

### Sen. Johnson To Be Main Speaker At Demo Parley

OKLAHOMA CITY (AP)—Democratic officials announced Wednesday that Sen. Lyndon B. Johnson (D-Tex.) will be the main speaker at the Democratic National Conference here Sept. 18-21. State Democratic Chair-

man Gene McGill and Conference Chairman Frank Thom, Arkansas City, Kan., said the Democratic vice-presidential nominee will speak at a dinner meeting to the opening day of the conference. Invitations have been sent to the

Democratic governors in the area, 16 Democratic senators and 76 Democratic congressmen. The states are Oklahoma, Kansas, Missouri, Nebraska, Iowa, Illinois, Indiana, Michigan, Minnesota, North Dakota, South Dakota, Ohio, West Virginia and Wisconsin. Democratic leaders in Texas, Arkansas and New Mexico will also be invited.

### Polaris Emerges Under Own Power

LAS ANGELES (AP)—A Polaris missile has made a first and "highly successful" blast-off from under water—under its own power. The first submarine missile has previously been shot from under

water by compressed air, then ignited in the air. The Navy announced that a modified Polaris was ignited for the first time Wednesday under the sea. It was fired from a tube

at the Navy's test facility at San Clemente Island. The tube was the same type used on the USS George Washington, the nuclear submarine which has fired Polaris missiles more than 1,000 miles from under the waves off Cape Canaveral, Fla.

### Biggest Budget

DALLAS (AP)—The Dallas School Board adopted the biggest budget in its history Wednesday night and raised school taxes 8 1/2 cents per hundred valuation, all without a protest from residents.

### Swift Victory Predicted Over Western Forest Fires

RENO, Nev. (AP)—Fire fighters today predicted swift victory over a \$5-million-dollar forest fire that has blackened 3,000 acres of high Sierra timber lands about 70 miles west of here in the past six days. Some 2,200 men backed by heavy bombing planes and bulldozers hoped to ring the Donner

Ridge fire and thus switch to the offensive. A U.S. Forest Service spokesman said, "We've been able to handle these winds (up to 25 miles an hour) and bring our lines around about 90 per cent of the fire. It looks pretty favorable right now. We have even begun to send some crews home."

**Employer's Merit Award**

An Employer's Merit Award for outstanding and physically handicapped employees is presented to Col. Donald W. Shoemaker, Webb Commander, by Chalmers A. Shoemaker, district director of the Texas Employment Commission, San Antonio.

Witnessing the ceremony, left to right, are: Lt. Col. Curry R. McCoy, director of personnel; Leon M. Kinney, head of the local state employment office; and Warren A. Farrow, civilian personnel head.

**Webb Gets Citation For Employing Handicapped**

An Employer's Merit Award came to Webb Tuesday from the President's Committee on Employment of the Physically Handicapped — making Webb the only military installation in Texas to receive this recognition in recent years.

Making the presentation to Wing Commander Col. Donald W. Shoemaker was Chalmers A. Shoemaker, district director of the Texas Employment Commission, from San Antonio. He was accompanied by Leon M. Kinney, manager of the Big Spring Texas Employment Commission office.

**Sen. Kennedy Makes Sortie Into Virginia**

ALEXANDRIA, Va. (AP)—Sen. John F. Kennedy made his first campaign sortie into a Southern state Wednesday night and ignored both the racial and religious issues. His Virginia audience included a few Negroes.

Instead of challenging the Republican effort to pick up his rival, Vice President Richard M. Nixon as a man of needed leadership and experience.

Speaking in a Republican congressional district in a state that went Republican in both the 1948 and 1952 presidential elections, Kennedy advised Virginians to vote Republican again if they are satisfied with the way things are going in the world and want to stand still.

But if there is a feeling the nation faces great challenges, he said, "then I say to you this country will move and the Democratic party will lead it."

**TO DIG DEEPER**

The Democratic presidential nominee expects to dig deeper into Dixie later on. He may go then into the issues of civil rights and his Roman Catholic religion. These are of particular concern to the racially conscious, largely Protestant South.

A crowd of some 15,000 persons at a Democratic rally Wednesday night in a high school stadium whooped and laughed and egged Kennedy on with applause as he attacked Nixon's leadership. He got a big hand with a remark that "Mr. Nixon is experienced, experienced in policies of weakness, retreat and defeat."

Noting that Nixon has presided over the National Security Council since the last year, Kennedy said that never has the country's strength declined more rapidly than during this period. "He didn't mention that Nixon has presided only occasionally, during absences or illnesses of President Eisenhower."

**WIFE BOASTS**

Why, Kennedy asked, would anyone boast of presiding over NSC "during the years it held back our progress in missiles and space?"

The senator said he thinks there is great danger that history will determine that "these were days when the tide began to run out for the United States; these were the times when the Communist tide began to pour in."

With his vice-presidential team-mate, Sen. Lyndon B. Johnson of Texas beside him on the speakers' platform, Kennedy told his Virginia listeners that "we ask your help and we are here tonight to begin this campaign."

Most of the top bracket Democratic leaders of the state were on hand. But not the most powerful one of all, Sen. Harry P. Byrd. The Virginia senator refused to endorse the Democratic ticket in 1952 and 1956 and so far has held out against doing so this year.

Speculation that the Kremlin wants to hold onto Powers for the time being included the reasoning that:

1. The Soviet government does not want to turn him loose quickly after having staged a campaign to whip the Soviet people into the frenzy over the case.
2. The Reds want to "teach a lesson" about spies.
3. If quickly released, Powers might change his story as soon as he reaches free soil and damage the Soviet propaganda buildup.
4. Question officials may still want to question Powers from time to time.

**Tower Sniffs Anti-LBJ Air**

AUSTIN (AP)—The Republican challenger of Sen. Lyndon B. Johnson's re-election bid says many Texans resent recent actions by the senator, and he hopes to win votes Tuesday by attacking John G. Tower, 35-year-old Wichita Falls educator, said he has found a great deal of "deep-seated" feeling against Johnson in recent travels over Texas.

"I have no illusions about the case of defeating Johnson, but I am much more confident than I was six weeks ago. I find that many people resent Johnson's responsible action in running for re-election to the Senate and for the vice-presidency on the same ballot," Tower said in a news conference yesterday.

"I find that many people feel that Johnson turned his back on Texas in favor of himself when he accepted the vice-presidential nomination and when he subscribed to the radical Democratic platform."

Tower opens his campaign against Johnson's re-election officially Friday at Dallas and Houston with the help of Sen. Barry Goldwater R-Ariz., with whom he has long conservative common at the anti-national re-election in Chicago.

**Answer To Powers Visit Plea Expected**

WASHINGTON (AP)—U.S. officials said today Moscow has promised an answer soon to repeated requests that an American Embassy official be allowed to talk with convicted U2 pilot Francis Gary Powers.

However, expectations were that the Soviets for their own purposes, would not agree now to either personal or official diplomacy pleas for Powers.

Chances for winning freedom for Powers, under a 10-year sentence for spying were regarded as likely to be better later on after the tumult over his case subsides. He has been in Soviet custody since his plane went down deep inside the Soviet Union last May 1.

Powers' wife, Barbara, is preparing an appeal for clemency to President Lyndon B. Johnson of the Supreme Soviet, or Parliament, the body which formally deals with such requests. She also has asked for a personal interview with Premier Nikita Khrushchev to plead for her husband.

The pilot's parents, Mr. and Mrs. Oliver W. Powers of Pound, Va., arrived in New York Wednesday night after attending their son's trial. The older Powers told newsmen he doubted that clemency appeals would succeed. But the parents still were clinging to hope their son soon could come home.

**Lyndon Votes With Majority**

WASHINGTON (AP)—Sen. Lyndon Johnson of Texas voted with the majority Thursday as the Senate approved the \$3,889,054,000 foreign aid money bill 67-26. Sen. Ralph Yarborough was listed as not voting.

