Airways Closed For AF Exercise

All civilian aircraft, both commercial and private, over the nation will be grounded Saturday for six hours between 1 and 7 a.m. in cooperation with the Air Defense Command's Operation Sky Shield.

Sky-Shield is a large-scale training exercise involving all North American Air Defense Command groups. B-47 and B-52 aircraft will provide targets for defense efforts by flying prescribed courses to bring a maximum number of NORAD units into use.

The Air Force emphasizes that the simulated attack is not a contest between NORAD and SAC units, but is a cooperative effort which is essential to the maintenance of air defense capability in North America.

The 331st Fighter Interceptor Squadron, based at Webb Air Force Base, is one of the units directly involved in the simulated defense effort. Webb itself will put its equipment and men at

THAT THUNDER YOU MAY HEAR IS ONLY PRACTICE

Residents are reminded by military authorities not to be alarmed by sounds which might result from Operation Sky Shield in the early hours of Saturday morning.

The 331st Fighter Interceptor Squadron may be alerted for numerous attacks, and F102s may have to roar from the base at full throttle. In addition, it is not impossible that attackers or defenders will have to attain super-sonic speeds in the exercises.

Hence, if explosive sounds are heard between 1 a.m. and 7 a.m., this likely will be the source.

the 331st's disposal but will not be directly involved.

The simulated attack, which is scheduled yearly, will bring into play all the Air Force's radar equipment, its fighter interceptor squadrons and its surface to air missiles as well as the Navy's radar-equipped ships, Constellation planes and blimps. An estimated 2,000 sorties will be flown, but no missiles will actually be fired.

Also participating in the operation will be Canada's Pine Tree line of radar sites, mid-Canadian radar sites and interceptor aircraft.

Operation Sky Shield is the largest defensive test yet and will involve 200,000 air and ground crews

and may show them what to expect in event of a manned bomber attack by the Soviet Union against the North American continent.

Sky Shield will give civilians a little hint of conditions to be expected in war. Commercial navigation aids will be jammed, including radar and radio beams.

Some of the attacking bombers may fly at tree-top level, others at great altitudes.

Key Witness In Reed Case Claims Paper

PORTALES, N.M. (AP)—A key witness in the dismissal hearing for Dr. D. H. Reed said today he wrote a paper which later was submitted as the masters thesis for a woman student.

John Intandonato said, as the hearing for Reed opened, that he had returned to Portales from Reno, Nev., to clear up his part in the current series of disputes at Eastern New Mexico University (ENMU).

Reed, formerly a junior high school principal in Big Spring, faced dismissal action before four regents of the ENMU for allegedly submitting Intandonato's paper knowingly as a masters degree thesis for another student, Irma Smith.

"Dr. Reed asked me last year to draw up a paper of 30 or 40 pages on American political science," Intandonato said.

"I didn't know what he was going to do with it. He was giving a series of reviews at the time and I thought he may have wanted it for that."

"Now Dr. Reed apparently is saying that I did not write the paper."

Intandonato, 28, is a graduate assistant in political science at the University of Nevada in Reno.

Dr. Reed is the third ENMU executive to go on the carpet in what had all the earmarks of a power struggle.

Dr. Floyd Golden, long-time president of the school, was retired by the regents earlier this year.

His retirement followed the resignation under fire of Leonard Price, the school's business manager, who had backed Reed against Golden in an intra-school squabble. The regents on April 30

voted to strip Price of charges brought by Golden of disloyalty and insubordination.

Hurricane Moves By Florida Area

Residents Urged To Batten Down

MIAMI, Fla. (AP)—The Weather Bureau hoisted hurricane warnings in Miami and Fort Lauderdale today as hurricane Donna churned a turbulent 200-mile-wide path near the south Florida mainland.

"A dangerous hurricane now threatens most of extreme south Florida," the Weather Bureau advisory said.

Gale warnings were raised as far north as Vero Beach, 135 miles north of Miami, and a hurricane watch extended to Melbourne, 173 miles north of Miami.

Extension of the hurricane warning area north to Miami and Fort Lauderdale resulted, the forecasters said, "from a slight intensification of the hurricane and a very slight displacement northward of the track previously forecast."

They urged prompt emergency measures in the entire area.

At 11 a.m. EST, Donna's center was reported about 154 miles south-southeast of Miami and an equal distance east-southeast of Key West. It was moving west-northwest at about 12 miles an hour and no material change was expected in speed or direction during the next 12 hours.

Tide water might start overflowing some of the keys between the mainland and Key West by early afternoon, the advisory said. That would close the U. S. No. 1 highway—the only overland connection of Key West with the mainland.

Many thousands of Keys residents already have fled to the mainland and into Key West.

Top winds in the hurricane continued at 150 miles an hour and hurricane strength winds extended out 125 miles to the northeast and 80 miles to the southwest.

Gale winds fanned out 250 miles northeast and 140 miles to the southwest.

The area covered by the newly extended hurricane warnings extended around the southern tip of Florida and northward up the Gulf coast to Punta Gorda, 24 miles north of Fort Myers. It embraced the booming Naples area.

Gale warnings were raised as far north as St. Marks on the Gulf coast and the area included Lake Okechobee.

The monster storm already was pummeling the north coast of Cuba.

In an emergency warning to residents of the Keys—the long chain of islands extending south and west from the Florida mainland—the Weather Bureau said tides would increase to heights of six feet above normal at Key West, a city of 45,000 and site of a large naval base.

Tides elsewhere in the keys will range up to 11 feet, the morning emergency bulletin said.

"It is extremely urgent that all places within reach of these tides be evacuated immediately," it added. "Some low-lying roads will be covered by water and this will cut off escape if evacuation is delayed."

Wrecked By Hurricane Donna

People stand amid wreckage of buildings in Humacao with the death toll still mounting. More than 500 persons were reported injured in the area, most of them residents of slum shacks along the beaches. More than 80 bodies were reported recovered in

Brisk Shower Falls On City

A brisk shower which began falling at 10:30 a.m. Friday continued for more than half an hour. While the volume of precipitation was not heavy, the shower was welcomed by residents who have begun watering lawns and shrubs as a regular chore.

Gauge at the U. S. Experiment Station showed .46 inch at 11:30 a.m.

The rain moved in after a morning which opened cloudy and cool. As is usual, it appeared to vary widely in intensity. Some parts of town received considerably more moisture than others. The temperature, which was at a comfortable 77 before the shower began, dropped several degrees.

ASC Ballot Deadline Today

Gabe Hammack, office manager for the Agricultural Stabilization Committee, sounded a warning today that ballots on community committee members for the ASC must be in the office by midnight Friday.

The farmers cooperating with the ASC are electing five community committees of three members each. The ballots may either be mailed to the office or delivered in person. It is imperative they be on hand by midnight in order to be classified as valid votes.

Announcement of the winning committee members will be made early next week.

18 EARLY VOTES IN

Eighteen absentee ballots were counted this morning by City Secretary C. R. McCleary at the beginning of the last day from absentee voting.

Absentee ballots had to be brought into the city secretary's office this afternoon before 5 p.m., or be mailed, before midnight tonight.

Regular voting on the 4.3 million dollar capital improvement election begins Tuesday at 8 a.m.

1960 Crop Is Close To Allotment

Preliminary estimates indicate cotton acreage in Howard County for 1960 will be close to the official allotment, Gabe Hammack, office manager for the Agricultural Stabilization Committee, said today.

He estimated one more week will be needed for his workers to complete the actual measurement of fields and compile reports on the official total. After that time, those where cotton acreage is in excess of the allotted amount will be advised to plow up surplus acres.

He said the allotment for the county this year was basically 72,127 acres. To this was added 550 acres special allotment, bringing the potential total to 72,677.

Indications are, he said, that the actual cotton acreage will be close to the allotment figure.

Texas Employment Commission has released its first estimate on the potential 1960 cotton crop for the county at 30,620 bales. On the basis of acreage planted, this estimate seems to have been rated on about 40 per cent of a bale per acre.

Scattered showers also fell along the Gulf Coast and cloudiness persisted in far West Texas. Elsewhere about the state skies were mostly clear.

The cold front, just before dawn, was along a line from Wichita Falls southwestward to Carlsbad, N.M. North of the front showers and drizzle fell. Amarillo and Dalhart had light rain as the sun came up.

Far to the south, Brownsville had a very light rain shower at the same time.

Forecasts called for widely scattered thundershowers over North and West Texas Friday and spreading over most of the state Friday night and Saturday as the cold front plowed southward.

Rain Moves Into Texas

A rain-making cold front pushed southward into Texas Friday leaving showers and drizzle in its wake.

Scattered showers also fell along the Gulf Coast and cloudiness persisted in far West Texas. Elsewhere about the state skies were mostly clear.

Far to the south, Brownsville had a very light rain shower at the same time.

**Calf Roping Math Teacher**

Nine months of the year John Hosea teaches mathematics to seventh grade students at Grapevine Junior High School, but as soon as the school term ends he heads out on the rodeo trail.

At right, John goes after a calf during a roping contest aboard his registered quarter horse, Yellow.

## Riding Prof Has Audiences For Reciting Summer Tales

By DAVE TAYLOR  
GRAPEVINE (AP)—When talk of how summer vacations were spent gets started around Grapevine Junior High School one faculty member usually has an attentive audience.

He is John Hosea, 43-year-old mathematics teacher, who spends his summer vacation on a calf roping with rodeo shows.

A calf roping-math teacher may sound like a filter tip cigarette commercial, but John has been roping calves long before such advertising flashed across television screens.

For the past 10 years John has appeared as a contestant in many of the top rodeos in the country and does pretty well when the prize money is awarded.

### EXERCISE

The tall, lanky, former football player at Texas Wesleyan College started calf roping after he returned from service in World War II in 1945 to help develop shoulder muscles weakened by orthopedic surgery. After several years of practice, John felt he was doing well enough to join the Rodeo Cowboys Association and compete with full-time cowboys for rodeo prizes.

Hitting the rodeo trail provides a vacation for the whole Hosea family. Mrs. Hosea, John Jr., 18; June, 17; Mike, 10; and Marcia, 9, make the annual trek with John. Even Snickel, the family pooch, hops in the station wagon when it is loaded and ready to roll.

The tour each summer means between six and seven thousand miles of travel, visiting six to eight states and camping out along the way. The Hosea family prefers motels and restaurants shunning tents and blankets and eat their meals in the open.

Traveling the rodeo circuit not only is summer employment for John and provides a vacation for the family, but also serves as a means for acquiring the six hours formal education or travel required by the school system for its teachers. Mrs. Hosea, a teacher in Grapevine elementary school, and John keep a log of their travels in which they record customs typical of certain areas, land formations, crops and in-

dustries in the many states they visit. This material when complete is accepted under the travel requirements the same as journeys to foreign lands.

This summer's trip was mixed with joy and sadness. John Jr., after finishing his eligibility as a high school athlete and deciding to forego college athletics, roped in several rodeos. On the darker side, the vacation was cut short by several weeks by the death of Rusty, the Hoseas' 16-year-old roping horse—at Dodge City, Kan. The three-quarter thoroughbred horse injured a leg and in spite of round-the-clock care by John and the family, developed lockjaw and had to be destroyed. The last few weeks of the summer vacation were spent training Chebon Larney—Yellow for short—a six-year-old registered quarter horse John bought last year.

**Special School**

William C. (Buddy) Blankenship Jr., an associate of Raymond Campbell Agency for Massachusetts Mutual Life Insurance in Dallas, has completed two weeks of special study at company headquarters in Springfield, Mass. He was one of 43 field representatives from 31 agencies. A native of Big Spring and graduate of Big Spring High School, he attended H.C.J.C. After four years in the U.S. Navy, he took his B.B.A. from North Texas State. With Mrs. Blankenship, the former Mary Ellen Hayes, and their young son, he lives at 4256 Idaho in Dallas.

Each summer will be the last for making the tour, avows John as the fall school term starts. Dozens of reasons are given. The children are growing up, dad is getting a little old to keep up the pace, mother wants to stay home and entertain during the summer. But the following spring after the books have been tucked away, the kids sensing the far-away look in their dad's eyes, suggest: "Can't we go again just this year?"

Pretty soon Mrs. Hosea, June, Mike and Marcia are loading the camping gear into the station wagon; John and John Jr. are readying the horse and trailer and Snickel takes his place in the back of the wagon barking with excitement.

Just how long John will keep hitting the rodeo trail each summer is problematical, but it's a pretty safe bet that as long as he is able to rope and tie and calf from 11 to 14 seconds the rodeo announcer will be saying, "Next roper, John Hosea, of Grapevine, Texas."

# Liberals Hit 'Blind' Prejudice By Peale

NEW YORK (AP)—A Liberal party statement authored by two prominent Protestant ministers accuses "Dr. Norman Vincent Peale of 'blind prejudice' in his attitude toward Sen. John F. Kennedy's Roman Catholic faith."

Dr. John C. Bennett, dean of Union Theological Seminary, and Dr. Reinhold Niebuhr, vice president emeritus of Union, both vice-chairmen of the Liberal party, prepared the party statement issued Thursday.

"We believe that Dr. Peale and his associates, though they renounce bigotry, show blind prejudice because they see the Roman Catholic Church at all points in terms of the worst elements in its life, and that they show no understanding of the developments within Roman Catholicism in many democratic countries which are favorable to religious liberty to all," it said.

**UNDER PRESSURE**  
The Liberal party statement referred to a meeting of 150 Protestants from 3 denominations presided over by Dr. Peale in Washington Wednesday. The group contended a Roman Catholic president would be "under extreme pressure by the hierarchy of his church."

