Pirates Win Opener, 6-4

PITTSBURGH (AP)—The Pittsburgh Pirates scored three runs on three hits in the first inning, added two more on Bill Mazeroski's homer in the fourth, and whipped the New York Yankees, 6-4 today in the opening game of the World Series.

FIRST INNING YANKS—Gov. David Lawrence threw out the first ball to officially open the 1960 World Series.

Kubek grounded a sharp single off the third base bag. Mazeroski fielded Lopez's grounder, tagged Kubek and threw to Stuart at first to complete a double play. Maris smashed a one and one pitch into the upper right field deck for a home run putting the Yankees in front 1-0. The ball traveled about 350 feet. Mantle flied to Viridon in shallow center.

One run, two hits, no errors, none left.

PIRATES—Ditmar walked Viridon, on five pitches. On Ditmar's first pitch to Groat, Viridon broke to second and when nobody was there to handle Berra's throw, Viridon continued to third. It was ruled a stolen base for Viridon and an error for Berra.

Groat lined Ditmar's next pitch to the right field corner for a double, scoring Viridon with the tying run. Skinner bounced a single past Richardson into center field. Groat scoring to put the Pirates in front 2-1. Stuart lined to Maris in short right. Skinner stole second base as Berra's throw was high and wide. Clement singled to center, scoring skinner with Pittsburgh's third run and bringing Stengel out to the mound. That was all for Ditmar. He was replaced by Jim Coates, a right-hander.

Burgess forced Clemente, Richardson to Kubek. Kubek tossed out Hoak.

Three runs, three hits, one error, one left. (all runs earned)

SECOND INNING

YANKS—Berra lined a single to center. Skowron singled, Berra stopping at second. Dale Long, a left-handed hitter, batted for Boyer. Long flied to Clemente. Richardson lined to Skinner in left and the left-fielder's strong throw to Mazeroski doubled up Berra.

No runs, two hits, no errors, none left.

PIRATES—Gil McDougald went in to play third base for the Yankees. Mazeroski struck out. McDougald tossed out Law. Viridon struck out.

No runs, no hits, no errors, none left.

THIRD INNING

YANKS—Coates struck out. Law fielded Kubek's high chopper and threw him out. Law grabbed Lopez's bounder and threw him out.

No runs, not hits, no errors, none left.

PIRATES—Groat singled to right center. It was his second straight hit. Skinner lined to Mantle. Stuart smashed a long single to left but Groat was out trying for third. Stuart took second on the throw. Clemente flied to Mar-

Will Lyndon See Liberals?

NEW YORK (AP)—A question of whether Sen. Lyndon B. Johnson will see Liberal party leaders during his current campaigning in New York was left up in the air today.

Liberal chiefs said they had invited the Democratic vice-presidential nominee to a meeting, but a spokesman for Johnson quoted him as saying he had received no invitation.

Johnson's printed itinerary for today included a tour of Brooklyn but no mention of the Liberal meeting.

The Liberal party, shortly after the national conventions, gave its nomination to the Democratic national ticket of Sen. John F. Kennedy and Johnson. Kennedy accepted in person and Johnson by mail.

The party functions only in New York State. It generally is regarded as having the potential to swing a close election.

Johnson campaigned Tuesday night in New Rochelle and Mount Vernon in heavily Republican, suburban Westchester County.

Birth Rate Up In Dawson County

LAMESA (SC)—Eleven deaths and the year's record number of births—59—were recorded by Arthur Standefer, peace justice of Dawson County, who also maintains the vital statistics for the county.

The birth rate boosted the total to 322 for 1960 while deaths reached 188, with the September total slightly over the monthly average of 11.

April was the previous peak month for births with 58 and the highest number of deaths was recorded in January, 14.

Ronald Jones Dies In Crash Near Lubbock

Ronald Norron Jones, 30, of Big Spring was injured fatally and six others were hurt seriously in a head-on crash on U.S. 87 near Lubbock Tuesday afternoon.

Mr. Jones, a salesman for the W. L. Sommer Company of Shreveport, La., died at 3:15 p.m. in the Methodist Hospital at Lubbock an hour and a half after the mishap.

Services will be held at 2 p.m. Thursday at the Nalley-Pickle Funeral Chapel with his pastor, Dr. P. D. O'Brien, officiating. Burial will be in the Trinity Memorial Park.

Bernabe Guerra, 61, driver of the second car, was listed as in critical condition at Methodist Hospital. Described as in poor condition at the same hospital were his son, Bernabe Emile, 22, his daughter, Mary, 18, together with his daughter-in-law, Paula Guerra, 20, a granddaughter, Elida Guerra, 2, and Juan Ector, 17.

ACCIDENT RELATED

Highway patrolmen said that the Jones car apparently veered from its lane half a mile south of the U.S. 87 traffic circle on the south edge of Lubbock.

J. B. Cearley, employe of the Lubbock Avalanche-Journal, said he saw the car coming toward him and jerked his pickup truck sharply to the right. The Jones car sideswiped the rear of the pickup and virtually demolished a trailer it was pulling. Cearley said he glanced back to see the car continue northward about 100 feet and collide almost head-on with the car containing the Guerra family. He said that suddenly there were people spilled all over the highway, and that someone ran to throw dirt on the Jones car, which caught fire.

Justice of Peace George McCleskey, Lubbock, said that Mr. Jones had suffered a broken neck, head and chest injuries as well as a fractured leg and multiple cuts. He was driving a 1960 sedan and was bound for Lubbock at the time.

UNCONSCIOUS

All the Guerra car occupants were knocked unconscious except Elida, who could say only that the "older Papa" was driving. Mrs. Paula Guerra regained consciousness today, but all she knew was that the family was enroute to pick cotton at Woodrow.

Mr. Jones was born Nov. 7, 1929, at Pampa and came to Big Spring six years ago from Hobbs, N.M. He worked for Jones-Laughlin Co. and later took a position with Sommer, another oilfield servicing concern. He was a member of the First Baptist Church here and of the Knights of Pythias.

He was married in 1953 to Miss Ruby Eaves in Hobbs, N.M., and she survives him as do two daughters, Ronda and Pamela, and one son, Randy, of the home at 2300 Alabama. He also leaves his parents, Mr. and Mrs. C. C. Jones, Wheeler, and a brother, W. W. Jones, Twenty-nine Palms, Calif.

Lakeview Fund Nearing Goal

Workers on the Lakeview YMCA building fund campaign had narrowed the gap to \$180 as the final day of contacts rolled around.

With the report meeting set for a p.m. today at Mt. Bethel Baptist Church, a total of \$820 on a \$1,000 goal had been reported raised or pledged.

The campaign is being staged primarily among the Lakeview constituency. Leaders in the effort urged all the workers to complete their contacts today and be ready to report this evening. They expressed confidence that the goal can be reached.

UF Division Sets Meeting

The big gifts division of the United Fund will hold its kickoff meeting at 3 p.m. Thursday in the Chamber of Commerce conference room.

The workers will pick up their contact cards, kits and begin the 1960 drive.

The division is shooting for 40 per cent of the total United Fund goal of \$98,210.

Chairman of the division is Douglas Orme. Others working with the division are Charles W. Sweeney, R. L. Deane, Dr. R. B. G. Cooper, Randall Polk, Elmo Wasson, G. H. Hayward, J. R. Hensley, W. D. Caldwell, R. W. Currie, Roy B. Reeder, Clyde McMahon, Leroy F. Tidwell, R. W. Whipkey, K. H. McGibbon, R. L. Tollett, M. M. Miller, Adolph Swartz, and Lewis Price.

Exemption No. 1 Issued

Exemption Certificate No. 1 has been issued to Mrs. Oscar Martin, 1226 W. 3rd, No. 1 poll tax receipt is still unclaimed.

Mrs. Viola Robinson, county tax assessor, said that Mrs. Martin was the first applicant of the current year for an exemption certificate.