**Killed In Crash**

SAN ANTONIO (AP)—Two cars collided in southeast San Antonio Wednesday killing Arthur Davis, 36, of Sabin. Fred Searcy, about 30, was reported in critical condition and E. R. Natherlin Jr., 31, was in fair condition with injuries.

**Senate Okays Aid, Cuts Off 2 Nations**

WASHINGTON (AP)—The Senate has passed a \$2,889,054,000 foreign aid bill to help friendly nations, while barring aid to countries which help Cuba or the Dominican Republic.

The measure, which now goes to a Senate-House conference, would give President Eisenhower almost all the money he asked.

The Senate restored all cuts made by the House except 200 million dollars for military aid. It also added an extra 100 million to deal with unforeseeable crises such as the Congo situation.

Democratic presidential nominee John F. Kennedy and his running mate, Senate Majority Leader Lyndon B. Johnson, led 39 other Senate Democrats in backing the President's request. Twenty-six Republicans voted for the measure.

Seven Republicans and 19 Democrats voted against it, bringing the tally to 67-35.

Eisenhower originally had asked \$4,275,986,996. But in earlier legislation authorizing the program, Congress had provided for the next year to \$4,885,200,000. The appropriation last year was \$2,600,000,000.

By voice vote, the Senate adopted amendments to deny foreign aid funds to any "country which provides either arms or economic help to Cuba's Fidel Castro regime; deny aid to any country which supplies arms to any Latin American country being subjected to economic or diplomatic sanctions by the Organization of American States — the target of this legislation was the Dominican Republic; limit U.S. aid to no more than 50 per cent of the total cost of the entire program in any country.

The \$2,889,054,000 provided by the Senate for military assistance is 500 million above what Congress voted last year. In addition, the bill includes 675 million in defense support funds. This is 75 million above the House figure.

The defense support funds are limited to 22 countries which maintain larger armed forces than their economies can sustain without outside help. They are Korea, Formosa, Viet Nam, Turkey, Pakistan, Cambodia, Greece, Iran, Laos, the Philippines, Spain and Thailand.

Other items include 172 million dollars in technical assistance and 700 million for loans to underdeveloped countries for economic assistance to friendly but not heavily armed nations.

**Copters, Launches Set Up Anti-Shark Patrol Line**

NEW YORK (AP)—Six police copters and two helicopters went into action Wednesday as a shark patrol to guard bathers at the city's beaches.

The patrol, prompted by the shark attack on a bather last Sunday at Sea Girt, N.J., will continue indefinitely.

At Sea Bright, N.J., yesterday three big fish, believed to be sharks, were spotted in the Atlantic Ocean about 200-400 feet offshore at the Ship Ahoy Beach Club. The private club promptly shut down its beach.

At Bridgeport, Conn., two bathing beaches were closed in a precautionary move after a Stratford, Conn. man reported being bitten by what he believed was a shark while swimming.

Clyde Trudeau, 32, said he received a jagged slash on his left arm as he was swimming about 75 yards offshore at Seaside Park. As a result, both Seaside and Pleasure Beach were closed.

Trudeau was taken to a hospital, where his condition was reported as good. Trudeau said he saw a fin in the water before he was bitten.

John Broder, 24, of Jersey City, N.J., may require amputation of his right leg after a shark

hit him in shallow surf at Sea Girt. His fiancée, Jean Filerman, 22, a Jersey City school teacher, frightened the shark away by splashing violently while Broder limped ashore. Broder's physician said the young man was doing "as well as can be expected."

**9,000 Braceros Expected In Area**

Leon M. Kinney, Texas Employment Commission manager, announced that he will ask authorization for 1,800 braceros near the end of August and at the same time will put in for clearance of citizens labor which has priority.

Kinney said he did not expect the braceros to begin arriving before the Sept. 15, adding that at this time there is no demand for cotton pickers.

However, he said there were approximately 200 labor pickers ready to work and should farmers need them, they can be contacted through the Texas Employment Commission.

Last year there were 9,000 braceros working in the three county area covered by the Big Spring office and Kinney said he expects there will be about the same number this year.

# DEAR ABBY ONE GOT AWAY

By Abigail Van Buren

DEAR ABBY: My grandfather died at 96 and it was up to me to notify all the relatives so they could come to his funeral. I sent out 14 telegrams and made 5 long-distance calls. I couldn't contact a relative who lives in Omaha because he was up in Canada fishing, which was no fault of mine. All of this happened a year ago but I bring it up now because the will was read and this Omaha relative only got a dollar instead of \$9,500 because he wasn't at the

funeral. Now he blames me. Was it my fault?  
TRIED MY BEST  
DEAR TRIED: If you tried your best and couldn't reach the fisherman, he shouldn't blame you. All he can do is write it off as a \$9,500 catch that got away.  
DEAR ABBY: Please give your readers the lowdown—are you "Miss" or "Mrs."? Is that your picture and when was it taken? And while I'm getting personal, how old are you?  
NOSY  
DEAR NOSY: I am MRS. and have been for 21 years (same man; I take my own advice). That picture is recent and I was 43 on July 4th.  
DEAR ABBY: I got the shock of my life this morning when my ten-year-old daughter asked me a question about sex. I had no idea she knew as much as she did. I told her she was too young to know, which she certainly is. I think this modern method of child-raising is all wrong. I mean telling children everything they want to know. I must be right because statistics show that every year more young girls are getting into trouble. I would like your opinion.  
OLD-FASHIONED MOTHER  
DEAR OLD-FASHIONED: Girls get into trouble because they know too little—not too much. You're lucky your daughter comes to you with her questions. Don't discourage her with that foolish dodge, "You're too young to know." If she's old enough to ask, she's old enough to know.  
CONFIDENTIAL TO "DESPERATE, PLEASE HELP": There is no reason to feel guilty. Under the circumstances, anything goes.  
If you want a personal reply from Abby, write to her in care of the Big Spring Herald and enclose a stamped, self-addressed envelope. She answers ALL letters.

# VFW Favors Keeping Big Forces Ready

DETROIT, Mich. (AP) — The Veterans of Foreign Wars wants a larger Army and Marine Corps and a Navy that is "the strongest and most versatile in history," although Vice President Richard M. Nixon has assured it the United States "is first in the world militarily."  
Shortly after Nixon addressed it Wednesday, the 1,300,000-member VFW's 61st convention adopted a resolution calling for a 925,000-man Army, a Marine Corps of 200,000, a strong air striking force, an air defense capable of meeting any threat, the strongest Navy in history, and no cut in either, the National Guard or Army Reserve.  
The Army now has approximately 870,000, the Marine Corps 175,000, the National Guard 400,000 and the Army Reserve 300,000.  
The VFW also went on record for "continued development of atomic and hydrogen weapons and the necessary testing of such weapons."  
This suggestion was at least partially met by the vice president's assertion that "We must not be frozen into acquiring and depending on the weapons of the past to fight the wars of the future, because if we do we will be in a position of inferiority regardless of how many of these weapons we may have."  
"As we make breakthroughs, it means we must move from the old to the new, and move imaginatively and boldly so that we stay ahead in the old as well as the new."  
"Top brass of the VFW, meanwhile, whipped into shape plans to see that Sen. John F. Kennedy, the Democratic nominee for president, gets a Friday reception exactly like that given Nixon, Kennedy's GOP rival.  
Kennedy's scheduled speech resulted from a second VFW invitation. He canceled a scheduled Tuesday appearance because of Senate votes set that day on medical bills, but offered to telephone an address. This, the VFW replied, was "wholly unsatisfactory." A new invitation and acceptance came later.  
Both Nixon and Kennedy are VFW members.  
On foreign aid, the vice president said: "Spending the money is important in some areas, but you can increase the spending a hundredfold, and if you did that alone, we would still lose to communism, because money without the political and economic instruction will cause the government to go right down the rathole and so we must commence our economic aid with technical and political assistance on a scale such as we have never had before."