Dr. Peale, a supporter of Republican presidential candidate Richard M. Nixon, later issued a separate statement.

"After serious and may I say prayerful thought and with no repudiation of my personal conviction I have come to the conclusion that the public agitation of religion as an issue can only be divisive and therefore in the long run harmful to our country," he said.

Dr. Peale said the religious issue will "no doubt be a factor"

in deciding voters and that "it should be a matter of personal conscience." He added, however, that his sermons will be "scrupulously without political overtones."

**ENDORSED KENNEDY**  
The Liberal party, which exists only in New York state, has endorsed Democratic presidential candidate Kennedy.

Its statement said Dr. Peale and colleagues "admit that on the particular questions involving church-state relations, Kennedy's own convictions are satisfactory."

"But they allege that no Catholic could remain true to his convictions under pressure from his church," the statement went on. It said Dr. Peale's group failed to understand "the freedom of the American Catholic layman on civil matters which has been frequently manifested when Catholics have held such high offices as governors, senators or supreme court justices."

"To deny the presidency to any one merely because he is a Roman Catholic would be an affront to 40 million of our fellow citizens and it would be likely to do great damage to the moral and social health of our country," the statement said.

**FALSE ISSUES**  
"We repudiate this effort to divert the attention of non-Catholic voters away from the real issues that divide the parties and the candidates by emphasizing the false issue of Sen. Kennedy's religion, and we note that most of those Protestants who have been in the forefront of this effort would oppose any liberal Democrat regardless of his religion."

Dr. Peale said the religious issue will "no doubt be a factor" in deciding voters and that "it should be a matter of personal conscience." He added, however, that his sermons will be "scrupulously without political overtones."

The nation "must have the best available leader, whether he be, in this case, Quaker or Roman Catholic," the publication said. Nixon is a Quaker.

The publication, which serves the Presbyterian Church in the U. S. A., did not endorse either candidate.

## Johnson Opens Campaign With Foreign Policy Slam

BOSTON (AP)—Sen. Lyndon B. Johnson said in opening his campaign for vice president Thursday night that the real issue is "the deterioration of this nation's position in the world."

"Under no single administration in American history has the position of our nation in the world declined so far and so fast as it has under the present administration of the Republican party," the Texas Democrat continued.

Johnson said that before the Republican party campaigners do or say anything else, "They must give the American people an accounting of the deterioration of this nation's position in the world."

"The Republican party cannot escape or deny responsibility," he said in his opening campaign speech in the home state of his presidential running mate, Sen. John F. Kennedy.

Johnson was given a rousing reception from a capacity crowd at Symphony Hall. Although it was hot and humid, nearly all the 2,500

seats were taken and there were standees in the aisles.

In an addition to his prepared speech, Johnson recalled a cartoon at the end of the war in which one soldier said to another: "Don't forget we Irish helped you Texans win the war."

Johnson said: "Well, we Texans appreciated that and I'm here tonight to start to pay the debt. We Texans are going to help you Irish win this election. Two months from tonight at this same hour on Nov. 8 (Election Day) you will see that Texas has kept its word."

Sen. Johnson said that Kennedy "defeated me fairly and squarely for the nomination, and when he came to my room and asked me to help him to win the election as President of all America, and when I saw how big he could be I felt I could be big enough to help him."

## New Berlin Crisis Feared

WASHINGTON (AP)—West Germany suspects that Soviet Premier Nikita Khrushchev may trigger off a new Berlin crisis during his United Nations appearance.

West German diplomats already apprehensive about East German Communist moves to have access to Berlin, have relayed their suspicions to the State Department.

Khrushchev's main motive, despite his widely advertised intention of talking about disarmament, may be to impose a new deadline for allied evacuation of the divided city, they have reported. Administration officials are weighing this potential Khrushchev aim against a wide range of other possibilities, such as Khrushchev moves to woo new African countries, boast of Soviet scientific might and denounce alleged American spying.

Several recent moves have renewed fears of a possible Berlin crisis.

Communist East Germany Thursday ordered a new restriction on travel within the divided city, requiring special permits for West German citizens wanting to visit East Berlin.

DEAR ABBY

# START LOOKING

By Abigail Van Buren

DEAR ABBY: I am a widow who is having a difficult time deciding what to do. I am 47 (no children) and am very much in love with a widower who is 50. His wife passed away two years ago and his mother moved into his home to care for his 12-year-old son.

Abby, this man says he really loves me, but he doesn't want to get married until his son is on his own. This will mean waiting 8 or 9 years. I can't see this at all. Why should I just "go around" with him for 8 or 9 years? I tried to explain that his son needs a mother, but he says HIS mother fills that need. I can't sleep for thinking how wonderful life would be as his wife. Should I wait and hope he changes his mind? Or do you think he ever will?

"TO WAIT OR NOT TO WAIT?"

DEAR "TO WAIT": If you want a husband, find yourself a

man who wants a wife NOW. This man wants only a woman to "go around with." Wait at your own risk.

DEAR ABBY: I am working in an office. We moved because we're expanding and need more space. The boss had a tank of goldfish in our first office. We were hoping he'd give them up when we moved, but he didn't.

We girls have to feed them, change the water and keep the tank clean. This is a terrible chore. He travels all the time, isn't interested in the fish and never looks at them. So why does he insist on having them around? (I wish we could get rid of them "quietly.")

DEAR GIRLS: Maybe the boss just wants someone around the office who opens his mouth without asking for a raise. (The only way you can get rid of them "quietly" is to make a lot of noise.)

DEAR ABBY: When I read that letter from the wife who complained because her husband always "walked her on the outside" I was reminded of my own case which was exactly like hers. My husband used to do the same thing to me and I kept changing places with him and nagging him about it. He finally confessed (after we had been married three years) he was deaf in his right ear and he always wanted me on the side of his good ear.

DEAR UNDERSTANDING: You are lucky. Some men put their wives on their deaf side.

CONFIDENTIAL TO "OLD FLAME": The path you are pursuing could lead you to more flames than you can handle.

For Abby's pamphlet, "What Teen-agers Want to Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Big Spring Herald.

## LETTER

### Urges Backing New Party

To The Editor,  
Since we all have to suffer quins when we think of supporting both parties' obnoxious and repulsive platforms, and also, if we wish to remain free from the clutches of dictatorship now in Washington, then we should go back and read the article written by J. E. Hogan of Sept. 4 relative to the new-born Constitution Party of which he is chairman. I, along with Dr. Hogan, do request and urge all of you who love freedom to vote and work laboriously for this party, which will help us to retain our most cherished and treasured freedoms. Let's work strenuously for its adoption and enactment.

I thank you,  
WILLIAM N. BLANSTITT  
708 Bell

### Spears Gets 5 Years For Abortion

LOS ANGELES (AP) — Robert V. Spears, 35, once listed among 42 passengers killed in a Gulf of Mexico plane crash, has been sentenced to two to five years for abortion.

He was ordered Thursday to start the sentence when he completes a five-year federal term he is now serving for driving a stolen car across a state line.

Spears, a naturopath, was believed aboard an airliner which mysteriously crashed Nov. 16. His place had been taken by William A. Taylor.

Authorities investigated the possibility that the plane was blown up in the air by dynamite. Spears, discovered later in Phoenix, Ariz., was convicted of appropriating Taylor's car.

He was brought here from a federal prison at nearby Terminal Island to face earlier abortion charges still pending against him. He pleaded guilty.

### Dies In Mishap

STEPHENVILLE, Tex. (AP)—John Patterson, 39, of Stephenville died Thursday night when his auto overturned. Police said he apparently dozed as he drove alone.

### Lyndon To Speak At Stonewall Fete

STONEWALL, Tex. (AP)—Sen. Lyndon Johnson will speak at the Stonewall centennial celebration here Saturday night.

Johnson was born on a farm three miles east of Stonewall, and attended school here. His LBJ Ranch is about two miles away.

More than three tons of barbecue will be available. Johnson speaks at 7 p.m.

### Bullet Accident Kills Girl, 7

COLLINGSWOOD, N.J. (AP)—Elaine M. Gary, 7, and three other children were playing on the lawn of her home Thursday when suddenly Elaine fell to the ground with a bullet through her heart.

Police said Harry R. Throckmorton, 20, had been shooting at targets with a .22 caliber rifle in his home just across the street and fired six shots. Officers quoted him as saying he hadn't realized the bullets had gone through the wall.

Police said the targets were backed by an eight-inch brick wall and basement ceiling. However, there was a three-inch gap between the top of the brick wall and ceiling and the bullets went through the gap, officers added.

A preliminary technical charge of murder was filed against Throckmorton pending a hearing later today.

Police said the targets were backed by an eight-inch brick wall and basement ceiling. However, there was a three-inch gap between the top of the brick wall and ceiling and the bullets went through the gap, officers added.

# Kiwanis Hears Taylor Explain Capital Improvements Plan

MRS. LITTLEJOHN

## Pay Clerk Gets \$100 Award

For sustained superior performance on her job at Webb AFB, Mrs. Bernadine Littlejohn has received a \$100 check from the Wing Incentive Board.

A military pay clerk in the Wing Finance Office, Mrs. Littlejohn accepted a more than normal workload, Capt. C. E. Wiswall, Wing accounting and finance officer reports.

She handled 1,000 pay records each month — a job Capt. Wiswall describes as a demanding one. The high quality of Mrs. Littlejohn's work was evidenced in two recent audits by the Air Force finance center at Denver, Colo. — Both audits drawing favorable comments from ATC Commander Lt. Gen. James E. Briggs and Wing Commander Col. Donald W. Eisenhart.

Mrs. Littlejohn was put to the test early this year when there was a temporary shortage of finance technicians in her section. Called upon to close out records for the second half of last year, to open new ones, and to prepare individual withholding tax forms, she accomplished this double workload sometimes on her own time without extra pay.

The wife of M. Sgt. W. C. Littlejohn, 3561st Flight Line Maintenance Squadron, she has been employed at this base for 14 months, and has six years experience in Civil Service.

All of the bond proposals, on which Big Spring citizens will vote Tuesday, are intricately related yet each has to be voted on separately, City Commissioner John Taylor told the Big Spring Kiwanis Club Thursday.

He pointed out that it is basically essential to the program that all of the issues be approved to approve some and reject others might easily destroy the effective results planned for the city's future. He expressed regret that the piecemeal system of voting on the eight proposals had to be employed but explained that state law specifies that such procedure must be followed in bond elections.

Taylor reviewed each of the projects set up in the five year plan which, if achieved, calls for expenditure of more than \$4 million. He warned that the steps proposed, in reality, merely bring the city on a par with its amazing growth in recent years and clears the way for a logical approach to whatever new growth problems the future may produce. The city has lagged badly in anticipating and meeting expansions and im-

provements, he said, citing instances where facilities are now being used which were never planned to serve in excess of 17,000 persons.

A. K. Steinheimer, city manager, appeared with Taylor, maps on which were depicted the programs for each of the five years were used to demonstrate the

steps contemplated. Taylor stressed that no tax increases will be required to meet the bond indebtedness if the issues win approval. They will be paid for through increases in water rates, he said.

OUTLINED RATES Taylor outlined the increase in rates contemplated, prefacing his resume with the statement that even now the city is delivering water into the mains at less than its actual cost to the municipality. Approximately 19 per cent of city water users will never be affected by the increases, he said. These are the consumers whose bill is the minimum. Greater consumption of water will involve the increases slated to absorb the bond retirement and interest.

Bill Eysen Jr., Big Spring attorney, was inducted as a new member.

Hi Berman, Colorado City, lieutenant governor for the Big Spring Kiwanis district, was a special guest.

## Dies After 2 Days Under Tractor

PALESTINE (AP)—Oren Vermillion, 72, trapped for two days and nights under his overturned tractor, died early today.

He had widespread acid burns from the tractor's battery, and circulation was cut off in one leg while he was under the tractor.

The farmer lived alone in Harmony, 10 miles north of here. He was harrowing Tuesday when his tractor hit a stump and flipped over backwards.

Services will be held Saturday with burial in Denton.

A neighbor heard his cries Thursday. Six men worked for more than 30 minutes to free him. Hospital attendants here said his injuries were painful but not serious.

## Turkish Bus Mishap Kills 16

ORDU, Turkey (AP) — A bus crowded with passengers plunged into a deep ravine near Fatsa Thursday night, killing 16 persons and injuring 21.

provements, he said, citing instances where facilities are now being used which were never planned to serve in excess of 17,000 persons.

A. K. Steinheimer, city manager, appeared with Taylor, maps on which were depicted the programs for each of the five years were used to demonstrate the

steps contemplated. Taylor stressed that no tax increases will be required to meet the bond indebtedness if the issues win approval. They will be paid for through increases in water rates, he said.

## Lt. Chestnut Wins Honor

Pilot Training Group named 1st Lt. James M. Chestnut as its most outstanding pilot for July.

Assigned to the 3560th Pilot Training Squadron, the lieutenant is a member of the Group Standardization Board.

Lt. Chestnut is one of two Webb pilots who received a "well done" citation from Flying Safety magazine for displaying superior skill in landing a T-33 jet aircraft at Columbus Naval Air Station, Ohio, under complex situations.

Now in his 10th year of Air Force service, Lt. Chestnut served in the enlisted ranks for four years before being commissioned in 1954. He took primary training at Goodfellow AFB, and completed basic at Williams AFB, Ariz. A year of duty in Korea preceded his Webb assignment. A graduate of the Basic Instructor School, Craig AFB, Ala., he served as a check pilot for the 3560th Squadron before moving up.