Poll tax receipts became available on Oct. 1. Exemption certificates, which are issued to over-age voters who live inside Big Spring, also are now being issued.

Poll tax license fees are \$1.75 per person. There is no charge for exemption certificates.

BOSTON (AP)—Bernard Goldfine, 70-year-old industrialist charged with federal tax evasion, today was ordered committed to a mental institution to be examined as to his mental competence to face trial.

Birds May Have Been Cause Of Air Disaster

61 Die Aboard Craft At Boston

BOSTON (AP)—Gen. Elwood R. Quesada, federal aviation administrator, said today starlings may have caused the crash of a four-engine Eastern Airlines plane last evening taking 61 lives.

He said 100 to 200 dead starlings were found today on the runway from which the big plane took off, only to plunge into the sea off nearby Winthrop.

"We are convinced," Gen. Quesada told a news conference, "a large number of starlings were at the end of that runway. . . . When these birds are ingested by a jet engine, they can disrupt the delicate airflow of the engine and cause a stall."

Quesada said investigators had found no evidence of structural failure and that there are no present plans to ground turbo-prop Electra planes.

MORE BODIES

Shortly before he held the conference skindivers recovered six more bodies from the plane's sunken fuselage. Only 11 survived the crash, worst in New England's history.

The latest victims to be recovered included Capt. C. W. Flitts, the plane's pilot, and copilot Martin J. Calloway.

Recovered also was the radio log which had a final, illegible entry, timed 5:33 p. m.—shortly before the accident.

The plane plunged into a narrow harbor bay between Logan Airport and the town of Winthrop just after takeoff last evening. The huge craft split in two and sank in comparatively shallow water. Most of the passengers were trapped in their seats.

Some of the dead floated to the surface like corks. There was a scene of horror in the setting sun as lifeless bodies strapped to seats drifted toward the muddy shore at low tide.

First Rabies Case Reported

A pet Pekingese owned by the Larry Osborn family at 507 Abrams has been found rabid, according to a report made by the state laboratory.

The dog, which died early this week, had been ill for a month. The head was removed by Dr. Akin Simpson, veterinarian and sent to the laboratory Monday, Tuesday afternoon, Dr. Simpson was advised by the laboratory that the dog was definitely suffering from rabies.

This is the first case of rabies reported in the city so far this season. Earlier this summer a cat, from the rural areas, was revealed to be suffering from the disease.

Dr. Simpson said that the little dog had apparently bitten no members of the Osborn family but that it was possible infection could have been transmitted otherwise.

The Osborns are consulting their doctor on steps to take to protect themselves from possible difficulty. Dr. Simpson pointed out that last year a large number of animals, mostly wild skunk and fox, were found to be rabid and many were destroyed.

He also warned that to safeguard dogs and cats from this disease it is necessary they be vaccinated each year. Many owners, he says, get their pet vaccinated once and never return it for another shot.

Court Reverses Saunders Case

AUSTIN (AP)—The Court of Criminal Appeals in a split decision reversed today the perjury conviction of J. Byron Saunders, former chairman of the State Board of Insurance.

Saunders' conviction in Austin resulted from testimony the Tyler lawyer gave before a legislative committee investigating the state insurance scandals in the mid-1950s.

THIRD PARTY MEETING Dr. J. E. Hogan urges Constitution's return

Citizens Turn Out For Political Rallies

Big Spring residents expressed new interest in politics Tuesday night by turning out in what party leaders generally termed "impressive numbers."

Rallies were held in the city by the Democrats, the Texans-for-Nixon group and the Constitution Party backers.

Attendance at all three was about the same, ranging from 40 at the Constitution Party meeting to 55 at the Texans-for-Nixon meeting. About 50 were on hand for the Democrats' rally.

Order of business at most of the meetings was organization, with committees named and plans outlined for electing party candidates. Out of town speakers were present at the Texans-for-Nixon and the Constitution Party meetings.

Dr. C. W. Finley, Lubbock, regional chairman of the Constitution Party in Texas was on hand for the meeting of that group at the Settles Hotel, along with John R. Anderson, Gall, the party's candidate for 19th District representative.

PLEASED

Dr. J. E. Hogan, chairman of the party here, said that he was pleased with the turnout as indicative of interest in the conservative platform of the Constitution Party.

The Constitution Party, he said, is in favor of a return to government as outlined in the Constitution with a loosening of federal controls.

"Our party gives the conservatives an outlet to express themselves," Dr. Hogan said.

Organization of the Constitution Party at the precinct level is the next step for the local organization.

Nelson Bourn, regional field director of the Texas Republican Party, told those gathered at the Howard County Junior College that Republicans can be elected in Texas if "we work hard enough."

Bourn said he felt that the Republicans stand a good chance of winning in November if the party members dig out the votes.

IMPRESSED Paul Meek, county Republican chairman, said he was impressed with the attendance at the meeting and said that all of those present "are ready to go to work for the Party."

"A lot of interest was generated and everyone seemed highly optimistic when it was over," he said.

The Republican organization named committee chairman to lead the campaign here. Mrs. Patricia Simpson was named chairman of the campaign headquarters which will be established this weekend.

Other committee chairman include Jim Watts, publicity, and Tom Ivey, telephone. Meek will head the finance committee.

Discussion centered around the basic campaign policies of the Republican Party and the candidates. The Democrats, meeting at the

Howard County Courthouse, established their local organization under the direction of Frank Hardesty, county chairman, naming a steering committee and other committees to direct the political battle.

The steering committee, on whose shoulders much of the party direction will rest, includes every elective county official and all precinct officers.

A host of committees for selective work during the campaign were also named. The committees and chairman include finance, Obie Bristow, campaign headquarters, W. D. Berry and Joe Hayden; women's division, Mrs. Martin Binder, publicity, Wayne Basden; young married couples, Mr. and Mrs. Bob Galbraith; labor, Walter Schattell; farm, Ed J. Carpenter, and speakers, Dr. Anthony Hunt.

Hardesty explained that the Democrats will have their campaign headquarters in operation in the Settles Hotel this week, ready to distribute literature concerning the party and candidates.

"We are enthusiastic and ready to work," Hardesty said. He said that the Democrats will probably hold a weekly meeting "from now on." The meetings will be held on Tuesday and next week will be at the courthouse at 7:30 p.m.

The speakers committee, headed by Dr. Hunt, will furnish speakers to any organization so requesting. Hardesty said

Two Models In 1961 Pontiac Line

All-around styling excellence is clearly pronounced in these two new 1961 Pontiac models — a luxurious four-door Star Chief sedan. The 1961 Pontiacs go on display Thursday, and will be shown locally at McBride Pontiac, 504 E. 3rd.

Beauty Of Line Marks New Pontiac Models For 1961

A new styling approach gives distinction to the Pontiac line for 1961. The new cars are on display beginning tomorrow at McBride Pontiac, 504 E. 3rd.

Fifteen new models in four series are offered, with emphasis on beauty, reliability, performance and motoring comfort.

The new Pontiacs are a bit lower, and shorter and narrower, but passenger compartment dimensions have been improved. Pontiac's famous wide-track design is proportionately increased.

The company offers the Bonneville series, the Star Chief series, the Ventura series and the Catalina series. There is a wide selection of V-8 engines.

**NEW FRAME**  
Among engineering advancements, Pontiac features a new perimeter frame, which contributes to the increase in passenger compartment space. Improved suspension systems add to Pontiac's distinctive ride characteristics.

New styling conveys an overall impression of distinguished simplicity and unmistakable identity.

Accentuating the wide, low front end appearance is an expansive hood, channeled on either side of its centerline, which tapers forward with narrow fenders to meet a dominant twin grille of three dimensional design. Each grille houses dual headlamps and an impressive two bar type wrap around bumper adds further prominence to the front end design.

Long sweeping sculptured lines highlight the side view. A central jet-like boom, mounting a graceful chrome moulding, gracefully spans the entire length of the car.