# Chinese Reds Plan A New Crackdown

HONG KONG (AP) — Recent visitors to Red China report growing fear that the Chinese Communists are planning a ruthless new nationwide crackdown or purge.  
The aim, they say, would be to quash increasing discontent aroused among China's millions by one of the worst food crises in Chinese Communist history.  
The food shortage is so widespread and severe, they say, that the discontent may get out of hand. The classic Communist tactic in such cases is to tighten, not loosen, the screws.  
One recent visitor to Shanghai reported: "This is the worst year since the Chinese Communists conquered the mainland 11 years ago. There is just not enough food to go around. If this continues, something is bound to happen."  
Other visitors expressed fear that the crackdown, if it came, would match the violence the "Three Anti's" and "Five Anti's" campaigns that spread a reign of terror through the land in 1952 and 1953.  
The "Three Anti's" campaign was aimed against corruption,

turned from central China this month said the number of suicides in Shanghai is increasing again.  
He said Communist authorities warn visitors from this British colony not to talk about conditions in China after they leave. But, the growing food crisis is apparent from official as well as independent reports from the mainland.  
More than a month ago Peking launched a nationwide campaign to whip its overworked millions to intensify production in the face of spreading floods and drought and the consequent threat of famine.  
Calls for increased production still dominate the Red press and radio, relegating such important Communist announcements as the recent successful flight of the Soviet dog-carrying spaceship to third or fourth place.  
Another ominous sign reported by one returning visitor is that the Communist authorities are turning down practically every application for exit permits to Hong Kong and Macao.

waste and bureaucracy among government officials. The "Five Anti's" was directed against bribery, tax evasion, sabotage, theft of government property and a catch-all called "new malpractices."  
The campaigns resulted in a wave of public trials. Hundreds of people committed suicide, and thousands disappeared.

# Liquor Revenue Report Made

AUSTIN (AP)—Liquor revenue brought the state \$3,170,083 during July, the Liquor Control Board said Wednesday.  
Excise taxes on beer, wine and spirits took in \$3,096,526, the board said. Some \$671,517 went into the available school fund, and the omnibus tax clearance fund received \$2,069,981.  
Some 458 liquor law violation charges were filed, 252 of them in dry areas. Fines and court costs during July totaled \$60,585.  
The board said local option elections during July left Justice Precinct No. 2 in Hardin County still dry, made the city of Denison wet, caused Andrews County to remain dry, and left Justice Precinct No. 3 of Calhoun County dry.

**Childress Hit By Winds At 104 M.P.H.**

A raging wind that hit 104 miles per hour in gusts smashed through the Childress area Wednesday as scattered violent thunderstorms erupted in Texas.

The high wind—30 miles an hour greater than minimum hurricane force—smashed windows, disrupted phone service, snapped large trees and unroofed a metal welding shed in Childress. It also damaged a farm house and several smaller buildings 3 miles northeast of the city. There were no injuries.

A torrential downpour dumped 3.9 inches of rain on the city within an hour. At one time the heavy runoff blocked U.S. Highway 287 west of Childress. Hall also fell.

Several small sheds were blown over north of Spur when high winds accompanying a violent thunderstorm hit that area. Spur measured 2.50 inches of rain.

A thunderstorm at Lufkin in East Texas brought 1.70 inches of rain within an hour Wednesday night. Other sections of East Texas also reported thundershowers as did areas around Big Spring and Wink in the western part of the state.

Rainfall totals for the 24 hours ending at 6 p.m. Wednesday included Houston 1.67 inches, Van Horn .85, Del Rio .11, Alpine .07 and Beaumont .02.

Maximum temperatures Wednesday ranged from 82 at Palacios to 105 at Presidio. A timid cool front that edged into the Panhandle kept the temperature low earlier in the day at Dalhart but the mercury soared to 93 degrees after the front retreated into Oklahoma.

Skies were mostly clear over Texas at dawn Thursday but Gulf clouds forming over the coast were expected to spread northward into the state during the day. A renewal of widely scattered thundershowers was predicted.

Early morning temperatures Thursday ranged from 72 degrees at Amarillo to 82 at Palacios.

**Martinez Must Die**

AUSTIN (AP)—Sex-slayer Eusebio Regalado Martinez must die in the electric chair early Saturday, the Pardons Board ruled Tuesday.

He was convicted of the murder of Cynthia Riggins, a nine-month-old Negro girl, Oct. 14, 1957.

The tot had been left in a car by her parents while they attended a dance at a Midland night club.

Martinez was tried twice. The first conviction was overruled by the Court of Criminal Appeals on grounds his attorney had failed to pay his State Bar dues. This, it was held, made the attorney ineligible to defend him. The court upheld the second conviction. The Pardons Board denied his appeal to change his sentence to life in prison.

Martinez' statement introduced at the trial said he attacked the child to satisfy a sexual urge that came over him after he had been drinking whiskey, beer and wine.

The director of the Texas Association for Retarded Children said at a recent board hearing that when Martinez was placed in the Austin State School as mentally retarded he had a mental age of 8 to 10. The association's director, Charles Meiseger, questioned whether such a mind could be justly judged on the basis of laws governing a normal person.

The board said that reports from psychiatrists who examined Martinez indicated he barely knows right from wrong. A person is considered legally sane when he can distinguish right from wrong.

# Pageantry Marks Olympics Opening

By MURRAY ROSE  
Associated Press Sports Writer  
ROME (AP)—Cannons boomed, thousands of doves circled into the Roman sky, the Olympic hymn was sung and the giant torch — one that will burn day and night until the games end — was lit as the biggest and most costly Olympic games were officially proclaimed open today by President Giovanni Gronchi of Italy.

The cold war was temporarily called off in the Eternal City as this XVII Olympiad, with all its regal splendor, was hailed by two world leaders at opposite worlds of ideology — Pope John XXIII and Soviet Premier Nikita Khrushchev.

The pontiff, speaking in St. Peter's Square, declared his "very strong desire that the contests of these days will benefit you all, and that from them, without exception will be able to gain some advantage."

# Yanks Ease Over Chisox Hump, 3-2

By ED WILKS  
Associated Press Sports Writer  
If you listen close, you almost can hear the New York Yankees resting.

The Orioles rapped Tiger right-hander Bob Bruce (2-4) for five runs in the second inning, sparked by Brooks Robinson's bases-loaded triple, and then piled on reliever Pete Burnside for four in the seventh.

The ceremony, almost unchanged from the first modern games held in Athens in 1896, set off a two-week struggle among the world's greatest amateur athletes which will last until Sept. 11. More than 100,000 attended the opening ceremonies in the sparkling white oval stadium, that is the center of a 32-million-dollar athletic plant unrivaled in the world.

Competition starts tonight in boxing and water polo but the full panorama of the games will not unfold until Friday when basketball, boxing, canoeing, cycling, field hockey, the modern pentathlon, soccer, swimming, water polo and wrestling all go into action.

# Palmer Picked At Milwaukee

MILWAUKEE (AP)—Arnold Palmer, the king of the 1960 golf trail with seven tournament victories, was installed as the man to beat today at the \$30,000 Milwaukee Open golf under way at the North Hills Country Club.

Palmer, a 29-year-old Pennsylvanian who holds the Masters and U.S. Open titles, headed a field of 150, including most of the nation's top touring pros, into the opening round of the four-day, 72-hole medal test over the 6,400-yard, par 70 layout.

The kingpin of the games—track and field—starts Wednesday and the last of the 15 sports to be contested, equestrian, gymnastics, weightlifting and shooting, begins the week of Sept. 4.

# Pirates Boost Lead Again To Reach Pennant Fever Plateau

By ED WILKS  
Associated Press Sports Writer  
The Pittsburgh Pirates, 30 games over .500 and 7½ games out front, now can start thinking about the National League pennant if you follow the formula set up by Billy Southworth.

San Francisco 3-2 in 13 innings. The Pirates blew a 6-3 lead behind 18-game winner Vern Law before nailing the Cubs in the ninth. A double by Bob Skinner, who hurt his leg sliding into second, and consecutive home runs by Dick Stuart and Roberto Clemente broke it up in a four-run rally that beat reliever Don Elston (6-7).

defeated onetime nemesis Bob Buhl (12-7). Howard socked two home runs, giving him 20 for the season. He's hit nine against the Braves.

