so the flamboyant attorney brought in a tape recorder and an aide-secretary, Jack Lee Dibble, right. Garland seeks the Democratic nomination as solicitor general of the Fulton County (Atlanta) Judicial Circuit. (AP Wirephoto).

67 DAYS

2 Sergeants Set Walking Record

NEW YORK (AP)—Two doughy British sergeants strode into New York today after hoofing it across the United States in 67 days—10 less than a transcontinental mark set in 1910.

The sergeants, Patrick Moloney, 34, and Mervyn Evans, 33, emerged from the Lincoln Tunnel into Manhattan at 9:38 a.m., maintaining their cross-country stride of 4½ miles an hour.

They entered the 8,216-foot long tunnel—which connects New Jersey with Manhattan under the Hudson River—shortly after their final night's lodging at Newark. "We're in good condition but it's a rough trip," they said before turning in Thursday night at a motel by Newark Airport.

Earlier they had their first haircut since leaving Wyoming, presented by Larry Pecorardo, a Scotch Plains barber. "We like our hair long," said Evans. "It keeps the sun off our necks."

The sergeants left San Francisco April 12. Another transcontinental trekker, Dr. Barbara Moore, a British vegetarian who is the wife of sculptor Henry Moore, started the same day as the sergeants but has fallen behind. She is in Indiana. She was hospitalized briefly after being struck by a car earlier this week but is on her way again.

New Teacher Takes Training At ETSC

COMMERCE — Mrs. Arnold Oates, who has been appointed to teach in the Big Spring school system, is attending a counseling and guidance institute at East Texas State College this summer.

She is one of 27 students selected for the special instruction under the National Defense Education Act. Purpose of the training is to promote understanding of selection use and interpretation of psychological tests and improve skills in counseling Mrs. Oates is a sister of Billie Holloway, a member of the Big Spring faculty.

James Faces Waco Charges

LOS ANGELES (AP) — John Junior James, 30, who says he staged 18 robberies in seven states this year, is going back to Texas to face a charge of slaying a customer in a Waco, Tex., grocery store holdup.

Sheriff C. C. Maxey of McLellan County took James into custody after the man waived extradition.

James was captured here last Friday while attempting to hold up a Western Union office.

El Tomorero May Be Returned From Mexico

MEXICO CITY (AP)—The First Penal District Court ruled Thursday that Alfredo "El Tomorero" Cervantes Martinez must face an extradition hearing to determine whether he will be returned to Texas to face murder charges.

The court said Cervantes Martinez, wanted in connection with the "mistake killing" of a prominent Alice, Tex., man, claims to be a Mexican by birth but he cannot prove his Mexican citizenship and extradition papers say he chose U. S. citizenship.

In Mexico City to press for the return of Cervantes Martinez to Texas to face trial in the 1952 ambush slaying of Jacob Floyd Jr. are Attorney Sam H. Burris and Sheriff Halsey Wright of Alice.

They conferred with Trevino Rios and with John Ford of the U. S. Embassy here and said later they had offered any assistance Mexico might want in clarifying the case.

They said Jacob Floyd, the intended victim of the ambush slaying and father of the man killed, would be willing to come to Mexico if needed.

Martinez escaped into Mexico eight years ago, and was arrested a week ago today in a small Jalisco town. He was brought here and jailed, but was not formally charged until Wednesday.

Martinez was born in Mexico, but is said to have taken out U. S. citizenship.

Mike Souchak Is Man To Catch At Denver

By DON WEISS
Associated Press Sports Writer
DENVER, Colo. (AP)—Between fish jumping out of lakes, Tommy Bolt throwing clubs into them, kids swiping balls from drainage ditches, and the sun baking Cherry Hills to unusual toughness, the 60th National Open Golf Tournament is off to a rousing start.
Mike Souchak, 33, former Duke football

player from Grossinger, N.Y., grabbed the first-round lead with a 3-under-par 68.
Challenging Souchak are Jerry Barber, 44, Los Angeles and Henry Ransom, 49, St. Andrews, Ill., both with 69s.
Most everybody thought this 7,004-yard, par 35-36-71 Cherry Hills course was going to play to a cinch, but only eight other golfers out of the field of 150 managed to break par on opening day.
Doug Sanders of Miami Beach, one of eight tied at 70, might have led but a fish jumped in the lake in front of the 18th tee just as he round was hitting his drive. He hit the