A unique bumper design, attractively integrated with the body, distinguishes a sharply profiled rear end. Sweeping abruptly upward to cap the rear fenders, the bumper frames a low, rear-

ward slanting trunk lid and a narrow panel containing tail lamps and Pontiac or series name.

**WINDSHIELD**  
Curving pillars framing a generous Vista-Panoramic windshield combine with the sharper lines of the side windows and rakish, slim-line roof to create a new custom appeal. The new design eliminates the windshield corner extension on all models and the triangular rear side window on four-door sedans.

Enhancing the new car's exterior styling appeal is a dazzling array of Magic-Mirror finishes. The brilliant, highly durable acrylic lacquer is available in 15 solid colors and 57 two-tone combinations. Harmonizing with exterior colors are 88 interior trim combinations.

New Pontiac instrument panels feature a cushion extending around the cove area on the front face of the panel. New instrument clusters, gauges, and control knobs are designed for the ultimate in driver and passenger convenience.

Also providing increased interior comfort are: a 12 per cent increase in front seat to steering wheel clearance and wider opening doors for greater ease of entrance and exit; a 2.3 inch increase in front seat height on most models for a more natural, relaxed sitting position; and a reduction in floor tunnel height. Head room has been improved by as much as two inches.

**SIGNIFICANT DIMENSIONS**  
Wheelbases measure 119 inches with Catalina and Ventura models and the Bonneville Safari; 123 inches with Star Chiefs and the other Bonneville. Overall lengths begin at 209.7 inches with all Safari models and extend to 217 inches with sedans and coupes in the Star Chief and Bonneville series. Heights range from 54.9 inches with convertibles up to 56.9

inches with station wagons. All new Pontiacs have an overall width of 78.2 inches. Although the new car is reduced 2.5 inches in width, Pontiac's famed wide track is only decreased 1.5 inches to insure continued superb roadability.

Bomb Carrier Nabbed As He Goes After K

NEW YORK (AP)—A man who said he "wanted to get" Soviet Premier Khrushchev with a "Molotov cocktail" type fire bomb was arrested early today near the United Nations headquarters.

The man was nabbed by city police as he climbed a wall from the East River Drive into a parking lot just north of the U. N. headquarters.

He carried a homemade bomb, a soda bottle containing a gasoline saturated rag.

Police identified him as Richard Hogan, 22, of Queens, New York City.

He told police he had been recently interviewed by psychiatrists at Bellevue Hospital, where he had been taken by his parents.

Detectives said Hogan admitted that he had been trying to reach the U. N. building with his homemade bomb because he "wanted to get Khrushchev."

Police described how the bomb works: the rag is ignited and the bottle thrown. When it breaks the burning gasoline spreads the fire.

This type fire bomb was known as a "Molotov cocktail" during World War II and was used extensively in anti-tank warfare.

Hogan was unaware that Khrushchev was not at the U. N. building, but at the Soviet headquarters, more than a mile away.

Nixon Gets Good Reception In New Jersey, Goes To N.Y.

NEW YORK (AP)—Vice President Richard M. Nixon put a personal slant on his campaigning for New York's vital 45 electoral votes today after what he called a tremendous reception in New Jersey's vote-heavy heartland.

The Republican presidential nominee was buoyed by one of the highest pitches of his drive for the presidency by a tumultuous reception accorded him and Mrs. Nixon by a cheering and chanting crowd which overflowed the 13,000-seat National Guard Armory in West Orange, N.J., Tuesday night.

Local Republican leaders publicly hugged and kissed each other at the thundering success of their efforts to demonstrate that the GOP nominee has a good chance of carrying doubtful New Jersey.

It was by all odds the most raucous, unruly crowd of enthusiasts Nixon has encountered in a campaign that formerly has been marked largely by polite partisan receptions. Local officials said some of those who attended parked as much as two miles away and walked to the armory.

The candidate was so fired up he told the wildly shouting spectators: "I say that in this state we are on the march and on the march to victory."

In his bid for New Jersey's 16 electoral votes, the vice president traveled about 75 miles by mo-

torcade. His crowds were good. They were as large as, and sometimes larger than, those attracted by his opponent, Sen. John F. Kennedy, in his journey through New Jersey a couple of weeks ago. But until the West Orange appearance there was lacking the high pitch of enthusiasm for Nixon that Kennedy engendered.

Nixon addressed an almost all-Negro audience at a housing development in the heart of Newark. He had, picked up Jackie Robinson, Negro former baseball star, earlier in the day to shore up his appeal to civil rights-conscious voters.

When Robinson spoke briefly before the housing development crowd estimated by police at about 3,000 persons, there were some audible boos.

Nixon said "Anybody who does

not appreciate Jackie Robinson doesn't belong in this crowd."

There obviously were some who did not appreciate Robinson—nor Nixon, either. Kennedy signs were hoisted aloft by some supporters. There were boos for Nixon, as well as for Robinson.

The Republican candidate said he talks the same way about civil rights in the South as he does in the North. He made a point of contention that Kennedy does not talk about civil rights in the South.

Nixon's motorcade was stopped often by so-called "unscheduled appearances." In these he lashed out vigorously at Kennedy.

Nixon said repeatedly that the programs he advocates will cost "billions less" than those espoused by Kennedy.

Dealing in specific figures in an area of consumers, Nixon said that the program outlined by his opponent would add six cents to the cost of every quart of milk, 28 cents to the price of a dozen eggs, 22 cents to each pound of chicken, 23 cents on pork costs and 15 cents a pound on beef.

"That's what my opponent's farm plan would do for all Americans," he said. He added that if Kennedy's proposals were put into effect they would "force up the consumer price index — often called the cost of living—by at least 6 per cent.

Cotton Program Due Out Oct. 15

WASHINGTON (AP)—The government is expected to announce within a few days its farm production program for next year's cotton.

Farm law requires the Agriculture Department to announce the cotton program by Oct. 15. This program will include acreage planting allotments and marketing quotas based on the allotments.