When he was managing the St. Louis Cardinals to three NL flags in the early '40s, and again when he won with the old Boston Braves in 1948, Southworth told his clubs: "You don't have any right even to think pennant until you get 30 games over .500."

The Dodgers came from behind with four homers for all their runs against the Milwaukee Braves and

# Venetian Way Is Being Held Out

CHICAGO (AP)—Kentucky Derby winner Venetian Way is being withheld from Saturday's \$100,000 added American Derby at Arlington Park, leaving T.V. Lark at the top of the class for the 1½ miles fixture for 3-year-olds.

Tommy Davis and Wally Moon, whose two-run shot off reliever Carl Willey clinched it in the fifth inning, hit the other two home runs in support of Johnny Podres (11-9).

Unbeaten rookie Art Mahaffey of the Phils beat the third-place Cards with a five-hit job. He needed relief help from Chris Short, however, after Ken Boyer's 26th homer in the eighth, the Cards' only earned run. Lee Walls and Tony Taylor homered for the Phils who beat Larry Jackson (14-11) with three runs in the eighth. Pancho Herrera's sacrifice fly scored the winning margin.

A two-out single by Vada Pinson finally won it for the Reds at San Francisco. Jim Brosnan (6-2) was the winner in relief. Loser Mike McCormick (11-9) went all the way, allowing nine hits.

"There's nothing wrong with Venetian Way," said trainer Vic Sovinsky. "He's just not ready for the mile and a furlong race. We missed a couple of vital workouts and we just couldn't get him up to a rugged nine furlongs."

Eddie Arcozo, who was to have piloted Venetian Way, has accepted the mount on Farm to Market.

The derby also is expected to attract New Policy, Heroshogala, Natogo, Cuvier Relic and possible Hillsborough.

TEXAS NATIVE  
Decathlon Ace Carries U.S. Flag Into Games

By WILL GRIMSLEY  
Associated Press Sports Writer  
ROME (AP)—When the cream of America's sports talent marched into Olympic stadium today, the imposing body was led by a tall athlete with a majestic air.

er had won an Olympic gold medal. A number of gold medalists marched in his wake.

Traditionally, in the Olympics, the honor of carrying the Stars and Stripes for Uncle Sam goes to the oldest or most successful competitor.

In Johnson's case, tradition was broken—not once, but twice. Never before had a Negro carried the flag.

Why was Johnson chosen? "We thought Rafer represented the best in Americanism," said Louis J. Wilke of Bartlesville, Okla., a member of the U. S. Olympic Executive Board. "We not only felt he was probably the greatest all-around athlete in the country, but also an example of our finest traditions."

The decision met universal acclaim among the U.S. team members, all of whom look up to Johnson as "something special."

There will be 914 schools playing football, the same as last year. The tentative list had totaled 920 for an all-time high but consolidations cut it down when the final entry date arrived.

Annual play starts in all classes except the top one — AAAA — next week. AAAA has to wait until the second week in September because it is the only class with spring training.

Class AA, AA, and A, which decide state champions the same as AAAA, are privileged to start the campaign Sept. 2. AAA has only 11 games while AA has 123 and A 128. Since many of the games are inter-division affairs

There are duplications and the actual total is much less than the combined 282.

Class B and Six-Man and Eight-Man football also can start moving next week. They decide only regional championships.

Port Arthur in Class AAAA, Sweetwater in Class AAA, Olney in Class AA and Stinnett in Class A are well-defined state championship favorites. There can be title repeats in only two divisions — AAAA where Corpus Christi might come through the AAA where Breckenridge and Cleburne might again tie.

Class AA will have a new champion regardless. Stamford, the 1959 king, was found ineligible and its championship forfeited to Brady. Also, Stamford can't even compete for the title this year. It will be permitted to play the district schedule but the games will count neither for nor against the opposition. In other words Stamford's games will mean nothing.

Katy, the Class A champion, has advanced to Class AA, so there's bound to be a new titlist in this division.

It's a hazardous undertaking but the teams are ranked each year before the season starts. The top 10 look like this in the four classes that play to state championship.

Class AAAA — Port Arthur, Baytown, Wichita Falls, Highland Park, Corpus Christi Miller, Waco, Odessa, Corpus Christi Ray, Lubbock Monterey, San Antonio Jefferson, San Antonio

Class AAA — Sweetwater, Cleburne, Carrollton, Henderson, San Antonio San Houston, Kilgore, Dumas, Mount Pleasant, LaMarque, Huntsville.

Class AA — Olney, Taylor, Bellville, Crockett, Quanah, DeLeon, Liberty, Gatesville, Olton, West Columbia.

Class A — Stinnett, Crowell, Albany, Gaston, George West, Plains, Clifton, Honey Grove, Sour Lake, Rio Hondo.

WICHITA, Kan. (AP)—The defending champion of the National Non-Pro Baseball Tournament lasted just two games this year.

Houston, Tex., lost Wednesday night to College Park, Ga., 6-5 and was ousted from the double elimination tournament. It was the first time for the defending champion to lose its first two games.

In other games last night, famed LeRoy (Satchel) Paige gained credit for the victory as the Wichita Indians downed Trenton, N.J., 5-3, and Elgin, Ill., defeated Jefferson City, Mo., 5-1. Both were first round games.

McClelland Wins  
SAN ANTONIO (AP)—McClelland Air Force Base of Sacramento, Calif., won the championship of the Air Materiel Command Baseball Tournament Wednesday.

The California team, unbeaten in the double elimination tourney, won the title with a 15-11 victory over Wright-Patterson AFB of Dayton, Ohio.

## Pony League

WASHINGTON, Pa. (AP)—Houston, Tex., (5-0) meets Oak Park, Ill., (2-1) and Washington, Pa., (2-1) takes on West Covina, Calif., (2-1) tonight in the fourth round of the Pony League Baseball World Series.

The Texas entry in the double elimination tourney kept rolling Wednesday night by defeating Washington 6-5.

# Fort Worth Is In LL Semi-Finals

WILLIAMSPORT, Pa. (AP)—"We hope to win," said Roger Witt of Levittown, Pa.

He passed, then added smiling: "Let's say we're confident."

Witt is coach of the Levittown Little League baseball team which meets Lakewood, Calif., today in the semifinal round of the 14th annual Little League World Series.

Harold (Lucky) Haskins, director of the Monterey, Mexico, team, wasn't quite as certain about the Mexican youngsters' chances against Fort Worth, Tex., in the other semifinal, but he observed:

classic for 11 and 12-year-old baseball players.

But the competition has been so close this year that any of the four teams which have reached the semifinals are rated an even chance to succeed Hamtramck, Mich., as Little League king.

Fort Worth reached the semifinals with a 5-0 victory over Toronto, Canada, in a first-round game Wednesday. But the little Toronto pitcher, Gordon Roche (4 feet 8½ inches and 85 pounds) had held the bigger Texans to one hit until Rickey Galtier unloaded a grand slam homer in the fifth inning.

Monterrey's late rally beat Berlin, Germany, 7-4 in the other game.

Lakewood and Levittown won their opening games Tuesday. Witt said he didn't like the idea of Levittown being picked as a favorite in this series.

"We've never been favored up until now. I don't know whether I like it."

Mourning dove season opens in this area Sept. 1 and continues through Oct. 30, according to the Texas Game and Fish Commission. Daily bag limit is 15 and the possession limit 30 at any one time. White wing dove in South Texas have a daily bag limit of 10, and the possession limit is the same. Shotguns must be plugged permanently to three-shell capacity and may not be larger than 10 gauge. Hunting doves with rifles is prohibited. Shooting hours are 12 noon to sunset for mourning doves. White wing areas have a 2 p.m. beginning time.

