Ike Flings Challenge Of Peace To Russians

Nuclear Ban, Space Are Items

WALTER G. PARKS

UNITED NATIONS, N.Y. (AP) — President Eisenhower today challenged the Soviet Union to join in immediate disarmament talks with the aim of scrapping all nuclear weapons while U.N. inspection makes sure that space vehicles are launched only for peaceful purposes.

Eisenhower, addressing the 15th United Nations General Assembly as the first speaker of a major power, laid down a wide-ranging program which he said could help bring "progress toward a world community" based in peace and rooted in justice.

He said the United States is prepared to supply "substantial air and sea transport facilities on a standby basis" to meet Hammarstrand's request that U.N. members earmark contingents for possible future requests to handle sudden crises.

The President did not mention Khrushchev but he issued an unmistakable challenge in the troubled African situation.

Noting the U.N. attempt to keep peace in the Congo, Eisenhower said, "That effort has been flagrantly attacked by a few nations which wish to prolong strife in the Congo for their own selfish purposes."

Eisenhower said the world lost an opportunity in 1946 to insure that atomic energy be devoted exclusively to peaceful purposes when the Soviet Union turned down a comprehensive control plan submitted by the United States.

A White House spokesman said the President offered 15 separate proposals. It undoubtedly was his last appearance as American head of state before the U.N. and probably one of his last major pronouncements on American foreign policy.

He criticized the Russians' "walkout from Geneva disarmament negotiations June 27, just as the United States was submitting new proposals, and said:

"Time and time again the American people have voiced their yearning to join with men of good will everywhere in building a better world. We always stand ready to consider any feasible proposal to this end. We ask only this—that such a program not give a military advantage to any nation and that it permit men to

Record

Jerrie Cobb, 29, of Oklahoma City, who may be the United States' first woman in space, poses at Los Angeles after setting a world altitude record for light planes. Jerrie donned three arctic survival suits, fur-lined two-engine Aero Commander 680F to 27,810 feet, breaking the old record of 34,862 feet for this class plane.

Football Fans Need Follow No Set Routes

Extra patrolmen will be on duty Friday night to control football traffic. No special routes to and from the stadium have been mapped, however.

Asst. Chief Leo Hull said that there will be no one-way streets designated, at least for the first home game. Traffic will move at will except at corners where congestion may be heaviest. Officers will be posted at these corners to direct motorists in least congested directions.

Prior to the game, patrolmen will be stationed on Birdwell at Eleventh Place and 4th. The signal light at 4th and Birdwell will be operated manually to regulate the flow of traffic. Hull said. Officers on motorcycles will patrol the general area to help prevent congestion.

Following the game, officers will be posted on Birdwell at 3rd, 4th, Kentucky Way, McAdams Dr. and Eleventh Place, and at Eleventh Place and Barnes. Hull said that this method of control was used effectively last year and school officials agreed that it need not be changed. After the first game, however, the system may need revising due to the addition of paved streets, as well as an increase in the number of persons likely to attend the games.

PROOF OF FALL
Bus driver shows it's autumn

Whether Weather Fits, It's Still Fall

By SAM BLACKBURN
If you were up and about early today, you may have been impressed by a slight nipiness that marked the morning breeze. There may have been a vague and indefinite haziness to the landscape; the sun's golden face may seem a little more benign than it has been for so many days. It should have been thus. Today ushers in the beginning of autumn; it terminates the long hot summer which has pressed down with sternness for so many weeks. Officially summer withdraws from the scene at 7 p.m. today. It has been in the saddle since 3:43 a.m. June 21. Fall holds control until 3:27 p.m. Dec. 21. However, no one expects tomorrow to be supplied with overcoat weather nor the leaves on trees to turn autumn hues overnight. The records show that the fading days of September, even after the official autumnal equinox, can be plenty hot and warm holds on most years into October. The books reveal there have been temperatures as high as 103 degrees the last week in September of other years. There have been many days when the sun bore down to push the reading to near the century mark. Even October has had two days in the past 60 years when the official temperature was 100 degrees. The coldest days on record for the last week in this month have registered 37 degrees. That's a full five degrees above the freezing mark. Coldest day in October was 26 degrees and the earliest this ever occurred was Oct. 19, 1917. This is the autumnal equinox—a time when the hours of the day and the night are nearly equal. Today the sun peeped up at 6:34 a.m. It is set at 6:43 p.m.—making the day 12 hours and eight minutes long. And when the autumnal equinox rolls around it's fall. Even if the weather don't fit, it's still fall.

Yarborough Sees Recession Coming

BEAUMONT (AP)—Sen. Ralph Yarborough, D-Tex., says the continued drop in farm income while other income rises forewarns of a serious business recession. The senator addressed a Jefferson County Democratic fund raising dinner Wednesday night. "I believe it is time we try it

Parks Quits Post As County Engineer

Walter G. Parks, Howard County engineer, is resigning from his post on Oct. 8. Parks notified Howard County Judge Ed Carpenter late Wednesday of his intention to leave his post. He asked that his resignation be accepted so that he could be freed to accept a new position. He will become a construction engineer for the United States government and will begin his duties Oct. 10 at the missile launching project at Roswell, N.M.

He will move his family to Roswell as quickly as he can locate a residence. Parks said that his decision to accept the governmental post has been under consideration for some time. He stated that his sole reason for making the change is that his new job pays more money and offers a wider field of endeavor. He is currently being paid \$7,200 as county engineer.

He has been county engineer for four and a half years. Judge Carpenter said that he would present the resignation to the commissioners court, possibly on Friday. He added that he had no idea where the county would find a new engineer to replace Parks.

Parks emphasized that his resignation was not impelled by any disagreement with the commissioners or other officials. "I'm not mad at anybody—I was offered this new job at better pay than the one I hold and I believe it offers me a wider opportunity to continue my career," he said.

Officials To Go To Houston Meet

Ed Carpenter, judge of the county court, said that he, in company with Ralph White and L. J. Davidson, county commissioners, will attend the Texas County Judges and County Commissioners Association conference in Houston Monday. The three officials will fly to Houston and will be back in Big Spring Wednesday. The commissioners court will meet Friday to clear up any odds and ends of county business which may need attention, Carpenter said.

Police Finish Special Lectures

The police department's education program concerning dynamite blasting caps was concluded Wednesday afternoon. The program was shown to about 1,700 elementary and junior high school students. Officers showed a film dealing with the dangers of playing with blasting caps and gave short lectures at each of the elementary schools and Runnels Junior High School. The program could not be given at Goliad Junior High School, according to Police Capt. Walter Eubanks.

BIBLE FUND STILL SHORT

Response to appeals for voluntary contributions for the high school Bible Class Fund rattled somewhat Thursday, but the total was far short of the \$2,000 goal. The sponsoring Big Spring Pastors Association had hoped that the goal could be attained by this Sunday. It will require some three score, who have intended to give but have delayed, to respond quickly. The Bible classes in high school are dependent upon these contributions, for tax funds may not be used for the purpose. The total outlay is about \$4,000, of which several churches cover approximately half out of their budgets.

Gifts should be left with or mailed to the Herald (Box 1431) for acknowledgment. Listed donors include: Mr. and Mrs. Marvin M. Miller \$20.00, Anonymous \$10.00, Baby Babi Billings \$10.00, Anonymous \$5.00, Mr. and Mrs. S. R. Nahlen \$5.00, Mr. and Mrs. J. H. Gross \$5.00, Merrill Creighton \$5.00, Previously given \$1,072.50, TOTAL \$1,222.50.