Receivers Give Up Surety Firms

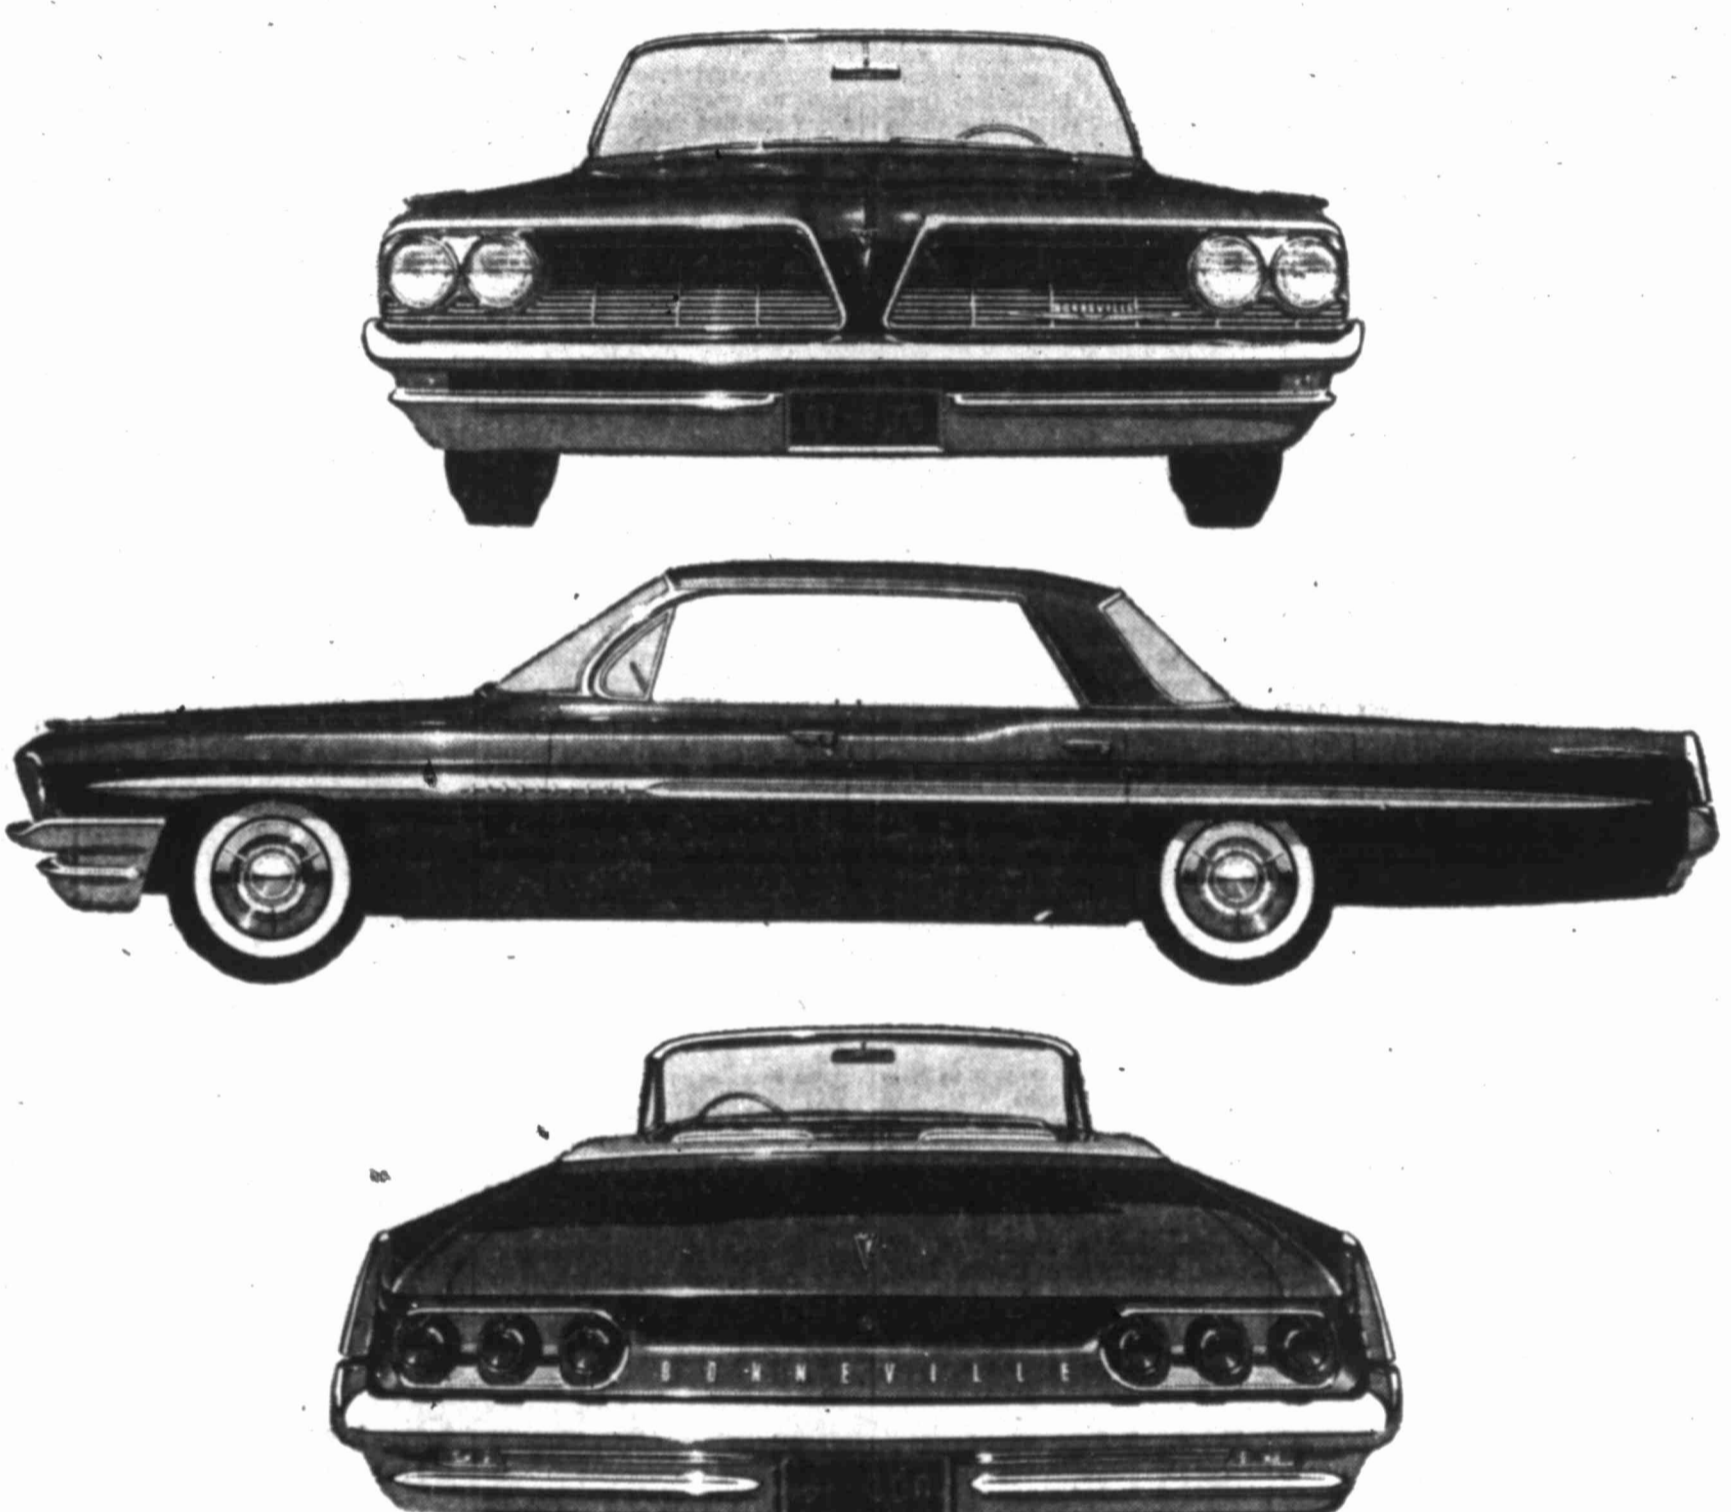

LUBBOCK (AP)—Two Lubbock insurance firms, in the hands of receivers for 10 months, will be returned to control of the companies, state officials said Tuesday.

State liquidator C. H. Langdon said an investigation showed Investors Security Life Insurance Co. and Mutual Old Line Life Insurance Co. were solvent and had surplus stock.

THE '61 PONTIAC IS OUT TODAY!

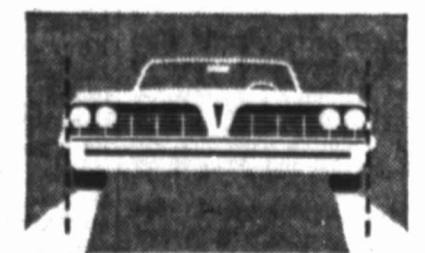

It's All Pontiac! on a new Wide-Track!

**New track-to-body proportion!** The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

**Announcing the new Pontiac Trophy V-8 Engine!** We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

**More headroom, legroom, footroom for greater comfort!** You'll take great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

**THE ONLY WIDE-TRACK CAR!**  
Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

Kennedy Claims Million Jobs Lost Thanks To GOP

EVANSVILLE, Ind. (AP)—Sen. John F. Kennedy, in one of his sharpest attacks so far, said today a million workers have lost their jobs because of policies backed by Vice President Richard M. Nixon.

"Republican unemployment," Kennedy called it.