SOUCHAK

It Seems To Me

By DON RIDDLE

Later this summer, August 25-September 11, the games of the 17th Olympiad will be held in Rome, Italy.
Though their complete origin is unknown, the Ancient Olympic games were held in a sacred valley in Olympia in Elis, near Greece's west coast. The earliest record of the Olympic games was 776 B.C. These contests were so important that time was measured by the four-year interval. The term Olympiad was used to describe this period.
During the first 13 Olympiads, only one means of competition was used—a single race of 200 yards, which was the length of the stadium.
Greece came under the rule of the Romans during the second century before Christ and, although the Romans allowed the games to continue, the color and interest in the games was greatly diminished.
Finally in 393 A.D., Emperor Theodosius put a definite stop to the games after an active period of nearly 300 Olympiads or approximately 1,200 years.
Credit for the revival of the Olympic Games in modern times goes solely to Baron Pierre de Coubertin. Coubertin was born in Paris on the first day of 1863. In his youth, Coubertin showed a definite interest in sociology and in the improvement of education.
He believed that competing for a position on an athletic team developed outstanding qualities of character. This was in accordance with the American beliefs, but contradicted the ideas of his native people.
Coubertin's main interest in life was stability of the French character. Development of the individual, he thought, was the genuine solution.
He was not an athlete but he chose athletics as his field to weld the outstanding personalities of one nation with those of another. His proposal to revive the Olympic Games went for naught as his auditors failed to grasp the significance of the idea.
Finally his proposals were accepted and, in 1896, Greece celebrated the first Olympic Games of the present cycle, in the rebuilt stadium of Athens.
Coubertin's work was, above all, a peace endeavor. But there is one basic fact which is almost universally misunderstood—peace is not the major aim of the Olympic Games. Peace can be furthered by the games but will come only through a better world, brought about by better individuals developed by competition.
The games are a variety of sporting events conducted by amateur athletes of all nations; without regard for nationality, race, or creed.
The governing body is the International Olympic Committee which is responsible for the regular celebration of the games, maintaining their high ideals and establishing rules and regulations.
Only amateur citizens of a country are allowed to represent that country. Each nation is limited by the IOC to three entries in individual events in the Summer Games and three for the Winter Games. Only one entry is allowed per country for team events with a regulated number of reserves.
An amateur is one who participates in the sport for the personal satisfaction and the physical, mental and social benefits derived therefrom. He is one who receives no material gain for his efforts, nor has he ever been paid for coaching or teaching others how to participate. There is no age limit on the individual entry.
Twenty-one sports are on the list for the games and some of the lesser-known ones are archery, cycling, field handball, field hockey, shooting, water polo, rowing, and yachting.
The United States leads by far other countries in the medals distribution. Since the first games of the modern era in 1896, the United States has won 1,007 medals in competition. Great Britain is second with 425.
Russia has won 181 medals but has missed nine of the 16 gatherings.
The United States also is one of the few remaining countries which does not receive money from the government for the team's participation in the games.
Through orientation programs carried on in newspapers, radio, and television news media, the people of America will be given ample opportunity to contribute to the financing of the U.S. team. These contributions are the only means of support for the United States entry in the Olympic Games and without the generous help of the public, one of the team leaders in the games, the United States of America could not participate in the spectacle.
"The important thing in the Olympic Games is not winning, but taking part. The essential thing in life is not conquering but fighting well."—Baron Pierre de Coubertin, originator of the modern Olympic Games.

Odessa Pro-Am Started Out As A Neighborhood Event

ODESSA—What started out as a \$5,000 neighborhood event now has grown into a \$15,000 classic as the Odessa Pro-Am golf tournament heads toward its 12th annual appearance at the Odessa Country Club June 23-26.
Three Odessans—Ted Roden, Bill Breeden and Shorty Hornbuckle—dreamed up the Pro-Am back in 1949 in an effort to provide Texas club professionals with a golf tournament where they could play four days.
The popularity of this event was instantaneous.
Soon the prize money was upped to \$7,500 and later to \$10,000.
Such 'name pros' as Cary Middlecott, Byron Nelson, Tommy Bolt, Dutch Harrison, Jimmy Demaret and a host of others came to play.
This 12th annual event will be limited to 100 teams and will car-

ry a new prize money tag of \$15,000.
Free comic books, safety emblems, bicycle decals and safe riding certificates with "rules of the road" will be given out to riders who bring their bikes out for inspection Saturday.