Johnson Slams Republican Policies On Midwest Tour

By ELMER KELTON
Herald Staff Writer
WITH LYNDON B. JOHNSON IN OMAHA — Richard Nixon has lived too long with Secretary of Agriculture Benson to divorce him now, Sen. Lyndon B. Johnson declared to a cheering group of Democrats Wednesday night. Johnson today continues his midwestern campaign tour with a speech in Omaha, headquarters of the Strategic Air Command, and two talks in Lincoln, Neb. In a Chamber of Commerce luncheon address today he challenged "the right of the Republican party to claim any expert knowledge of prudent fiscal management." "Certainly no other administration in our history has run up bigger peacetime deficits or spent so much money doing so little for our people," he declared. For example, he listed a 19 billion dollar deficit run up in seven years; a 970 per cent jump in administrative costs of farm price support operations from 34 million to 364 million dollars a year; a 40 per cent increase in the number of USDA employees; a 50 per cent increase in interest payments on the national debt. "I believe it is time we try it

Plane Crash Kills 29

NAHA, Okinawa (AP)—A four-engine U.S. Marine transport plane carrying 29 persons crashed into the sea today 180 miles southeast of Okinawa. A U.S. destroyer which reached the site said it had found no survivors. The DC6 Marine aircraft was carrying 23 passengers and a crew of 6 from Atsugi, Japan, to Subic Point, Philippines, when it reported an engine failure and said it was ditching. Cmdr John P. Crosby, operations officer of the Naha naval air facility, said the carrier Oriskany reported, "There are a lot of bodies in life jackets and the destroyer Perkins is picking up bodies. There are a lot of bodies and debris and dye markers are spread over a wide area." Crosby said it was the Oriskany's planes which initially spotted the dye markers and directed rescue craft to the scene. Rescue planes returning to Naha from the scene of the crash also reported no survivors.

Maj. Thomas J. Luns, detachment operations officer of the 78th Air Rescue Squadron, said planes he dispatched returned with reports that debris was scattered over a wide area and three bodies were spotted in the water but there was no sign of life. He said three U.S. destroyers were standing by and one was picking up bodies. A U.S. Marine announcement in Tokyo said the downed aircraft belonged to the 1st Marine Aircraft Wing, Iwakuni, Japan. It was described as an R5D transport plane. Because the scene was marked by widespread wreckage and dismembered bodies, a Navy spokesman speculated that the plane blew up in the air. Ships continued to search for bodies, but found no sign of life. It was the second plane crash in the Pacific in less than a week. A World Airways DC6 passenger plane crashed on the Island of Guam Monday, killing 78 persons.

THD Offers Two Improvements Sale

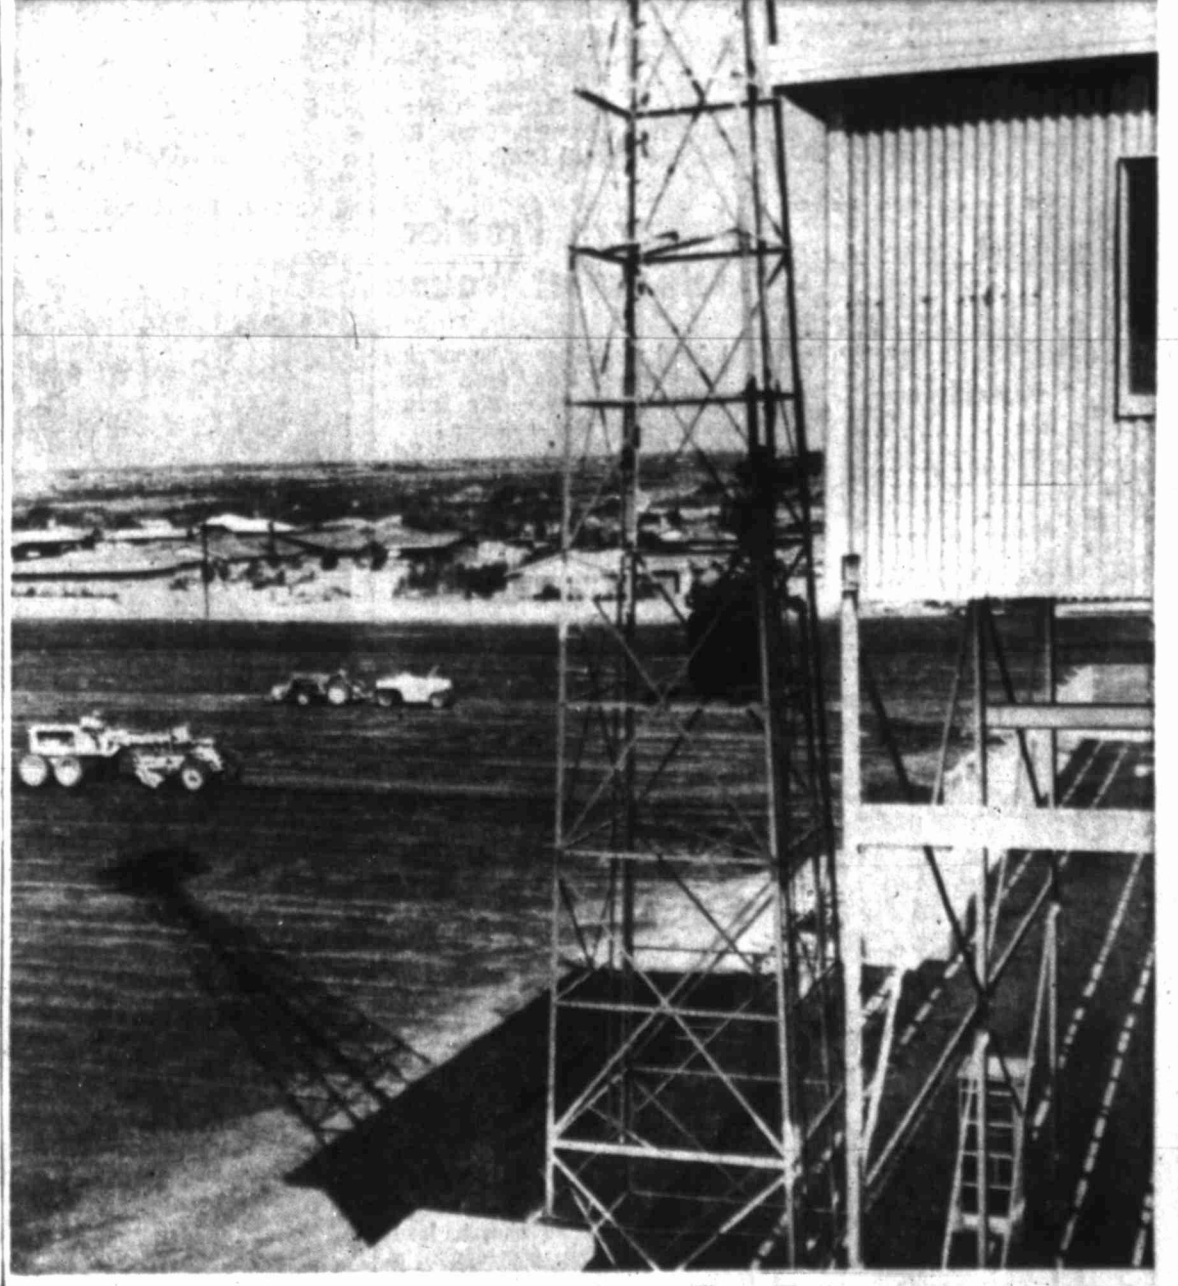

The Texas Highway Department is advertising two improvements for sale on Sept. 29. One of them is near Big Spring and the other near Colorado City, and both are improvements in the right of way acquired by the state department for the Interstate 20 loop in both cities. Details may be secured from J. E. Pierce, Texas Highway Department, Old Anson Road, U.S. 83, Abilene.