The Democratic presidential nominee chose this section, which has been hit hard by closing factories, to lash out at GOP economic views—and at Nixon.

In his prepared speech, Kennedy claimed Nixon has said, "You never had it so good," after traveling through distressed areas.

"I say Mr. Nixon has looked, but he has not seen. He has heard, but he has not listened," Kennedy said.

"When it comes to our economy, he sees no evil, hears no evil, speaks no evil."

Even though it has but 13 electoral votes, Indiana has become a political battlefield this year.

Nixon has been here three times. Henry Cabot Lodge, his running mate, has been here once. Sen. Lyndon B. Johnson of Texas, the Democratic vice-pres-

idential nominee, has also paid one visit.

This is Kennedy's first trip, but he gave Indiana the full treatment. His schedule called for speeches in Anderson, Muncie, Terre Haute and here before leaving for Louisville and a speech there tonight.

Nor is this all. Kennedy will be back in Indiana later this month. Kennedy, by the way, concedes he's running behind Nixon in this state.

"But in the last three weeks," he said in Indianapolis Tuesday night, "I feel the tide has somewhat moved in our direction."

Kennedy said that during the Eisenhower administration Indiana has lost 33,600 manufacturing jobs—"and the nation as a whole has lost one million jobs."

Kennedy said the Democrats have twice passed bills to help cities like Evansville. "And twice," he said, "the Republicans have vetoed this bill—with Mr. Nixon leading the fight for the veto."

A Plea For Obedience To Christ

A plea for Christ is a plea for obedience to Christ. "Though He were a Son, yet learned He obedience by the things which He suffered; and being made perfect, He became the author of eternal salvation unto all them that obey Him." (Heb. 5:8, 9) Christ is the obedient class; and to be saved by Him, we must become classified with the obedient.

Although we are criticized for it, it is right that we should emphasize such neglected commands as baptism and communion, along with all the other commands.

Men must have Christ; and one is baptized "into Christ." (Gal. 3:27). Men must reach the blood, and we are "baptized into His death," where His blood was shed (Rom. 6:3). Men must obey, and the alien sinner is commanded to be baptized (Acts 2:37, 38 and 10:48). Then, to the Christian, observing the Lord's Supper is a command (1 Cor. 11:24, 25).

We preach Christ three times each week: Sun., 10:30 and 7:30; Thur., 7:30. Welcome. Adv.

Elections Against Legalizing Liquor

AUSTIN (AP)—Local option election results are running about 3 to 1 against legalizing liquor, the Texas Liquor Control Board reported today.

In 21 elections this year on the question of legalizing alcoholic beverages, 16 areas remained dry while five voted wet, the board's monthly report said. One area where the sale of beer was legal voted to allow the sale of all alcoholic beverages.

During August the Hockley County community of Sundown remained dry by a 230-147 vote. Precinct 5 of Coryell County remained dry by a 340-246 margin, and Forest Hill, Tarrant County, remained dry by a 310-235 vote.

During the month Liquor Control Board inspectors seized six illicit stills, four in Harrison County, one in San Jacinto and one in Tarrant.

Port Expansion

BEAUMONT (AP)—Commissioners of the Port of Beaumont Navigation District Tuesday approved a \$25 million expansion program that would double port facilities.

Long, Sleek Look For Oldsmobile

Oldsmobile's new and distinctive styling motif for 1961 is exemplified by this Super 88 Holiday sedan, a four-door hardtop. The new body lines give the cars a long, sleek look, but overall length of the 88's has been reduced 3 inches. Along with full lines of the Super and Dynamic 88's and the 98, Oldsmobile is showing for the first time a smaller, economy model, the F-85. The cars are to be seen Thursday at Shroyer Motor Co., 424 E. 3rd.

## Oldsmobile Changes Design, Offers New Economy Model

Oldsmobile is incorporating sweeping changes in design in a full line of Dynamic 88's, Super 88's and 98's in its different models. And, in addition, Olds brings forth this year a smaller model in the low price field—the F-85. All the cars are being unveiled Thursday, with local showing at Shroyer Motor Co., 424 E. 3rd. Changes have been made for passenger comfort, with head room being increased. There are also many mechanical improvements. The smaller F-85 is designed to attract those who want Oldsmobile distinctives at a lower price. The smaller Olds will be offered in two and four door body styles. It is 132.2 inches long overall, on a 112-inch wheelbase.

Highlighting the styling motif, the sculptured sides of the Dynamic 88, Super 88 and 98 sweep back from the distinctive, alert-looking front end, with the profile tapering at the rear—styling that is un-

mistakably Oldsmobile. Excluding convertibles, a total of eight different roof designs is featured on the various models within the three series. Oldsmobile's Dynamic 88's, Super 88's and 98's will feature interior fashions of sensational decor—utilizing brighter, newer, more modern fabrics, color-harmonized with exterior finishes. The bodies for the Dynamic 88 and the Super 88 have been completely redesigned. The new body for the Classic 98 has distinctively different styling characteristics which give it strong series identification. While the 1961 styling theme gives the cars a long, sleek look, overall length and width have ac-

### Newlyweds Go Back To Cells

LITTLE ROCK, Ark. (AP)—The newlyweds kissed and then were returned to their separate cells in the Pulaski County Jail. Clyde L. Long, 38, and Nancy L. Arendt, 20, were married by Justice of the Peace Sam Miller before witnesses. Long was attired in a suit while Miss Arendt, who is six months pregnant, was dressed in a blue maternity outfit. Long recently was serving a year for grand larceny and also is held for parole violation from a previous forgery charge. The bride was under a 30-day sentence on a bad check charge and is yet to be tried on another.

### Pro-Jack Display Closes Bullring

NUOVO LAREDO, Mex. (AP)—The display of huge pro-Kennedy political signs at Nuovo Laredo's bullring Sunday has caused cancellation of 40-odd performances for this year. Terming the display as "interference in the political affairs of our northern neighbors," Mayor Eliud Aguirre Cavazos ordered the ring closed and reported the case to the Interior Ministry in Mexico City.

## Royal Belgian Pair To Dallas

DALLAS (AP)—Belgium's handsome young royal couple, Prince Albert and Princess Paola, arrived Tuesday night as head of a 28-member economic mission which will spend two days in Dallas.

The group, which flew here from San Francisco, is on the third stop of a seven-city tour of the United States.

Several hundred Dallas residents were on hand to greet the mission.

"I hope to learn something of the business world and do what I can to help my country," the 26-year-old prince told newsmen.

The prince's main task is to meet American businessmen. Discussions will be carried out by spokesmen for Belgian industry and finance as well as government officials in charge of industrial expansion.

About 100 Dallas leaders will meet the Belgians at a Dallas bank today at a reception. Later another group will meet them at another banking house. A formal dinner is planned tonight.

The visitors will tour the State Fair of Texas grounds Thursday, the Dallas Trade Mart, and plants of Texas Instruments.

The prince and princess are to meet with President Eisenhower in Washington later this week while other members of the group tour New Orleans industries. The group heads for Mexico following their United States visit.

## Ike Regime Claims Business Good Despite Lower Surplus

WASHINGTON (AP)—The Eisenhower administration today held to its claim that the business outlook is good despite a sharp cutback in anticipated revenues.

The reduction, almost wholly in corporation income taxes, combined with a rise in government spending to slash from \$4.2 billion to \$1.1 billion the administration's estimate of the treasury surplus expected at the end of the current fiscal year.

Budget Director Maurice H. Stans announced the revised estimate Tuesday. The government usually reviews its budget figures after Congress adjourns, but this year its report popped into the middle of a presidential election campaign in which the present and future of the nation's economy is an issue.

### Sims Honored

B. F. Sims has been honored for a record of outstanding sales and service for Watkins Products in this area. E. L. King Jr., president of the firm, announced the award of the President's Pin and Certificate to Sims. For seven years Mr. Sims has represented the concern in this area.