Five Men Keep Fields Watered
Big Spring's system of maintenance for the four football practice and game fields is showing signs of success, according to Pat Murphy, assistant superintendent-business of the Big Spring Independent School District.
Murphy said that a five man crew is being used to care for Memorial Stadium, the old football field, the baseball diamond and the areas north of the school building.
"This crew spends most of its time mowing the grass but some effort is put into planting and re-sodding.
"We also plan to use this crew in preparing a practice field east of Goliad Junior High School," added Murphy. "We have the land available but just how much we'll devote to a football field is undecided."
Murphy said that grass sodding would begin soon for the area near the Goliad school in order to provide the school with a better field for athletics and physical education.
Other maintenance men are being used by the schools for improvements and renovations of some of the buildings during the summer months.
Murphy said that during school, all painting was done at night but now the painters work a full daytime schedule.
"We also have full-time men employed as electricians, and in other phases of repair in order to keep facilities in the best proper condition. Surprising enough," Murphy added, "we have one man who does nothing but clean vegetation blinds. It may seem an insignificant duty, but it's certainly necessary."

Sabres Pound Rockets, 16-0
Charles Richardson and Donnie Wiggins tossed a three-hitter at the Rockets Thursday and their mates smashed out 17 hits as the Sabres took an International Little League win, 16-0.
Jack Ellis had three hits for the winners and Stanley Wilson has three singles and a double. Mark Cook had a single and a double for the Sabres and Wiggins also added three singles.
John Seitzler stroked two of the three Rocket hits and Dan Riley added a double. Richardson was credited with the win.

Aces Auto, E. 4th Win Thursday
Aces Auto put together three big-inning rallies Thursday as they downed Texas Electric, 13-5 in an Industrial Softball League game. Kennedy was the winning pitcher and Barbee the loser.
In Church League play, E. 4th Baptist won a 7-0 victory over College Baptist by forfeit.
Townsend Resigns
VERNON (SC)—Vernon Townsend, backfield coach and head baseball coach at Vernon High School, resigned his job Thursday. He indicated he planned to continue in coaching.
Townsend formerly coached at Snyder and Hamlin.

Dodgers Face Moment Of Truth In NL Race

By ED WILKS
Associated Press Sports Writer
The Los Angeles Dodgers, wobbly world champions thus far, find out whether they're really on the way back tonight when they open a three-game series with Pittsburgh's National League-leading Pirates.

The Dodgers climbed into fifth place with a 10-6 decision over last-place Philadelphia Thursday night. The champs, nine games out of first place, have won four of their last five games—all against Cincinnati and the Phils.
Pittsburgh completed a three-game sweep at San Francisco with a 10-7 victory. The Pirates now have a four-game lead over the second-place Giants who have lost four in a row. Milwaukee, five games back in third, defeated the Chicago Cubs 10-7. Fourth-place St. Louis made it four straight, spilling Cincinnati 4-0 sixth with a 6-5 decision.

The Pirates, picking right-hander Vern Law (9-2) to face the Dodgers' Stan Williams (5-0) tonight, took two of three in their last trip to Los Angeles. But the Dodgers sent them skidding out of first place with a three-game sweep at Pittsburgh three weeks ago.
Wally Moon and Frank Howard each hit three-run homers for the Dodgers, who tagged loser John Buzhardt (2-5) and three relievers for 15 hits. Moon's shot climaxed a four-run third and he then brought in the clincher with a sacrifice fly in the fifth for a total of 22 RBI in a 12-game hitting streak.

Southpaw Johnny Podres (6-5) won for the fourth time in his last five decisions. He gave up 10 of the Phils' 14 hits and needed relief help in a four-run eighth. Bob Skinner drove in five runs.

Grady Terry Quits
MIDLAND, Tex. (AP)—Grady Terry has resigned as president of the Sophomore League because of business pressure and will be replaced at a meeting of the league at Carlsbad Sunday.

Changing Political Pattern In Japan Affects Business

By SAM DAWSON
AP Business News Writer

NEW YORK (AP)—The changing political weather in Japan could set off business reactions here as well as policy ones around the world.

That is because in these times business, whether it likes it or not, is closely tied in many ways to government decisions at home and abroad. And so, as a result, are jobs and incomes.

The stock market, industrial leaders and consumers in general will have a stake in what kind of government finally controls Japan and sets its relations with us and with the Soviet Union and China, and in what, if any, changes this brings about in the policies of the U. S. Congress and administration.