Before coming to Webb in August, 1958, Sgt. Hayden was stationed at Bermuda, where he was cited for his work at NCOIC of the protocol section. During his stay there Sgt. Hayden made arrangements for 1,047 high-ranking civilian and military guests.

Sgt. Hayden joined the service in January, 1943 and took Army Air Corps training at Miami Beach, Fla. His overseas tours were in Hawaii and Japan.

Sgt. Hayden was recently elected president of the Turnbiewood Sportsman Club at Webb.

## Hayden Signs For 4 More

T. Sgt. Noble H. Hayden, an instructor at the Webb AFB drivers school and a former "protocol" man, has signed up for four years Air Force duty which will put him over the 20-year mark.

## S. Korean Army Cut Approved

SEOUL, South Korea (AP) — The United States and South Korea have tentatively agreed to cut the South Korean army by 50,000 men during 1960. The government originally planned to reduce the 600,000-man army by 100,000 but the U. S. government reportedly was opposed.

## Cuban Legate Arrives In Russia

MOSCOW (AP) — G. Faure Chaumont, Cuban ambassador to the Soviet Union, arrived Thursday to take up his new post. He is the first diplomatic representative from Cuba since relations were broken in 1952.

# More Houston Negroes Enroll

HOUSTON (AP)—Three more Negroes enrolled today in two previously all-white elementary schools.

They joined Tyrone Day, a schoolteacher's son who Thursday became the first Negro to attend class with white students in what had been the nation's largest segregated school district.

Joining Tyrone in the same classroom at the Kashmere Gardens elementary school here were Dwight Harrison, 6, son of a postal clerk, and John Smith, who attended kindergarten last year at McAlester, Okla. Enrolling in a class with 31 white students at Betsy Ross elementary was Sandra Williams, 6.

The four children were the first to qualify for enrollment under a federal court order that the 170,000-student system begin a grade-year integration plan with the first grade at Wednesday's opening of the fall semester.

Parents of eight other Negroes were being advised today whether children had met all requirements for enrollment at previously all-white schools.

There had been no prior announcement that Tyrone would be the first to enroll.

S. R. Woods, Kashmere Gardens principal, said everything went smoothly during the school's first day of integration.

"He was just another one of our students," Wood said of the boy.

The school board Thursday ruled ineligible 11 of 21 other Negroes.

White schools were closed today.

The day boy was enrolled without advance notice. School officials earlier had indicated that no Negroes would enter previously all-white classrooms until Monday.

The 170,000-student Houston district, the largest segregated school system in the nation, is under an order of Federal Judge Ben C. Conally to begin grade-year integration with the first grade this fall.

Police have been on the alert since Negroes began filing pre-registration forms last week, but nothing close to a disturbance has developed.

Supt. John McFarland said Tyrone entered the class without incident. The boy bought his lunch in the school cafeteria and ate at a table with white students.

Tyrone's father, Marcellus Day, is a custodian at a suburban bank. His mother, Mrs. Helen B. Day, 57, teaches seventh-grade English at the all-Negro E. C. Elmore junior-senior high, in northeast Houston.

Weldon Berry, a lawyer who filed the original integration case in 1956, said he may take legal action against the school board.

First

Tyrone Raymond Day, 6, son of a bank custodian and a school teacher, became the first Negro youngster to attend a previously all-white school under Federal Judge Ben C. Conally's order that the nation's largest segregated school district begin integration with the first grade.

The boy was refused admission to classes on opening of the fall semester but later entered the Kashmere Gardens Elementary School classroom in Houston.

## More Girls Win Beauty Titles

ATLANTIC CITY, N. J. (AP)—Miss Utah and Miss District of Columbia have entered the ranks of preliminary winners in the 1960 Miss America contest.

Miss Utah, Marian Kaye Walker, won Thursday night's talent competition with her rendition of the waltz aria from "Mirliflor."

Ruth Rea, Miss District of Columbia, won the swimsuit competition when she displayed her 5-foot-6 trim 118-pound figure in a black waffle knit swimming outfit.

Miss Utah, 27, and oldest of the 54 girls entered in the pageant, said she felt her victory was "a great step forward as far as my musical career is concerned."

As a result of Thursday night's activities, both girls are assured of a \$1,000 scholarship each even if they do not win anything else.

Miss America will be chosen Saturday night. That girl will receive a scholarship worth \$10,000 and will probably receive another \$40,000 for personal appearances in the ensuing year.

## Rail Strike May Be Nearing End

PHILADELPHIA (AP)—Optimism mounted today for a settlement of the Pennsylvania Railroad strike.

Both union and management negotiators have been summoned to a joint meeting by a federal mediator who indicated both sides were closer to an agreement than ever.

## Lyndon Welcomed

HARTFORD, Conn. (AP)—Connecticut Democrats gave a Texas welcome today to Sen. Lyndon Johnson, the party's candidate for vice president.

## OIL NEWS

### Penn Discovery Is Near Vincent

Another indicated discovery for this area was announced this morning with good Pennsylvania reef lime prospects reported by Camp Oil Co. at No. 1 Shafter in Howard County.

The project checked the section between 7,487-505 feet. Oil surfaced in 40 minutes and operator reversed out a full string of oil. There was no water. Operator plans to attempt completion from the open hole section below 7,492 feet as a discovery.

This wildcat is two miles southeast of the Hobo (Pennsylvania) field and three miles northwest of Vincent.

### Borden

Gulf No. 1 Welton is running the 5 1/2 inch casing to an unreported depth. It is 660 from north and 990 from east lines of section 23-30-3n, T&P survey.

Humble No. 1-B Conrad is making 5 1/2 inch casing at 2,229 from north and 534 from east lines of section 7-10-Lavaca Navigation Co. survey.

### Dawson

Forest No. 1 Broyles is bottomed at 12,500 feet and waiting on orders. Drilling is 2,229 from north and 534 from east lines of labor 44-Taylor CSL survey.

Gulf No. 2 Wright is drilling in shale below 2,059 feet. This prospect is 2,180 from north and 660 from west lines of section 7-10-1, Pottevant survey.

Amerasia Petroleum Corp. has completed No. 1 T. E. Moore in a Lamesa, West (Mississippi) field well with a 24 hour initial pumping potential of 135.79 barrels of 31.7 gravity oil. Elevation is 2,947 feet, top of the pay zone is 11,290 feet, and the seven-inch and 5 1/2-inch casing is bottomed at 11,290 feet. Production is from the open hole section between 11,290-435 feet. The gas oil ratio is 174-1. Operator advised with 2,000 gallons, then fractured with 10,000 gallons. Well-site is 660 from south and 1,931 from east lines of section 14-36-T&P survey.

### Garza

Conoco No. 5 Thuet is digging in lime below 2,059 feet. This wildcat is 128 from north and 825 from east lines of the southwest quarter of survey 2, scrap file 8370.

Conoco No. 1 Justice is drilling below 1,000 feet in anhydrite and sand. This Fluvanna field project is 660 from south and 1,960 from west lines of section 687-97-H&TC survey.

### Glasscock

Anderson No. 1 Clark is waiting on cement to set the 12 1/2 inch casing at 258 feet. Bottom of the hole is at 258 feet. Location is 330 from north and 2,310 from west lines of section 21-32-46, T&P survey.

### Howard

Camp Oil Co. No. 1 R. T. Shafter will attempt to complete as a discovery from open hole section. On a drillstem test of the Pennsylvania reef lime, between 7,487-505 feet, operator had the tool open 40 minutes. Gas surfaced in four minutes, oil surfaced in 40 minutes. The project flowed oil to pits for 10 minutes. Operator reversed out a full string of oil and recovered 600 feet of gas and gas-cut mud from below the circulating pump. There was no water. The flow pressure was 575 - 625 pounds. Operator plans to set the 5 1/2 inch casing at 7,492 feet for completion attempt. Drilling is two miles southeast of the Hobo (Pennsylvania) field and three miles northwest of Vincent.

### Martin

Hammond No. 1 Yates is still recovering the load with no gauges. The project is 650 from south and east lines of labor 21-263-Kent CSL survey.

### Hunt

Hunt No. 1 Griffin is drilling in dolomite and lime at 12,669 feet. This wildcat test is 1,190 from north and 1,320 from west lines of section 138-Curtis survey.

### Mitchell

R. S. Anderson and Manor Oil Co. No. 3 Elliott is completion in the Turner Gregory (Clear Fork) pool. Operator reported an initial pumping potential of 107 barrels of 26 gravity oil over a 24 hour test period. There was 9.3 per cent water. Elevation is 2,180 feet, total depth is 2,860 feet, top of the pay section is 2,463 feet, the 5 1/2 inch casing goes to 2,859 feet and the completion is perforated between 2,463-98 feet. Operator fractured with 46,500 gallons. Well-site is 1,650 from north and 990 from west lines of section 25-29-1n, T&P survey.

### Sterling

Sinclair No. 1 Sellers is drilling in anhydrite and shale at 1,861 feet. This project is 4,490 from south and 660 from west lines of section 81-17-SPRR survey.

# County Service Officers Study VA Problems

Thirty-seven county service officers attended a meeting at the VA Hospital today to discuss problems involving admission and hospitalization.

The officers convened in the recreation hall on the hospital's second floor at 9 a.m., where they were greeted by manager V. J. Belda and members of his staff. Belda welcomed the group and registrar Philip Hanigan outlined the agenda of the meeting.

Dr. Jack Margolis, acting director of professional services; Dr. Charles Miller Jr., admitting physician; and James S. Kilgore, assistant registrar, participated in a panel discussion. Subjects discussed included medical services available, medical aspects of hospital admission, and administrative aspects of hospital admission.

After the discussion, a question and answer period was held. Lunch was served to the group in the staff dining hall.

In the afternoon session, participants were to engage in a general discussion of admission and transportation problems. A tour of the hospital was to climax the meeting.

Chiefs Meet

County service officers from the surrounding area are shown as they met in a morning session today at the VA Regional Office. V. J. Belda, manager of the local VA Hospital; and Dr. Charles H. Miller Jr., admitting physician at the local hospital.

# Kennedy Has Sharp Retort For Heckler

WITH KENNEDY IN CALIFORNIA—Sen. John F. Kennedy ran into heckling on his Roman Catholic religion today as he whittled through the San Joaquin Valley.

A throng at Modesto cheered the Democratic nominee loudly as he answered sharply a religious question thrown at him from the crowd at the conclusion of a train rear platform talk.

An unidentified spectator asked Kennedy if he believed all Protestants were heretics.

"No," Kennedy replied, "and I hope you don't believe all Catholics are."

"May I say that it seems to me that the great struggle today is between those who believe in God, and those who believe in 'God,'" Kennedy said.

"I really don't see why we should engage in close debate over

## Stroups To Attend Nassau Meeting

Walter W. Stroup, CLU, and Mrs. Stroup will attend the Southwestern Life Insurance Company's Agency convention next week in Nassau, capital of the Bahamas.

They will leave Saturday for Dallas, where they will board a plane for Nassau Sunday.

Stroup earned the trip by his production of quality business during the past year. He has earned a place in the company's leaders' group.

Approximately 125 agents will attend the meeting on Monday, Tuesday and Wednesday. The Stroups will return here by the end of next week.

## House In Mixed Locality Fired

CHATTANOOGA, Tenn. (AP)—A vacant house in a racially mixed neighborhood was badly damaged by fire early today only hours before it was to have been sold to Negroes, police said.

Neighbors told officers they heard a "boom" and the fire spread rapidly.

No injuries were reported and City Fire Marshal Mike Quinn said the origin of the fire had not been determined. There was no estimate of the damages.

Police said the five-room house, in the northeast section of town, would have been the first on the block to be occupied by Negroes although Negro families live in the next block.

Mr. and Mrs. George W. McMillan, owners of the property, said a contract for sale of the house had been drawn up and was to have been signed today. The prospective buyer was a Negro, they said.

A few blocks from the house a Negro home was bombed Aug. 12. This was one of five bombings here in the last two months which police said apparently were aimed at keeping Negroes from moving into racially mixed neighborhoods.

## Paving Program Moving Ahead

The paving program is moving ahead faster than anticipated at Memorial Stadium, Bruce Dunn, director of public works, said today.

He attributed the progress to the cooperation received from Webb AFB.

Oiling the Senior High School parking lot is somewhat slower because curbing, gutters and driveways will be built before work begins, Dunn said.

## Railroads To Hike Passenger Fares

WASHINGTON (AP)—Ten railroads in Western and Central territories have notified the Interstate Commerce Commission they intend to increase their basic interstate passenger coach fares 5 per cent Oct. 1.

The new group includes the Burlington, Frisco; Fort Worth & Denver; Gulf, Mobile & Ohio; and Denver & Rio Grande.

## Ceremonial Set For Oct. 29

Annual fall ceremonial of the Dramatic Order, Knights of Khorassan has been docketed for Oct. 29.

The date was selected at the regular meeting of the local order, Thursday night at Castle Hall, according to J. V. Gregory, royal vizier.

At the same meeting, members voted to approve an application for scholastic funds for a worthy student to further her education. This is one of the endeavors carried on by temples all over the country.

The funds derive from the Imperial Palace Foundation.

Announcement was made that the state convention will be Dec. 2 and 3 in Hotel Lubbock, Lubbock, with Lubbock's El Bohadil Temple as host. Big Spring Temple, El Zimran No. 183 is to assist in the ritualistic work.