## WT Chamber Plans Tour To Study Feed Techniques

LUBBOCK — With millions of bushels of grain produced in the same area with thousands of cattle, sheep and hogs, why does West Texas ship so much of its livestock into the cornbelt to be fed for market?

To learn some of the feeding techniques used in cornbelt operations, the West Texas Chamber of Commerce next month is sponsoring a tour of interested farmers and ranchers, bankers and agriculturists into the Des Moines and Ames regions of Iowa.

Dr. W. L. Stangel, who will conduct the tour, said that anyone interested is welcome to join the tour. Stangel is chairman of the agriculture and livestock committee of the West Texas Chamber and dean emeritus of Texas Tech's School of Agriculture.

Arrangements have been made.

on, the Republican candidate, has insisted it is healthy and progressing. Sen. John F. Kennedy, the Democratic contender, has repeatedly argued it's not growing fast enough.

Stans said the economy is now operating at a high level. He anticipated a perhaps better than usual pickup in business for the last three months of this year and said government and other economists are expressing no alarm about the first two quarters of next year.

That would round out the fiscal year, which ends next June 30. "I might add," Stans said at a news conference, "that a continuation of this outlook depends on the right kind of public policy next year."

For the 1960-61 fiscal year, the Budget Bureau gave these new estimates:

Receipts, \$81.5 billion, down \$2.5 billion from the originally expected \$84 billion; expenditures, \$80.4 billion, up \$600 million from the original \$79.8 billion; new spending authority voted by Congress, \$82 billion, up \$2.6 billion from the original \$79.4 billion.

President Eisenhower announced the previous estimates when he sent his budget recommendation to Congress last January. He suggested then that all the surplus be used to reduce the national debt, which now totals about \$289 billion.

Stans said the democratic-controlled Congress boosted expenditures and reduced government income by about \$2 billion. Part of this will be offset by trimming expenditures in some federal programs, he said.

In particular, Stans noted that Congress spurned an Eisenhower recommendation to raise postal rates and enacted a pay raise for federal workers over the President's veto.

A drop in corporation profits from the administration's rosy forecast of \$51 billion in January accounted for 90 per cent of the downward revision in estimated revenue. The Treasury now puts the figure at \$47 billion, same as last year's record.

## Only One Suit Filed

Only one lawsuit has been filed in the 118th District Court since Sept. 28, Wade Choate, district court clerk, said Wednesday.

No explanation was offered as to the sudden drop in litigation. Ordinarily a dozen cases are filed each week. Normally four to five divorce petitions show up and several other civil suits of various kinds are added to swell the files.

A divorce suit filed on Sept. 29 is the most recent petition to find its way into the files.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

# ARE YOU "FED UP" With Having To Vote For The "LESSER OF TWO EVILS"?

Do you want to elect a U. S. Senator and a U. S. Representative pledged IN WRITING to work for the principles listed below and others like them?

- For drastic Federal tax reductions.
- For the revival, strengthening and enforcement of Constitutional States' Rights.
- For large-scale reductions of our Federal bureaucracy.
- For strict enforcement of all existing Communist control acts and for elimination of Communists from public payrolls, defense plants, etc.
- For retaining the Connally Amendment.
- For removal from government ownership of all corporations and properties that now compete with private enterprise.

John Tower, Republican candidate for U. S. Senator, has pledged IN WRITING to work for these principles (and others).

John R. Anderson, Constitution Party candidate for U. S. Representative in District 19, has pledged IN WRITING to work for these principles.

## Mrs. Knox Club Speaker

Mrs. John B. Knox was guest speaker for the Fairview Home Demonstration Club Tuesday afternoon at the meeting in the home of Mrs. O. D. Engle.

Mrs. Knox, a member of the Big Spring Garden Club, demonstrated the making of dried arrangements and discussed the history of flower arranging.

Making two arrangements, Mrs. Knox recommended that—dark shades be placed at the base of the grouping, with stems kept to uneven lengths. Colors should blend, the speaker stated.

Mrs. Knox gave directions for drying and preparing materials for arrangements.

The devotion was given by Mrs. W. H. Ward, and Mrs. Engle repeated the thought for the day: "The trouble with people who boast of having an open mind is that they usually have a mouth to match it."

Roll call was answered with each member telling what she had done to avoid accidents around her home. Mrs. Engle reported on the recent council meeting.

The next meeting was announced for Oct. 18 in the home of Mrs. C. R. McClenny at 2 p.m.

Refreshments were served to Mrs. Knox, 12 members and Mrs. C. L. Kirkland, who became a new member at the meeting.

# Attorneys Defend Chrysler Execs; Foe Vows More Fight

By BEN PHEGAR  
AP Automobile Writer

DETROIT (AP) — Two law firms say the 36 top executives of Chrysler Corp. have no outside interests which conflict with their duties to the company.

These men, the lawyers reported Tuesday after three months of investigation, are free of the taint of bribes, kickbacks or secret commissions.

The corporation's most vociferous critic, Detroit attorney Sol A. Dann, called the reports a "white wash". He vowed to pursue "even more vigorously" his pending lawsuits against the corporation and many of the men who were the subjects of the reports.

The legal opinions were issued by Chrysler's general counsel—Kelley, Drye, Newhall & Maginnis of New York—and by special counsel—Dewey, Ballantine, Busby, Palmer & Wood. The Dewey in this firm is former New York Governor Thomas E. Dewey.

The investigation as outlined by the attorneys consisted of four parts and began June 30. That was the day William C. Newberg was ousted as president of Chrysler because he was found to own half interests in two companies which had supplied small parts for Chrysler cars.

On that date the board of directors told the Kelley firm to find out what the interests were, if any, of Chrysler personnel in any transactions with the corporation and to take steps to recover any sums which Chrysler might be en-

titled to as a result of such interests.

Four weeks later the board announced Newberg had agreed to pay Chrysler \$450,000 from his profits in the two supplier firms.

In mid-August four board members not associated with management took charge of the investigation and hired Dewey's firm to

check on the adequacy and scope of the probe.

Sept. 8 the remaining five non-management directors joined this committee.

Only last Friday Chrysler discharged Jack Minor, director of marketing for Plymouth-De Soto-Valiant division. It said he had failed to disclose \$10,000 in commissions from an outside advertising firm in which he was a partner.

Earlier a \$750-a-month buyer was fired because of conflicting outside interests.

## Redhead Named Miss California

LOS ANGELES (AP) — Red-haired Gail Stevens, 19, is Miss California in the Miss World contest.

The statesque fashion model was selected Tuesday for the competition next month in Bridgeport, Conn., to select Miss United States. The winner of that contest will compete for the world title in London.

Gail, the daughter of Mr. and Mrs. Harold Shapiro of Beverly Hills, has never been outside California.

Official bulletin board gathers documents

# Law Falls Behind As Times Change

By SAM BLACKBURN

A long time ago, when an individual was involved in litigation, contacting and advising him of the fact was not an easy matter. To get around this problem, there were laws which said if a formal notice was posted at three designated points in the area where he resided, he could be regarded as having been officially notified.

The three places were, in the old days, the door of the church, the door of the city hall and at some important crossroads in the community.

Later, in this country, it was written into the laws that official notices should be posted "on the front door of the county courthouse." The assumption that the citizen involved and the public in

general, would see the notice was based on the theory that everyone visited the county courthouse.

### UNCHANGED

Today, the law remains basically unchanged. However, it is no longer practical to stick the innumerable official notices on the courthouse door. The reason—the door is not big enough. The solution is an official bulletin board in the lobby of the building's first floor.

There are several minor flaws in this plan. The first is that although hundreds of individuals do visit the county courthouse officially or casually each week, only a small percentage of all residents do so. Therefore, the odds are heavy that John Doe will never see the official notice if it is so posted and therefore be none the wiser that he is involved in any matter.