And a number of American firms have markets, factories, or both in Japan. Others here do a thriving business in importing Japanese goods. Japanese companies also have opened stores and other outlets here.

The collapse of the attempt at a summit meeting in Paris failed to upset business trends here because little had been expected from Paris anyway. But the crisis in the Far East might have more far-reaching results since it is a new thing.

The business tie-ins with the cold war change—if that's what the Tokyo rioting and cancellation of President Eisenhower's goodwill visit brings about—will be

first in the dollar and cents areas of defense spending and foreign trade policies, both exports and imports, and second in the psychological effects on consumers and stock traders and industrial planners.

Whether defense spending goes

Rites Held At Lamesa

LAMESA—Funeral services for Mrs. Emma Hall Hatch, 78, longtime Lamesa resident, were to be held at 10 a.m. Friday at the First Methodist Church. The Rev. J. Lloyd Mayhew, pastor, assisted by the Rev. Milo Arbuckle, pastor of the First Baptist Church, will officiate. Burial will be in Lamesa Cemetery under direction of the Higginbotham Funeral Home.

Mrs. Hatch died Wednesday evening in a Lamesa nursing home. She had lived in Lamesa since 1918. Her late husband was a pioneer groceryman here.

Mrs. Hatch was born Sept. 8, 1881, in Salisbury, N. C.

Survivors include two sons, Raymond Hatch and Ed Hatch, both of Lamesa, and a sister, Mrs. Sally Hoffman, Salisbury. A half-sister and four half-brothers also survive, as well as four grandchildren and four great-grandchildren.

up, and if so what lines will be favored, will affect the prospects of industries and companies in the view of Wall Street as to the value of their stocks.

Any big change in Japan could spur the protests of a number of American industries against competition from cheaper Japanese products. These run all the way from transistors to steel, from textiles to cameras.

On the psychological front the changes are harder to assess. Americans may shrug off the anti-American uprisings in Japan just as they did the Khrushchev insults in Paris.

But if the cold war seems more pressing now, Americans could decide that more must be spent on defense even if that means a return to Treasury deficits and further monetary inflation.

Businessmen could decide now, as they didn't after Paris, to change their inventory policies from the current hand-to-mouth one and start building up stocks. This could mean more borrowing, tighter money. But it also could mean more orders to suppliers, more industrial output, possibly more jobs.

Consumers could change their minds, too, from feeling that prices are fairly stable and decide now is a good time to buy rather than later.

The Far Eastern clouds could pass over, as other international clouds have. But for awhile they'll be watched closely.

Johnson Gets More Support

WASHINGTON (AP)—Sen. Lyndon B. Johnson of Texas received Thursday the announced support of six more Democratic House members in his bid for the Democratic nomination for president.

The six, announced by the Citizens for Johnson National Committee Headquarters, are: Reps. Carl Albert and Ed Edmondson of Oklahoma, Floyd Breeding of Kansas, Joe Montoya and Thomas G. Morris of New Mexico and Ralph J. Rivers of Alaska.

A "Congressional Wives for Johnson" group, composed of wives of senators and House members, has also been formed, the Johnson headquarters said.

Kiwanis Official Visits Club, Plans Made For Picnic

Big Spring Kiwanians will forego their usual luncheon meeting on Thursday of next week to be guests of their wives at a picnic supper in City Park.

Announcement of the picnic was made by President Marvin Baker. Special guest at Thursday's meeting was Hi Berman, lieutenant governor for Division 22, Kiwanis Clubs International. His home is in Colorado City. He dispensed with making a speech to present Arthur M. Kelley, shoe store operator of Colorado City, who played several selections on a common hand saw. Kelley was applauded warmly.

Other guests introduced included City Manager A. K. Steinheimer and E. J. (Jay) Banks, newly appointed chief of police.

TV Honors Its Own Monday With Annual Emmy Awards

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Television honors its own this week. The No. 1 TV event will be Monday night's "Emmy" show on NBC, 10-11:30, when winners of Academy of Television Arts and Sciences awards will be announced.

Tonight NBC has an hour's report—8:30-9:30—of President Eisenhower's visits to the Philippines and Formosa. Edward R. Murrow interviews Berlin Mayor Willy Brandt and tells of that city's cold war situation in a "CBS Reports" special from 9 to 10.