## Scouters Discuss Fall Program, Recruiting Plans

Recruiting of new scouts figured importantly in both the Lone Star District Committee meeting and the district roundtable for scout leaders held Thursday night.

The district committee held its first meeting of the new program year at the Cosden Country Club with R. L. Tollett, district chairman, presiding.

The "Together We Organize" program for the recruitment of scouts in all packs, troops and posts, which is to meet Sept. 15 in the Cosden Coffee Shop, was discussed.

Tollett said he felt a great period of growth lies before the organization and that it can offer an enriched program to many boys.

The recruitment program is under the leadership of Judge R. W. Caton.

# Katanga Also Defies U. N.

LEOPOLDVILLE, the Congo (AP)—Congoese defiance of the United Nations spread today to secessionist Katanga Province, newly invaded by Premier Patrice Lumumba's soldiers.

At gunpoint, Katanga soldiers forced U.N. Swedish soldiers to permit two small planes to take off from the officially stilled Elisabethville airport to help cope with the threat of battle in the north.

"It is impossible for Katanga authorities to remain passive," a provincial communique said. "The invasion of the country has to be stopped by all means at its disposal."

Katanga soldiers have been ordered into a counteroffensive against the invading forces, a Katanga army spokesman said at Elisabethville.

He added that Premier Moise Tshombe had called the U.N. secretary-general informing him of the Congo invasion "could lead to disorders as serious as those taking place in Kasai Province at the moment."

Like Lumumba, Tshombe had previously protested the U.N. Command order that closed Congolese airports to all non-U.N. traffic.

In Leopoldville, Lumumba won Guinean support in his fight against the United Nations.

The Guinean Congo mission announced it has proposed to President Sekou Toure, now touring the Communist bloc, the withdrawal of Guinean troops from the United Nations Command here.

Tibou Toukara, chief of the mission, said the proposal was motivated by U.N. support of what he described as President Joseph Kasavubu's coup d'etat.

He referred to the conservative president's decree Monday to fire Lumumba, a decree that Lumumba has answered by declaring Kasavubu fired. The Congo Parliament invalidated both dismissals and declared both men should keep their jobs.

The reported invasion of Katanga Province was said to have come not as generally expected from battle-torn Kasai Province, northwest of Katanga, but from Kivu Province in the north.

U.N. Mali troops based at Kolongo, a Katanga town about 30 miles south of the Kivu border, said 300 or more Congolese soldiers made the crossing Thursday.

## Dog Asks Meeting

UNITED NATIONS, N.Y. (AP)—Secretary General Dag Hammarskjold has requested the U.N. Security Council to convene an emergency session tonight to deal with the worsening Congo situation.

## Dog Begins Sex Change

LONDON (AP)—An 8-year-old boxer dog named Buller has astounded veterinary surgeons by starting to change sex.

"This is a terrible shock both to me and to Buller," said the dog's owner, Charles Veneal. "I have just renamed him Lulu."

Buller licked Veneal's hand and looked puzzled.

The case has amazed surgeons at the Royal Veterinary Hospital and the Royal Society for the Prevention of Cruelty to Animals.

Up to now they believed no mature male dog could begin turning into a female.

Veneal said Buller is taking it hard—moping about the house and hardly touching his food.

Buller, heavy-jowled and red-eyed, starting the big changeover a week ago. Veneal's son-in-law, James Edwards, took him to an RSPCA clinic.

"I was surprised when the vet asked what was the matter with her," Edwards reported. "But it was the vet's turn to be surprised when I said Buller wasn't a her but a him."

An official at the RSPCA clinic confirmed the story.

## Castro Admits Guerrilla War

HAVANA (AP)—Prime Minister Fidel Castro admitted today for the first time that bands of guerrillas were operating against his revolutionary regime in the mountains of central Cuba.

He almost casually dismissed the rebels as "little groups" and confidently indicated they were doomed to failure—the firing squad.

There have been unconfirmed reports in Havana that anti-Castro bands totaling from 300 to 1,000 men have been operating in the Escambray Mountains.

Those ranges in central Cuba were the scene of some bitter fighting when Castro's guerrillas were waging a revolution to overthrow President Fulgencio Batista.

Forty persons were present to set plans for the ensuing school year. Archer said that many had never before attended a meeting of the Gay Hill P-TA.

Announcement was made that the first regular meeting of the P-TA will be Sept. 13, at 7:30 p.m. The executive committee will meet at 7 p.m. at this meeting the program of activities, which was reviewed at Thursday night's session, will be announced.

Mrs. T. A. Norman is president of the Gay Hill Chapter.

Thursday morning Gay Hill was host to the board meeting of Dist. 16, Parent-Teachers Association. A 20-member committee from a dozen West Texas counties attended. Plans were made for the District 6 Workshop which is to be in Ballinger on Oct. 6. Mrs. Chesley McDonald, Sterling City, is district chairman.

## Soviet Move Faces Defeat

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council was expected to turn back today a Soviet drive for authority to overrule actions of the Organization of American States.

The 11-nation council scheduled a meeting to vote on opposing Soviet and Inter-American resolutions concerning the diplomatic quarantine and arms embargo that OAS foreign ministers slapped on the Dominican Republic in San Jose, Costa Rica, Aug. 20.

## Negligence Seen In Houston Fire

WASHINGTON (AP)—Coast Guard officers investigating an explosion and fire in the Houston ship channel reported today finding evidence of negligence on the part of a tanker crewman and a tugboat captain.

Six crew members of the tanker, Amoco Virginia and one fireman died in the 20-hour holocaust Nov. 8. A gasoline explosion touched off a fire which engulfed the tanker, four barges and nearby shore facilities. Damage was estimated at \$2 million.

## Answer Circulated

WASHINGTON (AP)—Sen. John F. Kennedy's campaign forces are circulating in answer to the religious issues which have been raised against Kennedy as a Roman Catholic, a collection of his stated views on separation of church and state.

Recruiting of new scouts figured importantly in both the Lone Star District Committee meeting and the district roundtable for scout leaders held Thursday night.

Emphasis was also placed on more high quality leadership in all units in the district, and more outdoor activities in the form of hikes and overnight camp-outs.

A Fall Camporee for Nov. 11-12 at the Scout grounds, south of the city, is being planned to permit each troop to demonstrate scouting skills, night orientation games and other scouting activities.

Fall recruiting was also discussed at the Scout Leaders meeting in the old Student Union Building at Howard County Junior College.

About 40 leaders considered program ideas for the month ahead and adding more members to the Cub and Boy Scout units.

Gene Campbell led the Cub Scout leaders and Gene Sturdevant conducted the Boy Scout session.

Longhorn Fullback

When the Big Spring Steers take the field against Pampa in Pampa this evening, Jerry Dunlap (above) will be in the local lineup as the fullback. He's a two-year letterman, weighs about 175 and is a senior.

# Longhorns Poised To Open Play Against Harvesters

## Locals Seek To End Skein

Two teams seeking to hit the comeback trail in football, Big Spring and Pampa, square off at 7:30 o'clock this evening in Pampa.

The resident Harvesters are slightly favored, but only because they will be playing at home. Actually, there's very little on which the relative strengths and weaknesses can be judged.

Pampa has been strong in basketball but weak in football the past few years. The emphasis has been changed, however, and the Harvesters coaching regime is again concentrating on fielding a strong football representative.

Big Spring failed to win a game in ten tries last fall. Fact is, the Steers currently are working on a record of 14 consecutive defeats, extending back to the middle of the 1952 season.

The coaches and the attack employed by the local school will be new to the local system.

Emmett McKenzie, who had forged a winning tradition at Nederland High School, was brought in to see if he couldn't preach a winning philosophy here.

With the exception of Roy Baird, who was here when Big Spring fielded its last district champion, the coaching staff McKenzie assembled is all new. First assistant is Donald Robbins, a former Texas A&M star who came here from Snyder.

The Steers will run off the Wing T tonight, with a man in motion on virtually every play. Pampa will operate from the straight T.

The locals boast more experience than they had last year. They can field veterans at every backfield post and virtually at every position along the line.

Tommy Whately, a gritty senior who likes to play defense, will swap off with junior Jerry Tucker at the quarterback spot. Ronnie Clanton will be at one half, Jimmy Madry the other while Jerry Dunlap will be at fullback.

Up front, the Steers will have Robert Carr and Tommy Rutledge at the terminal position, Tom Roberts and Gary Pickle at the tackle spots, Johnny Case and Alf Cobb at guards and Richard Atkins at center.

All who have seen the Harvesters work out expect the Pampans to show an improvement over last year. In 1959, the Harvesters won only three games.

The younger players in the Pampa camp have come along exceptionally fast, among them Billy Cooper, Jim Crouch, Dickie Wells, Jimmy Webb, Jim Broyles and Jack Bromlow.

The club has been troubled with an outbreak of the flu in recent days but all are due to be ready tonight, including Butch Crossland, a quarterback, who broke his hand in a scrimmage, and Duke Garrison, out due to illness.

Pampa is scheduled to start a lineup composed of James Storms, 139, and Broyles, 145, at ends; Bryan Speck, 190, and Webb, 166, at tackles; Charles Geise, 190, and Wilk, 165, at guards; Garrison, 190, at center; Roy Don Stephens, 140, at quarterback; Steve Dobbins, 160, and Eddie Berry, 135, at halfbacks; and Sherrill Miller, 145, at fullback.

"Ray can't fool me, I can tell," said Wilma Rudolph, winner of three gold medals and America's heroine of the women's track competition. "He tries to play it cool, but I know. He is dying inside."

Wilma won her third gold medal by anchoring the women's relay team to victory and then fled Olympic stadium in tears Thursday because of Norton's shame.

Ray and Wilma are the strange goit and heroine sweetheart combination of these 17th Olympic games. They have been inseparable. Ray has cheered the willowy Tennessee girl in her historic sprint triumphs. Wilma has commiserated with Ray during his mushrooming miseries.

"After I get home from this trip, I don't think I'll ever run again," Norton said. "I've had it. Now I'd better go out and try to make a living. I hate to end my career on this sour note, but that's the way it has to be."

The California speed star said he wanted to complete his studies at San Jose State, requiring about one more term, and then go into teaching and coaching.

The professional San Francisco 49ers want him to play football but he says: "I love football but I doubt that I will play."

His coach was C. F. Gayles. Clark coached one year at Frederick prior to coming here. He is being assisted by E. S. Dawson.

Probable starters for Lakesview tonight include Walter Minter at right end, Rogers Henry, right tackle; Roland Williams, right guard; Clarence Hartfield, center; Holston Banks, left guard; Jerry Johnson, left tackle; Roy Lusk, left end; Lonnie Ray Ransom, quarterback; Danny Traylor, left halfback; Luther Louis Brown,

# McMillan, George Add To U.S. Glory

By TED SMITH  
ROME (AP) — U.S. Marine Capt. Bill McMillan won the gold medal in the rapid fire pistol shooting event and husky Jim George of Akron, Ohio, took the lead in the light heavy weightlifting class at the Olympic Games today.

McMillan, 31-year-old officer from Turtle Creek, Pa., won the pistol shooting for America's 33rd gold medal in a shoot-off with world record holder Alexander Zabelin of Russia and Pentti Linnosvuo of Finland. The Finn edged the Russian for the silver medal.

All three had finished the regular eliminations tied with 387 out of a possible 600 points. McMillan's gold medal was the first ever for the U.S. in rapid-fire pistol, an event added to the Olympics in 1936.

George, bronze medal winner in the 1956 Olympics and the 1959 Pan American Games champion, lifted 222 pounds in the first of three lifts—the press. He became the top contender when Russia's Rudolf Plukfelder, the ranking light heavy in the world, with-

drew with a wrenched back. The somewhat surprising American bid came as Russia, its gold medal and team joint leadership over the U.S. assured, looked to more of the so-called minor sports it excels in to fatten its domination of the games.

Shooting, gymnastics, weightlifting, horsemanship and fencing—sports in which the Soviets have scored well—make up the day's schedule with track and field ended except for Saturday's marathon race.

In events remaining only America's unbeaten basketball team appears certain of a gold medal. Coach Pete Newell's all-star team won its seventh straight game, 112-81 over Italy, Thursday night and a victory over Brazil Saturday night would clinch the title.

The track and field games wound up Thursday in a surge of glory for some of the Americans, and a day of doom for one.

Wilma Rudolph, Clarksville, Tenn., anchored the U.S. women 400 meter relay team to her third gold medal of the 1960 Olympics, placing her in a select class with all-time greats.

But her boy friend, Ray Norton of Oakland, Calif., ran outside his zone of limitation in taking the baton in the men's 400 meter finals and the Americans were disqualified after it appeared they had beaten the Germans.

For Norton it was the climax to a dismal flop. He ran last in both the 100 and 200 meter sprints—the man rated on form to be the top favorite.

Wilma emerged the top star. She won the three gold medals the U.S. women collected to go with the men's nine. The Russians got 11 track and field firsts, six by their women, a sizeable dent in what the Americans once considered their own back yard.

The disqualification, though, spoiled what would have been a costly finish for the U.S. women's 1000 meter relay team, which had a world record of 3:02.2 breaking Jamaica's eight-year-old mark of 3:03.9. Jack Herman, Woodland, Calif., did 46.7, Earl Young of San Fernando, Calif., 45.8, Glenn Davis, Columbus, Ohio, 45.5 and then Otis Davis, the new 400-meter king from Los Angeles, clocked an anchor leg at 44.4.