The second flaw of significance is that of the hundreds who do visit the courthouse, few even glance at the bulletin board. Even officials and employees who spend their days in the building and pass by the board a score of times each day probably have never glanced at the clutter of papers which adorn it.

### COMPLIES

However, it complies with the law and offers a simple solution to what otherwise might be an annoying and difficult matter.

The notices, specified by law which shall be duly and officially posted, are dutifully tacked on the big board by the proper persons. From time to time, the more conscientious of these persons revisit the board, (when the notice has served its purpose) and remove it. Generally, however, the notices hang until a gusty wind rips them free and they are swept out by the janitor.

Others stay until the paper yellows and curls. The typing grows dim and it takes a lot of squinting to decipher the names and details.

Hardly a day passes that one or more new documents are not added to the clutter. Notices of probate,

for example, are pinned there. Individuals who are applying for a license to sell liquor stick up announcements of their intentions. Sheriff's sales which are held from time to time are duly recorded on the board. One yellowing telegram carries the information that the wages to be paid for cotton chopping in the county have been set at a specified figure.

### REGULAR NOTICE

One regular notice has been steadily appearing for months on end. It is changed monthly but the variations from its predecessors are slight. It is a notice that on the first Tuesday of the ensuing month, a trustee for the Great Southern Life Insurance Co., will sell two pieces of downtown Big Spring business property with all buildings, furnishings and fixtures to settle a debt against the property. Although the notice is duly posted each month, no sale has ever been held.

Occasionally the sheriff's office will post a "Wanted" bill for some fugitive from justice. It is these, one might add, which attract all of the reader attention the bulletin board ever receives.

Under the board is a long bench which is a popular resting place for visitors to the big county building. These citizens sit under the snowstorm of documents above their head—oblivious that the documents, which rustle when a door swings open, have to do with the official life of their community.

DEAR ABBY

### ANY TAKERS?

By Abigail Van Buren

DEAR ABBY: I am a 55-year-old spinster, and I want to buy me a husband. You may think it is funny, but they are being bought every day. I am not bad looking. I can give him a car of his own, a very comfortable home and a good allowance to do as he pleases and no questions asked. I want a man between 20 and 40 that doesn't drink. I own 4 houses and a drive-in and have money in the bank. I am just lonely and there is nothing wrong with me. He doesn't have to work if he doesn't want to and he can sleep as late as he pleases. I am sick of pretending to be hard to get. I believe in putting all my cards on the table and I want a man who will do the same.

JUST PLAIN LONESOME DEAR JUST: With a proposition like yours, you don't need national advertising. Just tell a few of the local yokels. Then line up police protection to hold back the crowds.

DEAR ABBY: I am 16 and a junior in high school. I wore braces on my teeth in my freshman and sophomore years and now the dentist tells me I have to keep them on for another year. I absolutely refuse to wear braces in my senior year. My teeth really aren't that crooked and I am satisfied with them the way they are. If they didn't straighten out in two years, what good is another year? My father is on the dentist's side and my mother is on my side. Whose side are you on?

HATES BRACES DEAR HATES BRACES: I am on the dentist's side. Your parents

sent you to the dentist because they wanted his advice. Now take it and keep your mouth closed until the dentist tells you to "Open."

DEAR ABBY: When a couple plans a double-ring ceremony, does the girl buy the man's wedding band or does he buy one for himself when he buys one for her?

RON B. DEAR RON B.: If a girl wants her future husband to wear a wedding band, she usually buys it for him.

DEAR ABBY: When I go out with my boyfriend, he never leaves a tip. When I ask him please to leave a tip he tells me that the waitress makes more money than he does. I am so embarrassed I hate to go back to the same place twice. Is he wrong? If so, please tell him.

EMBARRASSED DEAR EMBARRASSED: People who begrudge a waitress a "tip" should eat in a cafeteria or stay home.

### Breckenridge Hit By Winds

Violent winds damaged trees, television antennae and sign boards at Breckenridge late Tuesday and heavy rains soaked much of Texas.

Early Wednesday a wide band of showers dumped rain on the eastern section of the state as temperatures ranged from 48 degrees at Dalhart to 80 at Palacios.

Breckenridge police dispatcher Silas Clay discounted reports that a tornado hit the city, about 100 miles west of Dallas. "I certainly would not call it a tornado," he said.

About an inch and a half of rain pelted Breckenridge during the heavy windstorm but there were no injuries reported. Clay said damage would not be heavy. A storm packing high winds, hail and blinding rain struck the Chalk Mountain community 12 miles southwest of Glen Rose in Central Texas and heavy rain fell in the Dallas-Fort Worth area.

A school bus carrying children near Gorman skidded off U.S. 78 but did not overturn. Parents took the youngsters home in private cars. None was injured.

Rainfall totals for the 24 hours ending at 6 p.m. Tuesday included Wichita Falls 1.20 inches, Mineral Wells .30, Sherman .29, Lubbock .31, Abilene .05, Austin .06, Fort Worth .01, Houston .04, Midland .06, Palacios .18, Childress .14 and Harlingen .01.

High temperatures Tuesday ranged from 96 at Presidio and Laredo to 79 at Amarillo, Dalhart and Sherman.

### Municipal League Elects Officers

GALVESTON (AP)—Dr. James M. McCrocklin, the mayor of Kingsville, Tuesday night was elected president of the Texas League of Municipalities at the final session of the group's annual convention.

Beaumont City Attorney George Murphy was named first vice president and Mayor Lewis Cutler of Houston was elected second vice president.

Several allied groups, meeting in conjunction with the league's convention, also elected officers. They included: Association of Mayors Councilmen and Commissioners: Mayor of Deerfield, Tex., Jimmy Walker, president; Big Lake Mayor W. W. Munn, first vice president; Paul Daniels, Richmond Hills mayor, second vice president; Tommy Thompson, Fort Worth councilman, immediate past president; Louie Welch, Houston councilman, director of Texas Municipal League.

Bell produces electronic larynx

# Electronics Provides Voice

Now there is a new voice for the thousands of voiceless people in the United States—an electronic larynx that is being introduced in this area by Southwestern Bell Telephone Co.

The electronic device was invented by scientists at Bell Telephone Laboratories to provide a substitute for the sound of the vocal chords for a person whose human larynx has been removed or paralyzed.

LOOKS LIKE SHAVER  
This new electronic larynx looks much like an electric shaver. The user holds it against the outside of his throat while operating it. The electronic larynx transmits sound waves into the throat cavity replacing those normally produced by air passing over the vocal cords. Speech is produced by forming words with teeth, tongue and lips just as in normal talking.

NO PROFIT  
"We are not trying to make a profit with the electronic larynx," Fisher said. "The Bell System has pioneered in this field of making artificial larynges available at non-profit costs since 1926, as we are doing with the electronic larynx."

# THE FRONT ROW

By Bob Smith

Hal's Western Casino is the latest on the local night club circuit.

Hal Mitten, former manager of the Howard House, took over the old Moose Lodge building which had been operated as a night spot by Ennis Cochran.

Max Alexander's combo will play Friday and Saturday gigs for the Mitten place, and other combos may sit in later. No floor shows, though. Too costly, says Mitten.

It was a loss when our junior high band directors Tommy Fry and Jimmy Yancey advanced to better jobs elsewhere. The loss, however, has been made up and the school band program continues to develop at a good pace.

The replacements—Joe Burdick at Rummels and Bill Jones at Gollad—are young, cooperative, intelligent and eager, and high school director Doug Wiebe is more than pleased with them.

The junior directors' job, in its overall meaning, will be to find, develop, and feed into the high

school band program all the available musical talent that passes through junior high. Wiebe will take it from there.

In about two more years, the first students trained by Fry will have senior status at the high school under Wiebe, and it is then that the present program will have its fruition. There will be plenty of medals passed out that year to our local musicians in the various contests, and the band may even cop the Enid Festival.