**Steer Gridders Begin First Practice Round Early Friday**

The Big Spring Steers, starting their first season under Emmett McKenzie as head coach, will play the early-bird and quick-change role Friday.

McKenzie has announced that boys are to be at the field house at 7 a.m. for issuance of uniforms. By 8 a.m. they are due to be in them and on the field for the first loosening up exercises.

This is the start of a hot and heavy grind lasting through most of next week. Practice sessions—two a day—will last approximately 1 hour and 45 minutes. The afternoon sessions will be around 6:30 to 7 p.m.

Tuesday the initial scrimmage will be at approximately 5:15 p.m. The Steers will play their first game in Pampa on Sept. 9, hence this does not leave a spare moment for McKenzie and his staff to attempt to get the team in shape and with some semblance of polish.

McKenzie is anticipating a squad of around 60 lads, although earlier indications were that it might be slightly larger than that.

Most of the uniform and equipment packages are ready for the boys, based on the sizes that coaches have on file. Yesterday junior high boys called for their uniforms and will continue through today. Both Runnels and Gladi will start practice Friday. Coaches are hoping for 60 or more boys on each squad.

**Couples Meet**

The Thursday Classic Couples League meets at 7 p.m. today on the Settles mezzanine to consider plans for operation of the league. Rules for the ensuing year will be discussed. Previously the league officers were named at an organizational meeting, but this evening parley is described as being important for all members.

**Brighter Days Facing Tech, Says Coach**

Better days are ahead athletically for Texas Tech right away—only you may not be able to tell it.

J. T. King, assistant football coach at Tech, told the Downtown Lions Club at the Settles Wednesday that Tech would be 25 to 30 per cent stronger this year than last. The irony of it is that Tech may not win as many games as it did last year.

"These other teams are stronger, too," declared King. "Another thing—we're playing for the championship in the Southwest Conference. It used to hurt their pride when we beat a Southwest Conference team, this year it will hurt their percentages, and they'll be tough every game."

**SPECIALIZED TALENT**

Tech has boys with exceptional talent, probably not so many with all-around abilities as other conference schools. But used as specialists, these boys are capable of doing an excellent job and can beat someone if they let up for a minute, he said. Tech is on men of the stature of E. J. Holub, its all-American center "we can't muscle them out of there", but it will make up in that intangible called spirit for a lot of its physical differences, he predicted.

King and Polk Robison, head basketball coach and assistant athletic director, were here Wednesday to interest area residents in purchasing seat options on Tech's new stadium. Robison pointed out that an engineering job which involved moving 240,000 pounds of concrete and steel back and lowering the field so that 35 rows of seats could be sunk into a bowl had been completed successfully to give a 41,500 seating capacity which can be increased later to 65,500. The field will be ready for play by game time Sept. 17 he said.

**EDUCATION FIRST**

Tech's athletic program and facilities are modern in their offerings and outreach, said Robison. Tech's first aim is to educate students, athletes included. The athletic program happily helps many young men to obtain an education, he said.

Here for the Lions meeting was a member of the board of directors of Texas Tech, and chairman of its athletic committee, Jim Lindsey. Midland, Lindsey, managing editor of the Midland Reporter Telegram, said that long range outlook was optimistic for Tech. The more seat options are purchased, the less revenue bonds the board will have to issue for improvements and the less interest will have to be paid, he said.

**British And Aussies Meet**

BROOKLINE, Mass. (AP) — A couple of English upset makers go after big game — Australian champs Rod Laver and Bob Mark—in today's feature match of the National Doubles Tennis Tourney.

England's Bobby Wilson and Sangster, fifth seeded foreigners, justified their entry upset by Wednesday's action on the grass at Longwood Cricket Club, turning back Barry MacKay, Dayton, Ohio, and Ron Holmberg, Brooklyn, N.Y., 13-11, 8-6, 7-5, 6-4. The Americans were the third seeded domestic team.

Today, Wilson and Sangster face their biggest challenge. Laver and Mark are the second seeded foreign team and one of the top choices to take the title.

But nothing happened Wednesday to switch the role of favorite from the No. 1 foreigners, Australia's Neale Fraser and Roy Emerson. They won their third straight, dropping the veterans Gardnar Mulloy, Miami, and Billy Talbert, New York, 6-2, 7-5, 6-4.

The Fraser-Emerson combo is not in action today, with only the top two quarter-finals on the schedule. The second one is the No. 1 domestic team, Rafael Osuna and Dennis Ralston, against Australians Marty Mulligan and Bob Hewitt.

**Local Teens In Semi-Finals**

The Big Spring All-Stars remained alive in the state Teen-Age Baseball Tournament at Fort Hood today.

The locals were scheduled to play at 8 p.m. today, meeting the winner of the Fort Hood and Killen game.

The Big Springers dropped a 7-6 decision on the strength of a 9th inning uprising by the Central Texans. However, they rallied in plastering Waco 14-5 Tuesday night to gain a berth in the semi-finals.

The National Little League will have a meeting Friday at 7:30 p.m. in the Police Building to organize for the next year. Officers will be elected and other business incidental for operation of the league will be discussed.

Workmen refurbish interior of New York City's venerable Carnegie Hall preparing for fall opening.

# Carnegie Hall Escapes Death

By W. G. ROGERS  
Associated Press Arts Editor

NEW YORK (AP) — Action by the state under the leadership of Gov. Nelson Rockefeller, and by the city under Mayor Wagner, the labor of four separate devoted committees; the collection of signatures by sidewalk petitioners; endless meetings and conferences; a lot of chest-beating, worry and sleeplessness; a series of benefit concerts—after all this and more, too, in the course of five uncertain years, Carnegie Hall has been saved for New York City music lovers.

For a time it looked like a narrow squeak—the venerable hall, with Lincoln Center the new music home being built 10 blocks up Broadway, was as doomed as Hair-breadth Harry in the old melodramas.

On the other hand, it may be that some people weren't so worried as the public. The hall, for instance, though it offered its scheduled "last" concert in mid-May, didn't fire any employees, except of course the seasonally employed ushers. The change back from the Hunter College auditorium, where most of the activities had been transferred, to Carnegie is being carried out with ease by various performing outfits though they had contracts signed and sealed with Hunter for next season. Tickets were not printed for Hunter though subscriptions had been sold—it is claimed tickets usually aren't printed till fall, anyway.

Whatever the background, the great hall is now in the control of the Carnegie Hall Corporation, has contracted to pay New York City \$306,000 rental for 1960-61, has signed up at this writing the New York Philharmonic and the Philadelphia Orchestra for the new year—after they had arranged to shift to Hunter—and expects the Cleveland, Pittsburgh and other symphonies and groups to appear on its stages again.

"We expect a season booked as fully as last," says the management. There are still open dates, but there are many requests for them. Formerly used about eight or nine months in the year, the main hall during this period is rented 10 to 12 times a week, the recital hall eight or nine times, according to manager John J. Totten.

The whole place is being refurbished. Fourteen painters have been at work on interior scaffolding that fills the place and soars to the lofty ceiling. The changes are in charge of a committee headed by Robert W. Dowling, who says the old color scheme, which he describes accurately enough as "dirty tomato," gives way to white, gold and crystal harmonies suggested by French & Co., of the art field, which is giving its services as adviser. The dark mahogany doors will be bleached back to their original state, there will be new carpeting, the seats are being done over, and maybe 500 more will be added in the future. The stage, basically unchanged to leave the hall its admirable

acoustics, will have new white drapes. This month the exterior will be steam cleaned. And the fees, it is announced will be slightly increased.

The new management planning for a self-sustaining hall, hopes to attract new but fitting patrons to the old building's three halls, and has in mind in particular the younger musician and musical aggregation. Store space on the ground floor will be rented only, it is declared emphatically, to businesses of a quality suitable for this musical shrine. Studios will not be available to the general public but only to performing artists either as studios or dwellings.