Davis had to run the fastest 400 from a moving start in world track history to beat Germany's Carl Kaufmann who was second in 44.5.

In the final field events, the United States was shut out. Russia's Viktor Cybulenko won the javelin with 278-8 1/2. Al Cantello, Norristown, Pa., world record holder at 282-3 1/2, threw only 245-1 and never got to the finals. Romania's Iolanda Dalas captured the women's high jump at 6-1 1/2 in which the only American, Neomia Rogers of Roba, Ala., went out early.

The 10,000 meter grind went to another Russian, Petr Volotnikov, in 28:32.2, better than the 28:45.6 Olympic mark of his countryman, Vladimir Kuts, but short of the latter's world mark of 28:30.4.

Max Truex, of Warsaw, Ind., the lone American entry, surprised with a fine sixth place showing in 28:50.2, the fastest he ever has run the event.

The Russians also picked up two gold medals in weightlifting, with Alexander Kuruyev beating Tommy Kono, Honolulu, in the middleweight division on a lift of 364 pounds that cracked Kono's world record Kono was second with a lift of 342 pounds.

## LOOKING 'EM OVER

With TOMMY HART

Emmett McKenzie and his Big Spring Steers make their first trip to Pampa since 1953 tonight. The Harvesters and the Longhorns have met only one time since the two schools started fielding teams.

Big Spring didn't fare so well in that one and will be the underdog tonight. Seven years ago, Ed Dudley and Harold Lewis, shaded Big Spring, 19-0.

The contest helped Big Spring to jail, however, and it went on to win nine of 13 starts and advance all the way to the finals in the state playoffs.

Few Big Spring fans apparently will follow the Steers to Pampa but few will go to bed until they've found out how the club has fared. There's been a tremendous amount of interest generated in the 1960 club.

Terry O'Brien, the former McMurry College back who had a trial with the New York Titans of the American Football League, is the grandson of Mr. and Mrs. Roy O'Brien and the nephew of Mrs. Gordon Marchant, all of Big Spring.

Terry is the son of Mr. and Mrs. C. A. O'Brien. The father is a professor of Animal Husbandry at Texas Tech.

A good vendor in a major league baseball park can make as much as \$100 during a Sunday doubleheader.

If he sells beer, as an example, he must peddle 1,300 bottles of the suds to earn his \$100. Ordinarily, he gets 20 per cent of the sales price—or about eight cents a bottle. An average doubleheader, calls for him to work about ten hours.

Walt Wiggins, the publicity director at Ruidoso Downs, says the part-mutual handle at his track may run a million dollars more than it did in 1959. That means the total betting will easily top \$12 million.

Ruidoso has five more racing days than it had last year. The average handle is up, however.

Jimmy Johnson, the Texas Tech golfer from Levelland, won the invitational golf tournament held by the former Big Springer, Sunny Edwards, at Cree Meadows in Ruidoso last month.

Johnson topped the trick by defeating Bob Wilson of Mineral Wells in the finals, 4 and 3. Wilson had copped medalist honors with a 66.

Bill Craig, always tough in the local tournament, lost in the first round at Ruidoso to Bud Abbott of Borger, 3 and 2. Craig was ousted despite the fact that he was under par.

Edwards had 169 players in this year's meet and says that is too many. He may limit the field to 145 next year.

Florida may lose practically all its major league spring training camps within the next two or three years. The movement is west—to Arizona and California.

The emphasis in pro football is now on defense. Crashing ends are going to make it rough on passers, with the results that fewer receivers can go downfield—they'll have to hang around and try to block.

For that reason, you'll probably see (on your TV screens) more rollout passes, as the pitchers circle wide in attempts to elude would-be tacklers.

# Ray Norton Emerges As Goat Of Olympics

By WILL GRIMBLEY  
ROME (AP)—"I can't do anything right," said Ray Norton dejectedly. "First I run too slow, then I run too fast."

"So what happens? I become the goat of the Olympics. There's nothing I can do about it. It's a memory I'll have to live with for life."

The world collapsed Thursday for the rangy San Jose State College student from Oakland, Calif., America's champion sprinter. His series of failures was climaxed by a blunder which cost the United States a victory in the 400-meter relay.

Norton, running the second leg, became too anxious and overran his zone in receiving the baton from teammate Frank Budd of Asbury Park, N.J.

The Americans nipped the strong German team at the wire in a fantastic race, with Dave Sime running a tremendous anchor, only to be disqualified because of Norton's error.

Previously Norton—by his own admission "tied up in knots" from nervousness—had run last in the six-man finals of the 100 and 200 meter races, losing for America a sprint dominance which it had held for 32 years.

Thursday's mistake was a crowning blow. The tall Negro athlete tried to keep his chin up, but he couldn't completely hide all the agonies that chewed away at him.

"Ray can't fool me, I can tell," said Wilma Rudolph, winner of three gold medals and America's heroine of the women's track competition. "He tries to play it cool, but I know. He is dying inside."

Wilma won her third gold medal by anchoring the women's relay team to victory and then fled Olympic stadium in tears Thursday because of Norton's shame.

Ray and Wilma are the strange goit and heroine sweetheart combination of these 17th Olympic games. They have been inseparable. Ray has cheered the willowy Tennessee girl in her historic sprint triumphs. Wilma has commiserated with Ray during his mushrooming miseries.

"After I get home from this trip, I don't think I'll ever run again," Norton said. "I've had it. Now I'd better go out and try to make a living. I hate to end my career on this sour note, but that's the way it has to be."

The California speed star said he wanted to complete his studies at San Jose State, requiring about one more term, and then go into teaching and coaching.

The professional San Francisco 49ers want him to play football but he says: "I love football but I doubt that I will play."

When the Big Spring Steers take the field against Pampa in Pampa this evening, Jerry Dunlap (above) will be in the local lineup as the fullback. He's a two-year letterman, weighs about 175 and is a senior.

# Forsan Bisons On Road Again

PATTON SPRINGS — Forsan's Buffaloes seek their first victory of the young football season here at 8 o'clock, at which time they

oppose Patton Springs. Forsan lost its opener to Wellman, 26-20, last week while Patton Springs won over Goree, 24-7. Patton Springs is coached by Ralph Marshall, one-time Coahoma athlete.

## AREA GAMES THIS WEEKEND

CLASS AAAA  
BIG SPRING at Pampa  
San Angelo at Brownwood  
Lamesa at Midland  
Amarillo at Odessa High  
SA Jefferson at Abilene  
FW Ari. Hts. at Am. Tascosa

CLASS AAA  
Levelland at Brownfield  
Hobbs, N. M. at Kermit  
Pecos at Carlsbad, N. M.  
Denver City at Seminole  
Odessa Ector at Phillips  
Crane at Monahans  
Sweetwater at Breckenridge  
Borger at Snyder  
Post at Colorado City  
SA Lake View at Kerrville

OTHERS  
Big Lake at Stanton  
Garden City at Wellman (8-man)  
Sterling City at Loop (8-man)  
Forsan at Patton Springs (8-man)  
Grandfalls at Gall (8-man)  
Union at Klotz (8-man)  
Flower Grove at Eola (6-man)

## Yearlings Shaded In Mustangville

SWEETWATER — The Big Spring Runnels Eighth Graders lost to Sweetwater by a score of 14-0 here Thursday evening.

Big Spring fought the home team on even terms and neither team scored.

The Yearlings could muster no punch, however, and yielded two fourth period TD's to the Colts.

## B Team Opposes Lamesa Saturday

The Big Spring High School B football contingent, which has been working out alongside the varsity squad, opens its 1960 season here Saturday.

Guests will be the Lamesa reserves. Kickoff time is 7:30 p.m., scene of action the old stadium at 10th and State Sts.

## MAJOR LEAGUE LEADERS

AMERICAN LEAGUE  
Batting (based on 300 or more at bats) — Rumeals, Boston, .331; Smith, Chicago, .315.  
Runs batted in—Mays, New York, 96; Roberts, Boston, 95.  
Home runs—Mays, New York, 26; Lemon, Washington, 25.  
NATIONAL LEAGUE  
Batting (based on 300 or more at bats) — Larker, Los Angeles, .331; Great, Pittsburgh, .320.  
Runs batted in—Banks, Chicago, 119; Robinson, Milwaukee, 101; Aaron, Milwaukee, 100; Mays, San Francisco, 92; Clemente, Pittsburgh and Cepeda, San Francisco, 88.  
Home runs—Banks, Chicago, 39; Mathews and Aaron, Milwaukee, 35.

# Lakeview Rockets To Open Grid Season Here Tonight

The Rockets of Lakeview High School launch an eight-game football schedule here this evening, meeting Snyder.

Originally, the two elements were to have played in Memorial Stadium. However, the parking lot there is unfinished but the base of operations will be the old stadium at 10th and State Sts.

The Rockets are being coached by Acie Clark this year. A native of Frederick, Okla., Acie lettered for three years as a guard at Langston University in Oklahoma.

His coach was C. F. Gayles. Clark coached one year at Frederick prior to coming here. He is being assisted by E. S. Dawson.

## Local Junior High Teams Absorb Defeats Thursday

Two local junior high school football teams absorbed defeats in season openers here Thursday evening.

The Runnels Ninth Graders yielded, 26-0, after the Gotd Eighth Graders had been kayoed by Snyder Lamar, 30-8.

In the ninth grade engagement, Sweetwater led at half time, 14-0. Big Spring made one touchdown but it was called back, due to an infraction of the rules.

# ANSWERS TO QUESTIONS ABOUT Your City's Growth Program

**Q—Is the capital improvement program represented in the proposed bond issues really necessary at this time?**

**A—**The engineering firm of Forrest & Cotton, and Marvin Springer, urban planner, have prepared a Master Plan for the City of Big Spring to serve as a guide for our growth and expansion for the next 15 to 20 years. This Master Plan points out that we need certain improvements NOW, just to catch up with recent population growth, and that we will need other improvements to stay even, or to get ahead of anticipated growth. Much of the water and sewer work, flood control projects, fire stations, and paving, are making possible future growth. Much of the improvement program is something already badly needed.

**Q—What study has been given this program?**

**A—**The Master Plan Steering Committee, composed of representative citizens of the city, spent many months studying the Master Plan and the proposed capital improvements program recommended therein. After detailed study of each phase and its financing, this Committee unanimously endorsed the program, and recommended to the City Commission that it be adopted and an election called on bond issues to finance it. The City Commissioners accepted the recommendation of this Committee and by unanimous vote ordered the election on September 13 for a decision on issuing \$4,300,000 in bonds over a five-year period.

**Q—Precisely what will be done with the funds if the bond issues are approved?**

**A—**The money will be spent as follows:

1961	
<b>WATER TREATMENT PLANT</b>	
Clearwell	\$ 275,000
Filters	90,000
Right-of-way and land	33,000
<b>Sub-Total</b>	<b>\$ 398,000</b>

<b>WATER DISTRIBUTION MAINS</b>	
Wright Airport, Settles, & Clanton Addn.	\$ 63,800
Jones Valley	14,600
Kennebeck Heights Subdivision	22,000
Lockhart Addition & Cedar Ridge	27,000
16th and Settles Streets Area	8,000
East 4th	13,800
Northside	32,600
Austin at 14th	1,700
4th Street and Business Area	142,500
West 3rd and 4th Streets Area	73,000
Interstate Highway Crossings	20,000
<b>Sub-Total</b>	<b>\$ 421,000</b>

<b>SEWER LINE EXTENSIONS</b>	
Wright Airport, Settles, & Clanton Addn.	\$ 94,000
Lincoln and Sunset Addition	14,900
Northside	6,500
East 3rd and 4th Streets	27,700
Main at F.M. 700	23,200
Kennebeck Heights Subdivision	40,000
Lockhart Addition & Cedar Ridge	41,700
<b>Sub-Total</b>	<b>\$ 250,000</b>

<b>FLOOD &amp; EROSION CONTROL</b>	
Soil Conservation Service Participation	\$ 20,000
<b>TOTAL</b>	<b>\$1,089,000</b>

1962	
<b>SEWAGE TREATMENT PLANT</b>	
	\$ 730,000
<b>ELEVATED STORAGE FOR BUSINESS AREA</b>	
	225,000
<b>TOTAL</b>	<b>\$ 955,000</b>

1963	
<b>WATER DISTRIBUTION SYSTEM</b>	
Feeder Main to New Elevated Storage	\$ 97,000
Feeder Main to South Mountain (First Stage)	74,000
<b>Sub-Total</b>	<b>\$ 171,000</b>
<b>TWO NEW FIRE STATIONS</b>	
	\$ 170,000
<b>PARKS AND RECREATION</b>	
	\$ 75,000
<b>FLOOD CONTROL</b>	
Miscellaneous Structures and Right-of-Way	\$ 85,000

<b>STREETS</b>	
City Participation in Paving Assessment Program	\$ 250,000
<b>TOTAL</b>	<b>\$ 751,000</b>

1964	
<b>SEWAGE COLLECTION SYSTEM</b>	
Beals Branch Trunk Sewer	\$ 227,000
Downtown Relief Sewer	40,000
Relief, 9th and Settles Streets	3,000
<b>Sub-Total</b>	<b>\$ 270,000</b>

<b>STORAGE AND PUMP STATIONS</b>	
State Park Reservoir	\$ 75,000
City Park Booster Pump Station	15,000
<b>Sub-Total</b>	<b>\$ 90,000</b>

<b>FLOOD CONTROL</b>	
First Stage Channel Improvements, Appurtenant Works and Storm Sewers (Beals Creek and Sulphur Draw)	\$ 470,000
<b>TOTAL</b>	<b>\$ 930,000</b>

1965	
<b>WATER TREATMENT PLANT</b>	
(Sedimentation and Flocculation Basins and Additional Storage)	\$ 575,000
<b>GRAND TOTAL 1961 THROUGH 1965</b>	<b>\$4,200,000</b>

**Q—How will the bonds be financed?**

**A—**The First National Bank of Dallas, financial advisor to the City, made a careful study of the present debt of the City and the proposed capital improvement program and made

recommendations for the financing of the bonds. It is proposed to issue:

Water and Sewer Revenue Bonds	\$2,230,000
General Obligation Bonds	\$2,070,000
<b>TOTAL</b>	<b>\$4,300,000</b>

It is recommended that the bonds be paid by increasing the water rate sufficiently to finance the entire 4.3 million dollar program without raising taxes. This combination of revenue bonds and general obligation bonds will enable the City of Big Spring to secure an excellent rating on its bonds and therefore realize a low interest rate when the bonds are placed on sale for competitive bids. If the City can secure an 'A' rating on its bonds, a saving of over \$100,000 in interest could very easily be realized. The financial advisors have set up the bond schedule, coverage, and protective covenants to enable us to qualify for an 'A' rating.