Traffic Meeting Set For Friday

The Big Spring Traffic Commission will hold a discussion of downtown traffic and parking problems in the conference room of the City Police Department Building at 2 p.m. Friday. Bruce Dunn, director of Public Works, will also participate in the program. The commission is seeking a solution to traffic and parking problems.

Cars Derail

MORRISONVILLE, Ill. (AP) — At least 10 cars of the Wabash Railroad's Bluebird passenger train were reported to have derailed today near this central Illinois town. Injuries were reported.

Improved Parking For Fans
Football fans will notice a much improved parking area at Memorial Stadium this year. The paved parking lot will be ready for use Friday when the Steers tackle Snyder in the first home game of the season. Bruce Dunn, director of public works, said today that a good surface of asphalt stabilization material will be on the ground by Friday evening. A topping of asphalt and rock will be laid next week. Dunn said the city was holding off laying the topping at this time since it would not have time to harden properly before game time Friday.

W. Texans Get Oil Assn. Posts

SAN ANTONIO (AP) — Estill Heyser Jr., of Dallas was re-elected president of the Texas Mid-Continent Oil and Gas Association Wednesday.

New vice presidents include: J. C. Hunter of Abilene for West Central Texas.

Additional directors include: Hugh Liedtke and R. D. Hanley of Midland and James E. Russell of Abilene.

Flood Control Plan Explained To Lions

A cooperative program on the Beal's Creek watershed might prove of considerable benefit to Big Spring residents and to landowners on the urban fringe.

Ben Day, work unit leader for the Soil Conservation Service, explained Wednesday to the Downtown Lions Club how erosion and

siltation contributed to potential flood damage in Big Spring. At the same time the city has problems in holding back flash-flood waters which also contribute to siltation and clogging of the creek channel which must carry runoff from heavy showers.

He said that the city and SCS District had joined in making application for a watershed improvement project. The next step is a field survey to determine if the benefits resulting from such a project will exceed costs on a 50-year payout. Benefits are calculated both on a direct basis and on an indirect basis such as lessened relief loads following floods, protection of property, etc.

FEASIBILITY
If the SCS determines that the project is feasible, then it will enter the picture by constructing detention dams and other needed structures on tributaries draining into Beal's Creek either above, through or immediately below Big Spring. Rights of way and maintenance would become the responsibility of the city.

The design of the detention dams is such that it will provide for sediment to settle out before the water is expelled slowly and clearly through a pipe. Coupled with these structures will be practices as revegetation of some fields, cover and stubble mulching of farms, closed-end terraces, etc. to reduce water and wind erosion.

SEDIMENT PROBLEM
Flood damage in Big Spring is principally due to rising backwaters when floods cannot flow down the creek rapidly enough. Between downtown Big Spring and Lovers Lane to the east—a distance of about three miles—there is only a foot or so fall in the channel level due to sedimentation over the years. As sedimentation increases, the outflow of water will decrease in velocity and flood conditions will increase, Day indicated.

He was introduced by Dr. Earl Burnett, superintendent of the agricultural experiment station. The club met Wednesday in the basement of Masters' Cafeteria. Guests included A. K. Steinhilber, city manager, and Roy Anderson, assistant city manager.

Loan Granted
WASHINGTON (AP)—Approval of a \$7,139,521 loan and a \$3,778,921 grant to Port Arthur, Tex., to finance its 204-acre Port Arthur Heights slum clearance project was announced today by the Urban Renewal Administration.

Skipper Saves Bends Victim

SAN FRANCISCO (AP)—The skipper of the submarine Redfish was credited today with saving a Marine demolition skindiver from an agonizing death of the bends.

Cpl. D. F. Merwing, 25, Ridge-wood, N. J., arose to the surface too quickly from 60 feet after working under the USS Cook on maneuvers. Pressure at that depth forces nitrogen into the bloodstream; rising too fast causes the gas to gather in tissues.

Merwing had convulsions, lost consciousness and had paralysis of one lung. The nearest decompression chamber was 200 miles away, at Hunters Point Shipyard south of here.

Lt. Cmdr. C. H. Lowry, Jr., and the submarine Redfish answered a radio call for help. Merwing was hustled into the sub's airlocked escape hatch and the vessel dove to 165 feet. As the sub cruised to San Francisco the pressure was gradually eased.

Navy doctors pronounced the Marine out of danger late Wednesday night, 17 hours after the unusual rescue effort began.

Flies To U.S.
TOKYO (AP)—Japanese Finance Minister Mikio Mizuta flew to the United States today, seeking some \$200 million in loans from the World and U.S. Export-Import Banks.

Clear Skies For Texas

By The Associated Press
Clear skies and mild temperatures covered most of Texas early

Thursday and no rain was reported in the state.
A few clouds were noted in the Austin-Junction area southward to Laredo and around Childress and El Paso.
The temperature reached 104 at Presidio and the low maximum was 87 at Amarillo.

CURRY SERVICE

DEAR ABBY

TELL THE TRUTH

By Abigail Van Buren

DEAR ABBY: I started having my dates pick me up at my grandmother's and I'd spend the night there because I was (and still am) ashamed of my father. He is always drunk. I am 19 and am very serious about a young man I'll call Joe. I told Joe I live with my grandparents, but I can't keep lying to him forever. I know it's wrong to hide your parents from your friends, but I can't bring myself to let Joe meet my father in his normal stone-drunk condition. What should I do?

If no one is underneath and there is no danger of shaking the dust on anyone, what is so wrong with it?

DEAD SERIOUS DEAR DEAD: There is nothing actually "wrong" with it—but it looks bad. Sorry, but that's the way the mop flops.

ASHAMED DEAR ASHAMED: Tell Joe your father is an alcoholic who hasn't the strength to help himself. If your Joe is as wonderful as you think he is, he won't think less of you for your father's weakness. "Lying is a weakness, too, you know."

DEAR ABBY: Why must the American public pay for a business owner's payroll? If restaurant owners, cab companies and beauty shop owners really don't make enough profit to pay a decent living wage, I wish they would raise their prices a little, so their employees wouldn't have to stand there with their hands out. I tip for the same reason everyone else does. Because I know it's expected and I'm ashamed not to.

DEAR ABBY: Why is shaking a rug or mop out of the window considered such a terrible breach of etiquette? Recently I married and moved to a larger community than the one I grew up in. Though we were not "top drawer" at home, we were not far from it. All my family has been fairly well educated with several college degrees and I know that back home almost everyone used a back window to shake out the dust.

DEAR ABBY: I'm glad "PROUD" (that beautician who considered a "tip" an insult) can't speak for all beauticians. I know lots of hairdressers who have raised families on those "insults".

For Abby's pamphlet, "What Teen-agers Want to Know," send 25 cents and a large, self-addressed, stamped envelope in care of The Big Spring Herald.

Scientists Find Mother Love Deep

Mother love, motion sickness and a famous mosquito are in the news with the focus on health. Mother love Just how deep is mother love? Researchers have found it is so deep the mother biologically steals, when necessary, to feed her young. Laboratory rats provided the answer for Drs. G. Willet Asling and Marjorie M. Nelson of the University of California. One group of rats got a balanced diet. The other got a diet short on calcium. When weaning time arrived, the bones of the young rats in both groups showed no calcium shortage. But the calcium deprived

mothers were far below normal. Much of the calcium was gone from their own bones, stolen and fed, via mother's milk, to their young, researchers said. MAL DE MOTION Almost no one is immune to motion sickness. In fact some physiologists claim they can make veteran pilots airsick, a report in a drug company journal says. Some people are more susceptible than others, however. Women get motion sick more than men. The obese more than the underweight. People can adapt to motion. Many who are sick on their first ocean voyage are immune on their second passage. NO APPLE A DAY How often do Americans see or consult their doctors? The U.S. Public Health Service says the average person sees a physician five times a year. That means each year 851,600,000 doctor calls in the United States. OLD PLAYER, NEW ROLE Aedes Aegypti, once carried death across the United States. It is the yellow fever mosquito. Now the mosquito is under scientific attack again—this time as the carrier of a malarial parasite, says Ronald A. Ward, entomologist at the Walter Reed Army Institute of Research. By treating mosquitoes with X-rays, Dr. Ward can kill the malarial parasite, and he can make the mosquito less susceptible to the malaria attack. But at the same time X-rays seems to increase the susceptibility of the mosquito's offspring to malaria.