There are some 150 studios, of which a few were vacated preparatory to the planned demolition of the building. Tenants in the past have included the three Barrymores, Ethel, Lionel and John; the painters Edwin H. Blashfield and Childe Hassam; dancers Ruth St. Denis, Ted Shawn and Martha Graham; and also an acting school, music teachers, clubs, and an astrologer.

The building dates back to 1891, before Times Square was even named, when a Traveler way out there on 57th Street could figure he was well on his way to Connecticut. Leopold and Walter Damrosch, and the Oratorio Society, were active in founding the place, which was constructed of concrete and masonry. The lot cost \$50,000, and the building, \$2,000,000; it has been for sale at \$5,000,000.

Kings and queens and all the presidents have attended performances there to hear pianists Hofmann, Paderewski, Hess, Rachmaninoff, Gieseking, Schnabel, Liszt, Horowitz; violinists Heifetz, Kreisler, Zimbalist, Elman, Menuhin; conductors Toscanini, Damrosch, Koussevitzky, Stokowski, Beecham, Monteux, Rodzinski, Mitropoulos, Bernstein; and as many singers as if it were the Metropolitan Opera: Sembrich, Eames, Tetrazzini, Homer, Anderson, Edouard and Jean de Reszke, Chaliapin, Caruso, Callas.

There was a movie made there. This reporter saw Kirsten Flagstad, giving a recital, trip on the white carpet rolled out for her on the main stage platform, fall on her face and bounce back as if she were an 18-year-old instead of almost ready to retire. He saw the late Maryla Jonas collapse during a piano recital. He saw Simon Barere, waiting for the start of a concerto, stricken with a fatal heart attack and roll off his piano stool.

MEXICO CITY (AP)—There are evidences to support the presence of life in other planets, Mexican astronomer Guillermo Haro told the American Astronomical Society Wednesday.

Haro said the presence of physical and chemical conditions favorable for life, as we know it, has been ascertained in some other planets. He added, however, that was only a hypothesis which has been gaining support in many scientific circles.

**Family, Friends Attend Oscar Hammerstein Rites**

HARTSDALE, N.Y. (AP)—The ashes of Oscar Hammerstein II were placed in Ferncliff Cemetery Wednesday after a brief funeral service in the cemetery chapel attended by his family and a few close friends.

Hammerstein's long-time collaborator in show business, composer Richard Rodgers, was present.

The Rev. Donald Harrington, of the Community Church, New York City, delivered the words of committal. He then recited one verse of the lyrics of "I'll Climb Every Mountain," from Hammerstein's final show, "The Sound of Music."

# BIG SPRING DAILY HERALD

BIG SPRING, TEXAS, THURSDAY, AUGUST 25, 1960

SECTION B

Keeping In Touch With Home

Vincent Friedewald and Kay McGibbon plan to keep up with happenings in Big Spring again this year by subscribing to the Herald under its special rate for college students. Both Vincent and Kay are returning to school in Indiana and both took the paper last year. Notre Dame is the destination again this year for sophomore Vincent. He is a pre-medical student at the university in South Bend, Ind., and will be going back around Sept. 20 to prepare for the fall semester beginning on Sept. 22. Kay is a second

semester freshman at Indiana University in Bloomington. Her major is psychology and she plans to leave around Sept. 18. "The Herald," Kay says, "was practically my only contact with the 'outside world' last year. By receiving the paper every day I was able to get the news faster and know what my friends were doing." Jack Kimble, the Herald's circulation manager, seems happy to hear this as he presents Kay with the "outside world" last year. By receiving the Herald.

## Police Chief Asks For Extra Caution

The opening day of school is only a few days away and the need for extra caution on the part of motorists and school children alike will be greater than ever for the next nine months.

Police Chief Jay Banks urges that all motorists be especially alert when driving through school areas.

"Don't just drive, but drive just right," the chief said. "Let's all cooperate in making this the safest school year in the history of Big Spring."

**SPEED ZONES**  
Although the speed limit through school zones of 20 miles per hour will be strictly enforced, Chief Banks said that he expects motorists to assume a major responsibility for driving safely.

A "good driver" is one who treats pedestrians, especially children, as though they were members of his own family, the chief said.

Patrolmen will be on duty at the schools as much as possible, the chief said, especially during the morning and afternoon hours when classes are taking up and letting out.

The students themselves were cautioned to be extremely careful to and from school, whether walking or riding bicycles.

"Pedestrians should be careful to cross the street only at intersections and not in the middle of the block," the chief said.

**DON'T TAKE CHANCES**  
Bicyclists were reminded that traffic regulations apply to them just as they apply to motorists.

"Hand signals should be used and traffic signs and signals obeyed just the same as if the student was driving a car," the chief said.

**COMPLETE REGISTRATION**  
Complete registration results for junior and high schools will not be known until all the cards have been picked up Friday, Anderson said.

## Midland Oil Men Given Promotion

TULSA (AP) — J. K. Lydecker was named exploration superintendent of Sinclair Oil's Fort Worth Division Tuesday. He now is division geologist with the company at Midland.

## Dope Test Needed

SAN ANTONIO (AP) — The Bexar County grand jury says Texas needs a legal test for persons arrested on suspicion of use or addition to narcotics. The jury also called for stronger narcotics control laws.

## Banks Lower Their Prime Rate

DALLAS (AP) — Dallas banks lowered Wednesday their prime interest rate—the rate they charge their largest customers with good credit ratings for short term loans. They said they were dropping the rate from 5 to 4 1/2 per cent to be in line with reductions by banks across the country.

## Preliminary Estimates List 826 New Students

While junior high students are picking up their schedule cards today at Rannels and Goliad High Schools, other schools are putting finishing touches on the tabulation of registration results from Monday and Tuesday.

A total of 826 new pupils and first graders have been registered in the elementary schools.

A breakdown of the total at each school shows Airport with 132 pupils, 53 first graders; Washington 157 pupils, 103 first graders; Boydston 111 pupils, 73 first graders;

College Heights 85, 69 first graders; Cedar Crest 77, 41 first graders; Park Hill 49, 35 first graders; Bauer 47, 49 first graders; Kate Morrison, 11 first graders; Marcy 108, 58 first graders; and Lakeview 58, with 47 first graders.

Sam Anderson, assistant school superintendent, said he expected an increase in enrollment at Kate Morrison, Bauer and possibly other elementary schools when school begins.

Using schedule cards for an estimate, Anderson estimated the total enrollment for Rannels Junior High at 700 and at Goliad, 900.

The totals shown by the schedule cards for Rannels are 278 seventh graders, 272 eighth grade and 181 ninth graders.

At Goliad there are cards for 287 seventh graders, 320 eighth graders, and 241 ninth graders.

Anderson said the figures would not be accurate because of students who have pre-registered and moved to another area.

Senior High School has cards for 457 sophomores, 294 juniors and 271 seniors for a total of 1,022, with more anticipated.

Anderson believed the figures for Lakeview junior and senior high to be substantially correct.

## Hoffa Angling For Air Unions

CHICAGO (AP) — Teamster President James R. Hoffa is angling for a foothold in the nation's aircraft industry, says Clarence N. Sayen, president of the Air Line Pilots Assn.

"Should Hoffa succeed in his aims he could tie up air transportation any time he had a little dispute over fuel delivery or something similar," Sayen said Wednesday.

## 'ROUND TOWN

With LUCILLE PICKLE

All about town in the various homes of club and organization presidents there is a business that is booming. Just about now she is frantically trying to fill all those vacancies caused by resignations and just plain faint-heartedness at not wanting to be a committee chairman.

The nice part about this situation is, although it is trying to the president, she will know upon whom she can depend during the club year or P-TA year, as the case may be. Better to have a worker who is willing to learn than one who believes she knows it all and is too bored to put forth effort.

MRS. THOMAS C. CURRAN sends word of the NCO Wives carnival which is set for 7:30 Saturday night at the NCO Club. There will be games and prizes at the benefit affair.

It was a businessmen's holiday for the BILL McREES when they went camping at Tres Rios and Taos, N. M., The Boy Scout worker, his wife and daughter, Cathy, have just returned from the outing.