**Q—What will the new water rate be?**

<b>A—The proposed rate is:</b>	
First 3,000 gallons	\$3.00 (Min. Bill)
Next 47,000 gallons	0.50 per 1,000 gal.
Next 50,000 gallons	0.45 per 1,000 gal.
All over 100,000 gallons	0.40 per 1,000 gal.

At present the city pays 18.5¢ per 1,000 gallons for raw water delivered at the CRMWD 15 million gallon reservoir north of the Snyder Highway. After the raw water is treated, pumped to the reservoirs, used by the consumers, meters read, billed and collected, it costs the City 38.5¢ per 1,000 gallons. Under the present rate, after a customer uses the minimum, the city sells the next 100,000 gallons at 35¢ or a 3.5¢ per 1,000 gallons loss, all water over a 103,000 gallons the City presently sells for 30¢ per 1,000 gallons or an 8.5¢ per 1,000 gallons loss. The new rate will give the city a profit in its operation of the water system and provide enough money to retire the entire \$4.3 million dollars in bonds over a period of 25 to 30 years. **TAXES WILL NOT HAVE TO BE RAISED ONE CENT TO PAY FOR THESE BONDS.**

**Q—Will this bond issue increase my taxes?**

**A—NO—**The bonds will be financed from revenues from the water and sewer systems. The City Commission has gone on record that the tax rates will not be increased for the tax year 1961. After 1961 the City Commission feels that the economic conditions existing at that time will have to be considered before committing the tax rate for 1962, 1963, etc.

**Q—Will all the bonds be sold at one time?**

**A—**A detailed schedule for the selling of the bonds has been prepared by the First National Bank of Dallas. They will be sold each year in the amounts scheduled to be used for construction that year and at a time chosen by the financial agent to be the best market for such bonds.

**Q—How will the bonds be sold?**

**A—**The bonds will be sold on a competitive bid basis to the highest and best bidder. The City reserves the right to reject any and all bids.

**Q—Does this bond issue include all costs such as land, right-of-way, engineering, inspections and contingencies?**

**A—Yes.**

**Q—How will contracts be awarded?**

**A—**Plans and specifications will be prepared by the engineers and sealed bids based on these plans and specifications will be received by the City Commission and contract awards will be made to the lowest and best bidders.

**Q—How long will it take to complete the program?**

**A—**The engineers have assured the City Commission that if the bond election carries and they are authorized to proceed with plans and specifications in September, they will complete the plans and specifications by early in 1961, assist in the awarding of contracts. The contractors in turn will have ample time to complete the entire first year program by August 31, 1961. This means that most all of the water and sewer improvements will be completed in time to be of

great benefit during next summer. The remainder of the program will be scheduled to be completed yearly as proposed so that the entire program will have been completed by the end of 1965.

**Q—If this bond issue is passed how can we be assured where the money will be spent?**

**A—**The state law provides that any bond money voted for fire stations must be spent on fire stations and any money voted for streets must be spent on streets. The same thing holds true for all eight issues — any money voted for a specific purpose can be spent only for that purpose. This assures the citizens that regardless of changes in administration, the bond program will be carried out as planned and voted.

**Q—Is this a "package" program?**

**A—Yes.** The entire growth program is designed to be developed as a complete five-year package and to be financed as a complete five-year package. For example, the water treatment plant cannot function efficiently without the new clearwell storage or the elevated storage reservoir. The sewage treatment plant would be only half utilized if a new trunk sewer could not be built. Therefore it is important that all issues be considered together so that the most efficient, most economical construction methods can be used, and the lowest interest rate be realized in the sale of the bonds.

**Q—Will the new fire stations reduce my insurance premium?**

**A—**Insurance premiums are based on many different things: Location of fire hydrants, size of water lines, available fire stations, type of fire fighting equipment, fire losses during previous years, number of fire fighting personnel, etc. This proposed growth program will provide for most of the recommendations made by the Fire Prevention and Engineering Bureau of Texas which makes annual inspections of Texas cities and recommends necessary additions and changes in their Fire Department in order that they might have the most effective force for preventing and fighting fires. All of these things tie together to give each citizen the lowest possible fire insurance rate. This Bureau has written this recommendation to Big Spring: "That dependent upon development and growth, plans be made for the establishment of a fire station in the Douglas Addition and a second station in the general vicinity of Farm Road 700 and old State Highway 80." This has been proposed in the growth program in the year 1963.

**Q—How will the street paving funds be spent?**

**A—**The street system of Big Spring consists of 113 miles of streets of which only about 50 miles are paved. By the end of 1961, the present street paving program plus streets paved in subdivisions at the entire expense of the developers will total some 7 to 9 miles of paving, making a total of approximately 59 miles of paved streets in Big Spring. There will still remain 54 miles of unpaved streets that are costly to maintain. Petitions are being received now and will be received until late 1962 for citizen participation in a second paving program in 1963 of almost 9 miles of new paved streets. The \$250,000 in proposed bonds will be spent as the city's share of the next paving program.

**Q—How will the parks and recreation money be spent?**

**A—**All the present parks will receive shelters, barbecue pits, swings, seesaws and other recreational equipment. It is hoped that at least three new parks can be opened and equipped for the enjoyment of our citizens.

**Q—Will the new sewage treatment plant enable the city to sell more effluent to Cosden Petroleum Corp.?**

**A—**The City now sells Cosden approximately \$10,000 worth of sewer effluent annually. The new plant will be designed in cooperation with Cosden engineers so that it will treat ample sewage to Cosden specifications. Negotiations have already begun which we feel will result in the use by Cosden of substantially more effluent once the new plant is completed. This will not only save Cosden money over the purchase of raw water from the City but will release many millions of gallons of raw water for the use of the citizens of Big Spring.

**Q—Who pays for water lines, sewer lines and paved streets in a new subdivision?**

**A—**The developer or subdivider pays the entire cost of all water lines, sewer lines and curb and gutter and paved streets within the new subdivision. The city assumes the maintenance of the facilities when they are completed and this subdivision is annexed into the City.

**Q—Do we have enough water supply in Lake J. B. Thomas and Moss Creek and Powell Lake to last us indefinitely?**

**A—**The average daily supply of water from all sources presently available to the City of Big Spring is as follows: Lake J. B. Thomas, 14 million gallons per day; Moss Creek and Powell lakes, 1.5 million gallons per day; water fields, 3.5 million gallons per day for a total of 19,000,000 gallons daily. The planners also tell us that by the year 1967 we will need 19 million gallons per day to meet the peak demands. This means that by that time we will need additional sources of supply in order to meet our requirements. CRMWD is presently at work on preliminary plans for a new lake in Mitchell County which, when completed, will more than double the available supply of water for Big Spring. Plans also include study for supply as needed in the years prior to the completion of the new lake.

## VOTING INFORMATION

### WHERE AND WHEN

Voting in the municipal bond election will be at the Central Fire Station, Fourth and Nolan Sts., Tuesday, Sept. 13, 1960, from 8:00 a.m. to 7:00 p.m.

### WHO IS ELIGIBLE?

Qualified voters in the election are those persons who are residents of the City of Big Spring, who have paid their poll tax or who possess an exemption certificate for the current year, and who own in the City of Big Spring taxable property of any kind which appears on the current tax rolls of the City.

### EIGHT ISSUES

There are eight proposals on the ballot. State law requires that each issue be designated, and voters have the opportunity to vote for or against each issue. It is important that each voter mark every proposal on the ballot.

# BIG SPRING DAILY HERALD

SEC. B

BIG SPRING, TEXAS, FRIDAY, SEPTEMBER 9, 1960

SEC. B

## Howard County Operations To Cost \$2,500 Per Day

EDITOR'S NOTE—This is the second in a series of three stories on the 1961 budget for Howard County. Public hearing is slated for Monday.

**By SAM BLACKBURN**  
Howard County Commissioners anticipate that cost of county governmental functions in the coming year will cost \$2,500 for each calendar day. They have set up a tentative budget based on this estimate—\$914,524.41.

The expenses of county government include the operations of the courts, the building and maintenance of county roads, the retirement of bonded obligations and the interest charges against such obligations; salaries for all elective and appointive officials and the general expenses which develop from the maintenance and operation of the numerous agencies that must be maintained. Charity—relief for the county's needy—is one important item in the cost of county government.

**TAXES**  
To provide the funds for this daily operation of the county government, the taxpayer in Howard County is required to pay taxes at the rate of \$1.02 on each \$100 worth of property he owns. This, however, does not produce all of the revenue for the county government. The ad valorem taxes bring in approximately \$500,000 to the county budget. It is estimated this year's tax collections will produce \$509,490.

Other funds reach the county offer to bring in the total amount required. Biggest of these extra funds is \$175,000 which the county gets from the distribution of auto license plates. Fines, fees, and other sources bring in the additional money.

The county road and bridge department gets the biggest chunk of county funds. The new budget estimates that road and bridge will require \$342,600.

Officer's salary fund is second largest item. The budget sets up

\$190,500 for this fund in 1961. The general fund will require \$165,000 and the interest and sinking fund—money used to pay off bonds which fall due and interest which has accrued against these securities—is next largest. The county will spend \$125,100 for this purpose in 1961.

Jury fund—set up for the operation of the courts—will need \$20,000; the permanent improvement fund \$10,000. Other funds in the budget, lumped together, will absorb \$53,524.41. These are the library, the law library, airport operations, court house and jail building funds.

**DEBT**  
Howard County owes \$1,312,000 in bond obligations. Two issues which provided the county with the court house and jail and with the furniture and facilities of these buildings account for \$603,000 of this debt. Back in 1954, the county voted bonds for roads and still owes \$149,000 on this pledge. In 1956, the county voted half million dollars to build a new county airport.

**\$4,000 GOAL**

Under the leadership of the Big Spring Pastors Association, volunteers are being made for voluntary support of the Bible classes in Big Spring High School.

The association has set a minimum goal of \$4,000 to finance the year's work. Almost half of this is expected to be forthcoming in direct budget support from the churches. The remainder must come—as it has for the past 15 years—from contributions by individuals, organizations and sometimes businesses.

The reason that the Bible classes must be financed in this manner is simple. Under state law no tax funds may be used in financing the instruction of Bible classes, although recognized credit may be earned in the courses.

**VETERAN INSTRUCTOR**  
Since the program was first offered in Big Spring High School in 1945, the association has paid for the instructional and incidental costs out of the Bible fund supplied by churches and other contributors. Mrs. Johnny Johansen served as instructor for half a dozen years, took a leave for several years, and since 1955 has been the regular instructor. Time and again she has won the commendation of the association as well as from school authorities

and hundreds of parents and pupils. Sometimes miscellaneous funds, such as offerings at special association functions, are applied to the Bible classes, but by and large, this annual appeal conducted largely through the columns of the Herald is the backbone of financial support.

**NO SOLICITATION**  
No campaign as such is waged. Contributors simply leave their gifts at, or mail them to, the Herald, (Box 1431) and these are duly recognized in the next issue of the Herald. If the donor wishes to remain anonymous, his wish will be respected. The association will audit all funds and will deposit them to the Bible Fund account.

Prompt response, as in the past, is urged. Plans call for completion of the fund appeal on Sept. 25, which will be observed as Bible Class Day in most local churches.

**Under the heading of administrative expenses are the commissioners' salaries of \$18,058 and their car expense allowance of \$3,600. The engineer's salary—\$7,200—and the salaries of his assistants—\$9,240—are also charged against this fund. The next biggest item is social security payments which will run \$5,571. Total for administrative expenses is \$44,589.**

**DETAILS EXPENSES**  
The budget details each department's scheduled expenses and the road and bridge is the largest of the lot. Of a total allocation of \$342,600 earmarked for this department, \$151,200 will be required to pay the salaries of road and bridge crews.

The department will use \$20,000 worth of gasoline and oil; \$6,500 in tires and tubes; \$30,000 for parts and repairs to machinery the county uses. The department

will spend \$9,000 for caliche and water and \$3,000 for cement and patching materials. An equal amount will be expended for lumber and hardware.