Midland's Film Club, a branch of their Community Theatre, is booking 10 of the best foreign films of recent vintage. These include "The Seven Deadly Sins," "The Seventh Seal," "The Happiest Days of Your Life," "The Little World of Don Camillo," "The Red and the Black," "The Confessions of Felix Krull," "Fidelio," "One Summer of Happiness," "Devil in the Flesh," and "Umberto D."

Admission will be by membership card only. Further information may be obtained from The Film Club, Theatre Centre, Box 4044, Midland.

And this brings us to our annual thought—why can't we have something similar for Big Spring? Ike Robb, manager of the local movie houses, has expressed a willingness to help with a film club project on a non-profit basis, provided it's done by subscription. Big Spring is not a profitable market for foreign, art or classical films, and Ike would lose money attempting to bring them in on a purely commercial basis.

Anyone who's interested, please contact me at The Herald, or Ike at the Ritz Theatre.

You remember that excellent concert last season by the Air Force Band?

Well, someone is needed to sponsor the band again for this year's tour. The group will be out this way around April 18, 1961. Sponsors get all monies over and above the nominal fee.

Interested parties may contact Roy Rogan at City Auditorium, or Mrs. Bob Bright at The Herald.

## 'Pygmalion' At Midland

The Midland Community Theatre's production of Bernard Shaw's "Pygmalion," the play from which "My Fair Lady" was adapted, will begin Friday.

A special matinee for the convenience of out-of-town patrons will play Sunday at 2:30 p.m. Students will be admitted for 75 cents at the matinee.

Evening performances are scheduled for Oct. 7, 8, and 13, 14, 15 at 8:30 p.m.

"Pygmalion" is Shaw at his witziest, telling the story of the phonetics professor who transforms a bedraggled Cockney flower girl, Eliza Doolittle, into a grand lady. For reservations patrons may write Theatre Centre at 2301 West Indiana, or phone M.U. 2-7978 in Midland.

## Catholic Laymen Support Thesis Of Separation

WASHINGTON (AP)—More than 150 Roman Catholic laymen joined today in a statement of their belief in the separation of church and state.

"Efforts which tend to undermine the principle of separation, whether they come from Catholics, Protestants or Jews, believers or unbelievers, should be resisted no matter how well-intentioned such efforts might be," the statement said.

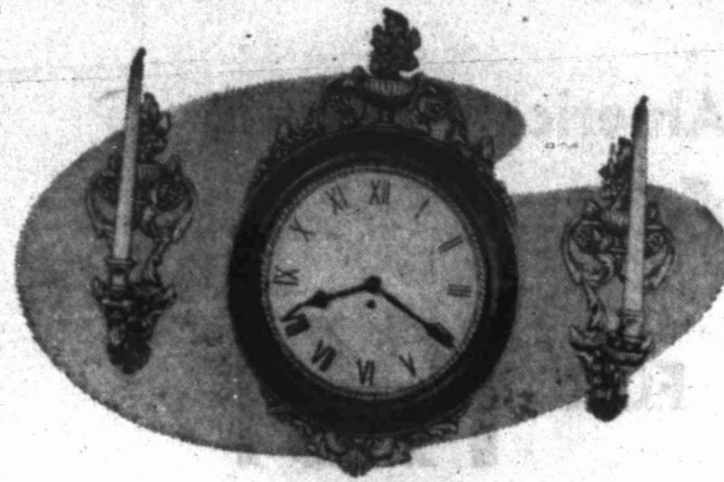

Sponsors said the statement was nonpartisan and was signed by a representative sampling of Catholic leaders from the fields of education, business, science, politics, labor and the arts.

It made no direct mention of the Roman Catholic religion of Sen. John F. Kennedy, the Democratic presidential nominee, but referred to that in saying, "The present controversy about the Catholic Church and the presidency proves once again that large numbers of our fellow citizens seriously doubt the commitment of Catholics to the principles of a free society."

"This fact creates problems which extend far beyond this year's elections and threaten to make permanent bitter divisions in our national life."

## Biggest Mystery About TV Mystery

By CYNTHIA LOWRY  
AP Television - Radio Writer

NEW YORK (AP)—The most interesting mystery of the television season to date was Tuesday night's "Rivak the Barbarian," on NBC. The mystery is why it appeared at all.

It was an elaborate one-hour program which looked like a satire on "Ben-Hur." It wasn't everybody concerned was earnest, if misguided.

Obviously, it was a wildly expensive show. It was filmed in Italy. The sets were enormous—it even had boms, fortresses and one elephant.

There were mob scenes, magnificent costumes and the color was gorgeous. Unfortunately, it had a ridiculous plot, it was embarrassingly written, badly over-acted and contained more violence for violence sake than anything I've ever seen on TV before.

The story, if that's what you want to call it, concerned a brave Celtic prince taken hostage by the evil Carthaginians during the Punic wars some 200 years B. C. Rivak, the prince (played by Jack Palance, who didn't look like a Celt to me), swore revenge on the villainous fleet commander who drove his sister to suicide. So he plotted with fellow slaves, made love to his enemy's sister and finally died away with the villain by sticking him with a sword.

Before that, though, there were several brutal torture scenes, and more fights—hand to hand and sword.

Apparently, the show was a pilot film for a series, which, while it looked good on paper,

didn't pan out at all. Too gory and violent for the kiddies and too silly for the grown-ups.

ABC dropped into its channel Tuesday night its one new contribution this season to the Western field. "Stagecoach West" is in the classic mold, but seems like a pretty good one and it has some special appeal: the standard, tall skinny, handsome and young hero, the standard older man with appealing motherless son, who in turn has a cute, well-behaved mongrel dog. This one can't fail.

According to ARB audience ratings for last week, the only new show which has jumped into TV's top ten in NBC's "Thriller" and that shares the eighth place with "CSI" long-playing G. E. Theater.

"Gunsmoke" and "Wagon Train" were the top two, as usual. The last "Alfred Hitchcock Presents" show for CBS (and a dandy, by the way) landed in the No. 6 spot. But the latter didn't fare so well in with the audience two nights later when it bowed out to NBC—it was beaten by CBS' "Dobie Gillis."

On the other hand, "Peter Gunn," moving from NBC to ABC and a new time slot, showed its heels to the competition—Milton Berle's "Jackpot" Bowling" on NBC and CBS' "Presidential Countdown."

### Killed By Rack

DALLAS (AP)—A service station attendant, Lennie James, 42, died Tuesday when a grease rack collapsed and dropped an automobile on him.

## Truman To Hit Campaign Trail

WASHINGTON (AP)—Former President Harry Truman will hit the campaign trail Saturday, starting a series of 17 appearances to support the Democratic presidential ticket.

His schedule was announced today by the speakers bureau of the Democratic National Committee.

About 23 smaller cities are faced with the loss of trunk line air service. The CAB has recommended that local service airlines take over the routes now operated mostly by Continental Air Lines, Central, Trans-Texas and Frontier.

His tentative schedule includes:

Oct. 10—Luncheon speech in Texarkana and dinner speech in San Antonio.

Oct. 11—Evening rally in Waco.

## Dallas Leaders Speak Up For Better Air Service

DALLAS (AP)—Dallas business leaders spoke up Tuesday for better airline service to some 60 smaller Southwest cities at a Civil Aeronautics Board hearing.

About 23 smaller cities are faced with the loss of trunk line air service. The CAB has recommended that local service airlines take over the routes now operated mostly by Continental Air Lines, Central, Trans-Texas and Frontier.

His tentative schedule includes:

Oct. 10—Luncheon speech in Texarkana and dinner speech in San Antonio.

Oct. 11—Evening rally in Waco.

Air Lines are bidding for the routes.

J. C. Thompson Jr., president of the Southland Corp., said many car trips now made by his employees to Waco would be made by air if the schedules were more favorable.

President Dan Williams of the Southland Life Insurance Co. stressed the need for more direct air service to the Rio Grande Valley.