Here for a visit in the homes of the JIM BILL LITTLES and the ROLAND SCHWARZENBACHS are MR. and MRS. HERBERT WHITNEY and their daughter, BETH. Whitney, former Big Spring city manager, holds a similar position at Corpus Christi.

At a small informal luncheon Thursday for JULIE LOWELL, author-mother of Mrs. Leonard Einstein, we were delighted with the witty stories, some true and some not, told in the clever style of Mrs. Lowell. As Jimmy Dunagan always says, "she has a million of 'em." Just as she is preparing to leave for Baltimore, Md., to live while her husband works a year in Pakistan, we

finally met MRS. HERMAN TILLMAN . . . and just as the family terminated a hot drive down from their former base in Amarillo we met MRS. JIM HOLT who was a neighbor of COL. and MRS. DONALD EISENHART when they were in Amarillo just prior to their station here.

JOHNNY HARRISON will return Monday from Carlisbad, N.M. He has been visiting with his sister, MARDION HARRISON, a teacher in the Carlisbad High School. Johnny is the son of MR. and MRS. J. B. HARRISON, 1104 East 4th.

### Settles Baptist WMS Election Is Held At Meeting

Mrs. J. R. Gould was elected president of the Settles Baptist WMS Tuesday evening at the church. Mrs. J. T. Grantham; Mrs. H. D. Beck will be secretary and reporter. Mrs. D. A. Jones, treasurer; Mrs. R. D. Burchill and Mrs. Kenneth Osburn will act as social chairman.

The prayer chairman will be Mrs. W. P. Land; Mrs. R. Fitzgerald, publications; Mrs. R. L. Hagey, mission study, and Mrs. W. K. Dickerson, community missions chairman. Mrs. Charles Morgan will be program chairman. Mrs. Morgan offered the opening prayer at the session, and Mrs. Grantham gave the dismissal prayer.

It was announced that officer installation will be held at a later date; members will buy their yearbooks. Selected as the community mission project for September is assistance for a needy family. Ten were present for the meeting.

Members were told that schedules for the Fall Flower Show, slated for Oct. 29 in the Howard County Junior College gym, will soon be ready for distribution to individual clubs.

Announcement was made of various gardeners' meeting. Among

What's Cooking?

Ricky does his best to sniff in the aromas at the Harold Hendin home, but Claudia, 5, and Mrs. Hendin are too busy posing for the photographer to worry about what's cooking.

## Ex-Career Woman Discovers Pleasures Of Homemaking Tasks

By SHERI WEBBER

"Housework is almost a novelty to me!" says Mrs. Harold Hendin. "This has been the first summer I haven't worked, so I'm really enjoying keeping house."

The Hendins — Harold, Wendel and 9-year-old Claudia—live at 551 Hillside Dr. Their two-bedroom home and guest cottage are surrounded by a thick carpet of green lawn and tall trees.

"I think we bought this house because of the trees," laughs Wendel Hendin. She explains that when they moved here three years ago from Colorado a real estate man showed them the house they now own, then took them to one of the new additions in town that didn't yet have either lawn or trees. "We immediately came back and bought this house!"

Immediately after moving in the Hendins began redecorating. They painted the living room and dining room, which are connected by a large open arch, a decorator's white in the living room a fireplace is the center of attraction. The bright pink—called flame—of the outside trimming is repeated in the house. In both the living room and dining room are large arched shelves filled with books and crystal. The insides of these shelves are painted flame. The color is carried to the cabinets in the kitchen, too.

While attending school in Fort Collins, Wendel majored in interior design. She worked outside this field, however, for she was a dental assistant.

Walls in the home are highlighted with Harold's paintings. One of them is a trio of birds in spiral-done predominantly in blues. Another one, Mrs. Hendin's favorite, is a clown at rest on one of the circus tent's bleachers. At first appearance the costumed man appears to be laughing. But closer observation shows the tired curve of his natural mouth and the weariness in his eyes.

Mrs. Hendin, who, like her husband, is a native of Las Animas, Colo., likes to read and play bridge. She enjoys sewing and makes many of her own clothes as well as Claudia's, a fourth grader at Park Hill.

The attractive brunette also likes to cook—and has done a lot of experimenting in the kitchen. While in one of Denver's restaurants she and Harold ate what was called Matchless Chicken Casserole. It was named after the Matchless silver mine in Leadville, Colo., that made Baby Doe Tabor a legend while she was still alive.

After coming home, Wendel experimented until her husband agreed with her that she had the same combinations as the restaurant for the rich, delicious Matchless Chicken Casserole.

"Yardsticks" is a recipe that has come to Mrs. Hendin from her mother, who in turn got it from some older relative.

Try these unusual dishes:

**CHICKEN CASSEROLE**  
 1 2½ to 3 lb. frying chicken, stewed  
 2 cups chicken broth, from cooking chicken  
 2 tbsps. flour  
 1 can cream of chicken soup  
 1 large can mushrooms, stems and pieces  
 1 cup blanched almonds, sliced  
 Salt and pepper  
 3 tbsps. butter  
 Cut chicken and stew in salted water until tender enough to fall from the bones; remove bones. Set chicken aside.  
 Thicken the 2 cups of chicken broth with flour; add the can of cream of chicken soup, the drained mushrooms, ½ cup of sliced almonds, salt and pepper to taste. Bring to a good boil. Add the chicken and pour into a casserole. Top with remaining ½ cup of al-

## Serve Pie As Dessert, Party Dish

This pie will be a delightful ending for any meal. Try it also as refreshment for your next party.

**CHERRY ICE CREAM PIE**  
 1½ qts. vanilla ice cream (slightly soft)  
**Toasted Nut Crust**  
 1 can (1 pound) red tart pitted cherries (water pack)  
 ¼ cup sugar  
 1 tbsps. cornstarch  
 ¼ tsp. salt  
 1 tbsps. butter  
 2 tbsps. lemon juice  
 ¼ tsp. red food coloring  
 Press ice cream evenly into nut crust; freeze until firm. Drain cherries; reserve liquid.  
 Mix sugar, cornstarch and salt thoroughly in a saucepan; stir in cherry liquid. Bring to a boil over moderate heat, stirring constantly; boil ½ minute.  
 Remove from heat; stir in drained cherries, butter, lemon juice and food coloring.  
 Serve warm or cold over frozen ice-cream pie.  
**TOASTED NUT CRUST**  
 Mix together:  
 ¼ cup finely chopped blanched almonds  
 1 cup crisp rice cereal crumbs (about 3 cups before crushing)

 2 tbsps. melted butter  
 Press on bottom and sides of a 9-inch pie plate.  
 Bake in a hot (400 degrees) oven 6 to 8 minutes or until lightly browned. Cool.

## Prune Bread Takes Flavor, Color From Fruit And Flour

Cooks who like stoneground dark flour will enjoy this recipe.

**PRUNE BREAD**  
 1½ cups sifted flour  
 1½ tbsps. baking powder  
 1 tsp. baking soda  
 1 tsp. salt  
 1 cup firmly-packed dark brown sugar, free of lumps

 1 cup buttermilk  
 1-3 cup water  
 2 tbsps. butter or margarine, melted  
 ¼ cup chopped walnuts  
 ½ to 1 cup chopped drained pitted cooked prunes.  
 Sift flour, baking powder, baking soda and salt; stir in sugar and rye flour. Beat egg slightly; add buttermilk, water and melted butter; beat to combine.  
 Add flour mixture, walnuts and prunes; stir until dry ingredients are moistened. Bake in greased loaf pan (9 by 5 by 3 inches) in moderate (350 degrees) oven 1-hour or until no batter sticks to cake tester. Turn out on wire rack to cool.  
 Store in tightly covered container overnight before slicing this.

**ANGEL FOOD PIE**  
 2 cups boiling water  
 4 tbsps. cornstarch  
 1 cup sugar

## Frankfurters Lead Summer Food Parade

Ask the kids in May what foods they plan for a cookout and the answer will be frankfurters. Ask the same question on Labor Day and you'll not only head the list, but you've gained in popularity.