GOP Helps Pay Demo Campaign SPARTANBURG, S. C. (AP)—Thirty-four cents postage was due on the large box that arrived at the Spartanburg Republican headquarters Wednesday. Winice Chapman, thinking the box contained GOP pamphlets and brochures, gladly dipped into her purse and paid the postman. The package contained Democratic party literature.

In Battle Pits Friday Night

Pictured above are members of the starting line-up (offense) of the Big Spring Steers, who play the Snyder Tigers in their home opener here Friday night. Left to right, on the line they are Robert Carr, Gary Pickle, Bobby Pryor, Richard Atkins, Alf Cobb, Tommy Roberts and Tommy Rutledge. Back row, James Gilbert, Tommy Whatley, Jerry Dunlap and Ronnie Clanton.

Coaches Singing Blues In SWC

Judging from the success of the Southwest Conference's football openers last weekend, most everybody's got troubles. But apparently nobody's having quarterback problems like the Texas Universi-

ty Longhorns. Junior James Saxton returned to the quarterback post Wednesday as the Steers prepared for Saturday's skirmish with Maryland. Saxton, No. 3 quarterback last year, had been running as

Bucs And Cubs In Twin Bill

The Pittsburgh Pirates get a chance to eliminate the Milwaukee Braves and reduce their magic number over St. Louis to two today in a bid for their first National League pennant since 1927. They play a doubleheader with the Chicago Cubs in the day's only major league action. The Bucs have won four in a row, sweeping twin bills from Cincinnati and Philadelphia.

Intersectional Strife Rampant This Weekend

Most of the 138 undefeated, untied teams left in the four divisions put their records on the line and in a dozen instances teams with perfect marks meet each other. However, there's at least one game that rates with the top ones although it does not have both teams with unsullied records. For instance, Port Arthur journeys into West Texas for a crack at unbeaten, untied Odessa. This game will serve as a criterion of intersectional strength.

Goliad Mavericks To Host Edison

Edison Junior High School of San Angelo sends its Ninth Grade football team here this evening for a 7:30 o'clock game at the old stadium (Tenth and State streets) for a game with the Goliad Ninth Graders.

Distance Rally Held By Club

Members of the Big Spring Sports Club met at the Hill Top Sports Car garage Tuesday evening for their regular monthly meeting and took part in a surprise distance rally.

Stadium Seat Options Are Going Good At Tex. Tech

LUBBOCK — Texas Tech Athletic Ticket Office workers are scrambling about this week left Red Raider ball carriers in an effort to keep up with a surge in Jones Stadium seat option sales.

Betty Jameson Leads With 73

SAN ANTONIO (AP) — A home town product, Betty Jameson, has stamped herself a major threat in the \$6,500 San Antonio Civitan Women's Open Golf Tournament opening Friday over the Brackenridge Park course.

Kingpetch Seeks To Retain Title

LOS ANGELES (AP) — Youthful Pone Kingpetch, the only son of Thailand to win a world boxing championship, puts his flyweight title on the line tonight against the ex-champion, Argentinian Pascual Perez.

Groat The Best, Buc Fans Insist

PITTSBURGH (AP) — Just about every one you meet in these parts is convinced that Dick Groat, the shortstop and captain of the Pittsburgh Pirates, is the National League's player of the year for 1960.

Cadets Are Not Shy Of Courage

WEST POINT, N.Y. (AP) — It's a very average football team that will take the field in the nine remaining games for Army this year. But it may also turn out to be the toughest, most spirited club they've seen up here in many a year.

Backbar Ballet

Customers watch as two water nymphs perform their ballet in the swimming pool that substitutes for the mirror behind the bar in the Mermaid Room of the Hacienda Motel in Fresno, Calif.

Fresno Bar Has A Dampish 'TV'

FRESNO, Calif. (AP)—The King Sisters don't mind the drunks. It's the bugs and beetles. "We can't see them," explains Connie and Sara King, 20 and 19, take turns performing a water ballet nightly before bar patrons at the Mermaid Room of Fresno's Hacienda Motel.

The swimming pool is outside, but an inside view is provided by a glass wall in the pool. The glass replaces the traditional behind-the-bar mirror.

"We haven't had any trouble with drunks," says petite Connie. "We've heard of some jumping in to grab the mermaid, but none has since we've been working here."

It's beetles that really bug the girls.

"One night," says Connie, "a man was standing on the other side of the pool throwing bugs at me. They were different colors—red, green, black—and some had polka-dots."

"I was scared to death."

Having a large number of top-

ers stare at them while they swim has no effect on the girls.

"We can't see them," explains Connie. "The glass looks like part of the wall covered with moss."

"Do-gooders" ire the young ladies.

"Some people are shocked because we work here," says dark-eyed Connie. "They think it's immoral, or something."

"But just because we work here doesn't mean we have to be in the 'festivities'."