Finals of the National Open golf championship pre-empt NBC's public affairs show Saturday (9:30 p.m.), with the cameras focused on the last three holes at Cherry Hills Country Club near Denver.

Benny Goodman, singers Jane Morgan and Della Reese and dancers Ann Miller and Halelike, late of the Arthur Godfrey family, appear on the Ed Sullivan Show (CBS, 8-9) Sunday. NBC's weekly hour-long mystery (9-10 Sun.) is a new production of Gore Vidal's "Dark Possession," with Diana Lynn and Ann Seymour—a drama which has been done five or six times but is, apparently, still worthy.

Monday night's Emmy awards show will be live from New York and Hollywood. Awards are based on balloting by members of the organization.

ABC's "Music for a Summer Night" on Wednesday (7:30-8:30) will be a tribute to the female of the species—with such performers as Signe Hasso, Geraldine Fitzgerald and Brenda Lewis.

Three Children Die While Fishing

COLUMBUS, Miss. (AP)—Three children drowned when they tumbled into a gravel pit pond while fishing.

The bodies of Roosevelt Barry Jr., 10; his sister, Lillie, 8, and their cousin, Thomas Gregory, 9, were recovered shortly after they fell into the water Thursday.

Rescue workers said one of the children probably slipped and the others drowned while attempting a rescue. A cane pole with which the Negro children had been fishing was found on the bank.

Space Station Costs Decrease

LOS ANGELES (AP)—Predicting space stations costing no more than \$1,000 a pound, a scientist says the United States could put 500 tons of satellites into orbit for a billion dollars annually. "Although the public finds it hard to believe that there will be space stations," Dr. A. M. Zarem told a meeting of the Institute of Aeronautical Sciences Thursday night, "the decreasing cost of such an undertaking makes it increasingly likely." "The cost of putting one pound in a 300-mile satellite orbit today is \$15,000. It is estimated that this cost will decrease to \$1,000." Dr. Zarem, former assistant director of the Stanford Research Institute, is president of Electro-Optical Systems Inc., of Pasadena, Calif.

LETTERS TO EDITOR

Group Deplores Sunday Civic Undertakings

To the Editor: We write as citizens who feel compelled to speak on certain issues before us. It is not with a derogatory spirit that we write, but with a feeling of deep concern. This is not written to harp on one issue but it is to point out a dangerous trend which, if continued, will eventually destroy our cherished way of life in America. This trend is typified by the using of the Lord's Day to dedicate the new air-terminal in our city. Sunday is a day of worship, and the setting of the dedication ceremonies at 10:00 a.m. on that day cuts through the very heart of the Sunday School and worship services of almost every church in the city. The trend to divide the loyalties of the people. It is a proven fact that good Christians make good citizens. Why do our officials or those in charge of this program glitzy overlook this fact. Certainly we concede that Christians must decide for themselves, but if each professing Christian decides right, he will be faithful to Christ and His church. God has not abrogated the fourth commandment. The spirit and significance of it is timeless. It lives on in the Christian tradition and scriptural sanction of Sunday as the Lord's Day. We are rapidly drifting from the great American tradition of respecting Sunday as the Lord's Day. Have we lost sight of our heritage and foundation upon which our nation is built? Whether we know it or not, or are even willing to accept it, God is judging us for this. disrespect for the Lord's Day will eventually destroy us. No nation can stand long when it keeps cutting the cords of its spiritual life into pieces. How patriotic are we? How civic minded are we? We are patriotic enough and civic minded enough to warn that unless we reverse the present trend of disrespect for the Lord's Day and for the churches that we will soon cease to have a civilization. We wish to commend those who were in charge of the rodeo for not running interference with the churches. The rodeo being Thursday through Saturday did not conflict with the Wednesday or Sunday services in our churches. We commend and support worthy programs of this nature so long as they respect the services of our churches, particularly on Sunday. Big Spring Baptist Pastors Fellowship
JACK STRICKLAN, moderator
To the Editor: Perhaps many readers were disturbed by your page one story on Sunday, headlined "150,000 Demonstrate." It doesn't sound too good to know that Japanese, numbering five times the number in Big Spring are against President Eisenhower's visit to Tokyo. However, on page 7-A in the same issue, a very small article, lost in the center of the page, announced that the population of Tokyo was 9,311,774. A bit of figuring reveals that the demonstrators numbered only 1.6 per cent of the population of that great city. Since when is a democratic government run by less than one-fiftieth of its population. Or could 480 people here in Big Spring prevent a visit by Lyndon Johnson or Richard Nixon? **BOB BATEMAN**
1205 1/2 Johnson