This is easy to understand. Frankfurters are convenient, versatile and mighty good eating. Fully cooked when purchased, frankfurters can be reheated in the refrigerator by the who can't wait until meals may be consumed as is. Probably, though, the frankfurters are roasted over a campfire, broiled on the outdoor grill or simmered in a tomato sauce on the kitchen range at home.

Whether served with a special sauce or just a bit of mustard or ketchup, the children's choice of frankfurters is approved by Mom. She knows that the complete meal protein is important to the health and well-being of her family.

Home economists suggest combining mustard, pickle relish and onion with celery seed and butter or margarine. This makes a tasty stuffing to tuck in a slit made in the side of each frank. The relish butter may be carried to the

picnic site in a covered jar or plastic dish.

Try these two recipes:

**FRANKS STUFFED WITH RELISH BUTTER**  
Yield: 1/4 cup of filling, 10 sandwiches

1 pound frankfurters  
1/4 cup butter or margarine  
2 tps. prepared mustard  
1/4 tsp. celery seed  
1 tsp. pickle relish  
1 tbs. chopped onion  
10 frank buns  
Tomato wedges

Combine butter, mustard, celery seed, pickle relish, and onion. Cut a slit in each frank and fill with relish-butter mixture. Place each frank in a bun and wrap in foil. Heat in oven or on a grill for about 5 minutes or until butter is melted. Garnish with tomato wedges.

**FRANK AND CRACKER CASEROLE**  
Yield: 6 servings

1 pound frankfurters  
1/4 cup butter or margarine  
1/2 cup chopped onion  
1/2 cup chopped green pepper  
1 1/2 cups cracker crumbs  
1/2 tsp. basil  
1/2 tsp. savory  
Dash of pepper  
1 can (4 1/2-ounce) condensed cream of mushroom soup  
1/2 cup water  
10 tomato wedges

Cut each frank into 3 pieces and set aside. Melt butter in a saucepan. Pan-fry onion and green pepper about 5 minutes. Combine cracker crumbs, basil, savory, and pepper. Mix mushroom soup with water and add cracker crumbs. Blend in onion, green pepper and frankfurters. Pour into a lightly greased 2 quart casserole. Arrange tomato wedges around the top. Bake in a moderate oven (375 degree F.) for about 25 minutes.

## Two Salads For Summer Combination

Ever try this combination of foods for a cold platter?

**TWO-SALAD PLATTER**  
4 small tomatoes (about 1 1/4 pounds)  
4 hard-cooked eggs  
1/4 cup minced green pepper  
2 tablespoons mayonnaise or mayonnaise-type salad dressing  
Salt  
Pepper

Enough cole slaw and sliced cold baked ham for 4 portions

Salad greens or parsley  
Wash tomatoes and dry; from stem end, cut large plug-shaped center out of each. Sprinkle insides of tomatoes with salt; turn upside down to drain.

Mash eggs fine; mix with green pepper, mayonnaise and salt and pepper to taste. Fill tomatoes with mixture.

Arrange stuffed tomatoes, slaw and ham on platter; garnish with salad greens. Makes 4 servings.

For this platter the cole slaw should be made by mixing finely shredded green cabbage with French dressing and seasonings.

## Fish Can Be Tangy Maindish

A main dish with tangy flavor!

**WITH CHEESE SAUCE**  
1 lb. smoked cod filets  
3 tbsps. butter or margarine  
3 tbsps. flour  
1/4 tsp. dry mustard  
1/4 tsp. Worcestershire sauce  
1/2 cup milk  
1 cup firmly packed grated cheddar cheese  
Salt  
Toast  
Paprika

Cover cod with water and simmer, but do not boil, for 5 to 10 minutes; drain.

Melt butter in heavy saucepan; blend in flour, mustard and Worcestershire. Add milk all at once and cook and stir over low heat until thickened and bubbly. Add cheese and continue to stir until melted. Add salt to taste.

Remove from heat but keep warm. Flake fish with a fork and mix with sauce; reheat but do not boil. Serve on toast strips; sprinkle with paprika. Makes 4 servings.

## Crabmeat Salad Sure To Satisfy

Try this salad for those Sunday night guests.

**BUFFET SALAD**  
3 cans (6 1/2 ounces each) king crabmeat  
2 cup mayonnaise  
2 tablespoons catchup  
1/4 of a large lemon  
1 tablespoon drained capers  
Romaine  
1 cucumber  
1 small green pepper  
1 small onion (preferably red)  
1 tablespoon red wine vinegar  
1 teaspoon sugar

Drain crabmeat; remove cartilage; reserve some of the large pink pieces of crab for a garnish. Mix together the mayonnaise, and capers; mix lightly with crab.

Arrange romaine leaves on a large shallow salad bowl; mound crab mixture in center. Top with reserved crabmeat pieces.

Arrange sliced cucumber and green pepper rings on romaine around it. Peel, slice and separate onion into thin rings; marinate in vinegar and sugar.

Cover salad bowl and refrigerate until serving time; add onion rings to garnish and drizzle small amount of marinade over romaine.

Makes 8 to 8 servings.

## Skillet Dish Is Handy For Fall Dinners

Your friends will enjoy this savory skillet dish!

**FLANK STEAK SUPP**  
1 pound flank steak  
3 tbsps. cornstarch  
5 tbsps. soy sauce  
1 tbs. sugar  
1/2 tsp. salt  
1 tsp. monosodium glutamate  
2 tbsps. corn or peanut oil  
1 can (6 ounces) sliced broiled mushrooms  
1 can (5 ounces) water chestnuts  
1 tbs. cornstarch  
1 tsp. soy sauce

Have steak partly frozen; cut across grain with knife held rather flat into 2 by 1 by 1/4-inch pieces. Mix together on a plate the 2 tablespoons cornstarch, 5 tablespoons soy sauce, sugar, salt and monosodium glutamate; coat meat with mixture.

Heat oil in a heavy hot 10-inch iron skillet until sizzling. Add marinated meat and cook rapidly, turning to brown on both sides. Remove meat with slotted spoon. Drain mushrooms and water chestnuts; add enough water to their liquid to make 1 cup. Gradually stir into 1 tablespoon cornstarch until smooth; add 1 teaspoon soy sauce.

Add to dripping in skillet; cook and stir constantly until thickened. Stir in mushrooms and sliced water chestnuts; top with meat; heat.

Makes 4 servings.

## Mushrooms Add Swank To Food For Family, Guests

This recipe is sure to please that hungry family.

**CAULIFLOWER MUSHROOMS**  
1 package (10 ounces) frozen cauliflower  
1/2 cup boiling water  
1/2 teaspoon salt  
2 tablespoons butter or margarine  
1 can (3 ounces) sliced broiled mushrooms  
1/4 teaspoon onion salt  
White pepper  
Green onions  
Paprika

Cook cauliflower in a saucepan (1 1/2 quarts is a good size) according to package directions, using the boiling water and 1/4 teaspoon of the salt; undercook rather than overcook so cauliflower is slightly crisp.

Turn into strainer to drain. Melt butter, in saucepan in which cauliflower was cooked, over low heat; drain mushrooms and add them with onion salt; cook a few minutes.

Cut cauliflowers in smaller pieces if desired and add; sprinkle with remaining 1/4 teaspoon salt and dash of pepper.

Reheat, stirring gently to mix well. Serve sprinkled with dried green onions and paprika.

Note: Use a little of the green part of scallions (minced) if the dried green onions are not on hand.

## Waldorf Salad Is Colorful, Delicious

Add color to your table with this cool summer salad.

**WALDORF SALAD**  
1 cup romaine and 1 cup chichory (both torn into bite-size pieces)  
1/4 cup thinly sliced celery  
1 red apple (left unpeeled and cut into small fan-shaped pieces)

French dressing  
Just before serving, toss all the ingredients with enough French dressing to moisten. Add extra salt if necessary. Makes 2 servings.