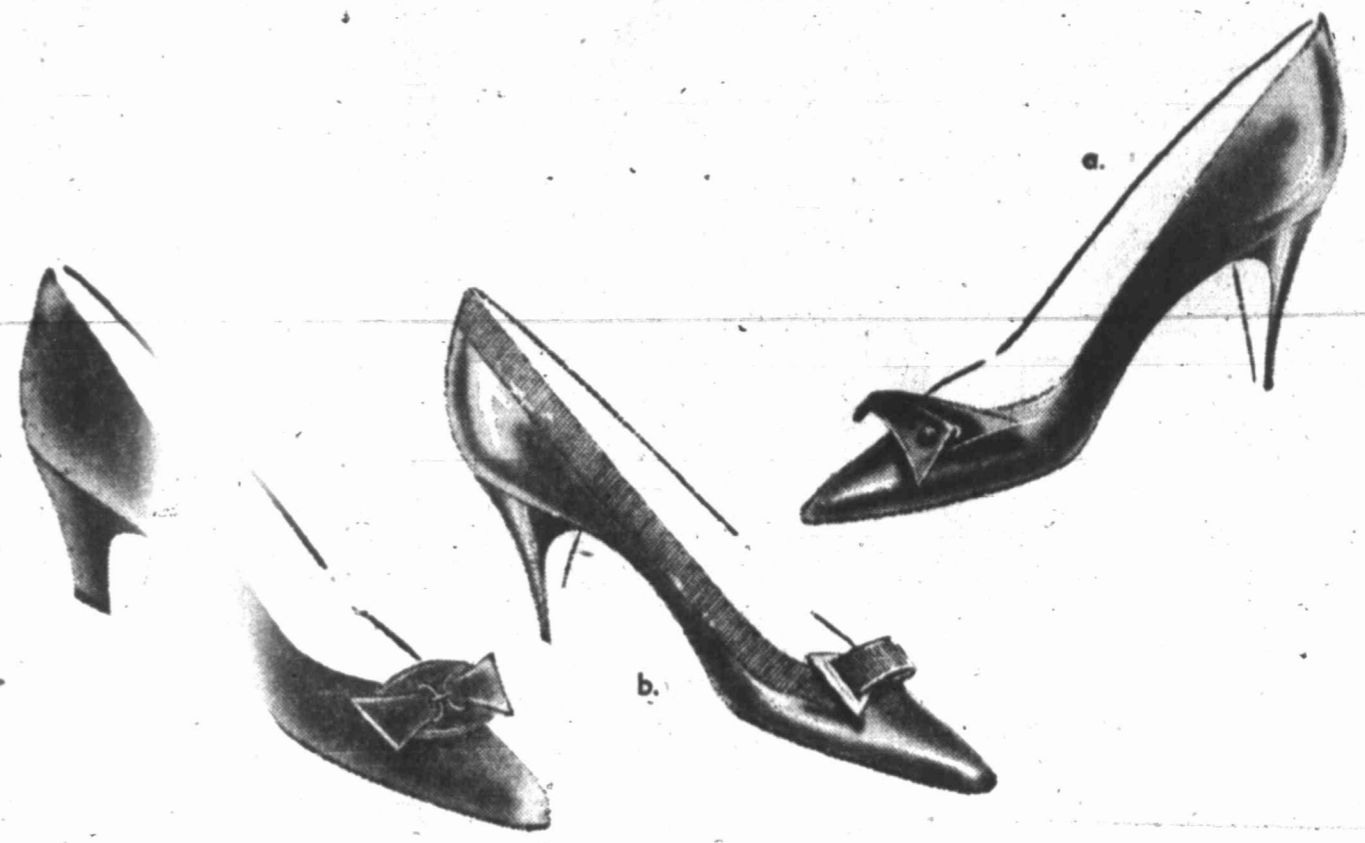

How do they like swimming every night?

"It doesn't bother us," spokeswoman Connie explains. "We started swimming as soon as we could walk. And we'd probably go swimming every day anyway."

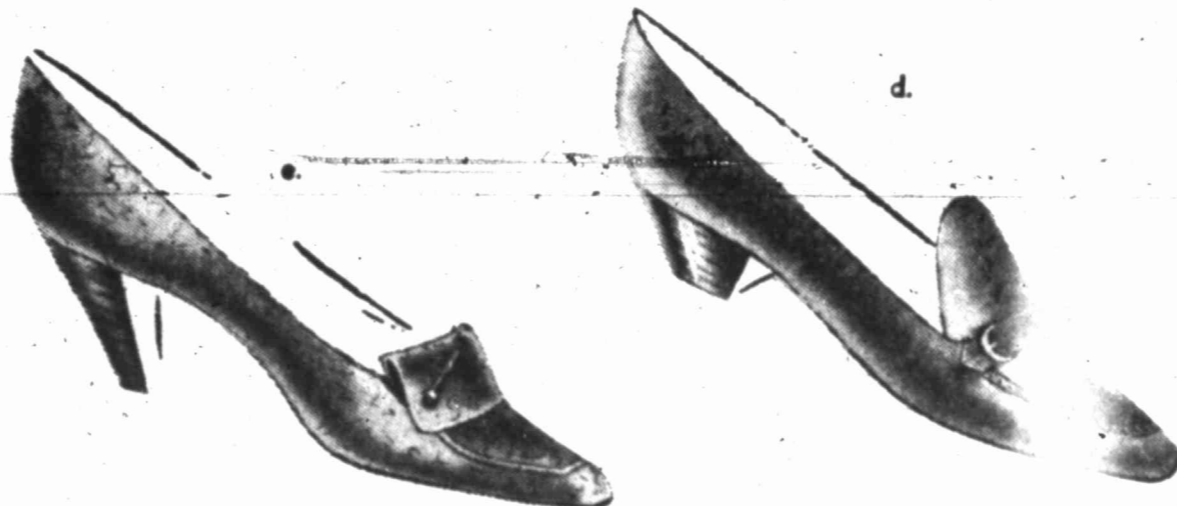

Tower To Valley

HARLINGEN (AP)—The Republican candidate for the U.S. Senate, John G. Tower of Wichita Falls, brings his campaign to the Valley today, with stops planned at McAllen, Edinburg, Mercedes, Weslaco, Donna and Alamo.

Everly Brothers Pass Up \$100,000 For Schooling

By **BOB THOMAS** AP Movie-TV Writer

HOLLYWOOD (AP) — Would you pass up \$100,000 to go to school?

Silly question, huh? But the Everly brothers came up with a siller answer: Yes.

You might think that the record stars are a bit old to be going to school. Don is 23 and Phil is 21. But every day they report to Warner Brothers' little red schoolhouse to learn the business of being actors.

To do so, they had to cut out personal engagements for several months. They figure the cost at 100 gees. But the drama lessons are free, so I guess it all evens up. They have no deal with Warner studio, but record for the company's disc label.

Why are they playing school-boys at this late date?

"Because we had to start thinking about the future," said Don. "I tried to figure where I might be able to go in the entertainment business. The answer seemed to be to become a dramatic actor."

"Sure, we're doing all right in the music business," said Phil. "But it gets riskier all the time. You don't know what's going to happen to it tomorrow."

So far, they haven't had to worry. They have collected six gold records, their latest big seller being "Cathy's Clown." But at their ages, they're looking for something with a steady future.

Regardless of acting talent, the Everlys seem well situated for their prospective careers. Both are handsome, with luxuriant shocks of brown hair. They are certainly not newcomers to audiences. Born in Shenandoah, Iowa, they started on local radio with

Behan's 'Hostage' A Wild Irish Brew

By **WILLIAM GLOVER** Associated Press Drama Writer

NEW YORK (AP)—A wild Irish brew is "The Hostage," Brendan Behan's first Broadway play.

Undisciplined and ribald, the production opened Tuesday night at the Cort Theater. There are words and gestures that scandalize the prim, censorious of off-beat drama need look no further.

Lurking behind the weird vaudeville that is staged with incisive brilliance by Director Joan Littlewood is a blend of Celtic sentimentality and sardonic bitterness that gives point to the expressionism of Dublin's best-publicized playwright.

Behan, dressed in a rumpled blue suit, sat quietly watching the premiere from a mezzanine box. He declared satisfaction with both players and audience.

"The play is a success," he began calling "author, author," but Behan sat for moments as though unsure he was the fellow involved.

Then he stood up, mumbled some words of thanks and went into the night with friends.

During an intermission, he observed:

"If it's a flop, New York has lost a playwright and a tourist. If it's a success, I imagine we'll join the queue for an apartment."

"I'll stay here for a few months to count the people," he said. "I'm a very suspicious man."

The narrative of "The Hostage" centers about a young Irish soldier, kidnapped to a dramatic Dublin hotel by ardent nationalists in reprisal for the arrest of an underground revolutionary who has slain a policeman.

The revolutionary is to be hanged in the morning, and through the long night the soldier's captors debate the fate—and many other things.

During the coarse banter of blarney, tunes and comic bits, splinter off the rakish soldier's disarray, Behan voices a wide range of human feelings. "The Hostage" is bawdy, irreverent, and funny.

The 17 players—all from the original London production—loss the verbal grooves with deadly aim and emphasis. Conspicuous among them are Maxwell Smart, Glynn Edwards, John Bunnage, Aubrey Morris, Alfred Lynch and Celia Salkeld.

The Only Nudist Was Innocent

SALEM, Mass. (AP)—The police kept Gallows Hill under surveillance Wednesday night, alert for appearance of female nudists protesting the hanging there in 1692 of 20 "witches."

But the only nude encountered was a 5-year-old miss who had lost her panties.

About a week ago Mayor Francis Collins received a letter signed "Robert Clogher, public relations, National Nudist Council, Lyons, N. J.," advising him the demonstration would be held today. The letter asked the mayor to recruit some Salem women over 21 as participants.