Anticipating a heavier expense for assessments for roads, \$15,000 has been set up for right of way acquisition. Moving fences, utility lines and poles is earmarked for \$5,000. Construction contracts and materials is allocated \$29,150. The county anticipates it will buy \$5,000 worth of fence posts, wire and staves in 1961. Construction of cattergards and culverts will cost \$8,000. Paving expenses are expected to run \$10,000.

**ADMINISTRATIVE**  
Under the heading of administrative expenses are the commissioners' salaries of \$18,058 and their car expense allowance of \$3,600. The engineer's salary—\$7,200—and the salaries of his assistants—\$9,240—are also charged against this fund. The next biggest item is social security payments which will run \$5,571. Total for administrative expenses is \$44,589.

**1,000 Youngsters Have Taken Class**

Within the past 15 years, more than a thousand young people have learned more about their Bibles because Big Spring people and Big Spring churches have underwritten a high school Bible course.

For most of that time Mrs. John Johansen has been the instructor in this non-denominational study

of the Bible for its great literature and ethical values. Although the 90 pupils enrolled in four classes is down slightly from last spring's peak, there is no lag in popularity of the class. Several electives, not previously available for one reason or another, have been offered this year, so that Big Spring students to these electives.

**OPTIONAL**  
Young people enrolled in the Bible classes are there by choice. This is not because it is a "crisp" course, far from it. During the first semester the Old Testament—the New Testament in the spring semester—is studied with three days of each week given over to study of new material, the other two days to visual aids, review and testing. Each student keeps a notebook, and each is encouraged to select a project of his own choosing. For instance, the musically inclined might develop a composition based on a favorite passage. Another might make a home movie of costumed Biblical characters. Some may make a model tabernacle, a tiny temple, an altar or an illustrated map. Mrs. Johansen has a list of suggestions, but the student may create his own project.

Aside from the class work, a student may, if he so desires (and most of them do) to join the Bible Club which meets monthly. Each class section has its own officers, and each section is responsible for part of the club program.

**CLUB MEETINGS**  
Sometimes these monthly club meetings take the form of an outdoor session; sometimes as an inspirational program; sometimes a dramatization. The regular class fare is solid, and optional activities of the club offer a diversion. The outstanding boy and girl students in the class is recognized by having their pictures in the yearbook as departmental honor students. Occasionally there are

other awards for exceptional performance.

The make-up of the class is about equally divided among boys and girls. For some reason there are more seniors and sophomores enrolled than juniors. There is a better than average representation of the campus leadership in the Bible Class enrollment.

**APPLIED TEACHING**  
In addition to gaining appreciation for the Bible and to learning the mechanics of using the Bible, or of relating passages to historical background and context, students are encouraged to note how great moral teachings can be put to work in day to day living.

Mrs. Johansen studiously avoids doctrinal matters. When these problems arise, she has one answer: "I suggest you talk with your minister."

If this year's pattern follows that of previous years, Mrs. Johansen will have more enrolled in Bible at the end of the year than at the beginning.

**Airman Wins**

In a close finish with eight men vying for Distinguished Graduate honors, A.L.C. Morris E. Wade gained the nod after much deliberation. Major Wilson A. Nixon hands him "top-man" certificate at graduation ceremonies from the Webb NCO Academy.

## New Law Gives Reservists, Guardsmen Protection

**DALLAS**—Members of the Reservists and National Guard are affected by an amendment to the Universal Military Training and Service Act which becomes effective on Sept. 10, 1960.

Regional Director George M. Dunlap of the U. S. Department of Labor's Bureau of Veterans Reemployment Rights said that the new law protects those who perform short tours of training duty from the loss of seniority, status, pay and vacation entitlements while on such training duty.

If they become disabled while training and cannot perform the duties of their regular positions, they are entitled to re-employment in other positions which they can perform in line with their disability, he said. Also, if they are hospitalized incident to their training duty they may delay application for re-employment for a period up to one year because of their hospitalization.

"Under the new amendment," Dunlap said, "those performing short tours of training duty only must now request a leave of absence from their employers before leaving for such training and must report for re-employment at the time of their discharge."

## Bohannon Wins Sales Contest

Don Bohannon Distributing Co. has been informed that it has won second-quarter top honors for showing the largest percentage of increase of Falstaff beer sales in the state of Texas.

The period covered the months of April, May and June, with a sales contest built around the theme of "Double Playtime." During the period an extensive newspaper advertising campaign was carried on, with several multi-color page ads.

Bohannon, as winner of the contest, is to be presented an old-fashioned bicycle built for two. Presentation is slated here Sept. 19, and following the ceremony, Bohannon and Falstaff officials are to ride the bicycle around town making calls on retailers.

Expected here for the presentation are Jim Vasey, Galveston, advertising division manager of the Southwest Division of Falstaff; Harold White, territory manager of Waco; Mac Randolph, district manager from San Angelo, and Dana Kestenbaum, distributor in Marlin who will make the presentation.

Other awards for exceptional performance.

The make-up of the class is about equally divided among boys and girls. For some reason there are more seniors and sophomores enrolled than juniors. There is a better than average representation of the campus leadership in the Bible Class enrollment.

**APPLIED TEACHING**  
In addition to gaining appreciation for the Bible and to learning the mechanics of using the Bible, or of relating passages to historical background and context, students are encouraged to note how great moral teachings can be put to work in day to day living.

Mrs. Johansen studiously avoids doctrinal matters. When these problems arise, she has one answer: "I suggest you talk with your minister."

If this year's pattern follows that of previous years, Mrs. Johansen will have more enrolled in Bible at the end of the year than at the beginning.

## Toastmasters Plan District Meet At Webb

Members of the District 44 Toastmaster's International will hold their fall district council and convention at Webb Air Force Base Saturday.

Represented at the convention will be the 32 clubs in the district, which extends from Dumas to Pecos and from Abilene to, but not including, El Paso.

Between 50 and 75 members are expected to register at the Academic Building at Webb AFB Saturday morning at 9:30 a.m. At 1 p.m. Saturday afternoon, preliminary roundoffs will take place in a humorous speech contest. The field will be narrowed down to one contestant from each of the six areas in the district. A winner will be chosen at a banquet Saturday night.

The district council meeting is set for 2 p.m. in the Academic Building.

At 7:30 p.m. Saturday members will attend a banquet at the Cosden Country Club.

Bill Denford, Amarillo, is district governor. Capt. Nolan Young, Webb AFB, is lieutenant governor and Sgt. Rick Clark, also of Webb, is convention chairman.

## Commuters Poised

The Commuters' League will start bowling practice Monday morning at 9 o'clock at the Bowl-A-Rama. All members are urged to be present.

## Why you need collision insurance:

1. Your modern car costs more to repair. Simply repairing a smashed rear end could cost you more than three yearly average premiums for Allstate collision insurance.
2. There may be no "other guy" to foot the bill. Your parked car may be damaged by a hit-and-run driver... or a blowout could wreck your car. Without collision insurance, you'd be stuck with all the repair bills.

**Find out how Allstate can help you protect your investment in your car**

when your eyes are examined

**BE SURE YOU GET THE INSIDE STORY**

- In a truly scientific eye examination, there are two important aspects. Be sure you get both. First, at TSO, competent Doctors of Optometry examine the inside of your eyes for evidence of disease. This is done with the ophthalmoscope — an instrument used by Doctors of Optometry and medical doctors for this purpose.
- Second, your eyes are examined for visual abnormalities such as astigmatism, near or farsightedness and muscle imbalance.
  - Should glasses be needed, you can be sure they will be prescribed and fitted for the clearest, most comfortable vision possible.
  - Texas State Optical is directed by Dr. S. J. Rogers and Dr. N. Jay Rogers, Optometrists.
  - Consult your telephone directory for the TSO office nearest you.

### Rev. J. E. Leatherwood, new associate pastor of First Methodist Church, will assist the Rev. Dewitt Seago and work in the area of evangelism and membership-cultivation, and give some time to youth guidance.

Rev. J. E. Leatherwood, new associate pastor of First Methodist Church, will assist the Rev. Dewitt Seago and work in the area of evangelism and membership-cultivation, and give some time to youth guidance. Rev. Leatherwood has had wide experience as an associate minister, having served at First Methodist in Houston and First Methodist in Plainview under the Rev. J. O. Haynes, former pastor of this church. He has made an outstanding record in his field. Rev. Leatherwood came to Big Spring from Lamesa where he was associate pastor of Clark Methodist Church. He and Mrs. Leatherwood have two daughters and six grandchildren.

# Speaker To Discuss Recent Trip To Brazil

Glenn Owen will be a guest speaker at the 14th and Main Church of Christ Sunday. He will speak on Christ for the world, through the local congregation. Owen recently completed a three week survey trip in Brazil. At the evening service he will show slides and make a report on his visit.

Walter Kreidel and family will be among a group of missionary families leaving for Brazil on June 1, 1961. They will begin work at Sao Paulo. The 14th and Main Church will support the family there.

### Baptist

**BAPTIST TEMPLE**—The Rev. A. R. Posey—11 a.m., "Pictorial Presentation of Persuasion"; 7:30 p.m., "Victory by the Cross."  
**HILLCREST BAPTIST**—The Rev. H. L. Bingham—11 a.m., "Vacation Ended"; 7:45 p.m., "Consuming Fire."

**FIRST BAPTIST**—The Rev. Frank Pollard—8:45 a.m., "When A Heart Is Calloused"; 11 a.m., Dr. P. D. O'Brien, "The Four Square Life"; 7:45 p.m., Rev. Pollard, "His Call for Our Best."  
**PHILLIPS MEMORIAL BAPTIST**—The Rev. D. R. Philleby—10:30 a.m., "God's Call to Reason"; 7:30 p.m., "The Mission of John the Baptist."

**EAST FOURTH BAPTIST**—The Rev. Jack L. Stricklan—11 a.m., "Trading Trust for Lust"; 7:30 p.m., "A Young Man's Greatest Battle."

**NORTHSIDE BAPTIST**—Roy Johnson, a member of church.

will be guest speaker for 11 a.m. service. The Rev. R. B. Murray will return to the pulpit for the 8 p.m. service.

### Bethel Temple

The Rev. Jack C. Crawford—Services 10 a.m., Sunday school, 11 a.m., morning worship; 8 p.m., evening service. Midweek service is at 8 p.m. Tuesday.

### Catholic

**ST. THOMAS**—The Rev. Fr. Francis Beazley. Mass will be said at 7 and 11 a.m.; rosary and benediction are at 7 p.m. Sunday. Confessions are heard on Saturday from 4:30-6 p.m. and 7-8 p.m. Week day masses are at 7 a.m. except Wednesday, when mass is at 6 p.m.

**SACRED HEART**—(Spanish-speaking)—The Rev. Fr. Patrick Casey. Mass at 8 and 10:30 a.m. Confessions Saturday from 5-8 p.m. and 7-8 p.m. Benediction at 8:30 p.m. Sunday.

**FIRST CHRISTIAN CHURCH**—The Rev. John Black Jr.—11 a.m., "Tighten Your Losing Hold—Stiffen Your Wavering Stand"; 7:30 p.m., "Leverage Power."

### Christian Science

God's promises to mankind are being substantiated today through scientific understanding of Spirit. This is a theme of the Lessons' Sermon on "Substance" which will be read this Sunday at all Christian Science churches.

### Church of Christ

**14TH AND MAIN**—Glenn Owen will be guest speaker for the 10:30 a.m. service—"Christ for the World Through the Local Congregations"; 7 p.m., Owen will make a report and show slides of a recent trip to Brazil.

### Church Of God

**FIRST CHURCH OF GOD**—The Rev. V. Ward Jackson—10:30 a.m., "The Key to God's Storehouse"; 7:30 p.m., "The Purpose of the Church."

## Chaplain Hitt Is Evangelist

Chaplain C. O. Hitt, on leave from the Veterans Administration Hospital here, is to be the evangelist for a meeting in the Carmel Baptist Church at Lindale, which is pastored by his son, the Rev. Harold Hitt.

The Rev. Hitt was reared at Lindale and supplied many of the pulpits in the Smith County association as a student pastor, but until his son became the Carmel minister, he had never preached in this particular church, the oldest in the association.

Mrs. Hitt will join him and their son and his family there, a week from today.

7:30 p.m., "God Has Riches Untold."

### Gospel Tabernacle

The Rev. Jack Locker—services: 10 a.m., Sunday school; 11 a.m., morning worship; 7:45 p.m., evening worship.

### Jewish

Services at 7:30 p.m. at 900 Runnels.

### Latter-Day Saints

Webb AFB Chapel annex—9:30 a.m., priesthood; 11:30 a.m. Sunday school; 5 p.m., sacrament.

### Jehovah's Witnesses

Melvin Stelle of Odessa will conduct a public lecture at 6 p.m. "Achieving Happiness in the Family Circle." The Watchtower Study will be at 7 p.m. on "The Mark of the Spirit" and will be led by Jack O'Shields.

### Lutheran

**ST. PAUL LUTHERAN**—The Rev. Clair Wiederhoff—11 a.m., "We Christians Are Ambassadors for Christ."

### Methodist

**FIRST METHODIST**—The Rev. Dewitt Seago—11 a.m., "Religion of Action"; 7:30 p.m., Rev. J. E. Leatherwood—"What Is Your Name?"

**NEW METHODIST**—The Rev. C. W. Parmenter—11 a.m., "Convict No One"; 7:30 p.m., "Songs in the Night."

**WESLEY METHODIST**—The Rev. Royce Womack—11 a.m., "Mustard Seed Faith"; 7:30 p.m., "The Purpose of the Church."

### Nazarene

**CHURCH OF NAZARENE**—The Rev. W. M. Dorrough—10:45 a.m., "The First and Great Commandment"; 7 p.m., "What is the Price?"