Salinas Sam Is Killed By Tranquilizers

SALINAS, Calif. (AP) — The bear came over the mountain, landed in jail, and today is dead of tranquilizers. That was the brief, sad story of Salinas Sam, a 250-pound black bear, apparently driven from the Gabilan Mountains by drought. He was caught loitering in an airplane hangar Tuesday. Salinas police put him in jail, but first they shot him with a tranquilizer. Thursday, he was tranquilized again and put into a small truck and started toward Fleishacker Zoo in San Francisco. On the way the tranquilizer wore off and Sam's police escorts stopped at Morgan Hill where a veterinarian gave him another shot. Sam was dead on arrival at the zoo. **Still The Favorite**
ALBUQUERQUE, N.M. (AP)—Labron Harris Jr. of Stillwater, Okla., held the favorite's role today as the Western Junior Golf Championship moved into the 18-hole quarterfinals.

Officer's Child Is Home Again

MIAMI, Fla. (AP) — A policeman found a 3-year-old girl wandering along a street and radioed headquarters for instructions. Officer William Montie suggested his wife, who lived nearby, might be of help. He was right. "That's my Jonie," Mrs. Montie yelled, when she spotted her errant daughter arriving home in the patrol car.

Drowning Facts May Help Keep You Alive On July 4

Drownings have pushed into second place as the prime killer over the July 4th holidays. Thanks to education (and a prohibition sale) fireworks deaths have declined sharply and have been replaced by drownings as a holiday killer. The National Safety Council suggests that a similar job of education needs to be done in the case of water safety. These facts may be considered about drownings:
1. June and July are the leading months for drownings, August is close behind. (A total of 178 drowned during the July 4 holidays last year.)
2. Drowning victims usually are nonswimmers or poor swimmers—and usually are alone.
3. Two out of three drowning victims are more than 14 years of age.
4. Almost all drowning victims are males.
5. Most of the victims of drownings aren't even swimming or playing in the water.
The council gives these tips on how to prevent drownings:
1. Learn to swim, and make sure you're in proper physical condition to swim.
2. Never swim alone. Don't swim at night or in unfamiliar waters.
3. Remember, it's not only swimmers who drown. Be cautious any time you're around water.
4. Keep an eye on youngsters near water.
5. Don't swim when overly heated or tired, or right after eating.
Fire Rampages
SEOUL, South Korea (AP) — The newspaper Tonga Ilbo reported today 40 persons are dead or missing, 70 are injured and 40,000 are homeless after a fire that destroyed the entire market area of Taegu. Damage to the important rail center was estimated at eight million dollars.

Keeps Promise, Then Loses Life

DETROIT (AP)—When Delle Foster's father was killed in an auto accident 10 years ago the suburban Lincoln Park youth promised: "The night I graduate, from high school I'll visit dad's grave. He'll want to know." Wednesday night Delle, now 19 graduated, two school friends drove him out to the cemetery. On the way back the car plunged off the road into a grove of trees, killing Delle. One friend was injured and the other was unhurt.

Bank Employees Fleet Of Foot

LOS ANGELES (AP)—An assistant cashier and two vice presidents outran a bank bandit fleeing from a downtown bank with \$641 he took from a cashier by simulating a gun. Thomas Theodore Arnold, 31, was turned over to police by the bankers, who captured him in a nearby parking lot. Said Arnold as police booked him for suspicion of robbery Thursday: "I didn't know those bank fellows could run so fast."

Enjoy BOURBON'S finest hour... with OLD CHARTER

the BOURBON that didn't watch the clock... for seven long years!

Imagine you have Kentucky's Finest Bourbon to start with... then you let time tick by as it slowly ripens to perfection. Remember the best whiskey you have ever tasted and imagine one mellow and smoother. Do all these things... then taste Old Charter!

THROW THE BOOK AWAY! Chrysler dealers are doing just that to make it easy for you to own a brand-new Chrysler. Most trade-ins are based on the N.A.D.A. Book or a similar guide to used car prices. But your Chrysler dealer has thrown the book out the window to give you a higher-than-book-value trade-in for your present car! Stop in. Subtract his high trade from the price of the Chrysler you choose. Discover you're closer to a Chrysler than you think!