The mayor ignored the letter, but the police took no chances.

Services Held For Mr. Hinkley

Services were held for Hinkley in Hinkley St. 60, 1302 Sunday in Forest, Miss. Hinkley died Thursday in a hospital after a short illness.

He had been a resident of Spring for 20 years and worked in this area a long time.

Born Oct. 24, 1900, in Michigan, Mr. Hinkley graduated from the New York Military Academy and served as a sergeant in World War I.

He was a member of the Methodist Church.

Survivors include his wife, Eleanor; two sons, F. Hinkley, Jr., Lubbock, and Robert Hinkley, Canyon; a sister, Mrs. Frank Hoffman, Petosky, Mich.; and a grandson, James Hinkley, Lubbock.

SGT. CLARENCE JOSEPH

Sgt. Joseph Is Transferred

T.Sgt. Clarence Joseph, NCOIC of the drivers' school at Webb AFB, leaves next month for an assignment in England. His wife, Annie, and their sons, Clarence H. and Ralph, will join him later.

One of Webb's "oldtimers," Sgt. Joseph came here in July, 1954. His younger son, Ralph, now 5, was born at the Base Hospital. The sergeant has been active in various Big Spring activities. He is cubmaster for Pack 40, and is also a member of the Lakeview Branch of the Big Spring Junior Chamber of Commerce. Last football season Joseph was active in the "Lakers" High School "C" teamback club. Mrs. Joseph teaches at Lakeview's elementary branch.

Autopsy Awaited In Model's Death

HOUSTON, Tex. (AP)—Houston police waited today for results of an autopsy to tell them what killed Diane Graham, once called the "Golden Girl of Cafe Society" in New York.

The nude body of the model was found by police in her apartment Tuesday night. She had lived here two years.

In the apartment at the time were Dr. William W. McClellan, 47, and two attorneys. On the advice of the lawyers McClellan refused to answer police questions. Chester J. Brew of Detroit, Mich., told Houston reporters by telephone that Mrs. Graham, 29, was his daughter, Mary Lou. He said she was known as Diane Harris and lived in New York at one time.

In 1953 Diane Harris, then 21, was held in custody under \$25,000 bail in New York as a material witness in the Mickey Jekke vice case. She did not appear at the Jekke trial but she did testify before the grand jury.

An assistant district attorney in New York once referred to Miss Harris as the "Golden Girl of Cafe Society" and said she was an acquaintance of the procurer for King Farouk of Egypt.

No charges were filed against Dr. McClellan. Attorneys Tom White and Wilton R. Hill arranged for his release applying for a writ of habeas corpus. Judge Milton A. Schwartz was denied pending a hearing on the writ Friday.

Harris County medical examin-

er Dr. Joseph A. Jachimczyk said there has been no evidence the woman died from foul play. "She had a diseased liver," he said. "He said a body fluid was found on her lips and said such a fluid was consistent with deaths caused by alcohol, barbiturates, narcotics and heart attacks. But Jachimczyk said he may not know the cause of death for several days.

Protest In Sex Case Spurned

URBANA, Ill. (AP)—University of Illinois trustees have over-ruled unanimously a faculty protest against the dismissal of a professor who publicly condoned pre-marital sexual relations.

The trustees' action Wednesday upheld the dismissal of Leo F. Koch, assistant professor of biology. Koch wrote in a letter published in the student newspaper: "A mutually satisfactory sexual experience would eliminate the need for many hours of frustrating and lead to much happier and longer-lasting marriages among our younger men, and women."

This public statement was a "grave breach of academic responsibility," said President David D. Henry.

More than 200 faculty members signed a petition protesting what they called the University's mishandling of the case.

Koch, 44, lives near the campus with his wife and three children. He said "no one has offered me a job. I know there are plenty of teaching jobs around but the sex case apparently has influenced everyone against me."

5 VA Officials Attend Meet

Five Big Spring Veterans Administration officials will attend the 13th annual statewide rehabilitation conference for veterans service officers Sept. 26-29 at the Caprock Hotel in Lubbock.

Attending will be Dr. H. C. Ernsting, director of professional services; V. J. Beldin, hospital manager; Phil Hannigan, chief of registration; Carlton Carr, administrative assistant; and Ellis Nives, service officer of the veterans affairs commission.

During the four-day conference, officials of state and federal agencies will deal with topics as compensation, pension, death benefits, government insurance, government loans, vocational rehabilitation and education, war orphans education, veterans employment rights and other veterans' benefits.

SGT. N. P. CORTEZ

Sgt. N. P. Cortez Signs Up Again

Reenlisting recently at Webb AFB for three years is M. Sgt. Norward P. Cortez, link trainer supervisor in 3560th Pilot Training Group.

The airman joined up in August, 1941 and spent the war years servicing aircraft at various state-side bases. His service in the military has been continuous.

His first overseas assignment was in 1955 in England for a 3-year tour.

The sergeant came to Webb in March, 1958.

No Titles, Please

Coming back to Big Spring to preach for the church of Christ of West Highway 80, I would like to request that I not be addressed as "Reverend." I know that people only intend to be courteous, but the word appears just once in the Bible (Psalms 111: 9), and there it refers to Almighty God. "...holy and reverend is His name."

I cannot be worthy of the title. Neither should I wear a title to distinguish me from other Christians. All Christians are priests (Rev. 1:6); and according to Old Testament type, there are only two orders of the priesthood: (1) The High Priest, who is Christ, and (2) the common priests, who are Christians. (See Heb. 9:6, 7, 11.) There is no station in between, whereby one human priest is above another.

I am simply a Christian whose work is preaching.

For free gospel tracts, write Box 1383 or call AM 4-5687.

—ADV.

Congo Ruler Threatening To Toss Out African Units

LEOPOLDVILLE, THE Congo (AP)—Congo strongman Col. Joseph Mobutu has taken action unless the U. N. command withdraws troops of Ghana and Guinea.

The youthful military ruler charged these African troops, who have been protecting deposed Premier Patrice Lumumba, with meddling in Congo internal affairs.

Mobutu warned that if the Ghanaian and Guinean troops are not pulled out of the Congo "it will become a problem for our general staff." He did not elaborate.

Ghana has about 2,500 troops in the U. N. task force, Guinea about 600.

(Ghanaian President Kwame Nkrumah said on arrival in New York Wednesday night for the U. N. General Assembly that he had not heard of Mobutu's demand Nkrumah emphasized that he still regarded Lumumba as the legitimate premier of the Congo. Mobutu who proclaimed a form of military rule a week ago, has been frustrated by Guinea and

Ghanaian forces from taking Lumumba into custody.

U. N. officials apparently feel they would be open to Communist charges of partisanship if they allowed Lumumba to be turned over to Mobutu.

When Mobutu announced he was "neutralizing" the politicians, Lumumba ran for cover and was believed to have been given refuge by the Guinea diplomatic mission.

Emerging from his hideout last weekend, Lumumba moved back into his old official residence behind a shield of Ghana troops and began issuing orders.

But Mobutu appeared in command, supported by the bulk of the Congolese army.

Lumumba was believed to have given up his attempt to get to New York to present his case to the U. N. General Assembly. A U. S. Embassy spokesman said Lumumba aides inquired three days ago about getting visas. They were told to submit their passports to the embassy but have not done so.

FROM CRMWD

Cities Consume Almost Billion Gallons In July

Water consumption slightly under a billion gallons is reflected in the August revenue statements of the Colorado River Municipal Water District.

The demands are actually for July, since remittance by the cities and other customers is made in August. The total amount sold was 96,695,000, which brought the year's total to 6,192,616,000 (billion) gallons. This projected a total of between nine and 10 billion gallons for the year. Ninety-one per cent of the water produced came from Lake J. B. Thomas, the balance from the district and city well fields.