### Presbyterian

**FIRST PRESBYTERIAN**—The Rev. R. Gage Lloyd—10:45 a.m., "Christian Olympics"; 7:30 p.m., second in a series of sermons on women of faith-Rahab.

**ST. PAUL PRESBYTERIAN**—The Rev. Al Seddon—11 a.m., "No Other Gods"; 7:30 p.m., "The Christian Sabbath."

### Pentecostal

The Rev. O. F. Viken—10 a.m., Sunday school; 11 a.m., morning worship; 7 p.m., evening service.

### 7th Day Adventist

Services at 2:30 and 3:30 p.m. Saturday.

### Webb AFB

**CATHOLIC**—Chaplain John L. Howard—Masses at 9 a.m. and 12:15 p.m. Confessions from 7-8:30 p.m. Saturday.

**PROTESTANT**—General Protestant service will be in charge of Chaplain Lewis H. Dunlap, "Always with God."

## Isaiah's Vision of the Future

THE REPEATED PREDICTION OF A DAY WHEN THE KINGDOM OF CHRIST, ESTABLISHED ON THIS EARTH, WILL EXERCISE AUTHORITY OVER ALL MANKIND

Scripture—Isaiah 2:1-4; 9:1-7; 11:1-9.

By NEWMAN CAMPBELL

"THIS LESSON concludes our series of studies in the major prophetic book of the Word of God, Isaiah—extensive, inexhaustible, with the most exalted sentences that ever came from the lips of any servant of God before the advent of our Lord. Alexander Whyte has rightly said, 'As we read and study Isaiah we come to feel and see that he was perhaps the greatest orator that ever opened his mouth on the face of the earth. He was perhaps the most eloquent speaker that ever stood up to speak to his fellow men.'—Peloube's Select Notes, by the Lord from Jerusalem." Isaiah 2:1-4. "And he shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up sword against nation, neither shall they learn war any more."—Isaiah 2:4.

"Isn't it tragic that in our day, centuries after the wise prophet Isaiah passed away, wars are still going on in certain parts of our world, and that there are threatenings of wars to be waged with infinitely more deadly weapons than were dreamed of in Isaiah's time?"

"And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots; and the spirit of the Lord shall rest upon Him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord."—Isaiah 11:1-2.

"This One is Jesus Christ, of course, and if we follow His teachings, we will love our neighbors and even our enemies. We must pray earnestly to Him to help us to live as He would have us; then we cannot go wrong. Let us read our Bibles and strive to be like Him. Based on copyrighted material. The copyright is owned by the National Council of Churches of Christ in the U.S.A., and used by permission. Distributed by King Features Syndicate."

"He shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up sword against nation, neither shall they learn war any more."—Isaiah 2:4.

### GOLDEN TEXT

"He shall judge among the nations, and shall rebuke many people; and they shall beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up sword against nation, neither shall they learn war any more."—Isaiah 2:4.

## Gideons Have Been Busy; Accomplished Much

By JOSEPH E. MOHAT  
CHICAGO (AP)—One of the few things the traveler may count on when checking into a strange hotel is that, among the stationery, laundry slips and dust of the dresser drawer, he will find a black-bound Bible, King James Version.

It may appear used and worn, or new and untouched. It may contain letters, notes or, on occasion, a \$10 bill. For some it may have been a source of inspiration, for others a paperweight. It's one of 44 million Bibles distributed by the Gideon Association since the first one was left in a room of the Superior Hotel in Iron Mountain, Mont., in November 1906. The name of Iron Mountain since has been changed to Superior.

That was about 10 years after the inspiration for the association came to three traveling men in Wisconsin—John H. Nicholson of Janesville, Samuel E. Hill of Beloit and William J. Knights of Wild Rose. The Gideons—officially the Christian Commercial Men's Association of America—was founded, July 1, 1899, in Janesville.

Today the Gideons, whose mission is to spread Christianity on a man-to-man basis wherever traveling men meet, spend nearly one million dollars a year on their Bible distribution program. Although the association engages in other, less expensive evangelical activities, Bible handouts have become, in effect, the trademark.

The Scriptures go not only to hoteliers, but to school children, nurses, prisoners and servicemen throughout the United States and 53 foreign nations. Light blue Bibles with the owner's name stamped in gold are presented to Cabinet members, Congressmen, Supreme Court justices and governors. To be a Gideon—and there are 12,000 of them in 300 camps around the nation—requires membership in a Protestant church. It also requires holding a supervisory or administrative position in business.

Gideon activities are financed by donations and church offerings, as well as the \$15 annual membership fee. Operations are coordinated by international headquarters in Chicago and by an upfield, four-man international cabinet elected by the membership at annual conventions.

Few Bibles are stolen, says R. V. Heringlake, office manager of the Chicago headquarters. When it does happen, the incident often is followed by conscience-stricken letters and an occasional donation. Cooperation by hotel and motel managers, Heringlake reports, is nearly 100 per cent.

How is the success of the bonjour Bibles measured? It's difficult, says Heringlake. About the only yardstick is a gratifying flow of letters every week from persons who say their lives were changed and their hotel-room blues dispersed by the Scriptural meditation offered by the Gideon Bibles.

Who was Gideon? He was a Biblical figure—an Israelite hero who, with a small band of followers, defeated the Midianites and ruled Israel for 40 years.

"He was a man," says Heringlake, "willing to do exactly what God wanted him to do."

## New Chaplain Reports Here

Chaplain Benjamin F. Meacham reported to Webb AFB this week to begin his work here. He comes from 51st Fighter Interceptor Wing, Naha Air Base, Okinawa. The Meacham family consists of his wife, Mildred, and two children Richard and Marilyn. Chap. Meacham's home in Rockingham, N. C. He received his education at Duke University. He had active war experience in World War II; from 1942-1946 and was called again to active duty in 1951 where he has remained since that time.

### Gideons Busy

LOS ANGELES (AP)—Gideons International placed 2,773,462 Bibles and New Testaments in 53 nations in the year which ended July 1. The organization, founded in 1909, now has about 12,000 members in the United States, according to a report adopted at the group's annual meeting.

### To Candidates

**NOTRE DAME, Ind.**—The Rev. Theodore M. Hesburg, C.S.C., president of Notre Dame University, has sent identical invitations to presidential candidates Richard Nixon and John Kennedy to address the Notre Dame student body on "the spiritual and moral issues facing America in the years ahead."

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	6	24-34
Monday	Psalms	5	1-3
Tuesday	John	7	17-18
Wednesday	Acts	26	19-20
Thursday	Philippians	2	1-8
Friday	Revelation	3	12
Saturday	Psalms	15	1-2

Copyright 1946, Editor Ads. Service, Strasburg, Va.

Deep in the human heart is the desire for greater and wider vision. It prompted early man to climb the trees and to scale the peaks. Every year it lures thousands to the top of the Empire State Building. It inspired the telescope and microscope, and eventually radar.

Similar to this yearning for vision, yet sacred in its powerful prompting, has been man's spiritual quest. Although there is much natural evidence around us to prove there is a God, we want to understand His mind, His power and will . . . His heart!

No human inventions are needed here. In the Church established by Jesus Christ, in the Truth taught by Jesus Christ, in the Life inspired by Jesus Christ — each of us finds that wider vision his soul craves.

# Job Picture Less Happy

WASHINGTON (AP)—Both the number of jobholders and unemployment declined in August in what was a somewhat less favorable job picture. It showed a sizable jump in the idle rate.

The Labor Department reported today that employment declined from 68,689,000 in July to 68,282,000 in August, a drop of 407,000. This is a record for August. But the seasonal trend is for the employment total to remain almost unchanged from July.

Unemployment declined from 4,617,000 in July to 3,781,000 in August, a decrease of 229,000. The total work force declined by 636,000. Most of the drop was in agriculture as expected.

The rate of unemployment to the total work force rose from 5.4 per cent in July to 5.9 per cent in August—the highest such rate since last November.

Seymour Wolfbein, deputy assistant secretary of labor, said, however, that the idle rate does not take into account the early automobile industry model

changeovers this year. He said the department never has been able to adjust properly for seasonal changes in the auto industry.

On the over-all job picture, Wolfbein said that employment is continuing to move along "at a very high plateau." But, he said, this bright picture on the employment side is tempered by reduced job holding in the steel industry.

As for unemployment, Wolfbein said the idle figures have not "satisfied expectations" for improvement.

He said that unemployment while declining 229,000 in August should have declined on a seasonal basis by some 500,000.

Non-agricultural employment, at 61,828,000, represented the highest total in history. Non-farm payroll employment, at \$3,360,000, set a record for August.

## Luxury Taxes

TEHRAN, Iran (AP)—Iran has imposed stiff new import taxes on luxuries that will increase the price of perfume six times and make the price tag on a \$5,000 American car more than \$13,000.

## Death Toll 25

ROKSBERG, South Africa (AP)—A final death toll of 25 was announced today in the rockfall that occurred last Saturday in the East Rand gold mine here.

**U.S. Court Won't Block Monitor**

WASHINGTON (AP)—The U.S. Court of Appeals has declined to block the appointment of Terence F. McShane, a onetime FBI agent, as chief monitor of the Teamsters Union.

The court action Wednesday was a setback for James R. Hoffa, president of the big union of truck drivers. Hoffa has fought the monitors since they were named to supervise his union nearly three years ago.

**Exam Slated For Labor Program**

U. S. Civil Service Examiners have announced openings for foreign labor service representative in the Mexican farm labor program for the grade GS-7; \$5,355 per year.

Applicants must speak fluent Spanish and will be rated on their past experience and training.

The positions are located throughout the Southwest. Application forms and information may be obtained from the Big Spring Post Office.

**Bands Play As Nixon HQ Opens**

DALLAS (AP)—A band blared and pretty girls handed out literature at the opening Thursday of Dallas County Republican headquarters for the Nixon-Lodge ticket.

Erik Johnson, chairman of the county GOP finance committee, and county chairman Peter O'Donnell spoke briefly. The headquarters will distribute campaign literature and supervise volunteer workers.

**Boone's 'Paladin' Nice Guy But Star Won't Stay With It**

By CYNTHIA LOWRY  
AP Television - Radio Writer

HOLLYWOOD (AP)—The faithful Saturday night audience probably is not aware of it, but over the past three years that grim and steely avenger of the Old West, Paladin, has been turning into a terribly nice guy.

At least, that's what Richard Boone says and as star of CBS' "Have Gun, Will Travel," he ought to know.

"The character has developed a good deal," reflected Boone. "He had acquired a sense of humor, for one thing. He's not as arrogant as he used to be. His constant emphasis on money has disappeared. And we've been putting some lemon in what started out to be a pretty saccharine view of the Old West."

Paladin, in fact, has become such a jolly fellow that soon there will appear on our screens an episode of "Have Gun, Will Travel," which is pure, flat and

broad comedy—about baseball. It will come along in the schedule, naturally, around World Series time.

Boone, incidentally, is one of a mere handful of actors who have moved from one successful series into another: He went from playing a modern doctor in "Medic" to the present series. He says that he has planned things carefully so that there is no danger his own professional identity will be sunk in the part of Paladin.

Boone says that, whatever the ratings of the current series—and they remain among the highest in TV—he will stay with it only through the next two seasons when his five-year contract is up.

He is already deep in post-Paladin plans including ideas for a series and a motion picture. He will say nothing more about them except that he will not necessarily act in any of them, his interests leaning strongly these days to be-

hind-the-camera work.

NBC may frown on the insertion of plugs on its shows, but a lot of puffs are getting on the network with official blessing. Dave Garroway, for instance, has had two interviews that I've seen—with Howard Duff and Barry Sullivan—which were nothing more or less than long, undigested plugs for upcoming NBC series—and, not during station-break or commercial times, either.

The saddest moment in the other night's Miss America parade in Atlantic City was when, in the one brief moment she was on the TV screen, the little drum major of a high school band dropped her baton.

**New AF Reserve Program Planned**

SAN ANTONIO (AP)—A reorganized Air Force Reserve program for 15,000 reservists in five states was explained Thursday by Maj. Gen. Harold R. Maddux, Fifth Air Force Reserve region commander.

Gen. Maddux, from Selfridge AFB at Detroit, said the program is based on the premise that the Air Force will need scores of new bases to keep its planes operating in the event of atomic war.

Under the new plan, Air Force reservists not in flying units will be trained quickly to convert civilian or abandoned air fields to military use.

The changes will affect reservists in Texas, New Mexico, Oklahoma, Arkansas and Louisiana. Maddux said a new Fourth Air Force Reserve region headquarters will be opened at Randolph AFB to administer the new program in the five-state area.

**It'll Be A Boy At The Kennedys**

RICHMOND, Calif. (AP)—It's going to be a boy at the Kennedys.

Sen. John F. Kennedy, the Democratic presidential candidate, has been explaining why his wife isn't along with him on this campaign, and now he predicts what will happen.

"My wife is home," he told a rally gathered around his campaign train here Thursday, "and we are having a baby, a boy, in November."

**Last Crosby Bachelor**

Gary Crosby, 27, and Barbara Stuart, 27, were married at Las Vegas, Nev., in a civil ceremony at the Flamingo Hotel where Miss Stuart was appearing as a showgirl. Gary's three younger brothers all married former Las Vegas showgirls. The couple met five weeks ago while appearing in a show together. They are honeymooning in Las Vegas and will make their home in Los Angeles.