Revenues for August aggregated \$168,643, of which \$137,284.20 came from sale of water to the member cities, \$26,603.10 in surplus water sales to oil companies, and \$4,755.70 in recreational revenue.

Expenditures for the month stood at \$64,515.66, including operating and supervision labor, \$1,113.84; repairs and supplies, \$1,922.20; maintenance labor, \$1,007.54; general maintenance, \$1,105.94; electric power for well

fields, \$3,200.73; water purchases, \$2,414.36; pumping expense, \$47,597.02; administrative and general expense, \$5,407.41; recreation, \$1,786.62.

The \$104,128.05 difference between expenses and revenues was applied to indebtedness for retirement of debt obligations, improvement and extensions, and contingencies.

Family Favored Cookies

Mrs. Earl Reagan displays a plate of oatmeal red hand-made roses adds a zest of color and icebox cookies, a family favorite. The bouquet of beauty.

Big Spring (Texas) Herald, Thurs., Sept. 22, 1960 3-B

Reagans, Busy Family Of Five

Sewing and designing head the hobby list of Mrs. Earl Reagan, 1310 Main. Also on the list are cooking, housekeeping and interior decorating.

Geneva Reagan spends most of her time doing the average chores of a busy housewife but finds time to design and make most all of her clothes and those of her daughter.

Both Mr. and Mrs. Reagan are lifetime residents of Big Spring. They are the parents of three children, Ronnie who is 17 and a senior at Big Spring High School, Donnie 12, and a seventh grader at Gollad Junior High, and nine-year-old Treonne who is a fourth grade student at College Heights. The Reagans' parents are Mr. and Mrs. W. A. Langley and B. A. Reagan of Big Spring.

Reagan has been an employe of the post office since 1947. His main route is in the Washington Place District. He and the boys enjoy hunting trips and photography. They have a great collection of both guns and pictures. The highlight of their year are the family vacations. They have recently returned from a trip to parts of Colorado.

The Reagans are members of the Y and say the children, especially Treonne, are real water ducks.

Mrs. Reagan, who has a special demand for cookies around her home, sends along a delightful recipe for oatmeal icebox cookies and two other of their favorites.

OATMEAL ICE BOX COOKIES

- 1 cup shortening
- 1 cup brown sugar
- 1 cup granulated sugar
- 2 beaten eggs
- 1 tsp. vanilla
- Add:
- 1 1/2 cups flour
- 1 tsp. salt
- 1 tsp. soda
- 1 1/2 tsp. cinnamon
- 3 cups quick cooking oatmeal (uncooked)

1 cup chopped nuts
Make into two rolls and wrap in wax paper. Chill. Slice thin and bake in preheated oven at 375 degrees for about 10 minutes or until golden brown.

- ### ENGLISH PEA SALAD
- 1 can peas, (drained)
 - 1 medium size tomato
 - 1 medium size green pepper

- 1 can pimiento (small)
 - 2 hard boiled eggs
 - 1/4 small onion
 - 1/4 cup cheese
 - 1/2 head lettuce
 - 2 tbsps. mayonnaise
- Toss. Add salt, pepper and mayonnaise. Chill and serve on lettuce leaves.

- ### ROAST BEEF
- Beef roast (3 lbs. or more) - 1/4 tsp. salt per pound
 - Pepper
 - Garlic salt
 - 1 tbs. chili blend
 - Flour

Rub meat with seasoning. Brown meat on both sides in melted drippings on top of stove.

Pour two cups of boiling water over the roast and place in oven with cover. Cook at 500 degrees for 30 minutes. Reduce heat and cook until tender.

Remove roast and you will have a large amount of gravy ready to serve.

It's Important To Cut, Wrap Cheese Properly

A sharp, thin knife or wire slicer is best for cutting blue cheese. Some manufacturers of American blue cheese cover their consumer-size portions with a wax coating to protect the cheese from loss of moisture.

This protective wax coating lifts off easily before serving. Make sure, however, to serve blue cheese at room temperature so that the flavor and character of this pungent cheese will be at its very best.

For leftover cheese, it is best to wrap it carefully in foil, saran or in another moisture-proof wrapping to prevent the cheese from drying out in the refrigerator.

A plastic refrigerator container with a close-fitting lid also is ideal for the storage of blue cheese. The average refrigerator temperature—between 40 and 50 degrees—is just right for the storage of blue cheese.

Blue cheese may be kept in the refrigerator several months after purchase if it is properly wrapped.

Chicken Feet Broth

Good cooks sometimes use chicken feet for broth. Allow the feet to stand in boiling water (off the range) until the heavy outer skin can be peeled off.

Pineapple Salad

Ever mix drained crushed pineapple with finely grated carrots for a salad? Dress with mayonnaise, and serve on greens. This combination may also be used in a molded salad made with lemon-flavored gelatin.

Who Said 'Applesauce' Have An 'Applesnack'

Who said "applesauce"? Have an "applesnack" It's more modern, more fun.

And far more adaptable to all the snacking occasions of the Space Age. Snack time these days is any time. We eat snacks around the clock, morning, noon—and night, with coffee breaks and n d brunches and four o'clock pickpicking us over until it's time for a bedtime snack or a TV snack with Jack Paar.

Applesnacks come in many delicious shapes, all of them good for you as well as good to eat. (Might as well make those snack times good health times too.) Dip slices of unpeeled apples in finely ground peanuts, or grated cheese, spear on toothpicks and serve with your favorite beverage.

Or try unpeeled apple wedges, sprinkled with lemon juice to accompany a horseradish dip as an appetizer. People say these go faster than shrimp and sausage at cocktail parties.

Nice for TV nibbling are applesnacks made like shish-kebabs, alternating apple slices and cubes of American cheese on cocktail picks.

A little more trouble but worth it: Cut firm, tart, juicy apples into rings. Do not peel. Spread with soft cream cheese and sprin-

kle with chopped salted peanuts. Plan one apple for each person. Applesauce cookies are a "natural" for children's snacking with an after-school glass of apple juice or milk. See if these aren't the best you ever ate:

APPLESNACK COOKIES

- 1 cup brown sugar, packed
- 1/2 cup soft butter
- 1 egg
- 1 cup thick applesauce
- 2 1/2 cups sifted flour
- 1 teaspoon baking soda
- 1/4 tsp. salt
- 1 tsp. cinnamon
- 1/4 tsp. nutmeg
- 1 cup chopped seedless raisins
- 1/2 cup chopped pecans or walnuts

Cream butter with sugar; beat egg and add. Combine with applesauce. Sift flour with soda, spices and salt. Add to first mixture and blend well. Stir in chopped raisins and nuts.

Drop by teaspoonfuls on greased cookie pans; bake in moderate oven, 375 degrees F., about 15 minutes. Makes about three dozen cookies.

Fried Cabbage

Pan shredded green cabbage in a little butter in a skillet, adding a few tablespoons of water. Season with a suspicion of sugar and some soy sauce.

Friends Enjoy Dips And Dunks After Football

Fall is the season for party dips and dunks after football games or at other informal get-togethers.

Dips are easy to make, and it's fun to blend the mixture that is just right for your taste. The base of a dip may be a cheese, combination of cheeses, mayonnaise or sour cream thinned with a suitable liquid.

Blend cream cheese, for example, with milk, buttermilk or cream. The addition of a cheese with a pungent flavor, such as blue cheese, is one of the best ways of adding flavor and character to the cream cheese base.

According to your taste, add to the base crushed fruit, chopped nut meats, or a combination of both. Other items that may be added are chopped pimiento, peppers, onion, or ripe or green olives.

The use of finely chopped herbs, such as garlic, chives, parsley or basil makes an interesting addition to a dip either singularly or in combination.

Chopped seafoods, such as clams or smoked fish, can be added to the base with small amounts of mayonnaise and chopped capers to produce still another dip.

Mother knows best... Many a mother has taught her daughter the advantages of using Mrs Baird's Bread. Mother to daughter or friend to friend, Mrs Baird's best advertising has always been one person telling another about the dependable goodness of the loaf that "Stays Fresh Longer".

Modern Breakfast

Eggs baked in corn flakes nests are a new breakfast wrinkle and go well with juice, crisp bacon, English muffins and coffee.

For Main Dish Try Unique Crunch Burgers

The ways of preparing hamburger are many and varied. Here is an intriguing new version that calls for walnuts sauteed in butter or margarine and a package of onion soup mix. This gives interesting texture and flavor to the hamburger.

The cooking is also easy, since the meat balls do not have to be browned. They are cooked directly in a savory sauce also made with the onion soup mix. These Crunch Burgers can be served as a main dish with Savory Rice.

- CRUNCH BURGERS**
- 1 package onion soup mix
 - 1 cup coarse bread crumbs (2 slices)
 - 1/2 cup scalded milk
 - 1 1/2 lbs. ground beef
 - 1 egg
 - 1/4 cup chopped parsley
 - 1/4 cup chopped walnuts
 - 2 tbsps. butter or margarine
 - 2 cups water
 - 1 tbsps. flour
 - 2 tbsps. catsup
 - Savory rice
- Add 3 tablespoons onion soup mix (save remaining for sauce) and bread crumbs into scalded milk in small saucepan. Let stand 5 minutes. Stir mixture, egg and

parsley into the beef and mix lightly. Saute walnuts slowly in butter or margarine in large frying pan until walnuts are a rich brown; remove with a slotted spoon and stir into meat mixture.

Combine the remaining onion soup mix, water, flour and catsup in the frying and heat, stirring constantly, until the sauce boils for 1 minute. Form meat mixture into 18 meat balls, add to the sauce and poach slowly for 15 minutes. Press hot Savory Rice into a 4-cup bowl; turn out onto a serving dish; spoon meat balls and sauce around the edge.

- SAVORY RICE**
- 1 cup raw rice
 - 1/2 cup thinly sliced celery
 - 1/2 tsp. curry powder
 - 4 tbsps. butter or margarine
 - 1 tsp. salt
 - 2 1/2 cups boiling water
- Saute rice, celery and curry powder in butter or margarine in large frying pan until rice is toasted and lightly browned. Stir salt and water into rice mixture, cover. Heat to boiling, then cook over low heat 20 minutes, or until rice is tender and all of the water is absorbed. Makes 6 servings.

Nutritious Breakfast Begins A Better Day

By CECILY BROWNSTONE Give the egg its due. Nutritionists agree that it's a good idea for each member of the family to eat an egg a day.

Why? Because eggs are an excellent source of high-quality protein — just as are meat, poultry and fish — and protein is needed for body growth and repair. In addition eggs offer vitamins and iron.

One delicious way to cook eggs is to shirr them; we're constantly surprised that more cooks do not use this method. Webster says that to shirr is "to break eggs into a dish with cream or crumbs and bake in the oven or cook in hot water on the fire." As usual the dictionary is right.

Recently we chose to substitute crisp corn flakes for the crumbs and at our house both grownups and visiting small fry approved the variation. If you try the following recipe, don't worry, as we did, about how you are going to get the egg nests out of the custard cups; we find they lift out beautifully.

The cream method of shirring eggs may be used with one egg in a custard cup or two eggs in a shirred-egg dish. If you haven't any of the latter, substitute individual heat-resistant glass pie plates. These are about 6 inches across and 1 inch deep, widely available and inexpensive. We suggest glass because they make presentable tableware, and cream-type shirred eggs must be served in the dishes in which they are cooked.

Before the eggs are slipped into the custard cups, a little sauce (usually 1 tablespoon for each dish) is poured in. Then the dishes are placed in a slow (325 degrees) oven for 10 minutes or so to set. Salt and pepper are added by eaters to suit their own tastes.

This is a basic method on which many variations may be made. Sometimes we arrange strips of

cooked ham in the cream in the dishes, slip in the eggs and top with grated cheese.

- CRISPY SHIRRED EGGS**
- 1 1/4 cups (or 1-oz. pkg.) corn flakes
 - 4 eggs
 - Salt
 - White pepper
 - 1/4 cup grated cheddar cheese, if desired.
 - Four butter over corn flakes

tossing lightly as you do so to mix. Place nest-fashion in 4 buttered custard cups. Slip an egg into the center of each nest. Sprinkle with salt and pepper and cheese, if used. If cheese is not used, do not season before baking. Place in slow (325 degrees) oven until eggs are firm — 15 to 20 minutes. Loosen outside of nests with spatula and lift out gently. Makes 4 servings.

Some Tips On Buying Canned Salmon, Tuna

The many developments in the methods of preservation of fishery products have made a wide variety of canned fish and fish specialties available on the market.

These include canned salmon, tuna, mackerel, cod, alewives, herring, shad, sardines, sturgeon, whiting, etc., to choose from in planning menus. These together with such specialties as fish balls, chowder, cakes, and roe, can be used to add variety and zest to your fish menu.

Salmon canned on the Pacific coast come from five distinct species and are usually sold by their names, since they indicate the differences in the type of meat.

The differences are a matter of color, texture and flavor. The higher priced varieties are deep-red, color, and have a high oil content. The grades of salmon are: Chinook or king salmon, red or sockeye salmon, medium red salmon, pink salmon, chum salmon.

Salmon may be purchased in the following size cans: 3 1/2, 7 1/2, 13 1/2, and 64-ounce.

The tuna canned in this country is produced from four species of the mackerel family. They are yellowfin, bluefin, skipjack, and albacore.

Tuna is divided into grades according to the types of meat used as indicated below:

1. Fancy or fancy whitehead

- Cook Pot Roast With Red Wine**
- 5 lbs. beef round, chuck or 7-rib roast
 - 1/4 cup beef fat
 - 1 onion, sliced
 - 1 tsp. garlic salt
 - 1 carrot, sliced
 - 1 parsnip, peeled and sliced
 - 6 peppercorns
 - 1 bay leaf
 - 1 cup canned tomato
 - 2 teaspoons salt
 - 1 1/4 cups dry red wine
 - 1 1/2 cups dry vermouth
- Melt fat in a heavy, good-sized kettle. Add sliced onion, saute until golden. Rub beef roast thoroughly with garlic salt, saute slowly; turn occasionally until beef is brown and the onion dark but not burned. Add remaining ingredients. Cover; bring to a rapid boil. Simmer 3 1/2 hours; top-of-range or in a slow oven until tender. Estimate 40 minutes per pound of beef. Turn twice while cooking. Serve with brown mushroom or horse radish sauce.

Liver Topping

Different and good cook chicken livers in butter and use them to top portions of spaghetti and tomato sauce; pass grated Parmesan or Romano cheese.

Homemade Touch

A couple of extra egg whites in the refrigerator? Use them in a "Seven-Minute" or Seafoam frosting to top a cake made from a mix. You'll have that homemade touch.

Time Limit

Duckling stored in a freezer should be held for no longer than 9 to 12 months.

Zesty Dressing

Beat together 1/4 teaspoon anchovy paste with 1/2 teaspoon prepared mustard, slowly beat in 3 tablespoons Spanish olive oil, 1 tablespoon grated Parmesan cheese and 1 tablespoon vinegar. Excellent with hard-boiled eggs and chicory.
